***BEING RIGHT
ABOUT NO VIRUS***

573-RICHARD-COX

1
00:00:07,789 --> 00:00:04,430
on this episode of skeptico

2
00:00:09,710 --> 00:00:07,799
show about being right yeah but am I

3
00:00:15,110 --> 00:00:09,720
wrong are we gonna split hairs here no

4
00:00:19,910 --> 00:00:18,290
that's right a show about being right

5
00:00:22,310 --> 00:00:19,920
explain to me since you're in that camp

6
00:00:25,849 --> 00:00:22,320
how do they explain away the gain of

7
00:00:27,290 --> 00:00:25,859
function research no idea I hope that

8
00:00:28,970 --> 00:00:27,300
the audience listen to this has gained

9
00:00:30,589 --> 00:00:28,980
some value from what I have said but I

10
00:00:31,910 --> 00:00:30,599
would be going into areas I just don't

11
00:00:34,490 --> 00:00:31,920
have a clue about if I even went there

12
00:00:36,889 --> 00:00:34,500
honestly rationally logically how does

13
00:00:39,290 --> 00:00:36,899

that make any sense to you

14

00:00:40,790 --> 00:00:39,300

I don't know I just can't look because

15

00:00:42,410 --> 00:00:40,800

two years ago the whole no virus thing

16

00:00:44,209 --> 00:00:42,420

at all didn't make sense to me so I I

17

00:00:46,190 --> 00:00:44,219

just don't know

18

00:00:48,889 --> 00:00:46,200

that first clip was of course from The

19

00:00:51,709 --> 00:00:48,899

Big Lebowski and the second was from the

20

00:00:53,450 --> 00:00:51,719

spirited dialogue I had with Richard Cox

21

00:00:55,189 --> 00:00:53,460

from the deep State Consciousness

22

00:00:59,810 --> 00:00:55,199

podcast

23

00:01:05,929 --> 00:01:03,709

stick around this is a classic skeptica

24

00:01:08,090 --> 00:01:05,939

no two ways about that

25

00:01:10,190 --> 00:01:08,100

welcome to skeptico where we explore

26

00:01:12,830 --> 00:01:10,200

controversial science and spirituality

27

00:01:14,030 --> 00:01:12,840

with leading researchers thinkers and

28

00:01:16,429 --> 00:01:14,040

their critics

29

00:01:17,990 --> 00:01:16,439

I'm your host Alexa Caris and I guess I

30

00:01:20,510 --> 00:01:18,000

ought to own it

31

00:01:22,429 --> 00:01:20,520

I like being right

32

00:01:26,810 --> 00:01:22,439

so uh

33

00:01:29,330 --> 00:01:26,820

um just rolling but I'm not sure quite

34

00:01:32,510 --> 00:01:29,340

how we should do this so I'm kind of

35

00:01:35,330 --> 00:01:32,520

open to any uh

36

00:01:37,429 --> 00:01:35,340

any suggestions you have and I mean I

37

00:01:39,890 --> 00:01:37,439

can yeah whatever you think I can start

38

00:01:41,390 --> 00:01:39,900

it you can start it

39

00:01:44,030 --> 00:01:41,400

well I suspect you're looking to

40

00:01:46,670 --> 00:01:44,040

understand how I've jumped the shark so

41

00:01:49,010 --> 00:01:46,680

to speak how I've seems very irrational

42

00:01:51,109 --> 00:01:49,020

to you right and and what will be good

43

00:01:53,090 --> 00:01:51,119

to come out of this I suppose it's not I

44

00:01:54,230 --> 00:01:53,100

think you know to decide whether viruses

45

00:01:56,389 --> 00:01:54,240

exist or not might be a little ambitious

46

00:01:58,190 --> 00:01:56,399

for the two of us sitting here but to

47

00:02:00,950 --> 00:01:58,200

decide what a sensible way to ask these

48

00:02:02,450 --> 00:02:00,960

questions are and how we can come to see

49

00:02:05,209 --> 00:02:02,460

that differently and why this division

50

00:02:07,190 --> 00:02:05,219

arises and other things like the role of

51
00:02:08,690 --> 00:02:07,200
then psyops and that kind of thing and

52
00:02:11,029 --> 00:02:08,700
what do we do about that that might be

53
00:02:13,369 --> 00:02:11,039
an interesting way to go then

54
00:02:15,290 --> 00:02:13,379
yeah you know I was uh I was actually

55
00:02:18,190 --> 00:02:15,300
talking to uh Rob from the skeptical

56
00:02:21,410 --> 00:02:18,200
Forum a couple days ago and I was saying

57
00:02:23,809 --> 00:02:21,420
you know this turns out to be kind of to

58
00:02:27,110 --> 00:02:23,819
me and it has been like

59
00:02:28,490 --> 00:02:27,120
it's made me rethink everything about

60
00:02:31,430 --> 00:02:28,500
skeptico

61
00:02:34,550 --> 00:02:31,440
it's made me rethink about all the

62
00:02:37,369 --> 00:02:34,560
interviews I've done over the years and

63
00:02:39,470 --> 00:02:37,379

all those factors of psyot because you

64

00:02:41,869 --> 00:02:39,480

know you have jumped the shark here I

65

00:02:45,949 --> 00:02:41,879

mean you've left the logic of your own

66

00:02:48,229 --> 00:02:45,959

shows we both interviewed this guy

67

00:02:50,690 --> 00:02:48,239

Michael Wallach who made this film The

68

00:02:52,250 --> 00:02:50,700

Viral delusion to me when I interviewed

69

00:02:55,970 --> 00:02:52,260

the guy I was like

70

00:02:58,309 --> 00:02:55,980

this no virus stuff is absurd and and my

71

00:03:01,369 --> 00:02:58,319

goal in the interview was just to

72

00:03:03,410 --> 00:03:01,379

show how absurd It Is by using an

73

00:03:06,890 --> 00:03:03,420

extreme example of like okay so then you

74

00:03:09,410 --> 00:03:06,900

guys think like rabies doesn't exist and

75

00:03:11,210 --> 00:03:09,420

dogs don't really start foaming at the

76

00:03:12,830 --> 00:03:11,220

mouth because they have this viral

77

00:03:14,030 --> 00:03:12,840

infection that's been known for hundreds

78

00:03:16,250 --> 00:03:14,040

of years

79

00:03:19,130 --> 00:03:16,260

so I was going to the Absurd right to

80

00:03:21,949 --> 00:03:19,140

kind of show how crazy this thing is and

81

00:03:24,770 --> 00:03:21,959

as you know from that show I when I sent

82

00:03:26,089 --> 00:03:24,780

him the email I I was like stunned

83

00:03:28,009 --> 00:03:26,099

because he emails me back and goes yeah

84

00:03:30,350 --> 00:03:28,019

you know I made up this fictional story

85

00:03:32,089 --> 00:03:30,360

about my dog who who had rabies when I

86

00:03:34,610 --> 00:03:32,099

was a kid and he goes yeah man your dog

87

00:03:36,589 --> 00:03:34,620

didn't have rabies your dog must had

88

00:03:39,229 --> 00:03:36,599

worms because there's no such thing as

89

00:03:40,729 --> 00:03:39,239

rabies rabies isn't a disease it isn't a

90

00:03:42,710 --> 00:03:40,739

viral disease it doesn't

91

00:03:44,210 --> 00:03:42,720

and I was just like so I did the show

92

00:03:46,369 --> 00:03:44,220

just to kind of show

93

00:03:48,530 --> 00:03:46,379

how these guys have worked themselves

94

00:03:51,770 --> 00:03:48,540

into this crazy space and then the

95

00:03:53,990 --> 00:03:51,780

really the next level stuff is is that

96

00:03:56,270 --> 00:03:54,000

potentially a psyop to kind of cover

97

00:03:58,130 --> 00:03:56,280

what's going on with covid

98

00:03:59,630 --> 00:03:58,140

but then lo and behold you'd do the

99

00:04:01,369 --> 00:03:59,640

interview with Wallach and you'll start

100

00:04:04,970 --> 00:04:01,379

saying the same thing maybe rabies

101
00:04:07,670 --> 00:04:04,980
doesn't exist I mean do you share that

102
00:04:10,550 --> 00:04:07,680
do you like say that to people in the

103
00:04:12,229 --> 00:04:10,560
real world outside of this Echo chamber

104
00:04:13,789 --> 00:04:12,239
that we're in do you ever say that that

105
00:04:15,770 --> 00:04:13,799
hey I'm coming to think that maybe

106
00:04:18,229 --> 00:04:15,780
rabies isn't really

107
00:04:20,509 --> 00:04:18,239
oh yesterday I did a public showing of

108
00:04:22,370 --> 00:04:20,519
one of Michael's episodes of episode two

109
00:04:23,510 --> 00:04:22,380
of the viral delusion just a couple of

110
00:04:25,310 --> 00:04:23,520
nights ago

111
00:04:26,810 --> 00:04:25,320
but see I think it gets hidden in there

112
00:04:28,370 --> 00:04:26,820
right so you're willing to share with

113
00:04:29,990 --> 00:04:28,380

people that you think maybe rabies

114

00:04:31,249 --> 00:04:30,000

doesn't exist

115

00:04:33,650 --> 00:04:31,259

yes

116

00:04:35,990 --> 00:04:33,660

and you're willing to share like you're

117

00:04:41,030 --> 00:04:36,000

open about the fact that you're not sure

118

00:04:43,310 --> 00:04:41,040

that covid is a viral disease yes and

119

00:04:44,990 --> 00:04:43,320

that the the flu that you've gotten

120

00:04:46,610 --> 00:04:45,000

since you're a kid you know sometimes

121

00:04:48,290 --> 00:04:46,620

and you you go to the doctor and they

122

00:04:50,510 --> 00:04:48,300

say well and give you antibiotics no not

123

00:04:52,490 --> 00:04:50,520

for this you know you gotta beat it

124

00:04:53,810 --> 00:04:52,500

yourself with like all that is out the

125

00:04:57,890 --> 00:04:53,820

window

126
00:04:59,570 --> 00:04:57,900
saying is it should be on the table like

127
00:05:01,430 --> 00:04:59,580
I think the no virus Camp I've

128
00:05:03,590 --> 00:05:01,440
transitioned in my mind from hearing

129
00:05:06,890 --> 00:05:03,600
about it the first time and thinking oh

130
00:05:08,450 --> 00:05:06,900
okay this is The Lunatic Fringe of the

131
00:05:10,790 --> 00:05:08,460
cobit

132
00:05:12,170 --> 00:05:10,800
era like the the no planes hit the

133
00:05:13,430 --> 00:05:12,180
Pentagon or the no planes at the Twin

134
00:05:15,469 --> 00:05:13,440
Towers they were Holograms that was The

135
00:05:17,629 --> 00:05:15,479
Lunatic Fringe of the 911 era and no

136
00:05:19,310 --> 00:05:17,639
virus it's like no terrorist no Al-Qaeda

137
00:05:21,650 --> 00:05:19,320
it's the the extreme end of the

138
00:05:24,230 --> 00:05:21,660

conspiracy so we will push that off to

139

00:05:25,969 --> 00:05:24,240

one side ignore that and carry on

140

00:05:27,590 --> 00:05:25,979

something more sensible

141

00:05:29,749 --> 00:05:27,600

I've done I've transitioned from that

142

00:05:31,730 --> 00:05:29,759

point to thinking oh I've made a mistake

143

00:05:33,249 --> 00:05:31,740

here that they're they're not The

144

00:05:35,210 --> 00:05:33,259

Lunatic Fringe they're actually

145

00:05:38,150 --> 00:05:35,220

re-looking at the whole Paradigm of

146

00:05:40,070 --> 00:05:38,160

virology and asking the most logical

147

00:05:41,570 --> 00:05:40,080

critical and penetrating questions of

148

00:05:42,830 --> 00:05:41,580

anyone so I think they should be firmly

149

00:05:44,990 --> 00:05:42,840

on the table I'm not saying they're

150

00:05:46,790 --> 00:05:45,000

ultimately correct about everything and

151

00:05:48,050 --> 00:05:46,800

I don't think even they say or a lot of

152

00:05:50,390 --> 00:05:48,060

them wouldn't say we can absolutely

153

00:05:52,310 --> 00:05:50,400

prove there is netherovirus ever because

154

00:05:56,270 --> 00:05:52,320

that I mean that's a extremely high bar

155

00:05:57,950 --> 00:05:56,280

and not being in biomedical Sciences

156

00:06:00,110 --> 00:05:57,960

myself I can imagine that I will get to

157

00:06:02,150 --> 00:06:00,120

my my death and departure from this

158

00:06:03,830 --> 00:06:02,160

world without ever being able to like

159

00:06:05,270 --> 00:06:03,840

firmly come down on the side of the line

160

00:06:07,969 --> 00:06:05,280

and saying I know this was certain about

161

00:06:09,350 --> 00:06:07,979

this but as regards an interesting

162

00:06:10,790 --> 00:06:09,360

proposition

163

00:06:12,770 --> 00:06:10,800

um the introduction of a valuable

164

00:06:14,629 --> 00:06:12,780

Paradigm and something that may indeed

165

00:06:16,189 --> 00:06:14,639

well be true yes I think it's firmly on

166

00:06:18,110 --> 00:06:16,199

the table they've crossed that line for

167

00:06:21,890 --> 00:06:18,120

me why I take it very seriously

168

00:06:23,150 --> 00:06:21,900

okay so like did you get coveted

169

00:06:26,029 --> 00:06:23,160

yeah

170

00:06:28,070 --> 00:06:26,039

okay so what what were the symptoms as

171

00:06:29,990 --> 00:06:28,080

described by everybody else textbook

172

00:06:31,670 --> 00:06:30,000

Omicron symptoms I had the kind of

173

00:06:33,230 --> 00:06:31,680

muscular pain for a few hours and then

174

00:06:35,270 --> 00:06:33,240

it that backed off and I was kind of

175

00:06:37,370 --> 00:06:35,280

okay but I had a protein thing for a

176

00:06:39,950 --> 00:06:37,380

while and that that died off more slowly

177

00:06:43,070 --> 00:06:39,960

then like textbook of Omicron symptoms

178

00:06:45,590 --> 00:06:43,080

so I had covet I'm a healthy guy eat

179

00:06:47,689 --> 00:06:45,600

healthy you know live healthy but my

180

00:06:50,210 --> 00:06:47,699

daughter got it you know when she was in

181

00:06:52,010 --> 00:06:50,220

college and she came home and then my

182

00:06:54,290 --> 00:06:52,020

wife got it and then a few days later I

183

00:06:56,510 --> 00:06:54,300

got it and then my brother-in-law got it

184

00:06:59,330 --> 00:06:56,520

we both had kind of classic symptoms

185

00:07:01,909 --> 00:06:59,340

exactly you know and the respiratory

186

00:07:04,370 --> 00:07:01,919

thing and you know that and it went just

187

00:07:06,469 --> 00:07:04,380

just right along with the the schedule

188

00:07:07,370 --> 00:07:06,479

lasted a long time worst flu I can

189

00:07:09,290 --> 00:07:07,380

remember

190

00:07:11,510 --> 00:07:09,300

having

191

00:07:13,790 --> 00:07:11,520

for a long long time maybe in my whole

192

00:07:16,129 --> 00:07:13,800

life so

193

00:07:17,150 --> 00:07:16,139

now that people that you're in bed with

194

00:07:19,189 --> 00:07:17,160

now

195

00:07:21,409 --> 00:07:19,199

and you interviewed some of them on your

196

00:07:22,850 --> 00:07:21,419

show they say no you didn't you didn't

197

00:07:24,830 --> 00:07:22,860

have the flu

198

00:07:27,170 --> 00:07:24,840

they they because there's there's no

199

00:07:29,150 --> 00:07:27,180

environment what happens yes what is now

200

00:07:31,189 --> 00:07:29,160

your understanding of what happened to

201
00:07:33,650 --> 00:07:31,199
you and what happened to me since it

202
00:07:35,990 --> 00:07:33,660
wasn't viral well I don't know I think

203
00:07:39,290 --> 00:07:36,000
this is one of the maybe weaker points

204
00:07:40,909 --> 00:07:39,300
of the no virus thesis if you like uh

205
00:07:42,170 --> 00:07:40,919
yeah you say you had it your wife had

206
00:07:45,469 --> 00:07:42,180
you done so there seems to be

207
00:07:47,270 --> 00:07:45,479
transmission going on and I don't

208
00:07:48,830 --> 00:07:47,280
discount that what I had could have been

209
00:07:53,170 --> 00:07:48,840
a virus it could have been the covet

210
00:07:56,450 --> 00:07:53,180
virus okay but I'm open to the person

211
00:07:59,089 --> 00:07:56,460
yes do no I don't you do discount it you

212
00:08:00,710 --> 00:07:59,099
do discount it because you you can't see

213
00:08:02,089 --> 00:08:00,720

this is the like one of the things that

214

00:08:04,189 --> 00:08:02,099

I was hoping we could kind of talk about

215

00:08:06,110 --> 00:08:04,199

because these are the logical fallacies

216

00:08:07,730 --> 00:08:06,120

and that's why I say it relates back to

217

00:08:09,650 --> 00:08:07,740

the whole skeptical thing from the

218

00:08:11,210 --> 00:08:09,660

beginning when you know years ago and

219

00:08:13,129 --> 00:08:11,220

we've known each other for a long time

220

00:08:14,689 --> 00:08:13,139

and I like the one thing I want to say

221

00:08:18,950 --> 00:08:14,699

at the beginning of this anyone go back

222

00:08:21,589 --> 00:08:18,960

I have a ton of respect for you and for

223

00:08:22,790 --> 00:08:21,599

your work and for your Mastery of these

224

00:08:24,890 --> 00:08:22,800

topics that's why I've had you on

225

00:08:27,050 --> 00:08:24,900

skeptico and that's why I've always

226

00:08:29,089 --> 00:08:27,060

spoken so highly of you because I just

227

00:08:32,149 --> 00:08:29,099

do so that's what makes this

228

00:08:35,389 --> 00:08:32,159

particularly interesting to me because

229

00:08:39,050 --> 00:08:35,399

if you can jump the shark if you can be

230

00:08:42,769 --> 00:08:39,060

influenced by the syopy nonsense then

231

00:08:44,810 --> 00:08:42,779

it's not it just puts it in a different

232

00:08:47,389 --> 00:08:44,820

different category for me and it just

233

00:08:49,250 --> 00:08:47,399

causes it causes me to think about it uh

234

00:08:51,050 --> 00:08:49,260

differently but the point I was going to

235

00:08:53,090 --> 00:08:51,060

make and I kind of rambled on there so

236

00:08:56,210 --> 00:08:53,100

maybe I slipped in some things you want

237

00:09:00,009 --> 00:08:56,220

to kind of address but it's like this

238

00:09:03,290 --> 00:09:00,019

idea that I can be neutral I can be

239

00:09:06,110 --> 00:09:03,300

agnostic is is doesn't hold it doesn't

240

00:09:09,710 --> 00:09:06,120

hold scientifically for you to maintain

241

00:09:12,530 --> 00:09:09,720

that maybe you did have the virus or

242

00:09:16,550 --> 00:09:12,540

maybe you didn't have the virus is to

243

00:09:19,130 --> 00:09:16,560

deny all this tons of science that that

244

00:09:21,410 --> 00:09:19,140

tells you exactly what happened to you

245

00:09:24,050 --> 00:09:21,420

and millions of other people and

246

00:09:26,750 --> 00:09:24,060

explains it in a way that is scientific

247

00:09:28,430 --> 00:09:26,760

you're challenging that you're just

248

00:09:31,310 --> 00:09:28,440

being kind of like well I don't know

249

00:09:33,230 --> 00:09:31,320

kind of I'm just being open you know but

250

00:09:35,930 --> 00:09:33,240

no you're challenging all that oh yeah

251

00:09:37,310 --> 00:09:35,940

no I'm not just like fence sitting in

252

00:09:38,750 --> 00:09:37,320

the sense of like oh could be this could

253

00:09:40,009 --> 00:09:38,760

be that I don't know I really don't have

254

00:09:42,230 --> 00:09:40,019

any opinion maybe the Earth is round

255

00:09:43,730 --> 00:09:42,240

maybe the Earth is flat who knows I am

256

00:09:45,590 --> 00:09:43,740

my transmission position has been from

257

00:09:46,550 --> 00:09:45,600

if you'd ask me that question a year ago

258

00:09:48,710 --> 00:09:46,560

and I'd have got cool with the year

259

00:09:50,150 --> 00:09:48,720

before let's just let's just say I would

260

00:09:51,470 --> 00:09:50,160

have firmly said oh yeah I had I had a

261

00:09:53,150 --> 00:09:51,480

virus of course and and I would have

262

00:09:54,710 --> 00:09:53,160

described my childhood experiences of

263

00:09:56,810 --> 00:09:54,720

measles as being virus I just wouldn't

264

00:09:58,430 --> 00:09:56,820

wend in my head to question that and

265

00:09:59,750 --> 00:09:58,440

that's what shifted for me it's not

266

00:10:01,670 --> 00:09:59,760

completely gone I don't completely deny

267

00:10:03,530 --> 00:10:01,680

that possibility but this whole all the

268

00:10:04,370 --> 00:10:03,540

Paradigm has arisen well maybe this is a

269

00:10:06,410 --> 00:10:04,380

completely different way of looking

270

00:10:08,449 --> 00:10:06,420

what's at what's going on there and I

271

00:10:10,550 --> 00:10:08,459

think there's a solid underpinning to

272

00:10:12,470 --> 00:10:10,560

that as well I think there's a lot of

273

00:10:14,630 --> 00:10:12,480

reasons you can put forward that point

274

00:10:17,350 --> 00:10:14,640

to Serious substantial holes in the

275

00:10:21,769 --> 00:10:17,360

viral hypothesis there are serious

276

00:10:23,509 --> 00:10:21,779

substantial holes in virology but back

277

00:10:26,870 --> 00:10:23,519

to what you're saying

278

00:10:29,810 --> 00:10:26,880

you are obligated to explain what

279

00:10:32,030 --> 00:10:29,820

happened to you what happened to me what

280

00:10:33,430 --> 00:10:32,040

happened to all these folks common

281

00:10:36,650 --> 00:10:33,440

symptoms

282

00:10:38,449 --> 00:10:36,660

right down the list you need an

283

00:10:40,370 --> 00:10:38,459

alternative theory for how that could

284

00:10:44,090 --> 00:10:40,380

possibly be because it's your direct

285

00:10:46,190 --> 00:10:44,100

experience and my direct experience

286

00:10:48,350 --> 00:10:46,200

yeah but I don't I mean look you might

287

00:10:50,210 --> 00:10:48,360

get someone here who from the the no

288

00:10:52,430 --> 00:10:50,220

virus Camp who can put forward a more

289

00:10:54,650 --> 00:10:52,440

solid argument my case is I don't think

290

00:10:56,509 --> 00:10:54,660

the power the the hypothesis on what's

291

00:10:58,130 --> 00:10:56,519

going on with things like covert is

292

00:11:00,470 --> 00:10:58,140

massively overwhelmingly strong it

293

00:11:01,550 --> 00:11:00,480

wouldn't have convinced me okay so you

294

00:11:03,290 --> 00:11:01,560

could say well maybe it's a

295

00:11:05,030 --> 00:11:03,300

detoxification okay I got it in January

296

00:11:06,710 --> 00:11:05,040

I do tend to drink more in December so

297

00:11:08,150 --> 00:11:06,720

maybe my body is detoxifying I don't

298

00:11:10,190 --> 00:11:08,160

know it doesn't sound any more

299

00:11:13,069 --> 00:11:10,200

compelling to me than it was a virus as

300

00:11:16,069 --> 00:11:13,079

a theory okay or just a point to another

301
00:11:18,710 --> 00:11:16,079
week for it spot uh chickenpox parties

302
00:11:19,910 --> 00:11:18,720
okay so parents have this anecdotal

303
00:11:21,350 --> 00:11:19,920
experience that if you take your kids

304
00:11:23,269 --> 00:11:21,360
around to a house of kid wear chickenpox

305
00:11:25,069 --> 00:11:23,279
they will also catch chickenpox now you

306
00:11:27,230 --> 00:11:25,079
need to explain that and I asked my

307
00:11:29,449 --> 00:11:27,240
recent guest Daniel Thomson Mills who

308
00:11:31,490 --> 00:11:29,459
who had really researched Tom Cowan's

309
00:11:34,250 --> 00:11:31,500
work and Tom Cowan's notion on this is

310
00:11:35,090 --> 00:11:34,260
well maybe it's resonance right that if

311
00:11:36,889 --> 00:11:35,100
a child is going through a

312
00:11:38,750 --> 00:11:36,899
detoxification process all the children

313
00:11:40,190 --> 00:11:38,760

come into resonance the way women come

314

00:11:43,190 --> 00:11:40,200

into resonance with their menstrual

315

00:11:45,410 --> 00:11:43,200

cycles and maybe that's true to me that

316

00:11:48,470 --> 00:11:45,420

sounds as special relative if not more

317

00:11:49,310 --> 00:11:48,480

than it's a virus that's doing it so I

318

00:11:50,690 --> 00:11:49,320

just don't think there's a good

319

00:11:53,329 --> 00:11:50,700

accounting for that in the in the no

320

00:11:54,650 --> 00:11:53,339

virus Paradigm as to how these things

321

00:11:56,329 --> 00:11:54,660

how people seem to pick these things up

322

00:11:58,130 --> 00:11:56,339

in groups or sometimes there is like

323

00:11:59,569 --> 00:11:58,140

with scurvy people get on a ship and

324

00:12:00,949 --> 00:11:59,579

they all catch the red it's curvy and it

325

00:12:02,630 --> 00:12:00,959

goes around and the next people go and

326

00:12:04,190 --> 00:12:02,640

come on the ship and they pass over and

327

00:12:05,569 --> 00:12:04,200

they get the scurvy virus and it seems

328

00:12:07,490 --> 00:12:05,579

like it's a virus so sometimes you can

329

00:12:09,530 --> 00:12:07,500

account for how people seem to have

330

00:12:11,569 --> 00:12:09,540

viruses and when they don't when there's

331

00:12:13,130 --> 00:12:11,579

this group contagion effect but in other

332

00:12:14,810 --> 00:12:13,140

in other cases I don't think it's always

333

00:12:16,850 --> 00:12:14,820

strong I don't think the no virus

334

00:12:19,009 --> 00:12:16,860

Paradigm is a complete explanation of

335

00:12:20,329 --> 00:12:19,019

why disease and dysfunction arise in the

336

00:12:22,550 --> 00:12:20,339

human body

337

00:12:25,009 --> 00:12:22,560

um but equally I think the viral

338

00:12:26,389 --> 00:12:25,019

Paradigm has substantially bigger holes

339

00:12:28,610 --> 00:12:26,399

in places

340

00:12:30,470 --> 00:12:28,620

different places

341

00:12:33,470 --> 00:12:30,480

and that's what I mean about Jumping the

342

00:12:35,810 --> 00:12:33,480

Shark right so seven years ago I think

343

00:12:37,730 --> 00:12:35,820

it's seven years ago at this point I did

344

00:12:40,850 --> 00:12:37,740

this show on skeptico you remember this

345

00:12:43,910 --> 00:12:40,860

the title is UN says African-American

346

00:12:47,269 --> 00:12:43,920

women 20 times more likely for HIV AIDS

347

00:12:49,430 --> 00:12:47,279

are they racist or just stupid and it

348

00:12:52,490 --> 00:12:49,440

was an interview with this guy Dr Henry

349

00:12:55,009 --> 00:12:52,500

Bauer from Virginia Tech and he was on

350

00:12:59,230 --> 00:12:55,019

to exactly what you're talking about is

351

00:13:01,790 --> 00:12:59,240

that our understanding of viruses is

352

00:13:05,750 --> 00:13:01,800

very very incomplete

353

00:13:08,810 --> 00:13:05,760

and it's led us into some rather uh

354

00:13:11,030 --> 00:13:08,820

wacky politically driven psyopy driven

355

00:13:13,850 --> 00:13:11,040

conclusions one of which was this

356

00:13:16,009 --> 00:13:13,860

connection between HIV and AIDS so what

357

00:13:19,069 --> 00:13:16,019

this guy did is phenomenal and actually

358

00:13:20,810 --> 00:13:19,079

he's just in this book he was reporting

359

00:13:23,509 --> 00:13:20,820

on the work of other people who had

360

00:13:26,090 --> 00:13:23,519

pointed this out but they were using

361

00:13:28,190 --> 00:13:26,100

information collected by the United

362

00:13:29,870 --> 00:13:28,200

States military because when you join

363

00:13:33,230 --> 00:13:29,880

the military they test do you have HIV

364

00:13:36,410 --> 00:13:33,240

do you have AIDS and they found this

365

00:13:39,530 --> 00:13:36,420

anomaly that completely crushes the idea

366

00:13:41,569 --> 00:13:39,540

of this direct connection between HIV

367

00:13:44,170 --> 00:13:41,579

and AIDS and that is that

368

00:13:50,269 --> 00:13:44,180

African-American women were 20 times

369

00:13:53,090 --> 00:13:50,279

more likely so he was pointing to what

370

00:13:56,750 --> 00:13:53,100

you're pointing to is that we have a

371

00:14:00,410 --> 00:13:56,760

very incomplete understanding of how

372

00:14:03,590 --> 00:14:00,420

viruses How germs if you will work and

373

00:14:05,930 --> 00:14:03,600

this work that our body does to keep all

374

00:14:06,949 --> 00:14:05,940

this stuff stable and healthy and all

375

00:14:10,069 --> 00:14:06,959

that stuff

376

00:14:12,889 --> 00:14:10,079

but the jump the shark moment is the

377

00:14:15,590 --> 00:14:12,899

Michael Wallach moment it's the no

378

00:14:16,970 --> 00:14:15,600

there's no viruses or Tom Cowen who I

379

00:14:19,430 --> 00:14:16,980

had on the show it was just a complete

380

00:14:21,949 --> 00:14:19,440

and like he says stuff like

381

00:14:23,690 --> 00:14:21,959

they've never isolated the virus and I

382

00:14:25,490 --> 00:14:23,700

said well here's seven scientists who

383

00:14:28,550 --> 00:14:25,500

say they've isolated the the virus

384

00:14:30,530 --> 00:14:28,560

here's a guy in Saskatchewan Canada a

385

00:14:33,530 --> 00:14:30,540

doctor who used to work with camels in

386

00:14:37,310 --> 00:14:33,540

Saudi Arabia for viruses that cross from

387

00:14:39,829 --> 00:14:37,320

animals to people and he goes well I I

388

00:14:42,170 --> 00:14:39,839

don't believe it and uh he needs to tell

389

00:14:44,870 --> 00:14:42,180

the CDC and all just all this nonsense

390

00:14:47,870 --> 00:14:44,880

it's the classic kind of flat earthy

391

00:14:50,569 --> 00:14:47,880

science where the standard then becomes

392

00:14:53,389 --> 00:14:50,579

you have to convince me if you don't

393

00:14:56,930 --> 00:14:53,399

convince me to my satisfaction then it

394

00:15:00,889 --> 00:14:56,940

isn't true when just common sense would

395

00:15:02,870 --> 00:15:00,899

tell you that Richard you had covid I

396

00:15:04,970 --> 00:15:02,880

had coveted my wife had covered my

397

00:15:06,350 --> 00:15:04,980

daughter my brother-in-law my

398

00:15:09,290 --> 00:15:06,360

father-in-law

399

00:15:10,970 --> 00:15:09,300

died of covid now I don't usually throw

400

00:15:13,069 --> 00:15:10,980

that out there because I don't know if

401

00:15:16,670 --> 00:15:13,079

he really died of covid but he was in a

402

00:15:18,769 --> 00:15:16,680

a nursing home in Alabama and he got

403

00:15:21,530 --> 00:15:18,779

sick and tested him and it came up covet

404

00:15:23,569 --> 00:15:21,540

and he died I don't make a too big of a

405

00:15:25,790 --> 00:15:23,579

deal out of that as a kind of a lead

406

00:15:27,829 --> 00:15:25,800

with oh my God somebody close to me died

407

00:15:30,889 --> 00:15:27,839

because they said he was going to die a

408

00:15:33,290 --> 00:15:30,899

year or two ago and it it took a good

409

00:15:35,449 --> 00:15:33,300

strong flu to kind of put him over I'm

410

00:15:37,569 --> 00:15:35,459

not trying to be insensitive but you

411

00:15:40,430 --> 00:15:37,579

know that's the facts of it

412

00:15:42,170 --> 00:15:40,440

you understand that to anyone who's

413

00:15:45,710 --> 00:15:42,180

listening to this just kind of

414

00:15:47,990 --> 00:15:45,720

rationally they'd say gee Richard you

415

00:15:51,170 --> 00:15:48,000

got to offer some way for how that could

416

00:15:53,389 --> 00:15:51,180

explain it's not detoxification that

417

00:15:55,670 --> 00:15:53,399

doesn't that doesn't fit with you know

418

00:15:57,710 --> 00:15:55,680

your body was detoxing and my body was

419

00:16:00,050 --> 00:15:57,720

detoxing and all these people you know

420

00:16:01,790 --> 00:16:00,060

we could trace the number and the the

421

00:16:04,310 --> 00:16:01,800

spread of it and the whole thing and

422

00:16:06,290 --> 00:16:04,320

everyone's detoxing or some other kind

423

00:16:08,110 --> 00:16:06,300

of environmental stuff it you understand

424

00:16:13,069 --> 00:16:08,120

saying that that just

425

00:16:17,090 --> 00:16:15,949

I don't think it's pivotal okay and I

426

00:16:19,430 --> 00:16:17,100

can understand why you might disagree

427

00:16:21,949 --> 00:16:19,440

with that but what I think the no virus

428

00:16:23,810 --> 00:16:21,959

idea is is a competing Paradigm and I

429

00:16:26,329 --> 00:16:23,820

don't think paradigms necessarily

430

00:16:27,590 --> 00:16:26,339

explain all the facts I think we're if

431

00:16:29,930 --> 00:16:27,600

you look at it in a Cooney and Thomas

432

00:16:32,269 --> 00:16:29,940

sense we've I've moved in my mind

433

00:16:34,250 --> 00:16:32,279

from the place of virology being the

434

00:16:36,350 --> 00:16:34,260

dominant Paradigm to now the arising of

435

00:16:38,329 --> 00:16:36,360

a complete competing Paradigm both of

436

00:16:39,590 --> 00:16:38,339

which have explanations for some facts

437

00:16:42,410 --> 00:16:39,600

so

438

00:16:43,910 --> 00:16:42,420

if I can monologue for a minute maybe on

439

00:16:46,730 --> 00:16:43,920

how I got here

440

00:16:47,930 --> 00:16:46,740

with the HIV thing so I obviously going

441

00:16:49,730 --> 00:16:47,940

years back to when you did it on

442

00:16:51,410 --> 00:16:49,740

skeptical and before was aware that

443

00:16:53,749 --> 00:16:51,420

there was this idea that HIV didn't

444

00:16:55,009 --> 00:16:53,759

cause AIDS or wasn't directly connected

445

00:16:57,829 --> 00:16:55,019

or there was something a bit funny there

446

00:16:59,150 --> 00:16:57,839

and that seemed as the years went by to

447

00:17:00,710 --> 00:16:59,160

have more and more validity because you

448

00:17:03,050 --> 00:17:00,720

don't see the mass die-offs that were

449

00:17:04,370 --> 00:17:03,060

predicted in the 80s but I didn't pay

450

00:17:06,350 --> 00:17:04,380

too much attention to this stuff until

451
00:17:08,210 --> 00:17:06,360
the cover team are all forced to look at

452
00:17:10,370 --> 00:17:08,220
viruses and I went back and forth

453
00:17:12,890 --> 00:17:10,380
reading the work of Peter Duesberg the

454
00:17:14,210 --> 00:17:12,900
microbiologist who is probably the most

455
00:17:16,010 --> 00:17:14,220
prominent figure along with Carrie

456
00:17:18,230 --> 00:17:16,020
Mullis the uh the inventor of the PCR

457
00:17:21,169 --> 00:17:18,240
test on denying that connection between

458
00:17:23,150 --> 00:17:21,179
HIV and AIDS so it seems to me to be the

459
00:17:24,829 --> 00:17:23,160
case it seems to me that people in the

460
00:17:26,689 --> 00:17:24,839
80s were destroying their immune systems

461
00:17:28,669 --> 00:17:26,699
by a heavy drug lifestyle and then the

462
00:17:30,770 --> 00:17:28,679
drug AZT came along and it seems

463
00:17:32,690 --> 00:17:30,780

undeniable at the dose as it was being

464

00:17:34,909 --> 00:17:32,700

handed out at this is Anthony fauci's

465

00:17:36,710 --> 00:17:34,919

drug it was killing people who had

466

00:17:39,650 --> 00:17:36,720

positive HIV tests and there was deaths

467

00:17:40,970 --> 00:17:39,660

are being involved as AIDS so that would

468

00:17:42,950 --> 00:17:40,980

be something of a problem for

469

00:17:44,390 --> 00:17:42,960

virologists but okay maybe it's a

470

00:17:45,830 --> 00:17:44,400

one-off maybe that was one mistake and

471

00:17:48,169 --> 00:17:45,840

they were right up all the others but

472

00:17:50,150 --> 00:17:48,179

then when I looked at polio you have

473

00:17:51,529 --> 00:17:50,160

this inert virus that lives in human

474

00:17:53,570 --> 00:17:51,539

beings for thousands of years doing

475

00:17:55,490 --> 00:17:53,580

nothing and then at exactly the moment

476

00:17:58,490 --> 00:17:55,500

people start spraying lead arsenate

477

00:18:00,409 --> 00:17:58,500

everywhere polio mutates and becomes a

478

00:18:01,850 --> 00:18:00,419

virus that paralyzes people and that

479

00:18:03,110 --> 00:18:01,860

continues in the first world but not the

480

00:18:05,150 --> 00:18:03,120

third world when they're not spraying

481

00:18:07,130 --> 00:18:05,160

these things until lead arsenate and DDT

482

00:18:09,289 --> 00:18:07,140

are banned at which point polio falls

483

00:18:11,150 --> 00:18:09,299

off cliff and then a vaccine comes in

484

00:18:13,130 --> 00:18:11,160

which takes the credit for that but at

485

00:18:14,990 --> 00:18:13,140

the same time DDT is being sprayed in

486

00:18:16,190 --> 00:18:15,000

the third world now and polio shoots

487

00:18:19,669 --> 00:18:16,200

through the roof and you see it being

488

00:18:21,230 --> 00:18:19,679

renamed and relabeled so and and then

489

00:18:22,669 --> 00:18:21,240

the third point for me would be the um

490

00:18:25,130 --> 00:18:22,679

the vaccination program I don't think

491

00:18:26,630 --> 00:18:25,140

you can divorce this from

492

00:18:28,909 --> 00:18:26,640

um questions of whether virus or

493

00:18:31,070 --> 00:18:28,919

questions of The credibility of virology

494

00:18:32,930 --> 00:18:31,080

as a science that if you were to ask a

495

00:18:34,789 --> 00:18:32,940

nephrologist how did the vaccination

496

00:18:36,950 --> 00:18:34,799

program contribute to the Dakota these

497

00:18:38,450 --> 00:18:36,960

diseases I'm going to say the vast vast

498

00:18:40,370 --> 00:18:38,460

majority of them will think it's massive

499

00:18:41,930 --> 00:18:40,380

or think they were the primary factors

500

00:18:43,610 --> 00:18:41,940

in the decline whereas what we actually

501
00:18:46,730 --> 00:18:43,620
see is a death rate from whooping carp

502
00:18:48,590 --> 00:18:46,740
and measles and and so on was down 98 99

503
00:18:51,169 --> 00:18:48,600
before the introduction of vaccinations

504
00:18:53,150 --> 00:18:51,179
so increasingly then

505
00:18:54,289 --> 00:18:53,160
virology looks like a shaky science in

506
00:18:55,669 --> 00:18:54,299
all these points and at some point you

507
00:18:58,250 --> 00:18:55,679
think well if something has got that

508
00:18:59,750 --> 00:18:58,260
many holes in it maybe it's not just the

509
00:19:01,190 --> 00:18:59,760
odd mistake here and there maybe there's

510
00:19:03,289 --> 00:19:01,200
something fundamentally wrong with the

511
00:19:05,330 --> 00:19:03,299
Paradigm that at least in the case of of

512
00:19:07,130 --> 00:19:05,340
AIDS and poliomyelitis we're not looking

513
00:19:09,049 --> 00:19:07,140

at a virus there's something else and a

514

00:19:11,690 --> 00:19:09,059

virologist can be wrong about that

515

00:19:14,330 --> 00:19:11,700

why not measles why not smallpox and why

516

00:19:15,710 --> 00:19:14,340

not covert and that brings me to then the

517

00:19:17,870 --> 00:19:15,720

idea that a lot of the covert deaths

518

00:19:19,250 --> 00:19:17,880

which I was convinced was was viral

519

00:19:20,570 --> 00:19:19,260

induced were electrogenic we're

520

00:19:22,730 --> 00:19:20,580

medically induced

521

00:19:24,289 --> 00:19:22,740

during the early part of 2020 and

522

00:19:27,110 --> 00:19:24,299

onwards and there and that was the big

523

00:19:28,250 --> 00:19:27,120

shock of me when I saw that I can't put

524

00:19:29,870 --> 00:19:28,260

a number to it right it's very hard to

525

00:19:31,669 --> 00:19:29,880

get a number to it wasn't 100 was it

526
00:19:33,710 --> 00:19:31,679
less than that but it seems like through

527
00:19:35,810 --> 00:19:33,720
things like the inappropriate use of

528
00:19:37,669 --> 00:19:35,820
ventilators uh end of life Pathways

529
00:19:39,590 --> 00:19:37,679
which Britain is famous for running to

530
00:19:41,750 --> 00:19:39,600
excess and drugs like midazolam it

531
00:19:42,950 --> 00:19:41,760
seems like a lot of people were killed

532
00:19:45,409 --> 00:19:42,960
by their doctors during the early

533
00:19:47,210 --> 00:19:45,419
quarter of the um the second quarter of

534
00:19:48,650 --> 00:19:47,220
2020 and when those death spikes are

535
00:19:50,930 --> 00:19:48,660
occurring so when you add all this up

536
00:19:52,070 --> 00:19:50,940
virology has so many holes in that maybe

537
00:19:53,330 --> 00:19:52,080
it's a sinking ship maybe there's

538
00:19:55,070 --> 00:19:53,340

something wrong with the very

539

00:19:56,630 --> 00:19:55,080

fundamentals and that what we're looking

540

00:19:58,070 --> 00:19:56,640

at what what scientists are looking at

541

00:19:59,990 --> 00:19:58,080

when they're staring down the electron

542

00:20:01,669 --> 00:20:00,000

microscopes and identifying particles

543

00:20:03,650 --> 00:20:01,679

and the the virus people and the no

544

00:20:05,090 --> 00:20:03,660

virus people both agree on what is being

545

00:20:06,950 --> 00:20:05,100

seen they're pointing to the same things

546

00:20:08,870 --> 00:20:06,960

but they have a fundamentally different

547

00:20:10,310 --> 00:20:08,880

interpretation of what those things are

548

00:20:12,409 --> 00:20:10,320

that they're either an infectious viral

549

00:20:13,909 --> 00:20:12,419

agent or they're the effects of

550

00:20:15,770 --> 00:20:13,919

toxification what you're seeing is dying

551

00:20:17,690 --> 00:20:15,780

tissue there and I just simply don't

552

00:20:19,310 --> 00:20:17,700

know which one of those ideas is correct

553

00:20:21,409 --> 00:20:19,320

at the moment but I know the no virus

554

00:20:22,669 --> 00:20:21,419

people can point to a lot of areas where

555

00:20:25,190 --> 00:20:22,679

they have scored and scored big time

556

00:20:28,610 --> 00:20:25,200

against the virologists yeah but this is

557

00:20:31,370 --> 00:20:28,620

again the to jump the shark thing like I

558

00:20:33,830 --> 00:20:31,380

just told you you know the the guy I had

559

00:20:36,650 --> 00:20:33,840

on who's you got to say he's a

560

00:20:38,870 --> 00:20:36,660

mainstream guy he's Virginia Tech Henry

561

00:20:39,830 --> 00:20:38,880

Bauer the other one that I was gonna you

562

00:20:42,110 --> 00:20:39,840

know bring to your attention because

563

00:20:44,150 --> 00:20:42,120

we've talked about it as well is you

564

00:20:47,330 --> 00:20:44,160

know Dr Mary's monkey

565

00:20:48,890 --> 00:20:47,340

just a fantastic book Edward Haslam and

566

00:20:51,470 --> 00:20:48,900

you said when I brought this up to you

567

00:20:53,690 --> 00:20:51,480

that you've you've read this book well

568

00:20:57,110 --> 00:20:53,700

I don't know how you could read this

569

00:20:59,450 --> 00:20:57,120

book and not see the subtlety involved

570

00:21:02,270 --> 00:20:59,460

in what we're talking about here and

571

00:21:05,210 --> 00:21:02,280

that is that just to recap the story on

572

00:21:08,230 --> 00:21:05,220

Dr Mary's monkey is they're trying to

573

00:21:10,669 --> 00:21:08,240

develop a polio vaccine because

574

00:21:12,470 --> 00:21:10,679

despite everything that you're saying

575

00:21:14,049 --> 00:21:12,480

and I'm not saying that some of that

576
00:21:19,330 --> 00:21:14,059
isn't true

577
00:21:23,270 --> 00:21:19,340
polio was the most feared disease in the

578
00:21:25,370 --> 00:21:23,280
1940s 1950s right it was

579
00:21:26,930 --> 00:21:25,380
mothers would keep their kids in from

580
00:21:28,250 --> 00:21:26,940
school not send them out so they don't

581
00:21:30,770 --> 00:21:28,260
get polio and they don't wind up with

582
00:21:34,070 --> 00:21:30,780
these braces these metal braces all over

583
00:21:38,149 --> 00:21:34,080
their legs and it was the most feared

584
00:21:42,770 --> 00:21:38,159
disease and when Saul comes along and

585
00:21:45,529 --> 00:21:42,780
says I have the vaccine for polio it was

586
00:21:47,630 --> 00:21:45,539
like a life-changing event if you read

587
00:21:50,330 --> 00:21:47,640
the stories about the history there were

588
00:21:52,850 --> 00:21:50,340

actually the reporters were weeping in

589

00:21:54,649 --> 00:21:52,860

the at the press conference because this

590

00:21:56,270 --> 00:21:54,659

was such a breakthrough from science

591

00:21:58,909 --> 00:21:56,280

that we could do this all this stuff

592

00:22:00,710 --> 00:21:58,919

right so notwithstanding a lot of the

593

00:22:02,090 --> 00:22:00,720

stuff you're saying the history I always

594

00:22:05,029 --> 00:22:02,100

talk about I've talked with you about

595

00:22:08,870 --> 00:22:05,039

this on the show it's like documented

596

00:22:11,149 --> 00:22:08,880

history is this guy Ochsner in Louisiana

597

00:22:12,890 --> 00:22:11,159

now he's going to manufacture this

598

00:22:16,010 --> 00:22:12,900

vaccine and he's going to make a bunch

599

00:22:19,310 --> 00:22:16,020

of money eventually this woman in charge

600

00:22:21,470 --> 00:22:19,320

of testing the vaccines which is going

601
00:22:24,289 --> 00:22:21,480
to make Ochsner just tons and tons and

602
00:22:27,110 --> 00:22:24,299
tons of money she stands up and says uh

603
00:22:29,270 --> 00:22:27,120
you know hate to mention this but in my

604
00:22:32,270 --> 00:22:29,280
lab some of the monkeys we've been

605
00:22:35,149 --> 00:22:32,280
testing the vaccine on are dying or

606
00:22:36,890 --> 00:22:35,159
getting really sick and he goes no

607
00:22:39,110 --> 00:22:36,900
couldn't be couldn't be couldn't be

608
00:22:40,850 --> 00:22:39,120
happening this is like covet vaccine

609
00:22:42,890 --> 00:22:40,860
repeated which has turned out to be

610
00:22:44,270 --> 00:22:42,900
incredibly incredibly dangerous if you

611
00:22:45,649 --> 00:22:44,280
see now the health effects that are

612
00:22:48,289 --> 00:22:45,659
happening which again completely

613
00:22:51,830 --> 00:22:48,299

contradicts your model cannot sustain

614

00:22:56,210 --> 00:22:51,840

this no virus thing and at the same time

615

00:22:57,409 --> 00:22:56,220

explain how the vaccine which is based

616

00:22:59,090 --> 00:22:57,419

on the virus

617

00:23:00,950 --> 00:22:59,100

could be causing all these health

618

00:23:04,310 --> 00:23:00,960

effects but back to the story with

619

00:23:07,370 --> 00:23:04,320

Ochsner Ochsner is looking at losing

620

00:23:08,930 --> 00:23:07,380

millions and millions of dollars if his

621

00:23:11,090 --> 00:23:08,940

vaccine because there's competing

622

00:23:14,630 --> 00:23:11,100

vaccine companies that are developing

623

00:23:17,930 --> 00:23:14,640

this if his vaccine is shown to be

624

00:23:19,789 --> 00:23:17,940

dangerous so he puts this big public

625

00:23:21,649 --> 00:23:19,799

demonstration and again this is history

626

00:23:23,270 --> 00:23:21,659

you can see pictures of this guy and

627

00:23:25,250 --> 00:23:23,280

pictures of his kids and stuff like that

628

00:23:28,909 --> 00:23:25,260

he does this public demonstration where

629

00:23:31,250 --> 00:23:28,919

he says I will inject the vaccine into

630

00:23:34,250 --> 00:23:31,260

two of my grandkids

631

00:23:37,730 --> 00:23:34,260

right here on stage he does

632

00:23:41,210 --> 00:23:37,740

one of them dies within 24 hours

633

00:23:44,390 --> 00:23:41,220

the other is permanently injured in a

634

00:23:49,310 --> 00:23:44,400

severe way bipolar

635

00:23:50,690 --> 00:23:49,320

so this little story which is like a

636

00:23:52,330 --> 00:23:50,700

true account people were there people

637

00:23:56,029 --> 00:23:52,340

report on it

638

00:23:58,970 --> 00:23:56,039

demonstrates how stupid the no virus

639

00:24:01,190 --> 00:23:58,980

thing is but at the end of the day to

640

00:24:03,289 --> 00:24:01,200

suggest that there is no virus or to get

641

00:24:05,990 --> 00:24:03,299

into camp with these people what really

642

00:24:09,890 --> 00:24:06,000

bothers me and the whole reason for this

643

00:24:13,070 --> 00:24:09,900

thing is it just opens the door for what

644

00:24:15,649 --> 00:24:13,080

they really want to do which is be in

645

00:24:18,230 --> 00:24:15,659

complete control of the scientific

646

00:24:20,690 --> 00:24:18,240

narrative around in this case covid

647

00:24:23,029 --> 00:24:20,700

because if they can do the divide and

648

00:24:25,850 --> 00:24:23,039

Rule thing if they can get people in

649

00:24:28,669 --> 00:24:25,860

this there is no virus Camp they've

650

00:24:30,710 --> 00:24:28,679

taken them off the table they are off

651
00:24:33,230 --> 00:24:30,720
the table from public debate from

652
00:24:35,570 --> 00:24:33,240
rational discussion because no one takes

653
00:24:37,669 --> 00:24:35,580
that seriously

654
00:24:39,710 --> 00:24:37,679
well just to the the polio vaccine point

655
00:24:42,169 --> 00:24:39,720
I was watching that exact thing in

656
00:24:46,010 --> 00:24:42,179
episode two of Mike wallach's

657
00:24:47,570 --> 00:24:46,020
documentaries public showing fit and

658
00:24:49,549 --> 00:24:47,580
if I was to talk to someone from the

659
00:24:50,930 --> 00:24:49,559
novirus camp who's really studied this

660
00:24:53,390 --> 00:24:50,940
next bit that would be exactly my

661
00:24:56,149 --> 00:24:53,400
question Alex it's okay if it's not a

662
00:24:58,870 --> 00:24:56,159
virus why did people receiving the polio

663
00:25:01,070 --> 00:24:58,880

vaccine have the same symptoms as

664

00:25:02,270 --> 00:25:01,080

poliomyelitis like you'd think that just

665

00:25:03,289 --> 00:25:02,280

if it was just some random tissue

666

00:25:04,850 --> 00:25:03,299

they're injecting you'd think they'd

667

00:25:06,110 --> 00:25:04,860

have something different happen to them

668

00:25:07,789 --> 00:25:06,120

like people getting the covert vaccine

669

00:25:09,830 --> 00:25:07,799

it's a problem with the myocarditis is

670

00:25:12,230 --> 00:25:09,840

meant to be the thing so I don't know

671

00:25:14,810 --> 00:25:12,240

that right that's a good question it was

672

00:25:15,950 --> 00:25:14,820

a question that I thought of but it

673

00:25:18,890 --> 00:25:15,960

doesn't change the fact that

674

00:25:21,649 --> 00:25:18,900

poliomyelitis correlates so tightly with

675

00:25:24,409 --> 00:25:21,659

environmental poisons and

676
00:25:28,010 --> 00:25:24,419
in terms of where it arises both in time

677
00:25:29,930 --> 00:25:28,020
and in geography so

678
00:25:31,789 --> 00:25:29,940
that seems like a much more likely

679
00:25:33,470 --> 00:25:31,799
Paradigm to explain

680
00:25:35,690 --> 00:25:33,480
this condition of paralysis that was

681
00:25:37,789 --> 00:25:35,700
happening in children than an inert

682
00:25:39,710 --> 00:25:37,799
virus that's lived in human beings for

683
00:25:43,070 --> 00:25:39,720
thousands of years randomly mutating

684
00:25:44,570 --> 00:25:43,080
into a deadly by or paralyzing virus at

685
00:25:45,769 --> 00:25:44,580
exactly the moment we start spraying all

686
00:25:47,810 --> 00:25:45,779
the food with chemicals we know

687
00:25:49,909 --> 00:25:47,820
paralyzed people and then going away at

688
00:25:51,830 --> 00:25:49,919

exactly the moment we stop paralyzing uh

689

00:25:53,450 --> 00:25:51,840

spraying the food of chemicals we know

690

00:25:55,250 --> 00:25:53,460

paralyzed people that just seems like

691

00:25:56,690 --> 00:25:55,260

too much of a coincidence

692

00:25:58,549 --> 00:25:56,700

so

693

00:26:00,409 --> 00:25:58,559

Michael if I can put a question to you

694

00:26:02,510 --> 00:26:00,419

you answer it now in a minute

695

00:26:04,669 --> 00:26:02,520

if there are these problems of ferology

696

00:26:07,010 --> 00:26:04,679

both in terms of the vaccination program

697

00:26:08,930 --> 00:26:07,020

being greatly exaggerated like massively

698

00:26:10,610 --> 00:26:08,940

exaggerated in its efficacy and that

699

00:26:12,470 --> 00:26:10,620

being something that biologists would

700

00:26:14,930 --> 00:26:12,480

support the vaccinations and if it is

701
00:26:16,669 --> 00:26:14,940
true that HIV does not cause AIDS if it

702
00:26:18,710 --> 00:26:16,679
is true the poliomyelitis is not caused

703
00:26:21,049 --> 00:26:18,720
by a virus and if it's true that a good

704
00:26:23,750 --> 00:26:21,059
proportion perhaps all of the uh cover

705
00:26:26,690 --> 00:26:23,760
deaths were eratrogenic doctor-induced

706
00:26:28,789 --> 00:26:26,700
how many sins would you allow the

707
00:26:30,710 --> 00:26:28,799
virologists to commit how many times

708
00:26:32,570 --> 00:26:30,720
were you allow them to be wrong before

709
00:26:34,190 --> 00:26:32,580
you would say well okay maybe they're

710
00:26:36,169 --> 00:26:34,200
wrong about something else like maybe

711
00:26:37,789 --> 00:26:36,179
it's measles maybe it's rabies but it's

712
00:26:38,750 --> 00:26:37,799
not like they're just wrong about the

713
00:26:39,590 --> 00:26:38,760

things you can prove right now if

714

00:26:40,490 --> 00:26:39,600

they're wrong about all this they're

715

00:26:42,169 --> 00:26:40,500

gonna have one of the others wrong

716

00:26:43,370 --> 00:26:42,179

surely and if they can have one of the

717

00:26:45,350 --> 00:26:43,380

others wrong then it could be two or

718

00:26:46,850 --> 00:26:45,360

three and at what point do you have to

719

00:26:49,070 --> 00:26:46,860

say you know I think there is something

720

00:26:50,870 --> 00:26:49,080

potentially wrong with the underpinning

721

00:26:53,930 --> 00:26:50,880

virology Paradigm what would be your

722

00:26:56,510 --> 00:26:53,940

point of falsification for virology

723

00:26:58,909 --> 00:26:56,520

where you'd at least question it this is

724

00:27:01,610 --> 00:26:58,919

my job is to take each one of those

725

00:27:04,070 --> 00:27:01,620

cases and break them down and find out

726

00:27:07,010 --> 00:27:04,080

where the truth is and follow the data

727

00:27:09,409 --> 00:27:07,020

so are there serious problems with

728

00:27:11,149 --> 00:27:09,419

stretching how far and how effective

729

00:27:13,909 --> 00:27:11,159

vaccines are

730

00:27:15,950 --> 00:27:13,919

absolutely what about the anti-vaxxer

731

00:27:20,149 --> 00:27:15,960

you know five years ago the big issue

732

00:27:21,230 --> 00:27:20,159

was uh the danger of vaccines which I

733

00:27:26,090 --> 00:27:21,240

think has

734

00:27:29,330 --> 00:27:26,100

it like I Stumble over this that is like

735

00:27:30,950 --> 00:27:29,340

a super important topic to me the danger

736

00:27:34,669 --> 00:27:30,960

of vaccines

737

00:27:38,390 --> 00:27:34,679

but I want you to realize what this no

738

00:27:41,450 --> 00:27:38,400

virus psyop does to that

739

00:27:42,950 --> 00:27:41,460

it completely Sidelines it you can't

740

00:27:46,370 --> 00:27:42,960

have both

741

00:27:49,970 --> 00:27:46,380

a few years ago the the hot topic was is

742

00:27:52,690 --> 00:27:49,980

MMR associated with autism is there a

743

00:27:54,710 --> 00:27:52,700

connection and I think like

744

00:27:57,890 --> 00:27:54,720

statistically I think that's been

745

00:28:00,230 --> 00:27:57,900

established so before I go on and on do

746

00:28:02,690 --> 00:28:00,240

you get what I'm saying how from a

747

00:28:06,310 --> 00:28:02,700

psyopy standpoint what a what an

748

00:28:09,289 --> 00:28:06,320

effective move you got these these guys

749

00:28:11,870 --> 00:28:09,299

slamming this no virus thing and it

750

00:28:14,090 --> 00:28:11,880

completely Sidelines the dangers and the

751

00:28:16,070 --> 00:28:14,100

risks of vaccines

752

00:28:18,470 --> 00:28:16,080

well that isn't where they go with it

753

00:28:21,169 --> 00:28:18,480

certainly they will be as critical

754

00:28:23,210 --> 00:28:21,179

vaccinations as anyone now I'm not quite

755

00:28:26,149 --> 00:28:23,220

sure but for different reasons for

756

00:28:28,130 --> 00:28:26,159

different reasons look the underlying

757

00:28:29,690 --> 00:28:28,140

science that I'm that I'm putting

758

00:28:31,850 --> 00:28:29,700

forward that again you have to take a

759

00:28:35,750 --> 00:28:31,860

stand on this one way or another is that

760

00:28:36,890 --> 00:28:35,760

the danger of like the MMR vaccine is in

761

00:28:38,690 --> 00:28:36,900

the vaccine

762

00:28:41,269 --> 00:28:38,700

so what would that what would the germ

763

00:28:42,769 --> 00:28:41,279

people the Nova how would the no virus

764

00:28:44,510 --> 00:28:42,779

that's exactly the question I have I

765

00:28:46,070 --> 00:28:44,520

don't know did that it occurred to me

766

00:28:47,570 --> 00:28:46,080

just the other day what's called why did

767

00:28:49,490 --> 00:28:47,580

people were taking the polio vaccine get

768

00:28:51,230 --> 00:28:49,500

polio-like symptoms it's a it's a good

769

00:28:53,029 --> 00:28:51,240

question but at the same time and I'm

770

00:28:54,710 --> 00:28:53,039

repeating myself here I can't ignore the

771

00:28:56,810 --> 00:28:54,720

tight correlation between poliomyelitis

772

00:28:58,730 --> 00:28:56,820

and environmental poisons it just seems

773

00:29:00,529 --> 00:28:58,740

just overwhelming to me

774

00:29:03,289 --> 00:29:00,539

when those poisons are known to cause

775

00:29:06,529 --> 00:29:03,299

paralysis

776

00:29:08,570 --> 00:29:06,539

like even with the Flat Earth Alex I I

777

00:29:10,250 --> 00:29:08,580

made myself come up with a falsification

778

00:29:11,810 --> 00:29:10,260

Point not because I think the Earth

779

00:29:15,110 --> 00:29:11,820

might actually be flat but my concern

780

00:29:16,610 --> 00:29:15,120

was if I'm just dismissive right I get

781

00:29:17,990 --> 00:29:16,620

people commenting on my channel and

782

00:29:19,070 --> 00:29:18,000

occasionally rising to me saying hey you

783

00:29:20,750 --> 00:29:19,080

should really cover the flatter if you

784

00:29:22,310 --> 00:29:20,760

need to take it and I look at like

785

00:29:24,769 --> 00:29:22,320

they're writing and what they link to me

786

00:29:25,970 --> 00:29:24,779

and so far it's all been ridiculous it's

787

00:29:28,490 --> 00:29:25,980

been people going down to the beach and

788

00:29:31,430 --> 00:29:28,500

going oh look it's like me so I've never

789

00:29:33,409 --> 00:29:31,440

and gone further with it and I I really

790

00:29:34,850 --> 00:29:33,419

I refuse to cover Flat Earth as a

791

00:29:37,250 --> 00:29:34,860

science right because I just don't

792

00:29:39,409 --> 00:29:37,260

accept that but I made myself think of

793

00:29:41,029 --> 00:29:39,419

falsification points like okay what

794

00:29:42,769 --> 00:29:41,039

would be what would convince me what

795

00:29:44,269 --> 00:29:42,779

would make me reject the round of

796

00:29:46,070 --> 00:29:44,279

Paradigm or at least put the Flat Earth

797

00:29:47,510 --> 00:29:46,080

Paradigm on the table Yeah they went

798

00:29:49,549 --> 00:29:47,520

outside and looked at the sun again and

799

00:29:51,289 --> 00:29:49,559

I saw it actually disappearing into the

800

00:29:53,450 --> 00:29:51,299

distance rather than setting okay well

801
00:29:54,830 --> 00:29:53,460
that would be a thing and if I looked at

802
00:29:58,310 --> 00:29:54,840
a ship and I saw that it didn't actually

803
00:29:59,810 --> 00:29:58,320
like disappear the bottom first or if um

804
00:30:02,269 --> 00:29:59,820
if someone could demonstrate to me that

805
00:30:04,010 --> 00:30:02,279
there was actually a 500-year satanic

806
00:30:05,870 --> 00:30:04,020
conspiracy in the Catholic church on it

807
00:30:07,490 --> 00:30:05,880
at some point to suppress the truth of

808
00:30:08,990 --> 00:30:07,500
this and and there were some hidden CIA

809
00:30:10,669 --> 00:30:09,000
documents about putting bases all around

810
00:30:12,769 --> 00:30:10,679
the Arctic okay I want to have these

811
00:30:14,269 --> 00:30:12,779
points again not because I think any of

812
00:30:16,130 --> 00:30:14,279
this is true but because I think like if

813
00:30:17,510 --> 00:30:16,140

I do if I just make assumptions there

814

00:30:19,010 --> 00:30:17,520

I'll start making assumptions elsewhere

815

00:30:21,049 --> 00:30:19,020

I'll dismiss other things and one day

816

00:30:22,850 --> 00:30:21,059

I'll get it wrong so I made myself have

817

00:30:25,370 --> 00:30:22,860

a falsification point for around Earth

818

00:30:26,450 --> 00:30:25,380

theory and in the same way I just think

819

00:30:28,909 --> 00:30:26,460

you have to have some kind of

820

00:30:30,350 --> 00:30:28,919

falsification point for virology say

821

00:30:32,630 --> 00:30:30,360

well how many things is it allowed to

822

00:30:34,010 --> 00:30:32,640

get wrong before you say maybe what they

823

00:30:35,570 --> 00:30:34,020

think they're seeing down those electron

824

00:30:36,769 --> 00:30:35,580

microscopes isn't what they're actually

825

00:30:39,470 --> 00:30:36,779

seeing

826

00:30:41,810 --> 00:30:39,480

yeah no tell us about your interview

827

00:30:43,909 --> 00:30:41,820

with Dr Merrill Nas I've pulled it up on

828

00:30:46,430 --> 00:30:43,919

the screen we've talked about it I

829

00:30:50,630 --> 00:30:46,440

thought it was phenomenal it was super

830

00:30:52,430 --> 00:30:50,640

important it was deeply scientific I

831

00:30:54,889 --> 00:30:52,440

think for people to really follow it and

832

00:30:57,169 --> 00:30:54,899

understand the subtleties of what she's

833

00:30:58,310 --> 00:30:57,179

saying so tell us who she is and then

834

00:30:59,810 --> 00:30:58,320

tell us about the interview because

835

00:31:02,269 --> 00:30:59,820

again this is something else that

836

00:31:04,130 --> 00:31:02,279

completely contradicts your no virus

837

00:31:08,210 --> 00:31:04,140

thing okay Dr marinas has a background

838

00:31:10,610 --> 00:31:08,220

working with the anthrax virus in some

839

00:31:13,669 --> 00:31:10,620

security theater and

840

00:31:16,730 --> 00:31:13,679

relevant to the covert story she was one

841

00:31:18,830 --> 00:31:16,740

of the first people to realize and blow

842

00:31:20,269 --> 00:31:18,840

the whistle so to speak on the doses of

843

00:31:22,310 --> 00:31:20,279

hydroxychloroquine that were being used

844

00:31:24,529 --> 00:31:22,320

in Trials around the world and saying

845

00:31:26,210 --> 00:31:24,539

hey these doses are far higher far

846

00:31:28,130 --> 00:31:26,220

higher than what should be used break

847

00:31:29,210 --> 00:31:28,140

that down a little bit that that whole

848

00:31:32,330 --> 00:31:29,220

thing because we're going to forget

849

00:31:35,389 --> 00:31:32,340

there's so many aspects to the covid

850

00:31:37,370 --> 00:31:35,399

pandemic conspiracy that you know they

851
00:31:39,889 --> 00:31:37,380
they get lost at some point and also

852
00:31:43,490 --> 00:31:39,899
remind us that uh this Dr Merrell she's

853
00:31:47,090 --> 00:31:43,500
like super highly credentialed respected

854
00:31:49,730 --> 00:31:47,100
not only as a physician in New York but

855
00:31:52,310 --> 00:31:49,740
in all these multitude of research

856
00:31:55,070 --> 00:31:52,320
papers panels fellowships super

857
00:31:58,370 --> 00:31:55,080
absolutely and she comes out she comes

858
00:32:00,909 --> 00:31:58,380
out against the covid thing and man they

859
00:32:03,710 --> 00:32:00,919
they go after her even

860
00:32:06,850 --> 00:32:03,720
like I can't remember the exact details

861
00:32:08,570 --> 00:32:06,860
of her um biography or how her

862
00:32:11,570 --> 00:32:08,580
battles are going with medical

863
00:32:13,130 --> 00:32:11,580

authorities in in station lives in and

864

00:32:15,169 --> 00:32:13,140

if it's gone to court or what's going on

865

00:32:16,549 --> 00:32:15,179

but that's all been a thing she was

866

00:32:18,710 --> 00:32:16,559

um I think struck off I think that's

867

00:32:20,750 --> 00:32:18,720

what happened due to her promotion of

868

00:32:22,669 --> 00:32:20,760

hydroxychloroquine as a treatment for

869

00:32:25,310 --> 00:32:22,679

covid-19 she was a big supporter of that

870

00:32:27,470 --> 00:32:25,320

but she Hardrock scoring is obviously

871

00:32:29,330 --> 00:32:27,480

the drug that trump politicized it

872

00:32:31,310 --> 00:32:29,340

became well made famous he became this

873

00:32:33,710 --> 00:32:31,320

politicized role where Republicans loved

874

00:32:34,850 --> 00:32:33,720

it in Democratic Democrats hated if it

875

00:32:36,590 --> 00:32:34,860

was based on whether you like Donald

876

00:32:38,630 --> 00:32:36,600

Trump or not it was kind of crazy but

877

00:32:40,250 --> 00:32:38,640

not a lot of people are aware that there

878

00:32:42,230 --> 00:32:40,260

were really substantial trials went on

879

00:32:43,669 --> 00:32:42,240

with hydroxychloroquine uh prior to

880

00:32:47,330 --> 00:32:43,679

Donald Trump better mentioning it in

881

00:32:49,070 --> 00:32:47,340

April May June of 2020 and Merrell nass

882

00:32:51,350 --> 00:32:49,080

is one of the doctors who highlighted

883

00:32:54,350 --> 00:32:51,360

the doses being used in these trials was

884

00:32:55,789 --> 00:32:54,360

uh toxic now the other one the interview

885

00:32:57,889 --> 00:32:55,799

you brought on screen there wasn't my

886

00:32:59,930 --> 00:32:57,899

interview maronas that was a a post

887

00:33:01,909 --> 00:32:59,940

interview clip I made where I contrasted

888

00:33:04,850 --> 00:33:01,919

her thoughts with the thoughts of Dr

889

00:33:07,490 --> 00:33:04,860

class coaline who was a European Doctor

890

00:33:08,930 --> 00:33:07,500

Who noticed the same thing and it's been

891

00:33:11,450 --> 00:33:08,940

fed back to him that he may have

892

00:33:13,490 --> 00:33:11,460

prevented hydroxychloro control hours in

893

00:33:16,610 --> 00:33:13,500

Germany by going on the German media and

894

00:33:18,049 --> 00:33:16,620

talking about the toxic doses so I did a

895

00:33:20,450 --> 00:33:18,059

fair bit to establish that yes that is

896

00:33:22,070 --> 00:33:20,460

indeed true that the doses were I think

897

00:33:23,930 --> 00:33:22,080

depending how you look at it it's either

898

00:33:25,490 --> 00:33:23,940

you can if you look at it a certain way

899

00:33:28,370 --> 00:33:25,500

you can say it's like

900

00:33:30,769 --> 00:33:28,380

um 900 more hydroxychloroquine was used

901
00:33:32,870 --> 00:33:30,779
than is typical used in a trial and um

902
00:33:34,850 --> 00:33:32,880
the the trials were stopped and it ended

903
00:33:36,710 --> 00:33:34,860
in Brazil it ended in a illegal case

904
00:33:38,690 --> 00:33:36,720
okay but the question I wanted to pose

905
00:33:40,669 --> 00:33:38,700
to Dr Nas particularly on this look at

906
00:33:43,430 --> 00:33:40,679
the controversy is that the book virus

907
00:33:45,470 --> 00:33:43,440
Mania heavily implied that those trials

908
00:33:47,810 --> 00:33:45,480
contributed to the excess mortality

909
00:33:49,669 --> 00:33:47,820
scene in European countries so in Great

910
00:33:51,350 --> 00:33:49,679
Britain for example you're seeing 10 000

911
00:33:52,789 --> 00:33:51,360
excess deaths a week and there's the

912
00:33:55,250 --> 00:33:52,799
heavy implication of virus mainly that

913
00:33:58,009 --> 00:33:55,260

the trials were part of that and um

914

00:33:59,029 --> 00:33:58,019

Dr malinas said and I think she's

915

00:34:00,769 --> 00:33:59,039

completely correct about this that's

916

00:34:03,049 --> 00:34:00,779

wrong okay because the the trials are

917

00:34:04,370 --> 00:34:03,059

being run a few hundred people so as

918

00:34:06,289 --> 00:34:04,380

compared to the total mortality rate

919

00:34:07,909 --> 00:34:06,299

it's a blip so I did that particularly

920

00:34:10,129 --> 00:34:07,919

to get a critique off the no virus

921

00:34:12,710 --> 00:34:10,139

position now I don't think it's dead in

922

00:34:14,149 --> 00:34:12,720

the water okay because it could be and

923

00:34:16,190 --> 00:34:14,159

the the book fires made it also

924

00:34:18,770 --> 00:34:16,200

indicates this that hydroxycora green

925

00:34:20,750 --> 00:34:18,780

was being used at a dose comparable to

926
00:34:22,369 --> 00:34:20,760
the trials in hospitals across Europe

927
00:34:23,990 --> 00:34:22,379
European countries and that's one of the

928
00:34:26,030 --> 00:34:24,000
reasons maybe several reasons why you

929
00:34:27,889 --> 00:34:26,040
get like Spain has the biggest death

930
00:34:29,990 --> 00:34:27,899
spike in Europe Portugal right next door

931
00:34:32,510 --> 00:34:30,000
has nothing it's a complete flat line

932
00:34:34,010 --> 00:34:32,520
um Germany has minimal minimal XS deaths

933
00:34:36,589 --> 00:34:34,020
whereas France very high belgian's very

934
00:34:38,149 --> 00:34:36,599
high and apparently as I'm check this

935
00:34:39,470 --> 00:34:38,159
directly but it's it's Switzerland

936
00:34:42,050 --> 00:34:39,480
apparently breaks down according to the

937
00:34:43,909 --> 00:34:42,060
cantons so the virus Mania Paradigm is

938
00:34:46,190 --> 00:34:43,919

that the the death you're seeing our uh

939

00:34:48,050 --> 00:34:46,200

electrogenic um

940

00:34:49,730 --> 00:34:48,060

um doctor induced mentally that's close

941

00:34:50,930 --> 00:34:49,740

Paradigm so really I was getting a

942

00:34:53,930 --> 00:34:50,940

critique of that because if that's true

943

00:34:55,070 --> 00:34:53,940

then we need to get precise on what's

944

00:34:57,109 --> 00:34:55,080

causing that and we can't say it's

945

00:34:58,790 --> 00:34:57,119

trials if it's not and if it's not true

946

00:35:00,349 --> 00:34:58,800

then we need to say okay well there was

947

00:35:02,150 --> 00:35:00,359

this dangerous virus going around and

948

00:35:03,410 --> 00:35:02,160

Portugal avoided it by locking down on

949

00:35:04,849 --> 00:35:03,420

time but there's obviously problems with

950

00:35:06,349 --> 00:35:04,859

that because Sweden didn't lock down and

951

00:35:09,470 --> 00:35:06,359

they got a mild hump in in the Care

952

00:35:11,210 --> 00:35:09,480

Homes so I I was trying to shed light by

953

00:35:12,829 --> 00:35:11,220

trying to I think that's like really to

954

00:35:15,589 --> 00:35:12,839

me establishing what caused those death

955

00:35:17,089 --> 00:35:15,599

spikes is the most important question in

956

00:35:18,230 --> 00:35:17,099

the world because if there's not a big

957

00:35:20,030 --> 00:35:18,240

scary death Spike there's no

958

00:35:22,790 --> 00:35:20,040

justification for masking lockdowns

959

00:35:24,349 --> 00:35:22,800

compulsory vaccinations any of it so I

960

00:35:26,450 --> 00:35:24,359

want to get precise on that even if the

961

00:35:28,069 --> 00:35:26,460

like the answers to come back

962

00:35:29,930 --> 00:35:28,079

um contradict the position that I'm

963

00:35:32,690 --> 00:35:29,940

investigating that they were iatrogenic

964

00:35:35,810 --> 00:35:32,700

and meron NASA's answer did she she took

965

00:35:38,510 --> 00:35:35,820

deaths out of that category okay so

966

00:35:41,150 --> 00:35:38,520

you're kind of burying the lead none of

967

00:35:44,870 --> 00:35:41,160

her research none of this it wasn't her

968

00:35:48,109 --> 00:35:44,880

research her research was kind of uh an

969

00:35:50,230 --> 00:35:48,119

investigation into a multitude of

970

00:35:53,210 --> 00:35:50,240

studies that were done by these

971

00:35:55,730 --> 00:35:53,220

antiviral medications and their whether

972

00:35:57,950 --> 00:35:55,740

or not they were efficacious in people

973

00:36:03,170 --> 00:35:57,960

who were I think they were Muslim were

974

00:36:05,089 --> 00:36:03,180

in ICU uh from from covid I mean none of

975

00:36:07,790 --> 00:36:05,099

the you're saying makes any sense

976

00:36:10,670 --> 00:36:07,800

if there's no virus none of Maryland

977

00:36:13,490 --> 00:36:10,680

NASA's work and again it's not our work

978

00:36:16,670 --> 00:36:13,500

none of these studies would make any

979

00:36:18,290 --> 00:36:16,680

sense if there's no virus do you do you

980

00:36:20,810 --> 00:36:18,300

understand the contradiction and what

981

00:36:22,130 --> 00:36:20,820

you're saying forget for a second the

982

00:36:24,230 --> 00:36:22,140

other thing you're dealing with in the

983

00:36:26,990 --> 00:36:24,240

spike in deaths and all that the

984

00:36:31,030 --> 00:36:27,000

fundamental underlying research

985

00:36:33,370 --> 00:36:31,040

wouldn't make any sense giving someone

986

00:36:36,250 --> 00:36:33,380

hydrochloroquine giving someone

987

00:36:39,589 --> 00:36:36,260

Ivermectin and then measuring

988

00:36:42,349 --> 00:36:39,599

whether or not the the mortality rate

989

00:36:45,829 --> 00:36:42,359

after they had been admitted for covid

990

00:36:49,069 --> 00:36:45,839

it presupposes the existence of a virus

991

00:36:53,630 --> 00:36:49,079

so you you it stands totally in contrast

992

00:36:56,150 --> 00:36:53,640

with this wacky no virus no rabies

993

00:36:58,430 --> 00:36:56,160

it presupposes that hydroxychloroquine

994

00:37:00,589 --> 00:36:58,440

and a vibromectant treat what is

995

00:37:02,829 --> 00:37:00,599

demonstrably going wrong with the person

996

00:37:05,390 --> 00:37:02,839

it doesn't presuppose that is

997

00:37:08,270 --> 00:37:05,400

ivomechan's antiparasitic okay so it's

998

00:37:10,250 --> 00:37:08,280

not and it's hard to go from the lab

999

00:37:12,290 --> 00:37:10,260

results of what it's doing to why that

1000

00:37:15,290 --> 00:37:12,300

would then work in a person so I know

1001
00:37:18,170 --> 00:37:15,300
this is something that that um Dr uh d

1002
00:37:21,109 --> 00:37:18,180
rank or the Canadian

1003
00:37:23,089 --> 00:37:21,119
um emphasize that he thought that the

1004
00:37:24,950 --> 00:37:23,099
reason you get a spike in

1005
00:37:26,810 --> 00:37:24,960
covert deaths in the Southern United

1006
00:37:28,370 --> 00:37:26,820
States particularly is because they're

1007
00:37:30,530 --> 00:37:28,380
bacterial infections and what you see

1008
00:37:32,690 --> 00:37:30,540
through he presented statistics in his

1009
00:37:36,170 --> 00:37:32,700
paper showing that the um prescriptions

1010
00:37:40,370 --> 00:37:36,180
of antibiotics dropped immensely during

1011
00:37:41,690 --> 00:37:40,380
2020 201 and that this accounts for why

1012
00:37:43,370 --> 00:37:41,700
you have the rise in Cobra deaths

1013
00:37:45,230 --> 00:37:43,380

because they've the bacterial infections

1014

00:37:47,569 --> 00:37:45,240

are being misdiagnosed as a virus and

1015

00:37:50,089 --> 00:37:47,579

not being treated so He suggests that

1016

00:37:53,930 --> 00:37:50,099

ivometon would also work on that

1017

00:37:56,150 --> 00:37:53,940

well two points the first is I think

1018

00:37:58,550 --> 00:37:56,160

you're kind of sliding off the the issue

1019

00:38:02,089 --> 00:37:58,560

of you know if you take it really kind

1020

00:38:04,670 --> 00:38:02,099

of block dumb simple you have all these

1021

00:38:08,569 --> 00:38:04,680

people who are being admitted to the

1022

00:38:10,730 --> 00:38:08,579

hospital and tested for the existence of

1023

00:38:13,130 --> 00:38:10,740

the covid antibodies in their blood

1024

00:38:15,950 --> 00:38:13,140

which again you'd have to just kind of

1025

00:38:17,089 --> 00:38:15,960

throw that out the window but there are

1026

00:38:20,329 --> 00:38:17,099

these people

1027

00:38:21,589 --> 00:38:20,339

again I just it's so illogical that it

1028

00:38:23,690 --> 00:38:21,599

doesn't make any sense but there's this

1029

00:38:25,430 --> 00:38:23,700

group of people and then you're going to

1030

00:38:27,050 --> 00:38:25,440

not treat some of them and then you're

1031

00:38:28,790 --> 00:38:27,060

going to treat other ones and you're

1032

00:38:30,950 --> 00:38:28,800

going to measure the result I mean

1033

00:38:33,410 --> 00:38:30,960

that's all we can ever do with these

1034

00:38:35,870 --> 00:38:33,420

medical experiments it does become a

1035

00:38:37,790 --> 00:38:35,880

statistical kind of thing so in the same

1036

00:38:41,089 --> 00:38:37,800

way that when you asked Merrell Nass

1037

00:38:43,250 --> 00:38:41,099

about this crazy uh Andrew Kaufman you

1038

00:38:45,290 --> 00:38:43,260

know kind of there is no virus she was

1039

00:38:46,730 --> 00:38:45,300

like of course that's ridiculous and she

1040

00:38:49,010 --> 00:38:46,740

came out and she said this guy's

1041

00:38:52,550 --> 00:38:49,020

ridiculous he's a fraud he isn't even a

1042

00:38:55,310 --> 00:38:52,560

scientist he's a psychiatrist and but

1043

00:38:57,050 --> 00:38:55,320

then that she won't even talk I'm mad

1044

00:38:59,329 --> 00:38:57,060

anymore because she got so much pushback

1045

00:39:01,550 --> 00:38:59,339

and just again calling out how stupid

1046

00:39:03,530 --> 00:39:01,560

the no virus thing is yeah she refuses

1047

00:39:04,790 --> 00:39:03,540

to address it so she's written papers

1048

00:39:07,069 --> 00:39:04,800

she's written articles on it but then

1049

00:39:08,450 --> 00:39:07,079

refuses to address it further because

1050

00:39:10,790 --> 00:39:08,460

she already addressed it in the papers

1051
00:39:13,250 --> 00:39:10,800
and she said the guy's a total quack so

1052
00:39:15,770 --> 00:39:13,260
what is that you know switching to the

1053
00:39:18,890 --> 00:39:15,780
stuff I'm interested in that supports

1054
00:39:20,569 --> 00:39:18,900
the idea that this no virus thing is the

1055
00:39:22,430 --> 00:39:20,579
psyop is one of the psyops because

1056
00:39:24,530 --> 00:39:22,440
there's a million of them but yeah when

1057
00:39:27,470 --> 00:39:24,540
she gets slapped down for saying the

1058
00:39:29,030 --> 00:39:27,480
obvious that this guy is a quack uh you

1059
00:39:30,050 --> 00:39:29,040
know that so I don't know how I don't

1060
00:39:31,609 --> 00:39:30,060
know if he was slapped out she was doing

1061
00:39:33,650 --> 00:39:31,619
the slapping at some point she critiqued

1062
00:39:35,390 --> 00:39:33,660
a paper that tossed an anglebrecht wrote

1063
00:39:37,670 --> 00:39:35,400

and he's a journalist who was part of

1064

00:39:39,890 --> 00:39:37,680

the virus mania book along with Klaus

1065

00:39:42,349 --> 00:39:39,900

coal line and there was another doctor

1066

00:39:43,670 --> 00:39:42,359

um with a European name a colorful and

1067

00:39:46,150 --> 00:39:43,680

so

1068

00:39:48,650 --> 00:39:46,160

yeah I I sent the interview to Thomas

1069

00:39:50,810 --> 00:39:48,660

journalist and he wasn't impressed

1070

00:39:52,910 --> 00:39:50,820

either he he felt no no ass hadn't

1071

00:39:54,230 --> 00:39:52,920

answered any of his positions but it's

1072

00:39:55,790 --> 00:39:54,240

now on impossible to get any of these

1073

00:39:57,650 --> 00:39:55,800

people in the same room together like

1074

00:39:59,870 --> 00:39:57,660

people don't talk across paradigms like

1075

00:40:02,270 --> 00:39:59,880

ever so last this is the closest you'll

1076

00:40:05,089 --> 00:40:02,280

get and there's two people oh there's no

1077

00:40:07,790 --> 00:40:05,099

there's no there's no Paradigm involved

1078

00:40:11,089 --> 00:40:07,800

in I mean I still don't see that you're

1079

00:40:14,510 --> 00:40:11,099

I mean maybe we're disagreeing but like

1080

00:40:17,810 --> 00:40:14,520

none of what Merrell Nass is saying

1081

00:40:21,230 --> 00:40:17,820

would even fundamentally make sense to

1082

00:40:23,930 --> 00:40:21,240

even investigate or talk about if there

1083

00:40:26,329 --> 00:40:23,940

wasn't a covid virus and you kind of

1084

00:40:28,250 --> 00:40:26,339

slipped into the kind of crazy land

1085

00:40:30,950 --> 00:40:28,260

where like maybe all these people in the

1086

00:40:32,390 --> 00:40:30,960

hospital are not I don't know if you're

1087

00:40:34,010 --> 00:40:32,400

saying that they're not sick or that

1088

00:40:36,109 --> 00:40:34,020

they're sick but they don't have covid

1089

00:40:37,670 --> 00:40:36,119

or that they all pass the covet test

1090

00:40:39,290 --> 00:40:37,680

because they're all in the hospital and

1091

00:40:41,210 --> 00:40:39,300

they were tested for covid and they

1092

00:40:43,730 --> 00:40:41,220

tested positive for covid and that's

1093

00:40:45,170 --> 00:40:43,740

your sample size but then I don't know

1094

00:40:47,450 --> 00:40:45,180

what you're saying after that is that

1095

00:40:48,970 --> 00:40:47,460

then we can't measure or not whether or

1096

00:40:51,470 --> 00:40:48,980

not in this case in this case

1097

00:40:52,910 --> 00:40:51,480

hydrochloroquine can be effective I I

1098

00:40:54,589 --> 00:40:52,920

don't understand what you're saying it's

1099

00:40:57,710 --> 00:40:54,599

completely illogical

1100

00:40:59,270 --> 00:40:57,720

well I'm saying if you witness a massive

1101
00:41:00,410 --> 00:40:59,280
decrease in the number of antibiotic

1102
00:41:02,329 --> 00:41:00,420
prescriptions

1103
00:41:03,290 --> 00:41:02,339
then you've got to wonder like what

1104
00:41:05,030 --> 00:41:03,300
happened to all the people getting

1105
00:41:06,890 --> 00:41:05,040
bacterial infections

1106
00:41:08,270 --> 00:41:06,900
but that's a separate issue that's a

1107
00:41:09,770 --> 00:41:08,280
separate issue right Richard we'll get

1108
00:41:11,390 --> 00:41:09,780
to that that's the second point that I

1109
00:41:13,130 --> 00:41:11,400
was going to bring up about germ Theory

1110
00:41:15,170 --> 00:41:13,140
but back to Merrell Nash when she's

1111
00:41:17,450 --> 00:41:15,180
saying because like we're going to get

1112
00:41:19,670 --> 00:41:17,460
way deep here but that's okay because

1113
00:41:22,970 --> 00:41:19,680

you did in your show and that's why I

1114

00:41:25,010 --> 00:41:22,980

liked the show so much the subtlety that

1115

00:41:25,849 --> 00:41:25,020

Merrell Nass brought to that is she said

1116

00:41:27,470 --> 00:41:25,859

look

1117

00:41:29,750 --> 00:41:27,480

there's all these people getting

1118

00:41:32,030 --> 00:41:29,760

admitted to the hospital

1119

00:41:33,410 --> 00:41:32,040

and they're when they come in they're

1120

00:41:37,190 --> 00:41:33,420

tested for whether or not they have

1121

00:41:39,310 --> 00:41:37,200

covid they get a positive covid test and

1122

00:41:42,230 --> 00:41:39,320

then they want to see if

1123

00:41:44,390 --> 00:41:42,240

hydrochloroquine could be effective so

1124

00:41:46,910 --> 00:41:44,400

they gave them doses of hydrochloroquine

1125

00:41:48,170 --> 00:41:46,920

and then they measured whether or not

1126

00:41:53,030 --> 00:41:48,180

they got better

1127

00:41:55,550 --> 00:41:53,040

so none of that works unless covet is

1128

00:41:57,170 --> 00:41:55,560

what we think covet is you don't get

1129

00:41:58,510 --> 00:41:57,180

different results you don't get this

1130

00:42:01,790 --> 00:41:58,520

pattern either

1131

00:42:03,410 --> 00:42:01,800

but what she said about the whole meat

1132

00:42:05,450 --> 00:42:03,420

and potatoes were what she was trying to

1133

00:42:08,510 --> 00:42:05,460

say that again just gets kind of totally

1134

00:42:10,730 --> 00:42:08,520

pushed aside by the crazy no virus folks

1135

00:42:12,470 --> 00:42:10,740

is that she goes look what these

1136

00:42:14,510 --> 00:42:12,480

did

1137

00:42:17,930 --> 00:42:14,520

which was so subtle

1138

00:42:20,390 --> 00:42:17,940

is that we've known for a long time that

1139

00:42:23,150 --> 00:42:20,400

this hydrochloroquine is a tricky drug

1140

00:42:24,530 --> 00:42:23,160

and that you don't if you overdose just

1141

00:42:26,510 --> 00:42:24,540

a little bit

1142

00:42:27,470 --> 00:42:26,520

you start getting some pretty bad side

1143

00:42:30,770 --> 00:42:27,480

effects

1144

00:42:33,170 --> 00:42:30,780

so what they did in these studies is

1145

00:42:35,089 --> 00:42:33,180

they just pushed the dosage up just a

1146

00:42:36,470 --> 00:42:35,099

little bit my reading of it may be a

1147

00:42:39,349 --> 00:42:36,480

little bit different than yours it

1148

00:42:41,569 --> 00:42:39,359

wasn't like 900 percent it was just

1149

00:42:44,089 --> 00:42:41,579

enough to get what what they wanted

1150

00:42:47,030 --> 00:42:44,099

which is a null result

1151
00:42:48,829 --> 00:42:47,040
the null result was hey if you give them

1152
00:42:50,990 --> 00:42:48,839
a hydrochloroquine or if you don't give

1153
00:42:53,510 --> 00:42:51,000
them hydrochloroquine it doesn't matter

1154
00:42:57,170 --> 00:42:53,520
because they're still dying at this rate

1155
00:42:59,510 --> 00:42:57,180
so that was the goal of it was to show

1156
00:43:02,270 --> 00:42:59,520
that hydrochloroquine yielded a null

1157
00:43:04,790 --> 00:43:02,280
result in these studies what she then

1158
00:43:07,670 --> 00:43:04,800
showed and what you reported on is that

1159
00:43:09,770 --> 00:43:07,680
if you do it correct with the proper

1160
00:43:11,569 --> 00:43:09,780
dosage of hydrochloroquine like they did

1161
00:43:14,390 --> 00:43:11,579
in the Brazil study that you referenced

1162
00:43:16,250 --> 00:43:14,400
it turns out to be very efficacious

1163
00:43:18,770 --> 00:43:16,260

again which makes no sense if you're a

1164

00:43:23,930 --> 00:43:18,780

no virus person no sense at all but

1165

00:43:27,770 --> 00:43:23,940

makes sense yeah if you understand the

1166

00:43:29,630 --> 00:43:27,780

antiviral qualities of hydrochloroquine

1167

00:43:31,609 --> 00:43:29,640

now do you see what I'm saying about how

1168

00:43:33,950 --> 00:43:31,619

there's a contradiction there how you

1169

00:43:36,829 --> 00:43:33,960

can't you can't kind of have both ways

1170

00:43:38,870 --> 00:43:36,839

you can't have there is no virus and

1171

00:43:42,230 --> 00:43:38,880

then at the same time be doing these

1172

00:43:44,990 --> 00:43:42,240

rather sophisticated uh medical

1173

00:43:46,670 --> 00:43:45,000

experiments that she documents on

1174

00:43:48,470 --> 00:43:46,680

treating the virus

1175

00:43:50,510 --> 00:43:48,480

yeah just to say I might want to back

1176

00:43:53,150 --> 00:43:50,520

off that 900 figure I can't quite

1177

00:43:54,410 --> 00:43:53,160

remember I did say it was the most

1178

00:43:55,490 --> 00:43:54,420

extreme figure you could calculate

1179

00:43:57,890 --> 00:43:55,500

because it depends how you look at it

1180

00:43:59,870 --> 00:43:57,900

and the dosing of hydrostolic and

1181

00:44:02,329 --> 00:43:59,880

studies just went on for a lot longer

1182

00:44:03,950 --> 00:44:02,339

over a continuous period of days so most

1183

00:44:07,069 --> 00:44:03,960

extreme figure I get is like if you take

1184

00:44:08,750 --> 00:44:07,079

the end a of like the 14 days whatever

1185

00:44:10,490 --> 00:44:08,760

and compare it to the two or three days

1186

00:44:11,930 --> 00:44:10,500

people are usually on for parasitic

1187

00:44:13,910 --> 00:44:11,940

infections or whatever it is then you

1188

00:44:15,170 --> 00:44:13,920

get this massive increase but within 24

1189

00:44:18,470 --> 00:44:15,180
hours it was something like a 50

1190

00:44:20,589 --> 00:44:18,480
increase in 24 and 100 increase of 28

1191

00:44:22,609 --> 00:44:20,599
and what people say is it's a very low

1192

00:44:23,870 --> 00:44:22,619
therapeutic toxic threshold with

1193

00:44:26,690 --> 00:44:23,880
hydroxychloroquine so you'd have to give

1194

00:44:29,030 --> 00:44:26,700
that much more before it's it's damaging

1195

00:44:29,930 --> 00:44:29,040
um yeah that was certainly maronastics

1196

00:44:31,490 --> 00:44:29,940
attention there was this like a

1197

00:44:33,470 --> 00:44:31,500
deliberate hit and it is weird because I

1198

00:44:35,930 --> 00:44:33,480
went as far as looking at the scientific

1199

00:44:37,730 --> 00:44:35,940
papers where they established uh what

1200

00:44:39,290 --> 00:44:37,740
would be safe and what wouldn't and in

1201
00:44:40,309 --> 00:44:39,300
pictures of the doctor's faces appear on

1202
00:44:41,510 --> 00:44:40,319
this they were doing this in a very

1203
00:44:43,190 --> 00:44:41,520
strange experience to look at them and

1204
00:44:44,450 --> 00:44:43,200
think we you did these setting that I

1205
00:44:46,250 --> 00:44:44,460
was too high or were you just like

1206
00:44:48,050 --> 00:44:46,260
idiotic in what you were doing or is

1207
00:44:50,510 --> 00:44:48,060
there very strange quests but certainly

1208
00:44:52,309 --> 00:44:50,520
it has that effect right of them of

1209
00:44:55,069 --> 00:44:52,319
rubbishing the effects of the drugs and

1210
00:44:56,569 --> 00:44:55,079
making it appear dangerous maybe if it

1211
00:44:59,030 --> 00:44:56,579
was rolled out on mass and I just don't

1212
00:45:00,589 --> 00:44:59,040
know that it was at the same time the

1213
00:45:02,270 --> 00:45:00,599

studies were going on then it would also

1214

00:45:03,530 --> 00:45:02,280

have had the effect of lifting death

1215

00:45:06,829 --> 00:45:03,540

rate

1216

00:45:09,890 --> 00:45:06,839

well to speak to does it um do you does

1217

00:45:12,970 --> 00:45:09,900

it prove if if hydroxide

1218

00:45:19,130 --> 00:45:15,230

hydrochloroquine and Ivermectin are

1219

00:45:21,290 --> 00:45:19,140

effective uh does that prove the uh it's

1220

00:45:22,430 --> 00:45:21,300

a viral origin of covid well no it just

1221

00:45:23,510 --> 00:45:22,440

obviously people aren't going to the

1222

00:45:24,710 --> 00:45:23,520

hospital because they're feeling great

1223

00:45:27,050 --> 00:45:24,720

there's obviously something wrong with

1224

00:45:28,250 --> 00:45:27,060

them and those drugs are treating that

1225

00:45:29,510 --> 00:45:28,260

thing if it's demonstrated to be

1226

00:45:30,890 --> 00:45:29,520

effective I don't think it necessarily

1227

00:45:32,770 --> 00:45:30,900

proves that that thing is viral

1228

00:45:35,270 --> 00:45:32,780

especially when Ivermectin is is

1229

00:45:37,550 --> 00:45:35,280

anti-parasitic to begin with right but

1230

00:45:40,130 --> 00:45:37,560

they're being tested for whether or not

1231

00:45:42,530 --> 00:45:40,140

they have the coveted antibodies so then

1232

00:45:44,270 --> 00:45:42,540

people can spin off on all of that but

1233

00:45:46,250 --> 00:45:44,280

when you put it all together it doesn't

1234

00:45:49,010 --> 00:45:46,260

it doesn't make any sense like this is

1235

00:45:50,750 --> 00:45:49,020

like basic experimental science like

1236

00:45:53,390 --> 00:45:50,760

what is your group how do you control

1237

00:45:57,050 --> 00:45:53,400

the group well the control in this group

1238

00:45:59,809 --> 00:45:57,060

was do they test positive for covid do

1239

00:46:02,569 --> 00:45:59,819

they not just show the symptoms but do

1240

00:46:05,750 --> 00:46:02,579

they test positive based on this test we

1241

00:46:08,270 --> 00:46:05,760

have and that is how we separate that's

1242

00:46:11,510 --> 00:46:08,280

like the entry ticket into controlling

1243

00:46:14,690 --> 00:46:11,520

this experiment so no it it doesn't it

1244

00:46:16,849 --> 00:46:14,700

you can't go into this kind of La La

1245

00:46:19,069 --> 00:46:16,859

Land like you know maybe they had uh

1246

00:46:22,010 --> 00:46:19,079

viral maybe they didn't no we tested

1247

00:46:23,990 --> 00:46:22,020

them for that with the the test that is

1248

00:46:25,550 --> 00:46:24,000

a very substantial part of the no virus

1249

00:46:27,950 --> 00:46:25,560

case and I have to say it goes up in my

1250

00:46:30,050 --> 00:46:27,960

head but the idea that the uh the PCR

1251

00:46:32,270 --> 00:46:30,060

tests are not effective

1252

00:46:35,150 --> 00:46:32,280

well no what they're really saying if

1253

00:46:37,069 --> 00:46:35,160

you really look at it and again some of

1254

00:46:41,690 --> 00:46:37,079

the best work for this comes from the

1255

00:46:43,069 --> 00:46:41,700

people who are against the pandemic and

1256

00:46:45,050 --> 00:46:43,079

yet that's why I think you got to look

1257

00:46:47,450 --> 00:46:45,060

at the psyop here when when the people

1258

00:46:50,089 --> 00:46:47,460

like like Dell big tree uh in a hotel

1259

00:46:53,210 --> 00:46:50,099

big tree is right he came out early and

1260

00:46:56,270 --> 00:46:53,220

was very much saying this is pandemic

1261

00:46:58,550 --> 00:46:56,280

this is scandemic this is not great and

1262

00:47:00,770 --> 00:46:58,560

he did the best thing on the PCR test he

1263

00:47:03,170 --> 00:47:00,780

said what they're doing is they're

1264

00:47:05,990 --> 00:47:03,180

upcycling the

1265

00:47:08,089 --> 00:47:06,000

right so they're increasing multiple

1266

00:47:11,210 --> 00:47:08,099

times and they're generating a lot of

1267

00:47:13,370 --> 00:47:11,220

false positives right so it's not that

1268

00:47:14,990 --> 00:47:13,380

the test is completely ineffective it's

1269

00:47:17,150 --> 00:47:15,000

just if you have a test with enough

1270

00:47:19,550 --> 00:47:17,160

false positives it would never be

1271

00:47:21,349 --> 00:47:19,560

anything that someone uses but now if

1272

00:47:23,510 --> 00:47:21,359

you buy like off the shelf like my wife

1273

00:47:25,609 --> 00:47:23,520

did when she was sick if you buy the

1274

00:47:27,650 --> 00:47:25,619

off-the-shelf PCR test down at your

1275

00:47:29,690 --> 00:47:27,660

local drugstore what they say is

1276

00:47:31,849 --> 00:47:29,700

look this is a pretty shitty test it's

1277

00:47:35,270 --> 00:47:31,859

pretty ineffective but if you take a

1278

00:47:38,089 --> 00:47:35,280

take it two times 48 hours apart and

1279

00:47:39,890 --> 00:47:38,099

they both come up positive you can be

1280

00:47:41,690 --> 00:47:39,900

pretty sure that you have it and then

1281

00:47:44,210 --> 00:47:41,700

you can go into your doctor and they can

1282

00:47:47,450 --> 00:47:44,220

actually do the blood test and when you

1283

00:47:49,609 --> 00:47:47,460

get all those confirmed the the chances

1284

00:47:51,829 --> 00:47:49,619

are that you have covid you know you you

1285

00:47:53,390 --> 00:47:51,839

do there's no way so there's no way

1286

00:47:56,089 --> 00:47:53,400

around that again the misinformation

1287

00:47:57,890 --> 00:47:56,099

about there is no VI none of that stuff

1288

00:48:01,250 --> 00:47:57,900

would be possible

1289

00:48:04,190 --> 00:48:01,260

if there were no viruses and you

1290

00:48:05,510 --> 00:48:04,200

couldn't have like the basic idea of

1291

00:48:07,430 --> 00:48:05,520

like that's what I'm saying

1292

00:48:10,010 --> 00:48:07,440

fundamentally behind the the mayoral

1293

00:48:11,690 --> 00:48:10,020

Mass thing and I think what I sense when

1294

00:48:15,410 --> 00:48:11,700

you talk to her when anyone talks to her

1295

00:48:18,230 --> 00:48:15,420

is when someone goes down this moonshot

1296

00:48:20,210 --> 00:48:18,240

crazy there is no viruses stuff they

1297

00:48:21,530 --> 00:48:20,220

just kind of check out because it's like

1298

00:48:24,410 --> 00:48:21,540

they're not going to talk to somebody

1299

00:48:27,770 --> 00:48:24,420

who is in this Flat Earth camp but what

1300

00:48:30,530 --> 00:48:27,780

she's saying I think is that look that

1301
00:48:33,290 --> 00:48:30,540
doesn't make any sense in that you

1302
00:48:36,410 --> 00:48:33,300
couldn't test all these people

1303
00:48:39,230 --> 00:48:36,420
and have all them have the symptoms and

1304
00:48:41,809 --> 00:48:39,240
positive tests if there wasn't a virus

1305
00:48:44,390 --> 00:48:41,819
and that's just the starting point to

1306
00:48:46,670 --> 00:48:44,400
what we really wanted to test as to

1307
00:48:49,670 --> 00:48:46,680
whether or not hydrochloroquine was

1308
00:48:52,430 --> 00:48:49,680
effective so it's do you get the the

1309
00:48:53,930 --> 00:48:52,440
kind of built-in frustration that I have

1310
00:48:57,290 --> 00:48:53,940
a little bit but not that much because

1311
00:48:58,970 --> 00:48:57,300
I'm totally in the game of conspiracy a

1312
00:49:00,349 --> 00:48:58,980
lot more than other people are but do

1313
00:49:02,089 --> 00:49:00,359

you get that sense when you talk to

1314

00:49:04,730 --> 00:49:02,099

people who

1315

00:49:06,470 --> 00:49:04,740

really kind of know the science and they

1316

00:49:09,349 --> 00:49:06,480

just kind of check out with all this

1317

00:49:10,609 --> 00:49:09,359

wacky no virus stuff well certainly

1318

00:49:11,630 --> 00:49:10,619

marinas did and I have to just

1319

00:49:13,790 --> 00:49:11,640

acknowledge

1320

00:49:15,890 --> 00:49:13,800

I'm up against my limit now in terms of

1321

00:49:17,870 --> 00:49:15,900

what I can speed I can't speak to the

1322

00:49:19,190 --> 00:49:17,880

testing all of them parroting what I

1323

00:49:21,170 --> 00:49:19,200

hear people saying and saying well this

1324

00:49:22,790 --> 00:49:21,180

is what they you know the testing is is

1325

00:49:25,550 --> 00:49:22,800

ineffective and there's no isolation of

1326

00:49:27,589 --> 00:49:25,560

either covert no no meaningful isolation

1327

00:49:29,210 --> 00:49:27,599

but how would that make sense so so just

1328

00:49:31,309 --> 00:49:29,220

common sense how would that how would

1329

00:49:33,770 --> 00:49:31,319

that make sense then Richard how would

1330

00:49:35,809 --> 00:49:33,780

it make sense that you test these people

1331

00:49:38,809 --> 00:49:35,819

and they're sick they have the symptoms

1332

00:49:40,970 --> 00:49:38,819

and they're positive on the test and you

1333

00:49:43,309 --> 00:49:40,980

have other healthy people who take the

1334

00:49:45,109 --> 00:49:43,319

test and they're negative and you do

1335

00:49:46,670 --> 00:49:45,119

that over and over again how would that

1336

00:49:48,470 --> 00:49:46,680

make any sense

1337

00:49:50,569 --> 00:49:48,480

well it could be testing for something

1338

00:49:52,609 --> 00:49:50,579

that's to do with obviously with them

1339

00:49:54,650 --> 00:49:52,619

being sick okay like a breakdown like so

1340

00:49:57,170 --> 00:49:54,660

to go back to the electron microscope

1341

00:49:58,370 --> 00:49:57,180

when the virus and no virus can't look

1342

00:50:00,050 --> 00:49:58,380

down at they're seeing the same thing

1343

00:50:01,490 --> 00:50:00,060

but when the virus can't look down and

1344

00:50:02,690 --> 00:50:01,500

saying okay that's a virus down there

1345

00:50:04,849 --> 00:50:02,700

we're seeing a little squiggly thing

1346

00:50:06,530 --> 00:50:04,859

with the the crown like proteins on or

1347

00:50:08,210 --> 00:50:06,540

whatever and the no virus people are

1348

00:50:10,250 --> 00:50:08,220

saying no that's that's tissue breaking

1349

00:50:12,050 --> 00:50:10,260

down due to toxification due to some

1350

00:50:13,550 --> 00:50:12,060

kind of illness so if the test is

1351

00:50:15,710 --> 00:50:13,560

testing for the presence of that thing

1352

00:50:17,510 --> 00:50:15,720

then it's saying that thing is there but

1353

00:50:18,890 --> 00:50:17,520

it's either a virus or the breakdown

1354

00:50:20,510 --> 00:50:18,900

tissue and I'm again I'm not saying

1355

00:50:21,829 --> 00:50:20,520

that's a good explanation so for the

1356

00:50:25,069 --> 00:50:21,839

audience please don't you know take that

1357

00:50:26,990 --> 00:50:25,079

to the bank but that's um it's just one

1358

00:50:29,089 --> 00:50:27,000

logical way that that could be the case

1359

00:50:30,230 --> 00:50:29,099

it seems to be inherent in the whole

1360

00:50:31,609 --> 00:50:30,240

fact that there is a disagreement that

1361

00:50:33,290 --> 00:50:31,619

the test could be

1362

00:50:35,390 --> 00:50:33,300

showing different things

1363

00:50:36,710 --> 00:50:35,400

okay hold on here folks this is what

1364

00:50:39,890 --> 00:50:36,720

you've been waiting for

1365

00:50:41,990 --> 00:50:39,900

about to have a breakthrough here a

1366

00:50:44,569 --> 00:50:42,000

logical breakthrough

1367

00:50:46,550 --> 00:50:44,579

so Richard you are

1368

00:50:49,130 --> 00:50:46,560

a little biotech startup and you're

1369

00:50:50,809 --> 00:50:49,140

going to manufacture this test

1370

00:50:53,809 --> 00:50:50,819

for covid

1371

00:50:55,609 --> 00:50:53,819

and you're not part of the pandemic in

1372

00:50:57,589 --> 00:50:55,619

particular you're just a guy trying to

1373

00:50:58,730 --> 00:50:57,599

make a buck you know you've already do

1374

00:51:00,589 --> 00:50:58,740

all these other tests and now you're

1375

00:51:02,770 --> 00:51:00,599

going to do this test

1376

00:51:06,710 --> 00:51:02,780

okay

1377

00:51:09,109 --> 00:51:06,720

what do you what do you have to show in

1378

00:51:11,030 --> 00:51:09,119

order for your test to be accepted to be

1379

00:51:13,010 --> 00:51:11,040

used

1380

00:51:15,230 --> 00:51:13,020

can I mean can you just do can you just

1381

00:51:17,510 --> 00:51:15,240

totally fake it can you just put out a

1382

00:51:19,430 --> 00:51:17,520

totally totally fake test that doesn't

1383

00:51:21,530 --> 00:51:19,440

really do anything it just randomly

1384

00:51:22,910 --> 00:51:21,540

comes up positive negative is that going

1385

00:51:25,790 --> 00:51:22,920

to work is that going to pass muster

1386

00:51:30,049 --> 00:51:27,710

no I suppose and again look I'm getting

1387

00:51:33,049 --> 00:51:30,059

very speculative here but I suppose you

1388

00:51:36,349 --> 00:51:33,059

would have to have a test that lights up

1389

00:51:40,250 --> 00:51:36,359

when the presence of whatever it is that

1390

00:51:43,609 --> 00:51:40,260

we're calling covid-19 is there

1391

00:51:45,109 --> 00:51:43,619

to some degree of accuracy but it

1392

00:51:47,390 --> 00:51:45,119

doesn't necessarily mean that that thing

1393

00:51:48,710 --> 00:51:47,400

that is being picked up by the test is a

1394

00:51:50,930 --> 00:51:48,720

virus like that's the point of

1395

00:51:53,450 --> 00:51:50,940

contention how do you suppose you would

1396

00:51:54,470 --> 00:51:53,460

do that because what the the way they

1397

00:51:57,470 --> 00:51:54,480

did it

1398

00:52:01,430 --> 00:51:57,480

was their testing for the virus

1399

00:52:03,049 --> 00:52:01,440

antibodies so how would you do it given

1400

00:52:06,530 --> 00:52:03,059

in this world that you're in where there

1401
00:52:08,990 --> 00:52:06,540
are no viruses how would you make your

1402
00:52:11,630 --> 00:52:09,000
test work so you can make money so you

1403
00:52:13,309 --> 00:52:11,640
can sell it to but there are biological

1404
00:52:15,950 --> 00:52:13,319
entities that are being identified as

1405
00:52:18,410 --> 00:52:15,960
viruses right but they again they're

1406
00:52:20,329 --> 00:52:18,420
going to have to match up with symptoms

1407
00:52:21,829 --> 00:52:20,339
so people are sick they're going to go

1408
00:52:24,349 --> 00:52:21,839
to the store yes and they're going to

1409
00:52:26,329 --> 00:52:24,359
buy and and then you're also in your

1410
00:52:27,650 --> 00:52:26,339
testing in your testing before you put

1411
00:52:29,690 --> 00:52:27,660
this out on the market because it can't

1412
00:52:33,710 --> 00:52:29,700
we already agreed you can't just do a

1413
00:52:36,170 --> 00:52:33,720

total sham test or total sham uh uh

1414

00:52:38,329 --> 00:52:36,180

thing so you're going to have to do some

1415

00:52:41,329 --> 00:52:38,339

internal testing you're going to have to

1416

00:52:42,290 --> 00:52:41,339

take people who are sick and uh and then

1417

00:52:43,549 --> 00:52:42,300

you're gonna have to take people are

1418

00:52:46,069 --> 00:52:43,559

healthy and you're gonna have to give

1419

00:52:47,210 --> 00:52:46,079

them your little instant test so how are

1420

00:52:49,130 --> 00:52:47,220

you going to run how are you going to

1421

00:52:51,470 --> 00:52:49,140

run that test to see whether or not your

1422

00:52:53,750 --> 00:52:51,480

test is efficacious

1423

00:52:55,130 --> 00:52:53,760

because the tissue is picking okay again

1424

00:52:58,190 --> 00:52:55,140

I have to say that I'm being very

1425

00:53:00,349 --> 00:52:58,200

hypothetical here and the tissue

1426

00:53:01,190 --> 00:53:00,359

is it like the tissue being picked up

1427

00:53:03,049 --> 00:53:01,200

gone

1428

00:53:04,370 --> 00:53:03,059

it it could be that's a tissue that

1429

00:53:06,890 --> 00:53:04,380

appears in the presence of sickness

1430

00:53:08,750 --> 00:53:06,900

whether that sickness is a virus or a

1431

00:53:11,150 --> 00:53:08,760

detoxification process that's the thing

1432

00:53:12,890 --> 00:53:11,160

that's Up For Debate but if you aim the

1433

00:53:14,089 --> 00:53:12,900

test at that it's going to pick up on it

1434

00:53:16,010 --> 00:53:14,099

and you can say oh that's a virus or

1435

00:53:17,690 --> 00:53:16,020

it's the how tissue breaks down on

1436

00:53:18,950 --> 00:53:17,700

detoxification and that that seems to be

1437

00:53:21,290 --> 00:53:18,960

the central split in how that's

1438

00:53:23,750 --> 00:53:21,300

interpreted so it is plausible to have a

1439

00:53:25,730 --> 00:53:23,760

test that would pick up on sickness and

1440

00:53:29,450 --> 00:53:25,740

a certain type of sickness

1441

00:53:31,130 --> 00:53:29,460

well you you just realized kind of your

1442

00:53:32,930 --> 00:53:31,140

problem there when you add a particular

1443

00:53:35,450 --> 00:53:32,940

type of sickness because now we're

1444

00:53:38,510 --> 00:53:35,460

talking about a very particular set of

1445

00:53:42,770 --> 00:53:38,520

symptoms around this thing called covet

1446

00:53:45,290 --> 00:53:42,780

19. so you're just getting into kind of

1447

00:53:48,109 --> 00:53:45,300

territory that just doesn't it doesn't

1448

00:53:50,750 --> 00:53:48,119

make any sense and again so back to your

1449

00:53:52,309 --> 00:53:50,760

little laboratory uh you would also have

1450

00:53:53,809 --> 00:53:52,319

to have because this is an instant test

1451
00:53:55,549 --> 00:53:53,819
you want to crank these things out so

1452
00:53:57,230 --> 00:53:55,559
that people can just do them really

1453
00:53:59,510 --> 00:53:57,240
quickly with the saliva in their mouth

1454
00:54:01,670 --> 00:53:59,520
kind of thing and then it's going to be

1455
00:54:02,569 --> 00:54:01,680
backed up with the blood test that

1456
00:54:05,390 --> 00:54:02,579
they're going to do where they're going

1457
00:54:08,150 --> 00:54:05,400
to do a more comprehensive test so

1458
00:54:10,309 --> 00:54:08,160
that's going to be your standard inside

1459
00:54:11,930 --> 00:54:10,319
your little biotech Company by which you

1460
00:54:15,230 --> 00:54:11,940
compare whether your test is effective

1461
00:54:18,290 --> 00:54:15,240
like is my little saliva test working in

1462
00:54:20,329 --> 00:54:18,300
the same way as the blood test does and

1463
00:54:23,569 --> 00:54:20,339

I'm hoping that at this point you see

1464

00:54:27,589 --> 00:54:23,579

that in order for you to do any of this

1465

00:54:31,130 --> 00:54:27,599

work effectively you will have to have a

1466

00:54:33,650 --> 00:54:31,140

working understanding of this virus a

1467

00:54:35,390 --> 00:54:33,660

working understanding of it you are not

1468

00:54:37,790 --> 00:54:35,400

at the level of just saying well let's

1469

00:54:39,589 --> 00:54:37,800

see this tissue that it you couldn't do

1470

00:54:41,390 --> 00:54:39,599

it you couldn't manufacture these things

1471

00:54:45,650 --> 00:54:41,400

you couldn't test to see whether they're

1472

00:54:49,250 --> 00:54:47,510

right to be honest I'm out of my death

1473

00:54:51,670 --> 00:54:49,260

With the testing because nothing about

1474

00:54:53,750 --> 00:54:51,680

the testing convinced me that

1475

00:54:56,030 --> 00:54:53,760

convince me to put the no virus position

1476

00:54:57,049 --> 00:54:56,040

on the table so I think I've sort of

1477

00:54:58,970 --> 00:54:57,059

acknowledged this because your audience

1478

00:55:00,770 --> 00:54:58,980

is going to be getting increasingly bad

1479

00:55:02,809 --> 00:55:00,780

arguments from me from here on in

1480

00:55:04,430 --> 00:55:02,819

because it's just you would need to

1481

00:55:08,390 --> 00:55:04,440

bring someone who's really studied the

1482

00:55:09,650 --> 00:55:08,400

testing on my basis for putting no virus

1483

00:55:11,690 --> 00:55:09,660

position on the table is what I've

1484

00:55:12,530 --> 00:55:11,700

already said regarding that there are

1485

00:55:14,210 --> 00:55:12,540

these

1486

00:55:16,490 --> 00:55:14,220

really strong on the corporates for

1487

00:55:18,470 --> 00:55:16,500

polio and HIV and a lot of the cover

1488

00:55:21,109 --> 00:55:18,480

deaths and the Netflix is the

1489

00:55:22,970 --> 00:55:21,119

vaccination program Etc and I'm I'm sort

1490

00:55:25,250 --> 00:55:22,980

of trying my best with the the testing

1491

00:55:26,569 --> 00:55:25,260

but I've I'm concerned I'm not

1492

00:55:27,890 --> 00:55:26,579

representing

1493

00:55:29,270 --> 00:55:27,900

a position that other people could

1494

00:55:31,910 --> 00:55:29,280

represent very well

1495

00:55:33,890 --> 00:55:31,920

yeah this is what people always say when

1496

00:55:37,010 --> 00:55:33,900

they kind of reach a a point where they

1497

00:55:39,890 --> 00:55:37,020

can't do it look the Alex the virus the

1498

00:55:41,870 --> 00:55:39,900

testing and the vaccine are all related

1499

00:55:44,270 --> 00:55:41,880

and when people break them out and say

1500

00:55:46,730 --> 00:55:44,280

well I don't know about the testing the

1501
00:55:48,589 --> 00:55:46,740
testing is the virus there's no you you

1502
00:55:51,290 --> 00:55:48,599
can't separate it out as its own

1503
00:55:53,510 --> 00:55:51,300
category the vaccine is the virus when

1504
00:55:57,410 --> 00:55:53,520
we talked about the MMR autism

1505
00:55:59,750 --> 00:55:57,420
connection it's about the virus so again

1506
00:56:02,150 --> 00:55:59,760
all that stuff is out the window for the

1507
00:56:03,530 --> 00:56:02,160
no virus people but we've pounded on

1508
00:56:05,030 --> 00:56:03,540
that enough the other thing I would say

1509
00:56:07,670 --> 00:56:05,040
that always has drives me crazy about

1510
00:56:10,970 --> 00:56:07,680
the germ people it's all this focus on

1511
00:56:12,290 --> 00:56:10,980
virus but oh bacteria uh that that's

1512
00:56:14,750 --> 00:56:12,300
something that's some that's a whole

1513
00:56:16,730 --> 00:56:14,760

different category you know Anthrax or

1514

00:56:18,710 --> 00:56:16,740

cholera or any risk that because we can

1515

00:56:22,010 --> 00:56:18,720

see it in a microscope you know that

1516

00:56:23,170 --> 00:56:22,020

that that isn't in our purvey of uh of

1517

00:56:26,450 --> 00:56:23,180

this kind of

1518

00:56:28,490 --> 00:56:26,460

wacky germ Theory versus terrain Theory

1519

00:56:31,309 --> 00:56:28,500

thing why doesn't bacteria fall into the

1520

00:56:33,470 --> 00:56:31,319

same category as viruses I I don't know

1521

00:56:36,290 --> 00:56:33,480

I props because of what he said it's a

1522

00:56:38,390 --> 00:56:36,300

larger entities that are visible and do

1523

00:56:41,030 --> 00:56:38,400

float around cause and disease I imagine

1524

00:56:42,470 --> 00:56:41,040

there might be something I don't know

1525

00:56:43,790 --> 00:56:42,480

I think it's kind of funny because

1526

00:56:46,549 --> 00:56:43,800

people always talk about the Koch

1527

00:56:49,309 --> 00:56:46,559

postulates and you know this guy back at

1528

00:56:52,069 --> 00:56:49,319

1870 and isolation and stuff like that

1529

00:56:54,410 --> 00:56:52,079

he isolated bacteria that was the first

1530

00:56:57,410 --> 00:56:54,420

thing that he did and the whole idea of

1531

00:56:59,450 --> 00:56:57,420

germ theory is that is that before that

1532

00:57:01,790 --> 00:56:59,460

no one would believe that there were

1533

00:57:03,829 --> 00:57:01,800

these things that couldn't be seen that

1534

00:57:05,569 --> 00:57:03,839

were causing disease and that was the

1535

00:57:07,250 --> 00:57:05,579

Breakthrough that these guys did and

1536

00:57:09,109 --> 00:57:07,260

like you've reported on in your show and

1537

00:57:12,109 --> 00:57:09,119

everyone has you know Lister was famous

1538

00:57:14,990 --> 00:57:12,119

for the antiseptic surgical techniques

1539

00:57:18,170 --> 00:57:15,000

where he insisted you know that doctors

1540

00:57:19,730 --> 00:57:18,180

wash their hands after giving birth so

1541

00:57:21,349 --> 00:57:19,740

that they didn't and you know all said

1542

00:57:23,990 --> 00:57:21,359

infectious diseases went way down

1543

00:57:25,549 --> 00:57:24,000

because these doctors they hey my hands

1544

00:57:29,809 --> 00:57:25,559

are clean there's there's no there can't

1545

00:57:32,510 --> 00:57:29,819

be anything there so again this wacky no

1546

00:57:35,329 --> 00:57:32,520

virus stuff go read what these people

1547

00:57:37,790 --> 00:57:35,339

say has nothing to do with bacterial

1548

00:57:40,370 --> 00:57:37,800

infections right it totally does the guy

1549

00:57:42,589 --> 00:57:40,380

who last had on your show right Daniel

1550

00:57:46,130 --> 00:57:42,599

Thompson Mills yeah she's all about

1551
00:57:49,130 --> 00:57:46,140
terrain Theory versus germ Theory so uh

1552
00:57:51,530 --> 00:57:49,140
germ Theory includes bacteria it isn't

1553
00:57:55,069 --> 00:57:51,540
limited to virus services so when he's

1554
00:57:56,990 --> 00:57:55,079
pushing back against germ Theory he's

1555
00:57:59,329 --> 00:57:57,000
not distinguishing he's not saying oh

1556
00:58:02,930 --> 00:57:59,339
yeah well you know bacteria are a

1557
00:58:04,970 --> 00:58:02,940
totally separate category of these

1558
00:58:07,069 --> 00:58:04,980
invisible small little things that can

1559
00:58:09,230 --> 00:58:07,079
be linked to disease it's just no one

1560
00:58:11,089 --> 00:58:09,240
talks about it this whole thing is a

1561
00:58:13,430 --> 00:58:11,099
psyop man

1562
00:58:17,030 --> 00:58:13,440
yeah so I'm not saying that about

1563
00:58:18,710 --> 00:58:17,040

bacteria Daniel said some things which

1564

00:58:20,450 --> 00:58:18,720

I thought was speculative some things

1565

00:58:23,030 --> 00:58:20,460

before very sensible and some things

1566

00:58:24,770 --> 00:58:23,040

which I thought were wrong and I did

1567

00:58:26,329 --> 00:58:24,780

push back on certain things to be taken

1568

00:58:27,890 --> 00:58:26,339

from Tom Collinsworth like apparently

1569

00:58:29,390 --> 00:58:27,900

Tom Cowen has an idea that when post

1570

00:58:31,730 --> 00:58:29,400

forms around a splinter that's the body

1571

00:58:33,410 --> 00:58:31,740

pushing the splinter out oh great I I

1572

00:58:35,390 --> 00:58:33,420

hadn't heard that one before but that's

1573

00:58:38,150 --> 00:58:35,400

a classic and when I pushed on that and

1574

00:58:40,250 --> 00:58:38,160

well what's the basis for that and he

1575

00:58:42,109 --> 00:58:40,260

was just quoting Tom Karen he didn't

1576

00:58:44,270 --> 00:58:42,119

have one so there's some certainly

1577

00:58:45,589 --> 00:58:44,280

certain things I'm very cynical okay and

1578

00:58:47,870 --> 00:58:45,599

I'm not opposed to going down the

1579

00:58:49,010 --> 00:58:47,880

bacterial infections don't exist at all

1580

00:58:51,349 --> 00:58:49,020

I think it's

1581

00:58:53,450 --> 00:58:51,359

just really demonstrable they do so I'm

1582

00:58:54,890 --> 00:58:53,460

I'm not that's not an idea that I'm

1583

00:58:57,049 --> 00:58:54,900

what's the distinction you're making

1584

00:58:59,450 --> 00:58:57,059

there between uh bacterial infections

1585

00:59:02,329 --> 00:58:59,460

and viral infections I couldn't describe

1586

00:59:03,950 --> 00:59:02,339

it in the terms of biology bacteria

1587

00:59:05,390 --> 00:59:03,960

living things aren't they and viruses on

1588

00:59:08,390 --> 00:59:05,400

to them or smaller I couldn't describe

1589

00:59:10,329 --> 00:59:08,400

the biology well the viruses are clearly

1590

00:59:13,130 --> 00:59:10,339

living things right I mean

1591

00:59:14,870 --> 00:59:13,140

I didn't I don't think so

1592

00:59:17,150 --> 00:59:14,880

I thought they're not technically alive

1593

00:59:20,809 --> 00:59:17,160

I could be wrong about that I thought

1594

00:59:23,750 --> 00:59:20,819

that was a quick Google waiter yeah

1595

00:59:25,609 --> 00:59:23,760

I mean they're alive or they wouldn't it

1596

00:59:27,410 --> 00:59:25,619

be they wouldn't be multiplying are

1597

00:59:30,109 --> 00:59:27,420

viruses living that's a question that

1598

00:59:32,510 --> 00:59:30,119

look at this so most biologists say no

1599

00:59:34,069 --> 00:59:32,520

viruses are not made out of cells they

1600

00:59:35,870 --> 00:59:34,079

can't keep themselves in a stable state

1601
00:59:38,390 --> 00:59:35,880
so I think that's one factor that makes

1602
00:59:39,770 --> 00:59:38,400
people skeptical of the non-living thing

1603
00:59:41,990 --> 00:59:39,780
can do all these things attribute to

1604
00:59:44,870 --> 00:59:42,000
them it's not my complaint my complaint

1605
00:59:46,849 --> 00:59:44,880
is well with bacterial infections you

1606
00:59:48,589 --> 00:59:46,859
could identify the bacteria and it seems

1607
00:59:49,970 --> 00:59:48,599
to be causal there's not some other

1608
00:59:51,349 --> 00:59:49,980
thing you can put in there to suggest

1609
00:59:55,010 --> 00:59:51,359
hey this is causing all the diseases

1610
00:59:57,650 --> 00:59:55,020
whereas with some viruses that's present

1611
01:00:00,230 --> 00:59:57,660
as I explained with polio except right

1612
01:00:02,390 --> 01:00:00,240
so I guess as I keep going through uh

1613
01:00:04,670 --> 01:00:02,400

Google viruses are considered both

1614

01:00:06,289 --> 01:00:04,680

living and non-living this is due to the

1615

01:00:08,270 --> 01:00:06,299

fact that viruses possess the

1616

01:00:10,309 --> 01:00:08,280

characteristics of both living and

1617

01:00:12,289 --> 01:00:10,319

non-living for instance viruses can

1618

01:00:14,510 --> 01:00:12,299

reproduce inside a host just like any

1619

01:00:16,430 --> 01:00:14,520

other living organism a disability to

1620

01:00:18,970 --> 01:00:16,440

reproduce his loss from viruses outside

1621

01:00:21,289 --> 01:00:18,980

of the host cell

1622

01:00:23,630 --> 01:00:21,299

I still think you're gonna have a hard

1623

01:00:24,890 --> 01:00:23,640

time but I understand your Extinction I

1624

01:00:26,210 --> 01:00:24,900

don't want to dismiss it I understand

1625

01:00:29,210 --> 01:00:26,220

that there's a distinction between

1626

01:00:33,109 --> 01:00:29,220

viruses and bacteria that could feed

1627

01:00:36,770 --> 01:00:34,549

okay

1628

01:00:38,870 --> 01:00:36,780

how should we move towards uh wrapping

1629

01:00:41,270 --> 01:00:38,880

this up do you want to have some kind of

1630

01:00:42,710 --> 01:00:41,280

closing

1631

01:00:44,990 --> 01:00:42,720

well maybe

1632

01:00:46,430 --> 01:00:45,000

another aspect of this which might be

1633

01:00:48,230 --> 01:00:46,440

interesting to talk about just because I

1634

01:00:50,809 --> 01:00:48,240

think we're going to start going around

1635

01:00:53,870 --> 01:00:50,819

in circles with the neurology thing

1636

01:00:56,690 --> 01:00:53,880

we've said we've said is your perception

1637

01:00:59,329 --> 01:00:56,700

that it's either Messiah or at any rate

1638

01:01:00,829 --> 01:00:59,339

it's something that's very very bad to

1639

01:01:03,710 --> 01:01:00,839

have in because it introduces all this

1640

01:01:05,589 --> 01:01:03,720

craziness into what we need to have

1641

01:01:08,210 --> 01:01:05,599

which is focused resistance against

1642

01:01:10,370 --> 01:01:08,220

covert okay in the covert agenda and

1643

01:01:12,289 --> 01:01:10,380

whatever Covert 2.0 is which is going to

1644

01:01:13,609 --> 01:01:12,299

come down it's already heading towards

1645

01:01:16,130 --> 01:01:13,619

us

1646

01:01:18,289 --> 01:01:16,140

and this is for me I see a repetition of

1647

01:01:20,390 --> 01:01:18,299

what happened with 911 where you you

1648

01:01:22,970 --> 01:01:20,400

have everyone has a different kind of

1649

01:01:26,450 --> 01:01:22,980

crazy line with 9 11. so you get people

1650

01:01:28,250 --> 01:01:26,460

who think that was all a geopolitical uh

1651
01:01:30,710 --> 01:01:28,260
games being played by the CIA and they

1652
01:01:32,510 --> 01:01:30,720
were trying to manage the uh ultimate

1653
01:01:33,710 --> 01:01:32,520
hijackers but they lost control of them

1654
01:01:36,289 --> 01:01:33,720
and then you get people who say no

1655
01:01:37,609 --> 01:01:36,299
that's that's not far enough and they

1656
01:01:39,049 --> 01:01:37,619
were trying they were managing the

1657
01:01:40,190 --> 01:01:39,059
hijackers so they could do the operation

1658
01:01:41,450 --> 01:01:40,200
and the first group think the second

1659
01:01:43,190 --> 01:01:41,460
group is crazy but the second group

1660
01:01:44,569 --> 01:01:43,200
think the people who say bombs in the

1661
01:01:46,250 --> 01:01:44,579
buildings are crazy people say think

1662
01:01:48,950 --> 01:01:46,260
bombs in the buildings are crazy

1663
01:01:49,789 --> 01:01:48,960

uh the people say that there were bombs

1664

01:01:51,530 --> 01:01:49,799

in the buildings they think the

1665

01:01:53,270 --> 01:01:51,540

holographic plain people are crazy and

1666

01:01:54,349 --> 01:01:53,280

what you have is this massive amount of

1667

01:01:56,510 --> 01:01:54,359

infighting because everyone thinks it's

1668

01:01:58,069 --> 01:01:56,520

very important that no one to the left

1669

01:02:00,170 --> 01:01:58,079

or the right of them should be included

1670

01:02:01,670 --> 01:02:00,180

in the movement and I just see that

1671

01:02:03,289 --> 01:02:01,680

pattern repeating it's been a very

1672

01:02:04,970 --> 01:02:03,299

depressing thing for me to see how no

1673

01:02:07,130 --> 01:02:04,980

one will talk across ideological lines

1674

01:02:09,289 --> 01:02:07,140

with the covid virology questions

1675

01:02:11,270 --> 01:02:09,299

everyone just goes into their Silo and

1676

01:02:15,230 --> 01:02:11,280

that's it and this is you know from us

1677

01:02:17,089 --> 01:02:15,240

to entirely non-experts on this who you

1678

01:02:18,589 --> 01:02:17,099

know read what you've read on it but do

1679

01:02:20,270 --> 01:02:18,599

not spend our lives staring down Electro

1680

01:02:22,910 --> 01:02:20,280

microscopes this is the closest thing

1681

01:02:24,710 --> 01:02:22,920

that exists to a dialogue on this topic

1682

01:02:27,230 --> 01:02:24,720

almost you know which is it's quite

1683

01:02:28,970 --> 01:02:27,240

depressing really so it's that

1684

01:02:30,530 --> 01:02:28,980

perception I I suppose we're in

1685

01:02:32,809 --> 01:02:30,540

different there Alex is I don't

1686

01:02:35,750 --> 01:02:32,819

necessarily and I can't see

1687

01:02:38,329 --> 01:02:35,760

intellectual expansiveness as being a

1688

01:02:40,309 --> 01:02:38,339

bad thing okay so if people are just on

1689

01:02:42,230 --> 01:02:40,319

a pure science level I think that

1690

01:02:44,510 --> 01:02:42,240

science progresses through conflict of

1691

01:02:45,770 --> 01:02:44,520

opposites okay this protagonarian

1692

01:02:47,150 --> 01:02:45,780

sentiment that you make the weaker

1693

01:02:49,250 --> 01:02:47,160

argument the stronger and thereby

1694

01:02:51,770 --> 01:02:49,260

Advance the motion of the whole so I

1695

01:02:53,390 --> 01:02:51,780

think that by interjecting uh an

1696

01:02:55,490 --> 01:02:53,400

alternative Paradigm and that could be

1697

01:02:58,069 --> 01:02:55,500

creationism in The evolutionary story

1698

01:02:59,270 --> 01:02:58,079

then you you look at or it could be the

1699

01:03:00,589 --> 01:02:59,280

no virus Camp even if it's not

1700

01:03:03,049 --> 01:03:00,599

ultimately true even if it's not

1701

01:03:04,490 --> 01:03:03,059

ultimately true then by looking at

1702

01:03:06,770 --> 01:03:04,500

things that way they are going to see

1703

01:03:08,690 --> 01:03:06,780

things that other people won't like who

1704

01:03:10,069 --> 01:03:08,700

is it that's going to see that the um

1705

01:03:11,569 --> 01:03:10,079

the bones we're saying on the missing

1706

01:03:12,650 --> 01:03:11,579

links aren't really the missing links

1707

01:03:14,569 --> 01:03:12,660

well there'll be people that don't

1708

01:03:16,730 --> 01:03:14,579

believe in in evolution and who is it

1709

01:03:18,589 --> 01:03:16,740

that's going to see that polio maybe

1710

01:03:20,690 --> 01:03:18,599

wasn't caused by a bar so after all it

1711

01:03:22,069 --> 01:03:20,700

was it was um environmental factors well

1712

01:03:23,450 --> 01:03:22,079

quite likely people who are very very

1713

01:03:27,589 --> 01:03:23,460

very cynical about the existence of

1714

01:03:29,809 --> 01:03:27,599

viruses at all so to me pluralism is a

1715

01:03:32,210 --> 01:03:29,819

healthy thing for the advancement of

1716

01:03:33,650 --> 01:03:32,220

knowledge and an uncertainty on issues

1717

01:03:35,870 --> 01:03:33,660

that we don't know about out embodying

1718

01:03:38,270 --> 01:03:35,880

that uncertainty is a healthy thing too

1719

01:03:40,730 --> 01:03:38,280

I'm not just talking about like outright

1720

01:03:42,650 --> 01:03:40,740

fence sitting but a movement off the

1721

01:03:43,970 --> 01:03:42,660

fence in both directions into into one

1722

01:03:45,470 --> 01:03:43,980

side and then the other and coming back

1723

01:03:47,390 --> 01:03:45,480

to the fence all of this seems very

1724

01:03:48,650 --> 01:03:47,400

healthy to me and then I noticed I don't

1725

01:03:49,910 --> 01:03:48,660

think you see it that way I think you

1726

01:03:52,309 --> 01:03:49,920

see it as something that's detracting

1727

01:03:54,230 --> 01:03:52,319

from what should be more focused

1728

01:03:56,329 --> 01:03:54,240

so how do we square that Circle well

1729

01:03:58,789 --> 01:03:56,339

this is something that you've mentioned

1730

01:04:01,190 --> 01:03:58,799

to me in the past and particularly with

1731

01:04:03,289 --> 01:04:01,200

911 and the example you gave was

1732

01:04:07,010 --> 01:04:03,299

somebody starts out with flat Earth you

1733

01:04:09,109 --> 01:04:07,020

know and they eventually over time go

1734

01:04:12,770 --> 01:04:09,119

wow that was pretty crazy don't remind

1735

01:04:15,410 --> 01:04:12,780

me but it opens them up to looking at 9

1736

01:04:18,230 --> 01:04:15,420

11. so they were moving in these circles

1737

01:04:20,450 --> 01:04:18,240

where those two issues within the circle

1738

01:04:22,490 --> 01:04:20,460

of people they came in contact with were

1739

01:04:23,870 --> 01:04:22,500

equally crazy like you're saying you

1740

01:04:25,849 --> 01:04:23,880

believe in Flat Earth you believe in 9

1741

01:04:27,950 --> 01:04:25,859

11 they're the same and now the person

1742

01:04:30,049 --> 01:04:27,960

goes through this process like you're

1743

01:04:32,270 --> 01:04:30,059

saying and they go yeah Flat Earth is

1744

01:04:34,010 --> 01:04:32,280

kind of goofy but 911 turns out to be

1745

01:04:36,589 --> 01:04:34,020

you know have a lot of substance to it

1746

01:04:39,109 --> 01:04:36,599

and I've had we've had this conversation

1747

01:04:41,750 --> 01:04:39,119

before where you know you

1748

01:04:44,390 --> 01:04:41,760

kind of hold that up and that's

1749

01:04:47,270 --> 01:04:44,400

undeniable I mean shoot we've all been

1750

01:04:51,410 --> 01:04:47,280

there we've all been there personally

1751

01:04:52,670 --> 01:04:51,420

the reason I like science even though I

1752

01:04:53,870 --> 01:04:52,680

still think science is wrong about

1753

01:04:56,270 --> 01:04:53,880

almost everything because it doesn't

1754

01:04:58,569 --> 01:04:56,280

incorporate any Consciousness is that I

1755

01:05:01,190 --> 01:04:58,579

do think it is important to have

1756

01:05:04,549 --> 01:05:01,200

especially in these times where

1757

01:05:06,530 --> 01:05:04,559

information is being manipulated is

1758

01:05:08,770 --> 01:05:06,540

being controlled there are all these

1759

01:05:10,670 --> 01:05:08,780

psyops there are all these agendas

1760

01:05:14,690 --> 01:05:10,680

undeniable you know when you go into

1761

01:05:17,870 --> 01:05:14,700

these other fields that we we hold to

1762

01:05:20,510 --> 01:05:17,880

some basic principles and standards both

1763

01:05:23,750 --> 01:05:20,520

in terms of science and in terms of

1764

01:05:25,430 --> 01:05:23,760

logic and reason and I don't think it's

1765

01:05:28,789 --> 01:05:25,440

a good idea to

1766

01:05:30,530 --> 01:05:28,799

jump off just for a little while so that

1767

01:05:32,750 --> 01:05:30,540

I can come back on with a fresh

1768

01:05:35,030 --> 01:05:32,760

perspective I accept that maybe that

1769

01:05:37,309 --> 01:05:35,040

works for some people but I don't think

1770

01:05:39,950 --> 01:05:37,319

in general that's a good path and I

1771

01:05:43,190 --> 01:05:39,960

think it's just a rot with all sorts of

1772

01:05:46,130 --> 01:05:43,200

potential manipulation to me just follow

1773

01:05:49,010 --> 01:05:46,140

the data wherever it leads in the case

1774

01:05:51,710 --> 01:05:49,020

of of viruses you know to make that case

1775

01:05:54,849 --> 01:05:51,720

and advance that case you would have to

1776

01:05:58,670 --> 01:05:54,859

contemplate a conspiracy going back

1777

01:06:00,710 --> 01:05:58,680

hundreds of years involving thousands

1778

01:06:02,690 --> 01:06:00,720

and thousands of scientists who've

1779

01:06:05,809 --> 01:06:02,700

published peer-reviewed papers that you

1780

01:06:07,849 --> 01:06:05,819

can look up and then analyze and other

1781

01:06:09,789 --> 01:06:07,859

people have analyzed them and you'd have

1782

01:06:12,589 --> 01:06:09,799

to say all that was some kind of

1783

01:06:14,809 --> 01:06:12,599

organized effort to bring us to this

1784

01:06:17,809 --> 01:06:14,819

point in this discussion between Richard

1785

01:06:20,030 --> 01:06:17,819

and Alex to confuse the issue because

1786

01:06:24,049 --> 01:06:20,040

what's really going on is there's no

1787

01:06:27,370 --> 01:06:24,059

viruses to me that is just only an inch

1788

01:06:29,890 --> 01:06:27,380

or two above the Flat Earth stuff

1789

01:06:34,069 --> 01:06:29,900

so I completely disagree about it

1790

01:06:36,349 --> 01:06:34,079

necessitating a conspiracy and what I

1791

01:06:38,450 --> 01:06:36,359

think is that in some ways we still live

1792

01:06:40,609 --> 01:06:38,460

in the Middle Ages and this is maybe

1793

01:06:42,109 --> 01:06:40,619

maybe this is a fundamental point of

1794

01:06:43,609 --> 01:06:42,119

contention but in some ways we don't

1795

01:06:45,349 --> 01:06:43,619

when I look at my window and I see a

1796

01:06:46,010 --> 01:06:45,359

giant flying robot moving through the

1797

01:06:48,890 --> 01:06:46,020

sky

1798

01:06:51,829 --> 01:06:48,900

that's the end point of a process of

1799

01:06:54,049 --> 01:06:51,839

where we have become in some way better

1800

01:06:55,309 --> 01:06:54,059

at interrogating the natural world and

1801

01:06:57,289 --> 01:06:55,319

coming up with science and Building

1802

01:06:58,849 --> 01:06:57,299

Technology off that science so we are in

1803

01:07:00,529 --> 01:06:58,859

some ways fundamentally different in the

1804

01:07:02,750 --> 01:07:00,539

way we think than we were in the past as

1805

01:07:04,549 --> 01:07:02,760

is evidenced by the world around us but

1806

01:07:06,410 --> 01:07:04,559

in another way I don't think we are and

1807

01:07:08,750 --> 01:07:06,420

I think that other way is that we're

1808

01:07:11,390 --> 01:07:08,760

still very very bad at questioning our

1809

01:07:13,910 --> 01:07:11,400

core assumptions and this is um

1810

01:07:16,370 --> 01:07:13,920

Thomas Coon's point about the way people

1811

01:07:19,130 --> 01:07:16,380

come into science is it's more like

1812

01:07:21,589 --> 01:07:19,140

learning a trade so

1813

01:07:23,270 --> 01:07:21,599

when my electrician comes around and

1814

01:07:25,190 --> 01:07:23,280

does the wiring in the house

1815

01:07:27,410 --> 01:07:25,200

like he may be very competent of that

1816

01:07:28,910 --> 01:07:27,420

but I don't necessarily expect to be

1817

01:07:30,890 --> 01:07:28,920

able to have a conversation with him

1818

01:07:32,390 --> 01:07:30,900

about the nature of electricity or

1819

01:07:34,549 --> 01:07:32,400

whether Nikola Tesla was right about

1820

01:07:36,289 --> 01:07:34,559

transmitting it wirelessly through the

1821

01:07:38,089 --> 01:07:36,299

air I mean you know I'm sure you get

1822

01:07:40,250 --> 01:07:38,099

very philosophical electricians but I'm

1823

01:07:42,230 --> 01:07:40,260

not that's not in the training okay to

1824

01:07:43,789 --> 01:07:42,240

question the nature of things and I

1825

01:07:45,950 --> 01:07:43,799

think science is essentially the same

1826

01:07:49,789 --> 01:07:45,960

with that where people are initiated

1827

01:07:51,470 --> 01:07:49,799

into a profession by having to compress

1828

01:07:53,930 --> 01:07:51,480

a learning into a tight space of time

1829

01:07:56,270 --> 01:07:53,940

and regurgitate different exams inside

1830

01:07:58,190 --> 01:07:56,280

an existing Paradigm and then they can

1831

01:07:59,930 --> 01:07:58,200

go their entire career Under Pressure to

1832

01:08:01,789 --> 01:07:59,940

always produce and always move on

1833

01:08:03,589 --> 01:08:01,799

without ever questioning the foundation

1834

01:08:06,349 --> 01:08:03,599

they're standing on and I think that's

1835

01:08:08,990 --> 01:08:06,359

why you can have sciences that are

1836

01:08:10,370 --> 01:08:09,000

people pour their expertise to spend

1837

01:08:11,569 --> 01:08:10,380

their lifetime studying and they can

1838

01:08:13,069 --> 01:08:11,579

still be wrong about the fundamentals

1839

01:08:14,870 --> 01:08:13,079

that occurs in lots of different ways

1840

01:08:15,829 --> 01:08:14,880

I've just produced a podcast on the

1841

01:08:17,930 --> 01:08:15,839

history of the first world war

1842

01:08:19,729 --> 01:08:17,940

questioning whether historians have been

1843

01:08:22,370 --> 01:08:19,739

locked into a spec a perspective that

1844

01:08:24,169 --> 01:08:22,380

excuses uh the British complicity in

1845

01:08:26,689 --> 01:08:24,179

starting the war I'm looking at a

1846

01:08:28,430 --> 01:08:26,699

podcast on on the science of memory and

1847

01:08:29,749 --> 01:08:28,440

I'm realizing that a lot of all

1848

01:08:31,550 --> 01:08:29,759

dependings of certain branches of

1849

01:08:32,749 --> 01:08:31,560

psychotherapy really went down the wrong

1850

01:08:34,309 --> 01:08:32,759

path with very destructive results

1851
01:08:35,870 --> 01:08:34,319
because people don't question the

1852
01:08:37,490 --> 01:08:35,880
foundation so in all areas view

1853
01:08:38,930 --> 01:08:37,500
knowledge I think this can exist and

1854
01:08:41,689 --> 01:08:38,940
that's why you don't need a conspiracy

1855
01:08:44,090 --> 01:08:41,699
to account for massive errors existing

1856
01:08:45,950 --> 01:08:44,100
over time and space yeah I think you

1857
01:08:48,890 --> 01:08:45,960
have to be really careful when you draw

1858
01:08:49,729 --> 01:08:48,900
these analogies and the part that I

1859
01:08:51,769 --> 01:08:49,739
think

1860
01:08:55,849 --> 01:08:51,779
totally runs against what you're saying

1861
01:08:58,789 --> 01:08:55,859
is the engineering uh medical devices

1862
01:09:01,010 --> 01:08:58,799
medical cures Medical Science you know

1863
01:09:02,570 --> 01:09:01,020

so kind of like I'm saying I think that

1864

01:09:03,349 --> 01:09:02,580

the strongest argument you can go back

1865

01:09:05,390 --> 01:09:03,359

and

1866

01:09:06,829 --> 01:09:05,400

kind of contemplate a little bit is like

1867

01:09:10,070 --> 01:09:06,839

if you're going to come up with a test

1868

01:09:11,870 --> 01:09:10,080

for covid that tested your saliva and

1869

01:09:14,169 --> 01:09:11,880

you know indicated whether or not yet

1870

01:09:16,309 --> 01:09:14,179

covet and you want to

1871

01:09:18,650 --> 01:09:16,319

cross-correlated with the effectiveness

1872

01:09:20,209 --> 01:09:18,660

of the blood test you know and there are

1873

01:09:21,470 --> 01:09:20,219

two different means of getting at the

1874

01:09:25,430 --> 01:09:21,480

same thing

1875

01:09:29,329 --> 01:09:25,440

you can't engineer and make it work

1876

01:09:31,729 --> 01:09:29,339

if you don't have a command of the

1877

01:09:34,729 --> 01:09:31,739

science it's kind of like you can't

1878

01:09:37,729 --> 01:09:34,739

build a computer you can't build a modem

1879

01:09:41,090 --> 01:09:37,739

you can't build an iPhone if you don't

1880

01:09:44,749 --> 01:09:41,100

have a command of how an integrated

1881

01:09:48,769 --> 01:09:44,759

circuit works you can't just kind of

1882

01:09:51,410 --> 01:09:48,779

wish it to be so or speculate on it it's

1883

01:09:53,510 --> 01:09:51,420

in the engineering where which a lot of

1884

01:09:55,930 --> 01:09:53,520

times leaves behind what you're talking

1885

01:09:58,550 --> 01:09:55,940

about in terms of the the philosophical

1886

01:10:00,470 --> 01:09:58,560

underpinnings of some of this stuff the

1887

01:10:02,390 --> 01:10:00,480

engineering of it is where it really

1888

01:10:05,090 --> 01:10:02,400

kind of is all revealed and I'd say the

1889

01:10:07,669 --> 01:10:05,100

same is true with the vaccines the

1890

01:10:11,890 --> 01:10:07,679

vaccines are the engineering

1891

01:10:14,990 --> 01:10:11,900

of the virus and that their existence

1892

01:10:18,709 --> 01:10:15,000

completely is counter to the idea that

1893

01:10:20,090 --> 01:10:18,719

there are no viruses it's like

1894

01:10:22,910 --> 01:10:20,100

you know it was like the other thing

1895

01:10:26,390 --> 01:10:22,920

about the covet is it's not only a virus

1896

01:10:29,209 --> 01:10:26,400

it's a bio weapon they built it in a

1897

01:10:32,510 --> 01:10:29,219

lab in a lab where they were

1898

01:10:35,229 --> 01:10:32,520

building other dangerous viruses and

1899

01:10:37,910 --> 01:10:35,239

weaponizing other dangerous diseases

1900

01:10:39,110 --> 01:10:37,920

again like I'm going to rant for a

1901

01:10:40,490 --> 01:10:39,120

little bit longer because we didn't talk

1902

01:10:44,510 --> 01:10:40,500

about this topic

1903

01:10:47,209 --> 01:10:44,520

notice how that is effectively moved off

1904

01:10:50,330 --> 01:10:47,219

to the side with the psyop hey there is

1905

01:10:53,390 --> 01:10:50,340

no viruses so let's not worry about our

1906

01:10:56,750 --> 01:10:53,400

bioweapon labs and the Chinese bioweapon

1907

01:10:59,689 --> 01:10:56,760

Labs because there are no viruses gain

1908

01:11:02,870 --> 01:10:59,699

of function fouchy all that

1909

01:11:05,510 --> 01:11:02,880

off the table there are no viruses

1910

01:11:07,250 --> 01:11:05,520

they can't be working to improve the

1911

01:11:09,290 --> 01:11:07,260

gain of function of the virus because

1912

01:11:11,330 --> 01:11:09,300

there are no viruses do you understand

1913

01:11:13,250 --> 01:11:11,340

the Absurd oh I I entirely agree

1914

01:11:14,689 --> 01:11:13,260

everyone who thinks there's a virus and

1915

01:11:16,850 --> 01:11:14,699

it's a bio weapon thinks a no virus

1916

01:11:18,110 --> 01:11:16,860

thing is a scam to detract from that and

1917

01:11:20,570 --> 01:11:18,120

everyone is into the no virus thing

1918

01:11:22,189 --> 01:11:20,580

thinks that the gain of function in the

1919

01:11:24,410 --> 01:11:22,199

Chinese Laboratories is a scam to

1920

01:11:25,910 --> 01:11:24,420

detract from the factors how could that

1921

01:11:28,189 --> 01:11:25,920

explain to me since you're in that camp

1922

01:11:29,990 --> 01:11:28,199

how do they explain away the the gain of

1923

01:11:33,410 --> 01:11:30,000

function research I mean explain to me

1924

01:11:34,790 --> 01:11:33,420

how they explain that away no idea I

1925

01:11:36,229 --> 01:11:34,800

hope that the audience listens to this

1926

01:11:38,270 --> 01:11:36,239

has gained some value from what I have

1927

01:11:39,470 --> 01:11:38,280

said but I would be going into areas I

1928

01:11:42,410 --> 01:11:39,480

just don't have a clue about if I even

1929

01:11:44,810 --> 01:11:42,420

went there so rationally logically how

1930

01:11:47,030 --> 01:11:44,820

does that make any sense to you

1931

01:11:48,770 --> 01:11:47,040

I don't know I just can't let because

1932

01:11:50,390 --> 01:11:48,780

two years ago the whole no virus thing

1933

01:11:51,830 --> 01:11:50,400

at all didn't make sense to me so I I

1934

01:11:53,570 --> 01:11:51,840

just don't know I know they talk about

1935

01:11:55,490 --> 01:11:53,580

it I just don't know about it

1936

01:11:58,130 --> 01:11:55,500

Richard think about it for a minute

1937

01:11:59,870 --> 01:11:58,140

think just anything you again you said

1938

01:12:01,550 --> 01:11:59,880

there were just two people who don't

1939

01:12:03,290 --> 01:12:01,560

know that much again this is back my

1940

01:12:06,050 --> 01:12:03,300

point of logic

1941

01:12:09,229 --> 01:12:06,060

basic logic basic reason

1942

01:12:12,530 --> 01:12:09,239

how can you have published studies on

1943

01:12:15,709 --> 01:12:12,540

gain a function of the weaponization of

1944

01:12:18,110 --> 01:12:15,719

these viruses if viruses don't even

1945

01:12:19,310 --> 01:12:18,120

exist how could you have people studying

1946

01:12:21,290 --> 01:12:19,320

that how could you have all these bio

1947

01:12:22,550 --> 01:12:21,300

weapons we have heard Mark Bailey make

1948

01:12:23,990 --> 01:12:22,560

the exact opposite point and say well

1949

01:12:24,890 --> 01:12:24,000

the reason this research never comes to

1950

01:12:26,510 --> 01:12:24,900

anything and the reason you have

1951

01:12:28,490 --> 01:12:26,520

chemical warfare but no biological

1952

01:12:29,689 --> 01:12:28,500

warfare rolled out is because it's

1953

01:12:32,030 --> 01:12:29,699

completely ineffective because it's

1954

01:12:34,430 --> 01:12:32,040

built on a false Paradigm so it is

1955

01:12:35,870 --> 01:12:34,440

addressed but I would my the poverty of

1956

01:12:37,430 --> 01:12:35,880

my reply would be such that it is not

1957

01:12:39,709 --> 01:12:37,440

worth giving

1958

01:12:41,630 --> 01:12:39,719

I just I just I'm out I don't know I

1959

01:12:44,390 --> 01:12:41,640

can't I can't do that one

1960

01:12:45,890 --> 01:12:44,400

okay so as a result of this you're gonna

1961

01:12:48,189 --> 01:12:45,900

get to the bottom of it because you

1962

01:12:51,110 --> 01:12:48,199

agree that is completely logically

1963

01:12:54,830 --> 01:12:51,120

inconsistent that whole body of research

1964

01:12:56,990 --> 01:12:54,840

which is gain a function it's it Not

1965

01:12:58,970 --> 01:12:57,000

only would it not be like the even the

1966

01:13:01,550 --> 01:12:58,980

part you said about that guy who said it

1967

01:13:04,250 --> 01:13:01,560

never works it's like no I mean they

1968

01:13:06,050 --> 01:13:04,260

publish all these papers and say that

1969

01:13:07,970 --> 01:13:06,060

this is what they did and here's the

1970

01:13:11,330 --> 01:13:07,980

results that they got and all the rest

1971

01:13:13,850 --> 01:13:11,340

of that you would have to create a you a

1972

01:13:15,290 --> 01:13:13,860

world where that is how would you even

1973

01:13:17,450 --> 01:13:15,300

explain that that they're just kind of

1974

01:13:19,130 --> 01:13:17,460

making that up or that they're it's

1975

01:13:21,110 --> 01:13:19,140

passing peer review or that they're not

1976

01:13:22,550 --> 01:13:21,120

really doing the experiments I mean I

1977

01:13:24,050 --> 01:13:22,560

don't even know logically how that would

1978

01:13:25,850 --> 01:13:24,060

even how you would put that argument

1979

01:13:27,590 --> 01:13:25,860

together I don't know but it doesn't if

1980

01:13:30,470 --> 01:13:27,600

you consider like the the body of work

1981

01:13:32,510 --> 01:13:30,480

that must exist but on HIV okay and if

1982

01:13:34,310 --> 01:13:32,520

it doesn't cause AIDS that body of work

1983

01:13:36,169 --> 01:13:34,320

can just be taken and put straight into

1984

01:13:37,850 --> 01:13:36,179

the bin but there must be thousands of

1985

01:13:39,050 --> 01:13:37,860

thousands of scientists who have worked

1986

01:13:41,590 --> 01:13:39,060

on that problem and thousands found

1987

01:13:43,970 --> 01:13:41,600

scientific polio problem and again

1988

01:13:46,550 --> 01:13:43,980

either the guy you had in your show was

1989

01:13:47,870 --> 01:13:46,560

wrong or all that research goes in the

1990

01:13:49,610 --> 01:13:47,880

bin and I don't think it's because

1991

01:13:51,530 --> 01:13:49,620

they're all in a conspiracy no it's

1992

01:13:54,050 --> 01:13:51,540

because they're looking at something no

1993

01:13:57,110 --> 01:13:54,060

see that's that's not how it is and

1994

01:14:01,910 --> 01:13:57,120

that's not the case with the HIV aids

1995

01:14:05,390 --> 01:14:01,920

thing and this is again the psya is like

1996

01:14:07,550 --> 01:14:05,400

the the HIV aids thing when Henry Bauer

1997

01:14:11,270 --> 01:14:07,560

was on there and the people he talked is

1998

01:14:15,590 --> 01:14:11,280

it not that this viruses don't exist

1999

01:14:18,470 --> 01:14:15,600

not that aids isn't connected to a virus

2000

01:14:20,630 --> 01:14:18,480

it's just that it's not as simplistic as

2001
01:14:22,810 --> 01:14:20,640
they're trying to make it it's analogous

2002
01:14:25,250 --> 01:14:22,820
to the climate change thing you know

2003
01:14:26,510 --> 01:14:25,260
climate change thing is complicated man

2004
01:14:28,790 --> 01:14:26,520
there's a lot of things that go into

2005
01:14:31,130 --> 01:14:28,800
climate a lot of things go into all that

2006
01:14:33,229 --> 01:14:31,140
stuff so teasing it apart is like you

2007
01:14:37,430 --> 01:14:33,239
can always get a different angle so

2008
01:14:41,330 --> 01:14:37,440
people can really do work on HIV and

2009
01:14:43,490 --> 01:14:41,340
AIDS and they can very subtly delude

2010
01:14:46,130 --> 01:14:43,500
themselves into thinking that they're

2011
01:14:48,350 --> 01:14:46,140
seeing an effect or or exaggerating the

2012
01:14:50,630 --> 01:14:48,360
effect or they're calc statistically

2013
01:14:52,010 --> 01:14:50,640

calculating because there really are

2014

01:14:54,790 --> 01:14:52,020

viruses

2015

01:14:58,130 --> 01:14:54,800

and there really is such a thing as HIV

2016

01:15:00,830 --> 01:14:58,140

it's just they can make subtler little

2017

01:15:03,790 --> 01:15:00,840

kind of scientific mistakes that we can

2018

01:15:05,810 --> 01:15:03,800

understand and come to these weird

2019

01:15:07,910 --> 01:15:05,820

exaggerated conclusions like you're

2020

01:15:10,070 --> 01:15:07,920

pointing to but you can't do that if

2021

01:15:11,870 --> 01:15:10,080

there's no viruses right you can't it

2022

01:15:14,209 --> 01:15:11,880

doesn't make it that doesn't fit back

2023

01:15:16,130 --> 01:15:14,219

into the equation right well I mean to

2024

01:15:18,470 --> 01:15:16,140

be fat Peter Duesberg who's I think the

2025

01:15:20,630 --> 01:15:18,480

most prominent and renowned critic of

2026

01:15:22,910 --> 01:15:20,640

the HIV equals AIDS hypothesis I think

2027

01:15:25,490 --> 01:15:22,920

he considers there is an HIV virus it's

2028

01:15:27,649 --> 01:15:25,500

just not causing AIDS but he also talks

2029

01:15:29,030 --> 01:15:27,659

about that being a kind of halfway house

2030

01:15:31,010 --> 01:15:29,040

and he thinks that's the direction will

2031

01:15:32,510 --> 01:15:31,020

go is when people want to move away from

2032

01:15:34,189 --> 01:15:32,520

this idea that HIV causes AIDS they'll

2033

01:15:36,110 --> 01:15:34,199

say well there are code factors that you

2034

01:15:37,790 --> 01:15:36,120

have to have to for HIV to develop into

2035

01:15:39,910 --> 01:15:37,800

AIDS but he doesn't accept that he said

2036

01:15:43,250 --> 01:15:39,920

no the HIV is irrelevant to AIDS so

2037

01:15:45,530 --> 01:15:43,260

again if he's correct then

2038

01:15:46,970 --> 01:15:45,540

I don't think the HIV research is is

2039

01:15:48,169 --> 01:15:46,980

really worth all that much then I would

2040

01:15:49,189 --> 01:15:48,179

say it probably doesn't need you on the

2041

01:15:51,709 --> 01:15:49,199

bin

2042

01:15:53,689 --> 01:15:51,719

well well if it but what what did you

2043

01:15:55,490 --> 01:15:53,699

just say there Richard I mean look the

2044

01:15:57,229 --> 01:15:55,500

people that we really respect who really

2045

01:16:00,770 --> 01:15:57,239

know what's going on they don't even

2046

01:16:04,189 --> 01:16:00,780

give any Credence at all to the there is

2047

01:16:05,630 --> 01:16:04,199

no virus nonsense okay people that

2048

01:16:07,850 --> 01:16:05,640

didn't notice the vaccination program

2049

01:16:11,990 --> 01:16:07,860

was affect ineffective and didn't notice

2050

01:16:13,610 --> 01:16:12,000

that AZT was clearly causing AIDS in

2051
01:16:14,870 --> 01:16:13,620
people and not HIV through the 80s and

2052
01:16:16,490 --> 01:16:14,880
90s so

2053
01:16:18,229 --> 01:16:16,500
if they can be wrong about that also the

2054
01:16:19,790 --> 01:16:18,239
people that didn't notice the dgt polio

2055
01:16:21,649 --> 01:16:19,800
connection so I'm saying if they can be

2056
01:16:22,910 --> 01:16:21,659
wrong about that is it possible they

2057
01:16:24,050 --> 01:16:22,920
could be wrong about at least one more

2058
01:16:26,090 --> 01:16:24,060
virus

2059
01:16:27,709 --> 01:16:26,100
they could be wrong well I don't even

2060
01:16:32,750 --> 01:16:27,719
know you haven't even defined what wrong

2061
01:16:36,290 --> 01:16:34,970
yeah maybe we have hammered it hammered

2062
01:16:37,729 --> 01:16:36,300
it enough

2063
01:16:39,410 --> 01:16:37,739

I think it's going to The Forum Alex I

2064

01:16:41,270 --> 01:16:39,420

think this is the uh

2065

01:16:43,070 --> 01:16:41,280

probably we're probably going in circles

2066

01:16:44,810 --> 01:16:43,080

if we uh

2067

01:16:46,430 --> 01:16:44,820

probably

2068

01:16:47,930 --> 01:16:46,440

okay

2069

01:16:49,669 --> 01:16:47,940

um

2070

01:16:50,930 --> 01:16:49,679

yeah I think we we have kind of wrapped

2071

01:16:53,270 --> 01:16:50,940

it up and you've kind of told us what's

2072

01:16:55,490 --> 01:16:53,280

coming up on uh deep State Consciousness

2073

01:16:59,090 --> 01:16:55,500

so

2074

01:17:00,830 --> 01:16:59,100

I'm sure you'll you'll kind of find your

2075

01:17:02,330 --> 01:17:00,840

way through it or I'll find my way

2076

01:17:04,610 --> 01:17:02,340

through it and I'll come out and say

2077

01:17:06,890 --> 01:17:04,620

there's no such thing as viruses maybe

2078

01:17:08,570 --> 01:17:06,900

who knows maybe I'll I'll be writing a

2079

01:17:10,729 --> 01:17:08,580

letter of apology and posting on the

2080

01:17:13,850 --> 01:17:10,739

skeptical form otherwise yeah I'll hold

2081

01:17:15,709 --> 01:17:13,860

up something to the screen

2082

01:17:17,390 --> 01:17:15,719

well thanks for doing this I do think

2083

01:17:19,430 --> 01:17:17,400

it's uh

2084

01:17:21,110 --> 01:17:19,440

it's a good dialogue to have

2085

01:17:23,330 --> 01:17:21,120

thank you for having me on I have found

2086

01:17:26,270 --> 01:17:23,340

it insightful in ways of conversing in

2087

01:17:28,490 --> 01:17:26,280

text I've wondered at your position and

2088

01:17:29,689 --> 01:17:28,500

it's kind of I think clearer to me now

2089

01:17:31,850 --> 01:17:29,699

the kind of underpinnings of our

2090

01:17:33,410 --> 01:17:31,860

thinking that are different and why this

2091

01:17:34,550 --> 01:17:33,420

arises so it's been very insightful for

2092

01:17:37,310 --> 01:17:34,560

me thank you

2093

01:17:39,770 --> 01:17:37,320

thank you thanks again to Richard Cox

2094

01:17:42,050 --> 01:17:39,780

for joining me today on skeptico be sure

2095

01:17:45,169 --> 01:17:42,060

to check out deep State Consciousness

2096

01:17:46,910 --> 01:17:45,179

podcast really are a lot of excellent

2097

01:17:49,610 --> 01:17:46,920

excellent interviews that he's done

2098

01:17:52,790 --> 01:17:49,620

there so we hammered this to death where

2099

01:17:56,209 --> 01:17:52,800

did we wind up the question I would tee

2100

01:17:59,270 --> 01:17:56,219

up is do you see why some people think

2101

01:18:01,669 --> 01:17:59,280

the no virus thing is a psyop

2102

01:18:04,189 --> 01:18:01,679

I mean it isn't even worth discussing

2103

01:18:07,550 --> 01:18:04,199

whether it's potentially true whether

2104

01:18:10,310 --> 01:18:07,560

it's right it's obviously crazy just an

2105

01:18:12,050 --> 01:18:10,320

inch or two above Flat Earth but do you

2106

01:18:14,270 --> 01:18:12,060

think it's a psya

2107

01:18:16,490 --> 01:18:14,280

let me know your thoughts track me down

2108

01:18:18,590 --> 01:18:16,500

wherever you can skeptical form is great

2109

01:18:20,090 --> 01:18:18,600

if you want to get there otherwise just

2110

01:18:22,430 --> 01:18:20,100

find me and let me know your thoughts

2111

01:18:25,750 --> 01:18:22,440

love to hear from you until next time
