for you today Charlie Robinson is back

8
00:00:23,330 --> 00:00:20,580
Charlie Robinson super book a few years

9
00:00:26,090 --> 00:00:23,340
ago octopus of global control

10
00:00:30,890 --> 00:00:26,100
been knocking it out of the park onto

11
00:00:32,870 --> 00:00:30,900
his podcast macroaggressions also you'll

12
00:00:34,430 --> 00:00:32,880
always see him on the Fantastic Union of

13
00:00:36,950 --> 00:00:34,440

them wanted

14

00:00:38,750 --> 00:00:36,960

he is like the hardest working man in

15

00:00:41,569 --> 00:00:38,760

all media I was listening to your ear in

16

00:00:42,830 --> 00:00:41,579

review and it's like 100 shows last year

17

00:00:48,709 --> 00:00:42,840

I know

18

00:00:51,470 --> 00:00:48,719

thank yeah I'm I'm working hard at this

19

00:00:53,569 --> 00:00:51,480

because it matters to me and I want it

20

00:00:55,970 --> 00:00:53,579

to I want this information to get out

21

00:00:57,950 --> 00:00:55,980

there and I want to have the

22

00:01:02,510 --> 00:00:57,960

conversations with people about this and

23

00:01:04,850 --> 00:01:02,520

I and um I I feel driven

24

00:01:06,649 --> 00:01:04,860

to explain what I see not the I don't

25

00:01:10,490 --> 00:01:06,659

not that I have it all figured out I'm

26
00:01:13,910 --> 00:01:10,500
just bringing some pieces to this puzzle

27
00:01:16,010 --> 00:01:13,920
but it seems very important

28
00:01:18,590 --> 00:01:16,020
given where we are right now as a

29
00:01:20,270 --> 00:01:18,600
society that we Ring the Alarm Bells you

30
00:01:22,850 --> 00:01:20,280
know to the extent that we can and wake

31
00:01:24,710 --> 00:01:22,860
people up because uh I'm not interested

32
00:01:27,710 --> 00:01:24,720
in sleepwalking through this what what

33
00:01:30,289 --> 00:01:27,720
what what we what these Maniacs have

34
00:01:33,770 --> 00:01:30,299
planned for us requires us to be awake

35
00:01:35,450 --> 00:01:33,780
and aware of of the circumstances so

36
00:01:38,929 --> 00:01:35,460
that we can get out of the way if we

37
00:01:41,810 --> 00:01:38,939
need to so I I I I'm down with that I'm

38
00:01:44,390 --> 00:01:41,820

down with all that half the time and

39

00:01:46,190 --> 00:01:44,400

half the time I'm like

40

00:01:48,410 --> 00:01:46,200

are we maybe taking that in the wrong

41

00:01:52,490 --> 00:01:48,420

direction but let me ask you this kind

42

00:01:54,410 --> 00:01:52,500

of on a personal level how do you do in

43

00:01:57,170 --> 00:01:54,420

just kind of normal

44

00:01:59,149 --> 00:01:57,180

company I mean even because I ran into

45

00:02:00,830 --> 00:01:59,159

this the other day in a very kind of

46

00:02:03,590 --> 00:02:00,840

family kind of situation where somebody

47

00:02:07,130 --> 00:02:03,600

told me that I'm not fit for ordinary

48

00:02:09,169 --> 00:02:07,140

company and and not in like not in red

49

00:02:11,809 --> 00:02:09,179

pill mode even like I don't have to be

50

00:02:14,390 --> 00:02:11,819

in red pill mode to be

51
00:02:15,589 --> 00:02:14,400
in red pill mode if you know what I mean

52
00:02:17,570 --> 00:02:15,599
because once you're there for a while

53
00:02:20,930 --> 00:02:17,580
right tell me tell me how that works in

54
00:02:23,809 --> 00:02:20,940
your life it's tough It's it's a dance

55
00:02:25,670 --> 00:02:23,819
and I'll tell you it came out of this

56
00:02:29,890 --> 00:02:25,680
actually the whole

57
00:02:33,530 --> 00:02:29,900
like courts course correction happened

58
00:02:35,809 --> 00:02:33,540
uh 15 plus years ago when I made the

59
00:02:38,150 --> 00:02:35,819
mistake of bringing up 911 at

60
00:02:41,390 --> 00:02:38,160
Thanksgiving dinner at my in-laws house

61
00:02:44,030 --> 00:02:41,400
at the time I was married before and it

62
00:02:45,890 --> 00:02:44,040
didn't go well and I realized and it

63
00:02:47,390 --> 00:02:45,900

didn't go well and it was my fault and

64

00:02:49,369 --> 00:02:47,400

in fact because I didn't have my

65

00:02:50,750 --> 00:02:49,379

argument down the timing was wrong the

66

00:02:52,130 --> 00:02:50,760

audience was wrong everything about it

67

00:02:55,670 --> 00:02:52,140

was wrong and it was a hundred percent

68

00:02:59,589 --> 00:02:55,680

my doing now I feel

69

00:03:02,089 --> 00:02:59,599

I feel justified in discussing 911 but

70

00:03:04,729 --> 00:03:02,099

you have to know your audience and you

71

00:03:06,589 --> 00:03:04,739

have to you know realize actually this

72

00:03:08,690 --> 00:03:06,599

is where the the first book The Octopus

73

00:03:11,149 --> 00:03:08,700

came out of because what had happened

74

00:03:15,110 --> 00:03:11,159

was that

75

00:03:18,530 --> 00:03:15,120

I had no particular expertise on this

76

00:03:20,570 --> 00:03:18,540

topic of 9 11 I wasn't a pilot a

77

00:03:22,070 --> 00:03:20,580

structural engineer didn't work for the

78

00:03:23,270 --> 00:03:22,080

government didn't work for the FAA I

79

00:03:24,890 --> 00:03:23,280

didn't know that you know I don't have

80

00:03:27,290 --> 00:03:24,900

any of those things and so when I was

81

00:03:29,509 --> 00:03:27,300

trying to explain the reality of the

82

00:03:31,970 --> 00:03:29,519

situation of 9 11 to these people that

83

00:03:33,290 --> 00:03:31,980

were were aghast at what I was talking

84

00:03:36,710 --> 00:03:33,300

about

85

00:03:38,630 --> 00:03:36,720

they didn't view me as an expert and and

86

00:03:41,330 --> 00:03:38,640

that's fine because I wasn't an expert

87

00:03:43,369 --> 00:03:41,340

and I didn't know enough to have that

88

00:03:46,009 --> 00:03:43,379

conversation but what it occurred to me

89

00:03:47,869 --> 00:03:46,019

was that

90

00:03:49,970 --> 00:03:47,879

if it wasn't coming from me but if it

91

00:03:52,309 --> 00:03:49,980

was coming from somebody else if if it

92

00:03:55,729 --> 00:03:52,319

wasn't me saying these things but if if

93

00:03:59,030 --> 00:03:55,739

and if George W Bush was saying this or

94

00:04:01,309 --> 00:03:59,040

if I could show you examples of the of

95

00:04:03,229 --> 00:04:01,319

uh the Rockefellers talking about this

96

00:04:05,630 --> 00:04:03,239

or the clintons or the these

97

00:04:08,990 --> 00:04:05,640

recognizable faces or names that people

98

00:04:10,429 --> 00:04:09,000

people know and have some sort of you

99

00:04:12,589 --> 00:04:10,439

know have have given them some sort of

100

00:04:15,710 --> 00:04:12,599

perceived credibility if it wasn't me it

101
00:04:17,629 --> 00:04:15,720
was them saying it would it change

102
00:04:19,430 --> 00:04:17,639
would it change your mind you know and I

103
00:04:21,229 --> 00:04:19,440
think the answer to that was well sure

104
00:04:22,610 --> 00:04:21,239
it would be a whole lot different if it

105
00:04:24,290 --> 00:04:22,620
wasn't you saying this if it was

106
00:04:25,969 --> 00:04:24,300
somebody else and so what I did with the

107
00:04:28,129 --> 00:04:25,979
first book The Octopus

108
00:04:31,189 --> 00:04:28,139
was I set out to find

109
00:04:34,790 --> 00:04:31,199
those voices to find

110
00:04:38,330 --> 00:04:34,800
um I used 700 quotes from 500 different

111
00:04:40,370 --> 00:04:38,340
people that could sort of punctuate the

112
00:04:43,070 --> 00:04:40,380
points I was making so if so as an

113
00:04:45,469 --> 00:04:43,080

example of 911 if I'm writing about 911

114

00:04:47,930 --> 00:04:45,479

and I'm not a pilot but Captain Russ

115

00:04:50,450 --> 00:04:47,940

Wittenberg is a pilot and he has said

116

00:04:53,030 --> 00:04:50,460

that he's flown these actual aircrafts

117

00:04:56,030 --> 00:04:53,040

of 9 11 and he knows he's saying with

118

00:04:58,070 --> 00:04:56,040

100 certainty he as a pilot could not

119

00:05:00,710 --> 00:04:58,080

have made these

120

00:05:03,170 --> 00:05:00,720

um banking terms that the hijackers

121

00:05:05,689 --> 00:05:03,180

allegedly made that carries more weight

122

00:05:07,430 --> 00:05:05,699

than me saying it can't be done and so

123

00:05:11,330 --> 00:05:07,440

part of what I realized in my

124

00:05:15,110 --> 00:05:11,340

interactions with normies is that I have

125

00:05:17,390 --> 00:05:15,120

to be very careful in how in recognizing

126

00:05:19,610 --> 00:05:17,400

how they perceive me because if they

127

00:05:22,610 --> 00:05:19,620

don't perceive me as having any level of

128

00:05:26,510 --> 00:05:22,620

expertise or or knowledge on this it's

129

00:05:29,150 --> 00:05:26,520

easy to dismiss me so um I try when I'm

130

00:05:31,670 --> 00:05:29,160

interacting with people now

131

00:05:33,830 --> 00:05:31,680

I try to stay away from it as much as I

132

00:05:35,990 --> 00:05:33,840

can you know I try to stay away from

133

00:05:38,510 --> 00:05:36,000

these the hardcore topics unless someone

134

00:05:40,670 --> 00:05:38,520

gives me and you know unless somebody

135

00:05:42,290 --> 00:05:40,680

invites me in or if somebody says well

136

00:05:44,150 --> 00:05:42,300

you've written books about this I'm

137

00:05:46,430 --> 00:05:44,160

curious about you know if that then

138

00:05:48,830 --> 00:05:46,440

that's a different story but if it's if

139

00:05:49,749 --> 00:05:48,840

we're watching TV and a commercial comes

140

00:05:52,189 --> 00:05:49,759

on

141

00:05:54,170 --> 00:05:52,199

and you know they're saying you know you

142

00:05:55,550 --> 00:05:54,180

got to donate to this 911 fund you know

143

00:05:57,050 --> 00:05:55,560

because we've got to get back at these

144

00:05:59,689 --> 00:05:57,060

Muslims that did this to us I'm just

145

00:06:01,189 --> 00:05:59,699

going oh I'm just biting my lip you know

146

00:06:03,110 --> 00:06:01,199

I'm just going I'm not gonna do it I'm

147

00:06:05,029 --> 00:06:03,120

not gonna ruin Christmas Alex I'm not

148

00:06:07,610 --> 00:06:05,039

gonna run at this time

149

00:06:16,490 --> 00:06:07,620

so so you're saying that basically if

150

00:06:22,090 --> 00:06:19,310

is that you have amassed so much

151

00:06:24,650 --> 00:06:22,100

information that it has changed you

152

00:06:26,270 --> 00:06:24,660

fundamentally not only how you look on

153

00:06:28,550 --> 00:06:26,280

these red pill issues but on how you

154

00:06:30,290 --> 00:06:28,560

look on everything you know this is a

155

00:06:32,990 --> 00:06:30,300

why people believe weird things kind of

156

00:06:34,969 --> 00:06:33,000

thing which is the whole world and once

157

00:06:36,950 --> 00:06:34,979

you cross that Rubicon the whole world

158

00:06:38,689 --> 00:06:36,960

is a why you believe weird things you

159

00:06:41,330 --> 00:06:38,699

know why I believe my weird things why

160

00:06:44,689 --> 00:06:41,340

you believe your weird things but how do

161

00:06:47,029 --> 00:06:44,699

you not be outed as the Arrogant

162

00:06:50,029 --> 00:06:47,039

condescending bastard that you are

163

00:06:51,830 --> 00:06:50,039

because you do know a lot you know some

164

00:06:54,590 --> 00:06:51,840

people say know it all you're a

165

00:06:57,010 --> 00:06:54,600

know-it-all because you know a lot well

166

00:07:00,110 --> 00:06:57,020

I'll tell you why I know

167

00:07:02,390 --> 00:07:00,120

why why I know what I know and why I

168

00:07:04,610 --> 00:07:02,400

have the retention that I have and it

169

00:07:06,290 --> 00:07:04,620

has to it's not like a magic power or

170

00:07:08,270 --> 00:07:06,300

anything like that it's from writing

171

00:07:11,629 --> 00:07:08,280

books it's from being around this

172

00:07:14,629 --> 00:07:11,639

information and just being over it for

173

00:07:16,370 --> 00:07:14,639

weeks and months and rewriting this

174

00:07:18,350 --> 00:07:16,380

sentence and backing up and so I've got

175

00:07:19,790 --> 00:07:18,360

dates and names and they stick in my

176

00:07:21,589 --> 00:07:19,800

head it's the same conversation I had

177

00:07:23,930 --> 00:07:21,599

with Whitney Webb about this too why she

178

00:07:25,370 --> 00:07:23,940

goes on Glenn Beck and he asks her a

179

00:07:27,050 --> 00:07:25,380

million questions and she's got dates

180

00:07:29,150 --> 00:07:27,060

and times I know why that is I mean

181

00:07:30,950 --> 00:07:29,160

she's super smart but I know why that is

182

00:07:32,870 --> 00:07:30,960

it's because when you're writing and

183

00:07:34,909 --> 00:07:32,880

rewriting and changing this and moving

184

00:07:37,129 --> 00:07:34,919

this paragraph around you're just

185

00:07:40,309 --> 00:07:37,139

looking at it over and over and over

186

00:07:41,749 --> 00:07:40,319

again and so I have this information and

187

00:07:45,409 --> 00:07:41,759

it is

188

00:07:49,010 --> 00:07:45,419

but it's it's poison to people if

189

00:07:50,930 --> 00:07:49,020

they're not looking for it if it is like

190

00:07:52,850 --> 00:07:50,940

a I and I have tried it every way you

191

00:07:54,890 --> 00:07:52,860

can try it Alex I've I've tried the fire

192

00:07:56,749 --> 00:07:54,900

hose approach I sit down here and let me

193

00:07:59,150 --> 00:07:56,759

tell you how things really are blah blah

194

00:08:00,710 --> 00:07:59,160

blah and people just throw their hands

195

00:08:02,390 --> 00:08:00,720

up they're they're they're either

196

00:08:05,029 --> 00:08:02,400

physically checked out they're mentally

197

00:08:07,730 --> 00:08:05,039

checked out they're not listening

198

00:08:09,170 --> 00:08:07,740

and so through trial and error and a lot

199

00:08:12,409 --> 00:08:09,180

of embarrassment

200

00:08:16,070 --> 00:08:12,419

and and ostracism from from friends of

201
00:08:17,749 --> 00:08:16,080
mine I have learned that if I want to

202
00:08:18,710 --> 00:08:17,759
have this conversation and a lot of

203
00:08:20,270 --> 00:08:18,720
times I do want to have this

204
00:08:22,850 --> 00:08:20,280
conversation with people that are either

205
00:08:24,409 --> 00:08:22,860
close to me or people that are some

206
00:08:26,390 --> 00:08:24,419
people that have just met but but are

207
00:08:28,309 --> 00:08:26,400
interested and they seem to have be

208
00:08:30,350 --> 00:08:28,319
asking you know seem to be talking about

209
00:08:33,829 --> 00:08:30,360
things that I might want to talk about

210
00:08:37,130 --> 00:08:33,839
I've I've found that the best way to

211
00:08:40,370 --> 00:08:37,140
really get that conversation going or to

212
00:08:43,550 --> 00:08:40,380
at least know how to navigate it is for

213
00:08:45,949 --> 00:08:43,560

me to ask questions of them to get them

214

00:08:47,990 --> 00:08:45,959

going to say hey what do you think about

215

00:08:49,790 --> 00:08:48,000

this you know what do you or or to get

216

00:08:51,769 --> 00:08:49,800

them to verbalize it and ask them a

217

00:08:54,889 --> 00:08:51,779

question get them to verbalize it and in

218

00:08:56,509 --> 00:08:54,899

in in what I found is you know if I'll

219

00:08:59,449 --> 00:08:56,519

say hey man how do you

220

00:09:01,190 --> 00:08:59,459

like what do you think accounts for two

221

00:09:03,530 --> 00:09:01,200

airplanes knocking down three buildings

222

00:09:07,009 --> 00:09:03,540

in lower Manhattan on 9 11. and and

223

00:09:07,730 --> 00:09:07,019

their response will be well you know I'm

224

00:09:09,829 --> 00:09:07,740

um

225

00:09:11,269 --> 00:09:09,839

wait what there were three buildings

226

00:09:13,250 --> 00:09:11,279

that got knocked down or or it'll be

227

00:09:16,490 --> 00:09:13,260

well I I don't know I never really

228

00:09:18,590 --> 00:09:16,500

thought about that so for so many of the

229

00:09:20,269 --> 00:09:18,600

interactions I have with people

230

00:09:22,190 --> 00:09:20,279

what I discover

231

00:09:24,290 --> 00:09:22,200

almost immediately into the conversation

232

00:09:25,790 --> 00:09:24,300

is that they've never talked about it

233

00:09:27,470 --> 00:09:25,800

they've never been asked about it

234

00:09:29,269 --> 00:09:27,480

they've never really thought about it

235

00:09:31,009 --> 00:09:29,279

it's been you know they see the news

236

00:09:33,410 --> 00:09:31,019

they see the planes going you know I've

237

00:09:36,889 --> 00:09:33,420

used 911 as an example because everybody

238

00:09:39,350 --> 00:09:36,899

knows about it but nobody you know very

239

00:09:41,090 --> 00:09:39,360

few people know the the mechanics behind

240

00:09:42,769 --> 00:09:41,100

it they just know what the the media has

241

00:09:45,050 --> 00:09:42,779

told them so it's a really good litmus

242

00:09:47,389 --> 00:09:45,060

test for me to figure out where I am

243

00:09:50,470 --> 00:09:47,399

with somebody in terms of their world

244

00:09:53,690 --> 00:09:50,480

view is if you if you think 911 was 19

245

00:09:56,810 --> 00:09:53,700

Arab hijackers with box cutters then

246

00:09:57,889 --> 00:09:56,820

then I know that you're probably on

247

00:10:00,949 --> 00:09:57,899

board with a lot of the other

248

00:10:03,650 --> 00:10:00,959

established narratives and

249

00:10:06,110 --> 00:10:03,660

and that's a really tough

250

00:10:07,310 --> 00:10:06,120

nut to crack because you're going up

251
00:10:10,570 --> 00:10:07,320
against

252
00:10:12,290 --> 00:10:10,580
Decades of psychological uh uh

253
00:10:14,210 --> 00:10:12,300
indoctrination you know through

254
00:10:16,329 --> 00:10:14,220
televisions and schools and all this

255
00:10:19,250 --> 00:10:16,339
stuff probably of parents and Friends

256
00:10:21,410 --> 00:10:19,260
reinforcing that it just it's it's

257
00:10:23,630 --> 00:10:21,420
difficult to break through it's

258
00:10:25,490 --> 00:10:23,640
difficult for me to to meet with

259
00:10:28,670 --> 00:10:25,500
somebody who who believes all the things

260
00:10:30,410 --> 00:10:28,680
and not you know and I can't I don't

261
00:10:34,490 --> 00:10:30,420
really want to go to work on those

262
00:10:37,009 --> 00:10:34,500
people I've come to prioritize my energy

263
00:10:37,850 --> 00:10:37,019

and and a lot of times with people like

264

00:10:40,250 --> 00:10:37,860

that

265

00:10:41,810 --> 00:10:40,260

I don't see an opening and and so I'm

266

00:10:44,269 --> 00:10:41,820

not going to push too much but but but

267

00:10:46,250 --> 00:10:44,279

God forbid somebody at a cocktail party

268

00:10:49,850 --> 00:10:46,260

asked me what I do and want to talk

269

00:10:51,829 --> 00:10:49,860

about it it's on it's so on and what I

270

00:10:53,690 --> 00:10:51,839

find is that a lot of people go tell me

271

00:10:55,610 --> 00:10:53,700

you know I look over both shoulders they

272

00:10:57,650 --> 00:10:55,620

go tell me more about this you know like

273

00:10:59,810 --> 00:10:57,660

they want to know but they don't want

274

00:11:02,690 --> 00:10:59,820

people to know that they want to know so

275

00:11:04,730 --> 00:11:02,700

there's a bit of shame in this for for

276

00:11:06,710 --> 00:11:04,740

normies that like you know that they're

277

00:11:09,050 --> 00:11:06,720

in entertaining the concept that maybe

278

00:11:11,030 --> 00:11:09,060

there's an alternative explanation for

279

00:11:13,250 --> 00:11:11,040

some of the things that they've grown up

280

00:11:15,949 --> 00:11:13,260

believing but you know and I think

281

00:11:18,949 --> 00:11:15,959

there's a lot of ego associated with

282

00:11:22,430 --> 00:11:18,959

that all of us clearly have ego you you

283

00:11:25,250 --> 00:11:22,440

deal with the psychology of human beings

284

00:11:26,509 --> 00:11:25,260

and and and ego is a huge part nobody

285

00:11:28,970 --> 00:11:26,519

wants to be wrong

286

00:11:29,750 --> 00:11:28,980

so you have

287

00:11:31,730 --> 00:11:29,760

um

288

00:11:34,430 --> 00:11:31,740

it's a Fascinate it's having the

289

00:11:37,490 --> 00:11:34,440

conversation is a fascinating case study

290

00:11:39,650 --> 00:11:37,500

in just human psychology really to to to

291

00:11:41,630 --> 00:11:39,660

find out why people believe what they

292

00:11:43,490 --> 00:11:41,640

believe and why they're they're so

293

00:11:45,410 --> 00:11:43,500

resistant to anything that challenges

294

00:11:47,389 --> 00:11:45,420

that you know because oh if that's true

295

00:11:50,990 --> 00:11:47,399

well then everything I believed before

296

00:11:52,490 --> 00:11:51,000

this conversation is garbage so I have

297

00:11:53,630 --> 00:11:52,500

to rethink my whole world view and I

298

00:11:55,670 --> 00:11:53,640

just have I have to go to work tomorrow

299

00:11:57,829 --> 00:11:55,680

I'm not ready for this Alex I just wanna

300

00:12:00,410 --> 00:11:57,839

and I get it I get it I get it why

301
00:12:02,150 --> 00:12:00,420
people go I'm not ready for this uh you

302
00:12:05,030 --> 00:12:02,160
don't get it you don't get it and I

303
00:12:07,069 --> 00:12:05,040
don't get it because I understand it but

304
00:12:09,470 --> 00:12:07,079
I don't respect it

305
00:12:12,410 --> 00:12:09,480
when somebody says that they don't get

306
00:12:14,690 --> 00:12:12,420
it because you're a super smart guy like

307
00:12:17,210 --> 00:12:14,700
you said when you talk to Whitney Webb

308
00:12:19,790 --> 00:12:17,220
the reason you relate is because you're

309
00:12:22,790 --> 00:12:19,800
a super smart guy I heard uh

310
00:12:24,230 --> 00:12:22,800
I heard a doctor race recently he's kind

311
00:12:26,210 --> 00:12:24,240
of I'm gonna get him on the show and

312
00:12:27,350 --> 00:12:26,220
he's been totally ostracized and all

313
00:12:30,170 --> 00:12:27,360

that from a long time ago Richard

314

00:12:31,970 --> 00:12:30,180

Fleming and he's oh yeah yeah yeah have

315

00:12:33,350 --> 00:12:31,980

you have you had him on we had him on

316

00:12:36,530 --> 00:12:33,360

the union of The Unwanted yeah yeah yeah

317

00:12:38,569 --> 00:12:36,540

yeah so uh at one point Fleming goes you

318

00:12:42,350 --> 00:12:38,579

know he starts getting he's talking in

319

00:12:44,690 --> 00:12:42,360

his monotone this is for the Army you

320

00:12:47,750 --> 00:12:44,700

awoken half woken red pill half red pill

321

00:12:49,490 --> 00:12:47,760

people half a dose and then he goes now

322

00:12:51,290 --> 00:12:49,500

he goes when I talk to people who really

323

00:12:53,329 --> 00:12:51,300

know their stuff and then we sort of he

324

00:12:54,710 --> 00:12:53,339

goes my whole Pace changes my whole I'll

325

00:12:57,650 --> 00:12:54,720

get more animated and this and that

326

00:12:59,930 --> 00:12:57,660

because I know this science and I'm

327

00:13:02,870 --> 00:12:59,940

dying to talk to somebody who really

328

00:13:06,889 --> 00:13:02,880

knows it too and I kind of think you are

329

00:13:09,590 --> 00:13:06,899

on that level right so no you are not I

330

00:13:11,269 --> 00:13:09,600

get it you know I get that you've just

331

00:13:13,430 --> 00:13:11,279

marched down to the Catholic church for

332

00:13:15,170 --> 00:13:13,440

four generations and even though you

333

00:13:16,610 --> 00:13:15,180

found out that that guy down there was

334

00:13:18,110 --> 00:13:16,620

screwing all these little kids and

335

00:13:19,310 --> 00:13:18,120

destroyed all these lives he said well

336

00:13:21,290 --> 00:13:19,320

you know what am I going to do it's

337

00:13:23,990 --> 00:13:21,300

still the closest church to my house I

338

00:13:25,730 --> 00:13:24,000

still have to go you do not get that I

339

00:13:27,470 --> 00:13:25,740

don't get that I mean there's a line

340

00:13:29,090 --> 00:13:27,480

that we would all draw in this in the

341

00:13:31,310 --> 00:13:29,100

sand and you draw on the sand the other

342

00:13:33,410 --> 00:13:31,320

thing about you that's different is you

343

00:13:36,590 --> 00:13:33,420

come from

344

00:13:39,350 --> 00:13:36,600

from a world that a lot of us can relate

345

00:13:40,910 --> 00:13:39,360

to in terms of your successor again you

346

00:13:44,449 --> 00:13:40,920

were trying to make things happen you

347

00:13:46,670 --> 00:13:44,459

were doing things to manifest you know

348

00:13:48,410 --> 00:13:46,680

you weren't sitting around putting a

349

00:13:49,910 --> 00:13:48,420

pendant around your neck and saying you

350

00:13:51,730 --> 00:13:49,920

know uh you know you were you were

351
00:13:54,110 --> 00:13:51,740
trying to manifest things in a more

352
00:13:56,210 --> 00:13:54,120
conventional way and you want and you

353
00:13:59,750 --> 00:13:56,220
did and you still are manifesting things

354
00:14:02,210 --> 00:13:59,760
but that's different than our a lot of

355
00:14:03,290 --> 00:14:02,220
the folks in our community too and I

356
00:14:05,690 --> 00:14:03,300
don't want to say our community because

357
00:14:07,790 --> 00:14:05,700
I don't have a community and one of the

358
00:14:10,269 --> 00:14:07,800
things I guess I'm going to stumble in

359
00:14:13,370 --> 00:14:10,279
here is stumble into here in this talk

360
00:14:14,870 --> 00:14:13,380
and we talked about this last the last

361
00:14:16,790 --> 00:14:14,880
time you were on and it kind of always

362
00:14:19,490 --> 00:14:16,800
is an issue for me is

363
00:14:23,210 --> 00:14:19,500

you know the all media needs to clean up

364

00:14:27,470 --> 00:14:23,220

its act two in terms of we are so

365

00:14:31,670 --> 00:14:27,480

co-optable when we adopt these stupid

366

00:14:33,590 --> 00:14:31,680

ideas and let them you know perpetuate

367

00:14:35,930 --> 00:14:33,600

like even one of my one of my pet peeves

368

00:14:37,850 --> 00:14:35,940

and I just talked to Sam uh uh Tripoli

369

00:14:39,829 --> 00:14:37,860

just the other day on zero we had a

370

00:14:42,110 --> 00:14:39,839

great conversation I love seeing Sam is

371

00:14:44,509 --> 00:14:42,120

awesome awesome guy

372

00:14:47,210 --> 00:14:44,519

uh Flat Earth

373

00:14:49,069 --> 00:14:47,220

Flat Earth I I mean I don't care about

374

00:14:52,250 --> 00:14:49,079

your flat Earth you know what I care

375

00:14:53,829 --> 00:14:52,260

about is you just moved everyone two

376

00:14:57,530 --> 00:14:53,839

steps closer

377

00:15:00,170 --> 00:14:57,540

to accepting covet to too close to

378

00:15:02,629 --> 00:15:00,180

accepting code and one step closer to

379

00:15:07,430 --> 00:15:02,639

the climate scam because what you've

380

00:15:10,189 --> 00:15:07,440

said is there is no really way to know

381

00:15:12,350 --> 00:15:10,199

or understand things science isn't

382

00:15:15,110 --> 00:15:12,360

meaningful other than just what I

383

00:15:16,850 --> 00:15:15,120

observe and you know convince me and

384

00:15:21,170 --> 00:15:16,860

it's all you know

385

00:15:23,329 --> 00:15:21,180

we that is rampant in this thing that

386

00:15:27,170 --> 00:15:23,339

we're calling alt media as well and it

387

00:15:31,129 --> 00:15:27,180

makes us so so co-optable him

388

00:15:32,269 --> 00:15:31,139

yeah yeah it's it's such a it's such a

389

00:15:38,509 --> 00:15:32,279

a

390

00:15:39,889 --> 00:15:38,519

know there's look there

391

00:15:41,090 --> 00:15:39,899

a lot of people are searching for

392

00:15:43,730 --> 00:15:41,100

answers they're trying to figure out

393

00:15:45,769 --> 00:15:43,740

who's got the best information and um

394

00:15:47,750 --> 00:15:45,779

and I don't think it's all collected in

395

00:15:50,030 --> 00:15:47,760

one person's brain we all bring

396

00:15:53,810 --> 00:15:50,040

different things to the table I'm open

397

00:15:56,449 --> 00:15:53,820

to having you know there might be

398

00:15:58,730 --> 00:15:56,459

Concepts or things that I'm fascinated

399

00:16:00,470 --> 00:15:58,740

to talk about

400

00:16:02,509 --> 00:16:00,480

but I would never write about them

401
00:16:04,730 --> 00:16:02,519
because I don't know enough about it

402
00:16:07,910 --> 00:16:04,740
like if somebody says that there's an

403
00:16:10,730 --> 00:16:07,920
opening to the inner earth in Antarctica

404
00:16:12,350 --> 00:16:10,740
and that there's you know Secrets around

405
00:16:15,710 --> 00:16:12,360
that and everything

406
00:16:18,050 --> 00:16:15,720
does it sound crazy oh a hundred percent

407
00:16:19,730 --> 00:16:18,060
crazy am I interested in hearing more

408
00:16:21,410 --> 00:16:19,740
about it sure from a science fiction

409
00:16:22,910 --> 00:16:21,420
standpoint I would love to hear more

410
00:16:24,949 --> 00:16:22,920
about it there's the Richard you know

411
00:16:26,689 --> 00:16:24,959
Admiral Richard bird is in in his

412
00:16:28,790 --> 00:16:26,699
Diaries and things like that does that

413
00:16:31,610 --> 00:16:28,800

make me sound does it make me go hmm

414

00:16:34,610 --> 00:16:31,620

yeah it does but again

415

00:16:36,710 --> 00:16:34,620

I have to drop that I have to leave that

416

00:16:38,930 --> 00:16:36,720

sort of in my like this is stuff that

417

00:16:40,790 --> 00:16:38,940

I'm interested in like

418

00:16:42,710 --> 00:16:40,800

um I don't know emotional junk food or

419

00:16:45,650 --> 00:16:42,720

something you know like just stuff that

420

00:16:47,629 --> 00:16:45,660

I I kind of like from time to time but I

421

00:16:49,670 --> 00:16:47,639

don't I can't write about that because I

422

00:16:53,030 --> 00:16:49,680

don't know it and I don't understand it

423

00:16:58,490 --> 00:16:53,040

and I don't know how it all works so I

424

00:17:01,069 --> 00:16:58,500

like you know I try to keep my stuff as

425

00:17:02,990 --> 00:17:01,079

as provable as I can to the extent that

426

00:17:04,309 --> 00:17:03,000

I can prove it you know because let's be

427

00:17:06,829 --> 00:17:04,319

honest some of the stuff you know you

428

00:17:09,049 --> 00:17:06,839

you do the best you can

429

00:17:10,189 --> 00:17:09,059

um but you you don't know you know

430

00:17:13,069 --> 00:17:10,199

you're talking about classified

431

00:17:15,829 --> 00:17:13,079

documents from 70 years ago and things

432

00:17:17,689 --> 00:17:15,839

like that I don't know but I I like to

433

00:17:21,890 --> 00:17:17,699

try and stay in the realm of

434

00:17:25,069 --> 00:17:21,900

of logic and reason and and reality but

435

00:17:27,169 --> 00:17:25,079

I also have to give myself the

436

00:17:29,990 --> 00:17:27,179

flexibility to

437

00:17:33,230 --> 00:17:30,000

um be wrong too and and the flexibility

438

00:17:36,529 --> 00:17:33,240

to recognize that that's okay to be

439

00:17:39,529 --> 00:17:36,539

wrong on from time to time as long as

440

00:17:43,130 --> 00:17:39,539

you're in the your as long as your

441

00:17:44,930 --> 00:17:43,140

intentions are solid and and I and I

442

00:17:47,210 --> 00:17:44,940

I've kind of put this in the the first

443

00:17:49,970 --> 00:17:47,220

book and I I think I've said it well I

444

00:17:53,990 --> 00:17:49,980

know I've said it multiple times but my

445

00:17:56,870 --> 00:17:54,000

my S my standard is that I I reserve the

446

00:17:59,870 --> 00:17:56,880

right to change my mind if I'm presented

447

00:18:02,570 --> 00:17:59,880

with new evidence that is better than

448

00:18:04,610 --> 00:18:02,580

the old evidence I had and I like and I

449

00:18:05,990 --> 00:18:04,620

don't do that to be wishy-washy I do

450

00:18:09,470 --> 00:18:06,000

that because

451
00:18:13,610 --> 00:18:09,480
I recognize my ability to be wrong about

452
00:18:15,110 --> 00:18:13,620
things we all do and and and in part of

453
00:18:18,350 --> 00:18:15,120
when when we're talking about the

454
00:18:22,970 --> 00:18:18,360
alternative media having some bad habits

455
00:18:24,110 --> 00:18:22,980
is is are re our inability to be

456
00:18:26,870 --> 00:18:24,120
flexible

457
00:18:28,430 --> 00:18:26,880
on some things and to say no this is

458
00:18:30,890 --> 00:18:28,440
what I believe and this is the way it is

459
00:18:32,330 --> 00:18:30,900
and it's like well what if you were

460
00:18:34,789 --> 00:18:32,340
wrong about what if you were right about

461
00:18:36,529 --> 00:18:34,799
95 of the other things but you were

462
00:18:38,450 --> 00:18:36,539
wrong about this five percent do you

463
00:18:41,450 --> 00:18:38,460

want to be right or do you want to

464

00:18:45,169 --> 00:18:41,460

eventually get it right and my my

465

00:18:47,630 --> 00:18:45,179

feeling is I just I want to get it right

466

00:18:50,810 --> 00:18:47,640

even if I'm wrong about it initially I

467

00:18:53,390 --> 00:18:50,820

want to get it right and so I try to do

468

00:18:54,950 --> 00:18:53,400

that to the extent that I can and I and

469

00:18:56,990 --> 00:18:54,960

I know that when you're dealing with you

470

00:18:59,150 --> 00:18:57,000

know we're not dealing with two plus two

471

00:19:00,830 --> 00:18:59,160

equals four that's pretty easy what

472

00:19:02,950 --> 00:19:00,840

we're talking about is we're going up

473

00:19:05,650 --> 00:19:02,960

against the most

474

00:19:09,110 --> 00:19:05,660

experienced

475

00:19:11,330 --> 00:19:09,120

disinformation apparatus in the world in

476

00:19:13,190 --> 00:19:11,340

the CIA and the Mossad and all these

477

00:19:14,690 --> 00:19:13,200

intelligence agencies it's a it's a

478

00:19:16,610 --> 00:19:14,700

wonder we get anything right we have the

479

00:19:20,150 --> 00:19:16,620

mainstream it was always it was always

480

00:19:22,250 --> 00:19:20,160

thus I mean so so go back in history and

481

00:19:24,590 --> 00:19:22,260

it's always been like that I mean my

482

00:19:27,590 --> 00:19:24,600

methodology which I just kind of honed

483

00:19:30,169 --> 00:19:27,600

in on lately is one follow the data

484

00:19:32,330 --> 00:19:30,179

wherever it leads you got to go wherever

485

00:19:35,870 --> 00:19:32,340

it leads and number two follow the

486

00:19:39,470 --> 00:19:35,880

deception wherever it leads I mean if

487

00:19:41,570 --> 00:19:39,480

you're getting jacked up by uh Andrew

488

00:19:45,350 --> 00:19:41,580

Kaufman who's going to be down there in

489

00:19:48,049 --> 00:19:45,360

Acapulco spinning his no virus uh which

490

00:19:50,330 --> 00:19:48,059

is to me I I to me that's been revealed

491

00:19:52,669 --> 00:19:50,340

as an OP anyone who doesn't see the

492

00:19:54,650 --> 00:19:52,679

whole you know there is no virus there's

493

00:19:58,490 --> 00:19:54,660

no such thing as viruses there's no such

494

00:20:00,350 --> 00:19:58,500

thing as rabies uh David I cook band is

495

00:20:02,210 --> 00:20:00,360

so interesting David like how do you you

496

00:20:03,890 --> 00:20:02,220

know you can't move around kind of

497

00:20:05,870 --> 00:20:03,900

that's a whole other thing but I mean

498

00:20:08,750 --> 00:20:05,880

you're going to be there rubbing

499

00:20:11,270 --> 00:20:08,760

shoulders with with Andrew Kaufman and I

500

00:20:14,690 --> 00:20:11,280

don't know if he's you know just

501
00:20:17,870 --> 00:20:14,700
following the cheese in his crazy kind

502
00:20:19,909 --> 00:20:17,880
of world whatever but he's creating a

503
00:20:23,029 --> 00:20:19,919
co-optable situation think of what he

504
00:20:25,310 --> 00:20:23,039
does in terms of the covid thing in

505
00:20:26,570 --> 00:20:25,320
terms of the divide and Rule now he has

506
00:20:29,270 --> 00:20:26,580
this little

507
00:20:33,289 --> 00:20:29,280
kind of Fringe crazy circle of people

508
00:20:35,330 --> 00:20:33,299
who think there are no viruses I did

509
00:20:37,370 --> 00:20:35,340
several shows on this there's no rabies

510
00:20:39,770 --> 00:20:37,380
there's no right and the rabies doesn't

511
00:20:43,490 --> 00:20:39,780
exist oh it's probably just worms and

512
00:20:46,130 --> 00:20:43,500
your dog so if we don't if we don't

513
00:20:49,490 --> 00:20:46,140

follow the deception wherever it leads

514

00:20:51,310 --> 00:20:49,500

even if it leads into our own

515

00:20:54,169 --> 00:20:51,320

conference that we're going to

516

00:20:56,810 --> 00:20:54,179

especially if it leads to our own

517

00:20:58,610 --> 00:20:56,820

conference that we're going to yeah I

518

00:21:00,650 --> 00:20:58,620

like uh Daniel list over at dark

519

00:21:02,930 --> 00:21:00,660

journalist he talks about this this

520

00:21:05,210 --> 00:21:02,940

concept of there's there's the

521

00:21:06,890 --> 00:21:05,220

conspiracy then there's the junk

522

00:21:10,010 --> 00:21:06,900

conspiracy and then there's the truth

523

00:21:12,289 --> 00:21:10,020

and that they send out two versions to

524

00:21:14,750 --> 00:21:12,299

split people and then oh it's the truth

525

00:21:16,490 --> 00:21:14,760

and so you know the conspiracy is sort

526

00:21:18,529 --> 00:21:16,500

of like oh there's a conspiracy here

527

00:21:20,090 --> 00:21:18,539

this is real let's sort of figure this

528

00:21:22,789 --> 00:21:20,100

out and then there's the junk one which

529

00:21:24,650 --> 00:21:22,799

is just sort of like airplane chaff you

530

00:21:26,810 --> 00:21:24,660

know that's just set set out to to

531

00:21:29,029 --> 00:21:26,820

distract the missiles and send them a

532

00:21:30,289 --> 00:21:29,039

different uh a different direction so

533

00:21:32,810 --> 00:21:30,299

that um

534

00:21:34,730 --> 00:21:32,820

you know so that you know they split the

535

00:21:36,830 --> 00:21:34,740

group it's it's

536

00:21:39,770 --> 00:21:36,840

that's what I'm saying you you go up

537

00:21:42,230 --> 00:21:39,780

you're going up against the best

538

00:21:44,210 --> 00:21:42,240

disinformation agents in the world cycle

539

00:21:47,690 --> 00:21:44,220

up people that understand how the human

540

00:21:49,310 --> 00:21:47,700

brain brain works you're in a you're in

541

00:21:51,169 --> 00:21:49,320

a great spot because you understand that

542

00:21:53,330 --> 00:21:51,179

better than most people I am at a severe

543

00:21:54,950 --> 00:21:53,340

disadvantage and and only learning and

544

00:21:59,390 --> 00:21:54,960

catching up to the extent that I can

545

00:22:01,190 --> 00:21:59,400

about how the human brain works and you

546

00:22:03,830 --> 00:22:01,200

know when we see these psychological

547

00:22:05,330 --> 00:22:03,840

experiments the Milgram tests and you

548

00:22:07,130 --> 00:22:05,340

know all these things and you go oh my

549

00:22:08,750 --> 00:22:07,140

God you know like we're real we think

550

00:22:10,850 --> 00:22:08,760

we're so tough and we think we're so

551
00:22:13,130 --> 00:22:10,860
solid and we think we're so married to

552
00:22:14,750 --> 00:22:13,140
our ideas and then a guy in a lab coat

553
00:22:16,430 --> 00:22:14,760
with a clipboard comes around next thing

554
00:22:17,770 --> 00:22:16,440
you know you're cranking up the the

555
00:22:20,029 --> 00:22:17,780
electrical

556
00:22:21,770 --> 00:22:20,039
currencies to your neighbor in the Next

557
00:22:23,390 --> 00:22:21,780
Room and cooking the guy you know

558
00:22:24,649 --> 00:22:23,400
because some guy with a lab coat told

559
00:22:28,730 --> 00:22:24,659
you to keep doing it or you're going to

560
00:22:32,210 --> 00:22:28,740
mess up the experiment so I have come to

561
00:22:34,130 --> 00:22:32,220
learn how little I know through this

562
00:22:37,549 --> 00:22:34,140
whole thing and I think that's kind of

563
00:22:39,409 --> 00:22:37,559

liberating I I I I you know from the

564

00:22:42,049 --> 00:22:39,419

beginning have have wanted to make sure

565

00:22:44,570 --> 00:22:42,059

that I I don't mislead anybody into

566

00:22:47,409 --> 00:22:44,580

thinking that I know more than I know I

567

00:22:51,350 --> 00:22:47,419

I tell people what I know I tell people

568

00:22:53,390 --> 00:22:51,360

when I'm speculating and and and I and

569

00:22:56,450 --> 00:22:53,400

then I talk about educated guesses too

570

00:22:58,250 --> 00:22:56,460

and so I I reserve you know I reserve

571

00:22:59,990 --> 00:22:58,260

that right to be wrong and in fact if

572

00:23:02,330 --> 00:23:00,000

someone can prove to me that things are

573

00:23:05,029 --> 00:23:02,340

wrong that's one step closer to me

574

00:23:07,190 --> 00:23:05,039

getting it right so I sort of welcome

575

00:23:09,890 --> 00:23:07,200

that in a sense I don't want to be wrong

576

00:23:11,570 --> 00:23:09,900

I want I mean well let me take that back

577

00:23:13,970 --> 00:23:11,580

there's a lot of things I do really want

578

00:23:16,070 --> 00:23:13,980

to be wrong about you know because to

579

00:23:18,710 --> 00:23:16,080

admit that this is true means to admit

580

00:23:21,230 --> 00:23:18,720

that this world is really broken in some

581

00:23:22,909 --> 00:23:21,240

ways and and so I don't like that but at

582

00:23:25,549 --> 00:23:22,919

the same time

583

00:23:27,770 --> 00:23:25,559

I don't think it's very knowable to

584

00:23:29,870 --> 00:23:27,780

pretend like you'd like that stuff

585

00:23:32,149 --> 00:23:29,880

doesn't exist I think I think that we we

586

00:23:34,850 --> 00:23:32,159

do ourselves a disservice if we if we

587

00:23:37,070 --> 00:23:34,860

sort of turn a blind eye to to things

588

00:23:38,750 --> 00:23:37,080

like you mentioned like the church down

589

00:23:41,029 --> 00:23:38,760

the street is doing unspeakable things

590

00:23:45,169 --> 00:23:41,039

to kids yeah but it's the closest church

591

00:23:47,750 --> 00:23:45,179

to me okay great but are you willing to

592

00:23:50,330 --> 00:23:47,760

turn a blind eye to what's happening in

593

00:23:52,610 --> 00:23:50,340

there because I I'm not

594

00:23:55,789 --> 00:23:52,620

that's a line I have to draw is that

595

00:23:59,149 --> 00:23:55,799

when I see things like that I I try to

596

00:24:02,990 --> 00:23:59,159

speak out about them not at Thanksgiving

597

00:24:05,690 --> 00:24:03,000

dinner anymore so so I'm not really I'm

598

00:24:08,450 --> 00:24:05,700

not really a psychology guy if anything

599

00:24:10,610 --> 00:24:08,460

I'm just kind of an anti-psychology guy

600

00:24:12,049 --> 00:24:10,620

just kind of stumble over psychology to

601
00:24:14,870 --> 00:24:12,059
get to where I really want to be which

602
00:24:16,669 --> 00:24:14,880
is who am I why am I here and the

603
00:24:18,590 --> 00:24:16,679
conclusion that we are not biological

604
00:24:20,330 --> 00:24:18,600
robots in meaningless Universe which

605
00:24:23,450 --> 00:24:20,340
leads to the question will we all burn

606
00:24:25,130 --> 00:24:23,460
in hell for all our all our sins and

607
00:24:26,990 --> 00:24:25,140
that from someone who's not a Christian

608
00:24:27,890 --> 00:24:27,000
I'm not a Christian used to be a

609
00:24:30,350 --> 00:24:27,900
Christian

610
00:24:32,390 --> 00:24:30,360
you go understand the science of

611
00:24:35,090 --> 00:24:32,400
spirituality and what we know and you

612
00:24:36,770 --> 00:24:35,100
just can't maintain uh being a Christian

613
00:24:38,570 --> 00:24:36,780

and if you think you can then you're

614

00:24:41,870 --> 00:24:38,580

really not looking at the data so I'm

615

00:24:44,029 --> 00:24:41,880

always about who am I why am I here and

616

00:24:47,330 --> 00:24:44,039

then that has led me to kind of stumble

617

00:24:49,370 --> 00:24:47,340

into psychology and why is psychology

618

00:24:51,950 --> 00:24:49,380

saying that there isn't a voice inside

619

00:24:55,490 --> 00:24:51,960

your head that that you're a meaningless

620

00:24:57,649 --> 00:24:55,500

but if I was to take like the stuff that

621

00:25:00,590 --> 00:24:57,659

you're really good at the political

622

00:25:03,049 --> 00:25:00,600

stuff which you just nail and again you

623

00:25:04,909 --> 00:25:03,059

know if people have forgotten the

624

00:25:06,830 --> 00:25:04,919

octopus of global control and I'm glad

625

00:25:10,010 --> 00:25:06,840

you kind of just touched on it briefly

626
00:25:12,470 --> 00:25:10,020
because then uh the second book too was

627
00:25:14,330 --> 00:25:12,480
the controlled controlled demolition of

628
00:25:17,690 --> 00:25:14,340
the American Empire

629
00:25:20,510 --> 00:25:17,700
that one I wrote with with Berwick and

630
00:25:22,310 --> 00:25:20,520
the third one the third one that when we

631
00:25:24,350 --> 00:25:22,320
talked you were working on Thursday this

632
00:25:26,690 --> 00:25:24,360
one hip-hop crazy surviving in a world

633
00:25:28,669 --> 00:25:26,700
of cultural double standards where I put

634
00:25:31,130 --> 00:25:28,679
Uncle Sam in a straight jacket and a

635
00:25:32,450 --> 00:25:31,140
padded cell with Thorazine eyes and all

636
00:25:33,769 --> 00:25:32,460
that

637
00:25:41,090 --> 00:25:33,779
so

638
00:25:42,769 --> 00:25:41,100

here's kind of where another topic I'm

639

00:25:44,510 --> 00:25:42,779

going to Pivot on and want to talk about

640

00:25:47,630 --> 00:25:44,520

that's more kind of in line with what

641

00:25:49,070 --> 00:25:47,640

you do because uh just yesterday I was I

642

00:25:51,529 --> 00:25:49,080

was talking to Johnny vetmore and he's

643

00:25:56,510 --> 00:25:51,539

been on your show you know yeah

644

00:25:59,029 --> 00:25:56,520

love it but him and uh Whitney uh on you

645

00:26:01,549 --> 00:25:59,039

know unlimited hangout phenomenal I mean

646

00:26:05,990 --> 00:26:01,559

just phenomenal work investigative

647

00:26:09,169 --> 00:26:06,000

journalism of first order that what it

648

00:26:12,289 --> 00:26:09,179

does for any of us who are been around a

649

00:26:15,169 --> 00:26:12,299

little while you go where did this go

650

00:26:16,970 --> 00:26:15,179

where where did this stuff that used to

651
00:26:18,710 --> 00:26:16,980
really happen and be kind of the

652
00:26:20,870 --> 00:26:18,720
backbone of what we thought journalism

653
00:26:23,090 --> 00:26:20,880
was about you know in its core that it's

654
00:26:26,630 --> 00:26:23,100
just kind of disappeared but it has so

655
00:26:29,990 --> 00:26:26,640
anyways you know I'm I'm looking at his

656
00:26:32,390 --> 00:26:30,000
work and I'm going you know Johnny I'm

657
00:26:34,730 --> 00:26:32,400
interpreting this differently than you

658
00:26:37,070 --> 00:26:34,740
are and I want to bounce some of these

659
00:26:39,710 --> 00:26:37,080
things off of you because I look at the

660
00:26:43,970 --> 00:26:39,720
the great reset thing and the Klaus

661
00:26:45,769 --> 00:26:43,980
Schwab thing which I'm still amazed that

662
00:26:47,690 --> 00:26:45,779
you know I talk about normies I can talk

663
00:26:49,250 --> 00:26:47,700

to people and go well you know the great

664

00:26:51,049 --> 00:26:49,260

reset thing

665

00:26:53,450 --> 00:26:51,059

and there's upstairs you know they don't

666

00:26:56,210 --> 00:26:53,460

know you know you will own nothing and

667

00:26:58,730 --> 00:26:56,220

you will be happy and they'll go like

668

00:27:00,649 --> 00:26:58,740

no and I'm like no you you got you have

669

00:27:02,570 --> 00:27:00,659

to know this stuff but anyways there is

670

00:27:04,190 --> 00:27:02,580

that that still that level of kind of

671

00:27:07,250 --> 00:27:04,200

knowing anything like

672

00:27:08,990 --> 00:27:07,260

so here here's here's Fray of Hope

673

00:27:10,789 --> 00:27:09,000

Silver Lining Playbook kind of stuff

674

00:27:14,269 --> 00:27:10,799

that I'm gonna bounce off you let's

675

00:27:17,930 --> 00:27:14,279

start with you will own nothing and you

676

00:27:18,769 --> 00:27:17,940

will be happy that to me is a ray of

677

00:27:22,070 --> 00:27:18,779

Hope

678

00:27:24,230 --> 00:27:22,080

because clearly that is the absolute

679

00:27:27,230 --> 00:27:24,240

worst marketing slogan you could

680

00:27:30,049 --> 00:27:27,240

possibly come up with you have to be so

681

00:27:31,789 --> 00:27:30,059

dumb and it speaks to this idea that we

682

00:27:33,710 --> 00:27:31,799

think these guys are so brilliant and

683

00:27:36,890 --> 00:27:33,720

they have it all worked out and it's all

684

00:27:38,510 --> 00:27:36,900

gonna just play out their way no it did

685

00:27:41,210 --> 00:27:38,520

not when you come up with something that

686

00:27:43,549 --> 00:27:41,220

dumb and then you try and scrub it like

687

00:27:45,710 --> 00:27:43,559

today like nowadays you know this is

688

00:27:48,230 --> 00:27:45,720

like I don't know some stupid celebrity

689

00:27:51,049 --> 00:27:48,240

who says no I didn't say it it's like

690

00:27:53,269 --> 00:27:51,059

dude it's in your Twitter we all got it

691

00:27:56,570 --> 00:27:53,279

with Wayback machine we're looking at it

692

00:27:58,310 --> 00:27:56,580

right here well uh this is the level of

693

00:28:02,210 --> 00:27:58,320

you know you will own nothing and you

694

00:28:03,890 --> 00:28:02,220

will be happy that is silver lining

695

00:28:06,230 --> 00:28:03,900

as a

696

00:28:08,149 --> 00:28:06,240

marketing major from the University of

697

00:28:09,769 --> 00:28:08,159

Southern California

698

00:28:12,049 --> 00:28:09,779

um I appreciate a good marketing

699

00:28:15,289 --> 00:28:12,059

campaign the world economic forums

700

00:28:17,630 --> 00:28:15,299

marketing campaign is garbage it is an

701
00:28:20,149 --> 00:28:17,640
advertisement for Global communism the

702
00:28:21,890 --> 00:28:20,159
way you would sell a unbuilt high-rise

703
00:28:24,649 --> 00:28:21,900
building to a group of potential

704
00:28:27,230 --> 00:28:24,659
investors right you just you go it's a

705
00:28:30,529 --> 00:28:27,240
glossy marketing you look look at all

706
00:28:32,750 --> 00:28:30,539
this you we're going to have

707
00:28:34,190 --> 00:28:32,760
um smart cities nobody wants to be in a

708
00:28:36,409 --> 00:28:34,200
dumb City I actually gotta have a smart

709
00:28:39,529 --> 00:28:36,419
city right and and you'll own nothing

710
00:28:40,730 --> 00:28:39,539
and 15 minute communities you know

711
00:28:42,529 --> 00:28:40,740
because of climate change and everything

712
00:28:44,390 --> 00:28:42,539
and Universal basic income we'll give

713
00:28:46,850 --> 00:28:44,400

you all this stuff and I go I go through

714

00:28:48,830 --> 00:28:46,860

their Wholesales pitch and it's going to

715

00:28:50,510 --> 00:28:48,840

be unicorns and rainbows and beautiful

716

00:28:52,909 --> 00:28:50,520

buildings and all this and I and I think

717

00:28:55,250 --> 00:28:52,919

to myself I bet this is similar to the

718

00:28:57,529 --> 00:28:55,260

pitch for communism back in with for the

719

00:28:59,330 --> 00:28:57,539

Soviet Union and instead of what you get

720

00:29:00,890 --> 00:28:59,340

you know we're all going to be working

721

00:29:03,409 --> 00:29:00,900

you know comrade there'll be plenty of

722

00:29:05,390 --> 00:29:03,419

food for everybody you know and then the

723

00:29:06,830 --> 00:29:05,400

reality of the the situation

724

00:29:09,169 --> 00:29:06,840

it's like when you buy something online

725

00:29:11,149 --> 00:29:09,179

right you go this doesn't look anything

726

00:29:14,510 --> 00:29:11,159

like what I bought online you know you

727

00:29:16,310 --> 00:29:14,520

what you get are drab Soviet era

728

00:29:20,450 --> 00:29:16,320

buildings that all look exactly the same

729

00:29:23,269 --> 00:29:20,460

that are gray and this and boring and

730

00:29:26,330 --> 00:29:23,279

suck the soul out of you and you get

731

00:29:29,529 --> 00:29:26,340

dumb ideas the the world economic forums

732

00:29:33,649 --> 00:29:29,539

ideas their concept for this

733

00:29:35,450 --> 00:29:33,659

is dumb it's not it's not I am I'm I'm

734

00:29:37,430 --> 00:29:35,460

with you on this it is but doesn't that

735

00:29:39,409 --> 00:29:37,440

lift your spirits Charlie he explained

736

00:29:42,470 --> 00:29:39,419

this to me and and I forget who it was

737

00:29:44,389 --> 00:29:42,480

but then it was a great point it was

738

00:29:46,250 --> 00:29:44,399

um it might have been David Ike it it

739

00:29:49,310 --> 00:29:46,260

but it was they were talking about

740

00:29:52,310 --> 00:29:49,320

having a having a plan talking about

741

00:29:54,529 --> 00:29:52,320

these guys having like uh a 10-step plan

742

00:29:57,470 --> 00:29:54,539

now and and he said you know the thing

743

00:29:59,389 --> 00:29:57,480

is that like you're here you're here

744

00:30:02,210 --> 00:29:59,399

saying well they've got a 10-step plan

745

00:30:04,190 --> 00:30:02,220

and and if they accomplish all this it's

746

00:30:06,710 --> 00:30:04,200

over for us but he's like you got to

747

00:30:09,889 --> 00:30:06,720

remember that if they if you trip them

748

00:30:12,350 --> 00:30:09,899

up on step two they can't get to step

749

00:30:14,269 --> 00:30:12,360

three four five six and seven he said

750

00:30:16,610 --> 00:30:14,279

and they're having a hard time with step

751

00:30:18,649 --> 00:30:16,620

one which is getting everybody out of

752

00:30:21,049 --> 00:30:18,659

the gate to inject themselves with a

753

00:30:23,330 --> 00:30:21,059

experimental poison you know it's not

754

00:30:25,730 --> 00:30:23,340

going well when you have to incentivize

755

00:30:27,950 --> 00:30:25,740

people with laps around Talladega

756

00:30:31,310 --> 00:30:27,960

Speedway and lottery tickets and free

757

00:30:32,990 --> 00:30:31,320

donuts that's a that's a admission that

758

00:30:34,730 --> 00:30:33,000

this is clearly

759

00:30:37,070 --> 00:30:34,740

I mean you would hope you would hope

760

00:30:40,250 --> 00:30:37,080

it's clearly not plan a it has to be

761

00:30:42,049 --> 00:30:40,260

plan b or maybe even plan C so with that

762

00:30:44,990 --> 00:30:42,059

in mind knowing that you've kind of

763

00:30:47,570 --> 00:30:45,000

gummed up the operations early on in the

764

00:30:50,149 --> 00:30:47,580

first couple of steps of this process

765

00:30:52,130 --> 00:30:50,159

it's that's tremendously inspirational

766

00:30:55,070 --> 00:30:52,140

to to someone like me who says all right

767

00:30:57,230 --> 00:30:55,080

well if if step 10 is locking the door

768

00:30:59,090 --> 00:30:57,240

on this digital prison

769

00:31:00,649 --> 00:30:59,100

they're never going to get there if they

770

00:31:02,990 --> 00:31:00,659

can't even get you to inject yourself

771

00:31:03,950 --> 00:31:03,000

and they they're they're having to um

772

00:31:07,549 --> 00:31:03,960

you know

773

00:31:10,610 --> 00:31:07,559

uh incentivize celebrities and rappers

774

00:31:13,010 --> 00:31:10,620

and uh doctors and all these people that

775

00:31:15,409 --> 00:31:13,020

they have to pay pay to

776

00:31:17,750 --> 00:31:15,419

um to you know skill for their their

777

00:31:19,310 --> 00:31:17,760

concept their I their idea their vaccine

778

00:31:22,430 --> 00:31:19,320

component

779

00:31:24,710 --> 00:31:22,440

this is not going smoothly and by the

780

00:31:26,570 --> 00:31:24,720

way they're on a timeline

781

00:31:28,730 --> 00:31:26,580

it's 20 30 is their their their

782

00:31:30,289 --> 00:31:28,740

Benchmark agenda 20. [h__\h] they they

783

00:31:31,789 --> 00:31:30,299

can throw they can throw out any other

784

00:31:34,850 --> 00:31:31,799

timeline the other way it's not going

785

00:31:37,970 --> 00:31:34,860

well is is Charlie Robinson's blowing up

786

00:31:40,310 --> 00:31:37,980

and he's not the only one and yet you

787

00:31:42,710 --> 00:31:40,320

can ignore that for a little while but

788

00:31:46,610 --> 00:31:42,720

you can't really ignore that you know

789

00:31:49,070 --> 00:31:46,620

you you look at uh Facebook their model

790

00:31:51,470 --> 00:31:49,080

is failing right their model is failing

791

00:31:53,330 --> 00:31:51,480

and they will not be rescued which is

792

00:31:56,750 --> 00:31:53,340

the other thing that our community

793

00:31:59,090 --> 00:31:56,760

somehow gets wrong that oh the Sandy

794

00:32:01,490 --> 00:31:59,100

Hill you know they're all good no it's

795

00:32:03,590 --> 00:32:01,500

still a dog eat dog competitive thing

796

00:32:06,230 --> 00:32:03,600

and when somebody kicks your ass then

797

00:32:07,970 --> 00:32:06,240

they're the next guy up and they're

798

00:32:09,649 --> 00:32:07,980

going to be promoted and you got bad

799

00:32:11,690 --> 00:32:09,659

ideas they fail in the marketplace they

800

00:32:14,570 --> 00:32:11,700

don't do Microsoft would be out of

801
00:32:17,450 --> 00:32:14,580
business if that guy didn't do Xbox go

802
00:32:20,269 --> 00:32:17,460
fun pattern though when you look at

803
00:32:23,210 --> 00:32:20,279
Facebook and you and and you look at

804
00:32:25,730 --> 00:32:23,220
Microsoft transformational Technology

805
00:32:28,850 --> 00:32:25,740
Company started in a dorm room by a

806
00:32:30,289 --> 00:32:28,860
nerdy uh Harvard freshman who Partners

807
00:32:32,330 --> 00:32:30,299
up with a bunch of people with some

808
00:32:34,730 --> 00:32:32,340
stolen technology or at least that's the

809
00:32:37,130 --> 00:32:34,740
the rumors the stolen technology the IBM

810
00:32:39,289 --> 00:32:37,140
Stone technology no I mean he just

811
00:32:41,870 --> 00:32:39,299
bought it I mean he didn't have to steal

812
00:32:43,850 --> 00:32:41,880
it I mean it's stealing it it's stealing

813
00:32:46,190 --> 00:32:43,860

in the same way that you got five other

814

00:32:47,630 --> 00:32:46,200

dorks in your dorm room that have

815

00:32:50,450 --> 00:32:47,640

written the code and don't know what to

816

00:32:53,149 --> 00:32:50,460

do with it you say hey can I can I use

817

00:32:54,289 --> 00:32:53,159

that and uh the only way I can you know

818

00:32:56,630 --> 00:32:54,299

my undergraduate gives information

819

00:32:58,669 --> 00:32:56,640

systems then I got an MBA then I went

820

00:33:00,950 --> 00:32:58,679

back to get a PhD and

821

00:33:02,630 --> 00:33:00,960

artificial intelligence and halfway

822

00:33:05,029 --> 00:33:02,640

through I go screw this I need to start

823

00:33:07,610 --> 00:33:05,039

a company into artificial intelligence

824

00:33:09,590 --> 00:33:07,620

but you know the only way I got through

825

00:33:11,690 --> 00:33:09,600

that was stealing other people's

826

00:33:13,970 --> 00:33:11,700

computer programs that have bugs in them

827

00:33:15,710 --> 00:33:13,980

and fix the bugs because I couldn't

828

00:33:17,389 --> 00:33:15,720

write the program and I wasn't a good

829

00:33:18,769 --> 00:33:17,399

typist and I was dyslexic you know it's

830

00:33:20,210 --> 00:33:18,779

just good when you leave a com in the

831

00:33:21,350 --> 00:33:20,220

wrong place but I can figure out the

832

00:33:23,870 --> 00:33:21,360

problem so I could just take somebody

833

00:33:26,029 --> 00:33:23,880

else's program and go oh you got it 90

834

00:33:28,190 --> 00:33:26,039

right I'll just fix this and this and I

835

00:33:31,190 --> 00:33:28,200

can turn it in before you get yours in

836

00:33:32,450 --> 00:33:31,200

yeah it's funny that the the you know

837

00:33:34,430 --> 00:33:32,460

there and also you look at these

838

00:33:36,830 --> 00:33:34,440

parallels between the Rockefellers and

839

00:33:39,769 --> 00:33:36,840

and and Gates and you go well they they

840

00:33:41,450 --> 00:33:39,779

both had this like monopolistic hold

841

00:33:43,190 --> 00:33:41,460

over an industry until the government

842

00:33:44,630 --> 00:33:43,200

got involved and government got involved

843

00:33:46,909 --> 00:33:44,640

and broke them up into these pieces

844

00:33:48,710 --> 00:33:46,919

which I think you know with the

845

00:33:50,570 --> 00:33:48,720

Rockefellers I think a case could be

846

00:33:52,070 --> 00:33:50,580

made that they were it was better for

847

00:33:54,830 --> 00:33:52,080

them that they got broken up into these

848

00:33:57,590 --> 00:33:54,840

pieces and as a and and they they start

849

00:33:58,970 --> 00:33:57,600

the antitrust uh suits with Microsoft in

850

00:34:00,769 --> 00:33:58,980

the late 90s and they go through all

851

00:34:02,870 --> 00:34:00,779

that stuff and what comes out of as a

852

00:34:04,549 --> 00:34:02,880

result of both of these cases the

853

00:34:06,649 --> 00:34:04,559

Rockefeller foundation and the Bill and

854

00:34:08,030 --> 00:34:06,659

Melinda Gates Foundation as these PR

855

00:34:11,210 --> 00:34:08,040

vehicles

856

00:34:13,790 --> 00:34:11,220

to clean up their image and then and and

857

00:34:16,310 --> 00:34:13,800

also let's be let's be real honest

858

00:34:17,629 --> 00:34:16,320

they're tax shelters too so you find the

859

00:34:19,669 --> 00:34:17,639

answer you put your money right over

860

00:34:22,010 --> 00:34:19,679

there and then use that as a as a

861

00:34:25,490 --> 00:34:22,020

vehicle to drive your agendas uh under

862

00:34:27,950 --> 00:34:25,500

the guise of uh saving the world right

863

00:34:30,050 --> 00:34:27,960

that's what they do so you're also

864

00:34:32,210 --> 00:34:30,060

allowed to invest that money and you

865

00:34:34,550 --> 00:34:32,220

don't have to pay any taxes on it either

866

00:34:36,770 --> 00:34:34,560

so if you think about that from a

867

00:34:39,169 --> 00:34:36,780

you know you and you can invest that

868

00:34:40,970 --> 00:34:39,179

money and sometimes you can find

869

00:34:44,149 --> 00:34:40,980

creative ways without even a lot of

870

00:34:47,329 --> 00:34:44,159

thinking thinking about it to enrich

871

00:34:51,290 --> 00:34:47,339

your non-foundational kind of things

872

00:34:53,530 --> 00:34:51,300

right so now you invest in all these

873

00:34:57,650 --> 00:34:53,540

things to save the planet and

874

00:35:01,190 --> 00:34:57,660

genetically understand greater and you

875

00:35:03,410 --> 00:35:01,200

know all this and by the way who now is

876

00:35:07,370 --> 00:35:03,420

going to be the software provider for

877

00:35:09,589 --> 00:35:07,380

you know oh Microsoft you know so that's

878

00:35:11,690 --> 00:35:09,599

yeah very convenient the way that's set

879

00:35:15,170 --> 00:35:11,700

up yeah there's there's a lot of this

880

00:35:17,750 --> 00:35:15,180

happening and um and and it and it look

881

00:35:21,109 --> 00:35:17,760

and it leads us into

882

00:35:23,810 --> 00:35:21,119

this world economic Forum group who

883

00:35:25,250 --> 00:35:23,820

they've taken they've taken

884

00:35:27,770 --> 00:35:25,260

um

885

00:35:30,349 --> 00:35:27,780

the concepts which I think are probably

886

00:35:32,329 --> 00:35:30,359

anchored in decency like we're going to

887

00:35:34,250 --> 00:35:32,339

fix these problems with the world we're

888

00:35:36,650 --> 00:35:34,260

going to transform this world we're

889

00:35:38,810 --> 00:35:36,660

going to uh we're going to raise up the

890

00:35:41,089 --> 00:35:38,820

living standards of these people it's

891

00:35:43,609 --> 00:35:41,099

all it's all horseshit of course but

892

00:35:47,150 --> 00:35:43,619

but the but the idea that that you you

893

00:35:48,950 --> 00:35:47,160

would collectively take your the

894

00:35:50,750 --> 00:35:48,960

benefits that you have of being a very

895

00:35:52,930 --> 00:35:50,760

wealthy person for making all of this

896

00:35:55,130 --> 00:35:52,940

money from starting a transformational

897

00:35:56,750 --> 00:35:55,140

technology company and you're going to

898

00:35:59,329 --> 00:35:56,760

partner up with other people that have

899

00:36:00,770 --> 00:35:59,339

also had great success and you guys are

900

00:36:03,290 --> 00:36:00,780

going to use your

901
00:36:04,550 --> 00:36:03,300
the the methodology that you use to make

902
00:36:07,130 --> 00:36:04,560
your companies great you're going to use

903
00:36:09,589 --> 00:36:07,140
that to fix the world in theory

904
00:36:11,210 --> 00:36:09,599
sounds great right a case can be made

905
00:36:13,550 --> 00:36:11,220
that that that if you have like an

906
00:36:15,829 --> 00:36:13,560
altruistic if these are actually good

907
00:36:18,170 --> 00:36:15,839
guys that the idea is look I mean who do

908
00:36:21,410 --> 00:36:18,180
you want to help make this world better

909
00:36:23,150 --> 00:36:21,420
some guy that can't keep a job at Long

910
00:36:24,530 --> 00:36:23,160
John Silver's for more than a couple

911
00:36:26,150 --> 00:36:24,540
weeks or do you want a guy that that

912
00:36:27,770 --> 00:36:26,160
knows how to build businesses you know

913
00:36:29,210 --> 00:36:27,780

because we and you go well yeah I

914

00:36:30,770 --> 00:36:29,220

definitely would want the guy that knows

915

00:36:33,170 --> 00:36:30,780

how it all works

916

00:36:35,390 --> 00:36:33,180

the problem is these people are so

917

00:36:38,930 --> 00:36:35,400

they're not they don't want what we want

918

00:36:41,390 --> 00:36:38,940

and they they they have a skewed world

919

00:36:43,730 --> 00:36:41,400

view and and I'm gonna challenge that

920

00:36:45,710 --> 00:36:43,740

this is the conversation we had uh uh

921

00:36:47,510 --> 00:36:45,720

last time which was so excellent and you

922

00:36:48,650 --> 00:36:47,520

have the ability to be so nuanced in the

923

00:36:50,329 --> 00:36:48,660

way you talk about this stuff which is

924

00:36:51,710 --> 00:36:50,339

so refreshing because a lot of times we

925

00:36:53,270 --> 00:36:51,720

don't hear that but you know last time

926

00:36:55,670 --> 00:36:53,280

we talked about the confessions of an

927

00:36:58,670 --> 00:36:55,680

economic hit man you know which was

928

00:37:00,170 --> 00:36:58,680

pivotal for you and and understanding

929

00:37:02,569 --> 00:37:00,180

and having this different understanding

930

00:37:04,609 --> 00:37:02,579

and and what we talked about is you know

931

00:37:07,490 --> 00:37:04,619

which I threw on the table last time was

932

00:37:09,230 --> 00:37:07,500

like yeah it's horrible you know it to

933

00:37:11,510 --> 00:37:09,240

enslave these people in a different way

934

00:37:14,569 --> 00:37:11,520

but you go down to Uganda and you build

935

00:37:16,370 --> 00:37:14,579

that uh billion dollar dam for

936

00:37:18,710 --> 00:37:16,380

electricity in the middle of the Jungle

937

00:37:21,530 --> 00:37:18,720

that nobody needs you know

938

00:37:23,990 --> 00:37:21,540

you do keep the commies out

939

00:37:26,030 --> 00:37:24,000

and maybe that's not such a bad thing

940

00:37:27,650 --> 00:37:26,040

and if you look at the world economic

941

00:37:29,450 --> 00:37:27,660

forum and not look at it through the

942

00:37:31,730 --> 00:37:29,460

lens of what you just said but look at

943

00:37:33,950 --> 00:37:31,740

it as like and this is what I told uh

944

00:37:36,109 --> 00:37:33,960

Johnny Johnny vedma I said you know the

945

00:37:38,690 --> 00:37:36,119

the Silver Lining thing in this is that

946

00:37:41,210 --> 00:37:38,700

I was all worried that this was a new

947

00:37:44,569 --> 00:37:41,220

world order globalist kind of thing and

948

00:37:47,450 --> 00:37:44,579

I'm I'm comforted somehow that this is a

949

00:37:50,089 --> 00:37:47,460

Henry Kissinger CIA thing I get it it's

950

00:37:52,310 --> 00:37:50,099

just make America great again oh okay

951
00:37:55,010 --> 00:37:52,320
you know I'm more on board now that

952
00:37:56,870 --> 00:37:55,020
that's what it is yeah there's a there's

953
00:38:00,050 --> 00:37:56,880
a financial component in this for them

954
00:38:03,890 --> 00:38:00,060
and that actually is is it like you said

955
00:38:06,650 --> 00:38:03,900
it makes it the the new world order

956
00:38:07,970 --> 00:38:06,660
part where they aren't where they've got

957
00:38:10,010 --> 00:38:07,980
all the money in the world and they're

958
00:38:11,810 --> 00:38:10,020
not necessarily in for those are those

959
00:38:14,569 --> 00:38:11,820
people scare the [h__h] out of me exactly

960
00:38:16,670 --> 00:38:14,579
the world economic Forum people which is

961
00:38:18,410 --> 00:38:16,680
which they're saying wouldn't it be

962
00:38:20,450 --> 00:38:18,420
great if we can convince everybody that

963
00:38:22,609 --> 00:38:20,460

they can only shop at The Company Store

964

00:38:24,710 --> 00:38:22,619

and we'll build the company store so we

965

00:38:26,750 --> 00:38:24,720

can make all this money that is

966

00:38:27,890 --> 00:38:26,760

different that's a ticket one step

967

00:38:31,010 --> 00:38:27,900

further and see what you think of this

968

00:38:36,349 --> 00:38:31,020

Charlie so what what reveals itself to

969

00:38:39,109 --> 00:38:36,359

me is that one uh Klaus is a prodigy of

970

00:38:42,710 --> 00:38:39,119

Henry Kissinger yes and

971

00:38:45,230 --> 00:38:42,720

in following those footsteps again it's

972

00:38:47,390 --> 00:38:45,240

kind of more like a make America great

973

00:38:48,829 --> 00:38:47,400

kind of thing it's like world domination

974

00:38:50,630 --> 00:38:48,839

thing and if you look at the world

975

00:38:52,490 --> 00:38:50,640

economic forum and you look at Russia

976
00:38:53,930 --> 00:38:52,500
and again the guys that unlimited hang

977
00:38:56,870 --> 00:38:53,940
out did a great job of this because

978
00:38:59,089 --> 00:38:56,880
Russia took you know Putin

979
00:39:02,270 --> 00:38:59,099
World yield leader or whatever that

980
00:39:04,190 --> 00:39:02,280
thing is you know he was he was and he

981
00:39:05,750 --> 00:39:04,200
was at that he was on the ends and now

982
00:39:07,430 --> 00:39:05,760
he's on the outs right they've tried to

983
00:39:09,050 --> 00:39:07,440
try to scrub them which is so stupid

984
00:39:11,569 --> 00:39:09,060
tried to scrub that he was a part of

985
00:39:13,550 --> 00:39:11,579
that but if you look what they what

986
00:39:15,950 --> 00:39:13,560
Russia wants to do with it they want to

987
00:39:18,050 --> 00:39:15,960
go full commie with it they hear the the

988
00:39:20,210 --> 00:39:18,060

whole thing and they're like this is

989

00:39:21,349 --> 00:39:20,220

great are you kidding me we have so we

990

00:39:23,630 --> 00:39:21,359

have more surveillance cameras than

991

00:39:26,450 --> 00:39:23,640

anyone we can put this in place oh this

992

00:39:29,150 --> 00:39:26,460

idea of this uh passport this vaccine

993

00:39:30,650 --> 00:39:29,160

pass Super we could do that tomorrow and

994

00:39:33,050 --> 00:39:30,660

this idea of you know locking everybody

995

00:39:35,569 --> 00:39:33,060

up got it you know and then all of a

996

00:39:37,730 --> 00:39:35,579

sudden they go do Ukraine and we go whoa

997

00:39:41,210 --> 00:39:37,740

whoa whoa pull back on that now bro

998

00:39:43,310 --> 00:39:41,220

because what I suspect and this is what

999

00:39:46,250 --> 00:39:43,320

I guess I'd like to hear you your

1000

00:39:49,730 --> 00:39:46,260

thought on it is what's really at play

1001
00:39:54,290 --> 00:39:49,740
here is that we are going to continue to

1002
00:39:57,349 --> 00:39:54,300
control the uh the U.S crypto we want

1003
00:39:59,150 --> 00:39:57,359
that crypto to be our crypto the U.S

1004
00:40:01,190 --> 00:39:59,160
criminal and Russia you want to talk

1005
00:40:03,050 --> 00:40:01,200
about linking up with you talking to

1006
00:40:04,910 --> 00:40:03,060
China over there no no no no no no no no

1007
00:40:06,950 --> 00:40:04,920
no talking about going down to Brazil

1008
00:40:09,230 --> 00:40:06,960
and you know and you're going to do that

1009
00:40:12,650 --> 00:40:09,240
no no no no no there's only one crypto

1010
00:40:15,230 --> 00:40:12,660
guys it's USA USA and that's how we want

1011
00:40:16,609 --> 00:40:15,240
it and so you know China we took the

1012
00:40:20,030 --> 00:40:16,619
chips away from them you see where we're

1013
00:40:21,710 --> 00:40:20,040

not who knows I I don't want to like to

1014

00:40:24,230 --> 00:40:21,720

use the word Biden because I don't know

1015

00:40:25,730 --> 00:40:24,240

what that really means that puppet

1016

00:40:27,470 --> 00:40:25,740

that's there but did you see him where

1017

00:40:28,910 --> 00:40:27,480

he pulled the chips the AI chips and he

1018

00:40:32,329 --> 00:40:28,920

pulled all the people out and stuff like

1019

00:40:34,910 --> 00:40:32,339

that those two things in concert of you

1020

00:40:37,550 --> 00:40:34,920

know slapping down Putin from the world

1021

00:40:40,069 --> 00:40:37,560

economic Forum scrubbing him from that

1022

00:40:43,490 --> 00:40:40,079

and then China is to say that's what it

1023

00:40:46,190 --> 00:40:43,500

says to me is that you know we'll we'll

1024

00:40:47,630 --> 00:40:46,200

play all this shell game with all this

1025

00:40:50,510 --> 00:40:47,640

stuff that you think we're doing but

1026

00:40:53,870 --> 00:40:50,520

what we're really about is the U.S Fiat

1027

00:40:55,190 --> 00:40:53,880

crypto has to we have to own that

1028

00:40:58,010 --> 00:40:55,200

it

1029

00:41:00,170 --> 00:40:58,020

the octopus book comes out right there's

1030

00:41:01,790 --> 00:41:00,180

eight tentacles in it and everyone I

1031

00:41:04,010 --> 00:41:01,800

just go out and I start doing press for

1032

00:41:05,930 --> 00:41:04,020

it and people say so what's the most

1033

00:41:07,370 --> 00:41:05,940

dangerous tentacle and I think everybody

1034

00:41:09,770 --> 00:41:07,380

assumes I'm going to say the military

1035

00:41:11,329 --> 00:41:09,780

and what I say is the banking the

1036

00:41:15,290 --> 00:41:11,339

banking technical is the most most

1037

00:41:17,150 --> 00:41:15,300

dangerous component and here we go we we

1038

00:41:20,030 --> 00:41:17,160

go from a hundred years of the Federal

1039

00:41:23,210 --> 00:41:20,040

Reserve printing press these Fiat

1040

00:41:25,849 --> 00:41:23,220

dollars we go we we have Britton Woods

1041

00:41:29,210 --> 00:41:25,859

we we wind up going off the gold

1042

00:41:30,890 --> 00:41:29,220

standard at some point and watching the

1043

00:41:31,849 --> 00:41:30,900

value of this currency just start to

1044

00:41:33,829 --> 00:41:31,859

collapse

1045

00:41:36,650 --> 00:41:33,839

we did a very good job of controlling

1046

00:41:39,530 --> 00:41:36,660

the world through our dollar system and

1047

00:41:42,230 --> 00:41:39,540

those days are coming to an end and

1048

00:41:43,849 --> 00:41:42,240

that's what let's hope not well that's

1049

00:41:46,250 --> 00:41:43,859

what Burwood and I talked about the the

1050

00:41:49,609 --> 00:41:46,260

end of the Petro dollar situation I

1051

00:41:52,609 --> 00:41:49,619

think that I think that this has

1052

00:41:53,870 --> 00:41:52,619

um ramifications and and you see this

1053

00:41:55,490 --> 00:41:53,880

since we're talking about Russia and

1054

00:41:58,430 --> 00:41:55,500

we're talking about China we're talking

1055

00:42:00,770 --> 00:41:58,440

about these two have been forced due to

1056

00:42:02,930 --> 00:42:00,780

these worldwide sanctions being forced

1057

00:42:05,450 --> 00:42:02,940

Russia to look for partners for a

1058

00:42:07,849 --> 00:42:05,460

variety of things their oil and also

1059

00:42:09,950 --> 00:42:07,859

their the Swift banking system that they

1060

00:42:11,390 --> 00:42:09,960

were kicked off of and in China this

1061

00:42:13,430 --> 00:42:11,400

happened to China China built their own

1062

00:42:15,770 --> 00:42:13,440

version of that Russia thought about

1063

00:42:18,349 --> 00:42:15,780

doing that in 2014 and I think they did

1064

00:42:20,990 --> 00:42:18,359

to a certain extent build us a aversion

1065

00:42:23,510 --> 00:42:21,000

but when they were thrown off of that

1066

00:42:25,550 --> 00:42:23,520

that Swift platform

1067

00:42:28,190 --> 00:42:25,560

they they said to the Chinese can we

1068

00:42:29,810 --> 00:42:28,200

work with you on on clearing these

1069

00:42:31,510 --> 00:42:29,820

International wire funds and they said

1070

00:42:35,270 --> 00:42:31,520

sure no problem we'll do it with us

1071

00:42:38,210 --> 00:42:35,280

we're we I say we because it's not we

1072

00:42:41,510 --> 00:42:38,220

but it's the the West I think is making

1073

00:42:43,849 --> 00:42:41,520

a a miscalculation with the Russia thing

1074

00:42:46,430 --> 00:42:43,859

because they're they're forcing Russia

1075

00:42:50,210 --> 00:42:46,440

into tighter relationships with China

1076

00:42:53,630 --> 00:42:50,220

and China has a very

1077

00:42:56,450 --> 00:42:53,640

I'd say prominent uh relationship with

1078

00:42:58,370 --> 00:42:56,460

Saudi Arabia and and this and this all

1079

00:43:00,050 --> 00:42:58,380

matters for the dollar in the in in the

1080

00:43:03,910 --> 00:43:00,060

end because

1081

00:43:06,470 --> 00:43:03,920

I can Envision a scenario in which

1082

00:43:09,650 --> 00:43:06,480

ji's Representatives or maybe even

1083

00:43:12,650 --> 00:43:09,660

himself are in Saudi Arabia talking to

1084

00:43:14,210 --> 00:43:12,660

that uh to MBS and his group and saying

1085

00:43:16,609 --> 00:43:14,220

listen

1086

00:43:18,589 --> 00:43:16,619

you got this petrodollar situation but

1087

00:43:20,450 --> 00:43:18,599

that's the 70s that's when America is

1088

00:43:23,569 --> 00:43:20,460

buying two and a half million barrels of

1089

00:43:25,370 --> 00:43:23,579

oil a day from from you guys reasonable

1090

00:43:27,290 --> 00:43:25,380

to have that they only buy about four

1091

00:43:28,790 --> 00:43:27,300

hundred thousand barrels a day you know

1092

00:43:31,430 --> 00:43:28,800

who buys two and a half million barrels

1093

00:43:34,130 --> 00:43:31,440

a day from you guys we the Chinese we do

1094

00:43:35,750 --> 00:43:34,140

why don't we do something why don't we

1095

00:43:37,130 --> 00:43:35,760

do this why don't we modernize this

1096

00:43:39,589 --> 00:43:37,140

Arrangement why don't we get away from

1097

00:43:41,630 --> 00:43:39,599

the Petro dollar and move to the petrol

1098

00:43:42,890 --> 00:43:41,640

you want now it sounds crazy of course

1099

00:43:44,450 --> 00:43:42,900

and it sounds like something that would

1100

00:43:47,510 --> 00:43:44,460

never happen and it would never happen

1101

00:43:49,609 --> 00:43:47,520

if you had the Bush family and that

1102

00:43:52,069 --> 00:43:49,619

whole regime with their tight

1103

00:43:54,230 --> 00:43:52,079

relationship with the Saudis still in

1104

00:43:56,150 --> 00:43:54,240

control but you've got Joe Biden and

1105

00:43:58,130 --> 00:43:56,160

like you said whoever whatever that

1106

00:43:59,690 --> 00:43:58,140

means Joe Biden whoever's wearing the

1107

00:44:01,190 --> 00:43:59,700

Joe Biden mask

1108

00:44:03,050 --> 00:44:01,200

um and they don't have a very good

1109

00:44:05,270 --> 00:44:03,060

relationship with Saudi Arabia they get

1110

00:44:09,170 --> 00:44:05,280

they're they're not strong they're sort

1111

00:44:11,150 --> 00:44:09,180

of embarrassed I can foresee uh I could

1112

00:44:13,430 --> 00:44:11,160

and I'm not saying it's gonna happen but

1113

00:44:15,589 --> 00:44:13,440

I'm saying I could I could foresee that

1114

00:44:18,230 --> 00:44:15,599

conversation happen where Saudi Arabia

1115

00:44:22,010 --> 00:44:18,240

starts to think well really our our best

1116

00:44:25,250 --> 00:44:22,020

partner here are the Chinese they we can

1117

00:44:28,130 --> 00:44:25,260

work with them and America is sort of

1118

00:44:30,829 --> 00:44:28,140

going the wrong direction here I would

1119

00:44:32,870 --> 00:44:30,839

say though as I have that thought about

1120

00:44:34,010 --> 00:44:32,880

the whole scenario there is one thing

1121

00:44:35,030 --> 00:44:34,020

that makes me think that it wouldn't

1122

00:44:37,370 --> 00:44:35,040

happen

1123

00:44:40,250 --> 00:44:37,380

and that is that the Saudis are crystal

1124

00:44:41,750 --> 00:44:40,260

clear on how America would react to

1125

00:44:45,349 --> 00:44:41,760

something like that I think that they

1126

00:44:48,290 --> 00:44:45,359

they would be terrified of what America

1127

00:44:50,690 --> 00:44:48,300

would do in retaliation for something

1128

00:44:52,370 --> 00:44:50,700

like that but have you ever been have

1129

00:44:55,910 --> 00:44:52,380

you ever been to Russia

1130

00:44:58,849 --> 00:44:55,920

uh no it's a [h__\h] show yeah I've been

1131

00:45:02,089 --> 00:44:58,859

there four times it's a [h__\h] show

1132

00:45:03,770 --> 00:45:02,099

um China I I have not been to uh China

1133

00:45:06,470 --> 00:45:03,780

I've been to Taiwan I've been to

1134

00:45:08,809 --> 00:45:06,480

Shanghai it's weird they ain't gonna win

1135

00:45:11,390 --> 00:45:08,819

it just doesn't it doesn't work it it

1136

00:45:13,370 --> 00:45:11,400

runs itself out you know in the same way

1137

00:45:14,630 --> 00:45:13,380

let like we talk about North Korea and

1138

00:45:22,750 --> 00:45:14,640

stuff like that and we talk about the

1139

00:45:29,930 --> 00:45:26,390

however long how ever long that goes as

1140

00:45:32,150 --> 00:45:29,940

crazy as our system is our system seems

1141

00:45:34,690 --> 00:45:32,160

to come out on top because it promotes

1142

00:45:38,870 --> 00:45:34,700

this kind of freewheeling capitalism

1143

00:45:43,190 --> 00:45:38,880

Russia is not going to win and Putin is

1144

00:45:45,470 --> 00:45:43,200

is a he's a totalitarian dictator right

1145

00:45:48,710 --> 00:45:45,480

and well I I can't believe that people

1146

00:45:49,910 --> 00:45:48,720

uh paper over that like Oliver Stone I

1147

00:45:53,390 --> 00:45:49,920

just heard him the other day it's like

1148

00:45:55,910 --> 00:45:53,400

dude are you like what is you're such a

1149

00:45:58,069 --> 00:45:55,920

brilliant guy you can't see through uh

1150

00:46:01,430 --> 00:45:58,079

the Putin thing all right just having

1151
00:46:03,829 --> 00:46:01,440
fun here is did are you aware of this

1152
00:46:04,609 --> 00:46:03,839
are you aware of the the Biden chips

1153
00:46:06,470 --> 00:46:04,619
thing

1154
00:46:08,809 --> 00:46:06,480
let me read this into the show

1155
00:46:09,829 --> 00:46:08,819
in short the Biden Administration wants

1156
00:46:12,770 --> 00:46:09,839
to prevent

1157
00:46:15,589 --> 00:46:12,780
take that out they already did prevent

1158
00:46:20,450 --> 00:46:15,599
by executive order and by physically

1159
00:46:21,950 --> 00:46:20,460
pulling workers U.S workers in China and

1160
00:46:23,829 --> 00:46:21,960
tell them you better go home if you're

1161
00:46:26,150 --> 00:46:23,839
working for any chip people in China

1162
00:46:28,370 --> 00:46:26,160
wants to prevent China from buying the

1163
00:46:30,710 --> 00:46:28,380

world's best chips and machines to make

1164

00:46:34,370 --> 00:46:30,720

them these chips will power not only the

1165

00:46:36,230 --> 00:46:34,380

next generation of military but also AI

1166

00:46:38,630 --> 00:46:36,240

Technologies which is what this is

1167

00:46:40,970 --> 00:46:38,640

really about but also make self-driving

1168

00:46:42,410 --> 00:46:40,980

Vehicles blah blah blah they actually

1169

00:46:47,990 --> 00:46:42,420

did this

1170

00:46:51,109 --> 00:46:48,000

oil is great but think chips and then

1171

00:46:53,089 --> 00:46:51,119

you know who's manufacturing 70 of the

1172

00:46:54,410 --> 00:46:53,099

world's chips uh that these very very

1173

00:46:55,970 --> 00:46:54,420

high-end chips which are all that

1174

00:46:57,829 --> 00:46:55,980

matters I mean if you're manufacturing

1175

00:46:59,870 --> 00:46:57,839

the chips that go into toys you know

1176

00:47:02,089 --> 00:46:59,880

have at it we'll let China do that all

1177

00:47:03,710 --> 00:47:02,099

day long vacuum cleaners and you know

1178

00:47:06,290 --> 00:47:03,720

all that stuff you keep doing that all

1179

00:47:09,170 --> 00:47:06,300

day long but the AI that's really

1180

00:47:11,750 --> 00:47:09,180

already you know CPT chat and is running

1181

00:47:14,210 --> 00:47:11,760

we can see it in our face is running the

1182

00:47:16,910 --> 00:47:14,220

world uh that you're not going to have

1183

00:47:19,609 --> 00:47:16,920

and even if you think Taiwan you're kind

1184

00:47:22,250 --> 00:47:19,619

of missing the point because IBM is the

1185

00:47:26,270 --> 00:47:22,260

one who's actually designing the chips

1186

00:47:28,430 --> 00:47:26,280

so again I think looking at the chess

1187

00:47:31,730 --> 00:47:28,440

board one step back

1188

00:47:33,710 --> 00:47:31,740

I'm encouraged I get this this is uh

1189

00:47:36,950 --> 00:47:33,720

this is uh make America great again

1190

00:47:39,770 --> 00:47:36,960

we're gonna kick your ass Empire which

1191

00:47:42,290 --> 00:47:39,780

is horrible in all the confessions of an

1192

00:47:44,990 --> 00:47:42,300

economic Hitman kind of way but it's the

1193

00:47:47,390 --> 00:47:45,000

world we live in and we better hope that

1194

00:47:49,970 --> 00:47:47,400

we do stay on top because the other

1195

00:47:52,010 --> 00:47:49,980

people who would take over and who we

1196

00:47:56,690 --> 00:47:52,020

would see on top we don't want to be on

1197

00:47:59,870 --> 00:47:56,700

top uh even worse no it's it

1198

00:48:01,870 --> 00:47:59,880

it I I would have a hard time living

1199

00:48:04,550 --> 00:48:01,880

under a Chinese

1200

00:48:07,010 --> 00:48:04,560

dictatorial power structure

1201
00:48:10,510 --> 00:48:07,020
uh I mean I think that's putting it it

1202
00:48:13,550 --> 00:48:10,520
mildly I I it this is the devil I know

1203
00:48:15,349 --> 00:48:13,560
the white devil I know uh here in

1204
00:48:17,569 --> 00:48:15,359
America as opposed to the other the

1205
00:48:20,930 --> 00:48:17,579
devil that you don't know which

1206
00:48:22,609 --> 00:48:20,940
I don't see look I don't see

1207
00:48:25,370 --> 00:48:22,619
I don't see the Klaus Schwab group

1208
00:48:28,550 --> 00:48:25,380
getting the traction that they want but

1209
00:48:30,890 --> 00:48:28,560
I do have very big fears about the

1210
00:48:32,390 --> 00:48:30,900
Rockefeller United Nations groups and

1211
00:48:34,790 --> 00:48:32,400
what they want and that relationship

1212
00:48:36,290 --> 00:48:34,800
with China has been something that

1213
00:48:38,270 --> 00:48:36,300

they've been growing for a very long

1214

00:48:42,470 --> 00:48:38,280

time for a well at least I guess since

1215

00:48:44,690 --> 00:48:42,480

the the the 70s with Nixon and and

1216

00:48:46,670 --> 00:48:44,700

um and David Rockefeller and Kissinger

1217

00:48:50,990 --> 00:48:46,680

going up over there and opening up that

1218

00:48:53,210 --> 00:48:51,000

sort of door to us I I've I've read too

1219

00:48:55,069 --> 00:48:53,220

much and heard too much about this pivot

1220

00:48:57,290 --> 00:48:55,079

to China being sort of you know well

1221

00:49:01,069 --> 00:48:57,300

they're going to take the next phase of

1222

00:49:03,530 --> 00:49:01,079

this and I'm obviously concerned I don't

1223

00:49:06,109 --> 00:49:03,540

like the idea of any Empire but like you

1224

00:49:09,349 --> 00:49:06,119

said if you've got to pick one well

1225

00:49:11,930 --> 00:49:09,359

if I'm in America uh if the American

1226

00:49:14,690 --> 00:49:11,940

Empire at least theoretically would kill

1227

00:49:16,490 --> 00:49:14,700

me last I suppose I don't know maybe

1228

00:49:20,630 --> 00:49:16,500

that's not maybe that's an incorrect

1229

00:49:24,170 --> 00:49:20,640

calculation whatever uh progress we

1230

00:49:26,870 --> 00:49:24,180

could make in terms of reversing the

1231

00:49:29,809 --> 00:49:26,880

forces of that Empire much better chance

1232

00:49:32,569 --> 00:49:29,819

of doing it with our Empire than

1233

00:49:35,270 --> 00:49:32,579

somebody else's for sure for sure and

1234

00:49:37,130 --> 00:49:35,280

China is is taking this you know the

1235

00:49:40,250 --> 00:49:37,140

like

1236

00:49:42,829 --> 00:49:40,260

the the social credit component of this

1237

00:49:44,809 --> 00:49:42,839

which I'd say is is a factor in this

1238

00:49:47,690 --> 00:49:44,819

world economic Forum it's really being

1239

00:49:50,470 --> 00:49:47,700

test driven in China and I remember

1240

00:49:55,550 --> 00:49:50,480

reading years ago about

1241

00:49:58,250 --> 00:49:55,560

Shenzhen the city of Shenzhen having

1242

00:50:00,109 --> 00:49:58,260

I think they said you know millions and

1243

00:50:01,670 --> 00:50:00,119

millions not just cameras but facial

1244

00:50:04,370 --> 00:50:01,680

recognition cameras and they talked

1245

00:50:07,490 --> 00:50:04,380

about this um this is example of a guy

1246

00:50:09,770 --> 00:50:07,500

getting on a waiting to get on a bus and

1247

00:50:11,390 --> 00:50:09,780

and he lights up as he gets on the bus

1248

00:50:13,790 --> 00:50:11,400

comes he gets on the sit on the bus he

1249

00:50:15,770 --> 00:50:13,800

lights up a cigarette

1250

00:50:19,730 --> 00:50:15,780

facial recognition cameras in the bus

1251

00:50:21,950 --> 00:50:19,740

catch him see who he is figure it out

1252

00:50:24,170 --> 00:50:21,960

it's illegal to smoke on the bus the

1253

00:50:24,950 --> 00:50:24,180

fine is let's just say ten dollars or

1254

00:50:27,050 --> 00:50:24,960

whatever

1255

00:50:29,569 --> 00:50:27,060

by the time that guy gets off the bus

1256

00:50:32,329 --> 00:50:29,579

gets around the corner and is walking to

1257

00:50:34,190 --> 00:50:32,339

his job his cell phone paints and says

1258

00:50:36,950 --> 00:50:34,200

you

1259

00:50:39,589 --> 00:50:36,960

um were caught smoking on a bus which is

1260

00:50:41,569 --> 00:50:39,599

illegal you were fined ten dollars it

1261

00:50:44,230 --> 00:50:41,579

was deducted already from your weibo

1262

00:50:47,690 --> 00:50:44,240

account which is like a Chinese PayPal

1263

00:50:50,690 --> 00:50:47,700

and you have been

1264

00:50:53,510 --> 00:50:50,700

um marked down for that re-education

1265

00:50:55,849 --> 00:50:53,520

program yeah that was years ago right so

1266

00:50:57,829 --> 00:50:55,859

so this idea that you know well sometime

1267

00:51:00,530 --> 00:50:57,839

in the future they're going to do

1268

00:51:03,589 --> 00:51:00,540

the future is now depending on where you

1269

00:51:06,890 --> 00:51:03,599

are on this planet and and that scares

1270

00:51:08,870 --> 00:51:06,900

me because that where I I take a look at

1271

00:51:11,870 --> 00:51:08,880

that and I go oh like I see the

1272

00:51:14,990 --> 00:51:11,880

dystopian breadcrumbs leading to to

1273

00:51:18,109 --> 00:51:15,000

where it's going and but yet this

1274

00:51:19,250 --> 00:51:18,119

another person who doesn't know what we

1275

00:51:21,290 --> 00:51:19,260

are talking about doesn't understand

1276

00:51:22,670 --> 00:51:21,300

hasn't thought about this you know a

1277

00:51:24,349 --> 00:51:22,680

couple steps ahead as to where this

1278

00:51:25,970 --> 00:51:24,359

Empire is going they see that and they

1279

00:51:27,290 --> 00:51:25,980

go oh that would be great because then

1280

00:51:28,250 --> 00:51:27,300

nobody will be smoking on the bus

1281

00:51:30,829 --> 00:51:28,260

anymore

1282

00:51:32,410 --> 00:51:30,839

that's hell yes I hate that I hate that

1283

00:51:34,910 --> 00:51:32,420

second hand smoke

1284

00:51:36,309 --> 00:51:34,920

in Southern California we don't allow it

1285

00:51:40,150 --> 00:51:36,319

on the beach

1286

00:51:44,150 --> 00:51:40,160

to let no

1287

00:51:47,030 --> 00:51:44,160

so uh but you know here here's the

1288

00:51:49,730 --> 00:51:47,040

two two two more silver lining playbooks

1289

00:51:52,670 --> 00:51:49,740

one is Kissinger and one is uh Frederick

1290

00:51:54,410 --> 00:51:52,680

Douglass and I guess I'll go uh uh

1291

00:51:56,030 --> 00:51:54,420

Frederick Douglass I bring him up all

1292

00:51:58,130 --> 00:51:56,040

the time people get out their nose all

1293

00:52:00,530 --> 00:51:58,140

been out of shape because we hate to

1294

00:52:03,349 --> 00:52:00,540

really look back at slavery and

1295

00:52:05,270 --> 00:52:03,359

everything that it was and have these

1296

00:52:07,370 --> 00:52:05,280

Southern gentlemen went to church and

1297

00:52:10,549 --> 00:52:07,380

then came back and went out and [h__\h]

1298

00:52:12,290 --> 00:52:10,559

their nine-year-old slave and just yeah

1299

00:52:14,230 --> 00:52:12,300

didn't see any problem with that and

1300

00:52:16,910 --> 00:52:14,240

didn't see that as

1301
00:52:19,670 --> 00:52:16,920
satanic again I'm not Christian I don't

1302
00:52:21,170 --> 00:52:19,680
know what satanic means but when you get

1303
00:52:24,770 --> 00:52:21,180
that thought in your head that that's

1304
00:52:27,170 --> 00:52:24,780
okay to enslave another person to take

1305
00:52:31,190 --> 00:52:27,180
their infant out of their arms and go

1306
00:52:34,130 --> 00:52:31,200
sell that to you know torture and

1307
00:52:38,630 --> 00:52:34,140
sadistic and all that and I guess that

1308
00:52:42,950 --> 00:52:38,640
goes two ways for me one it goes we have

1309
00:52:46,549 --> 00:52:42,960
to own our freaking history and black

1310
00:52:51,349 --> 00:52:46,559
lives matter maybe a total scam and it

1311
00:52:54,230 --> 00:52:51,359
is but it points to a reality that we

1312
00:52:57,410 --> 00:52:54,240
lived we lived through that and then we

1313
00:52:59,270 --> 00:52:57,420

fought a war over it and then we let the

1314

00:53:02,569 --> 00:52:59,280

Klu Klux Klan do it for another hundred

1315

00:53:05,569 --> 00:53:02,579

years and we did it again and again and

1316

00:53:08,089 --> 00:53:05,579

again and decision and law and World

1317

00:53:10,809 --> 00:53:08,099

economic Forum after World economic

1318

00:53:15,609 --> 00:53:10,819

Forum which we had 50 of them back then

1319

00:53:19,130 --> 00:53:15,619

so we've lived through a lot of crazy

1320

00:53:22,010 --> 00:53:19,140

satanic [h__h] in this country and to

1321

00:53:25,370 --> 00:53:22,020

pretend like we need to get you know all

1322

00:53:28,490 --> 00:53:25,380

worked up about this latest one and my

1323

00:53:30,589 --> 00:53:28,500

mom grew up in Tennessee and she

1324

00:53:32,569 --> 00:53:30,599

remembers when she was a kid that there

1325

00:53:33,770 --> 00:53:32,579

were colored drinking fountains so this

1326
00:53:38,109 --> 00:53:33,780
isn't like

1327
00:53:40,790 --> 00:53:38,119
something where we're digging out in the

1328
00:53:42,710 --> 00:53:40,800
desert and looking at

1329
00:53:44,690 --> 00:53:42,720
sediment layers and going oh it looks

1330
00:53:46,430 --> 00:53:44,700
like there were slavery 400 000 years

1331
00:53:49,069 --> 00:53:46,440
ago like there's people that remember

1332
00:53:52,430 --> 00:53:49,079
this and and these Concepts and it's

1333
00:53:54,950 --> 00:53:52,440
disgusting for sure and so it but here

1334
00:53:57,230 --> 00:53:54,960
we go you you can you can have a concept

1335
00:53:59,569 --> 00:53:57,240
like this that needs to be examined the

1336
00:54:01,250 --> 00:53:59,579
treatment of all sorts of people not

1337
00:54:03,710 --> 00:54:01,260
just black people but the treatment of

1338
00:54:05,030 --> 00:54:03,720

of all sorts of people

1339

00:54:06,770 --> 00:54:05,040

and you can want to have that

1340

00:54:08,750 --> 00:54:06,780

conversation and then here comes the

1341

00:54:10,490 --> 00:54:08,760

media and they hijack it and next thing

1342

00:54:12,470 --> 00:54:10,500

you know it's black lives matter it's

1343

00:54:14,870 --> 00:54:12,480

not the problem the problem is

1344

00:54:18,049 --> 00:54:14,880

acknowledging that that is [h__h]

1345

00:54:20,990 --> 00:54:18,059

satanic whatever that means that is

1346

00:54:24,049 --> 00:54:21,000

satanic and the same thing is happening

1347

00:54:26,990 --> 00:54:24,059

now and this is a spiritual battle again

1348

00:54:29,510 --> 00:54:27,000

I'm not a Christian folks but if I'm not

1349

00:54:31,790 --> 00:54:29,520

thinking about it on that level then

1350

00:54:34,790 --> 00:54:31,800

it's black lives matter and reparations

1351

00:54:37,309 --> 00:54:34,800

and pro political issues it's like no

1352

00:54:40,670 --> 00:54:37,319

it's like how could that happen how

1353

00:54:42,950 --> 00:54:40,680

could someone's Soul allow them to do

1354

00:54:46,790 --> 00:54:42,960

that to another human being and once we

1355

00:54:49,010 --> 00:54:46,800

begin to understand that we go oh that's

1356

00:54:51,790 --> 00:54:49,020

what the Chinese want

1357

00:54:55,250 --> 00:54:51,800

they're tapping into that same energy

1358

00:54:57,770 --> 00:54:55,260

that's what Klaus Schwab wants that's

1359

00:55:01,069 --> 00:54:57,780

how we can get into this mode of

1360

00:55:04,010 --> 00:55:01,079

thinking we want to satisfy that need to

1361

00:55:06,109 --> 00:55:04,020

control to dominate to do if if we don't

1362

00:55:07,670 --> 00:55:06,119

go there then we're always going to be

1363

00:55:09,349 --> 00:55:07,680

talking about the mansions that they

1364

00:55:11,210 --> 00:55:09,359

bought from black lives matter and we

1365

00:55:14,870 --> 00:55:11,220

can get riled up about that we're never

1366

00:55:20,690 --> 00:55:18,589

yeah it's human beings are capable of

1367

00:55:22,430 --> 00:55:20,700

some horrible stuff but but a lot of

1368

00:55:24,530 --> 00:55:22,440

times we get we have to get whipped up

1369

00:55:28,190 --> 00:55:24,540

into it or you have to learn you know

1370

00:55:31,849 --> 00:55:28,200

learn you know the idea of of how you

1371

00:55:34,250 --> 00:55:31,859

treat other people I grew up in like a

1372

00:55:37,010 --> 00:55:34,260

suburbs actually grew up in Palm Springs

1373

00:55:39,109 --> 00:55:37,020

huge gay community right so my world

1374

00:55:41,270 --> 00:55:39,119

view from growing up there was that that

1375

00:55:44,150 --> 00:55:41,280

was all just kind of normal wasn't my

1376

00:55:46,849 --> 00:55:44,160

thing but it was relatively normal

1377

00:55:48,710 --> 00:55:46,859

but just a few thousand miles away where

1378

00:55:51,049 --> 00:55:48,720

my mom grew up in Tennessee it was very

1379

00:55:53,450 --> 00:55:51,059

abnormal that would not like the the

1380

00:55:57,170 --> 00:55:53,460

relationship that the the people have

1381

00:55:59,210 --> 00:55:57,180

with one another same country

1382

00:56:01,790 --> 00:55:59,220

theoretically the same types of people

1383

00:56:04,309 --> 00:56:01,800

right uh living through the same era

1384

00:56:06,230 --> 00:56:04,319

vastly different views on what is

1385

00:56:09,530 --> 00:56:06,240

acceptable in society and what is not

1386

00:56:12,490 --> 00:56:09,540

and and now we're in a place where the

1387

00:56:15,290 --> 00:56:12,500

information War the media is is is is is

1388

00:56:18,170 --> 00:56:15,300

putting thoughts in people's heads kids

1389

00:56:20,569 --> 00:56:18,180

younger and younger that the planet is

1390

00:56:22,790 --> 00:56:20,579

overburdened and the the best thing to

1391

00:56:24,650 --> 00:56:22,800

do is to kill themselves and not

1392

00:56:27,170 --> 00:56:24,660

contribute to this carbon or definitely

1393

00:56:30,410 --> 00:56:27,180

don't have kids and all these things we

1394

00:56:32,089 --> 00:56:30,420

are we are starting to normalize this in

1395

00:56:34,010 --> 00:56:32,099

this suicidal

1396

00:56:36,109 --> 00:56:34,020

like a suicide cult

1397

00:56:37,430 --> 00:56:36,119

and and I'm and

1398

00:56:40,670 --> 00:56:37,440

and it's

1399

00:56:43,609 --> 00:56:40,680

it's terrifying because it's you can see

1400

00:56:45,470 --> 00:56:43,619

the machine at work targeting younger

1401
00:56:47,930 --> 00:56:45,480
and younger people giving them anxiety

1402
00:56:48,970 --> 00:56:47,940
climate anxiety climate change we're all

1403
00:56:51,410 --> 00:56:48,980
gonna die

1404
00:56:53,390 --> 00:56:51,420
would you ever think of that if it

1405
00:56:55,010 --> 00:56:53,400
wasn't for the media pumping that in no

1406
00:56:58,430 --> 00:56:55,020
of course not you'd never even it never

1407
00:57:00,109 --> 00:56:58,440
cross your mind so we've got a

1408
00:57:02,450 --> 00:57:00,119
we've got

1409
00:57:03,890 --> 00:57:02,460
a battle that's raging on multiple

1410
00:57:07,130 --> 00:57:03,900
fronts you mentioned the spiritual

1411
00:57:09,170 --> 00:57:07,140
battle for sure a spiritual I'm sure you

1412
00:57:11,990 --> 00:57:09,180
and Sam talked about that on zero you

1413
00:57:13,849 --> 00:57:12,000

know he he's it's a spiritual Battle Man

1414

00:57:16,609 --> 00:57:13,859

a hundred percent it's an information

1415

00:57:17,630 --> 00:57:16,619

War who's got the best information and

1416

00:57:19,970 --> 00:57:17,640

if you don't have the best information

1417

00:57:22,010 --> 00:57:19,980

can you at least suppress the other guys

1418

00:57:24,349 --> 00:57:22,020

best information you know can what can

1419

00:57:26,990 --> 00:57:24,359

you do there culture War everybody's

1420

00:57:29,030 --> 00:57:27,000

trans everybody's non-binary or the

1421

00:57:33,650 --> 00:57:29,040

planet is going to end they've gotten

1422

00:57:35,630 --> 00:57:33,660

people so anxious and so screwed up that

1423

00:57:37,250 --> 00:57:35,640

they don't even trust the planet that

1424

00:57:39,290 --> 00:57:37,260

they're living on they don't even know

1425

00:57:43,190 --> 00:57:39,300

what's going on so

1426

00:57:45,470 --> 00:57:43,200

what a what a as a writer

1427

00:57:48,530 --> 00:57:45,480

you know sitting in the bleachers

1428

00:57:50,750 --> 00:57:48,540

watching this whole thing fascinated

1429

00:57:52,250 --> 00:57:50,760

as a human being that has to participate

1430

00:57:54,049 --> 00:57:52,260

in it

1431

00:57:56,809 --> 00:57:54,059

pretty terrifying and especially one

1432

00:57:58,970 --> 00:57:56,819

that has a has a kid you know who's

1433

00:57:59,990 --> 00:57:58,980

going to have to navigate this world and

1434

00:58:02,390 --> 00:58:00,000

it's like

1435

00:58:04,549 --> 00:58:02,400

how do I teach my daughter how to

1436

00:58:06,349 --> 00:58:04,559

navigate this world when I'm still

1437

00:58:08,630 --> 00:58:06,359

trying to figure out what the best

1438

00:58:10,309 --> 00:58:08,640

strategy is for navigating this and and

1439

00:58:12,589 --> 00:58:10,319

you know and I know some of the easy

1440

00:58:14,270 --> 00:58:12,599

ones stay away from the media but you

1441

00:58:15,650 --> 00:58:14,280

might detach yourself from the media but

1442

00:58:17,870 --> 00:58:15,660

everybody that you're interacting with

1443

00:58:20,210 --> 00:58:17,880

hasn't so they're all getting their

1444

00:58:23,210 --> 00:58:20,220

information from the media so

1445

00:58:26,870 --> 00:58:23,220

it's a really weird

1446

00:58:30,410 --> 00:58:26,880

landscape right now to uh to try and

1447

00:58:31,970 --> 00:58:30,420

navigate and the more you um

1448

00:58:34,430 --> 00:58:31,980

you you know the more I look at this I I

1449

00:58:36,589 --> 00:58:34,440

find bits and pieces where I feel

1450

00:58:38,150 --> 00:58:36,599

optimistic and say okay well the plan

1451
00:58:40,190 --> 00:58:38,160
isn't coming together as they would like

1452
00:58:42,650 --> 00:58:40,200
it to and then I look around and I go

1453
00:58:45,589 --> 00:58:42,660
you but if the plan is also to scramble

1454
00:58:48,170 --> 00:58:45,599
the brains of a lot of young kids and

1455
00:58:50,510 --> 00:58:48,180
get them feeling like

1456
00:58:53,210 --> 00:58:50,520
um all hope is lost well then that plan

1457
00:58:55,549 --> 00:58:53,220
is being kind of accomplished it seems

1458
00:58:57,730 --> 00:58:55,559
I'm I'm not I mean have you felt that do

1459
00:59:01,309 --> 00:58:57,740
you feel that like

1460
00:59:03,109 --> 00:59:01,319
a young generation I absolutely and I

1461
00:59:05,150 --> 00:59:03,119
listened to your Show recently your

1462
00:59:06,770 --> 00:59:05,160
excellent excellent show on ask the

1463
00:59:09,049 --> 00:59:06,780

Aspen Institute is that what a question

1464

00:59:10,730 --> 00:59:09,059

yeah yeah yeah phenomenal you know and

1465

00:59:12,589 --> 00:59:10,740

they're going for the kids you know

1466

00:59:15,950 --> 00:59:12,599

they're directly targeting the kids and

1467

00:59:17,990 --> 00:59:15,960

uh it's very it's very depressing and

1468

00:59:20,089 --> 00:59:18,000

that's why I'm hitting you really hard

1469

00:59:22,010 --> 00:59:20,099

with this silver lighting Playbook kind

1470

00:59:24,530 --> 00:59:22,020

of theme kind of thing yeah and because

1471

00:59:26,750 --> 00:59:24,540

you could warm me up a little bit well

1472

00:59:29,450 --> 00:59:26,760

not exactly one you are awesome like

1473

00:59:31,670 --> 00:59:29,460

there are very few people that can stay

1474

00:59:33,890 --> 00:59:31,680

in this kind of dialogue with this

1475

00:59:36,349 --> 00:59:33,900

without just kind of melting down or you

1476

00:59:37,789 --> 00:59:36,359

know it you're totally engaged which is

1477

00:59:39,530 --> 00:59:37,799

is great and I don't know if I'm right

1478

00:59:41,990 --> 00:59:39,540

you know obviously you know I don't know

1479

00:59:43,370 --> 00:59:42,000

if I'm right either we're all we're all

1480

00:59:45,049 --> 00:59:43,380

trying to figure it out but I think if

1481

00:59:47,089 --> 00:59:45,059

we we I think

1482

00:59:48,890 --> 00:59:47,099

you believe that I'm coming from the

1483

00:59:50,390 --> 00:59:48,900

right place even if we're if there's an

1484

00:59:51,890 --> 00:59:50,400

issue that we disagree with and I

1485

00:59:54,470 --> 00:59:51,900

believe you are coming from the right

1486

00:59:55,910 --> 00:59:54,480

place that's a that's a that's a lot

1487

00:59:57,789 --> 00:59:55,920

better than most people I've said that

1488

01:00:00,470 --> 00:59:57,799

are in conversations with one another

1489

01:00:03,950 --> 01:00:00,480

well that's that's an awesome part of it

1490

01:00:05,750 --> 01:00:03,960

the the the real part for me is that I

1491

01:00:08,690 --> 01:00:05,760

believe in your data because you support

1492

01:00:09,890 --> 01:00:08,700

it you know you bring the data and then

1493

01:00:12,170 --> 01:00:09,900

you

1494

01:00:14,030 --> 01:00:12,180

back it up and the other thing that I've

1495

01:00:15,950 --> 01:00:14,040

said is like the deception you're open

1496

01:00:17,930 --> 01:00:15,960

to the deception when people just bring

1497

01:00:19,670 --> 01:00:17,940

the data and they can't interpret it

1498

01:00:21,770 --> 01:00:19,680

because they don't understand this

1499

01:00:24,829 --> 01:00:21,780

Paradigm of deception that's going on

1500

01:00:26,150 --> 01:00:24,839

both intentional and self-deception too

1501
01:00:28,609 --> 01:00:26,160
and they're not able to sort through any

1502
01:00:31,910 --> 01:00:28,619
of that then it's kind of a a pretty

1503
01:00:33,589 --> 01:00:31,920
flat conversation very quickly well you

1504
01:00:36,950 --> 01:00:33,599
get complacent and you start thinking

1505
01:00:38,870 --> 01:00:36,960
you're right and always always right I'm

1506
01:00:42,230 --> 01:00:38,880
I'm always

1507
01:00:45,589 --> 01:00:42,240
maybe pair I don't know if paranoid's

1508
01:00:47,329 --> 01:00:45,599
the right word I'm I'm always expecting

1509
01:00:50,990 --> 01:00:47,339
challenges

1510
01:00:52,849 --> 01:00:51,000
and and I like that to to my belief and

1511
01:00:55,670 --> 01:00:52,859
I like that because it keeps me sharp

1512
01:00:57,530 --> 01:00:55,680
and it keeps me saying if I have to

1513
01:00:59,809 --> 01:00:57,540

defend this can I if I'm gonna say

1514

01:01:01,130 --> 01:00:59,819

something crazy and I don't mind saying

1515

01:01:02,510 --> 01:01:01,140

something crazy but if I say something

1516

01:01:04,910 --> 01:01:02,520

crazy

1517

01:01:08,030 --> 01:01:04,920

am I just saying it to get her to try

1518

01:01:09,650 --> 01:01:08,040

and make people say oh okay so it's

1519

01:01:11,150 --> 01:01:09,660

crazy things or because I don't really

1520

01:01:12,650 --> 01:01:11,160

want to do that I have to be able to

1521

01:01:14,390 --> 01:01:12,660

defend it

1522

01:01:17,089 --> 01:01:14,400

and so

1523

01:01:18,670 --> 01:01:17,099

I like a little it's that intellectual

1524

01:01:21,890 --> 01:01:18,680

competitiveness

1525

01:01:23,510 --> 01:01:21,900

were were you uh were you you said you

1526

01:01:25,789 --> 01:01:23,520

did soccer right all the way through

1527

01:01:28,010 --> 01:01:25,799

college I played soccer in high school

1528

01:01:30,470 --> 01:01:28,020

and college and I played baseball in

1529

01:01:32,270 --> 01:01:30,480

high school and tried out in college but

1530

01:01:34,130 --> 01:01:32,280

they were pre-season ranked number one

1531

01:01:34,849 --> 01:01:34,140

in the nation so I wasn't making that

1532

01:01:36,770 --> 01:01:34,859

team

1533

01:01:38,770 --> 01:01:36,780

yeah but but you're you're competitive

1534

01:01:41,150 --> 01:01:38,780

but I try to see because I had to know

1535

01:01:44,750 --> 01:01:41,160

and where where was uh where what

1536

01:01:45,829 --> 01:01:44,760

culture USC USC yeah

1537

01:01:48,230 --> 01:01:45,839

yeah well

1538

01:01:50,270 --> 01:01:48,240

so to me I think that's an interesting

1539

01:01:52,250 --> 01:01:50,280

crossover too so I played Sports and I

1540

01:01:53,690 --> 01:01:52,260

played football and I played uh College

1541

01:01:55,849 --> 01:01:53,700

I played college football I had a

1542

01:01:57,049 --> 01:01:55,859

scholarship it wasn't a very big school

1543

01:01:58,849 --> 01:01:57,059

but

1544

01:02:00,770 --> 01:01:58,859

I think that football playing college

1545

01:02:03,170 --> 01:02:00,780

and uh playing football in college is a

1546

01:02:04,849 --> 01:02:03,180

big deal because it was it was wonderful

1547

01:02:06,829 --> 01:02:04,859

and all that stuff but it's like you

1548

01:02:08,329 --> 01:02:06,839

know when you do uh that that's one

1549

01:02:10,970 --> 01:02:08,339

thing it's you can't relate to with

1550

01:02:14,210 --> 01:02:10,980

Brogan and some of these other guys you

1551
01:02:16,789 --> 01:02:14,220
know competitive competitive you don't

1552
01:02:20,450 --> 01:02:16,799
want to lose intellectually competitive

1553
01:02:22,789 --> 01:02:20,460
I don't want to look like an idiot and

1554
01:02:25,370 --> 01:02:22,799
uh you you notice how that's another

1555
01:02:26,870 --> 01:02:25,380
thing that's been kind of beaten out of

1556
01:02:29,089 --> 01:02:26,880
the system you know I mean we all kind

1557
01:02:31,730 --> 01:02:29,099
of kid about the participation trophy

1558
01:02:33,770 --> 01:02:31,740
but it's all over the place to me it's

1559
01:02:36,289 --> 01:02:33,780
like when I I couldn't believe when

1560
01:02:37,789 --> 01:02:36,299
people pushed back on me uh getting on

1561
01:02:39,410 --> 01:02:37,799
people or arguing with people it's like

1562
01:02:41,809 --> 01:02:39,420
bro what are you talking about

1563
01:02:43,730 --> 01:02:41,819

everyone's opinion doesn't matter you

1564

01:02:45,770 --> 01:02:43,740

don't really think everyone's opinion

1565

01:02:48,589 --> 01:02:45,780

matters you don't live your life like

1566

01:02:51,170 --> 01:02:48,599

the woman wearing the double mask

1567

01:02:53,510 --> 01:02:51,180

driving or BMW has it just as valid

1568

01:02:55,970 --> 01:02:53,520

opinion as you do you don't think that

1569

01:02:58,010 --> 01:02:55,980

so why do you want to pretend like

1570

01:02:59,450 --> 01:02:58,020

that's a value that that you want to

1571

01:03:02,510 --> 01:02:59,460

promote

1572

01:03:07,789 --> 01:03:04,849

better for us to challenge these ideas

1573

01:03:10,250 --> 01:03:07,799

now internally than to allow them to go

1574

01:03:13,130 --> 01:03:10,260

out into the world and get destroyed by

1575

01:03:16,730 --> 01:03:13,140

some Normie who who challenges you and

1576

01:03:20,510 --> 01:03:16,740

you just crumble I went through that

1577

01:03:23,089 --> 01:03:20,520

with my uh with with trying to bring up

1578

01:03:25,730 --> 01:03:23,099

911 at Thanksgiving dinner table

1579

01:03:28,370 --> 01:03:25,740

I uh they challenged me on it and I

1580

01:03:31,069 --> 01:03:28,380

folded because I wasn't prepared and I

1581

01:03:37,069 --> 01:03:31,079

learned some valuable lessons about how

1582

01:03:40,609 --> 01:03:37,079

you do that what not to do and and and

1583

01:03:42,349 --> 01:03:40,619

but you you got to have that you got to

1584

01:03:43,789 --> 01:03:42,359

go through this you gotta you gotta step

1585

01:03:46,030 --> 01:03:43,799

on your dick a couple times and

1586

01:03:48,950 --> 01:03:46,040

embarrass yourself and and and and and

1587

01:03:50,150 --> 01:03:48,960

learn okay you don't do whether it's

1588

01:03:51,770 --> 01:03:50,160

life or I'm not even talking about

1589

01:03:53,870 --> 01:03:51,780

necessarily the alternative media just

1590

01:03:56,329 --> 01:03:53,880

how you deal with girls how you interact

1591

01:03:58,010 --> 01:03:56,339

with your friend co-workers your bosses

1592

01:03:59,870 --> 01:03:58,020

and things I probably shouldn't have

1593

01:04:01,370 --> 01:03:59,880

said that to the boss oops you know

1594

01:04:03,710 --> 01:04:01,380

these

1595

01:04:06,170 --> 01:04:03,720

practice experience

1596

01:04:09,589 --> 01:04:06,180

when you mentioned you know people's uh

1597

01:04:11,329 --> 01:04:09,599

opinions not mattering as much yeah I'm

1598

01:04:12,710 --> 01:04:11,339

not trying to say I have it all figured

1599

01:04:15,049 --> 01:04:12,720

out and I'm not trying to say that my

1600

01:04:17,690 --> 01:04:15,059

opinion is the only one but like you

1601
01:04:20,089 --> 01:04:17,700
said if I see somebody who's who's who's

1602
01:04:21,470 --> 01:04:20,099
double masked in their car driving

1603
01:04:23,630 --> 01:04:21,480
around with the windows rolled up by

1604
01:04:26,569 --> 01:04:23,640
themselves I

1605
01:04:28,670 --> 01:04:26,579
I I recognize that they don't have the

1606
01:04:30,410 --> 01:04:28,680
level of information they're not working

1607
01:04:32,089 --> 01:04:30,420
off the same Source material that I'm

1608
01:04:33,950 --> 01:04:32,099
working off of and I think my material

1609
01:04:36,170 --> 01:04:33,960
is better than theirs and I will

1610
01:04:37,730 --> 01:04:36,180
challenge them because I because I I can

1611
01:04:39,770 --> 01:04:37,740
back up the material that I'm working

1612
01:04:41,450 --> 01:04:39,780
with and I don't think they can do the

1613
01:04:43,309 --> 01:04:41,460

same so you're right not everybody's

1614

01:04:46,130 --> 01:04:43,319

opinion

1615

01:04:48,109 --> 01:04:46,140

matters to the ex you know not

1616

01:04:50,030 --> 01:04:48,119

everybody's opinion is valid let's just

1617

01:04:52,970 --> 01:04:50,040

be honest some people are [h__\h] stupid

1618

01:04:55,549 --> 01:04:52,980

and that's just the way it is and and

1619

01:04:57,170 --> 01:04:55,559

and I have been stupid about plenty of

1620

01:04:58,970 --> 01:04:57,180

things so I'm not trying to say that

1621

01:05:01,789 --> 01:04:58,980

that's them and I'm I'm something else

1622

01:05:05,450 --> 01:05:01,799

we've all done that

1623

01:05:07,670 --> 01:05:05,460

um but but in but with regard to these

1624

01:05:09,349 --> 01:05:07,680

important world events and and whatnot I

1625

01:05:12,530 --> 01:05:09,359

am always expecting somebody to push

1626

01:05:14,809 --> 01:05:12,540

back and challenge it because it it all

1627

01:05:16,970 --> 01:05:14,819

sounds so crazy and I'll give them that

1628

01:05:19,190 --> 01:05:16,980

it does sound crazy the first time I

1629

01:05:21,950 --> 01:05:19,200

hear about heard about these topics and

1630

01:05:24,410 --> 01:05:21,960

Concepts and events that weren't exactly

1631

01:05:25,250 --> 01:05:24,420

as we were told it sounded crazy to me

1632

01:05:27,829 --> 01:05:25,260

too

1633

01:05:30,650 --> 01:05:27,839

so but just because something sounds

1634

01:05:32,630 --> 01:05:30,660

crazy doesn't mean it isn't true doesn't

1635

01:05:35,510 --> 01:05:32,640

it doesn't mean that there isn't truth

1636

01:05:37,849 --> 01:05:35,520

behind it and um and like your show

1637

01:05:39,589 --> 01:05:37,859

challenges people to really start

1638

01:05:41,630 --> 01:05:39,599

thinking about this and you know what's

1639

01:05:42,530 --> 01:05:41,640

funny is that there aren't a whole lot

1640

01:05:45,230 --> 01:05:42,540

of people

1641

01:05:48,289 --> 01:05:45,240

out there challenging others to think

1642

01:05:51,470 --> 01:05:48,299

and that I think is a huge problem

1643

01:05:53,870 --> 01:05:51,480

okay so you've been awesome I really

1644

01:05:56,030 --> 01:05:53,880

really really do appreciate you uh I

1645

01:05:57,710 --> 01:05:56,040

appreciate you like they say and that I

1646

01:05:59,750 --> 01:05:57,720

appreciate you doing this professionally

1647

01:06:01,609 --> 01:05:59,760

and all the ways in between

1648

01:06:05,569 --> 01:06:01,619

how do we make the world better in uh

1649

01:06:08,150 --> 01:06:05,579

2023 what can we do from uh and you

1650

01:06:10,370 --> 01:06:08,160

because you have a much bigger platform

1651

01:06:13,010 --> 01:06:10,380

and you connect with people so much

1652

01:06:16,609 --> 01:06:13,020

better than than I do and I just seem to

1653

01:06:19,789 --> 01:06:16,619

piss people off how do how do we I have

1654

01:06:22,670 --> 01:06:19,799

some ideas on uh you know things that

1655

01:06:24,049 --> 01:06:22,680

that might change the world Ai and all

1656

01:06:26,210 --> 01:06:24,059

the rest of that but what do you think

1657

01:06:28,370 --> 01:06:26,220

what do we what can we do

1658

01:06:29,690 --> 01:06:28,380

well look first thing we've got to do is

1659

01:06:31,430 --> 01:06:29,700

we got to get it real honest with

1660

01:06:33,770 --> 01:06:31,440

ourselves about where we are and what

1661

01:06:36,109 --> 01:06:33,780

we're facing and what we're up against

1662

01:06:37,910 --> 01:06:36,119

um this idea that you can turn on the

1663

01:06:39,410 --> 01:06:37,920

television and the television is your

1664

01:06:40,490 --> 01:06:39,420

friend and you can turn on the news and

1665

01:06:42,770 --> 01:06:40,500

the news is going to tell you what's

1666

01:06:45,289 --> 01:06:42,780

going on in the world in 30 minutes

1667

01:06:47,390 --> 01:06:45,299

that needs to I mean it seems obvious to

1668

01:06:48,890 --> 01:06:47,400

us and your listeners my listeners I

1669

01:06:50,750 --> 01:06:48,900

mean they

1670

01:06:53,089 --> 01:06:50,760

no we're not we're not doing that but

1671

01:06:55,069 --> 01:06:53,099

there is a you've won that you've you've

1672

01:06:57,410 --> 01:06:55,079

I'm gonna say I'm gonna go on a limit

1673

01:07:00,109 --> 01:06:57,420

you don't want to uh you've already won

1674

01:07:02,210 --> 01:07:00,119

that battle in a substantial way you've

1675

01:07:04,670 --> 01:07:02,220

made the gains you know to kind of

1676

01:07:06,890 --> 01:07:04,680

circle so yeah no one no one's look at

1677

01:07:09,470 --> 01:07:06,900

the numbers no one watches CNN everyone

1678

01:07:12,410 --> 01:07:09,480

watches Rogan and Rogan is a huge step

1679

01:07:14,930 --> 01:07:12,420

towards Charlie Robinson if you do Rogan

1680

01:07:16,670 --> 01:07:14,940

then you you have no problem swimming in

1681

01:07:19,430 --> 01:07:16,680

the water with Charlie Robinson so let's

1682

01:07:20,890 --> 01:07:19,440

give that as a given what do we really

1683

01:07:24,289 --> 01:07:20,900

do

1684

01:07:26,630 --> 01:07:24,299

to battle the octopus to get the octopus

1685

01:07:27,650 --> 01:07:26,640

in the jar you know like last time we

1686

01:07:28,549 --> 01:07:27,660

were talking about you just had a

1687

01:07:31,309 --> 01:07:28,559

beautiful thing where you talked about

1688

01:07:34,190 --> 01:07:31,319

the octopus and how it is good metaphor

1689

01:07:36,410 --> 01:07:34,200

you know how do we get it in the tank in

1690

01:07:38,270 --> 01:07:36,420

the jar whatever well what what if

1691

01:07:42,349 --> 01:07:38,280

people see the first the first step in

1692

01:07:44,329 --> 01:07:42,359

in uh uh recovery is acknowledging that

1693

01:07:46,370 --> 01:07:44,339

you have a problem right so if we can

1694

01:07:48,289 --> 01:07:46,380

get the first we get people to recognize

1695

01:07:51,230 --> 01:07:48,299

that there is a problem that there is a

1696

01:07:53,630 --> 01:07:51,240

a concerted effort a coordinated group

1697

01:07:55,250 --> 01:07:53,640

of people that are actively trying to

1698

01:07:57,410 --> 01:07:55,260

benefit themselves in their own

1699

01:07:59,870 --> 01:07:57,420

self-interest and in the wake of that

1700

01:08:02,569 --> 01:07:59,880

things happen to you that wind up

1701

01:08:04,849 --> 01:08:02,579

ruining your lives so the first step is

1702

01:08:07,069 --> 01:08:04,859

get slap yourself and get out of this

1703

01:08:08,450 --> 01:08:07,079

denial program where you think that oh

1704

01:08:11,390 --> 01:08:08,460

that can't be happening because it

1705

01:08:13,549 --> 01:08:11,400

sounds too crazy okay yeah okay get over

1706

01:08:15,890 --> 01:08:13,559

that it is happening what are we gonna

1707

01:08:18,650 --> 01:08:15,900

do well there's some very practical

1708

01:08:21,769 --> 01:08:18,660

things we can do like from a financial

1709

01:08:24,470 --> 01:08:21,779

standpoint I mean have when a lot of

1710

01:08:26,209 --> 01:08:24,480

people don't really think about money

1711

01:08:27,890 --> 01:08:26,219

they don't think about their money they

1712

01:08:29,749 --> 01:08:27,900

don't think about the concept of it and

1713

01:08:31,970 --> 01:08:29,759

how it's created and where it is and

1714

01:08:34,070 --> 01:08:31,980

what it's what it's doing

1715

01:08:35,749 --> 01:08:34,080

um you know understanding that your

1716

01:08:37,970 --> 01:08:35,759

Federal Reserve notes that are in your

1717

01:08:40,309 --> 01:08:37,980

pocket are are

1718

01:08:43,130 --> 01:08:40,319

promises that are backed up by not just

1719

01:08:46,090 --> 01:08:43,140

not they used to be gold now it's just a

1720

01:08:48,829 --> 01:08:46,100

promise to not get invaded by the

1721

01:08:53,030 --> 01:08:48,839

United States military and all of that

1722

01:08:56,090 --> 01:08:53,040

get a realistic view of of how

1723

01:08:58,430 --> 01:08:56,100

economically the world works and try to

1724

01:09:00,289 --> 01:08:58,440

the extent that you can to move yourself

1725

01:09:02,570 --> 01:09:00,299

out of the way so that you don't get hit

1726

01:09:05,809 --> 01:09:02,580

by this gigantic tidal wave which is

1727

01:09:08,450 --> 01:09:05,819

hyper you know an inflation inflation of

1728

01:09:10,849 --> 01:09:08,460

the money supply is lowering the value

1729

01:09:12,829 --> 01:09:10,859

of your dollar and things like that

1730

01:09:15,169 --> 01:09:12,839

money is

1731

01:09:17,630 --> 01:09:15,179

um important in the sense that you know

1732

01:09:20,450 --> 01:09:17,640

you can you need it to navigate this

1733

01:09:22,070 --> 01:09:20,460

current Paradigm that we're living in

1734

01:09:23,990 --> 01:09:22,080

um but it's not the only thing but

1735

01:09:26,450 --> 01:09:24,000

understanding it I think puts you in a

1736

01:09:27,769 --> 01:09:26,460

better scenario look

1737

01:09:34,070 --> 01:09:27,779

um

1738

01:09:35,990 --> 01:09:34,080

reactive in this Society especially in

1739

01:09:38,390 --> 01:09:36,000

America we get pretty soft and we get

1740

01:09:41,090 --> 01:09:38,400

pretty used to yesterday was normal

1741

01:09:43,130 --> 01:09:41,100

today is normal therefore tomorrow will

1742

01:09:44,809 --> 01:09:43,140

be normal and maybe it will be and I

1743

01:09:47,890 --> 01:09:44,819

hope it is but it does there's no

1744

01:09:50,209 --> 01:09:47,900

guarantee about that so start thinking

1745

01:09:52,910 --> 01:09:50,219

conspiratorial start thinking like a

1746

01:09:55,070 --> 01:09:52,920

paranoid person a little bit so that

1747

01:09:56,990 --> 01:09:55,080

might come in in some in in some

1748

01:09:59,150 --> 01:09:57,000

different forms as as it relates to

1749

01:10:00,650 --> 01:09:59,160

money maybe you say well look I've got

1750

01:10:02,330 --> 01:10:00,660

money in the bank but I don't really

1751
01:10:03,890 --> 01:10:02,340
trust the bank so I'm going to take some

1752
01:10:06,410 --> 01:10:03,900
of that money and I'm not gonna

1753
01:10:08,030 --> 01:10:06,420
spend it wildly on fur coats and bottle

1754
01:10:08,870 --> 01:10:08,040
service at some nightclub but instead

1755
01:10:10,910 --> 01:10:08,880
I'm gonna

1756
01:10:13,370 --> 01:10:10,920
I'm not even going to necessarily invest

1757
01:10:18,229 --> 01:10:13,380
it I'm just going to trans

1758
01:10:20,390 --> 01:10:18,239
form it from being U.S federal reserve

1759
01:10:22,850 --> 01:10:20,400
notes into

1760
01:10:24,830 --> 01:10:22,860
silver coins or gold coins or something

1761
01:10:27,530 --> 01:10:24,840
along this I'm just going to change it

1762
01:10:29,930 --> 01:10:27,540
I'm just going to change the the way

1763
01:10:31,729 --> 01:10:29,940

it's it's made up so that I'm not I

1764

01:10:33,470 --> 01:10:31,739

don't have all my eggs in one economic

1765

01:10:37,310 --> 01:10:33,480

basket be that a

1766

01:10:40,610 --> 01:10:37,320

currency basket or a national you know

1767

01:10:43,490 --> 01:10:40,620

United States basket or whatever so I I

1768

01:10:46,370 --> 01:10:43,500

I like the people that are thinking

1769

01:10:48,590 --> 01:10:46,380

along the lines of diversifying out of

1770

01:10:50,090 --> 01:10:48,600

the current Financial system and this is

1771

01:10:52,430 --> 01:10:50,100

actually what kind of started me on the

1772

01:10:53,930 --> 01:10:52,440

second book with with Berwick who does

1773

01:10:56,149 --> 01:10:53,940

the Dollar vigilante and the crypto

1774

01:10:57,709 --> 01:10:56,159

vigilante was we were talking about he

1775

01:10:59,930 --> 01:10:57,719

was talking about the the financial

1776

01:11:01,370 --> 01:10:59,940

system and how it's it really when you

1777

01:11:04,250 --> 01:11:01,380

look at it is

1778

01:11:06,290 --> 01:11:04,260

it's it's a house of cards and it's been

1779

01:11:07,970 --> 01:11:06,300

held together with duct tape and and all

1780

01:11:10,310 --> 01:11:07,980

that good stuff but you can only do that

1781

01:11:12,669 --> 01:11:10,320

for so long before you're you know

1782

01:11:15,050 --> 01:11:12,679

before everything kind of comes unglued

1783

01:11:16,430 --> 01:11:15,060

and uh and he's saying oh it's all

1784

01:11:18,830 --> 01:11:16,440

coming down you know like a controlled

1785

01:11:21,350 --> 01:11:18,840

Demolition and I would agree with him on

1786

01:11:23,090 --> 01:11:21,360

that so why why why why do you guys why

1787

01:11:25,430 --> 01:11:23,100

do you guys continue to beat that drum

1788

01:11:26,689 --> 01:11:25,440

that you've beat forever I mean let's

1789

01:11:29,510 --> 01:11:26,699

look at it from another perspective

1790

01:11:33,050 --> 01:11:29,520

let's look at it as a global competition

1791

01:11:36,110 --> 01:11:33,060

right everyone's got their crypto crypto

1792

01:11:38,209 --> 01:11:36,120

is equivalent to fiat currency right so

1793

01:11:40,310 --> 01:11:38,219

the only thing you want to do they've

1794

01:11:42,470 --> 01:11:40,320

already kind of schooled you and how to

1795

01:11:44,990 --> 01:11:42,480

do it with whole FTX you just gotta pick

1796

01:11:47,390 --> 01:11:45,000

the best crypto right now the best

1797

01:11:49,910 --> 01:11:47,400

crypto in the world is the US dollar

1798

01:11:52,430 --> 01:11:49,920

Where Are You Gonna where else where

1799

01:11:55,130 --> 01:11:52,440

else are you gonna put your crypto it's

1800

01:11:57,189 --> 01:11:55,140

the best bet going right now I'm just

1801

01:11:59,330 --> 01:11:57,199

saying that that there's there's there's

1802

01:12:00,649 --> 01:11:59,340

ways around if you have more money than

1803

01:12:03,290 --> 01:12:00,659

you know what to do with and you're

1804

01:12:05,209 --> 01:12:03,300

looking to diversify out by land Yeah by

1805

01:12:07,669 --> 01:12:05,219

productive farmland and this this is but

1806

01:12:09,649 --> 01:12:07,679

but again now I come now I get into my

1807

01:12:11,630 --> 01:12:09,659

real estate World which is where I've

1808

01:12:12,709 --> 01:12:11,640

been for 25 years and people will say

1809

01:12:13,970 --> 01:12:12,719

well what do you think about real estate

1810

01:12:19,010 --> 01:12:13,980

I would say

1811

01:12:21,470 --> 01:12:19,020

on the houses because we're going to see

1812

01:12:24,709 --> 01:12:21,480

Corrections there but on the flip side I

1813

01:12:26,270 --> 01:12:24,719

would say I'm bullish on land on a

1814

01:12:29,689 --> 01:12:26,280

specially productive Farmland anything

1815

01:12:31,910 --> 01:12:29,699

that grows food anything that grows uh

1816

01:12:33,470 --> 01:12:31,920

you know Orchards things like that what

1817

01:12:36,649 --> 01:12:33,480

you're smiling I know you want to jump

1818

01:12:39,410 --> 01:12:36,659

in here and well I I just think it's

1819

01:12:42,470 --> 01:12:39,420

it's this it's the soccer you know it's

1820

01:12:45,890 --> 01:12:42,480

soccer baseball it's a scramble dude

1821

01:12:48,709 --> 01:12:45,900

it's a scramble investment advice

1822

01:12:50,930 --> 01:12:48,719

the investment advice is be a better

1823

01:12:53,030 --> 01:12:50,940

investor than the other guy so you kick

1824

01:12:55,010 --> 01:12:53,040

his ass and so you get his money because

1825

01:12:57,770 --> 01:12:55,020

that's what it's about that's what

1826

01:13:00,229 --> 01:12:57,780

investment is about it's a zero-sum game

1827

01:13:03,890 --> 01:13:00,239

you buy the stock or you short the stock

1828

01:13:06,470 --> 01:13:03,900

someone wins someone loses and that's

1829

01:13:07,850 --> 01:13:06,480

cool thing about money so when we talk

1830

01:13:09,890 --> 01:13:07,860

about it as if it's something different

1831

01:13:11,390 --> 01:13:09,900

I think we're immediately on the wrong

1832

01:13:14,930 --> 01:13:11,400

foot you know when they talk about the

1833

01:13:18,110 --> 01:13:14,940

world economic collapse because what

1834

01:13:20,689 --> 01:13:18,120

where is all that money gonna go right

1835

01:13:24,770 --> 01:13:20,699

now we're in a great situation you know

1836

01:13:26,830 --> 01:13:24,780

where if you were a global investor and

1837

01:13:29,450 --> 01:13:26,840

you had to park that money someplace

1838

01:13:31,790 --> 01:13:29,460

where would you put it would you put it

1839

01:13:34,310 --> 01:13:31,800

in China right now would you put it in

1840

01:13:36,830 --> 01:13:34,320

Europe right now would you put it in

1841

01:13:39,410 --> 01:13:36,840

Japan right now you're running out of

1842

01:13:41,510 --> 01:13:39,420

options you'd put it in the USA that's

1843

01:13:44,530 --> 01:13:41,520

where you'd put it just not it with if

1844

01:13:47,689 --> 01:13:44,540

you're totally dispassionate about

1845

01:13:49,910 --> 01:13:47,699

origin or low or anything like that it's

1846

01:13:51,290 --> 01:13:49,920

just clearly the best right now it could

1847

01:13:52,910 --> 01:13:51,300

change but

1848

01:13:55,610 --> 01:13:52,920

well a dollar is

1849

01:13:58,010 --> 01:13:55,620

dominant for the currencies and how is

1850

01:14:00,229 --> 01:13:58,020

it currency and how is the dollar done

1851

01:14:02,090 --> 01:14:00,239

in the last few years

1852

01:14:03,649 --> 01:14:02,100

the dollar the dollar has done well in

1853

01:14:05,570 --> 01:14:03,659

the last few years

1854

01:14:07,669 --> 01:14:05,580

yeah actually it's done well I mean

1855

01:14:12,729 --> 01:14:07,679

everything else is slipping but

1856

01:14:15,890 --> 01:14:12,739

I would say it it is it is a uh it's the

1857

01:14:18,410 --> 01:14:15,900

smartest kid in the special ed class

1858

01:14:19,669 --> 01:14:18,420

right now well we only have one

1859

01:14:22,510 --> 01:14:19,679

classroom

1860

01:14:25,430 --> 01:14:22,520

foreign

1861

01:14:27,530 --> 01:14:25,440

I don't love it long term I don't love

1862

01:14:29,510 --> 01:14:27,540

the inflate the inflationary component

1863

01:14:31,130 --> 01:14:29,520

of it I don't like the FED I don't like

1864

01:14:33,350 --> 01:14:31,140

any of that stuff I think that that

1865

01:14:36,410 --> 01:14:33,360

stuff is a house of cards waiting to

1866

01:14:38,689 --> 01:14:36,420

collapse but they took away your option

1867

01:14:41,510 --> 01:14:38,699

which you knew they were going to take

1868

01:14:45,350 --> 01:14:41,520

away you knew they weren't going to let

1869

01:14:47,630 --> 01:14:45,360

Bitcoin and crypto ever threatened them

1870

01:14:52,189 --> 01:14:47,640

in any way so you want to talk about

1871

01:14:54,110 --> 01:14:52,199

short life span it's you know it just it

1872

01:14:56,630 --> 01:14:54,120

it can't why I mean if you have the

1873

01:15:00,110 --> 01:14:56,640

power of the United States government

1874

01:15:01,970 --> 01:15:00,120

and you have the power of AI to crack

1875

01:15:04,910 --> 01:15:01,980

every you know

1876

01:15:07,310 --> 01:15:04,920

every code AS Ai and Quantum Computing

1877

01:15:09,110 --> 01:15:07,320

gets there and there's no security and

1878

01:15:11,510 --> 01:15:09,120

it's who's ahead of the game in cyber

1879

01:15:13,250 --> 01:15:11,520

security you're just going to let this

1880

01:15:16,790 --> 01:15:13,260

you're going to let this Bitcoin thing

1881

01:15:18,410 --> 01:15:16,800

just you know run run its own no you

1882

01:15:20,630 --> 01:15:18,420

wouldn't I mean if you could if you

1883

01:15:22,490 --> 01:15:20,640

could stop it you would wouldn't you if

1884

01:15:25,010 --> 01:15:22,500

if you're the guy in charge of the US

1885

01:15:27,530 --> 01:15:25,020

dollar if you could stop it you would

1886

01:15:29,630 --> 01:15:27,540

this is where I'm at a disadvantage when

1887

01:15:32,090 --> 01:15:29,640

it comes to the technology component

1888

01:15:35,209 --> 01:15:32,100

behind it because I don't know the sort

1889

01:15:36,890 --> 01:15:35,219

of I I'm not the programmer that you are

1890

01:15:39,290 --> 01:15:36,900

and that everyone else you know they say

1891

01:15:41,450 --> 01:15:39,300

well it's in you know it's this security

1892

01:15:42,649 --> 01:15:41,460

whether it's Bitcoin or Monero or

1893

01:15:45,110 --> 01:15:42,659

something that has all these you know

1894

01:15:48,649 --> 01:15:45,120

the Privacy features baked into it I'm

1895

01:15:50,330 --> 01:15:48,659

really unqualified to to say oh well

1896

01:15:52,189 --> 01:15:50,340

this is uncrackable or something like

1897

01:15:53,570 --> 01:15:52,199

that because again like you said quantum

1898

01:15:56,810 --> 01:15:53,580

computers you give that thing enough

1899

01:15:58,310 --> 01:15:56,820

enough time to run and and you can crack

1900

01:16:01,130 --> 01:15:58,320

the things that are are supposedly

1901

01:16:02,930 --> 01:16:01,140

uncrackable so I wouldn't ever say that

1902

01:16:05,750 --> 01:16:02,940

I don't think that that's a possibility

1903

01:16:08,390 --> 01:16:05,760

I would definitely agree that the United

1904

01:16:11,750 --> 01:16:08,400

States government if they find a way to

1905

01:16:14,209 --> 01:16:11,760

compromise crypto or control it or crack

1906

01:16:16,189 --> 01:16:14,219

it or however you want to phrase it if

1907

01:16:18,950 --> 01:16:16,199

they have the opportunity to do so they

1908

01:16:21,950 --> 01:16:18,960

will do so for sure there's nothing in

1909

01:16:24,950 --> 01:16:21,960

their past that leads me to believe that

1910

01:16:27,350 --> 01:16:24,960

they would not try to influence that

1911

01:16:29,090 --> 01:16:27,360

well you remember the test case to me

1912

01:16:31,130 --> 01:16:29,100

you just look at the look at the

1913

01:16:34,070 --> 01:16:31,140

evidence follow the data right so I

1914

01:16:36,470 --> 01:16:34,080

forget the the couple uh but we can

1915

01:16:38,990 --> 01:16:36,480

easily find it I looked it up it was

1916

01:16:41,930 --> 01:16:39,000

Heather Morgan and Ilya Lichtenstein and

1917

01:16:43,729 --> 01:16:41,940

they stole eight billion dollars in

1918

01:16:45,770 --> 01:16:43,739

Bitcoin

1919

01:16:46,790 --> 01:16:45,780

they traced it down everyone said well

1920

01:16:49,490 --> 01:16:46,800

they'll never get it because it's

1921

01:16:51,709 --> 01:16:49,500

untraceable no they traced him down you

1922

01:16:54,110 --> 01:16:51,719

can go watch the documentary I saw it on

1923

01:16:56,270 --> 01:16:54,120

American Greed with uh Stacy Keith she's

1924

01:16:58,729 --> 01:16:56,280

so interesting because of his life it's

1925

01:17:02,630 --> 01:16:58,739

a great show I love that show but they

1926

01:17:06,110 --> 01:17:02,640

found that they already in doing that in

1927

01:17:08,689 --> 01:17:06,120

in winning that case they kind of played

1928

01:17:11,750 --> 01:17:08,699

their hand which is like you're sitting

1929

01:17:14,270 --> 01:17:11,760

back thinking your Bitcoin is somehow

1930

01:17:16,010 --> 01:17:14,280

secure well it's secure only to the

1931

01:17:18,110 --> 01:17:16,020

extent that we don't go looking because

1932

01:17:20,030 --> 01:17:18,120

if we want to go looking we know where

1933

01:17:22,490 --> 01:17:20,040

it's at we know what transactions you

1934

01:17:24,290 --> 01:17:22,500

made we know where you spent it so great

1935

01:17:25,669 --> 01:17:24,300

you want to put it there or you want to

1936

01:17:28,130 --> 01:17:25,679

put it in the bank or you want to put it

1937

01:17:31,910 --> 01:17:28,140

and go I don't care but we're tracking

1938

01:17:34,850 --> 01:17:31,920

it yeah yeah well they're they're

1939

01:17:37,669 --> 01:17:34,860

anything that threatens that sort of

1940

01:17:39,709 --> 01:17:37,679

established system

1941

01:17:42,050 --> 01:17:39,719

clearly they're they're going to want to

1942

01:17:44,570 --> 01:17:42,060

come after

1943

01:17:46,790 --> 01:17:44,580

um and I don't blame them because if

1944

01:17:48,530 --> 01:17:46,800

it's a threat to to their dominance

1945

01:17:51,470 --> 01:17:48,540

they're going to act like people that

1946

01:17:52,310 --> 01:17:51,480

are threatened and and and come over the

1947

01:17:55,610 --> 01:17:52,320

top

1948

01:17:59,030 --> 01:17:55,620

and and and and look crypto is one one

1949

01:18:01,550 --> 01:17:59,040

component that we're we're dealing with

1950

01:18:03,290 --> 01:18:01,560

they're starting to and you may and you

1951

01:18:05,330 --> 01:18:03,300

can let's just say you can get to a

1952

01:18:08,510 --> 01:18:05,340

point where you can compromise

1953

01:18:10,610 --> 01:18:08,520

crypto you can compromise Bitcoin I

1954

01:18:12,110 --> 01:18:10,620

would say that that a that a bigger

1955

01:18:14,870 --> 01:18:12,120

component of this is that they're trying

1956

01:18:17,570 --> 01:18:14,880

to just compromise ideas they're trying

1957

01:18:19,430 --> 01:18:17,580

to get people so

1958

01:18:22,610 --> 01:18:19,440

disconnected

1959

01:18:24,290 --> 01:18:22,620

in real from reality that they're that

1960

01:18:26,510 --> 01:18:24,300

they're

1961

01:18:28,010 --> 01:18:26,520

you know they don't know what to do they

1962

01:18:29,689 --> 01:18:28,020

throw their hands up and go daddy

1963

01:18:31,970 --> 01:18:29,699

government just

1964

01:18:33,830 --> 01:18:31,980

tell me what to think tell me what to

1965

01:18:36,229 --> 01:18:33,840

believe tell me where to go what to do

1966

01:18:37,729 --> 01:18:36,239

like I'm so tired of of all of this

1967

01:18:40,250 --> 01:18:37,739

there's a lot of people in this world

1968

01:18:43,490 --> 01:18:40,260

that need to be told what to do it's a

1969

01:18:45,890 --> 01:18:43,500

it's a it's a it's a it's a reality you

1970

01:18:47,330 --> 01:18:45,900

come to much later in life I think as a

1971

01:18:49,130 --> 01:18:47,340

kid you know you're always you're told

1972

01:18:50,450 --> 01:18:49,140

what to do because your parents and then

1973

01:18:52,070 --> 01:18:50,460

you grow up and you go well when I'm an

1974

01:18:53,930 --> 01:18:52,080

adult then I get to tell other people

1975

01:18:55,910 --> 01:18:53,940

what to do and then you walk around you

1976

01:18:57,590 --> 01:18:55,920

realize there's a bunch of adults that

1977

01:18:59,930 --> 01:18:57,600

they need to be told what to do as well

1978

01:19:02,090 --> 01:18:59,940

and they never grow out of that and and

1979

01:19:04,910 --> 01:19:02,100

the government is perfect with their

1980

01:19:06,770 --> 01:19:04,920

Partners in the media for

1981

01:19:08,810 --> 01:19:06,780

deciding that they're going to be the

1982

01:19:11,450 --> 01:19:08,820

ones to tell you how to feel or tell you

1983

01:19:14,390 --> 01:19:11,460

how to how to what to do or to stand

1984

01:19:16,310 --> 01:19:14,400

with Ukraine or or or or put you know do

1985

01:19:18,169 --> 01:19:16,320

this put this in you know there's 100

1986

01:19:19,790 --> 01:19:18,179

genders and and you could be cake gender

1987

01:19:22,250 --> 01:19:19,800

and men have periods and that's totally

1988

01:19:24,110 --> 01:19:22,260

fine and you need to be you people are

1989

01:19:28,430 --> 01:19:24,120

getting to the point now where they

1990

01:19:31,490 --> 01:19:28,440

reality biology these are like these are

1991

01:19:33,410 --> 01:19:31,500

subjective Concepts that are that are

1992

01:19:36,709 --> 01:19:33,420

easily you know that people say well you

1993

01:19:39,590 --> 01:19:36,719

know biology is subjective you go really

1994

01:19:41,209 --> 01:19:39,600

it is it's totally subjective you can

1995

01:19:43,310 --> 01:19:41,219

just pretend that you're somebody else

1996

01:19:45,229 --> 01:19:43,320

that's that's interesting how does that

1997

01:19:46,850 --> 01:19:45,239

work what is your passport what's this

1998

01:19:48,709 --> 01:19:46,860

what does your passport say does your

1999

01:19:51,110 --> 01:19:48,719

passport say male or female or does it

2000

01:19:53,750 --> 01:19:51,120

say cake gender you know so so there's

2001

01:19:56,149 --> 01:19:53,760

all of these these uh

2002

01:19:58,790 --> 01:19:56,159

you know there are these new ideas out

2003

01:20:01,070 --> 01:19:58,800

there and the new ideas are that uh

2004

01:20:03,290 --> 01:20:01,080

nobody knows anything everything's free

2005

01:20:05,390 --> 01:20:03,300

free form you can be whatever you want

2006

01:20:07,729 --> 01:20:05,400

I'm gonna identify as a salamander

2007

01:20:09,410 --> 01:20:07,739

tomorrow and and that's normal and

2008

01:20:12,470 --> 01:20:09,420

stunning and brave and if you question

2009

01:20:15,410 --> 01:20:12,480

that then you're the problem how dare

2010

01:20:19,070 --> 01:20:15,420

you question this right and it it it

2011

01:20:22,550 --> 01:20:19,080

feels like we're diverging from reality

2012

01:20:24,950 --> 01:20:22,560

at a at a really alarming pace and that

2013

01:20:26,570 --> 01:20:24,960

that to me you ask like where do we go

2014

01:20:29,209 --> 01:20:26,580

in the future and you know and what

2015

01:20:31,010 --> 01:20:29,219

what's up what are we optimistic about

2016

01:20:33,169 --> 01:20:31,020

there's a lot of us and few of them

2017

01:20:34,910 --> 01:20:33,179

we're going to work this thing out I'm

2018

01:20:36,470 --> 01:20:34,920

optimistic in this sense you know human

2019

01:20:38,510 --> 01:20:36,480

beings are amazing and when we get

2020

01:20:41,149 --> 01:20:38,520

together we can we know what's best for

2021

01:20:42,290 --> 01:20:41,159

us and we know what's you know we we I'm

2022

01:20:43,490 --> 01:20:42,300

not worried that we're going to make it

2023

01:20:46,130 --> 01:20:43,500

through this I think we're going to make

2024

01:20:48,649 --> 01:20:46,140

it through it but boy

2025

01:20:50,870 --> 01:20:48,659

there is a there's a battle for the

2026

01:20:52,910 --> 01:20:50,880

minds of these young people out there to

2027

01:20:55,669 --> 01:20:52,920

try and get them to believe unbelievable

2028

01:20:58,070 --> 01:20:55,679

things and I really worry about that and

2029

01:20:59,990 --> 01:20:58,080

I'm not worried about myself so much

2030

01:21:03,350 --> 01:21:00,000

I'm just worried about the new

2031

01:21:06,350 --> 01:21:03,360

generation that is viewing victimhood as

2032

01:21:09,709 --> 01:21:06,360

a as a as some sort of

2033

01:21:11,570 --> 01:21:09,719

something to be elevated that there

2034

01:21:13,610 --> 01:21:11,580

there's a I've described it as the

2035

01:21:15,229 --> 01:21:13,620

victimization decathlon where it's like

2036

01:21:18,110 --> 01:21:15,239

oh yeah well you think you've Got It Bad

2037

01:21:20,990 --> 01:21:18,120

listen to me I'm a non-binary one-legged

2038

01:21:22,610 --> 01:21:21,000

Eskimo with ADHD and I qualify and I

2039

01:21:25,729 --> 01:21:22,620

take all these boxes and everyone's like

2040

01:21:28,310 --> 01:21:25,739

oh wow you know so I think that that's a

2041

01:21:30,110 --> 01:21:28,320

sickness I think that's a long term for

2042

01:21:31,790 --> 01:21:30,120

society That's not healthy that we're

2043

01:21:35,870 --> 01:21:31,800

going down that path so I do have some

2044

01:21:37,729 --> 01:21:35,880

some fears about that but overall I'm um

2045

01:21:40,250 --> 01:21:37,739

look we're the ants they're the

2046

01:21:42,110 --> 01:21:40,260

grasshoppers in this scenario they

2047

01:21:43,910 --> 01:21:42,120

there's so many more of us than there

2048

01:21:45,890 --> 01:21:43,920

are of them we just and we don't need

2049

01:21:47,330 --> 01:21:45,900

you've seen the studies you don't need a

2050

01:21:49,010 --> 01:21:47,340

hundred percent of the people to get on

2051
01:21:51,350 --> 01:21:49,020
board with the plan you need three

2052
01:21:53,270 --> 01:21:51,360
percent you need a surprisingly small

2053
01:21:55,910 --> 01:21:53,280
percentage of people to figure this out

2054
01:21:57,709 --> 01:21:55,920
and then cultural norms start shifting

2055
01:22:00,410 --> 01:21:57,719
back and of course let's not forget

2056
01:22:02,689 --> 01:22:00,420
about this societal Whiplash effect of

2057
01:22:04,490 --> 01:22:02,699
of cultures where you get so crazy one

2058
01:22:08,090 --> 01:22:04,500
side that it snaps back the other side

2059
01:22:10,370 --> 01:22:08,100
so there's that sanity wave that we hope

2060
01:22:13,189 --> 01:22:10,380
will be coming over us at some point

2061
01:22:15,830 --> 01:22:13,199
soon so um there's a lot to be worried

2062
01:22:19,090 --> 01:22:15,840
about to be fair

2063
01:22:22,550 --> 01:22:19,100

um but we're on such a amazing Planet

2064

01:22:24,410 --> 01:22:22,560

it's so magical and you can you and I've

2065

01:22:26,390 --> 01:22:24,420

had the ability to travel I'm sure you

2066

01:22:28,250 --> 01:22:26,400

have too and you get around and you you

2067

01:22:30,169 --> 01:22:28,260

get out into these places that are quiet

2068

01:22:31,430 --> 01:22:30,179

you go

2069

01:22:33,890 --> 01:22:31,440

if I didn't know about the world

2070

01:22:35,689 --> 01:22:33,900

economic Forum I wouldn't know about the

2071

01:22:38,270 --> 01:22:35,699

world economic Forum you know I'd be

2072

01:22:40,490 --> 01:22:38,280

sitting here on this in this uh picnic

2073

01:22:43,370 --> 01:22:40,500

table here on Maui on my 50th birthday

2074

01:22:45,110 --> 01:22:43,380

looking out over the water going none of

2075

01:22:47,510 --> 01:22:45,120

that stuff's bothering me right now

2076

01:22:49,970 --> 01:22:47,520

maybe it's all in my head maybe they

2077

01:22:52,910 --> 01:22:49,980

want it that way

2078

01:22:56,689 --> 01:22:52,920

beautiful beautiful so so cool

2079

01:22:58,430 --> 01:22:56,699

how do people keep it going for

2080

01:23:01,610 --> 01:22:58,440

everything that you're doing and keep

2081

01:23:04,070 --> 01:23:01,620

being inspired by the information that

2082

01:23:06,350 --> 01:23:04,080

you're bringing forward always with uh a

2083

01:23:08,930 --> 01:23:06,360

little bit of humor with an upbeatone

2084

01:23:11,570 --> 01:23:08,940

not Doom and Gloom you you have an

2085

01:23:15,050 --> 01:23:11,580

amazing ability to deliver some hard

2086

01:23:17,270 --> 01:23:15,060

facts in a way that doesn't totally suck

2087

01:23:19,669 --> 01:23:17,280

all the energy out of you so what's

2088

01:23:21,530 --> 01:23:19,679

coming up for you how do people stay

2089

01:23:23,990 --> 01:23:21,540

stay focused in on what you're doing

2090

01:23:25,370 --> 01:23:24,000

well first of all thank you for that I

2091

01:23:27,590 --> 01:23:25,380

tried to

2092

01:23:29,030 --> 01:23:27,600

deliver this bad news in a way that

2093

01:23:31,070 --> 01:23:29,040

doesn't sound so bad because I don't

2094

01:23:33,290 --> 01:23:31,080

think it's the end of the world I do

2095

01:23:36,890 --> 01:23:33,300

believe I am optimistic I think we can

2096

01:23:39,410 --> 01:23:36,900

get get through all this I I like to uh

2097

01:23:44,090 --> 01:23:39,420

I don't respond well to

2098

01:23:46,370 --> 01:23:44,100

to the the real scary stories I like I

2099

01:23:47,870 --> 01:23:46,380

always liked the Jon Stewart show or did

2100

01:23:49,189 --> 01:23:47,880

The Daily Show when he when Jon Stewart

2101
01:23:50,750 --> 01:23:49,199
was doing it because he would talk about

2102
01:23:53,090 --> 01:23:50,760
you know he'd give you kind of the news

2103
01:23:54,470 --> 01:23:53,100
but there'd be a funny undertone to it

2104
01:23:56,750 --> 01:23:54,480
you know he didn't with a little joke

2105
01:23:58,610 --> 01:23:56,760
and I would I would laugh at the humor I

2106
01:24:00,649 --> 01:23:58,620
would understand the serious nature of

2107
01:24:03,050 --> 01:24:00,659
what he was talking about and I liked

2108
01:24:04,850 --> 01:24:03,060
getting my information that way and and

2109
01:24:09,229 --> 01:24:04,860
I know Jon Stewart let me be clear but

2110
01:24:11,630 --> 01:24:09,239
but but that idea of of of having some

2111
01:24:13,189 --> 01:24:11,640
fun with the information and not making

2112
01:24:15,709 --> 01:24:13,199
it you know and not not being

2113
01:24:17,330 --> 01:24:15,719

disrespectful I'm not trying to laugh at

2114

01:24:20,270 --> 01:24:17,340

people's misery or anything like that

2115

01:24:22,250 --> 01:24:20,280

but but but you do have to laugh at how

2116

01:24:24,410 --> 01:24:22,260

crazy things have gotten and if you are

2117

01:24:27,229 --> 01:24:24,420

unable to do that it's it's going to be

2118

01:24:29,570 --> 01:24:27,239

a long ride so macro aggressions as a

2119

01:24:32,090 --> 01:24:29,580

podcast goes out twice a week once as a

2120

01:24:33,890 --> 01:24:32,100

monologue once as an interview and in

2121

01:24:37,790 --> 01:24:33,900

audio format wherever podcasts are

2122

01:24:41,390 --> 01:24:37,800

served and in video format on band.video

2123

01:24:43,490 --> 01:24:41,400

and rockfin and odyssey and vigilante.tv

2124

01:24:45,770 --> 01:24:43,500

because these are the only places where

2125

01:24:47,810 --> 01:24:45,780

I can't you know I can't be on YouTube

2126
01:24:48,770 --> 01:24:47,820
anymore they've made that decision for

2127
01:24:50,870 --> 01:24:48,780
me

2128
01:24:52,729 --> 01:24:50,880
I think we should retest that

2129
01:24:53,930 --> 01:24:52,739
we're going to talk about that one but

2130
01:24:56,930 --> 01:24:53,940
we're going to talk about that when we

2131
01:24:58,610 --> 01:24:56,940
hang up and okay okay yeah yeah I'm open

2132
01:25:01,370 --> 01:24:58,620
to that um

2133
01:25:03,410 --> 01:25:01,380
and uh in the books well the website is

2134
01:25:04,550 --> 01:25:03,420
the octopus of globalcontrol.com you can

2135
01:25:05,630 --> 01:25:04,560
find my books there I'm going to be

2136
01:25:07,130 --> 01:25:05,640
speaking like you mentioned at an

2137
01:25:09,050 --> 01:25:07,140
archipulco with a bunch of uh

2138
01:25:12,290 --> 01:25:09,060

interesting characters and we're gonna

2139

01:25:14,990 --> 01:25:12,300

we're gonna see what what happens there

2140

01:25:17,870 --> 01:25:15,000

um but look I appreciate you personally

2141

01:25:21,649 --> 01:25:17,880

I appreciate the show the conversations

2142

01:25:26,750 --> 01:25:24,110

I don't have it all figured out man I'm

2143

01:25:28,910 --> 01:25:26,760

I'm I'm working off of I'm working off

2144

01:25:30,830 --> 01:25:28,920

of um I'll tell you what there's there's

2145

01:25:32,930 --> 01:25:30,840

a qu I'll wrap it up with this because

2146

01:25:34,310 --> 01:25:32,940

there's a quote in the in in my octopus

2147

01:25:35,450 --> 01:25:34,320

book that I really liked and I'm not

2148

01:25:37,010 --> 01:25:35,460

going to read I'm not going to read it

2149

01:25:38,810 --> 01:25:37,020

because it's it's a couple paragraphs

2150

01:25:41,450 --> 01:25:38,820

but it it goes something like this it's

2151
01:25:43,669 --> 01:25:41,460
Stephen Bassett we're mentioning UFOs

2152
01:25:45,830 --> 01:25:43,679
who Stephen Bassett the executive

2153
01:25:48,410 --> 01:25:45,840
director of Paradigm research Group

2154
01:25:51,290 --> 01:25:48,420
which normally focuses on UFOs right but

2155
01:25:54,050 --> 01:25:51,300
he he describes it as

2156
01:25:57,770 --> 01:25:54,060
he says you're born into this world

2157
01:26:00,590 --> 01:25:57,780
and you're given this box this jigsaw

2158
01:26:03,169 --> 01:26:00,600
puzzle box with 10 000 pieces in it and

2159
01:26:06,470 --> 01:26:03,179
this is the truth about reality this is

2160
01:26:08,570 --> 01:26:06,480
the this is how it all works right and

2161
01:26:10,850 --> 01:26:08,580
you're given this box when you come into

2162
01:26:12,590 --> 01:26:10,860
this world and you go set about trying

2163
01:26:14,629 --> 01:26:12,600

to figure out put this puzzle together

2164

01:26:16,910 --> 01:26:14,639

right you and there's there's a bunch of

2165

01:26:19,430 --> 01:26:16,920

pieces he says but there's a problem

2166

01:26:21,530 --> 01:26:19,440

and the problem is that the government

2167

01:26:23,090 --> 01:26:21,540

that you're living under has decided to

2168

01:26:25,490 --> 01:26:23,100

interfere with your truth process

2169

01:26:29,030 --> 01:26:25,500

they've taken some of the pieces of your

2170

01:26:30,530 --> 01:26:29,040

box and they've thrown them away and he

2171

01:26:32,209 --> 01:26:30,540

said that's a problem he says but it

2172

01:26:33,649 --> 01:26:32,219

gets even worse because they've taken a

2173

01:26:36,410 --> 01:26:33,659

couple pieces out of other people's

2174

01:26:38,689 --> 01:26:36,420

boxes and put them in your box and now

2175

01:26:41,209 --> 01:26:38,699

you go about your life

2176
01:26:43,490 --> 01:26:41,219
with the understanding that if you can

2177
01:26:46,669 --> 01:26:43,500
just put this puzzle together it will be

2178
01:26:49,070 --> 01:26:46,679
the way reality works it will be it will

2179
01:26:52,370 --> 01:26:49,080
make all the sense in the world to you

2180
01:26:55,129 --> 01:26:52,380
but he says you just don't have all the

2181
01:26:57,470 --> 01:26:55,139
pieces and so he said it's a it's it's

2182
01:27:00,169 --> 01:26:57,480
very frustrating for human beings but

2183
01:27:02,270 --> 01:27:00,179
it's very effective for the state and it

2184
01:27:04,010 --> 01:27:02,280
re and that just kind of reminded me of

2185
01:27:06,110 --> 01:27:04,020
this it's it's we're on this you know

2186
01:27:07,370 --> 01:27:06,120
I've got my box and I'm putting these

2187
01:27:09,110 --> 01:27:07,380
pieces together

2188
01:27:11,090 --> 01:27:09,120

but Alex I don't even know if I've got

2189

01:27:13,189 --> 01:27:11,100

all the right pieces to be honest with

2190

01:27:15,050 --> 01:27:13,199

you and and I'm trying to put this it

2191

01:27:16,910 --> 01:27:15,060

looks like it's going to fit sometimes

2192

01:27:20,270 --> 01:27:16,920

it doesn't fit and that's okay and we

2193

01:27:22,790 --> 01:27:20,280

have to recognize that so so it is my

2194

01:27:25,790 --> 01:27:22,800

hope and intention that through the rest

2195

01:27:29,570 --> 01:27:25,800

of my journey on this planet

2196

01:27:32,270 --> 01:27:29,580

that I um I either get some of these

2197

01:27:34,310 --> 01:27:32,280

pieces put in the puzzle or I link up

2198

01:27:35,750 --> 01:27:34,320

with people that have the pieces that I

2199

01:27:37,370 --> 01:27:35,760

need for this puzzle and they can have

2200

01:27:41,390 --> 01:27:37,380

the pieces from my puzzle that don't fit

2201

01:27:42,890 --> 01:27:41,400

too I'll go this goes both ways uh so

2202

01:27:44,510 --> 01:27:42,900

that I can try and under make sense of

2203

01:27:46,430 --> 01:27:44,520

this because the way it stands right now

2204

01:27:48,169 --> 01:27:46,440

it's very hard to figure out this world

2205

01:27:50,330 --> 01:27:48,179

that we're living in
