episodes of community

1
00:00:05,990 --> 00:00:02,470
Andy you're this unbelievable

2
00:00:08,150 --> 00:00:06,000
world-class Mystic you're leaving our

3
00:00:10,549 --> 00:00:08,160
time space continuum and then you have

4
00:00:12,950 --> 00:00:10,559
the ability to jump back in at these

5
00:00:14,209 --> 00:00:12,960
various other points substantiated by

6
00:00:17,150 --> 00:00:14,219
the fact that you're bringing back

7
00:00:19,970 --> 00:00:17,160
verifiable information what do you think

8
00:00:22,070 --> 00:00:19,980
is the mechanics of that so I have a

9
00:00:24,050 --> 00:00:22,080
mental model that I use to understand

10
00:00:25,790 --> 00:00:24,060
this and I don't know if it's right it's

11
00:00:27,290 --> 00:00:25,800
just this is how I see it I picture it

12
00:00:29,210 --> 00:00:27,300
as being kind of like a security guard

13
00:00:31,849 --> 00:00:29,220

with a bank of monitors and those those

14

00:00:33,410 --> 00:00:31,859

monitors are a view on all sorts of

15

00:00:35,389 --> 00:00:33,420

different things in different places and

16

00:00:38,150 --> 00:00:35,399

some of them are different times and so
