

NDE RESEARCHER
#586-PMH-ATWATER

SK=PTIKO
science & spirituality

1
00:00:07,909 --> 00:00:05,690
um this episode is skeptico you gotta

2
00:00:09,770 --> 00:00:07,919
deliver the goods so the goods right now

3
00:00:12,169 --> 00:00:09,780
that I'm holding you accountable to is

4
00:00:14,390 --> 00:00:12,179
those IQ scored and you say you got them

5
00:00:16,369 --> 00:00:14,400
and if you've got them you got to show

6
00:00:17,450 --> 00:00:16,379
them so you keep your research for 10

7
00:00:21,830 --> 00:00:17,460
years

8
00:00:23,870 --> 00:00:21,840
those boxes so I've thrown them a number

9
00:00:25,970 --> 00:00:23,880
of them away of course because I'm I've

10
00:00:30,170 --> 00:00:25,980
been doing this for 44 years

11
00:00:32,749 --> 00:00:30,180
I've I've only got one box left now

12
00:00:36,290 --> 00:00:32,759
so that there's just simply no way I can

13
00:00:38,270 --> 00:00:36,300

go back it just doesn't ring true I just

14

00:00:40,430 --> 00:00:38,280

straight up it doesn't ring true to me

15

00:00:42,470 --> 00:00:40,440

welcome to skeptico where we explore

16

00:00:45,650 --> 00:00:42,480

controversial science and spirituality

17

00:00:49,430 --> 00:00:45,660

today we welcome near-death experience

18

00:00:53,110 --> 00:00:49,440

richer and author pmh Atwater her latest

19

00:00:56,689 --> 00:00:53,120

book is the forever Angels near-death

20

00:01:00,049 --> 00:00:56,699

experiences in childhood and their life

21

00:01:03,070 --> 00:01:00,059

long impact a book that none other than

22

00:01:06,370 --> 00:01:03,080

Bruce Grayson calls unprecedented

23

00:01:10,190 --> 00:01:06,380

Kenneth ring calls truly groundbreaking

24

00:01:14,630 --> 00:01:10,200

and pin Von lommel says is a very

25

00:01:16,070 --> 00:01:14,640

important valuable contribution now if

26

00:01:17,990 --> 00:01:16,080

you know anything about near-death

27

00:01:20,330 --> 00:01:18,000

experience science that is the real

28

00:01:22,490 --> 00:01:20,340

study of the phenomenon you know that

29

00:01:25,370 --> 00:01:22,500

all the folks I just mentioned are very

30

00:01:28,130 --> 00:01:25,380

prominent researchers with distinguished

31

00:01:30,950 --> 00:01:28,140

credentials so their endorsement of this

32

00:01:33,890 --> 00:01:30,960

book I think is quite significant pmh

33

00:01:36,710 --> 00:01:33,900

welcome it's great to have you here

34

00:01:41,210 --> 00:01:36,720

good to be here very good

35

00:01:43,429 --> 00:01:41,220

so pmhu known as a real Trailblazer

36

00:01:45,050 --> 00:01:43,439

innovator within the near-death

37

00:01:48,890 --> 00:01:45,060

experience Community particularly

38

00:01:51,710 --> 00:01:48,900

because you have always maintained this

39

00:01:53,749 --> 00:01:51,720

focus on after effects

40

00:01:55,690 --> 00:01:53,759

and that's been your thing and you've

41

00:01:57,710 --> 00:01:55,700

brought forth some really important

42

00:02:00,889 --> 00:01:57,720

insights and change the directions

43

00:02:03,649 --> 00:02:00,899

research in this latest book The forever

44

00:02:05,810 --> 00:02:03,659

Angels you took it in a slightly

45

00:02:10,609 --> 00:02:05,820

different term you looked at life long

46

00:02:14,330 --> 00:02:10,619

after effects among 120 people who had

47

00:02:17,150 --> 00:02:14,340

experienced an nde very early in life

48

00:02:20,930 --> 00:02:17,160

why did you choose that particular

49

00:02:22,010 --> 00:02:20,940

protocol well bear in mind this is 397

50

00:02:25,570 --> 00:02:22,020

people

51
00:02:30,589 --> 00:02:25,580
so I'm looking at my previous research

52
00:02:35,690 --> 00:02:30,599
of those that were maybe

53
00:02:38,210 --> 00:02:35,700
you know kids up to maybe 20s and 30s

54
00:02:41,630 --> 00:02:38,220
and then

55
00:02:43,910 --> 00:02:41,640
I'm now extending it to people in their

56
00:02:47,330 --> 00:02:43,920
70s and 80s

57
00:02:49,970 --> 00:02:47,340
and I'm saying to them did having a

58
00:02:52,430 --> 00:02:49,980
near-death experience as a child make

59
00:02:55,070 --> 00:02:52,440
any difference in your life

60
00:02:57,350 --> 00:02:55,080
and more or less an essay kind of thing

61
00:02:59,630 --> 00:02:57,360
I suppose

62
00:03:00,650 --> 00:02:59,640
um but I was asking them to tell me

63
00:03:02,509 --> 00:03:00,660

about it

64

00:03:07,070 --> 00:03:02,519

and and I'll tell you

65

00:03:10,369 --> 00:03:07,080

ah some of the replies were so

66

00:03:12,890 --> 00:03:10,379

tear-stained I could hardly read them

67

00:03:15,170 --> 00:03:12,900

well one man

68

00:03:18,110 --> 00:03:15,180

sent me a book I mean literally a book

69

00:03:21,410 --> 00:03:18,120

including pictures of his family

70

00:03:24,170 --> 00:03:21,420

and although the things that he was now

71

00:03:27,309 --> 00:03:24,180

retired and looking back

72

00:03:30,350 --> 00:03:27,319

and you know Bruce Grayson said

73

00:03:33,229 --> 00:03:30,360

nobody's ever done this nobody's ever

74

00:03:36,350 --> 00:03:33,239

thought of doing this you know looking

75

00:03:40,130 --> 00:03:36,360

at kids as kids from birth at the age of

76

00:03:43,070 --> 00:03:40,140

five especially and then you know a

77

00:03:45,470 --> 00:03:43,080

little bit older and then you know

78

00:03:47,690 --> 00:03:45,480

looking at the near-death experience

79

00:03:50,930 --> 00:03:47,700

had a lot of experience with adult

80

00:03:53,210 --> 00:03:50,940

experiencers teenagers and adults

81

00:03:56,229 --> 00:03:53,220

and you know you know my research base

82

00:04:00,530 --> 00:03:56,239

is nearly 5 000 adults and children

83

00:04:02,990 --> 00:04:00,540

and uh so you know I I've been pursuing

84

00:04:05,570 --> 00:04:03,000

this kind of subject for a long time

85

00:04:07,970 --> 00:04:05,580

and looking at it deeper and deeper and

86

00:04:10,990 --> 00:04:07,980

deeper so this time

87

00:04:14,509 --> 00:04:11,000

I wanted to compare

88

00:04:17,569 --> 00:04:14,519

what the younger ones are saying with

89

00:04:19,729 --> 00:04:17,579

what the grandmas and grandpas are

90

00:04:22,850 --> 00:04:19,739

saying looking back

91

00:04:25,490 --> 00:04:22,860

and it's really interesting with these

92

00:04:27,409 --> 00:04:25,500

older people really anywhere from about

93

00:04:32,150 --> 00:04:27,419

50 to 80.

94

00:04:33,710 --> 00:04:32,160

they had to be able to uh establish

95

00:04:35,990 --> 00:04:33,720

that they had had a near-death

96

00:04:37,550 --> 00:04:36,000

experience at you know when they were

97

00:04:41,629 --> 00:04:37,560

dead

98

00:04:45,409 --> 00:04:41,639

and and this one woman who's 82.

99

00:04:47,090 --> 00:04:45,419

Jeff she had a sister about 10 years

100

00:04:49,070 --> 00:04:47,100

younger

101
00:04:50,450 --> 00:04:49,080
and I talked with his sister and she

102
00:04:53,210 --> 00:04:50,460
said everything she's telling you is

103
00:04:56,810 --> 00:04:53,220
absolutely true I could validate it so I

104
00:04:58,310 --> 00:04:56,820
got validations with all these stories

105
00:05:00,710 --> 00:04:58,320
and

106
00:05:02,990 --> 00:05:00,720
um one of the things I've learned as a

107
00:05:05,150 --> 00:05:03,000
near death near-death researcher I do

108
00:05:06,830 --> 00:05:05,160
not want to stay in the same place

109
00:05:08,749 --> 00:05:06,840
you know most of your scientific

110
00:05:11,570 --> 00:05:08,759
researchers will pick a particular

111
00:05:13,730 --> 00:05:11,580
hospital or a particular group of people

112
00:05:18,350 --> 00:05:13,740
and they'll stick there

113
00:05:21,310 --> 00:05:18,360

yeah all their research is is very very

114

00:05:25,490 --> 00:05:21,320

good research but it's you know it's

115

00:05:29,150 --> 00:05:25,500

within that particular Arena no

116

00:05:32,450 --> 00:05:29,160

I want to get get out there and see as

117

00:05:35,810 --> 00:05:32,460

many people as I can in as many parts of

118

00:05:37,730 --> 00:05:35,820

our world as I can and I do indeed in

119

00:05:38,390 --> 00:05:37,740

this book

120

00:05:42,170 --> 00:05:38,400

um

121

00:05:43,370 --> 00:05:42,180

and and different classifications of you

122

00:05:46,550 --> 00:05:43,380

know uh

123

00:05:49,730 --> 00:05:46,560

Echo and Eco economics

124

00:05:52,189 --> 00:05:49,740

and and this this one woman wrote me

125

00:05:54,650 --> 00:05:52,199

back and she said you know near-death

126
00:05:56,629 --> 00:05:54,660
experience near-death researchers never

127
00:05:58,249 --> 00:05:56,639
contact people like me

128
00:06:00,710 --> 00:05:58,259
never

129
00:06:03,590 --> 00:06:00,720
I'm poor

130
00:06:06,290 --> 00:06:03,600
I don't have hardly any money

131
00:06:08,689 --> 00:06:06,300
but I want to participate and do you

132
00:06:12,350 --> 00:06:08,699
know she saved her penny

133
00:06:14,810 --> 00:06:12,360
until she could pay enough for a folder

134
00:06:17,210 --> 00:06:14,820
to send me

135
00:06:18,469 --> 00:06:17,220
uh you know what she had to say what she

136
00:06:21,070 --> 00:06:18,479
had to offer

137
00:06:25,670 --> 00:06:21,080
and I almost cried I mean it was just

138
00:06:27,290 --> 00:06:25,680

fantastic and she felt so held to be

139

00:06:31,430 --> 00:06:27,300

able to participate

140

00:06:34,430 --> 00:06:31,440

and you know people and and Cordova had

141

00:06:37,210 --> 00:06:34,440

a lot of people in Ecuador I don't know

142

00:06:41,150 --> 00:06:37,220

how they found out about me but they did

143

00:06:41,870 --> 00:06:41,160

I had uh three

144

00:06:51,230 --> 00:06:41,880

um

145

00:06:57,409 --> 00:06:51,240

in in

146

00:07:03,710 --> 00:06:59,510

um these the Voodoo People

147

00:07:08,450 --> 00:07:05,689

they did not know each other they never

148

00:07:12,469 --> 00:07:08,460

spoke to each other different parts of

149

00:07:14,930 --> 00:07:12,479

the of of the Southern world

150

00:07:16,610 --> 00:07:14,940

and in each of the three near-death

151
00:07:18,890 --> 00:07:16,620
experiences

152
00:07:19,909 --> 00:07:18,900
they were met by Jesus and they knew his

153
00:07:21,770 --> 00:07:19,919
name

154
00:07:23,390 --> 00:07:21,780
they know the Bible they didn't know the

155
00:07:25,129 --> 00:07:23,400
name of the Bible they didn't know words

156
00:07:27,050 --> 00:07:25,139
for Bible

157
00:07:29,089 --> 00:07:27,060
they didn't know words for Christianity

158
00:07:31,370 --> 00:07:29,099
but they knew Jesus

159
00:07:33,409 --> 00:07:31,380
now I can't explain that that's an

160
00:07:36,170 --> 00:07:33,419
anomaly obviously

161
00:07:39,350 --> 00:07:36,180
but what do you do with that

162
00:07:42,290 --> 00:07:39,360
well I reported it yeah play off of that

163
00:07:45,070 --> 00:07:42,300

for a second because let me pull up a

164

00:07:46,969 --> 00:07:45,080

page from the book

165

00:07:49,309 --> 00:07:46,979

oh okay

166

00:07:52,010 --> 00:07:49,319

okay so you know you're out there

167

00:07:53,809 --> 00:07:52,020

collecting these stories you mentioned

168

00:07:55,550 --> 00:07:53,819

that other near-death experience

169

00:07:58,850 --> 00:07:55,560

research has done different ways some

170

00:08:01,309 --> 00:07:58,860

stick very close to in hospital others

171

00:08:04,670 --> 00:08:01,319

have seen the need like you have to go

172

00:08:07,129 --> 00:08:04,680

for accounts but invariably what we're

173

00:08:10,969 --> 00:08:07,139

coming back to is what we can get what

174

00:08:13,909 --> 00:08:10,979

we can verify and you claim to have some

175

00:08:16,070 --> 00:08:13,919

verifiable information on these people

176

00:08:21,290 --> 00:08:16,080

and one of the things that immediately

177

00:08:23,089 --> 00:08:21,300

caught my attention was IQ score

178

00:08:25,670 --> 00:08:23,099

which is very interesting because I mean

179

00:08:28,129 --> 00:08:25,680

IQ scores really kind of

180

00:08:30,050 --> 00:08:28,139

I mean where did you get IQ scores on

181

00:08:32,690 --> 00:08:30,060

all these the parents

182

00:08:34,190 --> 00:08:32,700

how parents I have four kids I don't I

183

00:08:36,589 --> 00:08:34,200

have four kids I don't they're all grown

184

00:08:38,269 --> 00:08:36,599

I don't have IQ scores they don't do IQ

185

00:08:42,589 --> 00:08:38,279

scores in schools anymore there's no

186

00:08:45,590 --> 00:08:42,599

such thing you know when what's that

187

00:08:48,110 --> 00:08:45,600

all of them Ecuador they did in the

188

00:08:52,269 --> 00:08:48,120

voodoo people did

189

00:08:55,490 --> 00:08:52,279

uh and sometimes the uh uh

190

00:08:58,310 --> 00:08:55,500

these children as they grew older they

191

00:09:01,430 --> 00:08:58,320

knew their scores

192

00:09:04,310 --> 00:09:01,440

um so I I just ask them I didn't have

193

00:09:06,230 --> 00:09:04,320

any questions in those figures

194

00:09:08,329 --> 00:09:06,240

you know these figures in and of

195

00:09:10,970 --> 00:09:08,339

themselves are

196

00:09:14,329 --> 00:09:10,980

they're stuck well they're a statistical

197

00:09:16,670 --> 00:09:14,339

anomaly that you know he would just want

198

00:09:21,050 --> 00:09:16,680

to really investigate you you say that

199

00:09:23,870 --> 00:09:21,060

50 of them had 150 to 160 IQ score you

200

00:09:27,769 --> 00:09:23,880

know the odds of a 150 IQ scores like

201
00:09:29,090 --> 00:09:27,779
one in five not Fifty forty eight eight

202
00:09:32,329 --> 00:09:29,100
percent well if we're going to be

203
00:09:36,829 --> 00:09:32,339
precise it's about 100 150 to 160. okay

204
00:09:38,509 --> 00:09:36,839
48 but it's one in 500 people have that

205
00:09:41,690 --> 00:09:38,519
and then you say

206
00:09:44,990 --> 00:09:41,700
IQ score begins at 180

207
00:09:48,530 --> 00:09:45,000
for this other group of other ones and

208
00:09:51,829 --> 00:09:48,540
look at the kids that had it you got to

209
00:09:54,949 --> 00:09:51,839
verify this you gotta 180 is one out of

210
00:09:57,170 --> 00:09:54,959
ten thousand so how many people do you

211
00:09:59,269 --> 00:09:57,180
have how many people do you have that

212
00:10:00,250 --> 00:09:59,279
scored how many people do you have that

213
00:10:04,970 --> 00:10:00,260

scored

214

00:10:06,769 --> 00:10:04,980

180 on their IQ test and where where is

215

00:10:09,050 --> 00:10:06,779

where can we find that data where can we

216

00:10:11,750 --> 00:10:09,060

ver that's a very precise number do you

217

00:10:14,030 --> 00:10:11,760

did you publish the IQ score numbers and

218

00:10:15,530 --> 00:10:14,040

where you got them and how they match to

219

00:10:18,710 --> 00:10:15,540

you know even if you

220

00:10:21,710 --> 00:10:18,720

but kind of hide the identity I

221

00:10:24,530 --> 00:10:21,720

I scored the percentages I found

222

00:10:27,829 --> 00:10:24,540

you scored What percentages

223

00:10:29,570 --> 00:10:27,839

well the subgroup only those how many

224

00:10:31,910 --> 00:10:29,580

are in that group how many how many

225

00:10:35,090 --> 00:10:31,920

people were one out of ten thousand in

226

00:10:39,949 --> 00:10:37,009

I don't understand what you're saying to

227

00:10:42,710 --> 00:10:39,959

me well you here right out of the book

228

00:10:43,790 --> 00:10:42,720

there's a subgroup you say there's a

229

00:10:46,430 --> 00:10:43,800

subgroup

230

00:10:49,130 --> 00:10:46,440

yeah those are six right how many people

231

00:10:51,230 --> 00:10:49,140

are in that subgroup

232

00:10:53,449 --> 00:10:51,240

I can't tell you off the top of my head

233

00:10:54,470 --> 00:10:53,459

I'd have to go in my research to tell

234

00:10:57,230 --> 00:10:54,480

you that

235

00:10:58,910 --> 00:10:57,240

okay well I can I can wait because 80

236

00:11:02,150 --> 00:10:58,920

percent of them

237

00:11:04,970 --> 00:11:02,160

I'm sorry eight let's be precise 81 of

238

00:11:06,889 --> 00:11:04,980

them were in this

239

00:11:09,290 --> 00:11:06,899

yeah

240

00:11:13,329 --> 00:11:09,300

so approximately how many people this is

241

00:11:16,850 --> 00:11:13,339

an astronomically High number yes

242

00:11:18,949 --> 00:11:16,860

if you can verify it which I can't

243

00:11:22,370 --> 00:11:18,959

imagine why you wouldn't want to well I

244

00:11:25,670 --> 00:11:22,380

did and their parents

245

00:11:28,910 --> 00:11:25,680

you again it just doesn't that's the

246

00:11:31,069 --> 00:11:28,920

only way I have a verifying this is to

247

00:11:34,490 --> 00:11:31,079

talk to the parents

248

00:11:38,150 --> 00:11:34,500

and so I'm just saying you know like

249

00:11:39,530 --> 00:11:38,160

when Trump uh uh a few years ago he kind

250

00:11:41,690 --> 00:11:39,540

of criticized somebody for saying their

251
00:11:43,370 --> 00:11:41,700
IQ score and everyone in the media got

252
00:11:46,069 --> 00:11:43,380
on him and they said this is outdated

253
00:11:48,350 --> 00:11:46,079
there's no such thing as an IQ you can

254
00:11:50,810 --> 00:11:48,360
get an IQ score but you don't get it

255
00:11:52,970 --> 00:11:50,820
normally like in going to school like I

256
00:11:54,590 --> 00:11:52,980
say my kids don't have an IQ score none

257
00:11:56,750 --> 00:11:54,600
of the people I know have an IQ score

258
00:11:59,810 --> 00:11:56,760
they get tested like crazy kids do in

259
00:12:03,410 --> 00:11:59,820
school but not this IQ score so it just

260
00:12:07,190 --> 00:12:03,420
struck me as very unusual and if you do

261
00:12:10,009 --> 00:12:07,200
have IQ school for people of those ages

262
00:12:11,690 --> 00:12:10,019
I I I don't think that's I don't think

263
00:12:14,329 --> 00:12:11,700

that's true either I don't have an I

264

00:12:16,730 --> 00:12:14,339

don't know my IQ score

265

00:12:18,949 --> 00:12:16,740

I don't know anyone mine who knows their

266

00:12:22,310 --> 00:12:18,959

IQ score it's not mine but I've long

267

00:12:27,110 --> 00:12:23,930

um

268

00:12:31,370 --> 00:12:27,120

I mean it was just part of school you

269

00:12:31,380 --> 00:12:35,410

okay

270

00:12:41,269 --> 00:12:38,569

how does a researcher who claims this

271

00:12:42,769 --> 00:12:41,279

what do you think you what do you think

272

00:12:45,530 --> 00:12:42,779

is appropriate for me because I'm

273

00:12:48,050 --> 00:12:45,540

pushing on you pretty hard here what is

274

00:12:50,870 --> 00:12:48,060

a what is the appropriate level of

275

00:12:54,829 --> 00:12:50,880

pushback I should do in terms of you

276

00:12:57,350 --> 00:12:54,839

saying you have an extraordinary uh data

277

00:12:59,530 --> 00:12:57,360

claim here that you have a significant

278

00:13:03,889 --> 00:12:59,540

number of people I mean you have I don't

279

00:13:06,769 --> 00:13:03,899

20 people that had an IQ score of 180

280

00:13:09,230 --> 00:13:06,779

which is one out of ten thousand

281

00:13:13,730 --> 00:13:09,240

if you have 20 people in your group I

282

00:13:21,350 --> 00:13:18,470

still if even if you say you have 48 of

283

00:13:23,210 --> 00:13:21,360

uh genius level one out of 500 given the

284

00:13:24,769 --> 00:13:23,220

stories these people what do you think

285

00:13:30,110 --> 00:13:24,779

is your

286

00:13:31,850 --> 00:13:30,120

obligation to back that up to verify

287

00:13:34,190 --> 00:13:31,860

that to show that you really do have

288

00:13:35,569 --> 00:13:34,200

scores did you did you publish any of

289

00:13:37,550 --> 00:13:35,579

the scores did you publish the actual

290

00:13:39,769 --> 00:13:37,560

data even with even if you don't know

291

00:13:41,629 --> 00:13:39,779

it's not not you don't have to you don't

292

00:13:43,009 --> 00:13:41,639

have to tie to the individual I had a

293

00:13:45,889 --> 00:13:43,019

book I wrote I wrote the book for the

294

00:13:48,290 --> 00:13:45,899

general public you're you're not going

295

00:13:51,710 --> 00:13:48,300

to have those kind of scores in a book

296

00:13:53,569 --> 00:13:51,720

for the general public why not

297

00:13:56,150 --> 00:13:53,579

they're not going to read it

298

00:13:58,250 --> 00:13:56,160

well I then then publish it elsewhere so

299

00:14:01,370 --> 00:13:58,260

that people who follow this research can

300

00:14:03,769 --> 00:14:01,380

feel confident that these extraordinary

301
00:14:05,509 --> 00:14:03,779
claims are are backed up with data you

302
00:14:08,150 --> 00:14:05,519
have all the case studies in there you

303
00:14:11,750 --> 00:14:08,160
you give the names and case number maybe

304
00:14:13,370 --> 00:14:11,760
you uh gave a a fictitious name but you

305
00:14:16,190 --> 00:14:13,380
have them all in there

306
00:14:19,250 --> 00:14:16,200
yeah do you have their do you have IQ

307
00:14:22,490 --> 00:14:19,260
scores on every one of them

308
00:14:24,710 --> 00:14:22,500
no not on every one of them most of them

309
00:14:26,210 --> 00:14:24,720
like what percent do you have IQ scores

310
00:14:28,970 --> 00:14:26,220
on

311
00:14:30,230 --> 00:14:28,980
know

312
00:14:32,389 --> 00:14:30,240
because you're making claims you're

313
00:14:37,009 --> 00:14:32,399

saying 48 percent

314

00:14:38,990 --> 00:14:37,019

were 150 to 160. so even though I did

315

00:14:41,689 --> 00:14:39,000

all of this

316

00:14:44,990 --> 00:14:41,699

a number of years ago

317

00:14:46,310 --> 00:14:45,000

I don't right now remember all those

318

00:14:48,710 --> 00:14:46,320

details

319

00:14:51,949 --> 00:14:48,720

I'd have to go back to the boxes that

320

00:14:53,269 --> 00:14:51,959

are stored in my storage room and pull

321

00:14:56,990 --> 00:14:53,279

it all out

322

00:14:59,269 --> 00:14:57,000

and go through it each one and read them

323

00:15:01,189 --> 00:14:59,279

I don't I don't have a photographic

324

00:15:03,710 --> 00:15:01,199

photographic memory

325

00:15:05,150 --> 00:15:03,720

so I'm not able to pull out of my mind

326

00:15:07,069 --> 00:15:05,160

right now

327

00:15:11,889 --> 00:15:07,079

all of the answers

328

00:15:13,990 --> 00:15:11,899

what I'm showing you is what I found

329

00:15:21,949 --> 00:15:14,000

with

330

00:15:26,210 --> 00:15:21,959

it gives you then an idea if you want

331

00:15:28,610 --> 00:15:26,220

it gives you then a trend or it gives

332

00:15:30,170 --> 00:15:28,620

you then

333

00:15:35,329 --> 00:15:30,180

um

334

00:15:37,850 --> 00:15:35,339

what I found

335

00:15:40,670 --> 00:15:37,860

in dealing with these kids

336

00:15:42,829 --> 00:15:40,680

because you you have a child between

337

00:15:44,689 --> 00:15:42,839

birth and the age of five whereas a

338

00:15:47,449 --> 00:15:44,699

near-death experience

339

00:15:50,150 --> 00:15:47,459

most of them not all of them

340

00:15:52,430 --> 00:15:50,160

most of them come back unusually

341

00:15:55,250 --> 00:15:52,440

intelligent

342

00:15:57,250 --> 00:15:55,260

okay where is that coming from

343

00:16:00,170 --> 00:15:57,260

we don't know

344

00:16:01,730 --> 00:16:00,180

nobody knows

345

00:16:04,790 --> 00:16:01,740

look

346

00:16:08,150 --> 00:16:04,800

one-third of them could remember

347

00:16:11,090 --> 00:16:08,160

life in the womb most of them could

348

00:16:13,550 --> 00:16:11,100

remember birth

349

00:16:17,509 --> 00:16:13,560

I can tell you all about

350

00:16:24,769 --> 00:16:20,569

this is pushing on things like abortion

351

00:16:29,569 --> 00:16:24,779

and all the all this other stuff

352

00:16:33,170 --> 00:16:29,579

and and I'm I'm inviting people

353

00:16:36,110 --> 00:16:33,180

to look again at all these subjects

354

00:16:38,150 --> 00:16:36,120

that we think we know all about and that

355

00:16:41,629 --> 00:16:38,160

we think we can prove one way or another

356

00:16:44,810 --> 00:16:41,639

scientifically or not

357

00:16:47,150 --> 00:16:44,820

and we're not looking at well what at

358

00:16:49,189 --> 00:16:47,160

the lives of these people

359

00:16:51,470 --> 00:16:49,199

and how they live

360

00:16:55,009 --> 00:16:51,480

and what they deal with

361

00:16:58,009 --> 00:16:55,019

we're not looking at from birth to the

362

00:17:00,230 --> 00:16:58,019

age of five and then there's and then

363

00:17:03,230 --> 00:17:00,240

they're now much older

364

00:17:05,750 --> 00:17:03,240

what was that like for them

365

00:17:07,789 --> 00:17:05,760

and it was not pleasant for most of them

366

00:17:10,069 --> 00:17:07,799

or for many of them

367

00:17:11,449 --> 00:17:10,079

if you read through that book you can

368

00:17:13,669 --> 00:17:11,459

see

369

00:17:15,470 --> 00:17:13,679

I read the whole book and you know

370

00:17:17,870 --> 00:17:15,480

yesterday we were scheduled to do this

371

00:17:19,730 --> 00:17:17,880

it's funny how things turn out

372

00:17:21,530 --> 00:17:19,740

yesterday we were scheduled to do this

373

00:17:25,370 --> 00:17:21,540

interview and yeah and we couldn't get

374

00:17:27,770 --> 00:17:25,380

through I I don't I I have a hard time I

375

00:17:29,090 --> 00:17:27,780

I do a lot of these interviews pmh I do

376

00:17:31,190 --> 00:17:29,100

a lot of these interviews I've been

377

00:17:33,950 --> 00:17:31,200

interviewed a lot the circumstances

378

00:17:35,990 --> 00:17:33,960

surrounding the delay in this just it

379

00:17:38,930 --> 00:17:36,000

just ringed a bell in my head it just

380

00:17:40,850 --> 00:17:38,940

didn't ring authentic and the whole

381

00:17:42,710 --> 00:17:40,860

thing changed and it started going

382

00:17:45,169 --> 00:17:42,720

through my mind and the first thing that

383

00:17:47,930 --> 00:17:45,179

popped up is IQ score

384

00:17:50,150 --> 00:17:47,940

that that just jumps out at me as why is

385

00:17:51,890 --> 00:17:50,160

somebody talking about IQ score across

386

00:17:54,590 --> 00:17:51,900

the board that they interviewed these

387

00:17:57,350 --> 00:17:54,600

people around the world and they all had

388

00:18:00,110 --> 00:17:57,360

their IQ scores and I have I just said

389

00:18:03,590 --> 00:18:00,120

50 you corrected me 48 percent

390

00:18:07,130 --> 00:18:03,600

show the data if you have that data you

391

00:18:10,730 --> 00:18:07,140

have an extraordinarily powerful result

392

00:18:12,529 --> 00:18:10,740

and you should be uh kind of catapulted

393

00:18:14,150 --> 00:18:12,539

to the front for some kind of Prize or

394

00:18:16,490 --> 00:18:14,160

something like that but if you don't

395

00:18:19,610 --> 00:18:16,500

have the data if you can't dig through

396

00:18:22,370 --> 00:18:19,620

the boxes if you can't show not me but

397

00:18:24,470 --> 00:18:22,380

if you publish other people IQ scores

398

00:18:26,210 --> 00:18:24,480

and say here are the cases that I've

399

00:18:28,130 --> 00:18:26,220

laid out in this book and here are the

400

00:18:29,750 --> 00:18:28,140

IQ scores associated with those people

401
00:18:31,490 --> 00:18:29,760
and if you don't have some people come

402
00:18:33,110 --> 00:18:31,500
through and back in that up well then

403
00:18:35,630 --> 00:18:33,120
that's the kind of scrutiny I think you

404
00:18:37,010 --> 00:18:35,640
have to stand uh that you have to stand

405
00:18:38,690 --> 00:18:37,020
up against if you're going to claim to

406
00:18:41,029 --> 00:18:38,700
be a near-death experienced researcher

407
00:18:43,850 --> 00:18:41,039
so do you have that are you willing to

408
00:18:45,350 --> 00:18:43,860
go that extra mile to prove what you're

409
00:18:46,789 --> 00:18:45,360
claiming here because I have it in black

410
00:18:48,950 --> 00:18:46,799
and white what you're claiming you're

411
00:18:51,830 --> 00:18:48,960
saying that nearly all

412
00:18:54,710 --> 00:18:51,840
of these people in this nearly all in

413
00:18:56,930 --> 00:18:54,720

this group scored 180 which is one out

414

00:18:58,850 --> 00:18:56,940

of ten thousand there there weren't that

415

00:19:01,850 --> 00:18:58,860

many show us

416

00:19:03,830 --> 00:19:01,860

show us who scored 180. buy it two you

417

00:19:07,190 --> 00:19:03,840

have all the people listed in your book

418

00:19:08,750 --> 00:19:07,200

you you have extensive clips from what

419

00:19:11,450 --> 00:19:08,760

they provided you we have all the names

420

00:19:13,370 --> 00:19:11,460

and the case numbers show us right you

421

00:19:16,010 --> 00:19:13,380

would want to show us you're you're a

422

00:19:19,850 --> 00:19:16,020

researcher you're not a author you're a

423

00:19:23,210 --> 00:19:21,830

will you do that will you you know you

424

00:19:26,210 --> 00:19:23,220

can come back on you can show me the

425

00:19:28,090 --> 00:19:26,220

data and you can come back on and we can

426
00:19:31,970 --> 00:19:28,100
it would take

427
00:19:34,490 --> 00:19:31,980
hours and hours and hours it's worth it

428
00:19:37,549 --> 00:19:34,500
it's worth it because your claims are

429
00:19:40,730 --> 00:19:37,559
are quite extraordinary and they deserve

430
00:19:42,470 --> 00:19:40,740
to be backed up by that kind of data

431
00:19:44,450 --> 00:19:42,480
and you don't have to have all of them I

432
00:19:48,110 --> 00:19:44,460
mean you you know we are talking about

433
00:19:50,570 --> 00:19:48,120
120 cases here it's not like it's

434
00:19:52,850 --> 00:19:50,580
I'll pay you I'll pay you to to for your

435
00:19:57,110 --> 00:19:52,860
time to go through pay me to do that

436
00:20:02,990 --> 00:19:59,270
it would take two uh it would take up

437
00:20:05,090 --> 00:20:03,000
too too much time in my life right now

438
00:20:08,810 --> 00:20:05,100

I understand

439

00:20:11,570 --> 00:20:08,820

right now I'm dealing with pneumonia

440

00:20:13,250 --> 00:20:11,580

I'm I'm dealing with some significant

441

00:20:17,570 --> 00:20:13,260

health issues

442

00:20:21,230 --> 00:20:19,490

I understand

443

00:20:24,169 --> 00:20:21,240

I'm sorry

444

00:20:27,770 --> 00:20:24,179

but I'm not there were there was no

445

00:20:30,710 --> 00:20:27,780

reason for me at the time

446

00:20:33,650 --> 00:20:30,720

to do that I've never done that

447

00:20:35,690 --> 00:20:33,660

I've given you the micro percentages as

448

00:20:38,690 --> 00:20:35,700

I found them

449

00:20:42,770 --> 00:20:38,700

but I've never gone back at any time

450

00:20:44,510 --> 00:20:42,780

and said where that came from

451
00:20:47,270 --> 00:20:44,520
I've given you the generals the

452
00:20:50,150 --> 00:20:47,280
generalities was it black people was it

453
00:20:51,590 --> 00:20:50,160
white people was it was it Asians I've

454
00:20:55,250 --> 00:20:51,600
given you that

455
00:20:59,510 --> 00:20:55,260
I've given you what part part of of the

456
00:20:59,520 --> 00:21:04,610
but I'm not a Bruce Grayson

457
00:21:10,850 --> 00:21:07,610
I don't go back and give you that kind

458
00:21:14,690 --> 00:21:10,860
of scientific data because I'm not a

459
00:21:21,070 --> 00:21:19,070
I'm not I don't do gross Bruce Grayson's

460
00:21:26,750 --> 00:21:21,080
work

461
00:21:26,760 --> 00:21:31,730
and to the best of my ability

462
00:21:42,890 --> 00:21:34,370
I give you

463
00:21:47,210 --> 00:21:42,900

that is based on what I find it's it's

464

00:21:47,220 --> 00:21:50,930

um

465

00:21:54,890 --> 00:21:52,970

it's not my intention to be a Bruce

466

00:21:56,570 --> 00:21:54,900

Grayson

467

00:21:59,510 --> 00:21:56,580

it sounds to me like that's what you

468

00:22:02,029 --> 00:21:59,520

want you want a Bruce Grayson

469

00:22:04,610 --> 00:22:02,039

I'm not

470

00:22:06,649 --> 00:22:04,620

I'm a cop on the beat

471

00:22:09,110 --> 00:22:06,659

I was raised in a police station

472

00:22:10,730 --> 00:22:09,120

I use police investigative techniques as

473

00:22:14,029 --> 00:22:10,740

an as my protocol

474

00:22:18,289 --> 00:22:14,039

I do not use scientific uh

475

00:22:43,610 --> 00:22:19,430

I

476

00:22:47,330 --> 00:22:43,620

you have something to tell me

477

00:22:53,029 --> 00:22:49,610

as much as I can I get into the people's

478

00:22:56,510 --> 00:22:54,770

I talk to their health caregivers

479

00:22:58,490 --> 00:22:56,520

whenever I can

480

00:23:03,110 --> 00:22:58,500

I talked to their families whenever I

481

00:23:05,570 --> 00:23:03,120

can to give give both sides

482

00:23:09,950 --> 00:23:05,580

I don't want to just give one side

483

00:23:11,870 --> 00:23:09,960

I want to get a well-rounded View

484

00:23:14,570 --> 00:23:11,880

of of what's going on with that

485

00:23:21,409 --> 00:23:18,770

especially with that that one girl

486

00:23:24,409 --> 00:23:21,419

who had 17 near-death experiences by the

487

00:23:28,850 --> 00:23:27,529

you know I mean I mean you're not going

488

00:23:30,289 --> 00:23:28,860

to

489

00:23:32,450 --> 00:23:30,299

um

490

00:23:36,110 --> 00:23:32,460

you're not going to be able to get Bruce

491

00:23:40,010 --> 00:23:36,120

Grayson kind of material from her

492

00:23:42,649 --> 00:23:40,020

and and her witchcraft parents

493

00:23:46,190 --> 00:23:42,659

the only reason they burst her

494

00:23:48,950 --> 00:23:46,200

and so that they would have a baby to

495

00:23:50,990 --> 00:23:48,960

use on Satan's altar

496

00:23:53,510 --> 00:23:51,000

I think that's a very significant

497

00:23:55,850 --> 00:23:53,520

account like I told you yesterday and

498

00:23:58,370 --> 00:23:55,860

I've interviewed several people who've

499

00:24:00,830 --> 00:23:58,380

been involved in Satanic ritual abuse

500

00:24:05,210 --> 00:24:00,840

cases and can back it up but the

501
00:24:07,789 --> 00:24:05,220
important thing pmh I there just has to

502
00:24:11,390 --> 00:24:07,799
we got to be super strict about

503
00:24:14,750 --> 00:24:11,400
credibility in this field and we have to

504
00:24:17,149 --> 00:24:14,760
be squeaky clean and you got to take the

505
00:24:19,490 --> 00:24:17,159
pushback you got to take the arrows both

506
00:24:21,350 --> 00:24:19,500
on the front and the back I'm telling

507
00:24:22,549 --> 00:24:21,360
you this is a different interview we're

508
00:24:24,049 --> 00:24:22,559
doing today

509
00:24:26,210 --> 00:24:24,059
than we would have done yesterday

510
00:24:29,090 --> 00:24:26,220
because yesterday I had a whole

511
00:24:31,730 --> 00:24:29,100
different perspective and I was up last

512
00:24:33,649 --> 00:24:31,740
night tossing and turning and first

513
00:24:35,450 --> 00:24:33,659

thing this morning I was looking at IQ

514

00:24:37,130 --> 00:24:35,460

scores I was looking at the history of

515

00:24:39,649 --> 00:24:37,140

IQ scores and I was looking how they

516

00:24:41,750 --> 00:24:39,659

don't have they're just not it's an

517

00:24:44,330 --> 00:24:41,760

old-fashioned thing they don't do them

518

00:24:45,710 --> 00:24:44,340

anymore there's no way that I'm not

519

00:24:47,870 --> 00:24:45,720

saying there's no way maybe you have a

520

00:24:50,270 --> 00:24:47,880

way but if you have that you got to back

521

00:24:52,370 --> 00:24:50,280

that up and if you can't back it up then

522

00:24:55,250 --> 00:24:52,380

I don't have any more questions I'd love

523

00:24:57,230 --> 00:24:55,260

to you to talk about uh the alien

524

00:24:59,690 --> 00:24:57,240

contact extra terrestrial contact I

525

00:25:01,130 --> 00:24:59,700

think it's a significant question in

526

00:25:03,890 --> 00:25:01,140

this whole dear death experience field

527

00:25:05,990 --> 00:25:03,900

I'd love to talk about the Satanic

528

00:25:09,230 --> 00:25:06,000

ritual abuse connection and the

529

00:25:13,010 --> 00:25:09,240

Consciousness and evil and how how that

530

00:25:15,529 --> 00:25:13,020

all plays out we are in a a you know a

531

00:25:17,930 --> 00:25:15,539

battlefield heel here of materialistic

532

00:25:19,970 --> 00:25:17,940

science that denies this whole thing but

533

00:25:21,169 --> 00:25:19,980

that's all the male reason to Double

534

00:25:24,110 --> 00:25:21,179

Down

535

00:25:26,390 --> 00:25:24,120

on the research and you gotta show you

536

00:25:27,710 --> 00:25:26,400

gotta deliver the goods so the goods

537

00:25:30,529 --> 00:25:27,720

right now that I'm holding your account

538

00:25:32,990 --> 00:25:30,539

to is those IQ scored and you say you

539

00:25:34,669 --> 00:25:33,000

got them and if you got them you got to

540

00:25:36,710 --> 00:25:34,679

show them and if you can't show them

541

00:25:39,049 --> 00:25:36,720

then we're talking about something else

542

00:25:40,490 --> 00:25:39,059

you know you keep your research for 10

543

00:25:45,169 --> 00:25:40,500

years

544

00:25:47,390 --> 00:25:45,179

those boxes

545

00:25:49,070 --> 00:25:47,400

so I've thrown a number of them away of

546

00:25:50,690 --> 00:25:49,080

course because I'm I've been doing this

547

00:25:55,430 --> 00:25:50,700

for 44 years

548

00:25:57,169 --> 00:25:55,440

I've I've only got one box left now

549

00:25:59,810 --> 00:25:57,179

um

550

00:26:02,049 --> 00:25:59,820

so that there's just simply no way I can

551
00:26:06,049 --> 00:26:02,059
go back

552
00:26:07,430 --> 00:26:06,059
but I can't yeah well there's no way I

553
00:26:10,370 --> 00:26:07,440
can there's no way I can go forward

554
00:26:13,190 --> 00:26:10,380
there's no way I can go forward with the

555
00:26:15,890 --> 00:26:13,200
interview I just don't feel comfortable

556
00:26:17,750 --> 00:26:15,900
going forward I I it just doesn't ring

557
00:26:20,690 --> 00:26:17,760
true I just straight up it doesn't ring

558
00:26:25,789 --> 00:26:23,630
it's what I found right it's what I

559
00:26:29,330 --> 00:26:25,799
recorded yeah

560
00:26:32,090 --> 00:26:29,340
and it's the best I can offer you

561
00:26:35,090 --> 00:26:32,100
because it's what I wrote down

562
00:26:38,090 --> 00:26:35,100
it's what I backed up

563
00:26:39,049 --> 00:26:38,100

and I cannot go back to those boxes of

564

00:26:44,330 --> 00:26:39,059

material

565

00:26:48,890 --> 00:26:46,370

I've been doing this for 44 years they

566

00:26:52,070 --> 00:26:48,900

don't exist now

567

00:26:54,490 --> 00:26:52,080

well I'll just say this for people as we

568

00:26:57,470 --> 00:26:54,500

kind of wrap it up the book is

569

00:27:01,010 --> 00:26:57,480

extraordinary I gotta believe you do

570

00:27:03,230 --> 00:27:01,020

have these accounts uh you quote from

571

00:27:05,570 --> 00:27:03,240

them extensively in the book and there's

572

00:27:07,310 --> 00:27:05,580

a lot of interesting uh interesting

573

00:27:10,250 --> 00:27:07,320

information there I was Spellbound

574

00:27:12,769 --> 00:27:10,260

reading it so people can pick it up and

575

00:27:15,049 --> 00:27:12,779

then you know

576

00:27:17,330 --> 00:27:15,059

sorry I'm not Bruce Grayson you're not

577

00:27:18,890 --> 00:27:17,340

Bruce Grayson and I'm not you know all

578

00:27:20,870 --> 00:27:18,900

the nice people that have interviewed

579

00:27:22,850 --> 00:27:20,880

you I'm not brisk racing either who was

580

00:27:25,370 --> 00:27:22,860

very complimentary of your book as was

581

00:27:28,250 --> 00:27:25,380

everyone else so hey you know everyone

582

00:27:30,289 --> 00:27:28,260

has a different opinion and you're

583

00:27:32,810 --> 00:27:30,299

stand up strong and

584

00:27:35,450 --> 00:27:32,820

account for yourself which is awesome I

585

00:27:38,570 --> 00:27:35,460

appreciate you doing it

586

00:27:41,930 --> 00:27:38,580

I've had a number of emails back and

591

00:27:58,669 --> 00:27:55,640

release this show without comment so

593

00:28:00,110 --> 00:27:58,679

that's what I'm going to do but it

594

00:28:02,149 --> 00:28:00,120

595

00:28:04,190 --> 00:28:02,159

from you join me over in the skeptical

596
