

1
00:00:08,690 --> 00:00:05,510
uh this episode has got to go this is

2
00:00:11,629 --> 00:00:08,700
again an issue in human consciousness

3
00:00:13,730 --> 00:00:11,639
that we want even our aliens to be

4
00:00:16,670 --> 00:00:13,740
reasonable with us they're allowed to be

5
00:00:19,130 --> 00:00:16,680
a bit different but not too different it

6
00:00:21,650 --> 00:00:19,140
can't be full-on you know Harry Potter

7
00:00:23,510 --> 00:00:21,660
magical weirdness stuff oh no you know

8
00:00:25,009 --> 00:00:23,520
now you've gone a bit too far now it's

9
00:00:27,410 --> 00:00:25,019
just science fiction you know because

10
00:00:29,750 --> 00:00:27,420
it's not fitting into a kind of a

11
00:00:31,730 --> 00:00:29,760
pre-arranged landscape of what aliens

12
00:00:33,350 --> 00:00:31,740
should be like

13
00:00:35,630 --> 00:00:33,360

someone else out there with intelligence

14

00:00:37,310 --> 00:00:35,640

have a point for us for example you know

15

00:00:39,290 --> 00:00:37,320

that they actually had you know some

16

00:00:40,790 --> 00:00:39,300

idea of where we might want to go and

17

00:00:43,250 --> 00:00:40,800

have left us some kind of clues about

18

00:00:45,229 --> 00:00:43,260

what can help a civilization survive for

19

00:00:47,510 --> 00:00:45,239

hundreds of thousands of years should

20

00:00:49,729 --> 00:00:47,520

give us a glimmer of hope

21

00:00:51,290 --> 00:00:49,739

okay welcome to skeptico where we

22

00:00:54,470 --> 00:00:51,300

explore controversial science and

23

00:00:56,389 --> 00:00:54,480

spirituality I'm joined today by Bruce

24

00:00:58,970 --> 00:00:56,399

Fenton one of my absolute favorites

25

00:01:01,369 --> 00:00:58,980

Bruce as you may remember has been on

26

00:01:04,850 --> 00:01:01,379

the show a couple times is the author

27

00:01:08,469 --> 00:01:04,860

along with his wife Danny of exogenesis

28

00:01:12,050 --> 00:01:08,479

hybrid humans a scientific history of

29

00:01:14,990 --> 00:01:12,060

extraterrestrial genetic manipulation he

30

00:01:17,270 --> 00:01:15,000

also has a terrific sub stack that I uh

31

00:01:18,830 --> 00:01:17,280

subscribe to and it's just I can't

32

00:01:21,469 --> 00:01:18,840

believe he gets the content out but he

33

00:01:23,570 --> 00:01:21,479

does uh you check that out Techna

34

00:01:25,370 --> 00:01:23,580

signatures the search for alien

35

00:01:28,609 --> 00:01:25,380

Technologies where it kind of updates

36

00:01:31,550 --> 00:01:28,619

folks on a lot of the same topic area

37

00:01:33,770 --> 00:01:31,560

that the book was in so uh Bruce it's

38

00:01:35,810 --> 00:01:33,780

great to have you back thanks for

39

00:01:37,429 --> 00:01:35,820

joining me I I have you prepared now

40

00:01:41,149 --> 00:01:37,439

because I told you I'm gonna I'm gonna

41

00:01:42,590 --> 00:01:41,159

push you so I'm glad you're here

42

00:01:44,870 --> 00:01:42,600

thank you thanks for having me back

43

00:01:47,030 --> 00:01:44,880

honestly it's been a while so yeah we

44

00:01:48,830 --> 00:01:47,040

can catch up to where things are at and

45

00:01:51,170 --> 00:01:48,840

obviously and Tackle any other topics

46

00:01:53,810 --> 00:01:51,180

that you like a lot in common there too

47

00:01:55,969 --> 00:01:53,820

well here's where here's where I wanted

48

00:01:57,950 --> 00:01:55,979

to kind of redirect it because I know

49

00:02:00,230 --> 00:01:57,960

you can update me on a lot of stuff

50

00:02:02,389 --> 00:02:00,240

that's going on that is of super

51
00:02:04,789 --> 00:02:02,399
interest you know and people can go to

52
00:02:05,630 --> 00:02:04,799
your sub stack and I'll read all about

53
00:02:09,229 --> 00:02:05,640
it

54
00:02:10,729 --> 00:02:09,239
what I want to kind of take us to is

55
00:02:12,290 --> 00:02:10,739
you know I think the book is super

56
00:02:14,869 --> 00:02:12,300
important I think the sub stack is super

57
00:02:17,089 --> 00:02:14,879
important but I do question a little bit

58
00:02:19,550 --> 00:02:17,099
the way that you're going about it you

59
00:02:23,930 --> 00:02:19,560
know I just had this guy on uh recently

60
00:02:25,490 --> 00:02:23,940
a couple weeks ago Jason giorgiani and

61
00:02:27,350 --> 00:02:25,500
he's really a philosopher but he wrote

62
00:02:30,410 --> 00:02:27,360
this book closer encounters and he's all

63
00:02:32,809 --> 00:02:30,420

worked up about uh Mars you know which

64

00:02:34,369 --> 00:02:32,819

he should be anybody should be you know

65

00:02:37,190 --> 00:02:34,379

you want to talk about techno signatures

66

00:02:40,250 --> 00:02:37,200

all over the place in the images you

67

00:02:42,770 --> 00:02:40,260

know you go to brandenburg's uh nuclear

68

00:02:44,630 --> 00:02:42,780

weapons checking a signature great you

69

00:02:47,509 --> 00:02:44,640

got remote viewing which isn't really a

70

00:02:49,670 --> 00:02:47,519

Techna signature but kind of is in a way

71

00:02:52,250 --> 00:02:49,680

so there's plenty of reasons to be

72

00:02:54,949 --> 00:02:52,260

worked up about Mars but here's the big

73

00:02:57,770 --> 00:02:54,959

thing about Mars right is we know two

74

00:03:00,470 --> 00:02:57,780

things about Mars and the exogenesis

75

00:03:02,330 --> 00:03:00,480

with Mars number one we know that

76

00:03:04,430 --> 00:03:02,340

they're lying their ass off right

77

00:03:05,869 --> 00:03:04,440

because they got but they have hundreds

78

00:03:07,670 --> 00:03:05,879

of thousands of high resolution images

79

00:03:09,770 --> 00:03:07,680

that they just they just won't let them

80

00:03:11,390 --> 00:03:09,780

out and a couple of them snuck out like

81

00:03:13,970 --> 00:03:11,400

40 years ago and they go oh no no those

82

00:03:16,369 --> 00:03:13,980

aren't there it's such an obvious gross

83

00:03:18,170 --> 00:03:16,379

lie that no one even pretends anymore to

84

00:03:19,970 --> 00:03:18,180

say hey show me those images would you

85

00:03:21,649 --> 00:03:19,980

show me you know you can look at a

86

00:03:23,750 --> 00:03:21,659

license plate from a satellite but you

87

00:03:26,270 --> 00:03:23,760

won't show me that face you won't show

88

00:03:28,670 --> 00:03:26,280

me that pyramid so we know that they're

89

00:03:31,790 --> 00:03:28,680

lying and we know that they're lying

90

00:03:34,250 --> 00:03:31,800

because they know something you know

91

00:03:35,330 --> 00:03:34,260

or at least we should reasonably assume

92

00:03:37,610 --> 00:03:35,340

that

93

00:03:38,869 --> 00:03:37,620

I take the same thing with you man I

94

00:03:42,589 --> 00:03:38,879

take the same thing with what you're

95

00:03:46,970 --> 00:03:42,599

doing do you really think Seth at seti

96

00:03:49,729 --> 00:03:46,980

and Avi loebet Harvard you do you really

97

00:03:52,970 --> 00:03:49,739

think you need to pump those guys with

98

00:03:56,449 --> 00:03:52,980

one more study with more data that then

99

00:03:58,910 --> 00:03:56,459

all the way come go oh Bruce yeah now I

100

00:04:00,589 --> 00:03:58,920

do get it I see all the evidence that

101
00:04:02,390 --> 00:04:00,599
you've already piled up all the Nassau

102
00:04:04,789 --> 00:04:02,400
papers that you've referenced all the

103
00:04:06,830 --> 00:04:04,799
Tech tight samples is that really going

104
00:04:10,309 --> 00:04:06,840
to carry the day isn't it more likely

105
00:04:13,309 --> 00:04:10,319
that they on some maybe not completely

106
00:04:14,630 --> 00:04:13,319
but they know they know something what

107
00:04:16,069 --> 00:04:14,640
do you think you don't understand where

108
00:04:18,590 --> 00:04:16,079
I'm going completely what do you think

109
00:04:20,090 --> 00:04:18,600
about that yeah I mean I I think if you

110
00:04:22,009 --> 00:04:20,100
look at say

111
00:04:23,629 --> 00:04:22,019
some of the work that's been done by and

112
00:04:26,749 --> 00:04:23,639
when the stance right stands out to me

113
00:04:29,030 --> 00:04:26,759

is like Professor Milton Wainwright and

114

00:04:30,950 --> 00:04:29,040

his work where he was basically

115

00:04:34,430 --> 00:04:30,960

collecting organisms in the upper

116

00:04:36,650 --> 00:04:34,440

atmosphere which were like not related

117

00:04:39,469 --> 00:04:36,660

to any organisms we know of right so

118

00:04:42,110 --> 00:04:39,479

you'd say sounds like he's found aliens

119

00:04:44,030 --> 00:04:42,120

you know and he was he was reaching out

120

00:04:47,270 --> 00:04:44,040

to NASA and reaching out to you know

121

00:04:50,390 --> 00:04:47,280

other uh scientific bodies right you

122

00:04:52,670 --> 00:04:50,400

know he is a he's uh accredited uh

123

00:04:54,770 --> 00:04:52,680

legitimate academic scientist he's a

124

00:04:57,650 --> 00:04:54,780

biologist and he said he wasn't even

125

00:04:59,270 --> 00:04:57,660

getting replies from that sir so you

126
00:05:01,249 --> 00:04:59,280
know he's like can you check my results

127
00:05:03,530 --> 00:05:01,259
can you you know do the science check

128
00:05:04,670 --> 00:05:03,540
what I've got does it does it add up and

129
00:05:06,469 --> 00:05:04,680
you've got to figure out I mean this guy

130
00:05:07,550 --> 00:05:06,479
you know he's got I don't have those you

131
00:05:08,629 --> 00:05:07,560
know he's got the credentials he's

132
00:05:11,210 --> 00:05:08,639
putting it across the people you'd

133
00:05:12,530 --> 00:05:11,220
expect him to check it with and then

134
00:05:14,090 --> 00:05:12,540
he's getting nothing

135
00:05:16,249 --> 00:05:14,100
so there's definitely something very

136
00:05:17,689 --> 00:05:16,259
wrong right so like you said I mean does

137
00:05:19,129 --> 00:05:17,699
it take someone else finding the same

138
00:05:20,990 --> 00:05:19,139

thing I mean if that guy has already

139

00:05:23,810 --> 00:05:21,000

found what certainly looks like

140

00:05:25,310 --> 00:05:23,820

organisms isn't that life from space and

141

00:05:27,050 --> 00:05:25,320

on top of that this is the same

142

00:05:28,189 --> 00:05:27,060

scientist who and you might have seen

143

00:05:30,710 --> 00:05:28,199

this I mean I've talked about it but

144

00:05:32,870 --> 00:05:30,720

he's the guy who had a detector that

145

00:05:35,330 --> 00:05:32,880

um a small met or sphere impacted into

146

00:05:37,010 --> 00:05:35,340

it and there was like organic goo coming

147

00:05:39,050 --> 00:05:37,020

out right so he's like you know is there

148

00:05:41,749 --> 00:05:39,060

some kind of panspermia seed you know

149

00:05:43,249 --> 00:05:41,759

like an artificial technology so these

150

00:05:44,810 --> 00:05:43,259

are like wild things that have already

151

00:05:47,450 --> 00:05:44,820

been found like you're quite right that

152

00:05:50,330 --> 00:05:47,460

you know those things should have made a

153

00:05:52,670 --> 00:05:50,340

bigger impact in the human psyche than

154

00:05:54,590 --> 00:05:52,680

they have and they should reverberate it

155

00:05:56,990 --> 00:05:54,600

out into the scientific Community more

156

00:05:58,129 --> 00:05:57,000

than they did and he he has kind of

157

00:05:59,330 --> 00:05:58,139

taught them out a little bit himself and

158

00:06:01,490 --> 00:05:59,340

said that you know he was shocked when

159

00:06:03,350 --> 00:06:01,500

he first came into the topic because he

160

00:06:05,510 --> 00:06:03,360

collaborated with wikram singer you know

161

00:06:07,490 --> 00:06:05,520

obviously the the main panspermia guy

162

00:06:09,050 --> 00:06:07,500

and when he went to do that he was

163

00:06:10,909 --> 00:06:09,060

expecting almost like everyone would be

164

00:06:13,550 --> 00:06:10,919

excited to do that work and then he

165

00:06:15,409 --> 00:06:13,560

realized that no no nobody wanted to do

166

00:06:18,170 --> 00:06:15,419

it it was toxic and that they didn't

167

00:06:19,909 --> 00:06:18,180

want any connection to alien topics and

168

00:06:21,050 --> 00:06:19,919

that it was completely the opposite and

169

00:06:22,909 --> 00:06:21,060

that people were scared to lose their

170

00:06:24,350 --> 00:06:22,919

funding they were scared of being made

171

00:06:25,909 --> 00:06:24,360

to look silly

172

00:06:28,370 --> 00:06:25,919

um and that you know rather than being

173

00:06:30,050 --> 00:06:28,380

exciting topic it was considered yeah

174

00:06:33,170 --> 00:06:30,060

like you know don't go there you'll ruin

175

00:06:35,809 --> 00:06:33,180

your career so now how have people look

176

00:06:37,430 --> 00:06:35,819

at it things are broken because if it's

177

00:06:38,809 --> 00:06:37,440

like that where you know a serious

178

00:06:40,189 --> 00:06:38,819

scientist thinks well this is great work

179

00:06:42,050 --> 00:06:40,199

you know we can do this and then they

180

00:06:44,510 --> 00:06:42,060

realize nobody wants to do it because

181

00:06:46,670 --> 00:06:44,520

they're all kind of scared then whether

182

00:06:49,490 --> 00:06:46,680

we call that like a conspiracy or a

183

00:06:52,909 --> 00:06:49,500

problem you know in our minds you know

184

00:06:54,409 --> 00:06:52,919

either way something's wrong so yeah

185

00:06:56,270 --> 00:06:54,419

it's true that I don't know that you can

186

00:06:58,490 --> 00:06:56,280

just say keep stacking up papers I think

187

00:07:01,189 --> 00:06:58,500

it's got more to do with human

188

00:07:02,330 --> 00:07:01,199

psychology than than the evidence at

189

00:07:04,430 --> 00:07:02,340

this point isn't it you know it's like

190

00:07:05,870 --> 00:07:04,440

well it sort of doesn't look at evidence

191

00:07:07,850 --> 00:07:05,880

as well what good is you know that you

192

00:07:09,650 --> 00:07:07,860

have that problem you could have a

193

00:07:11,450 --> 00:07:09,660

spaceship if I turn away and I'm not not

194

00:07:13,550 --> 00:07:11,460

looking at I don't see a spaceship at it

195

00:07:15,710 --> 00:07:13,560

I don't see it you know because I don't

196

00:07:19,010 --> 00:07:15,720

want to I don't want this problem

197

00:07:20,689 --> 00:07:19,020

um then that is completely different you

198

00:07:22,730 --> 00:07:20,699

know that's a situation that I'm not

199

00:07:24,770 --> 00:07:22,740

sure how we resolve other than getting

200

00:07:26,570 --> 00:07:24,780

broader public support and public

201
00:07:27,650 --> 00:07:26,580
interest I think you're aim that it's

202
00:07:29,150 --> 00:07:27,660
very difficult to say even at the

203
00:07:31,249 --> 00:07:29,160
academic Community to all suddenly

204
00:07:33,650 --> 00:07:31,259
change and say hey let's seriously

205
00:07:35,450 --> 00:07:33,660
consider you know what we have here from

206
00:07:37,370 --> 00:07:35,460
these various different researchers who

207
00:07:39,950 --> 00:07:37,380
over the years have come up with stuff

208
00:07:41,689 --> 00:07:39,960
you know and even the guy that did the

209
00:07:43,909 --> 00:07:41,699
Mars life experiment he spent his whole

210
00:07:46,249 --> 00:07:43,919
life to his last dying day saying that

211
00:07:48,730 --> 00:07:46,259
they found life on Mars and he would he

212
00:07:51,710 --> 00:07:48,740
was being kind of angrily you know

213
00:07:53,510 --> 00:07:51,720

conferences and and ignored and they

214

00:07:55,550 --> 00:07:53,520

never went back to check his results you

215

00:07:57,650 --> 00:07:55,560

know they never sent another experiment

216

00:07:59,510 --> 00:07:57,660

back to check it was like how dare you

217

00:08:01,490 --> 00:07:59,520

find like you know that's not what we're

218

00:08:03,110 --> 00:08:01,500

meant to do you know it's really wacky

219

00:08:05,390 --> 00:08:03,120

when people stop and think about this

220

00:08:07,249 --> 00:08:05,400

you know these are people that are that

221

00:08:09,529 --> 00:08:07,259

were respected but as soon as they do

222

00:08:11,210 --> 00:08:09,539

the wrong thing suddenly they're a crank

223

00:08:13,070 --> 00:08:11,220

you know because they found something oh

224

00:08:15,230 --> 00:08:13,080

no you're not supposed to actually find

225

00:08:16,670 --> 00:08:15,240

stuff you know it's really

226

00:08:18,050 --> 00:08:16,680

I think I don't know if the public

227

00:08:21,710 --> 00:08:18,060

really get it Alex you know I mean that

228

00:08:24,290 --> 00:08:21,720

it's like that well they don't I mean

229

00:08:26,990 --> 00:08:24,300

because there's it's so true it's like

230

00:08:29,390 --> 00:08:27,000

axiomatic at this point on every topic

231

00:08:32,269 --> 00:08:29,400

that you know it's the red pill on

232

00:08:34,370 --> 00:08:32,279

everything becomes a thing and you know

233

00:08:36,469 --> 00:08:34,380

we can it turns into a discussion of why

234

00:08:38,149 --> 00:08:36,479

people believe weird things which is

235

00:08:40,130 --> 00:08:38,159

interesting for a while and then quickly

236

00:08:42,769 --> 00:08:40,140

loses its interest I'll tell you where I

237

00:08:45,290 --> 00:08:42,779

wanted to direct your focus because I

238

00:08:48,829 --> 00:08:45,300

think it's a topic that really needs to

239

00:08:53,449 --> 00:08:48,839

be addressed by you and that is kind of

240

00:08:56,990 --> 00:08:53,459

leaning into the wackiness of the

241

00:09:00,110 --> 00:08:57,000

Valerie Borough uh alteringa uh

242

00:09:02,690 --> 00:09:00,120

channeled material and

243

00:09:05,150 --> 00:09:02,700

so if people don't know here's where I'd

244

00:09:07,070 --> 00:09:05,160

like you to kind of take us you have

245

00:09:09,949 --> 00:09:07,080

always acknowledged I mean very upfront

246

00:09:12,470 --> 00:09:09,959

say Hey you know there here is this and

247

00:09:14,570 --> 00:09:12,480

I'm going to set this over aside because

248

00:09:18,050 --> 00:09:14,580

some of the stuff she says does sound

249

00:09:20,630 --> 00:09:18,060

very wacky in this kind of channeled way

250

00:09:22,250 --> 00:09:20,640

but like the other data point is the cat

251

00:09:24,410 --> 00:09:22,260

the other day to point I would bring

252

00:09:27,850 --> 00:09:24,420

into that is like

253

00:09:31,130 --> 00:09:27,860

like uh Andrea padreich of course I mean

254

00:09:35,449 --> 00:09:31,140

padreich is at the time that he starts

255

00:09:37,870 --> 00:09:35,459

channeling the nine he is uh highly

256

00:09:41,690 --> 00:09:37,880

respected professor and medical doctor

257

00:09:43,970 --> 00:09:41,700

and teacher at Northwestern he's highly

258

00:09:47,630 --> 00:09:43,980

respected by the government the Army the

259

00:09:51,110 --> 00:09:47,640

CIA he's like the top top guy right and

260

00:09:53,570 --> 00:09:51,120

he gets into this channeling of the nine

261

00:09:55,670 --> 00:09:53,580

who was this Council sounds a lot like

262

00:09:57,590 --> 00:09:55,680

Valerie burrow even though people can

263

00:09:59,630 --> 00:09:57,600

pick on poor Valley Borough because

264

00:10:02,690 --> 00:09:59,640

she's this star woman and stuff like

265

00:10:05,509 --> 00:10:02,700

that what it raises is you know the

266

00:10:06,530 --> 00:10:05,519

whole issue of what it's like speaking

267

00:10:09,050 --> 00:10:06,540

with

268

00:10:10,910 --> 00:10:09,060

The Whisper of the spirits and how

269

00:10:13,130 --> 00:10:10,920

dangerous that is and that's something

270

00:10:15,710 --> 00:10:13,140

you have explored too in other things

271

00:10:18,410 --> 00:10:15,720

but I think we need to unpack that kind

272

00:10:21,110 --> 00:10:18,420

of scientifically if you will and say

273

00:10:23,269 --> 00:10:21,120

okay because what you've done and I want

274

00:10:26,449 --> 00:10:23,279

you to kind of tell the story what

275

00:10:30,110 --> 00:10:26,459

you've done is said okay might there be

276

00:10:32,870 --> 00:10:30,120

anything in there that is useful from a

277

00:10:36,530 --> 00:10:32,880

scientific perspective and how would I

278

00:10:38,030 --> 00:10:36,540

go about doing that so what I'd say is

279

00:10:40,490 --> 00:10:38,040

the next step and what I want to do with

280

00:10:42,290 --> 00:10:40,500

you today if we can lean into it even

281

00:10:44,329 --> 00:10:42,300

more rather than you know

282

00:10:45,650 --> 00:10:44,339

compartmentalize and say okay it's wacky

283

00:10:47,750 --> 00:10:45,660

but it's over there and I'm going to go

284

00:10:49,430 --> 00:10:47,760

forth my stuff what if we really went

285

00:10:50,350 --> 00:10:49,440

there all the way and tried to

286

00:10:53,210 --> 00:10:50,360

understand

287

00:10:55,069 --> 00:10:53,220

the wackiness and why it's wacky and

288

00:10:57,650 --> 00:10:55,079

what other stuff we rely on that's wacky

289

00:11:00,590 --> 00:10:57,660

and how misinformation is wacky in the

290

00:11:02,750 --> 00:11:00,600

same way and it's being used and there's

291

00:11:05,150 --> 00:11:02,760

a whole bunch of stuff there but

292

00:11:07,190 --> 00:11:05,160

I appreciate you letting me do that long

293

00:11:09,829 --> 00:11:07,200

setup because I want you to understand

294

00:11:12,170 --> 00:11:09,839

where I'm going with

295

00:11:15,769 --> 00:11:12,180

yeah no absolutely I mean it's

296

00:11:18,590 --> 00:11:15,779

um I think this is again an issue in

297

00:11:21,889 --> 00:11:18,600

human consciousness that we want even

298

00:11:23,990 --> 00:11:21,899

our aliens to be reasonable with us

299

00:11:25,490 --> 00:11:24,000

you know that they're supposed to be

300

00:11:27,829 --> 00:11:25,500

behaving kind of reasonably they're

301

00:11:30,230 --> 00:11:27,839

allowed to be a bit different you know

302

00:11:31,310 --> 00:11:30,240

like some guy from a far-off land is a

303

00:11:33,290 --> 00:11:31,320

bit different know the different

304

00:11:35,690 --> 00:11:33,300

language and culture but not too

305

00:11:38,269 --> 00:11:35,700

different it can't be full-on you know

306

00:11:40,069 --> 00:11:38,279

Harry Potter magical weirdness stuff oh

307

00:11:41,990 --> 00:11:40,079

no you know now you've gone a bit too

308

00:11:44,210 --> 00:11:42,000

far now it's just science fiction you

309

00:11:46,069 --> 00:11:44,220

know because it's not fitting into a

310

00:11:47,690 --> 00:11:46,079

kind of a pre-arranged

311

00:11:50,329 --> 00:11:47,700

um landscape or what aliens should be

312

00:11:51,590 --> 00:11:50,339

like yeah and um and also sometimes

313

00:11:53,930 --> 00:11:51,600

that's because actually they're too

314

00:11:56,389 --> 00:11:53,940

similar you know it can be that they're

315

00:11:57,769 --> 00:11:56,399

behavior in an extraordinary way or it

316

00:11:59,329 --> 00:11:57,779

could be that they're too similar we say

317

00:12:01,910 --> 00:11:59,339

well that's a very human thinking you

318

00:12:04,430 --> 00:12:01,920

must be just projecting human thinking

319

00:12:07,090 --> 00:12:04,440

onto the aliens so I think in a way you

320

00:12:08,930 --> 00:12:07,100

can't totally win you know because

321

00:12:11,389 --> 00:12:08,940

you're always gonna have some element

322

00:12:15,170 --> 00:12:11,399

that will be seen as being well no

323

00:12:16,670 --> 00:12:15,180

that's kooky so even if it's real and I

324

00:12:18,410 --> 00:12:16,680

think that that's you'll be starting

325

00:12:19,970 --> 00:12:18,420

with that problem that there's an

326

00:12:21,470 --> 00:12:19,980

immediate there's a pre-existing filter

327

00:12:23,630 --> 00:12:21,480

and it's a bit like

328

00:12:26,509 --> 00:12:23,640

um the issue they had they did a project

329

00:12:28,490 --> 00:12:26,519

to look at series to see and they were

330

00:12:30,650 --> 00:12:28,500

running some AI to see if they could see

331

00:12:35,030 --> 00:12:30,660

anomalies on the dwarf planet series

332

00:12:37,430 --> 00:12:35,040

right and the the AI picked up Geometry

333

00:12:38,810 --> 00:12:37,440

I found this what was a triangle a

334

00:12:41,030 --> 00:12:38,820

circle and a square some people may have

335

00:12:42,470 --> 00:12:41,040

seen this in the study

336

00:12:45,050 --> 00:12:42,480

um and so and then they got some people

337

00:12:47,870 --> 00:12:45,060

to volunteer and look as well and the

338

00:12:50,870 --> 00:12:47,880

people also saw geometry right and so

339

00:12:52,250 --> 00:12:50,880

they thought well clearly then the AI is

340

00:12:54,710 --> 00:12:52,260

being influenced by the human

341

00:12:57,470 --> 00:12:54,720

programmers to see stuff that isn't

342

00:12:59,329 --> 00:12:57,480

there in the way that humans do so you

343

00:13:01,610 --> 00:12:59,339

know it's like you can't win can you

344

00:13:03,290 --> 00:13:01,620

because like you pick up something well

345

00:13:07,009 --> 00:13:03,300

that must be because the AI is just as

346

00:13:08,210 --> 00:13:07,019

stupid as we are right so that bias

347

00:13:10,370 --> 00:13:08,220

instead of saying maybe there's

348

00:13:11,810 --> 00:13:10,380

something here let's look closer you

349

00:13:14,150 --> 00:13:11,820

know maybe we found this extraordinary

350

00:13:15,769 --> 00:13:14,160

it's like hmm no well that can't be it

351
00:13:19,250 --> 00:13:15,779
you know we've had to try and normalize

352
00:13:21,410 --> 00:13:19,260
that result away somehow and that seems

353
00:13:22,790 --> 00:13:21,420
to be like as we said that's across the

354
00:13:25,129 --> 00:13:22,800
board you know whether it's coming from

355
00:13:26,810 --> 00:13:25,139
space whether it's series whether it's

356
00:13:28,550 --> 00:13:26,820
um you know paranormal stuff connecting

357
00:13:30,050 --> 00:13:28,560
with alien contacts

358
00:13:32,329 --> 00:13:30,060
that there's I don't know if there's

359
00:13:35,329 --> 00:13:32,339
anything that really fits through the

360
00:13:37,190 --> 00:13:35,339
shape hole that we're being given for

361
00:13:39,590 --> 00:13:37,200
alien intelligence let me interject

362
00:13:41,690 --> 00:13:39,600
there because that's really well said

363
00:13:43,790 --> 00:13:41,700

and I love your point about can't be too

364

00:13:45,710 --> 00:13:43,800

different can't be too similar at the

365

00:13:48,110 --> 00:13:45,720

same time you know what you've done and

366

00:13:50,629 --> 00:13:48,120

I want you to kind of retrace those

367

00:13:52,129 --> 00:13:50,639

steps for people so they understand uh

368

00:13:55,190 --> 00:13:52,139

because I know I've just kind of thrown

369

00:13:57,769 --> 00:13:55,200

out Valerie burrow and altering and 90

370

00:13:59,750 --> 00:13:57,779

of people are like have no clue what I'm

371

00:14:01,910 --> 00:13:59,760

even talking about so you know what you

372

00:14:04,430 --> 00:14:01,920

picked up out of that story and then

373

00:14:06,889 --> 00:14:04,440

also then we'll talk about the stuff

374

00:14:09,850 --> 00:14:06,899

about that story that would probably set

375

00:14:12,530 --> 00:14:09,860

people to going like wait a minute

376

00:14:15,590 --> 00:14:12,540

dinosaurs were you know I mean to do

377

00:14:18,050 --> 00:14:15,600

some kind of wackiness to it too so lay

378

00:14:20,389 --> 00:14:18,060

the basic groundwork you know you're

379

00:14:23,930 --> 00:14:20,399

there in Australia you run across this

380

00:14:26,090 --> 00:14:23,940

and then you know you start piling up

381

00:14:28,250 --> 00:14:26,100

evidence to support certain parts of it

382

00:14:31,750 --> 00:14:28,260

that whole process you know how were you

383

00:14:34,310 --> 00:14:31,760

even able to go you knew this was

384

00:14:36,050 --> 00:14:34,320

the third rail when you touched it you

385

00:14:37,850 --> 00:14:36,060

know but why did you even go there I

386

00:14:39,949 --> 00:14:37,860

mean I guess would be one question yeah

387

00:14:41,389 --> 00:14:39,959

no that's that's fair I mean

388

00:14:43,610 --> 00:14:41,399

um I've touched on it a little bit I've

389

00:14:45,410 --> 00:14:43,620

seen the in the book that you know this

390

00:14:47,030 --> 00:14:45,420

can have a longer kind of backstory of

391

00:14:50,110 --> 00:14:47,040

my life that

392

00:14:54,110 --> 00:14:50,120

um particularly going back to around

393

00:14:56,210 --> 00:14:54,120

2002 when I was I was quite interested

394

00:14:59,030 --> 00:14:56,220

in and experimenting in shamanic

395

00:15:00,530 --> 00:14:59,040

practices mediumship

396

00:15:02,509 --> 00:15:00,540

um you know psychic development you know

397

00:15:04,189 --> 00:15:02,519

all of that field I got quite sort of

398

00:15:07,310 --> 00:15:04,199

drawn into this is at the time I was a

399

00:15:09,410 --> 00:15:07,320

banker in in um Bank National Paris in

400

00:15:11,150 --> 00:15:09,420

London and you know the that's not a

401
00:15:12,290 --> 00:15:11,160
life normally that fits very well with

402
00:15:13,610 --> 00:15:12,300
that you know it's obviously again with

403
00:15:15,410 --> 00:15:13,620
preconceptions people wouldn't expect

404
00:15:16,850 --> 00:15:15,420
you to be involved with those things

405
00:15:18,889 --> 00:15:16,860
right because they're very materialist

406
00:15:20,269 --> 00:15:18,899
kind of role but I did get involved with

407
00:15:22,550 --> 00:15:20,279
those things and one of the experiences

408
00:15:25,970 --> 00:15:22,560
I had working with the shamanic practice

409
00:15:27,650 --> 00:15:25,980
was being in an altered state where one

410
00:15:31,250 --> 00:15:27,660
of the kind of visionary experiences

411
00:15:34,370 --> 00:15:31,260
that I had was suddenly being like on a

412
00:15:35,990 --> 00:15:34,380
craft flying towards Earth uh experience

413
00:15:37,970 --> 00:15:36,000

it being as though I was the being who

414

00:15:39,710 --> 00:15:37,980

was piloting this craft you know this

415

00:15:42,410 --> 00:15:39,720

tall humanoid in this kind of tight

416

00:15:45,050 --> 00:15:42,420

fitting blue jumpsuit and an awareness

417

00:15:46,970 --> 00:15:45,060

that this craft is flying away from a

418

00:15:49,069 --> 00:15:46,980

disaster in space where a lot of allies

419

00:15:50,870 --> 00:15:49,079

have been destroyed and that there's

420

00:15:53,689 --> 00:15:50,880

some Pursuit and that was experience I

421

00:15:55,550 --> 00:15:53,699

had now I had no context for that just

422

00:15:56,990 --> 00:15:55,560

the same as I guess millions of other

423

00:15:59,150 --> 00:15:57,000

people who've had strange experiences

424

00:16:00,050 --> 00:15:59,160

you know meditation maybe have no

425

00:16:01,670 --> 00:16:00,060

context they just have these

426
00:16:03,650 --> 00:16:01,680
extraordinary experiences so that was

427
00:16:05,150 --> 00:16:03,660
kind of filed away in in the well that

428
00:16:07,790 --> 00:16:05,160
was weird you know

429
00:16:09,470 --> 00:16:07,800
um but then yeah many years later when I

430
00:16:10,850 --> 00:16:09,480
encountered

431
00:16:12,650 --> 00:16:10,860
um this story which is actually because

432
00:16:16,189 --> 00:16:12,660
I was collaborating on a book called

433
00:16:16,910 --> 00:16:16,199
Ancient Aliens in Australia in 2013.

434
00:16:18,350 --> 00:16:16,920
um

435
00:16:20,150 --> 00:16:18,360
which is a collaboration with Stephen

436
00:16:22,610 --> 00:16:20,160
and Evan strong Australian researchers

437
00:16:24,829 --> 00:16:22,620
who had been they were involved with

438
00:16:26,870 --> 00:16:24,839

some stuff to do with a backstory uh

439

00:16:29,269 --> 00:16:26,880

Aboriginal out of Australia Theory and

440

00:16:32,389 --> 00:16:29,279

also uh contact with beings from the

441

00:16:33,829 --> 00:16:32,399

Pleiades kind of um stories so we had

442

00:16:35,030 --> 00:16:33,839

had some experiences ourselves to go to

443

00:16:36,350 --> 00:16:35,040

Daniella which we've written about the

444

00:16:38,090 --> 00:16:36,360

past talked about where she'd had kind

445

00:16:40,730 --> 00:16:38,100

of contact experiences and these

446

00:16:41,810 --> 00:16:40,740

intelligences claim to contact with the

447

00:16:43,490 --> 00:16:41,820

Pleiades so you know there was an

448

00:16:45,350 --> 00:16:43,500

overlap so someone connected us with

449

00:16:47,810 --> 00:16:45,360

them and whilst working on that book

450

00:16:50,569 --> 00:16:47,820

they made us aware of Valerie Barrow and

451
00:16:53,090 --> 00:16:50,579
her book and how that seemed to tie in

452
00:16:56,629 --> 00:16:53,100
you know this story of entities from

453
00:16:58,970 --> 00:16:56,639
that star cluster coming here and when I

454
00:17:01,550 --> 00:16:58,980
read it I realized that you know that

455
00:17:03,410 --> 00:17:01,560
scene with this ship destroyed in space

456
00:17:05,289 --> 00:17:03,420
and people haven't heard of this there's

457
00:17:08,390 --> 00:17:05,299
this description of a large craft

458
00:17:09,829 --> 00:17:08,400
destroyed in orbit smaller a few smaller

459
00:17:12,470 --> 00:17:09,839
craft coming down you know racing

460
00:17:13,909 --> 00:17:12,480
towards Earth with Pursuit behind them

461
00:17:16,250 --> 00:17:13,919
you know some of them being destroyed

462
00:17:18,770 --> 00:17:16,260
and this awareness obviously this

463
00:17:20,870 --> 00:17:18,780

disaster and so you know of course

464

00:17:22,370 --> 00:17:20,880

suddenly uh you know those neurons light

465

00:17:24,289 --> 00:17:22,380

up in the back of your brain they've

466

00:17:26,929 --> 00:17:24,299

been storing that that weird experience

467

00:17:28,610 --> 00:17:26,939

for you know 10 years and realizing that

468

00:17:31,370 --> 00:17:28,620

well that sounds similar doesn't it that

469

00:17:33,650 --> 00:17:31,380

sounds absolutely like what I was kind

470

00:17:36,289 --> 00:17:33,660

of shown this little snippet of

471

00:17:37,970 --> 00:17:36,299

that that's what made me take more note

472

00:17:39,950 --> 00:17:37,980

than just saying oh that's a weird story

473

00:17:42,289 --> 00:17:39,960

it's nothing to do with me you know I've

474

00:17:44,930 --> 00:17:42,299

got other things to do instead I was

475

00:17:46,610 --> 00:17:44,940

very intrigued to then follow up and see

476
00:17:48,430 --> 00:17:46,620
why did I have that experience why am I

477
00:17:51,110 --> 00:17:48,440
now connecting with somebody that's

478
00:17:53,330 --> 00:17:51,120
describing you know the very very

479
00:17:54,590 --> 00:17:53,340
similar scenario

480
00:17:56,270 --> 00:17:54,600
um so when you put that in the the

481
00:17:58,549 --> 00:17:56,280
combine that with the fact that my wife

482
00:18:01,190 --> 00:17:58,559
has had some kind of contacts and I've

483
00:18:03,470 --> 00:18:01,200
had you know less so she's a very gifted

484
00:18:05,450 --> 00:18:03,480
intuitive and Shaman so her experience

485
00:18:08,150 --> 00:18:05,460
is a more profound than mine but I've

486
00:18:11,150 --> 00:18:08,160
also had some levels of I say picking up

487
00:18:13,549 --> 00:18:11,160
information intuitively so you know we

488
00:18:15,169 --> 00:18:13,559

both had our experiences which makes you

489

00:18:16,970 --> 00:18:15,179

more open to the possibility of course

490

00:18:19,490 --> 00:18:16,980

of some of these other strange things

491

00:18:22,250 --> 00:18:19,500

that you hear and so when when I combine

492

00:18:25,370 --> 00:18:22,260

my experiences her experiences uh the

493

00:18:27,169 --> 00:18:25,380

fit of the information and the size and

494

00:18:28,789 --> 00:18:27,179

scale of some of the events described

495

00:18:29,570 --> 00:18:28,799

you know you put that in I was thinking

496

00:18:33,010 --> 00:18:29,580

well

497

00:18:35,390 --> 00:18:33,020

if this is real which feel it might be

498

00:18:37,909 --> 00:18:35,400

these events at least a few of them are

499

00:18:40,070 --> 00:18:37,919

on such a big scale that you could

500

00:18:41,930 --> 00:18:40,080

potentially look to see if they are

501
00:18:44,210 --> 00:18:41,940
falsifiable

502
00:18:46,130 --> 00:18:44,220
um and then on on top of that you know I

503
00:18:49,310 --> 00:18:46,140
don't need to go out publicly and do

504
00:18:50,990 --> 00:18:49,320
this initially you know I could just

505
00:18:53,210 --> 00:18:51,000
quietly look at it and see if there's

506
00:18:56,630 --> 00:18:53,220
anything to it right because if I found

507
00:18:57,950 --> 00:18:56,640
that there wasn't then you just well

508
00:18:59,690 --> 00:18:57,960
move on with your life doing other

509
00:19:01,789 --> 00:18:59,700
things even if secretly you believe it

510
00:19:05,330 --> 00:19:01,799
right you don't need to put it out there

511
00:19:07,010 --> 00:19:05,340
so I kind of set the kind of the

512
00:19:09,409 --> 00:19:07,020
framework that you know unless there was

513
00:19:11,870 --> 00:19:09,419

enough there that I could argue that

514

00:19:14,029 --> 00:19:11,880

case with a skeptic you know

515

00:19:15,950 --> 00:19:14,039

um then I would probably keep it to

516

00:19:18,049 --> 00:19:15,960

myself so that that's how it came about

517

00:19:20,390 --> 00:19:18,059

and obviously at some stage I decided

518

00:19:22,909 --> 00:19:20,400

that there was enough support for this

519

00:19:25,490 --> 00:19:22,919

story that it was worth putting it out

520

00:19:28,730 --> 00:19:25,500

there and being willing to maybe take a

521

00:19:31,430 --> 00:19:28,740

few tomatoes in the face from Skeptics

522

00:19:34,190 --> 00:19:31,440

and debunkers and all the rest of it but

523

00:19:35,690 --> 00:19:34,200

sort of stand your ground and argue that

524

00:19:37,669 --> 00:19:35,700

you know there is support for this I

525

00:19:39,950 --> 00:19:37,679

think it's real well and I think you

526

00:19:41,630 --> 00:19:39,960

that's what your work has been about in

527

00:19:44,630 --> 00:19:41,640

terms of making that case in a very

528

00:19:46,130 --> 00:19:44,640

rigorous way and people can go listen to

529

00:19:48,710 --> 00:19:46,140

the prior interviews that's what we talk

530

00:19:51,110 --> 00:19:48,720

about uh watch your numerous read your

531

00:19:52,610 --> 00:19:51,120

book read your book and I make the case

532

00:19:54,529 --> 00:19:52,620

see if you agree

533

00:19:57,350 --> 00:19:54,539

and then in particular what's super

534

00:20:00,650 --> 00:19:57,360

great about the sub stack is it's kind

535

00:20:02,570 --> 00:20:00,660

of updating us and you seem like a very

536

00:20:04,310 --> 00:20:02,580

fair honest researcher in that you're

537

00:20:06,590 --> 00:20:04,320

just putting out I I feel like if

538

00:20:09,049 --> 00:20:06,600

something came out that severely

539

00:20:11,090 --> 00:20:09,059

contradicted your thing that would be up

540

00:20:13,310 --> 00:20:11,100

there too because you do deal with you

541

00:20:16,250 --> 00:20:13,320

know it's not all kind of one-sided but

542

00:20:17,690 --> 00:20:16,260

so much of it comes up in alignment with

543

00:20:21,289 --> 00:20:17,700

one of some of the stuff that you've

544

00:20:23,870 --> 00:20:21,299

said so with that as a background and I

545

00:20:26,810 --> 00:20:23,880

appreciate you laying that out now I

546

00:20:28,970 --> 00:20:26,820

want to lean into uh Valerie's

547

00:20:31,430 --> 00:20:28,980

channeling experience because I think

548

00:20:33,890 --> 00:20:31,440

that's a real limitation that we have in

549

00:20:37,010 --> 00:20:33,900

this community if you'll allow that is

550

00:20:38,990 --> 00:20:37,020

we want to kind of you know again

551
00:20:41,510 --> 00:20:39,000
bracket stuff like oh that's Channel

552
00:20:43,490 --> 00:20:41,520
material just throw all that away or

553
00:20:45,590 --> 00:20:43,500
it's channeled material but it's from a

554
00:20:48,230 --> 00:20:45,600
really really good source let's take it

555
00:20:50,810 --> 00:20:48,240
all and I like where you started with

556
00:20:53,270 --> 00:20:50,820
too similar two different and the other

557
00:20:54,669 --> 00:20:53,280
thing that I guess I'd want to apply to

558
00:20:56,630 --> 00:20:54,679
it is

559
00:20:58,450 --> 00:20:56,640
storytelling

560
00:21:01,390 --> 00:20:58,460
and how

561
00:21:05,870 --> 00:21:01,400
storytelling and dream interpretation

562
00:21:08,690 --> 00:21:05,880
and uh psychic readings are all

563
00:21:10,210 --> 00:21:08,700

different examples of where we get into

564

00:21:13,310 --> 00:21:10,220

this kind of

565

00:21:15,350 --> 00:21:13,320

imaginal mixed with the real kind of

566

00:21:17,810 --> 00:21:15,360

stuff that we deal with and sort through

567

00:21:20,650 --> 00:21:17,820

all the time and I wonder if we

568

00:21:23,990 --> 00:21:20,660

shouldn't try and apply that same lens

569

00:21:27,049 --> 00:21:24,000

to some of this channel material I feel

570

00:21:28,909 --> 00:21:27,059

like that's what you've done I feel like

571

00:21:30,890 --> 00:21:28,919

you need to kind of take the next step

572

00:21:33,350 --> 00:21:30,900

and say

573

00:21:35,630 --> 00:21:33,360

what are the limitations of that where

574

00:21:37,669 --> 00:21:35,640

can I kind of draw the line and say gosh

575

00:21:40,130 --> 00:21:37,679

you know when I do run across stuff

576
00:21:42,710 --> 00:21:40,140
where Valerie does seem to be kind of in

577
00:21:45,350 --> 00:21:42,720
the weeds a little bit and the lion

578
00:21:47,450 --> 00:21:45,360
being who says that you know we're just

579
00:21:49,789 --> 00:21:47,460
gonna do this or that you know these

580
00:21:52,070 --> 00:21:49,799
reptilians are so bad except this one

581
00:21:53,870 --> 00:21:52,080
who's really smart and nice and kind of

582
00:21:58,190 --> 00:21:53,880
came on our team and it sounds you know

583
00:22:01,430 --> 00:21:58,200
right out of but so leaning into it how

584
00:22:04,250 --> 00:22:01,440
are you processing like what information

585
00:22:07,730 --> 00:22:04,260
to follow up on what information not to

586
00:22:09,549 --> 00:22:07,740
follow up on and how to understand why

587
00:22:11,690 --> 00:22:09,559
some of it may be

588
00:22:13,850 --> 00:22:11,700

more imaginal

589

00:22:17,149 --> 00:22:13,860

sure yeah I mean one of the things I

590

00:22:21,169 --> 00:22:17,159

think you know you if you have a fairly

591

00:22:23,210 --> 00:22:21,179

wide awareness of say the UFO topic the

592

00:22:26,029 --> 00:22:23,220

alien you know Ancient Aliens or contact

593

00:22:28,190 --> 00:22:26,039

e topics uh and generally the let's say

594

00:22:30,289 --> 00:22:28,200

the the psychical and new age and

595

00:22:32,210 --> 00:22:30,299

Consciousness if you have a diverse

596

00:22:34,669 --> 00:22:32,220

awareness of all those fields one of the

597

00:22:37,070 --> 00:22:34,679

things you know is that there's a lot of

598

00:22:38,930 --> 00:22:37,080

horse in there you know like spread

599

00:22:41,450 --> 00:22:38,940

out across these fields there's a lot of

600

00:22:43,250 --> 00:22:41,460

questions and also in many cases that's

601
00:22:46,190 --> 00:22:43,260
where someone has had a strange

602
00:22:48,230 --> 00:22:46,200
experience and they were they feel that

603
00:22:49,310 --> 00:22:48,240
they were given information you know we

604
00:22:52,070 --> 00:22:49,320
could say whether that was from

605
00:22:53,750 --> 00:22:52,080
internally or an alien ghost whatever

606
00:22:56,029 --> 00:22:53,760
but they feel that they were given some

607
00:22:58,549 --> 00:22:56,039
kind of profound message and later on

608
00:23:01,549 --> 00:22:58,559
it's turned out that that either all of

609
00:23:03,169 --> 00:23:01,559
that was rubbish or some significant

610
00:23:04,789 --> 00:23:03,179
part of it and that they've been kind of

611
00:23:06,409 --> 00:23:04,799
Hoodwinked and there's a lot of cases

612
00:23:08,690 --> 00:23:06,419
where people's lives have been ruined

613
00:23:09,710 --> 00:23:08,700

absolutely destroyed like that they've

614

00:23:11,390 --> 00:23:09,720

gone out and they've said you know the

615

00:23:13,310 --> 00:23:11,400

UFOs are landing on the mountain and

616

00:23:14,990 --> 00:23:13,320

they've told everyone or they've sold

617

00:23:16,430 --> 00:23:15,000

their house and you know they've gone

618

00:23:17,510 --> 00:23:16,440

all in because it's so convincing

619

00:23:19,130 --> 00:23:17,520

because sometimes you know you'll get

620

00:23:20,450 --> 00:23:19,140

something that is real like for example

621

00:23:22,490 --> 00:23:20,460

you know they say there's an earthquake

622

00:23:24,649 --> 00:23:22,500

next Thursday and that's the beginning

623

00:23:26,330 --> 00:23:24,659

and then the earthquake happens so then

624

00:23:27,830 --> 00:23:26,340

these people go all in

625

00:23:29,990 --> 00:23:27,840

and I think that's that's the problem

626

00:23:32,149 --> 00:23:30,000

with these kind of fields is that you

627

00:23:33,590 --> 00:23:32,159

know it's they're so extraordinary and

628

00:23:36,350 --> 00:23:33,600

if you're compelled with it something

629

00:23:38,450 --> 00:23:36,360

brings you into it you can slide very

630

00:23:41,330 --> 00:23:38,460

quickly down that rabbit hole and it may

631

00:23:43,370 --> 00:23:41,340

not be going where you think it is so

632

00:23:45,289 --> 00:23:43,380

um you do have to be aware that you know

633

00:23:47,390 --> 00:23:45,299

that the human mind

634

00:23:49,310 --> 00:23:47,400

can conjure up parts of these things

635

00:23:51,110 --> 00:23:49,320

even if you are getting some kind of

636

00:23:52,610 --> 00:23:51,120

legitimate information as you said you

637

00:23:54,890 --> 00:23:52,620

could have a part that's imaginable to

638

00:23:57,110 --> 00:23:54,900

this and also it's possible there are

639

00:23:58,909 --> 00:23:57,120

intelligences that do provide some

640

00:24:01,250 --> 00:23:58,919

information but for their own reasons

641

00:24:04,070 --> 00:24:01,260

are also giving some kind of propaganda

642

00:24:05,990 --> 00:24:04,080

or disinformation to you right in the

643

00:24:07,190 --> 00:24:06,000

same way that humans do right to each

644

00:24:09,529 --> 00:24:07,200

other and we can see that we live in a

645

00:24:11,630 --> 00:24:09,539

time where of ceaseless propaganda and

646

00:24:14,570 --> 00:24:11,640

misinformation and disinformation and

647

00:24:16,789 --> 00:24:14,580

half truths so I mean you have to apply

648

00:24:19,789 --> 00:24:16,799

that to kind of the Paranormal the alien

649

00:24:22,970 --> 00:24:19,799

spheres the UFO topic all of that and

650

00:24:24,770 --> 00:24:22,980

you know I've had an experience with the

651
00:24:27,230 --> 00:24:24,780
events that my wife and I had without

652
00:24:29,630 --> 00:24:27,240
what was going on with us back in 2012

653
00:24:32,510 --> 00:24:29,640
and 13 but we had information that came

654
00:24:34,970 --> 00:24:32,520
to us and some of that now I would say

655
00:24:37,190 --> 00:24:34,980
was you know either they didn't really

656
00:24:39,169 --> 00:24:37,200
know what was going on or that they were

657
00:24:41,270 --> 00:24:39,179
wrong or whatever but I definitely went

658
00:24:43,310 --> 00:24:41,280
a bit more all in than than I probably

659
00:24:46,490 --> 00:24:43,320
should have without more critical

660
00:24:48,830 --> 00:24:46,500
analysis and that in many ways I now

661
00:24:52,070 --> 00:24:48,840
look at as having been preparation to do

662
00:24:53,210 --> 00:24:52,080
this because I think otherwise I

663
00:24:55,909 --> 00:24:53,220

probably would have just gone straight

664

00:24:57,710 --> 00:24:55,919

all in on this and not really have been

665

00:24:59,630 --> 00:24:57,720

as critical with it as I am but because

666

00:25:01,490 --> 00:24:59,640

having just having been burned once

667

00:25:04,250 --> 00:25:01,500

right then you're not going to stick

668

00:25:06,350 --> 00:25:04,260

your hand in that fire a second time you

669

00:25:08,270 --> 00:25:06,360

know not without some glove on some kind

670

00:25:09,289 --> 00:25:08,280

of protection from knowing that it can

671

00:25:12,770 --> 00:25:09,299

hurt

672

00:25:14,390 --> 00:25:12,780

um so I think that's perhaps why I you

673

00:25:14,990 --> 00:25:14,400

know some ways I'm quite cautious and

674

00:25:16,370 --> 00:25:15,000

you're right saying that you know

675

00:25:19,490 --> 00:25:16,380

sometimes of course you have information

676

00:25:21,770 --> 00:25:19,500

out or what I will go all in on or

677

00:25:24,830 --> 00:25:21,780

um and not saying I believe things true

678

00:25:28,430 --> 00:25:24,840

from this because there's a long history

679

00:25:30,890 --> 00:25:28,440

of that kind of result from just

680

00:25:33,049 --> 00:25:30,900

believing a ghost or an alien or or your

681

00:25:35,750 --> 00:25:33,059

inner self or whatever and then finding

682

00:25:38,029 --> 00:25:35,760

that that's a half true and just enough

683

00:25:39,049 --> 00:25:38,039

rope to hang yourself with is given you

684

00:25:40,970 --> 00:25:39,059

know

685

00:25:42,529 --> 00:25:40,980

um so that that's kind of how I've

686

00:25:44,630 --> 00:25:42,539

framed this because I look at it I can

687

00:25:46,610 --> 00:25:44,640

say that you know there's this enormous

688

00:25:49,430 --> 00:25:46,620

kind of body of information this larger

689

00:25:51,409 --> 00:25:49,440

story you know with 40 odd people

690

00:25:53,269 --> 00:25:51,419

involved Alex you know so it's an

691

00:25:55,070 --> 00:25:53,279

enormous case really there's you know

692

00:25:56,450 --> 00:25:55,080

when I spoke to Valerie and I met her at

693

00:25:58,010 --> 00:25:56,460

her home she said you know there was

694

00:25:59,810 --> 00:25:58,020

yeah I think it was like 45 people or

695

00:26:01,370 --> 00:25:59,820

something like that who over the course

696

00:26:03,470 --> 00:26:01,380

of the few years when she was really

697

00:26:05,810 --> 00:26:03,480

heavily kind of involved with what was

698

00:26:07,310 --> 00:26:05,820

happening that they would either come to

699

00:26:08,930 --> 00:26:07,320

her house kind of spontaneously

700

00:26:10,190 --> 00:26:08,940

sometimes it was clients for her

701
00:26:12,289 --> 00:26:10,200
regression

702
00:26:13,850 --> 00:26:12,299
um you know business sometimes people

703
00:26:15,110 --> 00:26:13,860
that she didn't know in a car park

704
00:26:16,669 --> 00:26:15,120
someone stopped and start telling her

705
00:26:18,950 --> 00:26:16,679
that had all these memories

706
00:26:20,690 --> 00:26:18,960
um people that she showed pictures of

707
00:26:22,010 --> 00:26:20,700
the Gosford glyphs too sometimes they

708
00:26:23,690 --> 00:26:22,020
would just start saying they remembered

709
00:26:25,549 --> 00:26:23,700
this story so it was a really weird kind

710
00:26:26,990 --> 00:26:25,559
of backstory but there's you know 40 odd

711
00:26:28,490 --> 00:26:27,000
people so that's that's massive and

712
00:26:29,990 --> 00:26:28,500
complex already because you've got all

713
00:26:31,850 --> 00:26:30,000

those people and what was going on in

714

00:26:33,890 --> 00:26:31,860

their heads and their lives and you know

715

00:26:36,049 --> 00:26:33,900

were they telling the truth and you know

716

00:26:37,970 --> 00:26:36,059

to put that on top of it and then a

717

00:26:39,950 --> 00:26:37,980

reincarnational aspect that you know

718

00:26:41,269 --> 00:26:39,960

people say they remember living in that

719

00:26:43,190 --> 00:26:41,279

life not just sitting there seeing

720

00:26:45,350 --> 00:26:43,200

visions of an alien spaceship but

721

00:26:48,890 --> 00:26:45,360

they're experiencing it as having lived

722

00:26:51,289 --> 00:26:48,900

in that time either as as an alien or as

723

00:26:53,090 --> 00:26:51,299

an early hominin or is that you know

724

00:26:55,250 --> 00:26:53,100

either side of the aliens they're

725

00:26:58,310 --> 00:26:55,260

friendly and bad aliens

726
00:27:00,470 --> 00:26:58,320
um that adds two layers of complex you

727
00:27:02,390 --> 00:27:00,480
know reincarnation which again is

728
00:27:04,010 --> 00:27:02,400
controversial

729
00:27:06,470 --> 00:27:04,020
um and then on top of that the idea that

730
00:27:07,549 --> 00:27:06,480
you know multiple aliens are involved

731
00:27:08,690 --> 00:27:07,559
here you know you can see how it's

732
00:27:11,810 --> 00:27:08,700
Fanning out and you've got more and more

733
00:27:13,730 --> 00:27:11,820
people more complexity more areas that

734
00:27:16,669 --> 00:27:13,740
are completely unprovable

735
00:27:19,010 --> 00:27:16,679
or not even very easy to support at all

736
00:27:21,710 --> 00:27:19,020
a lot of people I don't know I've never

737
00:27:23,810 --> 00:27:21,720
met involved in that backstory uh many

738
00:27:25,310 --> 00:27:23,820

of whom I I think have passed on you

739

00:27:28,070 --> 00:27:25,320

know including Valerie unfortunately has

740

00:27:30,049 --> 00:27:28,080

passed on so you know Jerry the other

741

00:27:32,090 --> 00:27:30,059

like to see the other main person in

742

00:27:34,610 --> 00:27:32,100

this story Jerry the Aboriginal Elder

743

00:27:37,810 --> 00:27:34,620

you know he's passed on so it's not I

744

00:27:40,430 --> 00:27:37,820

can go to them now and you know get more

745

00:27:41,930 --> 00:27:40,440

directly from their perspective I don't

746

00:27:43,070 --> 00:27:41,940

know who all these other people are so

747

00:27:45,590 --> 00:27:43,080

there's a lot of kind of limitations

748

00:27:47,890 --> 00:27:45,600

around that right so so you're with what

749

00:27:51,649 --> 00:27:47,900

you've got and that's what I want to do

750

00:27:53,930 --> 00:27:51,659

because you the the amazing thing and

751
00:27:56,570 --> 00:27:53,940
the really wonderful thing about what

752
00:27:59,870 --> 00:27:56,580
you bring to this is you do have this

753
00:28:03,350 --> 00:27:59,880
scientific rigor and you do have the the

754
00:28:05,870 --> 00:28:03,360
means to understand the science that a

755
00:28:08,990 --> 00:28:05,880
lot of people in this field don't so you

756
00:28:11,930 --> 00:28:09,000
speak with uh Authority because you have

757
00:28:13,549 --> 00:28:11,940
read this stuff and get it so what I

758
00:28:17,149 --> 00:28:13,559
thought would be interesting is again

759
00:28:19,730 --> 00:28:17,159
let's lean into the accounts of this

760
00:28:22,370 --> 00:28:19,740
experience of these 40 people who

761
00:28:25,070 --> 00:28:22,380
brought through the EI charinga stuff

762
00:28:28,730 --> 00:28:25,080
and let's go through the three major

763
00:28:31,149 --> 00:28:28,740

kind of components of your findings and

764

00:28:33,830 --> 00:28:31,159

then I'd like you to kind of

765

00:28:35,870 --> 00:28:33,840

re-examine the story and see where you

766

00:28:38,090 --> 00:28:35,880

think it might go where you think there

767

00:28:40,430 --> 00:28:38,100

might be dead ends to the story or where

768

00:28:43,310 --> 00:28:40,440

it probably shouldn't go you know so we

769

00:28:45,890 --> 00:28:43,320

could even start with the the ship you

770

00:28:49,850 --> 00:28:45,900

know so you're finding these you have

771

00:28:51,950 --> 00:28:49,860

this amazing body of research of data

772

00:28:55,850 --> 00:28:51,960

that you put together on these astral

773

00:29:00,470 --> 00:28:55,860

tactites and people can go look at that

774

00:29:03,769 --> 00:29:00,480

um so what else is there in the

775

00:29:06,529 --> 00:29:03,779

channeled material that we would want to

776

00:29:08,390 --> 00:29:06,539

pursue further and what might we you

777

00:29:10,310 --> 00:29:08,400

know kind of call into question like one

778

00:29:12,409 --> 00:29:10,320

of the things I always seemed kind of

779

00:29:14,570 --> 00:29:12,419

strange to me is you know they keep

780

00:29:16,970 --> 00:29:14,580

stressing that the ship is defenseless

781

00:29:18,590 --> 00:29:16,980

the ship is defenseless it's just an and

782

00:29:20,389 --> 00:29:18,600

at the same time there's the police

783

00:29:23,149 --> 00:29:20,399

force that comes in and bombards the

784

00:29:27,289 --> 00:29:23,159

planet you know five it doesn't really

785

00:29:29,210 --> 00:29:27,299

add up totally or that they're on this

786

00:29:31,970 --> 00:29:29,220

Mission and they're gonna it's gonna

787

00:29:33,950 --> 00:29:31,980

take a long time to get there why does

788

00:29:35,990 --> 00:29:33,960

it take such a long time how long is

789

00:29:38,029 --> 00:29:36,000

that time and they're all living this

790

00:29:41,870 --> 00:29:38,039

kind of communal lifestyle and kind of

791

00:29:43,970 --> 00:29:41,880

stuff a lot of it seems like

792

00:29:46,190 --> 00:29:43,980

to use your thing a little bit too

793

00:29:48,950 --> 00:29:46,200

similar a little bit too much like these

794

00:29:50,690 --> 00:29:48,960

other stories we've heard so my the

795

00:29:55,070 --> 00:29:50,700

bigger question if I can pull back to it

796

00:29:58,190 --> 00:29:55,080

again is what part of the the craft do

797

00:30:01,250 --> 00:29:58,200

you feel compelled to pursue further and

798

00:30:03,230 --> 00:30:01,260

pull into your Deep dive from a

799

00:30:05,210 --> 00:30:03,240

scientific standpoint and what part do

800

00:30:07,430 --> 00:30:05,220

you want to leave behind

801

00:30:09,049 --> 00:30:07,440

yeah I mean sure it's I mean

802

00:30:11,149 --> 00:30:09,059

let me just a quick for people aren't

803

00:30:13,610 --> 00:30:11,159

sure I mean you know this it starts off

804

00:30:16,909 --> 00:30:13,620

with a very extraordinary event this um

805

00:30:18,649 --> 00:30:16,919

the trip to Gosford you know where

806

00:30:20,930 --> 00:30:18,659

you've got an Aboriginal Elder has

807

00:30:23,510 --> 00:30:20,940

turned up at Valerie's house after she's

808

00:30:24,830 --> 00:30:23,520

received this agent artifact of turinga

809

00:30:26,930 --> 00:30:24,840

you know now she's got an Aboriginal

810

00:30:29,630 --> 00:30:26,940

Elder knocking on the door so a strange

811

00:30:31,610 --> 00:30:29,640

synchronous kind of situation uh He

812

00:30:32,810 --> 00:30:31,620

suggests going to Gosford uh where

813

00:30:34,789 --> 00:30:32,820

there's an Aboriginal sacred site

814

00:30:37,010 --> 00:30:34,799

there's also these controversial

815

00:30:38,690 --> 00:30:37,020

Egyptian like hardless the whole of the

816

00:30:39,470 --> 00:30:38,700

controversy everywhere those are old or

817

00:30:41,210 --> 00:30:39,480

not

818

00:30:43,010 --> 00:30:41,220

um but he's suggesting to go there and

819

00:30:45,529 --> 00:30:43,020

so they go there and he has a time slip

820

00:30:47,990 --> 00:30:45,539

and a time slip yeah another weird wacky

821

00:30:49,250 --> 00:30:48,000

kind of claim that most people would

822

00:30:51,350 --> 00:30:49,260

dismiss straight away but at the same

823

00:30:53,870 --> 00:30:51,360

time you and I know there is accounts of

824

00:30:55,789 --> 00:30:53,880

these out there in in the Paranormal

825

00:30:57,230 --> 00:30:55,799

world where people suddenly find that

826

00:30:58,370 --> 00:30:57,240

they're in the same place but in a

827

00:30:59,750 --> 00:30:58,380

different time I mean there's a couple

828

00:31:01,250 --> 00:30:59,760

of famous cases in there with the two

829

00:31:02,510 --> 00:31:01,260

teachers in the garden of Versailles

830

00:31:04,610 --> 00:31:02,520

where suddenly they see all these people

831

00:31:07,130 --> 00:31:04,620

in costumes and I think that they're a

832

00:31:08,450 --> 00:31:07,140

kind of reproduction and then they walk

833

00:31:10,430 --> 00:31:08,460

through this missed to have and they're

834

00:31:11,750 --> 00:31:10,440

back to the party so they have that kind

835

00:31:14,149 --> 00:31:11,760

of experience but now they're seeing a

836

00:31:16,010 --> 00:31:14,159

crashed craft down in the water

837

00:31:17,690 --> 00:31:16,020

um they're remembering being these

838

00:31:20,269 --> 00:31:17,700

visitors you know one of the members

839

00:31:21,950 --> 00:31:20,279

being the pilot of the crashed craft and

840

00:31:24,889 --> 00:31:21,960

they get this information so it begins

841

00:31:27,230 --> 00:31:24,899

with you know highly extraordinary kind

842

00:31:29,450 --> 00:31:27,240

of plunging straight over the edge of

843

00:31:31,909 --> 00:31:29,460

the cliff weirdness right you know it's

844

00:31:33,950 --> 00:31:31,919

not as simple as say someone sat and

845

00:31:36,230 --> 00:31:33,960

meditated and they've got this download

846

00:31:38,029 --> 00:31:36,240

you know which we hear about so this is

847

00:31:39,649 --> 00:31:38,039

like it's a much more full-on straight

848

00:31:41,330 --> 00:31:39,659

away there's a barrier to people because

849

00:31:44,389 --> 00:31:41,340

they can probably take the download

850

00:31:45,830 --> 00:31:44,399

stuff easier than the time slip and

851
00:31:48,289 --> 00:31:45,840
feeling like that was your past life

852
00:31:51,049 --> 00:31:48,299
that's some really hardcore weird right

853
00:31:52,970 --> 00:31:51,059
at the get-go right and then so then

854
00:31:55,310 --> 00:31:52,980
they obviously see this craft this giant

855
00:31:57,409 --> 00:31:55,320
they're told it's a giant living ship

856
00:31:59,570 --> 00:31:57,419
that's been grown on a planet somewhere

857
00:32:01,850 --> 00:31:59,580
it's not made it's grown and imbued with

858
00:32:04,490 --> 00:32:01,860
Consciousness so it's alive so I mean

859
00:32:06,710 --> 00:32:04,500
it's very quickly expanding into really

860
00:32:09,350 --> 00:32:06,720
quite extraordinary and for the time

861
00:32:11,930 --> 00:32:09,360
quite advanced sci-fi kind of Concepts

862
00:32:14,630 --> 00:32:11,940
right that you know 3D printed living

863
00:32:16,669 --> 00:32:14,640

silica ships that are you know Moon

864

00:32:18,590 --> 00:32:16,679

sized flying around out there I mean now

865

00:32:20,210 --> 00:32:18,600

yeah The Cutting Edge of science is kind

866

00:32:21,830 --> 00:32:20,220

of talking about that stuff right Alex

867

00:32:23,750 --> 00:32:21,840

you know but at the time you're thinking

868

00:32:25,850 --> 00:32:23,760

if this is just you know like a new age

869

00:32:28,250 --> 00:32:25,860

lady singing our house imagining stuff

870

00:32:31,070 --> 00:32:28,260

I'll give her some credit because even

871

00:32:32,690 --> 00:32:31,080

those Concepts alone like are amazing

872

00:32:34,730 --> 00:32:32,700

where most people would never think of

873

00:32:36,470 --> 00:32:34,740

that kind of Rich As a detail you know

874

00:32:38,570 --> 00:32:36,480

that even the ship is not made you know

875

00:32:40,730 --> 00:32:38,580

it's grown from silicone some you know

876

00:32:42,350 --> 00:32:40,740

Matrix and then is imbued with a living

877

00:32:43,909 --> 00:32:42,360

Consciousness why would you go there

878

00:32:46,669 --> 00:32:43,919

like why not just say there was a

879

00:32:49,070 --> 00:32:46,679

spaceship and it came here and you know

880

00:32:51,350 --> 00:32:49,080

so those kind of details as well I

881

00:32:53,510 --> 00:32:51,360

always find I think that in itself is

882

00:32:54,889 --> 00:32:53,520

compelling because it does make you

883

00:32:56,149 --> 00:32:54,899

wonder you know if someone who has no

884

00:32:58,669 --> 00:32:56,159

experience of writing science fiction

885

00:33:00,409 --> 00:32:58,679

and yet they're coming up and it's not a

886

00:33:02,269 --> 00:33:00,419

scientist they're not they're not I know

887

00:33:04,730 --> 00:33:02,279

for me she's not someone who's reading

888

00:33:05,930 --> 00:33:04,740

new scientists or something right so

889

00:33:07,789 --> 00:33:05,940

this isn't someone who you'd expect to

890

00:33:10,610 --> 00:33:07,799

have these Concepts especially back in

891

00:33:13,850 --> 00:33:10,620

like the uh the early 90s and stuff you

892

00:33:15,110 --> 00:33:13,860

know so that alone is kind of I think

893

00:33:16,430 --> 00:33:15,120

should make people just scratch their

894

00:33:17,810 --> 00:33:16,440

head a little bit you know because they

895

00:33:19,250 --> 00:33:17,820

can look at Valerie's life and say well

896

00:33:21,470 --> 00:33:19,260

this is the person who's going to you

897

00:33:23,029 --> 00:33:21,480

know ashrams in India and doing a

898

00:33:25,009 --> 00:33:23,039

meditation and talking about star people

899

00:33:26,690 --> 00:33:25,019

but yeah where is she getting these

900

00:33:28,930 --> 00:33:26,700

Concepts we're now looking at the

901
00:33:31,250 --> 00:33:28,940
Forefront of science as to how we expect

902
00:33:33,049 --> 00:33:31,260
advanced intelligence is to actually

903
00:33:35,330 --> 00:33:33,059
behave and the kind of Technologies we

904
00:33:37,430 --> 00:33:35,340
think they probably would have can I ask

905
00:33:39,289 --> 00:33:37,440
a specific question about that because I

906
00:33:41,330 --> 00:33:39,299
think that's awesome I love where you

907
00:33:43,549 --> 00:33:41,340
took that this is one of the hardest

908
00:33:46,310 --> 00:33:43,559
issues right now because of the

909
00:33:50,509 --> 00:33:46,320
advancement the huge leap we've made in

910
00:33:53,210 --> 00:33:50,519
uh in AI so the question is is AI going

911
00:33:55,430 --> 00:33:53,220
to be imbued with Consciousness how

912
00:33:56,870 --> 00:33:55,440
would that come about would it be from

913
00:33:59,029 --> 00:33:56,880

some external Source would it

914

00:34:01,789 --> 00:33:59,039

organically just kind of emerge in it

915

00:34:05,269 --> 00:34:01,799

all the rest is it even possible

916

00:34:07,370 --> 00:34:05,279

again you are like super plugged into so

917

00:34:08,930 --> 00:34:07,380

many different topics where do you think

918

00:34:12,230 --> 00:34:08,940

we're going to wind up in five or ten

919

00:34:14,690 --> 00:34:12,240

years in terms of testing out that idea

920

00:34:16,730 --> 00:34:14,700

yeah I mean firstly I know that you know

921

00:34:18,109 --> 00:34:16,740

looking at the work of

922

00:34:20,450 --> 00:34:18,119

um I'm trying to think of the lady's

923

00:34:22,129 --> 00:34:20,460

name there's an excellent alien Minds

924

00:34:24,770 --> 00:34:22,139

like I don't know if you've ever read

925

00:34:26,629 --> 00:34:24,780

this but basically it's an asset of kind

926
00:34:28,669 --> 00:34:26,639
of what you might expect of alien

927
00:34:31,730 --> 00:34:28,679
Technologies you know particularly and

928
00:34:33,950 --> 00:34:31,740
there's a look at silica as an

929
00:34:35,810 --> 00:34:33,960
alternative to kind of carbon for life

930
00:34:37,810 --> 00:34:35,820
forms and how you can you can

931
00:34:41,270 --> 00:34:37,820
essentially with silica you can have

932
00:34:42,349 --> 00:34:41,280
enormous kind of constructs of silica

933
00:34:45,230 --> 00:34:42,359
right so you could have like a moon

934
00:34:48,109 --> 00:34:45,240
sized silica like Computing technology

935
00:34:50,389 --> 00:34:48,119
so in other words like a super brain

936
00:34:52,970 --> 00:34:50,399
right because we're limited by the size

937
00:34:56,329 --> 00:34:52,980
of our head like you know a silica State

938
00:34:59,290 --> 00:34:56,339

kind of AI is not limited in its size so

939

00:35:01,430 --> 00:34:59,300

the to the processing power can be

940

00:35:04,070 --> 00:35:01,440

unbelievable so if we start with that

941

00:35:05,870 --> 00:35:04,080

okay so we can do amazing things now is

942

00:35:07,250 --> 00:35:05,880

it that doesn't mean itself where

943

00:35:08,990 --> 00:35:07,260

Consciousness right and it's truly alive

944

00:35:10,790 --> 00:35:09,000

but you you can certainly start with the

945

00:35:13,130 --> 00:35:10,800

premise that if you have a big enough

946

00:35:15,230 --> 00:35:13,140

silica construct that it would be able

947

00:35:17,210 --> 00:35:15,240

to compute you know things that we can't

948

00:35:19,010 --> 00:35:17,220

imagine thinking through and you can do

949

00:35:20,810 --> 00:35:19,020

that in seconds you know split seconds

950

00:35:22,910 --> 00:35:20,820

and oh yes I understand you know the

951
00:35:24,710 --> 00:35:22,920
motion of four star systems and how the

952
00:35:27,290 --> 00:35:24,720
Stars you know whereas we would probably

953
00:35:29,329 --> 00:35:27,300
spend you know years and years and years

954
00:35:31,730 --> 00:35:29,339
of top Minds trying to understand the

955
00:35:33,349 --> 00:35:31,740
Dynamics of that star system right a

956
00:35:35,690 --> 00:35:33,359
brain that size a computer that size

957
00:35:37,790 --> 00:35:35,700
would do that probably in seconds so but

958
00:35:40,069 --> 00:35:37,800
that doesn't mean computing power isn't

959
00:35:42,530 --> 00:35:40,079
the same as self-referential

960
00:35:45,950 --> 00:35:42,540
Consciousness and an awareness right of

961
00:35:48,230 --> 00:35:45,960
self and who I am so I I'm I tend to

962
00:35:50,390 --> 00:35:48,240
lean more towards the feeling that we

963
00:35:52,130 --> 00:35:50,400

live in a conscious universe and if you

964

00:35:54,050 --> 00:35:52,140

build systems that are sufficiently

965

00:35:55,970 --> 00:35:54,060

complex to allow that Consciousness to

966

00:35:58,069 --> 00:35:55,980

be imbued into it that it's almost like

967

00:35:59,870 --> 00:35:58,079

if you build it it will come then I I

968

00:36:02,390 --> 00:35:59,880

think that the Consciousness is arising

969

00:36:03,950 --> 00:36:02,400

into the machine rather than from the

970

00:36:06,109 --> 00:36:03,960

machine because you're creating

971

00:36:08,750 --> 00:36:06,119

something that will allow non-physical

972

00:36:10,670 --> 00:36:08,760

consciousnesses right there I believe I

973

00:36:12,170 --> 00:36:10,680

suspect that could then inhabit that

974

00:36:14,569 --> 00:36:12,180

because if the universe itself is

975

00:36:17,030 --> 00:36:14,579

conscious you know that kind of view

976
00:36:18,470 --> 00:36:17,040
which you know many people take I

977
00:36:19,609 --> 00:36:18,480
suspect that that is the case I think

978
00:36:22,130 --> 00:36:19,619
that fundamentally in the beginning

979
00:36:24,050 --> 00:36:22,140
there was already Consciousness no

980
00:36:26,870 --> 00:36:24,060
matter what that Universe looked like in

981
00:36:29,270 --> 00:36:26,880
that first second you know I believe it

982
00:36:31,550 --> 00:36:29,280
had Consciousness in it and that it has

983
00:36:33,650 --> 00:36:31,560
arisen into us the animals and probably

984
00:36:34,970 --> 00:36:33,660
you know I don't know crystal matrixes

985
00:36:36,589 --> 00:36:34,980
in the ground and stuff and things that

986
00:36:38,329 --> 00:36:36,599
we don't recognize as light but there's

987
00:36:40,370 --> 00:36:38,339
consciousness

988
00:36:43,010 --> 00:36:40,380

out there in all sorts of strange form I

989

00:36:45,829 --> 00:36:43,020

imagine in strange forms right that's my

990

00:36:47,510 --> 00:36:45,839

personal feeling now of course I can't

991

00:36:49,010 --> 00:36:47,520

um support that because one of the

992

00:36:51,410 --> 00:36:49,020

problems we have courses we only have

993

00:36:53,089 --> 00:36:51,420

the the reference of one planet

994

00:36:54,890 --> 00:36:53,099

so we say what's happened on Earth and

995

00:36:55,910 --> 00:36:54,900

that's how things are developed but we

996

00:36:57,470 --> 00:36:55,920

don't really know I mean there's

997

00:37:00,170 --> 00:36:57,480

questions now of what is life let's not

998

00:37:02,569 --> 00:37:00,180

saying life lyf the idea that there's

999

00:37:03,890 --> 00:37:02,579

life that's not the way we think of it

1000

00:37:05,990 --> 00:37:03,900

and again that could be something like

1001
00:37:07,550 --> 00:37:06,000
living crystal matrixes in a moon

1002
00:37:09,589 --> 00:37:07,560
somewhere where we wouldn't look at it

1003
00:37:11,810 --> 00:37:09,599
and think it was alive but technically

1004
00:37:13,849 --> 00:37:11,820
it is alive right

1005
00:37:15,950 --> 00:37:13,859
um so I do wonder about it I think it's

1006
00:37:17,750 --> 00:37:15,960
more likely that yeah if you build a

1007
00:37:20,270 --> 00:37:17,760
computer system complex enough that

1008
00:37:23,089 --> 00:37:20,280
allows for a brain like

1009
00:37:26,210 --> 00:37:23,099
um experience that that may then allow

1010
00:37:28,790 --> 00:37:26,220
something to enter into the system that

1011
00:37:31,190 --> 00:37:28,800
becomes life right so that's that's my

1012
00:37:32,630 --> 00:37:31,200
personal feeling great and I think it's

1013
00:37:35,210 --> 00:37:32,640

kind of more than personal I think you

1014

00:37:37,310 --> 00:37:35,220

back it up in a really great way and

1015

00:37:39,410 --> 00:37:37,320

we're going to move on to genetics in a

1016

00:37:40,670 --> 00:37:39,420

minute and genetic engineering but I

1017

00:37:44,329 --> 00:37:40,680

think it's interesting and you point

1018

00:37:46,670 --> 00:37:44,339

this out in exogenesis and in I think in

1019

00:37:49,250 --> 00:37:46,680

the recent one of the recent uh techno

1020

00:37:52,370 --> 00:37:49,260

signature substack articles but that

1021

00:37:54,950 --> 00:37:52,380

there's a parallel that you know build

1022

00:37:57,829 --> 00:37:54,960

build it and they will come relates to

1023

00:37:59,870 --> 00:37:57,839

Consciousness too you know in terms of

1024

00:38:02,150 --> 00:37:59,880

build it sophisticated enough and then

1025

00:38:04,190 --> 00:38:02,160

Consciousness comes in the one thing I

1026
00:38:06,530 --> 00:38:04,200
wanted to backtrack and talk about is

1027
00:38:09,470 --> 00:38:06,540
the time slip because I think you're

1028
00:38:11,089 --> 00:38:09,480
completely right I think this is uh Back

1029
00:38:13,250 --> 00:38:11,099
to the Future with or without the

1030
00:38:15,170 --> 00:38:13,260
DeLorean kind of thing uncomfortable

1031
00:38:17,329 --> 00:38:15,180
science fiction where do we go with it

1032
00:38:18,890 --> 00:38:17,339
but at the same time we should be so

1033
00:38:21,050 --> 00:38:18,900
much more comfortable with this than we

1034
00:38:23,329 --> 00:38:21,060
are and people have precognitive dreams

1035
00:38:25,730 --> 00:38:23,339
all the time I mean just go talk to your

1036
00:38:27,230 --> 00:38:25,740
extended family and you will certainly

1037
00:38:29,810 --> 00:38:27,240
find accounts of somebody who had a

1038
00:38:32,270 --> 00:38:29,820

pre-cognitive dream that is a time slip

1039

00:38:34,510 --> 00:38:32,280

right they are traveling in time and we

1040

00:38:36,829 --> 00:38:34,520

all realize that we travel back in time

1041

00:38:39,109 --> 00:38:36,839

kind of more frequently if we look at

1042

00:38:40,609 --> 00:38:39,119

those cases so it's interesting again

1043

00:38:43,250 --> 00:38:40,619

like you were saying before of like you

1044

00:38:46,010 --> 00:38:43,260

know I don't see a spaceship I don't see

1045

00:38:47,990 --> 00:38:46,020

any Time Slips no I'm anchored into this

1046

00:38:50,270 --> 00:38:48,000

time space continuum okay I don't want

1047

00:38:53,150 --> 00:38:50,280

to go down too far you brought up a

1048

00:38:57,170 --> 00:38:53,160

great one on the ship right one place

1049

00:38:58,730 --> 00:38:57,180

that Valerie's account more broadly than

1050

00:39:00,650 --> 00:38:58,740

Valerie because like you said there's

1051
00:39:02,990 --> 00:39:00,660
other people that are kind of involved

1052
00:39:06,410 --> 00:39:03,000
in bringing this forward anything else

1053
00:39:09,650 --> 00:39:06,420
about the ship the technology associated

1054
00:39:11,810 --> 00:39:09,660
with that that you see on your horizon

1055
00:39:13,849 --> 00:39:11,820
that could be brought in from that story

1056
00:39:15,530 --> 00:39:13,859
and turned into something more

1057
00:39:17,930 --> 00:39:15,540
scientific

1058
00:39:20,030 --> 00:39:17,940
yeah I mean it's um

1059
00:39:22,430 --> 00:39:20,040
I mean there's somewhat limited details

1060
00:39:24,410 --> 00:39:22,440
you know so it's in terms of this you

1061
00:39:26,450 --> 00:39:24,420
know the ship in specifics you know we

1062
00:39:28,910 --> 00:39:26,460
know that there's the kind of actually

1063
00:39:31,550 --> 00:39:28,920

had beings on board and that's it wasn't

1064

00:39:34,430 --> 00:39:31,560

just a living and that there was

1065

00:39:35,870 --> 00:39:34,440

some kind of biology on both beings and

1066

00:39:37,609 --> 00:39:35,880

apparently plants and all sorts of

1067

00:39:39,290 --> 00:39:37,619

things there's so there's additional

1068

00:39:41,329 --> 00:39:39,300

aspects to it's not just you know a

1069

00:39:43,490 --> 00:39:41,339

robot flying around

1070

00:39:46,130 --> 00:39:43,500

um you know I guess one of these are

1071

00:39:49,130 --> 00:39:46,140

interesting is the possibility that

1072

00:39:51,349 --> 00:39:49,140

someone with the knowledge of of

1073

00:39:54,410 --> 00:39:51,359

engineering and chemistry is I could

1074

00:39:57,530 --> 00:39:54,420

look at the components in tektites and

1075

00:39:59,510 --> 00:39:57,540

say well why would you build

1076
00:40:02,089 --> 00:39:59,520
a ship from that you know or why would

1077
00:40:04,190 --> 00:40:02,099
you build an AI structure using those

1078
00:40:06,290 --> 00:40:04,200
chemicals You Know This Much silica this

1079
00:40:08,750 --> 00:40:06,300
much aluminum this much of you know

1080
00:40:10,430 --> 00:40:08,760
phosphorus and magnesium and you know so

1081
00:40:12,109 --> 00:40:10,440
that's an angle that I would really love

1082
00:40:14,089 --> 00:40:12,119
to explore with someone who has that

1083
00:40:15,410 --> 00:40:14,099
knowledge perhaps a scientist in the you

1084
00:40:17,690 --> 00:40:15,420
know in that world of building

1085
00:40:19,069 --> 00:40:17,700
spaceships or building computer systems

1086
00:40:21,230 --> 00:40:19,079
to them to actually kind of reverse

1087
00:40:23,690 --> 00:40:21,240
engineer the thinking of an intelligence

1088
00:40:25,490 --> 00:40:23,700

that would use those specific

1089

00:40:26,510 --> 00:40:25,500

um components because I I don't have

1090

00:40:28,430 --> 00:40:26,520

that knowledge I mean I've looked

1091

00:40:30,410 --> 00:40:28,440

cursorarily and seen that I think with

1092

00:40:32,870 --> 00:40:30,420

some of the NASA spaceships certainly

1093

00:40:34,550 --> 00:40:32,880

there's an overlap with the with the

1094

00:40:35,930 --> 00:40:34,560

chemicals that have been found in these

1095

00:40:37,370 --> 00:40:35,940

tektites

1096

00:40:38,690 --> 00:40:37,380

um but you know obviously it's not going

1097

00:40:40,190 --> 00:40:38,700

to be absolutely the same because

1098

00:40:44,030 --> 00:40:40,200

between a very different kind of

1099

00:40:45,530 --> 00:40:44,040

Technology but if somebody does have

1100

00:40:47,690 --> 00:40:45,540

that kind of knowledge is in The Cutting

1101
00:40:49,310 --> 00:40:47,700
Edge of this field you know could they

1102
00:40:52,190 --> 00:40:49,320
then look at that and go back through it

1103
00:40:54,410 --> 00:40:52,200
and say well yeah I can see why you'd

1104
00:40:56,270 --> 00:40:54,420
want to be putting aluminum and with um

1105
00:40:57,950 --> 00:40:56,280
with phosphorus you know in the Shell of

1106
00:41:00,589 --> 00:40:57,960
this craft I can see why that would help

1107
00:41:02,450 --> 00:41:00,599
with you know computer processing or

1108
00:41:04,370 --> 00:41:02,460
um of course the problem we have is that

1109
00:41:06,950 --> 00:41:04,380
this is all mixed you know it melted so

1110
00:41:08,750 --> 00:41:06,960
it's come down as as class so it's not

1111
00:41:10,550 --> 00:41:08,760
like a chunk of the frame you know where

1112
00:41:12,170 --> 00:41:10,560
you can hold it up and say well that

1113
00:41:13,730 --> 00:41:12,180

that's obviously part of a computer

1114

00:41:15,890 --> 00:41:13,740

panel or something you know which of

1115

00:41:17,690 --> 00:41:15,900

course is the ideal

1116

00:41:19,430 --> 00:41:17,700

the other side is enough so I touched on

1117

00:41:22,250 --> 00:41:19,440

a bit in the subject is you know there

1118

00:41:25,250 --> 00:41:22,260

is the potential that maybe parts of

1119

00:41:28,849 --> 00:41:25,260

this craft went down into Antarctica so

1120

00:41:30,410 --> 00:41:28,859

now I have no really to go there and do

1121

00:41:32,510 --> 00:41:30,420

that but obviously there are satellite

1122

00:41:34,430 --> 00:41:32,520

imaging and you know there is stuff

1123

00:41:36,050 --> 00:41:34,440

going on down there you know a lot of

1124

00:41:37,490 --> 00:41:36,060

the time very secretive weird stuff

1125

00:41:39,890 --> 00:41:37,500

going on down there not into that

1126
00:41:41,870 --> 00:41:39,900
spawned lots of conspiracies uh theories

1127
00:41:43,370 --> 00:41:41,880
you know because we don't know really

1128
00:41:44,930 --> 00:41:43,380
what all the research is down in

1129
00:41:47,930 --> 00:41:44,940
Antarctica you know but there is the

1130
00:41:52,069 --> 00:41:47,940
potential I think to explore whether or

1131
00:41:54,349 --> 00:41:52,079
not there are larger unmelted pieces of

1132
00:41:55,849 --> 00:41:54,359
the frame that have gone into the ice or

1133
00:41:57,770 --> 00:41:55,859
somewhere else along that debris path

1134
00:41:59,990 --> 00:41:57,780
that maybe somebody out there somewhere

1135
00:42:01,430 --> 00:42:00,000
has got a chunk of something weird in

1136
00:42:03,650 --> 00:42:01,440
their house you know that they found out

1137
00:42:04,670 --> 00:42:03,660
walking in the outback and they've just

1138
00:42:06,349 --> 00:42:04,680

put it in the house you know because

1139

00:42:08,210 --> 00:42:06,359

again I I know that kind of stuff

1140

00:42:09,589 --> 00:42:08,220

happens right people find artifacts they

1141

00:42:11,210 --> 00:42:09,599

find things and they become family

1142

00:42:12,589 --> 00:42:11,220

heirlooms or whatever you know but they

1143

00:42:14,089 --> 00:42:12,599

don't know what to do with it but there

1144

00:42:15,530 --> 00:42:14,099

might well be that someone does have

1145

00:42:17,630 --> 00:42:15,540

something like that you know a piece

1146

00:42:20,089 --> 00:42:17,640

that broke atmosphere and he came down

1147

00:42:21,890 --> 00:42:20,099

in a relatively unchurched trace the

1148

00:42:24,109 --> 00:42:21,900

more the awareness there is of this kind

1149

00:42:25,970 --> 00:42:24,119

of this narrative the more chance we

1150

00:42:27,770 --> 00:42:25,980

have somebody who reaches out and says

1151
00:42:29,089 --> 00:42:27,780
you know will I know something or you

1152
00:42:31,130 --> 00:42:29,099
know I've had an additional experience

1153
00:42:32,810 --> 00:42:31,140
or a scientist who says I looked at what

1154
00:42:34,490 --> 00:42:32,820
you're doing and you know what I don't

1155
00:42:36,349 --> 00:42:34,500
want my name on it but I think that that

1156
00:42:38,210 --> 00:42:36,359
makes sense some of that you know I I

1157
00:42:40,550 --> 00:42:38,220
think that there is room for those kind

1158
00:42:42,470 --> 00:42:40,560
of additions to this story

1159
00:42:45,109 --> 00:42:42,480
but you know you do need some people

1160
00:42:47,390 --> 00:42:45,119
with additional knowledge bases who

1161
00:42:49,609 --> 00:42:47,400
could come in and help and I think

1162
00:42:51,710 --> 00:42:49,619
that's that is definitely where we're

1163
00:42:53,690 --> 00:42:51,720

kind of keen to take this project is to

1164

00:42:56,390 --> 00:42:53,700

try and expand and to talk to other

1165

00:42:58,430 --> 00:42:56,400

people that have expertise in areas that

1166

00:43:00,170 --> 00:42:58,440

relate to this and who could maybe offer

1167

00:43:01,970 --> 00:43:00,180

insights either anonymously or with

1168

00:43:04,190 --> 00:43:01,980

their face on on the topic you know

1169

00:43:06,650 --> 00:43:04,200

which I understand that I don't have an

1170

00:43:08,870 --> 00:43:06,660

academic career to lose so I don't have

1171

00:43:11,390 --> 00:43:08,880

to to think of that I mean I would hope

1172

00:43:13,069 --> 00:43:11,400

other people didn't feel that they had

1173

00:43:15,170 --> 00:43:13,079

to lose their career just to talk to us

1174

00:43:16,849 --> 00:43:15,180

right but you know that is definitely

1175

00:43:18,290 --> 00:43:16,859

another angle to it also of course you

1176

00:43:20,569 --> 00:43:18,300

know there is to claim that this ship

1177

00:43:23,089 --> 00:43:20,579

one of these smaller ships went down in

1178

00:43:25,609 --> 00:43:23,099

the the waters off of Gosford is that

1179

00:43:27,290 --> 00:43:25,619

there could someone go out with a uh you

1180

00:43:29,990 --> 00:43:27,300

know with ground uh what's called you

1181

00:43:32,210 --> 00:43:30,000

know radar systems on a boat and skim up

1182

00:43:34,609 --> 00:43:32,220

and down there and find an anomaly

1183

00:43:36,290 --> 00:43:34,619

buried in the mud there right because I

1184

00:43:39,470 --> 00:43:36,300

mean if we found like a disc shaped

1185

00:43:41,089 --> 00:43:39,480

anomaly sitting under you know 50 meters

1186

00:43:42,950 --> 00:43:41,099

of mud or something out in the the bay

1187

00:43:45,170 --> 00:43:42,960

just off from where the ghostly glyphs

1188

00:43:46,370 --> 00:43:45,180

are well that that would be an amazing

1189

00:43:47,990 --> 00:43:46,380

result and I've had people say you know

1190

00:43:50,210 --> 00:43:48,000

maybe you should get top remote viewers

1191

00:43:52,309 --> 00:43:50,220

and people are on that and see you know

1192

00:43:54,770 --> 00:43:52,319

do they feel that that is still there

1193

00:43:56,690 --> 00:43:54,780

because if this material is fairly

1194

00:43:59,210 --> 00:43:56,700

impervious to time this silica type

1195

00:44:02,930 --> 00:43:59,220

material which I I think can last Almost

1196

00:44:05,450 --> 00:44:02,940

indefinitely so it's potentially there

1197

00:44:08,690 --> 00:44:05,460

you know that just needs enough people

1198

00:44:10,370 --> 00:44:08,700

to be interested to kind of fund that

1199

00:44:11,870 --> 00:44:10,380

um or you know someone who already has

1200

00:44:13,910 --> 00:44:11,880

that technology to just go up and down

1201
00:44:15,710 --> 00:44:13,920
the bay you know just see if it's I

1202
00:44:17,150 --> 00:44:15,720
don't know so easy because I can't do it

1203
00:44:20,089 --> 00:44:17,160
right that doesn't mean other people

1204
00:44:21,890 --> 00:44:20,099
can't do it and particularly if the the

1205
00:44:23,930 --> 00:44:21,900
information is engaging enough for

1206
00:44:25,309 --> 00:44:23,940
people to feel it's real then it's some

1207
00:44:26,750 --> 00:44:25,319
of the most important work you could do

1208
00:44:29,089 --> 00:44:26,760
in your life you know if you have that

1209
00:44:30,470 --> 00:44:29,099
boat already you know why not kind of I

1210
00:44:32,630 --> 00:44:30,480
mean this is it's worth a go we've done

1211
00:44:34,910 --> 00:44:32,640
searches for Less interesting things

1212
00:44:37,069 --> 00:44:34,920
with less results I mean look Loch Ness

1213
00:44:38,150 --> 00:44:37,079

Monster look people have done that

1214

00:44:39,710 --> 00:44:38,160

plenty of times haven't they they've

1215

00:44:42,829 --> 00:44:39,720

gone up and down the lock you know with

1216

00:44:44,930 --> 00:44:42,839

all kinds of Technology with submarines

1217

00:44:47,270 --> 00:44:44,940

um you know lots of expeditions for that

1218

00:44:50,210 --> 00:44:47,280

right I I think looking for a crash

1219

00:44:51,950 --> 00:44:50,220

Canadian spaceship is no no wacky than

1220

00:44:54,890 --> 00:44:51,960

looking for a giant plesiosaur in a

1221

00:44:56,930 --> 00:44:54,900

Scottish lake so and the result if you

1222

00:44:59,210 --> 00:44:56,940

found it are far more meaningful than

1223

00:45:01,250 --> 00:44:59,220

finding that pleasure saw right so yeah

1224

00:45:03,170 --> 00:45:01,260

that's another angle so there are things

1225

00:45:05,690 --> 00:45:03,180

that can be done and that they may only

1226

00:45:07,790 --> 00:45:05,700

exclude the reality of those things but

1227

00:45:09,710 --> 00:45:07,800

that's also scientific work right is

1228

00:45:11,569 --> 00:45:09,720

that sometimes you get a null result but

1229

00:45:14,150 --> 00:45:11,579

you exclude that possibility and say

1230

00:45:15,349 --> 00:45:14,160

well we did it you know and it'd be I'm

1231

00:45:17,329 --> 00:45:15,359

sure it would have a lot of public

1232

00:45:19,490 --> 00:45:17,339

interest who said we're looking for a

1233

00:45:21,470 --> 00:45:19,500

crash alien spaceship in the bay I mean

1234

00:45:23,030 --> 00:45:21,480

I imagine that that's going to have some

1235

00:45:25,550 --> 00:45:23,040

benefits but whoever does that right

1236

00:45:28,190 --> 00:45:25,560

even just to advertise their boat

1237

00:45:29,750 --> 00:45:28,200

company or whatever it is you know

1238

00:45:31,069 --> 00:45:29,760

um I think there's a lot of potential in

1239

00:45:32,210 --> 00:45:31,079

those kinds of areas yeah I think there

1240

00:45:34,849 --> 00:45:32,220

are people out there that have skill

1241

00:45:36,950 --> 00:45:34,859

sets and have information maybe have

1242

00:45:39,170 --> 00:45:36,960

artifacts that we can you know

1243

00:45:41,390 --> 00:45:39,180

eventually engage with and find out

1244

00:45:43,069 --> 00:45:41,400

maybe a bit more on that side of it

1245

00:45:44,690 --> 00:45:43,079

again yeah like the ship side of it I

1246

00:45:46,309 --> 00:45:44,700

think it just needs some other people

1247

00:45:47,870 --> 00:45:46,319

with perspectives that I don't

1248

00:45:50,210 --> 00:45:47,880

necessarily appreciate in terms of

1249

00:45:52,069 --> 00:45:50,220

building these Technologies

1250

00:45:53,930 --> 00:45:52,079

um you know I'm obviously self-educating

1251
00:45:56,510 --> 00:45:53,940
as much as I can but like any of us you

1252
00:45:58,730 --> 00:45:56,520
know you can only learn so much as one

1253
00:46:00,950 --> 00:45:58,740
person you know trying to learn multiple

1254
00:46:03,050 --> 00:46:00,960
disciplines for a topic that really

1255
00:46:06,290 --> 00:46:03,060
ranges across uh you know computer

1256
00:46:08,390 --> 00:46:06,300
Technologies Aerospace ancient history

1257
00:46:09,770 --> 00:46:08,400
genetics archeology you know that

1258
00:46:12,410 --> 00:46:09,780
there's

1259
00:46:15,349 --> 00:46:12,420
I'm a reasonably smart person but I

1260
00:46:17,329 --> 00:46:15,359
don't think anyone can know you know

1261
00:46:19,670 --> 00:46:17,339
the full breadth of all those topics

1262
00:46:21,410 --> 00:46:19,680
right that you do need these people in

1263
00:46:23,089 --> 00:46:21,420

these different disciplines

1264

00:46:24,530 --> 00:46:23,099

so that's awesome I mean you really

1265

00:46:27,710 --> 00:46:24,540

delivered it more than I could imagine

1266

00:46:32,569 --> 00:46:27,720

on that what if we moved over to the uh

1267

00:46:35,450 --> 00:46:32,579

genetic component so first recap where

1268

00:46:38,809 --> 00:46:35,460

you took that from the from the

1269

00:46:41,030 --> 00:46:38,819

the channeled material what you found in

1270

00:46:43,730 --> 00:46:41,040

just a very high level thing and then

1271

00:46:45,530 --> 00:46:43,740

where that might go sure yeah so part of

1272

00:46:48,530 --> 00:46:45,540

the information that is given is this I

1273

00:46:49,910 --> 00:46:48,540

was saying the the story tells this tale

1274

00:46:52,309 --> 00:46:49,920

that they're after the destruction of

1275

00:46:54,829 --> 00:46:52,319

this craft that some survivors a few

1276
00:46:57,410 --> 00:46:54,839
survivors come to Earth and that these

1277
00:46:58,970 --> 00:46:57,420
these beings realize they can't survive

1278
00:46:59,990 --> 00:46:58,980
now I should just quickly clarify here

1279
00:47:03,109 --> 00:47:00,000
there's another bit that I found is

1280
00:47:06,170 --> 00:47:03,119
quite logical and fascinating they were

1281
00:47:08,750 --> 00:47:06,180
intending to modify themselves you need

1282
00:47:10,910 --> 00:47:08,760
to genetic Technologies but the loss of

1283
00:47:14,030 --> 00:47:10,920
their craft leaves them only partially

1284
00:47:15,650 --> 00:47:14,040
adapted to this environment and I find

1285
00:47:17,990 --> 00:47:15,660
that's kind of intriguing itself because

1286
00:47:19,250 --> 00:47:18,000
you rarely hear that kind of detail in

1287
00:47:20,390 --> 00:47:19,260
people's stories like the aliens are

1288
00:47:22,190 --> 00:47:20,400

just walking around on Earth you know

1289

00:47:23,690 --> 00:47:22,200

like how how are they doing this you

1290

00:47:26,270 --> 00:47:23,700

know why isn't there problems with the

1291

00:47:27,950 --> 00:47:26,280

air and gravity and you know there's a

1292

00:47:29,990 --> 00:47:27,960

lot of these claims out there but hang

1293

00:47:31,670 --> 00:47:30,000

on if they have the technology just to

1294

00:47:34,130 --> 00:47:31,680

modify themselves to other environments

1295

00:47:35,270 --> 00:47:34,140

that makes good sense I mean NASA is now

1296

00:47:37,430 --> 00:47:35,280

looking at that they're looking at the

1297

00:47:39,290 --> 00:47:37,440

idea of future astronauts being modified

1298

00:47:41,089 --> 00:47:39,300

for space environments so this stuff

1299

00:47:42,530 --> 00:47:41,099

again it sounds at first wacky but we're

1300

00:47:44,270 --> 00:47:42,540

gonna we're not doing that you know

1301

00:47:46,130 --> 00:47:44,280

we're going to do that and so in that

1302

00:47:48,770 --> 00:47:46,140

account they say well we can't survive

1303

00:47:50,870 --> 00:47:48,780

you know the air is affecting them the

1304

00:47:53,210 --> 00:47:50,880

bacteria is affecting them sunlight's

1305

00:47:54,890 --> 00:47:53,220

affecting them so we can't colonize this

1306

00:47:56,089 --> 00:47:54,900

planet and this idea originally is that

1307

00:47:58,130 --> 00:47:56,099

they you know being handed over the

1308

00:47:59,210 --> 00:47:58,140

planet from a more negative group that

1309

00:48:00,650 --> 00:47:59,220

they're going to change this to being

1310

00:48:02,230 --> 00:48:00,660

part of very more I suppose we would

1311

00:48:04,490 --> 00:48:02,240

look at it as a more benevolent

1312

00:48:06,170 --> 00:48:04,500

civilization and a more malevolent

1313

00:48:09,050 --> 00:48:06,180

civilization

1314

00:48:10,790 --> 00:48:09,060

um and so they intend to then instead of

1315

00:48:12,589 --> 00:48:10,800

well I put it as my last substance

1316

00:48:14,930 --> 00:48:12,599

rather than colonizing the planets

1317

00:48:16,670 --> 00:48:14,940

colonized the hominins that live here

1318

00:48:18,290 --> 00:48:16,680

let me interject something there because

1319

00:48:20,930 --> 00:48:18,300

like this is interesting in the way that

1320

00:48:22,930 --> 00:48:20,940

it relates back to the the ship and the

1321

00:48:25,970 --> 00:48:22,940

AI

1322

00:48:27,710 --> 00:48:25,980

allowing Consciousness to come forth and

1323

00:48:29,630 --> 00:48:27,720

no one talks about this enough because

1324

00:48:32,210 --> 00:48:29,640

everyone uh just vapor locks on the

1325

00:48:34,069 --> 00:48:32,220

spiritual thing and um the God thing and

1326

00:48:36,170 --> 00:48:34,079

I just had this terrific interview with

1327

00:48:38,930 --> 00:48:36,180

Mary radwell and I came hammering on

1328

00:48:41,210 --> 00:48:38,940

this issue does ET have an nde you know

1329

00:48:43,309 --> 00:48:41,220

does ET have a Life review is ET going

1330

00:48:47,150 --> 00:48:43,319

through the same kind of re birth

1331

00:48:50,150 --> 00:48:47,160

rebirth learning growing kind of thing

1332

00:48:53,030 --> 00:48:50,160

what you're saying can only really be

1333

00:48:55,550 --> 00:48:53,040

interpreted through that lens right so

1334

00:48:59,150 --> 00:48:55,560

these people are these these beings

1335

00:49:02,230 --> 00:48:59,160

these intelligences see it as the moral

1336

00:49:05,030 --> 00:49:02,240

imperative to bring about some form

1337

00:49:08,089 --> 00:49:05,040

through which Consciousness can continue

1338

00:49:09,530 --> 00:49:08,099

to flow and that is not a technical nuts

1339

00:49:12,410 --> 00:49:09,540

and bolts thing as we would understand

1340

00:49:16,370 --> 00:49:12,420

it it could be but it sure sounds more

1341

00:49:18,950 --> 00:49:16,380

like this kind of spiritual flowering of

1342

00:49:21,290 --> 00:49:18,960

God's love kind of thing without going

1343

00:49:23,030 --> 00:49:21,300

too far there so

1344

00:49:24,950 --> 00:49:23,040

do you want to talk about that for a

1345

00:49:27,170 --> 00:49:24,960

minute because I think that's that's

1346

00:49:29,450 --> 00:49:27,180

right beneath the surface but we don't

1347

00:49:30,829 --> 00:49:29,460

often talk about what that means you

1348

00:49:32,329 --> 00:49:30,839

talked about with the craft but here

1349

00:49:35,030 --> 00:49:32,339

they are kind of doing the same thing

1350

00:49:38,930 --> 00:49:35,040

with their genetic program

1351
00:49:41,690 --> 00:49:38,940
yeah I mean look in a way you can almost

1352
00:49:45,170 --> 00:49:41,700
sum up these beings as like space

1353
00:49:47,450 --> 00:49:45,180
evangelists right so I mean it's not

1354
00:49:50,210 --> 00:49:47,460
just about an expanding Galactic Empire

1355
00:49:52,190 --> 00:49:50,220
you know with this cold robots needing

1356
00:49:54,530 --> 00:49:52,200
more materials or something like that

1357
00:49:56,809 --> 00:49:54,540
which are kind of familiar means in the

1358
00:49:59,569 --> 00:49:56,819
Sci-Fi kind of world but this is a bit

1359
00:50:01,849 --> 00:49:59,579
unfamiliar it's more about a religiosity

1360
00:50:04,069 --> 00:50:01,859
and you know metaphysics and

1361
00:50:06,410 --> 00:50:04,079
spirituality that seem to be a part of

1362
00:50:08,390 --> 00:50:06,420
the framework of this Collective of

1363
00:50:10,430 --> 00:50:08,400

intelligence is out there that they have

1364

00:50:13,370 --> 00:50:10,440

this interest in the idea of you know

1365

00:50:15,109 --> 00:50:13,380

elevating the cosmos you know so that

1366

00:50:18,050 --> 00:50:15,119

it's more like the way that they think

1367

00:50:19,130 --> 00:50:18,060

it should be rather than just that yeah

1368

00:50:20,390 --> 00:50:19,140

we're gonna out and we're just going to

1369

00:50:21,530 --> 00:50:20,400

colonize these planets there's an

1370

00:50:23,329 --> 00:50:21,540

interest they could just colonize any

1371

00:50:26,450 --> 00:50:23,339

other empty planet right I mean it's a

1372

00:50:29,089 --> 00:50:26,460

big big Galaxy so if it was just about

1373

00:50:30,950 --> 00:50:29,099

to expanding your territories I there's

1374

00:50:33,170 --> 00:50:30,960

not any particular focus on coming you

1375

00:50:35,030 --> 00:50:33,180

know in that way right so it's not that

1376

00:50:37,190 --> 00:50:35,040

so they have this whole plan this idea

1377

00:50:39,109 --> 00:50:37,200

that it's important that life on this

1378

00:50:43,010 --> 00:50:39,119

planet is heading in a certain direction

1379

00:50:45,410 --> 00:50:43,020

towards a certain kind of spiritual uh

1380

00:50:48,470 --> 00:50:45,420

perspective and that you know they want

1381

00:50:50,210 --> 00:50:48,480

things to to have the framework here to

1382

00:50:52,190 --> 00:50:50,220

be one that allows an elevating of

1383

00:50:54,710 --> 00:50:52,200

Consciousness and allows beings to be

1384

00:50:55,910 --> 00:50:54,720

free and to experience these higher

1385

00:50:57,410 --> 00:50:55,920

States it seems to me that's kind of

1386

00:50:59,809 --> 00:50:57,420

their mindset is the beings that

1387

00:51:02,030 --> 00:50:59,819

currently hold the planet at that time

1388

00:51:04,490 --> 00:51:02,040

are very unlike that and believe in

1389

00:51:06,829 --> 00:51:04,500

slavery and oppression and using genetic

1390

00:51:08,930 --> 00:51:06,839

Technologies for kind of like Talus and

1391

00:51:10,490 --> 00:51:08,940

cold reasons and and that they don't

1392

00:51:12,490 --> 00:51:10,500

agree with that it's kind of ideological

1393

00:51:14,990 --> 00:51:12,500

differences so they are kind of almost

1394

00:51:16,609 --> 00:51:15,000

evangelizing to these other groups they

1395

00:51:19,430 --> 00:51:16,619

want them to stop doing that they've

1396

00:51:21,290 --> 00:51:19,440

made a negotiation to to hand over the

1397

00:51:23,990 --> 00:51:21,300

planet allow them to bring it back into

1398

00:51:25,549 --> 00:51:24,000

the fold of this other mindset

1399

00:51:26,870 --> 00:51:25,559

um and then this conflict arises where

1400

00:51:28,790 --> 00:51:26,880

there's kind of a betrayal the ships

1401
00:51:31,849 --> 00:51:28,800
destroyed so I mean to me it's it's

1402
00:51:34,790 --> 00:51:31,859
almost more like uh warring religious

1403
00:51:36,710 --> 00:51:34,800
systems than it is simply Empires

1404
00:51:38,450 --> 00:51:36,720
building you know through the darkness

1405
00:51:40,549 --> 00:51:38,460
of space and that's kind of an

1406
00:51:42,049 --> 00:51:40,559
unexpected I think aspect for people

1407
00:51:43,790 --> 00:51:42,059
they don't like to think about you know

1408
00:51:45,410 --> 00:51:43,800
what is the religious View accused of an

1409
00:51:47,569 --> 00:51:45,420
alien race and stuff like that those are

1410
00:51:49,430 --> 00:51:47,579
those are kind of Concepts that you I

1411
00:51:51,290 --> 00:51:49,440
guess you don't have a lot of except for

1412
00:51:53,270 --> 00:51:51,300
a really cerebral science fiction

1413
00:51:55,490 --> 00:51:53,280

perhaps where people go down that route

1414

00:51:57,470 --> 00:51:55,500

of you know what do the aliens really

1415

00:52:00,890 --> 00:51:57,480

want out of the universe because I mean

1416

00:52:02,390 --> 00:52:00,900

we we don't consider that enough I think

1417

00:52:03,829 --> 00:52:02,400

because you know if they have a

1418

00:52:05,210 --> 00:52:03,839

perspective and they think it's the best

1419

00:52:07,609 --> 00:52:05,220

in the same way that we have religions

1420

00:52:09,829 --> 00:52:07,619

who believe that they have the best way

1421

00:52:12,230 --> 00:52:09,839

of living the best ideas the way you

1422

00:52:14,270 --> 00:52:12,240

should do everything right that we we

1423

00:52:16,790 --> 00:52:14,280

don't tend to put that on to aliens you

1424

00:52:19,130 --> 00:52:16,800

know but we can't assume that they don't

1425

00:52:20,390 --> 00:52:19,140

also have some drives like that because

1426

00:52:22,309 --> 00:52:20,400

those are drives that have made US

1427

00:52:23,930 --> 00:52:22,319

expand and do all sorts of things so why

1428

00:52:25,309 --> 00:52:23,940

couldn't those expect you know spend our

1429

00:52:28,370 --> 00:52:25,319

Empires as well

1430

00:52:30,589 --> 00:52:28,380

true and you're also spinning it very

1431

00:52:33,829 --> 00:52:30,599

appropriately in in One Direction which

1432

00:52:37,309 --> 00:52:33,839

is almost like a kind of uh uh Gnostic

1433

00:52:39,290 --> 00:52:37,319

kind of uh way the other is that there's

1434

00:52:43,190 --> 00:52:39,300

a moral imperative that they are in line

1435

00:52:45,470 --> 00:52:43,200

with right so there is ultimately a good

1436

00:52:47,890 --> 00:52:45,480

and a bad there is Choice there is free

1437

00:52:51,710 --> 00:52:47,900

will but ultimately

1438

00:52:54,049 --> 00:52:51,720

ascending to that higher vibration of is

1439

00:52:56,510 --> 00:52:54,059

not only preferred because it doesn't

1440

00:52:59,210 --> 00:52:56,520

always turn out that way but that is

1441

00:53:01,430 --> 00:52:59,220

like go to the data I would throw on the

1442

00:53:03,710 --> 00:53:01,440

table is a near-death experience and

1443

00:53:05,809 --> 00:53:03,720

study it however you want and go to the

1444

00:53:08,870 --> 00:53:05,819

best researchers who say okay give it to

1445

00:53:11,030 --> 00:53:08,880

me straight no religiosity no

1446

00:53:12,410 --> 00:53:11,040

you know just what is it well ninety

1447

00:53:14,809 --> 00:53:12,420

percent of the people come back and say

1448

00:53:16,609 --> 00:53:14,819

it's about love number one it's not

1449

00:53:19,790 --> 00:53:16,619

about a tunnel dead relatives and it is

1450

00:53:23,030 --> 00:53:19,800

it's about love which aligns perfectly

1451

00:53:24,829 --> 00:53:23,040

with what these folks are saying so it

1452

00:53:27,349 --> 00:53:24,839

that also could be another way to

1453

00:53:29,510 --> 00:53:27,359

understand and this is that the moral

1454

00:53:33,710 --> 00:53:29,520

imperative is

1455

00:53:36,770 --> 00:53:33,720

love expansion growth self-development

1456

00:53:39,109 --> 00:53:36,780

learning and there is this other aspect

1457

00:53:42,950 --> 00:53:39,119

which you know kind of creeps in that is

1458

00:53:46,010 --> 00:53:42,960

the control dominate fear a horde kind

1459

00:53:48,770 --> 00:53:46,020

of thing and both exist but one is

1460

00:53:50,569 --> 00:53:48,780

really the direction you know so

1461

00:53:53,270 --> 00:53:50,579

yeah that's the other way to to

1462

00:53:56,089 --> 00:53:53,280

understand this too rather than you know

1463

00:53:58,069 --> 00:53:56,099

the Christians uh you know going and

1464

00:54:00,230 --> 00:53:58,079

fighting the Muslims in the Crusades

1465

00:54:02,390 --> 00:54:00,240

it's like no they're really tuning into

1466

00:54:04,730 --> 00:54:02,400

what we all learned when we were five

1467

00:54:05,809 --> 00:54:04,740

years old in kindergarten and that is we

1468

00:54:08,210 --> 00:54:05,819

know the difference between right and

1469

00:54:10,190 --> 00:54:08,220

wrong and if we do write it doesn't

1470

00:54:12,230 --> 00:54:10,200

always seem like the

1471

00:54:14,390 --> 00:54:12,240

what we want at the time but in the long

1472

00:54:16,309 --> 00:54:14,400

run it's really what we do want which I

1473

00:54:19,790 --> 00:54:16,319

think so I'm not saying that has to be

1474

00:54:22,490 --> 00:54:19,800

true but I'm saying that is uh to me a

1475

00:54:25,190 --> 00:54:22,500

reasonable overlay on this story as as

1476

00:54:26,809 --> 00:54:25,200

you pointed out

1477

00:54:28,609 --> 00:54:26,819

well yeah I mean and and you're quite

1478

00:54:30,890 --> 00:54:28,619

right to touch on say the nde into these

1479

00:54:32,870 --> 00:54:30,900

experiences because look if if all

1480

00:54:33,950 --> 00:54:32,880

conscious beings out there you know

1481

00:54:35,390 --> 00:54:33,960

wherever they are if we assume that

1482

00:54:38,569 --> 00:54:35,400

there's lots of conscious beings out

1483

00:54:40,609 --> 00:54:38,579

there in this unfathomably huge Universe

1484

00:54:43,430 --> 00:54:40,619

um if they all also experience you know

1485

00:54:45,230 --> 00:54:43,440

life you know some sort of manifesting

1486

00:54:47,210 --> 00:54:45,240

of birth whatever we call it for them

1487

00:54:48,530 --> 00:54:47,220

some kind of period of growth and life

1488

00:54:50,510 --> 00:54:48,540

and a period of you know where they are

1489

00:54:52,430 --> 00:54:50,520

dying and deaf and that they have looked

1490

00:54:54,049 --> 00:54:52,440

into that same darkness and that that

1491

00:54:55,970 --> 00:54:54,059

you know that some of them have come

1492

00:54:58,490 --> 00:54:55,980

back from that which stories you know

1493

00:55:00,890 --> 00:54:58,500

that why wouldn't other civilizations be

1494

00:55:02,930 --> 00:55:00,900

in some part Guided by the visions of

1495

00:55:04,910 --> 00:55:02,940

Beyond the Veil you know and and death

1496

00:55:06,470 --> 00:55:04,920

and and if they have synchronicity

1497

00:55:07,970 --> 00:55:06,480

strange synchronicities that happen on

1498

00:55:09,410 --> 00:55:07,980

their world like happen to us here you

1499

00:55:11,210 --> 00:55:09,420

know everyone's probably last tale of a

1500

00:55:12,530 --> 00:55:11,220

strange synchronicity if those happen to

1501

00:55:14,329 --> 00:55:12,540

those beings in their course of

1502

00:55:16,609 --> 00:55:14,339

evolution and development that you know

1503

00:55:17,990 --> 00:55:16,619

why wouldn't they also be have Guided by

1504

00:55:20,270 --> 00:55:18,000

these experiences and if they have

1505

00:55:22,130 --> 00:55:20,280

intuition and psychic events like humans

1506

00:55:25,130 --> 00:55:22,140

have why wouldn't they be guided by

1507

00:55:27,290 --> 00:55:25,140

those so to find some commonality Within

1508

00:55:29,569 --> 00:55:27,300

Canadian being might not be so

1509

00:55:32,450 --> 00:55:29,579

surprising because if those are

1510

00:55:34,549 --> 00:55:32,460

literally kind of parts of the fabric of

1511

00:55:36,530 --> 00:55:34,559

the universe that you know you will have

1512

00:55:38,150 --> 00:55:36,540

an experience of a death type experience

1513

00:55:40,790 --> 00:55:38,160

you will have some of these strange

1514

00:55:42,950 --> 00:55:40,800

guiding senses of synchronicities and

1515

00:55:45,049 --> 00:55:42,960

strange coincidences and you know

1516

00:55:47,089 --> 00:55:45,059

sometimes insights that come from

1517

00:55:51,410 --> 00:55:47,099

nowhere if that is really a universal

1518

00:55:53,150 --> 00:55:51,420

thing then we would expect some overlaps

1519

00:55:54,530 --> 00:55:53,160

with those beings because they would

1520

00:55:56,270 --> 00:55:54,540

have been Guided by some of the same

1521

00:55:58,190 --> 00:55:56,280

stuff that has guided our development

1522

00:55:59,450 --> 00:55:58,200

right so even if it was long ago that it

1523

00:56:01,309 --> 00:55:59,460

was important it would have guided and

1524

00:56:04,549 --> 00:56:01,319

shaped parts of their thinking and that

1525

00:56:06,829 --> 00:56:04,559

their say spirituality uh or religions

1526
00:56:08,030 --> 00:56:06,839
or whatever you would expect some of

1527
00:56:10,190 --> 00:56:08,040
that in there

1528
00:56:12,650 --> 00:56:10,200
so I don't think it's so shocking that

1529
00:56:15,049 --> 00:56:12,660
we'd have overlaps and also if they have

1530
00:56:17,809 --> 00:56:15,059
as this information suggests had a

1531
00:56:19,790 --> 00:56:17,819
guiding effect on Earth well why

1532
00:56:22,130 --> 00:56:19,800
wouldn't we have commonality with them

1533
00:56:24,890 --> 00:56:22,140
again because you know then our thinking

1534
00:56:27,109 --> 00:56:24,900
is is alien thinking right because the

1535
00:56:28,970 --> 00:56:27,119
aliens help give you your thinking so

1536
00:56:31,490 --> 00:56:28,980
when you recognize in them say Well

1537
00:56:33,349 --> 00:56:31,500
they're too similar you know oh why do

1538
00:56:35,990 --> 00:56:33,359

they think stuff that we've well because

1539

00:56:38,390 --> 00:56:36,000

you know they've shaped some of your

1540

00:56:40,790 --> 00:56:38,400

thinking at some point and nudged you in

1541

00:56:42,049 --> 00:56:40,800

a certain direction so again I think if

1542

00:56:45,109 --> 00:56:42,059

you look at it like that we've been sort

1543

00:56:46,309 --> 00:56:45,119

of evangelized cosmic evangelize too and

1544

00:56:47,870 --> 00:56:46,319

that's kind of there in the experience

1545

00:56:50,150 --> 00:56:47,880

there's another angle of the research

1546

00:56:52,130 --> 00:56:50,160

where I'm I'm looking to delve into the

1547

00:56:54,109 --> 00:56:52,140

sub stack is the idea that you know it's

1548

00:56:55,370 --> 00:56:54,119

not just that you can look and see the

1549

00:56:58,250 --> 00:56:55,380

bits of the ship

1550

00:57:00,109 --> 00:56:58,260

or traces of genetic engineering or this

1551
00:57:01,309 --> 00:57:00,119
Cosmic bombardment that's discussed you

1552
00:57:02,870 --> 00:57:01,319
know multi-direction announcements

1553
00:57:04,910 --> 00:57:02,880
probably very big events but also they

1554
00:57:07,670 --> 00:57:04,920
talk about you know teaching us to cook

1555
00:57:09,589 --> 00:57:07,680
right use fire and teaching us about

1556
00:57:12,170 --> 00:57:09,599
spirituality and about living together

1557
00:57:13,970 --> 00:57:12,180
and love and stuff so that you're so if

1558
00:57:15,950 --> 00:57:13,980
you're giving people the you say the

1559
00:57:17,690 --> 00:57:15,960
look of fire that's kind of traceable

1560
00:57:20,210 --> 00:57:17,700
there's people looking at that and we

1561
00:57:22,190 --> 00:57:20,220
now know that at the moment the evidence

1562
00:57:24,589 --> 00:57:22,200
suggests the first cooking fires were

1563
00:57:26,390 --> 00:57:24,599

used about 780 000 years ago well that's

1564

00:57:28,490 --> 00:57:26,400

funny timing isn't Alex considering that

1565

00:57:31,190 --> 00:57:28,500

all the other stuff in this story around

1566

00:57:33,349 --> 00:57:31,200

780 000 years ago so it turns out that

1567

00:57:35,870 --> 00:57:33,359

now cooking fires seem to be first used

1568

00:57:37,849 --> 00:57:35,880

around the same time and on top of that

1569

00:57:41,510 --> 00:57:37,859

you've got this idea they've shaped Us

1570

00:57:43,130 --> 00:57:41,520

by teaching us well humans are the only

1571

00:57:45,770 --> 00:57:43,140

organism on this planet that is

1572

00:57:47,569 --> 00:57:45,780

considered to be self-domesticated

1573

00:57:49,010 --> 00:57:47,579

right well that's funny isn't it it's

1574

00:57:51,170 --> 00:57:49,020

funny how we're the only ones that

1575

00:57:52,670 --> 00:57:51,180

somehow can self-domesticate no other

1576
00:57:56,750 --> 00:57:52,680
animals all the others were domesticated

1577
00:57:58,569 --> 00:57:56,760
by us right so doesn't that suggest that

1578
00:58:01,010 --> 00:57:58,579
maybe just maybe it wasn't

1579
00:58:02,930 --> 00:58:01,020
self-domestication right that that fits

1580
00:58:04,849 --> 00:58:02,940
very much with the idea someone was

1581
00:58:06,890 --> 00:58:04,859
there at the beginning to teach us and

1582
00:58:09,410 --> 00:58:06,900
was teaching us how to be in a certain

1583
00:58:12,170 --> 00:58:09,420
way so we can also look at those like

1584
00:58:14,390 --> 00:58:12,180
non-physical aspects of contact how

1585
00:58:17,150 --> 00:58:14,400
would contact shape us going forward

1586
00:58:19,010 --> 00:58:17,160
right and so that's one of the ways the

1587
00:58:21,770 --> 00:58:19,020
fact that we see like copious evidence

1588
00:58:23,750 --> 00:58:21,780

of domestication I think is is really

1589

00:58:26,450 --> 00:58:23,760

telling because no one's come up with a

1590

00:58:29,630 --> 00:58:26,460

convincing explanation for how any

1591

00:58:31,910 --> 00:58:29,640

organism self-domesticates right if if

1592

00:58:33,650 --> 00:58:31,920

anyone finds it let me know because I

1593

00:58:36,650 --> 00:58:33,660

have seen nothing that sounds sensible

1594

00:58:37,910 --> 00:58:36,660

to me there's other examples where I

1595

00:58:40,430 --> 00:58:37,920

mean I don't go too of Enchanted you

1596

00:58:43,430 --> 00:58:40,440

know I'm like Asperger's we go off in an

1597

00:58:45,470 --> 00:58:43,440

angle but just very quickly there's um a

1598

00:58:46,910 --> 00:58:45,480

hard barrier in like language or

1599

00:58:48,349 --> 00:58:46,920

language is mysterious that's again

1600

00:58:50,210 --> 00:58:48,359

that's considered probably the the

1601
00:58:52,609 --> 00:58:50,220
hardest or second hardest problem in

1602
00:58:54,650 --> 00:58:52,619
Consciousness is language like how did

1603
00:58:56,750 --> 00:58:54,660
we develop this language nobody knows

1604
00:58:58,970 --> 00:58:56,760
nobody understands that he's taken for

1605
00:58:59,990 --> 00:58:58,980
granted it just oh it just developed so

1606
00:59:01,670 --> 00:59:00,000
you look at what the Consciousness

1607
00:59:03,710 --> 00:59:01,680
studies people are saying well

1608
00:59:05,510 --> 00:59:03,720
we haven't got a clue really how that's

1609
00:59:07,670 --> 00:59:05,520
come about this is amazing that we can

1610
00:59:08,870 --> 00:59:07,680
just be thinking these ideas and then

1611
00:59:11,569 --> 00:59:08,880
someone else understands that and they

1612
00:59:13,849 --> 00:59:11,579
get a picture oh yeah that that is way

1613
00:59:16,250 --> 00:59:13,859

weirder than we really ever you know

1614

00:59:18,829 --> 00:59:16,260

think into and where did that come from

1615

00:59:22,010 --> 00:59:18,839

and then later on we get

1616

00:59:24,170 --> 00:59:22,020

um a structure of thinking which allows

1617

00:59:25,849 --> 00:59:24,180

you to put time and place you know in

1618

00:59:27,770 --> 00:59:25,859

the future into your mind so you kind of

1619

00:59:30,049 --> 00:59:27,780

say tomorrow we'll go to the river

1620

00:59:32,450 --> 00:59:30,059

together we'll fish and we'll cook the

1621

00:59:34,609 --> 00:59:32,460

fish and then we'll take then we don't

1622

00:59:35,990 --> 00:59:34,619

think of that as amazing but as far as

1623

00:59:37,789 --> 00:59:36,000

we know no other animals can really do

1624

00:59:40,010 --> 00:59:37,799

that that they we can plot and plan

1625

00:59:42,890 --> 00:59:40,020

across space and time in real complex

1626
00:59:44,690 --> 00:59:42,900
ways turns out that we we don't think we

1627
00:59:47,270 --> 00:59:44,700
could do that until about 70 000 years

1628
00:59:49,730 --> 00:59:47,280
ago when there was a weird brain change

1629
00:59:52,309 --> 00:59:49,740
right and they said not even the brain

1630
00:59:55,010 --> 00:59:52,319
change but you need to be exposed to the

1631
00:59:56,990 --> 00:59:55,020
language system and thinking that allows

1632
00:59:59,089 --> 00:59:57,000
that brain region to switch on and you

1633
01:00:00,650 --> 00:59:59,099
have to be exposed to it by about age

1634
01:00:03,230 --> 01:00:00,660
five or six otherwise you're one of

1635
01:00:05,630 --> 01:00:03,240
these like feral wolf children who never

1636
01:00:08,930 --> 01:00:05,640
really recover right that they can't do

1637
01:00:11,390 --> 01:00:08,940
that so who did who was there like Alex

1638
01:00:12,829 --> 01:00:11,400

who was this teacher that is teaching

1639

01:00:15,770 --> 01:00:12,839

these first children with this weird

1640

01:00:17,390 --> 01:00:15,780

Brain Change how to think in those ways

1641

01:00:18,589 --> 01:00:17,400

because nobody else on the planet is

1642

01:00:20,870 --> 01:00:18,599

supposed to have it it's just like a

1643

01:00:22,789 --> 01:00:20,880

spontaneous mutation and you need

1644

01:00:24,170 --> 01:00:22,799

someone to guide you with it and yet

1645

01:00:26,569 --> 01:00:24,180

somehow okay so there's all these little

1646

01:00:27,410 --> 01:00:26,579

well not little there's all these really

1647

01:00:30,530 --> 01:00:27,420

big

1648

01:00:33,289 --> 01:00:30,540

glaring anomalies in this story that

1649

01:00:34,789 --> 01:00:33,299

that people skip over because you just

1650

01:00:37,010 --> 01:00:34,799

feel like Well there must be a normal

1651
01:00:38,510 --> 01:00:37,020
explanation you know because oh we just

1652
01:00:39,410 --> 01:00:38,520
talk and we just think like that you

1653
01:00:41,210 --> 01:00:39,420
know

1654
01:00:43,069 --> 01:00:41,220
we're not encouraged to question that

1655
01:00:44,809 --> 01:00:43,079
are we Alex I mean we go for our lives

1656
01:00:47,270 --> 01:00:44,819
and it'd be very easy to go through your

1657
01:00:49,250 --> 01:00:47,280
life and never even think how do we talk

1658
01:00:50,930 --> 01:00:49,260
where did that come from it's so basic

1659
01:00:53,150 --> 01:00:50,940
and no one would even ask you to

1660
01:00:55,069 --> 01:00:53,160
question it so I don't know that I think

1661
01:00:57,650 --> 01:00:55,079
there's a lot of angles to this story

1662
01:01:00,109 --> 01:00:57,660
that um we potentially could end up

1663
01:01:01,849 --> 01:01:00,119

going down because you know if it's

1664

01:01:03,890 --> 01:01:01,859

we've been shaped then we can probably

1665

01:01:05,750 --> 01:01:03,900

find you know reverse engineer who we

1666

01:01:08,030 --> 01:01:05,760

are how we think how we speak all this

1667

01:01:11,210 --> 01:01:08,040

stuff back to some kind of formative

1668

01:01:13,490 --> 01:01:11,220

events that have set us apart from the

1669

01:01:15,170 --> 01:01:13,500

other animals in the in this way and

1670

01:01:17,329 --> 01:01:15,180

there are a lot of them seem to have a

1671

01:01:19,970 --> 01:01:17,339

connection to genetics as well you know

1672

01:01:22,250 --> 01:01:19,980

the genetic elements to why we can talk

1673

01:01:23,990 --> 01:01:22,260

why we can do things we can do so it's

1674

01:01:26,030 --> 01:01:24,000

not separate from the anomalies in the

1675

01:01:28,309 --> 01:01:26,040

genome you know it seems that the two

1676

01:01:31,190 --> 01:01:28,319

things go together

1677

01:01:33,829 --> 01:01:31,200

um that's fantastic terrific and and

1678

01:01:35,750 --> 01:01:33,839

let's take it the the other direction in

1679

01:01:38,089 --> 01:01:35,760

terms of forward you know because you've

1680

01:01:40,190 --> 01:01:38,099

got to mainly look back in a really

1681

01:01:41,750 --> 01:01:40,200

super interesting way that supports what

1682

01:01:44,990 --> 01:01:41,760

you're doing what if we look forward

1683

01:01:46,849 --> 01:01:45,000

yeah I I love Dean Raiden even though

1684

01:01:48,890 --> 01:01:46,859

he's kind of been my punching bag lately

1685

01:01:51,710 --> 01:01:48,900

Dr Dean Raiden because he started this

1686

01:01:54,829 --> 01:01:51,720

biotech and the purpose of the biotech

1687

01:01:58,490 --> 01:01:54,839

is hey maybe we could I've been studying

1688

01:02:00,049 --> 01:01:58,500

psychic phenomenon for 30 years I've

1689

01:02:03,650 --> 01:02:00,059

we've even gotten to the point of

1690

01:02:07,069 --> 01:02:03,660

looking at genetic correlates wow what

1691

01:02:10,549 --> 01:02:07,079

if we could jab somebody and then they

1692

01:02:12,470 --> 01:02:10,559

became more psychic or as he speculates

1693

01:02:14,809 --> 01:02:12,480

what if they had a mind that was more of

1694

01:02:16,970 --> 01:02:14,819

a hive mind you know instead of blowing

1695

01:02:18,589 --> 01:02:16,980

each other up we're more like the bees

1696

01:02:19,609 --> 01:02:18,599

we're all kind of working together kind

1697

01:02:22,970 --> 01:02:19,619

of thing

1698

01:02:26,530 --> 01:02:22,980

and I usually kind of roll this into a

1699

01:02:29,150 --> 01:02:26,540

transhumanism a rant you know which

1700

01:02:30,950 --> 01:02:29,160

but here's the other way and let's spin

1701

01:02:33,710 --> 01:02:30,960

it the other way which is where you're

1702

01:02:35,230 --> 01:02:33,720

going which is okay what if that's

1703

01:02:37,609 --> 01:02:35,240

exactly what's happened

1704

01:02:40,250 --> 01:02:37,619

and you know when I just talked to Mary

1705

01:02:42,770 --> 01:02:40,260

Rodwell uh recently who's done

1706

01:02:46,309 --> 01:02:42,780

regressions with thousands of people and

1707

01:02:48,410 --> 01:02:46,319

I really believe her technique is solid

1708

01:02:52,010 --> 01:02:48,420

I think her rigor is really up to par

1709

01:02:54,589 --> 01:02:52,020

and she's uh you know she's worked with

1710

01:02:56,089 --> 01:02:54,599

a lot of other people who have other

1711

01:02:59,510 --> 01:02:56,099

diverse ways of doing it they all come

1712

01:03:02,410 --> 01:02:59,520

to the same conclusion so what does that

1713

01:03:05,690 --> 01:03:02,420

mean in terms of what might the future

1714

01:03:07,730 --> 01:03:05,700

upgrades to the genetic code mean in

1715

01:03:09,890 --> 01:03:07,740

terms of some of these things that we

1716

01:03:13,250 --> 01:03:09,900

don't normally talk about because again

1717

01:03:15,230 --> 01:03:13,260

usually it's anything but those things

1718

01:03:16,990 --> 01:03:15,240

it's like how can we be smarter how can

1719

01:03:19,750 --> 01:03:17,000

we be faster how can we be stronger

1720

01:03:22,730 --> 01:03:19,760

instead of what if it change

1721

01:03:24,650 --> 01:03:22,740

fundamentally the way we related to each

1722

01:03:27,470 --> 01:03:24,660

other what if it changed fundamentally

1723

01:03:29,630 --> 01:03:27,480

to the way that we related to

1724

01:03:31,309 --> 01:03:29,640

Spirit whatever that is or these

1725

01:03:32,870 --> 01:03:31,319

extended Consciousness Realms I'm going

1726

01:03:34,789 --> 01:03:32,880

to quit saying spirit because I don't

1727

01:03:37,569 --> 01:03:34,799

know what any of that means but people

1728

01:03:39,650 --> 01:03:37,579

get the point what do you think on that

1729

01:03:40,849 --> 01:03:39,660

yeah no I mean it's definitely has

1730

01:03:42,470 --> 01:03:40,859

changed on my thinking like because you

1731

01:03:45,349 --> 01:03:42,480

know there's a

1732

01:03:47,329 --> 01:03:45,359

I think if you come at these topics from

1733

01:03:49,430 --> 01:03:47,339

what we would tend to think of yeah like

1734

01:03:52,130 --> 01:03:49,440

a spiritual or metaphysical kind of view

1735

01:03:52,990 --> 01:03:52,140

that we most people in that kind of

1736

01:03:56,150 --> 01:03:53,000

community

1737

01:03:58,730 --> 01:03:56,160

have a fairly strong rejection of

1738

01:04:00,770 --> 01:03:58,740

utilizing say cybernetics and DNA

1739

01:04:03,890 --> 01:04:00,780

changing and then you know that side of

1740

01:04:04,910 --> 01:04:03,900

it but then yeah if if we were to find

1741

01:04:06,950 --> 01:04:04,920

that

1742

01:04:08,450 --> 01:04:06,960

well there's two things we could find

1743

01:04:11,510 --> 01:04:08,460

one thing is we could find that DNA

1744

01:04:14,270 --> 01:04:11,520

itself is a technology it's a biotech

1745

01:04:16,430 --> 01:04:14,280

right developed in an advanced lab on

1746

01:04:18,170 --> 01:04:16,440

some distance world and it's used to

1747

01:04:19,069 --> 01:04:18,180

terraform Barren worlds and I thought

1748

01:04:21,470 --> 01:04:19,079

about that many times because it's

1749

01:04:25,130 --> 01:04:21,480

perfect for it yeah you spray it down

1750

01:04:26,870 --> 01:04:25,140

fly away and it just unfolds and it

1751

01:04:31,609 --> 01:04:26,880

creates a biosphere that will suit that

1752

01:04:33,410 --> 01:04:31,619

world right so if it is biotech then say

1753

01:04:35,329 --> 01:04:33,420

modifying biotech it's not that wild

1754

01:04:38,450 --> 01:04:35,339

really you know and then the other side

1755

01:04:40,849 --> 01:04:38,460

of that is if okay maybe it's not but if

1756

01:04:42,650 --> 01:04:40,859

we individually as humans if we were

1757

01:04:45,170 --> 01:04:42,660

modified as you say we if you've already

1758

01:04:46,309 --> 01:04:45,180

been modified there's not really the

1759

01:04:48,470 --> 01:04:46,319

same argument to say you know we're

1760

01:04:50,329 --> 01:04:48,480

corrupting Nature by doing this well

1761

01:04:53,650 --> 01:04:50,339

hang on a minute we've already been

1762

01:04:56,089 --> 01:04:53,660

derailed down that path so if anything

1763

01:04:58,190 --> 01:04:56,099

maybe we should be looking at the

1764

01:05:00,170 --> 01:04:58,200

patches for where things weren't done

1765

01:05:01,730 --> 01:05:00,180

right and so that's kind of where I'm a

1766

01:05:04,010 --> 01:05:01,740

bit more at is that I don't necessarily

1767

01:05:06,170 --> 01:05:04,020

think we should just go open Pandora's

1768

01:05:08,390 --> 01:05:06,180

box and just create centaurs and stuff

1769

01:05:09,770 --> 01:05:08,400

but at the same time I started thinking

1770

01:05:11,329 --> 01:05:09,780

well hang on I can look and say that

1771

01:05:12,829 --> 01:05:11,339

some of what's been done and this is

1772

01:05:15,410 --> 01:05:12,839

clarified in the story remember they say

1773

01:05:17,630 --> 01:05:15,420

that they don't have the right Tech to

1774

01:05:19,370 --> 01:05:17,640

do this properly and that they see some

1775

01:05:20,990 --> 01:05:19,380

Horrors that are born you know some of

1776

01:05:22,549 --> 01:05:21,000

these first generation it goes horribly

1777

01:05:24,650 --> 01:05:22,559

wrong so again you're just going to make

1778

01:05:26,510 --> 01:05:24,660

up this like sweet story I don't think

1779

01:05:27,770 --> 01:05:26,520

you'd put that in there because they're

1780

01:05:30,049 --> 01:05:27,780

like you know these ones that die they

1781

01:05:32,510 --> 01:05:30,059

bought on that completely messed up they

1782

01:05:34,010 --> 01:05:32,520

die and that they you know carry on

1783

01:05:35,990 --> 01:05:34,020

experimenting so they're basically doing

1784

01:05:38,690 --> 01:05:36,000

it from kind of the first aid kits on

1785

01:05:39,890 --> 01:05:38,700

the on the Escape crafts right so

1786

01:05:41,030 --> 01:05:39,900

although they have this great knowledge

1787

01:05:43,250 --> 01:05:41,040

they don't have everything they would

1788

01:05:46,250 --> 01:05:43,260

have wanted and so if you look at humans

1789

01:05:48,650 --> 01:05:46,260

today there are areas in the genome

1790

01:05:50,569 --> 01:05:48,660

which do amazing things in terms of our

1791

01:05:53,089 --> 01:05:50,579

brain and like you know all these higher

1792

01:05:54,770 --> 01:05:53,099

abilities but they're linked to really

1793

01:05:56,630 --> 01:05:54,780

severe problems particularly like a

1794

01:05:58,069 --> 01:05:56,640

reproductive system and all these things

1795

01:05:59,630 --> 01:05:58,079

that stuff that you wouldn't think would

1796

01:06:01,370 --> 01:05:59,640

be there because Evolution would never

1797

01:06:02,809 --> 01:06:01,380

favor it because it's like horrible

1798

01:06:04,910 --> 01:06:02,819

stuff stuff that's stopping you from

1799

01:06:07,430 --> 01:06:04,920

getting like the propensity for

1800

01:06:09,530 --> 01:06:07,440

miscarriages in in human females for

1801
01:06:11,690 --> 01:06:09,540
example right you don't see any other

1802
01:06:13,789 --> 01:06:11,700
primates you don't see this scale of

1803
01:06:15,650 --> 01:06:13,799
problems elaborate on that a little bit

1804
01:06:17,450 --> 01:06:15,660
Bruce because it's a point that once you

1805
01:06:19,910 --> 01:06:17,460
bring it up once you make it clear

1806
01:06:21,829 --> 01:06:19,920
people go that is strange

1807
01:06:24,410 --> 01:06:21,839
right yeah because if you look at if you

1808
01:06:26,089 --> 01:06:24,420
compare humans to the other primates not

1809
01:06:28,609 --> 01:06:26,099
only do we have an extraordinary

1810
01:06:31,670 --> 01:06:28,619
difficult and painful birth compared to

1811
01:06:33,950 --> 01:06:31,680
them but we have massive problems in

1812
01:06:36,950 --> 01:06:33,960
actually getting pregnant first of all

1813
01:06:38,390 --> 01:06:36,960

uh also a hidden ovulation as well which

1814

01:06:40,549 --> 01:06:38,400

is kind of weird

1815

01:06:43,069 --> 01:06:40,559

um and then on top of that the rate of

1816

01:06:44,930 --> 01:06:43,079

spontaneous abortion very early on

1817

01:06:46,970 --> 01:06:44,940

particularly frankly is enormous

1818

01:06:48,770 --> 01:06:46,980

compared to any other primates and then

1819

01:06:50,569 --> 01:06:48,780

the number of genetic errors and stuff

1820

01:06:52,010 --> 01:06:50,579

that can happen and the you know the

1821

01:06:54,770 --> 01:06:52,020

different problems that you see in the

1822

01:06:57,650 --> 01:06:54,780

in the maturation of infants and in the

1823

01:06:59,990 --> 01:06:57,660

birth process again all of that is

1824

01:07:01,549 --> 01:07:00,000

wildly different and you have millions

1825

01:07:03,289 --> 01:07:01,559

of women who've been through the loss of

1826

01:07:04,490 --> 01:07:03,299

say you know of a chart early on you

1827

01:07:06,770 --> 01:07:04,500

know particularly in pregnancy and

1828

01:07:08,630 --> 01:07:06,780

feeling like what did I do wrong God why

1829

01:07:10,430 --> 01:07:08,640

did it happen to me you know if you

1830

01:07:12,589 --> 01:07:10,440

start to look at these anomalies do you

1831

01:07:14,630 --> 01:07:12,599

realize that oh no no it's a wonder that

1832

01:07:16,910 --> 01:07:14,640

we can have children it's a wonder that

1833

01:07:19,809 --> 01:07:16,920

any of them are making it and these

1834

01:07:23,690 --> 01:07:19,819

genetic errors they can't self-correct

1835

01:07:25,970 --> 01:07:23,700

by selection because they're linked to

1836

01:07:28,010 --> 01:07:25,980

generate it changes they're giving us

1837

01:07:29,750 --> 01:07:28,020

all of these other abilities so you can

1838

01:07:32,690 --> 01:07:29,760

see this it's froze they're frozen in

1839

01:07:35,210 --> 01:07:32,700

nature can't fix it so if nature can't

1840

01:07:36,230 --> 01:07:35,220

fix it what does that leave that only

1841

01:07:38,990 --> 01:07:36,240

leaves

1842

01:07:41,210 --> 01:07:39,000

us you know unnatural forces if you want

1843

01:07:43,970 --> 01:07:41,220

new technologies to then look and say

1844

01:07:47,390 --> 01:07:43,980

well that was done with tech somebody

1845

01:07:50,510 --> 01:07:47,400

has has done that badly can we one day

1846

01:07:51,770 --> 01:07:50,520

learn how to fix that so that you know

1847

01:07:54,289 --> 01:07:51,780

we're not trying to change you into us

1848

01:07:56,630 --> 01:07:54,299

into a cyborg or or you know any of that

1849

01:07:58,130 --> 01:07:56,640

really far out stuff but I definitely

1850

01:08:00,529 --> 01:07:58,140

support the idea that we can now look

1851
01:08:02,870 --> 01:08:00,539
and say some of these things that gave

1852
01:08:05,890 --> 01:08:02,880
us the big brain are doing some horrible

1853
01:08:09,250 --> 01:08:05,900
stuff to children and things right

1854
01:08:12,589 --> 01:08:09,260
ethically I fully support

1855
01:08:14,029 --> 01:08:12,599
fixing those problems because I can I

1856
01:08:17,930 --> 01:08:14,039
believe that they have been done by

1857
01:08:21,110 --> 01:08:17,940
biotech so biotech to fix them feels

1858
01:08:23,090 --> 01:08:21,120
appropriate so that's my my changed view

1859
01:08:25,070 --> 01:08:23,100
on using you know DNA modification

1860
01:08:27,769 --> 01:08:25,080
Technologies is that where we find

1861
01:08:31,070 --> 01:08:27,779
evidence that this is fixed in problems

1862
01:08:33,169 --> 01:08:31,080
caused by somebody that surely we as a

1863
01:08:34,669 --> 01:08:33,179

species have a right to try to fix those

1864

01:08:36,410 --> 01:08:34,679

problems especially if they're not

1865

01:08:37,970 --> 01:08:36,420

coming back to do it or whatever so

1866

01:08:39,289 --> 01:08:37,980

there are other errors like that there's

1867

01:08:41,329 --> 01:08:39,299

a book actually very quickly before we

1868

01:08:43,130 --> 01:08:41,339

got off that topic there's a book called

1869

01:08:44,870 --> 01:08:43,140

human errors

1870

01:08:46,729 --> 01:08:44,880

um which is it was kind of written as a

1871

01:08:48,229 --> 01:08:46,739

response to creationism and the idea

1872

01:08:50,269 --> 01:08:48,239

that we are made by a perfect God

1873

01:08:51,950 --> 01:08:50,279

because he points out a lot of these

1874

01:08:54,590 --> 01:08:51,960

problems and if you read it from the

1875

01:08:56,390 --> 01:08:54,600

perspective of an intervention you start

1876

01:08:58,789 --> 01:08:56,400

doing it some of these problems like I

1877

01:09:01,309 --> 01:08:58,799

say they make no sense in terms of

1878

01:09:03,950 --> 01:09:01,319

natural selection that why why would

1879

01:09:06,950 --> 01:09:03,960

they have ever Arisen you know they're

1880

01:09:08,510 --> 01:09:06,960

so unbeneficial to the organism that

1881

01:09:09,829 --> 01:09:08,520

they should have been swept away at the

1882

01:09:12,050 --> 01:09:09,839

beginning in the first year generation

1883

01:09:14,329 --> 01:09:12,060

but it's that association with other

1884

01:09:16,610 --> 01:09:14,339

things that we have the odd things like

1885

01:09:18,950 --> 01:09:16,620

our complex brain that that you know

1886

01:09:20,809 --> 01:09:18,960

again yeah it really you start to

1887

01:09:23,030 --> 01:09:20,819

realize that yeah there's there's some

1888

01:09:25,910 --> 01:09:23,040

real strange stuff there not just in an

1889

01:09:27,709 --> 01:09:25,920

upgrade conversely it's in our problems

1890

01:09:29,689 --> 01:09:27,719

where you see some of the strangest

1891

01:09:31,910 --> 01:09:29,699

stuff that differentiates us from other

1892

01:09:34,849 --> 01:09:31,920

primates and in many cases all mammals

1893

01:09:36,470 --> 01:09:34,859

right so you've got to say well that's

1894

01:09:38,390 --> 01:09:36,480

our dessert it's odd that we've got all

1895

01:09:40,370 --> 01:09:38,400

these problems that no other organism on

1896

01:09:43,970 --> 01:09:40,380

the planet ended up with

1897

01:09:46,550 --> 01:09:43,980

so Bruce what based on your research and

1898

01:09:49,130 --> 01:09:46,560

again you are kind of reading and

1899

01:09:51,650 --> 01:09:49,140

pulling in stuff so broadly

1900

01:09:53,809 --> 01:09:51,660

what is your best guess your hunch in

1901

01:09:56,570 --> 01:09:53,819

terms of where this is going I'd love to

1902

01:09:59,450 --> 01:09:56,580

think like you're saying that ethical

1903

01:10:02,150 --> 01:09:59,460

standards and reason and caution would

1904

01:10:04,610 --> 01:10:02,160

be applied but we know it best it's

1905

01:10:07,189 --> 01:10:04,620

going to be a mixed case based on The

1906

01:10:08,390 --> 01:10:07,199

Cutting Edge you see right now where do

1907

01:10:10,669 --> 01:10:08,400

you think it's going in the next five

1908

01:10:14,270 --> 01:10:10,679

ten years in terms of the direct

1909

01:10:16,250 --> 01:10:14,280

extension of exogenesis hybrid humans

1910

01:10:17,870 --> 01:10:16,260

where we already see that it's happened

1911

01:10:19,550 --> 01:10:17,880

and now we're reaching that level of

1912

01:10:21,290 --> 01:10:19,560

Technology at least with the first aid

1913

01:10:24,290 --> 01:10:21,300

kit we probably already have the first

1914

01:10:27,649 --> 01:10:24,300

aid kit where do you see it going

1915

01:10:30,229 --> 01:10:27,659

yeah I think in terms of um the genetics

1916

01:10:33,530 --> 01:10:30,239

because we live in a imperfect world and

1917

01:10:35,810 --> 01:10:33,540

we live in uh I'd say a time which is

1918

01:10:38,270 --> 01:10:35,820

you know quite volatile you know it's

1919

01:10:40,550 --> 01:10:38,280

got all sorts of powerful interests that

1920

01:10:42,470 --> 01:10:40,560

are shaping Society in negative ways

1921

01:10:44,830 --> 01:10:42,480

there is pushback more than ever on that

1922

01:10:47,930 --> 01:10:44,840

so a lot of it's going to come down to

1923

01:10:49,970 --> 01:10:47,940

what's the prevailing shaping force in

1924

01:10:51,530 --> 01:10:49,980

our world because you know if it ends up

1925

01:10:54,110 --> 01:10:51,540

that we have you know a fairly

1926

01:10:55,430 --> 01:10:54,120

benevolent structure emerges did we say

1927

01:10:57,290 --> 01:10:55,440

enough's enough

1928

01:10:58,550 --> 01:10:57,300

sick of having

1929

01:11:00,890 --> 01:10:58,560

um these kind of you know offshore

1930

01:11:03,470 --> 01:11:00,900

Banker billionaire types meddling and

1931

01:11:05,450 --> 01:11:03,480

paying for Banker Wars and you know and

1932

01:11:07,250 --> 01:11:05,460

shaping Society to be this weird

1933

01:11:09,410 --> 01:11:07,260

technocracy of you know genetic

1934

01:11:11,750 --> 01:11:09,420

engineered human 2.0 with his

1935

01:11:13,910 --> 01:11:11,760

cybernetics and you know if it really

1936

01:11:16,490 --> 01:11:13,920

goes that way then yeah all Horrors

1937

01:11:19,550 --> 01:11:16,500

Pandora's Box will be opened and it's

1938

01:11:21,350 --> 01:11:19,560

just a flow of horror would come out of

1939

01:11:23,450 --> 01:11:21,360

there you know using everything from

1940

01:11:26,030 --> 01:11:23,460

nanotech to the different kinds of

1941

01:11:29,149 --> 01:11:26,040

Biotech to you know gene splicing stuff

1942

01:11:32,149 --> 01:11:29,159

and I just in that model then I just see

1943

01:11:34,010 --> 01:11:32,159

his careering towards destruction and

1944

01:11:36,110 --> 01:11:34,020

there's so many ways we can do that now

1945

01:11:38,090 --> 01:11:36,120

you know I say with nanotech biotech

1946

01:11:40,729 --> 01:11:38,100

nuclear you know there's plenty of ways

1947

01:11:41,810 --> 01:11:40,739

now we're at that point where we there's

1948

01:11:43,010 --> 01:11:41,820

something someone said and it's almost

1949

01:11:44,930 --> 01:11:43,020

as though we don't want to commit

1950

01:11:47,630 --> 01:11:44,940

suicide we want to make sure it works so

1951

01:11:49,850 --> 01:11:47,640

we've developed like a dozen ways to to

1952

01:11:51,350 --> 01:11:49,860

kill ourselves now so that we just put

1953

01:11:52,790 --> 01:11:51,360

them all out at once I think you know

1954

01:11:54,169 --> 01:11:52,800

it's like that doesn't get me so that we

1955

01:11:55,370 --> 01:11:54,179

all know that we're all that you know so

1956

01:11:58,130 --> 01:11:55,380

we're at that custom bed we really

1957

01:12:00,590 --> 01:11:58,140

really go that way it's hard to see how

1958

01:12:04,070 --> 01:12:00,600

we survive as a species I mean before

1959

01:12:06,110 --> 01:12:04,080

also said 2045 all men will be

1960

01:12:07,850 --> 01:12:06,120

functionally sterile as it stands that's

1961

01:12:09,530 --> 01:12:07,860

the projection by the leading experts is

1962

01:12:11,169 --> 01:12:09,540

that all the Plastics toxins and

1963

01:12:13,970 --> 01:12:11,179

everything that we're heading towards

1964

01:12:16,490 --> 01:12:13,980

cataclysmic events even just on that

1965

01:12:18,050 --> 01:12:16,500

alone right just on our sterility you

1966

01:12:19,790 --> 01:12:18,060

know let alone forget all the others so

1967

01:12:22,490 --> 01:12:19,800

we have so many of these problems if we

1968

01:12:24,350 --> 01:12:22,500

carry on down that path Extinction is

1969

01:12:26,270 --> 01:12:24,360

just it's beckoning it's just very

1970

01:12:29,510 --> 01:12:26,280

clearly so on the other side of it

1971

01:12:32,330 --> 01:12:29,520

though if we do manage to change that

1972

01:12:33,830 --> 01:12:32,340

control structure and we throw off the

1973

01:12:36,350 --> 01:12:33,840

kind of really negative selfish

1974

01:12:38,209 --> 01:12:36,360

influences of a small click if I'd say

1975

01:12:39,410 --> 01:12:38,219

probably about a couple of thousand

1976

01:12:41,689 --> 01:12:39,420

people if you look at it the the

1977

01:12:43,729 --> 01:12:41,699

billionaire and 100 millionaire kind of

1978

01:12:46,310 --> 01:12:43,739

class that within that I'm not saying

1979

01:12:47,930 --> 01:12:46,320

they say all bad guys right but within

1980

01:12:49,550 --> 01:12:47,940

that sort of 2000 odd people with that

1981

01:12:52,610 --> 01:12:49,560

immense wealth

1982

01:12:54,709 --> 01:12:52,620

that they they if that was to shift to a

1983

01:12:56,750 --> 01:12:54,719

more benevolent system you know if that

1984

01:12:58,250 --> 01:12:56,760

even amongst them if that prevailed you

1985

01:13:00,770 --> 01:12:58,260

know I'm sure there's some kind of

1986

01:13:02,510 --> 01:13:00,780

differences of opinions right so if we

1987

01:13:04,310 --> 01:13:02,520

move towards a structure where we are

1988

01:13:06,709 --> 01:13:04,320

benevolent and we want to use these

1989

01:13:09,250 --> 01:13:06,719

Technologies genuinely for the good not

1990

01:13:12,290 --> 01:13:09,260

just to create some kind of I don't know

1991

01:13:14,990 --> 01:13:12,300

hellscape then I could see us actually

1992

01:13:17,630 --> 01:13:15,000

you know yeah fixing genetic errors

1993

01:13:19,970 --> 01:13:17,640

using nanotech to provide materials for

1994

01:13:21,890 --> 01:13:19,980

the third world and you know new new

1995

01:13:22,970 --> 01:13:21,900

energy systems for the world so I know

1996

01:13:24,709 --> 01:13:22,980

it's that thing it's really hard to call

1997

01:13:26,570 --> 01:13:24,719

because I'd say right now we're on that

1998

01:13:29,830 --> 01:13:26,580

you know right on that edge you know the

1999

01:13:32,149 --> 01:13:29,840

precipice where it either becomes

2000

01:13:34,490 --> 01:13:32,159

amazing you know that the Space Age

2001

01:13:36,110 --> 01:13:34,500

future but not in there where we'll

2002

01:13:37,130 --> 01:13:36,120

become a robot but space-age kind of

2003

01:13:39,110 --> 01:13:37,140

future where

2004

01:13:40,490 --> 01:13:39,120

it unfolds that we all sort of share on

2005

01:13:42,410 --> 01:13:40,500

a greater journey I guess got that

2006

01:13:45,410 --> 01:13:42,420

looking inwards and outwards exploring

2007

01:13:49,189 --> 01:13:45,420

space and Inner Space together forever

2008

01:13:51,350 --> 01:13:49,199

um or yeah it's just so awful that I

2009

01:13:52,910 --> 01:13:51,360

think we will be glad to go extinct you

2010

01:13:55,070 --> 01:13:52,920

know that almost like that where you you

2011

01:13:57,110 --> 01:13:55,080

wouldn't want to live in that world that

2012

01:13:59,630 --> 01:13:57,120

those interests are shaping because it

2013

01:14:00,530 --> 01:13:59,640

would be so so awful you know that I

2014

01:14:02,149 --> 01:14:00,540

don't know that's that's kind of where

2015

01:14:03,830 --> 01:14:02,159

I'm at I think though that you know I

2016

01:14:06,770 --> 01:14:03,840

have to be positive on it I say I think

2017

01:14:08,750 --> 01:14:06,780

we will you know just scrape through by

2018

01:14:10,729 --> 01:14:08,760

the seat of our pants

2019

01:14:12,830 --> 01:14:10,739

um realizing how bad it can get you know

2020

01:14:15,470 --> 01:14:12,840

that it's taking us getting right to the

2021

01:14:16,910 --> 01:14:15,480

wire of starting to realize that that

2022

01:14:18,890 --> 01:14:16,920

there are interests who would happily

2023

01:14:20,990 --> 01:14:18,900

drag us into a nuclear war for example

2024

01:14:22,250 --> 01:14:21,000

right that they would have no qualms if

2025

01:14:25,430 --> 01:14:22,260

that they felt was in their best

2026

01:14:28,669 --> 01:14:25,440

interest would have no qualms seeing

2027

01:14:30,950 --> 01:14:28,679

most of the world radiated right uh or

2028

01:14:32,930 --> 01:14:30,960

putting out a virus and just wiping out

2029

01:14:34,550 --> 01:14:32,940

a particular group or something but you

2030

01:14:37,130 --> 01:14:34,560

know those are the kind of mindsets that

2031

01:14:39,890 --> 01:14:37,140

you're dealing with so I think that

2032

01:14:42,410 --> 01:14:39,900

starting to see that very much on the

2033

01:14:43,970 --> 01:14:42,420

global stage more people are realizing

2034

01:14:45,590 --> 01:14:43,980

that this isn't something where you can

2035

01:14:47,270 --> 01:14:45,600

just be like look down and I'm just

2036

01:14:49,910 --> 01:14:47,280

going on with my life you know I don't

2037

01:14:51,290 --> 01:14:49,920

you know I let these other interests we

2038

01:14:53,390 --> 01:14:51,300

can't anymore I think we've realized

2039

01:14:55,370 --> 01:14:53,400

that now they're wielding such dangerous

2040

01:14:58,550 --> 01:14:55,380

you know Powers

2041

01:15:01,130 --> 01:14:58,560

um that everyone is going to have to you

2042

01:15:03,590 --> 01:15:01,140

know wake up help put their feet on the

2043

01:15:06,770 --> 01:15:03,600

brake and say that you know this is not

2044

01:15:08,149 --> 01:15:06,780

the direction for Humanity and this kind

2045

01:15:09,590 --> 01:15:08,159

of information that we're getting out of

2046

01:15:11,209 --> 01:15:09,600

outer ringer and other I think other

2047

01:15:14,990 --> 01:15:11,219

things that are happening you know I

2048

01:15:16,729 --> 01:15:15,000

think are part of the braking system of

2049

01:15:18,169 --> 01:15:16,739

our culture

2050

01:15:19,370 --> 01:15:18,179

um not this alone I'm sure there's a lot

2051

01:15:20,930 --> 01:15:19,380

of other interesting projects things

2052

01:15:22,850 --> 01:15:20,940

happening but I do think that you know

2053

01:15:26,510 --> 01:15:22,860

these projects are emerging at this time

2054

01:15:29,689 --> 01:15:26,520

to make us re-evaluate our place in time

2055

01:15:31,550 --> 01:15:29,699

space Consciousness you know who we are

2056

01:15:33,530 --> 01:15:31,560

where we're going is there a point to

2057

01:15:35,209 --> 01:15:33,540

life you know did someone else out there

2058

01:15:36,830 --> 01:15:35,219

with intelligence have a point for us

2059

01:15:39,169 --> 01:15:36,840

for example you know that they actually

2060

01:15:41,149 --> 01:15:39,179

had you know some idea of where we might

2061

01:15:43,189 --> 01:15:41,159

want to go and have left us some kind of

2062

01:15:45,530 --> 01:15:43,199

clues about what can help a civilization

2063

01:15:46,850 --> 01:15:45,540

survive for hundreds of thousands of

2064

01:15:49,250 --> 01:15:46,860

years you know if they've managed it

2065

01:15:51,890 --> 01:15:49,260

then it's manageable for a start it

2066

01:15:53,630 --> 01:15:51,900

should give us a glimmer of hope

2067

01:15:54,709 --> 01:15:53,640

um because it's in the city field you

2068

01:15:55,970 --> 01:15:54,719

know you know this there's often that

2069

01:15:57,890 --> 01:15:55,980

question well where is everybody if

2070

01:16:00,229 --> 01:15:57,900

everybody's extinct and they've all died

2071

01:16:01,610 --> 01:16:00,239

out then what hope is there for us well

2072

01:16:03,649 --> 01:16:01,620

if it turns out there are many

2073

01:16:05,270 --> 01:16:03,659

civilizations that have become

2074

01:16:06,890 --> 01:16:05,280

technological but then have survived on

2075

01:16:08,090 --> 01:16:06,900

but hundreds of thousands of years well

2076
01:16:10,310 --> 01:16:08,100
then they have found their way through

2077
01:16:11,810 --> 01:16:10,320
the great filter and so if they can then

2078
01:16:13,850 --> 01:16:11,820
so can we so I think a lot of these

2079
01:16:16,850 --> 01:16:13,860
things are kind of hopeful in themselves

2080
01:16:18,530 --> 01:16:16,860
that multiple civilizizers did this oh

2081
01:16:20,630 --> 01:16:18,540
maybe that we can do this you know even

2082
01:16:22,130 --> 01:16:20,640
if we have to ask them for a couple of

2083
01:16:23,570 --> 01:16:22,140
tips here and there

2084
01:16:24,950 --> 01:16:23,580
um which you know we can be humble

2085
01:16:27,169 --> 01:16:24,960
enough to do that whether those are

2086
01:16:29,030 --> 01:16:27,179
aliens or Spirit beings or ancestors

2087
01:16:30,410 --> 01:16:29,040
whatever works for us that maybe we do

2088
01:16:33,410 --> 01:16:30,420

something that need to reach out to

2089

01:16:35,450 --> 01:16:33,420

those metaphysical Realms and say

2090

01:16:37,669 --> 01:16:35,460

got any clues you know any help there

2091

01:16:40,370 --> 01:16:37,679

and in some cases I think it can be

2092

01:16:41,689 --> 01:16:40,380

helpful this is one of those cases

2093

01:16:44,030 --> 01:16:41,699

um I see history is full of them though

2094

01:16:45,350 --> 01:16:44,040

all the tribes and people would say that

2095

01:16:46,850 --> 01:16:45,360

they were guided that they asked the

2096

01:16:48,709 --> 01:16:46,860

spirits for help the spirits told them

2097

01:16:50,450 --> 01:16:48,719

where the Buffalo were or the water was

2098

01:16:52,010 --> 01:16:50,460

and you know that so it's not

2099

01:16:54,350 --> 01:16:52,020

necessarily just about aliens coming and

2100

01:16:56,090 --> 01:16:54,360

you know Cosmic daddy cleaning up our

2101

01:16:57,350 --> 01:16:56,100

mess I don't I don't think that's a

2102

01:16:59,030 --> 01:16:57,360

solution either I think that you know

2103

01:17:00,470 --> 01:16:59,040

but asking for little tips here and

2104

01:17:03,410 --> 01:17:00,480

there from those Realms and from our

2105

01:17:05,390 --> 01:17:03,420

intuition yes looking for a cosmic

2106

01:17:07,010 --> 01:17:05,400

savior no

2107

01:17:08,810 --> 01:17:07,020

um I don't think that's a good idea or

2108

01:17:10,790 --> 01:17:08,820

being dependent on some other

2109

01:17:11,990 --> 01:17:10,800

intelligence because you know if they

2110

01:17:13,430 --> 01:17:12,000

give us all their Technologies or

2111

01:17:15,950 --> 01:17:13,440

something like that then you are just a

2112

01:17:17,689 --> 01:17:15,960

subsidiary right because you know you no

2113

01:17:18,890 --> 01:17:17,699

longer in control of your destiny so I I

2114

01:17:20,450 --> 01:17:18,900

think we should be careful as well at

2115

01:17:21,530 --> 01:17:20,460

the idea that you know aliens will come

2116

01:17:23,990 --> 01:17:21,540

and they'll give us Zero Point

2117

01:17:26,090 --> 01:17:24,000

Technologies well they'll be maintaining

2118

01:17:27,830 --> 01:17:26,100

them and you know we don't know how

2119

01:17:29,930 --> 01:17:27,840

you'll be totally dependent you're just

2120

01:17:32,330 --> 01:17:29,940

a subsidiary so I also think we have to

2121

01:17:34,189 --> 01:17:32,340

be a bit wary on going down that road of

2122

01:17:36,590 --> 01:17:34,199

the alien savior

2123

01:17:39,890 --> 01:17:36,600

uh yeah it's interesting and I think

2124

01:17:42,649 --> 01:17:39,900

that's a natural segue into this third

2125

01:17:45,470 --> 01:17:42,659

category topic that is Central to your

2126
01:17:47,689 --> 01:17:45,480
thesis as spelled out in exogenesis and

2127
01:17:49,729 --> 01:17:47,699
that's the bombardment and I would

2128
01:17:51,590 --> 01:17:49,739
relate it back to something you said

2129
01:17:52,669 --> 01:17:51,600
that I would kind of I think take issue

2130
01:17:55,010 --> 01:17:52,679
with a little bit

2131
01:17:56,990 --> 01:17:55,020
I I think we should resist this idea of

2132
01:17:58,729 --> 01:17:57,000
looking towards we always want to say

2133
01:18:00,830 --> 01:17:58,739
the billionaires or the elite or

2134
01:18:02,810 --> 01:18:00,840
something like that I think what the

2135
01:18:06,050 --> 01:18:02,820
story tells us is that it's a more

2136
01:18:08,030 --> 01:18:06,060
fundamentally spiritual kind of issue

2137
01:18:09,649 --> 01:18:08,040
and I think we see that playing out more

2138
01:18:11,990 --> 01:18:09,659

and more people see it you know the

2139

01:18:13,669 --> 01:18:12,000

United States Super Bowl is a huge event

2140

01:18:15,709 --> 01:18:13,679

around the world and billions of people

2141

01:18:17,510 --> 01:18:15,719

watch it and it's for the last several

2142

01:18:18,890 --> 01:18:17,520

years it's been completely satanic and

2143

01:18:20,810 --> 01:18:18,900

it was again this year and it's just

2144

01:18:22,669 --> 01:18:20,820

overtly satanic and if you sit around

2145

01:18:25,490 --> 01:18:22,679

with a bunch of people like I did who

2146

01:18:29,390 --> 01:18:25,500

are not red pill'd there's this kind of

2147

01:18:30,830 --> 01:18:29,400

quiet kind of like they're stunned into

2148

01:18:34,250 --> 01:18:30,840

silence like

2149

01:18:37,669 --> 01:18:34,260

what the hell did I just say that is so

2150

01:18:39,890 --> 01:18:37,679

incredibly overtly satanic and I think

2151
01:18:42,470 --> 01:18:39,900
that's what's at at play here that's how

2152
01:18:44,290 --> 01:18:42,480
it's playing out and what's interesting

2153
01:18:47,330 --> 01:18:44,300
to me about

2154
01:18:51,050 --> 01:18:47,340
exogenesis and what you've again pulled

2155
01:18:53,709 --> 01:18:51,060
from Valerie burrow but then taken to

2156
01:18:57,169 --> 01:18:53,719
this next level in terms of

2157
01:18:58,910 --> 01:18:57,179
falsification and scientific validation

2158
01:19:03,229 --> 01:18:58,920
of it is

2159
01:19:05,330 --> 01:19:03,239
there are other agendas which if we were

2160
01:19:09,669 --> 01:19:05,340
going to characterize them on this moral

2161
01:19:13,250 --> 01:19:09,679
scale we would say our dark uh harmful

2162
01:19:15,290 --> 01:19:13,260
malevolent agendas so

2163
01:19:18,530 --> 01:19:15,300

what do you where do you where do you

2164

01:19:20,990 --> 01:19:18,540

see that going in the future in terms of

2165

01:19:22,610 --> 01:19:21,000

uh your work and new information that

2166

01:19:25,790 --> 01:19:22,620

you can pull in that would help us

2167

01:19:27,229 --> 01:19:25,800

better understand how we reach that

2168

01:19:29,930 --> 01:19:27,239

point too because that's a very scary

2169

01:19:33,350 --> 01:19:29,940

point in this story and you talk about

2170

01:19:35,930 --> 01:19:33,360

this the one thing that never really

2171

01:19:38,149 --> 01:19:35,940

kind of totally adds up there is you

2172

01:19:41,090 --> 01:19:38,159

talk about sliding through that by the

2173

01:19:43,310 --> 01:19:41,100

skin of the pants it's like no they

2174

01:19:46,070 --> 01:19:43,320

almost destroyed the planet you know so

2175

01:19:48,950 --> 01:19:46,080

it's like that's not that's not

2176

01:19:51,649 --> 01:19:48,960

generally how I would see uh policing

2177

01:19:54,590 --> 01:19:51,659

done or you know the United Nations

2178

01:19:56,510 --> 01:19:54,600

Galactic United Nations thing to well

2179

01:19:57,709 --> 01:19:56,520

hey it might destroy the planet it might

2180

01:19:59,870 --> 01:19:57,719

not it's like when they blow off the

2181

01:20:02,630 --> 01:19:59,880

nuclear bomb hey might totally burn up

2182

01:20:03,470 --> 01:20:02,640

the atmosphere let's see what do you

2183

01:20:06,350 --> 01:20:03,480

think

2184

01:20:08,209 --> 01:20:06,360

couple of things I mean obviously in the

2185

01:20:10,370 --> 01:20:08,219

book when she talks about this other

2186

01:20:12,530 --> 01:20:10,380

group that you know they they

2187

01:20:15,830 --> 01:20:12,540

essentially consider themselves here

2188

01:20:18,110 --> 01:20:15,840

like a cosmic police force but they also

2189

01:20:19,610 --> 01:20:18,120

um it's explained really that they can

2190

01:20:20,930 --> 01:20:19,620

see themselves as being almost like

2191

01:20:22,910 --> 01:20:20,940

perfect do they want you know we know

2192

01:20:25,250 --> 01:20:22,920

best we do what we want to do

2193

01:20:27,290 --> 01:20:25,260

um you know and we can we can destroy a

2194

01:20:29,870 --> 01:20:27,300

planet we can throw a planetary down at

2195

01:20:31,850 --> 01:20:29,880

it and just crack it in bits and so so

2196

01:20:33,890 --> 01:20:31,860

in a way they are what we would probably

2197

01:20:35,689 --> 01:20:33,900

think of in terms of D and D type stuff

2198

01:20:37,790 --> 01:20:35,699

you know chaotic neutral or something

2199

01:20:40,189 --> 01:20:37,800

you know because because although that

2200

01:20:43,070 --> 01:20:40,199

group is considered itself more aligned

2201

01:20:45,470 --> 01:20:43,080

with this peaceful you know Alliance

2202

01:20:47,390 --> 01:20:45,480

like they obviously don't have the same

2203

01:20:49,850 --> 01:20:47,400

mindset you know they're not against the

2204

01:20:52,729 --> 01:20:49,860

idea that when they encounter this other

2205

01:20:54,649 --> 01:20:52,739

you know malevolent Force to use you

2206

01:20:57,649 --> 01:20:54,659

know what we would consider you know

2207

01:21:00,950 --> 01:20:57,659

like absolutely horrendous uh levels of

2208

01:21:02,750 --> 01:21:00,960

you know uh Warfare which you know maybe

2209

01:21:04,310 --> 01:21:02,760

to go and Destroy some of the opponent's

2210

01:21:06,410 --> 01:21:04,320

planets and just wipe them out or

2211

01:21:08,030 --> 01:21:06,420

something you know so that definitely is

2212

01:21:09,709 --> 01:21:08,040

more in the Realms of chaotic neutral

2213

01:21:11,990 --> 01:21:09,719

than you know the the good guy

2214

01:21:13,910 --> 01:21:12,000

benevolent kind of field that we

2215

01:21:17,570 --> 01:21:13,920

normally have with stories of say like

2216

01:21:19,189 --> 01:21:17,580

you know pleadians and beings from

2217

01:21:20,630 --> 01:21:19,199

um you know all these various stars that

2218

01:21:21,770 --> 01:21:20,640

come up in these stories you know we get

2219

01:21:23,570 --> 01:21:21,780

all these stories and they're all good

2220

01:21:26,149 --> 01:21:23,580

guys basically like you know Cosmic

2221

01:21:28,970 --> 01:21:26,159

Angels or something right so you know

2222

01:21:31,130 --> 01:21:28,980

these others that turn up to enforce

2223

01:21:32,870 --> 01:21:31,140

this agreement they definitely don't

2224

01:21:34,610 --> 01:21:32,880

sound like that and they're quite

2225

01:21:36,169 --> 01:21:34,620

willing to do this

2226

01:21:38,149 --> 01:21:36,179

um so that I find is quite interesting

2227

01:21:40,729 --> 01:21:38,159

the way that you know it shows a more

2228

01:21:43,189 --> 01:21:40,739

complex story of alignments that you

2229

01:21:44,990 --> 01:21:43,199

know that yeah that one lot would come

2230

01:21:46,610 --> 01:21:45,000

along kind of peacefully not even on

2231

01:21:49,010 --> 01:21:46,620

their ship and the other lot would

2232

01:21:51,050 --> 01:21:49,020

consider cracking the planet in half if

2233

01:21:52,970 --> 01:21:51,060

they have to you know so

2234

01:21:55,490 --> 01:21:52,980

um that's kind of yeah it kind of makes

2235

01:21:56,689 --> 01:21:55,500

you think you know and also you should

2236

01:21:58,010 --> 01:21:56,699

give some concern you know they say you

2237

01:22:00,410 --> 01:21:58,020

know if these beings are still out there

2238

01:22:02,990 --> 01:22:00,420

and if you know for some reason it got

2239

01:22:05,390 --> 01:22:03,000

to a point where a group like that

2240

01:22:08,990 --> 01:22:05,400

just thought enough's enough you know

2241

01:22:11,810 --> 01:22:09,000

bring down the comment you know I mean

2242

01:22:13,610 --> 01:22:11,820

obviously that should give some pause

2243

01:22:15,350 --> 01:22:13,620

for thought that you know there may not

2244

01:22:16,669 --> 01:22:15,360

be an absolute

2245

01:22:18,709 --> 01:22:16,679

um tolerance level

2246

01:22:21,229 --> 01:22:18,719

for behaviors on our planet and

2247

01:22:24,649 --> 01:22:21,239

particularly if we are heading towards

2248

01:22:26,330 --> 01:22:24,659

alignment with the opposing Force you

2249

01:22:27,410 --> 01:22:26,340

know that there might be a group that

2250

01:22:28,669 --> 01:22:27,420

would stand back and say you've got to

2251

01:22:30,770 --> 01:22:28,679

give them Free Will and the other one

2252

01:22:34,010 --> 01:22:30,780

says no we've just got to blow the

2253

01:22:35,209 --> 01:22:34,020

planet up right so that I think is a

2254

01:22:37,010 --> 01:22:35,219

hard one for people to probably get

2255

01:22:38,570 --> 01:22:37,020

their head round as well that that you

2256

01:22:40,729 --> 01:22:38,580

know it's not as clear-cut as just the

2257

01:22:42,470 --> 01:22:40,739

good and bad and you know good holds off

2258

01:22:44,030 --> 01:22:42,480

and lets you have free will and bad it's

2259

01:22:45,770 --> 01:22:44,040

attacking you that you know that there's

2260

01:22:47,149 --> 01:22:45,780

other influences that may think that

2261

01:22:50,270 --> 01:22:47,159

they're being very good but we would see

2262

01:22:52,810 --> 01:22:50,280

that as you know extraordinarily violent

2263

01:22:54,950 --> 01:22:52,820

aggressive kind of enforcement behavior

2264

01:22:56,149 --> 01:22:54,960

and on top of that I mean look you know

2265

01:23:00,169 --> 01:22:56,159

if we

2266

01:23:02,270 --> 01:23:00,179

can't prove this part but there's this

2267

01:23:04,490 --> 01:23:02,280

other group you know so there's probably

2268

01:23:06,290 --> 01:23:04,500

as being this kind of reptilian humanoid

2269

01:23:08,149 --> 01:23:06,300

group and let's go with reptilians that

2270

01:23:10,010 --> 01:23:08,159

puts people off straight away it's a

2271

01:23:12,709 --> 01:23:10,020

knee-jerk one because we've everyone's

2272

01:23:14,689 --> 01:23:12,719

been 12 years and years is the craziest

2273

01:23:17,149 --> 01:23:14,699

conspiracy theory out there you know

2274

01:23:19,370 --> 01:23:17,159

reptilians live on the earth or that are

2275

01:23:21,649 --> 01:23:19,380

infiltrating our governments and you

2276

01:23:23,390 --> 01:23:21,659

know that is it it's kind of funny it's

2277

01:23:25,729 --> 01:23:23,400

kind of pushed us the most crazy and yet

2278

01:23:28,669 --> 01:23:25,739

in many ways they would be the most

2279

01:23:31,130 --> 01:23:28,679

reasonable sounding aliens because we

2280

01:23:33,169 --> 01:23:31,140

know this planet had saurians you know

2281

01:23:35,270 --> 01:23:33,179

they had dinosaurs and stuff if any

2282

01:23:38,030 --> 01:23:35,280

other kind of intelligent humanoid

2283

01:23:39,649 --> 01:23:38,040

evolved here it's very reasonable to

2284

01:23:41,209 --> 01:23:39,659

think of it being a reptilian humanoid

2285

01:23:43,130 --> 01:23:41,219

so I always think that's kind of an

2286

01:23:45,110 --> 01:23:43,140

ironic thing of the you know the the

2287

01:23:49,790 --> 01:23:45,120

form that should be the most believable

2288

01:23:50,630 --> 01:23:49,800

is the most rejected and laughed at you

2289

01:23:51,649 --> 01:23:50,640

know and there's even been you know

2290

01:23:53,390 --> 01:23:51,659

activities you've written about you know

2291

01:23:54,950 --> 01:23:53,400

the silurian hypothesis the idea there

2292

01:23:56,930 --> 01:23:54,960

may have been an advanced civilization

2293

01:23:58,850 --> 01:23:56,940

in those times and you know going back

2294

01:23:59,930 --> 01:23:58,860

millions of years ago and that we just

2295

01:24:01,729 --> 01:23:59,940

don't see it in the record because it's

2296

01:24:04,729 --> 01:24:01,739

so long ago but that we could have had

2297

01:24:06,530 --> 01:24:04,739

uh you know dinosauroid people that flew

2298

01:24:08,450 --> 01:24:06,540

to the moon so these these aren't

2299

01:24:10,490 --> 01:24:08,460

actually as crazy as people are told

2300

01:24:14,030 --> 01:24:10,500

right and then on top of that if they

2301

01:24:17,030 --> 01:24:14,040

have remained here hidden or in a base

2302

01:24:19,070 --> 01:24:17,040

on the moon or whatever and do continue

2303

01:24:21,169 --> 01:24:19,080

to influence us and that's kind of

2304

01:24:23,030 --> 01:24:21,179

insinuated in in the materials that

2305

01:24:25,250 --> 01:24:23,040

they're not all gone although there's

2306

01:24:27,709 --> 01:24:25,260

this bombardment that there's some of

2307

01:24:29,630 --> 01:24:27,719

them remain and if that is the case and

2308

01:24:31,189 --> 01:24:29,640

obviously there's mythology around the

2309

01:24:32,870 --> 01:24:31,199

world from all sorts of cultures telling

2310

01:24:34,430 --> 01:24:32,880

us that there are these reptilians and

2311

01:24:36,470 --> 01:24:34,440

Christians would talk about demons as

2312

01:24:37,910 --> 01:24:36,480

being reptilian looking you know again

2313

01:24:39,709 --> 01:24:37,920

it's a familiar framework so it's kind

2314

01:24:42,530 --> 01:24:39,719

of funny that we have that dichotomy of

2315

01:24:44,810 --> 01:24:42,540

rejection because they're everywhere in

2316

01:24:46,970 --> 01:24:44,820

our law and in our mythology and then

2317

01:24:49,490 --> 01:24:46,980

you know if they are influencing our

2318

01:24:52,729 --> 01:24:49,500

systems perhaps you know government

2319

01:24:55,610 --> 01:24:52,739

whatever militaries you know if we were

2320

01:24:57,350 --> 01:24:55,620

to choose alignment with them what is

2321

01:24:59,689 --> 01:24:57,360

the consequences of that so if you say

2322

01:25:02,810 --> 01:24:59,699

that we have these openly satanic

2323

01:25:04,370 --> 01:25:02,820

looking practices and a culture that in

2324

01:25:06,350 --> 01:25:04,380

many ways seems to get pushed towards

2325

01:25:07,610 --> 01:25:06,360

that through our mainstream media you

2326

01:25:11,330 --> 01:25:07,620

know that you're being shaped to a

2327

01:25:13,850 --> 01:25:11,340

certain mindset so if if that is

2328

01:25:16,610 --> 01:25:13,860

legitimately part of the story it is

2329

01:25:19,250 --> 01:25:16,620

there a point where you are considered

2330

01:25:21,169 --> 01:25:19,260

to be so like them as that it's time to

2331

01:25:23,050 --> 01:25:21,179

bring down the comment and and again

2332

01:25:25,070 --> 01:25:23,060

that's that's another

2333

01:25:26,390 --> 01:25:25,080

conundrum I think that we have to face

2334

01:25:28,610 --> 01:25:26,400

is that if it's kind of like a great

2335

01:25:30,590 --> 01:25:28,620

choice and that is rather than a war in

2336

01:25:31,910 --> 01:25:30,600

the way that we think of it it being

2337

01:25:34,070 --> 01:25:31,920

that you know you're given the choice

2338

01:25:35,630 --> 01:25:34,080

and that there's other intelligences

2339

01:25:37,669 --> 01:25:35,640

that are standing back and kind of

2340

01:25:38,810 --> 01:25:37,679

manipling a bit but watching you know so

2341

01:25:40,490 --> 01:25:38,820

which way are you going to go you're

2342

01:25:43,189 --> 01:25:40,500

going to go into alignment with this you

2343

01:25:45,050 --> 01:25:43,199

know higher kind of benevolent group or

2344

01:25:46,250 --> 01:25:45,060

this more malevolent group and the in

2345

01:25:48,850 --> 01:25:46,260

the middle of these other ones just

2346

01:25:52,070 --> 01:25:48,860

waiting with the comment just you know

2347

01:25:54,410 --> 01:25:52,080

it catches up quite the uh quite the

2348

01:25:56,149 --> 01:25:54,420

different vision of these kind of cosmic

2349

01:25:59,030 --> 01:25:56,159

stories you know then we're usually

2350

01:26:01,129 --> 01:25:59,040

being projected from whether from sci-fi

2351

01:26:02,990 --> 01:26:01,139

or whether from contact cases you know I

2352

01:26:05,330 --> 01:26:03,000

think it's very different

2353

01:26:06,770 --> 01:26:05,340

um and more believable again I think

2354

01:26:08,810 --> 01:26:06,780

it's more because it's the nuance and

2355

01:26:11,270 --> 01:26:08,820

complexity of this kind of backstory

2356

01:26:12,950 --> 01:26:11,280

that sounds more like real living beings

2357

01:26:15,590 --> 01:26:12,960

and the kind of things that they might

2358

01:26:18,169 --> 01:26:15,600

be pondering instead of you know I guess

2359

01:26:20,390 --> 01:26:18,179

poorly painted caricatures of human

2360

01:26:22,729 --> 01:26:20,400

aliens you know which often we find in

2361

01:26:25,370 --> 01:26:22,739

science fiction uh so it's not as simple

2362

01:26:26,629 --> 01:26:25,380

as stories not a simple story also I

2363

01:26:27,709 --> 01:26:26,639

think the other thing I was just quickly

2364

01:26:30,590 --> 01:26:27,719

touching that as well is that we're told

2365

01:26:32,330 --> 01:26:30,600

that these other beings these reptilians

2366

01:26:34,729 --> 01:26:32,340

that they have a kind of a religious

2367

01:26:36,290 --> 01:26:34,739

system and that they believe in another

2368

01:26:38,629 --> 01:26:36,300

lot of beings these sort of

2369

01:26:39,890 --> 01:26:38,639

inter-dimensional Draco beings who

2370

01:26:41,330 --> 01:26:39,900

they're kind of scared of and that

2371

01:26:44,810 --> 01:26:41,340

they've had in the past give offerings

2372

01:26:46,970 --> 01:26:44,820

to and feed beings to because those feed

2373

01:26:49,430 --> 01:26:46,980

on some kind of energy or Consciousness

2374

01:26:51,530 --> 01:26:49,440

and they just sound like an absolute

2375

01:26:54,169 --> 01:26:51,540

nightmare you know a total nightmare the

2376
01:26:56,570 --> 01:26:54,179
most horrendous horrendous conceivable

2377
01:26:58,910 --> 01:26:56,580
entities imaginable right because they

2378
01:27:01,550 --> 01:26:58,920
literally feed on Consciousness somehow

2379
01:27:03,590 --> 01:27:01,560
I mean that if those are real I mean

2380
01:27:05,090 --> 01:27:03,600
those would be the archetype of the

2381
01:27:07,729 --> 01:27:05,100
devil right this idea that there's some

2382
01:27:09,890 --> 01:27:07,739
being that takes and feeds on Souls

2383
01:27:15,070 --> 01:27:09,900
right that needs all these souls and

2384
01:27:17,870 --> 01:27:15,080
that's kind of again just a really

2385
01:27:19,610 --> 01:27:17,880
I find that one really um you know the

2386
01:27:21,350 --> 01:27:19,620
most horrendous scenario the idea that

2387
01:27:23,750 --> 01:27:21,360
you've been swallowed down into the is

2388
01:27:25,669 --> 01:27:23,760

this endless kind of pit of

2389

01:27:27,110 --> 01:27:25,679

Consciousness within this Draco horde

2390

01:27:29,390 --> 01:27:27,120

they say you're not it's like not being

2391

01:27:32,570 --> 01:27:29,400

quite dead but you're somehow you know

2392

01:27:34,250 --> 01:27:32,580

your your essence being digested into

2393

01:27:36,110 --> 01:27:34,260

this shared consciousness of the Draco

2394

01:27:38,209 --> 01:27:36,120

horde or so it just sounds

2395

01:27:40,010 --> 01:27:38,219

just so horrendous and at the end

2396

01:27:42,649 --> 01:27:40,020

there's supposed to be wars fought in

2397

01:27:45,290 --> 01:27:42,659

the past to push back the straco and the

2398

01:27:47,330 --> 01:27:45,300

beings they've created because they were

2399

01:27:49,850 --> 01:27:47,340

just waging this ceaseless Conquest

2400

01:27:51,350 --> 01:27:49,860

across the the cosmos and that that's

2401

01:27:53,030 --> 01:27:51,360

why there's this Alliance in the first

2402

01:27:55,310 --> 01:27:53,040

place that's doing all this stuff is

2403

01:27:57,350 --> 01:27:55,320

kind of come out of collaboration of

2404

01:27:59,149 --> 01:27:57,360

various worlds you're like oh my God you

2405

01:28:00,770 --> 01:27:59,159

know the horde's coming you know there

2406

01:28:04,310 --> 01:28:00,780

must be allies out there you know that

2407

01:28:05,629 --> 01:28:04,320

so it does seem like there's this just I

2408

01:28:06,890 --> 01:28:05,639

mean I know it's wild I mean it's wild

2409

01:28:08,689 --> 01:28:06,900

stuff and that's why it's you know I

2410

01:28:11,570 --> 01:28:08,699

don't tend to put straight out there

2411

01:28:13,370 --> 01:28:11,580

because it is Wild on one hand I found

2412

01:28:17,090 --> 01:28:13,380

it Wild on the other hand I found it

2413

01:28:18,709 --> 01:28:17,100

strangely uh reverberating with so many

2414

01:28:20,330 --> 01:28:18,719

things we've heard I mean it's just very

2415

01:28:23,270 --> 01:28:20,340

Gnostic it's like right out of the

2416

01:28:26,030 --> 01:28:23,280

Gnostic kind of thing but it is also out

2417

01:28:28,370 --> 01:28:26,040

of our our lore and accounts that people

2418

01:28:30,470 --> 01:28:28,380

have passed on for hundreds and hundreds

2419

01:28:32,390 --> 01:28:30,480

of years recorded history and the eating

2420

01:28:40,850 --> 01:28:32,400

of Souls and the you know that whole

2421

01:28:44,810 --> 01:28:42,950

um you know he's his fancy book about

2422

01:28:47,750 --> 01:28:44,820

the Neanderthals and stuff and in there

2423

01:28:49,970 --> 01:28:47,760

he said you know in Ayahuasca Vision he

2424

01:28:51,290 --> 01:28:49,980

was contacted by this blue lady and you

2425

01:28:52,550 --> 01:28:51,300

know she's all this stuff and she was

2426

01:28:54,590 --> 01:28:52,560

telling him all this stuff and it's got

2427

01:28:56,450 --> 01:28:54,600

these reptilian Draco kind of beings

2428

01:28:59,149 --> 01:28:56,460

they're eating The Souls of the ancient

2429

01:29:01,070 --> 01:28:59,159

hominins and it flies in it is getting

2430

01:29:02,390 --> 01:29:01,080

people to sacrifice humans so they can

2431

01:29:04,010 --> 01:29:02,400

feed on the souls and this was a lot

2432

01:29:06,649 --> 01:29:04,020

easier you know came out during a

2433

01:29:08,270 --> 01:29:06,659

Visionary experience with Ayahuasca I

2434

01:29:09,590 --> 01:29:08,280

mean again it's I was fun that's kind of

2435

01:29:12,410 --> 01:29:09,600

you know just amazing other things to

2436

01:29:13,490 --> 01:29:12,420

keep bubbling up you know yeah and the

2437

01:29:14,930 --> 01:29:13,500

whole place he takes that is so

2438

01:29:16,790 --> 01:29:14,940

interesting I always like to see that

2439

01:29:18,770 --> 01:29:16,800

Mana Zuma on one side is playing that

2440

01:29:20,750 --> 01:29:18,780

game and then you got to conquistadors

2441

01:29:22,850 --> 01:29:20,760

who are playing the same game for a

2442

01:29:24,590 --> 01:29:22,860

different you know we can look at it

2443

01:29:26,750 --> 01:29:24,600

differently but you could also look at

2444

01:29:28,550 --> 01:29:26,760

it as well they're kind of playing the

2445

01:29:29,629 --> 01:29:28,560

same game of you know decimating all

2446

01:29:33,410 --> 01:29:29,639

these Souls

2447

01:29:35,930 --> 01:29:33,420

so this has been fantastic kind of much

2448

01:29:37,189 --> 01:29:35,940

more than I would have even hoped for I

2449

01:29:40,910 --> 01:29:37,199

guess there's one other thing we should

2450

01:29:44,330 --> 01:29:40,920

cover and that's in what ways is

2451

01:29:46,669 --> 01:29:44,340

Valerie's material a bridge too far for

2452

01:29:50,510 --> 01:29:46,679

you in terms of looking at it and going

2453

01:29:52,790 --> 01:29:50,520

okay love her love all the people but I

2454

01:29:56,450 --> 01:29:52,800

think it's a little too

2455

01:29:58,070 --> 01:29:56,460

out there imaginal it's just in the way

2456

01:30:00,229 --> 01:29:58,080

and I don't want to kind of put it down

2457

01:30:02,450 --> 01:30:00,239

I want to rain it back into what we're

2458

01:30:05,510 --> 01:30:02,460

talking about it's part of the

2459

01:30:08,330 --> 01:30:05,520

experience it's part of the phenomenon

2460

01:30:11,990 --> 01:30:08,340

that when you when you listen to The

2461

01:30:14,149 --> 01:30:12,000

Whispers of the spirits you don't sit

2462

01:30:16,910 --> 01:30:14,159

there and you know take it all down

2463

01:30:18,950 --> 01:30:16,920

literally so any thoughts on that

2464

01:30:20,270 --> 01:30:18,960

yeah sure I mean again I'd better commit

2465

01:30:23,149 --> 01:30:20,280

to that you know that we've got many

2466

01:30:25,790 --> 01:30:23,159

people involved in the backstory and if

2467

01:30:28,310 --> 01:30:25,800

you've got 40 odd people involved you

2468

01:30:30,830 --> 01:30:28,320

know there's definitely room there for

2469

01:30:31,910 --> 01:30:30,840

either imaginal or you know I don't know

2470

01:30:33,229 --> 01:30:31,920

according to dishonest but you know

2471

01:30:35,450 --> 01:30:33,239

there's room for someone to make

2472

01:30:37,850 --> 01:30:35,460

something up there's definitely a space

2473

01:30:40,910 --> 01:30:37,860

fair you know imaginal stuff so you know

2474

01:30:42,950 --> 01:30:40,920

obviously I've I've tried to focus my

2475

01:30:46,189 --> 01:30:42,960

efforts on validating what can be

2476

01:30:48,189 --> 01:30:46,199

validated and then recognizing that a

2477

01:30:50,810 --> 01:30:48,199

lot of the rest of that could be true

2478

01:30:53,930 --> 01:30:50,820

and maybe one day find a way to prove it

2479

01:30:56,510 --> 01:30:53,940

but it could be true I can't argue that

2480

01:30:58,910 --> 01:30:56,520

it's true with somebody so I think the

2481

01:31:01,129 --> 01:30:58,920

reader has to then in their own mind

2482

01:31:04,010 --> 01:31:01,139

make that decision of you know what have

2483

01:31:05,689 --> 01:31:04,020

that just seems too extraordinary or too

2484

01:31:07,010 --> 01:31:05,699

unlikely you know because obviously

2485

01:31:09,530 --> 01:31:07,020

there's bits like you said that feel a

2486

01:31:12,890 --> 01:31:09,540

bit unlike or don't mesh well extinction

2487

01:31:14,750 --> 01:31:12,900

of the dinosaurs way off you know so if

2488

01:31:16,129 --> 01:31:14,760

we're going to look at the way the

2489

01:31:19,070 --> 01:31:16,139

technology we have and we're going to

2490

01:31:20,629 --> 01:31:19,080

put some weight behind it as you do and

2491

01:31:22,250 --> 01:31:20,639

saying you know hey let's look at stable

2492

01:31:23,629 --> 01:31:22,260

General and they change and then don't

2493

01:31:25,669 --> 01:31:23,639

we also have to take that same science

2494

01:31:27,830 --> 01:31:25,679

and go well we can point at that and say

2495

01:31:29,149 --> 01:31:27,840

well that's clearly off so what's going

2496

01:31:30,890 --> 01:31:29,159

on there

2497

01:31:32,750 --> 01:31:30,900

yeah sure there's some backstory about

2498

01:31:34,910 --> 01:31:32,760

you know yeah and the dinosaurs now

2499

01:31:36,470 --> 01:31:34,920

whales are involved and you know that

2500

01:31:38,750 --> 01:31:36,480

they represent

2501
01:31:40,189 --> 01:31:38,760
other beings here and you know stuff

2502
01:31:42,590 --> 01:31:40,199
like that where I would be like for me

2503
01:31:45,110 --> 01:31:42,600
you know yeah that stuff feels more like

2504
01:31:47,870 --> 01:31:45,120
into the realm of new age story than

2505
01:31:50,629 --> 01:31:47,880
something that you know I'm willing to

2506
01:31:53,870 --> 01:31:50,639
kind of say that I feel that's real you

2507
01:31:56,270 --> 01:31:53,880
know I think what I felt was real is is

2508
01:31:59,270 --> 01:31:56,280
specifically this story of The Craft the

2509
01:32:00,590 --> 01:31:59,280
visitation the genetic engineering uh

2510
01:32:02,330 --> 01:32:00,600
the bombardment you know this what you

2511
01:32:03,590 --> 01:32:02,340
call I say the core story there's a lot

2512
01:32:05,990 --> 01:32:03,600
of additional things that are talked

2513
01:32:08,270 --> 01:32:06,000

about there outside of that story and

2514

01:32:10,610 --> 01:32:08,280

about the cosmos and about beings and

2515

01:32:12,770 --> 01:32:10,620

where I would put that definitely in the

2516

01:32:15,410 --> 01:32:12,780

bucket if that could well be just you

2517

01:32:17,810 --> 01:32:15,420

know imaginal or from experiences people

2518

01:32:19,610 --> 01:32:17,820

have had in their own spiritual life

2519

01:32:21,530 --> 01:32:19,620

meditation whatever you know and they've

2520

01:32:23,270 --> 01:32:21,540

maybe Blended some of that in because

2521

01:32:24,229 --> 01:32:23,280

they believe it already going into the

2522

01:32:25,430 --> 01:32:24,239

story because a lot of these people are

2523

01:32:27,890 --> 01:32:25,440

in it are mediums you know they're

2524

01:32:30,290 --> 01:32:27,900

psychic mediums healers spiritual people

2525

01:32:31,610 --> 01:32:30,300

who are intuitive people so it makes

2526

01:32:33,950 --> 01:32:31,620

some sense that they're the ones

2527

01:32:36,169 --> 01:32:33,960

remembering past lives or having

2528

01:32:38,030 --> 01:32:36,179

experiences with this turinga artifact

2529

01:32:39,410 --> 01:32:38,040

that she's go because you know those are

2530

01:32:41,689 --> 01:32:39,420

actually sort of people you think would

2531

01:32:43,490 --> 01:32:41,699

pick up on information right so it's a

2532

01:32:45,229 --> 01:32:43,500

kind of Catch-22 people say I've only

2533

01:32:46,490 --> 01:32:45,239

valid being a physicist but if you've

2534

01:32:48,890 --> 01:32:46,500

been a physicist could she have picked

2535

01:32:50,570 --> 01:32:48,900

up on the would the artifact have had

2536

01:32:53,209 --> 01:32:50,580

any effect on her Maybe not maybe you

2537

01:32:55,430 --> 01:32:53,219

have to be psychically aware to have

2538

01:32:56,689 --> 01:32:55,440

contact right so there's a kind of

2539

01:32:59,689 --> 01:32:56,699

Catch-22 but then a lot of those people

2540

01:33:01,910 --> 01:32:59,699

of course are in that world of you know

2541

01:33:04,910 --> 01:33:01,920

holistic healing and and learning about

2542

01:33:08,870 --> 01:33:04,920

philosophical ideas and New Age Concepts

2543

01:33:11,209 --> 01:33:08,880

so I don't think we can you know say

2544

01:33:13,189 --> 01:33:11,219

that they don't have any influence from

2545

01:33:14,750 --> 01:33:13,199

other existing beliefs maybe from other

2546

01:33:17,209 --> 01:33:14,760

channeling or something they've heard

2547

01:33:18,950 --> 01:33:17,219

and I think that creeps its way in there

2548

01:33:20,629 --> 01:33:18,960

in places that they're definitely I

2549

01:33:23,330 --> 01:33:20,639

think there's some coloring of the data

2550

01:33:25,310 --> 01:33:23,340

by people's own beliefs I mean for

2551

01:33:27,830 --> 01:33:25,320

example I mean Valerie believed that

2552

01:33:30,830 --> 01:33:27,840

as you know she she argued that the

2553

01:33:32,090 --> 01:33:30,840

motivite was the ship material so again

2554

01:33:33,229 --> 01:33:32,100

people say that you Cherry Pig you're

2555

01:33:35,810 --> 01:33:33,239

just trying to prove everyone well no

2556

01:33:38,390 --> 01:33:35,820

actually she was quite upset with me for

2557

01:33:40,550 --> 01:33:38,400

saying that it was the australite was

2558

01:33:43,010 --> 01:33:40,560

the mesh with the craft debris because

2559

01:33:45,910 --> 01:33:43,020

she felt it was the moldavite but

2560

01:33:48,709 --> 01:33:45,920

motivite is millions of years old right

2561

01:33:49,790 --> 01:33:48,719

so like you can't mesh it like I said

2562

01:33:52,310 --> 01:33:49,800

with the other these other things they

2563

01:33:54,290 --> 01:33:52,320

don't Mash with science I couldn't argue

2564

01:33:55,610 --> 01:33:54,300

to somebody that moldavite was the ship

2565

01:33:57,770 --> 01:33:55,620

debris because then I'd have to explain

2566

01:33:59,990 --> 01:33:57,780

why all our dating shows it as millions

2567

01:34:01,910 --> 01:34:00,000

of years old but she has a lot of

2568

01:34:06,590 --> 01:34:01,920

experiences with

2569

01:34:08,870 --> 01:34:06,600

the Green Glass as she calls it that you

2570

01:34:11,209 --> 01:34:08,880

know so how are you processing that in

2571

01:34:13,729 --> 01:34:11,219

terms of because now we're having to

2572

01:34:15,890 --> 01:34:13,739

draw some distinctions there that

2573

01:34:17,990 --> 01:34:15,900

are kind of uncomfortable for how we

2574

01:34:19,669 --> 01:34:18,000

process the whole thing how do you deal

2575

01:34:22,910 --> 01:34:19,679

with that

2576

01:34:24,470 --> 01:34:22,920

yeah I mean I I you know I it's a funny

2577

01:34:26,689 --> 01:34:24,480

one because at the same time like my

2578

01:34:28,970 --> 01:34:26,699

wife you know Daniela she she held a

2579

01:34:30,709 --> 01:34:28,980

piece of motivite and she found herself

2580

01:34:33,290 --> 01:34:30,719

what seemed to be coming from that ship

2581

01:34:35,270 --> 01:34:33,300

in an escape pod coming towards it I've

2582

01:34:36,590 --> 01:34:35,280

been seeing the burning ship so why

2583

01:34:38,390 --> 01:34:36,600

would that happen with motorbike if

2584

01:34:40,669 --> 01:34:38,400

moldavite is just an unconnected

2585

01:34:42,050 --> 01:34:40,679

material that has nothing to do with

2586

01:34:43,070 --> 01:34:42,060

this story and yeah and so many people

2587

01:34:45,830 --> 01:34:43,080

report

2588

01:34:48,350 --> 01:34:45,840

holy motivate and having space related

2589

01:34:50,149 --> 01:34:48,360

and Cosmic experiences or profound psych

2590

01:34:53,689 --> 01:34:50,159

experiences right

2591

01:34:55,430 --> 01:34:53,699

um so there is some conundrum there I I

2592

01:34:58,970 --> 01:34:55,440

tend to feel that what we're looking at

2593

01:35:01,729 --> 01:34:58,980

is probably that the All Tech types are

2594

01:35:03,169 --> 01:35:01,739

in some way related to off-world

2595

01:35:05,450 --> 01:35:03,179

intelligence because there's only like

2596

01:35:07,669 --> 01:35:05,460

four strewn Fields it's a really rare

2597

01:35:09,610 --> 01:35:07,679

stuff like so I'm starting to look more

2598

01:35:12,169 --> 01:35:09,620

about it I think they're all to do with

2599

01:35:14,810 --> 01:35:12,179

Interstellar objects and that those

2600

01:35:16,129 --> 01:35:14,820

objects may or may not be technological

2601

01:35:17,990 --> 01:35:16,139

um but that I think that they all have a

2602

01:35:19,189 --> 01:35:18,000

you know probably are technological and

2603

01:35:21,290 --> 01:35:19,199

that they all of them have an

2604

01:35:23,450 --> 01:35:21,300

extraordinary backstory so how do I know

2605

01:35:27,290 --> 01:35:23,460

that mobile device isn't from an earlier

2606

01:35:28,729 --> 01:35:27,300

craft that blew up here and with an AI

2607

01:35:29,990 --> 01:35:28,739

Intelligence on it and all the rest of

2608

01:35:31,729 --> 01:35:30,000

it and it isn't in some way that when

2609

01:35:34,250 --> 01:35:31,739

you hold it you're not connecting to

2610

01:35:36,229 --> 01:35:34,260

another Consciousness that is part of

2611

01:35:38,090 --> 01:35:36,239

that Collective right and so it's

2612

01:35:40,070 --> 01:35:38,100

showing you parts of these stories that

2613

01:35:41,629 --> 01:35:40,080

it also is tapped into I don't know I

2614

01:35:43,010 --> 01:35:41,639

mean you still I can't write that off

2615

01:35:44,689 --> 01:35:43,020

because because people are having

2616

01:35:46,450 --> 01:35:44,699

experiences with it they hold it and

2617

01:35:48,950 --> 01:35:46,460

they have these kind of related

2618

01:35:52,129 --> 01:35:48,960

experiences now I don't know so much

2619

01:35:53,510 --> 01:35:52,139

with australite I haven't heard about as

2620

01:35:55,790 --> 01:35:53,520

much as that it's much more common with

2621

01:35:57,709 --> 01:35:55,800

moldavite than anyone saying I held a

2622

01:35:59,450 --> 01:35:57,719

piece of australite and I saw you know

2623

01:36:00,410 --> 01:35:59,460

and the green stone of course you know

2624

01:36:01,910 --> 01:36:00,420

there's lots of Legends of the

2625

01:36:04,129 --> 01:36:01,920

greenstone

2626

01:36:06,229 --> 01:36:04,139

um The Emerald Tablets the green cup of

2627

01:36:08,030 --> 01:36:06,239

the Grail and you know there's a lot of

2628

01:36:09,950 --> 01:36:08,040

Legends to do with greenstone and

2629

01:36:12,410 --> 01:36:09,960

Visionary experiences and recorded

2630

01:36:14,750 --> 01:36:12,420

information and so I don't think I can

2631

01:36:17,030 --> 01:36:14,760

just dismiss it I just I can't I don't

2632

01:36:19,370 --> 01:36:17,040

believe it's part of that craft I don't

2633

01:36:20,990 --> 01:36:19,380

believe the science fits it so unless

2634

01:36:22,790 --> 01:36:21,000

there's something wrong with our

2635

01:36:24,709 --> 01:36:22,800

understanding of the dating starting to

2636

01:36:25,850 --> 01:36:24,719

do with this craft going through time

2637

01:36:27,530 --> 01:36:25,860

space or something you know you know

2638

01:36:30,290 --> 01:36:27,540

what I mean I it would be happening

2639

01:36:32,629 --> 01:36:30,300

outside of the known science reference

2640

01:36:34,129 --> 01:36:32,639

frame that we have and I don't actually

2641

01:36:35,990 --> 01:36:34,139

dismiss it either I just say I can't

2642

01:36:38,330 --> 01:36:36,000

argue that because I don't see the

2643

01:36:40,189 --> 01:36:38,340

support for it the same with you know

2644

01:36:42,649 --> 01:36:40,199

some of the other aspects in that in

2645

01:36:44,870 --> 01:36:42,659

that material in the book or again you

2646

01:36:47,450 --> 01:36:44,880

know I couldn't absolutely look at the

2647

01:36:49,189 --> 01:36:47,460

date for example what she was given was

2648

01:36:50,689 --> 01:36:49,199

that it was somewhere towards nine

2649

01:36:53,990 --> 01:36:50,699

hundred thousand years ago

2650

01:36:56,510 --> 01:36:54,000

right every bit of evidence I see is for

2651
01:36:58,070 --> 01:36:56,520
around 788 000 years ago after that

2652
01:37:01,250 --> 01:36:58,080
centers in on the best dating of the

2653
01:37:04,310 --> 01:37:01,260
tech type right so that's my focal date

2654
01:37:07,550 --> 01:37:04,320
well that's a hundred and thousand you

2655
01:37:08,750 --> 01:37:07,560
know odd years off from where she feels

2656
01:37:10,310 --> 01:37:08,760
that it should be

2657
01:37:12,169 --> 01:37:10,320
so again this one says you're cherry

2658
01:37:15,110 --> 01:37:12,179
picking to fit someone's story well

2659
01:37:17,870 --> 01:37:15,120
that's quite a big Chasm between what

2660
01:37:20,149 --> 01:37:17,880
she was quite convinced of and what I'm

2661
01:37:22,189 --> 01:37:20,159
convinced of so 900 000 years ago

2662
01:37:25,250 --> 01:37:22,199
moldavite you know it's quite different

2663
01:37:27,050 --> 01:37:25,260

to 78 000 years ago australite you know

2664

01:37:29,450 --> 01:37:27,060

what I mean so so there are there are

2665

01:37:32,270 --> 01:37:29,460

these kind of schisms there in the data

2666

01:37:34,550 --> 01:37:32,280

versus the story and versus her beliefs

2667

01:37:35,750 --> 01:37:34,560

about the story right

2668

01:37:37,790 --> 01:37:35,760

um so that's going to totally makes

2669

01:37:40,189 --> 01:37:37,800

sense of I I have to I've come to the

2670

01:37:43,550 --> 01:37:40,199

thinking that if someone wants to see it

2671

01:37:46,189 --> 01:37:43,560

as that or maybe her story was wrong

2672

01:37:48,709 --> 01:37:46,199

maybe it was

2673

01:37:51,169 --> 01:37:48,719

um influenced by people's thinking or

2674

01:37:54,110 --> 01:37:51,179

whatever it is but if it's LED

2675

01:37:56,570 --> 01:37:54,120

someone to what appears to be objective

2676

01:37:58,790 --> 01:37:56,580

evidence of a contact event even if it's

2677

01:38:00,709 --> 01:37:58,800

a different contact event right maybe

2678

01:38:02,689 --> 01:38:00,719

the other one was made up but then you

2679

01:38:06,410 --> 01:38:02,699

find a real one whilst looking for a

2680

01:38:07,910 --> 01:38:06,420

made-up one right to me that would still

2681

01:38:10,010 --> 01:38:07,920

be an amazing result you know I mean

2682

01:38:11,390 --> 01:38:10,020

it's like well hang on I'm still finding

2683

01:38:13,370 --> 01:38:11,400

that there's this cluster of all the

2684

01:38:14,930 --> 01:38:13,380

same kind of events that are being

2685

01:38:17,270 --> 01:38:14,940

described but they're just a different

2686

01:38:20,209 --> 01:38:17,280

time and not quite the way that those

2687

01:38:21,950 --> 01:38:20,219

sources believed that they happened so

2688

01:38:23,689 --> 01:38:21,960

if it had been that there just wasn't

2689

01:38:25,189 --> 01:38:23,699

you know there wasn't any support it's a

2690

01:38:26,450 --> 01:38:25,199

different thing isn't it but if you then

2691

01:38:28,250 --> 01:38:26,460

find that you know they're saying there

2692

01:38:30,470 --> 01:38:28,260

was this silica ship blew up you find

2693

01:38:32,930 --> 01:38:30,480

silica debris that range from orbit you

2694

01:38:34,550 --> 01:38:32,940

know roughly 780 000 years ago you're

2695

01:38:37,490 --> 01:38:34,560

told that there's this asteroid

2696

01:38:41,510 --> 01:38:37,500

bombardment turns out multiple asteroids

2697

01:38:42,649 --> 01:38:41,520

hit Earth around between uh 777 and 90

2698

01:38:44,450 --> 01:38:42,659

000 years ago they believe all at the

2699

01:38:46,669 --> 01:38:44,460

same time so again it does seem this

2700

01:38:49,310 --> 01:38:46,679

multi-directional Cosmic bombardment is

2701

01:38:51,590 --> 01:38:49,320

also real and then on top of that that

2702

01:38:54,110 --> 01:38:51,600

there's genetic engineering uh at the

2703

01:38:56,810 --> 01:38:54,120

same time and now we know that uh the

2704

01:38:58,310 --> 01:38:56,820

early archaic lineage of the first

2705

01:39:00,950 --> 01:38:58,320

neanderthals downstairs on us is

2706

01:39:03,709 --> 01:39:00,960

basically diverging around 800 000 years

2707

01:39:05,930 --> 01:39:03,719

ago so again so if you're like free for

2708

01:39:08,030 --> 01:39:05,940

free on the events that they're talking

2709

01:39:10,070 --> 01:39:08,040

about even if they're a different time

2710

01:39:11,450 --> 01:39:10,080

and even if the material they talked

2711

01:39:13,669 --> 01:39:11,460

about is a bit different

2712

01:39:14,990 --> 01:39:13,679

that to me doesn't invalidate it someone

2713

01:39:17,330 --> 01:39:15,000

else might say well it's a different

2714

01:39:18,770 --> 01:39:17,340

story then is it or something well I

2715

01:39:21,110 --> 01:39:18,780

can't tell you for sure but I can say

2716

01:39:23,090 --> 01:39:21,120

that it's it's weird that all the events

2717

01:39:26,390 --> 01:39:23,100

are there now

2718

01:39:29,390 --> 01:39:26,400

it could be there are in standard dating

2719

01:39:30,950 --> 01:39:29,400

um you know geological dating is off it

2720

01:39:33,110 --> 01:39:30,960

could be that these intelligences for

2721

01:39:35,149 --> 01:39:33,120

some reason obscured the date and that

2722

01:39:36,649 --> 01:39:35,159

you know why they do that maybe the same

2723

01:39:37,850 --> 01:39:36,659

reasons that like we said earlier that a

2724

01:39:40,550 --> 01:39:37,860

lot of people have had information given

2725

01:39:42,169 --> 01:39:40,560

to them that is partly false now we

2726

01:39:44,209 --> 01:39:42,179

don't know why that is we don't know why

2727

01:39:47,030 --> 01:39:44,219

an intelligence would give someone 80

2728

01:39:49,250 --> 01:39:47,040

real stuff but say we don't think we

2729

01:39:50,510 --> 01:39:49,260

should tell another bit because we do

2730

01:39:52,490 --> 01:39:50,520

that stuff that's like how

2731

01:39:54,770 --> 01:39:52,500

misinformation disinformation and

2732

01:39:56,330 --> 01:39:54,780

propaganda that works right off you know

2733

01:39:59,090 --> 01:39:56,340

there's a lot of information that's true

2734

01:40:01,550 --> 01:39:59,100

and then you throw in something else so

2735

01:40:03,770 --> 01:40:01,560

they may well have their own agendas as

2736

01:40:05,390 --> 01:40:03,780

intelligent beings and they may prefer

2737

01:40:07,669 --> 01:40:05,400

it that way maybe they don't want to

2738

01:40:09,169 --> 01:40:07,679

make it too easy for you right and just

2739

01:40:10,729 --> 01:40:09,179

say oh it's on a platter maybe you're

2740

01:40:12,770 --> 01:40:10,739

supposed to do some work and find out

2741

01:40:14,270 --> 01:40:12,780

some of this and and show that it's not

2742

01:40:17,149 --> 01:40:14,280

quite the way that they've been told for

2743

01:40:19,370 --> 01:40:17,159

some lesson that we need maybe that not

2744

01:40:21,290 --> 01:40:19,380

to trust 100 the things you're told by

2745

01:40:23,330 --> 01:40:21,300

intelligences again and I said that's

2746

01:40:25,129 --> 01:40:23,340

the lesson I learned in my life so it

2747

01:40:26,030 --> 01:40:25,139

wouldn't surprise me if on some other

2748

01:40:28,310 --> 01:40:26,040

scale

2749

01:40:29,750 --> 01:40:28,320

they also do that a bit on their bigger

2750

01:40:32,209 --> 01:40:29,760

stories that you're supposed to actually

2751

01:40:34,310 --> 01:40:32,219

question and not just swallow it and say

2752

01:40:36,169 --> 01:40:34,320

well 900 000 years ago they came here in

2753

01:40:38,149 --> 01:40:36,179

a motorbike ship and it's that maybe

2754

01:40:40,010 --> 01:40:38,159

you're meant to fact check them and that

2755

01:40:41,570 --> 01:40:40,020

they might be pleased to see that you

2756

01:40:43,010 --> 01:40:41,580

did that and say oh you know they

2757

01:40:44,510 --> 01:40:43,020

actually bothered to check instead of

2758

01:40:46,669 --> 01:40:44,520

just swallowing it because we are higher

2759

01:40:48,770 --> 01:40:46,679

beings you know that that's not what we

2760

01:40:50,629 --> 01:40:48,780

want from them so that would be my kind

2761

01:40:52,070 --> 01:40:50,639

of hypothesis is that you know that

2762

01:40:53,570 --> 01:40:52,080

perhaps yeah they don't want us to do

2763

01:40:55,550 --> 01:40:53,580

that and that there's a mistake just to

2764

01:40:58,729 --> 01:40:55,560

swallow it that you are supposed to go

2765

01:41:01,669 --> 01:40:58,739

through and critically analyze these

2766

01:41:04,550 --> 01:41:01,679

stories and decide for yourself a what

2767

01:41:07,370 --> 01:41:04,560

is supportable by evidence B what is

2768

01:41:10,970 --> 01:41:07,380

reasonable to suspect to be true and see

2769

01:41:13,010 --> 01:41:10,980

what appears to be just garbage woven in

2770

01:41:15,649 --> 01:41:13,020

yeah that's that's wonderfully uh

2771

01:41:18,770 --> 01:41:15,659

nuanced and I think that's where we have

2772

01:41:20,810 --> 01:41:18,780

to continue to go is kind of more subtle

2773

01:41:23,030 --> 01:41:20,820

I mean maybe it is the fill up

2774

01:41:25,250 --> 01:41:23,040

experiment all over again I'm drawn to

2775

01:41:27,050 --> 01:41:25,260

your a core story because I think we

2776

01:41:29,750 --> 01:41:27,060

have a lot of evidence of that from

2777

01:41:32,270 --> 01:41:29,760

other uh paranormal experiences that

2778

01:41:35,149 --> 01:41:32,280

people have in readings and dreams in

2779

01:41:36,770 --> 01:41:35,159

past life regression where

2780

01:41:39,530 --> 01:41:36,780

sometimes there is the trickster element

2781

01:41:41,330 --> 01:41:39,540

of it but also I I think what you

2782

01:41:43,729 --> 01:41:41,340

brought to the table with

2783

01:41:46,070 --> 01:41:43,739

Evolution as it relates to language as

2784

01:41:48,530 --> 01:41:46,080

it relates to processing information I'm

2785

01:41:50,689 --> 01:41:48,540

always I think it's extraordinary that

2786

01:41:53,510 --> 01:41:50,699

the download experience is always the

2787

01:41:56,390 --> 01:41:53,520

same story of I knew everything and then

2788

01:41:58,850 --> 01:41:56,400

I returned to this form and I knew a

2789

01:42:01,370 --> 01:41:58,860

thumbnail and it would make sense to me

2790

01:42:04,010 --> 01:42:01,380

that that's what's going on all the time

2791

01:42:05,390 --> 01:42:04,020

and we're just not aware of it so if

2792

01:42:06,950 --> 01:42:05,400

you're channeling Channel and channeling

2793

01:42:08,750 --> 01:42:06,960

and you're think you're channeling and

2794

01:42:11,030 --> 01:42:08,760

up there they're going

2795

01:42:12,890 --> 01:42:11,040

you got it wrong then I tried to tell

2796

01:42:13,970 --> 01:42:12,900

you as clearly as possible how did you

2797

01:42:16,550 --> 01:42:13,980

get it that way and you're like no no no

2798

01:42:17,750 --> 01:42:16,560

no no it's a Shakespeare play I saw it I

2799

01:42:19,850 --> 01:42:17,760

know the whole thing you know what I

2800

01:42:22,970 --> 01:42:19,860

mean that that to me just Rings true

2801

01:42:25,430 --> 01:42:22,980

because we see it in in humans all the

2802

01:42:27,410 --> 01:42:25,440

time you know and we see it also I would

2803

01:42:28,609 --> 01:42:27,420

just add one other piece because I heard

2804

01:42:30,709 --> 01:42:28,619

this the other day I think it's so so

2805

01:42:32,090 --> 01:42:30,719

true you know it's like we know this

2806

01:42:33,169 --> 01:42:32,100

from personal experience in our family

2807

01:42:34,490 --> 01:42:33,179

you know you get together with your

2808

01:42:35,870 --> 01:42:34,500

family your brothers and sisters you go

2809

01:42:38,030 --> 01:42:35,880

remember that trip to the lake when we

2810

01:42:41,390 --> 01:42:38,040

were seven years old and Dad tipped over

2811

01:42:43,430 --> 01:42:41,400

the canoe and the other kid goes no you

2812

01:42:45,290 --> 01:42:43,440

tipped over the canoe Dad wasn't even on

2813

01:42:48,669 --> 01:42:45,300

the canoe he was on Shore and it's like

2814

01:42:51,950 --> 01:42:48,679

what do you know so we all understand

2815

01:42:54,590 --> 01:42:51,960

that part of it there's so many things

2816

01:42:56,090 --> 01:42:54,600

that are in play again the nuanced thing

2817

01:42:57,229 --> 01:42:56,100

is the only way to even try and get

2818

01:42:59,810 --> 01:42:57,239

close to it

2819

01:43:02,149 --> 01:42:59,820

yeah absolutely memories and you know we

2820

01:43:04,490 --> 01:43:02,159

know memories can be wrong and none of

2821

01:43:06,950 --> 01:43:04,500

us are perfect Witnesses and none of us

2822

01:43:09,649 --> 01:43:06,960

are perfectly receiving and passing on

2823

01:43:11,750 --> 01:43:09,659

information so yeah even if you had an

2824

01:43:13,310 --> 01:43:11,760

accurate story given to you you know

2825

01:43:15,229 --> 01:43:13,320

it's a good chance you'd pass on some

2826

01:43:17,689 --> 01:43:15,239

parts wrong you know if it's Visionary

2827

01:43:19,430 --> 01:43:17,699

experiential and past life memories you

2828

01:43:21,169 --> 01:43:19,440

know because that's a whole thing in

2829

01:43:22,550 --> 01:43:21,179

itself again even if the memories are

2830

01:43:24,350 --> 01:43:22,560

real doesn't mean that some of them are

2831

01:43:25,550 --> 01:43:24,360

not shaped by you you know that they can

2832

01:43:27,470 --> 01:43:25,560

be a real story that even in this

2833

01:43:30,169 --> 01:43:27,480

lifetime and say that you don't remember

2834

01:43:31,669 --> 01:43:30,179

right so if you did live a life a long

2835

01:43:33,350 --> 01:43:31,679

time ago and you remembered stuff from

2836

01:43:35,390 --> 01:43:33,360

it there's a good chance that that is

2837

01:43:36,890 --> 01:43:35,400

not accurate because we're starting to

2838

01:43:38,450 --> 01:43:36,900

understand that the nature of memory is

2839

01:43:39,709 --> 01:43:38,460

that it reshapes and it's actually

2840

01:43:42,890 --> 01:43:39,719

trying to provide you with the most

2841

01:43:44,149 --> 01:43:42,900

useful version of the story or the story

2842

01:43:46,729 --> 01:43:44,159

that you know or the one that makes the

2843

01:43:49,250 --> 01:43:46,739

most sense now is not trying to give you

2844

01:43:50,750 --> 01:43:49,260

the 100 accurate recall and that we I

2845

01:43:52,370 --> 01:43:50,760

think we most people don't realize that

2846

01:43:53,930 --> 01:43:52,380

that's not what memories about really

2847

01:43:55,370 --> 01:43:53,940

it's more about keeping you alive and

2848

01:43:57,169 --> 01:43:55,380

going so sometimes you edits something

2849

01:43:59,209 --> 01:43:57,179

so that it's in your advantage to

2850

01:44:01,550 --> 01:43:59,219

remember in a different way and it will

2851

01:44:02,810 --> 01:44:01,560

change it for you right so I don't see

2852

01:44:04,669 --> 01:44:02,820

why that couldn't happen with

2853

01:44:07,070 --> 01:44:04,679

extraordinary events Visionary

2854

01:44:08,570 --> 01:44:07,080

experiences past life memories and with

2855

01:44:10,129 --> 01:44:08,580

past life memories again I mean this is

2856

01:44:12,770 --> 01:44:10,139

a big knee-jerk rejection for that but

2857

01:44:14,450 --> 01:44:12,780

you know if you go back to the work of a

2858

01:44:15,770 --> 01:44:14,460

professor Ian Stevens and I think you

2859

01:44:17,270 --> 01:44:15,780

know a lot of your listeners will be

2860

01:44:19,550 --> 01:44:17,280

familiar with that other people may not

2861

01:44:21,830 --> 01:44:19,560

be but you know he got to a point where

2862

01:44:23,689 --> 01:44:21,840

the evidence was so compelling that even

2863

01:44:25,370 --> 01:44:23,699

like the Uber Skeptics and even Carl

2864

01:44:26,990 --> 01:44:25,380

Texas you know all the you know the

2865

01:44:28,250 --> 01:44:27,000

Paranormal type claims the ones that are

2866

01:44:30,050 --> 01:44:28,260

worth looking at you know that was in

2867

01:44:32,209 --> 01:44:30,060

his list of like three of them and one

2868

01:44:35,090 --> 01:44:32,219

of them was The Reincarnation work of

2869

01:44:37,070 --> 01:44:35,100

Ian Stevenson because it is so solid the

2870

01:44:39,350 --> 01:44:37,080

guy's just gone through you know

2871

01:44:41,209 --> 01:44:39,360

hundreds and hundreds of these cases of

2872

01:44:43,490 --> 01:44:41,219

children with these memories and

2873

01:44:45,050 --> 01:44:43,500

matching scars to where they they say

2874

01:44:47,270 --> 01:44:45,060

they were killed in the past life and

2875

01:44:49,669 --> 01:44:47,280

tracking down families the kids are

2876

01:44:51,830 --> 01:44:49,679

convincing the families you know the

2877

01:44:53,510 --> 01:44:51,840

work was done to such a high standard

2878

01:44:55,430 --> 01:44:53,520

that you know all the Skeptics were kind

2879

01:44:56,990 --> 01:44:55,440

of like well yeah you know but let's

2880

01:44:59,390 --> 01:44:57,000

just ignore it you know rather than sort

2881

01:45:01,189 --> 01:44:59,400

of debating and defeating him in some

2882

01:45:03,290 --> 01:45:01,199

kind of idol to combat he was more like

2883

01:45:05,930 --> 01:45:03,300

swept under the rug because the reality

2884

01:45:08,930 --> 01:45:05,940

was it seemed extraordinary compelling

2885

01:45:11,390 --> 01:45:08,940

that there is some kind of passing on of

2886

01:45:15,290 --> 01:45:11,400

information across Generations that

2887

01:45:17,209 --> 01:45:15,300

resembles reincarnation in some form no

2888

01:45:18,950 --> 01:45:17,219

one knows exactly what that form is or

2889

01:45:21,950 --> 01:45:18,960

why it's happening but what he found is

2890

01:45:23,990 --> 01:45:21,960

something like that is happening so if

2891

01:45:26,149 --> 01:45:24,000

if you take that on board and then we

2892

01:45:27,950 --> 01:45:26,159

have 40 odd people

2893

01:45:29,750 --> 01:45:27,960

who seem to have reincarnational

2894

01:45:31,310 --> 01:45:29,760

memories now if you accept the premise

2895

01:45:32,750 --> 01:45:31,320

of reincarnation then the other

2896

01:45:34,970 --> 01:45:32,760

interesting thing about Valerie's story

2897

01:45:38,270 --> 01:45:34,980

is this is to my knowledge the largest

2898

01:45:40,910 --> 01:45:38,280

ever group reincarnation case in the in

2899

01:45:42,649 --> 01:45:40,920

the files of reincarnation studies the

2900

01:45:45,109 --> 01:45:42,659

only other one like that which I

2901

01:45:46,970 --> 01:45:45,119

mentioned in my book is the kaphas The

2902

01:45:49,070 --> 01:45:46,980

Reincarnation of the cafras which which

2903

01:45:50,870 --> 01:45:49,080

actually happened not far from me about

2904

01:45:53,390 --> 01:45:50,880

30 miles away there was a psychologist

2905

01:45:54,530 --> 01:45:53,400

down in bath and he started to have all

2906

01:45:56,810 --> 01:45:54,540

these clients coming to him and they

2907

01:45:59,870 --> 01:45:56,820

were all remembering the same period

2908

01:46:02,510 --> 01:45:59,880

this life as Cafe's where they ended up

2909

01:46:04,790 --> 01:46:02,520

you know being executed and you know the

2910

01:46:06,290 --> 01:46:04,800

fall of The Last Cafe stronghold and all

2911

01:46:08,750 --> 01:46:06,300

this but they were all and they were the

2912

01:46:10,669 --> 01:46:08,760

names of the people matched up they had

2913

01:46:13,010 --> 01:46:10,679

to find some guy that you know was a

2914

01:46:14,209 --> 01:46:13,020

specialist archivist in the well you

2915

01:46:16,729 --> 01:46:14,219

know this this is not that you could

2916

01:46:18,830 --> 01:46:16,739

walk into a library and find people were

2917

01:46:20,990 --> 01:46:18,840

checking in the archives in obscure

2918

01:46:22,790 --> 01:46:21,000

libraries and finding the names that

2919

01:46:24,470 --> 01:46:22,800

these people came out with as real

2920

01:46:26,870 --> 01:46:24,480

kaffirs and you know they were

2921

01:46:28,910 --> 01:46:26,880

considered Heretics were bad I mean this

2922

01:46:31,910 --> 01:46:28,920

is a wild step that people is poorly

2923

01:46:35,450 --> 01:46:31,920

known and poorly appreciated for how

2924

01:46:37,010 --> 01:46:35,460

compelling these cases are right so I

2925

01:46:38,629 --> 01:46:37,020

mean it's easy to say well you know he

2926

01:46:40,729 --> 01:46:38,639

starts saying about these people having

2927

01:46:42,709 --> 01:46:40,739

reincarnation memories oh you know it's

2928

01:46:44,990 --> 01:46:42,719

absurd well it is absurd if you just

2929

01:46:46,729 --> 01:46:45,000

ignore the whole wealth of supporting

2930

01:46:49,010 --> 01:46:46,739

evidence that reincarnation is a real

2931

01:46:50,629 --> 01:46:49,020

thing that there is some aspect of us

2932

01:46:53,149 --> 01:46:50,639

that either continues or picks up

2933

01:46:55,010 --> 01:46:53,159

information from other people's lives in

2934

01:46:57,350 --> 01:46:55,020

the past you know I don't know the

2935

01:46:58,970 --> 01:46:57,360

absolute answer for what it is why it is

2936

01:47:01,129 --> 01:46:58,980

but people are having verifiable

2937

01:47:03,530 --> 01:47:01,139

information come to them as the

2938

01:47:06,950 --> 01:47:03,540

experience of a memory from another life

2939

01:47:08,209 --> 01:47:06,960

so why not going all the way back to 788

2940

01:47:10,550 --> 01:47:08,219

000 years ago when they were early

2941

01:47:12,950 --> 01:47:10,560

hominins or or whoever they were as

2942

01:47:14,990 --> 01:47:12,960

aliens or whatever I don't think we can

2943

01:47:17,870 --> 01:47:15,000

put some sort of limit then on what can

2944

01:47:19,430 --> 01:47:17,880

Bubble Up in in Consciousness if it's

2945

01:47:21,649 --> 01:47:19,440

been there from the whole time that we

2946

01:47:23,390 --> 01:47:21,659

are just recurring you know energy never

2947

01:47:25,430 --> 01:47:23,400

being destroyed just coming back again

2948

01:47:27,109 --> 01:47:25,440

and in different forms that something

2949

01:47:28,790 --> 01:47:27,119

seems to have bubbled up in this case

2950

01:47:30,770 --> 01:47:28,800

and that you know a whole group of

2951

01:47:32,689 --> 01:47:30,780

people have ended up in Australia sort

2952

01:47:34,189 --> 01:47:32,699

of connected you know in a web where

2953

01:47:37,729 --> 01:47:34,199

they for whatever reason have come back

2954

01:47:40,970 --> 01:47:37,739

in that life to further this or complete

2955

01:47:43,790 --> 01:47:40,980

this task and that now it's helped it

2956

01:47:47,209 --> 01:47:43,800

come out and it's led to objective

2957

01:47:48,410 --> 01:47:47,219

information so you know it's a funny one

2958

01:47:49,850 --> 01:47:48,420

isn't that because you know you put all

2959

01:47:52,070 --> 01:47:49,860

the things in one case in a way you know

2960

01:47:54,770 --> 01:47:52,080

the Time Slips uh you know strange

2961

01:47:57,709 --> 01:47:54,780

artifacts that can talk to people uh you

2962

01:48:00,350 --> 01:47:57,719

know mediums and and you know aliens

2963

01:48:02,570 --> 01:48:00,360

talking ships time you know I I don't

2964

01:48:05,149 --> 01:48:02,580

know it's I know it's a lot for anyone

2965

01:48:07,189 --> 01:48:05,159

to take but in individually each one of

2966

01:48:09,169 --> 01:48:07,199

these kinds of phenomena has other

2967

01:48:11,870 --> 01:48:09,179

support right it's just we don't

2968

01:48:14,510 --> 01:48:11,880

normally see them cluster into one

2969

01:48:15,950 --> 01:48:14,520

narrative where you know it's like

2970

01:48:17,510 --> 01:48:15,960

I always think it's a bit like you know

2971

01:48:20,209 --> 01:48:17,520

a Hollywood guy you know you've given

2972

01:48:22,669 --> 01:48:20,219

them this amazing budget and you've said

2973

01:48:24,370 --> 01:48:22,679

make me a sci-fi film he's like I'm just

2974

01:48:26,990 --> 01:48:24,380

gonna throw everything in

2975

01:48:28,970 --> 01:48:27,000

what the hell I'm gonna spend every

2976

01:48:30,890 --> 01:48:28,980

penny you know we're gonna have all this

2977

01:48:32,810 --> 01:48:30,900

stuff fly so I'm gonna time travel

2978

01:48:34,370 --> 01:48:32,820

and you'll be like this guy's gone crazy

2979

01:48:36,350 --> 01:48:34,380

why is why couldn't you have simplified

2980

01:48:37,490 --> 01:48:36,360

it made it more reasonable you know and

2981

01:48:38,870 --> 01:48:37,500

that's what it feels like because like

2982

01:48:40,430 --> 01:48:38,880

you've got the whole special effects

2983

01:48:42,350 --> 01:48:40,440

team on this because I want everything I

2984

01:48:44,450 --> 01:48:42,360

want asteroids coming down and alien

2985

01:48:45,709 --> 01:48:44,460

ships that can talk and you know you

2986

01:48:47,450 --> 01:48:45,719

could be sitting there going I think

2987

01:48:49,490 --> 01:48:47,460

you're going too far you don't need to

2988

01:48:51,890 --> 01:48:49,500

cut back and that's why it starts to

2989

01:48:54,649 --> 01:48:51,900

feel like it's like every phenomena has

2990

01:48:56,990 --> 01:48:54,659

just clustered into one narrative and

2991

01:48:59,330 --> 01:48:57,000

yet it appears to be mostly a true story

2992

01:49:01,250 --> 01:48:59,340

and that is just the wildest wildest

2993

01:49:02,870 --> 01:49:01,260

kind of conclusion to come from

2994

01:49:05,090 --> 01:49:02,880

something that just on the face of it

2995

01:49:06,950 --> 01:49:05,100

you would think was just really absurd

2996

01:49:08,510 --> 01:49:06,960

you know if someone just told you oh boy

2997

01:49:09,950 --> 01:49:08,520

there's a story and you sound absurd

2998

01:49:11,149 --> 01:49:09,960

until you look at it closer and be like

2999

01:49:12,649 --> 01:49:11,159

well actually there's a lot of

3000

01:49:13,490 --> 01:49:12,659

supporting elements to this and it's

3001

01:49:15,290 --> 01:49:13,500

yeah

3002

01:49:16,310 --> 01:49:15,300

I mean obviously you can understand that

3003

01:49:17,810 --> 01:49:16,320

you know you

3004

01:49:18,830 --> 01:49:17,820

the same similar reasons that you know

3005

01:49:20,390 --> 01:49:18,840

you've looked at it you know that it's

3006

01:49:22,970 --> 01:49:20,400

got a lot of strange aspects but then

3007

01:49:25,550 --> 01:49:22,980

funnily enough individually all of these

3008

01:49:28,129 --> 01:49:25,560

aspects do have support elsewhere and

3009

01:49:30,050 --> 01:49:28,139

the story it's at the core has material

3010

01:49:31,189 --> 01:49:30,060

support and that I don't know of any

3011

01:49:33,350 --> 01:49:31,199

other case

3012

01:49:36,410 --> 01:49:33,360

kind of like that

3013

01:49:39,890 --> 01:49:36,420

Bruce the idea that it could be the

3014

01:49:40,970 --> 01:49:39,900

right Story the right true story at the

3015

01:49:43,189 --> 01:49:40,980

right time

3016

01:49:45,770 --> 01:49:43,199

is probably about the most encouraging

3017

01:49:47,629 --> 01:49:45,780

thing optimistic thing that I could

3018

01:49:49,910 --> 01:49:47,639

possibly imagine because it does make

3019

01:49:53,570 --> 01:49:49,920

you think that maybe in this strange

3020

01:49:57,350 --> 01:49:53,580

time that we're in is the kernel of what

3021

01:50:00,050 --> 01:49:57,360

could come and and be better and uh wow

3022

01:50:02,770 --> 01:50:00,060

what an awesome thing to to just think

3023

01:50:05,270 --> 01:50:02,780

about we don't have to buy into it

3024

01:50:06,410 --> 01:50:05,280

what's next where are you going with

3025

01:50:08,870 --> 01:50:06,420

this

3026

01:50:10,490 --> 01:50:08,880

yeah so I mean I've obviously worked on

3027

01:50:13,850 --> 01:50:10,500

the sub stack I'm going to do my best to

3028

01:50:16,250 --> 01:50:13,860

get the whole uh updated kind of story

3029

01:50:17,689 --> 01:50:16,260

out there you know I think I'm going to

3030

01:50:19,010 --> 01:50:17,699

meet you I've put a backstory as well

3031

01:50:21,709 --> 01:50:19,020

and I'll try and get all that out there

3032

01:50:23,689 --> 01:50:21,719

in the sub step but on the side of that

3033

01:50:24,770 --> 01:50:23,699

also we're tentatively at the beginning

3034

01:50:27,290 --> 01:50:24,780

of

3035

01:50:31,189 --> 01:50:27,300

um expanding the project so that there

3036

01:50:33,910 --> 01:50:31,199

will be a more formal research arm to

3037

01:50:37,310 --> 01:50:33,920

this which will which will have funding

3038

01:50:39,770 --> 01:50:37,320

and will allow me to collaborate with

3039

01:50:41,930 --> 01:50:39,780

experts who could be brought in and have

3040

01:50:44,109 --> 01:50:41,940

funding to do research

3041

01:50:46,669 --> 01:50:44,119

um probably under a University

3042

01:50:47,810 --> 01:50:46,679

banner so a lot of approaching it not

3043

01:50:51,709 --> 01:50:47,820

all you'll notice but like the sounds of

3044

01:50:53,330 --> 01:50:51,719

this but as as my collaborator said you

3045

01:50:56,330 --> 01:50:53,340

know they do like to hear this funding

3046

01:50:57,950 --> 01:50:56,340

though so so that we might we might be

3047

01:50:59,530 --> 01:50:57,960

able to get

3048

01:51:02,390 --> 01:50:59,540

um a situation where say we could have

3049

01:51:05,209 --> 01:51:02,400

geneticists or material Engineers

3050

01:51:08,270 --> 01:51:05,219

experts in their field who could come in

3051
01:51:10,310 --> 01:51:08,280
and be asked to give their opinions on

3052
01:51:12,830 --> 01:51:10,320
aspects of this and collaborate on

3053
01:51:14,450 --> 01:51:12,840
writing papers but then conversely on

3054
01:51:16,430 --> 01:51:14,460
the other side which you know I know you

3055
01:51:20,090 --> 01:51:16,440
provide for us to create kind of

3056
01:51:22,189 --> 01:51:20,100
Engagement and media and you know ways

3057
01:51:23,510 --> 01:51:22,199
to then get this to the public as well

3058
01:51:25,129 --> 01:51:23,520
because of course like you know writing

3059
01:51:27,530 --> 01:51:25,139
a paper on it is great and that is

3060
01:51:30,350 --> 01:51:27,540
important in that side of it but that

3061
01:51:32,810 --> 01:51:30,360
isn't really for the general public

3062
01:51:34,189 --> 01:51:32,820
that's a conversation to then spark a

3063
01:51:35,990 --> 01:51:34,199

conversation in a scientific Community

3064

01:51:38,930 --> 01:51:36,000

right which is their own kind of world

3065

01:51:41,570 --> 01:51:38,940

so on the separate side of that we would

3066

01:51:43,609 --> 01:51:41,580

hope that the media will engage with

3067

01:51:46,669 --> 01:51:43,619

those papers because as you know like we

3068

01:51:48,709 --> 01:51:46,679

look at the one recently with avilo and

3069

01:51:50,209 --> 01:51:48,719

um the guy from Arrow you know they

3070

01:51:51,770 --> 01:51:50,219

wrote a paper about just the basic

3071

01:51:53,570 --> 01:51:51,780

constraints of what they might expect

3072

01:51:55,490 --> 01:51:53,580

with the UFO topic and now you've got

3073

01:51:57,050 --> 01:51:55,500

headlines saying alien motherships in

3074

01:51:59,270 --> 01:51:57,060

the solar system they're spewing out

3075

01:52:00,950 --> 01:51:59,280

probes so we're living in a kind of a

3076
01:52:02,629 --> 01:52:00,960
funny moment aren't we where you could

3077
01:52:05,030 --> 01:52:02,639
have said that was a fairly tame paper

3078
01:52:07,970 --> 01:52:05,040
and yet the media have gone totally wild

3079
01:52:10,310 --> 01:52:07,980
so if they were to do the same with some

3080
01:52:11,930 --> 01:52:10,320
research that we're doing that could

3081
01:52:13,250 --> 01:52:11,940
become really interesting to be honest

3082
01:52:14,629 --> 01:52:13,260
you know I mean if they if they're

3083
01:52:16,850 --> 01:52:14,639
willing to go all out on things like

3084
01:52:18,770 --> 01:52:16,860
alien motherships spewing out probes on

3085
01:52:20,390 --> 01:52:18,780
a team paper if we were actually to say

3086
01:52:22,010 --> 01:52:20,400
well we're doing a formal research

3087
01:52:25,070 --> 01:52:22,020
program we were looking for genetic

3088
01:52:26,990 --> 01:52:25,080

modification of humans 750 and we're you

3089

01:52:28,490 --> 01:52:27,000

know it's being done formally I don't

3090

01:52:30,410 --> 01:52:28,500

think you'd even need to get the results

3091

01:52:32,810 --> 01:52:30,420

through before some journalists thought

3092

01:52:35,330 --> 01:52:32,820

this is amazing I suspect that what we

3093

01:52:38,990 --> 01:52:35,340

see there is them really playing both

3094

01:52:42,290 --> 01:52:39,000

sides in a very clever way right so put

3095

01:52:44,570 --> 01:52:42,300

out the RV lob story get the minions to

3096

01:52:46,870 --> 01:52:44,580

spin it this way and now you have kind

3097

01:52:50,090 --> 01:52:46,880

of plausible deniability you can go back

3098

01:52:54,109 --> 01:52:50,100

he didn't say

3099

01:52:57,770 --> 01:52:56,209

not real necessarily he's still on the

3100

01:53:01,609 --> 01:52:57,780

fence about that so now you have it both

3101
01:53:04,250 --> 01:53:01,619
ways but you can also you know do the

3102
01:53:06,669 --> 01:53:04,260
conditioning that they're doing the slow

3103
01:53:09,290 --> 01:53:06,679
disclosure conditioning and stuff but

3104
01:53:10,250 --> 01:53:09,300
that doesn't take away from what you're

3105
01:53:12,490 --> 01:53:10,260
saying because one of the things you

3106
01:53:15,350 --> 01:53:12,500
brought out in this wonderful

3107
01:53:16,189 --> 01:53:15,360
generous two hours that you gave us is

3108
01:53:18,830 --> 01:53:16,199
that

3109
01:53:19,729 --> 01:53:18,840
the mission for you doesn't change which

3110
01:53:21,890 --> 01:53:19,739
is

3111
01:53:24,770 --> 01:53:21,900
Advance the science as far as you can

3112
01:53:26,510 --> 01:53:24,780
bring as many people on board bring new

3113
01:53:28,550 --> 01:53:26,520

people on board who may have a piece of

3114

01:53:31,189 --> 01:53:28,560

the puzzle and don't know that they do

3115

01:53:32,870 --> 01:53:31,199

so all that it doesn't doesn't change

3116

01:53:34,729 --> 01:53:32,880

your job you got to get up every day and

3117

01:53:36,590 --> 01:53:34,739

put the shoes on and go do that so yeah

3118

01:53:38,330 --> 01:53:36,600

if they're playing the game this way or

3119

01:53:40,490 --> 01:53:38,340

that way you can't really worry about

3120

01:53:43,310 --> 01:53:40,500

that too much so I mean I think there's

3121

01:53:44,870 --> 01:53:43,320

a it's a it's just probably now just

3122

01:53:47,510 --> 01:53:44,880

looking to expand to a different stage

3123

01:53:49,250 --> 01:53:47,520

where yeah for me a lot won't change but

3124

01:53:51,890 --> 01:53:49,260

you know if we can have an angle where

3125

01:53:54,050 --> 01:53:51,900

yeah it's engaging those people who

3126

01:53:56,209 --> 01:53:54,060

let's say the the media will find more

3127

01:53:58,010 --> 01:53:56,219

difficult to ignore because you know

3128

01:54:00,649 --> 01:53:58,020

it's pretty easy to ignore me you know

3129

01:54:02,510 --> 01:54:00,659

you know some guy if at the same time we

3130

01:54:04,550 --> 01:54:02,520

can bring in you know some of the top

3131

01:54:06,050 --> 01:54:04,560

people in some of these fields and that

3132

01:54:07,669 --> 01:54:06,060

they are willing to comment on it even

3133

01:54:09,229 --> 01:54:07,679

if just as an advisory role you know

3134

01:54:10,189 --> 01:54:09,239

we've seen the way that as I say you

3135

01:54:13,609 --> 01:54:10,199

know some of these other stories have

3136

01:54:16,070 --> 01:54:13,619

been blown up massively with far less

3137

01:54:18,109 --> 01:54:16,080

than saying hey look general public

3138

01:54:19,970 --> 01:54:18,119

there's a team involving respectable

3139

01:54:22,430 --> 01:54:19,980

side stuff they're looking to see if

3140

01:54:25,010 --> 01:54:22,440

aliens have modified the human genome at

3141

01:54:26,870 --> 01:54:25,020

this specific point in time and also

3142

01:54:28,129 --> 01:54:26,880

looking at the possibility of one of

3143

01:54:29,990 --> 01:54:28,139

those alien motherships that you heard

3144

01:54:32,209 --> 01:54:30,000

in that other story having been here and

3145

01:54:34,129 --> 01:54:32,219

blown up pieces you know I think once

3146

01:54:35,570 --> 01:54:34,139

they can see that it's not just some guy

3147

01:54:38,149 --> 01:54:35,580

that's been on Ancient Aliens right

3148

01:54:39,770 --> 01:54:38,159

where it's really easy to go uh crank

3149

01:54:42,229 --> 01:54:39,780

cuckoo you know

3150

01:54:43,970 --> 01:54:42,239

um and dismiss that that I think even

3151
01:54:46,669 --> 01:54:43,980
just saying that there is a research

3152
01:54:49,370 --> 01:54:46,679
team with a respect for umbrella with

3153
01:54:52,370 --> 01:54:49,380
scientists involved that um that would

3154
01:54:54,470 --> 01:54:52,380
could disseminate into the media a lot

3155
01:54:56,810 --> 01:54:54,480
easier right and reach a lot of people

3156
01:54:58,729 --> 01:54:56,820
who really would probably be quite

3157
01:55:00,169 --> 01:54:58,739
compelled to the story but they just

3158
01:55:01,669 --> 01:55:00,179
never heard of the story right so they

3159
01:55:04,070 --> 01:55:01,679
don't necessarily need the tech title

3160
01:55:06,169 --> 01:55:04,080
analysis they don't need every genome

3161
01:55:08,270 --> 01:55:06,179
known right you know because most people

3162
01:55:10,790 --> 01:55:08,280
don't function like that they would look

3163
01:55:12,950 --> 01:55:10,800

at that as a complete story and say well

3164

01:55:14,750 --> 01:55:12,960

it's kind of wild that there's all these

3165

01:55:16,729 --> 01:55:14,760

dates lining up the fire was there and

3166

01:55:18,770 --> 01:55:16,739

you know this thing blew up then the

3167

01:55:20,510 --> 01:55:18,780

genetics changed then I think for the

3168

01:55:22,070 --> 01:55:20,520

average person who hears that they

3169

01:55:23,750 --> 01:55:22,080

immediately think well at least on the

3170

01:55:26,209 --> 01:55:23,760

fence they're thinking maybe that's real

3171

01:55:28,310 --> 01:55:26,219

because it seems like it's not just one

3172

01:55:29,990 --> 01:55:28,320

thing it's multiple things and they

3173

01:55:32,629 --> 01:55:30,000

don't need you know humans aren't we're

3174

01:55:34,010 --> 01:55:32,639

not all like you know academic Computing

3175

01:55:35,450 --> 01:55:34,020

device type thing because most people

3176

01:55:37,250 --> 01:55:35,460

will put that story together and just

3177

01:55:39,229 --> 01:55:37,260

feel whether it's reasonable to them or

3178

01:55:41,030 --> 01:55:39,239

not and I think that you know that for a

3179

01:55:43,490 --> 01:55:41,040

large proportion of humanity if you were

3180

01:55:45,709 --> 01:55:43,500

to hear that story it was on the the

3181

01:55:49,250 --> 01:55:45,719

news right I reckon You Come Away with

3182

01:55:51,229 --> 01:55:49,260

probably 50 of humanity pretty much

3183

01:55:52,669 --> 01:55:51,239

accepting that that happened right just

3184

01:55:55,669 --> 01:55:52,679

based on the evidence that exists now

3185

01:55:57,169 --> 01:55:55,679

without doing any extra DNA analysis or

3186

01:55:59,030 --> 01:55:57,179

any more materials analysis they would

3187

01:56:01,070 --> 01:55:59,040

look at that and say as wild as the rest

3188

01:56:02,810 --> 01:56:01,080

of that stuff is it does seem like

3189

01:56:04,310 --> 01:56:02,820

something came here from space and blew

3190

01:56:06,530 --> 01:56:04,320

up and at the right the moment when we

3191

01:56:08,689 --> 01:56:06,540

start to evolve that's all super weird

3192

01:56:10,129 --> 01:56:08,699

you know and we're being told at this

3193

01:56:11,689 --> 01:56:10,139

moment you know alien motherships may

3194

01:56:13,310 --> 01:56:11,699

have come here and reasonable people are

3195

01:56:14,810 --> 01:56:13,320

saying it and the interstellar objects

3196

01:56:17,209 --> 01:56:14,820

are coming here and now the government's

3197

01:56:19,550 --> 01:56:17,219

looking at UFOs I mean that's definitely

3198

01:56:22,550 --> 01:56:19,560

a fertile ground isn't it that we are in

3199

01:56:25,729 --> 01:56:22,560

now for the public to say I'm willing to

3200

01:56:27,649 --> 01:56:25,739

stretch my community on this and just

3201

01:56:30,530 --> 01:56:27,659

listen hear it out and then come away

3202

01:56:32,510 --> 01:56:30,540

thinking geez you know I I think this

3203

01:56:34,490 --> 01:56:32,520

maybe really happened so I'm quite

3204

01:56:35,570 --> 01:56:34,500

hopeful I think that yeah we'll see how

3205

01:56:37,550 --> 01:56:35,580

it goes and lots like I say it's early

3206

01:56:39,709 --> 01:56:37,560

days I am contacting some universities

3207

01:56:41,330 --> 01:56:39,719

to see how that would work you know

3208

01:56:43,669 --> 01:56:41,340

having a researching under their

3209

01:56:44,870 --> 01:56:43,679

umbrella um for the funding purposes and

3210

01:56:46,189 --> 01:56:44,880

stuff so you know obviously again if

3211

01:56:47,930 --> 01:56:46,199

someone out there listening you know

3212

01:56:49,070 --> 01:56:47,940

they're at a university and they're like

3213

01:56:50,810 --> 01:56:49,080

you know maybe like the sound of that

3214

01:56:52,850 --> 01:56:50,820

maybe would like to be involved again

3215

01:56:54,050 --> 01:56:52,860

that that would be kind of cool too and

3216

01:56:55,430 --> 01:56:54,060

I'm sure some of your listeners you know

3217

01:56:57,590 --> 01:56:55,440

you might have things they could

3218

01:57:00,770 --> 01:56:57,600

contribute to that or maybe in fields

3219

01:57:02,750 --> 01:57:00,780

which you know they can the advisory

3220

01:57:04,310 --> 01:57:02,760

roll or directly come on board and help

3221

01:57:05,629 --> 01:57:04,320

you know pay through a paper on that

3222

01:57:07,910 --> 01:57:05,639

saying you know that you know yeah

3223

01:57:09,649 --> 01:57:07,920

there's an angle here I'd be happy to

3224

01:57:11,270 --> 01:57:09,659

collaborate with you on and we could put

3225

01:57:12,470 --> 01:57:11,280

out you know just a short paper just

3226

01:57:14,390 --> 01:57:12,480

saying there's the possibility there

3227

01:57:15,649 --> 01:57:14,400

based on what we're seeing of you know

3228

01:57:17,810 --> 01:57:15,659

an anomaly that could have been

3229

01:57:19,609 --> 01:57:17,820

engineered or of materials that have

3230

01:57:21,890 --> 01:57:19,619

been used to make sense from a Computing

3231

01:57:22,850 --> 01:57:21,900

you know understanding that they have so

3232

01:57:24,050 --> 01:57:22,860

that's the kind of thing I think Alex

3233

01:57:25,189 --> 01:57:24,060

where it's going is that you know

3234

01:57:26,689 --> 01:57:25,199

there's probably people out there saying

3235

01:57:28,129 --> 01:57:26,699

they're thinking yeah I do that every

3236

01:57:29,990 --> 01:57:28,139

day I do that work all the time it'll be

3237

01:57:32,209 --> 01:57:30,000

easy I could spend a few hours just like

3238

01:57:33,770 --> 01:57:32,219

giving you some tips of what to look for

3239

01:57:36,109 --> 01:57:33,780

um you know that kind of side of it so

3240

01:57:39,890 --> 01:57:36,119

hopefully that's what we will start to

3241

01:57:43,129 --> 01:57:39,900

see that's terrific anything else to to

3242

01:57:44,629 --> 01:57:43,139

mention as we wrap things up

3243

01:57:46,370 --> 01:57:44,639

um well of course I suppose maybe great

3244

01:57:47,810 --> 01:57:46,380

if people would sign up to my sub stack

3245

01:57:48,890 --> 01:57:47,820

I mean that's um you know obviously

3246

01:57:51,530 --> 01:57:48,900

where I'm trying to put everything out

3247

01:57:53,390 --> 01:57:51,540

there the intention of that is that you

3248

01:57:55,070 --> 01:57:53,400

know I think if it covers everything

3249

01:57:56,510 --> 01:57:55,080

eventually there's never even ends what

3250

01:57:57,770 --> 01:57:56,520

I'm doing but you know I would like to

3251

01:58:00,169 --> 01:57:57,780

probably take some of that material

3252

01:58:02,209 --> 01:58:00,179

later condenser and edit it into a book

3253

01:58:03,830 --> 01:58:02,219

so obviously it'd be nice if going

3254

01:58:07,310 --> 01:58:03,840

forward um people sort of follow me and

3255

01:58:09,169 --> 01:58:07,320

also support me if they can by paid subs

3256

01:58:11,510 --> 01:58:09,179

or buying the books or the existing book

3257

01:58:12,890 --> 01:58:11,520

you know because um obviously I put a

3258

01:58:16,910 --> 01:58:12,900

lot of time into this stuff you know and

3259

01:58:18,770 --> 01:58:16,920

it's not a materially rewarding activity

3260

01:58:20,990 --> 01:58:18,780

um particularly you know because it it

3261

01:58:23,209 --> 01:58:21,000

hasn't got the traction of some of the

3262

01:58:25,850 --> 01:58:23,219

UFO topics you know so you know you're

3263

01:58:28,669 --> 01:58:25,860

not seeing me on on Fox and on CNN

3264

01:58:30,530 --> 01:58:28,679

talking about any motherships so I mean

3265

01:58:32,450 --> 01:58:30,540

there's not really that so I I super

3266

01:58:35,510 --> 01:58:32,460

appreciate anyone who is willing to go

3267

01:58:37,669 --> 01:58:35,520

to the sub stack sign up yeah please you

3268

01:58:39,649 --> 01:58:37,679

know do consider a paid subscription on

3269

01:58:41,510 --> 01:58:39,659

that like five pound a month

3270

01:58:44,270 --> 01:58:41,520

um and I will keep trying to churn out

3271

01:58:45,830 --> 01:58:44,280

the rest of this uh information as quick

3272

01:58:47,209 --> 01:58:45,840

as I can and obviously like you've seen

3273

01:58:50,089 --> 01:58:47,219

something else it's quite in depth so

3274

01:58:51,589 --> 01:58:50,099

you know like they're not a couple of

3275

01:58:52,729 --> 01:58:51,599

hours at the desk you know I have to

3276

01:58:54,950 --> 01:58:52,739

kind of really put things back together

3277

01:58:57,709 --> 01:58:54,960

in a way that I hope is explaining

3278

01:58:59,870 --> 01:58:57,719

things well and that will go

3279

01:59:02,750 --> 01:58:59,880

I think they're sent a few more weeks to

3280

01:59:04,070 --> 01:59:02,760

get through the even the core story you

3281

01:59:06,649 --> 01:59:04,080

know but we're just on to the starting

3282

01:59:08,870 --> 01:59:06,659

of the genetics now so and that's

3283

01:59:10,370 --> 01:59:08,880

probably a few articles and then like I

3284

01:59:12,950 --> 01:59:10,380

said we'll deal with the other stuff by

3285

01:59:13,910 --> 01:59:12,960

uh you know teaching the common ends you

3286

01:59:15,890 --> 01:59:13,920

know there's going to be there's quite a

3287

01:59:17,510 --> 01:59:15,900

few topics yet to be done so I hope

3288

01:59:19,250 --> 01:59:17,520

people will follow along and you know

3289

01:59:21,470 --> 01:59:19,260

join in you know leave comments and

3290

01:59:23,689 --> 01:59:21,480

stuff and by all means Point me towards

3291

01:59:26,089 --> 01:59:23,699

you know scientists or universities that

3292

01:59:27,589 --> 01:59:26,099

they think are sympathetic or media

3293

01:59:28,790 --> 01:59:27,599

journalists anyone like that you know

3294

01:59:30,290 --> 01:59:28,800

all of this stuff I think it's important

3295

01:59:32,209 --> 01:59:30,300

we live at a time where look we're right

3296

01:59:34,970 --> 01:59:32,219

at the edges of what could be you know

3297

01:59:36,770 --> 01:59:34,980

world war three and crazy stuff you know

3298

01:59:38,689 --> 01:59:36,780

I think if people take a gamble on the

3299

01:59:41,149 --> 01:59:38,699

fact that maybe a story like this could

3300

01:59:44,030 --> 01:59:41,159

help divert things in a positive way

3301

01:59:45,890 --> 01:59:44,040

that alone surely is worth people

3302

01:59:47,629 --> 01:59:45,900

spending a few moments of their time on

3303

01:59:51,109 --> 01:59:47,639

when they look at the world as it is now

3304

01:59:52,910 --> 01:59:51,119

just just breaking down right but isn't

3305

01:59:54,950 --> 01:59:52,920

it worth giving this a chance just to

3306

01:59:58,070 --> 01:59:54,960

see if it has some positive you know

3307

02:00:01,129 --> 01:59:58,080

possibilities for us as a species

3308

02:00:02,570 --> 02:00:01,139

fantastic Bruce thank you so much for

3309

02:00:05,030 --> 02:00:02,580

the interview and for the work that you

3310

02:00:08,630 --> 02:00:05,040

do terrific man thank you and thank you
