

## *Facts that might surprise you*

- Extensive reports of crashes, downings and retrievals
- Multiple indications that crashes started in 1941-2
- Some "leaked" documents seem to be authentic
- Some abduction tales suggest reality
- Government deception is sophisticated

1  
00:00:07,309 --> 00:00:04,570  
well good morning everybody again and

2  
00:00:09,350 --> 00:00:07,319  
I'm going to begin by adding a few

3  
00:00:14,509 --> 00:00:09,360  
things to what Courtney said as to why I

4  
00:00:16,970 --> 00:00:14,519  
claim to have a credible reputation in

5  
00:00:19,519 --> 00:00:16,980  
ufology I'm probably the only one in the

6  
00:00:20,840 --> 00:00:19,529  
room who ran a proprietary program for a

7  
00:00:23,660 --> 00:00:20,850  
half million dollars back in the late

8  
00:00:25,550 --> 00:00:23,670  
60s for McDonnell Douglas investigating

9  
00:00:28,700 --> 00:00:25,560  
the question of how would you proceed to

10  
00:00:29,990 --> 00:00:28,710  
develop a gravity control device I'm

11  
00:00:33,560 --> 00:00:30,000  
probably the only one in the room who

12  
00:00:35,540 --> 00:00:33,570  
owns four thousand pages of questioned

13  
00:00:39,590 --> 00:00:35,550

leaked documents and I'm probably the

14

00:00:41,030 --> 00:00:39,600

only one in the room who was given

15

00:00:43,760 --> 00:00:41,040

hundreds of thousands of dollars to make

16

00:00:47,770 --> 00:00:43,770

a television documentary on the subject

17

00:00:50,200 --> 00:00:47,780

of UFOs and so with that background I'm

18

00:00:58,250 --> 00:00:50,210

claiming that what I'm going to say is

19

00:01:00,410 --> 00:00:58,260

believable now however however what I

20

00:01:03,380 --> 00:01:00,420

was asked to do was to provide a 10

21

00:01:06,320 --> 00:01:03,390

minute summary of your father's or UFOs

22

00:01:09,380 --> 00:01:06,330

for the SSC members most of whom do not

23

00:01:13,850 --> 00:01:09,390

know much about the subject except what

24

00:01:15,200 --> 00:01:13,860

we just heard from Jerry Clark and I'm

25

00:01:16,700 --> 00:01:15,210

going to give it to you in four parts

26

00:01:20,390 --> 00:01:16,710

first i'm going to tell you what I think

27

00:01:21,800 --> 00:01:20,400

I know and the more you get involved in

28

00:01:24,740 --> 00:01:21,810

a sub T of course just less you know

29

00:01:27,440 --> 00:01:24,750

what you know but I'm going to try to

30

00:01:30,319 --> 00:01:27,450

create a I have created a slide that I

31

00:01:32,120 --> 00:01:30,329

think is one that everyone on the panel

32

00:01:33,740 --> 00:01:32,130

tonight will all agree with well we'll

33

00:01:36,020 --> 00:01:33,750

see then I'm going to share some

34

00:01:37,969 --> 00:01:36,030

surprising facts with you deal with some

35

00:01:40,789 --> 00:01:37,979

unanswered but interesting Lee

36

00:01:43,060 --> 00:01:40,799

scientific questions and didn't find up

37

00:01:46,850 --> 00:01:43,070

wind up with what are the issues today

38

00:01:49,580 --> 00:01:46,860

first is the summary what I think I know

39

00:01:51,380 --> 00:01:49,590

for sure and the first one is that I

40

00:01:53,480 --> 00:01:51,390

know for sure that Professor James

41

00:01:55,490 --> 00:01:53,490

McDonald was a professor of atmospheric

42

00:01:59,389 --> 00:01:55,500

sciences at university of arizona in the

43

00:02:02,480 --> 00:01:59,399

late 60s and that he studied cases with

44

00:02:04,880 --> 00:02:02,490

great intensity and depths especially

45

00:02:07,459 --> 00:02:04,890

radar visual cases where there were lots

46

00:02:09,350 --> 00:02:07,469

of witnesses he presented his

47

00:02:11,210 --> 00:02:09,360

conclusions to a number of scientific

48

00:02:12,830 --> 00:02:11,220

societies and gained a reputation such

49

00:02:13,520 --> 00:02:12,840

that he was asked by Congress a

50

00:02:15,740 --> 00:02:13,530

congressional

51  
00:02:19,250 --> 00:02:15,750  
mittee to tell him what he thought and

52  
00:02:20,960 --> 00:02:19,260  
in that testimony he said I think that

53  
00:02:23,090 --> 00:02:20,970  
the least unlikely explanation is that

54  
00:02:27,320 --> 00:02:23,100  
the extra-terrestrial hypothesis is

55  
00:02:29,150 --> 00:02:27,330  
correct since he was a very cautious

56  
00:02:31,940 --> 00:02:29,160  
scientist he said least unlikely instead

57  
00:02:34,610 --> 00:02:31,950  
of most likely the second thing I'm I

58  
00:02:36,920 --> 00:02:34,620  
believe I'm certainly sure of is that

59  
00:02:39,470 --> 00:02:36,930  
they're real craft they make dents in

60  
00:02:41,630 --> 00:02:39,480  
railroad ties if they land military

61  
00:02:44,720 --> 00:02:41,640  
confrontations Duke occur planes have

62  
00:02:46,970 --> 00:02:44,730  
been shot down and actually I think

63  
00:02:48,350 --> 00:02:46,980

quite a few more planes than have been

64

00:02:50,300 --> 00:02:48,360

no matter of public record have been

65

00:02:52,340 --> 00:02:50,310

shot down both in this country and in

66

00:02:55,580 --> 00:02:52,350

the Soviet Union I'm certain that

67

00:02:59,750 --> 00:02:55,590

consciousness reports are present that

68

00:03:02,120 --> 00:02:59,760

is interactions between the craft even

69

00:03:06,080 --> 00:03:02,130

if you don't see any creatures and

70

00:03:07,880 --> 00:03:06,090

interactions with potential aliens I'm

71

00:03:09,559 --> 00:03:07,890

certain that the reports are worldwide

72

00:03:12,140 --> 00:03:09,569

and they've been going for a long time

73

00:03:14,690 --> 00:03:12,150

in fact we just heard Jerome Clark

74

00:03:18,470 --> 00:03:14,700

summarize a number of specific cases

75

00:03:20,030 --> 00:03:18,480

that are in that domain and finally I've

76

00:03:23,479 --> 00:03:20,040

concluded that there are some reports

77

00:03:26,390 --> 00:03:23,489

that are really curious that there are

78

00:03:27,770 --> 00:03:26,400

time anomalies where people are missing

79

00:03:30,350 --> 00:03:27,780

for a few days and yet their watch is

80

00:03:31,970 --> 00:03:30,360

the same time or vice versa or people

81

00:03:33,560 --> 00:03:31,980

are missing for a few days and they've

82

00:03:35,509 --> 00:03:33,570

grown a beard or they'd be on no beard

83

00:03:37,340 --> 00:03:35,519

go or they haven't been missing in the

84

00:03:39,590 --> 00:03:37,350

Google of you grow a beard so anyway

85

00:03:42,380 --> 00:03:39,600

those kind of time anomalies are puzzle

86

00:03:45,620 --> 00:03:42,390

mats that are a little bit more

87

00:03:47,660 --> 00:03:45,630

difficult for everyone to deal with so

88

00:03:50,690 --> 00:03:47,670

this is what I think I know for sure and

89

00:03:51,800 --> 00:03:50,700

one of the ways I know for sure is as

90

00:03:53,440 --> 00:03:51,810

we're talking about earlier and the

91

00:03:56,240 --> 00:03:53,450

question answer is from the evidence

92

00:03:57,680 --> 00:03:56,250

well the evidence is the available

93

00:03:59,960 --> 00:03:57,690

evidence now if there are crashed

94

00:04:01,509 --> 00:03:59,970

vehicles and they're kept secret

95

00:04:04,009 --> 00:04:01,519

somewhere we don't have that evidence

96

00:04:06,020 --> 00:04:04,019

but we do have the evidence that shown

97

00:04:07,610 --> 00:04:06,030

here we have a witness testimony we have

98

00:04:09,229 --> 00:04:07,620

the photos we have videos we have

99

00:04:10,789 --> 00:04:09,239

official government studies we have

100

00:04:13,310 --> 00:04:10,799

distinguished leader quotes and we have

101  
00:04:15,500 --> 00:04:13,320  
leaked documents and I'll give an

102  
00:04:18,110 --> 00:04:15,510  
example of each of these three beginning

103  
00:04:20,180 --> 00:04:18,120  
with this photograph comparison which I

104  
00:04:21,589 --> 00:04:20,190  
really love because the top one was

105  
00:04:23,630 --> 00:04:21,599  
taken by Paul tread upon minh ville

106  
00:04:26,450 --> 00:04:23,640  
oregon in 1950 in the bottom was by

107  
00:04:27,440 --> 00:04:26,460  
French Air Force pilot in 1954 and the

108  
00:04:29,180 --> 00:04:27,450  
similarity of these

109  
00:04:32,480 --> 00:04:29,190  
apes and different times have always

110  
00:04:37,430 --> 00:04:32,490  
impressed me the second evidence example

111  
00:04:40,040 --> 00:04:37,440  
is a hand written quote from j edgar

112  
00:04:42,710 --> 00:04:40,050  
hoover who says we must insist upon full

113  
00:04:44,540 --> 00:04:42,720

access to disks recovered for example in

114

00:04:46,390 --> 00:04:44,550

the LA case the army grab that would not

115

00:04:48,320 --> 00:04:46,400

let us have it for cursory examination

116

00:04:51,860 --> 00:04:48,330

that's July fifteenth nineteen

117

00:04:55,250 --> 00:04:51,870

forty-seven a little bit after the

118

00:05:00,380 --> 00:04:55,260

roswell crash the third example i have

119

00:05:01,940 --> 00:05:00,390

is an example of a leaked document that

120

00:05:04,490 --> 00:05:01,950

i believe to be athletic this is from

121

00:05:06,550 --> 00:05:04,500

the Special Operations man the special

122

00:05:08,630 --> 00:05:06,560

operations manual is entitled

123

00:05:10,550 --> 00:05:08,640

extraterrestrial entities and Technology

124

00:05:12,710 --> 00:05:10,560

recovery and disposal and actually

125

00:05:17,060 --> 00:05:12,720

there's examples on the table in the

126

00:05:18,530 --> 00:05:17,070

other room this statement says it may

127

00:05:20,630 --> 00:05:18,540

become necessary to issue false

128

00:05:22,250 --> 00:05:20,640

statements to preserve the security the

129

00:05:23,660 --> 00:05:22,260

site meteors down satellites weather

130

00:05:26,660 --> 00:05:23,670

balloons military aircraft are all

131

00:05:29,840 --> 00:05:26,670

acceptable so we have had a deception

132

00:05:31,910 --> 00:05:29,850

policy now now the second set of things

133

00:05:33,950 --> 00:05:31,920

I want to share with you the facts that

134

00:05:35,780 --> 00:05:33,960

might surprise you first extensive

135

00:05:38,360 --> 00:05:35,790

reports of crashes Downing's and

136

00:05:39,920 --> 00:05:38,370

retrievals you you would probably be

137

00:05:42,230 --> 00:05:39,930

amazed to know that there's book out

138

00:05:44,690 --> 00:05:42,240

called magic eyes only written by my own

139

00:05:47,420 --> 00:05:44,700

son Ryan Ryan are you in the room yeah

140

00:05:49,040 --> 00:05:47,430

he's right there so if you want to quiz

141

00:05:51,680 --> 00:05:49,050

him on this way you can do that at the

142

00:05:54,020 --> 00:05:51,690

break but he this book says that there's

143

00:05:55,490 --> 00:05:54,030

75 crashes they identified very slow as

144

00:05:57,440 --> 00:05:55,500

a quality some of them require more

145

00:05:59,660 --> 00:05:57,450

investigation but he's used remote

146

00:06:01,970 --> 00:05:59,670

viewing in order to verify the location

147

00:06:04,970 --> 00:06:01,980

of previous crashes and to find the

148

00:06:06,320 --> 00:06:04,980

location of new crashes he uses the

149

00:06:08,860 --> 00:06:06,330

string field cases and he still

150

00:06:12,890 --> 00:06:08,870

identifying new locations and debris and

151  
00:06:14,630 --> 00:06:12,900  
debris there there's another thing that

152  
00:06:15,830 --> 00:06:14,640  
surprised you probably would be that

153  
00:06:19,040 --> 00:06:15,840  
there's multiple indications that

154  
00:06:21,350 --> 00:06:19,050  
crashes started in 1941 242 the Cape

155  
00:06:24,020 --> 00:06:21,360  
Girardeau crash is a classic one and

156  
00:06:29,030 --> 00:06:24,030  
then the ones relating to the Battle of

157  
00:06:31,040 --> 00:06:29,040  
LA the third point is that some leaked

158  
00:06:33,350 --> 00:06:31,050  
documents may seem to be seem to be

159  
00:06:36,230 --> 00:06:33,360  
authentic that might surprise you it's

160  
00:06:38,900 --> 00:06:36,240  
easy to say well these days is so simple

161  
00:06:41,060 --> 00:06:38,910  
to get a sophisticated word processing

162  
00:06:43,400 --> 00:06:41,070  
program and create almost anything

163  
00:06:44,870 --> 00:06:43,410

that seems authentic the answer is if

164

00:06:46,220 --> 00:06:44,880

you have the original papers it's not

165

00:06:48,740 --> 00:06:46,230

that easy and I'll talk about that later

166

00:06:52,430 --> 00:06:48,750

the fourth thing is that some abduction

167

00:06:54,650 --> 00:06:52,440

tales suggest reality and lastly the

168

00:06:57,140 --> 00:06:54,660

thing that I think most people have no

169

00:06:59,900 --> 00:06:57,150

grasp of especially people who have been

170

00:07:02,630 --> 00:06:59,910

largely in your University domain so

171

00:07:05,630 --> 00:07:02,640

they have no idea of how sophisticated

172

00:07:07,790 --> 00:07:05,640

the government deception is and can be I

173

00:07:09,830 --> 00:07:07,800

mean we built a whole city called Oak

174

00:07:14,480 --> 00:07:09,840

Ridge and nobody knew about that

175

00:07:15,590 --> 00:07:14,490

essentially nobody now the third thing I

176

00:07:18,530 --> 00:07:15,600

want to share with you by way of

177

00:07:22,370 --> 00:07:18,540

introduction is that there are questions

178

00:07:24,910 --> 00:07:22,380

that you follow just ask that are really

179

00:07:28,040 --> 00:07:24,920

scientifically interesting in fact I

180

00:07:30,920 --> 00:07:28,050

proposed to MUFON the mutual UFO network

181

00:07:34,130 --> 00:07:30,930

and we'll hear from James carrion who's

182

00:07:36,020 --> 00:07:34,140

the director of that tonight some

183

00:07:37,910 --> 00:07:36,030

research projects a history research

184

00:07:41,060 --> 00:07:37,920

project how do they relate historically

185

00:07:42,860 --> 00:07:41,070

demand a travel research project how do

186

00:07:45,770 --> 00:07:42,870

they get here from there wherever there

187

00:07:47,690 --> 00:07:45,780

is and what's their energy source how do

188

00:07:49,690 --> 00:07:47,700

they communicate why are they abducting

189

00:07:52,310 --> 00:07:49,700

people and then finally this last one is

190

00:07:53,930 --> 00:07:52,320

added to that list and that is our their

191

00:07:55,520 --> 00:07:53,940

technical secrets that have already been

192

00:07:59,990 --> 00:07:55,530

discovered that we just don't know about

193

00:08:02,510 --> 00:08:00,000

in the unclassified world so with those

194

00:08:04,850 --> 00:08:02,520

three thoughts behind us let's go to the

195

00:08:06,680 --> 00:08:04,860

final thought set of ideas I wanted to

196

00:08:09,860 --> 00:08:06,690

share with you so that when you hear the

197

00:08:12,140 --> 00:08:09,870

panel discussion tonight and appreciate

198

00:08:14,150 --> 00:08:12,150

the questions that the those who are

199

00:08:16,940 --> 00:08:14,160

knowledgeable or asking each other and

200

00:08:19,730 --> 00:08:16,950

are dealing with the skeptics with these

201  
00:08:22,760 --> 00:08:19,740  
are the kind of hot issues are some or

202  
00:08:24,170 --> 00:08:22,770  
all of these documents hoaxed the second

203  
00:08:26,960 --> 00:08:24,180  
is why wouldn't the government be

204  
00:08:28,610 --> 00:08:26,970  
willing to disclose the truth and if

205  
00:08:30,710 --> 00:08:28,620  
their extraterrestrial higher van they

206  
00:08:34,700 --> 00:08:30,720  
contacted us it seems like there's large

207  
00:08:38,150 --> 00:08:34,710  
numbers of societies that have been

208  
00:08:40,459 --> 00:08:38,160  
reported in shapes it's amazing that

209  
00:08:43,219 --> 00:08:40,469  
least one of medicine tried how could

210  
00:08:44,870 --> 00:08:43,229  
you hide so much money to do the

211  
00:08:47,300 --> 00:08:44,880  
research necessary to secretly study

212  
00:08:50,000 --> 00:08:47,310  
this technology and is there any real

213  
00:08:51,530 --> 00:08:50,010

evidence that we have back engineered or

214

00:08:52,790 --> 00:08:51,540

reverse engineered anything that we

215

00:08:54,440 --> 00:08:52,800

might have recovered from these crafts

216

00:08:56,060 --> 00:08:54,450

and is it

217

00:08:58,670 --> 00:08:56,070

possible that some of the abductions are

218

00:09:04,810 --> 00:08:58,680

not real and it's all a matter of what's

219

00:09:08,000 --> 00:09:04,820

in our mind so these are those are the

220

00:09:11,060 --> 00:09:08,010

main ideas I wanted to share with you in

221

00:09:14,060 --> 00:09:11,070

the context of I've studied this subject

222

00:09:16,250 --> 00:09:14,070

for a long time and the more I study at

223

00:09:17,810 --> 00:09:16,260

the less I'm totally sure of but

224

00:09:19,610 --> 00:09:17,820

remember the five things I showed you I

225

00:09:22,370 --> 00:09:19,620

really sure of it's probably good to go

226

00:09:27,200 --> 00:09:22,380

with and now you know what the issues

227

00:09:30,170 --> 00:09:27,210

are so now I'll proceed to the other

228

00:09:33,230 --> 00:09:30,180

part of my talk today which was the

229

00:09:39,710 --> 00:09:33,240

evaluation of two original paper leaked

230

00:09:46,310 --> 00:09:39,720

UFO documents and they are shown here

231

00:09:48,320 --> 00:09:46,320

well see before I say that what well the

232

00:09:51,800 --> 00:09:48,330

first one is an encyclopedia of flying

233

00:09:54,980 --> 00:09:51,810

saucers by Vernon gone and actually this

234

00:09:57,860 --> 00:09:54,990

was given by him to the Air Force in
