

1
00:00:04,280 --> 00:00:02,690
playing modes I don't have the raw data

that magnitude of the effect I have to

4
00:00:10,339 --> 00:00:08,069
remember what the raw data was it was it

5
00:00:12,200 --> 00:00:10,349
wasn't it was a nominal effect and I

6
00:00:13,999 --> 00:00:12,210
subtracted that out from the data so I

7
00:00:16,910 --> 00:00:14,009
showed you the effect that was due to

8
00:00:21,470 --> 00:00:16,920
the healer but yes I probably should
