

1
00:00:05,590 --> 00:00:03,270
no one who has learned my technique can

2
00:00:09,270 --> 00:00:05,600
do a wart

3
00:00:11,350 --> 00:00:09,280
a wart there is no effect on a wart

4
00:00:12,390 --> 00:00:11,360
i've treated a wart toll i can't stand

5
00:00:17,189 --> 00:00:12,400
it anymore and it

6
00:00:19,510 --> 00:00:17,199
laughs at me it mocks me openly

7
00:00:20,870 --> 00:00:19,520
it doesn't have an effect on a wart so i

8
00:00:22,870 --> 00:00:20,880
think we make a mistake we go

9
00:00:24,710 --> 00:00:22,880
healing no healing as if all healings

10
00:00:28,390 --> 00:00:24,720
alike

11
00:00:30,230 --> 00:00:28,400
so there may be something i don't know

12
00:00:31,429 --> 00:00:30,240
why my thing works on cancer it doesn't

13
00:00:34,310 --> 00:00:31,439

work on warts i don't know

14

00:00:35,190 --> 00:00:34,320

the reverse may be true on on other

15

00:00:37,110 --> 00:00:35,200

stuff

16

00:00:38,549 --> 00:00:37,120

uh maybe other people can do warts in

17

00:00:40,229 --> 00:00:38,559

fact other people who are healers so

18

00:00:41,350 --> 00:00:40,239

when i say that they laugh at me go any

19

00:00:43,910 --> 00:00:41,360

putts can do a wart

20

00:00:45,670 --> 00:00:43,920

i said this putts can't and i'm

21

00:00:48,310 --> 00:00:45,680

constrained by the data i can't do it

22

00:00:48,320 --> 00:00:52,069

cancer it's only cancer

23

00:00:57,510 --> 00:00:53,590

so the different healing techniques

24

00:01:00,630 --> 00:00:58,869

let me go to the fourth first and then

25

00:01:02,549 --> 00:01:00,640

come back to the third

26

00:01:05,990 --> 00:01:02,559

are placebo effects an instance of

27

00:01:10,469 --> 00:01:07,429

maybe it's not all suggestion i get

28

00:01:11,830 --> 00:01:10,479

placebo effects in mice

29

00:01:14,149 --> 00:01:11,840

and i don't think they're all that

30

00:01:16,870 --> 00:01:14,159

suggestible if they are they're hiding

31

00:01:20,870 --> 00:01:18,630

they don't know they shouldn't but but

32

00:01:23,670 --> 00:01:20,880

placebo effects happen

33

00:01:24,870 --> 00:01:23,680

in animals and i think it's through this

34

00:01:27,670 --> 00:01:24,880

resonant bonding through this

35

00:01:29,830 --> 00:01:27,680

entanglement

36

00:01:32,469 --> 00:01:29,840

and the third one down can healing be

37

00:01:37,350 --> 00:01:36,230

this goes in really to the conference

38

00:01:40,630 --> 00:01:37,360

theme

39

00:01:43,190 --> 00:01:40,640

pragmatics of anomalies

40

00:01:45,830 --> 00:01:43,200

if you're going to make healing

41

00:01:49,350 --> 00:01:45,840

pragmatic

42

00:01:51,830 --> 00:01:49,360

you have to be able to take the healer

43

00:01:53,910 --> 00:01:51,840

out of it out of the equation

44

00:01:56,310 --> 00:01:53,920

because it can't be something that

45

00:01:58,149 --> 00:01:56,320

master so and so can do and only master

46

00:02:03,109 --> 00:01:58,159

so and so can do

47

00:02:05,270 --> 00:02:03,119

nobody else can we can get the uh factor

48

00:02:07,030 --> 00:02:05,280

and people go ooh ah isn't that amazing

49

00:02:08,710 --> 00:02:07,040

and we go and we flop on the floor and

50

00:02:10,869 --> 00:02:08,720

we're amazed and all that kind of stuff

51
00:02:12,869 --> 00:02:10,879
but if it's only master so-and-so which

52
00:02:15,670 --> 00:02:12,879
is an odd name but if it's only master

53
00:02:18,710 --> 00:02:17,990
it's interesting it shows what may be

54
00:02:20,710 --> 00:02:18,720
possible

55
00:02:22,229 --> 00:02:20,720
but it's certainly not pragmatic because

56
00:02:24,309 --> 00:02:22,239
sooner or later master so-and-so is

57
00:02:27,430 --> 00:02:24,319
going to get hit by a bus

58
00:02:29,430 --> 00:02:27,440
and you got to pass the bus factor what

59
00:02:33,430 --> 00:02:29,440
happens if master so-and-so is taken out

60
00:02:36,630 --> 00:02:35,509
if only certain people can do certain

61
00:02:38,390 --> 00:02:36,640
things in healing it's not

62
00:02:39,750 --> 00:02:38,400
i mean it's interesting but it's not

63
00:02:41,270 --> 00:02:39,760

pragmatic

64

00:02:47,350 --> 00:02:41,280

so a couple things have to happen in

65

00:02:52,390 --> 00:02:50,390

you got to be able to store it play it

66

00:02:54,309 --> 00:02:52,400

back

67

00:03:00,309 --> 00:02:54,319

reproduce it after the person is hit by

68

00:03:04,070 --> 00:03:02,790

or you have to be able to teach it and

69

00:03:06,470 --> 00:03:04,080

so my seventh proposition

70

00:03:08,229 --> 00:03:06,480

has to work so let's say for whatever

71

00:03:09,990 --> 00:03:08,239

reason i've stumbled upon something that

72

00:03:11,830 --> 00:03:10,000

will produce

73

00:03:13,589 --> 00:03:11,840

good effects with cancer and i get hit

74

00:03:17,110 --> 00:03:13,599

by a bus it shouldn't go away

75

00:03:19,190 --> 00:03:17,120

if it goes away i'm just a new ah

76

00:03:21,509 --> 00:03:19,200

and that's interesting but only as a

77

00:03:25,589 --> 00:03:21,519

passing thought

78

00:03:32,789 --> 00:03:29,270

who cares but if you can store it

79

00:03:35,830 --> 00:03:32,799

and play it back if you can store it

80

00:03:36,789 --> 00:03:35,840

and somehow transmit it if you can teach

81

00:03:40,149 --> 00:03:36,799

other people

82

00:03:41,589 --> 00:03:40,159

to do it we've got something pragmatic

83

00:03:43,990 --> 00:03:41,599

if we don't we don't have much going i

84

00:03:48,789 --> 00:03:44,000

mean we have the

85

00:03:50,149 --> 00:03:48,799

but we don't have a reliable phenomenon

86

00:03:53,670 --> 00:03:50,159

and obviously then it would be more

87

00:03:59,270 --> 00:03:53,680

difficult to transition to any type of

88

00:03:59,280 --> 00:04:10,229

this is my favorite cartoon

89

00:04:19,430 --> 00:04:11,830

i'll leave it with that and i'll take

90

00:04:19,440 --> 00:04:40,070

peter you run the questions

91

00:04:44,390 --> 00:04:42,710

so we get baseline of consistent and

92

00:04:46,070 --> 00:04:44,400

this is not my area of expertise so we

93

00:04:47,110 --> 00:04:46,080

get baseline we're consistent everything

94

00:04:49,350 --> 00:04:47,120

is calibrated

95

00:04:52,070 --> 00:04:49,360

it's running and then we do the session

96

00:04:54,310 --> 00:04:52,080

and then this this anomalous wave occurs

97

00:04:55,189 --> 00:04:54,320

now the anomalous wave occurs it's it's

98

00:04:56,710 --> 00:04:55,199

this is another

99

00:04:58,870 --> 00:04:56,720

interesting part and this also is the

100

00:05:01,830 --> 00:04:58,880

case with the regs

101
00:05:02,230 --> 00:05:01,840
if i do the technique and so ins you saw

102
00:05:05,830 --> 00:05:02,240
me

103
00:05:10,310 --> 00:05:05,840
imagine i'm treating

104
00:05:12,710 --> 00:05:10,320
an reg nothing happens at all but if a

105
00:05:15,670 --> 00:05:12,720
mouse is sick and you're running the reg

106
00:05:16,629 --> 00:05:15,680
the reg goes nutty if you treat the

107
00:05:19,189 --> 00:05:16,639
magnetic

108
00:05:20,310 --> 00:05:19,199
probe directly as if it's a cage nothing

109
00:05:22,310 --> 00:05:20,320
happens

110
00:05:23,749 --> 00:05:22,320
but if you have a sick mouse this is

111
00:05:25,749 --> 00:05:23,759
when this occurs

112
00:05:27,029 --> 00:05:25,759
so there's no deliberate attempt to

113
00:05:28,390 --> 00:05:27,039

bring about this

114

00:05:31,749 --> 00:05:28,400

anomalous wave i still don't even know

115

00:05:34,070 --> 00:05:31,759

what it is uh it simply occurs

116

00:05:36,310 --> 00:05:34,080

well you're focusing on something i

117

00:05:38,790 --> 00:05:36,320

don't know that needs healing

118

00:05:39,830 --> 00:05:38,800

but it's not a pk effect certainly i

119

00:05:42,790 --> 00:05:39,840

can't sit there and

120

00:05:43,110 --> 00:05:42,800

make an reg go that way or that way but

121

00:05:45,270 --> 00:05:43,120

if

122

00:05:48,710 --> 00:05:45,280

you put your hands on a mouse or a

123

00:05:50,469 --> 00:05:48,720

person the reg will be affected

124

00:05:51,990 --> 00:05:50,479

if you if you treat the geomagnetic

125

00:05:53,749 --> 00:05:52,000

probe directly nothing will happen at

126

00:05:56,469 --> 00:05:53,759

least in my case

127

00:05:58,070 --> 00:05:56,479

uh if if there is a need present and

128

00:06:00,710 --> 00:05:58,080

some and again that's why i say

129

00:06:02,150 --> 00:06:00,720

perhaps it's related to healing but this

130

00:06:03,909 --> 00:06:02,160

is really speculative because i don't

131

00:06:06,629 --> 00:06:03,919

know when healing actually

132

00:06:08,870 --> 00:06:06,639

occurs i need uh i need the folks here

133

00:06:10,469 --> 00:06:08,880

who knows how to to do that stuff

134

00:06:15,350 --> 00:06:10,479

to let me know when it occurs because

135

00:06:20,230 --> 00:06:18,070

bill this is really something greeting

136

00:06:23,350 --> 00:06:20,240

this is really something for two

137

00:06:26,110 --> 00:06:23,360

major anomalistic disciplines

138

00:06:47,110 --> 00:06:26,120

burst feeling sounds a lot like

139

00:06:50,390 --> 00:06:49,670

it sounds very much like the the bonding

140

00:06:52,390 --> 00:06:50,400

effect that

141

00:06:53,589 --> 00:06:52,400

did you speak about very important

142

00:06:56,790 --> 00:06:53,599

phenomena and

143

00:06:59,670 --> 00:06:56,800

uh if it can be used uh to

144

00:07:01,270 --> 00:06:59,680

induce healing you know amongst a group

145

00:07:02,390 --> 00:07:01,280

of we'll say mice or humans or other

146

00:07:05,909 --> 00:07:02,400

animals

147

00:07:09,110 --> 00:07:05,919

could not also cancer itself also

148

00:07:11,909 --> 00:07:09,120

through a whatever phenomena it is

149

00:07:13,189 --> 00:07:11,919

induce cancer in other animals as well

150

00:07:14,469 --> 00:07:13,199

and that's the first part of the

151
00:07:16,469 --> 00:07:14,479
question the second part is

152
00:07:17,749 --> 00:07:16,479
are you familiar with the research that

153
00:07:20,950 --> 00:07:17,759
this russian

154
00:07:21,550 --> 00:07:20,960
scientist back in the 80s did his name

155
00:07:25,629 --> 00:07:21,560
was

156
00:07:26,790 --> 00:07:25,639
kaznachayev and he did research on the

157
00:07:30,309 --> 00:07:26,800
transmissibility

158
00:07:30,950 --> 00:07:30,319
of disease through a similar bonding

159
00:07:32,710 --> 00:07:30,960
type of

160
00:07:34,150 --> 00:07:32,720
uh phenomena that you're talking about

161
00:07:35,430 --> 00:07:34,160
but he couldn't explain exactly what it

162
00:07:37,510 --> 00:07:35,440
was either i i

163
00:07:39,110 --> 00:07:37,520

i'm not familiar with it yeah i don't i

164

00:07:40,870 --> 00:07:39,120

don't know i don't know

165

00:07:42,390 --> 00:07:40,880

i mean i'm going to sit here and when i

166

00:07:43,270 --> 00:07:42,400

said these are things i'm reasonably

167

00:07:45,270 --> 00:07:43,280

certain of

168

00:07:47,830 --> 00:07:45,280

and and going down and and my biggest

169

00:07:49,430 --> 00:07:47,840

categories at the bottom i

170

00:07:50,869 --> 00:07:49,440

you know there's a lot of work here for

171

00:07:51,990 --> 00:07:50,879

a lot of people who want to get involved

172

00:07:53,909 --> 00:07:52,000

in research in this stuff

173

00:07:55,270 --> 00:07:53,919

because i got hundreds of questions i

174

00:07:56,869 --> 00:07:55,280

could i could lay out

175

00:07:58,950 --> 00:07:56,879

and we can all have careers for next

176

00:08:00,629 --> 00:07:58,960

hundred years so i'm not trying to hold

177

00:08:03,510 --> 00:08:00,639

this tight to the vest

178

00:08:05,270 --> 00:08:03,520

in particular if anybody there who is

179

00:08:06,390 --> 00:08:05,280

immunologically oriented wants to make a

180

00:08:11,110 --> 00:08:06,400

cancer vaccine

181

00:08:15,830 --> 00:08:14,390

control pragmatic sounds fascinating and

182

00:08:20,629 --> 00:08:15,840

the control group's always been

183

00:08:21,189 --> 00:08:20,639

designated in the beginning of control

184

00:08:23,589 --> 00:08:21,199

through

185

00:08:26,390 --> 00:08:23,599

after the experiment has occurred uh

186

00:08:28,550 --> 00:08:26,400

it's always in the beginning of the

187

00:08:29,830 --> 00:08:28,560

uh now it's a little more complicated

188

00:08:33,589 --> 00:08:29,840

than i got across here

189

00:08:35,110 --> 00:08:33,599

um the control group if in a separate

190

00:08:36,230 --> 00:08:35,120

building i know this sounds nutty i'm

191

00:08:38,070 --> 00:08:36,240

just i'm reporting

192

00:08:39,269 --> 00:08:38,080

if in the control group if it's in a

193

00:08:41,110 --> 00:08:39,279

separate building

194

00:08:44,710 --> 00:08:41,120

and no one who knows the technique has

195

00:08:46,470 --> 00:08:44,720

seen them they will die

196

00:08:48,470 --> 00:08:46,480

and i don't know why a building matters

197

00:08:50,310 --> 00:08:48,480

i mean i don't even know how to take the

198

00:08:53,190 --> 00:08:50,320

first step on that one

199

00:09:00,790 --> 00:08:53,200

if it's in the same building it has a

200

00:09:19,990 --> 00:09:03,430

it's an interesting experiment there's a

201
00:09:24,630 --> 00:09:23,190
similar ideas people present research

202
00:09:26,710 --> 00:09:24,640
results

203
00:09:29,030 --> 00:09:26,720
starting with this feeling that maybe

204
00:09:31,350 --> 00:09:29,040
the nature is not just like these

205
00:09:32,150 --> 00:09:31,360
waves or infrasound or this about the

206
00:09:33,269 --> 00:09:32,160
other thing

207
00:09:36,310 --> 00:09:33,279
um so that there's some kind of

208
00:09:37,829 --> 00:09:36,320
intelligence i mean in some way by what

209
00:09:40,870 --> 00:09:37,839
you're doing you're invoking this

210
00:09:44,150 --> 00:09:40,880
intelligence or you're somehow

211
00:09:47,030 --> 00:09:44,160
provoking an intelligence that then
