1
00:00:03,669 --> 00:00:01,829
know what even the first step would be

2
00:00:04,950 --> 00:00:03,679
to fix and i'm just talking about cancer

3
00:00:05,510 --> 00:00:04,960
here i got a bunch of other experiments

4
00:00:08,950 --> 00:00:05,520
too but

5
00:00:10,790 --> 00:00:08,960
i wouldn't have any idea what to do so

6
00:00:13,030 --> 00:00:10,800
the one of the things i need to do is

7
00:00:15,430 --> 00:00:13,040
not even try

8
00:00:17,189 --> 00:00:15,440
but to say to evoke another intelligence

9
00:00:19,910 --> 00:00:17,199
i would have to say

10
00:00:22,630 --> 00:00:19,920
it has to be but the intelligence could

11
00:00:26,870 --> 00:00:24,310
in other words i don't know how to

12
00:00:31,669 --> 00:00:26,880
digest an apple

13
00:00:34,709 --> 00:00:31,679

understand how to digest

14
00:00:36,870 --> 00:00:34,719
digest an apple in order to do it so

15
00:00:38,470 --> 00:00:36,880
the intelligence to digest an apple is

16
00:00:39,830 --> 00:00:38,480
me or could be me

17
00:00:41,750 --> 00:00:39,840
and you can argue whether where that

18
00:00:42,869 --> 00:00:41,760
intelligence come from and go in an

19
00:00:44,549 --> 00:00:42,879
infinite regress

20
00:00:45,910 --> 00:00:44,559
but consciously i don't know how to

21
00:00:48,069 --> 00:00:45,920
digest an apple

22
00:00:50,549 --> 00:00:48,079
uh consciously i don't know how to do

23
00:00:52,069 --> 00:00:50,559
almost anything that i just naturally do

24
00:00:55,110 --> 00:00:52,079
and in that sense i mean i don't know

25
00:00:58,630 --> 00:00:55,120
how to walk yet i can do it

26
00:01:00,630 --> 00:00:58,640
i don't know how to heal yet i can do it

27
00:01:02,630 --> 00:01:00,640
and so in that sense i say there has to

28
00:01:05,109 --> 00:01:02,640
be because my conscious brain

29
00:01:09,190 --> 00:01:05,119
certainly is not capable of even knowing

30
00:01:14,870 --> 00:01:11,270
yes first of all i hope you can do some

31
00:01:18,390 --> 00:01:18,070
and secondly about warts um jerome frank

32
00:01:20,710 --> 00:01:18,400
uh

33
00:01:22,469 --> 00:01:20,720
treated children's warts by painting

34
00:01:23,030 --> 00:01:22,479
them with a brightly colored dye and he

35
00:01:25,350 --> 00:01:23,040
found

36
00:01:26,789 --> 00:01:25,360
and telling was a magic eye and that it

37
00:01:27,350 --> 00:01:26,799
would eventually go away yeah i found

38
00:01:29,190 --> 00:01:27,360

that way

39
00:01:30,870 --> 00:01:29,200
that oh i've had people mock me in all

40
00:01:33,109 --> 00:01:30,880
sorts of ways about the world yeah

41
00:01:34,710 --> 00:01:33,119
they they have i had a dermatologist

42
00:01:35,990 --> 00:01:34,720
explain to me how to get rid of warts

43
00:01:37,510 --> 00:01:36,000
you take an apple

44
00:01:38,870 --> 00:01:37,520
and you tell the person to cut it in a

45
00:01:40,390 --> 00:01:38,880
certain way at a certain time at a

46
00:01:42,069 --> 00:01:40,400
certain frequency at a certain

47
00:01:43,429 --> 00:01:42,079
and you do that a certain number of

48
00:01:44,950 --> 00:01:43,439
times per day for a certain number of

49
00:01:46,550 --> 00:01:44,960
days and it'll get rid of the warts

50
00:01:53,429 --> 00:01:46,560
and he says he does this in his clinical

51
00:01:57,190 --> 00:01:56,310
i can't do it though i can cut it out

52
00:02:01,190 --> 00:01:57,200
yeah

53
00:02:05,030 --> 00:02:01,200
one of the alternatives is to

54
00:02:07,670 --> 00:02:05,040
bury the nature of the healer so for

55
00:02:09,109 --> 00:02:07,680
example in our research

56
00:02:11,510 --> 00:02:09,119
the effects of breaking in the effects

57
00:02:16,229 --> 00:02:11,520
of brainly on microvascular leakage

58
00:02:20,830 --> 00:02:16,239
inflammation stress fighting

59
00:02:20,840 --> 00:02:41,750
arrangement

60
00:02:48,229 --> 00:02:44,949
and under those circumstances you do see

61
00:03:02,229 --> 00:02:48,239
the the appropriate reduction

62
00:03:05,830 --> 00:03:04,470
in one experiment we had six rooms going

63
00:03:08,390 --> 00:03:05,840

on at the same time so

64
00:03:09,430 --> 00:03:08,400
if i was in there sitting with a cage a

65
00:03:12,070 --> 00:03:09,440
student was sitting there

66
00:03:12,710 --> 00:03:12,080
sitting with a cage uh they tried to

67
00:03:14,790 --> 00:03:12,720
replicate

68
00:03:16,949 --> 00:03:14,800
exactly what i did with no training and

69
00:03:18,390 --> 00:03:16,959
and all that and

70
00:03:22,070 --> 00:03:18,400
they all got cured because they all get

71
00:03:25,589 --> 00:03:24,149
yeah but that so but now the student

72
00:03:27,270 --> 00:03:25,599
would leave

73
00:03:37,990 --> 00:03:27,280
experiment and they were they were

74
00:03:41,350 --> 00:03:40,630
contamination or variable that still

75
00:03:44,309 --> 00:03:41,360
hasn't been

76
00:03:55,350 --> 00:03:44,319
addressed i just think it's worth it i

77
00:03:59,190 --> 00:03:57,190
and it would take me a long time to

78
00:03:59,750 --> 00:03:59,200
explain it but i can tell you what it's

79
00:04:04,710 --> 00:03:59,760
not

80
00:04:07,429 --> 00:04:04,720
it has no faith it has no belief it has

81
00:04:08,390 --> 00:04:07,439
it has uh yeah it has intention uh it

82
00:04:10,309 --> 00:04:08,400
has intention

83
00:04:12,470 --> 00:04:10,319
and it it's a mechanical process it

84
00:04:13,830 --> 00:04:12,480
takes quite a bit of practice to master

85
00:04:15,509 --> 00:04:13,840
but you can do it relatively

86
00:04:16,949 --> 00:04:15,519
mechanically

87
00:04:18,550 --> 00:04:16,959
it is completely faithless and

88
00:04:20,310 --> 00:04:18,560

beliefless thank you bill
