

GUY SAVELLI & FRIENDS

And they really did know Mike Echanis – sans staring

1
00:00:05,390 --> 00:00:03,340
alright we're going to continue our

2
00:00:08,330 --> 00:00:05,400
morning session on non local

3
00:00:11,240 --> 00:00:08,340
connectivity our first speaker will be

4
00:00:16,129 --> 00:00:11,250
John Alexander it's going to tell us the

5
00:00:17,870 --> 00:00:16,139
real story of goats John and then it was

6
00:00:20,029 --> 00:00:17,880
supposed to start with an apology by

7
00:00:22,580 --> 00:00:20,039
there when I moved nom Anor an unrated

8
00:00:25,670 --> 00:00:22,590
this talk I made an assumption that a

9
00:00:27,800 --> 00:00:25,680
bus soil that involved in a movie with

10
00:00:30,890 --> 00:00:27,810
George clearly there was based primarily

11
00:00:32,479 --> 00:00:30,900
on psychic phenomena would be going on

12
00:00:33,920 --> 00:00:32,489
in the audience and I didn't find out

13
00:00:35,780 --> 00:00:33,930

until I got to the culture merely

14

00:00:40,639 --> 00:00:35,790

thought this is where people don't even

15

00:00:46,010 --> 00:00:40,649

know what it is so we are alone I might

16

00:00:50,720 --> 00:00:46,020

not have been that otherwise the this is

17

00:00:53,840 --> 00:00:50,730

bet based on a book by John Watson on a

18

00:00:56,000 --> 00:00:53,850

proposed and I said a five percent

19

00:01:00,410 --> 00:00:56,010

factor where he talked about this much

20

00:01:02,450 --> 00:01:00,420

truth and wrote this much and I say the

21

00:01:05,119 --> 00:01:02,460

characters are unambiguous in this I've

22

00:01:08,270 --> 00:01:05,129

Anatole displacer I mentioned by name

23

00:01:10,760 --> 00:01:08,280

and so it is really clear we learn how

24

00:01:14,170 --> 00:01:10,770

to extract that now in the movie well

25

00:01:16,940 --> 00:01:14,180

there is quite a bit of extrapolation

26

00:01:19,249 --> 00:01:16,950

here the vivid claims that are really

27

00:01:21,380 --> 00:01:19,259

kind of interested me to go through as

28

00:01:23,810 --> 00:01:21,390

many of these as we can get through but

29

00:01:26,179 --> 00:01:23,820

these are things that their state of de

30

00:01:28,340 --> 00:01:26,189

happened I understand this was done as a

31

00:01:33,069 --> 00:01:28,350

comedy when you thought was so the kind

32

00:01:35,300 --> 00:01:33,079

of the intent on it so we started

33

00:01:38,149 --> 00:01:35,310

unfortunately he destroyed were the most

34

00:01:38,930 --> 00:01:38,159

romantic thing which was that you see

35

00:01:41,840 --> 00:01:38,940

George clearly

36

00:01:45,800 --> 00:01:41,850

yes is going beasters with the boat will

37

00:01:49,430 --> 00:01:45,810

intently and also the logo and the dice

38

00:01:53,600 --> 00:01:49,440

and in the milk that story exists

39

00:01:55,880 --> 00:01:53,610

unfortunately it's not true well the

40

00:01:58,730 --> 00:01:55,890

story which is published on the net to

41

00:02:02,060 --> 00:01:58,740

define says that this happened one

42

00:02:03,980 --> 00:02:02,070

winter morning at Fort Bragg that this

43

00:02:07,580 --> 00:02:03,990

guy better make a chalice who's a real

44

00:02:10,580 --> 00:02:07,590

martial artist was involved in it took

45

00:02:12,950 --> 00:02:10,590

personal bear pit now there's a temple

46

00:02:15,500 --> 00:02:12,960

problem with them to explain because

47

00:02:19,820 --> 00:02:15,510

this must have happened even the reader

48

00:02:22,040 --> 00:02:19,830

and 70 74 76 who's really don't get too

49

00:02:25,000 --> 00:02:22,050

so the other explain how that happened

50

00:02:29,180 --> 00:02:25,010

so he said introductions were made by

51
00:02:32,480 --> 00:02:29,190
koto GA who's runner is going to bob

52
00:02:35,750 --> 00:02:32,490
marshall or normal short o cuando to the

53
00:02:40,960 --> 00:02:35,760
united states ah and then ask for

54
00:02:47,270 --> 00:02:45,170
make a chalice is a real guy now he was

55
00:02:49,100 --> 00:02:47,280
so psychic that he got on a helicopter

56
00:02:51,440 --> 00:02:49,110
who became emotionally got on a

57
00:02:58,460 --> 00:02:51,450
helicopter and nicaragua had a bomb on

58
00:03:00,650 --> 00:02:58,470
it and died so that but his death gives

59
00:03:02,900 --> 00:03:00,660
us say you know kind of a reference

60
00:03:05,540 --> 00:03:02,910
point on earth and violet or probably

61
00:03:08,960 --> 00:03:05,550
didn't happen with the person didn't

62
00:03:12,100 --> 00:03:08,970
know I guess is that there's a Philip in

63
00:03:15,680 --> 00:03:12,110

the guy in the middle here is my cousin

64

00:03:17,840 --> 00:03:15,690

Lucy on meaning attempt on back belt

65

00:03:18,640 --> 00:03:17,850

what does that leave well they're the

66

00:03:20,380 --> 00:03:18,650

guys in

67

00:03:23,890 --> 00:03:20,390

where did that little martial arts are

68

00:03:26,800 --> 00:03:23,900

taking all his playmates me yeah this is

69

00:03:30,880 --> 00:03:26,810

a real service top and lasso turns out

70

00:03:33,399 --> 00:03:30,890

we know Julie so I called him and asked

71

00:03:36,640 --> 00:03:33,409

him about the events did not wear the

72

00:03:39,610 --> 00:03:36,650

principles involved was not a colonel he

73

00:03:41,860 --> 00:03:39,620

came the United States in his late 20s

74

00:03:43,920 --> 00:03:41,870

you had been a lieutenant was not weird

75

00:03:49,449 --> 00:03:43,930

they're Koreans who I did not know a

76

00:03:51,339 --> 00:03:49,459

chalice okay so if we say they didn't

77

00:03:53,680 --> 00:03:51,349

have it did happen because there is some

78

00:03:56,259 --> 00:03:53,690

very spectacular sorts of things that

79

00:03:59,050 --> 00:03:56,269

did happen and I will talk about and

80

00:04:00,460 --> 00:03:59,060

maybe law is crazy mobile sa is a comedy

81

00:04:04,420 --> 00:04:00,470

and the makes us look like we were

82

00:04:07,059 --> 00:04:04,430

really crazy first of all yes the US was

83

00:04:08,979 --> 00:04:07,069

concerned about what the soil Soviet

84

00:04:11,619 --> 00:04:08,989

Union is there if you look and maybe

85

00:04:15,280 --> 00:04:11,629

you'll actually see them reading this

86

00:04:19,509 --> 00:04:15,290

book which was very popular in the late

87

00:04:21,099 --> 00:04:19,519

70s now there is a goat lamb there's a

88

00:04:23,589 --> 00:04:21,109

really good lab it's our third by the

89

00:04:25,810 --> 00:04:23,599

Special Forces Warfare group and the

90

00:04:27,610 --> 00:04:25,820

purpose of the boat lab is yes they are

91

00:04:29,980 --> 00:04:27,620

not the size goats they ship them and

92

00:04:31,600 --> 00:04:29,990

the idea is in trained medics or the

93

00:04:34,860 --> 00:04:31,610

first time where they don't see a

94

00:04:37,899 --> 00:04:34,870

gunshot wound is not on the battlefield

95

00:04:40,000 --> 00:04:37,909

unfortunately a pedal does not elect all

96

00:04:42,760 --> 00:04:40,010

three Goodweather hard as she treasures

97

00:04:46,149 --> 00:04:42,770

or something but maybe in a practical

98

00:04:48,520 --> 00:04:46,159

application get lab is really and some

99

00:04:52,200 --> 00:04:48,530

interesting things happened there why

100

00:04:54,790 --> 00:04:52,210

why stirred goat it did Stuart goat

101

00:04:58,240 --> 00:04:54,800

where the hell is this guy this is rick

102

00:05:00,730 --> 00:04:58,250

roll in the nineteen sixty three here

103

00:05:03,700 --> 00:05:00,740

and two other people were captured in

104

00:05:08,050 --> 00:05:03,710

south vietnam and he was a prisoner

105

00:05:10,000 --> 00:05:08,060

until late december in 1968 in order a

106

00:05:11,890 --> 00:05:10,010

few days before they have decided to

107

00:05:14,159 --> 00:05:11,900

execute him because we got tired of his

108

00:05:17,999 --> 00:05:14,169

ethics and we're away

109

00:05:21,719 --> 00:05:18,009

he escaped so he got out of the military

110

00:05:25,080 --> 00:05:21,729

for a while and better he was only

111

00:05:27,629 --> 00:05:25,090

relative 34 POWs too if we escaped

112

00:05:30,029 --> 00:05:27,639

during that entire conflict but they

113

00:05:32,309 --> 00:05:30,039

only decided to pay up in the chorus

114

00:05:35,429 --> 00:05:32,319

concert which is a survival evasion

115

00:05:37,769 --> 00:05:35,439

resistance and escape and we'll do this

116

00:05:41,399 --> 00:05:37,779

for people who are at high risk of being

117

00:05:44,399 --> 00:05:41,409

captured or intern so it better to win

118

00:05:47,399 --> 00:05:44,409

of course then somebody who's got five

119

00:05:52,350 --> 00:05:47,409

years or experience now the US are some

120

00:05:54,749 --> 00:05:52,360

dates on him because unfortunately in 20

121

00:05:59,159 --> 00:05:54,759

on april nineteen eighty nine he was

122

00:06:03,269 --> 00:05:59,169

assassinated really well near manila in

123

00:06:05,129 --> 00:06:03,279

the philippines but he is really that

124

00:06:06,749 --> 00:06:05,139

interested in this area many other

125

00:06:08,489 --> 00:06:06,759

things did you see in the movies you got

126

00:06:12,570 --> 00:06:08,499

round i was going to jump off of your

127

00:06:15,869 --> 00:06:12,580

pass and all that not happening ok this

128

00:06:19,200 --> 00:06:15,879

is what real prw may have seen rescued

129

00:06:21,389 --> 00:06:19,210

on this is base on unreal but this is

130

00:06:25,139 --> 00:06:21,399

what bo buddies look like when they come

131

00:06:29,459 --> 00:06:25,149

out so you've got full health you

132

00:06:34,850 --> 00:06:29,469

probably been beaten diseases is quite

133

00:06:41,159 --> 00:06:37,889

never had was what kinds of things can

134

00:06:43,769 --> 00:06:41,169

we do all day racing but i had five

135

00:06:46,829 --> 00:06:43,779

years practical experience in the jungle

136

00:06:48,989 --> 00:06:46,839

sir what can you do to influence people

137

00:06:50,700 --> 00:06:48,999

who is not going to save a great deal of

138

00:06:53,399 --> 00:06:50,710

physical energy because you just not

139

00:06:55,820 --> 00:06:53,409

going to have that but it does come you

140

00:06:58,529 --> 00:06:55,830

love experiments have been done on story

141

00:07:01,499 --> 00:06:58,539

does it make sense to try and have a

142

00:07:04,559 --> 00:07:01,509

guard look in a specific direction for a

143

00:07:06,540 --> 00:07:04,569

bit longer who's also Faison how do you

144

00:07:09,899 --> 00:07:06,550

move your hands how can I do make

145

00:07:13,230 --> 00:07:09,909

movements their affinity safe that can

146

00:07:14,460 --> 00:07:13,240

suddenly be turned into an attack he

147

00:07:17,580 --> 00:07:14,470

also had hold

148

00:07:20,100 --> 00:07:17,590

did Mac which was the death touch so he

149

00:07:26,010 --> 00:07:20,110

said so that the reserve shiraz outside

150

00:07:30,650 --> 00:07:26,020

is this real yeah they far came to is

151

00:07:33,150 --> 00:07:30,660

this guy this is guy savelli rather

152

00:07:35,940 --> 00:07:33,160

unique sure you say martial artists

153

00:07:38,970 --> 00:07:35,950

they've trained really met with him but

154

00:07:42,780 --> 00:07:38,980

he is the one who actually taught people

155

00:07:45,300 --> 00:07:42,790

how to do dim mak now these guys these

156

00:07:46,800 --> 00:07:45,310

are NCOs they choose not to be more

157

00:07:50,250 --> 00:07:46,810

mailmen you know who the what their

158

00:07:52,440 --> 00:07:50,260

identity are they now retired but we are

159

00:07:54,990 --> 00:07:52,450

actively involved in training with him

160

00:07:58,260 --> 00:07:55,000

some very unique circumstances very easy

161

00:08:00,810 --> 00:07:58,270

did know or make a chalice and no you

162

00:08:05,310 --> 00:08:00,820

didn't get involved in restoring aspects

163

00:08:07,860 --> 00:08:05,320

of it sure there's dim mak highly

164

00:08:10,430 --> 00:08:07,870

controversial as i said there's known as

165

00:08:14,250 --> 00:08:10,440

the death touch and the idea here is

166

00:08:16,409 --> 00:08:14,260

like a this is from bloodsport it is not

167

00:08:19,320 --> 00:08:16,419

a hard physical bleh we were going to

168

00:08:21,540 --> 00:08:19,330

you know stop the head it's like what

169

00:08:25,050 --> 00:08:21,550

you do is any update with their of key

170

00:08:28,590 --> 00:08:25,060

or cheat death occurs at some later

171

00:08:31,830 --> 00:08:28,600

point in time this may be up to maybe

172

00:08:33,659 --> 00:08:31,840

you had 24 hours later now it's

173

00:08:36,089 --> 00:08:33,669

interesting i pity here the principles

174

00:08:39,510 --> 00:08:36,099

for those who attended the meeting in

175

00:08:42,240 --> 00:08:39,520

san diego we had some interest in

176

00:08:46,260 --> 00:08:42,250

japanese research and looking at remote

177

00:08:48,329 --> 00:08:46,270

applications of g and key and that's

178

00:08:51,780 --> 00:08:48,339

basically what we were talking about

179

00:08:54,180 --> 00:08:51,790

here so what happened on the goats and

180

00:08:56,070 --> 00:08:54,190

to the little controversy over he

181

00:08:58,860 --> 00:08:56,080

actually had to go whether it was guys

182

00:08:59,790 --> 00:08:58,870

to valerie one of the NLCS but the

183

00:09:02,730 --> 00:08:59,800

weather it is a

184

00:09:05,009 --> 00:09:02,740

today so it was kept in for the cameras

185

00:09:10,410 --> 00:09:05,019

he had time-lapse photography on it and

186

00:09:13,889 --> 00:09:10,420

about oops about 18 hours later the dope

187

00:09:16,019 --> 00:09:13,899

goes book then flips so quickly now they

188

00:09:17,610 --> 00:09:16,029

did it knock necropsy on and I've seen

189

00:09:19,860 --> 00:09:17,620

the results on that they still won't

190

00:09:22,050 --> 00:09:19,870

release to an individual's holder they

191

00:09:24,360 --> 00:09:22,060

said death was so fast at the time that

192

00:09:27,240 --> 00:09:24,370

it did occur that the help didn't even

193

00:09:30,420 --> 00:09:27,250

contract who is most amazing to me is

194

00:09:32,759 --> 00:09:30,430

the nice are these pictures we solve for

195

00:09:35,009 --> 00:09:32,769

anybody in the scene billets one

196

00:09:37,139 --> 00:09:35,019

cadavers what happens you have high

197

00:09:39,030 --> 00:09:37,149

velocity or missile that goes through

198

00:09:42,300 --> 00:09:39,040

the body you can see that the image

199

00:09:45,360 --> 00:09:42,310

deposition took took place in which you

200

00:09:47,460 --> 00:09:45,370

saw in the goats was that kind of energy

201
00:09:51,060 --> 00:09:47,470
depletion saw line going right across

202
00:09:52,800 --> 00:09:51,070
the thoracic reason the problem is there

203
00:09:56,990 --> 00:09:52,810
was no rear ended entrance or real

204
00:10:01,019 --> 00:09:57,000
addiction so it was really quite

205
00:10:04,650 --> 00:10:01,029
dramatic hiya drivers come now here is

206
00:10:06,960 --> 00:10:04,660
something called Delta Force and the

207
00:10:09,600 --> 00:10:06,970
mission of Delta is basically a think

208
00:10:11,430 --> 00:10:09,610
tank that was allowed to go out and be

209
00:10:14,190 --> 00:10:11,440
really wild i mean we could look at

210
00:10:15,449 --> 00:10:14,200
basically anything the model is what's

211
00:10:17,550 --> 00:10:15,459
the difference it makes a difference

212
00:10:20,130 --> 00:10:17,560
really key literally a transforming the

213
00:10:23,220 --> 00:10:20,140

artery at this point nobody just coming

214

00:10:26,340 --> 00:10:23,230

out of Vietnam the only reserve in the

215

00:10:29,519 --> 00:10:26,350

bedroom is that at best and so they they

216

00:10:31,010 --> 00:10:29,529

looked at how you cept need change keep

217

00:10:34,199 --> 00:10:31,020

track of time lessons of history

218

00:10:36,990 --> 00:10:34,209

realities and visions of the future now

219

00:10:39,600 --> 00:10:37,000

also mentioned this is not Delta with

220

00:10:42,480 --> 00:10:39,610

the ritual is Delta Force so that was

221

00:10:44,009 --> 00:10:42,490

created by a trailer buck with would you

222

00:10:46,769 --> 00:10:44,019

rather and I

223

00:10:48,929 --> 00:10:46,779

women so major course together much long

224

00:10:50,669 --> 00:10:48,939

before that so these are not the door

225

00:10:53,609 --> 00:10:50,679

kickers these were people who got

226

00:10:56,009 --> 00:10:53,619

together and fought but I our

227

00:10:58,259 --> 00:10:56,019

organizational chart we have written a

228

00:11:00,179 --> 00:10:58,269

comes out John nit of the slaves

229

00:11:02,150 --> 00:11:00,189

guerrilla management number of years

230

00:11:05,999 --> 00:11:02,160

later on solvers on the chart with

231

00:11:07,679 --> 00:11:06,009

concentric news and they were like who

232

00:11:10,619 --> 00:11:07,689

did this kind of thinking for a

233

00:11:12,239 --> 00:11:10,629

management perspective and one and the

234

00:11:14,400 --> 00:11:12,249

name should recognize that they're guys

235

00:11:19,379 --> 00:11:14,410

that called Paul some of the others

236

00:11:21,359 --> 00:11:19,389

related one oddity of amazing things now

237

00:11:24,239 --> 00:11:21,369

in the baby you have something called

238

00:11:27,329 --> 00:11:24,249

the new earth army this was actually

239

00:11:29,160 --> 00:11:27,339

taken from the first Earth battalion and

240

00:11:33,269 --> 00:11:29,170

this is the real thing some people

241

00:11:35,129 --> 00:11:33,279

emerge into channel it to him on that he

242

00:11:37,889 --> 00:11:35,139

designed this module which was now

243

00:11:40,379 --> 00:11:37,899

available on the net for imminent the

244

00:11:43,049 --> 00:11:40,389

main thing is this was not a real human

245

00:11:46,169 --> 00:11:43,059

he couldn't go on the organizational

246

00:11:48,929 --> 00:11:46,179

chart and find the first Earth battalion

247

00:11:51,900 --> 00:11:48,939

listed some place but it was a national

248

00:11:54,780 --> 00:11:51,910

thing and it was real this is the

249

00:11:57,239 --> 00:11:54,790

invasion of the new era that may

250

00:12:01,129 --> 00:11:57,249

recognize it artwork is really pretty

251
00:12:03,509 --> 00:12:01,139
important in the building Jeff Bridges

252
00:12:05,789 --> 00:12:03,519
unfortunately return here is he's got a

253
00:12:08,039 --> 00:12:05,799
ponytail it was about this long down the

254
00:12:10,859 --> 00:12:08,049
back in the lab but that didn't happen

255
00:12:13,700 --> 00:12:10,869
but it is playing of this guy this is

256
00:12:17,420 --> 00:12:13,710
our Jim Channon whoever William

257
00:12:20,570 --> 00:12:17,430
well imagineer Jim is best known for his

258
00:12:22,700 --> 00:12:20,580
artwork in fact some of this symbology

259
00:12:25,190 --> 00:12:22,710
and still you know basic symbols that

260
00:12:28,160 --> 00:12:25,200
have used in the military together but

261
00:12:31,030 --> 00:12:28,170
he was CEO three or four segments beyond

262
00:12:35,570 --> 00:12:31,040
the corridor with alarming most

263
00:12:39,590 --> 00:12:35,580

certainly at that time he works till in

264

00:12:41,420 --> 00:12:39,600

credit ethology and what is the key was

265

00:12:43,760 --> 00:12:41,430

dare to think the unthinkable what the

266

00:12:46,880 --> 00:12:43,770

first Earth battalion did was emotional

267

00:12:49,190 --> 00:12:46,890

unit was allowed us to be a lot of the

268

00:12:51,730 --> 00:12:49,200

usual thinking in razor we're not

269

00:12:55,190 --> 00:12:51,740

threatening to the conventional force

270

00:12:58,130 --> 00:12:55,200

that's really which symbology is kind of

271

00:13:00,020 --> 00:12:58,140

interesting in gym so handbook I might

272

00:13:02,960 --> 00:13:00,030

mention that you'll notice there's a

273

00:13:05,390 --> 00:13:02,970

black and white be the desire isn't

274

00:13:07,330 --> 00:13:05,400

quite complete that's intentional that's

275

00:13:09,800 --> 00:13:07,340

so that the people who are working

276

00:13:12,890 --> 00:13:09,810

everything are you looking at this you

277

00:13:16,010 --> 00:13:12,900

mind fills in the blanks well this Allah

278

00:13:18,410 --> 00:13:16,020

movie is the actual depiction of you

279

00:13:21,170 --> 00:13:18,420

know clearly coming out with the goat so

280

00:13:23,950 --> 00:13:21,180

what these are symbology of God's an

281

00:13:27,290 --> 00:13:23,960

action this is our Toby of last year in

282

00:13:28,940 --> 00:13:27,300

Afghanistan and what they're doing is

283

00:13:31,190 --> 00:13:28,950

they've gone to a village you know

284

00:13:33,830 --> 00:13:31,200

collateral casualties are a problem and

285

00:13:36,590 --> 00:13:33,840

we've stepped in to be the family and

286

00:13:39,380 --> 00:13:36,600

make amends for killing a couple of kids

287

00:13:42,280 --> 00:13:39,390

that have been the motive to kill and

288

00:13:46,130 --> 00:13:42,290

literally are taking the great end as

289

00:13:48,470 --> 00:13:46,140

and others well received by the way now

290

00:13:51,700 --> 00:13:48,480

in the maybe if you even saw the trailer

291

00:13:54,460 --> 00:13:51,710

as you see where general hopgood here

292

00:13:56,970 --> 00:13:54,470

whether you smoke there

293

00:13:59,740 --> 00:13:56,980

getting knocked unconscious and whatnot

294

00:14:04,930 --> 00:13:59,750

the guy authority is taking it was my

295

00:14:06,580 --> 00:14:04,940

ex-boss general bit stubborn unless I

296

00:14:11,080 --> 00:14:06,590

upgrade us and when I would become the

297

00:14:13,840 --> 00:14:11,090

villain in bed alone in avatar I argue

298

00:14:16,150 --> 00:14:13,850

this likely didn't happen to some people

299

00:14:18,610 --> 00:14:16,160

who they could no have we did talk about

300

00:14:21,820 --> 00:14:18,620

the potential of any penetrability of

301
00:14:24,100 --> 00:14:21,830
matter but probably did not happen and

302
00:14:27,580 --> 00:14:24,110
certainly not you know the ridiculous

303
00:14:29,860 --> 00:14:27,590
ray anthony b makes up in the baby you

304
00:14:33,240 --> 00:14:29,870
see George George driving down the road

305
00:14:36,790 --> 00:14:33,250
since 30 days as busting clouds on

306
00:14:40,210 --> 00:14:36,800
highly controversial yep we are we did

307
00:14:43,750 --> 00:14:40,220
back in the same it we may be again you

308
00:14:47,170 --> 00:14:43,760
see where he walks into the room you

309
00:14:49,540 --> 00:14:47,180
know as it says the 50 years or stills

310
00:14:53,940 --> 00:14:49,550
I've reached in and taken off the movie

311
00:14:57,610 --> 00:14:53,950
itself and out of the computers crash

312
00:15:01,770 --> 00:14:57,620
yep that that really did happen the guy

313
00:15:04,270 --> 00:15:01,780

who did it Rosalynn Buchanan remember me

314

00:15:06,370 --> 00:15:04,280

reviewing circles in fact you know that

315

00:15:09,790 --> 00:15:06,380

what happened is she was at the augsburg

316

00:15:12,070 --> 00:15:09,800

germany and spent a lot of time setting

317

00:15:14,170 --> 00:15:12,080

up a computer program they were supposed

318

00:15:16,690 --> 00:15:14,180

to have a big show them tell ya and

319

00:15:18,660 --> 00:15:16,700

everything except to go had left it

320

00:15:20,730 --> 00:15:18,670

comes back in the next morning

321

00:15:23,640 --> 00:15:20,740

somebody tweaked any of this is what do

322

00:15:26,970 --> 00:15:23,650

you do is I'm just tweaking it and what

323

00:15:33,050 --> 00:15:26,980

now and yeah he just reserved not buying

324

00:15:35,220 --> 00:15:33,060

the entire system crashed remote very

325

00:15:38,010 --> 00:15:35,230

obviously you know about that was

326

00:15:40,980 --> 00:15:38,020

Stargate program we've got of course

327

00:15:45,240 --> 00:15:40,990

ceramic model is formed the very people

328

00:15:47,610 --> 00:15:45,250

here Paul endale Beth will certainly

329

00:15:50,250 --> 00:15:47,620

associated with the program firewalking

330

00:15:54,360 --> 00:15:50,260

yep we did that word from Jack talking

331

00:15:57,690 --> 00:15:54,370

about the the response on that lady fast

332

00:15:59,340 --> 00:15:57,700

does not answer that question in the

333

00:16:03,210 --> 00:15:59,350

baby in the world of this and themselves

334

00:16:05,880 --> 00:16:03,220

are given LSD this is supposed to take

335

00:16:09,150 --> 00:16:05,890

place in the tooth out of the desert

336

00:16:12,870 --> 00:16:09,160

storm here are so not only no but hell

337

00:16:14,870 --> 00:16:12,880

no by the seventies they are after we

338

00:16:17,630 --> 00:16:14,880

see their investigations that come out

339

00:16:21,360 --> 00:16:17,640

this would have been rated G of stuff

340

00:16:23,630 --> 00:16:21,370

and absolutely do not and some fictional

341

00:16:28,860 --> 00:16:23,640

player did include it in the movies

342

00:16:31,410 --> 00:16:28,870

metalbending baby spacey sitting right

343

00:16:34,050 --> 00:16:31,420

over here how's this and to see how

344

00:16:36,420 --> 00:16:34,060

could say edit and that of course we all

345

00:16:40,170 --> 00:16:36,430

the hill yeah this is something that

346

00:16:42,660 --> 00:16:40,180

really is real not only if the weapon is

347

00:16:45,510 --> 00:16:42,670

one of my main fear of whole host of all

348

00:16:47,700 --> 00:16:45,520

sorts of frames the positive attributes

349

00:16:49,680 --> 00:16:47,710

of goatse whistles from Jenny Jelen

350

00:16:52,620 --> 00:16:49,690

where he points out is we've also had

351

00:16:54,900 --> 00:16:52,630

the court jester the court jester paid

352

00:16:57,480 --> 00:16:54,910

an important villain ideas he could try

353

00:17:00,930 --> 00:16:57,490

things and made things safe so the point

354

00:17:03,630 --> 00:17:00,940

was that he's in here and confusion you

355

00:17:06,450 --> 00:17:03,640

can interject or good ideas or new ideas

356

00:17:08,790 --> 00:17:06,460

in a safe environment whereas if you

357

00:17:13,200 --> 00:17:08,800

apply them just those you know here's a

358

00:17:15,000 --> 00:17:13,210

are they can be terminal so look what

359

00:17:17,370 --> 00:17:15,010

did this look like his and stare at

360

00:17:19,650 --> 00:17:17,380

goats nope didn't do that with a kill

361

00:17:21,240 --> 00:17:19,660

goats yup we did that we do they stare

362

00:17:23,490 --> 00:17:21,250

at goats yes they did some other

363

00:17:24,960 --> 00:17:23,500

stirring experience again trying to

364

00:17:27,420 --> 00:17:24,970

cause them to move one way or another

365

00:17:31,860 --> 00:17:27,430

you know what's the influence of staring

366

00:17:34,050 --> 00:17:31,870

on people we was concerned about sign

367

00:17:37,800 --> 00:17:34,060

research obviously had a remote viewing

368

00:17:40,110 --> 00:17:37,810

program metal band aid about computer

369

00:17:41,640 --> 00:17:40,120

caution got helping cloudbuster I'll put

370

00:17:44,460 --> 00:17:41,650

that and a possible got some interesting

371

00:17:47,460 --> 00:17:44,470

results we didn't need the scientific

372

00:17:51,330 --> 00:17:47,470

Virginia they sheath battalion is really

373

00:17:54,030 --> 00:17:51,340

a falcon yet we did that go through laws

374

00:17:59,400 --> 00:17:54,040

nope didn't do that non-lethal weapons

375

00:18:02,910 --> 00:17:59,410

of course evolved and LSD not about to

376

00:18:04,830 --> 00:18:02,920

venture into that minefield ah I should

377

00:18:07,620 --> 00:18:04,840

have warned people in case I did love

378

00:18:09,270 --> 00:18:07,630

the ending of the movie because at the

379

00:18:12,030 --> 00:18:09,280

end the guy who's playing John ransom

380

00:18:13,770 --> 00:18:12,040

jumps up and literally does run through

381

00:18:15,300 --> 00:18:13,780

the wall so as a spoiler but has been

382

00:18:20,820 --> 00:18:15,310

out long enough if you haven't seen it

383

00:18:23,250 --> 00:18:20,830

so I sort of did leave it there and I'm

384

00:18:26,010 --> 00:18:23,260

I think that's it and as one more

385

00:18:28,710 --> 00:18:26,020

admission when I'm two years ago I gave

386

00:18:30,750 --> 00:18:28,720

a talk on UFOs and we've got a book

387

00:18:35,390 --> 00:18:30,760

that's coming out february with mixture

388

00:18:43,750 --> 00:18:35,400

on that so we actually have to limit so

389

00:18:54,350 --> 00:18:46,070

okay we have two minutes for questions

390

00:18:56,690 --> 00:18:54,360

now we have two minutes most of these

391

00:19:00,020 --> 00:18:56,700

effects that you described I would

392

00:19:04,580 --> 00:19:00,030

categorize as somewhat negative high

393

00:19:07,520 --> 00:19:04,590

entropy harmful are many examples that

394

00:19:10,700 --> 00:19:07,530

you know off that we're uplifting well

395

00:19:13,130 --> 00:19:10,710

my point was that the hell they were the

396

00:19:15,770 --> 00:19:13,140

POWs well that is the thing that

397

00:19:17,690 --> 00:19:15,780

precipitated it it was how do you train

398

00:19:20,960 --> 00:19:17,700

people are going to be in a very you

399

00:19:24,470 --> 00:19:20,970

know tough environment to be able to

400

00:19:26,270 --> 00:19:24,480

influence that environment and I would

401
00:19:28,130 --> 00:19:26,280
argue about whether they're crazy by the

402
00:19:31,040 --> 00:19:28,140
way the Navy portrayed everything it was

403
00:19:35,330 --> 00:19:31,050
highly negative and you know everything

404
00:19:38,300 --> 00:19:35,340
was done for a loss factor yes John does

405
00:19:43,250 --> 00:19:38,310
the on this the Delta Force think tank

406
00:19:46,100 --> 00:19:43,260
or similar organizations still exists or

407
00:19:47,630 --> 00:19:46,110
if it does exist or does not are others

408
00:19:54,560 --> 00:19:47,640
what are some of the other thing takes

409
00:19:57,380 --> 00:19:54,570
like the Delta Force there's never been

410
00:20:02,030 --> 00:19:57,390
anything quite as organized as Delta was

411
00:20:04,010 --> 00:20:02,040
at the time as far as I get questions

412
00:20:06,310 --> 00:20:04,020
all the time while raising a secret

413
00:20:09,680 --> 00:20:06,320

remote viewing program my answer is no

414

00:20:11,810 --> 00:20:09,690

because it was highly organized it was

415

00:20:14,060 --> 00:20:11,820

ready to put information in how to live

416

00:20:15,980 --> 00:20:14,070

uated how to transmit it that does not

417

00:20:17,270 --> 00:20:15,990

mean that there aren't individuals and

418

00:20:20,210 --> 00:20:17,280

some of them here who don't get

419

00:20:22,250 --> 00:20:20,220

individual questions about you know

420

00:20:27,470 --> 00:20:22,260

specific targets and things like that

421

00:20:30,400 --> 00:20:27,480

but no such organizations I'll tell you

422

00:20:33,470 --> 00:20:30,410

I do you work with the military a lot
