

ing the future

1
00:00:04,160 --> 00:00:02,360
so Margaret Mota will talk about

2
00:00:06,019 --> 00:00:04,170
exceptional experiences of healers a

3
00:00:24,570 --> 00:00:06,029
survey of Healing Touch practitioners

4
00:00:28,320 --> 00:00:26,730
okay I'm going to talk about the

5
00:00:31,280 --> 00:00:28,330
exceptional experiences of healers

6
00:00:40,320 --> 00:00:31,290
focusing on Healing Touch practitioners

7
00:00:42,450 --> 00:00:40,330
this is actually a photo class Healing

8
00:00:45,090 --> 00:00:42,460
Touch class he only touches a form of

9
00:00:51,869 --> 00:00:45,100
energy healing similar to like Reiki or

10
00:00:53,910 --> 00:00:51,879
Qigong and just to clarify that I'm

11
00:00:56,369 --> 00:00:53,920
basically an anatomist who got

12
00:00:58,469 --> 00:00:56,379
interested in energy healing actually an

13
00:01:01,619 --> 00:00:58,479

ICM conference I actually went to a

14

00:01:02,850 --> 00:01:01,629

Healing Touch demonstration and while I

15

00:01:04,950 --> 00:01:02,860

was sitting in the audience about the

16

00:01:07,710 --> 00:01:04,960

third row back I could feel this this

17

00:01:09,510 --> 00:01:07,720

wind the suction pulling me in and I

18

00:01:11,219 --> 00:01:09,520

thought oh my god what is this and so I

19

00:01:13,380 --> 00:01:11,229

started taking some of the classes out

20

00:01:16,560 --> 00:01:13,390

of curiosity and then eventually started

21

00:01:18,270 --> 00:01:16,570

doing research i've actually published a

22

00:01:21,120 --> 00:01:18,280

study on magnetic field changes during

23

00:01:23,070 --> 00:01:21,130

Healing Touch and so this is just sort

24

00:01:25,080 --> 00:01:23,080

of a progression of my interest in

25

00:01:27,210 --> 00:01:25,090

what's going on during Healing Touch is

26

00:01:33,440 --> 00:01:27,220

to look at their experiences in a

27

00:01:38,610 --> 00:01:35,640

Healing Touch was started by a group of

28

00:01:40,740 --> 00:01:38,620

holistic nurses and it sort of

29

00:01:42,210 --> 00:01:40,750

influences how they present themselves

30

00:01:44,820 --> 00:01:42,220

because they want to be known as a

31

00:01:47,250 --> 00:01:44,830

complimentary therapy working in

32

00:01:48,960 --> 00:01:47,260

hospitals and clinics for example I have

33

00:01:51,480 --> 00:01:48,970

one healing touch practitioner I've

34

00:01:53,910 --> 00:01:51,490

worked with as a nurse who does Healing

35

00:01:56,190 --> 00:01:53,920

Touch energy healing on patients while

36

00:01:57,870 --> 00:01:56,200

they're in a dialysis unit and so she

37

00:02:00,240 --> 00:01:57,880

has to be careful she can't pull out her

38

00:02:02,430 --> 00:02:00,250

pendulum she can't do woohoo stuff but

39

00:02:05,460 --> 00:02:02,440

basically she can provide comfort and

40

00:02:07,260 --> 00:02:05,470

energy healing actually in a hospital so

41

00:02:10,889 --> 00:02:07,270

that's what their goal is is to be in

42

00:02:12,330 --> 00:02:10,899

the mainstream medicine and because it's

43

00:02:14,430 --> 00:02:12,340

developed by nurses it has a nice

44

00:02:16,259 --> 00:02:14,440

standardized education there's five

45

00:02:18,509 --> 00:02:16,269

two-day workshops it's almost like a

46

00:02:22,259 --> 00:02:18,519

semester course that's been divided up

47

00:02:24,690 --> 00:02:22,269

across five weekends and between levels

48

00:02:27,149 --> 00:02:24,700

four and five students you have to do

49

00:02:28,100 --> 00:02:27,159

100 healing touch sessions and document

50

00:02:31,470 --> 00:02:28,110

them and write-ups

51
00:02:33,540 --> 00:02:31,480
but what interested me is that the

52
00:02:35,760 --> 00:02:33,550
exceptional experiences are pretty much

53
00:02:37,230 --> 00:02:35,770
hidden from view public view if you look

54
00:02:38,370 --> 00:02:37,240
at the two Healing Touch websites

55
00:02:40,260 --> 00:02:38,380
Healing Touch

56
00:02:41,940 --> 00:02:40,270
and healing beyond borders are the two

57
00:02:43,830 --> 00:02:41,950
big groups offering education and

58
00:02:45,360 --> 00:02:43,840
Healing Touch they don't really want to

59
00:02:48,240 --> 00:02:45,370
talk about these these unusual

60
00:02:49,860 --> 00:02:48,250
experiences but they'd look for them

61
00:02:52,050 --> 00:02:49,870
when the students write up their hundred

62
00:02:56,010 --> 00:02:52,060
cases they're looking for them is one

63
00:02:58,470 --> 00:02:56,020

example and actually I've gone through

64

00:03:00,090 --> 00:02:58,480

it I had a client who basically had

65

00:03:02,910 --> 00:03:00,100

trouble with depression and alcohol

66

00:03:04,710 --> 00:03:02,920

abuse and when I was trying to fill her

67

00:03:07,230 --> 00:03:04,720

filled with light her bio field

68

00:03:08,430 --> 00:03:07,240

basically the the field coexistent with

69

00:03:10,740 --> 00:03:08,440

her body

70

00:03:12,990 --> 00:03:10,750

there was a density actually in her

71

00:03:15,300 --> 00:03:13,000

field up in the head area and I tried to

72

00:03:17,520 --> 00:03:15,310

remove it with light eventually I had to

73

00:03:19,440 --> 00:03:17,530

use the light to dissolve the density

74

00:03:20,730 --> 00:03:19,450

and I put that in my write-ups and they

75

00:03:22,220 --> 00:03:20,740

were like good good you know because

76

00:03:24,990 --> 00:03:22,230

they're looking for extrasensory

77

00:03:27,150 --> 00:03:25,000

perceptions as evidence that you're

78

00:03:28,500 --> 00:03:27,160

you've got this energy healing sort of

79

00:03:31,080 --> 00:03:28,510

thing but they keep it hidden because

80

00:03:33,300 --> 00:03:31,090

they're working in hospitals so it's

81

00:03:34,950 --> 00:03:33,310

it's a balance and I it's it's even

82

00:03:37,500 --> 00:03:34,960

writing papers in this area I have to

83

00:03:39,840 --> 00:03:37,510

keep a balance between the paranormal

84

00:03:44,910 --> 00:03:39,850

aspect and then the mainstream medicine

85

00:03:46,560 --> 00:03:44,920

aspect it's a little tricky so anyway so

86

00:03:49,260 --> 00:03:46,570

I've always had this interest in the

87

00:03:51,090 --> 00:03:49,270

experiences of healers and so I did I

88

00:03:54,240 --> 00:03:51,100

set up an online survey of Healing Touch

89

00:03:56,580 --> 00:03:54,250

practitioners to examine particularly

90

00:03:58,860 --> 00:03:56,590

the sensory unusual sensory visual

91

00:04:00,660 --> 00:03:58,870

auditory touch and out of ordinary

92

00:04:03,570 --> 00:04:00,670

experiences Healing Touch practitioners

93

00:04:06,510 --> 00:04:03,580

and students included students because I

94

00:04:08,250 --> 00:04:06,520

found in my earlier study of magnetic

95

00:04:11,070 --> 00:04:08,260

field activity that when they reached

96

00:04:13,230 --> 00:04:11,080

level four and sometimes level three

97

00:04:15,420 --> 00:04:13,240

they could begin to create changes in

98

00:04:17,099 --> 00:04:15,430

the magnetic field in the room so really

99

00:04:18,449 --> 00:04:17,109

didn't have to complete the curriculum

100

00:04:20,400 --> 00:04:18,459

before they could actually create

101
00:04:22,380 --> 00:04:20,410
effects measurable effects in the room

102
00:04:24,810 --> 00:04:22,390
so I was very interested it's some a

103
00:04:26,370 --> 00:04:24,820
neglected area is what is the

104
00:04:27,900 --> 00:04:26,380
development of a healer when are they

105
00:04:30,420 --> 00:04:27,910
really competent and when can they

106
00:04:32,550 --> 00:04:30,430
create change in a space in their

107
00:04:37,710 --> 00:04:32,560
training so it's it's a neglected area

108
00:04:41,550 --> 00:04:37,720
so I included them in this survey it was

109
00:04:43,290 --> 00:04:41,560
anonymous and voluntary and advertised

110
00:04:45,690 --> 00:04:43,300
through for example energy magazine

111
00:04:49,610 --> 00:04:45,700
Healing Touch groups several large

112
00:04:55,679 --> 00:04:52,350
183 individuals completed the

113
00:05:00,450 --> 00:04:55,689

survey 25 to 80 years old mean age 58

114

00:05:03,420 --> 00:05:00,460

years mostly female 88% female mostly in

115

00:05:05,850 --> 00:05:03,430

the USA 90% some Canada and other

116

00:05:08,189 --> 00:05:05,860

countries and across a 37 different

117

00:05:10,770 --> 00:05:08,199

states so a really a wide distribution

118

00:05:12,029 --> 00:05:10,780

of people who are participating and

119

00:05:13,679 --> 00:05:12,039

what's nice is because it's a

120

00:05:16,399 --> 00:05:13,689

standardized curriculum these people are

121

00:05:19,469 --> 00:05:16,409

all have received the same training

122

00:05:21,240 --> 00:05:19,479

overall 60% of the respondents were

123

00:05:26,670 --> 00:05:21,250

practitioners had completed the training

124

00:05:30,629 --> 00:05:26,680

and 40% were students the scale that I

125

00:05:34,050 --> 00:05:30,639

used was 37 closed-end questions Likert

126
00:05:35,969 --> 00:05:34,060
scale with higher scores indicating more

127
00:05:37,890 --> 00:05:35,979
frequent experience I was looking at how

128
00:05:40,110 --> 00:05:37,900
frequent particular experiences were I

129
00:05:43,649 --> 00:05:40,120
also had open-ended questions describing

130
00:05:45,269 --> 00:05:43,659
unusual experiences aged so I could get

131
00:05:47,309 --> 00:05:45,279
a visit something I was missing in the

132
00:05:50,610 --> 00:05:47,319
survey I would hopefully get it and it

133
00:05:52,559 --> 00:05:50,620
opened ended so this is just an example

134
00:05:55,830 --> 00:05:52,569
of some of the Likert scores these are

135
00:05:58,800 --> 00:05:55,840
mean averages for the practitioners and

136
00:06:00,869 --> 00:05:58,810
for the students for particular

137
00:06:03,119 --> 00:06:00,879
questions these are just a summary of

138
00:06:04,589 --> 00:06:03,129

these questions and then I include a

139

00:06:06,959 --> 00:06:04,599

couple of comments in the body here of

140

00:06:10,740 --> 00:06:06,969

actual responses and the open-ended

141

00:06:13,140 --> 00:06:10,750

questions that practitioners or our

142

00:06:16,829 --> 00:06:13,150

students have have basically written in

143

00:06:19,200 --> 00:06:16,839

so just looking at the touch sensations

144

00:06:23,820 --> 00:06:19,210

where the most commonly reported most

145

00:06:26,249 --> 00:06:23,830

commonly frequently perceived we're

146

00:06:28,439 --> 00:06:26,259

sense of touch the big one and of course

147

00:06:30,809 --> 00:06:28,449

is warmth or heat basically and what

148

00:06:32,459 --> 00:06:30,819

makes this exceptional is that the

149

00:06:35,189 --> 00:06:32,469

intensity of the heat it's like a

150

00:06:37,619 --> 00:06:35,199

heating pad on high it's not the normal

151
00:06:39,240 --> 00:06:37,629
warmth of a human being touching another

152
00:06:41,909 --> 00:06:39,250
human being so that's what makes it

153
00:06:44,309 --> 00:06:41,919
exceptional there's other sensations

154
00:06:45,959 --> 00:06:44,319
like vibration pulsation they talk about

155
00:06:47,399 --> 00:06:45,969
pulsation through their hands they can

156
00:06:49,100 --> 00:06:47,409
feel pulsation when they're have their

157
00:06:52,709 --> 00:06:49,110
hands on it resting on a client

158
00:06:54,240 --> 00:06:52,719
heaviness congestion it's common for

159
00:06:56,399 --> 00:06:54,250
Healing Touch practitioners when they're

160
00:06:58,860 --> 00:06:56,409
moving their hands through the bio field

161
00:07:00,510 --> 00:06:58,870
above the client to feel areas that are

162
00:07:02,850 --> 00:07:00,520
heavier it's almost like going through

163
00:07:05,010 --> 00:07:02,860

like a syrup basically rather than a

164

00:07:08,490 --> 00:07:05,020

clear water based

165

00:07:10,080 --> 00:07:08,500

water what was interesting sensations of

166

00:07:12,689 --> 00:07:10,090

coolness are cold as they move their

167

00:07:14,640 --> 00:07:12,699

hands to the field with more common

168

00:07:16,680 --> 00:07:14,650

printed practitioners and students that

169

00:07:18,779 --> 00:07:16,690

seems to be a more advanced skill being

170

00:07:21,270 --> 00:07:18,789

able to detect coolness and cold a

171

00:07:24,240 --> 00:07:21,280

prickly sensation maybe have something

172

00:07:26,279 --> 00:07:24,250

to do with electrostatic phenomena

173

00:07:28,950 --> 00:07:26,289

within energy healing the build up

174

00:07:31,379 --> 00:07:28,960

charge build up a body voltage and

175

00:07:34,439 --> 00:07:31,389

discharge emits that happens during

176
00:07:36,059 --> 00:07:34,449
healing pushing pulling very reminiscent

177
00:07:39,540 --> 00:07:36,069
of that pulling experience I had

178
00:07:42,409 --> 00:07:39,550
initially that got me interested and

179
00:07:45,200 --> 00:07:42,419
these are just what was interesting was

180
00:07:47,670 --> 00:07:45,210
several of them talked about the diverse

181
00:07:49,680 --> 00:07:47,680
experiences that how they were described

182
00:07:51,270 --> 00:07:49,690
it bubbles buzzing stickiness thickness

183
00:07:53,760 --> 00:07:51,280
all the sort of sensations they feel

184
00:07:56,309 --> 00:07:53,770
with their hands and body bubbles came

185
00:07:58,409 --> 00:07:56,319
up on a number of occasions I hadn't

186
00:08:02,670 --> 00:07:58,419
expected that so I'm not sure what that

187
00:08:05,159 --> 00:08:02,680
symptom that sensation means just

188
00:08:06,719 --> 00:08:05,169

looking at visual sensations were less

189

00:08:09,330 --> 00:08:06,729

common you can see that it's a two point

190

00:08:12,719 --> 00:08:09,340

seven one versus in the threes basically

191

00:08:15,180 --> 00:08:12,729

a big one was sensing seeing spiritual

192

00:08:17,040 --> 00:08:15,190

guides either in their minds eye or on

193

00:08:18,719 --> 00:08:17,050

peripheral vision was another common way

194

00:08:22,980 --> 00:08:18,729

that they saw guides in the room

195

00:08:25,890 --> 00:08:22,990

assisting biofield aura would something

196

00:08:28,920 --> 00:08:25,900

that would expect to be very common less

197

00:08:31,019 --> 00:08:28,930

so than the touch sensations and aura

198

00:08:33,120 --> 00:08:31,029

one thing that came out was the waves of

199

00:08:36,959 --> 00:08:33,130

energy seeing sort of like a shimmering

200

00:08:40,260 --> 00:08:36,969

effect or mist basically arising while

201

00:08:43,110 --> 00:08:40,270

they were working on the client light

202

00:08:46,440 --> 00:08:43,120

filling and dissolving this is a common

203

00:08:48,000 --> 00:08:46,450

technique the chakras were less commonly

204

00:08:50,579 --> 00:08:48,010

seen actually I only had one experience

205

00:08:53,280 --> 00:08:50,589

in a class where a nurse got very

206

00:08:55,560 --> 00:08:53,290

excited she's like I see it I see and

207

00:08:59,370 --> 00:08:55,570

she saw this mist in the throat chakra

208

00:09:01,769 --> 00:08:59,380

basically but it's really less common to

209

00:09:04,370 --> 00:09:01,779

see actually see chakras than you would

210

00:09:12,180 --> 00:09:07,470

auditory sensations also involving

211

00:09:14,639 --> 00:09:12,190

guides and mostly through the mind is

212

00:09:16,889 --> 00:09:14,649

and one respondent noted mainly

213

00:09:18,569 --> 00:09:16,899

communication through my mind and not so

214

00:09:20,549 --> 00:09:18,579

much my ears so some talked about

215

00:09:23,609 --> 00:09:20,559

actually hearing voices during sessions

216

00:09:26,729 --> 00:09:23,619

giving them advice and how to treat the

217

00:09:29,039 --> 00:09:26,739

client or giving them messages to give

218

00:09:30,419 --> 00:09:29,049

to the client later these are just

219

00:09:33,059 --> 00:09:30,429

really interesting all the different

220

00:09:35,879 --> 00:09:33,069

unusual sounds and the healers have

221

00:09:38,129 --> 00:09:35,889

heard pulsating energy vibrations tones

222

00:09:39,660 --> 00:09:38,139

popping multiple actually wrote about a

223

00:09:42,030 --> 00:09:39,670

pop sound that they would hear in the

224

00:09:45,299 --> 00:09:42,040

room when there was a release ringing

225

00:09:47,269 --> 00:09:45,309

unusual bells chiming snapping and

226

00:09:52,229 --> 00:09:47,279

unusual melodies to in the room

227

00:09:54,629 --> 00:09:52,239

very interesting stuff finally the the

228

00:09:57,210 --> 00:09:54,639

last one I wanted a sensation I want a

229

00:10:01,259 --> 00:09:57,220

color cover was um the smell or taste

230

00:10:03,660 --> 00:10:01,269

sense and was interesting me it's very

231

00:10:06,869 --> 00:10:03,670

few you know very seldom that they would

232

00:10:09,030 --> 00:10:06,879

sense an odor in the room but a number

233

00:10:11,400 --> 00:10:09,040

of the odors a lot of examples they gave

234

00:10:13,199 --> 00:10:11,410

were actually of deceased loved ones of

235

00:10:14,819 --> 00:10:13,209

the client it was sort of took me by

236

00:10:17,489 --> 00:10:14,829

surprise they would have a distinctive

237

00:10:19,590 --> 00:10:17,499

odor in life and so that there that odor

238

00:10:21,749 --> 00:10:19,600

would appear in the healing session and

239

00:10:23,729 --> 00:10:21,759

the client would and healer would

240

00:10:25,769 --> 00:10:23,739

interpret it that the deceased loved one

241

00:10:27,989 --> 00:10:25,779

was in the room with during the healing

242

00:10:32,129 --> 00:10:27,999

session so in one example is the cheery

243

00:10:34,409 --> 00:10:32,139

pipe tobacco now basically of one just

244

00:10:36,030 --> 00:10:34,419

one example an unusual scent I know

245

00:10:39,749 --> 00:10:36,040

they're just and I'm almost done now

246

00:10:41,249 --> 00:10:39,759

they're a beautiful scent working with a

247

00:10:44,329 --> 00:10:41,259

client passed away shortly afterwards

248

00:10:46,769 --> 00:10:44,339

and of course there's a long historical

249

00:10:49,350 --> 00:10:46,779

references of the the odor of sanctity

250

00:10:50,999 --> 00:10:49,360

of a holy person right before they died

251
00:10:54,269 --> 00:10:51,009
so it was interesting someone brought

252
00:10:56,639 --> 00:10:54,279
that out and their descriptions finally

253
00:10:59,009 --> 00:10:56,649
just in a summary just to note that the

254
00:11:00,929 --> 00:10:59,019
the major way that Healing Touch

255
00:11:03,539 --> 00:11:00,939
practitioners sense what's going on is

256
00:11:05,460 --> 00:11:03,549
is through sense of touch with these

257
00:11:08,879 --> 00:11:05,470
other senses and contributing also and

258
00:11:11,280 --> 00:11:08,889
inner knowing now physical guides and so

259
00:11:13,289 --> 00:11:11,290
these this rich variety of experiences

260
00:11:15,419 --> 00:11:13,299
may offer clues to what we can measure

261
00:11:17,519 --> 00:11:15,429
with scientific instruments and I just

262
00:11:19,859 --> 00:11:17,529
wanted to acknowledge

263
00:11:22,499 --> 00:11:19,869

healing touch instructor who basically

264

00:11:24,449 --> 00:11:22,509

went over my survey for me offered some

265

00:11:25,619 --> 00:11:24,459

suggestions a Healing Touch worldwide

266

00:11:27,989 --> 00:11:25,629

foundation and parapsychological

267

00:11:30,150 --> 00:11:27,999

Association funded my magnetic field

268

00:11:30,980 --> 00:11:30,160

experiments and I just wanted to say

269

00:11:40,310 --> 00:11:30,990

thank you

270

00:11:45,130 --> 00:11:40,320

okay thanks so I have five minutes for

271

00:11:46,670 --> 00:11:45,140

questions hey Margaret

272

00:11:50,570 --> 00:11:46,680

Barbara and I have done research

273

00:11:52,910 --> 00:11:50,580

together have you ever looked at some of

274

00:11:54,949 --> 00:11:52,920

these sensations that people have and

275

00:11:58,760 --> 00:11:54,959

directly correlate that with either the

276

00:12:01,010 --> 00:11:58,770

effects in the room and and where I'm

277

00:12:04,400 --> 00:12:01,020

coming from is in in my experiments with

278

00:12:06,050 --> 00:12:04,410

mice it did some people felt something

279

00:12:08,180 --> 00:12:06,060

some people didn't feel anything at all

280

00:12:11,750 --> 00:12:08,190

and it didn't seem to have any

281

00:12:13,639 --> 00:12:11,760

relationship to healing efficacy and and

282

00:12:15,260 --> 00:12:13,649

so I just raised that as a thinking

283

00:12:16,940 --> 00:12:15,270

about it in a different way ya know I

284

00:12:19,040 --> 00:12:16,950

might actually the experience I'm doing

285

00:12:21,380 --> 00:12:19,050

now I'm looking at heart rate

286

00:12:23,240 --> 00:12:21,390

variability and random event generator

287

00:12:25,760 --> 00:12:23,250

output of healers and I'm actually

288

00:12:28,370 --> 00:12:25,770

finding that efficacy might be more

289

00:12:31,370 --> 00:12:28,380

related to their high frequency

290

00:12:33,380 --> 00:12:31,380

component of their HRV and also the reg

291

00:12:36,350 --> 00:12:33,390

and the magnetic field doesn't know it

292

00:12:38,210 --> 00:12:36,360

doesn't really show there may not show

293

00:12:41,000 --> 00:12:38,220

efficacy basically or you know so it's

294

00:12:43,940 --> 00:12:41,010

interesting and also I wanted from doing

295

00:12:46,160 --> 00:12:43,950

this I'm curious now I can sort of look

296

00:12:49,550 --> 00:12:46,170

at what's those sensations to basically

297

00:12:51,980 --> 00:12:49,560

study in more detail yes Margaret I'm

298

00:12:54,350 --> 00:12:51,990

wondering if you've ever made an attempt

299

00:12:57,740 --> 00:12:54,360

to correlate the work of Alexander

300

00:12:59,690 --> 00:12:57,750

Gurwitch and biophotons with healing

301
00:13:03,139 --> 00:12:59,700
touch stuff in the sensory perception of

302
00:13:05,720 --> 00:13:03,149
it yeah no I know there's photons and

303
00:13:12,470 --> 00:13:05,730
even adjoins and Duke did an interesting

304
00:13:16,130 --> 00:13:12,480
work no I thank you good no I actually

305
00:13:19,340 --> 00:13:16,140
I'd like to do light emission it's on my

306
00:13:21,639 --> 00:13:19,350
bucket list thank you for the

307
00:13:25,220 --> 00:13:21,649
interesting talk I have two questions

308
00:13:28,340 --> 00:13:25,230
the first one is does the healing touch

309
00:13:31,880 --> 00:13:28,350
work through surgical gloves and do you

310
00:13:34,780 --> 00:13:31,890
worry about transmission of mersa when

311
00:13:37,910 --> 00:13:34,790
you touch the patient's do you have any

312
00:13:41,000 --> 00:13:37,920
safeguards for that the other question

313
00:13:43,280 --> 00:13:41,010

is what instrument did you use to

314

00:13:43,940 --> 00:13:43,290

measure the magnetic field and what is

315

00:13:53,330 --> 00:13:43,950

the

316

00:13:55,880 --> 00:13:53,340

well I'm looking at millivolts basically

317

00:14:00,760 --> 00:13:55,890

about nine millivolts max or something

318

00:14:03,800 --> 00:14:00,770

so it's very small very small I use a

319

00:14:16,390 --> 00:14:03,810

single axis magnetometer that's a hall

320

00:14:22,190 --> 00:14:19,190

the other question was was the healing

321

00:14:24,680 --> 00:14:22,200

touch worked through surgical gloves or

322

00:14:26,600 --> 00:14:24,690

do you wear surgical gloves is it

323

00:14:29,600 --> 00:14:26,610

necessary do you have any safeguards

324

00:14:30,230 --> 00:14:29,610

against transmission of Merced in the

325

00:14:32,600 --> 00:14:30,240

hospital

326

00:14:35,060 --> 00:14:32,610

no there's generally the concept is more

327

00:14:36,710 --> 00:14:35,070

of there's an energetic transfer and so

328

00:14:38,000 --> 00:14:36,720

so what they do is they ground

329

00:14:39,680 --> 00:14:38,010

themselves after and they cut the

330

00:14:41,150 --> 00:14:39,690

connection they'll sometimes some

331

00:14:42,500 --> 00:14:41,160

healers may actually go to the wall and

332

00:14:44,540 --> 00:14:42,510

sort of ground anything they might have

333

00:14:47,900 --> 00:14:44,550

picked up they shake off stuff so it's

334

00:14:49,490 --> 00:14:47,910

an energetic transmission thought and

335

00:14:51,830 --> 00:14:49,500

actually years ago there was a talk--i

336

00:14:53,600 --> 00:14:51,840

dice seemed about some practitioners

337

00:14:55,190 --> 00:14:53,610

that had worked with a lot of cervical

338

00:14:57,200 --> 00:14:55,200

cancer patients and ended up getting

339

00:15:00,200 --> 00:14:57,210

cervical cancer and and I wonder was it

340

00:15:04,100 --> 00:15:00,210

if it wasn't microbe versus it was

341

00:15:05,810 --> 00:15:04,110

energetic so I'm not sure but yes but

342

00:15:07,730 --> 00:15:05,820

when you touch one patient and then you

343

00:15:09,920 --> 00:15:07,740

go and you touch another patient if that

344

00:15:11,930 --> 00:15:09,930

patient can see your cigars their hands

345

00:15:13,910 --> 00:15:11,940

afterwards that's what cause it's

346

00:15:16,190 --> 00:15:13,920

another way to cleanse the energetic
