

perceiving - futur

1  
00:00:05,180 --> 00:00:03,439  
thanks for staying up late thanks

2  
00:00:08,450 --> 00:00:05,190  
especially to John Alexander who first

3  
00:00:10,370 --> 00:00:08,460  
shared about the Society of scientific

4  
00:00:12,440 --> 00:00:10,380  
exploration with me at an X conference

5  
00:00:14,810 --> 00:00:12,450  
in Washington DC some years ago and said

6  
00:00:16,970 --> 00:00:14,820  
you might fit him better there at the

7  
00:00:19,849 --> 00:00:16,980  
SSE than here with the crazies

8  
00:00:21,080 --> 00:00:19,859  
so thanks John for that and thanks for

9  
00:00:22,970 --> 00:00:21,090  
everybody for being here before I start

10  
00:00:25,310 --> 00:00:22,980  
I'm curious by show of hands how many

11  
00:00:27,920 --> 00:00:25,320  
people in here watched or even heard of

12  
00:00:30,580 --> 00:00:27,930  
the citizens hearing on UFO disclosure

13  
00:00:33,830 --> 00:00:30,590

that was held in Washington DC in May

14

00:00:37,119 --> 00:00:33,840

2013 so that's a little over a third of

15

00:00:39,830 --> 00:00:37,129

the room how many people have read or

16

00:00:44,630 --> 00:00:39,840

attended to anything dr. Steven Greer

17

00:00:45,950 --> 00:00:44,640

has ever said or done okay a different

18

00:00:47,810 --> 00:00:45,960

kind of group of people interesting

19

00:00:49,970 --> 00:00:47,820

overlap dr. Greer was one of the

20

00:00:53,060 --> 00:00:49,980

witnesses who came to the citizens

21

00:00:55,310 --> 00:00:53,070

hearing and testified under oath that he

22

00:00:57,380 --> 00:00:55,320

had been meeting with this dr. Moran and

23

00:00:58,760 --> 00:00:57,390

that will be the core of the tale but

24

00:01:00,830 --> 00:00:58,770

it'll also be a little bit of my

25

00:01:02,599 --> 00:01:00,840

personal history people ask me how did

26

00:01:03,889 --> 00:01:02,609

you get her certain UFOs and and I

27

00:01:06,980 --> 00:01:03,899

thought about that and it actually

28

00:01:08,510 --> 00:01:06,990

started when I was in high school I was

29

00:01:12,609 --> 00:01:08,520

playing around with lasers and Holograms

30

00:01:14,690 --> 00:01:12,619

in 1973-74 I built a laser out of a kit

31

00:01:16,340 --> 00:01:14,700

displayed a hologram at a science fair

32

00:01:19,010 --> 00:01:16,350

and started to win on all these awards

33

00:01:21,530 --> 00:01:19,020

from the Air Force the army and one of

34

00:01:23,929 --> 00:01:21,540

the awards included a trip to

35

00:01:26,210 --> 00:01:23,939

wright-patterson Air Force Base in 1974

36

00:01:27,499 --> 00:01:26,220

I was in New Albany Indiana just a

37

00:01:29,330 --> 00:01:27,509

little north of Louisville Kentucky

38

00:01:31,190 --> 00:01:29,340

that's about two hours away up there and

39

00:01:33,499 --> 00:01:31,200

this is their website from a couple

40

00:01:35,569 --> 00:01:33,509

years ago for the science fair program

41

00:01:37,010 --> 00:01:35,579

they're still doing it sending Air Force

42

00:01:39,800 --> 00:01:37,020

personnel out to look at what high

43

00:01:42,620 --> 00:01:39,810

school kids are doing at science fairs

44

00:01:45,139 --> 00:01:42,630

anyone know what their mascot looks like

45

00:01:47,960 --> 00:01:45,149

for the Air Force's science fair program

46

00:01:53,359 --> 00:01:47,970

anybody involved in this at all here he

47

00:01:56,510 --> 00:01:53,369

is wright-patterson Air Force occasional

48

00:01:58,370 --> 00:01:56,520

outreach office I wonder if he was

49

00:02:00,319 --> 00:01:58,380

flying the Wright brothers plane there

50

00:02:01,940 --> 00:02:00,329

and their mission statements kind of

51  
00:02:03,800 --> 00:02:01,950  
interesting our goal is to be the best

52  
00:02:06,289 --> 00:02:03,810  
one-stop resource for encouragement

53  
00:02:08,600 --> 00:02:06,299  
enhancement of K through 12 science math

54  
00:02:12,700 --> 00:02:08,610  
and technology education throughout the

55  
00:02:16,090 --> 00:02:12,710  
Air Force the world and beyond

56  
00:02:18,130 --> 00:02:16,100  
so they apparently have a sense of humor

57  
00:02:22,060 --> 00:02:18,140  
when I am told a friend of mine in

58  
00:02:24,700 --> 00:02:22,070  
Scouting an adult advisor just is about

59  
00:02:25,870 --> 00:02:24,710  
10 years older than me as all then I was

60  
00:02:28,270 --> 00:02:25,880  
headed up to wright-patterson Air Force

61  
00:02:30,190 --> 00:02:28,280  
Base for this he said to me in 1974 Oh

62  
00:02:33,250 --> 00:02:30,200  
be sure to ask the Air Force guys about

63  
00:02:36,250 --> 00:02:33,260

the UFO and hangar 18 so at the age of

64

00:02:37,200 --> 00:02:36,260

16 I did and that's another story I'll

65

00:02:39,490 --> 00:02:37,210

tell you later

66

00:02:41,380 --> 00:02:39,500

and you'll see here that I did indeed

67

00:02:45,250 --> 00:02:41,390

get the let's even make the laser

68

00:02:47,320 --> 00:02:45,260

pointer work the all-expenses-paid tour

69

00:02:48,490 --> 00:02:47,330

of the Air Force Museum at

70

00:02:49,810 --> 00:02:48,500

wright-patterson Air Force Base

71

00:02:52,210 --> 00:02:49,820

I actually I have no memories of

72

00:02:53,620 --> 00:02:52,220

anything exciting that happened on that

73

00:02:54,720 --> 00:02:53,630

trip but I don't remember most of high

74

00:02:57,640 --> 00:02:54,730

school either

75

00:03:00,250 --> 00:02:57,650

after that I earned a BS in marketing at

76

00:03:02,200 --> 00:03:00,260

IU I worked for an NBC affiliate did a

77

00:03:04,930 --> 00:03:02,210

little freelance work for ESPN went on

78

00:03:08,290 --> 00:03:04,940

to get an MBA in finance at Purdue then

79

00:03:10,570 --> 00:03:08,300

back to IU for a PhD in mass comm I got

80

00:03:12,250 --> 00:03:10,580

a few NAB research grants presented at a

81

00:03:14,320 --> 00:03:12,260

few conferences including the American

82

00:03:17,290 --> 00:03:14,330

Psychological Association so I had a

83

00:03:18,760 --> 00:03:17,300

fairly decent career in academia shhhhht

84

00:03:20,590 --> 00:03:18,770

a book called broadcast and cable

85

00:03:23,200 --> 00:03:20,600

selling or in tenure as an associate

86

00:03:25,560 --> 00:03:23,210

professor marketing resigned 2:10 here

87

00:03:28,540 --> 00:03:25,570

anyone else in here resigned tenure

88

00:03:30,850 --> 00:03:28,550

really we need to form a support group

89

00:03:32,770 --> 00:03:30,860

later or something on it it's been 20

90

00:03:34,590 --> 00:03:32,780

years and I think I'm still and some

91

00:03:39,550 --> 00:03:34,600

sort of cognitive dissonance about it

92

00:03:41,080 --> 00:03:39,560

was a pioneer and online MBA programs I

93

00:03:42,700 --> 00:03:41,090

started doing some work with the

94

00:03:44,530 --> 00:03:42,710

University of Chicago that created a

95

00:03:47,890 --> 00:03:44,540

kind of best of the best of an online

96

00:03:50,260 --> 00:03:47,900

MBA back in 1999 when we were still

97

00:03:52,660 --> 00:03:50,270

worried about the limitations of 56k

98

00:03:55,300 --> 00:03:52,670

dial-up modems for online education that

99

00:03:57,910 --> 00:03:55,310

was a limiting factor back then and then

100

00:04:00,460 --> 00:03:57,920

I got involved in after I resigned

101  
00:04:02,860 --> 00:04:00,470  
tenured and considered myself retired

102  
00:04:04,960 --> 00:04:02,870  
while my wife considered me unemployed

103  
00:04:07,180 --> 00:04:04,970  
that kind of awkward transitional phase

104  
00:04:09,280 --> 00:04:07,190  
between retirement and unemployment

105  
00:04:11,650 --> 00:04:09,290  
started fooling around with politics and

106  
00:04:16,060 --> 00:04:11,660  
in 2008 I ran for Congress as a

107  
00:04:18,940 --> 00:04:16,070  
libertarian and in the first District

108  
00:04:20,140 --> 00:04:18,950  
there in Utah I called for congressional

109  
00:04:22,690 --> 00:04:20,150  
legislation to protect whistleblowers

110  
00:04:24,940 --> 00:04:22,700  
we've been persecuting whistleblowers

111  
00:04:25,810 --> 00:04:24,950  
the 4th the state's kind of complicit in

112  
00:04:28,750 --> 00:04:25,820  
that I think we've

113  
00:04:31,350 --> 00:04:28,760

lost our role of any kind of watchdog on

114

00:04:34,380 --> 00:04:31,360

what our federal government is doing and

115

00:04:36,490 --> 00:04:34,390

and then after passing legislation for

116

00:04:38,380 --> 00:04:36,500

whistleblower protection I was calling

117

00:04:41,290 --> 00:04:38,390

for congressional hearings on waste

118

00:04:44,050 --> 00:04:41,300

fraud criminal activity and what the

119

00:04:46,390 --> 00:04:44,060

hell the et issue so if there's military

120

00:04:47,560 --> 00:04:46,400

contractors out there guys who've signed

121

00:04:49,720 --> 00:04:47,570

secrecy oaths

122

00:04:51,610 --> 00:04:49,730

let's get Congress to eliminate them and

123

00:04:52,960 --> 00:04:51,620

hold hearings on that too if nothing

124

00:04:55,960 --> 00:04:52,970

else had Otto result in some interesting

125

00:04:57,640 --> 00:04:55,970

TV ratings and I did that not as a true

126

00:05:01,270 --> 00:04:57,650

believer in UFOs I haven't had a

127

00:05:02,950 --> 00:05:01,280

sighting I don't buy 90% of what's out

128

00:05:04,270 --> 00:05:02,960

there I like John Alexander's book

129

00:05:07,780 --> 00:05:04,280

though if you want to catch up on the

130

00:05:09,250 --> 00:05:07,790

UFO issue UFOs miss realities and

131

00:05:12,360 --> 00:05:09,260

conspiracies that I get that in the

132

00:05:14,430 --> 00:05:12,370

right order realities myths conspiracies

133

00:05:17,260 --> 00:05:14,440

conspiracies realities myths

134

00:05:20,290 --> 00:05:17,270

conspiracies myths realities UFOs

135

00:05:23,320 --> 00:05:20,300

whatever it was general Alexander's book

136

00:05:25,570 --> 00:05:23,330

is fantastic get it and read it and try

137

00:05:28,390 --> 00:05:25,580

to remember the title better than I do I

138

00:05:33,570 --> 00:05:28,400

ran some radio ads this was fun see if I

139

00:05:38,280 --> 00:05:33,580

can make it play Hey clicked on it it

140

00:05:42,700 --> 00:05:40,510

don't were halfway all testified that

141

00:05:44,380 --> 00:05:42,710

the Pentagon had a lot I'm dr. Joe

142

00:05:47,020 --> 00:05:44,390

Bookman candidate for the United States

143

00:05:48,730 --> 00:05:47,030

Congress over the last 20 years the demo

144

00:05:50,950 --> 00:05:48,740

public rats have spent money like they

145

00:05:53,140 --> 00:05:50,960

owned the printing press run up an 11

146

00:05:56,020 --> 00:05:53,150

trillion dollar debt Donald Rumsfeld

147

00:05:58,150 --> 00:05:56,030

testified that the Pentagon had lost 2.3

148

00:06:00,040 --> 00:05:58,160

trillion of those dollars and Katherine

149

00:06:02,620 --> 00:06:00,050

Fitz testified that the HUD books were

150

00:06:04,900 --> 00:06:02,630

inaudible it's time to end this cover-up

151  
00:06:06,190 --> 00:06:04,910  
of government waste fraud and war I

152  
00:06:08,410 --> 00:06:06,200  
joined with Governor Bill Richardson

153  
00:06:10,270 --> 00:06:08,420  
former White House chief of staff John

154  
00:06:12,040 --> 00:06:10,280  
Podesta and others and call on Congress

155  
00:06:14,020 --> 00:06:12,050  
to pass legislation protecting

156  
00:06:15,610 --> 00:06:14,030  
whistleblowers and requiring full

157  
00:06:17,770 --> 00:06:15,620  
disclosure not only of what they know

158  
00:06:19,030 --> 00:06:17,780  
about government waste and fraud but

159  
00:06:20,740 --> 00:06:19,040  
also the disclosure of the

160  
00:06:22,600 --> 00:06:20,750  
extra-terrestrial engagement of the

161  
00:06:23,650 --> 00:06:22,610  
people of the earth service to

162  
00:06:25,420 --> 00:06:23,660  
Washington this year

163  
00:06:29,340 --> 00:06:25,430

that you want full transparency and

164

00:07:07,150 --> 00:06:29,350

disclosure as well learn more at

165

00:07:12,700 --> 00:07:10,450

former New Mexico Governor Gary Johnson

166

00:07:14,110 --> 00:07:12,710

two-term Republican down there and the

167

00:07:16,720 --> 00:07:14,120

Democrat dominated the state of New

168

00:07:18,240 --> 00:07:16,730

Mexico and then for beat VP a former

169

00:07:21,640 --> 00:07:18,250

two-term Republican governor of

170

00:07:23,490 --> 00:07:21,650

Massachusetts bill weld who Romney has

171

00:07:25,510 --> 00:07:23,500

said a the libertarians have done good

172

00:07:27,160 --> 00:07:25,520

nominating weld I look forward to

173

00:07:28,600 --> 00:07:27,170

getting to know governor Johnson so the

174

00:07:31,350 --> 00:07:28,610

libertarians have kind of sold their

175

00:07:34,150 --> 00:07:31,360

soul to some Liberty leaning Republicans

176

00:07:36,400 --> 00:07:34,160

and you know if weld coughs up a lot of

177

00:07:38,140 --> 00:07:36,410

old Republican money we can make a run

178

00:07:40,060 --> 00:07:38,150

of it this year but a right back in 2008

179

00:07:42,150 --> 00:07:40,070

made it into the voter guide

180

00:07:44,350 --> 00:07:42,160

hit the front page of my hometown

181

00:07:46,270 --> 00:07:44,360

newspaper the park record in Park City

182

00:07:48,340 --> 00:07:46,280

Utah much to the dismay of my children

183

00:07:50,260 --> 00:07:48,350

who went to school later that day under

184

00:07:53,650 --> 00:07:50,270

the headline immigration taxes and

185

00:07:55,720 --> 00:07:53,660

little green men candidate wants feds to

186

00:07:57,940 --> 00:07:55,730

reveal information about aliens Joe

187

00:07:59,050 --> 00:07:57,950

Bookmans campaign for Congress will

188

00:08:00,970 --> 00:07:59,060

address the typical fare for a

189

00:08:02,409 --> 00:08:00,980

libertarian immigration control

190

00:08:04,390 --> 00:08:02,419

eliminating taxes is downsizing

191

00:08:06,100 --> 00:08:04,400

government then the political newcomer

192

00:08:09,540 --> 00:08:06,110

from Summit Park is running as an

193

00:08:12,400 --> 00:08:09,550

outsider might move to little green men

194

00:08:13,960 --> 00:08:12,410

so it was fun and I did that on purpose

195

00:08:15,580 --> 00:08:13,970

you know if you're gonna run as a third

196

00:08:17,200 --> 00:08:15,590

party candidate you need something to

197

00:08:19,480 --> 00:08:17,210

create a little viral interest and get

198

00:08:21,730 --> 00:08:19,490

people talking about you out of that I

199

00:08:23,350 --> 00:08:21,740

got noticed by Steve Bassett who is

200

00:08:25,240 --> 00:08:23,360

running these X conferences in

201  
00:08:27,970 --> 00:08:25,250  
Washington DC did anyone else ever go to

202  
00:08:29,710 --> 00:08:27,980  
an X conference besides John and I and

203  
00:08:31,930 --> 00:08:29,720  
the other X conference veterans it's

204  
00:08:34,060 --> 00:08:31,940  
just the two of us apparently they were

205  
00:08:35,500 --> 00:08:34,070  
nuts weren't they John John spoke there

206  
00:08:36,940 --> 00:08:35,510  
though what I remember of his

207  
00:08:38,710 --> 00:08:36,950  
presentation was he came out

208  
00:08:41,380 --> 00:08:38,720  
just as a man in black with the

209  
00:08:43,000 --> 00:08:41,390  
sunglasses and at the end he blinky thing

210  
00:08:46,150 --> 00:08:43,010  
dollar of us to forget what he had said

211  
00:08:48,220 --> 00:08:46,160  
but there I am on stage with a bunch of

212  
00:08:48,760 --> 00:08:48,230  
crazy people Alfred Webber is right next

213  
00:08:50,680 --> 00:08:48,770

to me

214

00:08:52,960 --> 00:08:50,690

Michael Salle is there and and my

215

00:08:54,340 --> 00:08:52,970

personal favorite Palolo harris but i

216

00:08:56,740 --> 00:08:54,350

write some interesting folks were there

217

00:08:59,260 --> 00:08:56,750

some highly credible like dr. alexander

218

00:09:02,890 --> 00:08:59,270

cv scott jones ed Mitchell was there

219

00:09:07,450 --> 00:09:02,900

Paul Hellyer was there as well and

220

00:09:11,040 --> 00:09:07,460

others out of those X conferences once

221

00:09:14,200 --> 00:09:11,050

the Obama administration put up there

222

00:09:17,200 --> 00:09:14,210

We the People website Steve Bassett is

223

00:09:18,910 --> 00:09:17,210

the guy behind the X conference I got

224

00:09:20,380 --> 00:09:18,920

this petition up and got 5,000

225

00:09:22,450 --> 00:09:20,390

signatures so the White House promised

226

00:09:25,270 --> 00:09:22,460

they'd respond and they did and they

227

00:09:27,580 --> 00:09:25,280

responded with a statement that the US

228

00:09:30,370 --> 00:09:27,590

government has no evidence that any life

229

00:09:32,320 --> 00:09:30,380

exists outside our planet or than an

230

00:09:33,970 --> 00:09:32,330

extraterrestrial presence has contacted

231

00:09:36,600 --> 00:09:33,980

or engaged any member of the human race

232

00:09:39,580 --> 00:09:36,610

well I question that yeah I don't buy

233

00:09:41,950 --> 00:09:39,590

90% of the what occurs to me at least is

234

00:09:43,840 --> 00:09:41,960

hooey that's in this field but I also

235

00:09:46,870 --> 00:09:43,850

think it's not credible to say there's

236

00:09:48,760 --> 00:09:46,880

no evidence whatsoever so Bassett

237

00:09:52,030 --> 00:09:48,770

started using that response as a cudgel

238

00:09:55,300 --> 00:09:52,040

and raising awareness around it and got

239

00:09:56,590 --> 00:09:55,310

a multi-millionaire in Canada who was

240

00:09:58,270 --> 00:09:56,600

going through a divorce and didn't want

241

00:10:02,050 --> 00:09:58,280

his ex-wife to get any money to give him

242

00:10:03,910 --> 00:10:02,060

a million \$100,000 to fund the citizens

243

00:10:06,010 --> 00:10:03,920

hearing on disclosure was in hard silver

244

00:10:08,110 --> 00:10:06,020

and so they plan to spend the million

245

00:10:10,990 --> 00:10:08,120

won and silver tank they wind up with

246

00:10:13,000 --> 00:10:11,000

about 700,000 spent 800,000 pulling off

247

00:10:14,470 --> 00:10:13,010

the event didn't have the final two to

248

00:10:17,020 --> 00:10:14,480

three hundred thousand they counted on

249

00:10:18,910 --> 00:10:17,030

to do the documentary based on the event

250

00:10:21,400 --> 00:10:18,920

but we pulled off one one hell of an

251  
00:10:22,660 --> 00:10:21,410  
event it was one of the best weeks of my

252  
00:10:25,210 --> 00:10:22,670  
life I loved it

253  
00:10:27,250 --> 00:10:25,220  
Steve called me though about a month

254  
00:10:28,780 --> 00:10:27,260  
ahead of time he had organized all the

255  
00:10:30,070 --> 00:10:28,790  
witnesses and the venue and spent all

256  
00:10:33,520 --> 00:10:30,080  
the money and forgot to invite any

257  
00:10:36,160 --> 00:10:33,530  
members of Congress and city was gonna

258  
00:10:37,990 --> 00:10:36,170  
have to refund Clearwater's money and I

259  
00:10:41,020 --> 00:10:38,000  
said just give me 48 hours in those 48

260  
00:10:42,520 --> 00:10:41,030  
hours I got Merrill Cook who had served

261  
00:10:44,800 --> 00:10:42,530  
on the Science and Technology Committee

262  
00:10:46,870 --> 00:10:44,810  
and Mike Ravel to agree to serve and

263  
00:10:47,980 --> 00:10:46,880

Steve had gotten Carolyn to Kilpatrick

264

00:10:49,870 --> 00:10:47,990

but she didn't want her name announced

265

00:10:50,750 --> 00:10:49,880

until she had a couple of other people

266

00:10:52,820 --> 00:10:50,760

so we got those

267

00:10:53,930 --> 00:10:52,830

three then they announced the deal was

268

00:10:56,030 --> 00:10:53,940

on we're going to go ahead with the

269

00:10:58,040 --> 00:10:56,040

program and it made it a little easier

270

00:10:59,810 --> 00:10:58,050

to recruit other retired members of

271

00:11:02,390 --> 00:10:59,820

Congress who then knew who their

272

00:11:04,190 --> 00:11:02,400

colleagues would be nobody wanted to go

273

00:11:06,920 --> 00:11:04,200

first out of that group and we wound up

274

00:11:10,100 --> 00:11:06,930

actually turning away a handful of

275

00:11:12,380 --> 00:11:10,110

people who who got in late we nailed it

276

00:11:16,450 --> 00:11:12,390

down with the five here on the left and

277

00:11:19,700 --> 00:11:16,460

then I found roscoe Bartlett amazing guy

278

00:11:22,190 --> 00:11:19,710

had something like 20 patents with NASA

279

00:11:25,340 --> 00:11:22,200

before he ran for Congress in his 60s

280

00:11:27,590 --> 00:11:25,350

was in his 80s his political action

281

00:11:30,020 --> 00:11:27,600

committee was the every truth be told

282

00:11:31,760 --> 00:11:30,030

political action committee so we added a

283

00:11:34,700 --> 00:11:31,770

sixth member which also bumped the

284

00:11:36,380 --> 00:11:34,710

budget a little bit out of control the

285

00:11:40,580 --> 00:11:36,390

citizens hearing was held me from April

286

00:11:42,590 --> 00:11:40,590

29th to May 3rd 2013 and we had 43

287

00:11:44,270 --> 00:11:42,600

witnesses from 10 different nations five

288

00:11:47,270 --> 00:11:44,280

representatives one former United States

289

00:11:48,770 --> 00:11:47,280

Senator it lasted five days it was in

290

00:11:51,920 --> 00:11:48,780

the National Press Club main ballroom

291

00:11:53,840 --> 00:11:51,930

cost about \$800,000 to pull it off and

292

00:11:58,460 --> 00:11:53,850

we had 30 hours of testimony under oath

293

00:11:59,810 --> 00:11:58,470

all recorded on high-def video here are

294

00:12:04,490 --> 00:11:59,820

the witnesses you'll recognize of course

295

00:12:06,800 --> 00:12:04,500

as a dr. Mitchell Colonel frenched

296

00:12:08,630 --> 00:12:06,810

proved to be problematic I could spend

297

00:12:10,760 --> 00:12:08,640

time on him if I had more time but Kevin

298

00:12:13,090 --> 00:12:10,770

Randall pretty well dissected the

299

00:12:17,180 --> 00:12:13,100

Colonel's testimony and found a lot of

300

00:12:19,040 --> 00:12:17,190

fraud there Paul Hellyer's testimony

301

00:12:21,470 --> 00:12:19,050

also a little sketchy because he was

302

00:12:25,040 --> 00:12:21,480

reading from some books that he finds

303

00:12:27,260 --> 00:12:25,050

credible that that I would say Colonel

304

00:12:29,240 --> 00:12:27,270

Alexander and I my question I think

305

00:12:30,950 --> 00:12:29,250

John's written some critiques of

306

00:12:32,870 --> 00:12:30,960

Hellyer's testimony and other venues as

307

00:12:34,670 --> 00:12:32,880

well these are some of the others were

308

00:12:38,210 --> 00:12:34,680

the one I'll focus on tonight is dr.

309

00:12:41,090 --> 00:12:38,220

Greer who you know set a record I think

310

00:12:42,590 --> 00:12:41,100

for online fundraising for the Sirius

311

00:12:43,850 --> 00:12:42,600

movie they raise more money to produce

312

00:12:47,690 --> 00:12:43,860

this document how many people in here

313

00:12:49,370 --> 00:12:47,700

watch Sirius again so okay maybe 20% of

314

00:12:50,990 --> 00:12:49,380

the room are you aware there's another

315

00:12:55,040 --> 00:12:51,000

movie now that he's raised a half a

316

00:12:58,460 --> 00:12:55,050

million dollars to produce called called

317

00:13:01,430 --> 00:12:58,470

oh heck undisclosed I think maybe

318

00:13:04,930 --> 00:13:01,440

something like that any rate so the guy

319

00:13:07,160 --> 00:13:04,940

the guy was very successful at

320

00:13:09,380 --> 00:13:07,170

managing the finances of this Danny

321

00:13:12,320 --> 00:13:09,390

Sheehan was both a witness and of

322

00:13:14,300 --> 00:13:12,330

counsel to the committee and it was a

323

00:13:15,680 --> 00:13:14,310

heck of a time here's an email I found I

324

00:13:17,720 --> 00:13:15,690

thought revealed some of what I was

325

00:13:19,250 --> 00:13:17,730

doing in recruiting these former members

326

00:13:21,590 --> 00:13:19,260

of Congress the purpose here is not to

327

00:13:22,850 --> 00:13:21,600

convince former members of Congress but

328

00:13:25,160 --> 00:13:22,860

to put them in the position of doing

329

00:13:27,440 --> 00:13:25,170

again kind of job they were elected to

330

00:13:29,900 --> 00:13:27,450

do and did to challenge the witnesses to

331

00:13:32,210 --> 00:13:29,910

test them in a refiners fire of a

332

00:13:35,900 --> 00:13:32,220

recreated correctional hearing and see

333

00:13:37,130 --> 00:13:35,910

how the evidence holds up will these 43

334

00:13:39,560 --> 00:13:37,140

witnesses come there and embarrass

335

00:13:41,780 --> 00:13:39,570

themselves will they withstand the

336

00:13:44,990 --> 00:13:41,790

withering set of questions from six

337

00:13:47,540 --> 00:13:45,000

former members of Congress and what will

338

00:13:49,639 --> 00:13:47,550

happen it was a dramatic week over the

339

00:13:50,990 --> 00:13:49,649

course of the week these six former

340

00:13:53,900 --> 00:13:51,000

members of Congress certainly got

341

00:13:55,820 --> 00:13:53,910

engaged in the issue there's what the

342

00:13:57,620 --> 00:13:55,830

ballroom looked like I couldn't find the

343

00:13:59,630 --> 00:13:57,630

color photo of this in last few days but

344

00:14:02,060 --> 00:13:59,640

you'll see there's me acting as

345

00:14:04,070 --> 00:14:02,070

moderator than the six former members of

346

00:14:06,079 --> 00:14:04,080

Congress carolyn touka Patrick is here

347

00:14:08,480 --> 00:14:06,089

Meryl Cook's chairing that day so it was

348

00:14:10,220 --> 00:14:08,490

Friday and there's Danny Sheehan and

349

00:14:14,030 --> 00:14:10,230

then the witness table was set here was

350

00:14:17,750 --> 00:14:14,040

streamed live no expense spared on the

351  
00:14:20,510 --> 00:14:17,760  
setting congresswoman Huli had to leave

352  
00:14:23,240 --> 00:14:20,520  
at noon on Friday her sister had died

353  
00:14:24,980 --> 00:14:23,250  
right before the event began and she

354  
00:14:27,620 --> 00:14:24,990  
came anyway but she left a little early

355  
00:14:29,269 --> 00:14:27,630  
on Friday and very generously the other

356  
00:14:31,040 --> 00:14:29,279  
members of Congress allowed me to fill

357  
00:14:33,590 --> 00:14:31,050  
in for her so they're actually seven of

358  
00:14:36,470 --> 00:14:33,600  
us who got to ask questions of witnesses

359  
00:14:39,440 --> 00:14:36,480  
mine was limited just to the last half

360  
00:14:41,990 --> 00:14:39,450  
of the last day after was over I began

361  
00:14:43,940 --> 00:14:42,000  
typing a transcript of the entire 30

362  
00:14:46,280 --> 00:14:43,950  
hours I want to produce a congressional

363  
00:14:49,340 --> 00:14:46,290

record like version a printed version

364

00:14:51,650 --> 00:14:49,350

kind of just for fun my contribution to

365

00:14:54,890 --> 00:14:51,660

history if you want whatever footnoted

366

00:14:56,360 --> 00:14:54,900

annotated spell-checked whatever and as

367

00:15:01,190 --> 00:14:56,370

I was going through that by the time I

368

00:15:03,470 --> 00:15:01,200

got to the 29th of July so May June July

369

00:15:05,389 --> 00:15:03,480

so three months later I had noticed that

370

00:15:07,940 --> 00:15:05,399

dr. Greer had made this statement

371

00:15:10,699 --> 00:15:07,950

Admiral Moran who won the Emperor prize

372

00:15:13,400 --> 00:15:10,709

it sound like Empire prize in France and

373

00:15:14,990 --> 00:15:13,410

as an MD as am I and also PhD physicist

374

00:15:16,439 --> 00:15:15,000

and was an advisor to President Sarkozy

375

00:15:18,599 --> 00:15:16,449

Wow what a guy

376

00:15:21,689 --> 00:15:18,609

has been meeting with us I know that's

377

00:15:23,009 --> 00:15:21,699

interesting so I go googling for ran and

378

00:15:24,840 --> 00:15:23,019

I couldn't find him so I send on this

379

00:15:27,809 --> 00:15:24,850

email and say hey can you confirm the

380

00:15:29,549 --> 00:15:27,819

spelling and you wrote me back and said

381

00:15:31,979 --> 00:15:29,559

oh yeah it's the ampere prize not Empire

382

00:15:34,889 --> 00:15:31,989

and I believe it's Admiral Moran with an

383

00:15:36,809 --> 00:15:34,899

AI but I'll check my files and then he's

384

00:15:38,309 --> 00:15:36,819

never gotten back to me every six months

385

00:15:38,879 --> 00:15:38,319

or so I say hey dr. Greer if you checked

386

00:15:40,679 --> 00:15:38,889

your files

387

00:15:42,689 --> 00:15:40,689

hey dr. Greer hello still working on the

388

00:15:44,639 --> 00:15:42,699

transcript dr. Greer here's everything

389

00:15:46,109 --> 00:15:44,649

you had to say you want to revise and

390

00:15:48,329 --> 00:15:46,119

extend your remarks and I've done that

391

00:15:49,679 --> 00:15:48,339

with many of the witnesses Nick Pope for

392

00:15:54,449 --> 00:15:49,689

example went through and changed a few

393

00:15:57,689 --> 00:15:54,459

things and nothing just silence so I've

394

00:15:59,039 --> 00:15:57,699

added this footnote no information has

395

00:16:01,739 --> 00:15:59,049

yet been found to verify and Admiral

396

00:16:04,829 --> 00:16:01,749

Moran PhD MD praise ampere recipient

397

00:16:06,599 --> 00:16:04,839

appears dr. Greer has conflated there

398

00:16:09,150 --> 00:16:06,609

was this group that sent a letter to

399

00:16:11,299 --> 00:16:09,160

President Sarkozy about UFOs and that's

400

00:16:14,129 --> 00:16:11,309

the closest I can come but none of them

401  
00:16:16,679 --> 00:16:14,139  
won the ampere prize but they kind of

402  
00:16:18,269 --> 00:16:16,689  
fit the md/phd physics whatever models I

403  
00:16:20,429 --> 00:16:18,279  
sent that off to dr. Greer here's what I

404  
00:16:22,439 --> 00:16:20,439  
think you did is it possible you had a

405  
00:16:26,849 --> 00:16:22,449  
memory issue you conflated something

406  
00:16:28,769 --> 00:16:26,859  
either Brian Williams of too old a joke

407  
00:16:33,900 --> 00:16:28,779  
now Brian Williams conflating oh never

408  
00:16:35,939 --> 00:16:33,910  
mind and nothing well I got one reply

409  
00:16:39,029 --> 00:16:35,949  
from the exo Politics Institute which

410  
00:16:41,159 --> 00:16:39,039  
silo runs Michael silo saying well there

411  
00:16:43,289 --> 00:16:41,169  
is this marin well he didn't win the

412  
00:16:44,729 --> 00:16:43,299  
ampere prize and he's not an admiral and

413  
00:16:46,109 --> 00:16:44,739

he didn't advise President Sarkozy but

414

00:16:49,379 --> 00:16:46,119

he speaks French and he talked about

415

00:16:50,429 --> 00:16:49,389

UFOs maybe he just got confused nice

416

00:16:52,859 --> 00:16:50,439

well that's ridiculous

417

00:16:55,079 --> 00:16:52,869

this was testimony given under oath I

418

00:16:55,650 --> 00:16:55,089

know I had the role of administering the

419

00:16:57,689 --> 00:16:55,660

oath

420

00:16:59,460 --> 00:16:57,699

it was testimony given with weeks of

421

00:17:01,739 --> 00:16:59,470

preparation the witnesses were asked to

422

00:17:04,139 --> 00:17:01,749

submit their testimonies in writing

423

00:17:05,850 --> 00:17:04,149

ahead of time this wasn't a simple oh I

424

00:17:09,569 --> 00:17:05,860

got my names confused thing and if it

425

00:17:12,840 --> 00:17:09,579

was why not just tell me so and he's

426  
00:17:14,429 --> 00:17:12,850  
never met with dr. Greer so and Brewer

427  
00:17:16,470 --> 00:17:14,439  
made the statement twice then I got into

428  
00:17:19,470 --> 00:17:16,480  
transcribing the evening sessions just

429  
00:17:21,419 --> 00:17:19,480  
in the last year or so and dr. Greer

430  
00:17:23,519 --> 00:17:21,429  
said at an evening session not under

431  
00:17:25,289 --> 00:17:23,529  
oath ultimately I wound up meeting with

432  
00:17:26,460 --> 00:17:25,299  
so many people Gordon Cooper Admiral

433  
00:17:27,750 --> 00:17:26,470  
Moran of the French government who I

434  
00:17:29,360 --> 00:17:27,760  
mentioned earlier day the list goes on

435  
00:17:33,049 --> 00:17:29,370  
and hundreds and hundreds

436  
00:17:37,670 --> 00:17:33,059  
of these sort of senior officials okay

437  
00:17:39,680 --> 00:17:37,680  
really so I got a lot of blowback from

438  
00:17:42,170 --> 00:17:39,690

my little footnote saying I think dr.

439

00:17:43,970 --> 00:17:42,180

Greer goofed here there are loyal almost

440

00:17:46,250 --> 00:17:43,980

religious like followers of this

441

00:17:48,500 --> 00:17:46,260

individual who think I'm part of the

442

00:17:51,530 --> 00:17:48,510

government cover-up and that Colonel

443

00:17:52,610 --> 00:17:51,540

Alexander Hillier murdered dr. Greer's

444

00:17:55,070 --> 00:17:52,620

assistant right

445

00:17:58,880 --> 00:17:55,080

that's the accusation this guy can throw

446

00:18:00,350 --> 00:17:58,890

out recklessly in writing so I wrote

447

00:18:01,880 --> 00:18:00,360

back and said dr. Greer was apparently

448

00:18:03,410 --> 00:18:01,890

free to accuse another researcher being

449

00:18:05,510 --> 00:18:03,420

a multiple murderer and of attempted

450

00:18:07,280 --> 00:18:05,520

murder with impunity any attempt to

451  
00:18:09,020 --> 00:18:07,290  
verify statements made by dr. Greer at

452  
00:18:10,790 --> 00:18:09,030  
least in my experience are categorized

453  
00:18:12,830 --> 00:18:10,800  
as attacks on the love and light he

454  
00:18:15,169 --> 00:18:12,840  
represents can I call this the other

455  
00:18:18,169 --> 00:18:15,179  
that it is there's clearly no

456  
00:18:20,150 --> 00:18:18,179  
Moran nope recipient of the prize ampere

457  
00:18:22,640 --> 00:18:20,160  
it was a simple mistake of fact I

458  
00:18:24,770 --> 00:18:22,650  
correct it perhaps he misremembered but

459  
00:18:26,330 --> 00:18:24,780  
I've given him the opportunity and he

460  
00:18:28,280 --> 00:18:26,340  
hasn't so I'm a little short on time

461  
00:18:31,280 --> 00:18:28,290  
I'll go quickly really interestingly

462  
00:18:33,500 --> 00:18:31,290  
after these hearings John Podesta sent

463  
00:18:35,240 --> 00:18:33,510

out this tweet last year it had been

464

00:18:38,090 --> 00:18:35,250

working with the Obama administration

465

00:18:40,790 --> 00:18:38,100

and tweeted out after he was finished

466

00:18:42,350 --> 00:18:40,800

finally my biggest failure of 2014 once

467

00:18:43,220 --> 00:18:42,360

again not seeing the disclosure of the

468

00:18:44,900 --> 00:18:43,230

UFO FILES

469

00:18:47,360 --> 00:18:44,910

I think it's absolutely extraordinary

470

00:18:49,760 --> 00:18:47,370

that the current chairman of the Hillary

471

00:18:52,400 --> 00:18:49,770

Clinton for president campaign would put

472

00:18:54,260 --> 00:18:52,410

out that kind of a tweet we've a little

473

00:18:56,210 --> 00:18:54,270

bit of news coverage has happened after

474

00:18:58,070 --> 00:18:56,220

these after the citizens hearing Steve

475

00:18:59,419 --> 00:18:58,080

Bassett would say that's because of the

476

00:19:02,270 --> 00:18:59,429

hearings and the ground it opened I

477

00:19:05,450 --> 00:19:02,280

think that has some credibility to it

478

00:19:07,760 --> 00:19:05,460

in 1995 Hillary Clinton didn't meet with

479

00:19:09,680 --> 00:19:07,770

Laurance Rockefeller a billionaire they

480

00:19:11,930 --> 00:19:09,690

were engaging the et issue the past a

481

00:19:13,970 --> 00:19:11,940

billionaire Bassett said no coverage I

482

00:19:15,290 --> 00:19:13,980

can make the case that we'll have

483

00:19:18,169 --> 00:19:15,300

disclosure before the New Hampshire

484

00:19:20,620 --> 00:19:18,179

primaries then that December article

485

00:19:22,610 --> 00:19:20,630

there's Hillary with the book about

486

00:19:24,290 --> 00:19:22,620

extraterrestrials which you may have

487

00:19:26,510 --> 00:19:24,300

seen if not check out the Rockefeller

488

00:19:28,280 --> 00:19:26,520

initiative discussion you find on the

489

00:19:30,410 --> 00:19:28,290

Internet and I got quoted in the article

490

00:19:31,940 --> 00:19:30,420

even Bassets closest supporters

491

00:19:34,280 --> 00:19:31,950

expressed doubt about how close we are

492

00:19:36,320 --> 00:19:34,290

to the truth quote he's one of the most

493

00:19:38,150 --> 00:19:36,330

overly optimistic people I've ever met

494

00:19:40,790 --> 00:19:38,160

said Joseph Bookman a fellow true

495

00:19:42,269 --> 00:19:40,800

believer so how am i both a true

496

00:19:44,549 --> 00:19:42,279

believer and calling

497

00:19:46,379 --> 00:19:44,559

overly optimistic in the same sentence I

498

00:19:47,909 --> 00:19:46,389

find it endearing but I don't know if

499

00:19:50,070 --> 00:19:47,919

it's quite as close to happening as he

500

00:19:51,899 --> 00:19:50,080

thinks it is I still feel that way about

501  
00:19:54,029 --> 00:19:51,909  
Steve I talked to Steve just a couple of

502  
00:19:55,469 --> 00:19:54,039  
days ago he has no problem with my

503  
00:19:57,239 --> 00:19:55,479  
saying this kind of stuff he says if

504  
00:19:59,729 --> 00:19:57,249  
you're going to be a lobbyist you've got

505  
00:20:03,389 --> 00:19:59,739  
to be overly optimistic the SETI

506  
00:20:04,709 --> 00:20:03,399  
Institute does a is that my time or I

507  
00:20:06,330 --> 00:20:04,719  
have a minute left give me one more

508  
00:20:09,539 --> 00:20:06,340  
minute and then I'll go to questions

509  
00:20:11,879 --> 00:20:09,549  
SETI runs a biannual conference called

510  
00:20:14,070 --> 00:20:11,889  
contact cultures of the imagination

511  
00:20:16,109 --> 00:20:14,080  
I presented there two years ago that

512  
00:20:18,209 --> 00:20:16,119  
Seth Shostak and I he does have a sense

513  
00:20:20,659 --> 00:20:18,219

of humor about this issue there's a

514

00:20:23,609 --> 00:20:20,669

Frank Drake and Bilborough key of Kepler

515

00:20:25,469 --> 00:20:23,619

incredible people they attended that

516

00:20:26,579 --> 00:20:25,479

presentation listen to it politely these

517

00:20:28,619 --> 00:20:26,589

are people who are interested in this

518

00:20:30,329 --> 00:20:28,629

they find virtually all of what's out

519

00:20:32,519 --> 00:20:30,339

there not credible

520

00:20:34,079 --> 00:20:32,529

Burning Man was mentioned earlier with

521

00:20:36,029 --> 00:20:34,089

the Dean Radin random number stuff

522

00:20:38,249 --> 00:20:36,039

presented there they did put the man on

523

00:20:40,469 --> 00:20:38,259

top of a flying saucer a couple of years

524

00:20:43,529 --> 00:20:40,479

ago I'll skip over the New York Times

525

00:20:45,180 --> 00:20:43,539

thing that was Colliers with dr. Seuss's

526

00:20:47,430 --> 00:20:45,190

prayer for child which is kind of cool

527

00:20:49,019 --> 00:20:47,440

but there's my email if you have any

528

00:20:52,440 --> 00:20:49,029

suggestions about how to improve the

529

00:20:54,389 --> 00:20:52,450

Congressional Record like transcript I'm

530

00:20:55,769 --> 00:20:54,399

creating of this 30 hours of testimony

531

00:21:02,620 --> 00:20:55,779

the citizens hearing I'd love for you to

532

00:21:13,720 --> 00:21:06,010

thank you for disclosing the political

533

00:21:19,720 --> 00:21:13,730

side of UFOs and we have questions when

534

00:21:23,110 --> 00:21:19,730

I consider what I'm aware of of the UFO

535

00:21:25,420 --> 00:21:23,120

disclosure and alleged cover-up and so

536

00:21:27,970 --> 00:21:25,430

forth I find that I keep returning to

537

00:21:31,480 --> 00:21:27,980

the thought that if if the United States

538

00:21:34,600 --> 00:21:31,490

government does not in fact have any new

539

00:21:36,420 --> 00:21:34,610

UFO FILES because they are not now and

540

00:21:39,430 --> 00:21:36,430

never have been in contact with

541

00:21:42,490 --> 00:21:39,440

extraterrestrials and do not now and

542

00:21:44,380 --> 00:21:42,500

have not ever had any evidence that

543

00:21:47,680 --> 00:21:44,390

their investigators considered credible

544

00:21:49,740 --> 00:21:47,690

about extraterrestrial spacecraft there

545

00:21:53,220 --> 00:21:49,750

is nothing they could possibly do to

546

00:21:57,040 --> 00:21:53,230

persuade the UFO community otherwise and

547

00:21:59,590 --> 00:21:57,050

I have to confess to a suspicion that

548

00:22:01,740 --> 00:21:59,600

all of the leaked documents that have

549

00:22:04,390 --> 00:22:01,750

been referred to are actually a

550

00:22:07,540 --> 00:22:04,400

disinformation campaign by the

551  
00:22:10,840 --> 00:22:07,550  
government to try to get these excited

552  
00:22:12,850 --> 00:22:10,850  
hobbyists chasing a non-existent figment

553  
00:22:15,010 --> 00:22:12,860  
rather than possibly uncovering real

554  
00:22:18,130 --> 00:22:15,020  
secret projects I wonder if you would

555  
00:22:23,610 --> 00:22:18,140  
like to comment on this you know as a

556  
00:22:29,860 --> 00:22:27,160  
you know cynic

557  
00:22:33,010 --> 00:22:29,870  
regarding our our government which is by

558  
00:22:35,560 --> 00:22:33,020  
the way largely not only dysfunctional

559  
00:22:37,360 --> 00:22:35,570  
and wasteful but I think even evil in

560  
00:22:39,760 --> 00:22:37,370  
the same sense that Ronald Reagan called

561  
00:22:41,590 --> 00:22:39,770  
the Soviet Union evil you know that's

562  
00:22:44,080 --> 00:22:41,600  
part projection we're not that different

563  
00:22:47,320 --> 00:22:44,090

in a lot of respects I'm sure our

564

00:22:50,080 --> 00:22:47,330

government gauges in disinformation all

565

00:22:52,150 --> 00:22:50,090

of them do their purposes largely to get

566

00:22:53,650 --> 00:22:52,160

reelected and increased power and to the

567

00:22:56,320 --> 00:22:53,660

degree that shutting out this

568

00:23:01,860 --> 00:22:56,330

information this was that I'm sure they

569

00:23:04,480 --> 00:23:01,870

do it that said Gordon Cooper you know

570

00:23:08,110 --> 00:23:04,490

last American to orbit the earth alone

571

00:23:10,300 --> 00:23:08,120

on faith 7 in his book a leap of faith

572

00:23:12,400 --> 00:23:10,310

talks about what he witnessed at Edwards

573

00:23:14,830 --> 00:23:12,410

so how do you have an American hero of

574

00:23:16,090 --> 00:23:14,840

Gordon Cooper's credibility talk about a

575

00:23:19,299 --> 00:23:16,100

lenticular shaped

576

00:23:22,090 --> 00:23:19,309

craft you know being filmed with missile

577

00:23:24,310 --> 00:23:22,100

tests or about the Foo Fighters that he

578

00:23:28,510 --> 00:23:24,320

witnessed during World War two what was

579

00:23:31,210 --> 00:23:28,520

what was that about there are a handful

580

00:23:34,570 --> 00:23:31,220

of very interesting very credible cases

581

00:23:36,520 --> 00:23:34,580

that I'd suggest you look at and a good

582

00:23:39,700 --> 00:23:36,530

place to start is Colonel Alexander's

583

00:23:41,590 --> 00:23:39,710

book the first sentence of which is UFOs

584

00:23:43,960 --> 00:23:41,600

are real and then if I recall the next

585

00:23:46,060 --> 00:23:43,970

paragraph is something like we have high

586

00:23:49,090 --> 00:23:46,070

credible military witnesses with radar

587

00:23:51,760 --> 00:23:49,100

returns and gun camera film in multiple

588

00:23:54,010 --> 00:23:51,770

nations that show non human created

589

00:23:56,110 --> 00:23:54,020

technology in our skies and then the

590

00:23:59,220 --> 00:23:56,120

last of John's book which I'll continue

591

00:24:01,480 --> 00:23:59,230

to promote is that that ET hypothesis of

592

00:24:04,000 --> 00:24:01,490

biological life and a souped-up Corvette

593

00:24:05,590 --> 00:24:04,010

getting here somehow isn't sufficient to

594

00:24:07,930 --> 00:24:05,600

cover all the data there's more going on

595

00:24:09,810 --> 00:24:07,940

it's transdimensional it's and I'll let

596

00:24:12,360 --> 00:24:09,820

Colonel Alexander take over from there

597

00:24:15,940 --> 00:24:12,370

well let me finish the last paragraph

598

00:24:18,159 --> 00:24:15,950

because basically it says in a it starts

599

00:24:20,919 --> 00:24:18,169

out whatever you know UFOs are real at

600

00:24:23,500 --> 00:24:20,929

some level and whatever this is it is

601  
00:24:26,740 --> 00:24:23,510  
more complex than anything we have

602  
00:24:28,960 --> 00:24:26,750  
imagined or possibly could imagine which

603  
00:24:30,640 --> 00:24:28,970  
was not what I want to talk about I what

604  
00:24:32,830 --> 00:24:30,650  
I wanted to just mention is

605  
00:24:35,230 --> 00:24:32,840  
congressional hearings because I think

606  
00:24:37,840 --> 00:24:35,240  
there's a huge misconception on what

607  
00:24:40,240 --> 00:24:37,850  
we're talking about this was five days

608  
00:24:43,090 --> 00:24:40,250  
obviously not congressmen on the Left I

609  
00:24:45,460 --> 00:24:43,100  
had getting ready for a presentation I

610  
00:24:47,770 --> 00:24:45,470  
picked a day in which Congress was in

611  
00:24:51,399 --> 00:24:47,780  
session and looked at the number and

612  
00:24:54,430 --> 00:24:51,409  
there were 17 hearings that day if you

613  
00:24:57,820 --> 00:24:54,440

got five hours let alone five days that

614

00:25:00,430 --> 00:24:57,830

would be a lot and absolutely nothing

615

00:25:02,200 --> 00:25:00,440

came out of any of them so this idea

616

00:25:04,120 --> 00:25:02,210

that you're gonna have these mystical

617

00:25:05,470 --> 00:25:04,130

hearings of the world's gonna change is

618

00:25:07,870 --> 00:25:05,480

just not reality

619

00:25:09,159 --> 00:25:07,880

you sound like senator Gravelle I should

620

00:25:10,750 --> 00:25:09,169

go back and look at what he said which

621

00:25:14,500 --> 00:25:10,760

is calling for Congress to investigate

622

00:25:16,180 --> 00:25:14,510

this isn't worth a bucket of spit talk

623

00:25:18,250 --> 00:25:16,190

to Mike right after the they had done

624

00:25:19,960 --> 00:25:18,260

that too right oh yeah and Gravelle was

625

00:25:22,000 --> 00:25:19,970

on fire during the hearings if you

626  
00:25:24,789 --> 00:25:22,010  
haven't watched the citizens hearing you

627  
00:25:27,100 --> 00:25:24,799  
know some of it is is just incredible on

628  
00:25:28,120 --> 00:25:27,110  
television and I do look for it I do

629  
00:25:30,460 --> 00:25:28,130  
hope they managed

630  
00:25:32,920 --> 00:25:30,470  
into some kind of 90-minute to two-hour

631  
00:25:35,230 --> 00:25:32,930  
documentary all that's on hold they ran

632  
00:25:36,790 --> 00:25:35,240  
out of money they're all unclear on

633  
00:25:38,290 --> 00:25:36,800  
who's got the rights or where they're

634  
00:25:40,630 --> 00:25:38,300  
gonna go next with the theatrical

635  
00:25:42,550 --> 00:25:40,640  
version yes sir well I got a comments

636  
00:25:44,320 --> 00:25:42,560  
not not so much a question but we it's

637  
00:25:45,820 --> 00:25:44,330  
interesting you bring up politics the

638  
00:25:48,160 --> 00:25:45,830

politics dimension of this and there

639

00:25:51,040 --> 00:25:48,170

some people may might remember that

640

00:25:52,300 --> 00:25:51,050

there have been actual congressional

641

00:25:57,490 --> 00:25:52,310

hearings that have been done on this

642

00:25:59,590 --> 00:25:57,500

going back to 1968 1967 938 67 68 I was

643

00:26:00,040 --> 00:25:59,600

the last last hearings and it was just a

644

00:26:02,260 --> 00:26:00,050

day

645

00:26:04,060 --> 00:26:02,270

and Stanton Friedman he's submitted

646

00:26:07,690 --> 00:26:04,070

testimony in writing but he wasn't there

647

00:26:10,420 --> 00:26:07,700

in person at all and it be the right

648

00:26:12,100 --> 00:26:10,430

thing I to see some of the the recorded

649

00:26:14,230 --> 00:26:12,110

testimony of the congressmen that were

650

00:26:16,530 --> 00:26:14,240

doing the questioning I think well you

651  
00:26:19,870 --> 00:26:16,540  
can find and I purchased on eBay the

652  
00:26:22,540 --> 00:26:19,880  
Government Printing Office record of

653  
00:26:24,250 --> 00:26:22,550  
those hearings yeah I think it was 67

654  
00:26:25,990 --> 00:26:24,260  
that's what I'm using as a model for the

655  
00:26:28,030 --> 00:26:26,000  
work I'm doing on this today I believe

656  
00:26:30,700 --> 00:26:28,040  
that's sprung in part out of Project

657  
00:26:32,950 --> 00:26:30,710  
Blue Book some sightings in Michigan and

658  
00:26:34,030 --> 00:26:32,960  
well Gerald Ford as a representative

659  
00:26:35,860 --> 00:26:34,040  
from Michigan was calling for

660  
00:26:37,780 --> 00:26:35,870  
congressional hearings and then he meant

661  
00:26:39,820 --> 00:26:37,790  
never mentioned the word UFO or aliens

662  
00:26:43,620 --> 00:26:39,830  
or ETS once he was president shut up

663  
00:26:47,920 --> 00:26:45,670

hey Joe well I just want to thank you

664

00:26:50,290 --> 00:26:47,930

for putting on a great event there I was

665

00:26:52,750 --> 00:26:50,300

there for it and I thought it was just

666

00:26:54,100 --> 00:26:52,760

the most amazing thing you know Bob wood

667

00:26:56,590 --> 00:26:54,110

was there who's here at the conference

668

00:27:00,250 --> 00:26:56,600

right remember he testified to us that

669

00:27:02,140 --> 00:27:00,260

as a mcdonnell-douglas career employee

670

00:27:03,700 --> 00:27:02,150

that they were always attempting to find

671

00:27:05,010 --> 00:27:03,710

the propulsion systems if you think this

672

00:27:07,150 --> 00:27:05,020

is a figment of someone's imagination

673

00:27:09,100 --> 00:27:07,160

McDonnell Douglas spent a lot of time

674

00:27:10,600 --> 00:27:09,110

and energy trying to find out if they

675

00:27:12,880 --> 00:27:10,610

could reverse-engineer the propulsion

676  
00:27:14,650 --> 00:27:12,890  
systems of UFOs and they never figured

677  
00:27:16,450 --> 00:27:14,660  
it out that doesn't mean someone hasn't

678  
00:27:17,890 --> 00:27:16,460  
figured it out but they did but you know

679  
00:27:19,840 --> 00:27:17,900  
what I'm wondering is what's it going to

680  
00:27:22,510 --> 00:27:19,850  
take for our media to take this more

681  
00:27:23,550 --> 00:27:22,520  
seriously i sat in the media section and

682  
00:27:26,800 --> 00:27:23,560  
I talked to the New York Times

683  
00:27:29,800 --> 00:27:26,810  
photographer he said to us this is the

684  
00:27:31,780 --> 00:27:29,810  
best material I've ever seen I can't get

685  
00:27:34,180 --> 00:27:31,790  
them to send anyone down from New York

686  
00:27:38,050 --> 00:27:34,190  
to cover it and then the two Washington

687  
00:27:40,420 --> 00:27:38,060  
Post reporters concluded that belief in

688  
00:27:42,010 --> 00:27:40,430

UFOs was a schizo tippie mental disorder

689

00:27:43,480 --> 00:27:42,020

yeah they put the pictures

690

00:27:44,890 --> 00:27:43,490

the people wearing crystals on the front

691

00:27:47,950 --> 00:27:44,900

of New York Times they were just there

692

00:27:49,720 --> 00:27:47,960

as observers but why are they witnesses

693

00:27:52,240 --> 00:27:49,730

what's what's wrong with them that they

694

00:27:55,450 --> 00:27:52,250

can't even cover it you know other

695

00:27:57,190 --> 00:27:55,460

countries do you know so hey I don't

696

00:27:58,060 --> 00:27:57,200

know the conspiratorial list will tell

697

00:28:00,610 --> 00:27:58,070

you it's a vast

698

00:28:02,560 --> 00:28:00,620

right and left wing combined conspiracy

699

00:28:04,630 --> 00:28:02,570

- stop it - go back to your first

700

00:28:06,850 --> 00:28:04,640

question I would I would say also if

701  
00:28:08,380 --> 00:28:06,860  
they have some evidence and I do suspect

702  
00:28:10,960 --> 00:28:08,390  
they do I suspect there's gun camera

703  
00:28:12,460 --> 00:28:10,970  
footage I think the film that the Gordon

704  
00:28:14,020 --> 00:28:12,470  
Cooper talks about that he says he

705  
00:28:16,030 --> 00:28:14,030  
shipped back to DC that never showed up

706  
00:28:17,290 --> 00:28:16,040  
in the Blue Book report saying that that

707  
00:28:20,470 --> 00:28:17,300  
some of this stuff is in a vault

708  
00:28:22,180 --> 00:28:20,480  
somewhere or whatnot I believe that I

709  
00:28:24,370 --> 00:28:22,190  
think there's credible evidence of that

710  
00:28:26,860 --> 00:28:24,380  
I think one of the reasons they may not

711  
00:28:28,300 --> 00:28:26,870  
disclose that is it just opens a can of

712  
00:28:29,980 --> 00:28:28,310  
worms the stuff they don't know anything

713  
00:28:32,260 --> 00:28:29,990

about I don't I'm sure they don't have

714

00:28:33,430 --> 00:28:32,270

all the answers I'm sure that if we were

715

00:28:35,770 --> 00:28:33,440

to have the president come out and say

716

00:28:37,180 --> 00:28:35,780

hey extraterrestrial craft is here some

717

00:28:39,340 --> 00:28:37,190

of these witnesses are fully credible

718

00:28:41,710 --> 00:28:39,350

here's the evidence we have it's going

719

00:28:43,840 --> 00:28:41,720

to open a trillion questions that we

720

00:28:45,550 --> 00:28:43,850

don't have the answers to and be even

721

00:28:46,480 --> 00:28:45,560

worse we think we don't know what we

722

00:28:48,490 --> 00:28:46,490

want to know now

723

00:28:51,070 --> 00:28:48,500

but once that occurs it's going to be

724

00:28:53,110 --> 00:28:51,080

like that times 10,000 on the other hand

725

00:28:54,610 --> 00:28:53,120

I'd hope if humanity gets to a place

726

00:28:57,130 --> 00:28:54,620

where we know we're not alone in the

727

00:28:59,380 --> 00:28:57,140

universe but there is life out there

728

00:29:02,440 --> 00:28:59,390

that's curious and relatively benign -

729

00:29:04,750 --> 00:29:02,450

benevolent that's here maybe we'd become

730

00:29:07,000 --> 00:29:04,760

humans on earth and stop fighting over

731

00:29:09,430 --> 00:29:07,010

our geographic territorial issues or

732

00:29:11,050 --> 00:29:09,440

resources and and unite in a way that

733

00:29:13,390 --> 00:29:11,060

would be a good thing so I'd kind of

734

00:29:16,480 --> 00:29:13,400

like to see that day come anyway but
