

1
00:00:08,360 --> 00:00:05,619
well good morning everybody again and

2
00:00:10,400 --> 00:00:08,370
I'm going to begin by adding a few

3
00:00:15,530 --> 00:00:10,410
things to what Courtney said as to why I

4
00:00:17,870 --> 00:00:15,540
claim to have a credible reputation in

5
00:00:20,269 --> 00:00:17,880
in ufology I'm probably the only one in

6
00:00:21,740 --> 00:00:20,279
the room who ran a proprietary program

7
00:00:23,679 --> 00:00:21,750
for a half-million dollars back in the

8
00:00:25,550 --> 00:00:23,689
late 60s for McDonnell Douglas

9
00:00:28,250 --> 00:00:25,560
investigating the question of how would

10
00:00:30,859 --> 00:00:28,260
you proceed to develop a gravity control

11
00:00:34,610 --> 00:00:30,869
device I'm probably the only one in the

12
00:00:36,590 --> 00:00:34,620
room who owns 4,000 pages of questioned

13
00:00:40,639 --> 00:00:36,600

leaked documents and I'm probably the

14

00:00:41,990 --> 00:00:40,649

only one in the room who was given

15

00:00:44,810 --> 00:00:42,000

hundreds of thousands of dollars to make

16

00:00:48,819 --> 00:00:44,820

a television documentary on the subject

17

00:00:51,350 --> 00:00:48,829

of UFOs and so with that background I'm

18

00:00:52,310 --> 00:00:51,360

claiming that what I'm going to say is

19

00:00:59,930 --> 00:00:52,320

believable

20

00:01:02,090 --> 00:00:59,940

now however however what I was asked to

21

00:01:05,539 --> 00:01:02,100

do was to provide a ten-minute summary

22

00:01:08,000 --> 00:01:05,549

of your follow GE or UFOs for the SSC

23

00:01:11,240 --> 00:01:08,010

members most of whom do not know much

24

00:01:15,170 --> 00:01:11,250

about the subject except what we just

25

00:01:16,940 --> 00:01:15,180

heard from Jerry Clark and I'm going to

26

00:01:18,170 --> 00:01:16,950

give it to you in four parts first I'm

27

00:01:21,469 --> 00:01:18,180

going to tell you what I think I know

28

00:01:23,090 --> 00:01:21,479

and the more you get involved in a

29

00:01:26,210 --> 00:01:23,100

subject of course just let you know what

30

00:01:28,789 --> 00:01:26,220

you know but I'm going to try to create

31

00:01:31,370 --> 00:01:28,799

a I have created the slide that I think

32

00:01:33,350 --> 00:01:31,380

is one that everyone on the panel

33

00:01:35,510 --> 00:01:33,360

tonight will all agree with we'll see

34

00:01:37,670 --> 00:01:35,520

then I'm going to share some surprising

35

00:01:40,160 --> 00:01:37,680

facts with you deal with some unanswered

36

00:01:42,770 --> 00:01:40,170

but interesting Lee scientific questions

37

00:01:46,210 --> 00:01:42,780

and and didn't find up wind up with what

38

00:01:48,710 --> 00:01:46,220

are the issues today first is the

39

00:01:51,230 --> 00:01:48,720

summary what I think I know for sure and

40

00:01:53,240 --> 00:01:51,240

the first one is that I know for sure

41

00:01:55,520 --> 00:01:53,250

that Professor James McDonald was a

42

00:01:57,109 --> 00:01:55,530

professor of atmospheric sciences at the

43

00:02:00,950 --> 00:01:57,119

University of Arizona in the late 60s

44

00:02:04,100 --> 00:02:00,960

and that he studied cases with great

45

00:02:06,080 --> 00:02:04,110

intensity and depths especially radar

46

00:02:09,320 --> 00:02:06,090

visual cases where there were lots of

47

00:02:11,089 --> 00:02:09,330

witnesses he presented his conclusions

48

00:02:12,680 --> 00:02:11,099

to a number of scientific societies and

49

00:02:13,230 --> 00:02:12,690

gained a reputation such that he was

50

00:02:15,450 --> 00:02:13,240

asked

51
00:02:17,610 --> 00:02:15,460
Congress a congressional committee to

52
00:02:20,610 --> 00:02:17,620
tell him what he thought and in that

53
00:02:22,320 --> 00:02:20,620
testimony he said I think that the least

54
00:02:25,550 --> 00:02:22,330
unlikely explanation is that the

55
00:02:28,830 --> 00:02:25,560
extra-terrestrial hypothesis is correct

56
00:02:30,480 --> 00:02:28,840
since he was a very cautious scientist

57
00:02:33,600 --> 00:02:30,490
he said least unlikely instead of most

58
00:02:36,090 --> 00:02:33,610
likely the second thing I'm I believe

59
00:02:38,640 --> 00:02:36,100
I'm certainly sure of is it they're real

60
00:02:41,460 --> 00:02:38,650
craft they make dents in railroad ties

61
00:02:44,390 --> 00:02:41,470
if they land military confrontations do

62
00:02:47,220 --> 00:02:44,400
occur planes have been shot down and

63
00:02:49,020 --> 00:02:47,230

actually I think quite a few more planes

64

00:02:51,120 --> 00:02:49,030

than have been a matter of public record

65

00:02:52,050 --> 00:02:51,130

have been shot down both in this country

66

00:02:55,290 --> 00:02:52,060

and in the Soviet Union

67

00:02:58,970 --> 00:02:55,300

I'm certain that consciousness reports

68

00:03:01,950 --> 00:02:58,980

are present that is interactions between

69

00:03:05,060 --> 00:03:01,960

the craft even if you don't see any

70

00:03:08,010 --> 00:03:05,070

creatures and interactions with

71

00:03:09,690 --> 00:03:08,020

potential aliens I'm certain that the

72

00:03:11,220 --> 00:03:09,700

reports are worldwide and they've been

73

00:03:14,760 --> 00:03:11,230

going for a long time in fact we just

74

00:03:16,680 --> 00:03:14,770

heard Jerome Clarke summarize a number

75

00:03:20,310 --> 00:03:16,690

of specific cases that are in that

76

00:03:23,490 --> 00:03:20,320

domain and finally I've concluded that

77

00:03:25,350 --> 00:03:23,500

there are some reports that are really

78

00:03:27,960 --> 00:03:25,360

curious that there are time anomalies

79

00:03:29,820 --> 00:03:27,970

where people are missing for a few days

80

00:03:31,980 --> 00:03:29,830

and yet their watch is the same time or

81

00:03:33,870 --> 00:03:31,990

vice versa or people are missing for a

82

00:03:35,670 --> 00:03:33,880

few days and they've grown a beard or

83

00:03:37,290 --> 00:03:35,680

they beyond no beard you know or they

84

00:03:39,720 --> 00:03:37,300

haven't been missing in the grew a beard

85

00:03:43,230 --> 00:03:39,730

so anyway those kind of time anomalies

86

00:03:46,050 --> 00:03:43,240

are puzzlement that are a little bit

87

00:03:48,240 --> 00:03:46,060

more difficult for everyone to deal with

88

00:03:50,820 --> 00:03:48,250

so this is what I think I know for sure

89

00:03:52,830 --> 00:03:50,830

and one of the ways I know for sure is

90

00:03:54,470 --> 00:03:52,840

as we're talking about earlier and the

91

00:03:57,270 --> 00:03:54,480

question answer is from the evidence

92

00:03:58,710 --> 00:03:57,280

well the evidence is the available

93

00:04:00,990 --> 00:03:58,720

evidence now if there are crashed

94

00:04:02,540 --> 00:04:01,000

vehicles and they're kept secret

95

00:04:05,040 --> 00:04:02,550

somewhere we don't have that evidence

96

00:04:07,080 --> 00:04:05,050

but we do have the evidence that shown

97

00:04:08,640 --> 00:04:07,090

here we have a witness testimony we have

98

00:04:10,260 --> 00:04:08,650

the photos we have videos we have

99

00:04:11,820 --> 00:04:10,270

official government studies we have

100

00:04:14,340 --> 00:04:11,830

distinguished leader quotes and we have

101
00:04:16,530 --> 00:04:14,350
leaked documents and I'll give an

102
00:04:19,170 --> 00:04:16,540
example of each of these three beginning

103
00:04:21,210 --> 00:04:19,180
with this photograph comparison which I

104
00:04:22,650 --> 00:04:21,220
really love because the top one was

105
00:04:24,659 --> 00:04:22,660
taken by Paul tried at McMinnville

106
00:04:26,290 --> 00:04:24,669
Oregon in 1950 and the bottom was by

107
00:04:28,270 --> 00:04:26,300
French Air Force pilot in nineteen

108
00:04:30,070 --> 00:04:28,280
fifty-four and the similarity of these

109
00:04:33,520 --> 00:04:30,080
shapes and different times have always

110
00:04:38,589 --> 00:04:33,530
impressed me the second evidence example

111
00:04:41,080 --> 00:04:38,599
is a handwritten quote from J Edgar

112
00:04:43,749 --> 00:04:41,090
Hoover who says we must insist upon full

113
00:04:45,430 --> 00:04:43,759

access to this recovered for example in

114

00:04:46,659 --> 00:04:45,440

the LA case the army grabbed it would

115

00:04:51,520 --> 00:04:46,669

not let us have it for cursory

116

00:04:55,600 --> 00:04:51,530

examination in s July 15th 1947 a little

117

00:05:00,040 --> 00:04:55,610

bit after the Roswell crash the third

118

00:05:02,469 --> 00:05:00,050

example I have is an example of a leaked

119

00:05:03,939 --> 00:05:02,479

document that I believed to be authentic

120

00:05:06,850 --> 00:05:03,949

this is from the special operations

121

00:05:09,129 --> 00:05:06,860

manual the special operations manual is

122

00:05:11,020 --> 00:05:09,139

entitled extraterrestrial entities and

123

00:05:13,540 --> 00:05:11,030

technology recovery and disposal and

124

00:05:17,980 --> 00:05:13,550

actually there's examples on the table

125

00:05:19,570 --> 00:05:17,990

in the other room this statement says it

126

00:05:21,580 --> 00:05:19,580

may become necessary to issue false

127

00:05:23,290 --> 00:05:21,590

statements to preserve the security of

128

00:05:24,700 --> 00:05:23,300

the site meteors down satellites weather

129

00:05:27,730 --> 00:05:24,710

balloons military aircraft are all

130

00:05:31,059 --> 00:05:27,740

acceptable so we have had a deception

131

00:05:33,070 --> 00:05:31,069

policy now the second set of things I

132

00:05:33,969 --> 00:05:33,080

want to share with you is the facts that

133

00:05:36,129 --> 00:05:33,979

might surprise you

134

00:05:38,950 --> 00:05:36,139

first extensive reports of crashes

135

00:05:40,480 --> 00:05:38,960

Downing's and retrievals you you would

136

00:05:42,100 --> 00:05:40,490

probably be amazed to know that there is

137

00:05:44,649 --> 00:05:42,110

a book out called magic eyes only

138

00:05:47,350 --> 00:05:44,659

written by my own son Ryan Ryan are you

139

00:05:49,600 --> 00:05:47,360

in the room yeah he's right there so if

140

00:05:51,999 --> 00:05:49,610

you want to quiz him on this way you can

141

00:05:53,800 --> 00:05:52,009

do that at the break but he this book

142

00:05:55,749 --> 00:05:53,810

says that there's 75 crashes he

143

00:05:57,790 --> 00:05:55,759

identified very slow as a quality some

144

00:05:59,399 --> 00:05:57,800

of them require more investigation but

145

00:06:01,869 --> 00:05:59,409

he's used remote viewing in order to

146

00:06:04,200 --> 00:06:01,879

verify the location of previous crashes

147

00:06:07,149 --> 00:06:04,210

and to find the location of new crashes

148

00:06:08,619 --> 00:06:07,159

he uses the Stringfield cases and he

149

00:06:13,480 --> 00:06:08,629

still identifying new locations and

150

00:06:15,369 --> 00:06:13,490

debris and debris there there's another

151
00:06:16,600 --> 00:06:15,379
thing that surprised you probably would

152
00:06:19,899 --> 00:06:16,610
be that there's multiple indications

153
00:06:22,119 --> 00:06:19,909
that crashes started in 1941 242 the

154
00:06:24,999 --> 00:06:22,129
cape girardeau crash is a classic one

155
00:06:29,800 --> 00:06:25,009
and then the ones relating to the Battle

156
00:06:31,869 --> 00:06:29,810
of LA the third point is that some

157
00:06:33,610 --> 00:06:31,879
leaked documents may seem to be seem to

158
00:06:36,999 --> 00:06:33,620
be authentic that might surprise you

159
00:06:39,490 --> 00:06:37,009
it's easy to say well these days it's so

160
00:06:40,239 --> 00:06:39,500
simple to get a sophisticated word

161
00:06:42,819 --> 00:06:40,249
processing for

162
00:06:44,649 --> 00:06:42,829
and create almost anything that seems

163
00:06:46,089 --> 00:06:44,659

authentic the answer is if you have

164

00:06:48,039 --> 00:06:46,099

three additional papers it's not that

165

00:06:49,779 --> 00:06:48,049

easy and I'll talk about that later the

166

00:06:53,499 --> 00:06:49,789

fourth thing is that some abduction

167

00:06:55,689 --> 00:06:53,509

tales suggest reality and lastly the

168

00:06:58,359 --> 00:06:55,699

thing that I think most people have no

169

00:07:00,819 --> 00:06:58,369

grasp of especially people who have been

170

00:07:02,979 --> 00:07:00,829

largely in your university domain is

171

00:07:05,499 --> 00:07:02,989

that they have no idea of how

172

00:07:08,049 --> 00:07:05,509

sophisticated the government deception

173

00:07:10,659 --> 00:07:08,059

is and can be I mean we built a whole

174

00:07:14,889 --> 00:07:10,669

city called Oak Ridge and nobody knew

175

00:07:16,449 --> 00:07:14,899

about that essentially nobody now the

176

00:07:18,759 --> 00:07:16,459

third thing I want to share with you by

177

00:07:23,109 --> 00:07:18,769

way of introduction is that there are

178

00:07:24,789 --> 00:07:23,119

questions that you follow just ask that

179

00:07:28,509 --> 00:07:24,799

are really scientifically interesting in

180

00:07:31,329 --> 00:07:28,519

fact I proposed to MUFON the mutual UFO

181

00:07:32,859 --> 00:07:31,339

network and we'll hear from James

182

00:07:36,759 --> 00:07:32,869

carrion who's the director of that

183

00:07:38,289 --> 00:07:36,769

tonight some research projects a history

184

00:07:41,049 --> 00:07:38,299

research project how do they relate

185

00:07:43,389 --> 00:07:41,059

historically demand a Travel Research

186

00:07:45,909 --> 00:07:43,399

project how do they get here from there

187

00:07:47,169 --> 00:07:45,919

wherever there is and what's their

188

00:07:49,359 --> 00:07:47,179

energy source how do they communicate

189

00:07:51,969 --> 00:07:49,369

why are they abducting people and then

190

00:07:53,769 --> 00:07:51,979

finally this last one is added to that

191

00:07:55,059 --> 00:07:53,779

list and that is are their technical

192

00:07:56,679 --> 00:07:55,069

secrets that have already been

193

00:08:01,029 --> 00:07:56,689

discovered that we just don't know about

194

00:08:03,549 --> 00:08:01,039

in the unclassified world so with those

195

00:08:05,889 --> 00:08:03,559

three thoughts behind us let's go to the

196

00:08:07,749 --> 00:08:05,899

final thought set of ideas I wanted to

197

00:08:10,899 --> 00:08:07,759

share with you so that when you hear the

198

00:08:13,179 --> 00:08:10,909

panel discussion tonight and appreciate

199

00:08:15,219 --> 00:08:13,189

the questions that the those who are

200

00:08:17,649 --> 00:08:15,229

knowledgeable are asking each other and

201

00:08:20,529 --> 00:08:17,659

are dealing with the skeptics where

202

00:08:23,439 --> 00:08:20,539

these are the kind of hot issues or some

203

00:08:25,209 --> 00:08:23,449

or all of these documents hoaxed the

204

00:08:28,029 --> 00:08:25,219

second is why wouldn't the government be

205

00:08:29,559 --> 00:08:28,039

willing to disclose the truth and if

206

00:08:31,539 --> 00:08:29,569

there are extraterrestrial high heaven

207

00:08:35,589 --> 00:08:31,549

they contacted us it seems like there's

208

00:08:39,159 --> 00:08:35,599

large numbers of societies that have

209

00:08:41,319 --> 00:08:39,169

been reported than shapes it's amazing

210

00:08:44,259 --> 00:08:41,329

at least one of them hasn't tried how

211

00:08:45,910 --> 00:08:44,269

could you hide so much money to do the

212

00:08:48,340 --> 00:08:45,920

research necessary to secretly study

213

00:08:51,040 --> 00:08:48,350

this technology and is there any real

214

00:08:52,150 --> 00:08:51,050

evidence that we have back engineered or

215

00:08:53,319 --> 00:08:52,160

reverse engineered any

216

00:08:56,290 --> 00:08:53,329

thing that we might have recovered from

217

00:08:57,819 --> 00:08:56,300

these crafts and is it possible that

218

00:09:01,559 --> 00:08:57,829

some of the abductions are not real and

219

00:09:07,300 --> 00:09:01,569

it's all a matter of what's in our mind

220

00:09:09,819 --> 00:09:07,310

so these are those are the main ideas I

221

00:09:12,429 --> 00:09:09,829

wanted to share with you in the context

222

00:09:15,730 --> 00:09:12,439

of I've studied this subject for a long

223

00:09:17,800 --> 00:09:15,740

time and the more I study at the less

224

00:09:19,300 --> 00:09:17,810

I'm totally sure of but remember the

225

00:09:21,550 --> 00:09:19,310

five things I showed you I really share

226

00:09:25,300 --> 00:09:21,560

of that's probably good to go with and

227

00:09:29,170 --> 00:09:25,310

now you know what the issues are so now

228

00:09:31,869 --> 00:09:29,180

I'll proceed to the other part of my

229

00:09:35,499 --> 00:09:31,879

talk today which was the evaluation of

230

00:09:42,519 --> 00:09:35,509

two original paper leaked UFO documents

231

00:09:48,400 --> 00:09:42,529

and they are shown here well before I

232

00:09:50,199 --> 00:09:48,410

say that what well the first one is an

233

00:09:55,150 --> 00:09:50,209

encyclopedia of flying saucers by Vernon

234

00:09:57,970 --> 00:09:55,160

Bowen and actually this was given by him

235

00:09:59,769 --> 00:09:57,980

to the Air Force in 1961 they kept it

236

00:10:01,240 --> 00:09:59,779

study that make marks on it and returned

237

00:10:04,150 --> 00:10:01,250

it in 1999

238

00:10:06,639 --> 00:10:04,160

to my source Timothy Cooper and this is

239

00:10:09,579 --> 00:10:06,649

what the current version looks like

240

00:10:14,050 --> 00:10:09,589

actually they're available in the other

241

00:10:17,410 --> 00:10:14,060

room also this is a replication of the

242

00:10:19,540 --> 00:10:17,420

original manuscript in just a moment and

243

00:10:23,949 --> 00:10:19,550

then the second one is the burned memo

244

00:10:28,439 --> 00:10:23,959

which was a 1963 era document that was

245

00:10:37,150 --> 00:10:28,449

mailed by apparently from a CI a metered

246

00:10:39,670 --> 00:10:37,160

meter in 1999 also so these are this is

247

00:10:46,350 --> 00:10:39,680

a list of the documents that I possess

248

00:10:49,689 --> 00:10:46,360

as you can see there's a 104 of them and

249

00:10:51,670 --> 00:10:49,699

nearly 4,000 pages the ones that are in

250

00:10:55,240 --> 00:10:51,680

green are the ones where we have the

251
00:10:57,009 --> 00:10:55,250
original negatives and a 35 millimeter

252
00:10:59,470 --> 00:10:57,019
film and I actually have the originals

253
00:11:02,970 --> 00:10:59,480
and the ones in red are where we have

254
00:11:05,730 --> 00:11:02,980
original paper which is old

255
00:11:06,720 --> 00:11:05,740
the classifications are showing we're

256
00:11:08,160 --> 00:11:06,730
not going to deal much for the

257
00:11:11,490 --> 00:11:08,170
classifications but you can see it's

258
00:11:14,360 --> 00:11:11,500
over a range of times from 1984 to 2001

259
00:11:16,949 --> 00:11:14,370
I haven't received any more since 2001

260
00:11:18,720 --> 00:11:16,959
the titles of these documents are shown

261
00:11:20,639 --> 00:11:18,730
here but um the first one is the

262
00:11:24,410 --> 00:11:20,649
Eisenhower briefing document the famous

263
00:11:28,920 --> 00:11:24,420

one that identified the MJ program with

264

00:11:31,920 --> 00:11:28,930

MJ 1 through 12 being individuals and

265

00:11:33,600 --> 00:11:31,930

the special operations manual is the

266

00:11:35,400 --> 00:11:33,610

other one in green but we're going to

267

00:11:39,689 --> 00:11:35,410

talk about the bowen manuscript first

268

00:11:43,259 --> 00:11:39,699

and then the burned mental I'm going to

269

00:11:46,290 --> 00:11:43,269

tell you how I got it came in a 9 by 14

270

00:11:49,139 --> 00:11:46,300

jiffy mailer to Tim Cooper in June 1999

271

00:11:51,600 --> 00:11:49,149

and the return address was Fort Meade

272

00:11:56,370 --> 00:11:51,610

and actually Freedom of Information

273

00:11:58,009 --> 00:11:56,380

Office from the army and sheets were

274

00:12:00,389 --> 00:11:58,019

usually double-spaced and single sided

275

00:12:04,500 --> 00:12:00,399

this is one of the one of the sheets the

276

00:12:07,639 --> 00:12:04,510

first page shows actually three

277

00:12:13,290 --> 00:12:07,649

addresses that Vernon Bowen the author I

278

00:12:17,750 --> 00:12:13,300

had and the it shows the obvious red

279

00:12:20,430 --> 00:12:17,760

stamp the stamp contains for

280

00:12:21,810 --> 00:12:20,440

classification caveats one of them is no

281

00:12:24,150 --> 00:12:21,820

foreign dissemination which is a

282

00:12:27,269 --> 00:12:24,160

well-known one when I'm a size only

283

00:12:28,620 --> 00:12:27,279

which is also a standard one and and

284

00:12:31,560 --> 00:12:28,630

then of course the other two they are

285

00:12:34,259 --> 00:12:31,570

not acceptable unknown or top-secret

286

00:12:37,110 --> 00:12:34,269

slash magic which is the code word we'll

287

00:12:39,600 --> 00:12:37,120

talk about and in errata which probably

288

00:12:41,519 --> 00:12:39,610

means for original originating agency

289

00:12:43,800 --> 00:12:41,529

declassification the classification

290

00:12:50,180 --> 00:12:43,810

Authority means that you can't

291

00:12:52,889 --> 00:12:50,190

declassify this ever so the those three

292

00:12:53,250 --> 00:12:52,899

addresses gave me an easy trail to

293

00:12:56,579 --> 00:12:53,260

follow

294

00:12:59,309 --> 00:12:56,589

I put up a call to put in a call to the

295

00:13:00,870 --> 00:12:59,319

church said oh yeah remember Vernon born

296

00:13:03,360 --> 00:13:00,880

he had a son Patrick come on his number

297

00:13:06,210 --> 00:13:03,370

so it's brought as easy you could run

298

00:13:07,530 --> 00:13:06,220

into than finding somebody so I I called

299

00:13:09,210 --> 00:13:07,540

him told him I had this manuscript he

300

00:13:10,230 --> 00:13:09,220

never knew of the existence the

301

00:13:12,090 --> 00:13:10,240

manuscript but he still had the

302

00:13:13,620 --> 00:13:12,100

typewriter it was typed on it was very

303

00:13:15,389 --> 00:13:13,630

cooperative he wanted to see his dad but

304

00:13:16,710 --> 00:13:15,399

there's a book published and and so

305

00:13:19,379 --> 00:13:16,720

that's why we made two

306

00:13:23,040 --> 00:13:19,389

other copies of which we have 50 or so

307

00:13:24,869 --> 00:13:23,050

left and there as they say available the

308

00:13:26,819 --> 00:13:24,879

appearance is old looking pages the

309

00:13:28,679 --> 00:13:26,829

watermark was there the glue was dried

310

00:13:30,540 --> 00:13:28,689

the clippings are loose and the red and

311

00:13:32,579 --> 00:13:30,550

black caveat stamps I'll have an example

312

00:13:34,249 --> 00:13:32,589

of and marginalia and different hands

313

00:13:36,360 --> 00:13:34,259

here's the way the clippings were

314

00:13:40,650 --> 00:13:36,370

fastened with old blue and they just

315

00:13:43,499 --> 00:13:40,660

kind of face fell off but Vernon Bowen

316

00:13:45,329 --> 00:13:43,509

is very thorough guy he had apparently

317

00:13:47,460 --> 00:13:45,339

spent nearly every noon hour in New York

318

00:13:49,050 --> 00:13:47,470

City library looking up the readers

319

00:13:51,360 --> 00:13:49,060

guide to periodical literature and

320

00:13:53,280 --> 00:13:51,370

captured every single entry having to do

321

00:13:57,900 --> 00:13:53,290

with flying saucers up till the time

322

00:13:59,699 --> 00:13:57,910

hood he stopped in 1954 so what is this

323

00:14:02,009 --> 00:13:59,709

book say well actually he's a good

324

00:14:05,670 --> 00:14:02,019

writer he wrote children's books but he

325

00:14:07,530 --> 00:14:05,680

was he has he has a natural style he

326

00:14:10,379 --> 00:14:07,540

it's some kind of gripping going from

327

00:14:12,749 --> 00:14:10,389

chapter to chapter so the chapters are

328

00:14:14,490 --> 00:14:12,759

15 chapters he begins really with the

329

00:14:16,559 --> 00:14:14,500

same sort of flavor that you just heard

330

00:14:18,600 --> 00:14:16,569

from Jerome Clark he talks about the

331

00:14:21,179 --> 00:14:18,610

things that charles fort reported that

332

00:14:22,530 --> 00:14:21,189

aren't anomalistic phenomena and then

333

00:14:25,350 --> 00:14:22,540

finally in the middle of it he talks

334

00:14:28,559 --> 00:14:25,360

about flying saucers gives a report on

335

00:14:29,939 --> 00:14:28,569

every periodical and every sighting up

336

00:14:33,600 --> 00:14:29,949

to that point that was in the public

337

00:14:35,670 --> 00:14:33,610

literature then when he comes to chapter

338

00:14:39,030 --> 00:14:35,680

12 the US Air Force and flying saucers

339

00:14:41,340 --> 00:14:39,040

it turns out that's when the stamps on

340

00:14:44,519 --> 00:14:41,350

this document change from confidential

341

00:14:46,559 --> 00:14:44,529

to top-secret slash magic and so clearly

342

00:14:48,030 --> 00:14:46,569

the Air Force was looking this over to

343

00:14:50,699 --> 00:14:48,040

determine whether or not there was

344

00:14:52,379 --> 00:14:50,709

something important here and they didn't

345

00:14:54,389 --> 00:14:52,389

they classified it before they decided

346

00:14:57,389 --> 00:14:54,399

of course they do that and then he

347

00:14:59,850 --> 00:14:57,399

concludes with an interesting one he he

348

00:15:03,240 --> 00:14:59,860

really doesn't know in 1954 what they

349

00:15:05,819 --> 00:15:03,250

are but he says he wonders whether or

350

00:15:08,189 --> 00:15:05,829

not they're the Soviets very seriously

351
00:15:10,230 --> 00:15:08,199
and and then he thinks that well maybe

352
00:15:12,210 --> 00:15:10,240
we've been capturing some of them

353
00:15:14,460 --> 00:15:12,220
ourselves and in any case sooner or

354
00:15:15,869 --> 00:15:14,470
later we will know the technology so he

355
00:15:19,949 --> 00:15:15,879
winds up with that thought they will be

356
00:15:22,199 --> 00:15:19,959
sometime hours now I want to share with

357
00:15:24,990 --> 00:15:22,209
you a cartoon for a specific reason

358
00:15:27,429 --> 00:15:25,000
blondie mm cat cartoon has Dagwood

359
00:15:29,919 --> 00:15:27,439
talking to

360
00:15:32,099 --> 00:15:29,929
clerk the cat abducted by space aliens

361
00:15:34,210 --> 00:15:32,109
Bigfoot decided who reads this trash

362
00:15:36,639 --> 00:15:34,220
clerk says over 20 million readers

363
00:15:40,359 --> 00:15:36,649

Dagwood would you take out the trash cuz

364

00:15:43,869 --> 00:15:40,369

I haven't finished reading it yet and

365

00:15:46,329 --> 00:15:43,879

what you don't know is that maybe at one

366

00:15:48,789 --> 00:15:46,339

time the National Enquirer was

367

00:15:52,719 --> 00:15:48,799

controlled by some CIA employees and

368

00:15:54,819 --> 00:15:52,729

putting stories in about UFOs if it was

369

00:15:56,889 --> 00:15:54,829

to the advantage so I bought a copy of

370

00:15:59,079 --> 00:15:56,899

the National Enquirer yesterday to see

371

00:16:01,149 --> 00:15:59,089

what it says and it doesn't say anything

372

00:16:03,429 --> 00:16:01,159

about UFOs today but it's all it's all

373

00:16:06,969 --> 00:16:03,439

Hollywood now probably and crowd

374

00:16:09,309 --> 00:16:06,979

enthralled by a different management so

375

00:16:11,079 --> 00:16:09,319

the forensic analysis stating of the

376

00:16:12,759 --> 00:16:11,089

document was done by speck in

377

00:16:14,349 --> 00:16:12,769

laboratories and they did a thin layer

378

00:16:16,210 --> 00:16:14,359

chromatography one of the standard

379

00:16:18,189 --> 00:16:16,220

techniques to determine the age of ink

380

00:16:19,629 --> 00:16:18,199

looked at the pencils could try to

381

00:16:23,219 --> 00:16:19,639

compare the watermarks couldn't find a

382

00:16:26,679 --> 00:16:23,229

watermark for this particular one and

383

00:16:28,329 --> 00:16:26,689

James black did the dating of the well

384

00:16:30,579 --> 00:16:28,339

he identified the typewriter

385

00:16:32,590 --> 00:16:30,589

specifically in 1939 under wood and that

386

00:16:34,779 --> 00:16:32,600

is exactly the typewriter that his son

387

00:16:36,460 --> 00:16:34,789

says he has so there's no question but

388

00:16:42,279 --> 00:16:36,470

what this one was written by Vernon

389

00:16:45,899 --> 00:16:42,289

Bowen the pencils are consistent with

390

00:16:52,719 --> 00:16:45,909

1950s the red stamp ink is not a recent

391

00:16:54,519 --> 00:16:52,729

mixture of red ink so there's really two

392

00:16:56,829 --> 00:16:54,529

ages of inks that are important one is

393

00:16:58,389 --> 00:16:56,839

the ballpoint ink 1961 which is written

394

00:17:01,029 --> 00:16:58,399

by Vernon Bowen based on the nature of

395

00:17:03,939 --> 00:17:01,039

the comments and that was just before he

396

00:17:06,939 --> 00:17:03,949

gave it to the Air Force for evaluation

397

00:17:09,999 --> 00:17:06,949

and then the 1977 ballpoint ink has to

398

00:17:13,240 --> 00:17:10,009

do with comments relating to association

399

00:17:18,100 --> 00:17:13,250

with UFO program we'll talk about those

400

00:17:19,779 --> 00:17:18,110

right now here's an example he's talking

401
00:17:21,869 --> 00:17:19,789
about actually Vernon is talking about

402
00:17:24,009 --> 00:17:21,879
you can spin tall tales of moon dust

403
00:17:25,360 --> 00:17:24,019
accused the Air Force of covering up the

404
00:17:28,779 --> 00:17:25,370
greatest story since Christ and so forth

405
00:17:31,299 --> 00:17:28,789
and the the writer and the left has put

406
00:17:34,769 --> 00:17:31,309
Project moon dust well it turns out

407
00:17:37,539 --> 00:17:34,779
project moon dust is a project that is

408
00:17:40,420 --> 00:17:37,549
classified but generally it's been

409
00:17:43,630 --> 00:17:40,430
identified as a recovery program to

410
00:17:45,790 --> 00:17:43,640
for any if any vehicle crashes and we'll

411
00:17:48,400 --> 00:17:45,800
go recover it and and of course the

412
00:17:50,350 --> 00:17:48,410
moondust recovery program has allegedly

413
00:17:52,330 --> 00:17:50,360

a top-secret version which is recovering

414

00:17:55,240 --> 00:17:52,340

UFOs as opposed to just ordinary

415

00:17:56,920 --> 00:17:55,250

satellites that are crashing this

416

00:17:59,110 --> 00:17:56,930

particular page is interesting because

417

00:18:01,150 --> 00:17:59,120

it's got one of the original stamps that

418

00:18:03,100 --> 00:18:01,160

blue stamp makes this very authentic

419

00:18:06,520 --> 00:18:03,110

with respect to the Air Force use and

420

00:18:08,260 --> 00:18:06,530

the handwritten information there says

421

00:18:10,390 --> 00:18:08,270

do not withdraw from files personal

422

00:18:13,600 --> 00:18:10,400

notes of Colonel Hayward and the

423

00:18:17,610 --> 00:18:13,610

Hawaiian of ATI CA TCAP BP our UFO

424

00:18:20,500 --> 00:18:17,620

section these are identification of the

425

00:18:24,970 --> 00:18:20,510

organizations at wright-patterson that

426

00:18:28,780 --> 00:18:24,980

dealt with UFOs another interesting one

427

00:18:30,430 --> 00:18:28,790

was a comment in the book that a Harvard

428

00:18:31,480 --> 00:18:30,440

professor is telling his classes he can

429

00:18:34,690 --> 00:18:31,490

prove that there are people in other

430

00:18:35,920 --> 00:18:34,700

planets and one reviewer said was a

431

00:18:38,920 --> 00:18:35,930

highly dubious source of information

432

00:18:41,710 --> 00:18:38,930

Dorothy Kilgallen but the other one says

433

00:18:44,950 --> 00:18:41,720

what is diem doing and here's the

434

00:18:48,480 --> 00:18:44,960

original which shows right here this is

435

00:18:50,500 --> 00:18:48,490

what is diem doing this 1977 egg and

436

00:18:55,030 --> 00:18:50,510

excuse me that's Pitt this is brothers

437

00:18:57,540 --> 00:18:55,040

pencil this is pencil and this is says I

438

00:19:00,010 --> 00:18:57,550

hope diem teeps his big mouth shut so

439

00:19:01,480 --> 00:19:00,020

for those of you who are familiar at all

440

00:19:03,610 --> 00:19:01,490

was the Eisenhower briefing documents

441

00:19:06,580 --> 00:19:03,620

don Menzel was identified as one of the

442

00:19:08,350 --> 00:19:06,590

MJ members 1 through 12 and he was a

443

00:19:11,290 --> 00:19:08,360

professor who wrote three books that

444

00:19:14,590 --> 00:19:11,300

were anti UFO books that tried to

445

00:19:18,220 --> 00:19:14,600

destroy the credibility of cases that

446

00:19:20,740 --> 00:19:18,230

were being discussed the final set of

447

00:19:23,470 --> 00:19:20,750

annotations that impressed me are on

448

00:19:25,960 --> 00:19:23,480

notes apparently by Ben Hayward himself

449

00:19:28,510 --> 00:19:25,970

who was apparently talking to someone

450

00:19:31,930 --> 00:19:28,520

who's the distinguished guy wants to

451

00:19:33,520 --> 00:19:31,940

learn more he talks about NPIC

452

00:19:36,280 --> 00:19:33,530

a national photographic information

453

00:19:37,930 --> 00:19:36,290

center white-hot which is the label for

454

00:19:41,260 --> 00:19:37,940

a set of leaked documents that I have

455

00:19:43,720 --> 00:19:41,270

Blue Room which is allegedly where the

456

00:19:45,760 --> 00:19:43,730

aliens were kept at wright-patt and TS

457

00:19:48,700 --> 00:19:45,770

restricted a classification that has

458

00:19:50,659 --> 00:19:48,710

been denied to be existing and Natan

459

00:19:52,879 --> 00:19:50,669

Vann presumably could be Nathan

460

00:19:57,859 --> 00:19:52,889

you know planning and event in

461

00:20:01,099 --> 00:19:57,869

Vandenberg so anyway the that's the

462

00:20:03,950 --> 00:20:01,109

summary of that particular one document

463

00:20:06,739 --> 00:20:03,960

which has a few notations on the side

464

00:20:10,789 --> 00:20:06,749

which kind of reinforce the credibility

465

00:20:13,970 --> 00:20:10,799

of the existence of a program to study

466

00:20:15,590 --> 00:20:13,980

UFOs by the government but not or not as

467

00:20:17,899 --> 00:20:15,600

much as the one that I'm about to share

468

00:20:21,229 --> 00:20:17,909

with you the next one which was the burn

469

00:20:24,950 --> 00:20:21,239

metal this came from five minutes okay

470

00:20:27,289 --> 00:20:24,960

this came from McLean Virginia postmark

471

00:20:30,200 --> 00:20:27,299

and it was later correlated with a CIA

472

00:20:32,930 --> 00:20:30,210

zip code the pages shows scorch marks

473

00:20:36,560 --> 00:20:32,940

and this is the first page that director

474

00:20:38,840 --> 00:20:36,570

of Central Intelligence mj1 writing 2mj

475

00:20:42,979 --> 00:20:38,850

two through seven as you can see talking

476
00:20:46,249 --> 00:20:42,989
about MJ majestic and jehovah which is

477
00:20:49,129 --> 00:20:46,259
perhaps the real reason for the MJ

478
00:20:51,680 --> 00:20:49,139
abbreviations it also has a signature by

479
00:20:53,720 --> 00:20:51,690
Fritz for JJ angleton James Jesus

480
00:20:56,239 --> 00:20:53,730
angleton who was the guy who ran the

481
00:20:59,299 --> 00:20:56,249
counterintelligence of the CIA for many

482
00:21:02,119 --> 00:20:59,309
years in a parallel organization to

483
00:21:04,970 --> 00:21:02,129
check on the rest of the CIA the cover

484
00:21:07,269 --> 00:21:04,980
note is relevant basically it came from

485
00:21:09,409 --> 00:21:07,279
the leaker who says he's a retired CIA

486
00:21:11,090 --> 00:21:09,419
counterintelligence officer it worked

487
00:21:13,159 --> 00:21:11,100
for angleton and he says this is the

488
00:21:19,190 --> 00:21:13,169

last piece of paper that connects mj-12

489

00:21:21,049 --> 00:21:19,200

with JFK's murder and he it also says

490

00:21:22,310 --> 00:21:21,059

that that at the time is fast

491

00:21:24,109 --> 00:21:22,320

approaching when the files of the

492

00:21:26,090 --> 00:21:24,119

majestic Jehovah project will be pried

493

00:21:26,659 --> 00:21:26,100

loose to the public's right to know will

494

00:21:29,450 --> 00:21:26,669

begin

495

00:21:31,849 --> 00:21:29,460

celina is a person who's a secretary for

496

00:21:33,109 --> 00:21:31,859

the CIA we also have a leak from the

497

00:21:36,289 --> 00:21:33,119

claim they've been keeping the UFO

498

00:21:39,019 --> 00:21:36,299

community busy and in some way you don't

499

00:21:40,940 --> 00:21:39,029

know hi these are the eight tabs that

500

00:21:43,580 --> 00:21:40,950

are associated with this and I just got

501
00:21:46,940 --> 00:21:43,590
a slide on each one of these tabs but

502
00:21:50,840 --> 00:21:46,950
there the first page summarizes the

503
00:21:53,539 --> 00:21:50,850
situation that we have that JFK was

504
00:21:56,690 --> 00:21:53,549
known as Lancer at the time and Lancer

505
00:21:59,779 --> 00:21:56,700
was inquiring about activities which we

506
00:22:02,479 --> 00:21:59,789
cannot allow namely he was asking more

507
00:22:03,830 --> 00:22:02,489
about the UFO program our deadline for

508
00:22:06,919 --> 00:22:03,840
decision

509
00:22:10,330 --> 00:22:06,929
jae-won allan dulles wanted to have the

510
00:22:13,820 --> 00:22:10,340
other MJ members decide and agree with

511
00:22:16,760 --> 00:22:13,830
his proposed ground rules which are the

512
00:22:20,120 --> 00:22:16,770
following eight slides first what

513
00:22:22,490 --> 00:22:20,130

happens if the president asks about UFOs

514

00:22:24,140 --> 00:22:22,500

well how why is he asking declare that

515

00:22:27,289 --> 00:22:24,150

it's not a security threat we'll come to

516

00:22:30,470 --> 00:22:27,299

that in just a moment on the keep the

517

00:22:32,570 --> 00:22:30,480

FBI included just enough to so they can

518

00:22:34,430 --> 00:22:32,580

keep the secret and the instruction was

519

00:22:37,279 --> 00:22:34,440

keep our spies or backchannels they're

520

00:22:39,500 --> 00:22:37,289

in place so that we know what the FBI is

521

00:22:41,659 --> 00:22:39,510

thinking the intent of the second third

522

00:22:44,330 --> 00:22:41,669

tab was to say that DoD air security

523

00:22:47,419 --> 00:22:44,340

does not apply to MJ except in the case

524

00:22:50,480 --> 00:22:47,429

of a couple of sub one subcommittee by

525

00:22:52,310 --> 00:22:50,490

the National Security Council 54:12 and

526

00:22:55,450 --> 00:22:52,320

some special classified executive orders

527

00:23:01,549 --> 00:22:55,460

which some people claim don't even exist

528

00:23:03,289 --> 00:23:01,559

the attentive Tab D was to define Blue

529

00:23:08,840 --> 00:23:03,299

Book as in the National Intelligence

530

00:23:13,639 --> 00:23:08,850

Estimate and proceed with its role which

531

00:23:16,639 --> 00:23:13,649

was to discredit credibility and if

532

00:23:20,110 --> 00:23:16,649

anybody asks any Congress supreme court

533

00:23:22,610 --> 00:23:20,120

whoever asks even if they're authorized

534

00:23:24,049 --> 00:23:22,620

even if a pretty high ranking tell them

535

00:23:27,019 --> 00:23:24,059

that we won't tell them anything about

536

00:23:28,460 --> 00:23:27,029

the program at end of tab F was on

537

00:23:30,159 --> 00:23:28,470

psychological operations one of the

538

00:23:32,450 --> 00:23:30,169

things that has impressed me is the

539

00:23:34,159 --> 00:23:32,460

enormous emphasis that was placed in the

540

00:23:36,620 --> 00:23:34,169

UFO leaked documents that I have on

541

00:23:38,779 --> 00:23:36,630

psychological operations to make sure

542

00:23:40,970 --> 00:23:38,789

that we have a sophisticated set of

543

00:23:44,870 --> 00:23:40,980

cover stories so that the public really

544

00:23:47,060 --> 00:23:44,880

never grasps what's going on and finally

545

00:23:49,100 --> 00:23:47,070

not finally but the next last is the

546

00:23:52,430 --> 00:23:49,110

tentative Tab G was concerning

547

00:23:54,860 --> 00:23:52,440

biological warfare and presumably the

548

00:23:56,360 --> 00:23:54,870

problem is alien pathogens when they

549

00:23:57,740 --> 00:23:56,370

have a program called spike and

550

00:24:00,680 --> 00:23:57,750

housecleaning that's already in place

551
00:24:04,399 --> 00:24:00,690
but they have a plan for backup using

552
00:24:06,860 --> 00:24:04,409
MKULTRA and MKULTRA as some of you may

553
00:24:10,130 --> 00:24:06,870
know was an illegal unethical program

554
00:24:13,340 --> 00:24:10,140
for mind-control using chemicals of the

555
00:24:14,779 --> 00:24:13,350
day plus other programs called artichoke

556
00:24:17,000 --> 00:24:14,789
and domestic what we don't know what

557
00:24:19,280 --> 00:24:17,010
they are and finally the

558
00:24:20,930 --> 00:24:19,290
here was it if it looks like we're going

559
00:24:24,020 --> 00:24:20,940
to lose our group and get no more money

560
00:24:26,810 --> 00:24:24,030
then we ought to try assassin a shoe and

561
00:24:28,610 --> 00:24:26,820
if you look at these words here it

562
00:24:30,950 --> 00:24:28,620
basically says at the bottom if the

563
00:24:33,220 --> 00:24:30,960

weather is lacking any precipitation it

564

00:24:36,110 --> 00:24:33,230

should be wet and what that is is

565

00:24:37,700 --> 00:24:36,120

commonly known to be as wet is a code

566

00:24:40,550 --> 00:24:37,710

word for assassination in the criminal

567

00:24:42,770 --> 00:24:40,560

world so basically this is an

568

00:24:47,210 --> 00:24:42,780

authorization in principle to

569

00:24:49,640 --> 00:24:47,220

assassinate JFK and so I'll have another

570

00:24:52,640 --> 00:24:49,650

20 seconds of conclusions here and that

571

00:24:53,990 --> 00:24:52,650

is that I think the original paper and

572

00:24:55,760 --> 00:24:54,000

ink dating essentially rules out of

573

00:24:57,560 --> 00:24:55,770

modern hoax for these two documents if

574

00:24:58,130 --> 00:24:57,570

there was a hoax that was done then not

575

00:25:01,910 --> 00:24:58,140

now

576

00:25:04,010 --> 00:25:01,920

the bow and marginalia strongly suggests

577

00:25:07,100 --> 00:25:04,020

that a mj-12 program existed and the

578

00:25:09,140 --> 00:25:07,110

Byrne memo shows issues between JFK and

579

00:25:11,840 --> 00:25:09,150

mj-12 and reinforces the existence of

580

00:25:15,290 --> 00:25:11,850

CIA covert UFO projects buried in the

581

00:25:23,840 --> 00:25:15,300

counterintelligence world and so how

582

00:25:28,360 --> 00:25:23,850

about that Courtney I think you're

583

00:25:37,880 --> 00:25:31,460

yeah who would like to ask questions we

584

00:25:40,220 --> 00:25:37,890

have five minutes Oh Brenda needs to

585

00:25:48,280 --> 00:25:40,230

make a short announcement first where's

586

00:26:05,000 --> 00:25:54,620

it does appear almost convincing the

587

00:26:08,690 --> 00:26:05,010

burden memo something like this it has

588

00:26:10,310 --> 00:26:08,700

such an explosive import that it would

589

00:26:13,760 --> 00:26:10,320

seem to me that it could have been

590

00:26:16,460 --> 00:26:13,770

hoaxed by some extremely devilishly

591

00:26:20,870 --> 00:26:16,470

clever hoaxers they could have obtained

592

00:26:25,580 --> 00:26:20,880

old paper and old ink and created a very

593

00:26:27,950 --> 00:26:25,590

convincing fake isn't that possible well

594

00:26:29,670 --> 00:26:27,960

it's always possible to imagine a

595

00:26:31,620 --> 00:26:29,680

scenario where there

596

00:26:33,510 --> 00:26:31,630

there is a hoax situation but the

597

00:26:35,070 --> 00:26:33,520

question is what is the probability of

598

00:26:37,290 --> 00:26:35,080

that hypothesis being correct that's

599

00:26:39,390 --> 00:26:37,300

what the SSA typically does is is list

600

00:26:41,190 --> 00:26:39,400

the different hypotheses and select the

601
00:26:42,500 --> 00:26:41,200
one that's most reasonable yes that

602
00:26:52,290 --> 00:26:42,510
should be on the list of hypotheses

603
00:26:55,380 --> 00:26:52,300
whose Ennis was in New York I have to

604
00:26:59,520 --> 00:26:55,390
admit that what strains credibility for

605
00:27:01,860 --> 00:26:59,530
me the most in this is the amazingly

606
00:27:05,970 --> 00:27:01,870
variable level of competence and

607
00:27:08,220 --> 00:27:05,980
dedication involved I mean if a rogue US

608
00:27:10,950 --> 00:27:08,230
government agency had enough clout in

609
00:27:12,630 --> 00:27:10,960
enough secrecy to arrange the

610
00:27:16,200 --> 00:27:12,640
assassination of a president who is

611
00:27:18,540 --> 00:27:16,210
getting too close to the truth why have

612
00:27:20,930 --> 00:27:18,550
not you for example with all of these

613
00:27:24,360 --> 00:27:20,940

leaked classified documents in your

614

00:27:28,380 --> 00:27:24,370

possession not quietly been disappeared

615

00:27:32,040 --> 00:27:28,390

oh 10 years ago or so well that's a fair

616

00:27:34,500 --> 00:27:32,050

question actually I feel that the

617

00:27:36,780 --> 00:27:34,510

documents are very important I keep them

618

00:27:39,440 --> 00:27:36,790

you know locked up pretty securely now

619

00:27:42,090 --> 00:27:39,450

however this is the first time I've

620

00:27:44,580 --> 00:27:42,100

exposed this level of detail and that

621

00:27:46,350 --> 00:27:44,590

document to any audience so I don't

622

00:27:48,660 --> 00:27:46,360

think I've ever stated before that that

623

00:27:49,860 --> 00:27:48,670

document clearly links mj-12 with the

624

00:27:53,340 --> 00:27:49,870

Kennedy assassination

625

00:27:55,440 --> 00:27:53,350

so however I've enjoyed life and if I

626
00:28:00,120 --> 00:27:55,450
get assassinated way that's the breaks I

627
00:28:00,450 --> 00:28:00,130
have had a lot of fun Bob is this thing

628
00:28:10,500 --> 00:28:00,460
on

629
00:28:12,240 --> 00:28:10,510
able to determine through your talks

630
00:28:14,700 --> 00:28:12,250
with him what happened to any of the

631
00:28:16,770 --> 00:28:14,710
other research or papers that Vernon

632
00:28:17,790 --> 00:28:16,780
Bowen has if it has been preserved

633
00:28:20,850 --> 00:28:17,800
because thank you that's an excellent

634
00:28:22,110 --> 00:28:20,860
question because as soon as I found out

635
00:28:23,910 --> 00:28:22,120
that he was willing to be friendly and

636
00:28:25,860 --> 00:28:23,920
cooperative I said well hey I got lots

637
00:28:27,630 --> 00:28:25,870
of reasons to come to New York City

638
00:28:31,320 --> 00:28:27,640

because my sister lives there is she

639

00:28:33,510 --> 00:28:31,330

sitting in the audience too and so I

640

00:28:35,430 --> 00:28:33,520

said is it okay for me to come and let's

641

00:28:37,380 --> 00:28:35,440

look and your father's files and so he

642

00:28:38,970 --> 00:28:37,390

said sure so actually we went over to a

643

00:28:40,920 --> 00:28:38,980

second house crawled up into the attic

644

00:28:42,780 --> 00:28:40,930

and open up the doors to all of his

645

00:28:43,410 --> 00:28:42,790

father's files and we found a few

646

00:28:48,200 --> 00:28:43,420

additional

647

00:28:51,720 --> 00:28:48,210

papers from what he had but there was no

648

00:28:55,020 --> 00:28:51,730

there was nothing that was really the

649

00:28:56,310 --> 00:28:55,030

earth-shattering result but thank you

650

00:28:59,250 --> 00:28:56,320

that's a good question

651
00:29:03,000 --> 00:28:59,260
you have been reported that the

652
00:29:05,520 --> 00:29:03,010
astronaut saw some object on the moon

653
00:29:07,890 --> 00:29:05,530
did you ever interview the astronauts

654
00:29:14,730 --> 00:29:07,900
because you make no mention of that kind

655
00:29:16,230 --> 00:29:14,740
of a sauce okay well I do I do know ed

656
00:29:18,450 --> 00:29:16,240
Mitchell a little bit in fact he's

657
00:29:23,340 --> 00:29:18,460
participate I think in SSE meetings but

658
00:29:25,680 --> 00:29:23,350
one of the things that you find in in a

659
00:29:27,990 --> 00:29:25,690
discipline like ufology it is so broad

660
00:29:30,720 --> 00:29:28,000
that you wind up having to specialize

661
00:29:33,750 --> 00:29:30,730
and so I specialize in documents if

662
00:29:35,760 --> 00:29:33,760
somebody were to tell me what they saw

663
00:29:37,920 --> 00:29:35,770

last night I would find somebody else to

664

00:29:40,410 --> 00:29:37,930

go examine it in fact the mutual UFO

665

00:29:42,480 --> 00:29:40,420

network as a whole arsenal of people who

666

00:29:49,440 --> 00:29:42,490

go out and and follow up on reports

667

00:29:51,090 --> 00:29:49,450

including reports from astronauts oh yes

668

00:29:52,860 --> 00:29:51,100

oh absolutely

669

00:29:54,330 --> 00:29:52,870

astronauts are wonderful but that's not

670

00:29:56,580 --> 00:29:54,340

the thing that I do and I've I've never

671

00:29:58,200 --> 00:29:56,590

tried to interview people it's not my

672

00:30:02,040 --> 00:29:58,210

specialty

673

00:30:05,130 --> 00:30:02,050

how well-documented is the information

674

00:30:08,460 --> 00:30:05,140

presented in Phillip Corsos book I think

675

00:30:14,480 --> 00:30:08,470

it's what Roswell revisited good

676

00:30:17,790 --> 00:30:14,490

question how the I gave a whole talk on

677

00:30:22,040 --> 00:30:17,800

to of course those look and feel course

678

00:30:25,230 --> 00:30:22,050

so at at one time and my recollection of

679

00:30:28,320 --> 00:30:25,240

what I said and what I think now is that

680

00:30:30,830 --> 00:30:28,330

when Phil Corso states specifically that

681

00:30:33,600 --> 00:30:30,840

he did something he's probably

682

00:30:37,230 --> 00:30:33,610

accurately stating that when he states

683

00:30:39,210 --> 00:30:37,240

that someone else did something like we

684

00:30:42,000 --> 00:30:39,220

reverse-engineer this but he never saw

685

00:30:44,340 --> 00:30:42,010

it then I'd say he might be susceptible

686

00:30:47,400 --> 00:30:44,350

to exaggeration and/or speculation I

687

00:30:49,020 --> 00:30:47,410

don't know it's possible that John

688

00:30:51,930 --> 00:30:49,030

Alexander may comment on that on that

689

00:30:53,250 --> 00:30:51,940
point but I think when he stated

690

00:30:55,890 --> 00:30:53,260
something that he

691

00:30:58,380 --> 00:30:55,900
himself I think he was an honest man and

692

00:31:01,500 --> 00:30:58,390
I think he was stating it what he what

693

00:31:03,480 --> 00:31:01,510
he did whether what he stated about

694

00:31:05,040 --> 00:31:03,490
other people is more questionable okay

695

00:31:08,190 --> 00:31:05,050
we have just one more question I'm sorry

696

00:31:11,180 --> 00:31:08,200
I may be a technical question on the

697

00:31:13,170 --> 00:31:11,190
borne document but I'm a bit puzzled why

698

00:31:14,820 --> 00:31:13,180
for a document that parently were

699

00:31:17,580 --> 00:31:14,830
preserved pretty high up in the Air

700

00:31:19,950 --> 00:31:17,590
Force hierarchy ends up being released

701
00:31:21,480 --> 00:31:19,960
by the Fort Meade for your office that

702
00:31:24,810 --> 00:31:21,490
doesn't make much sense to me well I'm

703
00:31:26,340 --> 00:31:24,820
I'm agreed with that question too if you

704
00:31:29,400 --> 00:31:26,350
want me to speculate on the answer

705
00:31:32,100 --> 00:31:29,410
briefly this document was clearly given

706
00:31:34,050 --> 00:31:32,110
to the Air Force for evaluation and and

707
00:31:35,610 --> 00:31:34,060
was evaluated at the classified level

708
00:31:37,410 --> 00:31:35,620
but there was nothing there

709
00:31:39,120 --> 00:31:37,420
there was nothing important and so they

710
00:31:40,770 --> 00:31:39,130
stuck it in a file and here he is in a

711
00:31:42,930 --> 00:31:40,780
top-secret file well it's not easy to

712
00:31:45,000 --> 00:31:42,940
declassify it and I think frankly the

713
00:31:47,130 --> 00:31:45,010

guys who are in charge of the that

714

00:31:49,320 --> 00:31:47,140

particular file didn't know what to do

715

00:31:51,750 --> 00:31:49,330

with it but they did follow the subject

716

00:31:54,360 --> 00:31:51,760

enough said well he knew this guy Tim

717

00:31:56,490 --> 00:31:54,370

Cooper was receiving leaked documents

718

00:31:58,200 --> 00:31:56,500

let's mail it to him and so I think it

719

00:31:59,940 --> 00:31:58,210

was as simple as that they stuck it in

720

00:32:01,380 --> 00:31:59,950

the envelope there was no transmittal

721

00:32:07,130 --> 00:32:01,390

letter they got it out of their files

722

00:32:12,920 --> 00:32:07,140

they didn't have to account for it okay

723

00:32:19,980 --> 00:32:16,140

I'm new to this and so I'm looking at it

724

00:32:22,550 --> 00:32:19,990

from a perspective of trying to really

725

00:32:25,890 --> 00:32:22,560

the previous speaker talked about

726

00:32:28,770 --> 00:32:25,900

leaving the observation and questioning

727

00:32:30,780 --> 00:32:28,780

the explanation yes when I look at what

728

00:32:32,310 --> 00:32:30,790

you presented I'd seems very credible to

729

00:32:33,630 --> 00:32:32,320

me that these are real documents and

730

00:32:37,620 --> 00:32:33,640

that these are real statements that were

731

00:32:38,970 --> 00:32:37,630

made my impression is that my first

732

00:32:42,470 --> 00:32:38,980

impression is that well why couldn't

733

00:32:44,370 --> 00:32:42,480

this be evidence of a black ops

734

00:32:46,530 --> 00:32:44,380

operation in the government which we

735

00:32:50,820 --> 00:32:46,540

know exists we know that they go through

736

00:32:52,530 --> 00:32:50,830

a great deal of effort to do a lot of

737

00:32:56,220 --> 00:32:52,540

black ops experimentation and

738

00:32:58,980 --> 00:32:56,230

development and the explanation would be

739

00:33:00,540 --> 00:32:58,990

therefore the relationship with JFK if

740

00:33:02,820 --> 00:33:00,550

someone and especially when you

741

00:33:05,200 --> 00:33:02,830

mentioned funding that's one of the

742

00:33:10,100 --> 00:33:05,210

greatest motivations for

743

00:33:11,210 --> 00:33:10,110

concern the does that exclamation fit

744

00:33:15,320 --> 00:33:11,220

with your evidence or have you

745

00:33:18,830 --> 00:33:15,330

considered that the question is what I'm

746

00:33:21,650 --> 00:33:18,840

sorry list of there's black operations

747

00:33:23,750 --> 00:33:21,660

explained well this is clearly a black

748

00:33:25,190 --> 00:33:23,760

operation that was so black that none of

749

00:33:26,750 --> 00:33:25,200

the other black operations knew about it

750

00:33:28,310 --> 00:33:26,760

and that was the whole point there was

751

00:33:31,250 --> 00:33:28,320

just one place that was really

752

00:33:33,380 --> 00:33:31,260

controlling this program and the other

753

00:33:35,150 --> 00:33:33,390

the other people who were cleared for

754

00:33:37,430 --> 00:33:35,160

top secret code word were basically
