

THE STRATEGIC DEFENSE INITIATIVE
"STAR WARS"

Lt.Gen. Jim Abrahamson

1
00:00:07,909 --> 00:00:02,600
see and I think you'll learn a lot about

2
00:00:09,580 --> 00:00:07,919
me as we go along here it's got to be

3
00:00:15,740 --> 00:00:09,590
diametrically different from what you

4
00:00:17,689 --> 00:00:15,750
certainly just heard you want to know

5
00:00:21,859 --> 00:00:17,699
who I am and what I do this is what

6
00:00:23,300 --> 00:00:21,869
folks think if you want to play in this

7
00:00:25,040 --> 00:00:23,310
arena that by the way there's about two

8
00:00:27,349 --> 00:00:25,050
hours in about 15 minutes so it's going

9
00:00:28,670 --> 00:00:27,359
to really go fast if you want to play in

10
00:00:30,080 --> 00:00:28,680
this arena there's a couple things you

11
00:00:31,970 --> 00:00:30,090
better have a sense of humor you better

12
00:00:34,130 --> 00:00:31,980
have a j-job because not much if it pays

13
00:00:36,139 --> 00:00:34,140

and you also better understand

14

00:00:41,660 --> 00:00:36,149

conspiracy theory because you're part of

15

00:00:43,069 --> 00:00:41,670

it by UFO by definition UFOs must exist

16

00:00:45,350 --> 00:00:43,079

that doesn't say anything about what

17

00:00:47,180 --> 00:00:45,360

they are and the evidence supporting

18

00:00:50,029 --> 00:00:47,190

physical reality is simply overwhelming

19

00:00:52,010 --> 00:00:50,039

I have good news and bad news the good

20

00:00:54,139 --> 00:00:52,020

news is the government has been telling

21

00:00:56,330 --> 00:00:54,149

you the truth about your UFOs

22

00:00:59,569 --> 00:00:56,340

doesn't include the Roswell reports

23

00:01:02,060 --> 00:00:59,579

however bad news is government's been

24

00:01:04,609 --> 00:01:02,070

telling you the truth about UFOs they

25

00:01:08,179 --> 00:01:04,619

simply don't care I'm going to get to a

26

00:01:10,370 --> 00:01:08,189

lot of that in a minute you look out it

27

00:01:12,170 --> 00:01:10,380

says y'all share the Pentagon says let's

28

00:01:13,969 --> 00:01:12,180

understand the Pentagon doesn't say

29

00:01:16,490 --> 00:01:13,979

anything the Pentagon is a big building

30

00:01:18,649 --> 00:01:16,500

has lots of people that has a wide

31

00:01:21,710 --> 00:01:18,659

variety of opinions so when you hear the

32

00:01:24,109 --> 00:01:21,720

Pentagon says just delete it want to

33

00:01:27,410 --> 00:01:24,119

address the Condon report right here on

34

00:01:30,200 --> 00:01:27,420

a Colorado this was extremely damaging

35

00:01:32,240 --> 00:01:30,210

to this very day problem was that

36

00:01:34,520 --> 00:01:32,250

actually Condon was right because the

37

00:01:37,940 --> 00:01:34,530

question to him was not are there a UFOs

38

00:01:40,340 --> 00:01:37,950

it is is there a threat 50 years past no

39

00:01:42,520 --> 00:01:40,350

threat no attack but he didn't

40

00:01:47,120 --> 00:01:42,530

participate he wrote the summary

41

00:01:49,310 --> 00:01:47,130

recommendations and conclusions and it

42

00:01:51,289 --> 00:01:49,320

got if you read the report the

43

00:01:54,609 --> 00:01:51,299

conclusions are inconsistent with a body

44

00:01:58,100 --> 00:01:54,619

of the report which says UFOs are real

45

00:02:00,440 --> 00:01:58,110

however what this dad was made the

46

00:02:02,660 --> 00:02:00,450

scientific community believe to this day

47

00:02:04,730 --> 00:02:02,670

that UFOs have been thoroughly

48

00:02:06,230 --> 00:02:04,740

investigated and what happens is this

49

00:02:09,199 --> 00:02:06,240

this is an example of a couple of

50

00:02:11,600 --> 00:02:09,209

reports these are from a scientific

51
00:02:13,490 --> 00:02:11,610
American Board of Atomic Scientists ad

52
00:02:15,770 --> 00:02:13,500
hominem attacks on me and the

53
00:02:17,510 --> 00:02:15,780
interesting thing is the topic was my

54
00:02:20,420 --> 00:02:17,520
work at los alamos our non-lethal

55
00:02:23,240 --> 00:02:20,430
weapons but because of association with

56
00:02:25,550 --> 00:02:23,250
this field chose to attack biggest

57
00:02:27,710 --> 00:02:25,560
problems are this people simply don't

58
00:02:30,050 --> 00:02:27,720
understand how big systems work and how

59
00:02:32,150 --> 00:02:30,060
the government systems work total lack

60
00:02:33,500 --> 00:02:32,160
of critical thinking they usually go

61
00:02:36,040 --> 00:02:33,510
into the whole thing on earth go fusion

62
00:02:38,449 --> 00:02:36,050
here I haven't got it but the the

63
00:02:40,910 --> 00:02:38,459

biggest issue is you have a lot of

64

00:02:43,190 --> 00:02:40,920

people or I should say a small number of

65

00:02:45,380 --> 00:02:43,200

people vitally interested in UFOs I

66

00:02:47,180 --> 00:02:45,390

think it's terribly interesting but

67

00:02:51,440 --> 00:02:47,190

they're simply not important - most

68

00:02:53,030 --> 00:02:51,450

people need to understand how large

69

00:02:54,410 --> 00:02:53,040

institutions work thinking when you're

70

00:02:56,630 --> 00:02:54,420

going to be talking about what goes on

71

00:02:59,360 --> 00:02:56,640

in the government they exist to serve

72

00:03:01,340 --> 00:02:59,370

themselves their real base they have

73

00:03:04,210 --> 00:03:01,350

priorities priority number one's

74

00:03:06,710 --> 00:03:04,220

retaining power remember the golden rule

75

00:03:08,810 --> 00:03:06,720

but there's an important thing when you

76

00:03:11,540 --> 00:03:08,820

remember for the u.s. government

77

00:03:14,540 --> 00:03:11,550

there is no Department of good ideas

78

00:03:17,330 --> 00:03:14,550

every department has things to do the

79

00:03:19,970 --> 00:03:17,340

UFO community thinks if UFOs there

80

00:03:21,470 --> 00:03:19,980

fortunately I'll do it frankly there's

81

00:03:25,220 --> 00:03:21,480

nobody out there with that mission

82

00:03:28,370 --> 00:03:25,230

probably should be but the Ergo fusion

83

00:03:30,800 --> 00:03:28,380

that UFOs do not necessarily equal the a

84

00:03:33,289 --> 00:03:30,810

t-bob address that something there but

85

00:03:35,840 --> 00:03:33,299

there's a whole host of things where the

86

00:03:40,550 --> 00:03:35,850

community makes big leaps an assumption

87

00:03:42,890 --> 00:03:40,560

about if this therefore what it means

88

00:03:45,289 --> 00:03:42,900

here's one of the most important one is

89

00:03:46,880 --> 00:03:45,299

at the bottom there are a lot of people

90

00:03:49,940 --> 00:03:46,890

in the government interested in the

91

00:03:52,660 --> 00:03:49,950

topic that does not repeat does not

92

00:03:56,539 --> 00:03:52,670

translate to official institutional

93

00:03:58,550 --> 00:03:56,549

interest now in the conspiracy realm all

94

00:04:00,560 --> 00:03:58,560

come back to this there's a whole host

95

00:04:03,380 --> 00:04:00,570

of folks to talk about unacknowledged

96

00:04:06,560 --> 00:04:03,390

special access program talking about are

97

00:04:09,650 --> 00:04:06,570

the alien re-engineered reproduction

98

00:04:12,500 --> 00:04:09,660

vehicles we talked about huge amounts of

99

00:04:14,810 --> 00:04:12,510

money going off to some to them whoever

100

00:04:17,750 --> 00:04:14,820

them are I've heard as high as a

101
00:04:20,360 --> 00:04:17,760
trillion dollars anybody who says that

102
00:04:23,960 --> 00:04:20,370
kind of money has is totally without

103
00:04:26,180 --> 00:04:23,970
oversight from either the executive or

104
00:04:26,930 --> 00:04:26,190
the legislative branch simply doesn't

105
00:04:29,210 --> 00:04:26,940
know

106
00:04:30,980 --> 00:04:29,220
the US government works they certainly

107
00:04:32,840 --> 00:04:30,990
don't know much about the black budgets

108
00:04:37,520 --> 00:04:32,850
because we've been in there they are

109
00:04:41,000 --> 00:04:37,530
fiercely are competitive now you want

110
00:04:43,430 --> 00:04:41,010
proof that our does not exist this is it

111
00:04:45,800 --> 00:04:43,440
because ours is not about little widgets

112
00:04:48,020 --> 00:04:45,810
flying around it's about energy if we

113
00:04:50,270 --> 00:04:48,030

had alternative energy sources if you

114

00:04:53,180 --> 00:04:50,280

wouldn't see this if you believe this

115

00:04:55,370 --> 00:04:53,190

you got to believe that there's a bunch

116

00:04:57,350 --> 00:04:55,380

of dastardly bastards out there who are

117

00:04:59,270 --> 00:04:57,360

willing to self-immolate and bring down

118

00:05:02,750 --> 00:04:59,280

the rest earn world just to keep this

119

00:05:05,000 --> 00:05:02,760

secret Corsican under we had the

120

00:05:07,460 --> 00:05:05,010

question Iran and Phil Corso we knew

121

00:05:12,080 --> 00:05:07,470

about Phil years before a year after or

122

00:05:14,960 --> 00:05:12,090

the day after Roswell bottom line is

123

00:05:19,430 --> 00:05:14,970

this none of the technology claims are

124

00:05:21,740 --> 00:05:19,440

real check them in in great detail nice

125

00:05:25,670 --> 00:05:21,750

guy it was in a number of the place is

126

00:05:29,150 --> 00:05:25,680

greatly inflated CV but the technology

127

00:05:32,540 --> 00:05:29,160

simply not real what what I did do is

128

00:05:34,940 --> 00:05:32,550

when I was in on active duty created the

129

00:05:37,630 --> 00:05:34,950

advanced theoretical physics group was

130

00:05:40,010 --> 00:05:37,640

made up by reps from all the services

131

00:05:44,780 --> 00:05:40,020

throughout the intelligence community

132

00:05:47,270 --> 00:05:44,790

and the aerospace industry we looked at

133

00:05:49,010 --> 00:05:47,280

a whole range of things this is a lot of

134

00:05:51,290 --> 00:05:49,020

this is from the original briefings that

135

00:05:54,290 --> 00:05:51,300

came out a number years ago are going in

136

00:05:56,780 --> 00:05:54,300

scenario was Raiders of the Lost Ark

137

00:05:58,820 --> 00:05:56,790

something crashed had it looked at it

138

00:06:02,090 --> 00:05:58,830

couldn't figure it out took it out to

139

00:06:04,490 --> 00:06:02,100

Suitland and buried it or not not to be

140

00:06:08,240 --> 00:06:04,500

true had briefings this is what we said

141

00:06:11,030 --> 00:06:08,250

now time frame on this is mid 80s okay

142

00:06:14,240 --> 00:06:11,040

so we're talking 20 years ago Soviets of

143

00:06:16,220 --> 00:06:14,250

course bad in the bad old days we said a

144

00:06:17,990 --> 00:06:16,230

lot of stuff we could learn if we

145

00:06:19,940 --> 00:06:18,000

understood it and here's the problem

146

00:06:23,120 --> 00:06:19,950

don't know whether they exist or not we

147

00:06:25,310 --> 00:06:23,130

can't tell that is a problem here are

148

00:06:28,340 --> 00:06:25,320

some of the technologies you know rapid

149

00:06:31,390 --> 00:06:28,350

acceleration high G turns whole host of

150

00:06:34,190 --> 00:06:31,400

Technology is clearly demonstrated

151
00:06:35,900 --> 00:06:34,200
eyewitness reports scientific community

152
00:06:38,600 --> 00:06:35,910
believes these are fleeting things in

153
00:06:40,770 --> 00:06:38,610
the night scene once not necessarily

154
00:06:44,520 --> 00:06:40,780
true they sometime recur for

155
00:06:46,920 --> 00:06:44,530
days months even years witnesses in the

156
00:06:50,730 --> 00:06:46,930
thousands of time some of them will talk

157
00:06:52,860 --> 00:06:50,740
about one it says touched in highly

158
00:06:54,060 --> 00:06:52,870
credible lots and lots of physical

159
00:06:56,370 --> 00:06:54,070
evidence they say there's no physical

160
00:06:58,290 --> 00:06:56,380
evidence when they say that simply don't

161
00:07:00,780 --> 00:06:58,300
know all of the physical evidence that's

162
00:07:03,450 --> 00:07:00,790
available we're going to a few of the

163
00:07:05,640 --> 00:07:03,460

cases here now the are b-47 case was

164

00:07:08,400 --> 00:07:05,650

interesting about this take away this

165

00:07:11,430 --> 00:07:08,410

took place over 90 minutes

166

00:07:13,050 --> 00:07:11,440

multiple radars was investigated by

167

00:07:15,560 --> 00:07:13,060

triple-a yes put out a very interesting

168

00:07:18,720 --> 00:07:15,570

story comes out definitely real

169

00:07:20,610 --> 00:07:18,730

satellites do see them this is the DSP

170

00:07:24,270 --> 00:07:20,620

satellite geosynchronous orbit meaning

171

00:07:26,970 --> 00:07:24,280

is very very cold at slight line coming

172

00:07:29,760 --> 00:07:26,980

down here that's something very warm

173

00:07:32,550 --> 00:07:29,770

passing by the satellite very close up

174

00:07:34,620 --> 00:07:32,560

satellites do see them I was in NORAD

175

00:07:36,300 --> 00:07:34,630

headquarters just on the way in the

176

00:07:38,610 --> 00:07:36,310

early 80s so I thought I'd be a smartass

177

00:07:40,110 --> 00:07:38,620

ask the question do you ever get very

178

00:07:42,409 --> 00:07:40,120

fascinating their response

179

00:07:45,659 --> 00:07:42,419

you mean UFOs the answer is yes that

180

00:07:48,960 --> 00:07:45,669

7000 number was good as about the

181

00:07:52,590 --> 00:07:48,970

mid-80s so the answer is systems do pick

182

00:07:55,500 --> 00:07:52,600

them up they do come in a cash Landrum

183

00:07:58,730 --> 00:07:55,510

case throw this in because absolutely

184

00:08:02,040 --> 00:07:58,740

real to mérida boys severely irradiated

185

00:08:03,690 --> 00:08:02,050

and you know we actually got sued over

186

00:08:05,340 --> 00:08:03,700

it was a whole long story John

187

00:08:07,830 --> 00:08:05,350

Schuessler actually has written a book

188

00:08:10,469 --> 00:08:07,840

on this topic I will argue that the

189

00:08:13,290 --> 00:08:10,479

helicopters weren't there

190

00:08:16,560 --> 00:08:13,300

Jil flight another good one multiple

191

00:08:19,580 --> 00:08:16,570

radar seeing at Elmendorf has it the

192

00:08:22,920 --> 00:08:19,590

other one probably called retain less of

193

00:08:26,719 --> 00:08:22,930

hard evidence multiple sensors different

194

00:08:29,460 --> 00:08:26,729

locations seeing something's really big

195

00:08:32,250 --> 00:08:29,470

Gulf Breeze Gulf Breeze is interesting

196

00:08:35,100 --> 00:08:32,260

one of our members Bruce Maccabee has

197

00:08:38,040 --> 00:08:35,110

written extensively on this been down

198

00:08:40,920 --> 00:08:38,050

there and point as this one went on for

199

00:08:44,310 --> 00:08:40,930

years years lots and lots of people

200

00:08:46,920 --> 00:08:44,320

seeing the evidence Iranian case back to

201
00:08:51,600 --> 00:08:46,930
one of significance for from a military

202
00:08:54,269 --> 00:08:51,610
perspective you got a big aircraft there

203
00:08:56,369 --> 00:08:54,279
send up the F

204
00:09:00,449 --> 00:08:56,379
Forrest intercept turned off the

205
00:09:02,249 --> 00:09:00,459
communication turned off the missile

206
00:09:03,720 --> 00:09:02,259
systems with centrist sayings that shut

207
00:09:04,170 --> 00:09:03,730
them down now I know how to shut him

208
00:09:06,030 --> 00:09:04,180
down

209
00:09:07,379 --> 00:09:06,040
but as they turn and came back out

210
00:09:11,129 --> 00:09:07,389
turned them back on again

211
00:09:12,929 --> 00:09:11,139
that's much tougher to do what's

212
00:09:16,619 --> 00:09:12,939
interesting about this case another one

213
00:09:18,749 --> 00:09:16,629

that went on for about three hours but

214

00:09:21,420 --> 00:09:18,759

the point here the difference is notice

215

00:09:25,170 --> 00:09:21,430

that Air Minister went public and said

216

00:09:28,230 --> 00:09:25,180

yea verily this happened missile

217

00:09:30,929 --> 00:09:28,240

failures another classic one of

218

00:09:33,090 --> 00:09:30,939

importance to the military

219

00:09:34,980 --> 00:09:33,100

what's important is particularly the one

220

00:09:37,889 --> 00:09:34,990

here we say Oscar cited six to eight

221

00:09:41,069 --> 00:09:37,899

they got a reports of a UFO hovering at

222

00:09:43,410 --> 00:09:41,079

the time of the report itself find out

223

00:09:45,299 --> 00:09:43,420

that echo sites down how significant is

224

00:09:46,860 --> 00:09:45,309

this mean time between failures that

225

00:09:50,160 --> 00:09:46,870

have been one missile for the entire

226

00:09:52,410 --> 00:09:50,170

squadron every six months we got 18 down

227

00:09:54,179 --> 00:09:52,420

simultaneously never could figure out

228

00:09:56,340 --> 00:09:54,189

what a well Soviets went the other way

229

00:09:59,280 --> 00:09:56,350

have a different type system but they

230

00:10:02,900 --> 00:09:59,290

have one where we've got a UFO hovering

231

00:10:05,460 --> 00:10:02,910

this minor feet across you've got

232

00:10:08,189 --> 00:10:05,470

hundreds of people observing and sitting

233

00:10:09,660 --> 00:10:08,199

there for a long period of time what the

234

00:10:11,460 --> 00:10:09,670

difference there is their missiles

235

00:10:13,470 --> 00:10:11,470

started spinning up they were getting

236

00:10:15,449 --> 00:10:13,480

ready to go to war and the guys inside

237

00:10:17,400 --> 00:10:15,459

the chamber couldn't stop it scared the

238

00:10:19,650 --> 00:10:17,410

hell out and disassembled it again

239

00:10:24,179 --> 00:10:19,660

couldn't figure out what it was bent

240

00:10:26,579 --> 00:10:24,189

water is another one famous case this is

241

00:10:29,129 --> 00:10:26,589

a Chuck halt it was a deputy base

242

00:10:30,900 --> 00:10:29,139

commander lots of physical evidence

243

00:10:33,749 --> 00:10:30,910

this guy is interesting Jim Penniston

244

00:10:35,579 --> 00:10:33,759

because I happen to believe him talk to

245

00:10:37,919 --> 00:10:35,589

his I'd like talking about the UFOs he

246

00:10:41,480 --> 00:10:37,929

saw you mean that when I touched these

247

00:10:45,480 --> 00:10:41,490

things landed off the end of the base at

248

00:10:47,910 --> 00:10:45,490

Bentwaters what's not known is well

249

00:10:50,040 --> 00:10:47,920

known as it happened about three times

250

00:10:52,590 --> 00:10:50,050

initially what's not known is this

251
00:10:55,499 --> 00:10:52,600
continued for another month periodically

252
00:10:59,579 --> 00:10:55,509
people going out there and looking at

253
00:11:04,830 --> 00:10:59,589
them but hard evidence including plaster

254
00:11:10,710 --> 00:11:07,000
belgium case what's interesting about

255
00:11:13,870 --> 00:11:10,720
this is you got the Brower who is the

256
00:11:16,060 --> 00:11:13,880
became chief of staff the Belgian Air

257
00:11:19,360 --> 00:11:16,070
Force chased these things around

258
00:11:21,130 --> 00:11:19,370
more recently st. Louis triangles again

259
00:11:23,790 --> 00:11:21,140
this goes on for a number of miles

260
00:11:26,560 --> 00:11:23,800
police agency after police agency

261
00:11:29,980 --> 00:11:26,570
chasing it going very slowly then zips

262
00:11:31,750 --> 00:11:29,990
off Phoenix lights there's a new movie

263
00:11:33,370 --> 00:11:31,760

out on this but maybe anything about the

264

00:11:34,180 --> 00:11:33,380

Phoenix lights is not a one-time

265

00:11:36,730 --> 00:11:34,190

experience

266

00:11:41,470 --> 00:11:36,740

bad news here's Stuart Symington I'm

267

00:11:44,410 --> 00:11:41,480

sorry five Symington who was the mayor

268

00:11:46,810 --> 00:11:44,420

went I'm sorry governor went public and

269

00:11:50,710 --> 00:11:46,820

said ain't this awful hahahaha brought a

270

00:11:52,540 --> 00:11:50,720

guy in uniform just up as an alien more

271

00:11:54,730 --> 00:11:52,550

recently he's come forward and said I

272

00:11:56,680 --> 00:11:54,740

saw them too so gives you an idea of how

273

00:12:00,850 --> 00:11:56,690

the government thinks about it

274

00:12:02,890 --> 00:12:00,860

a whole host of other aircraft sightings

275

00:12:06,580 --> 00:12:02,900

the one down here at the bottom though I

276

00:12:08,350 --> 00:12:06,590

threw in Igor mall stuff this is a UFO

277

00:12:10,720 --> 00:12:08,360

guys saying skeptics shouldn't believe

278

00:12:13,450 --> 00:12:10,730

that UFOs are real what's so significant

279

00:12:16,720 --> 00:12:13,460

about this is his predecessor was fly or

280

00:12:18,730 --> 00:12:16,730

fired when a Cessna landed in Red Square

281

00:12:20,530 --> 00:12:18,740

yet here's the guys hang we got stuff

282

00:12:22,870 --> 00:12:20,540

flying around and one bad experience

283

00:12:25,660 --> 00:12:22,880

won't go into that my first-hand

284

00:12:27,820 --> 00:12:25,670

evidence is when people say you know

285

00:12:31,450 --> 00:12:27,830

Edwards the guy you know here this is a

286

00:12:32,860 --> 00:12:31,460

teller at my house as he'll put off of

287

00:12:36,600 --> 00:12:32,870

course talking about zero-point energy

288

00:12:41,410 --> 00:12:36,610

or discussed UFOs in some detail

289

00:12:43,900 --> 00:12:41,420

interested but no specific knowledge the

290

00:12:48,490 --> 00:12:43,910

guy they say has all this this has been

291

00:12:50,350 --> 00:12:48,500

rich also a friend of mine he was the

292

00:12:55,420 --> 00:12:50,360

second president of skunkworks bunch of

293

00:12:57,130 --> 00:12:55,430

the sr-71 and the f17 had a shopping

294

00:12:59,110 --> 00:12:57,140

list everybody says they're the guys

295

00:13:00,880 --> 00:12:59,120

that built it he was interested had a

296

00:13:04,120 --> 00:13:00,890

shopping list definitely didn't have the

297

00:13:07,510 --> 00:13:04,130

system went to this guy he was then the

298

00:13:10,660 --> 00:13:07,520

head of Star Wars put him in shock he

299

00:13:13,120 --> 00:13:10,670

was definitely unknowledgeable of the

300

00:13:14,890 --> 00:13:13,130

topic and thought this was too hot to

301
00:13:16,070 --> 00:13:14,900
handle it thought was interested but too

302
00:13:19,910 --> 00:13:16,080
hot to handle

303
00:13:24,810 --> 00:13:19,920
could be wrong don't think so

304
00:13:28,650 --> 00:13:24,820
2001 we were working on congressional

305
00:13:31,260 --> 00:13:28,660
hearings and there were charter drafted

306
00:13:33,870 --> 00:13:31,270
because I drafted it the guy who stopped

307
00:13:36,840 --> 00:13:33,880
it was Sensenbrenner who was then they

308
00:13:38,580 --> 00:13:36,850
had a spatial technology they offered

309
00:13:41,030 --> 00:13:38,590
for a Peter strike and me to go brief

310
00:13:44,760 --> 00:13:41,040
him he wouldn't even talk to us

311
00:13:46,230 --> 00:13:44,770
ta Shias this is what we said you've got

312
00:13:49,460 --> 00:13:46,240
to have if you're gonna run

313
00:13:51,510 --> 00:13:49,470

congressional hearings the

314

00:13:53,580 --> 00:13:51,520

recommendations are how to hold it but I

315

00:13:55,860 --> 00:13:53,590

asked the congressman and involves if

316

00:13:59,400 --> 00:13:55,870

you take a twenty point yet this is not

317

00:14:02,100 --> 00:13:59,410

politically enhancing he said yes at the

318

00:14:04,170 --> 00:14:02,110

time what killed us was when the

319

00:14:06,600 --> 00:14:04,180

disclosure project came to town beating

320

00:14:08,970 --> 00:14:06,610

the drum said ain't it awful problem is

321

00:14:11,580 --> 00:14:08,980

they got a few good guys a lot of them

322

00:14:14,970 --> 00:14:11,590

that are just pure flock as soon as this

323

00:14:19,290 --> 00:14:14,980

hit Congress ran for the hills

324

00:14:21,150 --> 00:14:19,300

I had throw this one and because this is

325

00:14:24,600 --> 00:14:21,160

the kind of thing you got to put up with

326

00:14:27,510 --> 00:14:24,610

in there this was April 13th of this

327

00:14:32,070 --> 00:14:27,520

year you know there's a guy he's gonna

328

00:14:35,820 --> 00:14:32,080

speak for the human species where are we

329

00:14:38,070 --> 00:14:35,830

today yeah this is kind of I think tells

330

00:14:42,450 --> 00:14:38,080

us where the American public is at the

331

00:14:44,340 --> 00:14:42,460

time who cares bottom line is not a lot

332

00:14:46,620 --> 00:14:44,350

of people through a few folks who care

333

00:14:48,540 --> 00:14:46,630

passionately there's a huge difference

334

00:14:52,380 --> 00:14:48,550

between personal interest and

335

00:14:55,020 --> 00:14:52,390

institutional interests and believing in

336

00:15:00,540 --> 00:14:55,030

UFOs is very different from carrying

337

00:15:04,110 --> 00:15:00,550

about this as a major topic conclusions

338

00:15:06,530 --> 00:15:04,120

of this huggers Bob this is a global

339

00:15:09,030 --> 00:15:06,540

phenomenon shows up all over a world

340

00:15:11,340 --> 00:15:09,040

physical reality of some of these things

341

00:15:13,910 --> 00:15:11,350

I think is proven beyond all reasonable

342

00:15:16,650 --> 00:15:13,920

doubt there's massive amounts

343

00:15:19,850 --> 00:15:16,660

multi-sensory data to support those

344

00:15:22,650 --> 00:15:19,860

things despite overwhelming evidence

345

00:15:26,490 --> 00:15:22,660

reality is rejected by most scientists

346

00:15:29,550 --> 00:15:26,500

who simply refuse to look at the data

347

00:15:33,689 --> 00:15:29,560

the public is basically curious but

348

00:15:35,699 --> 00:15:33,699

ambivalent the media always ridicules if

349

00:15:38,040 --> 00:15:35,709

you've watched any of the programs and

350

00:15:40,499 --> 00:15:38,050

then the bottom line here is sort of

351
00:15:42,389 --> 00:15:40,509
today's problems are so overwhelming

352
00:15:44,489 --> 00:15:42,399
that we don't you know this is really

353
00:15:45,860 --> 00:15:44,499
put on the back burner burner so if you

354
00:15:57,049 --> 00:15:45,870
think you're going to move this forward

355
00:16:14,009 --> 00:16:11,850
we have five minutes for questions what

356
00:16:16,590 --> 00:16:14,019
do you think of Bruce macabees analysis

357
00:16:18,509 --> 00:16:16,600
of the Phoenix lights

358
00:16:21,090 --> 00:16:18,519
what do you think of Bruce maccabees

359
00:16:22,889 --> 00:16:21,100
analysis of the Phoenix lights as being

360
00:16:25,230 --> 00:16:22,899
military flares they're definitely not

361
00:16:27,780 --> 00:16:25,240
military flares I'll tell you why the

362
00:16:29,790 --> 00:16:27,790
initial sighting was near where I live

363
00:16:33,710 --> 00:16:29,800

I'm from Las Vegas they were seen near

364

00:16:38,540 --> 00:16:33,720

Henderson Nevada time-synchronized over

365

00:16:41,249 --> 00:16:38,550

Kingman Arizona Prescott Arizona down to

366

00:16:43,350 --> 00:16:41,259

Phoenix anton's has got if you got

367

00:16:45,660 --> 00:16:43,360

military flares that can go that

368

00:16:48,119 --> 00:16:45,670

distance really interesting the other

369

00:16:50,910 --> 00:16:48,129

problem you have specifically about

370

00:16:53,429 --> 00:16:50,920

Bruce's name and we've discussed it is

371

00:16:55,590 --> 00:16:53,439

it's not a one-time phenomena this has

372

00:16:58,619 --> 00:16:55,600

been going on for years and continues to

373

00:17:03,840 --> 00:16:58,629

be a photograph but not in that level of

374

00:17:07,049 --> 00:17:03,850

detail there was much more than two and

375

00:17:09,149 --> 00:17:07,059

again it goes on for years now planes

376

00:17:11,730 --> 00:17:09,159

dropped some flares if the main thing

377

00:17:13,319 --> 00:17:11,740

was flares they are the big

378

00:17:23,740 --> 00:17:13,329

court-martialed because they were way

379

00:17:28,130 --> 00:17:26,210

bristling I agree I said he's got some

380

00:17:29,690 --> 00:17:28,140

interesting analysis triangulation I

381

00:17:31,520 --> 00:17:29,700

don't think supports it

382

00:17:33,890 --> 00:17:31,530

nor does that when you have the people

383

00:17:36,920 --> 00:17:33,900

we're standing there who were looking up

384

00:17:39,170 --> 00:17:36,930

and watching the stars blacked out as

385

00:17:41,270 --> 00:17:39,180

whatever it is went straight above them

386

00:17:44,390 --> 00:17:41,280

I think the most damning thing is the

387

00:17:47,240 --> 00:17:44,400

one I mentioned about the governor who

388

00:17:48,680 --> 00:17:47,250

you know puts it up as hahaha and then

389

00:17:50,750 --> 00:17:48,690

years later admits that he was a

390

00:17:51,620 --> 00:17:50,760

personal witness to the to the event but

391

00:17:54,770 --> 00:17:51,630

it tells you something about how

392

00:17:59,390 --> 00:17:54,780

governments respond John any supposition

393

00:18:00,470 --> 00:17:59,400

as to the intention or reason for these

394

00:18:03,230 --> 00:18:00,480

I'm sorry

395

00:18:06,220 --> 00:18:03,240

any do you have any personal

396

00:18:10,910 --> 00:18:06,230

suppositions as to the reason or purpose

397

00:18:13,400 --> 00:18:10,920

for this phenomenon reason for problem

398

00:18:17,780 --> 00:18:13,410

I've lost something what are they doing

399

00:18:19,640 --> 00:18:17,790

or are they they I don't know if there

400

00:18:21,290 --> 00:18:19,650

are they I actually want to talk to

401
00:18:23,300 --> 00:18:21,300
Gerry because I have come up with

402
00:18:25,280 --> 00:18:23,310
something that says there is a

403
00:18:27,620 --> 00:18:25,290
relationship between consciousness and

404
00:18:31,010 --> 00:18:27,630
the phenomenon is reported whatever it

405
00:18:33,410 --> 00:18:31,020
is is sort of my another one terribly

406
00:18:40,640 --> 00:18:33,420
complex I don't know what it is but it's

407
00:18:43,700 --> 00:18:40,650
not one simple thing in my view is it

408
00:18:47,360 --> 00:18:43,710
true that the event of a bustle of

409
00:18:51,020 --> 00:18:47,370
Belgium the object remain stationary in

410
00:18:58,430 --> 00:18:51,030
the sky for a while the event in Belgium

411
00:19:00,200 --> 00:18:58,440
what about it oh wait now I understand

412
00:19:02,210 --> 00:19:00,210
there are many events that happened in

413
00:19:04,040 --> 00:19:02,220

Belgium there were the ones for the big

414

00:19:05,930 --> 00:19:04,050

triangles that went over you had the

415

00:19:08,120 --> 00:19:05,940

ones where the fighters went out and

416

00:19:10,760 --> 00:19:08,130

chased them they came to us and he

417

00:19:13,580 --> 00:19:10,770

working periodically with NATO at the

418

00:19:16,880 --> 00:19:13,590

time saying you know aren't they yours

419

00:19:19,970 --> 00:19:16,890

or whatever the bottom line is not the

420

00:19:21,770 --> 00:19:19,980

point a lot of phenomena who got to get

421

00:19:23,810 --> 00:19:21,780

credit to de Brouwer was a lieutenant

422

00:19:26,720 --> 00:19:23,820

colonel at the time reported it and went

423

00:19:28,790 --> 00:19:26,730

on to make major generals so it didn't

424

00:19:32,360 --> 00:19:28,800

stop him but lots and lots of sightings

425

00:19:34,610 --> 00:19:32,370

are this will be the last question John

426

00:19:37,220 --> 00:19:34,620

in your experience do you have any

427

00:19:39,830 --> 00:19:37,230

visibility into the unacknowledged

428

00:19:42,890 --> 00:19:39,840

special access programs which would be

429

00:19:45,440 --> 00:19:42,900

the likely place to research this sort

430

00:19:48,020 --> 00:19:45,450

of phenomenon or try to reverse-engineer

431

00:19:51,590 --> 00:19:48,030

it that's where I would hide it

432

00:19:54,620 --> 00:19:51,600

i 100% disagree with the knowledge even

433

00:19:56,480 --> 00:19:54,630

the concept of unacknowledged saps know

434

00:19:57,770 --> 00:19:56,490

how the system works the people who make

435

00:20:00,320 --> 00:19:57,780

these comments use they have been

436

00:20:02,810 --> 00:20:00,330

outside the system have never played in

437

00:20:03,830 --> 00:20:02,820

there can you hide money the answer is

438

00:20:05,870 --> 00:20:03,840

obviously yes

439

00:20:08,360 --> 00:20:05,880

the smaller the amount of money the

440

00:20:09,830 --> 00:20:08,370

easier it is to hide obviously though

441

00:20:12,470 --> 00:20:09,840

you have thresholds when you have to

442

00:20:15,110 --> 00:20:12,480

report but you've got to just understand

443

00:20:18,039 --> 00:20:15,120

how the system works and particularly

444

00:20:21,140 --> 00:20:18,049

now and in the particularly recent years

445

00:20:22,880 --> 00:20:21,150

everything in the budget is being cut in

446

00:20:25,180 --> 00:20:22,890

the screen and this includes the black

447

00:20:29,090 --> 00:20:25,190

world as well as the white world so
