1
00:00:06,499 --> 00:00:04,220
okay my son tells me that my English is

2
00:00:08,990 --> 00:00:06,509
really not good but because I move

3
00:00:12,320 --> 00:00:09,000
because I move my hands people get to

4
00:00:15,079 --> 00:00:12,330
understand me so please if my hands are

5
00:00:19,040 --> 00:00:15,089
not quite clear stop me anytime and I

6
00:00:23,269 --> 00:00:19,050
will try again I am going to talk about

7
00:00:25,820 --> 00:00:23,279
the method number two a naep that it is

8
00:00:28,429 --> 00:00:25,830
stands for non booze lipids allergy

9
00:00:31,490 --> 00:00:28,439
elimination technique it has been

10
00:00:35,030 --> 00:00:31,500
developed in 1993 by dr. Debbie

11
00:00:37,970 --> 00:00:35,040
Namboodiripad in Los Angeles and it's a

12
00:00:40,160 --> 00:00:37,980
method that has demonstrated to be very

13
00:00:42,860 --> 00:00:40,170

effective in the elimination of

14
00:00:47,029 --> 00:00:42,870
allergies intolerances and other

15
00:00:50,750 --> 00:00:47,039
conditions what I do let me go step by

16
00:00:53,770 --> 00:00:50,760
step and all those conditions are

17
00:00:56,510 --> 00:00:53,780
related to an abnormal reaction of

18
00:01:00,020 --> 00:00:56,520
sensitivity of the body in front of

19
00:01:05,030 --> 00:01:00,030
substances that can be a harmless for

20
00:01:07,490 --> 00:01:05,040
other people the tools used to do that

21
00:01:10,940 --> 00:01:07,500
reprogramming of reprogramming of the

22
00:01:14,179 --> 00:01:10,950
body are acupuncture a kin a

23
00:01:17,660 --> 00:01:14,189
chiropractic kinesiology nutrition and

24
00:01:19,999 --> 00:01:17,670
Western medicine the kinases they let me

25
00:01:24,770 --> 00:01:20,009
start for acupuncture acupuncture tells

26
00:01:28,160 --> 00:01:24,780
us that the energy flows through the

27
00:01:31,190 --> 00:01:28,170
body and when this flow of energy is

28
00:01:34,429 --> 00:01:31,200
free without disturbances there is

29
00:01:37,520 --> 00:01:34,439
health in this person is in health when

30
00:01:40,310 --> 00:01:37,530
a symptom is shown is because an

31
00:01:44,749 --> 00:01:40,320
imbalance is produced in that flow of

32
00:01:47,899 --> 00:01:44,759
energy and also acupuncture gives us a

33
00:01:51,109 --> 00:01:47,909
tool to work on that energy that flows

34
00:01:54,440 --> 00:01:51,119
through the body the kinesiology the

35
00:01:57,260 --> 00:01:54,450
second tool of this method is what we

36
00:02:01,749 --> 00:01:57,270
use to identify what is producing a

37
00:02:04,630 --> 00:02:01,759
blockage in the in the body energy when

38
00:02:06,980 --> 00:02:04,640

somebody has a symptom is because a

39
00:02:09,229 --> 00:02:06,990
disturbance in the energy flow has

40
00:02:11,390 --> 00:02:09,239
happened with kinesiology we can

41
00:02:13,640 --> 00:02:11,400
identify which is causing the blockage

42
00:02:16,460 --> 00:02:13,650
and also

43
00:02:19,369 --> 00:02:16,470
okay we identify the blockage and we

44
00:02:24,890 --> 00:02:19,379
identify also how we can we have solved

45
00:02:28,610 --> 00:02:24,900
it the chiropractic chiropractic is the

46
00:02:30,890 --> 00:02:28,620
tool we use to remove the blockage from

47
00:02:36,619 --> 00:02:30,900
the nervous system from the spinal

48
00:02:39,530 --> 00:02:36,629
nerves allo patty us we don't need to

49
00:02:42,080 --> 00:02:39,540
really know the chemistry of the body

50
00:02:45,350 --> 00:02:42,090
but as much as we know we have more

51
00:02:47,720 --> 00:02:45,360
tools to correct the problem that is

52
00:02:53,150 --> 00:02:47,730
being expressed through the symptoms and

53
00:02:56,420 --> 00:02:53,160
the nutrition is the tool we use to to

54
00:02:59,599 --> 00:02:56,430
make clusters and then we don't need to

55
00:03:02,119 --> 00:02:59,609
work substance by substance but we can

56
00:03:09,920 --> 00:03:02,129
work it work we can work it by groups

57
00:03:12,520 --> 00:03:09,930
and I try to don't go back what there is

58
00:03:16,160 --> 00:03:12,530
okay allergies intolerances and

59
00:03:18,620 --> 00:03:16,170
sensitivities are what have in common is

60
00:03:23,599 --> 00:03:18,630
that the body is acting against a

61
00:03:27,379 --> 00:03:23,609
specific substance and in in all those

62
00:03:29,869 --> 00:03:27,389
cases the chemist the chemistry used by

63
00:03:31,879 --> 00:03:29,879

the body is different so when we talk

64
00:03:35,300 --> 00:03:31,889
about allergies we are talking about

65
00:03:36,920 --> 00:03:35,310
antibodies IgE when we talk about in

66
00:03:40,699 --> 00:03:36,930
tolerances we are talking about

67
00:03:43,119 --> 00:03:40,709
antibodies IgG but sometimes I eat

68
00:03:46,250 --> 00:03:43,129
chocolate and I have a headache and

69
00:03:50,119 --> 00:03:46,260
nobody knows what is the chemicals

70
00:03:54,949 --> 00:03:50,129
involved or if I eat too much peppers

71
00:04:00,559 --> 00:03:54,959
then my my joints I have pains in pain

72
00:04:06,110 --> 00:04:00,569
in my joints or somebody a by sweating

73
00:04:09,009 --> 00:04:06,120
gets a rush or many other reactions or

74
00:04:13,819 --> 00:04:09,019
after many hours watching the computer

75
00:04:16,460 --> 00:04:13,829
they they say it's like a blur heavy

76
00:04:19,759 --> 00:04:16,470
heavy head okay okay

77
00:04:22,700 --> 00:04:19,769
in why it happens to some people and not

78
00:04:24,800 --> 00:04:22,710
to some other people is because that

79
00:04:27,260 --> 00:04:24,810
substance supposed to give us that

80
00:04:30,290 --> 00:04:27,270
problem or and this

81
00:04:35,510 --> 00:04:30,300
what we think there is an error in the

82
00:04:39,920 --> 00:04:35,520
systems information in order to work in

83
00:04:43,580 --> 00:04:39,930
an organized way the potential enemies

84
00:04:47,210 --> 00:04:43,590
have been categorized so the potential

85
00:04:49,850 --> 00:04:47,220
allergens will place them in nine

86
00:04:52,760 --> 00:04:49,860
different groups we can have a reaction

87
00:04:56,960 --> 00:04:52,770
in front of something that we eat or

88
00:04:59,629 --> 00:04:56,970

drink or leak or we have we can have a

89
00:05:02,149 --> 00:04:59,639
reaction in that area we can find

90
00:05:08,420 --> 00:05:02,159
allergy to eggs or to peanuts with an

91
00:05:13,550 --> 00:05:08,430
anaphylactic reaction but we have also a

92
00:05:17,930 --> 00:05:13,560
stomach acid and unborn in sensation

93
00:05:20,180 --> 00:05:17,940
that is not is is not seen as an

94
00:05:22,879 --> 00:05:20,190
allergic reaction or we have celiac

95
00:05:27,170 --> 00:05:22,889
disease that is not more common every

96
00:05:30,110 --> 00:05:27,180
day we can have also a reaction in front

97
00:05:33,529 --> 00:05:30,120
of something that we inhale like fumes

98
00:05:36,709 --> 00:05:33,539
or perfumes or chemicals we can have a

99
00:05:40,189 --> 00:05:36,719
reaction on in front of something that

100
00:05:44,749 --> 00:05:40,199
we touch sometimes if I wear not cotton

101
00:05:47,629 --> 00:05:44,759
then my skin gives me troubles or we can

102
00:05:53,920 --> 00:05:47,639
have somebody can have a reaction when

103
00:05:57,740 --> 00:05:53,930
is is has has been bitten by a bee or

104
00:06:02,059 --> 00:05:57,750
boy or by a spider or when after

105
00:06:04,820 --> 00:06:02,069
vaccination I've treated a a man that

106
00:06:10,939 --> 00:06:04,830
after receiving a vaccination for

107
00:06:16,219 --> 00:06:10,949
tetanus had mercury in Tokyo he was

108
00:06:20,120 --> 00:06:16,229
intoxicated by mercury his joints were

109
00:06:22,370 --> 00:06:20,130
pain and he was for two years trying to

110
00:06:25,939 --> 00:06:22,380
solve that problem we found that was

111
00:06:31,119 --> 00:06:25,949
mercury and we were able to change his

112
00:06:34,119 --> 00:06:31,129
reaction to mercury okay

113
00:06:38,109 --> 00:06:34,129

some other categories infected some

114
00:06:40,929 --> 00:06:38,119
people what happens virus bacteria

115
00:06:44,499 --> 00:06:40,939
parasites are not enemies yes they are

116
00:06:46,329 --> 00:06:44,509
but when a body works properly is able

117
00:06:49,259 --> 00:06:46,339
to control them when it doesn't work

118
00:06:52,089 --> 00:06:49,269
properly then doesn't know how to use

119
00:06:56,320 --> 00:06:52,099
the defense mechanism to protect

120
00:06:59,109 --> 00:06:56,330
yourself an example we have a couple one

121
00:07:01,839 --> 00:06:59,119
of them has a therapist in the lips and

122
00:07:04,149 --> 00:07:01,849
the other one doesn't have the herpes is

123
00:07:07,869 --> 00:07:04,159
the virus there yes it is

124
00:07:10,149 --> 00:07:07,879
but not both bodies and are acting in a

125
00:07:14,320 --> 00:07:10,159
different way one of them knows how to

126
00:07:17,739 --> 00:07:14,330
attack it and I'm eliminated and the

127
00:07:21,489 --> 00:07:17,749
other just Express the symptom has the

128
00:07:25,869 --> 00:07:21,499
blockage and same happens with parasites

129
00:07:28,749 --> 00:07:25,879
or bacteria molds and fungus a typical

130
00:07:33,249 --> 00:07:28,759
problem in that area is the reaction to

131
00:07:36,989 --> 00:07:33,259
dump or the candidiasis that is so

132
00:07:42,159 --> 00:07:36,999
difficult to be solved by regular

133
00:07:45,639 --> 00:07:42,169
medicine also every day we can we see

134
00:07:51,399 --> 00:07:45,649
more people reacting to radiation or to

135
00:07:54,549 --> 00:07:51,409
the cold or to the Sun radiation genetic

136
00:07:56,739 --> 00:07:54,559
agents in this case ok I I was

137
00:07:58,689 --> 00:07:56,749
mentioning before that there is an error

138
00:08:01,509 --> 00:07:58,699

in the information this error in the

139
00:08:04,049 --> 00:08:01,519
information can be something new or can

140
00:08:07,329 --> 00:08:04,059
be something that I've got from my

141
00:08:09,730 --> 00:08:07,339
ancestors and I go here I have a big

142
00:08:11,769 --> 00:08:09,740
advantage working on that because I was

143
00:08:16,119 --> 00:08:11,779
born with many allergies and they were

144
00:08:18,850 --> 00:08:16,129
solved by using that method so I I was

145
00:08:22,359 --> 00:08:18,860
asthmatic my grandmother would have had

146
00:08:25,689 --> 00:08:22,369
asthma his/her mother died from an

147
00:08:26,559 --> 00:08:25,699
asthma attack and I'm not an asthmatic

148
00:08:29,499 --> 00:08:26,569
anymore

149
00:08:33,459 --> 00:08:29,509
so that error in my information it was

150
00:08:39,279 --> 00:08:33,469
was genetic but anyway it has been

151
00:08:42,999 --> 00:08:39,289
solved and another factor that shows

152
00:08:45,450 --> 00:08:43,009
symptoms sometimes are the emotions

153
00:08:49,690 --> 00:08:45,460
sometimes people when

154
00:08:52,420 --> 00:08:49,700
when it's a stressed have get something

155
00:08:56,890 --> 00:08:52,430
them in the skin and it's very clear

156
00:09:01,980 --> 00:08:56,900
sometimes I had a lady telling me when

157
00:09:07,030 --> 00:09:01,990
my boss talks to me my skin gets red and

158
00:09:11,769 --> 00:09:07,040
I need an itchy okay there the reaction

159
00:09:13,840 --> 00:09:11,779
can be solved and it's not you know in

160
00:09:16,329 --> 00:09:13,850
any of the others categories all the

161
00:09:21,280 --> 00:09:16,339
categories but is in this category of

162
00:09:24,610 --> 00:09:21,290
emotional factors okay if we at the

163
00:09:27,450 --> 00:09:24,620

beginning it was the method started as a

164
00:09:33,250 --> 00:09:27,460
combination of acupuncture and

165
00:09:36,220 --> 00:09:33,260
kinesiology and now we are in we are

166
00:09:39,130 --> 00:09:36,230
able to do an interpretation in terms of

167
00:09:41,769 --> 00:09:39,140
energy and information what we consider

168
00:09:45,490 --> 00:09:41,779
is that the energy blockage is produced

169
00:09:47,800 --> 00:09:45,500
by interaction of energy fields why do

170
00:09:53,380 --> 00:09:47,810
we say that people here that works with

171
00:09:57,550 --> 00:09:53,390
kinesiology know that if I hold a candy

172
00:10:01,810 --> 00:09:57,560
in my hand then my muscle can get weak

173
00:10:03,820 --> 00:10:01,820
so I'm without touching or we are not

174
00:10:06,790 --> 00:10:03,830
even touching but and without eating

175
00:10:09,820 --> 00:10:06,800
that candy my muscle will tell what's

176
00:10:13,210 --> 00:10:09,830
happening to me so with just the

177
00:10:16,750 --> 00:10:13,220
interaction of energy fields a is giving

178
00:10:21,340 --> 00:10:16,760
a reaction in my body so due to an error

179
00:10:25,870 --> 00:10:21,350
in the information something that is a

180
00:10:28,600 --> 00:10:25,880
red for others is seen as an enemy for

181
00:10:31,720 --> 00:10:28,610
me this error in the systems information

182
00:10:33,940 --> 00:10:31,730
can come from the past and with this

183
00:10:37,630 --> 00:10:33,950
method we are able to give information

184
00:10:40,600 --> 00:10:37,640
to the body and adding information will

185
00:10:43,690 --> 00:10:40,610
reduce the tendency to cows the I I call

186
00:10:48,040 --> 00:10:43,700
it tendency to cuss when I'm ill I'm

187
00:10:50,410 --> 00:10:48,050
like going disintegrate you know I'm

188
00:10:53,310 --> 00:10:50,420

going to the cows I give him from I'm

189
00:10:56,860 --> 00:10:53,320
able to give information and then

190
00:10:58,420 --> 00:10:56,870
recover the health now how do we do it

191
00:11:03,700 --> 00:10:58,430
practically

192
00:11:07,269 --> 00:11:03,710
what do we do we test just by holding

193
00:11:09,400 --> 00:11:07,279
and finding out what's there and then in

194
00:11:11,380 --> 00:11:09,410
the impression by holding this

195
00:11:15,660 --> 00:11:11,390
information that is blocking my system

196
00:11:18,639 --> 00:11:15,670
we press the back and remove from the

197
00:11:21,490 --> 00:11:18,649
meridian system and from the nervous

198
00:11:24,940 --> 00:11:21,500
system the blockages in front of that

199
00:11:28,120 --> 00:11:24,950
substance we recheck and find out how

200
00:11:33,400 --> 00:11:28,130
this is now a new friend and let the

201
00:11:35,949 --> 00:11:33,410
person be there and and learn that it is

202
00:11:39,220 --> 00:11:35,959
not an enemy after doing that we just

203
00:11:43,630 --> 00:11:39,230
need to avoid that presence again in the

204
00:11:47,680 --> 00:11:43,640
coming 24 hours and in most cases it is

205
00:11:50,470 --> 00:11:47,690
enough to change the response of the

206
00:11:53,829 --> 00:11:50,480
body in front of that substance so no

207
00:11:59,050 --> 00:11:53,839
more sneezes or cough or whatever in

208
00:12:03,070 --> 00:11:59,060
front of pollen or in front of chlorine

209
00:12:07,570 --> 00:12:03,080
from the swimming pool so some cases

210
00:12:11,620 --> 00:12:07,580
that I've treated myself is I mean by

211
00:12:13,930 --> 00:12:11,630
the last 10 years almost 9 years working

212
00:12:16,990 --> 00:12:13,940
on that I've treated more than thousand

213
00:12:21,640 --> 00:12:17,000

people and if this is these are some of

214
00:12:25,000 --> 00:12:21,650
the nice cases to comment about somebody

215
00:12:28,470 --> 00:12:25,010
it was among bringing the kid to my

216
00:12:34,900 --> 00:12:28,480
clinic and she came with a big to sate

217
00:12:38,250 --> 00:12:34,910
and she tells me I it is terrible I know

218
00:12:41,710 --> 00:12:38,260
that I have no problems with my teeth

219
00:12:46,050 --> 00:12:41,720
because I've been in the dentist lately

220
00:12:52,090 --> 00:12:46,060
and he gave me my férula to avoid

221
00:12:57,340 --> 00:12:52,100
bruxism and and in these days also my

222
00:12:59,530 --> 00:12:57,350
allergy to plastic is very high while ok

223
00:13:01,750 --> 00:12:59,540
it's very high I was not treating her

224
00:13:04,600 --> 00:13:01,760
but the Sun and I told her ok let me

225
00:13:05,710 --> 00:13:04,610
just check are you using their férula

226
00:13:10,660 --> 00:13:05,720
from your dentist

227
00:13:12,269 --> 00:13:10,670
yes 8 hours yes is it plastic yes 8

228
00:13:16,350 --> 00:13:12,279
hours with the Federline

229
00:13:19,019 --> 00:13:16,360
your hand you have to take I've

230
00:13:22,110 --> 00:13:19,029
corrected in the same day they have

231
00:13:25,739 --> 00:13:22,120
reaction to the plastic and sent me I

232
00:13:28,679 --> 00:13:25,749
was up telling that the pain is gone

233
00:13:33,150 --> 00:13:28,689
same happen with with another patient

234
00:13:36,210 --> 00:13:33,160
that he had an methacrylate injection

235
00:13:39,439 --> 00:13:36,220
here to collect the bone in the incision

236
00:13:42,059 --> 00:13:39,449
his nose came again with a headache and

237
00:13:44,069 --> 00:13:42,069
didn't tell me what happened to him just

238
00:13:47,340 --> 00:13:44,079

that came with a strong pain in that

239
00:13:50,009 --> 00:13:47,350
area because he was a longtime patient I

240
00:13:53,389 --> 00:13:50,019
didn't do for my shaking just went

241
00:13:58,230 --> 00:13:53,399
directly to check some specific

242
00:14:00,329 --> 00:13:58,240
substances plastic was one of them told

243
00:14:03,629 --> 00:14:00,339
him corrected I didn't know what

244
00:14:07,319 --> 00:14:03,639
happened before and when the pain was

245
00:14:12,509 --> 00:14:07,329
gone and next week he confessed to me

246
00:14:15,179 --> 00:14:12,519
about this injection of methacrylate in

247
00:14:23,490 --> 00:14:15,189
his nose ok let me go first with Soler's

248
00:14:27,269 --> 00:14:23,500
sorry Isis a man 20-30 years old man

249
00:14:32,299 --> 00:14:27,279
with psoriasis in his back in his arms

250
00:14:36,449 --> 00:14:32,309
everything started when he finished his

251
00:14:39,389 --> 00:14:36,459
university went with his dog with a dog

252
00:14:43,559 --> 00:14:39,399
to his parents house that was where he

253
00:14:47,129 --> 00:14:43,569
was living and they told that the dog

254
00:14:49,740 --> 00:14:47,139
couldn't stay there so he said ok the

255
00:14:52,079 --> 00:14:49,750
gay dog cannot be here I'm not gonna be

256
00:14:55,379 --> 00:14:52,089
here either so he moves to live with his

257
00:14:58,369 --> 00:14:55,389
dog and the psoriasis started eight

258
00:15:01,559 --> 00:14:58,379
years before he came to see me fine

259
00:15:03,600 --> 00:15:01,569
checking what was giving him problems I

260
00:15:06,780 --> 00:15:03,610
found that he was having problems with

261
00:15:11,730 --> 00:15:06,790
hormones animal epithelial animal fat

262
00:15:15,150 --> 00:15:11,740
and an event so I treated first the

263
00:15:19,530 --> 00:15:15,160

substances and then the problem with

264
00:15:24,030 --> 00:15:19,540
with his parents and psoriasis was born

265
00:15:26,160 --> 00:15:24,040
and I had some other cases of asthma one

266
00:15:31,270 --> 00:15:26,170
of them was a classic week

267
00:15:34,350 --> 00:15:31,280
50 years old man with asthma and under

268
00:15:39,220 --> 00:15:34,360
medication he had just to take whatever

269
00:15:42,490 --> 00:15:39,230
everyday and occasionally Bentall in

270
00:15:46,600 --> 00:15:42,500
this kind of thing and we started to

271
00:15:49,690 --> 00:15:46,610
work in order X calcium vitamin C

272
00:15:54,190 --> 00:15:49,700
vitamin B sugar he started to get better

273
00:15:58,060 --> 00:15:54,200
he started to reduce medication and okay

274
00:16:01,300 --> 00:15:58,070
finally we finished with pollens and

275
00:16:04,870 --> 00:16:01,310
formaldehyde but then I had another case

276
00:16:10,090 --> 00:16:04,880
with asthma and we need is this lady a

277
00:16:12,550 --> 00:16:10,100
young lady she was getting rid of the

278
00:16:15,100 --> 00:16:12,560
problem but the problem came back and

279
00:16:18,070 --> 00:16:15,110
again we treat look for more treatment

280
00:16:24,100 --> 00:16:18,080
combinations she gets better and then

281
00:16:27,160 --> 00:16:24,110
she goes back and I ideas yeah I didn't

282
00:16:31,450 --> 00:16:27,170
know what else to search for and started

283
00:16:35,440 --> 00:16:31,460
to ask her body and we came to that the

284
00:16:37,840 --> 00:16:35,450
asthma was related to an event but not

285
00:16:40,630 --> 00:16:37,850
in this life but in a previous life so

286
00:16:45,370 --> 00:16:40,640
again okay we treated that next morning

287
00:16:47,910 --> 00:16:45,380
call me now the asthma is gone I don't

288
00:16:52,090 --> 00:16:47,920

have realities this time the symptom

289
00:16:54,490 --> 00:16:52,100
apparently is really gone so why I

290
00:16:57,970 --> 00:16:54,500
wanted to mention this because this

291
00:17:01,240 --> 00:16:57,980
error in the information can be with

292
00:17:05,069 --> 00:17:01,250
related to a substance can be something

293
00:17:12,610 --> 00:17:05,079
new but can be something very very old

294
00:17:16,059 --> 00:17:12,620
where is that information stored there

295
00:17:22,110 --> 00:17:16,069
are some published studies about this

296
00:17:25,059 --> 00:17:22,120
method one of them it was a study okay I

297
00:17:28,600 --> 00:17:25,069
mean the title the presentation talks

298
00:17:32,290 --> 00:17:28,610
about autism and what we have seen is

299
00:17:35,830 --> 00:17:32,300
that when you treat out these allergies

300
00:17:39,500 --> 00:17:35,840
in children with autism diagnosis you

301
00:17:42,950 --> 00:17:39,510
can see how their behavior change

302
00:17:46,039 --> 00:17:42,960
and how they stopped echolalia and how

303
00:17:48,710 --> 00:17:46,049
you can see how they connect do eye

304
00:17:51,980 --> 00:17:48,720
contact and depending on the child

305
00:17:57,460 --> 00:17:51,990
depending on the case you can get a

306
00:18:03,200 --> 00:17:57,470
stronger improvement and in 2005 was

307
00:18:07,220 --> 00:18:03,210
performed this first study and and now

308
00:18:13,340 --> 00:18:07,230
we are we are in the process in the

309
00:18:16,610 --> 00:18:13,350
process of a new study with what 1200

310
00:18:19,340 --> 00:18:16,620
children but let me here to two

311
00:18:22,490 --> 00:18:19,350
publications I just wanted to to mention

312
00:18:29,390 --> 00:18:22,500
them one related to autism and the other

313
00:18:32,360 --> 00:18:29,400

one related to peanut allergy why autism

314
00:18:34,789 --> 00:18:32,370
is so important or we see it as very

315
00:18:39,190 --> 00:18:34,799
important because the growing rate of

316
00:18:43,280 --> 00:18:39,200
the of the illness is is really alarming

317
00:18:45,919 --> 00:18:43,290
what why is happening I don't know if

318
00:18:47,870 --> 00:18:45,929
somebody has the answer in my opinion is

319
00:18:52,190 --> 00:18:47,880
not only one factor there are many

320
00:18:54,799 --> 00:18:52,200
factors there are many new enemies in

321
00:18:59,630 --> 00:18:54,809
the environment that are affecting the

322
00:19:03,200 --> 00:18:59,640
brain when we working with with nayad we

323
00:19:08,020 --> 00:19:03,210
see that is if calcium is blocking my

324
00:19:11,299 --> 00:19:08,030
system I will not absorb it properly if

325
00:19:14,240 --> 00:19:11,309
vitamin B is absurd

326
00:19:18,680 --> 00:19:14,250
blocking my system I'm not up solving it

327
00:19:22,070 --> 00:19:18,690
properly and then my my brain my nerves

328
00:19:25,070 --> 00:19:22,080
are not well fed and I are not well

329
00:19:28,520 --> 00:19:25,080
built so that's why it is very important

330
00:19:31,430 --> 00:19:28,530
not only in those cases identify what is

331
00:19:35,180 --> 00:19:31,440
causing the problem but we have to allow

332
00:19:41,169 --> 00:19:35,190
them to absorb that nutrient to to be

333
00:19:46,159 --> 00:19:41,179
able to to have well-fed tissues ok and

334
00:19:48,860 --> 00:19:46,169
these are the statistics and they study

335
00:19:52,180 --> 00:19:48,870
it so you can read it this the present

336
00:19:56,180 --> 00:19:52,190
study that is being

337
00:19:58,519 --> 00:19:56,190
driven by Namboodiripad research

338
00:20:03,950 --> 00:19:58,529

foundation allergy Research Foundation

339
00:20:08,089 --> 00:20:03,960
is we are participating over a hundred

340
00:20:11,539 --> 00:20:08,099
practitioners is done in a group of 1000

341
00:20:14,749 --> 00:20:11,549
to 1200 autistic children's between two

342
00:20:17,269 --> 00:20:14,759
and ten years old what we want to

343
00:20:21,829 --> 00:20:17,279
demonstrate is the effectiveness in this

344
00:20:26,959 --> 00:20:21,839
method treating disorders of autism

345
00:20:30,109 --> 00:20:26,969
spectrum and the study means 38 sessions

346
00:20:32,869 --> 00:20:30,119
of treatment will be double-blind with

347
00:20:37,399 --> 00:20:32,879
four groups two plus zero and two

348
00:20:41,719 --> 00:20:37,409
treatment groups and we are aware we are

349
00:20:44,450 --> 00:20:41,729
blind and we have one perspective but we

350
00:20:47,119 --> 00:20:44,460
are sure that from our perspective we

351
00:20:49,659 --> 00:20:47,129
are being able to move this elephant

352
00:20:53,200 --> 00:20:49,669
there are other ways of understanding

353
00:20:56,719 --> 00:20:53,210
the illness and of under of

354
00:20:59,119 --> 00:20:56,729
understanding the solutions but using

355
00:21:02,830 --> 00:20:59,129
this one we are able to move this

356
00:21:12,899 --> 00:21:02,840
elephant thank you

357
00:21:17,680 --> 00:21:15,999
hello Yolanda I wonder especially since

358
00:21:22,690 --> 00:21:17,690
this is an SSE talk if you'd care to

359
00:21:24,310 --> 00:21:22,700
talk more about treating past life if

360
00:21:26,229 --> 00:21:24,320
you'd care to talk about the past life

361
00:21:27,369 --> 00:21:26,239
issues for whatever you might have to

362
00:21:30,609 --> 00:21:27,379
contribute and I don't know what that

363
00:21:33,879 --> 00:21:30,619

might be okay know what what we see is I

364
00:21:36,700 --> 00:21:33,889
don't have like normally people who come

365
00:21:40,239 --> 00:21:36,710
to my clinic are not looking for past

366
00:21:45,219 --> 00:21:40,249
life so I I don't have so only with some

367
00:21:48,159 --> 00:21:45,229
people I can i I can go and propose let

368
00:21:50,649 --> 00:21:48,169
me try to treat you in this kind of

369
00:21:54,460 --> 00:21:50,659
events but we know you think in a

370
00:21:58,419 --> 00:21:54,470
theology that we can ask if a problem

371
00:22:00,399 --> 00:21:58,429
comes from your birth to now or it comes

372
00:22:04,330 --> 00:22:00,409
from before your best in the case of

373
00:22:07,359 --> 00:22:04,340
this lady I was asking what kind of if I

374
00:22:10,810 --> 00:22:07,369
was needing to treat a traumatic event

375
00:22:12,759 --> 00:22:10,820
and she told me yes if it was in this

376
00:22:16,149 --> 00:22:12,769
life and she told me no in the previous

377
00:22:20,469 --> 00:22:16,159
life she told me or the body told me yes

378
00:22:23,889 --> 00:22:20,479
and then I asked if it was an emotion

379
00:22:26,560 --> 00:22:23,899
related to that and she told me when

380
00:22:30,310 --> 00:22:26,570
iíve asked des her more I don't know how

381
00:22:34,989 --> 00:22:30,320
you translate this her more there's a

382
00:22:38,469 --> 00:22:34,999
more not lost Lovelace Lovelace no okay

383
00:22:41,200 --> 00:22:38,479
she it was Lovelace and she it was in a

384
00:22:45,909 --> 00:22:41,210
previous life where she was a lady also

385
00:22:49,810 --> 00:22:45,919
she was not a masculine being and when I

386
00:22:52,899 --> 00:22:49,820
told her so I was asking in my mind and

387
00:22:55,479 --> 00:22:52,909
when I have the full solution I express

388
00:22:58,299 --> 00:22:55,489

it verbally to her when I told her I

389
00:23:02,879 --> 00:22:58,309
find that I have to solve a trauma in a

390
00:23:07,180 --> 00:23:02,889
previous life with Lovelace and we were

391
00:23:11,519 --> 00:23:07,190
female and you died by suffocation or

392
00:23:14,950 --> 00:23:11,529
something like that she started to cry

393
00:23:17,380 --> 00:23:14,960
immediately and okay I treated and next

394
00:23:19,539 --> 00:23:17,390
morning what was the solution there but

395
00:23:21,850 --> 00:23:19,549
I enjoyed your presentation very much

396
00:23:23,740 --> 00:23:21,860
I've had successful experience with this

397
00:23:25,630 --> 00:23:23,750
true treatment I'm gonna ask you about

398
00:23:28,030 --> 00:23:25,640
the event thing because when I was going

399
00:23:29,620 --> 00:23:28,040
to start in college as a goof-off high

400
00:23:31,419 --> 00:23:29,630
school kid and going the engineering

401
00:23:32,799 --> 00:23:31,429
school is very stressful at the end of

402
00:23:34,360 --> 00:23:32,809
the first semester I had all kinds of

403
00:23:36,220 --> 00:23:34,370
things going including a little bit of

404
00:23:36,870 --> 00:23:36,230
psoriasis so how do you isolate the

405
00:23:40,390 --> 00:23:36,880
event

406
00:23:43,390 --> 00:23:40,400
asking the kinesiologist let me ask you

407
00:23:46,660 --> 00:23:43,400
everything so I I asked this event was

408
00:23:48,190 --> 00:23:46,670
in your first trimester a quarter in the

409
00:23:50,710 --> 00:23:48,200
second quarter the third quarter and

410
00:23:53,409 --> 00:23:50,720
then when I expect a yes from your body

411
00:23:56,830 --> 00:23:53,419
your muscle will come down and so I can

412
00:23:58,990 --> 00:23:56,840
keep asking and I can ask you also if do

413
00:24:01,180 --> 00:23:59,000

I need more details to be able to be

414
00:24:05,140 --> 00:24:01,190
able to treat it you can need more

415
00:24:08,830 --> 00:24:05,150
details always looking for just that

416
00:24:13,630 --> 00:24:08,840
time could be enough and okay I'm gonna

417
00:24:17,140 --> 00:24:13,640
back and tell my okay hi thanks for your

418
00:24:18,460 --> 00:24:17,150
talk um so I have two questions or

419
00:24:22,620 --> 00:24:18,470
concerns

420
00:24:26,110 --> 00:24:22,630
so I've done nae T myself as a patient

421
00:24:28,990 --> 00:24:26,120
to different practitioners the one issue

422
00:24:30,730 --> 00:24:29,000
well the main issue I had was you go in

423
00:24:32,289 --> 00:24:30,740
there they treat you and then they say

424
00:24:34,960 --> 00:24:32,299
okay I don't have vitamin C for the next

425
00:24:36,880 --> 00:24:34,970
24 hours yeah and I was like wait I I

426
00:24:38,409 --> 00:24:36,890
wasn't prepared for this we didn't talk

427
00:24:40,360 --> 00:24:38,419
about that I was going to avoid vitamin

428
00:24:41,500 --> 00:24:40,370
C now I can't have any fruits or

429
00:24:43,180 --> 00:24:41,510
vegetables for the rest of the day that

430
00:24:46,570 --> 00:24:43,190
means I can't have my lunch you know I

431
00:24:48,250 --> 00:24:46,580
have a workday I can't just fast and and

432
00:24:49,330 --> 00:24:48,260
consistently I've been seeing that where

433
00:24:52,390 --> 00:24:49,340
they'll treat you and they're just like

434
00:24:54,070 --> 00:24:52,400
okay avoid all I don't know something

435
00:24:55,900 --> 00:24:54,080
that you're supposed to avoid avoid all

436
00:24:58,870 --> 00:24:55,910
vitamin B and it's just like well you

437
00:25:00,700 --> 00:24:58,880
need to guide me okay but that's the

438
00:25:02,680 --> 00:25:00,710

problem with the food see that that's a

439
00:25:04,180 --> 00:25:02,690
good point okay so when you're trained

440
00:25:05,919 --> 00:25:04,190
in the training for Anna ET do they

441
00:25:09,190 --> 00:25:05,929
teach you how to do that like how to

442
00:25:14,049 --> 00:25:09,200
help the clients at least I do it I am

443
00:25:16,330 --> 00:25:14,059
you do an 18 in Spain and I normally to

444
00:25:18,970 --> 00:25:16,340
my patients and to the people I tell

445
00:25:21,460 --> 00:25:18,980
them first the basic nutrients the 15

446
00:25:23,980 --> 00:25:21,470
basic nutrients which is better to treat

447
00:25:26,290 --> 00:25:23,990
them in order sure and in the first day

448
00:25:29,409 --> 00:25:26,300
I give you the list of what they fit

449
00:25:30,760 --> 00:25:29,419
that 15 substances are what you can do

450
00:25:33,520 --> 00:25:30,770
at and what

451
00:25:35,620 --> 00:25:33,530
cannot do or eat or touch in the

452
00:25:38,770 --> 00:25:35,630
following 25 hours so okay you are

453
00:25:40,930 --> 00:25:38,780
prepared and sometimes if we would treat

454
00:25:43,630 --> 00:25:40,940
sugar but you come and tell me

455
00:25:46,810 --> 00:25:43,640
oh no but I have a party and I please

456
00:25:49,420 --> 00:25:46,820
don't do sugar to me today fine okay we

457
00:25:52,080 --> 00:25:49,430
could okay so you tend to address that

458
00:25:55,420 --> 00:25:52,090
yeah my second question are concerned so

459
00:25:57,760 --> 00:25:55,430
kinesiology is a study of movement but

460
00:25:59,560 --> 00:25:57,770
when in the context of Na et they're

461
00:26:01,990 --> 00:25:59,570
using a totally different definition but

462
00:26:03,730 --> 00:26:02,000
the same word which is using your body's

463
00:26:07,180 --> 00:26:03,740

strength as a yes or no answer

464
00:26:08,770 --> 00:26:07,190
yeah um have they done any statical

465
00:26:11,170 --> 00:26:08,780
studies or are there any published

466
00:26:14,110 --> 00:26:11,180
studies on the validity or reliability

467
00:26:16,360 --> 00:26:14,120
of using the body's kinesiology as yes

468
00:26:18,820 --> 00:26:16,370
or no okay there is a book I don't know

469
00:26:21,010 --> 00:26:18,830
about the Sun I know doc okay yeah the

470
00:26:23,410 --> 00:26:21,020
power versus force okay no thank you

471
00:26:26,830 --> 00:26:23,420
okay versus no power versus force is not

472
00:26:30,310 --> 00:26:26,840
about a healing or or any technique for

473
00:26:32,830 --> 00:26:30,320
for health is more about the philosophy

474
00:26:37,710 --> 00:26:32,840
and evolution of the offer of humanity

475
00:26:41,110 --> 00:26:37,720
and doctor his name could come to me but

476
00:26:44,830 --> 00:26:41,120
but I will come later but in power

477
00:26:47,800 --> 00:26:44,840
versus force he finds that kinesiology

478
00:26:50,230 --> 00:26:47,810
is a tool to know that the absolute

479
00:26:55,240 --> 00:26:50,240
truth and you can ask about anything

480
00:26:59,650 --> 00:26:55,250
about your the level of evolution of a

481
00:27:01,810 --> 00:26:59,660
specific emotion or of a specific person

482
00:27:04,570 --> 00:27:01,820
or the level of truth of a specific

483
00:27:07,960 --> 00:27:04,580
chapter of this book so hey look there

484
00:27:09,550 --> 00:27:07,970
for some reference yes okay thanks great

485
00:27:10,880 --> 00:27:09,560
let's give you on a great round of
