

# THE SECRET RELATIONS BETWEEN UFOS AND CONSCIOUSNESS

BOB WOOD

**SOCIETY  
FOR  
SCIENTIFIC  
EXPLORATION**

1  
00:00:14,669 --> 00:00:10,680  
on the topics of UFOs secrecy and

2  
00:00:19,740 --> 00:00:14,679  
consciousness I welcome Robert M

3  
00:00:23,010 --> 00:00:19,750  
bulb Thank You Harold welcome bub with

4  
00:00:24,480 --> 00:00:23,020  
me when SSE started

5  
00:00:26,970 --> 00:00:24,490  
Bob John began to reveal his

6  
00:00:28,710 --> 00:00:26,980  
consciousness results in Peters Turek

7  
00:00:33,060 --> 00:00:28,720  
reported in what astronomers said about

8  
00:00:34,799 --> 00:00:33,070  
UFOs for example the first issue of jsce

9  
00:00:38,070 --> 00:00:34,809  
has an article in each of these topics

10  
00:00:39,810 --> 00:00:38,080  
and so does a second since then the

11  
00:00:41,970 --> 00:00:39,820  
percentage of consciousness topics has

12  
00:00:46,020 --> 00:00:41,980  
increased and the percentage of UFO

13  
00:00:48,390 --> 00:00:46,030

topics has gone to virtually zero around

14

00:00:51,299 --> 00:00:48,400

2000 I was on the council and was asked

15

00:00:53,189 --> 00:00:51,309

to lead a UFO panel but because of my

16

00:00:55,979 --> 00:00:53,199

own work on authenticating questioned

17

00:00:57,570 --> 00:00:55,989

leaked classified documents I insisted

18

00:00:59,670 --> 00:00:57,580

that the subject could not be properly

19

00:01:02,549 --> 00:00:59,680

studied without revealing attempted

20

00:01:05,820 --> 00:01:02,559

government secrecy the council would not

21

00:01:07,530 --> 00:01:05,830

accept that recommendation for this

22

00:01:09,500 --> 00:01:07,540

audience to understand I need to share

23

00:01:12,060 --> 00:01:09,510

my relevant background very briefly I

24

00:01:18,870 --> 00:01:12,070

intentionally got my PhD in physics to

25

00:01:21,150 --> 00:01:18,880

become a better engineer and worked for

26  
00:01:24,060 --> 00:01:21,160  
one company for 43 years beginning on

27  
00:01:26,580 --> 00:01:24,070  
missile thermodynamics radar

28  
00:01:28,740 --> 00:01:26,590  
discrimination research and development

29  
00:01:31,410 --> 00:01:28,750  
management guiding scientists to get

30  
00:01:35,930 --> 00:01:31,420  
good evaluations the International Space

31  
00:01:41,210 --> 00:01:35,940  
Station design and space launch vehicles

32  
00:01:45,270 --> 00:01:43,680  
during that time by coincidence I was

33  
00:01:50,040 --> 00:01:45,280  
asked by my management to run a project

34  
00:01:52,590 --> 00:01:50,050  
to find out how UFOs might work and we

35  
00:01:55,080 --> 00:01:52,600  
spent six hundred thousand the 1969

36  
00:01:57,570 --> 00:01:55,090  
dollars of company money without access

37  
00:02:01,359 --> 00:01:57,580  
to any classified information and did

38  
00:02:08,150 --> 00:02:04,959

here's an article summarizing this work

39

00:02:10,460 --> 00:02:08,160

after I retired in 1990 I received an

40

00:02:13,339 --> 00:02:10,470

inquiry from one of the men I hired for

41

00:02:15,890 --> 00:02:13,349

this company UFO project staying

42

00:02:17,990 --> 00:02:15,900

freedmen asking if I was interested in

43

00:02:21,110 --> 00:02:18,000

authenticating a fax he had received

44

00:02:23,119 --> 00:02:21,120

from a colleague called extraterrestrial

45

00:02:25,520 --> 00:02:23,129

entities in technology recovery and

46

00:02:26,869 --> 00:02:25,530

disposal a special operations manual

47

00:02:35,839 --> 00:02:26,879

published by the Government Printing

48

00:02:37,670 --> 00:02:35,849

Office kind of looked like this I said

49

00:02:39,229 --> 00:02:37,680

yes and I'm going to share a bit of

50

00:02:43,150 --> 00:02:39,239

information on this one

51  
00:02:45,350 --> 00:02:43,160  
document because it is so important I

52  
00:02:46,970 --> 00:02:45,360  
personally made superb copies from the

53  
00:02:49,580 --> 00:02:46,980  
35 millimeter negatives that were

54  
00:02:50,809 --> 00:02:49,590  
exceptionally illegible and took them to

55  
00:02:53,030 --> 00:02:50,819  
the government printing office to

56  
00:02:55,699 --> 00:02:53,040  
authenticate the result of printing

57  
00:02:59,089 --> 00:02:55,709  
expert Robert McCarter was based on

58  
00:03:01,910 --> 00:02:59,099  
content I'd say that this is a hoax but

59  
00:03:03,199 --> 00:03:01,920  
based on the details of the font there's

60  
00:03:05,150 --> 00:03:03,209  
no question but what's that this

61  
00:03:06,920 --> 00:03:05,160  
document was printed either in this

62  
00:03:11,229 --> 00:03:06,930  
building or in the base basement of the

63  
00:03:14,509 --> 00:03:11,239

Pentagon in 1954 just like it says

64

00:03:16,309 --> 00:03:14,519

here's the cover page showing the title

65

00:03:18,490 --> 00:03:16,319

and agency authorizing the printing

66

00:03:21,680 --> 00:03:18,500

printing majestic 12

67

00:03:24,050 --> 00:03:21,690

McCarter went on to say the raised Z

68

00:03:27,949 --> 00:03:24,060

gives it away because only on hot leaded

69

00:03:30,110 --> 00:03:27,959

printing presses in use at that time had

70

00:03:31,789 --> 00:03:30,120

the Z's raised due to crud occurring on

71

00:03:35,750 --> 00:03:31,799

the lead slugs of the rarely used

72

00:03:39,890 --> 00:03:35,760

letters like the Z this document

73

00:03:41,750 --> 00:03:39,900

specifically states that deceptive

74

00:03:43,610 --> 00:03:41,760

methods are to be used to confuse the

75

00:03:46,819 --> 00:03:43,620

public about the reality of recoveries

76  
00:03:50,599 --> 00:03:46,829  
of downed UFOs see one of the raised Z's

77  
00:03:52,670 --> 00:03:50,609  
were that blue arrow copies of an

78  
00:03:55,039 --> 00:03:52,680  
authentication analysis are available

79  
00:03:56,599 --> 00:03:55,049  
for those who are interested this

80  
00:03:58,789 --> 00:03:56,609  
example illustrates the point that

81  
00:04:00,440 --> 00:03:58,799  
clearly only through access to formally

82  
00:04:02,479 --> 00:04:00,450  
classified information where the public

83  
00:04:06,259 --> 00:04:02,489  
ever have a chance to discover the truth

84  
00:04:08,719 --> 00:04:06,269  
about flying saucers continuing my

85  
00:04:11,509 --> 00:04:08,729  
post-retirement journey the reputation I

86  
00:04:13,580 --> 00:04:11,519  
received for authenticating this manual

87  
00:04:15,500 --> 00:04:13,590  
resulted in multiple sources said

88  
00:04:18,530 --> 00:04:15,510

thousands of classified pages to a

89

00:04:20,449 --> 00:04:18,540

middleman Timothy Cooper who in turn

90

00:04:23,930 --> 00:04:20,459

ultimately sold him to me for the

91

00:04:25,520 --> 00:04:23,940

purpose of getting the truth out we're

92

00:04:28,969 --> 00:04:25,530

talking about a hundred documents here

93

00:04:30,890 --> 00:04:28,979

in 4,000 pages relevant to UFOs many of

94

00:04:33,080 --> 00:04:30,900

them stamped top-secret as it shows in

95

00:04:37,420 --> 00:04:33,090

the right column you can see the

96

00:04:43,040 --> 00:04:37,430

original scans at my son's web site

97

00:04:46,370 --> 00:04:43,050

www.mooji.org became a sort of a

98

00:04:48,409 --> 00:04:46,380

well-known expert around the year 2000

99

00:04:50,270 --> 00:04:48,419

when an acquaintance of helpu Tov wanted

100

00:04:52,540 --> 00:04:50,280

to authenticate these documents so badly

101  
00:04:55,400 --> 00:04:52,550  
that he actually wrote a check for

102  
00:04:59,030 --> 00:04:55,410  
\$500,000 to me and my son and partner

103  
00:05:01,700 --> 00:04:59,040  
Ryan if we would lend them to him we did

104  
00:05:03,650 --> 00:05:01,710  
and the check did not bounce and Ryan

105  
00:05:06,409 --> 00:05:03,660  
and I were also retained to make a

106  
00:05:12,350 --> 00:05:06,419  
one-hour documentary called the secret

107  
00:05:14,570 --> 00:05:12,360  
which still airs from time to time my

108  
00:05:16,700 --> 00:05:14,580  
son took the initiative to plan an

109  
00:05:19,340 --> 00:05:16,710  
annual crash retrieval conference each

110  
00:05:21,680 --> 00:05:19,350  
year in Las Vegas inviting only the most

111  
00:05:24,469 --> 00:05:21,690  
credible and well-known speakers this

112  
00:05:26,000 --> 00:05:24,479  
enhanced my UFO reputation when a fellow

113  
00:05:28,010 --> 00:05:26,010

by the name of William Tompkins was

114

00:05:30,529 --> 00:05:28,020

being interviewed by Koufos the Center

115

00:05:33,770 --> 00:05:30,539

for UFO studies a note was written by

116

00:05:36,339 --> 00:05:33,780

reputable SSA member Mike swords who was

117

00:05:40,100 --> 00:05:36,349

researching the attendees of the

118

00:05:41,870 --> 00:05:40,110

civilian saucer investigation and from

119

00:05:44,719 --> 00:05:41,880

his notes he wrote at the bottom says

120

00:05:47,719 --> 00:05:44,729

what might Bob would know about this the

121

00:05:52,820 --> 00:05:47,729

net result was that Bill Tompkins called

122

00:05:55,370 --> 00:05:52,830

me and so I met bill Tompkins although

123

00:05:57,740 --> 00:05:55,380

eyes initially stunned by the alleged

124

00:06:00,170 --> 00:05:57,750

facts he presented as being incredible

125

00:06:01,670 --> 00:06:00,180

I listened having been trained during by

126

00:06:03,950 --> 00:06:01,680

a career at Douglas to not jump to

127

00:06:06,080 --> 00:06:03,960

conclusions until you heard the whole

128

00:06:07,700 --> 00:06:06,090

story and was amazed to find the bill

129

00:06:10,670 --> 00:06:07,710

and I had not only worked for the same

130

00:06:12,560 --> 00:06:10,680

company but at the same time for some of

131

00:06:16,610 --> 00:06:12,570

the same people and that everyone he

132

00:06:18,920 --> 00:06:16,620

mentioned I knew of or knew and that I

133

00:06:21,770 --> 00:06:18,930

even had seen a couple of the memos that

134

00:06:23,600 --> 00:06:21,780

had his name on them he had been trying

135

00:06:25,459 --> 00:06:23,610

to tell his life story about the secrets

136

00:06:27,170 --> 00:06:25,469

he had been exposed to and had tried

137

00:06:30,560 --> 00:06:27,180

several editors to help him write

138

00:06:34,010 --> 00:06:30,570

I started in about 2009 and was

139

00:06:36,380 --> 00:06:34,020

published in 2015 selected by

140

00:06:38,470 --> 00:06:36,390

extraterrestrials and it's actually a

141

00:06:41,510 --> 00:06:38,480

pretty good seller on Amazon right now

142

00:06:43,940 --> 00:06:41,520

his claims based on his involvement with

143

00:06:46,280 --> 00:06:43,950

the Navy secret activity included the

144

00:06:50,390 --> 00:06:46,290

following you're not gonna believe this

145

00:06:52,610 --> 00:06:50,400

but this what he said he died 1944 a

146

00:06:54,740 --> 00:06:52,620

couple of years ago but he was began as

147

00:06:57,050 --> 00:06:54,750

a talented kid whose first job in the

148

00:07:01,850 --> 00:06:57,060

Navy was to be a courier for what was

149

00:07:06,560 --> 00:07:01,860

said by 29 Navy spies from Nazi Germany

150

00:07:08,390 --> 00:07:06,570

during 1942 to 45 his claims are that

151  
00:07:11,780 --> 00:07:08,400  
the Germans had a relationship with a

152  
00:07:14,870 --> 00:07:11,790  
reptilian race in Antarctica that they

153  
00:07:17,090 --> 00:07:14,880  
gave the Nazis working saucers that key

154  
00:07:20,030 --> 00:07:17,100  
Nazis and saucer manufacturing escaped

155  
00:07:22,580 --> 00:07:20,040  
to Antarctica his work in a secret think

156  
00:07:25,550 --> 00:07:22,590  
tank in the 50s was to help design a

157  
00:07:29,900 --> 00:07:25,560  
Navy space force that young Bobby Ray

158  
00:07:32,870 --> 00:07:29,910  
Inman was involved later at TRW he saw

159  
00:07:36,020 --> 00:07:32,880  
the uncensored Armstrong moon landing

160  
00:07:38,240 --> 00:07:36,030  
showing alien craft he was a draftsman

161  
00:07:41,360 --> 00:07:38,250  
so this is a very accurate statement of

162  
00:07:44,410 --> 00:07:41,370  
what he saw on TV this was drawn from

163  
00:07:46,940 --> 00:07:44,420

the images he saw on live TV on a screen

164

00:07:51,950 --> 00:07:46,950

during the moon landing in a secure

165

00:07:54,350 --> 00:07:51,960

facility the point is that these claims

166

00:07:56,570 --> 00:07:54,360

of factual represent a huge near

167

00:07:59,630 --> 00:07:56,580

unbelievable success in keeping secrets

168

00:08:02,420 --> 00:07:59,640

from public I see a lot of your eyes are

169

00:08:04,730 --> 00:08:02,430

glazing over after this talk when you

170

00:08:05,990 --> 00:08:04,740

leave this room you will just toss out

171

00:08:08,690 --> 00:08:06,000

of your mind the possibility that

172

00:08:11,600 --> 00:08:08,700

they're true unless I tell you how

173

00:08:14,750 --> 00:08:11,610

secrets are successfully kept the phrase

174

00:08:17,810 --> 00:08:14,760

military intelligence is not an oxymoron

175

00:08:20,900 --> 00:08:17,820

as proven by the secrets in the manual I

176

00:08:23,450 --> 00:08:20,910

just described in the next four minutes

177

00:08:25,220 --> 00:08:23,460

I will share with you the sophisticated

178

00:08:27,110 --> 00:08:25,230

techniques used to keep the public in

179

00:08:29,120 --> 00:08:27,120

the dark about the UFO program an

180

00:08:30,440 --> 00:08:29,130

interaction with extraterrestrials

181

00:08:33,860 --> 00:08:30,450

beginning with two very powerful

182

00:08:36,140 --> 00:08:33,870

principles one hide the money in

183

00:08:39,440 --> 00:08:36,150

unacknowledged special access programs

184

00:08:40,820 --> 00:08:39,450

to create a secret Court for classified

185

00:08:42,830 --> 00:08:40,830

testimony that

186

00:08:46,340 --> 00:08:42,840

national security FISA the Foreign

187

00:08:47,810 --> 00:08:46,350

Intelligence Surveillance Act beyond

188

00:08:49,580 --> 00:08:47,820

these principles however they're about

189

00:08:51,830 --> 00:08:49,590

five different procedure is used to

190

00:08:53,630 --> 00:08:51,840

ensure continued secrecy as effective as

191

00:08:55,940 --> 00:08:53,640

those as a Manhattan Project that kept

192

00:08:59,230 --> 00:08:55,950

the secrets of the atomic bomb from the

193

00:09:04,580 --> 00:09:02,030

compartmentalization is the basis of

194

00:09:07,370 --> 00:09:04,590

good secrecy so that no one person knows

195

00:09:11,020 --> 00:09:07,380

the whole story using skiffs or special

196

00:09:13,340 --> 00:09:11,030

compartmented information facilities

197

00:09:15,650 --> 00:09:13,350

people given security clearances are

198

00:09:16,880 --> 00:09:15,660

pre-selected for honesty and loyalty low

199

00:09:19,280 --> 00:09:16,890

potential for blackmail

200

00:09:21,410 --> 00:09:19,290

and detailed analysis including asking

201  
00:09:26,530 --> 00:09:21,420  
neighbors about personal activities and

202  
00:09:28,760 --> 00:09:26,540  
a will to do attitude even if illegal

203  
00:09:31,130 --> 00:09:28,770  
those who become involved for the most

204  
00:09:34,190 --> 00:09:31,140  
part are indeed inherently loyal and

205  
00:09:35,960 --> 00:09:34,200  
with absolute secrecy sincerity plan on

206  
00:09:40,340 --> 00:09:35,970  
never violating their oaths

207  
00:09:42,980 --> 00:09:40,350  
if an agency is suspicious that they

208  
00:09:47,780 --> 00:09:42,990  
might be leaking secrets it can resort

209  
00:09:51,040 --> 00:09:47,790  
to direct threats fines loss of pension

210  
00:09:54,710 --> 00:09:51,050  
blackmail or jail time and occasionally

211  
00:09:56,300 --> 00:09:54,720  
assassination see the example of

212  
00:09:58,220 --> 00:09:56,310  
assassination of secretary James

213  
00:10:00,260 --> 00:09:58,230

Forrestal obtained from a leaked CIA

214

00:10:03,770 --> 00:10:00,270

document showing the words that his

215

00:10:06,080 --> 00:10:03,780

death redeemed was the unnecessary and

216

00:10:08,000 --> 00:10:06,090

rebel necessary and regrettable and

217

00:10:10,970 --> 00:10:08,010

that's what it says here necessary and

218

00:10:13,970 --> 00:10:10,980

regrettable here are the more illegible

219

00:10:16,370 --> 00:10:13,980

words finally beyond these obvious

220

00:10:19,820 --> 00:10:16,380

techniques there's a vast array of more

221

00:10:28,430 --> 00:10:19,830

subtle psychological warfare techniques

222

00:10:29,900 --> 00:10:28,440

shown the next two slides there's a

223

00:10:31,910 --> 00:10:29,910

suppression of both civilian and

224

00:10:35,150 --> 00:10:31,920

military pilot reports and daily control

225

00:10:38,210 --> 00:10:35,160

over what the mainstream media says the

226

00:10:40,150 --> 00:10:38,220

UFO topics buried in New Age witnesses

227

00:10:42,770 --> 00:10:40,160

are often asked how much they've drunk

228

00:10:46,640 --> 00:10:42,780

the government lies if they feel they

229

00:10:48,950 --> 00:10:46,650

should systematically burying sensitive

230

00:10:51,710 --> 00:10:48,960

archival archival materials ranting

231

00:10:53,600 --> 00:10:51,720

about conspiracy theories exposing real

232

00:10:55,940 --> 00:10:53,610

data to checkout counter mangas

233

00:10:58,850 --> 00:10:55,950

or Hollywood movies and maybe leaking

234

00:11:00,470 --> 00:10:58,860

fakes to confuse researchers here's an

235

00:11:02,600 --> 00:11:00,480

example of what what I used to think was

236

00:11:05,690 --> 00:11:02,610

a fake but now I think is that she

237

00:11:07,870 --> 00:11:05,700

authentic this top-secret memo obtained

238

00:11:09,920 --> 00:11:07,880

from Bill Hamilton who worked at area 51

239

00:11:13,280 --> 00:11:09,930

reconstructed the shredded teletype

240

00:11:14,930 --> 00:11:13,290

signed by George Bush in 2003 it was in

241

00:11:17,090 --> 00:11:14,940

order to remove two projects from the

242

00:11:19,130 --> 00:11:17,100

control of the government majestic 12

243

00:11:23,300 --> 00:11:19,140

program and put them under the control

244

00:11:26,780 --> 00:11:23,310

of someone else okay now you know that

245

00:11:29,690 --> 00:11:26,790

secrets can be kept I am going to share

246

00:11:31,790 --> 00:11:29,700

with you what some or the key secrets

247

00:11:35,060 --> 00:11:31,800

are that have been completely kept from

248

00:11:38,390 --> 00:11:35,070

the history books interestingly an early

249

00:11:42,260 --> 00:11:38,400

secret was related to consciousness when

250

00:11:44,030 --> 00:11:42,270

a German girl made maria orsic was

251  
00:11:46,250 --> 00:11:44,040  
allegedly in contact with an alien race

252  
00:11:47,960 --> 00:11:46,260  
near Antares and they told her

253  
00:11:50,260 --> 00:11:47,970  
telepathically how to build a flying

254  
00:11:52,730 --> 00:11:50,270  
saucer using gravity control principles

255  
00:11:54,860 --> 00:11:52,740  
she worked with a professor Winfred

256  
00:11:58,730 --> 00:11:54,870  
Schumann and the first flight was

257  
00:12:00,680 --> 00:11:58,740  
completed in 1924 after the Nazis came

258  
00:12:02,300 --> 00:12:00,690  
into power they had explored the

259  
00:12:05,000 --> 00:12:02,310  
Antarctic caverns and signed a treaty

260  
00:12:06,580 --> 00:12:05,010  
with an evil alien species who would

261  
00:12:09,020 --> 00:12:06,590  
help them try to conquer the world

262  
00:12:11,300 --> 00:12:09,030  
the aliens donated some flippity

263  
00:12:13,460 --> 00:12:11,310

completed craft to the Germans who were

264

00:12:15,680 --> 00:12:13,470

covertly trying to manufacture them for

265

00:12:19,250 --> 00:12:15,690

the war as shown in the flight tests of

266

00:12:23,090 --> 00:12:19,260

the han abouttwo in 1942 followed by the

267

00:12:25,240 --> 00:12:23,100

huge janabu 3 or 4 a german naval

268

00:12:28,220 --> 00:12:25,250

officer was the first man on the moon in

269

00:12:30,200 --> 00:12:28,230

1942 and now there was a lunar

270

00:12:36,830 --> 00:12:30,210

operations control with thousands of

271

00:12:39,560 --> 00:12:36,840

personnel Operation Paperclip admitted

272

00:12:42,380 --> 00:12:39,570

about 5000 technology Germans including

273

00:12:43,910 --> 00:12:42,390

Wernher von Braun many of whom helped on

274

00:12:44,950 --> 00:12:43,920

our reverse engineering of alien

275

00:12:48,220 --> 00:12:44,960

recovered craft

276

00:12:51,980 --> 00:12:48,230

operation Highjump in February 47

277

00:12:54,020 --> 00:12:51,990

attempted to destroy the German Nazis in

278

00:12:56,420 --> 00:12:54,030

the Antarctic but they were badly

279

00:13:00,770 --> 00:12:56,430

defeated by the beam weapons mounted in

280

00:13:02,710 --> 00:13:00,780

alien saucers the operation Highjump the

281

00:13:06,080 --> 00:13:02,720

net result was a standoff until about

282

00:13:07,769 --> 00:13:06,090

1952 when large numbers of Nazi craft

283

00:13:10,439 --> 00:13:07,779

over flew Washington DC

284

00:13:11,939 --> 00:13:10,449

for two weekends in a row and Truman was

285

00:13:17,730 --> 00:13:11,949

forced to sign an agreement to not

286

00:13:20,489 --> 00:13:17,740

attack the Antarctic bases later in 1954

287

00:13:22,590 --> 00:13:20,499

and 55 Eisenhower also signed treaties

288

00:13:24,720 --> 00:13:22,600

with a gray alien race to get access to

289

00:13:27,420 --> 00:13:24,730

their technology in exchange for

290

00:13:29,489 --> 00:13:27,430

permission to abduct a few people in

291

00:13:31,710 --> 00:13:29,499

return them but the aliens didn't follow

292

00:13:33,239 --> 00:13:31,720

the terms agreed giving us some

293

00:13:34,889 --> 00:13:33,249

technology but using some of the

294

00:13:37,679 --> 00:13:34,899

abductees for various genetic

295

00:13:40,699 --> 00:13:37,689

experiments he also signed a treaty with

296

00:13:43,110 --> 00:13:40,709

a Nazi reptilian Antarctic group

297

00:13:44,850 --> 00:13:43,120

meanwhile the Navy had started reverse

298

00:13:47,280 --> 00:13:44,860

engineering the craft they had recovered

299

00:13:49,819 --> 00:13:47,290

at the so-called Battle of LA when two

300

00:13:52,619 --> 00:13:49,829

crafts were shot down in February 1942

301  
00:13:55,619 --> 00:13:52,629  
the Douglas think-tank task group was

302  
00:13:58,170 --> 00:13:55,629  
asked to develop kilometer-long Navy

303  
00:14:02,249 --> 00:13:58,180  
craft laid out by draftsman William

304  
00:14:05,579 --> 00:14:02,259  
Tompkins dated 1954 in his hand and

305  
00:14:09,989 --> 00:14:05,589  
that's actually the 1954 in his

306  
00:14:11,790 --> 00:14:09,999  
handwriting later young Bobby Ray Inman

307  
00:14:13,230 --> 00:14:11,800  
managed this project to develop crafts

308  
00:14:15,480 --> 00:14:13,240  
that were refined to work with gravity

309  
00:14:18,210 --> 00:14:15,490  
controlled in engines and wound up

310  
00:14:21,660 --> 00:14:18,220  
becoming the basis of the solar warden

311  
00:14:25,170 --> 00:14:21,670  
project allegedly protecting our system

312  
00:14:27,269 --> 00:14:25,180  
from intruders in the 1980s the other

313  
00:14:29,429 --> 00:14:27,279

part of the secret program space program

314

00:14:32,069 --> 00:14:29,439

was created by the CIA and the Air Force

315

00:14:34,439 --> 00:14:32,079

including testing and famous area 51

316

00:14:37,920 --> 00:14:34,449

this has described in exceptional detail

317

00:14:41,960 --> 00:14:37,930

by Michael Saleh in his new book the US

318

00:14:45,929 --> 00:14:41,970

Air Force in the secret space program

319

00:14:48,259 --> 00:14:45,939

thank you they were also successful in

320

00:14:50,669 --> 00:14:48,269

creating crafts including the tr-3b

321

00:14:58,139 --> 00:14:50,679

thought to be a hyper optic transport

322

00:14:59,790 --> 00:14:58,149

craft the CIA had also been deeply

323

00:15:01,740 --> 00:14:59,800

involved in controlling and monitoring

324

00:15:03,840 --> 00:15:01,750

possible soldiers using in many cases

325

00:15:05,910 --> 00:15:03,850

unethical procedures and apparently

326

00:15:07,619 --> 00:15:05,920

developed the 20 and back age regression

327

00:15:09,989 --> 00:15:07,629

program that permitted qualified

328

00:15:12,720 --> 00:15:09,999

military people to sign up to work for

329

00:15:15,090 --> 00:15:12,730

20 years in space then be transported in

330

00:15:17,759 --> 00:15:15,100

time back to where they were and aged

331

00:15:20,189 --> 00:15:17,769

regressed so how does this history of

332

00:15:21,160 --> 00:15:20,199

ufology relate to consciousness I will

333

00:15:22,540 --> 00:15:21,170

offer some simple

334

00:15:24,430 --> 00:15:22,550

apples one relating to healing what

335

00:15:26,860 --> 00:15:24,440

about psychic communication with aliens

336

00:15:29,440 --> 00:15:26,870

the one with psychokinesis the healing

337

00:15:34,930 --> 00:15:29,450

example is here this is from an official

338

00:15:38,710 --> 00:15:34,940

blue book report where this deputy

339

00:15:40,810 --> 00:15:38,720

sheriff was had been bitten by a his

340

00:15:43,300 --> 00:15:40,820

baby alligator that morning and he was

341

00:15:46,210 --> 00:15:43,310

in pain so he had the chief right along

342

00:15:49,090 --> 00:15:46,220

with him and they were illuminated by a

343

00:15:50,949 --> 00:15:49,100

blue beam and they tried to chase the

344

00:15:52,660 --> 00:15:50,959

UFO all night but they didn't catch it

345

00:15:54,009 --> 00:15:52,670

but and when they were having breakfast

346

00:15:56,230 --> 00:15:54,019

in the morning he realized that his

347

00:15:58,259 --> 00:15:56,240

finger didn't hurt anymore so he took

348

00:16:00,939 --> 00:15:58,269

off the bandage and it was all healed

349

00:16:03,250 --> 00:16:00,949

the next morning the start there was no

350

00:16:05,590 --> 00:16:03,260

scar the second would be telepathic

351  
00:16:07,540 --> 00:16:05,600  
communication the source of this is a

352  
00:16:09,129 --> 00:16:07,550  
CIA whistleblower Stein at the end of

353  
00:16:12,340 --> 00:16:09,139  
his life willing to tell all of you did

354  
00:16:14,769 --> 00:16:12,350  
relevant to the UFO alien program an

355  
00:16:17,290 --> 00:16:14,779  
alien called j-rod shown here was kept

356  
00:16:18,160 --> 00:16:17,300  
at area 51 who was interviewed by both

357  
00:16:20,439 --> 00:16:18,170  
William teller

358  
00:16:23,050 --> 00:16:20,449  
excuse me Edward Teller and I in a

359  
00:16:25,810 --> 00:16:23,060  
skilled and talented microbiologist dan

360  
00:16:27,340 --> 00:16:25,820  
crane j-rod was being regularly given

361  
00:16:29,319 --> 00:16:27,350  
shots to keep him alive

362  
00:16:30,880 --> 00:16:29,329  
crane was in constant psychic

363  
00:16:33,220 --> 00:16:30,890

communication every time he approached

364

00:16:34,930 --> 00:16:33,230

j-rod interviewers covered their ears

365

00:16:37,389 --> 00:16:34,940

but they still could hear him loud and

366

00:16:40,079 --> 00:16:37,399

clear details are in a copyrighted but

367

00:16:43,120 --> 00:16:40,089

unpublished manuscript called area 51

368

00:16:47,130 --> 00:16:43,130

whistleblowers by deceased researcher C

369

00:16:50,470 --> 00:16:47,140

Ronald Gardner mine control of the craft

370

00:16:52,540 --> 00:16:50,480

in a crash retrieved in Socorro New

371

00:16:54,610 --> 00:16:52,550

Mexico before the Roswell crashes we

372

00:16:57,460 --> 00:16:54,620

found control panels that had a keyboard

373

00:16:59,410 --> 00:16:57,470

sized for small six fingered alien hands

374

00:17:01,329 --> 00:16:59,420

with depressions for the places where

375

00:17:02,470 --> 00:17:01,339

the fingers would be placed this was

376

00:17:04,780 --> 00:17:02,480

interpreted as a way of enhancing

377

00:17:06,720 --> 00:17:04,790

consciousness presumably to control the

378

00:17:12,199 --> 00:17:06,730

flight of the craft

379

00:17:15,590 --> 00:17:14,210

when I read Thomas Kuhns structure of

380

00:17:18,499 --> 00:17:15,600

scientific revolutions for the first

381

00:17:20,899 --> 00:17:18,509

time I consciously knew that quantum

382

00:17:22,819 --> 00:17:20,909

mechanics was going to be modified by

383

00:17:25,519 --> 00:17:22,829

quantum mechanics a professor at Cornell

384

00:17:29,119 --> 00:17:25,529

was Philip Morrison and when a student

385

00:17:30,440 --> 00:17:29,129

asked him in 1951 is it possible there's

386

00:17:33,200 --> 00:17:30,450

something more fundamental than quantum

387

00:17:35,450 --> 00:17:33,210

mechanics Morrison reluctantly said yes

388

00:17:36,950 --> 00:17:35,460

maybe there is that is particularly

389

00:17:38,749 --> 00:17:36,960

important to me because he was one of

390

00:17:41,930 --> 00:17:38,759

the four professors who gave me my PhD

391

00:17:43,940 --> 00:17:41,940

and it later turned out in my document

392

00:17:46,190 --> 00:17:43,950

research probably be the first person

393

00:17:49,070 --> 00:17:46,200

who was selected to join Carl Sagan in

394

00:17:51,889 --> 00:17:49,080

1989 on the majestic 12 UFO program

395

00:17:55,580 --> 00:17:51,899

before he died in 1996 you can get the

396

00:17:57,529 --> 00:17:55,590

document at cost from my wife and it's

397

00:17:59,090 --> 00:17:57,539

called Aquarius right here in red

398

00:18:02,690 --> 00:17:59,100

letters and tell us about the history of

399

00:18:04,430 --> 00:18:02,700

the crash recovery program and what one

400

00:18:06,919 --> 00:18:04,440

human like alien told us about how

401  
00:18:08,659 --> 00:18:06,929  
nikola tesla was involved when he was in

402  
00:18:12,619 --> 00:18:08,669  
vert interviewed for a year by Harry

403  
00:18:15,169 --> 00:18:12,629  
Truman after the S that crash in 1948 in

404  
00:18:17,060 --> 00:18:15,179  
closing I'm assuming everyone who joins

405  
00:18:19,190 --> 00:18:17,070  
the SSC is eager to understand the whole

406  
00:18:21,169 --> 00:18:19,200  
truth the bottom nominees as best we can

407  
00:18:23,180 --> 00:18:21,179  
it became clear to me that much truth

408  
00:18:25,580 --> 00:18:23,190  
emerges from well-kept secrets and

409  
00:18:27,320 --> 00:18:25,590  
they're not UFO secrecy could turn out

410  
00:18:30,529 --> 00:18:27,330  
to be the critical for anyone trying to

411  
00:18:35,570 --> 00:18:30,539  
write the equations of consciousness if

412  
00:18:37,100 --> 00:18:35,580  
there are any Ingo Swann one of the

413  
00:18:39,259 --> 00:18:37,110

earliest and probably best of the remote

414

00:18:42,200 --> 00:18:39,269

viewers after viewing the planet said

415

00:18:43,580 --> 00:18:42,210

about space side intelligences and if

416

00:18:45,830 --> 00:18:43,590

they have achieved high technological

417

00:18:47,869 --> 00:18:45,840

control of consciousness that is

418

00:18:49,789 --> 00:18:47,879

commensurate with the high technology of

419

00:18:54,369 --> 00:18:49,799

their craft I'll bet they're very good

420

00:18:59,600 --> 00:18:57,169

this book is the very best current

421

00:19:02,840 --> 00:18:59,610

history summary of ETS and higher

422

00:19:05,060 --> 00:19:02,850

dimensional beings chapter 10 of an

423

00:19:07,279 --> 00:19:05,070

incredibly and comprehensive book called

424

00:19:11,659 --> 00:19:07,289

science in the soul the afterlife and

425

00:19:13,279 --> 00:19:11,669

the shift my final chart shows a few of

426

00:19:15,289 --> 00:19:13,289

the central concepts for ufos and

427

00:19:17,720 --> 00:19:15,299

consciousness and how they might merge

428

00:19:19,970 --> 00:19:17,730

on the left you can see that some aliens

429

00:19:22,519 --> 00:19:19,980

read minds there are more dimensions

430

00:19:24,739 --> 00:19:22,529

than space and time multiple visitors

431

00:19:25,940 --> 00:19:24,749

relate to our evolution it's easy to

432

00:19:29,180 --> 00:19:25,950

travel faster than the speed

433

00:19:30,200 --> 00:19:29,190

like if you know how to do it we know

434

00:19:32,870 --> 00:19:30,210

that there is evidence that

435

00:19:35,629 --> 00:19:32,880

consciousness survives death spoon

436

00:19:37,820 --> 00:19:35,639

bending works remote viewing is real and

437

00:19:40,009 --> 00:19:37,830

reincarnation is statistically

438

00:19:43,240 --> 00:19:40,019

significant as you just heard in New

439

00:19:47,720 --> 00:19:43,250

York Dobyns speech - a little while ago

440

00:19:50,180 --> 00:19:47,730

will the consilience of of ecology and

441

00:19:53,330 --> 00:19:50,190

consciousness lead us into 30th century

442

00:19:55,610 --> 00:19:53,340

science as noted by the famous scientist

443

00:19:58,490 --> 00:19:55,620

Allen Hynek there will be a 30th century

444

00:20:01,250 --> 00:19:58,500

science we suffer perhaps from temporal

445

00:20:06,409 --> 00:20:01,260

provincialism a form of arrogance that

446

00:20:21,139 --> 00:20:06,419

is always irritated posterity you have

447

00:20:22,669 --> 00:20:21,149

Q&A now thank you very much Bob so we

448

00:20:25,460 --> 00:20:22,679

have questions may I start the first

449

00:20:29,120 --> 00:20:25,470

ones are you actually suggesting that

450

00:20:32,659 --> 00:20:29,130

these Nazi aircraft and aliens are still

451  
00:20:33,560 --> 00:20:32,669  
hiding and freezing their asses off down

452  
00:20:35,810 --> 00:20:33,570  
in Antarctica

453  
00:20:38,480 --> 00:20:35,820  
yeah the evidence is that they're still

454  
00:20:43,610 --> 00:20:38,490  
there together they've evolved over the

455  
00:20:46,909 --> 00:20:43,620  
decades since that time though okay okay

456  
00:20:50,210 --> 00:20:46,919  
this is a very minor point but what I

457  
00:20:51,740 --> 00:20:50,220  
heard really bothered me I mean the

458  
00:20:53,120 --> 00:20:51,750  
major points are much too big to deal

459  
00:20:57,500 --> 00:20:53,130  
with in a Q&A session

460  
00:21:01,060 --> 00:20:57,510  
but how did Truman interview Tesla in

461  
00:21:04,220 --> 00:21:01,070  
1948 when Tesla died in 1943 I think

462  
00:21:05,990 --> 00:21:04,230  
what I said what I said was that Truman

463  
00:21:08,480 --> 00:21:06,000

interview had the opportunity to

464

00:21:12,289 --> 00:21:08,490

interview an alien who was recovered

465

00:21:14,120 --> 00:21:12,299

from a crash in 1948 where the alien had

466

00:21:17,899 --> 00:21:14,130

been recovered and was willing to stay

467

00:21:20,509 --> 00:21:17,909

for a year and chat with us and so his

468

00:21:22,700 --> 00:21:20,519

words are actually described in this

469

00:21:24,500 --> 00:21:22,710

document I mentioned God as curious it's

470

00:21:27,080 --> 00:21:24,510

got a whole chapter on what the alien

471

00:21:32,930 --> 00:21:27,090

said about our society very interesting

472

00:21:35,560 --> 00:21:32,940

reading okay so two questions one is I'm

473

00:21:38,520 --> 00:21:35,570

just going along let's assume the the

474

00:21:41,940 --> 00:21:38,530

reptile people are aliens

475

00:21:44,450 --> 00:21:41,950

in Antarctica - what I mean do you have

476

00:21:47,520 --> 00:21:44,460

the thought then that for instance the

477

00:21:49,170 --> 00:21:47,530

United States inability to try to do

478

00:21:50,820 --> 00:21:49,180

anything about climate change has to do

479

00:21:52,490 --> 00:21:50,830

with like actually wanting to make it so

480

00:21:56,010 --> 00:21:52,500

that there's no place for them to live

481

00:21:57,990 --> 00:21:56,020

so that's one thought I had I don't know

482

00:21:59,700 --> 00:21:58,000

what you think of it and then the second

483

00:22:01,590 --> 00:21:59,710

thing is do you actually know how to

484

00:22:02,670 --> 00:22:01,600

travel faster than the speed of light or

485

00:22:06,830 --> 00:22:02,680

are you making the assumption that

486

00:22:08,730 --> 00:22:06,840

because it's been in your view shielded

487

00:22:10,590 --> 00:22:08,740

that therefore anything that's been

488

00:22:12,270 --> 00:22:10,600

shielded is true and I worry about that

489

00:22:14,580 --> 00:22:12,280

assumption that anything that because

490

00:22:16,050 --> 00:22:14,590

that seems like another way to to see

491

00:22:18,750 --> 00:22:16,060

well you had multiple questions in there

492

00:22:20,580 --> 00:22:18,760

but as far as Antarctic is concerned I

493

00:22:25,350 --> 00:22:20,590

do believe that they're they're still

494

00:22:28,050 --> 00:22:25,360

there and it covers caverns underground

495

00:22:29,910 --> 00:22:28,060

and that some of the heat that is

496

00:22:32,640 --> 00:22:29,920

associated with the normal living

497

00:22:37,500 --> 00:22:32,650

quarters there may in fact be slightly

498

00:22:39,810 --> 00:22:37,510

related to but the the question when I

499

00:22:41,400 --> 00:22:39,820

said travels fastest being light the

500

00:22:43,380 --> 00:22:41,410

point that I was making is that the Navy

501  
00:22:44,610 --> 00:22:43,390  
and the Air Force put the best

502  
00:22:47,640 --> 00:22:44,620  
scientists they had in the entire

503  
00:22:49,200 --> 00:22:47,650  
country and some Germans too on the

504  
00:22:51,630 --> 00:22:49,210  
problem a figure on how they worked and

505  
00:22:53,640 --> 00:22:51,640  
they figured out how they worked and the

506  
00:22:56,580 --> 00:22:53,650  
Air Force in particular in creating this

507  
00:22:58,320 --> 00:22:56,590  
tr-3b is I believe there's evidence to

508  
00:22:59,850 --> 00:22:58,330  
this hyper optic will go faster in the

509  
00:23:03,360 --> 00:22:59,860  
light you can go to the stars and come

510  
00:23:04,560 --> 00:23:03,370  
back in so you have that second hand

511  
00:23:07,530 --> 00:23:04,570  
like you haven't seen that but you've

512  
00:23:09,450 --> 00:23:07,540  
heard people say I'm the only UFO person

513  
00:23:21,270 --> 00:23:09,460

I know whose claims I've never seen one

514

00:23:23,190 --> 00:23:21,280

at all yeah okay thank you in 1947 when

515

00:23:26,160 --> 00:23:23,200

I was eight years old playing my front

516

00:23:28,050 --> 00:23:26,170

yard in Pittsburgh I went in at noon to

517

00:23:30,960 --> 00:23:28,060

listen to the news and it was announced

518

00:23:33,930 --> 00:23:30,970

that a flying saucer had landed near

519

00:23:36,000 --> 00:23:33,940

Roswell and there were creatures and I

520

00:23:38,610 --> 00:23:36,010

thought that was fascinating the next

521

00:23:39,450 --> 00:23:38,620

day I went in listen to the news it was

522

00:23:42,090 --> 00:23:39,460

a mistake

523

00:23:44,970 --> 00:23:42,100

they were weather balloons recently I

524

00:23:48,780 --> 00:23:44,980

came across the book the day after

525

00:23:51,340 --> 00:23:48,790

Roswell yes well it was by Colonel Corso

526

00:23:54,990 --> 00:23:51,350

he is the guy who received

527

00:23:58,330 --> 00:23:55,000

the hardware from the crash site and

528

00:24:01,210 --> 00:23:58,340

read the autopsy reports from Walter

529

00:24:04,360 --> 00:24:01,220

Reed that's when the creatures a very

530

00:24:06,580 --> 00:24:04,370

interesting history yes and that English

531

00:24:08,049 --> 00:24:06,590

book actually didn't have five of the

532

00:24:10,450 --> 00:24:08,059

things that they had discovered that

533

00:24:14,080 --> 00:24:10,460

we've been using now as I think that was

534

00:24:16,419 --> 00:24:14,090

it so I have to preface my remarks by by

535

00:24:18,220 --> 00:24:16,429

assuring you so I I went from a

536

00:24:20,789 --> 00:24:18,230

sympathetic agnostic to be absolutely

537

00:24:24,130 --> 00:24:20,799

convinced that UFOs or you ApS are

538

00:24:26,289 --> 00:24:24,140

almost certainly some kind of non

539

00:24:28,210 --> 00:24:26,299

earthly craft piloted by some kind of

540

00:24:30,700 --> 00:24:28,220

intelligent and or some intentional

541

00:24:34,330 --> 00:24:30,710

entity right so I'm not a skeptic or

542

00:24:36,789 --> 00:24:34,340

disbeliever here but it seems to me that

543

00:24:40,060 --> 00:24:36,799

when you're talking about how they kept

544

00:24:41,140 --> 00:24:40,070

all of this secret it seemed to be an

545

00:24:42,100 --> 00:24:41,150

attempt and I don't know if that came

546

00:24:43,480 --> 00:24:42,110

from you or some bad side having a

547

00:24:44,680 --> 00:24:43,490

little hard time to say what was you and

548

00:24:51,970 --> 00:24:44,690

what was somebody you were talking about

549

00:24:55,060 --> 00:24:51,980

right but but so that seemed to me an

550

00:24:57,490 --> 00:24:55,070

attempt just to plug a hole in the

551  
00:25:00,570 --> 00:24:57,500  
criticism against the you know the the

552  
00:25:03,340 --> 00:25:00,580  
secret us alleged secret u.s. UFO

553  
00:25:05,590 --> 00:25:03,350  
program right or whatever we want to

554  
00:25:07,029 --> 00:25:05,600  
call it in that for long time people

555  
00:25:08,470 --> 00:25:07,039  
said well if there are such a big deal

556  
00:25:09,669 --> 00:25:08,480  
going on why isn't somebody spilled the

557  
00:25:11,560 --> 00:25:09,679  
beans I mean we can't keep anything

558  
00:25:13,570 --> 00:25:11,570  
secret in the in the United States past

559  
00:25:15,430 --> 00:25:13,580  
a certain level right and so your

560  
00:25:17,860 --> 00:25:15,440  
argument seemed to be that or who's ever

561  
00:25:21,220 --> 00:25:17,870  
argument that was but it was interesting

562  
00:25:22,630 --> 00:25:21,230  
because it didn't match with how in some

563  
00:25:23,799 --> 00:25:22,640

respects some respects make sense but

564

00:25:25,380 --> 00:25:23,809

other space didn't match with my

565

00:25:28,720 --> 00:25:25,390

experience in the intelligence community

566

00:25:34,450 --> 00:25:28,730

one for example was this use of SAP of

567

00:25:37,720 --> 00:25:34,460

UC ASAP so unacknowledged special access

568

00:25:39,549 --> 00:25:37,730

program I spent roughly ten years

569

00:25:41,950 --> 00:25:39,559

working with saps and I never ever heard

570

00:25:46,120 --> 00:25:41,960

that term and it's actually in a way not

571

00:25:47,350 --> 00:25:46,130

even essential to put you in it well let

572

00:25:48,850 --> 00:25:47,360

me I'll say well I only have one more

573

00:25:51,010 --> 00:25:48,860

thing to say to the other thing had to a

574

00:25:52,480 --> 00:25:51,020

Skip's the way you use skip up there is

575

00:25:54,130 --> 00:25:52,490

actually not standard either I mean I

576

00:25:56,110 --> 00:25:54,140

never experienced gifts being used the

577

00:25:58,240 --> 00:25:56,120

way that you describe it so I understand

578

00:26:02,470 --> 00:25:58,250

specialize but I'm just dubious about

579

00:26:04,950 --> 00:26:02,480

about that part of the talk so we did
