

# We Function Under Two Sets of the Laws of Nature

00:00:08,549 --> 00:00:06,230

[Music]

2  
00:00:11,030 --> 00:00:08,559

hello i am olga's russian

3  
00:00:12,470 --> 00:00:11,040

thank you for attending my lecture on

4  
00:00:15,110 --> 00:00:12,480

subtle energy

5  
00:00:18,070 --> 00:00:15,120

i am going to start with a little about

6  
00:00:19,990 --> 00:00:18,080

my story and how i came to be doing this

7  
00:00:22,150 --> 00:00:20,000

work in subtle energy

8  
00:00:24,070 --> 00:00:22,160

i began my career in traditional

9  
00:00:28,390 --> 00:00:24,080

medicine as a physician

10  
00:00:31,029 --> 00:00:28,400

by the age of 35 i was a medical doctor

11  
00:00:32,470 --> 00:00:31,039

of internal medicine with 10 years of

12  
00:00:34,870 --> 00:00:32,480

experience

13  
00:00:37,110 --> 00:00:34,880

working at the emergency ward of

14

00:00:39,750 --> 00:00:37,120

hospital in leningrad

15

00:00:43,590 --> 00:00:39,760

i loved what i was doing but this was

16

00:00:46,229 --> 00:00:43,600

still not enough for me to truly help

17

00:00:49,270 --> 00:00:46,239

the chronically ill patients

18

00:00:52,150 --> 00:00:49,280

i started looking for a system

19

00:00:55,110 --> 00:00:52,160

that would help me improve the lives of

20

00:00:57,189 --> 00:00:55,120

these patients and help me become better

21

00:01:00,150 --> 00:00:57,199

in diagnostics

22

00:01:02,950 --> 00:01:00,160

because in 10 years working into

23

00:01:06,710 --> 00:01:02,960

hospitals neither one of them had the

24

00:01:09,510 --> 00:01:06,720

ultrasound equipment never mind the mri

25

00:01:11,750 --> 00:01:09,520

eventually i decided to add acupuncture

26  
00:01:13,510 --> 00:01:11,760  
to my set of skills and got into the

27  
00:01:15,830 --> 00:01:13,520  
college of acupuncture for medical

28  
00:01:17,270 --> 00:01:15,840  
doctor

29  
00:01:19,749 --> 00:01:17,280  
around this time

30  
00:01:21,749 --> 00:01:19,759  
a friend told me to visit the subtle

31  
00:01:24,550 --> 00:01:21,759  
energy laboratory

32  
00:01:27,830 --> 00:01:24,560  
i never heard about this type of energy

33  
00:01:29,749 --> 00:01:27,840  
but was told this could help me with my

34  
00:01:32,390 --> 00:01:29,759  
diagnostic skills

35  
00:01:33,990 --> 00:01:32,400  
i was intrigued to say the least and

36  
00:01:35,310 --> 00:01:34,000  
went there

37  
00:01:38,230 --> 00:01:35,320  
it was a

38  
00:01:41,429 --> 00:01:38,240

multi-disciplinary research place

39

00:01:44,389 --> 00:01:41,439

founded in 1983

40

00:01:47,749 --> 00:01:44,399

by the ussr ministry of space where they

41

00:01:49,590 --> 00:01:47,759

were studying how and where to use

42

00:01:52,149 --> 00:01:49,600

subtle energy

43

00:01:56,870 --> 00:01:52,159

the head of this research lab was the

44

00:01:59,109 --> 00:01:56,880

vadim plikov who had a phd in physics

45

00:02:01,510 --> 00:01:59,119

vadim plikov was giving weekly

46

00:02:04,069 --> 00:02:01,520

three-hour seminars dedicated to

47

00:02:06,789 --> 00:02:04,079

meditations to increase

48

00:02:08,389 --> 00:02:06,799

extra sensory perception and abilities

49

00:02:12,070 --> 00:02:08,399

to concentrate

50

00:02:14,790 --> 00:02:12,080

as well as helping to develop his method

51  
00:02:18,630 --> 00:02:14,800  
of using holographic images

52  
00:02:21,270 --> 00:02:18,640  
of organs to evaluate health even when

53  
00:02:22,710 --> 00:02:21,280  
one could not see or talk to the patient

54  
00:02:25,830 --> 00:02:22,720  
in person

55  
00:02:29,110 --> 00:02:25,840  
to do this we were asked to check an

56  
00:02:31,990 --> 00:02:29,120  
image of somebody's organ by hanging it

57  
00:02:34,630 --> 00:02:32,000  
in air in front of us and evaluating

58  
00:02:37,509 --> 00:02:34,640  
what we felt with our hand

59  
00:02:40,390 --> 00:02:37,519  
of course i became very engaged and

60  
00:02:42,949 --> 00:02:40,400  
during my shifts i started to experiment

61  
00:02:45,430 --> 00:02:42,959  
with the vibrations of organs

62  
00:02:47,910 --> 00:02:45,440  
but very quietly so i didn't raise

63  
00:02:50,070 --> 00:02:47,920

questions about my sanity

64

00:02:53,270 --> 00:02:50,080

whenever i had the chance i would

65

00:02:56,390 --> 00:02:53,280

practice only after that would i come to

66

00:02:59,430 --> 00:02:56,400

a patient and go through my routine

67

00:03:02,229 --> 00:02:59,440

and compare my findings

68

00:03:07,030 --> 00:03:02,239

in just a few weeks it became clear to

69

00:03:10,229 --> 00:03:07,040

me that the in unimaginable was real

70

00:03:13,190 --> 00:03:10,239

the evaluation of a patient health could

71

00:03:16,869 --> 00:03:13,200

be done from a distance without

72

00:03:19,830 --> 00:03:16,879

talking or even meeting them everything

73

00:03:22,550 --> 00:03:19,840

that i learned at school and so with my

74

00:03:24,869 --> 00:03:22,560

own eyes turned out to be just a

75

00:03:26,949 --> 00:03:24,879

fraction of reality

76

00:03:29,270 --> 00:03:26,959

it was mesmerizing

77

00:03:32,710 --> 00:03:29,280

when the time came for us to immigrate

78

00:03:35,270 --> 00:03:32,720

to canada i knew for sure that i didn't

79

00:03:38,070 --> 00:03:35,280

want to be a medical doctor anymore

80

00:03:40,630 --> 00:03:38,080

because i had to go deeper into the

81

00:03:42,789 --> 00:03:40,640

subject of subtle energy

82

00:03:45,830 --> 00:03:42,799

during my first three years of

83

00:03:48,229 --> 00:03:45,840

developing my own wellness counseling

84

00:03:50,470 --> 00:03:48,239

practice in toronto because there was no

85

00:03:51,910 --> 00:03:50,480

research on subtle energy and still

86

00:03:52,949 --> 00:03:51,920

doesn't exist

87

00:03:56,149 --> 00:03:52,959

i was

88

00:03:59,190 --> 00:03:56,159

experimenting with ways to heal people

89

00:04:01,830 --> 00:03:59,200

and bring them to a state of balance as

90

00:04:04,229 --> 00:04:01,840

well as collecting data on what

91

00:04:05,589 --> 00:04:04,239

different vibrations meant

92

00:04:08,390 --> 00:04:05,599

however

93

00:04:10,390 --> 00:04:08,400

i started to feel the need to have an

94

00:04:13,589 --> 00:04:10,400

organized picture of subtle energy for

95

00:04:16,150 --> 00:04:13,599

myself and to be able to explain my

96

00:04:19,349 --> 00:04:16,160

conclusions to my clients

97

00:04:22,790 --> 00:04:19,359

when i started to look for explanation

98

00:04:25,670 --> 00:04:22,800

for what i was sensing the first book i

99

00:04:27,350 --> 00:04:25,680

read was the holographic universe by

100

00:04:30,230 --> 00:04:27,360

michael talbot

101

00:04:33,030 --> 00:04:30,240

it just came out in 1993

102

00:04:36,629 --> 00:04:33,040

this directed me to the ideas of david

103

00:04:40,150 --> 00:04:36,639

baum a quantum physicist and philosopher

104

00:04:44,390 --> 00:04:40,160

who dedicated his life to explaining how

105

00:04:46,550 --> 00:04:44,400

the universe works and our place in it

106

00:04:48,469 --> 00:04:46,560

what i learned from boom

107

00:04:50,550 --> 00:04:48,479

helped to organize my mind and

108

00:04:52,310 --> 00:04:50,560

crystallize my ideas

109

00:04:54,710 --> 00:04:52,320

i started to apply

110

00:04:56,870 --> 00:04:54,720

the laws of quantum physics to what i

111

00:05:00,230 --> 00:04:56,880

was experiencing with the vibrational

112

00:05:04,870 --> 00:05:00,240

world of subtle energy and it turned out

113

00:05:07,909 --> 00:05:04,880

that they were very compatible

114

00:05:10,469 --> 00:05:07,919

i am not a physicist and not a scientist

115

00:05:12,310 --> 00:05:10,479

i have always been a practitioner

116

00:05:13,270 --> 00:05:12,320

therefore what i am going to share with

117

00:05:16,070 --> 00:05:13,280

you

118

00:05:19,270 --> 00:05:16,080

a practical system with an organized

119

00:05:22,070 --> 00:05:19,280

view of how this type of energy is

120

00:05:23,189 --> 00:05:22,080

different from anything we learned at

121

00:05:24,550 --> 00:05:23,199

school

122

00:05:26,390 --> 00:05:24,560

and illustrate

123

00:05:29,670 --> 00:05:26,400

how this new knowledge

124

00:05:31,510 --> 00:05:29,680

can be applied in our lives enhancing

125

00:05:33,110 --> 00:05:31,520

and guiding us

126  
00:05:35,990 --> 00:05:33,120  
this system

127  
00:05:37,590 --> 00:05:36,000  
helps shift our minds into the realm of

128  
00:05:40,070 --> 00:05:37,600  
vibrational world

129  
00:05:40,950 --> 00:05:40,080  
this system is a compilation

130  
00:05:41,830 --> 00:05:40,960  
of

131  
00:05:44,950 --> 00:05:41,840  
what

132  
00:05:47,590 --> 00:05:44,960  
was already known about this mesmerizing

133  
00:05:51,670 --> 00:05:47,600  
subject combined with my own

134  
00:05:53,670 --> 00:05:51,680  
observations and experimentation

135  
00:05:56,390 --> 00:05:53,680  
to start we will look at the main

136  
00:05:59,189 --> 00:05:56,400  
principle of this type of energy and how

137  
00:06:01,350 --> 00:05:59,199  
it is different from anything else we

138  
00:06:03,430 --> 00:06:01,360

studied at school

139

00:06:06,710 --> 00:06:03,440

principle number one

140

00:06:09,830 --> 00:06:06,720

on the deepest level of reality we are

141

00:06:11,350 --> 00:06:09,840

all made from the same matter and

142

00:06:13,670 --> 00:06:11,360

interconnected

143

00:06:16,150 --> 00:06:13,680

for thousands of years mystics

144

00:06:17,110 --> 00:06:16,160

philosophers and recently scientists

145

00:06:19,590 --> 00:06:17,120

have been

146

00:06:22,469 --> 00:06:19,600

searching for the existence of some kind

147

00:06:24,710 --> 00:06:22,479

of power that has properties of the

148

00:06:27,350 --> 00:06:24,720

beginning of the beginning

149

00:06:29,350 --> 00:06:27,360

it has been called various names such as

150

00:06:31,590 --> 00:06:29,360

god prana chi

151

00:06:35,110 --> 00:06:31,600

bio energy subtle energy field of

152

00:06:36,710 --> 00:06:35,120

information unified energy among

153

00:06:40,309 --> 00:06:36,720

many others

154

00:06:43,990 --> 00:06:40,319

david bohm came the closest to explain

155

00:06:46,070 --> 00:06:44,000

what this power is and how it works

156

00:06:48,629 --> 00:06:46,080

his brilliant ideas are now being

157

00:06:51,029 --> 00:06:48,639

discussed and filmed and more and more

158

00:06:54,230 --> 00:06:51,039

people are learning about them

159

00:06:57,029 --> 00:06:54,240

he worked on the idea of the existence

160

00:07:00,550 --> 00:06:57,039

of a field which functions

161

00:07:02,790 --> 00:07:00,560

on the sub-atomic level and penetrates

162

00:07:05,510 --> 00:07:02,800

the whole space

163

00:07:07,510 --> 00:07:05,520

baum called it the quantum potential

164

00:07:09,670 --> 00:07:07,520

field

165

00:07:12,469 --> 00:07:09,680

boom looked at reality

166

00:07:13,830 --> 00:07:12,479

as if it consists of two levels

167

00:07:15,589 --> 00:07:13,840

the first level

168

00:07:17,430 --> 00:07:15,599

which he called

169

00:07:19,909 --> 00:07:17,440

explicit order

170

00:07:21,670 --> 00:07:19,919

is the world in which we function and

171

00:07:23,510 --> 00:07:21,680

where everything appears to be

172

00:07:27,029 --> 00:07:23,520

separately existing

173

00:07:29,990 --> 00:07:27,039

the other deep level he called unfolded

174

00:07:32,390 --> 00:07:30,000

order or implicant order the level of

175

00:07:34,790 --> 00:07:32,400

subatomic reality where the field of

176

00:07:37,110 --> 00:07:34,800

quantum potential functions

177

00:07:40,230 --> 00:07:37,120

to make it easy to understand how these

178

00:07:42,150 --> 00:07:40,240

two levels interact and to illustrate

179

00:07:44,629 --> 00:07:42,160

why the apparent

180

00:07:47,189 --> 00:07:44,639

separateness is an illusion

181

00:07:48,950 --> 00:07:47,199

boom used the metaphor of the mighty

182

00:07:50,869 --> 00:07:48,960

river with

183

00:07:52,230 --> 00:07:50,879

many different features

184

00:07:55,350 --> 00:07:52,240

on its flow

185

00:07:59,749 --> 00:07:55,360

in spite of the different behaviors of

186

00:08:02,469 --> 00:07:59,759

the water it is still the same river

187

00:08:03,430 --> 00:08:02,479

similarly the field of quantum potential

188

00:08:05,990 --> 00:08:03,440

also

189

00:08:07,189 --> 00:08:06,000  
organizes all different levels of

190

00:08:10,550 --> 00:08:07,199  
existence

191

00:08:14,070 --> 00:08:10,560  
making everything from us human being to

192

00:08:16,710 --> 00:08:14,080  
a flower it is a foundation from which

193

00:08:19,589 --> 00:08:16,720  
everything is made

194

00:08:20,710 --> 00:08:19,599  
another theory we can use to understand

195

00:08:23,430 --> 00:08:20,720  
um

196

00:08:24,950 --> 00:08:23,440  
the better this deep level is a

197

00:08:29,430 --> 00:08:24,960  
string theory

198

00:08:32,070 --> 00:08:29,440  
that the foundation for everything in

199

00:08:36,230 --> 00:08:32,080  
the universe is made from the different

200

00:08:38,469 --> 00:08:36,240  
varieties of vibrations and patterns of

201

00:08:41,430 --> 00:08:38,479

vibrating strength of energy

202

00:08:44,710 --> 00:08:41,440

giving birth to different particles

203

00:08:47,910 --> 00:08:44,720

so the strings of energy that are the

204

00:08:50,389 --> 00:08:47,920

blueprints for subatomic particles are

205

00:08:52,710 --> 00:08:50,399

the domain of the vibrational world of

206

00:08:54,470 --> 00:08:52,720

subtle energy this is where subtle

207

00:08:57,509 --> 00:08:54,480

energy is

208

00:09:00,389 --> 00:08:57,519

when we start to become aware

209

00:09:04,230 --> 00:09:00,399

of the invisible world of subtle energy

210

00:09:05,110 --> 00:09:04,240

and have our direct experience of this

211

00:09:08,310 --> 00:09:05,120

world

212

00:09:11,110 --> 00:09:08,320

with time the idea that we're part of an

213

00:09:14,470 --> 00:09:11,120

undivided whole and that everything is

214

00:09:17,430 --> 00:09:14,480

interconnected becomes the cornerstone

215

00:09:18,550 --> 00:09:17,440

of how we start to see and experience

216

00:09:20,550 --> 00:09:18,560

the world

217

00:09:22,630 --> 00:09:20,560

this knowledge that everything is

218

00:09:24,550 --> 00:09:22,640

interconnected has a lot of practical

219

00:09:27,350 --> 00:09:24,560

applications right away

220

00:09:30,550 --> 00:09:27,360

there is always an interaction on the

221

00:09:32,070 --> 00:09:30,560

energy level between things both animate

222

00:09:34,790 --> 00:09:32,080

and inanimate

223

00:09:37,030 --> 00:09:34,800

and we can train ourselves

224

00:09:40,550 --> 00:09:37,040

to detect and

225

00:09:43,190 --> 00:09:40,560

and analyze these interactions to our

226

00:09:46,310 --> 00:09:43,200

great benefit

227

00:09:49,269 --> 00:09:46,320

we can choose what to eat that will be

228

00:09:51,750 --> 00:09:49,279

the most beneficial to our health we can

229

00:09:53,110 --> 00:09:51,760

sort out which medications and

230

00:09:55,430 --> 00:09:53,120

supplements

231

00:09:57,590 --> 00:09:55,440

that we are taking are interconnected

232

00:10:00,150 --> 00:09:57,600

and can be taken together

233

00:10:01,590 --> 00:10:00,160

and which are not and and shouldn't be

234

00:10:06,470 --> 00:10:01,600

taken

235

00:10:08,310 --> 00:10:06,480

avoid many problems in the future

236

00:10:10,870 --> 00:10:08,320

we can analyze the quality of

237

00:10:13,829 --> 00:10:10,880

connections between people in families

238

00:10:16,790 --> 00:10:13,839

and work environments and see

239

00:10:22,949 --> 00:10:16,800

where there are obstacles and how we can

240

00:10:28,310 --> 00:10:25,670

principle number two the subtle energy

241

00:10:30,710 --> 00:10:28,320

field is neither electromagnetic nor

242

00:10:33,910 --> 00:10:30,720

gravitational in nature

243

00:10:36,230 --> 00:10:33,920

in russia a great deal of research has

244

00:10:39,030 --> 00:10:36,240

been devoted to prove the existence of

245

00:10:41,509 --> 00:10:39,040

subtle energy field and how it is

246

00:10:43,509 --> 00:10:41,519

distinct from electromagnetic and

247

00:10:46,310 --> 00:10:43,519

gravitational fields

248

00:10:48,470 --> 00:10:46,320

the goal of this research

249

00:10:52,389 --> 00:10:48,480

has been to demonstrate

250

00:10:54,710 --> 00:10:52,399

that no physical barriers can interrupt

251  
00:10:58,949 --> 00:10:54,720  
the flow of subtle energy and that

252  
00:11:02,230 --> 00:10:58,959  
distance doesn't impact on its action or

253  
00:11:04,790 --> 00:11:02,240  
impact the contrast with electromagnetic

254  
00:11:06,069 --> 00:11:04,800  
energy which can be blocked by specific

255  
00:11:09,269 --> 00:11:06,079  
materials

256  
00:11:11,910 --> 00:11:09,279  
such as lead or concrete and with which

257  
00:11:14,630 --> 00:11:11,920  
distance interferes

258  
00:11:17,350 --> 00:11:14,640  
although today's technology

259  
00:11:19,430 --> 00:11:17,360  
cannot register produce or measure

260  
00:11:21,829 --> 00:11:19,440  
subtle energy

261  
00:11:23,670 --> 00:11:21,839  
its existence can be proved through

262  
00:11:26,150 --> 00:11:23,680  
experiments

263  
00:11:28,870 --> 00:11:26,160

if we create an environment in which

264

00:11:32,150 --> 00:11:28,880

every type of field is blocked from

265

00:11:35,110 --> 00:11:32,160

having a desired effect and yet that

266

00:11:38,630 --> 00:11:35,120

effect is achieved we must logically

267

00:11:40,790 --> 00:11:38,640

concede that some kind of force is at

268

00:11:43,750 --> 00:11:40,800

work

269

00:11:45,670 --> 00:11:43,760

during my time at the laboratory i was

270

00:11:48,790 --> 00:11:45,680

aware of telephone calls from the

271

00:11:51,990 --> 00:11:48,800

ministry of space requesting dr

272

00:11:54,310 --> 00:11:52,000

polyakov's help to improve the physical

273

00:11:56,949 --> 00:11:54,320

conditions of cosmonauts

274

00:11:59,509 --> 00:11:56,959

who who were not feeling well

275

00:12:02,150 --> 00:11:59,519

during the space shuttle mission

276

00:12:04,870 --> 00:12:02,160

he he was able to stabilize blood

277

00:12:08,310 --> 00:12:04,880

pressure help with headaches and treat

278

00:12:10,949 --> 00:12:08,320

back problems as if they had been in the

279

00:12:12,389 --> 00:12:10,959

same room with him and not in outer

280

00:12:15,430 --> 00:12:12,399

space

281

00:12:16,550 --> 00:12:15,440

the results of his distance healing

282

00:12:18,150 --> 00:12:16,560

sessions

283

00:12:20,470 --> 00:12:18,160

uh founded them

284

00:12:23,030 --> 00:12:20,480

formed the foundation for me

285

00:12:24,710 --> 00:12:23,040

understanding of the uniqueness of this

286

00:12:26,949 --> 00:12:24,720

type of energy

287

00:12:29,509 --> 00:12:26,959

i continue to do similar things in

288

00:12:31,670 --> 00:12:29,519

toronto sometimes people ask me to

289

00:12:34,150 --> 00:12:31,680

evaluate their health by calling from

290

00:12:36,870 --> 00:12:34,160

the other side of the globe because

291

00:12:39,590 --> 00:12:36,880

distance is not an obstacle

292

00:12:41,110 --> 00:12:39,600

what we normally would never even dare

293

00:12:43,829 --> 00:12:41,120

to think about

294

00:12:46,470 --> 00:12:43,839

becomes possible with the knowledge of

295

00:12:50,629 --> 00:12:46,480

the principles of subtle energy which

296

00:12:52,710 --> 00:12:50,639

brings us to principle number three

297

00:12:56,310 --> 00:12:52,720

principle number three

298

00:12:58,629 --> 00:12:56,320

subtle energy carries information

299

00:13:00,150 --> 00:12:58,639

our thoughts are the purest form of

300

00:13:04,790 --> 00:13:00,160

subtle energy

301  
00:13:07,670 --> 00:13:04,800  
thoughts are a force affecting matter

302  
00:13:10,790 --> 00:13:07,680  
i will start from the first statement

303  
00:13:13,190 --> 00:13:10,800  
subtle energy carries information what

304  
00:13:14,710 --> 00:13:13,200  
kind of information are we talking about

305  
00:13:16,790 --> 00:13:14,720  
here

306  
00:13:18,310 --> 00:13:16,800  
the information we receive from subtle

307  
00:13:21,990 --> 00:13:18,320  
energy

308  
00:13:25,110 --> 00:13:22,000  
always have some physical impact

309  
00:13:28,389 --> 00:13:25,120  
and an emotional color to us

310  
00:13:30,949 --> 00:13:28,399  
that we can learn to interpret

311  
00:13:33,269 --> 00:13:30,959  
just to give you an example of what kind

312  
00:13:35,590 --> 00:13:33,279  
of information i'm talking about besides

313  
00:13:37,190 --> 00:13:35,600

the condition of the organs that i have

314

00:13:40,629 --> 00:13:37,200

already mentioned to you

315

00:13:41,670 --> 00:13:40,639

my teacher was involved in experiment

316

00:13:43,110 --> 00:13:41,680

at the

317

00:13:45,750 --> 00:13:43,120

hermitage

318

00:13:49,269 --> 00:13:45,760

where he and group of experts art

319

00:13:52,230 --> 00:13:49,279

experts had to determine the date

320

00:13:54,150 --> 00:13:52,240

when certain art objects were done

321

00:13:55,110 --> 00:13:54,160

like carbon dating

322

00:13:56,389 --> 00:13:55,120

but

323

00:13:57,350 --> 00:13:56,399

he was

324

00:14:00,230 --> 00:13:57,360

using

325

00:14:01,350 --> 00:14:00,240

his own instrument which was his own

326

00:14:03,829 --> 00:14:01,360

mind

327

00:14:07,509 --> 00:14:03,839

the group of art experts use their

328

00:14:10,710 --> 00:14:07,519

professional criterias whereas plikov

329

00:14:13,189 --> 00:14:10,720

used the information encoded in the

330

00:14:15,430 --> 00:14:13,199

object's vibrations

331

00:14:18,310 --> 00:14:15,440

shockingly the results

332

00:14:20,470 --> 00:14:18,320

were identical

333

00:14:23,189 --> 00:14:20,480

now we come to the second statement of

334

00:14:27,030 --> 00:14:23,199

principle three our thoughts are the

335

00:14:29,269 --> 00:14:27,040

purest form of subtle energy

336

00:14:32,710 --> 00:14:29,279

the solid foundation for newtonian

337

00:14:35,430 --> 00:14:32,720

physics is that if we know exactly what

338

00:14:38,710 --> 00:14:35,440

is involved in any process we can

339

00:14:39,590 --> 00:14:38,720

predict what will occur at the in the

340

00:14:42,470 --> 00:14:39,600

end

341

00:14:45,430 --> 00:14:42,480

it will always be the same outcome if

342

00:14:46,710 --> 00:14:45,440

the process is the same in quantum

343

00:14:50,389 --> 00:14:46,720

physics

344

00:14:51,750 --> 00:14:50,399

however this apostolate doesn't no does

345

00:14:54,629 --> 00:14:51,760

not exist

346

00:14:57,110 --> 00:14:54,639

it is said that in each experiment there

347

00:14:59,750 --> 00:14:57,120

is a certain percentage of unpredicted

348

00:15:02,150 --> 00:14:59,760

results caused by the effect of the

349

00:15:03,829 --> 00:15:02,160

observer's mind on the world of

350

00:15:05,590 --> 00:15:03,839

particles

351  
00:15:08,790 --> 00:15:05,600  
because everything is made from these

352  
00:15:11,269 --> 00:15:08,800  
particles we can generalize this

353  
00:15:14,550 --> 00:15:11,279  
statement and suggest

354  
00:15:17,509 --> 00:15:14,560  
that the human mind has the ability to

355  
00:15:19,189 --> 00:15:17,519  
affect the material world

356  
00:15:21,910 --> 00:15:19,199  
i participated

357  
00:15:25,110 --> 00:15:21,920  
in the experiment where my teacher was

358  
00:15:29,310 --> 00:15:25,120  
playing a computer game for over five

359  
00:15:32,470 --> 00:15:29,320  
hours during the first 25 hours the

360  
00:15:34,230 --> 00:15:32,480  
electroencephalograms were taken from us

361  
00:15:35,670 --> 00:15:34,240  
while he was playing

362  
00:15:38,069 --> 00:15:35,680  
and i

363  
00:15:42,629 --> 00:15:38,079

got a bizarre task

364

00:15:45,110 --> 00:15:42,639

to make one person from two of us

365

00:15:49,350 --> 00:15:45,120

i imagine us being in the same bubble

366

00:15:51,910 --> 00:15:49,360

with the tubes connecting our chakras

367

00:15:54,710 --> 00:15:51,920

in these tubes the energy from me and

368

00:15:57,430 --> 00:15:54,720

him was mixing and i was sending this

369

00:16:00,069 --> 00:15:57,440

mixture back to him and to me

370

00:16:03,269 --> 00:16:00,079

the process was repeated with each pair

371

00:16:04,230 --> 00:16:03,279

of chakras and kept in action during the

372

00:16:07,670 --> 00:16:04,240

whole

373

00:16:10,550 --> 00:16:07,680

two and a half hours after 15 minutes

374

00:16:15,670 --> 00:16:10,560

of the visualization

375

00:16:20,150 --> 00:16:17,590

became

376

00:16:21,990 --> 00:16:20,160

identical and differently looking from

377

00:16:23,990 --> 00:16:22,000

the originals

378

00:16:27,189 --> 00:16:24,000

periodically during the two and a half

379

00:16:29,829 --> 00:16:27,199

hours they were swinging back and forth

380

00:16:32,710 --> 00:16:29,839

a few times from the original ones to

381

00:16:35,189 --> 00:16:32,720

become identical again while was

382

00:16:37,030 --> 00:16:35,199

continuing with my task it was an

383

00:16:40,710 --> 00:16:37,040

exciting discovery

384

00:16:45,030 --> 00:16:40,720

for me that just using a mental program

385

00:16:49,030 --> 00:16:45,040

we can change the electroencephalogram

386

00:16:52,389 --> 00:16:49,040

what else can we do with our thoughts

387

00:16:54,230 --> 00:16:52,399

if we follow the definition of energy as

388

00:16:57,990 --> 00:16:54,240

a capacity for work

389

00:16:59,670 --> 00:16:58,000

and as the ability to exert a force we

390

00:17:01,269 --> 00:16:59,680

can definitely say

391

00:17:05,590 --> 00:17:01,279

that our thoughts

392

00:17:08,390 --> 00:17:05,600

are a pure form of energy

393

00:17:11,110 --> 00:17:08,400

this leads us to the third statement of

394

00:17:13,909 --> 00:17:11,120

principle number three thoughts

395

00:17:16,630 --> 00:17:13,919

are a force affecting matter

396

00:17:20,470 --> 00:17:16,640

uh both our thinking process and our

397

00:17:23,110 --> 00:17:20,480

thoughts are incredibly misunderstood by

398

00:17:25,829 --> 00:17:23,120

our culture we do not doubt that

399

00:17:30,390 --> 00:17:25,839

thoughts when applied can produce

400

00:17:32,950 --> 00:17:30,400

gigantic effect on outward events

401  
00:17:36,230 --> 00:17:32,960  
they can cause the rise and decline of

402  
00:17:38,150 --> 00:17:36,240  
civilizations create war peace

403  
00:17:41,029 --> 00:17:38,160  
technological progress

404  
00:17:43,830 --> 00:17:41,039  
and uh ecological disasters

405  
00:17:47,750 --> 00:17:43,840  
the effect that thoughts have on our

406  
00:17:49,750 --> 00:17:47,760  
personal lives are however totally

407  
00:17:52,710 --> 00:17:49,760  
underestimated

408  
00:17:55,510 --> 00:17:52,720  
in our culture young people are rarely

409  
00:17:58,630 --> 00:17:55,520  
taught to be careful with their thoughts

410  
00:18:01,350 --> 00:17:58,640  
or how to discipline their thinking and

411  
00:18:03,110 --> 00:18:01,360  
as a result by the time

412  
00:18:05,990 --> 00:18:03,120  
we are adults

413  
00:18:10,150 --> 00:18:06,000

we let our thoughts do whatever they

414

00:18:11,510 --> 00:18:10,160

want unaware that we are the producers

415

00:18:14,390 --> 00:18:11,520

of the force

416

00:18:18,070 --> 00:18:14,400

that is constantly interacting

417

00:18:20,549 --> 00:18:18,080

with and affecting the world within us

418

00:18:23,190 --> 00:18:20,559

and around us

419

00:18:24,870 --> 00:18:23,200

after leaving russia and before coming

420

00:18:28,230 --> 00:18:24,880

to canada we had to

421

00:18:30,310 --> 00:18:28,240

process our immigration papers in italy

422

00:18:33,430 --> 00:18:30,320

we had no documents and very little

423

00:18:35,830 --> 00:18:33,440

money so real medical help was out of

424

00:18:37,190 --> 00:18:35,840

the question for most of us

425

00:18:39,590 --> 00:18:37,200

at this time

426

00:18:41,750 --> 00:18:39,600

one of our friends badly injured his

427

00:18:45,029 --> 00:18:41,760

knee and came to me

428

00:18:47,270 --> 00:18:45,039

during my life in russia i never did any

429

00:18:48,950 --> 00:18:47,280

treatment with energy i was in research

430

00:18:51,669 --> 00:18:48,960

i was a medical doctor

431

00:18:54,710 --> 00:18:51,679

but uh i recalled the words of my

432

00:18:56,310 --> 00:18:54,720

teacher that there are no rules in

433

00:18:58,870 --> 00:18:56,320

dealing

434

00:19:00,710 --> 00:18:58,880

in healing with energy except

435

00:19:03,990 --> 00:19:00,720

that you have

436

00:19:07,029 --> 00:19:04,000

to have a the proper state of mind

437

00:19:09,590 --> 00:19:07,039

i asked my friend to show me his injury

438

00:19:11,590 --> 00:19:09,600

so he pulled down his jeans and i

439

00:19:14,549 --> 00:19:11,600

started doing passes with my hands

440

00:19:16,470 --> 00:19:14,559

without touching from his very swollen

441

00:19:19,350 --> 00:19:16,480

knee on down

442

00:19:22,070 --> 00:19:19,360

imagine that i was removing inflammation

443

00:19:25,029 --> 00:19:22,080

and water out of his knee i spent

444

00:19:28,150 --> 00:19:25,039

probably 30 minutes doing that

445

00:19:29,669 --> 00:19:28,160

the next day when he came i saw a very

446

00:19:33,110 --> 00:19:29,679

intriguing picture

447

00:19:36,230 --> 00:19:33,120

his knee was absolutely fine but he had

448

00:19:38,789 --> 00:19:36,240

a very swollen ankle and foot

449

00:19:41,590 --> 00:19:38,799

i started to laugh because because i

450

00:19:43,029 --> 00:19:41,600

realized that his genes had interfered

451

00:19:46,549 --> 00:19:43,039

with my treatment

452

00:19:48,870 --> 00:19:46,559

they had blocked the path of my hands i

453

00:19:52,549 --> 00:19:48,880

didn't fully eliminate the negative

454

00:19:55,270 --> 00:19:52,559

vibrations out of his leg and they

455

00:19:58,070 --> 00:19:55,280

got caught by his jeans like a waist

456

00:19:59,990 --> 00:19:58,080

basket around his ankle

457

00:20:02,950 --> 00:20:00,000

the second time i did it with more

458

00:20:05,510 --> 00:20:02,960

precision and everything was fine

459

00:20:07,909 --> 00:20:05,520

this experience together with the

460

00:20:10,310 --> 00:20:07,919

results from experiments

461

00:20:13,750 --> 00:20:10,320

with which i was involved in russia

462

00:20:16,549 --> 00:20:13,760

taught me that thoughts create reality

463

00:20:18,950 --> 00:20:16,559

and are very powerful

464

00:20:21,990 --> 00:20:18,960

our thoughts carry information that

465

00:20:24,470 --> 00:20:22,000

works like a powerful mental program

466

00:20:25,510 --> 00:20:24,480

capable of affecting the way things

467

00:20:28,390 --> 00:20:25,520

happen

468

00:20:31,190 --> 00:20:28,400

once we realize this the necessity of

469

00:20:35,270 --> 00:20:31,200

taking control over what

470

00:20:37,110 --> 00:20:35,280

and how we think becomes the goal

471

00:20:39,430 --> 00:20:37,120

principle number four

472

00:20:42,390 --> 00:20:39,440

if everything in the world vibrates the

473

00:20:44,789 --> 00:20:42,400

quality of the vibrations is important

474

00:20:47,029 --> 00:20:44,799

information

475

00:20:50,470 --> 00:20:47,039

according to a string theory each

476  
00:20:51,669 --> 00:20:50,480  
subatomic particle has its own blueprint

477  
00:20:53,669 --> 00:20:51,679  
composed

478  
00:20:55,830 --> 00:20:53,679  
of differently shaped and differently

479  
00:20:58,870 --> 00:20:55,840  
vibrating strings of energy

480  
00:21:01,590 --> 00:20:58,880  
again we can suggest that this statement

481  
00:21:04,230 --> 00:21:01,600  
can be applied to the whole world

482  
00:21:07,430 --> 00:21:04,240  
everything vibrates cells organs all

483  
00:21:08,549 --> 00:21:07,440  
sorts emotions plants works of art parts

484  
00:21:11,669 --> 00:21:08,559  
of the car

485  
00:21:13,110 --> 00:21:11,679  
water in a bottle it's etc absolutely

486  
00:21:15,270 --> 00:21:13,120  
everything

487  
00:21:17,590 --> 00:21:15,280  
like medical students

488  
00:21:21,110 --> 00:21:17,600

learning to read a pulse we need to

489

00:21:23,430 --> 00:21:21,120

develop our own system of how to receive

490

00:21:26,310 --> 00:21:23,440

and interpret vibrations

491

00:21:29,750 --> 00:21:26,320

in order to understand what they

492

00:21:33,430 --> 00:21:29,760

correspond to and what they mean

493

00:21:36,310 --> 00:21:33,440

vibrations always cause very subtle but

494

00:21:38,230 --> 00:21:36,320

clear physical sensation that

495

00:21:39,750 --> 00:21:38,240

with some training

496

00:21:41,270 --> 00:21:39,760

help us

497

00:21:42,710 --> 00:21:41,280

get needed

498

00:21:45,750 --> 00:21:42,720

answers

499

00:21:48,710 --> 00:21:45,760

when we learn to do this it will unlock

500

00:21:51,590 --> 00:21:48,720

an incredible source of of information

501  
00:21:56,230 --> 00:21:51,600  
about many aspects of life which were

502  
00:22:03,750 --> 00:21:59,750  
principle number five all animate and

503  
00:22:06,710 --> 00:22:03,760  
inanimate objects have a dual nature

504  
00:22:10,230 --> 00:22:06,720  
a visible aspect and a vibrational

505  
00:22:13,590 --> 00:22:10,240  
aspect all things in the world perform

506  
00:22:15,669 --> 00:22:13,600  
just as a vibrational form

507  
00:22:18,710 --> 00:22:15,679  
in this first statement we are dealing

508  
00:22:21,830 --> 00:22:18,720  
with an object occupying a specific

509  
00:22:24,710 --> 00:22:21,840  
space at a specific time

510  
00:22:28,310 --> 00:22:24,720  
it has a visible aspect and another part

511  
00:22:29,909 --> 00:22:28,320  
that is invisible to most of us

512  
00:22:33,590 --> 00:22:29,919  
the other part

513  
00:22:36,070 --> 00:22:33,600

is of an energy dimension which exceeds

514

00:22:38,549 --> 00:22:36,080

and expands beyond the physical

515

00:22:42,230 --> 00:22:38,559

boundaries of the object

516

00:22:44,950 --> 00:22:42,240

it is called an energy field or aura

517

00:22:48,070 --> 00:22:44,960

a possible explanation for the fields

518

00:22:48,950 --> 00:22:48,080

invisibility has been given by brian

519

00:22:52,549 --> 00:22:48,960

green

520

00:22:55,669 --> 00:22:52,559

the author of the fabric of the cosmos

521

00:22:58,710 --> 00:22:55,679

green has suggested that whatever we use

522

00:23:01,669 --> 00:22:58,720

to detect things beat our eyes an

523

00:23:05,110 --> 00:23:01,679

electronic microscope or telescope is

524

00:23:06,630 --> 00:23:05,120

based on electromagnetic force yet in

525

00:23:09,430 --> 00:23:06,640

principle two

526

00:23:12,230 --> 00:23:09,440

we said that subtle energy is not of

527

00:23:14,549 --> 00:23:12,240

that nature and this is why this type of

528

00:23:16,710 --> 00:23:14,559

energy cannot be registered by modern

529

00:23:20,630 --> 00:23:16,720

technology or even

530

00:23:23,750 --> 00:23:20,640

our own eyes without special training

531

00:23:26,710 --> 00:23:23,760

as human beings uh we have quite a few

532

00:23:29,830 --> 00:23:26,720

tools with us to detect subtle energy

533

00:23:33,029 --> 00:23:29,840

vibrations and we can train ourselves to

534

00:23:36,470 --> 00:23:33,039

feel or see this energy

535

00:23:38,710 --> 00:23:36,480

the energy field around a person organ

536

00:23:39,750 --> 00:23:38,720

objects

537

00:23:40,950 --> 00:23:39,760

is like

538

00:23:44,390 --> 00:23:40,960

a shield

539

00:23:48,390 --> 00:23:44,400

the larger the shield the better

540

00:23:50,789 --> 00:23:48,400

a large field around animated object

541

00:23:52,310 --> 00:23:50,799

speaks about strength health and

542

00:23:55,750 --> 00:23:52,320

vitality

543

00:23:59,110 --> 00:23:55,760

a large field around inanimate objects

544

00:24:02,149 --> 00:23:59,120

indicates superior quality

545

00:24:05,110 --> 00:24:02,159

the ability to identify the size of an

546

00:24:07,830 --> 00:24:05,120

energy field around an object has

547

00:24:08,950 --> 00:24:07,840

enormous practical applications for

548

00:24:09,669 --> 00:24:08,960

example

549

00:24:13,990 --> 00:24:09,679

it

550

00:24:15,990 --> 00:24:14,000

piece of cheese

551  
00:24:19,909 --> 00:24:16,000  
the healthiest plant

552  
00:24:23,510 --> 00:24:19,919  
the best pet to adopt the best used car

553  
00:24:25,909 --> 00:24:23,520  
to buy the possibilities are absolutely

554  
00:24:28,710 --> 00:24:25,919  
endless

555  
00:24:31,990 --> 00:24:28,720  
another statement from the principle is

556  
00:24:34,310 --> 00:24:32,000  
all things in the world perform as just

557  
00:24:36,789 --> 00:24:34,320  
a vibrational form

558  
00:24:39,029 --> 00:24:36,799  
we know from quantum physics that every

559  
00:24:40,390 --> 00:24:39,039  
particle could perform as a particle or

560  
00:24:43,669 --> 00:24:40,400  
as a wave

561  
00:24:46,310 --> 00:24:43,679  
every object produces vibrations that go

562  
00:24:47,190 --> 00:24:46,320  
into the energy field but at the same

563  
00:24:51,190 --> 00:24:47,200

time

564

00:24:54,149 --> 00:24:51,200

the vibrations forming the energy field

565

00:24:57,510 --> 00:24:54,159

also have a life of their own

566

00:24:58,950 --> 00:24:57,520

that is not attached to the object they

567

00:25:01,350 --> 00:24:58,960

go somewhere

568

00:25:02,789 --> 00:25:01,360

because of the nature of energy they

569

00:25:06,149 --> 00:25:02,799

represent

570

00:25:09,669 --> 00:25:06,159

they are everywhere and stay forever

571

00:25:11,909 --> 00:25:09,679

there even when the physical form is no

572

00:25:14,470 --> 00:25:11,919

longer around

573

00:25:17,750 --> 00:25:14,480

principle number six

574

00:25:20,549 --> 00:25:17,760

the universe is like a giant hologram

575

00:25:23,510 --> 00:25:20,559

everything in a world can be expressed

576

00:25:25,990 --> 00:25:23,520

through its vibrational form

577

00:25:28,950 --> 00:25:26,000

in early 1970s

578

00:25:32,149 --> 00:25:28,960

david bowm formulated his view that the

579

00:25:33,510 --> 00:25:32,159

universe operates by holographic

580

00:25:37,510 --> 00:25:33,520

principles

581

00:25:40,549 --> 00:25:37,520

and is itself a gigantic hologram in

582

00:25:42,390 --> 00:25:40,559

which endless levels of vibrations are

583

00:25:46,070 --> 00:25:42,400

stored

584

00:25:49,590 --> 00:25:46,080

but unlike a regular hologram plate

585

00:25:53,029 --> 00:25:49,600

where the images are fixed he postulated

586

00:25:55,269 --> 00:25:53,039

that out there nothing is fixed

587

00:25:58,630 --> 00:25:55,279

trying to explain how the cosmic

588

00:26:00,070 --> 00:25:58,640

hologram works he came up with analogy

589

00:26:03,830 --> 00:26:00,080

of a carpet

590

00:26:06,149 --> 00:26:03,840

with its pile the snippets of wool

591

00:26:07,669 --> 00:26:06,159

whose end points are attached to the

592

00:26:10,310 --> 00:26:07,679

carpet backing

593

00:26:12,870 --> 00:26:10,320

for the cosmic cosmic holograms

594

00:26:15,669 --> 00:26:12,880

holographic plate the backing of the

595

00:26:16,630 --> 00:26:15,679

carpet is made of the quantum potential

596

00:26:19,110 --> 00:26:16,640

field

597

00:26:22,630 --> 00:26:19,120

and folded odor

598

00:26:25,990 --> 00:26:22,640

while the pile is made of vibrations

599

00:26:28,870 --> 00:26:26,000

forming the ornament of the carpet

600

00:26:33,110 --> 00:26:28,880

like a regular holographic plate this

601  
00:26:36,710 --> 00:26:33,120  
one is also two dimensional the three d

602  
00:26:39,909 --> 00:26:36,720  
forms do not exist in nature

603  
00:26:43,269 --> 00:26:39,919  
so it's only the vibrational form of an

604  
00:26:46,470 --> 00:26:43,279  
object or subject of our interest that

605  
00:26:50,070 --> 00:26:46,480  
we call a hologram and it didn't doesn't

606  
00:26:52,710 --> 00:26:50,080  
have an electromagnetic component

607  
00:26:54,710 --> 00:26:52,720  
it is an image that is created during

608  
00:26:58,630 --> 00:26:54,720  
our regular thinking

609  
00:27:00,470 --> 00:26:58,640  
um through the interaction of our minds

610  
00:27:01,909 --> 00:27:00,480  
with the cosmic hologram

611  
00:27:04,870 --> 00:27:01,919  
in daily life

612  
00:27:06,789 --> 00:27:04,880  
the creation of 3d images happens all

613  
00:27:08,789 --> 00:27:06,799

the time in our minds

614

00:27:11,830 --> 00:27:08,799

when we think about something that we

615

00:27:14,549 --> 00:27:11,840

already had an experience with

616

00:27:18,149 --> 00:27:14,559

immediately even before finishing our

617

00:27:20,950 --> 00:27:18,159

inner sentence we get a mental 3d image

618

00:27:22,549 --> 00:27:20,960

of the person or place that we have been

619

00:27:26,389 --> 00:27:22,559

thinking about

620

00:27:29,830 --> 00:27:26,399

our concentration like a laser beam

621

00:27:32,230 --> 00:27:29,840

pulls out needed vibrations and make

622

00:27:36,070 --> 00:27:32,240

makes a holographic image that we can

623

00:27:39,350 --> 00:27:36,080

learn to use we can learn to analyze it

624

00:27:42,230 --> 00:27:39,360

and get information about the object of

625

00:27:44,630 --> 00:27:42,240

our attention

626  
00:27:45,909 --> 00:27:44,640  
using holographic techniques to get

627  
00:27:47,029 --> 00:27:45,919  
information

628  
00:27:50,149 --> 00:27:47,039  
will give

629  
00:27:52,630 --> 00:27:50,159  
you a visual picture about what's

630  
00:27:55,990 --> 00:27:52,640  
happening with your subject of interest

631  
00:27:58,789 --> 00:27:56,000  
as well as dynamics between it and

632  
00:28:01,430 --> 00:27:58,799  
anything in its world

633  
00:28:04,230 --> 00:28:01,440  
before i would like to say more about

634  
00:28:05,750 --> 00:28:04,240  
the holograms we need to talk about two

635  
00:28:08,149 --> 00:28:05,760  
other principles

636  
00:28:11,110 --> 00:28:08,159  
principle number seven

637  
00:28:12,870 --> 00:28:11,120  
information in the form of vibrations

638  
00:28:15,510 --> 00:28:12,880

never disappears

639

00:28:18,230 --> 00:28:15,520

past present and future

640

00:28:19,669 --> 00:28:18,240

exist in each and every point of space

641

00:28:21,830 --> 00:28:19,679

and time

642

00:28:24,389 --> 00:28:21,840

we said that the cosmic hologram is a

643

00:28:26,549 --> 00:28:24,399

storehouse for vibrations

644

00:28:29,590 --> 00:28:26,559

now it's a time to discuss

645

00:28:32,070 --> 00:28:29,600

what is in that storehouse

646

00:28:35,830 --> 00:28:32,080

we live in a world where time is

647

00:28:37,990 --> 00:28:35,840

composed of three discrete categories

648

00:28:41,110 --> 00:28:38,000

past present and future

649

00:28:44,630 --> 00:28:41,120

the past is gone it is retrievable and

650

00:28:46,310 --> 00:28:44,640

removed from us the future is unknown

651  
00:28:49,269 --> 00:28:46,320  
and shapeless

652  
00:28:51,909 --> 00:28:49,279  
but the reality of time is radically

653  
00:28:53,669 --> 00:28:51,919  
different from what we have created in

654  
00:28:56,149 --> 00:28:53,679  
our heads about it

655  
00:28:57,510 --> 00:28:56,159  
we function under two sets of laws of

656  
00:29:00,549 --> 00:28:57,520  
nature

657  
00:29:03,510 --> 00:29:00,559  
one is for world of seemingly separate

658  
00:29:04,870 --> 00:29:03,520  
things where we born and eventually will

659  
00:29:07,669 --> 00:29:04,880  
die

660  
00:29:09,750 --> 00:29:07,679  
the other set is from the vibrational

661  
00:29:13,590 --> 00:29:09,760  
world of subtle energy

662  
00:29:16,230 --> 00:29:13,600  
when we become aware of it and learn

663  
00:29:19,350 --> 00:29:16,240

to blend these two realities

664

00:29:22,230 --> 00:29:19,360

it will enhance our lives and help us to

665

00:29:25,909 --> 00:29:22,240

avoid many many mistakes

666

00:29:28,710 --> 00:29:25,919

in quantum physics time is thought

667

00:29:31,430 --> 00:29:28,720

as a of continuum containing all time

668

00:29:32,630 --> 00:29:31,440

past present and future and the cosmic

669

00:29:34,149 --> 00:29:32,640

hologram

670

00:29:36,950 --> 00:29:34,159

doesn't have special

671

00:29:40,789 --> 00:29:36,960

compartments for past present and future

672

00:29:42,470 --> 00:29:40,799

all these vibrations exist together

673

00:29:46,470 --> 00:29:42,480

according to boom

674

00:29:47,830 --> 00:29:46,480

the past is not a fixed category of that

675

00:29:50,710 --> 00:29:47,840

which is lost

676  
00:29:51,669 --> 00:29:50,720  
instead it exists in a kind of inactive

677  
00:29:54,470 --> 00:29:51,679  
state

678  
00:29:56,070 --> 00:29:54,480  
in a form of vibration woven into the

679  
00:29:58,710 --> 00:29:56,080  
cosmic hologram

680  
00:30:02,389 --> 00:29:58,720  
likewise the future is not absolutely

681  
00:30:05,350 --> 00:30:02,399  
unknown it can be analyzed programmed

682  
00:30:07,990 --> 00:30:05,360  
and to a certain extent chosen there are

683  
00:30:10,710 --> 00:30:08,000  
a number of holographic scenarios

684  
00:30:11,990 --> 00:30:10,720  
already out there for us about our

685  
00:30:14,549 --> 00:30:12,000  
future

686  
00:30:17,110 --> 00:30:14,559  
these scenarios have been created by our

687  
00:30:19,830 --> 00:30:17,120  
parents with their thoughts about our

688  
00:30:21,750 --> 00:30:19,840

future by our teachers at school with

689

00:30:24,149 --> 00:30:21,760

their accurate or inaccurate

690

00:30:26,549 --> 00:30:24,159

understanding of our ability

691

00:30:29,350 --> 00:30:26,559

and by people close to us who have

692

00:30:30,389 --> 00:30:29,360

thoughts about our destinies

693

00:30:32,230 --> 00:30:30,399

of course

694

00:30:35,510 --> 00:30:32,240

such scenarios

695

00:30:36,789 --> 00:30:35,520

are also created by our dreams from our

696

00:30:37,830 --> 00:30:36,799

early

697

00:30:41,510 --> 00:30:37,840

years

698

00:30:44,549 --> 00:30:41,520

it is up to us to choose which event are

699

00:30:46,710 --> 00:30:44,559

going to manifest and which are not

700

00:30:49,750 --> 00:30:46,720

we can leap from one holographic

701  
00:30:51,830 --> 00:30:49,760  
screenplay to another

702  
00:30:54,149 --> 00:30:51,840  
altering our future

703  
00:30:56,710 --> 00:30:54,159  
the more i am involved with subtle

704  
00:30:58,470 --> 00:30:56,720  
energy the more i am fascinated by

705  
00:31:00,870 --> 00:30:58,480  
notion of time

706  
00:31:03,509 --> 00:31:00,880  
not a single vibration disappears from

707  
00:31:06,789 --> 00:31:03,519  
the cosmic hologram we should

708  
00:31:08,630 --> 00:31:06,799  
bear this in mind in the context of what

709  
00:31:12,310 --> 00:31:08,640  
and how we think

710  
00:31:15,350 --> 00:31:12,320  
everything depends on our mind

711  
00:31:17,750 --> 00:31:15,360  
principle number eight

712  
00:31:20,950 --> 00:31:17,760  
by achieving resonance with an object

713  
00:31:24,230 --> 00:31:20,960

vibrations the vibrations automatically

714

00:31:27,190 --> 00:31:24,240

enlarge and can even be changed

715

00:31:30,149 --> 00:31:27,200

everything vibrates we are surrounded by

716

00:31:32,389 --> 00:31:30,159

an ocean vibrations but they are so

717

00:31:35,509 --> 00:31:32,399

subtle and we do not normally detect

718

00:31:38,310 --> 00:31:35,519

them however being in resonance with

719

00:31:40,310 --> 00:31:38,320

them dramatically increases their

720

00:31:43,269 --> 00:31:40,320

amplitude

721

00:31:46,389 --> 00:31:43,279

to come into resonance with vibrations

722

00:31:48,630 --> 00:31:46,399

emanating from any source depends

723

00:31:51,029 --> 00:31:48,640

on our ability to concentrate

724

00:31:54,950 --> 00:31:51,039

particularly when performing a special

725

00:31:57,990 --> 00:31:54,960

task but it is not not necessary to be

726

00:32:01,350 --> 00:31:58,000

an advanced yogi to do this the ability

727

00:32:05,590 --> 00:32:01,360

to come into resonance with vibrations

728

00:32:08,230 --> 00:32:05,600

is in the very nature of our thinking

729

00:32:09,750 --> 00:32:08,240

how we retrieve information from the

730

00:32:13,350 --> 00:32:09,760

bank of memory

731

00:32:15,990 --> 00:32:13,360

is based on the effect of resonance

732

00:32:19,750 --> 00:32:16,000

when we start to think about anything we

733

00:32:23,590 --> 00:32:19,760

want to recall we produce vibrations

734

00:32:25,990 --> 00:32:23,600

that like a specific laser beam go into

735

00:32:27,830 --> 00:32:26,000

resonance with the corresponding

736

00:32:28,950 --> 00:32:27,840

information stored in the cosmic

737

00:32:32,470 --> 00:32:28,960

hologram

738

00:32:33,750 --> 00:32:32,480

and in no time draw out all needed

739

00:32:36,470 --> 00:32:33,760

information

740

00:32:38,950 --> 00:32:36,480

all needed vibrations

741

00:32:41,350 --> 00:32:38,960

the moment of clicking into resonance

742

00:32:42,710 --> 00:32:41,360

automatically increases the amplitude of

743

00:32:45,909 --> 00:32:42,720

the dormant

744

00:32:48,950 --> 00:32:45,919

stored vibrations so that they

745

00:32:50,549 --> 00:32:48,960

reach a level at which we are able to

746

00:32:53,350 --> 00:32:50,559

detect them

747

00:32:56,070 --> 00:32:53,360

the stronger our involvement with what

748

00:32:58,630 --> 00:32:56,080

we think about the more possible it is

749

00:32:59,990 --> 00:32:58,640

to achieve resonance with it

750

00:33:02,789 --> 00:33:00,000

obviously

751

00:33:05,750 --> 00:33:02,799

it could be for good or ill

752

00:33:08,710 --> 00:33:05,760

when we get stuck on a negative memory

753

00:33:11,750 --> 00:33:08,720

and are unable to cut it off

754

00:33:14,710 --> 00:33:11,760

we turn inactive dormant negative

755

00:33:17,350 --> 00:33:14,720

vibrations into the vital force it is

756

00:33:20,149 --> 00:33:17,360

inevitable this is how subtle energy

757

00:33:23,350 --> 00:33:20,159

works they immediately start to interact

758

00:33:24,389 --> 00:33:23,360

with us and our vibrations over present

759

00:33:27,269 --> 00:33:24,399

time

760

00:33:30,789 --> 00:33:27,279

the presence or absence of resonance

761

00:33:33,990 --> 00:33:30,799

between any subject of our investigation

762

00:33:37,509 --> 00:33:34,000

can be of great help in figuring out

763

00:33:39,590 --> 00:33:37,519

whether things are compatible or not

764

00:33:43,190 --> 00:33:39,600

the answer as to

765

00:33:45,750 --> 00:33:43,200

whether or not resonance is present is

766

00:33:47,830 --> 00:33:45,760

based on a change of the velocity of the

767

00:33:50,630 --> 00:33:47,840

object's vibrations

768

00:33:51,509 --> 00:33:50,640

we can watch the change right before our

769

00:33:55,430 --> 00:33:51,519

eyes

770

00:33:57,750 --> 00:33:55,440

as the size of the energy field shifts

771

00:34:03,110 --> 00:33:57,760

around the object

772

00:34:06,230 --> 00:34:03,120

and now back to holograms principle 9

773

00:34:10,790 --> 00:34:06,240

concentration like a laser beam can

774

00:34:13,030 --> 00:34:10,800

retrieve any wave form of any subject

775

00:34:16,069 --> 00:34:13,040

object of our interest

776

00:34:17,190 --> 00:34:16,079

and turn it into holographic image

777

00:34:21,270 --> 00:34:17,200

we can

778

00:34:23,510 --> 00:34:21,280

easily work with after we talked about

779

00:34:26,230 --> 00:34:23,520

the notion of time and effect of

780

00:34:28,710 --> 00:34:26,240

resonance i wanted to add a few more

781

00:34:32,149 --> 00:34:28,720

details about holograms

782

00:34:35,030 --> 00:34:32,159

this subject is so fascinating

783

00:34:38,389 --> 00:34:35,040

and has endless practical applications

784

00:34:40,629 --> 00:34:38,399

when we start to experiment with them

785

00:34:44,069 --> 00:34:40,639

as i mentioned when we think about

786

00:34:47,589 --> 00:34:44,079

something we automatically produce a 3d

787

00:34:50,950 --> 00:34:47,599

mental image composed of vibrations

788

00:34:53,349 --> 00:34:50,960

stored in the cosmic hologram therefore

789

00:34:54,470 --> 00:34:53,359

when we need to analyze something or

790

00:34:57,270 --> 00:34:54,480

someone

791

00:34:59,589 --> 00:34:57,280

for its vibrational content we can

792

00:35:03,589 --> 00:34:59,599

continuously create a hologram through

793

00:35:06,390 --> 00:35:03,599

our mental focus we can do it from any

794

00:35:10,390 --> 00:35:06,400

stored vibrations pulling them out of

795

00:35:13,190 --> 00:35:10,400

storage giving them any size or shape

796

00:35:16,150 --> 00:35:13,200

for our convenience we can reduce a

797

00:35:18,470 --> 00:35:16,160

cathedral to the size of a shoebox in

798

00:35:21,349 --> 00:35:18,480

order to work on it or expand the

799

00:35:22,870 --> 00:35:21,359

shoebox to the size of cathedral

800

00:35:25,109 --> 00:35:22,880

holographically

801  
00:35:28,069 --> 00:35:25,119  
we can create a hologram of something

802  
00:35:28,950 --> 00:35:28,079  
absolutely intangible such as

803  
00:35:32,390 --> 00:35:28,960  
thoughts

804  
00:35:35,270 --> 00:35:32,400  
we can use holograms from the past or

805  
00:35:39,190 --> 00:35:35,280  
the future as models to analyze how

806  
00:35:40,870 --> 00:35:39,200  
things were or how they might become

807  
00:35:43,270 --> 00:35:40,880  
with time

808  
00:35:45,589 --> 00:35:43,280  
i prefer to deal with the holograms of

809  
00:35:47,430 --> 00:35:45,599  
an object or person

810  
00:35:48,630 --> 00:35:47,440  
than to work directly on the thing

811  
00:35:51,670 --> 00:35:48,640  
itself

812  
00:35:55,510 --> 00:35:51,680  
there is fascinating property of a

813  
00:35:57,430 --> 00:35:55,520

hologram you do not need to know details

814

00:35:59,910 --> 00:35:57,440

to create a hologram

815

00:36:03,109 --> 00:35:59,920

one or two pieces of information about

816

00:36:04,310 --> 00:36:03,119

the object subject should be sufficient

817

00:36:08,550 --> 00:36:04,320

and the rest

818

00:36:13,349 --> 00:36:11,030

the brief summary of what we discussed

819

00:36:15,670 --> 00:36:13,359

in these principles

820

00:36:17,030 --> 00:36:15,680

all these principles from the domain of

821

00:36:20,150 --> 00:36:17,040

vibrations

822

00:36:22,950 --> 00:36:20,160

reflect the eternal and infinite nature

823

00:36:25,589 --> 00:36:22,960

of subtle energy which conserves

824

00:36:27,990 --> 00:36:25,599

everything in the world i strongly

825

00:36:31,190 --> 00:36:28,000

believe that because we are made out of

826

00:36:34,630 --> 00:36:31,200

these vibrations and are part of

827

00:36:37,430 --> 00:36:34,640

the undivided whole picture it is vital

828

00:36:40,470 --> 00:36:37,440

for us to learn about the principles of

829

00:36:43,030 --> 00:36:40,480

subtle energy and to start living

830

00:36:45,510 --> 00:36:43,040

consciously in this world

831

00:36:48,470 --> 00:36:45,520

when we start to blend the world of

832

00:36:51,750 --> 00:36:48,480

seemingly separate things with a world

833

00:36:54,550 --> 00:36:51,760

of vibrations it is inevitably going to

834

00:36:57,589 --> 00:36:54,560

change us when we come to realize

835

00:37:00,470 --> 00:36:57,599

that everything we do or even think

836

00:37:03,270 --> 00:37:00,480

remains stored in the cosmic hologram

837

00:37:06,310 --> 00:37:03,280

forever that everything we generate

838

00:37:07,829 --> 00:37:06,320

eventually comes into contact with

839

00:37:09,430 --> 00:37:07,839

interacts and

840

00:37:12,470 --> 00:37:09,440

intersects with

841

00:37:15,589 --> 00:37:12,480

the lives of our other people we will

842

00:37:18,630 --> 00:37:15,599

become more conscious of what we do what

843

00:37:21,589 --> 00:37:18,640

we think and how we think

844

00:37:24,550 --> 00:37:21,599

our awareness of how subtle energy works

845

00:37:25,430 --> 00:37:24,560

give us a better understanding of human

846

00:37:29,190 --> 00:37:25,440

life

847

00:37:31,750 --> 00:37:29,200

and reshapes our vision of the world and

848

00:37:34,550 --> 00:37:31,760

our place in it

849

00:37:37,109 --> 00:37:34,560
