1
00:00:06,389 --> 00:00:04,550
welcome back everyone i know that was

2
00:00:08,629 --> 00:00:06,399
not much of a break but we've got so

3
00:00:11,350 --> 00:00:08,639
much fantastic content to show you we're

4
00:00:14,789 --> 00:00:11,360
very excited for our next speaker

5
00:00:17,349 --> 00:00:14,799
uh simeon hein dr simeon hein is going

6
00:00:19,750 --> 00:00:17,359
to be giving us our next presentation

7
00:00:22,150 --> 00:00:19,760
it's on the bias of witness reports of

8
00:00:24,950 --> 00:00:22,160
anomalous encounters and abductions the

9
00:00:26,950 --> 00:00:24,960
role of social stigma and reducing data

10
00:00:28,150 --> 00:00:26,960
flow i will kick that off in just a

11
00:00:31,349 --> 00:00:28,160
moment but i want to give a quick

12
00:00:33,430 --> 00:00:31,359
introduction to dr hein

13
00:00:35,430 --> 00:00:33,440

dr simeon hein received his degree in

14

00:00:38,549 --> 00:00:35,440
sociology from washington state

15

00:00:40,790 --> 00:00:38,559
university in 1992.

16

00:00:43,110 --> 00:00:40,800
his main areas of interest include

17

00:00:45,670 --> 00:00:43,120
non-linear research methods

18

00:00:47,350 --> 00:00:45,680
complexity theory and technology in

19

00:00:49,430 --> 00:00:47,360
society

20

00:00:51,590 --> 00:00:49,440
his first he first learned remote

21

00:00:53,590 --> 00:00:51,600
viewing in 1996

22

00:00:56,790 --> 00:00:53,600
and worked as an instructor at the

23

00:00:59,349 --> 00:00:56,800
farsight institute in atlanta georgia

24

00:01:01,670 --> 00:00:59,359
he has taught resident viewing at the

25

00:01:04,390 --> 00:01:01,680
mount baldy institute in baldur in

26

00:01:07,109 --> 00:01:04,400

boulder colorado since 1997

27

00:01:09,429 --> 00:01:07,119

his books include opening minds a

28

00:01:12,310 --> 00:01:09,439

journey of extraordinary encounters crop

29

00:01:13,350 --> 00:01:12,320

circles and resonance in black resonance

30

00:01:16,789 --> 00:01:13,360

pardon me

31

00:01:19,350 --> 00:01:16,799

and black swan ghosts a sociologist

32

00:01:22,070 --> 00:01:19,360

encounters witnesses to unexplained

33

00:01:24,789 --> 00:01:22,080

aerial craft their occupants and other

34

00:01:27,429 --> 00:01:24,799

elements of the multiverse

35

00:01:30,870 --> 00:01:27,439

his most recent work is dark matter

36

00:01:33,670 --> 00:01:30,880

monsters cryptids ball lightning and

37

00:01:36,230 --> 00:01:33,680

science of secret life forms

38

00:01:37,830 --> 00:01:36,240

and with that let's move right into the

39

00:01:39,670 --> 00:01:37,840

video i will

40

00:01:42,550 --> 00:01:39,680

kick it off and dismiss myself from the

41

00:01:47,830 --> 00:01:45,670

sociologist that's what my phd is and i

42

00:01:49,749 --> 00:01:47,840

used to teach statistics

43

00:01:51,590 --> 00:01:49,759

before i got involved in some of these

44

00:01:54,550 --> 00:01:51,600

topics i was at washington state

45

00:01:56,789 --> 00:01:54,560

university and

46

00:01:57,830 --> 00:01:56,799

i want to show you how a sociologist

47

00:02:00,469 --> 00:01:57,840

looks

48

00:02:01,910 --> 00:02:00,479

at some of these topics because those of

49

00:02:04,630 --> 00:02:01,920

us that have been involved with

50

00:02:06,870 --> 00:02:04,640

statistics and research methods

51
00:02:09,749 --> 00:02:06,880
we're concerned if we're actually

52
00:02:11,830 --> 00:02:09,759
getting accurate data that we're looking

53
00:02:14,869 --> 00:02:11,840
at that we're making sense of we often

54
00:02:15,910 --> 00:02:14,879
see people do statistical analyses

55
00:02:20,390 --> 00:02:15,920
and

56
00:02:23,190 --> 00:02:20,400
are they using all of the data that's

57
00:02:25,190 --> 00:02:23,200
there or they only using a small sub

58
00:02:26,869 --> 00:02:25,200
sample and is that sub sample

59
00:02:29,190 --> 00:02:26,879
representative

60
00:02:31,350 --> 00:02:29,200
of the entire population so we're going

61
00:02:35,670 --> 00:02:31,360
to get into that now

62
00:02:37,589 --> 00:02:35,680
with topics uh about ufo ufo encounters

63
00:02:40,309 --> 00:02:37,599

other types of encounters and ufo

64

00:02:42,150 --> 00:02:40,319

abductions to see what we can

65

00:02:45,030 --> 00:02:42,160

learn here

66

00:02:46,949 --> 00:02:45,040

now my interest in this subject matter

67

00:02:48,710 --> 00:02:46,959

more recently

68

00:02:50,390 --> 00:02:48,720

actually came out of learning remote

69

00:02:52,949 --> 00:02:50,400

viewing this is something that i learned

70

00:02:56,070 --> 00:02:52,959

about in 1996

71

00:02:57,670 --> 00:02:56,080

and i heard courtney brown who has been

72

00:02:59,670 --> 00:02:57,680

part of the ssc

73

00:03:01,350 --> 00:02:59,680

uh in the past

74

00:03:04,390 --> 00:03:01,360

he was talking about it at my local

75

00:03:06,470 --> 00:03:04,400

radio station i had just finished uh

76
00:03:08,790 --> 00:03:06,480
being you know being in university at

77
00:03:10,869 --> 00:03:08,800
wsu up in washington state

78
00:03:12,630 --> 00:03:10,879
and i really thought remote viewing i

79
00:03:14,390 --> 00:03:12,640
mean courtney was saying that other

80
00:03:15,670 --> 00:03:14,400
people could do it anyone could do it

81
00:03:16,550 --> 00:03:15,680
you didn't have to be special so i

82
00:03:18,149 --> 00:03:16,560
thought

83
00:03:19,990 --> 00:03:18,159
this is really interesting this is

84
00:03:21,910 --> 00:03:20,000
something that could really change my

85
00:03:23,509 --> 00:03:21,920
world view if it's real this would have

86
00:03:24,630 --> 00:03:23,519
an impact

87
00:03:26,470 --> 00:03:24,640
on

88
00:03:28,550 --> 00:03:26,480

how we look at reality but i was also

89

00:03:31,110 --> 00:03:28,560

skeptical it's not a bad thing to be

90

00:03:33,350 --> 00:03:31,120

skeptical i sort of wanted to go as an

91

00:03:35,430 --> 00:03:33,360

open-minded skeptic i was open to it

92

00:03:37,910 --> 00:03:35,440

being real remote viewing which paul

93

00:03:40,390 --> 00:03:37,920

smith is going to talk about

94

00:03:42,309 --> 00:03:40,400

later on in the afternoon the ability to

95

00:03:45,030 --> 00:03:42,319

acquire information from things at a

96

00:03:47,350 --> 00:03:45,040

distance people places and events that

97

00:03:48,229 --> 00:03:47,360

could be far away from you

98

00:03:51,030 --> 00:03:48,239

and

99

00:03:52,949 --> 00:03:51,040

that you could acquire this data i

100

00:03:55,190 --> 00:03:52,959

learned the system that courtney taught

101
00:03:57,910 --> 00:03:55,200
which was based on ingo swan who i was

102
00:04:00,550 --> 00:03:57,920
able to meet a few times

103
00:04:02,869 --> 00:04:00,560
before he passed on in 2013 he was at

104
00:04:05,190 --> 00:04:02,879
the irva conferences and the irva and

105
00:04:06,309 --> 00:04:05,200
ssc have held meetings together in the

106
00:04:08,789 --> 00:04:06,319
past

107
00:04:12,229 --> 00:04:08,799
uh i learned the crv system and i also

108
00:04:14,390 --> 00:04:12,239
learned it later on from another person

109
00:04:15,990 --> 00:04:14,400
who had been in the military viewing

110
00:04:17,830 --> 00:04:16,000
unit which paul smith will talk about

111
00:04:20,229 --> 00:04:17,840
from limb buchanan and it was really the

112
00:04:21,110 --> 00:04:20,239
same thing it's a written system

113
00:04:23,749 --> 00:04:21,120

that

114

00:04:25,909 --> 00:04:23,759

shows you how to stop editing your

115

00:04:27,990 --> 00:04:25,919

thoughts and sort of spontaneously write

116

00:04:29,590 --> 00:04:28,000

down impressions you get without doing

117

00:04:31,110 --> 00:04:29,600

what we normally do which is try to make

118

00:04:33,830 --> 00:04:31,120

sense of things right

119

00:04:35,830 --> 00:04:33,840

so i really found that it worked and i

120

00:04:37,270 --> 00:04:35,840

was surprised to find how accurate it

121

00:04:39,430 --> 00:04:37,280

could be that even a beginner like

122

00:04:41,270 --> 00:04:39,440

myself within a day or two was getting

123

00:04:42,790 --> 00:04:41,280

accurate results and so were everyone

124

00:04:45,189 --> 00:04:42,800

else in the class

125

00:04:47,510 --> 00:04:45,199

after a few days you'd really get these

126

00:04:49,830 --> 00:04:47,520

very accurate drawings of

127

00:04:51,670 --> 00:04:49,840

pictures that were hidden in folders

128

00:04:54,230 --> 00:04:51,680

and

129

00:04:55,510 --> 00:04:54,240

you couldn't see them ahead of time the

130

00:04:56,870 --> 00:04:55,520

monitor

131

00:04:58,390 --> 00:04:56,880

might know what these are but this can

132

00:04:59,830 --> 00:04:58,400

even be done double-blind so no one

133

00:05:02,550 --> 00:04:59,840

knows what the target is and you still

134

00:05:03,909 --> 00:05:02,560

get the same level of accuracy so what

135

00:05:05,990 --> 00:05:03,919

happens in

136

00:05:08,629 --> 00:05:06,000

uh remote viewing

137

00:05:11,110 --> 00:05:08,639

sometimes is

138

00:05:13,990 --> 00:05:11,120

this is before uh

139

00:05:15,830 --> 00:05:14,000

ingo uh later went on to work at sri

140

00:05:17,350 --> 00:05:15,840

with help put off on the left and

141

00:05:20,310 --> 00:05:17,360

russell targe on the right who've also

142

00:05:23,029 --> 00:05:20,320

been associated with ssc and irva

143

00:05:25,430 --> 00:05:23,039

and um

144

00:05:27,749 --> 00:05:25,440

what often happens is

145

00:05:30,469 --> 00:05:29,110

you get groups of people together like

146

00:05:32,710 --> 00:05:30,479

this is one of our classes we've had in

147

00:05:33,990 --> 00:05:32,720

boulder in the past i've taught remote

148

00:05:35,670 --> 00:05:34,000

viewing

149

00:05:37,270 --> 00:05:35,680

for quite a while since i learned it

150

00:05:38,950 --> 00:05:37,280

because i found that people found it was

151

00:05:40,790 --> 00:05:38,960

really valuable to them to learn that

152

00:05:42,150 --> 00:05:40,800

they had additional abilities like i

153

00:05:44,230 --> 00:05:42,160

thought originally i couldn't do it that

154

00:05:45,670 --> 00:05:44,240

anyone really had some ability to do

155

00:05:46,310 --> 00:05:45,680

this and some people were quite good at

156

00:05:48,150 --> 00:05:46,320

it

157

00:05:49,510 --> 00:05:48,160

you have groups of people and what

158

00:05:52,550 --> 00:05:49,520

happens when you get groups of people

159

00:05:55,270 --> 00:05:52,560

together they begin to share stories

160

00:05:57,430 --> 00:05:55,280

over lunch breaks and people who attend

161

00:06:01,990 --> 00:05:57,440

these sorts of training often have very

162

00:06:07,670 --> 00:06:03,830

so

163

00:06:09,350 --> 00:06:07,680

while i was at farsight back in 1996

164

00:06:10,790 --> 00:06:09,360

i encountered two people who had worked

165

00:06:13,590 --> 00:06:10,800

for nasa

166

00:06:15,029 --> 00:06:13,600

who told me a lot of things i had never

167

00:06:17,110 --> 00:06:15,039

really heard before now i have to be

168

00:06:19,270 --> 00:06:17,120

honest i did have a ufo sighting with my

169

00:06:21,670 --> 00:06:19,280

mom in the everglades when i was like 11

170

00:06:23,189 --> 00:06:21,680

or 12. it was something overhead that we

171

00:06:25,909 --> 00:06:23,199

couldn't describe

172

00:06:27,189 --> 00:06:25,919

and at first it was still then it moved

173

00:06:29,110 --> 00:06:27,199

and

174

00:06:32,070 --> 00:06:29,120

when we went to the ranger talk that

175

00:06:33,749 --> 00:06:32,080

night in the everglades the ranger said

176

00:06:35,830 --> 00:06:33,759

did anyone see anything interesting

177

00:06:37,990 --> 00:06:35,840

today so my mom raised her hand bravely

178

00:06:40,230 --> 00:06:38,000

and said we saw a ufo

179

00:06:42,150 --> 00:06:40,240

and uh then she said her next statement

180

00:06:44,950 --> 00:06:42,160

was the ranger said did anyone else see

181

00:06:47,270 --> 00:06:44,960

anything interesting so even back then

182

00:06:49,430 --> 00:06:47,280

in my 11 12 year old mind i was kind of

183

00:06:51,350 --> 00:06:49,440

wondering why the park ranger didn't

184

00:06:52,790 --> 00:06:51,360

want to talk about what we had seen i

185

00:06:54,469 --> 00:06:52,800

didn't know much about the topic being

186

00:06:57,510 --> 00:06:54,479

that young but we had seen something

187

00:06:59,189 --> 00:06:57,520

that my mom was sure was a ufo

188

00:07:01,430 --> 00:06:59,199

in any case

189

00:07:03,830 --> 00:07:01,440

at farsight i encountered

190

00:07:05,029 --> 00:07:03,840

a gentleman that worked transcribing

191

00:07:08,469 --> 00:07:05,039

nasa

192

00:07:10,870 --> 00:07:08,479

uh film 16 film to a device he had made

193

00:07:13,189 --> 00:07:10,880

that could turn it into video and he

194

00:07:15,749 --> 00:07:13,199

told me he could easily see structures

195

00:07:17,589 --> 00:07:15,759

on the moon in many of the nasa videos

196

00:07:20,230 --> 00:07:17,599

that the public had never been seen i

197

00:07:21,350 --> 00:07:20,240

also ran into a former shuttle astronaut

198

00:07:22,870 --> 00:07:21,360

there

199

00:07:24,390 --> 00:07:22,880

a civilian astronaut someone who

200

00:07:25,830 --> 00:07:24,400

actually hadn't left the earth but was

201
00:07:27,670 --> 00:07:25,840
one of the people they trained to be on

202
00:07:30,309 --> 00:07:27,680
the shuttle missions and

203
00:07:32,230 --> 00:07:30,319
he had told me about triangular ufos and

204
00:07:34,230 --> 00:07:32,240
how the these you know these were part

205
00:07:36,870 --> 00:07:34,240
of the milita us military arsenal but

206
00:07:39,430 --> 00:07:36,880
they had been reverse engineered from

207
00:07:41,830 --> 00:07:39,440
real extraterrestrial vehicles

208
00:07:43,510 --> 00:07:41,840
so this sort of got my curiosity going

209
00:07:45,670 --> 00:07:43,520
not to mention that occasionally we

210
00:07:47,830 --> 00:07:45,680
viewed

211
00:07:49,110 --> 00:07:47,840
ufos towards the end of the training

212
00:07:50,869 --> 00:07:49,120
after we could view you know basic

213
00:07:52,390 --> 00:07:50,879

verifiable targets we would occasionally

214

00:07:54,070 --> 00:07:52,400

do a ufo

215

00:07:56,150 --> 00:07:54,080

now it's interesting to note that one of

216

00:07:58,790 --> 00:07:56,160

the people that got remote viewing

217

00:08:00,390 --> 00:07:58,800

together in in the beginning who got the

218

00:08:02,710 --> 00:08:00,400

whole thing started

219

00:08:04,710 --> 00:08:02,720

was edgar mitchell you know the sixth

220

00:08:08,230 --> 00:08:04,720

man to walk on the moon

221

00:08:10,070 --> 00:08:08,240

uh he later became a real advocate for

222

00:08:11,029 --> 00:08:10,080

et disclosure

223

00:08:14,790 --> 00:08:11,039

and

224

00:08:18,070 --> 00:08:14,800

he uh he was with russell targ

225

00:08:21,110 --> 00:08:18,080

james fletcher and werner von braun

226

00:08:23,029 --> 00:08:21,120

the uh nazi aerospace engineer that was

227

00:08:24,869 --> 00:08:23,039

brought over to the united states as

228

00:08:27,430 --> 00:08:24,879

part of operation paperclip you know

229

00:08:29,909 --> 00:08:27,440

when a lot of nazi scientists were

230

00:08:32,149 --> 00:08:29,919

brought over post world war ii

231

00:08:35,110 --> 00:08:32,159

to the united states to work in places

232

00:08:37,269 --> 00:08:35,120

like uh los alamos and other areas so we

233

00:08:40,149 --> 00:08:37,279

could have their expertise

234

00:08:41,750 --> 00:08:40,159

and it was edgar mitchell and werner von

235

00:08:44,710 --> 00:08:41,760

braun that really

236

00:08:46,389 --> 00:08:44,720

pressed james fletcher to start funding

237

00:08:47,829 --> 00:08:46,399

for this i mean is verner von braun

238

00:08:48,550 --> 00:08:47,839

according to russell who said right

239

00:08:50,550 --> 00:08:48,560

there

240

00:08:52,790 --> 00:08:50,560

oh come on james my grandmother was

241

00:08:54,230 --> 00:08:52,800

psychic you should put some resources

242

00:08:56,310 --> 00:08:54,240

into this it could be important so

243

00:08:57,829 --> 00:08:56,320

that's how the actual sri program got

244

00:08:59,750 --> 00:08:57,839

going it started with edgar mitchell

245

00:09:02,389 --> 00:08:59,760

edgar mitchell later became a real

246

00:09:04,550 --> 00:09:02,399

advocate for et disclosure he always

247

00:09:06,870 --> 00:09:04,560

told us and i talked to him personally

248

00:09:08,949 --> 00:09:06,880

after one of the conferences in the late

249

00:09:11,190 --> 00:09:08,959

90s where i saw he always said he had

250

00:09:12,310 --> 00:09:11,200

never seen anything he hadn't had an

251

00:09:15,269 --> 00:09:12,320

encounter

252

00:09:17,590 --> 00:09:15,279

experienced directly with a ufo but that

253

00:09:20,630 --> 00:09:17,600

he had talked to many astronauts who had

254

00:09:22,630 --> 00:09:20,640

who had seen something from one from the

255

00:09:24,949 --> 00:09:22,640

apollo craft and so forth and he was

256

00:09:27,030 --> 00:09:24,959

certain it was a real phenomena and he

257

00:09:29,750 --> 00:09:27,040

got a lot of witnesses to come forward

258

00:09:31,350 --> 00:09:29,760

into steve grier's disclosure project

259

00:09:33,829 --> 00:09:31,360

which made its public appearance in

260

00:09:37,190 --> 00:09:33,839

2001.

261

00:09:41,350 --> 00:09:37,200

so how do we talk about topics

262

00:09:42,870 --> 00:09:41,360

that are not easy to discuss uh ron

263

00:09:44,150 --> 00:09:42,880

westrom has done a very good job

264

00:09:46,630 --> 00:09:44,160

presenting this

265

00:09:48,310 --> 00:09:46,640

those of us at the ssc in the past he's

266

00:09:49,590 --> 00:09:48,320

done a very good job

267

00:09:52,230 --> 00:09:49,600

uh

268

00:09:54,790 --> 00:09:52,240

presenting this to us and you can find

269

00:09:57,190 --> 00:09:54,800

his presentation i think on the ssc site

270

00:09:59,269 --> 00:09:57,200

it's well worth looking at he calls

271

00:10:02,470 --> 00:09:59,279

these sorts of phenomena

272

00:10:05,190 --> 00:10:02,480

that are widely experienced but little

273

00:10:08,470 --> 00:10:05,200

talked about hidden events

274

00:10:10,710 --> 00:10:08,480

and he made this comparison between ufo

275

00:10:15,030 --> 00:10:10,720

phenomena which we're hearing a lot

276

00:10:19,190 --> 00:10:17,110

hidden events he connected it to child

277

00:10:21,030 --> 00:10:19,200

abuse because he told us

278

00:10:22,470 --> 00:10:21,040

and this was really interesting to learn

279

00:10:24,870 --> 00:10:22,480

and you can do the research on your own

280

00:10:27,030 --> 00:10:24,880

to find that it's true initially

281

00:10:29,190 --> 00:10:27,040

no one really believed child abuse was

282

00:10:30,829 --> 00:10:29,200

happening in the u.s no one could

283

00:10:34,310 --> 00:10:30,839

believe that parents would hurt their

284

00:10:36,710 --> 00:10:34,320

children or abuse them in any way

285

00:10:39,430 --> 00:10:37,829

it took

286

00:10:41,670 --> 00:10:39,440

a bunch of professionals getting

287

00:10:43,509 --> 00:10:41,680

together in conferences and ron's

288

00:10:46,470 --> 00:10:43,519

written a lot about this

289

00:10:51,430 --> 00:10:46,480

which culminated in a 1962 national

290

00:10:55,710 --> 00:10:53,110

and various experts were brought

291

00:11:01,509 --> 00:10:58,870

radiologists and doctors pediatricians

292

00:11:02,710 --> 00:11:01,519

and so forth they compared the evidence

293

00:11:05,829 --> 00:11:02,720

and they concluded it was really

294

00:11:07,110 --> 00:11:05,839

happening and it wasn't until that 1962

295

00:11:08,069 --> 00:11:07,120

conference

296

00:11:10,470 --> 00:11:08,079

that

297

00:11:12,310 --> 00:11:10,480

the issue of child abuse was considered

298

00:11:13,750 --> 00:11:12,320

real and those of us who are you know

299

00:11:15,430 --> 00:11:13,760

living now would find that almost

300

00:11:18,310 --> 00:11:15,440

incomprehensible right i mean i was born

301

00:11:20,310 --> 00:11:18,320

in 1963. it's hard to imagine that this

302

00:11:22,150 --> 00:11:20,320

is something you could have brought up

303

00:11:24,150 --> 00:11:22,160

before 1962 and people wouldn't have

304

00:11:25,750 --> 00:11:24,160

taken you seriously i mean i i find that

305

00:11:28,550 --> 00:11:25,760

really incredible

306

00:11:30,710 --> 00:11:28,560

but that's the reality of it is it's not

307

00:11:33,910 --> 00:11:30,720

only evidence that matters it's the

308

00:11:36,630 --> 00:11:33,920

social context in the milieu at the time

309

00:11:38,790 --> 00:11:36,640

that determines whether scientists and

310

00:11:40,949 --> 00:11:38,800

professionals will take the evidence

311

00:11:45,590 --> 00:11:40,959

seriously and child abuse is an example

312

00:11:49,910 --> 00:11:47,750

there was legislation passed in various

313

00:11:52,310 --> 00:11:49,920

states it became something that you

314

00:11:54,389 --> 00:11:52,320

could talk about doctors were not afraid

315

00:11:56,949 --> 00:11:54,399

to say this if they thought it was

316

00:11:58,230 --> 00:11:56,959

happening to children pediatricians and

317

00:11:59,110 --> 00:11:58,240

so forth

318

00:12:01,829 --> 00:11:59,120

so

319

00:12:04,310 --> 00:12:01,839

we can connect the history of how

320

00:12:06,949 --> 00:12:04,320

society dealt with child abuse in the

321

00:12:09,509 --> 00:12:06,959

u.s to many other phenomena that we

322

00:12:10,790 --> 00:12:09,519

consider to be paranormal phenomena

323

00:12:13,509 --> 00:12:10,800

because

324

00:12:15,590 --> 00:12:13,519

we know that it isn't just the amount of

325

00:12:18,470 --> 00:12:15,600

evidence that you have it's the

326

00:12:19,829 --> 00:12:18,480

willingness to look at evidence and

327

00:12:21,990 --> 00:12:19,839

actually

328

00:12:24,310 --> 00:12:22,000

look at it seriously to have discussions

329

00:12:26,310 --> 00:12:24,320

with other professionals so we're often

330

00:12:28,069 --> 00:12:26,320

told with a topic like ufos which we'll

331

00:12:29,829 --> 00:12:28,079

get into a second here

332

00:12:31,509 --> 00:12:29,839

that um you know there's not enough

333

00:12:34,069 --> 00:12:31,519

evidence and so forth and that's just

334

00:12:36,150 --> 00:12:34,079

obviously hogwash it's the way the

335

00:12:37,030 --> 00:12:36,160

evidence has been treated

336

00:12:38,710 --> 00:12:37,040

and

337

00:12:40,150 --> 00:12:38,720

the way it's been ignored which we'll

338

00:12:42,550 --> 00:12:40,160

look at in a second

339

00:12:44,710 --> 00:12:42,560

which has allowed scientists to say not

340

00:12:46,389 --> 00:12:44,720

enough evidence for this topic it's just

341

00:12:47,590 --> 00:12:46,399

like child abuse the evidence has been

342

00:12:48,870 --> 00:12:47,600

there the whole time and i'm going to

343

00:12:50,069 --> 00:12:48,880

argue that here at least you don't have

344

00:12:51,990 --> 00:12:50,079

to agree but i'm going to argue the

345

00:12:54,389 --> 00:12:52,000

evidence has been there the whole time

346

00:12:55,829 --> 00:12:54,399

it's just there have been a variety of

347

00:13:00,190 --> 00:12:55,839

impediments

348

00:13:02,389 --> 00:13:00,200

to allow or dissuade scientists and

349

00:13:04,069 --> 00:13:02,399

experiencers people who experience this

350

00:13:05,910 --> 00:13:04,079

and people in the military who were

351

00:13:08,550 --> 00:13:05,920

around a lot of sensor systems from

352

00:13:11,590 --> 00:13:08,560

wanting to talk about it because of fear

353

00:13:14,470 --> 00:13:11,600

of ridicule stigma

354

00:13:15,990 --> 00:13:14,480

negative impacts on their career as some

355

00:13:18,150 --> 00:13:16,000

have said it might not be career

356

00:13:21,110 --> 00:13:18,160

enhancing those who presented ssc in the

357

00:13:23,190 --> 00:13:21,120

past so you get the idea there and

358

00:13:25,430 --> 00:13:23,200

this stigma prevents people from coming

359

00:13:27,350 --> 00:13:25,440

forward and scientists from studying the

360

00:13:29,430 --> 00:13:27,360

topic and it can completely hide the

361

00:13:31,750 --> 00:13:29,440

existence of the topic just like it hid

362

00:13:33,990 --> 00:13:31,760

the existence of child abuse and so what

363

00:13:36,230 --> 00:13:34,000

ron has always shared with us is that

364

00:13:37,590 --> 00:13:36,240

scientists didn't want to avoid they

365

00:13:39,269 --> 00:13:37,600

didn't want to talk about better

366

00:13:41,430 --> 00:13:39,279

children because their legal

367

00:13:43,350 --> 00:13:41,440

consequences to doing so

368

00:13:44,949 --> 00:13:43,360

they didn't want to gather any evidence

369

00:13:46,389 --> 00:13:44,959

on their own they just probably paid

370

00:13:48,310 --> 00:13:46,399

attention to what they were hearing

371

00:13:49,990 --> 00:13:48,320

which isn't very scientific they were

372

00:13:51,269 --> 00:13:50,000

just looking at

373

00:13:52,870 --> 00:13:51,279

their own

374

00:13:54,150 --> 00:13:52,880

beliefs about it and what they probably

375

00:13:55,670 --> 00:13:54,160

read in the newspaper and then they're

376

00:13:57,110 --> 00:13:55,680

more interested in paying attention to

377

00:13:58,310 --> 00:13:57,120

common sense

378

00:13:59,189 --> 00:13:58,320

right

379

00:14:01,030 --> 00:13:59,199

than

380

00:14:03,430 --> 00:14:01,040

looking at the evidence

381

00:14:05,750 --> 00:14:03,440

so you'll often hear this in

382

00:14:07,430 --> 00:14:05,760

discussions now people like neil tyson

383

00:14:09,430 --> 00:14:07,440

and degrassie and others who you see on

384

00:14:11,350 --> 00:14:09,440

the news media talking about ufos in the

385

00:14:12,949 --> 00:14:11,360

past couple weeks

386

00:14:15,350 --> 00:14:12,959

and others

387

00:14:16,790 --> 00:14:15,360

uh bill nye when you hear them making

388

00:14:18,470 --> 00:14:16,800

arguments it's not really always it's

389

00:14:19,990 --> 00:14:18,480

not based on evidence it's sort of based

390

00:14:22,790 --> 00:14:20,000

on their sort of

391

00:14:24,470 --> 00:14:22,800

just so sort of common sense stories

392

00:14:26,550 --> 00:14:24,480

which are no better than our just so

393

00:14:28,069 --> 00:14:26,560

common sense stories so we shouldn't

394

00:14:29,910 --> 00:14:28,079

necessarily listen to them now ron

395

00:14:31,670 --> 00:14:29,920

westrom brought up another really

396

00:14:33,750 --> 00:14:31,680

fascinating case in history which is

397

00:14:35,269 --> 00:14:33,760

meteorites

398

00:14:37,990 --> 00:14:35,279

there was a time when people didn't

399

00:14:40,550 --> 00:14:38,000

believe in meteorites scientists didn't

400

00:14:42,310 --> 00:14:40,560

believe the evidence even though there

401
00:14:44,550 --> 00:14:42,320
were meteorites that would fall from the

402
00:14:46,550 --> 00:14:44,560
sky people would see them streak across

403
00:14:48,310 --> 00:14:46,560
they would find the stones

404
00:14:51,269 --> 00:14:48,320
they didn't believe in meteorites

405
00:14:54,230 --> 00:14:51,279
because at the time at least until the

406
00:14:57,269 --> 00:14:54,240
early 1800s

407
00:14:59,110 --> 00:14:57,279
people believed in the aristotelian view

408
00:15:00,150 --> 00:14:59,120
of the universe and what did aristotle

409
00:15:03,110 --> 00:15:00,160
tell us

410
00:15:05,590 --> 00:15:03,120
that there is no change beyond the lunar

411
00:15:07,829 --> 00:15:05,600
sphere back then

412
00:15:09,030 --> 00:15:07,839
scientists natural philosophers as they

413
00:15:11,030 --> 00:15:09,040

were called

414

00:15:12,949 --> 00:15:11,040

believe that the planets rotated on

415

00:15:15,590 --> 00:15:12,959

these crystalline spheres and nothing

416

00:15:17,509 --> 00:15:15,600

ever happened out there it was a static

417

00:15:19,590 --> 00:15:17,519

zone so they said

418

00:15:21,509 --> 00:15:19,600

there can be no stones falling from the

419

00:15:24,550 --> 00:15:21,519

sky because there are no stones in the

420

00:15:27,030 --> 00:15:24,560

sky and nothing beyond the moon actually

421

00:15:29,430 --> 00:15:27,040

generated any activity

422

00:15:30,870 --> 00:15:29,440

so when these stones would be found the

423

00:15:33,110 --> 00:15:30,880

meteorites they would say maybe they

424

00:15:35,509 --> 00:15:33,120

came from a volcano there was 130 that

425

00:15:37,749 --> 00:15:35,519

they were being ejected by the moon and

426

00:15:40,389 --> 00:15:37,759

it took the work of

427

00:15:43,030 --> 00:15:40,399

two scientists um

428

00:15:44,629 --> 00:15:43,040

and others few others who they conversed

429

00:15:47,030 --> 00:15:44,639

with at the time

430

00:15:48,389 --> 00:15:47,040

uh ernst friedrich florence colladny

431

00:15:50,470 --> 00:15:48,399

otherwise known as the father of

432

00:15:52,710 --> 00:15:50,480

acoustics invented the wave functions

433

00:15:55,030 --> 00:15:52,720

that became part of the schrodinger wave

434

00:15:56,629 --> 00:15:55,040

function in quantum mechanics he created

435

00:15:58,389 --> 00:15:56,639

it back then to a very kind of

436

00:15:59,590 --> 00:15:58,399

simplified form that would work for one

437

00:16:03,509 --> 00:15:59,600

electron

438

00:16:05,910 --> 00:16:03,519

uh a simple waveform he proposed in 1794

439

00:16:08,470 --> 00:16:05,920

that meteorites were extraterrestrial

440

00:16:10,150 --> 00:16:08,480

and no one believed it and

441

00:16:11,509 --> 00:16:10,160

it got to the point where meteorites

442

00:16:13,509 --> 00:16:11,519

were all confiscated from all the

443

00:16:16,150 --> 00:16:13,519

museums there apparently there's only

444

00:16:17,990 --> 00:16:16,160

one meteorite left in france where the

445

00:16:19,110 --> 00:16:18,000

french academy of scientists confisc

446

00:16:21,509 --> 00:16:19,120

ordered all the meteorites to be

447

00:16:22,710 --> 00:16:21,519

confiscated said they weren't real

448

00:16:23,990 --> 00:16:22,720

there was one big one they apparently

449

00:16:26,790 --> 00:16:24,000

couldn't move and that's the only one

450

00:16:29,470 --> 00:16:26,800

you'll find from pre-1800s

451

00:16:31,749 --> 00:16:29,480

so koladni proposed this the

452

00:16:33,590 --> 00:16:31,759

extraterrestrial theory of meteorites

453

00:16:35,189 --> 00:16:33,600

which people laughed away at the time

454

00:16:37,990 --> 00:16:35,199

there isn't anything extraterrestrial

455

00:16:38,790 --> 00:16:38,000

they said until it was an acquaintance

456

00:16:42,550 --> 00:16:38,800

of

457

00:16:44,949 --> 00:16:42,560

colladny uh jean-baptiste bio who

458

00:16:48,069 --> 00:16:44,959

uh and you can read about this it's it's

459

00:16:52,230 --> 00:16:48,079

online uh bo collected a lot of samples

460

00:16:54,949 --> 00:16:52,240

when there was a huge uh meteor storm in

461

00:16:57,110 --> 00:16:54,959

1803 in eagle france

462

00:16:58,790 --> 00:16:57,120

and 3 000 meteorites fell in one night

463

00:16:59,670 --> 00:16:58,800

and they could no longer deny it they

464

00:17:03,269 --> 00:16:59,680

had

465

00:17:06,069 --> 00:17:03,279

evidence all of a sudden meteorites

466

00:17:08,549 --> 00:17:06,079

became extraterrestrial so we have seen

467

00:17:10,309 --> 00:17:08,559

these sort of debates happen in the past

468

00:17:12,470 --> 00:17:10,319

about whether phenomena are

469

00:17:14,470 --> 00:17:12,480

extraterrestrial or not and you should

470

00:17:16,069 --> 00:17:14,480

keep in mind that there was a time even

471

00:17:18,309 --> 00:17:16,079

when we didn't think meteorites could be

472

00:17:19,990 --> 00:17:18,319

extraterrestrial you know ideas change

473

00:17:20,949 --> 00:17:20,000

over time and there's huge debate over

474

00:17:21,990 --> 00:17:20,959

it

475

00:17:24,390 --> 00:17:22,000

now

476
00:17:27,829 --> 00:17:24,400
fast forward to the present we've had

477
00:17:31,190 --> 00:17:27,839
evidence presented of encounters

478
00:17:32,710 --> 00:17:31,200
ufo phenomena now more

479
00:17:34,710 --> 00:17:32,720
politically

480
00:17:36,549 --> 00:17:34,720
correctly described as uap

481
00:17:38,870 --> 00:17:36,559
by i think the mod

482
00:17:40,710 --> 00:17:38,880
uk's mod first started using that

483
00:17:43,750 --> 00:17:40,720
terminology

484
00:17:46,070 --> 00:17:43,760
there was an event in washington dc

485
00:17:47,830 --> 00:17:46,080
national press club in 2013. it was

486
00:17:50,789 --> 00:17:47,840
sponsored by the power of paradigm

487
00:17:53,110 --> 00:17:50,799
research group stephen bassett

488
00:17:55,110 --> 00:17:53,120

uh you can see danny sheehan at the end

489

00:17:58,070 --> 00:17:55,120

there they had these panels these were

490

00:18:00,150 --> 00:17:58,080

all retired congressmen and one senator

491

00:18:02,470 --> 00:18:00,160

senator gravel who i have to say passed

492

00:18:04,549 --> 00:18:02,480

away a few weeks ago unfortunately he'd

493

00:18:07,190 --> 00:18:04,559

even run for president at one point he's

494

00:18:10,150 --> 00:18:07,200

sitting there a third from the right

495

00:18:12,789 --> 00:18:10,160

and a number of retired congress people

496

00:18:14,710 --> 00:18:12,799

now why couldn't they get any uh active

497

00:18:16,870 --> 00:18:14,720

congress people to share this mock

498

00:18:18,150 --> 00:18:16,880

hearing the idea of bassett and others

499

00:18:20,710 --> 00:18:18,160

but let's bring evidence forward they

500

00:18:22,549 --> 00:18:20,720

got about 40 witnesses over five days it

501
00:18:25,029 --> 00:18:22,559
was really interesting

502
00:18:27,029 --> 00:18:25,039
the evidence was presented

503
00:18:28,630 --> 00:18:27,039
these are retired congressmen and a

504
00:18:30,630 --> 00:18:28,640
retired senator because they couldn't

505
00:18:31,669 --> 00:18:30,640
get any active congressman or senator to

506
00:18:34,390 --> 00:18:31,679
attend

507
00:18:36,549 --> 00:18:34,400
so they had to pay retired congressman

508
00:18:38,310 --> 00:18:36,559
and a senator to attend because why

509
00:18:40,390 --> 00:18:38,320
social stigma who wants to be associated

510
00:18:41,830 --> 00:18:40,400
with ufos in 2013

511
00:18:44,150 --> 00:18:41,840
it was really fun there were 40

512
00:18:46,630 --> 00:18:44,160
witnesses witnesses from latin america

513
00:18:48,630 --> 00:18:46,640

including a pilot from peru who had

514

00:18:50,870 --> 00:18:48,640

gotten into a dog fight with one of

515

00:18:53,669 --> 00:18:50,880

these ufos released all the rounds from

516

00:18:55,350 --> 00:18:53,679

his sukhoi fighter jet

517

00:18:56,710 --> 00:18:55,360

they were allies with the soviet union

518

00:18:58,549 --> 00:18:56,720

at the time peru

519

00:19:00,150 --> 00:18:58,559

uh and nothing happened just like kind

520

00:19:02,549 --> 00:19:00,160

of dave fravor and the tic tac which

521

00:19:03,590 --> 00:19:02,559

we'll talk about in a moment so the i'm

522

00:19:05,350 --> 00:19:03,600

going to make the argument here the

523

00:19:06,950 --> 00:19:05,360

evidence has been here but no one has

524

00:19:08,789 --> 00:19:06,960

wanted to look at it

525

00:19:10,789 --> 00:19:08,799

even with this citizen hearing and

526
00:19:13,350 --> 00:19:10,799
that's by the way a minister of defense

527
00:19:16,310 --> 00:19:13,360
retired from canada paul hellyer there

528
00:19:18,070 --> 00:19:16,320
were pretty high level witnesses there

529
00:19:19,830 --> 00:19:18,080
including paul hellyer and others but

530
00:19:21,029 --> 00:19:19,840
about 40 people it was really

531
00:19:23,510 --> 00:19:21,039
fascinating

532
00:19:25,350 --> 00:19:23,520
c-span wouldn't even turn on their

533
00:19:26,789 --> 00:19:25,360
cameras this is why you don't know about

534
00:19:28,710 --> 00:19:26,799
this the cameras are in the room they

535
00:19:30,630 --> 00:19:28,720
can be turned on remotely

536
00:19:32,230 --> 00:19:30,640
that's how you see things on c-span

537
00:19:33,750 --> 00:19:32,240
right there's several c-span channels

538
00:19:35,590 --> 00:19:33,760

they wouldn't show this

539

00:19:38,150 --> 00:19:35,600

the washington post

540

00:19:40,390 --> 00:19:38,160

and other newspapers wrote some snarky

541

00:19:41,669 --> 00:19:40,400

articles afterwards about this and i was

542

00:19:42,870 --> 00:19:41,679

sitting next to a new york times

543

00:19:45,270 --> 00:19:42,880

reporter

544

00:19:46,950 --> 00:19:45,280

and he told me this is the best evidence

545

00:19:49,350 --> 00:19:46,960

i've ever heard

546

00:19:51,190 --> 00:19:49,360

i can't get them to send anyone from new

547

00:19:53,110 --> 00:19:51,200

york city to cover it

548

00:19:55,350 --> 00:19:53,120

how about that

549

00:19:58,070 --> 00:19:55,360

so we had witnesses gary hesseltine from

550

00:20:00,870 --> 00:19:58,080

the uk former police detective and

551
00:20:05,510 --> 00:20:03,830
you know studied the ufo phenomena

552
00:20:07,430 --> 00:20:05,520
there's evidence there's lots of

553
00:20:09,669 --> 00:20:07,440
evidence this is what gary hasseltein

554
00:20:11,430 --> 00:20:09,679
convinces of but if no one wants to look

555
00:20:13,830 --> 00:20:11,440
at the evidence we we don't make any

556
00:20:15,750 --> 00:20:13,840
progress on it now one of the real

557
00:20:20,149 --> 00:20:15,760
interesting witnesses here i thought

558
00:20:21,669 --> 00:20:20,159
were the nuclear missile launch officers

559
00:20:23,909 --> 00:20:21,679
several of them

560
00:20:25,510 --> 00:20:23,919
bob salas and others he had encouraged

561
00:20:26,870 --> 00:20:25,520
others to come forward including dave

562
00:20:31,190 --> 00:20:26,880
shindelli

563
00:20:33,430 --> 00:20:31,200

in the 1960s and told us how he had

564

00:20:35,990 --> 00:20:33,440

showed up at work one day he had seen

565

00:20:37,830 --> 00:20:36,000

some reports of ufos on the news and all

566

00:20:39,510 --> 00:20:37,840

the missiles in his

567

00:20:41,590 --> 00:20:39,520

missile control

568

00:20:43,510 --> 00:20:41,600

system had gone down when he went into

569

00:20:45,270 --> 00:20:43,520

the control room he was told there was a

570

00:20:47,430 --> 00:20:45,280

problem but all of them were down and it

571

00:20:49,190 --> 00:20:47,440

turned out a ufo had come over

572

00:20:50,870 --> 00:20:49,200

that particular

573

00:20:53,270 --> 00:20:50,880

launch facility

574

00:20:55,669 --> 00:20:53,280

uh somewhere in the area of minot north

575

00:20:57,270 --> 00:20:55,679

dakota and all the missiles had gone

576

00:20:59,110 --> 00:20:57,280

down which is a real big deal if you can

577

00:21:01,190 --> 00:20:59,120

imagine they actually get they're graded

578

00:21:03,830 --> 00:21:01,200

by the missile uptime

579

00:21:05,830 --> 00:21:03,840

these control launch officers

580

00:21:07,590 --> 00:21:05,840

but the most shocking thing to him

581

00:21:09,430 --> 00:21:07,600

was the air force called him into the

582

00:21:11,430 --> 00:21:09,440

room later that day investigators come

583

00:21:12,789 --> 00:21:11,440

from dc and what did they say it never

584

00:21:16,149 --> 00:21:12,799

happened

585

00:21:18,230 --> 00:21:16,159

about it to anyone including your wife

586

00:21:20,549 --> 00:21:18,240

ever and he didn't for 30 years until

587

00:21:22,549 --> 00:21:20,559

bob salas convinced him to come to the

588

00:21:24,630 --> 00:21:22,559

citizen hearing so

589

00:21:26,310 --> 00:21:24,640

if this is going on how are we

590

00:21:28,950 --> 00:21:26,320

scientifically supposed to make any

591

00:21:31,909 --> 00:21:28,960

sense of this phenomena if people aren't

592

00:21:33,029 --> 00:21:31,919

are told or even have to sign ndas that

593

00:21:35,990 --> 00:21:33,039

could have

594

00:21:37,830 --> 00:21:36,000

financial or even uh you know other

595

00:21:40,070 --> 00:21:37,840

consequences they could be jailed for

596

00:21:41,350 --> 00:21:40,080

talking about it you won't hear about it

597

00:21:42,710 --> 00:21:41,360

and that's what we're dealing with i

598

00:21:45,029 --> 00:21:42,720

interviewed a miss

599

00:21:46,950 --> 00:21:45,039

missile security guard gary sterling

600

00:21:48,149 --> 00:21:46,960

this is on my youtube page by the way

601
00:21:50,470 --> 00:21:48,159
you can get to my youtube page by just

602
00:21:53,110 --> 00:21:50,480
putting my name in

603
00:21:55,029 --> 00:21:53,120
uh gary sterling was also at minot in

604
00:21:57,270 --> 00:21:55,039
the 1970s

605
00:21:58,870 --> 00:21:57,280
and he had an experience where he's

606
00:22:00,230 --> 00:21:58,880
ordered with his

607
00:22:02,070 --> 00:22:00,240
colleague to go out in their security

608
00:22:04,950 --> 00:22:02,080
alert truck to

609
00:22:06,310 --> 00:22:04,960
a missile launch facility where there

610
00:22:07,830 --> 00:22:06,320
are

611
00:22:09,110 --> 00:22:07,840
alarms have been going off all day he

612
00:22:10,870 --> 00:22:09,120
goes out there thinking it could be a

613
00:22:12,630 --> 00:22:10,880

jackrabbit or a badger as he said they

614

00:22:14,950 --> 00:22:12,640

can set off the alarms

615

00:22:16,149 --> 00:22:14,960

uh no there was a huge blinding object

616

00:22:17,430 --> 00:22:16,159

he said it was so bright you couldn't

617

00:22:18,710 --> 00:22:17,440

even look at it that's why he couldn't

618

00:22:20,549 --> 00:22:18,720

tell me the shape

619

00:22:22,630 --> 00:22:20,559

and he was gracious enough to give us an

620

00:22:24,710 --> 00:22:22,640

interview he suffered suffered medical

621

00:22:26,310 --> 00:22:24,720

injuries from being exposed to this

622

00:22:28,310 --> 00:22:26,320

object all on the right side of this

623

00:22:29,190 --> 00:22:28,320

body to this day

624

00:22:30,870 --> 00:22:29,200

uh

625

00:22:33,029 --> 00:22:30,880

he can't get the records from the va

626
00:22:35,510 --> 00:22:33,039
they say they lost their records

627
00:22:37,029 --> 00:22:35,520
but the point is he was also told never

628
00:22:38,390 --> 00:22:37,039
happened

629
00:22:40,149 --> 00:22:38,400
it won't be good for your career if you

630
00:22:42,630 --> 00:22:40,159
talk about it don't go think of talking

631
00:22:43,669 --> 00:22:42,640
to the press okay so i'm suggesting if

632
00:22:47,430 --> 00:22:43,679
we

633
00:22:48,549 --> 00:22:47,440
citizenry i've encountered some of them

634
00:22:51,029 --> 00:22:48,559
myself

635
00:22:53,029 --> 00:22:51,039
and interviewed them how many more are

636
00:22:54,549 --> 00:22:53,039
out there thousands of people from the

637
00:22:55,990 --> 00:22:54,559
military that have experienced these

638
00:22:58,950 --> 00:22:56,000

phenomena

639

00:23:01,110 --> 00:22:58,960

and if we don't have any witness

640

00:23:03,190 --> 00:23:01,120

testimony we can't really make sense of

641

00:23:04,390 --> 00:23:03,200

what this phenomena is

642

00:23:06,470 --> 00:23:04,400

uh

643

00:23:08,390 --> 00:23:06,480

he was separated from the colleague he

644

00:23:10,070 --> 00:23:08,400

had in the security alert truck and

645

00:23:11,590 --> 00:23:10,080

never saw him again which often happens

646

00:23:13,110 --> 00:23:11,600

in these cases robert hastings has

647

00:23:15,430 --> 00:23:13,120

written about this

648

00:23:16,549 --> 00:23:15,440

uh he didn't suffer any missing time or

649

00:23:18,230 --> 00:23:16,559

anything like that it's just that

650

00:23:19,830 --> 00:23:18,240

everything was burned on the right side

651
00:23:21,669 --> 00:23:19,840
of the truck that was exposed to the

652
00:23:23,590 --> 00:23:21,679
object that was taking off near the silo

653
00:23:24,950 --> 00:23:23,600
we said jets were scrambled

654
00:23:27,909 --> 00:23:24,960
they knew about it but have you ever

655
00:23:29,430 --> 00:23:27,919
heard about this incident no

656
00:23:31,350 --> 00:23:29,440
now the reason we didn't hear about

657
00:23:33,590 --> 00:23:31,360
these incidents is the u.s government

658
00:23:34,870 --> 00:23:33,600
and specifically the air force

659
00:23:36,549 --> 00:23:34,880
uh

660
00:23:39,190 --> 00:23:36,559
decided we shouldn't hear about this

661
00:23:41,029 --> 00:23:39,200
they hired edward condon at the end of

662
00:23:43,350 --> 00:23:41,039
project blue book project blue book

663
00:23:44,470 --> 00:23:43,360

ostensibly being a project within the

664

00:23:48,230 --> 00:23:44,480

air force

665

00:23:50,470 --> 00:23:48,240

to evaluate the ufo's uh post well it

666

00:23:52,310 --> 00:23:50,480

was started in it started really in the

667

00:23:53,830 --> 00:23:52,320

late 50s they i know people that have

668

00:23:55,029 --> 00:23:53,840

worked for blue book uh some of their

669

00:23:56,310 --> 00:23:55,039

interviews are actually on my youtube

670

00:23:58,310 --> 00:23:56,320

channel too but

671

00:23:59,590 --> 00:23:58,320

at the end of this the air force wanted

672

00:24:01,190 --> 00:23:59,600

to get out of this business they

673

00:24:03,190 --> 00:24:01,200

couldn't make sense of it they wanted to

674

00:24:06,149 --> 00:24:03,200

explain most of them away as just as

675

00:24:08,470 --> 00:24:06,159

you've heard swamp gas ice crystals

676

00:24:11,110 --> 00:24:08,480

pilot misidentification completely

677

00:24:14,149 --> 00:24:11,120

ignoring the national security

678

00:24:15,909 --> 00:24:14,159

implications of this these phenomena

679

00:24:17,590 --> 00:24:15,919

edward content just up the hill here

680

00:24:18,950 --> 00:24:17,600

from me at the university of colorado

681

00:24:22,470 --> 00:24:18,960

was hired

682

00:24:24,470 --> 00:24:22,480

uh given a 500 000 dollar

683

00:24:26,149 --> 00:24:24,480

contract which is a lot of money even by

684

00:24:28,310 --> 00:24:26,159

these days right i think how much you

685

00:24:29,750 --> 00:24:28,320

get to do your projects for researching

686

00:24:32,390 --> 00:24:29,760

the subject area

687

00:24:34,310 --> 00:24:32,400

uh he said before the

688

00:24:36,310 --> 00:24:34,320

the project concluded that he was going

689

00:24:38,390 --> 00:24:36,320

to make it look like a fair scientific

690

00:24:39,830 --> 00:24:38,400

study but he was also going to

691

00:24:41,430 --> 00:24:39,840

communicate to people that it shouldn't

692

00:24:43,269 --> 00:24:41,440

be taken seriously

693

00:24:45,269 --> 00:24:43,279

he had already reached his mind his

694

00:24:47,669 --> 00:24:45,279

conclusion before the end of the

695

00:24:48,710 --> 00:24:47,679

continent report which he concluded at

696

00:24:50,950 --> 00:24:48,720

the end

697

00:24:53,190 --> 00:24:50,960

there's no scientific basis to study

698

00:24:55,990 --> 00:24:53,200

these phenomena and they pose no

699

00:24:58,630 --> 00:24:56,000

national security risk now this is after

700

00:25:02,149 --> 00:24:58,640

the minor incidence this is after the

701
00:25:04,549 --> 00:25:02,159
incidents at great falls montana

702
00:25:06,390 --> 00:25:04,559
which bob salas described you can

703
00:25:07,990 --> 00:25:06,400
readily find his stories about the same

704
00:25:10,950 --> 00:25:08,000
thing happening it happened in all the

705
00:25:13,269 --> 00:25:10,960
northern tier sac bases from maine

706
00:25:15,590 --> 00:25:13,279
laureen air force base all the way to

707
00:25:17,350 --> 00:25:15,600
great falls montana same thing these

708
00:25:19,269 --> 00:25:17,360
objects would come over

709
00:25:21,110 --> 00:25:19,279
and if you look at the declassified

710
00:25:22,149 --> 00:25:21,120
documents the air force described them

711
00:25:24,710 --> 00:25:22,159
as

712
00:25:26,710 --> 00:25:24,720
unidentified enemy helicopters whatever

713
00:25:28,950 --> 00:25:26,720

those could be that can move in

714

00:25:31,269 --> 00:25:28,960

incredible speeds if such a technology

715

00:25:32,950 --> 00:25:31,279

ever existed for helicopters in the 60s

716

00:25:34,230 --> 00:25:32,960

well these all existed when the condom

717

00:25:35,590 --> 00:25:34,240

report came out and they weren't

718

00:25:37,350 --> 00:25:35,600

included in the condo report so how

719

00:25:40,310 --> 00:25:37,360

could someone make i mean this is a

720

00:25:42,070 --> 00:25:40,320

glaring omission scientifically

721

00:25:43,830 --> 00:25:42,080

glaring it's a scientific study of

722

00:25:46,149 --> 00:25:43,840

unidentified objects but it doesn't even

723

00:25:46,950 --> 00:25:46,159

include all the missile overflights

724

00:25:48,870 --> 00:25:46,960

which

725

00:25:51,029 --> 00:25:48,880

put the missiles out of commission in

726
00:25:52,710 --> 00:25:51,039
some cases they launched they initiated

727
00:25:54,870 --> 00:25:52,720
the launch sequences

728
00:25:57,029 --> 00:25:54,880
which is ex think how serious that is it

729
00:25:58,870 --> 00:25:57,039
also happened in the soviet union same

730
00:26:00,710 --> 00:25:58,880
thing missiles would go down we have

731
00:26:01,750 --> 00:26:00,720
testimony from former

732
00:26:03,510 --> 00:26:01,760
uh

733
00:26:05,350 --> 00:26:03,520
people involved in the soviet military

734
00:26:07,110 --> 00:26:05,360
same thing happened missile

735
00:26:08,549 --> 00:26:07,120
launch sequences would be initiated how

736
00:26:10,710 --> 00:26:08,559
could you possibly say that has no

737
00:26:12,549 --> 00:26:10,720
national security implications this is

738
00:26:14,549 --> 00:26:12,559

just a big glaring emission in our

739

00:26:15,909 --> 00:26:14,559

history folks and we have to fix it

740

00:26:17,909 --> 00:26:15,919

because

741

00:26:19,669 --> 00:26:17,919

if this is the public's impression and

742

00:26:21,350 --> 00:26:19,679

scientists won't touch the subject but

743

00:26:22,710 --> 00:26:21,360

it's being experienced by people what do

744

00:26:24,549 --> 00:26:22,720

you think is going to happen well

745

00:26:26,630 --> 00:26:24,559

exactly what's happening right now

746

00:26:29,350 --> 00:26:26,640

uh you've all heard by now of the nimitz

747

00:26:30,630 --> 00:26:29,360

2000 uap event

748

00:26:32,950 --> 00:26:30,640

uh

749

00:26:35,430 --> 00:26:32,960

are these hidden events yes it happened

750

00:26:37,590 --> 00:26:35,440

at 2004. we didn't hear about it until a

751

00:26:39,350 --> 00:26:37,600

few of the technicians and the chief

752

00:26:41,909 --> 00:26:39,360

radar operator

753

00:26:43,350 --> 00:26:41,919

went public and started talking about

754

00:26:44,710 --> 00:26:43,360

this it was

755

00:26:47,590 --> 00:26:44,720

released here and there but no one

756

00:26:50,549 --> 00:26:47,600

believed it but then all of a sudden

757

00:26:52,390 --> 00:26:50,559

uh these objects were seen for a week

758

00:26:54,789 --> 00:26:52,400

they were detected with the spy one

759

00:26:57,029 --> 00:26:54,799

radar from the princeton which was part

760

00:26:58,710 --> 00:26:57,039

of the nimitz carrier group

761

00:27:02,070 --> 00:26:58,720

one of the most advanced the most

762

00:27:05,830 --> 00:27:02,080

advanced radar that exists i'm told and

763

00:27:08,310 --> 00:27:05,840

finally uh kevin day the senior chief uh

764

00:27:10,310 --> 00:27:08,320

radar operator says to the captain we

765

00:27:12,070 --> 00:27:10,320

need to scramble some jets and see what

766

00:27:14,710 --> 00:27:12,080

these are they're coming from 80 000

767

00:27:16,630 --> 00:27:14,720

feet down to 50 feet in under two

768

00:27:18,870 --> 00:27:16,640

seconds which puts them at about 20 000

769

00:27:20,789 --> 00:27:18,880

miles an hour you've seen these photos

770

00:27:24,070 --> 00:27:20,799

you've heard about this now

771

00:27:26,149 --> 00:27:24,080

there was a summary done within the navy

772

00:27:28,230 --> 00:27:26,159

and they sort of summarized what they

773

00:27:29,909 --> 00:27:28,240

could say about it so it was discussed

774

00:27:31,909 --> 00:27:29,919

in the navy but we didn't really find

775

00:27:33,510 --> 00:27:31,919

out about it as you know the public so

776

00:27:35,190 --> 00:27:33,520

how are we as scientists supposed to

777

00:27:37,430 --> 00:27:35,200

make any sense of this

778

00:27:39,430 --> 00:27:37,440

if the military until recently hasn't

779

00:27:41,909 --> 00:27:39,440

started you know talking about it they

780

00:27:43,430 --> 00:27:41,919

call them aavs anomalous aerial vehicles

781

00:27:44,710 --> 00:27:43,440

now they're called uaps you can call

782

00:27:46,549 --> 00:27:44,720

them whatever you want

783

00:27:48,070 --> 00:27:46,559

but they move with aerodynamic

784

00:27:50,070 --> 00:27:48,080

characteristics

785

00:27:51,990 --> 00:27:50,080

as president obama said a couple weeks

786

00:27:54,230 --> 00:27:52,000

ago in a late night

787

00:27:55,750 --> 00:27:54,240

a tv interview that the flight patterns

788

00:27:58,389 --> 00:27:55,760

are very hard to

789

00:28:00,070 --> 00:27:58,399

uh identify based on what we know about

790

00:28:01,909 --> 00:28:00,080

our aircraft work you know ability just

791

00:28:04,230 --> 00:28:01,919

to stop start make right angle turns

792

00:28:05,990 --> 00:28:04,240

move at 20 000 miles an hour trans

793

00:28:07,909 --> 00:28:06,000

medium as you've heard some people say

794

00:28:08,870 --> 00:28:07,919

can go into the water so forth things

795

00:28:10,789 --> 00:28:08,880

like this

796

00:28:12,389 --> 00:28:10,799

so we apparently don't have anything

797

00:28:14,710 --> 00:28:12,399

like this we're told from people who've

798

00:28:18,870 --> 00:28:14,720

been in the military chris mellon and

799

00:28:21,269 --> 00:28:18,880

luis elizondo um in any case uh they

800

00:28:23,029 --> 00:28:21,279

were tracked by the fleer flights and

801

00:28:25,269 --> 00:28:23,039

i'm just say going over the quickly i'm

802

00:28:26,470 --> 00:28:25,279

sure most of you have heard about this

803

00:28:28,549 --> 00:28:26,480

uh

804

00:28:30,070 --> 00:28:28,559

on the news you've seen it recently you

805

00:28:31,190 --> 00:28:30,080

can we can ask you can ask questions

806

00:28:33,029 --> 00:28:31,200

about this during the question and

807

00:28:35,430 --> 00:28:33,039

answer but this is a sort of a hidden

808

00:28:36,870 --> 00:28:35,440

event why i'll show you why

809

00:28:38,950 --> 00:28:36,880

i got to interview all four of these

810

00:28:41,269 --> 00:28:38,960

guys at the ufo megacon conference in

811

00:28:42,630 --> 00:28:41,279

2019 in lawson i just asked them can i

812

00:28:43,909 --> 00:28:42,640

interview you about this they said sure

813

00:28:45,590 --> 00:28:43,919

they wanted to come forward so we had

814

00:28:46,389 --> 00:28:45,600

senior chief operations specialist kevin

815

00:28:49,430 --> 00:28:46,399

day

816

00:28:50,870 --> 00:28:49,440

a top gun trained radar specialist one

817

00:28:54,070 --> 00:28:50,880

of the best raider operators in the

818

00:28:57,110 --> 00:28:54,080

world talk about seeing these objects

819

00:28:59,029 --> 00:28:57,120

80 000 feet moving up and down doing

820

00:29:00,470 --> 00:28:59,039

just real things that we could you know

821

00:29:02,230 --> 00:29:00,480

it was bugging him and when he went into

822

00:29:04,470 --> 00:29:02,240

one of these rooms with the officers to

823

00:29:06,630 --> 00:29:04,480

talk about it they were quiet

824

00:29:08,470 --> 00:29:06,640

he he knew they knew about it too

825

00:29:09,269 --> 00:29:08,480

and he said we have to you know launch

826
00:29:12,310 --> 00:29:09,279
some

827
00:29:14,230 --> 00:29:12,320
plane so so dave fraver and dietz go out

828
00:29:16,070 --> 00:29:14,240
and then you have the chad underwood

829
00:29:18,149 --> 00:29:16,080
flight which got the fleur video and so

830
00:29:20,070 --> 00:29:18,159
forth

831
00:29:22,789 --> 00:29:20,080
we also had jason turner come forward

832
00:29:24,950 --> 00:29:22,799
who's uh from the nimitz who said he saw

833
00:29:27,350 --> 00:29:24,960
the video playing on repeat in one of

834
00:29:31,190 --> 00:29:27,360
these munitions areas he was a person

835
00:29:32,950 --> 00:29:31,200
that did uh stockpiling and so forth and

836
00:29:34,470 --> 00:29:32,960
delivered materials within the craft he

837
00:29:36,789 --> 00:29:34,480
had a security clearance and he said he

838
00:29:38,710 --> 00:29:36,799

saw a 10 minute video of the tic tac we

839

00:29:40,549 --> 00:29:38,720

had pj hughes

840

00:29:43,430 --> 00:29:40,559

who gave us testimony and he came back

841

00:29:45,269 --> 00:29:43,440

later with me to do a second interview

842

00:29:47,830 --> 00:29:45,279

on youtube which you can watch

843

00:29:49,350 --> 00:29:47,840

that uh he was responsible for taking

844

00:29:50,789 --> 00:29:49,360

out the bricks as you call it the hard

845

00:29:53,029 --> 00:29:50,799

disks from

846

00:29:54,870 --> 00:29:53,039

the e2 hawkeye

847

00:29:56,870 --> 00:29:54,880

plane that is kind of their eye in the

848

00:29:58,870 --> 00:29:56,880

sky this huge radar

849

00:30:01,029 --> 00:29:58,880

platform that flies around carrier

850

00:30:02,389 --> 00:30:01,039

groups and he said within half an hour

851

00:30:04,470 --> 00:30:02,399

of him taking the bricks out locking

852

00:30:05,669 --> 00:30:04,480

them in the safe takes two people to get

853

00:30:08,070 --> 00:30:05,679

it out again

854

00:30:10,789 --> 00:30:08,080

uh air force personnel showed up and

855

00:30:12,950 --> 00:30:10,799

demanded all the data how about that

856

00:30:15,269 --> 00:30:12,960

so the data was erased from the tic tac

857

00:30:17,269 --> 00:30:15,279

encounters according to hughes and gary

858

00:30:19,430 --> 00:30:17,279

voorhees who was also in the princeton

859

00:30:21,750 --> 00:30:19,440

so we had four witnesses come forward so

860

00:30:23,909 --> 00:30:21,760

all of a sudden the nimitz encounters go

861

00:30:26,310 --> 00:30:23,919

from being a hidden event which i'd say

862

00:30:28,389 --> 00:30:26,320

most of us didn't hear about until 2019

863

00:30:31,510 --> 00:30:28,399

around something like that i guess the

864

00:30:33,990 --> 00:30:31,520

new york times didn't mention it in 2017

865

00:30:36,870 --> 00:30:34,000

uh but i mean that's like uh 13 years

866

00:30:38,630 --> 00:30:36,880

later so think about it

867

00:30:40,389 --> 00:30:38,640

then they all came forward this is from

868

00:30:43,029 --> 00:30:40,399

the ufo megacon and they told their

869

00:30:45,830 --> 00:30:43,039

story they did radio interviews

870

00:30:48,149 --> 00:30:45,840

but i asked pj in the second interview

871

00:30:50,789 --> 00:30:48,159

the guy sitting at the far right well

872

00:30:54,230 --> 00:30:50,799

how many other witnesses were there

873

00:30:55,750 --> 00:30:54,240

uh and uh jason i think was

874

00:30:58,070 --> 00:30:55,760

on the live stream he said there must be

875

00:31:00,470 --> 00:30:58,080

at least a thousand or more people

876

00:31:01,669 --> 00:31:00,480

from the nimitz princeton ships and the

877

00:31:03,750 --> 00:31:01,679

whole chiro group that knew about this

878

00:31:04,870 --> 00:31:03,760

that still haven't come forward

879

00:31:06,950 --> 00:31:04,880

so this is what we're talking about

880

00:31:08,710 --> 00:31:06,960

ratios of hundreds to one for every

881

00:31:10,149 --> 00:31:08,720

witness coming forward we have hundreds

882

00:31:11,190 --> 00:31:10,159

who haven't

883

00:31:13,110 --> 00:31:11,200

now

884

00:31:15,110 --> 00:31:13,120

this goes back to someone that started

885

00:31:17,350 --> 00:31:15,120

all our investigations into this jacques

886

00:31:19,430 --> 00:31:17,360

valet when he worked with jay alan hein

887

00:31:21,750 --> 00:31:19,440

to get project blue book

888

00:31:23,990 --> 00:31:21,760

uh he said what motivated him and i just

889

00:31:26,070 --> 00:31:24,000

found this out recently was in 1955

890

00:31:27,669 --> 00:31:26,080

working for a french space agency they

891

00:31:30,710 --> 00:31:27,679

detected something coming into the

892

00:31:32,230 --> 00:31:30,720

earth's atmosphere and one of his higher

893

00:31:34,630 --> 00:31:32,240

uh

894

00:31:36,070 --> 00:31:34,640

a person higher in the office who who

895

00:31:37,350 --> 00:31:36,080

was higher status and then told them to

896

00:31:39,430 --> 00:31:37,360

erase the tape

897

00:31:42,870 --> 00:31:39,440

so this sort of issue of

898

00:31:45,110 --> 00:31:42,880

erasing the data from these phenomena

899

00:31:47,830 --> 00:31:45,120

goes back to the 50s so we've got folks

900

00:31:49,350 --> 00:31:47,840

we've all lost decades of lost data

901
00:31:51,430 --> 00:31:49,360
which is probably why you might be a

902
00:31:53,350 --> 00:31:51,440
little confused about the subject maybe

903
00:31:54,549 --> 00:31:53,360
like me you saw one or you know people

904
00:31:57,190 --> 00:31:54,559
have seen them

905
00:31:57,990 --> 00:31:57,200
but the mainstream hasn't talked about

906
00:31:58,870 --> 00:31:58,000
it

907
00:32:01,029 --> 00:31:58,880
uh

908
00:32:03,830 --> 00:32:01,039
for these reasons

909
00:32:06,070 --> 00:32:03,840
now fravor came forward and started had

910
00:32:07,909 --> 00:32:06,080
no problem talking about this the first

911
00:32:09,509 --> 00:32:07,919
person to see that who kind of you've

912
00:32:11,750 --> 00:32:09,519
seen his description of kind of getting

913
00:32:13,430 --> 00:32:11,760

in this dog fight with the tic tac and

914

00:32:15,029 --> 00:32:13,440

he could you know i said just went right

915

00:32:17,909 --> 00:32:15,039

off his screen

916

00:32:19,590 --> 00:32:17,919

but there were other pilots including

917

00:32:21,190 --> 00:32:19,600

alex and dietrich now she didn't come

918

00:32:22,470 --> 00:32:21,200

forward till a couple weeks ago with the

919

00:32:24,789 --> 00:32:22,480

60 minutes

920

00:32:27,509 --> 00:32:24,799

interview right which you may have seen

921

00:32:31,110 --> 00:32:27,519

she was in the second plane

922

00:32:33,110 --> 00:32:31,120

uh they fly in pairs the f-18s and she's

923

00:32:35,509 --> 00:32:33,120

gone she's just very public about this

924

00:32:36,870 --> 00:32:35,519

now so it really flipped from we tried

925

00:32:38,070 --> 00:32:36,880

to find out about her and we were told

926

00:32:40,230 --> 00:32:38,080

she didn't want to come forward she was

927

00:32:42,230 --> 00:32:40,240

still teaching at a naval academy even

928

00:32:43,990 --> 00:32:42,240

though some of us uh we knew her name

929

00:32:45,590 --> 00:32:44,000

because it had been unintentionally

930

00:32:47,669 --> 00:32:45,600

released on a document which i'll show

931

00:32:48,950 --> 00:32:47,679

you in a second but all of a sudden she

932

00:32:50,549 --> 00:32:48,960

came forward so how many other witnesses

933

00:32:52,070 --> 00:32:50,559

will come forward it's very interesting

934

00:32:54,310 --> 00:32:52,080

if you want to see more about this i

935

00:32:57,029 --> 00:32:54,320

recommend the animated

936

00:32:59,029 --> 00:32:57,039

movie made by dave beatty the nimitz

937

00:33:00,630 --> 00:32:59,039

encounters you can see it on youtube and

938

00:33:02,710 --> 00:33:00,640

it goes through the whole set of

939

00:33:04,310 --> 00:33:02,720

incidents around this and now we find

940

00:33:05,830 --> 00:33:04,320

other militaries are coming forward and

941

00:33:07,909 --> 00:33:05,840

talking about it so

942

00:33:10,389 --> 00:33:07,919

at some point you reach a critical mass

943

00:33:12,230 --> 00:33:10,399

just like ron westrom talked about with

944

00:33:13,509 --> 00:33:12,240

a subject like child abuse where changes

945

00:33:15,590 --> 00:33:13,519

from being a hidden event also and

946

00:33:17,110 --> 00:33:15,600

everyone's talking about it we hear from

947

00:33:19,830 --> 00:33:17,120

new witnesses

948

00:33:21,909 --> 00:33:19,840

another person that investigated related

949

00:33:23,590 --> 00:33:21,919

phenomena was bud hopkins who i was

950

00:33:26,149 --> 00:33:23,600

fortunate to hear lecture a few times

951

00:33:28,389 --> 00:33:26,159

and he looked at abductions literally

952

00:33:31,269 --> 00:33:28,399

people being taken aboard

953

00:33:34,070 --> 00:33:31,279

these craft we haven't heard much about

954

00:33:35,990 --> 00:33:34,080

this so far in the media or from any of

955

00:33:37,990 --> 00:33:36,000

the military witnesses i don't think it

956

00:33:39,830 --> 00:33:38,000

happened to them with the tic tacs by

957

00:33:41,750 --> 00:33:39,840

the way you're aware that there were

958

00:33:44,230 --> 00:33:41,760

other incidents off the east coast in

959

00:33:46,630 --> 00:33:44,240

2015 from the uss roosevelt and now

960

00:33:48,870 --> 00:33:46,640

we're hearing other aircraft groups just

961

00:33:51,509 --> 00:33:48,880

in the past couple years uh the the east

962

00:33:53,669 --> 00:33:51,519

coast pilots described objects being up

963

00:33:55,909 --> 00:33:53,679

there every single day they went on

964

00:33:57,830 --> 00:33:55,919

their flight training exercises for two

965

00:34:00,149 --> 00:33:57,840

years

966

00:34:01,350 --> 00:34:00,159

staying there day after day that had

967

00:34:03,350 --> 00:34:01,360

flight characteristics they couldn't

968

00:34:04,950 --> 00:34:03,360

catch up with them right off the east

969

00:34:07,029 --> 00:34:04,960

coast

970

00:34:09,109 --> 00:34:07,039

not very far from washington dc this is

971

00:34:11,589 --> 00:34:09,119

sort of what got all this going is the

972

00:34:13,909 --> 00:34:11,599

navy pilots said we're sick of this

973

00:34:15,990 --> 00:34:13,919

we're filing reports so it took some

974

00:34:18,069 --> 00:34:16,000

action just from a few brave individuals

975

00:34:19,349 --> 00:34:18,079

to come forward abductions though are a

976

00:34:20,389 --> 00:34:19,359

little more challenging this is

977

00:34:22,069 --> 00:34:20,399

something where you feel like you've

978

00:34:23,669 --> 00:34:22,079

been taken aboard a craft you have

979

00:34:26,149 --> 00:34:23,679

missing time

980

00:34:27,909 --> 00:34:26,159

other inexplicable encounters maybe you

981

00:34:28,790 --> 00:34:27,919

felt things have come into your house at

982

00:34:30,550 --> 00:34:28,800

night

983

00:34:31,909 --> 00:34:30,560

uh right through the walls you know they

984

00:34:33,909 --> 00:34:31,919

don't open the doors

985

00:34:36,950 --> 00:34:33,919

we've had the travis walton case where

986

00:34:39,990 --> 00:34:36,960

travis and five other loggers

987

00:34:41,589 --> 00:34:40,000

apache sit greaves national forest

988

00:34:43,829 --> 00:34:41,599

1975.

989

00:34:46,230 --> 00:34:43,839

travis goes missing for five days

990

00:34:47,990 --> 00:34:46,240

uh and uh

991

00:34:49,909 --> 00:34:48,000

the other guys describe you know him

992

00:34:51,589 --> 00:34:49,919

being taken up and no one believed them

993

00:34:54,310 --> 00:34:51,599

until he's found five days later on a

994

00:34:55,829 --> 00:34:54,320

highway uh out of town and he describes

995

00:34:57,510 --> 00:34:55,839

what he experienced which was the same

996

00:34:59,030 --> 00:34:57,520

thing you know he got too close he got

997

00:35:01,030 --> 00:34:59,040

went out and looked at this crap they

998

00:35:03,030 --> 00:35:01,040

were they saw lights in the forest and

999

00:35:04,870 --> 00:35:03,040

they were just going home but he travis

1000

00:35:07,270 --> 00:35:04,880

went out foolishly got close to the

1001
00:35:10,950 --> 00:35:07,280
crack also he gets injured and when they

1002
00:35:12,550 --> 00:35:10,960
go back he's gone and travis described

1003
00:35:14,550 --> 00:35:12,560
seemingly extraterrestrials plus

1004
00:35:15,829 --> 00:35:14,560
human-looking entities on the ship and

1005
00:35:16,950 --> 00:35:15,839
they were friendly to him they tried to

1006
00:35:19,190 --> 00:35:16,960
heal him it's not like you saw in the

1007
00:35:20,790 --> 00:35:19,200
movie and eventually they just

1008
00:35:21,910 --> 00:35:20,800
let him go again after they felt he was

1009
00:35:24,310 --> 00:35:21,920
healed

1010
00:35:26,230 --> 00:35:24,320
uh we had initially been betting barney

1011
00:35:28,870 --> 00:35:26,240
hill from 1961

1012
00:35:31,829 --> 00:35:28,880
uh who uh

1013
00:35:33,990 --> 00:35:31,839

was uh you know stanton friedman and

1014

00:35:35,910 --> 00:35:34,000

betty's niece kathleen martin have done

1015

00:35:38,710 --> 00:35:35,920

a very good job describing this case

1016

00:35:40,470 --> 00:35:38,720

where they had missing time but

1017

00:35:42,310 --> 00:35:40,480

they were hypnotized by a very

1018

00:35:45,829 --> 00:35:42,320

experienced hypnotist that worked with

1019

00:35:47,510 --> 00:35:45,839

world war ii veterans who had ptsd and

1020

00:35:49,510 --> 00:35:47,520

he found them extremely convincing he

1021

00:35:51,990 --> 00:35:49,520

had worked with hundreds of of

1022

00:35:53,030 --> 00:35:52,000

people with hypnosis with world war ii

1023

00:35:55,270 --> 00:35:53,040

veterans

1024

00:35:56,950 --> 00:35:55,280

and betty described seeing star charts

1025

00:35:58,790 --> 00:35:56,960

which weren't known by astronomers at

1026
00:36:00,870 --> 00:35:58,800
the time there were strange chemical

1027
00:36:02,230 --> 00:36:00,880
marks on her dress and

1028
00:36:03,510 --> 00:36:02,240
you you can read more about that but

1029
00:36:04,950 --> 00:36:03,520
this is one of the initial cases that

1030
00:36:07,510 --> 00:36:04,960
got it going but how do you talk about

1031
00:36:09,030 --> 00:36:07,520
this do you just talk about this at the

1032
00:36:10,550 --> 00:36:09,040
next party you go to did you talk about

1033
00:36:12,630 --> 00:36:10,560
this to your neighbors i can tell you

1034
00:36:14,550 --> 00:36:12,640
even personally having talked about the

1035
00:36:16,150 --> 00:36:14,560
ufo i saw with my mom in the everglades

1036
00:36:17,510 --> 00:36:16,160
you would get people

1037
00:36:18,710 --> 00:36:17,520
uh

1038
00:36:20,470 --> 00:36:18,720

you know

1039

00:36:21,510 --> 00:36:20,480

treating you in a sort of disrespectful

1040

00:36:23,430 --> 00:36:21,520

manner you all know what i'm talking

1041

00:36:27,109 --> 00:36:23,440

about it's not easy to talk about things

1042

00:36:29,270 --> 00:36:27,119

which society doesn't accept and at some

1043

00:36:30,470 --> 00:36:29,280

point you may just stop talking about it

1044

00:36:32,470 --> 00:36:30,480

i didn't do that

1045

00:36:34,150 --> 00:36:32,480

as you can see and we're all having a

1046

00:36:35,430 --> 00:36:34,160

good time i suggest you don't stop

1047

00:36:37,270 --> 00:36:35,440

talking about it either but you can

1048

00:36:38,550 --> 00:36:37,280

understand what it's like to have

1049

00:36:39,910 --> 00:36:38,560

experienced something where no one

1050

00:36:42,390 --> 00:36:39,920

believes you and then you're accused of

1051

00:36:43,910 --> 00:36:42,400

being crazy or having oh

1052

00:36:45,349 --> 00:36:43,920

this we've had

1053

00:36:48,069 --> 00:36:45,359

very interesting talks today but you

1054

00:36:50,230 --> 00:36:48,079

know the dsm manuals until recently i

1055

00:36:52,390 --> 00:36:50,240

don't know if it's still in dsm-5

1056

00:36:54,710 --> 00:36:52,400

diagnostic and statistical manuals that

1057

00:36:57,670 --> 00:36:54,720

psychologists psychiatrists

1058

00:37:00,310 --> 00:36:57,680

had belief in ufos as one of the

1059

00:37:01,430 --> 00:37:00,320

traits that was part of schizotypal

1060

00:37:03,670 --> 00:37:01,440

disorder

1061

00:37:05,750 --> 00:37:03,680

this would be thrown at witnesses it was

1062

00:37:07,829 --> 00:37:05,760

a schizotypal kind of part of the

1063

00:37:09,589 --> 00:37:07,839

spectrum of schizophrenic disorders

1064

00:37:11,750 --> 00:37:09,599

which we heard this morning is about one

1065

00:37:13,349 --> 00:37:11,760

percent of the population

1066

00:37:14,790 --> 00:37:13,359

do you think pilots when they come up

1067

00:37:16,470 --> 00:37:14,800

for their promotion in the navy want to

1068

00:37:18,150 --> 00:37:16,480

be accused of having a schizotypal

1069

00:37:20,390 --> 00:37:18,160

disorder this is why pilots haven't come

1070

00:37:21,990 --> 00:37:20,400

forward i know many uh and i wrote about

1071

00:37:23,109 --> 00:37:22,000

some of them in my book black swan goes

1072

00:37:24,310 --> 00:37:23,119

but

1073

00:37:25,349 --> 00:37:24,320

you can talk to people who've

1074

00:37:27,990 --> 00:37:25,359

experienced this they won't talk about

1075

00:37:28,870 --> 00:37:28,000

it a recent person i talked to

1076

00:37:30,230 --> 00:37:28,880

uh

1077

00:37:32,390 --> 00:37:30,240

terry lovelace

1078

00:37:34,870 --> 00:37:32,400

air force veteran goes camping with a

1079

00:37:37,670 --> 00:37:34,880

buddy in devil's state state park

1080

00:37:39,510 --> 00:37:37,680

arkansas they are taken aboard a

1081

00:37:40,310 --> 00:37:39,520

triangular craft

1082

00:37:41,829 --> 00:37:40,320

uh

1083

00:37:44,150 --> 00:37:41,839

they have missing time they have

1084

00:37:45,910 --> 00:37:44,160

injuries and when they get back the air

1085

00:37:47,750 --> 00:37:45,920

force somehow seems to know all about it

1086

00:37:49,910 --> 00:37:47,760

and they're told you will not talk about

1087

00:37:51,750 --> 00:37:49,920

this again and terry lovelace former

1088

00:37:54,390 --> 00:37:51,760

federal prosecutor now after the air

1089

00:37:56,470 --> 00:37:54,400

force attorney and then uh worked for

1090

00:37:57,750 --> 00:37:56,480

the department of justice he had no

1091

00:37:58,790 --> 00:37:57,760

problem coming forward it takes people

1092

00:38:00,630 --> 00:37:58,800

like him

1093

00:38:02,310 --> 00:38:00,640

you can see his interviews too on my

1094

00:38:03,910 --> 00:38:02,320

youtube channel but i mean it takes no

1095

00:38:05,349 --> 00:38:03,920

problem once you have people like him

1096

00:38:07,750 --> 00:38:05,359

coming forward

1097

00:38:09,510 --> 00:38:07,760

to say no this is real it happened to me

1098

00:38:13,829 --> 00:38:09,520

so

1099

00:38:14,710 --> 00:38:13,839

uh having to do with a triangular craft

1100

00:38:16,870 --> 00:38:14,720

um

1101
00:38:18,550 --> 00:38:16,880
but again it takes people coming forward

1102
00:38:20,790 --> 00:38:18,560
and it takes a change of policy hudson

1103
00:38:22,470 --> 00:38:20,800
valley ufo sightings thousands of people

1104
00:38:24,390 --> 00:38:22,480
saw this in the hudson valley areas from

1105
00:38:26,390 --> 00:38:24,400
the 1970s

1106
00:38:28,069 --> 00:38:26,400
through the 80s i've i've talked to

1107
00:38:29,990 --> 00:38:28,079
witnesses about this i'm going to talk

1108
00:38:31,829 --> 00:38:30,000
to another one soon that saw this huge

1109
00:38:34,150 --> 00:38:31,839
craft come over make flat turns and

1110
00:38:35,990 --> 00:38:34,160
things that our aircraft can't do you

1111
00:38:38,950 --> 00:38:36,000
know seemingly anti-gravity or something

1112
00:38:40,870 --> 00:38:38,960
like this so the uap task force came out

1113
00:38:43,270 --> 00:38:40,880

just on june 25th and they mentioned

1114

00:38:45,109 --> 00:38:43,280

sociocultural stigmas as barriers to

1115

00:38:46,550 --> 00:38:45,119

information flow this is the senate

1116

00:38:47,750 --> 00:38:46,560

intelligence committee ordered the

1117

00:38:49,030 --> 00:38:47,760

pentagon

1118

00:38:50,550 --> 00:38:49,040

and the

1119

00:38:53,430 --> 00:38:50,560

director of national intelligence to

1120

00:38:55,109 --> 00:38:53,440

release a report on what they call uaps

1121

00:38:56,710 --> 00:38:55,119

because the things have been going on

1122

00:38:59,510 --> 00:38:56,720

behind the scenes from the nimitz

1123

00:39:00,790 --> 00:38:59,520

incidents and others in the senate said

1124

00:39:01,750 --> 00:39:00,800

what is going on here what's in our

1125

00:39:04,230 --> 00:39:01,760

airspace

1126

00:39:06,230 --> 00:39:04,240

navy air force i would guess the air

1127

00:39:08,230 --> 00:39:06,240

force had been pretty silent here uh the

1128

00:39:09,030 --> 00:39:08,240

navy said we don't know and the senate

1129

00:39:10,150 --> 00:39:09,040

said what do you mean you don't know

1130

00:39:12,390 --> 00:39:10,160

there's all these objects in our

1131

00:39:13,670 --> 00:39:12,400

airspace and they say we don't so

1132

00:39:15,589 --> 00:39:13,680

that's why we're finding out more about

1133

00:39:17,670 --> 00:39:15,599

it now sociocultural studies absolutely

1134

00:39:19,430 --> 00:39:17,680

right it just uh if you know people

1135

00:39:20,710 --> 00:39:19,440

who've been in the military you know how

1136

00:39:22,470 --> 00:39:20,720

uh

1137

00:39:23,829 --> 00:39:22,480

your your record matters so much when

1138

00:39:25,750 --> 00:39:23,839

promotion time comes and these things

1139

00:39:28,870 --> 00:39:25,760

could interfere with it we've had luis

1140

00:39:29,670 --> 00:39:28,880

elizondo and chris mellon come forward

1141

00:39:31,349 --> 00:39:29,680

uh

1142

00:39:34,310 --> 00:39:31,359

both retired

1143

00:39:35,349 --> 00:39:34,320

uh dod employees high level employees

1144

00:39:37,829 --> 00:39:35,359

actually

1145

00:39:39,430 --> 00:39:37,839

uh chris mellon was right under the

1146

00:39:40,550 --> 00:39:39,440

secretary of defense in one of those

1147

00:39:42,630 --> 00:39:40,560

offices

1148

00:39:44,630 --> 00:39:42,640

one of the slides leaked from his

1149

00:39:46,870 --> 00:39:44,640

computer that he was going to present at

1150

00:39:48,390 --> 00:39:46,880

one of these classified briefings for

1151

00:39:50,710 --> 00:39:48,400

the congress or senate they've been

1152

00:39:52,630 --> 00:39:50,720

briefing them about these topics folks

1153

00:39:54,390 --> 00:39:52,640

for a couple of years now

1154

00:39:56,310 --> 00:39:54,400

slide nine was one of them that we were

1155

00:39:57,510 --> 00:39:56,320

really interested in it has to do with

1156

00:40:00,390 --> 00:39:57,520

what we were talking about today in

1157

00:40:01,910 --> 00:40:00,400

these other uh talks here on this

1158

00:40:03,829 --> 00:40:01,920

education day

1159

00:40:06,790 --> 00:40:03,839

look at some of the characteristics of

1160

00:40:09,109 --> 00:40:06,800

these uaps cognitive human interfaces

1161

00:40:11,109 --> 00:40:09,119

that mean some sort of telepathy or

1162

00:40:13,430 --> 00:40:11,119

thoughts being projected into your mind

1163

00:40:15,990 --> 00:40:13,440

penetration of solid surfaces

1164

00:40:18,309 --> 00:40:16,000

instantaneous sensor disassembly

1165

00:40:19,990 --> 00:40:18,319

anomalies in the space-time construct

1166

00:40:21,750 --> 00:40:20,000

now when i read that i thought back to a

1167

00:40:23,510 --> 00:40:21,760

conversation i had with jack valet once

1168

00:40:26,150 --> 00:40:23,520

at one of the irva the remote viewing

1169

00:40:27,510 --> 00:40:26,160

association meetings in las vegas

1170

00:40:29,670 --> 00:40:27,520

jacques said to me you know what's not

1171

00:40:32,230 --> 00:40:29,680

being reported here in all these ufo

1172

00:40:34,550 --> 00:40:32,240

cases you're hearing about simeon

1173

00:40:36,790 --> 00:40:34,560

people have precognitive experiences

1174

00:40:38,470 --> 00:40:36,800

before the ufo encounter

1175

00:40:40,870 --> 00:40:38,480

and then afterwards they feel like they

1176

00:40:42,950 --> 00:40:40,880

have abilities some of the experiencers

1177

00:40:44,870 --> 00:40:42,960

they didn't have before do you hear much

1178

00:40:47,190 --> 00:40:44,880

conversation about that but here it's in

1179

00:40:49,190 --> 00:40:47,200

a document from a former

1180

00:40:51,109 --> 00:40:49,200

department of defense official that we

1181

00:40:52,790 --> 00:40:51,119

know was destined this is not classified

1182

00:40:55,349 --> 00:40:52,800

by the way we ask chris melon it's okay

1183

00:40:58,309 --> 00:40:55,359

to show this but this was taken from his

1184

00:41:00,309 --> 00:40:58,319

computer by accident he left his uh he

1185

00:41:01,990 --> 00:41:00,319

put ahead of doesn't blog this was for

1186

00:41:03,670 --> 00:41:02,000

one of the congressional briefings

1187

00:41:06,470 --> 00:41:03,680

anomalies and space time construct what

1188

00:41:07,750 --> 00:41:06,480

does that say to you time slips and all

1189

00:41:09,990 --> 00:41:07,760

these other things and these are the

1190

00:41:12,069 --> 00:41:10,000

folks that investigated skinwalker ranch

1191

00:41:14,550 --> 00:41:12,079

by the way now we're told that there's a

1192

00:41:16,069 --> 00:41:14,560

23-minute video of a triangular craft

1193

00:41:18,150 --> 00:41:16,079

coming out of the ocean this is an

1194

00:41:20,710 --> 00:41:18,160

artist rendition based it hasn't been

1195

00:41:21,910 --> 00:41:20,720

declassified yet but someone we know did

1196

00:41:23,510 --> 00:41:21,920

see it and this looks something like

1197

00:41:25,430 --> 00:41:23,520

this okay

1198

00:41:26,630 --> 00:41:25,440

so what i'm saying to you folks is

1199

00:41:27,589 --> 00:41:26,640

there's a lot of evidence to come out

1200

00:41:30,790 --> 00:41:27,599

here

1201
00:41:32,630 --> 00:41:30,800
and science can push aside evidence

1202
00:41:34,630 --> 00:41:32,640
in favor of tradition common sense

1203
00:41:36,230 --> 00:41:34,640
national security concerns but then we

1204
00:41:38,470 --> 00:41:36,240
lose information have incomplete

1205
00:41:40,150 --> 00:41:38,480
knowledge and we can't really study it

1206
00:41:42,069 --> 00:41:40,160
scientifically we just don't have enough

1207
00:41:44,230 --> 00:41:42,079
data there's just too much bias we've

1208
00:41:45,670 --> 00:41:44,240
only heard a tiny percentage of all the

1209
00:41:47,349 --> 00:41:45,680
stories and at least now the us

1210
00:41:48,950 --> 00:41:47,359
government agrees because this is why

1211
00:41:50,550 --> 00:41:48,960
they're doing these briefings we're told

1212
00:41:52,309 --> 00:41:50,560
there might even be congressional open

1213
00:41:54,150 --> 00:41:52,319

congressional public hearings on ufos

1214

00:41:56,309 --> 00:41:54,160

which i think is it's overdue and it's

1215

00:41:58,230 --> 00:41:56,319

important so we find out who else is

1216

00:42:00,069 --> 00:41:58,240

here i mean it's important it has big

1217

00:42:03,349 --> 00:42:00,079

scientific implications it has national

1218

00:42:05,750 --> 00:42:03,359

security implications too but

1219

00:42:07,510 --> 00:42:05,760

uh it also creates national insecurity

1220

00:42:09,430 --> 00:42:07,520

if too many people experience something

1221

00:42:10,950 --> 00:42:09,440

which they won't talk about and they

1222

00:42:12,630 --> 00:42:10,960

only will talk about after they've had a

1223

00:42:13,829 --> 00:42:12,640

few beers at a conference i've

1224

00:42:15,750 --> 00:42:13,839

experienced and then they won't talk

1225

00:42:16,390 --> 00:42:15,760

about it again we can't we can't have

1226

00:42:19,990 --> 00:42:16,400

that

1227

00:42:23,349 --> 00:42:20,000

so i'll at the on july 29th as part of

1228

00:42:26,230 --> 00:42:23,359

this conference i will be talking

1229

00:42:28,710 --> 00:42:26,240

about phenomena related to this

1230

00:42:30,790 --> 00:42:28,720

why do we see certain phenomena over and

1231

00:42:33,990 --> 00:42:30,800

over again around paranormal phenomena

1232

00:42:36,470 --> 00:42:34,000

the space-time anomalies the balls of

1233

00:42:38,069 --> 00:42:36,480

light which i came in contact with

1234

00:42:40,630 --> 00:42:38,079

around crop circles

1235

00:42:43,670 --> 00:42:40,640

why do we see them there

1236

00:42:46,390 --> 00:42:43,680

why do we get some of these

1237

00:42:48,550 --> 00:42:46,400

anomalies not only around ufos which is

1238

00:42:50,069 --> 00:42:48,560

extensive and well documented by nycap

1239

00:42:51,910 --> 00:42:50,079

and other organizations but we get them

1240

00:42:53,990 --> 00:42:51,920

around crop circles

1241

00:42:55,510 --> 00:42:54,000

strange magnetic anomalies around crop

1242

00:42:57,349 --> 00:42:55,520

circles

1243

00:42:59,670 --> 00:42:57,359

knocks out your cameras and batteries

1244

00:43:02,309 --> 00:42:59,680

just like uh has happened around ufo

1245

00:43:05,349 --> 00:43:02,319

encounters for a long time

1246

00:43:07,430 --> 00:43:05,359

happens around cold fusion coherent

1247

00:43:09,270 --> 00:43:07,440

matter this will be getting into

1248

00:43:10,950 --> 00:43:09,280

now it's called linear low energy

1249

00:43:12,630 --> 00:43:10,960

nuclear reaction this has been known

1250

00:43:14,309 --> 00:43:12,640

since the 50s but we haven't talked

1251
00:43:17,190 --> 00:43:14,319
about it we've even dissuaded people

1252
00:43:18,069 --> 00:43:17,200
we've called it junk science hardly

1253
00:43:20,390 --> 00:43:18,079
and

1254
00:43:22,870 --> 00:43:20,400
even bigfoot sightings

1255
00:43:25,589 --> 00:43:22,880
people report cameras and batteries the

1256
00:43:27,349 --> 00:43:25,599
photo on the right is just oven person

1257
00:43:28,790 --> 00:43:27,359
heard this behind the cabin took that

1258
00:43:30,790 --> 00:43:28,800
picture she didn't see it but that's

1259
00:43:32,230 --> 00:43:30,800
what we saw in the picture her camera

1260
00:43:33,990 --> 00:43:32,240
died

1261
00:43:36,550 --> 00:43:34,000
people are parked there report their car

1262
00:43:38,230 --> 00:43:36,560
car stalling balls of light so i'm gonna

1263
00:43:39,270 --> 00:43:38,240

suggest that some of these phenomena are

1264

00:43:41,750 --> 00:43:39,280

connected and that's what i'll talk

1265

00:43:43,109 --> 00:43:41,760

about on july

1266

00:43:44,630 --> 00:43:43,119

29th

1267

00:43:46,710 --> 00:43:44,640

so that's my presentation folks thanks

1268

00:44:04,790 --> 00:43:46,720

very much for listening and i'm happy to

1269

00:44:07,990 --> 00:44:06,069

hello

1270

00:44:15,750 --> 00:44:08,000

wait a second

1271

00:44:15,760 --> 00:44:21,990

i am not

1272

00:44:27,270 --> 00:44:24,309

mark uh we can hear you so maybe you can

1273

00:44:30,470 --> 00:44:27,280

refresh your browser

1274

00:44:36,230 --> 00:44:34,230

uh okay so uh hey guys hi hi simon that

1275

00:44:37,589 --> 00:44:36,240

was a wonderful presentation oh thank

1276

00:44:39,829 --> 00:44:37,599

you

1277

00:44:42,550 --> 00:44:39,839

um

1278

00:44:44,069 --> 00:44:42,560

while mark returns let's just uh

1279

00:44:45,270 --> 00:44:44,079

take a look to the questions that have

1280

00:44:48,069 --> 00:44:45,280

been

1281

00:44:50,390 --> 00:44:48,079

sure

1282

00:44:55,190 --> 00:44:50,400

so

1283

00:44:58,150 --> 00:44:55,200

guestimate make an estimation of your

1284

00:44:59,349 --> 00:44:58,160

guesses what percentage of ufos or

1285

00:45:01,109 --> 00:44:59,359

uaps

1286

00:45:02,470 --> 00:45:01,119

uh reports that you think would have a

1287

00:45:05,190 --> 00:45:02,480

normal explanation if they were

1288

00:45:06,950 --> 00:45:05,200

investigated

1289

00:45:08,069 --> 00:45:06,960

oh it's probably the majority i would

1290

00:45:09,030 --> 00:45:08,079

imagine

1291

00:45:10,550 --> 00:45:09,040

um

1292

00:45:12,470 --> 00:45:10,560

but you know there's thousands and

1293

00:45:15,829 --> 00:45:12,480

thousands of these sightings so that

1294

00:45:17,589 --> 00:45:15,839

even even if you push it to 95 percent

1295

00:45:20,710 --> 00:45:17,599

having

1296

00:45:22,069 --> 00:45:20,720

some sort of conventional explanation

1297

00:45:24,309 --> 00:45:22,079

and i'm not talking about from the

1298

00:45:27,190 --> 00:45:24,319

military i i think that changes it their

1299

00:45:29,349 --> 00:45:27,200

sensor systems are so advanced now there

1300

00:45:32,710 --> 00:45:29,359

are so many sensor platforms that are

1301
00:45:35,030 --> 00:45:32,720
picking up these uap ufos that i would

1302
00:45:38,470 --> 00:45:35,040
say the percentage of those that have a

1303
00:45:40,710 --> 00:45:38,480
conventional explanation is rather small

1304
00:45:43,109 --> 00:45:40,720
because this has come forward recently

1305
00:45:46,069 --> 00:45:43,119
but i mean if you look at what we see as

1306
00:45:48,950 --> 00:45:46,079
the public lights in the sky so forth

1307
00:45:51,910 --> 00:45:48,960
you know a lot of those do have

1308
00:45:53,589 --> 00:45:51,920
a conventional explanation but again

1309
00:45:54,870 --> 00:45:53,599
here's the thing going back to you know

1310
00:45:56,790 --> 00:45:54,880
the lecture that you just heard we

1311
00:45:59,430 --> 00:45:56,800
really don't know the i mean you've

1312
00:46:00,550 --> 00:45:59,440
heard it estimated at 95 having some

1313
00:46:01,750 --> 00:46:00,560

conventional explanation how do we

1314

00:46:04,150 --> 00:46:01,760

really know

1315

00:46:05,510 --> 00:46:04,160

in the absence of a large data set we

1316

00:46:07,910 --> 00:46:05,520

can't really tell

1317

00:46:09,589 --> 00:46:07,920

uh it's simply too biased because we

1318

00:46:11,750 --> 00:46:09,599

don't have enough witnesses coming

1319

00:46:13,510 --> 00:46:11,760

forward and maybe

1320

00:46:15,190 --> 00:46:13,520

the witnesses that are coming forward

1321

00:46:17,109 --> 00:46:15,200

are the ones with the more conventional

1322

00:46:19,270 --> 00:46:17,119

explanations do you see how bias works

1323

00:46:21,510 --> 00:46:19,280

in statistics so the whole thing is so

1324

00:46:24,390 --> 00:46:21,520

biased we i would say

1325

00:46:26,829 --> 00:46:24,400

we really don't know unless until we

1326

00:46:29,670 --> 00:46:26,839

have a real

1327

00:46:31,829 --> 00:46:29,680

seriously watertight data set where

1328

00:46:33,430 --> 00:46:31,839

people are not afraid to come forward

1329

00:46:35,109 --> 00:46:33,440

here's another thing that jack valet

1330

00:46:36,470 --> 00:46:35,119

said to me in that little conversation

1331

00:46:38,550 --> 00:46:36,480

that i mentioned

1332

00:46:40,550 --> 00:46:38,560

he said the stranger the encounter the

1333

00:46:41,750 --> 00:46:40,560

less likely the person the witnesses to

1334

00:46:44,150 --> 00:46:41,760

report it

1335

00:46:46,470 --> 00:46:44,160

what does that do to your statistics

1336

00:46:48,550 --> 00:46:46,480

if the stranger the encounter the less

1337

00:46:50,630 --> 00:46:48,560

likely it is to ever get reported to any

1338

00:46:52,950 --> 00:46:50,640

project blue book or any

1339

00:46:54,230 --> 00:46:52,960

study that's being done by anybody so i

1340

00:46:56,230 --> 00:46:54,240

just think there's just too much missing

1341

00:46:57,589 --> 00:46:56,240

data to really know the answer to that

1342

00:46:59,109 --> 00:46:57,599

question even in

1343

00:47:00,870 --> 00:46:59,119

from public sighting

1344

00:47:03,270 --> 00:47:00,880

thanks a lot simon and i think mark has

1345

00:47:05,990 --> 00:47:03,280

returned with his audio so i'll leave

1346

00:47:08,069 --> 00:47:06,000

the floor to you guys

1347

00:47:09,829 --> 00:47:08,079

hi can you hear me yes thanks thanks

1348

00:47:11,510 --> 00:47:09,839

mark excellent there we go well first of

1349

00:47:13,750 --> 00:47:11,520

all thank you so much for an amazing

1350

00:47:17,270 --> 00:47:13,760

presentation oh you're welcome thank you

1351
00:47:18,069 --> 00:47:17,280
and this is an this is a fantastic area

1352
00:47:19,750 --> 00:47:18,079
where

1353
00:47:21,990 --> 00:47:19,760
even in the years since you gave your

1354
00:47:24,710 --> 00:47:22,000
presentation we have things to talk

1355
00:47:26,950 --> 00:47:24,720
about so i know we we need to cover that

1356
00:47:29,910 --> 00:47:26,960
what i will say on a personal level

1357
00:47:31,510 --> 00:47:29,920
is just to demonstrate your whole point

1358
00:47:33,750 --> 00:47:31,520
of the presentation

1359
00:47:35,829 --> 00:47:33,760
i got excited yesterday looking through

1360
00:47:38,390 --> 00:47:35,839
my new york times brief and i saw

1361
00:47:41,030 --> 00:47:38,400
something an article that said

1362
00:47:45,670 --> 00:47:41,040
nasa to fund ufo studies and i thought

1363
00:47:47,990 --> 00:47:45,680

oh how exciting the first sentence

1364

00:47:51,030 --> 00:47:48,000

was well obviously this is not a real

1365

00:47:52,470 --> 00:47:51,040

phenomena but and i thought

1366

00:47:54,549 --> 00:47:52,480

i wanna

1367

00:47:56,950 --> 00:47:54,559

okay i'll be quiet but yes i was like

1368

00:47:59,349 --> 00:47:56,960

well demonstration right there

1369

00:48:02,710 --> 00:47:59,359

absolutely demonstrated

1370

00:48:04,309 --> 00:48:02,720

how ingrained that viewpoint is

1371

00:48:06,150 --> 00:48:04,319

nothing to see

1372

00:48:07,829 --> 00:48:06,160

and and my personal opinion i'm really

1373

00:48:09,670 --> 00:48:07,839

interested this congressional hearing

1374

00:48:11,829 --> 00:48:09,680

they just had

1375

00:48:12,870 --> 00:48:11,839

i i just it's like they brought all the

1376

00:48:14,710 --> 00:48:12,880

evidence

1377

00:48:17,270 --> 00:48:14,720

that didn't prove that literally

1378

00:48:19,430 --> 00:48:17,280

disproved it made it look like

1379

00:48:21,109 --> 00:48:19,440

that it was not a real phenomena

1380

00:48:23,990 --> 00:48:21,119

and then i mean it was just like the

1381

00:48:26,309 --> 00:48:24,000

keystone cops almost like are you

1382

00:48:28,069 --> 00:48:26,319

kidding me it made the content report

1383

00:48:30,870 --> 00:48:28,079

look like it was the best proof you've

1384

00:48:33,510 --> 00:48:30,880

ever had so yeah i'll shut up

1385

00:48:35,589 --> 00:48:33,520

you're the expert tell us no mark

1386

00:48:38,309 --> 00:48:35,599

are you feeling frustrated yet

1387

00:48:40,309 --> 00:48:38,319

this is how any serious scientist would

1388

00:48:42,549 --> 00:48:40,319

feel that really wants to look at this

1389

00:48:44,069 --> 00:48:42,559

issue and i know people have argued even

1390

00:48:45,990 --> 00:48:44,079

to jacques valet

1391

00:48:49,030 --> 00:48:46,000

this isn't science because there's

1392

00:48:51,349 --> 00:48:49,040

intentional actors here in the craft but

1393

00:48:53,510 --> 00:48:51,359

there is science there's the science of

1394

00:48:55,990 --> 00:48:53,520

propulsion there's the science of trans

1395

00:48:58,710 --> 00:48:56,000

medium travel there's

1396

00:49:00,309 --> 00:48:58,720

space time the whole thing whoever the

1397

00:49:03,190 --> 00:49:00,319

actors are

1398

00:49:06,230 --> 00:49:03,200

involved now the government has been

1399

00:49:09,510 --> 00:49:06,240

involved with this since project sign

1400

00:49:11,349 --> 00:49:09,520

back in the four late 40s at

1401

00:49:14,230 --> 00:49:11,359

wright patterson right turned into

1402

00:49:16,470 --> 00:49:14,240

project grudge

1403

00:49:18,309 --> 00:49:16,480

it turned into project blue book

1404

00:49:20,549 --> 00:49:18,319

what i was a little concerned about and

1405

00:49:23,109 --> 00:49:20,559

i'm sure others were at these recent uh

1406

00:49:25,670 --> 00:49:23,119

house hearings just last month

1407

00:49:27,109 --> 00:49:25,680

where's the continuity in government

1408

00:49:29,430 --> 00:49:27,119

we should be concerned just from

1409

00:49:32,150 --> 00:49:29,440

accountability normally you don't throw

1410

00:49:33,349 --> 00:49:32,160

data out every new project that comes

1411

00:49:35,750 --> 00:49:33,359

along

1412

00:49:38,150 --> 00:49:35,760

what did conden find it guys this is

1413

00:49:40,390 --> 00:49:38,160

there's no scientific continuity there's

1414

00:49:42,549 --> 00:49:40,400

no data continuity this is not

1415

00:49:44,470 --> 00:49:42,559

acceptable now it was a start okay they

1416

00:49:45,829 --> 00:49:44,480

had something but i would expect more

1417

00:49:46,630 --> 00:49:45,839

hearings

1418

00:49:48,390 --> 00:49:46,640

with

1419

00:49:50,790 --> 00:49:48,400

data what did that what has the how

1420

00:49:53,270 --> 00:49:50,800

about just a summary of the evidence of

1421

00:49:54,870 --> 00:49:53,280

what the government has found for 70

1422

00:49:57,750 --> 00:49:54,880

years that would be a good start

1423

00:49:59,750 --> 00:49:57,760

starting with project sign

1424

00:50:00,950 --> 00:49:59,760

that's publicly known not even the stuff

1425

00:50:03,030 --> 00:50:00,960

where they'd say oh well this is

1426

00:50:04,630 --> 00:50:03,040
classified stuff it's not classified

1427

00:50:06,549 --> 00:50:04,640
publicly

1428

00:50:09,109 --> 00:50:06,559
it even took like it took one of the

1429

00:50:10,870 --> 00:50:09,119
legislators to say well what about the

1430

00:50:12,710 --> 00:50:10,880
can't remember it was the minot incident

1431

00:50:15,030 --> 00:50:12,720
or some of the or maelstrom said well

1432

00:50:16,790 --> 00:50:15,040
what about this well uh we don't i guess

1433

00:50:18,549 --> 00:50:16,800
somebody official would have to tell us

1434

00:50:19,670 --> 00:50:18,559
to investigate that and the congressman

1435

00:50:20,950 --> 00:50:19,680
said

1436

00:50:23,109 --> 00:50:20,960
how about me

1437

00:50:24,950 --> 00:50:23,119
i'm i'm official can i can i be an

1438

00:50:27,510 --> 00:50:24,960

official person to tell you go

1439

00:50:29,109 --> 00:50:27,520

investigate this and actually do

1440

00:50:31,109 --> 00:50:29,119

your job and not look like you're

1441

00:50:33,510 --> 00:50:31,119

completely incompetent didn't say that

1442

00:50:36,069 --> 00:50:33,520

that was mark's interpretation but yeah

1443

00:50:37,109 --> 00:50:36,079

i'll i'll shut up enough no no thank you

1444

00:50:40,230 --> 00:50:37,119

this is

1445

00:50:41,190 --> 00:50:40,240

can we ask for some basic accountability

1446

00:50:43,510 --> 00:50:41,200

here

1447

00:50:45,589 --> 00:50:43,520

the response that that department of

1448

00:50:48,549 --> 00:50:45,599

defense official had to that question

1449

00:50:51,270 --> 00:50:48,559

was well that isn't in our database for

1450

00:50:52,630 --> 00:50:51,280

our particular directive from congress

1451

00:50:54,390 --> 00:50:52,640

from last year this isn't in our

1452

00:50:56,549 --> 00:50:54,400

database i don't know anything about

1453

00:50:58,630 --> 00:50:56,559

minot or maelstrom

1454

00:51:00,790 --> 00:50:58,640

then you're not doing your job

1455

00:51:03,270 --> 00:51:00,800

you're not doing your job when all those

1456

00:51:06,230 --> 00:51:03,280

nuclear missiles are affected repeatedly

1457

00:51:09,190 --> 00:51:06,240

they go offline the launch sequences are

1458

00:51:11,670 --> 00:51:09,200

initiated occasionally this is something

1459

00:51:14,230 --> 00:51:11,680

that we all need to be concerned about

1460

00:51:16,230 --> 00:51:14,240

and all it requires is a serious

1461

00:51:18,630 --> 00:51:16,240

national discussion i'm not saying i

1462

00:51:21,510 --> 00:51:18,640

have the answers mark you don't nobody

1463

00:51:24,150 --> 00:51:21,520

knows but can we have an adult are there

1464

00:51:25,109 --> 00:51:24,160

adults in the room

1465

00:51:25,829 --> 00:51:25,119

right

1466

00:51:30,069 --> 00:51:25,839

so

1467

00:51:31,670 --> 00:51:30,079

in the q and a

1468

00:51:33,829 --> 00:51:31,680

one of the things i think i'm going to

1469

00:51:35,589 --> 00:51:33,839

try to summarize some of the stuff

1470

00:51:38,230 --> 00:51:35,599

that's come up is there a lot of people

1471

00:51:40,710 --> 00:51:38,240

that have said things about hey i'm an

1472

00:51:41,990 --> 00:51:40,720

experencer and i feel x y and z is

1473

00:51:44,069 --> 00:51:42,000

going on

1474

00:51:47,190 --> 00:51:44,079

what do you have any suggestions as far

1475

00:51:48,950 --> 00:51:47,200

as resources for people that have had

1476

00:51:51,510 --> 00:51:48,960

experiences and

1477

00:51:53,670 --> 00:51:51,520

and feel like you know where do i go to

1478

00:51:56,790 --> 00:51:53,680

either find a community or to find

1479

00:51:57,829 --> 00:51:56,800

people who will listen to me and and

1480

00:51:59,589 --> 00:51:57,839

you know because

1481

00:52:01,349 --> 00:51:59,599

what i found in my own

1482

00:52:03,510 --> 00:52:01,359

experience in the area not being an

1483

00:52:05,589 --> 00:52:03,520

experiencer necessarily but someone who

1484

00:52:07,910 --> 00:52:05,599

came to this is some of the concepts

1485

00:52:10,150 --> 00:52:07,920

that come out are just mind-shattering

1486

00:52:12,069 --> 00:52:10,160

so i can imagine some people have an

1487

00:52:14,069 --> 00:52:12,079

experience it completely blows their

1488

00:52:15,670 --> 00:52:14,079

concept of reality

1489

00:52:18,549 --> 00:52:15,680

what do you have any suggestions for

1490

00:52:20,790 --> 00:52:18,559

them as far as places to go that

1491

00:52:23,349 --> 00:52:20,800

might

1492

00:52:25,670 --> 00:52:23,359

help them in a way that without going to

1493

00:52:27,349 --> 00:52:25,680

potentially some pretty dark places and

1494

00:52:29,349 --> 00:52:27,359

places of people trying to take their

1495

00:52:31,510 --> 00:52:29,359

money and so forth well there are very

1496

00:52:33,990 --> 00:52:31,520

good podcasts out there

1497

00:52:36,790 --> 00:52:34,000

okay i personally have enjoyed one that

1498

00:52:38,150 --> 00:52:36,800

i listened to is that ufo podcast out of

1499

00:52:40,230 --> 00:52:38,160

the uk

1500

00:52:41,990 --> 00:52:40,240

andy brillin

1501
00:52:44,710 --> 00:52:42,000
and uh

1502
00:52:46,790 --> 00:52:44,720
dan zetterstrom do that one and their

1503
00:52:48,950 --> 00:52:46,800
other good pockets so i would say just

1504
00:52:50,870 --> 00:52:48,960
look around for people that like us are

1505
00:52:52,710 --> 00:52:50,880
having an adult discussion

1506
00:52:54,950 --> 00:52:52,720
trying to bring in witnesses they've had

1507
00:52:58,309 --> 00:52:54,960
many witnesses come on these different

1508
00:53:01,670 --> 00:53:00,710
you should find the ones that

1509
00:53:02,950 --> 00:53:01,680
you

1510
00:53:05,670 --> 00:53:02,960
uh

1511
00:53:09,510 --> 00:53:05,680
resonate with that you feel aren't

1512
00:53:11,510 --> 00:53:09,520
balanced you know what we need here is

1513
00:53:14,710 --> 00:53:11,520

not overly open-mindedness that we

1514

00:53:18,230 --> 00:53:14,720

believe everything but if we're so you

1515

00:53:19,910 --> 00:53:18,240

know marsha cello truezl who started

1516

00:53:21,910 --> 00:53:19,920

psychos

1517

00:53:23,670 --> 00:53:21,920

he gave us a presentation at one of

1518

00:53:26,870 --> 00:53:23,680

these irva conferences the very first

1519

00:53:28,710 --> 00:53:26,880

one in 1999 he's passed on now

1520

00:53:31,270 --> 00:53:28,720

he said you know the reason he quit

1521

00:53:32,630 --> 00:53:31,280

cyclops committees for investigation of

1522

00:53:35,430 --> 00:53:32,640

the paranormal he said they weren't

1523

00:53:38,309 --> 00:53:35,440

skeptics they were scoffers

1524

00:53:41,670 --> 00:53:38,319

skeptics look at evidence

1525

00:53:43,910 --> 00:53:41,680

so i would suggest that you pick sources

1526

00:53:47,270 --> 00:53:43,920

where they actually have a serious

1527

00:53:50,230 --> 00:53:47,280

discussion and look at the data and

1528

00:53:52,150 --> 00:53:50,240

find out who's involved and uh it's a

1529

00:53:54,710 --> 00:53:52,160

very challenging time right now we know

1530

00:53:57,109 --> 00:53:54,720

the government is interested and i will

1531

00:53:58,710 --> 00:53:57,119

tell you in the book that i'm coming out

1532

00:54:00,309 --> 00:53:58,720

with in a couple of weeks dark matter

1533

00:54:01,670 --> 00:54:00,319

monsters about cryptids and ball

1534

00:54:04,069 --> 00:54:01,680

lightning and coherent matter and so

1535

00:54:05,589 --> 00:54:04,079

forth i talked to terry lovely so i

1536

00:54:07,349 --> 00:54:05,599

mentioned in this talk

1537

00:54:09,910 --> 00:54:07,359

just three or four days ago and he gave

1538

00:54:11,109 --> 00:54:09,920

me permission to say the following

1539

00:54:12,630 --> 00:54:11,119

because it's in the book and i was

1540

00:54:13,990 --> 00:54:12,640

really surprised but he told me put it

1541

00:54:16,549 --> 00:54:14,000

in the book he got a call from the

1542

00:54:18,950 --> 00:54:16,559

department of homeland security

1543

00:54:20,470 --> 00:54:18,960

they're doing a criminal investigation

1544

00:54:21,589 --> 00:54:20,480

of abductions

1545

00:54:24,870 --> 00:54:21,599

and they

1546

00:54:27,190 --> 00:54:24,880

are taking it seriously okay this is

1547

00:54:29,589 --> 00:54:27,200

public now i'm allowed to say it because

1548

00:54:31,270 --> 00:54:29,599

they called it they wanted to know every

1549

00:54:33,910 --> 00:54:31,280

blade of grass from the devil's den

1550

00:54:35,270 --> 00:54:33,920

incident and then at the end of his

1551
00:54:38,390 --> 00:54:35,280
going through the whole incident where

1552
00:54:40,870 --> 00:54:38,400
he's taken up with toby in the craft

1553
00:54:43,109 --> 00:54:40,880
the individual on the phone high level

1554
00:54:45,510 --> 00:54:43,119
person within dhs says we're doing a

1555
00:54:47,270 --> 00:54:45,520
criminal investigation of abductions of

1556
00:54:49,910 --> 00:54:47,280
ufo abductions

1557
00:54:52,069 --> 00:54:49,920
and terry said to him i didn't know the

1558
00:54:53,750 --> 00:54:52,079
federal government had jurisdiction over

1559
00:54:55,430 --> 00:54:53,760
extraterrestrials

1560
00:54:58,309 --> 00:54:55,440
legal jurisdiction and there was just

1561
00:55:02,230 --> 00:54:58,319
silence on the other side of the phone

1562
00:55:04,710 --> 00:55:02,240
you can read into that what you will

1563
00:55:06,870 --> 00:55:04,720

uh terry wanted me to put this out

1564

00:55:08,549 --> 00:55:06,880

because they haven't gotten back to him

1565

00:55:10,470 --> 00:55:08,559

and he's

1566

00:55:11,990 --> 00:55:10,480

thinks the public should know that this

1567

00:55:13,750 --> 00:55:12,000

is how seriously the us government is

1568

00:55:15,190 --> 00:55:13,760

taking the official

1569

00:55:16,950 --> 00:55:15,200

wow

1570

00:55:18,390 --> 00:55:16,960

well unfortunately i think we're at the

1571

00:55:20,710 --> 00:55:18,400

end of our time

1572

00:55:21,670 --> 00:55:20,720

i really wish we could talk more because

1573

00:55:23,190 --> 00:55:21,680

oh

1574

00:55:26,150 --> 00:55:23,200

this is one of those presentations where

1575

00:55:27,750 --> 00:55:26,160

if we were together in person we'd we'd

1576
00:55:30,710 --> 00:55:27,760
end the session then we'd all walk out

1577
00:55:34,470 --> 00:55:32,309
mark can i just say one last thing it's

1578
00:55:36,630 --> 00:55:34,480
gratifying that this issue is gaining

1579
00:55:39,109 --> 00:55:36,640
more attention the tension it deserves

1580
00:55:40,710 --> 00:55:39,119
after 70 years it may be slow but it's

1581
00:55:42,470 --> 00:55:40,720
something and it's building and i think

1582
00:55:43,430 --> 00:55:42,480
we can all be thankful that we're going

1583
00:55:45,510 --> 00:55:43,440
to have

1584
00:55:47,190 --> 00:55:45,520
some serious discussion and possibly

1585
00:55:48,870 --> 00:55:47,200
find out what's been going on and what

1586
00:55:50,870 --> 00:55:48,880
what's going on right now

1587
00:55:52,710 --> 00:55:50,880
absolutely well thank you i want to

1588
00:55:54,789 --> 00:55:52,720

thank you so much for the work you have

1589

00:55:56,549 --> 00:55:54,799

been doing over all of these years not

1590

00:55:58,950 --> 00:55:56,559

just what you're doing here for what

1591

00:56:00,630 --> 00:55:58,960

you've done with the ssc at the last

1592

00:56:03,510 --> 00:56:00,640

conference and the one that's coming up

1593

00:56:05,030 --> 00:56:03,520

are you presenting at the conference i

1594

00:56:07,109 --> 00:56:05,040

was putting so much work into my

1595

00:56:09,829 --> 00:56:07,119

upcoming book

1596

00:56:11,670 --> 00:56:09,839

i didn't have time to put a presentation

1597

00:56:12,789 --> 00:56:11,680

together so it's a lot of wonderful

1598

00:56:14,150 --> 00:56:12,799

sources together it'll be done in a

1599

00:56:16,470 --> 00:56:14,160

couple of minutes and i'll be back

1600

00:56:18,470 --> 00:56:16,480

giving presentations understood

1601
00:56:19,829 --> 00:56:18,480
understood well i'll be there i'll be at

1602
00:56:21,990 --> 00:56:19,839
the conference i think there are videos

1603
00:56:23,910 --> 00:56:22,000
from the last conference annalisa can

1604
00:56:26,549 --> 00:56:23,920
talk about that and at some later point

1605
00:56:28,309 --> 00:56:26,559
but i think for now we're gonna head in

1606
00:56:31,190 --> 00:56:28,319
back to the lounges

1607
00:56:33,750 --> 00:56:31,200
and i will see if annalisa wants to come

1608
00:56:35,829 --> 00:56:33,760
to the stage to give us direction about

1609
00:56:37,910 --> 00:56:35,839
that thank you all right and thanks

1610
00:56:39,750 --> 00:56:37,920
everyone for thank you

1611
00:56:42,870 --> 00:56:39,760
uh analisa do you want to give us any

1612
00:56:45,589 --> 00:56:42,880
direction about the ah here she comes

1613
00:56:47,829 --> 00:56:45,599

about our next yes annalisa

1614

00:56:49,829 --> 00:56:47,839

our next steps

1615

00:56:51,589 --> 00:56:49,839

the social lounge

1616

00:56:53,109 --> 00:56:51,599

anything to say about it or are we just

1617

00:56:55,829 --> 00:56:53,119

going to sorry i'm going to have to

1618

00:56:58,390 --> 00:56:55,839

leave my um camera off for now um but we

1619

00:57:00,230 --> 00:56:58,400

are going to have a 30 networking break

1620

00:57:03,030 --> 00:57:00,240

and i understand that john is going to

1621

00:57:04,470 --> 00:57:03,040

be sitting at the subtle energy table in

1622

00:57:06,630 --> 00:57:04,480

case there are questions that you wanted

1623

00:57:09,589 --> 00:57:06,640

to discuss that didn't uh we didn't have

1624

00:57:11,190 --> 00:57:09,599

time for uh simi you are invited to join

1625

00:57:12,470 --> 00:57:11,200

us in the social lounge at a table in

1626

00:57:15,430 --> 00:57:12,480

uaps

1627

00:57:17,349 --> 00:57:15,440

are you available i will be there

1628

00:57:19,589 --> 00:57:17,359

okay great and then we're also going to

1629

00:57:21,109 --> 00:57:19,599

have a table for uh i think general

1630

00:57:22,630 --> 00:57:21,119

discussion because there's already been

1631

00:57:25,510 --> 00:57:22,640

a lot of talks some people who just want

1632

00:57:26,950 --> 00:57:25,520

to vaguely talk about what their day

1633

00:57:30,069 --> 00:57:26,960

and i think we're also gonna have an

1634

00:57:32,549 --> 00:57:30,079

experience share table um so for the

1635

00:57:33,670 --> 00:57:32,559

next 30 minutes again table hopping is

1636

00:57:36,230 --> 00:57:33,680

encouraged

1637

00:57:37,670 --> 00:57:36,240

uh so uh we will see you in the social

1638

00:57:38,470 --> 00:57:37,680

lounge and i think we're coming back

1639

00:57:40,470 --> 00:57:38,480

with

1640

00:57:44,870 --> 00:57:40,480

who's our next speaker

1641

00:57:49,270 --> 00:57:47,270

well in about 30 minutes so yeah we'll

1642

00:57:50,470 --> 00:57:49,280

see you then fantastic all right well
