

CHRISTOPHER MELLON

“What if an ET Presence is
Confirmed? The Potential
Consequences of Disclosure”

1
00:00:02,190 --> 00:00:29,900

[Music]

2
00:00:29,910 --> 00:00:37,069

[Applause]

3
00:00:43,510 --> 00:00:38,630

well thank you for putting the pressure

4
00:00:46,229 --> 00:00:43,520

on Gary um appreciate that um actually

5
00:00:48,750 --> 00:00:46,239

you know this is amazing how far we have

6
00:00:53,029 --> 00:00:48,760

come since

7
00:00:55,750 --> 00:00:53,039

2017 it's it's really it's just

8
00:00:58,830 --> 00:00:55,760

incredible and these talks have been

9
00:01:01,310 --> 00:00:58,840

incredible and somewhat eclips a little

10
00:01:04,590 --> 00:01:01,320

bit of what I want to say um I was

11
00:01:06,510 --> 00:01:04,600

corresponding with Peter and Gary two

12
00:01:08,990 --> 00:01:06,520

weeks ago I was giving a talk in Paris

13
00:01:11,149 --> 00:01:09,000

before a group and I had slides I don't

14

00:01:14,310 --> 00:01:11,159

have slides today I was giving a

15

00:01:17,149 --> 00:01:14,320

presentation on the Extraterrestrial

16

00:01:19,469 --> 00:01:17,159

hypothesis and then I saw well Dr L is

17

00:01:21,270 --> 00:01:19,479

going to be here and Dr kth and these

18

00:01:23,109 --> 00:01:21,280

great scientists I don't need to do that

19

00:01:25,190 --> 00:01:23,119

they're going to be they're far more

20

00:01:28,030 --> 00:01:25,200

qualified than me so let me try to offer

21

00:01:31,109 --> 00:01:28,040

something from a national security

22

00:01:33,590 --> 00:01:31,119

perspective so um uh didn't have a lot

23

00:01:35,350 --> 00:01:33,600

of time but I I spent some time putting

24

00:01:37,389 --> 00:01:35,360

together a few remarks for your

25

00:01:39,950 --> 00:01:37,399

consideration as this group is well

26
00:01:41,749 --> 00:01:39,960
aware various committees and members of

27
00:01:43,710 --> 00:01:41,759
Congress are seeking to determine

28
00:01:46,630 --> 00:01:43,720
whether the US government has proof of

29
00:01:48,789 --> 00:01:46,640
an extraterrestrial presence on Earth

30
00:01:52,389 --> 00:01:48,799
this would undoubtedly be the most

31
00:01:55,389 --> 00:01:52,399
shocking profound and transformative

32
00:01:57,469 --> 00:01:55,399
Discovery in human history yet despite

33
00:01:59,550 --> 00:01:57,479
the gravity of the issue Congress has

34
00:02:01,190 --> 00:01:59,560
been proceeding without holding any

35
00:02:04,590 --> 00:02:01,200
hearing hearings or requesting any

36
00:02:06,590 --> 00:02:04,600
studies to date to assess the impact of

37
00:02:08,510 --> 00:02:06,600
this potential bombshell

38
00:02:10,109 --> 00:02:08,520

revelation it appears that our

39

00:02:12,630 --> 00:02:10,119

legislators are failing to heed the

40

00:02:15,270 --> 00:02:12,640

maximum don't ask the question if you're

41

00:02:17,309 --> 00:02:15,280

not prepared for the answer there is

42

00:02:19,710 --> 00:02:17,319

also strangely little discussion of this

43

00:02:22,830 --> 00:02:19,720

critical issue among proponents of

44

00:02:24,869 --> 00:02:22,840

disclosure in the UAP Community perhaps

45

00:02:26,790 --> 00:02:24,879

Advocates of disclosure simply assume

46

00:02:30,509 --> 00:02:26,800

that truth and transparency are always

47

00:02:32,509 --> 00:02:30,519

for the better although I applaud this

48

00:02:35,150 --> 00:02:32,519

this is not so simple for those bearing

49

00:02:36,509 --> 00:02:35,160

the weighty responsibility of governing

50

00:02:38,229 --> 00:02:36,519

I therefore thought I'd offer some

51
00:02:40,869 --> 00:02:38,239
thoughts from the standpoint of a public

52
00:02:41,949 --> 00:02:40,879
servant involved in the UAP issue of

53
00:02:44,630 --> 00:02:41,959
National

54
00:02:46,630 --> 00:02:44,640
Security the first question that Aris is

55
00:02:48,470 --> 00:02:46,640
how can we make a fair determination

56
00:02:51,430 --> 00:02:48,480
about the potential risks and benefits

57
00:02:54,390 --> 00:02:51,440
of disclosure without access to all the

58
00:02:57,430 --> 00:02:54,400
facts if the US government has recovered

59
00:02:59,470 --> 00:02:57,440
extraterrestrial technology decades ago

60
00:03:01,509 --> 00:02:59,480
there has inevitably been some progress

61
00:03:03,710 --> 00:03:01,519
in assessing it and hopefully some

62
00:03:05,270 --> 00:03:03,720
insights gleaned regarding the nature

63
00:03:07,710 --> 00:03:05,280

and intent of the

64

00:03:09,949 --> 00:03:07,720

designers however nobody with credible

65

00:03:13,030 --> 00:03:09,959

access to such information has provided

66

00:03:15,750 --> 00:03:13,040

any details one of the only things we

67

00:03:18,229 --> 00:03:15,760

can say with certainty at this point is

68

00:03:19,949 --> 00:03:18,239

that unless this uh intelligence proves

69

00:03:22,509 --> 00:03:19,959

to be Angelic which is not what our

70

00:03:25,550 --> 00:03:22,519

military is reporting disclosure would

71

00:03:27,429 --> 00:03:25,560

undeniably frighten if not terrify many

72

00:03:30,270 --> 00:03:27,439

segments of the world

73

00:03:32,429 --> 00:03:30,280

population moreover what if closure

74

00:03:34,429 --> 00:03:32,439

precipitated a change in the behavior of

75

00:03:36,990 --> 00:03:34,439

an alien civilization because they no

76

00:03:38,309 --> 00:03:37,000

longer had an incentive to remain

77

00:03:40,190 --> 00:03:38,319

elusive in

78

00:03:41,869 --> 00:03:40,200

clandestine what is the risk that

79

00:03:44,630 --> 00:03:41,879

disclosure might cause some governments

80

00:03:47,270 --> 00:03:44,640

to overreact precipitating fearful and

81

00:03:48,949 --> 00:03:47,280

aggressive interactions if these risks

82

00:03:50,910 --> 00:03:48,959

are substantial would it still make

83

00:03:53,030 --> 00:03:50,920

sense to release this

84

00:03:55,949 --> 00:03:53,040

information let's imagine you're just

85

00:03:57,509 --> 00:03:55,959

elected president of the United States

86

00:03:58,869 --> 00:03:57,519

and you know finally you get the big

87

00:04:00,670 --> 00:03:58,879

briefing and during one of your

88

00:04:02,949 --> 00:04:00,680

classified briefing you learn that we

89

00:04:05,390 --> 00:04:02,959

have indeed recovered extraterrestrial

90

00:04:07,869 --> 00:04:05,400

technology you learn we've made only

91

00:04:09,910 --> 00:04:07,879

modest Headway in understanding it where

92

00:04:12,390 --> 00:04:09,920

it is from or why these intelligently

93

00:04:15,429 --> 00:04:12,400

controlled machines are here what would

94

00:04:17,710 --> 00:04:15,439

you do so Place yourself in the shoes of

95

00:04:19,990 --> 00:04:17,720

the commander-in chief and people in the

96

00:04:22,150 --> 00:04:20,000

government as president your top

97

00:04:24,510 --> 00:04:22,160

priority is to keep the American people

98

00:04:26,950 --> 00:04:24,520

safe from all threats foreign and

99

00:04:28,710 --> 00:04:26,960

domestic hundreds of millions of people

100

00:04:30,790 --> 00:04:28,720

including tens of millions of Children

101
00:04:32,790 --> 00:04:30,800
Place their faith in you are you going

102
00:04:35,270 --> 00:04:32,800
to hold a press conference revealing

103
00:04:36,710 --> 00:04:35,280
that aliens are visiting planet Earth

104
00:04:39,430 --> 00:04:36,720
but we don't know where they're coming

105
00:04:42,150 --> 00:04:39,440
from why they are here or whether we can

106
00:04:44,189 --> 00:04:42,160
defend ourselves from them I've worked

107
00:04:45,870 --> 00:04:44,199
for politicians from both parties in the

108
00:04:47,189 --> 00:04:45,880
legislative and executive branches of

109
00:04:48,710 --> 00:04:47,199
government and I don't know many

110
00:04:49,870 --> 00:04:48,720
politicians that want to hold a press

111
00:04:53,150 --> 00:04:49,880
conference like

112
00:04:55,710 --> 00:04:53,160
that the sudden unexpected revelation of

113
00:04:57,430 --> 00:04:55,720

an ET presence would not only unsettle

114

00:04:59,909 --> 00:04:57,440

and probably terrify millions of

115

00:05:02,150 --> 00:04:59,919

billions of people so what per purpose

116

00:05:04,150 --> 00:05:02,160

would be served what chance as you as

117

00:05:06,990 --> 00:05:04,160

president what chance would you have of

118

00:05:08,950 --> 00:05:07,000

moving forward on vital issues on your

119

00:05:11,430 --> 00:05:08,960

agenda given the tumult that would

120

00:05:13,510 --> 00:05:11,440

result what reason is there to believe

121

00:05:16,230 --> 00:05:13,520

the net effect for society would be

122

00:05:17,870 --> 00:05:16,240

positive rather than negative these are

123

00:05:20,309 --> 00:05:17,880

questions that need to be addressed by

124

00:05:22,390 --> 00:05:20,319

those advocating the release of

125

00:05:24,830 --> 00:05:22,400

information proving an extraterrestrial

126
00:05:27,070 --> 00:05:24,840
presence on Earth this has the potential

127
00:05:29,870 --> 00:05:27,080
to be a Pandora's Box that we best think

128
00:05:32,029 --> 00:05:29,880
through carefully when I first became

129
00:05:33,909 --> 00:05:32,039
involved in the UAP topic the alleged

130
00:05:36,430 --> 00:05:33,919
recovery of extraterrestrial technology

131
00:05:38,469 --> 00:05:36,440
was not an issue my immediate goal was

132
00:05:41,150 --> 00:05:38,479
to alert policymakers to a dangerous

133
00:05:43,070 --> 00:05:41,160
intelligence failure namely the fact of

134
00:05:45,510 --> 00:05:43,080
serious and recurring intrusions into

135
00:05:48,390 --> 00:05:45,520
restricted DOD airspace by strange

136
00:05:50,390 --> 00:05:48,400
unidentified aircraft it was shocking to

137
00:05:52,510 --> 00:05:50,400
learn our vaunted multi-billion dollar

138
00:05:55,230 --> 00:05:52,520

intelligence system was paralyzed by

139

00:05:58,150 --> 00:05:55,240

stigma placing us personnel and the

140

00:05:59,990 --> 00:05:58,160

nation at risk this reminded me of both

141

00:06:01,670 --> 00:06:00,000

Pearl Harbor where vital warning

142

00:06:04,510 --> 00:06:01,680

information was not forwarded up the

143

00:06:06,309 --> 00:06:04,520

chain of command as well as 9911 when

144

00:06:08,150 --> 00:06:06,319

intelligence agencies failed to share

145

00:06:10,189 --> 00:06:08,160

Vital Information that could have saved

146

00:06:12,469 --> 00:06:10,199

the lives of thousands of innocent

147

00:06:14,270 --> 00:06:12,479

civilians having survived the attack on

148

00:06:16,270 --> 00:06:14,280

the Pentagon myself this was not a

149

00:06:18,749 --> 00:06:16,280

purely theoretical

150

00:06:20,350 --> 00:06:18,759

consideration admittedly I was also

151

00:06:22,110 --> 00:06:20,360

hoping that enough Congressional

152

00:06:24,830 --> 00:06:22,120

pressure could compel DOD and the

153

00:06:28,150 --> 00:06:24,840

intelligence Community to use their vast

154

00:06:30,270 --> 00:06:28,160

capabilities to study UAP knowing our

155

00:06:32,469 --> 00:06:30,280

technical intelligence capabilities and

156

00:06:35,110 --> 00:06:32,479

systems well I was tantalized by the

157

00:06:37,430 --> 00:06:35,120

prospect of what we might learn if these

158

00:06:40,189 --> 00:06:37,440

sometimes mindboggling capabilities were

159

00:06:42,469 --> 00:06:40,199

brought to bear on the unsolved UAP

160

00:06:44,350 --> 00:06:42,479

mystery it was therefore also an

161

00:06:47,430 --> 00:06:44,360

opportunity to see a childhood dream

162

00:06:49,189 --> 00:06:47,440

come true however aliens and recovered

163

00:06:52,189 --> 00:06:49,199

extraterrestrial materials were not

164

00:06:54,350 --> 00:06:52,199

initially on the agenda at the time the

165

00:06:56,790 --> 00:06:54,360

ET angle was present but remained

166

00:06:58,589 --> 00:06:56,800

unspoken for good reason if we'

167

00:07:00,189 --> 00:06:58,599

approached congress with an explicit

168

00:07:02,670 --> 00:07:00,199

focus on alien we would have been

169

00:07:05,070 --> 00:07:02,680

quickly shown to the exit many

170

00:07:06,749 --> 00:07:05,080

legislators were privately curious but

171

00:07:08,950 --> 00:07:06,759

publicly they needed to focus on the

172

00:07:12,430 --> 00:07:08,960

National Security angle to engage on the

173

00:07:14,230 --> 00:07:12,440

UAP issue nevertheless As Time passed

174

00:07:16,150 --> 00:07:14,240

and new information became available

175

00:07:18,350 --> 00:07:16,160

Congressional interest expanded to

176
00:07:20,270 --> 00:07:18,360
include credible allegations of

177
00:07:22,550 --> 00:07:20,280
recovered extraterrestrial

178
00:07:24,309 --> 00:07:22,560
materials I confess I was partly

179
00:07:26,150 --> 00:07:24,319
responsible for this change of emphasis

180
00:07:28,070 --> 00:07:26,160
because I brought Eric Davis to Capitol

181
00:07:31,029 --> 00:07:28,080
Hill to meet with the oversight

182
00:07:33,629 --> 00:07:31,039
committees um in October of

183
00:07:36,589 --> 00:07:33,639
2019 I believe that was the first

184
00:07:38,150 --> 00:07:36,599
congressional meeting on on that subject

185
00:07:39,990 --> 00:07:38,160
later I played a role in helping bring

186
00:07:42,629 --> 00:07:40,000
other Witnesses forward to include Dave

187
00:07:44,390 --> 00:07:42,639
grush so I began to wrestle with this

188
00:07:47,070 --> 00:07:44,400

issue am I doing the right thing it was

189

00:07:49,909 --> 00:07:47,080

a big ethical issue you're potentially

190

00:07:51,230 --> 00:07:49,919

starting an avalanche and uh that was

191

00:07:53,710 --> 00:07:51,240

much on my

192

00:07:56,029 --> 00:07:53,720

mind eventually members of Congress

193

00:07:58,230 --> 00:07:56,039

began to realize this was a s serious

194

00:08:00,869 --> 00:07:58,240

issue ultimately requiring Arrow to

195

00:08:03,430 --> 00:08:00,879

investigate the e recovery

196

00:08:05,270 --> 00:08:03,440

allegation however Congress did so

197

00:08:07,990 --> 00:08:05,280

without deciding whether to make its

198

00:08:10,149 --> 00:08:08,000

findings public it's true that some

199

00:08:12,629 --> 00:08:10,159

members of Congress for example Senator

200

00:08:15,430 --> 00:08:12,639

Kirsten g brand and representative Tim

201
00:08:17,350 --> 00:08:15,440
Brett have expressed strong support for

202
00:08:19,909 --> 00:08:17,360
releasing the facts whatever they Pro to

203
00:08:22,790 --> 00:08:19,919
be but it is not clear how many of their

204
00:08:24,710 --> 00:08:22,800
colleagues agree it is also conceivable

205
00:08:26,510 --> 00:08:24,720
they might choose when confront uh

206
00:08:28,510 --> 00:08:26,520
change their minds when confronted with

207
00:08:30,390 --> 00:08:28,520
specific details they might reconsider

208
00:08:33,190 --> 00:08:30,400
their point of view

209
00:08:35,509 --> 00:08:33,200
at this point it seems clear Arrow will

210
00:08:37,430 --> 00:08:35,519
report no credible evidence the US

211
00:08:39,509 --> 00:08:37,440
government has recovered alien

212
00:08:42,430 --> 00:08:39,519
technology or knows of any

213
00:08:44,269 --> 00:08:42,440

extraterrestrial activity however I

214

00:08:46,509 --> 00:08:44,279

don't think this finding by Era will

215

00:08:49,230 --> 00:08:46,519

satisfy key members of Congress or the

216

00:08:51,350 --> 00:08:49,240

public this is entirely understandable

217

00:08:53,550 --> 00:08:51,360

because asking era to investigate this

218

00:08:55,389 --> 00:08:53,560

issue is comparable to asking the

219

00:08:58,710 --> 00:08:55,399

intelligence Community to investigate

220

00:09:00,710 --> 00:08:58,720

the Iran Contra affair Arrow has a clear

221

00:09:02,949 --> 00:09:00,720

conflict of interest and has to protect

222

00:09:05,509 --> 00:09:02,959

such information is directed to do so as

223

00:09:08,389 --> 00:09:05,519

was pointed out earlier Arrow could also

224

00:09:10,350 --> 00:09:08,399

be denied access to this information the

225

00:09:12,829 --> 00:09:10,360

only way for Congress to assure itself

226

00:09:15,230 --> 00:09:12,839

of the truth is to continue pressing

227

00:09:17,230 --> 00:09:15,240

ahead with its own investigation as

228

00:09:18,750 --> 00:09:17,240

advocated by members of both parties in

229

00:09:21,269 --> 00:09:18,760

the House of

230

00:09:23,230 --> 00:09:21,279

Representatives in that regard uh

231

00:09:25,350 --> 00:09:23,240

regarding the government role I want to

232

00:09:27,430 --> 00:09:25,360

challenge the assertion that UAP issue

233

00:09:30,150 --> 00:09:27,440

is for scientists not politicians or

234

00:09:31,870 --> 00:09:30,160

government officials although UAP

235

00:09:33,910 --> 00:09:31,880

deserves serious attention from the

236

00:09:36,790 --> 00:09:33,920

scientific community and I'm an Ardent

237

00:09:40,110 --> 00:09:36,800

supporter of the Galileo project and the

238

00:09:42,509 --> 00:09:40,120

SCU uh and and of course the Saul

239

00:09:46,030 --> 00:09:42,519

foundation and as NASA itself has

240

00:09:48,750 --> 00:09:46,040

recently acknowledged um this is a a

241

00:09:50,790 --> 00:09:48,760

valid and important scientific issue but

242

00:09:53,590 --> 00:09:50,800

National Security can't be ignored in

243

00:09:56,150 --> 00:09:53,600

this topic we are not dealing at least

244

00:09:58,230 --> 00:09:56,160

not exclusively with an intangible

245

00:10:00,030 --> 00:09:58,240

interdimensional presence that has for

246

00:10:02,949 --> 00:10:00,040

centuries been seeking to subtly

247

00:10:04,710 --> 00:10:02,959

influence human Affairs something along

248

00:10:07,750 --> 00:10:04,720

these lines could be happening it's it's

249

00:10:09,990 --> 00:10:07,760

a fascinating issue but our military is

250

00:10:12,069 --> 00:10:10,000

encountering intelligently controlled

251
00:10:13,190 --> 00:10:12,079
solid objects invading restricted

252
00:10:16,389 --> 00:10:13,200
military

253
00:10:17,829 --> 00:10:16,399
airspace sometimes flying in formation

254
00:10:20,150 --> 00:10:17,839
in many cases they're emitting

255
00:10:23,150 --> 00:10:20,160
radiations in radiation in the 1 to 3

256
00:10:25,150 --> 00:10:23,160
and 8 to 12 gigahertz range multiple

257
00:10:26,750 --> 00:10:25,160
credible reports indicate these objects

258
00:10:29,670 --> 00:10:26,760
have rendered segments of our nuclear

259
00:10:31,790 --> 00:10:29,680
deterrent inoperable in other recent

260
00:10:34,350 --> 00:10:31,800
cases they're jamming Radars on fighter

261
00:10:36,350 --> 00:10:34,360
aircraft we also have multiple cases of

262
00:10:38,310 --> 00:10:36,360
near midair collisions and other cases

263
00:10:40,990 --> 00:10:38,320

involving serious injuries to Military

264

00:10:42,790 --> 00:10:41,000

and civilian Personnel indeed this is an

265

00:10:43,790 --> 00:10:42,800

area of research for Dr Nolan and the

266

00:10:46,190 --> 00:10:43,800

Soul

267

00:10:47,870 --> 00:10:46,200

Foundation I'm here to support Gary's

268

00:10:50,949 --> 00:10:47,880

and Peter's efforts to advance the

269

00:10:53,150 --> 00:10:50,959

scientific study of UAP but I also

270

00:10:55,670 --> 00:10:53,160

recognize that as much as it might like

271

00:10:58,470 --> 00:10:55,680

to we can't let the government deinvest

272

00:10:59,949 --> 00:10:58,480

itself of this issue similarly the

273

00:11:01,670 --> 00:10:59,959

government does does not have the luxury

274

00:11:04,230 --> 00:11:01,680

of limiting itself to pristine

275

00:11:06,150 --> 00:11:04,240

scientific information this is one of

276

00:11:08,350 --> 00:11:06,160

the areas in which I differ from Dr

277

00:11:10,870 --> 00:11:08,360

kpatrick Who claims there is quote no

278

00:11:13,509 --> 00:11:10,880

credible unquote evidence of UAP

279

00:11:15,829 --> 00:11:13,519

demonstrating capabilities or doing

280

00:11:18,629 --> 00:11:15,839

things that violate our understanding of

281

00:11:20,670 --> 00:11:18,639

science to my mind the Nimitz aviators

282

00:11:23,550 --> 00:11:20,680

and radar operators and technicians are

283

00:11:28,110 --> 00:11:25,670

credible the intelligence Community

284

00:11:30,550 --> 00:11:28,120

certainly prefers rigorous scientific

285

00:11:32,790 --> 00:11:30,560

information whenever possible but it

286

00:11:34,350 --> 00:11:32,800

would be untenable if not suicidal for

287

00:11:37,030 --> 00:11:34,360

the intelligence or law enforcement

288

00:11:39,750 --> 00:11:37,040

communities to limit himself to robust

289

00:11:41,829 --> 00:11:39,760

and repeatable sensor data we rarely

290

00:11:44,110 --> 00:11:41,839

have the luxury of sensor information on

291

00:11:46,550 --> 00:11:44,120

the intentions of foreign leaders or the

292

00:11:48,590 --> 00:11:46,560

precise capabilities of adversary forces

293

00:11:50,990 --> 00:11:48,600

so we do the best we can with what we

294

00:11:53,110 --> 00:11:51,000

have we should consider the accounts of

295

00:11:54,750 --> 00:11:53,120

the Nimitz aviators and radar operators

296

00:11:57,150 --> 00:11:54,760

as highly credible evidence of

297

00:11:59,470 --> 00:11:57,160

intelligently controlled graft doing

298

00:12:02,310 --> 00:11:59,480

things we cannot emulate and don't

299

00:12:04,829 --> 00:12:02,320

understand for example as I noted in

300

00:12:07,550 --> 00:12:04,839

earlier presentation the Tic Tac went

301

00:12:09,550 --> 00:12:07,560

supersonic without a sonic boom it

302

00:12:12,030 --> 00:12:09,560

overcame G forces that would destroy

303

00:12:13,629 --> 00:12:12,040

anything built by man there was no

304

00:12:16,110 --> 00:12:13,639

evidence of the plasma that we would

305

00:12:18,550 --> 00:12:16,120

normally expect to see it such extreme

306

00:12:20,509 --> 00:12:18,560

velocities I realize the limitations of

307

00:12:22,949 --> 00:12:20,519

human reporting but I see no reason to

308

00:12:24,550 --> 00:12:22,959

suddenly change the rules and standards

309

00:12:26,910 --> 00:12:24,560

we normally use in the intelligence

310

00:12:29,790 --> 00:12:26,920

committee when evaluating

311

00:12:31,829 --> 00:12:29,800

UAP I'm raising these ISS to remind that

312

00:12:34,350 --> 00:12:31,839

the Paramount question about UAP for

313

00:12:36,310 --> 00:12:34,360

government policy makers and many

314

00:12:39,949 --> 00:12:36,320

members of the public will undoubtedly

315

00:12:41,310 --> 00:12:39,959

be whether UAP POS an existential threat

316

00:12:43,870 --> 00:12:41,320

I'm thrilled to be supporting

317

00:12:47,629 --> 00:12:43,880

investigations of UAP signatures

318

00:12:51,389 --> 00:12:47,639

propulsion materials uh meta materials

319

00:12:53,949 --> 00:12:51,399

uh and so forth but we can't Dodge this

320

00:12:55,629 --> 00:12:53,959

issue in making the case for disclosure

321

00:12:57,949 --> 00:12:55,639

we have to address it

322

00:13:00,269 --> 00:12:57,959

headon admittedly nothing is

323

00:13:02,829 --> 00:13:00,279

ontologically shocking as disclosure has

324

00:13:04,750 --> 00:13:02,839

ever occurred certainly not in modern

325

00:13:06,189 --> 00:13:04,760

times but there's some interesting

326

00:13:08,670 --> 00:13:06,199

precedents we can

327

00:13:10,590 --> 00:13:08,680

examine consider the spudnik issue that

328

00:13:13,230 --> 00:13:10,600

arose in

329

00:13:15,230 --> 00:13:13,240

1957 spudnik was merely a small

330

00:13:17,910 --> 00:13:15,240

satellite emitting tracking signals it

331

00:13:19,829 --> 00:13:17,920

wasn't even a weapon system yet the mere

332

00:13:22,150 --> 00:13:19,839

fact America was lagging behind the

333

00:13:25,110 --> 00:13:22,160

Soviet Union and spacial space and

334

00:13:27,990 --> 00:13:25,120

missile technology immediately became a

335

00:13:30,150 --> 00:13:28,000

major political issue reminiscent of the

336

00:13:32,710 --> 00:13:30,160

fur over the recent Chinese balloon

337

00:13:34,550 --> 00:13:32,720

incident it was not long before Congress

338

00:13:37,629 --> 00:13:34,560

and the administration responded and the

339

00:13:39,990 --> 00:13:37,639

Space Race got underway thankfully what

340

00:13:42,069 --> 00:13:40,000

began as a military competition with the

341

00:13:44,430 --> 00:13:42,079

Soviet Union eventually turned into

342

00:13:46,590 --> 00:13:44,440

collaborative space exploration

343

00:13:49,030 --> 00:13:46,600

involving the Russians and many other

344

00:13:51,389 --> 00:13:49,040

nations so in that case the initial

345

00:13:54,550 --> 00:13:51,399

frightened concern which was a national

346

00:13:56,110 --> 00:13:54,560

security issue ultimately led to Major

347

00:13:58,269 --> 00:13:56,120

scientific and technological

348

00:13:59,829 --> 00:13:58,279

breakthroughs and laudable international

349

00:14:02,230 --> 00:13:59,839

competition

350

00:14:05,030 --> 00:14:02,240

I would like to believe the UAP issue

351

00:14:07,590 --> 00:14:05,040

and disclosure could follow that path

352

00:14:09,550 --> 00:14:07,600

admittedly other examples are tragic

353

00:14:11,269 --> 00:14:09,560

when we look at first Contact by more

354

00:14:13,990 --> 00:14:11,279

technologically advanced civilizations

355

00:14:16,069 --> 00:14:14,000

with indigenous peoples the consequences

356

00:14:18,670 --> 00:14:16,079

often prove catastrophic for the less

357

00:14:20,670 --> 00:14:18,680

technologically advanced in part this

358

00:14:22,629 --> 00:14:20,680

was due to the spread of lethal diseases

359

00:14:25,189 --> 00:14:22,639

for which indigenous peoples had no

360

00:14:27,790 --> 00:14:25,199

immunity but it was much more than that

361

00:14:29,230 --> 00:14:27,800

contact often proved psychologically and

362

00:14:31,230 --> 00:14:29,240

eventually culturally

363

00:14:33,230 --> 00:14:31,240

devastating as the leadership and

364

00:14:34,990 --> 00:14:33,240

cherished religious and cultural beliefs

365

00:14:37,310 --> 00:14:35,000

of many indigenous groups were

366

00:14:39,870 --> 00:14:37,320

eradicated without being replaced by a

367

00:14:41,790 --> 00:14:39,880

viable substitute we all need

368

00:14:44,269 --> 00:14:41,800

psychological and cultural maps to

369

00:14:46,269 --> 00:14:44,279

navigate reality and for many of these

370

00:14:48,910 --> 00:14:46,279

people those Maps were destroyed without

371

00:14:51,230 --> 00:14:48,920

a ready replacement leaving behind a

372

00:14:53,470 --> 00:14:51,240

devastating psychological and spiritual

373

00:14:55,110 --> 00:14:53,480

void that many people are still

374

00:14:57,590 --> 00:14:55,120

contending with as they seek to

375

00:14:59,670 --> 00:14:57,600

reconcile modern secular views with

376

00:15:01,189 --> 00:14:59,680

their traditional beliefs

377

00:15:03,870 --> 00:15:01,199

but note the difference between these

378

00:15:06,470 --> 00:15:03,880

two cases in the case of Sputnik we have

379

00:15:08,910 --> 00:15:06,480

an awareness of a Potential Threat in

380

00:15:11,829 --> 00:15:08,920

the second instance we have actual inv

381

00:15:13,629 --> 00:15:11,839

Invasion and occupation so a key

382

00:15:16,230 --> 00:15:13,639

question to ask ourselves again a

383

00:15:17,790 --> 00:15:16,240

security issue is whether disclosure

384

00:15:20,310 --> 00:15:17,800

might provoke

385

00:15:23,030 --> 00:15:20,320

hostilities this seems to me highly

386

00:15:25,350 --> 00:15:23,040

unlikely so although the sput case is

387

00:15:27,829 --> 00:15:25,360

far less shocking and provocative than

388

00:15:30,870 --> 00:15:27,839

disclosure would be it may actually be a

389

00:15:33,550 --> 00:15:30,880

more appropriate model than tragic in

390

00:15:35,269 --> 00:15:33,560

incidents involving European contact

391

00:15:37,430 --> 00:15:35,279

with other

392

00:15:39,509 --> 00:15:37,440

societies I believe that the initial

393

00:15:41,470 --> 00:15:39,519

shock of disclosure and an upsurge of

394

00:15:43,550 --> 00:15:41,480

Demands for new investment in technology

395

00:15:44,990 --> 00:15:43,560

and research and a rash of international

396

00:15:48,670 --> 00:15:45,000

meetings and

397

00:15:51,069 --> 00:15:48,680

initiatives um after that the the the

398

00:15:53,309 --> 00:15:51,079

crisis atmosphere would soon subside as

399

00:15:56,670 --> 00:15:53,319

people realized little had

400

00:15:59,189 --> 00:15:56,680

changed in terms of UAP behavior and

401
00:16:01,389 --> 00:15:59,199
activity processing this unsettling

402
00:16:03,269 --> 00:16:01,399
information would certainly take time

403
00:16:05,110 --> 00:16:03,279
but danger and fear of the known have

404
00:16:07,670 --> 00:16:05,120
always been inherent in The Human

405
00:16:09,870 --> 00:16:07,680
Condition how many of us here today for

406
00:16:12,110 --> 00:16:09,880
example are worrying about the fact that

407
00:16:14,030 --> 00:16:12,120
we're a location that is targeted by

408
00:16:16,509 --> 00:16:14,040
thermonuclear weapons from Russia and

409
00:16:19,430 --> 00:16:16,519
China we live with this every day if you

410
00:16:21,949 --> 00:16:19,440
live in a major American city if some

411
00:16:23,670 --> 00:16:21,959
UAP proved to be extraterrestrial people

412
00:16:26,230 --> 00:16:23,680
would still as they always have in the

413
00:16:28,110 --> 00:16:26,240

presence of uncertainty get out of bed

414

00:16:31,269 --> 00:16:28,120

the next day slip into their clothes eat

415

00:16:33,790 --> 00:16:31,279

breakfast and head to work after mulling

416

00:16:35,790 --> 00:16:33,800

this issue I've concluded the

417

00:16:38,110 --> 00:16:35,800

existential shock would actually be

418

00:16:39,269 --> 00:16:38,120

highly beneficial a much more

419

00:16:42,110 --> 00:16:39,279

far-reaching

420

00:16:44,230 --> 00:16:42,120

provocation than sput Sputnik

421

00:16:47,470 --> 00:16:44,240

stimulating immense creativity

422

00:16:49,069 --> 00:16:47,480

investment and research moreover and

423

00:16:51,590 --> 00:16:49,079

most importantly it could have a

424

00:16:54,949 --> 00:16:51,600

profound positive and desperately needed

425

00:16:57,309 --> 00:16:54,959

impact on Mankind and international

426

00:17:00,269 --> 00:16:57,319

relations earlier this year I pinned an

427

00:17:02,509 --> 00:17:00,279

article for political titled if the US

428

00:17:05,110 --> 00:17:02,519

government has UFO crash materials it is

429

00:17:07,350 --> 00:17:05,120

time to reveal them in the article I

430

00:17:10,029 --> 00:17:07,360

made a number of points including the

431

00:17:12,510 --> 00:17:10,039

following democracy requires

432

00:17:14,870 --> 00:17:12,520

transparency the American people own any

433

00:17:17,470 --> 00:17:14,880

materials recovered by the government

434

00:17:19,350 --> 00:17:17,480

the public can handle disclosure the

435

00:17:21,669 --> 00:17:19,360

government cannot forever stifle the

436

00:17:24,510 --> 00:17:21,679

truth so better to get ahead of it

437

00:17:26,870 --> 00:17:24,520

secrecy stifles science there's no

438

00:17:29,070 --> 00:17:26,880

evidence of an imminent threat if there

439

00:17:31,710 --> 00:17:29,080

is a threat we need to know so we and

440

00:17:34,310 --> 00:17:31,720

prepare finally I argue that disclosure

441

00:17:36,150 --> 00:17:34,320

could transform International tensions

442

00:17:37,430 --> 00:17:36,160

catalyzing desperately needed

443

00:17:39,750 --> 00:17:37,440

International

444

00:17:42,350 --> 00:17:39,760

collaboration I'd like to expand on this

445

00:17:45,669 --> 00:17:42,360

last Point as is most the most important

446

00:17:47,669 --> 00:17:45,679

perhaps and the least obvious in my view

447

00:17:49,789 --> 00:17:47,679

both domestically and internationally We

448

00:17:52,990 --> 00:17:49,799

are following an extremely dangerous

449

00:17:55,029 --> 00:17:53,000

trajectory that requires intervention

450

00:17:56,870 --> 00:17:55,039

disclosure would undoubtedly alter the

451
00:17:59,430 --> 00:17:56,880
trajectory of our species almost

452
00:18:01,390 --> 00:17:59,440
certainly for the better in my view

453
00:18:03,029 --> 00:18:01,400
it is obvious that our nation our

454
00:18:05,789 --> 00:18:03,039
species and the environment are in

455
00:18:07,510 --> 00:18:05,799
serious and growing Jeopardy if this

456
00:18:09,669 --> 00:18:07,520
were just my view of course it would be

457
00:18:12,630 --> 00:18:09,679
easy to dismiss but unfortunately that

458
00:18:14,510 --> 00:18:12,640
is not the case I don't have the time

459
00:18:16,669 --> 00:18:14,520
here to list all my concerns all the

460
00:18:19,350 --> 00:18:16,679
ways our society is financing its own

461
00:18:21,430 --> 00:18:19,360
downall downfall through perverse

462
00:18:23,990 --> 00:18:21,440
incentives that have developed over many

463
00:18:26,590 --> 00:18:24,000

decades nor is there space to do justice

464

00:18:28,029 --> 00:18:26,600

to the growing dangers we Face abroad

465

00:18:30,029 --> 00:18:28,039

rather an attempt to make the case

466

00:18:31,870 --> 00:18:30,039

myself self a offer the perspective of

467

00:18:34,710 --> 00:18:31,880

two analysts of world

468

00:18:36,549 --> 00:18:34,720

affairs Ray doio is the ingenious

469

00:18:39,510 --> 00:18:36,559

billionaire who established the world's

470

00:18:41,510 --> 00:18:39,520

largest head fund Yuval herui is a

471

00:18:44,270 --> 00:18:41,520

dazzling Cambridge trained Israeli

472

00:18:46,029 --> 00:18:44,280

historian and author their perspectives

473

00:18:48,110 --> 00:18:46,039

are as different as their occupations

474

00:18:49,029 --> 00:18:48,120

but their analyses are complimentary and

475

00:18:52,070 --> 00:18:49,039

equally

476

00:18:54,430 --> 00:18:52,080

sobering Mr Doo's views are available to

477

00:18:56,070 --> 00:18:54,440

us through his fascinating and dense

478

00:18:58,870 --> 00:18:56,080

book principles for dealing with a

479

00:19:01,110 --> 00:18:58,880

changing World Order his argument

480

00:19:03,549 --> 00:19:01,120

supported by Myriad graphs and piles of

481

00:19:06,310 --> 00:19:03,559

data is that the evolution of human

482

00:19:08,270 --> 00:19:06,320

societies runs in discernable Cycles

483

00:19:10,630 --> 00:19:08,280

he's undoubtedly profited from

484

00:19:12,470 --> 00:19:10,640

understanding these Cycles in short when

485

00:19:14,990 --> 00:19:12,480

a nation or civilization becomes

486

00:19:17,149 --> 00:19:15,000

debt-ridden and overextended Wealthy but

487

00:19:20,070 --> 00:19:17,159

complacent with massive disparities in

488

00:19:23,190 --> 00:19:20,080

wealth dangerous internal fractions

489

00:19:25,190 --> 00:19:23,200

fractures and civil Strife emerge as you

490

00:19:27,029 --> 00:19:25,200

likely know the us today is more deeply

491

00:19:29,909 --> 00:19:27,039

indebted than at any time since World

492

00:19:31,830 --> 00:19:29,919

War II and the debt is rapidly growing

493

00:19:34,630 --> 00:19:31,840

even as interest rates are rising making

494

00:19:36,669 --> 00:19:34,640

the repayment far more difficult when

495

00:19:38,310 --> 00:19:36,679

interest on the de debt crowds out

496

00:19:39,390 --> 00:19:38,320

productive Investments the economy

497

00:19:42,510 --> 00:19:39,400

eventually

498

00:19:44,750 --> 00:19:42,520

declines leading to polarization and

499

00:19:47,149 --> 00:19:44,760

instability when this occurs according

500

00:19:49,350 --> 00:19:47,159

to Ray simultaneously with challenges

501
00:19:52,270 --> 00:19:49,360
from a rising foreign power as is the

502
00:19:54,510 --> 00:19:52,280
case with China today history shows that

503
00:19:57,430 --> 00:19:54,520
war and disaster for the declining power

504
00:19:59,190 --> 00:19:57,440
usually follows military confrontation

505
00:20:00,830 --> 00:19:59,200
between the US and China is a real and

506
00:20:03,430 --> 00:20:00,840
growing risk especially in the South

507
00:20:05,230 --> 00:20:03,440
China Sea and Taiwan where encounters

508
00:20:06,909 --> 00:20:05,240
between us and Allied Nations and

509
00:20:08,590 --> 00:20:06,919
Chinese forces are occurring with

510
00:20:10,909 --> 00:20:08,600
disturbing and growing

511
00:20:12,510 --> 00:20:10,919
frequency meanwhile president G is

512
00:20:15,350 --> 00:20:12,520
moving China in the direction of North

513
00:20:18,549 --> 00:20:15,360

Korea a state with an ambitious and

514

00:20:20,789 --> 00:20:18,559

intolerant dictator with near Godlike

515

00:20:23,029 --> 00:20:20,799

status imposing his views at every level

516

00:20:25,669 --> 00:20:23,039

of society from the classroom to the

517

00:20:27,909 --> 00:20:25,679

boardroom a fanatically nationalistic

518

00:20:28,870 --> 00:20:27,919

1.5 billion person version of North

519

00:20:30,870 --> 00:20:28,880

Korea

520

00:20:33,350 --> 00:20:30,880

replete with AI security systems

521

00:20:35,590 --> 00:20:33,360

controlling orwellian sfe surveillance

522

00:20:38,029 --> 00:20:35,600

capabilities is a truly daunting

523

00:20:40,630 --> 00:20:38,039

Prospect for these reasons I share his

524

00:20:43,070 --> 00:20:40,640

concern Mr Doo's concerns about the

525

00:20:44,750 --> 00:20:43,080

prospect of tectonic and possibly

526

00:20:47,430 --> 00:20:44,760

catastrophic change occurring in the

527

00:20:49,149 --> 00:20:47,440

years ahead regarding the internal

528

00:20:51,230 --> 00:20:49,159

situation he says the most reliable

529

00:20:54,350 --> 00:20:51,240

signs of an escalation to Civil War are

530

00:20:56,070 --> 00:20:54,360

one the rules being disregarded two both

531

00:20:58,750 --> 00:20:56,080

sides emotionally attacking each other

532

00:21:00,390 --> 00:20:58,760

and three blood being spilled it's hard

533

00:21:01,950 --> 00:21:00,400

not to see these re the relevance of

534

00:21:04,750 --> 00:21:01,960

these factors given the riots and

535

00:21:06,549 --> 00:21:04,760

demonstrations of of recent years the

536

00:21:08,990 --> 00:21:06,559

attack on the nation's capital and the

537

00:21:12,190 --> 00:21:09,000

incredible part partisan hatred gripping

538

00:21:14,950 --> 00:21:12,200

the nation making it impossible to pass

539

00:21:16,269 --> 00:21:14,960

badly needed legislation the government

540

00:21:19,070 --> 00:21:16,279

right now is

541

00:21:21,710 --> 00:21:19,080

broken to my knowledge the US has never

542

00:21:23,630 --> 00:21:21,720

before failed to pass a defense bill at

543

00:21:25,630 --> 00:21:23,640

a time when the US military is under

544

00:21:28,110 --> 00:21:25,640

Fire and stretched to its limit

545

00:21:29,990 --> 00:21:28,120

supporting friends and allies the

546

00:21:32,390 --> 00:21:30,000

growing crisis of government legitimacy

547

00:21:34,149 --> 00:21:32,400

is toxic and only getting worse

548

00:21:36,310 --> 00:21:34,159

meanwhile there are no efforts in sight

549

00:21:38,269 --> 00:21:36,320

to correct the massive fiscal imbalances

550

00:21:41,990 --> 00:21:38,279

that are undermining our children's

551
00:21:44,909 --> 00:21:42,000
future Mr Dalo also warns that when

552
00:21:46,710 --> 00:21:44,919
change comes it is generally Swift

553
00:21:48,710 --> 00:21:46,720
devastating and

554
00:21:51,549 --> 00:21:48,720
unanticipated this conservative

555
00:21:54,149 --> 00:21:51,559
businessman sees a shocking 30% risk of

556
00:21:55,710 --> 00:21:54,159
Civil War in America with the next RIS

557
00:21:58,630 --> 00:21:55,720
Point occurring around the time of the

558
00:22:00,830 --> 00:21:58,640
upcoming presidential election

559
00:22:03,070 --> 00:22:00,840
Dr Harari offers a very different

560
00:22:05,149 --> 00:22:03,080
perspective one that is focused on wider

561
00:22:08,710 --> 00:22:05,159
existential challenges facing our planet

562
00:22:11,669 --> 00:22:08,720
and our species he States quote each of

563
00:22:14,750 --> 00:22:11,679

these problems nuclear war ecological

564

00:22:17,110 --> 00:22:14,760

collapse and technological disruption is

565

00:22:19,950 --> 00:22:17,120

enough to threaten the future of human

566

00:22:22,390 --> 00:22:19,960

civilization but taken together they add

567

00:22:24,510 --> 00:22:22,400

up to an unprecedented existential

568

00:22:26,950 --> 00:22:24,520

crisis especially because they are

569

00:22:30,470 --> 00:22:26,960

likely to reinforce and compound one

570

00:22:32,310 --> 00:22:30,480

another he later says if despite these

571

00:22:34,149 --> 00:22:32,320

common threats humans choose the

572

00:22:36,950 --> 00:22:34,159

privilege their particular National

573

00:22:40,669 --> 00:22:36,960

loyalties above everything else the

574

00:22:43,350 --> 00:22:40,679

results may be far worse than 1914 or

575

00:22:46,510 --> 00:22:43,360

1939 there is a potential solution

576
00:22:48,710 --> 00:22:46,520
however as Dr Harari observes a common

577
00:22:51,669 --> 00:22:48,720
enemy is the best Catalyst for forging a

578
00:22:53,830 --> 00:22:51,679
common identity if a common threat is

579
00:22:56,310 --> 00:22:53,840
the best recipe for a change in our

580
00:22:57,950 --> 00:22:56,320
point of view for uh international

581
00:23:00,230 --> 00:22:57,960
relations what could be helpful more

582
00:23:01,789 --> 00:23:00,240
more consistent with our long-term

583
00:23:04,190 --> 00:23:01,799
Prosperity than learning that one or

584
00:23:07,549 --> 00:23:04,200
more advanced civilizations are visiting

585
00:23:10,149 --> 00:23:07,559
our planet it would be a stunning shock

586
00:23:12,190 --> 00:23:10,159
to be sure many would initially be

587
00:23:14,549 --> 00:23:12,200
frightened or perhaps terrified whether

588
00:23:17,310 --> 00:23:14,559

or not for good reason but that would

589

00:23:20,190 --> 00:23:17,320

quickly subside more to the point we

590

00:23:22,070 --> 00:23:20,200

need a shock to reframe International

591

00:23:24,870 --> 00:23:22,080

perspectives in order to effectively

592

00:23:27,950 --> 00:23:24,880

manage AI global warming weapons of mass

593

00:23:29,750 --> 00:23:27,960

destruction and more much as NASA

594

00:23:32,269 --> 00:23:29,760

recently demonstrated the ability to

595

00:23:34,029 --> 00:23:32,279

alter the trajectory of an asteroid in

596

00:23:36,669 --> 00:23:34,039

the event we detect one on a collision

597

00:23:39,549 --> 00:23:36,679

course with Earth I believe we need a

598

00:23:41,710 --> 00:23:39,559

sufficiently powerful conceptual jolt to

599

00:23:43,110 --> 00:23:41,720

alter the present evolutionary TR

600

00:23:45,430 --> 00:23:43,120

trajectory of our

601
00:23:47,149 --> 00:23:45,440
species that is why in addition to

602
00:23:49,149 --> 00:23:47,159
democratic principles I believe our

603
00:23:51,149 --> 00:23:49,159
nation and our species could ultimately

604
00:23:53,870 --> 00:23:51,159
hugely benefit from an awareness we are

605
00:23:55,630 --> 00:23:53,880
not alone and if there is a threat

606
00:23:57,950 --> 00:23:55,640
aren't we better off knowing so we can

607
00:23:59,549 --> 00:23:57,960
take appropriate action when has

608
00:24:00,789 --> 00:23:59,559
ignorance ever been a good National

609
00:24:03,029 --> 00:24:00,799
Security

610
00:24:05,310 --> 00:24:03,039
strategy in conclusion I'd like to bring

611
00:24:08,750 --> 00:24:05,320
in a third figure quite different from

612
00:24:10,350 --> 00:24:08,760
either Mr Doo or Mr Hariri a former US

613
00:24:12,070 --> 00:24:10,360

president who had an extraordinary

614

00:24:14,590 --> 00:24:12,080

personal UAP

615

00:24:16,510 --> 00:24:14,600

sighting whether President Ronald Reagan

616

00:24:18,630 --> 00:24:16,520

was present or speaking from an awareness

617

00:24:21,549 --> 00:24:18,640

of secret government information remains

618

00:24:25,630 --> 00:24:21,559

to be seen but his statement to the UN

619

00:24:27,470 --> 00:24:25,640

General Assembly in 1987 is most apt in

620

00:24:28,630 --> 00:24:27,480

our obsessions with the antagonisms of

621

00:24:30,990 --> 00:24:28,640

the moment

622

00:24:32,230 --> 00:24:31,000

we often forget how much unites all

623

00:24:34,950 --> 00:24:32,240

members of

624

00:24:37,549 --> 00:24:34,960

humanity perhaps we need some outside

625

00:24:40,590 --> 00:24:37,559

Universal threat to make us recognize

626
00:24:42,510 --> 00:24:40,600
this common Bond I occasionally think

627
00:24:45,070 --> 00:24:42,520
how quickly our differences worldwide

628
00:24:48,269 --> 00:24:45,080
would vanish if we were facing an alien

629
00:24:50,830 --> 00:24:48,279
threat from outside this world and yet I

630
00:24:53,630 --> 00:24:50,840
ask you is not an alien force already

631
00:24:56,269 --> 00:24:53,640
Among Us what could be more alien to the

632
00:24:58,470 --> 00:24:56,279
universal aspirations of our peoples

633
00:25:01,669 --> 00:24:58,480
than the than the than War and the

634
00:25:03,590 --> 00:25:01,679
threat of War for all the reasons above

635
00:25:05,750 --> 00:25:03,600
I hope our elected officials will seek

636
00:25:08,710 --> 00:25:05,760
and reveal the truth about what the

637
00:25:11,190 --> 00:25:08,720
government knows about UAP we need the

638
00:25:13,909 --> 00:25:11,200

truth however unsettling and the sooner

639

00:25:18,190 --> 00:25:13,919

the better of course it needs to be done

640

00:25:21,389 --> 00:25:18,200

in a very thoughtful and uh uh staged

641

00:25:24,070 --> 00:25:21,399

way as Carl was discussing um this

642

00:25:26,470 --> 00:25:24,080

should be done in a multilateral fashion

643

00:25:29,510 --> 00:25:26,480

to the extent possible it requires a lot

644

00:25:32,310 --> 00:25:29,520

of Education public education a lot of

645

00:25:33,830 --> 00:25:32,320

further discussion and in that regard I

646

00:25:36,310 --> 00:25:33,840

think we're already seeing the benefits

647

00:25:38,070 --> 00:25:36,320

of the Saul foundation and what Gary and

648

00:25:40,269 --> 00:25:38,080

Peter are doing because it's bringing

649

00:25:42,590 --> 00:25:40,279

forward today in the presentations we've

650

00:25:44,269 --> 00:25:42,600

seen raising these kind of issues

651

00:25:46,669 --> 00:25:44,279

elevating them getting them into

652

00:25:49,269 --> 00:25:46,679

discussion they are really truly

653

00:25:50,530 --> 00:25:49,279

profound issues so thank you for for

654

00:25:56,669 --> 00:25:50,540

what you're
