

DAVID GRUSCH

"The Sol Foundation
2023 Symposium Closing Remarks"

1
00:00:01,930 --> 00:00:24,720

[Music]

2
00:00:24,730 --> 00:00:31,589

[Applause]

3
00:00:37,750 --> 00:00:34,670

I assume that's yes okay uh so I'm gonna

4
00:00:39,389 --> 00:00:37,760

have a few minutes of remarks and then

5
00:00:41,350 --> 00:00:39,399

uh there'll be certainly time for

6
00:00:43,229 --> 00:00:41,360

question and answer after my my couple

7
00:00:45,670 --> 00:00:43,239

minutes I know I'm between you and I

8
00:00:47,869 --> 00:00:45,680

assume a wonderful dinner so I

9
00:00:49,990 --> 00:00:47,879

understand uh I'm the last guy between

10
00:00:53,830 --> 00:00:50,000

you and that so I will try to keep it

11
00:00:56,189 --> 00:00:53,840

brief and then open it up for

12
00:00:58,229 --> 00:00:56,199

questions so ladies and gentlemen uh

13
00:00:59,910 --> 00:00:58,239

thank you for joining me today uh here

14

00:01:03,150 --> 00:00:59,920

at the first annual Soul found

15

00:01:05,910 --> 00:01:03,160

Foundation conference um hoping that you

16

00:01:08,230 --> 00:01:05,920

took a lot away uh from these last two

17

00:01:10,270 --> 00:01:08,240

days uh and we're here to discuss a

18

00:01:11,230 --> 00:01:10,280

matter you know of great significance

19

00:01:13,109 --> 00:01:11,240

government

20

00:01:16,510 --> 00:01:13,119

transparency regarding you know

21

00:01:20,109 --> 00:01:16,520

unidentified anomalous phenomena or

22

00:01:22,190 --> 00:01:20,119

UAP the veil of secrecy surrounding the

23

00:01:25,270 --> 00:01:22,200

this subject you know has captured our

24

00:01:27,550 --> 00:01:25,280

Collective curiosity far too long and

25

00:01:30,749 --> 00:01:27,560

it's time for profound

26

00:01:33,670 --> 00:01:30,759

change in a world where information is

27

00:01:35,670 --> 00:01:33,680

power uh the transparency of our

28

00:01:38,950 --> 00:01:35,680

government and its allies you know holds

29

00:01:43,590 --> 00:01:38,960

the key to unlocking these truths uh

30

00:01:45,990 --> 00:01:43,600

that lie beyond our current public

31

00:01:48,990 --> 00:01:46,000

understanding imagine a future where we

32

00:01:50,670 --> 00:01:49,000

no longer need to speculate about our

33

00:01:53,190 --> 00:01:50,680

place in the

34

00:01:56,749 --> 00:01:53,200

cosmos where the shadows of uncertainty

35

00:01:59,190 --> 00:01:56,759

are dispelled by uh the light of

36

00:02:01,630 --> 00:01:59,200

disclosure the impact of revealing you

37

00:02:03,630 --> 00:02:01,640

you know information on UAP crash

38

00:02:06,469 --> 00:02:03,640

retrievals and Associated activities

39

00:02:08,029 --> 00:02:06,479

would be nothing short of revolutionary

40

00:02:09,669 --> 00:02:08,039

and I assume all of us you know can

41

00:02:13,670 --> 00:02:09,679

agree to that

42

00:02:16,470 --> 00:02:13,680

point first and foremost embracing

43

00:02:20,030 --> 00:02:16,480

transparency on UAP matters is an

44

00:02:20,910 --> 00:02:20,040

affirmation to our commitment the truth

45

00:02:24,990 --> 00:02:20,920

uh and

46

00:02:27,270 --> 00:02:25,000

openness it's a declaration that we as a

47

00:02:30,070 --> 00:02:27,280

society are ready to confront the

48

00:02:33,509 --> 00:02:30,080

unknown and unravel the Mysteries that

49

00:02:36,630 --> 00:02:33,519

have people us perplexed us for

50

00:02:39,390 --> 00:02:36,640

decades this willingness to confront the

51
00:02:42,430 --> 00:02:39,400
Enigma not only builds trust between the

52
00:02:46,990 --> 00:02:42,440
government and its citizens but also

53
00:02:48,670 --> 00:02:47,000
sets a precedent for a new era of

54
00:02:50,949 --> 00:02:48,680
accountability the release of

55
00:02:54,030 --> 00:02:50,959
information on non-human intelligences

56
00:02:55,910 --> 00:02:54,040
has the potential to unite Humanity in a

57
00:02:57,910 --> 00:02:55,920
shared quest for

58
00:03:00,710 --> 00:02:57,920
understanding regardless of the

59
00:03:02,589 --> 00:03:00,720
ontological shock

60
00:03:03,670 --> 00:03:02,599
no longer bound by the limitations of

61
00:03:06,270 --> 00:03:03,680
national

62
00:03:09,630 --> 00:03:06,280
borders we would embark on a collective

63
00:03:12,149 --> 00:03:09,640

journey of Discovery transcending

64

00:03:15,070 --> 00:03:12,159

political distances or differences and

65

00:03:19,630 --> 00:03:15,080

fostering a sense of global

66

00:03:23,190 --> 00:03:19,640

Unity the realization that we are not

67

00:03:25,149 --> 00:03:23,200

alone in this vast Universe could serve

68

00:03:26,350 --> 00:03:25,159

as a powerful catalysts for

69

00:03:30,390 --> 00:03:26,360

international

70

00:03:33,789 --> 00:03:30,400

cooperation reminding us of our share

71

00:03:34,789 --> 00:03:33,799

Destiny as inhabitants and stewards of

72

00:03:42,470 --> 00:03:34,799

the

73

00:03:44,869 --> 00:03:42,480

advancements that could stem from broad

74

00:03:47,070 --> 00:03:44,879

study the integration of this kind of

75

00:03:49,270 --> 00:03:47,080

Technology into our scientific knowledge

76

00:03:52,190 --> 00:03:49,280

could Propel us to the future with

77

00:03:55,630 --> 00:03:52,200

unprecedented Innovation shaping

78

00:03:57,470 --> 00:03:55,640

Industries improving our quality of love

79

00:04:00,470 --> 00:03:57,480

it's not just about knowing it's about

80

00:04:03,550 --> 00:04:00,480

the potential to revolutionize our

81

00:04:07,949 --> 00:04:03,560

understanding of physics biology and

82

00:04:13,670 --> 00:04:10,949

Sciences releasing this information in a

83

00:04:16,789 --> 00:04:13,680

controlled planned manner such as Carl

84

00:04:18,710 --> 00:04:16,799

Nell has discussed during the conference

85

00:04:22,030 --> 00:04:18,720

as with the Schumer

86

00:04:24,550 --> 00:04:22,040

amendment has profound implications on

87

00:04:26,590 --> 00:04:24,560

our philosoph philosophical and

88

00:04:28,590 --> 00:04:26,600

spiritual perspectives the

89

00:04:32,430 --> 00:04:28,600

acknowledgement of other worldly

90

00:04:34,909 --> 00:04:32,440

intelligences ches our very concept of

91

00:04:39,629 --> 00:04:34,919

existence encouraging us to reconsider

92

00:04:42,110 --> 00:04:39,639

our place in the grand tapestry of the

93

00:04:44,310 --> 00:04:42,120

universe it's an important and profound

94

00:04:48,070 --> 00:04:44,320

introspection and a catalyst for a new

95

00:04:54,909 --> 00:04:51,070

Awakening you know in

96

00:04:55,950 --> 00:04:54,919

conclusion this uh movement ignited in

97

00:04:58,870 --> 00:04:55,960

December

98

00:05:01,029 --> 00:04:58,880

2017 with Leslie and Ralph's you know

99

00:05:03,950 --> 00:05:01,039

famous article the New York

100

00:05:05,670 --> 00:05:03,960

Times is not merely a matter of

101
00:05:08,469 --> 00:05:05,680
government

102
00:05:11,590 --> 00:05:08,479
transparency uh it's a paradigm shift

103
00:05:15,070 --> 00:05:11,600
that holds the power to reshape our

104
00:05:18,830 --> 00:05:15,080
world by embracing the unknown we open

105
00:05:20,909 --> 00:05:18,840
ourselves to a future where truth unity

106
00:05:23,309 --> 00:05:20,919
and technological

107
00:05:26,029 --> 00:05:23,319
advancements and a deeper understanding

108
00:05:28,469 --> 00:05:26,039
of our existence

109
00:05:30,830 --> 00:05:28,479
conversion let us advocate for

110
00:05:33,670 --> 00:05:30,840
transparency uh not for

111
00:05:37,629 --> 00:05:33,680
ourselves but for the generations to

112
00:05:41,029 --> 00:05:37,639
come as we embark on a journey toward a

113
00:05:55,390 --> 00:05:41,039

more enlightened and interconnected

114

00:06:01,990 --> 00:05:59,900

you who who dares to ask the first

115

00:06:12,909 --> 00:06:02,000

[Music]

116

00:06:18,430 --> 00:06:16,070

up hi Dave um I was wondering if you

117

00:06:21,430 --> 00:06:18,440

could comment on how far you think the

118

00:06:23,870 --> 00:06:21,440

United States or indeed other countries

119

00:06:26,270 --> 00:06:23,880

have got with the reverse engineering

120

00:06:28,390 --> 00:06:26,280

program and have we got to fly these

121

00:06:31,110 --> 00:06:28,400

machines are they

122

00:06:32,629 --> 00:06:31,120

flyable

123

00:06:34,950 --> 00:06:32,639

I'm getting a little bit of double

124

00:06:41,430 --> 00:06:34,960

feedback do I need to mute my mic to

125

00:06:41,440 --> 00:06:47,150

clearly I ask a question again

126

00:06:52,270 --> 00:06:49,990

pleas I need to mute my mic let me know

127

00:06:54,350 --> 00:06:52,280

I was just getting like a

128

00:06:55,230 --> 00:06:54,360

Reverb let me know if you had should I

129

00:06:59,390 --> 00:06:55,240

ask it

130

00:07:00,990 --> 00:06:59,400

again oh that sounds better okay okay um

131

00:07:03,749 --> 00:07:01,000

I was wondering D if you could comment

132

00:07:06,150 --> 00:07:03,759

on how far the United States has got or

133

00:07:09,350 --> 00:07:06,160

indeed other countries in the reverse

134

00:07:13,950 --> 00:07:09,360

engineering program and whether we manag

135

00:07:20,790 --> 00:07:17,830

viable yeah a lot of that I can't answer

136

00:07:23,350 --> 00:07:20,800

publicly that you know a lot of it has

137

00:07:26,189 --> 00:07:23,360

been integrated in another us uh

138

00:07:28,309 --> 00:07:26,199

conventional pass by

139

00:07:34,950 --> 00:07:28,319

program

140

00:07:40,070 --> 00:07:36,350

thank you David for everything you've

141

00:07:42,230 --> 00:07:40,080

done um I'm curious to know why you did

142

00:07:44,909 --> 00:07:42,240

what you did in coming forward and

143

00:07:47,189 --> 00:07:44,919

putting yourself up above the parit and

144

00:07:49,469 --> 00:07:47,199

becoming a Target it's incredi be brave

145

00:07:54,350 --> 00:07:52,029

inspiring yeah I mean I did a lot of

146

00:07:56,670 --> 00:07:54,360

introspection and reflection to make the

147

00:07:59,350 --> 00:07:56,680

decision to come forward you know part

148

00:08:01,189 --> 00:07:59,360

of my uh looking into this subject and

149

00:08:03,309 --> 00:08:01,199

you know reporting my findings to the

150

00:08:05,430 --> 00:08:03,319

Inspector General you know I look back

151

00:08:07,749 --> 00:08:05,440

at my you know I Serv 14 years in the

152

00:08:09,950 --> 00:08:07,759

Air Force I looked at two my core value

153

00:08:12,990 --> 00:08:09,960

the Air Force exposes you know Integrity

154

00:08:16,189 --> 00:08:13,000

for service for steal and that been all

155

00:08:19,749 --> 00:08:16,199

we do and that may sound you know many

156

00:08:24,350 --> 00:08:19,759

but I really believe in that that's when

157

00:08:27,749 --> 00:08:24,360

I was College 18 years ago I didn't want

158

00:08:32,550 --> 00:08:27,759

toide um living those core values I did

159

00:08:35,269 --> 00:08:32,560

not want to look back 30 years from now

160

00:08:37,230 --> 00:08:35,279

when I'm an older man a life of regret

161

00:08:39,589 --> 00:08:37,240

and I did not want

162

00:08:41,589 --> 00:08:39,599

to feel that oh I could have done

163

00:08:43,230 --> 00:08:41,599

something when I was you know still in

164

00:08:44,710 --> 00:08:43,240

the government said I should have said

165

00:08:47,630 --> 00:08:44,720

something when this topic became

166

00:08:50,389 --> 00:08:47,640

normalized and the momentum was that

167

00:08:52,990 --> 00:08:50,399

Congress you know interested in it and I

168

00:08:56,150 --> 00:08:53,000

saw what was happening behind the scenes

169

00:08:58,310 --> 00:08:56,160

you the Preparatory movement uh for CH

170

00:09:00,230 --> 00:08:58,320

Scher to propose this legislation you

171

00:09:02,550 --> 00:09:00,240

know I was aware of it many months

172

00:09:05,030 --> 00:09:02,560

before it was going to get released I'll

173

00:09:08,110 --> 00:09:05,040

just say that and I realized if I wanted

174

00:09:10,670 --> 00:09:08,120

to make a move that I would be probably

175

00:09:12,829 --> 00:09:10,680

proud of making you know 30 years from

176

00:09:14,790 --> 00:09:12,839

now it was probably the right time there

177

00:09:17,630 --> 00:09:14,800

was a combination of external factors

178

00:09:19,509 --> 00:09:17,640

that was happening with the subject and

179

00:09:22,389 --> 00:09:19,519

you know supportive public populace

180

00:09:23,829 --> 00:09:22,399

which I was paying attention to um you

181

00:09:26,230 --> 00:09:23,839

know when I was still in government and

182

00:09:28,389 --> 00:09:26,240

it kind of just allowed me to self

183

00:09:31,430 --> 00:09:28,399

actualize in a way that I you know felt

184

00:09:40,829 --> 00:09:31,440

that it was you know selfless service

185

00:09:46,190 --> 00:09:43,990

you Hi D thanks for uh for joining us

186

00:09:48,269 --> 00:09:46,200

and thank you you know generally for for

187

00:09:50,430 --> 00:09:48,279

for your active service for coming

188

00:09:52,630 --> 00:09:50,440

forward on this issue um this weekend

189

00:09:55,949 --> 00:09:52,640

has really broadened my perspective I

190

00:09:58,030 --> 00:09:55,959

would say um in terms of what I I think

191

00:09:59,990 --> 00:09:58,040

might be going on and and some of that

192

00:10:01,389 --> 00:10:00,000

is you know diversity of you you can

193

00:10:04,230 --> 00:10:01,399

think about it from a nuts and bolts

194

00:10:09,310 --> 00:10:04,240

perspective of vehicular types or

195

00:10:11,269 --> 00:10:09,320

behaviors um you know um uh orbs versus

196

00:10:13,150 --> 00:10:11,279

Tic Tacs versus discs but also that

197

00:10:16,590 --> 00:10:13,160

there seems to be some pretty

198

00:10:19,350 --> 00:10:16,600

fundamentally sort of diverse um nature

199

00:10:21,910 --> 00:10:19,360

of maybe behaviors or interactions so

200

00:10:23,110 --> 00:10:21,920

can you I I don't know fill this in to

201
00:10:24,990 --> 00:10:23,120
the extent that you can and I know

202
00:10:28,150 --> 00:10:25,000
you're limited in what you can say but

203
00:10:29,949 --> 00:10:28,160
to what extent do you see that in your

204
00:10:32,470 --> 00:10:29,959
experience the people you talk to is

205
00:10:34,550 --> 00:10:32,480
that a fundamental aspect of this that

206
00:10:35,750 --> 00:10:34,560
there's there's lots of things going on

207
00:10:37,790 --> 00:10:35,760
whether we think of them as different

208
00:10:40,910 --> 00:10:37,800
species or different different types of

209
00:10:43,790 --> 00:10:40,920
nhi can can you comment on that yeah

210
00:10:46,509 --> 00:10:43,800
certainly this phenomenon is is not a

211
00:10:48,790 --> 00:10:46,519
you know a singular type Source Etc I

212
00:10:50,750 --> 00:10:48,800
mean many of the people I talked to that

213
00:10:52,910 --> 00:10:50,760

you know were actively working on the

214

00:10:55,829 --> 00:10:52,920

program did use the term

215

00:10:58,430 --> 00:10:55,839

extraterrestrial when uh briefing myself

216

00:11:00,910 --> 00:10:58,440

and my my colleagues you know on their

217

00:11:04,110 --> 00:11:00,920

activity and kind of you know that's the

218

00:11:06,670 --> 00:11:04,120

par they used within the the program but

219

00:11:09,030 --> 00:11:06,680

certainly I'm skeptical of that being

220

00:11:10,990 --> 00:11:09,040

the the only origin and that's why I'm

221

00:11:13,150 --> 00:11:11,000

I'm happy that non-human intelligence

222

00:11:16,470 --> 00:11:13,160

has been viewed in the Schumer Amendment

223

00:11:18,670 --> 00:11:16,480

because um I mean how do you determine

224

00:11:21,949 --> 00:11:18,680

origin you know do you believe the

225

00:11:23,750 --> 00:11:21,959

origin because uh your world use says

226

00:11:27,110 --> 00:11:23,760

anything that doesn't look homo saan

227

00:11:28,509 --> 00:11:27,120

must come from elsewhere so I'm uh you

228

00:11:30,590 --> 00:11:28,519

know I'm familiar with obviously the

229

00:11:33,389 --> 00:11:30,600

work J LA and others have done and I

230

00:11:36,350 --> 00:11:33,399

think certainly many of many scholars

231

00:11:38,190 --> 00:11:36,360

will probably uh you know back me up on

232

00:11:41,629 --> 00:11:38,200

this where I think there's you this

233

00:11:45,230 --> 00:11:41,639

non-coral phenomenon who knows what that

234

00:11:47,310 --> 00:11:45,240

is uh you know just like as jacqu B has

235

00:11:50,030 --> 00:11:47,320

mentioned in past for Magonia right it

236

00:11:52,030 --> 00:11:50,040

could be interdimensional

237

00:11:53,910 --> 00:11:52,040

multi-dimensional because the phenomenon

238

00:11:56,150 --> 00:11:53,920

shows itself in different forms over the

239

00:11:59,190 --> 00:11:56,160

years from Antiquity you know with of

240

00:12:01,670 --> 00:11:59,200

sitting on chest which maybe was the

241

00:12:04,910 --> 00:12:01,680

tour of the modern abduction phenomenon

242

00:12:07,230 --> 00:12:04,920

potentially so uh I don't think the US

243

00:12:09,509 --> 00:12:07,240

government has a handle on all the

244

00:12:12,990 --> 00:12:09,519

different types of you know origin of

245

00:12:15,430 --> 00:12:13,000

this phenomenon that become the by by do

246

00:12:17,629 --> 00:12:15,440

I mean certainly the term you know have

247

00:12:20,350 --> 00:12:17,639

been used behind doors with me but I

248

00:12:22,230 --> 00:12:20,360

just I'm a little skeptical that that is

249

00:12:27,230 --> 00:12:22,240

the total

250

00:12:31,629 --> 00:12:30,110

Gen good evening first off thank you for

251
00:12:33,150 --> 00:12:31,639
your service the United States Air Force

252
00:12:35,470 --> 00:12:33,160
and thank you for everything uh you've

253
00:12:37,110 --> 00:12:35,480
done to get us to this point um my

254
00:12:38,430 --> 00:12:37,120
question is uh in the context of

255
00:12:41,269 --> 00:12:38,440
hopefully the passage of the Schumer

256
00:12:42,910 --> 00:12:41,279
Amendment uh have and a a more open

257
00:12:45,509 --> 00:12:42,920
conversation in government and public

258
00:12:47,910 --> 00:12:45,519
policy about UAP technology have you or

259
00:12:50,350 --> 00:12:47,920
the uh Foundation given any thought to

260
00:12:53,030 --> 00:12:50,360
uh endorsing or advocating for uh like a

261
00:12:55,670 --> 00:12:53,040
UAP weapons test band treaty or

262
00:12:58,030 --> 00:12:55,680
weaponization uh Ban Treaty to prevent

263
00:13:00,030 --> 00:12:58,040

uh the use of you know uh effectively

264

00:13:01,590 --> 00:13:00,040

Next Generation Ms in the military

265

00:13:03,990 --> 00:13:01,600

station of the

266

00:13:07,389 --> 00:13:04,000

technology no that's actually a very

267

00:13:09,790 --> 00:13:07,399

interesting idea that I think is worth

268

00:13:12,430 --> 00:13:09,800

exploring I mean

269

00:13:13,949 --> 00:13:12,440

certainly uh I mean in terms of space

270

00:13:16,829 --> 00:13:13,959

policy you know there's like outer space

271

00:13:20,110 --> 00:13:16,839

security 7 and some of the other asso 3s

272

00:13:23,110 --> 00:13:20,120

and 7s up to talk about how we um you

273

00:13:24,710 --> 00:13:23,120

know claim selector bodies for our own

274

00:13:26,829 --> 00:13:24,720

which actually 3 says you're not

275

00:13:29,350 --> 00:13:26,839

supposed to like you're not us is not

276

00:13:31,910 --> 00:13:29,360

supposed to claim you the Moon itself as

277

00:13:33,990 --> 00:13:31,920

a serene territory and it's a maritime law

278

00:13:37,590 --> 00:13:34,000

law SE that kind of applies to the space

279

00:13:39,629 --> 00:13:37,600

so I mean besides that and some of the

280

00:13:42,829 --> 00:13:39,639

conventional analogues in terms of test

281

00:13:44,870 --> 00:13:42,839

band 3DS start you know you know a one

282

00:13:46,550 --> 00:13:44,880

and two that kind of thing that's

283

00:13:48,870 --> 00:13:46,560

actually a very interesting idea to

284

00:13:54,949 --> 00:13:48,880

explore and I'll actually take note of

285

00:13:58,749 --> 00:13:57,310

actually thank you for being here today

286

00:14:01,069 --> 00:13:58,759

I'm so sorry that you've been threat

287

00:14:02,910 --> 00:14:01,079

threatened for standing up in this topic

288

00:14:04,910 --> 00:14:02,920

and I was wondering what should we be

289

00:14:08,509 --> 00:14:04,920

doing as UFO researchers to protect

290

00:14:13,949 --> 00:14:12,069

families uh we certainly following along

291

00:14:16,710 --> 00:14:13,959

so that's why you know I'm

292

00:14:19,030 --> 00:14:16,720

very careful what I say you know

293

00:14:21,749 --> 00:14:19,040

anything specific I want to say I do run

294

00:14:23,230 --> 00:14:21,759

it for publication Security review

295

00:14:25,470 --> 00:14:23,240

anybody who's had a top speaker

296

00:14:29,189 --> 00:14:25,480

clearance has been officer has to go

297

00:14:31,310 --> 00:14:29,199

through the same same brought up and uh

298

00:14:33,749 --> 00:14:31,320

you know I've always advocated for with

299

00:14:36,069 --> 00:14:33,759

thing in a legal manner uh you know

300

00:14:38,350 --> 00:14:36,079

somebody's in the audience or has

301

00:14:40,829 --> 00:14:38,360

knowledge about these

302

00:14:43,910 --> 00:14:40,839

programs uh established procedures

303

00:14:46,069 --> 00:14:43,920

through you know the Inspector General

304

00:14:47,430 --> 00:14:46,079

through the Aro office as well at

305

00:14:50,749 --> 00:14:47,440

relates to

306

00:14:51,990 --> 00:14:50,759

UAP um yeah in terms of ethic protection

307

00:14:54,430 --> 00:14:52,000

for private

308

00:14:58,710 --> 00:14:54,440

citizens I mean

309

00:15:00,550 --> 00:14:58,720

besid uh you know understanding how to

310

00:15:01,910 --> 00:15:00,560

properly conduct research in a legal and

311

00:15:07,389 --> 00:15:01,920

ethical manner I guess that's only thing

312

00:15:13,949 --> 00:15:11,030

yeah hi uh my question's pretty brief uh

313

00:15:15,710 --> 00:15:13,959

it's two two parts um why do you think

314

00:15:18,670 --> 00:15:15,720

this is happening now and what do you

315

00:15:20,590 --> 00:15:18,680

think are the best next steps for the

316

00:15:23,189 --> 00:15:20,600

community to

317

00:15:25,069 --> 00:15:23,199

do yeah I mean why it's happening now I

318

00:15:27,110 --> 00:15:25,079

think it's just the culmination of of

319

00:15:30,030 --> 00:15:27,120

the energy that you know people who kind

320

00:15:31,110 --> 00:15:30,040

of fell in my fo steps you know you know

321

00:15:33,910 --> 00:15:31,120

call

322

00:15:37,550 --> 00:15:33,920

it that kind of thing and the energy

323

00:15:39,189 --> 00:15:37,560

that was created in 2017 and some of the

324

00:15:41,629 --> 00:15:39,199

effective Congressional

325

00:15:44,790 --> 00:15:41,639

engagements to you know show how this is

326

00:15:47,710 --> 00:15:44,800

a potential National Security thre Vis

327

00:15:52,350 --> 00:15:47,720

just to call or the public and there's

328

00:15:54,550 --> 00:15:52,360

been a a good uh public engagements with

329

00:15:57,189 --> 00:15:54,560

the different kind of different Medias

330

00:16:01,110 --> 00:15:57,199

whether YouTube History Channel whatnot

331

00:16:04,309 --> 00:16:01,120

I think that's uh created that kind of

332

00:16:06,829 --> 00:16:04,319

interest in desig mization and next

333

00:16:08,629 --> 00:16:06,839

steps I mean certainly we don't want to

334

00:16:10,309 --> 00:16:08,639

rely on the government for everything

335

00:16:11,790 --> 00:16:10,319

but the humaner amendment and also some

336

00:16:14,990 --> 00:16:11,800

of the provisions in the Intel

337

00:16:17,350 --> 00:16:15,000

authorization act that allows uh the

338

00:16:19,110 --> 00:16:17,360

Intel committee defense off fund for

339

00:16:21,710 --> 00:16:19,120

special access programs that are not

340

00:16:23,590 --> 00:16:21,720

being reported to Congress is a step in

341

00:16:25,430 --> 00:16:23,600

the right direction but this is quite

342

00:16:27,710 --> 00:16:25,440

frankly why we have the full

343

00:16:30,069 --> 00:16:27,720

foundation and you know certainly other

344

00:16:34,430 --> 00:16:30,079

5501 like Ryan

345

00:16:38,509 --> 00:16:34,440

Graves um Foundation as well is we need

346

00:16:40,990 --> 00:16:38,519

to basically create a parallel track of

347

00:16:42,629 --> 00:16:41,000

research and you know independent

348

00:16:44,790 --> 00:16:42,639

discovery that aren't necessarily

349

00:16:47,189 --> 00:16:44,800

dependent on the US government provide

350

00:16:48,829 --> 00:16:47,199

us all the answers because ultimately

351

00:16:50,710 --> 00:16:48,839

it's up to the chief executive to

352

00:16:53,269 --> 00:16:50,720

disclose regardless to what the

353

00:16:55,430 --> 00:16:53,279

disclosure panel may come up with in

354

00:16:57,430 --> 00:16:55,440

terms of a controll disclosure plan we

355

00:17:01,749 --> 00:16:57,440

should put all our eggs in that basket

356

00:17:03,590 --> 00:17:01,759

so um creating think tanks foundations

357

00:17:06,829 --> 00:17:03,600

maybe some you know for-profit Venture

358

00:17:09,750 --> 00:17:06,839

cap type organizations that look at

359

00:17:11,750 --> 00:17:09,760

Material or things like the Galo project

360

00:17:15,789 --> 00:17:11,760

to do external collection external

361

00:17:17,590 --> 00:17:15,799

censing to uh fingerprint the phenomenon

362

00:17:23,230 --> 00:17:17,600

as many different ways as possible

363

00:17:25,549 --> 00:17:23,240

optically radar Etc uh and and broadly

364

00:17:27,829 --> 00:17:25,559

and openly discuss it through

365

00:17:29,909 --> 00:17:27,839

conferences like this and PW publication

366

00:17:33,029 --> 00:17:29,919

I think is right way there a parallel

367

00:17:35,470 --> 00:17:33,039

track there not to put all the eggs in

368

00:17:40,270 --> 00:17:35,480

one basket you know with the government

369

00:17:45,190 --> 00:17:42,990

answers hey David it's so such an honor

370

00:17:47,549 --> 00:17:45,200

to be here with everybody here today and

371

00:17:50,830 --> 00:17:47,559

to speak with you uh this is a historic

372

00:17:52,750 --> 00:17:50,840

meeting I'm just so stoked but uh I have

373

00:17:55,630 --> 00:17:52,760

a question for you so five years from

374

00:17:56,950 --> 00:17:55,640

now just picture yourself daily life the

375

00:17:59,750 --> 00:17:56,960

Legacy that you've already built in the

376

00:18:02,029 --> 00:17:59,760

last year and and what you ideally would

377

00:18:05,310 --> 00:18:02,039

like to see in your own life just moving

378

00:18:07,190 --> 00:18:05,320

ahead five years like a whole world but

379

00:18:09,549 --> 00:18:07,200

personal to you as well I'm just curious

380

00:18:12,510 --> 00:18:09,559

where you'd like to see

381

00:18:14,350 --> 00:18:12,520

yourself yeah uh certainly I would love

382

00:18:16,830 --> 00:18:14,360

to go back to my private life that would

383

00:18:18,510 --> 00:18:16,840

be great not something that I ever

384

00:18:20,710 --> 00:18:18,520

thought I'd be doing in my life you know

385

00:18:24,029 --> 00:18:20,720

I was on a very good trajectory in my

386

00:18:26,830 --> 00:18:24,039

intell career so I've made an Abrupt dip

387

00:18:28,590 --> 00:18:26,840

to the right become a public figure

388

00:18:30,149 --> 00:18:28,600

which you know I take that bir serious

389

00:18:32,990 --> 00:18:30,159

and I want to you know effectively

390

00:18:35,950 --> 00:18:33,000

communicate but

391

00:18:37,510 --> 00:18:35,960

personally I would love you know so the

392

00:18:38,710 --> 00:18:37,520

panel obviously it's going to go to at

393

00:18:42,750 --> 00:18:38,720

least

394

00:18:44,590 --> 00:18:42,760

2030 I would love to work on that as a

395

00:18:46,430 --> 00:18:44,600

staff member not necessarily as a

396

00:18:48,350 --> 00:18:46,440

panelist I think there needs to be

397

00:18:50,830 --> 00:18:48,360

luminaries that are the the best

398

00:18:53,710 --> 00:18:50,840

scholars in the in the US to to f you

399

00:18:56,110 --> 00:18:53,720

know be on that panel but certainly if

400

00:18:58,630 --> 00:18:56,120

the current or you know succeeding

401
00:19:00,430 --> 00:18:58,640
administrations would like to bring me

402
00:19:02,149 --> 00:19:00,440
on to support the panel in any way I

403
00:19:04,110 --> 00:19:02,159
mean I'll go get coffee just to sit in

404
00:19:06,270 --> 00:19:04,120
the room to listen to the discussions

405
00:19:08,630 --> 00:19:06,280
you know out of you know professional

406
00:19:11,190 --> 00:19:08,640
intellectual curiosity so I would like

407
00:19:13,350 --> 00:19:11,200
to serve once more um go back to

408
00:19:16,270 --> 00:19:13,360
governments what that looks like you

409
00:19:18,710 --> 00:19:16,280
know I'm open to suggestions but

410
00:19:21,190 --> 00:19:18,720
certainly if there's any way I can

411
00:19:23,630 --> 00:19:21,200
support the panel even if it's you know

412
00:19:25,270 --> 00:19:23,640
through St foundation and maybe not

413
00:19:27,830 --> 00:19:25,280

going back to government service I think

414

00:19:29,909 --> 00:19:27,840

it's just so important to help inform

415

00:19:31,990 --> 00:19:29,919

and guide those members whoever gets put

416

00:19:33,430 --> 00:19:32,000

on that panel you know you know and

417

00:19:35,990 --> 00:19:33,440

cross our fingers that the amendment

418

00:19:38,190 --> 00:19:36,000

gets passed within the National Pro

419

00:19:39,950 --> 00:19:38,200

authorization act here in a month but I

420

00:19:41,909 --> 00:19:39,960

would just love to serve that way that'd

421

00:19:47,789 --> 00:19:41,919

be

422

00:19:50,029 --> 00:19:47,799

the conference than the things that Dave

423

00:19:54,029 --> 00:19:50,039

has already said so I won't philosophize

424

00:19:55,710 --> 00:19:54,039

any further than that so really on

425

00:19:58,990 --> 00:19:55,720

behalf of Peter do you want to say

426

00:20:01,990 --> 00:19:59,000

anything or no just thank you for being

427

00:20:02,960 --> 00:20:02,000

here and Dave thanks for showing up and

428

00:20:19,470 --> 00:20:02,970

giving us the last
