itunes google play stitcher SoundCloud

11
00:00:32,060 --> 00:00:28,830
or your favorite podcast directory if

12
00:00:45,440 --> 00:00:32,070
you like high strangeness mystery mayhem

13
00:00:48,790 --> 00:00:45,450

and murder have listened if somewhere in

14

00:00:48,800 --> 00:01:04,130

[Music]

15

00:01:11,039 --> 00:01:07,289

dog weed proving ground was a location

16

00:01:13,590 --> 00:01:11,049

where many highly classified chemical

17

00:01:16,889 --> 00:01:13,600

and biological tests were carried out

18

00:01:19,770 --> 00:01:16,899

and in 1968 one of these went wrong when

19

00:01:20,999 --> 00:01:19,780

VX nerve agent was inadvertently

20

00:01:23,130 --> 00:01:21,009

released well there's an interesting

21

00:01:24,600 --> 00:01:23,140

thing with the army did on the one hand

22

00:01:26,340 --> 00:01:24,610

they denied for years and years that

23

00:01:28,380 --> 00:01:26,350

they had anything to do with this but we

24

00:01:30,300 --> 00:01:28,390

know that quietly they were compensating

25

00:01:31,590 --> 00:01:30,310

the ranchers obviously they knew that

26

00:01:33,719 --> 00:01:31,600

they were responsible for the deaths of

27

00:01:36,270 --> 00:01:33,729

those sheep just so happens during the

28

00:01:38,399 --> 00:01:36,280

same time there was massive UFO

29

00:01:40,080 --> 00:01:38,409

sightings some witnesses have actually

30

00:01:43,710 --> 00:01:40,090

filmed these UFOs these lights in the

31

00:01:46,380 --> 00:01:43,720

sky was it a diversionary tactic by the

32

00:01:48,059 --> 00:01:46,390

military to focus on these UFOs these

33

00:01:48,899 --> 00:01:48,069

lights in the sky or it could be the

34

00:01:50,760 --> 00:01:48,909

other way around

35

00:01:53,700 --> 00:01:50,770

maybe they're using the Sheep incident

36

00:01:57,660 --> 00:01:53,710

to take focus off the UFOs if they're

37

00:01:59,999 --> 00:01:57,670

testing this type of weaponry what do we

38

00:02:02,190 --> 00:02:00,009

not know about the craft and the

39

00:02:04,619 --> 00:02:02,200

sightings being seen around the area the

40

00:02:07,589 --> 00:02:04,629

Douglas sheep incident did serve a

41

00:02:09,389 --> 00:02:07,599

purpose it frightened people kept them

42

00:02:12,420 --> 00:02:09,399

away kept them from asking questions

43

00:02:14,040 --> 00:02:12,430

because they saw what would happen the

44

00:02:16,710 --> 00:02:14,050

incident you just heard about is only

45

00:02:18,390 --> 00:02:16,720

one of a handful of incidents reported

46

00:02:21,180 --> 00:02:18,400

at Dugway proving ground

47

00:02:23,460 --> 00:02:21,190

this highly top-secret facility not only

48

00:02:26,550 --> 00:02:23,470

tests biochemical nerve agents and

49

00:02:28,770 --> 00:02:26,560

weapons a top-secret aircraft as well it

50

00:02:31,500 --> 00:02:28,780

also boasts the highest restricted

51
00:02:33,960 --> 00:02:31,510
airspace in the United States stretching

52
00:02:35,850 --> 00:02:33,970
to the Earth's atmosphere so it's safe

53
00:02:39,240 --> 00:02:35,860
to say that whatever is going on at

54
00:02:42,509 --> 00:02:39,250
Dugway is definitely classified but Utah

55
00:02:44,520 --> 00:02:42,519
secrets don't end there it also boasts

56
00:02:46,470 --> 00:02:44,530
another highly secretive and strange

57
00:02:48,750 --> 00:02:46,480
place known as the skinwalker ranch

58
00:02:51,390 --> 00:02:48,760
where endless amounts of bizarre

59
00:02:53,369 --> 00:02:51,400
creatures apparitions UFOs and

60
00:02:55,830 --> 00:02:53,379
everything in between have been reported

61
00:02:58,680 --> 00:02:55,840
today we talk about these locations and

62
00:03:01,830 --> 00:02:58,690
the vast UFO activity happening over the

63
00:03:04,559 --> 00:03:01,840

skies and on the ground with Utah UFO

64

00:03:07,530 --> 00:03:04,569

researcher Erika leekes Erika is the

65

00:03:09,420 --> 00:03:07,540

head of unexplained Utah an organization

66

00:03:11,720 --> 00:03:09,430

which is focused upon scientifically

67

00:03:13,970 --> 00:03:11,730

researching unidentified air

68

00:03:15,500 --> 00:03:13,980

phenomena she now serves as the

69

00:03:18,130 --> 00:03:15,510

communications director for the

70

00:03:20,750 --> 00:03:18,140

International Association of UAP

71

00:03:22,910 --> 00:03:20,760

researchers she's collected over a

72

00:03:25,190 --> 00:03:22,920

decade's worth of case reports from

73

00:03:28,339 --> 00:03:25,200

skinwalker ranch regarding mass

74

00:03:31,070 --> 00:03:28,349

sightings of UFOs mysterious mutilations

75

00:03:33,500 --> 00:03:31,080

of animals and even alien abductions

76
00:03:35,750 --> 00:03:33,510
erica was the team leader on a research

77
00:03:37,670 --> 00:03:35,760
program called project orange this

78
00:03:39,740 --> 00:03:37,680
project is specifically dedicated to

79
00:03:43,039 --> 00:03:39,750
studying sightings and clusters of

80
00:03:45,050 --> 00:03:43,049
orange and red orbs erica was also the

81
00:03:48,589 --> 00:03:45,060
lead investigator on the American

82
00:03:50,750 --> 00:03:48,599
Airlines 434 case over Utah which we'll

83
00:03:54,069 --> 00:03:50,760
be talking about today so without

84
00:03:56,900 --> 00:03:54,079
further ado let's hear from Erika leekes

85
00:03:59,059 --> 00:03:56,910
Erika thank you so much for joining me

86
00:04:01,099 --> 00:03:59,069
today I am absolutely honored to be here

87
00:04:01,580 --> 00:04:01,109
I'm excited that you reached out to me

88
00:04:04,759 --> 00:04:01,590

thank you

89

00:04:07,729 --> 00:04:04,769

yeah we finally got to meet in Arizona

90

00:04:09,410 --> 00:04:07,739

this past February I got to see a little

91

00:04:11,630 --> 00:04:09,420

portion of your talk I was running

92

00:04:13,789 --> 00:04:11,640

around obviously with it you know my

93

00:04:16,099 --> 00:04:13,799

head cut off like a chicken but it was

94

00:04:17,449 --> 00:04:16,109

so cool seeing the information you're

95

00:04:19,879 --> 00:04:17,459

bringing forward and how much you're

96

00:04:22,370 --> 00:04:19,889

involved in different groups in

97

00:04:24,560 --> 00:04:22,380

different investigations so we're really

98

00:04:26,839 --> 00:04:24,570

going to hit on some of those today for

99

00:04:28,279 --> 00:04:26,849

sure I'm excited it was fun to meet you

100

00:04:30,440 --> 00:04:28,289

I have to say I really that was one of

101
00:04:33,230 --> 00:04:30,450
the highlights of my my trip there

102
00:04:35,690 --> 00:04:33,240
oh that's so nice yeah I'm you and Ted

103
00:04:37,430 --> 00:04:35,700
I'm glad we got our selfie together oh I

104
00:04:38,930 --> 00:04:37,440
bet selfie was pretty good and I've got

105
00:04:43,430 --> 00:04:38,940
some other pictures of you too that are

106
00:04:46,480 --> 00:04:43,440
Oh No that's used those for blackmail

107
00:04:49,820 --> 00:04:46,490
someday I'm sure well I might have to

108
00:04:52,190 --> 00:04:49,830
let's start with the origin story Erika

109
00:04:54,140 --> 00:04:52,200
I know we have some listeners who may

110
00:04:56,360 --> 00:04:54,150
have never heard of your work for the

111
00:05:00,890 --> 00:04:56,370
mere fact that UFOs have not been their

112
00:05:03,440 --> 00:05:00,900
life what you and I so how how did you

113
00:05:05,060 --> 00:05:03,450

get involved with the entire USO topic

114

00:05:06,830 --> 00:05:05,070

you know it was interesting I've always

115

00:05:09,379 --> 00:05:06,840

had a curiosity you know I've always

116

00:05:11,210 --> 00:05:09,389

read books and I remember picking up my

117

00:05:15,200 --> 00:05:11,220

first book when I was oh my gosh I think

118

00:05:17,860 --> 00:05:15,210

six years old I had a lifetime full of

119

00:05:22,159 --> 00:05:17,870

interesting paranormal experiences and

120

00:05:24,860 --> 00:05:22,169

so I've been kind of raised with an open

121

00:05:25,370 --> 00:05:24,870

mind but not so open that we're

122

00:05:27,290 --> 00:05:25,380

believing

123

00:05:32,150 --> 00:05:27,300

everything that comes in it comes along

124

00:05:34,250 --> 00:05:32,160

but in 2013 I was sitting on the the

125

00:05:37,130 --> 00:05:34,260

porch with some of my friends and we

126
00:05:39,380 --> 00:05:37,140
observed this amber orange sphere that

127
00:05:41,270 --> 00:05:39,390
was hovering just above the mountain

128
00:05:44,240 --> 00:05:41,280
line over the Salt Lake Valley and it

129
00:05:47,240 --> 00:05:44,250
was interesting because it didn't have

130
00:05:50,330 --> 00:05:47,250
the type of light that you would see

131
00:05:52,250 --> 00:05:50,340
that artificial light on a plane and we

132
00:05:55,160 --> 00:05:52,260
watched it and watched it and got up the

133
00:05:57,350 --> 00:05:55,170
binoculars and then there was a another

134
00:05:59,300 --> 00:05:57,360
object that appeared to kind of come out

135
00:06:03,020 --> 00:05:59,310
of the larger object and then move

136
00:06:04,640 --> 00:06:03,030
around in a circle around the larger

137
00:06:06,620 --> 00:06:04,650
object and it was seen we were all just

138
00:06:10,490 --> 00:06:06,630

sitting there like okay this is this is

139

00:06:13,040 --> 00:06:10,500

quite interesting and I you know for for

140

00:06:16,190 --> 00:06:13,050

every night for probably two three

141

00:06:18,020 --> 00:06:16,200

months I got my video camera out and I

142

00:06:20,320 --> 00:06:18,030

was out there recording things and

143

00:06:23,780 --> 00:06:20,330

actually got some really interesting

144

00:06:26,840 --> 00:06:23,790

video footage and I kept thinking to

145

00:06:30,170 --> 00:06:26,850

myself okay we're 80 miles away from one

146

00:06:33,830 --> 00:06:30,180

of the world's most frightening places

147

00:06:36,020 --> 00:06:33,840

Dugway proving ground and we also you

148

00:06:39,050 --> 00:06:36,030

know this is over at the biggest the

149

00:06:41,960 --> 00:06:39,060

most densely populated city in Utah what

150

00:06:44,510 --> 00:06:41,970

is this so I just started to reach out

151
00:06:47,750 --> 00:06:44,520
to different people I scoured YouTube

152
00:06:49,130 --> 00:06:47,760
but made phone calls actually just

153
00:06:51,700 --> 00:06:49,140
thought for fun I called Hill Air Force

154
00:06:53,900 --> 00:06:51,710
Base to see where they'd go and ugly

155
00:06:55,550 --> 00:06:53,910
just because I like to do those sorts of

156
00:06:57,230 --> 00:06:55,560
things that's going to keep keep people

157
00:07:01,820 --> 00:06:57,240
on their toes put me on their radar

158
00:07:04,520 --> 00:07:01,830
whatever but I quickly learned that

159
00:07:06,980 --> 00:07:04,530
there were these types of amber orange

160
00:07:10,280 --> 00:07:06,990
orbs sightings that were taking place

161
00:07:13,300 --> 00:07:10,290
not only in Utah but all over the

162
00:07:16,910 --> 00:07:13,310
country all over the world and so I

163
00:07:18,950 --> 00:07:16,920

filed a report with Peter Davenport and

164

00:07:21,590 --> 00:07:18,960

spoke with him and he was wonderful and

165

00:07:24,110 --> 00:07:21,600

I figured out there were not a lot of

166

00:07:26,990 --> 00:07:24,120

places or resources in Utah for me to

167

00:07:29,660 --> 00:07:27,000

turn to and at that point in time the

168

00:07:31,790 --> 00:07:29,670

MUFON chapter was defunct because he

169

00:07:33,320 --> 00:07:31,800

Lane Douglass had passed away who was

170

00:07:35,480 --> 00:07:33,330

the former state director and a very

171

00:07:37,540 --> 00:07:35,490

spicy woman I wish I could have you know

172

00:07:38,810 --> 00:07:37,550

had the opportunity to meet her but I

173

00:07:40,520 --> 00:07:38,820

became

174

00:07:43,280 --> 00:07:40,530

involved with MUFON as a field

175

00:07:45,200 --> 00:07:43,290

investigator and then eventually a state

176

00:07:48,950 --> 00:07:45,210

director and it was a really great

177

00:07:50,510 --> 00:07:48,960

learning experience for me and you know

178

00:07:54,340 --> 00:07:50,520

then in that process they learn more

179

00:07:57,530 --> 00:07:54,350

about Utah the hot spot skinwalker ranch

180

00:07:58,970 --> 00:07:57,540

different things and I also really

181

00:08:01,730 --> 00:07:58,980

reached out to different investigators

182

00:08:03,230 --> 00:08:01,740

and researchers not just in MUFON but

183

00:08:05,450 --> 00:08:03,240

people that were really making a

184

00:08:08,510 --> 00:08:05,460

difference worldwide I know you've

185

00:08:11,960 --> 00:08:08,520

spoken to investigators in Latin America

186

00:08:14,390 --> 00:08:11,970

I can only assume other countries as

187

00:08:16,520 --> 00:08:14,400

well and a lot of people don't realize

188

00:08:19,310 --> 00:08:16,530

like there are investigators out there

189

00:08:21,050 --> 00:08:19,320

be you know not a part of MUFON

190

00:08:23,330 --> 00:08:21,060

you know myself being one of them I've

191

00:08:26,600 --> 00:08:23,340

always wanted to join I just never had

192

00:08:29,570 --> 00:08:26,610

the courage to do so so well you know

193

00:08:31,430 --> 00:08:29,580

there are so many wonderful people in

194

00:08:32,930 --> 00:08:31,440

and out of MUFON and I think that they

195

00:08:35,870 --> 00:08:32,940

you know they have a personal experience

196

00:08:37,790 --> 00:08:35,880

and something inside you when you have

197

00:08:40,850 --> 00:08:37,800

an experience like that I mean it's like

198

00:08:44,000 --> 00:08:40,860

this light goes on and you just have to

199

00:08:46,760 --> 00:08:44,010

know and the more I learn on a daily

200

00:08:48,500 --> 00:08:46,770

basis the more I just sit there I think

201
00:08:51,350 --> 00:08:48,510
with my mouth hanging open because it is

202
00:08:54,320 --> 00:08:51,360
so the implications of all of this the

203
00:08:56,840 --> 00:08:54,330
gravity of it end and the fact that

204
00:08:59,900 --> 00:08:56,850
whatever these objects beings are

205
00:09:02,000 --> 00:08:59,910
interacting with people in a way that

206
00:09:02,780 --> 00:09:02,010
perhaps we don't we can't even

207
00:09:05,810 --> 00:09:02,790
comprehend

208
00:09:08,120 --> 00:09:05,820
I mean it's alarming and it's something

209
00:09:10,490 --> 00:09:08,130
that should be taken incredibly

210
00:09:13,820 --> 00:09:10,500
seriously I agree and you know when we

211
00:09:16,220 --> 00:09:13,830
strip it down to the bare bones people

212
00:09:18,410 --> 00:09:16,230
are seeing things they can't explain and

213
00:09:21,410 --> 00:09:18,420

it's having psychological physiological

214

00:09:23,750 --> 00:09:21,420

effects immediately you know not to

215

00:09:26,180 --> 00:09:23,760

mention the implications after and we're

216

00:09:28,730 --> 00:09:26,190

not even talking you know non-human

217

00:09:31,340 --> 00:09:28,740

intelligence that's even going a bit too

218

00:09:33,980 --> 00:09:31,350

far in many of these cases we're just

219

00:09:37,850 --> 00:09:33,990

saying people are seeing things in the

220

00:09:40,040 --> 00:09:37,860

skies or possibly under the water that

221

00:09:42,320 --> 00:09:40,050

they cannot conventionally explain and

222

00:09:44,300 --> 00:09:42,330

that has a lasting impact on the human

223

00:09:46,670 --> 00:09:44,310

being you know experiencing that

224

00:09:49,640 --> 00:09:46,680

absolutely and I think to you know the

225

00:09:51,260 --> 00:09:49,650

more I really study different hot spots

226

00:09:52,050 --> 00:09:51,270

you know like skinwalker ranch I mean

227

00:09:53,850 --> 00:09:52,060

there's some

228

00:09:56,310 --> 00:09:53,860

interesting question or the whole Uintah

229

00:09:59,100 --> 00:09:56,320

Basin questions that that come up I mean

230

00:10:02,010 --> 00:09:59,110

there are you know how to does long-term

231

00:10:05,010 --> 00:10:02,020

exposure to this phenomenon affect a

232

00:10:07,740 --> 00:10:05,020

person's psyche and then what are the

233

00:10:09,810 --> 00:10:07,750

health effects on people that are that

234

00:10:12,660 --> 00:10:09,820

are exposed to this I think that those

235

00:10:16,640 --> 00:10:12,670

are very important questions to ask and

236

00:10:20,910 --> 00:10:16,650

in my ideal world I would have a team of

237

00:10:22,440 --> 00:10:20,920

health professionals and scientists and

238

00:10:24,990 --> 00:10:22,450

biologists amande just different

239

00:10:28,320 --> 00:10:25,000

different people that could add their

240

00:10:31,560 --> 00:10:28,330

input and kind of take it away so much

241

00:10:33,600 --> 00:10:31,570

from this fringy topic but people who

242

00:10:35,460 --> 00:10:33,610

were willing to look and put the pieces

243

00:10:37,170 --> 00:10:35,470

of the puzzle together so we have a

244

00:10:39,840 --> 00:10:37,180

better foundational understanding of

245

00:10:41,940 --> 00:10:39,850

this the the sighting you had Erica the

246

00:10:44,460 --> 00:10:41,950

orange orbs I would love to talk about

247

00:10:47,400 --> 00:10:44,470

this I know you've worked in the past in

248

00:10:49,350 --> 00:10:47,410

the present on this project Orange could

249

00:10:52,110 --> 00:10:49,360

you tell us about this who's involved

250

00:10:54,360 --> 00:10:52,120

and what you've sort of come to discover

251
00:10:56,850 --> 00:10:54,370
about this strange phenomenon that seems

252
00:11:00,480 --> 00:10:56,860
to be very prevalent right now oh it is

253
00:11:04,260 --> 00:11:00,490
and it always has been and so when I was

254
00:11:07,110 --> 00:11:04,270
a state director I I mean I spent so

255
00:11:09,390 --> 00:11:07,120
much time scouring the CMS and looking

256
00:11:11,160 --> 00:11:09,400
at other reports and finding a lot of

257
00:11:16,050 --> 00:11:11,170
commonalities with what we were seeing

258
00:11:19,110 --> 00:11:16,060
what I had seen in Utah and to me I was

259
00:11:21,300 --> 00:11:19,120
a little bit shocked that that other

260
00:11:24,900 --> 00:11:21,310
state directors or field investigators

261
00:11:28,170 --> 00:11:24,910
were dismissing some cases that were

262
00:11:31,710 --> 00:11:28,180
very credible cases and I read a book by

263
00:11:34,860 --> 00:11:31,720

Terry Ray that really changed me and I

264

00:11:37,860 --> 00:11:34,870

met him at a MUFON symposium and he had

265

00:11:40,950 --> 00:11:37,870

taken data from the CMS and compiled

266

00:11:44,579 --> 00:11:40,960

different sightings reports of these

267

00:11:47,550 --> 00:11:44,589

orange spheres and I reached out to him

268

00:11:49,850 --> 00:11:47,560

and then I found Robert steering who's a

269

00:11:53,160 --> 00:11:49,860

field investigator start team

270

00:11:55,710 --> 00:11:53,170

investigator and also believes that

271

00:11:58,890 --> 00:11:55,720

we're missing the boat when it comes to

272

00:12:00,630 --> 00:11:58,900

looking at the data and understanding

273

00:12:01,620 --> 00:12:00,640

that this is prevalent and we need to

274

00:12:05,010 --> 00:12:01,630

take it seriously

275

00:12:05,730 --> 00:12:05,020

so we've formed a core team and Bob

276

00:12:09,000 --> 00:12:05,740

spearing

277

00:12:12,690 --> 00:12:09,010

and just did amazing statistical

278

00:12:14,700 --> 00:12:12,700

analysis about all of all of this and he

279

00:12:18,120 --> 00:12:14,710

was able to through his work you know

280

00:12:20,130 --> 00:12:18,130

determine yes we've got hot spots and we

281

00:12:22,620 --> 00:12:20,140

tried to raise awareness within MUFON

282

00:12:25,140 --> 00:12:22,630

which he's still doing and I'm so proud

283

00:12:27,560 --> 00:12:25,150

to know him he's a great guy but still

284

00:12:30,930 --> 00:12:27,570

unfortunately there is this kind of

285

00:12:33,410 --> 00:12:30,940

sentiment to dismiss what's taking place

286

00:12:35,580 --> 00:12:33,420

and I don't know whether that's ego

287

00:12:37,050 --> 00:12:35,590

talking you know where we've got to go

288

00:12:39,300 --> 00:12:37,060

in and debunk everything even though we

289

00:12:41,700 --> 00:12:39,310

don't know all the facts I don't I don't

290

00:12:43,620 --> 00:12:41,710

know what it is but I think that people

291

00:12:45,360 --> 00:12:43,630

need to understand and think outside the

292

00:12:49,200 --> 00:12:45,370

box and I think that I encourage

293

00:12:51,180 --> 00:12:49,210

investigators to look at the reports

294

00:12:52,980 --> 00:12:51,190

figure out where they're happening

295

00:12:57,360 --> 00:12:52,990

because they're happening in the same

296

00:13:00,300 --> 00:12:57,370

places repeatedly for decades and get

297

00:13:03,000 --> 00:13:00,310

out there and do some field study right

298

00:13:06,390 --> 00:13:03,010

and like that that consistency is what

299

00:13:08,880 --> 00:13:06,400

really gets my attention you know if

300

00:13:10,590 --> 00:13:08,890

this is happening and it's repeated you

301

00:13:13,290 --> 00:13:10,600

have to wonder is this some sort of

302

00:13:15,060 --> 00:13:13,300

natural phenomena super natural

303

00:13:17,130 --> 00:13:15,070

phenomena yeah I know

304

00:13:20,400 --> 00:13:17,140

earlene strand has worked a lot on this

305

00:13:22,020 --> 00:13:20,410

not here in the United States and you've

306

00:13:24,150 --> 00:13:22,030

looked into his work as well am I

307

00:13:26,970 --> 00:13:24,160

correct oh absolutely I mean he was

308

00:13:28,530 --> 00:13:26,980

somebody I found pretty early on and I

309

00:13:31,710 --> 00:13:28,540

reached out to him and have had him on

310

00:13:34,140 --> 00:13:31,720

my show because his work to me is I

311

00:13:37,500 --> 00:13:34,150

think the most important work in the

312

00:13:40,440 --> 00:13:37,510

world and when you've got 30 years of

313

00:13:42,960 --> 00:13:40,450

data and he's been able to determine

314

00:13:45,630 --> 00:13:42,970

that there are four different types of

315

00:13:48,030 --> 00:13:45,640

light phenomena that appear to behave

316

00:13:51,120 --> 00:13:48,040

intelligently I mean that and he's a

317

00:13:53,370 --> 00:13:51,130

scientist you know he's had people from

318

00:13:55,560 --> 00:13:53,380

different colleges universities from all

319

00:13:57,890 --> 00:13:55,570

over the world come there and not only

320

00:14:01,580 --> 00:13:57,900

has he been able to he and his team

321

00:14:04,410 --> 00:14:01,590

really focus on this but he's also

322

00:14:06,150 --> 00:14:04,420

really instilled a passion in the

323

00:14:08,820 --> 00:14:06,160

college students there which he takes

324

00:14:10,500 --> 00:14:08,830

out for science camp every year and so

325

00:14:13,380 --> 00:14:10,510

he's teaching these this younger

326

00:14:15,960 --> 00:14:13,390

generation to use the scientific method

327

00:14:18,420 --> 00:14:15,970

and the tools that we have available to

328

00:14:19,590 --> 00:14:18,430

study all of this and that's that's

329

00:14:21,780 --> 00:14:19,600

really powerful

330

00:14:23,999 --> 00:14:21,790

oh my gosh that's amazing I wish we had

331

00:14:25,290 --> 00:14:24,009

something like that here he heated the

332

00:14:28,139 --> 00:14:25,300

United States for sure

333

00:14:30,329 --> 00:14:28,149

well in terms of these lights I want to

334

00:14:33,329 --> 00:14:30,339

stick on that for a moment Erica there

335

00:14:36,809 --> 00:14:33,339

was a mass sighting in your area of Salt

336

00:14:38,370 --> 00:14:36,819

Lake in 2014 could you tell us a little

337

00:14:41,280 --> 00:14:38,380

bit about this case this is very

338

00:14:43,290 --> 00:14:41,290

interesting yeah this case and I oh my

339

00:14:46,199 --> 00:14:43,300

gosh I this case was so exciting and I

340

00:14:49,040 --> 00:14:46,209

still you know to me I just have to say

341

00:14:51,689 --> 00:14:49,050

that this single case has turned into

342

00:14:53,430 --> 00:14:51,699

really kind of building upon that with

343

00:14:56,370 --> 00:14:53,440

other cases that are very similar in the

344

00:15:01,290 --> 00:14:56,380

area it's been fun but I was contacted

345

00:15:02,699 --> 00:15:01,300

by Fox News here and they said you know

346

00:15:05,579 --> 00:15:02,709

sent me a message in to say hey you know

347

00:15:08,759 --> 00:15:05,589

we've got a flood of reports coming in

348

00:15:11,040 --> 00:15:08,769

and people are calling us posting

349

00:15:14,129 --> 00:15:11,050

pictures on our social media sites there

350

00:15:17,009 --> 00:15:14,139

are these white spheres you know that

351

00:15:20,069 --> 00:15:17,019

are hovering over over salt the Salt

352

00:15:21,120 --> 00:15:20,079

Lake Valley and it was interesting

353

00:15:23,460 --> 00:15:21,130

because this is a broad daylight

354

00:15:27,210 --> 00:15:23,470

sighting and there were witnesses were

355

00:15:31,259 --> 00:15:27,220

describing three two to seven objects

356

00:15:34,679 --> 00:15:31,269

that were in one place for upwards of an

357

00:15:36,210 --> 00:15:34,689

hour and then some of them was move in a

358

00:15:39,150 --> 00:15:36,220

direction and the other one would go the

359

00:15:42,679 --> 00:15:39,160

other way and we had some witnesses that

360

00:15:44,999 --> 00:15:42,689

also noted that there were military

361

00:15:48,240 --> 00:15:45,009

there was a military presence or a

362

00:15:50,519 --> 00:15:48,250

military craft in the area some

363

00:15:52,800 --> 00:15:50,529

witnesses felt that these the military

364

00:15:54,720 --> 00:15:52,810

was kind of monitoring what these

365

00:15:56,749 --> 00:15:54,730

objects were and it was it was

366

00:15:59,670 --> 00:15:56,759

intriguing you know and you've got

367

00:16:02,579 --> 00:15:59,680

you've got things that are seen by one

368

00:16:04,050 --> 00:16:02,589

witness account over the NSA which is

369

00:16:06,360 --> 00:16:04,060

the most restricted airspace in the

370

00:16:08,069 --> 00:16:06,370

world you have these objects that were

371

00:16:09,990 --> 00:16:08,079

seen in a flight corridor for the

372

00:16:11,460 --> 00:16:10,000

assault like International Airport and

373

00:16:16,230 --> 00:16:11,470

all of these things and then the next

374

00:16:20,819 --> 00:16:16,240

day over in Colorado the same objects

375

00:16:23,100 --> 00:16:20,829

appeared and it was there was a reporter

376

00:16:25,439 --> 00:16:23,110

by the name of Matt Renu who did a great

377

00:16:27,720 --> 00:16:25,449

story you can find that on YouTube about

378

00:16:29,639 --> 00:16:27,730

that and he interviewed a policeman

379

00:16:32,879 --> 00:16:29,649

interviewed different people reached out

380

00:16:33,150 --> 00:16:32,889

to NORAD to try to get you know any sort

381

00:16:34,949 --> 00:16:33,160

of

382

00:16:38,819 --> 00:16:34,959

spots from them we know how that always

383

00:16:40,499 --> 00:16:38,829

works out but I at that point in time

384

00:16:43,619 --> 00:16:40,509

because you've got a daylight sighting

385

00:16:45,240 --> 00:16:43,629

in these specific locations where things

386

00:16:49,590 --> 00:16:45,250

shouldn't be seen unless they're

387

00:16:53,129 --> 00:16:49,600

airplanes you know I did a FOIA request

388

00:16:55,050 --> 00:16:53,139

so I called Robert pal kind of ran it

389

00:16:57,869 --> 00:16:55,060

through with him and then I called bill

390

00:17:00,059 --> 00:16:57,879

Puckett from us I was Northwest and I

391

00:17:02,970 --> 00:17:00,069

said hey we got a move on this and we

392

00:17:05,460 --> 00:17:02,980

did and not once but twice we got

393

00:17:08,899 --> 00:17:05,470

unreadable text format on our FOIA

394

00:17:11,909 --> 00:17:08,909

request and so we weren't really able to

395

00:17:16,409 --> 00:17:11,919

analyze the radar data and that was a

396

00:17:18,329 --> 00:17:16,419

curious thing but you know we had a lot

397

00:17:20,460 --> 00:17:18,339

of people reaching out there's there are

398

00:17:24,569 --> 00:17:20,470

some videos people shot you can find on

399

00:17:27,600 --> 00:17:24,579

YouTube in Utah and it's fascinating

400

00:17:29,970 --> 00:17:27,610

because you see these white spheres

401
00:17:31,320 --> 00:17:29,980
during the day so are these the same

402
00:17:33,840 --> 00:17:31,330
things that we're seeing at night I

403
00:17:35,549 --> 00:17:33,850
don't know but they're not weather

404
00:17:37,770 --> 00:17:35,559
balloons they're not Google loon

405
00:17:39,330 --> 00:17:37,780
balloons which people you know that was

406
00:17:43,710 --> 00:17:39,340
the first thing that people jumped on oh

407
00:17:46,560 --> 00:17:43,720
they're a Google one balloon well no no

408
00:17:48,840 --> 00:17:46,570
they're not you know yeah no I mean come

409
00:17:50,340 --> 00:17:48,850
on now a Google loon balloon doesn't

410
00:17:53,730 --> 00:17:50,350
stay in one location

411
00:17:56,640 --> 00:17:53,740
for upwards of an hour they're typically

412
00:17:58,230 --> 00:17:56,650
up about 80,000 feet you can't see them

413
00:18:00,000 --> 00:17:58,240

with the naked eye and they're not

414

00:18:01,590 --> 00:18:00,010

launching them they weren't launching

415

00:18:03,570 --> 00:18:01,600

them in the western United States at the

416

00:18:04,830 --> 00:18:03,580

time of the sighting and then you've got

417

00:18:08,730 --> 00:18:04,840

the fact that there's no transponder

418

00:18:11,640 --> 00:18:08,740

data so no they're not right well in

419

00:18:14,310 --> 00:18:11,650

these are ways in which you know

420

00:18:17,070 --> 00:18:14,320

skeptics but even further debunkers like

421

00:18:19,919 --> 00:18:17,080

to look at these things they find some

422

00:18:22,320 --> 00:18:19,929

sort of soundbite or you know

423

00:18:23,909 --> 00:18:22,330

conventional prosaic explanation and

424

00:18:25,590 --> 00:18:23,919

they just stick with that no matter what

425

00:18:29,669 --> 00:18:25,600

but then you have someone like you

426
00:18:31,590 --> 00:18:29,679
really investigated and know that that's

427
00:18:33,930 --> 00:18:31,600
not what this is like it's just

428
00:18:36,570 --> 00:18:33,940
logically that is not what this is and I

429
00:18:39,539 --> 00:18:36,580
think that's where the the gap really is

430
00:18:42,299 --> 00:18:39,549
between the investigator and the just

431
00:18:44,820 --> 00:18:42,309
hardcore debunkers and I think the thing

432
00:18:46,590 --> 00:18:44,830
that was curious to me is that a lot of

433
00:18:49,190 --> 00:18:46,600
the hardcore debunkers are actually

434
00:18:51,330 --> 00:18:49,200
be working in the field as investigators

435
00:18:53,610 --> 00:18:51,340
you know and I don't know whether it's

436
00:18:56,580 --> 00:18:53,620
you know I don't know

437
00:18:59,210 --> 00:18:56,590
it was fascinating to me that you could

438
00:19:02,279 --> 00:18:59,220

have all of this evidence but yet still

439

00:19:04,980 --> 00:19:02,289

classify it as as a Google in balloon I

440

00:19:06,810 --> 00:19:04,990

mean come on you know it is that's the

441

00:19:08,250 --> 00:19:06,820

easy explanation

442

00:19:10,049 --> 00:19:08,260

you know that's convenient because you

443

00:19:12,360 --> 00:19:10,059

don't have to do any more work on it but

444

00:19:14,460 --> 00:19:12,370

you know give me a break we got to look

445

00:19:16,470 --> 00:19:14,470

at this this is again this isn't an

446

00:19:19,529 --> 00:19:16,480

isolated incident with this type of

447

00:19:22,649 --> 00:19:19,539

thing and for me what struck me is this

448

00:19:27,140 --> 00:19:22,659

is this is a matter of not only you know

449

00:19:29,730 --> 00:19:27,150

aviation safety but also you're close to

450

00:19:33,270 --> 00:19:29,740

again dev Way proving grounds one of the

451
00:19:35,730 --> 00:19:33,280
most interesting places on the planet

452
00:19:38,669 --> 00:19:35,740
which could if anything happened there

453
00:19:40,620 --> 00:19:38,679
you know this is a serious thing for the

454
00:19:43,529 --> 00:19:40,630
population of Salt Lake City in the

455
00:19:46,020 --> 00:19:43,539
surrounding areas right well let's talk

456
00:19:48,299 --> 00:19:46,030
a little about that you know we we've

457
00:19:49,890 --> 00:19:48,309
all heard of skinwalker I think at this

458
00:19:53,130 --> 00:19:49,900
point but I don't think people

459
00:19:55,250 --> 00:19:53,140
necessarily know the history that this

460
00:19:58,320 --> 00:19:55,260
place has been through with with

461
00:20:00,330 --> 00:19:58,330
billionaires being involved and all the

462
00:20:02,700 --> 00:20:00,340
different things being cited there I

463
00:20:05,820 --> 00:20:02,710

know you've personally been there you've

464

00:20:08,730 --> 00:20:05,830

investigated you have tons of case

465

00:20:11,159 --> 00:20:08,740

reports um would you mind ARCA telling

466

00:20:12,630 --> 00:20:11,169

us a little about skinwalker and what

467

00:20:16,260 --> 00:20:12,640

you found going on there

468

00:20:18,690 --> 00:20:16,270

oh boy you know I again last week I had

469

00:20:21,299 --> 00:20:18,700

a report from someone who's had a

470

00:20:24,180 --> 00:20:21,309

sighting in the area and the Uintah

471

00:20:27,330 --> 00:20:24,190

Basin is a very curious place I mean

472

00:20:30,330 --> 00:20:27,340

it's very a lot of cattle ranchers in

473

00:20:34,680 --> 00:20:30,340

the area it's very there a lot of minds

474

00:20:36,990 --> 00:20:34,690

and oil fields and then you have the

475

00:20:39,510 --> 00:20:37,000

fact that you've had a lot of history

476
00:20:42,390 --> 00:20:39,520
with some of the miners coming in there

477
00:20:45,180 --> 00:20:42,400
and then the Native Americans and it's

478
00:20:47,659 --> 00:20:45,190
been the history of the place even if

479
00:20:50,039 --> 00:20:47,669
you didn't take into account all of the

480
00:20:56,460 --> 00:20:50,049
strange goings-on I mean it's a

481
00:20:59,760 --> 00:20:56,470
fascinating place but back in eken you

482
00:21:01,650 --> 00:20:59,770
know 20 years ago Robert Bigelow

483
00:21:05,430 --> 00:21:01,660
purchased a ranch down the skinwalker

484
00:21:07,950 --> 00:21:05,440
ranch now and he purchased it because he

485
00:21:10,140 --> 00:21:07,960
had heard of all of the the goings-on

486
00:21:12,480 --> 00:21:10,150
there and he was very interested I'm

487
00:21:14,640 --> 00:21:12,490
sure he still is in you know cattle

488
00:21:17,280 --> 00:21:14,650

mutilations the UFO sightings the

489

00:21:19,710 --> 00:21:17,290

paranormal events that were occurring on

490

00:21:23,100 --> 00:21:19,720

the ranch but these events were not only

491

00:21:27,240 --> 00:21:23,110

occurring on skinwalker ranch they were

492

00:21:30,000 --> 00:21:27,250

occurring in the UN two basin as a whole

493

00:21:31,280 --> 00:21:30,010

and then you've got the work of jr.

494

00:21:35,190 --> 00:21:31,290

Hicks who was a

495

00:21:38,430 --> 00:21:35,200

science teacher in the area and he had

496

00:21:41,700 --> 00:21:38,440

been collecting reports from the 60s

497

00:21:44,760 --> 00:21:41,710

onward and so you've got his body of

498

00:21:47,790 --> 00:21:44,770

work he's got 700 reports and they are

499

00:21:50,520 --> 00:21:47,800

incredible and then you know you bring

500

00:21:53,040 --> 00:21:50,530

in dr. Frank Salisbury's work who wrote

501
00:21:56,100 --> 00:21:53,050
the Utah UFO display and you've got a

502
00:21:58,950 --> 00:21:56,110
very intriguing area that has been well

503
00:22:03,720 --> 00:21:58,960
documented unlike many other hotspots

504
00:22:05,850 --> 00:22:03,730
and it's it's frightening it is it

505
00:22:08,550 --> 00:22:05,860
people who are cattle ranchers in the

506
00:22:10,230 --> 00:22:08,560
area have lost a considerable amount of

507
00:22:13,380 --> 00:22:10,240
money because of the cattle mutilations

508
00:22:17,090 --> 00:22:13,390
that are still taking place you know in

509
00:22:23,180 --> 00:22:17,100
terms of the cattle the livestock issue

510
00:22:26,400 --> 00:22:23,190
we also have Dugway which in was it 1968

511
00:22:29,190 --> 00:22:26,410
where thousands and thousands of sheep

512
00:22:31,860 --> 00:22:29,200
were killed because of a leak that

513
00:22:34,320 --> 00:22:31,870

happened at Dugway a chemical leak tell

514

00:22:36,720 --> 00:22:34,330

us a little about Dugway and dismiss it

515

00:22:39,360 --> 00:22:36,730

in if you wouldn't mind the Sheep

516

00:22:42,420 --> 00:22:39,370

incident Samantha that but the winner

517

00:22:45,330 --> 00:22:42,430

but they had been flying and they were

518

00:22:47,820 --> 00:22:45,340

dropping some of this nerve agent and

519

00:22:52,530 --> 00:22:47,830

that they apparently went off course and

520

00:22:55,140 --> 00:22:52,540

and flew over livestock and it affected

521

00:22:57,480 --> 00:22:55,150

not only the livestock killing you know

522

00:23:01,020 --> 00:22:57,490

thousands of sheep but it also affected

523

00:23:03,270 --> 00:23:01,030

the people that were in the area and for

524

00:23:05,910 --> 00:23:03,280

a long long time the government didn't

525

00:23:08,220 --> 00:23:05,920

take any responsibility for it but they

526

00:23:11,220 --> 00:23:08,230

finally had to fess up but this is this

527

00:23:13,020 --> 00:23:11,230

is just one of the things that has taken

528

00:23:13,710 --> 00:23:13,030

place here you know a couple years ago

529

00:23:16,050 --> 00:23:13,720

we had

530

00:23:18,660 --> 00:23:16,060

live anthrax that was shipped via FedEx

531

00:23:22,380 --> 00:23:18,670

you know I mean yeah there's there's

532

00:23:24,120 --> 00:23:22,390

some really pretty big breaches that

533

00:23:26,790 --> 00:23:24,130

take place there and I'm sure it's it's

534

00:23:29,220 --> 00:23:26,800

hard to you know I mean it would be hard

535

00:23:32,640 --> 00:23:29,230

to run a facility like that they are

536

00:23:36,390 --> 00:23:32,650

doing laser testing I have a friend Dave

537

00:23:39,750 --> 00:23:36,400

Rosenfeld who was on the TV show with me

538

00:23:43,440 --> 00:23:39,760

now and he's been just relentless for

539

00:23:45,060 --> 00:23:43,450

two decades about going out by Dugway

540

00:23:46,440 --> 00:23:45,070

and kind of monitoring what's taking

541

00:23:50,190 --> 00:23:46,450

place there and he's had some pretty

542

00:23:52,080 --> 00:23:50,200

incredible experiences with unidentified

543

00:23:54,390 --> 00:23:52,090

objects that appear to be monitoring the

544

00:23:57,420 --> 00:23:54,400

area as they do in many other locations

545

00:24:00,270 --> 00:23:57,430

where there is testing taking place yeah

546

00:24:02,520 --> 00:24:00,280

I personally interviewed Dave a few

547

00:24:04,980 --> 00:24:02,530

times about Dugway and the things he's

548

00:24:07,710 --> 00:24:04,990

found there are just incredible and that

549

00:24:09,690 --> 00:24:07,720

TV show you're mentioning is UFOs the

550

00:24:12,180 --> 00:24:09,700

lost evidence which we'll talk about

551
00:24:15,990 --> 00:24:12,190
later on for sure I want to I want to

552
00:24:17,550 --> 00:24:16,000
hear the inside scoop on that but what

553
00:24:20,430 --> 00:24:17,560
Dave is doing there and am I correct

554
00:24:23,550 --> 00:24:20,440
this is one of the bases that has one of

555
00:24:26,640 --> 00:24:23,560
the highest restricted air spaces in the

556
00:24:29,610 --> 00:24:26,650
world absolutely and praise the Lord for

557
00:24:32,280 --> 00:24:29,620
that yeah yeah I can only imagine but

558
00:24:33,720 --> 00:24:32,290
you have to wonder like why so high I

559
00:24:35,910 --> 00:24:33,730
mean we're talking like up to the

560
00:24:37,980 --> 00:24:35,920
Earth's atmosphere they have restricted

561
00:24:39,990 --> 00:24:37,990
air space for this place so what are

562
00:24:42,360 --> 00:24:40,000
they testing what are they flying I'm

563
00:24:44,580 --> 00:24:42,370

sure we'll never truly know but many

564

00:24:48,090 --> 00:24:44,590

people do believe this could be our area

565

00:24:51,690 --> 00:24:48,100

52 well absolutely and then I you know I

566

00:24:53,670 --> 00:24:51,700

I believe it is I mean you just have we

567

00:24:55,490 --> 00:24:53,680

have a large number of aerospace

568

00:25:00,480 --> 00:24:55,500

companies that have moved into Utah and

569

00:25:03,210 --> 00:25:00,490

are working out their testing things we

570

00:25:06,330 --> 00:25:03,220

we know that they've tested biological

571

00:25:09,840 --> 00:25:06,340

and chemical weapons and so who knows

572

00:25:12,540 --> 00:25:09,850

what goes on there but it to me being a

573

00:25:16,800 --> 00:25:12,550

resident of Utah and being concerned

574

00:25:18,990 --> 00:25:16,810

about safety of people in the area it's

575

00:25:22,380 --> 00:25:19,000

a it's an interesting place and I think

576
00:25:24,810 --> 00:25:22,390
that we need to be aware of what goes on

577
00:25:26,310 --> 00:25:24,820
there and make sure everything is on the

578
00:25:27,320 --> 00:25:26,320
up and up and we're not shipping live

579
00:25:29,090 --> 00:25:27,330
anthrax

580
00:25:31,520 --> 00:25:29,100
absolutely for your own security and

581
00:25:34,040 --> 00:25:31,530
health I mean you look at something like

582
00:25:37,190 --> 00:25:34,050
when Bill Clinton had to come forward

583
00:25:39,410 --> 00:25:37,200
and with the lawsuit with area 51 people

584
00:25:42,320 --> 00:25:39,420
were dying because of what was going on

585
00:25:44,360 --> 00:25:42,330
there and finally the government took

586
00:25:46,610 --> 00:25:44,370
some accountability but when you have

587
00:25:49,130 --> 00:25:46,620
these possible black budget projects

588
00:25:51,620 --> 00:25:49,140

going on they're not answering to anyone

589

00:25:53,900 --> 00:25:51,630

and they're not to know responsibility

590

00:25:56,090 --> 00:25:53,910

so as civilians we really have to be

591

00:25:58,490 --> 00:25:56,100

careful on that they could wipe us out

592

00:26:02,920 --> 00:25:58,500

in a heartbeat you know they could and I

593

00:26:05,750 --> 00:26:02,930

think it's just even politically having

594

00:26:07,400 --> 00:26:05,760

just watched what takes place you know

595

00:26:10,700 --> 00:26:07,410

and the fact that people are so

596

00:26:12,380 --> 00:26:10,710

apathetic and in my opinion you have to

597

00:26:14,000 --> 00:26:12,390

take accountability and you have to get

598

00:26:16,130 --> 00:26:14,010

involved you have to look at what's

599

00:26:17,540 --> 00:26:16,140

taking place in the government you have

600

00:26:20,720 --> 00:26:17,550

to look at what's taking place in your

601
00:26:23,600 --> 00:26:20,730
community and you have to not be lazy

602
00:26:25,340 --> 00:26:23,610
you know in the same with the UFO field

603
00:26:27,890 --> 00:26:25,350
we need to look at that and take it

604
00:26:29,780 --> 00:26:27,900
seriously and and step up to the plate

605
00:26:33,850 --> 00:26:29,790
if we're going to make a change well

606
00:26:37,250 --> 00:26:33,860
into a CEREC of UFO sightings in the air

607
00:26:39,920 --> 00:26:37,260
we've had debunkers say that pilots are

608
00:26:42,260 --> 00:26:39,930
no more credible with UFO sightings than

609
00:26:47,360 --> 00:26:42,270
people on the ground which is utterly

610
00:26:50,030 --> 00:26:47,370
ridiculous we have so many pilot witness

611
00:26:52,970 --> 00:26:50,040
reports about things going on in the sky

612
00:26:55,310 --> 00:26:52,980
and one you've personally been a part of

613
00:26:58,250 --> 00:26:55,320

researched and investigated was the

614

00:27:01,730 --> 00:26:58,260

American Airlines for 34 case this is

615

00:27:05,060 --> 00:27:01,740

absolutely incredible in this case would

616

00:27:07,820 --> 00:27:05,070

you mind trying just us through this

617

00:27:12,140 --> 00:27:07,830

very complex case and what you were able

618

00:27:14,870 --> 00:27:12,150

to obtain from an FOI a request oh my

619

00:27:16,970 --> 00:27:14,880

gosh this this case was it it's truly

620

00:27:19,370 --> 00:27:16,980

the highlight of my time investigating

621

00:27:21,470 --> 00:27:19,380

but I had a I have a friend his name is

622

00:27:24,740 --> 00:27:21,480

Pat Daniels and he hosts the fringe

623

00:27:27,770 --> 00:27:24,750

radio show and he's also an avid ham

624

00:27:31,790 --> 00:27:27,780

radio operator he does all sorts of

625

00:27:35,470 --> 00:27:31,800

things scanning frequencies and and he

626
00:27:38,600 --> 00:27:35,480
is Hiep he contacted me because he had

627
00:27:40,649 --> 00:27:38,610
listened to something that was that

628
00:27:43,109 --> 00:27:40,659
really piqued his interest and was

629
00:27:44,849 --> 00:27:43,119
almost alarming to him he had been

630
00:27:47,399 --> 00:27:44,859
sitting at his desk doing some work a

631
00:27:50,369 --> 00:27:47,409
little after midnight on January 14th

632
00:27:54,599 --> 00:27:50,379
and he heard a couple transmissions from

633
00:27:57,479 --> 00:27:54,609
a pilot or the crew of the craft asking

634
00:28:00,469 --> 00:27:57,489
what this this object was that appeared

635
00:28:03,299 --> 00:28:00,479
to be keeping pace with the plane and

636
00:28:07,049 --> 00:28:03,309
then you you know I mean it was a large

637
00:28:08,700 --> 00:28:07,059
orange square object and he said you

638
00:28:11,129 --> 00:28:08,710

know he said I've in all my years of

639

00:28:14,029 --> 00:28:11,139

just scanning frequencies I have never

640

00:28:18,149 --> 00:28:14,039

heard this ever and knowing that he is a

641

00:28:20,669 --> 00:28:18,159

good human being who was kind of shaken

642

00:28:24,539 --> 00:28:20,679

by this I decided that I was going to

643

00:28:27,570 --> 00:28:24,549

try to find out more and so I grabbed my

644

00:28:30,359 --> 00:28:27,580

assistant state director Jeff Cox and we

645

00:28:34,109 --> 00:28:30,369

went to the ATC the air traffic control

646

00:28:36,239 --> 00:28:34,119

website and just scoured it to find any

647

00:28:38,729 --> 00:28:36,249

bits and pieces of this transmission and

648

00:28:43,139 --> 00:28:38,739

lo and behold we were able to find a

649

00:28:46,349 --> 00:28:43,149

brief snippet of the pilot talking or

650

00:28:52,409 --> 00:28:46,359

the crew talking asking lists like

651

00:28:55,289 --> 00:28:52,419

control what this object was I put it

652

00:28:59,460 --> 00:28:55,299

for good laugh out of fright for two

653

00:29:02,669 --> 00:28:59,470

squares or fine or 11 um no it's a good

654

00:29:04,830 --> 00:29:02,679

question I not sure what your right side

655

00:29:06,960 --> 00:29:04,840

that's like strictly off art hell is

656

00:29:10,200 --> 00:29:06,970

right now I read a lot I put it in water

657

00:29:15,659 --> 00:29:10,210

for a while McDowell is it's that

658

00:29:19,169 --> 00:29:15,669

perfect square right harsh hi we are too

659

00:29:22,049 --> 00:29:19,179

hot well American flight 34 that is neat

660

00:29:25,109 --> 00:29:22,059

why I'm nice I you Tom Levi okay cool

661

00:29:28,830 --> 00:29:25,119

help me when I go fine thank you you

662

00:29:30,989 --> 00:29:28,840

better and and so what we did then again

663

00:29:33,269 --> 00:29:30,999

I was working with Bill Puckett I

664

00:29:36,779 --> 00:29:33,279

brought him in and we submitted a FOIA

665

00:29:39,239 --> 00:29:36,789

request for radar data for audio logs

666

00:29:42,269 --> 00:29:39,249

and air for the tower logs and for audio

667

00:29:46,200 --> 00:29:42,279

the FAA actually and about six to eight

668

00:29:48,749 --> 00:29:46,210

weeks sent back all the radar data which

669

00:29:51,930 --> 00:29:48,759

was incredible they sent back some of

670

00:29:53,940 --> 00:29:51,940

the audio and there was a portion of the

671

00:29:57,419 --> 00:29:53,950

audio that was redacted

672

00:30:00,379 --> 00:29:57,429

was curious but after careful analysis

673

00:30:03,419 --> 00:30:00,389

of the radar data we were able to

674

00:30:06,659 --> 00:30:03,429

determine that there was something

675

00:30:09,990 --> 00:30:06,669

absolutely incredible it was spanning

676

00:30:13,759 --> 00:30:10,000

almost a six mile area over a remote

677

00:30:17,220 --> 00:30:13,769

part of just right outside of Nephi Utah

678

00:30:20,039 --> 00:30:17,230

so that coupled with the fact that

679

00:30:22,440 --> 00:30:20,049

you've got the snippet of audio really

680

00:30:25,049 --> 00:30:22,450

made a powerful case you know when

681

00:30:28,769 --> 00:30:25,059

you're looking for for evidence you

682

00:30:30,210 --> 00:30:28,779

can't really argue with this especially

683

00:30:33,090 --> 00:30:30,220

because you know bill Puckett is so

684

00:30:34,889 --> 00:30:33,100

methodical and he sends the data to

685

00:30:37,680 --> 00:30:34,899

other researchers all over the world to

686

00:30:39,659 --> 00:30:37,690

get a feedback and it was it was quite

687

00:30:43,230 --> 00:30:39,669

curious he was able to rule out

688

00:30:46,620 --> 00:30:43,240

anomalous propagation and it's you can

689

00:30:49,379 --> 00:30:46,630

go to UFOs Northwest and actually look

690

00:30:53,340 --> 00:30:49,389

at the great work that he did on the

691

00:30:54,840 --> 00:30:53,350

case and after investigating Jeff Cox

692

00:30:57,509 --> 00:30:54,850

and I reaching out to the community you

693

00:30:59,659 --> 00:30:57,519

know we put an ad on the paper talked to

694

00:31:02,759 --> 00:30:59,669

everybody there did a lot of

695

00:31:05,490 --> 00:31:02,769

investigating and looking at old cases

696

00:31:08,149 --> 00:31:05,500

and things I mean this is an area where

697

00:31:11,190 --> 00:31:08,159

there have been some interesting cases

698

00:31:14,789 --> 00:31:11,200

historically as well so what's going on

699

00:31:18,149 --> 00:31:14,799

there I don't know yeah and I mean the

700

00:31:22,340 --> 00:31:18,159

object reported in general a square or

701
00:31:25,440 --> 00:31:22,350
rectangle shape we don't hear this often

702
00:31:28,169 --> 00:31:25,450
no we don't but there are reports like

703
00:31:31,320 --> 00:31:28,179
that out there and and so it's quite

704
00:31:33,600 --> 00:31:31,330
it's just the whole cases is fascinating

705
00:31:37,169 --> 00:31:33,610
it again you know we've got an object

706
00:31:42,149 --> 00:31:37,179
that is or objects you know six miles

707
00:31:44,759 --> 00:31:42,159
wide and and there again close to Dugway

708
00:31:48,360 --> 00:31:44,769
proving ground so what is it and what is

709
00:31:51,720 --> 00:31:48,370
it that would make somebody that is on

710
00:31:54,960 --> 00:31:51,730
the crew for an airline would make them

711
00:31:56,580 --> 00:31:54,970
come you know over and ask the question

712
00:31:58,289 --> 00:31:56,590
you know the people to pilot so

713
00:32:00,090 --> 00:31:58,299

typically do that I know I've

714

00:32:02,879 --> 00:32:00,100

interviewed a lot of pilots off the

715

00:32:04,690 --> 00:32:02,889

record and they won't even talk about it

716

00:32:07,570 --> 00:32:04,700

which is unfortunate

717

00:32:09,790 --> 00:32:07,580

and off the record is Kia we have yellow

718

00:32:13,360 --> 00:32:09,800

many pilots who have been you know put

719

00:32:14,800 --> 00:32:13,370

on desk duty after reporting UFOs or we

720

00:32:17,770 --> 00:32:14,810

look at the famous Chicago O'Hare

721

00:32:20,710 --> 00:32:17,780

incident when nobody and I know this

722

00:32:23,800 --> 00:32:20,720

from personal experience nobody even

723

00:32:25,570 --> 00:32:23,810

this Cinnabon employees at that Airport

724

00:32:26,080 --> 00:32:25,580

will not talk about what happened that

725

00:32:31,060 --> 00:32:26,090

day

726

00:32:32,920 --> 00:32:31,070

I tried isn't that bad yeah in you know

727

00:32:36,040 --> 00:32:32,930

you have to wonder is this the airport

728

00:32:38,230 --> 00:32:36,050

overall is this somebody above them is

729

00:32:40,420 --> 00:32:38,240

this the airline you know where the

730

00:32:42,700 --> 00:32:40,430

event took place you know threatening

731

00:32:46,020 --> 00:32:42,710

these people with their jobs there is

732

00:32:49,150 --> 00:32:46,030

such a stigma and ridicule within the

733

00:32:51,370 --> 00:32:49,160

you know the aviation world let alone

734

00:32:54,190 --> 00:32:51,380

the civilian world I it's frustrating

735

00:32:56,890 --> 00:32:54,200

because these are the most you know the

736

00:32:59,560 --> 00:32:56,900

people who can really disseminate what's

737

00:33:02,320 --> 00:32:59,570

going on in the skies especially if it's

738

00:33:04,810 --> 00:33:02,330

a threat to their own flight absolutely

739

00:33:06,670 --> 00:33:04,820

absolutely and that's the key seeing

740

00:33:08,950 --> 00:33:06,680

there I mean you look at what NAR cap

741

00:33:11,110 --> 00:33:08,960

has done over the years and you look at

742

00:33:13,870 --> 00:33:11,120

the incredible people involved in our

743

00:33:15,760 --> 00:33:13,880

cap and the the scrutiny they put some

744

00:33:18,190 --> 00:33:15,770

of these cases under made know something

745

00:33:20,200 --> 00:33:18,200

there you look back at the Foo Fighters

746

00:33:24,130 --> 00:33:20,210

in World War two I mean there are

747

00:33:26,320 --> 00:33:24,140

objects up there that keep pace you know

748

00:33:29,620 --> 00:33:26,330

keep pace with plane and then they also

749

00:33:33,130 --> 00:33:29,630

have electromagnetic effects and and

750

00:33:37,330 --> 00:33:33,140

this is incredibly serious and I think

751

00:33:41,140 --> 00:33:37,340

that we need to incur and hopefully

752

00:33:43,750 --> 00:33:41,150

change the sentiment and empower people

753

00:33:44,980 --> 00:33:43,760

to come forward and and know that

754

00:33:48,040 --> 00:33:44,990

they're not going to lose their jobs

755

00:33:50,710 --> 00:33:48,050

that's I think that's going to going to

756

00:33:53,430 --> 00:33:50,720

be a big mistake on the part of the FAA

757

00:33:57,010 --> 00:33:53,440

and Airlines to continue to do this

758

00:33:59,200 --> 00:33:57,020

right D do you see that changing at all

759

00:34:03,340 --> 00:33:59,210

Erika have you noticed like an uptick it

760

00:34:06,730 --> 00:34:03,350

all with pilot reports no no but now I'm

761

00:34:09,220 --> 00:34:06,740

very sad it is but it takes again that

762

00:34:11,500 --> 00:34:09,230

you know it takes a lot of work to to

763

00:34:15,220 --> 00:34:11,510

get in there and change a system

764

00:34:17,950 --> 00:34:15,230

right so and I know I just I commend you

765

00:34:20,790 --> 00:34:17,960

know Tedrow and dr. Richard Haines for

766

00:34:24,369 --> 00:34:20,800

trying to do so much to change that

767

00:34:27,550 --> 00:34:24,379

absolutely you know even looking at ways

768

00:34:30,520 --> 00:34:27,560

of classifying aerial phenomena in terms

769

00:34:32,109 --> 00:34:30,530

of age aviation I know this is a lot of

770

00:34:32,369 --> 00:34:32,119

the work that head row is doing right

771

00:34:36,460 --> 00:34:32,379

now

772

00:34:39,010 --> 00:34:36,470

which is amazing it's so cool I mean

773

00:34:41,050 --> 00:34:39,020

it's just oh my gosh you know I have it

774

00:34:44,200 --> 00:34:41,060

one of my friends is very Greenwood and

775

00:34:46,750 --> 00:34:44,210

he's always sending me case reports and

776

00:34:49,599 --> 00:34:46,760

and I you know I just look at all of

777

00:34:52,780 --> 00:34:49,609

this food his Foo Fighter inventory that

778

00:34:56,070 --> 00:34:52,790

he worked on with the help of of Keith

779

00:34:59,460 --> 00:34:56,080

Chester and it's like oh you are coming

780

00:35:02,220 --> 00:34:59,470

seriously there is so much evidence

781

00:35:06,010 --> 00:35:02,230

right here and now we just need to get

782

00:35:07,450 --> 00:35:06,020

people you know encouraged like I mean I

783

00:35:10,750 --> 00:35:07,460

would encourage everybody out there to

784

00:35:14,140 --> 00:35:10,760

go to very Greenwood archives and scan

785

00:35:16,180 --> 00:35:14,150

that and then take a case or pick cases

786

00:35:19,530 --> 00:35:16,190

and then go to work and find out as much

787

00:35:23,710 --> 00:35:19,540

as you can go to the library find

788

00:35:26,080 --> 00:35:23,720

documents there and and your own

789

00:35:28,660 --> 00:35:26,090

research we meet that we need to

790

00:35:30,790 --> 00:35:28,670

mobilize people we need to help people

791

00:35:33,760 --> 00:35:30,800

to understand that this isn't just a

792

00:35:36,099 --> 00:35:33,770

social club you know which is great

793

00:35:39,460 --> 00:35:36,109

because I love hanging with my UFO

794

00:35:41,349 --> 00:35:39,470

people and talking about things it's

795

00:35:44,320 --> 00:35:41,359

important we need that social aspect but

796

00:35:49,270 --> 00:35:44,330

I mean this is this is serious we need

797

00:35:51,160 --> 00:35:49,280

to change the way we're operating and we

798

00:35:53,740 --> 00:35:51,170

need to encourage people to get out

799

00:35:55,750 --> 00:35:53,750

there and do the hard work and it is

800

00:35:58,120 --> 00:35:55,760

hard work you know that oh yeah

801
00:36:00,280 --> 00:35:58,130
absolutely like the digging the you know

802
00:36:03,010 --> 00:36:00,290
the internet is great but it has a lot

803
00:36:03,670 --> 00:36:03,020
of faults we know this so going to the

804
00:36:07,210 --> 00:36:03,680
library

805
00:36:09,400 --> 00:36:07,220
making slie requests I did this for the

806
00:36:12,130 --> 00:36:09,410
Tehran incident and was able to dig up

807
00:36:13,990 --> 00:36:12,140
some stuff that John Greenwald brought

808
00:36:16,870 --> 00:36:14,000
forward and that's the kind of work you

809
00:36:19,930 --> 00:36:16,880
have to do like you have to actually sit

810
00:36:23,749 --> 00:36:19,940
down write a letter to a congressman or

811
00:36:27,109 --> 00:36:23,759
to the foi a and do that work

812
00:36:29,359 --> 00:36:27,119
you know we can be lazy keyboardists and

813
00:36:31,129 --> 00:36:29,369

just google something but you have no

814

00:36:33,799 --> 00:36:31,139

idea where the sources are coming from

815

00:36:35,389 --> 00:36:33,809

with that information so well we're

816

00:36:38,059 --> 00:36:35,399

better yet we could just go on Facebook

817

00:36:40,999 --> 00:36:38,069

and then you know create our own little

818

00:36:42,979 --> 00:36:41,009

cult following and then you know I don't

819

00:36:43,909 --> 00:36:42,989

know whatever we do there but that's not

820

00:36:47,299 --> 00:36:43,919

you're not going to get good information

821

00:36:50,509 --> 00:36:47,309

on on Facebook I hate to tell you this

822

00:36:53,419 --> 00:36:50,519

but it's kind of the truth yeah it is it

823

00:36:55,039 --> 00:36:53,429

is a it is definitely the Wild West on

824

00:36:59,089 --> 00:36:55,049

there that's for damn sure

825

00:37:01,729 --> 00:36:59,099

well in terms of evidence Erica you were

826

00:37:03,559 --> 00:37:01,739

recently featured on a new show which is

827

00:37:06,109 --> 00:37:03,569

awesome by the way this is one of these

828

00:37:08,089 --> 00:37:06,119

you know UFO shows I've seen yet and

829

00:37:10,999 --> 00:37:08,099

I'll sleep yeah

830

00:37:13,429 --> 00:37:11,009

UFOs the lost evidence how'd you get

831

00:37:15,559 --> 00:37:13,439

involved with this and is there anything

832

00:37:17,359 --> 00:37:15,569

in particular that you found most

833

00:37:20,149 --> 00:37:17,369

interesting about working with this new

834

00:37:22,370 --> 00:37:20,159

television show you know I got involved

835

00:37:26,299 --> 00:37:22,380

they actually contacted me the producers

836

00:37:28,669 --> 00:37:26,309

and I flew out to Austin to record and I

837

00:37:31,099 --> 00:37:28,679

actually did I mean it was it was a lot

838

00:37:34,819 --> 00:37:31,109

of fun but I mean I shot seven episodes

839

00:37:37,519 --> 00:37:34,829

and in a day and so I was literally in

840

00:37:41,329 --> 00:37:37,529

the chair for 11 hours with a half an

841

00:37:43,999 --> 00:37:41,339

hour break yeah it was you know that it

842

00:37:45,889 --> 00:37:44,009

was it was very grueling but I loved it

843

00:37:48,349 --> 00:37:45,899

I loved doing that and being able to

844

00:37:50,569 --> 00:37:48,359

reach different people all over the

845

00:37:54,829 --> 00:37:50,579

world it's important and we needed to do

846

00:37:56,749 --> 00:37:54,839

that I think that it it is a good

847

00:38:00,259 --> 00:37:56,759

production I love it I hope that they've

848

00:38:03,169 --> 00:38:00,269

got another season coming up it was fun

849

00:38:05,899 --> 00:38:03,179

to get to kind of I flew in and and

850

00:38:07,699 --> 00:38:05,909

Richard Dolan was there so I got to talk

851
00:38:09,979 --> 00:38:07,709
with him and then John Greenwald was

852
00:38:13,759 --> 00:38:09,989
coming in and got to spend some time

853
00:38:15,679 --> 00:38:13,769
with him and it's it's really a cool

854
00:38:18,709 --> 00:38:15,689
thing and I love I mean every day I'm

855
00:38:20,569 --> 00:38:18,719
getting tons and tons of messages from

856
00:38:23,870 --> 00:38:20,579
people sharing their sightings or just

857
00:38:27,679 --> 00:38:23,880
saying good job and we're happy to have

858
00:38:29,959 --> 00:38:27,689
a new face in there yeah yeah it's cool

859
00:38:32,299 --> 00:38:29,969
like to be on TV or whatever but we both

860
00:38:34,340 --> 00:38:32,309
know like that's not but that's not our

861
00:38:38,420 --> 00:38:34,350
goal our goal is to spread

862
00:38:41,810 --> 00:38:38,430
you know a the information properly and

863
00:38:44,840 --> 00:38:41,820

also to get people interested in the

864

00:38:47,350 --> 00:38:44,850

topic like we know for a fact that this

865

00:38:50,270 --> 00:38:47,360

topic isn't so popular when it comes to

866

00:38:52,730 --> 00:38:50,280

you know the everyday person so to have

867

00:38:54,770 --> 00:38:52,740

it on TV all over the world with

868

00:38:57,980 --> 00:38:54,780

credible cases like I think the show is

869

00:39:00,830 --> 00:38:57,990

doing I think it's exciting and I hope

870

00:39:03,170 --> 00:39:00,840

they have a season - I did - what I

871

00:39:05,390 --> 00:39:03,180

think that it's you know for me because

872

00:39:08,090 --> 00:39:05,400

I've like my background is vocal

873

00:39:10,460 --> 00:39:08,100

performance and I'm really comfortable

874

00:39:12,890 --> 00:39:10,470

in front of the camera or on stage it's

875

00:39:16,940 --> 00:39:12,900

like how do I we're on the radio how do

876

00:39:20,540 --> 00:39:16,950

I get aligned what I've been doing for

877

00:39:23,960 --> 00:39:20,550

25 years to make the biggest impact and

878

00:39:26,870 --> 00:39:23,970

to me doing radio reaching people all

879

00:39:28,250 --> 00:39:26,880

over the world doing TV getting new

880

00:39:31,430 --> 00:39:28,260

people involved I mean those are

881

00:39:34,850 --> 00:39:31,440

important things when done credibly and

882

00:39:38,270 --> 00:39:34,860

correctly and so it I really think that

883

00:39:40,640 --> 00:39:38,280

we can shift the sentiment and get newer

884

00:39:42,860 --> 00:39:40,650

younger people involved which is what

885

00:39:45,560 --> 00:39:42,870

it's going to take to make real change

886

00:39:48,140 --> 00:39:45,570

in the field I think so and I know we

887

00:39:50,630 --> 00:39:48,150

have a lot of young younger listeners to

888

00:39:54,410 --> 00:39:50,640

this show so if you're out there guys

889

00:39:57,710 --> 00:39:54,420

please look at these UFO organizations

890

00:40:00,020 --> 00:39:57,720

look at new Fork look at MUFON watch

891

00:40:02,630 --> 00:40:00,030

UFOs the lost evidence these are the

892

00:40:04,700 --> 00:40:02,640

things that us who are embedded in this

893

00:40:08,330 --> 00:40:04,710

world think is the most credible

894

00:40:09,650 --> 00:40:08,340

information and will actually really

895

00:40:12,620 --> 00:40:09,660

excite you to know that there is

896

00:40:15,290 --> 00:40:12,630

evidence out there it's not just stories

897

00:40:18,010 --> 00:40:15,300

it's not just testimony there is hard

898

00:40:20,330 --> 00:40:18,020

data and evidence about these topics

899

00:40:23,300 --> 00:40:20,340

well there is and I have to say you know

900

00:40:27,400 --> 00:40:23,310

when you're looking for good information

901
00:40:29,870 --> 00:40:27,410
I mean go to visit Paul Dean's website

902
00:40:32,480 --> 00:40:29,880
USO is documenting the evidence he's an

903
00:40:35,300 --> 00:40:32,490
Australian researcher who has done a

904
00:40:37,820 --> 00:40:35,310
tremendous service looking at the

905
00:40:40,250 --> 00:40:37,830
classified documents from NORAD from the

906
00:40:42,260 --> 00:40:40,260
CIA that's important you know get your

907
00:40:45,320 --> 00:40:42,270
feet wet there it's a little technical

908
00:40:46,800 --> 00:40:45,330
but it's it's important and then look at

909
00:40:50,310 --> 00:40:46,810
the work of

910
00:40:52,650 --> 00:40:50,320
cap look at Fran Ridge and all that he's

911
00:40:55,680 --> 00:40:52,660
done look at Barry Greenwood read his

912
00:40:57,810 --> 00:40:55,690
archives I mean I will say I'm the

913
00:41:00,930 --> 00:40:57,820

biggest supporter of Barry Greenwood on

914

00:41:03,450 --> 00:41:00,940

the planet because I know you know in

915

00:41:06,480 --> 00:41:03,460

the past few decades what he has done to

916

00:41:09,270 --> 00:41:06,490

preserve history for all of us so we can

917

00:41:11,130 --> 00:41:09,280

build upon that and that is that's where

918

00:41:14,610 --> 00:41:11,140

we need to go I think I would encourage

919

00:41:17,490 --> 00:41:14,620

people to to not necessarily join

920

00:41:20,400 --> 00:41:17,500

organizations but to do their own work

921

00:41:23,760 --> 00:41:20,410

and to look at these resources and then

922

00:41:27,600 --> 00:41:23,770

run with it yes absolutely do your own

923

00:41:30,750 --> 00:41:27,610

work go rogue yeah I like going rogue

924

00:41:34,500 --> 00:41:30,760

I'm having a good time yeah I love it

925

00:41:36,390 --> 00:41:34,510

well we both know that the UFO field has

926
00:41:38,610 --> 00:41:36,400
always been fractured and it seems that

927
00:41:42,240 --> 00:41:38,620
nobody ever seems to be on the same page

928
00:41:44,550 --> 00:41:42,250
so in terms of that Erica what do you

929
00:41:45,180 --> 00:41:44,560
personally feel would move the field

930
00:41:49,110 --> 00:41:45,190
forward

931
00:41:51,450 --> 00:41:49,120
in a progressive way oh lordy you know I

932
00:41:53,220 --> 00:41:51,460
I think there are several things I think

933
00:41:55,590 --> 00:41:53,230
kind of standardizing things would be

934
00:41:58,350 --> 00:41:55,600
helpful I think organizations working

935
00:42:01,760 --> 00:41:58,360
together and sharing data

936
00:42:04,650 --> 00:42:01,770
I think that's valuable I mean we as

937
00:42:08,310 --> 00:42:04,660
researchers you know we're not paid to

938
00:42:09,960 --> 00:42:08,320

do this this is this is somebody come in

939

00:42:11,520 --> 00:42:09,970

but majority of us we're not scientists

940

00:42:15,870 --> 00:42:11,530

and we're doing this because we are

941

00:42:19,890 --> 00:42:15,880

passionate but we need to have access to

942

00:42:23,160 --> 00:42:19,900

data we need to work together and know

943

00:42:26,670 --> 00:42:23,170

that there are ethical boundaries that

944

00:42:29,340 --> 00:42:26,680

people are working together not hoarding

945

00:42:30,750 --> 00:42:29,350

information I mean I just I'm kind of

946

00:42:34,560 --> 00:42:30,760

shocked at the lower level political

947

00:42:37,290 --> 00:42:34,570

games that take place and you know for

948

00:42:40,050 --> 00:42:37,300

me having been unfortunately caught up

949

00:42:41,730 --> 00:42:40,060

in some of that early on I just I don't

950

00:42:43,550 --> 00:42:41,740

have time for that I don't want to deal

951

00:42:47,400 --> 00:42:43,560

with it and I think it's really

952

00:42:49,500 --> 00:42:47,410

unproductive to to behave like this and

953

00:42:52,890 --> 00:42:49,510

I think also you know I wanted to say

954

00:42:54,990 --> 00:42:52,900

that we should really be careful when

955

00:42:57,930 --> 00:42:55,000

we're getting on social media not to

956

00:43:00,130 --> 00:42:57,940

fall into some groups where just because

957

00:43:01,570 --> 00:43:00,140

I've got UFO in the title

958

00:43:03,400 --> 00:43:01,580

you know it doesn't mean that they're

959

00:43:06,400 --> 00:43:03,410

necessarily getting good information out

960

00:43:07,810 --> 00:43:06,410

and in some cases you know it's a group

961

00:43:10,480 --> 00:43:07,820

of skeptics it just like to cause

962

00:43:13,000 --> 00:43:10,490

trouble so we need to look at our

963

00:43:15,700 --> 00:43:13,010

sources or hard believers

964

00:43:18,940 --> 00:43:15,710

ya know everyone you know that this is a

965

00:43:21,070 --> 00:43:18,950

topic of people who are so willing to

966

00:43:23,950 --> 00:43:21,080

believe that people will take advantage

967

00:43:26,740 --> 00:43:23,960

of that or on the opposite end you have

968

00:43:29,560 --> 00:43:26,750

the hardcore skeptics who will ridicule

969

00:43:31,540 --> 00:43:29,570

those who do believe so it's it's hard

970

00:43:34,930 --> 00:43:31,550

just you know guys stay away from

971

00:43:38,050 --> 00:43:34,940

bullying on either end amen

972

00:43:38,590 --> 00:43:38,060

what's all just get along let's hug it

973

00:43:41,080 --> 00:43:38,600

out

974

00:43:45,130 --> 00:43:41,090

yes that would I dream land but I think

975

00:43:47,080 --> 00:43:45,140

that yeah I mean we like I said there's

976
00:43:50,290 --> 00:43:47,090
just such good information out there and

977
00:43:53,620 --> 00:43:50,300
this is such an exciting field of study

978
00:43:56,470 --> 00:43:53,630
and for me I mean I've learned more

979
00:44:00,490 --> 00:43:56,480
about the natural world about space

980
00:44:03,220 --> 00:44:00,500
about biology chemistry all of these

981
00:44:05,950 --> 00:44:03,230
things and I just I have grown as a

982
00:44:09,070 --> 00:44:05,960
person I've become a better person and

983
00:44:10,930 --> 00:44:09,080
the people and experiences that I have

984
00:44:14,620 --> 00:44:10,940
had along the way and met along the way

985
00:44:17,500 --> 00:44:14,630
have been absolutely priceless to me I

986
00:44:20,590 --> 00:44:17,510
just I I don't know why somebody

987
00:44:23,110 --> 00:44:20,600
wouldn't want to do this yeah um if I

988
00:44:25,810 --> 00:44:23,120

can say anything it's that I agree this

989

00:44:28,450 --> 00:44:25,820

isn't about little green men guys first

990

00:44:32,220 --> 00:44:28,460

and foremost this is about so much more

991

00:44:35,140 --> 00:44:32,230

and impacting humanity in ways and

992

00:44:37,600 --> 00:44:35,150

asking questions that are so profound

993

00:44:40,980 --> 00:44:37,610

that if we ever were to get answers it

994

00:44:43,620 --> 00:44:40,990

would change everything so you know

995

00:44:46,960 --> 00:44:43,630

getting rid of that ridicule factor of

996

00:44:48,970 --> 00:44:46,970

you know just nuts and bolts flying

997

00:44:50,680 --> 00:44:48,980

saucers and little green men there are

998

00:44:52,660 --> 00:44:50,690

so much more to this topic and I think

999

00:44:55,150 --> 00:44:52,670

people are starting to realize that as

1000

00:44:57,190 --> 00:44:55,160

we're exploring space more as we're

1001

00:44:59,980 --> 00:44:57,200

making these amazing scientific

1002

00:45:02,290 --> 00:44:59,990

discoveries there will come a day when

1003

00:45:05,200 --> 00:45:02,300

that will converge with the UFO field

1004

00:45:06,700 --> 00:45:05,210

and maybe we'll finally find some

1005

00:45:08,859 --> 00:45:06,710

answers I don't know

1006

00:45:12,700 --> 00:45:08,869

I think we will and I think we're making

1007

00:45:14,680 --> 00:45:12,710

so much progress with technology and I

1008

00:45:16,180 --> 00:45:14,690

think that people have the ability to

1009

00:45:18,760 --> 00:45:16,190

share information within a matter of

1010

00:45:21,010 --> 00:45:18,770

seconds all over the world I think that

1011

00:45:22,690 --> 00:45:21,020

we're you know going deeper in space and

1012

00:45:26,310 --> 00:45:22,700

we're learning more about our own world

1013

00:45:28,329 --> 00:45:26,320

and there is a big shift in a we people

1014

00:45:30,130 --> 00:45:28,339

understand now that we're not the

1015

00:45:34,690 --> 00:45:30,140

beginning and end of the universe and

1016

00:45:36,940 --> 00:45:34,700

that there is something here that is

1017

00:45:39,040 --> 00:45:36,950

interacting with us and that's important

1018

00:45:42,160 --> 00:45:39,050

and I wanted to kind of stress to people

1019

00:45:43,839 --> 00:45:42,170

that we don't necessarily know if what

1020

00:45:45,790 --> 00:45:43,849

we're dealing with is extraterrestrial

1021

00:45:50,380 --> 00:45:45,800

we have no clue and I think that's kind

1022

00:45:52,630 --> 00:45:50,390

of a more learn about this dangerous way

1023

00:45:55,720 --> 00:45:52,640

to kind of go down that road I mean a

1024

00:45:57,490 --> 00:45:55,730

lot of the real hard core researchers

1025

00:46:00,550 --> 00:45:57,500

that have done this for 50 years like

1026
00:46:02,560 --> 00:46:00,560
Jacques LA I mean it's more of a ultra

1027
00:46:05,380 --> 00:46:02,570
terrestrial kind of interdimensional

1028
00:46:08,800 --> 00:46:05,390
thing that we're dealing with so don't

1029
00:46:11,440 --> 00:46:08,810
don't set yourself up for believing in

1030
00:46:14,140 --> 00:46:11,450
something until you have all of the

1031
00:46:16,390 --> 00:46:14,150
facts it's important absolutely and

1032
00:46:20,800 --> 00:46:16,400
there are people looking at so many

1033
00:46:22,359 --> 00:46:20,810
different ways into this topic so yeah

1034
00:46:24,160 --> 00:46:22,369
just do your research there's a good

1035
00:46:26,920 --> 00:46:24,170
book coming out called the UFOs

1036
00:46:29,620 --> 00:46:26,930
reframing the debate I do have to

1037
00:46:33,280 --> 00:46:29,630
promote that I am in it so just a little

1038
00:46:36,190 --> 00:46:33,290

change as awesome comes out late May

1039

00:46:38,849 --> 00:46:36,200

guys so you can check that out but yeah

1040

00:46:41,859 --> 00:46:38,859

it's about asking new questions and

1041

00:46:44,320 --> 00:46:41,869

moving away from having any solid

1042

00:46:47,560 --> 00:46:44,330

concrete answers because anyone who says

1043

00:46:51,480 --> 00:46:47,570

they have those answers run run as fast

1044

00:46:55,240 --> 00:46:51,490

you ain't kidding about that one I read

1045

00:46:57,640 --> 00:46:55,250

seriously we don't know we need to we

1046

00:46:59,470 --> 00:46:57,650

need to we need to look at all different

1047

00:47:01,420 --> 00:46:59,480

aspects of this - and I want to stress

1048

00:47:02,920 --> 00:47:01,430

that the paranormal is very important

1049

00:47:04,300 --> 00:47:02,930

part of this because again we don't know

1050

00:47:07,599 --> 00:47:04,310

what we're dealing with there and a lot

1051
00:47:09,650 --> 00:47:07,609
of these things kind of move that the

1052
00:47:12,470 --> 00:47:09,660
boundaries are very blurry

1053
00:47:14,480 --> 00:47:12,480
so we need to look at that as well and

1054
00:47:19,609 --> 00:47:14,490
we need to stop putting ourselves in

1055
00:47:21,200 --> 00:47:19,619
boxes as researchers yep if Marvel the

1056
00:47:23,630 --> 00:47:21,210
Marvel movies have taught me anything

1057
00:47:25,990 --> 00:47:23,640
it's that hashtag everything's connected

1058
00:47:29,210 --> 00:47:26,000
so just keep that in mind guys

1059
00:47:31,039 --> 00:47:29,220
absolutely in terms of what you're

1060
00:47:33,829 --> 00:47:31,049
working on now Eric are there any cases

1061
00:47:37,880 --> 00:47:33,839
or anything that's really struck your

1062
00:47:40,309 --> 00:47:37,890
fancy these days you know I am and still

1063
00:47:42,319 --> 00:47:40,319

and always researching different hot

1064

00:47:45,200 --> 00:47:42,329

spots looking at the commonalities like

1065

00:47:50,089 --> 00:47:45,210

Brown mountain Marfa Texas has Stalin

1066

00:47:51,740 --> 00:47:50,099

Norway and in looking at some of the

1067

00:47:53,509 --> 00:47:51,750

really interesting things that have

1068

00:47:56,240 --> 00:47:53,519

taken place you know especially it by

1069

00:47:58,819 --> 00:47:56,250

skinwalker where you have instances

1070

00:48:00,890 --> 00:47:58,829

where the soil has been displaced and

1071

00:48:04,190 --> 00:48:00,900

that happened over in hash Tollan as

1072

00:48:07,069 --> 00:48:04,200

well I mean there are some very curious

1073

00:48:09,319 --> 00:48:07,079

cases or reports of underground sounds

1074

00:48:12,319 --> 00:48:09,329

and that is something I've been looking

1075

00:48:14,480 --> 00:48:12,329

into it and and trying to get more

1076

00:48:17,630 --> 00:48:14,490

people to come forward with reports in

1077

00:48:19,730 --> 00:48:17,640

the UNC basin and that is a place I'm

1078

00:48:22,430 --> 00:48:19,740

going to be again visiting fairly

1079

00:48:25,400 --> 00:48:22,440

quickly here and doing a research study

1080

00:48:28,609 --> 00:48:25,410

up in an area that I've have become

1081

00:48:31,339 --> 00:48:28,619

aware of to see what we can get and so

1082

00:48:35,150 --> 00:48:31,349

that's what I'm doing because Utah's so

1083

00:48:38,450 --> 00:48:35,160

full of amazing things and it's a state

1084

00:48:41,390 --> 00:48:38,460

that hasn't had a lot of focus on it

1085

00:48:44,150 --> 00:48:41,400

which I'm hoping and I hope I've kind of

1086

00:48:46,430 --> 00:48:44,160

changed that a little bit by helping

1087

00:48:48,680 --> 00:48:46,440

Dave to get the message out about things

1088

00:48:51,499 --> 00:48:48,690

that are taking place here yeah and I do

1089

00:48:53,809 --> 00:48:51,509

think media coverage does influence that

1090

00:48:56,480 --> 00:48:53,819

a lot it will get people to come forward

1091

00:48:58,460 --> 00:48:56,490

with their own events and Utah is

1092

00:49:01,730 --> 00:48:58,470

certainly a hot spot for UFO activity

1093

00:49:03,529 --> 00:49:01,740

and we have to start looking at why that

1094

00:49:05,870 --> 00:49:03,539

might be for sure so that's very

1095

00:49:08,120 --> 00:49:05,880

exciting oh my gosh I love it

1096

00:49:10,009 --> 00:49:08,130

this is I just have so much fun yeah

1097

00:49:13,940 --> 00:49:10,019

hometown pride for sure

1098

00:49:15,349 --> 00:49:13,950

yeah not super proud of the politics but

1099

00:49:15,620 --> 00:49:15,359

you know that's okay that's a different

1100

00:49:18,769 --> 00:49:15,630

story

1101

00:49:20,120 --> 00:49:18,779

week at all we could all admit to that

1102

00:49:22,820 --> 00:49:20,130

at times that's first

1103

00:49:24,560 --> 00:49:22,830

I'm sure well there could tell us a

1104

00:49:26,630 --> 00:49:24,570

little bit about your radio show where

1105

00:49:29,630 --> 00:49:26,640

can we find that who do you got coming

1106

00:49:32,660 --> 00:49:29,640

up what's going on over there oh my gosh

1107

00:49:35,830 --> 00:49:32,670

I do it every Friday night and it is 7

1108

00:49:38,360 --> 00:49:35,840

p.m. Eastern Standard Time on K cor

1109

00:49:40,490 --> 00:49:38,370

digital broadcasting network and that is

1110

00:49:42,800 --> 00:49:40,500

I love that Network Tina Marie is my

1111

00:49:46,330 --> 00:49:42,810

producer it's amazing I've interviewed

1112

00:49:49,250 --> 00:49:46,340

people like Fran Ridge from my cap and

1113

00:49:51,920 --> 00:49:49,260

Barry Greenwood and both of those people

1114

00:49:54,770 --> 00:49:51,930

don't do radio and so it was a real

1115

00:49:56,990 --> 00:49:54,780

treat to have them on and share their

1116

00:50:00,980 --> 00:49:57,000

wealth of knowledge tonight I've got ray

1117

00:50:03,680 --> 00:50:00,990

Stanford on the show again yeah I mean I

1118

00:50:05,630 --> 00:50:03,690

just and Greg long was on there last

1119

00:50:09,310 --> 00:50:05,640

week and Greg and I have become friends

1120

00:50:11,660 --> 00:50:09,320

and he wrote a book on the Yakima Indian

1121

00:50:13,640 --> 00:50:11,670

Reservation and all of the sightings

1122

00:50:16,810 --> 00:50:13,650

that take place there that are very

1123

00:50:19,840 --> 00:50:16,820

similar to skinwalker and so I find

1124

00:50:23,360 --> 00:50:19,850

researchers to come on there that are

1125

00:50:25,520 --> 00:50:23,370

oftentimes kind of gone underground but

1126
00:50:28,850 --> 00:50:25,530
have important information to share so

1127
00:50:31,850 --> 00:50:28,860
UFO classified is my baby and I love it

1128
00:50:34,970 --> 00:50:31,860
and you can go to UFO classified Calm my

1129
00:50:37,310 --> 00:50:34,980
website and then I'm on Facebook and I

1130
00:50:39,290 --> 00:50:37,320
try to tweet but I just you know kind of

1131
00:50:42,860 --> 00:50:39,300
gotten the Twitter mojo yet I'm with you

1132
00:50:45,650 --> 00:50:42,870
there yeah it's tough yeah you know well

1133
00:50:48,590 --> 00:50:45,660
those those names you mentioned are ones

1134
00:50:50,810 --> 00:50:48,600
that aren't out there on every radio

1135
00:50:52,340 --> 00:50:50,820
show on every TV show talking and it's

1136
00:50:54,910 --> 00:50:52,350
that underground research like you

1137
00:50:57,590 --> 00:50:54,920
mentioned that is most influential and

1138
00:50:59,390 --> 00:50:57,600

it's exciting to hear that you're

1139

00:51:01,070 --> 00:50:59,400
actually giving their information

1140

00:51:01,940 --> 00:51:01,080
because I think that is the information

1141

00:51:04,760 --> 00:51:01,950
we need most

1142

00:51:07,760 --> 00:51:04,770
it's those silent people in the

1143

00:51:09,320 --> 00:51:07,770
background doing the hard work and the

1144

00:51:11,690 --> 00:51:09,330
fact that we have an outlet like your

1145

00:51:14,540 --> 00:51:11,700
radio show to bring that forward that

1146

00:51:16,700 --> 00:51:14,550
excites me to no end so keep thank you I

1147

00:51:18,710 --> 00:51:16,710
love it and you too I'm just I'm so

1148

00:51:21,620 --> 00:51:18,720
excited for you and all of your hard

1149

00:51:23,060 --> 00:51:21,630
work and reaching out to younger people

1150

00:51:25,940 --> 00:51:23,070
I sound like Grandma Moses when I say

1151
00:51:28,010 --> 00:51:25,950
that those younger people whippersnapper

1152
00:51:30,410 --> 00:51:28,020
I know I'm serious I'm turning into my

1153
00:51:33,740 --> 00:51:30,420
grandma's just oh lord have mercy but

1154
00:51:36,320 --> 00:51:33,750
but yeah that's that's great and I think

1155
00:51:38,060 --> 00:51:36,330
that you know between you we've talked

1156
00:51:41,210 --> 00:51:38,070
about this before I think that you know

1157
00:51:42,800 --> 00:51:41,220
Jason McClellan I think you James Fox I

1158
00:51:44,810 --> 00:51:42,810
mean John Greenwald

1159
00:51:48,380 --> 00:51:44,820
there are some younger people in the

1160
00:51:50,540 --> 00:51:48,390
field that are really primed to to shift

1161
00:51:53,860 --> 00:51:50,550
the sentiment and to do good work and to

1162
00:51:56,810 --> 00:51:53,870
get this out there in a worldwide way I

1163
00:51:58,940 --> 00:51:56,820

think so you know we've learned from the

1164

00:52:01,160 --> 00:51:58,950

best and we're just building upon that

1165

00:52:03,710 --> 00:52:01,170

and moving forward so if we are

1166

00:52:05,780 --> 00:52:03,720

considered the younger generation I'm

1167

00:52:08,000 --> 00:52:05,790

not as young as people think first of

1168

00:52:10,130 --> 00:52:08,010

all but if we are considered the younger

1169

00:52:11,930 --> 00:52:10,140

generation we are going to really

1170

00:52:14,660 --> 00:52:11,940

respect that and do what we can to move

1171

00:52:17,180 --> 00:52:14,670

it forward and to anyone interested in

1172

00:52:20,570 --> 00:52:17,190

doing that with us please reach out to

1173

00:52:22,990 --> 00:52:20,580

us you know we we are not scientists we

1174

00:52:26,180 --> 00:52:23,000

are not physicists we are not

1175

00:52:28,790 --> 00:52:26,190

psychologists we're normal people who

1176
00:52:30,620 --> 00:52:28,800
have a huge fascination with this and we

1177
00:52:32,390 --> 00:52:30,630
learned early on that no one's going to

1178
00:52:34,550 --> 00:52:32,400
do the work for us the government is not

1179
00:52:36,050 --> 00:52:34,560
going to do that the military is not

1180
00:52:38,420 --> 00:52:36,060
going to do that they have their own

1181
00:52:40,310 --> 00:52:38,430
agendas their own reasons for things so

1182
00:52:42,110 --> 00:52:40,320
it's us civilians who need to do the

1183
00:52:45,650 --> 00:52:42,120
work and it's people like you who I

1184
00:52:45,950 --> 00:52:45,660
truly look up to in terms of that thank

1185
00:52:55,700 --> 00:52:45,960
you

1186
00:52:58,070 --> 00:52:55,710
technology has come down in price so

1187
00:53:01,310 --> 00:52:58,080
much you can get night vision go out

1188
00:53:03,290 --> 00:53:01,320

there but also make sure you're taking

1189

00:53:07,910 --> 00:53:03,300

some you're really getting a good camera

1190

00:53:09,710 --> 00:53:07,920

and taking some images that are infrared

1191

00:53:10,760 --> 00:53:09,720

necessarily and actually race Stanford

1192

00:53:12,740 --> 00:53:10,770

and I had a conversation about that

1193

00:53:15,170 --> 00:53:12,750

yesterday and tonight on the show he's

1194

00:53:17,600 --> 00:53:15,180

going to explain why maybe we shouldn't

1195

00:53:20,300 --> 00:53:17,610

really be using that as hardcore

1196

00:53:22,400 --> 00:53:20,310

evidence and and he'll teach us some

1197

00:53:23,690 --> 00:53:22,410

things but they get out there get out

1198

00:53:26,120 --> 00:53:23,700

there learn about all the aircraft

1199

00:53:28,370 --> 00:53:26,130

coming in and out of your area learn

1200

00:53:30,560 --> 00:53:28,380

about Native American reservations learn

1201
00:53:33,770 --> 00:53:30,570
about hot spots and then just go out and

1202
00:53:36,920 --> 00:53:33,780
set your camera up yes keep looking up

1203
00:53:39,140 --> 00:53:36,930
for sure well Erica thank you so much

1204
