while going again for the window into

55
00:03:02,259 --> 00:02:59,299
Hudson welcome to somewhere in the skies

56
00:03:04,300 --> 00:03:02,269
I'm your host Ryan Sprague the audio you

57
00:03:07,210 --> 00:03:04,310
just heard comes from a recently

58
00:03:09,880 --> 00:03:07,220
Declassified case file it pertains to an

59
00:03:12,789 --> 00:03:09,890
encounter between a Navy fighter jet and

60
00:03:15,490 --> 00:03:12,799
an unknown object it was released by the

61
00:03:18,759 --> 00:03:15,500
Defense Department's advanced aerospace

62
00:03:20,650 --> 00:03:18,769
threat identification program a secret

63
00:03:23,380 --> 00:03:20,660

Pentagon project that we've learned

64

00:03:26,589 --> 00:03:23,390

recently was working in the shadows to

65

00:03:28,569 --> 00:03:26,599

investigate UFOs this story is making

66

00:03:31,930 --> 00:03:28,579

national headlines across every major

67

00:03:34,800 --> 00:03:31,940

news outlet and today we talk in depth

68

00:03:38,470 --> 00:03:34,810

about it along with other highlights of

69

00:03:41,830 --> 00:03:38,480

2017 in the summer in the skies year and

70

00:03:44,680 --> 00:03:41,840

wrap up I am joined by close friends and

71

00:03:47,530 --> 00:03:44,690

colleagues Jason McClellan Mike Demonte

72

00:03:50,349 --> 00:03:47,540

and MJ banyas to discuss some of the

73

00:03:54,190 --> 00:03:50,359

most interesting UFO alien and space

74

00:03:57,009 --> 00:03:54,200

news that graced us in 2017 and we then

75

00:03:59,229 --> 00:03:57,019

look forward to what 2018 may have in

76

00:04:01,659 --> 00:03:59,239

store for us as we continue to search

77

00:04:04,659 --> 00:04:01,669

further and deeper somewhere in the

78

00:04:07,690 --> 00:04:04,669

skies so without further ado let's get

79

00:04:09,460 --> 00:04:07,700

to the 2017 somewhere in the skies wrap

80

00:04:11,470 --> 00:04:09,470

up this is going to be an epic

81

00:04:13,809 --> 00:04:11,480

conversation today I thought what better

82

00:04:16,300 --> 00:04:13,819

way to wrap up the year than to bring on

83

00:04:18,759 --> 00:04:16,310

three of my closest friends and

84

00:04:20,830 --> 00:04:18,769

colleagues I have got Jason McClellan

85

00:04:22,779 --> 00:04:20,840

from rogue planet I have got MJ Baniyas

86

00:04:25,420 --> 00:04:22,789

from Tara obscura and I have Mike

87

00:04:27,670 --> 00:04:25,430

Demonte from punk rock in UFOs gentlemen

88

00:04:29,320 --> 00:04:27,680

thank you so much for joining me today

89

00:04:31,839 --> 00:04:29,330

pleasure to be here with you fine

90

00:04:34,900 --> 00:04:31,849

gentlemen yes this is going to be an

91

00:04:37,300 --> 00:04:34,910

interesting one for sure I did ask all

92

00:04:38,469 --> 00:04:37,310

of you before we started recording we

93

00:04:40,900 --> 00:04:38,479

are not going to be able to get through

94

00:04:43,900 --> 00:04:40,910

this without a drink so I need to know

95

00:04:45,939 --> 00:04:43,910

what does everyone have in hand right

96

00:04:48,730 --> 00:04:45,949

now Jason I'm kind of stealing this from

97

00:04:52,240 --> 00:04:48,740

your ear your show so

98

00:04:54,850 --> 00:04:52,250

we'll start with you my friend what it's

99

00:04:57,129 --> 00:04:54,860

it's kind of kind of hilarious that you

100

00:04:59,409 --> 00:04:57,139

decided to do this because in an

101
00:05:02,530 --> 00:04:59,419
uncharacteristic manner I'm drinking

102
00:05:05,379 --> 00:05:02,540
water tonight oh I have a reason for

103
00:05:07,810 --> 00:05:05,389
that I already did my drinking earlier

104
00:05:09,790 --> 00:05:07,820
but I just finished dinner recently and

105
00:05:13,060 --> 00:05:09,800
I don't cook a meal without it being

106
00:05:15,370 --> 00:05:13,070
extremely spicy so water is necessary

107
00:05:17,200 --> 00:05:15,380
right now but to make it interesting

108
00:05:19,120 --> 00:05:17,210
I'll give you a little little brief

109
00:05:22,029 --> 00:05:19,130
story about my water so I live in

110
00:05:23,920 --> 00:05:22,039
Phoenix and the water that the tap water

111
00:05:25,840 --> 00:05:23,930
here the groundwater is just absolutely

112
00:05:28,120 --> 00:05:25,850
horrible you don't want to drink it it

113
00:05:29,860 --> 00:05:28,130

tastes awful so and I know that's the

114

00:05:33,850 --> 00:05:29,870

case in in many places but in Phoenix

115

00:05:35,800 --> 00:05:33,860

especially so I go to whatever grocery

116

00:05:37,810 --> 00:05:35,810

should grocery store I shop out all my

117

00:05:38,980 --> 00:05:37,820

five gallon jug and fill that up at the

118

00:05:40,600 --> 00:05:38,990

machines that they have at all the

119

00:05:42,909 --> 00:05:40,610

grocery stores the grocery store closest

120

00:05:44,680 --> 00:05:42,919

to my house has two of these machines

121

00:05:46,990 --> 00:05:44,690

sitting right outside the front door and

122

00:05:50,260 --> 00:05:47,000

the brand the company that operates

123

00:05:53,320 --> 00:05:50,270

these these water machines is called

124

00:05:56,589 --> 00:05:53,330

perfect for Phoenix it's called Fiesta

125

00:05:59,650 --> 00:05:56,599

water so it makes it seem more exciting

126

00:06:01,629 --> 00:05:59,660

than it is so I'm drinking Fiesta water

127

00:06:05,110 --> 00:06:01,639

you know what we're gonna say that's a

128

00:06:07,990 --> 00:06:05,120

tequila it might be yeah let's go with

129

00:06:10,089 --> 00:06:08,000

that let's go with that but I I I do

130

00:06:14,529 --> 00:06:10,099

have alcohol in my system so I guess

131

00:06:17,200 --> 00:06:14,539

that counts guys sorry MJ what do you

132

00:06:18,520 --> 00:06:17,210

got for us it's it's a winter here but I

133

00:06:21,100 --> 00:06:18,530

find that I often tend to go in reverse

134

00:06:24,540 --> 00:06:21,110

so I'm enjoying a nice gin and soda

135

00:06:27,339 --> 00:06:24,550

Bombay Sapphire on ice with a hint of

136

00:06:28,750 --> 00:06:27,349

club soda and a splash of lemon juice so

137

00:06:31,659 --> 00:06:28,760

I'm just I'm keeping it classy tonight

138

00:06:34,450 --> 00:06:31,669

boys oh that sounds delightful that is

139

00:06:36,820 --> 00:06:34,460

my go to Jen so say well done buddy yes

140

00:06:38,260 --> 00:06:36,830

very well done very well done well what

141

00:06:40,629 --> 00:06:38,270

what temperature do you have there Jay I

142

00:06:43,300 --> 00:06:40,639

have to ask it's actually it's nice

143

00:06:47,189 --> 00:06:43,310

right now hold on let me I it's it was

144

00:06:51,219 --> 00:06:47,199

nice all day but currently it's a balmy

145

00:06:52,300 --> 00:06:51,229

minus 100 centigrade centigrade well I

146

00:06:55,750 --> 00:06:52,310

don't I don't know what that is in

147

00:06:57,909 --> 00:06:55,760

Fahrenheit sorry conversion I am

148

00:07:00,260 --> 00:06:57,919

freezing in Phoenix I'm like shivering

149

00:07:04,409 --> 00:07:00,270

right now and it's 52 so

150

00:07:04,949 --> 00:07:04,419

yeah 67 degrees in you committed in

151
00:07:07,889 --> 00:07:04,959
Houston

152
00:07:10,019 --> 00:07:07,899
okay okay Mike awesome yeah Jason I'm

153
00:07:11,369 --> 00:07:10,029
pretty much with you buddy yeah this is

154
00:07:13,019 --> 00:07:11,379
actually gonna be my first holiday

155
00:07:15,239 --> 00:07:13,029
without snow so it's gonna be very

156
00:07:16,949 --> 00:07:15,249
interesting Mike what are you drinking

157
00:07:18,989 --> 00:07:16,959
I mean it's Monday so the most in the

158
00:07:21,419 --> 00:07:18,999
most punk-rock fashion I drank I'm

159
00:07:23,699 --> 00:07:21,429
drinking water as well because Monday

160
00:07:25,979 --> 00:07:23,709
nights I'd you know it's I do punk rock

161
00:07:28,290 --> 00:07:25,989
stuff like I go cycling I drink a

162
00:07:30,779 --> 00:07:28,300
smoothie and I eat a salad so and it's

163
00:07:33,329 --> 00:07:30,789

also late so the last thing I drank did

164

00:07:37,049 --> 00:07:33,339

have alcohol in it it was mouthwash that

165

00:07:38,249 --> 00:07:37,059

is fair I can't imagine if I'd have to

166

00:07:39,659 --> 00:07:38,259

work tomorrow morning I would have a

167

00:07:44,070 --> 00:07:39,669

drinkin and I have a lot of whiskey

168

00:07:45,779 --> 00:07:44,080

leftover different flavored whiskey if

169

00:07:48,809 --> 00:07:45,789

I'd have to teach the youth of America

170

00:07:51,179 --> 00:07:48,819

tomorrow morning I would definitely be

171

00:07:52,739 --> 00:07:51,189

indulging yeah yeah that is a good point

172

00:07:55,649 --> 00:07:52,749

I think we're what are we acting we have

173

00:07:57,119 --> 00:07:55,659

three different coasts right now so it's

174

00:07:59,489 --> 00:07:57,129

getting a little late for a couple of

175

00:08:00,179 --> 00:07:59,499

you guys so uh we will we will run

176
00:08:02,459 --> 00:08:00,189
through this

177
00:08:03,419 --> 00:08:02,469
I am drew do you drink and Ryan I have

178
00:08:07,499 --> 00:08:03,429
got Jason

179
00:08:10,040 --> 00:08:07,509
dull more scotch whiskey this is on a 12

180
00:08:13,319 --> 00:08:10,050
year old so my girlfriend got me this

181
00:08:17,579 --> 00:08:13,329
amazing gift for Christmas the advent

182
00:08:19,259 --> 00:08:17,589
calendar of whiskey amazing amazing it's

183
00:08:20,909 --> 00:08:19,269
amazing yeah you just open up a little

184
00:08:23,489 --> 00:08:20,919
thing every day and it's got a little

185
00:08:25,829 --> 00:08:23,499
you know shot bottle of whiskey a lot of

186
00:08:27,359 --> 00:08:25,839
them it's from its from I believe

187
00:08:29,249 --> 00:08:27,369
England so it's got a lot of scotches

188
00:08:30,689 --> 00:08:29,259

but I've run across some really

189

00:08:33,659 --> 00:08:30,699

interesting ones there was that Japanese

190

00:08:34,439 --> 00:08:33,669

one I had yesterday I think I was 20

191

00:08:39,059 --> 00:08:34,449

years old

192

00:08:41,759 --> 00:08:39,069

very very mild very comely

193

00:08:43,199 --> 00:08:41,769

very wintry so I'm loving it that's very

194

00:08:44,759 --> 00:08:43,209

cool yeah I only started seeing those

195

00:08:46,769 --> 00:08:44,769

things this year and those those are the

196

00:08:49,290 --> 00:08:46,779

coolest gifts they really are those have

197

00:08:52,170 --> 00:08:49,300

been calendars in every alcohol you can

198

00:08:54,059 --> 00:08:52,180

think of so yeah I'll give up the

199

00:08:56,220 --> 00:08:54,069

shameless plug this is called drinks by

200

00:08:58,710 --> 00:08:56,230

the gram for anyone interested in a very

201
00:09:02,720 --> 00:08:58,720
very unique gift this holiday season

202
00:09:05,429 --> 00:09:02,730
drinks by the DRAM all right all right

203
00:09:07,350 --> 00:09:05,439
Mike and I are at a disadvantage going

204
00:09:09,720 --> 00:09:07,360
into this but I'll try to pull our

205
00:09:13,990 --> 00:09:09,730
weight we're depending on you guys the

206
00:09:15,970 --> 00:09:14,000
sober one so the first I guess story I

207
00:09:18,850 --> 00:09:15,980
wanted to run through with you guys is a

208
00:09:21,220 --> 00:09:18,860
very now we hear about UFO cases on a

209
00:09:23,050 --> 00:09:21,230
daily basis the four of us but this one

210
00:09:25,119 --> 00:09:23,060
really caught all of our attention and

211
00:09:28,559 --> 00:09:25,129
was pretty interesting and this was in

212
00:09:31,840 --> 00:09:28,569
October of this past year in Oregon

213
00:09:34,329 --> 00:09:31,850

where several witnesses both military

214

00:09:37,119 --> 00:09:34,339

and commercial this is also confirmed by

215

00:09:39,819 --> 00:09:37,129

the FAA and NORAD of an unidentified

216

00:09:41,710 --> 00:09:39,829

flying object in the skies this was

217

00:09:43,780 --> 00:09:41,720

first reported on reddit and then

218

00:09:47,860 --> 00:09:43,790

eventually was reported in the drive

219

00:09:49,480 --> 00:09:47,870

website so apparently around 4:30 p.m.

220

00:09:51,400 --> 00:09:49,490

over the border of Oregon and California

221

00:09:54,519 --> 00:09:51,410

there were reports that were coming in

222

00:09:56,319 --> 00:09:54,529

of a craft and there was no transponder

223

00:09:59,230 --> 00:09:56,329

there was no communication being done

224

00:10:02,410 --> 00:09:59,240

between the other aircraft and this this

225

00:10:06,550 --> 00:10:02,420

is pretty interesting there was visual

226

00:10:08,769 --> 00:10:06,560

confirmation but not any really good

227

00:10:11,350 --> 00:10:08,779

descriptions of what was seen but Jason

228

00:10:14,559 --> 00:10:11,360

I know you did cover this in a episode

229

00:10:16,540 --> 00:10:14,569

of unknown so I wanted to maybe throw

230

00:10:18,519 --> 00:10:16,550

this one over to you man and if you have

231

00:10:21,460 --> 00:10:18,529

any more she could shed any more light

232

00:10:24,309 --> 00:10:21,470

on this case for us sure well one of the

233

00:10:28,449 --> 00:10:24,319

you know frustrating things that we tend

234

00:10:30,369 --> 00:10:28,459

to deal with in this field is the the

235

00:10:34,360 --> 00:10:30,379

lack of real follow-up on a lot of these

236

00:10:36,699 --> 00:10:34,370

cases we hear about you know and it's a

237

00:10:40,150 --> 00:10:36,709

sad sad state of affairs but you you

238

00:10:42,610 --> 00:10:40,160

look into this it anything with UFOs any

239

00:10:44,410 --> 00:10:42,620

current news story that comes out that

240

00:10:45,639 --> 00:10:44,420

sounds awesome and you just kind of

241

00:10:47,049 --> 00:10:45,649

assume you're never going to hear

242

00:10:50,439 --> 00:10:47,059

anything about it again because that's

243

00:10:53,439 --> 00:10:50,449

what happens most of the time and as a

244

00:10:55,869 --> 00:10:53,449

couple days ago I I did try to find more

245

00:10:58,689 --> 00:10:55,879

information any follow-up to what we

246

00:11:00,819 --> 00:10:58,699

found out initially from this report and

247

00:11:03,189 --> 00:11:00,829

I haven't personally seen any more about

248

00:11:05,079 --> 00:11:03,199

it and I truth be told I didn't go back

249

00:11:08,710 --> 00:11:05,089

and look at reddit because reddit is

250

00:11:10,299 --> 00:11:08,720

reddit yeah exactly I think potentially

251
00:11:14,259 --> 00:11:10,309
some really good information came from

252
00:11:16,780 --> 00:11:14,269
that and you know it these sources could

253
00:11:19,240 --> 00:11:16,790
be pilots they could be people who were

254
00:11:21,999 --> 00:11:19,250
personally involved in it but you know

255
00:11:25,569 --> 00:11:22,009
you're just going on faith there but all

256
00:11:27,610 --> 00:11:25,579
that aside I mean with the article that

257
00:11:30,130 --> 00:11:27,620
came out with Tyler rogue away.the the

258
00:11:32,380 --> 00:11:30,140
most who did the story he did more than

259
00:11:34,750 --> 00:11:32,390
a lot of people do with UFO stories he

260
00:11:37,090 --> 00:11:34,760
did actually press the FAA and NORAD

261
00:11:38,650 --> 00:11:37,100
trying to get confirmation trying to get

262
00:11:41,560 --> 00:11:38,660
more information he did get get that on

263
00:11:44,079 --> 00:11:41,570

that confirmation and a couple things

264

00:11:46,150 --> 00:11:44,089

with this case you know really jump out

265

00:11:48,610 --> 00:11:46,160

at me because I love when this happens

266

00:11:51,160 --> 00:11:48,620

number one again official confirmation

267

00:11:53,980 --> 00:11:51,170

that there was something in the air that

268

00:11:56,590 --> 00:11:53,990

was seen by multiple witnesses both in

269

00:11:58,890 --> 00:11:56,600

the air and on the ground they the

270

00:12:01,570 --> 00:11:58,900

craziest thing is the scrambling of

271

00:12:04,120 --> 00:12:01,580

military aircraft tried to try to

272

00:12:05,769 --> 00:12:04,130

intercept this thing but crazier still

273

00:12:08,440 --> 00:12:05,779

they couldn't find it

274

00:12:10,060 --> 00:12:08,450

so these scrambled military aircraft

275

00:12:12,790 --> 00:12:10,070

because there was an unidentified craft

276

00:12:15,970 --> 00:12:12,800

in the air and they couldn't find it

277

00:12:18,519 --> 00:12:15,980

when I got up there so mystery craft

278

00:12:22,950 --> 00:12:18,529

that was going super fast approximately

279

00:12:26,950 --> 00:12:22,960

860 miles per hour it had limited radar

280

00:12:29,280 --> 00:12:26,960

reflectivity and I mean it was seen by a

281

00:12:32,590 --> 00:12:29,290

lot of pilots in the air it was

282

00:12:34,630 --> 00:12:32,600

allegedly executing high G maneuvers so

283

00:12:37,269 --> 00:12:34,640

a lot of interesting elements to this

284

00:12:40,150 --> 00:12:37,279

story that I don't know make it a pretty

285

00:12:44,050 --> 00:12:40,160

darn good UFO story in my book I think

286

00:12:46,150 --> 00:12:44,060

so and I think there was there audio as

287

00:12:48,190 --> 00:12:46,160

well from this did anyone have that's

288

00:12:51,610 --> 00:12:48,200

what makes it fun to listening through

289

00:12:52,920 --> 00:12:51,620

the the chatter for pilots in the air as

290

00:12:55,600 --> 00:12:52,930

they're tracking this thing

291

00:12:57,880 --> 00:12:55,610

communicating with the the airport tower

292

00:12:59,670 --> 00:12:57,890

you know it's fascinating to listen to

293

00:13:02,560 --> 00:12:59,680

and it's almost like listening to like a

294

00:13:04,810 --> 00:13:02,570

police scanner or something hearing you

295

00:13:06,430 --> 00:13:04,820

know an event unfold right before you're

296

00:13:08,470 --> 00:13:06,440

listening to it live and hearing their

297

00:13:11,050 --> 00:13:08,480

reactions it's kind of exciting right I

298

00:13:13,960 --> 00:13:11,060

love when there's audio data to go with

299

00:13:15,430 --> 00:13:13,970

these cases it helps so much and it

300

00:13:17,140 --> 00:13:15,440

really puts you in the shoes of the

301
00:13:20,050 --> 00:13:17,150
witnesses which is something we rarely

302
00:13:22,990 --> 00:13:20,060
get we'll talk about it another case

303
00:13:26,380 --> 00:13:23,000
that recently came out where we had some

304
00:13:27,880 --> 00:13:26,390
audio as well video but yeah this is a

305
00:13:29,590 --> 00:13:27,890
pretty compelling one I don't know guys

306
00:13:31,900 --> 00:13:29,600
do you do you have anything to add to

307
00:13:34,660 --> 00:13:31,910
this one were you following this case at

308
00:13:35,890 --> 00:13:34,670
all chime in real quick so I thought was

309
00:13:38,290 --> 00:13:35,900
kind of coincidence when I was looking

310
00:13:40,460 --> 00:13:38,300
stuff up about this that just a few

311
00:13:43,040 --> 00:13:40,470
weeks prior the the Oregon

312
00:13:45,050 --> 00:13:43,050
their website Oregon live ran was

313
00:13:47,120 --> 00:13:45,060

October 12th this was I think two weeks

314

00:13:51,260 --> 00:13:47,130

before the sighting happened they ran a

315

00:13:51,890 --> 00:13:51,270

throwback story about a UFO UFO case in

316

00:13:54,800 --> 00:13:51,900

the 20s

317

00:13:56,990 --> 00:13:54,810

and if you look up Paul Trant UFO photos

318

00:13:59,990 --> 00:13:57,000

which we're taking an Oregon as well

319

00:14:02,450 --> 00:14:00,000

yeah they're very very distinct yeah

320

00:14:04,430 --> 00:14:02,460

these are famous photos but I mean these

321

00:14:07,880 --> 00:14:04,440

are some of the first UFO photos we've

322

00:14:10,160 --> 00:14:07,890

ever gotten I believe of a clear object

323

00:14:11,810 --> 00:14:10,170

and to this day Jason I don't know nmj I

324

00:14:13,820 --> 00:14:11,820

don't know if you guys can attest to

325

00:14:15,850 --> 00:14:13,830

this they've pretty much been proven

326

00:14:18,470 --> 00:14:15,860

authentic right I mean there hasn't been

327

00:14:22,250 --> 00:14:18,480

tons of controversy behind them as far

328

00:14:23,720 --> 00:14:22,260

as I know well I think was yeah he's the

329

00:14:25,760 --> 00:14:23,730

big supporter of the trend photos he

330

00:14:28,070 --> 00:14:25,770

still stands by them nothing's open

331

00:14:29,480 --> 00:14:28,080

even today right and I think that like

332

00:14:31,400 --> 00:14:29,490

you know it's top right because he I

333

00:14:34,430 --> 00:14:31,410

think all he claims though is that you

334

00:14:36,800 --> 00:14:34,440

know no one tampered with the film or no

335

00:14:38,630 --> 00:14:36,810

one with the photograph but it's a

336

00:14:40,820 --> 00:14:38,640

visible object right a physical object

337

00:14:42,230 --> 00:14:40,830

in the sky but you know whether it's you

338

00:14:43,580 --> 00:14:42,240

know a lampshade or something getting

339

00:14:45,410 --> 00:14:43,590

thrown into the air and you know he

340

00:14:47,030 --> 00:14:45,420

can't really comment on that it could be

341

00:14:48,770 --> 00:14:47,040

really be anything those the Trent

342

00:14:50,150 --> 00:14:48,780

photos but there's I mean they're

343

00:14:52,520 --> 00:14:50,160

definitely part of sort of UFO mythology

344

00:14:54,950 --> 00:14:52,530

right there they're definitely sort of

345

00:14:56,930 --> 00:14:54,960

well-known pictures mm-hmm absolutely

346

00:14:58,730 --> 00:14:56,940

that's really interesting I got it I

347

00:15:00,530 --> 00:14:58,740

didn't think about that we do have some

348

00:15:03,380 --> 00:15:00,540

of the first UFO photos ever from Oregon

349

00:15:05,420 --> 00:15:03,390

so that was pretty cool and I mean the

350

00:15:06,920 --> 00:15:05,430

the in terms of this recent case here I

351
00:15:09,410 --> 00:15:06,930
thought it was pretty interesting that

352
00:15:12,200 --> 00:15:09,420
the theories they ranged from a possible

353
00:15:13,940 --> 00:15:12,210
drug smuggling operation since this

354
00:15:16,400 --> 00:15:13,950
happened in the middle of the day pretty

355
00:15:17,240 --> 00:15:16,410
much it was in broad daylight or they

356
00:15:19,670 --> 00:15:17,250
think it might have been possible

357
00:15:21,620 --> 00:15:19,680
military test craft some people said

358
00:15:23,480 --> 00:15:21,630
that they saw a white plane which is

359
00:15:25,010 --> 00:15:23,490
pretty interesting but yeah I guess a

360
00:15:27,350 --> 00:15:25,020
white craft that's really the only

361
00:15:29,630 --> 00:15:27,360
description they had and the time of day

362
00:15:32,330 --> 00:15:29,640
the pilots flying you know most of the

363
00:15:34,100 --> 00:15:32,340

the closest pilots you know it was

364

00:15:36,530 --> 00:15:34,110

toward the Sun so they couldn't really

365

00:15:38,840 --> 00:15:36,540

see it for very long and really just saw

366

00:15:41,380 --> 00:15:38,850

a reflection of something so right right

367

00:15:44,960 --> 00:15:41,390

and this sort of harkens back to early

368

00:15:48,500 --> 00:15:44,970

2017 I'm thinking of the Chilean case

369

00:15:51,020 --> 00:15:48,510

which to this point have we had guys I

370

00:15:53,930 --> 00:15:51,030

don't know about you any updates on what

371

00:15:57,350 --> 00:15:53,940

the hell that was was there any firm

372

00:16:00,290 --> 00:15:57,360

answer to what that video was was Emily

373

00:16:02,350 --> 00:16:00,300

Cain one yes with the thing dumping yep

374

00:16:06,110 --> 00:16:02,360

yep yep yeah wasn't it debunked on

375

00:16:08,630 --> 00:16:06,120

non-meta bunk but I think they also did

376

00:16:11,930 --> 00:16:08,640

but with a lot with a lot of these cases

377

00:16:15,770 --> 00:16:11,940

you know there are plenty of people who

378

00:16:18,230 --> 00:16:15,780

you know look through flight records and

379

00:16:19,970 --> 00:16:18,240

make their determination that well based

380

00:16:21,890 --> 00:16:19,980

on where they say these things were in

381

00:16:24,860 --> 00:16:21,900

the time of day it was obviously flight

382

00:16:26,030 --> 00:16:24,870

so-and-so out of this place so yeah I

383

00:16:28,070 --> 00:16:26,040

think with that case

384

00:16:30,980 --> 00:16:28,080

several people were we're more than

385

00:16:33,140 --> 00:16:30,990

content saying yeah for sure they

386

00:16:35,600 --> 00:16:33,150

identified the flight but you know then

387

00:16:38,030 --> 00:16:35,610

it comes down to you as an individual

388

00:16:40,910 --> 00:16:38,040

deciding if he wants you go at this side

389

00:16:43,490 --> 00:16:40,920

or this side Ill do think many people

390

00:16:45,740 --> 00:16:43,500

are happy with an identification of just

391

00:16:48,620 --> 00:16:45,750

a flight that was in the area but others

392

00:16:49,790 --> 00:16:48,630

are still on the fence yeah well it if

393

00:16:52,670 --> 00:16:49,800

they were saying it was a flight that

394

00:16:54,140 --> 00:16:52,680

how did they explain the how it was

395

00:16:56,570 --> 00:16:54,150

almost breaking off how did the mixed

396

00:16:59,150 --> 00:16:56,580

but had to explain that because that was

397

00:17:01,610 --> 00:16:59,160

featured on a Josh gates Destination

398

00:17:05,000 --> 00:17:01,620

Truth he did his whole like four part

399

00:17:08,420 --> 00:17:05,010

chasing UFOs in that case and they tried

400

00:17:10,760 --> 00:17:08,430

to recreate it on just through I think

401
00:17:12,320 --> 00:17:10,770
they were on an air balloon they tried

402
00:17:13,940 --> 00:17:12,330
to recreate that same thing through

403
00:17:16,340 --> 00:17:13,950
through a my special effects but just

404
00:17:18,170 --> 00:17:16,350
through kind of practical effects in the

405
00:17:19,880 --> 00:17:18,180
air to try to create a similar

406
00:17:21,500 --> 00:17:19,890
phenomenon they had trouble doing so so

407
00:17:23,030 --> 00:17:21,510
I'm wondering you know people are saying

408
00:17:25,100 --> 00:17:23,040
well there's a flight at the same time

409
00:17:26,750 --> 00:17:25,110
has explained the phenomena what people

410
00:17:28,610 --> 00:17:26,760
were seeing I think it had to do with

411
00:17:31,040 --> 00:17:28,620
their making claims that it was dumping

412
00:17:32,300 --> 00:17:31,050
like waste water out of its they got

413
00:17:35,630 --> 00:17:32,310

like that like piece of toilet water

414

00:17:37,280 --> 00:17:35,640

lavatory yeah yeah yeah wait the way the

415

00:17:38,480 --> 00:17:37,290

plane would Bank to like the left or the

416

00:17:40,670 --> 00:17:38,490

right or something that I guess the way

417

00:17:42,650 --> 00:17:40,680

that the jet would show up on the FLIR

418

00:17:44,060 --> 00:17:42,660

because of all the heat just the the

419

00:17:45,830 --> 00:17:44,070

remnant heat what you're actually seeing

420

00:17:48,710 --> 00:17:45,840

is not sort of anything coming off it's

421

00:17:50,780 --> 00:17:48,720

just the heat signature of the jet wash

422

00:17:53,450 --> 00:17:50,790

coming off the the rear of the airplane

423

00:17:55,580 --> 00:17:53,460

I don't know I met a bug did it is met

424

00:17:57,650 --> 00:17:55,590

it was met a bunk after all um they did

425

00:18:00,230 --> 00:17:57,660

a really good job actually of sort of

426

00:18:03,200 --> 00:18:00,240

providing all of their sort of evidence

427

00:18:05,450 --> 00:18:03,210

and citations and references I mean no

428

00:18:06,710 --> 00:18:05,460

one from the other side has sort of come

429

00:18:07,520 --> 00:18:06,720

back and said well here's why it isn't

430

00:18:09,440 --> 00:18:07,530

this or here's why

431

00:18:11,810 --> 00:18:09,450

isn't that I don't think they've really

432

00:18:14,390 --> 00:18:11,820

done much to kind of counter the meta

433

00:18:16,700 --> 00:18:14,400

bunks debunking so I don't know I mean

434

00:18:18,380 --> 00:18:16,710

maybe I'm just I'm just concerned that

435

00:18:19,670 --> 00:18:18,390

it was just you know they released it

436

00:18:21,860 --> 00:18:19,680

maybe prematurely thinking it was

437

00:18:23,750 --> 00:18:21,870

something big and turns out just a plain

438

00:18:26,420 --> 00:18:23,760

well and I think that's a good point I'm

439

00:18:29,150 --> 00:18:26,430

J that you know the journalist Leslie

440

00:18:31,490 --> 00:18:29,160

Kean she did say like if you have an

441

00:18:34,100 --> 00:18:31,500

answer please tell me like you know what

442

00:18:36,920 --> 00:18:34,110

again a responsible journalist saying

443

00:18:38,690 --> 00:18:36,930

like to the public tell us what you know

444

00:18:40,790 --> 00:18:38,700

we're bringing this to you tell us what

445

00:18:42,740 --> 00:18:40,800

you know we did run into a lot of issue

446

00:18:45,550 --> 00:18:42,750

with this case I think early on where

447

00:18:48,710 --> 00:18:45,560

people were so quick to be so

448

00:18:50,870 --> 00:18:48,720

unbelievably they scrutinized it to a

449

00:18:52,520 --> 00:18:50,880

point where they're saying that the

450

00:18:54,620 --> 00:18:52,530

journalist covering this case in

451

00:18:56,870 --> 00:18:54,630

specific was stupid

452

00:19:00,170 --> 00:18:56,880

or was irresponsible when in reality

453

00:19:01,970 --> 00:19:00,180

it's a pretty compelling video by an

454

00:19:04,220 --> 00:19:01,980

army you know what I mean

455

00:19:05,570 --> 00:19:04,230

like no matter what it was they wanted

456

00:19:08,870 --> 00:19:05,580

to bring it to the public so I think

457

00:19:12,410 --> 00:19:08,880

that was it was an interesting case it

458

00:19:14,480 --> 00:19:12,420

kind of reminded me of this one but yeah

459

00:19:15,980 --> 00:19:14,490

interesting nonetheless something

460

00:19:18,350 --> 00:19:15,990

important that we have to keep in mind

461

00:19:21,980 --> 00:19:18,360

with especially these cases where we

462

00:19:23,600 --> 00:19:21,990

have video we have footage from from

463

00:19:26,740 --> 00:19:23,610

planes and coming from military sources

464

00:19:29,270 --> 00:19:26,750

and really any case in general is

465

00:19:32,270 --> 00:19:29,280

keeping an open mind and understanding

466

00:19:34,490 --> 00:19:32,280

that facts and information that come to

467

00:19:36,290 --> 00:19:34,500

us through the investigation process do

468

00:19:39,440 --> 00:19:36,300

change and we need to be open to change

469

00:19:41,870 --> 00:19:39,450

a lot of people latch on to things now I

470

00:19:43,580 --> 00:19:41,880

don't remember if it was if it was that

471

00:19:45,140 --> 00:19:43,590

particular Chilean case or a different

472

00:19:48,110 --> 00:19:45,150

case but I know something with

473

00:19:49,910 --> 00:19:48,120

information displayed on the camera I

474

00:19:51,560 --> 00:19:49,920

think it was later found out that it was

475

00:19:54,770 --> 00:19:51,570

like a a new camera and hadn't been

476
00:19:56,720 --> 00:19:54,780
calibrated right some piece rie figures

477
00:19:59,600 --> 00:19:56,730
on the camera displaying weren't

478
00:20:02,780 --> 00:19:59,610
actually correct to like a centimeter l

479
00:20:04,460 --> 00:20:02,790
believe yeah yeah so completely putting

480
00:20:06,410 --> 00:20:04,470
what was being viewed in a different

481
00:20:07,910 --> 00:20:06,420
location in the sky then the

482
00:20:09,920 --> 00:20:07,920
investigators had initially reported

483
00:20:11,960 --> 00:20:09,930
because they were judging off of what

484
00:20:14,510 --> 00:20:11,970
the camera was saying so little things

485
00:20:16,850 --> 00:20:14,520
like that can completely change a case

486
00:20:18,260 --> 00:20:16,860
and a lot of times people dismiss little

487
00:20:20,300 --> 00:20:18,270
things like that because they say oh

488
00:20:21,120 --> 00:20:20,310

well I read the initial report and they

489

00:20:22,290 --> 00:20:21,130

dismiss that

490

00:20:23,910 --> 00:20:22,300

because they said that absolutely

491

00:20:26,490 --> 00:20:23,920

couldn't happen well when you have

492

00:20:28,530 --> 00:20:26,500

something like information from the

493

00:20:30,690 --> 00:20:28,540

camera that you're basing everything off

494

00:20:32,340 --> 00:20:30,700

of in terms of positioning that changes

495

00:20:33,840 --> 00:20:32,350

your entire case I mean you have to go

496

00:20:35,520 --> 00:20:33,850

back and revisit evidence that you've

497

00:20:37,140 --> 00:20:35,530

crossed off the list or possibilities

498

00:20:38,000 --> 00:20:37,150

that you crossed off the list as you're

499

00:20:40,170 --> 00:20:38,010

saying one thing I like with this

500

00:20:43,140 --> 00:20:40,180

airliners and I think the articles

501
00:20:44,430 --> 00:20:43,150
called airliners and f-15s involved and

502
00:20:45,870 --> 00:20:44,440
bizarre encounter with mystery aircraft

503
00:20:47,520 --> 00:20:45,880
yeah I think alike with us is it didn't

504
00:20:50,820 --> 00:20:47,530
come from sort of a UFO source or tip

505
00:20:53,010 --> 00:20:50,830
right or both I like when when articles

506
00:20:55,890 --> 00:20:53,020
come from sort of these rogue players

507
00:20:57,390 --> 00:20:55,900
who are not involved in any way within

508
00:20:59,400 --> 00:20:57,400
the UFO community they're sort of just

509
00:21:00,900 --> 00:20:59,410
you know regular journalists who just

510
00:21:03,060 --> 00:21:00,910
sort of dig into a case or an

511
00:21:05,280 --> 00:21:03,070
interesting event with no real

512
00:21:07,320 --> 00:21:05,290
background in the UFO community so they

513
00:21:10,140 --> 00:21:07,330

don't really arrive to their conclusions

514

00:21:12,540 --> 00:21:10,150

from sort of a predetermined or I guess

515

00:21:14,870 --> 00:21:12,550

a pre-established of notion of what UFOs

516

00:21:17,640 --> 00:21:14,880

are or or at least sort of the the

517

00:21:18,600 --> 00:21:17,650

mythology behind UFOs so that's one

518

00:21:19,950 --> 00:21:18,610

thing I found this case to be

519

00:21:21,930 --> 00:21:19,960

interesting right and it's probably

520

00:21:24,660 --> 00:21:21,940

something you know I'm probably not

521

00:21:25,890 --> 00:21:24,670

aliens but I really like this this sort

522

00:21:28,050 --> 00:21:25,900

of article and I really enjoyed

523

00:21:30,810 --> 00:21:28,060

listening on your show actually Jason

524

00:21:32,460 --> 00:21:30,820

the audio it was super interesting

525

00:21:35,850 --> 00:21:32,470

because again right this is like totally

526

00:21:38,970 --> 00:21:35,860

not a UFO story that sort of became a

527

00:21:40,470 --> 00:21:38,980

UFO story right yeah I'm with you 100% I

528

00:21:42,630 --> 00:21:40,480

love that and especially with the

529

00:21:44,250 --> 00:21:42,640

background of that particular journalist

530

00:21:47,160 --> 00:21:44,260

the military and aviation correspondent

531

00:21:49,530 --> 00:21:47,170

so he's coming at this you know from the

532

00:21:51,360 --> 00:21:49,540

angle of hey I'm really familiar with

533

00:21:55,140 --> 00:21:51,370

military aircraft this is what I write

534

00:21:57,030 --> 00:21:55,150

about and so that gives it a really fun

535

00:21:59,070 --> 00:21:57,040

angle you know for me personally though

536

00:22:00,720 --> 00:21:59,080

it speaks volumes to the fact that

537

00:22:02,370 --> 00:22:00,730

you're having some like you know you

538

00:22:04,470 --> 00:22:02,380

said MJ who's not you know invested in

539

00:22:05,970 --> 00:22:04,480

this subject like we are you know it's a

540

00:22:07,800 --> 00:22:05,980

different perspective but for them to be

541

00:22:09,660 --> 00:22:07,810

commenting about it as well or

542

00:22:11,760 --> 00:22:09,670

uncovering it I think that just speaks

543

00:22:14,130 --> 00:22:11,770

it like speaks volumes about just the

544

00:22:16,200 --> 00:22:14,140

interest this stuff is starting to kind

545

00:22:18,150 --> 00:22:16,210

of garner absolutely yeah for sure and

546

00:22:20,610 --> 00:22:18,160

and in that that context you know

547

00:22:23,400 --> 00:22:20,620

pointing out from from his military and

548

00:22:25,950 --> 00:22:23,410

aviation background pointing out why

549

00:22:28,170 --> 00:22:25,960

this particular case is something that

550

00:22:29,700 --> 00:22:28,180

has elements that we should take note of

551
00:22:31,290 --> 00:22:29,710
you know not just saying oh there was

552
00:22:34,200 --> 00:22:31,300
some mystery thing in the sky but

553
00:22:35,010 --> 00:22:34,210
pointing out the fact that here it was

554
00:22:37,500 --> 00:22:35,020
being acknowledged

555
00:22:39,540 --> 00:22:37,510
by official sources that jets were

556
00:22:41,970 --> 00:22:39,550
scrambled that it wasn't able to be

557
00:22:45,300 --> 00:22:41,980
located just a lot of things that raised

558
00:22:47,280 --> 00:22:45,310
red flags from a military / aviation

559
00:22:49,950 --> 00:22:47,290
standpoint I've loved it loved it we got

560
00:22:51,810 --> 00:22:49,960
nothing but the facts and I think that's

561
00:22:53,310 --> 00:22:51,820
you know Mike you can attest to this as

562
00:22:55,230 --> 00:22:53,320
a professional journalist and you guys

563
00:22:57,540 --> 00:22:55,240

as well like that's that's what we need

564

00:23:00,330 --> 00:22:57,550

there's no belief involved in this it

565

00:23:03,120 --> 00:23:00,340

was this happen fact by fact time date

566

00:23:05,910 --> 00:23:03,130

done boom hopefully we'll get some sort

567

00:23:07,920 --> 00:23:05,920

of follow-up who knows we running that's

568

00:23:10,860 --> 00:23:07,930

always the hope all the time I know

569

00:23:12,630 --> 00:23:10,870

Jason well guys we're gonna do a UFO

570

00:23:15,900 --> 00:23:12,640

sandwich so we've got some meat in

571

00:23:18,180 --> 00:23:15,910

between these or some vegan meat as well

572

00:23:20,310 --> 00:23:18,190

sorry just thank you for your welcome

573

00:23:22,170 --> 00:23:20,320

you're welcome he's had the impossible

574

00:23:23,940 --> 00:23:22,180

burger by the way I have not had the

575

00:23:27,890 --> 00:23:23,950

impossible burger I've had the Beyond

576
00:23:30,660 --> 00:23:27,900
burger okay gone burger is amazing still

577
00:23:34,920 --> 00:23:30,670
I had an impossible burger last night

578
00:23:44,040 --> 00:23:34,930
and I'm hooked I I'm gonna cross over I

579
00:23:46,740 --> 00:23:44,050
think I'm ready to cross yes as the last

580
00:23:48,900 --> 00:23:46,750
Jedi would say all right so yeah in our

581
00:23:50,760 --> 00:23:48,910
sandwich gentlemen we have another

582
00:23:52,740 --> 00:23:50,770
pretty a lot of these things we're

583
00:23:54,420 --> 00:23:52,750
covering tonight are very recent which

584
00:23:56,400 --> 00:23:54,430
always seems to happen when you try to

585
00:23:58,830 --> 00:23:56,410
do a wrap-up show everything happens

586
00:24:00,840 --> 00:23:58,840
like a couple days after or you know

587
00:24:03,870 --> 00:24:00,850
stuff like that it's never throughout

588
00:24:05,340 --> 00:24:03,880

the air so we had or so long it's so

589

00:24:07,020 --> 00:24:05,350

freaking long hard to remember what

590

00:24:08,820 --> 00:24:07,030

happened earlier it really is and there

591

00:24:11,070 --> 00:24:08,830

are some things that we all want to

592

00:24:13,560 --> 00:24:11,080

forget we did discuss a couple things we

593

00:24:15,930 --> 00:24:13,570

were gonna talk about a few individuals

594

00:24:19,230 --> 00:24:15,940

specifically but I think we should fear

595

00:24:21,000 --> 00:24:19,240

towards more the optimistic side so the

596

00:24:23,340 --> 00:24:21,010

next one we're gonna talk about is the

597

00:24:25,440 --> 00:24:23,350

my girlfriends from Hawaii she will

598

00:24:35,340 --> 00:24:25,450

never forgive me if I get this wrong the

599

00:24:36,690 --> 00:24:35,350

muah-muah asteroid storm abla I was

600

00:24:38,190 --> 00:24:36,700

actually practicing trying to pronounce

601
00:24:41,420 --> 00:24:38,200
it earlier and I was like you know I'm

602
00:24:46,620 --> 00:24:45,000
that's the appropriate decision she's in

603
00:24:47,790 --> 00:24:46,630
the other room thinking what the hell is

604
00:24:50,560 --> 00:24:47,800
he doing in there

605
00:24:54,160 --> 00:24:50,570
all right so we have an asteroid from

606
00:24:55,990 --> 00:24:54,170
another star system that recently if not

607
00:24:58,810 --> 00:24:56,000
currently is zipping past Jupiter and

608
00:24:59,980 --> 00:24:58,820
around a hundred in ninety six to eight

609
00:25:02,950 --> 00:24:59,990
miles per hour

610
00:25:04,420 --> 00:25:02,960
holy this is actually too fast to

611
00:25:07,180 --> 00:25:04,430
be trapped by the Sun's gravitational

612
00:25:09,880 --> 00:25:07,190
pole amazing this was first spotted by

613
00:25:11,740 --> 00:25:09,890

astronomers at pan-starrs project at the

614

00:25:13,540 --> 00:25:11,750

University of Hawaii this is pretty

615

00:25:15,340 --> 00:25:13,550

interesting guys this is not like most

616

00:25:17,560 --> 00:25:15,350

meteors or asteroids we're used to

617

00:25:21,190 --> 00:25:17,570

seeing that are round jagged this is

618

00:25:23,770 --> 00:25:21,200

cigar shaped and pretty weird it's

619

00:25:25,750 --> 00:25:23,780

pretty weird and some scientists do not

620

00:25:29,080 --> 00:25:25,760

think that this is a natural object

621

00:25:30,760 --> 00:25:29,090

including Stephen Hawking so they had a

622

00:25:33,850 --> 00:25:30,770

plan that they wanted to try to

623

00:25:36,640 --> 00:25:33,860

communicate with whatever this object is

624

00:25:38,770 --> 00:25:36,650

and I did ask a couple of you guys to do

625

00:25:40,990 --> 00:25:38,780

some homework on this one because I am

626
00:25:43,360 --> 00:25:41,000
horrible at astronomy and space stuff so

627
00:25:45,400 --> 00:25:43,370
if anyone could chime in on this one and

628
00:25:46,090 --> 00:25:45,410
has further details please feel free to

629
00:25:48,850 --> 00:25:46,100
jump in

630
00:25:50,230 --> 00:25:48,860
sure so all I'll start us off here the

631
00:25:52,900 --> 00:25:50,240
the most recent article actually that I

632
00:25:56,140 --> 00:25:52,910
that just came out literally hour ago

633
00:25:58,510 --> 00:25:56,150
was from BGR calm which is a tech

634
00:26:00,100 --> 00:25:58,520
website and I guess there's been a

635
00:26:02,020 --> 00:26:00,110
recent development that they are calling

636
00:26:04,510 --> 00:26:02,030
it officially sort of a comment now or

637
00:26:07,210 --> 00:26:04,520
at least I don't wanna say but they're

638
00:26:09,310 --> 00:26:07,220

assessing it now as a comet because it

639

00:26:11,080 --> 00:26:09,320

doesn't sort of contain the the usual

640

00:26:13,330 --> 00:26:11,090

sort rock-like substance on an asteroid

641

00:26:14,860 --> 00:26:13,340

or a meteor what however due to its odd

642

00:26:16,120 --> 00:26:14,870

shape and I guess the speed is traveling

643

00:26:18,550 --> 00:26:16,130

and and the fact that it's been

644

00:26:21,790 --> 00:26:18,560

traveling for quite some time it's it's

645

00:26:23,350 --> 00:26:21,800

lost its outer sort of icy shell so

646

00:26:25,270 --> 00:26:23,360

that's why it's not really sort of

647

00:26:28,120 --> 00:26:25,280

giving off the typical comet trail and

648

00:26:29,620 --> 00:26:28,130

it's just sort of behaving oddly I

649

00:26:32,650 --> 00:26:29,630

suppose but right now they're

650

00:26:34,560 --> 00:26:32,660

considering it a comet but you know we

651
00:26:37,030 --> 00:26:34,570
can always try talking to it too I guess

652
00:26:39,640 --> 00:26:37,040
yeah yeah this is a pretty interesting

653
00:26:41,020 --> 00:26:39,650
one I'd the day this came out I don't

654
00:26:43,630 --> 00:26:41,030
know about you guys but everyone was

655
00:26:45,340 --> 00:26:43,640
like uh what is this thing especially

656
00:26:48,060 --> 00:26:45,350
since someone like Stephen Hawking is

657
00:26:50,680 --> 00:26:48,070
saying you know this looks like a ship

658
00:26:52,960 --> 00:26:50,690
yeah pretty interesting thing for

659
00:26:55,150 --> 00:26:52,970
something someone like him to say again

660
00:26:57,760 --> 00:26:55,160
maybe that was taken out of context

661
00:26:59,530 --> 00:26:57,770
somehow I'm sure it was but yeah yeah

662
00:27:01,000 --> 00:26:59,540
this one this one was pretty interesting

663
00:27:03,280 --> 00:27:01,010

I don't know if anyone else has anything

664

00:27:05,650 --> 00:27:03,290

well I love stuff like this and I need

665

00:27:08,860 --> 00:27:05,660

it just you know another illustration of

666

00:27:12,580 --> 00:27:08,870

how bizarrely awesome the universe is

667

00:27:13,720 --> 00:27:12,590

and how we really have no idea about the

668

00:27:16,240 --> 00:27:13,730

things that are in it

669

00:27:18,220 --> 00:27:16,250

so you know we see something that looks

670

00:27:20,140 --> 00:27:18,230

different and it's just the same with

671

00:27:21,790 --> 00:27:20,150

UFOs two things in the sky that we're

672

00:27:24,720 --> 00:27:21,800

not used to seeing we see something that

673

00:27:26,800 --> 00:27:24,730

looks bizarre then all of a sudden our

674

00:27:28,930 --> 00:27:26,810

imaginings run wild on them wrong oh

675

00:27:32,440 --> 00:27:28,940

what's this this must be an alien

676
00:27:35,080 --> 00:27:32,450
spacecraft yeah so you know and some

677
00:27:37,150 --> 00:27:35,090
people poopoo the the initiatives like

678
00:27:38,980 --> 00:27:37,160
the breakthrough initiatives people who

679
00:27:41,020 --> 00:27:38,990
you know train the green big telescope

680
00:27:42,910 --> 00:27:41,030
and try to listen to see if they can get

681
00:27:44,680 --> 00:27:42,920
any aliens extraterrestrial signals off

682
00:27:46,510 --> 00:27:44,690
of this thing I applaud those efforts

683
00:27:48,040 --> 00:27:46,520
you know I'm glad someone's out there

684
00:27:49,540 --> 00:27:48,050
doing it because we should try

685
00:27:52,030 --> 00:27:49,550
everything right I mean we don't know

686
00:27:53,790 --> 00:27:52,040
what it is so why just dismiss something

687
00:27:55,900 --> 00:27:53,800
and say well obviously it's not

688
00:27:58,300 --> 00:27:55,910

extraterrestrials we don't know it could

689

00:28:01,210 --> 00:27:58,310

be it's probably not it looks like a big

690

00:28:04,030 --> 00:28:01,220

piece of rock that looks bizarre but

691

00:28:06,520 --> 00:28:04,040

does it look like a cool spacecraft like

692

00:28:08,110 --> 00:28:06,530

I would imagine awesome extraterrestrial

693

00:28:10,510 --> 00:28:08,120

civilizations would build but hey it's

694

00:28:12,430 --> 00:28:10,520

possible so let these guys in their

695

00:28:14,380 --> 00:28:12,440

group you know they've got the money I

696

00:28:16,180 --> 00:28:14,390

mean it's Yuri Milner and Mark

697

00:28:17,980 --> 00:28:16,190

Zuckerberg you know I love what

698

00:28:19,570 --> 00:28:17,990

breakthrough initiatives is doing like I

699

00:28:21,370 --> 00:28:19,580

love billionaires who are spending their

700

00:28:23,470 --> 00:28:21,380

money on space exploration that is

701

00:28:26,530 --> 00:28:23,480

amazing so let them do it

702

00:28:28,980 --> 00:28:26,540

I'm glad I haven't heard from aliens yet

703

00:28:31,150 --> 00:28:28,990

aboard this thing what hey keep looking

704

00:28:33,760 --> 00:28:31,160

exactly man I think that's a good point

705

00:28:35,590 --> 00:28:33,770

that like there's God if these projects

706

00:28:38,080 --> 00:28:35,600

are gonna continue like they need

707

00:28:39,280 --> 00:28:38,090

something to study so why not throw that

708

00:28:40,960 --> 00:28:39,290

money into something like this while

709

00:28:44,140 --> 00:28:40,970

others may say it's a waste of time or

710

00:28:46,300 --> 00:28:44,150

money this is why we have these projects

711

00:28:48,520 --> 00:28:46,310

and dude I always pointed out people

712

00:28:49,990 --> 00:28:48,530

people love to rip on Ceti and stuff

713

00:28:51,670 --> 00:28:50,000

right I said it's not something that's

714

00:28:53,530 --> 00:28:51,680

really getting taxpayer money you know

715

00:28:56,020 --> 00:28:53,540

it's tough to get donations for and

716

00:28:57,550 --> 00:28:56,030

whatever and projects like this

717

00:28:59,830 --> 00:28:57,560

breakthrough initiatives these are

718

00:29:02,740 --> 00:28:59,840

billionaires and billionaires can either

719

00:29:05,410 --> 00:29:02,750

spend their money on yachts and being

720

00:29:07,900 --> 00:29:05,420

obnoxious here on earth or they can fund

721

00:29:10,240 --> 00:29:07,910

space initiatives I'm all for the

722

00:29:12,580 --> 00:29:10,250

billionaires who want to spend their

723

00:29:13,870 --> 00:29:12,590

money on space very good point Mike what

724

00:29:14,210 --> 00:29:13,880

were you gonna add yeah I was just

725

00:29:16,369 --> 00:29:14,220

saying

726

00:29:18,950 --> 00:29:16,379

the interesting thing was the the name

727

00:29:21,560 --> 00:29:18,960

the names given in Hawaiian is Stan

728

00:29:23,180 --> 00:29:21,570

first L that means Scout really

729

00:29:25,759 --> 00:29:23,190

fascinating yeah absolutely

730

00:29:28,730 --> 00:29:25,769

Ill think again like what we can bring

731

00:29:31,700 --> 00:29:28,740

to things like this is just it goes far

732

00:29:35,600 --> 00:29:31,710

beyond anything that we do and in terms

733

00:29:37,549 --> 00:29:35,610

of like studying UFOs here on earth it's

734

00:29:39,409 --> 00:29:37,559

amazing that we have like you said Jason

735

00:29:42,409 --> 00:29:39,419

people willing to put money into looking

736

00:29:45,499 --> 00:29:42,419

for things out there so let's keep doing

737

00:29:47,690 --> 00:29:45,509

that and I guess to sort of piggyback

738

00:29:49,639 --> 00:29:47,700

off of that is our next big story that

739

00:29:52,999 --> 00:29:49,649

came a few days ago and this is the

740

00:29:55,730 --> 00:29:53,009

discovery of the first alien star system

741

00:29:57,889 --> 00:29:55,740

with eight planets which sounds a little

742

00:30:00,230 --> 00:29:57,899

similar to our own so I'm gonna throw it

743

00:30:02,330 --> 00:30:00,240

over to you guys who who's looked into

744

00:30:03,889 --> 00:30:02,340

this one I've barely scratched the

745

00:30:05,840 --> 00:30:03,899

surface when it comes to this but it

746

00:30:07,789 --> 00:30:05,850

sounds extremely interesting I can

747

00:30:09,799 --> 00:30:07,799

certainly talk a little bit about it you

748

00:30:11,389 --> 00:30:09,809

know this is one of those things that we

749

00:30:12,409 --> 00:30:11,399

get announced notification from NASA

750

00:30:14,539 --> 00:30:12,419

that they're gonna hold a press

751

00:30:18,019 --> 00:30:14,549

conference to reveal some exciting

752

00:30:22,269 --> 00:30:18,029

findings sometimes and more times than

753

00:30:24,350 --> 00:30:22,279

not NASA is to blame for hyping stories

754

00:30:27,590 --> 00:30:24,360

they started doing this several years

755

00:30:30,139 --> 00:30:27,600

ago when they realized that people got

756

00:30:32,029 --> 00:30:30,149

really excited about extraterrestrials

757

00:30:32,869 --> 00:30:32,039

and the possibility of alien

758

00:30:36,019 --> 00:30:32,879

civilizations

759

00:30:39,289 --> 00:30:36,029

so they'd start carefully wording their

760

00:30:41,749 --> 00:30:39,299

press releases to hype it up and create

761

00:30:42,769 --> 00:30:41,759

this maybe a little bit of hope that

762

00:30:45,590 --> 00:30:42,779

they're going to announce they found

763

00:30:49,039 --> 00:30:45,600

aliens so that never happens

764

00:30:51,169 --> 00:30:49,049

and hasn't happened yet and even now

765

00:30:53,659 --> 00:30:51,179

with press releases and I the press

766

00:30:56,990 --> 00:30:53,669

release for this particular story wasn't

767

00:30:59,480 --> 00:30:57,000

really hyped up like NASA has done in

768

00:31:03,019 --> 00:30:59,490

recent history but that didn't stop a

769

00:31:08,299 --> 00:31:03,029

lot of mainstream media from worrying

770

00:31:10,340 --> 00:31:08,309

their headlines in a way that said is

771

00:31:11,960 --> 00:31:10,350

NASA going to reveal they found aliens

772

00:31:13,519 --> 00:31:11,970

like there was nothing in the press

773

00:31:16,070 --> 00:31:13,529

release to even hint that they had this

774

00:31:18,529 --> 00:31:16,080

massive announcement or something to do

775

00:31:19,820 --> 00:31:18,539

with extraterrestrial life previous

776

00:31:22,279 --> 00:31:19,830

press releases have said that because

777

00:31:24,109 --> 00:31:22,289

they're talking about you know things

778

00:31:26,090 --> 00:31:24,119

with astrobiology and potential signs

779

00:31:27,170 --> 00:31:26,100

and potential energy sources that could

780

00:31:28,970 --> 00:31:27,180

mean that life

781

00:31:30,830 --> 00:31:28,980

been there at one point in time but

782

00:31:32,590 --> 00:31:30,840

there was nothing like that in this but

783

00:31:34,790 --> 00:31:32,600

still there were plenty of headlines

784

00:31:36,200 --> 00:31:34,800

wondering and speculating about what

785

00:31:38,060 --> 00:31:36,210

this announcement is going to be and

786

00:31:39,890 --> 00:31:38,070

saying they are going to announce they

787

00:31:42,230 --> 00:31:39,900

found aliens well there's nothing like

788

00:31:44,210 --> 00:31:42,240

that so it was on December 14th when

789

00:31:46,370 --> 00:31:44,220

they had their press conference to

790

00:31:49,010 --> 00:31:46,380

announce the latest findings from the

791

00:31:50,600 --> 00:31:49,020

Kepler space telescope and anybody's

792

00:31:53,120 --> 00:31:50,610

listen to me over the years there are

793

00:31:57,380 --> 00:31:53,130

various interviews and shows I love

794

00:31:59,360 --> 00:31:57,390

Kepler like the little space robot that

795

00:32:00,680 --> 00:31:59,370

could like he's overcome so much

796

00:32:05,810 --> 00:32:00,690

adversity and he's still out there

797

00:32:09,020 --> 00:32:05,820

trucking you know he so what Kepler did

798

00:32:12,170 --> 00:32:09,030

they they sifted through some of the the

799

00:32:14,080 --> 00:32:12,180

recent data collected by Kepler and they

800

00:32:16,610 --> 00:32:14,090

found this solar system approximately

801
00:32:18,230 --> 00:32:16,620
2,500 light-years from Earth planets

802
00:32:21,680 --> 00:32:18,240
there are eight of them they circle a

803
00:32:24,620 --> 00:32:21,690
star called Kepler 90 and so this solar

804
00:32:26,390 --> 00:32:24,630
system now ties our solar system for the

805
00:32:28,730 --> 00:32:26,400
highest number of planets around a

806
00:32:30,530 --> 00:32:28,740
single star so of course people start

807
00:32:32,600 --> 00:32:30,540
the speculation out there that all maybe

808
00:32:35,120 --> 00:32:32,610
it's our twin maybe there's an earth out

809
00:32:37,580 --> 00:32:35,130
there all that stuff's and also we can

810
00:32:39,710 --> 00:32:37,590
get into a debate about well hey we

811
00:32:42,350 --> 00:32:39,720
really have nine planets let's be honest

812
00:32:48,620 --> 00:32:42,360
here don't don't be mean to my Pluto see

813
00:32:50,360 --> 00:32:48,630

when I was a boy yes but anyway so they

814

00:32:51,740 --> 00:32:50,370

found this so the they found a couple

815

00:32:53,570 --> 00:32:51,750

more planets in the solar system to

816

00:32:55,940 --> 00:32:53,580

bring in fleeing its count up to eight

817

00:32:59,600 --> 00:32:55,950

to tie our planet count in our solar

818

00:33:01,790 --> 00:32:59,610

system that's cool but the coolest part

819

00:33:03,890 --> 00:33:01,800

about this announcement was that NASA

820

00:33:06,140 --> 00:33:03,900

teamed up with Google AI they used

821

00:33:09,620 --> 00:33:06,150

machine learning to sift through

822

00:33:11,840 --> 00:33:09,630

Kepler's data so machines found at these

823

00:33:13,400 --> 00:33:11,850

planets kind of freaky but kind of cool

824

00:33:15,230 --> 00:33:13,410

so what what they did was they

825

00:33:17,900 --> 00:33:15,240

essentially constructed a neural net

826

00:33:21,530 --> 00:33:17,910

based off of human brain and these

827

00:33:23,750 --> 00:33:21,540

machines were able to look through data

828

00:33:25,730 --> 00:33:23,760

and notice dips that human eyes would

829

00:33:28,070 --> 00:33:25,740

miss and they were able to locate these

830

00:33:31,310 --> 00:33:28,080

planets so that's going to help

831

00:33:33,470 --> 00:33:31,320

tremendously in sifting through Kepler

832

00:33:36,860 --> 00:33:33,480

data you know this thing was launched in

833

00:33:39,590 --> 00:33:36,870

2009 and it just continues collecting

834

00:33:40,740 --> 00:33:39,600

mountains of data it would take years

835

00:33:42,900 --> 00:33:40,750

and years and years and years

836

00:33:46,230 --> 00:33:42,910

to sort sift through it they've

837

00:33:49,170 --> 00:33:46,240

implemented and utilized other things

838

00:33:52,740 --> 00:33:49,180

like crowdsourcing and other computers

839

00:33:55,650 --> 00:33:52,750

like SETI at home that system to help

840

00:33:56,850 --> 00:33:55,660

sift through the data but still it's

841

00:33:58,410 --> 00:33:56,860

gonna take forever

842

00:34:00,300 --> 00:33:58,420

especially since couple are still

843

00:34:01,530 --> 00:34:00,310

collecting data but now that we've got

844

00:34:04,410 --> 00:34:01,540

the machines on it

845

00:34:08,399 --> 00:34:04,420

those robots will find plenty of more

846

00:34:10,379 --> 00:34:08,409

planets but since launching in 2009 2500

847

00:34:13,350 --> 00:34:10,389

planets exoplanets have been confirmed

848

00:34:16,050 --> 00:34:13,360

thanks to Kepler so pretty awesome I

849

00:34:18,659 --> 00:34:16,060

love Kepler exactly man if they McCain

850

00:34:21,090 --> 00:34:18,669

proving like we were searching for radio

851
00:34:23,310 --> 00:34:21,100
signals we're searching visually it's

852
00:34:26,250 --> 00:34:23,320
it's incredible that like these things

853
00:34:28,470 --> 00:34:26,260
are still going on and unless we hear

854
00:34:30,750 --> 00:34:28,480
these breakthrough announcements by NASA

855
00:34:32,639 --> 00:34:30,760
not many people ever think about it like

856
00:34:35,340 --> 00:34:32,649
this should be national headlines any

857
00:34:37,260 --> 00:34:35,350
time there's even a small discovery but

858
00:34:40,830 --> 00:34:37,270
again it's just not the sort of media

859
00:34:42,899 --> 00:34:40,840
world we live in but you know we're so

860
00:34:45,030 --> 00:34:42,909
used to stuff now I mean you know

861
00:34:47,480 --> 00:34:45,040
desensitized to everything and anything

862
00:34:51,510 --> 00:34:47,490
because we've heard it before so

863
00:34:53,280 --> 00:34:51,520

exoplanet been there done that all right

864

00:34:54,450 --> 00:34:53,290

let me know when you find aliens and

865

00:34:56,940 --> 00:34:54,460

then even then people won't be that

866

00:35:00,900 --> 00:34:56,950

excited but yeah I mean people don't get

867

00:35:02,190 --> 00:35:00,910

it exoplanets are fairly recent we

868

00:35:04,470 --> 00:35:02,200

didn't even know about a single

869

00:35:06,870 --> 00:35:04,480

exoplanet until you know recent history

870

00:35:09,330 --> 00:35:06,880

so I don't know it's all very exciting

871

00:35:11,010 --> 00:35:09,340

it's all happening super fast too so I

872

00:35:12,120 --> 00:35:11,020

think because we're so inundated with it

873

00:35:14,040 --> 00:35:12,130

now which is such a common occurrence

874

00:35:16,260 --> 00:35:14,050

that people you know brush it off

875

00:35:19,680 --> 00:35:16,270

they're all another another planet so

876

00:35:20,820 --> 00:35:19,690

what you know it's common occurrence but

877

00:35:23,220 --> 00:35:20,830

at the same time it's you know your

878

00:35:24,960 --> 00:35:23,230

riots the people who are exploring these

879

00:35:26,520 --> 00:35:24,970

are the billionaires and NASA and groups

880

00:35:28,170 --> 00:35:26,530

I said it because the government's not

881

00:35:29,970 --> 00:35:28,180

putting any money into this as far as we

882

00:35:32,040 --> 00:35:29,980

know you know space exploration is not

883

00:35:34,800 --> 00:35:32,050

on the the budget in the United States

884

00:35:36,720 --> 00:35:34,810

right now so it just is just fascinating

885

00:35:39,660 --> 00:35:36,730

that you know all these discoveries kind

886

00:35:42,330 --> 00:35:39,670

of has to be done not rogue first I ever

887

00:35:44,370 --> 00:35:42,340

found it no pun intended but you know

888

00:35:45,990 --> 00:35:44,380

you said you know we're just kinda suits

889

00:35:48,240 --> 00:35:46,000

here just kind of happening very very

890

00:35:49,740 --> 00:35:48,250

low-key you know and when it does happen

891

00:35:51,810 --> 00:35:49,750

you know you're right it's like oh

892

00:35:54,030 --> 00:35:51,820

another you know Star Wars discovered

893

00:35:55,320 --> 00:35:54,040

and it's not as big news but the same

894

00:35:57,060 --> 00:35:55,330

time people are still interested if that

895

00:35:58,470 --> 00:35:57,070

makes sense just the fact that you

896

00:36:00,090 --> 00:35:58,480

know some of these sites are we're

897

00:36:02,310 --> 00:36:00,100

running almost clickbait about the NASA

898

00:36:04,440 --> 00:36:02,320

announcement yeah actly I think that

899

00:36:07,110 --> 00:36:04,450

that speaks volumes the fact that of the

900

00:36:08,220 --> 00:36:07,120

interest of even if the announcement or

901
00:36:10,140 --> 00:36:08,230
that the news is an earth-shattering

902
00:36:12,870 --> 00:36:10,150
well and the things that really do hit

903
00:36:15,300 --> 00:36:12,880
are so just like head scratching you

904
00:36:18,240 --> 00:36:15,310
know really why did this story become so

905
00:36:20,670 --> 00:36:18,250
large I mean think about the last solar

906
00:36:23,880 --> 00:36:20,680
eclipse that was like a pop culture

907
00:36:27,750 --> 00:36:23,890
thing you know wait why is this

908
00:36:33,930 --> 00:36:27,760
happening yeah everybody's into it

909
00:36:35,990 --> 00:36:33,940
collapses is space cool again like I'm

910
00:36:38,190 --> 00:36:36,000
tripping I'm oh yeah

911
00:36:40,380 --> 00:36:38,200
obviously these people I can finally

912
00:36:43,590 --> 00:36:40,390
woken up space is cool man and all this

913
00:36:45,540 --> 00:36:43,600

stuff going on but why now what what

914

00:36:52,170 --> 00:36:45,550

happened to make everybody interested in

915

00:36:54,390 --> 00:36:52,180

the equipment I'll tell you guys maybe

916

00:36:56,850 --> 00:36:54,400

it's that my car I was gonna say like in

917

00:36:59,910 --> 00:36:56,860

order for this thing to be you know a

918

00:37:01,920 --> 00:36:59,920

pop culture thing or to really get to

919

00:37:04,410 --> 00:37:01,930

the masses you got to get an Instagram

920

00:37:06,870 --> 00:37:04,420

selfie with it and we just can't do that

921

00:37:09,090 --> 00:37:06,880

with these planets yes that's true but

922

00:37:11,430 --> 00:37:09,100

they even tried to latch onto that

923

00:37:13,590 --> 00:37:11,440

several years ago some of these

924

00:37:16,230 --> 00:37:13,600

initiatives with yeah take a selfie and

925

00:37:21,690 --> 00:37:16,240

send it to this number and we'll take

926

00:37:24,150 --> 00:37:21,700

all your selfies to Mars I don't think

927

00:37:24,540 --> 00:37:24,160

this would be a ufology 2017 year in

928

00:37:27,030 --> 00:37:24,550

review

929

00:37:29,880 --> 00:37:27,040

you know unless we mentioned sort of how

930

00:37:32,190 --> 00:37:29,890

exciting it's been for sort of the exo

931

00:37:33,390 --> 00:37:32,200

politics and the disclosure movement and

932

00:37:36,330 --> 00:37:33,400

I think that they've had a really good

933

00:37:39,480 --> 00:37:36,340

year and I think that I if I have to

934

00:37:42,000 --> 00:37:39,490

sort of comment on on one post I'm tired

935

00:37:44,520 --> 00:37:42,010

of seeing it is the typical disclosure

936

00:37:48,120 --> 00:37:44,530

person who sort of writes like drip drip

937

00:37:50,640 --> 00:37:48,130

splash in in regards to the news this

938

00:37:53,190 --> 00:37:50,650

year because it's been this sort of you

939

00:37:55,770 --> 00:37:53,200

know discovery of exoplanets is suddenly

940

00:37:57,450 --> 00:37:55,780

you know NASA just slowly dripping that

941

00:38:00,150 --> 00:37:57,460

there's an alien reality they're just

942

00:38:02,760 --> 00:38:00,160

slowly releasing the obvious way and

943

00:38:04,770 --> 00:38:02,770

yeah you know so help me if I see the

944

00:38:07,920 --> 00:38:04,780

words drip drip splash again I'm gonna

945

00:38:10,710 --> 00:38:07,930

go nuts in regards to disclosure because

946

00:38:12,990 --> 00:38:10,720

you're gonna see it both and I and I've

947

00:38:18,870 --> 00:38:13,000

kind of you know girded my loins I'm

948

00:38:24,330 --> 00:38:18,880

ready for it but I'm just mentioned in

949

00:38:27,120 --> 00:38:24,340

the 2017 ufology yes absolutely and with

950

00:38:27,870 --> 00:38:27,130

that gentleman we're going to get to the

951
00:38:35,490 --> 00:38:27,880
meat

952
00:38:37,560 --> 00:38:35,500
2017 let's start with Tom DeLonge know

953
00:38:39,900 --> 00:38:37,570
we had this major announcement about to

954
00:38:41,640 --> 00:38:39,910
the Stars Academy I don't need to remind

955
00:38:43,980 --> 00:38:41,650
to listeners about what that is you know

956
00:38:45,960 --> 00:38:43,990
what it is now Jason you did a wonderful

957
00:38:48,570 --> 00:38:45,970
discussion with both of these gentlemen

958
00:38:50,160 --> 00:38:48,580
about this so yeah who wants to take

959
00:38:51,990 --> 00:38:50,170
this one before we even get to what

960
00:38:54,030 --> 00:38:52,000
happened a couple days ago what's to

961
00:38:56,400 --> 00:38:54,040
give a brief overview and sort of maybe

962
00:38:58,320 --> 00:38:56,410
what's currently going on with to the

963
00:39:07,130 --> 00:38:58,330

Stars Academy anybody want to take this

964

00:39:13,740 --> 00:39:10,290

okay so I will try and give my most

965

00:39:17,490 --> 00:39:13,750

unbiased the journalistic to the Stars

966

00:39:19,500 --> 00:39:17,500

Academy recap okay let's say so I came

967

00:39:22,260 --> 00:39:19,510

over the month October I think stars of

968

00:39:24,660 --> 00:39:22,270

the Atome of article 11 yep they go

969

00:39:27,600 --> 00:39:24,670

October 11th oh Anthony October yeah a

970

00:39:32,330 --> 00:39:27,610

day which will live in infamy my wedding

971

00:39:35,370 --> 00:39:32,340

anniversary of Arts and Science

972

00:39:38,280 --> 00:39:35,380

officially sort of was announced by Tom

973

00:39:40,590 --> 00:39:38,290

DeLonge and a group of individuals that

974

00:39:44,040 --> 00:39:40,600

say contractors from various government

975

00:39:45,510 --> 00:39:44,050

and intelligence cough-cough agencies

976

00:39:47,970 --> 00:39:45,520

and they announced that they were

977

00:39:52,140 --> 00:39:47,980

launching a project that would join both

978

00:39:54,300 --> 00:39:52,150

sides and art to one develop new

979

00:39:56,940 --> 00:39:54,310

technology for the public good which

980

00:39:59,310 --> 00:39:56,950

would bring 25th century technology to

981

00:40:02,150 --> 00:39:59,320

the 21st century as well as some

982

00:40:05,670 --> 00:40:02,160

potential new evidence to suggest that

983

00:40:08,520 --> 00:40:05,680

advanced aerial threats exist and that

984

00:40:11,160 --> 00:40:08,530

unknown aerial phenomena are real and

985

00:40:13,830 --> 00:40:11,170

haunting our skies and it's not

986

00:40:16,290 --> 00:40:13,840

necessarily benevolent is that okay was

987

00:40:17,670 --> 00:40:16,300

that my was that fair absolutely

988

00:40:19,860 --> 00:40:17,680

I threw up a few times in my mouth

989

00:40:21,810 --> 00:40:19,870

saying all that so I just need to wash

990

00:40:23,880 --> 00:40:21,820

that down with my gin someone take over

991

00:40:25,860 --> 00:40:23,890

so do you want to talk let's talk about

992

00:40:28,350 --> 00:40:25,870

more recently the past couple of days

993

00:40:30,720 --> 00:40:28,360

yes so let's get into that thank you

994

00:40:33,330 --> 00:40:30,730

well yeah I mean meet your honor Thomas

995

00:40:36,030 --> 00:40:33,340

last week how I don't think Tom has

996

00:40:37,980 --> 00:40:36,040

really done himself favors leading up to

997

00:40:39,570 --> 00:40:37,990

it just because I know the initial

998

00:40:41,550 --> 00:40:39,580

announcement just the kind of the flack

999

00:40:43,110 --> 00:40:41,560

he was getting from it to the Stars

1000

00:40:45,090 --> 00:40:43,120

Academy I think it really was a big blow

1001
00:40:47,340 --> 00:40:45,100
to his ego and I think was it when it

1002
00:40:49,320 --> 00:40:47,350
was it on my Thursday or Friday yeah he

1003
00:40:52,260 --> 00:40:49,330
posted this tweet just kind of attacking

1004
00:40:54,300 --> 00:40:52,270
a lot of people who follow him or folk

1005
00:40:56,730 --> 00:40:54,310
community in general and it was very it

1006
00:40:59,130 --> 00:40:56,740
was just a bad look well I mean like two

1007
00:41:00,650 --> 00:40:59,140
days later they dropped this footage

1008
00:41:02,940 --> 00:41:00,660
which they've been promising

1009
00:41:05,310 --> 00:41:02,950
wait-wait-wait-wait like might be unfair

1010
00:41:07,800 --> 00:41:05,320
yeah better here after his announcement

1011
00:41:10,020 --> 00:41:07,810
in October for several months watching

1012
00:41:14,220 --> 00:41:10,030
us our once right several weeks he

1013
00:41:16,200 --> 00:41:14,230

posted many photographs that are clearly

1014

00:41:17,610 --> 00:41:16,210

have already been debunked by beautiful

1015

00:41:20,010 --> 00:41:17,620

community yes

1016

00:41:22,380 --> 00:41:20,020

Twitter feed and saying that this was

1017

00:41:25,050 --> 00:41:22,390

evidence of UFOs when clearly this was

1018

00:41:29,070 --> 00:41:25,060

sort of ridiculous host information from

1019

00:41:31,680 --> 00:41:29,080

even secured team ten so so we need to

1020

00:41:33,810 --> 00:41:31,690

be fair here that yet yeah he was he he

1021

00:41:35,850 --> 00:41:33,820

did sort of get his ego hurt but I gotta

1022

00:41:37,650 --> 00:41:35,860

be honest what what is he doing

1023

00:41:41,610 --> 00:41:37,660

posting these ridiculous photographs

1024

00:41:43,770 --> 00:41:41,620

that clearly are not legitimate I think

1025

00:41:46,620 --> 00:41:43,780

the bet just comes from his general

1026
00:41:48,900 --> 00:41:46,630
sloppiness the you know is very ddd and

1027
00:41:49,800 --> 00:41:48,910
he's gets really excited and rather you

1028
00:41:51,720 --> 00:41:49,810
know if you're gonna post a photo like

1029
00:41:53,430 --> 00:41:51,730
that explain hey this is something

1030
00:41:55,260 --> 00:41:53,440
that's fake but we're gonna try to build

1031
00:41:56,880 --> 00:41:55,270
something that's like this or there's

1032
00:41:59,970 --> 00:41:56,890
none of that it's just very rushed and

1033
00:42:01,530 --> 00:41:59,980
very i do not not very well thought out

1034
00:42:02,670 --> 00:42:01,540
and i think a lot of things he kind of

1035
00:42:03,840 --> 00:42:02,680
post on social media aren't very

1036
00:42:06,960 --> 00:42:03,850
thought-out because he doesn't have a

1037
00:42:07,830 --> 00:42:06,970
lot of people managing kind of well when

1038
00:42:10,650 --> 00:42:07,840

we put it this way i think there's

1039

00:42:12,090 --> 00:42:10,660

people who manage officially what he can

1040

00:42:13,440 --> 00:42:12,100

can't do regarding the company but when

1041

00:42:15,090 --> 00:42:13,450

it comes through his own social media i

1042

00:42:16,620 --> 00:42:15,100

don't think there's anyone here saying

1043

00:42:18,540 --> 00:42:16,630

hey this isn't a good idea or not

1044

00:42:20,370 --> 00:42:18,550

especially people he has working with

1045

00:42:22,230 --> 00:42:20,380

the people he has on his team or you

1046

00:42:24,630 --> 00:42:22,240

know the to the stars out the academy i

1047

00:42:25,920 --> 00:42:24,640

mean it's it's family and friends he's

1048

00:42:27,720 --> 00:42:25,930

been working with for years now and i

1049

00:42:29,490 --> 00:42:27,730

don't make any of them are you have the

1050

00:42:31,500 --> 00:42:29,500

balls to be anything other than a yes

1051
00:42:32,760 --> 00:42:31,510
matter a friend to tell him you know hey

1052
00:42:35,020 --> 00:42:32,770
this isn't a good-looker this isn't a

1053
00:42:37,270 --> 00:42:35,030
good idea I'm not defending and posting

1054
00:42:38,680 --> 00:42:37,280
they're the ridiculous hoax photos he

1055
00:42:40,810 --> 00:42:38,690
did you know that's definitely a head

1056
00:42:42,670 --> 00:42:40,820
scratcher but I just think you know he

1057
00:42:46,360 --> 00:42:42,680
kind of has this accountability free

1058
00:42:49,000 --> 00:42:46,370
world but to the stars right right I

1059
00:42:51,820 --> 00:42:49,010
mean he is the not the sole owner but

1060
00:42:54,460 --> 00:42:51,830
yeah he runs basically everything that's

1061
00:42:57,370 --> 00:42:54,470
coming out of there and that tweet mic

1062
00:42:59,680 --> 00:42:57,380
was deleted I believe a few hours later

1063
00:43:03,250 --> 00:42:59,690

the hoaxed photos were deleted at one

1064

00:43:05,410 --> 00:43:03,260

point yeah so this guy this is if

1065

00:43:09,070 --> 00:43:05,420

anything is coming out of this hole Tom

1066

00:43:12,970 --> 00:43:09,080

DeLonge thing which may run even deeper

1067

00:43:14,710 --> 00:43:12,980

into 2018 it's that the dude is shooting

1068

00:43:18,580 --> 00:43:14,720

himself in the foot time and time again

1069

00:43:20,740 --> 00:43:18,590

but then producing solid stuff that can

1070

00:43:23,050 --> 00:43:20,750

be debated we will get into that many

1071

00:43:24,580 --> 00:43:23,060

people argue that none of what has

1072

00:43:26,890 --> 00:43:24,590

happened in the past few days is

1073

00:43:27,790 --> 00:43:26,900

anything new I want to hear your guy's

1074

00:43:29,890 --> 00:43:27,800

opinion on that

1075

00:43:32,080 --> 00:43:29,900

so Mike you were sort of hinting at what

1076

00:43:34,750 --> 00:43:32,090

happened so why don't you sort of drop

1077

00:43:36,550 --> 00:43:34,760

this bomb for us that I guess inevitably

1078

00:43:40,930 --> 00:43:36,560

Tom DeLonge dropped on us a couple days

1079

00:43:42,190 --> 00:43:40,940

ago Saturday morning I believe yeah it

1080

00:43:44,110 --> 00:43:42,200

was really interesting because the New

1081

00:43:45,580 --> 00:43:44,120

York Times apparently was you know there

1082

00:43:47,170 --> 00:43:45,590

don't you quote unquote broke this story

1083

00:43:49,120 --> 00:43:47,180

and they were holding on to it for days

1084

00:43:50,320 --> 00:43:49,130

because a lot of times you know before

1085

00:43:52,300 --> 00:43:50,330

you run a story especially something

1086

00:43:53,650 --> 00:43:52,310

like that where there's multiple sources

1087

00:43:54,850 --> 00:43:53,660

you have to get the sources approved by

1088

00:43:56,140 --> 00:43:54,860

your editors you know so it's always

1089

00:43:57,730 --> 00:43:56,150

fascinating me when there's you know you

1090

00:43:59,110 --> 00:43:57,740

hear about you know Washington Post or

1091

00:44:01,660 --> 00:43:59,120

big outlets that have stories with

1092

00:44:03,910 --> 00:44:01,670

30-plus sources you know usually it's a

1093

00:44:05,020 --> 00:44:03,920

pretty credible story so I think this is

1094

00:44:06,250 --> 00:44:05,030

something that's been working for a

1095

00:44:08,860 --> 00:44:06,260

while and I think this is something that

1096

00:44:10,300 --> 00:44:08,870

Tom is teased and you know you know you

1097

00:44:12,430 --> 00:44:10,310

can really reveal anything about it yet

1098

00:44:13,660 --> 00:44:12,440

but still why would you you know this

1099

00:44:15,940 --> 00:44:13,670

numbers coming out soon why would you

1100

00:44:17,560 --> 00:44:15,950

tweet something ridiculous previously

1101

00:44:19,420 --> 00:44:17,570

you know previous days just try to stir

1102

00:44:21,040 --> 00:44:19,430

in the pot and attacking people so that

1103

00:44:22,750 --> 00:44:21,050

kind of you know bottom of my mind but

1104

00:44:24,700 --> 00:44:22,760

on Saturday morning the New York Times

1105

00:44:26,260 --> 00:44:24,710

came out with this great story and the

1106

00:44:29,740 --> 00:44:26,270

story the story never mentions Tom by

1107

00:44:31,420 --> 00:44:29,750

name mostly about Lewis Elizondo and his

1108

00:44:32,950 --> 00:44:31,430

position in the Pentagon and at the

1109

00:44:35,320 --> 00:44:32,960

gimbal footage which to the Stars

1110

00:44:37,480 --> 00:44:35,330

released I'm on their website and then

1111

00:44:39,910 --> 00:44:37,490

yeah so that's kind of where we were at

1112

00:44:41,530 --> 00:44:39,920

Saturday and the the biggest takeaway I

1113

00:44:44,200 --> 00:44:41,540

take from this is this story's

1114

00:44:46,540 --> 00:44:44,210

everywhere it's on CNN it was in New

1115

00:44:48,520 --> 00:44:46,550

York New York Times largest story this

1116

00:44:51,870 --> 00:44:48,530

weekend in terms of hits and comments

1117

00:44:54,309 --> 00:44:51,880

NBC picked up on it wah chicest

1118

00:44:56,500 --> 00:44:54,319

Washington Post every major outlets

1119

00:44:58,390 --> 00:44:56,510

reported on it and I blogged about this

1120

00:45:00,010 --> 00:44:58,400

today and the most important thing we

1121

00:45:01,690 --> 00:45:00,020

take it you know the biggest takeaway we

1122

00:45:03,160 --> 00:45:01,700

take about this is number one these

1123

00:45:05,980 --> 00:45:03,170

major outlets reporting on it and

1124

00:45:08,050 --> 00:45:05,990

they're taking it seriously too you know

1125

00:45:09,280 --> 00:45:08,060

they're not dismissing it and especially

1126
00:45:09,849 --> 00:45:09,290
with all this going on in the world

1127
00:45:12,190 --> 00:45:09,859
right now

1128
00:45:15,220 --> 00:45:12,200
you know the 24-hour news cycle is very

1129
00:45:16,660 --> 00:45:15,230
much dominated by ratings was clicking

1130
00:45:18,309 --> 00:45:16,670
what people care about and what like I

1131
00:45:19,930 --> 00:45:18,319
say that with the you know the situation

1132
00:45:21,640 --> 00:45:19,940
in North Korea what's going on in

1133
00:45:24,040 --> 00:45:21,650
America right now between the the GOP

1134
00:45:25,540 --> 00:45:24,050
tax bill and Trump making a fool out of

1135
00:45:26,650 --> 00:45:25,550
himself every day you know every day

1136
00:45:28,720 --> 00:45:26,660
there's something new there's so much

1137
00:45:30,520 --> 00:45:28,730
stuff that's dominating the headlines so

1138
00:45:32,800 --> 00:45:30,530

for this to kind of get some play even

1139

00:45:34,300 --> 00:45:32,810

if it's ten minutes I think that that

1140

00:45:36,609 --> 00:45:34,310

says something that speaks volumes to

1141

00:45:38,260 --> 00:45:36,619

the fact that hey maybe people are

1142

00:45:40,300 --> 00:45:38,270

starting to care it and show that they

1143

00:45:44,020 --> 00:45:40,310

care about this stuff I want to believe

1144

00:45:46,150 --> 00:45:44,030

that so bad Mike I do wonder though a

1145

00:45:49,059 --> 00:45:46,160

lot of the reporters on these major

1146

00:45:52,089 --> 00:45:49,069

outlets when they had was the Kenan they

1147

00:45:53,859 --> 00:45:52,099

had Luis Elizondo on to interview them

1148

00:45:56,200 --> 00:45:53,869

the first thing they said before they

1149

00:45:58,599 --> 00:45:56,210

even asked about what this actual news

1150

00:46:00,520 --> 00:45:58,609

was about was it is so refreshing to

1151
00:46:02,890 --> 00:46:00,530
talk about something other than American

1152
00:46:05,140 --> 00:46:02,900
politics so that right there I do

1153
00:46:06,819 --> 00:46:05,150
question you know the genuine interest

1154
00:46:08,200 --> 00:46:06,829
by some of the mainstream media but at

1155
00:46:10,839 --> 00:46:08,210
the same time it does come down to

1156
00:46:13,809 --> 00:46:10,849
ratings we do know that UFOs and aliens

1157
00:46:15,609 --> 00:46:13,819
are a big hot-button thing when it is in

1158
00:46:17,890 --> 00:46:15,619
the mainstream even if it is ridiculed

1159
00:46:20,890 --> 00:46:17,900
at times but like you said there's been

1160
00:46:23,410 --> 00:46:20,900
very little ridicule factor with this

1161
00:46:25,270 --> 00:46:23,420
story and I think it be is because of

1162
00:46:28,870 --> 00:46:25,280
the content we have an extremely

1163
00:46:30,130 --> 00:46:28,880

compelling video that was that was given

1164

00:46:32,200 --> 00:46:30,140

to us by to the stars and I do want to

1165

00:46:34,900 --> 00:46:32,210

ask about that do do any of you know

1166

00:46:38,170 --> 00:46:34,910

does DeLong into the stars do they own

1167

00:46:39,940 --> 00:46:38,180

this video I don't think so Oh that'd be

1168

00:46:42,690 --> 00:46:39,950

possible unless there's some story where

1169

00:46:45,280 --> 00:46:42,700

he paid for the rights to it but yeah

1170

00:46:47,470 --> 00:46:45,290

it's it belongs to the government and no

1171

00:46:49,300 --> 00:46:47,480

one person can own it so it's a de cost

1172

00:46:51,670 --> 00:46:49,310

of my video so anybody can get it okay

1173

00:46:53,920 --> 00:46:51,680

what they are the ones that facilitated

1174

00:46:56,859 --> 00:46:53,930

the getting it released so obviously the

1175

00:46:59,079 --> 00:46:56,869

ones that all the media media sources

1176

00:47:01,790 --> 00:46:59,089

are citing to you so and rightfully so

1177

00:47:04,130 --> 00:47:01,800

but no he doesn't own it yeah

1178

00:47:07,160 --> 00:47:04,140

could you maybe comment on what exactly

1179

00:47:09,500 --> 00:47:07,170

the news was and besides the video we

1180

00:47:12,020 --> 00:47:09,510

haven't we have a project that I don't

1181

00:47:15,170 --> 00:47:12,030

know about you guys but I never really

1182

00:47:16,880 --> 00:47:15,180

heard anything about this look maybe I'm

1183

00:47:19,040 --> 00:47:16,890

a naive ufologist I don't know but

1184

00:47:21,380 --> 00:47:19,050

please tell me if you do any on this

1185

00:47:24,380 --> 00:47:21,390

project I think the the the videos that

1186

00:47:27,170 --> 00:47:24,390

were released are cool and people need

1187

00:47:29,000 --> 00:47:27,180

to understand or you know we'll just we

1188

00:47:30,530 --> 00:47:29,010

didn't see if they follow through and I

1189

00:47:32,210 --> 00:47:30,540

think they will but they they just

1190

00:47:35,060 --> 00:47:32,220

launched their community of interest and

1191

00:47:36,950 --> 00:47:35,070

we're talking about to the Stars Academy

1192

00:47:38,630 --> 00:47:36,960

of Arts and Science here something that

1193

00:47:40,820 --> 00:47:38,640

Tom had hinted add that they were trying

1194

00:47:43,340 --> 00:47:40,830

to do and as this community of interest

1195

00:47:46,340 --> 00:47:43,350

an online platform that they have

1196

00:47:48,560 --> 00:47:46,350

designed to kind of get people actively

1197

00:47:49,700 --> 00:47:48,570

involved to what extent we don't know

1198

00:47:52,880 --> 00:47:49,710

yet but that's where they plan to

1199

00:47:54,440 --> 00:47:52,890

release lots of these videos videos that

1200

00:47:57,410 --> 00:47:54,450

have been Declassified from government

1201
00:48:00,950 --> 00:47:57,420
sources to get people discussing them

1202
00:48:02,840 --> 00:48:00,960
looking into them whatever else so I

1203
00:48:05,150 --> 00:48:02,850
think that's going to be an endless

1204
00:48:07,850 --> 00:48:05,160
supply of fun for all of us researchers

1205
00:48:10,160 --> 00:48:07,860
in the coming year but obviously the

1206
00:48:12,920 --> 00:48:10,170
biggest story here and some people don't

1207
00:48:15,650 --> 00:48:12,930
think it's a story at all and as MJ

1208
00:48:18,320 --> 00:48:15,660
alluded to many people love pointing out

1209
00:48:21,110 --> 00:48:18,330
that this could be disinformation or

1210
00:48:24,260 --> 00:48:21,120
preparing us for a false flag or other

1211
00:48:26,990 --> 00:48:24,270
things that really make me annoyed but

1212
00:48:29,390 --> 00:48:27,000
we learned that the Pentagon the

1213
00:48:33,050 --> 00:48:29,400

government had an active UFO

1214

00:48:36,740 --> 00:48:33,060

investigation program going on up until

1215

00:48:38,270 --> 00:48:36,750

just recently or so so some sources I've

1216

00:48:39,950 --> 00:48:38,280

seen have been turning it into a

1217

00:48:42,500 --> 00:48:39,960

financial story to talking about

1218

00:48:47,690 --> 00:48:42,510

spending twenty two million dollars on

1219

00:48:49,670 --> 00:48:47,700

UFOs that's ridiculous and being

1220

00:48:51,740 --> 00:48:49,680

surprised at it black budget spending I

1221

00:48:53,780 --> 00:48:51,750

mean this is a you know a big big win

1222

00:48:55,520 --> 00:48:53,790

big confirmation for some people and the

1223

00:48:57,680 --> 00:48:55,530

UFO world who have been screaming about

1224

00:49:00,350 --> 00:48:57,690

UFOs and black budgets for so many years

1225

00:49:03,650 --> 00:49:00,360

but here we have confirmation that money

1226
00:49:06,650 --> 00:49:03,660
was spent and used from black budget

1227
00:49:10,430 --> 00:49:06,660
purposes to fund this UFO program that

1228
00:49:13,070 --> 00:49:10,440
ran for a span of five years and worked

1229
00:49:14,690 --> 00:49:13,080
primarily with Robert Bigelow and

1230
00:49:16,609 --> 00:49:14,700
Bigelow Aerospace

1231
00:49:19,040 --> 00:49:16,619
this shouldn't come as a surprise to

1232
00:49:22,099 --> 00:49:19,050
anybody because we know that Bigelow

1233
00:49:25,220 --> 00:49:22,109
still not really with confirmation but

1234
00:49:27,680 --> 00:49:25,230
we all assume that he still operates his

1235
00:49:30,200 --> 00:49:27,690
advanced aerospace division of Bigelow

1236
00:49:33,589 --> 00:49:30,210
Aerospace and that's sort of what

1237
00:49:36,560 --> 00:49:33,599
happened after his national security

1238
00:49:39,770 --> 00:49:36,570

Sciences that he put together but money

1239

00:49:42,290 --> 00:49:39,780

was funneled to him for the purpose of

1240

00:49:44,120 --> 00:49:42,300

doing this investigation for the the

1241

00:49:47,240 --> 00:49:44,130

government's project one of the more

1242

00:49:50,450 --> 00:49:47,250

exciting things is he changed buildings

1243

00:49:54,140 --> 00:49:50,460

apparently on his big compound there in

1244

00:49:57,109 --> 00:49:54,150

Nevada to store materials allegedly

1245

00:49:59,420 --> 00:49:57,119

recovered from crashed UFOs and again

1246

00:50:01,339 --> 00:49:59,430

that shouldn't be terribly exciting for

1247

00:50:04,339 --> 00:50:01,349

people who have followed Bigelow and and

1248

00:50:06,170 --> 00:50:04,349

what he's done with UFO research even I

1249

00:50:07,880 --> 00:50:06,180

don't think it's still there but the

1250

00:50:09,859 --> 00:50:07,890

National atomic testing museum there in

1251

00:50:12,260 --> 00:50:09,869

Las Vegas used to have an area 51

1252

00:50:16,250 --> 00:50:12,270

exhibit called area 51 method reality

1253

00:50:17,750 --> 00:50:16,260

and it was really largely a UFO exhibit

1254

00:50:20,150 --> 00:50:17,760

with all sorts of interesting and

1255

00:50:22,099 --> 00:50:20,160

fascinating things not even necessarily

1256

00:50:24,710 --> 00:50:22,109

related to area 51 it was a very small

1257

00:50:26,599 --> 00:50:24,720

component of this exhibit a lot of stuff

1258

00:50:28,819 --> 00:50:26,609

from George Knapp and there well but

1259

00:50:31,730 --> 00:50:28,829

Robert Bigelow even contributed some

1260

00:50:33,890 --> 00:50:31,740

artifacts to this exhibit and one was

1261

00:50:35,569 --> 00:50:33,900

something that that George Knapp was

1262

00:50:38,510 --> 00:50:35,579

involved in an investigation with but a

1263

00:50:40,300 --> 00:50:38,520

piece of metal that displayed unusual

1264

00:50:43,460 --> 00:50:40,310

properties and like anti-gravity

1265

00:50:45,620 --> 00:50:43,470

properties and just you know interesting

1266

00:50:47,780 --> 00:50:45,630

interesting things and some articles on

1267

00:50:49,910 --> 00:50:47,790

that but Bigelow donated some of the

1268

00:50:52,640 --> 00:50:49,920

stuff to this museum but he's been

1269

00:50:55,640 --> 00:50:52,650

involved in in material collection and

1270

00:50:58,160 --> 00:50:55,650

other aspects of UFOs for so many years

1271

00:51:01,339 --> 00:50:58,170

and again talking about news this year

1272

00:51:02,690 --> 00:51:01,349

back in May was when 60 minutes ran

1273

00:51:04,040 --> 00:51:02,700

their interview with Robert Bigelow and

1274

00:51:06,589 --> 00:51:04,050

again saying things that he's been

1275

00:51:08,780 --> 00:51:06,599

saying for a year years but saying that

1276

00:51:11,240 --> 00:51:08,790

there's been and there has been and is

1277

00:51:13,400 --> 00:51:11,250

an existing presence an et presence on

1278

00:51:15,700 --> 00:51:13,410

earth and you know saying that you don't

1279

00:51:17,420 --> 00:51:15,710

have to go anywhere in space to find

1280

00:51:19,730 --> 00:51:17,430

extraterrestrials because they're right

1281

00:51:23,270 --> 00:51:19,740

here and you know so all of his comments

1282

00:51:25,490 --> 00:51:23,280

about his personal beliefs that we know

1283

00:51:28,370 --> 00:51:25,500

that extraterrestrials are here you know

1284

00:51:30,859 --> 00:51:28,380

so it's not surprising that Bigelow was

1285

00:51:34,160 --> 00:51:30,869

heavily involved and perhaps still is

1286

00:51:35,870 --> 00:51:34,170

involved in government UFO studies and

1287

00:51:37,759 --> 00:51:35,880

it didn't hurt that he was a good friend

1288

00:51:39,920 --> 00:51:37,769

of Harry Reid's when Harry Reid was the

1289

00:51:42,019 --> 00:51:39,930

one who really put this program in

1290

00:51:43,549 --> 00:51:42,029

motion I think it gives the program

1291

00:51:45,680 --> 00:51:43,559

credibility to to mainstream audiences

1292

00:51:47,569 --> 00:51:45,690

especially and that's why I think the

1293

00:51:49,700 --> 00:51:47,579

news is covering because Harry Reid is a

1294

00:51:51,289 --> 00:51:49,710

major political player yeah yeah and he

1295

00:51:53,749 --> 00:51:51,299

had backing for this program through

1296

00:51:55,910 --> 00:51:53,759

both Democratic and Republican senators

1297

00:51:58,160 --> 00:51:55,920

so I think that's a big thing like it

1298

00:52:00,620 --> 00:51:58,170

doesn't matter what political side you

1299

00:52:03,200 --> 00:52:00,630

land on this this is a topic and an

1300

00:52:04,670 --> 00:52:03,210

interest by many people both in Congress

1301

00:52:06,979 --> 00:52:04,680

both in the military both in the

1302

00:52:08,539 --> 00:52:06,989

intelligence agencies and yeah I mean

1303

00:52:10,489 --> 00:52:08,549

Reid says he's not embarrassed or

1304

00:52:12,739 --> 00:52:10,499

ashamed or sorry he got this thing going

1305

00:52:15,109 --> 00:52:12,749

he thinks it's a good thing and he did

1306

00:52:16,670 --> 00:52:15,119

his congressional service and I think

1307

00:52:18,380 --> 00:52:16,680

that's awesome if this is the thing

1308

00:52:21,739 --> 00:52:18,390

they're gonna be remembered for you have

1309

00:52:22,809 --> 00:52:21,749

so many people who dream of that so yeah

1310

00:52:24,920 --> 00:52:22,819

whatever

1311

00:52:28,219 --> 00:52:24,930

another big thing I think is interesting

1312

00:52:30,710 --> 00:52:28,229

is that officially this program

1313

00:52:33,440 --> 00:52:30,720

supposedly has ended due to you know no

1314

00:52:35,660 --> 00:52:33,450

more financing but we are hearing you

1315

00:52:37,999 --> 00:52:35,670

know by many of these people Elizondo

1316

00:52:40,400 --> 00:52:38,009

included that it's still going on

1317

00:52:43,400 --> 00:52:40,410

now that is that really interested me in

1318

00:52:47,059 --> 00:52:43,410

terms of who is still investigating it

1319

00:52:49,759 --> 00:52:47,069

is this to the stars is this Bigelow

1320

00:52:51,140 --> 00:52:49,769

still I do wonder who they're alluding

1321

00:52:53,180 --> 00:52:51,150

to when they say it's still being

1322

00:52:55,819 --> 00:52:53,190

investigated do you think easily he

1323

00:52:58,969 --> 00:52:55,829

certainly said that Elizondo loose said

1324

00:53:05,079 --> 00:52:58,979

that he and others were still continuing

1325

00:53:11,479 --> 00:53:09,410

dysfunction yeah yeah Elizondo Lodge met

1326

00:53:12,709 --> 00:53:11,489

with a big a couple months ago this

1327

00:53:15,019 --> 00:53:12,719

hasn't been met we really broke the

1328

00:53:16,700 --> 00:53:15,029

story but I mean if you look on social

1329

00:53:19,880 --> 00:53:16,710

media just like searching hashtags on

1330

00:53:21,289 --> 00:53:19,890

Instagram you can see Tom and Elizondo

1331

00:53:25,209 --> 00:53:21,299

were there meeting with big eleven his

1332

00:53:30,259 --> 00:53:25,219

daughter so got a granddaughter

1333

00:53:32,239 --> 00:53:30,269

yeah yeah that's Blair Big Love she

1334

00:53:33,739 --> 00:53:32,249

works for Bigelow Aerospace but yeah

1335

00:53:35,180 --> 00:53:33,749

she's she's the one who posted the photo

1336

00:53:37,819 --> 00:53:35,190

hanging out there at Bigelow Aerospace

1337

00:53:40,670 --> 00:53:37,829

yeah yeah yeah that did go a little

1338

00:53:42,230 --> 00:53:40,680

under reported and is not such a big

1339

00:53:45,080 --> 00:53:42,240

deal yeah not only

1340

00:53:48,109 --> 00:53:45,090

but the reason that Elizondo left was he

1341

00:53:50,090 --> 00:53:48,119

quit because because of the secrecy he

1342

00:53:52,010 --> 00:53:50,100

said that was behind this like he wanted

1343

00:53:53,960 --> 00:53:52,020

the information out so that was pretty

1344

00:53:55,850 --> 00:53:53,970

interesting as well how deep does the

1345

00:53:58,190 --> 00:53:55,860

secrecy go with this project they do

1346

00:54:00,800 --> 00:53:58,200

wonder the interesting thing is he came

1347

00:54:02,510 --> 00:54:00,810

on one of he was the last ones to come

1348

00:54:04,370 --> 00:54:02,520

on with to the Stars Academy and he was

1349

00:54:06,650 --> 00:54:04,380

the kind of the big question mark you

1350

00:54:08,750 --> 00:54:06,660

mark who is this guy and he's been the

1351

00:54:10,160 --> 00:54:08,760

one dominating the story this whole

1352

00:54:12,350 --> 00:54:10,170

weekend every story has been about him

1353

00:54:14,210 --> 00:54:12,360

he's been on you know every every show

1354

00:54:16,400 --> 00:54:14,220

and every TV show and radio program

1355

00:54:18,230 --> 00:54:16,410

since Boston Saturday yeah and that is

1356

00:54:20,060 --> 00:54:18,240

the real story I mean that the real

1357

00:54:21,920 --> 00:54:20,070

story that broke on Saturday and you're

1358

00:54:23,990 --> 00:54:21,930

seeing the fallout now it's not about

1359

00:54:27,650 --> 00:54:24,000

any military videos that were released

1360

00:54:30,200 --> 00:54:27,660

it's about the confirmation that despite

1361

00:54:32,780 --> 00:54:30,210

denying it for so many years the US

1362

00:54:36,250 --> 00:54:32,790

government did and perhaps still does

1363

00:54:38,510 --> 00:54:36,260

investigate UFOs up into recent years so

1364

00:54:40,460 --> 00:54:38,520

absolutely so I mean anyone who doesn't

1365

00:54:42,020 --> 00:54:40,470

have this keen interest that you know

1366

00:54:43,580 --> 00:54:42,030

the four of us do and who have been

1367

00:54:44,990 --> 00:54:43,590

preaching for years that yes the

1368

00:54:47,450 --> 00:54:45,000

government does hide information about

1369

00:54:48,590 --> 00:54:47,460

this for the everyday person I mean I

1370

00:54:50,900 --> 00:54:48,600

was talking to my girlfriend yesterday

1371

00:54:52,910 --> 00:54:50,910

about all of this and explaining to her

1372

00:54:55,370 --> 00:54:52,920

yes apparently they have they have metal

1373

00:54:57,920 --> 00:54:55,380

alloys and things from structured crafts

1374

00:55:00,890 --> 00:54:57,930

that are not in here again that that's

1375

00:55:03,200 --> 00:55:00,900

that's very a very wide net of what it

1376
00:55:05,780 --> 00:55:03,210
could be but she immediately shivered

1377
00:55:07,190 --> 00:55:05,790
and said I had no idea like yes I know

1378
00:55:09,590 --> 00:55:07,200
you guys talk about this all the time

1379
00:55:10,670 --> 00:55:09,600
you know the x-files covers this but I

1380
00:55:13,370 --> 00:55:10,680
always thought it was stuff of fiction

1381
00:55:16,520 --> 00:55:13,380
and we are seeing that a lot of the

1382
00:55:18,380 --> 00:55:16,530
things that we do perceive as you know

1383
00:55:23,590 --> 00:55:18,390
in a fictional realm are slowly coming

1384
00:55:27,380 --> 00:55:23,600
true I'm not saying drip drip splash MJ

1385
00:55:29,750 --> 00:55:27,390
but it is very exciting any faith that I

1386
00:55:33,500 --> 00:55:29,760
have lost in DeLong and what he's trying

1387
00:55:35,599 --> 00:55:33,510
to do I'm still being very wary of it at

1388
00:55:38,060 --> 00:55:35,609

all but I think this is pretty

1389

00:55:40,130 --> 00:55:38,070

interesting it's very compelling I want

1390

00:55:42,500 --> 00:55:40,140

to see more gun camera footage because I

1391

00:55:44,599 --> 00:55:42,510

think that is some of the big smoking

1392

00:55:46,820 --> 00:55:44,609

gun stuff that we're gonna get and I I

1393

00:55:48,680 --> 00:55:46,830

guess to sort of wrap up this one guys

1394

00:55:50,270 --> 00:55:48,690

what do you think of the footage itself

1395

00:55:52,670 --> 00:55:50,280

I mean I personally think it's

1396

00:55:55,310 --> 00:55:52,680

fascinating you know I'm not a pilot but

1397

00:55:57,770 --> 00:55:55,320

reading and hearing what pilots

1398

00:55:59,750 --> 00:55:57,780

that including the pilot who allegedly

1399

00:56:01,610 --> 00:55:59,760

was the pilot of that flight you know

1400

00:56:05,720 --> 00:56:01,620

comments that he doesn't think it was

1401
00:56:07,730 --> 00:56:05,730
from earth I mean you know that's

1402
00:56:10,010 --> 00:56:07,740
interesting information

1403
00:56:11,570 --> 00:56:10,020
yeah I agree just because like none of

1404
00:56:13,550 --> 00:56:11,580
us are pilots so we don't know what

1405
00:56:15,140 --> 00:56:13,560
that's like so and I say you have the

1406
00:56:17,210 --> 00:56:15,150
footage for us it's very you know it's

1407
00:56:19,700 --> 00:56:17,220
very creamy and it's very so their

1408
00:56:21,320 --> 00:56:19,710
commentary basically tells the story you

1409
00:56:23,030 --> 00:56:21,330
know basically over okay blips on a

1410
00:56:25,580 --> 00:56:23,040
screen but here's the other thing too I

1411
00:56:27,590 --> 00:56:25,590
want people to always keep it in mind to

1412
00:56:29,540 --> 00:56:27,600
listen to what he's saying this is a

1413
00:56:31,190 --> 00:56:29,550

pilot a career pilot somebody who'd been

1414

00:56:33,740 --> 00:56:31,200

in the military for quite some time as a

1415

00:56:35,810 --> 00:56:33,750

pilot had engaged things in the sky and

1416

00:56:37,550 --> 00:56:35,820

when these pilots are seeing something

1417

00:56:39,730 --> 00:56:37,560

that they've never encountered before

1418

00:56:41,570 --> 00:56:39,740

never heard about before displays

1419

00:56:44,420 --> 00:56:41,580

characteristics and behaviors and

1420

00:56:46,940 --> 00:56:44,430

abilities that you know seems to be far

1421

00:56:49,490 --> 00:56:46,950

beyond anything that we slashed they

1422

00:56:51,560 --> 00:56:49,500

know about that's huge and we should

1423

00:56:54,320 --> 00:56:51,570

take note of it put extraterrestrials

1424

00:56:56,510 --> 00:56:54,330

aside yes that may be a possibility but

1425

00:56:59,330 --> 00:56:56,520

just the fact that there's something

1426

00:57:01,480 --> 00:56:59,340

like that that we can't identify we

1427

00:57:03,950 --> 00:57:01,490

don't know what it is but it's there and

1428

00:57:05,780 --> 00:57:03,960

seems to outrun the technology we have

1429

00:57:07,430 --> 00:57:05,790

that's something that we should be

1430

00:57:10,040 --> 00:57:07,440

interested in and something that merits

1431

00:57:11,660 --> 00:57:10,050

study absolutely and I think the audio

1432

00:57:14,090 --> 00:57:11,670

is very important in here too and

1433

00:57:15,920 --> 00:57:14,100

hopefully it has not been doctored at

1434

00:57:18,140 --> 00:57:15,930

all we have we do have people arguing

1435

00:57:19,730 --> 00:57:18,150

that but the fact that like you said

1436

00:57:21,200 --> 00:57:19,740

Jason these trained pilots they're up

1437

00:57:23,480 --> 00:57:21,210

there for a reason they are scrambling

1438

00:57:25,010 --> 00:57:23,490

this object so they don't know if it's a

1439

00:57:27,080 --> 00:57:25,020

potential threat or not so while they're

1440

00:57:28,640 --> 00:57:27,090

there intercepting it they also have to

1441

00:57:31,640 --> 00:57:28,650

be ready for a national security threat

1442

00:57:33,350 --> 00:57:31,650

to attack this thing so I mean as Lou I

1443

00:57:35,420 --> 00:57:33,360

think it was Lou who even said and this

1444

00:57:36,770 --> 00:57:35,430

is you know a very common-sense thing I

1445

00:57:40,430 --> 00:57:36,780

would think but it's lost on a lot of

1446

00:57:42,440 --> 00:57:40,440

people that despite the excuse given by

1447

00:57:46,030 --> 00:57:42,450

the Ministry of Defense by the United

1448

00:57:49,100 --> 00:57:46,040

States government for ceasing their

1449

00:57:51,080 --> 00:57:49,110

investigation into UFOs is that you know

1450

00:57:53,840 --> 00:57:51,090

we don't have time for this and it's not

1451

00:57:56,960 --> 00:57:53,850

a we determined it's not a threat what

1452

00:57:59,510 --> 00:57:56,970

Lou says is look when you know you have

1453

00:58:01,550 --> 00:57:59,520

something in your airspace and you can't

1454

00:58:04,370 --> 00:58:01,560

identify it and you can't intercept it

1455

00:58:06,290 --> 00:58:04,380

that's a threat yeah that's a good point

1456

00:58:08,660 --> 00:58:06,300

it doesn't mean it fired on you that is

1457

00:58:08,970 --> 00:58:08,670

a threat it's not supposed to be there I

1458

00:58:10,530 --> 00:58:08,980

think

1459

00:58:11,940 --> 00:58:10,540

there's sort of a lot though that's kind

1460

00:58:14,160 --> 00:58:11,950

of hovering on the peripheries here and

1461

00:58:16,740 --> 00:58:14,170

I think we've we've in the UFO community

1462

00:58:18,810 --> 00:58:16,750

itself has kind of really been enamored

1463

00:58:19,920 --> 00:58:18,820

with sort of the last couple days of

1464

00:58:21,960 --> 00:58:19,930

sort of story

1465

00:58:25,140 --> 00:58:21,970

I think we sort of need to be cautious

1466

00:58:27,270 --> 00:58:25,150

in just in a few things one the news

1467

00:58:29,400 --> 00:58:27,280

especially 2017 in general but I think

1468

00:58:31,320 --> 00:58:29,410

the most recent sort of news and

1469

00:58:33,090 --> 00:58:31,330

regarding these videos and regarding

1470

00:58:36,390 --> 00:58:33,100

sort of this Pentagon's story and all

1471

00:58:38,190 --> 00:58:36,400

that is one sort of what ideology and

1472

00:58:40,500 --> 00:58:38,200

what mythology are we sort of creating

1473

00:58:42,570 --> 00:58:40,510

when it comes to sort of UFOs and and

1474

00:58:45,390 --> 00:58:42,580

the UFOs are narrative that sort of

1475

00:58:47,220 --> 00:58:45,400

existed so far like what what is sort of

1476

00:58:49,260 --> 00:58:47,230

gonna adjust and change in the UFO

1477

00:58:51,930 --> 00:58:49,270

discourse over the next sort of year or

1478

00:58:53,720 --> 00:58:51,940

so you know really we see this huge

1479

00:58:55,950 --> 00:58:53,730

reinforcement of the extra-terrestrial

1480

00:58:58,260 --> 00:58:55,960

hypothesis you know no one's really

1481

00:58:59,670 --> 00:58:58,270

talked about anything beyond that this

1482

00:59:01,680 --> 00:58:59,680

is sort of really boiled down to

1483

00:59:04,859 --> 00:59:01,690

potentially either secret military

1484

00:59:06,960 --> 00:59:04,869

program or extraterrestrials in nuts and

1485

00:59:08,640 --> 00:59:06,970

bolts sort of crap from space like you

1486

00:59:11,430 --> 00:59:08,650

know that this is really I think in the

1487

00:59:13,380 --> 00:59:11,440

public eye an et question we can sort of

1488

00:59:15,750 --> 00:59:13,390

say that it isn't we can sort of say all

1489

00:59:17,970 --> 00:59:15,760

the newspapers are doing a good job of

1490

00:59:19,770 --> 00:59:17,980

trying to keep aliens out of it but at

1491

00:59:22,470 --> 00:59:19,780

the end of the day what's really driving

1492

00:59:24,660 --> 00:59:22,480

these headlines is the term UFO the term

1493

00:59:27,270 --> 00:59:24,670

alien the term extraterrestrial and and

1494

00:59:29,280 --> 00:59:27,280

it's sort of mythologizing this story

1495

00:59:32,400 --> 00:59:29,290

and it's becoming very much sort of a

1496

00:59:35,490 --> 00:59:32,410

key aspect of of ufology in 2017 and

1497

00:59:37,290 --> 00:59:35,500

into 2018 and ultimately what is also

1498

00:59:38,670 --> 00:59:37,300

kind of being lost as a result what

1499

00:59:40,920 --> 00:59:38,680

stories are getting pushed to the side

1500

00:59:42,750 --> 00:59:40,930

because of this one I would also kind of

1501

00:59:44,970 --> 00:59:42,760

want to point out sort of the youthful

1502

00:59:47,070 --> 00:59:44,980

aaja chol irony in all of this the

1503

00:59:48,930 --> 00:59:47,080

government in the military has always

1504

00:59:50,790 --> 00:59:48,940

kind of by the UFO community in general

1505

00:59:53,640 --> 00:59:50,800

been viewed as someone you can't trust

1506

00:59:55,349 --> 00:59:53,650

mm-hmm they lie to us they have secret

1507

00:59:57,750 --> 00:59:55,359

underground bases they have made deals

1508

00:59:59,580 --> 00:59:57,760

with the extraterrestrials for in

1509

01:00:01,500 --> 00:59:59,590

exchange for abducting people and

1510

01:00:03,990 --> 01:00:01,510

mutilating cattle and you know stealing

1511

01:00:05,640 --> 01:00:04,000

our genetic information

1512

01:00:07,620 --> 01:00:05,650

you know the American government studies

1513

01:00:09,810 --> 01:00:07,630

their technology whatever like you can

1514

01:00:12,210 --> 01:00:09,820

you can sort of pile on the various

1515

01:00:14,760 --> 01:00:12,220

again UFO lore that exists out there and

1516

01:00:16,200 --> 01:00:14,770

and we've kind of a lot of people

1517

01:00:18,480 --> 01:00:16,210

especially within the UFO community have

1518

01:00:20,880 --> 01:00:18,490

we now have this blind trust towards

1519

01:00:22,370 --> 01:00:20,890

sort of this archetypical enemy of UFO

1520

01:00:23,810 --> 01:00:22,380

community right

1521

01:00:25,610 --> 01:00:23,820

the government has always kind of been

1522

01:00:27,170 --> 01:00:25,620

the enemy not always but has definitely

1523

01:00:29,600 --> 01:00:27,180

been the 80s instant has been the enemy

1524

01:00:31,850 --> 01:00:29,610

rather since the 1980s especially after

1525

01:00:33,560 --> 01:00:31,860

sort of the mj-12 debacle and the Paul

1526

01:00:36,740 --> 01:00:33,570

bennewitz affair the government was very

1527

01:00:39,050 --> 01:00:36,750

much painted as the enemy here there's

1528

01:00:41,540 --> 01:00:39,060

someone you can't trust anyway and now

1529

01:00:43,340 --> 01:00:41,550

we're sort of relying on them as a

1530

01:00:45,920 --> 01:00:43,350

community to provide this information

1531

01:00:47,810 --> 01:00:45,930

and a lot of people have bought it sort

1532

01:00:50,120 --> 01:00:47,820

of hook line and sinker just assuming

1533

01:00:53,210 --> 01:00:50,130

well you know hell if it's a gun camera

1534

01:00:55,910 --> 01:00:53,220

video it must be 100% legitimate or at

1535

01:00:56,690 --> 01:00:55,920

least and and in what I'm not saying it

1536

01:00:59,330 --> 01:00:56,700

isn't legitimate I'm not very

1537

01:01:02,060 --> 01:00:59,340

conspiratorial but we're we're not

1538

01:01:04,880 --> 01:01:02,070

necessarily looking at why now like why

1539

01:01:06,560 --> 01:01:04,890

has this all been released now why have

1540

01:01:07,070 --> 01:01:06,570

only 30 seconds of the video been

1541

01:01:08,930 --> 01:01:07,080

released

1542

01:01:10,100 --> 01:01:08,940

why has this all come to light

1543

01:01:13,820 --> 01:01:10,110

relatively recently

1544

01:01:16,340 --> 01:01:13,830

is it because Tom DeLonge is this UFO

1545

01:01:18,620 --> 01:01:16,350

mogul who is able to to push the right

1546

01:01:20,810 --> 01:01:18,630

buttons or are there sort of agendas on

1547

01:01:23,270 --> 01:01:20,820

top of agendas on top of agendas that

1548

01:01:25,220 --> 01:01:23,280

are again designed similar to sort of

1549

01:01:26,540 --> 01:01:25,230

mj-12 in the 1980s and the Benowitz

1550

01:01:27,590 --> 01:01:26,550

situation and everything from the

1551

01:01:30,020 --> 01:01:27,600

nineteen eighties designed to kind of

1552

01:01:31,850 --> 01:01:30,030

manipulate the UFO community or to

1553

01:01:34,190 --> 01:01:31,860

manipulate the message regarding the UFO

1554

01:01:37,250 --> 01:01:34,200

community to manipulate the narrative

1555

01:01:39,350 --> 01:01:37,260

for some purpose or purposes and I think

1556

01:01:41,210 --> 01:01:39,360

you know as as a subculture I think we

1557

01:01:43,160 --> 01:01:41,220

sort of need to definitely look at this

1558

01:01:45,320 --> 01:01:43,170

as an angle because to suggest that the

1559

01:01:46,670 --> 01:01:45,330

government is just now suddenly hell you

1560

01:01:48,950 --> 01:01:46,680

know what words gonna be honest with you

1561

01:01:51,530 --> 01:01:48,960

all right I think that's ridiculous

1562

01:01:53,690 --> 01:01:51,540

and I think that if you get fooled by

1563

01:01:55,520 --> 01:01:53,700

that you know shame on you I agree with

1564

01:01:57,620 --> 01:01:55,530

MJ but it's funny you know we're just so

1565

01:01:59,030 --> 01:01:57,630

as a UFO community we're so jaded and

1566

01:02:00,320 --> 01:01:59,040

you know we're still inclined to

1567

01:02:02,690 --> 01:02:00,330

question everything you know what where

1568

01:02:03,800 --> 01:02:02,700

stuff comes from so even if it was

1569

01:02:06,140 --> 01:02:03,810

truthful

1570

01:02:07,790 --> 01:02:06,150

we'd be questioning it anyway yeah so in

1571

01:02:09,500 --> 01:02:07,800

the sense that we're kind of doing the

1572

01:02:11,780 --> 01:02:09,510

work for them if in terms of district

1573

01:02:13,340 --> 01:02:11,790

formation and just kind of having that

1574

01:02:15,200 --> 01:02:13,350

discourse amongst ourselves

1575

01:02:16,940 --> 01:02:15,210

so just we're kind of just so inclined

1576

01:02:19,160 --> 01:02:16,950

you always question everything that

1577

01:02:20,510 --> 01:02:19,170

comes from them so even if it is

1578

01:02:23,030 --> 01:02:20,520

accurate we're still going to question

1579

01:02:24,320 --> 01:02:23,040

it so it's just kind of you know we're

1580

01:02:26,030 --> 01:02:24,330

in this situation where we're just kind

1581

01:02:27,350 --> 01:02:26,040

of screwed in terms of you know what do

1582

01:02:28,910 --> 01:02:27,360

we decipher what we believe when we

1583

01:02:30,140 --> 01:02:28,920

don't well I'm not sure if it's it's

1584

01:02:31,910 --> 01:02:30,150

we're screwed but I think I think a lot

1585

01:02:32,990 --> 01:02:31,920

agree with you and and and I think to

1586

01:02:34,400 --> 01:02:33,000

however that we've we've also been

1587

01:02:36,140 --> 01:02:34,410

played right I think the UFO community

1588

01:02:38,829 --> 01:02:36,150

has definitely been played too

1589

01:02:41,420 --> 01:02:38,839

like this I think a lot of the the

1590

01:02:43,609 --> 01:02:41,430

mistrust within the UFO community of

1591

01:02:45,650 --> 01:02:43,619

others within the UFO community is

1592

01:02:47,390 --> 01:02:45,660

definitely been seeded by sort of

1593

01:02:50,059 --> 01:02:47,400

various three-letter intelligence

1594

01:02:51,559 --> 01:02:50,069

agencies purposefully to cause a little

1595

01:02:53,299 --> 01:02:51,569

bit of disruption again I'm not very

1596

01:02:54,289 --> 01:02:53,309

conspiratorial but you know if you're

1597

01:02:56,059 --> 01:02:54,299

dealing with people who don't

1598

01:02:57,529 --> 01:02:56,069

necessarily trust trust you as a

1599

01:02:59,569 --> 01:02:57,539

government or or they don't by the

1600

01:03:01,490 --> 01:02:59,579

status quo you know you're gonna want to

1601
01:03:04,549 --> 01:03:01,500
sort of maintain some aspect of control

1602
01:03:06,799 --> 01:03:04,559
over over this group of people who don't

1603
01:03:08,960 --> 01:03:06,809
comply with the mainstream yeah that's a

1604
01:03:10,370 --> 01:03:08,970
very good point and I think again we

1605
01:03:13,220 --> 01:03:10,380
always talking back to this idea that

1606
01:03:15,980 --> 01:03:13,230
even if we don't have control over what

1607
01:03:18,980 --> 01:03:15,990
might be in our skies we can control the

1608
01:03:21,650 --> 01:03:18,990
information giving to the public so why

1609
01:03:23,420 --> 01:03:21,660
they're giving this to us now we may

1610
01:03:25,609 --> 01:03:23,430
never know but I think you guys make

1611
01:03:27,740 --> 01:03:25,619
good points what else is crazy is has

1612
01:03:30,079 --> 01:03:27,750
anyone noticed that Rick Doty has been

1613
01:03:34,519 --> 01:03:30,089

around a lot lately you have to wonder

1614

01:03:37,309 --> 01:03:34,529

why well you know with any subject but

1615

01:03:39,769 --> 01:03:37,319

especially the UFO subject we always try

1616

01:03:43,490 --> 01:03:39,779

to caution people to be cautiously

1617

01:03:45,620 --> 01:03:43,500

skeptical of any information I mean you

1618

01:03:48,079 --> 01:03:45,630

really have to question everything from

1619

01:03:51,349 --> 01:03:48,089

the sources and and the the meat of that

1620

01:03:53,200 --> 01:03:51,359

that content so I mean just I know we're

1621

01:03:55,910 --> 01:03:53,210

getting quote-unquote official

1622

01:03:58,099 --> 01:03:55,920

information here and official sources

1623

01:04:00,049 --> 01:03:58,109

but still you know you've got to be

1624

01:04:01,279 --> 01:04:00,059

cautiously skeptical you need to do your

1625

01:04:03,410 --> 01:04:01,289

own research and it comes down to

1626
01:04:06,140 --> 01:04:03,420
believing what you're going to believe

1627
01:04:08,779 --> 01:04:06,150
as an individual but one thing that you

1628
01:04:10,720 --> 01:04:08,789
know really kind of annoys me with a lot

1629
01:04:14,599 --> 01:04:10,730
of the headlines I've seen with this

1630
01:04:17,599 --> 01:04:14,609
latest news of the the government's UFO

1631
01:04:22,190 --> 01:04:17,609
program in and out of the UFO community

1632
01:04:23,740 --> 01:04:22,200
is this statement that Oh disclosure has

1633
01:04:26,420 --> 01:04:23,750
happened there's finally the the

1634
01:04:28,309 --> 01:04:26,430
confirmation that UFOs exist that's what

1635
01:04:30,470 --> 01:04:28,319
I'm seeing inside the UFO community and

1636
01:04:35,329 --> 01:04:30,480
outside just in the general public like

1637
01:04:36,559 --> 01:04:35,339
oh the UFOs exist and you know that

1638
01:04:39,170 --> 01:04:36,569

always makes me scratch my head because

1639

01:04:42,250 --> 01:04:39,180

I do understand and have talked to so

1640

01:04:46,010 --> 01:04:42,260

many people that not even speaking

1641

01:04:48,250 --> 01:04:46,020

extraterrestrial necessarily but still a

1642

01:04:49,970 --> 01:04:48,260

big chunk of the mainstream public

1643

01:04:52,099 --> 01:04:49,980

doesn't think that

1644

01:04:54,770 --> 01:04:52,109

there are unidentified objects in the

1645

01:04:57,380 --> 01:04:54,780

sky they think that you know they live

1646

01:04:59,180 --> 01:04:57,390

in this safe happy bubble and the

1647

01:05:01,609 --> 01:04:59,190

military has everything under control

1648

01:05:03,260 --> 01:05:01,619

and knows every speck of whatever is

1649

01:05:04,099 --> 01:05:03,270

flying in the sky so they don't need to

1650

01:05:07,520 --> 01:05:04,109

worry about it

1651
01:05:10,580 --> 01:05:07,530
we're all good but I've seen so much of

1652
01:05:12,580 --> 01:05:10,590
that today and yesterday about how we

1653
01:05:14,630 --> 01:05:12,590
now know that UFOs exist

1654
01:05:16,190 --> 01:05:14,640
I've talked about this before I've time

1655
01:05:18,230 --> 01:05:16,200
was before and just I think the

1656
01:05:19,790 --> 01:05:18,240
disclosure movement in general and and

1657
01:05:21,349 --> 01:05:19,800
sort of the XO political movement is a

1658
01:05:23,030 --> 01:05:21,359
natural sort of extension of ufology

1659
01:05:24,830 --> 01:05:23,040
right I mean you look at you know

1660
01:05:27,500 --> 01:05:24,840
nineteen forties fifties sixties

1661
01:05:29,750 --> 01:05:27,510
seventies ufology it was really sort of

1662
01:05:30,830 --> 01:05:29,760
investigating UFO reports and trying to

1663
01:05:32,690 --> 01:05:30,840

piece together some of the science

1664

01:05:34,460 --> 01:05:32,700

behind it and and into the sort of the

1665

01:05:36,590 --> 01:05:34,470

80s in this especially the 90s and early

1666

01:05:38,330 --> 01:05:36,600

2000s you have this sort of big push

1667

01:05:40,220 --> 01:05:38,340

that you know really you know

1668

01:05:42,200 --> 01:05:40,230

investigating UFO reports is sort of a

1669

01:05:44,750 --> 01:05:42,210

dead art and and it's really all about

1670

01:05:46,099 --> 01:05:44,760

disclosure and I think disclosure is

1671

01:05:47,540 --> 01:05:46,109

kind of at the point now where it's sort

1672

01:05:48,590 --> 01:05:47,550

of run it's it's not run its course but

1673

01:05:51,200 --> 01:05:48,600

it's definitely kind of at this point

1674

01:05:53,300 --> 01:05:51,210

now where it's 2017 it's been you know

1675

01:05:56,270 --> 01:05:53,310

nearly two decades and nothing's

1676
01:05:58,730 --> 01:05:56,280
happened and and similarly to you know

1677
01:06:01,070 --> 01:05:58,740
UFO investigating you know no one's

1678
01:06:02,870 --> 01:06:01,080
found a conclusion and and disclosure

1679
01:06:04,220 --> 01:06:02,880
sort of this natural extension of it no

1680
01:06:06,650 --> 01:06:04,230
one's found a conclusion there's no

1681
01:06:08,270 --> 01:06:06,660
answer so I think I think the disclosure

1682
01:06:09,680 --> 01:06:08,280
movement itself is sort of trying to

1683
01:06:13,130 --> 01:06:09,690
grasp at straws here I think they're

1684
01:06:16,040 --> 01:06:13,140
trying to legitimize their entire maybe

1685
01:06:17,540 --> 01:06:16,050
philosophy and trying to kind of say you

1686
01:06:19,400 --> 01:06:17,550
know yes you know this is this is

1687
01:06:21,050 --> 01:06:19,410
happening and this is sort of where

1688
01:06:22,849 --> 01:06:21,060

we're headed to next it'll be

1689

01:06:24,830 --> 01:06:22,859

interesting in in a decade or so or

1690

01:06:27,349 --> 01:06:24,840

maybe in 20 years to see sort of where

1691

01:06:29,810 --> 01:06:27,359

the disclosure movement is whether it's

1692

01:06:32,000 --> 01:06:29,820

even still a thing anymore and what kind

1693

01:06:34,670 --> 01:06:32,010

of the next thing will be at least the

1694

01:06:35,900 --> 01:06:34,680

next sort of extension of ufology let's

1695

01:06:37,700 --> 01:06:35,910

say I'm not saying that sort of

1696

01:06:40,400 --> 01:06:37,710

investigating signing reports is over

1697

01:06:43,670 --> 01:06:40,410

but it's very much no longer kind of the

1698

01:06:45,349 --> 01:06:43,680

key big aspect of really the UFO

1699

01:06:47,270 --> 01:06:45,359

discourse right it is all about

1700

01:06:49,460 --> 01:06:47,280

government insiders and and it's all

1701

01:06:51,650 --> 01:06:49,470

about kind of speculating on what the

1702

01:06:53,570 --> 01:06:51,660

aliens are up to versus sort of you know

1703

01:06:55,580 --> 01:06:53,580

people on the field or people rather in

1704

01:06:57,410 --> 01:06:55,590

the field actually sort of talking to

1705

01:06:59,840 --> 01:06:57,420

witnesses and investigating UFOs it

1706

01:07:01,550 --> 01:06:59,850

still happens obviously but it's like I

1707

01:07:02,920 --> 01:07:01,560

said it's kind of a dying art I think it

1708

01:07:05,319 --> 01:07:02,930

actually is

1709

01:07:07,750 --> 01:07:05,329

yeah it gets looked down a lot on and

1710

01:07:09,280 --> 01:07:07,760

pushed to the side and I will say for

1711

01:07:12,640 --> 01:07:09,290

all you people out there who still

1712

01:07:14,440 --> 01:07:12,650

believe in the value of looking into and

1713

01:07:19,290 --> 01:07:14,450

investigating sighting reports I'm

1714

01:07:21,910 --> 01:07:19,300

raising my hand right now friends to me

1715

01:07:23,440 --> 01:07:21,920

just like it's steady and all those

1716

01:07:26,020 --> 01:07:23,450

billionaires spending their money trying

1717

01:07:28,510 --> 01:07:26,030

to talk to rocks like I think there's

1718

01:07:32,200 --> 01:07:28,520

value in all of these things let's do

1719

01:07:33,549 --> 01:07:32,210

all the things guys and this is and you

1720

01:07:39,420 --> 01:07:33,559

know you know Jason you're getting me

1721

01:07:42,970 --> 01:07:39,430

all riled up you know I agree virgin

1722

01:07:44,530 --> 01:07:42,980

it's empty now you know it's all about

1723

01:07:47,319 --> 01:07:44,540

the witnesses right and this is I think

1724

01:07:49,089 --> 01:07:47,329

where I get a little flummoxed with to

1725

01:07:50,230 --> 01:07:49,099

the Stars Academy and maybe mr. DeLong

1726

01:07:51,280 --> 01:07:50,240

and all of these other you know

1727

01:07:53,799 --> 01:07:51,290

billionaires here spending their money

1728

01:07:54,940 --> 01:07:53,809

on UFOs you know okay you have a few jet

1729

01:07:56,710 --> 01:07:54,950

fighter pots which is you know great

1730

01:07:59,410 --> 01:07:56,720

they're witnesses but again you have a

1731

01:08:01,809 --> 01:07:59,420

whole segment of people who have UFO

1732

01:08:03,730 --> 01:08:01,819

encounters who have encounters with sort

1733

01:08:06,160 --> 01:08:03,740

of anomalous beings or whatever you want

1734

01:08:08,140 --> 01:08:06,170

to call the right they engage with the

1735

01:08:09,760 --> 01:08:08,150

phenomenon in some way and ultimately

1736

01:08:11,950 --> 01:08:09,770

they are getting pushed aside right like

1737

01:08:14,020 --> 01:08:11,960

we're pushing aside the regular everyday

1738

01:08:17,019 --> 01:08:14,030

witness that has made up the bulk of

1739

01:08:18,640 --> 01:08:17,029

ufology for the FIR since the 1940s and

1740

01:08:21,220 --> 01:08:18,650

there and it's like they no longer

1741

01:08:23,320 --> 01:08:21,230

matter right their UFO reports their

1742

01:08:24,700 --> 01:08:23,330

sighting reports be in talking to them

1743

01:08:26,470 --> 01:08:24,710

and investigating to them is becoming

1744

01:08:28,240 --> 01:08:26,480

less and less important and what's

1745

01:08:31,150 --> 01:08:28,250

becoming more important is the

1746

01:08:33,189 --> 01:08:31,160

discussion of mr. DeLong or the these

1747

01:08:35,229 --> 01:08:33,199

these sort of government insiders and

1748

01:08:37,510 --> 01:08:35,239

intelligence officers who have played a

1749

01:08:38,709 --> 01:08:37,520

role I guess in in investigating UFO

1750

01:08:42,220 --> 01:08:38,719

threats sort of for the government or

1751

01:08:44,590 --> 01:08:42,230

never I don't know I like am I am I

1752

01:08:48,760 --> 01:08:44,600

getting it should I be upset like do I

1753

01:08:50,169 --> 01:08:48,770

find it's really interesting coin at the

1754

01:08:51,669 --> 01:08:50,179

same time I think you got the flip side

1755

01:08:54,249 --> 01:08:51,679

saying well maybe it's about time that

1756

01:08:56,200 --> 01:08:54,259

you know these people in in high

1757

01:08:57,610 --> 01:08:56,210

positions or you know answer some of

1758

01:08:58,930 --> 01:08:57,620

these questions whether they're being

1759

01:09:00,430 --> 01:08:58,940

truthful or not at least of the

1760

01:09:03,130 --> 01:09:00,440

spotlights kind of on them now

1761

01:09:05,050 --> 01:09:03,140

more so than before I think maybe that's

1762

01:09:07,240 --> 01:09:05,060

a positive you could get from it maybe

1763

01:09:09,459 --> 01:09:07,250

yeah I guess you know maybe they're

1764

01:09:11,229 --> 01:09:09,469

they're finally sort of coming forward

1765

01:09:12,880 --> 01:09:11,239

with their their own personal witnesses

1766

01:09:16,030 --> 01:09:12,890

you know military witnesses I don't know

1767

01:09:16,839 --> 01:09:16,040

I'm a little still you know yeah and not

1768

01:09:18,939 --> 01:09:16,849

only that like

1769

01:09:22,780 --> 01:09:18,949

witnesses report his soul all over the

1770

01:09:24,309 --> 01:09:22,790

place you know and and and and I think

1771

01:09:25,269 --> 01:09:24,319

it just points to a phenomenon that is

1772

01:09:26,890 --> 01:09:25,279

all over the place

1773

01:09:30,010 --> 01:09:26,900

I would say that is one of the

1774

01:09:32,019 --> 01:09:30,020

interesting things that was that

1775

01:09:36,419 --> 01:09:32,029

allegedly took place or was a focus of

1776

01:09:40,390 --> 01:09:36,429

this Pentagon UFO program was the

1777

01:09:43,689 --> 01:09:40,400

experiencer element where they allegedly

1778

01:09:47,319 --> 01:09:43,699

did reach out and talk to people who

1779

01:09:49,660 --> 01:09:47,329

claimed to have had encounters to tests

1780

01:09:51,939 --> 01:09:49,670

and experiments and whatever see if

1781

01:09:53,829 --> 01:09:51,949

people have been physically affected by

1782

01:09:57,040 --> 01:09:53,839

proximity to UFOs and other things like

1783

01:09:59,080 --> 01:09:57,050

that so yeah this is where we're an

1784

01:10:00,700 --> 01:09:59,090

element to that studies no I definitely

1785

01:10:02,649 --> 01:10:00,710

have a problem with sort of the Pentagon

1786

01:10:04,510 --> 01:10:02,659

it's like another issue with that it's

1787

01:10:06,819 --> 01:10:04,520

more so just it's sort of the way maybe

1788

01:10:08,229 --> 01:10:06,829

UFO discourse is going like you know the

1789

01:10:10,899 --> 01:10:08,239

way what we're spending our time talking

1790

01:10:12,760 --> 01:10:10,909

about I don't know people get bored and

1791

01:10:15,879 --> 01:10:12,770

then you got to move on to the new hot

1792

01:10:17,830 --> 01:10:15,889

sexy topic I get it I see it all over

1793

01:10:19,270 --> 01:10:17,840

the place and it annoys me because I

1794

01:10:23,459 --> 01:10:19,280

think a lot of important stuff gets left

1795

01:10:26,589 --> 01:10:23,469

behind there is nothing less sexy than

1796

01:10:28,569 --> 01:10:26,599

50,000 chicken scratch scribble pages of

1797

01:10:31,780 --> 01:10:28,579

notes from witnesses and experiencers

1798

01:10:36,970 --> 01:10:31,790

let me tell you that much I mean that

1799

01:10:39,430 --> 01:10:36,980

with all the love and compassion exactly

1800

01:10:42,010 --> 01:10:39,440

what my book was about yeah like

1801

01:10:45,399 --> 01:10:42,020

it was not easy I can tell you that

1802

01:10:47,530 --> 01:10:45,409

right now yeah it's not sexy it's not

1803

01:10:49,629 --> 01:10:47,540

really no it's not as exciting as people

1804

01:10:51,819 --> 01:10:49,639

would think it's at times extremely

1805

01:10:54,069 --> 01:10:51,829

traumatizing for the witness it's very

1806

01:10:56,620 --> 01:10:54,079

uncomfortable and awkward for the

1807

01:10:58,419 --> 01:10:56,630

interviewer you know in terms of like

1808

01:11:01,089 --> 01:10:58,429

how you handle the information your

1809

01:11:03,729 --> 01:11:01,099

you're getting and eventually going to

1810

01:11:05,740 --> 01:11:03,739

give to the public yeah yeah I I do

1811

01:11:07,479 --> 01:11:05,750

wonder you know while we're getting all

1812

01:11:10,149 --> 01:11:07,489

this Pentagon stuff and this

1813

01:11:12,189 --> 01:11:10,159

Intelligence Agency stuff that's what

1814

01:11:13,990 --> 01:11:12,199

the public is now seeing I want to hear

1815

01:11:15,970 --> 01:11:14,000

from those I want to hear from the

1816

01:11:17,770 --> 01:11:15,980

fighter pilots I want to you know like

1817

01:11:20,530 --> 01:11:17,780

know what they were feeling what they

1818

01:11:22,419 --> 01:11:20,540

saw like did anything else you know what

1819

01:11:24,970 --> 01:11:22,429

happened afterwards those are the things

1820

01:11:27,310 --> 01:11:24,980

that interests me the most so I again I

1821

01:11:29,709 --> 01:11:27,320

do wonder MJ where UFO discourse is

1822

01:11:30,610 --> 01:11:29,719

going to go in 2018 where it's going to

1823

01:11:33,010 --> 01:11:30,620

go in terms of

1824

01:11:34,630 --> 01:11:33,020

we're getting from to the stars from

1825

01:11:36,310 --> 01:11:34,640

this project I don't know

1826

01:11:38,470 --> 01:11:36,320

damned if you do damned if you don't I

1827

01:11:39,550 --> 01:11:38,480

guess it is the phenomenon right it's

1828

01:11:41,650 --> 01:11:39,560

definitely weird and it's definitely

1829

01:11:44,740 --> 01:11:41,660

gonna mess with you so and hey we choose

1830

01:11:46,750 --> 01:11:44,750

to be here we do we certainly do there's

1831

01:11:48,760 --> 01:11:46,760

a reason that the three of you you know

1832

01:11:51,220 --> 01:11:48,770

took the time out of your night to do

1833

01:11:52,810 --> 01:11:51,230

this with me so I guess in terms of

1834

01:11:55,390 --> 01:11:52,820

where we're heading

1835

01:12:01,000 --> 01:11:55,400

I want to ask each of you in terms of

1836

01:12:03,070 --> 01:12:01,010

ufology who in 2017 do you guys think we

1837

01:12:05,770 --> 01:12:03,080

can look at and say you are doing good

1838

01:12:10,290 --> 01:12:05,780

work and we hope we hear more from you

1839

01:12:13,810 --> 01:12:10,300

in 2018 Mike let's start with you

1840

01:12:17,170 --> 01:12:13,820

totally like I'm kissing ass but I'm not

1841

01:12:18,970 --> 01:12:17,180

to say you here's why through your

1842

01:12:21,370 --> 01:12:18,980

podcast I think you but you have a great

1843

01:12:24,450 --> 01:12:21,380

platform I get you up in my mouth a

1844

01:12:30,130 --> 01:12:28,210

you hear me out for a minute I think I

1845

01:12:32,350 --> 01:12:30,140

think your podcast is a great platform

1846

01:12:33,790 --> 01:12:32,360

and every week you're able to come up

1847

01:12:36,880 --> 01:12:33,800

with fascinating topics different

1848

01:12:39,520 --> 01:12:36,890

different guests and it's open it's very

1849

01:12:42,580 --> 01:12:39,530

inclusive and you're almost creating

1850

01:12:44,290 --> 01:12:42,590

kind of new names and new stars and then

1851

01:12:45,940 --> 01:12:44,300

in the field I guess just your stir your

1852

01:12:47,890 --> 01:12:45,950

show and just through the likes of the

1853

01:12:49,210 --> 01:12:47,900

very inclusive aspect of it yeah I don't

1854

01:12:50,860 --> 01:12:49,220

look at it as who's making the biggest

1855

01:12:52,810 --> 01:12:50,870

headline I'm looking at it as who's

1856

01:12:56,410 --> 01:12:52,820

helping to grow the field in the most

1857

01:12:59,020 --> 01:12:56,420

way and that's why I said you run so so

1858

01:13:01,750 --> 01:12:59,030

I'm sorry to be to be kissing butt but

1859

01:13:03,550 --> 01:13:01,760

yes that was really sweet Mike there's a

1860

01:13:12,010 --> 01:13:03,560

reason I brought got a little happy tear

1861

01:13:13,750 --> 01:13:12,020

in my eye right now I knew you could

1862

01:13:16,810 --> 01:13:13,760

reach out to my patreon subscribers for

1863

01:13:20,280 --> 01:13:16,820

that com backlash somewhere Scott you

1864

01:13:22,510 --> 01:13:20,290

know all joking aside bug I think you do

1865

01:13:24,070 --> 01:13:22,520

tremendous work and you know I remember

1866

01:13:25,890 --> 01:13:24,080

I first read your book it just I

1867

01:13:28,480 --> 01:13:25,900

remember reading it and that was very

1868

01:13:30,340 --> 01:13:28,490

primal journalistic take on it for

1869

01:13:32,290 --> 01:13:30,350

someone with with no you know prior like

1870

01:13:34,360 --> 01:13:32,300

professional experience I though it was

1871

01:13:35,860 --> 01:13:34,370

absolutely the kind of know the essence

1872

01:13:37,120 --> 01:13:35,870

of kind of work you know which you

1873

01:13:38,680 --> 01:13:37,130

should do when investigating so ever

1874

01:13:40,090 --> 01:13:38,690

since I read your book I was a fan and I

1875

01:13:41,860 --> 01:13:40,100

said I think we would she done with the

1876

01:13:44,230 --> 01:13:41,870

podcast has been great and hopefully she

1877

01:13:46,180 --> 01:13:44,240

needs to grow well thank you so much man

1878

01:13:48,040 --> 01:13:46,190

I won't say anything else Jason let's

1879

01:13:55,450 --> 01:13:48,050

move to you my man well now I have to

1880

01:13:57,220 --> 01:13:55,460

see you to know I love you Brian and I'm

1881

01:14:00,190 --> 01:13:57,230

a fan but I can't give you the award

1882

01:14:01,480 --> 01:14:00,200

every year so well you know I was

1883

01:14:04,870 --> 01:14:01,490

thinking about this and I hadn't given

1884

01:14:07,300 --> 01:14:04,880

it much thought through the year but you

1885

01:14:10,810 --> 01:14:07,310

know when I think about somebody in in

1886

01:14:12,490 --> 01:14:10,820

the field of UFOs and UFO research who's

1887

01:14:14,980 --> 01:14:12,500

made a contribution who's done something

1888

01:14:16,900 --> 01:14:14,990

who's done some actual research and done

1889

01:14:20,380 --> 01:14:16,910

something that you know benefits us as

1890

01:14:22,630 --> 01:14:20,390

researchers and you know helps in an

1891

01:14:24,550 --> 01:14:22,640

educational light you know I'm a big fan

1892

01:14:26,740 --> 01:14:24,560

of education and I think giving people

1893

01:14:29,530 --> 01:14:26,750

information that they can cite to and

1894

01:14:31,420 --> 01:14:29,540

use is really important and somebody who

1895

01:14:34,600 --> 01:14:31,430

jumps out at me is our friend Cheryl

1896

01:14:37,510 --> 01:14:34,610

Costa you know this year put out the UFO

1897

01:14:40,870 --> 01:14:37,520

sightings Desk Reference a nice book

1898

01:14:44,110 --> 01:14:40,880

with lots of numbers and information it

1899

01:14:46,930 --> 01:14:44,120

got a lot of media play big headlines

1900

01:14:49,150 --> 01:14:46,940

and she's still being contacted pretty

1901

01:14:52,300 --> 01:14:49,160

regularly to do interviews with media

1902

01:14:54,460 --> 01:14:52,310

about UFOs and UFO sighting stories so I

1903

01:14:55,930 --> 01:14:54,470

I think Cheryl you know she's a

1904

01:14:58,960 --> 01:14:55,940

journalist she does a really good job

1905

01:15:01,360 --> 01:14:58,970

with her regular column she does and so

1906

01:15:04,150 --> 01:15:01,370

I've been a fan of hers for many years

1907

01:15:06,760 --> 01:15:04,160

she's a friend and I think because of

1908

01:15:09,670 --> 01:15:06,770

her work tireless work compiling that

1909

01:15:11,890 --> 01:15:09,680

UFO sightings Desk Reference she gets my

1910

01:15:14,050 --> 01:15:11,900

vote that's awesome and I do have to

1911

01:15:16,690 --> 01:15:14,060

mention this before we go any further in

1912

01:15:18,910 --> 01:15:16,700

terms of Cheryl this is insane if you

1913

01:15:21,130 --> 01:15:18,920

think about how far the UFO community

1914

01:15:23,530 --> 01:15:21,140

stretches in terms of geography alone

1915

01:15:25,420 --> 01:15:23,540

Cheryl rights for the Syracuse New Times

1916

01:15:27,190 --> 01:15:25,430

for anyone who doesn't know I am from

1917

01:15:28,900 --> 01:15:27,200

Syracuse New York when I went home to

1918

01:15:32,110 --> 01:15:28,910

visit my family of this past summer

1919

01:15:34,390 --> 01:15:32,120

there was a signed version of Cheryl's

1920

01:15:38,080 --> 01:15:34,400

book on the front porch of my parents

1921

01:15:39,760 --> 01:15:38,090

home and I show up and I'm like what the

1922

01:15:41,860 --> 01:15:39,770

hell is this and my mom was like oh yeah

1923

01:15:43,330 --> 01:15:41,870

that woman showed up with your book with

1924

01:15:46,390 --> 01:15:43,340

her book she wanted you to have it

1925

01:15:48,070 --> 01:15:46,400

I found out Cheryl lives two blocks from

1926

01:15:52,930 --> 01:15:48,080

my that's crazy

1927

01:15:55,480 --> 01:15:52,940

isn't that insane but I would have to

1928

01:15:57,540 --> 01:15:55,490

agree Jason I mean this book the work

1929

01:15:59,730 --> 01:15:57,550

and dedication that

1930

01:16:02,610 --> 01:15:59,740

Cheryl and her spouse put into this book

1931

01:16:04,410 --> 01:16:02,620

is unbelievable deserve all the praise

1932

01:16:07,200 --> 01:16:04,420

they can get and I think that's a

1933

01:16:09,390 --> 01:16:07,210

wonderful wonderful choice for sure all

1934

01:16:11,190 --> 01:16:09,400

right MJ what do you got for us as much

1935

01:16:13,980 --> 01:16:11,200

as I love Cheryl I'm gonna have to kick

1936

01:16:15,120 --> 01:16:13,990

this old school I'm I don't know that

1937

01:16:17,130 --> 01:16:15,130

people know but I'm writing a book on

1938

01:16:19,620 --> 01:16:17,140

the Yoho subculture and I've been

1939

01:16:21,870 --> 01:16:19,630

talking a lot to a subculture within the

1940

01:16:25,680 --> 01:16:21,880

subculture all the historians and

1941

01:16:28,320 --> 01:16:25,690

archivists archivists who sort of log

1942

01:16:30,450 --> 01:16:28,330

everything you philosophy related and

1943

01:16:33,120 --> 01:16:30,460

one guy who I have to give a massive

1944

01:16:36,510 --> 01:16:33,130

shout out to and I guess my book is Paul

1945

01:16:38,490 --> 01:16:36,520

Dean out of Australia who runs the UFOs

1946

01:16:42,300 --> 01:16:38,500

documenting the evidence blog this guy

1947

01:16:45,780 --> 01:16:42,310

is an FOI master F o IA master rather

1948

01:16:48,000 --> 01:16:45,790

and historically he is a powerhouse in

1949

01:16:51,570 --> 01:16:48,010

the UFO world this guy knows everything

1950

01:16:53,100 --> 01:16:51,580

and he can cite military I didn't know

1951

01:16:56,220 --> 01:16:53,110

they're called he can say that military

1952

01:16:58,590 --> 01:16:56,230

reference numbers for various UFO events

1953

01:17:01,530 --> 01:16:58,600

and whatever he runs a genius blog the

1954

01:17:03,120 --> 01:17:01,540

guy does so much research he pours his

1955

01:17:05,820 --> 01:17:03,130

heart and soul into his work and

1956

01:17:08,280 --> 01:17:05,830

unfortunately because his work is just

1957

01:17:09,660 --> 01:17:08,290

sort of history and archiving UFO

1958

01:17:11,100 --> 01:17:09,670

information he doesn't get a lot of

1959

01:17:13,680 --> 01:17:11,110

press doesn't get a lot of attention to

1960

01:17:16,620 --> 01:17:13,690

some of the other guys and gals out

1961

01:17:18,570 --> 01:17:16,630

there so my vote goes to Paul Dean who

1962

01:17:21,000 --> 01:17:18,580

this year sort of blew the doors off of

1963

01:17:24,690 --> 01:17:21,010

the famous West Hall case out of

1964

01:17:26,190 --> 01:17:24,700

Australia from 1990 from 1966 rather and

1965

01:17:27,900 --> 01:17:26,200

basically found a witness who was there

1966

01:17:30,540 --> 01:17:27,910

and said it was a whole bunch of

1967

01:17:33,240 --> 01:17:30,550

nonsense and one teacher who just kind

1968

01:17:34,500 --> 01:17:33,250

of went off the rails with a bunch of

1969

01:17:36,150 --> 01:17:34,510

the students and and just kind of

1970

01:17:39,090 --> 01:17:36,160

started telling stories and it became a

1971

01:17:43,080 --> 01:17:39,100

massive UFO event and according to his

1972

01:17:45,630 --> 01:17:43,090

source nothing really happened so you

1973

01:17:48,660 --> 01:17:45,640

know an interesting take on an old case

1974

01:17:50,550 --> 01:17:48,670

but Paul Dean definitely gets my book

1975

01:17:51,930 --> 01:17:50,560

this year that's awesome and these are

1976

01:17:53,760 --> 01:17:51,940

so good guys I don't know how I can even

1977

01:17:55,410 --> 01:17:53,770

contribute to this I've been thinking

1978

01:17:57,240 --> 01:17:55,420

about this for the past hour or so

1979

01:17:59,370 --> 01:17:57,250

trying to come up with someone and it

1980

01:18:02,880 --> 01:17:59,380

was tough but I think I'm gonna have to

1981

01:18:05,880 --> 01:18:02,890

go with Miss Erica Luke's on this one I

1982

01:18:07,530 --> 01:18:05,890

know we've all spoken a lot to Erica I

1983

01:18:09,150 --> 01:18:07,540

did want to have her on tonight I

1984

01:18:11,399 --> 01:18:09,160

apologize that I wasn't able to make

1985

01:18:13,830 --> 01:18:11,409

that happen but the field we know is

1986

01:18:14,939 --> 01:18:13,840

wrought with its a boys club always has

1987

01:18:17,279 --> 01:18:14,949

been always will be

1988

01:18:19,529 --> 01:18:17,289

and any female researchers out there are

1989

01:18:22,890 --> 01:18:19,539

scrutinized ten times more than we ever

1990

01:18:25,859 --> 01:18:22,900

will experience the work that Erika has

1991

01:18:28,080 --> 01:18:25,869

done throughout the years just astounds

1992

01:18:30,479 --> 01:18:28,090

me amazes me what she's done

1993

01:18:32,520 --> 01:18:30,489

who she's made contact with I know she

1994

01:18:34,529 --> 01:18:32,530

just was with Earling Strang not too

1995

01:18:36,659 --> 01:18:34,539

long ago out there and is it norway

1996

01:18:39,899 --> 01:18:36,669

berlin strand with the hesitate lights

1997

01:18:42,419 --> 01:18:39,909

pumping so yeah yeah so I mean this

1998

01:18:44,189 --> 01:18:42,429

she's going out of her way to go and

1999

01:18:46,350 --> 01:18:44,199

investigate anomalous things in our

2000

01:18:48,509 --> 01:18:46,360

skies no matter what the hell it is and

2001

01:18:51,209 --> 01:18:48,519

and I think she gets a lot of flack for

2002

01:18:53,159 --> 01:18:51,219

a lot of stuff that she brings forward

2003

01:18:55,379 --> 01:18:53,169

but she is she's strong she's due

2004

01:18:56,759 --> 01:18:55,389

diligent and she does the work and not

2005

01:18:58,439 --> 01:18:56,769

many people can say that when they're

2006

01:19:01,350 --> 01:18:58,449

sitting on their fat asses behind their

2007

01:19:02,909 --> 01:19:01,360

computers so I highly respect the work

2008

01:19:05,250 --> 01:19:02,919

that she's doing I can't wait to see

2009

01:19:05,850 --> 01:19:05,260

what she comes up with and yeah that's

2010

01:19:09,209 --> 01:19:05,860

what I got

2011

01:19:14,609 --> 01:19:09,219

excellent do we want to do the 20 17

2012

01:19:16,739 --> 01:19:14,619

people who should shut up I'm so happy

2013

01:19:20,069 --> 01:19:16,749

you reminded me I have that on a

2014

01:19:22,439 --> 01:19:20,079

separate page here on my notes yes so we

2015

01:19:25,859 --> 01:19:22,449

talked about the people that we want to

2016

01:19:28,649 --> 01:19:25,869

hear more from in 2018 if you have any

2017

01:19:31,739 --> 01:19:28,659

one guys that you want to hear less from

2018

01:19:34,409 --> 01:19:31,749

in 2018 now is the time to voice your

2019

01:19:36,719 --> 01:19:34,419

concerns what do you got for me MJ

2020

01:19:39,509 --> 01:19:36,729

alright so this particular character

2021

01:19:42,390 --> 01:19:39,519

within the UFO world has been spouting

2022

01:19:44,790 --> 01:19:42,400

off about evil cabal's who are cutting

2023

01:19:46,679 --> 01:19:44,800

his brake lines and he recently

2024

01:19:49,709 --> 01:19:46,689

published a book this year full of

2025

01:19:51,989 --> 01:19:49,719

pseudoscience and a bunch of strange

2026

01:19:54,390 --> 01:19:51,999

esoteric nonsense that makes no sense so

2027

01:19:56,040 --> 01:19:54,400

my vote for this year and into 2018 of

2028

01:19:57,870 --> 01:19:56,050

the person in the UFO community then

2029

01:20:02,179 --> 01:19:57,880

used to shut up the most is David

2030

01:20:05,909 --> 01:20:02,189

Wilcock take them off the air complete

2031

01:20:08,310 --> 01:20:05,919

clapping love it love it alright Mike

2032

01:20:10,799 --> 01:20:08,320

what do you got uh yeah this is a tough

2033

01:20:11,310 --> 01:20:10,809

one I don't think anyone said that's

2034

01:20:14,759 --> 01:20:11,320

sorry

2035

01:20:17,339 --> 01:20:14,769

shut up I would like to see more than

2036

01:20:18,600 --> 01:20:17,349

hear more so you know if we're gonna go

2037

01:20:20,879 --> 01:20:18,610

back to table lunch

2038

01:20:22,649 --> 01:20:20,889

I just wanted him to you know just put

2039

01:20:24,780 --> 01:20:22,659

his mouth is and continue to provide

2040

01:20:26,460 --> 01:20:24,790

some of the stuff he's promised

2041

01:20:30,140 --> 01:20:26,470

rather tweet you know tweeting like a

2042

01:20:32,370 --> 01:20:30,150

but her child you know like you know

2043

01:20:34,080 --> 01:20:32,380

what the what the video speak for

2044

01:20:36,200 --> 01:20:34,090

themselves so yeah love it

2045

01:20:39,600 --> 01:20:36,210

Jason yeah I'm too nice to say anything

2046

01:20:40,440 --> 01:20:39,610

that's fair that's fair I completely

2047

01:20:43,770 --> 01:20:40,450

understand

2048

01:20:47,820 --> 01:20:43,780

every my fiesta water hasn't gotten me

2049

01:20:49,800 --> 01:20:47,830

riled up like MJ oh yeah okay do you

2050

01:20:53,400 --> 01:20:49,810

need to get riled up over David Wilcock

2051
01:20:55,590 --> 01:20:53,410
as my choice come on no no I have never

2052
01:20:59,250 --> 01:20:55,600
never been a fan that's just a natural

2053
01:21:01,320 --> 01:20:59,260
progression logic and feeling like you

2054
01:21:03,120 --> 01:21:01,330
know come on you guys you know what I

2055
01:21:05,400 --> 01:21:03,130
completely forgot and we didn't talk

2056
01:21:08,130 --> 01:21:05,410
about the person I'm gonna choose to

2057
01:21:10,740 --> 01:21:08,140
shut up in 2017 and should have shut up

2058
01:21:15,420 --> 01:21:10,750
for the next decade or so is mr. Jaime

2059
01:21:17,970 --> 01:21:15,430
mousse on oh yeah I totally forgot about

2060
01:21:19,890 --> 01:21:17,980
the The Mummy thing this past year not

2061
01:21:21,030 --> 01:21:19,900
the Roswell money the other man the

2062
01:21:24,060 --> 01:21:21,040
other mummy

2063
01:21:29,330 --> 01:21:24,070

the Peruvian or was Ecuador or where was

2064

01:21:32,640 --> 01:21:29,340

this thing from yeah it's for a fake

2065

01:21:35,010 --> 01:21:32,650

agreed so there we go guys we got the

2066

01:21:36,450 --> 01:21:35,020

good ones we got the bed and with that

2067

01:21:42,030 --> 01:21:36,460

you've got the facts of life

2068

01:21:44,670 --> 01:21:42,040

so that is our late 2017 heavy wrap up

2069

01:21:45,480 --> 01:21:44,680

of somewhere in the skies before we go

2070

01:21:47,100 --> 01:21:45,490
