

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

1
00:00:04,340 --> 00:00:02,540
hey guys Ryan sprekk here as you all know

2
00:00:07,070 --> 00:00:04,350
this somewhere in the skies podcast is

3
00:00:09,620 --> 00:00:07,080
always free to consume but it isn't free

4
00:00:11,540 --> 00:00:09,630
to create that's why I've started this

5
00:00:14,360 --> 00:00:11,550
somewhere in the skies patreon campaign

6
00:00:16,099 --> 00:00:14,370
on a monthly basis you give what you

7
00:00:18,920 --> 00:00:16,109
think the show is worth you'll be

8
00:00:21,439 --> 00:00:18,930
helping the show continue grow and to be

9
00:00:23,630 --> 00:00:21,449
something truly communal and remember

10
00:00:25,730 --> 00:00:23,640
there are rewards for each level of

11
00:00:28,250 --> 00:00:25,740
contribution and the list is only

12
00:00:30,620 --> 00:00:28,260
growing so please help somewhere in the

13
00:00:37,930 --> 00:00:30,630

skies now by becoming a patron to

[Music]

16

00:01:18,040 --> 00:01:15,010

I have the master of ceremonies my good

17

00:01:19,770 --> 00:01:18,050

friend my colleague Alejandro Rojas here

18

00:01:22,750 --> 00:01:19,780

to talk about the 27th annual

19

00:01:25,030 --> 00:01:22,760

international UFO Congress and film

20

00:01:27,130 --> 00:01:25,040

festival which runs February 14th

21

00:01:29,200 --> 00:01:27,140

through the 18th at the weekapaug Resort

22

00:01:29,950 --> 00:01:29,210

and Conference Center in Scottsdale

23

00:01:31,990 --> 00:01:29,960

Arizona

24

00:01:33,880 --> 00:01:32,000

Alejandro thank you so much for coming

25

00:01:36,310 --> 00:01:33,890

here today my man oh I'm happy to be

26
00:01:40,090 --> 00:01:36,320
here always a pleasure to to talk to you

27
00:01:43,360 --> 00:01:40,100
Betty always I mean last year was my

28
00:01:46,120 --> 00:01:43,370
first ever public speaking event on UFOs

29
00:01:48,610 --> 00:01:46,130
and that was at your Congress I mean

30
00:01:50,740 --> 00:01:48,620
talk about like trial by fire man I'd

31
00:01:53,200 --> 00:01:50,750
never done it before and I went up there

32
00:01:54,970 --> 00:01:53,210
in front of all those amazing people

33
00:01:58,990 --> 00:01:54,980
that you guys have come every year it

34
00:02:00,990 --> 00:01:59,000
was a blast it was so much fun and not

35
00:02:03,190 --> 00:02:01,000
many people know this but I also

36
00:02:05,710 --> 00:02:03,200
volunteered for many years before that

37
00:02:07,480 --> 00:02:05,720
because I just loved the work you guys

38
00:02:10,389 --> 00:02:07,490

do and I loved coming out there every

39

00:02:12,640 --> 00:02:10,399

year from New York City so this is the

40

00:02:14,500 --> 00:02:12,650

conference of all conferences it brings

41

00:02:17,560 --> 00:02:14,510

people from all over the world

42

00:02:18,160 --> 00:02:17,570

so before I blabber about it and fawn

43

00:02:20,320 --> 00:02:18,170

over it

44

00:02:22,570 --> 00:02:20,330

why don't you baby tell some of our

45

00:02:25,449 --> 00:02:22,580

listeners what exactly the UFO Congress

46

00:02:27,490 --> 00:02:25,459

is all right well it's the largest UFO

47

00:02:29,590 --> 00:02:27,500

conference it's in fact we have the

48

00:02:31,420 --> 00:02:29,600

Guinness world record for it there are

49

00:02:33,699 --> 00:02:31,430

some others that are kind of more alien

50

00:02:35,680 --> 00:02:33,709

based that are getting pretty big alien

51
00:02:38,560 --> 00:02:35,690
calm like that one's big for ancient

52
00:02:40,300 --> 00:02:38,570
aliens but we focus on much more in fact

53
00:02:42,280 --> 00:02:40,310
ancient aliens people a lot of them will

54
00:02:43,000 --> 00:02:42,290
say I'm not a UFO researcher I'm into

55
00:02:45,720 --> 00:02:43,010
something else

56
00:02:49,090 --> 00:02:45,730
so that's what it is we we feature

57
00:02:50,830 --> 00:02:49,100
investigators researchers for the most

58
00:02:53,560 --> 00:02:50,840
part so people that are actually doing

59
00:02:55,510 --> 00:02:53,570
something out there like yourself so I

60
00:02:58,660 --> 00:02:55,520
mean I was I thought you did excellent

61
00:03:00,280 --> 00:02:58,670
it was great to have you there and I

62
00:03:02,710 --> 00:03:00,290
knew you would do a good job sometimes

63
00:03:05,140 --> 00:03:02,720

you're rolling the dice with some people

64

00:03:06,970 --> 00:03:05,150

but I think you did better even than I

65

00:03:09,160 --> 00:03:06,980

expected I was laughing it was a lot of

66

00:03:11,500 --> 00:03:09,170

fun oh well thank you I'm laughing at

67

00:03:13,810 --> 00:03:11,510

you at me with me I appreciate you

68

00:03:15,729 --> 00:03:13,820

making that uh that right there yeah

69

00:03:18,430 --> 00:03:15,739

there's a big difference for sure but

70

00:03:21,099 --> 00:03:18,440

the crowd was so welcoming and you guys

71

00:03:22,500 --> 00:03:21,109

you know how to treat your speakers and

72

00:03:24,960 --> 00:03:22,510

your guests and

73

00:03:26,789 --> 00:03:24,970

just such a professional conference from

74

00:03:28,830 --> 00:03:26,799

from the minute you get there to the

75

00:03:32,190 --> 00:03:28,840

minute you leave it's just an enjoyable

76
00:03:34,440 --> 00:03:32,200
experience and you learn something which

77
00:03:36,330 --> 00:03:34,450
is the most important part everyone can

78
00:03:38,130 --> 00:03:36,340
learn something of it from something

79
00:03:40,800 --> 00:03:38,140
like this because you bring speakers

80
00:03:43,470 --> 00:03:40,810
about all different types of topics

81
00:03:46,559 --> 00:03:43,480
whether they're scientists or academics

82
00:03:49,020 --> 00:03:46,569
or researchers whether it's the alien

83
00:03:51,270 --> 00:03:49,030
abduction phenomenon UFO space and

84
00:03:53,699 --> 00:03:51,280
Technology it brings all these people

85
00:03:56,729 --> 00:03:53,709
together who have a passion for these

86
00:03:59,789 --> 00:03:56,739
topics and just want to dash it out you

87
00:04:01,800 --> 00:03:59,799
know have conversations and you guys do

88
00:04:04,080 --> 00:04:01,810

a wonderful job too with having panel

89

00:04:06,240 --> 00:04:04,090

discussions it doesn't just end with

90

00:04:09,839 --> 00:04:06,250

someone telling you what to think it's

91

00:04:12,330 --> 00:04:09,849

let's ask questions let's debate which I

92

00:04:14,460 --> 00:04:12,340

think is very important as well and have

93

00:04:16,920 --> 00:04:14,470

a good time while we're doing it so um I

94

00:04:18,390 --> 00:04:16,930

will definitely I can tell you this

95

00:04:20,610 --> 00:04:18,400

right now that now that I live in Los

96

00:04:22,830 --> 00:04:20,620

Angeles I'm hoping to get out there for

97

00:04:25,200 --> 00:04:22,840

at least a couple days this year so

98

00:04:27,089 --> 00:04:25,210

that'll be really exciting you know I'll

99

00:04:28,740 --> 00:04:27,099

be back on the other side now in the

100

00:04:31,680 --> 00:04:28,750

audience so that'll be great

101
00:04:33,839 --> 00:04:31,690
but yeah before we go any further let's

102
00:04:35,610 --> 00:04:33,849
let's maybe go through some of the

103
00:04:37,710 --> 00:04:35,620
lineup you can have here I'm looking at

104
00:04:40,050 --> 00:04:37,720
the guest list and it is pretty

105
00:04:42,960 --> 00:04:40,060
jam-packed my man with some really

106
00:04:45,320 --> 00:04:42,970
amazing people let's see who do we got

107
00:04:48,140 --> 00:04:45,330
we've got Linda Moulton Howe is coming

108
00:04:50,450 --> 00:04:48,150
she's gonna be talking about military

109
00:04:52,589 --> 00:04:50,460
whistleblowers that's pretty interesting

110
00:04:55,529 --> 00:04:52,599
how long has it been since she last

111
00:04:58,439 --> 00:04:55,539
spoke it's been a few years I think it's

112
00:05:00,420 --> 00:04:58,449
been maybe I actually I think she was at

113
00:05:01,860 --> 00:05:00,430

the first one we brought here 2011 and

114

00:05:04,439 --> 00:05:01,870

that was probably the last time she's

115

00:05:06,540 --> 00:05:04,449

spoken at the Congress so it'll be

116

00:05:08,490 --> 00:05:06,550

interesting to hear her again I just

117

00:05:11,219 --> 00:05:08,500

heard her I've been to a couple places

118

00:05:13,439 --> 00:05:11,229

where she's been for instance I think I

119

00:05:17,189 --> 00:05:13,449

was at a MUFON symposium before and then

120

00:05:18,600 --> 00:05:17,199

in Roswell last year so yeah people love

121

00:05:21,420 --> 00:05:18,610

to hear from her she's been doing this

122

00:05:23,250 --> 00:05:21,430

for a long time so and it's kind of

123

00:05:25,409 --> 00:05:23,260

interesting that she's speaking of

124

00:05:27,210 --> 00:05:25,419

whistleblowers considering you know

125

00:05:29,879 --> 00:05:27,220

what's going on this year and everything

126

00:05:32,670 --> 00:05:29,889

but so we'll see what happens there

127

00:05:34,890 --> 00:05:32,680

absolutely I look forward to that I mean

128

00:05:36,090 --> 00:05:34,900

she's one of the you know no matter what

129

00:05:37,970 --> 00:05:36,100

you think of Linda

130

00:05:40,250 --> 00:05:37,980

she's one of the most hardest working

131

00:05:43,140 --> 00:05:40,260

journalists investigators out there

132

00:05:45,570 --> 00:05:43,150

another one that really hit close to

133

00:05:48,270 --> 00:05:45,580

home for me was Cheryl Costa from

134

00:05:50,880 --> 00:05:48,280

Syracuse New York my hometown my

135

00:05:53,940 --> 00:05:50,890

newspaper that I grew up reading

136

00:05:56,280 --> 00:05:53,950

she works for them and she has a UFO

137

00:05:58,500 --> 00:05:56,290

section on their website which is

138

00:06:01,440 --> 00:05:58,510

incredible for those who don't know she

139

00:06:04,290 --> 00:06:01,450

wrote an extremely extensive book this

140

00:06:06,480 --> 00:06:04,300

past year that you know blew up was all

141

00:06:08,250 --> 00:06:06,490

over the media you know yes we had a

142

00:06:10,770 --> 00:06:08,260

recent New York Times article about UFOs

143

00:06:12,990 --> 00:06:10,780

but Cheryl had one earlier this year as

144

00:06:15,840 --> 00:06:13,000

well so I was really happy to see that

145

00:06:17,670 --> 00:06:15,850

she'll be there too yeah I think what

146

00:06:20,370 --> 00:06:17,680

she did was pretty extraordinary I mean

147

00:06:22,200 --> 00:06:20,380

the book was a huge effort I interviewed

148

00:06:24,030 --> 00:06:22,210

her I'm sure you did for the last couple

149

00:06:27,090 --> 00:06:24,040

years as she's been working on it and

150

00:06:30,420 --> 00:06:27,100

it's taken a long time to compile all of

151
00:06:32,640 --> 00:06:30,430
that information together but once the

152
00:06:34,500 --> 00:06:32,650
book came out the other side of things

153
00:06:36,990 --> 00:06:34,510
the other thing that she did that was

154
00:06:38,790 --> 00:06:37,000
really important I think extraordinary

155
00:06:41,130 --> 00:06:38,800
that she needs to get a lot of credit

156
00:06:44,100 --> 00:06:41,140
for it she went out there and marketed

157
00:06:46,440 --> 00:06:44,110
her book and she did what we all should

158
00:06:48,810 --> 00:06:46,450
be doing with her with information is

159
00:06:51,390 --> 00:06:48,820
first of all what she has is credible

160
00:06:53,520 --> 00:06:51,400
but getting out there and talking to

161
00:06:56,610 --> 00:06:53,530
those media outlets making them

162
00:07:00,060 --> 00:06:56,620
understand why this is important and

163
00:07:03,420 --> 00:07:00,070

then luckily she had success and New

164

00:07:05,160 --> 00:07:03,430

York Times and many many you know I put

165

00:07:08,820 --> 00:07:05,170

up these headlines practically every day

166

00:07:11,520 --> 00:07:08,830

of UFO stories in the news and all over

167

00:07:14,220 --> 00:07:11,530

the country even in some other countries

168

00:07:16,290 --> 00:07:14,230

there were stories about her book and

169

00:07:18,690 --> 00:07:16,300

one of the reasons why is they can open

170

00:07:21,270 --> 00:07:18,700

it up and look at it and say okay Mesa

171

00:07:23,730 --> 00:07:21,280

Arizona what sightings were out here and

172

00:07:26,970 --> 00:07:23,740

they can find that out so it's a great

173

00:07:29,940 --> 00:07:26,980

hand book it inspired a lot of very

174

00:07:33,000 --> 00:07:29,950

credible discussion around the country

175

00:07:35,130 --> 00:07:33,010

about this topic you know prior to that

176

00:07:38,130 --> 00:07:35,140

to the New York Times recent article and

177

00:07:39,960 --> 00:07:38,140

so she did something very important I

178

00:07:41,850 --> 00:07:39,970

think and I'm really proud of her and

179

00:07:43,920 --> 00:07:41,860

it's gonna be fun to have her back and

180

00:07:47,010 --> 00:07:43,930

talk about that experience absolutely

181

00:07:48,900 --> 00:07:47,020

she is a very passionate journalist and

182

00:07:49,740 --> 00:07:48,910

speaker I actually met her for the first

183

00:07:52,380 --> 00:07:49,750

time

184

00:07:54,480 --> 00:07:52,390

at your conference when she was speaking

185

00:07:56,310 --> 00:07:54,490

and I had no idea she was from my

186

00:07:58,260 --> 00:07:56,320

hometown so I mean we're like best

187

00:08:01,770 --> 00:07:58,270

friends now she goes to my parents house

188

00:08:03,960 --> 00:08:01,780

to have like coffee and tea it's amazing

189

00:08:06,090 --> 00:08:03,970

and talk to you of foes something my

190

00:08:08,100 --> 00:08:06,100

parents never had a keen interest in and

191

00:08:10,650 --> 00:08:08,110

now they're in man they are all waiting

192

00:08:14,370 --> 00:08:10,660

so Wow we've got some converts over at

193

00:08:16,470 --> 00:08:14,380

the spreg household for sure so another

194

00:08:19,530 --> 00:08:16,480

really interesting thing you got going

195

00:08:22,380 --> 00:08:19,540

on this year is the the Travis Walton

196

00:08:25,590 --> 00:08:22,390

panel now we've got Don Walton and Chuck

197

00:08:28,080 --> 00:08:25,600

Ellison two members of this case that

198

00:08:29,909 --> 00:08:28,090

really haven't spoken that much about it

199

00:08:31,290 --> 00:08:29,919

publicly so could you tell us a little

200

00:08:33,480 --> 00:08:31,300

about what to expect with this one

201

00:08:36,000 --> 00:08:33,490

alejandro yeah this one's really

202

00:08:37,709 --> 00:08:36,010

exciting we're gonna have you know it'll

203

00:08:39,390 --> 00:08:37,719

be kind of like a panel but they each

204

00:08:42,420 --> 00:08:39,400

get a share their experiences because

205

00:08:45,000 --> 00:08:42,430

they both had an important part of this

206

00:08:46,890 --> 00:08:45,010

case so Travis is one person we have

207

00:08:48,420 --> 00:08:46,900

back almost every year which is rare

208

00:08:50,790 --> 00:08:48,430

because we usually like to wait every

209

00:08:53,070 --> 00:08:50,800

three years or so before we have someone

210

00:08:55,560 --> 00:08:53,080

back which forces us to have fresh new

211

00:08:57,329 --> 00:08:55,570

speakers all of the time however these

212

00:08:59,880 --> 00:08:57,339

people related like you said have not

213

00:09:02,370 --> 00:08:59,890

spoken really they've only spoken once

214

00:09:05,220 --> 00:09:02,380

before so Karen the owner of the

215

00:09:07,410 --> 00:09:05,230

Congress she ran a conference for Travis

216

00:09:09,810 --> 00:09:07,420

40th anniversary confidence and she did

217

00:09:11,880 --> 00:09:09,820

a lot of work to find people who had

218

00:09:15,360 --> 00:09:11,890

never spoken before it hadn't been out

219

00:09:17,160 --> 00:09:15,370

about this there's a current and she

220

00:09:20,160 --> 00:09:17,170

found a lot of people and the two that

221

00:09:22,020 --> 00:09:20,170

she was able to get to come and talk who

222

00:09:24,690 --> 00:09:22,030

hadn't spoken before was Chuck Ellison

223

00:09:27,630 --> 00:09:24,700

and Don Walton Don Walton of course is

224

00:09:29,640 --> 00:09:27,640

Travis's brother he shared incredible

225

00:09:31,829 --> 00:09:29,650

experiences of what their family went

226

00:09:34,350 --> 00:09:31,839

through even having to almost get in a

227

00:09:37,470 --> 00:09:34,360

fight with reporters and stuff like this

228

00:09:39,450 --> 00:09:37,480

so very cool stuff to share and Chuck

229

00:09:41,640 --> 00:09:39,460

Ellison was amazing he was the police

230

00:09:43,470 --> 00:09:41,650

officer who was first on the scene so

231

00:09:45,300 --> 00:09:43,480

when those guys couldn't find Travis and

232

00:09:47,040 --> 00:09:45,310

they're freaking out they called the

233

00:09:49,290 --> 00:09:47,050

police and the police said okay meets

234

00:09:51,420 --> 00:09:49,300

one of our officers in this parking lot

235

00:09:54,120 --> 00:09:51,430

and the person they met was Chuck

236

00:09:56,850 --> 00:09:54,130

Ellison and none of these guys had seen

237

00:09:59,400 --> 00:09:56,860

Chuck Ellison for forty years since the

238

00:10:01,500 --> 00:09:59,410

event occurred they were for the first

239

00:10:03,240 --> 00:10:01,510

time met him at the conference and

240

00:10:08,040 --> 00:10:03,250

Travis had never met

241

00:10:10,980 --> 00:10:08,050

because you know he wasn't there so they

242

00:10:13,530 --> 00:10:10,990

had no idea what he was gonna say and I

243

00:10:15,210 --> 00:10:13,540

to me this adds to the credibility they

244

00:10:18,150 --> 00:10:15,220

didn't care I mean they didn't they

245

00:10:20,880 --> 00:10:18,160

weren't worried or afraid of what he

246

00:10:23,670 --> 00:10:20,890

would have to say and what he had to say

247

00:10:25,710 --> 00:10:23,680

was was incredible the Q&A the way he

248

00:10:28,920 --> 00:10:25,720

answered the questions if you're a

249

00:10:31,110 --> 00:10:28,930

subscriber to the UFO Congress video

250

00:10:33,690 --> 00:10:31,120

portal or if you came to that conference

251
00:10:36,270 --> 00:10:33,700
then you will have seen how incredible a

252
00:10:38,580 --> 00:10:36,280
moment it was so to have him back and to

253
00:10:41,370 --> 00:10:38,590
share this with this audience a bigger

254
00:10:43,050 --> 00:10:41,380
audience is really cool so yeah I think

255
00:10:45,420 --> 00:10:43,060
this is only the second time these guys

256
00:10:48,000 --> 00:10:45,430
have gone on stage to talk to audiences

257
00:10:49,950 --> 00:10:48,010
about this and they're in for a treat

258
00:10:50,490 --> 00:10:49,960
that's for sure cuz it's really good

259
00:10:53,460 --> 00:10:50,500
stuff

260
00:10:57,060 --> 00:10:53,470
absolutely and like you said I mean the

261
00:10:59,370 --> 00:10:57,070
guy hasn't talked about this in what 40

262
00:11:01,470 --> 00:10:59,380
years like you said that that's it's

263
00:11:04,020 --> 00:11:01,480

amazing that there has to be a reason

264

00:11:06,870 --> 00:11:04,030

that he is publicly speaking at UFO

265

00:11:09,150 --> 00:11:06,880

conferences now he must firmly believe

266

00:11:11,400 --> 00:11:09,160

that what happened to Travis happened

267

00:11:14,550 --> 00:11:11,410

and that there is something to this this

268

00:11:17,520 --> 00:11:14,560

wasn't this cover-up of a possible

269

00:11:19,950 --> 00:11:17,530

murder of Travis as many claimed back

270

00:11:21,630 --> 00:11:19,960

when it happened so I'm interested to

271

00:11:23,700 --> 00:11:21,640

hear what that what comes of that for

272

00:11:26,760 --> 00:11:23,710

sure well what was cool about last time

273

00:11:28,200 --> 00:11:26,770

also when when he did this is a lot of

274

00:11:30,150 --> 00:11:28,210

people have questions why did the police

275

00:11:32,760 --> 00:11:30,160

do this why did the police do that and

276

00:11:35,100 --> 00:11:32,770

he's able to answer the questions and

277

00:11:37,410 --> 00:11:35,110

and it makes sense and there are great

278

00:11:39,180 --> 00:11:37,420

questions that people ask that and that

279

00:11:41,579 --> 00:11:39,190

you know as someone not in law

280

00:11:43,470 --> 00:11:41,589

enforcement we wouldn't understand so I

281

00:11:45,510 --> 00:11:43,480

think that the our audience will do the

282

00:11:47,880 --> 00:11:45,520

same ask some great questions and Chuck

283

00:11:48,510 --> 00:11:47,890

will give some great answers so this is

284

00:11:51,690 --> 00:11:48,520

gonna be great

285

00:11:54,270 --> 00:11:51,700

I'm so excited about this absolutely and

286

00:11:56,610 --> 00:11:54,280

what I what I think is really cool this

287

00:12:00,350 --> 00:11:56,620

year Alejandro is a lot of people always

288

00:12:03,120 --> 00:12:00,360

think that the UFO field is wrought with

289

00:12:06,810 --> 00:12:03,130

let's just let's be honest it's a boys

290

00:12:08,610 --> 00:12:06,820

club but I was really excited to see the

291

00:12:10,800 --> 00:12:08,620

list of female speakers you have this

292

00:12:13,440 --> 00:12:10,810

year I mean you've got Yvonne Smith

293

00:12:16,600 --> 00:12:13,450

Jennifer Stein Alice truffle the

294

00:12:19,210 --> 00:12:16,610

daughter of and ruffle in my correct

295

00:12:21,880 --> 00:12:19,220

that is correct you know and I you know

296

00:12:25,900 --> 00:12:21,890

I've always strived to do this to bring

297

00:12:28,060 --> 00:12:25,910

make sure there that some cognizant of

298

00:12:29,829 --> 00:12:28,070

the issue of that there are too many men

299

00:12:32,500 --> 00:12:29,839

that speaker most of these conferences

300

00:12:35,889 --> 00:12:32,510

and so I do my best

301
00:12:38,680 --> 00:12:35,899
but Karen having Karen involved now she

302
00:12:40,449 --> 00:12:38,690
can do better than I can and there is a

303
00:12:43,380 --> 00:12:40,459
different perspective you know there is

304
00:12:47,620 --> 00:12:43,390
a different set of interests I think

305
00:12:49,900 --> 00:12:47,630
between the sexes the genders and so we

306
00:12:52,420 --> 00:12:49,910
do have a larger representation and I

307
00:12:54,910 --> 00:12:52,430
think as long as Karen's involved we

308
00:12:56,590 --> 00:12:54,920
will have that and so that is a positive

309
00:12:59,519 --> 00:12:56,600
because I think there has to be that

310
00:13:03,040 --> 00:12:59,529
balance so yeah we have a lot more

311
00:13:05,290 --> 00:13:03,050
female speakers yeah Nancy you have

312
00:13:07,300 --> 00:13:05,300
Nancy you have Susan J Palmer which is

313
00:13:09,400 --> 00:13:07,310

what I'm really really looking forward

314

00:13:13,000 --> 00:13:09,410

to no I know last year you spoke about

315

00:13:15,220 --> 00:13:13,010

aliens and religion and this seems like

316

00:13:18,220 --> 00:13:15,230

a really cool one she's gonna be talking

317

00:13:21,220 --> 00:13:18,230

about the contactee movement and cults

318

00:13:23,230 --> 00:13:21,230

the case of rail profits of UFO

319

00:13:25,480 --> 00:13:23,240

religions this is a sociological

320

00:13:28,000 --> 00:13:25,490

perspective of the alien phenomenon that

321

00:13:30,370 --> 00:13:28,010

not many people are familiar with so

322

00:13:32,889 --> 00:13:30,380

this is one I'm really looking forward

323

00:13:34,060 --> 00:13:32,899

to hearing hopefully in person again

324

00:13:36,519 --> 00:13:34,070

fingers crossed

325

00:13:40,180 --> 00:13:36,529

yeah are you excited about this one as

326

00:13:41,740 --> 00:13:40,190

well having spoken about yeah I you know

327

00:13:45,639 --> 00:13:41,750

my talk was about religion you're right

328

00:13:49,480 --> 00:13:45,649

and then and so she speaks on UFO

329

00:13:51,639 --> 00:13:49,490

religions and she had seen my talk and

330

00:13:53,530 --> 00:13:51,649

she had sent me a note and said I think

331

00:13:55,569 --> 00:13:53,540

you would think you know this stuff I'm

332

00:13:57,790 --> 00:13:55,579

working on is really interesting and so

333

00:13:59,650 --> 00:13:57,800

I brought her on the podcast and she was

334

00:14:02,439 --> 00:13:59,660

really interesting because even though

335

00:14:04,480 --> 00:14:02,449

she she literally embedded herself with

336

00:14:07,990 --> 00:14:04,490

the Raily and she joined to their group

337

00:14:10,060 --> 00:14:08,000

and got to know them and she also

338

00:14:13,300 --> 00:14:10,070

uncovered other interesting

339

00:14:15,370 --> 00:14:13,310

organizations based on UFOs or aliens

340

00:14:17,500 --> 00:14:15,380

and I think that's really important to

341

00:14:19,900 --> 00:14:17,510

look at the sociological aspect and I

342

00:14:23,829 --> 00:14:19,910

think people will be surprised she is an

343

00:14:26,769 --> 00:14:23,839

academic she's a professor in Canada but

344

00:14:28,569 --> 00:14:26,779

she isn't going to just poopoo or be

345

00:14:30,160 --> 00:14:28,579

negative she's actually a very positive

346

00:14:33,100 --> 00:14:30,170

person and she

347

00:14:34,990 --> 00:14:33,110

likes to try to understand people and I

348

00:14:37,690 --> 00:14:35,000

think that what she's gonna share is

349

00:14:39,610 --> 00:14:37,700

gonna be very interesting I find her

350

00:14:41,230 --> 00:14:39,620

work really interesting so I hope people

351

00:14:43,780 --> 00:14:41,240

really like it I think they will I think

352

00:14:45,850 --> 00:14:43,790

so to you it's definitely like a portion

353

00:14:48,579 --> 00:14:45,860

a subset of the topic that you don't

354

00:14:50,829 --> 00:14:48,589

hear about often so that's really cool

355

00:14:52,240 --> 00:14:50,839

you have Michael Carter who's going to

356

00:14:54,129 --> 00:14:52,250

be talking about the spiritual

357

00:14:56,620 --> 00:14:54,139

transformation of the experiencer

358

00:14:58,389 --> 00:14:56,630

Michael was a big part of my book was a

359

00:15:01,449 --> 00:14:58,399

big part of my lecture last year at

360

00:15:03,550 --> 00:15:01,459

numerous so that's really cool I know he

361

00:15:05,860 --> 00:15:03,560

sort of took a break from talking about

362

00:15:08,680 --> 00:15:05,870

this for a while but he's back it looks

363

00:15:10,329 --> 00:15:08,690

like he's ready to bring some news new

364

00:15:12,490 --> 00:15:10,339

revelations about what he's learned

365

00:15:14,350 --> 00:15:12,500

that's really cool to see him on the

366

00:15:16,449 --> 00:15:14,360

list Michael Carter is interesting too

367

00:15:18,910 --> 00:15:16,459

yeah again it is kind of religion and

368

00:15:20,889 --> 00:15:18,920

ufology but he's more about the Bible

369

00:15:22,810 --> 00:15:20,899

and he is kind of more about ancient

370

00:15:26,139 --> 00:15:22,820

aliens that's why he's on the television

371

00:15:29,379 --> 00:15:26,149

show which is something that I don't

372

00:15:33,670 --> 00:15:29,389

have as strong of an interested in as

373

00:15:36,519 --> 00:15:33,680

many however even though we don't

374

00:15:39,670 --> 00:15:36,529

necessarily share the common interests

375

00:15:42,819 --> 00:15:39,680

and on that respect there are many other

376

00:15:45,939 --> 00:15:42,829

things we do and he is just such an

377

00:15:49,090 --> 00:15:45,949

incredible person whenever I interview

378

00:15:50,380 --> 00:15:49,100

him I feel so I feel better I feel like

379

00:15:53,889 --> 00:15:50,390

a counseling session

380

00:15:56,290 --> 00:15:53,899

I just feel happy and positive and he is

381

00:15:59,170 --> 00:15:56,300

just an absolute wonderful person he's a

382

00:16:00,970 --> 00:15:59,180

great guy and so I think that the

383

00:16:03,759 --> 00:16:00,980

audience is gonna love him I have no

384

00:16:05,740 --> 00:16:03,769

doubt yeah he took a break and so we

385

00:16:07,449 --> 00:16:05,750

weren't able to get him I think it was

386

00:16:09,519 --> 00:16:07,459

last year the year before so as I've

387

00:16:11,139 --> 00:16:09,529

been trying to get him and so finally

388

00:16:12,550 --> 00:16:11,149

it's working out this year and I'm

389

00:16:15,400 --> 00:16:12,560

really happy about that

390

00:16:17,290 --> 00:16:15,410

I'm just happy to have his energy at our

391

00:16:20,050 --> 00:16:17,300

conference because you know he's a

392

00:16:22,300 --> 00:16:20,060

positive force with a big smile all the

393

00:16:23,650 --> 00:16:22,310

time and I know if I ever feel down I'm

394

00:16:26,170 --> 00:16:23,660

gonna be able to go talk to him and just

395

00:16:28,329 --> 00:16:26,180

feel great so yeah and the audience a

396

00:16:30,430 --> 00:16:28,339

lot of people have an interest in the

397

00:16:31,990 --> 00:16:30,440

ancient alien stuff and so they're you

398

00:16:35,019 --> 00:16:32,000

know David Hatcher Childress luckily

399

00:16:36,819 --> 00:16:35,029

lives nearby we have him a lot and he'll

400

00:16:39,579 --> 00:16:36,829

probably be passing by at the conference

401
00:16:41,290 --> 00:16:39,589
we get to luckily you know mingle in the

402
00:16:43,990 --> 00:16:41,300
same circle so we could hang out with

403
00:16:46,180 --> 00:16:44,000
him on occasion but Childress is always

404
00:16:48,100 --> 00:16:46,190
very popular when he comes to the

405
00:16:50,500 --> 00:16:48,110
conference so this will be a lot of fun

406
00:16:52,510 --> 00:16:50,510
I'm so happy to have Michael absolutely

407
00:16:55,600 --> 00:16:52,520
man and then I mean you got some

408
00:16:57,910 --> 00:16:55,610
veterans that you know never let us down

409
00:17:01,480 --> 00:16:57,920
you've got mr. bass it's gonna be there

410
00:17:02,530 --> 00:17:01,490
got uh William burns he got Don Schmidt

411
00:17:04,449 --> 00:17:02,540
that's awesome

412
00:17:06,699 --> 00:17:04,459
I can't we see what these guys have been

413
00:17:07,510 --> 00:17:06,709

up to you know Don's taking some heat we

414

00:17:09,850 --> 00:17:07,520

all know this

415

00:17:12,189 --> 00:17:09,860

yeah the past couple years so it's it's

416

00:17:13,990 --> 00:17:12,199

refreshing to see him coming back with

417

00:17:16,840 --> 00:17:14,000

something as interesting as talking

418

00:17:19,030 --> 00:17:16,850

about Jo Ann hi Nick did he know the

419

00:17:21,699 --> 00:17:19,040

truth about what he was investigating

420

00:17:23,439 --> 00:17:21,709

that's a question we've all had you know

421

00:17:26,050 --> 00:17:23,449

we had a wonderful book that came out

422

00:17:27,939 --> 00:17:26,060

about hi Nick this past year we've got

423

00:17:29,680 --> 00:17:27,949

this new blue book television series

424

00:17:32,230 --> 00:17:29,690

premiering I think this is a perfect

425

00:17:34,420 --> 00:17:32,240

time for what Don's doing I agree Hynek

426

00:17:36,460 --> 00:17:34,430

is a really important figure and one

427

00:17:38,320 --> 00:17:36,470

that I always try to focus on and remind

428

00:17:40,090 --> 00:17:38,330

people that he existed because he was

429

00:17:42,580 --> 00:17:40,100

he's essentially pretty much the

430

00:17:46,480 --> 00:17:42,590

grandfather of ufology at least civilian

431

00:17:48,790 --> 00:17:46,490

UFO research so he's very important many

432

00:17:50,890 --> 00:17:48,800

people don't know how close Don was that

433

00:17:53,500 --> 00:17:50,900

Don worked for him he was an actual

434

00:17:55,240 --> 00:17:53,510

investigator for him and so Don is the

435

00:17:57,250 --> 00:17:55,250

perfect person to talk about this a

436

00:18:00,280 --> 00:17:57,260

funny little side note is that Don

437

00:18:02,950 --> 00:18:00,290

Schmidt was working with Heineken Koufos

438

00:18:05,260 --> 00:18:02,960

when the Roswell incident became popular

439

00:18:07,480 --> 00:18:05,270

and he thought it was silly he thought

440

00:18:08,890 --> 00:18:07,490

they'd be able to go to Roswell for the

441

00:18:11,230 --> 00:18:08,900

weekend and debunk the whole thing

442

00:18:13,600 --> 00:18:11,240

little did he know it would begin to

443

00:18:15,130 --> 00:18:13,610

encompass his life you know like it has

444

00:18:18,070 --> 00:18:15,140

now and that's what he's known for

445

00:18:21,100 --> 00:18:18,080

so that ought to be great Bassitt of

446

00:18:23,730 --> 00:18:21,110

course is always so high energy and a

447

00:18:27,010 --> 00:18:23,740

lot of fun he's the biggest cheerleader

448

00:18:30,280 --> 00:18:27,020

you know people get so excited and and

449

00:18:33,420 --> 00:18:30,290

they get so jazzed up it's almost like a

450

00:18:35,980 --> 00:18:33,430

I would imagine like it is going to some

451
00:18:38,260 --> 00:18:35,990
evangelical church people just just so

452
00:18:39,820 --> 00:18:38,270
excited so of course that's gonna be

453
00:18:41,500 --> 00:18:39,830
great he's been gone he's been out of

454
00:18:43,780 --> 00:18:41,510
country for a while so it's gonna be

455
00:18:46,240 --> 00:18:43,790
cool to hear what he has to say when he

456
00:18:48,760 --> 00:18:46,250
gets back and who is the third person

457
00:18:50,910 --> 00:18:48,770
you mentioned that got Wilbur and Bill

458
00:18:53,770 --> 00:18:50,920
burns yeah bill burns rarely does

459
00:18:55,419 --> 00:18:53,780
conference appearances and you know

460
00:18:57,970 --> 00:18:55,429
luckily it's the importance of keeping

461
00:19:00,190 --> 00:18:57,980
open contact with people luckily I do

462
00:19:02,560 --> 00:19:00,200
keep in contact with bill birnes I was

463
00:19:03,280 --> 00:19:02,570

able to write a review or about his

464

00:19:06,430 --> 00:19:03,290

newest book

465

00:19:09,250 --> 00:19:06,440

Edison versus Tesla and the ghost phone

466

00:19:12,010 --> 00:19:09,260

type of thing they were working on on

467

00:19:13,659 --> 00:19:12,020

the Huffington Post and so we've kept in

468

00:19:15,490 --> 00:19:13,669

contact and I've been trying to get him

469

00:19:17,890 --> 00:19:15,500

at our conference for years he just

470

00:19:21,280 --> 00:19:17,900

doesn't do conferences really and so I'm

471

00:19:24,100 --> 00:19:21,290

super excited to have him his wife Nancy

472

00:19:25,990 --> 00:19:24,110

who I've never met I've talked with will

473

00:19:29,980 --> 00:19:26,000

be coming and I'm excited to meet her

474

00:19:33,400 --> 00:19:29,990

and he is he's got always got some very

475

00:19:35,680 --> 00:19:33,410

interesting perspectives and so I don't

476

00:19:40,000 --> 00:19:35,690

have any clue what he's gonna talk about

477

00:19:41,890 --> 00:19:40,010

but I know it will be controversial and

478

00:19:44,169 --> 00:19:41,900

I'm sure people who are gonna love it

479

00:19:45,730 --> 00:19:44,179

well that's it that's the trustee put in

480

00:19:47,590 --> 00:19:45,740

someone like Bill I mean he's gonna

481

00:19:49,480 --> 00:19:47,600

bring something to the table that are

482

00:19:53,650 --> 00:19:49,490

gonna leave people arguing for the whole

483

00:19:54,909 --> 00:19:53,660

week and that's what we need exactly one

484

00:19:56,680 --> 00:19:54,919

of the things you guys do there

485

00:19:59,500 --> 00:19:56,690

Alejandro is you bring people that we

486

00:20:01,930 --> 00:19:59,510

haven't heard from before and many

487

00:20:04,270 --> 00:20:01,940

people may have read some of his books

488

00:20:06,700 --> 00:20:04,280

but he hasn't done many lectures and

489

00:20:09,820 --> 00:20:06,710

that's my my friend and colleague Robbie

490

00:20:10,690 --> 00:20:09,830

Graham who I recently did some work with

491

00:20:13,510 --> 00:20:10,700

on a new book

492

00:20:16,090 --> 00:20:13,520

UFOs reframing the debate and this is

493

00:20:19,360 --> 00:20:16,100

pretty cool you've got him and Bryce is

494

00:20:21,280 --> 00:20:19,370

able to guys pretty well-known one in

495

00:20:25,030 --> 00:20:21,290

Hollywood and one who talks all about

496

00:20:27,850 --> 00:20:25,040

Hollywood and UFOs so that is a great

497

00:20:30,549 --> 00:20:27,860

deal right there yeah so that this is a

498

00:20:33,130 --> 00:20:30,559

lot of fun Bryce table of course is he's

499

00:20:34,870 --> 00:20:33,140

a good friend he's he's a Hollywood guy

500

00:20:37,720 --> 00:20:34,880

he used to be in charge of the Academy

501
00:20:41,049 --> 00:20:37,730
Awards he's making movies and TV shows

502
00:20:42,820 --> 00:20:41,059
but he's really into UFOs in fact he's

503
00:20:45,039 --> 00:20:42,830
working on a Betty and Barney Hill movie

504
00:20:46,990 --> 00:20:45,049
right now and Dan Aykroyd said he's

505
00:20:49,450 --> 00:20:47,000
interested and said the script was

506
00:20:52,150 --> 00:20:49,460
amazing and is trying to help him to get

507
00:20:53,799 --> 00:20:52,160
Spielberg to direct it so I don't know

508
00:20:56,409 --> 00:20:53,809
if that'll happen but this is some

509
00:20:58,990 --> 00:20:56,419
recent news that say Bryce was able to

510
00:21:01,630 --> 00:20:59,000
share with us so Bryce is gonna be great

511
00:21:03,669 --> 00:21:01,640
he's high-energy last time he spoke was

512
00:21:06,220 --> 00:21:03,679
a few years ago and it's still to this

513
00:21:09,159 --> 00:21:06,230

date the best PowerPoint I've ever seen

514

00:21:11,410 --> 00:21:09,169

and I know this PowerPoint he's working

515

00:21:13,890 --> 00:21:11,420

on is really he uses the AV

516

00:21:16,300 --> 00:21:13,900

stuff in it really well and so I think

517

00:21:18,280 --> 00:21:16,310

you know just for the Barrett Boyd alone

518

00:21:19,930 --> 00:21:18,290

I thought his talk last time was amazing

519

00:21:22,210 --> 00:21:19,940

so I'm I know he's going to be great

520

00:21:24,220 --> 00:21:22,220

high energy this year too we put him

521

00:21:26,320 --> 00:21:24,230

right before the speaker banquet on

522

00:21:28,690 --> 00:21:26,330

Wednesday night because that way we have

523

00:21:31,210 --> 00:21:28,700

this good high energy going into it and

524

00:21:33,010 --> 00:21:31,220

then Robbie speaking of controversy

525

00:21:35,710 --> 00:21:33,020

Robby Graham wants to be very

526

00:21:37,990 --> 00:21:35,720

controversial and so this ought to be

527

00:21:39,340 --> 00:21:38,000

interesting and what the heck like you

528

00:21:42,460 --> 00:21:39,350

said controversial he's good it gets

529

00:21:46,420 --> 00:21:42,470

people talking he it's kind of his first

530

00:21:49,660 --> 00:21:46,430

and last talk in ufology he says that he

531

00:21:51,400 --> 00:21:49,670

might get out of UFOs altogether we'll

532

00:21:52,720 --> 00:21:51,410

see if that happens people have said

533

00:21:57,580 --> 00:21:52,730

they're gonna get out and they haven't

534

00:22:00,070 --> 00:21:57,590

before Paul said that that error there

535

00:22:03,010 --> 00:22:00,080

I've said it probably dozens of times

536

00:22:05,800 --> 00:22:03,020

yeah but so he's gonna be great I'm

537

00:22:07,630 --> 00:22:05,810

really excited at I I don't think he's

538

00:22:09,910 --> 00:22:07,640

the type you'll really offend people and

539

00:22:12,370 --> 00:22:09,920

it's funny because sometimes people like

540

00:22:14,080 --> 00:22:12,380

him who are professional they feel like

541

00:22:16,780 --> 00:22:14,090

they're gonna be harsh but they're not

542

00:22:19,300 --> 00:22:16,790

as harsh as as you know others who are

543

00:22:22,780 --> 00:22:19,310

less professional are that comes across

544

00:22:24,880 --> 00:22:22,790

as just thoughtful and he is a very

545

00:22:26,980 --> 00:22:24,890

thoughtful intelligent thinker and

546

00:22:28,600 --> 00:22:26,990

that's what's great about Robby so this

547

00:22:30,250 --> 00:22:28,610

is going to be exciting absolutely the

548

00:22:33,580 --> 00:22:30,260

British accent doesn't hurt either

549

00:22:35,440 --> 00:22:33,590

yeah softens the blow yeah I'm really

550

00:22:37,180 --> 00:22:35,450

looking forward to me hopefully meeting

551

00:22:39,370 --> 00:22:37,190

Robby in person for the first time so

552

00:22:41,110 --> 00:22:39,380

that's great we've got a few more names

553

00:22:43,000 --> 00:22:41,120

here before I want to get to some prime

554

00:22:44,740 --> 00:22:43,010

ones that I know both you and I

555

00:22:47,650 --> 00:22:44,750

discussed we're really looking forward

556

00:22:50,800 --> 00:22:47,660

to we've got hooked on octagon from

557

00:22:52,930 --> 00:22:50,810

Turkey that's pretty awesome mm-hmm

558

00:22:55,150 --> 00:22:52,940

have you seen him talk before or

559

00:22:57,160 --> 00:22:55,160

anything I've never heard him talk but

560

00:22:59,320 --> 00:22:57,170

I've read several articles pertaining to

561

00:23:01,870 --> 00:22:59,330

what he's doing which i think is amazing

562

00:23:04,900 --> 00:23:01,880

again I think if this is a very Western

563

00:23:06,940 --> 00:23:04,910

phenomenon to see that these things are

564

00:23:10,030 --> 00:23:06,950

happening all over the world and being

565

00:23:12,460 --> 00:23:10,040

investigated that's extremely important

566

00:23:14,590 --> 00:23:12,470

and very exciting that's really cool

567

00:23:15,910 --> 00:23:14,600

yeah we've got dr. Bob Gross who've

568

00:23:18,010 --> 00:23:15,920

you've got who's gonna be talking about

569

00:23:22,090 --> 00:23:18,020

Kecksburg that's pretty cool he's a

570

00:23:23,860 --> 00:23:22,100

scientist you have a aerospace engineer

571

00:23:25,510 --> 00:23:23,870

TL Keller is gonna be talking about the

572

00:23:27,670 --> 00:23:25,520

that what what the hi

573

00:23:29,830 --> 00:23:27,680

pathetical you know propulsion that

574

00:23:31,600 --> 00:23:29,840

these craft might be using yeah

575

00:23:34,090 --> 00:23:31,610

essentially he's and he's gonna be

576

00:23:37,450 --> 00:23:34,100

talking about could you know he's gonna

577

00:23:40,630 --> 00:23:37,460

be speaking about could you know some of

578

00:23:44,230 --> 00:23:40,640

these things be top-secret military

579

00:23:46,120 --> 00:23:44,240

aircraft and or are they not and that's

580

00:23:49,750 --> 00:23:46,130

kind of what he's going to be exploring

581

00:23:52,810 --> 00:23:49,760

and if he's a an engineer an aerospace

582

00:23:55,420 --> 00:23:52,820

engineer so he's definitely the type of

583

00:23:58,330 --> 00:23:55,430

person who is qualified to speak on that

584

00:24:00,280 --> 00:23:58,340

topic I would say so for sure I mean and

585

00:24:02,230 --> 00:24:00,290

you could even connect Susy Hansen who

586

00:24:04,120 --> 00:24:02,240

you have speaking as well in terms of

587

00:24:06,850 --> 00:24:04,130

alien technology she seems to be looking

588

00:24:09,430 --> 00:24:06,860

at more as a a consciousness thing which

589

00:24:12,070 --> 00:24:09,440

i think is pretty cool too we hear more

590

00:24:14,560 --> 00:24:12,080

and more about this the past x-files

591

00:24:15,280 --> 00:24:14,570

episode this new season dealt with this

592

00:24:16,990 --> 00:24:15,290

as well

593

00:24:18,850 --> 00:24:17,000

you know uploading a consciousness to

594

00:24:21,880 --> 00:24:18,860

something and this is how people can

595

00:24:24,700 --> 00:24:21,890

communicate and travel if their body has

596

00:24:26,830 --> 00:24:24,710

moved on these are things that are

597

00:24:28,780 --> 00:24:26,840

extremely fascinating and things we

598

00:24:31,420 --> 00:24:28,790

don't necessarily always connect to the

599

00:24:34,210 --> 00:24:31,430

UFO phenomenon so that's pretty cool too

600

00:24:35,740 --> 00:24:34,220

again getting different perspectives is

601
00:24:38,590 --> 00:24:35,750
what I think is important and what you

602
00:24:40,330 --> 00:24:38,600
guys do best exactly and they are very

603
00:24:42,220 --> 00:24:40,340
different perspectives for instance

604
00:24:44,710 --> 00:24:42,230
especially these two you brought up dr.

605
00:24:46,780 --> 00:24:44,720
gross is gonna be debunking essentially

606
00:24:50,110 --> 00:24:46,790
Kecksburg but he has some very

607
00:24:52,390 --> 00:24:50,120
compelling information and he's got an

608
00:24:54,610 --> 00:24:52,400
end he's found some other interesting

609
00:24:56,700 --> 00:24:54,620
things that he wants to share now he is

610
00:24:59,410 --> 00:24:56,710
a UFO investigator he believes very

611
00:25:02,350 --> 00:24:59,420
strongly that this phenomena is is a

612
00:25:04,510 --> 00:25:02,360
real deal but like the rest of us when

613
00:25:06,040 --> 00:25:04,520

we investigate cases to kind of

614

00:25:07,900 --> 00:25:06,050

demonstrate that they're they're

615

00:25:10,210 --> 00:25:07,910

genuinely mysterious and then we find

616

00:25:12,850 --> 00:25:10,220

out otherwise we also get excited to

617

00:25:14,260 --> 00:25:12,860

share that information so I think that

618

00:25:15,850 --> 00:25:14,270

he'll be controversial and of course

619

00:25:17,650 --> 00:25:15,860

Susy will be controversial because she's

620

00:25:19,900 --> 00:25:17,660

going to be talking about speaking with

621

00:25:22,000 --> 00:25:19,910

aliens and alien abduction and stuff

622

00:25:24,160 --> 00:25:22,010

like that she's all the way from New

623

00:25:25,540 --> 00:25:24,170

Zealand so it's a rare treat to people

624

00:25:28,270 --> 00:25:25,550

for people to get to meet her personally

625

00:25:31,390 --> 00:25:28,280

but she has worked with scientists such

626

00:25:35,500 --> 00:25:31,400

as dr. Rudi Shield on her theory so

627

00:25:37,390 --> 00:25:35,510

she's been a careful she's tried to kind

628

00:25:38,409 --> 00:25:37,400

of bring that credibility to what she's

629

00:25:40,570 --> 00:25:38,419

doing that's great

630

00:25:43,509 --> 00:25:40,580

and I mean look he got New Zealand

631

00:25:45,039 --> 00:25:43,519

Turkey England you guys are really going

632

00:25:47,560 --> 00:25:45,049

international this year and I think

633

00:25:50,200 --> 00:25:47,570

that's it's in the name it's there and

634

00:25:53,470 --> 00:25:50,210

I'm really excited for that I'm also

635

00:25:56,560 --> 00:25:53,480

very excited about two of your speakers

636

00:26:00,190 --> 00:25:56,570

now one of them is in the film biz one

637

00:26:04,720 --> 00:26:00,200

is not but this film this TV special

638

00:26:06,970 --> 00:26:04,730

scared the living was a kid I thought it

639

00:26:10,299 --> 00:26:06,980

was real and I thought it was real and

640

00:26:12,820 --> 00:26:10,309

now I'm learning that maybe it was at

641

00:26:14,979 --> 00:26:12,830

least based on a real event this is Dean

642

00:26:17,830 --> 00:26:14,989

Alioto he's gonna be talking about his

643

00:26:20,470 --> 00:26:17,840

famous alien abduction found footage

644

00:26:22,359 --> 00:26:20,480

film and the conspiracy behind it how

645

00:26:24,759 --> 00:26:22,369

did you get in touch with this guy he

646

00:26:27,789 --> 00:26:24,769

got in touch with me which is a really

647

00:26:31,450 --> 00:26:27,799

cool and he said hey I'm the guy who who

648

00:26:32,979 --> 00:26:31,460

made that you know this film and I would

649

00:26:34,899 --> 00:26:32,989

like to I've never talked about it

650

00:26:36,820 --> 00:26:34,909

people are always talking to me about it

651

00:26:39,849 --> 00:26:36,830

I know there's this conspiracy theory

652

00:26:42,970 --> 00:26:39,859

that it's real and I want to clear the

653

00:26:45,159 --> 00:26:42,980

air and I've got this whole idea of how

654

00:26:47,259 --> 00:26:45,169

I want to do this and talk about it

655

00:26:49,690 --> 00:26:47,269

that'll be a lot of fun and would you be

656

00:26:52,690 --> 00:26:49,700

willing to have me do that and of course

657

00:26:56,649 --> 00:26:52,700

I was just like that's a no-brainer

658

00:27:00,729 --> 00:26:56,659

of course because I'm like you that show

659

00:27:03,249 --> 00:27:00,739

and it was found footage first-person

660

00:27:06,279 --> 00:27:03,259

like Blair which many many many years

661

00:27:08,289 --> 00:27:06,289

before the Blair Witch and it was scary

662

00:27:10,210 --> 00:27:08,299

now I didn't think it was real but I was

663

00:27:12,310 --> 00:27:10,220

kind of like is this real is it not you

664

00:27:14,560 --> 00:27:12,320

know and watching it by myself at night

665

00:27:16,779 --> 00:27:14,570

I was a few years older than you so I

666

00:27:20,080 --> 00:27:16,789

think I was a teenager by then and it

667

00:27:22,269 --> 00:27:20,090

was really really freaky and what but

668

00:27:23,440 --> 00:27:22,279

here's you know at once it the show was

669

00:27:26,379 --> 00:27:23,450

over it

670

00:27:30,759 --> 00:27:26,389

they had credits and in the credits you

671

00:27:33,700 --> 00:27:30,769

saw alien one alien to alien 3 so that

672

00:27:36,519 --> 00:27:33,710

confirmed my suspicions but there are a

673

00:27:39,759 --> 00:27:36,529

lot of people I guess even at the

674

00:27:42,039 --> 00:27:39,769

Congress years before we had it there

675

00:27:44,379 --> 00:27:42,049

was a couple of people who came up and

676

00:27:47,080 --> 00:27:44,389

did a whole lecture about how this

677

00:27:48,759 --> 00:27:47,090

videos real and so that's one of the

678

00:27:51,129 --> 00:27:48,769

reasons he thought it would be funny to

679

00:27:52,390 --> 00:27:51,139

come to the conference and say look guys

680

00:27:55,420 --> 00:27:52,400

this is my shoe

681

00:27:57,100 --> 00:27:55,430

project however like you said he wants

682

00:27:58,840 --> 00:27:57,110

to share that this is I didn't just make

683

00:28:01,030 --> 00:27:58,850

this up obviously it's because I'm

684

00:28:04,120 --> 00:28:01,040

interested in the topic and he's going

685

00:28:06,070 --> 00:28:04,130

to be sharing his uh you know his whole

686

00:28:08,020 --> 00:28:06,080

background and how this all worked in it

687

00:28:10,570 --> 00:28:08,030

and he shared some of that with me and

688

00:28:13,390 --> 00:28:10,580

it's really really interesting and I

689

00:28:15,250 --> 00:28:13,400

think it's some insight into you know in

690

00:28:17,680 --> 00:28:15,260

this case a filmmaker who brought his

691

00:28:21,250 --> 00:28:17,690

passion which was his interest in UFOs

692

00:28:23,470 --> 00:28:21,260

and aliens into his work and just kind

693

00:28:27,910 --> 00:28:23,480

of the really weird situation that that

694

00:28:30,430 --> 00:28:27,920

it created I I can't wait to hear about

695

00:28:32,440 --> 00:28:30,440

them and so cool as a fellow filmmaker I

696

00:28:34,900 --> 00:28:32,450

love to hear the process and when it

697

00:28:37,360 --> 00:28:34,910

comes to the alien topic even more so

698

00:28:41,110 --> 00:28:37,370

that's really cool sorry the last guy I

699

00:28:44,290 --> 00:28:41,120

want to focus on here Alejandro is Alan

700

00:28:46,930 --> 00:28:44,300

halt this is really cool Amy mired NASA

701
00:28:49,180 --> 00:28:46,940
project manager what is he gonna be

702
00:28:53,410 --> 00:28:49,190
talking about yeah this is really cool

703
00:28:55,810 --> 00:28:53,420
so Alan Holt has been around and you you

704
00:28:57,850 --> 00:28:55,820
know people don't know this because he's

705
00:29:00,940 --> 00:28:57,860
been kind of behind the scenes he's been

706
00:29:03,430 --> 00:29:00,950
a consultant for MUFON he's worked with

707
00:29:05,620 --> 00:29:03,440
a lot of the other names big names in

708
00:29:07,030 --> 00:29:05,630
this field that we would recognize but

709
00:29:08,890 --> 00:29:07,040
he's always worked in the background

710
00:29:11,560 --> 00:29:08,900
because he's been working for NASA for

711
00:29:13,780 --> 00:29:11,570
decades well he's finally retired and

712
00:29:16,419 --> 00:29:13,790
again this is someone that Karen was

713
00:29:19,030 --> 00:29:16,429

friends with Karen found and he hasn't

714

00:29:21,610 --> 00:29:19,040

really wanted to come out and talk about

715

00:29:23,049 --> 00:29:21,620

his interest and his discoveries but she

716

00:29:24,669 --> 00:29:23,059

was able to talk him into it and now

717

00:29:27,070 --> 00:29:24,679

he's more willing to do it now that he's

718

00:29:28,320 --> 00:29:27,080

retired so finally for the first time

719

00:29:31,060 --> 00:29:28,330

even though he's been in the background

720

00:29:34,900 --> 00:29:31,070

for a while he's going to come and share

721

00:29:37,480 --> 00:29:34,910

his thoughts so really his his title of

722

00:29:39,310 --> 00:29:37,490

his talk and his description is a little

723

00:29:41,710 --> 00:29:39,320

enigmatic you know it's a little vague

724

00:29:45,790 --> 00:29:41,720

and I think that that is purposeful on

725

00:29:48,220 --> 00:29:45,800

his part but I'm very confident that his

726

00:29:50,770 --> 00:29:48,230

talk is going to be really interesting

727

00:29:53,380 --> 00:29:50,780

and I'm just hoping that and and I

728

00:29:55,690 --> 00:29:53,390

believe that he'll be continued now that

729

00:29:57,130 --> 00:29:55,700

he's retired to be more involved with

730

00:30:00,550 --> 00:29:57,140

this field and he's going to be a great

731

00:30:03,040 --> 00:30:00,560

asset for us all who are doing you know

732

00:30:05,470 --> 00:30:03,050

some serious research so yeah this is

733

00:30:06,220 --> 00:30:05,480

great this is really really good at this

734

00:30:07,659 --> 00:30:06,230

is going to be

735

00:30:10,480 --> 00:30:07,669

another one that's gonna be terribly

736

00:30:11,830 --> 00:30:10,490

interesting awesome again can't wait if

737

00:30:13,840 --> 00:30:11,840

I can't make it to that one I would

738

00:30:17,049 --> 00:30:13,850

definitely be getting the DVD of that

739

00:30:19,000 --> 00:30:17,059

one or people can go to the video portal

740

00:30:21,310 --> 00:30:19,010

and for just a few bucks you can have

741

00:30:24,430 --> 00:30:21,320

access to all those videos and past

742

00:30:26,919 --> 00:30:24,440

videos so that's including yours yes yes

743

00:30:28,690 --> 00:30:26,929

I completely forgot about that yes that

744

00:30:31,240 --> 00:30:28,700

from all different years as well am I

745

00:30:33,460 --> 00:30:31,250

correct mmm-hmm you are correct yeah now

746

00:30:35,020 --> 00:30:33,470

we have I believe I mentioned her but we

747

00:30:37,120 --> 00:30:35,030

have Jennifer Stein talking about crop

748

00:30:40,120 --> 00:30:37,130

circles always great to hear from her

749

00:30:43,240 --> 00:30:40,130

amazing documentarian and then we have

750

00:30:45,430 --> 00:30:43,250

our two regulars we have Ben Hansen and

751

00:30:47,890 --> 00:30:45,440

Yvonne Smith Yvonne will be doing the

752

00:30:50,049 --> 00:30:47,900

experiencer sessions I assume yep you're

753

00:30:52,120 --> 00:30:50,059

right yep which is always cool I've sat

754

00:30:53,650 --> 00:30:52,130

in on a few of those you know the press

755

00:30:55,720 --> 00:30:53,660

is not allowed into these events it's

756

00:30:58,000 --> 00:30:55,730

very personal that's where you get to

757

00:31:00,130 --> 00:30:58,010

hear people talk about their experiences

758

00:31:02,140 --> 00:31:00,140

whether it's an abduction experience a

759

00:31:04,270 --> 00:31:02,150

close encounter it's a safe place for

760

00:31:06,190 --> 00:31:04,280

people to come together and talk about

761

00:31:10,180 --> 00:31:06,200

it really cool

762

00:31:11,620 --> 00:31:10,190

Yvonne's an amazing amazing person I if

763

00:31:13,450 --> 00:31:11,630

I were ever to have an abduction

764

00:31:15,970 --> 00:31:13,460

experience that is the person that would

765

00:31:18,460 --> 00:31:15,980

want to talk and then we have been heads

766

00:31:21,159 --> 00:31:18,470

and doing the night sky watch yep yep Oh

767

00:31:24,580 --> 00:31:21,169

as usual yep we always have him doing

768

00:31:26,950 --> 00:31:24,590

that and a bond and also moderates the

769

00:31:28,990 --> 00:31:26,960

abduction panel that we we host we have

770

00:31:30,640 --> 00:31:29,000

one every year for the abduction

771

00:31:32,919 --> 00:31:30,650

researchers to get together and kind of

772

00:31:34,510 --> 00:31:32,929

talk and to be able to answer questions

773

00:31:36,280 --> 00:31:34,520

and that kind of gets back to your other

774

00:31:38,020 --> 00:31:36,290

point about having the panel's because

775

00:31:39,220 --> 00:31:38,030

we always tell the speakers they're like

776

00:31:40,750 --> 00:31:39,230

I would like to answer some questions

777

00:31:42,820 --> 00:31:40,760

from the audience and I tell them that's

778

00:31:45,460 --> 00:31:42,830

fine but you got to put it make that

779

00:31:48,220 --> 00:31:45,470

room in your talk and they never do

780

00:31:49,930 --> 00:31:48,230

never they take up the whole time so we

781

00:31:52,690 --> 00:31:49,940

like to do the panel's because that's

782

00:31:54,100 --> 00:31:52,700

where a lot of the panels are Q&A from

783

00:31:57,159 --> 00:31:54,110

the audience so that's where they can

784

00:31:58,900 --> 00:31:57,169

ask their questions I love it I love and

785

00:32:01,570 --> 00:31:58,910

then bent awesome and of course the

786

00:32:03,370 --> 00:32:01,580

night vision stuff is so fun and of

787

00:32:06,250 --> 00:32:03,380

course if you're in the market for some

788

00:32:08,650 --> 00:32:06,260

night-vision equipment he can advise you

789

00:32:10,570 --> 00:32:08,660

and even sell it to you it's so cool and

790

00:32:13,810 --> 00:32:10,580

you get to test it too and no matter

791

00:32:14,680 --> 00:32:13,820

what you are going to see something that

792

00:32:16,870 --> 00:32:14,690

is a given

793

00:32:20,029 --> 00:32:16,880

what that something might be of course

794

00:32:22,219 --> 00:32:20,039

that always remains you know

795

00:32:24,499 --> 00:32:22,229

maduk but you will see something so

796

00:32:26,840 --> 00:32:24,509

definitely check that out if you can so

797

00:32:28,279 --> 00:32:26,850

before we get to the big news of the

798

00:32:29,810 --> 00:32:28,289

conference alejandro i want to talk a

799

00:32:32,629 --> 00:32:29,820

little bit about the film festival now

800

00:32:36,139 --> 00:32:32,639

this is what I helped with every year I

801
00:32:38,210 --> 00:32:36,149
helped run this and it's so much fun to

802
00:32:41,210 --> 00:32:38,220
see all these amazing films about aliens

803
00:32:42,440 --> 00:32:41,220
UFOs so I'd love to hear what do you got

804
00:32:44,539 --> 00:32:42,450
for us this year that you'll be

805
00:32:47,149 --> 00:32:44,549
screening at the conference we have a

806
00:32:49,549 --> 00:32:47,159
lot of films and I haven't had the time

807
00:32:52,159 --> 00:32:49,559
and I out get this up hopefully tomorrow

808
00:32:55,549 --> 00:32:52,169
a list of the films that we've got for

809
00:32:58,639 --> 00:32:55,559
because we do have them finalized at UFO

810
00:33:01,549 --> 00:32:58,649
Congress calm so we've got like seven

811
00:33:04,460 --> 00:33:01,559
short films and three long-form films

812
00:33:07,219 --> 00:33:04,470
and the production value is really high

813
00:33:10,009 --> 00:33:07,229

on the film's this year about half of

814

00:33:13,369 --> 00:33:10,019

them are narratives so they are

815

00:33:14,989 --> 00:33:13,379

fictional movies but they're really

816

00:33:17,749 --> 00:33:14,999

interesting and then the other half are

817

00:33:19,669 --> 00:33:17,759

documentaries documentaries typically do

818

00:33:22,779 --> 00:33:19,679

better at the conference so we'll see

819

00:33:25,969 --> 00:33:22,789

what happens but some really interesting

820

00:33:29,539 --> 00:33:25,979

entries and I don't I think there's only

821

00:33:32,029 --> 00:33:29,549

one person in our list of films that has

822

00:33:33,859 --> 00:33:32,039

submitted a film before and that's a lot

823

00:33:35,659 --> 00:33:33,869

of fun because a lot of times we have

824

00:33:39,289 --> 00:33:35,669

the same filmmakers coming back but

825

00:33:41,779 --> 00:33:39,299

these are all new people so really good

826

00:33:45,139 --> 00:33:41,789

stuff we've got you know documentaries

827

00:33:51,349 --> 00:33:45,149

on secret space program on consciousness

828

00:33:54,799 --> 00:33:51,359

and et contact on disclosure on a lot of

829

00:33:57,080 --> 00:33:54,809

different things and some comedies we do

830

00:33:59,450 --> 00:33:57,090

have a couple people Joshua Warren who's

831

00:34:01,639 --> 00:33:59,460

a well-known paranormal researcher he

832

00:34:04,039 --> 00:34:01,649

submitted a short film and then also

833

00:34:06,799 --> 00:34:04,049

Oliver Marshall I don't know if you

834

00:34:10,039 --> 00:34:06,809

remember him the guy from England has he

835

00:34:13,099 --> 00:34:10,049

accent the younger guy kind of a I think

836

00:34:15,619 --> 00:34:13,109

he's bald and he would come and to the

837

00:34:18,440 --> 00:34:15,629

conference's all the time and and he

838

00:34:21,049 --> 00:34:18,450

actually shot a film and finished it

839

00:34:23,629 --> 00:34:21,059

he's been working on this for years used

840

00:34:25,039 --> 00:34:23,639

to go to all the UFO conferences and so

841

00:34:26,809 --> 00:34:25,049

I'm really excited for him that he's

842

00:34:29,269 --> 00:34:26,819

finally finished this and you can tell

843

00:34:31,549 --> 00:34:29,279

he put a lot of work into it and I think

844

00:34:33,990 --> 00:34:31,559

especially you as a filmmaker for a

845

00:34:37,020 --> 00:34:34,000

first film I think it's impressive

846

00:34:38,879 --> 00:34:37,030

so this ought to be a lot of fun I'm

847

00:34:41,099 --> 00:34:38,889

just I always get excited to see what

848

00:34:44,490 --> 00:34:41,109

the reaction that people have to the

849

00:34:47,010 --> 00:34:44,500

films will be absolutely and again it's

850

00:34:49,619 --> 00:34:47,020

bringing new people into the field and

851

00:34:51,510 --> 00:34:49,629

also these films can be distributed

852

00:34:53,190 --> 00:34:51,520

worldwide so that's just getting the

853

00:34:55,349 --> 00:34:53,200

message out even more even if it's

854

00:34:58,620 --> 00:34:55,359

fiction there's something to be gleaned

855

00:35:01,319 --> 00:34:58,630

from that always you know we live in a

856

00:35:04,410 --> 00:35:01,329

field wrought with half-truths and

857

00:35:07,230 --> 00:35:04,420

trying to decode what might be in that

858

00:35:09,059 --> 00:35:07,240

fiction so no matter what I have no

859

00:35:11,099 --> 00:35:09,069

doubt that it's going to be an awesome

860

00:35:13,260 --> 00:35:11,109

set of films and I look forward to

861

00:35:16,170 --> 00:35:13,270

seeing who gets up there with the alien

862

00:35:18,150 --> 00:35:16,180

statue this year the EBE Awards always

863

00:35:20,490 --> 00:35:18,160

love that it's like our our version of

864

00:35:23,550 --> 00:35:20,500

the Oscars right yeah and it's a lot of

865

00:35:26,010 --> 00:35:23,560

fun to award the people with them and it

866

00:35:28,170 --> 00:35:26,020

is it's gonna be fun the big news that

867

00:35:30,870 --> 00:35:28,180

you dropped on us this week at your

868

00:35:34,589 --> 00:35:30,880

website the open minds TV was that and

869

00:35:37,530 --> 00:35:34,599

UFO Congress calm is you got the one and

870

00:35:39,630 --> 00:35:37,540

only man responsible for this I mean not

871

00:35:43,230 --> 00:35:39,640

the only one but definitely the man

872

00:35:46,260 --> 00:35:43,240

behind the Pentagon secret UFO program

873

00:35:49,140 --> 00:35:46,270

tell us how this happened yeah this is

874

00:35:51,089 --> 00:35:49,150

definitely the man of the hour so I

875

00:35:52,920 --> 00:35:51,099

can't reveal all of the way that I

876

00:35:54,900 --> 00:35:52,930

received and that's what's funny about

877

00:35:56,520 --> 00:35:54,910

all of this so for instance I just

878

00:35:58,740 --> 00:35:56,530

interviewed Leslie came for my podcast

879

00:36:00,720 --> 00:35:58,750

there's a lot that she can't share

880

00:36:02,670 --> 00:36:00,730

there's certain things that Louise can't

881

00:36:04,680 --> 00:36:02,680

share I've been talking with Tom DeLonge

882

00:36:06,809 --> 00:36:04,690

there are certain things he can't share

883

00:36:09,599 --> 00:36:06,819

but really luckily I've been talking

884

00:36:12,390 --> 00:36:09,609

with Tom and it's kind of through that

885

00:36:15,210 --> 00:36:12,400

relationship and through some sleuthing

886

00:36:18,510 --> 00:36:15,220

on my own that I was able to get a hold

887

00:36:19,859 --> 00:36:18,520

of him but what was really cool was you

888

00:36:21,750 --> 00:36:19,869

know I asked him if he would want to be

889

00:36:24,990 --> 00:36:21,760

involved with the conference and it was

890

00:36:28,440 --> 00:36:25,000

a no-brainer for him he was so excited

891

00:36:30,839 --> 00:36:28,450

he wanted people to know that people

892

00:36:33,540 --> 00:36:30,849

that research UFOs are and are into this

893

00:36:35,870 --> 00:36:33,550

topic were an inspiration to him that

894

00:36:38,490 --> 00:36:35,880

they could sacrifice or you know

895

00:36:40,980 --> 00:36:38,500

jeopardize their reputation and their

896

00:36:43,349 --> 00:36:40,990

relationships to be into this field and

897

00:36:46,680 --> 00:36:43,359

to investigate it and he says that

898

00:36:47,670 --> 00:36:46,690

inspired him to bring you know what he's

899

00:36:49,859 --> 00:36:47,680

brought to the public

900

00:36:51,990 --> 00:36:49,869

this this whole revelation that the

901
00:36:54,089 --> 00:36:52,000
Department of Defense has been taking

902
00:36:58,319 --> 00:36:54,099
UFO seriously in researching him for

903
00:37:02,190 --> 00:36:58,329
years and so he is a very very humble

904
00:37:04,049 --> 00:37:02,200
person he is just really cool so he was

905
00:37:05,430 --> 00:37:04,059
very excited to speak with the

906
00:37:08,549 --> 00:37:05,440
conference there have been some

907
00:37:11,250 --> 00:37:08,559
gatekeepers in place and so it was great

908
00:37:14,280 --> 00:37:11,260
when we could finally connect because he

909
00:37:16,079 --> 00:37:14,290
had told me that he had expressed to

910
00:37:17,579 --> 00:37:16,089
people that he wanted to be involved

911
00:37:19,440 --> 00:37:17,589
with the conference because I've been

912
00:37:21,780 --> 00:37:19,450
talking to Tommy and some of his people

913
00:37:23,609 --> 00:37:21,790

for a while now and I've been told and

914

00:37:25,530 --> 00:37:23,619

that's why we've kept the Saturday open

915

00:37:27,030 --> 00:37:25,540

I they keep telling me yeah well we want

916

00:37:28,980 --> 00:37:27,040

to do something we haven't figured out

917

00:37:30,540 --> 00:37:28,990

what and they keep telling me that and

918

00:37:32,460 --> 00:37:30,550

telling me that and of course the New

919

00:37:34,799 --> 00:37:32,470

York Times story blew up probably bigger

920

00:37:37,140 --> 00:37:34,809

than even they expected so they have

921

00:37:40,710 --> 00:37:37,150

been really busy so luckily we were able

922

00:37:42,480 --> 00:37:40,720

to arrange us now unfortunately he was

923

00:37:44,730 --> 00:37:42,490

planning on being there in person

924

00:37:46,230 --> 00:37:44,740

because he wanted to answer questions

925

00:37:48,450 --> 00:37:46,240

from the audience and he's like I don't

926
00:37:50,700 --> 00:37:48,460
want you know nothing held back I want

927
00:37:52,289 --> 00:37:50,710
everyone to answer ask any question he's

928
00:37:54,480 --> 00:37:52,299
like I know there's people with Fringe

929
00:37:56,760 --> 00:37:54,490
ideas but we don't know that they're not

930
00:37:58,349 --> 00:37:56,770
right he's like I don't know that just

931
00:38:00,660 --> 00:37:58,359
because they're talking about wild

932
00:38:02,280 --> 00:38:00,670
things what I know is what I know and I

933
00:38:04,349 --> 00:38:02,290
can share that but I don't know that

934
00:38:06,240 --> 00:38:04,359
these people are all wrong I'm open to

935
00:38:08,370 --> 00:38:06,250
the possibility that some of these

936
00:38:10,079 --> 00:38:08,380
people the most crazy idea could be the

937
00:38:11,730 --> 00:38:10,089
one that that we discover is the truth

938
00:38:13,440 --> 00:38:11,740

so he's very open to all of the

939

00:38:15,680 --> 00:38:13,450
different ideas people have but

940

00:38:18,089 --> 00:38:15,690
unfortunately a personal situation

941

00:38:19,799 --> 00:38:18,099
caused him to change his schedule and

942

00:38:22,079 --> 00:38:19,809
there's something he just cannot miss

943

00:38:25,260 --> 00:38:22,089
during the weekend of the conference so

944

00:38:27,510 --> 00:38:25,270
he has said no problem we can get

945

00:38:29,940 --> 00:38:27,520
together and film an interview with him

946

00:38:31,950 --> 00:38:29,950
with questions that we get from the

947

00:38:34,049 --> 00:38:31,960
public and so people can send their

948

00:38:35,160 --> 00:38:34,059
questions to Alejandro at UFO

949

00:38:37,920 --> 00:38:35,170
congress.com

950

00:38:39,510 --> 00:38:37,930
and we'll be able to answer the

951
00:38:41,400 --> 00:38:39,520
questions and the other thing is you

952
00:38:42,450 --> 00:38:41,410
know luckily I have some relationship

953
00:38:45,150 --> 00:38:42,460
with some of the people in the group

954
00:38:47,250 --> 00:38:45,160
like Lesley Kane and Tom who can vouch

955
00:38:49,620 --> 00:38:47,260
for us and say hey you know these guys

956
00:38:51,990 --> 00:38:49,630
are pretty cool so that helped that's

957
00:38:55,829 --> 00:38:52,000
incredible man the opportunity to ask

958
00:38:58,490 --> 00:38:55,839
the head of this program what he did

959
00:39:00,930 --> 00:38:58,500
what he thinks is going on and what

960
00:39:01,270 --> 00:39:00,940
possibly they discovered in their time

961
00:39:04,090 --> 00:39:01,280
and

962
00:39:05,590 --> 00:39:04,100
- getting it that's a rarity so everyone

963
00:39:07,050 --> 00:39:05,600

I urge you to send your questions to

964

00:39:14,200 --> 00:39:07,060

Alejandro

965

00:39:19,000 --> 00:39:14,210

are probably like how the hell do I

966

00:39:22,060 --> 00:39:19,010

spell that it's al e J a and D are o at

967

00:39:23,980 --> 00:39:22,070

UFO Congress calm and most likely many

968

00:39:26,230 --> 00:39:23,990

of you have been like me you've watched

969

00:39:28,240 --> 00:39:26,240

these media interviews but they're not

970

00:39:30,130 --> 00:39:28,250

versed in this field they're not asking

971

00:39:31,960 --> 00:39:30,140

all the questions they're not asking the

972

00:39:34,990 --> 00:39:31,970

right questions you know they're only

973

00:39:37,540 --> 00:39:35,000

asking three or four and and and half of

974

00:39:40,450 --> 00:39:37,550

those are just off-topic or in the in

975

00:39:42,190 --> 00:39:40,460

the wrong direction I feel so finally

976

00:39:44,500 --> 00:39:42,200

we're going to be able to ask him the

977

00:39:47,170 --> 00:39:44,510

questions we all want to ask and I told

978

00:39:50,020 --> 00:39:47,180

him you know I want to ask questions

979

00:39:51,820 --> 00:39:50,030

that are that may be difficult but what

980

00:39:53,710 --> 00:39:51,830

I really but people are looking for a

981

00:39:55,900 --> 00:39:53,720

night and I tell people often I'm not

982

00:39:57,850 --> 00:39:55,910

doing this in the spirit just to get out

983

00:40:00,130 --> 00:39:57,860

yet but to make sure that you know

984

00:40:01,420 --> 00:40:00,140

you're we get the answers to the tough

985

00:40:03,160 --> 00:40:01,430

questions out there and he's like are

986

00:40:06,040 --> 00:40:03,170

you kidding he's like you asked me

987

00:40:08,320 --> 00:40:06,050

whatever no problem some things I won't

988

00:40:10,660 --> 00:40:08,330

be able to get into and I'll tell you

989

00:40:13,240 --> 00:40:10,670

that but yeah ask me whatever you need

990

00:40:14,470 --> 00:40:13,250

to ask and so this ought to be great

991

00:40:16,840 --> 00:40:14,480

that's awesome

992

00:40:19,330 --> 00:40:16,850

and we have to remember that the reason

993

00:40:22,060 --> 00:40:19,340

we select the program is because of the

994

00:40:23,920 --> 00:40:22,070

secrecy behind it so you know the fact

995

00:40:26,410 --> 00:40:23,930

that he has brought this forward means

996

00:40:29,050 --> 00:40:26,420

he wants to talk about it as truthful as

997

00:40:31,140 --> 00:40:29,060

possible so I think that's amazing

998

00:40:34,300 --> 00:40:31,150

hopefully this will be a springboard as

999

00:40:35,950 --> 00:40:34,310

Tom and to the stars continue to do what

1000

00:40:38,500 --> 00:40:35,960

they're doing for all the flack we've

1001
00:40:41,770 --> 00:40:38,510
given DeLong throughout all of this you

1002
00:40:44,950 --> 00:40:41,780
know the guy is producing so we have he

1003
00:40:48,280 --> 00:40:44,960
really isn't yeah he really is and I've

1004
00:40:50,440 --> 00:40:48,290
gotten so much crap this year for making

1005
00:40:52,840 --> 00:40:50,450
him giving him that award a year ago

1006
00:40:55,480 --> 00:40:52,850
researcher of the year although I have

1007
00:40:57,430 --> 00:40:55,490
not second-guessed that at all for me

1008
00:40:59,440 --> 00:40:57,440
it's still a no-brainer that he received

1009
00:41:02,860 --> 00:40:59,450
that award for the reasons we outlined

1010
00:41:04,780 --> 00:41:02,870
in that video for the award and luckily

1011
00:41:06,370 --> 00:41:04,790
it's there's been a lot of validation

1012
00:41:08,470 --> 00:41:06,380
because I've had a lot of people come to

1013
00:41:10,720 --> 00:41:08,480

me and say okay we gave you a lot of

1014

00:41:13,810 --> 00:41:10,730

crap about too long but he did come

1015

00:41:14,960 --> 00:41:13,820

through and and so that's that's been

1016

00:41:17,240 --> 00:41:14,970

nice he

1017

00:41:20,270 --> 00:41:17,250

and it's only beginning from what he's

1018

00:41:21,140 --> 00:41:20,280

telling us so I'll see yeah yeah

1019

00:41:23,150 --> 00:41:21,150

absolutely

1020

00:41:25,370 --> 00:41:23,160

oh my gosh man I am like

1021

00:41:27,980 --> 00:41:25,380

hyperventilating that all the sample you

1022

00:41:30,319 --> 00:41:27,990

got this year whoo you really what you

1023

00:41:33,170 --> 00:41:30,329

really hit it out of the park I I'm

1024

00:41:35,540 --> 00:41:33,180

excited to see what comes of this give

1025

00:41:38,150 --> 00:41:35,550

us the information on where we can get

1026
00:41:40,700 --> 00:41:38,160
tickets and when this is happening once

1027
00:41:43,849 --> 00:41:40,710
more if you will yeah no problem so you

1028
00:41:45,589 --> 00:41:43,859
can go to UFO Congress calm to get

1029
00:41:49,520 --> 00:41:45,599
ticket and you'll want to go there as

1030
00:41:52,520 --> 00:41:49,530
soon as possible because the rates will

1031
00:41:55,099 --> 00:41:52,530
go up in just a couple of weeks so after

1032
00:41:57,530 --> 00:41:55,109
January 27th the rates will go up so in

1033
00:41:59,750 --> 00:41:57,540
order to get a major discount go get

1034
00:42:03,589 --> 00:41:59,760
your tickets right now at UFO Congress

1035
00:42:06,319 --> 00:42:03,599
calm before January 27th so it's gonna

1036
00:42:09,470 --> 00:42:06,329
be a lot of fun and just so people know

1037
00:42:11,240 --> 00:42:09,480
we have a host of hotels around because

1038
00:42:13,370 --> 00:42:11,250

really our conference is kind of like a

1039

00:42:16,280 --> 00:42:13,380

comic-con or something you know we fill

1040

00:42:18,589 --> 00:42:16,290

up the host hotel before we even list

1041

00:42:20,750 --> 00:42:18,599

the speakers so and this year they

1042

00:42:23,839 --> 00:42:20,760

filled up in August but luckily there's

1043

00:42:25,520 --> 00:42:23,849

a number of hotels around and were able

1044

00:42:28,250 --> 00:42:25,530

to work with many of them to get

1045

00:42:30,740 --> 00:42:28,260

discounts so some of the room rates are

1046

00:42:33,010 --> 00:42:30,750

really low in fact some of the room

1047

00:42:36,079 --> 00:42:33,020

rates you can get to low room rate

1048

00:42:38,750 --> 00:42:36,089

rent-a-car for just a few bucks a day

1049

00:42:40,940 --> 00:42:38,760

and you'll come out ahead you'll you'll

1050

00:42:42,770 --> 00:42:40,950

save and you'll be able to have a car so

1051

00:42:44,809 --> 00:42:42,780

you could go places if you need to still

1052

00:42:47,000 --> 00:42:44,819

very affordable and great places around

1053

00:42:49,490 --> 00:42:47,010

that people can stay at and you can go a

1054

00:42:51,470 --> 00:42:49,500

little lodging page to see that perfect

1055

00:42:54,500 --> 00:42:51,480

and that's at UFO Congress calm guys

1056

00:42:56,839 --> 00:42:54,510

make the trip I flew from New York City

1057

00:42:59,809 --> 00:42:56,849

every year to do this you could do it

1058

00:43:01,490 --> 00:42:59,819

it's amazing it's worth the week take a

1059

00:43:03,650 --> 00:43:01,500

vacation do it

1060

00:43:05,420 --> 00:43:03,660

learn something like I cannot speak

1061

00:43:06,740 --> 00:43:05,430

enough praise for what you guys are

1062

00:43:08,690 --> 00:43:06,750

doing over there alejandro

1063

00:43:10,910 --> 00:43:08,700

i look forward to seeing you hopefully

1064

00:43:13,670 --> 00:43:10,920

in a few weeks and best of luck with

1065

00:43:15,620 --> 00:43:13,680

everything my man thank you so much for

1066

00:43:17,329 --> 00:43:15,630

coming on to talk about this today thank

1067

00:43:19,910 --> 00:43:17,339

you thank you for having me and I look

1068

00:43:23,660 --> 00:43:19,920

forward very forward as usual to seeing
