

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

A person wearing a dark jacket and a beanie is shown from the chest up, with their hands raised in a misty or smoky environment. The lighting is dramatic, with a strong light source from the left creating a glow around the person's hands and face. The background is dark and indistinct.

00:00:39,980 --> 00:00:36,809
somewhere in the skies calm this is

13
00:01:04,020 --> 00:00:39,990

somewhere in the sky's the Branzburg

14

00:01:15,690 --> 00:01:13,109

I grew up in the country where our light

15

00:01:18,240 --> 00:01:15,700

pollution was really low every night the

16

00:01:20,010 --> 00:01:18,250

sky was littered with stars and from a

17

00:01:22,340 --> 00:01:20,020

young age I began to study the

18

00:01:24,690 --> 00:01:22,350

constellations with my grandfather and

19

00:01:27,210 --> 00:01:24,700

my father taught me the differences

20

00:01:29,999 --> 00:01:27,220

between airplanes at night versus

21

00:01:32,820 --> 00:01:30,009

satellites and shooting stars there were

22

00:01:36,080 --> 00:01:32,830

a couple separate events that took place

23

00:01:39,480 --> 00:01:36,090

over the course of one summer the first

24

00:01:42,779 --> 00:01:39,490

was a pulsating light the size of a star

25

00:01:46,649 --> 00:01:42,789

but much closer it moves slowly from

26

00:01:48,809 --> 00:01:46,659

left to right then back it did this over

27

00:01:49,320 --> 00:01:48,819

the course of three days or rather three

28

00:01:52,290 --> 00:01:49,330

nights

29

00:01:54,510 --> 00:01:52,300

I watched it long enough it almost began

30

00:01:58,109 --> 00:01:54,520

to feel like whatever I was watching

31

00:02:00,630 --> 00:01:58,119

knew I was watching it was then on the

32

00:02:03,809 --> 00:02:00,640

third day that once it moved to its

33

00:02:06,540 --> 00:02:03,819

position on the right it moves faster

34

00:02:09,930 --> 00:02:06,550

diagonally down to the left then shoots

35

00:02:12,900 --> 00:02:09,940

off diagonally up to the right it was so

36

00:02:16,670 --> 00:02:12,910

fast when it disappeared it was as if

37

00:02:20,370 --> 00:02:16,680

nothing was there and this feeling was

38

00:02:23,789 --> 00:02:20,380

left over you that you just felt like

39

00:02:26,090 --> 00:02:23,799

you had no idea how to process like your

40

00:02:30,020 --> 00:02:26,100

eyes just had no idea what it just saw

41

00:02:32,729 --> 00:02:30,030

later on in about the same airspace

42

00:02:35,870 --> 00:02:32,739

another pulsating light traveled across

43

00:02:39,000 --> 00:02:35,880

the sky about as fast as an airplane

44

00:02:41,580 --> 00:02:39,010

only to shoot off at what seemed to be

45

00:02:44,490 --> 00:02:41,590

hyper speed again in a way where your

46

00:02:46,979 --> 00:02:44,500

eyes just had no time to process what it

47

00:02:49,979 --> 00:02:46,989

just saw it was then at the end of

48

00:02:54,240 --> 00:02:49,989

summer and this was in 2004 that things

49

00:02:55,890 --> 00:02:54,250

ended up kind of Christian doing I had a

50

00:02:59,250 --> 00:02:55,900

friend over and we were set up to

51
00:03:01,410 --> 00:02:59,260
stargaze it was about the blue hour when

52
00:03:03,000 --> 00:03:01,420
the stars were just beginning to show in

53
00:03:04,470 --> 00:03:03,010
the sky and there was just a little bit

54
00:03:08,250 --> 00:03:04,480
of light left from the Sun and the moon

55
00:03:11,130 --> 00:03:08,260
was out and we were sitting where we had

56
00:03:13,559 --> 00:03:11,140
a big rock garden full of different

57
00:03:15,640 --> 00:03:13,569
kinds of rocks that were like agates and

58
00:03:17,369 --> 00:03:15,650
stuff so it wasn't your normal grab

59
00:03:20,140 --> 00:03:17,379
our stones and so it made a very

60
00:03:23,589 --> 00:03:20,150
distinct sound when you walked on it

61
00:03:27,130 --> 00:03:23,599
kind of like a ting instead of a scrape

62
00:03:29,880 --> 00:03:27,140
or a crunch and we began to hear these

63
00:03:33,039 --> 00:03:29,890

sounds that sounded like footsteps and

64

00:03:36,789 --> 00:03:33,049

we both ended up looking behind one

65

00:03:40,449 --> 00:03:36,799

another and saw nothing and our fear

66

00:03:44,020 --> 00:03:40,459

grew to the point where the fight or

67

00:03:47,020 --> 00:03:44,030

flight mode kicked in and we ran as fast

68

00:03:49,479 --> 00:03:47,030

as we could back into the house and then

69

00:03:52,240 --> 00:03:49,489

we you know ran straight into our room

70

00:03:55,300 --> 00:03:52,250

and my room was on the very top floor

71

00:03:57,610 --> 00:03:55,310

there was no way that anybody could get

72

00:04:02,080 --> 00:03:57,620

up to my room unless they had a ladder

73

00:04:04,390 --> 00:04:02,090

and the yard was kind of at a slope and

74

00:04:08,170 --> 00:04:04,400

so it wouldn't have been really safe to

75

00:04:10,390 --> 00:04:08,180

do so anyways so you know there we were

76

00:04:12,729 --> 00:04:10,400

back in the house what we felt safe we

77

00:04:14,319 --> 00:04:12,739

thought everything was fine and we were

78

00:04:17,379 --> 00:04:14,329

sitting on the bed and I was facing my

79

00:04:20,890 --> 00:04:17,389

door my friend was facing my window and

80

00:04:23,589 --> 00:04:20,900

all of a sudden my friend she just she

81

00:04:25,990 --> 00:04:23,599

starts she freaks out and she throws

82

00:04:28,060 --> 00:04:26,000

herself on the bed her face is buried in

83

00:04:33,100 --> 00:04:28,070

the pillows I can't get her to tell me

84

00:04:35,950 --> 00:04:33,110

what's wrong and finally when I was able

85

00:04:38,529 --> 00:04:35,960

to kind of have her sit up and tell me

86

00:04:42,610 --> 00:04:38,539

what was wrong I saw that she was crying

87

00:04:45,010 --> 00:04:42,620

which she really wasn't known to do and

88

00:04:48,240 --> 00:04:45,020

so she finally told me what was wrong

89

00:04:51,779 --> 00:04:48,250

and all she could say was that she saw

90

00:04:58,909 --> 00:04:51,789

what looked like elongated fingers

91

00:05:06,059 --> 00:05:02,669

my name's Tom I live in the UK

92

00:05:09,349 --> 00:05:06,069

I'm a senior consultant a planning and

93

00:05:12,509 --> 00:05:09,359

development company in the Midlands so

94

00:05:16,529 --> 00:05:12,519

I've had an interest in UFOs since I was

95

00:05:19,759 --> 00:05:16,539

about 16 as a bit of background myself

96

00:05:22,169 --> 00:05:19,769

and my best friend at the time were

97

00:05:25,889 --> 00:05:22,179

sitting on the top of my parents roof

98

00:05:29,729 --> 00:05:25,899

during the summer in the little village

99

00:05:33,509 --> 00:05:29,739

that I grew up in in Surrey and we were

100

00:05:36,659 --> 00:05:33,519

just locking around really perfect sunny

101
00:05:39,269 --> 00:05:36,669
summer's day not a cloud in the sky and

102
00:05:43,350 --> 00:05:39,279
my friend pointed up to something he had

103
00:05:47,029 --> 00:05:43,360
seen in the sky and I had a look and it

104
00:05:50,309 --> 00:05:47,039
was essentially the classic silver disc

105
00:05:55,619 --> 00:05:50,319
floating through the sky probably about

106
00:05:59,609 --> 00:05:55,629
a mile away but very large and just just

107
00:06:01,679 --> 00:05:59,619
very very strange-looking instantly knew

108
00:06:03,689 --> 00:06:01,689
it was something that weird we had never

109
00:06:07,409 --> 00:06:03,699
seen before we couldn't work out what it

110
00:06:10,499 --> 00:06:07,419
was but yeah it was it was moving very

111
00:06:13,049 --> 00:06:10,509
strangely it was spinning but moving

112
00:06:16,079 --> 00:06:13,059
very slowly through the sky and it had

113
00:06:18,869 --> 00:06:16,089

this sort of wobble to it which I've

114

00:06:21,479 --> 00:06:18,879

since that time I've seen videos of

115

00:06:24,569 --> 00:06:21,489

silver discs when they moved slowly they

116

00:06:27,209 --> 00:06:24,579

they seem to sort of wobble but yeah so

117

00:06:31,139 --> 00:06:27,219

that got us interested got me very

118

00:06:34,709 --> 00:06:31,149

interested and I've been sort of

119

00:06:38,129 --> 00:06:34,719

researching ever since so yeah that's

120

00:06:39,779 --> 00:06:38,139

how I got into it but basically up the

121

00:06:45,539 --> 00:06:39,789

story I want to tell you is basically

122

00:06:47,759 --> 00:06:45,549

one from October 2016 I only live in the

123

00:06:50,159 --> 00:06:47,769

Midlands now but I grew up in that

124

00:06:52,559 --> 00:06:50,169

village I just told you about and my

125

00:06:56,249 --> 00:06:52,569

parents and friends a lot of my friends

126

00:06:59,009 --> 00:06:56,259

still lived there so I was I was going

127

00:07:02,009 --> 00:06:59,019

back at the weekend like I sometimes do

128

00:07:04,949 --> 00:07:02,019

to visit friends and family

129

00:07:07,739 --> 00:07:04,959

I'd been out around my brother and his

130

00:07:09,980 --> 00:07:07,749

wife's house who live about six miles

131

00:07:14,390 --> 00:07:09,990

away from my parents house

132

00:07:17,930 --> 00:07:14,400

it's very it's very countrified place

133

00:07:22,070 --> 00:07:17,940

it's all sort of woodlands and little

134

00:07:23,600 --> 00:07:22,080

villages and hills very beautiful so

135

00:07:25,339 --> 00:07:23,610

yeah I'd been watching move around their

136

00:07:29,180 --> 00:07:25,349

house till quite late it was things

137

00:07:31,760 --> 00:07:29,190

about half twelve and I started sort of

138

00:07:33,740 --> 00:07:31,770

thinking about going home so said my

139

00:07:38,360 --> 00:07:33,750

goodbyes started driving back the way I

140

00:07:40,490 --> 00:07:38,370

normally drive back down a country sort

141

00:07:44,060 --> 00:07:40,500

of Road which is very straight which

142

00:07:45,980 --> 00:07:44,070

runs through the Surrey Hills the same

143

00:07:48,650 --> 00:07:45,990

thing I did I've done countless times

144

00:07:50,689 --> 00:07:48,660

hundreds of times in the past and as I

145

00:07:53,839 --> 00:07:50,699

was turning the corner to go onto this

146

00:07:56,180 --> 00:07:53,849

straight heading towards the direction

147

00:08:00,490 --> 00:07:56,190

of my parents house at the end of the

148

00:08:03,890 --> 00:08:00,500

straight to one side there's a field and

149

00:08:06,070 --> 00:08:03,900

took on the right-hand side and then on

150

00:08:11,390 --> 00:08:06,080

the left-hand side there's another field

151
00:08:12,589 --> 00:08:11,400
but with hills beyond that essentially

152
00:08:17,330 --> 00:08:12,599
at the end of the street I saw this

153
00:08:20,120 --> 00:08:17,340
orange pulsing light very large and just

154
00:08:25,270 --> 00:08:20,130
sort of hanging there in the sky it

155
00:08:28,430 --> 00:08:25,280
looked very odd instantly and I I was

156
00:08:30,290 --> 00:08:28,440
perplexed so driving quite fast down the

157
00:08:33,760 --> 00:08:30,300
straight as I started approaching this

158
00:08:36,589 --> 00:08:33,770
light I realised it was just hanging

159
00:08:40,130 --> 00:08:36,599
twenty meters above the ground in the

160
00:08:42,880 --> 00:08:40,140
field to my right and it was pulsing it

161
00:08:46,760 --> 00:08:42,890
was like this sort of burn orange light

162
00:08:50,810 --> 00:08:46,770
pulsing very very strange very strange

163
00:08:53,510 --> 00:08:50,820

and as I drove alongside it I could see

164

00:08:58,400 --> 00:08:53,520

that the light was attached to something

165

00:09:00,740 --> 00:08:58,410

big and black I couldn't see the outline

166

00:09:04,190 --> 00:09:00,750

of it I just knew there was something

167

00:09:07,910 --> 00:09:04,200

very large and black just hanging there

168

00:09:11,750 --> 00:09:07,920

in the sky the pulsing orange light was

169

00:09:13,819 --> 00:09:11,760

just sort of mesmerizing and it made it

170

00:09:17,960 --> 00:09:13,829

very hard to see what was beyond there

171

00:09:21,140 --> 00:09:17,970

but it was it was it was just very

172

00:09:24,680 --> 00:09:21,150

strange so I started sort of getting a

173

00:09:26,920 --> 00:09:24,690

flustered as you would as my mind was

174

00:09:30,230 --> 00:09:26,930

racing trying to think what it could be

175

00:09:33,920 --> 00:09:30,240

nothing was really adding up as I drove

176
00:09:37,910 --> 00:09:33,930
past it I slowed down while my windows

177
00:09:40,340 --> 00:09:37,920
down and it made absolutely no noise

178
00:09:45,290 --> 00:09:40,350
whatsoever but it was just sitting there

179
00:09:46,490 --> 00:09:45,300
in the sky not far off the ground with

180
00:09:49,340 --> 00:09:46,500
this pulsing or his life

181
00:09:52,610 --> 00:09:49,350
so obviously this blew my my mind I

182
00:09:55,460 --> 00:09:52,620
drove alongside it like I said I started

183
00:09:58,540 --> 00:09:55,470
driving past it at that point I was very

184
00:10:03,260 --> 00:09:58,550
aware that the thing had started moving

185
00:10:06,019 --> 00:10:03,270
so it was kind of heading parallel with

186
00:10:09,500 --> 00:10:06,029
my car so every time I was I looked

187
00:10:12,730 --> 00:10:09,510
right it was there I drove to the end of

188
00:10:15,980 --> 00:10:12,740

the straight quickly as you can imagine

189

00:10:19,160 --> 00:10:15,990

starting to sort of get a bit panicky a

190

00:10:21,079 --> 00:10:19,170

heart rate starting to race because it

191

00:10:24,829 --> 00:10:21,089

felt like this thing was had been

192

00:10:26,660 --> 00:10:24,839

triggered by my passing it this at this

193

00:10:29,630 --> 00:10:26,670

point it was about quarter to 1:00 in

194

00:10:31,760 --> 00:10:29,640

the morning no one around on the roads

195

00:10:33,620 --> 00:10:31,770

so I drove to the end of the street I

196

00:10:36,170 --> 00:10:33,630

sped her I know these roads like the

197

00:10:39,590 --> 00:10:36,180

background so I was going very fast and

198

00:10:41,600 --> 00:10:39,600

to try and shake this thing because it

199

00:10:44,060 --> 00:10:41,610

was starting to worry me so I got to the

200

00:10:46,250 --> 00:10:44,070

industry I drove round this corner to

201
00:10:48,650 --> 00:10:46,260
the right there's a few windy corners

202
00:10:50,390 --> 00:10:48,660
going up a little hill but it was always

203
00:10:51,769 --> 00:10:50,400
there it was always there on my

204
00:10:55,579 --> 00:10:51,779
right-hand side it was moving over

205
00:10:58,490 --> 00:10:55,589
hedgerows it was moving over trees only

206
00:11:00,740 --> 00:10:58,500
a little way above treetops height but

207
00:11:02,690 --> 00:11:00,750
it was always there if it was if I

208
00:11:05,510 --> 00:11:02,700
couldn't see it directly parallel to my

209
00:11:07,580 --> 00:11:05,520
right I would look in the mirror my wind

210
00:11:09,710 --> 00:11:07,590
mirrors and it would be there

211
00:11:13,310 --> 00:11:09,720
and so I basically decided to take

212
00:11:17,450 --> 00:11:13,320
evasive action and so I took a very

213
00:11:20,570 --> 00:11:17,460

sharp left down this little Lane which

214

00:11:24,800 --> 00:11:20,580

goes past a special school for kids and

215

00:11:27,080 --> 00:11:24,810

as I was driving towards this point it

216

00:11:30,170 --> 00:11:27,090

was on my right over this school this

217

00:11:34,160 --> 00:11:30,180

public school golf course on the

218

00:11:37,460 --> 00:11:34,170

right-hand side as I shot left I thought

219

00:11:39,950 --> 00:11:37,470

well I probably lost it as soon as I

220

00:11:40,660 --> 00:11:39,960

look up the road I know it's above me

221

00:11:43,910 --> 00:11:40,670

now

222

00:11:45,830 --> 00:11:43,920

so I'm looking through basically the the

223

00:11:50,150 --> 00:11:45,840

lane that I was driving down had trees

224

00:11:53,240 --> 00:11:50,160

either side with a sort of canopy

225

00:11:55,820 --> 00:11:53,250

closure over the lane but with a tiny

226

00:11:58,400 --> 00:11:55,830

gap in the middle where you could see

227

00:12:00,470 --> 00:11:58,410

through the limbs of the trees and it

228

00:12:02,330 --> 00:12:00,480

was there it was basically hovering

229

00:12:04,720 --> 00:12:02,340

above my car at this point

230

00:12:09,560 --> 00:12:04,730

it was at this point I started to really

231

00:12:14,360 --> 00:12:09,570

gas it I could sort of feel my pulse in

232

00:12:17,210 --> 00:12:14,370

my neck pounding my heart was racing I

233

00:12:20,000 --> 00:12:17,220

was starting to sort of really panic

234

00:12:22,870 --> 00:12:20,010

actually it was quite quite unsettling

235

00:12:27,440 --> 00:12:22,880

because it felt like this this thing was

236

00:12:29,270 --> 00:12:27,450

following me and it to all intensive

237

00:12:31,760 --> 00:12:29,280

purposes that's that's the impression I

238

00:12:35,050 --> 00:12:31,770

was getting from it being into this

239

00:12:39,440 --> 00:12:35,060

field I've read countless stories about

240

00:12:41,330 --> 00:12:39,450

abduction and stuff like that so you can

241

00:12:43,760 --> 00:12:41,340

imagine what was going through my mind I

242

00:12:45,860 --> 00:12:43,770

just wanted to get home I mean I always

243

00:12:47,480 --> 00:12:45,870

thought if I saw another one I would

244

00:12:49,520 --> 00:12:47,490

want to stop when I wouldn't want to

245

00:12:52,670 --> 00:12:49,530

look at it I'd want to take it all in

246

00:12:53,580 --> 00:12:52,680

but at this point I wanted to get out of

247

00:12:57,120 --> 00:12:53,590

there

248

00:12:59,580 --> 00:12:57,130

so I drove down the end of this road

249

00:13:01,230 --> 00:12:59,590

there's a lot of it's very windy and it

250

00:13:03,930 --> 00:13:01,240

was always there above me but then it

251
00:13:06,390 --> 00:13:03,940
sort of it fell back or it seemed to

252
00:13:09,500 --> 00:13:06,400
sort of drop back a bit as I got to this

253
00:13:13,440 --> 00:13:09,510
tee Junction which was the last Junction

254
00:13:17,250 --> 00:13:13,450
before this final road which is a bit

255
00:13:20,280 --> 00:13:17,260
more well used towards the village that

256
00:13:22,680 --> 00:13:20,290
my parents live in so the the western

257
00:13:25,050 --> 00:13:22,690
end of the village so I turned right

258
00:13:30,720 --> 00:13:25,060
down there I couldn't see it anymore I

259
00:13:32,579 --> 00:13:30,730
was like wow what an experience but that

260
00:13:34,980 --> 00:13:32,589
wasn't the end of it basically I drove

261
00:13:37,920 --> 00:13:34,990
as I was driving down this straight

262
00:13:40,530 --> 00:13:37,930
towards the t-junction

263
00:13:45,510 --> 00:13:40,540

back in the village I could start to see

264

00:13:47,519 --> 00:13:45,520

the lights of the the street lights as I

265

00:13:48,960 --> 00:13:47,529

was a probably about 100 metres away

266

00:13:51,510 --> 00:13:48,970

from the end of this little straight

267

00:13:54,269 --> 00:13:51,520

towards this tee Junction I suddenly

268

00:13:57,329 --> 00:13:54,279

became acutely aware that it was there

269

00:13:59,640 --> 00:13:57,339

was something to my right I looked right

270

00:14:03,120 --> 00:13:59,650

and little through the last few trees

271

00:14:05,670 --> 00:14:03,130

lining this side of the road I could see

272

00:14:10,500 --> 00:14:05,680

the pulsing orange light again and it

273

00:14:12,600 --> 00:14:10,510

was it was coming parallel with my car

274

00:14:15,930 --> 00:14:12,610

again over the over the housetops

275

00:14:18,030 --> 00:14:15,940

because there's a few sporadically sort

276
00:14:20,460 --> 00:14:18,040
of located houses along that side of the

277
00:14:24,360 --> 00:14:20,470
road as a starting sort of into

278
00:14:26,340 --> 00:14:24,370
civilization again and yeah I could see

279
00:14:29,310 --> 00:14:26,350
it through the trees parallel with me

280
00:14:32,160 --> 00:14:29,320
again very very low just above house top

281
00:14:34,950 --> 00:14:32,170
the height two storey house height and

282
00:14:37,140 --> 00:14:34,960
it was going to cut me off I I knew it

283
00:14:40,140 --> 00:14:37,150
was going to cut me off at the junction

284
00:14:42,960 --> 00:14:40,150
at the end of the road so all I could do

285
00:14:45,870 --> 00:14:42,970
was I fed up I got to the t-junction

286
00:14:48,840 --> 00:14:45,880
there's no one around so I just stopped

287
00:14:50,460 --> 00:14:48,850
the car turned it off I had my windows

288
00:14:52,829 --> 00:14:50,470

wound down and I just waited for the

289

00:14:55,980 --> 00:14:52,839

thing to come over and it did it flew

290

00:14:58,860 --> 00:14:55,990

directly across from my right-hand

291

00:15:02,220 --> 00:14:58,870

shoulder across

292

00:15:04,350 --> 00:15:02,230

and over the road and hovered at a

293

00:15:06,750 --> 00:15:04,360

height it must have been about 30 meters

294

00:15:09,630 --> 00:15:06,760

above the trees on the opposite side of

295

00:15:12,180 --> 00:15:09,640

the road where there's a block of flats

296

00:15:13,710 --> 00:15:12,190

a low-rise block of flats so it was in

297

00:15:16,050 --> 00:15:13,720

between these trees and these low

298

00:15:18,720 --> 00:15:16,060

writer's block of flats and it was just

299

00:15:21,480 --> 00:15:18,730

sitting there but the weird thing was as

300

00:15:24,150 --> 00:15:21,490

my mind was sort of boggling at this

301
00:15:26,280 --> 00:15:24,160
thing as it flew over and making

302
00:15:28,530 --> 00:15:26,290
absolutely no noise whatsoever

303
00:15:30,600 --> 00:15:28,540
pulsing orange light was still there and

304
00:15:33,450 --> 00:15:30,610
it made it very hard to see what this

305
00:15:37,350 --> 00:15:33,460
thing that it was attached to was like

306
00:15:39,480 --> 00:15:37,360
but my what I remember of the shape was

307
00:15:43,940 --> 00:15:39,490
it wasn't a typical sort of silver disc

308
00:15:46,680 --> 00:15:43,950
it looked he had similar sort of

309
00:15:50,760 --> 00:15:46,690
characteristics but it looked kind of

310
00:15:53,640 --> 00:15:50,770
like more like a closed shell c shell if

311
00:15:56,610 --> 00:15:53,650
you kind of catch my drift and on the

312
00:15:59,579 --> 00:15:56,620
the side of the C shell that would be

313
00:16:03,030 --> 00:15:59,589

the sort of joint side that side was

314

00:16:06,060 --> 00:16:03,040

facing me so it tapers off behind that

315

00:16:08,940 --> 00:16:06,070

it came across and on the side that was

316

00:16:12,540 --> 00:16:08,950

facing me there was this what I can only

317

00:16:16,110 --> 00:16:12,550

describe as a huge window some sort of

318

00:16:19,019 --> 00:16:16,120

viewing gallery I mean it was probably

319

00:16:23,340 --> 00:16:19,029

about maybe eight or nine feet ten feet

320

00:16:27,090 --> 00:16:23,350

across in this window I was staring at

321

00:16:29,730 --> 00:16:27,100

it and I could see figures there was a

322

00:16:32,730 --> 00:16:29,740

figure the silhouette of a figure

323

00:16:35,699 --> 00:16:32,740

standing at the window looking in my

324

00:16:40,470 --> 00:16:35,709

direction I couldn't see whether it was

325

00:16:43,680 --> 00:16:40,480

human or or what but it had a head two

326

00:16:45,090 --> 00:16:43,690

arms and a body that's all I can tell

327

00:16:46,980 --> 00:16:45,100

you about that but I could see in the

328

00:16:51,530 --> 00:16:46,990

background there was stuff going on

329

00:16:55,829 --> 00:16:51,540

behind this figure there were two

330

00:16:58,140 --> 00:16:55,839

separate figures we were doing things in

331

00:17:01,230 --> 00:16:58,150

the background it looked but what I

332

00:17:03,079 --> 00:17:01,240

would sort of have thought maybe they

333

00:17:06,329 --> 00:17:03,089

were trying to they were doing things

334

00:17:07,919 --> 00:17:06,339

conducive with operating this craft and

335

00:17:10,259 --> 00:17:07,929

yeah

336

00:17:13,169 --> 00:17:10,269

as it came over like I said it hovered

337

00:17:14,189 --> 00:17:13,179

above this these trees on the opposite

338

00:17:17,220 --> 00:17:14,199

side of the road

339

00:17:21,899 --> 00:17:17,230

ie my jaw was on the floor I was just

340

00:17:23,879 --> 00:17:21,909

looking at it trying to sort of get my

341

00:17:27,149 --> 00:17:23,889

head around wallet what it was I was

342

00:17:31,830 --> 00:17:27,159

seeing nothing really prepares you for

343

00:17:36,989 --> 00:17:31,840

that sort of encounter so I decided to

344

00:17:39,210 --> 00:17:36,999

floor you know common sense now I would

345

00:17:41,879 --> 00:17:39,220

have got out and photograph the bloody

346

00:17:45,930 --> 00:17:41,889

thing but yeah it was just one of those

347

00:17:49,080 --> 00:17:45,940

situations I felt in peril essentially

348

00:17:53,700 --> 00:17:49,090

and I just wanted to get back to my

349

00:17:56,129 --> 00:17:53,710

folks house so I turned right I sped off

350

00:17:57,960 --> 00:17:56,139

down the road I turned around to look at

351

00:18:00,840 --> 00:17:57,970

this thing one last time to see what it

352

00:18:02,940 --> 00:18:00,850

was doing and the last thing I saw of it

353

00:18:06,330 --> 00:18:02,950

it cruised off over the top of these

354

00:18:09,450 --> 00:18:06,340

high this block of flats low row low

355

00:18:11,940 --> 00:18:09,460

riders block of flats and towards the

356

00:18:13,710 --> 00:18:11,950

field beyond there I sped home I

357

00:18:16,350 --> 00:18:13,720

couldn't get out of my car for a

358

00:18:19,049 --> 00:18:16,360

probably 20 minutes because I was

359

00:18:21,810 --> 00:18:19,059

absolutely petrified I couldn't sleep

360

00:18:23,940 --> 00:18:21,820

that night when I eventually got into

361

00:18:27,869 --> 00:18:23,950

the house I can sleep I was up all night

362

00:18:30,090 --> 00:18:27,879

I I was looking on the web on the web to

363

00:18:34,850 --> 00:18:30,100

try and find someone to report it to I

364

00:18:37,980 --> 00:18:34,860

actually found a uk-based investing

365

00:18:41,399 --> 00:18:37,990

investigation organization called beams

366

00:18:43,350 --> 00:18:41,409

who I reported it to they asked me to

367

00:18:44,669 --> 00:18:43,360

draw pictures and stuff like that which

368

00:18:47,970 --> 00:18:44,679

I did yeah

369

00:18:51,600 --> 00:18:47,980

kind of kind of changed my life the next

370

00:18:55,230 --> 00:18:51,610

day I spoke to my parents they I saw it

371

00:18:58,440 --> 00:18:55,240

came down stairs looking at a bit worse

372

00:18:59,539 --> 00:18:58,450

for wear apparently I was a sort of gray

373

00:19:02,639 --> 00:18:59,549

colour

374

00:19:06,539 --> 00:19:02,649

my brother had just come round where I'd

375

00:19:08,970 --> 00:19:06,549

been at his house the night the incident

376

00:19:13,049 --> 00:19:08,980

happened and I basically explained to

377

00:19:14,940 --> 00:19:13,059

them what happened and yeah they they

378

00:19:16,610 --> 00:19:14,950

believed me they know they know I'm not

379

00:19:21,260 --> 00:19:16,620

one to sort of

380

00:19:23,480 --> 00:19:21,270

talk [h__h] essentially so that was mad

381

00:19:26,360 --> 00:19:23,490

yeah that was crazy so that that stayed

382

00:19:28,520 --> 00:19:26,370

with me for a long time and since that

383

00:19:32,360 --> 00:19:28,530

time I've seen this thing definitely

384

00:19:35,750 --> 00:19:32,370

another two times but always at the same

385

00:19:39,470 --> 00:19:35,760

time the same sort of time period so it

386

00:19:41,420 --> 00:19:39,480

seems to be between half twelve and half

387

00:19:44,150 --> 00:19:41,430

1:00 in the morning so I don't know

388

00:19:47,330 --> 00:19:44,160

whether I was just on its on its rounds

389

00:19:50,360 --> 00:19:47,340

so to speak or or in the path of its

390

00:19:52,669 --> 00:19:50,370

rounds that it's doing but uh yeah I've

391

00:19:54,680 --> 00:19:52,679

seen the same thing not quite as close

392

00:19:57,049 --> 00:19:54,690

as that but it's definitely the same

393

00:19:59,870 --> 00:19:57,059

thing which I'd be more than happy to

394

00:20:03,140 --> 00:19:59,880

tell you about but it's a it's one of

395

00:20:03,890 --> 00:20:03,150

those areas it's um it's it's a bit of a

396

00:20:07,070 --> 00:20:03,900

hot spot

397

00:20:08,900 --> 00:20:07,080

I believe I'm certainly believing that

398

00:20:11,299 --> 00:20:08,910

because I've seen these things a few

399

00:20:14,930 --> 00:20:11,309

times now plus add the sighting when I

400

00:20:16,880 --> 00:20:14,940

was sixteen my one of my best friends he

401
00:20:19,390 --> 00:20:16,890
got some good footage of these orbs

402
00:20:22,430 --> 00:20:19,400
which hang out under the thunder clouds

403
00:20:24,200 --> 00:20:22,440
just down the road from there there's

404
00:20:27,530 --> 00:20:24,210
there's a lot of stuff going on in that

405
00:20:30,380 --> 00:20:27,540
area but yeah so that's thus the the

406
00:20:33,790 --> 00:20:30,390
main story I'd have to tell and you know

407
00:20:37,940 --> 00:20:33,800
it blew my mind and has only sort of

408
00:20:42,020 --> 00:20:37,950
made me more interested in the subject

409
00:20:45,860 --> 00:20:42,030
if I was to give my opinion as to what

410
00:20:50,870 --> 00:20:45,870
it was whether it was et or or one of

411
00:20:53,810 --> 00:20:50,880
ours I don't believe we've got that sort

412
00:20:56,270 --> 00:20:53,820
of stuff I mean it's not impossible but

413
00:21:01,299 --> 00:20:56,280

I just don't buy it

414

00:21:04,310 --> 00:21:01,309
to fly it so Bold As Brass and so

415

00:21:06,530 --> 00:21:04,320
blatantly it just doesn't make sense

416

00:21:09,650 --> 00:21:06,540
that it would be one of us plus we've

417

00:21:14,000 --> 00:21:09,660
got it our military is pretty poor

418

00:21:16,070 --> 00:21:14,010
nowadays so I don't know I just don't

419

00:21:18,260 --> 00:21:16,080
think we'd have that sort of stuff going

420

00:21:20,990 --> 00:21:18,270
on and the fact that it just made no

421

00:21:22,870 --> 00:21:21,000
noise no obvious means of propulsion

422

00:21:27,160 --> 00:21:22,880
very odd-looking

423

00:21:29,920 --> 00:21:27,170
and very dark color almost like it was

424

00:21:32,230 --> 00:21:29,930
kind of dark for a reason you know kind

425

00:21:32,910 --> 00:21:32,240
of blended in with the sky but yes so

426
00:21:38,010 --> 00:21:32,920
that's it

427
00:21:45,400 --> 00:21:42,250
so probably twenty years ago I was

428
00:21:48,730 --> 00:21:45,410
living in my hometown which is a in a

429
00:21:51,460 --> 00:21:48,740
fairly rural area it's it's you know the

430
00:21:54,850 --> 00:21:51,470
town is getting bigger but the area is

431
00:21:56,950 --> 00:21:54,860
rural and I had reconnected with my best

432
00:21:58,750 --> 00:21:56,960
friend from high school and was working

433
00:22:01,510 --> 00:21:58,760
with him and one day we were talking

434
00:22:04,090 --> 00:22:01,520
about paranormal stuff around the area

435
00:22:05,920 --> 00:22:04,100
and he said hey do you know sounds oh

436
00:22:08,590 --> 00:22:05,930
well sounds I was real good friend of my

437
00:22:10,540 --> 00:22:08,600
dad's we'd known the family forever and

438
00:22:12,970 --> 00:22:10,550

he said there's something happening out

439

00:22:14,500 --> 00:22:12,980

near his place and I'm like what and he

440

00:22:16,510 --> 00:22:14,510

said well people have seen all sorts of

441

00:22:18,790 --> 00:22:16,520

things heard all sorts of things and

442

00:22:20,980 --> 00:22:18,800

there are these lights that nobody can

443

00:22:22,720 --> 00:22:20,990

explain well we decided that we would

444

00:22:25,900 --> 00:22:22,730

head out to that area

445

00:22:27,970 --> 00:22:25,910

not too far from their place was a

446

00:22:30,070 --> 00:22:27,980

cemetery and we went out and parked at

447

00:22:33,040 --> 00:22:30,080

the cemetery and got out and I would be

448

00:22:35,110 --> 00:22:33,050

real honest I don't remember how many

449

00:22:37,720 --> 00:22:35,120

times we went out there before I saw

450

00:22:40,180 --> 00:22:37,730

something I know it wasn't very many the

451
00:22:44,890 --> 00:22:40,190
night that I first saw something it was

452
00:22:48,430 --> 00:22:44,900
one of those huge bright full moons and

453
00:22:50,770 --> 00:22:48,440
it was late summer I think man it was

454
00:22:52,360 --> 00:22:50,780
gorgeous just bright I mean almost

455
00:22:54,130 --> 00:22:52,370
daylight bright that kind of moon

456
00:22:57,040 --> 00:22:54,140
standing out in the middle of the

457
00:22:59,200 --> 00:22:57,050
cemetery all of a sudden this light I

458
00:23:04,230 --> 00:22:59,210
don't know any other way to describe it

459
00:23:07,600 --> 00:23:04,240
then this light came on it just clicked

460
00:23:10,630 --> 00:23:07,610
there was no beginning there was no

461
00:23:15,460 --> 00:23:10,640
getting stronger there was no nothing it

462
00:23:17,950 --> 00:23:15,470
was to suddenly this huge white pearl in

463
00:23:20,500 --> 00:23:17,960

the sky it wasn't right next to the moon

464

00:23:22,870 --> 00:23:20,510

but it was a fairly near near enough

465

00:23:25,960 --> 00:23:22,880

that it was light enough there was no

466

00:23:27,820 --> 00:23:25,970

way there was anything behind it it

467

00:23:30,810 --> 00:23:27,830

wasn't I mean it was perfectly still so

468

00:23:34,210 --> 00:23:30,820

of course it wasn't a plane it wasn't a

469

00:23:36,700 --> 00:23:34,220

helicopter it wasn't a flare because

470

00:23:40,750 --> 00:23:36,710

there was nothing to it nothing exploded

471

00:23:43,870 --> 00:23:40,760

nothing came up behind it nothing at all

472

00:23:46,330 --> 00:23:43,880

and it hung there for I think this one

473

00:23:47,860 --> 00:23:46,340

was just a few seconds and just went out

474

00:23:50,049 --> 00:23:47,870

no fading no

475

00:23:52,690 --> 00:23:50,059

breaking up no nothing just clicked on

476
00:23:54,610 --> 00:23:52,700
clicked off I've never seen anything

477
00:23:57,760 --> 00:23:54,620
like it before in my life and I've seen

478
00:24:00,340 --> 00:23:57,770
so many different things you know every

479
00:24:01,870 --> 00:24:00,350
kind of aircraft every kind of satellite

480
00:24:05,200 --> 00:24:01,880
every kind you know everything you'd

481
00:24:07,450 --> 00:24:05,210
imagine I've seen this was big you know

482
00:24:10,060 --> 00:24:07,460
if he'd held a dime up to it it was like

483
00:24:11,740 --> 00:24:10,070
dime sized from my point of view I

484
00:24:13,990 --> 00:24:11,750
couldn't tell how far away it was I

485
00:24:15,910 --> 00:24:14,000
couldn't tell anything like that but it

486
00:24:17,950 --> 00:24:15,920
was a light a light not attached to

487
00:24:20,860 --> 00:24:17,960
anything a light not part of anything

488
00:24:24,850 --> 00:24:20,870

just a light in in the times that I went

489

00:24:25,210 --> 00:24:24,860

back I saw multiple I saw one or two or

490

00:24:30,790 --> 00:24:25,220

three

491

00:24:33,460 --> 00:24:30,800

off at once the exact same time I saw

492

00:24:36,460 --> 00:24:33,470

them pop on one at a time and by the

493

00:24:38,860 --> 00:24:36,470

time the last one in a row gone on the

494

00:24:43,270 --> 00:24:38,870

first one was going off not synchronized

495

00:24:46,960 --> 00:24:43,280

but in that kind of staged effect never

496

00:24:51,040 --> 00:24:46,970

once ever did I see any place that this

497

00:24:53,290 --> 00:24:51,050

stuff came from any sort of it wasn't it

498

00:24:55,570 --> 00:24:53,300

was just a light that just turned on and

499

00:24:57,910 --> 00:24:55,580

turned off sometimes they were smaller

500

00:25:00,370 --> 00:24:57,920

sometimes they were larger sometimes

501
00:25:03,700 --> 00:25:00,380
there was one sometimes there was five

502
00:25:06,299 --> 00:25:03,710
or six sometimes it would be minutes in

503
00:25:09,610 --> 00:25:06,309
between lights sometimes it would be

504
00:25:11,950 --> 00:25:09,620
seconds I've even seen it where lights

505
00:25:14,260 --> 00:25:11,960
would come on go off and then it was

506
00:25:16,680 --> 00:25:14,270
half an hour an hour before Moore came

507
00:25:20,490 --> 00:25:16,690
on so after having experienced this

508
00:25:24,010 --> 00:25:20,500
multiple times I was at a conference and

509
00:25:27,070 --> 00:25:24,020
talked to someone who was giving a talk

510
00:25:29,410 --> 00:25:27,080
on phenomenon around the world one of

511
00:25:32,130 --> 00:25:29,420
the phenomenon that was mentioned rang a

512
00:25:34,060 --> 00:25:32,140
bell so I connected with this guy and

513
00:25:37,360 --> 00:25:34,070

realized that we were talking about the

514

00:25:39,970 --> 00:25:37,370

same thing and after that I was invited

515

00:25:43,060 --> 00:25:39,980

to actually go on the property where

516

00:25:44,530 --> 00:25:43,070

most of the activity had been now there

517

00:25:46,690 --> 00:25:44,540

were other things that other people saw

518

00:25:49,660 --> 00:25:46,700

but the lights were the main thing that

519

00:25:53,049 --> 00:25:49,670

I saw I saw little things but the

520

00:25:54,970 --> 00:25:53,059

gentleman who spoke that I connected

521

00:25:56,770 --> 00:25:54,980

with had been out there multiple times

522

00:26:00,230 --> 00:25:56,780

was out there multiple times how I was

523

00:26:04,100 --> 00:26:00,240

out there did a considerable amount of

524

00:26:06,680 --> 00:26:04,110

research working testing everything you

525

00:26:09,530 --> 00:26:06,690

can imagine and have not the last time

526

00:26:10,970 --> 00:26:09,540

that I was there and saw him had not

527

00:26:12,320 --> 00:26:10,980

come up with anything other people had

528

00:26:14,210 --> 00:26:12,330

apparently been out there and had not

529

00:26:16,669 --> 00:26:14,220

been able to come up with anything so

530

00:26:19,100 --> 00:26:16,679

definitely not something that's easy to

531

00:26:22,040 --> 00:26:19,110

make sense of or to figure out it would

532

00:26:24,799 --> 00:26:22,050

go away for months I think it's gone

533

00:26:26,930 --> 00:26:24,809

away for years at a time and then it

534

00:26:29,750 --> 00:26:26,940

would come back last for years and go

535

00:26:32,210 --> 00:26:29,760

away last for months and go away there

536

00:26:35,690 --> 00:26:32,220

was no predicting it all times of year

537

00:26:37,280 --> 00:26:35,700

all times of night from early dark to in

538

00:26:39,380 --> 00:26:37,290

or early in the morning I've had the

539

00:26:41,360 --> 00:26:39,390

privilege to see it I can't even tell

540

00:26:44,270 --> 00:26:41,370

you how many times we were going out

541

00:26:47,630 --> 00:26:44,280

there every weekend for for several

542

00:26:50,690 --> 00:26:47,640

years I can't explain what this

543

00:26:54,410 --> 00:26:50,700

phenomenon meant to me or did to me I

544

00:26:57,980 --> 00:26:54,420

would walk down into the field by myself

545

00:27:02,630 --> 00:26:57,990

and just look up and watch these lights

546

00:27:04,910 --> 00:27:02,640

I felt something I felt I'm not saying

547

00:27:08,000 --> 00:27:04,920

these were aliens absolutely not at all

548

00:27:10,790 --> 00:27:08,010

it didn't even seem like that although

549

00:27:13,340 --> 00:27:10,800

people had experiences with crafts and

550

00:27:16,340 --> 00:27:13,350

things of that nature in this whole area

551

00:27:19,340 --> 00:27:16,350

of not just this land but this felt in

552

00:27:23,180 --> 00:27:19,350

my soul like an intelligence reaching

553

00:27:26,600 --> 00:27:23,190

out to me it was profound it was magical

554

00:27:29,419 --> 00:27:26,610

it was it moved me to my very core of

555

00:27:32,240 --> 00:27:29,429

them and the thought of it can move me

556

00:27:35,600 --> 00:27:32,250

to my very core now just a bunch of

557

00:27:40,070 --> 00:27:35,610

lights in the sky but they were amazing

558

00:27:43,610 --> 00:27:40,080

perfect round pearls of light that would

559

00:27:47,480 --> 00:27:43,620

appear and disappear without sound or

560

00:27:50,690 --> 00:27:47,490

movement or shadow or mark amazingly

561

00:27:52,940 --> 00:27:50,700

perfect signs of something that we

562

00:27:55,370 --> 00:27:52,950

needed to pay attention to I just wish

563

00:27:57,650 --> 00:27:55,380

that I had been there for the rest of

564

00:28:00,049 --> 00:27:57,660

the message and not just the first part

565

00:28:02,090 --> 00:28:00,059

it's been 20 years I hope I see it again

566

00:28:04,730 --> 00:28:02,100

someday although I'm far far away from

567

00:28:05,870 --> 00:28:04,740

there now I hope that someday I get the

568

00:28:09,000 --> 00:28:05,880

answer

569

00:28:13,540 --> 00:28:09,010

[Music]

570

00:28:16,270 --> 00:28:13,550

me and my wife were both musicians we

571

00:28:21,250 --> 00:28:16,280

were playing a gig that night out in the

572

00:28:25,360 --> 00:28:21,260

suburbs of Chicago and we were driving

573

00:28:26,830 --> 00:28:25,370

in that gig it's probably around five

574

00:28:29,890 --> 00:28:26,840

six in the afternoon it was still

575

00:28:32,530 --> 00:28:29,900

daylight out and if you ever lived it or

576

00:28:34,360 --> 00:28:32,540

have been to Chicago you know that

577

00:28:39,490 --> 00:28:34,370

usually no matter where you're driving

578

00:28:42,550 --> 00:28:39,500

there is a lot of cars all around you we

579

00:28:46,140 --> 00:28:42,560

were driving along I can't remember

580

00:28:50,890 --> 00:28:46,150

which highway it was maybe Highway 290

581

00:28:53,410 --> 00:28:50,900

is it to 90 or to 95 I could or to 94 I

582

00:28:56,260 --> 00:28:53,420

can't remember anyways it was pretty

583

00:28:58,930 --> 00:28:56,270

much bumper-to-bumper traffic except the

584

00:29:02,260 --> 00:28:58,940

traffic was flowing at about between 45

585

00:29:04,930 --> 00:29:02,270

55 miles an hour and so it was a nice

586

00:29:06,940 --> 00:29:04,940

steady flow and we're driving I'm

587

00:29:10,000 --> 00:29:06,950

driving the car this time and my wife's

588

00:29:11,920 --> 00:29:10,010

in the passenger seat and I look up and

589

00:29:17,100 --> 00:29:11,930

ahead up in traffic

590

00:29:19,660 --> 00:29:17,110

even that I saw this black balloon

591

00:29:22,930 --> 00:29:19,670

descending out of the air I had no idea

592

00:29:24,850 --> 00:29:22,940

where it came from it was just you know

593

00:29:29,500 --> 00:29:24,860

I just looked and it was just there and

594

00:29:32,800 --> 00:29:29,510

it's descending towards traffic and I

595

00:29:36,700 --> 00:29:32,810

kind of nudged my wife and said hey

596

00:29:39,010 --> 00:29:36,710

check out that balloon up there in front

597

00:29:41,530 --> 00:29:39,020

of us I don't know why I felt the urge

598

00:29:43,600 --> 00:29:41,540

tell her about it but I just had this

599

00:29:46,539 --> 00:29:43,610

weird feeling product

600

00:29:49,090 --> 00:29:46,549

and she looked in the sky goes well

601
00:29:50,650 --> 00:29:49,100
that's just an airplane and I go no no

602
00:29:52,390 --> 00:29:50,660
no not the airplane because there was an

603
00:29:54,850 --> 00:29:52,400
airplane in the sky said the balloon out

604
00:29:57,190 --> 00:29:54,860
in front of us cuz this balloon was

605
00:29:59,470 --> 00:29:57,200
descending towards traffic and she saw

606
00:30:04,480 --> 00:29:59,480
it and she was like oh well that's weird

607
00:30:07,870 --> 00:30:04,490
and we're watching it and it's getting

608
00:30:10,000 --> 00:30:07,880
close to the cars at this point and my

609
00:30:11,710 --> 00:30:10,010
wife was like getting a little concerned

610
00:30:16,120 --> 00:30:11,720
she's like oh no it's gonna go into

611
00:30:17,770 --> 00:30:16,130
traffic and I said you know that's not a

612
00:30:19,960 --> 00:30:17,780
big deal it's just a balloon you know

613
00:30:21,419 --> 00:30:19,970

the wind from the traffic is gonna blow

614

00:30:24,430 --> 00:30:21,429

it back up in the air and it's gonna

615

00:30:27,700 --> 00:30:24,440

flip around and do it's balloon and

616

00:30:32,470 --> 00:30:27,710

stuff not a big deal don't worry about

617

00:30:34,960 --> 00:30:32,480

it so right when it's about to like hit

618

00:30:37,900 --> 00:30:34,970

that point when it's about to you know

619

00:30:43,090 --> 00:30:37,910

flip back up in the air I'd say were you

620

00:30:46,780 --> 00:30:43,100

know good three to four cars back from

621

00:30:50,340 --> 00:30:46,790

this thing and we're both watching it

622

00:30:54,159 --> 00:30:50,350

waiting for it to go back up in the air

623

00:30:58,900 --> 00:30:54,169

except that's not what it did it came

624

00:31:02,770 --> 00:30:58,910

down and went right above a car in the

625

00:31:06,700 --> 00:31:02,780

far left lane and it stopped right above

626
00:31:09,310 --> 00:31:06,710
the roof I mean like I mean maybe a foot

627
00:31:12,070 --> 00:31:09,320
above the roof at the most two feet

628
00:31:14,980 --> 00:31:12,080
maybe I don't know but not that far from

629
00:31:17,770 --> 00:31:14,990
the roof and when it got that it stopped

630
00:31:19,450 --> 00:31:17,780
and it like locked onto the car I don't

631
00:31:22,090 --> 00:31:19,460
know how else to say it like it started

632
00:31:27,669 --> 00:31:22,100
tailing the car okay

633
00:31:31,539 --> 00:31:27,679
and you have to understand that all the

634
00:31:34,690 --> 00:31:31,549
wind in everything did not affect this

635
00:31:38,320 --> 00:31:34,700
thing it was like it was attached to

636
00:31:40,570 --> 00:31:38,330
some sort of you know rod or something

637
00:31:41,140 --> 00:31:40,580
that would be attached to the roof of

638
00:31:44,440 --> 00:31:41,150

the car

639

00:31:47,289 --> 00:31:44,450

that's how still and how rain lined with

640

00:31:49,030 --> 00:31:47,299

this car it was is just tailing it it

641

00:31:49,850 --> 00:31:49,040

was matching at speed remember we're

642

00:31:53,600 --> 00:31:49,860

going for

643

00:31:56,450 --> 00:31:53,610

five between 45 55 miles an hour and it

644

00:32:00,740 --> 00:31:56,460

matched every movement of this car going

645

00:32:04,940 --> 00:32:00,750

around the turns and right then I was

646

00:32:07,669 --> 00:32:04,950

just like oh man what what the hell is

647

00:32:10,250 --> 00:32:07,679

going on and then I watched it ascend

648

00:32:14,180 --> 00:32:10,260

back up in the air but when it went back

649

00:32:17,030 --> 00:32:14,190

up in the air it went straight up in the

650

00:32:19,520 --> 00:32:17,040

air and it was still keeping pace with

651
00:32:23,990 --> 00:32:19,530
the cars underneath it was still going

652
00:32:27,020 --> 00:32:24,000
at the same speed and going straight in

653
00:32:29,539 --> 00:32:27,030
the air I mean straight no weeble

654
00:32:34,700 --> 00:32:29,549
wobbling or anything like that and the

655
00:32:38,500 --> 00:32:34,710
wind didn't affect it okay and it went

656
00:32:41,120 --> 00:32:38,510
to the right to the next car over and

657
00:32:44,630 --> 00:32:41,130
that a dissented again and started

658
00:32:46,150 --> 00:32:44,640
tailing the next car next to it the same

659
00:32:49,220 --> 00:32:46,160
thing as it was doing the other car

660
00:32:52,789 --> 00:32:49,230
keeping pace with it not moving not

661
00:32:56,780 --> 00:32:52,799
budging it just stayed there and after

662
00:32:58,940 --> 00:32:56,790
it did that for a while it rose back up

663
00:33:00,860 --> 00:32:58,950

in the air straight and it kind of

664

00:33:04,190 --> 00:33:00,870

stopped tailing the car meaning that

665

00:33:06,740 --> 00:33:04,200

like it stopped going 45 to 55 miles an

666

00:33:09,049 --> 00:33:06,750

hour it was like it was done with it you

667

00:33:11,539 --> 00:33:09,059

know and stopped going with the speed of

668

00:33:13,520 --> 00:33:11,549

traffic and at that point when it was

669

00:33:16,370 --> 00:33:13,530

rising in the air we drove right

670

00:33:18,830 --> 00:33:16,380

underneath it like directly underneath

671

00:33:25,190 --> 00:33:18,840

it and me and my wife both looked up in

672

00:33:28,820 --> 00:33:25,200

the air at it and I saw it up close it

673

00:33:32,350 --> 00:33:28,830

wasn't this wasn't some light in the sky

674

00:33:35,870 --> 00:33:32,360

thing this was in broad daylight up

675

00:33:37,700 --> 00:33:35,880

close it was not that that high above

676
00:33:43,669 --> 00:33:37,710
our car when we drove underneath it and

677
00:33:48,370 --> 00:33:43,679
it was a solid black ball round ball it

678
00:33:52,270 --> 00:33:48,380
was solid there's no wings no exhaust no

679
00:33:54,590 --> 00:33:52,280
propellers nothing no means of any

680
00:33:58,060 --> 00:33:54,600
propulsion on it

681
00:34:01,930 --> 00:33:58,070
it was aerodynamically

682
00:34:07,639 --> 00:34:05,539
how does a solid round ball with none of

683
00:34:12,589 --> 00:34:07,649
those features even do anything let

684
00:34:16,339 --> 00:34:12,599
alone do and maneuver in the way that it

685
00:34:19,129 --> 00:34:16,349
did without any kind of turbulence or

686
00:34:24,399 --> 00:34:19,139
air or anything affecting his movement

687
00:34:28,579 --> 00:34:24,409
like it was like it was I don't know it

688
00:34:30,049 --> 00:34:28,589

was like outside of everything you know

689

00:34:33,799 --> 00:34:30,059

I don't know how else to say it kind of

690

00:34:38,329 --> 00:34:33,809

like you know like you hear about maybe

691

00:34:40,669 --> 00:34:38,339

it was warping the space-time or gravity

692

00:34:42,289 --> 00:34:40,679

around it or something like that maybe

693

00:34:45,079 --> 00:34:42,299

there's some sort of bubble it was in

694

00:34:50,980 --> 00:34:45,089

that everything else just it didn't

695

00:34:53,089 --> 00:34:50,990

affect it I don't know but I don't

696

00:34:56,839 --> 00:34:53,099

that's all I have to say the only other

697

00:34:59,859 --> 00:34:56,849

thing I can think of is if it was maybe

698

00:35:02,599 --> 00:34:59,869

some sort of mesh material that was so

699

00:35:05,150 --> 00:35:02,609

woven so tightly that it appeared like

700

00:35:08,059 --> 00:35:05,160

it was solid like it was a solid black

701
00:35:09,289 --> 00:35:08,069
but even then that still wouldn't be it

702
00:35:12,170 --> 00:35:09,299
wouldn't be able to do what it did it

703
00:35:14,240 --> 00:35:12,180
wouldn't that that wouldn't indicate

704
00:35:18,650 --> 00:35:14,250
maybe there were propellers inside of it

705
00:35:22,849 --> 00:35:18,660
but like if it was mess a mesh wiring or

706
00:35:25,250 --> 00:35:22,859
or fabric or whatever that was so tight

707
00:35:28,309 --> 00:35:25,260
that it appears completely saw it and I

708
00:35:30,620 --> 00:35:28,319
mean a solid black just a solid object

709
00:35:32,870 --> 00:35:30,630
that it would there's no way that

710
00:35:36,079 --> 00:35:32,880
there's no way it could do what it did

711
00:35:38,480 --> 00:35:36,089
you know what I mean there's no way as

712
00:35:41,120 --> 00:35:38,490
we drove under it and was you know we

713
00:35:42,859 --> 00:35:41,130

got past it and I really want I wish I

714

00:35:45,410 --> 00:35:42,869

could have just kept looking at it but I

715

00:35:48,069 --> 00:35:45,420

had to drive you know I couldn't wreck

716

00:35:50,290 --> 00:35:48,079

the car that I was just sitting there

717

00:35:53,050 --> 00:35:50,300

thinking

718

00:35:55,690 --> 00:35:53,060

I didn't see that that didn't happen I

719

00:35:57,310 --> 00:35:55,700

was like trying oh I pretend like it

720

00:35:59,860 --> 00:35:57,320

didn't happen and then I looked at my

721

00:36:01,210 --> 00:35:59,870

wife and she started screaming and going

722

00:36:04,570 --> 00:36:01,220

what the hell was that

723

00:36:06,880 --> 00:36:04,580

wha huh and just yelling at me

724

00:36:09,520 --> 00:36:06,890

and that was when I was like okay I did

725

00:36:15,720 --> 00:36:09,530

see that I'm not making that up that

726

00:36:20,040 --> 00:36:15,730

just happened and we went to the gig and

727

00:36:22,720 --> 00:36:20,050

we went one of my my other bandmates and

728

00:36:25,120 --> 00:36:22,730

good friend of ours was there and we

729

00:36:27,400 --> 00:36:25,130

looked at him where we go we think we

730

00:36:29,440 --> 00:36:27,410

just saw you I phone away here and he

731

00:36:33,460 --> 00:36:29,450

just kind of looked at us and smiled and

732

00:36:36,130 --> 00:36:33,470

gave a little laugh and that was it we

733

00:36:37,810 --> 00:36:36,140

just didn't talk about it after that and

734

00:36:43,210 --> 00:36:37,820

we went on of her night plates gig had a

735

00:36:44,160 --> 00:36:43,220

good time and then afterwards got on the

736

00:36:47,920 --> 00:36:44,170

Internet

737

00:36:52,330 --> 00:36:47,930

you know to try and I just did a search

738

00:36:57,280 --> 00:36:52,340

for you know circle drones or spheric

739

00:36:59,530 --> 00:36:57,290

spiracle drones and I found a video of

740

00:37:02,020 --> 00:36:59,540

the thing that the Japanese government

741

00:37:05,920 --> 00:37:02,030

made to sort of drone that they made

742

00:37:08,650 --> 00:37:05,930

where it was a circle but it was a wire

743

00:37:11,590 --> 00:37:08,660

frame like you could see the propellers

744

00:37:13,330 --> 00:37:11,600

in the different like little wings and

745

00:37:15,280 --> 00:37:13,340

things that help it move around inside

746

00:37:19,030 --> 00:37:15,290

you could see the inner mechanics of it

747

00:37:21,250 --> 00:37:19,040

it was not not the same thing as I saw

748

00:37:24,970 --> 00:37:21,260

there it wasn't solid at all

749

00:37:27,130 --> 00:37:24,980

it was wide and open it was just like if

750

00:37:32,500 --> 00:37:27,140

I remember correctly it was just like

751
00:37:35,710 --> 00:37:32,510
twos like circle rims it was an open

752
00:37:37,360 --> 00:37:35,720
thing it wasn't solid black and I like I

753
00:37:41,520 --> 00:37:37,370
said I could see the propellers in it

754
00:37:43,450 --> 00:37:41,530
and this thing moved very very similar

755
00:37:46,380 --> 00:37:43,460
to

756
00:37:48,730 --> 00:37:46,390
what we saw it was the closest

757
00:37:50,890 --> 00:37:48,740
representation that I could see to tell

758
00:37:54,400 --> 00:37:50,900
kind of show someone like what we saw

759
00:37:55,990 --> 00:37:54,410
but it wasn't that drone there was a

760
00:37:59,470 --> 00:37:56,000
little bit you know you could tell that

761
00:38:01,240 --> 00:37:59,480
this drone still like it's like

762
00:38:03,580 --> 00:38:01,250
helicopter or any other kind of

763
00:38:05,410 --> 00:38:03,590

propeller type of mechanism that has to

764

00:38:08,380 --> 00:38:05,420

obey but the laws of physics you know

765

00:38:09,970 --> 00:38:08,390

like there's little Bob's and weaves in

766

00:38:12,190 --> 00:38:09,980

the way that it moves it can't just go

767

00:38:13,930 --> 00:38:12,200

straight up and over and down like the

768

00:38:16,180 --> 00:38:13,940

thing that I saw moved it was moving in

769

00:38:18,610 --> 00:38:16,190

straight lines direct straight lines

770

00:38:23,220 --> 00:38:18,620

there was no kind of I don't know how

771

00:38:26,020 --> 00:38:23,230

I'll describe it so that's the only

772

00:38:28,050 --> 00:38:26,030

anything that I could find remotely

773

00:38:32,020 --> 00:38:28,060

close to it and like I said it wasn't it

774

00:38:35,170 --> 00:38:32,030

and a couple other things that happens

775

00:38:39,330 --> 00:38:35,180

we we reported it to the police we

776

00:38:42,340 --> 00:38:39,340

called the police and they got mad at us

777

00:38:46,030 --> 00:38:42,350

we tried to be completely honest with

778

00:38:49,420 --> 00:38:46,040

them but they thought we were trying to

779

00:38:52,990 --> 00:38:49,430

pull a prank on him and they scolded us

780

00:38:54,640 --> 00:38:53,000

a bit and they said to us sir there are

781

00:38:56,050 --> 00:38:54,650

things that we do to protect you that

782

00:39:00,390 --> 00:38:56,060

you don't know about and all this stuff

783

00:39:05,020 --> 00:39:00,400

and I was kind of like yeah but not this

784

00:39:08,490 --> 00:39:05,030

and you know that went nowhere I even

785

00:39:11,380 --> 00:39:08,500

made a report to move on and they I

786

00:39:13,920 --> 00:39:11,390

don't know what I was expecting really

787

00:39:19,060 --> 00:39:13,930

to get from him they're pretty worthless

788

00:39:21,490 --> 00:39:19,070

because I I gave I wrote out a report

789

00:39:24,390 --> 00:39:21,500

form and I got an investigator guy and I

790

00:39:27,130 --> 00:39:24,400

told the story just like I told you even

791

00:39:29,500 --> 00:39:27,140

like in the beginning I said I thought

792

00:39:31,360 --> 00:39:29,510

it was a black balloon at first until it

793

00:39:33,340 --> 00:39:31,370

moved this way then obviously it wasn't

794

00:39:35,470 --> 00:39:33,350

a black plume and the only response I

795

00:39:40,120 --> 00:39:35,480

got back from the guy was oh it must

796

00:39:41,910 --> 00:39:40,130

have been a black balloon so I pretty

797

00:39:43,740 --> 00:39:41,920

much wrote him back and I

798

00:39:45,510 --> 00:39:43,750

I don't think I was very nice I tried to

799

00:39:49,319 --> 00:39:45,520

be nice but I was like listen buddy

800

00:39:52,410 --> 00:39:49,329

you're you're worthless so just forget

801
00:39:58,109 --> 00:39:52,420
about it basically you know I feel bad

802
00:40:03,270 --> 00:39:58,119
from kind of being rude but I was just

803
00:40:05,339 --> 00:40:03,280
frustrated and that's pretty much it all

804
00:40:07,530 --> 00:40:05,349
as I know is I witnessed the technology

805
00:40:10,130 --> 00:40:07,540
that did operate it in a way that it

806
00:40:13,440 --> 00:40:10,140
shouldn't have operated it's a

807
00:40:16,910 --> 00:40:13,450
technology that to me from my limited

808
00:40:20,250 --> 00:40:16,920
understanding defied the laws of physics

809
00:40:22,559 --> 00:40:20,260
well let me say it defied our current

810
00:40:24,870 --> 00:40:22,569
understanding of physics I should say or

811
00:40:29,339 --> 00:40:24,880
at least there's more to the picture

812
00:40:32,839 --> 00:40:29,349
than we know obviously and from that

813
00:40:35,970 --> 00:40:32,849

point on I had to face the fact that

814

00:40:38,750 --> 00:40:35,980

that there's stuff out there that we

815

00:40:42,190 --> 00:40:38,760

don't know about that

816

00:40:45,950 --> 00:40:42,200

that we call UFO their inner sky and

817

00:40:48,920 --> 00:40:45,960

they can do things that our technology

818

00:40:50,210 --> 00:40:48,930

can and I don't know that's enough for

819

00:40:53,120 --> 00:40:50,220

me too

820

00:40:57,230 --> 00:40:53,130

you know I don't know who's flying then

821

00:41:00,980 --> 00:40:57,240

I don't know where came from but it's

822

00:41:04,520 --> 00:41:00,990

not hard to extrapolate from what I do

823

00:41:08,210 --> 00:41:04,530

know for a fact although it's not

824

00:41:11,990 --> 00:41:08,220

definitive that I will be correct on

825

00:41:14,060 --> 00:41:12,000

what I think it may or may not be but we

826

00:41:18,050 --> 00:41:14,070

can I think I can safely say it's pretty

827

00:41:20,990 --> 00:41:18,060

exotic whatever it is and whoever is

828

00:41:24,320 --> 00:41:21,000

controlling it and made it it was able

829

00:41:29,720 --> 00:41:24,330

to do those things it's also probably

830

00:41:33,920 --> 00:41:29,730

pretty exotic so you know the world just

831

00:41:40,110 --> 00:41:33,930

became a really strange place so that's

you know Kristi I can't say that I do

842

00:42:08,090 --> 00:42:06,540

well neither do I but I have a theory

843

00:42:09,980 --> 00:42:08,100

and anyone who wants to hear it should

844

00:42:11,870 --> 00:42:09,990

listen to our podcast it's called that's

845

00:42:13,940 --> 00:42:11,880

weird and we talk about all kinds of

846

00:42:15,800 --> 00:42:13,950

weird [h__\h] it's not just feet I'm so

847

00:42:18,620 --> 00:42:15,810

glad we don't just talk about feet right

848

00:42:21,170 --> 00:42:18,630

that would truly be the weirdest so yeah

849

00:42:23,030 --> 00:42:21,180

if you like weird topics feminist rants

850

00:42:24,920 --> 00:42:23,040
