00:00:07,550 --> 00:00:04,370
hey guys Ryan Sprague here doing another

2
00:00:09,620 --> 00:00:07,560
Facebook live event tonight I have an

3
00:00:11,660 --> 00:00:09,630
impromptu you night off from work so I

4
00:00:14,480 --> 00:00:11,670
thought what the hell I give this a try

5
00:00:17,480 --> 00:00:14,490
I've got some stuff I kind of wanted to

6
00:00:20,210 --> 00:00:17,490
talk about but before we do that I do

7
00:00:21,890 --> 00:00:20,220
have to share this on to some of my

8
00:00:27,140 --> 00:00:21,900
other outlets so if you'll just give me

9
00:00:29,419 --> 00:00:27,150
one second I'm gonna I'm gonna transfer

10
00:00:31,820 --> 00:00:29,429
this over to my facebook somewhere in

11
00:00:40,729 --> 00:00:31,830
the skies podcast group so give me one

12
00:00:42,979 --> 00:00:40,739

13
00:00:46,060 --> 00:00:42,989

14

00:00:49,220 --> 00:00:46,070

event guys thank you for joining me and

15

00:00:51,560 --> 00:00:49,230

yeah this isn't asking me anything Q&A

16

00:00:53,420 --> 00:00:51,570

sort of thing on the year if you just

17

00:00:55,760 --> 00:00:53,430

want to chat and ask me some questions

18

00:00:58,010 --> 00:00:55,770

about anything I know a lot of people

19

00:01:00,319 --> 00:00:58,020

know me as the UFO guy aliens all that

20

00:01:02,299 --> 00:01:00,329

stuff but anything you want to talk

21

00:01:05,090 --> 00:01:02,309

about I'm game lot going on in the world

22

00:01:07,460 --> 00:01:05,100

a lot going on with UFOs too so we can

23

00:01:10,340 --> 00:01:07,470

definitely talk about that but I am all

24

00:01:12,260 --> 00:01:10,350

yours right now so yeah I see a bunch of

25

00:01:18,230 --> 00:01:12,270

people hopping in so welcome welcome

26

00:01:20,929 --> 00:01:18,240

let's see who we've got let's see

27

00:01:23,870 --> 00:01:20,939

buh buh boom a bunch of people hopping

28

00:01:26,359 --> 00:01:23,880

in guys welcome to the Facebook like Q&A

29

00:01:27,890 --> 00:01:26,369

I had another system set up where I'd be

30

00:01:30,830 --> 00:01:27,900

able to read questions and not have to

31

00:01:34,999 --> 00:01:30,840

be like going through my computer and my

32

00:01:36,800 --> 00:01:35,009

iPad died it literally just Shi T the

33

00:01:40,760 --> 00:01:36,810

bed I don't know what happened but

34

00:01:44,149 --> 00:01:40,770

hopefully I can get that fixed but let's

35

00:01:45,859 --> 00:01:44,159

see what we got here I'm gonna be kind

36

00:01:48,530 --> 00:01:45,869

of reading from my phone so this is a

37

00:01:53,060 --> 00:01:48,540

little awkward please bear with me

38

44

00:02:20,030 --> 00:02:24,640

this is awkward

45

00:02:27,590 --> 00:02:25,820

awesome

46

00:02:28,610 --> 00:02:27,600

47

00:02:31,610 --> 00:02:28,620

51
00:02:45,590 --> 00:02:39,630

56
00:02:58,850 --> 00:02:55,980
bit right here on my microphone excuse

58
00:03:08,140 --> 00:03:05,600
bear with me my portable CEDIA I don't

59
00:03:12,320 --> 00:03:08,150

anyways umm so yeah yeah welcome to the

61
00:03:17,780 --> 00:03:16,140
somewhere in the skies in spring QA some

62
00:03:20,240 --> 00:03:17,790
things I want to bring up for you guys

63
00:03:22,370 --> 00:03:20,250

tonight if you don't listen to the

64

00:03:24,890 --> 00:03:22,380

podcast now is a great time to get

65

00:03:26,660 --> 00:03:24,900

involved somewhere in the skies calm I

66

00:03:31,310 --> 00:03:26,670

have some amazing interviews I just

67

00:03:33,530 --> 00:03:31,320

released one with mr. Jim Perry of you

68

00:03:35,660 --> 00:03:33,540

foment a wonderful wonderful podcast

69

00:03:38,930 --> 00:03:35,670

kind of in the audio Dalek around

70

00:03:41,720 --> 00:03:38,940

something like a lore but much much

71

00:03:44,000 --> 00:03:41,730

better in my opinion he just rebranded

72

00:03:46,300 --> 00:03:44,010

his show relaunched it and I was the

73

00:03:49,280 --> 00:03:46,310

first to interview him about the new and

74

00:03:51,680 --> 00:03:49,290

newly improved youthful met so please

75

00:03:54,229 --> 00:03:51,690

check that out he's got three episodes

76

00:03:57,680 --> 00:03:54,239

one just released today so go check that

77

00:03:59,750 --> 00:03:57,690

out at youthful Netcom we talked all

78

00:04:01,820 --> 00:03:59,760

about in the interview about the what's

79

00:04:03,910 --> 00:04:01,830

to come with the show what he did on the

80

00:04:07,130 --> 00:04:03,920

hiatus when you from that was not around

81

00:04:10,610 --> 00:04:07,140

some amazing experiences he had at the e

82

00:04:12,770 --> 00:04:10,620

Sethi ranch in Washington and yeah that

83

00:04:15,920 --> 00:04:12,780

was that was a good one and then I just

84

00:04:17,780 --> 00:04:15,930

released yesterday my 60th episode of

85

00:04:20,030 --> 00:04:17,790

someone this guy's and my guess was my

86

00:04:22,909 --> 00:04:20,040

premiere guest of the show and that was

87

00:04:25,430 --> 00:04:22,919

Richard Dolan historian UFO researcher

88

00:04:26,980 --> 00:04:25,440

and quits identity publisher of my book

89

00:04:28,270 --> 00:04:26,990

so we

90

00:04:29,589 --> 00:04:28,280

really got deep and a little

91

00:04:32,680 --> 00:04:29,599

controversial I've been getting some

92

00:04:35,320 --> 00:04:32,690

flack on this episode with good reason

93

00:04:37,420 --> 00:04:35,330

but I fully embrace it we talked a lot

94

00:04:39,760 --> 00:04:37,430

about false flags now I know this is a

95

00:04:40,960 --> 00:04:39,770

very hot button issue some people don't

96

00:04:42,070 --> 00:04:40,970

even like to go down that rabbit hole

97

00:04:44,379 --> 00:04:42,080

and I don't blame you

98

00:04:46,990 --> 00:04:44,389

we live in an age of Alex Jones like

99

00:04:50,260 --> 00:04:47,000

conspiracies and it's unhealthy it's

100

00:04:52,240 --> 00:04:50,270

very unhealthy but I do respect Richard

101
00:04:54,730 --> 00:04:52,250
Owen I think he has the knowledge the

102
00:04:57,189 --> 00:04:54,740
insight and the foresight to know what

103
00:04:58,570 --> 00:04:57,199
happened in the past and what could it

104
00:05:00,430 --> 00:04:58,580
possibly happen in the future when it

105
00:05:03,249 --> 00:05:00,440
comes to false flags so we talked about

106
00:05:05,589 --> 00:05:03,259
a few of those in the episode tackle

107
00:05:07,570 --> 00:05:05,599
those very controversial but we also

108
00:05:09,939 --> 00:05:07,580
talked about his other two talks he gave

109
00:05:12,730 --> 00:05:09,949
a contact in the desert the first was

110
00:05:15,399 --> 00:05:12,740
how New Age thought New Age the New Age

111
00:05:17,260 --> 00:05:15,409
movement has sort of derailed UFO

112
00:05:19,029 --> 00:05:17,270
studies which is really interesting you

113
00:05:21,219 --> 00:05:19,039

know you go to all these UFO conventions

114

00:05:22,600 --> 00:05:21,229

or conferences and you know there's

115

00:05:25,360 --> 00:05:22,610

hippies and there's all these

116

00:05:26,879 --> 00:05:25,370

metaphysical people around and you know

117

00:05:30,490 --> 00:05:26,889

well it's not something I really

118

00:05:32,649 --> 00:05:30,500

subscribe to I get its place in ufology

119

00:05:34,779 --> 00:05:32,659

and I understand there's a lot more to

120

00:05:37,330 --> 00:05:34,789

it so I'm not knocking anyone who might

121

00:05:39,760 --> 00:05:37,340

be new age or metaphysical but it is a

122

00:05:42,640 --> 00:05:39,770

derailment to the nuts and bolts study

123

00:05:44,920 --> 00:05:42,650

of ufology and Dolan does tackle that in

124

00:05:47,649 --> 00:05:44,930

this episode there that I interviewed

125

00:05:50,080 --> 00:05:47,659

him for we then ended the conversation

126

00:05:53,140 --> 00:05:50,090

with his thoughts on Tom DeLonge to the

127

00:05:55,420 --> 00:05:53,150

stars Academy the secret UFO Pentagon

128

00:05:57,790 --> 00:05:55,430

program that recently came to light and

129

00:05:59,320 --> 00:05:57,800

everything in between so please forgive

130

00:06:00,909 --> 00:05:59,330

a chance to check that out I'm just

131

00:06:03,159 --> 00:06:00,919

gonna check if we got any questions

132

00:06:05,830 --> 00:06:03,169

I'm literally checking on my phone check

133

00:06:09,129 --> 00:06:05,840

Hynek fans for anyone who doesn't know

156
00:07:09,520 --> 00:07:06,920
jl and hi Nick he is basically the

157
00:07:11,950 --> 00:07:09,530
godfather of ufology he was hired by the

158
00:07:14,500 --> 00:07:11,960
government as an astronomer to debunk

159
00:07:17,440 --> 00:07:14,510
UFO sightings during Project Blue Book

160
00:07:19,480 --> 00:07:17,450
and a lot of them he could not and he

161
00:07:22,210 --> 00:07:19,490
slowly became a believer that there was

162
00:07:25,120 --> 00:07:22,220
a legitimate UFO phenomenon and that we

163
00:07:27,700 --> 00:07:25,130

have no idea what it is where it comes

164

00:07:30,010 --> 00:07:27,710

from or what it's capable of so I

165

00:07:32,740 --> 00:07:30,020

decided to make a cool hip fresh take on

166

00:07:35,680 --> 00:07:32,750

mr. J Allen Hynek and you can check out

167

00:07:37,300 --> 00:07:35,690

through my patreon so okay if you want

171

00:07:49,230 --> 00:07:45,860

173

174

00:07:58,150 --> 00:07:55,640

patrons today is an interview I

175

00:08:00,760 --> 00:07:58,160

conducted with Josh seaman who is the

176

00:08:03,670 --> 00:08:00,770

creator and director of the hit

177

00:08:07,210 --> 00:08:03,680

documentary crosby about the Staten

178

00:08:09,760 --> 00:08:07,220

Island string of children who

179

00:08:13,780 --> 00:08:09,770

disappeared in the USA late 80s early

180

00:08:16,150 --> 00:08:13,790

90s and a gentleman who who was

181

00:08:18,250 --> 00:08:16,160

supposedly the person who was doing the

182

00:08:19,690 --> 00:08:18,260

kidnapping this became an urban legend

183

00:08:21,520 --> 00:08:19,700

in Staten Island you know people would

184

00:08:23,380 --> 00:08:21,530

say you know go to bed or crosby's

185

00:08:25,659 --> 00:08:23,390

gonna get you or don't stay out late

186

00:08:28,480 --> 00:08:25,669

don't party don't do drugs or cops he's

187

00:08:30,130 --> 00:08:28,490

gonna get you so in the documentary Josh

188

00:08:32,230 --> 00:08:30,140

kind of goes into the urban legend

189

00:08:35,709 --> 00:08:32,240

versus the reality of the situation of

190

00:08:38,110 --> 00:08:35,719

the time and then he also talks in the

191

00:08:41,020 --> 00:08:38,120

interview with me about his TV special

192

00:08:42,940 --> 00:08:41,030

on chiller TV which was titled Killer

193

00:08:45,430 --> 00:08:42,950

legends where he goes in-depth about

194

00:08:48,480 --> 00:08:45,440

other urban legends throughout the US

195

00:08:50,530 --> 00:08:48,490

and abroad and how we've come to realize

196

00:08:52,870 --> 00:08:50,540

throughout time that some of these urban

197

00:08:54,490 --> 00:08:52,880

legends we've always heard of are

198

00:08:55,960 --> 00:08:54,500

actually based in fact

199

00:08:58,810 --> 00:08:55,970

so he goes out and investigates there's

200

00:09:01,630 --> 00:08:58,820

so the interview is a lot about the

201
00:09:03,910 --> 00:09:01,640
power of urban legend and what's truth

202
00:09:06,730 --> 00:09:03,920
what's not and how it's sort of a

203
00:09:08,530 --> 00:09:06,740
feedback cycle a feedback loop of all of

204
00:09:10,120 --> 00:09:08,540
that really interesting really

205
00:09:12,700 --> 00:09:10,130
intriguing I think you'll really enjoyed

206
00:09:15,670 --> 00:09:12,710
that interview again that is just for my

207

be working at a cryptid themed coffee

236

00:10:35,590 --> 00:10:32,900

any questions yet pardon me Richard

242

00:11:01,840 --> 00:10:56,450

Dolan could crush Alex Jones like a bug

243

00:11:04,720 --> 00:11:01,850

I agree Ellie Jones is a bug what have

244

00:11:05,980 --> 00:11:04,730

you heard about UFOs in Colorado Matt

245

00:11:08,350 --> 00:11:05,990

that's a really good question I haven't

246

00:11:13,150 --> 00:11:08,360

heard much about any UFOs in Colorado

247

00:11:15,670 --> 00:11:13,160

to be honest but coming to Denver this

248

00:11:18,730 --> 00:11:15,680

weekend actually this upcoming weekend

249

00:11:20,680 --> 00:11:18,740

of June 15th and 17th at Denver Comic

250

00:11:22,600 --> 00:11:20,690

Con if anyone's in that area

251

00:11:26,019 --> 00:11:22,610

please go check out my good friends

252

00:11:28,540 --> 00:11:26,029

Jason McClellan and Maureen Elsberry

253

00:11:30,370 --> 00:11:28,550

they are going to be doing a panel and

254

00:11:32,259 --> 00:11:30,380

let me get this right I don't want to

255

00:11:34,060 --> 00:11:32,269

screw this up because I did prepare a

256

00:11:36,460 --> 00:11:34,070

little bit they're gonna be doing two

257

00:11:38,190 --> 00:11:36,470

panels actually the first is June 15th

258

00:11:41,139 --> 00:11:38,200

and this is called the government

259

00:11:42,900 --> 00:11:41,149

paranormal investigations and this is

260

00:11:45,670 --> 00:11:42,910

gonna be done with Jason Maureen and

261

00:11:47,710 --> 00:11:45,680

filmmaker and good friend and colleague

262

00:11:49,600 --> 00:11:47,720

Jeremy Korbelt were they're going to be

263

00:11:53,470 --> 00:11:49,610

talking a lot about skinwalker ranch and

264

00:11:56,110 --> 00:11:53,480

fast this you know super kind of secret

265

00:11:58,750 --> 00:11:56,120

investigation group directly involved

266

00:12:01,480 --> 00:11:58,760

with the Pentagon UFO program that Bob

267

00:12:04,329 --> 00:12:01,490

Bigelow is involved with and now Tom

268

00:12:06,340 --> 00:12:04,339

DeLonge and the whole string of messy

269

00:12:08,019 --> 00:12:06,350

events with all of that so that's gonna

270

00:12:11,230 --> 00:12:08,029

be really cool that's June 15th at

271

00:12:12,970 --> 00:12:11,240

Denver Comic Con and then on June 17th

272

00:12:15,939 --> 00:12:12,980

there's going to be another panel called

273

00:12:18,610 --> 00:12:15,949

UFOs in pop culture and that's gonna be

274

00:12:21,130 --> 00:12:18,620

Jason Maureen and it's going to be

275

00:12:22,960 --> 00:12:21,140

moderated by Bonnie Burton from the

276

00:12:25,509 --> 00:12:22,970

sci-fi channel and it's also going to

277

00:12:29,100 --> 00:12:25,519

include the bizarre States podcast hosts

278

00:12:31,630 --> 00:12:29,110

Jessica Chavo in Andrew Bowser an

279

00:12:33,819 --> 00:12:31,640

awesome podcast those guys are great

280

00:12:35,500 --> 00:12:33,829

they do good work over at Nerdist so

281

00:12:37,300 --> 00:12:35,510

that you cannot ask for a better group

282

00:12:40,480 --> 00:12:37,310

of people to be talking about UFOs in

283

00:12:43,030 --> 00:12:40,490

pop culture so that is going to be this

284

00:12:45,819 --> 00:12:43,040

upcoming weekend and check out Denver

285

00:12:47,800 --> 00:12:45,829

Comic Con calm to order tickets for that

286

00:12:49,569 --> 00:12:47,810

go support my good colleagues some

287

00:12:52,630 --> 00:12:49,579

friends Jason Maureen over at rogue

288

00:12:55,090 --> 00:12:52,640

planet goes here jeremy Korbel talk

289

00:12:57,490 --> 00:12:55,100

about you know these secret programs and

290

00:13:00,430 --> 00:12:57,500

all the things he's uncovered and just

291

00:13:01,930 --> 00:13:00,440

go go UFOs are being talked about at

292

00:13:04,389 --> 00:13:01,940

Comic Cons we've been dreaming about

293

00:13:07,509 --> 00:13:04,399

this forever so have a good time doing

294

00:13:09,939 --> 00:13:07,519

that speaking of which June 17th doing

295

00:13:13,810 --> 00:13:09,949

that panel I'm gonna be speaking here in

296

00:13:14,380 --> 00:13:13,820

Los Angeles actually Pasadena to be more

297

00:13:17,470 --> 00:13:14,390

specific

298

00:13:21,110 --> 00:13:17,480

at alien Con this is being hosted by the

299

00:13:23,299 --> 00:13:21,120

ancient aliens television show a network

300

00:13:25,249 --> 00:13:23,309

it brings together you know celebrities

301

00:13:27,980 --> 00:13:25,259

in the sci-fi realm it brings together

302

00:13:29,809 --> 00:13:27,990

the ancient aliens cast it brings

303

00:13:31,999 --> 00:13:29,819

together ufologists from around the

304

00:13:34,369 --> 00:13:32,009

world just hash it out you know whether

305

00:13:37,879 --> 00:13:34,379

you are a a believer of the ancient

306

00:13:40,369 --> 00:13:37,889

alien theory or not it's going to be a

307

00:13:42,079 --> 00:13:40,379

really fun cool event I'm kind of going

308

00:13:44,210 --> 00:13:42,089

into it with an open mind that this is

309

00:13:45,889 --> 00:13:44,220

going to be a lot more fun than possibly

310

00:13:48,379 --> 00:13:45,899

you know informational and insightful

311

00:13:51,739 --> 00:13:48,389

but I'm gonna try to do my part

312

00:13:55,100 --> 00:13:51,749

to give some insight on on Sunday June

313

00:13:57,949 --> 00:13:55,110

17th I will be speaking at alien Con at

314

00:14:00,290 --> 00:13:57,959

3:30 p.m. in the afternoon my talk is

315

00:14:02,030 --> 00:14:00,300

titled a human approach to an alien

316

00:14:04,309 --> 00:14:02,040

phenomenon some of you might know that

317

00:14:06,319 --> 00:14:04,319

as the subtitle to my book somewhere in

318

00:14:08,480 --> 00:14:06,329

the skies and yet I'm going to be

319

00:14:11,379 --> 00:14:08,490

talking all about the human side of

320

00:14:14,269 --> 00:14:11,389

having a UFO encounter or possible

321

00:14:16,009 --> 00:14:14,279

abduction experience and stuff like that

322

00:14:18,290 --> 00:14:16,019

how does it affect the person involved

323

00:14:19,939 --> 00:14:18,300

what did they think it is and how did it

324

00:14:20,989 --> 00:14:19,949

impact their lives so I'm gonna be

325

00:14:22,549 --> 00:14:20,999

talking about all that I've got

326

00:14:23,540 --> 00:14:22,559

exclusive videos I'm gonna be showing

327

00:14:24,650 --> 00:14:23,550

through some of the people I interviewed

328

00:14:28,220 --> 00:14:24,660

in the book

329

00:14:29,900 --> 00:14:28,230

very touching heartwarming to be on some

330

00:14:32,150 --> 00:14:29,910

of the videos still give me chills and

331

00:14:33,949 --> 00:14:32,160

leave me with a little tear in my eye

332

00:14:36,739 --> 00:14:33,959

and make me really think that there's

333

00:14:39,110 --> 00:14:36,749

something to all this UFO stuff and how

334

00:14:41,269 --> 00:14:39,120

it affects us and what message it might

335

00:14:44,480 --> 00:14:41,279

be trying to convey to us do I know

336

00:14:46,400 --> 00:14:44,490

absolutely not but the people in my talk

337

00:14:48,230 --> 00:14:46,410

they have some ideas and they're

338

00:14:50,840 --> 00:14:48,240

extremely intriguing and I hope you'll

339

00:14:54,049 --> 00:14:50,850

come hear me talk at 3:30 p.m. in

340

00:14:55,160 --> 00:14:54,059

Pasadena California at alien Con other

341

00:14:57,590 --> 00:14:55,170

people that are going to be involved

342

00:14:59,660 --> 00:14:57,600

David Duchovny Mulder is gonna be there

343

00:15:00,799 --> 00:14:59,670

344

00:15:03,710 --> 00:15:00,809

x-files is going to be there they're

345

00:15:06,910 --> 00:15:03,720

gonna be doing a x-files talk back and

346

00:15:09,919 --> 00:15:06,920

forth the whole cast of the original

347

00:15:12,499 --> 00:15:09,929

Boston space those are still alive and

348

00:15:14,059 --> 00:15:12,509

also the new cast of lost in space on

349

00:15:17,780 --> 00:15:14,069

Netflix are all going to be there doing

350

00:15:19,579 --> 00:15:17,790

panels Star Trek actors from all

351

00:15:22,309 --> 00:15:19,589

different versions of Star Trek and

352

00:15:24,499 --> 00:15:22,319

ufologists um who else is gonna be there

353

00:15:28,819 --> 00:15:24,509

with the her her everyone it's gonna be

355

00:15:33,139 --> 00:15:30,929

a good time I'm gonna be sharing a table

356

00:15:34,350 --> 00:15:33,149

at the event with Dean Elliot Oh who

357

00:15:36,210 --> 00:15:34,360

some of you might know

358

00:15:37,619 --> 00:15:36,220

I interviewed on someone skies in the

359

00:15:39,600 --> 00:15:37,629

recent past

360

00:15:42,419 --> 00:15:39,610

he's the filmmaker who created UFO

361

00:15:45,299 --> 00:15:42,429

abduction which became a cult classic

362

00:15:48,239 --> 00:15:45,309

within the UFO field this and is

363

00:15:50,669 --> 00:15:48,249

actually actually arguably the first

364

00:15:52,530 --> 00:15:50,679

ever found footage film long before a

365

00:15:54,809 --> 00:15:52,540

Blair Witch long before paranormal

366

00:15:56,429 --> 00:15:54,819

activity long before even Cannibal

367

00:15:59,910 --> 00:15:56,439

Holocaust which a lot of people talk

368

00:16:01,470 --> 00:15:59,920

about so please come join Dean and I

369

00:16:05,220 --> 00:16:01,480

we're gonna be sharing a table together

370

00:16:06,150 --> 00:16:05,230

selling stuff or DVDs or books and just

371

00:16:08,579 --> 00:16:06,160

chatting chatting with people

372

00:16:10,259 --> 00:16:08,589

interviewing people be on the lookout

373

00:16:13,889 --> 00:16:10,269

for some exclusive interviews I'm going

374

00:16:17,160 --> 00:16:13,899

to be doing with Nick Pope and who else

375

00:16:19,350 --> 00:16:17,170

some Egyptologist zoom some

376

00:16:20,850 --> 00:16:19,360

consciousness people and everything in

377

00:16:22,619 --> 00:16:20,860

between it's gonna be such a good time

378

00:16:24,869 --> 00:16:22,629

I'm looking forward to seeing my buddy

379

00:16:25,590 --> 00:16:24,879

Alejandro Rojas from open minds is gonna

380

00:16:28,049 --> 00:16:25,600

be there

381

00:16:29,999 --> 00:16:28,059

Erin Ryder from Destination Truth is

382

00:16:31,289 --> 00:16:30,009

gonna be there so I just really look

383

00:16:33,960 --> 00:16:31,299

forward to meeting up with all these

384

00:16:35,819 --> 00:16:33,970

people and just shooting the breeze and

385

00:16:37,949 --> 00:16:35,829

having a good weekend again that's alien

386

00:16:42,179 --> 00:16:37,959

con that is Friday Saturday and Sunday

387

00:16:42,749 --> 00:16:42,189

June 15th 16th and 17th in Pasadena

388

00:16:46,859 --> 00:16:42,759

California

389

00:16:48,989 --> 00:16:46,869

for tickets go to the alien con com wow

390

00:16:53,879 --> 00:16:48,999

that was a huge pitch I apologize but so

391

00:16:56,729 --> 00:16:53,889

many questions I'm miss mmm Jason asks

392

00:16:59,909 --> 00:16:56,739

do I believe the Cerf Post story Jason I

393

00:17:02,309 --> 00:16:59,919

do not I do not at all no I think it was

394

00:17:04,230 --> 00:17:02,319

completely fabricated and was inspired

395

00:17:09,509 --> 00:17:04,240

by Close Encounters of the Third Kind

396

00:17:12,059 --> 00:17:09,519

and is not real so bummer on that one

397

00:17:13,470 --> 00:17:12,069

sorry man will you be doing an episode

398

00:17:15,539 --> 00:17:13,480

on the science of Rh negative blood

399

00:17:17,970 --> 00:17:15,549

anytime soon good question Jonathan I

400

00:17:19,439 --> 00:17:17,980

actually was thinking about doing that

401

00:17:21,960 --> 00:17:19,449

really interesting book called

402

00:17:23,699 --> 00:17:21,970

bloodlines of the Gods by Nick Redfern

403

00:17:25,590 --> 00:17:23,709

might have to have him on again to talk

404

00:17:28,139 --> 00:17:25,600

about that Rh negative blood is

405

00:17:31,700 --> 00:17:28,149

extremely rare and those who do have it

406

00:17:36,720 --> 00:17:31,710

seem to be very special in many ways and

407

00:17:38,789 --> 00:17:36,730

different so so yeah maybe maybe in the

408

00:17:40,580 --> 00:17:38,799

future I'll definitely consider doing

409

00:17:43,860 --> 00:17:40,590

that a little busy right now

410

00:17:46,200 --> 00:17:43,870

both in the personal life and in the

411

00:17:49,460 --> 00:17:46,210

ephah logical life so hopefully we'll

412

00:17:55,860 --> 00:17:51,720

Brandon asks favorite color my favorite

413

00:17:59,039 --> 00:17:55,870

color is green favorite Coke or Pepsi

414

00:18:01,649 --> 00:17:59,049

coke coke all the way man even though

415

00:18:03,269 --> 00:18:01,659

New York swears by Pepsi probably

416

00:18:06,029 --> 00:18:03,279

because the headquarters is there but

417

00:18:08,700 --> 00:18:06,039

look gross too sweet to me favorite

418

00:18:16,260 --> 00:18:08,710

cryptid would have to be Mothman always

419

00:18:18,810 --> 00:18:16,270

Mothman and Mulder or Scully why man

420

00:18:19,140 --> 00:18:18,820

that's tough both both in many different

421

00:18:23,190 --> 00:18:19,150

ways

422

00:18:25,769 --> 00:18:23,200

I love Scully skepticism I love Mulder's

423

00:18:28,470 --> 00:18:25,779

blind faith and believing and I think if

424

00:18:32,730 --> 00:18:28,480

I could create a scolder that would be

425

00:18:36,120 --> 00:18:32,740

the best way to get hi Katie hi Harold

426

00:18:39,539 --> 00:18:36,130

Paul and Paul Andrew Kimball asks sea

427

00:18:41,639 --> 00:18:39,549

monster so I was in Nova Scotia about

428

00:18:44,700 --> 00:18:41,649

three weeks ago Paul I believe it was

429

00:18:46,680 --> 00:18:44,710

now at Paul's inaugural event esoteric

430

00:18:48,720 --> 00:18:46,690

on where he brought together speakers in

431

00:18:51,090 --> 00:18:48,730

all walks of paranormal and you

432

00:18:54,210 --> 00:18:51,100

theological research to you know just

433

00:18:55,680 --> 00:18:54,220

talk just have a good time and I had

434

00:18:57,899 --> 00:18:55,690

been preparing for months to talk about

435

00:18:59,279 --> 00:18:57,909

UFOs and when I got there Paul told me I

436

00:19:01,919 --> 00:18:59,289

was now gonna be talking about sea

437

00:19:06,510 --> 00:19:01,929

monsters while that might have been a

438

00:19:08,130 --> 00:19:06,520

joke I did create a slide and opening

439

00:19:10,440 --> 00:19:08,140

slide for my presentation with all sea

440

00:19:12,409 --> 00:19:10,450

monsters I think Finding Nemo is in

441

00:19:15,180 --> 00:19:12,419

there the Kraken was in there and

442

00:19:17,190 --> 00:19:15,190

surprised a lot of people inside joke

443

00:19:19,169 --> 00:19:17,200

for those who may have been there the

444

00:19:21,630 --> 00:19:19,179

rest of you are probably talking about

445

00:19:26,880 --> 00:19:21,640

so Paul I'm gonna have you come on to

446

00:19:29,519 --> 00:19:26,890

talk about sea monsters for sure have

447

00:19:34,470 --> 00:19:29,529

you looked into any UFO UAP sightings

448

00:19:36,360 --> 00:19:34,480

here in California Richard asks man not

449

00:19:38,460 --> 00:19:36,370

many men the ones the only ones I could

450

00:19:42,120 --> 00:19:38,470

really think about our Topanga Canyon I

451
00:19:45,960 --> 00:19:42,130
think it's called and the Mojave Desert

452
00:19:47,940 --> 00:19:45,970
incidents I'm actually thinking I might

453
00:19:52,649 --> 00:19:47,950
be going out to the Baja they desert not

454
00:19:55,019 --> 00:19:52,659
not pretty soon to go out and do some

455
00:19:57,149 --> 00:19:55,029
investigating with some people so I'll

456
00:19:59,330 --> 00:19:57,159
keep you a I'll keep you in mind for

457
00:20:02,080 --> 00:19:59,340
that if you want to join me my man and

458
00:20:04,810 --> 00:20:02,090
see what's going on California has

459
00:20:07,360 --> 00:20:04,820
and UFO reports it makes sense it's a

460
00:20:10,870 --> 00:20:07,370
huge place skies are usually clear aside

461
00:20:13,540 --> 00:20:10,880
from the pollution and a lot of people

462
00:20:14,680 --> 00:20:13,550
report things so I do got a look more

463
00:20:17,860 --> 00:20:14,690

into that you know do my due diligence

464

00:20:21,460 --> 00:20:17,870

as a UFO researcher living in California

465

00:20:22,570 --> 00:20:21,470

just started make a living guys just

466

00:20:29,290 --> 00:20:22,580

trying to make a living speaking of

467

00:20:32,080 --> 00:20:29,300

which time to drink that's good any

468

00:20:35,050 --> 00:20:32,090

plans to miss it to visit Mount Adams in

469

00:20:36,490 --> 00:20:35,060

the future of Laura asks so I was

470

00:20:39,220 --> 00:20:36,500

talking earlier about my buddy

471

00:20:41,020 --> 00:20:39,230

Jim Perry from youthful men who went to

472

00:20:43,660 --> 00:20:41,030

the cset E reg which I believe is around

473

00:20:45,280 --> 00:20:43,670

Mount Adams and he invited me out there

474

00:20:46,780 --> 00:20:45,290

so we're definitely gonna make a plan

475

00:20:48,850 --> 00:20:46,790

for that in the near future probably

476
00:20:50,050 --> 00:20:48,860
towards the end of summer I'm gonna go

477
00:20:51,310 --> 00:20:50,060
to the ranch and finally see what

478
00:20:52,960 --> 00:20:51,320
everyone's talking about out there

479
00:20:55,150 --> 00:20:52,970
apparently if you go out to this ranch

480
00:20:57,520 --> 00:20:55,160
you see something something strange

481
00:21:00,370 --> 00:20:57,530
something will unfaltering almost every

482
00:21:02,920 --> 00:21:00,380
time which is incredible I'm skeptical

483
00:21:04,690 --> 00:21:02,930
but I'm gonna go in and and see what's

484
00:21:08,320 --> 00:21:04,700
going on over there at Mount Adams for

485
00:21:10,900 --> 00:21:08,330
sure Rob Kristofferson is here the host

486
00:21:13,450 --> 00:21:10,910
of the r-word strange skies podcast

487
00:21:18,550 --> 00:21:13,460
which the last two episodes have

488
00:21:20,260 --> 00:21:18,560

featured my book and me they did a book

489

00:21:23,160 --> 00:21:20,270

review of somewhere in the skies which

490

00:21:25,180 --> 00:21:23,170

was so cool and then he had me on to

491

00:21:27,370 --> 00:21:25,190

interview me about the book about my

492

00:21:30,130 --> 00:21:27,380

thoughts on the science behind ufology

493

00:21:32,830 --> 00:21:30,140

and the non science behind key follow G

494

00:21:34,990 --> 00:21:32,840

and some cases that I think people who

495

00:21:38,950 --> 00:21:35,000

may be skeptical of UFOs should look at

496

00:21:41,050 --> 00:21:38,960

and who is an awesome conversation so if

497

00:21:43,930 --> 00:21:41,060

you want to look at look for all of that

498

00:21:46,300 --> 00:21:43,940

please subscribe to the RSS Kai's

499

00:21:48,820 --> 00:21:46,310

podcast I know it's on audio boom it's

500

00:21:51,970 --> 00:21:48,830

on Apple podcasts on all those outlets

501
00:21:54,730 --> 00:21:51,980
just google our strange skies podcasts

502
00:21:56,650 --> 00:21:54,740
let's see what Rob has to say what are

503
00:21:59,350 --> 00:21:56,660
some aspects of the UFO phenomenon you

504
00:22:01,110 --> 00:21:59,360
think are overlooked Rob you know what

505
00:22:04,450 --> 00:22:01,120
I'm going to say man the witness is

506
00:22:05,860 --> 00:22:04,460
always always and the lineage this is a

507
00:22:07,900 --> 00:22:05,870
good point that Rob brought up in our

508
00:22:09,280 --> 00:22:07,910
interview actually was that these things

509
00:22:12,130 --> 00:22:09,290
seem to happen throughout the

510
00:22:14,320 --> 00:22:12,140
generations and throughout lineage of

511
00:22:14,890 --> 00:22:14,330
families and I think that is a pattern I

512
00:22:17,050 --> 00:22:14,900
kind of can

513
00:22:19,180 --> 00:22:17,060

across in the book maybe not as much as

514

00:22:20,950 --> 00:22:19,190

I hoped but it's definitely there so I

515

00:22:23,320 --> 00:22:20,960

think researchers should really look

516

00:22:26,590 --> 00:22:23,330

into that aspect and also look into the

517

00:22:28,210 --> 00:22:26,600

more consciousness aspect of it all you

518

00:22:30,990 --> 00:22:28,220

know what the parapsychological might

519

00:22:34,510 --> 00:22:31,000

have to do with all this can we

520

00:22:38,260 --> 00:22:34,520

communicate with UFOs in our mind and we

521

00:22:40,180 --> 00:22:38,270

vector them and can we somehow interpret

522

00:22:43,960 --> 00:22:40,190

messages from you of those or their

523

00:22:46,120 --> 00:22:43,970

possible occupants and try to figure

524

00:22:48,100 --> 00:22:46,130

that out so I think I think you know as

525

00:22:50,770 --> 00:22:48,110

we move into a new generation of UFO

526

00:22:53,920 --> 00:22:50,780

research and UFO researchers we're a bit

527

00:22:55,720 --> 00:22:53,930

more open-minded a bit more you know

528

00:22:58,030 --> 00:22:55,730

casting a wide net when it comes to all

529

00:23:01,060 --> 00:22:58,040

this nuts and bolts ufology hasn't given

530

00:23:03,580 --> 00:23:01,070

us much answers in 70 plus years or

531

00:23:05,290 --> 00:23:03,590

whatnot so why not look at it other ways

532

00:23:09,690 --> 00:23:05,300

that's really all I got to say about

533

00:23:15,070 --> 00:23:12,250

Suzanne asks what has your experience

534

00:23:19,270 --> 00:23:15,080

been with people in LA verse NYC when

535

00:23:20,800 --> 00:23:19,280

talking about the subject of UFOs since

536

00:23:22,450 --> 00:23:20,810

moving to the east coast from Hollywood

537

00:23:24,580 --> 00:23:22,460

I have had the hardest time connecting

538

00:23:27,390 --> 00:23:24,590

with like-minded folks everyone is so

539

00:23:30,750 --> 00:23:27,400

narrow minded your podcast is fantastic

540

00:23:34,990 --> 00:23:30,760

thanks for that last sentence Susan

541

00:23:39,610 --> 00:23:35,000

let's see um I'm gonna be honest people

542

00:23:43,960 --> 00:23:39,620

are a lot more open here in LA in maybe

543

00:23:46,980 --> 00:23:43,970

that is the whole you know New Age thing

544

00:23:50,140 --> 00:23:46,990

or people are just you know have a

545

00:23:52,450 --> 00:23:50,150

slower mentality that came out very

546

00:23:55,510 --> 00:23:52,460

wrong a slower pace when it comes to

547

00:23:57,490 --> 00:23:55,520

time to think about these things so I

548

00:23:58,390 --> 00:23:57,500

think maybe that might have to do with

549

00:24:05,260 --> 00:23:58,400

it

550

00:24:08,650 --> 00:24:05,270

all walks of life all different beliefs

551

00:24:10,330 --> 00:24:08,660

and I have had a great time talking

552

00:24:13,330 --> 00:24:10,340

about this topic with people up here

553

00:24:16,180 --> 00:24:13,340

they seem to really embrace it and you

554

00:24:18,160 --> 00:24:16,190

know I if I were a faux t-shirt everyone

555

00:24:19,270 --> 00:24:18,170

is always like that's so cool do have

556

00:24:22,200 --> 00:24:19,280

you ever seen anything and then the

557

00:24:23,980 --> 00:24:22,210

floodgates open from there so you know I

558

00:24:26,500 --> 00:24:23,990

don't know I don't know if I've had a

559

00:24:28,150 --> 00:24:26,510

harder time living on the East Coast but

560

00:24:29,440 --> 00:24:28,160

it's definitely been more

561

00:24:31,900 --> 00:24:29,450

prevalent since I moved to the west

562

00:24:36,370 --> 00:24:31,910

coast I can tell you that much

563

00:24:42,280 --> 00:24:36,380

it's a daughter it's also super hot I

564

00:24:43,170 --> 00:24:42,290

apologize if I'm sweating all right what

565

00:24:45,850 --> 00:24:43,180

else we got

566

00:24:49,270 --> 00:24:45,860

hi Erin hi James hi Jennifer I William

567

00:24:52,420 --> 00:24:49,280

Oh Susan was born in Pasadena and had

568

00:24:52,930 --> 00:24:52,430

her childhood abduction experiences

569

00:24:55,120 --> 00:24:52,940

there Wow

570

00:24:56,890 --> 00:24:55,130

Susan I know we've talked in the past

571

00:24:58,930 --> 00:24:56,900

about your experiences but I'm gonna get

572

00:25:02,670 --> 00:24:58,940

you on the show to talk about that will

573

00:25:04,510 --> 00:25:02,680

I be seeing you in Pasadena let me know

574

00:25:05,020 --> 00:25:04,520

although you said you moved to the East

575

00:25:11,020 --> 00:25:05,030

Coast

576

00:25:13,420 --> 00:25:11,030

it's fly over Patrick asks have you

577

00:25:15,070 --> 00:25:13,430

heard of the Terry Lovelace story I

578

00:25:16,510 --> 00:25:15,080

think it'd be a good guest for your show

579

00:25:20,320 --> 00:25:16,520

that's a great question man I actually

580

00:25:22,510 --> 00:25:20,330

got contacted by Terry today to talk

581

00:25:24,100 --> 00:25:22,520

about his new book so yes I'm gonna be

582

00:25:38,700 --> 00:25:24,110

talking all about that case in the near

583

00:25:40,870 --> 00:25:38,710

future hi Robin how are you let's see

584

00:25:43,690 --> 00:25:40,880

Paul asks if I've been out to the

585

00:25:45,640 --> 00:25:43,700

integratron yet no Paul I missed the

586

00:25:48,790 --> 00:25:45,650

excursion with many of my colleagues and

587

00:25:53,080 --> 00:25:48,800

friends here this past week things have

588

00:25:56,320 --> 00:25:53,090

been a little a little crazy in spring

589

00:25:58,570 --> 00:25:56,330

the sprague family as of late so I was

590

00:26:01,240 --> 00:25:58,580

not able to go out there dealing with

591

00:26:03,640 --> 00:26:01,250

some stuff personally and also

592

00:26:05,230 --> 00:26:03,650

professionally and was not able to make

593

00:26:06,580 --> 00:26:05,240

it out there with the dudes but I heard

594

00:26:09,670 --> 00:26:06,590

that a great time and I know Greg

595

00:26:12,040 --> 00:26:09,680

recorded all of that so check out Radio

596

00:26:15,040 --> 00:26:12,050

mysterioso in the near future to hear

597

00:26:19,480 --> 00:26:15,050

all about the attacker John and all of

598

00:26:21,370 --> 00:26:19,490

that Derek says when are we gonna do an

599

00:26:27,330 --> 00:26:21,380

episode of my friend seeing brother I

600

00:26:32,920 --> 00:26:30,010

Jonathan asks what I think of Jimmy

601
00:26:35,830 --> 00:26:32,930
Church's new platform on stellar have

602
00:26:37,270 --> 00:26:35,840
you tried it out I have not Jonathan um

603
00:26:40,300 --> 00:26:37,280
I know this is kind of like a new social

604
00:26:42,370 --> 00:26:40,310
network it's encrypted am I correct in

605
00:26:43,780 --> 00:26:42,380
that or I don't know exact

606
00:26:45,820 --> 00:26:43,790
on stellar is I haven't done my research

607
00:26:48,190 --> 00:26:45,830
to be honest a lot of people have told

608
00:26:50,440 --> 00:26:48,200
me to hop on over there I don't know I

609
00:26:53,020 --> 00:26:50,450
don't know what to make of it I I'd have

610
00:26:56,310 --> 00:26:53,030
to do my research before I I switch over

611
00:27:00,040 --> 00:26:56,320
from Facebook with all its problems and

612
00:27:04,930 --> 00:27:00,050
whatnot and yeah we won't get into all

613
00:27:08,670 --> 00:27:04,940

that data mining but yeah I'll look into

614

00:27:13,840 --> 00:27:11,020

Brendan says any tips for a want to be

615

00:27:15,970 --> 00:27:13,850

paranormal podcaster just do it man

616

00:27:17,710 --> 00:27:15,980

honestly like I didn't know if somewhere

617

00:27:19,390 --> 00:27:17,720

on this guy's it's gonna work I thought

618

00:27:21,820 --> 00:27:19,400

it was you know I was gonna give it up

619

00:27:23,410 --> 00:27:21,830

after like two episodes it's a long work

620

00:27:25,510 --> 00:27:23,420

don't get me wrong it's a lot of work

621

00:27:27,430 --> 00:27:25,520

it's got to be a passion project for you

622

00:27:28,870 --> 00:27:27,440

but if you have that passion to explore

623

00:27:31,600 --> 00:27:28,880

the unknown you definitely have the

624

00:27:33,520 --> 00:27:31,610

passion to put it in audio form and get

625

00:27:35,170 --> 00:27:33,530

it out to the public and let them you

626
00:27:37,360 --> 00:27:35,180
know sort of have their own thoughts on

627
00:27:39,430 --> 00:27:37,370
what you're conveying what you're

628
00:27:41,470 --> 00:27:39,440
exploring and that's kind of what I did

629
00:27:43,960 --> 00:27:41,480
with my show and it's been amazing the

630
00:27:46,330 --> 00:27:43,970
growth and the conversations I've had

631
00:27:47,950 --> 00:27:46,340
with people and that people still want

632
00:27:49,090 --> 00:27:47,960
to hear me talk about UFOs that that

633
00:27:52,570 --> 00:27:49,100
just astounds me

634
00:27:54,970 --> 00:27:52,580
so it's exciting man give it a try and

635
00:27:56,710 --> 00:27:54,980
don't give up don't give up you know

636
00:28:00,370 --> 00:27:56,720
I've got some bad reviews up on iTunes

637
00:28:01,330 --> 00:28:00,380
for sure mostly about my politics but I

638
00:28:05,020 --> 00:28:01,340

don't know what that has to do with the

639

00:28:07,660 --> 00:28:05,030

show anyways don't give up and do it

640

00:28:10,000 --> 00:28:07,670

just do it there's room for everyone in

641

00:28:11,560 --> 00:28:10,010

the podcast world and family and we will

642

00:28:19,300 --> 00:28:11,570

fully embrace you and welcome you man

643

00:28:21,700 --> 00:28:19,310

give it a try Joe says I've always had a

644

00:28:23,140 --> 00:28:21,710

passing interest in UFOs knowing you

645

00:28:24,910 --> 00:28:23,150

have been invested in this world what

646

00:28:28,210 --> 00:28:24,920

are some of the findings modern ufology

647

00:28:30,130 --> 00:28:28,220

offers the uninitiated is the total pool

648

00:28:31,900 --> 00:28:30,140

of knowledge revealing new understanding

649

00:28:35,050 --> 00:28:31,910

or are we still in awe of each new

650

00:28:38,080 --> 00:28:35,060

sighting in passing cool photo oh that

651
00:28:39,720 --> 00:28:38,090
is a really good string of questions my

652
00:28:42,280 --> 00:28:39,730
man

653
00:28:44,950 --> 00:28:42,290
the most recent findings I can tell you

654
00:28:49,000 --> 00:28:44,960
about is Google right now secret

655
00:28:51,610 --> 00:28:49,010
Pentagon UFO program and check out that

656
00:28:53,590 --> 00:28:51,620
it's incredible the video footage that

657
00:28:54,720 --> 00:28:53,600
this secret Pentagon program has come

658
00:28:56,530 --> 00:28:54,730
across

659
00:28:59,110 --> 00:28:56,540
Declassified and released to the public

660
00:29:02,680 --> 00:28:59,120
is extremely exciting no matter what

661
00:29:04,900 --> 00:29:02,690
anyone else says I think that we are on

662
00:29:06,910 --> 00:29:04,910
the precipice of something pretty big in

663
00:29:08,770 --> 00:29:06,920

terms of UFO disclosure I don't think

664

00:29:10,870 --> 00:29:08,780

it's gonna be a grand disclosure or that

665

00:29:13,630 --> 00:29:10,880

we're gonna be like yeah life is here

666

00:29:15,610 --> 00:29:13,640

it's been busy but we are on our way and

667

00:29:18,100 --> 00:29:15,620

we're getting official videos by the

668

00:29:20,049 --> 00:29:18,110

military about it so definitely check

669

00:29:23,740 --> 00:29:20,059

that out check out to the Stars Academy

670

00:29:26,590 --> 00:29:23,750

I'm a proponent of the Academy and also

671

00:29:28,240 --> 00:29:26,600

one of their biggest scrutinize errs and

672

00:29:30,250 --> 00:29:28,250

I think that's good to have that both

673

00:29:32,950 --> 00:29:30,260

sides of it so definitely check that out

674

00:29:35,049 --> 00:29:32,960

my man and are we in awe of each

675

00:29:37,180 --> 00:29:35,059

sighting in passing Co photo of course I

676
00:29:39,400 --> 00:29:37,190
don't think that's ever gonna change we

677
00:29:42,130 --> 00:29:39,410
never be I don't think we've been

678
00:29:44,470 --> 00:29:42,140
conditioned to to just think and take

679
00:29:46,000 --> 00:29:44,480
advantage of the fact that life is out

680
00:29:48,430 --> 00:29:46,010
there when we see these incredible

681
00:29:50,890 --> 00:29:48,440
things in our skies here on earth and I

682
00:29:53,620 --> 00:29:50,900
think every UFO sightings still has that

683
00:29:55,060 --> 00:29:53,630
extremely inspiring feeling to it and

684
00:29:56,560 --> 00:29:55,070
that's what I discovered with my

685
00:29:58,000 --> 00:29:56,570
research and what I'm going to be

686
00:30:05,770 --> 00:29:58,010
talking about in Pasadena

687
00:30:08,470 --> 00:30:05,780
this weekend at alien con je the

688
00:30:10,750 --> 00:30:08,480

Pasadena event is July 15th 16th and

689

00:30:13,000 --> 00:30:10,760

17th this upcoming Friday Saturday and

690

00:30:16,870 --> 00:30:13,010

Sunday at the Pasadena Convention Center

691

00:30:19,480 --> 00:30:16,880

all the infos at me alien con comm alien

692

00:30:28,830 --> 00:30:19,490

or alien what do you guys say I say it

693

00:30:30,490 --> 00:30:28,840

both in different ways let's see

694

00:30:33,510 --> 00:30:30,500

scrolling through to see if I missed

695

00:30:40,540 --> 00:30:33,520

anything guys god is so hot here

696

00:30:44,580 --> 00:30:40,550

can you tell my sway looks like I've

697

00:30:46,990 --> 00:30:44,590

pretty much covered all the questions

698

00:30:49,330 --> 00:30:47,000

Jonathan asks what is your own theory on

699

00:30:50,410 --> 00:30:49,340

UFOs and where they're from and do you

700

00:30:52,870 --> 00:30:50,420

personally believe in life from

701

00:30:56,200 --> 00:30:52,880

elsewhere not only do I believe in life

702

00:30:58,780 --> 00:30:56,210

elsewhere I think it's pretty much been

703

00:31:00,810 --> 00:30:58,790

proven at this point at least microbial

704

00:31:03,340 --> 00:31:00,820

I mean look at the recent discovery that

705

00:31:04,930 --> 00:31:03,350

curiosity made on Mars this past week

706

00:31:07,150 --> 00:31:04,940

you know a lot of people are

707

00:31:08,419 --> 00:31:07,160

disappointed but it's extremely exciting

708

00:31:11,299 --> 00:31:08,429

they found organ

709

00:31:14,450 --> 00:31:11,309

compounds in ancient rocks you know on

710

00:31:16,730 --> 00:31:14,460

the crater there that's incredible that

711

00:31:18,859 --> 00:31:16,740

there's you know organisms that may have

712

00:31:21,710 --> 00:31:18,869

once been there and these rocks are so

713

00:31:24,980 --> 00:31:21,720

old that you know the possibility is is

714

00:31:26,869 --> 00:31:24,990

very very apparent that life was what's

715

00:31:29,810 --> 00:31:26,879

there and then you look at the other

716

00:31:32,869 --> 00:31:29,820

discovery they made of these these you

717

00:31:34,970 --> 00:31:32,879

know intermittent methane gases that are

718

00:31:36,680 --> 00:31:34,980

that have been found on Mars and again

719

00:31:39,440 --> 00:31:36,690

we know here on earth a methane gas is

720

00:31:42,409 --> 00:31:39,450

definitely a source of life and how it

721

00:31:44,359 --> 00:31:42,419

got here so that's exciting to me man I

722

00:31:47,149 --> 00:31:44,369

definitely believe there's microbial

723

00:31:48,710 --> 00:31:47,159

life out there especially on Mars which

724

00:31:51,139 --> 00:31:48,720

i think is really cool that we're making

725

00:31:53,600 --> 00:31:51,149

these discoveries and that's no question

726
00:31:56,899 --> 00:31:53,610
with how many exoplanets are out there

727
00:32:00,919 --> 00:31:56,909
and how big this universe and galaxies

728
00:32:02,690 --> 00:32:00,929
are alone it's gotta be it's gotta be no

729
00:32:05,779 --> 00:32:02,700
matter what the Fermi paradox says or

730
00:32:08,509 --> 00:32:05,789
any of that stuff it's got to be out

731
00:32:10,249 --> 00:32:08,519
there and maybe we've found it maybe we

732
00:32:13,970 --> 00:32:10,259
have and I don't know for sure brother

733
00:32:15,470 --> 00:32:13,980
your other half the question is what is

734
00:32:18,019 --> 00:32:15,480
your own theory on UFOs and where

735
00:32:19,460 --> 00:32:18,029
they're from I don't know I don't think

736
00:32:21,649 --> 00:32:19,470
it's one source I don't think it's one

737
00:32:24,109 --> 00:32:21,659
place I don't think it's one race or

738
00:32:26,749 --> 00:32:24,119

intelligence I think UFOs are exactly

739

00:32:29,659 --> 00:32:26,759

that unidentified and unknown they could

740

00:32:31,639 --> 00:32:29,669

be from anywhere from anytime from any

741

00:32:34,399 --> 00:32:31,649

dimension I don't know we could be

742

00:32:37,279 --> 00:32:34,409

dealing with something far far more

743

00:32:39,919 --> 00:32:37,289

complex and difficult than just aliens

744

00:32:41,480 --> 00:32:39,929

from another planet so I don't know

745

00:32:42,980 --> 00:32:41,490

where you have folks come from but I'm

746

00:32:45,859 --> 00:32:42,990

gonna keep looking I'm gonna keep asking

747

00:32:51,879 --> 00:32:45,869

people what they think and maybe we'll

748

00:32:57,230 --> 00:32:53,869

how hot is it Susan

749

00:32:59,269 --> 00:32:57,240

I don't know how hot it is outside but

750

00:33:06,470 --> 00:32:59,279

in my apartment it is blistering I would

751
00:33:07,669 --> 00:33:06,480
say in the 90s at least I thought I read

752
00:33:09,529 --> 00:33:07,679
on their Facebook page that you were

753
00:33:11,480 --> 00:33:09,539
moving back to New York Ellen thank you

754
00:33:14,090 --> 00:33:11,490
for mentioning that yes I'm gonna be

755
00:33:17,539 --> 00:33:14,100
moving back to New York City my home

756
00:33:19,760 --> 00:33:17,549
right here where how can I do this you

757
00:33:22,940 --> 00:33:19,770
know

758
00:33:26,960 --> 00:33:22,950
we're cocky James I'm a concrete jungle

759
00:33:28,700 --> 00:33:26,970
where dreams are made I can't do it this

760
00:33:34,840 --> 00:33:28,710
is why I'm a writer I gave up one

761
00:33:37,730 --> 00:33:34,850
singing a long time ago let's see yeah

762
00:33:39,770 --> 00:33:37,740
whoa that was loud apologies to anyone

763
00:33:41,600 --> 00:33:39,780

with headphones on I'm gonna be moving

764

00:33:44,120 --> 00:33:41,610

back to New York I'm clearly verax very

765

00:33:46,010 --> 00:33:44,130

excited la it's been amazing I have

766

00:33:46,850 --> 00:33:46,020

loved my time here and I still have like

767

00:33:48,590 --> 00:33:46,860

six months ago

768

00:33:51,049 --> 00:33:48,600

so I'm really taking advantage of that

769

00:33:53,960 --> 00:33:51,059

but my heart and my home are in New York

770

00:33:56,360 --> 00:33:53,970

I am really looking forward to being

771

00:34:00,289 --> 00:33:56,370

back and being closer to my family in

772

00:34:02,390 --> 00:34:00,299

Syracuse and returning to all my really

773

00:34:04,850 --> 00:34:02,400

good friends in New York and the theatre

774

00:34:06,770 --> 00:34:04,860

community as many of you may or may not

775

00:34:08,599 --> 00:34:06,780

know I am a playwright first and

776

00:34:11,960 --> 00:34:08,609

foremost that has always been my passion

777

00:34:17,090 --> 00:34:11,970

and I can't wait to get back to that

778

00:34:20,419 --> 00:34:17,100

world and see new plays and see shows

779

00:34:22,220 --> 00:34:20,429

and write shows and really get back into

780

00:34:24,560 --> 00:34:22,230

that artistic creative side of all of it

781

00:34:27,830 --> 00:34:24,570

I've had some incredible opportunities

782

00:34:30,080 --> 00:34:27,840

at West here in terms of film and TV and

783

00:34:33,889 --> 00:34:30,090

some other projects I can't talk about

784

00:34:36,379 --> 00:34:33,899

yet but but my heart in my home are in

785

00:34:37,399 --> 00:34:36,389

the theater and in New York so I'm

786

00:34:38,810 --> 00:34:37,409

really looking forward to going back to

787

00:34:40,430 --> 00:34:38,820

that that's not gonna change anything

788

00:34:42,080 --> 00:34:40,440

with somewhere in the skies or those

789

00:34:44,180 --> 00:34:42,090

opportunities I spoke up here in LA

790

00:34:47,330 --> 00:34:44,190

that's what planes are for that's what

791

00:34:49,190 --> 00:34:47,340

the internet is for so so yeah I'm

792

00:34:51,440 --> 00:34:49,200

really looking forward to that I will be

793

00:34:52,639 --> 00:34:51,450

moving back with my girlfriend and she's

794

00:34:56,450 --> 00:34:52,649

going to be looking for work after

795

00:34:59,060 --> 00:34:56,460

graduation here in grad school in Los

796

00:35:01,510 --> 00:34:59,070

Angeles so excited about that excited

797

00:35:03,410 --> 00:35:01,520

for whatever the future may hold and

798

00:35:09,750 --> 00:35:03,420

can't wait to get back to the Big Apple

799

00:35:15,339 --> 00:35:13,540

let's say 6:10 I'll go for a little

800

00:35:16,570 --> 00:35:15,349

longer guys if anyone has any other

801
00:35:20,020 --> 00:35:16,580
questions let me see if there's anything

802
00:35:25,000 --> 00:35:20,030
I've missed in terms of my own stuff

803
00:35:28,020 --> 00:35:25,010
here oh oh here's a really cool sort of

804
00:35:31,390 --> 00:35:28,030
I guess update news thing I don't know

805
00:35:33,040 --> 00:35:31,400
I'm going to be doing a very special

806
00:35:36,700 --> 00:35:33,050
episode of somewhere in this guy's here

807
00:35:39,640 --> 00:35:36,710
soon about a UFO case out of New Zealand

808
00:35:41,829 --> 00:35:39,650
so cases in New Zealand don't get

809
00:35:44,470 --> 00:35:41,839
covered that often here in the United

810
00:35:47,950 --> 00:35:44,480
States and I came across an article

811
00:35:51,430 --> 00:35:47,960
about a case that absolutely blew my

812
00:35:55,120 --> 00:35:51,440
mind I'm not going to discuss it just

813
00:35:57,760 --> 00:35:55,130

yet because I actually contacted the

814

00:36:00,280 --> 00:35:57,770

writer of the article and the new site

815

00:36:03,130 --> 00:36:00,290

that it was carried through and I

816

00:36:07,210 --> 00:36:03,140

secured the exclusive rights to bring an

817

00:36:09,670 --> 00:36:07,220

episode of this article to somewhere in

818

00:36:11,710 --> 00:36:09,680

the skies so I'm extremely excited about

819

00:36:14,380 --> 00:36:11,720

that I'm excited to share this

820

00:36:16,240 --> 00:36:14,390

incredible UFO case with all of you and

821

00:36:18,490 --> 00:36:16,250

it's gonna be really cool it's gonna be

822

00:36:22,540 --> 00:36:18,500

one of my sort of audio doc episodes you

823

00:36:26,140 --> 00:36:22,550

know I'm gonna have kind of like sound

824

00:36:27,849 --> 00:36:26,150

sound bites and maybe even some actors

825

00:36:30,010 --> 00:36:27,859

doing some voiceover work which is gonna

every night doing a little bit of it

839

00:37:12,880 --> 00:37:10,700

each night and polishing it and doing a

840

00:37:14,680 --> 00:37:12,890

lot of editing work and yeah it's gonna

841

00:37:19,660 --> 00:37:14,690

be awesome I'm really looking forward to

842

00:37:23,290 --> 00:37:19,670

that project Bluebook the musical Ellen

843

00:37:26,410 --> 00:37:24,940

if anyone was gonna write a UFO musical

844

00:37:28,510 --> 00:37:26,420

it's probably me and I can tell you

845

00:37:32,020 --> 00:37:28,520

right now there's already some things in

846

00:37:34,630 --> 00:37:32,030

development in terms of UFO musicals so

847

00:37:36,940 --> 00:37:34,640

I can't say anything else unfortunately

848

00:37:45,370 --> 00:37:36,950

but your joke is actually much more

849

00:37:47,800 --> 00:37:45,380

possible than you think that Patrick

850

00:37:51,160 --> 00:37:47,810

says water and yeah water would probably

901
00:40:12,520 --> 00:40:09,410
investigate any UFOs out of here in

902
00:40:14,530 --> 00:40:12,530
California not yet my man I'm looking to

903
00:40:17,440 --> 00:40:14,540
like I mentioned earlier are gonna go to

904
00:40:19,660 --> 00:40:17,450
the Mojave Desert soon around Joshua

905
00:40:23,410 --> 00:40:19,670
Tree as well and check out some of the

906
00:40:25,810 --> 00:40:23,420
strange things going on there awesome

907
00:40:26,829 --> 00:40:25,820
I think that's gonna cover it for

908
00:40:29,020 --> 00:40:26,839
tonight guys

909
00:40:31,870 --> 00:40:29,030
I want to thank you so much for joining

910
00:40:34,390 --> 00:40:31,880
me for partaking if you just watched I

911
00:40:35,800 --> 00:40:34,400
even really appreciate that and again

912
00:40:39,550 --> 00:40:35,810
I'm going to just give you all of my

913
00:40:42,339 --> 00:40:39,560
