

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

TO THE
STARS...
ACADEMY
**OF WHISKEY
& UFOS**

**FEATURING
JASON MCCLELLAN
AND MJ BANIAS**

1
00:00:04,070 --> 00:00:02,090
hey y'all Ryan Sprague here as you all

2
00:00:06,829 --> 00:00:04,080
know this summer in the skies podcast is

3
00:00:09,379 --> 00:00:06,839
always free to consume but it isn't free

4
00:00:11,240 --> 00:00:09,389
to create that's why I've started this

5
00:00:14,089 --> 00:00:11,250
somewhere in the skies patreon campaign

6
00:00:15,829 --> 00:00:14,099
you on a monthly basis you give what you

7
00:00:18,650 --> 00:00:15,839
think the show is worth you'll be

8
00:00:21,140 --> 00:00:18,660
helping the show continue grow and to be

9
00:00:23,390 --> 00:00:21,150
something truly communal and remember

10
00:00:25,910 --> 00:00:23,400
there are rewards for each level of

11
00:00:28,310 --> 00:00:25,920
contribution and the list is only grown

12
00:00:31,099 --> 00:00:28,320
so please help somewhere in the skies

13
00:00:34,990 --> 00:00:31,109

now by becoming a patron to contribute

14

00:00:38,389 --> 00:00:35,000

and to learn more visit wtae.com

15

00:00:43,520 --> 00:00:38,399

backslash somewhere skies thank you for

16

00:00:44,840 --> 00:00:43,530

your support and now on with the show it

17

00:00:47,389 --> 00:00:44,850

has the potential if it ends up being

18

00:00:50,450 --> 00:00:47,399

realized positional for being a very

19

00:00:52,220 --> 00:00:50,460

dangerous that we have indeed shake

20

00:00:54,049 --> 00:00:52,230

things up a bit I find it very

21

00:00:55,910 --> 00:00:54,059

interesting that there are people out

22

00:00:58,670 --> 00:00:55,920

there who absolutely are convinced that

23

00:01:00,110 --> 00:00:58,680

they've seen what they've seen and for

24

00:01:01,760 --> 00:01:00,120

that reason I'm willing to listen and

25

00:01:02,720 --> 00:01:01,770

again that doesn't mean run to run to

26

00:01:04,820 --> 00:01:02,730

the hills with your hand in the air

27

00:01:06,020 --> 00:01:04,830

screaming that the aliens they're coming

28

00:01:07,070 --> 00:01:06,030

our aliens are coming no one's even

29

00:01:08,359 --> 00:01:07,080

mentioned the word aliens we're not

30

00:01:10,670 --> 00:01:08,369

talking about aliens what I'm talking

31

00:01:12,050 --> 00:01:10,680

about extraterrestrial life we're simply

32

00:01:14,450 --> 00:01:12,060

saying that there is something out there

33

00:01:16,609 --> 00:01:14,460

in our airspace we don't control we

34

00:01:18,770 --> 00:01:16,619

don't know what the hell it is and so if

35

00:01:20,840 --> 00:01:18,780

it's not the eyewitness reports and it's

36

00:01:22,130 --> 00:01:20,850

not the videos and it's not the

37

00:01:24,260 --> 00:01:22,140

electrical data it's left

38

00:01:26,300 --> 00:01:24,270

electromechanical data well all right

39

00:01:35,080 --> 00:01:26,310

how about material will that be enough

40

00:01:39,630 --> 00:01:38,690

this is somewhere in the skies the brain

41

00:01:57,040 --> 00:01:39,640

spread

42

00:01:59,510 --> 00:01:57,050

[Music]

43

00:02:02,840 --> 00:01:59,520

welcome to another installment of

44

00:02:05,120 --> 00:02:02,850

somewhere in the whiskey today is a very

45

00:02:07,370 --> 00:02:05,130

exciting day I've got two of my best

46

00:02:10,249 --> 00:02:07,380

friends and colleagues in the UFO field

47

00:02:12,110 --> 00:02:10,259

with me Jason McClellan MJ pan is

48

00:02:14,450 --> 00:02:12,120

gentleman thank you for joining me on

49

00:02:17,060 --> 00:02:14,460

this very special episode so very happy

50

00:02:19,220 --> 00:02:17,070

to be here it's always a pleasure yes so

51
00:02:21,560 --> 00:02:19,230
MJ you know the game by now you've been

52
00:02:23,390 --> 00:02:21,570
on for two of these now this is where we

53
00:02:26,030 --> 00:02:23,400
just let loose kind of like I did a

54
00:02:27,949 --> 00:02:26,040
couple weeks ago for UFO happy hour with

55
00:02:30,110 --> 00:02:27,959
our friend Rob Kristofferson but we're

56
00:02:34,250 --> 00:02:30,120
switching to whiskey this week so I have

57
00:02:35,060 --> 00:02:34,260
to ask you guys what what's new Jason I

58
00:02:37,690 --> 00:02:35,070
know you've been busy

59
00:02:40,160 --> 00:02:37,700
MJ you've been very busy I know you're

60
00:02:42,140 --> 00:02:40,170
finishing up some projects as well so

61
00:02:44,270 --> 00:02:42,150
let's hear what's new with you guys

62
00:02:47,060 --> 00:02:44,280
since the last time we talked so much is

63
00:02:49,040 --> 00:02:47,070

new with me but you know a lot I'm not

64

00:02:50,210 --> 00:02:49,050

prepared to publicly talk about yet I

65

00:02:51,650 --> 00:02:50,220

know I've teased some of it and it's the

66

00:02:54,890 --> 00:02:51,660

same stuff that I'll tease now working

67

00:02:59,120 --> 00:02:54,900

on a couple book projects one may or may

68

00:03:01,570 --> 00:02:59,130

not be with with mr. Ryan Sprague so

69

00:03:04,670 --> 00:03:01,580

working on books working on a couple

70

00:03:07,100 --> 00:03:04,680

public appearances coming up excited to

71

00:03:09,110 --> 00:03:07,110

tease that right now and share more

72

00:03:11,420 --> 00:03:09,120

information in the coming weeks so

73

00:03:12,830 --> 00:03:11,430

that's what's new with me awesome MJ

74

00:03:13,729 --> 00:03:12,840

what do you got going on over there man

75

00:03:16,910 --> 00:03:13,739

in Canada

76
00:03:19,030 --> 00:03:16,920
oh man well apart from like raising two

77
00:03:23,060 --> 00:03:19,040
little kids which is always a fun

78
00:03:25,280 --> 00:03:23,070
project just I just I finished the the

79
00:03:26,810 --> 00:03:25,290
draft of my book so that's been

80
00:03:28,250 --> 00:03:26,820
submitted to my publisher so it's really

81
00:03:29,720 --> 00:03:28,260
nice to sort of have a break from that

82
00:03:32,150 --> 00:03:29,730
and just don't have that monkey off my

83
00:03:34,490 --> 00:03:32,160
back it's been sort of two years now of

84
00:03:36,350 --> 00:03:34,500
sort of constantly thinking about it in

85
00:03:38,650 --> 00:03:36,360
writing and whatever so now that it's

86
00:03:40,789 --> 00:03:38,660
done it's sort of in his hands and

87
00:03:41,690 --> 00:03:40,799
congratulations by the way thanks very

88
00:03:43,370 --> 00:03:41,700

much

89

00:03:45,470 --> 00:03:43,380

so you know hopefully we see that out

90

00:03:46,820 --> 00:03:45,480

soon like we said we're sort of in the

91

00:03:48,380 --> 00:03:46,830

editing process right now apart from

92

00:03:51,380 --> 00:03:48,390

that just plugging away at mysterious

93

00:03:53,930 --> 00:03:51,390

universe writing articles and blog posts

94

00:03:55,190 --> 00:03:53,940

fort Arabs here awesome and well I'm

95

00:03:57,650 --> 00:03:55,200

sure the book is gonna ruffle some

96

00:04:01,699 --> 00:03:57,660

feathers in the field as it should and

97

00:04:04,160 --> 00:04:01,709

so well today's episode because we are

98

00:04:06,440 --> 00:04:04,170

drinking some whiskey to night gentlemen

99

00:04:09,620 --> 00:04:06,450

what are we drinking Jason let's start

100

00:04:13,430 --> 00:04:09,630

with you I am drinking

101
00:04:15,290 --> 00:04:13,440
good old Wild Turkey 101 so going

102
00:04:17,090 --> 00:04:15,300
bourbon tonight very nice drink

103
00:04:20,740 --> 00:04:17,100
MJ see this is interesting I'm going

104
00:04:23,000 --> 00:04:20,750
with Crown Royal which is a Canadian rye

105
00:04:24,530 --> 00:04:23,010
which is actually made just about an

106
00:04:26,540 --> 00:04:24,540
hour from my house so it's really nice

107
00:04:29,180 --> 00:04:26,550
to be it's close to home but I'm

108
00:04:31,730 --> 00:04:29,190
drinking a specific version it's the

109
00:04:35,780 --> 00:04:31,740
bourbon mash built so they basically use

110
00:04:38,300 --> 00:04:35,790
a bourbon mash in the rye production so

111
00:04:39,740 --> 00:04:38,310
it's still awry but it it uses sort of

112
00:04:42,380 --> 00:04:39,750
bourbon

113
00:04:44,870 --> 00:04:42,390

I guess mash base to sort of get that

114

00:04:46,550 --> 00:04:44,880

fermentation going and then it's aged in

115

00:04:48,920 --> 00:04:46,560

some nice bourbon barrels so while I'm

116

00:04:52,850 --> 00:04:48,930

not drinking a bourbon I'm enjoying the

117

00:04:54,860 --> 00:04:52,860

flavor of bourbon it sounds amazing and

118

00:04:57,350 --> 00:04:54,870

I love crowns so just trying to imagine

119

00:04:58,730 --> 00:04:57,360

that is really exciting so yeah when I

120

00:05:01,550 --> 00:04:58,740

saw that you posted the picture of the

121

00:05:03,680 --> 00:05:01,560

bottle I was extremely excited and

122

00:05:06,920 --> 00:05:03,690

curious it's really nice actually like

123

00:05:08,270 --> 00:05:06,930

it's very mellow yeah okay I've always

124

00:05:10,520 --> 00:05:08,280

been a huge fan of crown and whenever

125

00:05:12,710 --> 00:05:10,530

people ordered it at my bar in New York

126

00:05:15,070 --> 00:05:12,720

I immediately gave him this salute I'm

127

00:05:17,690 --> 00:05:15,080

like that's a good person right there

128

00:05:20,120 --> 00:05:17,700

well good I mean Jason you got a bourbon

129

00:05:21,560 --> 00:05:20,130

MJ you got a rye I am drinking a scotch

130

00:05:23,510 --> 00:05:21,570

so we're going all around the brown

131

00:05:25,850 --> 00:05:23,520

table tonight guys got our bases covered

132

00:05:28,040 --> 00:05:25,860

yes what are you I am drinking this is

133

00:05:30,410 --> 00:05:28,050

from the blended whiskey company now

134

00:05:32,690 --> 00:05:30,420

this was part of the drinks by DRAM

135

00:05:34,970 --> 00:05:32,700

collection I got last Christmas actually

136

00:05:37,250 --> 00:05:34,980

when when actually was the last time all

137

00:05:39,860 --> 00:05:37,260

three of us oak together with our good

138

00:05:42,620 --> 00:05:39,870

friend Mike Demonte I decided to keep

139

00:05:46,250 --> 00:05:42,630

one last bottle for some sort of

140

00:05:49,910 --> 00:05:46,260

celebration it's a fifty year old half

141

00:05:53,900 --> 00:05:49,920

century blend Scotch whisky it's amazing

142

00:05:55,790 --> 00:05:53,910

it's hard as because it was it was

143

00:05:58,130 --> 00:05:55,800

made the old-school way you know none of

144

00:06:01,190 --> 00:05:58,140

the the filtering none of that like

145

00:06:03,140 --> 00:06:01,200

really measuring portions of each

146

00:06:05,900 --> 00:06:03,150

ingredient they just made this in

147

00:06:07,880 --> 00:06:05,910

bathtubs and hoped for the best so it's

148

00:06:10,010 --> 00:06:07,890

a little rough going down but I really

149

00:06:11,540 --> 00:06:10,020

appreciate that but yeah I'm really

150

00:06:13,520 --> 00:06:11,550

enjoying it and what better way to

151
00:06:15,200 --> 00:06:13,530
celebrate then with what we're going to

152
00:06:18,920 --> 00:06:15,210
be talking about today and that is to

153
00:06:22,520 --> 00:06:18,930
the Stars Academy and the atom research

154
00:06:23,119 --> 00:06:22,530
project so the last time the three of us

155
00:06:25,669 --> 00:06:23,129
talked

156
00:06:29,209 --> 00:06:25,679
was pretty much the start of to the

157
00:06:32,389 --> 00:06:29,219
stars and the Pentagon program becoming

158
00:06:34,820 --> 00:06:32,399
public so for the start of to the stars

159
00:06:36,679 --> 00:06:34,830
Academy correct the Academy yes to the

160
00:06:38,600 --> 00:06:36,689
stars has been around for a while so to

161
00:06:40,159 --> 00:06:38,610
the stars Academy for those who may not

162
00:06:43,219 --> 00:06:40,169
know I don't know how they wouldn't know

163
00:06:44,929 --> 00:06:43,229

at this point but this is started by Tom

164

00:06:46,879 --> 00:06:44,939

DeLonge and a few other individuals who

165

00:06:49,729 --> 00:06:46,889

we will mention later but to the stars

166

00:06:51,379 --> 00:06:49,739

Academy sort of coins itself as it

167

00:06:55,040 --> 00:06:51,389

strives to be a powerful vehicle for

168

00:06:55,489 --> 00:06:55,050

change by creating a concert I'm drunk

169

00:06:58,820 --> 00:06:55,499

already

170

00:07:00,469 --> 00:06:58,830

a consortium among science aerospace and

171

00:07:02,540 --> 00:07:00,479

entertainment that will work

172

00:07:05,029 --> 00:07:02,550

collectively to allow gifted researchers

173

00:07:07,369 --> 00:07:05,039

the freedom to explore exotic science

174

00:07:10,429 --> 00:07:07,379

and technologies with the infrastructure

175

00:07:13,459 --> 00:07:10,439

and resources to rapidly transition them

176
00:07:16,699 --> 00:07:13,469
to products that change the world oh

177
00:07:19,519 --> 00:07:16,709
that's a mouthful so guys I guess before

178
00:07:22,069 --> 00:07:19,529
we really even get started is that what

179
00:07:24,139 --> 00:07:22,079
to the Stars is doing or are they sort

180
00:07:26,059 --> 00:07:24,149
of sticking with their mission so far or

181
00:07:28,850 --> 00:07:26,069
what are we getting from them so far I'd

182
00:07:31,429 --> 00:07:28,860
love to get your initial reactions to

183
00:07:33,019 --> 00:07:31,439
how to the Stars Academy is going before

184
00:07:35,540 --> 00:07:33,029
we get into the new endeavor they're

185
00:07:37,759 --> 00:07:35,550
they're undertaking so Jason let's start

186
00:07:39,529 --> 00:07:37,769
with you sure well you know I think

187
00:07:41,779 --> 00:07:39,539
everything that they laid out at the

188
00:07:45,980 --> 00:07:41,789

beginning clearly painted the picture

189

00:07:49,519 --> 00:07:45,990

that this was a grand project company

190

00:07:51,369 --> 00:07:49,529

and grand projects take time and they're

191

00:07:55,509 --> 00:07:51,379

not going to be companies that are

192

00:07:58,040 --> 00:07:55,519

constantly delivering fans and followers

193

00:08:00,619 --> 00:07:58,050

new things because that doesn't happen

194

00:08:04,189 --> 00:08:00,629

that's not what the company is is

195

00:08:06,109 --> 00:08:04,199

existing to do so these grand plans and

196

00:08:08,959 --> 00:08:06,119

and really a lot of the grand plans

197

00:08:11,269 --> 00:08:08,969

focused on their entertainment division

198

00:08:13,639 --> 00:08:11,279

and feature films and you know

199

00:08:16,399 --> 00:08:13,649

television projects those things take

200

00:08:18,739 --> 00:08:16,409

time we've certainly seen teasers and

201
00:08:21,319 --> 00:08:18,749
things showing that something is

202
00:08:24,199 --> 00:08:21,329
underway but you know any more than that

203
00:08:26,449 --> 00:08:24,209
we haven't really seen anything

204
00:08:28,219 --> 00:08:26,459
delivered and honestly I wouldn't expect

205
00:08:30,409 --> 00:08:28,229
it to be at this point this is going to

206
00:08:32,600 --> 00:08:30,419
be probably one of the slowest process

207
00:08:35,509 --> 00:08:32,610
we've ever seen in terms of possible UFO

208
00:08:36,860 --> 00:08:35,519
quote unquote disclosure right well look

209
00:08:41,120 --> 00:08:36,870
at their their other

210
00:08:43,310 --> 00:08:41,130
efforts to you know work on propulsion

211
00:08:45,590 --> 00:08:43,320
devices things that could potentially be

212
00:08:47,900 --> 00:08:45,600
sourced from extraterrestrial spacecraft

213
00:08:52,510 --> 00:08:47,910

looking at extraterrestrial vehicles as

214

00:08:55,820 --> 00:08:52,520

a inspiration for building some sort of

215

00:08:58,340 --> 00:08:55,830

space vehicle again that's not something

216

00:09:00,710 --> 00:08:58,350

that everyday we're gonna see a new post

217

00:09:04,160 --> 00:09:00,720

on social media that says hey look at

218

00:09:05,870 --> 00:09:04,170

this new alien screw we made you know I

219

00:09:08,240 --> 00:09:05,880

mean I don't don't know what people

220

00:09:08,810 --> 00:09:08,250

would expect to see in terms of a gimme

221

00:09:12,320 --> 00:09:08,820

gimme gimme

222

00:09:15,650 --> 00:09:12,330

now-now-now mentality that if you're

223

00:09:18,019 --> 00:09:15,660

really expecting a spaceship to be built

224

00:09:19,190 --> 00:09:18,029

by this company you're not gonna see it

225

00:09:21,290 --> 00:09:19,200

for quite some time

226

00:09:23,930 --> 00:09:21,300

it's a process and the people involved

227

00:09:26,570 --> 00:09:23,940

know how to do that sort of process

228

00:09:28,579 --> 00:09:26,580

that's this really slow burn as it were

229

00:09:31,010 --> 00:09:28,589

and that's how things get done so MJ

230

00:09:33,769 --> 00:09:31,020

what do you think are are we sort of is

231

00:09:35,720 --> 00:09:33,779

to the Stars so far it's been a little

232

00:09:37,790 --> 00:09:35,730

over a year now are they sticking to the

233

00:09:40,310 --> 00:09:37,800

plan are we getting some of the stuff

234

00:09:42,440 --> 00:09:40,320

that we've sort of been promised or are

235

00:09:44,420 --> 00:09:42,450

we discounting them at this point what

236

00:09:45,710 --> 00:09:44,430

are your let's let's just go right out

237

00:09:48,590 --> 00:09:45,720

of the gate with it what do you think

238

00:09:50,660 --> 00:09:48,600

then yeah I tend to agree I agree with

239

00:09:52,670 --> 00:09:50,670

the two of you all science takes time

240

00:09:55,000 --> 00:09:52,680

you know all good science takes time you

241

00:09:57,320 --> 00:09:55,010

know in order to get stuff properly

242

00:09:59,390 --> 00:09:57,330

analyzed and then double-checked and

243

00:10:01,460 --> 00:09:59,400

then triple checked and then to actually

244

00:10:03,079 --> 00:10:01,470

compile your data into a peer-reviewed

245

00:10:04,730 --> 00:10:03,089

article or a peer-reviewed paper that's

246

00:10:06,290 --> 00:10:04,740

gonna go into a scientific journal and

247

00:10:09,050 --> 00:10:06,300

then sort of move forward with any of

248

00:10:11,860 --> 00:10:09,060

this this is always going to take time

249

00:10:15,770 --> 00:10:11,870

when you talk to sort of any academic

250

00:10:17,690 --> 00:10:15,780

projects take take some studies and

251
00:10:20,240 --> 00:10:17,700
projects take literally a decade or

252
00:10:22,180 --> 00:10:20,250
longer with some studies taking really

253
00:10:25,460 --> 00:10:22,190
you know 20 or 30 years so really

254
00:10:28,640 --> 00:10:25,470
fundamentally if you if if you've a

255
00:10:31,579 --> 00:10:28,650
community is expecting anything of sort

256
00:10:33,769 --> 00:10:31,589
of value and I mean actual like sink

257
00:10:35,660 --> 00:10:33,779
your teeth into meat and potatoes value

258
00:10:38,600 --> 00:10:35,670
something that the UFO community can

259
00:10:40,310 --> 00:10:38,610
bring before sort of mainstream academia

260
00:10:41,990 --> 00:10:40,320
and mainstream science and say okay

261
00:10:44,060 --> 00:10:42,000
here's our data it's been peer-reviewed

262
00:10:46,970 --> 00:10:44,070
you know it's your turn to pick it apart

263
00:10:48,440 --> 00:10:46,980

and look at it all that's gonna take

264

00:10:49,640 --> 00:10:48,450

time you don't want to go half-cocked

265

00:10:50,400 --> 00:10:49,650

into any of this right because

266

00:10:52,680 --> 00:10:50,410

ultimately

267

00:10:54,509 --> 00:10:52,690

they do if if TTS a comes out and says

268

00:10:56,639 --> 00:10:54,519

here's stuff you know metamaterials

269

00:10:58,319 --> 00:10:56,649

here's video footage whatever and says

270

00:11:00,710 --> 00:10:58,329

you know this has been peer-reviewed

271

00:11:03,030 --> 00:11:00,720

this has been assessed by multiple

272

00:11:04,619 --> 00:11:03,040

organizations independent organizations

273

00:11:08,100 --> 00:11:04,629

whatever and turns out it's all rubbish

274

00:11:10,199 --> 00:11:08,110

that's gonna set the UFO discourse I

275

00:11:12,929 --> 00:11:10,209

suppose or the study of UFOs back

276

00:11:15,360 --> 00:11:12,939

another 40 50 years right so I think

277

00:11:18,030 --> 00:11:15,370

caution is important here and I think

278

00:11:20,189 --> 00:11:18,040

like as Jason says of a slow burn is

279

00:11:21,660 --> 00:11:20,199

important here so that's sort of my

280

00:11:23,819 --> 00:11:21,670

opinion do I think that that they've

281

00:11:25,019 --> 00:11:23,829

sort of prom they're offered sorry I've

282

00:11:26,400 --> 00:11:25,029

been able to deliver what they promised

283

00:11:28,079 --> 00:11:26,410

Ill don't necessarily know what they

284

00:11:30,629 --> 00:11:28,089

sort of promised initially there was a

285

00:11:34,100 --> 00:11:30,639

lot of hype right um but the hype was

286

00:11:36,600 --> 00:11:34,110

designed to sell shares it is a

287

00:11:37,769 --> 00:11:36,610

corporation after all a public benefit

288

00:11:39,780 --> 00:11:37,779

corporation I suppose well I'm not sure

289

00:11:43,230 --> 00:11:39,790

that means but a corporation nonetheless

290

00:11:44,670 --> 00:11:43,240

so funding is essential here and if the

291

00:11:46,980 --> 00:11:44,680

hype was design the hype was probably

292

00:11:48,809 --> 00:11:46,990

designed just to sort of sell as many

293

00:11:50,999 --> 00:11:48,819

shares as possible have you ever had the

294

00:11:53,670 --> 00:11:51,009

desire to look outward to the edge of

295

00:11:55,160 --> 00:11:53,680

what is known and unknown we have the

296

00:11:57,420 --> 00:11:55,170

chance to do something revolutionary

297

00:11:59,370 --> 00:11:57,430

something that I think has never been

298

00:12:01,199 --> 00:11:59,380

attempted before what if I told you I

299

00:12:02,879 --> 00:12:01,209

found a group of like-minded people who

300

00:12:04,829 --> 00:12:02,889

held senior positions in the US

301
00:12:06,420 --> 00:12:04,839
government from the CIA to the

302
00:12:08,340 --> 00:12:06,430
Department of Defense to the most

303
00:12:09,749 --> 00:12:08,350
advanced aerospace engineering groups

304
00:12:11,400 --> 00:12:09,759
within our national security

305
00:12:13,259 --> 00:12:11,410
establishment people who have life

306
00:12:15,449 --> 00:12:13,269
skills and collecting and decoding

307
00:12:17,550 --> 00:12:15,459
elusive information and they all wanted

308
00:12:19,319 --> 00:12:17,560
to do something ambitious something that

309
00:12:21,269 --> 00:12:19,329
could help change the conversation about

310
00:12:23,400 --> 00:12:21,279
who we are through an unparalleled

311
00:12:25,439 --> 00:12:23,410
search for answers that can propel

312
00:12:26,730 --> 00:12:25,449
before word but you know they're gonna

313
00:12:28,740 --> 00:12:26,740

come with a lot of media I think that's

314

00:12:30,300 --> 00:12:28,750

kind of where they're their bread butter

315

00:12:32,850 --> 00:12:30,310

is gonna come from really fundamentally

316

00:12:36,480 --> 00:12:32,860

is is is the media projects that they're

317

00:12:39,509 --> 00:12:36,490

doing well not only that but I mean the

318

00:12:41,790 --> 00:12:39,519

fact that now to the stars is out there

319

00:12:43,619 --> 00:12:41,800

into the mainstream or getting out there

320

00:12:46,559 --> 00:12:43,629

that's that's when they're gonna start

321

00:12:47,970 --> 00:12:46,569

to collect data and information you know

322

00:12:49,740 --> 00:12:47,980

when people are going to start coming

323

00:12:51,689 --> 00:12:49,750

forward with these like you said meta

324

00:12:54,480 --> 00:12:51,699

materials that they they've come across

325

00:12:57,059 --> 00:12:54,490

which we'll get to shortly this all came

326

00:12:59,040 --> 00:12:57,069

because of the articles that came out

327

00:13:01,829 --> 00:12:59,050

about to the Stars and the secret

328

00:13:04,559 --> 00:13:01,839

Pentagon program in Lewis Elizondo you

329

00:13:06,720 --> 00:13:04,569

know that this is how they got these

330

00:13:08,939 --> 00:13:06,730

materials is through people finding out

331

00:13:10,679 --> 00:13:08,949

who the company was what they were doing

332

00:13:12,090 --> 00:13:10,689

and what they were looking for so I

333

00:13:14,670 --> 00:13:12,100

think that's pretty interesting you know

334

00:13:17,249 --> 00:13:14,680

it's working in tandem with them trying

335

00:13:18,780 --> 00:13:17,259

to trying to discover these things but

336

00:13:20,369 --> 00:13:18,790

MJ you did bring up a good word and

337

00:13:24,150 --> 00:13:20,379

that's caution and something I think

338

00:13:26,429 --> 00:13:24,160

that has kind of been a problem which of

339

00:13:29,189 --> 00:13:26,439

the stars Academy since the beginning is

340

00:13:31,650 --> 00:13:29,199

caution they've had some stumbles along

341

00:13:33,929 --> 00:13:31,660

the way you know mainly the first being

342

00:13:35,840 --> 00:13:33,939

the Joe Rogan interview with mr. Tom

343

00:13:38,519 --> 00:13:35,850

DeLonge they've since sort of put the

344

00:13:40,319 --> 00:13:38,529

lid on Tom not really letting him do any

345

00:13:43,019 --> 00:13:40,329

type of interviews which might be for

346

00:13:45,179 --> 00:13:43,029

the best for now but you wrote a very

347

00:13:47,129 --> 00:13:45,189

interesting article recently for a

348

00:13:49,139 --> 00:13:47,139

mysterious universe about the Nimitz

349

00:13:51,929 --> 00:13:49,149

case one of the the videos that came

350

00:13:56,429 --> 00:13:51,939

forward by to the stars and mr. Lewis

351
00:13:58,620 --> 00:13:56,439
Elizondo about taking caution and they

352
00:14:00,660 --> 00:13:58,630
clearly didn't do that in terms of this

353
00:14:02,460 --> 00:14:00,670
with mr. Chris melon so could you maybe

354
00:14:05,009 --> 00:14:02,470
sort of run us through this little first

355
00:14:08,639 --> 00:14:05,019
bump that they had with a Nimitz case

356
00:14:10,439 --> 00:14:08,649
after my op-ed appeared with video I got

357
00:14:12,120 --> 00:14:10,449
a call from an individual retired from

358
00:14:13,620 --> 00:14:12,130
the Defense Department and who had

359
00:14:15,569 --> 00:14:13,630
worked on these issues that I asked them

360
00:14:17,759 --> 00:14:15,579
I said do you have any context for that

361
00:14:20,040 --> 00:14:17,769
video do you have any details he told me

362
00:14:22,920 --> 00:14:20,050
and that was one of two videos that came

363
00:14:25,230 --> 00:14:22,930

into the Pentagon from the commander of

364

00:14:28,079 --> 00:14:25,240

a carrier battle group and these are his

365

00:14:31,230 --> 00:14:28,089

words he described it as a plea for help

366

00:14:33,299 --> 00:14:31,240

end quote yeah this is a this was a

367

00:14:36,389 --> 00:14:33,309

really interesting sort of situation

368

00:14:37,140 --> 00:14:36,399

only because I have to be honest it was

369

00:14:39,480 --> 00:14:37,150

such a canoe

370

00:14:42,810 --> 00:14:39,490

pained incident that not many people

371

00:14:45,120 --> 00:14:42,820

sort of knew about it and in fact I'm

372

00:14:48,210 --> 00:14:45,130

convinced not many people sort of still

373

00:14:50,400 --> 00:14:48,220

know about it so on August 7th

374

00:14:53,910 --> 00:14:50,410

there was a Twitter user who has quite a

375

00:14:54,690 --> 00:14:53,920

long-handled but um I'll say out loud or

376

00:14:57,200 --> 00:14:54,700

you can put in the show notes or

377

00:15:00,510 --> 00:14:57,210

something but it's at J zero nine seven

378

00:15:02,970 --> 00:15:00,520

eight four six nine one and he posted

379

00:15:04,830 --> 00:15:02,980

several tweets concerning something he

380

00:15:07,080 --> 00:15:04,840

discovered on Chris Mullins personal

381

00:15:08,550 --> 00:15:07,090

website concern is sort of I guess a

382

00:15:11,430 --> 00:15:08,560

series of documents that had been posted

383

00:15:12,780 --> 00:15:11,440

to I think the resources page and they

384

00:15:13,830 --> 00:15:12,790

were sort of totally out of place they

385

00:15:15,930 --> 00:15:13,840

were totally out of context they were

386

00:15:18,930 --> 00:15:15,940

just there just with pictures and JPEG

387

00:15:22,410 --> 00:15:18,940

images and and and files and they sat

388

00:15:26,040 --> 00:15:22,420

there for about a day and a half or

389

00:15:28,680 --> 00:15:26,050

maybe a day or so like 24 36 hours until

390

00:15:31,350 --> 00:15:28,690

the site was taken down but the the

391

00:15:33,570 --> 00:15:31,360

contents of that I suppose package of

392

00:15:37,550 --> 00:15:33,580

data contained sort of various

393

00:15:42,270 --> 00:15:37,560

photographs of sort of CDs and a

394

00:15:46,860 --> 00:15:42,280

delivery package as well as Lewis

395

00:15:48,570 --> 00:15:46,870

elizondo's resignation letter as well as

396

00:15:52,500 --> 00:15:48,580

a few other things we've seen the three

397

00:15:54,930 --> 00:15:52,510

videos except the unedited video so they

398

00:15:57,420 --> 00:15:54,940

don't contain any of the sort of to the

399

00:15:58,650 --> 00:15:57,430

stars pre-emptive information and then

400

00:16:00,300 --> 00:15:58,660

the concluding information they're just

401
00:16:01,950 --> 00:16:00,310
sort of the raw videos that were posted

402
00:16:02,880 --> 00:16:01,960
on the website there's nothing more to

403
00:16:05,000 --> 00:16:02,890
them though like it's not like they're

404
00:16:07,440 --> 00:16:05,010
longer these are just sort of the the

405
00:16:10,110 --> 00:16:07,450
raw cuts I suppose of what they posted

406
00:16:13,230 --> 00:16:10,120
and then sort of for me the the most

407
00:16:16,530 --> 00:16:13,240
important piece was the the Nimitz

408
00:16:20,310 --> 00:16:16,540
report or the pilot report that is

409
00:16:23,190 --> 00:16:20,320
posted on to the Stars web site the

410
00:16:24,450 --> 00:16:23,200
issue is that that report was on Chris

411
00:16:27,480 --> 00:16:24,460
Mullins site posted it was totally

412
00:16:30,750 --> 00:16:27,490
unredacted so you could read the names

413
00:16:33,390 --> 00:16:30,760

of all of the pilots and the source who

414

00:16:35,370 --> 00:16:33,400

brought that information out so it was

415

00:16:37,500 --> 00:16:35,380

all sort of public where if you've gone

416

00:16:39,720 --> 00:16:37,510

the the TTS a web site you'll see the

417

00:16:42,570 --> 00:16:39,730

file or the the report but it's all the

418

00:16:43,800 --> 00:16:42,580

names are redacted out and some of the

419

00:16:45,240 --> 00:16:43,810

other information is redacted such as

420

00:16:48,260 --> 00:16:45,250

the dates of when the interview occurred

421

00:16:51,000 --> 00:16:48,270

where the interview occurred etc so

422

00:16:53,939 --> 00:16:51,010

basically what happened was for about

423

00:16:56,340 --> 00:16:53,949

like I said 24 36 hours who knows how

424

00:17:01,139 --> 00:16:56,350

many people several hundred several

425

00:17:03,360 --> 00:17:01,149

thousand had access to the the Nimitz

426
00:17:05,610 --> 00:17:03,370
report with all of the contact

427
00:17:08,220 --> 00:17:05,620
information for for the sources involved

428
00:17:09,929 --> 00:17:08,230
in the pilots involved now we know we

429
00:17:12,419 --> 00:17:09,939
know three of the pilots I believe

430
00:17:13,890 --> 00:17:12,429
currently air I know two for sure

431
00:17:15,659 --> 00:17:13,900
three of the pilots so as far as I know

432
00:17:16,980 --> 00:17:15,669
have come forward and said yes I've been

433
00:17:18,720 --> 00:17:16,990
here I've been part of it and they've

434
00:17:19,819 --> 00:17:18,730
gone on record saying that they were

435
00:17:23,490 --> 00:17:19,829
involved in this Tic Tac incident

436
00:17:26,610 --> 00:17:23,500
however the other three as well as the

437
00:17:29,340 --> 00:17:26,620
source who provided the report were not

438
00:17:32,280 --> 00:17:29,350

public or have not gone public so

439

00:17:35,370 --> 00:17:32,290

obviously in this case their privacy

440

00:17:37,230 --> 00:17:35,380

was sort of violated now again I don't

441

00:17:40,380 --> 00:17:37,240

know necessarily personally how many

442

00:17:41,520 --> 00:17:40,390

people have seen the unredacted report I

443

00:17:45,060 --> 00:17:41,530

don't know how many people actually are

444

00:17:46,590 --> 00:17:45,070

in possession of it and nor as far as I

445

00:17:48,630 --> 00:17:46,600

know though which is sort of on the

446

00:17:51,060 --> 00:17:48,640

positive note it hasn't been sort of

447

00:17:53,340 --> 00:17:51,070

publicly posted yet so as far as I know

448

00:17:55,440 --> 00:17:53,350

no one has just taken the file and

449

00:17:59,520 --> 00:17:55,450

reposted it on let's say reddit or

450

00:18:01,680 --> 00:17:59,530

Twitter or Facebook or or above top

451
00:18:04,740 --> 00:18:01,690
secret as far as my recent check however

452
00:18:06,360 --> 00:18:04,750
I could be buried somewhere or it could

453
00:18:08,130 --> 00:18:06,370
be on some sites that I just don't visit

454
00:18:10,380 --> 00:18:08,140
you know somewhere deep deep in the

455
00:18:12,480 --> 00:18:10,390
bowels of the internet so who knows as

456
00:18:13,950 --> 00:18:12,490
far as I know it's still intact but

457
00:18:15,120 --> 00:18:13,960
again I would say there's probably a few

458
00:18:17,250 --> 00:18:15,130
hundred people who probably have this

459
00:18:19,940 --> 00:18:17,260
file yeah exactly and I mean this wasn't

460
00:18:22,470 --> 00:18:19,950
the first time that sort of a I guess

461
00:18:24,030 --> 00:18:22,480
miscommunication but the members of to

462
00:18:26,490 --> 00:18:24,040
the Stars Academy that this has happened

463
00:18:27,810 --> 00:18:26,500

I mean we look at the we're gonna talk

464

00:18:29,490 --> 00:18:27,820
about the new project that they're

465

00:18:33,030 --> 00:18:29,500
you're doing and sort of the first bump

466

00:18:36,330 --> 00:18:33,040
with that so I guess let's get into that

467

00:18:39,060 --> 00:18:36,340
now this was maybe a week and a half ago

468

00:18:41,970 --> 00:18:39,070
or so that to the Stars announced a new

469

00:18:43,799 --> 00:18:41,980
program a research program that they are

470

00:18:46,020 --> 00:18:43,809
conducting called atom this is the

471

00:18:48,990 --> 00:18:46,030
acquisition and data analysis of

472

00:18:50,880 --> 00:18:49,000
materials now this is what a lot of UFO

473

00:18:55,020 --> 00:18:50,890
people have been waiting for physical

474

00:18:57,600 --> 00:18:55,030
evidence materials from downed exotic

475

00:19:00,510 --> 00:18:57,610
craft as it were and this is what they

476
00:19:01,149 --> 00:19:00,520
seem to be teasing with us grabbing a

477
00:19:03,399 --> 00:19:01,159
start

478
00:19:05,349 --> 00:19:03,409
is going to it has a potential if it

479
00:19:08,310 --> 00:19:05,359
ends up being real oppositional for

480
00:19:11,109 --> 00:19:08,320
being a very dangerous that we have it

481
00:19:12,879 --> 00:19:11,119
shake things up a bit I find it very

482
00:19:14,769 --> 00:19:12,889
interesting that there are people out

483
00:19:17,589 --> 00:19:14,779
there who absolutely are convinced that

484
00:19:18,909 --> 00:19:17,599
they've seen what they've seen and for

485
00:19:20,619 --> 00:19:18,919
that reason I'm willing to listen and

486
00:19:21,580 --> 00:19:20,629
again that doesn't mean run to run to

487
00:19:23,710 --> 00:19:21,590
the hills with your hands in the air

488
00:19:24,879 --> 00:19:23,720

screaming that the aliens they're coming

489

00:19:25,930 --> 00:19:24,889

are aliens are coming no one's even

490

00:19:27,249 --> 00:19:25,940

mentioned the word aliens we're not

491

00:19:27,659 --> 00:19:27,259

talking about aliens when I'm talking

492

00:19:29,529 --> 00:19:27,669

about

493

00:19:30,759 --> 00:19:29,539

extraterrestrial life we're simply

494

00:19:33,339 --> 00:19:30,769

saying that there is something out there

495

00:19:35,499 --> 00:19:33,349

in our airspace we don't control we

496

00:19:37,629 --> 00:19:35,509

don't know what the hell it is and so if

497

00:19:39,700 --> 00:19:37,639

it's not the eyewitness reports and it's

498

00:19:40,989 --> 00:19:39,710

not the videos and it's not the

499

00:19:43,210 --> 00:19:40,999

electrical data it's left

500

00:19:44,859 --> 00:19:43,220

electromechanical data well all right

501
00:19:46,930 --> 00:19:44,869
how about material will that be enough

502
00:19:50,019 --> 00:19:46,940
well you all are agreeing to do is to

503
00:19:52,239 --> 00:19:50,029
allow us t TSA to maintain temporary

504
00:19:54,279 --> 00:19:52,249
control of the material for the purposes

505
00:19:55,599 --> 00:19:54,289
of scientific analysis and research then

506
00:19:56,859 --> 00:19:55,609
I have additional protection here I'm

507
00:19:58,629 --> 00:19:56,869
going to go ahead and make sure it's all

508
00:19:59,739 --> 00:19:58,639
LED shield at RF everything we can

509
00:20:01,719 --> 00:19:59,749
continue to protect it

510
00:20:03,669 --> 00:20:01,729
rather than forgetting to fly home I get

511
00:20:05,830 --> 00:20:03,679
to drive 18 hours now with this stuff I

512
00:20:07,889 --> 00:20:05,840
mean Jason you have some experience with

513
00:20:10,629 --> 00:20:07,899

this having worked for a UFO

514

00:20:14,440 --> 00:20:10,639

organization you've come across this

515

00:20:17,469 --> 00:20:14,450

type of data and analysis of materials

516

00:20:18,879 --> 00:20:17,479

many many times so before we get into

517

00:20:21,219 --> 00:20:18,889

what you think about that this is a

518

00:20:23,440 --> 00:20:21,229

joint effort between T TSA and earth

519

00:20:25,960 --> 00:20:23,450

Tech International you know which is

520

00:20:28,659 --> 00:20:25,970

owned by hell put off one of the members

521

00:20:30,219 --> 00:20:28,669

of to the stars so right there I found

522

00:20:32,229 --> 00:20:30,229

that pretty interesting that they're

523

00:20:34,299 --> 00:20:32,239

sort of announcing that they're working

524

00:20:35,889 --> 00:20:34,309

with the gentleman who's already a

525

00:20:37,629 --> 00:20:35,899

member of the program they're working

526

00:20:39,999 --> 00:20:37,639

with themselves yeah working with

527

00:20:43,269 --> 00:20:40,009

themselves yes very very interesting

528

00:20:44,830 --> 00:20:43,279

spin they put on all that but it was it

529

00:20:47,710 --> 00:20:44,840

was exciting to know that they are

530

00:20:49,359 --> 00:20:47,720

pursuing actual physical evidence so I

531

00:20:51,609 --> 00:20:49,369

guess Jason let's get your initial

532

00:20:53,799 --> 00:20:51,619

reactions to Adam in general do you

533

00:20:57,009 --> 00:20:53,809

think this is what should we expect from

534

00:20:58,989 --> 00:20:57,019

this i we do know that there are

535

00:21:01,210 --> 00:20:58,999

materials and we do know where those

536

00:21:02,680 --> 00:21:01,220

materials possibly come from in terms of

537

00:21:04,509 --> 00:21:02,690

the source the people that were in

538

00:21:07,180 --> 00:21:04,519

possession of them where they may have

539

00:21:09,460 --> 00:21:07,190

been found here on earth so yeah what do

540

00:21:12,639 --> 00:21:09,470

you make of Adam so far well with Adam

541

00:21:14,380 --> 00:21:12,649

my initial reaction is I'm super stoked

542

00:21:16,330 --> 00:21:14,390

I'm glad it's happening

543

00:21:19,930 --> 00:21:16,340

and I'm really excited to see where it

544

00:21:21,790 --> 00:21:19,940

goes but like with all things in this

545

00:21:24,880 --> 00:21:21,800

world of strange that we all find

546

00:21:27,520 --> 00:21:24,890

ourselves in and with as we've seen with

547

00:21:29,010 --> 00:21:27,530

everything that to the Stars does people

548

00:21:31,690 --> 00:21:29,020

really need to manage their own

549

00:21:33,520 --> 00:21:31,700

expectations right I mean I think that's

550

00:21:36,270 --> 00:21:33,530

a problem that a lot of people are

551
00:21:38,860 --> 00:21:36,280
having right now because they hear that

552
00:21:40,900 --> 00:21:38,870
there's this new project that's going to

553
00:21:43,090 --> 00:21:40,910
test materials that could potentially be

554
00:21:44,950 --> 00:21:43,100
from extraterrestrials it's easy to get

555
00:21:47,860 --> 00:21:44,960
super worked up and excited by that

556
00:21:50,560 --> 00:21:47,870
right how cool is that testing UFO

557
00:21:54,310 --> 00:21:50,570
material that's awesome but at the same

558
00:21:57,010 --> 00:21:54,320
time we have to kind of reel back and

559
00:22:00,070 --> 00:21:57,020
just enjoy the ride well it happens and

560
00:22:03,430 --> 00:22:00,080
we do need to pay attention to just like

561
00:22:06,310 --> 00:22:03,440
you mentioned the details like the lab

562
00:22:08,020 --> 00:22:06,320
that they're using yes it is amazing

563
00:22:10,750 --> 00:22:08,030

that they have access to you a high-tech

564

00:22:12,370 --> 00:22:10,760

lab that is great that's something that

565

00:22:15,610 --> 00:22:12,380

you don't have that's something that I

566

00:22:18,430 --> 00:22:15,620

don't have but they have it and that

567

00:22:20,320 --> 00:22:18,440

enables them to do so much more than any

568

00:22:21,700 --> 00:22:20,330

of us could so they've got resources

569

00:22:25,510 --> 00:22:21,710

that's awesome

570

00:22:27,280 --> 00:22:25,520

that being said when we do have testing

571

00:22:28,930 --> 00:22:27,290

or results of course that's going to be

572

00:22:31,390 --> 00:22:28,940

scrutinized even more than it would

573

00:22:33,760 --> 00:22:31,400

normally right you've got these guys

574

00:22:37,450 --> 00:22:33,770

doing testing in a lab that's not

575

00:22:39,310 --> 00:22:37,460

necessarily in a neutral situation so

576

00:22:42,010 --> 00:22:39,320

it's a private lab owned by somebody

577

00:22:44,140 --> 00:22:42,020

affiliated with the company that could

578

00:22:46,270 --> 00:22:44,150

potentially be a red flag but you know

579

00:22:48,310 --> 00:22:46,280

you still just have to have to roll with

580

00:22:49,900 --> 00:22:48,320

it and see what happens in the first

581

00:22:52,090 --> 00:22:49,910

place right now we have no results so

582

00:22:54,340 --> 00:22:52,100

it's it's tough to criticize or or

583

00:22:57,900 --> 00:22:54,350

poopoo anything until something actually

584

00:23:01,420 --> 00:22:57,910

happens but when it comes to material my

585

00:23:04,060 --> 00:23:01,430

personal opinion and again like you said

586

00:23:05,770 --> 00:23:04,070

we did some of this at at open minds we

587

00:23:08,110 --> 00:23:05,780

did testing of material that people

588

00:23:10,420 --> 00:23:08,120

would bring to us and say oh yeah this

589

00:23:12,580 --> 00:23:10,430

is a piece of a UFO that fell in my yard

590

00:23:15,160 --> 00:23:12,590

and you know that stuff happens quite

591

00:23:16,390 --> 00:23:15,170

quite often in this field and when

592

00:23:19,570 --> 00:23:16,400

people hear that there's somebody

593

00:23:21,190 --> 00:23:19,580

willing to pay for testing to do it they

594

00:23:24,040 --> 00:23:21,200

come out of the woodwork this is also

595

00:23:25,690 --> 00:23:24,050

something that you know sent up not

596

00:23:27,550 --> 00:23:25,700

really flags but it definitely caught my

597

00:23:30,640 --> 00:23:27,560

attention when we heard about

598

00:23:34,870 --> 00:23:30,650

it's the government's or the Pentagon's

599

00:23:37,030 --> 00:23:34,880

UFO program and contracting with Robert

600

00:23:38,680 --> 00:23:37,040

Bigelow and Robert Bigelow allegedly

601
00:23:41,410 --> 00:23:38,690
modifying buildings at Bigelow Aerospace

602
00:23:43,330 --> 00:23:41,420
to house extraterrestrial material or

603
00:23:46,540 --> 00:23:43,340
potential extraterrestrial material

604
00:23:49,090 --> 00:23:46,550
that's all cool and exciting but you

605
00:23:50,410 --> 00:23:49,100
have to step back and ask okay where is

606
00:23:52,600 --> 00:23:50,420
this material coming from

607
00:23:55,060 --> 00:23:52,610
what is the provenance just because this

608
00:23:56,950 --> 00:23:55,070
is a government contractor and it was

609
00:23:59,860 --> 00:23:56,960
working under a government Pentagon

610
00:24:02,290 --> 00:23:59,870
program doesn't mean that this material

611
00:24:04,390 --> 00:24:02,300
was sourced from government sources or

612
00:24:06,940 --> 00:24:04,400
that the government authenticated it or

613
00:24:10,630 --> 00:24:06,950

signed off and said yes the government

614

00:24:14,730 --> 00:24:10,640

has UFOs no I mean we still don't know

615

00:24:17,020 --> 00:24:14,740

how much of that material whatever it is

616

00:24:19,300 --> 00:24:17,030

Bigelow already had from his previous

617

00:24:21,760 --> 00:24:19,310

exploration into the strange we don't

618

00:24:23,380 --> 00:24:21,770

know you know if these were just from

619

00:24:25,210 --> 00:24:23,390

people saying hey I have a piece of a

620

00:24:26,920 --> 00:24:25,220

UFO and that's most likely what they are

621

00:24:30,030 --> 00:24:26,930

but we don't know any more than that and

622

00:24:32,890 --> 00:24:30,040

that's what we get in these cases of

623

00:24:35,080 --> 00:24:32,900

organizations testing material that

624

00:24:37,450 --> 00:24:35,090

could be extraterrestrial it's somebody

625

00:24:39,670 --> 00:24:37,460

saying oh yeah I have a story there was

626

00:24:42,490 --> 00:24:39,680

a UFO outside my yard I shot at it and a

627

00:24:44,530 --> 00:24:42,500

piece fell down here you go and they go

628

00:24:46,960 --> 00:24:44,540

oh yeah and the guy says oh by the way I

629

00:24:48,640 --> 00:24:46,970

was I was in the military and I have

630

00:24:50,830 --> 00:24:48,650

great credentials they're all all right

631

00:24:53,290 --> 00:24:50,840

we vetted this this is a credible case

632

00:24:55,540 --> 00:24:53,300

and you know that's that's good you need

633

00:24:58,390 --> 00:24:55,550

to go down and cross off your boxes but

634

00:25:00,520 --> 00:24:58,400

in the end that's still all it is it's a

635

00:25:02,230 --> 00:25:00,530

story from somebody that claims

636

00:25:04,090 --> 00:25:02,240

something and you have a piece of

637

00:25:07,540 --> 00:25:04,100

material and you're going to go test it

638

00:25:10,600 --> 00:25:07,550

great but what happens when you have

639

00:25:13,090 --> 00:25:10,610

your test results right if even if your

640

00:25:15,010 --> 00:25:13,100

test results say wow we've never seen

641

00:25:17,200 --> 00:25:15,020

anything like this this looks like it

642

00:25:19,090 --> 00:25:17,210

was manufactured opera that's the most

643

00:25:20,770 --> 00:25:19,100

likely explanation it's still not

644

00:25:22,960 --> 00:25:20,780

concrete proof right yeah it needs to be

645

00:25:24,220 --> 00:25:22,970

tested and tested again and tested again

646

00:25:25,900 --> 00:25:24,230

by multiple labs go through the

647

00:25:27,850 --> 00:25:25,910

scientific process like MJ said at the

648

00:25:31,000 --> 00:25:27,860

beginning you know it's a very rigorous

649

00:25:32,260 --> 00:25:31,010

process for mainstream science let alone

650

00:25:35,170 --> 00:25:32,270

talking about things that could

651
00:25:37,240 --> 00:25:35,180
potentially be from a UFO so that makes

652
00:25:39,520 --> 00:25:37,250
it even more difficult and really ups

653
00:25:41,080 --> 00:25:39,530
the responsibility the burden of proof

654
00:25:44,200 --> 00:25:41,090
on the people doing the testing

655
00:25:46,930 --> 00:25:44,210
in this case but even if we accept their

656
00:25:50,260 --> 00:25:46,940
results and say wow this thing is

657
00:25:52,240 --> 00:25:50,270
probably from a UFO what does that do

658
00:25:54,160 --> 00:25:52,250
what does that do for it for the world

659
00:25:57,760 --> 00:25:54,170
for us for the for the UFO research

660
00:26:03,280 --> 00:25:57,770
community what does that do and my

661
00:26:06,640 --> 00:26:03,290
opinion is nothing not a thing it sucks

662
00:26:08,350 --> 00:26:06,650
but you know for us in this and for the

663
00:26:11,260 --> 00:26:08,360

people who are excited about it I'm a

664

00:26:13,150 --> 00:26:11,270

UFO fan you know I want those results I

665

00:26:15,280 --> 00:26:13,160

want to hear that announcement it'll be

666

00:26:18,040 --> 00:26:15,290

super exciting for me and I'll go that's

667

00:26:20,230 --> 00:26:18,050

cool but I can't really do anything else

668

00:26:22,150 --> 00:26:20,240

with it I'll follow it file it away in

669

00:26:25,210 --> 00:26:22,160

my brain and say okay this is another

670

00:26:28,420 --> 00:26:25,220

element I have to work with in forming

671

00:26:30,880 --> 00:26:28,430

my own opinions but that's really all it

672

00:26:32,650 --> 00:26:30,890

does it might stir some headlines for a

673

00:26:35,950 --> 00:26:32,660

couple weeks like we saw with the

674

00:26:39,220 --> 00:26:35,960

Pentagon UFO program but people are

675

00:26:40,750 --> 00:26:39,230

gonna move on even if the results you

676

00:26:43,350 --> 00:26:40,760

know go to go to a couple different labs

677

00:26:45,520 --> 00:26:43,360

and say this is from an alien spacecraft

678

00:26:47,830 --> 00:26:45,530

that news is still going to fade in a

679

00:26:51,970 --> 00:26:47,840

couple weeks so is it going to change

680

00:26:54,700 --> 00:26:51,980

the course of UFO research I don't think

681

00:26:57,430 --> 00:26:54,710

so but I love this because it's so I

682

00:26:59,050 --> 00:26:57,440

know it's so paradoxical but on one hand

683

00:27:01,630 --> 00:26:59,060

I say it's not gonna do anything on the

684

00:27:04,630 --> 00:27:01,640

other hand I'm all for it I'm all behind

685

00:27:07,090 --> 00:27:04,640

it 100% and I'm so excited that

686

00:27:10,570 --> 00:27:07,100

somebody's willing to pony up that money

687

00:27:12,400 --> 00:27:10,580

and do research like this because I do

688

00:27:14,590 --> 00:27:12,410

think it's incredibly important but

689

00:27:16,480 --> 00:27:14,600

Allah while also saying it's not really

690

00:27:17,800 --> 00:27:16,490

gonna do anything I'm jumping here I'll

691

00:27:18,910 --> 00:27:17,810

jump in here cuz I don't actually

692

00:27:21,190 --> 00:27:18,920

disagree so we're gonna have our first

693

00:27:25,600 --> 00:27:21,200

debate of the night boys

694

00:27:27,370 --> 00:27:25,610

okay so if let's say okay so and I want

695

00:27:31,330 --> 00:27:27,380

clarify here Jason are you saying that

696

00:27:33,790 --> 00:27:31,340

if multiple labs confirm the data and an

697

00:27:35,860 --> 00:27:33,800

academic peer-reviewed paper is written

698

00:27:36,970 --> 00:27:35,870

and published like we're talking about I

699

00:27:38,050 --> 00:27:36,980

mean we're not with this gonna happen

700

00:27:41,140 --> 00:27:38,060

tomorrow we're talking about this is

701
00:27:43,120 --> 00:27:41,150
potentially like five to 10 years before

702
00:27:44,680 --> 00:27:43,130
this all happens cuz like testing takes

703
00:27:47,140 --> 00:27:44,690
time and then writing the paper and

704
00:27:49,060 --> 00:27:47,150
confirming your data so assuming that

705
00:27:51,370 --> 00:27:49,070
happens and academic papers written and

706
00:27:53,920 --> 00:27:51,380
it comes out yeah we have a piece of

707
00:27:54,510 --> 00:27:53,930
material that is not from this world and

708
00:27:57,580 --> 00:27:54,520
it is

709
00:27:59,530 --> 00:27:57,590
other-worldly confirmed you're

710
00:28:01,300 --> 00:27:59,540
suggesting that that would not change

711
00:28:04,210 --> 00:28:01,310
anything and you in like the study of

712
00:28:06,010 --> 00:28:04,220
UFOs we have we have mainstream

713
00:28:09,190 --> 00:28:06,020

scientists who have published peer

714

00:28:11,230 --> 00:28:09,200

review papers confirming the discovery

715

00:28:13,330 --> 00:28:11,240

of extraterrestrial life and that's

716

00:28:15,580 --> 00:28:13,340

mainstream science and they get shot

717

00:28:18,580 --> 00:28:15,590

down that stuff barely makes the news

718

00:28:19,990 --> 00:28:18,590

and people move on right I mean now

719

00:28:21,460 --> 00:28:20,000

we're talking about UFOs so it's even

720

00:28:23,260 --> 00:28:21,470

harder what do you mean you is right

721

00:28:24,840 --> 00:28:23,270

there's peer-reviewed papers where

722

00:28:27,220 --> 00:28:24,850

scientists have come out and said

723

00:28:32,050 --> 00:28:27,230

microbial extraterrestrial life many

724

00:28:34,930 --> 00:28:32,060

times over in many different areas that

725

00:28:38,170 --> 00:28:34,940

is that is fully refuted by plenty of

726

00:28:41,080 --> 00:28:38,180

scientists it barely makes the news and

727

00:28:44,020 --> 00:28:41,090

then we move on I think ultimately the

728

00:28:45,730 --> 00:28:44,030

what ultimately happens though is is the

729

00:28:48,520 --> 00:28:45,740

ball rolls forward a little bit I mean

730

00:28:51,790 --> 00:28:48,530

how many I'm sure as a result of those

731

00:28:54,130 --> 00:28:51,800

papers most astrophysicists now and most

732

00:28:57,760 --> 00:28:54,140

astronomers now most scientists now

733

00:29:00,580 --> 00:28:57,770

believe or at least would argue that

734

00:29:03,100 --> 00:29:00,590

life exists elsewhere in the cosmos sure

735

00:29:05,530 --> 00:29:03,110

right where maybe a hundred years ago or

736

00:29:08,020 --> 00:29:05,540

fifty years ago that would have been

737

00:29:10,600 --> 00:29:08,030

viewed as maybe taboo or somewhat

738

00:29:14,020 --> 00:29:10,610

heretical to the dogma of science but

739

00:29:16,330 --> 00:29:14,030

now most people believe yeah there's

740

00:29:18,040 --> 00:29:16,340

probably extraterrestrial life somewhere

741

00:29:19,720 --> 00:29:18,050

out there whether it's coming here is

742

00:29:23,230 --> 00:29:19,730

debatable right it's somewhere out there

743

00:29:26,560 --> 00:29:23,240

if suddenly a material shows up that

744

00:29:27,880 --> 00:29:26,570

enters the academic world as being ya

745

00:29:30,040 --> 00:29:27,890

know it's been confirmed by multiple

746

00:29:32,890 --> 00:29:30,050

labs and and articles been written and

747

00:29:35,320 --> 00:29:32,900

and it is I would argue that mainstream

748

00:29:37,330 --> 00:29:35,330

academia would now potentially at least

749

00:29:39,850 --> 00:29:37,340

certain people within mainstream

750

00:29:41,560 --> 00:29:39,860

academia would start to start studying

751

00:29:42,970 --> 00:29:41,570

the phenomena is being like okay well

752

00:29:45,550 --> 00:29:42,980

maybe something is actually happening

753

00:29:47,230 --> 00:29:45,560

since there is something here right we

754

00:29:48,670 --> 00:29:47,240

have a tangible piece of we have

755

00:29:51,040 --> 00:29:48,680

tangible object we can actually study

756

00:29:53,770 --> 00:29:51,050

now but that hasn't really happened with

757

00:29:55,060 --> 00:29:53,780

the fossilized extraterrestrial life

758

00:29:57,900 --> 00:29:55,070

right that's what I'm saying it's

759

00:30:00,130 --> 00:29:57,910

happened but and many times over and

760

00:30:02,050 --> 00:30:00,140

published in peer-reviewed papers but

761

00:30:03,520 --> 00:30:02,060

scientists some scientists not all

762

00:30:04,960 --> 00:30:03,530

scientist what they dismissed it it's

763

00:30:07,090 --> 00:30:04,970

not world-changing they don't they don't

764

00:30:08,409 --> 00:30:07,100

accept okay now we've confirmed that

765

00:30:10,239 --> 00:30:08,419

extraterrestrial life exists

766

00:30:11,889 --> 00:30:10,249

no they say it's still just an idea to

767

00:30:14,139 --> 00:30:11,899

them that oh yeah I think it's feasible

768

00:30:17,769 --> 00:30:14,149

that it's there somewhere it doesn't

769

00:30:19,690 --> 00:30:17,779

change the established accepted reality

770

00:30:21,879 --> 00:30:19,700

but they have discovered

771

00:30:23,769 --> 00:30:21,889

extraterrestrial life so everyone

772

00:30:26,109 --> 00:30:23,779

accepted Newton's theory of gravity when

773

00:30:28,810 --> 00:30:26,119

it was a theory and now is a fact right

774

00:30:30,820 --> 00:30:28,820

and not everyone accepted Einstein's

775

00:30:33,399 --> 00:30:30,830

theory of relativity right not everyone

776

00:30:34,899 --> 00:30:33,409

accepted the quantum mechanic theory

777

00:30:36,369 --> 00:30:34,909

when it first started right like I mean

778

00:30:39,279 --> 00:30:36,379

ultimately everything takes time right

779

00:30:41,529 --> 00:30:39,289

like absolutely absolutely so ultimately

780

00:30:43,749 --> 00:30:41,539

if we can you know if that ball starts

781

00:30:45,820 --> 00:30:43,759

rolling if one thing happens other

782

00:30:47,499 --> 00:30:45,830

things might happen right and then

783

00:30:49,570 --> 00:30:47,509

alternately it becomes science fact

784

00:30:51,700 --> 00:30:49,580

versus science fiction right yeah

785

00:30:53,409 --> 00:30:51,710

absolutely it's a process man that's why

786

00:30:55,029 --> 00:30:53,419

I said I mean I I don't don't think

787

00:30:56,950 --> 00:30:55,039

we're gonna notice any changes and

788

00:30:58,840 --> 00:30:56,960

certainly not anytime soon but I think

789

00:30:59,799 --> 00:30:58,850

it's incredibly worthwhile and I agree

790

00:31:01,690 --> 00:30:59,809

with you there I don't think there's

791

00:31:03,369 --> 00:31:01,700

gonna be like you know suddenly tomorrow

792

00:31:05,259 --> 00:31:03,379

everyone believes in aliens I agree with

793

00:31:06,940 --> 00:31:05,269

both of you guys I think you know the

794

00:31:09,430 --> 00:31:06,950

needle will move forward a little bit

795

00:31:11,229 --> 00:31:09,440

but it's just gonna be you know that's

796

00:31:14,109 --> 00:31:11,239

when you pendulum at this point you know

797

00:31:16,330 --> 00:31:14,119

like maybe maybe maybe they will find

798

00:31:18,039 --> 00:31:16,340

some sort of isotopic ratio in this

799

00:31:20,200 --> 00:31:18,049

material that says there's no way it was

800

00:31:22,450 --> 00:31:20,210

from here or it's so anomalous that

801
00:31:24,729 --> 00:31:22,460
there's no explaining it but in terms of

802
00:31:27,700 --> 00:31:24,739
the teaser we got with Adam of the

803
00:31:30,129 --> 00:31:27,710
materials they are in possession with we

804
00:31:32,710 --> 00:31:30,139
saw and this was done by the diligence

805
00:31:35,229 --> 00:31:32,720
of you know many UFO researchers out

806
00:31:38,049 --> 00:31:35,239
there and just you know people who are

807
00:31:40,359 --> 00:31:38,059
following this to the nth degree they

808
00:31:43,359 --> 00:31:40,369
were able to read the documents in the

809
00:31:45,129 --> 00:31:43,369
teaser trailer one was from Rendlesham a

810
00:31:48,369 --> 00:31:45,139
possible material from the Rendlesham

811
00:31:50,499 --> 00:31:48,379
UFO event of 1980 now this is

812
00:31:53,109 --> 00:31:50,509
interesting because first and foremost

813
00:31:55,149 --> 00:31:53,119

we've never heard of any material having

814

00:31:56,769 --> 00:31:55,159

been collected and then we find out that

815

00:31:58,269 --> 00:31:56,779

Colonel Hall to the base commander at

816

00:32:00,970 --> 00:31:58,279

the time said that some was collected

817

00:32:03,099 --> 00:32:00,980

shipped off to Germany somewhere but in

818

00:32:06,039 --> 00:32:03,109

these documents that were in the teaser

819

00:32:07,749 --> 00:32:06,049

trailer for atom it clearly states we

820

00:32:09,789 --> 00:32:07,759

have no idea if this is actually from

821

00:32:12,970 --> 00:32:09,799

Rendlesham or not now

822

00:32:14,440 --> 00:32:12,980

since that has happened these documents

823

00:32:16,930 --> 00:32:14,450

in the trailer for atom have been

824

00:32:19,149 --> 00:32:16,940

blurred out they re uploaded the video

825

00:32:21,730 --> 00:32:19,159

and blurred out the documents not

826

00:32:23,790 --> 00:32:21,740

thinking that anyone would go

827

00:32:26,500 --> 00:32:23,800

you know the diligence of actually

828

00:32:29,020 --> 00:32:26,510

dissecting what might be on those papers

829

00:32:31,990 --> 00:32:29,030

so in terms of that I think with this

830

00:32:34,300 --> 00:32:32,000

first outing for Adam people were not

831

00:32:37,390 --> 00:32:34,310

impressed these materials seemed to not

832

00:32:39,370 --> 00:32:37,400

really be of any importance but again

833

00:32:41,680 --> 00:32:39,380

this is a teaser they're trying to sell

834

00:32:43,570 --> 00:32:41,690

this project to us so that maybe they

835

00:32:45,760 --> 00:32:43,580

will have more anomalous things to look

836

00:32:47,170 --> 00:32:45,770

at in the future so I think that's sort

837

00:32:49,180 --> 00:32:47,180

of where I stand in terms of the needle

838

00:32:51,220 --> 00:32:49,190

moving forward if this project is going

839

00:32:54,880 --> 00:32:51,230

to be of importance and what it might

840

00:32:58,240 --> 00:32:54,890

hold for the future of both TTS a atom

841

00:33:00,160 --> 00:32:58,250

and UFO studies in general I see both

842

00:33:01,990 --> 00:33:00,170

sides of it but before we we sort of

843

00:33:04,540 --> 00:33:02,000

move on from that guys MJ you personally

844

00:33:07,180 --> 00:33:04,550

spoke to help put off the VP of science

845

00:33:09,490 --> 00:33:07,190

and tech forty TSA and the owner of

846

00:33:11,950 --> 00:33:09,500

earth tech what did he have to say about

847

00:33:14,410 --> 00:33:11,960

all this what do you what do you what he

848

00:33:15,850 --> 00:33:14,420

specifically want to know I some of it's

849

00:33:20,080 --> 00:33:15,860

on record some of its off some kind of

850

00:33:23,380 --> 00:33:20,090

nebulous universe yeah so um I mean

851

00:33:25,630 --> 00:33:23,390

ultimately in my article it's a it's for

852

00:33:28,090 --> 00:33:25,640

dr. put off it's it's a it's a straight

853

00:33:31,480 --> 00:33:28,100

sort of contractual agreement if TTS a

854

00:33:34,510 --> 00:33:31,490

comes into possession of a material that

855

00:33:37,270 --> 00:33:34,520

they deem worthy of being analyzed

856

00:33:39,280 --> 00:33:37,280

TTS a sends material to earth tech earth

857

00:33:42,010 --> 00:33:39,290

tech charges its fee to do the analysis

858

00:33:45,160 --> 00:33:42,020

and then provides the results back to

859

00:33:48,100 --> 00:33:45,170

TTS a so it's a straight contract

860

00:33:51,070 --> 00:33:48,110

according to dr. put off which makes

861

00:33:52,450 --> 00:33:51,080

sense you know I I want to note in all

862

00:33:56,620 --> 00:33:52,460

this and I think this is important and I

863

00:33:58,780 --> 00:33:56,630

think being someone who whose entire may

864

00:34:00,400 --> 00:33:58,790

be youthful ah djegal purpose is is not

865

00:34:03,100 --> 00:34:00,410

so much to study the phenomena but to

866

00:34:05,170 --> 00:34:03,110

study the UFO community a lot of a lot

867

00:34:08,800 --> 00:34:05,180

of criticism has been has been thrown at

868

00:34:10,720 --> 00:34:08,810

TTS a and earth Tech and how put off in

869

00:34:12,909 --> 00:34:10,730

regards that this is sort of too close

870

00:34:15,130 --> 00:34:12,919

right you know doctor put off is is a

871

00:34:18,000 --> 00:34:15,140

member of TTS a and TTS a is using his

872

00:34:20,740 --> 00:34:18,010

lab and you know this is sort of this

873

00:34:22,899 --> 00:34:20,750

potential you know maybe conflict of

874

00:34:24,370 --> 00:34:22,909

interest or something yeah I'm not

875

00:34:26,470 --> 00:34:24,380

really sure if that's the case I mean

876

00:34:30,550 --> 00:34:26,480

really fundamentally dr. put off is

877

00:34:33,040 --> 00:34:30,560

receiving no money from TTS a apart from

878

00:34:34,940 --> 00:34:33,050

if there is a meta material or a

879

00:34:37,669 --> 00:34:34,950

material that they want studied

880

00:34:41,030 --> 00:34:37,679

his lab you know will be paid for that

881

00:34:42,379 --> 00:34:41,040

particular work I suppose but at the end

882

00:34:44,750 --> 00:34:42,389

of the day he personally received no

883

00:34:48,379 --> 00:34:44,760

money from TTS a he personally receives

884

00:34:51,319 --> 00:34:48,389

no no no sort of funding or royalties or

885

00:34:53,569 --> 00:34:51,329

anything um starting the project in 2017

886

00:34:55,790 --> 00:34:53,579

he did receive five thousand roughly

887

00:34:58,790 --> 00:34:55,800

singers close to six thousand sort of

888

00:35:00,230 --> 00:34:58,800

shares in TTS a Class B shares which is

889

00:35:02,480 --> 00:35:00,240

all in the circular like the offering

890

00:35:03,020 --> 00:35:02,490

circular for investors but that's about

891

00:35:04,370 --> 00:35:03,030

it

892

00:35:06,079 --> 00:35:04,380

and those shares right now are worthless

893

00:35:08,210 --> 00:35:06,089

at the end of the day it's not a

894

00:35:11,000 --> 00:35:08,220

publicly traded company so so those

895

00:35:13,849 --> 00:35:11,010

shares are worth less than the paper

896

00:35:15,890 --> 00:35:13,859

they're written on so really I'm not

897

00:35:19,490 --> 00:35:15,900

sure if I nationalist econ conflict yet

898

00:35:21,740 --> 00:35:19,500

and I mean his lab has been doing this

899

00:35:24,770 --> 00:35:21,750

type of work for a long time I'm not

900

00:35:26,690 --> 00:35:24,780

sure who else is really out there who

901
00:35:28,700 --> 00:35:26,700
who has the resources and the ability

902
00:35:30,710 --> 00:35:28,710
and all that the technical expertise to

903
00:35:32,390 --> 00:35:30,720
do this yeah and I want to clarify you

904
00:35:35,089 --> 00:35:32,400
know I have no reason to doubt his

905
00:35:37,910 --> 00:35:35,099
integrity you know and obviously the

906
00:35:38,359 --> 00:35:37,920
people in the academy were chosen for a

907
00:35:40,930 --> 00:35:38,369
reason

908
00:35:43,760 --> 00:35:40,940
I know you select people who have

909
00:35:45,380 --> 00:35:43,770
resources and skills and and things that

910
00:35:49,730 --> 00:35:45,390
align with what you're trying to achieve

911
00:35:51,710 --> 00:35:49,740
and this resource you know obviously was

912
00:35:53,300 --> 00:35:51,720
was hugely beneficial to the company so

913
00:35:56,480 --> 00:35:53,310

I do want to put that out there I I

914

00:35:58,309 --> 00:35:56,490

personally don't have a problem with his

915

00:36:01,280 --> 00:35:58,319

lab doing the testing but that is

916

00:36:03,349 --> 00:36:01,290

something that people on the outside or

917

00:36:05,540 --> 00:36:03,359

people in the scientific community might

918

00:36:06,800 --> 00:36:05,550

see as a red flag and something to

919

00:36:08,450 --> 00:36:06,810

consider and it should you should you

920

00:36:10,910 --> 00:36:08,460

should keep that in mind when when

921

00:36:12,589 --> 00:36:10,920

viewing whatever results come yeah I

922

00:36:14,089 --> 00:36:12,599

mean you have to have to be critical you

923

00:36:16,130 --> 00:36:14,099

have to remain critical and vigilant I

924

00:36:19,150 --> 00:36:16,140

mean at the end of the day you can't

925

00:36:22,190 --> 00:36:19,160

just buy into any everything hardly

926

00:36:23,510 --> 00:36:22,200

however you know the problem is again as

927

00:36:25,280 --> 00:36:23,520

someone who sort of studies the UFO

928

00:36:27,050 --> 00:36:25,290

community we tend to jump into stuff

929

00:36:29,420 --> 00:36:27,060

half-cocked we have half of the

930

00:36:31,880 --> 00:36:29,430

information and then we just make up the

931

00:36:33,829 --> 00:36:31,890

rest in our own minds and then start you

932

00:36:36,589 --> 00:36:33,839

know taking shots when we don't really

933

00:36:38,780 --> 00:36:36,599

have any ammunition ultimately to think

934

00:36:39,920 --> 00:36:38,790

that that you know T TSA is gonna send

935

00:36:41,300 --> 00:36:39,930

these materials to earth tech earth

936

00:36:42,950 --> 00:36:41,310

Kooks gonna study them send the data

937

00:36:45,140 --> 00:36:42,960

back and then TJ's gonna come out and

938

00:36:46,920 --> 00:36:45,150

say holy crap earth Tech has confirmed

939

00:36:48,779 --> 00:36:46,930

this is alien or this is Otherworld

940

00:36:52,140 --> 00:36:48,789

whatever that's not gonna happen right

941

00:36:54,839 --> 00:36:52,150

Earth Tech is is a legitimate

942

00:36:56,849 --> 00:36:54,849

organization that is in collaboration

943

00:36:59,010 --> 00:36:56,859

with dozens of other labs globally I

944

00:37:01,529 --> 00:36:59,020

mean to think that if they get a hit

945

00:37:04,470 --> 00:37:01,539

let's say on a material that to their

946

00:37:06,779 --> 00:37:04,480

experts into their their team is

947

00:37:08,700 --> 00:37:06,789

anomalous they're not gonna simply say

948

00:37:10,680 --> 00:37:08,710

yeah that's it evidence here it is boom

949

00:37:12,450 --> 00:37:10,690

done you know we're writing a paper they

950

00:37:14,609 --> 00:37:12,460

obviously are gonna collaborate with

951

00:37:16,529 --> 00:37:14,619

other labs other independent labs in

952

00:37:18,420 --> 00:37:16,539

this process you have to you have to

953

00:37:21,720 --> 00:37:18,430

send that material off and it has to be

954

00:37:23,609 --> 00:37:21,730

studied by others who are a much more of

955

00:37:26,490 --> 00:37:23,619

an arm's length away if not you know

956

00:37:29,430 --> 00:37:26,500

several arms lengths away because you

957

00:37:30,660 --> 00:37:29,440

need you need your data to be double

958

00:37:32,880 --> 00:37:30,670

check triple check quadruple checked

959

00:37:35,279 --> 00:37:32,890

before you can even begin to think about

960

00:37:38,370 --> 00:37:35,289

this being something legitimate that we

961

00:37:40,140 --> 00:37:38,380

need to actually present to academia and

962

00:37:42,029 --> 00:37:40,150

sort of the mainstream community but

963

00:37:44,130 --> 00:37:42,039

again the UFO community is like I said I

964

00:37:46,620 --> 00:37:44,140

love them and they're beautiful and

965

00:37:48,210 --> 00:37:46,630

crazy at the same time they're gonna say

966

00:37:50,460 --> 00:37:48,220

holy crap it's earth Tech while these

967

00:37:52,529 --> 00:37:50,470

guys is put off in his history and

968

00:37:54,420 --> 00:37:52,539

whatever therefore you know it's a big

969

00:37:56,130 --> 00:37:54,430

write-off I'll would think that that's

970

00:37:58,440 --> 00:37:56,140

pretty short-sighted that being said

971

00:38:00,480 --> 00:37:58,450

criticism and and critical thinking are

972

00:38:02,849 --> 00:38:00,490

always important here so yeah the other

973

00:38:05,819 --> 00:38:02,859

thing to guys' in terms of atom is the

974

00:38:08,039 --> 00:38:05,829

transparency Alejandro Rojas our good

975

00:38:09,960 --> 00:38:08,049

friend over at open minds UFO radio he

976

00:38:12,240 --> 00:38:09,970

did want to chime in here he sent me

977

00:38:14,640 --> 00:38:12,250

this earlier today he said I personally

978

00:38:16,410 --> 00:38:14,650

think atom project is a good thing it's

979

00:38:18,180 --> 00:38:16,420

great to have a place to go that can

980

00:38:20,099 --> 00:38:18,190

fund and perform this sort of analysis

981

00:38:22,109 --> 00:38:20,109

however I would like to see more

982

00:38:23,779 --> 00:38:22,119

clarification on how the owners of the

983

00:38:27,450 --> 00:38:23,789

material will be looped in and

984

00:38:29,250 --> 00:38:27,460

assurances findings will be shared many

985

00:38:31,170 --> 00:38:29,260

who submitted material to Bigelow in the

986

00:38:33,930 --> 00:38:31,180

past do not feel that they had a

987

00:38:37,260 --> 00:38:33,940

positive experience in this group is you

988

00:38:38,789 --> 00:38:37,270

know basically Bigelow group 2.0 so I I

989

00:38:41,250 --> 00:38:38,799

have that concern to you I don't know

990

00:38:43,980 --> 00:38:41,260

how you guys feel about okay so say they

991

00:38:46,500 --> 00:38:43,990

do get these results back and it is so

992

00:38:48,660 --> 00:38:46,510

anomalous that there's almost no way it

993

00:38:51,210 --> 00:38:48,670

could be from earth again I I don't

994

00:38:54,000 --> 00:38:51,220

necessarily buy into that just yet but

995

00:38:55,980 --> 00:38:54,010

say they did you know how how can we

996

00:38:58,230 --> 00:38:55,990

trust that they are going to bring that

997

00:38:58,980 --> 00:38:58,240

information to the public that has

998

00:39:02,340 --> 00:38:58,990

shares in

999

00:39:04,260 --> 00:39:02,350

this I guess is my my concern I think if

1000

00:39:07,620 --> 00:39:04,270

we're looking for like province right on

1001
00:39:10,140 --> 00:39:07,630
on on all of this one project Adam just

1002
00:39:12,060 --> 00:39:10,150
started so yeah really you know you're

1003
00:39:13,710 --> 00:39:12,070
not gonna get any documentation for a

1004
00:39:16,410 --> 00:39:13,720
while because at the end of the day

1005
00:39:18,420 --> 00:39:16,420
someone who submits a material or an

1006
00:39:22,590 --> 00:39:18,430
artifact or whatever for study it's

1007
00:39:25,620 --> 00:39:22,600
gonna take years before sort of anything

1008
00:39:27,540 --> 00:39:25,630
really interesting happens I think you

1009
00:39:28,650 --> 00:39:27,550
know they're gonna study material and

1010
00:39:29,970 --> 00:39:28,660
it's gonna come back yeah I know it's

1011
00:39:31,950 --> 00:39:29,980
like a piece of aluminum from like a

1012
00:39:34,080 --> 00:39:31,960
bicycle or something I think you're

1013
00:39:36,030 --> 00:39:34,090

gonna get a lot of negatives a lot of

1014

00:39:37,530 --> 00:39:36,040

noise right but if a signal ever shows

1015

00:39:39,000 --> 00:39:37,540

operative if you ever get sort of a hit

1016

00:39:40,920 --> 00:39:39,010

we're holy crap this is something

1017

00:39:42,660 --> 00:39:40,930

interesting you know TTS a is not gonna

1018

00:39:44,370 --> 00:39:42,670

then suddenly release well this is the

1019

00:39:45,900 --> 00:39:44,380

guy who sent it to us and here's all the

1020

00:39:47,490 --> 00:39:45,910

province documents and whatever because

1021

00:39:51,300 --> 00:39:47,500

ultimately what's gonna happen to that

1022

00:39:52,620 --> 00:39:51,310

person who who submitted that that

1023

00:39:56,190 --> 00:39:52,630

artifact right all to me they're gonna

1024

00:39:59,760 --> 00:39:56,200

get bombarded by not only media and you

1025

00:40:01,170 --> 00:39:59,770

know every sort of shock journalists but

1026

00:40:02,760 --> 00:40:01,180

know that they're gonna get bombarded by

1027

00:40:05,370 --> 00:40:02,770

the UFO community who's gonna come out

1028

00:40:06,840 --> 00:40:05,380

and start emailing and and and showing

1029

00:40:08,430 --> 00:40:06,850

up at their house and whatever and being

1030

00:40:10,260 --> 00:40:08,440

like you know we want to talk to you

1031

00:40:12,420 --> 00:40:10,270

whatever I mean there's a lot of privacy

1032

00:40:13,890 --> 00:40:12,430

concerns and play here and the vast

1033

00:40:16,349 --> 00:40:13,900

majority of people who submit stuff

1034

00:40:18,900 --> 00:40:16,359

undoubtedly to T TSA don't want their

1035

00:40:21,450 --> 00:40:18,910

names out there they have something here

1036

00:40:23,520 --> 00:40:21,460

it is and I think it's interesting and

1037

00:40:27,270 --> 00:40:23,530

again whether it is or not that's gonna

1038

00:40:29,430 --> 00:40:27,280

be obviously looked at debated but again

1039

00:40:31,500 --> 00:40:29,440

you don't want you you want to really

1040

00:40:33,599 --> 00:40:31,510

make sure your your your eyes are dotted

1041

00:40:36,390 --> 00:40:33,609

and your t's crossed which again is

1042

00:40:38,370 --> 00:40:36,400

gonna take years before you start

1043

00:40:39,359 --> 00:40:38,380

providing okay this is the individual I

1044

00:40:40,560 --> 00:40:39,369

know that you need that individuals

1045

00:40:42,330 --> 00:40:40,570

permission like the individual might say

1046

00:40:44,040 --> 00:40:42,340

listen yeah here's the material I don't

1047

00:40:45,150 --> 00:40:44,050

want anymore or I want to hold on to it

1048

00:40:46,470 --> 00:40:45,160

but you can study it whatever but I

1049

00:40:48,690 --> 00:40:46,480

don't my name anywhere attached to this

1050

00:40:50,250 --> 00:40:48,700

you know what if the individual like our

1051

00:40:52,800 --> 00:40:50,260

good friend Isaac Oi right you know

1052

00:40:54,570 --> 00:40:52,810

Isaac coy is a a UFO researcher but and

1053

00:40:55,859 --> 00:40:54,580

he's a great UFO researcher I have

1054

00:40:58,890 --> 00:40:55,869

nothing but the utmost respect for him

1055

00:41:01,170 --> 00:40:58,900

but his job is that total risk if anyone

1056

00:41:03,210 --> 00:41:01,180

finds out who he is right he you know

1057

00:41:05,340 --> 00:41:03,220

all we know he's a lawyer so at the end

1058

00:41:06,780 --> 00:41:05,350

of the day I can imagine him wanting to

1059

00:41:08,250 --> 00:41:06,790

keep significant distance between his

1060

00:41:11,220 --> 00:41:08,260

sort of personal life and his

1061

00:41:12,780 --> 00:41:11,230

professional life as a lawyer and his

1062

00:41:14,700 --> 00:41:12,790

sort of the UFO life I can

1063

00:41:16,830 --> 00:41:14,710

if somebody owns something that that

1064

00:41:18,120 --> 00:41:16,840

they say you know came out of a UFO and

1065

00:41:20,310 --> 00:41:18,130

people are gonna think I'm nuts and I

1066

00:41:23,070 --> 00:41:20,320

own a multi-million dollar tech industry

1067

00:41:25,560 --> 00:41:23,080

or I you know work for this newspaper or

1068

00:41:27,720 --> 00:41:25,570

whatever whoever I am it's gonna destroy

1069

00:41:30,000 --> 00:41:27,730

their entire life if if suddenly the UFO

1070

00:41:32,220 --> 00:41:30,010

community finds out who this person is

1071

00:41:33,900 --> 00:41:32,230

so again you know we need to be cautious

1072

00:41:35,490 --> 00:41:33,910

and TTS a I think is doing a pretty

1073

00:41:37,350 --> 00:41:35,500

decent job of being cautious here you

1074

00:41:38,850 --> 00:41:37,360

know you need to walk a fine line once

1075

00:41:40,380 --> 00:41:38,860

in a while you know gets leaked on

1076

00:41:43,020 --> 00:41:40,390

on someone's website but at the end of

1077

00:41:45,030 --> 00:41:43,030

the day you know caution is important

1078

00:41:47,760 --> 00:41:45,040

and and I hope that that the atom

1079

00:41:49,800 --> 00:41:47,770

projects or walks that path a little bit

1080

00:41:52,290 --> 00:41:49,810

it's not gonna satisfy everyone's

1081

00:41:54,510 --> 00:41:52,300

immediate curiosity and it's not gonna

1082

00:41:56,670 --> 00:41:54,520

give half answers either it's gonna it's

1083

00:41:58,380 --> 00:41:56,680

gonna have to provide we have done our

1084

00:41:59,310 --> 00:41:58,390

due diligence on this this last thing

1085

00:42:00,780 --> 00:41:59,320

also means all UMass there's also

1086

00:42:03,150 --> 00:42:00,790

litigation right I mean you know people

1087

00:42:05,400 --> 00:42:03,160

sign NDA's people sign privacy contracts

1088

00:42:08,550 --> 00:42:05,410

whatever you start violating that stuff

1089

00:42:10,830 --> 00:42:08,560

men like you are gonna be in court for a

1090

00:42:12,930 --> 00:42:10,840

while so and lawyers are expensive

1091

00:42:17,430 --> 00:42:12,940

absent want to just encourage people

1092

00:42:20,160 --> 00:42:17,440

again to manage expectations and also be

1093

00:42:22,620 --> 00:42:20,170

realistic with to the stars you know I

1094

00:42:23,880 --> 00:42:22,630

think a lot of people have been you know

1095

00:42:26,520 --> 00:42:23,890

they were caught off guard went to the

1096

00:42:28,890 --> 00:42:26,530

stars came on the scene and kind of

1097

00:42:31,170 --> 00:42:28,900

overly excited I mean it's certainly

1098

00:42:33,270 --> 00:42:31,180

exciting and and it's great to have a

1099

00:42:35,520 --> 00:42:33,280

company like this in existence and and

1100

00:42:37,590 --> 00:42:35,530

part of the UFO community but at the

1101
00:42:40,380 --> 00:42:37,600
same time I think people need to take a

1102
00:42:43,800 --> 00:42:40,390
more realistic approach at what the

1103
00:42:45,690 --> 00:42:43,810
company is and how it is it's just

1104
00:42:47,460 --> 00:42:45,700
individuals trying to do something that

1105
00:42:49,020 --> 00:42:47,470
we're all interested in right there

1106
00:42:51,420 --> 00:42:49,030
they're not we put them up on this

1107
00:42:54,660 --> 00:42:51,430
pedestal but they're still just guys

1108
00:42:57,870 --> 00:42:54,670
trying to achieve something and

1109
00:43:00,060 --> 00:42:57,880
something great and they're not perfect

1110
00:43:03,600 --> 00:43:00,070
they're a small company they just

1111
00:43:06,840 --> 00:43:03,610
started so I think they deserve a little

1112
00:43:09,860 --> 00:43:06,850
slack here and you know we can't hold

1113
00:43:12,630 --> 00:43:09,870

them to some unrealistic high

1114

00:43:13,950 --> 00:43:12,640

expectation I'm going into all this

1115

00:43:16,130 --> 00:43:13,960

expecting that they're going to do

1116

00:43:18,600 --> 00:43:16,140

everything perfect on the first try and

1117

00:43:22,800 --> 00:43:18,610

just live up to everything that our

1118

00:43:25,980 --> 00:43:22,810

dream UFO mega company would be because

1119

00:43:28,830 --> 00:43:25,990

that's not what to the Stars is yeah

1120

00:43:30,660 --> 00:43:28,840

yeah I agree Ill you know the whiskey's

1121

00:43:33,120 --> 00:43:30,670

kicking in which is hmm this is why I

1122

00:43:35,760 --> 00:43:33,130

got you on MJ I knew I would it barely

1123

00:43:38,490 --> 00:43:35,770

have to talk tonight gentlemen yeah you

1124

00:43:40,200 --> 00:43:38,500

know and I think the the one this is

1125

00:43:41,910 --> 00:43:40,210

this is generally sort of telling of

1126

00:43:44,670 --> 00:43:41,920

like I said sort of the UFO community

1127

00:43:46,800 --> 00:43:44,680

and and and how it functions right like

1128

00:43:49,130 --> 00:43:46,810

we probably all agree the UFO community

1129

00:43:51,480 --> 00:43:49,140

sort of is this beautiful anarchy of

1130

00:43:54,600 --> 00:43:51,490

individual or this an orchestra and our

1131

00:43:57,690 --> 00:43:54,610

kiss and our and our a beautiful anarchy

1132

00:44:01,080 --> 00:43:57,700

of individuals who sort of do whatever

1133

00:44:03,450 --> 00:44:01,090

they want and there really is no throne

1134

00:44:05,340 --> 00:44:03,460

in ufology there really is no throne in

1135

00:44:08,520 --> 00:44:05,350

UFO discourse there's no governing body

1136

00:44:10,920 --> 00:44:08,530

I think TTS a and maybe move on or sort

1137

00:44:13,500 --> 00:44:10,930

of some of our sort of closest temples

1138

00:44:16,350 --> 00:44:13,510

that sort of people worship but but

1139

00:44:18,510 --> 00:44:16,360

ultimately there's as many skeptics and

1140

00:44:22,080 --> 00:44:18,520

critics of T TSA and MUFON as there are

1141

00:44:23,670 --> 00:44:22,090

members and-and-and believers so I think

1142

00:44:26,280 --> 00:44:23,680

this is pretty telling I think I think

1143

00:44:27,420 --> 00:44:26,290

the UFO community once someone comes out

1144

00:44:28,650 --> 00:44:27,430

and says listen we're gonna throw money

1145

00:44:30,180 --> 00:44:28,660

into this and we're gonna actually do a

1146

00:44:31,859 --> 00:44:30,190

proper study and it's gonna take time

1147

00:44:33,420 --> 00:44:31,869

and it's gonna take effort and it's

1148

00:44:36,540 --> 00:44:33,430

gonna it's you know we're not gonna get

1149

00:44:38,760 --> 00:44:36,550

results for a while of course the UFO

1150

00:44:40,380 --> 00:44:38,770

community is gonna be divided on this

1151
00:44:43,530 --> 00:44:40,390
and of course the UFO community is gonna

1152
00:44:46,320 --> 00:44:43,540
be totally at odds with itself sort of

1153
00:44:48,020 --> 00:44:46,330
trying to figure who's on whose side and

1154
00:44:50,700 --> 00:44:48,030
lines are being drawn and people are

1155
00:44:53,430 --> 00:44:50,710
trolling each other on social media and

1156
00:44:55,170 --> 00:44:53,440
going after each other and and really we

1157
00:44:56,790 --> 00:44:55,180
see this all the time I I mean this is

1158
00:44:58,200 --> 00:44:56,800
this is no different than any other

1159
00:44:59,280 --> 00:44:58,210
organization that's come forward you

1160
00:45:00,990 --> 00:44:59,290
know I'm sure dudes went through the

1161
00:45:02,490 --> 00:45:01,000
same thing I'm sure bass went through

1162
00:45:03,990 --> 00:45:02,500
the same thing anything Bigelow has ever

1163
00:45:06,120 --> 00:45:04,000

touched has gone through the same thing

1164

00:45:08,490 --> 00:45:06,130

MUFON is going through the same thing

1165

00:45:09,720 --> 00:45:08,500

and and whether this is you know the UFO

1166

00:45:12,210 --> 00:45:09,730

community or maybe who knows the

1167

00:45:13,020 --> 00:45:12,220

phenomenon itself just you know messing

1168

00:45:15,390 --> 00:45:13,030

with us

1169

00:45:17,550 --> 00:45:15,400

large companies like this large

1170

00:45:20,609 --> 00:45:17,560

organizations like this that start are

1171

00:45:23,400 --> 00:45:20,619

always met with resistance because just

1172

00:45:27,780 --> 00:45:23,410

the UFO community functions in this way

1173

00:45:29,730 --> 00:45:27,790

of resisting it disconnects from things

1174

00:45:31,890 --> 00:45:29,740

and then it reattaches like I said it's

1175

00:45:33,240 --> 00:45:31,900

total chaos and anarchy and maybe the

1176

00:45:34,980 --> 00:45:33,250

phenomenon whatever it is like I said

1177

00:45:38,580 --> 00:45:34,990

doesn't like wants it that way you know

1178

00:45:39,810 --> 00:45:38,590

maybe part of it is is that you know T

1179

00:45:42,330 --> 00:45:39,820

TSA is

1180

00:45:44,730 --> 00:45:42,340

is struggling because you know you're

1181

00:45:46,890 --> 00:45:44,740

trying to control a phenomena that's

1182

00:45:48,450 --> 00:45:46,900

uncontrollable but that's philosophical

1183

00:45:49,500 --> 00:45:48,460

we can get there later if there's time I

1184

00:45:52,110 --> 00:45:49,510

don't know if we want to break this

1185

00:45:54,120 --> 00:45:52,120

earlier well here's my little rant about

1186

00:45:56,280 --> 00:45:54,130

the the you have folk community you know

1187

00:45:59,970 --> 00:45:56,290

I think the UFO community is its own

1188

00:46:01,410 --> 00:45:59,980

worst enemy and we see a time and time

1189

00:46:04,490 --> 00:46:01,420

again we certainly are saying it with to

1190

00:46:07,560 --> 00:46:04,500

the Stars where you know anybody who

1191

00:46:10,500 --> 00:46:07,570

enters this arena and starts doing

1192

00:46:14,130 --> 00:46:10,510

something new or something different the

1193

00:46:17,750 --> 00:46:14,140

community from within is very quick to

1194

00:46:21,870 --> 00:46:17,760

pounce and sort of attack something that

1195

00:46:23,460 --> 00:46:21,880

is seemingly contradictory to what we're

1196

00:46:25,910 --> 00:46:23,470

trying to achieve you know somebody's

1197

00:46:30,210 --> 00:46:25,920

trying to do some sort of research

1198

00:46:34,290 --> 00:46:30,220

related to UFOs but at the same time we

1199

00:46:36,150 --> 00:46:34,300

go and attack them and say that you know

1200

00:46:38,730 --> 00:46:36,160

we don't think that what they're doing

1201

00:46:41,580 --> 00:46:38,740

is beneficial to the community to the

1202

00:46:44,340 --> 00:46:41,590

UFO community so we do everything we can

1203

00:46:46,890 --> 00:46:44,350

to bring them down to hack into their

1204

00:46:48,540 --> 00:46:46,900

web sites and get information and

1205

00:46:50,550 --> 00:46:48,550

publish it all over the place and and

1206

00:46:52,110 --> 00:46:50,560

bad melt them any chance we get before

1207

00:46:54,750 --> 00:46:52,120

they've even had a chance to do anything

1208

00:46:56,850 --> 00:46:54,760

I don't understand that mentality I

1209

00:46:58,530 --> 00:46:56,860

think a lot of people are looking for a

1210

00:47:01,020 --> 00:46:58,540

savior we see that plenty you know

1211

00:47:02,370 --> 00:47:01,030

they're looking for a source to provide

1212

00:47:05,390 --> 00:47:02,380

them with all of the answers that

1213

00:47:07,770 --> 00:47:05,400

they're looking for and if they don't

1214

00:47:10,200 --> 00:47:07,780

instantaneously get that then that's the

1215

00:47:11,700 --> 00:47:10,210

enemy and that personally affects them

1216

00:47:14,310 --> 00:47:11,710

and they view that as the enemy they

1217

00:47:16,440 --> 00:47:14,320

view that as causing harm to this

1218

00:47:20,550 --> 00:47:16,450

community that they they you know

1219

00:47:23,550 --> 00:47:20,560

worship so I think really it's

1220

00:47:25,380 --> 00:47:23,560

advantageous and recommended for people

1221

00:47:28,620 --> 00:47:25,390

if you're truly interested in this

1222

00:47:30,330 --> 00:47:28,630

subject to understand and you know be

1223

00:47:33,300 --> 00:47:30,340

comfortable in your own beliefs and

1224

00:47:33,540 --> 00:47:33,310

understand that it doesn't affect you at

1225

00:47:35,910 --> 00:47:33,550

all

1226

00:47:39,690 --> 00:47:35,920

what other people are doing in the UFO

1227

00:47:40,950 --> 00:47:39,700

community you know to the Stars can you

1228

00:47:43,170 --> 00:47:40,960

know become best friends with

1229

00:47:46,410 --> 00:47:43,180

extraterrestrials and have parties with

1230

00:47:47,400 --> 00:47:46,420

awesome UFO landings and and blink-182 a

1231

00:47:50,100 --> 00:47:47,410

play it'll be awesome

1232

00:47:53,220 --> 00:47:50,110

they could also fold up and be gone

1233

00:47:53,680 --> 00:47:53,230

tomorrow does that affect me no it does

1234

00:47:57,910 --> 00:47:53,690

not

1235

00:48:00,340 --> 00:47:57,920

does it harm UFO research in the sense

1236

00:48:01,510 --> 00:48:00,350

that they're no longer they don't have

1237

00:48:02,710 --> 00:48:01,520

their lab anymore and they're not doing

1238

00:48:05,260 --> 00:48:02,720

testing and doing the things that

1239

00:48:07,420 --> 00:48:05,270

they're doing but personally I'm not

1240

00:48:09,640 --> 00:48:07,430

affected by that it doesn't change the

1241

00:48:13,770 --> 00:48:09,650

research I've done it doesn't change my

1242

00:48:16,780 --> 00:48:13,780

view on UFOs and frankly after the the

1243

00:48:18,550 --> 00:48:16,790

few headlines that come and go it's not

1244

00:48:20,680 --> 00:48:18,560

going to affect mainstream either so

1245

00:48:22,480 --> 00:48:20,690

people really need to understand be

1246

00:48:25,300 --> 00:48:22,490

comfortable in what you want to believe

1247

00:48:27,010 --> 00:48:25,310

in pursue your own research and don't be

1248

00:48:29,290 --> 00:48:27,020

affected by other people I mean you're

1249

00:48:32,530 --> 00:48:29,300

is affected as you choose to to let

1250

00:48:34,780 --> 00:48:32,540

happen right I mean I I don't like MJ or

1251

00:48:36,790 --> 00:48:34,790

Ryan at all like I don't agree with

1252

00:48:39,010 --> 00:48:36,800

anything they say I think they're

1253

00:48:40,600 --> 00:48:39,020

but I still come on the show

1254

00:48:42,280 --> 00:48:40,610

and I you know I pretend to be nice

1255

00:48:43,510 --> 00:48:42,290

because you know what I don't care if

1256

00:48:45,670 --> 00:48:43,520

they're it doesn't affect me

1257

00:48:48,190 --> 00:48:45,680

exactly and you've got a website to plug

1258

00:48:49,780 --> 00:48:48,200

you know just kidding I don't think

1259

00:48:50,200 --> 00:48:49,790

you're all the time not all the

1260

00:48:52,000 --> 00:48:50,210

time

1261

00:48:53,530 --> 00:48:52,010

I do want to add right there Jason

1262

00:48:55,270 --> 00:48:53,540

though to sort of elaborate on what you

1263

00:48:58,000 --> 00:48:55,280

said at the end of the day to the Stars

1264

00:49:05,080 --> 00:48:58,010

doesn't give a about us or the UFL

1265

00:49:08,440 --> 00:49:05,090

community as a whole what I was going to

1266

00:49:09,580 --> 00:49:08,450

say is that like you said Jason they're

1267

00:49:11,170 --> 00:49:09,590

gonna do their work they're gonna

1268

00:49:13,030 --> 00:49:11,180

release the videos that they get

1269

00:49:15,190 --> 00:49:13,040

Declassified or that have been

1270

00:49:16,930 --> 00:49:15,200

declassified they're gonna study their

1271

00:49:18,940 --> 00:49:16,940

materials and I'm gonna go out and

1272

00:49:21,160 --> 00:49:18,950

interview witnesses I'm gonna do my

1273

00:49:22,870 --> 00:49:21,170

thing and at the end of the day like

1274

00:49:26,020 --> 00:49:22,880

we're all just searching for our own

1275

00:49:28,390 --> 00:49:26,030

personal truths within all this they're

1276

00:49:30,550 --> 00:49:28,400

gonna come up with their results whether

1277

00:49:32,650 --> 00:49:30,560

it's meta materials whether it's video

1278

00:49:35,260 --> 00:49:32,660

analysis whether it's this that whatever

1279

00:49:37,510 --> 00:49:35,270

that's fine I'm gonna come up with my

1280

00:49:39,430 --> 00:49:37,520

own conclusions there is no one single

1281

00:49:42,130 --> 00:49:39,440

truth to all this I think that's what a

1282

00:49:44,260 --> 00:49:42,140

lot of the skeptics are debunkers have

1283

00:49:47,050 --> 00:49:44,270

to keep in mind and the believers that

1284

00:49:49,990 --> 00:49:47,060

to the Stars is not out to solve the UFO

1285

00:49:52,750 --> 00:49:50,000

question they specifically state that

1286

00:49:55,030 --> 00:49:52,760

they are trying to figure out what these

1287

00:49:57,790 --> 00:49:55,040

things are and how it can benefit

1288

00:49:59,620 --> 00:49:57,800

humanity so right there yes they have a

1289

00:50:01,510 --> 00:49:59,630

mission in mind are they going to get

1290

00:50:03,970 --> 00:50:01,520

there I sure sell hope so I think it'd

1291

00:50:05,800 --> 00:50:03,980

be pretty awesome but at the end

1292

00:50:07,510 --> 00:50:05,810

of the day like they're not searching

1293

00:50:09,070 --> 00:50:07,520

for that one puzzle

1294

00:50:12,400 --> 00:50:09,080

that's been missing in the UFO field

1295

00:50:14,050 --> 00:50:12,410

because no one's found it in 75 years 80

1296

00:50:16,780 --> 00:50:14,060

years at this point and I don't think

1297

00:50:19,930 --> 00:50:16,790

anyone's ever going to find that and I

1298

00:50:22,360 --> 00:50:19,940

think they know that too but why not if

1299

00:50:24,220 --> 00:50:22,370

you have a passion for this subject why

1300

00:50:26,500 --> 00:50:24,230

not if you have the resources and you

1301

00:50:28,960 --> 00:50:26,510

can get these intelligence people

1302

00:50:31,000 --> 00:50:28,970

involved why not give it a try yeah I

1303

00:50:32,920 --> 00:50:31,010

think it's awesome and I encourage

1304

00:50:35,680 --> 00:50:32,930

people to do that I think what they are

1305

00:50:37,330 --> 00:50:35,690

doing is awesome I hope they continue to

1306

00:50:39,340 --> 00:50:37,340

do it I hope they have incredible

1307

00:50:41,020 --> 00:50:39,350

success but I also want to say yeah

1308

00:50:43,120 --> 00:50:41,030

you're you're exactly right you don't

1309

00:50:46,030 --> 00:50:43,130

give a what you think and they

1310

00:50:48,370 --> 00:50:46,040

don't need you or me defending them and

1311

00:50:50,350 --> 00:50:48,380

when I say my comments about to the

1312

00:50:53,170 --> 00:50:50,360

stars I'm not doing it to defend them

1313

00:50:55,270 --> 00:50:53,180

I'm just trying to encourage people to

1314

00:50:56,440 --> 00:50:55,280

have have a better thought process

1315

00:51:00,100 --> 00:50:56,450

that'll help them sleep better at night

1316

00:51:02,350 --> 00:51:00,110

but i i'm i'm a fan of to the stars at

1317

00:51:05,470 --> 00:51:02,360

this point you know i am curious a

1318

00:51:07,840 --> 00:51:05,480

curious onlooker and i'm happy to see

1319

00:51:09,790 --> 00:51:07,850

things happening that again don't

1320

00:51:12,760 --> 00:51:09,800

personally affect me i don't have to do

1321

00:51:15,490 --> 00:51:12,770

anything but i can periodically check in

1322

00:51:16,660 --> 00:51:15,500

and see that they're doing some stuff

1323

00:51:18,820 --> 00:51:16,670

that could potentially be really cool

1324

00:51:20,170 --> 00:51:18,830

it's an interesting way to look at it i

1325

00:51:22,540 --> 00:51:20,180

mean you know again from my perspective

1326

00:51:25,420 --> 00:51:22,550

like i said i studied the culture in the

1327

00:51:27,610 --> 00:51:25,430

community so my research and my work is

1328

00:51:31,150 --> 00:51:27,620

very much sort of influenced by to the

1329

00:51:33,610 --> 00:51:31,160

stars only sort of insofar as we are

1330

00:51:35,260 --> 00:51:33,620

literally allocating like an hour or

1331

00:51:39,070 --> 00:51:35,270

whatever of our time to talking about

1332

00:51:40,840 --> 00:51:39,080

them and they take up a lot of room in

1333

00:51:43,780 --> 00:51:40,850

the UFO world i have to be honest like

1334

00:51:46,690 --> 00:51:43,790

when you when you go into discussions

1335

00:51:49,120 --> 00:51:46,700

and when you go into social media and

1336

00:51:52,390 --> 00:51:49,130

when you go into sort of the various

1337

00:51:54,580 --> 00:51:52,400

pockets of UFO discourse to the stars

1338

00:51:56,740 --> 00:51:54,590

take a book takes up a lot of oxygen and

1339

00:51:58,990 --> 00:51:56,750

and I sort of said this a year ago

1340

00:52:01,330 --> 00:51:59,000

literally sitting in the same room in my

1341

00:52:03,310 --> 00:52:01,340

home looking at the same laptop at this

1342

00:52:05,830 --> 00:52:03,320

picture of Jason which hasn't changed in

1343

00:52:06,900 --> 00:52:05,840

a year and it's my Skype account thanks

1344

00:52:11,050 --> 00:52:06,910

for pointing that out

1345

00:52:12,610 --> 00:52:11,060

update man come on my point is I I said

1346

00:52:13,870 --> 00:52:12,620

one year ago and I wrote an article

1347

00:52:15,760 --> 00:52:13,880

because I mysterious universe you can

1348

00:52:19,780 --> 00:52:15,770

really fact check this if you want my

1349

00:52:21,070 --> 00:52:19,790

biggest concern was that t TSA would

1350

00:52:23,260 --> 00:52:21,080

would drown

1351
00:52:25,180 --> 00:52:23,270
out other voices within the community

1352
00:52:27,510 --> 00:52:25,190
that was my biggest concern right it

1353
00:52:30,100 --> 00:52:27,520
would become such over that yeah big

1354
00:52:32,080 --> 00:52:30,110
cultural phenomena within the community

1355
00:52:34,300 --> 00:52:32,090
right within the UFO community a big

1356
00:52:37,060 --> 00:52:34,310
cultural phenomena that we would

1357
00:52:39,460 --> 00:52:37,070
allocate significant time to literally

1358
00:52:41,710 --> 00:52:39,470
arguing about it and talking about it

1359
00:52:45,280 --> 00:52:41,720
and dissecting it and and what gets lost

1360
00:52:48,670 --> 00:52:45,290
is is airtime and what gets lost is

1361
00:52:51,220 --> 00:52:48,680
discourse surrounding other voices

1362
00:52:54,100 --> 00:52:51,230
within the community um I'm I'm not

1363
00:52:55,300 --> 00:52:54,110

gonna qualify sort of different voices

1364

00:52:57,520 --> 00:52:55,310

in the UFO community I'm not gonna say

1365

00:52:59,080 --> 00:52:57,530

one individual or one researcher is

1366

00:53:01,480 --> 00:52:59,090

better than another unless they're

1367

00:53:03,610 --> 00:53:01,490

frauds that's another discussion but I'm

1368

00:53:07,180 --> 00:53:03,620

not gonna sort of qualify who's better

1369

00:53:08,860 --> 00:53:07,190

and who's not again ufology and UFO

1370

00:53:11,260 --> 00:53:08,870

discourses this isn't anarchy

1371

00:53:14,020 --> 00:53:11,270

so I can't necessarily qualify but what

1372

00:53:17,080 --> 00:53:14,030

occurs is Tom DeLonge and tea tsa is

1373

00:53:19,210 --> 00:53:17,090

taking up like I said a lot of media

1374

00:53:22,630 --> 00:53:19,220

attention and a lot of airtime where the

1375

00:53:25,330 --> 00:53:22,640

smaller voices become lost within the

1376
00:53:27,160 --> 00:53:25,340
shouting and and I was concerned with

1377
00:53:29,710 --> 00:53:27,170
this a year ago I'm still concerned with

1378
00:53:31,090 --> 00:53:29,720
it today I think to the Stars is great

1379
00:53:34,720 --> 00:53:31,100
I think the work they're doing is great

1380
00:53:36,420 --> 00:53:34,730
I have I I have only high hopes but I

1381
00:53:40,630 --> 00:53:36,430
think we need to be cautious and

1382
00:53:44,800 --> 00:53:40,640
critical when when to the stars becomes

1383
00:53:47,260 --> 00:53:44,810
very loud and we start to see other

1384
00:53:49,420 --> 00:53:47,270
individuals sort of retreat into into

1385
00:53:51,460 --> 00:53:49,430
the background in the darkness because

1386
00:53:54,580 --> 00:53:51,470
they can't they can't compete let's say

1387
00:53:55,930 --> 00:53:54,590
with to the stars is spotlight I'll say

1388
00:53:57,550 --> 00:53:55,940

with what I've seen and there the

1389

00:53:59,500 --> 00:53:57,560

production value of what they're putting

1390

00:54:01,960 --> 00:53:59,510

out if they put some Angels and Airwaves

1391

00:54:05,890 --> 00:54:01,970

music behind that I'll crank it and let

1392

00:54:06,820 --> 00:54:05,900

them get as loud as they want and direct

1393

00:54:11,920 --> 00:54:06,830

to our lives

1394

00:54:14,410 --> 00:54:11,930

nobody likes punk music anymore the one

1395

00:54:17,320 --> 00:54:14,420

thing I'll say guys in terms of that is

1396

00:54:19,920 --> 00:54:17,330

if you are one of these people who are

1397

00:54:23,740 --> 00:54:19,930

out there calling people idiots and

1398

00:54:26,590 --> 00:54:23,750

stupid for following tts a or rooting

1399

00:54:28,300 --> 00:54:26,600

them on all I have to say is what the

1400

00:54:30,850 --> 00:54:28,310

hell are you doing what are you

1401

00:54:32,650 --> 00:54:30,860

contributing to the field that that's

1402

00:54:34,660 --> 00:54:32,660

I'm putting that challenge out there if

1403

00:54:36,910 --> 00:54:34,670

you're so against this

1404

00:54:39,730 --> 00:54:36,920

so vehement Lee against what these

1405

00:54:43,030 --> 00:54:39,740

people are doing trying god forbid

1406

00:54:45,070 --> 00:54:43,040

someone try to find new things to study

1407

00:54:46,690 --> 00:54:45,080

in the UFO field what what are you doing

1408

00:54:49,030 --> 00:54:46,700

so I'm putting that challenge out to

1409

00:54:51,700 --> 00:54:49,040

those people right now and you know here

1410

00:54:54,010 --> 00:54:51,710

so much why do people have other

1411

00:54:56,590 --> 00:54:54,020

feelings than you do I don't care I feel

1412

00:54:58,600 --> 00:54:56,600

like I love T TSA I will say that right

1413

00:55:00,520 --> 00:54:58,610

now I have their sticker I have their

1414

00:55:02,920 --> 00:55:00,530

head I have their t-shirt and I get flak

1415

00:55:04,720 --> 00:55:02,930

for that I went to the headquarters a

1416

00:55:07,720 --> 00:55:04,730

couple months ago because I'm a

1417

00:55:11,140 --> 00:55:07,730

fanboy I love this stuff anything with

1418

00:55:13,480 --> 00:55:11,150

UFOs I'm there again like MJ said except

1419

00:55:17,110 --> 00:55:13,490

for the frauds and I don't think that's

1420

00:55:18,940 --> 00:55:17,120

what T TSA is doing so yeah again what

1421

00:55:22,210 --> 00:55:18,950

are you contributing to the field that

1422

00:55:24,460 --> 00:55:22,220

gives you the right to be so anti T TSA

1423

00:55:26,980 --> 00:55:24,470

or put those down who actually think

1424

00:55:29,320 --> 00:55:26,990

this is a good idea yeah I agree I mean

1425

00:55:31,720 --> 00:55:29,330

I have to be honest I have been critical

1426
00:55:33,220 --> 00:55:31,730
of T TSA however everything I personally

1427
00:55:36,160 --> 00:55:33,230
have been critical against you know I

1428
00:55:39,750 --> 00:55:36,170
have evidence to suggest that you know

1429
00:55:43,540 --> 00:55:39,760
one ought to be critical accidentally or

1430
00:55:46,450 --> 00:55:43,550
whether you were hacked or whatever the

1431
00:55:50,290 --> 00:55:46,460
fact of the matter is that a document

1432
00:55:52,570 --> 00:55:50,300
sort of being leaked that's a big ball

1433
00:55:54,880 --> 00:55:52,580
to drop and ultimately I think an

1434
00:55:56,650 --> 00:55:54,890
organization that that is that takes the

1435
00:55:58,480 --> 00:55:56,660
sin that takes that data in confidence

1436
00:56:00,880 --> 00:55:58,490
ought to be held to account when it

1437
00:56:03,190 --> 00:56:00,890
can't keep it in confidence so I don't

1438
00:56:05,230 --> 00:56:03,200

apologize what I'm critical and address

1439

00:56:07,900 --> 00:56:05,240

I'm a relatively critical voice of T TSA

1440

00:56:10,210 --> 00:56:07,910

I believe in its mission I and I believe

1441

00:56:12,670 --> 00:56:10,220

in I guess the ideals of it or the idea

1442

00:56:14,560 --> 00:56:12,680

of it but I'm also you know a journalist

1443

00:56:17,170 --> 00:56:14,570

I'm also a writer and and again I also

1444

00:56:19,510 --> 00:56:17,180

study the culture so when you screw up

1445

00:56:21,400 --> 00:56:19,520

and I'm paying attention I'm gonna write

1446

00:56:24,250 --> 00:56:21,410

an article about it because like I said

1447

00:56:27,550 --> 00:56:24,260

you need to be held to a standard and

1448

00:56:28,960 --> 00:56:27,560

and I think that what happens on social

1449

00:56:30,970 --> 00:56:28,970

media and I think that you know what

1450

00:56:35,620 --> 00:56:30,980

you're addressing Ryan is when people

1451
00:56:37,570 --> 00:56:35,630
come in without any evidence or citation

1452
00:56:41,110 --> 00:56:37,580
or sort of they don't come in with a

1453
00:56:43,600 --> 00:56:41,120
full picture before they they they

1454
00:56:46,330 --> 00:56:43,610
address the situation right you know

1455
00:56:48,490 --> 00:56:46,340
Jason you know you're a journalist you

1456
00:56:50,530 --> 00:56:48,500
know you gotta check your sources two or

1457
00:56:52,450 --> 00:56:50,540
three times right and you got to confirm

1458
00:56:54,700 --> 00:56:52,460
that everything that was stated to you

1459
00:56:56,980 --> 00:56:54,710
was on record or off record and you got

1460
00:56:57,610 --> 00:56:56,990
to confirm what you can say publicly as

1461
00:56:59,680 --> 00:56:57,620
a journalist

1462
00:57:00,610 --> 00:56:59,690
otherwise it's libel or you can be sued

1463
00:57:03,280 --> 00:57:00,620

yeah

1464

00:57:04,660 --> 00:57:03,290

and ultimately you know a lot of

1465

00:57:06,340 --> 00:57:04,670

individuals I don't think don't follow

1466

00:57:08,260 --> 00:57:06,350

that process I think they just kind of

1467

00:57:10,780 --> 00:57:08,270

go in half-cocked they say whatever they

1468

00:57:12,520 --> 00:57:10,790

want and they become insulting because

1469

00:57:14,740 --> 00:57:12,530

ultimately when someone challenges them

1470

00:57:15,700 --> 00:57:14,750

on their own the criticism they have

1471

00:57:17,770 --> 00:57:15,710

nothing to back it up

1472

00:57:19,720 --> 00:57:17,780

therefore they just resort to sort of ad

1473

00:57:21,400 --> 00:57:19,730

hominem attacks right you attack the

1474

00:57:22,900 --> 00:57:21,410

person not the the argument he attack

1475

00:57:24,790 --> 00:57:22,910

the person not that in evidence or the

1476
00:57:26,410 --> 00:57:24,800
data so so I have no problem with people

1477
00:57:27,850 --> 00:57:26,420
being critical of TT I say I think

1478
00:57:29,620 --> 00:57:27,860
that's that's that's important I think

1479
00:57:32,020 --> 00:57:29,630
we ought to be critical but we got to be

1480
00:57:34,360 --> 00:57:32,030
critical when we have the evidence to be

1481
00:57:36,250 --> 00:57:34,370
critical with there's nothing worse than

1482
00:57:37,810 --> 00:57:36,260
someone who's skeptical or a deep bunker

1483
00:57:40,120 --> 00:57:37,820
but has nothing to back up their

1484
00:57:42,100 --> 00:57:40,130
skepticism or their debunking this

1485
00:57:44,380 --> 00:57:42,110
because then they're no different than

1486
00:57:46,840 --> 00:57:44,390
the zealot and the believer who just

1487
00:57:48,850 --> 00:57:46,850
like would light those cells on fire for

1488
00:57:50,200 --> 00:57:48,860

the cause and and we need to kind of

1489

00:57:51,880 --> 00:57:50,210

walk this middle ground I think a little

1490

00:57:53,820 --> 00:57:51,890

bit anything else the UFO community has

1491

00:57:57,730 --> 00:57:53,830

a tough time doing that

1492

00:57:59,020 --> 00:57:57,740

always have oh I'm sort of the last

1493

00:58:02,620 --> 00:57:59,030

thing I want to cover with you guys here

1494

00:58:05,800 --> 00:58:02,630

is this idea of the whole et aspect to

1495

00:58:09,460 --> 00:58:05,810

TTS a now we have a lot of people on

1496

00:58:12,850 --> 00:58:09,470

both ends who who wonder why they never

1497

00:58:14,770 --> 00:58:12,860

bring up et they never bring up alien

1498

00:58:15,430 --> 00:58:14,780

has never once been really said by

1499

00:58:19,600 --> 00:58:15,440

anyone

1500

00:58:22,720 --> 00:58:19,610

what CTSA it's always others or you know

1501

00:58:25,030 --> 00:58:22,730

not from here so I'd love to get your

1502

00:58:27,820 --> 00:58:25,040

guys thoughts on is this just a very

1503

00:58:30,300 --> 00:58:27,830

careful move by them to not get lumped

1504

00:58:32,740 --> 00:58:30,310

into the the whole extra-terrestrial

1505

00:58:35,140 --> 00:58:32,750

hypothesis or what what do you think

1506

00:58:38,410 --> 00:58:35,150

what why have they not come out and said

1507

00:58:40,270 --> 00:58:38,420

we're looking at alien material this or

1508

00:58:42,820 --> 00:58:40,280

that what your thoughts on that well I

1509

00:58:46,030 --> 00:58:42,830

think most of well everything we've

1510

00:58:48,430 --> 00:58:46,040

heard related to that camp associated

1511

00:58:50,560 --> 00:58:48,440

with with extraterrestrials has been

1512

00:58:52,840 --> 00:58:50,570

Tom's personal opinion you know it has

1513

00:58:55,030 --> 00:58:52,850

nothing to do with with TCF TTS a or the

1514

00:58:57,790 --> 00:58:55,040

mission of TTS a people seeing the atom

1515

00:59:00,670 --> 00:58:57,800

project now you know the the people who

1516

00:59:02,289 --> 00:59:00,680

were super excited and thought that what

1517

00:59:03,789 --> 00:59:02,299

the company was alluding to is that the

1518

00:59:06,849 --> 00:59:03,799

they were in possession of an alien

1519

00:59:08,289 --> 00:59:06,859

spacecraft now certainly understand that

1520

00:59:10,089 --> 00:59:08,299

that's not the case because why would

1521

00:59:11,739 --> 00:59:10,099

they waste their time testing pieces of

1522

00:59:13,299 --> 00:59:11,749

metal if they had an alien spacecraft

1523

00:59:15,370 --> 00:59:13,309

right and they've been clear with that

1524

00:59:17,709 --> 00:59:15,380

from the beginning saying that you know

1525

00:59:19,329 --> 00:59:17,719

the work they're doing on whatever you

1526

00:59:22,329 --> 00:59:19,339

know spaceship they want to build is

1527

00:59:25,089 --> 00:59:22,339

based on observations of UFOs right

1528

00:59:27,370 --> 00:59:25,099

seeing the things that that things in

1529

00:59:29,859 --> 00:59:27,380

the sky have done the performance other

1530

00:59:32,529 --> 00:59:29,869

things that we've seen demonstrated by

1531

00:59:34,449 --> 00:59:32,539

objects in the sky and trying to

1532

00:59:37,419 --> 00:59:34,459

replicate that right we've all seen UFOs

1533

00:59:39,519 --> 00:59:37,429

but it doesn't mean that we have some

1534

00:59:41,199 --> 00:59:39,529

superior knowledge to be able to create

1535

00:59:43,679 --> 00:59:41,209

a spaceship that's what they're working

1536

00:59:46,809 --> 00:59:43,689

with they're working on observation

1537

00:59:49,029 --> 00:59:46,819

observable behavior demonstrated by

1538

00:59:52,079 --> 00:59:49,039

mysterious craft in the sky so the

1539

00:59:55,169 --> 00:59:52,089

companies never been really about

1540

00:59:59,349 --> 00:59:55,179

extraterrestrials when it comes to the

1541

01:00:02,499 --> 00:59:59,359

mysterious craft in the sky it's unknown

1542

01:00:05,049 --> 01:00:02,509

craft diamond that seemingly aren't ours

1543

01:00:07,120 --> 01:00:05,059

right so they're displaying some sort of

1544

01:00:09,929 --> 01:00:07,130

fantastic technology that we don't have

1545

01:00:13,179 --> 01:00:09,939

so potentially extraterrestrial but

1546

01:00:15,880 --> 01:00:13,189

that's really where they leave it I mean

1547

01:00:17,109 --> 01:00:15,890

you need to think who's really served

1548

01:00:18,449 --> 01:00:17,119

these cause I guess they call them

1549

01:00:21,339 --> 01:00:18,459

contractors or I can teach it

1550

01:00:24,130 --> 01:00:21,349

individuals who sort of for him really

1551

01:00:25,749 --> 01:00:24,140

sort of the spine of what Tom DeLonge is

1552

01:00:28,150 --> 01:00:25,759

trying to achieve here right I think

1553

01:00:29,709 --> 01:00:28,160

he's sort of the head and then sort of

1554

01:00:32,289 --> 01:00:29,719

the spinal column is all of these

1555

01:00:35,739 --> 01:00:32,299

individuals right how put off Gary Nolan

1556

01:00:37,809 --> 01:00:35,749

Chris Malin some event whatever you have

1557

01:00:40,029 --> 01:00:37,819

all these individuals these guys have

1558

01:00:41,859 --> 01:00:40,039

been and there's a few girls have been

1559

01:00:43,779 --> 01:00:41,869

in this game a long time like they have

1560

01:00:44,859 --> 01:00:43,789

been in the you fall the UFO game quite

1561

01:00:47,229 --> 01:00:44,869

a while

1562

01:00:49,419 --> 01:00:47,239

and it sort of reminds me of like valets

1563

01:00:51,519 --> 01:00:49,429

invisible College right when he first

1564

01:00:53,919 --> 01:00:51,529

sort of stipulated you know in ufology

1565

01:00:55,390 --> 01:00:53,929

there is this sort of in all fields of

1566

01:00:56,890 --> 01:00:55,400

study there's invisible colleges but

1567

01:00:58,179 --> 01:00:56,900

within euphology there's sort of this

1568

01:01:00,089 --> 01:00:58,189

invisible college and he was obviously

1569

01:01:03,189 --> 01:01:00,099

worked with Hynek and all these other

1570

01:01:04,779 --> 01:01:03,199

men back then this is really the

1571

01:01:07,209 --> 01:01:04,789

invisible college that we're dealing

1572

01:01:09,400 --> 01:01:07,219

with here these guys and gals have been

1573

01:01:12,489 --> 01:01:09,410

doing it for a long time and and when it

1574

01:01:14,439 --> 01:01:12,499

comes to their personal beliefs right

1575

01:01:15,940 --> 01:01:14,449

their personal philosophies as to what

1576

01:01:19,089 --> 01:01:15,950

the source of the Phenom

1577

01:01:21,250 --> 01:01:19,099

is it's gonna be so varied and it's

1578

01:01:23,079 --> 01:01:21,260

gonna be so dynamic because again

1579

01:01:25,270 --> 01:01:23,089

they've been working at this some of

1580

01:01:27,819 --> 01:01:25,280

them for 30 or 40 years and know that

1581

01:01:29,050 --> 01:01:27,829

they've been relatively big players like

1582

01:01:31,660 --> 01:01:29,060

I mean right

1583

01:01:34,720 --> 01:01:31,670

you know how put off has has really done

1584

01:01:36,780 --> 01:01:34,730

a lot of stuff in the UFO community like

1585

01:01:38,859 --> 01:01:36,790

sort of discursive ly and and and

1586

01:01:41,770 --> 01:01:38,869

they've done a lot of research and work

1587

01:01:43,390 --> 01:01:41,780

how put off I'm a physicist I'm also

1588

01:01:46,050 --> 01:01:43,400

director of the Institute for Advanced

1589

01:01:48,609 --> 01:01:46,060

Studies at Austin and basically we do

1590

01:01:49,720 --> 01:01:48,619

forefront research on energy and

1591

01:01:51,910 --> 01:01:49,730

propulsion for Space Flight

1592

01:01:53,620 --> 01:01:51,920

well there's a physicist I've always in

1593

01:01:56,170 --> 01:01:53,630

fact starting as a kid I've always been

1594

01:01:59,440 --> 01:01:56,180

interested in the actual forefront of

1595

01:02:02,650 --> 01:01:59,450

physics and so I've been always involved

1596

01:02:05,530 --> 01:02:02,660

in looking at ideas that were you know

1597

01:02:09,310 --> 01:02:05,540

right at the edge and along the way I

1598

01:02:13,060 --> 01:02:09,320

ended up getting interested in space

1599

01:02:17,079 --> 01:02:13,070

flight followed the space program in

1600

01:02:19,450 --> 01:02:17,089

great detail my ex CIA contract monitor

1601
01:02:22,000 --> 01:02:19,460
kit green told me about Tom and what he

1602
01:02:23,980 --> 01:02:22,010
was doing and said he thought I should

1603
01:02:26,859 --> 01:02:23,990
meet him because Tom was really

1604
01:02:30,160 --> 01:02:26,869
exploring new areas right at the edge of

1605
01:02:33,670 --> 01:02:30,170
research and that since that was my

1606
01:02:36,400 --> 01:02:33,680
interest level it would make a good

1607
01:02:39,849 --> 01:02:36,410
combination and you know I'm not I think

1608
01:02:42,069 --> 01:02:39,859
I think the the the sign that to me sort

1609
01:02:45,190 --> 01:02:42,079
of when I first I guess began talking to

1610
01:02:46,720 --> 01:02:45,200
put off was that he sort of came on said

1611
01:02:48,730 --> 01:02:46,730
listen I have no idea what's going on in

1612
01:02:49,660 --> 01:02:48,740
regards to the phenomena but that's the

1613
01:02:52,839 --> 01:02:49,670

point right

1614

01:02:55,290 --> 01:02:52,849

is to to try and figure it out and I

1615

01:02:57,190 --> 01:02:55,300

don't think you know he has any any

1616

01:03:00,010 --> 01:02:57,200

notion that he's gonna figure it out

1617

01:03:01,900 --> 01:03:00,020

anytime soon you know I think he is and

1618

01:03:03,460 --> 01:03:01,910

and and he's convinced and he's already

1619

01:03:05,079 --> 01:03:03,470

convinced you know I'm gonna go to my

1620

01:03:06,370 --> 01:03:05,089

grave not knowing and we're all gonna go

1621

01:03:07,359 --> 01:03:06,380

to our graves not linking our children

1622

01:03:08,800 --> 01:03:07,369

and their children the children after

1623

01:03:10,210 --> 01:03:08,810

that right I think at the end of the day

1624

01:03:12,520 --> 01:03:10,220

we're never gonna sort of piece this

1625

01:03:14,920 --> 01:03:12,530

puzzle together but sort of with every

1626
01:03:19,000 --> 01:03:14,930
piece we do find interesting interesting

1627
01:03:20,160 --> 01:03:19,010
things tend to happen so you know in

1628
01:03:22,420 --> 01:03:20,170
regards to the extra-terrestrial

1629
01:03:23,559 --> 01:03:22,430
hypothesis and the nuts and bolts UFO

1630
01:03:26,770 --> 01:03:23,569
and all that stuff I think that's

1631
01:03:28,900 --> 01:03:26,780
starting to slowly sort of go the way of

1632
01:03:30,460 --> 01:03:28,910
the dinosaur within sort of the UFO

1633
01:03:34,180 --> 01:03:30,470
community

1634
01:03:35,529 --> 01:03:34,190
think I think what's starting to occur

1635
01:03:36,960 --> 01:03:35,539
is we're starting to realize that it's

1636
01:03:39,130 --> 01:03:36,970
not necessarily aliens from outer space

1637
01:03:40,720 --> 01:03:39,140
but again I think it's cultural as well

1638
01:03:41,890 --> 01:03:40,730

I think you know we're starting to

1639

01:03:44,920 --> 01:03:41,900

realize that maybe some of the stuff we

1640

01:03:46,420 --> 01:03:44,930

believed in the 90s and in the 80s we

1641

01:03:47,500 --> 01:03:46,430

now sort of technologic we have

1642

01:03:49,120 --> 01:03:47,510

developed we've developed more

1643

01:03:51,000 --> 01:03:49,130

scientifically we know a lot more about

1644

01:03:53,980 --> 01:03:51,010

the universe than we did 30 years ago

1645

01:03:55,359 --> 01:03:53,990

you know maybe it's not aliens from

1646

01:03:57,190 --> 01:03:55,369

other planet even though they could

1647

01:03:59,440 --> 01:03:57,200

exist it could be something much more

1648

01:04:02,950 --> 01:03:59,450

complicated and much more interesting

1649

01:04:04,599 --> 01:04:02,960

and as valet has stated as well so I

1650

01:04:07,000 --> 01:04:04,609

think the UFO community is becoming much

1651

01:04:09,039 --> 01:04:07,010

more relay and in its interpretation of

1652

01:04:11,140 --> 01:04:09,049

the phenomena maybe I'm wrong but that's

1653

01:04:13,359 --> 01:04:11,150

my interpretation anyway well you did

1654

01:04:15,730 --> 01:04:13,369

mention the word or the name I should

1655

01:04:18,130 --> 01:04:15,740

say I'm Jaya valet I do have to ask you

1656

01:04:20,349 --> 01:04:18,140

guys we've recently heard news that he

1657

01:04:22,779 --> 01:04:20,359

might be sort of stepping down in his

1658

01:04:25,180 --> 01:04:22,789

endeavors of continuing to study the UFO

1659

01:04:25,750 --> 01:04:25,190

field in that whatever he had in his

1660

01:04:28,599 --> 01:04:25,760

possession

1661

01:04:31,569 --> 01:04:28,609

may it be materials or whatnot are being

1662

01:04:33,819 --> 01:04:31,579

given to institutions do we think

1663

01:04:36,519 --> 01:04:33,829

perhaps maybe this is one of those

1664

01:04:38,230 --> 01:04:36,529

institutions you know maybe I mean III

1665

01:04:41,380 --> 01:04:38,240

know he's friends with a lot of the

1666

01:04:43,630 --> 01:04:41,390

people in t TSA so a lot of these

1667

01:04:45,309 --> 01:04:43,640

contractors rather not in like again T

1668

01:04:50,500 --> 01:04:45,319

TSA is really like Tom DeLonge and his

1669

01:04:51,970 --> 01:04:50,510

sister yeah really look at like a

1670

01:04:53,799 --> 01:04:51,980

company structure there's like three

1671

01:04:56,319 --> 01:04:53,809

people who work at t TSA and are paid

1672

01:04:57,789 --> 01:04:56,329

maybe more but really it's very few the

1673

01:05:01,240 --> 01:04:57,799

rest of them are sort of just this

1674

01:05:03,160 --> 01:05:01,250

invisible college that sort of hovers

1675

01:05:05,680 --> 01:05:03,170

around it right and I will say I mean

1676

01:05:09,339 --> 01:05:05,690

the entire to the stars operation is

1677

01:05:10,900 --> 01:05:09,349

incredibly small so me it makes the fact

1678

01:05:13,690 --> 01:05:10,910

that they're doing all of these things

1679

01:05:16,450 --> 01:05:13,700

all the more incredible so I give them

1680

01:05:18,220 --> 01:05:16,460

mad props well they're all doing it pro

1681

01:05:20,549 --> 01:05:18,230

bono right like that's the the the big

1682

01:05:22,900 --> 01:05:20,559

thing here right like no one is paid

1683

01:05:25,180 --> 01:05:22,910

except for the secretary at the office I

1684

01:05:26,829 --> 01:05:25,190

think and and which is and like the

1685

01:05:28,390 --> 01:05:26,839

media person who I think is Tom DeLonge

1686

01:05:29,410 --> 01:05:28,400

sister so again at the end of the day

1687

01:05:31,029 --> 01:05:29,420

you know you have very few people

1688

01:05:32,349 --> 01:05:31,039

collecting a salary so I think it's

1689

01:05:34,180 --> 01:05:32,359

interesting I think it's a it's a very

1690

01:05:36,099 --> 01:05:34,190

you know it's funny we we don't

1691

01:05:38,440 --> 01:05:36,109

naturally culturally view tea tsa is a

1692

01:05:40,900 --> 01:05:38,450

grassroots operation but it really kind

1693

01:05:43,240 --> 01:05:40,910

of is in a way right like it is sort of

1694

01:05:45,640 --> 01:05:43,250

grassroots it's tiny sure it's

1695

01:05:49,030 --> 01:05:45,650

funded by Tom DeLonge which is not time

1696

01:05:51,400 --> 01:05:49,040

right and it you see the the incredible

1697

01:05:53,980 --> 01:05:51,410

you know names associated with it the

1698

01:05:55,630 --> 01:05:53,990

high-caliber people and that's why we're

1699

01:05:59,170 --> 01:05:55,640

quick to to put them up on this pedestal

1700

01:06:02,520 --> 01:05:59,180

as this giant monster corporation but

1701

01:06:04,570 --> 01:06:02,530

it's just a very small outfit yeah

1702

01:06:06,790 --> 01:06:04,580

everyone runs it has her own life I mean

1703

01:06:10,090 --> 01:06:06,800

like you know they help put off runs a

1704

01:06:12,190 --> 01:06:10,100

company he has grandkids and he has a

1705

01:06:13,930 --> 01:06:12,200

family and you know like it's not like

1706

01:06:17,170 --> 01:06:13,940

he dedicates his entire life to UFOs you

1707

01:06:19,360 --> 01:06:17,180

know Gary Nolan is a Stanford University

1708

01:06:21,340 --> 01:06:19,370

professor and researcher I mean UFOs are

1709

01:06:22,420 --> 01:06:21,350

just something he's interested in and I

1710

01:06:24,190 --> 01:06:22,430

think that that's one thing we need to

1711

01:06:25,990 --> 01:06:24,200

sort of appreciate here is this TTS a

1712

01:06:28,150 --> 01:06:26,000

has really made up of individuals who

1713

01:06:29,590 --> 01:06:28,160

are saluted in the phenomenon just like

1714

01:06:30,670 --> 01:06:29,600

you and I are interested but we still

1715

01:06:32,170 --> 01:06:30,680

got to go to work every day like we

1716

01:06:33,910 --> 01:06:32,180

still got our empty check and we still

1717

01:06:36,850 --> 01:06:33,920

got to pay the mortgage and and you know

1718

01:06:39,730 --> 01:06:36,860

pay for kids dance class lessons because

1719

01:06:42,970 --> 01:06:39,740

you know the UFOs you know don't pay fo

1720

01:06:44,890 --> 01:06:42,980

and and that's kind of the reality

1721

01:06:46,630 --> 01:06:44,900

of the situation yeah grass you question

1722

01:06:49,320 --> 01:06:46,640

do you question about ballet you know

1723

01:06:54,220 --> 01:06:49,330

it's sort of like Stan Friedman retiring

1724

01:06:56,140 --> 01:06:54,230

except la vallee exactly and I mean well

1725

01:06:58,750 --> 01:06:56,150

it wasn't just a UFO guy you know that

1726

01:07:01,060 --> 01:06:58,760

wasn't his full-time job so him stepping

1727

01:07:03,220 --> 01:07:01,070

away does that really mean anything no

1728

01:07:04,270 --> 01:07:03,230

not really I think you sort of I think

1729

01:07:05,740 --> 01:07:04,280

there's there's been rumors I don't know

1730

01:07:07,270 --> 01:07:05,750

if this is sure not I've heard rumors

1731

01:07:09,100 --> 01:07:07,280

that he sort of come out and said listen

1732

01:07:11,260 --> 01:07:09,110

no no no I'm not sort of leaving UFOs

1733

01:07:13,780 --> 01:07:11,270

behind totally I'm just stepping away

1734

01:07:15,280 --> 01:07:13,790

from the sort of broader UFO community

1735

01:07:18,070 --> 01:07:15,290

like I think he's no longer gonna do

1736

01:07:20,920 --> 01:07:18,080

lectures right haven't we all said that

1737

01:07:22,690 --> 01:07:20,930

at one point or another I mean George

1738

01:07:24,790 --> 01:07:22,700

Knapp said that many times you know he

1739

01:07:26,470 --> 01:07:24,800

doesn't do UFO conferences he makes fun

1740

01:07:28,060 --> 01:07:26,480

of the UFO crowd all the time because he

1741

01:07:30,970 --> 01:07:28,070

he decided he couldn't stand him a long

1742

01:07:33,820 --> 01:07:30,980

time ago I mean I can't imagine I think

1743

01:07:37,990 --> 01:07:33,830

was last year Valley spoke at contact in

1744

01:07:40,030 --> 01:07:38,000

the desert right yeah yes yeah I can't

1745

01:07:42,910 --> 01:07:40,040

imagine the people who just sort of like

1746

01:07:44,230 --> 01:07:42,920

who walked up to him and said hey I have

1747

01:07:46,450 --> 01:07:44,240

a story like you know I mean you can

1748

01:07:48,490 --> 01:07:46,460

imagine like your jock ballet and these

1749

01:07:50,410 --> 01:07:48,500

people approached you and like man do I

1750

01:07:50,830 --> 01:07:50,420

have a story that's gonna change your

1751

01:07:54,470 --> 01:07:50,840

life

1752

01:07:56,870 --> 01:07:54,480

I can I can visualize I

1753

01:07:58,460 --> 01:07:56,880

roll sure there were so many eye rolls

1754

01:08:00,920 --> 01:07:58,470

that happened there and I'm sure it was

1755

01:08:03,080 --> 01:08:00,930

very polite right you know I know of

1756

01:08:05,990 --> 01:08:03,090

course but he's also French right so

1757

01:08:08,570 --> 01:08:06,000

right I'm very very smoking a cigarette

1758

01:08:09,860 --> 01:08:08,580

you know yes you're like okay off

1759

01:08:12,830 --> 01:08:09,870

you know like I've heard this before

1760

01:08:14,450 --> 01:08:12,840

like I can picture that as well so yeah

1761

01:08:16,310 --> 01:08:14,460

I mean I can imagine going to contact in

1762

01:08:19,250 --> 01:08:16,320

the desert and and all of these people

1763

01:08:21,800 --> 01:08:19,260

were barding you with the same stuff

1764

01:08:23,960 --> 01:08:21,810

you've been listening to for 30 years

1765

01:08:27,170 --> 01:08:23,970

and some of it is redundant or

1766

01:08:29,120 --> 01:08:27,180

ridiculous and it becomes not annoying

1767

01:08:31,460 --> 01:08:29,130

but it just you're just kind of like

1768

01:08:33,590 --> 01:08:31,470

okay I clearly need to move on and I

1769

01:08:36,170 --> 01:08:33,600

want to pursue this but you know

1770

01:08:37,970 --> 01:08:36,180

privately or quietly in my own way it's

1771

01:08:39,470 --> 01:08:37,980

exhausting yeah and I mean we haven't

1772

01:08:42,200 --> 01:08:39,480

been in the field as long as valet but

1773

01:08:44,120 --> 01:08:42,210

you know even at these conferences or

1774

01:08:45,800 --> 01:08:44,130

you know you're come into contact with

1775

01:08:48,140 --> 01:08:45,810

people who want to share their stories

1776

01:08:51,740 --> 01:08:48,150

like it's emotionally and mentally and

1777

01:08:53,780 --> 01:08:51,750

sometimes oh my god taxing to here the

1778

01:08:56,150 --> 01:08:53,790

redundancy first of all which is

1779

01:08:58,970 --> 01:08:56,160

invigorating in some ways the patterns

1780

01:09:00,950 --> 01:08:58,980

but also just you know what do you do

1781

01:09:03,590 --> 01:09:00,960

with it you have the story like oh yeah

1782

01:09:05,360 --> 01:09:03,600

I can't help you I can't drop an

1783

01:09:08,450 --> 01:09:05,370

alien gray from coming in your bedroom

1784

01:09:10,250 --> 01:09:08,460

or for this light to stop showing up

1785

01:09:13,460 --> 01:09:10,260

over your house every night like I can't

1786

01:09:15,530 --> 01:09:13,470

stop that but I can tell your story but

1787

01:09:17,870 --> 01:09:15,540

yeah I can imagine at this point he's

1788

01:09:19,760 --> 01:09:17,880

just like look I can hear a million

1789

01:09:21,380 --> 01:09:19,770

stories it's still not gonna solve this

1790

01:09:23,870 --> 01:09:21,390

problem for me yeah I think I think

1791

01:09:25,970 --> 01:09:23,880

privacy lasted as long as he did yeah I

1792

01:09:27,800 --> 01:09:25,980

think he's got bigger fish to fry you I

1793

01:09:29,450 --> 01:09:27,810

mean like I think he's going to look at

1794

01:09:31,400 --> 01:09:29,460

the phenomena I'm sure he's still

1795

01:09:32,960 --> 01:09:31,410

interested I mean he's dedicated his

1796

01:09:34,670 --> 01:09:32,970

life to it I'm sure he's gonna continue

1797

01:09:37,100 --> 01:09:34,680

look at the phenomena but probably in a

1798

01:09:38,210 --> 01:09:37,110

more you know in a fields more related

1799

01:09:40,130 --> 01:09:38,220

to his interest right which is like

1800

01:09:41,990 --> 01:09:40,140

computer science and and and he's really

1801
01:09:43,250 --> 01:09:42,000
into I think like sort of psy phenomena

1802
01:09:44,540 --> 01:09:43,260
in parapsychology and that kind of thing

1803
01:09:46,670 --> 01:09:44,550
so I'm sure he's gonna sort of pursue it

1804
01:09:49,370 --> 01:09:46,680
along those lines dealing with

1805
01:09:52,490 --> 01:09:49,380
individuals who sort of share a similar

1806
01:09:55,910 --> 01:09:52,500
level of you know academic prowess maybe

1807
01:09:59,660 --> 01:09:55,920
or knowledge or whatever that that he

1808
01:10:00,650 --> 01:09:59,670
he's at right um you know you're when

1809
01:10:01,790 --> 01:10:00,660
somebody comes up and says you know I

1810
01:10:04,010 --> 01:10:01,800
saw this in ancient aliens what do you

1811
01:10:05,420 --> 01:10:04,020
think yeah I want to punch my eye like I

1812
01:10:07,430 --> 01:10:05,430
want to punch myself in the face you

1813
01:10:07,850 --> 01:10:07,440

know never mind someone who's been

1814

01:10:10,160 --> 01:10:07,860

dealing with

1815

01:10:11,660 --> 01:10:10,170

for 30 years or 40 years now I think we

1816

01:10:13,370 --> 01:10:11,670

should all take a cue from him you know

1817

01:10:16,430 --> 01:10:13,380

I encourage people in the UFO community

1818

01:10:19,939 --> 01:10:16,440

to do that because again we don't all

1819

01:10:23,060 --> 01:10:19,949

need to be part of this one singularly

1820

01:10:25,790 --> 01:10:23,070

minded singularly focused community all

1821

01:10:29,120 --> 01:10:25,800

thinking the same thing and believing

1822

01:10:31,879 --> 01:10:29,130

the same ideas that's not how it works I

1823

01:10:34,399 --> 01:10:31,889

mean just look at the the discussions

1824

01:10:37,340 --> 01:10:34,409

the disagreements all the various

1825

01:10:40,580 --> 01:10:37,350

explanations or beliefs for what UFOs

1826

01:10:42,919 --> 01:10:40,590

are or what extraterrestrials are doing

1827

01:10:45,620 --> 01:10:42,929

or what they look like well you know

1828

01:10:46,790 --> 01:10:45,630

abductions versus contact all of these

1829

01:10:48,640 --> 01:10:46,800

different things we all have our

1830

01:10:51,620 --> 01:10:48,650

different ideals and our different

1831

01:10:54,379 --> 01:10:51,630

different ways of putting the pieces of

1832

01:10:56,479 --> 01:10:54,389

the puzzle in into place that you know

1833

01:10:58,609 --> 01:10:56,489

work for us so we don't need the

1834

01:11:00,140 --> 01:10:58,619

community to steer that for us steer it

1835

01:11:01,970 --> 01:11:00,150

yourself and I think the people who make

1836

01:11:03,620 --> 01:11:01,980

sort of maybe the most progress and they

1837

01:11:05,120 --> 01:11:03,630

put the term like I'm doing air quotes

1838

01:11:07,399 --> 01:11:05,130

all around the word progress right

1839

01:11:09,590 --> 01:11:07,409

because progress in UFOs is you know

1840

01:11:11,240 --> 01:11:09,600

weird but I think the people that sort

1841

01:11:12,770 --> 01:11:11,250

of make the most progress really

1842

01:11:14,629 --> 01:11:12,780

function like that and I think that's

1843

01:11:16,520 --> 01:11:14,639

predominantly because whatever the

1844

01:11:18,740 --> 01:11:16,530

phenomena is is it is it doesn't

1845

01:11:20,899 --> 01:11:18,750

necessarily tie itself down to anything

1846

01:11:22,370 --> 01:11:20,909

right everyone I'm sure thought MUFON

1847

01:11:25,640 --> 01:11:22,380

would be a big smash success when it

1848

01:11:27,919 --> 01:11:25,650

first started and it wasn't and and and

1849

01:11:29,540 --> 01:11:27,929

it hasn't really solved anything and and

1850

01:11:30,890 --> 01:11:29,550

no one really has right and I think

1851

01:11:33,020 --> 01:11:30,900

that's kind of fundamentally the point

1852

01:11:36,080 --> 01:11:33,030

and and I think that if if anyone

1853

01:11:37,879 --> 01:11:36,090

expects T TSA to provide the answer to

1854

01:11:40,280 --> 01:11:37,889

the phenomena I think they're deluded I

1855

01:11:41,840 --> 01:11:40,290

think maybe TSA will people to provide

1856

01:11:43,910 --> 01:11:41,850

some interesting information that is

1857

01:11:45,979 --> 01:11:43,920

perhaps novel and unique or or or

1858

01:11:47,959 --> 01:11:45,989

original but the phenomena isn't going

1859

01:11:50,390 --> 01:11:47,969

to present itself to T TSA and say hey

1860

01:11:52,459 --> 01:11:50,400

I'm here you know you can you know

1861

01:11:55,580 --> 01:11:52,469

explore me all you want you know this

1862

01:11:56,780 --> 01:11:55,590

this is shades of calm Kelleher's and

1863

01:11:58,820 --> 01:11:56,790

George naps hunt for the skinwalker

1864

01:12:00,470 --> 01:11:58,830

right the second knids showed up and

1865

01:12:03,560 --> 01:12:00,480

everything just went to ground right

1866

01:12:05,479 --> 01:12:03,570

yeah because you know the second you

1867

01:12:07,370 --> 01:12:05,489

start looking at me too closely I'm just

1868

01:12:09,649 --> 01:12:07,380

gonna change gears I'm gonna be an

1869

01:12:11,720 --> 01:12:09,659

airship in the 1890s and I'm gonna be a

1870

01:12:13,129 --> 01:12:11,730

flying saucer in the 1950s and you know

1871

01:12:15,280 --> 01:12:13,139

if you want to try and make sense of

1872

01:12:17,750 --> 01:12:15,290

that screw you and I think ultimately

1873

01:12:19,760 --> 01:12:17,760

whatever the phenomena is if there's a

1874

01:12:20,510 --> 01:12:19,770

phenomena that's sort of what we're

1875

01:12:21,860 --> 01:12:20,520

dealing with here

1876

01:12:24,050 --> 01:12:21,870

it's just going to change

1877

01:12:27,680 --> 01:12:24,060

again I don't think anyone involved with

1878

01:12:30,560 --> 01:12:27,690

T TSA expects to find the disclosure or

1879

01:12:32,330 --> 01:12:30,570

that one answer but like you said put

1880

01:12:34,340 --> 01:12:32,340

offs looking at zero-point energy

1881

01:12:37,850 --> 01:12:34,350

Tom's looking for his own things within

1882

01:12:40,790 --> 01:12:37,860

this pursuit I'm sure melon is they all

1883

01:12:43,970 --> 01:12:40,800

are as we all are and I'm gonna keep

1884

01:12:46,940 --> 01:12:43,980

rooting them on and hey if we can find

1885

01:12:49,160 --> 01:12:46,950

one thing that can help Humanity in some

1886

01:12:51,650 --> 01:12:49,170

way through all of this it's in my

1887

01:12:53,780 --> 01:12:51,660

opinion it's all been worth it if we can

1888

01:12:56,540 --> 01:12:53,790

get one more person interested in UFOs

1889

01:12:59,480 --> 01:12:56,550

just by hearing about this like it's all

1890

01:13:01,610 --> 01:12:59,490

been worth it in my opinion so or or if

1891

01:13:04,130 --> 01:13:01,620

we don't right if they don't find if we

1892

01:13:07,250 --> 01:13:04,140

don't find anything like it's it's

1893

01:13:10,010 --> 01:13:07,260

better and more to our advantage to at

1894

01:13:11,810 --> 01:13:10,020

least try something right just like I

1895

01:13:13,490 --> 01:13:11,820

know people hate me for saying this and

1896

01:13:16,250 --> 01:13:13,500

they disagree with me but it's the same

1897

01:13:19,070 --> 01:13:16,260

thing with SETI right people hate hate

1898

01:13:20,840 --> 01:13:19,080

on Ceti for using radio telescopes to

1899

01:13:22,820 --> 01:13:20,850

listen for possible signals from

1900

01:13:24,560 --> 01:13:22,830

extraterrestrials they say waste of

1901

01:13:27,470 --> 01:13:24,570

money shut it down why are you wasting

1902

01:13:29,240 --> 01:13:27,480

your time but hey if somebody wants to

1903

01:13:30,530 --> 01:13:29,250

do it I'm glad somebody's doing it cuz

1904

01:13:33,080 --> 01:13:30,540

really you think that's something that

1905

01:13:34,580 --> 01:13:33,090

you know isn't worthwhile let somebody

1906

01:13:35,900 --> 01:13:34,590

do it you don't have to do it but if

1907

01:13:37,610 --> 01:13:35,910

somebody else is gonna do it great

1908

01:13:39,890 --> 01:13:37,620

that's one thing that that somebody is

1909

01:13:43,340 --> 01:13:39,900

out there doing let's do all the things

1910

01:13:45,530 --> 01:13:43,350

all the time all the things that is the

1911

01:13:51,980 --> 01:13:45,540

slogan of the century let's do all of

1912

01:13:55,730 --> 01:13:51,990

the things guys I think we're gonna wrap

1913

01:13:58,040 --> 01:13:55,740

it up here I'm drunk and we could go on

1914

01:13:59,330 --> 01:13:58,050

forever but this has been awesome I

1915

01:14:02,600 --> 01:13:59,340

think we really only scratched the

1916

01:14:04,910 --> 01:14:02,610

surface but we are promised by mr. Luis

1917

01:14:06,590 --> 01:14:04,920

Salazar is you know the second you start

1918

01:14:08,960 --> 01:14:06,600

looking at me too closely I'm just gonna

1919

01:14:10,880 --> 01:14:08,970

change gears I'm gonna be an airship in

1920

01:14:13,190 --> 01:14:10,890

the 1890s and I'm gonna be a flying

1921

01:14:14,570 --> 01:14:13,200

saucer in the 1950s and you know if you

1922

01:14:17,270 --> 01:14:14,580

want to try and make sense of that screw

1923

01:14:19,280 --> 01:14:17,280

you and I think that ultimately whatever

1924

01:14:21,110 --> 01:14:19,290

the phenomena is if there's a phenomena

1925

01:14:23,540 --> 01:14:21,120

that's sort of what we're dealing with

1926

01:14:25,660 --> 01:14:23,550

here it's just gonna change gears again

1927

01:14:29,210 --> 01:14:25,670

I don't think anyone involved with TTS a

1928

01:14:31,790 --> 01:14:29,220

expects to find the disclosure or that

1929

01:14:33,170 --> 01:14:31,800

one answer but like you said put offs

1930

01:14:35,450 --> 01:14:33,180

looking at zero-point energy

1931

01:14:38,720 --> 01:14:35,460

Tom's looking for his own things with

1932

01:14:41,810 --> 01:14:38,730

in this pursuit I'm sure melon is they

1933

01:14:44,930 --> 01:14:41,820

all are as we all are and I'm gonna keep

1934

01:14:47,930 --> 01:14:44,940

rooting them on and hey if we can find

1935

01:14:50,150 --> 01:14:47,940

one thing that can help Humanity in some

1936

01:14:52,820 --> 01:14:50,160

way through all of this it's in my

1937

01:14:54,800 --> 01:14:52,830

opinion it's all been worth it if we can

1938

01:14:57,560 --> 01:14:54,810

get one more person interested in UFOs

1939

01:15:00,500 --> 01:14:57,570

just by hearing about this like it's all

1940

01:15:02,510 --> 01:15:00,510

been worth it in my opinion so or or if

1941

01:15:05,120 --> 01:15:02,520

we don't right if we don't find if we

1942

01:15:08,240 --> 01:15:05,130

don't find anything like it's it's

1943

01:15:11,000 --> 01:15:08,250

better and more to our advantage to at

1944

01:15:12,800 --> 01:15:11,010

least try something right just like I

1945

01:15:14,510 --> 01:15:12,810

know people hate me for saying this and

1946

01:15:17,240 --> 01:15:14,520

they disagree with me but it's the same

1947

01:15:20,060 --> 01:15:17,250

thing with SETI right people hate hate

1948

01:15:21,860 --> 01:15:20,070

on Ceti for using radio telescopes to

1949

01:15:22,820 --> 01:15:21,870

listen for possible signals from

1950

01:15:25,220 --> 01:15:22,830

extraterrestrials

1951

01:15:27,770 --> 01:15:25,230

you say waste of money shut it down why

1952

01:15:29,270 --> 01:15:27,780

are you wasting your time but hey if

1953

01:15:30,740 --> 01:15:29,280

somebody wants to do it I'm glad

1954

01:15:32,300 --> 01:15:30,750

somebody's doing it because really you

1955

01:15:34,400 --> 01:15:32,310

think that's something that that you

1956

01:15:35,870 --> 01:15:34,410

know isn't worthwhile let somebody do it

1957

01:15:37,430 --> 01:15:35,880

you don't have to do it but if somebody

1958

01:15:38,990 --> 01:15:37,440

else is gonna do it great that's one

1959

01:15:41,300 --> 01:15:39,000

thing that that somebody is out there

1960

01:15:42,280 --> 01:15:41,310

doing let's do all the things all the

1961

01:15:45,200 --> 01:15:42,290

time

1962

01:15:50,500 --> 01:15:45,210

all of the things that is the slogan of

1963

01:15:57,590 --> 01:15:53,780

guys I think we're gonna wrap it up here

1964

01:15:59,570 --> 01:15:57,600

I'm drunk and we could go on forever but

1965

01:16:01,550 --> 01:15:59,580

this has been awesome I think we really

1966

01:16:04,400 --> 01:16:01,560

only scratched the surface but we are

1967

01:16:06,470 --> 01:16:04,410

promised by mr. Lewis Elizondo

1968

01:16:10,130 --> 01:16:06,480

some really stunning things coming in

1969

01:16:10,640 --> 01:16:10,140

the future from TTS a and I'm there I'm

1970

01:16:13,760 --> 01:16:10,650

ready

1971

01:16:16,340 --> 01:16:13,770

you'll stew it so you know at the end of

1972

01:16:18,290 --> 01:16:16,350

the day the future looks bright for UFO

1973

01:16:20,270 --> 01:16:18,300

studies it's a really exciting time to

1974

01:16:23,690 --> 01:16:20,280

live in I think with all this going on

1975

01:16:26,270 --> 01:16:23,700

but before we go I do have to ask you

1976

01:16:28,640 --> 01:16:26,280

guys where can we find what you're doing

1977

01:16:31,280 --> 01:16:28,650

Jason let's start with you my man all

1978

01:16:34,280 --> 01:16:31,290

right jump on over to rogue planet TV

1979

01:16:35,810 --> 01:16:34,290

that's my weird website where post

1980

01:16:37,760 --> 01:16:35,820

everything that I do a lot of podcasts

1981

01:16:40,580 --> 01:16:37,770

over there do a UFO podcast called

1982

01:16:43,940 --> 01:16:40,590

unknown check that out follow me on

1983

01:16:47,169 --> 01:16:43,950

twitter at ace centric that's a CEC entr

1984

01:16:51,279 --> 01:16:47,179

i see that's the same on instagram

1985

01:16:53,589 --> 01:16:51,289

and on Facebook I'm the UFO geek perfect

1986

01:16:55,660 --> 01:16:53,599

MJ woody I got for us I want to jump in

1987

01:16:57,520 --> 01:16:55,670

briefly just I'm gonna pitch Jason a

1988

01:16:59,859 --> 01:16:57,530

little more I'd be nice yeah it takes me

1989

01:17:01,449 --> 01:16:59,869

20 minutes to cut my lawn in my backyard

1990

01:17:03,609 --> 01:17:01,459

and that's when I listen to unknown

1991

01:17:06,129 --> 01:17:03,619

literally I plug myself in yeah and I

1992

01:17:08,259 --> 01:17:06,139

and I listened to unknown because it's

1993

01:17:11,679 --> 01:17:08,269

20 minutes roughly yeah it's the same to

1994

01:17:13,120 --> 01:17:11,689

cut my grass it's and yes it's wrong and

1995

01:17:14,620 --> 01:17:13,130

you sort of keep me actually on page

1996

01:17:16,569 --> 01:17:14,630

because sometimes like oh crap I got

1997

01:17:17,589 --> 01:17:16,579

five minutes and it's like hi everybody

1998

01:17:19,239 --> 01:17:17,599

I'm Chris I'm Nick

1999

01:17:22,060 --> 01:17:19,249

and we're the hosts of the two dumb dads

2000

01:17:23,049 --> 01:17:22,070

podcasts a show about two dads trying to

2001

01:17:24,790 --> 01:17:23,059

work our way through parents are we

2002

01:17:27,009 --> 01:17:24,800

doing a show or a podcast it's a podcast

2003

01:17:29,379 --> 01:17:27,019

show about parenting yeah it's the same

2004

01:17:30,879 --> 01:17:29,389

thing he has my wife's mouth she's my

2005

01:17:32,890 --> 01:17:30,889

wife the big mouth we talk about

2006

01:17:35,649 --> 01:17:32,900

everything from how do you find a

2007

01:17:37,779 --> 01:17:35,659

babysitter I'm going to I don't know

2008

01:17:39,339 --> 01:17:37,789

like I'm gonna stalk you for a week

2009

01:17:40,810 --> 01:17:39,349

before I let you babysit my kids who

2010

01:17:41,589 --> 01:17:40,820

will mac-and-cheese kill your kid I've

2011

01:17:42,819 --> 01:17:41,599

gotten to the point now where just

2012

01:17:44,439 --> 01:17:42,829

spring a little bit of mac and

2013

01:17:46,060 --> 01:17:44,449

cheese on the hotdog like I'm sold

2014

01:17:47,770 --> 01:17:46,070

you can find us at our website dude I'm

2015

01:17:50,259 --> 01:17:47,780

Dez calm you can find us at our Facebook

2016

01:17:51,850 --> 01:17:50,269

group the number two dumb dad's and of

2017

01:17:54,020 --> 01:17:51,860

course anywhere that podcast can be
