

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

THE CHASE FOR
UFOS

WITH GUEST
**CHASE
KLOETZKE**

1
00:00:05,090 --> 00:00:02,240
welcome to somewhere in the skies today

2
00:00:08,089 --> 00:00:05,100
we talked to UFO investigator researcher

3
00:00:10,669 --> 00:00:08,099
and lobbyist chase kutsuki what are we

4
00:00:12,560 --> 00:00:10,679
not doing as ufologists in this field

5
00:00:14,900 --> 00:00:12,570
well we're really not including the

6
00:00:17,990 --> 00:00:14,910
scientists and the lawmakers could have

7
00:00:19,279 --> 00:00:18,000
been brutal to us in the past and you

8
00:00:21,980 --> 00:00:19,289
know not being afraid to have a door

9
00:00:25,070 --> 00:00:21,990
shut my face I've really elicit both and

10
00:00:27,529 --> 00:00:25,080
I use a lot of scientists to test a lot

11
00:00:29,630 --> 00:00:27,539
of labs because I won't use UFO labs

12
00:00:30,830 --> 00:00:29,640
because it's like the prosecution trying

13
00:00:33,590 --> 00:00:30,840

to prove the case with only their

14

00:00:35,479 --> 00:00:33,600

witnesses so you know I use very

15

00:00:38,660 --> 00:00:35,489

independent labs a scientists and I've

16

00:00:41,299 --> 00:00:38,670

learned as long as I'm not saying hey I

17

00:00:43,610 --> 00:00:41,309

think this metals from a mothership yeah

18

00:00:45,500 --> 00:00:43,620

it's like hey I got the metal you test

19

00:00:47,150 --> 00:00:45,510

metal can I send you this metal how much

20

00:00:51,290 --> 00:00:47,160

is that gonna cost and we're good to go

21

00:00:53,270 --> 00:00:51,300

and and I'm getting really noted labs

22

00:00:55,250 --> 00:00:53,280

and and some of the guys that I've even

23

00:00:57,889 --> 00:00:55,260

had examined our stuff are up from four

24

00:01:00,110 --> 00:00:57,899

Nobel Peace Prize so yeah and knowing

25

00:01:02,119 --> 00:01:00,120

that okay well we walk through that door

26

00:01:03,590 --> 00:01:02,129

what's the next one so I kind of thought

27

00:01:04,759 --> 00:01:03,600

we have to get our lawmakers because

28

00:01:06,620 --> 00:01:04,769

we're never going to get anything

29

00:01:09,109 --> 00:01:06,630

Declassified we're never going to change

30

00:01:11,390 --> 00:01:09,119

anything with the secret keepers or to

31

00:01:22,680 --> 00:01:11,400

have any transparency if we don't start

32

00:01:27,260 --> 00:01:25,630

this is somewhere in the skies the

33

00:01:51,020 --> 00:01:27,270

brains

34

00:01:53,610 --> 00:01:51,030

[Music]

35

00:01:56,430 --> 00:01:53,620

welcome to somewhere in the skies I'm

36

00:01:58,860 --> 00:01:56,440

your host Ryan Sprague today we're gonna

37

00:02:01,620 --> 00:01:58,870

be talking to one of my favorite UFO

38

00:02:04,410 --> 00:02:01,630

researchers and investigators chase

39

00:02:05,550 --> 00:02:04,420

klutz key but before that I just wanted

40

00:02:09,180 --> 00:02:05,560

to let you know that I'll be attending

41

00:02:11,820 --> 00:02:09,190

alien come on November 9th 10th and 11th

42

00:02:14,310 --> 00:02:11,830

in Baltimore Maryland with my very good

43

00:02:17,250 --> 00:02:14,320

friend and rogue planet colleague Jason

44

00:02:19,890 --> 00:02:17,260

McClellan Jason and I will be signing

45

00:02:22,200 --> 00:02:19,900

and selling books and merch and we'll

46

00:02:24,230 --> 00:02:22,210

also be taking part as moderators and

47

00:02:26,550 --> 00:02:24,240

participants in panel discussions

48

00:02:28,890 --> 00:02:26,560

throughout the weekend and I'll

49

00:02:31,860 --> 00:02:28,900

personally be giving a solo presentation

50

00:02:34,650 --> 00:02:31,870

of my own it's going to be a super fun

51
00:02:37,350 --> 00:02:34,660
and informative weekend and we want you

52
00:02:39,720 --> 00:02:37,360
to be a part of that look for an

53
00:02:42,330 --> 00:02:39,730
exclusive summer in the skies contest in

54
00:02:46,080 --> 00:02:42,340
the very near future where you'll be my

55
00:02:49,199 --> 00:02:46,090
special guest at alien Con Baltimore for

56
00:02:51,000 --> 00:02:49,209
the entire weekend stay tuned for more

57
00:02:54,000 --> 00:02:51,010
information by following the show on

58
00:02:56,730 --> 00:02:54,010
twitter at somewhere skies or join our

59
00:02:58,800 --> 00:02:56,740
very active facebook page just search

60
00:03:01,080 --> 00:02:58,810
Facebook groups for summer in the skies

61
00:03:04,229 --> 00:03:01,090
podcast I'll be posting about that

62
00:03:06,210 --> 00:03:04,239
contest very soon in the meantime if you

63
00:03:08,880 --> 00:03:06,220

haven't given it a read yet I'd love to

64

00:03:11,790 --> 00:03:08,890

also share my exclusive interview with

65

00:03:15,240 --> 00:03:11,800

Ryan Eslinger writer and director of the

66

00:03:18,180 --> 00:03:15,250

new film UFO starring Gillian Anderson

67

00:03:20,940 --> 00:03:18,190

and Alex sharp Esslinger shares some of

68

00:03:23,400 --> 00:03:20,950

his experiences on set his thoughts on

69

00:03:26,160 --> 00:03:23,410

UFOs and we dive into his extensive

70

00:03:28,979 --> 00:03:26,170

research into the UFO topic that helped

71

00:03:30,960 --> 00:03:28,989

inspire many aspects of the film that

72

00:03:34,140 --> 00:03:30,970

interview can be found at our sister

73

00:03:36,449 --> 00:03:34,150

site rogue planet TV while you're there

74

00:03:39,210 --> 00:03:36,459

check out all of the other amazing

75

00:03:43,650 --> 00:03:39,220

content we have to offer at rogue planet

76
00:03:46,470 --> 00:03:43,660
again that's rogue planet TV and now a

77
00:03:48,210 --> 00:03:46,480
little about today's guest chase klutz

78
00:03:50,280 --> 00:03:48,220
key earned her master trainer and

79
00:03:51,750 --> 00:03:50,290
structure title while employed with the

80
00:03:53,699 --> 00:03:51,760
Department of Defense

81
00:03:56,009 --> 00:03:53,709
this includes assignments with Homeland

82
00:03:58,619 --> 00:03:56,019
Security and private sector security

83
00:04:00,720 --> 00:03:58,629
forces she's also a certified private

84
00:04:04,140 --> 00:04:00,730
investigator and certified international

85
00:04:07,199 --> 00:04:04,150
forensic and evidence collector chase

86
00:04:09,000 --> 00:04:07,209
joined the mutual UFO network in 1996

87
00:04:11,009 --> 00:04:09,010
and was selected as the start team

88
00:04:14,789 --> 00:04:11,019

manager and deputy director of

89

00:04:16,890 --> 00:04:14,799

Investigations through 2011 as of today

90

00:04:20,490 --> 00:04:16,900

she holds the position of Director of

91

00:04:22,920 --> 00:04:20,500

Investigations as an international CAG

92

00:04:27,060 --> 00:04:22,930

investigator chase focuses her attention

93

00:04:30,510 --> 00:04:27,070

on national UFO cases reported in Mexico

94

00:04:33,480 --> 00:04:30,520

Cuba Puerto Rico in Central America in

95

00:04:36,360 --> 00:04:33,490

November of 2016 chase became a

96

00:04:38,250 --> 00:04:36,370

registered and official lobbyist for the

97

00:04:40,590 --> 00:04:38,260

UFO field today

98

00:04:43,409 --> 00:04:40,600

we talk all about her extensive list of

99

00:04:45,240 --> 00:04:43,419

accomplishments in and out of the UFO

100

00:04:48,060 --> 00:04:45,250

field and we hear about her most

101

00:04:50,550 --> 00:04:48,070

dramatic UFO case she's investigated

102

00:04:52,680 --> 00:04:50,560

when she her investigative partner and

103

00:04:55,500 --> 00:04:52,690

the primary witness experienced

104

00:04:58,440 --> 00:04:55,510

something so strange that it changed her

105

00:05:01,800 --> 00:04:58,450

entire outlook on the UFO phenomenon and

106

00:05:03,930 --> 00:05:01,810

her investigations moving forward so

107

00:05:09,150 --> 00:05:03,940

without further ado here's my

108

00:05:11,940 --> 00:05:09,160

conversation with chase Gretzky chase

109

00:05:13,950 --> 00:05:11,950

thank you so much for finally joining me

110

00:05:15,540 --> 00:05:13,960

today on somewhere in the skies oh my

111

00:05:17,279 --> 00:05:15,550

gosh Brian you're one of my favorite

112

00:05:19,920 --> 00:05:17,289

ufologist out here one of the best

113

00:05:22,080 --> 00:05:19,930

voices and it really is my honor

114

00:05:23,400 --> 00:05:22,090

I have adored you from the first time we

115

00:05:25,439 --> 00:05:23,410

even work together and we've had a

116

00:05:27,300 --> 00:05:25,449

couple little projects yeah we have

117

00:05:29,730 --> 00:05:27,310

that's kind of how we got connected I

118

00:05:31,320 --> 00:05:29,740

remember I was a fan of yours back in

119

00:05:34,560 --> 00:05:31,330

the day when you were doing a bunch of

120

00:05:36,900 --> 00:05:34,570

radio radio work and I listened every

121

00:05:38,760 --> 00:05:36,910

week to your show because you were

122

00:05:40,890 --> 00:05:38,770

bringing forward information that no one

123

00:05:42,930 --> 00:05:40,900

else was so of course you know I

124

00:05:44,250 --> 00:05:42,940

immediately reached out to you you know

125

00:05:47,129 --> 00:05:44,260

it's like how can I work with you what

126

00:05:49,110 --> 00:05:47,139

could I do and we made it happen yes and

127

00:05:51,719 --> 00:05:49,120

you were excellent so it's so great to

128

00:05:53,490 --> 00:05:51,729

see you get into radio after you know

129

00:05:56,460 --> 00:05:53,500

kind of dabbling as you know a

130

00:05:57,870 --> 00:05:56,470

correspondent at Congress and you know

131

00:05:58,409 --> 00:05:57,880

you're just killing it I'm very proud of

132

00:06:00,839 --> 00:05:58,419

you Brian

133

00:06:02,640 --> 00:06:00,849

very proud well you know I could

134

00:06:04,260 --> 00:06:02,650

obviously say the same and that's sort

135

00:06:04,920 --> 00:06:04,270

of what we're gonna run through today

136

00:06:07,620 --> 00:06:04,930

I'm

137

00:06:09,779 --> 00:06:07,630

for any of my listeners who don't know

138

00:06:12,420 --> 00:06:09,789

who you are which I find impossible at

139

00:06:13,950 --> 00:06:12,430

this point but but for those new

140

00:06:16,320 --> 00:06:13,960

listeners out there who might just be

141

00:06:17,820 --> 00:06:16,330

hopping on with this episode I I

142

00:06:20,820 --> 00:06:17,830

couldn't think of a better guest to have

143

00:06:23,189 --> 00:06:20,830

on so before we get to your your track

144

00:06:25,560 --> 00:06:23,199

record here chase of just some amazing

145

00:06:28,529 --> 00:06:25,570

stuff I want to start with the origin

146

00:06:31,290 --> 00:06:28,539

story I am a comic book nerd I love my

147

00:06:34,110 --> 00:06:31,300

Peter Parker's my Wonder Woman's and how

148

00:06:36,659 --> 00:06:34,120

they became who they were so if you

149

00:06:38,790 --> 00:06:36,669

wouldn't mind would you maybe give us a

150

00:06:41,189 --> 00:06:38,800

little overview of how you first got

151
00:06:44,010 --> 00:06:41,199
interested in the topic of UFOs oh

152
00:06:46,409 --> 00:06:44,020
absolutely I wish it was as cool as

153
00:06:47,790 --> 00:06:46,419
Wonder Woman but it started with you

154
00:06:50,100 --> 00:06:47,800
know just being home sick from school

155
00:06:52,499 --> 00:06:50,110
and my stepmother handed me a book

156
00:06:54,270 --> 00:06:52,509
titled Chariots of the Gods and I'm

157
00:06:56,430 --> 00:06:54,280
thinking about reading Church stuff

158
00:06:59,189 --> 00:06:56,440
that's crazy but I'm 16 years old after

159
00:07:01,860 --> 00:06:59,199
a while of counting ceiling tiles you

160
00:07:04,740 --> 00:07:01,870
know I picked the book up and was blown

161
00:07:08,850 --> 00:07:04,750
away and it wasn't just the content

162
00:07:11,040 --> 00:07:08,860
it was the questions who does that it's

163
00:07:12,930 --> 00:07:11,050

the way I was raised and you know in

164

00:07:14,969 --> 00:07:12,940

this little town and you know just in

165

00:07:17,070 --> 00:07:14,979

the time of day it was you didn't do

166

00:07:19,680 --> 00:07:17,080

that you didn't rock the boat you didn't

167

00:07:21,510 --> 00:07:19,690

ask those tough questions and for the

168

00:07:24,930 --> 00:07:21,520

first time I kind of felt like there was

169

00:07:27,870 --> 00:07:24,940

permission and I could I could be that

170

00:07:30,000 --> 00:07:27,880

person in a Bible study that heard about

171

00:07:32,370 --> 00:07:30,010

everyone following Moses for 40 years

172

00:07:34,379 --> 00:07:32,380

and knowing that there was someone in

173

00:07:36,240 --> 00:07:34,389

that crowd just like me then after about

174

00:07:38,760 --> 00:07:36,250

four years would have kept Moses and

175

00:07:42,029 --> 00:07:38,770

said hey mo can I see that map for a

176

00:07:43,439 --> 00:07:42,039

minute so it really you know changed

177

00:07:45,180 --> 00:07:43,449

everything to where you know I just felt

178

00:07:47,580 --> 00:07:45,190

like I could ask the things that go

179

00:07:50,310 --> 00:07:47,590

through my mind that's so funny I mean I

180

00:07:52,680 --> 00:07:50,320

I had very similar experiences growing

181

00:07:54,899 --> 00:07:52,690

up in a very sort of traditional Roman

182

00:07:56,490 --> 00:07:54,909

Catholic household where I did I

183

00:07:59,399 --> 00:07:56,500

questioned a lot of what I was

184

00:08:01,830 --> 00:07:59,409

conditioned to sort of believe and I

185

00:08:03,960 --> 00:08:01,840

even challenged my priests at one point

186

00:08:05,999 --> 00:08:03,970

during confession and asked him about

187

00:08:08,159 --> 00:08:06,009

what about UFOs what about aliens what

188

00:08:10,490 --> 00:08:08,169

does God think about this you know or

189

00:08:14,219 --> 00:08:10,500

what is the church think about this so I

190

00:08:15,930 --> 00:08:14,229

love to hear that you know people even

191

00:08:18,119 --> 00:08:15,940

at that young age are willing to

192

00:08:20,609 --> 00:08:18,129

challenge what their theirs

193

00:08:22,169 --> 00:08:20,619

I've been forced or taught to believe I

194

00:08:25,469 --> 00:08:22,179

really feel like I've had that rebel

195

00:08:27,989 --> 00:08:25,479

spirit so it's it's for people like us

196

00:08:30,209 --> 00:08:27,999

that you know have that I think putting

197

00:08:32,550 --> 00:08:30,219

it in into ufology and and being

198

00:08:35,430 --> 00:08:32,560

investigators and researchers it's a

199

00:08:39,469 --> 00:08:35,440

good channel for that rebel spirit you

200

00:08:44,639 --> 00:08:42,389

okay so that is that's really cool

201
00:08:46,319 --> 00:08:44,649
Chariots of the Gods that that was one

202
00:08:48,809 --> 00:08:46,329
of the first books I came across to that

203
00:08:50,639 --> 00:08:48,819
my barbershop of all things when I was

204
00:08:54,420 --> 00:08:50,649
when I used to get my hair cut with my

205
00:08:56,490 --> 00:08:54,430
dad you know every Saturday every other

206
00:08:59,240 --> 00:08:56,500
Saturday we'd go get our haircut I'd

207
00:09:02,610 --> 00:08:59,250
sneak a cup of coffee at the age of 12

208
00:09:05,100 --> 00:09:02,620
thinking I was I was some bad rebel and

209
00:09:07,650 --> 00:09:05,110
I'd reach area to the god I reach areas

210
00:09:09,150 --> 00:09:07,660
of the gods excuse me and I'd read a

211
00:09:11,519 --> 00:09:09,160
chapter every time I went to get my

212
00:09:11,939 --> 00:09:11,529
haircut and after a few months I was

213
00:09:16,290 --> 00:09:11,949

hooked

214

00:09:18,780 --> 00:09:16,300

that's awesome so okay so that's how you

215

00:09:22,230 --> 00:09:18,790

sort of got involved you know years go

216

00:09:25,139 --> 00:09:22,240

on you've had extensive work doing all

217

00:09:28,860 --> 00:09:25,149

types of of stuff from intelligence

218

00:09:32,100 --> 00:09:28,870

agencies and and whatnot and then you

219

00:09:33,900 --> 00:09:32,110

you became an investigator for MUFON so

220

00:09:36,449 --> 00:09:33,910

where did this sauce Tyla how did you

221

00:09:39,059 --> 00:09:36,459

eventually connect with MUFON and work

222

00:09:41,759 --> 00:09:39,069

with them the first time I you know it's

223

00:09:45,929 --> 00:09:41,769

I first got my computer I'm a data

224

00:09:47,879 --> 00:09:45,939

refugee unlike probably you like I got

225

00:09:49,350 --> 00:09:47,889

my first computer I was in my 30s and

226

00:09:52,220 --> 00:09:49,360

you know you get it all hooked up and

227

00:09:57,960 --> 00:09:52,230

and the first thing I googled or AOL

228

00:09:59,999 --> 00:09:57,970

searched was UFOs and I found all these

229

00:10:02,579 --> 00:10:00,009

like little groups already on there and

230

00:10:04,670 --> 00:10:02,589

I just thought that was amazing and so I

231

00:10:06,780 --> 00:10:04,680

think that's more where I found MUFON

232

00:10:09,360 --> 00:10:06,790

everyone was talking about this group

233

00:10:11,069 --> 00:10:09,370

and so I looked them up and found out

234

00:10:13,139 --> 00:10:11,079

that you could be an investigator and

235

00:10:16,620 --> 00:10:13,149

they had a training manual and a test

236

00:10:19,590 --> 00:10:16,630

and I thought oh my gosh I have no idea

237

00:10:22,769 --> 00:10:19,600

how to investigate a UFO report because

238

00:10:24,689 --> 00:10:22,779

we really don't investigate UFOs so yeah

239

00:10:28,740 --> 00:10:24,699

like how do you do that and they had

240

00:10:31,980 --> 00:10:28,750

instruction and I really love the system

241

00:10:33,630 --> 00:10:31,990

I love the way MUFON

242

00:10:35,880 --> 00:10:33,640

realized and you know versus other

243

00:10:37,920 --> 00:10:35,890

groups and you know it was pretty good I

244

00:10:39,900 --> 00:10:37,930

had some states better than others I you

245

00:10:41,730 --> 00:10:39,910

know my husband's military so we would

246

00:10:42,960 --> 00:10:41,740

move around a lot and there were some

247

00:10:45,720 --> 00:10:42,970

states I'd never hear from the state

248

00:10:47,490 --> 00:10:45,730

director or you know so you know every

249

00:10:49,710 --> 00:10:47,500

once awhile I have to shake it up it was

250

00:10:52,410 --> 00:10:49,720

more just it was just so convenient it's

251

00:10:55,110 --> 00:10:52,420

such a good idea and a good program and

252

00:10:57,690 --> 00:10:55,120

you know as a non-member I I often would

253

00:11:00,090 --> 00:10:57,700

find myself critiquing MUFON in how they

254

00:11:02,430 --> 00:11:00,100

investigated but I always had to rein

255

00:11:04,410 --> 00:11:02,440

myself in and and remember like I I

256

00:11:06,600 --> 00:11:04,420

don't know what goes on I don't know how

257

00:11:09,420 --> 00:11:06,610

exactly the communication is between

258

00:11:12,000 --> 00:11:09,430

state to state and you know exactly how

259

00:11:13,500 --> 00:11:12,010

a report is filed or investigated so

260

00:11:16,260 --> 00:11:13,510

again I would find myself being like

261

00:11:18,180 --> 00:11:16,270

okay Ryan slow down know your role these

262

00:11:21,090 --> 00:11:18,190

people are doing their work there's

263

00:11:23,940 --> 00:11:21,100

there's you know there's protocol set

264

00:11:25,320 --> 00:11:23,950

for this type of stuff so I I completely

265

00:11:27,990 --> 00:11:25,330

understand that and I think what a lot

266

00:11:30,510 --> 00:11:28,000

of people forget too is that it is state

267

00:11:32,850 --> 00:11:30,520

to state you know so how do you how do

268

00:11:36,060 --> 00:11:32,860

you get 50 states to sort of come

269

00:11:38,040 --> 00:11:36,070

together as one cohesive unit and I feel

270

00:11:41,190 --> 00:11:38,050

with any organization that's probably

271

00:11:43,920 --> 00:11:41,200

close to impossible so I'm sure each

272

00:11:45,900 --> 00:11:43,930

state has sort of its own approach when

273

00:11:47,819 --> 00:11:45,910

investigating and whatnot am I sort of

274

00:11:50,940 --> 00:11:47,829

on the on the right track here I don't

275

00:11:54,180 --> 00:11:50,950

you are you are absolutely and you know

276

00:11:55,800 --> 00:11:54,190

it's why we we continue to look for the

277

00:11:57,900 --> 00:11:55,810

best of the best you know who are the

278

00:12:00,480 --> 00:11:57,910

leaders who are the people that are

279

00:12:03,329 --> 00:12:00,490

understand these are volunteers but at

280

00:12:06,210 --> 00:12:03,339

the same time can motivate you know what

281

00:12:08,579 --> 00:12:06,220

they volunteer to do and that is to be

282

00:12:11,190 --> 00:12:08,589

there for the witnesses and you know

283

00:12:13,470 --> 00:12:11,200

I've been really pushing this agenda of

284

00:12:15,329 --> 00:12:13,480

own it if you want to be an investigator

285

00:12:18,000 --> 00:12:15,339

and you're holding that I D own it get

286

00:12:21,060 --> 00:12:18,010

some equipment hone in your skills be

287

00:12:22,920 --> 00:12:21,070

good at what you do because the public

288

00:12:24,180 --> 00:12:22,930

doesn't have anywhere else to go MUFON

289

00:12:26,519 --> 00:12:24,190

is the only organization that

290

00:12:28,920 --> 00:12:26,529

investigates so you know not only are we

291

00:12:31,350 --> 00:12:28,930

the archivist and the historians of

292

00:12:33,449 --> 00:12:31,360

witness reports you know much like Peter

293

00:12:35,730 --> 00:12:33,459

Davenport and you know national UFO

294

00:12:38,370 --> 00:12:35,740

Reporting Center which we adore and have

295

00:12:40,800 --> 00:12:38,380

a big alliance with right now I'd like

296

00:12:42,449 --> 00:12:40,810

to talk about that a minute but you know

297

00:12:44,040 --> 00:12:42,459

it's just you know we're also

298

00:12:45,660 --> 00:12:44,050

investigating we're the only

299

00:12:48,390 --> 00:12:45,670

organization

300

00:12:50,250 --> 00:12:48,400

and it's not just the 50 states you have

301
00:12:52,740 --> 00:12:50,260
to remember we're international every

302
00:12:54,300 --> 00:12:52,750
country we're even in Russia I think the

303
00:12:56,490 --> 00:12:54,310
only one we're not investigating at this

304
00:12:59,160 --> 00:12:56,500
point is China yeah that makes sense

305
00:13:00,870 --> 00:12:59,170
yeah right unfortunately but yeah I

306
00:13:03,150 --> 00:13:00,880
could see that yeah we have to own it

307
00:13:05,910 --> 00:13:03,160
and we have to you know Abby that'd be

308
00:13:09,390 --> 00:13:05,920
that solid knowledgeable person out here

309
00:13:11,550 --> 00:13:09,400
because we tell people we are so I mean

310
00:13:12,720 --> 00:13:11,560
okay so you did mention it so we might

311
00:13:14,580 --> 00:13:12,730
as well cover this here

312
00:13:17,040 --> 00:13:14,590
I've spoken to Peter on several

313
00:13:20,460 --> 00:13:17,050

occasions to get some reports from him

314

00:13:23,310 --> 00:13:20,470

just an undeniable treasure trove of

315

00:13:25,050 --> 00:13:23,320

reports yes about UFOs with this guy and

316

00:13:27,510 --> 00:13:25,060

for those who don't know this dude he's

317

00:13:31,440 --> 00:13:27,520

a one-man shop and he works out of what

318

00:13:37,940 --> 00:13:31,450

is it a decommissioned missile silo he's

319

00:13:40,950 --> 00:13:37,950

so cute yes he works in a missile silo

320

00:13:44,880 --> 00:13:40,960

right so this is Peter Davenport he he

321

00:13:47,760 --> 00:13:44,890

is the head of new Fork right yes okay

322

00:13:50,040 --> 00:13:47,770

so what is the connection now that you

323

00:13:51,930 --> 00:13:50,050

have with MUFON and new Fork what do you

324

00:13:52,320 --> 00:13:51,940

guys what do you guys brewing up over

325

00:13:55,260 --> 00:13:52,330

there

326

00:13:56,910 --> 00:13:55,270

well actually MUFON reached out and one

327

00:13:59,010 --> 00:13:56,920

of the things that we understood and I

328

00:14:00,900 --> 00:13:59,020

say we as in you know kind of senior

329

00:14:02,250 --> 00:14:00,910

staff you know Jan and I were really

330

00:14:04,440 --> 00:14:02,260

putting our heads together it's like

331

00:14:06,510 --> 00:14:04,450

when did we all become such individuals

332

00:14:09,210 --> 00:14:06,520

because we all kind of partner each

333

00:14:11,700 --> 00:14:09,220

other and and assess I mean we work with

334

00:14:13,740 --> 00:14:11,710

Peter Davenport MUFON and and his his

335

00:14:16,620 --> 00:14:13,750

database were always comparing he's

336

00:14:19,170 --> 00:14:16,630

calling Jan we're calling him but what

337

00:14:21,930 --> 00:14:19,180

about William Puckett and what about

338

00:14:25,710 --> 00:14:21,940

night cap which is still in force with

339

00:14:28,710 --> 00:14:25,720

Fran Ridge and sure enough we forged a

340

00:14:31,200 --> 00:14:28,720

big alliance with made our and working a

341

00:14:33,180 --> 00:14:31,210

huge case all of us together putting our

342

00:14:35,760 --> 00:14:33,190

heads putting our best people and best

343

00:14:38,280 --> 00:14:35,770

minds on it and you know that's really

344

00:14:40,020 --> 00:14:38,290

where you follow gee started and I

345

00:14:42,740 --> 00:14:40,030

really think we need to get back to our

346

00:14:45,630 --> 00:14:42,750

roots and cooperate with one another

347

00:14:48,570 --> 00:14:45,640

re-establish strong ties of not only

348

00:14:49,230 --> 00:14:48,580

partnership but cooperation is sharing

349

00:14:51,750 --> 00:14:49,240

information

350

00:14:54,210 --> 00:14:51,760

I love the comment from one of the

351
00:14:56,640 --> 00:14:54,220
people looking you know helping us peer

352
00:14:58,710 --> 00:14:56,650
review something and he says we're fine

353
00:14:59,040 --> 00:14:58,720
gave us everything what is it and I'm

354
00:15:02,190 --> 00:14:59,050
glad

355
00:15:03,540 --> 00:15:02,200
and thinking of course we are so you

356
00:15:06,030 --> 00:15:03,550
know I thought that it's just a really

357
00:15:08,690 --> 00:15:06,040
good move and so we do we have a huge

358
00:15:11,340 --> 00:15:08,700
alliance it's called Project match and

359
00:15:14,880 --> 00:15:11,350
you know we're going after the big stuff

360
00:15:17,550 --> 00:15:14,890
and you recently became the new director

361
00:15:20,310 --> 00:15:17,560
of investigation am i correct yes that's

362
00:15:21,930 --> 00:15:20,320
awesome yeah I couldn't think of a

363
00:15:25,259 --> 00:15:21,940

better person to have in charge of that

364

00:15:28,560 --> 00:15:25,269

for sure so this is this is kind of the

365

00:15:31,139 --> 00:15:28,570

the overarching story that I wanted to

366

00:15:33,030 --> 00:15:31,149

cover here because if anyone hasn't read

367

00:15:36,120 --> 00:15:33,040

my book or seen one of my presentations

368

00:15:39,720 --> 00:15:36,130

or one of yours you were part of an

369

00:15:42,150 --> 00:15:39,730

investigation that trumps pretty much

370

00:15:45,210 --> 00:15:42,160

any other that I could possibly think of

371

00:15:48,780 --> 00:15:45,220

in the UFO field again I covered it in

372

00:15:51,269 --> 00:15:48,790

in my book under the title encounter in

373

00:15:53,910 --> 00:15:51,279

a cornfield so yeah if you're

374

00:15:56,610 --> 00:15:53,920

comfortable I I know it this is you know

375

00:15:58,800 --> 00:15:56,620

this is a bumpy one for sure but you

376

00:16:00,930 --> 00:15:58,810

were on an investigation with MUFON and

377

00:16:02,699 --> 00:16:00,940

you had possibly the most dramatic

378

00:16:04,769 --> 00:16:02,709

encounter I've ever heard

379

00:16:07,260 --> 00:16:04,779

with other witnesses which is very

380

00:16:09,389 --> 00:16:07,270

important and when I tell this story at

381

00:16:11,880 --> 00:16:09,399

my presentations there are audible gasps

382

00:16:14,370 --> 00:16:11,890

in the audience every time so would you

383

00:16:17,190 --> 00:16:14,380

mind telling us about what happened on

384

00:16:19,680 --> 00:16:17,200

this investigation sure but I'd like to

385

00:16:22,079 --> 00:16:19,690

probably just tell the audience first

386

00:16:24,300 --> 00:16:22,089

that you know this investigation went on

387

00:16:26,610 --> 00:16:24,310

for weeks and months mostly you know

388

00:16:28,440 --> 00:16:26,620

because of the time constraints we just

389

00:16:30,660 --> 00:16:28,450

kind of tell the good stuff you know and

390

00:16:33,540 --> 00:16:30,670

and but there were so many details in

391

00:16:35,699 --> 00:16:33,550

this so before they make a judgement on

392

00:16:37,410 --> 00:16:35,709

whether they believe it or not you know

393

00:16:39,810 --> 00:16:37,420

I asked them to read your book and and

394

00:16:42,840 --> 00:16:39,820

look at the full report and I have left

395

00:16:44,670 --> 00:16:42,850

that story up to you to tell and you

396

00:16:47,550 --> 00:16:44,680

were the first one to print it to in a

397

00:16:49,110 --> 00:16:47,560

book and I was more than happy to let

398

00:16:52,050 --> 00:16:49,120

you have it because I trusted you with

399

00:16:54,569 --> 00:16:52,060

it absolutely trust you and I really

400

00:16:57,120 --> 00:16:54,579

appreciate that yeah and then but I have

401
00:16:58,710 --> 00:16:57,130
been asked to tell this at a conference

402
00:17:00,600 --> 00:16:58,720
and it's it's kind of a smaller

403
00:17:01,680 --> 00:17:00,610
conference so I thought yeah okay I've

404
00:17:03,420 --> 00:17:01,690
never done that before

405
00:17:05,520 --> 00:17:03,430
so let me do it so I'm going through the

406
00:17:08,370 --> 00:17:05,530
slides I'm like oh my gosh I forgot all

407
00:17:10,559 --> 00:17:08,380
the detail and it's crazy but basically

408
00:17:12,790 --> 00:17:10,569
you know I had a witness that called and

409
00:17:15,340 --> 00:17:12,800
you know he was seeing like these are

410
00:17:17,530 --> 00:17:15,350
light say he didn't call him really orbs

411
00:17:19,930 --> 00:17:17,540
at first but these round balls of light

412
00:17:23,050 --> 00:17:19,940
and several of these things were going

413
00:17:24,370 --> 00:17:23,060

on on the property and he kind of let me

414

00:17:26,590 --> 00:17:24,380

know right away that these are going on

415

00:17:28,930 --> 00:17:26,600

every night and you know he and his

416

00:17:31,300 --> 00:17:28,940

cousins were out there chasing them down

417

00:17:33,130 --> 00:17:31,310

the road and you know as an investigator

418

00:17:34,630 --> 00:17:33,140

you know you hone in on every word they

419

00:17:36,760 --> 00:17:34,640

say and I'm thinking chasing them down

420

00:17:39,790 --> 00:17:36,770

the road does that mean what do you mean

421

00:17:40,930 --> 00:17:39,800

chasing them down the road and he would

422

00:17:42,700 --> 00:17:40,940

save it you know

423

00:17:44,530 --> 00:17:42,710

these lights would be in front of his

424

00:17:46,450 --> 00:17:44,540

car and they would just follow and race

425

00:17:48,460 --> 00:17:46,460

down the road with them they weren't up

426

00:17:50,620 --> 00:17:48,470

in the sky and they were trying to get

427

00:17:53,650 --> 00:17:50,630

under them so you know just really

428

00:17:56,590 --> 00:17:53,660

bizarre incredible sightings that he was

429

00:17:58,810 --> 00:17:56,600

having and I just wanted to go out there

430

00:18:00,340 --> 00:17:58,820

and we were stalled for a couple of

431

00:18:03,970 --> 00:18:00,350

weeks because of a big flood in

432

00:18:05,530 --> 00:18:03,980

Tennessee that really put the middle of

433

00:18:06,910 --> 00:18:05,540

Tennessee right under like six to eight

434

00:18:11,170 --> 00:18:06,920

feet of water from Memphis to Nashville

435

00:18:12,730 --> 00:18:11,180

so the roads are closed and you know we

436

00:18:14,380 --> 00:18:12,740

had to wait for water to recede to even

437

00:18:17,410 --> 00:18:14,390

get to his property because this was out

438

00:18:19,090 --> 00:18:17,420

in the boonies so we pull up finally we

439

00:18:21,250 --> 00:18:19,100

get to go and I picked up another start

440

00:18:22,960 --> 00:18:21,260

team investigator we pull up in his

441

00:18:24,490 --> 00:18:22,970

driveway and she's freaking out

442

00:18:25,900 --> 00:18:24,500

I mean she's just like oh my god oh my

443

00:18:28,030 --> 00:18:25,910

god you didn't tell me this is who it

444

00:18:29,590 --> 00:18:28,040

was and I'm like who is it because I

445

00:18:32,860 --> 00:18:29,600

don't follow the sport but he's a very

446

00:18:34,840 --> 00:18:32,870

prominent sports figure and yeah I I was

447

00:18:36,640 --> 00:18:34,850

thrilled I got to work with them and

448

00:18:39,130 --> 00:18:36,650

meet him but I had no idea who he was

449

00:18:41,500 --> 00:18:39,140

I'm very nice man we get out of the car

450

00:18:43,510 --> 00:18:41,510

and immediately he takes us kind of to

451
00:18:46,270 --> 00:18:43,520
the edge of his driveway overlooking

452
00:18:48,910 --> 00:18:46,280
kind of like this big hill and the

453
00:18:50,740 --> 00:18:48,920
property went down and it was a lot of

454
00:18:54,430 --> 00:18:50,750
grass but then you could see a tree line

455
00:18:56,650 --> 00:18:54,440
wait way down further in the yard and he

456
00:18:58,900 --> 00:18:56,660
says look it's already happening and he

457
00:19:02,020 --> 00:18:58,910
points up and he says this is how it

458
00:19:05,140 --> 00:19:02,030
starts every time and sure enough you

459
00:19:08,260 --> 00:19:05,150
see these like little clusters of light

460
00:19:10,270 --> 00:19:08,270
pop in and they weren't like way far

461
00:19:13,320 --> 00:19:10,280
away like stars they were kind of

462
00:19:15,730 --> 00:19:13,330
halfway between us so they were

463
00:19:17,830 --> 00:19:15,740

shockingly different and they would all

464

00:19:20,710 --> 00:19:17,840

come together and make a formation and

465

00:19:23,080 --> 00:19:20,720

then kind of move in a singular pattern

466

00:19:25,090 --> 00:19:23,090

and then they'd all burst away and I'm

467

00:19:26,409 --> 00:19:25,100

thinking oh my gosh because that's

468

00:19:29,769 --> 00:19:26,419

hitting our criteria

469

00:19:32,259 --> 00:19:29,779

of your right angles and stopping quick

470

00:19:34,629 --> 00:19:32,269

maneuvers yo speed aways all these

471

00:19:39,580 --> 00:19:34,639

things that you rule out satellites

472

00:19:41,859 --> 00:19:39,590

drones plane so um you know and finally

473

00:19:44,289 --> 00:19:41,869

he just said look if you guys don't mind

474

00:19:46,359 --> 00:19:44,299

let's go there's I have a corn field out

475

00:19:48,970 --> 00:19:46,369

here and it's you know over a hundred

476
00:19:50,739 --> 00:19:48,980
acres so we have a panoramic view and

477
00:19:53,619 --> 00:19:50,749
that's where we're gonna get our best

478
00:19:55,899 --> 00:19:53,629
look so we're like okay we get in this

479
00:19:59,139 --> 00:19:55,909
truck we go down to this cornfield sure

480
00:20:00,279 --> 00:19:59,149
enough you know it's huge I can't I kind

481
00:20:01,810 --> 00:20:00,289
of looked and I said this is all your

482
00:20:05,320 --> 00:20:01,820
corn like what do you do with all his

483
00:20:07,149 --> 00:20:05,330
cool it was you know really a little

484
00:20:09,340 --> 00:20:07,159
girl from Rhode Island right so we got

485
00:20:12,099 --> 00:20:09,350
out and set up a like a little table and

486
00:20:15,909 --> 00:20:12,109
then we pulled the back end of his truck

487
00:20:18,729 --> 00:20:15,919
down and I had you know some things back

488
00:20:20,259 --> 00:20:18,739

there and I like to tell this part the

489

00:20:23,169 --> 00:20:20,269

witness came out and he had this big old

490

00:20:24,789 --> 00:20:23,179

shotgun and I just kind of stopped and

491

00:20:27,129 --> 00:20:24,799

looked at him and he said no no no chase

492

00:20:29,950 --> 00:20:27,139

um you know no worries it's like we have

493

00:20:33,190 --> 00:20:29,960

problem with coyotes so in case we have

494

00:20:34,509 --> 00:20:33,200

a problem I've got it covered so we kind

495

00:20:37,450 --> 00:20:34,519

of set up the table we're in the middle

496

00:20:39,580 --> 00:20:37,460

of the field and he starts getting

497

00:20:41,289 --> 00:20:39,590

excited and you know he says here it is

498

00:20:43,060 --> 00:20:41,299

chase here it is it's coming here it's

499

00:20:45,909 --> 00:20:43,070

coming there it is and he points off

500

00:20:47,889 --> 00:20:45,919

into the distance away above a tree line

501
00:20:49,299 --> 00:20:47,899
and sure enough I see a light but at

502
00:20:53,109 --> 00:20:49,309
first I'm not sure if it's moving and

503
00:20:57,369 --> 00:20:53,119
then it's definitely moving and then I

504
00:20:59,710 --> 00:20:57,379
see two more pop in and just like like

505
00:21:03,310 --> 00:20:59,720
what is it that I thought they were just

506
00:21:05,560 --> 00:21:03,320
three unidentified objects at first so I

507
00:21:07,690 --> 00:21:05,570
get my camera trying to take pictures of

508
00:21:09,970 --> 00:21:07,700
it during this time my camera's not

509
00:21:12,580 --> 00:21:09,980
working I'm very frustrated I pick up

510
00:21:14,200 --> 00:21:12,590
another camera I had four different ones

511
00:21:16,450 --> 00:21:14,210
what different makes and models and then

512
00:21:18,190 --> 00:21:16,460
I noticed they're all moving in a way

513
00:21:19,960 --> 00:21:18,200

that oh my gosh I'm starting to see the

514

00:21:23,289 --> 00:21:19,970

outline where they're kind of blocking

515

00:21:25,930 --> 00:21:23,299

out the stars and sure enough if they're

516

00:21:28,389 --> 00:21:25,940

all attached this is a triangle and it's

517

00:21:30,479 --> 00:21:28,399

coming right over our head and I'm

518

00:21:33,159 --> 00:21:30,489

picking up everything I possibly can on

519

00:21:34,720 --> 00:21:33,169

probably broke one of my rules as an

520

00:21:36,970 --> 00:21:34,730

investigator but probably dropped an

521

00:21:39,190 --> 00:21:36,980

f-bomb like you know it's very F in

522

00:21:41,770 --> 00:21:39,200

there my epic cameras not doing anything

523

00:21:45,580 --> 00:21:41,780

it's just so frustrating as an

524

00:21:47,980 --> 00:21:45,590

investigator and I got a couple shots

525

00:21:51,010 --> 00:21:47,990

off as it was leaving so the further

526
00:21:53,260 --> 00:21:51,020
away it got you know I managed to get a

527
00:21:55,780 --> 00:21:53,270
few shots I ended up getting over 600

528
00:21:58,200 --> 00:21:55,790
photos but you know how many of those

529
00:22:01,780 --> 00:21:58,210
are good we're still trying to find out

530
00:22:03,940 --> 00:22:01,790
but um I was thrilled at this point you

531
00:22:07,810 --> 00:22:03,950
know we just saw clusters you know

532
00:22:10,360 --> 00:22:07,820
multiple clusters of these lights these

533
00:22:12,760 --> 00:22:10,370
round light manoeuvring and now at this

534
00:22:14,410 --> 00:22:12,770
triangle that moved like nothing I'd

535
00:22:16,240 --> 00:22:14,420
ever seen before it's really hard to

536
00:22:19,420 --> 00:22:16,250
describe it wasn't gliding flying

537
00:22:21,490 --> 00:22:19,430
sliding I just it's hard to find the

538
00:22:24,880 --> 00:22:21,500

word of how it moved through the

539

00:22:27,700 --> 00:22:24,890

atmosphere and I'm excited I turn around

540

00:22:29,530 --> 00:22:27,710

the investigator that was with me we're

541

00:22:32,260 --> 00:22:29,540

looking at each other and you know just

542

00:22:34,780 --> 00:22:32,270

like oh my gosh like we're happy dancing

543

00:22:37,090 --> 00:22:34,790

it was insane and so I kind of turned

544

00:22:38,890 --> 00:22:37,100

around because I was worried you know

545

00:22:41,260 --> 00:22:38,900

that all of a sudden all my equipment

546

00:22:42,700 --> 00:22:41,270

wasn't working so sure enough I checked

547

00:22:45,430 --> 00:22:42,710

everything everything's back online

548

00:22:46,660 --> 00:22:45,440

showing full batteries because I first

549

00:22:48,730 --> 00:22:46,670

have thought it was a battery drain

550

00:22:53,320 --> 00:22:48,740

which is very common in UFO and

551
00:22:55,990 --> 00:22:53,330
paranormal so I just who I am I'm better

552
00:22:58,180 --> 00:22:56,000
safe than sorry I wanted to change the

553
00:23:01,000 --> 00:22:58,190
batteries out of a couple of my most

554
00:23:02,980 --> 00:23:01,010
used pieces of equipment and one was a

555
00:23:05,170 --> 00:23:02,990
Trifield meter so I turned it around a

556
00:23:06,790 --> 00:23:05,180
month screw in the back and just the

557
00:23:08,890 --> 00:23:06,800
weirdest thing I mean you know we're

558
00:23:10,960 --> 00:23:08,900
still on adrenaline like this excitement

559
00:23:13,450 --> 00:23:10,970
this is the coolest thing ever to happen

560
00:23:16,150 --> 00:23:13,460
to you this is what every investigator

561
00:23:18,760 --> 00:23:16,160
dreams up when they go out on-site I

562
00:23:21,820 --> 00:23:18,770
just saw this with my own two eyes and

563
00:23:25,360 --> 00:23:21,830

then all of a sudden I just I remember

564

00:23:27,880 --> 00:23:25,370

saying and I'm pretty sure the exact

565

00:23:29,350 --> 00:23:27,890

words were hey guys anyone else feel

566

00:23:31,570 --> 00:23:29,360

like you're being watched and I said I

567

00:23:35,290 --> 00:23:31,580

don't mean from down here and about that

568

00:23:38,020 --> 00:23:35,300

time Ryan is this like fear it was

569

00:23:38,440 --> 00:23:38,030

physical but it punched right into my

570

00:23:44,080 --> 00:23:38,450

body

571

00:23:45,970 --> 00:23:44,090

terror not fight a flight terror and I

572

00:23:49,150 --> 00:23:45,980

just remember turning and running and

573

00:23:51,640 --> 00:23:49,160

when I turned I saw the witness who was

574

00:23:52,990 --> 00:23:51,650

behind me a little bit and the other

575

00:23:55,360 --> 00:23:53,000

investigator was four

576

00:23:57,430 --> 00:23:55,370

they're way up but I could I could see

577

00:24:00,010 --> 00:23:57,440

us all turning and running at the exact

578

00:24:02,740 --> 00:24:00,020

same time and as we're running

579

00:24:04,720 --> 00:24:02,750

I do remember like being fixated on this

580

00:24:07,810 --> 00:24:04,730

light and this light is going you know

581

00:24:09,760 --> 00:24:07,820

big swooping motions right left right

582

00:24:11,500 --> 00:24:09,770

left right left and it's really close to

583

00:24:13,390 --> 00:24:11,510

the ground and then all of a sudden I

584

00:24:15,250 --> 00:24:13,400

hit this brick wall and that's what it

585

00:24:17,230 --> 00:24:15,260

felt like and it turned out to be the

586

00:24:20,049 --> 00:24:17,240

witness and I ran into him because he

587

00:24:22,539 --> 00:24:20,059

stopped and the light that had kind of

588

00:24:24,100 --> 00:24:22,549

grabs my attention the fact I was also

589

00:24:26,470 --> 00:24:24,110

running faster than I thought I could

590

00:24:27,340 --> 00:24:26,480

was the flashlight he had in his hand

591

00:24:29,620 --> 00:24:27,350

and as he's running

592

00:24:31,630 --> 00:24:29,630

you know what that light is just because

593

00:24:35,260 --> 00:24:31,640

it's real dark but he just said what the

594

00:24:37,810 --> 00:24:35,270

f was that and I just followed my eyes

595

00:24:40,360 --> 00:24:37,820

when he he put his left hand out and and

596

00:24:42,220 --> 00:24:40,370

swung that light around and about six

597

00:24:45,570 --> 00:24:42,230

feet from us was this little being just

598

00:24:47,919 --> 00:24:45,580

stand-in there just stand-in there and

599

00:24:52,270 --> 00:24:47,929

not somebody stomach talking about it

600

00:24:54,669 --> 00:24:52,280

but you know it was just like it was one

601
00:24:58,149 --> 00:24:54,679
one thousand two and the next thing I

602
00:25:00,580 --> 00:24:58,159
know we're running I'm like it was crazy

603
00:25:04,720 --> 00:25:00,590
we jump in his truck the witness takes

604
00:25:07,390 --> 00:25:04,730
off we leave that cornfield so fast we

605
00:25:09,490 --> 00:25:07,400
caught air he had the big ol truck that

606
00:25:11,560 --> 00:25:09,500
was really raised up in fact he kind of

607
00:25:14,590 --> 00:25:11,570
had to hoist the other investigator up

608
00:25:17,049 --> 00:25:14,600
you know kind of threw her in you know

609
00:25:18,610 --> 00:25:17,059
just to get her in there yeah yeah and

610
00:25:20,350 --> 00:25:18,620
then he ran around got in the driver's

611
00:25:23,409 --> 00:25:20,360
seat and you know we get into it the

612
00:25:25,390 --> 00:25:23,419
driveway and we're all like stepping out

613
00:25:28,810 --> 00:25:25,400

and I remember thinking what the what

614

00:25:33,100 --> 00:25:28,820

the heck what is going on like why did

615

00:25:35,230 --> 00:25:33,110

we run like what was that and and I I'm

616

00:25:36,850 --> 00:25:35,240

just kind of scratching my head because

617

00:25:38,680 --> 00:25:36,860

at this point Ryan so many things are

618

00:25:41,080 --> 00:25:38,690

going through your head I know what I

619

00:25:43,180 --> 00:25:41,090

saw wait a minute why were we running

620

00:25:45,490 --> 00:25:43,190

where'd that fear go you know I remember

621

00:25:46,120 --> 00:25:45,500

had that fear when did it leave I don't

622

00:25:49,299 --> 00:25:46,130

remember

623

00:25:52,779 --> 00:25:49,309

just all sorts of things and at this

624

00:25:54,549 --> 00:25:52,789

point the other investigator we kind of

625

00:25:56,140 --> 00:25:54,559

looked each other and we knew I'm like

626

00:25:58,659 --> 00:25:56,150

we have to call the state director we've

627

00:26:00,250 --> 00:25:58,669

now become witnesses and we can't talk

628

00:26:03,610 --> 00:26:00,260

about this and we can't investigate our

629

00:26:05,049 --> 00:26:03,620

own sighting so she kind of walks down

630

00:26:06,130 --> 00:26:05,059

the driveway a little bit she's on the

631

00:26:08,770 --> 00:26:06,140

phone with Eddie

632

00:26:11,289 --> 00:26:08,780

and you know telling him what's going on

633

00:26:13,330 --> 00:26:11,299

I could hear him going oh my god like

634

00:26:16,419 --> 00:26:13,340

how my wedding you know and the witness

635

00:26:18,789 --> 00:26:16,429

came up and and he's visibly grateful

636

00:26:21,010 --> 00:26:18,799

and relieved is the best way to put this

637

00:26:22,960 --> 00:26:21,020

because he dropped down on a knee and he

638

00:26:25,150 --> 00:26:22,970

says chase thank you so much oh my god

639

00:26:28,510 --> 00:26:25,160

like you saw that right you saw that

640

00:26:31,750 --> 00:26:28,520

what was it and at this point I've got

641

00:26:33,910 --> 00:26:31,760

some senses back and I just said I you

642

00:26:36,130 --> 00:26:33,920

know I can't tell you he goes he goes

643

00:26:39,340 --> 00:26:36,140

chase what was it and I said it was real

644

00:26:41,080 --> 00:26:39,350

and then he said what did they want and

645

00:26:42,430 --> 00:26:41,090

when he said they I kind of thought what

646

00:26:45,669 --> 00:26:42,440

do you mean they I didn't see if they I

647

00:26:47,770 --> 00:26:45,679

saw him it what like wait what and at

648

00:26:49,210 --> 00:26:47,780

that point the other investigator kind

649

00:26:50,890 --> 00:26:49,220

of broke up that moment and we started

650

00:26:53,980 --> 00:26:50,900

talking but we were right back in that

651
00:26:56,770 --> 00:26:53,990
cornfield 30 minutes later and you know

652
00:26:59,710 --> 00:26:56,780
to this day it's hard to tell people

653
00:27:02,620 --> 00:26:59,720
that we were controlled out of that

654
00:27:04,990 --> 00:27:02,630
cornfield nobody was a runner the other

655
00:27:07,180 --> 00:27:05,000
investigator wasn't and neither was a

656
00:27:09,460 --> 00:27:07,190
witness remember this is the guy who

657
00:27:10,570 --> 00:27:09,470
brought a shotgun that said hey we have

658
00:27:12,130 --> 00:27:10,580
a problem with coyote

659
00:27:14,950 --> 00:27:12,140
he didn't say bran and get in the truck

660
00:27:17,080 --> 00:27:14,960
he brought a shotgun because Ryan this

661
00:27:19,480 --> 00:27:17,090
place is so far out in the boonies I

662
00:27:22,000 --> 00:27:19,490
mean it's way way out there and it's

663
00:27:26,710 --> 00:27:22,010

kind of the what they call that rich and

664

00:27:30,090 --> 00:27:26,720

famous part of Tennessee where they have

665

00:27:34,810 --> 00:27:30,100

these big beautiful you know mile long

666

00:27:37,210 --> 00:27:34,820

ranches you know and yeah it was just it

667

00:27:39,130 --> 00:27:37,220

was just crazy but they're so out there

668

00:27:41,860 --> 00:27:39,140

they don't dial nine-one-one they call

669

00:27:44,140 --> 00:27:41,870

the cops come and you know clean up a

670

00:27:45,430 --> 00:27:44,150

mess or tell them what happened but you

671

00:27:47,169 --> 00:27:45,440

know these aren't people that run these

672

00:27:49,150 --> 00:27:47,179

are people that know they have to handle

673

00:27:51,970 --> 00:27:49,160

whatever comes their way and so after a

674

00:27:53,680 --> 00:27:51,980

while you know it's it's a terrible

675

00:27:55,990 --> 00:27:53,690

position also to be in as an

676

00:27:59,650 --> 00:27:56,000

investigator because Scott law tells us

677

00:28:02,169 --> 00:27:59,660

that no one person's testimony validates

678

00:28:03,730 --> 00:28:02,179

an event and that's all I have the

679

00:28:05,260 --> 00:28:03,740

witness does not want to come out he

680

00:28:08,190 --> 00:28:05,270

didn't want him to be the crazy guy that

681

00:28:11,860 --> 00:28:08,200

saw UFOs the other investigator

682

00:28:13,690 --> 00:28:11,870

literally within two weeks of the

683

00:28:15,820 --> 00:28:13,700

sighting got in a car drove away from

684

00:28:18,460 --> 00:28:15,830

her family or husband and you know she

685

00:28:19,480 --> 00:28:18,470

was missing for awhile I'd say I did

686

00:28:21,850 --> 00:28:19,490

hear a rumor that they

687

00:28:24,190 --> 00:28:21,860

founder which was good but you know she

688

00:28:26,650 --> 00:28:24,200

left she's not on the record it's really

689

00:28:28,390 --> 00:28:26,660

hard and we went back out there I

690

00:28:30,700 --> 00:28:28,400

couldn't find any physical evidence I

691

00:28:32,320 --> 00:28:30,710

couldn't find trace evidence and you

692

00:28:34,450 --> 00:28:32,330

know the photos are you know it's a

693

00:28:37,240 --> 00:28:34,460

lightness guy who cares nobody cares I

694

00:28:39,190 --> 00:28:37,250

don't and so I'm like uh

695

00:28:43,000 --> 00:28:39,200

so I'm really hoping one day the the

696

00:28:44,890 --> 00:28:43,010

witness will come forward but instead of

697

00:28:46,090 --> 00:28:44,900

trying to figure out what was going on

698

00:28:48,850 --> 00:28:46,100

and oh my gosh

699

00:28:51,310 --> 00:28:48,860

Ryan trust me I've tried I've listened

700

00:28:52,780 --> 00:28:51,320

to the most crazy conspiracy type

701
00:28:55,780 --> 00:28:52,790
theories but I'll listen to anything

702
00:28:58,120 --> 00:28:55,790
anything that might put the pieces

703
00:29:00,310 --> 00:28:58,130
together what happened but there's a

704
00:29:02,560 --> 00:29:00,320
couple of things I do know I do know

705
00:29:03,790 --> 00:29:02,570
that whatever was going on out there we

706
00:29:06,880 --> 00:29:03,800
weren't supposed to be there

707
00:29:08,799 --> 00:29:06,890
we were controlled to run and that fear

708
00:29:10,780 --> 00:29:08,809
I would not wish on my worst enemy

709
00:29:12,660 --> 00:29:10,790
and I want nothing to do with it anymore

710
00:29:16,480 --> 00:29:12,670
the good things that came out of that

711
00:29:19,090 --> 00:29:16,490
was that's when I owned my title that's

712
00:29:21,760 --> 00:29:19,100
when I decided we've got to get better

713
00:29:24,040 --> 00:29:21,770

we have to be better than just you know

714

00:29:27,610 --> 00:29:24,050

standing around in a cornfield how do we

715

00:29:30,580 --> 00:29:27,620

do this better with witnesses it was

716

00:29:32,590 --> 00:29:30,590

just it was nutty it was crazy

717

00:29:36,130 --> 00:29:32,600

and this story should be absolutely

718

00:29:40,210 --> 00:29:36,140

ridiculous except I saw it and every

719

00:29:42,310 --> 00:29:40,220

detail I tell you is true and the thing

720

00:29:44,650 --> 00:29:42,320

the thing that bothers me the most is if

721

00:29:46,600 --> 00:29:44,660

if I could make up a story it'd be so

722

00:29:50,169 --> 00:29:46,610

much better than this because I'm a

723

00:29:51,850 --> 00:29:50,179

ufologist I know you know what makes a

724

00:29:54,730 --> 00:29:51,860

credible story you don't put together

725

00:29:57,130 --> 00:29:54,740

all this craziness but unfortunately

726

00:29:58,930 --> 00:29:57,140

that's what I got handed and telling the

727

00:30:01,200 --> 00:29:58,940

truth just there's so many aspects to

728

00:30:05,260 --> 00:30:01,210

this you know like you said the the

729

00:30:07,690 --> 00:30:05,270

really you know messy details that no

730

00:30:09,220 --> 00:30:07,700

one would feel or experience unless they

731

00:30:10,900 --> 00:30:09,230

were there and I think that's important

732

00:30:12,580 --> 00:30:10,910

when I tell you know when I sort of

733

00:30:14,290 --> 00:30:12,590

recall this story in my talks people

734

00:30:16,960 --> 00:30:14,300

come up and they're they asked me you

735

00:30:18,580 --> 00:30:16,970

know oh why didn't they stay and try to

736

00:30:21,520 --> 00:30:18,590

like communicate with this being or this

737

00:30:24,340 --> 00:30:21,530

but like you said we weren't there and

738

00:30:26,049 --> 00:30:24,350

that's kind of me as a researcher that's

739

00:30:29,470 --> 00:30:26,059

kind of the biggest thing I've learned

740

00:30:31,780 --> 00:30:29,480

is not to judge witnesses not to to

741

00:30:32,620 --> 00:30:31,790

assume what happened because I was not

742

00:30:34,660 --> 00:30:32,630

there in that

743

00:30:38,140 --> 00:30:34,670

when it right well I wish we had the

744

00:30:39,970 --> 00:30:38,150

option you know the key point here is we

745

00:30:42,700 --> 00:30:39,980

didn't know what we didn't turn around

746

00:30:44,650 --> 00:30:42,710

and run we all of a sudden I felt that

747

00:30:47,500 --> 00:30:44,660

we were controlled whatever is going on

748

00:30:49,450 --> 00:30:47,510

we all did it at the exact same time ran

749

00:30:52,720 --> 00:30:49,460

the same direction nobody said anything

750

00:30:55,210 --> 00:30:52,730

like what was that her run or everybody

751
00:30:56,770 --> 00:30:55,220
just did it and everybody was shocked at

752
00:30:58,540 --> 00:30:56,780
the end that we did it so it was

753
00:31:01,000 --> 00:30:58,550
definitely something we had no control

754
00:31:02,530 --> 00:31:01,010
over and you know and those are the

755
00:31:05,050 --> 00:31:02,540
things that people get confused with

756
00:31:07,390 --> 00:31:05,060
would I love a chance again to you know

757
00:31:08,740 --> 00:31:07,400
stop dead and and have a being six feet

758
00:31:10,630 --> 00:31:08,750
from me heck yeah

759
00:31:14,590 --> 00:31:10,640
and it even goes further than that

760
00:31:16,650 --> 00:31:14,600
because as I did a recording for you

761
00:31:19,570 --> 00:31:16,660
because you wanted to follow up on

762
00:31:21,430 --> 00:31:19,580
people who had you know really good

763
00:31:24,430 --> 00:31:21,440

sightings like your real real

764

00:31:26,260 --> 00:31:24,440

extraterrestrial type events and how do

765

00:31:31,000 --> 00:31:26,270

they feel now like where are they now

766

00:31:32,920 --> 00:31:31,010

on that topic and it's deeper so this

767

00:31:35,830 --> 00:31:32,930

has really turned into not about me as

768

00:31:38,500 --> 00:31:35,840

much as trying to understand why that

769

00:31:40,150 --> 00:31:38,510

being was in a field you know and even

770

00:31:42,580 --> 00:31:40,160

then it's I can't go there

771

00:31:45,940 --> 00:31:42,590

you know whatever happened that night is

772

00:31:48,640 --> 00:31:45,950

just it's it's too much it's too much

773

00:31:50,620 --> 00:31:48,650

I completely understand and I mean I can

774

00:31:53,110 --> 00:31:50,630

only imagine how that's impacted your

775

00:31:55,390 --> 00:31:53,120

investigations moving forward now

776

00:31:57,670 --> 00:31:55,400

becoming a witness having that empathy

777

00:32:00,840 --> 00:31:57,680

for those who've experienced it being in

778

00:32:04,270 --> 00:32:00,850

their shoes how is that impacted your

779

00:32:06,100 --> 00:32:04,280

investigations moving forward I think I

780

00:32:08,230 --> 00:32:06,110

just wanted to be better there came a

781

00:32:09,790 --> 00:32:08,240

time when we're going through the field

782

00:32:11,860 --> 00:32:09,800

and I'm thinking I'm missing something

783

00:32:13,300 --> 00:32:11,870

you know and to this day to this day

784

00:32:15,970 --> 00:32:13,310

Brian I'm the first one to admit

785

00:32:17,740 --> 00:32:15,980

something was wrong that night I know

786

00:32:21,130 --> 00:32:17,750

something was wrong I'm still trying to

787

00:32:22,990 --> 00:32:21,140

find it something was off whatever that

788

00:32:25,120 --> 00:32:23,000

means I can't tell you I could just tell

789

00:32:28,780 --> 00:32:25,130

you the best way to describe my gut is

790

00:32:31,120 --> 00:32:28,790

something was off and if I couldn't find

791

00:32:32,830 --> 00:32:31,130

it or if I couldn't find footprints well

792

00:32:35,140 --> 00:32:32,840

maybe it wasn't that they weren't there

793

00:32:38,200 --> 00:32:35,150

maybe it's because I've never done that

794

00:32:40,510 --> 00:32:38,210

before so how do we find him you know

795

00:32:43,270 --> 00:32:40,520

and now of course I bring lights out and

796

00:32:45,220 --> 00:32:43,280

you know not just um UV lights we know

797

00:32:45,900 --> 00:32:45,230

that different color lens lenses on

798

00:32:49,020 --> 00:32:45,910

glasses

799

00:32:50,400 --> 00:32:49,030

and then put a green light out there

800

00:32:52,290 --> 00:32:50,410

you're gonna find a different trace

801
00:32:55,890 --> 00:32:52,300
evidence than you would under a UV light

802
00:32:58,320 --> 00:32:55,900
so this is what I wanted to know is how

803
00:33:01,260 --> 00:32:58,330
do I actually find evidence of these

804
00:33:04,170 --> 00:33:01,270
events and you know what's available to

805
00:33:06,030 --> 00:33:04,180
us so I did I went and ended up being

806
00:33:08,190 --> 00:33:06,040
certified I am now an expert forensic

807
00:33:12,300 --> 00:33:08,200
collector and the evidence collection

808
00:33:14,220 --> 00:33:12,310
and custodian property manager and you

809
00:33:16,470 --> 00:33:14,230
know and I did it through not just a

810
00:33:18,180 --> 00:33:16,480
UFOs field I did this through law

811
00:33:19,470 --> 00:33:18,190
enforcement so you know I'm certified

812
00:33:22,410 --> 00:33:19,480
through the National Institute of

813
00:33:24,570 --> 00:33:22,420

justice and I just wanted to really be

814

00:33:27,150 --> 00:33:24,580

good because I'll tell you Ryan I'm

815

00:33:30,780 --> 00:33:27,160

after that event I don't know how many

816

00:33:32,550 --> 00:33:30,790

more stories the field can handle of my

817

00:33:36,120 --> 00:33:32,560

grandfather knew somebody that worked

818

00:33:39,630 --> 00:33:36,130

for area 51 or you know this light in

819

00:33:41,340 --> 00:33:39,640

the sky you know it was star size and it

820

00:33:44,030 --> 00:33:41,350

moved to the right and it was going east

821

00:33:45,990 --> 00:33:44,040

we've got tens of thousands of bees I

822

00:33:48,300 --> 00:33:46,000

really just want to focus on the

823

00:33:51,480 --> 00:33:48,310

evidence I you know what we need to do

824

00:33:54,630 --> 00:33:51,490

to crack this open is to get that

825

00:33:56,100 --> 00:33:54,640

evidence period period yeah and we're

826

00:33:58,170 --> 00:33:56,110

gonna get to that evidence in a little

827

00:34:00,090 --> 00:33:58,180

bit I want to talk to you about some

828

00:34:02,400 --> 00:34:00,100

other people who are working on some

829

00:34:05,700 --> 00:34:02,410

stuff right now with UFOs but we'll get

830

00:34:07,740 --> 00:34:05,710

to that but that event chase I mean it

831

00:34:10,980 --> 00:34:07,750

just again there is something off about

832

00:34:13,200 --> 00:34:10,990

it it almost seemed planned in some sort

833

00:34:15,930 --> 00:34:13,210

of weird way but again like you said

834

00:34:17,790 --> 00:34:15,940

still we may never know what actually

835

00:34:19,800 --> 00:34:17,800

happened out there in that field and you

836

00:34:22,590 --> 00:34:19,810

were there ground zero as it happened

837

00:34:25,020 --> 00:34:22,600

and you still don't know so again I wish

838

00:34:27,690 --> 00:34:25,030

you all the best with trying to find

839

00:34:29,460 --> 00:34:27,700

answers to that but also not you know

840

00:34:31,320 --> 00:34:29,470

maybe we'll never know what truly

841

00:34:34,020 --> 00:34:31,330

happened out there that's kind of what

842

00:34:35,970 --> 00:34:34,030

this phenomenon always does to us it's

843

00:34:39,540 --> 00:34:35,980

as frustrating as that is it's also

844

00:34:42,330 --> 00:34:39,550

exactly you know they're always a step

845

00:34:43,770 --> 00:34:42,340

ahead and we keep trying and we keep

846

00:34:46,320 --> 00:34:43,780

trying and like you said that evidence

847

00:34:48,450 --> 00:34:46,330

is very important and we will get to

848

00:34:51,330 --> 00:34:48,460

that shortly but the next thing I I

849

00:34:54,840 --> 00:34:51,340

wanted to touch on with you is sort of

850

00:34:57,570 --> 00:34:54,850

an an offset of what you you do in the

851
00:34:59,310 --> 00:34:57,580
field and beyond something that blew my

852
00:35:01,080 --> 00:34:59,320
mind and that I've never put

853
00:35:03,360 --> 00:35:01,090
a lot of my own personal time into

854
00:35:06,300 --> 00:35:03,370
looking into and that's investigating

855
00:35:08,220 --> 00:35:06,310
you know new and alternate history and

856
00:35:10,740 --> 00:35:08,230
you've you've been working for a while

857
00:35:13,290 --> 00:35:10,750
now with an expedition team in Peru of

858
00:35:18,480 --> 00:35:13,300
all gasps yeah we know Peru well now in

859
00:35:20,430 --> 00:35:18,490
the UFO field but yeah I would love to

860
00:35:23,490 --> 00:35:20,440
hear more about what you're doing with

861
00:35:26,660 --> 00:35:23,500
this team and what your sort of focus is

862
00:35:30,360 --> 00:35:26,670
with doing that I mean this is amazing

863
00:35:32,940 --> 00:35:30,370

though we've been visited not just

864

00:35:36,180 --> 00:35:32,950

centuries but basically from the

865

00:35:39,240 --> 00:35:36,190

beginning of our history as homo sapiens

866

00:35:41,340 --> 00:35:39,250

sapiens and even even further beckon

867

00:35:43,380 --> 00:35:41,350

back in the past so there's got to be

868

00:35:46,350 --> 00:35:43,390

evidence somewhere and again that's what

869

00:35:49,260 --> 00:35:46,360

we're looking for is the evidence of you

870

00:35:51,810 --> 00:35:49,270

know the past contact that we believe

871

00:35:55,200 --> 00:35:51,820

whether this is a biblical narrative of

872

00:35:58,470 --> 00:35:55,210

angels and gods or if this is you know

873

00:36:01,560 --> 00:35:58,480

extra intelligent beings and these

874

00:36:03,090 --> 00:36:01,570

entities from different planets at this

875

00:36:05,490 --> 00:36:03,100

point we're really trying to figure out

876

00:36:08,430 --> 00:36:05,500

is it one or the other can we determine

877

00:36:12,420 --> 00:36:08,440

this can we can we find the differences

878

00:36:16,470 --> 00:36:12,430

between you know human effort and that

879

00:36:18,390 --> 00:36:16,480

uh maybe Giants or hybrid race or even

880

00:36:20,730 --> 00:36:18,400

through some of the architecture and of

881

00:36:23,010 --> 00:36:20,740

course the cyclopean you know megalithic

882

00:36:25,110 --> 00:36:23,020

structures are you know one of the first

883

00:36:29,250 --> 00:36:25,120

things we're looking for because these

884

00:36:32,640 --> 00:36:29,260

are you know huge huge many many tons of

885

00:36:35,310 --> 00:36:32,650

rock that form perfectly next to each

886

00:36:36,900 --> 00:36:35,320

other with no martyr so you know that

887

00:36:39,930 --> 00:36:36,910

that's an engineering feat that we

888

00:36:41,250 --> 00:36:39,940

cannot copy today and very intrigued

889

00:36:43,440 --> 00:36:41,260

with some of this stuff so it's really

890

00:36:45,450 --> 00:36:43,450

just you know looking for you know

891

00:36:48,060 --> 00:36:45,460

things that haven't been found before

892

00:36:49,770 --> 00:36:48,070

and we're putting boots in areas that

893

00:36:52,200 --> 00:36:49,780

have never seen human feet it's

894

00:36:53,550 --> 00:36:52,210

dangerous the last trip we made down

895

00:36:56,160 --> 00:36:53,560

there was most dangerous thing I've ever

896

00:36:58,830 --> 00:36:56,170

done and I honestly can't wait to do it

897

00:37:00,900 --> 00:36:58,840

again this is amazing but I will tell

898

00:37:03,990 --> 00:37:00,910

you the scariest thing ever in an Amazon

899

00:37:06,360 --> 00:37:04,000

in the Amazon jungle are these friggin

900

00:37:08,580 --> 00:37:06,370

little things called bullet ants oh my

901
00:37:10,260 --> 00:37:08,590
gosh they scared the crap out of me

902
00:37:12,839 --> 00:37:10,270
because it's the most painful bite and

903
00:37:14,700 --> 00:37:12,849
yeah so you know the tarantulas

904
00:37:16,440 --> 00:37:14,710
you know they get a little ooh but those

905
00:37:20,549 --> 00:37:16,450
bullet ants and be running screaming

906
00:37:23,009 --> 00:37:20,559
like the biggest girl ever you know it's

907
00:37:24,499 --> 00:37:23,019
so funny you know we we never to think

908
00:37:26,849 --> 00:37:24,509
of those things when we see these

909
00:37:29,190 --> 00:37:26,859
expedition shows or these you know

910
00:37:31,170 --> 00:37:29,200
pseudo archaeologists going out there

911
00:37:32,880 --> 00:37:31,180
and looking for stuff you forget that

912
00:37:35,999 --> 00:37:32,890
there there are things out there that do

913
00:37:38,069 --> 00:37:36,009

not want you there absolutely because

914

00:37:41,370 --> 00:37:38,079

where we were everything wanted to eat

915

00:37:43,680 --> 00:37:41,380

us everything plants animals you know

916

00:37:45,569 --> 00:37:43,690

you name it but it's amazing chase

917

00:37:48,749 --> 00:37:45,579

because I'm seeing like images of you

918

00:37:50,789 --> 00:37:48,759

like actually analyzing these things you

919

00:37:52,769 --> 00:37:50,799

know from a scientific method point of

920

00:37:53,880 --> 00:37:52,779

view and what what is this team called

921

00:37:54,390 --> 00:37:53,890

by the way I don't think I mentioned

922

00:37:57,210 --> 00:37:54,400

that

923

00:38:00,210 --> 00:37:57,220

it's called eco quest enterprises and

924

00:38:03,630 --> 00:38:00,220

it's led by Timothy albariño which is

925

00:38:08,880 --> 00:38:03,640

best known probably for Gen 6 and in Sun

926
00:38:11,269 --> 00:38:08,890
and Sun bronze boja cruise and he's a an

927
00:38:14,779 --> 00:38:11,279
explorer and a very successful

928
00:38:17,940 --> 00:38:14,789
archaeologist he's got many big big

929
00:38:20,130 --> 00:38:17,950
expeditions and a discovery already

930
00:38:22,170 --> 00:38:20,140
under his belt and you know I really

931
00:38:23,489 --> 00:38:22,180
really encourage people to go look him

932
00:38:28,650 --> 00:38:23,499
up you can find him on the internet

933
00:38:31,890 --> 00:38:28,660
under boja cruise which is Bo h IC r uz

934
00:38:34,950 --> 00:38:31,900
and you know between Timothy and and Sun

935
00:38:36,539 --> 00:38:34,960
and it's just amazing and we are we're

936
00:38:38,940 --> 00:38:36,549
going places where we've never been

937
00:38:41,700 --> 00:38:38,950
before nobody has been before and

938
00:38:43,979 --> 00:38:41,710

picking up some evidence I work out

939

00:38:46,319 --> 00:38:43,989

there and it is very science I have my

940

00:38:49,739 --> 00:38:46,329

field kits and you know trying to set up

941

00:38:52,979 --> 00:38:49,749

a clean room or a clean space in the

942

00:38:56,279 --> 00:38:52,989

Amazon you know to take forensics and

943

00:38:58,890 --> 00:38:56,289

you know film every step to show that we

944

00:39:00,989 --> 00:38:58,900

had prudence it's yeah it's amazing I

945

00:39:04,940 --> 00:39:00,999

love it I love it out there and you

946

00:39:09,539 --> 00:39:04,950

living with a tribe for five days of

947

00:39:12,479 --> 00:39:09,549

Headshrinkers was interesting I could

948

00:39:14,700 --> 00:39:12,489

only imagine so you know it's just it's

949

00:39:17,039 --> 00:39:14,710

just fun to be in that arena because um

950

00:39:19,469 --> 00:39:17,049

you know I live in DC and that's enough

951
00:39:22,739 --> 00:39:19,479
of a jungle so you know to get out there

952
00:39:24,650 --> 00:39:22,749
in the Amazon with the air and oh my

953
00:39:26,609 --> 00:39:24,660
gosh I can't wait to go back where I am

954
00:39:29,549 --> 00:39:26,619
one jungle to it

955
00:39:32,009 --> 00:39:29,559
there for sure well okay so you

956
00:39:34,200 --> 00:39:32,019
mentioned DC this is what I wanted to

957
00:39:36,359 --> 00:39:34,210
cover with you next besides working for

958
00:39:39,059 --> 00:39:36,369
MUFON you know going to Peru and doing

959
00:39:41,970 --> 00:39:39,069
all these amazing expeditions in 2016

960
00:39:44,519 --> 00:39:41,980
you became a lobbyist for the UFO field

961
00:39:47,130 --> 00:39:44,529
you are fighting the fight for us down

962
00:39:48,569 --> 00:39:47,140
in DC Jaso what what made you want to do

963
00:39:51,059 --> 00:39:48,579

this what it what did you hope to

964

00:39:53,759 --> 00:39:51,069

achieve in becoming a UFO lobbyist this

965

00:39:55,650 --> 00:39:53,769

is awesome yeah it was it was really

966

00:39:58,890 --> 00:39:55,660

Steve Bassett and you know being a

967

00:40:02,160 --> 00:39:58,900

witness to an extraordinary event that

968

00:40:04,079 --> 00:40:02,170

produced a lot of forward movement for

969

00:40:06,809 --> 00:40:04,089

us as ufologists and that was the

970

00:40:08,849 --> 00:40:06,819

citizens hearing for disclosure and you

971

00:40:11,549 --> 00:40:08,859

know I know they were former Congress

972

00:40:13,440 --> 00:40:11,559

and Senators and if anybody knows how DC

973

00:40:15,420 --> 00:40:13,450

works they probably have more political

974

00:40:19,950 --> 00:40:15,430

clout to call the president than the

975

00:40:21,420 --> 00:40:19,960

seeded ones right now but right but you

976

00:40:23,549 --> 00:40:21,430

know I watched them come in on a Monday

977

00:40:26,940 --> 00:40:23,559

and they were being polite and they were

978

00:40:28,620 --> 00:40:26,950

listening by Wednesday we had half of

979

00:40:31,440 --> 00:40:28,630

them standing up saying we need those

980

00:40:33,239 --> 00:40:31,450

files open so what I realized is when

981

00:40:35,729 --> 00:40:33,249

you approach these people who have no

982

00:40:38,099 --> 00:40:35,739

idea no idea of what's going on they're

983

00:40:40,799 --> 00:40:38,109

not being read in the secret keepers are

984

00:40:44,279 --> 00:40:40,809

not these guys sitting in the house or

985

00:40:46,620 --> 00:40:44,289

the Senate with the right language we

986

00:40:49,140 --> 00:40:46,630

can educate them and they get it I saw

987

00:40:51,829 --> 00:40:49,150

it at the citizens hearing so when we

988

00:40:54,210 --> 00:40:51,839

kind of thought what are we not doing as

989

00:40:56,249 --> 00:40:54,220

ufologists in this field well we're

990

00:40:58,739 --> 00:40:56,259

really not including the scientist and

991

00:41:01,680 --> 00:40:58,749

the lawmakers could have been brutal to

992

00:41:04,170 --> 00:41:01,690

us in the past and you know not being

993

00:41:08,190 --> 00:41:04,180

afraid to have a door shut my face I've

994

00:41:10,559 --> 00:41:08,200

really elicit both and I use science a

995

00:41:14,249 --> 00:41:10,569

lot of scientists to test a lot of labs

996

00:41:16,470 --> 00:41:14,259

because I won't use UFO labs because you

997

00:41:18,089 --> 00:41:16,480

know it's like the prosecution trying to

998

00:41:20,940 --> 00:41:18,099

prove the case with only their witnesses

999

00:41:22,829 --> 00:41:20,950

okay so you know I use very independent

1000

00:41:26,009 --> 00:41:22,839

labs a scientists and I've learned as

1001

00:41:28,620 --> 00:41:26,019

long as I'm not saying hey I think this

1002

00:41:30,900 --> 00:41:28,630

metals from a mothership yeah it's like

1003

00:41:32,460 --> 00:41:30,910

hey I got some metal you test metal can

1004

00:41:33,120 --> 00:41:32,470

I send you this metal how much is that

1005

00:41:36,210 --> 00:41:33,130

going to cost

1006

00:41:39,569 --> 00:41:36,220

and we're good to go and and I'm getting

1007

00:41:40,500 --> 00:41:39,579

really noted laughs and and some of the

1008

00:41:42,090 --> 00:41:40,510

guys that I've

1009

00:41:44,730 --> 00:41:42,100

even had examine our stuffer up from

1010

00:41:46,890 --> 00:41:44,740

four Nobel Peace Prize so yeah and

1011

00:41:48,630 --> 00:41:46,900

knowing that okay well we walked through

1012

00:41:50,310 --> 00:41:48,640

that door what's the next one

1013

00:41:51,840 --> 00:41:50,320

so I kind of thought we have to get our

1014

00:41:53,490 --> 00:41:51,850

lawmakers because we're never going to

1015

00:41:55,590 --> 00:41:53,500

get anything Declassified we're never

1016

00:41:58,380 --> 00:41:55,600

going to change anything with the secret

1017

00:42:00,900 --> 00:41:58,390

keepers or to have any transparency if

1018

00:42:03,480 --> 00:42:00,910

we don't start including the very people

1019

00:42:05,460 --> 00:42:03,490

that can do it you know so now I mean

1020

00:42:07,590 --> 00:42:05,470

I'm working on this case and this

1021

00:42:09,450 --> 00:42:07,600

alliance that we have you know MUFON

1022

00:42:13,290 --> 00:42:09,460

thought it was really important to

1023

00:42:14,250 --> 00:42:13,300

include nightcap and NuForce and you

1024

00:42:17,640 --> 00:42:14,260

know all the people that have been

1025

00:42:19,830 --> 00:42:17,650

working very hard on a case that also

1026

00:42:22,400 --> 00:42:19,840

offers a lot of evidence and evidence

1027

00:42:25,830 --> 00:42:22,410

that they would understand meaning they

1028

00:42:28,410 --> 00:42:25,840

the House and Senate so we are we're

1029

00:42:31,350 --> 00:42:28,420

getting ready as soon as this reports

1030

00:42:33,090 --> 00:42:31,360

finalized and you know I've got a senior

1031

00:42:36,780 --> 00:42:33,100

staffer that's willing to give me ten

1032

00:42:38,490 --> 00:42:36,790

minutes in a subcommittee and I'm gonna

1033

00:42:40,410 --> 00:42:38,500

take it and that ten minutes hopefully

1034

00:42:42,570 --> 00:42:40,420

leads into thirty four the next thing

1035

00:42:44,970 --> 00:42:42,580

I've got ten minutes to convince them

1036

00:42:47,400 --> 00:42:44,980

that we have something they need to pay

1037

00:42:49,350 --> 00:42:47,410

attention to and I think for the most

1038

00:42:51,810 --> 00:42:49,360

part honestly for the most part these

1039

00:42:54,540 --> 00:42:51,820

guys have no idea no idea what's going

1040

00:42:56,430 --> 00:42:54,550

on here and I also know they don't give

1041

00:42:58,080 --> 00:42:56,440

two craps about Roswell they don't want

1042

00:43:00,810 --> 00:42:58,090

to hear about Rendlesham they don't want

1043

00:43:02,580 --> 00:43:00,820

to hear any of that because what they're

1044

00:43:06,050 --> 00:43:02,590

concerned with every single day is

1045

00:43:09,150 --> 00:43:06,060

national security threat assessment and

1046

00:43:11,400 --> 00:43:09,160

basically how they look so thanks we're

1047

00:43:12,750 --> 00:43:11,410

but you know they look at something like

1048

00:43:13,890 --> 00:43:12,760

Rendlesham and you know back in the 80s

1049

00:43:15,900 --> 00:43:13,900

and they're like well how does that

1050

00:43:17,820 --> 00:43:15,910

affect us today right I don't see the

1051
00:43:19,800 --> 00:43:17,830
connection why am I wasting my time on

1052
00:43:23,030 --> 00:43:19,810
this so it took us a little bit to

1053
00:43:26,480 --> 00:43:23,040
actually get a case that does absolutely

1054
00:43:30,180 --> 00:43:26,490
demonstrate civilian and military

1055
00:43:32,790 --> 00:43:30,190
concern and with enough evidence that

1056
00:43:33,030 --> 00:43:32,800
you know it'd be provable in a court of

1057
00:43:35,580 --> 00:43:33,040
law

1058
00:43:37,920 --> 00:43:35,590
and getting our talking points together

1059
00:43:41,280 --> 00:43:37,930
and presenting this very scientifically

1060
00:43:43,800 --> 00:43:41,290
and with a national security interest no

1061
00:43:46,020 --> 00:43:43,810
ufos no aliens I'm praying we get that

1062
00:43:48,300 --> 00:43:46,030
thirty minutes but this is how we do it

1063
00:43:51,300 --> 00:43:48,310

Brian I'm convinced that we have to talk

1064

00:43:53,730 --> 00:43:51,310

and we know that to the Stars Academy

1065

00:43:54,450 --> 00:43:53,740

they're doing the same thing doing a lot

1066

00:43:57,060 --> 00:43:54,460

of work

1067

00:43:59,040 --> 00:43:57,070

with Congress and the one thing I want

1068

00:44:01,650 --> 00:43:59,050

people to know I've never had to show my

1069

00:44:03,750 --> 00:44:01,660

Lobby ID not one time I have walked in

1070

00:44:05,880 --> 00:44:03,760

and I made my phone calls and I pick up

1071

00:44:08,400 --> 00:44:05,890

that phone and I worked it until I found

1072

00:44:11,609 --> 00:44:08,410

the right place I'm not special and

1073

00:44:14,370 --> 00:44:11,619

neither are they everybody that is a

1074

00:44:16,140 --> 00:44:14,380

citizen and pays taxes has a right to

1075

00:44:18,810 --> 00:44:16,150

talk to the people in those seats and

1076

00:44:20,910 --> 00:44:18,820

you know my lobbyist did not get my

1077

00:44:24,300 --> 00:44:20,920

lobbyist ID didn't get me any further

1078

00:44:27,390 --> 00:44:24,310

being sensible did I can tell you that

1079

00:44:29,460 --> 00:44:27,400

Lou Elizondo it's got a big uphill

1080

00:44:31,680 --> 00:44:29,470

battle right now because you know once

1081

00:44:33,150 --> 00:44:31,690

you're out you're out he's not gonna get

1082

00:44:34,320 --> 00:44:33,160

any more information from a tip

1083

00:44:37,020 --> 00:44:34,330

absolutely not

1084

00:44:38,430 --> 00:44:37,030

my husband's retired he's out they're

1085

00:44:40,560 --> 00:44:38,440

not calling him giving him you know

1086

00:44:41,910 --> 00:44:40,570

movement of submarines and you know hey

1087

00:44:45,480 --> 00:44:41,920

what do you think of it you're out

1088

00:44:47,579 --> 00:44:45,490

you're out so you know I just really

1089

00:44:50,550 --> 00:44:47,589

want to encourage people to join me

1090

00:44:53,160 --> 00:44:50,560

let's do this you know there's no stars

1091

00:44:55,530 --> 00:44:53,170

out here as far as um you know people

1092

00:44:58,109 --> 00:44:55,540

being special every one of us can talk

1093

00:45:01,470 --> 00:44:58,119

to the CIA we can knock on the doors and

1094

00:45:02,970 --> 00:45:01,480

of the DIA and ask questions and it's

1095

00:45:05,099 --> 00:45:02,980

really a you know for the people that

1096

00:45:07,349 --> 00:45:05,109

are kind of rowdy and rebel spirited

1097

00:45:09,780 --> 00:45:07,359

like we are we'd love to you know start

1098

00:45:11,880 --> 00:45:09,790

start this discussion especially if you

1099

00:45:13,770 --> 00:45:11,890

live near desync and it could show up

1100

00:45:16,650 --> 00:45:13,780

here and walk in with me I would love

1101
00:45:19,500 --> 00:45:16,660
that that's awesome well I'm gonna be in

1102
00:45:21,690 --> 00:45:19,510
Baltimore in November so you've got a

1103
00:45:24,690 --> 00:45:21,700
guest with you coming pretty soon chase

1104
00:45:26,730 --> 00:45:24,700
I could tell you that much I love it and

1105
00:45:28,589 --> 00:45:26,740
that's probably not the worst timing and

1106
00:45:31,560 --> 00:45:28,599
I'm pretty sure I think I saw you as a

1107
00:45:34,109 --> 00:45:31,570
guest on alien comm which is awesome

1108
00:45:34,710 --> 00:45:34,119
yeah they invited me back for some

1109
00:45:37,020 --> 00:45:34,720
reason

1110
00:45:40,020 --> 00:45:37,030
that's awesome Ryan and to tell you the

1111
00:45:42,150 --> 00:45:40,030
truth um we were talking about maybe be

1112
00:45:43,980 --> 00:45:42,160
running panels or you know some people I

1113
00:45:46,170 --> 00:45:43,990

just can't I have I'm gonna be in

1114

00:45:48,329 --> 00:45:46,180

Arizona see this is what happens to us

1115

00:45:50,790 --> 00:45:48,339

Ryan I would be in Arizona at boot camp

1116

00:45:56,910 --> 00:45:50,800

um could be teaching advanced evidence

1117

00:45:58,980 --> 00:45:56,920

collection oh god see I mean this is

1118

00:46:01,290 --> 00:45:58,990

what I love like you you're not a

1119

00:46:04,020 --> 00:46:01,300

one-trick pony chase you you never have

1120

00:46:06,300 --> 00:46:04,030

been you're not just a UFO person you

1121

00:46:08,100 --> 00:46:06,310

you're out there like serving your

1122

00:46:10,410 --> 00:46:08,110

country doing what you

1123

00:46:11,130 --> 00:46:10,420

to do in helping people so I think

1124

00:46:14,820 --> 00:46:11,140

that's awesome

1125

00:46:16,650 --> 00:46:14,830

I really do Thanks I just really you

1126
00:46:19,860 --> 00:46:16,660
know I people were good to me coming in

1127
00:46:22,470 --> 00:46:19,870
you know it's it's awesome and I just

1128
00:46:24,090 --> 00:46:22,480
remember it was really a struggle in a

1129
00:46:26,760 --> 00:46:24,100
big picture it was a struggle it's a

1130
00:46:30,030 --> 00:46:26,770
good old boys network where we're

1131
00:46:32,040 --> 00:46:30,040
throwing those walls down and you know

1132
00:46:33,510 --> 00:46:32,050
things are getting much better now and I

1133
00:46:35,520 --> 00:46:33,520
think it's because you know we're

1134
00:46:38,070 --> 00:46:35,530
working hard and and things are changing

1135
00:46:40,550 --> 00:46:38,080
our conversations are changing and you

1136
00:46:44,100 --> 00:46:40,560
know we're stepping up to a more modern

1137
00:46:46,260 --> 00:46:44,110
method and and real science and that's

1138
00:46:47,850 --> 00:46:46,270

really available to us now I mean you

1139

00:46:50,340 --> 00:46:47,860

know 10 years ago we couldn't buy

1140

00:46:52,320 --> 00:46:50,350

forensic equipment only you know law

1141

00:46:55,080 --> 00:46:52,330

enforcement so but now it is available

1142

00:46:57,720 --> 00:46:55,090

so you know some of it's um you know

1143

00:47:00,000 --> 00:46:57,730

just availability of what we can use now

1144

00:47:02,490 --> 00:47:00,010

but we're on it you're on it you're on

1145

00:47:04,770 --> 00:47:02,500

it yeah and I think another big thing a

1146

00:47:07,410 --> 00:47:04,780

concern the scientific community seems

1147

00:47:10,110 --> 00:47:07,420

to have is this atom research project or

1148

00:47:13,110 --> 00:47:10,120

to the Stars or other organizations that

1149

00:47:15,270 --> 00:47:13,120

are attempting to analyze you know

1150

00:47:16,740 --> 00:47:15,280

materials again we're not saying alien

1151
00:47:20,340 --> 00:47:16,750
we're saying materials that might be

1152
00:47:22,920 --> 00:47:20,350
exotic somehow is that they're so damn

1153
00:47:24,990 --> 00:47:22,930
stubborn and not willing to give these

1154
00:47:28,080 --> 00:47:25,000
people the benefit of the doubt and I

1155
00:47:31,380 --> 00:47:28,090
think what's what really has bothered me

1156
00:47:34,080 --> 00:47:31,390
lately are the the scientific people who

1157
00:47:37,170 --> 00:47:34,090
aren't willing to give these civilians a

1158
00:47:40,380 --> 00:47:37,180
chance you know god I bid someone

1159
00:47:42,360 --> 00:47:40,390
actually try to do something and move

1160
00:47:45,110 --> 00:47:42,370
the field forward and try to get some

1161
00:47:47,910 --> 00:47:45,120
answers scientifically I mean God forbid

1162
00:47:49,500 --> 00:47:47,920
right I have a big problem with that

1163
00:47:51,570 --> 00:47:49,510

when to the stars first came around

1164

00:47:53,850 --> 00:47:51,580

maybe I was a bit hesitant but like I'm

1165

00:47:55,860 --> 00:47:53,860

on board I I'm not a member i I don't

1166

00:47:58,500 --> 00:47:55,870

contribute I'm a journalist I want to

1167

00:48:00,750 --> 00:47:58,510

stay disconnected so that I can have

1168

00:48:04,410 --> 00:48:00,760

that objective view of as this all plays

1169

00:48:06,930 --> 00:48:04,420

out but like you said you know you have

1170

00:48:08,730 --> 00:48:06,940

to do the work if you're just sitting

1171

00:48:10,760 --> 00:48:08,740

there what are you contributing to any

1172

00:48:13,680 --> 00:48:10,770

of this that's kind of how I look at it

1173

00:48:16,110 --> 00:48:13,690

yeah absolutely and you know we don't

1174

00:48:18,630 --> 00:48:16,120

mind skeptics weighing in or know people

1175

00:48:21,120 --> 00:48:18,640

but know what you're talking about like

1176

00:48:21,840 --> 00:48:21,130

back it up because you know I put out my

1177

00:48:23,340 --> 00:48:21,850

reports

1178

00:48:25,710 --> 00:48:23,350

show me yours you can't just say on

1179

00:48:28,050 --> 00:48:25,720

Facebook yeah I don't buy it because um

1180

00:48:30,210 --> 00:48:28,060

oh it's a drone why is it a drone

1181

00:48:33,480 --> 00:48:30,220

because these proclamations aren't good

1182

00:48:37,080 --> 00:48:33,490

enough anymore but you know i-i-i love

1183

00:48:38,880 --> 00:48:37,090

to the stars academy i almost think if i

1184

00:48:41,340 --> 00:48:38,890

had to do it over would i do it that way

1185

00:48:46,170 --> 00:48:41,350

yep I sure would we have a lot of drama

1186

00:48:48,030 --> 00:48:46,180

in ufology sometimes and to sever myself

1187

00:48:50,730 --> 00:48:48,040

from all of that it has always been a

1188

00:48:52,710 --> 00:48:50,740

challenge and I try to continue to do

1189

00:48:54,450 --> 00:48:52,720

that but you know to just kind of get

1190

00:48:57,150 --> 00:48:54,460

your own group of scientists you know

1191

00:49:00,480 --> 00:48:57,160

Bigelow did it with knids and you know

1192

00:49:02,580 --> 00:49:00,490

they dismissed ufologist and you know

1193

00:49:04,290 --> 00:49:02,590

I'm not so sure that we didn't deserve a

1194

00:49:06,120 --> 00:49:04,300

little bit of that we've been working on

1195

00:49:09,180 --> 00:49:06,130

this for seventy years it's time to get

1196

00:49:11,490 --> 00:49:09,190

busy guys we can't play around our our

1197

00:49:14,010 --> 00:49:11,500

time is running out

1198

00:49:16,290 --> 00:49:14,020

and you know these guys I don't see them

1199

00:49:19,080 --> 00:49:16,300

as a challenge I see them as you know

1200

00:49:21,870 --> 00:49:19,090

almost a helpmate because you know to

1201

00:49:24,960 --> 00:49:21,880

the stars Tommen and Liu have a close

1202

00:49:26,790 --> 00:49:24,970

relationship with MUFON so you know they

1203

00:49:28,530 --> 00:49:26,800

are kind of working but they are they're

1204

00:49:30,810 --> 00:49:28,540

keeping their cards very close to their

1205

00:49:33,000 --> 00:49:30,820

best and we don't so you know there may

1206

00:49:34,620 --> 00:49:33,010

be some concerns I love that they're

1207

00:49:37,350 --> 00:49:34,630

trying to investigate I think they're

1208

00:49:39,690 --> 00:49:37,360

finding that's not as easy as watching

1209

00:49:41,670 --> 00:49:39,700

Ghost Hunters on TV and then you know

1210

00:49:43,860 --> 00:49:41,680

getting a couple pieces of equipment and

1211

00:49:47,670 --> 00:49:43,870

going out there yeah there's a lot of

1212

00:49:50,490 --> 00:49:47,680

concerns one thing I see is sterilized

1213

00:49:51,960 --> 00:49:50,500

gloves you know a big mistake you see

1214

00:49:54,600 --> 00:49:51,970

people putting on you know these gloves

1215

00:49:55,790 --> 00:49:54,610

and that looks great no not if you're

1216

00:49:58,290 --> 00:49:55,800

picking up evidence

1217

00:50:01,110 --> 00:49:58,300

latex gloves protects you from

1218

00:50:04,080 --> 00:50:01,120

contamination sterile gloves protects

1219

00:50:05,790 --> 00:50:04,090

your evidence so yeah and that

1220

00:50:07,020 --> 00:50:05,800

cross-contamination you know from those

1221

00:50:09,720 --> 00:50:07,030

gloves that you just pull out of that

1222

00:50:11,940 --> 00:50:09,730

big box they're not sterile you know so

1223

00:50:13,980 --> 00:50:11,950

that cross-contamination is so if they

1224

00:50:15,690 --> 00:50:13,990

were made in Mexico those gloves you

1225

00:50:17,520 --> 00:50:15,700

know it somehow had that dust from that

1226
00:50:21,390 --> 00:50:17,530
you know something in there yes who

1227
00:50:24,750 --> 00:50:21,400
knows yeah so it's just there's a lot a

1228
00:50:26,730 --> 00:50:24,760
lot more to it there's a process for

1229
00:50:28,770 --> 00:50:26,740
your evidence to be admissible you just

1230
00:50:30,180 --> 00:50:28,780
can't pick up a piece of metal and run

1231
00:50:31,650 --> 00:50:30,190
it through a lab and say oh here it is

1232
00:50:33,330 --> 00:50:31,660
guys you know you have to have it

1233
00:50:35,160 --> 00:50:33,340
forensic ly photographs you have to have

1234
00:50:37,049 --> 00:50:35,170
it you know in a catalog

1235
00:50:39,240 --> 00:50:37,059
you know so that we can always make sure

1236
00:50:41,280 --> 00:50:39,250
that metal is exactly what was tested

1237
00:50:43,200 --> 00:50:41,290
and where you got it and you know we ran

1238
00:50:45,240 --> 00:50:43,210

into this with Rendlesham metal you know

1239

00:50:48,210 --> 00:50:45,250

some guys like hey I got this metal from

1240

00:50:52,500 --> 00:50:48,220

Rendlesham well first of all whatever

1241

00:50:54,180 --> 00:50:52,510

right yeah how do we know you got it

1242

00:50:56,069 --> 00:50:54,190

from you know cuz I could show you

1243

00:50:57,780 --> 00:50:56,079

exactly where I picked it up not good

1244

00:50:59,460 --> 00:50:57,790

enough buddy we have to hit

1245

00:51:02,099 --> 00:50:59,470

admissibility we have to work these

1246

00:51:04,710 --> 00:51:02,109

cases like it's a homicide and it's the

1247

00:51:07,260 --> 00:51:04,720

same rules of evidence it's the same

1248

00:51:09,599 --> 00:51:07,270

rules we're and and I think is ufologist

1249

00:51:12,720 --> 00:51:09,609

we've tried to push these cases forward

1250

00:51:16,020 --> 00:51:12,730

as though they were admissible and we

1251

00:51:17,670 --> 00:51:16,030

weren't following lawful process so

1252

00:51:19,140 --> 00:51:17,680

without that I think they're I think

1253

00:51:22,380 --> 00:51:19,150

they're gonna have some challenges with

1254

00:51:26,190 --> 00:51:22,390

that and the thing that would help them

1255

00:51:28,650 --> 00:51:26,200

the most is to ask people or bring on

1256

00:51:31,079 --> 00:51:28,660

that expert there's plenty out here you

1257

00:51:33,240 --> 00:51:31,089

know you know so I I worry about that

1258

00:51:36,000 --> 00:51:33,250

because I actually saw a picture Ana on

1259

00:51:39,829 --> 00:51:36,010

to the Stars site I think it was a tweet

1260

00:51:43,309 --> 00:51:39,839

and I went and and it it shows Lou

1261

00:51:45,990 --> 00:51:43,319

holding a camera photographs I phone

1262

00:51:48,210 --> 00:51:46,000

photographing evidence not bad at all

1263

00:51:49,740 --> 00:51:48,220

but he had his gloves on so of course my

1264

00:51:54,710 --> 00:51:49,750

comment was I hope after he put the

1265

00:52:00,120 --> 00:51:57,780

right you know throws me up in the air

1266

00:52:02,069 --> 00:52:00,130

but yeah and you know I know your

1267

00:52:03,720 --> 00:52:02,079

concerns are valid as many other

1268

00:52:05,640 --> 00:52:03,730

scientists may be out there or

1269

00:52:07,799 --> 00:52:05,650

investigators and I think you're right

1270

00:52:09,809 --> 00:52:07,809

you know since to the stars just put out

1271

00:52:11,730 --> 00:52:09,819

some of their videos and whatnot within

1272

00:52:12,780 --> 00:52:11,740

days the UFO community is like oh you

1273

00:52:14,430 --> 00:52:12,790

shouldn't be doing that you should be

1274

00:52:16,170 --> 00:52:14,440

doing this or this or that

1275

00:52:19,020 --> 00:52:16,180

so I think you know I don't know about

1276

00:52:21,870 --> 00:52:19,030

you instead of just being extremely

1277

00:52:24,270 --> 00:52:21,880

volatile to these people trying you know

1278

00:52:25,620 --> 00:52:24,280

trying like you said let's help them and

1279

00:52:27,720 --> 00:52:25,630

let's show them that like we're willing

1280

00:52:29,190 --> 00:52:27,730

to work with them instead of getting

1281

00:52:32,190 --> 00:52:29,200

jealous and being like oh we're not the

1282

00:52:35,430 --> 00:52:32,200

ones on TV or working with Tom DeLonge

1283

00:52:38,099 --> 00:52:35,440

well we could be and I know for a fact

1284

00:52:40,710 --> 00:52:38,109

that many people within MUFON and

1285

00:52:43,170 --> 00:52:40,720

outside of MUFON have been tapped to

1286

00:52:46,319 --> 00:52:43,180

somewhat work with to the stars so right

1287

00:52:48,690 --> 00:52:46,329

right you know this is a time in ufology

1288

00:52:51,180 --> 00:52:48,700

when we should be embracing

1289

00:52:54,089 --> 00:52:51,190

the one who is willing to move it

1290

00:52:56,670 --> 00:52:54,099

forward and find some answers so instead

1291

00:52:58,319 --> 00:52:56,680

of again making them an enemy let's just

1292

00:53:00,540 --> 00:52:58,329

all try to work together and that's

1293

00:53:01,980 --> 00:53:00,550

exactly what you said earlier so yeah

1294

00:53:03,540 --> 00:53:01,990

and I think that's part of the problem

1295

00:53:06,270 --> 00:53:03,550

that you know we've been trying to

1296

00:53:08,280 --> 00:53:06,280

readjust what's wrong with us and why

1297

00:53:09,900 --> 00:53:08,290

are we fighting and why is this and it's

1298

00:53:12,750 --> 00:53:09,910

because too many people want to pee on

1299

00:53:14,550 --> 00:53:12,760

their bushes and it hasn't worked in the

1300

00:53:17,730 --> 00:53:14,560

past and that's the first thing I wanted

1301

00:53:19,980 --> 00:53:17,740

to see or you know evaluate it didn't

1302

00:53:22,680 --> 00:53:19,990

work so why don't we put our heads

1303

00:53:26,700 --> 00:53:22,690

together out here you know it does MUFON

1304

00:53:28,349 --> 00:53:26,710

have to be the only people to see this

1305

00:53:30,630 --> 00:53:28,359

case why can't we bring in to Peter

1306

00:53:33,480 --> 00:53:30,640

Davenport and you know William Puckett

1307

00:53:36,839 --> 00:53:33,490

and Fran Ridge and you know these other

1308

00:53:39,089 --> 00:53:36,849

UFO groups this is our history nycap has

1309

00:53:39,930 --> 00:53:39,099

been around as long as MUFON and they're

1310

00:53:43,079 --> 00:53:39,940

still standing

1311

00:53:44,760 --> 00:53:43,089

Koufos it's like come on like I thought

1312

00:53:47,310 --> 00:53:44,770

it was nostalgic I thought it was

1313

00:53:48,960 --> 00:53:47,320

awesome to bring these groups back in

1314

00:53:51,420 --> 00:53:48,970

the spotlight let's work with these guys

1315

00:53:54,390 --> 00:53:51,430

some of these people have 70 years in

1316

00:53:56,790 --> 00:53:54,400

the field what but yeah and that is a

1317

00:54:00,120 --> 00:53:56,800

rarity these days so if we can get

1318

00:54:02,670 --> 00:54:00,130

anything from you know 70 years of

1319

00:54:04,319 --> 00:54:02,680

research and build upon that I think

1320

00:54:06,599 --> 00:54:04,329

that's that's the most important thing

1321

00:54:08,910 --> 00:54:06,609

is you never forget where you come from

1322

00:54:11,010 --> 00:54:08,920

or you know these people in the field

1323

00:54:12,900 --> 00:54:11,020

who I've learned from and then build

1324

00:54:15,300 --> 00:54:12,910

upon their work instead of saying it's

1325

00:54:16,920 --> 00:54:15,310

no it's not relevant anymore it's always

1326

00:54:18,270 --> 00:54:16,930

going to be relevant in some year

1327

00:54:20,370 --> 00:54:18,280

exactly

1328

00:54:22,470 --> 00:54:20,380

building it up yeah you know and I think

1329

00:54:24,960 --> 00:54:22,480

some people um it might be a little

1330

00:54:26,819 --> 00:54:24,970

offended or feel dismissed but you know

1331

00:54:29,190 --> 00:54:26,829

not everybody's owned it

1332

00:54:31,980 --> 00:54:29,200

not everybody's worked for it you know

1333

00:54:35,370 --> 00:54:31,990

so you know if you have a legacy out

1334

00:54:38,010 --> 00:54:35,380

here you probably like I know you Ryan

1335

00:54:40,050 --> 00:54:38,020

um what if you can't do radio anymore

1336

00:54:43,670 --> 00:54:40,060

you've got five under things you can do

1337

00:54:47,309 --> 00:54:43,680

and that's that's really the best way to

1338

00:54:49,620 --> 00:54:47,319

maneuver your investigation or you know

1339

00:54:50,700 --> 00:54:49,630

how you want to be in this field is you

1340

00:54:52,829 --> 00:54:50,710

just don't put all your eggs in one

1341

00:54:55,500 --> 00:54:52,839

basket that's for sure and be

1342

00:54:57,839 --> 00:54:55,510

multi-talented and and be interested and

1343

00:54:59,220 --> 00:54:57,849

ask questions and not be afraid to call

1344

00:55:01,170 --> 00:54:59,230

somebody and say hey you're working on

1345

00:55:02,609 --> 00:55:01,180

this is there a place I can help in that

1346

00:55:04,410 --> 00:55:02,619

or is there

1347

00:55:07,739 --> 00:55:04,420

you know can I read your stuff I mean

1348

00:55:10,470 --> 00:55:07,749

you know even a simple like and to no

1349

00:55:12,120 --> 00:55:10,480

longer begrudge somebody because they

1350

00:55:13,739 --> 00:55:12,130

came out with an awesome article and

1351
00:55:15,269 --> 00:55:13,749
you're just not you're not going to give

1352
00:55:17,309 --> 00:55:15,279
them the like for it because you didn't

1353
00:55:19,739 --> 00:55:17,319
like them you know we're we're

1354
00:55:20,640 --> 00:55:19,749
outgrowing this and those people you

1355
00:55:24,120 --> 00:55:20,650
know when their phone's not ringing

1356
00:55:26,249 --> 00:55:24,130
Brian it's us exactly exactly I mean

1357
00:55:28,440 --> 00:55:26,259
everyone always asked me even outside

1358
00:55:30,329 --> 00:55:28,450
the UFO feels like you're always doing

1359
00:55:32,549 --> 00:55:30,339
something you're you're doing a play or

1360
00:55:34,589 --> 00:55:32,559
a movie or they're you know the book or

1361
00:55:37,109 --> 00:55:34,599
whatever whatever it is I'm doing and

1362
00:55:39,539 --> 00:55:37,119
yeah it's because I I can't sit around

1363
00:55:41,759 --> 00:55:39,549

and be I know I have to be doing

1364

00:55:44,910 --> 00:55:41,769

something like how do you do that but

1365

00:55:47,220 --> 00:55:44,920

you wanna know how I called someone and

1366

00:55:49,470 --> 00:55:47,230

I was completely shameless and said how

1367

00:55:51,299 --> 00:55:49,480

can I be involved what can I do because

1368

00:55:53,940 --> 00:55:51,309

that's a very personal and maybe

1369

00:55:55,920 --> 00:55:53,950

sometimes selfish approach to it but

1370

00:55:58,650 --> 00:55:55,930

that's how it happens and that's how you

1371

00:56:01,079 --> 00:55:58,660

get the ball rolling get involved stop

1372

00:56:04,440 --> 00:56:01,089

sitting on your ass and complaining and

1373

00:56:06,299 --> 00:56:04,450

do something absolutely and it's even at

1374

00:56:09,359 --> 00:56:06,309

conferences how many times have we seen

1375

00:56:12,660 --> 00:56:09,369

people like afraid to approach you Brian

1376

00:56:15,299 --> 00:56:12,670

or and it's like wait wait like you know

1377

00:56:17,640 --> 00:56:15,309

they see you as a rock star you don't

1378

00:56:21,269 --> 00:56:17,650

see you as a rock star please come talk

1379

00:56:23,190 --> 00:56:21,279

to us all right yeah I if that person is

1380

00:56:24,870 --> 00:56:23,200

out there they have just as much right

1381

00:56:27,599 --> 00:56:24,880

being up there speaking about this topic

1382

00:56:31,160 --> 00:56:27,609

as I do because none of us are experts

1383

00:56:34,109 --> 00:56:31,170

we look into it on a day-to-day basis we

1384

00:56:35,999 --> 00:56:34,119

relay the information we've gotten and

1385

00:56:38,819 --> 00:56:36,009

that's about it and that's what it is

1386

00:56:42,150 --> 00:56:38,829

it's a discourse you know this isn't us

1387

00:56:44,759 --> 00:56:42,160

preaching to people that are less

1388

00:56:46,589 --> 00:56:44,769

informed than we are it's us saying hey

1389

00:56:47,940 --> 00:56:46,599

this is what we found what do you think

1390

00:56:49,440 --> 00:56:47,950

about it yes

1391

00:56:51,839 --> 00:56:49,450

let's get that conversation going I

1392

00:56:54,960 --> 00:56:51,849

couldn't agree more there are no rock

1393

00:56:57,900 --> 00:56:54,970

stars we're all rock stars I guess we're

1394

00:56:59,579 --> 00:56:57,910

all groupies how's that yeah still a big

1395

00:57:01,049 --> 00:56:59,589

groupie I love my Richard Dolan and

1396

00:57:02,849 --> 00:57:01,059

we're good friends with him both of us

1397

00:57:04,859 --> 00:57:02,859

are very very close to Richard but I'm

1398

00:57:06,900 --> 00:57:04,869

still kind of a fan girl I don't want to

1399

00:57:09,599 --> 00:57:06,910

lose that I don't want to lose that it's

1400

00:57:11,519 --> 00:57:09,609

fun you know I love your work to death

1401

00:57:14,640 --> 00:57:11,529

Ryan I'm a fan girl I want to lose that

1402

00:57:15,930 --> 00:57:14,650

like you know that's it's just way more

1403

00:57:18,630 --> 00:57:15,940

fun to have those

1404

00:57:21,750 --> 00:57:18,640

feelings with each other then you know

1405

00:57:22,560 --> 00:57:21,760

resentment and jealousy you know I'm not

1406

00:57:24,060 --> 00:57:22,570

into that

1407

00:57:26,910 --> 00:57:24,070

I'm the same and we have to also

1408

00:57:28,890 --> 00:57:26,920

remember like we're not we're not just

1409

00:57:31,050 --> 00:57:28,900

throwing mud at ufology this is like

1410

00:57:34,710 --> 00:57:31,060

this in any type of field or

1411

00:57:36,780 --> 00:57:34,720

organization you know but it does seem

1412

00:57:38,640 --> 00:57:36,790

to be pretty prevalent in ours and we in

1413

00:57:44,040 --> 00:57:38,650

the only way it can change is if we

1414

00:57:47,610 --> 00:57:44,050

acknowledge it so I think you to join

1415

00:57:50,100 --> 00:57:47,620

MUFON become an fi it's you know it's

1416

00:57:52,110 --> 00:57:50,110

it's the people like you that we need

1417

00:57:54,450 --> 00:57:52,120

you're a truth seeker you have integrity

1418

00:57:56,490 --> 00:57:54,460

and you have the energy where you know

1419

00:57:58,140 --> 00:57:56,500

it's that next generation that we need

1420

00:58:01,230 --> 00:57:58,150

to build up I've been doing it for over

1421

00:58:02,850 --> 00:58:01,240

20 years and you know even though we

1422

00:58:05,250 --> 00:58:02,860

kind of feel like we're ushering in

1423

00:58:07,320 --> 00:58:05,260

behind some of those we're looking for

1424

00:58:09,210 --> 00:58:07,330

the people that are like with us you

1425

00:58:12,780 --> 00:58:09,220

know right behind you know we need the

1426

00:58:15,360 --> 00:58:12,790

20 and 30-somethings and you know it's

1427

00:58:17,220 --> 00:58:15,370

very important but you didn't come in

1428

00:58:19,410 --> 00:58:17,230

knowing everything Ryan you didn't come

1429

00:58:22,470 --> 00:58:19,420

in like you know you were gonna fix

1430

00:58:25,680 --> 00:58:22,480

everything and ufology you know you came

1431

00:58:28,680 --> 00:58:25,690

in and and did your work and like you

1432

00:58:30,210 --> 00:58:28,690

said had no shame to say hey hey cocky

1433

00:58:32,930 --> 00:58:30,220

about that I think that's cool that's

1434

00:58:36,450 --> 00:58:32,940

they love to do it so you know I think

1435

00:58:38,310 --> 00:58:36,460

your intentions really your everything

1436

00:58:43,010 --> 00:58:38,320

we need I'd love you to join move on I

1437

00:58:45,120 --> 00:58:43,020

keep you busy it's never too late I

1438

00:58:47,420 --> 00:58:45,130

welcome that invitation and we'll

1439

00:58:50,490 --> 00:58:47,430

definitely talk more about that for sure

1440

00:58:52,860 --> 00:58:50,500

well you did mention chase not having

1441

00:58:55,980 --> 00:58:52,870

all your eggs in one basket now you have

1442

00:58:57,930 --> 00:58:55,990

been very busy in other facets of I

1443

00:59:00,690 --> 00:58:57,940

guess the UFO field and that's with

1444

00:59:02,940 --> 00:59:00,700

presenting it to the mainstream so you

1445

00:59:05,160 --> 00:59:02,950

you mentioned a project that you're a

1446

00:59:07,020 --> 00:59:05,170

Associate Producer on I don't know how

1447

00:59:08,640 --> 00:59:07,030

much you can actually talk about this so

1448

00:59:11,100 --> 00:59:08,650

forgive me if I'm putting you on the

1449

00:59:13,350 --> 00:59:11,110

spot this is a project that you're

1450

00:59:16,350 --> 00:59:13,360

working with Netflix is there anything

1451
00:59:19,380 --> 00:59:16,360
you can tell us about this yes and I

1452
00:59:21,690 --> 00:59:19,390
want to I'm working with the team that

1453
00:59:25,530 --> 00:59:21,700
was approached by Netflix on it on a

1454
00:59:27,840 --> 00:59:25,540
topic and I happen to have been involved

1455
00:59:29,730 --> 00:59:27,850
with writing a book with one of the guys

1456
00:59:32,670 --> 00:59:29,740
on name

1457
00:59:35,070 --> 00:59:32,680
Groth and they just they love the idea

1458
00:59:37,530 --> 00:59:35,080
they completely funded it and we have a

1459
00:59:41,130 --> 00:59:37,540
full documentary film coming out on

1460
00:59:43,710 --> 00:59:41,140
Netflix in I believe it's scheduled for

1461
00:59:47,240 --> 00:59:43,720
February and it's in post-production

1462
00:59:50,700 --> 00:59:47,250
right now Netflix loved the editors cut

1463
00:59:54,060 --> 00:59:50,710

so so so so much that they ordered

1464

00:59:57,120 --> 00:59:54,070

another one so I know it's not even done

1465

00:59:59,990 --> 00:59:57,130

yet and you know it's so amazing and to

1466

01:00:04,260 --> 01:00:00,000

be an Associate Producer on you know a

1467

01:00:06,630 --> 01:00:04,270

Netflix film has been it's been an

1468

01:00:10,290 --> 01:00:06,640

eye-opener it's been amazing you know I

1469

01:00:13,260 --> 01:00:10,300

don't know if I can join the next one

1470

01:00:15,870 --> 01:00:13,270

but they kind of don't need me the team

1471

01:00:17,220 --> 01:00:15,880

is such a rockstar and when all the

1472

01:00:18,750 --> 01:00:17,230

names come out you'll be like oh yeah

1473

01:00:21,510 --> 01:00:18,760

they don't need chase they're on they're

1474

01:00:23,970 --> 01:00:21,520

good but yeah I got to be part of this

1475

01:00:26,760 --> 01:00:23,980

this whole process it's actually the

1476

01:00:29,700 --> 01:00:26,770

film is going to be put into two film

1477

01:00:32,010 --> 01:00:29,710

festivals and I don't know maybe would

1478

01:00:35,910 --> 01:00:32,020

it be cool if for the first time a UFO

1479

01:00:40,410 --> 01:00:35,920

topic type film got an award in an

1480

01:00:43,680 --> 01:00:40,420

actual festival yes credible you know

1481

01:00:46,560 --> 01:00:43,690

non UFO festivals yes I think that's

1482

01:00:48,870 --> 01:00:46,570

awesome well I mean sort of staying on

1483

01:00:51,420 --> 01:00:48,880

that same vein you have also been very

1484

01:00:53,790 --> 01:00:51,430

busy on my television here at home

1485

01:00:55,890 --> 01:00:53,800

you're popping up everywhere chase I

1486

01:00:57,270 --> 01:00:55,900

mean within the last year or two you've

1487

01:01:01,290 --> 01:00:57,280

worked with Josh gates

1488

01:01:03,480 --> 01:01:01,300

Rob Lowe and ancient aliens as well so I

1489

01:01:05,700 --> 01:01:03,490

mean I'd love if you know briefly you

1490

01:01:09,000 --> 01:01:05,710

could sort of run over what you did with

1491

01:01:11,090 --> 01:01:09,010

these guys and how those experiences

1492

01:01:14,910 --> 01:01:11,100

were I can only imagine a whirlwind I

1493

01:01:18,240 --> 01:01:14,920

loved it working with Josh gates is he's

1494

01:01:21,570 --> 01:01:18,250

exactly who he is on TV he's funny he's

1495

01:01:23,310 --> 01:01:21,580

very very nice very attentive they

1496

01:01:25,020 --> 01:01:23,320

appreciate everything that you know

1497

01:01:26,609 --> 01:01:25,030

you're doing with them because they know

1498

01:01:28,620 --> 01:01:26,619

that you kind of given up your life to

1499

01:01:31,080 --> 01:01:28,630

something you're not doing on a daily

1500

01:01:33,330 --> 01:01:31,090

basis so it's foreign he was he was

1501

01:01:34,590 --> 01:01:33,340

amazing and you know we joked around to

1502

01:01:36,780 --> 01:01:34,600

the point where we're in that like

1503

01:01:38,609 --> 01:01:36,790

little flashy Jeep and he's like we're

1504

01:01:40,410 --> 01:01:38,619

like Mulder and Scully chase and I'm

1505

01:01:42,780 --> 01:01:40,420

like yeah trust no one

1506

01:01:43,500 --> 01:01:42,790

Josh and you know he's just he's just

1507

01:01:45,450 --> 01:01:43,510

fun

1508

01:01:48,240 --> 01:01:45,460

and he says let's put our glasses on

1509

01:01:50,070 --> 01:01:48,250

like we're MIB it was just fun times

1510

01:01:52,860 --> 01:01:50,080

like that but then when it came time to

1511

01:01:55,050 --> 01:01:52,870

investigate dead-on he is serious so

1512

01:01:58,950 --> 01:01:55,060

he's the real deal I really like that

1513

01:02:02,280 --> 01:01:58,960

Rob Lowe that was amazing because I got

1514

01:02:04,830 --> 01:02:02,290

to board a research vessel named the

1515

01:02:06,660 --> 01:02:04,840

bold horizon and worked with the Eclipse

1516

01:02:08,640 --> 01:02:06,670

group which is the same group that was

1517

01:02:10,860 --> 01:02:08,650

worked with Steven Spielberg and George

1518

01:02:13,770 --> 01:02:10,870

Lucas and you know some of the big guys

1519

01:02:16,980 --> 01:02:13,780

there on the Titanic and some of the

1520

01:02:19,350 --> 01:02:16,990

other films that they made and you know

1521

01:02:21,780 --> 01:02:19,360

it was amazing you know we were gonna

1522

01:02:23,040 --> 01:02:21,790

investigate the Malibu underwater base

1523

01:02:24,090 --> 01:02:23,050

and for the first time we're actually

1524

01:02:26,720 --> 01:02:24,100

gonna put eyes on it

1525

01:02:30,030 --> 01:02:26,730

we had sides Andy yeah we put that

1526

01:02:31,890 --> 01:02:30,040

Mohawk too it's it's an ROV and put them

1527

01:02:35,640 --> 01:02:31,900

in the water and it got all this HD

1528

01:02:38,760 --> 01:02:35,650

video and side scanning radar and landed

1529

01:02:40,530 --> 01:02:38,770

on top of that structure and went down

1530

01:02:44,280 --> 01:02:40,540

the front of it and back and forth on

1531

01:02:47,760 --> 01:02:44,290

the on the seabed and it was awesome but

1532

01:02:49,320 --> 01:02:47,770

Rob is Hollywood and it felt Hollywood

1533

01:02:51,840 --> 01:02:49,330

the whole time like when I was around

1534

01:02:54,840 --> 01:02:51,850

because I had all meals with Robin and

1535

01:02:56,490 --> 01:02:54,850

the boys and we all got along really

1536

01:02:57,600 --> 01:02:56,500

great and had fun at the meals but it

1537

01:03:00,960 --> 01:02:57,610

was kind of like after the meals

1538

01:03:04,770 --> 01:03:00,970

it was Hollywood it was like Hollywood

1539

01:03:07,080 --> 01:03:04,780

and the best way to describe it was the

1540

01:03:09,600 --> 01:03:07,090

boat captain and I were standing at the

1541

01:03:12,360 --> 01:03:09,610

rails there were 40 of us on the ship

1542

01:03:13,740 --> 01:03:12,370

no there was 47 of us on the ship and 40

1543

01:03:15,750 --> 01:03:13,750

of us hanging over the rails the first

1544

01:03:19,770 --> 01:03:15,760

12 hours by the way I believe the show

1545

01:03:22,500 --> 01:03:19,780

showed Rob throwing up I know it's like

1546

01:03:24,600 --> 01:03:22,510

we were all like no it was bad but um

1547

01:03:26,550 --> 01:03:24,610

you know it we're standing in side rails

1548

01:03:29,160 --> 01:03:26,560

and this big wave comes up and kind of

1549

01:03:31,020 --> 01:03:29,170

knocks us a little and kind of soaks us

1550

01:03:32,670 --> 01:03:31,030

down and you know the guys all come

1551
01:03:34,020 --> 01:03:32,680
running up and they're dry in Rob's hair

1552
01:03:36,750 --> 01:03:34,030
and they're fixing his makeup and fix

1553
01:03:38,130 --> 01:03:36,760
his hair and then they walk away and

1554
01:03:39,840 --> 01:03:38,140
they're like okay and he starts talking

1555
01:03:42,690 --> 01:03:39,850
to us and I'm like I'm sure I have

1556
01:03:45,000 --> 01:03:42,700
mascara running down my cheeks and you

1557
01:03:46,350 --> 01:03:45,010
know it's like and I kind of looked at

1558
01:03:51,930 --> 01:03:46,360
the captain he looked at me and I'm like

1559
01:03:54,300 --> 01:03:51,940
okay yeah but he was very nice when it

1560
01:03:56,340 --> 01:03:54,310
was time to be sociable but when it

1561
01:03:57,480 --> 01:03:56,350
wasn't it was work and it was Hollywood

1562
01:04:02,730 --> 01:03:57,490
yeah

1563
01:04:05,010 --> 01:04:02,740

III you can also see the dichotomy

1564

01:04:08,339 --> 01:04:05,020

between Rob Lowe and Josh gates you know

1565

01:04:11,240 --> 01:04:08,349

one yes one grew up as an expedition er

1566

01:04:14,160 --> 01:04:11,250

and actually was passionate about

1567

01:04:15,720 --> 01:04:14,170

putting the legwork in to do this now

1568

01:04:18,660 --> 01:04:15,730

I'm not saying anything against Rob Lowe

1569

01:04:20,700 --> 01:04:18,670

but he is a Hollywood actor does he have

1570

01:04:23,910 --> 01:04:20,710

an actual interest in this yes of course

1571

01:04:25,950 --> 01:04:23,920

what he does you know he also had a

1572

01:04:27,630 --> 01:04:25,960

silliness about it because this was an

1573

01:04:30,050 --> 01:04:27,640

experience that he was sharing with his

1574

01:04:32,040 --> 01:04:30,060

boys which was something not quite

1575

01:04:34,710 --> 01:04:32,050

anticipated or that didn't come out in

1576

01:04:36,780 --> 01:04:34,720

the discussion clearly when they invited

1577

01:04:39,000 --> 01:04:36,790

me to come out and do this with them

1578

01:04:42,089 --> 01:04:39,010

because I promise you there's very

1579

01:04:44,790 --> 01:04:42,099

little of me saying anything because we

1580

01:04:46,770 --> 01:04:44,800

were all down at the bottom by the

1581

01:04:49,170 --> 01:04:46,780

charts and they're like chase so I need

1582

01:04:50,700 --> 01:04:49,180

you to say this is an underwater base

1583

01:04:52,950 --> 01:04:50,710

that we've been looking at for a long

1584

01:04:55,710 --> 01:04:52,960

time we have a lot of you know cases

1585

01:04:58,200 --> 01:04:55,720

with you know UFOs going in and out I'm

1586

01:05:00,690 --> 01:04:58,210

like I'm not saying that I would never

1587

01:05:02,670 --> 01:05:00,700

say that and then there was another time

1588

01:05:05,760 --> 01:05:02,680

where they're all scream and chase chase

1589

01:05:08,010 --> 01:05:05,770

chase so I go running up the ladder and

1590

01:05:10,079 --> 01:05:08,020

productions I call up there so I get to

1591

01:05:13,079 --> 01:05:10,089

the top deck and Rob's like oh my god

1592

01:05:15,089 --> 01:05:13,089

what's that I'm like Oh Rob I said

1593

01:05:17,040 --> 01:05:15,099

that's a drone I said it's a phantom you

1594

01:05:19,020 --> 01:05:17,050

could tell by the light changes I said I

1595

01:05:21,300 --> 01:05:19,030

had the same drone but they wanted me to

1596

01:05:23,010 --> 01:05:21,310

go oh my god that's a UFO and then there

1597

01:05:26,339 --> 01:05:23,020

was one time they said something about

1598

01:05:28,950 --> 01:05:26,349

can you just say that the aliens from

1599

01:05:30,359 --> 01:05:28,960

the mothership and then some and I said

1600

01:05:30,750 --> 01:05:30,369

you guys that will never come out of my

1601
01:05:33,300 --> 01:05:30,760
mouth

1602
01:05:34,829 --> 01:05:33,310
and Rob was mad I mean Rob and the

1603
01:05:36,420 --> 01:05:34,839
director said chase and why are you here

1604
01:05:38,130 --> 01:05:36,430
and I said because you wanted a

1605
01:05:39,030 --> 01:05:38,140
scientific investigator I said if you

1606
01:05:41,490 --> 01:05:39,040
wanted somebody

1607
01:05:42,900 --> 01:05:41,500
there's a hundred UFO Kardashians you

1608
01:05:45,660 --> 01:05:42,910
know they want to be famous for nothing

1609
01:05:48,290 --> 01:05:45,670
I said but Rob what would what would it

1610
01:05:51,770 --> 01:05:48,300
take for you to sell out your peers and

1611
01:05:55,770 --> 01:05:51,780
professionalism a show with Rob Lowe

1612
01:05:57,599 --> 01:05:55,780
\$10,000 what would it cost if you looked

1613
01:06:00,120 --> 01:05:57,609

at me he says to say chase

1614

01:06:02,700 --> 01:06:00,130

Touche but and they did ask me to say

1615

01:06:05,460 --> 01:06:02,710

anything more but there was a silliness

1616

01:06:08,760 --> 01:06:05,470

and I got it you could see they scared

1617

01:06:10,890 --> 01:06:08,770

in the show they scared John Owen with

1618

01:06:12,029 --> 01:06:10,900

an alien a fake one and

1619

01:06:14,880 --> 01:06:12,039

you know so there's a lot of silliness

1620

01:06:17,880 --> 01:06:14,890

but in the end I didn't care

1621

01:06:20,760 --> 01:06:17,890

Ryan I was on a research vessel and we

1622

01:06:23,510 --> 01:06:20,770

totally scientifically with the most

1623

01:06:26,490 --> 01:06:23,520

advanced equipment available to us

1624

01:06:29,069 --> 01:06:26,500

completely solved the Malibu underwater

1625

01:06:34,170 --> 01:06:29,079

base so to me I'm walking like I don't

1626
01:06:36,930 --> 01:06:34,180
care about Rob Lowe we got data that's

1627
01:06:39,420 --> 01:06:36,940
so funny tracer I was scheduled to go

1628
01:06:41,039 --> 01:06:39,430
out to that site I'm in Los Angeles now

1629
01:06:43,680 --> 01:06:41,049
I was scheduled to go out there with a

1630
01:06:46,140 --> 01:06:43,690
couple friends to to look into that case

1631
01:06:48,809 --> 01:06:46,150
in a couple weeks and now I don't have

1632
01:06:50,789 --> 01:06:48,819
to waste my time going out there oh I'll

1633
01:06:52,559 --> 01:06:50,799
give you my final report because you

1634
01:06:54,510 --> 01:06:52,569
know there's a lot of things to it I I you

1635
01:06:56,490 --> 01:06:54,520
know we didn't just do that you know I

1636
01:06:58,859 --> 01:06:56,500
figured out everybody talks about Point

1637
01:07:00,599 --> 01:06:58,869
Mugu that base it's right there wait a

1638
01:07:02,760 --> 01:07:00,609

minute guys did you know that Port

1639

01:07:05,670 --> 01:07:02,770

Hueneme that's about 40 miles north of

1640

01:07:08,250 --> 01:07:05,680

that has a direct line is the actual

1641

01:07:11,370 --> 01:07:08,260

home of underwater Seabees that build

1642

01:07:13,319 --> 01:07:11,380

underwater hello like you know it is

1643

01:07:14,970 --> 01:07:13,329

just funny that we found things that

1644

01:07:17,760 --> 01:07:14,980

people weren't even paying attention to

1645

01:07:19,559 --> 01:07:17,770

but I'll send you that report and you

1646

01:07:21,900 --> 01:07:19,569

know still go out there I mean you know

1647

01:07:24,210 --> 01:07:21,910

it's it's fun you know in the end it

1648

01:07:25,829 --> 01:07:24,220

really was about the data and you know

1649

01:07:27,900 --> 01:07:25,839

doing these shows I'm very very picky

1650

01:07:30,569 --> 01:07:27,910

with um you know we all know I've turned

1651

01:07:32,250 --> 01:07:30,579

down many I know you have because we

1652

01:07:33,779 --> 01:07:32,260

were talked to there's you know when

1653

01:07:35,849 --> 01:07:33,789

people ask me well who would you

1654

01:07:37,559 --> 01:07:35,859

recommend I'm like Lyons Greg I've

1655

01:07:40,230 --> 01:07:37,569

dropped your name you know that they

1656

01:07:42,990 --> 01:07:40,240

called you um but a lot of these you

1657

01:07:46,799 --> 01:07:43,000

know when they get real we don't want

1658

01:07:48,660 --> 01:07:46,809

any part of um its I've been in the same

1659

01:07:50,640 --> 01:07:48,670

situation you know I won't mention the

1660

01:07:53,160 --> 01:07:50,650

show it's the only show I've been on so

1661

01:07:55,950 --> 01:07:53,170

it's pretty obvious at this point but I

1662

01:07:59,039 --> 01:07:55,960

was doing a famous UFO case with them

1663

01:08:01,260 --> 01:07:59,049

and they got everything wrong the

1664

01:08:03,930 --> 01:08:01,270

director showed up he hadn't researched

1665

01:08:06,450 --> 01:08:03,940

it at all he was getting the names the

1666

01:08:08,549 --> 01:08:06,460

dates wrong and he's just telling me

1667

01:08:10,680 --> 01:08:08,559

what to say I'm like dude what like

1668

01:08:14,250 --> 01:08:10,690

you're not even saying the main primary

1669

01:08:16,680 --> 01:08:14,260

witness's name right he's this look I'll

1670

01:08:18,689 --> 01:08:16,690

just say it he was sick he didn't want

1671

01:08:20,459 --> 01:08:18,699

to be there so just just say the lines

1672

01:08:23,309 --> 01:08:20,469

and that's the point where you have to

1673

01:08:24,479 --> 01:08:23,319

be like look is this worth my reputation

1674

01:08:27,269 --> 01:08:24,489

as a

1675

01:08:29,430 --> 01:08:27,279

serious author and researcher to be on

1676

01:08:31,289 --> 01:08:29,440

national television and say something

1677

01:08:33,660 --> 01:08:31,299

I'm not comfortable as saying and will

1678

01:08:36,660 --> 01:08:33,670

add to the disinformation of this case

1679

01:08:39,120 --> 01:08:36,670

so you know it was should have been in

1680

01:08:42,059 --> 01:08:39,130

our shoot it ended up being eight hours

1681

01:08:44,759 --> 01:08:42,069

long chase just because my god I argued

1682

01:08:47,549 --> 01:08:44,769

every last word that they wanted me to

1683

01:08:49,319 --> 01:08:47,559

say knowing full well that these people

1684

01:08:51,329 --> 01:08:49,329

they're professional editors they can

1685

01:08:53,700 --> 01:08:51,339

make you sound bad if they really want

1686

01:08:55,739 --> 01:08:53,710

to or make you say something that you

1687

01:08:58,019 --> 01:08:55,749

you're not comfortable with saying or is

1688

01:09:00,390 --> 01:08:58,029

going to add to the negative perception

1689

01:09:01,649 --> 01:09:00,400

of this field and that that's kind of

1690

01:09:04,189 --> 01:09:01,659

what it came down to I would rather

1691

01:09:06,870 --> 01:09:04,199

spend eight hours getting it right and

1692

01:09:08,579 --> 01:09:06,880

bringing credible information out then

1693

01:09:11,309 --> 01:09:08,589

doing the Hollywood thing and saying it

1694

01:09:14,249 --> 01:09:11,319

was aliens that kidnapped you know this

1695

01:09:16,769 --> 01:09:14,259

person from his plane so oh my gosh

1696

01:09:19,109 --> 01:09:16,779

exactly and I was on a sizzle reel down

1697

01:09:20,399 --> 01:09:19,119

in Texas I even have like a shot of you

1698

01:09:23,430 --> 01:09:20,409

know me kind of bent down getting

1699

01:09:25,200 --> 01:09:23,440

evidence but and when I found out like

1700

01:09:28,049 --> 01:09:25,210

about halfway through it I just said

1701

01:09:29,519 --> 01:09:28,059

guys I'm not doing this either I am NOT

1702

01:09:30,899 --> 01:09:29,529

doing this I want no part of this

1703

01:09:34,319 --> 01:09:30,909

product and I walked away in the middle

1704

01:09:36,180 --> 01:09:34,329

of it it was like not doing it guys and

1705

01:09:39,779 --> 01:09:36,190

you're right and I and I I'm glad that

1706

01:09:41,370 --> 01:09:39,789

you know we do that because we do

1707

01:09:44,759 --> 01:09:41,380

represent what's out here and if we look

1708

01:09:46,859 --> 01:09:44,769

kooky then how many people watching the

1709

01:09:49,829 --> 01:09:46,869

show think UFO investigators are all

1710

01:09:52,319 --> 01:09:49,839

kooky exactly exactly and again we

1711

01:09:54,720 --> 01:09:52,329

strive for credibility why ruin that

1712

01:09:57,239 --> 01:09:54,730

just for like five minutes of fame so

1713

01:09:59,879 --> 01:09:57,249

well I mean besides the TV projects and

1714

01:10:02,640 --> 01:09:59,889

Phil projects chase your extensive

1715

01:10:06,330 --> 01:10:02,650

research and investigations somehow you

1716

01:10:08,700 --> 01:10:06,340

found time to write a couple books wrap

1717

01:10:12,359 --> 01:10:08,710

things up with these two books that you

1718

01:10:14,129 --> 01:10:12,369

have one is for for more of the adults

1719

01:10:16,200 --> 01:10:14,139

the other is for children's so tell us

1720

01:10:19,979 --> 01:10:16,210

about your two publications you've had

1721

01:10:22,109 --> 01:10:19,989

the birth book was a children's book

1722

01:10:25,620 --> 01:10:22,119

it's the first of its kind it's titled

1723

01:10:27,629 --> 01:10:25,630

our aliens really real and it really

1724

01:10:29,609 --> 01:10:27,639

tells a story of a grandmother and a

1725

01:10:31,350 --> 01:10:29,619

little boy which this is a true story

1726

01:10:33,660 --> 01:10:31,360

this is exactly how it happened the same

1727

01:10:35,609 --> 01:10:33,670

questions were what my grandson asked me

1728

01:10:38,430 --> 01:10:35,619

he knows what I do and you know they're

1729

01:10:40,020 --> 01:10:38,440

fascinated and and I knew at that point

1730

01:10:42,390 --> 01:10:40,030

that whatever I was gonna tell him he

1731

01:10:45,030 --> 01:10:42,400

believed and I didn't want to do that I

1732

01:10:46,680 --> 01:10:45,040

wanted to answer the question so that he

1733

01:10:48,479 --> 01:10:46,690

was curious enough to look up his own

1734

01:10:50,550 --> 01:10:48,489

answers and to figure things out for

1735

01:10:52,200 --> 01:10:50,560

himself and so that's how the book kind

1736

01:10:54,140 --> 01:10:52,210

of portray so this will boys asking

1737

01:10:56,420 --> 01:10:54,150

questions and you know it's grandmothers

1738

01:10:59,160 --> 01:10:56,430

answering in a way that promotes

1739

01:11:01,380 --> 01:10:59,170

exploration in the meantime there's a

1740

01:11:03,360 --> 01:11:01,390

little alien in every little picture and

1741

01:11:05,189 --> 01:11:03,370

the kids have fun kind of finding a

1742

01:11:07,229 --> 01:11:05,199

little alien you know where it is in the

1743

01:11:09,330 --> 01:11:07,239

picture and of course the innuendo there

1744

01:11:11,700 --> 01:11:09,340

is just because you didn't see it

1745

01:11:14,520 --> 01:11:11,710

doesn't mean he wasn't there so and then

1746

01:11:17,939 --> 01:11:14,530

I wrote a book with Richard Dolan all

1747

01:11:20,180 --> 01:11:17,949

the contents mine and I had no idea what

1748

01:11:22,830 --> 01:11:20,190

to do with it so he organized it and

1749

01:11:25,680 --> 01:11:22,840

help me with content and how to make it

1750

01:11:28,709 --> 01:11:25,690

make sense and it's called admissible

1751

01:11:31,610 --> 01:11:28,719

and it really is a manual on you know

1752

01:11:35,070 --> 01:11:31,620

professional applications and strategies

1753

01:11:36,750 --> 01:11:35,080

it's not a manual in the sense of you

1754

01:11:38,820 --> 01:11:36,760

know I take each chapter say this is how

1755

01:11:41,100 --> 01:11:38,830

you do this and this and this it's more

1756

01:11:43,430 --> 01:11:41,110

if you're new and you just need advice

1757

01:11:45,540 --> 01:11:43,440

let me tell you what we've learned and

1758

01:11:47,729 --> 01:11:45,550

you know like one thing I tell them to

1759

01:11:50,340 --> 01:11:47,739

you know be careful of the rabbit holes

1760

01:11:52,170 --> 01:11:50,350

you know another thing is hey guys I

1761

01:11:54,510 --> 01:11:52,180

know it's fun to put UFO stuff all over

1762

01:11:55,650 --> 01:11:54,520

your car but you know let's not do that

1763

01:11:57,570 --> 01:11:55,660

if that's the car you're gonna be

1764

01:11:59,189 --> 01:11:57,580

driving to a witness location because

1765

01:12:01,140 --> 01:11:59,199

they may not want their neighbors to

1766

01:12:03,420 --> 01:12:01,150

know you know so to show up with a big

1767

01:12:04,890 --> 01:12:03,430

MUFON stick are not a good idea so

1768

01:12:06,660 --> 01:12:04,900

little things like that that we kind of

1769

01:12:09,180 --> 01:12:06,670

learned that you know you don't always

1770

01:12:12,090 --> 01:12:09,190

hear when you're new or I have a big

1771

01:12:13,979 --> 01:12:12,100

section on ethics and why we need to be

1772

01:12:16,620 --> 01:12:13,989

better and why ethics have to be our

1773

01:12:20,130 --> 01:12:16,630

number-one concern because these people

1774

01:12:22,200 --> 01:12:20,140

are vulnerable a lot of times and you

1775

01:12:23,729 --> 01:12:22,210

know we we have to be diligent and and

1776

01:12:26,160 --> 01:12:23,739

just give them something because there

1777

01:12:28,950 --> 01:12:26,170

is no one else and until people realize

1778

01:12:30,990 --> 01:12:28,960

that then it's just a game when you

1779

01:12:32,640 --> 01:12:31,000

realize that then you start owning your

1780

01:12:35,729 --> 01:12:32,650

you own it and you take it with a little

1781

01:12:37,890 --> 01:12:35,739

more seriousness so it's kind of the

1782

01:12:40,229 --> 01:12:37,900

advice you don't get in like a Field

1783

01:12:42,390 --> 01:12:40,239

Manual oh well I was gonna add chase I

1784

01:12:44,370 --> 01:12:42,400

mean I have like first editions of all

1785

01:12:47,970 --> 01:12:44,380

these old like Donald Keough books

1786

01:12:51,030 --> 01:12:47,980

Friedman Hynek and they're all warned

1787

01:12:52,200 --> 01:12:51,040

and they look all this all hell but your

1788

01:12:54,720 --> 01:12:52,210

book admissible

1789

01:12:58,020 --> 01:12:54,730

is the most worn book I have because

1790

01:12:59,880 --> 01:12:58,030

it's you know pages I've got bookmarked

1791

01:13:01,470 --> 01:12:59,890

everything's highlighted it looks like

1792

01:13:05,100 --> 01:13:01,480

it's been through hell and back just

1793

01:13:08,010 --> 01:13:05,110

because I use it so much oh my gosh out

1794

01:13:10,080 --> 01:13:08,020

there investigating so it is it it is

1795

01:13:12,570 --> 01:13:10,090

for anyone just getting into the field

1796

01:13:14,280 --> 01:13:12,580

or for the veterans out there I mean

1797

01:13:16,410 --> 01:13:14,290

this is the kind of book you need to do

1798

01:13:18,600 --> 01:13:16,420

a proper investigation and again you

1799

01:13:20,400 --> 01:13:18,610

have the extensive knowledge outside of

1800

01:13:23,070 --> 01:13:20,410

the UFO field as well to write a book

1801

01:13:26,040 --> 01:13:23,080

like that so you know sort of sort of

1802

01:13:28,590 --> 01:13:26,050

wrapping that up you you are for me the

1803

01:13:30,870 --> 01:13:28,600

prime example of what a ufologist if we

1804

01:13:33,630 --> 01:13:30,880

want to use that term should be a UFO

1805

01:13:35,370 --> 01:13:33,640

investigator and researcher so I mean it

1806

01:13:38,220 --> 01:13:35,380

took a long time to finally get you on

1807

01:13:40,920 --> 01:13:38,230

the show but I am so happy that we

1808

01:13:43,410 --> 01:13:40,930

finally made this happen and again if

1809

01:13:45,360 --> 01:13:43,420

anyone wants to find all of your work

1810

01:13:48,540 --> 01:13:45,370

where can they find that you can find

1811

01:13:50,490 --> 01:13:48,550

that on my website is chase klutz keep

1812

01:13:52,350 --> 01:13:50,500

calm and I don't really put a lot of

1813

01:13:55,260 --> 01:13:52,360

work up there I guess it's I don't know

1814

01:13:56,760 --> 01:13:55,270

I when I close the case I've always just

1815

01:13:59,490 --> 01:13:56,770

handed it to the witness and let it be

1816

01:14:01,650 --> 01:13:59,500

theirs but I guess I need to do that

1817

01:14:03,600 --> 01:14:01,660

because people forget kind of what I do

1818

01:14:05,520 --> 01:14:03,610

out here but does that make sense like

1819

01:14:08,400 --> 01:14:05,530

when I work on their stuff I close their

1820

01:14:10,140 --> 01:14:08,410

case and give it to them so absolutely I

1821

01:14:12,410 --> 01:14:10,150

mean at the end of the day it's for them

1822

01:14:14,640 --> 01:14:12,420

yeah so I don't have a lot of that but

1823

01:14:16,830 --> 01:14:14,650

you know you can definitely I'm on

1824

01:14:18,630 --> 01:14:16,840

Twitter Facebook I don't do a lot of

1825

01:14:21,060 --> 01:14:18,640

Facebook I don't I definitely I don't

1826

01:14:22,890 --> 01:14:21,070

even have facebook Messenger so don't

1827

01:14:24,990 --> 01:14:22,900

message me they're always emails best

1828

01:14:28,590 --> 01:14:25,000

way and I just love hearing every from

1829

01:14:30,570 --> 01:14:28,600

people out here and Ryan and you are one

1830

01:14:32,550 --> 01:14:30,580

of my favorite guys out here and we're

1831

01:14:35,190 --> 01:14:32,560

very fond of each other and that's very

1832

01:14:37,110 --> 01:14:35,200

apparent when we toss each other's name

1833

01:14:39,000 --> 01:14:37,120

up there and I want to thank you so much

1834

01:14:46,080 --> 01:14:39,010

for the invitation it's been such a

1835

01:14:48,870 --> 01:14:46,090

pleasure that's it for this week's

1836

01:14:52,560 --> 01:14:48,880

episode again all of chases work can be

1837

01:14:56,120 --> 01:14:52,570

found at chase klutz keep calm that's CH

1838

01:15:00,620 --> 01:14:56,130

a se KL o

1839

01:15:03,320 --> 01:15:00,630

z ke comm please take a moment to help

1840

01:15:06,620 --> 01:15:03,330

the show gain new listeners the best way

1841

01:15:09,979 --> 01:15:06,630

is to subscribe rate and review on Apple

1842

01:15:12,350 --> 01:15:09,989

podcasts and iTunes this is the largest

1843

01:15:14,209 --> 01:15:12,360

platform for podcasts and your

1844

01:15:17,030 --> 01:15:14,219

subscription to the show moves us closer

1845

01:15:19,610 --> 01:15:17,040

to being a featured show thank you for

1846

01:15:21,979 --> 01:15:19,620

your support thank you also to all my

1847

01:15:24,500 --> 01:15:21,989

patreon subscribers for your Coniston

1848

01:15:26,510 --> 01:15:24,510

monthly contributions I've got some

1849

01:15:29,330 --> 01:15:26,520

awesome bonus episodes content and

1850

01:15:31,129 --> 01:15:29,340

rewards awaiting you all right now if

1851
01:15:33,850 --> 01:15:31,139
you'd like to become a patron and to

1852
01:15:37,160 --> 01:15:33,860
learn more visit patreon.com slash

1853
01:15:40,939 --> 01:15:37,170
summer skies thank you also to the e1

1854
01:15:43,129 --> 01:15:40,949
podcast network kid GRA radio and to you

1855
01:15:45,709 --> 01:15:43,139
the listeners I'll see you here next

1856
01:15:47,770 --> 01:15:45,719
week and remember keep your feet on the

1857
01:15:50,990 --> 01:15:47,780
ground but never stop searching

1858
01:15:54,460 --> 01:15:51,000
somewhere in the skies
