

# SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

## TELL MY STORY

JUNE CRAIN, THE AIR FORCE & UFOS

1  
00:00:03,439 --> 00:00:01,939  
greetings skywatchers this is Ryan

2  
00:00:06,140 --> 00:00:03,449  
Sprague the host of the summer in the

3  
00:00:09,169 --> 00:00:06,150  
skies podcast and I want you to join me

4  
00:00:11,720 --> 00:00:09,179  
at alien con alien con lands in

5  
00:00:14,629 --> 00:00:11,730  
Baltimore Maryland on November 9th 10th

6  
00:00:16,160 --> 00:00:14,639  
and 11th explore the unexplained with

7  
00:00:19,250 --> 00:00:16,170  
your favorite ancient aliens

8  
00:00:22,189 --> 00:00:19,260  
contributors UFO researchers and stars

9  
00:00:24,830 --> 00:00:22,199  
from hit sci-fi and SCI fact television

10  
00:00:27,170 --> 00:00:24,840  
shows and films I'll personally be

11  
00:00:28,970 --> 00:00:27,180  
giving my solo presentation and I'll

12  
00:00:30,800 --> 00:00:28,980  
also be joining my good friend and

13  
00:00:33,740 --> 00:00:30,810

colleague Jason McClellan

14

00:00:35,959 --> 00:00:33,750

of rogue planet to moderate and take

15

00:00:37,790 --> 00:00:35,969

part in panel discussions throughout the

16

00:00:41,119 --> 00:00:37,800

weekend it's going to be a fun and

17

00:00:44,060 --> 00:00:41,129

informative weekend for families serious

18

00:00:46,400 --> 00:00:44,070

researchers into all curious minds alike

19

00:00:48,770 --> 00:00:46,410

and right now you can get an exclusive

20

00:00:52,790 --> 00:00:48,780

somewhere in the sky's discount on all

21

00:00:56,630 --> 00:00:52,800

tickets by visiting the alien Con comm

22

00:00:59,240 --> 00:00:56,640

slash register and using the code skies

23

00:01:01,160 --> 00:00:59,250

at checkout we hope to see you at the

24

00:01:04,340 --> 00:01:01,170

Baltimore Convention Center in November

25

00:01:06,350 --> 00:01:04,350

and now under the show today on

26

00:01:08,840 --> 00:01:06,360

somewhere in the skies we talked to

27

00:01:12,560 --> 00:01:08,850

military veteran retired police officer

28

00:01:13,880 --> 00:01:12,570

and UFO investigator James Clarkson you

29

00:01:15,800 --> 00:01:13,890

know they would tell you well they're

30

00:01:18,320 --> 00:01:15,810

their jobs to protect us and that

31

00:01:20,420 --> 00:01:18,330

there's some national security or

32

00:01:23,840 --> 00:01:20,430

intelligence reason why they need to

33

00:01:26,570 --> 00:01:23,850

conceal this story and or use it to

34

00:01:29,390 --> 00:01:26,580

manipulate the situation see we are also

35

00:01:31,910 --> 00:01:29,400

part of the game everybody you and I

36

00:01:34,640 --> 00:01:31,920

everybody in the UFO community we are

37

00:01:36,740 --> 00:01:34,650

also subject to manipulation and that's

38

00:01:38,470 --> 00:01:36,750

one of the hardest things is to know

39

00:01:43,270 --> 00:01:38,480

when you're being played

40

00:01:43,280 --> 00:01:47,280

[Applause]

41

00:01:51,880 --> 00:01:50,620

this is somewhere in the skies the

42

00:01:53,500 --> 00:01:51,890

brains bud

43

00:02:13,300 --> 00:01:53,510

[Music]

44

00:02:17,570 --> 00:02:15,890

welcome to summer in the skies I'm your

45

00:02:20,840 --> 00:02:17,580

host Ryan Sprague

46

00:02:23,930 --> 00:02:20,850

well October is faded into the past yet

47

00:02:26,540 --> 00:02:23,940

again and our Halloween series is over I

48

00:02:30,440 --> 00:02:26,550

hope you enjoyed a month of ghosts

49

00:02:31,970 --> 00:02:30,450

monsters and terrifying legends it's my

50

00:02:34,280 --> 00:02:31,980

favorite time of the year and I'm

51  
00:02:38,600 --> 00:02:34,290  
thankful for those who listened and

52  
00:02:45,650 --> 00:02:38,610  
joined me and now we are back to UFOs in

53  
00:02:49,160 --> 00:02:45,660  
full force he had been researching UFOs

54  
00:02:51,500 --> 00:02:49,170  
for decades it spoken to hundreds of

55  
00:02:53,420 --> 00:02:51,510  
witnesses uncovered once classified

56  
00:02:55,370 --> 00:02:53,430  
documents and had interviewed

57  
00:02:59,000 --> 00:02:55,380  
individuals connected to perhaps the

58  
00:03:02,720 --> 00:02:59,010  
most famous UFO event of all time the

59  
00:03:04,790 --> 00:03:02,730  
Roswell UFO crash after speaking at a

60  
00:03:07,370 --> 00:03:04,800  
conference about the secret government

61  
00:03:09,949 --> 00:03:07,380  
involvement into the UFO phenomenon and

62  
00:03:12,560 --> 00:03:09,959  
subsequent investigation of it an

63  
00:03:15,740 --> 00:03:12,570

elderly woman approached him and told

64

00:03:17,900 --> 00:03:15,750

him you're right the government does

65

00:03:21,530 --> 00:03:17,910

know much more than it ever says

66

00:03:25,750 --> 00:03:21,540

publicly about UFOs he asked her how she

67

00:03:29,390 --> 00:03:25,760

knew she told him because I worked there

68

00:03:32,569 --> 00:03:29,400

what followed was a highly extensive

69

00:03:34,220 --> 00:03:32,579

interview with June crane a woman who

70

00:03:37,280 --> 00:03:34,230

worked at wright-patterson Air Force

71

00:03:41,030 --> 00:03:37,290

Base presumably where the wreckage of

72

00:03:42,680 --> 00:03:41,040

the Roswell UFO crash once ended up but

73

00:03:44,960 --> 00:03:42,690

this wasn't the only case that

74

00:03:47,810 --> 00:03:44,970

wright-patterson found itself wrapped up

75

00:03:50,870 --> 00:03:47,820

in and as June cranes story took light

76

00:03:53,569 --> 00:03:50,880

it was clear that it was a story or

77

00:03:56,900 --> 00:03:53,579

theory his interview with her was

78

00:04:00,380 --> 00:03:56,910

transcribed into a book titled tell my

79

00:04:03,800 --> 00:04:00,390

story June crane the Air Force and UFOs

80

00:04:07,250 --> 00:04:03,810

and today we talk to retired police

81

00:04:10,310 --> 00:04:07,260

officer turned UFO investigator James

82

00:04:13,340 --> 00:04:10,320

Clarkson about his time with June crane

83

00:04:16,849 --> 00:04:13,350

and what she witnessed touched and was

84

00:04:20,300 --> 00:04:16,859

told to keep secret about in relation to

85

00:04:22,370 --> 00:04:20,310

the Roswell incident and beyond James

86

00:04:24,830 --> 00:04:22,380

thank you so much for joining me

87

00:04:26,660 --> 00:04:24,840

today on somewhere in the skies oh it's

88

00:04:28,370 --> 00:04:26,670

an honor right sort of the reason I

89

00:04:31,700 --> 00:04:28,380

wanted to have you on today our main

90

00:04:34,730 --> 00:04:31,710

focus is your involvement with the June

91

00:04:36,920 --> 00:04:34,740

crane story but before we get to that I

92

00:04:39,650 --> 00:04:36,930

I want to sort of paint a picture for

93

00:04:41,780 --> 00:04:39,660

our listeners of you James so can you

94

00:04:44,780 --> 00:04:41,790

sort of tell us a little bit about your

95

00:04:46,940 --> 00:04:44,790

background in law enforcement and how it

96

00:04:49,970 --> 00:04:46,950

sort of evolved into your investigative

97

00:04:53,750 --> 00:04:49,980

work into UFOs how that your origin

98

00:04:55,670 --> 00:04:53,760

story as it were my origin story well I

99

00:04:58,400 --> 00:04:55,680

guess I would describe myself as someone

100

00:05:01,180 --> 00:04:58,410

who came out of the the turbulence of

101  
00:05:04,430 --> 00:05:01,190  
the 1960s grew up in a middle-class home

102  
00:05:08,210 --> 00:05:04,440  
south of San Francisco California I

103  
00:05:10,940 --> 00:05:08,220  
ended up attending high school in San

104  
00:05:12,890 --> 00:05:10,950  
Francisco a prep school I went on to the

105  
00:05:15,610 --> 00:05:12,900  
University of California and to be

106  
00:05:19,430 --> 00:05:15,620  
honest I was really sort of lost and

107  
00:05:21,230 --> 00:05:19,440  
there were full-blown riots going on on

108  
00:05:25,000 --> 00:05:21,240  
the Berkeley campus on occasion I

109  
00:05:27,710 --> 00:05:25,010  
watched cars overturned and burned

110  
00:05:30,260 --> 00:05:27,720  
police firing tear gas all that good

111  
00:05:33,440 --> 00:05:30,270  
stuff and yet as a young man I always

112  
00:05:35,930 --> 00:05:33,450  
had an interest in law enforcement i but

113  
00:05:38,150 --> 00:05:35,940

that was not a popular thing with my

114

00:05:42,350 --> 00:05:38,160

peer group so I was kind of torn in two

115

00:05:44,740 --> 00:05:42,360

directions and things were not as clear

116

00:05:46,940 --> 00:05:44,750

to me then as they are now I ended up

117

00:05:48,710 --> 00:05:46,950

doing the one thing that I thought I

118

00:05:50,660 --> 00:05:48,720

would never do wanting to get away from

119

00:05:53,510 --> 00:05:50,670

everybody and everything that I knew I

120

00:05:56,750 --> 00:05:53,520

decided to make a clean break and I

121

00:05:58,550 --> 00:05:56,760

enlisted in the army and fortunately

122

00:06:01,550 --> 00:05:58,560

this was when the Vietnam War was

123

00:06:05,960 --> 00:06:01,560

winding down so they didn't have any

124

00:06:07,850 --> 00:06:05,970

money and I ended up going to basic

125

00:06:10,700 --> 00:06:07,860

training at Fort Ord military post

126

00:06:12,860 --> 00:06:10,710

school in Fort Gordon Georgia and then I

127

00:06:15,400 --> 00:06:12,870

was sent to Fort Lewis Washington which

128

00:06:18,470 --> 00:06:15,410

is now called Joint Base lewis-mcchord

129

00:06:22,580 --> 00:06:18,480

outside of Tacoma I was a plain clothes

130

00:06:25,340 --> 00:06:22,590

military policeman and I I loved my job

131

00:06:27,980 --> 00:06:25,350

in the military I have to say it was

132

00:06:31,159 --> 00:06:27,990

really intense lots of hours but I I

133

00:06:31,909 --> 00:06:31,169

learned basic Criminal Investigation

134

00:06:34,830 --> 00:06:31,919

skills

135

00:06:37,230 --> 00:06:34,840

backwards forwards and sideways

136

00:06:40,470 --> 00:06:37,240

I ended up getting out I became a

137

00:06:44,310 --> 00:06:40,480

reserve deputy sheriff I was then hired

138

00:06:46,230 --> 00:06:44,320

by a police department on the coast of

139

00:06:49,110 --> 00:06:46,240

Washington State the Aberdeen Washington

140

00:06:52,050 --> 00:06:49,120

Police Department I did a 20 year career

141

00:06:53,640 --> 00:06:52,060

there during that time I was promoted to

142

00:06:56,129 --> 00:06:53,650

the rank of sergeant about halfway

143

00:06:58,650 --> 00:06:56,139

through the 20 years I was a detective

144

00:07:01,560 --> 00:06:58,660

sergeant I supervised field training

145

00:07:03,770 --> 00:07:01,570

officers I was in charge of the fatal

146

00:07:07,950 --> 00:07:03,780

accident team I wore a lot of hats I

147

00:07:10,770 --> 00:07:07,960

blew out my knee I became a child abuse

148

00:07:13,080 --> 00:07:10,780

detective for two years they were never

149

00:07:16,560 --> 00:07:13,090

quite able to fund the program although

150

00:07:20,340 --> 00:07:16,570

the work was really intense very

151

00:07:21,780 --> 00:07:20,350

difficult but also very satisfying if

152

00:07:24,150 --> 00:07:21,790

you were willing to put up with a lot of

153

00:07:26,700 --> 00:07:24,160

frustration and heartache I ended up

154

00:07:29,190 --> 00:07:26,710

moving to Olympia Washington and I

155

00:07:31,440 --> 00:07:29,200

became a fraud investigator for the

156

00:07:32,939 --> 00:07:31,450

state working for the Department of

157

00:07:35,279 --> 00:07:32,949

Licensing and their professional

158

00:07:39,420 --> 00:07:35,289

licensing division 10 years later

159

00:07:42,210 --> 00:07:39,430

brought me to retirement age and in the

160

00:07:44,510 --> 00:07:42,220

meantime throughout this whole

161

00:07:47,730 --> 00:07:44,520

progression of investigative experience

162

00:07:50,940 --> 00:07:47,740

there was another aspect of my life that

163

00:07:53,790 --> 00:07:50,950

was there ever since I was little and

164

00:07:56,190 --> 00:07:53,800

everyone always asked me well what is

165

00:07:58,879 --> 00:07:56,200

your UFO experience you know expecting

166

00:08:02,310 --> 00:07:58,889

me to tell them what I saw or which

167

00:08:05,060 --> 00:08:02,320

extraterrestrial I met and the answer I

168

00:08:11,490 --> 00:08:05,070

always give people kind of jokingly is

169

00:08:15,570 --> 00:08:11,500

always a bridesmaid never a bride I have

170

00:08:18,110 --> 00:08:15,580

been swayed by the evidence of all of

171

00:08:21,020 --> 00:08:18,120

the fields of study that there are I

172

00:08:24,690 --> 00:08:21,030

cannot think of one that has a more

173

00:08:28,200 --> 00:08:24,700

fascinating history and cast of

174

00:08:30,060 --> 00:08:28,210

characters than ufology I mean it really

175

00:08:33,390 --> 00:08:30,070

does we've got the good the bad and the

176

00:08:36,180 --> 00:08:33,400

ugly we've got wild speculative

177

00:08:38,790 --> 00:08:36,190

fantasies that are put forth for a

178

00:08:43,170 --> 00:08:38,800

variety of motives people who want to

179

00:08:46,230 --> 00:08:43,180

make money people who are convinced of

180

00:08:47,820 --> 00:08:46,240

their own story without any evidence to

181

00:08:52,230 --> 00:08:47,830

back it up and

182

00:08:55,050 --> 00:08:52,240

we do have a group of fortunately highly

183

00:08:57,120 --> 00:08:55,060

educated highly experienced and

184

00:08:59,580 --> 00:08:57,130

professional people these are people

185

00:09:02,880 --> 00:08:59,590

like the gentleman you mentioned a while

186

00:09:03,660 --> 00:09:02,890

ago Peter Robbins people like Richard

187

00:09:06,810 --> 00:09:03,670

Dolan

188

00:09:10,320 --> 00:09:06,820

you know dr. J Alan Hynek from a long

189

00:09:12,900 --> 00:09:10,330

time ago we have so many people that are

190

00:09:15,420 --> 00:09:12,910

bright lights in this field and they are

191

00:09:18,420 --> 00:09:15,430

the people that are worth studying I'm

192

00:09:21,660 --> 00:09:18,430

sort of taking a street detective

193

00:09:24,660 --> 00:09:21,670

approach to ufology and all my

194

00:09:27,900 --> 00:09:24,670

involvement really started because of a

195

00:09:30,240 --> 00:09:27,910

radio program and I think if if you've

196

00:09:32,760 --> 00:09:30,250

ever had the experience the first time

197

00:09:36,300 --> 00:09:32,770

that your parents leave you alone for

198

00:09:38,880 --> 00:09:36,310

the weekend in charge the house and I

199

00:09:41,550 --> 00:09:38,890

happen to tune in kgo radio in San

200

00:09:43,790 --> 00:09:41,560

Francisco and this was in the mid 60's

201  
00:09:47,700 --> 00:09:43,800  
and a man named John G Fuller was

202  
00:09:51,690 --> 00:09:47,710  
debuting his brand new book called

203  
00:09:54,240 --> 00:09:51,700  
incident at Exeter yes I'm very familiar

204  
00:09:57,540 --> 00:09:54,250  
oh that's one of the greatest UFO

205  
00:10:00,450 --> 00:09:57,550  
stories ever and the part that I loved I

206  
00:10:02,790 --> 00:10:00,460  
was utterly fascinated is the encounter

207  
00:10:05,940 --> 00:10:02,800  
that the policemen have where the

208  
00:10:09,510 --> 00:10:05,950  
officer is called back to the station

209  
00:10:12,270 --> 00:10:09,520  
and picks up this traumatized hitchhiker

210  
00:10:15,660 --> 00:10:12,280  
and takes him back to the scene of his

211  
00:10:19,560 --> 00:10:15,670  
UFO encounter they pull up into the

212  
00:10:21,450 --> 00:10:19,570  
driveway of a farm and everything is

213  
00:10:23,930 --> 00:10:21,460

213  
painted white defenses white the

214  
00:10:27,480 --> 00:10:23,940  
buildings are white etc and all at once

215  
00:10:31,470 --> 00:10:27,490  
everything lights up blood red because

216  
00:10:33,060 --> 00:10:31,480  
of this 50-foot disc with scintillating

217  
00:10:37,590 --> 00:10:33,070  
lights that it's going around its

218  
00:10:41,340 --> 00:10:37,600  
perimeter and it comes down so low that

219  
00:10:43,980 --> 00:10:41,350  
the officer shoves the witness down the

220  
00:10:47,520 --> 00:10:43,990  
he drops to the one knee and starts to

221  
00:10:51,450 --> 00:10:47,530  
draw his sidearm at the same moment that

222  
00:10:54,240 --> 00:10:51,460  
the backup officer is arriving who yells

223  
00:10:57,690 --> 00:10:54,250  
at him don't you know don't like don't

224  
00:10:59,490 --> 00:10:57,700  
shoot and fortunately he doesn't well

225  
00:11:01,319 --> 00:10:59,500  
then of course the Air Force comes out

226

00:11:03,449 --> 00:11:01,329

with the explanation that

227

00:11:06,799 --> 00:11:03,459

these were just Stratotanker x' that

228

00:11:09,689 --> 00:11:06,809

were flying high overhead and refueling

229

00:11:12,299 --> 00:11:09,699

jet planes as part of some military

230

00:11:14,100 --> 00:11:12,309

exercise and the longer I thought about

231

00:11:16,650 --> 00:11:14,110

it I thought this is really interesting

232

00:11:18,960 --> 00:11:16,660

we put a policeman out on the street

233

00:11:22,619 --> 00:11:18,970

with a loaded weapon and we let him

234

00:11:24,239 --> 00:11:22,629

drive a car and his eyesight is so bad

235

00:11:26,759 --> 00:11:24,249

that he can't tell the difference

236

00:11:28,799 --> 00:11:26,769

between something that's coming down out

237

00:11:32,489 --> 00:11:28,809

of the air that might flatten him like a

238

00:11:37,079 --> 00:11:32,499

bug and a jet airplane flying overhead

239

00:11:39,960 --> 00:11:37,089

at 30,000 feet right so what's wrong

240

00:11:43,019 --> 00:11:39,970

with this picture and and sometimes in

241

00:11:46,019 --> 00:11:43,029

this field we get more information out

242

00:11:48,919 --> 00:11:46,029

of a denial than we do out of an

243

00:11:51,749 --> 00:11:48,929

admission and and in law enforcement

244

00:11:55,650 --> 00:11:51,759

investigation that's frequently true

245

00:11:58,410 --> 00:11:55,660

what a suspect tells you to deny that

246

00:12:00,689 --> 00:11:58,420

they were involved in the crime is often

247

00:12:03,150 --> 00:12:00,699

way more interesting than anything that

248

00:12:05,789 --> 00:12:03,160

they might tell you in an admission and

249

00:12:08,850 --> 00:12:05,799

so that would be my first reference in

250

00:12:11,369 --> 00:12:08,860

direct reference to Roswell because we

251  
00:12:14,069 --> 00:12:11,379  
have the US Air Force I forget how many

252  
00:12:17,220 --> 00:12:14,079  
explanations were up to we're up to at

253  
00:12:20,280 --> 00:12:17,230  
least six or seven official explanations

254  
00:12:22,259 --> 00:12:20,290  
for Roswell it's kind of like having

255  
00:12:24,929 --> 00:12:22,269  
literally having the elephant in the

256  
00:12:27,569 --> 00:12:24,939  
room and you someone has draped a

257  
00:12:29,309 --> 00:12:27,579  
bedsheet over him yeah you just go back

258  
00:12:31,350 --> 00:12:29,319  
to that Shakespeare quote you know that

259  
00:12:36,090 --> 00:12:31,360  
doth protest too much

260  
00:12:38,609 --> 00:12:36,100  
precisely they if if UFOs are not real

261  
00:12:42,960 --> 00:12:38,619  
and there's no why do they go to such

262  
00:12:45,619 --> 00:12:42,970  
absurd lengths to deny the validity of

263  
00:12:49,319 --> 00:12:45,629

the story if we're just a bunch of

264

00:12:51,720 --> 00:12:49,329

tinfoil hat wearing nuts then nobody

265

00:12:54,689 --> 00:12:51,730

should care what we have to say you know

266

00:12:58,079 --> 00:12:54,699

you brought up Roswell and this this

267

00:13:00,569 --> 00:12:58,089

case never goes away James it seems to

268

00:13:02,999 --> 00:13:00,579

be making a resurgence again you know we

269

00:13:06,329 --> 00:13:03,009

have a new I get I shouldn't say new but

270

00:13:09,119 --> 00:13:06,339

a reboot of the Roswell television show

271

00:13:11,879 --> 00:13:09,129

coming out a fictional version I must

272

00:13:15,000 --> 00:13:11,889

say about the supposed alien that

273

00:13:16,920 --> 00:13:15,010

crashed and you know assumed he

274

00:13:19,110 --> 00:13:16,930

identities and integrated into society

275

00:13:21,780 --> 00:13:19,120

again this is all fictionalized

276

00:13:23,550 --> 00:13:21,790

obviously perhaps fictionalized well

277

00:13:27,360 --> 00:13:23,560

we'll get to that a little later but uh

278

00:13:30,440 --> 00:13:27,370

but we have this case that never seems

279

00:13:32,400 --> 00:13:30,450

to go away we have endless you know

280

00:13:34,740 --> 00:13:32,410

explanations by the airforce the

281

00:13:37,580 --> 00:13:34,750

military even the government about what

282

00:13:40,560 --> 00:13:37,590

happened there and it keeps changing

283

00:13:43,110 --> 00:13:40,570

which which fascinates me is we can't

284

00:13:44,520 --> 00:13:43,120

nobody wants to let this one go even the

285

00:13:47,490 --> 00:13:44,530

people who might have been involved with

286

00:13:50,190 --> 00:13:47,500

it that's right I guess that can sort of

287

00:13:52,080 --> 00:13:50,200

lead into what I really wanted to focus

288

00:13:55,260 --> 00:13:52,090

on with you today James is this

289

00:13:58,140 --> 00:13:55,270

fascinating story with Jeanne Crain

290

00:14:00,780 --> 00:13:58,150

so before we even get to who she is how

291

00:14:02,940 --> 00:14:00,790

did you first come into contact with

292

00:14:05,160 --> 00:14:02,950

this woman well that's a function of the

293

00:14:07,530 --> 00:14:05,170

fact that I was a Aberdeen police

294

00:14:10,650 --> 00:14:07,540

officer on the southwest coast of

295

00:14:13,170 --> 00:14:10,660

Washington there is a large harbor grace

296

00:14:16,680 --> 00:14:13,180

harbor and you have to imagine a giant

297

00:14:19,410 --> 00:14:16,690

triangle you have Aberdeen Hoquiam and

298

00:14:21,630 --> 00:14:19,420

Cosmopolis our three cities that are at

299

00:14:26,670 --> 00:14:21,640

the mouth of two rivers which car over

300

00:14:28,950 --> 00:14:26,680

and the Hoquiam River and there is like

301

00:14:32,100 --> 00:14:28,960

a triangle on each side there are two

302

00:14:35,100 --> 00:14:32,110

more legs 25 miles to the north you end

303

00:14:38,520 --> 00:14:35,110

up in Ocean Shores 25 miles to the south

304

00:14:41,340 --> 00:14:38,530

you end up in Westport Washington well

305

00:14:44,640 --> 00:14:41,350

in the interim of becoming a policeman I

306

00:14:47,040 --> 00:14:44,650

had kept secret the fact that I was

307

00:14:48,540 --> 00:14:47,050

interested in UFOs for the first several

308

00:14:51,210 --> 00:14:48,550

years of my employment because it's

309

00:14:53,400 --> 00:14:51,220

really not a good idea to come right out

310

00:14:55,580 --> 00:14:53,410

when you're a new policeman and tell

311

00:14:59,310 --> 00:14:55,590

people that you're interested in UFOs

312

00:15:02,280 --> 00:14:59,320

probably not going to give you a great

313

00:15:06,210 --> 00:15:02,290

reputation but after a few years I was

314

00:15:08,850 --> 00:15:06,220

established and I was able to give as

315

00:15:11,730 --> 00:15:08,860

good as I got and policemen are the

316

00:15:13,590 --> 00:15:11,740

worst gossips and the worst Kidder's in

317

00:15:17,310 --> 00:15:13,600

the world I mean to the outside world

318

00:15:19,170 --> 00:15:17,320

they try to present a solid front and if

319

00:15:22,320 --> 00:15:19,180

you threaten one of them obviously they

320

00:15:24,870 --> 00:15:22,330

lock up really quick to protect each

321

00:15:27,810 --> 00:15:24,880

other but amongst themselves they're

322

00:15:28,590 --> 00:15:27,820

vicious gossipers never let it be said

323

00:15:31,379 --> 00:15:28,600

that women

324

00:15:33,629 --> 00:15:31,389

gossip men work gossip just as bad as

325

00:15:37,800 --> 00:15:33,639

women do if not worse and police

326

00:15:39,870 --> 00:15:37,810

policemen are the worst and I say that

327

00:15:42,930 --> 00:15:39,880

because when you think about it they get

328

00:15:45,090 --> 00:15:42,940

paid to dig up dirt on everybody and

329

00:15:47,999 --> 00:15:45,100

they're they're merciless with each

330

00:15:49,769 --> 00:15:48,009

other so I eventually though let people

331

00:15:52,650 --> 00:15:49,779

know that I was interested in UFOs and

332

00:15:55,350 --> 00:15:52,660

the classic conversation occurred that

333

00:15:57,990 --> 00:15:55,360

has been repeated a bazillion times I'm

334

00:16:00,230 --> 00:15:58,000

sure you've had this you insert the

335

00:16:02,999 --> 00:16:00,240

subject of UFOs into a conversation

336

00:16:05,639 --> 00:16:03,009

either deliberately or accidentally and

337

00:16:07,920 --> 00:16:05,649

watch what happens oh my gosh man I've

338

00:16:13,259 --> 00:16:07,930

lost so many second dates because of

339

00:16:14,790 --> 00:16:13,269

that yeah I probably did too that's all

340

00:16:17,340 --> 00:16:14,800

right in the long run that's a good

341

00:16:20,009 --> 00:16:17,350

thing exactly what usually happens is

342

00:16:21,629 --> 00:16:20,019

there's the giggle moment and everybody

343

00:16:24,389 --> 00:16:21,639

you know makes jokes about little green

344

00:16:29,120 --> 00:16:24,399

man people with tinfoil hats bla bla bla

345

00:16:31,290 --> 00:16:29,130

bla bla and then there's a calm and

346

00:16:34,019 --> 00:16:31,300

everyone somebody will look around

347

00:16:36,720 --> 00:16:34,029

nervously in the group and then they

348

00:16:39,210 --> 00:16:36,730

will say something like well I had a

349

00:16:42,960 --> 00:16:39,220

relative or someone that they know

350

00:16:44,879 --> 00:16:42,970

really well and they trust them who had

351  
00:16:47,639 --> 00:16:44,889  
an experience and then they will go on

352  
00:16:49,769 --> 00:16:47,649  
to tell you a UFO story or they'll come

353  
00:16:53,280 --> 00:16:49,779  
right out and say that they did and the

354  
00:16:57,240 --> 00:16:53,290  
conversation it's like gravity it always

355  
00:17:00,660 --> 00:16:57,250  
comes out the same way and there is just

356  
00:17:04,770 --> 00:17:00,670  
too much smoke for there not to be some

357  
00:17:08,159 --> 00:17:04,780  
fire in all of this it's way it goes way

358  
00:17:10,890 --> 00:17:08,169  
too deep it's way too common now having

359  
00:17:13,669 --> 00:17:10,900  
said all that though I'm not going to

360  
00:17:18,299 --> 00:17:13,679  
tell you that I still understand what

361  
00:17:21,270 --> 00:17:18,309  
the underlying forces are in this field

362  
00:17:24,140 --> 00:17:21,280  
even after studying this for over 30

363  
00:17:27,090 --> 00:17:24,150

years you know we could spend hours

364

00:17:28,350 --> 00:17:27,100

speculating on the various primary

365

00:17:31,110 --> 00:17:28,360

explanations

366

00:17:34,169 --> 00:17:31,120

well eventually I ended up meeting

367

00:17:37,230 --> 00:17:34,179

Joanne who fortunately is still my wife

368

00:17:40,680 --> 00:17:37,240

and we were together off and on for five

369

00:17:42,330 --> 00:17:40,690

years but at the time that I met her she

370

00:17:44,400 --> 00:17:42,340

was the children's library

371

00:17:47,940 --> 00:17:44,410

for the Timberland regional library

372

00:17:49,590 --> 00:17:47,950

system and one of the things that they

373

00:17:52,680 --> 00:17:49,600

always tried to do is to get more people

374

00:17:55,110 --> 00:17:52,690

to come into libraries and what they

375

00:17:56,880 --> 00:17:55,120

call adult evening programs programs

376

00:18:00,060 --> 00:17:56,890

that are aimed at teenagers and above

377

00:18:03,240 --> 00:18:00,070

are very popular and will usually draw

378

00:18:05,010 --> 00:18:03,250

in numbers and UFOs turn out to be the

379

00:18:07,710 --> 00:18:05,020

hottest kind of program that you can

380

00:18:10,440 --> 00:18:07,720

have in a library in terms of getting

381

00:18:12,960 --> 00:18:10,450

people in the door so she got me going

382

00:18:15,270 --> 00:18:12,970

on the notion of lecturing about UFOs

383

00:18:17,250 --> 00:18:15,280

that that's kind of funny because we

384

00:18:19,860 --> 00:18:17,260

originally got together because I helped

385

00:18:23,280 --> 00:18:19,870

her carry a box that was filled with

386

00:18:27,840 --> 00:18:23,290

odds and ends related to a Sasquatch

387

00:18:31,200 --> 00:18:27,850

program to include a giant plaster cast

388

00:18:33,720 --> 00:18:31,210

sticking out of the box and when we got

389

00:18:36,480 --> 00:18:33,730

to her car I saw that she had UFO books

390

00:18:38,880 --> 00:18:36,490

in the backseat and I thought I've died

391

00:18:40,890 --> 00:18:38,890

and gone to heaven this is this is just

392

00:18:45,260 --> 00:18:40,900

too good if I can't make a conversation

393

00:18:48,270 --> 00:18:45,270

with this woman I'm I'm gonna give up so

394

00:18:50,490 --> 00:18:48,280

fortunately it all worked out but along

395

00:18:53,370 --> 00:18:50,500

the way she got me to do library

396

00:18:57,210 --> 00:18:53,380

programs and one of the places that I

397

00:19:01,500 --> 00:18:57,220

went in 1993 was the Ocean Shores

398

00:19:03,690 --> 00:19:01,510

library and I gave my lecture I had

399

00:19:05,190 --> 00:19:03,700

slides I mean this is backwards I was

400

00:19:07,860 --> 00:19:05,200

still using thirty five millimeter

401

00:19:10,860 --> 00:19:07,870

slides and thought I was hot stuff

402

00:19:13,950 --> 00:19:10,870

because I had managed to supplement it

403

00:19:16,170 --> 00:19:13,960

you know with some well done pictures of

404

00:19:18,210 --> 00:19:16,180

UFOs and all of that now of course

405

00:19:21,780 --> 00:19:18,220

everyone is digital and nobody remembers

406

00:19:24,540 --> 00:19:21,790

what a color slide is so after I was all

407

00:19:26,400 --> 00:19:24,550

done a very stern serious-looking

408

00:19:28,950 --> 00:19:26,410

elderly woman approached me and said

409

00:19:30,840 --> 00:19:28,960

you're right the government knows all

410

00:19:34,070 --> 00:19:30,850

about UFOs and they're keeping it a

411

00:19:37,860 --> 00:19:34,080

secret and I said how do you know and

412

00:19:40,650 --> 00:19:37,870

she said because I worked there and I

413

00:19:42,330 --> 00:19:40,660

could tell I mean I'm I was in - I'd

414

00:19:45,120 --> 00:19:42,340

been a policeman for quite a few years

415

00:19:47,280 --> 00:19:45,130

by then and you kind of get used to

416

00:19:49,950 --> 00:19:47,290

reading people trying to decide are they

417

00:19:52,290 --> 00:19:49,960

serious are they faking are they joking

418

00:19:54,720 --> 00:19:52,300

you know are they telling the truth are

419

00:19:56,730 --> 00:19:54,730

they lying what's going on here

420

00:20:00,600 --> 00:19:56,740

this woman seemed to be very truthful

421

00:20:02,610 --> 00:20:00,610

and she was dead serious and I said well

422

00:20:05,640 --> 00:20:02,620

would you tell me more I tried to draw

423

00:20:08,460 --> 00:20:05,650

her out and she looked at me and said I

424

00:20:10,799 --> 00:20:08,470

can't they'll come and arrest me and I

425

00:20:13,409 --> 00:20:10,809

think she was afraid that I might do the

426

00:20:16,770 --> 00:20:13,419

arresting because I did not keep it a

427

00:20:20,340 --> 00:20:16,780

secret that I was an off-duty detective

428

00:20:23,940 --> 00:20:20,350

sergeant giving a presentation in a

429

00:20:26,190 --> 00:20:23,950

library about UFOs and so I it was

430

00:20:27,990 --> 00:20:26,200

entirely possible in her mind that I

431

00:20:30,659 --> 00:20:28,000

could arrest her if she disclosed the

432

00:20:32,789 --> 00:20:30,669

wrong thing well I gave her my business

433

00:20:35,730 --> 00:20:32,799

card and I kept track of her because I

434

00:20:37,860 --> 00:20:35,740

was curious who she was I found out that

435

00:20:40,919 --> 00:20:37,870

she was a well known figure in the

436

00:20:43,980 --> 00:20:40,929

community she had led the charity drive

437

00:20:46,590 --> 00:20:43,990

to build a brand-new library there were

438

00:20:48,750 --> 00:20:46,600

some hot community issues out in Ocean

439

00:20:51,150 --> 00:20:48,760

Shores this was originally they were

440

00:20:53,610 --> 00:20:51,160

trying to promote legalized gambling and

441

00:20:55,770 --> 00:20:53,620

this was going to be a huge real estate

442

00:20:59,909 --> 00:20:55,780

project well the legalized gambling

443

00:21:02,760 --> 00:20:59,919

never happened and eventually it turned

444

00:21:05,220 --> 00:21:02,770

out to be a great place for people to

445

00:21:07,950 --> 00:21:05,230

have resort homes but it never took off

446

00:21:09,690 --> 00:21:07,960

the way they had planned so but there

447

00:21:12,720 --> 00:21:09,700

were very wealthy people out there and

448

00:21:15,330 --> 00:21:12,730

June had stood up fit and gone toe to

449

00:21:17,730 --> 00:21:15,340

toe literally with somebody who was

450

00:21:21,900 --> 00:21:17,740

connected with the mob she got in this

451  
00:21:24,870 --> 00:21:21,910  
guy's face kind of lady that she was she

452  
00:21:28,950 --> 00:21:24,880  
him back down from anybody but what

453  
00:21:32,090 --> 00:21:28,960  
nobody knew was what her life was like

454  
00:21:37,590 --> 00:21:32,100  
when she was young so we have to

455  
00:21:41,130 --> 00:21:37,600  
flash-forward to 1997 1997 is a really

456  
00:21:44,070 --> 00:21:41,140  
important year for UFOs it's extremely

457  
00:21:46,980 --> 00:21:44,080  
important not only because of the UFO

458  
00:21:49,169 --> 00:21:46,990  
events that occurred that year but

459  
00:21:53,659 --> 00:21:49,179  
because of back to what I mentioned

460  
00:21:56,430 --> 00:21:53,669  
earlier the government response is so

461  
00:22:02,730 --> 00:21:56,440  
interesting and you gotta think back and

462  
00:22:06,790 --> 00:22:02,740  
remember that July of 1997 is the 50th

463  
00:22:10,960 --> 00:22:06,800

anniversary of the Roswell UFO crash

464

00:22:15,280 --> 00:22:10,970

I didn't go but I know from people that

465

00:22:18,690 --> 00:22:15,290

I've met that it was so crowded with UFO

466

00:22:22,360 --> 00:22:18,700

people in Roswell that they had to hire

467

00:22:25,480 --> 00:22:22,370

off-duty policemen from all over New

468

00:22:27,220 --> 00:22:25,490

Mexico to do traffic control so I mean

469

00:22:28,930 --> 00:22:27,230

it was a big and you couldn't get a

470

00:22:33,570 --> 00:22:28,940

motel room anywhere if you didn't

471

00:22:38,380 --> 00:22:33,580

already have one forget it I I wanted to

472

00:22:41,410 --> 00:22:38,390

recontact June and in 1997 the

473

00:22:43,660 --> 00:22:41,420

opportunity presented itself but you got

474

00:22:48,010 --> 00:22:43,670

to think back to earlier in the year

475

00:22:51,430 --> 00:22:48,020

March 13th of 90 1997 we have the

476

00:22:54,610 --> 00:22:51,440

Phoenix lights the Phoenix lights is

477

00:22:58,150 --> 00:22:54,620

another event that I put on the same

478

00:23:00,730 --> 00:22:58,160

level of magnitude as Roswell in UFO

479

00:23:03,220 --> 00:23:00,740

history and there are many reasons for

480

00:23:05,800 --> 00:23:03,230

that one of which was that I attended

481

00:23:07,780 --> 00:23:05,810

the UFO conference in McMinnville Oregon

482

00:23:11,160 --> 00:23:07,790

several years ago three or four years

483

00:23:14,110 --> 00:23:11,170

ago and it was devoted entirely to

484

00:23:16,390 --> 00:23:14,120

presentations by people who had key

485

00:23:20,740 --> 00:23:16,400

knowledge related to the Phoenix lights

486

00:23:23,590 --> 00:23:20,750

and I was absolutely spellbound by that

487

00:23:26,050 --> 00:23:23,600

it was it that was a great that was as

488

00:23:28,960 --> 00:23:26,060

much of a revelation to me as Roswell

489

00:23:31,450 --> 00:23:28,970

has been so I I don't think this point

490

00:23:36,000 --> 00:23:31,460

was lost on the secret keepers that on

491

00:23:42,010 --> 00:23:36,010

March 13th of 1997 an extremely large

492

00:23:45,760 --> 00:23:42,020

real UFO triangular-shaped flew over the

493

00:23:47,200 --> 00:23:45,770

central corridor of Arizona and I

494

00:23:50,740 --> 00:23:47,210

believe that there was a government

495

00:23:54,100 --> 00:23:50,750

response a very strong government

496

00:23:56,800 --> 00:23:54,110

response in fact Peter Davenport from

497

00:23:59,650 --> 00:23:56,810

the national UFO Reporting Center his

498

00:24:01,480 --> 00:23:59,660

theory is that happens to be the same

499

00:24:03,940 --> 00:24:01,490

night by the way if you go back and

500

00:24:07,330 --> 00:24:03,950

check the news you'll find out that

501  
00:24:10,450 --> 00:24:07,340  
President Bill Clinton supposedly

502  
00:24:13,420 --> 00:24:10,460  
tripped on some stairs and was then was

503  
00:24:16,900 --> 00:24:13,430  
grabbed by the Secret Service and rushed

504  
00:24:18,190 --> 00:24:16,910  
back to Washington DC for emergency knee

505  
00:24:21,909 --> 00:24:18,200  
surgery

506  
00:24:24,070 --> 00:24:21,919  
Peter Davenport's theory is if he ever

507  
00:24:26,529 --> 00:24:24,080  
met Bill Clinton the first question he

508  
00:24:29,139 --> 00:24:26,539  
would ask it is mr. president will you

509  
00:24:31,479 --> 00:24:29,149  
please raise your pant leg he thinks

510  
00:24:34,060 --> 00:24:31,489  
that there's no scar because there was

511  
00:24:37,779 --> 00:24:34,070  
no surgery because it was just a cover

512  
00:24:44,080 --> 00:24:37,789  
story and the cover story was that the

513  
00:24:46,450 --> 00:24:44,090

UFO event in Phoenix was so major and it

514

00:24:49,889 --> 00:24:46,460

was clearly obvious that this was an

515

00:24:55,960 --> 00:24:49,899

unearthly technology on a grand scale

516

00:24:58,659 --> 00:24:55,970

that they had to scramble jets they

517

00:25:01,599 --> 00:24:58,669

decided not to you know fire on this

518

00:25:04,269 --> 00:25:01,609

thing and as a result of their military

519

00:25:06,999 --> 00:25:04,279

assessment of the potential they moved

520

00:25:10,330 --> 00:25:07,009

the United States up the DEFCON scale

521

00:25:12,879 --> 00:25:10,340

and that meant that by protocol they had

522

00:25:15,999 --> 00:25:12,889

to grab the president and get him into a

523

00:25:18,279 --> 00:25:16,009

secure facility interesting you know

524

00:25:20,529 --> 00:25:18,289

it's fascinating I mean this it's a big

525

00:25:23,349 --> 00:25:20,539

deal now of course a lot of this is pure

526

00:25:26,710 --> 00:25:23,359

speculation we can't document it but it

527

00:25:29,320 --> 00:25:26,720

it certainly plays out right all right

528

00:25:32,499 --> 00:25:29,330

so we have work back to we're back to

529

00:25:35,979 --> 00:25:32,509

that being the the kind of backdrop for

530

00:25:38,919 --> 00:25:35,989

the year 1997 for some reason along

531

00:25:40,599 --> 00:25:38,929

about June of that year we're going to

532

00:25:44,009 --> 00:25:40,609

end up with too many June's in the story

533

00:25:48,129 --> 00:25:44,019

but I can't so in the month of June in

534

00:25:51,869 --> 00:25:48,139

1997 the Air Force announces that they

535

00:25:54,460 --> 00:25:51,879

are publishing a book the book is titled

536

00:25:57,220 --> 00:25:54,470

Roswell case closed

537

00:25:58,629 --> 00:25:57,230

and you can still get copies of it I've

538

00:26:00,879 --> 00:25:58,639

got one over here on the shelf

539

00:26:02,619 --> 00:26:00,889

pretty thick book from what I remember

540

00:26:04,840 --> 00:26:02,629

yes yeah it's something like that well

541

00:26:06,749 --> 00:26:04,850

interestingly enough I I actually

542

00:26:10,299 --> 00:26:06,759

interviewed the guy whose work

543

00:26:14,109 --> 00:26:10,309

supposedly was the basis for their new

544

00:26:16,570 --> 00:26:14,119

explanation and he is angry because he

545

00:26:20,139 --> 00:26:16,580

was a career Air Force officer who took

546

00:26:22,840 --> 00:26:20,149

his work with parachute dummies very

547

00:26:26,259 --> 00:26:22,850

seriously and they used the whole

548

00:26:30,070 --> 00:26:26,269

parachute dummy thing to explain alien

549

00:26:31,520 --> 00:26:30,080

bodies at Roswell right that and project

550

00:26:34,580 --> 00:26:31,530

mogul so

551

00:26:37,460 --> 00:26:34,590

that's the text of this book so the book

552

00:26:41,090 --> 00:26:37,470

comes out and of course because it's the

553

00:26:43,690 --> 00:26:41,100

air force and because UFOs are really a

554

00:26:46,010 --> 00:26:43,700

hot subject that year the x-files was

555

00:26:48,530 --> 00:26:46,020

also going full-bore

556

00:26:49,250 --> 00:26:48,540

so the x-files had now become household

557

00:26:53,000 --> 00:26:49,260

word

558

00:26:55,460 --> 00:26:53,010

you've got UFOs on everybody's mind

559

00:26:57,350 --> 00:26:55,470

you've got the Phoenix lights the secret

560

00:26:59,360 --> 00:26:57,360

keepers know they're in trouble they're

561

00:27:01,640 --> 00:26:59,370

coming up on the 50th anniversary of

562

00:27:04,880 --> 00:27:01,650

Roswell so when they published their

563

00:27:08,800 --> 00:27:04,890

book Roswell case closed its blasted all

564

00:27:11,980 --> 00:27:08,810

over CNN it's the big story I remember

565

00:27:15,650 --> 00:27:11,990

out in Ocean Shores Washington an

566

00:27:18,980 --> 00:27:15,660

elderly lady named June happened to be

567

00:27:22,580 --> 00:27:18,990

watching the news and she got really

568

00:27:25,610 --> 00:27:22,590

angry and I also think that the other

569

00:27:29,060 --> 00:27:25,620

backdrop to this is that her cancer had

570

00:27:31,630 --> 00:27:29,070

come back and she never did quite admit

571

00:27:35,000 --> 00:27:31,640

to me how precarious her health was

572

00:27:38,000 --> 00:27:35,010

until the very end but she called me on

573

00:27:40,640 --> 00:27:38,010

the phone with no warning I have not

574

00:27:42,770 --> 00:27:40,650

heard from this woman in four years the

575

00:27:46,970 --> 00:27:42,780

phone rings I pick it up in its June's

576

00:27:49,670 --> 00:27:46,980

voice and she goes it's a damn lie and I

577

00:27:51,620 --> 00:27:49,680

said well June good to hear from you at

578

00:27:55,280 --> 00:27:51,630

quite a hello yes yes

579

00:27:58,250 --> 00:27:55,290

so we exchanged pleasantries and then

580

00:27:59,840 --> 00:27:58,260

she explains to me she says she had been

581

00:28:02,660 --> 00:27:59,850

watching the news she wanted to know if

582

00:28:05,690 --> 00:28:02,670

I had been watching and she wanted to

583

00:28:08,300 --> 00:28:05,700

talk about Roswell case closed and then

584

00:28:11,660 --> 00:28:08,310

she said the balloon story is the same

585

00:28:13,430 --> 00:28:11,670

story that we used to use when we wrote

586

00:28:15,800 --> 00:28:13,440

letters to the public telling them that

587

00:28:19,880 --> 00:28:15,810

they hadn't seen what they said they saw

588

00:28:21,620 --> 00:28:19,890

and this went on for a while and finally

589

00:28:24,110 --> 00:28:21,630

I said why are you willing to talk to me

590

00:28:27,560 --> 00:28:24,120

now and you weren't willing talk to me

591

00:28:30,770 --> 00:28:27,570

then and she said I'm 72 years old I've

592

00:28:33,050 --> 00:28:30,780

outlived two husbands and my cancers in

593

00:28:36,020 --> 00:28:33,060

remission what are they going to do

594

00:28:39,140 --> 00:28:36,030

shoot me or put me in prison I can do

595

00:28:41,810 --> 00:28:39,150

either one well that was good enough for

596

00:28:45,139 --> 00:28:41,820

me because I was already convinced that

597

00:28:47,659 --> 00:28:45,149

she was serious and so I asked her if I

598

00:28:51,259 --> 00:28:47,669

come and visit her and that began a

599

00:28:53,419 --> 00:28:51,269

whole series mostly late night meetings

600

00:28:56,950 --> 00:28:53,429

because she was kind of a night owl I

601  
00:29:00,709 --> 00:28:56,960  
was on a swing shift so I would get off

602  
00:29:03,649 --> 00:29:00,719  
off-duty and then drive the 30 miles to

603  
00:29:06,019 --> 00:29:03,659  
her house out in Ocean Shores and we

604  
00:29:08,899 --> 00:29:06,029  
would sit up half the night me listening

605  
00:29:11,629 --> 00:29:08,909  
to her life story eventually she showed

606  
00:29:16,009 --> 00:29:11,639  
me her personal papers that she later

607  
00:29:19,849 --> 00:29:16,019  
gave to me and finally I got her to go

608  
00:29:22,129 --> 00:29:19,859  
on audiotape that was not easy she was

609  
00:29:26,749 --> 00:29:22,139  
not real happy with that mainly because

610  
00:29:29,839 --> 00:29:26,759  
I think she was so concerned about being

611  
00:29:32,599 --> 00:29:29,849  
careful it was very important to her

612  
00:29:35,149 --> 00:29:32,609  
that she would only tell me things that

613  
00:29:37,129 --> 00:29:35,159

she was sure of and that of course is

614

00:29:40,700 --> 00:29:37,139

kind of a good news/bad news thing I

615

00:29:43,009 --> 00:29:40,710

only wanted the facts from her but it

616

00:29:45,560 --> 00:29:43,019

made her extra careful in other words if

617

00:29:47,180 --> 00:29:45,570

she didn't know she didn't know and if

618

00:29:49,789 --> 00:29:47,190

she didn't remember she didn't remember

619

00:29:52,669 --> 00:29:49,799

that's that's gold when you're

620

00:29:55,009 --> 00:29:52,679

interviewing witnesses the worst witness

621

00:29:58,099 --> 00:29:55,019

is the one who knows everything about

622

00:30:00,200 --> 00:29:58,109

everything and we have them in the UFO

623

00:30:03,079 --> 00:30:00,210

field they never met in an

624

00:30:04,849 --> 00:30:03,089

all-encompassing theory of

625

00:30:08,570 --> 00:30:04,859

extraterrestrial presence that they

626

00:30:11,389 --> 00:30:08,580

didn't like so I I gradually also it

627

00:30:13,759 --> 00:30:11,399

would happen to be as a personal aside

628

00:30:15,619 --> 00:30:13,769

this happened to be during a time period

629

00:30:19,279 --> 00:30:15,629

when Joanne and I had one of our

630

00:30:21,919 --> 00:30:19,289

breakups and so Jun and I became friends

631

00:30:24,859 --> 00:30:21,929

and you know I don't mean in a romantic

632

00:30:27,589 --> 00:30:24,869

way but I mean she was a lonely person I

633

00:30:30,680 --> 00:30:27,599

was a lonely man we we talked about our

634

00:30:33,409 --> 00:30:30,690

lives where we were going where we'd

635

00:30:34,279 --> 00:30:33,419

been I would have loved to have heard

636

00:30:37,249 --> 00:30:34,289

her story

637

00:30:40,129 --> 00:30:37,259

even without the UFO part because she

638

00:30:41,959 --> 00:30:40,139

grew up in Dayton Ohio she worked for

639

00:30:46,729 --> 00:30:41,969

the United States government three times

640

00:30:50,359 --> 00:30:46,739

between 1942 and 1952 she worked in

641

00:30:53,869 --> 00:30:50,369

classified laboratories she had a Q

642

00:30:56,829 --> 00:30:53,879

level security clearance eventually she

643

00:30:58,909 --> 00:30:56,839

was steadily promoted talking to June

644

00:31:01,460 --> 00:30:58,919

the more I got to know her

645

00:31:05,450 --> 00:31:01,470

more I got to respect her and and you

646

00:31:07,129 --> 00:31:05,460

know little anecdotes like this she told

647

00:31:09,739 --> 00:31:07,139

me she said if you grew up in Dayton

648

00:31:11,539 --> 00:31:09,749

Ohio and you wanted a good job you went

649

00:31:14,239 --> 00:31:11,549

to work for the government that was just

650

00:31:17,239 --> 00:31:14,249

the way it was and you got to remember

651  
00:31:20,180 --> 00:31:17,249  
that when she went to work there in 1942

652  
00:31:24,470 --> 00:31:20,190  
the war had just begun of course on

653  
00:31:27,379 --> 00:31:24,480  
December 7th of 1941 they had right

654  
00:31:29,930 --> 00:31:27,389  
field right field was the one place

655  
00:31:32,269 --> 00:31:29,940  
where they had wind tunnels and they

656  
00:31:35,180 --> 00:31:32,279  
were doing experimentation on aviation

657  
00:31:37,419 --> 00:31:35,190  
but there was no Air Force then there

658  
00:31:43,190 --> 00:31:37,429  
was the Air Force did not exist until

659  
00:31:45,229 --> 00:31:43,200  
after world war ii at tours in 1947 as a

660  
00:31:48,739 --> 00:31:45,239  
result of the National Security Act

661  
00:31:52,310 --> 00:31:48,749  
right so when she went to work there I

662  
00:31:55,940 --> 00:31:52,320  
actually have papers by her that are on

663  
00:32:00,109 --> 00:31:55,950

War Department stationery and in and

664

00:32:03,259 --> 00:32:00,119

it's you know the the army army aviation

665

00:32:06,169 --> 00:32:03,269

the air material command things like

666

00:32:09,200 --> 00:32:06,179

that because you know none of the things

667

00:32:10,909 --> 00:32:09,210

that we take for granted even existed so

668

00:32:14,180 --> 00:32:10,919

it was fascinating to hear like the

669

00:32:16,820 --> 00:32:14,190

night of Pearl Harbor before Pearl

670

00:32:20,899 --> 00:32:16,830

Harbor there wasn't even a fence around

671

00:32:23,389 --> 00:32:20,909

right field and she told me that that

672

00:32:27,049 --> 00:32:23,399

night that that occurred they sent out

673

00:32:30,519 --> 00:32:27,059

trucks of soldiers sentries with rifles

674

00:32:32,840 --> 00:32:30,529

to surround the entire base where each

675

00:32:35,989 --> 00:32:32,850

sentry could see the other one because

676  
00:32:38,899 --> 00:32:35,999  
nobody knew whether or not the United

677  
00:32:41,899 --> 00:32:38,909  
States was about to be invaded by the

678  
00:32:45,379 --> 00:32:41,909  
Japanese there was there was panic and

679  
00:32:48,950 --> 00:32:45,389  
chaos and confusion and so right field

680  
00:32:51,379 --> 00:32:48,960  
being a very important facility they had

681  
00:32:53,330 --> 00:32:51,389  
to secure it right and then you know

682  
00:32:56,810 --> 00:32:53,340  
eventually James when it becomes right

683  
00:32:59,119 --> 00:32:56,820  
Air Force Base which we'll get to you

684  
00:33:02,659 --> 00:32:59,129  
know this this this place becomes

685  
00:33:05,419 --> 00:33:02,669  
synonymous with exactly UFO case I mean

686  
00:33:08,419 --> 00:33:05,429  
again that's a little fast-forwarding I

687  
00:33:11,700 --> 00:33:08,429  
would love to hear if you don't mind a

688  
00:33:14,460 --> 00:33:11,710

little bit more about June cranes clear

689

00:33:16,169 --> 00:33:14,470

this cute clearance and then also what

690

00:33:18,840 --> 00:33:16,179

really caught my attention now this is

691

00:33:20,820 --> 00:33:18,850

all transcribed by you for audio and

692

00:33:23,159 --> 00:33:20,830

there were some really key points that

693

00:33:25,409 --> 00:33:23,169

stuck out to me so I guess maybe we'll

694

00:33:28,169 --> 00:33:25,419

sort of focus on those so the first two

695

00:33:31,560 --> 00:33:28,179

would be this queue clearance and and

696

00:33:34,680 --> 00:33:31,570

June's experience with catching a spy

697

00:33:37,289 --> 00:33:34,690

this really fascinated me would you mind

698

00:33:39,389 --> 00:33:37,299

running us through these two things no I

699

00:33:41,130 --> 00:33:39,399

wouldn't mind at all okay the queue

700

00:33:43,279 --> 00:33:41,140

level clearance actually has an

701  
00:33:45,840 --> 00:33:43,289  
interesting evolution and the way that I

702  
00:33:49,639 --> 00:33:45,850  
confirmed it was from a completely

703  
00:33:52,080 --> 00:33:49,649  
unexpected source when it came to

704  
00:33:54,870 --> 00:33:52,090  
figuring out what a queue level

705  
00:33:58,230 --> 00:33:54,880  
clearance was back then and it came from

706  
00:34:01,110 --> 00:33:58,240  
my father and the reason being that when

707  
00:34:05,669 --> 00:34:01,120  
he got out of the Navy he ended up going

708  
00:34:09,240 --> 00:34:05,679  
to work for a nuclear fuel processing

709  
00:34:11,310 --> 00:34:09,250  
plant in Paducah Kentucky it was the

710  
00:34:14,909 --> 00:34:11,320  
second one in the United States after

711  
00:34:16,859 --> 00:34:14,919  
Oak Ridge and actually I think there was

712  
00:34:18,990 --> 00:34:16,869  
of course they were making weapons-grade

713  
00:34:22,440 --> 00:34:19,000

up here but we had Hanford here in

714

00:34:25,230 --> 00:34:22,450

Washington State but any event when my

715

00:34:26,940 --> 00:34:25,240

dad worked there in the control room he

716

00:34:30,389 --> 00:34:26,950

had to have a cue level security

717

00:34:34,109 --> 00:34:30,399

clearance and back then you literally

718

00:34:36,720 --> 00:34:34,119

wore a cardboard letter Q that was

719

00:34:39,690 --> 00:34:36,730

pinned to your clothing that you had to

720

00:34:42,060 --> 00:34:39,700

wear at all times when you were in this

721

00:34:44,430 --> 00:34:42,070

high security environment so that

722

00:34:47,190 --> 00:34:44,440

everybody there would know that you were

723

00:34:50,010 --> 00:34:47,200

cleared to be there so it that that's

724

00:34:51,599 --> 00:34:50,020

literally what a queue clearance was now

725

00:34:55,079 --> 00:34:51,609

of course it's different you know with

726

00:34:57,030 --> 00:34:55,089

with key cards and you know fingerprints

727

00:34:59,490 --> 00:34:57,040

and retinas and all the other ways that

728

00:35:02,670 --> 00:34:59,500

you know a high security facility can

729

00:35:05,130 --> 00:35:02,680

operate right but back then that's all

730

00:35:08,099 --> 00:35:05,140

they had and a Q clearance meant that

731

00:35:10,410 --> 00:35:08,109

they would send the FBI to interview all

732

00:35:13,620 --> 00:35:10,420

of your friends and relatives to to

733

00:35:15,240 --> 00:35:13,630

verify your identity to see if there was

734

00:35:17,280 --> 00:35:15,250

anything in your background

735

00:35:20,640 --> 00:35:17,290

this should bar you from your clearance

736

00:35:22,500 --> 00:35:20,650

so my dad actually went through that so

737

00:35:25,350 --> 00:35:22,510

when I was telling him about the work I

738

00:35:27,960 --> 00:35:25,360

was doing on June's background

739

00:35:32,250 --> 00:35:27,970

he was immediately able to explain to me

740

00:35:35,580 --> 00:35:32,260

what the process was and and I do know

741

00:35:37,260 --> 00:35:35,590

that Jun worked on classified projects

742

00:35:39,960 --> 00:35:37,270

and the way that one of the ways that I

743

00:35:43,890 --> 00:35:39,970

know that is that she talked about

744

00:35:46,530 --> 00:35:43,900

project Caucasian and she did not

745

00:35:49,110 --> 00:35:46,540

remember all of the details but she

746

00:35:50,670 --> 00:35:49,120

remembered things like you know what are

747

00:35:53,370 --> 00:35:50,680

the things I've learned along the way in

748

00:35:55,590 --> 00:35:53,380

interviewing people is that the thing

749

00:35:59,850 --> 00:35:55,600

that most people remember most strongly

750

00:36:02,430 --> 00:35:59,860

is not the event but their emotional

751  
00:36:05,370 --> 00:36:02,440  
reaction to the event right right I

752  
00:36:08,190 --> 00:36:05,380  
focus a lot on that with my my work

753  
00:36:10,830 --> 00:36:08,200  
interviewing witnesses so I couldn't

754  
00:36:13,740 --> 00:36:10,840  
agree with that more if people people

755  
00:36:15,720 --> 00:36:13,750  
remember how they felt and she

756  
00:36:20,040 --> 00:36:15,730  
remembered that there was like a lot of

757  
00:36:22,020 --> 00:36:20,050  
nervousness and tension whenever she

758  
00:36:24,630 --> 00:36:22,030  
worked on something called project

759  
00:36:27,390 --> 00:36:24,640  
Caucasian she recalled that her boss

760  
00:36:29,220 --> 00:36:27,400  
would become very you know he was like

761  
00:36:31,770 --> 00:36:29,230  
skittish because he was worried about

762  
00:36:33,000 --> 00:36:31,780  
the security around this particular

763  
00:36:38,070 --> 00:36:33,010

project

764

00:36:40,350 --> 00:36:38,080

well Jun passed away in 1998 I had all

765

00:36:42,860 --> 00:36:40,360

of this information and I eventually was

766

00:36:46,680 --> 00:36:42,870

able to get it to a team of researchers

767

00:36:49,580 --> 00:36:46,690

in 2000 quite an illustrious group of

768

00:36:53,130 --> 00:36:49,590

people that I never expected to meet and

769

00:36:55,500 --> 00:36:53,140

but there were no military historians

770

00:36:57,750 --> 00:36:55,510

that I was able to contact who could

771

00:37:00,330 --> 00:36:57,760

tell me anything about project Caucasian

772

00:37:02,880 --> 00:37:00,340

it was a complete mystery nobody had

773

00:37:06,450 --> 00:37:02,890

ever heard of that as a codename for a

774

00:37:09,540 --> 00:37:06,460

project well three or four years after

775

00:37:14,550 --> 00:37:09,550

that I believe it was like 2003 2004

776

00:37:18,150 --> 00:37:14,560

they Declassified project Caucasian from

777

00:37:22,590 --> 00:37:18,160

top secret down to a public disclosure

778

00:37:24,270 --> 00:37:22,600

document it was the parachute harness it

779

00:37:26,910 --> 00:37:24,280

was the codename for the project to

780

00:37:29,310 --> 00:37:26,920

create a parachute harness for hydrogen

781

00:37:33,090 --> 00:37:29,320

bomb to be dropped out of the back of a

782

00:37:34,920 --> 00:37:33,100

b-36 bomber everyone was so nervous yes

783

00:37:36,210 --> 00:37:34,930

no wonder everybody was so nervous and

784

00:37:37,760 --> 00:37:36,220

no wonder it was a highly classified

785

00:37:41,030 --> 00:37:37,770

project of course

786

00:37:44,690 --> 00:37:41,040

are they classified and Jun worked in

787

00:37:47,360 --> 00:37:44,700

these laboratories doing what we would

788

00:37:50,860 --> 00:37:47,370

now call office manager work but a woman

789

00:37:54,140 --> 00:37:50,870

could not have a title like manager so

790

00:37:56,420 --> 00:37:54,150

she was doing all the clerical work she

791

00:37:59,450 --> 00:37:56,430

was also doing security work which meant

792

00:38:02,630 --> 00:37:59,460

she told me that she was in charge of

793

00:38:05,240 --> 00:38:02,640

multiple safes now you got to think back

794

00:38:09,370 --> 00:38:05,250

and remember this is this is before

795

00:38:12,610 --> 00:38:09,380

anybody even imagined the internet so

796

00:38:15,620 --> 00:38:12,620

people are using manual typewriters

797

00:38:19,910 --> 00:38:15,630

everything is on paper and in folders

798

00:38:23,000 --> 00:38:19,920

and files it had to be logged in and out

799

00:38:26,120 --> 00:38:23,010

of safes and it was her job she told me

800

00:38:29,390 --> 00:38:26,130

that she had a full-bird colonel who was

801  
00:38:32,450 --> 00:38:29,400  
her direct supervisor who was in charge

802  
00:38:35,600 --> 00:38:32,460  
of the security of these documents in

803  
00:38:38,330 --> 00:38:35,610  
this laboratory where she worked and so

804  
00:38:41,420 --> 00:38:38,340  
she routinely associated with scientists

805  
00:38:44,180 --> 00:38:41,430  
and engineers and in order to do her

806  
00:38:46,910 --> 00:38:44,190  
work she had to have the same security

807  
00:38:49,820 --> 00:38:46,920  
clearance as the people who were working

808  
00:38:51,440 --> 00:38:49,830  
on these projects so she told me for

809  
00:38:54,560 --> 00:38:51,450  
instance she kept using the phrase she

810  
00:38:57,260 --> 00:38:54,570  
said that Kenickie wrote the Bible on

811  
00:38:59,420 --> 00:38:57,270  
parachutes well there wasn't a whole lot

812  
00:39:01,880 --> 00:38:59,430  
on him at the time that I was talking to

813  
00:39:03,290 --> 00:39:01,890

June but later on I learned that there

814

00:39:06,590 --> 00:39:03,300

was a Walter Kanaka

815

00:39:09,110 --> 00:39:06,600

who was one of the paperclip scientists

816

00:39:12,170 --> 00:39:09,120

who was brought over from Germany at the

817

00:39:15,590 --> 00:39:12,180

end of World War two and given a cushy

818

00:39:19,730 --> 00:39:15,600

job in the United States in return for

819

00:39:23,720 --> 00:39:19,740

his assistance in building parachutes to

820

00:39:26,360 --> 00:39:23,730

drop payloads onto battlefields in other

821

00:39:30,190 --> 00:39:26,370

words he was an engineer who could

822

00:39:33,350 --> 00:39:30,200

design parachutes to drop vehicles and

823

00:39:35,960 --> 00:39:33,360

military equipment from an airplane so

824

00:39:39,080 --> 00:39:35,970

this is all highly classified work this

825

00:39:41,390 --> 00:39:39,090

is military science being applied as it

826

00:39:44,240 --> 00:39:41,400

were well she was also tasked with

827

00:39:46,880 --> 00:39:44,250

writing letters to people related to

828

00:39:49,070 --> 00:39:46,890

UFOs and back then

829

00:39:49,400 --> 00:39:49,080

they were actually it was a few wrote

830

00:39:51,110 --> 00:39:49,410

them

831

00:39:53,060 --> 00:39:51,120

any kind of a letter at all they would

832

00:39:54,680 --> 00:39:53,070

actually send you a real letter back

833

00:39:56,870 --> 00:39:54,690

saying that you know we don't

834

00:39:59,740 --> 00:39:56,880

investigate UFOs or we think that what

835

00:40:02,150 --> 00:39:59,750

you what you have presented is

836

00:40:05,140 --> 00:40:02,160

impossible from an engineering viewpoint

837

00:40:08,150 --> 00:40:05,150

etc she was also privy to conversations

838

00:40:09,980 --> 00:40:08,160

in other words she works amongst

839

00:40:12,260 --> 00:40:09,990

scientists and engineers and military

840

00:40:15,770 --> 00:40:12,270

people and they talked about some of

841

00:40:17,750 --> 00:40:15,780

their experiences in the southwest when

842

00:40:21,140 --> 00:40:17,760

they would go down there to do some of

843

00:40:24,440 --> 00:40:21,150

the early rocketry research this is

844

00:40:27,620 --> 00:40:24,450

after World War two we are now trying to

845

00:40:30,020 --> 00:40:27,630

benefit from the v2 technology she

846

00:40:32,690 --> 00:40:30,030

mentioned the Aero B rocket which if you

847

00:40:35,210 --> 00:40:32,700

go back and you look at the history of

848

00:40:39,200 --> 00:40:35,220

rocketry in the United States you'll

849

00:40:42,230 --> 00:40:39,210

hear that the Aero B was one of the

850

00:40:44,300 --> 00:40:42,240

first heavy lifter rockets nor is the

851  
00:40:46,790 --> 00:40:44,310  
one of the first Rockets that could

852  
00:40:48,710 --> 00:40:46,800  
carry a substantial payload and of

853  
00:40:52,460 --> 00:40:48,720  
course that's the beginning of the space

854  
00:40:55,700 --> 00:40:52,470  
program but then there's a personal side

855  
00:40:58,670 --> 00:40:55,710  
to this whole story and it goes with the

856  
00:41:01,430 --> 00:40:58,680  
times that June lived in and it deals

857  
00:41:04,190 --> 00:41:01,440  
with issues that are still important

858  
00:41:07,460 --> 00:41:04,200  
today June was an attractive intelligent

859  
00:41:11,180 --> 00:41:07,470  
young woman she gets a good job

860  
00:41:13,790 --> 00:41:11,190  
she's steadily promoted she is praised

861  
00:41:16,970 --> 00:41:13,800  
by her co-workers and her supervisors

862  
00:41:20,480 --> 00:41:16,980  
she marries one of the base security

863  
00:41:24,230 --> 00:41:20,490

policemen all he wants to do is to get

864

00:41:27,980 --> 00:41:24,240

out of the Air Force and go on with his

865

00:41:31,610 --> 00:41:27,990

life and he does not want her to have a

866

00:41:34,370 --> 00:41:31,620

career they eventually have a child and

867

00:41:36,500 --> 00:41:34,380

there is a there's a point in June's

868

00:41:39,470 --> 00:41:36,510

history that I could tell where she was

869

00:41:43,760 --> 00:41:39,480

always sad and every time she would

870

00:41:46,060 --> 00:41:43,770

mention this one particular event she

871

00:41:49,310 --> 00:41:46,070

would get tears in her eyes and the

872

00:41:52,310 --> 00:41:49,320

event was that she was recalling the

873

00:41:56,360 --> 00:41:52,320

night that she was ordered to stay very

874

00:41:57,650 --> 00:41:56,370

late and to take dictation from a German

875

00:42:00,410 --> 00:41:57,660

rocket scientist

876

00:42:01,680 --> 00:42:00,420

she believes that it was Verner von

877

00:42:03,630 --> 00:42:01,690

Braun

878

00:42:07,140 --> 00:42:03,640

or she did leave that it was Verner von

879

00:42:09,089 --> 00:42:07,150

braun except that there is no historical

880

00:42:12,180 --> 00:42:09,099

record that i have ever been able to

881

00:42:14,220 --> 00:42:12,190

locate that places Verner von braun at

882

00:42:17,220 --> 00:42:14,230

wright-patterson but interestingly

883

00:42:20,880 --> 00:42:17,230

enough the person who pointed that

884

00:42:24,359 --> 00:42:20,890

problem out to me was June when I first

885

00:42:26,999 --> 00:42:24,369

started talking to June she had two of

886

00:42:29,430 --> 00:42:27,009

two or three of the key biographies a

887

00:42:32,249 --> 00:42:29,440

Verner Braun Braun that she had been

888

00:42:35,039 --> 00:42:32,259

looking through trying to find some

889

00:42:37,980 --> 00:42:35,049

reference to him being there she

890

00:42:41,609 --> 00:42:37,990

couldn't find it I couldn't find it it's

891

00:42:43,730 --> 00:42:41,619

also possible that he may have sort of

892

00:42:46,019 --> 00:42:43,740

written out that part of his history

893

00:42:50,370 --> 00:42:46,029

because Verner von Braun of course

894

00:42:53,640 --> 00:42:50,380

became a very famous scientist and kind

895

00:42:54,299 --> 00:42:53,650

of a spokesperson for our early space

896

00:42:57,930 --> 00:42:54,309

program

897

00:43:01,470 --> 00:42:57,940

right and so references to the time when

898

00:43:04,109 --> 00:43:01,480

he was an involuntary guest of the

899

00:43:06,809 --> 00:43:04,119

United States government may have been

900

00:43:08,190 --> 00:43:06,819

sanitized from his history because he

901  
00:43:10,589 --> 00:43:08,200  
probably wouldn't want to talk about

902  
00:43:12,749 --> 00:43:10,599  
that time period and the last thing he

903  
00:43:14,999 --> 00:43:12,759  
would want to talk about is the work

904  
00:43:17,940 --> 00:43:15,009  
that he may have done under the Third

905  
00:43:20,640 --> 00:43:17,950  
Reich in Germany also because some of

906  
00:43:21,329 --> 00:43:20,650  
the places where he worked used slave

907  
00:43:23,430 --> 00:43:21,339  
labor

908  
00:43:26,640 --> 00:43:23,440  
this guy just gets worse and worse oh

909  
00:43:28,079 --> 00:43:26,650  
it's Project Paperclip is is I mean

910  
00:43:30,900 --> 00:43:28,089  
that's one of the most controversial

911  
00:43:33,240 --> 00:43:30,910  
things that ever happened in US history

912  
00:43:35,279 --> 00:43:33,250  
and you could debate endlessly was it

913  
00:43:38,549 --> 00:43:35,289

right that we did that was it immoral

914

00:43:40,799 --> 00:43:38,559

did we aid and abet people who were

915

00:43:43,170 --> 00:43:40,809

involved in genocide I mean you know you

916

00:43:46,140 --> 00:43:43,180

could goes on and on if we had taken

917

00:43:48,150 --> 00:43:46,150

those scientists the Soviets probably

918

00:43:50,099 --> 00:43:48,160

would have taken them and we would have

919

00:43:53,069 --> 00:43:50,109

been behind in the space program I don't

920

00:43:56,430 --> 00:43:53,079

know how you argue that it is what it is

921

00:43:59,039 --> 00:43:56,440

but Project Paperclip is fascinating

922

00:44:02,430 --> 00:43:59,049

history and the thing about Joon's story

923

00:44:05,970 --> 00:44:02,440

is she's not a smoking gun witness to

924

00:44:08,670 --> 00:44:05,980

many things but because we can so firmly

925

00:44:11,720 --> 00:44:08,680

establish who she was and where she

926

00:44:14,240 --> 00:44:11,730

worked much of what she has to say is

927

00:44:17,150 --> 00:44:14,250

what I would call key

928

00:44:20,120 --> 00:44:17,160

corroborating testimony and that's what

929

00:44:23,120 --> 00:44:20,130

makes her story powerful and her honesty

930

00:44:26,450 --> 00:44:23,130

makes her story powerful she didn't

931

00:44:29,210 --> 00:44:26,460

claim to be all-powerful all-knowing in

932

00:44:32,240 --> 00:44:29,220

the UFO movement she had certain things

933

00:44:34,820 --> 00:44:32,250

that she was certain of that she had

934

00:44:38,060 --> 00:44:34,830

experienced that were very important to

935

00:44:41,270 --> 00:44:38,070

her and I mentioned that she had to stay

936

00:44:44,030 --> 00:44:41,280

late because of this dictation well when

937

00:44:47,510 --> 00:44:44,040

she was told that she could not go home

938

00:44:50,810 --> 00:44:47,520

until it was done this military officer

939

00:44:54,260 --> 00:44:50,820

who had escorted her to where the

940

00:44:55,100 --> 00:44:54,270

scientist was being held told June he

941

00:44:58,370 --> 00:44:55,110

said June

942

00:45:00,830 --> 00:44:58,380

if you succeed this project and we get

943

00:45:04,340 --> 00:45:00,840

the money from Congress that we're

944

00:45:07,130 --> 00:45:04,350

trying to get based upon partially the

945

00:45:09,680 --> 00:45:07,140

work you're doing here transcribing this

946

00:45:13,370 --> 00:45:09,690

man's testimony you will have had your

947

00:45:15,290 --> 00:45:13,380

moment in history because he believed

948

00:45:18,350 --> 00:45:15,300

that this was going to be part of the

949

00:45:21,290 --> 00:45:18,360

foundation of the space program so June

950

00:45:24,140 --> 00:45:21,300

was very patriotic and she was really

951  
00:45:27,880 --> 00:45:24,150  
honored to be you know even a small part

952  
00:45:31,580 --> 00:45:27,890  
of something as historic as that and and

953  
00:45:34,940 --> 00:45:31,590  
yet they wanted her to stay with the

954  
00:45:37,640 --> 00:45:34,950  
program doing her office managerial

955  
00:45:40,010 --> 00:45:37,650  
clerical work but her husband wouldn't

956  
00:45:42,590 --> 00:45:40,020  
hear of it and told her that she had to

957  
00:45:46,790 --> 00:45:42,600  
quit her job and so she did and she

958  
00:45:48,830 --> 00:45:46,800  
always regretted that her husband was

959  
00:45:51,560 --> 00:45:48,840  
killed on their 10th wedding anniversary

960  
00:45:53,630 --> 00:45:51,570  
and this is weird too

961  
00:45:57,500 --> 00:45:53,640  
by then they had moved to Portland

962  
00:45:59,360 --> 00:45:57,510  
Oregon and June had June and he had had

963  
00:46:01,190 --> 00:45:59,370

kind of a rocky road and she thought

964

00:46:02,840 --> 00:46:01,200

they were going to break up and they

965

00:46:05,240 --> 00:46:02,850

were just getting things back together

966

00:46:08,960 --> 00:46:05,250

and they were going to go out to

967

00:46:11,540 --> 00:46:08,970

celebrate their 10th anniversary and he

968

00:46:15,080 --> 00:46:11,550

went out front of the house to put new

969

00:46:17,870 --> 00:46:15,090

license plate tabs on the car and a

970

00:46:21,770 --> 00:46:17,880

drunk driver came around the corner and

971

00:46:24,140 --> 00:46:21,780

smashed into the back of the car and he

972

00:46:27,440 --> 00:46:24,150

was caught in the middle and he was

973

00:46:27,620 --> 00:46:27,450

killed in that auto accident well you

974

00:46:29,660 --> 00:46:27,630

know

975

00:46:33,230 --> 00:46:29,670

I'm an investigator and I was also

976

00:46:35,110 --> 00:46:33,240

June's friends so I actually dug up the

977

00:46:37,880 --> 00:46:35,120

newspaper article in the Portland

978

00:46:40,580 --> 00:46:37,890

newspaper that documents that traffic

979

00:46:42,500 --> 00:46:40,590

accident even as wild as that story

980

00:46:45,680 --> 00:46:42,510

sounds it sounds like something out of a

981

00:46:48,470 --> 00:46:45,690

novel it's real and so and then June

982

00:46:51,320 --> 00:46:48,480

gave me all of her papers that prove

983

00:46:55,340 --> 00:46:51,330

where she worked and then independent of

984

00:46:57,830 --> 00:46:55,350

that I made multiple applications to the

985

00:47:00,650 --> 00:46:57,840

National Records Center in Saint Louis

986

00:47:04,070 --> 00:47:00,660

because June was a civilian employee of

987

00:47:05,720 --> 00:47:04,080

the US government and at first they told

988

00:47:07,850 --> 00:47:05,730

me they didn't have the records there

989

00:47:10,100 --> 00:47:07,860

had been a terrible fire the records

990

00:47:12,890 --> 00:47:10,110

were not available at cetera etc I made

991

00:47:16,310 --> 00:47:12,900

multiple tries and finally without

992

00:47:18,740 --> 00:47:16,320

warning one day I got a huge envelope in

993

00:47:21,260 --> 00:47:18,750

the mail that was like two inches thick

994

00:47:25,570 --> 00:47:21,270

and someone had the photocopied every

995

00:47:27,860 --> 00:47:25,580

paper in her file and sent them to me I

996

00:47:30,290 --> 00:47:27,870

already had about a third of those

997

00:47:33,530 --> 00:47:30,300

documents anyway because I had Jun's

998

00:47:37,010 --> 00:47:33,540

copies but this all that did was fill in

999

00:47:38,870 --> 00:47:37,020

the blanks right and James I should add

1000

00:47:41,390 --> 00:47:38,880

here I mean a lot of the contention when

1001  
00:47:43,040 --> 00:47:41,400  
it comes to quote-unquote whistleblowers

1002  
00:47:46,160 --> 00:47:43,050  
or people who bring this information

1003  
00:47:47,540 --> 00:47:46,170  
forward is documentation of they worked

1004  
00:47:49,370 --> 00:47:47,550  
where they worked I mean this is

1005  
00:47:51,380 --> 00:47:49,380  
probably the biggest debate about the

1006  
00:47:53,870 --> 00:47:51,390  
whole bob lazar controversy which i

1007  
00:47:55,430 --> 00:47:53,880  
don't want to get into now but I think

1008  
00:47:58,010 --> 00:47:55,440  
that's very important that you had it

1009  
00:48:00,500 --> 00:47:58,020  
from June and you had this this third

1010  
00:48:02,660 --> 00:48:00,510  
party who was able to corroborate that

1011  
00:48:06,260 --> 00:48:02,670  
as well right and that really you know

1012  
00:48:08,360 --> 00:48:06,270  
that that puts you a long ways up in

1013  
00:48:11,000 --> 00:48:08,370

terms of looking at this as an

1014

00:48:12,800 --> 00:48:11,010

investigation as opposed to just

1015

00:48:15,260 --> 00:48:12,810

thinking that it's a you know a

1016

00:48:18,560 --> 00:48:15,270

whistleblower disclosure statement and

1017

00:48:23,030 --> 00:48:18,570

and you know everything just screamed at

1018

00:48:25,340 --> 00:48:23,040

me that this was the real deal and June

1019

00:48:28,010 --> 00:48:25,350

told me all the details like the office

1020

00:48:29,930 --> 00:48:28,020

where she worked I of course am old

1021

00:48:33,860 --> 00:48:29,940

enough that I remember what a manual

1022

00:48:36,020 --> 00:48:33,870

typewriter is and it had an ink ribbon

1023

00:48:37,940 --> 00:48:36,030

and you actually had McKee's that

1024

00:48:40,490 --> 00:48:37,950

mechanically struck the ribbon

1025

00:48:42,560 --> 00:48:40,500

and made a mark on a sheet of paper when

1026

00:48:45,410 --> 00:48:42,570

they went home at night they had to lock

1027

00:48:48,230 --> 00:48:45,420

up every piece of paper that they worked

1028

00:48:50,270 --> 00:48:48,240

on in a safe and that included the

1029

00:48:52,760 --> 00:48:50,280

typewriter ribbon because they were

1030

00:48:54,859 --> 00:48:52,770

afraid that enemy agents would get a

1031

00:48:58,190 --> 00:48:54,869

hold of the typewriter ribbon and would

1032

00:49:01,520 --> 00:48:58,200

be able by studying the ribbon be able

1033

00:49:03,440 --> 00:49:01,530

to reconstruct some portion of what they

1034

00:49:05,450 --> 00:49:03,450

were writing said they went to various

1035

00:49:07,069 --> 00:49:05,460

lengths wow that's that that's pretty

1036

00:49:09,680 --> 00:49:07,079

that was their equivalent their

1037

00:49:12,680 --> 00:49:09,690

equivalent of preventing somebody from

1038

00:49:14,930 --> 00:49:12,690

hacking your computer yeah only this was

1039

00:49:17,599 --> 00:49:14,940

done you know with manual typewriters

1040

00:49:20,630 --> 00:49:17,609

paper all that kind of thing so there

1041

00:49:24,560 --> 00:49:20,640

was a woman in June's office who was

1042

00:49:27,589 --> 00:49:24,570

suspected of espionage and she ended up

1043

00:49:30,710 --> 00:49:27,599

being a I think she was used as some

1044

00:49:32,900 --> 00:49:30,720

sort of a a decoy it was never clear to

1045

00:49:35,780 --> 00:49:32,910

me exactly how it went down except that

1046

00:49:39,170 --> 00:49:35,790

June was walking home one night and she

1047

00:49:41,260 --> 00:49:39,180

was very afraid because she was worried

1048

00:49:44,270 --> 00:49:41,270

that something bad was going to happen

1049

00:49:47,180 --> 00:49:44,280

relating to this woman being suspected

1050

00:49:50,240 --> 00:49:47,190

of espionage and she remembers that at a

1051  
00:49:53,660 --> 00:49:50,250  
certain point going home suddenly there

1052  
00:49:56,270 --> 00:49:53,670  
were all these cars and federal agents

1053  
00:49:59,780 --> 00:49:56,280  
and then when she went to the work the

1054  
00:50:02,420 --> 00:49:59,790  
next day every trace of that woman was

1055  
00:50:03,400 --> 00:50:02,430  
gone from the office and and she never

1056  
00:50:06,640 --> 00:50:03,410  
saw her again

1057  
00:50:10,099 --> 00:50:06,650  
and of course espionage was very real

1058  
00:50:12,260 --> 00:50:10,109  
threat in world war two the strangest

1059  
00:50:15,410 --> 00:50:12,270  
part of it was of course and I guess the

1060  
00:50:18,170 --> 00:50:15,420  
sad commentary on how people judge each

1061  
00:50:21,290 --> 00:50:18,180  
other the Japanese were put in

1062  
00:50:23,450 --> 00:50:21,300  
internment camps in California and I

1063  
00:50:26,210 --> 00:50:23,460

believe in other places in the southwest

1064

00:50:28,520 --> 00:50:26,220

we were actually under far more

1065

00:50:30,500 --> 00:50:28,530

espionage threat from the Germans than

1066

00:50:34,670 --> 00:50:30,510

we were ever under threat from the

1067

00:50:37,430 --> 00:50:34,680

Japanese right and nobody you know

1068

00:50:39,890 --> 00:50:37,440

German exactly up in camps and then

1069

00:50:43,490 --> 00:50:39,900

making them fight our Wars right exactly

1070

00:50:46,130 --> 00:50:43,500

exactly and of course we don't like to

1071

00:50:47,540 --> 00:50:46,140

admit it but there was actually some

1072

00:50:49,130 --> 00:50:47,550

people in the United States were

1073

00:50:51,710 --> 00:50:49,140

advocating either that we stay

1074

00:50:53,330 --> 00:50:51,720

completely out of World War two or

1075

00:50:56,390 --> 00:50:53,340

even that we should be on the side of

1076  
00:50:58,280 --> 00:50:56,400  
the axis I mean we forget that we want

1077  
00:51:00,470 --> 00:50:58,290  
to think that you know eventually

1078  
00:51:02,839 --> 00:51:00,480  
obviously the country was united in

1079  
00:51:05,990 --> 00:51:02,849  
World War two probably had a level that

1080  
00:51:08,570 --> 00:51:06,000  
it has never been United since but it

1081  
00:51:11,839 --> 00:51:08,580  
was a you know it wasn't always that

1082  
00:51:14,480 --> 00:51:11,849  
simple so June was part of all of these

1083  
00:51:16,820 --> 00:51:14,490  
times and so I loved all these little

1084  
00:51:19,339 --> 00:51:16,830  
anecdotal stories that she told me about

1085  
00:51:22,339 --> 00:51:19,349  
what it was like to work there what it

1086  
00:51:23,900 --> 00:51:22,349  
was like to live there you know she told

1087  
00:51:26,089 --> 00:51:23,910  
me about how you couldn't you know you

1088  
00:51:29,480 --> 00:51:26,099

couldn't take your spouse to an office

1089

00:51:30,980 --> 00:51:29,490

party why is that well because the

1090

00:51:33,200 --> 00:51:30,990

people might talk about something

1091

00:51:35,630 --> 00:51:33,210

classified very good point yeah that

1092

00:51:39,410 --> 00:51:35,640

didn't even dawn on me Cybil no

1093

00:51:42,440 --> 00:51:39,420

everybody has to be have the same level

1094

00:51:44,570 --> 00:51:42,450

of security clearance and access and she

1095

00:51:47,270 --> 00:51:44,580

took that very seriously and you had to

1096

00:51:49,970 --> 00:51:47,280

and she she showed me I have a copy of a

1097

00:51:51,620 --> 00:51:49,980

document that she signed that said that

1098

00:51:54,830 --> 00:51:51,630

you know she could be sent to prison or

1099

00:51:57,140 --> 00:51:54,840

fined \$10,000 for disclosing anything

1100

00:52:00,320 --> 00:51:57,150

that she had seen or heard while she

1101  
00:52:03,589 --> 00:52:00,330  
worked there and so you know in point of

1102  
00:52:06,200 --> 00:52:03,599  
fact June did take a risk by telling me

1103  
00:52:07,970 --> 00:52:06,210  
what she told me now of course one of

1104  
00:52:10,160 --> 00:52:07,980  
the reasons that they don't go after

1105  
00:52:12,890 --> 00:52:10,170  
people like this would be that if they

1106  
00:52:15,560 --> 00:52:12,900  
went after June because she disclosed

1107  
00:52:18,140 --> 00:52:15,570  
things about UFOs that would be like

1108  
00:52:20,450 --> 00:52:18,150  
proving that what she had to say was

1109  
00:52:23,000 --> 00:52:20,460  
real exactly the lengths in which they

1110  
00:52:24,980 --> 00:52:23,010  
went would again like you mentioned at

1111  
00:52:28,099 --> 00:52:24,990  
the top of our conversation you know

1112  
00:52:31,130 --> 00:52:28,109  
almost the actions and the denial is

1113  
00:52:33,589 --> 00:52:31,140

almost far more voluminous than exact

1114

00:52:35,960 --> 00:52:33,599

something else yeah so they're smart

1115

00:52:38,240 --> 00:52:35,970

enough not to fall into that trap right

1116

00:52:41,300 --> 00:52:38,250

well let's James let's get to some of

1117

00:52:42,980 --> 00:52:41,310

that UFO information that June brought

1118

00:52:45,349 --> 00:52:42,990

to you now the first one that really

1119

00:52:48,230 --> 00:52:45,359

stuck out to me what she touched this

1120

00:52:50,480 --> 00:52:48,240

piece this meadow this yes would you

1121

00:52:52,910 --> 00:52:50,490

mind running us through this sort an

1122

00:52:55,700 --> 00:52:52,920

hour's key point as I recall she thought

1123

00:52:57,050 --> 00:52:55,710

that one of the people who the person

1124

00:52:59,930 --> 00:52:57,060

involved might have been named

1125

00:53:03,140 --> 00:52:59,940

lieutenant Rose unfortunately there are

1126

00:53:06,280 --> 00:53:03,150

too many lieutenant roses but she

1127

00:53:08,840 --> 00:53:06,290

you got a picture June tall intelligent

1128

00:53:10,970 --> 00:53:08,850

woman in a predominantly male

1129

00:53:14,720 --> 00:53:10,980

environment she's doing her work an

1130

00:53:16,670 --> 00:53:14,730

officer stops by her office starts kind

1131

00:53:20,680 --> 00:53:16,680

of flirting with her and making casual

1132

00:53:23,720 --> 00:53:20,690

conversation reaches into his pocket and

1133

00:53:27,380 --> 00:53:23,730

pulls out something about the size of a

1134

00:53:29,900 --> 00:53:27,390

business card and it's metal and he says

1135

00:53:32,720 --> 00:53:29,910

junior a good worker tear this up and

1136

00:53:36,110 --> 00:53:32,730

meaning take the scissors and do

1137

00:53:39,110 --> 00:53:36,120

whatever the damage you can well not too

1138

00:53:41,540 --> 00:53:39,120

surprisingly she can't cut it she can't

1139

00:53:44,030 --> 00:53:41,550

pierce is you can't dent it you can't do

1140

00:53:46,400 --> 00:53:44,040

anything to it and if you want it up

1141

00:53:49,820 --> 00:53:46,410

into a ball it returns to its original

1142

00:53:52,340 --> 00:53:49,830

shape like water flowing back and

1143

00:53:54,650 --> 00:53:52,350

where's there's no wrinkling there's no

1144

00:53:58,340 --> 00:53:54,660

anything and the metal weighs almost

1145

00:54:01,000 --> 00:53:58,350

nothing this of course is the node the

1146

00:54:06,110 --> 00:54:01,010

memory metal the holy grail of ufology

1147

00:54:08,000 --> 00:54:06,120

so she says what is this and the guy

1148

00:54:11,240 --> 00:54:08,010

looks at her and says it's a piece of a

1149

00:54:14,300 --> 00:54:11,250

spaceship and she goes oh come on what

1150

00:54:17,300 --> 00:54:14,310

is it really and he goes it's a piece of

1151  
00:54:19,570 --> 00:54:17,310  
a spaceship and about that time somebody

1152  
00:54:23,030 --> 00:54:19,580  
else starts to walk through the area

1153  
00:54:25,430 --> 00:54:23,040  
he gets fearful grabs that sticks it

1154  
00:54:28,550 --> 00:54:25,440  
into his pocket and then does one of

1155  
00:54:31,820 --> 00:54:28,560  
these we weren't really talking typed

1156  
00:54:34,310 --> 00:54:31,830  
looks you know and then he leaves so

1157  
00:54:37,910 --> 00:54:34,320  
that's you know that's the whole story

1158  
00:54:41,860 --> 00:54:37,920  
it's tantalizing because of how it fits

1159  
00:54:45,440 --> 00:54:41,870  
into the rest of the history of ufology

1160  
00:54:48,110 --> 00:54:45,450  
she told me the way that it fits in is

1161  
00:54:50,120 --> 00:54:48,120  
one of the first bombshells that she

1162  
00:54:52,880 --> 00:54:50,130  
dropped on me that I had never heard

1163  
00:54:54,710 --> 00:54:52,890

from anybody also though I later heard

1164

00:54:57,620 --> 00:54:54,720

this several years later from buki

1165

00:55:01,310 --> 00:54:57,630

researchers June said that by the time

1166

00:55:04,250 --> 00:55:01,320

she left the government's employ in 1952

1167

00:55:08,830 --> 00:55:04,260

the Air Force had been involved in not

1168

00:55:12,650 --> 00:55:08,840

one but three crash retrievals of UFOs

1169

00:55:15,470 --> 00:55:12,660

Roswell being one only one of them okay

1170

00:55:16,829 --> 00:55:15,480

and that's you know that's one of the

1171

00:55:19,650 --> 00:55:16,839

bombshells that came

1172

00:55:22,140 --> 00:55:19,660

dummy well then of course we have some

1173

00:55:25,319 --> 00:55:22,150

other interesting anecdotes probably the

1174

00:55:28,799 --> 00:55:25,329

best one is aside from the memory metal

1175

00:55:31,049 --> 00:55:28,809

incident is that one of the things that

1176

00:55:35,519 --> 00:55:31,059

June gave me was a very faded Polaroid

1177

00:55:37,469 --> 00:55:35,529

of some test pilots and she said that

1178

00:55:39,299 --> 00:55:37,479

they became friends with these pilots

1179

00:55:41,640 --> 00:55:39,309

and they would talk to people that were

1180

00:55:44,999 --> 00:55:41,650

that were ABA ters that were going in

1181

00:55:47,609 --> 00:55:45,009

and out of write and of course most of

1182

00:55:49,680 --> 00:55:47,619

the planes are cargo planes you know

1183

00:55:52,349 --> 00:55:49,690

they're carrying people and and Freight

1184

00:55:55,319 --> 00:55:52,359

in and out of this increasingly

1185

00:55:57,749 --> 00:55:55,329

important base may you can go back and

1186

00:56:00,599 --> 00:55:57,759

look at the statistics that you know in

1187

00:56:03,930 --> 00:56:00,609

the beginning by the time World War Two

1188

00:56:06,890 --> 00:56:03,940

was over wright-patterson Air Force Base

1189

00:56:10,650 --> 00:56:06,900

on an average day was as big as a

1190

00:56:14,099 --> 00:56:10,660

medium-sized city in terms of thousands

1191

00:56:17,099 --> 00:56:14,109

of civilian employees a hub of military

1192

00:56:20,069 --> 00:56:17,109

activity related to aviation research

1193

00:56:22,650 --> 00:56:20,079

and development I mean this became the

1194

00:56:25,019 --> 00:56:22,660

heart of the Air Force it still is in

1195

00:56:27,930 --> 00:56:25,029

many ways I would also add

1196

00:56:31,499 --> 00:56:27,940

parenthetically have you ever been to

1197

00:56:34,950 --> 00:56:31,509

the right Museum no I have not I passed

1198

00:56:37,079 --> 00:56:34,960

through dating briefly James but I

1199

00:56:39,719 --> 00:56:37,089

wasn't able to actually like stop and go

1200

00:56:41,640 --> 00:56:39,729

there I got to go there and I wished I

1201  
00:56:44,160 --> 00:56:41,650  
would have had a couple more days yeah

1202  
00:56:47,789 --> 00:56:44,170  
but I will tell you and this is free

1203  
00:56:50,729 --> 00:56:47,799  
this is the finest aviation museum I

1204  
00:56:53,819 --> 00:56:50,739  
have ever been in it was awesome on a

1205  
00:56:56,700 --> 00:56:53,829  
level that I didn't even imagine I mean

1206  
00:56:58,499 --> 00:56:56,710  
I got I got to look at a reproduction of

1207  
00:57:01,200 --> 00:56:58,509  
the plane that the Wright brothers flew

1208  
00:57:04,019 --> 00:57:01,210  
and later on in the tour you you

1209  
00:57:06,479 --> 00:57:04,029  
actually get to stand next to a stealth

1210  
00:57:08,670 --> 00:57:06,489  
bomber this parked on the floor I

1211  
00:57:10,920 --> 00:57:08,680  
remember I went to an airshow in my

1212  
00:57:13,079 --> 00:57:10,930  
hometown of Syracuse New York once where

1213  
00:57:15,870 --> 00:57:13,089

there was a bomber and we got to

1214

00:57:18,719 --> 00:57:15,880

actually go up the little stepladder you

1215

00:57:20,489 --> 00:57:18,729

know and look inside and that moment

1216

00:57:22,259 --> 00:57:20,499

changed my life change like seeing this

1217

00:57:25,559 --> 00:57:22,269

stealth technology for the first time

1218

00:57:28,229 --> 00:57:25,569

having had a UFO sighting only a couple

1219

00:57:30,630 --> 00:57:28,239

years prior to this when possibly what

1220

00:57:32,940 --> 00:57:30,640

I'd seen that night was us

1221

00:57:35,009 --> 00:57:32,950

Baumer possibly you know I'll never know

1222

00:57:37,170 --> 00:57:35,019

what I actually saw that that was a

1223

00:57:38,640 --> 00:57:37,180

pivotal moment for me as well so being

1224

00:57:40,559 --> 00:57:38,650

next to something like that I can't

1225

00:57:43,769 --> 00:57:40,569

imagine going from the Wright brothers

1226

00:57:45,029 --> 00:57:43,779

up to a stealth bomber that history gap

1227

00:57:47,009 --> 00:57:45,039

is incredible

1228

00:57:49,289 --> 00:57:47,019

well they fill in all the gaps and I

1229

00:57:50,700 --> 00:57:49,299

have to say that that you know that

1230

00:57:53,220 --> 00:57:50,710

gives you and that that of course is

1231

00:57:56,609 --> 00:57:53,230

just a museum that's attached to this

1232

00:57:59,960 --> 00:57:56,619

huge critically important Air Force Base

1233

00:58:04,799 --> 00:57:59,970

but interestingly enough from the get-go

1234

00:58:07,769 --> 00:58:04,809

almost every Roswell researcher says

1235

00:58:11,670 --> 00:58:07,779

that the key pieces of wreckage and

1236

00:58:14,849 --> 00:58:11,680

bodies went to right right that's what

1237

00:58:17,339 --> 00:58:14,859

we we've been told yes and June's story

1238

00:58:19,259 --> 00:58:17,349

fits right in with that because she

1239

00:58:22,319 --> 00:58:19,269

talked about how one day one of the

1240

00:58:25,109 --> 00:58:22,329

pilots came in and he was looking very

1241

00:58:28,109 --> 00:58:25,119

distraught and very tired out and he was

1242

00:58:31,230 --> 00:58:28,119

telling them during their kind of coffee

1243

00:58:34,880 --> 00:58:31,240

room conversation that he had flown in

1244

00:58:38,730 --> 00:58:34,890

from New Mexico with bodies and wreckage

1245

00:58:41,930 --> 00:58:38,740

so when he said bodies they started

1246

00:58:45,029 --> 00:58:41,940

questioning him about who had died

1247

00:58:47,999 --> 00:58:45,039

thinking that he was going to say the

1248

00:58:50,549 --> 00:58:48,009

name of someone that they knew and this

1249

00:58:52,710 --> 00:58:50,559

conversation goes on far enough that

1250

00:58:55,559 --> 00:58:52,720

this pilot realizes that they're not

1251

00:58:58,079 --> 00:58:55,569

understanding him at all and he says you

1252

00:59:00,359 --> 00:58:58,089

don't understand they're not human and

1253

00:59:04,620 --> 00:59:00,369

we're talking about it you know child

1254

00:59:07,499 --> 00:59:04,630

sized bodies big heads the classic

1255

00:59:09,569 --> 00:59:07,509

description and and I mean James you've

1256

00:59:12,779 --> 00:59:09,579

personally spoken to Glenn Dennis am i

1257

00:59:14,789 --> 00:59:12,789

correct body thing as well yeah this

1258

00:59:16,440 --> 00:59:14,799

might be a good tie in here well that's

1259

00:59:19,230 --> 00:59:16,450

that's an interesting thing and it

1260

00:59:22,220 --> 00:59:19,240

actually relates to June I ended up

1261

00:59:25,259 --> 00:59:22,230

going to New Mexico at first because my

1262

00:59:26,910 --> 00:59:25,269

wife and I wanted to go someplace that

1263

00:59:29,009 --> 00:59:26,920

neither one of us had ever been before

1264

00:59:32,549 --> 00:59:29,019

and we ended up settling on the

1265

00:59:34,230 --> 00:59:32,559

Southwest and that has been one of the

1266

00:59:37,769 --> 00:59:34,240

best decisions I ever made well we ended

1267

00:59:40,319 --> 00:59:37,779

up going to Roswell and along the way

1268

00:59:43,559 --> 00:59:40,329

I decided that I was going to donate a

1269

00:59:44,250 --> 00:59:43,569

copy of the June crane transcript I had

1270

00:59:47,640 --> 00:59:44,260

not written

1271

00:59:50,040 --> 00:59:47,650

the book yet I just made up a really

1272

00:59:54,050 --> 00:59:50,050

well printed precise copy of the

1273

00:59:57,960 --> 00:59:54,060

transcript by the way I used a off-duty

1274

01:00:01,290 --> 00:59:57,970

prosecutor's office secretary who I paid

1275

01:00:03,720 --> 01:00:01,300

to do the transcription because she's

1276

01:00:05,940 --> 01:00:03,730

legal transcriptionist to get her to

1277

01:00:08,130 --> 01:00:05,950

transcribe the interview that's how I

1278

01:00:10,350 --> 01:00:08,140

got it for the book I'm not good enough

1279

01:00:13,050 --> 01:00:10,360

at transcribing nor do I have the

1280

01:00:15,600 --> 01:00:13,060

patience to sit there and put every word

1281

01:00:16,380 --> 01:00:15,610

type every word but these people do it

1282

01:00:20,100 --> 01:00:16,390

for a living

1283

01:00:23,310 --> 01:00:20,110

so I wanted to get everything as precise

1284

01:00:26,010 --> 01:00:23,320

as possible and getting that part was

1285

01:00:29,550 --> 01:00:26,020

essential right absolutely okay so we

1286

01:00:32,760 --> 01:00:29,560

have let's let's talk a little I guess

1287

01:00:34,530 --> 01:00:32,770

you know in terms of the bodies no this

1288

01:00:36,990 --> 01:00:34,540

is interesting because we have the whole

1289

01:00:40,590 --> 01:00:37,000

test dummy theory that came out with

1290

01:00:42,300 --> 01:00:40,600

project mogul and in 1997 and June

1291

01:00:44,970 --> 01:00:42,310

actually had some knowledge on this

1292

01:00:47,670 --> 01:00:44,980

whole test dummy thing too right having

1293

01:00:49,440 --> 01:00:47,680

worked on parachute projects and whatnot

1294

01:00:51,780 --> 01:00:49,450

could you maybe sort of run us through

1295

01:00:55,140 --> 01:00:51,790

that whole aspect well the number one

1296

01:00:56,880 --> 01:00:55,150

thing the number one reason why there's

1297

01:00:59,460 --> 01:00:56,890

well actually there's several really

1298

01:01:02,370 --> 01:00:59,470

good reasons the main reason why that's

1299

01:01:04,080 --> 01:01:02,380

not an explanation for Roswell is that

1300

01:01:06,780 --> 01:01:04,090

they didn't start doing the dummy drops

1301

01:01:09,420 --> 01:01:06,790

until the mid 50s and the other one is

1302

01:01:12,390 --> 01:01:09,430

the dummies that they were dropping if

1303

01:01:15,380 --> 01:01:12,400

you imagine an articulated mannequin

1304

01:01:18,630 --> 01:01:15,390

that looks like a six foot high GI Joe

1305

01:01:21,240 --> 01:01:18,640

completed with a steel pot helmet and

1306

01:01:25,050 --> 01:01:21,250

has a little tag on it that says if

1307

01:01:27,060 --> 01:01:25,060

found please return for a reward now if

1308

01:01:30,690 --> 01:01:27,070

you if you think that that looks like an

1309

01:01:32,940 --> 01:01:30,700

alien well I don't know what to say but

1310

01:01:35,130 --> 01:01:32,950

that's that's what the dummies look like

1311

01:01:38,310 --> 01:01:35,140

they were they were doing entirely

1312

01:01:41,400 --> 01:01:38,320

legitimate research to test out various

1313

01:01:43,890 --> 01:01:41,410

kinds of parachutes you know that that

1314

01:01:46,290 --> 01:01:43,900

is completely correct military research

1315

01:01:48,870 --> 01:01:46,300

and jun's spent a lot of time with the

1316

01:01:52,260 --> 01:01:48,880

parachute division so she knew a lot of

1317

01:01:54,060 --> 01:01:52,270

the ins and outs of it I ended up when

1318

01:01:57,050 --> 01:01:54,070

they did Roswell case closed

1319

01:01:58,140 --> 01:01:57,060

I've got a file in here where I actually

1320

01:02:01,650 --> 01:01:58,150

contact

1321

01:02:04,049 --> 01:02:01,660

the officer who is now retired who was

1322

01:02:07,650 --> 01:02:04,059

in charge of the parish the dummy drop

1323

01:02:11,640 --> 01:02:07,660

project and interestingly enough he is

1324

01:02:14,900 --> 01:02:11,650

angry at the Air Force for not giving

1325

01:02:18,269 --> 01:02:14,910

him credit for the work that he did

1326  
01:02:22,740 --> 01:02:18,279  
because he says that they misused his

1327  
01:02:25,529 --> 01:02:22,750  
work by using it as the explanation for

1328  
01:02:28,370 --> 01:02:25,539  
the Roswell UFO crash where's he's

1329  
01:02:31,170 --> 01:02:28,380  
saying I did serious work for you guys

1330  
01:02:33,839 --> 01:02:31,180  
you know I was doing research I was in

1331  
01:02:36,390 --> 01:02:33,849  
charge of a project and and instead of

1332  
01:02:39,180 --> 01:02:36,400  
honoring my work all you've done is use

1333  
01:02:41,910 --> 01:02:39,190  
it as an alternative explanation for a

1334  
01:02:43,950 --> 01:02:41,920  
UFO crash that's a pretty powerful

1335  
01:02:46,829 --> 01:02:43,960  
statement I mean that pretty much proves

1336  
01:02:49,049 --> 01:02:46,839  
the cover-up right there amongst many

1337  
01:02:52,200 --> 01:02:49,059  
other oh yeah totally

1338  
01:02:54,660 --> 01:02:52,210

it's clearly a cover-up but anyway June

1339

01:02:58,019 --> 01:02:54,670

had this story about this test pilot and

1340

01:03:00,690 --> 01:02:58,029

you know they were all shocked when he

1341

01:03:04,740 --> 01:03:00,700

said that but later on what was even

1342

01:03:07,349 --> 01:03:04,750

stranger was that on the same day later

1343

01:03:09,140 --> 01:03:07,359

on in the day that should they're going

1344

01:03:13,859 --> 01:03:09,150

back and they're doing their usual

1345

01:03:16,019 --> 01:03:13,869

clerical tasks here comes a courier was

1346

01:03:18,569 --> 01:03:16,029

something that was called and June had

1347

01:03:21,720 --> 01:03:18,579

the right phrasing I had never heard

1348

01:03:25,289 --> 01:03:21,730

this phrasing before but it came back at

1349

01:03:29,640 --> 01:03:25,299

me from another source something called

1350

01:03:31,200 --> 01:03:29,650

a to hot memo a to hot memo meant that

1351

01:03:34,019 --> 01:03:31,210

this isn't like having the base

1352

01:03:35,819 --> 01:03:34,029

commander send out an email because you

1353

01:03:38,460 --> 01:03:35,829

got a bear in mind there are no personal

1354

01:03:42,120 --> 01:03:38,470

computers and email did not exist back

1355

01:03:45,900 --> 01:03:42,130

then so how would you do a very

1356

01:03:48,450 --> 01:03:45,910

important mail message back then well

1357

01:03:51,779 --> 01:03:48,460

you send a courier to every single

1358

01:03:54,930 --> 01:03:51,789

employee and they are required to stop

1359

01:03:57,299 --> 01:03:54,940

what they are doing and immediately read

1360

01:03:59,640 --> 01:03:57,309

and acknowledge this memorandum from the

1361

01:04:01,740 --> 01:03:59,650

commanding officer that is a too-hot

1362

01:04:05,990 --> 01:04:01,750

memo and it said that some irresponsible

1363

01:04:09,390 --> 01:04:06,000

person had been discussing bodies and

1364

01:04:11,400 --> 01:04:09,400

flying saucers and you will cease and

1365

01:04:14,760 --> 01:04:11,410

desist immediately or

1366

01:04:16,920 --> 01:04:14,770

face imprisonment and fines so I mean

1367

01:04:19,049 --> 01:04:16,930

that raises a whole bunch of questions

1368

01:04:21,839 --> 01:04:19,059

how would the base commander know about

1369

01:04:24,480 --> 01:04:21,849

the conversation that June had with the

1370

01:04:26,160 --> 01:04:24,490

pilot how many conversations were going

1371

01:04:30,240 --> 01:04:26,170

on maybe there was more than one person

1372

01:04:33,210 --> 01:04:30,250

I mean obviously he didn't fly back by

1373

01:04:36,180 --> 01:04:33,220

himself he was part of a flight crew and

1374

01:04:38,370 --> 01:04:36,190

maybe his wasn't the only plane we don't

1375

01:04:40,799 --> 01:04:38,380

know any of that yeah yeah good point

1376

01:04:43,079 --> 01:04:40,809

why would all the wreckage be on one you

1377

01:04:45,870 --> 01:04:43,089

know one cargo it probably wouldn't be

1378

01:04:48,210 --> 01:04:45,880

yeah like let's what's even to make it

1379

01:04:49,859 --> 01:04:48,220

even harder for anyone to trace let's

1380

01:04:52,589 --> 01:04:49,869

spread it out let's put it at different

1381

01:04:55,140 --> 01:04:52,599

places like you just don't know we don't

1382

01:04:57,870 --> 01:04:55,150

know and that's that's the problem so

1383

01:05:00,539 --> 01:04:57,880

you know I always I like the word a

1384

01:05:03,510 --> 01:05:00,549

tantalising because that's that's what

1385

01:05:06,900 --> 01:05:03,520

describes a lot of the information that

1386

01:05:08,760 --> 01:05:06,910

I got from June I mean I wish that she

1387

01:05:10,470 --> 01:05:08,770

had lived longer I wish that I could

1388

01:05:12,900 --> 01:05:10,480

have asked her about 10,000 more

1389

01:05:15,000 --> 01:05:12,910

questions I don't know that she would

1390

01:05:17,579 --> 01:05:15,010

have known any more than what she gave

1391

01:05:20,069 --> 01:05:17,589

me when there's no way no way I can ever

1392

01:05:22,380 --> 01:05:20,079

know that but you know like I said she

1393

01:05:26,279 --> 01:05:22,390

was very careful to always say I don't

1394

01:05:28,609 --> 01:05:26,289

remember that or you know I didn't know

1395

01:05:31,319 --> 01:05:28,619

that like she told me that the bodies

1396

01:05:35,099 --> 01:05:31,329

people said that the bodies from the

1397

01:05:36,690 --> 01:05:35,109

crash went to the aeromed lab I asked

1398

01:05:39,089 --> 01:05:36,700

her I said well did you ever go there

1399

01:05:41,400 --> 01:05:39,099

she said no I had no reason to go there

1400

01:05:43,170 --> 01:05:41,410

and you couldn't get in or is you you

1401  
01:05:44,730 --> 01:05:43,180  
not only have to have the right security

1402  
01:05:47,430 --> 01:05:44,740  
clearance you have to have a

1403  
01:05:50,880 --> 01:05:47,440  
need-to-know right which you know even

1404  
01:05:52,650 --> 01:05:50,890  
our top officials and president standing

1405  
01:05:54,440 --> 01:05:52,660  
presidents don't even have the need to

1406  
01:05:56,819 --> 01:05:54,450  
know many times compartmentalized

1407  
01:05:58,950 --> 01:05:56,829  
security yeah yeah so I would imagine

1408  
01:06:00,660 --> 01:05:58,960  
yeah why would she have the clearance to

1409  
01:06:03,299 --> 01:06:00,670  
especially you know there's a big

1410  
01:06:05,630 --> 01:06:03,309  
difference between possible wreckage

1411  
01:06:09,900 --> 01:06:05,640  
metal alloys anything like that and

1412  
01:06:13,410 --> 01:06:09,910  
victims of a crash or bodies of a

1413  
01:06:15,450 --> 01:06:13,420

possible et I yeah it's the gap is huge

1414

01:06:17,010 --> 01:06:15,460

when it comes to that well I mean

1415

01:06:19,319 --> 01:06:17,020

another thing that really stood out for

1416

01:06:23,359 --> 01:06:19,329

me James in the transcriptions was uh

1417

01:06:25,170 --> 01:06:23,369

June's talk about Project Blue Book and

1418

01:06:28,530 --> 01:06:25,180

what this action

1419

01:06:30,630 --> 01:06:28,540

was in terms of kind of a smokescreen I

1420

01:06:32,160 --> 01:06:30,640

guess would be a good way to put it

1421

01:06:34,079 --> 01:06:32,170

would you mind sort of running us

1422

01:06:36,660 --> 01:06:34,089

through your conversation with her about

1423

01:06:39,059 --> 01:06:36,670

Project Blue Book its relevancy and I

1424

01:06:41,400 --> 01:06:39,069

guess II relevancy when it comes to

1425

01:06:43,650 --> 01:06:41,410

actual UFO investigation

1426

01:06:46,680 --> 01:06:43,660

well she verified for me what many

1427

01:06:49,079 --> 01:06:46,690

others had long suspected which was that

1428

01:06:50,130 --> 01:06:49,089

the best cases were shunted off

1429

01:06:53,690 --> 01:06:50,140

somewhere else

1430

01:06:57,089 --> 01:06:53,700

there were already regulations in place

1431

01:06:59,970 --> 01:06:57,099

as I recall the acronym as Gienapp J

1432

01:07:03,329 --> 01:06:59,980

anap there's a regulation that goes with

1433

01:07:06,809 --> 01:07:03,339

that that were already had established a

1434

01:07:08,880 --> 01:07:06,819

protocol for reporting UFOs to higher

1435

01:07:11,940 --> 01:07:08,890

and higher levels of command

1436

01:07:15,210 --> 01:07:11,950

you've got the twining memo Nathan

1437

01:07:17,819 --> 01:07:15,220

twining ended up retire I think he was a

1438

01:07:21,420 --> 01:07:17,829

three or a four star general he would

1439

01:07:24,690 --> 01:07:21,430

have been June's boss multiple levels

1440

01:07:29,670 --> 01:07:24,700

above her in charge of the air material

1441

01:07:32,430 --> 01:07:29,680

command and he wrote a memorandum to his

1442

01:07:35,309 --> 01:07:32,440

boss that at the time that he wrote the

1443

01:07:35,910 --> 01:07:35,319

memorandum that memorandum was top

1444

01:07:38,609 --> 01:07:35,920

secret

1445

01:07:41,039 --> 01:07:38,619

it has since of course been Declassified

1446

01:07:43,799 --> 01:07:41,049

and is one of the most interesting of

1447

01:07:46,710 --> 01:07:43,809

all of the documents that are available

1448

01:07:50,460 --> 01:07:46,720

from that period of time because in

1449

01:07:54,030 --> 01:07:50,470

there he says that the UFO phenomena is

1450

01:07:56,880 --> 01:07:54,040

real and not fictitious and then he goes

1451

01:07:58,970 --> 01:07:56,890

on to describe that the the craft are

1452

01:08:01,890 --> 01:07:58,980

frequently described as circular and

1453

01:08:04,740 --> 01:08:01,900

metallic and that they exhibit a

1454

01:08:07,380 --> 01:08:04,750

performance technology that they can't

1455

01:08:10,980 --> 01:08:07,390

duplicate and they have no idea who

1456

01:08:13,770 --> 01:08:10,990

could and so when you think about who

1457

01:08:16,709 --> 01:08:13,780

this man was and the fact that he's

1458

01:08:20,189 --> 01:08:16,719

writing to his boss he would have been

1459

01:08:24,390 --> 01:08:20,199

extremely careful about what he drew as

1460

01:08:28,019 --> 01:08:24,400

a conclusion so that's pretty solid

1461

01:08:30,870 --> 01:08:28,029

evidence that something was going on or

1462

01:08:32,970 --> 01:08:30,880

may still be going on absolutely I mean

1463

01:08:35,430 --> 01:08:32,980

we have the recent Pentagon program

1464

01:08:38,569 --> 01:08:35,440

which we'll get to in a little bit so I

1465

01:08:40,939 --> 01:08:38,579

guess sort of to wrap up the June crane

1466

01:08:44,269 --> 01:08:40,949

story here James what what do you make

1467

01:08:47,180 --> 01:08:44,279

of her entire claims now you know her

1468

01:08:49,700 --> 01:08:47,190

now better than anyone in the field

1469

01:08:51,769 --> 01:08:49,710

probably did you you were face to face

1470

01:08:53,749 --> 01:08:51,779

with this woman you heard all of her

1471

01:08:56,269 --> 01:08:53,759

stories having the knowledge and

1472

01:08:58,490 --> 01:08:56,279

experience as an investigator with law

1473

01:09:00,799 --> 01:08:58,500

enforcement other Roswell investigators

1474

01:09:02,689 --> 01:09:00,809

you know some of them don't put so much

1475

01:09:04,339 --> 01:09:02,699

stock into the whole June crane affair

1476

01:09:07,640 --> 01:09:04,349

so what would you say to those people

1477

01:09:09,109 --> 01:09:07,650

who sort of detract this story well I

1478

01:09:11,180 --> 01:09:09,119

don't think that they've really studied

1479

01:09:14,990 --> 01:09:11,190

her story and they probably have not

1480

01:09:17,450 --> 01:09:15,000

studied my claims about her I don't make

1481

01:09:19,849 --> 01:09:17,460

more or less out of her than she would

1482

01:09:23,359 --> 01:09:19,859

have wanted she was a very honest

1483

01:09:26,510 --> 01:09:23,369

sincere woman who went through some very

1484

01:09:30,410 --> 01:09:26,520

important times and she knew bits and

1485

01:09:31,010 --> 01:09:30,420

pieces of this entire puzzle but not the

1486

01:09:34,099 --> 01:09:31,020

whole thing

1487

01:09:36,379 --> 01:09:34,109

she never claimed that she didn't claim

1488

01:09:36,950 --> 01:09:36,389

other than the time that she handled the

1489

01:09:39,410 --> 01:09:36,960

metal

1490

01:09:43,220 --> 01:09:39,420

she didn't claim to be a smoking gun

1491

01:09:46,010 --> 01:09:43,230

witness and when I met her I went into

1492

01:09:48,549 --> 01:09:46,020

her home and she did have the

1493

01:09:51,919 --> 01:09:48,559

biographies of Verner von Braun and

1494

01:09:55,370 --> 01:09:51,929

whatnot but she did not have two shelves

1495

01:09:58,040 --> 01:09:55,380

of UFO books she didn't know any of the

1496

01:10:00,770 --> 01:09:58,050

rest of this she was telling me based

1497

01:10:03,680 --> 01:10:00,780

upon what she learned while she worked

1498

01:10:07,040 --> 01:10:03,690

there and I think that she tried to the

1499

01:10:10,129 --> 01:10:07,050

best of her ability to give me a sincere

1500

01:10:12,859 --> 01:10:10,139

and honest account and I think I could

1501  
01:10:15,799 --> 01:10:12,869  
have gotten her sworn in as a witness in

1502  
01:10:19,010 --> 01:10:15,809  
any court of law so that that would be

1503  
01:10:22,520 --> 01:10:19,020  
my answer she is what she is her

1504  
01:10:26,689 --> 01:10:22,530  
testimony stands as do the testimonies

1505  
01:10:31,189 --> 01:10:26,699  
of numerous other people who know parts

1506  
01:10:33,080 --> 01:10:31,199  
of the cover-up with a capital C right

1507  
01:10:36,109 --> 01:10:33,090  
and it's just piecing those together

1508  
01:10:38,240 --> 01:10:36,119  
that were still trying to do up until

1509  
01:10:40,160 --> 01:10:38,250  
today which is challenging because all

1510  
01:10:42,530 --> 01:10:40,170  
of our firsthand witnesses involved are

1511  
01:10:45,350 --> 01:10:42,540  
pretty much gone at this point you know

1512  
01:10:48,799 --> 01:10:45,360  
not exactly firsthand but someone you

1513  
01:10:50,439 --> 01:10:48,809

met was both Glenn Dennis and Frank Iero

1514

01:10:52,340 --> 01:10:50,449

I would love to hear about those

1515

01:10:55,280 --> 01:10:52,350

experiences

1516

01:10:59,060 --> 01:10:55,290

when I took a copy of the June Crane 10

1517

01:11:02,710 --> 01:10:59,070

transcript and I donated it to the UFO

1518

01:11:06,050 --> 01:11:02,720

museum which is a converted Theatre in

1519

01:11:08,810 --> 01:11:06,060

on Main Street in downtown Roswell I

1520

01:11:11,540 --> 01:11:08,820

went in there and I explained who I was

1521

01:11:14,630 --> 01:11:11,550

and that I wanted to donate this they

1522

01:11:18,890 --> 01:11:14,640

have a big research library by the way a

1523

01:11:21,020 --> 01:11:18,900

very complete one and I was met by Glenn

1524

01:11:22,940 --> 01:11:21,030

Dennis of all people and I was you know

1525

01:11:26,300 --> 01:11:22,950

I knew the Glenn Dennis story so I was

1526

01:11:28,970 --> 01:11:26,310

like in awe that I would meet him and so

1527

01:11:30,950 --> 01:11:28,980

I gave him the book and he told me that

1528

01:11:32,150 --> 01:11:30,960

he really he looked at it and he said

1529

01:11:34,340 --> 01:11:32,160

well this has obviously been very

1530

01:11:36,770 --> 01:11:34,350

carefully put together and we will

1531

01:11:40,490 --> 01:11:36,780

certainly put it in the library and as

1532

01:11:42,350 --> 01:11:40,500

his way of saying thank you we got to go

1533

01:11:44,300 --> 01:11:42,360

into an office and sit down and have

1534

01:11:48,830 --> 01:11:44,310

coffee together with nobody else around

1535

01:11:51,830 --> 01:11:48,840

and that was fascinating to me I got a

1536

01:11:55,160 --> 01:11:51,840

chance to do the you know what kind of a

1537

01:11:57,500 --> 01:11:55,170

witness is this the saddest part of the

1538

01:12:00,650 --> 01:11:57,510

Glenn Dennis story is that he admitted

1539

01:12:04,550 --> 01:12:00,660

to me that he had lied to UFO

1540

01:12:06,740 --> 01:12:04,560

researchers and you will still hear UFO

1541

01:12:10,280 --> 01:12:06,750

researchers who will swear up and down

1542

01:12:13,310 --> 01:12:10,290

that this never happened I don't know I

1543

01:12:16,010 --> 01:12:13,320

wasn't there I freely admit that but

1544

01:12:19,490 --> 01:12:16,020

here's how it was told to me Glenn

1545

01:12:21,740 --> 01:12:19,500

Dennis says he was a young man he worked

1546

01:12:24,890 --> 01:12:21,750

at the Ballard funeral home which still

1547

01:12:28,700 --> 01:12:24,900

exists on South Main Street in Roswell

1548

01:12:31,130 --> 01:12:28,710

and he gets a phone call from Walker

1549

01:12:33,770 --> 01:12:31,140

Army Airfield that was the name of the

1550

01:12:36,920 --> 01:12:33,780

base there in Roswell wanting to know

1551

01:12:40,010 --> 01:12:36,930

how many child sized coffins they had in

1552

01:12:42,680 --> 01:12:40,020

stock and he said they only had one and

1553

01:12:45,320 --> 01:12:42,690

they said that's not enough can you get

1554

01:12:49,580 --> 01:12:45,330

more and he said yes but it'll take a

1555

01:12:52,250 --> 01:12:49,590

couple days later on that day he gets

1556

01:12:55,490 --> 01:12:52,260

another call where they wanted to know

1557

01:12:58,700 --> 01:12:55,500

about how you would preserve a body that

1558

01:13:01,640 --> 01:12:58,710

you found out in the desert without

1559

01:13:04,970 --> 01:13:01,650

contaminating it and he told them dry

1560

01:13:05,839 --> 01:13:04,980

ice would be the best way to do it the

1561

01:13:10,009 --> 01:13:05,849

next part of

1562

01:13:13,189 --> 01:13:10,019

story is in small towns like Roswell was

1563

01:13:16,250 --> 01:13:13,199

back then they did not have a paramedic

1564

01:13:19,189 --> 01:13:16,260

ambulance service if you called for an

1565

01:13:20,479 --> 01:13:19,199

ambulance you got the hearse because of

1566

01:13:22,639 --> 01:13:20,489

you think about it the hearse is the

1567

01:13:25,009 --> 01:13:22,649

only kind of a vehicle that's set up to

1568

01:13:27,439 --> 01:13:25,019

carry somebody on a stretcher so he

1569

01:13:29,839 --> 01:13:27,449

ended up there was an airman who was

1570

01:13:32,659 --> 01:13:29,849

injured in a motorcycle accident he

1571

01:13:34,060 --> 01:13:32,669

drives him back to the base after the

1572

01:13:37,310 --> 01:13:34,070

guys have been treated at the hospital

1573

01:13:40,159 --> 01:13:37,320

we gets there there are like way too

1574

01:13:43,159 --> 01:13:40,169

many vehicles and people beyond normal

1575

01:13:46,099 --> 01:13:43,169

and everybody is really upset there's

1576

01:13:48,259 --> 01:13:46,109

like a like a busy bee hive

1577

01:13:52,310 --> 01:13:48,269

a hornet's nest that's been stirred up

1578

01:13:54,619 --> 01:13:52,320

he goes in there and he had free access

1579

01:13:59,149 --> 01:13:54,629

to the place this is you know this is

1580

01:13:59,929 --> 01:13:59,159

1947 it's a small town everybody knows

1581

01:14:02,779 --> 01:13:59,939

everybody

1582

01:14:05,270 --> 01:14:02,789

he's been on and off that base many many

1583

01:14:05,689 --> 01:14:05,280

times dropping people off picking them

1584

01:14:08,919 --> 01:14:05,699

up

1585

01:14:11,029 --> 01:14:08,929

you name it etc he goes in there and

1586

01:14:13,369 --> 01:14:11,039

there are all these people that he's

1587

01:14:16,549 --> 01:14:13,379

never seen before he goes by this one

1588

01:14:19,549 --> 01:14:16,559

particular room the door opens and there

1589

01:14:22,879 --> 01:14:19,559

is this young nurse who he has friends

1590

01:14:24,859 --> 01:14:22,889

with now I don't know Glenn was married

1591

01:14:26,330 --> 01:14:24,869

for many years and I have no idea

1592

01:14:28,639 --> 01:14:26,340

whether he was unfaithful to his wife

1593

01:14:32,089 --> 01:14:28,649

had an affair with this woman whatever

1594

01:14:34,549 --> 01:14:32,099

no that's been speculated on - all I

1595

01:14:36,889 --> 01:14:34,559

know was that he really cared about this

1596

01:14:39,139 --> 01:14:36,899

woman and he was friends with her she

1597

01:14:40,669 --> 01:14:39,149

comes out of this room and she says

1598

01:14:44,209 --> 01:14:40,679

Glenn you got to get out of here right

1599

01:14:45,859 --> 01:14:44,219

now and he says well what's going on he

1600

01:14:49,939 --> 01:14:45,869

says you just got to leave you got to

1601  
01:14:52,909 --> 01:14:49,949  
get out of here right now and he takes

1602  
01:14:55,849 --> 01:14:52,919  
her advice and starts to leave and he

1603  
01:14:57,619 --> 01:14:55,859  
gets confronted by some military people

1604  
01:14:59,629 --> 01:14:57,629  
who want to know who he is why he's

1605  
01:15:01,549 --> 01:14:59,639  
there and everything else and he

1606  
01:15:04,429 --> 01:15:01,559  
basically tells him off and says you

1607  
01:15:06,409 --> 01:15:04,439  
know I'm a civilian and I can you know

1608  
01:15:09,319 --> 01:15:06,419  
do whatever I want and I don't have to

1609  
01:15:11,599 --> 01:15:09,329  
answer to you and there's some officer

1610  
01:15:13,429 --> 01:15:11,609  
in charge who makes the comment you know

1611  
01:15:15,080 --> 01:15:13,439  
you can be taken out in the desert and

1612  
01:15:17,070 --> 01:15:15,090  
your bones will bleach in the Sun like

1613  
01:15:20,490 --> 01:15:17,080

anybody else's so

1614

01:15:23,970 --> 01:15:20,500

he leaves needless to say and a few days

1615

01:15:26,730 --> 01:15:23,980

later he finally gets to socialize with

1616

01:15:29,360 --> 01:15:26,740

this nurse and I think they're back on

1617

01:15:34,200 --> 01:15:29,370

the base and they're having a beer and

1618

01:15:36,180 --> 01:15:34,210

she is really really upset and she said

1619

01:15:38,280 --> 01:15:36,190

that she did not get the phone call

1620

01:15:40,890 --> 01:15:38,290

telling her not to report to work and

1621

01:15:42,390 --> 01:15:40,900

that she had gone into work and when she

1622

01:15:45,450 --> 01:15:42,400

was there there were all these people

1623

01:15:48,450 --> 01:15:45,460

that she didn't recognize and she ended

1624

01:15:52,290 --> 01:15:48,460

up being ordered to participate in an

1625

01:15:54,900 --> 01:15:52,300

autopsy and it was an autopsy of an

1626

01:15:57,600 --> 01:15:54,910

alien as she actually sketched some

1627

01:15:59,760 --> 01:15:57,610

things on a cocktail napkin and when

1628

01:16:03,600 --> 01:15:59,770

Glenn wanted to keep the napkin she set

1629

01:16:07,350 --> 01:16:03,610

fire to it in the ashtray and the part

1630

01:16:10,010 --> 01:16:07,360

that gets complicated is she resigned

1631

01:16:13,830 --> 01:16:10,020

her commission and left the service and

1632

01:16:16,050 --> 01:16:13,840

literally became a nun Glenn swore to

1633

01:16:16,950 --> 01:16:16,060

her that he would never reveal her

1634

01:16:20,850 --> 01:16:16,960

identity

1635

01:16:22,890 --> 01:16:20,860

Glenn's story is that in the I believe

1636

01:16:26,670 --> 01:16:22,900

the early 80s when the Roswell story

1637

01:16:31,620 --> 01:16:26,680

started to break he felt that he was

1638

01:16:34,080 --> 01:16:31,630

being harassed by UFO researchers and in

1639

01:16:36,630 --> 01:16:34,090

order to get rid of them he made up a

1640

01:16:39,390 --> 01:16:36,640

name for the nurse instead of just

1641

01:16:41,640 --> 01:16:39,400

saying I'm not going to identify her

1642

01:16:43,710 --> 01:16:41,650

because I promised her I wouldn't and he

1643

01:16:47,280 --> 01:16:43,720

told me that that was one of his biggest

1644

01:16:49,130 --> 01:16:47,290

regrets was that he told that lie he

1645

01:16:52,710 --> 01:16:49,140

said he should have never done it

1646

01:16:54,840 --> 01:16:52,720

because it just made everything worse so

1647

01:16:57,780 --> 01:16:54,850

that you know that was the Glenn Dennis

1648

01:16:59,880 --> 01:16:57,790

story and I I walked away with a whole

1649

01:17:03,360 --> 01:16:59,890

new level of respect and appreciation

1650

01:17:05,730 --> 01:17:03,370

and I guess it it was the same kind of

1651

01:17:07,980 --> 01:17:05,740

feeling that I had when I would sit up

1652

01:17:12,120 --> 01:17:07,990

late with Jun and I would hear these

1653

01:17:14,700 --> 01:17:12,130

stories about what it was like in 1947

1654

01:17:17,700 --> 01:17:14,710

it was like getting a little window into

1655

01:17:19,950 --> 01:17:17,710

an another time period he's what you see

1656

01:17:24,270 --> 01:17:19,960

he was what you see is what you get kind

1657

01:17:26,850 --> 01:17:24,280

of a man he was a gentleman who grew up

1658

01:17:29,820 --> 01:17:26,860

in the southwestt a man's word is his

1659

01:17:30,899 --> 01:17:29,830

bond you know you make a promise you

1660

01:17:34,140 --> 01:17:30,909

keep a prom

1661

01:17:37,050 --> 01:17:34,150

did he lie yes he lied he admitted that

1662

01:17:37,740 --> 01:17:37,060

he lied I don't know what to make of

1663

01:17:40,160 --> 01:17:37,750

that

1664

01:17:44,250 --> 01:17:40,170

I guess history will have to decide

1665

01:17:48,390 --> 01:17:44,260

Frank lero was an unexpected wonderful

1666

01:17:51,870 --> 01:17:48,400

event that happened in 2017 it was sad

1667

01:17:53,879 --> 01:17:51,880

that she passed away not too long after

1668

01:17:56,459 --> 01:17:53,889

we met her and got to know her but I

1669

01:17:59,540 --> 01:17:56,469

never expected to have this experience I

1670

01:18:02,040 --> 01:17:59,550

had met Frank lero a couple times

1671

01:18:03,780 --> 01:18:02,050

because there were about two three years

1672

01:18:07,140 --> 01:18:03,790

there where we went back to Roswell

1673

01:18:09,270 --> 01:18:07,150

every year for the UFO festival and then

1674

01:18:11,220 --> 01:18:09,280

of course while you're there you present

1675

01:18:13,200 --> 01:18:11,230

and then you also have a table and

1676

01:18:15,120 --> 01:18:13,210

people come by and they look at your

1677

01:18:17,340 --> 01:18:15,130

books and and you get to talk to

1678

01:18:19,100 --> 01:18:17,350

everybody and it's kind of fun well I

1679

01:18:22,709 --> 01:18:19,110

had met Frank Iero because she had

1680

01:18:26,189 --> 01:18:22,719

everybody loved her she was a friend of

1681

01:18:29,129 --> 01:18:26,199

the UFO movement and of the museum in

1682

01:18:31,970 --> 01:18:29,139

particular well they always have a

1683

01:18:34,860 --> 01:18:31,980

parade every year during the Roswell UFO

1684

01:18:38,280 --> 01:18:34,870

festival and they take all the speakers

1685

01:18:41,250 --> 01:18:38,290

and the key people and they put them on

1686

01:18:43,080 --> 01:18:41,260

a float and you drive around with you

1687

01:18:46,229 --> 01:18:43,090

know thousands of people on the sidewalk

1688

01:18:49,500 --> 01:18:46,239

and there's there's fireworks and lights

1689

01:18:52,530 --> 01:18:49,510

and kids in alien costumes I mean it's

1690

01:18:54,720 --> 01:18:52,540

it's a big deal it's a lot of fun I sat

1691

01:18:57,510 --> 01:18:54,730

next to her while we were on the in this

1692

01:19:00,270 --> 01:18:57,520

parade and we got to swap life stories

1693

01:19:04,129 --> 01:19:00,280

and I told her it needless to say about

1694

01:19:07,379 --> 01:19:04,139

June well this woman is in her 80s and

1695

01:19:09,090 --> 01:19:07,389

just recounting the story of what

1696

01:19:14,399 --> 01:19:09,100

happened to her when she was 12 years

1697

01:19:17,850 --> 01:19:14,409

old you could still see the fear in her

1698

01:19:21,450 --> 01:19:17,860

eyes and feel how terrified she was

1699

01:19:24,030 --> 01:19:21,460

because of this event and back when she

1700

01:19:28,020 --> 01:19:24,040

was 12 years old her father was a

1701

01:19:32,129 --> 01:19:28,030

fireman for the city of Roswell and they

1702

01:19:35,459 --> 01:19:32,139

lived in town and while she was coming

1703

01:19:37,680 --> 01:19:35,469

home one day she stopped by her father's

1704

01:19:40,410 --> 01:19:37,690

place of work to get a ride she had been

1705

01:19:43,680 --> 01:19:40,420

to the dentist and there was a New

1706

01:19:44,790 --> 01:19:43,690

Mexico State policeman there who was

1707

01:19:47,700 --> 01:19:44,800

showing off

1708

01:19:50,250 --> 01:19:47,710

this weird medal that he had found

1709

01:19:53,669 --> 01:19:50,260

somewhere and there was talk about a

1710

01:19:55,620 --> 01:19:53,679

crashed vehicle etc well this was

1711

01:19:57,680 --> 01:19:55,630

extraordinary and she got to handle the

1712

01:20:01,350 --> 01:19:57,690

medal and she was very impressed by this

1713

01:20:04,290 --> 01:20:01,360

she was not quite so impressed when not

1714

01:20:07,530 --> 01:20:04,300

too long thereafter words she was home

1715

01:20:10,680 --> 01:20:07,540

with her mother and a military officer

1716

01:20:13,530 --> 01:20:10,690

and two other soldiers showed up at her

1717

01:20:16,200 --> 01:20:13,540

home and basically pushed their way into

1718

01:20:19,169 --> 01:20:16,210

the house and started telling her mother

1719

01:20:22,620 --> 01:20:19,179

and her that under no circumstances

1720

01:20:26,729 --> 01:20:22,630

would they ever discuss anything about a

1721

01:20:29,310 --> 01:20:26,739

crashed UFO or the medal and he this man

1722

01:20:32,669 --> 01:20:29,320

looked right at Frank lero bear in mind

1723

01:20:34,859 --> 01:20:32,679

she's a 12 year old girl and says that

1724

01:20:37,950 --> 01:20:34,869

if she ever talked about it he would

1725

01:20:40,379 --> 01:20:37,960

come back and murder her and her entire

1726

01:20:42,359 --> 01:20:40,389

family and take them out in the desert

1727

01:20:45,569 --> 01:20:42,369

and get rid of their bodies now the

1728

01:20:48,089 --> 01:20:45,579

weird part is is that years later that

1729

01:20:50,879 --> 01:20:48,099

one of the places she lived the phone

1730

01:20:53,359 --> 01:20:50,889

company came out to do a repair and the

1731

01:20:57,419 --> 01:20:53,369

repairman came to her afterwards and

1732

01:21:00,750 --> 01:20:57,429

showed her that somebody had put a tap

1733

01:21:02,879 --> 01:21:00,760

on her phone yeah I mean this is strange

1734

01:21:05,819 --> 01:21:02,889

stuff very strange and I've heard this

1735

01:21:09,120 --> 01:21:05,829

from other members of prominent families

1736

01:21:12,990 --> 01:21:09,130

involved with this case as well exact

1737

01:21:16,140 --> 01:21:13,000

thing and the part that was a good part

1738

01:21:18,359 --> 01:21:16,150

of this story is that one day a man

1739

01:21:23,129 --> 01:21:18,369

showed up on her door with a bouquet of

1740

01:21:25,260 --> 01:21:23,139

flowers and he said I am the son of that

1741

01:21:29,189 --> 01:21:25,270

officer who threatened you when you were

1742

01:21:32,459 --> 01:21:29,199

12 years old and he said that his father

1743

01:21:35,790 --> 01:21:32,469

was a very brutal man and that he was

1744

01:21:38,250 --> 01:21:35,800

there to apologize and make amends and

1745

01:21:42,020 --> 01:21:38,260

that so that you know that's just a

1746

01:21:44,430 --> 01:21:42,030

whole fascinating piece of history and

1747

01:21:46,530 --> 01:21:44,440

the next we turned out we were all

1748

01:21:49,439 --> 01:21:46,540

staying in the same hotel there in

1749

01:21:52,109 --> 01:21:49,449

Roswell and the next morning we all had

1750

01:21:54,299 --> 01:21:52,119

breakfast together before we went our

1751  
01:21:58,109 --> 01:21:54,309  
separate ways and I got this wonderful

1752  
01:21:58,650 --> 01:21:58,119  
photo of my wife Joann and Frankie

1753  
01:22:01,470 --> 01:21:58,660  
sitting

1754  
01:22:03,960 --> 01:22:01,480  
gather at a table and that may be that

1755  
01:22:06,900 --> 01:22:03,970  
may be one of the last if not the last

1756  
01:22:09,600 --> 01:22:06,910  
photos that was taken of her because she

1757  
01:22:11,940 --> 01:22:09,610  
passed away peacefully in her sleep just

1758  
01:22:16,260 --> 01:22:11,950  
a couple of weeks later and she was an

1759  
01:22:19,170 --> 01:22:16,270  
amazing lady and a lovely bright spirit

1760  
01:22:23,280 --> 01:22:19,180  
and I felt really honored to meet her

1761  
01:22:25,200 --> 01:22:23,290  
and that there's see when I here you

1762  
01:22:27,570 --> 01:22:25,210  
know you you mentioned the word Roswell

1763  
01:22:29,070 --> 01:22:27,580

to some people and they kind of laugh

1764

01:22:32,550 --> 01:22:29,080

and they thought you know you'll hear

1765

01:22:35,880 --> 01:22:32,560

all the usual clichés about little green

1766

01:22:37,860 --> 01:22:35,890

man blah blah blah and then to me when I

1767

01:22:40,260 --> 01:22:37,870

hear the word Roswell aside from the

1768

01:22:43,520 --> 01:22:40,270

fact that I love that town it's a

1769

01:22:45,990 --> 01:22:43,530

wonderful little city I think about an

1770

01:22:47,730 --> 01:22:46,000

investigation that has been going on for

1771

01:22:52,380 --> 01:22:47,740

over thirty years

1772

01:22:55,740 --> 01:22:52,390

that involves over 600 witnesses with

1773

01:22:57,690 --> 01:22:55,750

interlocking testimony you know do we

1774

01:22:59,700 --> 01:22:57,700

have the smoking gun well if somebody

1775

01:23:02,940 --> 01:22:59,710

does I wish they would they would bring

1776

01:23:06,090 --> 01:23:02,950

it out we probably don't but we know

1777

01:23:10,380 --> 01:23:06,100

that something really extraordinary

1778

01:23:13,050 --> 01:23:10,390

crashed on Mac Brazil's ranch on the

1779

01:23:16,290 --> 01:23:13,060

July 4th weekend of 1947

1780

01:23:19,890 --> 01:23:16,300

and we know that the military went to

1781

01:23:24,080 --> 01:23:19,900

extreme lengths to recover everything

1782

01:23:27,230 --> 01:23:24,090

and to cover up all trace of that event

1783

01:23:30,390 --> 01:23:27,240

threatening people picking up wreckage

1784

01:23:33,870 --> 01:23:30,400

monitoring citizens for years illegally

1785

01:23:36,810 --> 01:23:33,880

I mean it goes on and on and on we know

1786

01:23:40,110 --> 01:23:36,820

that that's a real event and I I think

1787

01:23:43,380 --> 01:23:40,120

in particular that's thanks to Don

1788

01:23:45,270 --> 01:23:43,390

Schmidt and Tom Kerry who themselves are

1789

01:23:47,220 --> 01:23:45,280

not free of controversy

1790

01:23:51,480 --> 01:23:47,230

you know people expect all of us

1791

01:23:54,000 --> 01:23:51,490

ufologists our UFO researchers to always

1792

01:23:58,350 --> 01:23:54,010

make perfect decisions and always know

1793

01:24:01,320 --> 01:23:58,360

everything and whatnot well I'm sorry to

1794

01:24:03,840 --> 01:24:01,330

disappoint people but all of these

1795

01:24:07,140 --> 01:24:03,850

people myself included we are also

1796

01:24:09,240 --> 01:24:07,150

living our lives and we don't always

1797

01:24:12,089 --> 01:24:09,250

have total knowledge and we don't always

1798

01:24:15,030 --> 01:24:12,099

make the correct decision

1799

01:24:16,950 --> 01:24:15,040

and I'm speaking in reference to you

1800

01:24:20,700 --> 01:24:16,960

know Tom Kerry and Don Schmidt the

1801

01:24:22,919 --> 01:24:20,710

Roswell slides tobacco yes which we

1802

01:24:26,910 --> 01:24:22,929

could you know you could do all you

1803

01:24:30,120 --> 01:24:26,920

probably did do one show or more about

1804

01:24:32,100 --> 01:24:30,130

that yes I know that was a UFO Horror

1805

01:24:34,589 --> 01:24:32,110

Story from one end to the other and a

1806

01:24:37,500 --> 01:24:34,599

valuable lesson that we apparently have

1807

01:24:41,899 --> 01:24:37,510

still not learned that should not take

1808

01:24:45,620 --> 01:24:41,909

away from the wonderful detailed

1809

01:24:49,229 --> 01:24:45,630

extremely exhausting exhaustive research

1810

01:24:51,479 --> 01:24:49,239

that was done by those two men to put

1811

01:24:53,280 --> 01:24:51,489

together the Roswell story I'm very

1812

01:24:55,979 --> 01:24:53,290

honored that they included the June

1813

01:24:58,919 --> 01:24:55,989

story but again just you know having

1814

01:25:00,930 --> 01:24:58,929

that story now a part of the Roswell

1815

01:25:03,959 --> 01:25:00,940

history I think is very important

1816

01:25:05,550 --> 01:25:03,969

because yet it is it's one more person

1817

01:25:08,010 --> 01:25:05,560

willing to come forward like you said

1818

01:25:10,649 --> 01:25:08,020

well a lot of people perceive the

1819

01:25:12,450 --> 01:25:10,659

Roswell case as you know this festival

1820

01:25:14,100 --> 01:25:12,460

to have her every year little green man

1821

01:25:15,839 --> 01:25:14,110

this quirky feeling to it

1822

01:25:17,430 --> 01:25:15,849

this was life or death for a lot of

1823

01:25:20,580 --> 01:25:17,440

these people James the way they were

1824

01:25:23,520 --> 01:25:20,590

questioned the cover-up everything so I

1825

01:25:25,709 --> 01:25:23,530

guess I want to sort of wrap up Roswell

1826  
01:25:29,669 --> 01:25:25,719  
with this one question for you before we

1827  
01:25:32,220 --> 01:25:29,679  
move on here of do you think we still

1828  
01:25:34,850 --> 01:25:32,230  
have a chance of knowing what happened

1829  
01:25:37,410 --> 01:25:34,860  
out there do you think there's still

1830  
01:25:40,020 --> 01:25:37,420  
material out there somewhere hidden in

1831  
01:25:42,450 --> 01:25:40,030  
that desert that we can find that can be

1832  
01:25:46,800 --> 01:25:42,460  
that smoking gun or is this going to be

1833  
01:25:49,319 --> 01:25:46,810  
the case that mystifies us until you

1834  
01:25:50,459 --> 01:25:49,329  
know we all part this earthly plane what

1835  
01:25:53,839 --> 01:25:50,469  
do you think I know that's a big

1836  
01:25:56,760 --> 01:25:53,849  
hypothetical boy that's a hypothetical

1837  
01:25:59,280 --> 01:25:56,770  
in terms of finding wreckage out there I

1838  
01:26:01,859 --> 01:25:59,290

would I would defer to my good friend

1839

01:26:04,620 --> 01:26:01,869

Frank Kim blur who does tremendous

1840

01:26:08,700 --> 01:26:04,630

research out there and is thoroughly a

1841

01:26:12,270 --> 01:26:08,710

scientist and so far he has not found

1842

01:26:12,870 --> 01:26:12,280

any wreckage that would pass the smell

1843

01:26:16,169 --> 01:26:12,880

test

1844

01:26:18,720 --> 01:26:16,179

and I think if anybody's going to find

1845

01:26:20,490 --> 01:26:18,730

it he will did they make a mistake

1846

01:26:23,310 --> 01:26:20,500

somewhere and maybe they left something

1847

01:26:25,049 --> 01:26:23,320

behind god I hope so I don't know that

1848

01:26:25,530 --> 01:26:25,059

we're ever going to get the truth about

1849

01:26:29,160 --> 01:26:25,540

Rob

1850

01:26:32,940 --> 01:26:29,170

well or about UFOs until one of two

1851

01:26:35,760 --> 01:26:32,950

things happens one thing is if some

1852

01:26:38,510 --> 01:26:35,770

other event is so overwhelmingly obvious

1853

01:26:42,630 --> 01:26:38,520

that they have to come clean about

1854

01:26:45,390 --> 01:26:42,640

contact with non-human intelligence you

1855

01:26:48,000 --> 01:26:45,400

know where it's a an arrival day

1856

01:26:50,670 --> 01:26:48,010

something that is so big that they can't

1857

01:26:51,990 --> 01:26:50,680

put it under wraps and they managed to

1858

01:26:53,430 --> 01:26:52,000

do that pretty well with the Phoenix

1859

01:26:56,640 --> 01:26:53,440

lights so it would have to be pretty

1860

01:26:59,820 --> 01:26:56,650

spectacular the other thing is if in the

1861

01:27:02,220 --> 01:26:59,830

process we get evidence that they cannot

1862

01:27:05,310 --> 01:27:02,230

get rid of or dispute because as they

1863

01:27:07,530 --> 01:27:05,320

they are it is in their best interest to

1864

01:27:09,450 --> 01:27:07,540

disclose it then they will tell us

1865

01:27:11,070 --> 01:27:09,460

something you got to remember they're

1866

01:27:13,620 --> 01:27:11,080

not going to do it out of the goodness

1867

01:27:16,470 --> 01:27:13,630

of their hearts they're going to do it

1868

01:27:19,530 --> 01:27:16,480

because there is a political strategic

1869

01:27:22,230 --> 01:27:19,540

or military reason to disclose that's

1870

01:27:25,320 --> 01:27:22,240

their job you know it's not they don't

1871

01:27:27,090 --> 01:27:25,330

see things the way we do you know they

1872

01:27:29,610 --> 01:27:27,100

would tell you well there their job is

1873

01:27:32,130 --> 01:27:29,620

to protect us and that there's some

1874

01:27:35,400 --> 01:27:32,140

national security or intelligence reason

1875

01:27:38,930 --> 01:27:35,410

why they need to conceal this story and

1876

01:27:42,750 --> 01:27:38,940

or use it to manipulate the situation

1877

01:27:45,140 --> 01:27:42,760

see we are also part of game everybody

1878

01:27:49,320 --> 01:27:45,150

you and I everybody in the UFO community

1879

01:27:51,600 --> 01:27:49,330

we are also subject to manipulation and

1880

01:27:55,830 --> 01:27:51,610

that's one of the hardest things is to

1881

01:27:57,480 --> 01:27:55,840

know when you're being played so no I I

1882

01:28:00,330 --> 01:27:57,490

don't think it's gonna happen anytime

1883

01:28:03,660 --> 01:28:00,340

soon but I'm not giving up on it I'm

1884

01:28:06,330 --> 01:28:03,670

excited for the future of investigating

1885

01:28:09,390 --> 01:28:06,340

Roswell and beyond but at the same time

1886

01:28:12,240 --> 01:28:09,400

it is sobering as well too to know that

1887

01:28:13,740 --> 01:28:12,250

possibly we never may get that answer so

1888

01:28:17,580 --> 01:28:13,750

many researchers have left this world

1889

01:28:20,340 --> 01:28:17,590

not knowing what happened at Roswell or

1890

01:28:24,810 --> 01:28:20,350

not getting the truth they saw it for so

1891

01:28:27,270 --> 01:28:24,820

long so it's it is a game a game that we

1892

01:28:28,950 --> 01:28:27,280

don't know really who is in control of

1893

01:28:32,210 --> 01:28:28,960

whether it's a nonhuman intelligence

1894

01:28:35,190 --> 01:28:32,220

whether it's you know military

1895

01:28:36,990 --> 01:28:35,200

governmental it's all just one big game

1896

01:28:38,729 --> 01:28:37,000

that we're all playing and trying to

1897

01:28:41,880 --> 01:28:38,739

figure out

1898

01:28:45,270 --> 01:28:41,890

it's messy it's exciting it's terrifying

1899

01:28:47,070 --> 01:28:45,280

it's everything in between but I don't

1900

01:28:49,890 --> 01:28:47,080

know what to make of all of it man but

1901

01:28:52,709 --> 01:28:49,900

um you know sort of dovetailing off of

1902

01:28:55,500 --> 01:28:52,719

that and moving away from Roswell a lot

1903

01:28:57,840 --> 01:28:55,510

of our listeners would be interested to

1904

01:29:01,050 --> 01:28:57,850

know about your stance with MUFON the

1905

01:29:04,220 --> 01:29:01,060

mutual UFO organization now you left the

1906

01:29:06,930 --> 01:29:04,230

organization last year and you rejoined

1907

01:29:09,570 --> 01:29:06,940

recently so you got its Alice man what

1908

01:29:11,760 --> 01:29:09,580

made you do both of these things that's

1909

01:29:12,660 --> 01:29:11,770

the second time that I've quit I have to

1910

01:29:16,890 --> 01:29:12,670

say I

1911

01:29:19,650 --> 01:29:16,900

I guess it's getting to be a habit the

1912

01:29:21,270 --> 01:29:19,660

rosie relationship yes yes sometimes it

1913

01:29:24,300 --> 01:29:21,280

is a love-hate relationship and of

1914

01:29:26,190 --> 01:29:24,310

course it's a large organization next

1915

01:29:30,270 --> 01:29:26,200

year will be the 50th anniversary it

1916

01:29:34,229 --> 01:29:30,280

started in 1969 after Project Blue Book

1917

01:29:36,720 --> 01:29:34,239

ended and I have to say I'm back in

1918

01:29:38,550 --> 01:29:36,730

MUFON but it's with my eyes open I'm not

1919

01:29:40,620 --> 01:29:38,560

it doesn't mean that I drank the

1920

01:29:43,530 --> 01:29:40,630

kool-aid it doesn't mean that I slept

1921

01:29:47,640 --> 01:29:43,540

too close to an alien seed pod and woke

1922

01:29:49,979 --> 01:29:47,650

up as somebody else it means that the

1923

01:29:52,709 --> 01:29:49,989

field of ufology looks like a desert to

1924

01:29:55,860 --> 01:29:52,719

me I couldn't move on because I was

1925

01:30:00,180 --> 01:29:55,870

angry at the people in charge for not

1926

01:30:02,340 --> 01:30:00,190

more blatantly condemning a racist state

1927

01:30:04,860 --> 01:30:02,350

director right to make a long story

1928

01:30:06,300 --> 01:30:04,870

short and I don't want to go through all

1929

01:30:08,670 --> 01:30:06,310

of that I mean you can go on the

1930

01:30:10,709 --> 01:30:08,680

internet and dig up the whole thing yeah

1931

01:30:13,110 --> 01:30:10,719

we covered it briefly on the show in the

1932

01:30:16,440 --> 01:30:13,120

past so yeah our listeners know where to

1933

01:30:18,990 --> 01:30:16,450

turn to hear that whole story and of

1934

01:30:21,600 --> 01:30:19,000

course I don't like I don't like what

1935

01:30:23,610 --> 01:30:21,610

MUFON has had to do in terms of keeping

1936

01:30:25,770 --> 01:30:23,620

the doors open but then again I'm not

1937

01:30:27,510 --> 01:30:25,780

Jan Harz an and I don't know what the

1938

01:30:30,810 --> 01:30:27,520

bills are that come in every month you

1939

01:30:33,290 --> 01:30:30,820

know people think that having a UFO

1940

01:30:36,600 --> 01:30:33,300

investigator at your beck and call

1941

01:30:38,550 --> 01:30:36,610

exists in a vacuum it doesn't you know

1942

01:30:41,040 --> 01:30:38,560

people who do this our volunteers

1943

01:30:45,300 --> 01:30:41,050

they're taking time out of their lives

1944

01:30:47,160 --> 01:30:45,310

to do this research I would like MUFON

1945

01:30:49,290 --> 01:30:47,170

to appreciate that more because I think

1946

01:30:51,990 --> 01:30:49,300

I still think that sometimes they don't

1947

01:30:52,480 --> 01:30:52,000

appreciate the level of commitment that

1948

01:30:55,000 --> 01:30:52,490

their vows

1949

01:30:58,060 --> 01:30:55,010

tears have but back to my particular

1950

01:30:59,590 --> 01:30:58,070

story I was very angry and I left

1951

01:31:02,020 --> 01:30:59,600

because I thought that things are just

1952

01:31:04,630 --> 01:31:02,030

going nowhere well immediately I was

1953

01:31:07,590 --> 01:31:04,640

courted by two or three different other

1954

01:31:11,890 --> 01:31:07,600

UFO organizations that were filled with

1955

01:31:13,570 --> 01:31:11,900

people who had been in MUFON who etc you

1956

01:31:15,490 --> 01:31:13,580

know and I don't really want to get into

1957

01:31:17,500 --> 01:31:15,500

all the details of that either other

1958

01:31:19,990 --> 01:31:17,510

than they all had one thing in common

1959

01:31:22,930 --> 01:31:20,000

everybody was talking of either about

1960

01:31:24,880 --> 01:31:22,940

old cases I remember one group they

1961

01:31:26,920 --> 01:31:24,890

wanted to talk about which old cases

1962

01:31:30,040 --> 01:31:26,930

they were going to reinvestigate and

1963

01:31:33,040 --> 01:31:30,050

that degenerated into a big argument and

1964

01:31:36,340 --> 01:31:33,050

I thought well where is this going

1965

01:31:39,190 --> 01:31:36,350

eventually I realized if I wanted to

1966

01:31:42,580 --> 01:31:39,200

investigate UFO cases I had to have a

1967

01:31:45,280 --> 01:31:42,590

source of information and I just wasn't

1968

01:31:48,100 --> 01:31:45,290

getting it from anywhere then in the

1969

01:31:50,560 --> 01:31:48,110

meantime I moved from Olympia Washington

1970

01:31:54,600 --> 01:31:50,570

to Port Townsend about a hundred miles

1971

01:31:57,700 --> 01:31:54,610

and this happens to be the same place

1972

01:31:59,800 --> 01:31:57,710

where the new director of MUFON in

1973

01:32:02,800 --> 01:31:59,810

Washington State lives in fact that's

1974

01:32:05,650 --> 01:32:02,810

not a big secret I recommended her for

1975

01:32:08,050 --> 01:32:05,660

the position she was the obvious choice

1976

01:32:11,590 --> 01:32:08,060

because of her level of commitment to

1977

01:32:14,820 --> 01:32:11,600

getting people together to meet on a

1978

01:32:18,370 --> 01:32:14,830

regular basis and talk about UFOs

1979

01:32:20,380 --> 01:32:18,380

Bigfoot the paranormal whatever she has

1980

01:32:23,080 --> 01:32:20,390

an extremely successful meeting group

1981

01:32:26,080 --> 01:32:23,090

and that's what you look for when you

1982

01:32:28,540 --> 01:32:26,090

want somebody to do organization if I

1983

01:32:30,790 --> 01:32:28,550

was going to participate at all in the

1984

01:32:33,070 --> 01:32:30,800

UFO field I've got to have some new

1985

01:32:36,370 --> 01:32:33,080

information I've got to investigate

1986

01:32:40,210 --> 01:32:36,380

cases I can't just keep sitting on the

1987

01:32:43,030 --> 01:32:40,220

sidelines and going over old stuff much

1988

01:32:45,280 --> 01:32:43,040

as I love the history as we've already

1989

01:32:47,710 --> 01:32:45,290

discussed I do love the history of

1990

01:32:50,590 --> 01:32:47,720

ufology but I don't want to be

1991

01:32:52,090 --> 01:32:50,600

completely marginalized and out on the

1992

01:32:54,340 --> 01:32:52,100

fringe of everything I want to be

1993

01:32:58,000 --> 01:32:54,350

involved I also want to be ready in case

1994

01:33:00,040 --> 01:32:58,010

we do get another major event and of

1995

01:33:05,670 --> 01:33:00,050

course Washington state that has

1996

01:33:07,790 --> 01:33:05,680

happened before On June 24th of 1947

1997

01:33:11,760 --> 01:33:07,800

about a week and a half before Roswell

1998

01:33:14,670 --> 01:33:11,770

Kenneth Arnold observed a formation of

1999

01:33:18,120 --> 01:33:14,680

saucer-shaped craft Crescent saucer

2000

01:33:20,940 --> 01:33:18,130

shapes going across Mount Rainier in

2001

01:33:23,040 --> 01:33:20,950

broad daylight and that led to the

2002

01:33:25,520 --> 01:33:23,050

creation of the phrase flying saucer

2003

01:33:27,990 --> 01:33:25,530

that was a key event in UFO history

2004

01:33:30,570 --> 01:33:28,000

right here in Washington State which is

2005

01:33:33,240 --> 01:33:30,580

why when I've gone and lectured in other

2006

01:33:33,930 --> 01:33:33,250

places I've jokingly said they came here

2007

01:33:36,270 --> 01:33:33,940

first

2008

01:33:39,120 --> 01:33:36,280

Tim's bragging rights James that's from

2009

01:33:40,920 --> 01:33:39,130

striking rights right well honestly when

2010

01:33:44,400 --> 01:33:40,930

we study you and I foes we could go back

2011

01:33:46,470 --> 01:33:44,410

you know way far into history oh yeah

2012

01:33:49,680 --> 01:33:46,480

this was the modern UFO era as we've

2013

01:33:51,300 --> 01:33:49,690

sort of coined it yes and it's fun it's

2014

01:33:54,510 --> 01:33:51,310

fun to tell people that but the main

2015

01:33:56,940 --> 01:33:54,520

point the main point is I guess I rejoin

2016

01:33:59,700 --> 01:33:56,950

MUFON because I it's not enough for me

2017

01:34:02,070 --> 01:33:59,710

to just sit on the sidelines and I want

2018

01:34:05,480 --> 01:34:02,080

to be involved and MUFON does contain

2019

01:34:07,920 --> 01:34:05,490

all kinds of people and could it be

2020

01:34:10,890 --> 01:34:07,930

infiltrated by the government it most

2021

01:34:13,410 --> 01:34:10,900

certainly probably has been and that's

2022

01:34:15,750 --> 01:34:13,420

no big secret because anybody can join

2023

01:34:17,850 --> 01:34:15,760

MUFON you know could you get in there as

2024

01:34:20,460 --> 01:34:17,860

a benefactor and donate a large amount

2025

01:34:21,600 --> 01:34:20,470

of money and influence something yes you

2026

01:34:25,380 --> 01:34:21,610

probably could

2027

01:34:29,130 --> 01:34:25,390

so unfortunately MUFON is the per or

2028

01:34:32,070 --> 01:34:29,140

fortunately MUFON is the primary game in

2029

01:34:36,090 --> 01:34:32,080

town if you want to investigate current

2030

01:34:39,240 --> 01:34:36,100

UFO cases and I just wasn't getting

2031

01:34:42,660 --> 01:34:39,250

anything worth investigating any other

2032

01:34:46,290 --> 01:34:42,670

way it's a platform and it's as good or

2033

01:34:49,050 --> 01:34:46,300

as bad as the quality of the people in

2034

01:34:51,630 --> 01:34:49,060

the organization where you are it's a

2035

01:34:54,510 --> 01:34:51,640

national organization and it's sort of

2036

01:34:57,330 --> 01:34:54,520

like I haven't renounced my citizenship

2037

01:34:59,370 --> 01:34:57,340

in the United States yet you know and I

2038

01:35:01,500 --> 01:34:59,380

still have hope for the future and I

2039

01:35:04,290 --> 01:35:01,510

said I think there are a lot of good

2040

01:35:07,200 --> 01:35:04,300

people in MUFON I also think there's

2041

01:35:10,280 --> 01:35:07,210

some pretty shoddy people it's it's a

2042

01:35:12,720 --> 01:35:10,290

mixed bag you're not going to get a pure

2043

01:35:15,060 --> 01:35:12,730

organization in the field of ufology

2044

01:35:18,270 --> 01:35:15,070

that's going to be all things to all

2045

01:35:19,500 --> 01:35:18,280

people it's not going to happen I've

2046

01:35:21,930 --> 01:35:19,510

only got so many

2047

01:35:25,319 --> 01:35:21,940

years that I'm going to be around anyway

2048

01:35:28,529 --> 01:35:25,329

and I can either be moan that fact or I

2049

01:35:32,310 --> 01:35:28,539

can do what I can to do something

2050

01:35:35,580 --> 01:35:32,320

positive where I am so when when all was

2051  
01:35:38,040 --> 01:35:35,590  
said and done rejoining MUFON I think

2052  
01:35:39,629 --> 01:35:38,050  
was a good decision now I know some

2053  
01:35:42,330 --> 01:35:39,639  
people are going to claim him I betrayed

2054  
01:35:44,939 --> 01:35:42,340  
my principles and all of that and I

2055  
01:35:47,100 --> 01:35:44,949  
would say I think I made my point the

2056  
01:35:48,270 --> 01:35:47,110  
message was clear like we're not going

2057  
01:35:50,520 --> 01:35:48,280  
to stand for

2058  
01:35:52,410 --> 01:35:50,530  
first of all blatant racism within an

2059  
01:35:55,350 --> 01:35:52,420  
organization which we also should

2060  
01:35:58,109 --> 01:35:55,360  
mention this happens in any organization

2061  
01:35:59,220 --> 01:35:58,119  
this isn't just ufology or MUFON this

2062  
01:36:01,459 --> 01:35:59,230  
happens everywhere

2063  
01:36:03,209 --> 01:36:01,469

no one's rest on the same page

2064

01:36:05,399 --> 01:36:03,219

principles are different for every

2065

01:36:09,509 --> 01:36:05,409

member involved with any organization

2066

01:36:11,189 --> 01:36:09,519

values political stances everything you

2067

01:36:14,370 --> 01:36:11,199

know that that's kind of the beauty of

2068

01:36:17,430 --> 01:36:14,380

this country but also the ugliness comes

2069

01:36:19,620 --> 01:36:17,440

out as well so again I think you're

2070

01:36:22,589 --> 01:36:19,630

correct and saying you made your point

2071

01:36:25,350 --> 01:36:22,599

now it's time to make change and that

2072

01:36:27,689 --> 01:36:25,360

can only come if you know instead of

2073

01:36:30,270 --> 01:36:27,699

ignoring the problem trying to change it

2074

01:36:32,939 --> 01:36:30,280

so I I think that message is loud and

2075

01:36:35,370 --> 01:36:32,949

clear for sure so let's do something

2076

01:36:36,750 --> 01:36:35,380

constructive that's you know that's what

2077

01:36:39,629 --> 01:36:36,760

I want to do and I still want to

2078

01:36:41,430 --> 01:36:39,639

investigate UFOs and I I still love the

2079

01:36:44,069 --> 01:36:41,440

subject and I want to talk about Roswell

2080

01:36:47,339 --> 01:36:44,079

and I want to be involved as much as I

2081

01:36:51,330 --> 01:36:47,349

can but I'm real I'm realistic about the

2082

01:36:52,919 --> 01:36:51,340

limitations maybe a little cynical never

2083

01:36:55,439 --> 01:36:52,929

hurts it never hurts to have a little

2084

01:36:57,509 --> 01:36:55,449

bit of that yeah and maybe that's sort

2085

01:36:59,609 --> 01:36:57,519

of a good way I know you mentioned that

2086

01:37:02,399 --> 01:36:59,619

you wanted to talk about things that are

2087

01:37:04,350 --> 01:37:02,409

currently going on yeah I mean that's a

2088

01:37:07,379 --> 01:37:04,360

big thing with this whole field is we're

2089

01:37:09,720 --> 01:37:07,389

so stuck with these historical cases

2090

01:37:11,490 --> 01:37:09,730

that a lot of people ask well what's

2091

01:37:14,069 --> 01:37:11,500

going on now why don't we have these

2092

01:37:15,839 --> 01:37:14,079

things happening now we do we do and I

2093

01:37:18,540 --> 01:37:15,849

think MUFON is the place to go for

2094

01:37:20,669 --> 01:37:18,550

current case reports so what do you make

2095

01:37:23,790 --> 01:37:20,679

of that whole argument that UFOs are

2096

01:37:26,700 --> 01:37:23,800

kind of dead that this is a historical

2097

01:37:29,609 --> 01:37:26,710

subject at this point well it is to a

2098

01:37:31,709 --> 01:37:29,619

degree always going to be a historical

2099

01:37:33,209 --> 01:37:31,719

subject because we're trying to

2100

01:37:35,430 --> 01:37:33,219

understand it completely mister

2101  
01:37:38,700 --> 01:37:35,440  
is phenomena that is still occurring

2102  
01:37:41,189 --> 01:37:38,710  
only we have to try and put it in some

2103  
01:37:43,649 --> 01:37:41,199  
kind of context and obviously we have to

2104  
01:37:46,379 --> 01:37:43,659  
turn to history to do that I mean I just

2105  
01:37:49,890 --> 01:37:46,389  
since I've been back I mean that this is

2106  
01:37:52,919 --> 01:37:49,900  
so classic for the UFO field I get this

2107  
01:37:56,209 --> 01:37:52,929  
case the gentleman is he works for a

2108  
01:38:00,959 --> 01:37:56,219  
high-tech company highly educated man

2109  
01:38:04,140 --> 01:38:00,969  
zero background in UFOs and he's taking

2110  
01:38:07,080 --> 01:38:04,150  
a walk where he works in Vancouver

2111  
01:38:11,569 --> 01:38:07,090  
Washington in broad daylight on a nice

2112  
01:38:15,209 --> 01:38:11,579  
day he sees a circular metallic craft

2113  
01:38:16,919 --> 01:38:15,219

come across the sky and he's standing

2114

01:38:17,910 --> 01:38:16,929

there watching this and what really

2115

01:38:20,700 --> 01:38:17,920

dumbfounded

2116

01:38:26,609 --> 01:38:20,710

is that it's scintillating strange

2117

01:38:29,520 --> 01:38:26,619

colors and he himself is also a pilot he

2118

01:38:32,160 --> 01:38:29,530

is a small plane pilot and he's flown in

2119

01:38:36,149 --> 01:38:32,170

the very same area and he manages to

2120

01:38:39,239 --> 01:38:36,159

take a cell phone video of the object

2121

01:38:41,790 --> 01:38:39,249

and that so he contacts MUFON because he

2122

01:38:42,029 --> 01:38:41,800

wants to know if anybody else has seen

2123

01:38:44,399 --> 01:38:42,039

it

2124

01:38:48,000 --> 01:38:44,409

and of course when all is said and done

2125

01:38:51,000 --> 01:38:48,010

nobody else has seen it so this is what

2126  
01:38:54,270 --> 01:38:51,010  
drives you crazy with UFOs here I've got

2127  
01:38:57,859 --> 01:38:54,280  
a highly qualified witness with no

2128  
01:39:00,870 --> 01:38:57,869  
biases no previous background in UFOs

2129  
01:39:04,410 --> 01:39:00,880  
who sees something and even photographs

2130  
01:39:06,509 --> 01:39:04,420  
it and he can't possibly explain it what

2131  
01:39:09,390 --> 01:39:06,519  
are we gonna do with that how many of

2132  
01:39:11,089 --> 01:39:09,400  
those cases are there I think they're

2133  
01:39:14,430 --> 01:39:11,099  
going on all the time

2134  
01:39:16,979 --> 01:39:14,440  
absolutely and I mean up until the

2135  
01:39:19,709 --> 01:39:16,989  
present day dreams we have cases

2136  
01:39:22,379 --> 01:39:19,719  
happening throughout the 2000s which we

2137  
01:39:25,799 --> 01:39:22,389  
we haven't heard much about before this

2138  
01:39:28,589 --> 01:39:25,809

Pentagon UFO program came to the public

2139

01:39:30,959 --> 01:39:28,599

eye so I'd love to sort of dovetail into

2140

01:39:33,330 --> 01:39:30,969

that here so you know within the last

2141

01:39:35,399 --> 01:39:33,340

year and a half or so we learned that

2142

01:39:37,259 --> 01:39:35,409

project Bluebook was not the last time

2143

01:39:39,930 --> 01:39:37,269

the government was involved with the UFO

2144

01:39:42,209 --> 01:39:39,940

investigations we had this program a tip

2145

01:39:45,479 --> 01:39:42,219

it's gone under a few other acronyms as

2146

01:39:46,659 --> 01:39:45,489

well where the Pentagon was studying

2147

01:39:48,370 --> 01:39:46,669

UFOs and they

2148

01:39:50,080 --> 01:39:48,380

was brought to our attention through the

2149

01:39:53,049 --> 01:39:50,090

New York Times and through this new

2150

01:39:55,209 --> 01:39:53,059

organization to the Stars Academy now

2151  
01:39:57,759 --> 01:39:55,219  
this is all a huge convoluted story

2152  
01:40:00,009 --> 01:39:57,769  
which we have covered in the past but I

2153  
01:40:02,350 --> 01:40:00,019  
want to sort of wrap things up here with

2154  
01:40:04,810 --> 01:40:02,360  
your thoughts on first the Pentagon UFO

2155  
01:40:06,729 --> 01:40:04,820  
program and then to the stars Academy

2156  
01:40:09,639 --> 01:40:06,739  
what do you make of all this having been

2157  
01:40:13,359 --> 01:40:09,649  
involved with the UFO studies for

2158  
01:40:16,179 --> 01:40:13,369  
decades now well unfortunately you can't

2159  
01:40:18,939 --> 01:40:16,189  
have a government program that isn't

2160  
01:40:23,169 --> 01:40:18,949  
somehow rooted in politics and as I

2161  
01:40:25,509 --> 01:40:23,179  
recall part of this money that was used

2162  
01:40:27,330 --> 01:40:25,519  
to finance I believe it was under the

2163  
01:40:31,239 --> 01:40:27,340

endorsement of Senator Harry Reid

2164

01:40:34,089 --> 01:40:31,249

correctly from Nevada and this was I

2165

01:40:37,209 --> 01:40:34,099

think intended to be a plumb for Robert

2166

01:40:39,850 --> 01:40:37,219

Bigelow so if you subtract out that part

2167

01:40:41,949 --> 01:40:39,860

whatever part that is and you're left

2168

01:40:44,560 --> 01:40:41,959

with this research organization number

2169

01:40:48,250 --> 01:40:44,570

one it doesn't seem like a whole lot of

2170

01:40:49,689 --> 01:40:48,260

money for a UFO research project 22

2171

01:40:51,580 --> 01:40:49,699

million sounds like a lot to me but

2172

01:40:55,089 --> 01:40:51,590

you're correct in terms of government

2173

01:40:57,850 --> 01:40:55,099

funding this is a drop in the hat right

2174

01:41:00,580 --> 01:40:57,860

most and then you start subtracting out

2175

01:41:03,819 --> 01:41:00,590

you know whatever was funneled to

2176  
01:41:06,850 --> 01:41:03,829  
Bigelow you know what's left and then I

2177  
01:41:08,560 --> 01:41:06,860  
have to look at this whole thing I have

2178  
01:41:10,750 --> 01:41:08,570  
a lot of trouble with it it looks to me

2179  
01:41:14,379 --> 01:41:10,760  
if I had the one image that comes to my

2180  
01:41:16,419 --> 01:41:14,389  
mind is Lucy and Charlie Brown and the

2181  
01:41:19,149 --> 01:41:16,429  
football and the football of course is

2182  
01:41:22,330 --> 01:41:19,159  
UFO disclosure the thing that is so

2183  
01:41:24,850 --> 01:41:22,340  
weird to me is I look at the

2184  
01:41:28,719 --> 01:41:24,860  
organization of the to the stars Academy

2185  
01:41:30,759 --> 01:41:28,729  
and and this is no secret you can go on

2186  
01:41:33,429 --> 01:41:30,769  
their website and look at the curriculum

2187  
01:41:36,909 --> 01:41:33,439  
vitae of the people that are in the

2188  
01:41:40,600 --> 01:41:36,919

organization and it's pretty stellar I

2189

01:41:43,810 --> 01:41:40,610

mean you've got like 30 year veteran CIA

2190

01:41:46,449 --> 01:41:43,820

agent decorated you've got people

2191

01:41:50,040 --> 01:41:46,459

working on clearly who have worked on

2192

01:41:53,409 --> 01:41:50,050

clearly very classified research and

2193

01:41:57,250 --> 01:41:53,419

suddenly they are now retired and

2194

01:42:00,310 --> 01:41:57,260

they've all working together with Tom

2195

01:42:09,399 --> 01:42:00,320

DeLonge to bring about UFO

2196

01:42:11,979 --> 01:42:09,409

disclosure hmm I I see it as a scripted

2197

01:42:15,430 --> 01:42:11,989

scene in a horror movie and the scene

2198

01:42:17,890 --> 01:42:15,440

goes like this the little boy is coming

2199

01:42:21,069 --> 01:42:17,900

home at dinnertime as the Sun is going

2200

01:42:25,330 --> 01:42:21,079

down and he comes up to the back door

2201

01:42:28,689 --> 01:42:25,340

and he's greeted by his mother and he's

2202

01:42:31,870 --> 01:42:28,699

telling his mom mom look who I met today

2203

01:42:35,770 --> 01:42:31,880

while I was out and when you look behind

2204

01:42:38,589 --> 01:42:35,780

him there are like some very large and

2205

01:42:42,010 --> 01:42:38,599

extremely ominous looking wolves

2206

01:42:45,069 --> 01:42:42,020

kind of like wolfen you know the old the

2207

01:42:46,839 --> 01:42:45,079

old horror movie and novel it just looks

2208

01:42:48,040 --> 01:42:46,849

to me I don't and was I don't

2209

01:42:50,950 --> 01:42:48,050

necessarily think these people are

2210

01:42:53,200 --> 01:42:50,960

sinister I'm not saying that they're

2211

01:42:54,850 --> 01:42:53,210

only sinister to the point of view that

2212

01:42:57,970 --> 01:42:54,860

I don't think they're really revealing

2213

01:43:00,640 --> 01:42:57,980

how and why they're involved in the to

2214

01:43:02,830 --> 01:43:00,650

the stars Academy they're not telling us

2215

01:43:04,899 --> 01:43:02,840

the truth can you imagine what the

2216

01:43:08,020 --> 01:43:04,909

non-disclosure agreement looks like for

2217

01:43:11,580 --> 01:43:08,030

a 30-year CIA agent so if this guy is

2218

01:43:14,560 --> 01:43:11,590

out here being involved in disclosure

2219

01:43:17,260 --> 01:43:14,570

it's already been vetted you know

2220

01:43:19,510 --> 01:43:17,270

somebody high up said okay do that and

2221

01:43:21,910 --> 01:43:19,520

they don't do that just for the fun of

2222

01:43:24,609 --> 01:43:21,920

it they don't do that because we're

2223

01:43:28,060 --> 01:43:24,619

curious they do that because there's

2224

01:43:30,959 --> 01:43:28,070

some reason for it and so once again I

2225

01:43:34,209 --> 01:43:30,969

think we're being played some way and

2226

01:43:37,750 --> 01:43:34,219

much as I don't necessarily like the guy

2227

01:43:40,930 --> 01:43:37,760

I gotta give the guy kudos Robert Shafer

2228

01:43:43,359 --> 01:43:40,940

who is an arch UFO skeptic I don't know

2229

01:43:45,729 --> 01:43:43,369

if you've seen any of his work oh yes I

2230

01:43:48,910 --> 01:43:45,739

believe he's uh he's definitely putting

2231

01:43:51,550 --> 01:43:48,920

me to task a few times so oh yeah well

2232

01:43:54,100 --> 01:43:51,560

aware well respected in many ways yeah

2233

01:43:56,439 --> 01:43:54,110

we need him we do need him in this field

2234

01:43:59,680 --> 01:43:56,449

no matter what anyone thinks he did a

2235

01:44:02,290 --> 01:43:59,690

thorough piece of detective work on the

2236

01:44:04,780 --> 01:44:02,300

to the stars Academy like actually went

2237

01:44:08,129 --> 01:44:04,790

to the place that was listed as their

2238

01:44:10,799 --> 01:44:08,139

office and started asking questions and

2239

01:44:13,399 --> 01:44:10,809

I think the financing of this whole

2240

01:44:16,379 --> 01:44:13,409

thing is kind of it's it's suspicious

2241

01:44:19,049 --> 01:44:16,389

well yeah I mean up until this past week

2242

01:44:22,350 --> 01:44:19,059

we had articles coming out saying that

2243

01:44:24,859 --> 01:44:22,360

they're in a 37 million dollar deficit

2244

01:44:27,359 --> 01:44:24,869

now this is being debated by the

2245

01:44:30,600 --> 01:44:27,369

organization saying we're a startup

2246

01:44:32,219 --> 01:44:30,610

company you know we just like Amazon you

2247

01:44:34,799 --> 01:44:32,229

lose a lot of money before you make

2248

01:44:37,969 --> 01:44:34,809

money or can really make any headway so

2249

01:44:41,179 --> 01:44:37,979

I don't know James the whole financial

2250

01:44:44,580 --> 01:44:41,189

structure of this organization is so

2251  
01:44:46,830 --> 01:44:44,590  
weird and convoluted many people have

2252  
01:44:49,560 --> 01:44:46,840  
tried to break it down but when it comes

2253  
01:44:51,359 --> 01:44:49,570  
down to it it's no doubt to me that

2254  
01:44:54,179 --> 01:44:51,369  
these people are out to make money and

2255  
01:44:57,419 --> 01:44:54,189  
they will use the UFO topic to do that

2256  
01:45:00,629 --> 01:44:57,429  
and maybe just maybe we'll get some

2257  
01:45:04,020 --> 01:45:00,639  
interesting videos or in I know they're

2258  
01:45:05,639 --> 01:45:04,030  
now looking at metamaterials maybe we'll

2259  
01:45:06,929 --> 01:45:05,649  
get some viable information out of this

2260  
01:45:09,179 --> 01:45:06,939  
but at the end of the day it's a

2261  
01:45:11,489 --> 01:45:09,189  
business there you go and then actually

2262  
01:45:13,859 --> 01:45:11,499  
when you bring up the metamaterial okay

2263  
01:45:17,370 --> 01:45:13,869

I looked at that if it's the one that I

2264

01:45:19,350 --> 01:45:17,380

think of I'm thinking of that is exactly

2265

01:45:23,419 --> 01:45:19,360

the same metal that Linda Moulton Howe

2266

01:45:27,029 --> 01:45:23,429

had back in 2000 and I was there in

2267

01:45:30,120 --> 01:45:27,039

Newport Beach California with a group of

2268

01:45:34,169 --> 01:45:30,130

researchers I was invited to present the

2269

01:45:37,350 --> 01:45:34,179

June story to Linda Moulton Howe and oh

2270

01:45:37,859 --> 01:45:37,360

there was a whole crew there was Jim

2271

01:45:41,069 --> 01:45:37,869

Marrs

2272

01:45:44,339 --> 01:45:41,079

and many of the key people were in that

2273

01:45:47,939 --> 01:45:44,349

room I was really I was amazed to get to

2274

01:45:49,889 --> 01:45:47,949

meet them face to face and Linda had a

2275

01:45:54,589 --> 01:45:49,899

piece of that weird metal that she

2276

01:45:57,600 --> 01:45:54,599

passed around it was multiple layers of

2277

01:45:59,969 --> 01:45:57,610

bismuth metal and magnesium and it

2278

01:46:02,549 --> 01:45:59,979

looked really weird when you held it in

2279

01:46:05,040 --> 01:46:02,559

your hand it seemed it felt artificial

2280

01:46:09,149 --> 01:46:05,050

to me I mean just looking at it like it

2281

01:46:11,969 --> 01:46:09,159

was some like somebody had manufacturer

2282

01:46:14,100 --> 01:46:11,979

they there was no record of who had made

2283

01:46:16,939 --> 01:46:14,110

this or why and there was a video

2284

01:46:20,399 --> 01:46:16,949

showing that when it was subjected to a

2285

01:46:21,760 --> 01:46:20,409

magnetic field and to certain radio

2286

01:46:24,490 --> 01:46:21,770

frequencies

2287

01:46:26,590 --> 01:46:24,500

that it would float and move now of

2288

01:46:29,590 --> 01:46:26,600

course there was no vetting on the video

2289

01:46:32,530 --> 01:46:29,600

I don't know when you know we only know

2290

01:46:34,720 --> 01:46:32,540

what we were told we I'd I can't tell

2291

01:46:37,300 --> 01:46:34,730

you for certain that that video is

2292

01:46:39,100 --> 01:46:37,310

legitimate or where it came from but

2293

01:46:42,310 --> 01:46:39,110

that's what we were told then and that

2294

01:46:44,650 --> 01:46:42,320

was metal that was sent to her when she

2295

01:46:48,640 --> 01:46:44,660

was working with art Bell and it

2296

01:46:50,920 --> 01:46:48,650

supposedly came out of grandpas box who

2297

01:46:53,740 --> 01:46:50,930

was a military veteran who was in the

2298

01:46:56,530 --> 01:46:53,750

southwest who was obviously involved in

2299

01:46:59,500 --> 01:46:56,540

the cleanup of crash retrieval debris

2300

01:47:01,450 --> 01:46:59,510

but there was no name Messiah sign on

2301

01:47:03,280 --> 01:47:01,460

the letter the person said I have a

2302

01:47:05,620 --> 01:47:03,290

pension too and I don't want to lose it

2303

01:47:07,750 --> 01:47:05,630

and just like you know many of these

2304

01:47:10,660 --> 01:47:07,760

cases we'll never know the true source

2305

01:47:12,460 --> 01:47:10,670

where it originally came from to the

2306

01:47:14,980 --> 01:47:12,470

stars claims they have materials from

2307

01:47:17,470 --> 01:47:14,990

the Rendlesham incident how do we know

2308

01:47:18,940 --> 01:47:17,480

like we how we have nothing to

2309

01:47:20,980 --> 01:47:18,950

corroborate that these materials

2310

01:47:24,160 --> 01:47:20,990

actually came from where they say they

2311

01:47:26,890 --> 01:47:24,170

came so at the end of exams yeah I'm

2312

01:47:29,410 --> 01:47:26,900

with you on the whole material thing now

2313

01:47:31,510 --> 01:47:29,420

we had some fascinating videos come to

2314

01:47:33,430 --> 01:47:31,520

light you know this what was it the

2315

01:47:36,820 --> 01:47:33,440

gimbal footage I think it's been coined

2316

01:47:39,730 --> 01:47:36,830

right the Tic Tac incident all very

2317

01:47:42,130 --> 01:47:39,740

intriguing and things I as a younger UFO

2318

01:47:44,830 --> 01:47:42,140

researcher had no knowledge of prior to

2319

01:47:47,860 --> 01:47:44,840

Tom DeLonge and his efforts and work so

2320

01:47:49,720 --> 01:47:47,870

this was all new to me but like you said

2321

01:47:51,400 --> 01:47:49,730

many of these players went to the stars

2322

01:47:54,550 --> 01:47:51,410

have been involved with other

2323

01:47:57,220 --> 01:47:54,560

organizations in the past that yielded

2324

01:47:59,350 --> 01:47:57,230

no results so you do really have to

2325

01:48:02,140 --> 01:47:59,360

wonder what's what's at stake here

2326

01:48:04,210 --> 01:48:02,150

they're promising us huge explosive

2327

01:48:06,340 --> 01:48:04,220

bombshells within the next year they

2328

01:48:08,350 --> 01:48:06,350

promise this from the very start but I

2329

01:48:11,320 --> 01:48:08,360

don't know I don't know what to do or

2330

01:48:14,200 --> 01:48:11,330

what to make of it myself I think you

2331

01:48:17,350 --> 01:48:14,210

just have to you have to always maintain

2332

01:48:20,310 --> 01:48:17,360

your skepticism it's it's my favorite

2333

01:48:23,350 --> 01:48:20,320

prosecutor when he would charge a jury

2334

01:48:24,670 --> 01:48:23,360

he would always close by saying ladies

2335

01:48:26,770 --> 01:48:24,680

and gentlemen of the jury

2336

01:48:31,270 --> 01:48:26,780

don't leave your common sense at the

2337

01:48:35,100 --> 01:48:31,280

door in other words always be clear in

2338

01:48:38,310 --> 01:48:35,110

your own mind what evidence

2339

01:48:41,810 --> 01:48:38,320

has some corroboration and what evidence

2340

01:48:43,919 --> 01:48:41,820

are alleged evidence is just speculation

2341

01:48:47,760 --> 01:48:43,929

when you're an investigator or

2342

01:48:50,300 --> 01:48:47,770

researcher you got to know when you are

2343

01:48:53,280 --> 01:48:50,310

dealing with unverified information

2344

01:48:56,580 --> 01:48:53,290

that's probably my number one criticism

2345

01:48:59,300 --> 01:48:56,590

of many people in the UFO field is that

2346

01:49:03,419 --> 01:48:59,310

they don't admit when things are not

2347

01:49:06,000 --> 01:49:03,429

verified and they they lose touch with

2348

01:49:09,180 --> 01:49:06,010

reality if they see something on the

2349

01:49:11,189 --> 01:49:09,190

internet it looks good it looks sexy it

2350

01:49:13,530 --> 01:49:11,199

seems to point the way to some big

2351

01:49:15,810 --> 01:49:13,540

revelation and so they're all over it

2352

01:49:18,870 --> 01:49:15,820

saying oh yeah this has got to be it

2353

01:49:21,300 --> 01:49:18,880

well it may not be it you know we've all

2354

01:49:23,430 --> 01:49:21,310

been here before that's the reason for

2355

01:49:25,620 --> 01:49:23,440

history hopefully is so you don't keep

2356

01:49:26,359 --> 01:49:25,630

making the same mistakes over and over

2357

01:49:28,740 --> 01:49:26,369

again

2358

01:49:31,229 --> 01:49:28,750

exactly and that's you know what we have

2359

01:49:34,350 --> 01:49:31,239

to keep in mind moving forward with a

2360

01:49:36,840 --> 01:49:34,360

new generation of UFO investigators so

2361

01:49:39,330 --> 01:49:36,850

kind of closing things up here James

2362

01:49:42,149 --> 01:49:39,340

if younger people who are interested in

2363

01:49:44,129 --> 01:49:42,159

UFOs which I've met many if they want to

2364

01:49:47,250 --> 01:49:44,139

get involved where do you think they

2365

01:49:49,290 --> 01:49:47,260

should turn to do that I think number

2366

01:49:51,660 --> 01:49:49,300

one you got to be well-informed you got

2367

01:49:54,120 --> 01:49:51,670

to be willing to read and study on your

2368

01:49:56,609 --> 01:49:54,130

own and that means you got to dig out

2369

01:49:59,189 --> 01:49:56,619

some of the key historical works in

2370

01:50:02,490 --> 01:49:59,199

ufology and there are some really really

2371

01:50:05,040 --> 01:50:02,500

good ones any come to mind that you can

2372

01:50:07,260 --> 01:50:05,050

really don't turn to right now put me on

2373

01:50:09,450 --> 01:50:07,270

this plot here oh no that's not a

2374

01:50:11,189 --> 01:50:09,460

problem I thought you might ask I will

2375

01:50:13,709 --> 01:50:11,199

tell you the one that got me going more

2376

01:50:15,479 --> 01:50:13,719

than any other book and it came out

2377

01:50:19,109 --> 01:50:15,489

quite a long time ago but you can still

2378

01:50:21,540 --> 01:50:19,119

get copies of it it came out in 1984 it

2379

01:50:24,090 --> 01:50:21,550

was called clear intent the government

2380

01:50:26,280 --> 01:50:24,100

cover-up of the UFO experience what does

2381

01:50:30,540 --> 01:50:26,290

the government know about UFOs and why

2382

01:50:31,590 --> 01:50:30,550

won't it tell us by Lawrence Fawcett fa

2383

01:50:36,479 --> 01:50:31,600

WCE

2384

01:50:38,609 --> 01:50:36,489

TT and Barry J Greenwood yes yes I have

2385

01:50:39,120 --> 01:50:38,619

that right on my shelf looking at it as

2386

01:50:43,439 --> 01:50:39,130

we speak

2387

01:50:47,010 --> 01:50:43,449

mine is dog-eared highlighted it's it's

2388

01:50:48,840 --> 01:50:47,020

a mess as it but it's it's a wonderful

2389

01:50:52,110 --> 01:50:48,850

book because it's based on

2390

01:50:54,750 --> 01:50:52,120

actual documents and that book will give

2391

01:50:57,360 --> 01:50:54,760

you a broad view of the UFO field it was

2392

01:51:00,440 --> 01:50:57,370

also published a second time under

2393

01:51:03,510 --> 01:51:00,450

another title called the UFO cover-up

2394

01:51:06,450 --> 01:51:03,520

another book if you can get it it's hard

2395

01:51:09,150 --> 01:51:06,460

to get it's called the missing times by

2396

01:51:10,800 --> 01:51:09,160

Terry Hansen he lived up here on

2397

01:51:14,100 --> 01:51:10,810

Bainbridge Island the died of a heart

2398

01:51:18,260 --> 01:51:14,110

attack several years ago the missing

2399

01:51:21,140 --> 01:51:18,270

times is the history of news media

2400

01:51:25,650 --> 01:51:21,150

complicity in the UFO cover-up

2401  
01:51:27,450 --> 01:51:25,660  
fascinating book then I would say if you

2402  
01:51:30,480 --> 01:51:27,460  
want to look at the way things are right

2403  
01:51:34,170 --> 01:51:30,490  
now there is one man out there he's

2404  
01:51:36,960 --> 01:51:34,180  
still it heavily involved an extreme

2405  
01:51:40,170 --> 01:51:36,970  
hard worker one of the most level-headed

2406  
01:51:43,020 --> 01:51:40,180  
and thorough researchers in this entire

2407  
01:51:45,720 --> 01:51:43,030  
field I cannot say enough about him his

2408  
01:51:49,290 --> 01:51:45,730  
name is David Marlar and his book

2409  
01:51:52,350 --> 01:51:49,300  
triangular UFOs an estimate of the

2410  
01:51:55,500 --> 01:51:52,360  
situation I believe is an absolute must

2411  
01:51:57,900 --> 01:51:55,510  
for anybody who wants to say that they

2412  
01:52:01,680 --> 01:51:57,910  
are seriously in touch with the UFO

2413  
01:52:04,410 --> 01:52:01,690

phenomena and I would say then of course

2414

01:52:08,010 --> 01:52:04,420

if you really want to go down the rabbit

2415

01:52:12,410 --> 01:52:08,020

hole I would do UFOs and nukes with by

2416

01:52:14,730 --> 01:52:12,420

Robert Hastings which is the definitive

2417

01:52:17,610 --> 01:52:14,740

incredibly intricate relationship

2418

01:52:20,670 --> 01:52:17,620

between high quality UFO sightings and

2419

01:52:22,380 --> 01:52:20,680

all things nuclear they go together like

2420

01:52:25,230 --> 01:52:22,390

coffee and cream and then of course

2421

01:52:27,030 --> 01:52:25,240

Richard Dolan is another another

2422

01:52:30,060 --> 01:52:27,040

individual I have a huge amount of

2423

01:52:31,770 --> 01:52:30,070

respect for and if if you wanted to wet

2424

01:52:35,880 --> 01:52:31,780

your whistle and you just wanted to

2425

01:52:37,680 --> 01:52:35,890

start I would pick an older book I often

2426

01:52:39,150 --> 01:52:37,690

thought in when I first got involved in

2427

01:52:42,450 --> 01:52:39,160

this if I was going to teach a class in

2428

01:52:44,760 --> 01:52:42,460

UFOs I would use Jim Marrs book called

2429

01:52:47,460 --> 01:52:44,770

alien agenda I think that was one of the

2430

01:52:50,550 --> 01:52:47,470

first UFO books I ever got my hands on

2431

01:52:53,090 --> 01:52:50,560

is a 13 year old yeah really well

2432

01:52:56,510 --> 01:52:53,100

organized really straightforward

2433

01:53:00,510 --> 01:52:56,520

presentation definitely makes the case

2434

01:53:02,700 --> 01:53:00,520

Leslie Keens book on UFOs generals

2435

01:53:04,770 --> 01:53:02,710

pilots and government officials

2436

01:53:07,290 --> 01:53:04,780

go on the record see if you ask me a

2437

01:53:09,840 --> 01:53:07,300

question about what UFO books do I

2438

01:53:13,620 --> 01:53:09,850

really like I like documents and

2439

01:53:15,690 --> 01:53:13,630

testimony I like me I like meat on my

2440

01:53:17,970 --> 01:53:15,700

bun Ill don't want to be like that old

2441

01:53:20,190 --> 01:53:17,980

hamburger commercial where you have the

2442

01:53:24,170 --> 01:53:20,200

two elderly ladies who open the bun up

2443

01:53:27,420 --> 01:53:24,180

and they say where's the beef you know I

2444

01:53:30,390 --> 01:53:27,430

want a little evidence with my UFOs and

2445

01:53:32,610 --> 01:53:30,400

aliens yep some some ketchup maybe some

2446

01:53:36,479 --> 01:53:32,620

cheese let's uh let's get this going old

2447

01:53:39,479 --> 01:53:36,489

barbecue style yes I love that juice

2448

01:53:41,850 --> 01:53:39,489

well you know wrapping things up here is

2449

01:53:44,790 --> 01:53:41,860

there anything pivotal right now that

2450

01:53:46,650 --> 01:53:44,800

you're working on cases anything you're

2451

01:53:49,590 --> 01:53:46,660

willing to talk about before we leave

2452

01:53:51,959 --> 01:53:49,600

here not really that could be perfectly

2453

01:53:55,770 --> 01:53:51,969

honest I just went through a major move

2454

01:53:58,410 --> 01:53:55,780

and a serious health crisis and I'm

2455

01:54:00,690 --> 01:53:58,420

we're getting reestablished everything

2456

01:54:02,550 --> 01:54:00,700

is going along wonderfully and I'm

2457

01:54:06,030 --> 01:54:02,560

looking I'm looking forward to the

2458

01:54:09,030 --> 01:54:06,040

future good well I obviously my thoughts

2459

01:54:10,890 --> 01:54:09,040

and prayers of some higher power are

2460

01:54:14,160 --> 01:54:10,900

with you with all of that we all have to

2461

01:54:15,209 --> 01:54:14,170

deal with personal issues beyond the UFO

2462

01:54:18,630 --> 01:54:15,219

field as well

2463

01:54:20,940 --> 01:54:18,640

so yeah that's for sure well where can

2464

01:54:23,729 --> 01:54:20,950

we find out more about what you're up to

2465

01:54:26,970 --> 01:54:23,739

James well I do have I'm pretty active

2466

01:54:31,530 --> 01:54:26,980

on Facebook I would also invite people

2467

01:54:35,850 --> 01:54:31,540

to go to James Clarkson UFO comm I have

2468

01:54:44,490 --> 01:54:35,860

two email addresses UFO reality all one

2469

01:54:48,630 --> 01:54:44,500

word at comcast.net or UFO detective at

2470

01:54:50,340 --> 01:54:48,640

hush mail comm perfect well James I

2471

01:54:52,290 --> 01:54:50,350

can't thank you enough for coming on

2472

01:54:54,390 --> 01:54:52,300

today you know this has been an

2473

01:54:56,910 --> 01:54:54,400

interview I've been wanting to do since

2474

01:54:59,729 --> 01:54:56,920

I started somewhere in the skies and

2475

01:55:01,530 --> 01:54:59,739

after meeting you in person I knew you

2476

01:55:04,020 --> 01:55:01,540

were one of the the good people out

2477

01:55:07,200 --> 01:55:04,030

there fighting the good fight looking

2478

01:55:10,620 --> 01:55:07,210

for like we said that beef in the burger

2479

01:55:12,000 --> 01:55:10,630

that's right go that way and it was such

2480

01:55:14,850 --> 01:55:12,010

an honor to get you on to talk about

2481

01:55:16,470 --> 01:55:14,860

Jeanne Crain Roswell the future of

2482

01:55:18,840 --> 01:55:16,480

ufology and

2483

01:55:20,630 --> 01:55:18,850

just with this conversation alone it

2484

01:55:23,340 --> 01:55:20,640

shows me that the future is bright so

2485

01:55:25,800 --> 01:55:23,350

again my friend thank you so much for

2486

01:55:27,960 --> 01:55:25,810

coming on Thank You Ryan sincerely for

2487

01:55:30,060 --> 01:55:27,970

the work you're doing - that's it for

2488

01:55:32,880 --> 01:55:30,070

this week's episode again to check out

2489

01:55:36,450 --> 01:55:32,890

all of James Clarkson's work visit James

2490

01:55:38,610 --> 01:55:36,460

Clarkson UFO comm please take a few

2491

01:55:41,070 --> 01:55:38,620

moments to subscribe rate and review

2492

01:55:44,010 --> 01:55:41,080

somewhere in the skies on iTunes and

2493

01:55:46,560 --> 01:55:44,020

Apple podcasts even if you don't use

2494

01:55:48,930 --> 01:55:46,570

this platform to listen it remains the

2495

01:55:51,060 --> 01:55:48,940

largest podcast outlet and helps the

2496

01:55:54,540 --> 01:55:51,070

show find new listeners and gain

2497

01:55:57,060 --> 01:55:54,550

visibility thank you in advance check

2498

01:56:00,540 --> 01:55:57,070

out our merch store on T public comm

2499

01:56:02,550 --> 01:56:00,550

that's t ee public comm and search for

2500

01:56:04,950 --> 01:56:02,560

the somewhere in the sky store to help

2501

01:56:07,500 --> 01:56:04,960

the show monthly and receive tons of

2502

01:56:11,610 --> 01:56:07,510

bonus materials and rewards visit

2503

01:56:14,640 --> 01:56:11,620

patreon.com slash summer skies for past

2504

01:56:16,890 --> 01:56:14,650

episodes articles news and contact info

2505

01:56:20,190 --> 01:56:16,900

visit the official website somewhere in

2506

01:56:22,260 --> 01:56:20,200

the skies calm just a warning I'll be

2507

01:56:24,300 --> 01:56:22,270

gone next week for alien Con in

2508

01:56:25,979 --> 01:56:24,310

Baltimore and I'm not exactly sure

2509

01:56:28,950 --> 01:56:25,989

what's gonna happen with next week's

2510

01:56:31,950 --> 01:56:28,960

show I'll be extremely busy all weekend

2511

01:56:34,770 --> 01:56:31,960

hopefully I'll have a show we'll have to

2512

01:56:38,010 --> 01:56:34,780

see but either way just know you'll be

2513

01:56:40,830 --> 01:56:38,020

getting some awesome content live during

2514

01:56:42,720 --> 01:56:40,840

the event and certainly after keep

2515

01:56:46,530 --> 01:56:42,730

up-to-date with this on our Twitter page

2516

01:56:49,140 --> 01:56:46,540

at somewhere skies and on our Facebook

2517

01:56:51,330 --> 01:56:49,150

group somewhere in the skies podcast if

2518

01:56:53,550 --> 01:56:51,340

you're not yet a part of the group send

2519

01:56:56,729 --> 01:56:53,560

me an invite request and I'll let you in

2520

01:56:59,820 --> 01:56:56,739

thank you so much to the e1 podcast

2521

01:57:02,940 --> 01:56:59,830

network kgr a radio and most importantly

2522

01:57:05,490 --> 01:57:02,950

to you the listeners I'll see you here

2523

01:57:08,560 --> 01:57:05,500

soon and remember keep your feet on the

2524

01:57:15,920 --> 01:57:08,570

ground but never stop searching

2525

01:57:52,000 --> 01:57:31,010

[Music]

2526

01:57:54,470 --> 01:57:52,010

[Applause]

2527

01:57:56,240 --> 01:57:54,480

somewhere in the skies is produced by

2528

01:57:58,430 --> 01:57:56,250

Third Kind productions in association

2529

01:57:59,959 --> 01:57:58,440

with the entertainment one podcast
