holiday season in a bright new year and

38

00:01:39,300 --> 00:01:35,860

now on with the show

39

00:01:42,390 --> 00:01:39,310

today on the show we journey deep into

40

00:01:44,490 --> 00:01:42,400

the black vault with John Greenwald the

41

00:01:46,170 --> 00:01:44,500

fact that mr. Elizondo is out there and

42

00:01:48,810 --> 00:01:46,180

he's talking about this and it's open

43

00:01:50,940 --> 00:01:48,820

that to me shows that this is a very

44

00:01:54,090 --> 00:01:50,950

it's a real program I have no doubt

45

00:01:56,250 --> 00:01:54,100

about that but it's a very probably not

46

00:01:59,700 --> 00:01:56,260

so secretive program that some people

47

00:02:02,670 --> 00:01:59,710

want to believe the secret UFO study or

48

00:02:05,430 --> 00:02:02,680

the Pentagon's secret UFO study that

49

00:02:17,550 --> 00:02:05,440

obviously hit the media I think at this

50

00:02:20,700 --> 00:02:17,560

point is largely embellished this is

51  
00:02:20,700 --> 00:02:20,710  
somewhere in the skies

52  
00:02:43,410 --> 00:02:40,940  
[Music]

53  
00:02:46,020 --> 00:02:43,420  
welcome to somewhere in the skies I'm

54  
00:02:48,780 --> 00:02:46,030  
your host Ryan spray when I was first

55  
00:02:51,660 --> 00:02:48,790  
starting out as a young UFO researcher I

56  
00:02:54,270 --> 00:02:51,670  
did what every naive researcher does I

57  
00:02:56,760 --> 00:02:54,280  
basically wrote a broad letter to the

58  
00:02:59,130 --> 00:02:56,770  
White House saying dear government

59  
00:03:03,060 --> 00:02:59,140  
please give me all your information you

60  
00:03:06,090 --> 00:03:03,070  
have on UFOs little did I know getting

61  
00:03:09,390 --> 00:03:06,100  
information about UFOs from any type of

62  
00:03:12,450 --> 00:03:09,400  
officialdom was much much harder than I

63  
00:03:15,630 --> 00:03:12,460

anticipated and that's when I stumbled

64

00:03:18,420 --> 00:03:15,640

across the black vault it completely

65

00:03:20,970 --> 00:03:18,430

changed the game for me with more than 2

66

00:03:22,710 --> 00:03:20,980

million pages of documents to read on

67

00:03:24,840 --> 00:03:22,720

nearly every government secret

68

00:03:27,060 --> 00:03:24,850

imaginable the black vault is known

69

00:03:30,360 --> 00:03:27,070

worldwide for getting down to the truth

70

00:03:33,000 --> 00:03:30,370

and nothing but every document in its

71

00:03:36,150 --> 00:03:33,010

archive was obtained through the foi egg

72

00:03:39,450 --> 00:03:36,160

or the Freedom of Information Act begun

73

00:03:42,090 --> 00:03:39,460

in 1996 at the age of 15 john greenwald

74

00:03:45,449 --> 00:03:42,100

began hammering the US government with

75

00:03:47,730 --> 00:03:45,459

foi a requests to obtain information the

76

00:03:51,660 --> 00:03:47,740

black vault is the result of that nearly

77

00:03:53,880 --> 00:03:51,670

two decades effort today we talk about

78

00:03:57,360 --> 00:03:53,890

what documents are most important

79

00:04:00,390 --> 00:03:57,370

pertaining to UFOs the rise and possible

80

00:04:03,330 --> 00:04:00,400

fall of 8/10 and to the Stars Academy

81

00:04:06,030 --> 00:04:03,340

and then Greenwald shares explosive news

82

00:04:08,030 --> 00:04:06,040

about a batch of documents he recently

83

00:04:10,830 --> 00:04:08,040

obtained in regards to behavioral

84

00:04:15,150 --> 00:04:10,840

modification and MKULTRA like

85

00:04:19,680 --> 00:04:15,160

experiments undertaken by the CIA I hope

86

00:04:21,599 --> 00:04:19,690

you enjoy John thank you so much for

87

00:04:23,970 --> 00:04:21,609

finally joining me on somewhere in the

88

00:04:25,020 --> 00:04:23,980

skies oh it's my pleasure man I'm

89

00:04:28,380 --> 00:04:25,030

excited to be here

90

00:04:30,120 --> 00:04:28,390

great I've been waiting so long to do

91

00:04:32,280 --> 00:04:30,130

this I've been a huge fan of your work

92

00:04:35,159 --> 00:04:32,290

for many years now I've listened to

93

00:04:38,430 --> 00:04:35,169

countless interviews you've done I seen

94

00:04:41,280 --> 00:04:38,440

you on TV and you are doing something in

95

00:04:44,730 --> 00:04:41,290

this field of you quote unquote ufology

96

00:04:46,409 --> 00:04:44,740

and beyond that very few people are

97

00:04:49,620 --> 00:04:46,419

willing to do and that's to dig deep

98

00:04:50,370 --> 00:04:49,630

into the documents that we have on these

99

00:04:54,750 --> 00:04:50,380

things

100

00:04:57,600 --> 00:04:54,760

front of people and say look these are

101  
00:04:59,760 --> 00:04:57,610  
facts you can't really argue this so I'm

102  
00:05:02,010 --> 00:04:59,770  
really excited to dive deep into that

103  
00:05:04,020 --> 00:05:02,020  
tonight with you yeah same here by all

104  
00:05:05,850 --> 00:05:04,030  
means fire away any question you got I

105  
00:05:08,040 --> 00:05:05,860  
love documents real quick based on what

106  
00:05:10,170 --> 00:05:08,050  
you said I love documents just simply

107  
00:05:12,030 --> 00:05:10,180  
because they've always said the

108  
00:05:13,830 --> 00:05:12,040  
documents don't lie even though they

109  
00:05:15,900 --> 00:05:13,840  
could contain a lie what I mean by that

110  
00:05:18,450 --> 00:05:15,910  
is you don't need to take my word for

111  
00:05:20,220 --> 00:05:18,460  
what I say I can slap the document in

112  
00:05:22,830 --> 00:05:20,230  
front of you and there's actual proof

113  
00:05:25,020 --> 00:05:22,840

about you know this story or that story

114

00:05:26,550 --> 00:05:25,030

or this claim or that claim whether or

115

00:05:28,230 --> 00:05:26,560

not you know there's lies within the

116

00:05:29,820 --> 00:05:28,240

line so that's something else but but

117

00:05:32,610 --> 00:05:29,830

that's why I love documents because you

118

00:05:34,950 --> 00:05:32,620

just can't refute them being so official

119

00:05:37,590 --> 00:05:34,960

that is a really really good point and

120

00:05:40,740 --> 00:05:37,600

for someone like me I I actually come

121

00:05:43,680 --> 00:05:40,750

from the other extreme I I rely solely

122

00:05:45,690 --> 00:05:43,690

on witness testimony the people having

123

00:05:49,050 --> 00:05:45,700

these experiences and you know that's

124

00:05:50,160 --> 00:05:49,060

kind of my ufology and when people ask

125

00:05:52,290 --> 00:05:50,170

me they're like well where's the data

126

00:05:54,540 --> 00:05:52,300

where's the evidence and I tell them

127

00:05:56,940 --> 00:05:54,550

that's not my thing that's not what I do

128

00:05:59,640 --> 00:05:56,950

in this field that's not my contribution

129

00:06:02,190 --> 00:05:59,650

I like to interview people and get their

130

00:06:04,740 --> 00:06:02,200

testimony and know I can't back it up I

131

00:06:06,720 --> 00:06:04,750

can't prove it but sometimes that

132

00:06:09,690 --> 00:06:06,730

witness testimony is all we have to rely

133

00:06:11,670 --> 00:06:09,700

on to at least start to investigate and

134

00:06:13,020 --> 00:06:11,680

research something so when you have

135

00:06:15,090 --> 00:06:13,030

someone like me on one end of the

136

00:06:16,950 --> 00:06:15,100

spectrum and someone like you on the

137

00:06:18,960 --> 00:06:16,960

other all we can hope for is that we

138

00:06:20,520 --> 00:06:18,970

meet somewhere in the middle so yeah I

139

00:06:21,020 --> 00:06:20,530

think that's what's beautiful about this

140

00:06:26,520 --> 00:06:21,030

field

141

00:06:28,230 --> 00:06:26,530

sometimes that's right

142

00:06:29,940 --> 00:06:28,240

but yeah finding that common ground is

143

00:06:31,770 --> 00:06:29,950

important so that's why I really wanted

144

00:06:34,770 --> 00:06:31,780

to bring you on today because there's

145

00:06:37,440 --> 00:06:34,780

some documents and not documents that I

146

00:06:39,390 --> 00:06:37,450

want to get in to with you in a little

147

00:06:41,910 --> 00:06:39,400

while here but before we even get to

148

00:06:44,850 --> 00:06:41,920

that I do want to ask you you recently

149

00:06:47,130 --> 00:06:44,860

on your show the black vault radio you

150

00:06:50,370 --> 00:06:47,140

had Jeremy Korb on the filming I did

151  
00:06:52,770 --> 00:06:50,380  
yeah yes I recently interviewed Korbel

152  
00:06:55,830 --> 00:06:52,780  
as well right before like you did the

153  
00:06:58,350 --> 00:06:55,840  
film premiered that bob lazar area 51 in

154  
00:07:00,750 --> 00:06:58,360  
flying saucers film I did have the

155  
00:07:03,360 --> 00:07:00,760  
pleasure of attending the the LA

156  
00:07:04,020 --> 00:07:03,370  
premiere here a couple nights ago and

157  
00:07:06,210 --> 00:07:04,030  
dude

158  
00:07:09,060 --> 00:07:06,220  
I mean 1,600 people showed up for this

159  
00:07:10,650 --> 00:07:09,070  
thing for a UFO documentary I yeah it

160  
00:07:13,409 --> 00:07:10,660  
was amazing to see those photos but I

161  
00:07:15,719 --> 00:07:13,419  
sadly and within driving distance

162  
00:07:18,000 --> 00:07:15,729  
I just wasn't you know with kids

163  
00:07:20,670 --> 00:07:18,010

everything it becomes a little bit more

164

00:07:22,620 --> 00:07:20,680

difficult with planning I mean you need

165

00:07:24,870 --> 00:07:22,630

to like have a six month you know head

166

00:07:26,460 --> 00:07:24,880

start of planning and babysitter so

167

00:07:28,500 --> 00:07:26,470

sadly I didn't get to go but I was

168

00:07:30,510 --> 00:07:28,510

excited to see the pictures and that you

169

00:07:33,060 --> 00:07:30,520

attended and must have been amazing to

170

00:07:35,370 --> 00:07:33,070

see that many people and bob lazar and

171

00:07:36,719 --> 00:07:35,380

george knapp all on stage answering

172

00:07:39,750 --> 00:07:36,729

question i must have been very very cool

173

00:07:41,640 --> 00:07:39,760

it was cool and I will admit I mean

174

00:07:44,010 --> 00:07:41,650

there was a Q&A after with Bob George

175

00:07:46,710 --> 00:07:44,020

and Jeremy and it got a little heated as

176

00:07:49,920 --> 00:07:46,720

it should I mean this story is extremely

177

00:07:52,950 --> 00:07:49,930

controversial so that being said you did

178

00:07:55,170 --> 00:07:52,960

see the film I did I have to ask you man

179

00:07:57,060 --> 00:07:55,180

it's out there in the public know

180

00:07:59,640 --> 00:07:57,070

whether Jeremy likes it or not the

181

00:08:01,440 --> 00:07:59,650

praise I hate somewhere between what do

182

00:08:03,270 --> 00:08:01,450

you think of the film where do you

183

00:08:06,000 --> 00:08:03,280

personally stand on the whole lazar

184

00:08:08,640 --> 00:08:06,010

story and maybe even what what did this

185

00:08:11,100 --> 00:08:08,650

film do for you if anything well let me

186

00:08:13,110 --> 00:08:11,110

first say this I I am friends with

187

00:08:15,750 --> 00:08:13,120

Jeremy I have a lot of respect for him

188

00:08:18,090 --> 00:08:15,760

as you know I work in television as well

189

00:08:19,680 --> 00:08:18,100

and and have made a lot of documentaries

190

00:08:21,450 --> 00:08:19,690

and work for History Channel Discovery

191

00:08:23,730 --> 00:08:21,460

Channel and I have a lot of respect for

192

00:08:25,740 --> 00:08:23,740

those who make programs and produce

193

00:08:28,230 --> 00:08:25,750

because it's a it's a lot of work you

194

00:08:30,570 --> 00:08:28,240

know I may not ultimately agree with the

195

00:08:32,250 --> 00:08:30,580

message by the end of the you know our

196

00:08:33,990 --> 00:08:32,260

and a half or two hour but I have a lot

197

00:08:36,240 --> 00:08:34,000

of respect for that he's also very good

198

00:08:38,310 --> 00:08:36,250

at what he does he has a great

199

00:08:39,930 --> 00:08:38,320

storytelling sense and I complimented

200

00:08:41,190 --> 00:08:39,940

him when I did in the interview with him

201  
00:08:44,159 --> 00:08:41,200  
and I meant this and I'll say it again

202  
00:08:47,160 --> 00:08:44,169  
now he's got a knack for really getting

203  
00:08:49,010 --> 00:08:47,170  
into the human element to these stories

204  
00:08:51,180 --> 00:08:49,020  
which I'm sure just knowing you

205  
00:08:54,180 --> 00:08:51,190  
resonates with you as well because

206  
00:08:57,450 --> 00:08:54,190  
there's people behind these stories and

207  
00:08:59,010 --> 00:08:57,460  
a lot of times you trash those people we

208  
00:09:02,250 --> 00:08:59,020  
don't know if Bob Lazar is making this

209  
00:09:04,170 --> 00:09:02,260  
up or if he's just outright lying or if

210  
00:09:06,329 --> 00:09:04,180  
it really happened to him or if it

211  
00:09:07,980 --> 00:09:06,339  
didn't happen but he truly believes it

212  
00:09:10,470 --> 00:09:07,990  
there's a lot of different possibilities

213  
00:09:13,050 --> 00:09:10,480

here but the point that I'm trying to

214

00:09:14,670 --> 00:09:13,060

make as Jeremy has this great ability to

215

00:09:16,530 --> 00:09:14,680

get into the human element to these

216

00:09:18,300 --> 00:09:16,540

stories he did it with skinwalker

217

00:09:20,730 --> 00:09:18,310

showed you know the people around that

218

00:09:22,320 --> 00:09:20,740

ranch he did it with this one so I have

219

00:09:25,500 --> 00:09:22,330

a lot of respect there now to your

220

00:09:27,720 --> 00:09:25,510

question I you know the Bob Lazar story

221

00:09:30,720 --> 00:09:27,730

I've been around this field since 1996

222

00:09:32,820 --> 00:09:30,730

not to age myself and I was 15 years old

223

00:09:34,860 --> 00:09:32,830

when I started and the Bob Lazar story

224

00:09:37,530 --> 00:09:34,870

it was something that I had heard about

225

00:09:39,870 --> 00:09:37,540

in the early days and and I've seen a

226

00:09:42,000 --> 00:09:39,880

lot of the research that has been done I

227

00:09:44,220 --> 00:09:42,010

brought it up with Jeremy and I think

228

00:09:46,110 --> 00:09:44,230

there are important questions that my

229

00:09:49,140 --> 00:09:46,120

buddy Stanton Friedman has brought up

230

00:09:51,510 --> 00:09:49,150

and the research that he initially did I

231

00:09:54,330 --> 00:09:51,520

know Jeremy felt that there was a very

232

00:09:56,550 --> 00:09:54,340

negative attack by Stanton against Bob

233

00:09:59,040 --> 00:09:56,560

and you know what I don't speak for Stan

234

00:10:02,100 --> 00:09:59,050

maybe there was I'm not really sure but

235

00:10:04,680 --> 00:10:02,110

at the at the end of the day some of

236

00:10:06,840 --> 00:10:04,690

those questions are still kind of

237

00:10:09,510 --> 00:10:06,850

unanswered and they're important ones I

238

00:10:12,660 --> 00:10:09,520

think Jeremy hits some of them in the

239

00:10:15,150 --> 00:10:12,670

film like the telephone book question

240

00:10:17,940 --> 00:10:15,160

mark which kind of helps support that he

241

00:10:19,170 --> 00:10:17,950

worked at los alamos but did he I mean

242

00:10:21,480 --> 00:10:19,180

could he have appeared in that telephone

243

00:10:24,210 --> 00:10:21,490

book being a contractor with somebody

244

00:10:26,130 --> 00:10:24,220

that worked with Los Alamos that is

245

00:10:27,690 --> 00:10:26,140

actually a possibility so not

246

00:10:29,640 --> 00:10:27,700

necessarily working for the lab but

247

00:10:31,230 --> 00:10:29,650

potentially a company that worked as a

248

00:10:32,550 --> 00:10:31,240

contract or something like that you know

249

00:10:34,860 --> 00:10:32,560

there's a lot of different explanations

250

00:10:36,420 --> 00:10:34,870

so you know it was the film good

251

00:10:38,520 --> 00:10:36,430

absolutely was it worth seeing

252

00:10:40,050 --> 00:10:38,530

absolutely is it very cool to see Bob

253

00:10:43,770 --> 00:10:40,060

Lazar no matter what you think of his

254

00:10:45,930 --> 00:10:43,780

story in 2018 yeah absolutely but at the

255

00:10:48,120 --> 00:10:45,940

end of the day for me anyway I still

256

00:10:50,220 --> 00:10:48,130

have questions and you know I told

257

00:10:53,820 --> 00:10:50,230

Jeremy because I did bring up some of

258

00:10:55,830 --> 00:10:53,830

the skepticism and you know as a as a

259

00:10:58,800 --> 00:10:55,840

filmmaker I didn't want to just blow his

260

00:11:01,440 --> 00:10:58,810

whole documentary to say well Jeremy the

261

00:11:03,390 --> 00:11:01,450

kicker of your film was you know because

262

00:11:06,420 --> 00:11:03,400

that's just not not fair so I wanted to

263

00:11:08,580 --> 00:11:06,430

respect that in the interview but I put

264

00:11:11,130 --> 00:11:08,590

the invitation out there and he is

265

00:11:13,050 --> 00:11:11,140

excited to come back after people have

266

00:11:15,110 --> 00:11:13,060

had an opportunity to see the film and

267

00:11:18,030 --> 00:11:15,120

tackle some of those other questions

268

00:11:20,790 --> 00:11:18,040

some new questions that arose after that

269

00:11:22,800 --> 00:11:20,800

that documentary but also some ones that

270

00:11:26,310 --> 00:11:22,810

have been you know they've been kind of

271

00:11:28,770 --> 00:11:26,320

lasting for about 25-30 years and they

272

00:11:29,639 --> 00:11:28,780

still kind of remain unanswered so and I

273

00:11:31,769 --> 00:11:29,649

think Jeremy would

274

00:11:34,470 --> 00:11:31,779

agree with that I again don't mean that

275

00:11:35,970 --> 00:11:34,480

negatively but I think that there are a

276

00:11:38,129 --> 00:11:35,980

lot of things that we need to deal with

277

00:11:41,699 --> 00:11:38,139

to really get to the point of believing

278

00:11:43,650 --> 00:11:41,709

the story behind Bob Lazar exactly and

279

00:11:46,799 --> 00:11:43,660

you know I sort of feel the same way I

280

00:11:49,079 --> 00:11:46,809

left the film feeling the same way I did

281

00:11:50,910 --> 00:11:49,089

about the story beforehand and that's no

282

00:11:53,609 --> 00:11:50,920

sleight against Jeremy whatsoever it's

283

00:11:56,009 --> 00:11:53,619

such a contentious story to begin with

284

00:11:58,230 --> 00:11:56,019

what what really resonated with me like

285

00:12:01,259 --> 00:11:58,240

you said is that human element seeing

286

00:12:04,139 --> 00:12:01,269

Bob understanding Bob in hearing his own

287

00:12:06,960 --> 00:12:04,149

words this story you know for someone

288

00:12:08,519 --> 00:12:06,970

like let's say my girlfriend who went

289

00:12:10,530 --> 00:12:08,529

with me to this premiere she knew

290

00:12:12,689 --> 00:12:10,540

nothing about the story she always

291

00:12:15,600 --> 00:12:12,699

thought Bob Lazar was a con man a

292

00:12:18,059 --> 00:12:15,610

grifter and after viewing the film and

293

00:12:20,069 --> 00:12:18,069

then seeing him in person at the event

294

00:12:21,929 --> 00:12:20,079

it completely changed her perception of

295

00:12:24,869 --> 00:12:21,939

him she's like I actually genuinely

296

00:12:28,019 --> 00:12:24,879

think that something happened with him

297

00:12:29,970 --> 00:12:28,029

and that he saw what he says he saw and

298

00:12:32,009 --> 00:12:29,980

I want to learn more about it so right

299

00:12:34,079 --> 00:12:32,019

there that kind of solidified it for me

300

00:12:36,660 --> 00:12:34,089

that Jeremy succeeded in terms of

301  
00:12:40,230 --> 00:12:36,670  
keeping the conversation going in terms

302  
00:12:42,360 --> 00:12:40,240  
of this and asking new questions so like

303  
00:12:44,519 --> 00:12:42,370  
you said I really hope he comes back on

304  
00:12:47,970 --> 00:12:44,529  
your show I hope you press him I know

305  
00:12:50,160 --> 00:12:47,980  
you know the reviews and what reactions

306  
00:12:51,660 --> 00:12:50,170  
to the film have been very mixed but for

307  
00:12:53,730 --> 00:12:51,670  
me personally I think this is the

308  
00:12:55,829 --> 00:12:53,740  
strongest film he's done yet I think

309  
00:12:58,919 --> 00:12:55,839  
he's growing as both a filmmaker and a

310  
00:13:01,139 --> 00:12:58,929  
storyteller mm-hmm and I again like

311  
00:13:03,210 --> 00:13:01,149  
jeremy has said it's gotten this story

312  
00:13:06,600 --> 00:13:03,220  
out to a whole new generation I saw so

313  
00:13:08,189 --> 00:13:06,610

many young people at this premiere and

314

00:13:10,980 --> 00:13:08,199

that was enough for me to be like

315

00:13:14,129 --> 00:13:10,990

awesome a new generation now knows the

316

00:13:16,439 --> 00:13:14,139

name Lazar and let's say for just you

317

00:13:19,739 --> 00:13:16,449

know to play devil's advocate it's all

318

00:13:20,429 --> 00:13:19,749

at least we can now break it

319

00:13:22,919 --> 00:13:20,439

down again

320

00:13:25,499 --> 00:13:22,929

with new people new eyes and a fresh

321

00:13:27,389 --> 00:13:25,509

perspective so yeah and you've got no

322

00:13:30,269 --> 00:13:27,399

argument from me there I think that that

323

00:13:32,220 --> 00:13:30,279

the field overall I mean they do need

324

00:13:35,460 --> 00:13:32,230

the discussion we need to talk we need

325

00:13:37,470 --> 00:13:35,470

to ask questions and one of my tag lines

326

00:13:40,460 --> 00:13:37,480

for the black vault comm since almost

327

00:13:43,290 --> 00:13:40,470

day one has been discover the truth and

328

00:13:45,630 --> 00:13:43,300

what I really truly mean by that

329

00:13:48,060 --> 00:13:45,640

is a challenged for people to discover

330

00:13:51,060 --> 00:13:48,070

what that truth really is whether it be

331

00:13:53,220 --> 00:13:51,070

about UFOs or mind-control or chemical

332

00:13:54,960 --> 00:13:53,230

weapons or you know I mean I deal with a

333

00:13:56,970 --> 00:13:54,970

lot of stuff obviously we're talking

334

00:13:58,470 --> 00:13:56,980

about UFOs today but I deal with a lot

335

00:14:00,930 --> 00:13:58,480

of stuff and I put that challenge out

336

00:14:02,400 --> 00:14:00,940

there to people to really ultimately ask

337

00:14:03,990 --> 00:14:02,410

those questions and discover the truth

338

00:14:05,550 --> 00:14:04,000

and when a documentary comes around that

339

00:14:08,550 --> 00:14:05,560

gets people talking like you said on

340

00:14:10,139 --> 00:14:08,560

both ends of the spectrum I don't see it

341

00:14:13,470 --> 00:14:10,149

as a bad thing I may not ultimately

342

00:14:16,110 --> 00:14:13,480

believe the you know Bob Lazar story but

343

00:14:18,000 --> 00:14:16,120

you know what it's getting people to ask

344

00:14:20,430 --> 00:14:18,010

those questions and maybe open up a book

345

00:14:23,430 --> 00:14:20,440

and maybe see well what what goes

346

00:14:25,440 --> 00:14:23,440

against what Bob Lazar says well this

347

00:14:27,690 --> 00:14:25,450

actually supports what he's saying and

348

00:14:30,030 --> 00:14:27,700

again it's just that challenge of

349

00:14:31,800 --> 00:14:30,040

people's own beliefs to get interested

350

00:14:34,050 --> 00:14:31,810

because let's face it I mean when when

351

00:14:35,730 --> 00:14:34,060

when you just keep hearing I mean I work

352

00:14:37,680 --> 00:14:35,740

in television so I hate to trash it but

353

00:14:39,210 --> 00:14:37,690

you watch certain television

354

00:14:41,490 --> 00:14:39,220

documentaries and you see the same stuff

355

00:14:43,710 --> 00:14:41,500

like over and over and then you know you

356

00:14:45,030 --> 00:14:43,720

see the same stories and what kind of

357

00:14:47,340 --> 00:14:45,040

drives me nuts and I won't name names

358

00:14:50,490 --> 00:14:47,350

but as as the years progressed

359

00:14:53,490 --> 00:14:50,500

quote-unquote new evidence comes out on

360

00:14:54,600 --> 00:14:53,500

cases that are like decades old and like

361

00:14:57,329 --> 00:14:54,610

well wait a minute why didn't you

362

00:14:58,860 --> 00:14:57,339

remember that then or come out with this

363

00:15:01,769 --> 00:14:58,870

then or you know I mean there's just

364

00:15:04,260 --> 00:15:01,779

certain questions that definitely arise

365

00:15:06,540 --> 00:15:04,270

when you when you start retelling those

366

00:15:09,780 --> 00:15:06,550

stories and and for the most part it

367

00:15:12,240 --> 00:15:09,790

gets a little bit silly and tiresome to

368

00:15:14,160 --> 00:15:12,250

get through it but hey we haven't heard

369

00:15:16,590 --> 00:15:14,170

from and I said this in my show to

370

00:15:18,930 --> 00:15:16,600

Jeremy and maybe he might disagree with

371

00:15:21,329 --> 00:15:18,940

me on it but lazar just kind of largely

372

00:15:23,819 --> 00:15:21,339

disappeared in this field yeah you know

373

00:15:26,400 --> 00:15:23,829

and and and not and I don't mean just

374

00:15:29,010 --> 00:15:26,410

the person in my opinion more so the

375

00:15:31,790 --> 00:15:29,020

story you know it's just kind of like he

376

00:15:34,650 --> 00:15:31,800

came about he was obviously global news

377

00:15:36,750 --> 00:15:34,660

30 years ago but then it just kind of

378

00:15:39,930 --> 00:15:36,760

died and then people moved on so that

379

00:15:41,400 --> 00:15:39,940

refreshment of that story I I think it's

380

00:15:41,939 --> 00:15:41,410

a good thing I think it gets people

381

00:15:44,810 --> 00:15:41,949

talking

382

00:15:47,189 --> 00:15:44,820

alright Jeremy's gotten enough enough

383

00:15:50,220 --> 00:15:47,199

acknowledgement on this episode yeah

384

00:15:52,860 --> 00:15:50,230

let's not talk about that guy ya know he

385

00:15:54,689 --> 00:15:52,870

is a friend of mine as well so you know

386

00:15:56,390 --> 00:15:54,699

of course I'm gonna support his work do

387

00:15:59,240 --> 00:15:56,400

I agree with all that

388

00:16:01,490 --> 00:15:59,250

solutely not but he's trying and that's

389

00:16:03,800 --> 00:16:01,500

all we can ask for in this field so in

390

00:16:06,830 --> 00:16:03,810

terms of trying for some of my listeners

391

00:16:09,020 --> 00:16:06,840

who may not be familiar with who you are

392

00:16:10,460 --> 00:16:09,030

what you do I never want to assume you

393

00:16:12,560 --> 00:16:10,470

know we were always gaining new

394

00:16:15,110 --> 00:16:12,570

listeners could you sort of explain to

395

00:16:18,290 --> 00:16:15,120

us the inception of the black vault and

396

00:16:19,670 --> 00:16:18,300

what it is where it came from and where

397

00:16:23,210 --> 00:16:19,680

it stands today

398

00:16:26,450 --> 00:16:23,220

sure well I briefly mention 22 years ago

399

00:16:30,320 --> 00:16:26,460

and I was a 15 year old kid who was

400

00:16:32,480 --> 00:16:30,330

struck with curiosity about UFOs and

401  
00:16:35,030 --> 00:16:32,490  
ultimately the government connection I

402  
00:16:37,910 --> 00:16:35,040  
made the very stupid decision when I was

403  
00:16:39,320 --> 00:16:37,920  
very young although it all ultimately

404  
00:16:41,660 --> 00:16:39,330  
led to one of the best decisions of my

405  
00:16:43,400 --> 00:16:41,670  
life to believe that if anybody was

406  
00:16:45,260 --> 00:16:43,410  
going to tell me the truth behind UFOs

407  
00:16:46,820 --> 00:16:45,270  
it would be the US government and I

408  
00:16:48,590 --> 00:16:46,830  
really did think that when I was 15

409  
00:16:50,150 --> 00:16:48,600  
because you know as I just talked about

410  
00:16:52,820 --> 00:16:50,160  
where you see the same stories rehashed

411  
00:16:55,010 --> 00:16:52,830  
even back then Google wasn't even a

412  
00:16:56,660 --> 00:16:55,020  
thing yet it was Alta Vista and you know

413  
00:16:58,970 --> 00:16:56,670

when you searched then there was

414

00:17:01,430 --> 00:16:58,980

hundreds of thousands of pages on UFOs

415

00:17:03,260 --> 00:17:01,440

now it's like tens of millions but you

416

00:17:05,630 --> 00:17:03,270

see the same stuff over and over and I

417

00:17:07,490 --> 00:17:05,640

just started researching using the

418

00:17:09,140 --> 00:17:07,500

Freedom of Information Act u.s.

419

00:17:09,620 --> 00:17:09,150

government documents to see what I can

420

00:17:12,020 --> 00:17:09,630

get

421

00:17:13,190 --> 00:17:12,030

I read about a document I don't claim to

422

00:17:15,590 --> 00:17:13,200

discover this this was written about

423

00:17:18,710 --> 00:17:15,600

four years in fact I think it came out

424

00:17:20,870 --> 00:17:18,720

before I was born about the 1976 or an

425

00:17:23,810 --> 00:17:20,880

incident and this was something that

426

00:17:27,260 --> 00:17:23,820

really piqued my interest being that

427

00:17:29,210 --> 00:17:27,270

teenager with curiosity the website that

428

00:17:31,490 --> 00:17:29,220

I found this one document on and there

429

00:17:33,590 --> 00:17:31,500

was nothing else it was just this if I

430

00:17:36,170 --> 00:17:33,600

recall that they had this four-page

431

00:17:38,840 --> 00:17:36,180

document on and it really reads like an

432

00:17:42,680 --> 00:17:38,850

x-files episode I mean it really you

433

00:17:47,210 --> 00:17:42,690

know it describes multiple UFOs shutting

434

00:17:49,520 --> 00:17:47,220

down various f4 phantom jets it just was

435

00:17:52,160 --> 00:17:49,530

a really amazing story to read again

436

00:17:54,050 --> 00:17:52,170

from 1976 and it said it was an official

437

00:17:56,330 --> 00:17:54,060

US government document and I didn't

438

00:17:58,280 --> 00:17:56,340

believe it I had never heard of what was

439

00:18:00,680 --> 00:17:58,290

called a Defense Intelligence Agency at

440

00:18:03,350 --> 00:18:00,690

the time or the DIA and we all hear

441

00:18:05,540 --> 00:18:03,360

about the CIA or the FBI and you know

442

00:18:09,140 --> 00:18:05,550

nowadays much more about the NSA but dia

443

00:18:10,190 --> 00:18:09,150

is is you know back then was not really

444

00:18:12,680 --> 00:18:10,200

talked about that much

445

00:18:14,750 --> 00:18:12,690

okay this is this got to be bunk and I

446

00:18:16,400 --> 00:18:14,760

filed that FOIA request and that four

447

00:18:19,250 --> 00:18:16,410

page document came verbatim

448

00:18:21,710 --> 00:18:19,260

word-for-word into my mailbox I read it

449

00:18:22,130 --> 00:18:21,720

it was real and I was hooked from there

450

00:18:24,830 --> 00:18:22,140

on out

451

00:18:27,680 --> 00:18:24,840

I created the black vault comm back in

452

00:18:30,860 --> 00:18:27,690

96 I modeled it after actually what I

453

00:18:32,300 --> 00:18:30,870

was looking for so when I when I read

454

00:18:33,650 --> 00:18:32,310

that document and they said you can file

455

00:18:35,870 --> 00:18:33,660

this FOIA require a Freedom of

456

00:18:37,010 --> 00:18:35,880

Information Act request I thought you

457

00:18:38,630 --> 00:18:37,020

know what the hell was that I don't know

458

00:18:39,860 --> 00:18:38,640

what the hell that is but hey

459

00:18:42,650 --> 00:18:39,870

government's going to send it for me

460

00:18:45,170 --> 00:18:42,660

send it to me for free why non so I you

461

00:18:46,790 --> 00:18:45,180

know sent it off when I realized it was

462

00:18:48,860 --> 00:18:46,800

real I ran back to the internet and

463

00:18:54,010 --> 00:18:48,870

thought okay well you know logged on on

464

00:18:57,230 --> 00:18:54,020

my al 1.04 dass I think it was but

465

00:18:59,240 --> 00:18:57,240

looking for anything else and to be

466

00:19:02,510 --> 00:18:59,250

honest with you there was nothing so I

467

00:19:04,760 --> 00:19:02,520

modeled the black Bob calm after what I

468

00:19:07,250 --> 00:19:04,770

was looking for and what I was trying to

469

00:19:09,320 --> 00:19:07,260

find it just didn't exist and so I made

470

00:19:10,870 --> 00:19:09,330

it and I just started scanning documents

471

00:19:13,580 --> 00:19:10,880

I started filing the FOIA requests and

472

00:19:17,300 --> 00:19:13,590

started getting you know hundreds which

473

00:19:20,060 --> 00:19:17,310

turned into thousands of pages on UFOs

474

00:19:24,050 --> 00:19:20,070

and then I expanded to everything else

475

00:19:25,880 --> 00:19:24,060

here we are 22 years later I passed well

476

00:19:27,050 --> 00:19:25,890

over two million pages early this year

477

00:19:29,570 --> 00:19:27,060

Wow

478

00:19:31,520 --> 00:19:29,580

so yeah so there's two million pages of

479

00:19:33,470 --> 00:19:31,530

government documents on there to

480

00:19:35,360 --> 00:19:33,480

download and it's all free I mean I

481

00:19:36,980 --> 00:19:35,370

don't charge for it at all and people

482

00:19:38,810 --> 00:19:36,990

can go on and and you don't even need to

483

00:19:42,380 --> 00:19:38,820

register you just start downloading and

484

00:19:45,890 --> 00:19:42,390

it's become fairly popular I mean it's

485

00:19:49,010 --> 00:19:45,900

it serves about about 16 to 25 thousand

486

00:19:50,840 --> 00:19:49,020

people a day which are unique people the

487

00:19:53,300 --> 00:19:50,850

hits as hundreds of thousands every day

488

00:19:55,940 --> 00:19:53,310

but the the number of people that log on

489

00:19:57,350 --> 00:19:55,950

to the website is about 16 to 25,000

490

00:19:59,570 --> 00:19:57,360

depending upon the day of the week and

491

00:20:02,570 --> 00:19:59,580

it's amazing I mean it's amazing to see

492

00:20:04,220 --> 00:20:02,580

how much interest people have in

493

00:20:06,230 --> 00:20:04,230

discovering the truth you know and

494

00:20:08,030 --> 00:20:06,240

logging on and downloading this

495

00:20:10,940 --> 00:20:08,040

information whether it be about UFOs or

496

00:20:12,470 --> 00:20:10,950

you know anything else it is amazing to

497

00:20:15,770 --> 00:20:12,480

see those numbers that people actually

498

00:20:18,020 --> 00:20:15,780

do still care beyond their you know

499

00:20:20,360 --> 00:20:18,030

seventy five word tweet or whatever the

500

00:20:22,520 --> 00:20:20,370

character limit is now that they that

501  
00:20:23,780 --> 00:20:22,530  
they care to read and and that's a very

502  
00:20:27,740 --> 00:20:23,790  
encouraging

503  
00:20:30,440 --> 00:20:27,750  
what the black vault is and and you know

504  
00:20:32,360 --> 00:20:30,450  
hi I have done it now for 22 years and

505  
00:20:36,320 --> 00:20:32,370  
probably won't stop anytime soon

506  
00:20:38,510 --> 00:20:36,330  
I assume it wasn't an easy sort of you

507  
00:20:40,600 --> 00:20:38,520  
know bell curve there was probably a lot

508  
00:20:43,160 --> 00:20:40,610  
of learning to do I mean I tried to

509  
00:20:45,680 --> 00:20:43,170  
request certain documents and I get back

510  
00:20:47,960 --> 00:20:45,690  
nothing because I would assume I'm first

511  
00:20:49,790 --> 00:20:47,970  
of all not doing the request correctly

512  
00:20:51,380 --> 00:20:49,800  
I'm not going to the right agency and

513  
00:20:53,510 --> 00:20:51,390

that's sort of something I learned from

514

00:20:56,390 --> 00:20:53,520

you the the only documents I've ever

515

00:20:58,490 --> 00:20:56,400

received were again about the Tehran

516

00:21:01,040 --> 00:20:58,500

incident and I learned that from you I

517

00:21:04,280 --> 00:21:01,050

knew where to go what to specifically

518

00:21:06,830 --> 00:21:04,290

ask for so how was that process in

519

00:21:09,770 --> 00:21:06,840

learning who to actually reach out to

520

00:21:11,570 --> 00:21:09,780

you can't just say dear government tell

521

00:21:13,190 --> 00:21:11,580

me what you know about UFOs it's just

522

00:21:16,340 --> 00:21:13,200

yeah it's not that easy they don't

523

00:21:19,040 --> 00:21:16,350

necessarily have the time or the

524

00:21:20,450 --> 00:21:19,050

wherewithal to answer every request so

525

00:21:22,400 --> 00:21:20,460

if you're not putting the work in

526

00:21:25,400 --> 00:21:22,410

they're not gonna either am I correct in

527

00:21:27,860 --> 00:21:25,410

that well by law I mean the process is

528

00:21:29,540 --> 00:21:27,870

is it sucks to learn I'm just gonna be

529

00:21:32,210 --> 00:21:29,550

playing politely honest with you the

530

00:21:34,460 --> 00:21:32,220

process works but it sucks to learn and

531

00:21:35,690 --> 00:21:34,470

what I mean by that there's a lot of you

532

00:21:37,910 --> 00:21:35,700

know different hoops you got to jump

533

00:21:40,610 --> 00:21:37,920

through and and it's it's like playing a

534

00:21:42,680 --> 00:21:40,620

game that the government made up they're

535

00:21:45,260 --> 00:21:42,690

making the rules they're the referee

536

00:21:47,210 --> 00:21:45,270

there's no instruction book and you just

537

00:21:48,650 --> 00:21:47,220

kind of got to figure it out you know

538

00:21:50,140 --> 00:21:48,660

and you're trying to win I mean that's

539

00:21:54,020 --> 00:21:50,150

that's really the easiest way to

540

00:21:56,600 --> 00:21:54,030

describe it that by law you are afforded

541

00:21:59,090 --> 00:21:56,610

the right that they need to respond now

542

00:22:00,920 --> 00:21:59,100

if you didn't work your request right

543

00:22:03,410 --> 00:22:00,930

they'll reject it and that's fairly

544

00:22:05,810 --> 00:22:03,420

frustrating but you have to find the

545

00:22:08,270 --> 00:22:05,820

happy medium that you're descriptive

546

00:22:10,520 --> 00:22:08,280

enough that they will process your

547

00:22:13,100 --> 00:22:10,530

request and ultimately you sent it to

548

00:22:14,960 --> 00:22:13,110

the right place but not too descriptive

549

00:22:18,470 --> 00:22:14,970

where you file a request and you only

550

00:22:21,530 --> 00:22:18,480

get the 1976 Iran incident document and

551  
00:22:23,750 --> 00:22:21,540  
so you have to kind of skate that line

552  
00:22:25,520 --> 00:22:23,760  
that if you're too specific you're

553  
00:22:27,110 --> 00:22:25,530  
missing out on stuff if you're too broad

554  
00:22:29,360 --> 00:22:27,120  
they'll reject it and tell you to go

555  
00:22:31,340 --> 00:22:29,370  
away you know or you'll have to read you

556  
00:22:33,500 --> 00:22:31,350  
know refil so there's definitely a

557  
00:22:36,080 --> 00:22:33,510  
learning curve but once you kind of

558  
00:22:37,070 --> 00:22:36,090  
start start using it you realize that it

559  
00:22:39,320 --> 00:22:37,080  
does work

560  
00:22:42,020 --> 00:22:39,330  
some agencies you're right they won't

561  
00:22:43,270 --> 00:22:42,030  
say that they'll accept a request where

562  
00:22:47,510 --> 00:22:43,280  
you say give me everything you have on

563  
00:22:50,030 --> 00:22:47,520

XYZ but you learn how to ask for certain

564

00:22:51,920 --> 00:22:50,040

things and what type of program are you

565

00:22:54,190 --> 00:22:51,930

researching or what type of topic are

566

00:22:56,630 --> 00:22:54,200

you researching you learn four different

567

00:22:58,340 --> 00:22:56,640

workarounds to that I call them

568

00:23:00,440 --> 00:22:58,350

broad-stroke requests so a broad stroke

569

00:23:02,480 --> 00:23:00,450

request give me everything on UFOs well

570

00:23:04,700 --> 00:23:02,490

since so many people have done UFO

571

00:23:07,880 --> 00:23:04,710

requests over the years many agencies

572

00:23:10,760 --> 00:23:07,890

actually will process that like the CIA

573

00:23:12,050 --> 00:23:10,770

or the DIA for the most part they'll

574

00:23:13,070 --> 00:23:12,060

process it and give you everything

575

00:23:14,720 --> 00:23:13,080

because they've already done the

576

00:23:17,120 --> 00:23:14,730

searches the documents have been

577

00:23:19,370 --> 00:23:17,130

discovered before but a lot of times

578

00:23:21,230 --> 00:23:19,380

they omit things and you have to again

579

00:23:24,110 --> 00:23:21,240

read between the lines to see how many

580

00:23:27,490 --> 00:23:24,120

pages are they withholding and it and it

581

00:23:30,470 --> 00:23:27,500

really is like this giant tree that

582

00:23:32,960 --> 00:23:30,480

branches off you file that FOIA request

583

00:23:34,880 --> 00:23:32,970

at your trunk and it just branches off

584

00:23:37,460 --> 00:23:34,890

into multiple different FOIA requests

585

00:23:39,860 --> 00:23:37,470

different directions to different

586

00:23:43,700 --> 00:23:39,870

agencies and it just keeps going and

587

00:23:45,410 --> 00:23:43,710

going so it's a learning curve I'm not

588

00:23:48,530 --> 00:23:45,420

gonna lie but it's well worth it because

589

00:23:50,600 --> 00:23:48,540

you make discoveries in some cases that

590

00:23:53,750 --> 00:23:50,610

no one else has ever found before

591

00:23:55,730 --> 00:23:53,760

because those broad-stroke requests will

592

00:23:58,130 --> 00:23:55,740

omit certain things you got to learn

593

00:23:59,990 --> 00:23:58,140

like what possibly could they omit and

594

00:24:02,330 --> 00:24:00,000

you just have to dig and dig and dig

595

00:24:04,940 --> 00:24:02,340

until you finally get that little gold

596

00:24:08,030 --> 00:24:04,950

nugget but one of my favorite lines in

597

00:24:11,000 --> 00:24:08,040

the movie was searching for a needle in

598

00:24:12,230 --> 00:24:11,010

a stack of needles and that's wait

599

00:24:15,830 --> 00:24:12,240

here's some trivia do you know what

600

00:24:19,220 --> 00:24:15,840

movie that's from no oh say Saving

601  
00:24:22,070 --> 00:24:19,230  
Private Ryan ah yeah I thought you were

602  
00:24:24,290 --> 00:24:22,080  
gonna get that so but but it but it

603  
00:24:26,090 --> 00:24:24,300  
really it proves true to something like

604  
00:24:28,010 --> 00:24:26,100  
this where you're you know you're just

605  
00:24:31,250 --> 00:24:28,020  
kind of searching for that one document

606  
00:24:33,440 --> 00:24:31,260  
in a mountain of information but when

607  
00:24:35,450 --> 00:24:33,450  
you find it and in in some cases where

608  
00:24:38,270 --> 00:24:35,460  
you find thousands of them it makes it

609  
00:24:41,090 --> 00:24:38,280  
very worthwhile I can only imagine and I

610  
00:24:43,910 --> 00:24:41,100  
mean I came across one on your website

611  
00:24:46,910 --> 00:24:43,920  
that you've stated is possibly the most

612  
00:24:49,520 --> 00:24:46,920  
important UFO document you came across

613  
00:24:50,780 --> 00:24:49,530

in terms of the Air Force is this

614

00:24:52,220 --> 00:24:50,790

something you're that

615

00:24:56,590 --> 00:24:52,230

you could sort of run us through here

616

00:25:00,110 --> 00:24:56,600

this airforce instruction yes the

617

00:25:02,450 --> 00:25:00,120

airforce instruction 10-2 0-6 is what I

618

00:25:05,990 --> 00:25:02,460

believe you're referring to yes yep in

619

00:25:07,280 --> 00:25:06,000

my opinion this is a one of and I'm not

620

00:25:09,230 --> 00:25:07,290

trying to pat myself on the back don't

621

00:25:12,230 --> 00:25:09,240

get me wrong but I think it's a it's one

622

00:25:15,620 --> 00:25:12,240

of the most important finds that has

623

00:25:18,260 --> 00:25:15,630

never been out in the UFO field and

624

00:25:22,130 --> 00:25:18,270

arena since I had discovered it back in

625

00:25:24,140 --> 00:25:22,140

2000 it's been a long time the the short

626

00:25:27,590 --> 00:25:24,150

way to explain this is you have to

627

00:25:29,270 --> 00:25:27,600

understand what the government wants you

628

00:25:31,460 --> 00:25:29,280

to believe about UFOs now what the

629

00:25:33,560 --> 00:25:31,470

government documents say but what they

630

00:25:38,180 --> 00:25:33,570

want you to believe and the nutshell

631

00:25:40,910 --> 00:25:38,190

version is that from 1947 the 1969 they

632

00:25:43,570 --> 00:25:40,920

investigated over 12,000 cases under

633

00:25:47,600 --> 00:25:43,580

project sine grudge and blue book and

634

00:25:49,190 --> 00:25:47,610

about 701 remained unidentified arguably

635

00:25:51,740 --> 00:25:49,200

that number is much higher but that's a

636

00:25:54,230 --> 00:25:51,750

different conversation and so they they

637

00:25:56,060 --> 00:25:54,240

did their due diligence they did the

638

00:25:58,610 --> 00:25:56,070

scientific method they came up with

639

00:26:00,530 --> 00:25:58,620

nothing they summarized blue book in a

640

00:26:03,290 --> 00:26:00,540

fact sheet I call this the company line

641

00:26:05,450 --> 00:26:03,300

so the company line is touted by every

642

00:26:06,950 --> 00:26:05,460

government agency out there so if you

643

00:26:09,110 --> 00:26:06,960

take their word for it you just kind of

644

00:26:10,850 --> 00:26:09,120

shut up and go away what they want you

645

00:26:14,930 --> 00:26:10,860

to believe is that that investigation

646

00:26:18,830 --> 00:26:14,940

was the end of their interest in 1969

647

00:26:21,710 --> 00:26:18,840

technically January of 1970 is when they

648

00:26:24,320 --> 00:26:21,720

closed Project Blue Book for good now

649

00:26:27,110 --> 00:26:24,330

fast forward throughout every government

650

00:26:28,790 --> 00:26:27,120

agency that I went to after I received

651  
00:26:32,300 --> 00:26:28,800  
that four-page government document on

652  
00:26:36,280 --> 00:26:32,310  
the Teran incident every agency had

653  
00:26:39,680 --> 00:26:36,290  
documents after 1969 this is key because

654  
00:26:43,010 --> 00:26:39,690  
obviously they're telling you in one

655  
00:26:45,350 --> 00:26:43,020  
breath that they have no interest I have

656  
00:26:47,480 --> 00:26:45,360  
one agency that actually highlighted no

657  
00:26:48,620 --> 00:26:47,490  
other government agency has ever taken

658  
00:26:52,670 --> 00:26:48,630  
an interest in UFOs

659  
00:26:54,440 --> 00:26:52,680  
since then then being 1969 in the close

660  
00:26:57,290 --> 00:26:54,450  
of Bluebook so they're very adamant

661  
00:27:01,910 --> 00:26:57,300  
about telling you they have no interest

662  
00:27:04,640 --> 00:27:01,920  
and yet the CIA the DIA the nation's

663  
00:27:08,600 --> 00:27:04,650

intelligence agencies are collecting

664

00:27:10,580 --> 00:27:08,610

UFO intelligence well after 1969 now

665

00:27:14,540 --> 00:27:10,590

without going into a three-hour you know

666

00:27:17,420 --> 00:27:14,550

diatribe here the thought that I had as

667

00:27:20,090 --> 00:27:17,430

I'm getting these not 10 or 12 or 100 or

668

00:27:23,299 --> 00:27:20,100

200 but literally thousands of pages of

669

00:27:26,330 --> 00:27:23,309

UFO related documents that should not

670

00:27:29,810 --> 00:27:26,340

exist I figured that there had to be

671

00:27:32,210 --> 00:27:29,820

some type of you know manual or of some

672

00:27:34,970 --> 00:27:32,220

kind now we do know and have known for

673

00:27:37,400 --> 00:27:34,980

decades about some of them some Air

674

00:27:39,530 --> 00:27:37,410

Force malaysian z' and manuals outlined

675

00:27:43,070 --> 00:27:39,540

how to report ufos through a blue book

676  
00:27:45,680 --> 00:27:43,080  
obviously rescinded in 1969 there was

677  
00:27:47,360 --> 00:27:45,690  
another one discovered called janap 146

678  
00:27:51,560 --> 00:27:47,370  
that was joint army navy airforce

679  
00:27:53,150 --> 00:27:51,570  
publication or 146 that applied to not

680  
00:27:56,240 --> 00:27:53,160  
only the United States military but

681  
00:27:59,360 --> 00:27:56,250  
Canada talked about UFO reports well

682  
00:28:03,049 --> 00:27:59,370  
after 1969 and they called him service

683  
00:28:05,360 --> 00:28:03,059  
reports cir vis and it stood for

684  
00:28:07,880 --> 00:28:05,370  
communication instructions for reporting

685  
00:28:10,280 --> 00:28:07,890  
vital intelligence sightings now again

686  
00:28:13,010 --> 00:28:10,290  
none of this should exist if you believe

687  
00:28:14,000 --> 00:28:13,020  
the company line and yet and here it was

688  
00:28:16,820 --> 00:28:14,010

in black and white

689

00:28:20,210 --> 00:28:16,830

now it's believed that janap 146 was

690

00:28:22,640 --> 00:28:20,220

rescinded many years ago post 1969 but

691

00:28:24,080 --> 00:28:22,650

still rescinded nonetheless so i thought

692

00:28:27,470 --> 00:28:24,090

okay there's got to be something else

693

00:28:29,960 --> 00:28:27,480

and i'm summarizing here years worth of

694

00:28:32,810 --> 00:28:29,970

research so forgive me i'm not trying to

695

00:28:33,799 --> 00:28:32,820

jump around too much but what I

696

00:28:36,970 --> 00:28:33,809

discovered

697

00:28:41,600 --> 00:28:36,980

searching survey's was purely accidental

698

00:28:44,870 --> 00:28:41,610

in about 2000 and I did a search on Alta

699

00:28:47,480 --> 00:28:44,880

Vista and I was surprised and and

700

00:28:50,840 --> 00:28:47,490

actually I was I don't know why but I

701  
00:28:52,760 --> 00:28:50,850  
printed out the original search results

702  
00:28:54,710 --> 00:28:52,770  
page because I figured it might be

703  
00:28:57,830 --> 00:28:54,720  
important one day and I still have it

704  
00:29:00,320 --> 00:28:57,840  
I'm coming out with a book and in April

705  
00:29:02,510 --> 00:29:00,330  
and the publishing company asked me for

706  
00:29:03,320 --> 00:29:02,520  
a bunch of visuals and sure enough I was

707  
00:29:06,650 --> 00:29:03,330  
looking for a couple

708  
00:29:08,720 --> 00:29:06,660  
I discovered that years ago and it's

709  
00:29:13,010 --> 00:29:08,730  
been in my filing cabinet untouched for

710  
00:29:15,050 --> 00:29:13,020  
like you know 15 18 years now the

711  
00:29:18,080 --> 00:29:15,060  
original search result page from Alta

712  
00:29:18,620 --> 00:29:18,090  
Vista the last result on the page after

713  
00:29:21,940 --> 00:29:18,630

searching

714

00:29:25,790 --> 00:29:21,950

Survey's was a reference to an air force

715

00:29:27,650 --> 00:29:25,800

in air force instruction 10 - to 0-6

716

00:29:29,330 --> 00:29:27,660

it's also referred to as Air Force

717

00:29:31,880 --> 00:29:29,340

manual 10 - to 0-6

718

00:29:33,470 --> 00:29:31,890

click on the link it was broken and I

719

00:29:35,600 --> 00:29:33,480

thought well that's weird why would an

720

00:29:38,780 --> 00:29:35,610

Air Force manual come up with Survey's

721

00:29:40,790 --> 00:29:38,790

and fast forwarding filed the FOIA

722

00:29:43,640 --> 00:29:40,800

request got the actual instruction and

723

00:29:46,730 --> 00:29:43,650

sure enough in a manual that's dated

724

00:29:49,940 --> 00:29:46,740

well into the 2000s now chapter 5 was

725

00:29:54,170 --> 00:29:49,950

all about UFOs how to report them where

726  
00:29:56,090 --> 00:29:54,180  
to report him to and massoud like not a

727  
00:29:59,780 --> 00:29:56,100  
big deal but keep in mind this is the

728  
00:30:02,270 --> 00:29:59,790  
very agency that invented the company

729  
00:30:04,520 --> 00:30:02,280  
line there are the ones that said we did

730  
00:30:06,740 --> 00:30:04,530  
this already not interested don't care

731  
00:30:08,900 --> 00:30:06,750  
don't bother us by the way we have a

732  
00:30:11,630 --> 00:30:08,910  
manual that completely outlines and

733  
00:30:13,570 --> 00:30:11,640  
details how to report a UFO come on you

734  
00:30:16,400 --> 00:30:13,580  
know I mean that's that's utterly

735  
00:30:18,740 --> 00:30:16,410  
ridiculous but that's what that's what

736  
00:30:20,140 --> 00:30:18,750  
they had and you know I mean I could

737  
00:30:23,810 --> 00:30:20,150  
keep going with this story but but that

738  
00:30:25,520 --> 00:30:23,820

manual in my opinion is something that's

739

00:30:27,500 --> 00:30:25,530

very very important now one last thing

740

00:30:28,550 --> 00:30:27,510

that I'll add on this and I don't know

741

00:30:31,190 --> 00:30:28,560

if you want me to keep going with it

742

00:30:34,250 --> 00:30:31,200

because these the investigation still

743

00:30:37,250 --> 00:30:34,260

kind of continued but when I discovered

744

00:30:39,830 --> 00:30:37,260

it in 2000 then it was 2001 because all

745

00:30:41,690 --> 00:30:39,840

of these FOIA requests take time as the

746

00:30:43,700 --> 00:30:41,700

years went on I did work it into a

747

00:30:46,400 --> 00:30:43,710

couple History Channel shows that I had

748

00:30:49,100 --> 00:30:46,410

created and we sold them and then I got

749

00:30:51,860 --> 00:30:49,110

to go on to produce and write some of

750

00:30:54,410 --> 00:30:51,870

them I was able to work in this document

751  
00:30:55,570 --> 00:30:54,420  
because it was crucial to showing that

752  
00:30:58,910 --> 00:30:55,580  
present-day

753  
00:31:00,950 --> 00:30:58,920  
interest but through this process I was

754  
00:31:03,890 --> 00:31:00,960  
also able to prove that the manual was

755  
00:31:06,110 --> 00:31:03,900  
being updated and changed now why is

756  
00:31:07,850 --> 00:31:06,120  
this important because a skeptic could

757  
00:31:11,420 --> 00:31:07,860  
argue well you know what John yeah that

758  
00:31:14,600 --> 00:31:11,430  
sounds interesting and all but 10 - 2:06

759  
00:31:16,220 --> 00:31:14,610  
was a forgotten lost you know it stayed

760  
00:31:17,720 --> 00:31:16,230  
on the books but they didn't really care

761  
00:31:20,240 --> 00:31:17,730  
you know of course that's going to be a

762  
00:31:25,250 --> 00:31:20,250  
skeptical reaction I was able to prove

763  
00:31:28,910 --> 00:31:25,260

that it was frequently updated all the

764

00:31:32,210 --> 00:31:28,920

way through about 2008 and UFOs never

765

00:31:34,430 --> 00:31:32,220

came out now what that means is is they

766

00:31:38,140 --> 00:31:34,440

never lost interest in a publication

767

00:31:42,020 --> 00:31:38,150

they were actively editing changing

768

00:31:43,880 --> 00:31:42,030

altering and yet UFOs remained my whole

769

00:31:47,060 --> 00:31:43,890

point with that is they had ample

770

00:31:48,830 --> 00:31:47,070

opportunity to delete that reference and

771

00:31:52,520 --> 00:31:48,840

go well you know what this was leftover

772

00:31:54,500 --> 00:31:52,530

from you know the sixties or yeah

773

00:31:57,350 --> 00:31:54,510

whatever cockamamie reason they would

774

00:31:59,570 --> 00:31:57,360

want to bring up but the end so that was

775

00:32:02,840 --> 00:31:59,580

their out and they never took it they

776

00:32:04,640 --> 00:32:02,850

left UFOs in there so I had worked it

777

00:32:07,039 --> 00:32:04,650

into some History Channel documentaries

778

00:32:09,169 --> 00:32:07,049

it fared very well in there because

779

00:32:11,570 --> 00:32:09,179

obviously it was real and History

780

00:32:13,159 --> 00:32:11,580

Channel loves documents so you know

781

00:32:17,570 --> 00:32:13,169

there was some great synergy there and

782

00:32:19,130 --> 00:32:17,580

so about 2000 I don't remember the exact

783

00:32:21,980 --> 00:32:19,140

year but this was about three years ago

784

00:32:24,070 --> 00:32:21,990

four years ago approximately my friend

785

00:32:27,049 --> 00:32:24,080

Leif Spiegel from The Huffington Post

786

00:32:28,820 --> 00:32:27,059

formerly The Huffington Post he's moved

787

00:32:32,510 --> 00:32:28,830

on and in fact it's a couple years more

788

00:32:33,890 --> 00:32:32,520

sorry it's 2011 so he said he caught in

789

00:32:36,799 --> 00:32:33,900

it so again I've worked it into

790

00:32:41,899 --> 00:32:36,809

documents documentaries and so this is

791

00:32:43,850 --> 00:32:41,909

about about 2011 was about 11 years

792

00:32:46,460 --> 00:32:43,860

after I had discovered it and had been a

793

00:32:49,010 --> 00:32:46,470

couple years in the documentaries and so

794

00:32:50,930 --> 00:32:49,020

Lee calls me and he says hey Jon want to

795

00:32:53,060 --> 00:32:50,940

do an interview with you and the black

796

00:32:54,919 --> 00:32:53,070

vault and I said great because he wanted

797

00:32:57,409 --> 00:32:54,929

to cover it in The Huffington Post when

798

00:32:59,690 --> 00:32:57,419

he was working for them and one very

799

00:33:02,570 --> 00:32:59,700

frequently asked question during these

800

00:33:05,750 --> 00:33:02,580

types of interviews is what are the top

801  
00:33:08,149 --> 00:33:05,760  
five documents so I love talking about

802  
00:33:10,310 --> 00:33:08,159  
the 1976 Iran incident I love talking

803  
00:33:12,140 --> 00:33:10,320  
about you know Air Force regulation or

804  
00:33:15,110 --> 00:33:12,150  
manual 10 - 2:06

805  
00:33:16,880 --> 00:33:15,120  
and I selected a couple others 10 - to

806  
00:33:19,880 --> 00:33:16,890  
0-6 stuck out to Lee is something very

807  
00:33:22,070 --> 00:33:19,890  
important and and rightfully so I mean

808  
00:33:23,510 --> 00:33:22,080  
it is so he does what any good

809  
00:33:25,039 --> 00:33:23,520  
investigative journalist would do he

810  
00:33:27,440 --> 00:33:25,049  
picks up the phone he calls the Pentagon

811  
00:33:29,450 --> 00:33:27,450  
for comment nobody wants to talk to him

812  
00:33:32,539 --> 00:33:29,460  
he leaves a message a couple days go by

813  
00:33:34,250 --> 00:33:32,549

he's still working on his story and they

814

00:33:36,919 --> 00:33:34,260

never return his call he's called a

815

00:33:38,810 --> 00:33:36,929

couple times and I remember I talked

816

00:33:41,899 --> 00:33:38,820

about this also I had him on my show

817

00:33:43,730 --> 00:33:41,909

because it's such a cool story but it

818

00:33:44,900 --> 00:33:43,740

was a Friday night I was visiting my

819

00:33:47,750 --> 00:33:44,910

sister

820

00:33:51,020 --> 00:33:47,760

and it was kind of late and Lee's back

821

00:33:52,970 --> 00:33:51,030

east he's in New York and he's a couple

822

00:33:55,040 --> 00:33:52,980

hours ahead obviously and so if it's

823

00:33:57,110 --> 00:33:55,050

late for me it's really late for him and

824

00:33:58,820 --> 00:33:57,120

it's a little odd for him to call and he

825

00:34:02,480 --> 00:33:58,830

calls you John you're not gonna believe

826  
00:34:04,700 --> 00:34:02,490  
this and I said what and very quickly I

827  
00:34:06,440 --> 00:34:04,710  
had walked Lee through even though I

828  
00:34:09,830 --> 00:34:06,450  
showed him the document I walk Lee

829  
00:34:12,919 --> 00:34:09,840  
through downloading this Air Force

830  
00:34:15,080 --> 00:34:12,929  
manual 10-2 0-6 from the Air Force

831  
00:34:17,240 --> 00:34:15,090  
talk about hiding it in plain sight

832  
00:34:20,869 --> 00:34:17,250  
right they have these databases that you

833  
00:34:23,330 --> 00:34:20,879  
can use and and that was not around in

834  
00:34:24,889 --> 00:34:23,340  
2000 when I discovered this thing but

835  
00:34:27,470 --> 00:34:24,899  
since then it was an Air Force

836  
00:34:29,659 --> 00:34:27,480  
publications database of like every Air

837  
00:34:32,240 --> 00:34:29,669  
Force publication that was still on the

838  
00:34:34,040 --> 00:34:32,250

books that was key and so I walked him

839

00:34:36,919 --> 00:34:34,050

through downloading it and and he was

840

00:34:40,369 --> 00:34:36,929

pretty impressed by that that the Air

841

00:34:45,110 --> 00:34:40,379

Force has this on their website at this

842

00:34:47,450 --> 00:34:45,120

point in 2011 and anybody can download

843

00:34:49,850 --> 00:34:47,460

it and so he goes back to download as

844

00:34:51,580 --> 00:34:49,860

he's finishing the story and chapter 5

845

00:34:55,600 --> 00:34:51,590

which was all about service and

846

00:34:58,760 --> 00:34:55,610

specifically mentions UFOs was gone and

847

00:35:00,320 --> 00:34:58,770

I hurt so he tells me this over the

848

00:35:03,170 --> 00:35:00,330

telephone and I'm not really by a

849

00:35:05,510 --> 00:35:03,180

computer and I said ok to myself I'm

850

00:35:08,330 --> 00:35:05,520

thinking he just messed up right you

851  
00:35:10,610 --> 00:35:08,340  
know he downloaded the wrong manual

852  
00:35:12,410 --> 00:35:10,620  
clicked on the wrong link so I said let

853  
00:35:15,410 --> 00:35:12,420  
me get home I'll double check and sure

854  
00:35:18,470 --> 00:35:15,420  
enough chapter 5 was was gone it was

855  
00:35:22,730 --> 00:35:18,480  
just completely erased and the new

856  
00:35:25,580 --> 00:35:22,740  
chapter 5 was about hurricanes and to

857  
00:35:28,400 --> 00:35:25,590  
summarize this the Air Force literally

858  
00:35:31,310 --> 00:35:28,410  
deleted the entire chapter not one word

859  
00:35:36,050 --> 00:35:31,320  
or one line the entire chapter about

860  
00:35:38,270 --> 00:35:36,060  
service about 48 hours after Lee's phone

861  
00:35:40,880 --> 00:35:38,280  
call that he was going to profile the

862  
00:35:43,910 --> 00:35:40,890  
black vault and the discovery of Air

863  
00:35:45,980 --> 00:35:43,920

Force manual 10 - to 0-6 Wow and it was

864

00:35:48,830 --> 00:35:45,990

like they kicked it into overdrive to

865

00:35:52,270 --> 00:35:48,840

get that thing changed and so now I

866

00:35:54,860 --> 00:35:52,280

filed a FOIA request for all of the

867

00:35:57,140 --> 00:35:54,870

change logs because every time a

868

00:35:58,640 --> 00:35:57,150

government manual has changed there's

869

00:36:00,530 --> 00:35:58,650

logs

870

00:36:02,270 --> 00:36:00,540

and I actually got that under the

871

00:36:03,560 --> 00:36:02,280

Freedom of Information Act and I wrote

872

00:36:05,290 --> 00:36:03,570

about this in the book that's coming out

873

00:36:09,590 --> 00:36:05,300

next year because I find it fascinating

874

00:36:11,930 --> 00:36:09,600

the changelog is full of spelling errors

875

00:36:14,600 --> 00:36:11,940

meaning that it was incredibly rushed

876

00:36:18,170 --> 00:36:14,610

that's my interpretation anyway okay

877

00:36:19,220 --> 00:36:18,180

incredibly rushed to get that out and so

878

00:36:20,690 --> 00:36:19,230

the changelog they're just like

879

00:36:23,300 --> 00:36:20,700

frantically oh yeah we're not interested

880

00:36:26,240 --> 00:36:23,310

in this anymore and so on and so they

881

00:36:29,090 --> 00:36:26,250

just rushed it and 48 hours after his

882

00:36:30,830 --> 00:36:29,100

phone call it was gone so I have all the

883

00:36:32,960 --> 00:36:30,840

changelogs was able to show that they

884

00:36:36,700 --> 00:36:32,970

had ample opportunity to take that out

885

00:36:40,220 --> 00:36:36,710

the good the coincidence

886

00:36:42,340 --> 00:36:40,230

the coincidence chance on that is what I

887

00:36:44,690 --> 00:36:42,350

mean how big do you think that that's

888

00:36:47,780 --> 00:36:44,700

drastical incidents there's one thing to

889

00:36:50,960 --> 00:36:47,790

be conspiratorial but that like that's

890

00:36:52,850 --> 00:36:50,970

astounding within 48 hours I mean wow

891

00:36:54,110 --> 00:36:52,860

that's ridiculous yeah yeah it really is

892

00:36:57,340 --> 00:36:54,120

and I didn't mean to go on too long

893

00:37:00,140 --> 00:36:57,350

there but I it's an amazing story that

894

00:37:02,240 --> 00:37:00,150

you know and kudos to leave for for

895

00:37:04,520 --> 00:37:02,250

spearheading getting the you know the

896

00:37:07,310 --> 00:37:04,530

Pentagon to respond even though the

897

00:37:10,910 --> 00:37:07,320

response was changing the the manual

898

00:37:13,640 --> 00:37:10,920

it shows the lengths they will go to

899

00:37:15,560 --> 00:37:13,650

cover up that interest and that's what

900

00:37:19,370 --> 00:37:15,570

keeps me motivated to keep searching for

901  
00:37:20,900 --> 00:37:19,380  
more because you can't argue that going

902  
00:37:23,990 --> 00:37:20,910  
back to what I said the documents don't

903  
00:37:25,880 --> 00:37:24,000  
lie they may be lying about them but the

904  
00:37:29,120 --> 00:37:25,890  
documents themselves you can't go back

905  
00:37:31,460 --> 00:37:29,130  
and erase that history that they never

906  
00:37:33,980 --> 00:37:31,470  
had an interest in UFOs why cuz it's

907  
00:37:36,410 --> 00:37:33,990  
documented and the fact that they tried

908  
00:37:39,920 --> 00:37:36,420  
to cover it up and ultimately possibly

909  
00:37:41,300 --> 00:37:39,930  
lie about the coincidence because by the

910  
00:37:43,250 --> 00:37:41,310  
way they did say it was just a

911  
00:37:45,560 --> 00:37:43,260  
coincidence that was their official

912  
00:37:47,690 --> 00:37:45,570  
response to Huffington Post that for

913  
00:37:49,400 --> 00:37:47,700

them to say that might be a lie but they

914

00:37:52,970 --> 00:37:49,410

cannot cover up the fact that they were

915

00:37:55,970 --> 00:37:52,980

actively editing and and altering this

916

00:37:57,560 --> 00:37:55,980

publication and never did they take UFOs

917

00:38:00,110 --> 00:37:57,570

out and then all of a sudden a major

918

00:38:03,290 --> 00:38:00,120

mainstream organization wants to profile

919

00:38:05,330 --> 00:38:03,300

it and poof it's gone it really is a

920

00:38:08,540 --> 00:38:05,340

testament to that cover-up in my opinion

921

00:38:11,660 --> 00:38:08,550

alright so in terms of cover-up we have

922

00:38:12,650 --> 00:38:11,670

to touch on what's currently going on

923

00:38:14,810 --> 00:38:12,660

because

924

00:38:17,450 --> 00:38:14,820

you've probably brought forward some of

925

00:38:19,070 --> 00:38:17,460

the most I'd say revelatory things in

926  
00:38:22,520 --> 00:38:19,080  
terms of what's going on with this

927  
00:38:26,600 --> 00:38:22,530  
recent Pentagon secret Pentagon UFO

928  
00:38:29,270 --> 00:38:26,610  
program that broke last year with a tip

929  
00:38:32,240 --> 00:38:29,280  
so I want to get an idea someone who

930  
00:38:34,700 --> 00:38:32,250  
deals with documents all the time of

931  
00:38:38,510 --> 00:38:34,710  
course for a lot of us out there this

932  
00:38:40,940 --> 00:38:38,520  
was extremely it was sexy man it was

933  
00:38:42,050 --> 00:38:40,950  
exciting it was young it was like oh

934  
00:38:43,640 --> 00:38:42,060  
holy

935  
00:38:45,320 --> 00:38:43,650  
the Pentagon's admitting they've been

936  
00:38:47,960 --> 00:38:45,330  
investigating UFOs in secret

937  
00:38:49,550 --> 00:38:47,970  
we all thought blue book was it clearly

938  
00:38:51,860 --> 00:38:49,560

that's not the case with the things

939

00:38:55,490 --> 00:38:51,870

you've uncovered but now we even have a

940

00:38:58,070 --> 00:38:55,500

more recent program this a tip so how

941

00:39:01,370 --> 00:38:58,080

did you initially feel when this story

942

00:39:04,010 --> 00:39:01,380

first broke the same as you did holy

943

00:39:05,690 --> 00:39:04,020

honestly I mean I when I heard

944

00:39:07,700 --> 00:39:05,700

about I watched it live because I was

945

00:39:10,370 --> 00:39:07,710

dying of curiosity of what was gonna

946

00:39:12,200 --> 00:39:10,380

happen was it gonna be a joke the next

947

00:39:14,990 --> 00:39:12,210

morning or was this ultimately gonna be

948

00:39:18,230 --> 00:39:15,000

something cool and I watched that press

949

00:39:21,350 --> 00:39:18,240

conference in October not December not

950

00:39:23,570 --> 00:39:21,360

when it broken in December and this will

951  
00:39:25,490 --> 00:39:23,580  
be that there's there's reason why I'm

952  
00:39:27,770 --> 00:39:25,500  
pointing that out so when I watched when

953  
00:39:31,340 --> 00:39:27,780  
I watched Lewis Elizondo for the first

954  
00:39:34,340 --> 00:39:31,350  
time in October I really was like wow

955  
00:39:37,400 --> 00:39:34,350  
that's really that's really cool you

956  
00:39:40,160 --> 00:39:37,410  
know I mean DeLong has been teasing and

957  
00:39:41,870 --> 00:39:40,170  
you know getting his hands in in certain

958  
00:39:44,780 --> 00:39:41,880  
areas and you kind of scratch your head

959  
00:39:46,190 --> 00:39:44,790  
like well is this is this star appeal I

960  
00:39:48,410 --> 00:39:46,200  
mean obviously he's worth a lot of money

961  
00:39:51,230 --> 00:39:48,420  
and he's you know it's it's not like

962  
00:39:53,540 --> 00:39:51,240  
he's a nobody so is is that how he's

963  
00:39:55,670 --> 00:39:53,550

getting in does he really have something

964

00:39:57,380 --> 00:39:55,680

like what's going on and so I watched

965

00:39:59,030 --> 00:39:57,390

that press conference and Elizondo gets

966

00:40:01,700 --> 00:39:59,040

up there and and when I was impressed

967

00:40:05,420 --> 00:40:01,710

you know and immediately like that day I

968

00:40:07,160 --> 00:40:05,430

think I filed FOIA requests to the

969

00:40:08,660 --> 00:40:07,170

Department of Defense for the office of

970

00:40:10,520 --> 00:40:08,670

the Secretary of Defense which is where

971

00:40:14,030 --> 00:40:10,530

Lewis Elizondo is said to have worked

972

00:40:15,710 --> 00:40:14,040

for information on that program because

973

00:40:19,430 --> 00:40:15,720

I really thought like this is it you

974

00:40:21,410 --> 00:40:19,440

know 10 - 2:06 was deleted they didn't

975

00:40:23,720 --> 00:40:21,420

have an interest quote/unquote so I

976

00:40:25,490 --> 00:40:23,730

wanted to see how this played into the

977

00:40:28,220 --> 00:40:25,500

larger narrative of what

978

00:40:30,860 --> 00:40:28,230

I had worked on but also people that

979

00:40:33,350 --> 00:40:30,870

came along well before I was around and

980

00:40:35,450 --> 00:40:33,360

and we've collectively been working on

981

00:40:37,160 --> 00:40:35,460

this for decades and decades trying to

982

00:40:39,020 --> 00:40:37,170

you know piece together what the

983

00:40:42,380 --> 00:40:39,030

military has what the government says so

984

00:40:45,860 --> 00:40:42,390

on and so forth and so I and I waited

985

00:40:48,440 --> 00:40:45,870

and and my excitement started to turn to

986

00:40:51,080 --> 00:40:48,450

a little bit of skepticism simply

987

00:40:53,780 --> 00:40:51,090

because certain things started not to

988

00:40:55,850 --> 00:40:53,790

match up and when December came around

989

00:40:58,310 --> 00:40:55,860

and there was actually a program name I

990

00:41:00,020 --> 00:40:58,320

thought okay this is cool this is gonna

991

00:41:02,900 --> 00:41:00,030

further show that maybe the government

992

00:41:06,050 --> 00:41:02,910

is lying about this because my initial

993

00:41:09,140 --> 00:41:06,060

requests were denied saying that there

994

00:41:11,090 --> 00:41:09,150

were no records pertaining to what mr.

995

00:41:14,510 --> 00:41:11,100

Elizondo was talking about now look I

996

00:41:17,150 --> 00:41:14,520

have proven government lies time and

997

00:41:19,280 --> 00:41:17,160

time again so that that doesn't surprise

998

00:41:21,800 --> 00:41:19,290

me if they were lying but something

999

00:41:25,700 --> 00:41:21,810

about the story started to not make

1000

00:41:27,680 --> 00:41:25,710

sense and come December when that story

1001

00:41:31,190 --> 00:41:27,690

broke in the New York Times and then

1002

00:41:33,980 --> 00:41:31,200

obviously went global I then had a

1003

00:41:36,590 --> 00:41:33,990

project name and to anybody who uses the

1004

00:41:37,970 --> 00:41:36,600

FOIA when you talk about a description

1005

00:41:39,110 --> 00:41:37,980

of something it's a heck of a lot

1006

00:41:41,120 --> 00:41:39,120

different than actually having the

1007

00:41:42,740 --> 00:41:41,130

program name now even though I had a guy

1008

00:41:45,530 --> 00:41:42,750

going on the record testimony I

1009

00:41:48,320 --> 00:41:45,540

referenced it and you know talked about

1010

00:41:51,200 --> 00:41:48,330

what this program was which was this UFO

1011

00:41:53,810 --> 00:41:51,210

study it yielded a no records response

1012

00:41:57,170 --> 00:41:53,820

when I went back to them with the actual

1013

00:41:58,310 --> 00:41:57,180

name come December story changed a

1014

00:42:00,790 --> 00:41:58,320

little bit and they said well that's

1015

00:42:03,200 --> 00:42:00,800

under Defense Intelligence Agency

1016

00:42:05,360 --> 00:42:03,210

purview so it has to go over there now

1017

00:42:07,730 --> 00:42:05,370

just a very quick FOIA note what that

1018

00:42:10,220 --> 00:42:07,740

means is is let's say the CIA does a

1019

00:42:12,470 --> 00:42:10,230

research program and they create a

1020

00:42:16,310 --> 00:42:12,480

report on that program and they send it

1021

00:42:18,350 --> 00:42:16,320

over the DIA for analysis or the NSA for

1022

00:42:20,330 --> 00:42:18,360

analysis you know just they share

1023

00:42:22,460 --> 00:42:20,340

intelligence not all the time but they'd

1024

00:42:25,700 --> 00:42:22,470

they do if you file a FOIA request to

1025

00:42:29,630 --> 00:42:25,710

let's say the NSA and your FOIA request

1026

00:42:31,970 --> 00:42:29,640

comes up with that CIA report the CIA is

1027

00:42:34,460 --> 00:42:31,980

called the OPR or the office of primary

1028

00:42:37,370 --> 00:42:34,470

responsibility what that means is the

1029

00:42:39,200 --> 00:42:37,380

NSA cannot declassify a CIA document so

1030

00:42:39,410 --> 00:42:39,210

what they have to do is either forward

1031

00:42:44,839 --> 00:42:39,420

your

1032

00:42:47,599 --> 00:42:44,849

they send the document over to the CIA

1033

00:42:51,109 --> 00:42:47,609

for review CIA reviews it sends it back

1034

00:42:52,910 --> 00:42:51,119

to NSA and then NSA sends it on Olvera

1035

00:42:54,339 --> 00:42:52,920

all situations are a little bit

1036

00:42:56,809 --> 00:42:54,349

different in that but that's generally

1037

00:42:59,960 --> 00:42:56,819

generally how it goes so they're saying

1038

00:43:02,059 --> 00:42:59,970

that anything on a tip the advanced now

1039

00:43:03,950 --> 00:43:02,069

this is what this'll bring up my first

1040

00:43:07,910 --> 00:43:03,960

skeptic in the skeptical red flag I know

1041

00:43:10,549 --> 00:43:07,920

exactly yeah so it was reported as the

1042

00:43:13,849 --> 00:43:10,559

advanced aerospace threat identification

1043

00:43:16,190 --> 00:43:13,859

program or a tip AAT IP great no problem

1044

00:43:17,720 --> 00:43:16,200

no argument from me I don't you know it

1045

00:43:20,900 --> 00:43:17,730

is what it is it was in the New York

1046

00:43:22,910 --> 00:43:20,910

Times so I called at this point because

1047

00:43:25,789 --> 00:43:22,920

I had the FOIA request filed and I

1048

00:43:29,210 --> 00:43:25,799

called the press office now I was

1049

00:43:30,980 --> 00:43:29,220

working on producing a documentary that

1050

00:43:32,750 --> 00:43:30,990

sadly I can't give you all the details

1051

00:43:34,339 --> 00:43:32,760

but I mean it's the honest truth that's

1052

00:43:37,370 --> 00:43:34,349

why I call the press office I've worked

1053

00:43:39,200 --> 00:43:37,380

with them before in various networks

1054

00:43:41,390 --> 00:43:39,210

like History Channel like Discovery

1055

00:43:43,010 --> 00:43:41,400

Channel like National Geographic so I

1056

00:43:45,670 --> 00:43:43,020

called over there and I was working

1057

00:43:49,730 --> 00:43:45,680

developing this program and producing a

1058

00:43:51,829 --> 00:43:49,740

pitch and so we were working on this

1059

00:43:57,020 --> 00:43:51,839

story and I felt that eight would be a

1060

00:43:59,870 --> 00:43:57,030

prime aspect to this specific story and

1061

00:44:02,930 --> 00:43:59,880

so I called the press office and a very

1062

00:44:04,700 --> 00:44:02,940

nice lady had answered and I said you

1063

00:44:07,309 --> 00:44:04,710

know hi I'm so-and-so this is what I'm

1064

00:44:09,260 --> 00:44:07,319

working on and I said just kind of

1065

00:44:10,640 --> 00:44:09,270

curious like what you can give do you

1066

00:44:12,349 --> 00:44:10,650

have any press statements or anything

1067

00:44:14,900 --> 00:44:12,359

about the advanced aerospace to her

1068

00:44:16,780 --> 00:44:14,910

identification program or a tip and she

1069

00:44:19,910 --> 00:44:16,790

goes oh no you mean the advanced

1070

00:44:23,299 --> 00:44:19,920

aviation threat identification program

1071

00:44:25,160 --> 00:44:23,309

and I said I said well I'm not gonna

1072

00:44:27,530 --> 00:44:25,170

argue with you ma'am I said but it's all

1073

00:44:29,780 --> 00:44:27,540

all over the media's advanced aerospace

1074

00:44:31,430 --> 00:44:29,790

she says no no it's aviation you mean a

1075

00:44:33,470 --> 00:44:31,440

tip and that was actually the first time

1076

00:44:35,780 --> 00:44:33,480

in in in mid-december when this all

1077

00:44:38,359 --> 00:44:35,790

broke I'm not claiming to be the first

1078

00:44:40,460 --> 00:44:38,369

one I'm not sure who is but that was the

1079

00:44:43,069 --> 00:44:40,470

first time I had heard that a tip was

1080

00:44:45,410 --> 00:44:43,079

you know the acronym was that's how it

1081

00:44:48,260 --> 00:44:45,420

was referred to by the military as a tip

1082

00:44:50,930 --> 00:44:48,270

and that was like an official thing but

1083

00:44:52,430 --> 00:44:50,940

she was adamant about saying aviation so

1084

00:44:52,910 --> 00:44:52,440

I thought well wait a minute well now

1085

00:44:54,560 --> 00:44:52,920

Wow

1086

00:44:56,840 --> 00:44:54,570

the New York Times get this wrong you

1087

00:44:57,350 --> 00:44:56,850

know like what did well what happened

1088

00:45:00,140 --> 00:44:57,360

here

1089

00:45:02,030 --> 00:45:00,150

it sounds like semantics but to the

1090

00:45:04,640 --> 00:45:02,040

military you don't get the name of the

1091

00:45:06,860 --> 00:45:04,650

program that you're working on wrong and

1092

00:45:09,040 --> 00:45:06,870

I quickly realized that it was mr.

1093

00:45:12,980 --> 00:45:09,050

Elizondo that was saying the name

1094

00:45:14,180 --> 00:45:12,990

apparently wrong now I to find motive

1095

00:45:16,640 --> 00:45:14,190

for the government to be lying about

1096

00:45:18,230 --> 00:45:16,650

this and there is none I mean like why

1097

00:45:20,600 --> 00:45:18,240

would they care if it's aerospace versus

1098

00:45:24,470 --> 00:45:20,610

aviation does he have motive to lie not

1099

00:45:26,290 --> 00:45:24,480

really is he mistaken possibly could it

1100

00:45:29,270 --> 00:45:26,300

be because he's not who he says he is

1101

00:45:31,940 --> 00:45:29,280

possibly could it be he wasn't in the

1102

00:45:34,100 --> 00:45:31,950

position he was in possibly so that kind

1103

00:45:36,650 --> 00:45:34,110

of set up a red flag and I had reached

1104

00:45:39,620 --> 00:45:36,660

out to to the Stars Academy and asked

1105

00:45:42,050 --> 00:45:39,630

them what division or what they call a

1106

00:45:44,600 --> 00:45:42,060

component of OSD that he worked in the

1107

00:45:46,340 --> 00:45:44,610

reason why that's key is then they're

1108

00:45:48,550 --> 00:45:46,350

telling me on one hand the military is

1109

00:45:51,860 --> 00:45:48,560

telling me on one hand oh this is a dia

1110

00:45:53,330 --> 00:45:51,870

program but mr. Elizondo says while I

1111

00:45:55,580 --> 00:45:53,340

worked for the office of the Secretary

1112

00:45:58,610 --> 00:45:55,590

of Defense and when I figured out what

1113

00:46:01,730 --> 00:45:58,620

component he worked in that was not dia

1114

00:46:04,670 --> 00:46:01,740

now why is that important well if

1115

00:46:07,340 --> 00:46:04,680

there's a CIA program you don't have Joe

1116

00:46:10,580 --> 00:46:07,350

Schmo run it from NSA why because it's a

1117

00:46:12,140 --> 00:46:10,590

CIA program it doesn't it that none of

1118

00:46:14,690 --> 00:46:12,150

that started to make sense so it's like

1119

00:46:16,910 --> 00:46:14,700

well wait a minute you can't have a DIA

1120

00:46:19,220 --> 00:46:16,920

run program from somebody in another

1121

00:46:21,080 --> 00:46:19,230

office now in fairness everything is all

1122

00:46:22,190 --> 00:46:21,090

Department of Defense so everything is

1123

00:46:25,070 --> 00:46:22,200

under that umbrella

1124

00:46:27,650 --> 00:46:25,080

but so is the army so was the Navy so as

1125

00:46:29,810 --> 00:46:27,660

the DIA so is the OSD I mean and the

1126  
00:46:32,720 --> 00:46:29,820  
list goes on so that really doesn't mean

1127  
00:46:34,820 --> 00:46:32,730  
much again when you drill down it didn't

1128  
00:46:36,800 --> 00:46:34,830  
make sense that he was heading this you

1129  
00:46:40,960 --> 00:46:36,810  
know program from within the Pentagon

1130  
00:46:45,320 --> 00:46:40,970  
within OSD and yet it was a dia program

1131  
00:46:48,020 --> 00:46:45,330  
so look I can keep going but it it was

1132  
00:46:50,720 --> 00:46:48,030  
it started the red flags and I tried to

1133  
00:46:53,270 --> 00:46:50,730  
reach out to the stars Academy after the

1134  
00:46:55,550 --> 00:46:53,280  
avalanche of of media publicity that

1135  
00:46:58,520 --> 00:46:55,560  
they received to ask for an interview

1136  
00:47:00,260 --> 00:46:58,530  
not only was I producing that show but I

1137  
00:47:02,210 --> 00:47:00,270  
also wanted him to just kind of go on

1138  
00:47:04,850 --> 00:47:02,220

the record because his story was

1139

00:47:06,830 --> 00:47:04,860

incredibly intriguing and I felt the

1140

00:47:09,530 --> 00:47:06,840

questions I had had easy answers

1141

00:47:13,220 --> 00:47:09,540

at first and so I reached out to them

1142

00:47:16,070 --> 00:47:13,230

and I was strung on literally for four

1143

00:47:19,250 --> 00:47:16,080

months if you can believe that before

1144

00:47:22,250 --> 00:47:19,260

they finally told me no okay and I

1145

00:47:25,010 --> 00:47:22,260

thought well if I look I'm not Larry

1146

00:47:28,820 --> 00:47:25,020

King I'm not you know Tucker Carlson I

1147

00:47:31,280 --> 00:47:28,830

get that like that it that's fine I but

1148

00:47:34,520 --> 00:47:31,290

there are these questions that I could

1149

00:47:36,980 --> 00:47:34,530

help them reach an audience that if

1150

00:47:40,700 --> 00:47:36,990

given the correct answer would probably

1151  
00:47:42,470 --> 00:47:40,710  
be happy to invest but I wasn't the only

1152  
00:47:44,360 --> 00:47:42,480  
one starting to ask questions because

1153  
00:47:46,850 --> 00:47:44,370  
then all of a sudden there were a lot

1154  
00:47:48,290 --> 00:47:46,860  
more you know and the story got a little

1155  
00:47:52,070 --> 00:47:48,300  
bit weirder and a little bit more

1156  
00:47:54,760 --> 00:47:52,080  
convoluted and then I think the general

1157  
00:47:57,290 --> 00:47:54,770  
public was starting to see a

1158  
00:48:00,950 --> 00:47:57,300  
organization or corporation in the sense

1159  
00:48:04,160 --> 00:48:00,960  
that was claiming to end or want to end

1160  
00:48:05,840 --> 00:48:04,170  
government secrecy around something but

1161  
00:48:08,180 --> 00:48:05,850  
all they were offering was more secrecy

1162  
00:48:10,460 --> 00:48:08,190  
they were releasing videos and blurring

1163  
00:48:13,670 --> 00:48:10,470

evidence and blurring documents and this

1164

00:48:15,500 --> 00:48:13,680

and that there could very well be an

1165

00:48:17,510 --> 00:48:15,510

explanation for all that and that's fine

1166

00:48:20,150 --> 00:48:17,520

but I think that the general public

1167

00:48:22,250 --> 00:48:20,160

started to grow with skepticism on

1168

00:48:24,650 --> 00:48:22,260

whether or not these guys were truly

1169

00:48:26,630 --> 00:48:24,660

doing what they claimed they wanted to

1170

00:48:28,780 --> 00:48:26,640

do and I think that that's why they

1171

00:48:31,610 --> 00:48:28,790

probably didn't reach their goal of

1172

00:48:34,760 --> 00:48:31,620

fifty million dollars that was their

1173

00:48:36,590 --> 00:48:34,770

original goal they took off the counter

1174

00:48:38,690 --> 00:48:36,600

but it's estimated they raised about two

1175

00:48:41,660 --> 00:48:38,700

and a half million I think it is and and

1176  
00:48:45,230 --> 00:48:41,670  
here we are I mean we're here almost a

1177  
00:48:47,780 --> 00:48:45,240  
year from when the story broke of a tip

1178  
00:48:50,690 --> 00:48:47,790  
but well over a year since to the Stars

1179  
00:48:53,540 --> 00:48:50,700  
Academy was kind of formulated and

1180  
00:48:55,420 --> 00:48:53,550  
reaching out and you know there's been

1181  
00:48:57,950 --> 00:48:55,430  
some really cool things like the videos

1182  
00:49:00,680 --> 00:48:57,960  
but at the end of the day they're like

1183  
00:49:03,200 --> 00:49:00,690  
there's no context we don't know what

1184  
00:49:04,640 --> 00:49:03,210  
they were and I've done a lot of for

1185  
00:49:06,080 --> 00:49:04,650  
requests on that kind of stuff and

1186  
00:49:07,700 --> 00:49:06,090  
there's a there's a lot more red flags

1187  
00:49:09,650 --> 00:49:07,710  
than what I brought up already but I

1188  
00:49:11,960 --> 00:49:09,660

don't want to I don't want to take over

1189

00:49:13,580 --> 00:49:11,970

your show and I thought oh no not at all

1190

00:49:16,400 --> 00:49:13,590

John I mean this is very important

1191

00:49:18,820 --> 00:49:16,410

because a lot of us researchers who were

1192

00:49:20,390 --> 00:49:18,830

all for this when I first started we are

1193

00:49:22,700 --> 00:49:20,400

starting to

1194

00:49:24,559 --> 00:49:22,710

to taste that skepticism more and more

1195

00:49:27,049 --> 00:49:24,569

and I think another good point you

1196

00:49:29,710 --> 00:49:27,059

brought up in previous interviews I've

1197

00:49:32,420 --> 00:49:29,720

heard to give is the Chain of Custody

1198

00:49:34,400 --> 00:49:32,430

documents everyone's claiming like well

1199

00:49:36,859 --> 00:49:34,410

this should be it if we find out where

1200

00:49:38,960 --> 00:49:36,869

the videos came from we can then start

1201  
00:49:40,940 --> 00:49:38,970  
to dig deeper but tell us a little about

1202  
00:49:43,220 --> 00:49:40,950  
have you ever heard of this sort of a

1203  
00:49:46,490 --> 00:49:43,230  
document a chain of custody to UFT

1204  
00:49:47,930 --> 00:49:46,500  
outage they click no I haven't to

1205  
00:49:50,510 --> 00:49:47,940  
quickly answer they claim they have

1206  
00:49:52,849 --> 00:49:50,520  
chain of custody documents quote-unquote

1207  
00:49:55,160 --> 00:49:52,859  
chain of custody that proved the

1208  
00:49:58,849 --> 00:49:55,170  
declassification of these videos that

1209  
00:50:01,190 --> 00:49:58,859  
the DoD had released the three videos

1210  
00:50:03,380 --> 00:50:01,200  
that to the Star Academy has put on

1211  
00:50:05,299 --> 00:50:03,390  
their website and ultimately you know

1212  
00:50:07,910 --> 00:50:05,309  
broadcasts on quite a few major networks

1213  
00:50:10,730 --> 00:50:07,920

and and so on when I had talked to the

1214

00:50:13,039 --> 00:50:10,740

Pentagon myself and asked them about

1215

00:50:14,839 --> 00:50:13,049

those videos I can say this because it's

1216

00:50:17,329 --> 00:50:14,849

it's public record but her name is major

1217

00:50:20,630 --> 00:50:17,339

audrey xie harris and she's one of the

1218

00:50:22,160 --> 00:50:20,640

official spokespeople of the pentagon so

1219

00:50:23,779 --> 00:50:22,170

i'm not talking about a paper pusher who

1220

00:50:25,549 --> 00:50:23,789

happened to answer the phone and it's

1221

00:50:30,160 --> 00:50:25,559

some no-name or who was just guessing

1222

00:50:35,420 --> 00:50:30,170

this is the actual major in the pentagon

1223

00:50:37,700 --> 00:50:35,430

who gives the lines to the press that

1224

00:50:39,260 --> 00:50:37,710

gives the official statements when you

1225

00:50:42,370 --> 00:50:39,270

see official statements in the New York

1226  
00:50:44,630 --> 00:50:42,380  
Times or The Washington Post or wherever

1227  
00:50:48,019 --> 00:50:44,640  
generally it's her office that's giving

1228  
00:50:49,789 --> 00:50:48,029  
him giving them or her her herself that

1229  
00:50:51,559 --> 00:50:49,799  
is giving the statements and I want to

1230  
00:50:54,410 --> 00:50:51,569  
stress that because she says we never

1231  
00:50:56,480 --> 00:50:54,420  
released those videos we meaning the

1232  
00:50:58,640 --> 00:50:56,490  
Department of Defense and so that

1233  
00:51:00,730 --> 00:50:58,650  
completely contradicts what mr. Elizondo

1234  
00:51:05,240 --> 00:51:00,740  
has said that the DoD released them

1235  
00:51:06,799 --> 00:51:05,250  
again I have full faith that I will

1236  
00:51:10,339 --> 00:51:06,809  
probably catch the government in another

1237  
00:51:12,849 --> 00:51:10,349  
life sometime in the next decade so if

1238  
00:51:15,710 --> 00:51:12,859

that is what's going on here then fine

1239

00:51:17,450 --> 00:51:15,720

they claim meaning to the stars Academy

1240

00:51:20,630 --> 00:51:17,460

and mr. Elizondo claims they have a

1241

00:51:24,230 --> 00:51:20,640

chain of custody document that shows and

1242

00:51:26,390 --> 00:51:24,240

proves that the DoD Declassified and

1243

00:51:28,730 --> 00:51:26,400

released those videos that's what they

1244

00:51:30,980 --> 00:51:28,740

have claimed when you ask to see the

1245

00:51:34,340 --> 00:51:30,990

evidence they refuse to show you the

1246

00:51:36,740 --> 00:51:34,350

questions to the Stars refuses that's

1247

00:51:40,400 --> 00:51:36,750

correct okay okay never once released

1248

00:51:42,980 --> 00:51:40,410

the chain of custody document whatever

1249

00:51:46,100 --> 00:51:42,990

that is now I have as I mentioned

1250

00:51:48,740 --> 00:51:46,110

collected two million pages when a

1251

00:51:51,200 --> 00:51:48,750

document is Declassified and this is

1252

00:51:53,720 --> 00:51:51,210

truth with videos and this is true with

1253

00:51:57,860 --> 00:51:53,730

photographs there's no chain of custody

1254

00:52:00,650 --> 00:51:57,870

document that that that proves a

1255

00:52:03,590 --> 00:52:00,660

declassification there are stamps that

1256

00:52:05,600 --> 00:52:03,600

go on documents photos and slates that

1257

00:52:08,210 --> 00:52:05,610

go on videos to show when it was

1258

00:52:10,490 --> 00:52:08,220

reviewed when the classification was

1259

00:52:13,250 --> 00:52:10,500

downgraded and there are record

1260

00:52:15,380 --> 00:52:13,260

transmittal slips and what those are and

1261

00:52:18,470 --> 00:52:15,390

I can show ample examples of them is

1262

00:52:20,870 --> 00:52:18,480

I've and I get a lot from the NSA which

1263

00:52:22,730 --> 00:52:20,880

happens to be DoD by the way is that

1264

00:52:24,350 --> 00:52:22,740

when you file for a request of something

1265

00:52:25,970 --> 00:52:24,360

that's never been out before that's

1266

00:52:27,670 --> 00:52:25,980

generally when I get them when documents

1267

00:52:30,530 --> 00:52:27,680

have never seen the light of day

1268

00:52:34,100 --> 00:52:30,540

they're Declassified and sent to me and

1269

00:52:36,620 --> 00:52:34,110

on top of my FOIA response letter on top

1270

00:52:38,930 --> 00:52:36,630

of that is a as a records transmittal

1271

00:52:40,820 --> 00:52:38,940

slip and what that is that's the only

1272

00:52:42,890 --> 00:52:40,830

thing with a signature and what that

1273

00:52:46,270 --> 00:52:42,900

says is that the documents that are

1274

00:52:49,010 --> 00:52:46,280

coming to me in the mail are considered

1275

00:52:51,620 --> 00:52:49,020

unclassified I don't have a clearance so

1276

00:52:54,020 --> 00:52:51,630

I can't get secret or top secret you

1277

00:52:55,850 --> 00:52:54,030

know information obviously so when they

1278

00:52:57,620 --> 00:52:55,860

send those things it's to show that

1279

00:53:00,680 --> 00:52:57,630

whomever grabs a hold of that envelope

1280

00:53:02,570 --> 00:53:00,690

or packages the envelope or you know for

1281

00:53:05,270 --> 00:53:02,580

whatever reason it's opened by someone

1282

00:53:07,040 --> 00:53:05,280

else other than me it shows that

1283

00:53:09,410 --> 00:53:07,050

so-and-so is authorizing that that

1284

00:53:12,140 --> 00:53:09,420

information is unclassified is that a

1285

00:53:14,510 --> 00:53:12,150

chain of custody absolutely not but it

1286

00:53:16,910 --> 00:53:14,520

does show that the government sent that

1287

00:53:19,130 --> 00:53:16,920

information to me and it's unclassified

1288

00:53:22,610 --> 00:53:19,140

so let's just say they're kind of you

1289

00:53:24,950 --> 00:53:22,620

know SEC seeing this up a little bit and

1290

00:53:26,480 --> 00:53:24,960

and that's what they have cool I mean if

1291

00:53:28,940 --> 00:53:26,490

they if they just wanted to sexy it up

1292

00:53:30,290 --> 00:53:28,950

and say it was chain of custody because

1293

00:53:33,200 --> 00:53:30,300

that sounds cooler

1294

00:53:35,090 --> 00:53:33,210

fine I'll still knock them for that

1295

00:53:37,640 --> 00:53:35,100

because it's not accurate but I'll

1296

00:53:39,670 --> 00:53:37,650

accept that they never have and they've

1297

00:53:42,920 --> 00:53:39,680

stood stood by that they had these

1298

00:53:44,420 --> 00:53:42,930

evidence to prove to you what they say

1299

00:53:48,110 --> 00:53:44,430

is true but they won't show it to you

1300

00:53:51,260 --> 00:53:48,120

why like I don't get I can't figure out

1301  
00:53:53,450 --> 00:53:51,270  
a reason you know a reason why and there

1302  
00:53:55,610 --> 00:53:53,460  
are one in particular that's connected

1303  
00:53:59,150 --> 00:53:55,620  
with to the Stars Academy who's said

1304  
00:54:03,950 --> 00:53:59,160  
this public dr. Eric Davis and he has

1305  
00:54:05,720 --> 00:54:03,960  
apparently said now that the chain of

1306  
00:54:07,970 --> 00:54:05,730  
custody document will never be released

1307  
00:54:09,950 --> 00:54:07,980  
because their sources and methods on it

1308  
00:54:11,480 --> 00:54:09,960  
and that and that in itself is

1309  
00:54:14,750 --> 00:54:11,490  
classified and they would never release

1310  
00:54:17,990 --> 00:54:14,760  
it and that to me was the nail in the

1311  
00:54:21,800 --> 00:54:18,000  
coffin that they do not have what they

1312  
00:54:24,380 --> 00:54:21,810  
say they have or if they do then they're

1313  
00:54:26,720 --> 00:54:24,390

in a breach of their security oath I do

1314

00:54:29,330 --> 00:54:26,730

not believe in the latter but that

1315

00:54:31,070 --> 00:54:29,340

that's either what he is saying or he's

1316

00:54:33,590 --> 00:54:31,080

admitting that they would not have this

1317

00:54:36,680 --> 00:54:33,600

I don't believe that a document like

1318

00:54:39,170 --> 00:54:36,690

that existed but regardless if it was

1319

00:54:41,360 --> 00:54:39,180

classified they would never have it

1320

00:54:44,030 --> 00:54:41,370

which means they're lying if they do

1321

00:54:46,220 --> 00:54:44,040

have it and dr. Davis is correct and

1322

00:54:48,980 --> 00:54:46,230

there are sources and methods on it and

1323

00:54:51,500 --> 00:54:48,990

this is some kind of elusive document I

1324

00:54:54,220 --> 00:54:51,510

have never ever ever seen or heard of

1325

00:54:56,960 --> 00:54:54,230

before nor can I even find references to

1326

00:54:59,300 --> 00:54:56,970

documents like this because again

1327

00:55:03,080 --> 00:54:59,310

everything has procedures and manuals

1328

00:55:06,470 --> 00:55:03,090

and you know regulations and so on the

1329

00:55:09,560 --> 00:55:06,480

procedure writing the procedure writing

1330

00:55:11,720 --> 00:55:09,570

procedures has a procedure manual to

1331

00:55:13,550 --> 00:55:11,730

think about that but but that's actually

1332

00:55:16,940 --> 00:55:13,560

true right there's manuals on how to

1333

00:55:19,370 --> 00:55:16,950

write manuals so there's no reference

1334

00:55:22,040 --> 00:55:19,380

that I could find that a document like

1335

00:55:23,710 --> 00:55:22,050

that even exists so honestly I think

1336

00:55:27,650 --> 00:55:23,720

they're getting caught up in their own

1337

00:55:29,270 --> 00:55:27,660

their own lies yeah yeah and and I

1338

00:55:30,890 --> 00:55:29,280

honestly believe that and though and the

1339

00:55:34,130 --> 00:55:30,900

list just keeps getting bigger and

1340

00:55:35,870 --> 00:55:34,140

bigger and and it's a shame like I don't

1341

00:55:37,940 --> 00:55:35,880

want to sit and just pick on them and

1342

00:55:40,070 --> 00:55:37,950

say they're lying I just wish that they

1343

00:55:42,170 --> 00:55:40,080

would be a little bit more open with the

1344

00:55:45,860 --> 00:55:42,180

public when they say that they're trying

1345

00:55:46,550 --> 00:55:45,870

to stop the secrecy just none of this

1346

00:55:48,740 --> 00:55:46,560

makes sense

1347

00:55:50,540 --> 00:55:48,750

alright and I mean the the red flags

1348

00:55:52,460 --> 00:55:50,550

just continued wrong I mean I want to

1349

00:55:54,440 --> 00:55:52,470

circle back to Elizondo in just a second

1350

00:55:57,410 --> 00:55:54,450

but another big thing with these videos

1351  
00:56:00,140 --> 00:55:57,420  
too is we're not seeing the complete

1352  
00:56:01,890 --> 00:56:00,150  
videos we have absolutely no context

1353  
00:56:03,660 --> 00:56:01,900  
yeah we get these little

1354  
00:56:06,809 --> 00:56:03,670  
text on the screen from to the stars

1355  
00:56:08,279 --> 00:56:06,819  
this happened then there's this you're

1356  
00:56:10,980 --> 00:56:08,289  
seeing it from this angle from this

1357  
00:56:13,140 --> 00:56:10,990  
camera that's all cool but I mean we're

1358  
00:56:16,500 --> 00:56:13,150  
seeing snippets of something that's

1359  
00:56:19,529 --> 00:56:16,510  
clearly larger you know broader in scope

1360  
00:56:21,809 --> 00:56:19,539  
and we're getting edited versions in my

1361  
00:56:24,720 --> 00:56:21,819  
big thing which of the stars now is

1362  
00:56:26,940 --> 00:56:24,730  
we're getting what they want us to see

1363  
00:56:29,160 --> 00:56:26,950

what they want us to hear and they're

1364

00:56:31,760 --> 00:56:29,170

controlling the narrative to all of this

1365

00:56:34,799 --> 00:56:31,770

which if you're gonna have a public

1366

00:56:38,279 --> 00:56:34,809

benefit company has Tom DeLonge has sort

1367

00:56:42,150 --> 00:56:38,289

of coined this it's for the public and

1368

00:56:45,539 --> 00:56:42,160

we're we're paying for them to give us a

1369

00:56:48,390 --> 00:56:45,549

quarter of the story so and I don't mean

1370

00:56:50,730 --> 00:56:48,400

me I'm not idea I am NOT a financial

1371

00:56:52,680 --> 00:56:50,740

supporter I chose to stay away from that

1372

00:56:55,410 --> 00:56:52,690

as an objective researcher and

1373

00:56:57,029 --> 00:56:55,420

journalist but it's it's interesting and

1374

00:57:01,769 --> 00:56:57,039

as in terms of the red flags

1375

00:57:04,740 --> 00:57:01,779

Elizondo now I know you don't you don't

1376  
00:57:06,630 --> 00:57:04,750  
deal with documents that could be leaked

1377  
00:57:09,150 --> 00:57:06,640  
and whatnot you deal with declassified

1378  
00:57:11,339 --> 00:57:09,160  
documents highly respect that do you

1379  
00:57:13,799 --> 00:57:11,349  
have any opinion whatsoever on this

1380  
00:57:16,140 --> 00:57:13,809  
suppose addressing nation letter of mr.

1381  
00:57:18,420 --> 00:57:16,150  
elizondo's yeah it wouldn't surprise me

1382  
00:57:20,400 --> 00:57:18,430  
if it was real I know people picked up

1383  
00:57:23,130 --> 00:57:20,410  
picked on it a little bit for for

1384  
00:57:25,620 --> 00:57:23,140  
spelling and grammar is that a red flag

1385  
00:57:27,930 --> 00:57:25,630  
kind of but to be honest with you I'm

1386  
00:57:29,670 --> 00:57:27,940  
sure that that probably is a resignation

1387  
00:57:31,529 --> 00:57:29,680  
letter of his and it wouldn't surprise

1388  
00:57:34,019 --> 00:57:31,539

me so I'm not gonna argue it I will say

1389

00:57:36,150 --> 00:57:34,029

this though I filed a FOIA request for

1390

00:57:37,799 --> 00:57:36,160

the resignation letter and actually

1391

00:57:41,819 --> 00:57:37,809

received a no records response

1392

00:57:45,809 --> 00:57:41,829

okay now I'll defend a mr. Elizondo on

1393

00:57:48,779 --> 00:57:45,819

this one this is a longer legal boring

1394

00:57:51,089 --> 00:57:48,789

answer but the short of it is there is

1395

00:57:54,329 --> 00:57:51,099

and it's been fought and argued in the

1396

00:57:57,450 --> 00:57:54,339

Supreme Court that under the FOIA can

1397

00:58:00,960 --> 00:57:57,460

you get a resignation letter and the

1398

00:58:02,730 --> 00:58:00,970

answer has been determined generally no

1399

00:58:05,430 --> 00:58:02,740

and this actually goes back to the

1400

00:58:07,289 --> 00:58:05,440

resignation of Donald Rumsfeld during

1401  
00:58:09,510 --> 00:58:07,299  
George w's administration just for a

1402  
00:58:11,400 --> 00:58:09,520  
little bit of history for you and the

1403  
00:58:13,349 --> 00:58:11,410  
FOIA request flew in for that

1404  
00:58:14,910 --> 00:58:13,359  
resignation letter it was ultimately

1405  
00:58:16,289 --> 00:58:14,920  
denied and litter

1406  
00:58:19,829 --> 00:58:16,299  
they went all the way to the Supreme

1407  
00:58:22,950 --> 00:58:19,839  
Court to argue whether or not that in

1408  
00:58:27,120 --> 00:58:22,960  
itself was a government document or that

1409  
00:58:29,400 --> 00:58:27,130  
in itself was a personal document which

1410  
00:58:31,140 --> 00:58:29,410  
would be ultimately exempt from the FOIA

1411  
00:58:36,299 --> 00:58:31,150  
so just a little bit of history there

1412  
00:58:38,339 --> 00:58:36,309  
for you for you on the FOIA now I so

1413  
00:58:42,780 --> 00:58:38,349

I'll give him a pass on that what I did

1414

00:58:48,920 --> 00:58:42,790

however do is in addition to that then

1415

00:58:53,339 --> 00:58:48,930

file a FOIA request for emails from two

1416

00:58:56,760 --> 00:58:53,349

BCC Dorsey seed James Madison tained the

1417

00:58:59,370 --> 00:58:56,770

word Elizondo not a single one came up

1418

00:59:01,950 --> 00:58:59,380

as responsive to my request now why is

1419

00:59:04,140 --> 00:59:01,960

that now we've been told that Madison

1420

00:59:07,260 --> 00:59:04,150

Elizondo were friends I've heard him say

1421

00:59:09,809 --> 00:59:07,270

in interviews that he was reporting to

1422

00:59:12,539 --> 00:59:09,819

him if he was one of his you know

1423

00:59:14,849 --> 00:59:12,549

higher-ups you would think that a single

1424

00:59:18,089 --> 00:59:14,859

email at least one would come up with

1425

00:59:20,250 --> 00:59:18,099

his name and not a single one did I

1426

00:59:21,960 --> 00:59:20,260

don't talk about that that much but I

1427

00:59:24,270 --> 00:59:21,970

figured I'd bring it up now because I

1428

00:59:26,490 --> 00:59:24,280

thought that might be a way to

1429

00:59:28,349 --> 00:59:26,500

circumvent the Supreme Court decision

1430

00:59:31,289 --> 00:59:28,359

that a resignation letter didn't you

1431

00:59:33,750 --> 00:59:31,299

know fall under the FOIA but if he

1432

00:59:35,490 --> 00:59:33,760

emailed that letter what's very

1433

00:59:38,549 --> 00:59:35,500

interesting is that then I could put up

1434

00:59:40,710 --> 00:59:38,559

an argument that that would technically

1435

00:59:42,420 --> 00:59:40,720

be a government document because it was

1436

00:59:45,630 --> 00:59:42,430

sent to mattis's government email

1437

00:59:47,280 --> 00:59:45,640

address and so that so that was one of

1438

00:59:50,490 --> 00:59:47,290

those ways that I was trying to kind of

1439

00:59:52,260 --> 00:59:50,500

circumvent what had become case law to

1440

00:59:53,579 --> 00:59:52,270

try and then go in and say okay well

1441

00:59:55,859 --> 00:59:53,589

maybe this will not only come up with

1442

00:59:58,559 --> 00:59:55,869

his resignation letter but maybe

1443

01:00:01,859 --> 00:59:58,569

something else maybe somebody wrote

1444

01:00:03,480 --> 01:00:01,869

maddest torreón related to Elizondo but

1445

01:00:05,940 --> 01:00:03,490

said hey did you hear what this guy

1446

01:00:09,089 --> 01:00:05,950

Elizondo is saying and poom that would

1447

01:00:10,980 --> 01:00:09,099

come up under my request and so so you

1448

01:00:15,599 --> 01:00:10,990

find these little tricks to kind of get

1449

01:00:17,039 --> 01:00:15,609

around it and according to the office of

1450

01:00:19,200 --> 01:00:17,049

Secretary of Defense and the Joint

1451

01:00:22,530 --> 01:00:19,210

Chiefs of Staff there is not a single

1452

01:00:26,069 --> 01:00:22,540

email that comes up with the word

1453

01:00:28,380 --> 01:00:26,079

Elizondo from January and i'd to January

1454

01:00:30,720 --> 01:00:28,390

20th 2017 when Madison

1455

01:00:33,240 --> 01:00:30,730

went in I believe it was the day through

1456

01:00:35,549 --> 01:00:33,250

the data processing the request so if he

1457

01:00:38,309 --> 01:00:35,559

was an active communication active duty

1458

01:00:39,990 --> 01:00:38,319

and he was communicating at all with

1459

01:00:41,569 --> 01:00:40,000

madis which is kind of what we've been

1460

01:00:45,480 --> 01:00:41,579

led to believe in some of the interviews

1461

01:00:47,910 --> 01:00:45,490

that not a single email was was brought

1462

01:00:50,099 --> 01:00:47,920

up and I was given to no records so a

1463

01:00:52,710 --> 01:00:50,109

lot of those types of red flags make me

1464

01:00:54,710 --> 01:00:52,720

question is he telling the truth I'm not

1465

01:00:57,599 --> 01:00:54,720

saying he's lying I'm just questioning

1466

01:01:00,240 --> 01:00:57,609

why are all these things coming up as

1467

01:01:01,680 --> 01:01:00,250

red flags and then you do have the

1468

01:01:02,640 --> 01:01:01,690

statements by the way that we haven't

1469

01:01:07,289 --> 01:01:02,650

talked about but you do have the

1470

01:01:11,759 --> 01:01:07,299

statements by the DIA that said a tip

1471

01:01:15,150 --> 01:01:11,769

was not a UFO program and it is being

1472

01:01:18,240 --> 01:01:15,160

heavily embellished by the media and so

1473

01:01:20,789 --> 01:01:18,250

you have when you prove a government lie

1474

01:01:23,309 --> 01:01:20,799

because again I know I've said it like

1475

01:01:24,990 --> 01:01:23,319

three times now it won't surprise me if

1476

01:01:27,900 --> 01:01:25,000

it comes out they're lying but you

1477

01:01:30,809 --> 01:01:27,910

generally don't have this absolute Stern

1478

01:01:34,170 --> 01:01:30,819

in writing statement and I should also

1479

01:01:36,839 --> 01:01:34,180

say major Harris put everything that she

1480

01:01:39,210 --> 01:01:36,849

told me over the telephone in writing so

1481

01:01:43,019 --> 01:01:39,220

I can prove that with an official record

1482

01:01:45,359 --> 01:01:43,029

of a tip had that they have a tips name

1483

01:01:48,539 --> 01:01:45,369

wrong that they never released the

1484

01:01:51,329 --> 01:01:48,549

videos and she put a couple other things

1485

01:01:53,670 --> 01:01:51,339

in the email as well but in essence it

1486

01:01:56,849 --> 01:01:53,680

was a firm in writing statement that no

1487

01:01:58,950 --> 01:01:56,859

one can contradict at this point now

1488

01:02:01,380 --> 01:01:58,960

whether or not if she was lying okay

1489

01:02:05,609 --> 01:02:01,390

fine but generally with government lies

1490

01:02:08,430 --> 01:02:05,619

they don't comment on things right you

1491

01:02:11,970 --> 01:02:08,440

know I mean like that's because they

1492

01:02:13,980 --> 01:02:11,980

don't need another example of them lying

1493

01:02:15,349 --> 01:02:13,990

right and I'm not talking about just by

1494

01:02:18,480 --> 01:02:15,359

me I'm just talking about in the general

1495

01:02:21,839 --> 01:02:18,490

consensus of the globe the Pentagon

1496

01:02:24,839 --> 01:02:21,849

doesn't need those problems so if if all

1497

01:02:27,480 --> 01:02:24,849

this was bunk and Elizondo was telling

1498

01:02:29,309 --> 01:02:27,490

stories generally the you know the

1499

01:02:31,589 --> 01:02:29,319

government doesn't get involved it's

1500

01:02:34,410 --> 01:02:31,599

like the quarry goods of the world the

1501

01:02:35,880 --> 01:02:34,420

Andrew basiago zuv the world like does

1502

01:02:37,529 --> 01:02:35,890

the government really have to hold a

1503

01:02:40,650 --> 01:02:37,539

press conference and say no we did not

1504

01:02:42,300 --> 01:02:40,660

go to Mars with Obama and so on no of

1505

01:02:44,310 --> 01:02:42,310

course not they leave it alone

1506

01:02:47,310 --> 01:02:44,320

however with this they put the firm

1507

01:02:50,550 --> 01:02:47,320

statement out there no sorry that's not

1508

01:02:53,400 --> 01:02:50,560

the way it is no this is not real so

1509

01:02:55,380 --> 01:02:53,410

obviously they're putting a statement

1510

01:02:58,680 --> 01:02:55,390

that can come back and bite them out

1511

01:03:00,930 --> 01:02:58,690

there not just to me but to multiple now

1512

01:03:03,150 --> 01:03:00,940

news agencies and they're putting it in

1513

01:03:04,770 --> 01:03:03,160

writing generally you don't see that

1514

01:03:08,130 --> 01:03:04,780

when you catch the government in some

1515

01:03:10,050 --> 01:03:08,140

kind of a lie and they are err really

1516

01:03:12,870 --> 01:03:10,060

going out of their way to say a tip is

1517

01:03:15,300 --> 01:03:12,880

not what we're being led to believe if

1518

01:03:16,740 --> 01:03:15,310

it comes out that they're lying I would

1519

01:03:19,800 --> 01:03:16,750

actually be surprised

1520

01:03:23,940 --> 01:03:19,810

now just because it's it's gone to this

1521

01:03:26,610 --> 01:03:23,950

point into this level the the documents

1522

01:03:28,920 --> 01:03:26,620

are largely according to Senate former

1523

01:03:32,040 --> 01:03:28,930

Senator Harry Reid the documents are

1524

01:03:34,620 --> 01:03:32,050

approximately 80% unclassified now he

1525

01:03:36,950 --> 01:03:34,630

said that in an interview I know George

1526

01:03:40,470 --> 01:03:36,960

Knapp was was present I believe and

1527

01:03:43,290 --> 01:03:40,480

Harry Reid had said that verbatim 80

1528

01:03:46,160 --> 01:03:43,300

percent if that's the case we're not

1529

01:03:48,930 --> 01:03:46,170

dealing with a very highly classified

1530

01:03:52,170 --> 01:03:48,940

topic there's classified aspects to it

1531

01:03:55,080 --> 01:03:52,180

but it's not very highly classified and

1532

01:03:57,120 --> 01:03:55,090

so I think that that furthers the proof

1533

01:04:00,870 --> 01:03:57,130

that this is getting you know

1534

01:04:03,120 --> 01:04:00,880

embellished and and I think I'll bring

1535

01:04:04,380 --> 01:04:03,130

up Edward Snowden as my you know final

1536

01:04:06,540 --> 01:04:04,390

thought and I'll pass it back to you but

1537

01:04:08,160 --> 01:04:06,550

I'll bring up Edward Snowden that when

1538

01:04:12,720 --> 01:04:08,170

you start talking about highly

1539

01:04:15,780 --> 01:04:12,730

classified programs projects research

1540

01:04:18,210 --> 01:04:15,790

research studies and so on you end up

1541

01:04:21,030 --> 01:04:18,220

hiding in a hole in another country

1542

01:04:22,800 --> 01:04:21,040

because it's classified the fact that

1543

01:04:25,440 --> 01:04:22,810

mr. Elizondo was out there and he's

1544

01:04:28,230 --> 01:04:25,450

talking about this and it's open that to

1545

01:04:29,760 --> 01:04:28,240

me shows that this is a very it's a real

1546

01:04:33,030 --> 01:04:29,770

program I have no doubt about that but

1547

01:04:34,920 --> 01:04:33,040

it's a very probably not so secretive

1548

01:04:38,760 --> 01:04:34,930

program that some people want to believe

1549

01:04:41,940 --> 01:04:38,770

the secret UFO study or the Pentagon's

1550

01:04:44,700 --> 01:04:41,950

secret UFO study that obviously hit the

1551

01:04:46,680 --> 01:04:44,710

media I think at this point is largely

1552

01:04:49,260 --> 01:04:46,690

embellished and and there's there's

1553

01:04:53,970 --> 01:04:49,270

evidence to support that too but it goes

1554

01:04:56,220 --> 01:04:53,980

into the heart of of how a tip came to

1555

01:04:59,160 --> 01:04:56,230

be and I found myself actually

1556

01:05:02,190 --> 01:04:59,170

mr. Elizondo on this but the short of it

1557

01:05:05,039 --> 01:05:02,200

is it had come out that the a tip

1558

01:05:07,829 --> 01:05:05,049

program was either born out of or also

1559

01:05:10,170 --> 01:05:07,839

part of a program called advanced

1560

01:05:14,099 --> 01:05:10,180

aerospace weapon system application

1561

01:05:20,039 --> 01:05:17,460

aw snap is happens well hell of a lot of

1562

01:05:23,910 --> 01:05:20,049

conspirators say when you read the if

1563

01:05:26,339 --> 01:05:23,920

the actual contract bid for contracts

1564

01:05:28,970 --> 01:05:26,349

they post these on federal websites that

1565

01:05:31,049 --> 01:05:28,980

big corporations can go and bid on

1566

01:05:34,109 --> 01:05:31,059

generally when they're classified they

1567

01:05:37,440 --> 01:05:34,119

never appear you can still download the

1568

01:05:39,599 --> 01:05:37,450

the contract proposal for OSAP on the

1569

01:05:42,480 --> 01:05:39,609

federal government's website from 2008

1570

01:05:45,660 --> 01:05:42,490

and when you read through it it's like

1571

01:05:48,539 --> 01:05:45,670

not even close to a UFO research program

1572

01:05:50,539 --> 01:05:48,549

you know it's I'll put it simplistic

1573

01:05:52,829 --> 01:05:50,549

it's like the government hires a

1574

01:05:55,680 --> 01:05:52,839

corporation to make an apple pie and

1575

01:05:59,609 --> 01:05:55,690

they turn around and they you know they

1576

01:06:01,470 --> 01:05:59,619

they bake him a pizza you know and and

1577

01:06:03,839 --> 01:06:01,480

my whole point with being simplistic on

1578

01:06:06,240 --> 01:06:03,849

that is you don't change a contract when

1579

01:06:09,660 --> 01:06:06,250

you're awarded that contract so that's

1580

01:06:12,120 --> 01:06:09,670

why I believe that the UFO thing it's

1581

01:06:13,289 --> 01:06:12,130

probably not entirely accurate because

1582

01:06:15,870 --> 01:06:13,299

when you trace back

1583

01:06:18,480 --> 01:06:15,880

what a tip was all about and what Asaf

1584

01:06:22,170 --> 01:06:18,490

was all about it just doesn't it doesn't

1585

01:06:25,349 --> 01:06:22,180

fit it just does not connect even in the

1586

01:06:27,299 --> 01:06:25,359

slightest and I mean the last sort of

1587

01:06:32,579 --> 01:06:27,309

thing I want to bring up in terms of

1588

01:06:38,180 --> 01:06:32,589

this John is elizondo's how can I put

1589

01:06:47,849 --> 01:06:44,220

UFO footage photos his job assuming that

1590

01:06:51,240 --> 01:06:47,859

he actually did head this program of UFO

1591

01:06:54,150 --> 01:06:51,250

studies we're seeing hoaxed photos and

1592

01:06:56,670 --> 01:06:54,160

CGI that he's sharing with the public I

1593

01:07:00,180 --> 01:06:56,680

mean is this disinformation or just

1594

01:07:02,730 --> 01:07:00,190

stupidity it's it's just another read

1595

01:07:05,099 --> 01:07:02,740

there's so many red flags I just I don't

1596

01:07:07,339 --> 01:07:05,109

know what to make of it anymore and well

1597

01:07:10,070 --> 01:07:07,349

yeah I and I'm not either

1598

01:07:12,590 --> 01:07:10,080

originally just so your audience

1599

01:07:15,830 --> 01:07:12,600

aware the the this all spawned from that

1600

01:07:17,510 --> 01:07:15,840

original October press conference where

1601  
01:07:20,660 --> 01:07:17,520  
I believe Christopher Mellon was at the

1602  
01:07:22,550 --> 01:07:20,670  
mic and they had a quote-unquote UFO

1603  
01:07:25,010 --> 01:07:22,560  
picture in the background they were

1604  
01:07:28,940 --> 01:07:25,020  
talking about a certain event and it was

1605  
01:07:31,160 --> 01:07:28,950  
a debunked photo of a mylar balloon now

1606  
01:07:31,850 --> 01:07:31,170  
look we I know that you work in

1607  
01:07:34,220 --> 01:07:31,860  
television

1608  
01:07:35,780 --> 01:07:34,230  
when editors you know if they hired an

1609  
01:07:37,340 --> 01:07:35,790  
editor maybe they were looking at stock

1610  
01:07:40,280 --> 01:07:37,350  
footage they didn't realize they're not

1611  
01:07:42,080 --> 01:07:40,290  
as privy to all this I never once I've

1612  
01:07:43,460 --> 01:07:42,090  
tried to be so incredibly fair because

1613  
01:07:45,800 --> 01:07:43,470

it sounds like I'm just being a jerk by

1614

01:07:48,200 --> 01:07:45,810

trashing these guys for the last hour

1615

01:07:50,870 --> 01:07:48,210

and honestly I'm really not trying to be

1616

01:07:53,810 --> 01:07:50,880

I've never talked about that mylar

1617

01:07:55,760 --> 01:07:53,820

balloon as evidence of anything and I

1618

01:07:57,380 --> 01:07:55,770

was on the air with Jimmy Church and I

1619

01:07:58,640 --> 01:07:57,390

know that it's bothered Jimmy and Jimmy

1620

01:08:00,920 --> 01:07:58,650

was kind of pressed me about it I said

1621

01:08:02,600 --> 01:08:00,930

look man I you know mistakes happen and

1622

01:08:02,990 --> 01:08:02,610

and there's enough red flags to let that

1623

01:08:07,130 --> 01:08:03,000

go

1624

01:08:09,710 --> 01:08:07,140

however then mr. Elizondo Tom DeLonge

1625

01:08:13,550 --> 01:08:09,720

they fly to Italy they do this you know

1626

01:08:15,830 --> 01:08:13,560

presentation to some UFO group of course

1627

01:08:18,349 --> 01:08:15,840

it was kind of embellished I think on

1628

01:08:19,790 --> 01:08:18,359

Instagram but or something by DeLong it

1629

01:08:22,460 --> 01:08:19,800

kind of made it seem like it was some

1630

01:08:24,290 --> 01:08:22,470

secret you know meeting and and of

1631

01:08:26,930 --> 01:08:24,300

course yeah

1632

01:08:28,790 --> 01:08:26,940

he's very good at doing that and and if

1633

01:08:30,440 --> 01:08:28,800

it works for I'm cool but it's it's

1634

01:08:32,300 --> 01:08:30,450

getting tiresome for a lot of people

1635

01:08:33,980 --> 01:08:32,310

that you know really want to see if

1636

01:08:36,290 --> 01:08:33,990

these guys are making a difference in

1637

01:08:38,329 --> 01:08:36,300

getting involved and so on and so I

1638

01:08:39,890 --> 01:08:38,339

somebody sent it to me that it had live

1639

01:08:42,320 --> 01:08:39,900

streamed and recorded I didn't watch it

1640

01:08:43,610 --> 01:08:42,330

live but it was recorded and I thought

1641

01:08:45,800 --> 01:08:43,620

okay that's cool so I started watching a

1642

01:08:47,570 --> 01:08:45,810

little bit it's brutal to watch only

1643

01:08:48,800 --> 01:08:47,580

because mr. Ellison was a great speaker

1644

01:08:50,540 --> 01:08:48,810

so I'm not gonna take anything away from

1645

01:08:52,700 --> 01:08:50,550

him it's brutal to watch because you

1646

01:08:54,349 --> 01:08:52,710

have a translator so like you know it's

1647

01:08:55,730 --> 01:08:54,359

one or two sentences from mr. Elizondo

1648

01:08:57,920 --> 01:08:55,740

that you gotta wait for the Italian and

1649

01:09:01,160 --> 01:08:57,930

then you know so it's a brutal in that

1650

01:09:03,890 --> 01:09:01,170

respect and but but that being said they

1651

01:09:08,090 --> 01:09:03,900

came to a part about the 1952 Washington

1652

01:09:11,270 --> 01:09:08,100

UFO sightings and I knew from working in

1653

01:09:13,340 --> 01:09:11,280

television there's there's a lot of one

1654

01:09:16,910 --> 01:09:13,350

very misunderstood photo which is

1655

01:09:18,890 --> 01:09:16,920

largely attributed to the 52 sightings

1656

01:09:21,770 --> 01:09:18,900

which actually was taken much later and

1657

01:09:23,420 --> 01:09:21,780

the quote-unquote UFOs are actually lens

1658

01:09:23,899 --> 01:09:23,430

flare reflections from the lights on the

1659

01:09:26,269 --> 01:09:23,909

ground

1660

01:09:29,059 --> 01:09:26,279

we match all up so the so the photos are

1661

01:09:32,329 --> 01:09:29,069

real but it's not from from you know the

1662

01:09:35,269 --> 01:09:32,339

52 sidings and then there's a very

1663

01:09:37,729 --> 01:09:35,279

overused CGI animation and I know that

1664

01:09:41,780 --> 01:09:37,739

only because a show that I was on camera

1665

01:09:44,599 --> 01:09:41,790

with a show called unsealed they had

1666

01:09:47,629 --> 01:09:44,609

used this very animation and it's like

1667

01:09:49,669 --> 01:09:47,639

the you know a good shot or a CGI of the

1668

01:09:52,610 --> 01:09:49,679

of the Capitol building with these like

1669

01:09:54,919 --> 01:09:52,620

blue CGI UFOs going through the

1670

01:09:57,020 --> 01:09:54,929

background and it look I mean you can

1671

01:09:58,700 --> 01:09:57,030

look at it's obviously CGI and it's used

1672

01:10:01,100 --> 01:09:58,710

in television production in various

1673

01:10:03,709 --> 01:10:01,110

productions namely unsealed I know for a

1674

01:10:05,570 --> 01:10:03,719

fact that I was on camera for that that

1675

01:10:09,200 --> 01:10:05,580

had appeared because I was talking

1676  
01:10:12,890 --> 01:10:09,210  
through that segment and and that being

1677  
01:10:14,419 --> 01:10:12,900  
said that was a screenshot behind mr.

1678  
01:10:16,340 --> 01:10:14,429  
Elizondo and he's talking about it and

1679  
01:10:17,959 --> 01:10:16,350  
he turns around and I'm kind of

1680  
01:10:20,180 --> 01:10:17,969  
paraphrasing but he did say this sternly

1681  
01:10:23,570 --> 01:10:20,190  
he's like and that is an actual

1682  
01:10:25,040 --> 01:10:23,580  
photograph of the actual event and I

1683  
01:10:29,450 --> 01:10:25,050  
mean and he's pointing it to like this

1684  
01:10:31,040 --> 01:10:29,460  
you know CGI still and I it's like a

1685  
01:10:32,479 --> 01:10:31,050  
spit-take you know you're taking coffee

1686  
01:10:35,419 --> 01:10:32,489  
you just spit it all over your monitor

1687  
01:10:38,979 --> 01:10:35,429  
like what why is that important well

1688  
01:10:43,310 --> 01:10:38,989

this is the head of the secret Pentagon

1689

01:10:45,140 --> 01:10:43,320

UFO study and he can't let's just say

1690

01:10:47,720 --> 01:10:45,150

DeLong made the the PowerPoint

1691

01:10:50,270 --> 01:10:47,730

presentation and he had no idea if

1692

01:10:53,330 --> 01:10:50,280

you're heading a program like that you

1693

01:10:55,250 --> 01:10:53,340

should be able to look at it and go well

1694

01:10:57,080 --> 01:10:55,260

actually that that's that's probably a

1695

01:10:59,540 --> 01:10:57,090

representation that's not an actual

1696

01:11:02,720 --> 01:10:59,550

photo there's actually no known photos

1697

01:11:05,840 --> 01:11:02,730

or videos of the 1952 Washington

1698

01:11:08,450 --> 01:11:05,850

sightings that are legit and yet he you

1699

01:11:11,030 --> 01:11:08,460

know said oh this is this is absolutely

1700

01:11:13,040 --> 01:11:11,040

real it's like Jay Allen Hynek looking

1701

01:11:15,470 --> 01:11:13,050

at a photo of the moon with its craters

1702

01:11:18,020 --> 01:11:15,480

and saying this is a UFO right that we

1703

01:11:20,390 --> 01:11:18,030

just never happen and yet here was

1704

01:11:21,830 --> 01:11:20,400

another example so to go back to what

1705

01:11:24,530 --> 01:11:21,840

you were saying about like is this

1706

01:11:27,530 --> 01:11:24,540

disinformation I don't play that game

1707

01:11:29,060 --> 01:11:27,540

that that often about disinfo and this

1708

01:11:31,030 --> 01:11:29,070

is some kind of secret

1709

01:11:34,100 --> 01:11:31,040

you know agenda that mislead the public

1710

01:11:36,020 --> 01:11:34,110

after I saw that I honestly that's what

1711

01:11:37,549 --> 01:11:36,030

I started leaning towards I'm not ready

1712

01:11:40,399 --> 01:11:37,559

to make that claim don't get me

1713

01:11:43,459 --> 01:11:40,409

but what other way is there to think

1714

01:11:47,529 --> 01:11:43,469

when you have now a pile of red flags

1715

01:11:50,990 --> 01:11:47,539

and then on top of that you have blatant

1716

01:11:52,970 --> 01:11:51,000

you know well we can call it misleading

1717

01:11:55,430 --> 01:11:52,980

we'll just call them mistakes I guess

1718

01:11:58,399 --> 01:11:55,440

but you have these these just huge

1719

01:12:00,950 --> 01:11:58,409

errors in public education and these

1720

01:12:02,779 --> 01:12:00,960

guys have the spotlight you know more

1721

01:12:05,299 --> 01:12:02,789

than me more than you more than anyone

1722

01:12:07,040 --> 01:12:05,309

out there in the UFO field they have the

1723

01:12:09,859 --> 01:12:07,050

spotlight and to be honest with you

1724

01:12:12,200 --> 01:12:09,869

they've collected millions of dollars I

1725

01:12:15,080 --> 01:12:12,210

did not invest either and I know you did

1726

01:12:17,870 --> 01:12:15,090

not either but they've collected money

1727

01:12:20,270 --> 01:12:17,880

millions of it from people like you and

1728

01:12:23,180 --> 01:12:20,280

I that are interested in the truth that

1729

01:12:26,359 --> 01:12:23,190

do want to know more and they're out

1730

01:12:28,459 --> 01:12:26,369

there misinforming the public not caring

1731

01:12:30,950 --> 01:12:28,469

not doing their research however you

1732

01:12:33,890 --> 01:12:30,960

want to look at it any of those

1733

01:12:35,600 --> 01:12:33,900

scenarios is bad and that's what they're

1734

01:12:39,049 --> 01:12:35,610

doing and I think it's it's just it's

1735

01:12:43,640 --> 01:12:39,059

it's a shame it really is it is and I

1736

01:12:45,770 --> 01:12:43,650

mean I I was looking so forward to to

1737

01:12:47,930 --> 01:12:45,780

all of this John I really was I thought

1738

01:12:50,450 --> 01:12:47,940

this is going to be a big step forward

1739

01:12:53,000 --> 01:12:50,460

and every time I think that it's just

1740

01:12:57,020 --> 01:12:53,010

it's three steps back and those people

1741

01:13:00,049 --> 01:12:57,030

who who choose to ignore these things

1742

01:13:02,060 --> 01:13:00,059

you've brought forward and the hesitancy

1743

01:13:03,529 --> 01:13:02,070

of many others as well

1744

01:13:06,620 --> 01:13:03,539

in terms of like their scientific

1745

01:13:09,379 --> 01:13:06,630

research of you know possible alien tech

1746

01:13:11,180 --> 01:13:09,389

or materials we have a lot of scientists

1747

01:13:13,910 --> 01:13:11,190

coming forward and saying they're doing

1748

01:13:17,180 --> 01:13:13,920

it all wrong like they're not this is no

1749

01:13:19,370 --> 01:13:17,190

way you do this and then we have just

1750

01:13:22,310 --> 01:13:19,380

everyone everyone is shouting from the

1751  
01:13:24,410 --> 01:13:22,320  
rooftops be careful and the people who

1752  
01:13:26,390 --> 01:13:24,420  
aren't being careful are probably the

1753  
01:13:28,520 --> 01:13:26,400  
ones I'm gonna be honest who put money

1754  
01:13:30,319 --> 01:13:28,530  
into this and they're afraid to admit

1755  
01:13:31,669 --> 01:13:30,329  
that they might he gotten a little in

1756  
01:13:33,770 --> 01:13:31,679  
over their heads and I think that's what

1757  
01:13:35,779 --> 01:13:33,780  
has happened with this group as well I

1758  
01:13:37,819 --> 01:13:35,789  
think they're in over their heads

1759  
01:13:42,080 --> 01:13:37,829  
maybe DeLong had the best of intentions

1760  
01:13:45,740 --> 01:13:42,090  
but honestly man it seems like he's kind

1761  
01:13:47,839 --> 01:13:45,750  
of getting played and and we're all sort

1762  
01:13:49,779 --> 01:13:47,849  
of getting played at this point so yeah

1763  
01:13:51,759 --> 01:13:49,789

you know you know I don't know what

1764

01:13:53,379 --> 01:13:51,769

we'll say I don't know I don't know

1765

01:13:56,259 --> 01:13:53,389

either I will say this and I didn't mean

1766

01:13:58,390 --> 01:13:56,269

to jump on you but about Tom DeLonge I

1767

01:14:00,310 --> 01:13:58,400

do believe he's genuine I do believe

1768

01:14:03,160 --> 01:14:00,320

that you know taking away everyone else

1769

01:14:05,560 --> 01:14:03,170

I think Tom DeLonge is a genuine person

1770

01:14:07,660 --> 01:14:05,570

who believes too much you know that I

1771

01:14:09,129 --> 01:14:07,670

think that he I don't want to say

1772

01:14:11,439 --> 01:14:09,139

doesn't have the ability cuz I'm sure he

1773

01:14:13,779 --> 01:14:11,449

does but I don't think that he puts in

1774

01:14:16,509 --> 01:14:13,789

the investigation and the time that he

1775

01:14:18,490 --> 01:14:16,519

should have and should at this point

1776

01:14:20,770 --> 01:14:18,500

into some of the things that he says and

1777

01:14:22,529 --> 01:14:20,780

I think the embellishment of you know

1778

01:14:25,629 --> 01:14:22,539

that that kind of stuff is just silly of

1779

01:14:28,270 --> 01:14:25,639

top secret meetings and you know taking

1780

01:14:30,370 --> 01:14:28,280

a picture of a CIA notebook and I mean

1781

01:14:32,020 --> 01:14:30,380

and some of the comments are brutal I

1782

01:14:34,720 --> 01:14:32,030

don't mean to laugh but I mean they're

1783

01:14:36,580 --> 01:14:34,730

they have to notice it's not just John

1784

01:14:39,009 --> 01:14:36,590

Greenwald that's out there you know

1785

01:14:41,080 --> 01:14:39,019

saying hey there's red flags like when

1786

01:14:43,149 --> 01:14:41,090

you look at a post by you know Tom

1787

01:14:46,379 --> 01:14:43,159

DeLonge or even the to the stars Academy

1788

01:14:49,270 --> 01:14:46,389

official page and look at the comments

1789

01:14:51,160 --> 01:14:49,280

YouTube it's brutal it really is like I

1790

01:14:53,439 --> 01:14:51,170

try and stay professional some of these

1791

01:14:56,890 --> 01:14:53,449

people just go for the jugular and they

1792

01:14:58,209 --> 01:14:56,900

don't care you know and and it's sad I

1793

01:15:00,100 --> 01:14:58,219

mean I think a lot of people have some

1794

01:15:02,290 --> 01:15:00,110

great comments but there's others that

1795

01:15:04,600 --> 01:15:02,300

are just brutal and I hope that they I

1796

01:15:06,819 --> 01:15:04,610

hope that they realized that this is a

1797

01:15:09,609 --> 01:15:06,829

great community but it's a community and

1798

01:15:12,310 --> 01:15:09,619

they call it a community for a reason

1799

01:15:14,169 --> 01:15:12,320

and I've never been able to confirm if

1800

01:15:16,899 --> 01:15:14,179

they really said this or not but the

1801

01:15:19,750 --> 01:15:16,909

consensus from what I understood in the

1802

01:15:21,729 --> 01:15:19,760

early days was that they had risen above

1803

01:15:23,680 --> 01:15:21,739

the UFO community and ultimately they

1804

01:15:26,830 --> 01:15:23,690

divorced it I kept hearing the D word

1805

01:15:28,750 --> 01:15:26,840

that they divorced the UFO community and

1806

01:15:30,609 --> 01:15:28,760

that they were ultimately above that

1807

01:15:33,220 --> 01:15:30,619

that they were going for you know

1808

01:15:34,540 --> 01:15:33,230

obviously millions of dollars to be

1809

01:15:36,430 --> 01:15:34,550

raised and they were going to have this

1810

01:15:39,100 --> 01:15:36,440

aerospace division and and they were

1811

01:15:41,020 --> 01:15:39,110

above us peons here in the in the UFO

1812

01:15:43,540 --> 01:15:41,030

community again I'm not saying that I

1813

01:15:46,750 --> 01:15:43,550

found them literally saying that but

1814

01:15:48,759 --> 01:15:46,760

that was the consensus of why they

1815

01:15:50,529 --> 01:15:48,769

weren't talking to not only myself but

1816

01:15:53,109 --> 01:15:50,539

others as well in the field that were

1817

01:15:55,660 --> 01:15:53,119

asking questions that should be asked

1818

01:15:58,330 --> 01:15:55,670

but I tried to man yeah I tried to um

1819

01:16:00,339 --> 01:15:58,340

you know I went to a book signing and I

1820

01:16:01,610 --> 01:16:00,349

got in touch with the PR people and they

1821

01:16:04,910 --> 01:16:01,620

said yes

1822

01:16:07,610 --> 01:16:04,920

and minutes later responded back I said

1823

01:16:09,200 --> 01:16:07,620

sorry never mind no you know so they

1824

01:16:12,410 --> 01:16:09,210

probably looked me up and saw that I was

1825

01:16:15,860 --> 01:16:12,420

in the UFO community yeah a mainstream

1826  
01:16:17,570 --> 01:16:15,870  
vice writer or whatnot yeah but you know

1827  
01:16:20,330 --> 01:16:17,580  
what's crazy is that is that shows like

1828  
01:16:22,790 --> 01:16:20,340  
yours that we bring the audience that is

1829  
01:16:25,760 --> 01:16:22,800  
more willing to pull out the checkbook

1830  
01:16:28,310 --> 01:16:25,770  
and write that investment check into

1831  
01:16:29,870 --> 01:16:28,320  
their corporation why that the marketing

1832  
01:16:32,840 --> 01:16:29,880  
people wouldn't say look this you know

1833  
01:16:35,690 --> 01:16:32,850  
you may reach 10% of the people you will

1834  
01:16:37,130 --> 01:16:35,700  
on Vice news but the amount of people

1835  
01:16:39,590 --> 01:16:37,140  
the percentage of people that will

1836  
01:16:42,350 --> 01:16:39,600  
invest in you if you you know are honest

1837  
01:16:44,600 --> 01:16:42,360  
and have good answers the amount of the

1838  
01:16:47,300 --> 01:16:44,610

higher percentage will make it much more

1839

01:16:49,700 --> 01:16:47,310

worthwhile that's market you know I mean

1840

01:16:51,440 --> 01:16:49,710

if you're it's the it's the basic

1841

01:16:52,850 --> 01:16:51,450

fundamentals of marketing your flyer can

1842

01:16:54,290 --> 01:16:52,860

reach a million people but if the

1843

01:16:56,360 --> 01:16:54,300

majority of them aren't interested why

1844

01:16:58,070 --> 01:16:56,370

did you just reach a million people but

1845

01:17:00,620 --> 01:16:58,080

if your flyer reaches a thousand people

1846

01:17:02,480 --> 01:17:00,630

if everyone who's interested then all of

1847

01:17:04,490 --> 01:17:02,490

a sudden that thousand people is a lot

1848

01:17:07,100 --> 01:17:04,500

more powerful than a million and yet

1849

01:17:10,340 --> 01:17:07,110

they don't really quite understand that

1850

01:17:11,810 --> 01:17:10,350

or understood that but regardless I

1851

01:17:14,030 --> 01:17:11,820

think that these questions need to be

1852

01:17:15,890 --> 01:17:14,040

answered and here's the bigger point

1853

01:17:17,810 --> 01:17:15,900

to that I'll make hopefully quickly but

1854

01:17:19,700 --> 01:17:17,820

the bigger point is less about the

1855

01:17:21,710 --> 01:17:19,710

investments less about hey mister

1856

01:17:24,020 --> 01:17:21,720

elizondo's making this up or Tom DeLonge

1857

01:17:27,740 --> 01:17:24,030

is easily swindled or you know how HUD

1858

01:17:29,060 --> 01:17:27,750

office is is you know secret covert

1859

01:17:32,030 --> 01:17:29,070

government op or whatever the

1860

01:17:33,440 --> 01:17:32,040

conspiracies are beyond all of that I go

1861

01:17:35,570 --> 01:17:33,450

back to the fact that they have the

1862

01:17:39,140 --> 01:17:35,580

spotlight and people like you people

1863

01:17:42,230 --> 01:17:39,150

like me we spend hours days weeks months

1864

01:17:44,420 --> 01:17:42,240

years of Our Lives invested in this

1865

01:17:46,490 --> 01:17:44,430

because it's a passion for them it has

1866

01:17:49,730 --> 01:17:46,500

become a business and I think what they

1867

01:17:52,160 --> 01:17:49,740

need to do is realize that they owe the

1868

01:17:54,710 --> 01:17:52,170

community a little bit more in the form

1869

01:17:57,620 --> 01:17:54,720

of honesty and if they're gonna collect

1870

01:18:01,220 --> 01:17:57,630

people's money like they did they need

1871

01:18:05,240 --> 01:18:01,230

to be truthful and I fear I truly do

1872

01:18:07,310 --> 01:18:05,250

fear that it's gonna backfire and that

1873

01:18:10,580 --> 01:18:07,320

if if to the stars Academy does have a

1874

01:18:12,500 --> 01:18:10,590

slightly malicious intent and they're

1875

01:18:15,049 --> 01:18:12,510

not really on the up-and-up that we

1876

01:18:17,359 --> 01:18:15,059

hoped that they would be

1877

01:18:20,660 --> 01:18:17,369

the next time somebody does get an

1878

01:18:23,899 --> 01:18:20,670

important document or uncovers a real

1879

01:18:26,180 --> 01:18:23,909

Pentagon secret UFO study given that a

1880

01:18:28,850 --> 01:18:26,190

tip maybe isn't that are they going to

1881

01:18:31,189 --> 01:18:28,860

take us seriously and that is ultimately

1882

01:18:34,129 --> 01:18:31,199

what I think people are forgetting more

1883

01:18:36,500 --> 01:18:34,139

than anything else is the longevity of

1884

01:18:38,990 --> 01:18:36,510

this story and that if they are failing

1885

01:18:41,450 --> 01:18:39,000

now the media is not going to take it

1886

01:18:44,569 --> 01:18:41,460

seriously tomorrow now admittedly are

1887

01:18:46,850 --> 01:18:44,579

there more UFO stories sure okay we can

1888

01:18:49,520 --> 01:18:46,860

we can say that some people even call it

1889

01:18:53,390 --> 01:18:49,530

the to the stars or T TSA effect do we

1890

01:18:55,580 --> 01:18:53,400

want to call it that okay I guess I

1891

01:18:57,350 --> 01:18:55,590

think people largely miss that UFO

1892

01:18:59,569 --> 01:18:57,360

stories go viral you know whether they

1893

01:19:02,240 --> 01:18:59,579

be about to the stars or not so I think

1894

01:19:04,339 --> 01:19:02,250

a more serious UFO story has a better

1895

01:19:06,379 --> 01:19:04,349

chance of going viral and they make more

1896

01:19:07,760 --> 01:19:06,389

money so I think we have to take into

1897

01:19:09,760 --> 01:19:07,770

that consideration because we've seen

1898

01:19:13,069 --> 01:19:09,770

that for you know the last ten years

1899

01:19:14,089 --> 01:19:13,079

that's not all to the stars Academy but

1900

01:19:15,950 --> 01:19:14,099

let's just give him the benefit of the

1901

01:19:18,890 --> 01:19:15,960

doubt that they've assured this new era

1902

01:19:21,200 --> 01:19:18,900

in my bigger question that leads into my

1903

01:19:24,169 --> 01:19:21,210

point is why hasn't the New York Times

1904

01:19:26,859 --> 01:19:24,179

done eight follow-up stories since the

1905

01:19:29,450 --> 01:19:26,869

December one and they haven't and

1906

01:19:31,520 --> 01:19:29,460

honestly I think the reason is is

1907

01:19:33,560 --> 01:19:31,530

because now that there's been time to

1908

01:19:36,020 --> 01:19:33,570

research maybe they jumped the gun a

1909

01:19:38,029 --> 01:19:36,030

little bit they realized that it is not

1910

01:19:41,330 --> 01:19:38,039

what they reported so they're letting it

1911

01:19:43,490 --> 01:19:41,340

die there is no reason I don't know if

1912

01:19:45,350 --> 01:19:43,500

it's the number one story but it's got

1913

01:19:47,839 --> 01:19:45,360

to be damn near close of the most

1914

01:19:50,450 --> 01:19:47,849

popular story on the New York Times

1915

01:19:53,140 --> 01:19:50,460

website history because this thing was I

1916

01:19:55,399 --> 01:19:53,150

mean and let's let's face it was insane

1917

01:19:58,689 --> 01:19:55,409

the amount of attention that this got

1918

01:20:01,459 --> 01:19:58,699

they haven't done one follow up come on

1919

01:20:03,939 --> 01:20:01,469

Andy there's only one explanation for

1920

01:20:07,010 --> 01:20:03,949

that and that is they ran the story

1921

01:20:09,169 --> 01:20:07,020

possibly prematurely realize that the

1922

01:20:12,290 --> 01:20:09,179

information was not accurate so they're

1923

01:20:14,959 --> 01:20:12,300

letting it go there you know if again

1924

01:20:18,319 --> 01:20:14,969

basic fundamentals of marketing if you

1925

01:20:20,899 --> 01:20:18,329

have a great you know show with a great

1926

01:20:23,359 --> 01:20:20,909

guest will you never revisit that topic

1927

01:20:23,870 --> 01:20:23,369

or that guest ever again no of course

1928

01:20:25,430 --> 01:20:23,880

not

1929

01:20:27,080 --> 01:20:25,440

you're gonna bring them back and you're

1930

01:20:28,890 --> 01:20:27,090

gonna you do another show and you're

1931

01:20:30,690 --> 01:20:28,900

gonna you know again

1932

01:20:32,190 --> 01:20:30,700

basic fundamentals of marketing you're

1933

01:20:33,030 --> 01:20:32,200

gonna make sure that you milk that as

1934

01:20:34,320 --> 01:20:33,040

much as you can

1935

01:20:36,570 --> 01:20:34,330

I'm not trying to put you on the spot

1936

01:20:39,510 --> 01:20:36,580

but that's that's kind of like how that

1937

01:20:42,090 --> 01:20:39,520

whole thing works yeah yeah oh yeah yeah

1938

01:20:44,220 --> 01:20:42,100

and so for the New York Times to get the

1939

01:20:46,470 --> 01:20:44,230

amount of attention and never do a

1940

01:20:48,960 --> 01:20:46,480

follow up the only major follow up was

1941

01:20:50,850 --> 01:20:48,970

an op-ed that was you know written by it

1942

01:20:53,130 --> 01:20:50,860

to the Stars Academy board member

1943

01:20:55,350 --> 01:20:53,140

published in Washington Post hey look

1944

01:20:57,690 --> 01:20:55,360

and that's not all a bad thing but why

1945

01:21:00,090 --> 01:20:57,700

like why wouldn't all of these

1946

01:21:02,400 --> 01:21:00,100

newspapers do multiple follow-ups and

1947

01:21:04,980 --> 01:21:02,410

they're not and I think it's because now

1948

01:21:08,520 --> 01:21:04,990

you you do have way too many questions

1949

01:21:10,860 --> 01:21:08,530

and red flags and documents and and one

1950

01:21:12,810 --> 01:21:10,870

thing I'll add quickly about the Freedom

1951  
01:21:15,150 --> 01:21:12,820  
of Information Act and documents related

1952  
01:21:16,680 --> 01:21:15,160  
about a tip again this I'm not trying to

1953  
01:21:20,070 --> 01:21:16,690  
come off as pat me on the back for this

1954  
01:21:22,530 --> 01:21:20,080  
but I was able to secure the only real

1955  
01:21:24,720 --> 01:21:22,540  
document that has come out under the

1956  
01:21:26,910 --> 01:21:24,730  
FOIA not public record because I know

1957  
01:21:29,310 --> 01:21:26,920  
there's a congressional document but

1958  
01:21:32,450 --> 01:21:29,320  
under the FOIA that referenced a tip and

1959  
01:21:35,420 --> 01:21:32,460  
this came from the intellipedia system

1960  
01:21:37,950 --> 01:21:35,430  
within the National Security Agency and

1961  
01:21:39,900 --> 01:21:37,960  
intellipedia is like Wikipedia you know

1962  
01:21:42,120 --> 01:21:39,910  
we all use that on the internet the

1963  
01:21:45,570 --> 01:21:42,130

intelligence community uses the exact

1964

01:21:48,300 --> 01:21:45,580

same infrastructure however its internal

1965

01:21:50,160 --> 01:21:48,310

written by people with clearances for

1966

01:21:52,920 --> 01:21:50,170

the most part there's three different

1967

01:21:55,520 --> 01:21:52,930

systems of intellipedia and it's like

1968

01:21:58,830 --> 01:21:55,530

wikipedia articles references

1969

01:22:01,200 --> 01:21:58,840

information when I first filed a FOIA

1970

01:22:03,660 --> 01:22:01,210

request in December I received a no

1971

01:22:05,940 --> 01:22:03,670

records response not a single page in

1972

01:22:09,390 --> 01:22:05,950

the entire and Telep edia systems in all

1973

01:22:11,400 --> 01:22:09,400

three referenced a tip months later I

1974

01:22:15,660 --> 01:22:11,410

actually was able to get a document

1975

01:22:18,720 --> 01:22:15,670

Declassified that did reference a tip

1976

01:22:21,420 --> 01:22:18,730

and did come from the National Security

1977

01:22:24,840 --> 01:22:21,430

Agency it was from intellipedia they had

1978

01:22:29,270 --> 01:22:24,850

updated it finally in late December

1979

01:22:33,330 --> 01:22:29,280

early January and the acronym was

1980

01:22:35,940 --> 01:22:33,340

advanced aviation threat identification

1981

01:22:38,640 --> 01:22:35,950

program why is it important because the

1982

01:22:40,740 --> 01:22:38,650

New York Times was largely sourced for

1983

01:22:42,510 --> 01:22:40,750

what this author who had a top-secret

1984

01:22:42,780 --> 01:22:42,520

clearance we know this because it was

1985

01:22:52,500 --> 01:22:42,790

the

1986

01:22:55,290 --> 01:22:52,510

Times as a reference which said

1987

01:22:58,230 --> 01:22:55,300

aerospace they changed it to aviation

1988

01:23:00,570 --> 01:22:58,240

now why is that in my opinion because

1989

01:23:02,220 --> 01:23:00,580

that's the real name and so that is an

1990

01:23:04,700 --> 01:23:02,230

official as the only one at this point

1991

01:23:07,140 --> 01:23:04,710

will it come out that it is aerospace

1992

01:23:09,870 --> 01:23:07,150

possibly and then you know a couple

1993

01:23:12,150 --> 01:23:09,880

people that hate me for bringing up some

1994

01:23:14,070 --> 01:23:12,160

of these points will attack me on

1995

01:23:16,560 --> 01:23:14,080

Twitter and Facebook I'm sure and say

1996

01:23:18,120 --> 01:23:16,570

see we told you and that could very well

1997

01:23:20,340 --> 01:23:18,130

be true I'm not saying that it's

1998

01:23:22,950 --> 01:23:20,350

aviation all I'm saying is all the

1999

01:23:25,470 --> 01:23:22,960

evidence points to that it is and that

2000

01:23:28,260 --> 01:23:25,480

negates mr. elizondo's testimony and

2001

01:23:31,530 --> 01:23:28,270

ultimately questions who he says he is

2002

01:23:32,130 --> 01:23:31,540

so well you know time will tell with

2003

01:23:34,680 --> 01:23:32,140

that

2004

01:23:37,350 --> 01:23:34,690

sadly the Defense Intelligence Agency is

2005

01:23:39,090 --> 01:23:37,360

largely backlogged on FOIA requests

2006

01:23:41,130 --> 01:23:39,100

that's the reason we don't have more

2007

01:23:43,260 --> 01:23:41,140

documents I don't believe it's a

2008

01:23:46,350 --> 01:23:43,270

cover-up of any kind I've dealt with the

2009

01:23:49,950 --> 01:23:46,360

DIA for years and years now they've

2010

01:23:52,230 --> 01:23:49,960

always been backlogged and it might be

2011

01:23:55,140 --> 01:23:52,240

another year plus before something comes

2012

01:23:56,790 --> 01:23:55,150

out not being a cover-up but again just

2013

01:23:59,190 --> 01:23:56,800

because of the amount of backlog that

2014

01:24:02,370 --> 01:23:59,200

they have at this point dude all we can

2015

01:24:06,750 --> 01:24:02,380

do is kind of sit back and see where the

2016

01:24:09,690 --> 01:24:06,760

ship crashes but I maybe we'll get some

2017

01:24:11,540 --> 01:24:09,700

good you know documentaries or TV shows

2018

01:24:14,310 --> 01:24:11,550

out of it purely for entertainment

2019

01:24:16,080 --> 01:24:14,320

purposes so at the end of the day that's

2020

01:24:17,850 --> 01:24:16,090

what Tom DeLonge is he's an entertainer

2021

01:24:20,370 --> 01:24:17,860

and if this is going to be the way to

2022

01:24:22,800 --> 01:24:20,380

get some cool UFO out there I'm all

2023

01:24:27,510 --> 01:24:22,810

for it but the way things are looking

2024

01:24:29,490 --> 01:24:27,520

I don't know I I'm interested but like

2025

01:24:31,530 --> 01:24:29,500

you said we may not know for a very long

2026

01:24:35,370 --> 01:24:31,540

time if there's any documentation on

2027

01:24:37,380 --> 01:24:35,380

this but I want to sort of wrap things

2028

01:24:40,560 --> 01:24:37,390

up here in terms of documentation with

2029

01:24:43,080 --> 01:24:40,570

something you recently obtained that you

2030

01:24:45,300 --> 01:24:43,090

have been working your ass off for for a

2031

01:24:48,030 --> 01:24:45,310

very long time so let's know the way

2032

01:24:50,190 --> 01:24:48,040

from UFOs it's depressing the out

2033

01:24:52,320 --> 01:24:50,200

of me in terms of to the stars and

2034

01:24:53,850 --> 01:24:52,330

that's nothing to do with you or drink

2035

01:24:56,340 --> 01:24:53,860

yeah

2036

01:24:57,540 --> 01:24:56,350

sip that whiskey my man

2037

01:24:58,830 --> 01:24:57,550

that doesn't have to do with you it's

2038

01:25:00,870 --> 01:24:58,840

the fact that there are so many red

2039

01:25:03,720 --> 01:25:00,880

flags and we need people to point those

2040

01:25:07,440 --> 01:25:03,730

out or or we're doomed we're all doomed

2041

01:25:10,980 --> 01:25:07,450

to live this delusion so let's move to

2042

01:25:13,980 --> 01:25:10,990

something that is real is factual is

2043

01:25:16,670 --> 01:25:13,990

proven and that is something pertaining

2044

01:25:19,560 --> 01:25:16,680

to the CIA and this behavioral

2045

01:25:22,770 --> 01:25:19,570

modification program what did you find

2046

01:25:25,650 --> 01:25:22,780

how long did you fight for this man and

2047

01:25:27,900 --> 01:25:25,660

what can we take away from it the story

2048

01:25:30,140 --> 01:25:27,910

actually goes back to 1999 if you can

2049

01:25:34,050 --> 01:25:30,150

believe it and I my connection to

2050

01:25:35,730 --> 01:25:34,060

MKULTRA and mind control was aiming to

2051

01:25:38,430 --> 01:25:35,740

get not only those documents

2052

01:25:40,470 --> 01:25:38,440

Declassified but ultimately put online

2053

01:25:41,880 --> 01:25:40,480

and don't get me wrong I was not the

2054

01:25:43,410 --> 01:25:41,890

only one fighting for this there was a

2055

01:25:48,630 --> 01:25:43,420

laundry list of people that were doing

2056

01:25:54,480 --> 01:25:48,640

so and finally in finally in about 2003

2057

01:25:55,640 --> 01:25:54,490

2004 I was given a four CD ROM set that

2058

01:25:59,760 --> 01:25:55,650

what I was under the impression

2059

01:26:03,510 --> 01:25:59,770

contained all 30 plus thousand pages

2060

01:26:05,790 --> 01:26:03,520

that were on mind control and MKULTRA

2061

01:26:11,130 --> 01:26:05,800

now obviously that's a show in itself

2062

01:26:13,850 --> 01:26:11,140

but the CIA had largely destroyed by the

2063

01:26:17,670 --> 01:26:13,860

direction of CIA director Richard Helms

2064

01:26:20,310 --> 01:26:17,680

the majority or what he thought all of

2065

01:26:22,650 --> 01:26:20,320

the MKULTRA mind control experiments the

2066

01:26:24,690 --> 01:26:22,660

experiments were awful a lot of times

2067

01:26:27,150 --> 01:26:24,700

they were testing on people without

2068

01:26:29,490 --> 01:26:27,160

their knowledge ended up killing dr.

2069

01:26:32,340 --> 01:26:29,500

Frank Olson who was a CIA scientist at

2070

01:26:35,780 --> 01:26:32,350

the time connected back to a test they

2071

01:26:39,480 --> 01:26:35,790

did with LSD it's really it's it's an

2072

01:26:41,220 --> 01:26:39,490

awful but it's an amazing story and a

2073

01:26:43,950 --> 01:26:41,230

documentary on Netflix that appeared in

2074

01:26:46,530 --> 01:26:43,960

the last year too called wormwood is on

2075

01:26:49,950 --> 01:26:46,540

that very yeah it's on that very topic

2076

01:26:50,820 --> 01:26:49,960

and it was well done they interview Dr

2077

01:26:54,570 --> 01:26:50,830

Frank Olsen's

2078

01:26:55,620 --> 01:26:54,580

son Erik Olson and and and to hear him

2079

01:26:57,330 --> 01:26:55,630

talk about his dad and what he went

2080

01:26:59,250 --> 01:26:57,340

through and and of course the CIA

2081

01:27:00,900 --> 01:26:59,260

labeled it a suicide but there's a lot

2082

01:27:03,680 --> 01:27:00,910

of question marks did the CIA throw him

2083

01:27:08,100 --> 01:27:03,690

out of window I mean it really is a

2084

01:27:10,090 --> 01:27:08,110

crazy story so fast-forward from 2004 so

2085

01:27:12,070 --> 01:27:10,100

I dumped those four cd-roms

2086

01:27:14,740 --> 01:27:12,080

the Internet and that's kind of my

2087

01:27:16,510 --> 01:27:14,750

connection to MKULTRA I for many years

2088

01:27:18,940 --> 01:27:16,520

was the only place to get them now

2089

01:27:21,250 --> 01:27:18,950

they've been copied and you know put all

2090

01:27:21,880 --> 01:27:21,260

over the place but when they were first

2091

01:27:24,220 --> 01:27:21,890

released

2092

01:27:30,610 --> 01:27:24,230

I had dumped them all online and at the

2093

01:27:32,590 --> 01:27:30,620

time in 2004 it was a over a 1.1 gigs of

2094

01:27:34,930 --> 01:27:32,600

information now nowadays that's like wow

2095

01:27:36,970 --> 01:27:34,940

I can download that in 8 seconds back

2096

01:27:39,220 --> 01:27:36,980

then I mean you know this was 14 years

2097

01:27:41,380 --> 01:27:39,230

ago I was a little bit different so I

2098

01:27:44,410 --> 01:27:41,390

had dedicated servers to host all that I

2099

01:27:47,020 --> 01:27:44,420

dumped it all online and in a way it

2100

01:27:49,390 --> 01:27:47,030

went well in addition with those four CD

2101

01:27:51,880 --> 01:27:49,400

ROMs was an index and the index was

2102

01:27:54,400 --> 01:27:51,890

supposed to serve to show you all of the

2103

01:27:56,230 --> 01:27:54,410

document numbers on all four CD ROMs and

2104

01:27:59,230 --> 01:27:56,240

break down what it was

2105

01:28:02,440 --> 01:27:59,240

I never went line for line but fast

2106

01:28:05,530 --> 01:28:02,450

forward to 2016 researcher by the name

2107

01:28:08,890 --> 01:28:05,540

of Oscar Diggs did go line by line and

2108

01:28:13,120 --> 01:28:08,900

went through that entire 85 page index

2109

01:28:15,150 --> 01:28:13,130

and matched up the thousands of images

2110

01:28:18,520 --> 01:28:15,160

that were on all four CD ROMs and

2111

01:28:19,960 --> 01:28:18,530

compiled a list of missing documents he

2112

01:28:22,690 --> 01:28:19,970

sent it to me and said this is what I

2113

01:28:25,690 --> 01:28:22,700

did I was like wow that's pretty amazing

2114

01:28:30,910 --> 01:28:25,700

actually I cross-referenced it is about

2115

01:28:32,680 --> 01:28:30,920

308 possibly 309 pages it was estimated

2116

01:28:35,590 --> 01:28:32,690

to be a couple thousand pages but there

2117

01:28:37,630 --> 01:28:35,600

was no way for us to know for sure I

2118

01:28:39,100 --> 01:28:37,640

started spot checking it the guy was

2119

01:28:42,070 --> 01:28:39,110

right on I mean the documents were not

2120

01:28:46,360 --> 01:28:42,080

there so I filed a FOIA request in March

2121

01:28:49,720 --> 01:28:46,370

of 2016 for those 308 309 documents I

2122

01:28:53,380 --> 01:28:49,730

had no idea that the CIA would push back

2123

01:28:55,660 --> 01:28:53,390

and push back hard on getting a hold of

2124

01:28:59,140 --> 01:28:55,670

those documents and through the course

2125

01:29:01,120 --> 01:28:59,150

of over two and a half years it took me

2126

01:29:03,520 --> 01:29:01,130

a long time to prove to the CIA that

2127

01:29:06,040 --> 01:29:03,530

those documents were missing they

2128

01:29:08,400 --> 01:29:06,050

claimed they were on the CD so I went

2129

01:29:11,020 --> 01:29:08,410

back and actually triple checked and

2130

01:29:13,870 --> 01:29:11,030

nothing was on the CD ROMs now why am I

2131

01:29:16,270 --> 01:29:13,880

saying this well if they were not on the

2132

01:29:18,670 --> 01:29:16,280

cd-rom and I was able to prove it they

2133

01:29:21,700 --> 01:29:18,680

would give them to me for free because I

2134

01:29:24,339 --> 01:29:21,710

paid for those CDs and I was told

2135

01:29:26,950 --> 01:29:24,349

everything on MKULTRA was on it

2136

01:29:29,950 --> 01:29:26,960

they said nope they're on it they're on

2137

01:29:36,310 --> 01:29:29,960

it fought I finally had to create like a

2138

01:29:38,939 --> 01:29:36,320

95 page fax literally a fax of 95 pages

2139

01:29:42,790 --> 01:29:38,949

that broke down the entire directory

2140

01:29:45,700 --> 01:29:42,800

contents of all four CDs and proved to

2141

01:29:48,250 --> 01:29:45,710

them that the documents were were gone

2142

01:29:51,100 --> 01:29:48,260

all of a sudden CIA changed their story

2143

01:29:52,990 --> 01:29:51,110

ah my FOIA case officer they won't even

2144

01:29:54,729 --> 01:29:53,000

tell me and this is unheard of he won't

2145

01:29:57,700 --> 01:29:54,739

even tell me his first name you won't

2146

01:30:01,330 --> 01:29:57,710

even tell me who he is and not the

2147

01:30:03,970 --> 01:30:01,340

nicest person would not acknowledge then

2148

01:30:05,080 --> 01:30:03,980

that I was right he then said the reason

2149

01:30:08,560 --> 01:30:05,090

why you don't have those is they're on

2150

01:30:11,080 --> 01:30:08,570

behavioral modification not on MKULTRA

2151  
01:30:12,879 --> 01:30:11,090  
or mind control and I thought well well

2152  
01:30:15,490 --> 01:30:12,889  
you know that doesn't make sense

2153  
01:30:19,810 --> 01:30:15,500  
so to summarize that again this is going

2154  
01:30:23,200 --> 01:30:19,820  
on for literally years he then said you

2155  
01:30:25,450 --> 01:30:23,210  
have 4358 pages that you need to pay for

2156  
01:30:28,209 --> 01:30:25,460  
those were the missing documents they

2157  
01:30:30,700 --> 01:30:28,219  
were not on mind control not on MKULTRA

2158  
01:30:34,479 --> 01:30:30,710  
but rather this behavioral modification

2159  
01:30:38,290 --> 01:30:34,489  
and so I crouched and vice news covered

2160  
01:30:41,350 --> 01:30:38,300  
it my fight Newsweek covered it I raised

2161  
01:30:42,669 --> 01:30:41,360  
the money in like a day and so I you

2162  
01:30:44,859 --> 01:30:42,679  
know I'm it wasn't a ton of money but

2163  
01:30:47,260 --> 01:30:44,869

the kind of stuff adds up you know and

2164

01:30:49,899 --> 01:30:47,270

so I I sent the check two and a half

2165

01:30:53,620 --> 01:30:49,909

more months go by they sent my check

2166

01:30:55,930 --> 01:30:53,630

back with a stack of pages about 800

2167

01:30:58,300 --> 01:30:55,940

pages all our mind control and MKULTRA

2168

01:31:02,290 --> 01:30:58,310

their letter stated they made a mistake

2169

01:31:06,250 --> 01:31:02,300

that the 800 you know pages were mine

2170

01:31:08,740 --> 01:31:06,260

for free and then all of a sudden about

2171

01:31:11,800 --> 01:31:08,750

twelve hundred and forty five pages of

2172

01:31:13,330 --> 01:31:11,810

that page count disappeared they said

2173

01:31:17,919 --> 01:31:13,340

now there's only two thousand three

2174

01:31:20,800 --> 01:31:17,929

hundred and sixteen so again 1245

2175

01:31:22,209 --> 01:31:20,810

disappeared if that original 800 I'm

2176

01:31:24,339 --> 01:31:22,219

giving them the benefit of the doubt if

2177

01:31:27,910 --> 01:31:24,349

that original 800 came out of that

2178

01:31:29,800 --> 01:31:27,920

number it's only 12:45 if it didn't it's

2179

01:31:30,550 --> 01:31:29,810

over two thousand pages that just

2180

01:31:32,350 --> 01:31:30,560

vanished

2181

01:31:34,990 --> 01:31:32,360

then they said it's two thousand three

2182

01:31:36,700 --> 01:31:35,000

hundred and sixteen pages so I had to

2183

01:31:37,810 --> 01:31:36,710

write another check why they thought

2184

01:31:40,000 --> 01:31:37,820

that they couldn't

2185

01:31:41,560 --> 01:31:40,010

you know cash my first one and you know

2186

01:31:44,020 --> 01:31:41,570

send me a check or something at least

2187

01:31:45,630 --> 01:31:44,030

process it or you know do something I

2188

01:31:48,940 --> 01:31:45,640

mean this is going on for years

2189

01:31:52,920 --> 01:31:48,950

finally in the last two weeks I actually

2190

01:31:56,200 --> 01:31:52,930

got the entire stack of behavioral

2191

01:31:58,300 --> 01:31:56,210

modification documents and they're

2192

01:32:03,270 --> 01:31:58,310

pretty extraordinary to look through

2193

01:32:06,460 --> 01:32:03,280

they deal with hypnosis they deal with

2194

01:32:09,390 --> 01:32:06,470

mind-altering drugs research that they

2195

01:32:12,430 --> 01:32:09,400

were doing on mice on dogs animals

2196

01:32:16,540 --> 01:32:12,440

seeing what kind of effects that they

2197

01:32:19,570 --> 01:32:16,550

can get it it's sickening in a way

2198

01:32:23,980 --> 01:32:19,580

but it's an amazing research to look

2199

01:32:26,230 --> 01:32:23,990

into I have reason to believe that the

2200

01:32:29,440 --> 01:32:26,240

majority of these documents have never

2201

01:32:32,020 --> 01:32:29,450

seen the light of day before that there

2202

01:32:36,010 --> 01:32:32,030

are project names in these documents

2203

01:32:38,890 --> 01:32:36,020

that remain classified this contradicts

2204

01:32:40,260 --> 01:32:38,900

the overall narrative by the CIA that

2205

01:32:43,480 --> 01:32:40,270

they've released everything on

2206

01:32:45,880 --> 01:32:43,490

mind-control behavioral modification and

2207

01:32:48,010 --> 01:32:45,890

so on and yet in these documents our

2208

01:32:51,190 --> 01:32:48,020

project names that they won't even tell

2209

01:32:53,890 --> 01:32:51,200

you the names and so these are I believe

2210

01:32:57,760 --> 01:32:53,900

kind of the tip of the iceberg to some

2211

01:32:59,800 --> 01:32:57,770

really dark sinister stuff that the you

2212

01:33:02,560 --> 01:32:59,810

know that the government is doing oddly

2213

01:33:06,040 --> 01:33:02,570

as well 35 percent

2214

01:33:09,250 --> 01:33:06,050

there was 821 pages which is about 35

2215

01:33:12,970 --> 01:33:09,260

percent of this release that dealt with

2216

01:33:15,760 --> 01:33:12,980

you guessed it MKULTRA and mind-control

2217

01:33:18,880 --> 01:33:15,770

that they still charged me for and they

2218

01:33:21,280 --> 01:33:18,890

lied yet again about what the documents

2219

01:33:23,410 --> 01:33:21,290

contained that's important because I

2220

01:33:26,200 --> 01:33:23,420

they charged me for him and they told me

2221

01:33:30,040 --> 01:33:26,210

that that that I was not supposed to pay

2222

01:33:33,460 --> 01:33:30,050

for anything in regards to MKULTRA so I

2223

01:33:35,260 --> 01:33:33,470

have appealed that and in a weird turn

2224

01:33:39,010 --> 01:33:35,270

of events here like literally in the

2225

01:33:42,640 --> 01:33:39,020

last 48 hours the CIA called me left a

2226

01:33:45,790 --> 01:33:42,650

voicemail like 6 a.m. almost on the

2227

01:33:49,210 --> 01:33:45,800

button and they they refused to process

2228

01:33:51,610 --> 01:33:49,220

my appeal and they said that my case was

2229

01:33:54,910 --> 01:33:51,620

closed which actually in Maya

2230

01:33:57,550 --> 01:33:54,920

is a going against the law that I

2231

01:33:58,660 --> 01:33:57,560

actually have appeal rights yeah it's

2232

01:34:02,440 --> 01:33:58,670

really bizarre

2233

01:34:05,470 --> 01:34:02,450

it really is and yeah I'm reason I don't

2234

01:34:08,410 --> 01:34:05,480

know I mean I wish I knew I've called

2235

01:34:09,850 --> 01:34:08,420

him back and again without this is why I

2236

01:34:11,800 --> 01:34:09,860

brought up that the guy won't even give

2237

01:34:15,670 --> 01:34:11,810

me his name I've talked to him before

2238

01:34:16,690 --> 01:34:15,680

months ago and it got heated on the

2239

01:34:17,500 --> 01:34:16,700

phone like I was trying to remain

2240

01:34:19,900 --> 01:34:17,510

professional I'm like you don't

2241

01:34:21,490 --> 01:34:19,910

understand like I pay your paycheck yeah

2242

01:34:23,470 --> 01:34:21,500

you know what I mean like like you're

2243

01:34:26,860 --> 01:34:23,480

not doing me a favor here this is your

2244

01:34:28,870 --> 01:34:26,870

job I don't get paid for this I have

2245

01:34:30,850 --> 01:34:28,880

wasted hours and hours and hours of my

2246

01:34:33,100 --> 01:34:30,860

time let alone the time that the

2247

01:34:35,440 --> 01:34:33,110

original researcher did on his die you

2248

01:34:37,990 --> 01:34:35,450

know on his time you know this isn't fun

2249

01:34:39,130 --> 01:34:38,000

for me and the guy was was rude I mean

2250

01:34:41,020 --> 01:34:39,140

there's really no other way to put it

2251

01:34:43,510 --> 01:34:41,030

well it's the same gentleman that called

2252

01:34:45,400 --> 01:34:43,520

back he refuses to give his name so when

2253

01:34:48,130 --> 01:34:45,410

I called the hotline they call it a FOIA

2254

01:34:49,840 --> 01:34:48,140

hotline for the CIA there is a nice

2255

01:34:52,780 --> 01:34:49,850

gentleman that does answer the phone I

2256

01:34:54,730 --> 01:34:52,790

know what his name is but he like you

2257

01:34:57,160 --> 01:34:54,740

can't even get transferred to the guys

2258

01:34:58,780 --> 01:34:57,170

desk like like they won't even they'll

2259

01:35:01,750 --> 01:34:58,790

say okay we'll pass it to your case

2260

01:35:03,340 --> 01:35:01,760

manager and he will call you and it's

2261

01:35:06,970 --> 01:35:03,350

like you it's like you're calling some

2262

01:35:08,890 --> 01:35:06,980

dark bunker and Beirut no I mean like

2263

01:35:10,720 --> 01:35:08,900

that's how this one guy acts and it's

2264

01:35:12,910 --> 01:35:10,730

like come on man you're you're you're a

2265

01:35:14,620 --> 01:35:12,920

FOIA officer there's not a single agency

2266

01:35:17,620 --> 01:35:14,630

where the officers don't give me their

2267

01:35:20,560 --> 01:35:17,630

name and so I was told the case was

2268

01:35:22,750 --> 01:35:20,570

closed so the nice the nice gentleman on

2269

01:35:25,150 --> 01:35:22,760

the phone told me why don't you resend

2270

01:35:27,430 --> 01:35:25,160

your letter it will come in through the

2271

01:35:28,690 --> 01:35:27,440

fax five feet from my desk and I will

2272

01:35:31,570 --> 01:35:28,700

take it up the chain of command but

2273

01:35:33,970 --> 01:35:31,580

don't make it an appeal so I said okay

2274

01:35:35,890 --> 01:35:33,980

and so I stripped out the appeal you

2275

01:35:38,290 --> 01:35:35,900

know words and we'll see if I get a

2276

01:35:39,730 --> 01:35:38,300

response but to go back to your question

2277

01:35:40,570 --> 01:35:39,740

how can they do that I really honestly

2278

01:35:43,000 --> 01:35:40,580

don't know

2279

01:35:44,980 --> 01:35:43,010

I've talked to two FOIA attorneys that

2280

01:35:48,580 --> 01:35:44,990

have become friends and acquaintances of

2281

01:35:50,650 --> 01:35:48,590

mine in the last you know 20 years and I

2282

01:35:52,360 --> 01:35:50,660

very rarely try to bother them but this

2283

01:35:54,970 --> 01:35:52,370

was one that I reached out to both of

2284

01:35:57,490 --> 01:35:54,980

them both of them agreed they cannot do

2285

01:35:59,200 --> 01:35:57,500

this so I am NOT an attorney but I've

2286

01:36:01,600 --> 01:35:59,210

learned enough about the law to kind of

2287

01:36:04,630 --> 01:36:01,610

work my way around it but these attorney

2288

01:36:05,170 --> 01:36:04,640

said now they they can't do that so what

2289

01:36:08,020 --> 01:36:05,180

it is

2290

01:36:09,700 --> 01:36:08,030

these documents and and you know the

2291

01:36:12,240 --> 01:36:09,710

topic with the CIA

2292

01:36:14,740 --> 01:36:12,250

you could tell it really struck a nerve

2293

01:36:16,660 --> 01:36:14,750

well in the fact that a lot of the the

2294

01:36:19,150 --> 01:36:16,670

project names are still classified I

2295

01:36:20,770 --> 01:36:19,160

mean that's not that uncommon I mean

2296

01:36:23,020 --> 01:36:20,780

things remain classified for a really

2297

01:36:25,510 --> 01:36:23,030

long time but even after they're

2298

01:36:27,070 --> 01:36:25,520

finished but it could you know again I

2299

01:36:30,040 --> 01:36:27,080

don't want to get too conspiratorial I

2300

01:36:32,140 --> 01:36:30,050

mean they're still going on you you

2301

01:36:34,960 --> 01:36:32,150

mentioned I cut you off there there's a

2302

01:36:37,780 --> 01:36:34,970

missing document yeah John they son it

2303

01:36:40,150 --> 01:36:37,790

sounds a little odd to me yeah and and

2304

01:36:42,100 --> 01:36:40,160

that's with this particular one the

2305

01:36:45,400 --> 01:36:42,110

you're right the project names being

2306

01:36:49,030 --> 01:36:45,410

classified is not necessarily that big

2307

01:36:51,430 --> 01:36:49,040

of a deal with this specific topic it is

2308

01:36:53,770 --> 01:36:51,440

a big deal simply because there are been

2309

01:36:56,320 --> 01:36:53,780

congressional hearings about a lot of

2310

01:36:58,720 --> 01:36:56,330

this mind-control MKULTRA you know

2311

01:37:01,330 --> 01:36:58,730

testing with drugs and stuff so a lot of

2312

01:37:03,850 --> 01:37:01,340

that was forced to be declassified and

2313

01:37:06,100 --> 01:37:03,860

the CIA has always maintained that they

2314

01:37:08,650 --> 01:37:06,110

have released these records so let's say

2315

01:37:10,990 --> 01:37:08,660

you know the Oscar Diggs the original

2316

01:37:12,760 --> 01:37:11,000

researcher who compiled this list did

2317

01:37:15,490 --> 01:37:12,770

not do that I did not go after these

2318

01:37:18,190 --> 01:37:15,500

documents and it has remained the for

2319

01:37:20,260 --> 01:37:18,200

cd-rom set if you were to file a FOIA

2320

01:37:23,320 --> 01:37:20,270

request they would give you that same

2321

01:37:27,400 --> 01:37:23,330

set the reason why I bring that up is

2322

01:37:29,260 --> 01:37:27,410

that is a largely incomplete document

2323

01:37:31,690 --> 01:37:29,270

archive that the CIA is selling to the

2324

01:37:34,060 --> 01:37:31,700

public and yet they're doing so saying

2325

01:37:37,000 --> 01:37:34,070

that it is complete and why is that

2326

01:37:39,610 --> 01:37:37,010

important because there is a huge amount

2327

01:37:42,070 --> 01:37:39,620

of history in these thousands of pages

2328

01:37:44,440 --> 01:37:42,080

that I just got that shows that it goes

2329

01:37:46,990 --> 01:37:44,450

much deeper than what they claim is the

2330

01:37:49,900 --> 01:37:47,000

whole story you follow me on that that

2331

01:37:52,780 --> 01:37:49,910

that that for literally decades they

2332

01:37:55,090 --> 01:37:52,790

have said you know we here's our full

2333

01:37:58,120 --> 01:37:55,100

story this is everything we've compiled

2334

01:38:00,550 --> 01:37:58,130

the cd-rom set yet behind the scenes I

2335

01:38:02,080 --> 01:38:00,560

mean look it took this many years for

2336

01:38:04,990 --> 01:38:02,090

somebody to finally look at that index

2337

01:38:07,270 --> 01:38:05,000

and go line by line and realize it's far

2338

01:38:09,720 --> 01:38:07,280

from complete and then on top of that

2339

01:38:12,280 --> 01:38:09,730

project names that remain classified

2340

01:38:15,580 --> 01:38:12,290

that shows there's much more to this

2341

01:38:18,490 --> 01:38:15,590

story a lot more research needs to be

2342

01:38:19,000 --> 01:38:18,500

done and and those classified project

2343

01:38:20,890 --> 01:38:19,010

names I'm

2344

01:38:23,500 --> 01:38:20,900

to go after to see if I can get them you

2345

01:38:25,270 --> 01:38:23,510

know Declassified but when you look at

2346

01:38:27,850 --> 01:38:25,280

it you realize these are just the

2347

01:38:31,630 --> 01:38:27,860

documents that appeared on that original

2348

01:38:34,630 --> 01:38:31,640

index and the point that I make with

2349

01:38:37,840 --> 01:38:34,640

that is that that's just that index

2350

01:38:40,030 --> 01:38:37,850

there could be tens of thousands of

2351

01:38:42,700 --> 01:38:40,040

other records on these classified

2352

01:38:46,330 --> 01:38:42,710

project names that have never seen the

2353

01:38:48,280 --> 01:38:46,340

light of day at all ever and may not for

2354

01:38:50,800 --> 01:38:48,290

many years to come who knows but there

2355

01:38:52,990 --> 01:38:50,810

are probably a lot more pages to really

2356

01:38:55,260 --> 01:38:53,000

show what they're doing and you might be

2357

01:38:58,660 --> 01:38:55,270

right maybe even to this day who knows

2358

01:39:01,750 --> 01:38:58,670

yeah maybe we only scratch the surface

2359

01:39:03,580 --> 01:39:01,760

but I have just started looking at the

2360

01:39:05,140 --> 01:39:03,590

documents on this John on your website

2361

01:39:08,650 --> 01:39:05,150

so you know wrapping things up here

2362

01:39:11,050 --> 01:39:08,660

where where can we find the website and

2363

01:39:12,910 --> 01:39:11,060

your radio show this is sort of a newer

2364

01:39:15,670 --> 01:39:12,920

endeavor you've brought the black vault

2365

01:39:18,670 --> 01:39:15,680

to life online in podcast and radio

2366

01:39:20,860 --> 01:39:18,680

forms so please give those to us before

2367

01:39:22,720 --> 01:39:20,870

we leave here sure sure I and I

2368

01:40:13,150 --> 01:39:22,730

appreciate that so it's really easy if

2369

01:40:14,770 --> 01:40:13,160

you go to [www.ncpc.org/getreal](http://www.ncpc.org/getreal) it ended

2370

01:40:17,310 --> 01:40:14,780

up being like two and a half hours long

2371

01:40:19,630 --> 01:40:17,320

I didn't mean for it was you know I

2372

01:40:23,290 --> 01:40:19,640

appreciate that but I just kind of did a

2373

01:40:25,720 --> 01:40:23,300

you know a real story an expose based on

2374

01:40:28,540 --> 01:40:25,730

documents you know and then the facts as

2375

01:40:31,690 --> 01:40:28,550

we know it all the way up to the claims

2376

01:40:32,640 --> 01:40:31,700

of you know mr. Elizondo and and what

2377

01:40:35,550 --> 01:40:32,650

the pentagon says

2378

01:40:38,550 --> 01:40:35,560

what he says how in some cases they you

2379

01:40:41,280 --> 01:40:38,560

know collide and and and and contradict

2380

01:40:43,260 --> 01:40:41,290

each other so I have fun in that respect

2381

01:40:46,380 --> 01:40:43,270

doing that show and it got got kind of a

2382

01:40:48,150 --> 01:40:46,390

lot of a lot of comments and and

2383

01:40:50,610 --> 01:40:48,160

download so I wasn't sure how that would

2384

01:40:52,890 --> 01:40:50,620

go over cuz generally I do bring guests

2385

01:40:54,440 --> 01:40:52,900

on and let guests speak and this was the

2386

01:40:57,900 --> 01:40:54,450

first time I just kind of did an

2387

01:40:59,640 --> 01:40:57,910

information only show so you'll see that

2388

01:41:01,650 --> 01:40:59,650

on the right-hand side near the top

2389

01:41:03,150 --> 01:41:01,660

you'll see the logo for the black vault

2390

01:41:06,750 --> 01:41:03,160

radio and then you can download all of

2391

01:41:09,330 --> 01:41:06,760

the episodes again you know I sort of

2392

01:41:12,510 --> 01:41:09,340

look at this whole topic with both

2393

01:41:14,490 --> 01:41:12,520

skeptical eyes and open eyes but at the

2394

01:41:16,560 --> 01:41:14,500

end of the day when when I visit your

2395

01:41:18,660 --> 01:41:16,570

site and I read between the lines of

2396

01:41:20,970 --> 01:41:18,670

these documents that's when I truly

2397

01:41:22,530 --> 01:41:20,980

think there's something to this there

2398

01:41:24,690 --> 01:41:22,540

are things being hidden there are things

2399

01:41:27,090 --> 01:41:24,700

not being hidden and somewhere in

2400

01:41:29,310 --> 01:41:27,100

between those is you know I think that

2401

01:41:31,680 --> 01:41:29,320

truth that both you and I are and so

2402

01:41:35,790 --> 01:41:31,690

many other people are trying to look for

2403

01:41:37,440 --> 01:41:35,800

so I have learned so much tonight from

2404

01:41:40,020 --> 01:41:37,450

this conversation and I know it's only

2405

01:41:42,720 --> 01:41:40,030

begun our conversation and the greater

2406

01:41:45,450 --> 01:41:42,730

conversation to still be had on all of

2407

01:41:47,220 --> 01:41:45,460

this so once again man I have to thank

2408

01:41:49,800 --> 01:41:47,230

you for coming on someone this guy's I

2409
