december 31st of 2018 as always thanks

14

00:00:51,649 --> 00:00:50,609

Gaea this is the paranormal podcast with

15

00:00:54,139 --> 00:00:51,659

Jim Harold

16

00:00:56,119 --> 00:00:54,149

welcome to the paranormal podcast I am

17

00:00:58,879 --> 00:00:56,129

Jim Harold and so glad to be with you

18

00:01:01,129 --> 00:00:58,889

once again and I love traditions and I

19

00:01:04,399 --> 00:01:01,139

think we're starting a new holiday

20

00:01:07,100 --> 00:01:04,409

tradition with me are mr. Clayton Morris

21

00:01:10,279 --> 00:01:07,110

mr. Mike Hanks and mr. Ryan Sprague and

22

00:01:12,230 --> 00:01:10,289

we are doing our newly annual UFO

23

00:01:16,999 --> 00:01:12,240

roundtable as long as they all will join

24

00:01:19,120 --> 00:01:17,009

me and today as this is released at his

25

00:01:21,920 --> 00:01:19,130

Christmas so Merry Christmas gentlemen

26

00:01:24,950 --> 00:01:21,930

yeah Merry Christmas

27

00:01:26,690 --> 00:01:24,960

yeah arias Christmas guys yeah you know

28

00:01:31,399 --> 00:01:26,700

I love this tradition and when you when

29

00:01:35,419 --> 00:01:31,409

you sent out the email 24 hours after

30

00:01:37,789 --> 00:01:35,429

last year's episode wow he's really

31

00:01:41,719 --> 00:01:37,799

jumping on this once I own but this was

32

00:01:44,330 --> 00:01:41,729

actually recorded on January 2nd 2018 so

33

00:01:47,029 --> 00:01:44,340

everybody now but but in all seriousness

34

00:01:48,440 --> 00:01:47,039

now as you're listening to this I may be

35

00:01:51,679 --> 00:01:48,450

Christmas Day last night there I

36

00:01:53,149 --> 00:01:51,689

understand there was a big UFO sighting

37

00:01:56,020 --> 00:01:53,159

it was all over the world and I

38

00:01:59,719 --> 00:01:56,030

understand that even NORAD got involved

39
00:02:01,429 --> 00:01:59,729
yeah yeah NORAD we know I worked in the

40
00:02:03,709 --> 00:02:01,439
TV business we would check in with NORAD

41
00:02:05,450 --> 00:02:03,719
during the you know during the evening

42
00:02:07,459 --> 00:02:05,460
just to see where where Santa was

43
00:02:12,250 --> 00:02:07,469
tracking so they do a good job they do

44
00:02:19,399 --> 00:02:16,250
unidentified flying Fatman yes yes I'm

45
00:02:20,599 --> 00:02:19,409
the unidentified sitting fat man but but

46
00:02:23,089 --> 00:02:20,609
in anyway Merry Christmas everybody

47
00:02:24,319 --> 00:02:23,099
thank you I know we are in honesty

48
00:02:26,509 --> 00:02:24,329
recording this a little bit before

49
00:02:28,129 --> 00:02:26,519
Christmas to be released on Christmas

50
00:02:31,309 --> 00:02:28,139
but gentlemen I know it's a very hectic

51
00:02:33,289 --> 00:02:31,319
time this time of year so thanks for

52
00:02:36,309 --> 00:02:33,299
taking some time away from your families

53
00:02:38,990 --> 00:02:36,319
and from your your holiday merriment and

54
00:02:42,170 --> 00:02:39,000
spending some time to talk UFOs with us

55
00:02:44,479 --> 00:02:42,180
tonight as pleasure yeah and if you like

56
00:02:46,789 --> 00:02:44,489
me Jim you've been snowed in in the

57
00:02:48,140 --> 00:02:46,799
middle of the 2018 snowpocalypse here in

58
00:02:49,939 --> 00:02:48,150
the Appalachian Mountains and you have

59
00:02:52,009 --> 00:02:49,949
such bad cabin fever that you lose your

60
00:02:54,199 --> 00:02:52,019
mind if you didn't have the company of

61
00:02:55,580 --> 00:02:54,209
fine folks like you gentlemen to have

62
00:02:57,319 --> 00:02:55,590
this conversation about so I mean again

63
00:02:59,720 --> 00:02:57,329

I'm just happy to be here all right

64

00:03:01,970 --> 00:02:59,730

well very good let me start out with

65

00:03:04,209 --> 00:03:01,980

this what do you think is the most

66

00:03:07,879 --> 00:03:04,219

significant thing we've seen this year

67

00:03:10,240 --> 00:03:07,889

in the field of UFOs I mean there's been

68

00:03:12,409 --> 00:03:10,250

more chatter there's been more sightings

69

00:03:14,780 --> 00:03:12,419

there's been a little bit more of

70

00:03:16,879 --> 00:03:14,790

releases and documentaries out there I

71

00:03:19,670 --> 00:03:16,889

guess we'll start with the youngest

72

00:03:22,219 --> 00:03:19,680

member of our crew here Ryan I know you

73

00:03:23,539 --> 00:03:22,229

were just at a big conference and and

74

00:03:25,990 --> 00:03:23,549

you really have your finger on the pulse

75

00:03:29,780 --> 00:03:26,000

well what do you think the big story of

76

00:03:31,939 --> 00:03:29,790

2018 has been hmm well I would say Jim

77

00:03:34,429 --> 00:03:31,949

it's actually the resurgence of an old

78

00:03:36,439 --> 00:03:34,439

story one that I'm sure everyone on this

79

00:03:38,059 --> 00:03:36,449

panel knows pretty well and that's the

80

00:03:41,659 --> 00:03:38,069

story of Bob Lazar

81

00:03:43,789 --> 00:03:41,669

I had a the pleasure of going to the

82

00:03:46,009 --> 00:03:43,799

world premiere here in Los Angeles

83

00:03:48,409 --> 00:03:46,019

maybe a week ago I want to say at this

84

00:03:49,999 --> 00:03:48,419

point where filmmaker Jeremy Korb

85

00:03:51,949 --> 00:03:50,009

mm-hmm I've been putting together this

86

00:03:55,009 --> 00:03:51,959

documentary all about Bob Lazar you know

87

00:03:58,339 --> 00:03:55,019

this sort of mythological icon within

88

00:04:00,589 --> 00:03:58,349

ufology the man who put area51 on the

89

00:04:03,289 --> 00:04:00,599

map claimed to have worked there you

90

00:04:05,689 --> 00:04:03,299

know worked on alien technology reverse

91

00:04:09,199 --> 00:04:05,699

engineering it and you know for over 30

92

00:04:12,020 --> 00:04:09,209

years the story kind of once not silent

93

00:04:14,990 --> 00:04:12,030

but Bob Lazar himself went silent in it

94

00:04:17,209 --> 00:04:15,000

for over 30 years people sort of made up

95

00:04:19,459 --> 00:04:17,219

their own stories about what he came

96

00:04:23,180 --> 00:04:19,469

forward with so it was really refreshing

97

00:04:25,170 --> 00:04:23,190

to to see Bob Lazar and get to know the

98

00:04:27,080 --> 00:04:25,180

guy and what he's all about

99

00:04:29,939 --> 00:04:27,090

so it was a very controversial film

100

00:04:32,430 --> 00:04:29,949

released this week and the debate has

101
00:04:35,010 --> 00:04:32,440
only begun again 30 years later

102
00:04:37,920 --> 00:04:35,020
yeah his credibility being called into

103
00:04:39,300 --> 00:04:37,930
question again and and I love you know I

104
00:04:40,620 --> 00:04:39,310
love it one of the one of the pieces

105
00:04:43,050 --> 00:04:40,630
that gets brought up in this this

106
00:04:44,760 --> 00:04:43,060
interview is you know asked whether or

107
00:04:47,610 --> 00:04:44,770
not it bothers them that he's been

108
00:04:48,990 --> 00:04:47,620
widely Lampoon disbelieved what

109
00:04:49,980 --> 00:04:49,000
everyone's saying so you know and I'm

110
00:04:51,300 --> 00:04:49,990
just quoting him he says you know what

111
00:04:53,040 --> 00:04:51,310
else can I say I have better things to

112
00:04:54,420 --> 00:04:53,050
do than come up with this I could have

113
00:04:56,969 --> 00:04:54,430

made up a better lie but I have no

114

00:04:58,740 --> 00:04:56,979

motivation to lie and so I guess you

115

00:05:00,839 --> 00:04:58,750

know does he have a motivation to lie I

116

00:05:03,240 --> 00:05:00,849

mean if you look at you look at the way

117

00:05:04,890 --> 00:05:03,250

that he's been pilloried III don't know

118

00:05:06,450 --> 00:05:04,900

has he has he reaped the benefits of

119

00:05:07,650 --> 00:05:06,460

this I mean those are always the things

120

00:05:09,390 --> 00:05:07,660

that come to mind when you see these

121

00:05:11,580 --> 00:05:09,400

hoaxes or you know these other things

122

00:05:13,200 --> 00:05:11,590

that pop up but for Bob Lazar as you

123

00:05:17,730 --> 00:05:13,210

make it make the point lion-like going

124

00:05:19,529 --> 00:05:17,740

silent for so long why yeah I mean he

125

00:05:21,810 --> 00:05:19,539

did stay clean you know he was under

126

00:05:24,210 --> 00:05:21,820

threats when he first came forward and

127

00:05:25,740 --> 00:05:24,220

everything but like you mentioned

128

00:05:28,469 --> 00:05:25,750

I mean he's not making any money off of

129

00:05:30,689 --> 00:05:28,479

this they they did a pre-screening in

130

00:05:33,899 --> 00:05:30,699

his hometown of Michigan I believe of

131

00:05:36,149 --> 00:05:33,909

the film and every penny of the tickets

132

00:05:38,820 --> 00:05:36,159

went to local Science Foundation's and

133

00:05:40,830 --> 00:05:38,830

and he said specifically I've never made

134

00:05:42,779 --> 00:05:40,840

a dime off of all of this it's it's

135

00:05:45,089 --> 00:05:42,789

actually only hindered and ruin my life

136

00:05:47,100 --> 00:05:45,099

so whatever anyone actually makes of the

137

00:05:49,860 --> 00:05:47,110

whole thing I'm still very on the fence

138

00:05:53,219 --> 00:05:49,870

I can fully admit that it has not

139

00:05:55,110 --> 00:05:53,229

benefited him in the least but it sort

140

00:05:58,560 --> 00:05:55,120

of benefited a lot of us we now know

141

00:05:59,640 --> 00:05:58,570

about area 51 because you know what

142

00:06:00,779 --> 00:05:59,650

something else that you point out there

143

00:06:02,310 --> 00:06:00,789

Ryan and actually coming back to

144

00:06:05,159 --> 00:06:02,320

something that Clayton points out is

145

00:06:06,120 --> 00:06:05,169

really he has probably suffered more as

146

00:06:08,460 --> 00:06:06,130

a result of what he's come out and

147

00:06:11,129 --> 00:06:08,470

talked about then he has profited in any

148

00:06:13,560 --> 00:06:11,139

way to my knowledge he is probably

149

00:06:14,999 --> 00:06:13,570

profited a lot less than many UFO

150

00:06:16,740 --> 00:06:15,009

advocates who actually have books and

151

00:06:18,600 --> 00:06:16,750

things that they sell and that attend

152

00:06:20,339 --> 00:06:18,610

conferences and things regularly now

153

00:06:22,140 --> 00:06:20,349

with Bob Lazar what's really fascinating

154

00:06:23,610 --> 00:06:22,150

to me I think is that the fact that

155

00:06:26,430 --> 00:06:23,620

they're sort of the default position

156

00:06:27,749 --> 00:06:26,440

that many skeptics will take and this

157

00:06:29,040 --> 00:06:27,759

isn't to attack them but it's to make

158

00:06:31,770 --> 00:06:29,050

the observation and I think it's a

159

00:06:33,420 --> 00:06:31,780

fairly valid one that they must presume

160

00:06:35,730 --> 00:06:33,430

or generally do and this goes all the

161

00:06:37,950 --> 00:06:35,740

way back to Philip J class that people

162

00:06:38,559 --> 00:06:37,960

who are engaged in UFOs well first of

163

00:06:40,059 --> 00:06:38,569

all we all know

164

00:06:41,799 --> 00:06:40,069

all this stuff is bogus and therefore if

165

00:06:43,809 --> 00:06:41,809

anyone is claiming they've seen or been

166

00:06:45,399 --> 00:06:43,819

to a place like area 51 and worked on

167

00:06:47,079 --> 00:06:45,409

back-engineered flying saucers or

168

00:06:49,480 --> 00:06:47,089

something like that it must be a hoax it

169

00:06:51,969 --> 00:06:49,490

has to be right and therefore there must

170

00:06:53,230 --> 00:06:51,979

be a financial incentive or he's trying

171

00:06:54,850 --> 00:06:53,240

to become famous there's there's

172

00:06:57,399 --> 00:06:54,860

notoriety there is some sort of an in

173

00:06:59,320 --> 00:06:57,409

you know an incentive and some sort of a

174

00:07:02,019 --> 00:06:59,330

return that he expects from making these

175

00:07:03,969 --> 00:07:02,029

claims with Bob Lazar you kind of see

176

00:07:05,980 --> 00:07:03,979

the opposite in the sense that he I mean

177

00:07:09,010 --> 00:07:05,990

let's just point out the fact that

178

00:07:10,540 --> 00:07:09,020

Stanton Friedman was among the people

179

00:07:12,189 --> 00:07:10,550

who were actually calling his

180

00:07:14,290 --> 00:07:12,199

credibility and the claims that you made

181

00:07:16,749 --> 00:07:14,300

into question so he's gotten it from

182

00:07:18,790 --> 00:07:16,759

both sides both the advocates of UFO

183

00:07:21,219 --> 00:07:18,800

research and and also the skeptics I

184

00:07:22,869 --> 00:07:21,229

don't think that someone who is giving

185

00:07:25,149 --> 00:07:22,879

the proceeds from a film showing like

186

00:07:26,350 --> 00:07:25,159

that you know to the furtherance of

187

00:07:28,779 --> 00:07:26,360

science and someone who has been

188

00:07:31,059 --> 00:07:28,789

claiming to be sort of a you know a

189

00:07:33,459 --> 00:07:31,069

person who though involved to the degree

190

00:07:35,469 --> 00:07:33,469

that he was in the line of work that he

191

00:07:36,999 --> 00:07:35,479

was you know involved with allegedly I

192

00:07:38,379 --> 00:07:37,009

will say that for the time being but I

193

00:07:39,909 --> 00:07:38,389

mean again there's a pretty clear case

194

00:07:41,829 --> 00:07:39,919

being made right now that maybe some

195

00:07:44,049 --> 00:07:41,839

people are verifying some of his claims

196

00:07:45,519 --> 00:07:44,059

from back in the years again you know he

197

00:07:47,199 --> 00:07:45,529

didn't necessarily benefit from all that

198

00:07:50,139 --> 00:07:47,209

was almost in a way an unwilling

199

00:07:51,339 --> 00:07:50,149

participant like many UFO experiences

200

00:07:52,899 --> 00:07:51,349

whether they've seen something whether

201
00:07:54,759 --> 00:07:52,909
they've heard something whether they've

202
00:07:56,859 --> 00:07:54,769
you know had an experience of their own

203
00:07:59,079 --> 00:07:56,869
and then they of course also befall that

204
00:08:00,699 --> 00:07:59,089
same sort of criticism so again when we

205
00:08:02,499 --> 00:08:00,709
look at people and in the default

206
00:08:03,939 --> 00:08:02,509
position that these people must be

207
00:08:06,009 --> 00:08:03,949
trying to make money or benefit from

208
00:08:07,689 --> 00:08:06,019
this in some way guys like Bob Lazar

209
00:08:09,939 --> 00:08:07,699
kind of give us that alternative where

210
00:08:11,469 --> 00:08:09,949
maybe they don't always what did he

211
00:08:12,939 --> 00:08:11,479
stand to gain what was the reason

212
00:08:15,309 --> 00:08:12,949
otherwise and I think that that really

213
00:08:17,319 --> 00:08:15,319

makes for interesting fodder for thought

214

00:08:18,909 --> 00:08:17,329

if nothing else I've always been

215

00:08:21,040 --> 00:08:18,919

fascinated by Bob Lazar though and

216

00:08:23,739 --> 00:08:21,050

frankly the weird kind of parallel

217

00:08:25,389 --> 00:08:23,749

between how credible he sounds versus

218

00:08:26,829 --> 00:08:25,399

but how do you substantiate claims like

219

00:08:28,029 --> 00:08:26,839

that it's always been a conundrum and

220

00:08:30,339 --> 00:08:28,039

that's what I think he's kept us

221

00:08:31,989 --> 00:08:30,349

fascinated all along now one thing that

222

00:08:34,529 --> 00:08:31,999

I'd like to point out here is I don't

223

00:08:36,819 --> 00:08:34,539

know a lot about Bob Lazar he may be

224

00:08:39,670 --> 00:08:36,829

manufacturing this out of whole cloth or

225

00:08:41,199 --> 00:08:39,680

maybe a true true statement and a true

226

00:08:43,600 --> 00:08:41,209

accounting of what happened but I've got

227

00:08:46,600 --> 00:08:43,610

to say this if I recall correctly the

228

00:08:49,600 --> 00:08:46,610

story years ago decades ago was broken

229

00:08:52,340 --> 00:08:49,610

by George Knapp and personally I have a

230

00:08:53,840 --> 00:08:52,350

tremendous amount of respect for

231

00:08:56,540 --> 00:08:53,850

george knapp and if you're judged by the

232

00:08:59,060 --> 00:08:56,550

company you keep I mean I don't think

233

00:09:00,560 --> 00:08:59,070

George Knapp would promote something or

234

00:09:02,450 --> 00:09:00,570

bring something to the public

235

00:09:05,090 --> 00:09:02,460

consciousness that he didn't think had

236

00:09:07,190 --> 00:09:05,100

legs so anytime I've thought of Bob

237

00:09:09,650 --> 00:09:07,200

Lazar I've associated him with George

238

00:09:10,910 --> 00:09:09,660

Knapp and by that Association I think I

239

00:09:13,280 --> 00:09:10,920

would give him a little more credence

240

00:09:16,550 --> 00:09:13,290

and I would just you know Joe Schmo who

241

00:09:19,310 --> 00:09:16,560

comes out and says that ya know that's a

242

00:09:21,590 --> 00:09:19,320

great point George Knapp you know a

243

00:09:23,210 --> 00:09:21,600

great journalist a really great

244

00:09:24,410 --> 00:09:23,220

journalist Ryan I'm peers didn't and I

245

00:09:25,610 --> 00:09:24,420

don't know Myka did you guys see the

246

00:09:28,820 --> 00:09:25,620

documentary Ryan you said you were at

247

00:09:31,130 --> 00:09:28,830

the premiere of it yes did the world

248

00:09:33,020 --> 00:09:31,140

premiere in Los Angeles here Clayton and

249

00:09:35,030 --> 00:09:33,030

then right when it ended is when it

250

00:09:37,280 --> 00:09:35,040

released worldwide to the public so it

251

00:09:39,860 --> 00:09:37,290

was a really cool thing but to add to

252

00:09:42,020 --> 00:09:39,870

that there was actually a Q&A after the

253

00:09:44,720 --> 00:09:42,030

film with George Knapp and asked if he

254

00:09:46,850 --> 00:09:44,730

was there yeah yeah so that was really

255

00:09:50,060 --> 00:09:46,860

interesting to hear you got not only did

256

00:09:52,190 --> 00:09:50,070

you get to hear Bob Lazar in the film

257

00:09:55,190 --> 00:09:52,200

you got to hear him in person as well

258

00:09:57,230 --> 00:09:55,200

and you guys again I'm still really on

259

00:09:59,720 --> 00:09:57,240

the fence with all of it but he seems

260

00:10:01,460 --> 00:09:59,730

like such a genuine guy and he he had

261

00:10:03,290 --> 00:10:01,470

everything to lose nothing to gain with

262

00:10:05,780 --> 00:10:03,300

this and the same with George Knapp he

263

00:10:06,710 --> 00:10:05,790

said you know I lived this I live this

264

00:10:09,050 --> 00:10:06,720

for so long

265

00:10:11,390 --> 00:10:09,060

I broke the story I would not be here

266

00:10:12,770 --> 00:10:11,400

still promoting this story if I didn't

267

00:10:15,200 --> 00:10:12,780

believe there was something to it so I

268

00:10:17,780 --> 00:10:15,210

personally believe something happened

269

00:10:20,180 --> 00:10:17,790

that Bob Lazar saw what he says he saw

270

00:10:22,820 --> 00:10:20,190

what he experienced what that was I

271

00:10:24,980 --> 00:10:22,830

don't know was it planted was it staged

272

00:10:27,500 --> 00:10:24,990

was he a part of that I couldn't tell

273

00:10:30,890 --> 00:10:27,510

you but at the end of the day new eyes

274

00:10:33,320 --> 00:10:30,900

ears and voices are being heard on this

275

00:10:35,240 --> 00:10:33,330

Bob Lazar story to new generations of

276

00:10:37,160 --> 00:10:35,250

people are now now hearing the story

277

00:10:39,020 --> 00:10:37,170

that may not have known it before so

278

00:10:40,850 --> 00:10:39,030

let's get those new questions going

279

00:10:42,770 --> 00:10:40,860

that's what I said well it in some ways

280

00:10:45,020 --> 00:10:42,780

and you know Mike it's your point about

281

00:10:47,360 --> 00:10:45,030

Stanton Friedman I mean the reason we

282

00:10:49,970 --> 00:10:47,370

know about the Roswell crash is because

283

00:10:52,010 --> 00:10:49,980

of Stanton right I mean in many many

284

00:10:53,060 --> 00:10:52,020

years after the fact and so Ryan to your

285

00:10:55,100 --> 00:10:53,070

point like a whole new generation

286

00:10:57,940 --> 00:10:55,110

getting to hear this story for the first

287

00:11:00,110 --> 00:10:57,950

time you know this documentary

288

00:11:01,730 --> 00:11:00,120

presumably you know out there for the

289

00:11:03,560 --> 00:11:01,740

world on Netflix and other places that

290

00:11:04,809 --> 00:11:03,570

people could you know sink their teeth

291

00:11:07,119 --> 00:11:04,819

into and

292

00:11:08,889 --> 00:11:07,129

and and start to investigate this stuff

293

00:11:10,210 --> 00:11:08,899

for the first time so I think you know

294

00:11:12,879 --> 00:11:10,220

it's kind of like everything old is new

295

00:11:17,499 --> 00:11:12,889

again this year it was a kind of a weird

296

00:11:20,169 --> 00:11:17,509

year in ufology yeah and I'll point out

297

00:11:21,999 --> 00:11:20,179

also that you know that with regard to

298

00:11:23,889 --> 00:11:22,009

Bob Lazar well one thing I should point

299

00:11:25,779 --> 00:11:23,899

out were those awesome red Chuck T's

300

00:11:27,189 --> 00:11:25,789

that he wore to the event I think Ryan

301
00:11:29,710 --> 00:11:27,199
maybe you had posted a picture online

302
00:11:31,239 --> 00:11:29,720
that I saw I thought this guy how cool

303
00:11:34,389 --> 00:11:31,249
is that you know he's going full 10th

304
00:11:35,949 --> 00:11:34,399
doctor with the red Chuck but again

305
00:11:37,989 --> 00:11:35,959
there is a ring of truth to what he says

306
00:11:40,599 --> 00:11:37,999
and like you said Clayton bringing his

307
00:11:41,859 --> 00:11:40,609
his story to a new generation is all the

308
00:11:44,009 --> 00:11:41,869
more important because I think we need

309
00:11:46,869 --> 00:11:44,019
new eyes on that aspect of the UFO

310
00:11:48,939 --> 00:11:46,879
enigma again I think all of us here have

311
00:11:51,279 --> 00:11:48,949
probably known and spoken to Stanton

312
00:11:52,719 --> 00:11:51,289
Friedman on numerous occasions and you

313
00:11:53,799 --> 00:11:52,729

know he made his assessment of Bob Lazar

314

00:11:55,809 --> 00:11:53,809

and that was what was so great about

315

00:11:58,179 --> 00:11:55,819

Stanton he didn't go all in on I believe

316

00:12:00,639 --> 00:11:58,189

everybody all the time he also was very

317

00:12:02,439 --> 00:12:00,649

skeptical and you know then again I have

318

00:12:05,109 --> 00:12:02,449

friends who would never associate

319

00:12:06,759 --> 00:12:05,119

themselves by a name with the UFO

320

00:12:08,679 --> 00:12:06,769

community but are interested in that

321

00:12:10,689 --> 00:12:08,689

subject from outside their academics

322

00:12:12,849 --> 00:12:10,699

historians people and backgrounds like

323

00:12:14,919 --> 00:12:12,859

engineering or aerospace whatever got a

324

00:12:17,199 --> 00:12:14,929

lot of people I talked to you know in

325

00:12:18,999 --> 00:12:17,209

those areas and we've been talking off

326

00:12:21,549 --> 00:12:19,009

the you know off the radar off the

327

00:12:23,229 --> 00:12:21,559

record so to speak about Bob Lazar many

328

00:12:25,929 --> 00:12:23,239

of them are like you know he's a

329

00:12:29,349 --> 00:12:25,939

conundrum but nonetheless what he says

330

00:12:31,509 --> 00:12:29,359

seems to bear a ring of truth we're

331

00:12:33,939 --> 00:12:31,519

starting to see things about that story

332

00:12:35,919 --> 00:12:33,949

that perhaps confirm old loose ends that

333

00:12:38,409 --> 00:12:35,929

you know again kind of problematic

334

00:12:40,679 --> 00:12:38,419

beforehand and furthermore he does seem

335

00:12:42,729 --> 00:12:40,689

to be a man who understands the science

336

00:12:45,549 --> 00:12:42,739

applications with regard to the work he

337

00:12:47,049 --> 00:12:45,559

claims he did so again the buzz that is

338

00:12:49,409 --> 00:12:47,059

surrounding him I agree with you Ryan

339

00:12:52,299 --> 00:12:49,419

again that's a huge development for 2018

340

00:12:54,069 --> 00:12:52,309

very close to the ongoing sensation

341

00:12:55,269 --> 00:12:54,079

surrounding the so-called Pentagon UFO

342

00:12:57,369 --> 00:12:55,279

program which I'm sure we'll talk about

343

00:12:59,199 --> 00:12:57,379

some as well but again the Lazar thing

344

00:13:01,539 --> 00:12:59,209

it leaves more questions than answers

345

00:13:03,819 --> 00:13:01,549

but it remains important I think in the

346

00:13:06,219 --> 00:13:03,829

sense that because of that ring of truth

347

00:13:07,749 --> 00:13:06,229

that so many appends to to it you know

348

00:13:09,069 --> 00:13:07,759

we're all still trying to understand

349

00:13:10,479 --> 00:13:09,079

what exactly it means and if it does

350

00:13:12,340 --> 00:13:10,489

mean anything at all it's not just a

351

00:13:14,829 --> 00:13:12,350

hoax we should be careful I get it but

352

00:13:15,939 --> 00:13:14,839

if it means anything at all it could be

353

00:13:18,920 --> 00:13:15,949

something that will further our

354

00:13:21,140 --> 00:13:18,930

knowledge about this broader phenomenon

355

00:13:22,940 --> 00:13:21,150

I was curious Ryan before it before we

356

00:13:25,460 --> 00:13:22,950

move away from this story when you were

357

00:13:27,140 --> 00:13:25,470

you know in the Q&A some stuff tends to

358

00:13:28,940 --> 00:13:27,150

bubble out there you know like at a at

359

00:13:31,780 --> 00:13:28,950

an Apple event you're sitting there and

360

00:13:34,220 --> 00:13:31,790

you do a Q&A later with Steve Jobs

361

00:13:35,930 --> 00:13:34,230

that's where some of the news is made

362

00:13:38,840 --> 00:13:35,940

did anything come out of that Q&A that

363

00:13:41,600 --> 00:13:38,850

struck you well one of the big

364

00:13:45,290 --> 00:13:41,610

contentions with this whole story is

365

00:13:48,260 --> 00:13:45,300

that for many years people said Oh Bob

366

00:13:51,200 --> 00:13:48,270

Lazar said he he saw alien bodies there

367

00:13:54,170 --> 00:13:51,210

at s4 you know the site near area 51 and

368

00:13:58,040 --> 00:13:54,180

he made it specifically clear he said I

369

00:14:01,370 --> 00:13:58,050

never saw alien bodies what I saw were

370

00:14:04,070 --> 00:14:01,380

drawings and photographs in a briefing

371

00:14:07,430 --> 00:14:04,080

document of possible non-human entities

372

00:14:09,800 --> 00:14:07,440

so again clearing up things that that

373

00:14:12,829 --> 00:14:09,810

have been out there for so long and

374

00:14:14,840 --> 00:14:12,839

finally letting him take the mic and and

375

00:14:17,120 --> 00:14:14,850

say what he wanted to say you know in

376

00:14:19,190 --> 00:14:17,130

terms of any big bombshells there are a

377

00:14:21,079 --> 00:14:19,200

few in the in the film itself Clayton

378

00:14:22,790 --> 00:14:21,089

that I won't give away here I think

379

00:14:24,860 --> 00:14:22,800

people should see it but there were a

380

00:14:28,370 --> 00:14:24,870

few things I have to admit I was like

381

00:14:32,240 --> 00:14:28,380

wow okay this this only strengthens the

382

00:14:34,970 --> 00:14:32,250

story for me the authenticity over my

383

00:14:37,070 --> 00:14:34,980

shadow of doubt so if that means

384

00:14:38,570 --> 00:14:37,080

anything and and Myka yep he did have

385

00:14:40,400 --> 00:14:38,580

the Chuck T's on that's that's his

386

00:14:43,970 --> 00:14:40,410

trademark thing with those coke bottle

387

00:14:47,240 --> 00:14:43,980

glasses he has but yeah again this story

388

00:14:50,360 --> 00:14:47,250

I think is never gonna not die and he is

389

00:14:52,220 --> 00:14:50,370

a conundrum it really is now one thing

390

00:14:55,010 --> 00:14:52,230

I'd say about your point getting back to

391

00:14:57,019 --> 00:14:55,020

his story his story the origin in the

392

00:14:59,620 --> 00:14:57,029

story straight from him it becomes like

393

00:15:02,810 --> 00:14:59,630

a game of telephone and if you don't

394

00:15:05,240 --> 00:15:02,820

hear from somebody for 20 years it

395

00:15:06,740 --> 00:15:05,250

starts to become well he said this and

396

00:15:09,019 --> 00:15:06,750

it gets changed a little bit and changed

397

00:15:11,150 --> 00:15:09,029

and all of a sudden he's seen bodies so

398

00:15:12,590 --> 00:15:11,160

I think that's that's very valuable it

399

00:15:14,810 --> 00:15:12,600

just occurred to me another person we

400

00:15:16,579 --> 00:15:14,820

probably should talk about and get kind

401
00:15:18,920 --> 00:15:16,589
of an update on and I'll rely on Mike

402
00:15:20,570 --> 00:15:18,930
and Ryan for this is so much has been

403
00:15:23,300 --> 00:15:20,580
made over the last couple of years of

404
00:15:24,590 --> 00:15:23,310
Tom's alongs involvement and you know

405
00:15:26,870 --> 00:15:24,600
I've heard people this year for example

406
00:15:30,260 --> 00:15:26,880
say well a lot of the people behind the

407
00:15:31,280 --> 00:15:30,270
scenes of the wrongs organization are

408
00:15:33,950 --> 00:15:31,290
the same old P

409
00:15:35,810 --> 00:15:33,960
with new title slapped on them and some

410
00:15:37,880 --> 00:15:35,820
more the same-old same-old

411
00:15:39,470 --> 00:15:37,890
what is in Clayton you're you're

412
00:15:41,090 --> 00:15:39,480
wondering welcome to chime in as well

413
00:15:43,250 --> 00:15:41,100

what's your assessment of the DeLong

414

00:15:45,620 --> 00:15:43,260

project date and in what we saw this

415

00:15:46,940 --> 00:15:45,630

last year if maybe I could lead off on

416

00:15:49,370 --> 00:15:46,950

this one I mean yeah and with Tom

417

00:15:51,170 --> 00:15:49,380

DeLonge I've been fascinated with Tom

418

00:15:53,480 --> 00:15:51,180

DeLonge for far longer than he has been

419

00:15:55,460 --> 00:15:53,490

involved with UFOs and that probably has

420

00:15:57,560 --> 00:15:55,470

to do with the fact that as a kid

421

00:16:00,410 --> 00:15:57,570

growing up I had to endure my younger

422

00:16:03,830 --> 00:16:00,420

brother and his band you know covering

423

00:16:06,620 --> 00:16:03,840

blink-182 songs it was so when we talk

424

00:16:08,750 --> 00:16:06,630

about Lazar being a conundrum I mean

425

00:16:10,550 --> 00:16:08,760

what was truly baffling to me was when

426

00:16:12,380 --> 00:16:10,560

you know Tom DeLonge comes out and he's

427

00:16:13,670 --> 00:16:12,390

very knowledgeable on the UFO subject he

428

00:16:15,380 --> 00:16:13,680

sat down with you know colleagues of

429

00:16:17,030 --> 00:16:15,390

ours Ryan of course Jason and Maureen

430

00:16:18,980 --> 00:16:17,040

well did an interview when they were

431

00:16:20,780 --> 00:16:18,990

still working with open minds with Tom

432

00:16:21,920 --> 00:16:20,790

DeLonge and I remember him doing that

433

00:16:23,690 --> 00:16:21,930

interview with him and thinking at that

434

00:16:26,150 --> 00:16:23,700

time this guy's obviously really

435

00:16:27,920 --> 00:16:26,160

well-read on this subject then when the

436

00:16:30,020 --> 00:16:27,930

to the stars thing comes out which

437

00:16:32,570 --> 00:16:30,030

actually it launched and it had already

438

00:16:34,340 --> 00:16:32,580

made you know a bit of a splash in

439

00:16:36,350 --> 00:16:34,350

certain UFO circles Alejandro Rojas

440

00:16:37,910 --> 00:16:36,360

still working with open minds had

441

00:16:39,470 --> 00:16:37,920

written about this at that point you

442

00:16:41,030 --> 00:16:39,480

know Luis Elizondo who was later

443

00:16:43,430 --> 00:16:41,040

identified as the former head of the

444

00:16:45,230 --> 00:16:43,440

Pentagon's UFO program he was mentioned

445

00:16:47,270 --> 00:16:45,240

by name and his entire background with

446

00:16:49,430 --> 00:16:47,280

that program detailed there at the to

447

00:16:51,200 --> 00:16:49,440

the stars media website so it's

448

00:16:53,180 --> 00:16:51,210

important chronologically speaking to

449

00:16:55,250 --> 00:16:53,190

say that that information actually came

450

00:16:57,680 --> 00:16:55,260

out on Tando Long's website before

451
00:16:58,880 --> 00:16:57,690
Leslie Kean co-authored the article that

452
00:17:01,280 --> 00:16:58,890
appeared in The New York Times which

453
00:17:03,350 --> 00:17:01,290
detailed this so-called pentagon UFO

454
00:17:05,060 --> 00:17:03,360
program the advanced aerospace aviation

455
00:17:07,040 --> 00:17:05,070
you know again they kind of mix those

456
00:17:09,530 --> 00:17:07,050
two terms back back and forth but at the

457
00:17:11,390 --> 00:17:09,540
time that Tom's reported it it was

458
00:17:13,310 --> 00:17:11,400
aerospace so it was advanced aerospace

459
00:17:15,130 --> 00:17:13,320
threat identification program the

460
00:17:17,150 --> 00:17:15,140
Wikipedia page changed that to aviation

461
00:17:19,160 --> 00:17:17,160
seems to be interchangeable but the

462
00:17:21,770 --> 00:17:19,170
point being that again this information

463
00:17:23,930 --> 00:17:21,780

comes out in a very credible publication

464

00:17:25,880 --> 00:17:23,940

at the time everybody's looking at that

465

00:17:27,530 --> 00:17:25,890

simultaneously I'm told the Washington

466

00:17:28,760 --> 00:17:27,540

Post was working on their own article

467

00:17:30,920 --> 00:17:28,770

about it and then they subsequently

468

00:17:32,630 --> 00:17:30,930

published one by that time everybody was

469

00:17:34,670 --> 00:17:32,640

getting into it wired was talking about

470

00:17:37,010 --> 00:17:34,680

it I mean a lot of virtually every

471

00:17:38,930 --> 00:17:37,020

publication at that point had something

472

00:17:40,520 --> 00:17:38,940

to say about this and suddenly UFOs

473

00:17:42,440 --> 00:17:40,530

become a household term again but yeah

474

00:17:44,380 --> 00:17:42,450

at the crux of it all like you said Jim

475

00:17:47,770 --> 00:17:44,390

is Tom DeLonge now

476

00:17:51,039 --> 00:17:47,780

what's interesting to me is that a lot

477

00:17:52,840 --> 00:17:51,049

of people put a whole lot of importance

478

00:17:54,520 --> 00:17:52,850

behind the idea that it was the Pentagon

479

00:17:55,960 --> 00:17:54,530

studying this but again what was

480

00:17:59,049 --> 00:17:55,970

detailed in that report and what has to

481

00:18:00,340 --> 00:17:59,059

be taken into consideration is that it

482

00:18:01,360 --> 00:18:00,350

was a very small amount somewhere in the

483

00:18:02,799 --> 00:18:01,370

neighborhood like twenty-two million

484

00:18:04,900 --> 00:18:02,809

dollars that was appropriated I mean

485

00:18:07,150 --> 00:18:04,910

that ain't a whole lot in terms of

486

00:18:09,340 --> 00:18:07,160

general annual that sounds like a lot

487

00:18:10,750 --> 00:18:09,350

but it's not it's really not I mean

488

00:18:12,580 --> 00:18:10,760

really that was a very small amount

489

00:18:13,810 --> 00:18:12,590

second of all is Harry Reid and others

490

00:18:15,250 --> 00:18:13,820

have pointed out I mean a lot of that

491

00:18:17,080 --> 00:18:15,260

money was funneled right to robert

492

00:18:19,510 --> 00:18:17,090

bigelow and of course Ryan Clayton guys

493

00:18:22,270 --> 00:18:19,520

we knew that Bigelow had been involved

494

00:18:23,770 --> 00:18:22,280

with and was funding MUFON for a number

495

00:18:25,720 --> 00:18:23,780

of years I remember going to a star team

496

00:18:27,310 --> 00:18:25,730

investigator with MUFON at the time and

497

00:18:29,350 --> 00:18:27,320

also talking on the telephone with Roger

498

00:18:31,120 --> 00:18:29,360

Marsh their national communications

499

00:18:32,799 --> 00:18:31,130

director and asking them point-blank I

500

00:18:34,090 --> 00:18:32,809

said guys what is Bigelow doing where's

501
00:18:36,549 --> 00:18:34,100
that money come from what's it being

502
00:18:37,960 --> 00:18:36,559
used for I mean you might say I kind of

503
00:18:39,070 --> 00:18:37,970
sensed that there was something going on

504
00:18:41,020 --> 00:18:39,080
there I never would have guessed that it

505
00:18:42,760 --> 00:18:41,030
was coming from government funding

506
00:18:44,470 --> 00:18:42,770
because Bigelow himself of course is

507
00:18:47,620 --> 00:18:44,480
wealthy as an entrepreneur but this

508
00:18:49,840 --> 00:18:47,630
seems to be the continuation of his in

509
00:18:51,760 --> 00:18:49,850
his interests not only in UFOs but the

510
00:18:54,490 --> 00:18:51,770
ongoing investigations at that of course

511
00:18:56,440 --> 00:18:54,500
famous location skinwalker ranch and I

512
00:19:00,010 --> 00:18:56,450
got to give props to jeremy Korb

513
00:19:03,400 --> 00:19:00,020

because in addition to his I'm sorry

514

00:19:06,430 --> 00:19:03,410

home Jeremy jet doesn't it correctly

515

00:19:07,600 --> 00:19:06,440

home Jeremy Bell hear me okay I thought

516

00:19:08,830 --> 00:19:07,610

I wanna make sure I get his first name

517

00:19:09,220 --> 00:19:08,840

right she may have to make an edit right

518

00:19:11,770 --> 00:19:09,230

there

519

00:19:13,720 --> 00:19:11,780

but Jeremy Korbel I mean with his with

520

00:19:16,900 --> 00:19:13,730

his documentary that he did on Lazar I

521

00:19:19,390 --> 00:19:16,910

mean it's like he's continuing this now

522

00:19:21,490 --> 00:19:19,400

this is kind of new tradition of quite

523

00:19:24,159 --> 00:19:21,500

remarkable storytelling in relation to

524

00:19:25,840 --> 00:19:24,169

this whole this broader UFO enigma that

525

00:19:28,750 --> 00:19:25,850

we see which kind of goes back to

526

00:19:31,090 --> 00:19:28,760

Bigelow in that documentary film that he

527

00:19:32,409 --> 00:19:31,100

made with regard to Bigelow they kind of

528

00:19:34,240 --> 00:19:32,419

lay all this out there that some of that

529

00:19:36,430 --> 00:19:34,250

funding I mean this whole program may go

530

00:19:38,650 --> 00:19:36,440

back to his fascination with that

531

00:19:39,700 --> 00:19:38,660

skinwalker ranch location so to me

532

00:19:40,870 --> 00:19:39,710

that's one of the most interesting

533

00:19:43,060 --> 00:19:40,880

things about this whole thing and

534

00:19:45,039 --> 00:19:43,070

alternative you guys Tom DeLonge seems

535

00:19:46,570 --> 00:19:45,049

to be a nexus but a lot of this goes

536

00:19:48,520 --> 00:19:46,580

back to Bigelow and something who may

537

00:19:50,350 --> 00:19:48,530

have been doing now for years and

538

00:19:51,940 --> 00:19:50,360

partially with government funding I

539

00:19:53,890 --> 00:19:51,950

wonder if you know to your point about

540

00:19:55,210 --> 00:19:53,900

the the entertainment aspect of this I

541

00:19:56,620 --> 00:19:55,220

mean that's certainly what Tom DeLonge

542

00:19:58,930 --> 00:19:56,630

has has said he

543

00:20:00,280 --> 00:19:58,940

set it on coast to coast in multiple

544

00:20:01,240 --> 00:20:00,290

interviews that that's his plan all

545

00:20:04,210 --> 00:20:01,250

along

546

00:20:07,870 --> 00:20:04,220

is to bring you know bring the

547

00:20:11,350 --> 00:20:07,880

paranormal bring ufology bringing the

548

00:20:13,960 --> 00:20:11,360

deep state to the masses through

549

00:20:16,390 --> 00:20:13,970

entertainment and so you know over the

550

00:20:18,760 --> 00:20:16,400

past whatever it has been seven hours we

551
00:20:21,100 --> 00:20:18,770
now have this new report about Tom

552
00:20:24,670 --> 00:20:21,110
DeLonge and that new strange time show

553
00:20:26,470 --> 00:20:24,680
that he's developing at TBS so variety

554
00:20:29,860 --> 00:20:26,480
had been reporting this and I saw this

555
00:20:31,450 --> 00:20:29,870
this morning that he's now launching

556
00:20:33,220 --> 00:20:31,460
this new show based on his successful

557
00:20:37,120 --> 00:20:33,230
graphic novel which he has said all

558
00:20:39,130 --> 00:20:37,130
along in his you know his books and the

559
00:20:41,590 --> 00:20:39,140
graphic novel that this was all part of

560
00:20:43,480 --> 00:20:41,600
it sort of to normalize the discussion

561
00:20:45,550 --> 00:20:43,490
around the deep state to bring it out

562
00:20:47,470 --> 00:20:45,560
and now this show is gonna be on TBS

563
00:20:48,730 --> 00:20:47,480

it's gonna have similar to stranger

564

00:20:51,070 --> 00:20:48,740

things sort of 90s

565

00:20:53,890 --> 00:20:51,080

it's follows in 90s you know teenagers

566

00:20:55,210 --> 00:20:53,900

punk rock teenagers and he says is sort

567

00:20:58,230 --> 00:20:55,220

of a middle finger to everyone else

568

00:21:01,390 --> 00:20:58,240

that's how he describes it um and and

569

00:21:03,340 --> 00:21:01,400

Tom DeLonge huh yeah exactly and so

570

00:21:05,260 --> 00:21:03,350

it'll be a lot of punk rock music in it

571

00:21:07,120 --> 00:21:05,270

but it's gonna have a very deep

572

00:21:09,610 --> 00:21:07,130

paranormal angle to it with the deep

573

00:21:11,830 --> 00:21:09,620

state sort of chasing these teens and I

574

00:21:14,260 --> 00:21:11,840

think he said it whether it's through

575

00:21:16,660 --> 00:21:14,270

screenplays through music through comic

576
00:21:18,520 --> 00:21:16,670
books his goal was to that you know what

577
00:21:21,130 --> 00:21:18,530
with to the Stars program has

578
00:21:22,840 --> 00:21:21,140
entertainment company to bring this to

579
00:21:24,850 --> 00:21:22,850
the forefront and sort of normalize it

580
00:21:27,520 --> 00:21:24,860
so that we're not you know we're sort of

581
00:21:31,810 --> 00:21:27,530
desensitized to it then I guess is his

582
00:21:35,320 --> 00:21:31,820
goal it's very weird oh I was just gonna

583
00:21:37,240 --> 00:21:35,330
add guys I mean yeah Clayton that that

584
00:21:39,220 --> 00:21:37,250
show is coming out and then we know he's

585
00:21:42,460 --> 00:21:39,230
working on at least two other shows of

586
00:21:44,650 --> 00:21:42,470
major networks a movie but they also

587
00:21:47,980 --> 00:21:44,660
have Jim we talked about this on your

588
00:21:51,280 --> 00:21:47,990

show a few months past now is this atom

589

00:21:54,880 --> 00:21:51,290

project yeah that long is working on the

590

00:21:56,590 --> 00:21:54,890

acquisition and data and materials now

591

00:21:58,960 --> 00:21:56,600

this is interesting to me guys I mean

592

00:22:01,930 --> 00:21:58,970

actually going out and looking at

593

00:22:04,510 --> 00:22:01,940

materials that could possibly in huge

594

00:22:06,850 --> 00:22:04,520

letters possibly be alien in origin and

595

00:22:10,060 --> 00:22:06,860

getting them tested and evaluated with

596

00:22:10,600 --> 00:22:10,070

to the Stars Academy now this is really

597

00:22:12,280 --> 00:22:10,610

interesting

598

00:22:15,640 --> 00:22:12,290

we don't know what they're in possession

599

00:22:18,070 --> 00:22:15,650

of how those sort of results our tests

600

00:22:20,140 --> 00:22:18,080

are doing at this point it's been about

601
00:22:22,000 --> 00:22:20,150
five months since they announced this so

602
00:22:23,860 --> 00:22:22,010
I'd love to know what you guys think

603
00:22:26,049 --> 00:22:23,870
about not only as to the Stars looking

604
00:22:28,450 --> 00:22:26,059
at UFO footage and whatnot but they're

605
00:22:31,480 --> 00:22:28,460
going so far as to look at possible

606
00:22:33,220 --> 00:22:31,490
alien wreckage from downed UFOs I mean

607
00:22:36,789 --> 00:22:33,230
they're really going out on a limb here

608
00:22:38,650 --> 00:22:36,799
if you ask me oh I was just gonna say as

609
00:22:42,280 --> 00:22:38,660
I said when we talk Ryan I'm sorry I

610
00:22:44,110 --> 00:22:42,290
interrupt you mica no it I I think it's

611
00:22:45,880 --> 00:22:44,120
great another thing is is that what if

612
00:22:47,919 --> 00:22:45,890
they don't turn up anything but I I

613
00:22:51,280 --> 00:22:47,929

applaud the effort if they can do that

614

00:22:53,740 --> 00:22:51,290

because that is kind of a a new facet if

615

00:22:55,210 --> 00:22:53,750

you will a new phase that we've I don't

616

00:22:57,400 --> 00:22:55,220

think we've seen a lot of people really

617

00:22:59,140 --> 00:22:57,410

focus on that so uh so I applauded go it

618

00:23:01,570 --> 00:22:59,150

go ahead and Mike I'm sorry least not in

619

00:23:03,100 --> 00:23:01,580

the civilian sector and again I would

620

00:23:05,380 --> 00:23:03,110

have to see more evidence I would have

621

00:23:07,330 --> 00:23:05,390

to see more literally like physical

622

00:23:08,350 --> 00:23:07,340

evidence in terms of what they say

623

00:23:10,000 --> 00:23:08,360

they're working with and there has been

624

00:23:12,250 --> 00:23:10,010

a good bit published about that in

625

00:23:13,990 --> 00:23:12,260

fairness but again when we start talking

626

00:23:15,760 --> 00:23:14,000

about like crash retrievals and things

627

00:23:17,289 --> 00:23:15,770

like that I mean that's where things

628

00:23:18,549 --> 00:23:17,299

start getting a little loosey-goosey for

629

00:23:20,440 --> 00:23:18,559

me actually I want to come back to

630

00:23:22,000 --> 00:23:20,450

something that Clayton mentioned I think

631

00:23:24,280 --> 00:23:22,010

this is really important because I

632

00:23:25,330 --> 00:23:24,290

applaud Tom DeLonge what he's doing I

633

00:23:27,130 --> 00:23:25,340

mean come on he's got Lois

634

00:23:29,440 --> 00:23:27,140

Elizondo helped put off all these people

635

00:23:30,580 --> 00:23:29,450

working with his team there's definitely

636

00:23:32,799 --> 00:23:30,590

potential there I think we'd all agree

637

00:23:34,270 --> 00:23:32,809

about that but like you said Clayton the

638

00:23:36,490 --> 00:23:34,280

other issue I see though is that his

639

00:23:37,930 --> 00:23:36,500

initial endeavor which had been

640

00:23:39,340 --> 00:23:37,940

essentially this had been an

641

00:23:41,500 --> 00:23:39,350

entrepreneurial endeavor the strange

642

00:23:44,289 --> 00:23:41,510

times now that's looking like it's being

643

00:23:45,909 --> 00:23:44,299

developed as a TV show and sure there is

644

00:23:47,710 --> 00:23:45,919

the awareness that is brought to the

645

00:23:50,230 --> 00:23:47,720

public in the discussion of these things

646

00:23:51,610 --> 00:23:50,240

through media like he's producing but is

647

00:23:53,169 --> 00:23:51,620

that something and I think this is a

648

00:23:55,630 --> 00:23:53,179

fair question is this something that is

649

00:23:57,970 --> 00:23:55,640

also a red flag is this more from media

650

00:23:59,289 --> 00:23:57,980

more for promotion more for generating

651

00:24:01,600 --> 00:23:59,299

revenue or is this really about

652

00:24:03,730 --> 00:24:01,610

advancing you know scientific knowledge

653

00:24:05,510 --> 00:24:03,740

of the UAP phenomena what do you think

654

00:24:07,580 --> 00:24:05,520

Clayton

655

00:24:09,440 --> 00:24:07,590

yeah it's hard right I mean you're

656

00:24:14,810 --> 00:24:09,450

looking at the motivations of someone to

657

00:24:16,070 --> 00:24:14,820

you know to make money right so yeah you

658

00:24:18,770 --> 00:24:16,080

have all these different programs that

659

00:24:21,710 --> 00:24:18,780

he's got what the secret machines books

660

00:24:25,310 --> 00:24:21,720

he's got the the affinity with that

661

00:24:26,870 --> 00:24:25,320

Peter Levin des that there that to

662

00:24:30,470 --> 00:24:26,880

Ryan's boy that gets the one that bring

663

00:24:31,610 --> 00:24:30,480

into the big screen right yeah I think I

664

00:24:33,380 --> 00:24:31,620

think they're bringing now and yeah and

665

00:24:35,780 --> 00:24:33,390

so you know I kind of go back to

666

00:24:37,700 --> 00:24:35,790

something he had like tweeted about or

667

00:24:40,070 --> 00:24:37,710

posted on Facebook like eight months ago

668

00:24:41,750 --> 00:24:40,080

you know and he and he's you know saying

669

00:24:43,490 --> 00:24:41,760

that the you know the the to the stars

670

00:24:47,390 --> 00:24:43,500

Academy has been working behind the

671

00:24:48,860 --> 00:24:47,400

scenes for a long time you know briefing

672

00:24:52,490 --> 00:24:48,870

with high-level members of the US

673

00:24:55,250 --> 00:24:52,500

government to inform new national

674

00:24:57,799 --> 00:24:55,260

security policy so I think if that's at

675

00:24:59,240 --> 00:24:57,809

the heart of it to inform new national

676

00:25:00,410 --> 00:24:59,250

security policy I mean that's certainly

677

00:25:03,169 --> 00:25:00,420

something that Leslie Kane has been

678

00:25:06,020 --> 00:25:03,179

calling for like let's get out there

679

00:25:08,960 --> 00:25:06,030

let's try to push the government we to

680

00:25:11,990 --> 00:25:08,970

Leslie's point we know that alien craft

681

00:25:14,870 --> 00:25:12,000

exist that were beyond that now I think

682

00:25:17,060 --> 00:25:14,880

we're beyond or beyond that point and so

683

00:25:19,040 --> 00:25:17,070

now it's to get the government to come

684

00:25:21,260 --> 00:25:19,050

forward and if that is really his gold

685

00:25:24,230 --> 00:25:21,270

and I applaud him and and if he's got to

686

00:25:26,510 --> 00:25:24,240

do graphic novels to get us there I just

687

00:25:29,090 --> 00:25:26,520

I kind of question that motivate and

688

00:25:30,860 --> 00:25:29,100

that but hey maybe here's on to

689

00:25:32,900 --> 00:25:30,870

something you know if every week if

690

00:25:34,549 --> 00:25:32,910

kids have access to these graphic novels

691

00:25:37,160 --> 00:25:34,559

that are talking about this the deep

692

00:25:39,169 --> 00:25:37,170

state there's you know there's movies

693

00:25:41,060 --> 00:25:39,179

about it there's books about it and then

694

00:25:42,830 --> 00:25:41,070

we're all sort of yeah that's normal

695

00:25:44,030 --> 00:25:42,840

yeah we know there's a deep state and

696

00:25:46,130 --> 00:25:44,040

that becomes a normal part of the

697

00:25:48,560 --> 00:25:46,140

conversation maybe that forces members

698

00:25:50,540 --> 00:25:48,570

of Congress to push for a new national

699

00:25:52,850 --> 00:25:50,550

security policy I don't know I guess we

700

00:25:54,350 --> 00:25:52,860

won't we won't know for many years to

701
00:25:56,060 --> 00:25:54,360
see if this comes to fruition or not

702
00:25:57,799 --> 00:25:56,070
well if the deep state really exists

703
00:26:05,270 --> 00:25:57,809
that would be huge

704
00:26:06,950 --> 00:26:05,280
but anyway huge huge anyway but here's

705
00:26:08,570 --> 00:26:06,960
something you said that was really kind

706
00:26:11,090 --> 00:26:08,580
of piqued my interest Clayton you said

707
00:26:13,250 --> 00:26:11,100
well we know we know that alien Claire

708
00:26:16,370 --> 00:26:13,260
craft it exists well somebody didn't get

709
00:26:18,419 --> 00:26:16,380
the memo because I settled out a link to

710
00:26:19,919 --> 00:26:18,429
a story from The Guardian back and said

711
00:26:22,980 --> 00:26:19,929
tempura and they go at Great Lengths a

712
00:26:26,070 --> 00:26:22,990
talking about a decrease in UFO

713
00:26:28,289 --> 00:26:26,080

sightings and really if you read this

714

00:26:30,659 --> 00:26:28,299

story it's almost like they're living in

715

00:26:32,279 --> 00:26:30,669

an alternate universe because there's no

716

00:26:35,519 --> 00:26:32,289

acknowledgment of the DeLonge efforts

717

00:26:37,619 --> 00:26:35,529

there's no real acknowledgement of those

718

00:26:40,259 --> 00:26:37,629

articles by people like Leslie Kean

719

00:26:41,909 --> 00:26:40,269

there's no a real acknowledgement fair

720

00:26:44,129 --> 00:26:41,919

acknowledgment about that gun camera

721

00:26:46,799 --> 00:26:44,139

footage and so forth it would almost

722

00:26:51,239 --> 00:26:46,809

like if you read this article know that

723

00:26:53,310 --> 00:26:51,249

stuff happened and it's you know it's

724

00:26:58,649 --> 00:26:53,320

still while there's no real proof and

725

00:27:00,210 --> 00:26:58,659

it's anecdotal and in fact it said I'll

726

00:27:01,919 --> 00:27:00,220

quote from The Guardian furthermore

727

00:27:03,950 --> 00:27:01,929

government disclosure of its own video

728

00:27:07,049 --> 00:27:03,960

footage isn't helping to maintain belief

729

00:27:09,299 --> 00:27:07,059

Joseph Baker's sociology professor at

730

00:27:11,070 --> 00:27:09,309

Tennessee State University great spin

731

00:27:13,799 --> 00:27:11,080

Meister here it's actually better for

732

00:27:15,239 --> 00:27:13,809

UFOs when you have follow just ufologist

733

00:27:16,499 --> 00:27:15,249

can claim that the powers that be know

734

00:27:17,850 --> 00:27:16,509

everything and are hiding it for us

735

00:27:20,190 --> 00:27:17,860

rather than seeing the government

736

00:27:22,999 --> 00:27:20,200

appears to have basically the same info

737

00:27:27,180 --> 00:27:23,009

about UFOs as the public namely grainy

738

00:27:29,549 --> 00:27:27,190

inconclusive visual evidence I you have

739

00:27:31,980 --> 00:27:29,559

gun camera footage and there

740

00:27:33,480 --> 00:27:31,990

pooh-poohing that so and you have the

741

00:27:36,269 --> 00:27:33,490

pilots that come forward in that

742

00:27:38,609 --> 00:27:36,279

interviews closely haste to confirm what

743

00:27:41,700 --> 00:27:38,619

they see a new interview Obama's one

744

00:27:44,129 --> 00:27:41,710

time pilot didn't ya he have Air Force

745

00:27:46,440 --> 00:27:44,139

one pilot I mean yeah you know these

746

00:27:49,350 --> 00:27:46,450

people they've not given up the skeptics

747

00:27:51,180 --> 00:27:49,360

aren't giving up no it's there you can

748

00:27:53,279 --> 00:27:51,190

see you can see it visually and then you

749

00:27:58,109 --> 00:27:53,289

have pilots who are not are not

750

00:27:59,609 --> 00:27:58,119

flustered by much right and who you know

751
00:28:02,759 --> 00:27:59,619
speaking to those who have gone through

752
00:28:05,700 --> 00:28:02,769
the like the Top Gun program and said to

753
00:28:08,190 --> 00:28:05,710
me you you don't have that reaction when

754
00:28:12,149 --> 00:28:08,200
you're so used to seeing something when

755
00:28:15,180 --> 00:28:12,159
something defies your defies your depth

756
00:28:17,190 --> 00:28:15,190
of knowledge from flight it would zip

757
00:28:18,450 --> 00:28:17,200
off at an incredible rate of speed

758
00:28:20,460 --> 00:28:18,460
unlike anything you've ever seen before

759
00:28:22,019 --> 00:28:20,470
that's when you yell that's where we get

760
00:28:23,580 --> 00:28:22,029
these pilots yelling on this gun camera

761
00:28:24,810 --> 00:28:23,590
footage because that's not something

762
00:28:26,580 --> 00:28:24,820
they would normally do they're calm cool

763
00:28:28,080 --> 00:28:26,590

collected and then they come on and do

764

00:28:30,720 --> 00:28:28,090

television interviews to talk about

765

00:28:31,510 --> 00:28:30,730

their experience watching this unfolding

766

00:28:33,730 --> 00:28:31,520

I mean

767

00:28:36,010 --> 00:28:33,740

to just say that it's just some you know

768

00:28:38,410 --> 00:28:36,020

just some grainy footage this this

769

00:28:41,440 --> 00:28:38,420

author of this piece I don't know what

770

00:28:43,450 --> 00:28:41,450

his agenda was yeah if I could add guys

771

00:28:45,220 --> 00:28:43,460

to Mike you and I this is a little

772

00:28:47,140 --> 00:28:45,230

shameless plug here gentlemen so I

773

00:28:49,750 --> 00:28:47,150

apologize we were part of it

774

00:28:51,730 --> 00:28:49,760

okay we were part of a book called UFOs

775

00:28:53,919 --> 00:28:51,740

reframing the debate we each wrote a

776

00:28:54,970 --> 00:28:53,929

chapter in this Rob egoism right ology

777

00:28:59,110 --> 00:28:54,980

yes correct

778

00:29:02,110 --> 00:28:59,120

and Mike mind specifically was bringing

779

00:29:03,610 --> 00:29:02,120

into question is ufology dead and you

780

00:29:05,950 --> 00:29:03,620

know you look at the last sort of

781

00:29:08,530 --> 00:29:05,960

paragraph of this this article Jim by

782

00:29:11,200 --> 00:29:08,540

Sharon Hill paranormal and pseudoscience

783

00:29:13,180 --> 00:29:11,210

researcher and she says I don't you know

784

00:29:14,860 --> 00:29:13,190

I don't think it's dead it's just

785

00:29:17,980 --> 00:29:14,870

children and that was kind of the whole

786

00:29:20,440 --> 00:29:17,990

point of my my chapter in this book is

787

00:29:23,140 --> 00:29:20,450

we're asking new questions we're not

788

00:29:25,299 --> 00:29:23,150

looking at grainy photos anymore we're

789

00:29:27,820 --> 00:29:25,309

not you know taking into account CGI

790

00:29:31,090 --> 00:29:27,830

these days and these you know hoaxes

791

00:29:33,610 --> 00:29:31,100

filled YouTube channels of UFOs that you

792

00:29:36,250 --> 00:29:33,620

smart clicks in that revenue we're

793

00:29:38,440 --> 00:29:36,260

looking at this entire phenomenon with

794

00:29:40,240 --> 00:29:38,450

new eyes a fresh perspective and the one

795

00:29:43,419 --> 00:29:40,250

thing I always like that Michael brings

796

00:29:45,970 --> 00:29:43,429

up is philosophy is not dead it is ever

797

00:29:48,669 --> 00:29:45,980

evolving science itself is ever-changing

798

00:29:49,150 --> 00:29:48,679

so I think it's important to keep in

799

00:29:51,760 --> 00:29:49,160

mind

800

00:29:53,860 --> 00:29:51,770

well maybe UFO sightings may be

801
00:29:57,130 --> 00:29:53,870
decreasing it doesn't mean that the

802
00:29:58,840 --> 00:29:57,140
phenomenon isn't out there or that we're

803
00:30:01,090 --> 00:29:58,850
giving up we just we have too much in

804
00:30:02,740 --> 00:30:01,100
this world to to set our sights and

805
00:30:03,970 --> 00:30:02,750
focus on right now that not a lot of

806
00:30:05,880 --> 00:30:03,980
people are looking up in the sky

807
00:30:08,500 --> 00:30:05,890
Seki i can be honest when i say that

808
00:30:10,600 --> 00:30:08,510
yeah i don't know that i could say that

809
00:30:11,560 --> 00:30:10,610
UFO sightings are really decreasing I

810
00:30:14,350 --> 00:30:11,570
mean that's a highly subjective

811
00:30:15,940 --> 00:30:14,360
statement first and foremost but you see

812
00:30:17,860 --> 00:30:15,950
those kinds of articles all the time

813
00:30:20,410 --> 00:30:17,870

people love to try and say things like

814

00:30:22,419 --> 00:30:20,420

oh is ufology ditto why are you a faux

815

00:30:24,190 --> 00:30:22,429

sightings decreasing I mean what you

816

00:30:26,230 --> 00:30:24,200

might be able to say I think a better

817

00:30:29,620 --> 00:30:26,240

way to say that maybe would be that

818

00:30:32,250 --> 00:30:29,630

there is some statistical data which

819

00:30:34,690 --> 00:30:32,260

suggests that as we see more and more

820

00:30:35,950 --> 00:30:34,700

proliferation of smartphone technologies

821

00:30:38,380 --> 00:30:35,960

you know in cameras in everybody's

822

00:30:41,680 --> 00:30:38,390

pocket that we're seeing fewer quality

823

00:30:43,330 --> 00:30:41,690

UFO sightings as a result now to me

824

00:30:44,650 --> 00:30:43,340

there are real good reasons why that

825

00:30:45,470 --> 00:30:44,660

would be the case because you know back

826

00:30:48,560 --> 00:30:45,480

in the old

827

00:30:50,509 --> 00:30:48,570

not only were people not equipped with

828

00:30:52,129 --> 00:30:50,519

cameras you know on little device that

829

00:30:53,509 --> 00:30:52,139

everyone carried in their pocket and I'm

830

00:30:57,080 --> 00:30:53,519

talking about the glory days a UFO

831

00:30:59,330 --> 00:30:57,090

sightings 1960s 70s 80s 90s not only was

832

00:31:00,919 --> 00:30:59,340

there that but of course what else do

833

00:31:03,529 --> 00:31:00,929

you get on the smartphone you have

834

00:31:05,120 --> 00:31:03,539

access to information you've got apps

835

00:31:06,379 --> 00:31:05,130

that can tell you which satellites

836

00:31:07,759 --> 00:31:06,389

you're going to be where in the sky

837

00:31:09,350 --> 00:31:07,769

where you can see the International

838

00:31:11,480 --> 00:31:09,360

Space Station on any given night you

839

00:31:13,100 --> 00:31:11,490

know you can you can use a stargazing

840

00:31:15,139 --> 00:31:13,110

app to find out whether or not indeed

841

00:31:17,620 --> 00:31:15,149

that is Venus you're looking at or

842

00:31:20,029 --> 00:31:17,630

something else I mean there are a lot of

843

00:31:22,070 --> 00:31:20,039

technologies afforded us these days

844

00:31:23,840 --> 00:31:22,080

which we didn't have back in the old

845

00:31:25,460 --> 00:31:23,850

days and so I think as technology is

846

00:31:28,100 --> 00:31:25,470

changing the way we interpret our

847

00:31:30,740 --> 00:31:28,110

environment is changing to where we get

848

00:31:31,940 --> 00:31:30,750

our media has changed and whether you

849

00:31:33,649 --> 00:31:31,950

know again rather than seeing something

850

00:31:35,840 --> 00:31:33,659

on the nightly news or reading in a UFO

851

00:31:37,009 --> 00:31:35,850

magazine like people that decades ago we

852

00:31:38,810 --> 00:31:37,019

can get this stuff and we can set up

853

00:31:40,970 --> 00:31:38,820

alerts on our smartphones and we're kept

854

00:31:42,139 --> 00:31:40,980

in the loop so to speak about these

855

00:31:43,850 --> 00:31:42,149

kinds of things and I think that

856

00:31:46,639 --> 00:31:43,860

generally people are more informed and

857

00:31:48,500 --> 00:31:46,649

those reports which were truly more

858

00:31:50,870 --> 00:31:48,510

likely to be miss identification of

859

00:31:52,399 --> 00:31:50,880

prosaic phenomena have decreased as

860

00:31:54,980 --> 00:31:52,409

people are more informed than they have

861

00:31:57,139 --> 00:31:54,990

greater access to information so our UFO

862

00:31:58,970 --> 00:31:57,149

sightings really decreasing or is the

863

00:32:01,399 --> 00:31:58,980

way that we're gathering information in

864

00:32:04,070 --> 00:32:01,409

total and mass changing I think it's the

865

00:32:07,100 --> 00:32:04,080

latter and I think also to your point

866

00:32:08,779 --> 00:32:07,110

that people don't necessarily assume

867

00:32:11,149 --> 00:32:08,789

it's little green men when they see

868

00:32:13,610 --> 00:32:11,159

something in the sky now they think well

869

00:32:16,070 --> 00:32:13,620

it could be a drone it could be a people

870

00:32:18,830 --> 00:32:16,080

not only is a technology helped I think

871

00:32:21,379 --> 00:32:18,840

in general people have become a little

872

00:32:23,299 --> 00:32:21,389

more educated so maybe they don't say oh

873

00:32:26,480 --> 00:32:23,309

I you know I saw something that was

874

00:32:28,279 --> 00:32:26,490

obviously like a meteorite or something

875

00:32:29,180 --> 00:32:28,289

I don't call in and say oh you know

876

00:32:32,389 --> 00:32:29,190

we're being invaded

877

00:32:35,090 --> 00:32:32,399

but maybe the quality maybe is going up

878

00:32:38,000 --> 00:32:35,100

the quantity might be going down we are

879

00:32:40,360 --> 00:32:38,010

on the annual UFO roundtable our guests

880

00:32:42,889 --> 00:32:40,370

are Ryan Sprague Clayton Morris and the

881

00:32:44,570 --> 00:32:42,899

fantastic Micah Hanks and we'll be back

882

00:32:47,090 --> 00:32:44,580

right after this on the paranormal

883

00:32:49,279 --> 00:32:47,100

podcast the paranormal podcast is

884

00:32:51,080 --> 00:32:49,289

brought to you by Gaia the streaming TV

885

00:32:53,299 --> 00:32:51,090

service dedicated to exploring the

886

00:32:56,990 --> 00:32:53,309

cutting edge of metaphysics ancient

887

00:32:58,519 --> 00:32:57,000

wisdom and the unexplained and Gaia has

888

00:32:59,270 --> 00:32:58,529

a great deal that you're gonna want to

889

00:33:02,150 --> 00:32:59,280

take

890

00:33:03,650 --> 00:33:02,160

advantage of first month for only 99

891

00:33:06,410 --> 00:33:03,660

cents and you're gonna want to do that

892

00:33:09,980 --> 00:33:06,420

over a guy accom slash gym right away

893

00:33:11,660 --> 00:33:09,990

because that dl expires on December 31st

894

00:33:13,820 --> 00:33:11,670

of 2018

895

00:33:15,830 --> 00:33:13,830

now maybe you're a subscriber to one of

896

00:33:18,080 --> 00:33:15,840

the big video streaming services out

897

00:33:20,690 --> 00:33:18,090

there they do a great job with comedies

898

00:33:21,980 --> 00:33:20,700

and drama filled stuff but where do you

899

00:33:23,900 --> 00:33:21,990

go when you want to look for the

900

00:33:26,810 --> 00:33:23,910

cognitive content you hear on these

901
00:33:30,140 --> 00:33:26,820
shows but in video well there's only one

902
00:33:31,540 --> 00:33:30,150
answer and that answer is guy on and you

903
00:33:34,310 --> 00:33:31,550
can watch it on all of your devices

904
00:33:36,680 --> 00:33:34,320
Apple TV or iPhone your iPad your

905
00:33:39,680 --> 00:33:36,690
chromecast your fire TV your roku your

906
00:33:43,310 --> 00:33:39,690
Android devices your computer if you're

907
00:33:44,540 --> 00:33:43,320
listening to me you can watch guy now we

908
00:33:47,240 --> 00:33:44,550
know there's a lot of video on the

909
00:33:48,830 --> 00:33:47,250
internet but it is not high quality what

910
00:33:51,020 --> 00:33:48,840
you need if you're interested in these

911
00:33:53,120 --> 00:33:51,030
topics you want the best and that's what

912
00:33:54,980 --> 00:33:53,130
you get from Gaea they're exclusive

913
00:33:57,560 --> 00:33:54,990

content and content that they bring in

914

00:34:00,140 --> 00:33:57,570

from third-party producers it really is

915

00:34:02,000 --> 00:34:00,150

the best and every week they send me a

916

00:34:04,400 --> 00:34:02,010

spreadsheet and they say Jim here the

917

00:34:06,350 --> 00:34:04,410

new shows coming up and I say I gotta

918

00:34:08,540 --> 00:34:06,360

watch this I gotta watch this and I

919

00:34:10,130 --> 00:34:08,550

gotta watch that and here's what you're

920

00:34:13,280 --> 00:34:10,140

missing if you're not a part of Gaea

921

00:34:15,470 --> 00:34:13,290

this week disclosure the dolphin

922

00:34:16,909 --> 00:34:15,480

connection with Pete Peterson the

923

00:34:19,639 --> 00:34:16,919

question is is there a connection

924

00:34:21,350 --> 00:34:19,649

between dolphins and aliens Pete

925

00:34:23,570 --> 00:34:21,360

Peterson explains that we can form

926
00:34:27,050 --> 00:34:23,580
telepathic connections with dolphins and

927
00:34:27,430 --> 00:34:27,060
some et species he says are doing just

928
00:34:29,480 --> 00:34:27,440
that

929
00:34:32,360 --> 00:34:29,490
fascinating food for thought or perhaps

930
00:34:33,320 --> 00:34:32,370
you want to check out beyond belief with

931
00:34:36,139 --> 00:34:33,330
George Noory

932
00:34:38,510 --> 00:34:36,149
anomalous structures on Mars with George

933
00:34:40,700 --> 00:34:38,520
Oz George highlights some of the most

934
00:34:42,470 --> 00:34:40,710
striking features and string structures

935
00:34:44,810 --> 00:34:42,480
found on Mars which hint to the

936
00:34:47,540 --> 00:34:44,820
existence of an ancient civilization

937
00:34:50,630 --> 00:34:47,550
that endured a planet-wide catastrophe

938
00:34:51,770 --> 00:34:50,640

again very interesting stuff as always

939

00:34:53,990 --> 00:34:51,780

on gaia

940

00:34:55,520 --> 00:34:54,000

now that's just a tiny bit of what you

941

00:34:57,380 --> 00:34:55,530

get with Gaia and you can't get it

942

00:35:00,680 --> 00:34:57,390

anywhere else and you can't get it

943

00:35:03,560 --> 00:35:00,690

unless you are a member of Gaia now go

944

00:35:06,050 --> 00:35:03,570

over to Gaia comms last Jim that's GA ia

945

00:35:07,520 --> 00:35:06,060

comm slash Jim and there's some videos

946

00:35:10,550 --> 00:35:07,530

over there now we've been talking about

947

00:35:13,000 --> 00:35:10,560

this for a long time we just refresh the

948

00:35:14,680 --> 00:35:13,010

videos so now you have some new videos

949

00:35:16,390 --> 00:35:14,690

look at you don't have to sign up on

950

00:35:18,340 --> 00:35:16,400

this part or anything you could just

951

00:35:20,320 --> 00:35:18,350

watch these videos for free to get a

952

00:35:22,000 --> 00:35:20,330

sense of what guy is and they're so

953

00:35:24,160 --> 00:35:22,010

confident and I'm so confident you'll

954

00:35:26,140 --> 00:35:24,170

say Jim is right that they're offering

955

00:35:28,930 --> 00:35:26,150

these videos up for free for you to

956

00:35:30,970 --> 00:35:28,940

watch a unified theory of the paranormal

957

00:35:33,940 --> 00:35:30,980

that's a fascinating subject that's a

958

00:35:36,160 --> 00:35:33,950

new video up there at gaya calm / Jim

959

00:35:39,730 --> 00:35:36,170

paranormal common sense with John

960

00:35:41,830 --> 00:35:39,740

D'Souza John is a FBI special agent or a

961

00:35:43,600 --> 00:35:41,840

former FBI special agent he's been on

962

00:35:46,240 --> 00:35:43,610

our shows fascinating guests and you can

963

00:35:48,880 --> 00:35:46,250

watch that video over at guide.com/slash

964

00:35:51,880 --> 00:35:48,890

Jim also George Noory interviews Loren

965

00:35:54,760 --> 00:35:51,890

Coleman the legendary cryptozoologist

966

00:35:57,100 --> 00:35:54,770

that's a guy com / Jim as is an

967

00:35:59,470 --> 00:35:57,110

interview with Jason rice talking about

968

00:36:01,480 --> 00:35:59,480

his experiences within the secret space

969

00:36:02,830 --> 00:36:01,490

program once you watch them I'm

970

00:36:05,230 --> 00:36:02,840

convinced you're gonna want to sign up

971

00:36:07,120 --> 00:36:05,240

and now is a great time to do so 99

972

00:36:10,810 --> 00:36:07,130

cents for your first month but hurry up

973

00:36:13,150 --> 00:36:10,820

because that offer expires December 31st

974

00:36:15,700 --> 00:36:13,160

2018 and you're gonna want to take

975

00:36:19,480 --> 00:36:15,710

advantage of it so go to gaya.com DICOM

976
00:36:21,130 --> 00:36:19,490
slash Jim that's GA I am / Jim to see

977
00:36:23,260 --> 00:36:21,140
what's happening on the largest

978
00:36:25,720 --> 00:36:23,270
consciousness media streaming platform

979
00:36:28,810 --> 00:36:25,730
in the world I love it you'll love it

980
00:36:31,150 --> 00:36:28,820
thanks gaya we're back on the paranormal

981
00:36:33,700 --> 00:36:31,160
podcast so glad to be with my friends

982
00:36:36,640 --> 00:36:33,710
here Micah Hanks Clayton Morris and Ryan

983
00:36:38,050 --> 00:36:36,650
Sprague talking UFOs as we've done the

984
00:36:40,390 --> 00:36:38,060
last couple of years and I hope it's a

985
00:36:42,310 --> 00:36:40,400
tradition that lasts for many years to

986
00:36:43,900 --> 00:36:42,320
come now Clayton I know you had

987
00:36:47,530 --> 00:36:43,910
something you wanted to mention before

988
00:36:49,630 --> 00:36:47,540

the break yeah you know we had we had

989

00:36:50,920 --> 00:36:49,640

some pretty big stories this year that I

990

00:36:53,410 --> 00:36:50,930

don't think got the coverage they

991

00:36:54,670 --> 00:36:53,420

deserved you know you look at stuff you

992

00:36:57,880 --> 00:36:54,680

know you talk about like Anthony

993

00:36:59,800 --> 00:36:57,890

Weiner's laptop right I mean there you

994

00:37:01,720 --> 00:36:59,810

know the hidden file right the hidden

995

00:37:04,750 --> 00:37:01,730

file called life insurance that was on

996

00:37:06,870 --> 00:37:04,760

his laptop which you know a lot of

997

00:37:09,280 --> 00:37:06,880

insider saying that that you know an

998

00:37:11,170 --> 00:37:09,290

incredible amount of information that

999

00:37:13,570 --> 00:37:11,180

would just shatter our belief system

1000

00:37:15,850 --> 00:37:13,580

about the deep state and and you know

1001
00:37:17,680 --> 00:37:15,860
this is life insurance policy like hey

1002
00:37:19,270 --> 00:37:17,690
if this ever gets out unprotected

1003
00:37:21,820 --> 00:37:19,280
because I have this information on this

1004
00:37:23,110 --> 00:37:21,830
laptop but you look at like the 30,000

1005
00:37:24,070 --> 00:37:23,120
sealed indictments that have been out

1006
00:37:25,570 --> 00:37:24,080
there and only three

1007
00:37:28,870 --> 00:37:25,580
of them have been unsealed one of which

1008
00:37:30,730 --> 00:37:28,880
was one of which was this this laptop

1009
00:37:33,100 --> 00:37:30,740
story in other words was it that um

1010
00:37:36,460 --> 00:37:33,110
what's-her-name Mac what's-her-name from

1011
00:37:39,400 --> 00:37:36,470
a small dill Mac oh yeah oh yeah he

1012
00:37:40,750 --> 00:37:39,410
talked about another crazy story I mean

1013
00:37:42,340 --> 00:37:40,760

you know that was one of the other

1014

00:37:44,140 --> 00:37:42,350

sealed indictments that was opened this

1015

00:37:46,180 --> 00:37:44,150

year but there was a lot of the sort of

1016

00:37:48,130 --> 00:37:46,190

mysterious deep state stuff that started

1017

00:37:50,080 --> 00:37:48,140

to bubble to the surface this year and I

1018

00:37:52,000 --> 00:37:50,090

think it's disingenuous to say that you

1019

00:37:54,340 --> 00:37:52,010

know that there's there's maybe less

1020

00:37:56,200 --> 00:37:54,350

interest less awareness about it and all

1021

00:37:58,450 --> 00:37:56,210

you need to do - I think mica to your

1022

00:38:01,630 --> 00:37:58,460

point you go to YouTube now and because

1023

00:38:03,070 --> 00:38:01,640

of google's AI and their algorithm that

1024

00:38:05,110 --> 00:38:03,080

they're bubbling to the surface things

1025

00:38:07,060 --> 00:38:05,120

that you never knew existed before I

1026

00:38:09,070 --> 00:38:07,070

think we now have more access on a

1027

00:38:12,460 --> 00:38:09,080

personalized level - you know you just

1028

00:38:13,990 --> 00:38:12,470

do a little search for you know UFO

1029

00:38:16,030 --> 00:38:14,000

footage or something guess what you're

1030

00:38:18,820 --> 00:38:16,040

gonna start to see a lot more videos

1031

00:38:20,770 --> 00:38:18,830

about deep state interviews with people

1032

00:38:22,870 --> 00:38:20,780

like Bob Lazar and others that are gonna

1033

00:38:24,700 --> 00:38:22,880

start to show up in your news feed in

1034

00:38:26,350 --> 00:38:24,710

YouTube in a way that you know we

1035

00:38:28,150 --> 00:38:26,360

wouldn't have had access to years ago

1036

00:38:29,710 --> 00:38:28,160

how difficult would it have been to try

1037

00:38:32,560 --> 00:38:29,720

to dig through and find these

1038

00:38:35,440 --> 00:38:32,570

documentaries and stories and video

1039

00:38:37,780 --> 00:38:35,450

interviews with with insiders who are on

1040

00:38:39,130 --> 00:38:37,790

their deathbed now it all just bubbles

1041

00:38:41,980 --> 00:38:39,140

to the surface right in your newsfeed

1042

00:38:43,630 --> 00:38:41,990

very very interesting indeed I was gonna

1043

00:38:46,960 --> 00:38:43,640

say something something to boot a bubble

1044

00:38:49,600 --> 00:38:46,970

to my newsfeed last week and immediately

1045

00:38:53,590 --> 00:38:49,610

it caught my attention a NASA scientist

1046

00:38:56,410 --> 00:38:53,600

in a major research paper said that tiny

1047

00:38:58,360 --> 00:38:56,420

aliens may have visited us and we just

1048

00:39:02,680 --> 00:38:58,370

didn't know it and I love the way that

1049

00:39:05,200 --> 00:39:02,690

this scientist Silvana P Callum bono of

1050

00:39:07,900 --> 00:39:05,210

NASA's intelligent systems division put

1051
00:39:11,740 --> 00:39:07,910
this he talked about the idea that that

1052
00:39:14,440 --> 00:39:11,750
we may be looking for a and basically

1053
00:39:16,780 --> 00:39:14,450
paraffin he didn't say this but I'm in

1054
00:39:20,050 --> 00:39:16,790
so many words but the truth may actually

1055
00:39:21,550 --> 00:39:20,060
be Z and another thing that wasn't

1056
00:39:24,070 --> 00:39:21,560
actually in this article I sent along

1057
00:39:25,990 --> 00:39:24,080
from the New York Post he also said this

1058
00:39:27,970 --> 00:39:26,000
whole thing about well they're too far

1059
00:39:31,800 --> 00:39:27,980
away well that's ridiculous because

1060
00:39:34,150 --> 00:39:31,810
that's with our view Arwen's our

1061
00:39:37,630 --> 00:39:34,160
understanding of technology and

1062
00:39:42,009 --> 00:39:37,640
propulsion and all of those things but

1063
00:39:43,509 --> 00:39:42,019

obviously if there are beings visiting

1064

00:39:45,970 --> 00:39:43,519

us they're way more advanced than we are

1065

00:39:49,329 --> 00:39:45,980

we can't imagine what kind of distances

1066

00:39:51,460 --> 00:39:49,339

they can easily traverse so I love this

1067

00:39:53,589 --> 00:39:51,470

idea of these tiny super intelligent

1068

00:39:55,569 --> 00:39:53,599

aliens that may have already been here

1069

00:39:58,150 --> 00:39:55,579

they may be here we just don't

1070

00:39:59,920 --> 00:39:58,160

understand it yeah that's an interesting

1071

00:40:02,140 --> 00:39:59,930

perspective although something that

1072

00:40:03,910 --> 00:40:02,150

needs to be said really quickly as we

1073

00:40:06,489 --> 00:40:03,920

proceed through this conversation I

1074

00:40:09,789 --> 00:40:06,499

think we should be careful in truth

1075

00:40:12,700 --> 00:40:09,799

before we make that that Association

1076

00:40:16,839 --> 00:40:12,710

unequivocally that extraterrestrial and

1077

00:40:18,339 --> 00:40:16,849

UFO are one in the same they may not

1078

00:40:19,960 --> 00:40:18,349

necessarily be there because again you

1079

00:40:22,359 --> 00:40:19,970

know for instance like we've kind of

1080

00:40:23,710 --> 00:40:22,369

been talking about you know with regard

1081

00:40:25,299 --> 00:40:23,720

to the Pentagon program and things like

1082

00:40:27,579 --> 00:40:25,309

this well I mean yeah we we all seem to

1083

00:40:29,049 --> 00:40:27,589

agree that alien ships are out there you

1084

00:40:30,849 --> 00:40:29,059

know maybe that's not necessarily the

1085

00:40:32,499 --> 00:40:30,859

case I went back and did something funny

1086

00:40:34,450 --> 00:40:32,509

the other night guys I went back and I

1087

00:40:36,190 --> 00:40:34,460

read that article and I'm not surprised

1088

00:40:39,309 --> 00:40:36,200

by what I found in the lease but I did a

1089

00:40:41,170 --> 00:40:39,319

search with my Mac and just went down

1090

00:40:43,930 --> 00:40:41,180

and looked you know to see if indeed

1091

00:40:47,170 --> 00:40:43,940

that that article ever mentioned the

1092

00:40:49,029 --> 00:40:47,180

word et Extra Terrestrial etc it wasn't

1093

00:40:50,859 --> 00:40:49,039

mentioned one time in that article part

1094

00:40:53,109 --> 00:40:50,869

of the reason being of course and Leslie

1095

00:40:54,670 --> 00:40:53,119

puts this forth in her book back in 2010

1096

00:40:56,249 --> 00:40:54,680

UFOs generals pilots and government

1097

00:40:58,359 --> 00:40:56,259

officials go on the record for a bug me

1098

00:40:59,979 --> 00:40:58,369

it is great-looking I mean from a

1099

00:41:01,539 --> 00:40:59,989

journalistic standpoint and you know

1100

00:41:03,249 --> 00:41:01,549

Clayton I know you probably appreciate

1101
00:41:04,180 --> 00:41:03,259
this probably as much or more than the

1102
00:41:05,769 --> 00:41:04,190
rest of us you know coming from

1103
00:41:08,739 --> 00:41:05,779
background in news media yourself I mean

1104
00:41:10,690 --> 00:41:08,749
you she is trying not only to present

1105
00:41:12,940 --> 00:41:10,700
the subject credibly but also she's

1106
00:41:15,130 --> 00:41:12,950
trying to I think in a way and it's fair

1107
00:41:18,099 --> 00:41:15,140
to say this to sanitize that subject and

1108
00:41:21,640 --> 00:41:18,109
by not using extraterrestrial or alien

1109
00:41:23,470 --> 00:41:21,650
you know always exclusively in relation

1110
00:41:25,660 --> 00:41:23,480
to the subject you know the discussion

1111
00:41:27,549 --> 00:41:25,670
of UFOs I think she's kind of leaving it

1112
00:41:29,229 --> 00:41:27,559
open to say look whether it's from a

1113
00:41:30,880 --> 00:41:29,239

national defense standpoint you know

1114

00:41:32,859 --> 00:41:30,890

national security whether it's from an

1115

00:41:34,690 --> 00:41:32,869

aerospace standpoint I mean what we're

1116

00:41:36,460 --> 00:41:34,700

dealing with is an unknown that's as

1117

00:41:37,960 --> 00:41:36,470

much as we can say about it so you know

1118

00:41:39,400 --> 00:41:37,970

as we're proceeding with that discussion

1119

00:41:42,160 --> 00:41:39,410

I know from my own part I like to say

1120

00:41:44,529 --> 00:41:42,170

maybe we can actually separate alien and

1121

00:41:46,390 --> 00:41:44,539

extraterrestrial from UFOs I get it a

1122

00:41:48,370 --> 00:41:46,400

lot of people look at these things and

1123

00:41:50,499 --> 00:41:48,380

the more bizarre reports it's like well

1124

00:41:50,860 --> 00:41:50,509

how else are you supposed to interpret

1125

00:41:56,350 --> 00:41:50,870

that

1126

00:41:57,850 --> 00:41:56,360

raised questions about time travel

1127

00:41:59,560 --> 00:41:57,860

people have raised questions about black

1128

00:42:01,330 --> 00:41:59,570

budget projects and things like this

1129

00:42:03,220 --> 00:42:01,340

look it could be any of or all of the

1130

00:42:05,650 --> 00:42:03,230

above but it's like it's like that Star

1131

00:42:07,810 --> 00:42:05,660

Trek episode wink of an eye that's what

1132

00:42:09,730 --> 00:42:07,820

the third season you know when they go

1133

00:42:13,810 --> 00:42:09,740

down to that planet I don't know it was

1134

00:42:16,000 --> 00:42:13,820

like thus Colossians or whatever in the

1135

00:42:17,710 --> 00:42:16,010

there's like this intermittent buzzing -

1136

00:42:19,510 --> 00:42:17,720

so did Jim you know to your point about

1137

00:42:21,100 --> 00:42:19,520

they were looking for a but we might be

1138

00:42:22,690 --> 00:42:21,110

or the you know be looking for a all

1139

00:42:24,280 --> 00:42:22,700

along but might actually need to be

1140

00:42:27,340 --> 00:42:24,290

looking for B it's something that

1141

00:42:31,240 --> 00:42:27,350

physicist Tom Campbell talks about in

1142

00:42:33,730 --> 00:42:31,250

his big toe series and oh yeah you know

1143

00:42:35,230 --> 00:42:33,740

about consciousness and and the idea

1144

00:42:36,400 --> 00:42:35,240

that maybe but we're looking for the

1145

00:42:39,030 --> 00:42:36,410

wrong thing and it's like sort of

1146

00:42:44,050 --> 00:42:39,040

intermittent buzzing it turns out to be

1147

00:42:46,180 --> 00:42:44,060

these the the hyper acceleration of

1148

00:42:48,580 --> 00:42:46,190

these these other beings right that

1149

00:42:51,010 --> 00:42:48,590

they're like sort of living here but not

1150

00:42:52,930 --> 00:42:51,020

here you know in this sort of parallel

1151

00:42:54,400 --> 00:42:52,940

universe but it's only accelerated a

1152

00:42:55,870 --> 00:42:54,410

little bit I love that idea

1153

00:42:57,310 --> 00:42:55,880

it's like they're literally right there

1154

00:42:59,740 --> 00:42:57,320

in your presence and you they're

1155

00:43:01,780 --> 00:42:59,750

indiscernible to your senses and so but

1156

00:43:04,420 --> 00:43:01,790

again the UFO phenomena may represent

1157

00:43:06,520 --> 00:43:04,430

something in some ways that is in part

1158

00:43:08,980 --> 00:43:06,530

like that it may be something that we

1159

00:43:10,960 --> 00:43:08,990

see the elbow or the tip of the pinky

1160

00:43:12,370 --> 00:43:10,970

finger of that there's a much larger

1161

00:43:15,310 --> 00:43:12,380

phenomena behind the things that we

1162

00:43:17,050 --> 00:43:15,320

aren't even able to discern yeah and I

1163

00:43:18,850 --> 00:43:17,060

mean guys I'd be remiss if I didn't

1164

00:43:20,740 --> 00:43:18,860

bring up this other big thing just sort

1165

00:43:22,990 --> 00:43:20,750

of piggyback off of this Jim

1166

00:43:25,720 --> 00:43:23,000

this whole omou a mullah thing that

1167

00:43:29,440 --> 00:43:25,730

happened this past year yeah yes this

1168

00:43:33,550 --> 00:43:29,450

crazy you know long narrow object that

1169

00:43:36,610 --> 00:43:33,560

came into our so yes you know I came in

1170

00:43:39,340 --> 00:43:36,620

sort of hung out for a little bit and

1171

00:43:41,050 --> 00:43:39,350

then took back off I mean my god when

1172

00:43:43,060 --> 00:43:41,060

you have Harvard scientists yeah think

1173

00:43:46,000 --> 00:43:43,070

it's possible that this could have been

1174

00:43:48,040 --> 00:43:46,010

artificially may best lieu my mind I

1175

00:43:50,290 --> 00:43:48,050

don't know why this wasn't on this list

1176

00:43:51,970 --> 00:43:50,300

but yeah but how to your point about

1177

00:43:53,860 --> 00:43:51,980

maneuvering in that way that's the most

1178

00:43:55,930 --> 00:43:53,870

amazing thing like you know just it just

1179

00:43:57,700 --> 00:43:55,940

doesn't accelerate there there was no it

1180

00:44:00,250 --> 00:43:57,710

wasn't around a celestial body at the

1181

00:44:02,420 --> 00:44:00,260

time when it just took off I mean if

1182

00:44:04,519 --> 00:44:02,430

you've been a course change wasn't there

1183

00:44:06,230 --> 00:44:04,529

yes there was but the big thing with

1184

00:44:08,900 --> 00:44:06,240

this one two guys is yeah the the

1185

00:44:10,819 --> 00:44:08,910

Harvard scientists they they were quoted

1186

00:44:12,079 --> 00:44:10,829

as saying you know I'm just paraphrasing

1187

00:44:13,760 --> 00:44:12,089

but like this could have been

1188

00:44:16,430 --> 00:44:13,770

artificially made it doesn't look

1189

00:44:18,349 --> 00:44:16,440

natural and then every article that came

1190

00:44:20,450 --> 00:44:18,359

out after this said Harvard scientists

1191

00:44:22,549 --> 00:44:20,460

say oh me oh Moo it could be alien probe

1192

00:44:24,559 --> 00:44:22,559

or spaceship now this is a problem like

1193

00:44:26,450 --> 00:44:24,569

that you bring up is you know you have

1194

00:44:28,970 --> 00:44:26,460

the scientists who are being very

1195

00:44:31,220 --> 00:44:28,980

careful with their wording and then it

1196

00:44:34,460 --> 00:44:31,230

immediately plays that telephone game

1197

00:44:36,529 --> 00:44:34,470

and gets changed and distorted every

1198

00:44:39,920 --> 00:44:36,539

which way so yeah we do have to be very

1199

00:44:42,230 --> 00:44:39,930

careful of disking of disconnecting UFO

1200

00:44:45,170 --> 00:44:42,240

from alien and even when we have these

1201
00:44:48,650 --> 00:44:45,180
very unnatural objects doing these weird

1202
00:44:50,930 --> 00:44:48,660
things to just come out and flatly say

1203
00:44:52,099 --> 00:44:50,940
it's an alien probe monitoring us it's

1204
00:44:55,190 --> 00:44:52,109
gonna come back you know

1205
00:44:57,109 --> 00:44:55,200
there's a big gap in between but don't

1206
00:45:00,170 --> 00:44:57,119
you feel there's been a change because

1207
00:45:02,000 --> 00:45:00,180
you know I don't know Clayton how long

1208
00:45:03,799 --> 00:45:02,010
ago we started the paranormal report

1209
00:45:05,450 --> 00:45:03,809
when we were doing it maybe almost 10

1210
00:45:08,720 --> 00:45:05,460
years ago or feels like 10 years ago

1211
00:45:10,670 --> 00:45:08,730
quite a few years ago even then I don't

1212
00:45:12,260 --> 00:45:10,680
think that Harvard scientist would have

1213
00:45:14,720 --> 00:45:12,270

come out and said anything of the like

1214

00:45:16,910 --> 00:45:14,730

they would have said hey you know this

1215

00:45:19,069 --> 00:45:16,920

might be a extraterrestrial but let's

1216

00:45:21,019 --> 00:45:19,079

let's not mention that in the paper and

1217

00:45:23,269 --> 00:45:21,029

now you see these things coming out I

1218

00:45:25,190 --> 00:45:23,279

mean yeah the skeptics and the Sentinel

1219

00:45:27,529 --> 00:45:25,200

skeptics are okay but cynics the cynics

1220

00:45:29,390 --> 00:45:27,539

are still there but don't you guys don't

1221

00:45:31,730 --> 00:45:29,400

you sense a little bit of the worm

1222

00:45:34,010 --> 00:45:31,740

turning in that we're getting more of

1223

00:45:36,349 --> 00:45:34,020

these stories from more official or more

1224

00:45:38,839 --> 00:45:36,359

what are considerably credible channels

1225

00:45:40,250 --> 00:45:38,849

that something's happening it's funny

1226

00:45:42,819 --> 00:45:40,260

you say that just cuz the other day I

1227

00:45:45,170 --> 00:45:42,829

was thinking about that with NASA that

1228

00:45:46,609 --> 00:45:45,180

they're very cautious you know they're

1229

00:45:49,460 --> 00:45:46,619

very cautious in their wording but

1230

00:45:51,650 --> 00:45:49,470

you're starting to see I think more

1231

00:45:53,870 --> 00:45:51,660

openness about this discussion coming

1232

00:45:54,799 --> 00:45:53,880

from official places like NASA but

1233

00:45:56,809 --> 00:45:54,809

you're right about the Harvard

1234

00:45:58,339 --> 00:45:56,819

researchers to be able to say that you

1235

00:46:00,890 --> 00:45:58,349

know this thing accelerated this thing

1236

00:46:02,839 --> 00:46:00,900

moved changed course and we don't know

1237

00:46:04,910 --> 00:46:02,849

what it is but to riots boy you know he

1238

00:46:08,120 --> 00:46:04,920

doesn't go so far as to call it an alien

1239

00:46:09,360 --> 00:46:08,130

craft piloted by you know intelligent

1240

00:46:11,840 --> 00:46:09,370

beings

1241

00:46:14,700 --> 00:46:11,850

yeah yeah and again you know like we

1242

00:46:16,590 --> 00:46:14,710

playing off of that to Clayton going

1243

00:46:19,140 --> 00:46:16,600

back to Mars again and drilling and

1244

00:46:22,020 --> 00:46:19,150

trying to find life under the surface of

1245

00:46:24,300 --> 00:46:22,030

Mars I I do agree it seems to be

1246

00:46:28,110 --> 00:46:24,310

changing I can definitely see that

1247

00:46:30,930 --> 00:46:28,120

within the mainstream media and I think

1248

00:46:33,390 --> 00:46:30,940

that's great we just have to like Micah

1249

00:46:36,720 --> 00:46:33,400

said be careful that we don't

1250

00:46:38,520 --> 00:46:36,730

immediately connect it to UFOs because

1251

00:46:39,960 --> 00:46:38,530

there they are different they're

1252

00:46:40,530 --> 00:46:39,970

compartmentalize and we got to be

1253

00:46:42,500 --> 00:46:40,540

careful

1254

00:46:47,130 --> 00:46:42,510

can I throw this out there is a question

1255

00:46:48,780 --> 00:46:47,140

since this is a round table so the idea

1256

00:46:50,810 --> 00:46:48,790

that you know we have this new we have

1257

00:46:53,910 --> 00:46:50,820

this new probe on Mars with these

1258

00:46:56,760 --> 00:46:53,920

remarkable high-definition photos you

1259

00:46:58,620 --> 00:46:56,770

know in the release this week of the the

1260

00:47:01,470 --> 00:46:58,630

first time we ever get to hear the winds

1261

00:47:03,690 --> 00:47:01,480

of Mars we're getting to see these

1262

00:47:07,740 --> 00:47:03,700

photos we're getting to hear these

1263

00:47:09,900 --> 00:47:07,750

sounds and those who argue well have so

1264

00:47:12,630 --> 00:47:09,910

many do and you know David Wilcock and

1265

00:47:17,340 --> 00:47:12,640

others that there there are bases on

1266

00:47:19,290 --> 00:47:17,350

Mars there are bases on the moon why

1267

00:47:21,030 --> 00:47:19,300

would these programs be allowed to go

1268

00:47:23,010 --> 00:47:21,040

forward enough for us to be able to see

1269

00:47:24,360 --> 00:47:23,020

these incredible images I mean it seems

1270

00:47:25,860 --> 00:47:24,370

to me if the deep state were running

1271

00:47:30,200 --> 00:47:25,870

things wouldn't this stuff just be

1272

00:47:33,240 --> 00:47:30,210

squashed well I think you can to me

1273

00:47:35,700 --> 00:47:33,250

believing that there may be et life

1274

00:47:37,830 --> 00:47:35,710

extraterrestrial life elsewhere does not

1275

00:47:40,050 --> 00:47:37,840

mean you necessarily buy into the moon

1276

00:47:41,190 --> 00:47:40,060

base or the Mars base theories I mean I

1277

00:47:42,900 --> 00:47:41,200

don't think you're saying that but I

1278

00:47:44,820 --> 00:47:42,910

mean I've had people on it said the moon

1279

00:47:47,940 --> 00:47:44,830

on my shows that say the moon is

1280

00:47:50,070 --> 00:47:47,950

artificial now I totally don't believe

1281

00:47:51,780 --> 00:47:50,080

that but it's an interesting discussion

1282

00:47:53,280 --> 00:47:51,790

to have it I believe on how having

1283

00:47:55,110 --> 00:47:53,290

people who don't necessarily agree with

1284

00:47:57,000 --> 00:47:55,120

my point of view on I've even had flat

1285

00:48:00,060 --> 00:47:57,010

earthers on for goodness sake but the

1286

00:48:02,760 --> 00:48:00,070

point is is that I don't for those of us

1287

00:48:04,980 --> 00:48:02,770

who believe that there probably is et

1288

00:48:06,990 --> 00:48:04,990

somewhere we don't necessarily have to

1289

00:48:09,150 --> 00:48:07,000

buy into those things so I would just

1290

00:48:12,000 --> 00:48:09,160

say that maybe we'll talk and people who

1291

00:48:14,070 --> 00:48:12,010

say that Mars and the moon have bases

1292

00:48:17,700 --> 00:48:14,080

maybe the truth is they just don't but

1293

00:48:19,620 --> 00:48:17,710

your point is valid if there are Mars

1294

00:48:20,610 --> 00:48:19,630

bases why in the world would they allow

1295

00:48:22,660 --> 00:48:20,620

this or is it

1296

00:48:26,200 --> 00:48:22,670

segmented to a certain part of this

1297

00:48:28,630 --> 00:48:26,210

surface away from the bases or Stanley

1298

00:48:36,220 --> 00:48:28,640

Stanley Kubrick done this all before he

1299

00:48:37,510 --> 00:48:36,230

exactly well I mean one thing to point

1300

00:48:38,830 --> 00:48:37,520

out here is that I think that a lot of

1301

00:48:41,050 --> 00:48:38,840

the people who make the claims about you

1302

00:48:43,030 --> 00:48:41,060

know being part of secret space programs

1303

00:48:44,950 --> 00:48:43,040

and you know all this kind of stuff you

1304

00:48:47,800 --> 00:48:44,960

know earth-based Mars base moon base one

1305

00:48:49,240 --> 00:48:47,810

whatever if their claims aren't self

1306

00:48:52,270 --> 00:48:49,250

contradictory they're overtly

1307

00:48:53,860 --> 00:48:52,280

contradicted by the and again this is a

1308

00:48:56,410 --> 00:48:53,870

point that many skeptics like myself

1309

00:48:59,740 --> 00:48:56,420

would make I mean that there's a

1310

00:49:01,870 --> 00:48:59,750

plethora of data that supports more

1311

00:49:03,760 --> 00:49:01,880

strongly the alternative idea which is

1312

00:49:05,500 --> 00:49:03,770

that like you know what we see on Mars

1313

00:49:07,330 --> 00:49:05,510

right now with with the current probes

1314

00:49:09,040 --> 00:49:07,340

that we have elsewhere in the galaxy

1315

00:49:10,750 --> 00:49:09,050

were there on Mars or anywhere else that

1316

00:49:13,480 --> 00:49:10,760

the data that we're getting from those

1317

00:49:15,040 --> 00:49:13,490

is the best representation through

1318

00:49:16,540 --> 00:49:15,050

official channels of what we know about

1319

00:49:19,660 --> 00:49:16,550

those locations and what we are learning

1320

00:49:21,070 --> 00:49:19,670

about the universe my personal belief is

1321

00:49:23,470 --> 00:49:21,080

not that there is some sort of a deep

1322

00:49:24,880 --> 00:49:23,480

state that is really they've already got

1323

00:49:26,590 --> 00:49:24,890

a base up there that we're traveling

1324

00:49:28,570 --> 00:49:26,600

outside of the universe you know or not

1325

00:49:30,910 --> 00:49:28,580

well some would say that baxley I mean

1326

00:49:32,710 --> 00:49:30,920

the solar system some would say goes as

1327

00:49:34,180 --> 00:49:32,720

far as travel to other dimensions and

1328

00:49:35,440 --> 00:49:34,190

things like that so maybe it's not you

1329

00:49:37,480 --> 00:49:35,450

know just a slip of the tongue to say

1330

00:49:39,160 --> 00:49:37,490

outside the universe to all these crazy

1331

00:49:41,620 --> 00:49:39,170

claims though the thing is is that I

1332

00:49:44,890 --> 00:49:41,630

don't see equal evidence in support of

1333

00:49:46,570 --> 00:49:44,900

those things as far as as you know

1334

00:49:48,220 --> 00:49:46,580

anything verifiable any kind of a paper

1335

00:49:50,290 --> 00:49:48,230

trail any kind of a thread any kind of

1336

00:49:51,760 --> 00:49:50,300

you know disclosure through through you

1337

00:49:53,860 --> 00:49:51,770

know people who have been whistleblowers

1338

00:49:56,260 --> 00:49:53,870

etc you even look at like wicked

1339

00:49:58,150 --> 00:49:56,270

WikiLeaks for example WikiLeaks you'd

1340

00:49:59,680 --> 00:49:58,160

think if there was gonna be good data

1341

00:50:01,360 --> 00:49:59,690

supporting some of the fringe claims

1342

00:50:02,560 --> 00:50:01,370

that are made by those who claim to be

1343

00:50:04,150 --> 00:50:02,570

in part of the deep state or whatever

1344

00:50:04,990 --> 00:50:04,160

else worked for the government on these

1345

00:50:07,270 --> 00:50:05,000

kind of programs

1346

00:50:09,100 --> 00:50:07,280

I mean WikiLeaks would be the agency who

1347

00:50:11,530 --> 00:50:09,110

would be disclosing that data and even

1348

00:50:12,700 --> 00:50:11,540

Julian Assange when Podesta's emails

1349

00:50:14,860 --> 00:50:12,710

were hacked and this informations

1350

00:50:17,020 --> 00:50:14,870

released and they're talking about you

1351
00:50:18,700 --> 00:50:17,030
know in fact actually Tom DeLonge came

1352
00:50:20,470 --> 00:50:18,710
up in Podesta's emails because there

1353
00:50:22,560 --> 00:50:20,480
were correspondences between the two of

1354
00:50:24,430 --> 00:50:22,570
them and apparently it was Major William

1355
00:50:27,790 --> 00:50:24,440
McCaslin I believe of wright-patterson

1356
00:50:30,700 --> 00:50:27,800
Air Force Base who was going with DeLong

1357
00:50:32,110 --> 00:50:30,710
to go meet with Podesta and in a very

1358
00:50:33,970 --> 00:50:32,120
contentious election year so that I mean

1359
00:50:36,340 --> 00:50:33,980
that's notable but even Julian Assange

1360
00:50:37,390 --> 00:50:36,350
took to Twitter and said guys you know

1361
00:50:38,680 --> 00:50:37,400
I mean not so many words and I'm

1362
00:50:40,960 --> 00:50:38,690
paraphrasing here he didn't have very

1363
00:50:43,990 --> 00:50:40,970

much interest in UFOs and said I'm

1364

00:50:46,120 --> 00:50:44,000

seeing major media agencies talking

1365

00:50:49,000 --> 00:50:46,130

about UFOs and and you know government

1366

00:50:50,200 --> 00:50:49,010

interest in that that is far from being

1367

00:50:51,910 --> 00:50:50,210

the most important thing that came out

1368

00:50:54,190 --> 00:50:51,920

in the Podesta email leaks you know and

1369

00:50:56,110 --> 00:50:54,200

you know what not so I mean even the

1370

00:50:58,150 --> 00:50:56,120

head of WikiLeaks seems to be dismissive

1371

00:51:00,190 --> 00:50:58,160

of the subject to me I don't see a good

1372

00:51:01,900 --> 00:51:00,200

argument to be made that people who are

1373

00:51:02,650 --> 00:51:01,910

in the note or those who are looking for

1374

00:51:03,910 --> 00:51:02,660

those who are in the know and

1375

00:51:05,980 --> 00:51:03,920

information they may have been you know

1376
00:51:07,030 --> 00:51:05,990
may have released I don't see a good

1377
00:51:08,860 --> 00:51:07,040
argument that there's much to

1378
00:51:11,110 --> 00:51:08,870
substantiate those kind of claims now

1379
00:51:12,910 --> 00:51:11,120
conversely with the actual leading

1380
00:51:14,590 --> 00:51:12,920
science with what we're seeing from Mars

1381
00:51:16,750 --> 00:51:14,600
I listened to the audio of the winds of

1382
00:51:19,300 --> 00:51:16,760
Mars today that's an exciting prospect

1383
00:51:21,160 --> 00:51:19,310
in itself but again I don't think that

1384
00:51:23,260 --> 00:51:21,170
that's necessarily indicative I don't

1385
00:51:25,750 --> 00:51:23,270
know I don't think that that side of our

1386
00:51:27,970 --> 00:51:25,760
space exploration really has all that

1387
00:51:30,160 --> 00:51:27,980
much to do with conspiracy or otherwise

1388
00:51:31,570 --> 00:51:30,170

the idea that alien life might exist

1389

00:51:32,770 --> 00:51:31,580

somewhere else in our solar system I

1390

00:51:34,090 --> 00:51:32,780

mean maybe I'm the only one thinks that

1391

00:51:38,470 --> 00:51:34,100

I don't well I want to I want to jump in

1392

00:51:40,900 --> 00:51:38,480

here real quick because I do not believe

1393

00:51:43,030 --> 00:51:40,910

personally that there are bases on the

1394

00:51:46,270 --> 00:51:43,040

Moon and Mars but I will say this I

1395

00:51:49,180 --> 00:51:46,280

think in most of these things there's a

1396

00:51:50,800 --> 00:51:49,190

reasonable middle ground now we recently

1397

00:51:52,330 --> 00:51:50,810

had Corey Goode on the show and I know a

1398

00:51:53,890 --> 00:51:52,340

lot of people will say oh yeah Corey

1399

00:51:56,020 --> 00:51:53,900

Goode huh but I again

1400

00:51:57,370 --> 00:51:56,030

my thing is bring the person on them

1401
00:51:59,500 --> 00:51:57,380
have their say let the audience decide

1402
00:52:01,240 --> 00:51:59,510
you've heard that before you've heard

1403
00:52:06,130 --> 00:52:01,250
that before Clayton heaven you decide

1404
00:52:10,270 --> 00:52:06,140
anyway no names please

1405
00:52:15,130 --> 00:52:10,280
but anyway weird slogan you decide

1406
00:52:16,750 --> 00:52:15,140
anyway anyhow so so we had Corey on now

1407
00:52:20,350 --> 00:52:16,760
he talks about the secret space program

1408
00:52:23,740 --> 00:52:20,360
now I would say personally I find the

1409
00:52:25,900 --> 00:52:23,750
idea of this you know idea of a secret

1410
00:52:28,300 --> 00:52:25,910
space program where people are having

1411
00:52:29,950 --> 00:52:28,310
dinner parties with aliens a little and

1412
00:52:33,430 --> 00:52:29,960
he didn't say that but you know what I'm

1413
00:52:34,990 --> 00:52:33,440

saying is a little far-flung for me all

1414

00:52:36,820 --> 00:52:35,000

right either you look at you look at

1415

00:52:38,740 --> 00:52:36,830

things like the Dulce basin things and

1416

00:52:40,240 --> 00:52:38,750

bill birnes was on the show and said

1417

00:52:42,250 --> 00:52:40,250

once they started to go and look at the

1418

00:52:45,670 --> 00:52:42,260

Dulce base their show got cancelled I

1419

00:52:48,820 --> 00:52:45,680

mean it is it is interesting but to

1420

00:52:49,930 --> 00:52:48,830

think there is no military or secret

1421

00:52:51,609 --> 00:52:49,940

space program not

1422

00:52:53,319 --> 00:52:51,619

with capital letters secret space

1423

00:52:55,200 --> 00:52:53,329

program but a secret space program is

1424

00:52:57,760 --> 00:52:55,210

silly I don't think anybody here

1425

00:52:59,710 --> 00:52:57,770

believes that there isn't military

1426
00:53:03,430 --> 00:52:59,720
involvement a perfect example a couple

1427
00:53:05,859 --> 00:53:03,440
months ago when I was in the throes of

1428
00:53:07,540 --> 00:53:05,869
my severe cold where everybody sound

1429
00:53:10,839 --> 00:53:07,550
like chipmunks right after our Halloween

1430
00:53:12,339 --> 00:53:10,849
party guys I watched this special on

1431
00:53:16,109 --> 00:53:12,349
National Geographic about the Space

1432
00:53:18,790 --> 00:53:16,119
Shuttle and it was interesting because

1433
00:53:21,700 --> 00:53:18,800
one of the astronauts he was a scientist

1434
00:53:24,040 --> 00:53:21,710
and he said yeah we sure did do military

1435
00:53:26,050 --> 00:53:24,050
stuff up there on the space shuttle and

1436
00:53:29,710 --> 00:53:26,060
that's about all I'm gonna say about

1437
00:53:31,870 --> 00:53:29,720
that and obviously that's continued if

1438
00:53:33,790 --> 00:53:31,880

you look at the space playing the x-37b

1439

00:53:36,970 --> 00:53:33,800

that goes up in space for a year at a

1440

00:53:40,780 --> 00:53:36,980

time and we don't know why I mean

1441

00:53:42,460 --> 00:53:40,790

there's this idea that that space is

1442

00:53:43,990 --> 00:53:42,470

going to be this perfectly peaceful

1443

00:53:46,420 --> 00:53:44,000

place and there's going to be no

1444

00:53:47,559 --> 00:53:46,430

military involvement I think is just I

1445

00:53:48,970 --> 00:53:47,569

mean it would be great if it could

1446

00:53:51,609 --> 00:53:48,980

happen but I think it's kind of naive

1447

00:53:53,109 --> 00:53:51,619

because do you know the Russians are

1448

00:53:55,480 --> 00:53:53,119

doing things up there certainly the

1449

00:53:57,160 --> 00:53:55,490

Chinese are and I think the u.s. if

1450

00:53:59,859 --> 00:53:57,170

you're looking at it from an American

1451
00:54:01,300 --> 00:53:59,869
perspective has to be prepared to defend

1452
00:54:04,300 --> 00:54:01,310
the country on all fronts including

1453
00:54:07,510 --> 00:54:04,310
space so I definitely think their secret

1454
00:54:09,490 --> 00:54:07,520
programs going on but to the extent of

1455
00:54:13,660 --> 00:54:09,500
having again the dinner parties with the

1456
00:54:16,750 --> 00:54:13,670
aliens and so forth III don't really see

1457
00:54:19,300 --> 00:54:16,760
that what are your thoughts I would love

1458
00:54:24,609 --> 00:54:19,310
I mean that's the kind of this is the

1459
00:54:26,349 --> 00:54:24,619
great great dinner party the idea that

1460
00:54:28,210 --> 00:54:26,359
you know Corey Goode is flying up there

1461
00:54:30,339 --> 00:54:28,220
and meeting with the blue avians and

1462
00:54:33,760 --> 00:54:30,349
they're you know they're communicating

1463
00:54:36,550 --> 00:54:33,770

telepathically you know and only think

1464

00:54:38,109 --> 00:54:36,560

about you know to me I think just

1465

00:54:40,240 --> 00:54:38,119

aspirationally are just thinking about

1466

00:54:44,290 --> 00:54:40,250

society as a whole I hope it's true

1467

00:54:47,589 --> 00:54:44,300

because his whole contention is that you

1468

00:54:51,099 --> 00:54:47,599

are too to have access to this you need

1469

00:54:52,660 --> 00:54:51,109

to be ascended right which is that you

1470

00:54:54,970 --> 00:54:52,670

are enlightened enough through

1471

00:54:58,569 --> 00:54:54,980

meditation prayer so for that you are

1472

00:55:01,599 --> 00:54:58,579

connected to every other human being at

1473

00:55:01,860 --> 00:55:01,609

a level that that is loving right that

1474

00:55:04,290 --> 00:55:01,870

your

1475

00:55:07,020 --> 00:55:04,300

you're breeding love and kindness and

1476

00:55:09,450 --> 00:55:07,030

that's how we ascend it's like that

1477

00:55:12,690 --> 00:55:09,460

that's your soul journey while you're

1478

00:55:14,820 --> 00:55:12,700

here and is to work on that we're all

1479

00:55:16,950 --> 00:55:14,830

brought here with a certain soul journey

1480

00:55:19,470 --> 00:55:16,960

to work on while we're here and so the

1481

00:55:21,720 --> 00:55:19,480

idea of society as a whole as as

1482

00:55:24,570 --> 00:55:21,730

ascending that each time we come back we

1483

00:55:26,520 --> 00:55:24,580

have a chance to work on that and so the

1484

00:55:30,300 --> 00:55:26,530

sort of collective consciousness so I

1485

00:55:33,180 --> 00:55:30,310

love that idea I love and it answers the

1486

00:55:34,980 --> 00:55:33,190

question like why are we here it has

1487

00:55:37,680 --> 00:55:34,990

that answer because no one to really

1488

00:55:39,450 --> 00:55:37,690

answer that before so in that way I'm

1489

00:55:42,360 --> 00:55:39,460

fascinated by that and I think it gives

1490

00:55:43,100 --> 00:55:42,370

us something to work towards I mean if

1491

00:55:45,360 --> 00:55:43,110

nothing else

1492

00:55:48,990 --> 00:55:45,370

Clayton do you think maybe that it is

1493

00:55:51,090 --> 00:55:49,000

sort of in its own way a modern kind of

1494

00:55:52,380 --> 00:55:51,100

answer to religion I mean I'm not saying

1495

00:55:54,690 --> 00:55:52,390

that there aren't people who are

1496

00:55:56,130 --> 00:55:54,700

adherence to religions today as there

1497

00:55:58,020 --> 00:55:56,140

have been at times in the past but do

1498

00:55:59,580 --> 00:55:58,030

you think that in that way what is

1499

00:56:01,440 --> 00:55:59,590

appealing about some of those ideas

1500

00:56:03,420 --> 00:56:01,450

crazy though some of them are like what

1501
00:56:05,220 --> 00:56:03,430
Corrie Gooden so the folks say you know

1502
00:56:07,380 --> 00:56:05,230
as it relates to the so-called secret

1503
00:56:08,520 --> 00:56:07,390
space program kind of aspect of all this

1504
00:56:09,870 --> 00:56:08,530
I mean do you think that that almost

1505
00:56:11,190 --> 00:56:09,880
kind of supplants religion and therefore

1506
00:56:14,070 --> 00:56:11,200
it is appealing like you're talking

1507
00:56:16,170 --> 00:56:14,080
about I think it is I think you're right

1508
00:56:19,410 --> 00:56:16,180
about that I think for those people who

1509
00:56:22,530 --> 00:56:19,420
grew up but you know a strict type of

1510
00:56:24,060 --> 00:56:22,540
religion or grew up in a tribe in some

1511
00:56:26,940 --> 00:56:24,070
part of the world that never heard of

1512
00:56:28,740 --> 00:56:26,950
another religion and yet somehow they

1513
00:56:30,210 --> 00:56:28,750

are not allowed to get into the kingdom

1514

00:56:32,160 --> 00:56:30,220

of heaven because they never heard of it

1515

00:56:34,860 --> 00:56:32,170

you know or they just never knew you

1516

00:56:36,660 --> 00:56:34,870

know it just seems crazy to me but you

1517

00:56:38,910 --> 00:56:36,670

know so the it's almost like a post

1518

00:56:41,130 --> 00:56:38,920

religion world it's almost like a way of

1519

00:56:42,660 --> 00:56:41,140

looking at it saying you know what I get

1520

00:56:44,580 --> 00:56:42,670

all of your religions you're kind of

1521

00:56:46,530 --> 00:56:44,590

close you're all kind of pointing in the

1522

00:56:48,780 --> 00:56:46,540

right direction but under this one

1523

00:56:51,570 --> 00:56:48,790

umbrella this is the story like it's all

1524

00:56:53,690 --> 00:56:51,580

pointing closely to what we're what this

1525

00:56:56,160 --> 00:56:53,700

with this Koree good messages you know

1526

00:56:57,840 --> 00:56:56,170

that we're all trying to ascend we're

1527

00:56:59,520 --> 00:56:57,850

all trying to do good and bring love to

1528

00:57:01,650 --> 00:56:59,530

other people and that's how we that's

1529

00:57:03,000 --> 00:57:01,660

how we ascend as a society and yes we

1530

00:57:05,700 --> 00:57:03,010

have these wars but if you look

1531

00:57:07,590 --> 00:57:05,710

collectively there's so much there is so

1532

00:57:10,320 --> 00:57:07,600

much movement towards love that it's

1533

00:57:12,270 --> 00:57:10,330

easy in the media world to be to see the

1534

00:57:13,620 --> 00:57:12,280

violence in Paris and to see these

1535

00:57:14,550 --> 00:57:13,630

things unfolding and to think that

1536

00:57:16,800 --> 00:57:14,560

that's the world

1537

00:57:18,360 --> 00:57:16,810

on fire yeah yeah and yet you just

1538

00:57:20,760 --> 00:57:18,370

walked down the street and people waving

1539

00:57:22,260 --> 00:57:20,770

to you you know there's so I I think

1540

00:57:25,680 --> 00:57:22,270

yeah I think you're right maybe one it's

1541

00:57:27,180 --> 00:57:25,690

sort of like a post religion a post

1542

00:57:28,140 --> 00:57:27,190

religion way of looking at the world

1543

00:57:32,430 --> 00:57:28,150

Ryan

1544

00:57:35,100 --> 00:57:32,440

what do you say right I won't know I I

1545

00:57:38,580 --> 00:57:35,110

mean I'm only quiet because I'm too

1546

00:57:40,380 --> 00:57:38,590

agreeable sometimes guys I have nothing

1547

00:57:42,600 --> 00:57:40,390

to argue or debate with any of that my

1548

00:57:46,380 --> 00:57:42,610

only sort of contribution in this area I

1549

00:57:49,620 --> 00:57:46,390

guess would be you know yeah we look at

1550

00:57:52,980 --> 00:57:49,630

like the early 50s and all these huge

1551
00:57:56,040 --> 00:57:52,990
technological booms that we had you know

1552
00:57:58,310 --> 00:57:56,050
this was the the hot time for UFOs and

1553
00:58:01,160 --> 00:57:58,320
you look at a lot of historians and and

1554
00:58:04,200 --> 00:58:01,170
even sociologists and anthropologists

1555
00:58:07,790 --> 00:58:04,210
and everyone in between they look at the

1556
00:58:11,460 --> 00:58:07,800
UFO topic or the this alien topic again

1557
00:58:14,190 --> 00:58:11,470
separated too looking looking at it as

1558
00:58:16,830 --> 00:58:14,200
our ambitions to move forward to get

1559
00:58:18,720 --> 00:58:16,840
past something and maybe claim you're

1560
00:58:21,270 --> 00:58:18,730
right maybe it is that whole idea of a a

1561
00:58:24,090 --> 00:58:21,280
structured religion or belief system and

1562
00:58:25,620 --> 00:58:24,100
we can maybe move past that you know a

1563
00:58:29,400 --> 00:58:25,630

lot of people believe that UFOs were

1564

00:58:32,310 --> 00:58:29,410

just were that it was our ambition to

1565

00:58:35,400 --> 00:58:32,320

find meaning as humans to find meaning

1566

00:58:38,520 --> 00:58:35,410

past our own planet and out there so I

1567

00:58:41,250 --> 00:58:38,530

think it's really fascinating and a

1568

00:58:43,590 --> 00:58:41,260

conversation we've sort of only begun

1569

00:58:44,790 --> 00:58:43,600

back here on earth and maybe this is

1570

00:58:46,470 --> 00:58:44,800

just me and you know because I'm always

1571

00:58:48,030 --> 00:58:46,480

I'd love to throw these things out and

1572

00:58:52,500 --> 00:58:48,040

these are like it's like a it's like a

1573

00:58:54,870 --> 00:58:52,510

grenade and but no I mean this year has

1574

00:58:56,790 --> 00:58:54,880

been a real remarkable journey for me

1575

00:59:01,730 --> 00:58:56,800

personally like on a spiritual level

1576

00:59:06,000 --> 00:59:01,740

where I learned from a very high level

1577

00:59:08,550 --> 00:59:06,010

psychic medium that I was I was an

1578

00:59:10,770 --> 00:59:08,560

empath and she said have you haven't you

1579

00:59:13,620 --> 00:59:10,780

ever noticed that you particularly you

1580

00:59:15,210 --> 00:59:13,630

take on and absorb all of these energies

1581

00:59:17,280 --> 00:59:15,220

of people as you enter you know

1582

00:59:18,930 --> 00:59:17,290

different spaces and I said oh you mean

1583

00:59:20,490 --> 00:59:18,940

I'm empathetic she's gonna know we're

1584

00:59:22,140 --> 00:59:20,500

all empathetic unless you're sociopaths

1585

00:59:24,150 --> 00:59:22,150

she said you know we're but you are an

1586

00:59:25,880 --> 00:59:24,160

empath like it ah you know and so I

1587

00:59:28,400 --> 00:59:25,890

really started studying and diving

1588

00:59:31,100 --> 00:59:28,410

into that and taking sort like weekly

1589

00:59:34,430 --> 00:59:31,110

classes and and and and I have to say

1590

00:59:37,820 --> 00:59:34,440

the year unfolded very very differently

1591

00:59:40,100 --> 00:59:37,830

for me than it had in years past and it

1592

00:59:42,590 --> 00:59:40,110

is true when you can sort of tap into

1593

00:59:44,660 --> 00:59:42,600

that other world you start to notice and

1594

00:59:46,490 --> 00:59:44,670

pay attention to these energies and

1595

00:59:48,140 --> 00:59:46,500

things that were so caught up in with

1596

00:59:49,820 --> 00:59:48,150

our smartphones and other things and

1597

00:59:51,440 --> 00:59:49,830

distractions and text messages you know

1598

00:59:53,540 --> 00:59:51,450

60 minutes last night had a whole piece

1599

00:59:55,520 --> 00:59:53,550

of screen time and what it may be doing

1600

00:59:57,980 --> 00:59:55,530

to my children's brains you know it's

1601
01:00:01,040 --> 00:59:57,990
and that it's actually like a thinning

1602
01:00:03,740 --> 01:00:01,050
of the the cortex of the brain with all

1603
01:00:05,870 --> 01:00:03,750
this distraction and so this year I mean

1604
01:00:07,760 --> 01:00:05,880
it you know the the idea of trying to

1605
01:00:09,680 --> 01:00:07,770
ascend it's like I have way more I have

1606
01:00:11,780 --> 01:00:09,690
so much more work to do on this subject

1607
01:00:13,490 --> 01:00:11,790
but just the fact like that I've started

1608
01:00:15,650 --> 01:00:13,500
to crack the egg a little bit this year

1609
01:00:18,110 --> 01:00:15,660
and started to journal about it every

1610
01:00:19,730 --> 01:00:18,120
day and I started meditation started to

1611
01:00:21,710 --> 01:00:19,740
notice things and started throughout the

1612
01:00:23,750 --> 01:00:21,720
day to take and pay attention to these

1613
01:00:25,460 --> 01:00:23,760

energies that you know we call it

1614

01:00:26,540 --> 01:00:25,470

consciousness Universal conscious and

1615

01:00:28,220 --> 01:00:26,550

this call it your guides and angels

1616

01:00:31,310 --> 01:00:28,230

spirits whatever are starting to show

1617

01:00:33,920 --> 01:00:31,320

you and allow you know to point you in

1618

01:00:35,090 --> 01:00:33,930

certain directions then if you start to

1619

01:00:36,980 --> 01:00:35,100

pay attention to those things and

1620

01:00:38,960 --> 01:00:36,990

imagine all of us starting to pay

1621

01:00:41,990 --> 01:00:38,970

attention to those things it might be a

1622

01:00:43,610 --> 01:00:42,000

kinder might be a kinder Society you

1623

01:00:45,860 --> 01:00:43,620

know I don't know but that was my

1624

01:00:47,450 --> 01:00:45,870

journey this year well it's a it's one

1625

01:00:51,740 --> 01:00:47,460

of those things where I think with the

1626

01:00:53,840 --> 01:00:51,750

technology and all of the inputs we have

1627

01:00:55,610 --> 01:00:53,850

going you know the whole idea you know

1628

01:00:58,010 --> 01:00:55,620

again I'm not a great spiritualist but a

1629

01:01:00,380 --> 01:00:58,020

lot of it is to be still right to give

1630

01:01:03,230 --> 01:01:00,390

time to think in to ponder into

1631

01:01:04,820 --> 01:01:03,240

meditating get in touch with the

1632

01:01:07,430 --> 01:01:04,830

universe and get in touch with your

1633

01:01:10,640 --> 01:01:07,440

loved ones I think that is so difficult

1634

01:01:12,440 --> 01:01:10,650

to do because there are so many inputs I

1635

01:01:15,230 --> 01:01:12,450

mean if you look at human beings what is

1636

01:01:16,940 --> 01:01:15,240

our mind basically geared to remember

1637

01:01:18,350 --> 01:01:16,950

something like a hundred people or

1638

01:01:20,830 --> 01:01:18,360

something or maybe unless I forget what

1639

01:01:23,270 --> 01:01:20,840

the number is it's very small in and yet

1640

01:01:25,880 --> 01:01:23,280

many of us have thousands of quote

1641

01:01:28,070 --> 01:01:25,890

friends online and our brains are on

1642

01:01:29,540 --> 01:01:28,080

perpetual overload in this might not

1643

01:01:31,910 --> 01:01:29,550

have a lot to do with the UFO subject

1644

01:01:33,400 --> 01:01:31,920

I'll just interject it's very hard to

1645

01:01:36,780 --> 01:01:33,410

get back to that kind of state

1646

01:01:38,700 --> 01:01:36,790

particularly in today's world

1647

01:01:41,310 --> 01:01:38,710

oh absolutely and I mean the the

1648

01:01:45,240 --> 01:01:41,320

influence of technology and media alone

1649

01:01:47,130 --> 01:01:45,250

Jim I mean we have people who are you

1650

01:01:49,610 --> 01:01:47,140

know now this whole new form of media

1651

01:01:52,620 --> 01:01:49,620

where we're inserting things into

1652

01:01:55,800 --> 01:01:52,630

history you know maybe it's a world war

1653

01:01:58,970 --> 01:01:55,810

two photo and you've got a Star Wars

1654

01:02:02,460 --> 01:01:58,980

character put in there and it looks so

1655

01:02:04,740 --> 01:02:02,470

ungodly real that who's to say in a

1656

01:02:06,270 --> 01:02:04,750

hundred years that's society's gonna

1657

01:02:09,810 --> 01:02:06,280

look back and be like oh yeah r2d2

1658

01:02:13,110 --> 01:02:09,820

totally was part of you know landed on

1659

01:02:15,150 --> 01:02:13,120

the beaches of Normandy it's fascinating

1660

01:02:17,550 --> 01:02:15,160

to think you know as we move forward

1661

01:02:20,790 --> 01:02:17,560

that our collective consciousness and

1662

01:02:23,640 --> 01:02:20,800

memory can actually be formed by our

1663

01:02:25,830 --> 01:02:23,650

media and technology moving forward it's

1664

01:02:27,720 --> 01:02:25,840

it's it's amazing it's amazing it's

1665

01:02:30,480 --> 01:02:27,730

exciting it's also a little scary not

1666

01:02:32,250 --> 01:02:30,490

gonna lie Ryan I always like to think

1667

01:02:34,740 --> 01:02:32,260

archaeologically about things like that

1668

01:02:36,750 --> 01:02:34,750

that in the event of some god forbid

1669

01:02:38,310 --> 01:02:36,760

some future apocalypse that these photos

1670

01:02:40,350 --> 01:02:38,320

you know or more importantly these

1671

01:02:42,090 --> 01:02:40,360

Photoshop 2 renditions of historical

1672

01:02:44,310 --> 01:02:42,100

photos are left to posterity whoever

1673

01:02:45,780 --> 01:02:44,320

survives the great cataclysm and they

1674

01:02:47,850 --> 01:02:45,790

come back and they find the remnants of

1675

01:02:50,040 --> 01:02:47,860

lost civilization hours and they see

1676

01:02:51,750 --> 01:02:50,050

pictures of r2d2 standing there on the

1677

01:02:52,980 --> 01:02:51,760

beach at Normandy and going what's this

1678

01:02:55,110 --> 01:02:52,990

little guy you know and they're trying

1679

01:02:57,210 --> 01:02:55,120

to interpret the past through the

1680

01:02:59,730 --> 01:02:57,220

simulacra that we have created like

1681

01:03:01,530 --> 01:02:59,740

Pompeii you know yeah I mean it would be

1682

01:03:03,540 --> 01:03:01,540

like us looking at Pompeii and finding

1683

01:03:05,250 --> 01:03:03,550

some great artistic inside joke and

1684

01:03:08,190 --> 01:03:05,260

trying to interpret that as being a

1685

01:03:09,240 --> 01:03:08,200

portrayal of their everyday reality but

1686

01:03:11,370 --> 01:03:09,250

it wasn't that and they never intended

1687

01:03:13,880 --> 01:03:11,380

to be that way but I mean in that same

1688

01:03:16,590 --> 01:03:13,890

way like Ryan saying Voynich manuscript

1689

01:03:19,650 --> 01:03:16,600

well yeah yeah right and we're

1690

01:03:21,720 --> 01:03:19,660

interpreting our own toying with our

1691

01:03:23,520 --> 01:03:21,730

reality and our playing with the

1692

01:03:25,470 --> 01:03:23,530

photoshopping of reality so to speak

1693

01:03:27,150 --> 01:03:25,480

we're beginning to interpret that as

1694

01:03:29,520 --> 01:03:27,160

being a real aspect of ourselves too I

1695

01:03:31,050 --> 01:03:29,530

mean quick example how many people do

1696

01:03:32,280 --> 01:03:31,060

you know through social media that

1697

01:03:34,530 --> 01:03:32,290

you've never seen their face they use

1698

01:03:35,490 --> 01:03:34,540

some sort of icon or avatar and it's

1699

01:03:36,750 --> 01:03:35,500

like they've got a whole different

1700

01:03:38,850 --> 01:03:36,760

persona they probably don't use their

1701
01:03:40,590 --> 01:03:38,860
real name either and they may lie about

1702
01:03:42,060 --> 01:03:40,600
their age their job everything you may

1703
01:03:43,470 --> 01:03:42,070
not know anything about that individual

1704
01:03:45,030 --> 01:03:43,480
but they will tweet at you every day and

1705
01:03:47,700 --> 01:03:45,040
you may have interactions with somebody

1706
01:03:49,470 --> 01:03:47,710
who beyond that interaction there is no

1707
01:03:50,820 --> 01:03:49,480
realistic sense of who or what that

1708
01:03:52,590 --> 01:03:50,830
personality

1709
01:03:56,490 --> 01:03:52,600
but they could be a Russian bot for all

1710
01:03:58,890 --> 01:03:56,500
you know I mean stop tweeting I have to

1711
01:04:00,300 --> 01:03:58,900
have some what but I mean I think you

1712
01:04:02,490 --> 01:04:00,310
see what I'm saying it's like we are now

1713
01:04:04,740 --> 01:04:02,500

interacting with a level of reality that

1714

01:04:07,200 --> 01:04:04,750

there's so little realism to it that we

1715

01:04:08,730 --> 01:04:07,210

can't discern reality from what is fake

1716

01:04:10,110 --> 01:04:08,740

I mean it's it's a very bizarre time

1717

01:04:13,950 --> 01:04:10,120

that we live in technologically and

1718

01:04:15,960 --> 01:04:13,960

otherwise yeah yeah and you know when

1719

01:04:18,750 --> 01:04:15,970

will that you know sort of idea of

1720

01:04:21,540 --> 01:04:18,760

transhumanism start to play into Myka

1721

01:04:23,730 --> 01:04:21,550

like when will it be too much or too

1722

01:04:26,640 --> 01:04:23,740

soon or what's the good and the bad of

1723

01:04:27,330 --> 01:04:26,650

all of that you know this merging of our

1724

01:04:30,840 --> 01:04:27,340

future

1725

01:04:32,610 --> 01:04:30,850

I listen to that you probably most of

1726

01:04:35,160 --> 01:04:32,620

you or all of you heard that interview

1727

01:04:38,370 --> 01:04:35,170

Elon Musk did with Joe Rogan which was

1728

01:04:40,410 --> 01:04:38,380

best known because he was smoking a

1729

01:04:42,690 --> 01:04:40,420

certain substance but actually if you

1730

01:04:45,360 --> 01:04:42,700

listen you forget about that you listen

1731

01:04:46,770 --> 01:04:45,370

to the actual interview I gotta give Joe

1732

01:04:48,360 --> 01:04:46,780

Rogan all the credit in the world that's

1733

01:04:50,100 --> 01:04:48,370

one of the best interviews I've ever

1734

01:04:53,070 --> 01:04:50,110

heard and it was one of the most

1735

01:04:55,970 --> 01:04:53,080

interesting and must talked about how we

1736

01:04:59,190 --> 01:04:55,980

are going to go transhumanism and how

1737

01:05:01,860 --> 01:04:59,200

you know how almost certain it is how

1738

01:05:04,380 --> 01:05:01,870

relatively easy it's going to be as

1739

01:05:06,110 --> 01:05:04,390

technology happens and we'll be left

1740

01:05:08,400 --> 01:05:06,120

with a choice and you're going to have

1741

01:05:11,100 --> 01:05:08,410

classes of people you're going to have

1742

01:05:12,540 --> 01:05:11,110

these Jackson's superhumans who are

1743

01:05:14,220 --> 01:05:12,550

checked into the internet and have

1744

01:05:16,020 --> 01:05:14,230

infinite knowledge immediately their

1745

01:05:17,340 --> 01:05:16,030

fingertips and then you have people that

1746

01:05:19,530 --> 01:05:17,350

don't want to participate then you're

1747

01:05:23,520 --> 01:05:19,540

gonna almost create different classes of

1748

01:05:27,390 --> 01:05:23,530

humans and it's very frightening and you

1749

01:05:29,280 --> 01:05:27,400

just see views with artificial

1750

01:05:31,680 --> 01:05:29,290

intelligence and so forth we're going

1751

01:05:34,290 --> 01:05:31,690

into outside sometimes I think the

1752

01:05:37,590 --> 01:05:34,300

aliens may be less scary and less scary

1753

01:05:39,150 --> 01:05:37,600

than we are if they exist because the

1754

01:05:41,580 --> 01:05:39,160

things are come up with AI and

1755

01:05:44,880 --> 01:05:41,590

transhumanism it really is sci-fi

1756

01:05:46,770 --> 01:05:44,890

material oh yeah and I mean you also

1757

01:05:50,100 --> 01:05:46,780

look at like these this idea of like a

1758

01:05:54,540 --> 01:05:50,110

social capital you know I mean someday

1759

01:05:57,840 --> 01:05:54,550

maybe here we will you know be able to

1760

01:06:01,290 --> 01:05:57,850

buy a you know a gallon of milk or soy

1761

01:06:02,790 --> 01:06:01,300

milk let's say with our social capital

1762

01:06:03,600 --> 01:06:02,800

how many likes we got on a social

1763

01:06:06,030 --> 01:06:03,610

network

1764

01:06:07,860 --> 01:06:06,040

we'll pay for some I was I will admit to

1765

01:06:10,380 --> 01:06:07,870

a couple of times and this has worked

1766

01:06:12,870 --> 01:06:10,390

with companies that were being unfair

1767

01:06:16,950 --> 01:06:12,880

with warranty situations and things and

1768

01:06:19,200 --> 01:06:16,960

I've said you know I will let my 40,000

1769

01:06:21,840 --> 01:06:19,210

and that's a small following these days

1770

01:06:24,300 --> 01:06:21,850

but my 40,000 people know that I'm

1771

01:06:26,010 --> 01:06:24,310

displeased with your project a product

1772

01:06:28,680 --> 01:06:26,020

and all of a sudden they became

1773

01:06:31,080 --> 01:06:28,690

enlightened to the the rightfulness of

1774

01:06:34,620 --> 01:06:31,090

my cause and I don't like to do that but

1775

01:06:36,900 --> 01:06:34,630

it's kind of like that right there it is

1776

01:06:38,910 --> 01:06:36,910

in having that power Jim like you

1777

01:06:41,310 --> 01:06:38,920

imagine someone who would use that for a

1778

01:06:43,470 --> 01:06:41,320

different motive you know a different

1779

01:06:45,060 --> 01:06:43,480

agenda right my I think because my

1780

01:06:47,490 --> 01:06:45,070

refrigerator was a month out of warranty

1781

01:06:52,830 --> 01:06:47,500

it was 13 months old and it went on the

1782

01:06:55,020 --> 01:06:52,840

fritz which was ridiculous but but but

1783

01:06:56,820 --> 01:06:55,030

but nevertheless I know moving on to

1784

01:06:59,670 --> 01:06:56,830

another subject if we may

1785

01:07:01,320 --> 01:06:59,680

Mike I had an interesting article and

1786

01:07:03,810 --> 01:07:01,330

I'll let him take this one because this

1787

01:07:05,370 --> 01:07:03,820

was his his babies at work I don't think

1788

01:07:07,620 --> 01:07:05,380

we've heard a lot about the topic of

1789

01:07:09,480 --> 01:07:07,630

cattle mutilations certainly a

1790

01:07:11,250 --> 01:07:09,490

fascinating topic that we used to hear a

1791

01:07:12,960 --> 01:07:11,260

lot about not as much anymore

1792

01:07:16,530 --> 01:07:12,970

what was this case that really caught

1793

01:07:18,690 --> 01:07:16,540

your interest Micah here in 2018 well I

1794

01:07:20,280 --> 01:07:18,700

have to give props to mark Brady who is

1795

01:07:22,440 --> 01:07:20,290

a wonderful fellow who sends me a lot of

1796

01:07:23,490 --> 01:07:22,450

news on a weekly basis because I mean

1797

01:07:25,650 --> 01:07:23,500

when you like me and you're doing how

1798

01:07:28,620 --> 01:07:25,660

many podcasts do I do I mean I think Jim

1799

01:07:30,330 --> 01:07:28,630

and I are constantly like you know kind

1800

01:07:34,650 --> 01:07:30,340

of kind of trying to see who can do the

1801

01:07:36,480 --> 01:07:34,660

most you know so but the the story had

1802

01:07:38,940 --> 01:07:36,490

been one that Mark sent along to me and

1803

01:07:40,920 --> 01:07:38,950

this from out in the general region of

1804

01:07:42,420 --> 01:07:40,930

you know the Grand Canyon Williams I

1805

01:07:45,140 --> 01:07:42,430

think is the actual area and the

1806

01:07:46,950 --> 01:07:45,150

Williams news therefore being the

1807

01:07:48,180 --> 01:07:46,960

periodical that reported this and the

1808

01:07:50,610 --> 01:07:48,190

title of the article was just cattle

1809

01:07:52,380 --> 01:07:50,620

mutilations baffle Williams rancher but

1810

01:07:53,370 --> 01:07:52,390

this story is well worth read if you

1811

01:07:54,960 --> 01:07:53,380

haven't seen it the reason why is

1812

01:07:57,240 --> 01:07:54,970

because Wendy Howell wrote about this

1813

01:08:01,530 --> 01:07:57,250

and it tells the story of a man his name

1814

01:08:03,630 --> 01:08:01,540

is uh John Mahan and he had had a

1815

01:08:06,570 --> 01:08:03,640

mutilation of I believe you know a calf

1816

01:08:07,950 --> 01:08:06,580

and then a mother cow on his ranch he

1817

01:08:09,570 --> 01:08:07,960

didn't have a whole lot of cattle and

1818

01:08:10,710 --> 01:08:09,580

some of the points that are made in this

1819

01:08:12,210 --> 01:08:10,720

are calming first of all there's no

1820

01:08:13,800 --> 01:08:12,220

mention of extraterrestrials and silly

1821

01:08:15,870 --> 01:08:13,810

stuff I mean not to say that that's a

1822

01:08:17,309 --> 01:08:15,880

silly subject but I mean I think that

1823

01:08:18,720 --> 01:08:17,319

part of the problem with the cattle

1824

01:08:19,919 --> 01:08:18,730

Relation situation is the way that

1825

01:08:21,720 --> 01:08:19,929

people are like oh the aliens are

1826

01:08:23,069 --> 01:08:21,730

abducting the cows you know and you know

1827

01:08:24,930 --> 01:08:23,079

probing their rectum or whatever else

1828

01:08:26,910 --> 01:08:24,940

you know there are a lot of really silly

1829

01:08:28,979 --> 01:08:26,920

things you know that have kind of become

1830

01:08:31,140 --> 01:08:28,989

NEMA fide in relation to the UFO

1831

01:08:32,789 --> 01:08:31,150

connection with cattle mutilation it

1832

01:08:34,229 --> 01:08:32,799

kind of prompted me now this article by

1833

01:08:35,789 --> 01:08:34,239

the way was published in September but

1834

01:08:37,589 --> 01:08:35,799

hey it's a year in review right so and

1835

01:08:39,209 --> 01:08:37,599

this to me was one of the most

1836

01:08:42,149 --> 01:08:39,219

interesting articles of the year because

1837

01:08:43,680 --> 01:08:42,159

no mention of ET no mention of UFOs no

1838

01:08:45,809 --> 01:08:43,690

crackpot theories about the Illuminati

1839

01:08:47,550 --> 01:08:45,819

or secret organizations you know satanic

1840

01:08:49,979 --> 01:08:47,560

cults or anything like that it is a man

1841

01:08:53,069 --> 01:08:49,989

who is an investigator and he says

1842

01:08:54,720 --> 01:08:53,079

whoever is doing this it's obviously not

1843

01:08:56,849 --> 01:08:54,730

animals this is not predation there are

1844

01:08:59,099 --> 01:08:56,859

chemicals involved the caucuses are left

1845

01:09:01,349 --> 01:08:59,109

and they are not there's again there's

1846

01:09:04,379 --> 01:09:01,359

often been the assertion that predation

1847

01:09:05,760 --> 01:09:04,389

occurs after a natural death if it foxes

1848

01:09:07,410 --> 01:09:05,770

and insects and all different kinds of

1849

01:09:09,780 --> 01:09:07,420

varmints and things can leave what

1850

01:09:12,149 --> 01:09:09,790

appear but actually aren't but appear to

1851
01:09:13,680 --> 01:09:12,159
be surgical incisions where you know

1852
01:09:15,059 --> 01:09:13,690
there are small tissues and you know

1853
01:09:17,280 --> 01:09:15,069
organs remove things like this the

1854
01:09:19,140 --> 01:09:17,290
eyeballs the tongue whatever and this

1855
01:09:21,689 --> 01:09:19,150
investigator is very credibly very

1856
01:09:24,030 --> 01:09:21,699
soberly saying look somebody is doing

1857
01:09:25,740 --> 01:09:24,040
this and it's sick he he tallies that

1858
01:09:28,589 --> 01:09:25,750
it's more than seven thousand dollars

1859
01:09:31,709 --> 01:09:28,599
that John Mahan lost in this mutilation

1860
01:09:33,539 --> 01:09:31,719
and he says somebody locally he thinks

1861
01:09:35,160 --> 01:09:33,549
must have known what was going on and

1862
01:09:37,019 --> 01:09:35,170
had been surveilling this property

1863
01:09:39,479 --> 01:09:37,029

because he said that the way that these

1864

01:09:41,039 --> 01:09:39,489

these farms been exported the way that

1865

01:09:42,930 --> 01:09:41,049

the carcasses were removed and then they

1866

01:09:44,939 --> 01:09:42,940

were left on this part of their property

1867

01:09:46,379 --> 01:09:44,949

where there would be unlikely to be

1868

01:09:47,669 --> 01:09:46,389

found he said it seemed that someone had

1869

01:09:49,709 --> 01:09:47,679

surveilled the property knew it very

1870

01:09:51,240 --> 01:09:49,719

well and he's going into the systemic

1871

01:09:53,819 --> 01:09:51,250

aspect of this in terms of how he

1872

01:09:55,200 --> 01:09:53,829

believes whoever and he says whoever he

1873

01:09:57,479 --> 01:09:55,210

thinks there was a person behind this

1874

01:09:59,640 --> 01:09:57,489

and he says equipment equivocal II it's

1875

01:10:01,560 --> 01:09:59,650

cynic and that's a lot of money for

1876

01:10:02,640 --> 01:10:01,570

these people to have lost and we got to

1877

01:10:04,500 --> 01:10:02,650

get to the bottom of this and so he's

1878

01:10:05,669 --> 01:10:04,510

asking for people in the community look

1879

01:10:07,859 --> 01:10:05,679

if you know anything if you've seen

1880

01:10:10,020 --> 01:10:07,869

anything please come forward but to see

1881

01:10:11,970 --> 01:10:10,030

such a sober down-to-earth treatment of

1882

01:10:15,450 --> 01:10:11,980

a subject that since at least the mid

1883

01:10:17,370 --> 01:10:15,460

1970s has really catch the imaginations

1884

01:10:18,780 --> 01:10:17,380

of UFO researchers and it really got me

1885

01:10:20,189 --> 01:10:18,790

thinking oh man we've got to look back

1886

01:10:23,160 --> 01:10:20,199

at you know well what is it about this

1887

01:10:25,200 --> 01:10:23,170

subject that we tie to ufos well again

1888

01:10:26,760 --> 01:10:25,210

the early investigations and guys you

1889

01:10:28,979 --> 01:10:26,770

know you know me I know you guys are all

1890

01:10:30,689 --> 01:10:28,989

like this Clayton you know Ryan I went

1891

01:10:33,000 --> 01:10:30,699

to fbi.gov and I start

1892

01:10:34,860 --> 01:10:33,010

you know reviewing some of the FBI's own

1893

01:10:37,439 --> 01:10:34,870

documentation on cattle mutilations and

1894

01:10:39,030 --> 01:10:37,449

you know even skeptics you know one of

1895

01:10:40,800 --> 01:10:39,040

the riders over at skeptoid had noted

1896

01:10:42,510 --> 01:10:40,810

that the FBI's own investigation

1897

01:10:44,280 --> 01:10:42,520

amounted a little more than collecting

1898

01:10:46,140 --> 01:10:44,290

newspaper clippings because of

1899

01:10:47,610 --> 01:10:46,150

jurisdictional issues at the time and

1900

01:10:49,020 --> 01:10:47,620

yet they put up their files and many

1901

01:10:50,939 --> 01:10:49,030

people cite that kind of lackluster

1902

01:10:52,470 --> 01:10:50,949

research that they had done at the time

1903

01:10:54,720 --> 01:10:52,480

and maybe there were reasons but that

1904

01:10:55,919 --> 01:10:54,730

was the case but they cite that as being

1905

01:10:58,020 --> 01:10:55,929

the be-all end-all one of the

1906

01:10:59,970 --> 01:10:58,030

memorandums actually read there's never

1907

01:11:01,410 --> 01:10:59,980

any information gathered at the site of

1908

01:11:02,640 --> 01:11:01,420

these mutilations that's of any

1909

01:11:04,740 --> 01:11:02,650

substance were valued for further

1910

01:11:06,840 --> 01:11:04,750

investigations and I'm thinking you look

1911

01:11:10,709 --> 01:11:06,850

back at some of the ones near Dulce in

1912

01:11:12,450 --> 01:11:10,719

1974 they found atropine insecticide in

1913

01:11:14,790 --> 01:11:12,460

the bloodstream of the cattle I mean

1914

01:11:16,380 --> 01:11:14,800

they found numerous marks where they

1915

01:11:18,390 --> 01:11:16,390

described these these odd little

1916

01:11:20,250 --> 01:11:18,400

depressions in the ground where they set

1917

01:11:21,689 --> 01:11:20,260

a tripod like structure of some kind

1918

01:11:23,310 --> 01:11:21,699

appears to have touched down followed

1919

01:11:26,070 --> 01:11:23,320

one of the cattle for about six hundred

1920

01:11:27,510 --> 01:11:26,080

yards there was appearance you know due

1921

01:11:29,400 --> 01:11:27,520

to these scuff marks on the ground and

1922

01:11:32,160 --> 01:11:29,410

whatnot of a struggle with the cow and

1923

01:11:33,330 --> 01:11:32,170

then the body has dumped another several

1924

01:11:34,919 --> 01:11:33,340

yards away from that they say that

1925

01:11:36,360 --> 01:11:34,929

there's indications of bruising and

1926

01:11:38,070 --> 01:11:36,370

breakage which indicated that it had

1927

01:11:39,990 --> 01:11:38,080

been dropped from what appeared to be

1928

01:11:42,900 --> 01:11:40,000

some sort of an aircraft and most

1929

01:11:44,400 --> 01:11:42,910

telling gabrielle valdez had been part

1930

01:11:45,930 --> 01:11:44,410

of the New Mexico State Police who

1931

01:11:47,340 --> 01:11:45,940

investigated one of these actually

1932

01:11:50,010 --> 01:11:47,350

several of these incidents in New Mexico

1933

01:11:52,919 --> 01:11:50,020

back in 1975 and 76 he said that they

1934

01:11:54,990 --> 01:11:52,929

found traces of radiation at the site of

1935

01:11:57,720 --> 01:11:55,000

these investigations but that it was his

1936

01:12:00,689 --> 01:11:57,730

opinion that the radiation was left to

1937

01:12:02,550 --> 01:12:00,699

confuse the investigators they weren't

1938

01:12:03,959 --> 01:12:02,560

treating this like a UFO investigation

1939

01:12:05,430 --> 01:12:03,969

they said look we think somebody's doing

1940

01:12:07,350 --> 01:12:05,440

this we think that there is some kind of

1941

01:12:08,939 --> 01:12:07,360

aircraft involved we think that there's

1942

01:12:11,520 --> 01:12:08,949

a tremendous amount of funding behind

1943

01:12:13,680 --> 01:12:11,530

whatever or whoever is doing this but

1944

01:12:15,090 --> 01:12:13,690

that there are obvious facets of this

1945

01:12:17,430 --> 01:12:15,100

that we can't explain and some of it we

1946

01:12:19,110 --> 01:12:17,440

think is intended to mislead us I mean

1947

01:12:20,760 --> 01:12:19,120

and it really got me thinking about the

1948

01:12:22,080 --> 01:12:20,770

whole cattle mutilation thing it's

1949

01:12:23,700 --> 01:12:22,090

something that you don't hear about as

1950

01:12:25,709 --> 01:12:23,710

much today today though and so when

1951

01:12:27,390 --> 01:12:25,719

again the Williams News reported this

1952

01:12:29,459 --> 01:12:27,400

and we're seeing the same kind of

1953

01:12:30,570 --> 01:12:29,469

treatment it's kind of sad in a way I'll

1954

01:12:32,610 --> 01:12:30,580

leave you with this guy's in the lunch

1955

01:12:34,680 --> 01:12:32,620

your opinions you know we seem to have

1956

01:12:36,900 --> 01:12:34,690

it very tangible credible and

1957

01:12:38,430 --> 01:12:36,910

frightening phenomena here but on the

1958

01:12:40,350 --> 01:12:38,440

one side you've got skeptics who say oh

1959

01:12:41,520 --> 01:12:40,360

it's just foxes you know and rats and

1960

01:12:43,030 --> 01:12:41,530

things you know that are just feeding on

1961

01:12:45,160 --> 01:12:43,040

unnaturally you know

1962

01:12:46,690 --> 01:12:45,170

a Cal that has died under for natural

1963

01:12:48,400 --> 01:12:46,700

causes and then you got people who are

1964

01:12:50,170 --> 01:12:48,410

saying there it's an interstellar

1965

01:12:52,210 --> 01:12:50,180

breeding program and aliens are

1966

01:12:53,560 --> 01:12:52,220

abducting these cows I don't know I

1967

01:12:55,210 --> 01:12:53,570

don't presume to know what's really

1968

01:12:56,650 --> 01:12:55,220

going on but I really think this is

1969

01:12:59,050 --> 01:12:56,660

something people should be paying more

1970

01:13:00,190 --> 01:12:59,060

attention to and it is definitely still

1971

01:13:02,050 --> 01:13:00,200

occurring at least as recently as

1972

01:13:03,640 --> 01:13:02,060

September of this year what do you guys

1973

01:13:06,070 --> 01:13:03,650

think well I'm just gonna say this is

1974

01:13:08,470 --> 01:13:06,080

that I think if you look at all of this

1975

01:13:11,350 --> 01:13:08,480

I think to me then I don't think

1976

01:13:14,320 --> 01:13:11,360

necessarily the four of us but I think

1977

01:13:16,510 --> 01:13:14,330

many people look at the UFO question and

1978

01:13:19,450 --> 01:13:16,520

they look at it as a monolith there is

1979

01:13:21,250 --> 01:13:19,460

one answer right and I think there are

1980

01:13:23,350 --> 01:13:21,260

many answers I think some things are

1981

01:13:24,820 --> 01:13:23,360

hoaxes I think there's something to some

1982

01:13:28,000 --> 01:13:24,830

of them I think some of the military

1983

01:13:30,460 --> 01:13:28,010

craft I think some of them may be a VT

1984

01:13:33,970 --> 01:13:30,470

origin and heck maybe some of them are

1985

01:13:35,890 --> 01:13:33,980

of another dimension or another universe

1986

01:13:39,130 --> 01:13:35,900

or multiverse it could be many things

1987

01:13:43,000 --> 01:13:39,140

same with cattle mutilations maybe

1988

01:13:45,070 --> 01:13:43,010

there's a perfectly human explanation

1989

01:13:46,450 --> 01:13:45,080

maybe it's the military and I would not

1990

01:13:50,260 --> 01:13:46,460

put it past the government or the

1991

01:13:52,540 --> 01:13:50,270

military to layer on what might some

1992

01:13:54,880 --> 01:13:52,550

people might consider UFO silliness too

1993

01:13:55,840 --> 01:13:54,890

obvious Kate something else I think all

1994

01:13:57,970 --> 01:13:55,850

of that possible

1995

01:14:01,660 --> 01:13:57,980

and if camera mutilations have nothing

1996

01:14:03,760 --> 01:14:01,670

to do with UFOs that doesn't necessarily

1997

01:14:05,320 --> 01:14:03,770

the skeptic would say AHA there's

1998

01:14:07,990 --> 01:14:05,330

nothing to UFOs well you're making a

1999

01:14:09,550 --> 01:14:08,000

huge leap of logic there there may be

2000

01:14:10,240 --> 01:14:09,560

maybe there's no connection maybe that's

2001

01:14:11,530 --> 01:14:10,250

very true

2002

01:14:13,780 --> 01:14:11,540

but that doesn't mean there isn't

2003

01:14:15,310 --> 01:14:13,790

something to the UFO phenomenon itself

2004

01:14:17,230 --> 01:14:15,320

but now I'll let the other guys chime in

2005

01:14:21,370 --> 01:14:17,240

well I mean and I think was it earlier

2006

01:14:23,650 --> 01:14:21,380

this summer - Myka there was that was in

2007

01:14:30,970 --> 01:14:23,660

the Ukraine it was in the small village

2008

01:14:32,500 --> 01:14:30,980

of like Mata Yahveh EFS something and it

2009

01:14:34,620 --> 01:14:32,510

to be ukrainian to be able to say it but

2010

01:14:37,300 --> 01:14:34,630

it was there was eight sheep that were

2011

01:14:38,399 --> 01:14:37,310

exsanguinated on in this small village

2012

01:14:42,000 --> 01:14:38,409

and the local that

2013

01:14:44,220 --> 01:14:42,010

who went to examine these creatures said

2014

01:14:47,220 --> 01:14:44,230

there's never seen anything like it

2015

01:14:48,540 --> 01:14:47,230

they're not well you know the type of

2016

01:14:49,800 --> 01:14:48,550

predation that they would ever see

2017

01:14:51,540 --> 01:14:49,810

they've never he's never seen anything

2018

01:14:52,950 --> 01:14:51,550

like this it was not a wolf attack it

2019

01:14:54,540 --> 01:14:52,960

wasn't you know and you've got it this

2020

01:14:58,110 --> 01:14:54,550

is like a village of like ten people

2021

01:14:59,910 --> 01:14:58,120

right so you're gonna the the place

2022

01:15:01,919 --> 01:14:59,920

where you get your wool you're going to

2023

01:15:05,370 --> 01:15:01,929

kill all eight of their sheep and some

2024

01:15:06,360 --> 01:15:05,380

exsanguination it just were in where

2025

01:15:08,070 --> 01:15:06,370

that you know they didn't hear anything

2026

01:15:10,649 --> 01:15:08,080

in the middle of the night

2027

01:15:13,290 --> 01:15:10,659

and when the farmer wakes up he sees all

2028

01:15:16,229 --> 01:15:13,300

of them scattered you know so you're

2029

01:15:19,020 --> 01:15:16,239

right I think you have an areas where

2030

01:15:20,910 --> 01:15:19,030

you have very little very little

2031

01:15:23,070 --> 01:15:20,920

thoroughfare there's not a lot of

2032

01:15:25,200 --> 01:15:23,080

activity and you have something like

2033

01:15:28,080 --> 01:15:25,210

this making international headlines it

2034

01:15:32,879 --> 01:15:28,090

certainly bears asking what in the world

2035

01:15:34,979 --> 01:15:32,889

caused this yeah yeah I mean you know we

2036

01:15:37,350 --> 01:15:34,989

we might think it's enticing to have

2037

01:15:39,270 --> 01:15:37,360

these theories you know about it being

2038

01:15:41,370 --> 01:15:39,280

your focus or aliens but at the end of

2039

01:15:42,930 --> 01:15:41,380

the day these these cattle ranchers and

2040

01:15:45,360 --> 01:15:42,940

everyone they're losing so much money

2041

01:15:47,399 --> 01:15:45,370

this is all they have so when this

2042

01:15:49,500 --> 01:15:47,409

happens it's extremely traumatizing to

2043

01:15:51,840 --> 01:15:49,510

them I would imagine and detrimental but

2044

01:15:53,070 --> 01:15:51,850

Myka to sort of piggyback off the way

2045

01:15:54,479 --> 01:15:53,080

you said first of all I think it's

2046

01:15:57,300 --> 01:15:54,489

fascinating the whole idea that these

2047

01:15:59,220 --> 01:15:57,310

surgical things could be microscopic you

2048

01:16:00,930 --> 01:15:59,230

know in scope in terms of insects doing

2049

01:16:02,910 --> 01:16:00,940

that I never even thought about that

2050

01:16:05,070 --> 01:16:02,920

even through all these years of looking

2051

01:16:07,740 --> 01:16:05,080

at cattle mutilations but for me it

2052

01:16:10,470 --> 01:16:07,750

comes back to Chris O'Brien's work with

2053

01:16:11,129 --> 01:16:10,480

all this yeah just about to say yeah

2054

01:16:13,610 --> 01:16:11,139

exactly

2055

01:16:16,760 --> 01:16:13,620

I mean you look at this idea that maybe

2056

01:16:19,229 --> 01:16:16,770

the government or the the Food Drug

2057

01:16:21,660 --> 01:16:19,239

Administration buddy somebody is looking

2058

01:16:24,060 --> 01:16:21,670

at this Center for Disease there we go

2059

01:16:25,500 --> 01:16:24,070

that's the one I was looking for maybe

2060

01:16:27,300 --> 01:16:25,510

there's these outbreaks of these

2061

01:16:29,220 --> 01:16:27,310

diseases in these animals and they're

2062

01:16:31,770 --> 01:16:29,230

they're sent out there and they're black

2063

01:16:34,010 --> 01:16:31,780

helicopters this curse says and they're

2064

01:16:35,939 --> 01:16:34,020

the ones doing this to try to stop the

2065

01:16:39,090 --> 01:16:35,949

infections that seem to be spreading

2066

01:16:41,310 --> 01:16:39,100

across across the country or world who

2067

01:16:43,800 --> 01:16:41,320

knows um I I do think that is a more

2068

01:16:47,160 --> 01:16:43,810

plausible explanation for this that the

2069

01:16:50,070 --> 01:16:47,170

mutilators are in fact of human origin

2070

01:16:51,370 --> 01:16:50,080

but who knows again yeah I've never

2071

01:16:53,530 --> 01:16:51,380

really thought about a lot of

2072

01:16:55,630 --> 01:16:53,540

well in again we know it probably

2073

01:16:57,970 --> 01:16:55,640

warrants mentioned here Chris O'Brien's

2074

01:16:59,140 --> 01:16:57,980

books talking to heard he goes deep man

2075

01:17:00,100 --> 01:16:59,150

I mean it's very long look and I

2076

01:17:02,320 --> 01:17:00,110

remember him showing me like a

2077

01:17:04,690 --> 01:17:02,330

manuscript of that book before it was

2078

01:17:06,460 --> 01:17:04,700

published and we talked about it and in

2079

01:17:07,660 --> 01:17:06,470

fact I'm not heading on my show to talk

2080

01:17:10,270 --> 01:17:07,670

about it before the book was published

2081

01:17:13,120 --> 01:17:10,280

and that was back in like 2013 2014

2082

01:17:15,100 --> 01:17:13,130

probably puts them ok you know Chris has

2083

01:17:16,060 --> 01:17:15,110

really done yeoman's work as far as that

2084

01:17:18,880 --> 01:17:16,070

goes and I think he comes probably

2085

01:17:20,350 --> 01:17:18,890

closest to explaining a lot of those

2086

01:17:21,730 --> 01:17:20,360

aspects and as you point out I mean

2087

01:17:24,100 --> 01:17:21,740

something that Chris O'Brien will tell

2088

01:17:26,260 --> 01:17:24,110

you that is almost never reported in

2089

01:17:28,060 --> 01:17:26,270

cattle mutilation investigations is the

2090

01:17:29,980 --> 01:17:28,070

number of mutilations where there is a

2091

01:17:33,280 --> 01:17:29,990

clear and discernible gunshot wound in

2092

01:17:35,020 --> 01:17:33,290

the cow that seems to indicate that the

2093

01:17:36,340 --> 01:17:35,030

cow was put down before the mutilation

2094

01:17:37,720 --> 01:17:36,350

occurred that he says you never read

2095

01:17:38,920 --> 01:17:37,730

about that in the literature but he's I

2096

01:17:41,110 --> 01:17:38,930

mean you got to keep in mind Chris is

2097

01:17:43,300 --> 01:17:41,120

done actual field research into this

2098

01:17:45,700 --> 01:17:43,310

himself in the past and I mean talk

2099

01:17:46,960 --> 01:17:45,710

about a room lying the numbing prospect

2100

01:17:48,250 --> 01:17:46,970

but she never read about that in the

2101

01:17:49,810 --> 01:17:48,260

literature I mean think about all the

2102

01:17:51,340 --> 01:17:49,820

implications of something like that he

2103

01:17:53,140 --> 01:17:51,350

says no it's not just one or two cases

2104

01:17:54,640 --> 01:17:53,150

he said I could go down a list of

2105

01:17:55,960 --> 01:17:54,650

incidents were you know some of which he

2106

01:17:57,370 --> 01:17:55,970

had personally investigated where there

2107

01:17:59,770 --> 01:17:57,380

was a de clear indiscernible gunshot

2108

01:18:01,240 --> 01:17:59,780

wound that seemed to indicate that the

2109

01:18:02,860 --> 01:18:01,250

animal was put down something there's

2110

01:18:06,310 --> 01:18:02,870

obviously more to this mystery that is

2111

01:18:08,290 --> 01:18:06,320

reported and both a call I think for

2112

01:18:10,540 --> 01:18:08,300

being open-minded but also for being

2113

01:18:11,890 --> 01:18:10,550

critically lauded is absolutely

2114

01:18:13,960 --> 01:18:11,900

requisite to get to the bottom of it

2115

01:18:16,870 --> 01:18:13,970

makes sense to me I think even Ben

2116

01:18:19,210 --> 01:18:16,880

Mezrich book the 37th parallel tests and

2117

01:18:21,490 --> 01:18:19,220

gasps he was awesome yeah yeah it's all

2118

01:18:22,870 --> 01:18:21,500

centered right around cattle mutilations

2119

01:18:25,540 --> 01:18:22,880

right I mean that's the heart of the

2120

01:18:26,500 --> 01:18:25,550

that's the heart of that story and you

2121

01:18:28,840 --> 01:18:26,510

know there you had a New York Times

2122

01:18:30,760 --> 01:18:28,850

bestselling book you know being able to

2123

01:18:32,680 --> 01:18:30,770

talk about that 3,000 mile stretch

2124

01:18:35,080 --> 01:18:32,690

through the heart of America you know

2125

01:18:37,990 --> 01:18:35,090

where there's all of these paranormal

2126

01:18:39,250 --> 01:18:38,000

tracks across the country so I don't

2127

01:18:42,370 --> 01:18:39,260

know I'm encouraged that people bought

2128

01:18:44,410 --> 01:18:42,380

that book you know movie - I think yeah

2129

01:18:46,450 --> 01:18:44,420

you know yeah he said there was gonna be

2130

01:18:47,800 --> 01:18:46,460

a movie I'm pretty sure my gosh that's

2131

01:18:50,380 --> 01:18:47,810

what two years ago that came out

2132

01:18:52,690 --> 01:18:50,390

something like gonna yeah yeah came out

2133

01:18:57,700 --> 01:18:52,700

in 2016 I have it here on my shelf

2134

01:18:59,770 --> 01:18:57,710

yeah Zukowski zone yep yep well

2135

01:19:01,540 --> 01:18:59,780

gentlemen this has been great I I have a

2136

01:19:03,790 --> 01:19:01,550

feeling we could go on for hours but

2137

01:19:05,089 --> 01:19:03,800

since it's Christmas Day when people are

2138

01:19:06,529 --> 01:19:05,099

listening to this maybe well

2139

01:19:08,989 --> 01:19:06,539

let them get on with their Christmas we

2140

01:19:12,290 --> 01:19:08,999

hope this was a nice little surprise in

2141

01:19:14,209 --> 01:19:12,300

your stocking and we hope to bring it to

2142

01:19:16,729 --> 01:19:14,219

you in future years is kind of a

2143

01:19:20,779 --> 01:19:16,739

tradition and gentlemen I would love to

2144

01:19:23,810 --> 01:19:20,789

hear before we go to things a what do

2145

01:19:26,479 --> 01:19:23,820

you think 2019 may hold for the study of

2146

01:19:28,399 --> 01:19:26,489

UFOs and in what's going on with you

2147

01:19:31,029 --> 01:19:28,409

personally anything you would like to

2148

01:19:35,479 --> 01:19:31,039

share or promote to the audience

2149

01:19:37,819 --> 01:19:35,489

I'll go first guys I guess sure I I'm

2150

01:19:39,290 --> 01:19:37,829

doing a lot here in LA moving back to

2151

01:19:41,119 --> 01:19:39,300

New York in a couple months so I look

2152

01:19:43,729 --> 01:19:41,129

forward to getting back into my East

2153

01:19:46,099 --> 01:19:43,739

Coast roots but while I've been here

2154

01:19:48,729 --> 01:19:46,109

guys have been doing a lot of the

2155

01:19:51,259 --> 01:19:48,739

lecture circuit with alien Con a very

2156

01:19:53,239 --> 01:19:51,269

contentious conference you know hosted

2157

01:19:56,239 --> 01:19:53,249

by ancient aliens so that's a whole

2158

01:20:00,319 --> 01:19:56,249

other bag of worms but there is a new

2159

01:20:02,419 --> 01:20:00,329

one coming to Los Angeles in I believe

2160

01:20:05,119 --> 01:20:02,429

June of this upcoming year so I'll be

2161

01:20:08,599 --> 01:20:05,129

speaking at that with a few other UFO

2162

01:20:10,909 --> 01:20:08,609

researchers but other than that just you

2163

01:20:13,009 --> 01:20:10,919

know looking forward to what this year

2164

01:20:15,619 --> 01:20:13,019

has to bring with this to the Stars

2165

01:20:17,179 --> 01:20:15,629

Academy syndrome we seem to all have and

2166

01:20:19,489 --> 01:20:17,189

how it's bringing it to the mainstream

2167

01:20:21,830 --> 01:20:19,499

so let's ride that way to see what

2168

01:20:24,319 --> 01:20:21,840

happens and I can't wait to see what the

2169

01:20:25,909 --> 01:20:24,329

year has to bring that is awesome Nizam

2170

01:20:27,770 --> 01:20:25,919

and Bryan where can people go and check

2171

01:20:29,929 --> 01:20:27,780

out what you do because I know you're

2172

01:20:31,790 --> 01:20:29,939

doing a lot probably a lot coming out in

2173

01:20:33,319 --> 01:20:31,800

the next year where can they how can

2174

01:20:35,750 --> 01:20:33,329

they keep in touch with everything lines

2175

01:20:37,369 --> 01:20:35,760

because this young man he is one of the

2176

01:20:39,349 --> 01:20:37,379

Rising Stars and you're just gonna hear

2177

01:20:41,750 --> 01:20:39,359

more and more and more about him as time

2178

01:20:43,849 --> 01:20:41,760

comes on so so so where can they go Ryan

2179

01:20:45,679 --> 01:20:43,859

oh that's very kind Jim well I learned

2180

01:20:48,290 --> 01:20:45,689

from the best and that's everyone on

2181

01:20:50,299 --> 01:20:48,300

this panel and beyond but everything I

2182

01:20:52,609 --> 01:20:50,309

do is at one hug that's somewhere in the

2183

01:20:54,409 --> 01:20:52,619

skies calm excellent and he's a

2184

01:20:57,919 --> 01:20:54,419

podcaster to check out his excellent

2185

01:20:59,689 --> 01:20:57,929

program mr. Hanks I know you're always

2186

01:21:03,589 --> 01:20:59,699

like you said every week you're coming

2187

01:21:05,449 --> 01:21:03,599

out with with the new podcasts and new

2188

01:21:07,459 --> 01:21:05,459

insights and you don't allow to work

2189

01:21:09,290 --> 01:21:07,469

with seven ages so what do you hope for

2190

01:21:11,419 --> 01:21:09,300

UFOs and what's going on with Micah

2191

01:21:13,639 --> 01:21:11,429

Hanks and where compare everybody plug

2192

01:21:16,009 --> 01:21:13,649

into it well I mean as far as what I

2193

01:21:17,179 --> 01:21:16,019

hope for UFOs I hope that the kind of

2194

01:21:18,620 --> 01:21:17,189

trend that we're seeing right now which

2195

01:21:21,410 --> 01:21:18,630

is maybe a

2196

01:21:24,709 --> 01:21:21,420

a kind of Renaissance if I may be so

2197

01:21:25,910 --> 01:21:24,719

bold is to call it that UFOs and UAP or

2198

01:21:27,890 --> 01:21:25,920

whatever you may choose to call them had

2199

01:21:29,660 --> 01:21:27,900

sort of become a household term again

2200

01:21:31,220 --> 01:21:29,670

and by that I mean not just that

2201

01:21:32,800 --> 01:21:31,230

everybody's talking about them but there

2202

01:21:34,879 --> 01:21:32,810

is at least a modicum of credibility

2203

01:21:36,890 --> 01:21:34,889

that seems to have been brought back to

2204

01:21:39,020 --> 01:21:36,900

the subject I do want to thank people

2205

01:21:41,030 --> 01:21:39,030

like Leslie Kean for that and you know

2206

01:21:42,919 --> 01:21:41,040

what role Tom DeLonge has played Lewis

2207

01:21:44,060 --> 01:21:42,929

Elizondo you know Bob Bigelow and people

2208

01:21:45,859 --> 01:21:44,070

like that too you know German called

2209

01:21:47,870 --> 01:21:45,869

Bell with his documentaries George Knapp

2210

01:21:50,209 --> 01:21:47,880

is reporting you guys you know

2211

01:21:53,330 --> 01:21:50,219

participating in conversations like this

2212

01:21:55,790 --> 01:21:53,340

I mean all of that I think has aided in

2213

01:21:57,770 --> 01:21:55,800

the furtherance of this subject in terms

2214

01:21:59,899 --> 01:21:57,780

of it becoming something that people not

2215

01:22:01,609 --> 01:21:59,909

only feel comfortable talking about but

2216

01:22:03,290 --> 01:22:01,619

there is a degree of credibility now

2217

01:22:04,910 --> 01:22:03,300

that sort of has become attached to it

2218

01:22:07,850 --> 01:22:04,920

which has not been something we have

2219

01:22:10,430 --> 01:22:07,860

seen significantly for decades so I hope

2220

01:22:12,109 --> 01:22:10,440

that that trend will continue I do a lot

2221

01:22:14,660 --> 01:22:12,119

of work both kind of behind the scenes

2222

01:22:16,760 --> 01:22:14,670

with you know academics and scholarly

2223

01:22:18,950 --> 01:22:16,770

circles that are very interested in this

2224

01:22:20,270 --> 01:22:18,960

subject and then also of course there

2225

01:22:21,560 --> 01:22:20,280

are the podcasts which are maybe the

2226

01:22:22,790 --> 01:22:21,570

public face of all that but I'm doing

2227

01:22:24,319 --> 01:22:22,800

I'm hoping to do a little writing about

2228

01:22:26,839 --> 01:22:24,329

that and of course as always continue to

2229

01:22:28,970 --> 01:22:26,849

probe the history and the scientific

2230

01:22:30,680 --> 01:22:28,980

side of all this you can find all the

2231

01:22:32,839 --> 01:22:30,690

podcasts and other junk I produce over

2232

01:22:34,069 --> 01:22:32,849

Micah Hanks common if at all for

2233

01:22:36,859 --> 01:22:34,079

whatever do one of my favorite people

2234

01:22:38,390 --> 01:22:36,869

mr. Clayton Morris ladies and gents yeah

2235

01:22:40,850 --> 01:22:38,400

it's Clayton and by the way it's not

2236

01:22:44,780 --> 01:22:40,860

junk it's great stuff Michael you're too

2237

01:22:46,339 --> 01:22:44,790

calm well this year you know I something

2238

01:22:47,859 --> 01:22:46,349

I kind of said a little bit during the

2239

01:22:50,720 --> 01:22:47,869

show you know just kind of on this

2240

01:22:52,310 --> 01:22:50,730

journey I think if more people sort of

2241

01:22:54,410 --> 01:22:52,320

spent it this year

2242

01:22:57,649 --> 01:22:54,420

I don't say navel-gazing because that

2243

01:22:59,720 --> 01:22:57,659

has a very pompous sound to it but spend

2244

01:23:02,359 --> 01:22:59,730

some more time sort of going inward on

2245

01:23:05,060 --> 01:23:02,369

this journey we're constantly looking

2246

01:23:07,850 --> 01:23:05,070

outward for for validation and I think

2247

01:23:10,100 --> 01:23:07,860

spending some time maybe kind of going

2248

01:23:11,990 --> 01:23:10,110

inward and maybe even like watching a

2249

01:23:15,370 --> 01:23:12,000

great documentary called the black hole

2250

01:23:19,010 --> 01:23:15,380

on gaia if anyone's had a chance to see

2251

01:23:20,629 --> 01:23:19,020

that great documentary in really

2252

01:23:23,300 --> 01:23:20,639

examining sort of like the universe

2253

01:23:25,580 --> 01:23:23,310

within us and how it connects as we are

2254

01:23:26,310 --> 01:23:25,590

sort of the event horizon to the outside

2255

01:23:28,890 --> 01:23:26,320

world

2256

01:23:31,650 --> 01:23:28,900

so I hope more people maybe spend some

2257

01:23:35,010 --> 01:23:31,660

time it'd be away from their devices and

2258

01:23:37,320 --> 01:23:35,020

in this new year and spend time sort of

2259

01:23:39,440 --> 01:23:37,330

exploring that side and maybe that will

2260

01:23:43,580 --> 01:23:39,450

lead to greater answers you know greater

2261

01:23:45,870 --> 01:23:43,590

innovation greater ascension I suppose

2262

01:23:48,450 --> 01:23:45,880

throughout humanity in some way I think

2263

01:23:49,980 --> 01:23:48,460

it has been a crazy year certainly in

2264

01:23:52,350 --> 01:23:49,990

the news and it would be nice to have

2265

01:23:56,700 --> 01:23:52,360

have some peace and quiet a little bit

2266

01:23:59,670 --> 01:23:56,710

this next year and in 2019 as for me you

2267

01:24:01,470 --> 01:23:59,680

know I I well I love the paranormal and

2268

01:24:04,430 --> 01:24:01,480

certainly am knee-deep in that on a

2269

01:24:08,070 --> 01:24:04,440

regular basis I also help people build

2270

01:24:09,990 --> 01:24:08,080

financial freedom and passive income and

2271

01:24:12,360 --> 01:24:10,000

so that's what my wife and I try to

2272

01:24:13,920 --> 01:24:12,370

teach on our our podcast so if you

2273

01:24:16,200 --> 01:24:13,930

listen to podcasts I'm sure you're

2274

01:24:17,760 --> 01:24:16,210

listening to this and you want to just

2275

01:24:19,830 --> 01:24:17,770

go over and subscribe to check out the

2276

01:24:22,110 --> 01:24:19,840

investing in real estate podcast with

2277

01:24:24,240 --> 01:24:22,120

Clayton Morris now that we've got our

2278

01:24:26,910 --> 01:24:24,250

YouTube channel we just as of this day

2279

01:24:30,000 --> 01:24:26,920

just passed 80,000 subscribers on his

2280

01:24:32,520 --> 01:24:30,010

YouTube channel over at Morris Morris

2281

01:24:35,220 --> 01:24:32,530

invest so we have all kinds of videos

2282

01:24:36,990 --> 01:24:35,230

where we walk through you know you set

2283

01:24:39,120 --> 01:24:37,000

up your LLC getting you know how to

2284

01:24:41,100 --> 01:24:39,130

structure passive income how to buy a

2285

01:24:43,440 --> 01:24:41,110

performing asset and how to get rid of

2286

01:24:46,020 --> 01:24:43,450

those liabilities and then and all of

2287

01:24:47,910 --> 01:24:46,030

that so we're constantly churning out

2288

01:24:49,770 --> 01:24:47,920

content there to help people you know

2289

01:24:51,960 --> 01:24:49,780

build financial intelligence the kind of

2290

01:24:54,270 --> 01:24:51,970

stuff we were never taught in school so

2291

01:24:55,920 --> 01:24:54,280

you know so there's there's plenty of

2292

01:24:57,300 --> 01:24:55,930

there's plenty of content and fodder

2293

01:24:58,740 --> 01:24:57,310

there's stuff for since we never got any

2294

01:25:00,990 --> 01:24:58,750

of this in school that's what we try to

2295

01:25:02,820 --> 01:25:01,000

bring to to our channel so I'm a enough

2296

01:25:04,920 --> 01:25:02,830

to find if anyone wants to find me

2297

01:25:06,390 --> 01:25:04,930

well I'm sure that everybody's gonna

2298

01:25:07,590 --> 01:25:06,400

tune into everything all of you

2299

01:25:09,990 --> 01:25:07,600

gentlemen do because you're both

2300

01:25:12,030 --> 01:25:10,000

excellent at it and I really appreciate

2301

01:25:13,770 --> 01:25:12,040

again I know this is a tough time of

2302

01:25:16,650 --> 01:25:13,780

year and I'd like to thank you all for

2303

01:25:19,230 --> 01:25:16,660

being a part of this year's UFO

2304

01:25:22,500 --> 01:25:19,240

Roundtable and Merry Christmas Happy New

2305

01:25:24,030 --> 01:25:22,510

Year and Happy Holidays Happy New Year

2306

01:25:27,840 --> 01:25:24,040

Happy New Year everyone Merry Christmas

2307

01:25:29,700 --> 01:25:27,850

oh ho ho is must indeed and with that we

2308

01:25:31,950 --> 01:25:29,710

will let you go this has been the

2309

01:25:34,140 --> 01:25:31,960

paranormal podcast we'll be back next

2310

01:25:35,580 --> 01:25:34,150

year the week next year actually yeah

2311

01:25:38,130 --> 01:25:35,590

that's right next year and next week

2312

01:25:39,090 --> 01:25:38,140

we'll be talking to Maria DeSimone about

2313

01:25:41,880 --> 01:25:39,100

what's going to be

2314

01:25:44,070 --> 01:25:41,890

in the start of 2019 thank you so much

2315

01:25:45,760 --> 01:25:44,080

Merry Christmas and we'll talk to you in

2316

01:25:52,380 --> 01:25:45,770

the new year

2317

01:25:58,720 --> 01:25:55,810

now for the legal disclaimer we do not

2318

01:26:01,000 --> 01:25:58,730

accept money from publishers or content

2319

01:26:04,300 --> 01:26:01,010

producers in exchange for interviews

2320

01:26:06,280 --> 01:26:04,310

however as with most media outlets in

2321

01:26:08,650 --> 01:26:06,290

the majority of cases we do receive

2322

01:26:11,200 --> 01:26:08,660

complimentary copies of books and DVDs

2323

01:26:14,230 --> 01:26:11,210

that we feature on our podcasts your

2324

01:26:14,920 --> 01:26:14,240

purchases of books DVDs and other items

2325

01:26:17,650 --> 01:26:14,930

via our

2326

01:26:21,130 --> 01:26:17,660

amazon.com links benefit Jim Herold and

2327

01:26:23,920 --> 01:26:21,140

Jim Harold calm and help us continue our

2328

01:26:25,830 --> 01:26:23,930

programming the sponsor messages you

2329

01:26:28,990 --> 01:26:25,840
