00:01:35,200 --> 00:01:32,990

huge possibility that they don't know

32

00:01:37,420 --> 00:01:35,210

what the heck this is there is no

33

00:01:39,640 --> 00:01:37,430

communication not necessarily that

34

00:01:42,310 --> 00:01:39,650

aliens are out there it's there's this

35

00:01:43,899 --> 00:01:42,320

phenomena that they cannot explain the

36

00:01:47,140 --> 00:01:43,909

men and women that are flying the most

37

00:01:49,539 --> 00:01:47,150

powerful weapons in the most advanced

38

00:01:51,340 --> 00:01:49,549

technology around the globe they are

39

00:01:53,680 --> 00:01:51,350

seeing things that they cannot identify

40

00:01:56,830 --> 00:01:53,690

they report it and the upper echelon

41

00:01:59,820 --> 00:01:56,840

can't identify it that in itself is a

42

00:02:08,620 --> 00:01:59,830

huge threat to national security

43

00:02:14,060 --> 00:02:11,960

this is somewhere in the skies the

44

00:02:32,470 --> 00:02:14,070

Branzburg

45

00:02:34,819 --> 00:02:32,480

[Music]

46

00:02:37,160 --> 00:02:34,829

welcome to summer in the skies I'm your

47

00:02:40,670 --> 00:02:37,170

host Ryan spring and today we welcome

48

00:02:43,009 --> 00:02:40,680

John Greenwald back to the show in 1996

49

00:02:45,410 --> 00:02:43,019

Greenwald began researching the secret

50

00:02:49,220 --> 00:02:45,420

inner workings of the US government at

51
00:02:52,339 --> 00:02:49,230
the age of 15 he targeted such agencies

52
00:02:56,509 --> 00:02:52,349
as the CIA FBI Pentagon Air Force Army

53
00:02:58,729 --> 00:02:56,519
Navy NSA CIA and countless others he

54
00:03:01,220 --> 00:02:58,739
utilized the Freedom of Information Act

55
00:03:04,399 --> 00:03:01,230
to gain access to more than 2 million

56
00:03:06,259 --> 00:03:04,409
pages of documents he took those pages

57
00:03:08,509 --> 00:03:06,269
and over the course of more than two

58
00:03:11,539 --> 00:03:08,519
decades has built an archive known

59
00:03:13,550 --> 00:03:11,549
around the world as the black vault his

60
00:03:16,190 --> 00:03:13,560
book inside the black vault the

61
00:03:18,440 --> 00:03:16,200
government's UFO Secrets Revealed takes

62
00:03:21,409 --> 00:03:18,450
you on a journey within the secret world

63
00:03:23,209 --> 00:03:21,419

of unidentified aerial phenomena that

64

00:03:27,050 --> 00:03:23,219

has plagued the military since at least

65

00:03:29,209 --> 00:03:27,060

the 1940s Declassified records prove

66

00:03:31,640 --> 00:03:29,219

that the UFO topic is one of the most

67

00:03:34,309 --> 00:03:31,650

highly classified and most elusive

68

00:03:37,219 --> 00:03:34,319

subjects the US government has ever

69

00:03:39,289 --> 00:03:37,229

dealt with today we look at some of the

70

00:03:42,110 --> 00:03:39,299

most poignant documents he's come across

71

00:03:45,050 --> 00:03:42,120

his thoughts on to the Stars Academy and

72

00:03:47,800 --> 00:03:45,060

the developing story of the u.s. navy's

73

00:03:54,270 --> 00:03:47,810

brand-new protocol on reporting ufos

74

00:03:58,920 --> 00:03:57,330

so today we have back on one of my

75

00:04:01,200 --> 00:03:58,930

favorite guests and his new book just

76

00:04:03,210 --> 00:04:01,210

came out it is called inside the black

77

00:04:05,730 --> 00:04:03,220

vault the government's UFO Secrets

78

00:04:07,410 --> 00:04:05,740

Revealed the author is John Greenwald

79

00:04:09,750 --> 00:04:07,420

and we're going to be talking all about

80

00:04:13,260 --> 00:04:09,760

the book today and some recent news

81

00:04:15,120 --> 00:04:13,270

about the Navy and UFOs but before we do

82

00:04:17,099 --> 00:04:15,130

that John thank you so much for coming

83

00:04:18,780 --> 00:04:17,109

on - somewhere in the skies again hey

84

00:04:21,960 --> 00:04:18,790

Ryan it's my pleasure man it's good good

85

00:04:24,420 --> 00:04:21,970

to be here again I was so honored to get

86

00:04:26,580 --> 00:04:24,430

my signed copy of your book I I was so

87

00:04:30,030 --> 00:04:26,590

giddy I ran to Times Square in New York

88

00:04:32,100 --> 00:04:30,040

and had to get that photo man that was

89

00:04:34,080 --> 00:04:32,110

that was very very cool by the way and

90

00:04:35,610 --> 00:04:34,090

that that remains on the top of my list

91

00:04:38,250 --> 00:04:35,620

is one of my favorites that was very

92

00:04:41,040 --> 00:04:38,260

cool oh it's so funny because I mean

93

00:04:43,290 --> 00:04:41,050

Times Square is the last place any New

94

00:04:46,020 --> 00:04:43,300

Yorker wants to be you know just like

95

00:04:48,990 --> 00:04:46,030

that tourist attraction anywhere else in

96

00:04:51,150 --> 00:04:49,000

any other cities so I try to not go

97

00:04:53,370 --> 00:04:51,160

there like it's the plague but I knew

98

00:04:55,350 --> 00:04:53,380

that how iconic it was so I'm like I got

99

00:04:56,700 --> 00:04:55,360

to do this I got it yeah that was very

100

00:04:58,890 --> 00:04:56,710

cool my only experience in Times Square

101
00:05:00,570 --> 00:04:58,900
really quickly is as I went I was doing

102
00:05:01,980 --> 00:05:00,580
a shoot in New York I had never been to

103
00:05:03,450 --> 00:05:01,990
New York before and I got to walk the

104
00:05:05,700 --> 00:05:03,460
streets at night it was very very cool

105
00:05:07,530 --> 00:05:05,710
so I'm in Times Square right now you

106
00:05:10,140 --> 00:05:07,540
have to go there if you're a and I'm

107
00:05:12,659 --> 00:05:10,150
from LA right so it's just a preface

108
00:05:14,190 --> 00:05:12,669
this I'm used to crowds and so I'm

109
00:05:16,650 --> 00:05:14,200
walking around with like wow this is

110
00:05:19,230 --> 00:05:16,660
just this is really crowded and so

111
00:05:21,840 --> 00:05:19,240
somebody's pushing me from behind right

112
00:05:23,580 --> 00:05:21,850
and pushing like three four five times

113
00:05:25,620 --> 00:05:23,590

so finally I'm like look I don't want

114

00:05:27,210 --> 00:05:25,630

any problems here I turn around the kid

115

00:05:30,180 --> 00:05:27,220

you not this lady was probably in her

116

00:05:31,890 --> 00:05:30,190

seventies you know and she's just like

117

00:05:33,690 --> 00:05:31,900

I'm not walking fast enough for and

118

00:05:35,640 --> 00:05:33,700

she's just pushing and I can't there's

119

00:05:37,500 --> 00:05:35,650

somebody in front of me man I'll never

120

00:05:40,050 --> 00:05:37,510

forget that experience that was my New

121

00:05:44,100 --> 00:05:40,060

York moment like oh my god this was cool

122

00:05:46,740 --> 00:05:44,110

to visit I can't come back you know I

123

00:05:48,690 --> 00:05:46,750

had my brief time in LA to but you know

124

00:05:50,490 --> 00:05:48,700

I've been in in New York City for almost

125

00:05:53,010 --> 00:05:50,500

ten years and that never gets easier

126

00:05:55,680 --> 00:05:53,020

there will always be a 70 year old woman

127

00:06:01,110 --> 00:05:55,690

behind you who's got to go somewhere and

128

00:06:03,960 --> 00:06:01,120

get there before you do so yeah so well

129

00:06:06,180 --> 00:06:03,970

will we could talk bad about Times

130

00:06:07,439 --> 00:06:06,190

Square all day but I really want to talk

131

00:06:09,689 --> 00:06:07,449

about your book

132

00:06:12,269 --> 00:06:09,699

so how does it feel to finally have it

133

00:06:15,450 --> 00:06:12,279

out I appreciate that it feels awesome

134

00:06:17,659 --> 00:06:15,460

it really does it's obviously as you

135

00:06:21,059 --> 00:06:17,669

know of being an author yourself it's a

136

00:06:22,980 --> 00:06:21,069

labor of love it's a lot of work it's a

137

00:06:25,350 --> 00:06:22,990

lot more demanding than you might think

138

00:06:26,790 --> 00:06:25,360

it's not like you just whip it up and in

139

00:06:29,219 --> 00:06:26,800

and throw something and cobble something

140

00:06:31,799 --> 00:06:29,229

together so it feels good to finally

141

00:06:33,899 --> 00:06:31,809

like hold in my hands and what's what's

142

00:06:37,049 --> 00:06:33,909

very neat is that the the publishing

143

00:06:41,010 --> 00:06:37,059

company rowman & littlefield has been

144

00:06:43,860 --> 00:06:41,020

very very supportive they are a huge

145

00:06:45,689 --> 00:06:43,870

outfit they publish books all around the

146

00:06:48,209 --> 00:06:45,699

world they've got hundreds and hundreds

147

00:06:50,429 --> 00:06:48,219

and hundreds of titles under their their

148

00:06:52,529 --> 00:06:50,439

banner but ufo's really just kind of

149

00:06:55,290 --> 00:06:52,539

isn't their forte and I wasn't sure like

150

00:06:57,149 --> 00:06:55,300

hey is this something that they're just

151

00:06:59,249 --> 00:06:57,159

gonna publish and you know not

152

00:07:02,010 --> 00:06:59,259

necessarily support and I'm gonna sell

153

00:07:03,779 --> 00:07:02,020

95% of the copies and you know the

154

00:07:05,339 --> 00:07:03,789

that's fine for them because though

155

00:07:08,760 --> 00:07:05,349

they'll make a couple bucks on the back

156

00:07:11,309 --> 00:07:08,770

end I didn't mean to be such a pessimist

157

00:07:14,489 --> 00:07:11,319

but I wasn't sure on the contrary they

158

00:07:17,519 --> 00:07:14,499

have been amazing when it comes to the

159

00:07:19,769 --> 00:07:17,529

support and the belief in the book and

160

00:07:22,949 --> 00:07:19,779

for a house that big to believe in this

161

00:07:25,139 --> 00:07:22,959

is a good feeling so it was awesome to

162

00:07:28,739 --> 00:07:25,149

hold the book but I was not expecting

163

00:07:31,199 --> 00:07:28,749

such an amazing reaction from the

164

00:07:33,089 --> 00:07:31,209

publishing company and in turn the

165

00:07:35,909 --> 00:07:33,099

public itself and that resulted in the

166

00:07:39,679 --> 00:07:35,919

book coming out a week earlier which was

167

00:07:43,619 --> 00:07:39,689

which was a great surprise to me so I

168

00:07:46,619 --> 00:07:43,629

frantically had to start signing quite a

169

00:07:49,589 --> 00:07:46,629

few hundred copies of the initial load

170

00:07:52,679 --> 00:07:49,599

on my end that went out and I thought I

171

00:07:54,779 --> 00:07:52,689

had like seven more days they said nope

172

00:07:56,730 --> 00:07:54,789

so I didn't want anybody to be upset

173

00:07:58,529 --> 00:07:56,740

that I wasn't doing that so I you know

174

00:08:00,329 --> 00:07:58,539

just started working night and day to

175

00:08:02,100 --> 00:08:00,339

try and get everything packaged up but

176

00:08:04,800 --> 00:08:02,110

long winded way of saying it's it's

177

00:08:06,839 --> 00:08:04,810

overwhelming but it's it's very very

178

00:08:09,300 --> 00:08:06,849

cool to see and walk into a bookstore

179

00:08:11,730 --> 00:08:09,310

and you know see your book on the shelf

180

00:08:13,860 --> 00:08:11,740

that that was a amazing experience when

181

00:08:15,420 --> 00:08:13,870

I did that so I guess we should sort of

182

00:08:17,369 --> 00:08:15,430

start John with them can you tell us a

183

00:08:19,379 --> 00:08:17,379

little about what the book is about and

184

00:08:21,060 --> 00:08:19,389

what you kind of set out to do with it

185

00:08:23,820 --> 00:08:21,070

sure the

186

00:08:25,920 --> 00:08:23,830

the book is really a culmination of as

187

00:08:28,640 --> 00:08:25,930

you and I chat and as the book is

188

00:08:31,500 --> 00:08:28,650

published about 22 years of my life I

189

00:08:33,210 --> 00:08:31,510

started when I was 15 years old and and

190

00:08:35,430 --> 00:08:33,220

started using what's called the Freedom

191

00:08:37,350 --> 00:08:35,440

of Information Act and started hammering

192

00:08:39,659 --> 00:08:37,360

the government for answers I started

193

00:08:41,159 --> 00:08:39,669

with UFOs branched off into pretty much

194

00:08:42,420 --> 00:08:41,169

any government secret you could never

195

00:08:46,140 --> 00:08:42,430

imagine

196

00:08:48,270 --> 00:08:46,150

but UFOs was the number one and the book

197

00:08:49,890 --> 00:08:48,280

is really a culmination of that 22 year

198

00:08:52,410 --> 00:08:49,900

journey because it really wasn't like

199

00:08:54,660 --> 00:08:52,420

over and done within six months some of

200

00:08:56,940 --> 00:08:54,670

these documents took literally years and

201
00:08:59,010 --> 00:08:56,950
years to get other documents that I

202
00:09:00,750 --> 00:08:59,020
write about have been around in the UFO

203
00:09:03,420 --> 00:09:00,760
community for quite some time I don't

204
00:09:05,610 --> 00:09:03,430
claim to have found everything but what

205
00:09:08,310 --> 00:09:05,620
I did was and what I did with the book

206
00:09:11,370 --> 00:09:08,320
is try to bring all of those pieces of

207
00:09:13,950 --> 00:09:11,380
the puzzle together and ultimately tell

208
00:09:16,320 --> 00:09:13,960
not only my journey to get them because

209
00:09:18,590 --> 00:09:16,330
I'm not trying to make it about me but

210
00:09:22,680 --> 00:09:18,600
my whole point with that intent is to

211
00:09:26,310 --> 00:09:22,690
show people that this is the most easily

212
00:09:29,070 --> 00:09:26,320
provable cover-up that exists in my

213
00:09:30,990 --> 00:09:29,080

opinion there is more evidence to the

214

00:09:34,500 --> 00:09:31,000

cover-up that exists not only in

215

00:09:36,900 --> 00:09:34,510

document documentation form but also the

216

00:09:39,840 --> 00:09:36,910

the tactics that the government and the

217

00:09:43,050 --> 00:09:39,850

military really kind of launched my way

218

00:09:46,500 --> 00:09:43,060

to stop me from getting these documents

219

00:09:48,900 --> 00:09:46,510

in some cases blatant cover-up attempts

220

00:09:52,200 --> 00:09:48,910

of making documents just disappear

221

00:09:53,700 --> 00:09:52,210

literally just disappear and so what I

222

00:09:56,010 --> 00:09:53,710

tried to do is bring all of those pieces

223

00:09:58,500 --> 00:09:56,020

of the puzzle together and ultimately

224

00:10:01,380 --> 00:09:58,510

make the case that you can try to

225

00:10:04,650 --> 00:10:01,390

explain away the UFO phenomena and the

226

00:10:06,750 --> 00:10:04,660

plural use of that is intended explain

227

00:10:08,340 --> 00:10:06,760

that away with all of these explanations

228

00:10:10,050 --> 00:10:08,350

but towards the end of the book I start

229

00:10:12,180 --> 00:10:10,060

tackling those explanations and when you

230

00:10:15,630 --> 00:10:12,190

look at the government documents and you

231

00:10:16,080 --> 00:10:15,640

truly digest it with common sense and

232

00:10:17,610 --> 00:10:16,090

logic

233

00:10:20,280 --> 00:10:17,620

all of a sudden none of those

234

00:10:22,380 --> 00:10:20,290

explanations make sense you start

235

00:10:25,290 --> 00:10:22,390

leaning towards the fact that this is a

236

00:10:27,360 --> 00:10:25,300

more advanced civilization probably not

237

00:10:29,970 --> 00:10:27,370

from here and that's really the only one

238

00:10:31,830 --> 00:10:29,980

that actually makes sense now of course

239

00:10:34,540 --> 00:10:31,840

can you prove that well of course not

240

00:10:37,000 --> 00:10:34,550

because if you could we'd have a

241

00:10:39,250 --> 00:10:37,010

totally different planet we'd be on but

242

00:10:41,530 --> 00:10:39,260

I would I would I would be very safe to

243

00:10:44,920 --> 00:10:41,540

say that the evidence there is so

244

00:10:47,380 --> 00:10:44,930

overwhelming to support that notion that

245

00:10:49,960 --> 00:10:47,390

you really I think you're in denial if

246

00:10:52,570 --> 00:10:49,970

you don't if you don't think that that's

247

00:10:54,370 --> 00:10:52,580

a possibility I won't say this is gonna

248

00:10:56,470 --> 00:10:54,380

make you a believer because if any

249

00:10:59,740 --> 00:10:56,480

author says that then turn around and

250

00:11:01,510 --> 00:10:59,750

don't you know don't read the yeah kind

251
00:11:03,910 --> 00:11:01,520
of run away because nobody's got that

252
00:11:06,400 --> 00:11:03,920
proof at least not yet but what I tried

253
00:11:09,790 --> 00:11:06,410
to do was bring verifiable evidence to

254
00:11:13,090 --> 00:11:09,800
make that notion of a reality at least

255
00:11:15,280 --> 00:11:13,100
the the idea of it a reality absolutely

256
00:11:17,380 --> 00:11:15,290
and you know what you do best is getting

257
00:11:19,660 --> 00:11:17,390
these documents and even in the first

258
00:11:22,030 --> 00:11:19,670
chapter you cover everyone's favorite

259
00:11:24,519 --> 00:11:22,040
unsolvable case that is Roswell I

260
00:11:28,060 --> 00:11:24,529
recently had my brush with that I still

261
00:11:30,160 --> 00:11:28,070
have no more answers than I that I did

262
00:11:32,170 --> 00:11:30,170
you know coming out and leaving but can

263
00:11:34,630 --> 00:11:32,180

you tell us a little about when you

264

00:11:37,660 --> 00:11:34,640

first receive documents on Roswell and

265

00:11:39,970 --> 00:11:37,670

what you found yeah I think that anybody

266

00:11:41,290 --> 00:11:39,980

who approaches the topic even those that

267

00:11:43,300 --> 00:11:41,300

don't you walk up to anybody on the

268

00:11:44,920 --> 00:11:43,310

street go to Times Square you you know

269

00:11:46,510 --> 00:11:44,930

ask him hey do you know what Roswell is

270

00:11:49,870 --> 00:11:46,520

all about they'll say yes and so it's a

271

00:11:54,100 --> 00:11:49,880

very common very pop culture like

272

00:11:55,569 --> 00:11:54,110

reference to the UFO field now the

273

00:11:57,910 --> 00:11:55,579

reason why I brought it up in the book

274

00:12:00,100 --> 00:11:57,920

was it's what it's part of what I call

275

00:12:02,380 --> 00:12:00,110

the company line and I keep revisiting

276

00:12:05,230 --> 00:12:02,390

that company line in the book throughout

277

00:12:07,510 --> 00:12:05,240

because what I define as the company

278

00:12:10,060 --> 00:12:07,520

line is is the military and the

279

00:12:13,210 --> 00:12:10,070

government's explanation for what the

280

00:12:14,500 --> 00:12:13,220

UFO phenomena is and that is the fact

281

00:12:17,949 --> 00:12:14,510

that it is not a threat to national

282

00:12:20,260 --> 00:12:17,959

security it is not alien air aircraft or

283

00:12:21,790 --> 00:12:20,270

spacecraft I should say and there's

284

00:12:24,190 --> 00:12:21,800

there's nothing extraterrestrial about

285

00:12:26,170 --> 00:12:24,200

it so there we did our due diligence and

286

00:12:29,590 --> 00:12:26,180

that's it so that company line

287

00:12:31,810 --> 00:12:29,600

encompasses an overall denial that the

288

00:12:33,639 --> 00:12:31,820

UFO phenomena is real and that it's

289

00:12:35,319 --> 00:12:33,649

there and it's worthy of investigation

290

00:12:37,600 --> 00:12:35,329

but the other part of that company line

291

00:12:39,280 --> 00:12:37,610

is denouncing the Roswell incident and

292

00:12:42,880 --> 00:12:39,290

saying that it was nothing more than a

293

00:12:45,490 --> 00:12:42,890

project mogul balloon and and you know

294

00:12:47,350 --> 00:12:45,500

they try to explain away the debris as

295

00:12:49,060 --> 00:12:47,360

part of that but in addition

296

00:12:51,970 --> 00:12:49,070

and all of those witnesses that have

297

00:12:53,290 --> 00:12:51,980

come forward witnessing alien bodies and

298

00:12:55,930 --> 00:12:53,300

this and that day they specifically

299

00:12:59,050 --> 00:12:55,940

address that too and they try and

300

00:13:00,730 --> 00:12:59,060

explain that away so what I do is I set

301

00:13:02,980 --> 00:13:00,740

up that the company line in the

302

00:13:04,810 --> 00:13:02,990

beginning of the book that if if you

303

00:13:06,850 --> 00:13:04,820

listen to the government and you listen

304

00:13:09,519 --> 00:13:06,860

to the military this is what they want

305

00:13:11,699 --> 00:13:09,529

you to believe and Roswell was a natural

306

00:13:15,699 --> 00:13:11,709

place to start because the government

307

00:13:18,579 --> 00:13:15,709

commonly refers to it and again really

308

00:13:21,639 --> 00:13:18,589

dismisses the entire project but that's

309

00:13:23,949 --> 00:13:21,649

the surface story once you dig in you

310

00:13:26,170 --> 00:13:23,959

realize that they changed their story on

311

00:13:28,329 --> 00:13:26,180

Roswell not once not twice not three

312

00:13:30,579 --> 00:13:28,339

times but ultimately they've had four

313

00:13:33,610 --> 00:13:30,589

versions of the Roswell incident

314

00:13:36,819 --> 00:13:33,620

explanation so what I did was I took the

315

00:13:41,980 --> 00:13:36,829

most recent version which was which was

316

00:13:44,920 --> 00:13:41,990

published in about 1996 with the Roswell

317

00:13:48,910 --> 00:13:44,930

report case closed and so on and took

318

00:13:50,560 --> 00:13:48,920

every bullet point that they had to try

319

00:13:52,480 --> 00:13:50,570

to explain Roswell and completely

320

00:13:54,160 --> 00:13:52,490

destroy it and the only thing that I use

321

00:13:56,769 --> 00:13:54,170

is their own documents and proven

322

00:13:58,480 --> 00:13:56,779

history that's it I I mean there's no

323

00:13:59,889 --> 00:13:58,490

whistleblower testimony there's no hey

324

00:14:02,680 --> 00:13:59,899

this guy claimed to be a Roswell Army

325

00:14:04,720 --> 00:14:02,690

Airfield those those stories are great

326

00:14:06,880 --> 00:14:04,730

but I don't use any of that I just use

327

00:14:09,490 --> 00:14:06,890

their own documents and show why their

328

00:14:10,300 --> 00:14:09,500

explanation just can't be true does that

329

00:14:12,009 --> 00:14:10,310

prove it's alien

330

00:14:15,960 --> 00:14:12,019

no does it prove that there's a cover-up

331

00:14:20,380 --> 00:14:15,970

absolutely so from 1947 - here we are in

332

00:14:22,000 --> 00:14:20,390

2019 if we cannot explain with the

333

00:14:24,430 --> 00:14:22,010

government's explanation of what really

334

00:14:25,660 --> 00:14:24,440

happened in Roswell then how are we

335

00:14:27,250 --> 00:14:25,670

supposed to believe that they have all

336

00:14:29,350 --> 00:14:27,260

the answers on UFO is that part doesn't

337

00:14:30,970 --> 00:14:29,360

make sense to me but that's what they

338

00:14:32,800 --> 00:14:30,980

want you to believe with the company

339

00:14:34,300 --> 00:14:32,810

line so that's what I did in Chapter one

340

00:14:35,710 --> 00:14:34,310

is just say hey look this is what they

341

00:14:38,230 --> 00:14:35,720

want you to believe and this is why it's

342

00:14:41,620 --> 00:14:38,240

bunk if because it just can't

343

00:14:44,470 --> 00:14:41,630

historically be accurate my most fun

344

00:14:47,550 --> 00:14:44,480

point to finish the thought is their

345

00:14:49,990 --> 00:14:47,560

addressing of the alien bodies the

346

00:14:52,630 --> 00:14:50,000

explanation for the witnesses that do

347

00:14:56,170 --> 00:14:52,640

come forward with the bodies they say

348

00:14:59,760 --> 00:14:56,180

that they were crash test dummies that

349

00:15:03,400 --> 00:14:59,770

were pushed out of Air Force aircraft

350

00:15:05,560 --> 00:15:03,410

testing parachutes and so on and yet the

351

00:15:09,280 --> 00:15:05,570

problem was the very first crash-test

352

00:15:10,960 --> 00:15:09,290

dummy was not invented until 1949 not

353

00:15:13,690 --> 00:15:10,970

even by the the military's Alderson

354

00:15:15,250 --> 00:15:13,700

research labs that was a earliest crash

355

00:15:18,520 --> 00:15:15,260

test dummy that is known and documented

356

00:15:20,230 --> 00:15:18,530

as existing Roswell happened in 47 they

357

00:15:21,430 --> 00:15:20,240

also tried to explain the bodies in the

358

00:15:23,560 --> 00:15:21,440

hospital because obviously you don't

359

00:15:26,320 --> 00:15:23,570

take dummies to a hospital so they said

360

00:15:29,860 --> 00:15:26,330

well well those those witnesses they're

361

00:15:31,630 --> 00:15:29,870

seeing injured aircraft pilots a couple

362

00:15:34,450 --> 00:15:31,640

were injured couple were killed through

363

00:15:36,310 --> 00:15:34,460

two separate incidents the problem with

364

00:15:39,270 --> 00:15:36,320

that where those two incidents were nine

365

00:15:42,280 --> 00:15:39,280

and twelve years after Roswell happened

366

00:15:43,990 --> 00:15:42,290

right that's how it may get yeah so

367

00:15:46,950 --> 00:15:44,000

either Roswell

368

00:15:49,770 --> 00:15:46,960

there's cover-up or we've now discovered

369

00:15:52,540 --> 00:15:49,780

time-traveling crash test dummies and

370

00:15:55,210 --> 00:15:52,550

time-traveling injured or god forbid

371

00:15:58,240 --> 00:15:55,220

killed pilots that can travel back in

372

00:16:00,730 --> 00:15:58,250

time that that's how silly this becomes

373

00:16:03,070 --> 00:16:00,740

when you look below that surface story

374

00:16:05,260 --> 00:16:03,080

so on the surface again looks great

375

00:16:07,300 --> 00:16:05,270

sounds great and a lot of people might

376

00:16:09,190 --> 00:16:07,310

even believe it but all you got to do is

377

00:16:09,850 --> 00:16:09,200

look at actual evidence and it tells a

378

00:16:12,490 --> 00:16:09,860

different story

379

00:16:14,290 --> 00:16:12,500

so at the age of fifteen sixteen

380

00:16:17,410 --> 00:16:14,300

seventeen as I was really kind of

381

00:16:19,390 --> 00:16:17,420

digging deep into this and and looking

382

00:16:21,700 --> 00:16:19,400

for these answers and and so on I

383

00:16:23,260 --> 00:16:21,710

realized that that was not only true

384

00:16:25,780 --> 00:16:23,270

with Roswell but pretty much anything

385

00:16:28,360 --> 00:16:25,790

else that I looked into and that was the

386

00:16:30,730 --> 00:16:28,370

surface story was one thing but evidence

387

00:16:32,770 --> 00:16:30,740

proved something else entirely and you

388

00:16:35,890 --> 00:16:32,780

know that's not any more prevalent then

389

00:16:38,770 --> 00:16:35,900

with you know what we see on the History

390

00:16:39,970 --> 00:16:38,780

Channel now Project Blue Book but we're

391

00:16:41,590 --> 00:16:39,980

going to talk about the real Project

392

00:16:44,350 --> 00:16:41,600

Blue Book this bleeds over into chapter

393

00:16:46,840 --> 00:16:44,360

three of your book so what was the

394

00:16:49,570 --> 00:16:46,850

biggest dilemma you sort of came across

395

00:16:51,820 --> 00:16:49,580

in terms of Project Blue Book you know

396

00:16:53,950 --> 00:16:51,830

publicly what they have said and what

397

00:16:55,270 --> 00:16:53,960

the documents actually told you when you

398

00:16:57,820 --> 00:16:55,280

started looking into this

399

00:17:00,790 --> 00:16:57,830

yeah and now that's the other half of

400

00:17:02,710 --> 00:17:00,800

the of the company line and the the myth

401
00:17:04,689 --> 00:17:02,720
Project Blue Book is kind of the

402
00:17:07,569 --> 00:17:04,699
culmination of their trifecta of

403
00:17:09,640 --> 00:17:07,579
research programs which which involved

404
00:17:11,829 --> 00:17:09,650
project signed project grudge and

405
00:17:13,270 --> 00:17:11,839
ultimately blue book blue book being the

406
00:17:16,059 --> 00:17:13,280
one that's more well known

407
00:17:19,270 --> 00:17:16,069
so they investigated well over 12,000

408
00:17:21,939 --> 00:17:19,280
cases from 1947 again collectively

409
00:17:25,569 --> 00:17:21,949
between those three projects from 1947

410
00:17:30,580 --> 00:17:25,579
to 1969 that effort ended at the very

411
00:17:34,240 --> 00:17:30,590
end of 1969 very early in 1970 and they

412
00:17:36,550 --> 00:17:34,250
again will tell you we researched it

413
00:17:39,130 --> 00:17:36,560

only seven hundred and one of the cases

414

00:17:40,360 --> 00:17:39,140

remained unidentified we believe that

415

00:17:43,450 --> 00:17:40,370

the only reason they did remain

416

00:17:46,630 --> 00:17:43,460

unidentified is lack of facts or lack of

417

00:17:48,820 --> 00:17:46,640

appropriate evidence to give a proper

418

00:17:51,220 --> 00:17:48,830

identification so we're not interested

419

00:17:54,970 --> 00:17:51,230

in this anymore and and and they're

420

00:17:58,210 --> 00:17:54,980

their kind of final action with all of

421

00:18:01,240 --> 00:17:58,220

this as they created a fact sheet and

422

00:18:04,540 --> 00:18:01,250

the fact sheet in most cases is a single

423

00:18:06,940 --> 00:18:04,550

page typed page with all of the facts

424

00:18:09,310 --> 00:18:06,950

about project Bluebook sign and grudge

425

00:18:11,980 --> 00:18:09,320

and the fact that there's absolutely

426

00:18:15,430 --> 00:18:11,990

nothing to the UFO phenomena and that to

427

00:18:17,470 --> 00:18:15,440

me is kind of the the overall synopsis

428

00:18:20,860 --> 00:18:17,480

of what the company line is all about

429

00:18:23,110 --> 00:18:20,870

and again surface story sounds great

430

00:18:24,880 --> 00:18:23,120

okay they did their due diligence but

431

00:18:26,590 --> 00:18:24,890

when you start looking at the documents

432

00:18:28,510 --> 00:18:26,600

especially with Project Blue Book and

433

00:18:30,340 --> 00:18:28,520

I'll be honest with you I believe

434

00:18:33,510 --> 00:18:30,350

Project Blue Book to be a little bit dry

435

00:18:36,310 --> 00:18:33,520

but there are quite quite a few gems

436

00:18:39,190 --> 00:18:36,320

hidden within the Project Blue Book

437

00:18:40,810 --> 00:18:39,200

files and I don't know how much you want

438

00:18:44,140 --> 00:18:40,820

to get into some of them but what I will

439

00:18:46,720 --> 00:18:44,150

say is as an overall note to this is I

440

00:18:49,660 --> 00:18:46,730

liken it to the scientific pursuit of

441

00:18:52,000 --> 00:18:49,670

the for the cure for cancer right and

442

00:18:53,710 --> 00:18:52,010

the reason why I do that is when you do

443

00:18:56,650 --> 00:18:53,720

a scientific approach on something that

444

00:18:57,550 --> 00:18:56,660

you know is probably there but you're

445

00:19:00,010 --> 00:18:57,560

not sure yet because you haven't been

446

00:19:02,110 --> 00:19:00,020

able to prove it yet you start testing

447

00:19:03,430 --> 00:19:02,120

your theories you start testing you

448

00:19:07,690 --> 00:19:03,440

start investigating you start

449

00:19:11,100 --> 00:19:07,700

researching you can do 12,000 plus tests

450

00:19:14,680 --> 00:19:11,110

on trying to find the cure for cancer if

451
00:19:18,580 --> 00:19:14,690
only a select few show promise

452
00:19:21,130 --> 00:19:18,590
if only 701 show promise if only 200

453
00:19:23,620 --> 00:19:21,140
show prize about ten doesn't matter do

454
00:19:26,500 --> 00:19:23,630
you just give up and go well it was only

455
00:19:27,560 --> 00:19:26,510
a couple it was only a couple hundred no

456
00:19:29,930 --> 00:19:27,570
because science

457
00:19:32,630 --> 00:19:29,940
typically the moment you see evidence

458
00:19:35,060 --> 00:19:32,640
that you can get to the end of the

459
00:19:36,980 --> 00:19:35,070
tunnel that there is light there that

460
00:19:40,430 --> 00:19:36,990
you can maybe make that discovery don't

461
00:19:42,290 --> 00:19:40,440
give up the UFO phenomena research was

462
00:19:45,170 --> 00:19:42,300
supposed to be scientific by the United

463
00:19:47,270 --> 00:19:45,180

States military in my opinion it doesn't

464

00:19:49,640 --> 00:19:47,280

matter if it was seven hundred and one a

465

00:19:52,910 --> 00:19:49,650

hundred and one are quite possibly even

466

00:19:55,700 --> 00:19:52,920

one as long as you show promise that you

467

00:19:58,820 --> 00:19:55,710

cannot explain everything scientifically

468

00:20:01,160 --> 00:19:58,830

you can't just or shouldn't just give up

469

00:20:04,160 --> 00:20:01,170

and that's what Project Blue Book did

470

00:20:05,750 --> 00:20:04,170

and that leads to a theory that you know

471

00:20:07,060 --> 00:20:05,760

I'm not trying to take credit for this

472

00:20:09,950 --> 00:20:07,070

there's a lot of people that hold this

473

00:20:11,990 --> 00:20:09,960

that you know blue book was not a

474

00:20:14,240 --> 00:20:12,000

scientific inquiry it was not an

475

00:20:17,450 --> 00:20:14,250

investigation but rather it was an

476
00:20:20,150 --> 00:20:17,460
explanation it was an effort to calm the

477
00:20:21,950 --> 00:20:20,160
nerves of the United States public to

478
00:20:24,170 --> 00:20:21,960
tell them hey look you you you don't

479
00:20:25,490 --> 00:20:24,180
care about this topic we can explain

480
00:20:28,700 --> 00:20:25,500
everything there's no national security

481
00:20:30,080 --> 00:20:28,710
risk so go away and stop asking

482
00:20:32,090 --> 00:20:30,090
questions

483
00:20:35,690 --> 00:20:32,100
because keep in mind in the beginning

484
00:20:39,200 --> 00:20:35,700
days of sign and grudge and even well

485
00:20:41,360 --> 00:20:39,210
into Blue Book up until about 1966 the

486
00:20:43,310 --> 00:20:41,370
Freedom of Information Act

487
00:20:46,670 --> 00:20:43,320
so the public's right to access

488
00:20:48,530 --> 00:20:46,680

information was not there and that's an

489

00:20:50,870 --> 00:20:48,540

important fact that many people don't

490

00:20:52,820 --> 00:20:50,880

don't remember when they're looking at

491

00:20:55,760 --> 00:20:52,830

government documents from the 50s let's

492

00:20:57,740 --> 00:20:55,770

say or the early 1960s the people that

493

00:21:01,280 --> 00:20:57,750

wrote them never thought that the

494

00:21:02,900 --> 00:21:01,290

general public might ever see them and I

495

00:21:05,120 --> 00:21:02,910

think that that's very important for

496

00:21:08,050 --> 00:21:05,130

understanding the approach that they can

497

00:21:10,490 --> 00:21:08,060

blatantly mislead the public with a

498

00:21:13,940 --> 00:21:10,500

explanation campaign like Project Blue

499

00:21:16,130 --> 00:21:13,950

Book was and so again back to your

500

00:21:20,720 --> 00:21:16,140

question and kind of how I explored blue

501
00:21:23,030 --> 00:21:20,730
book in my particular book was going in

502
00:21:25,070 --> 00:21:23,040
and exploring some of those cases and

503
00:21:28,040 --> 00:21:25,080
exploring the overall scope of what blue

504
00:21:31,190 --> 00:21:28,050
book was supposed to be and then showing

505
00:21:34,040 --> 00:21:31,200
probably why it wasn't that and that the

506
00:21:36,560 --> 00:21:34,050
the answer was not that that UFOs were

507
00:21:40,580 --> 00:21:36,570
solvable in fact the intelligence

508
00:21:41,420 --> 00:21:40,590
community the CIA the FBI the Defense

509
00:21:43,280 --> 00:21:41,430
Intelligence age

510
00:21:45,920 --> 00:21:43,290
see the National Security Agency you

511
00:21:49,280 --> 00:21:45,930
name the acronym they all had documents

512
00:21:51,740 --> 00:21:49,290
that stretched far beyond the end of the

513
00:21:54,110 --> 00:21:51,750

quote-unquote investigation and I think

514

00:21:56,330 --> 00:21:54,120

it's because they knew that there was no

515

00:22:00,440 --> 00:21:56,340

answer given they were taking those

516

00:22:03,500 --> 00:22:00,450

threats very seriously the the UFO cases

517

00:22:06,410 --> 00:22:03,510

very seriously the incursions on base

518

00:22:08,360 --> 00:22:06,420

very seriously so my whole scope of

519

00:22:10,040 --> 00:22:08,370

twenty two years of research

520

00:22:11,840 --> 00:22:10,050

once I started kind of putting those

521

00:22:14,330 --> 00:22:11,850

pieces together about the company line

522

00:22:16,490 --> 00:22:14,340

was to always go back to the company

523

00:22:18,560 --> 00:22:16,500

line as a reference point and continue

524

00:22:21,500 --> 00:22:18,570

to disprove at time and time again

525

00:22:24,620 --> 00:22:21,510

because for me that shows the ludicrous

526

00:22:26,120 --> 00:22:24,630

nature of this cover-up in the lengths

527

00:22:27,950 --> 00:22:26,130

that they will go to to make sure that

528

00:22:30,860 --> 00:22:27,960

you and I don't know about it and

529

00:22:34,700 --> 00:22:30,870

Bluebook I think the intent was to make

530

00:22:36,230 --> 00:22:34,710

us go away that here in 2019 somewhere

531

00:22:38,570 --> 00:22:36,240

in the skies podcast would not exist

532

00:22:41,000 --> 00:22:38,580

that the black vault would not be around

533

00:22:43,610 --> 00:22:41,010

because nobody cares about UFOs you know

534

00:22:45,020 --> 00:22:43,620

that nobody nobody nobody cares because

535

00:22:47,570 --> 00:22:45,030

they're all explainable

536

00:22:49,040 --> 00:22:47,580

on the contrary though I think the

537

00:22:51,170 --> 00:22:49,050

general public wants more answers

538

00:22:53,180 --> 00:22:51,180

because we don't have them yet yeah yeah

539

00:22:54,740 --> 00:22:53,190

I think they only feel the fire in terms

540

00:22:57,230 --> 00:22:54,750

of that that's right

541

00:22:59,030 --> 00:22:57,240

well John the you mentioned incursions

542

00:23:00,980 --> 00:22:59,040

and military bases and that was a big

543

00:23:03,620 --> 00:23:00,990

part of chapter 8 of your book where you

544

00:23:05,960 --> 00:23:03,630

covered UFOs in the military and you

545

00:23:07,370 --> 00:23:05,970

cite the Rendlesham forest incident you

546

00:23:10,280 --> 00:23:07,380

know many of our listeners may know a

547

00:23:12,830 --> 00:23:10,290

little about it but what other examples

548

00:23:14,330 --> 00:23:12,840

did you find in the documentation you

549

00:23:17,360 --> 00:23:14,340

know that this was going on that you

550

00:23:19,340 --> 00:23:17,370

know not only were UFOs been seen by

551
00:23:23,210 --> 00:23:19,350
civilians but like this was happening on

552
00:23:26,360 --> 00:23:23,220
a regular basis to our own military yeah

553
00:23:29,210 --> 00:23:26,370
so what I did like you pointed out

554
00:23:30,710 --> 00:23:29,220
Rendlesham as a big one we know of but

555
00:23:32,300 --> 00:23:30,720
part of that I don't want to beat a dead

556
00:23:34,040 --> 00:23:32,310
horse but part of that company line is

557
00:23:35,990 --> 00:23:34,050
the national security aspect to this and

558
00:23:39,200 --> 00:23:36,000
they seemingly punched that quite a bit

559
00:23:42,020 --> 00:23:39,210
and and the national security aspect to

560
00:23:44,420 --> 00:23:42,030
this to me the evidence is so damning

561
00:23:45,800 --> 00:23:44,430
and overwhelming it's hard for me to

562
00:23:48,020 --> 00:23:45,810
believe that they would even say this

563
00:23:51,530 --> 00:23:48,030

but they claim that whatever this

564

00:23:53,300 --> 00:23:51,540

phenomena is whatever UFOs are it does

565

00:23:54,790 --> 00:23:53,310

not pose a threat to national security

566

00:23:56,500 --> 00:23:54,800

so what I did was I just

567

00:23:59,950 --> 00:23:56,510

into the archive and look for all of the

568

00:24:02,650 --> 00:23:59,960

military base incursions especially

569

00:24:06,010 --> 00:24:02,660

those with nuclear weapons and some

570

00:24:08,020 --> 00:24:06,020

really powerful weaponry where UFOs were

571

00:24:11,710 --> 00:24:08,030

seemingly able to fly in and out

572

00:24:14,800 --> 00:24:11,720

whenever and wherever they wanted in

573

00:24:16,840 --> 00:24:14,810

inside Loring Air Force Base inside

574

00:24:19,300 --> 00:24:16,850

wordsmith Air Force Base where they

575

00:24:21,190 --> 00:24:19,310

store these incredibly powerful weapons

576

00:24:23,770 --> 00:24:21,200

in these incredibly sensitive areas

577

00:24:25,540 --> 00:24:23,780

these UFOs are just flying in like it

578

00:24:27,550 --> 00:24:25,550

ain't no thing and then flying right

579

00:24:28,980 --> 00:24:27,560

back out doing whatever they want and

580

00:24:31,420 --> 00:24:28,990

they've never been able to catch them

581

00:24:33,520 --> 00:24:31,430

they've never been able to identify them

582

00:24:35,110 --> 00:24:33,530

it wasn't farmer Bob and his crop duster

583

00:24:38,070 --> 00:24:35,120

who veered off course because he was

584

00:24:40,870 --> 00:24:38,080

drinking too much it literally were

585

00:24:43,000 --> 00:24:40,880

intelligently controlled craft doing

586

00:24:45,310 --> 00:24:43,010

maneuvers that they could not that the

587

00:24:48,970 --> 00:24:45,320

United States military on a sensitive

588

00:24:51,100 --> 00:24:48,980

installation could not ever identify and

589

00:24:53,080 --> 00:24:51,110

that's just not one or two cases and

590

00:24:55,390 --> 00:24:53,090

I've always wanted to stress that there

591

00:24:58,390 --> 00:24:55,400

are multiple incursions and I mean I

592

00:25:00,700 --> 00:24:58,400

line them up I in Chapter eight and and

593

00:25:03,580 --> 00:25:00,710

surrounding chapters of these cases

594

00:25:05,620 --> 00:25:03,590

where UFOs are seen in and around these

595

00:25:07,930 --> 00:25:05,630

military bases and they just can't

596

00:25:10,240 --> 00:25:07,940

identify them that's something that's

597

00:25:12,310 --> 00:25:10,250

big and to me by definition that is a

598

00:25:14,290 --> 00:25:12,320

threat to national security if it comes

599

00:25:16,390 --> 00:25:14,300

down that it's the Canadian military and

600

00:25:18,040 --> 00:25:16,400

you know they're able to like come in

601
00:25:20,860 --> 00:25:18,050
and snoop around cool but we should

602
00:25:23,950 --> 00:25:20,870
investigate it know that right I mean is

603
00:25:26,590 --> 00:25:23,960
is as mundane as the explanation may be

604
00:25:28,240 --> 00:25:26,600
we need to figure it out and the

605
00:25:30,850 --> 00:25:28,250
government has been so adamant about

606
00:25:33,640 --> 00:25:30,860
saying we are not interested in this

607
00:25:35,650 --> 00:25:33,650
that we don't care about it to me that's

608
00:25:38,050 --> 00:25:35,660
part of the alarming part of the story

609
00:25:41,500 --> 00:25:38,060
now obviously you know in the last week

610
00:25:44,500 --> 00:25:41,510
or so the military seemingly is starting

611
00:25:46,870 --> 00:25:44,510
to address this issue and quite possibly

612
00:25:48,010 --> 00:25:46,880
the Navy is generating guidelines and

613
00:25:50,710 --> 00:25:48,020

I'm guessing you and I will get into

614

00:25:53,740 --> 00:25:50,720

that later but so there may be a shift

615

00:25:55,630 --> 00:25:53,750

and I hope there is a shift but but for

616

00:25:57,760 --> 00:25:55,640

decades and decades after project

617

00:25:59,110 --> 00:25:57,770

Bluebook the government and military has

618

00:26:01,660 --> 00:25:59,120

been very adamant about saying hey we

619

00:26:03,100 --> 00:26:01,670

don't care and yet on the contrary you

620

00:26:06,730 --> 00:26:03,110

look at the government documents and you

621

00:26:08,530 --> 00:26:06,740

go no actually they did care and they

622

00:26:10,870 --> 00:26:08,540

couldn't do anything about it

623

00:26:13,300 --> 00:26:10,880

and so the existence of those cases and

624

00:26:15,130 --> 00:26:13,310

the existence of those documents really

625

00:26:18,040 --> 00:26:15,140

puts the nail in the coffin about a

626

00:26:19,930 --> 00:26:18,050

cover-up on this on this very topic the

627

00:26:23,350 --> 00:26:19,940

staggering amount of documents you found

628

00:26:25,930 --> 00:26:23,360

in terms of that when put together is

629

00:26:27,580 --> 00:26:25,940

it's it's hard to read man because it's

630

00:26:30,040 --> 00:26:27,590

like are you kidding me like how dumb

631

00:26:32,170 --> 00:26:30,050

can they think we are that this job

632

00:26:34,000 --> 00:26:32,180

posing some sort of threat I mean that I

633

00:26:35,410 --> 00:26:34,010

mean it continued into Chapter nine two

634

00:26:37,870 --> 00:26:35,420

of your book where you covered one of my

635

00:26:40,030 --> 00:26:37,880

favorite topics within ufology and that

636

00:26:42,460 --> 00:26:40,040

is the connection between UFO sightings

637

00:26:45,970 --> 00:26:42,470

in nuclear bases and you were able to

638

00:26:48,130 --> 00:26:45,980

find so many of these that it absolutely

639

00:26:50,770 --> 00:26:48,140

terrified me so which one of those

640

00:26:53,140 --> 00:26:50,780

really stood out for you most John well

641

00:26:55,180 --> 00:26:53,150

yeah there are an overwhelming amount of

642

00:26:56,980 --> 00:26:55,190

incursion some are more well-known than

643

00:26:59,790 --> 00:26:56,990

others the one that stood out to me

644

00:27:03,220 --> 00:26:59,800

which was very telling was when I did a

645

00:27:05,380 --> 00:27:03,230

FOIA request to the the NRC or the

646

00:27:06,730 --> 00:27:05,390

Nuclear Regulatory Commission and they

647

00:27:09,760 --> 00:27:06,740

kind of oversee our nuclear

648

00:27:11,770 --> 00:27:09,770

installations now what is the draw to

649

00:27:14,710 --> 00:27:11,780

some of these military bases is it the

650

00:27:17,500 --> 00:27:14,720

nuclear weapons there is it nuclear

651
00:27:19,600 --> 00:27:17,510
material at all so I thought a couple

652
00:27:21,550 --> 00:27:19,610
years back you know I'd never hit the

653
00:27:24,370 --> 00:27:21,560
NRC with a FOIA request and why not do

654
00:27:27,400 --> 00:27:24,380
it and sure enough the NRC came back

655
00:27:30,970 --> 00:27:27,410
with UFO records but one stood out and

656
00:27:34,720 --> 00:27:30,980
it was a security officer at what was

657
00:27:37,690 --> 00:27:34,730
called Cooper Nuclear Station it wasn't

658
00:27:39,460 --> 00:27:37,700
it wasn't a military base per se with

659
00:27:42,070 --> 00:27:39,470
with nuclear weapons but rather a place

660
00:27:43,810 --> 00:27:42,080
with nuclear material and so I know this

661
00:27:45,610 --> 00:27:43,820
is varying a little bit off of your

662
00:27:47,860 --> 00:27:45,620
topic but again it reinforces this

663
00:27:49,960 --> 00:27:47,870

overall scope that whatever UFOs are

664

00:27:52,210 --> 00:27:49,970

they're seemingly attracted to either

665

00:27:55,630 --> 00:27:52,220

nuclear weapons or nuclear installations

666

00:27:58,300 --> 00:27:55,640

and so this base security guard had seen

667

00:28:00,520 --> 00:27:58,310

a UFO and the nutshell version is he's

668

00:28:04,150 --> 00:28:00,530

watching this UFO he goes in he tries to

669

00:28:06,370 --> 00:28:04,160

get his fellow security guards to come

670

00:28:08,740 --> 00:28:06,380

out and take a look by the time that

671

00:28:10,870 --> 00:28:08,750

they came out and took took a look they

672

00:28:13,270 --> 00:28:10,880

the UFO was gone

673

00:28:15,250 --> 00:28:13,280

and so they literally laughed at him and

674

00:28:17,260 --> 00:28:15,260

the report goes into detail about how

675

00:28:18,460 --> 00:28:17,270

the guy was laughed at and then they all

676

00:28:20,290 --> 00:28:18,470

didn't believe him they thought he was

677

00:28:22,360 --> 00:28:20,300

crazy they went back inside and that was

678

00:28:24,430 --> 00:28:22,370

it now fast-forward to the next

679

00:28:27,640 --> 00:28:24,440

the next night the UFOs came back there

680

00:28:29,169 --> 00:28:27,650

were more than one and so this time the

681

00:28:32,500 --> 00:28:29,179

guy goes in he's not gonna get laughed

682

00:28:34,539 --> 00:28:32,510

at he says come out now the UFOs Iraq

683

00:28:37,180 --> 00:28:34,549

and sure enough that one witness now

684

00:28:40,470 --> 00:28:37,190

turned into about a dozen so they were

685

00:28:46,269 --> 00:28:40,480

watching these you know UFOs and and

686

00:28:49,510 --> 00:28:46,279

Cooper Nuclear Station is in Nebraska

687

00:28:51,580 --> 00:28:49,520

and a Brownville to be exact and so

688

00:28:53,799 --> 00:28:51,590

they're there watching this thing and

689

00:28:55,720 --> 00:28:53,809

and you know they could never really

690

00:28:58,299 --> 00:28:55,730

ultimately explain it the objects are

691

00:28:59,799 --> 00:28:58,309

not supposed to be there and that was

692

00:29:01,419 --> 00:28:59,809

kind of the end of the event we don't

693

00:29:04,240 --> 00:29:01,429

really know what happened after that now

694

00:29:06,279 --> 00:29:04,250

the documents were the fact that that

695

00:29:08,860 --> 00:29:06,289

security guard never or the security

696

00:29:11,620 --> 00:29:08,870

guards all of them never made a report

697

00:29:14,680 --> 00:29:11,630

they never told their superiors hey

698

00:29:16,899 --> 00:29:14,690

while on duty we saw these UFOs they

699

00:29:18,870 --> 00:29:16,909

came in there in places you're not

700

00:29:21,880 --> 00:29:18,880

supposed to be in this nuclear station

701
00:29:24,760 --> 00:29:21,890
so we got to do something about it on

702
00:29:26,380 --> 00:29:24,770
the contrary it's like that the the guy

703
00:29:27,940 --> 00:29:26,390
that got laughed at at first and then

704
00:29:30,760 --> 00:29:27,950
everyone saw it and they're like we

705
00:29:32,830 --> 00:29:30,770
can't see anything so let's just keep it

706
00:29:34,750 --> 00:29:32,840
to ourselves and they did and they never

707
00:29:37,990 --> 00:29:34,760
they never file a report

708
00:29:40,659 --> 00:29:38,000
years later that one initial security

709
00:29:44,080 --> 00:29:40,669
guard it apparently was bugging him and

710
00:29:48,120 --> 00:29:44,090
he made a report to the NRC about his

711
00:29:50,649 --> 00:29:48,130
experience and went into detail about

712
00:29:53,860 --> 00:29:50,659
what he saw and what he experienced over

713
00:29:56,409 --> 00:29:53,870

the two nights and contrary to what you

714

00:29:59,490 --> 00:29:56,419

might think that they wouldn't care the

715

00:30:01,779 --> 00:29:59,500

NRC took the report made it official

716

00:30:04,590 --> 00:30:01,789

sent it over to present-day Cooper

717

00:30:07,810 --> 00:30:04,600

Nuclear Station gave them a need-to-know

718

00:30:10,539 --> 00:30:07,820

basis meaning that they they didn't

719

00:30:13,330 --> 00:30:10,549

ultimately classify it but they kept it

720

00:30:16,180 --> 00:30:13,340

in secret they said only tell people

721

00:30:20,289 --> 00:30:16,190

that have a need to know about these

722

00:30:24,669 --> 00:30:20,299

security concerns meaning you know be on

723

00:30:26,500 --> 00:30:24,679

the lookout for UFOs now that's one that

724

00:30:28,720 --> 00:30:26,510

sticks out to me that again kind of

725

00:30:31,750 --> 00:30:28,730

proves that there is something there's

726

00:30:34,980 --> 00:30:31,760

something to nuclear facilities nuclear

727

00:30:37,470 --> 00:30:34,990

weapons what it is I don't know

728

00:30:40,380 --> 00:30:37,480

I struggle with it but but that is the

729

00:30:41,700 --> 00:30:40,390

reality of kind of what happened and so

730

00:30:44,789 --> 00:30:41,710

that was one document that came out that

731

00:30:47,250 --> 00:30:44,799

that that encounter had never been

732

00:30:50,010 --> 00:30:47,260

documented before that was a brand new

733

00:30:52,529 --> 00:30:50,020

case a brand new UFO case that had never

734

00:30:54,240 --> 00:30:52,539

been out before so I know I veered a

735

00:30:56,610 --> 00:30:54,250

little bit away from the military itself

736

00:30:59,460 --> 00:30:56,620

no but it but it but it shows that

737

00:31:01,889 --> 00:30:59,470

whatever again this phenomena is there

738

00:31:04,889 --> 00:31:01,899

is an attraction that goes throughout

739

00:31:07,830 --> 00:31:04,899

the decades to military facilities are

740

00:31:11,070 --> 00:31:07,840

those military bases that store nuclear

741

00:31:13,049 --> 00:31:11,080

weapons and I think that that's it's

742

00:31:15,480 --> 00:31:13,059

something that we need to look at what

743

00:31:16,980 --> 00:31:15,490

what what that means I'm not sure but

744

00:31:20,070 --> 00:31:16,990

it's definitely something that we would

745

00:31:22,590 --> 00:31:20,080

need to to look at the last thing I will

746

00:31:26,220 --> 00:31:22,600

say about that report is that it

747

00:31:28,380 --> 00:31:26,230

actually came years after the government

748

00:31:31,220 --> 00:31:28,390

said that they were interested in UFOs

749

00:31:36,720 --> 00:31:31,230

and then these came out in about 2000

750

00:31:40,529 --> 00:31:36,730

2010 that yeah that they took the guys

751
00:31:42,510 --> 00:31:40,539
report seriously in in 2010 so my point

752
00:31:45,480 --> 00:31:42,520
with that is that this is recent that

753
00:31:47,669 --> 00:31:45,490
people are coming out with stories that

754
00:31:50,120 --> 00:31:47,679
they have experienced in their past and

755
00:31:52,769 --> 00:31:50,130
the government is taking it seriously

756
00:31:56,370 --> 00:31:52,779
the security guard he didn't remember

757
00:31:59,600 --> 00:31:56,380
exactly the year but he reported it to

758
00:32:03,090 --> 00:31:59,610
the NRC in 2010 and he didn't make any

759
00:32:04,740 --> 00:32:03,100
you know wild outlandish claims I mean

760
00:32:06,870 --> 00:32:04,750
there's really kind of no indication

761
00:32:09,029 --> 00:32:06,880
that there was any fabrication or

762
00:32:10,950 --> 00:32:09,039
anything like that with the story it

763
00:32:12,720 --> 00:32:10,960

just had bugged him for that many years

764

00:32:16,440 --> 00:32:12,730

and he says I got to do something about

765

00:32:17,850 --> 00:32:16,450

this and that's what he did he he put in

766

00:32:21,210 --> 00:32:17,860

the report and they all made it official

767

00:32:23,220 --> 00:32:21,220

hey man I the more people that come

768

00:32:24,269 --> 00:32:23,230

forward and do that the more you know

769

00:32:26,340 --> 00:32:24,279

I'm willing to believe that there is

770

00:32:28,289 --> 00:32:26,350

something to it and yeah we could

771

00:32:30,299 --> 00:32:28,299

hypothesize why there's all these

772

00:32:32,010 --> 00:32:30,309

connections to the nuclear bases but at

773

00:32:34,380 --> 00:32:32,020

the end of the day the the amount of

774

00:32:37,289 --> 00:32:34,390

reports is enough to be like something's

775

00:32:40,080 --> 00:32:37,299

going on so exactly you did mention

776

00:32:42,269 --> 00:32:40,090

John's secrecy which is another big part

777

00:32:44,519 --> 00:32:42,279

later in the book that I definitely

778

00:32:46,919 --> 00:32:44,529

wanted to touch on there's many reasons

779

00:32:47,620 --> 00:32:46,929

why the government would handle UFO

780

00:32:49,630 --> 00:32:47,630

reports with

781

00:32:52,060 --> 00:32:49,640

level of secrecy and I get that I

782

00:32:53,860 --> 00:32:52,070

totally understand that and you give

783

00:32:55,660 --> 00:32:53,870

your thoughts on this too in the book so

784

00:32:57,850 --> 00:32:55,670

could you maybe run us through some of

785

00:32:59,920 --> 00:32:57,860

these reasons why you think there has to

786

00:33:02,470 --> 00:32:59,930

be secrecy when it comes to this in the

787

00:33:04,300 --> 00:33:02,480

government yeah I think when it comes

788

00:33:05,710 --> 00:33:04,310

down to it there's multiple level that's

789

00:33:08,380 --> 00:33:05,720

why I use the plural version of

790

00:33:10,870 --> 00:33:08,390

phenomenon where I believe there's

791

00:33:13,800 --> 00:33:10,880

multiple facets to the UFO phenomena I

792

00:33:15,880 --> 00:33:13,810

believe that you can tackle the

793

00:33:17,800 --> 00:33:15,890

explanations behind secrecy in a couple

794

00:33:19,420 --> 00:33:17,810

different ways I do believe that there

795

00:33:21,850 --> 00:33:19,430

are a high percentage of people that

796

00:33:23,410 --> 00:33:21,860

everyday people that are walking around

797

00:33:24,970 --> 00:33:23,420

the streets or hanging out in their

798

00:33:27,400 --> 00:33:24,980

backyard or whatever they're doing that

799

00:33:30,670 --> 00:33:27,410

are seeing things that potentially are

800

00:33:33,310 --> 00:33:30,680

UFOs to them but our testing of either

801
00:33:34,870 --> 00:33:33,320
top-secret technology or you know

802
00:33:37,180 --> 00:33:34,880
something in development that we don't

803
00:33:40,450 --> 00:33:37,190
know about yet so there has to be a

804
00:33:43,180 --> 00:33:40,460
level of secrecy and kind of an aura of

805
00:33:45,730 --> 00:33:43,190
a cover-up anyway naturally because of

806
00:33:47,800 --> 00:33:45,740
stuff like that we know that before the

807
00:33:51,340 --> 00:33:47,810
b-2 stealth bomber was announced you

808
00:33:53,950 --> 00:33:51,350
know that that thing was probably the

809
00:33:56,050 --> 00:33:53,960
cause of a couple of the UFO sightings

810
00:33:58,540 --> 00:33:56,060
around the the timeframe when they were

811
00:34:00,850 --> 00:33:58,550
flying it I mean you can't always keep

812
00:34:03,880 --> 00:34:00,860
these types of aircraft that are

813
00:34:07,060 --> 00:34:03,890

traveling at high speeds confined to

814

00:34:09,310 --> 00:34:07,070

area 51 granted it's a big area but when

815

00:34:11,200 --> 00:34:09,320

you're going with fat in the going away

816

00:34:12,879 --> 00:34:11,210

from the b2 with this comment but when

817

00:34:14,860 --> 00:34:12,889

you're going incredibly fast and you're

818

00:34:16,360 --> 00:34:14,870

testing that technology I mean you can't

819

00:34:19,119 --> 00:34:16,370

just fly around in a circle in your

820

00:34:20,770 --> 00:34:19,129

backyard you you know you got to open it

821

00:34:24,129 --> 00:34:20,780

up a little bit and you got to start

822

00:34:25,690 --> 00:34:24,139

traversing the United States and as a

823

00:34:28,090 --> 00:34:25,700

result people are gonna see things but

824

00:34:30,700 --> 00:34:28,100

but then all of a sudden you're the the

825

00:34:32,350 --> 00:34:30,710

the government has the greatest tool

826

00:34:34,570 --> 00:34:32,360

that they can use and that is the

827

00:34:36,760 --> 00:34:34,580

general public's fascination with UFOs

828

00:34:38,680 --> 00:34:36,770

because all of a sudden a testing of a

829

00:34:40,480 --> 00:34:38,690

top-secret aircraft somebody thinks it's

830

00:34:43,659 --> 00:34:40,490

alien and the story is just kind of

831

00:34:45,730 --> 00:34:43,669

mostly disregarded anyway so I mean not

832

00:34:47,619 --> 00:34:45,740

to be a pessimist about that but I mean

833

00:34:49,600 --> 00:34:47,629

that is a tool we have to consider that

834

00:34:52,030 --> 00:34:49,610

so there is a level of secrecy that I

835

00:34:54,790 --> 00:34:52,040

feel is warranted and it needs to be

836

00:34:56,950 --> 00:34:54,800

maintained the other part of it too is

837

00:34:59,260 --> 00:34:56,960

when you talk about the military pilots

838

00:35:00,970 --> 00:34:59,270

themselves the military bases that are

839

00:35:01,359 --> 00:35:00,980

experiencing these encounters some of

840

00:35:03,339 --> 00:35:01,369

which we

841

00:35:05,529 --> 00:35:03,349

talked about but they can't explain them

842

00:35:08,410 --> 00:35:05,539

now you have a whole different facet on

843

00:35:11,049 --> 00:35:08,420

why you need that secrecy and although

844

00:35:13,329 --> 00:35:11,059

this isn't popular with some circles we

845

00:35:15,339 --> 00:35:13,339

have to consider that the United States

846

00:35:17,440 --> 00:35:15,349

government and the military is not in

847

00:35:19,900 --> 00:35:17,450

collusion with aliens and they know all

848

00:35:22,450 --> 00:35:19,910

about this and they're all knowing the

849

00:35:26,319 --> 00:35:22,460

general public who believes that have a

850

00:35:28,599 --> 00:35:26,329

very in my opinion inflated idea of the

851

00:35:30,999 --> 00:35:28,609

government intelligence that's really

852

00:35:32,950 --> 00:35:31,009

they're not to put them down but what I

853

00:35:35,559 --> 00:35:32,960

mean by that is there is a huge

854

00:35:36,910 --> 00:35:35,569

possibility that they don't know what

855

00:35:39,849 --> 00:35:36,920

the heck this is there is no

856

00:35:41,859 --> 00:35:39,859

communication and that in itself is the

857

00:35:43,839 --> 00:35:41,869

threat to national security not

858

00:35:46,210 --> 00:35:43,849

necessarily that aliens are out there

859

00:35:49,390 --> 00:35:46,220

it's there's this phenomena that they

860

00:35:51,239 --> 00:35:49,400

cannot explain the the men and women

861

00:35:54,220 --> 00:35:51,249

that are flying the most powerful

862

00:35:56,710 --> 00:35:54,230

weapons in the most advanced technology

863

00:35:59,380 --> 00:35:56,720

around the globe they are seeing things

864

00:36:01,720 --> 00:35:59,390

that they cannot identify they reported

865

00:36:05,319 --> 00:36:01,730

and the up the upper echelon can't

866

00:36:07,329 --> 00:36:05,329

identify it that in itself is a huge

867

00:36:09,279 --> 00:36:07,339

threat to national security

868

00:36:13,029 --> 00:36:09,289

because jump ahead to a hypothetical if

869

00:36:15,729 --> 00:36:13,039

they came out and they said ok look UFOs

870

00:36:19,569 --> 00:36:15,739

are real our military pilots are seeing

871

00:36:22,329 --> 00:36:19,579

them and and we've investigated them for

872

00:36:24,759 --> 00:36:22,339

decades and we cannot determine what

873

00:36:27,489 --> 00:36:24,769

they are some we can figure out but but

874

00:36:29,339 --> 00:36:27,499

a lot of them we cannot if you have the

875

00:36:33,190 --> 00:36:29,349

most powerful nation in the world

876

00:36:36,910 --> 00:36:33,200

telling their people we have something

877

00:36:39,279 --> 00:36:36,920

above our heads that we cannot combat we

878

00:36:42,160 --> 00:36:39,289

cannot communicate with and we do not

879

00:36:44,079 --> 00:36:42,170

understand that in itself is a threat to

880

00:36:46,660 --> 00:36:44,089

national security I'm not saying that's

881

00:36:49,029 --> 00:36:46,670

exactly how it is I'm saying that to me

882

00:36:51,700 --> 00:36:49,039

is probably the biggest possibility here

883

00:36:54,099 --> 00:36:51,710

so there you can approach the secrecy

884

00:36:55,720 --> 00:36:54,109

thing a few different ways so now it's

885

00:36:57,940 --> 00:36:55,730

not the government is maliciously

886

00:36:59,529 --> 00:36:57,950

keeping a secret from you they know

887

00:37:01,989 --> 00:36:59,539

everything they have all the answers

888

00:37:04,390 --> 00:37:01,999

it's quite possibly they have no answers

889

00:37:07,450 --> 00:37:04,400

to give you and the fact that they have

890

00:37:09,009 --> 00:37:07,460

no answers to give you is the threat to

891

00:37:12,160 --> 00:37:09,019

national security and that's what they

892

00:37:13,660 --> 00:37:12,170

have to avoid so I I wrestle with it I

893

00:37:15,099 --> 00:37:13,670

struggle with it but there's there's a

894

00:37:17,559 --> 00:37:15,109

few possibilities that

895

00:37:19,749 --> 00:37:17,569

that that's just a kind of name a few

896

00:37:21,579 --> 00:37:19,759

for you absolutely and I struggle with

897

00:37:24,519 --> 00:37:21,589

that too every day you know one day I'm

898

00:37:26,229 --> 00:37:24,529

saying government doesn't know stay

899

00:37:27,969 --> 00:37:26,239

I'm saying uh oh wait but there's this

900

00:37:30,430 --> 00:37:27,979

one case where they you know they

901
00:37:34,749 --> 00:37:30,440
admitted this blah blah so yeah it's so

902
00:37:36,910 --> 00:37:34,759
you know such a toxic relationship as it

903
00:37:39,370 --> 00:37:36,920
were in terms of the secrecy and the

904
00:37:41,799 --> 00:37:39,380
threat that it could it could be we our

905
00:37:43,630 --> 00:37:41,809
greatest enemy possibly when it comes to

906
00:37:46,809 --> 00:37:43,640
how naive we are of what these things

907
00:37:48,999 --> 00:37:46,819
might be or represent so it's it's

908
00:37:51,130 --> 00:37:49,009
terrifying both ways you look at it in

909
00:37:52,390 --> 00:37:51,140
my opinion no it absolutely is

910
00:37:55,329 --> 00:37:52,400
terrifying yeah

911
00:37:58,509 --> 00:37:55,339
so I'm chapters 13 and 14 John you

912
00:38:00,249 --> 00:37:58,519
really shed some light on the lengths in

913
00:38:02,650 --> 00:38:00,259

which the government sometimes will go

914

00:38:05,199 --> 00:38:02,660

when it comes to the secrecy in

915

00:38:06,999 --> 00:38:05,209

pretending to releasing these documents

916

00:38:09,579 --> 00:38:07,009

so could you tell us a little bit about

917

00:38:11,949 --> 00:38:09,589

service and what this entailed this is

918

00:38:14,229 --> 00:38:11,959

one of the best stories that I've come

919

00:38:16,120 --> 00:38:14,239

across that you've told out there so

920

00:38:16,660 --> 00:38:16,130

yeah if I'm sharing that with our

921

00:38:19,390 --> 00:38:16,670

audience

922

00:38:21,339 --> 00:38:19,400

of course yeah so throughout the years

923

00:38:24,519 --> 00:38:21,349

there have been reporting procedures for

924

00:38:26,829 --> 00:38:24,529

for UFOs through Project Blue Book they

925

00:38:30,430 --> 00:38:26,839

have various Air Force manuals even

926

00:38:33,039 --> 00:38:30,440

after blue book closed janap 146 or a

927

00:38:36,939 --> 00:38:33,049

joint Army Navy Air Force publication

928

00:38:39,309 --> 00:38:36,949

was one that outlined how to report UFOs

929

00:38:40,870 --> 00:38:39,319

now I was always intrigued by this it

930

00:38:43,630 --> 00:38:40,880

was rescinded and off the books but

931

00:38:46,329 --> 00:38:43,640

remained for quite a long time after

932

00:38:49,569 --> 00:38:46,339

Project Blue Book closed but the type of

933

00:38:52,329 --> 00:38:49,579

reports within janap 146 so if you were

934

00:38:54,009 --> 00:38:52,339

a Navy pilot or an Air Force pilot or a

935

00:38:55,779 --> 00:38:54,019

Canadian pilot because it's actually

936

00:38:58,209 --> 00:38:55,789

applied to the Canadian Forces as well

937

00:39:03,039 --> 00:38:58,219

if you saw a UFO they were called

938

00:39:05,109 --> 00:39:03,049

service reports Cir vis and that acronym

939

00:39:06,640 --> 00:39:05,119

stands for communication instructions

940

00:39:08,920 --> 00:39:06,650

for reporting vital intelligence

941

00:39:10,839 --> 00:39:08,930

sightings yes it gets very confusing

942

00:39:12,999 --> 00:39:10,849

with acronyms so if anybody is

943

00:39:14,620 --> 00:39:13,009

scratching their heads don't worry I do

944

00:39:16,660 --> 00:39:14,630

this all the time and I scratch my head

945

00:39:18,459 --> 00:39:16,670

every day so it's very tough to

946

00:39:21,249 --> 00:39:18,469

sometimes read some of these documents

947

00:39:23,739 --> 00:39:21,259

that have 800 acronyms on it but that

948

00:39:26,589 --> 00:39:23,749

being said service reports I knew were

949

00:39:28,120 --> 00:39:26,599

the key to this but janab 146 I believed

950

00:39:28,960 --> 00:39:28,130

was off the books at the time when I

951

00:39:31,080 --> 00:39:28,970

started tackling

952

00:39:33,430 --> 00:39:31,090

this was probably in the late 90s and

953

00:39:35,020 --> 00:39:33,440

and I just wanted to kind of give some

954

00:39:37,359 --> 00:39:35,030

groundwork for a discovery that came

955

00:39:39,280 --> 00:39:37,369

later on but that's what what service

956

00:39:41,680 --> 00:39:39,290

was all about and I started kind of

957

00:39:43,780 --> 00:39:41,690

sifting through trying to find where

958

00:39:45,339 --> 00:39:43,790

these documents were the thing that

959

00:39:47,080 --> 00:39:45,349

always bothered me about this even

960

00:39:48,940 --> 00:39:47,090

though it was interesting was that it

961

00:39:51,130 --> 00:39:48,950

applied to Canadian troops as well as

962

00:39:53,560 --> 00:39:51,140

already mentioned so I was looking for

963

00:39:56,170 --> 00:39:53,570

the US cover up nothing against my

964

00:39:57,970 --> 00:39:56,180

friends in the north but it was

965

00:40:00,220 --> 00:39:57,980

something that I wanted to focus in it

966

00:40:02,440 --> 00:40:00,230

was a it was an ability for the military

967

00:40:04,630 --> 00:40:02,450

to say well yeah janap 1:46 was around

968

00:40:06,520 --> 00:40:04,640

but it was mostly for the Canadian guys

969

00:40:08,740 --> 00:40:06,530

we didn't care and you know we didn't

970

00:40:11,760 --> 00:40:08,750

report anything and this and that I'm

971

00:40:14,260 --> 00:40:11,770

always looking for ways to circumvent

972

00:40:16,359 --> 00:40:14,270

comments like that or reactions or

973

00:40:19,150 --> 00:40:16,369

explanations like that either by the

974

00:40:21,880 --> 00:40:19,160

military or the skeptics who love to

975

00:40:23,080 --> 00:40:21,890

attack people like me that come out with

976

00:40:24,400 --> 00:40:23,090

actual evidence and so they

977

00:40:25,810 --> 00:40:24,410

short-circuit and they go oh let's just

978

00:40:27,849 --> 00:40:25,820

make something up and try and make John

979

00:40:29,470 --> 00:40:27,859

look bad so what I try and do is think

980

00:40:31,390 --> 00:40:29,480

ahead and look at every possible

981

00:40:34,329 --> 00:40:31,400

scenario so that was what bothered me

982

00:40:37,270 --> 00:40:34,339

about janap 146 so it was purely by

983

00:40:39,300 --> 00:40:37,280

accident that I couldn't believe it was

984

00:40:42,250 --> 00:40:39,310

this long ago but in the year 2000

985

00:40:45,460 --> 00:40:42,260

Google really wasn't a thing yet it was

986

00:40:48,609 --> 00:40:45,470

Alta Vista was the not to age myself but

987

00:40:52,510 --> 00:40:48,619

the Alta Vista was the search engine of

988

00:40:54,750 --> 00:40:52,520

the day and I even then you searched

989

00:40:57,579 --> 00:40:54,760

UFOs and you know you come up with

990

00:40:59,380 --> 00:40:57,589

hundreds of thousands now it's like

991

00:41:01,060 --> 00:40:59,390

eight or ten million if not more I

992

00:41:03,490 --> 00:41:01,070

forget what the exact number is now but

993

00:41:05,410 --> 00:41:03,500

anyway I was searching for survey's

994

00:41:07,270 --> 00:41:05,420

thinking well maybe someone's written

995

00:41:09,970 --> 00:41:07,280

something about it and there was a

996

00:41:13,630 --> 00:41:09,980

couple references to janap 146 nothing

997

00:41:15,280 --> 00:41:13,640

of relevance or nothing new I should say

998

00:41:17,349 --> 00:41:15,290

I mean it was all just Jan up 146

999

00:41:20,859 --> 00:41:17,359

references which I had already kind of

1000

00:41:23,260 --> 00:41:20,869

sifted through and the last link I still

1001
00:41:25,450 --> 00:41:23,270
have the print out of it I I don't know

1002
00:41:28,450 --> 00:41:25,460
why I printed it out on my I think it

1003
00:41:31,089 --> 00:41:28,460
was a bubble jet printer way back in the

1004
00:41:35,260 --> 00:41:31,099
day and but I still have it and the last

1005
00:41:38,700 --> 00:41:35,270
result was a reference to an AFM il

1006
00:41:41,410 --> 00:41:38,710
address which is an Air Force server

1007
00:41:42,430 --> 00:41:41,420
referencing an Air Force instruction

1008
00:41:44,920 --> 00:41:42,440
10-2 s

1009
00:41:46,779 --> 00:41:44,930
six and I thought what the heck is that

1010
00:41:48,640 --> 00:41:46,789
that's that middle air force why is it

1011
00:41:50,650 --> 00:41:48,650
coming up with service I clicked on the

1012
00:41:52,240 --> 00:41:50,660
link it was broken so it didn't work so

1013
00:41:54,520 --> 00:41:52,250

I had to go through the FOIA to get it

1014

00:41:57,579 --> 00:41:54,530

after a couple months I got it and

1015

00:42:01,059 --> 00:41:57,589

realized that Chapter five of this Air

1016

00:42:03,339 --> 00:42:01,069

Force manual was all about UFOs and it

1017

00:42:10,000 --> 00:42:03,349

was all about reporting these

1018

00:42:12,339 --> 00:42:10,010

unidentified flying objects do you enjoy

1019

00:42:14,799 --> 00:42:12,349

true stories of the supernatural from

1020

00:42:16,750 --> 00:42:14,809

the people who experienced it well then

1021

00:42:19,180 --> 00:42:16,760

you might like my show Jim Harold's

1022

00:42:22,690 --> 00:42:19,190

campfire hi I'm Jim and we've been doing

1023

00:42:25,420 --> 00:42:22,700

the show since 2009 and we talk about

1024

00:42:27,910 --> 00:42:25,430

ghosts cryptic creatures UFOs head

1025

00:42:29,920 --> 00:42:27,920

scratchers you name it and you tune in

1026

00:42:33,279 --> 00:42:29,930

you might hear a story like this one and

1027

00:42:36,789 --> 00:42:33,289

as he was driving home he encountered a

1028

00:42:38,890 --> 00:42:36,799

shadow person who seemed to be dressed

1029

00:42:42,279 --> 00:42:38,900

like a monk I know that sounds very

1030

00:42:46,059 --> 00:42:42,289

strange but it was a solid black form

1031

00:42:49,960 --> 00:42:46,069

and it was wearing a hooded cloak tied

1032

00:42:53,160 --> 00:42:49,970

at the waist with the cloak up and it

1033

00:42:57,400 --> 00:42:53,170

had glowing red eyes he sees this thing

1034

00:42:59,920 --> 00:42:57,410

coming out of a really teeny abandoned

1035

00:43:01,779 --> 00:42:59,930

Cemetery if you haven't tuned in I hope

1036

00:43:04,650 --> 00:43:01,789

you'll check us out you can find us on

1037

00:43:07,329 --> 00:43:04,660

Apple podcasts Spotify and wherever

1038

00:43:09,549 --> 00:43:07,339

podcasts are heard it's Jim Harold's

1039

00:43:11,980 --> 00:43:09,559

campfire and you can find it at Jim

1040

00:43:16,809 --> 00:43:11,990

Harold calm thanks so much and stay

1041

00:43:19,299 --> 00:43:16,819

spooky now what's important about this

1042

00:43:21,640 --> 00:43:19,309

well it's the year 2000 when I first

1043

00:43:24,819 --> 00:43:21,650

figured this out remember that same

1044

00:43:27,430 --> 00:43:24,829

agency the United States Air Force said

1045

00:43:29,230 --> 00:43:27,440

in 1969 we just don't care anymore they

1046

00:43:34,809 --> 00:43:29,240

closed their investigation in January of

1047

00:43:37,900 --> 00:43:34,819

70 so from 1970 to 2000 they've never

1048

00:43:40,480 --> 00:43:37,910

had an interest yet here's a manual that

1049

00:43:42,160 --> 00:43:40,490

outlines exactly how to report them and

1050

00:43:44,410 --> 00:43:42,170

I watched the progression of it I

1051
00:43:45,789 --> 00:43:44,420
written about it lectured about it I had

1052
00:43:48,910 --> 00:43:45,799
produced a couple History Channel shows

1053
00:43:51,990 --> 00:43:48,920
at this time it was in two shows that I

1054
00:43:54,970 --> 00:43:52,000
recall but nothing really a major

1055
00:43:55,650 --> 00:43:54,980
spotlight I felt it was newsworthy but

1056
00:43:58,120 --> 00:43:55,660
you know it's not

1057
00:44:01,720 --> 00:43:58,130
breaking news type story so it's not

1058
00:44:05,470 --> 00:44:01,730
like it ended up on CNN and fast forward

1059
00:44:07,210 --> 00:44:05,480
to about I believe 2008 or so and leaf

1060
00:44:09,400 --> 00:44:07,220
Spiegel from The Huffington Post had

1061
00:44:10,780 --> 00:44:09,410
contacted me I've been friends with Lee

1062
00:44:13,020 --> 00:44:10,790
for many many years have a lot of

1063
00:44:16,000 --> 00:44:13,030

respect for him he does his homework and

1064

00:44:18,460 --> 00:44:16,010

he says hey John I want to do a story on

1065

00:44:20,440 --> 00:44:18,470

the black vault a very common question

1066

00:44:23,380 --> 00:44:20,450

that's asked to me and which is one he

1067

00:44:25,240 --> 00:44:23,390

asked was you know what give me the five

1068

00:44:28,120 --> 00:44:25,250

top documents that you would point out

1069

00:44:29,920 --> 00:44:28,130

so I gave him a couple 10 - 2:06 was one

1070

00:44:32,710 --> 00:44:29,930

of them what was interesting at this

1071

00:44:35,710 --> 00:44:32,720

point was that 10 - 2:06 had had been

1072

00:44:38,170 --> 00:44:35,720

updated many times from 2000 to about

1073

00:44:40,720 --> 00:44:38,180

2008 or so when I was talking to Lee

1074

00:44:42,310 --> 00:44:40,730

about doing the story and the reason why

1075

00:44:45,880 --> 00:44:42,320

I bring that up is it shows that it's an

1076
00:44:47,350 --> 00:44:45,890
active publication because sometimes

1077
00:44:49,930 --> 00:44:47,360
with the military I know this comes as a

1078
00:44:51,070 --> 00:44:49,940
shock but sometimes they're just not

1079
00:44:53,050 --> 00:44:51,080
thorough

1080
00:44:54,670 --> 00:44:53,060
and they'll leave things on the books

1081
00:44:57,490 --> 00:44:54,680
that aren't relevant and they don't

1082
00:44:58,990 --> 00:44:57,500
officially rescind them or cancel them

1083
00:45:00,190 --> 00:44:59,000
or take them off the books until they

1084
00:45:05,620 --> 00:45:00,200
you know it's brought to their attention

1085
00:45:08,320 --> 00:45:05,630
or they remember or whatever and with 10

1086
00:45:10,330 --> 00:45:08,330
- to 0-6 it was updated quite a few

1087
00:45:14,440 --> 00:45:10,340
times so that showed that it was active

1088
00:45:16,720 --> 00:45:14,450

in Chapter five with service and UFOs

1089

00:45:19,480 --> 00:45:16,730

and it specifically said UFOs you know

1090

00:45:21,310 --> 00:45:19,490

there was no change of the acronym no

1091

00:45:23,380 --> 00:45:21,320

you AP's know nothing it was

1092

00:45:26,710 --> 00:45:23,390

unidentified flying objects black and

1093

00:45:29,470 --> 00:45:26,720

white that always remained so also by

1094

00:45:31,300 --> 00:45:29,480

this time I showed Lee that they could

1095

00:45:34,030 --> 00:45:31,310

that he could download it anybody could

1096

00:45:36,640 --> 00:45:34,040

download it from the Air Force's website

1097

00:45:38,350 --> 00:45:36,650

which is what I had him do and he

1098

00:45:40,570 --> 00:45:38,360

downloads it and even though it's not

1099

00:45:42,790 --> 00:45:40,580

like he doubted me but when you download

1100

00:45:46,720 --> 00:45:42,800

it from the military directly it gives

1101

00:45:48,250 --> 00:45:46,730

it an all new aura of legitimacy again

1102

00:45:50,530 --> 00:45:48,260

even though there were no doubts it's

1103

00:45:53,560 --> 00:45:50,540

like the military just put this on their

1104

00:45:56,470 --> 00:45:53,570

server and sent it to my computer that

1105

00:45:58,420 --> 00:45:56,480

that's you know fairly interesting so a

1106

00:46:00,490 --> 00:45:58,430

couple days later he did what any good

1107

00:46:01,750 --> 00:46:00,500

investigative journalist would do and I

1108

00:46:03,880 --> 00:46:01,760

point this out every time I tell the

1109

00:46:06,400 --> 00:46:03,890

story even though we were friends and

1110

00:46:08,440 --> 00:46:06,410

even though you know he had had my side

1111

00:46:09,039 --> 00:46:08,450

and I wasn't lying he turned around

1112

00:46:10,959 --> 00:46:09,049

called

1113

00:46:14,709 --> 00:46:10,969

and that that's why I'm glad because

1114

00:46:17,199 --> 00:46:14,719

they should respond to this so he had to

1115

00:46:20,139 --> 00:46:17,209

leave a message but he was looking for a

1116

00:46:21,999 --> 00:46:20,149

response to 10 - 2 0 6 and you know

1117

00:46:25,029 --> 00:46:22,009

wanted to see what their reaction was

1118

00:46:27,999 --> 00:46:25,039

and days go by and a couple days go by

1119

00:46:30,639 --> 00:46:28,009

and nothing so it was late on a Friday

1120

00:46:32,259 --> 00:46:30,649

night I'll remember this because I was

1121

00:46:33,639 --> 00:46:32,269

visiting my sister here in Southern

1122

00:46:36,159 --> 00:46:33,649

California she lives about two hours

1123

00:46:39,969 --> 00:46:36,169

away from me and I was driving back that

1124

00:46:41,949 --> 00:46:39,979

night which is why I kind of remember

1125

00:46:43,569 --> 00:46:41,959

the story and he calls me and I'm out

1126
00:46:45,279 --> 00:46:43,579
there not in front of a computer he says

1127
00:46:47,469 --> 00:46:45,289
John you're not gonna believe this now

1128
00:46:48,819 --> 00:46:47,479
it's late for me on the west coast that

1129
00:46:50,620 --> 00:46:48,829
mean and he's on the East Coast I mean

1130
00:46:52,539 --> 00:46:50,630
it's really late for him so this must be

1131
00:46:53,409 --> 00:46:52,549
important and he says John you're not

1132
00:46:55,749 --> 00:46:53,419
gonna believe this

1133
00:46:57,429 --> 00:46:55,759
you know air force Manuel 10 - 2 0 6

1134
00:46:59,469 --> 00:46:57,439
which at this point I know this is

1135
00:47:01,599 --> 00:46:59,479
confusing because I said the air force

1136
00:47:03,370 --> 00:47:01,609
instruction earlier the instruction

1137
00:47:06,309 --> 00:47:03,380
turned into a manual as the years went

1138
00:47:08,409 --> 00:47:06,319

on it's the heads I know it's strange

1139

00:47:10,029 --> 00:47:08,419

with verbiage but in the interest of

1140

00:47:11,889 --> 00:47:10,039

accuracy that that's why I'm using a

1141

00:47:14,109 --> 00:47:11,899

different term now so he says air force

1142

00:47:15,729 --> 00:47:14,119

manual 10 - 2 0 6 I said yeah he says

1143

00:47:18,519 --> 00:47:15,739

it's gone I said what are you talking

1144

00:47:20,769 --> 00:47:18,529

about and he says well Chapter five it's

1145

00:47:21,759 --> 00:47:20,779

gone it's missing he says it's rewritten

1146

00:47:24,969 --> 00:47:21,769

and now has something to do with

1147

00:47:26,319 --> 00:47:24,979

hurricanes I'd say ok well I just

1148

00:47:27,789 --> 00:47:26,329

thought to myself you know with no

1149

00:47:30,129 --> 00:47:27,799

offense to Lee that he clicked on the

1150

00:47:31,599 --> 00:47:30,139

wrong link he went and again that that's

1151
00:47:34,629 --> 00:47:31,609
kind of why I brought up the manual

1152
00:47:36,309 --> 00:47:34,639
versus instruction and the change it is

1153
00:47:37,839 --> 00:47:36,319
really confusing so I thought well maybe

1154
00:47:39,639 --> 00:47:37,849
he just stumbled on the wrong number or

1155
00:47:41,739 --> 00:47:39,649
the wrong instruction or what you know

1156
00:47:43,179 --> 00:47:41,749
whatever so I said Lee I'll be home in a

1157
00:47:45,339 --> 00:47:43,189
couple hours and said let me get to a

1158
00:47:46,719 --> 00:47:45,349
computer and I'll you know we'll sort

1159
00:47:50,199 --> 00:47:46,729
this out I didn't really think much of

1160
00:47:54,099 --> 00:47:50,209
it I got home and sure enough they

1161
00:47:56,709 --> 00:47:54,109
rewrote the entire manual chapter 5 was

1162
00:47:59,109 --> 00:47:56,719
omitted completely gone rewritten to

1163
00:48:02,549 --> 00:47:59,119

something to do with hurricanes it was

1164

00:48:05,889 --> 00:48:02,559

Air Force manual 10 - 2 0 6 and the

1165

00:48:09,399 --> 00:48:05,899

publication date for this version was

1166

00:48:13,239 --> 00:48:09,409

approximately 48 hours after Lee

1167

00:48:15,129 --> 00:48:13,249

Spiegel's phone call Cabaye so what are

1168

00:48:17,649 --> 00:48:15,139

the odds yeah

1169

00:48:20,079 --> 00:48:17,659

48 out about 48 hours what are the odds

1170

00:48:22,210 --> 00:48:20,089

that they would you know just by

1171

00:48:23,890 --> 00:48:22,220

coincidence change it well that's there

1172

00:48:26,560 --> 00:48:23,900

explanation they called Li back the next

1173

00:48:29,230 --> 00:48:26,570

week apparently said oh yeah that was

1174

00:48:33,130 --> 00:48:29,240

just an old manual we went ahead and

1175

00:48:34,390 --> 00:48:33,140

changed it and so what I did was I file

1176

00:48:36,760 --> 00:48:34,400

make it quick

1177

00:48:39,250 --> 00:48:36,770

to finish the story but I filed a FOIA

1178

00:48:40,330 --> 00:48:39,260

request for all documents relating to

1179

00:48:42,730 --> 00:48:40,340

the change

1180

00:48:46,030 --> 00:48:42,740

yeah because again I mean you learned

1181

00:48:48,460 --> 00:48:46,040

some really cool tricks with using the

1182

00:48:51,250 --> 00:48:48,470

FOIA so when I what I went after what

1183

00:48:53,710 --> 00:48:51,260

are called changelog so anytime a manual

1184

00:48:56,680 --> 00:48:53,720

or guideline or instruction or whatever

1185

00:48:58,810 --> 00:48:56,690

has changed those changes are documented

1186

00:49:00,730 --> 00:48:58,820

in a change log so I went after the

1187

00:49:03,550 --> 00:49:00,740

change log but also any notes pertaining

1188

00:49:06,220 --> 00:49:03,560

to it I got him back and it was like

1189

00:49:08,080 --> 00:49:06,230

riddled with you know spelling and

1190

00:49:11,320 --> 00:49:08,090

grammatical errors now I am NOT a

1191

00:49:14,440 --> 00:49:11,330

grammar nazi but the reason why I point

1192

00:49:17,890 --> 00:49:14,450

those things out is the speed and the

1193

00:49:20,020 --> 00:49:17,900

hastiness of making that change right I

1194

00:49:22,450 --> 00:49:20,030

think what happened was is they went oh

1195

00:49:26,290 --> 00:49:22,460

you know Huffington Post is gonna

1196

00:49:29,170 --> 00:49:26,300

profile this what let's cover it up you

1197

00:49:31,960 --> 00:49:29,180

know and and so they did and hastily

1198

00:49:35,079 --> 00:49:31,970

they went in and and and and removed the

1199

00:49:37,839 --> 00:49:35,089

chapter and so you know now what I tried

1200

00:49:40,300 --> 00:49:37,849

to do is is trace the lineage from when

1201

00:49:42,520 --> 00:49:40,310

I discovered it in 2000 through 2008

1202

00:49:44,470 --> 00:49:42,530

through the change showed all of the

1203

00:49:47,620 --> 00:49:44,480

multiple revisions I have all the change

1204

00:49:49,750 --> 00:49:47,630

logs and you can see I mean if in my

1205

00:49:52,210 --> 00:49:49,760

opinion if that's not a blatant attempt

1206

00:49:54,310 --> 00:49:52,220

at a cover-up I'm not really sure what

1207

00:49:56,290 --> 00:49:54,320

it is and and the reason why I've

1208

00:49:59,079 --> 00:49:56,300

punched the the multiple times of

1209

00:50:01,210 --> 00:49:59,089

changes is that would be they're out if

1210

00:50:04,750 --> 00:50:01,220

they had never touched that document

1211

00:50:06,970 --> 00:50:04,760

from 2000 to 2008 when they changed it I

1212

00:50:09,820 --> 00:50:06,980

would say you know what maybe it was

1213

00:50:12,190 --> 00:50:09,830

just a forgotten publication who knows

1214

00:50:14,170 --> 00:50:12,200

when it really started and UFO is just

1215

00:50:17,290 --> 00:50:14,180

kind of remained but they didn't care no

1216

00:50:20,109 --> 00:50:17,300

it remained updated and frequently

1217

00:50:23,589 --> 00:50:20,119

changed up until UFOs were gonna be

1218

00:50:25,990 --> 00:50:23,599

profiled and then poof it's gone so to

1219

00:50:28,359 --> 00:50:26,000

me that that was an amazing not to be

1220

00:50:31,480 --> 00:50:28,369

long-winded so sorry about that but it

1221

00:50:33,520 --> 00:50:31,490

was it was just a very cool it was just

1222

00:50:35,400 --> 00:50:33,530

a very cool story to kind of show the

1223

00:50:38,309 --> 00:50:35,410

lengths that they will go to and

1224

00:50:39,750 --> 00:50:38,319

to me that that's beyond blatant I mean

1225

00:50:42,180 --> 00:50:39,760

you can't get any more cut-and-dry than

1226
00:50:44,279 --> 00:50:42,190
that no no it speaks volumes with what

1227
00:50:45,930 --> 00:50:44,289
you know their actions spoke volumes

1228
00:50:47,549 --> 00:50:45,940
when it comes to this you know they

1229
00:50:48,870 --> 00:50:47,559
thought they were being sneaky and no

1230
00:50:50,760 --> 00:50:48,880
one would ever notice but there's not

1231
00:50:53,069 --> 00:50:50,770
people like they don't think there's

1232
00:50:55,410 --> 00:50:53,079
people out there like you or even lease

1233
00:50:57,480 --> 00:50:55,420
people looking into these stuffs yeah

1234
00:51:00,150 --> 00:50:57,490
yeah it's so glaring it's almost

1235
00:51:02,730 --> 00:51:00,160
ridiculous but I love that story I had

1236
00:51:03,960 --> 00:51:02,740
to have utility nope I remember hearing

1237
00:51:06,630 --> 00:51:03,970
it one night I was walking home from

1238
00:51:09,240 --> 00:51:06,640

work and I circled my block like 10

1239

00:51:11,069 --> 00:51:09,250

times just cuz I was like so like it's

1240

00:51:14,370 --> 00:51:11,079

wrong I'm like oh my god wait what what

1241

00:51:16,470 --> 00:51:14,380

so thank you thank you for sure it's a

1242

00:51:20,670 --> 00:51:16,480

long winded though that you can circle

1243

00:51:23,010 --> 00:51:20,680

the block 10 times not I know I'm long

1244

00:51:24,599 --> 00:51:23,020

long window no no I love it I love

1245

00:51:27,829 --> 00:51:24,609

hearing about this stuff because you

1246

00:51:30,089 --> 00:51:27,839

know documents can be so dry and

1247

00:51:31,799 --> 00:51:30,099

statistics and all this stuff but no you

1248

00:51:34,680 --> 00:51:31,809

do a good job of making it very

1249

00:51:36,299 --> 00:51:34,690

accessible to us because it goes over a

1250

00:51:38,609 --> 00:51:36,309

lot of people's heads and that's what

1251

00:51:41,750 --> 00:51:38,619

they want they want you to get so

1252

00:51:44,640 --> 00:51:41,760

entrenched in you know a 500-page report

1253

00:51:45,960 --> 00:51:44,650

who's gonna take the time to to go

1254

00:51:47,880 --> 00:51:45,970

through something like that you look at

1255

00:51:50,430 --> 00:51:47,890

that last Roswell one it's like 400

1256

00:51:52,019 --> 00:51:50,440

pages long no one's gonna like go

1257

00:51:53,309 --> 00:51:52,029

through that entire thing bag or you got

1258

00:51:54,150 --> 00:51:53,319

to be kidding me but they do it on

1259

00:51:56,069 --> 00:51:54,160

purpose

1260

00:51:57,599 --> 00:51:56,079

yeah Dave I think that there's something

1261

00:52:00,120 --> 00:51:57,609

it's a great point I think there's

1262

00:52:01,799 --> 00:52:00,130

something to be said that part of the

1263

00:52:03,210 --> 00:52:01,809

government that part of the cover-up and

1264

00:52:05,370 --> 00:52:03,220

we see this with the the JFK

1265

00:52:08,730 --> 00:52:05,380

assassination documents and and quite a

1266

00:52:11,130 --> 00:52:08,740

few other things as well down the

1267

00:52:13,890 --> 00:52:11,140

public in information so instead of

1268

00:52:16,130 --> 00:52:13,900

keeping it from them just down them in

1269

00:52:19,410 --> 00:52:16,140

it and with the JFK assassination

1270

00:52:21,690 --> 00:52:19,420

documents as a prime example hundreds of

1271

00:52:23,730 --> 00:52:21,700

thousands of documents were dumped from

1272

00:52:25,140 --> 00:52:23,740

the National Archives and it's like

1273

00:52:27,059 --> 00:52:25,150

you're right who will go through it now

1274

00:52:28,980 --> 00:52:27,069

as the years go on of course we'll all

1275

00:52:30,660 --> 00:52:28,990

be going through it because we're

1276

00:52:32,910 --> 00:52:30,670

interested in it but there is something

1277

00:52:33,870 --> 00:52:32,920

to be said that you when you dump a

1278

00:52:37,799 --> 00:52:33,880

hundred two hundred three hundred

1279

00:52:39,809 --> 00:52:37,809

thousand documents onto the public the

1280

00:52:43,170 --> 00:52:39,819

Washington Post is not gonna do an

1281

00:52:45,480 --> 00:52:43,180

in-depth exposé on those documents in a

1282

00:52:47,670 --> 00:52:45,490

day you know and I think that that's

1283

00:52:48,750 --> 00:52:47,680

part of and like really think to the big

1284

00:52:52,080 --> 00:52:48,760

picture

1285

00:52:54,390 --> 00:52:52,090

that they can't do it that quick so if

1286

00:52:56,700 --> 00:52:54,400

they do it at all it's you know a month

1287

00:52:58,650 --> 00:52:56,710

or two later to do it right anyway a

1288

00:53:00,870 --> 00:52:58,660

month or two later to sift through all

1289

00:53:03,360 --> 00:53:00,880

that and write a cohesive article at

1290

00:53:05,520 --> 00:53:03,370

that point the news cycle on that

1291

00:53:07,110 --> 00:53:05,530

particular topic is done now will you

1292

00:53:08,280 --> 00:53:07,120

and I read an article like that yeah

1293

00:53:10,110 --> 00:53:08,290

we'll eat it all up

1294

00:53:12,270 --> 00:53:10,120

but sadly with the general public

1295

00:53:13,950 --> 00:53:12,280

they're very focused on what is

1296

00:53:16,320 --> 00:53:13,960

happening today

1297

00:53:20,700 --> 00:53:16,330

not necessarily what happened yesterday

1298

00:53:22,650 --> 00:53:20,710

so when you're past that news cycle you

1299

00:53:25,650 --> 00:53:22,660

have a fraction of a fraction of those

1300

00:53:27,630 --> 00:53:25,660

still interested and and we see it with

1301

00:53:30,180 --> 00:53:27,640

I mean again I'm going off on a tangent

1302

00:53:32,670 --> 00:53:30,190

here but we see it throughout and that's

1303

00:53:35,040 --> 00:53:32,680

why for those who may not have ever

1304

00:53:38,190 --> 00:53:35,050

noticed that's why you see document

1305

00:53:40,800 --> 00:53:38,200

dumps on a Friday night or a holiday

1306

00:53:43,770 --> 00:53:40,810

weekend when when did the Muller report

1307

00:53:46,650 --> 00:53:43,780

come out on a holiday weekend Houston a

1308

00:53:50,220 --> 00:53:46,660

you know eat so you look at the strategy

1309

00:53:52,710 --> 00:53:50,230

behind that it came out I believe it was

1310

00:53:55,680 --> 00:53:52,720

what Thursday but Friday was a holiday

1311

00:53:58,680 --> 00:53:55,690

with Good Friday holiday from for most

1312

00:54:00,690 --> 00:53:58,690

places anyway and so when they dumped

1313

00:54:03,660 --> 00:54:00,700

those things in an evening on a Friday

1314

00:54:05,160 --> 00:54:03,670

evening or on a holiday weekend as silly

1315

00:54:06,930 --> 00:54:05,170

as it sounds because you and I would

1316

00:54:09,600 --> 00:54:06,940

probably be still be interested on that

1317

00:54:11,610 --> 00:54:09,610

Monday the majority of the general

1318

00:54:14,370 --> 00:54:11,620

public would not be the news cycle is

1319

00:54:16,530 --> 00:54:14,380

over there's a whole new world you know

1320

00:54:18,900 --> 00:54:16,540

for the news the news men and the news

1321

00:54:21,480 --> 00:54:18,910

women on that Monday and so all of a

1322

00:54:23,400 --> 00:54:21,490

sudden it's not quite as newsworthy so

1323

00:54:25,830 --> 00:54:23,410

all of those you know all of those

1324

00:54:27,390 --> 00:54:25,840

tactics definitely play a role in

1325

00:54:30,210 --> 00:54:27,400

cover-ups and for me it's it's just a

1326
00:54:32,040 --> 00:54:30,220
fascinating psychology behind it all

1327
00:54:34,140 --> 00:54:32,050
so we're wrapping up with the book John

1328
00:54:36,240 --> 00:54:34,150
what's what's kind of the biggest thing

1329
00:54:37,950 --> 00:54:36,250
you learned by putting the book together

1330
00:54:40,740 --> 00:54:37,960
and what do you hope people will walk

1331
00:54:42,810 --> 00:54:40,750
away with after reading it the biggest

1332
00:54:45,420 --> 00:54:42,820
biggest thing I learned I have more

1333
00:54:48,390 --> 00:54:45,430
stuff than I thought

1334
00:54:50,480 --> 00:54:48,400
I joking aside I putting the book

1335
00:54:52,500 --> 00:54:50,490
together made me really dig back into

1336
00:54:53,970 --> 00:54:52,510
documents that although I had them

1337
00:54:57,210 --> 00:54:53,980
online and they've been online for

1338
00:54:59,070 --> 00:54:57,220

twenty years I haven't seen them in 20

1339

00:55:02,340 --> 00:54:59,080

years you know a lot of times I forget

1340

00:55:05,430 --> 00:55:02,350

what I have so for me the biggest

1341

00:55:08,550 --> 00:55:05,440

take away was not only that buddy but

1342

00:55:11,340 --> 00:55:08,560

but the amount of evidence to prove a

1343

00:55:13,080 --> 00:55:11,350

coverup and conspiracy and again using

1344

00:55:15,720 --> 00:55:13,090

those pieces of the puzzle and putting

1345

00:55:17,370 --> 00:55:15,730

them all together in book form for me

1346

00:55:19,410 --> 00:55:17,380

was a heck of a lot different than

1347

00:55:21,720 --> 00:55:19,420

running an archive you know I mean that

1348

00:55:24,240 --> 00:55:21,730

I don't I don't just take a hundred page

1349

00:55:28,890 --> 00:55:24,250

document and then publish it online as a

1350

00:55:30,630 --> 00:55:28,900

two-page you know editorial my job I

1351

00:55:33,150 --> 00:55:30,640

feel is different I don't claim to be a

1352

00:55:34,920 --> 00:55:33,160

journalist I never have what I do is I

1353

00:55:36,870 --> 00:55:34,930

take that raw information and put it

1354

00:55:39,510 --> 00:55:36,880

online for the journalists I feel like

1355

00:55:41,940 --> 00:55:39,520

more of an archivist role and a

1356

00:55:45,060 --> 00:55:41,950

researcher role making those tools

1357

00:55:48,390 --> 00:55:45,070

available so to be able to take all of

1358

00:55:51,420 --> 00:55:48,400

those manok collectively tens of

1359

00:55:56,340 --> 00:55:51,430

thousands of pages from all the various

1360

00:55:58,410 --> 00:55:56,350

agencies and on UFOs that is and and

1361

00:56:01,410 --> 00:55:58,420

look at the most important pieces and

1362

00:56:03,150 --> 00:56:01,420

then tell a cohesive story it was a

1363

00:56:05,340 --> 00:56:03,160

challenge but it was something that

1364

00:56:06,750 --> 00:56:05,350

showed me there is more evidence than

1365

00:56:09,060 --> 00:56:06,760

even I thought and I've been preaching

1366

00:56:10,860 --> 00:56:09,070

about this for a long time but there is

1367

00:56:14,130 --> 00:56:10,870

more evidence than I thought

1368

00:56:17,550 --> 00:56:14,140

and so so that's what I took away from

1369

00:56:19,980 --> 00:56:17,560

the book in regards to well I don't know

1370

00:56:21,690 --> 00:56:19,990

did you add did you ask me sorry if I'm

1371

00:56:25,250 --> 00:56:21,700

making stuff up here do you ask what I

1372

00:56:30,560 --> 00:56:25,260

want the general public to take away I

1373

00:56:34,110 --> 00:56:30,570

dreamt that or well I need more coffee

1374

00:56:36,120 --> 00:56:34,120

so yeah so that's you know the personal

1375

00:56:38,250 --> 00:56:36,130

note for me when it comes to people

1376
00:56:40,830 --> 00:56:38,260
reading this I want people to challenge

1377
00:56:42,600 --> 00:56:40,840
their beliefs you know and and I don't

1378
00:56:44,820 --> 00:56:42,610
necessarily put in my book like you're

1379
00:56:46,920 --> 00:56:44,830
supposed to believe this is aliens no I

1380
00:56:48,840 --> 00:56:46,930
do put forth that that sounds like the

1381
00:56:50,970 --> 00:56:48,850
most plausible explanation and why many

1382
00:56:53,850 --> 00:56:50,980
of the other explanations don't make

1383
00:56:57,270 --> 00:56:53,860
sense but it's not me it's not for me to

1384
00:57:01,050 --> 00:56:57,280
tell you how to think and so that's why

1385
00:57:04,350 --> 00:57:01,060
for fun and it's more of a token but I

1386
00:57:06,360 --> 00:57:04,360
had minted a challenge coin for the

1387
00:57:09,870 --> 00:57:06,370
release of this book I only made 500 of

1388
00:57:12,600 --> 00:57:09,880

them and it's a token for people to

1389

00:57:14,670 --> 00:57:12,610

challenge themselves if you're a firm

1390

00:57:16,080 --> 00:57:14,680

believer in UFOs there's still a lot in

1391

00:57:19,080 --> 00:57:16,090

this book that you'll get out of

1392

00:57:20,670 --> 00:57:19,090

if you're a skeptic about UFOs and you

1393

00:57:22,440 --> 00:57:20,680

don't believe it at all I believe you'll

1394

00:57:24,900 --> 00:57:22,450

truly get a lot out of this book if

1395

00:57:26,040 --> 00:57:24,910

you're on the fence I believe that

1396

00:57:27,870 --> 00:57:26,050

you'll get a lot out of it

1397

00:57:30,090 --> 00:57:27,880

the reason why I say that is in each

1398

00:57:32,610 --> 00:57:30,100

level no matter what level you feel you

1399

00:57:35,370 --> 00:57:32,620

fit into that we have to challenge

1400

00:57:37,830 --> 00:57:35,380

ourselves oh should I be such a believer

1401

00:57:39,780 --> 00:57:37,840

should I be such a skeptic or should I

1402

00:57:40,980 --> 00:57:39,790

be in the middle there's enough evidence

1403

00:57:43,290 --> 00:57:40,990

here to throw me one way or the other

1404

00:57:45,900 --> 00:57:43,300

and that's what I mean by by challenging

1405

00:57:47,640 --> 00:57:45,910

our beliefs and and so that's what I

1406

00:57:50,790 --> 00:57:47,650

want people to kind of take away from

1407

00:57:54,480 --> 00:57:50,800

the book is that the tagline that ended

1408

00:57:56,970 --> 00:57:54,490

up on Amazon which I actually wasn't I I

1409

00:57:59,160 --> 00:57:56,980

wrote it but then I thought oh god is

1410

00:58:01,380 --> 00:57:59,170

this bad like well does this mean no one

1411

00:58:03,180 --> 00:58:01,390

will buy the book and the tagline says

1412

00:58:05,130 --> 00:58:03,190

the evidence in this book may not

1413

00:58:07,140 --> 00:58:05,140

ultimately give you the smoking gun you

1414

00:58:09,510 --> 00:58:07,150

are looking for on your journey but I

1415

00:58:11,880 --> 00:58:09,520

guarantee you it will give you a box of

1416

00:58:13,530 --> 00:58:11,890

bullets when you find it and I kind of

1417

00:58:15,630 --> 00:58:13,540

cringed when I read my own writing that

1418

00:58:18,060 --> 00:58:15,640

ended up on the you know top of Amazon

1419

00:58:20,700 --> 00:58:18,070

and a couple other advertisements and

1420

00:58:24,000 --> 00:58:20,710

stuff like does that convey that the

1421

00:58:27,600 --> 00:58:24,010

book is you know bad I don't know but

1422

00:58:31,890 --> 00:58:27,610

but where I write that and what I would

1423

00:58:34,560 --> 00:58:31,900

how I would address this to again how

1424

00:58:36,720 --> 00:58:34,570

people how I intended people to walk

1425

00:58:39,180 --> 00:58:36,730

away after reading the book is that each

1426

00:58:41,730 --> 00:58:39,190

and every one of us you me your

1427

00:58:44,220 --> 00:58:41,740

listeners people that are listening to

1428

00:58:47,670 --> 00:58:44,230

you for the first time the smoking gun

1429

00:58:49,200 --> 00:58:47,680

for them for all of us is different so

1430

00:58:50,940 --> 00:58:49,210

you have a different smoking gun than I

1431

00:58:52,650 --> 00:58:50,950

do I have a different smoking gun than

1432

00:58:55,800 --> 00:58:52,660

she does and so on and so forth and so

1433

00:58:58,590 --> 00:58:55,810

that's why I wrote that and said look

1434

00:59:00,480 --> 00:58:58,600

the smoking guns different for all of us

1435

00:59:02,520 --> 00:59:00,490

but these are the pieces of the puzzle

1436

00:59:05,370 --> 00:59:02,530

these are the bullets for the gun so

1437

00:59:07,500 --> 00:59:05,380

when you are convinced this is the

1438

00:59:10,470 --> 00:59:07,510

evidence that you need to really drive

1439

00:59:13,260 --> 00:59:10,480

at home and that's that was my full

1440

00:59:15,450 --> 00:59:13,270

intent is for people to walk away saying

1441

00:59:18,150 --> 00:59:15,460

hey that evidence really is there

1442

00:59:20,160 --> 00:59:18,160

anybody can get this information there

1443

00:59:22,380 --> 00:59:20,170

is nothing in the book that no-one

1444

00:59:25,080 --> 00:59:22,390

cannot get under the the Freedom of

1445

00:59:26,730 --> 00:59:25,090

Information Act that you can go after

1446

00:59:29,010 --> 00:59:26,740

these records you can see it on an

1447

00:59:29,760 --> 00:59:29,020

official level that the military and the

1448

00:59:33,210 --> 00:59:29,770

government

1449

00:59:35,220 --> 00:59:33,220

is is is lying there's no way around it

1450

00:59:38,280 --> 00:59:35,230

so now we have to figure out why and

1451

00:59:39,810 --> 00:59:38,290

then and that's that's the intent with

1452

00:59:41,370 --> 00:59:39,820

the book the other part I had a lot of

1453

00:59:43,350 --> 00:59:41,380

fun with that I hope people can walk

1454

00:59:46,440 --> 00:59:43,360

away with is what I did was I just

1455

00:59:48,780 --> 00:59:46,450

opposed science and proven history

1456

00:59:51,510 --> 00:59:48,790

versus what the documents were saying

1457

00:59:54,510 --> 00:59:51,520

UFOs were capable of so what I did was I

1458

00:59:56,550 --> 00:59:54,520

was researching air speeds of world

1459

01:00:00,180 --> 00:59:56,560

records and you know what the the

1460

01:00:01,890 --> 01:00:00,190

various explains were doing these UFOs

1461

01:00:05,130 --> 01:00:01,900

on more than one occasion quite a few

1462

01:00:09,330 --> 01:00:05,140

actually were exhibiting technology that

1463

01:00:14,580 --> 01:00:09,340

was 10 15 20 plus years ahead of where

1464

01:00:18,660 --> 01:00:14,590

humans were radio contact the planet

1465

01:00:20,760 --> 01:00:18,670

gauge er a radio.com and so when you

1466

01:00:22,170 --> 01:00:20,770

look at that and again this isn't some

1467

01:00:24,150 --> 01:00:22,180

guy saying I think it was going about

1468

01:00:26,820 --> 01:00:24,160

ten thousand miles an hour has nothing

1469

01:00:32,160 --> 01:00:26,830

to do with that it what I relied on was

1470

01:00:35,460 --> 01:00:32,170

proven documentation on radar data and

1471

01:00:37,950 --> 01:00:35,470

stuff that was easily provable not

1472

01:00:40,200 --> 01:00:37,960

someone's opinion and that's what I used

1473

01:00:41,580 --> 01:00:40,210

to then juxtapose with science and then

1474

01:00:44,970 --> 01:00:41,590

you start really telling an amazing

1475

01:00:47,900 --> 01:00:44,980

story and you go wow that that was 20

1476
01:00:51,060 --> 01:00:47,910
years more advanced than the US military

1477
01:00:52,140 --> 01:00:51,070
document you know in the 1950s how is

1478
01:00:54,090 --> 01:00:52,150
that even possible

1479
01:00:57,540 --> 01:00:54,100
and yet the United States military has

1480
01:01:00,840 --> 01:00:57,550
that in their files and so using all of

1481
01:01:02,790 --> 01:01:00,850
those logical points on how to look at

1482
01:01:05,340 --> 01:01:02,800
this you can't help but think hey this

1483
01:01:08,070 --> 01:01:05,350
is a much more heavily advanced

1484
01:01:11,130 --> 01:01:08,080
civilization than our own right right

1485
01:01:13,590 --> 01:01:11,140
and I mean to what you always say to is

1486
01:01:15,780 --> 01:01:13,600
the documents don't lie what's in the

1487
01:01:17,609 --> 01:01:15,790
documents might might not exactly be

1488
01:01:20,070 --> 01:01:17,619

truthful but the documents themselves

1489

01:01:21,510 --> 01:01:20,080

don't lie and I've always I've always

1490

01:01:24,150 --> 01:01:21,520

tried to keep that in mind when I'm

1491

01:01:27,440 --> 01:01:24,160

going through this stuff but moving away

1492

01:01:30,060 --> 01:01:27,450

from the book a little bit John your

1493

01:01:31,560 --> 01:01:30,070

your recent findings went to the Stars

1494

01:01:34,710 --> 01:01:31,570

Academy you put together the most

1495

01:01:37,200 --> 01:01:34,720

extensive timeline of events with Louis

1496

01:01:39,900 --> 01:01:37,210

Elizondo the eighth tip program and some

1497

01:01:42,060 --> 01:01:39,910

issues that have arisen so could you

1498

01:01:43,470 --> 01:01:42,070

maybe run us through your concerns what

1499

01:01:45,109 --> 01:01:43,480

where's your head today on this

1500

01:01:47,609 --> 01:01:45,119

entire affair I know this is a very

1501
01:01:50,130 --> 01:01:47,619
controversial thing right now in the UFO

1502
01:01:52,050 --> 01:01:50,140
community at least said ya know in it

1503
01:01:53,370 --> 01:01:52,060
absolutely is it's not popular to go

1504
01:01:57,270 --> 01:01:53,380
against the company line I'll be the

1505
01:02:00,060 --> 01:01:57,280
first to admit and you know I was I said

1506
01:02:00,660 --> 01:02:00,070
this the other day and and I'll say it

1507
01:02:03,330 --> 01:02:00,670
again

1508
01:02:06,540 --> 01:02:03,340
I truly believe this I am NOT in this

1509
01:02:09,359 --> 01:02:06,550
field to be popular I'm in this field to

1510
01:02:11,790 --> 01:02:09,369
be accurate and I think that some people

1511
01:02:14,400 --> 01:02:11,800
they don't quite understand that and the

1512
01:02:17,250 --> 01:02:14,410
fact that I'm going against the going

1513
01:02:19,710 --> 01:02:17,260

story of a tip which comes through to

1514

01:02:21,330 --> 01:02:19,720

the Stars Academy the fact that I just

1515

01:02:23,520 --> 01:02:21,340

don't buy it hook line and sinker I

1516

01:02:25,620 --> 01:02:23,530

think bothers a few people but in the

1517

01:02:27,030 --> 01:02:25,630

same respect we have to ask very

1518

01:02:31,440 --> 01:02:27,040

important questions

1519

01:02:34,230 --> 01:02:31,450

now I separate my thoughts on to the

1520

01:02:36,359 --> 01:02:34,240

Stars Academy versus those thoughts on a

1521

01:02:39,060 --> 01:02:36,369

tip or the advanced aerospace threat

1522

01:02:40,410 --> 01:02:39,070

identification program which in layman's

1523

01:02:43,349 --> 01:02:40,420

terms is the quote unquote secret

1524

01:02:47,099 --> 01:02:43,359

Pentagon UFO study that broke in

1525

01:02:49,980 --> 01:02:47,109

December of 2017 and so I kind of

1526

01:02:53,370 --> 01:02:49,990

separate those answers what I focused on

1527

01:02:56,040 --> 01:02:53,380

in the time line was using everything

1528

01:03:00,359 --> 01:02:56,050

that mr. Lewis Elizondo has said

1529

01:03:02,849 --> 01:03:00,369

publicly on various lecture circuits now

1530

01:03:05,760 --> 01:03:02,859

that he's done a couple lectures I've

1531

01:03:09,330 --> 01:03:05,770

dug up you know those statements and

1532

01:03:11,970 --> 01:03:09,340

news articles and so on and tried to put

1533

01:03:13,859 --> 01:03:11,980

it all on a timeline but what I also put

1534

01:03:15,270 --> 01:03:13,869

on the timeline - and again just for

1535

01:03:17,540 --> 01:03:15,280

research purposes to try and make sense

1536

01:03:19,920 --> 01:03:17,550

well what I also put on the timeline

1537

01:03:22,710 --> 01:03:19,930

because I believe that we have to look

1538

01:03:25,320 --> 01:03:22,720

at this are the other figures that are

1539

01:03:29,160 --> 01:03:25,330

directly tied to the a tip program

1540

01:03:31,830 --> 01:03:29,170

primarily dr. hal putt-off who has also

1541

01:03:34,410 --> 01:03:31,840

lectured and then I also put on the

1542

01:03:38,760 --> 01:03:34,420

timeline the media journalists that

1543

01:03:40,859 --> 01:03:38,770

worked directly with mr. Elizondo

1544

01:03:43,609 --> 01:03:40,869

dr. help cut off and to the Stars

1545

01:03:47,460 --> 01:03:43,619

Academy as a whole I did not include

1546

01:03:50,730 --> 01:03:47,470

anybody or anything that did not have a

1547

01:03:53,550 --> 01:03:50,740

direct connection to a tip or a direct

1548

01:03:56,070 --> 01:03:53,560

connection to the people of a tip so

1549

01:03:57,030 --> 01:03:56,080

again I used those big mainstream media

1550

01:03:59,580 --> 01:03:57,040

outlets

1551

01:04:03,270 --> 01:03:59,590

and the key figures I put it all on a

1552

01:04:05,520 --> 01:04:03,280

time line and it is a mess so a lot of

1553

01:04:07,410 --> 01:04:05,530

the heat that was thrown my way from and

1554

01:04:10,800 --> 01:04:07,420

it's a handful of people but it's a very

1555

01:04:12,600 --> 01:04:10,810

loud handful the heat primarily comes

1556

01:04:14,280 --> 01:04:12,610

with while Greenwald wants to believe

1557

01:04:16,440 --> 01:04:14,290

that the government and the FOIA will

1558

01:04:19,020 --> 01:04:16,450

give him all the answers so he's

1559

01:04:22,170 --> 01:04:19,030

doubting to the Stars and a tip because

1560

01:04:24,300 --> 01:04:22,180

the government said it's not true so

1561

01:04:26,340 --> 01:04:24,310

what I did on the time line was actually

1562

01:04:30,150 --> 01:04:26,350

really not use the government at all

1563

01:04:33,600 --> 01:04:30,160

like I only used the key players of a

1564

01:04:35,100 --> 01:04:33,610

tip there are select few exceptions I

1565

01:04:38,150 --> 01:04:35,110

mean of course the government plays role

1566

01:04:40,770 --> 01:04:38,160

in the story so I do have the provable

1567

01:04:43,230 --> 01:04:40,780

government documents on the timeline and

1568

01:04:45,240 --> 01:04:43,240

that connects back to the original

1569

01:04:49,170 --> 01:04:45,250

posting what's called a bid solicitation

1570

01:04:51,270 --> 01:04:49,180

for OSAP which another acronym advanced

1571

01:04:54,060 --> 01:04:51,280

aerospace weapons system applications

1572

01:04:57,540 --> 01:04:54,070

program that's a mouthful but when they

1573

01:04:59,430 --> 01:04:57,550

officially asked for bids and again put

1574

01:05:02,580 --> 01:04:59,440

put that on the timeline because that is

1575

01:05:05,250 --> 01:05:02,590

apparently the preak the going story is

1576

01:05:08,220 --> 01:05:05,260

the precursor name of what ultimately

1577

01:05:11,220 --> 01:05:08,230

became a tip and so when you look at it

1578

01:05:14,430 --> 01:05:11,230

on a timeline I laugh because it is

1579

01:05:17,820 --> 01:05:14,440

laughable that there are multiple start

1580

01:05:20,490 --> 01:05:17,830

dates for when a tip came around going

1581

01:05:23,280 --> 01:05:20,500

to the original New York Times story and

1582

01:05:25,790 --> 01:05:23,290

this is meant to be no offense to ralph

1583

01:05:29,580 --> 01:05:25,800

Blumenthal Helene Cooper or Leslie Kane

1584

01:05:31,590 --> 01:05:29,590

they said a tip started in 2007 while

1585

01:05:35,220 --> 01:05:31,600

that contradicts what mr. Elizondo has

1586

01:05:37,590 --> 01:05:35,230

gone on the record saying so the really

1587

01:05:40,470 --> 01:05:37,600

weird thing is that the media namely the

1588

01:05:42,990 --> 01:05:40,480

New York Times said that they saw a tip

1589

01:05:45,510 --> 01:05:43,000

contracts to prove what they were

1590

01:05:47,760 --> 01:05:45,520

reporting but they never showed them hmm

1591

01:05:50,340 --> 01:05:47,770

the problem is there were no a tip

1592

01:05:53,220 --> 01:05:50,350

contracts ever it was an awesome

1593

01:05:56,070 --> 01:05:53,230

contract they never actually mentioned

1594

01:05:57,510 --> 01:05:56,080

that program names not classified so if

1595

01:05:59,820 --> 01:05:57,520

they did see contracts it would have a

1596

01:06:01,440 --> 01:05:59,830

different name now why is this important

1597

01:06:03,870 --> 01:06:01,450

because it sounds like god semantics who

1598

01:06:06,420 --> 01:06:03,880

cares in the interest of accuracy we

1599

01:06:10,770 --> 01:06:06,430

have to care we have to care when the

1600

01:06:13,460 --> 01:06:10,780

actual date was 2007 or 2008 or

1601
01:06:17,310 --> 01:06:13,470
2009 depends on who you want to believe

1602
01:06:20,430 --> 01:06:17,320
what you know what happened with this

1603
01:06:22,280 --> 01:06:20,440
timeline and how did it go so awry so I

1604
01:06:25,830 --> 01:06:22,290
put it together and of course you know

1605
01:06:27,990 --> 01:06:25,840
controversy surrounds it but it is 100%

1606
01:06:30,630 --> 01:06:28,000
sourced top to bottom there's nothing in

1607
01:06:33,630 --> 01:06:30,640
there that I made up or fabricated or

1608
01:06:36,030 --> 01:06:33,640
can be refuted it is all the words of

1609
01:06:38,430 --> 01:06:36,040
again that the players that I've that

1610
01:06:40,200 --> 01:06:38,440
I've named so when you look at it in

1611
01:06:43,920 --> 01:06:40,210
that form and you see those

1612
01:06:45,960 --> 01:06:43,930
discrepancies it's problematic to some

1613
01:06:48,480 --> 01:06:45,970

it may be really tedious to some it's

1614

01:06:51,360 --> 01:06:48,490

even boring and I agree with you on all

1615

01:06:54,210 --> 01:06:51,370

fronts but sadly in the in the interest

1616

01:06:57,540 --> 01:06:54,220

of accuracy in my opinion this topic is

1617

01:06:59,880 --> 01:06:57,550

just too important to blindly believe

1618

01:07:02,790 --> 01:06:59,890

somebody who's giving out false

1619

01:07:07,350 --> 01:07:02,800

information you can't have it both ways

1620

01:07:10,680 --> 01:07:07,360

dr. putt-off directly contradicts mr.

1621

01:07:13,800 --> 01:07:10,690

Lewis Elizondo and they work together

1622

01:07:17,130 --> 01:07:13,810

yeah yeah you know that that's a huge

1623

01:07:18,600 --> 01:07:17,140

issue and again it's not like somebody

1624

01:07:20,610 --> 01:07:18,610

miss speaking or something like that

1625

01:07:22,020 --> 01:07:20,620

when you look at how they could because

1626

01:07:24,450 --> 01:07:22,030

I left all that out I tried to be

1627

01:07:26,070 --> 01:07:24,460

incredibly fair that if it seemed like

1628

01:07:28,440 --> 01:07:26,080

maybe a because I do it too I probably

1629

01:07:30,870 --> 01:07:28,450

did it in this program people the human

1630

01:07:33,120 --> 01:07:30,880

brain is not capable of being perfect

1631

01:07:34,890 --> 01:07:33,130

yeah I don't claim to be you don't claim

1632

01:07:37,040 --> 01:07:34,900

to be I don't think anybody should so I

1633

01:07:39,990 --> 01:07:37,050

left out what I felt were you know

1634

01:07:43,560 --> 01:07:40,000

explainable maybe a hiccup maybe a you

1635

01:07:45,450 --> 01:07:43,570

know just a brain spasm who knows but I

1636

01:07:48,060 --> 01:07:45,460

left those out what I did were the the

1637

01:07:50,670 --> 01:07:48,070

hard core facts that were being conveyed

1638

01:07:53,370 --> 01:07:50,680

to the general public which includes you

1639

01:07:55,320 --> 01:07:53,380

and me and giving quote-unquote answers

1640

01:07:59,370 --> 01:07:55,330

and behind-the-scenes look and yet

1641

01:08:01,260 --> 01:07:59,380

nothing coincides so for me that that we

1642

01:08:03,720 --> 01:08:01,270

have to look at it it could there be a

1643

01:08:05,940 --> 01:08:03,730

easy explanations for all of it I've

1644

01:08:08,640 --> 01:08:05,950

always been open to that I've never said

1645

01:08:11,910 --> 01:08:08,650

otherwise and the attackers love to just

1646

01:08:15,000 --> 01:08:11,920

say that I'm set in stone here no and in

1647

01:08:16,980 --> 01:08:15,010

fact I made an open letter to the stars

1648

01:08:19,769 --> 01:08:16,990

Academy about a year ago I forget the

1649

01:08:21,300 --> 01:08:19,779

exact date but inviting them it was

1650

01:08:23,670 --> 01:08:21,310

after I kind of had some of these red

1651
01:08:24,510 --> 01:08:23,680
flags and was speaking publicly and I'll

1652
01:08:26,550 --> 01:08:24,520
say now what I told

1653
01:08:29,730 --> 01:08:26,560
them in an open letter which I published

1654
01:08:31,410 --> 01:08:29,740
online it's not fair for me to quote

1655
01:08:34,950 --> 01:08:31,420
unquote trash them which I don't feel

1656
01:08:36,390 --> 01:08:34,960
I'm doing but it's no fair for me to say

1657
01:08:37,800 --> 01:08:36,400
all this without their side of the story

1658
01:08:40,710 --> 01:08:37,810
and they refuse to talk to me

1659
01:08:44,700 --> 01:08:40,720
more than four months I was kind of

1660
01:08:46,410 --> 01:08:44,710
given the runaround by their PR agent no

1661
01:08:49,349 --> 01:08:46,420
complaint seemed very very sweet through

1662
01:08:51,960 --> 01:08:49,359
email but that was that was it after

1663
01:08:53,940 --> 01:08:51,970

four months they're like nope no we

1664

01:08:55,579 --> 01:08:53,950

can't do he's not doing it mr. Luisi

1665

01:08:58,380 --> 01:08:55,589

elizondo's not doing any more interviews

1666

01:08:59,640 --> 01:08:58,390

we cannot secure an interview and and I

1667

01:09:01,019 --> 01:08:59,650

respected that because I thought well

1668

01:09:02,730 --> 01:09:01,029

maybe he just ran its course

1669

01:09:04,920 --> 01:09:02,740

you know he'd he doesn't want to do any

1670

01:09:06,990 --> 01:09:04,930

more I respect that and like the next

1671

01:09:09,420 --> 01:09:07,000

week he was on some podcast yeah and

1672

01:09:11,640 --> 01:09:09,430

it's like wait a minute I thought you

1673

01:09:14,849 --> 01:09:11,650

said you can't he's not doing anything I

1674

01:09:17,730 --> 01:09:14,859

see you just don't want to address these

1675

01:09:20,640 --> 01:09:17,740

points and nothing on the timeline what

1676

01:09:23,130 --> 01:09:20,650

I would consider classified either so he

1677

01:09:28,019 --> 01:09:23,140

loves to hide behind that and I don't

1678

01:09:30,960 --> 01:09:28,029

mean that disrespectfully but he admits

1679

01:09:32,670 --> 01:09:30,970

it and he says I'm under security oaths

1680

01:09:33,990 --> 01:09:32,680

and this and that so I can't tell you

1681

01:09:36,930 --> 01:09:34,000

and I support that I have no problem

1682

01:09:38,370 --> 01:09:36,940

with that but sadly I think he's hiding

1683

01:09:39,510 --> 01:09:38,380

behind that a little too much I think

1684

01:09:41,099 --> 01:09:39,520

there's some things that people have

1685

01:09:43,110 --> 01:09:41,109

asked him that are very important

1686

01:09:45,690 --> 01:09:43,120

questions that he goes security you know

1687

01:09:47,940 --> 01:09:45,700

I can't tell you security oaths and all

1688

01:09:50,970 --> 01:09:47,950

that I I just I don't I don't I don't

1689

01:09:52,230 --> 01:09:50,980

buy it and and and and the other person

1690

01:09:54,960 --> 01:09:52,240

I did put on the timeline by the way it

1691

01:09:57,390 --> 01:09:54,970

was Senator Harry Reid so obviously he

1692

01:10:00,180 --> 01:09:57,400

was the you know the architect arguably

1693

01:10:03,750 --> 01:10:00,190

with two other senators both of which

1694

01:10:05,700 --> 01:10:03,760

have passed away sadly so we only have

1695

01:10:07,710 --> 01:10:05,710

his word to rely on so I put him on the

1696

01:10:11,100 --> 01:10:07,720

time line as well and that really screws

1697

01:10:14,190 --> 01:10:11,110

things up here let me say this about

1698

01:10:16,980 --> 01:10:14,200

Senator Reid with no no disrespect

1699

01:10:20,040 --> 01:10:16,990

intended towards him but I do find it

1700

01:10:21,960 --> 01:10:20,050

kind of laughable that you know when

1701

01:10:24,510 --> 01:10:21,970

when all of a sudden do politicians

1702

01:10:26,850 --> 01:10:24,520

start spewing gospel like in some of

1703

01:10:28,670 --> 01:10:26,860

these naysayers towards me being

1704

01:10:31,320 --> 01:10:28,680

skeptical about this or asking questions

1705

01:10:33,540 --> 01:10:31,330

are like the first to just jump up while

1706

01:10:37,170 --> 01:10:33,550

a senator said it so it has to be true

1707

01:10:38,370 --> 01:10:37,180

well no not really man like I mean if

1708

01:10:41,790 --> 01:10:38,380

you look at politifact I

1709

01:10:43,649 --> 01:10:41,800

think read has a 45% lying rate or

1710

01:10:45,629 --> 01:10:43,659

something on what they you know what

1711

01:10:48,419 --> 01:10:45,639

they researched so like why all of a

1712

01:10:50,850 --> 01:10:48,429

sudden is that our golden boy of honesty

1713

01:10:53,100 --> 01:10:50,860

he could be being 100% truthful here I

1714

01:10:55,169 --> 01:10:53,110

have no idea and he is a very

1715

01:10:57,510 --> 01:10:55,179

interesting role in all of this because

1716

01:10:59,129 --> 01:10:57,520

it is a former majority leader and he's

1717

01:11:01,410 --> 01:10:59,139

talking about that this was a UFO

1718

01:11:02,790 --> 01:11:01,420

program the problem is and I'd love to

1719

01:11:06,450 --> 01:11:02,800

have somebody ask him this

1720

01:11:09,209 --> 01:11:06,460

nobody has I I would if I had the

1721

01:11:10,020 --> 01:11:09,219

opportunity somebody should ask him what

1722

01:11:12,120 --> 01:11:10,030

do you think about the government

1723

01:11:14,729 --> 01:11:12,130

denying what you're talking about

1724

01:11:16,020 --> 01:11:14,739

mmm right I mean because they have I'm

1725

01:11:18,240 --> 01:11:16,030

not saying that they're being truthful

1726

01:11:20,370 --> 01:11:18,250

they could be lying we just spent well

1727

01:11:22,770 --> 01:11:20,380

over an hour talking about government

1728

01:11:24,479 --> 01:11:22,780

lies about UFOs so I'm totally open to

1729

01:11:27,419 --> 01:11:24,489

their lying right and the people that

1730

01:11:30,439 --> 01:11:27,429

attack me on Twitter and again select

1731

01:11:33,629 --> 01:11:30,449

handful but noisy enough to be annoying

1732

01:11:35,340 --> 01:11:33,639

they never they never acknowledge the

1733

01:11:39,209 --> 01:11:35,350

fact that I'm totally open to this being

1734

01:11:41,160 --> 01:11:39,219

a UFO program what I want to know is how

1735

01:11:43,890 --> 01:11:41,170

is mister Elizondo quote-unquote

1736

01:11:46,290 --> 01:11:43,900

approved to talk about it which is what

1737

01:11:48,090 --> 01:11:46,300

he has said and then all of a sudden he

1738

01:11:51,330 --> 01:11:48,100

starts talking about I go no it's not a

1739

01:11:52,379 --> 01:11:51,340

UFO program okay well wait a minute I

1740

01:11:54,360 --> 01:11:52,389

thought you were approved to talk about

1741

01:11:55,950 --> 01:11:54,370

it and so there's a lot of unanswered

1742

01:11:57,780 --> 01:11:55,960

questions there if they change their

1743

01:11:59,340 --> 01:11:57,790

mind we should know about that but

1744

01:12:01,110 --> 01:11:59,350

mister Elizondo doesn't quite address it

1745

01:12:04,379 --> 01:12:01,120

I'd love to see senator Reed do the same

1746

01:12:07,229 --> 01:12:04,389

because he's saying unidentified objects

1747

01:12:08,189 --> 01:12:07,239

and you know stuff like that so pretty

1748

01:12:10,950 --> 01:12:08,199

much alluding to this was a

1749

01:12:14,129 --> 01:12:10,960

quote-unquote UFO research program so

1750

01:12:16,320 --> 01:12:14,139

that's great the next follow-up question

1751

01:12:18,890 --> 01:12:16,330

is why is the United States government

1752

01:12:21,120 --> 01:12:18,900

going 100 percent against what you say

1753

01:12:23,010 --> 01:12:21,130

that's it that's it it's a simple

1754

01:12:25,439 --> 01:12:23,020

straightforward question there's nothing

1755

01:12:27,689 --> 01:12:25,449

classified about that so I hope one day

1756

01:12:31,020 --> 01:12:27,699

either I have the opportunity to ask him

1757

01:12:32,550 --> 01:12:31,030

or somebody a journalist or somebody who

1758

01:12:36,240 --> 01:12:32,560

gets lucky and sees them in a hotel

1759

01:12:38,040 --> 01:12:36,250

lobby or or something says you know and

1760

01:12:39,390 --> 01:12:38,050

be respectful if anybody does come

1761

01:12:41,910 --> 01:12:39,400

across them I don't think it should be

1762

01:12:46,080 --> 01:12:41,920

combative but that is a very important

1763

01:12:48,180 --> 01:12:46,090

question one thing which I don't know if

1764

01:12:51,339 --> 01:12:48,190

you even want to go down this route but

1765

01:12:54,629 --> 01:12:51,349

I inadvertently kind of reinforced

1766

01:12:58,030 --> 01:12:54,639

the idea that it is quite possible that

1767

01:13:01,149 --> 01:12:58,040

Bigelow Aerospace and ultimately bass

1768

01:13:02,800 --> 01:13:01,159

which won the contract may have been

1769

01:13:04,870 --> 01:13:02,810

kind of chosen before the bid

1770

01:13:07,750 --> 01:13:04,880

solicitation went up I'm not making that

1771

01:13:11,229 --> 01:13:07,760

claim but but Senator Reid has addressed

1772

01:13:13,260 --> 01:13:11,239

that that allegation publicly about it

1773

01:13:16,000 --> 01:13:13,270

being what they call a sweetheart deal

1774

01:13:18,250 --> 01:13:16,010

that you know I have never pushed that

1775

01:13:20,800 --> 01:13:18,260

line although as an investigator I have

1776

01:13:23,080 --> 01:13:20,810

to look at all angles and I have put

1777

01:13:26,530 --> 01:13:23,090

that on where Bigelow is a big donor to

1778

01:13:28,569 --> 01:13:26,540

Senator Reid and so you know you you

1779

01:13:31,419 --> 01:13:28,579

connect the lines Reid starts pushing

1780

01:13:34,000 --> 01:13:31,429

for this program gets the funding in the

1781

01:13:35,050 --> 01:13:34,010

process of making this timeline I spoke

1782

01:13:37,720 --> 01:13:35,060

directly with the Defense Intelligence

1783

01:13:40,990 --> 01:13:37,730

Agency at this point this is not refuted

1784

01:13:43,780 --> 01:13:41,000

by anyone but they said Bigelow

1785

01:13:46,750 --> 01:13:43,790

Aerospace was the single sole and only

1786

01:13:49,689 --> 01:13:46,760

bidder not a single corporation ever

1787

01:13:53,290 --> 01:13:49,699

tried to get the AH sap contract at all

1788

01:13:57,550 --> 01:13:53,300

ever now in in today's world even back

1789

01:13:59,680 --> 01:13:57,560

in 2008 when it was published I in this

1790

01:14:01,600 --> 01:13:59,690

cutthroat environment you would think

1791

01:14:03,040 --> 01:14:01,610

that there would be a ton of people some

1792

01:14:04,689 --> 01:14:03,050

that weren't even qualified that would

1793

01:14:07,240 --> 01:14:04,699

try and get a multimillion-dollar

1794

01:14:09,129 --> 01:14:07,250

contract right I mean that's just when

1795

01:14:12,069 --> 01:14:09,139

you put a job posting you don't get one

1796

01:14:13,330 --> 01:14:12,079

reply people want the job even people

1797

01:14:17,290 --> 01:14:13,340

that aren't qualified so you get

1798

01:14:20,709 --> 01:14:17,300

inundated by resumes and stuff like that

1799

01:14:22,450 --> 01:14:20,719

so it was a huge red flag for me and the

1800

01:14:24,879 --> 01:14:22,460

other thing that that has been reported

1801

01:14:27,280 --> 01:14:24,889

and this again is not a slide in any

1802

01:14:31,000 --> 01:14:27,290

journalist out there but it has been

1803

01:14:34,419 --> 01:14:31,010

reported that bass was created

1804

01:14:38,350 --> 01:14:34,429

specifically for the Asaf slash a tip

1805

01:14:41,020 --> 01:14:38,360

contract that sounds great until I went

1806

01:14:42,609 --> 01:14:41,030

to the Nevada Secretary of State and I

1807

01:14:46,450 --> 01:14:42,619

found out that bass was actually

1808

01:14:49,149 --> 01:14:46,460

registered in January of 2008 all SAP

1809

01:14:53,020 --> 01:14:49,159

was never publicly known until August of

1810

01:14:57,129 --> 01:14:53,030

2008 so how could he have I don't know

1811

01:14:59,649 --> 01:14:57,139

the gut feeling to create an LLC eight

1812

01:15:03,310 --> 01:14:59,659

months or so prior to actually winning

1813

01:15:04,979 --> 01:15:03,320

the contract that again was reported to

1814

01:15:07,979 --> 01:15:04,989

be created so

1815

01:15:10,379 --> 01:15:07,989

for that program that does not make

1816

01:15:12,239 --> 01:15:10,389

sense so is the reporting wrong quite

1817

01:15:14,160 --> 01:15:12,249

possibly not trying to take a slide at

1818

01:15:16,529 --> 01:15:14,170

any journalist but it's possible that

1819

01:15:19,919 --> 01:15:16,539

they are mistaken I was there for

1820

01:15:22,229 --> 01:15:19,929

knowledge well if you like if you look

1821

01:15:23,759 --> 01:15:22,239

at the New York Magazine interview this

1822

01:15:25,649 --> 01:15:23,769

is not on the timeline but just to throw

1823

01:15:28,739 --> 01:15:25,659

it out there for your listeners read

1824

01:15:30,179 --> 01:15:28,749

senator Harry Reid's interview with the

1825

01:15:32,040 --> 01:15:30,189

New York Magazine and there was New York

1826

01:15:34,709 --> 01:15:32,050

Magazine and he talked about a

1827

01:15:37,979 --> 01:15:34,719

conversation with mr. Bigelow directly

1828

01:15:40,949 --> 01:15:37,989

about a year or so before they even

1829

01:15:42,929 --> 01:15:40,959

pushed for funding for what led to a tip

1830

01:15:45,569 --> 01:15:42,939

why would he be having that conversation

1831

01:15:47,939 --> 01:15:45,579

if this wasn't a sweetheart deal yeah so

1832

01:15:49,489 --> 01:15:47,949

and that's not me saying it so for the

1833

01:15:52,020 --> 01:15:49,499

hate mail that I'm about to receive

1834

01:15:54,359 --> 01:15:52,030

please no I did not say that Senator

1835

01:15:56,429 --> 01:15:54,369

Reid did so look in the New York

1836

01:15:58,199 --> 01:15:56,439

Magazine article and and pull that up

1837

01:16:00,899 --> 01:15:58,209

that he was having conversations prior

1838

01:16:02,219 --> 01:16:00,909

to it coming to fruition and then it

1839

01:16:04,739 --> 01:16:02,229

came to fruition then the Defense

1840

01:16:07,439 --> 01:16:04,749

Intelligence Agency confirms there was

1841

01:16:09,239 --> 01:16:07,449

no other bidder so you know there's a

1842

01:16:11,609 --> 01:16:09,249

lot of stuff that just it doesn't it

1843

01:16:12,750 --> 01:16:11,619

doesn't jive now let's just say at the

1844

01:16:14,729 --> 01:16:12,760

end of the day it's a sweetheart deal

1845

01:16:16,890 --> 01:16:14,739

I'm not making the claim but as an

1846

01:16:19,020 --> 01:16:16,900

investigator haven't ruled it out let's

1847

01:16:22,290 --> 01:16:19,030

just say at the end of the day it is it

1848

01:16:24,929 --> 01:16:22,300

doesn't change anything but it does kind

1849

01:16:26,850 --> 01:16:24,939

of throw into question like everything

1850

01:16:29,819 --> 01:16:26,860

else yeah because then it throws into

1851

01:16:32,879 --> 01:16:29,829

question on senator Reid's push to

1852

01:16:36,390 --> 01:16:32,889

continue this research why well who got

1853

01:16:39,239 --> 01:16:36,400

the contract mm-hmm so if that research

1854

01:16:41,689 --> 01:16:39,249

continues and they fund it more most

1855

01:16:45,299 --> 01:16:41,699

likely that contract would go back to

1856

01:16:48,959 --> 01:16:45,309

Bigelow Aerospace exactly yeah in the

1857

01:16:51,509 --> 01:16:48,969

great state of Nevada so not to sound

1858

01:16:53,100 --> 01:16:51,519

like a conspiracy nut but all of that is

1859

01:16:55,799 --> 01:16:53,110

documented and even with that

1860

01:16:58,589 --> 01:16:55,809

hypothetical it all makes sense so you

1861

01:16:59,939 --> 01:16:58,599

know sometimes again it's it's it's not

1862

01:17:02,489 --> 01:16:59,949

about being popular it's about being

1863

01:17:03,839 --> 01:17:02,499

accurate and with research with

1864

01:17:06,060 --> 01:17:03,849

investigation got to look at all

1865

01:17:08,459 --> 01:17:06,070

possibilities and start ruling them out

1866

01:17:10,589 --> 01:17:08,469

as the evidence comes in I go back to

1867

01:17:12,660 --> 01:17:10,599

that cure for cancer right you approach

1868

01:17:14,399 --> 01:17:12,670

it in multiple different ways figure out

1869

01:17:17,129 --> 01:17:14,409

what works figure out what doesn't and

1870

01:17:18,779 --> 01:17:17,139

focus on what's left you know and and

1871

01:17:21,629 --> 01:17:18,789

that's that's what we have to

1872

01:17:25,500 --> 01:17:21,639

with UFOs a certain percentage of people

1873

01:17:28,680 --> 01:17:25,510

out there those fans very devoted tts a

1874

01:17:30,959 --> 01:17:28,690

to the Stars has very devoted fans in

1875

01:17:32,700 --> 01:17:30,969

some cases they want to fall to their

1876

01:17:34,890 --> 01:17:32,710

knees and go this is disclosure you know

1877

01:17:36,990 --> 01:17:34,900

mister Elizondo speaking gospel the

1878

01:17:38,580 --> 01:17:37,000

problem is that you have to ignore a lot

1879

01:17:41,370 --> 01:17:38,590

and that's the intent going back to the

1880

01:17:45,390 --> 01:17:41,380

timeline you have to ignore an awful lot

1881

01:17:47,939 --> 01:17:45,400

in order to believe mr. Elizondo you can

1882

01:17:50,339 --> 01:17:47,949

actually remove this this is I wish I

1883

01:17:52,680 --> 01:17:50,349

had the know-how to do this

1884

01:17:54,450 --> 01:17:52,690

technologically to kind of like click a

1885

01:17:58,470 --> 01:17:54,460

button and have certain sources

1886

01:18:01,020 --> 01:17:58,480

disappear but anyway in this timeline

1887

01:18:03,240 --> 01:18:01,030

which is all kind of static if you just

1888

01:18:04,680 --> 01:18:03,250

look at mr. elizondo's own statements

1889

01:18:06,959 --> 01:18:04,690

and don't use anything else

1890

01:18:08,430 --> 01:18:06,969

don't use senator Reed don't use dr.

1891

01:18:10,799 --> 01:18:08,440

putt-off don't use the government don't

1892

01:18:13,830 --> 01:18:10,809

use anything he contradicts himself so

1893

01:18:15,750 --> 01:18:13,840

if he can't get the story right how are

1894

01:18:18,450 --> 01:18:15,760

we supposed to believe that he has the

1895

01:18:20,640 --> 01:18:18,460

story accurate you know like if he can't

1896

01:18:23,819 --> 01:18:20,650

even give the same date which there are

1897

01:18:24,990 --> 01:18:23,829

multiple date discrepancies why are we

1898

01:18:27,600 --> 01:18:25,000

supposed to believe everything else

1899

01:18:29,250 --> 01:18:27,610

I just I just don't don't understand it

1900

01:18:31,080 --> 01:18:29,260

so there's no accusations with that

1901

01:18:33,240 --> 01:18:31,090

long-winded way of addressing what you

1902

01:18:36,299 --> 01:18:33,250

asked me to I'm not making those

1903

01:18:38,220 --> 01:18:36,309

accusations but for me as a field as the

1904

01:18:39,930 --> 01:18:38,230

whole we need to address them and if

1905

01:18:42,839 --> 01:18:39,940

they have easy answers cool

1906

01:18:44,189 --> 01:18:42,849

I'm really okay with that I rather that

1907

01:18:45,689 --> 01:18:44,199

to be honest with you so we can move on

1908

01:18:48,959 --> 01:18:45,699

but until then

1909

01:18:51,390 --> 01:18:48,969

hey research is research and documents

1910

01:18:53,549 --> 01:18:51,400

or documents I mean that the the the

1911

01:18:54,870 --> 01:18:53,559

documents and the statements by those

1912

01:18:57,089 --> 01:18:54,880

that I put on the timeline they all

1913

01:18:59,310 --> 01:18:57,099

1913
speak for themselves literally well and

1914

01:19:02,069 --> 01:18:59,320

I'm glad you did it in timeline format

1915

01:19:04,470 --> 01:19:02,079

because obviously dates mean everything

1916

01:19:06,149 --> 01:19:04,480

when it comes to all this and yeah it

1917

01:19:10,220 --> 01:19:06,159

falls apart the minute you start looking

1918

01:19:13,379 --> 01:19:10,230

at it and again I'm not saying I'm I'm a

1919

01:19:16,049 --> 01:19:13,389

to the star superfan or a man tight to

1920

01:19:19,319 --> 01:19:16,059

the stars I think this is exciting it's

1921

01:19:21,870 --> 01:19:19,329

extremely exciting that UFOs are in the

1922

01:19:24,060 --> 01:19:21,880

mainstream news that they're covering it

1923

01:19:27,359 --> 01:19:24,070

but it's how they're covering it who's

1924

01:19:30,660 --> 01:19:27,369

doing it and how accurate it actually is

1925

01:19:31,730 --> 01:19:30,670

and that even connects to something that

1926

01:19:33,920 --> 01:19:31,740

came about

1927

01:19:35,990 --> 01:19:33,930

days ago John and you definitely

1928

01:19:37,520 --> 01:19:36,000

responded to the news about the Navy and

1929

01:19:39,470 --> 01:19:37,530

that's and they were going to change

1930

01:19:41,390 --> 01:19:39,480

their protocol and reporting UFOs and

1931

01:19:45,260 --> 01:19:41,400

again you have people screaming

1932

01:19:47,930 --> 01:19:45,270

disclosure disclosure I had a problem

1933

01:19:50,420 --> 01:19:47,940

with that right off the pad because I

1934

01:19:52,040 --> 01:19:50,430

mean of course military branches have

1935

01:19:54,020 --> 01:19:52,050

protocols when it comes to reporting

1936

01:19:56,660 --> 01:19:54,030

UFOs so why is this any different I

1937

01:19:58,430 --> 01:19:56,670

don't exactly know but um could you

1938

01:20:00,470 --> 01:19:58,440

maybe tell us a little about what your

1939

01:20:02,600 --> 01:20:00,480

thoughts are on all this and what you

1940

01:20:03,290 --> 01:20:02,610

discovered literally minutes before we

1941

01:20:05,780 --> 01:20:03,300

started

1942

01:20:08,150 --> 01:20:05,790

yeah and in fact I have another update

1943

01:20:11,060 --> 01:20:08,160

for you because the email came in so

1944

01:20:12,650 --> 01:20:11,070

yeah and the last week or so news broke

1945

01:20:16,760 --> 01:20:12,660

that the Navy was gonna be updating

1946

01:20:18,800 --> 01:20:16,770

their guidelines and the idea was that

1947

01:20:21,050 --> 01:20:18,810

they were gonna be taking UFO reports

1948

01:20:22,790 --> 01:20:21,060

more seriously now here's where I kind

1949

01:20:24,470 --> 01:20:22,800

of wrestle with just jumping aboard

1950

01:20:27,080 --> 01:20:24,480

going oh thank god they're going back to

1951

01:20:28,400 --> 01:20:27,090

reporting UFOs in that if you look at

1952

01:20:31,280 --> 01:20:28,410

the official statement there's nothing

1953

01:20:33,440 --> 01:20:31,290

about UFOs they call it unidentified

1954

01:20:36,410 --> 01:20:33,450

aircraft which is you know fine again

1955

01:20:39,260 --> 01:20:36,420

I'm not trying to be playing semantics

1956

01:20:42,350 --> 01:20:39,270

with everything but it is important

1957

01:20:44,300 --> 01:20:42,360

because the media is very known to make

1958

01:20:46,700 --> 01:20:44,310

flashy headlines out of things that

1959

01:20:49,970 --> 01:20:46,710

aren't necessarily accurate and so what

1960

01:20:52,730 --> 01:20:49,980

I did was I immediately contacted some

1961

01:20:54,890 --> 01:20:52,740

people over at the the Navy and tried to

1962

01:20:57,560 --> 01:20:54,900

get number one the full actual statement

1963

01:21:00,550 --> 01:20:57,570

because sometimes with news agencies

1964

01:21:02,990 --> 01:21:00,560

they don't they don't publish the entire

1965

01:21:04,790 --> 01:21:03,000

statement so I don't know if this is

1966

01:21:07,280 --> 01:21:04,800

like a three page statement a one

1967

01:21:08,870 --> 01:21:07,290

paragraph statement one sentence so what

1968

01:21:14,480 --> 01:21:08,880

I did was I kind of cobbled it together

1969

01:21:16,190 --> 01:21:14,490

from Politico and Washington Post and I

1970

01:21:19,700 --> 01:21:16,200

was I was happy to see that it actually

1971

01:21:22,270 --> 01:21:19,710

was the whole statement because two days

1972

01:21:24,920 --> 01:21:22,280

after the story broke on the 26th I

1973

01:21:28,250 --> 01:21:24,930

received confirmation from the Navy of

1974

01:21:30,860 --> 01:21:28,260

the statement but something stuck out in

1975

01:21:32,000 --> 01:21:30,870

the email they said it was updated so I

1976

01:21:34,280 --> 01:21:32,010

thought well that's weird it looks the

1977

01:21:36,590 --> 01:21:34,290

same took me a couple minutes and went

1978

01:21:39,620 --> 01:21:36,600

line for line word for word there was

1979

01:21:42,890 --> 01:21:39,630

only one single line that was changed

1980

01:21:45,290 --> 01:21:42,900

and that was what had been reported days

1981

01:21:48,290 --> 01:21:45,300

prior as a draft

1982

01:21:50,299 --> 01:21:48,300

that they were drafting these new guys

1983

01:21:54,890 --> 01:21:50,309

what they called guidelines what the

1984

01:21:59,270 --> 01:21:54,900

media called guidelines that was changed

1985

01:22:01,580 --> 01:21:59,280

that line that read a new message to the

1986

01:22:06,080 --> 01:22:01,590

fleet that will detail the steps were

1987

01:22:08,439 --> 01:22:06,090

reporting it is in draft okay that

1988

01:22:11,569 --> 01:22:08,449

changed to a message to the fleet

1989

01:22:14,419 --> 01:22:11,579

details the steps for reporting each

1990

01:22:16,939 --> 01:22:14,429

incident the reason why that's important

1991

01:22:20,660 --> 01:22:16,949

is that means it's no longer in draft

1992

01:22:23,120 --> 01:22:20,670

it's no longer an idea or a concept it

1993

01:22:26,660 --> 01:22:23,130

appears to be implemented it's happening

1994

01:22:29,089 --> 01:22:26,670

Wow it's happening now what's happening

1995

01:22:31,819 --> 01:22:29,099

here's the update that as we were

1996

01:22:35,089 --> 01:22:31,829

recording I got an answer to the message

1997

01:22:38,629 --> 01:22:35,099

of trying to get what went out to the

1998

01:22:41,870 --> 01:22:38,639

fleet okay this was at my with my

1999

01:22:44,240 --> 01:22:41,880

contact in DC with the Navy on my

2000

01:22:47,149 --> 01:22:44,250

website I do have the actual email as a

2001

01:22:51,140 --> 01:22:47,159

courtesy I did blur their information

2002

01:22:53,450 --> 01:22:51,150

however it is credited to somebody from

2003

01:22:55,939 --> 01:22:53,460

the Deputy Chief of Naval Operations for

2004

01:22:58,520 --> 01:22:55,949

information warfare so his name is

2005

01:23:00,919 --> 01:22:58,530

Joseph grata sure since they wanted me

2006

01:23:03,140 --> 01:23:00,929

to credit him I blurred the other

2007

01:23:05,870 --> 01:23:03,150

information of the personnel that I

2008

01:23:07,459 --> 01:23:05,880

talked to you know just in case

2009

01:23:09,680 --> 01:23:07,469

anybody's wondering like why I'm hiding

2010

01:23:12,530 --> 01:23:09,690

something it's a courtesy I don't

2011

01:23:13,819 --> 01:23:12,540

publish those types of contacts that are

2012

01:23:15,080 --> 01:23:13,829

irrelevant to the story just because I

2013

01:23:18,770 --> 01:23:15,090

don't want them to get inundated with

2014

01:23:20,899 --> 01:23:18,780

doing their job yeah exactly so but they

2015

01:23:22,970 --> 01:23:20,909

did want the credit to Joseph grata sure

2016

01:23:24,979 --> 01:23:22,980

but that being said they will not

2017

01:23:27,169 --> 01:23:24,989

release the message they said we are

2018

01:23:29,479 --> 01:23:27,179

unable to share the message with you due

2019

01:23:32,089 --> 01:23:29,489

to the operational and aircraft specific

2020

01:23:34,520 --> 01:23:32,099

nature of these guidelines security

2021

01:23:38,209 --> 01:23:34,530

considerations preclude their disclosure

2022

01:23:40,160 --> 01:23:38,219

and they sign the message so that's the

2023

01:23:43,819 --> 01:23:40,170

that's the update that came in

2024

01:23:46,520 --> 01:23:43,829

let me see just minutes ago so I really

2025

01:23:48,680 --> 01:23:46,530

wanted to try and get that now there are

2026

01:23:52,760 --> 01:23:48,690

other avenues for me to get that which I

2027

01:23:54,350 --> 01:23:52,770

have already done so obviously now we're

2028

01:23:55,990 --> 01:23:54,360

getting into Freedom of Information Act

2029

01:23:58,670 --> 01:23:56,000

territory which is going to take time

2030

01:23:59,990 --> 01:23:58,680

since public affairs contact

2031

01:24:03,110 --> 01:24:00,000

and stuff like that will not release it

2032

01:24:05,270 --> 01:24:03,120

at least not yet as as you and I are

2033

01:24:07,580 --> 01:24:05,280

chatting right now they have not

2034

01:24:09,890 --> 01:24:07,590

released it and obviously denied me

2035

01:24:13,070 --> 01:24:09,900

directly but from what I can tell as you

2036

01:24:14,570 --> 01:24:13,080

and I are talking depending upon when

2037

01:24:15,770 --> 01:24:14,580

people are actually listening is a

2038

01:24:17,780 --> 01:24:15,780

little different story but as we're

2039

01:24:19,070 --> 01:24:17,790

talking nobody has reported that it's

2040

01:24:21,080 --> 01:24:19,080

out of draft

2041

01:24:23,510 --> 01:24:21,090

and I've searched all the headlines

2042

01:24:25,490 --> 01:24:23,520

everything is in reference to a draft

2043

01:24:27,950 --> 01:24:25,500

and that is important because there are

2044

01:24:30,950 --> 01:24:27,960

military protocols regulations manuals

2045

01:24:33,710 --> 01:24:30,960

instructions you name it that will

2046

01:24:36,230 --> 01:24:33,720

remain a draft for quite some time and

2047

01:24:38,870 --> 01:24:36,240

I'll be honest with you I was fearing

2048

01:24:40,640 --> 01:24:38,880

that without saying it publicly but I

2049

01:24:42,920 --> 01:24:40,650

did fear that this thing would just stay

2050

01:24:45,800 --> 01:24:42,930

in draft mode for you know five years

2051
01:24:48,500 --> 01:24:45,810
and then what happens news cycles over

2052
01:24:50,330 --> 01:24:48,510
interest level goes down nobody cares

2053
01:24:53,720 --> 01:24:50,340
anymore so it just kind of dies on the

2054
01:24:56,210 --> 01:24:53,730
vine but it's pretty encouraging to see

2055
01:25:00,460 --> 01:24:56,220
that that that that statement was

2056
01:25:03,080 --> 01:25:00,470
changed and that they seemingly have

2057
01:25:06,140 --> 01:25:03,090
implemented whatever guideline this is

2058
01:25:08,450 --> 01:25:06,150
so still a lot to the story here there's

2059
01:25:11,000 --> 01:25:08,460
still a lot to unfold but at least we

2060
01:25:14,030 --> 01:25:11,010
know part of it has unfolded even more

2061
01:25:16,670 --> 01:25:14,040
since the original reporting by Politico

2062
01:25:19,130 --> 01:25:16,680
right from Politico and I gotta ask you

2063
01:25:21,920 --> 01:25:19,140

John in your personal opinion I mean Tom

2064

01:25:25,430 --> 01:25:21,930

DeLonge up to the stars did take credit

2065

01:25:28,130 --> 01:25:25,440

for this do do you think that they had

2066

01:25:31,460 --> 01:25:28,140

anything to do with this I mean it's

2067

01:25:34,010 --> 01:25:31,470

been publicly announced that yeah if

2068

01:25:36,770 --> 01:25:34,020

they did for me it's it's kind of a

2069

01:25:38,810 --> 01:25:36,780

capital I F if they did then kudos to

2070

01:25:41,390 --> 01:25:38,820

them I will be the first to say thank

2071

01:25:42,950 --> 01:25:41,400

you I have given them publicly and I'll

2072

01:25:46,160 --> 01:25:42,960

say it again kudos for bringing the a

2073

01:25:48,260 --> 01:25:46,170

tip story out no matter what it is I

2074

01:25:50,540 --> 01:25:48,270

think it's just a cool thing to know

2075

01:25:52,220 --> 01:25:50,550

about so I've always given them kudos

2076

01:25:55,820 --> 01:25:52,230

for that and if they did play a role in

2077

01:25:58,940 --> 01:25:55,830

this great I struggle with just

2078

01:26:01,190 --> 01:25:58,950

believing that on the surface anyway

2079

01:26:04,010 --> 01:26:01,200

because as we're recording this they're

2080

01:26:06,620 --> 01:26:04,020

even Politico unless I misread something

2081

01:26:08,690 --> 01:26:06,630

didn't say this is all thanks to to the

2082

01:26:10,690 --> 01:26:08,700

Stars Academy yeah they were saying that

2083

01:26:12,560 --> 01:26:10,700

this is due to an increasing number of

2084

01:26:15,140 --> 01:26:12,570

incidents

2085

01:26:17,750 --> 01:26:15,150

now is that because to the stars Academy

2086

01:26:19,479 --> 01:26:17,760

brought that to their attention I'll be

2087

01:26:23,290 --> 01:26:19,489

honest with you I would doubt that on

2088

01:26:26,510 --> 01:26:23,300

for any private level public sector

2089

01:26:28,660 --> 01:26:26,520

corporation taking credit for bringing

2090

01:26:31,790 --> 01:26:28,670

something to a military intelligences

2091

01:26:34,370 --> 01:26:31,800

you know of the forefront of their

2092

01:26:36,050 --> 01:26:34,380

knowledge so I'll have doubts but not

2093

01:26:38,300 --> 01:26:36,060

because it's TSA I just have doubts

2094

01:26:40,220 --> 01:26:38,310

because that would you know circumvent

2095

01:26:41,840 --> 01:26:40,230

every Intelligence Agency military

2096

01:26:44,510 --> 01:26:41,850

branch and so on that they just don't

2097

01:26:46,370 --> 01:26:44,520

know and that that they're gonna take

2098

01:26:48,680 --> 01:26:46,380

credit for saying hey look these pilots

2099

01:26:51,229 --> 01:26:48,690

are seeing things is is that possibility

2100

01:26:53,210 --> 01:26:51,239

absolutely and again I will I will be

2101

01:26:57,470 --> 01:26:53,220

more than happy to give kudos but I I

2102

01:26:59,270 --> 01:26:57,480

think that it's fairly telling that mr.

2103

01:27:00,920 --> 01:26:59,280

melon Christopher melon was interviewed

2104

01:27:04,040 --> 01:27:00,930

mr. Lewis Elizondo was interviewed for

2105

01:27:06,650 --> 01:27:04,050

Politico and again please correct me if

2106

01:27:09,950 --> 01:27:06,660

I am wrong but I do not recall anywhere

2107

01:27:13,310 --> 01:27:09,960

in that saying to the stars Academy was

2108

01:27:14,960 --> 01:27:13,320

a responsible for this so we're you know

2109

01:27:16,700 --> 01:27:14,970

are we gonna doubt the reporting of

2110

01:27:20,030 --> 01:27:16,710

Politico or are we gonna doubt Tom

2111

01:27:22,460 --> 01:27:20,040

DeLong's Instagram post you know we can

2112

01:27:24,050 --> 01:27:22,470

choose and argue that one but at this

2113

01:27:26,180 --> 01:27:24,060

point I have my reservations that they

2114

01:27:28,130 --> 01:27:26,190

were directly involved again I'm with

2115

01:27:29,830 --> 01:27:28,140

you I'm still on the fence it is

2116

01:27:33,860 --> 01:27:29,840

interesting that you know the most vocal

2117

01:27:35,960 --> 01:27:33,870

within to the stars and even what Louis

2118

01:27:38,479 --> 01:27:35,970

Elizondo is telling us was one of the

2119

01:27:41,479 --> 01:27:38,489

bigger cases investigated with a tip is

2120

01:27:45,140 --> 01:27:41,489

flavors encounter the nimitz encounter

2121

01:27:46,700 --> 01:27:45,150

yeah having been navy maybe that had

2122

01:27:48,260 --> 01:27:46,710

something to do with this that the Navy

2123

01:27:50,240 --> 01:27:48,270

was the first military branch to

2124

01:27:52,640 --> 01:27:50,250

announce this are we gonna see the Air

2125

01:27:55,190 --> 01:27:52,650

Force coming out with new protocol or

2126

01:27:57,140 --> 01:27:55,200

the army like I wonder how far this is

2127

01:27:58,970 --> 01:27:57,150

gonna go and what sort of trickle effect

2128

01:28:01,550 --> 01:27:58,980

it's gonna have or if it's just gonna

2129

01:28:02,540 --> 01:28:01,560

die in the water you know yeah that's

2130

01:28:04,400 --> 01:28:02,550

right I mean well

2131

01:28:05,570 --> 01:28:04,410

pardon the pun that was good I see what

2132

01:28:09,530 --> 01:28:05,580

you did there right I didn't mean me

2133

01:28:12,350 --> 01:28:09,540

didn't you though I swear to god no I I

2134

01:28:14,630 --> 01:28:12,360

I've always wanted to be opt an optimist

2135

01:28:16,490 --> 01:28:14,640

when it comes to this I know I got a lot

2136

01:28:19,100 --> 01:28:16,500

of heat for being skeptical about the a

2137

01:28:21,170 --> 01:28:19,110

tip thing I you know I want this to be

2138

01:28:22,550 --> 01:28:21,180

true and for your listeners that are

2139

01:28:25,280 --> 01:28:22,560

curious what I did was I actually dug

2140

01:28:26,300 --> 01:28:25,290

into the phrasing of that statement that

2141

01:28:27,710 --> 01:28:26,310

I just referenced so be

2142

01:28:29,840 --> 01:28:27,720

on the breaking news that it's no longer

2143

01:28:31,880 --> 01:28:29,850

in draft although they didn't say UFOs

2144

01:28:33,260 --> 01:28:31,890

they said unidentified aircraft that

2145

01:28:35,840 --> 01:28:33,270

made me cringe a little bit because that

2146

01:28:38,200 --> 01:28:35,850

is an out for a military agency to say

2147

01:28:40,670 --> 01:28:38,210

well you know that's an over embellished

2148

01:28:42,230 --> 01:28:40,680

headline we're just interested in the

2149

01:28:44,390 --> 01:28:42,240

drones that are out there that people

2150

01:28:45,800 --> 01:28:44,400

are flying and this and that I mean you

2151
01:28:48,620 --> 01:28:45,810
know again looking for those outs

2152
01:28:52,220 --> 01:28:48,630
looking for skeptical responses to

2153
01:28:54,950 --> 01:28:52,230
something so I dug deep into various UFO

2154
01:28:56,690 --> 01:28:54,960
documents and I've you know found that

2155
01:28:59,990 --> 01:28:56,700
that phrasing actually connects to

2156
01:29:02,780 --> 01:29:00,000
flying saucers and UFOs going back at

2157
01:29:05,390 --> 01:29:02,790
least 66 years so it was kind of nice to

2158
01:29:09,560 --> 01:29:05,400
see that there is a lineage to the

2159
01:29:11,420 --> 01:29:09,570
phrasing but again to kind of paraphrase

2160
01:29:13,940 --> 01:29:11,430
that article I mean I went into

2161
01:29:16,990 --> 01:29:13,950
historical documents but even United

2162
01:29:20,900 --> 01:29:17,000
States Air Force regulations outlining a

2163
01:29:22,910 --> 01:29:20,910

VA ssin safety in relation to reporting

2164

01:29:24,650 --> 01:29:22,920

and investigating unidentified aircraft

2165

01:29:26,510 --> 01:29:24,660

so the Air Force took a lot of heat in

2166

01:29:28,400 --> 01:29:26,520

the last couple days or so since the

2167

01:29:30,380 --> 01:29:28,410

story broke that they're behind the

2168

01:29:32,060 --> 01:29:30,390

times and this and that so what I did

2169

01:29:36,260 --> 01:29:32,070

was actually brought out a lot of the

2170

01:29:38,090 --> 01:29:36,270

Air Force instructions not 10-2 0-6 that

2171

01:29:39,470 --> 01:29:38,100

we were talking about earlier but but

2172

01:29:41,090 --> 01:29:39,480

other ones that actually talked about

2173

01:29:45,110 --> 01:29:41,100

unidentified aircraft there are still on

2174

01:29:48,970 --> 01:29:45,120

the books today that are dated 2015-2016

2175

01:29:51,860 --> 01:29:48,980

there's even a FAA diagram on how to

2176
01:29:54,410 --> 01:29:51,870
intercept a quote-unquote unidentified

2177
01:29:58,130 --> 01:29:54,420
aircraft and I even dug up an official

2178
01:29:58,910 --> 01:29:58,140
definition of unidentified aircraft by

2179
01:30:01,790 --> 01:29:58,920
the FAA

2180
01:30:04,280 --> 01:30:01,800
after what was a UFO it was quickly

2181
01:30:06,020 --> 01:30:04,290
identified thereafter but a UFO had

2182
01:30:07,820 --> 01:30:06,030
encroached on the White House airspace

2183
01:30:10,940 --> 01:30:07,830
now again it ended up being a small

2184
01:30:12,230 --> 01:30:10,950
commercial plane but my whole point is

2185
01:30:14,740 --> 01:30:12,240
is that it was a quote-unquote

2186
01:30:18,080 --> 01:30:14,750
unidentified aircraft at the time and

2187
01:30:21,440 --> 01:30:18,090
the director of the deputy administrator

2188
01:30:24,800 --> 01:30:21,450

I should say of the FAA had done a press

2189

01:30:27,170 --> 01:30:24,810

conference and he died in 2005 and he

2190

01:30:30,920 --> 01:30:27,180

directly addressed unidentified aircraft

2191

01:30:33,590 --> 01:30:30,930

in relation to that incident so I broke

2192

01:30:34,880 --> 01:30:33,600

down all of those documents and you know

2193

01:30:36,980 --> 01:30:34,890

I mean I tried to maintain a fairly

2194

01:30:39,860 --> 01:30:36,990

neutral point of view that I let the

2195

01:30:42,230 --> 01:30:39,870

reader decide on what

2196

01:30:46,040 --> 01:30:42,240

not you know this really is the UFO

2197

01:30:48,290 --> 01:30:46,050

topic that we want or not but at least

2198

01:30:50,810 --> 01:30:48,300

we can tie it back to flying saucers and

2199

01:30:52,220 --> 01:30:50,820

UFOs with a documented history and

2200

01:30:54,140 --> 01:30:52,230

that's what I love is just finding

2201

01:30:56,570 --> 01:30:54,150

cooperating evidence to support

2202

01:30:58,880 --> 01:30:56,580

something and hopefully this is what we

2203

01:31:01,580 --> 01:30:58,890

want it to be as the more of these

2204

01:31:03,950 --> 01:31:01,590

stories break with to the Stars and a

2205

01:31:09,080 --> 01:31:03,960

tip and the Navy maybe we're gonna see

2206

01:31:10,760 --> 01:31:09,090

an inside the black vault vol 2 I won't

2207

01:31:15,260 --> 01:31:10,770

have any hair left by the time that one

2208

01:31:17,090 --> 01:31:15,270

pull it all out where do we find the

2209

01:31:18,590 --> 01:31:17,100

book John and everything you're up to

2210

01:31:20,540 --> 01:31:18,600

these days man I know it's got to feel

2211

01:31:21,740 --> 01:31:20,550

good to have the book done but your luck

2212

01:31:24,860 --> 01:31:21,750

is never done

2213

01:31:26,210 --> 01:31:24,870

yeah no it never is well I'm continuing

2214

01:31:27,740 --> 01:31:26,220

to go after documents if you're

2215

01:31:31,580 --> 01:31:27,750

interested in the book you can order it

2216

01:31:32,870 --> 01:31:31,590

online at inside the black vault dot-com

2217

01:31:36,020 --> 01:31:32,880

or of course any brick-and-mortar

2218

01:31:38,830 --> 01:31:36,030

bookstore that's around you or Amazon or

2219

01:31:40,670 --> 01:31:38,840

wherever you want to to order it from

2220

01:31:43,450 --> 01:31:40,680

hopefully I'll have some exciting news

2221

01:31:45,800 --> 01:31:43,460

in the coming next month or so

2222

01:31:47,840 --> 01:31:45,810

about something pretty big I'm excited

2223

01:31:49,820 --> 01:31:47,850

about so that that'll be neat to kind of

2224

01:31:51,410 --> 01:31:49,830

stay tuned for but more than all else

2225

01:31:53,360 --> 01:31:51,420

just kind of going after the documents

2226

01:31:55,340 --> 01:31:53,370

and putting it all out there so make

2227

01:31:56,660 --> 01:31:55,350

sure you follow on Twitter and Facebook

2228

01:31:59,000 --> 01:31:56,670

and stuff like that because that's where

2229

01:32:01,070 --> 01:31:59,010

I post most of the stuff very very

2230

01:32:02,060 --> 01:32:01,080

quickly and that's where you can hear

2231

01:32:04,040 --> 01:32:02,070

from me first

2232

01:32:05,810 --> 01:32:04,050

literally you were posting something

2233

01:32:08,120 --> 01:32:05,820

right before we hopped on so I know

2234

01:32:10,640 --> 01:32:08,130

you're always working and that's what I

2235

01:32:12,770 --> 01:32:10,650

love about you in and even for the

2236

01:32:15,110 --> 01:32:12,780

detractors out there there's no doubting

2237

01:32:18,170 --> 01:32:15,120

that your work is essential to this

2238

01:32:20,570 --> 01:32:18,180

field and I love having you on and I got

2239

01:32:22,550 --> 01:32:20,580

to thank you again for for running us

2240
