

1
00:00:03,350 --> 00:00:00,979

[Music]

2
00:00:06,530 --> 00:00:03,360
and we talked about the visual contact

3
00:00:09,620 --> 00:00:06,540
when it buzz by it was very likely that

4
00:00:11,299 --> 00:00:09,630
that was stationary and you know we

5
00:00:13,520 --> 00:00:11,309
actually buzzed by it because I know it

6
00:00:15,200 --> 00:00:13,530
was there so it was likely stationary at

7
00:00:18,590 --> 00:00:15,210
that time and it basically split our

8
00:00:20,510 --> 00:00:18,600
section when they were in tackling so it

9
00:00:22,099 --> 00:00:20,520
wasn't like it was trying to merge with

10
00:00:23,450 --> 00:00:22,109
us or it was making highs me pass or

11
00:00:24,769 --> 00:00:23,460
anything like that the most likely

12
00:00:26,660 --> 00:00:24,779
stationary we just didn't know it was

13
00:00:27,830 --> 00:00:26,670

there or this was you know at a time

14

00:00:29,720 --> 00:00:27,840

where we weren't even sure if they were

15

00:00:33,830 --> 00:00:29,730

real or not essentially just kind of

16

00:00:35,810 --> 00:00:33,840

flew into it when I say it was following

17

00:00:38,299 --> 00:00:35,820

us I don't mean individual aircraft I

18

00:00:39,590 --> 00:00:38,309

mean wherever we were they were there so

19

00:00:41,750 --> 00:00:39,600

that could mean two things that could

20

00:00:43,010 --> 00:00:41,760

mean they were already there or they

21

00:00:45,910 --> 00:00:43,020

were following the strike group but they

22

00:00:48,709 --> 00:00:45,920

weren't following individual aircraft

23

00:00:51,590 --> 00:00:48,719

and of course at this point we were like

24

00:00:53,119 --> 00:00:51,600

okay well clearly there's nothing that

25

00:00:54,830 --> 00:00:53,129

we're used to seeing out there we submit

26
00:00:57,020 --> 00:00:54,840
a safety board I'm saying that there was

27
00:00:59,049 --> 00:00:57,030
a unidentified object in our working

28
00:01:01,510 --> 00:00:59,059
space and we don't know what to do

29
00:01:02,779 --> 00:01:01,520
unidentified inside America's UFO

30
00:01:06,679 --> 00:01:02,789
investigation

31
00:01:09,460 --> 00:01:06,689
Friday May 31st at 10:00 on history yeah

32
00:01:11,990 --> 00:01:09,470
help him out many of these pilots have

33
00:01:14,060 --> 00:01:12,000
hundreds if not several thousands of

34
00:01:16,240 --> 00:01:14,070
flying hours it's not in their interest

35
00:01:18,530 --> 00:01:16,250
to make this stuff up because

36
00:01:22,820 --> 00:01:18,540
professionally it could be very damaging

37
00:01:25,310 --> 00:01:22,830
to them in 2015 lieutenant graves and

38
00:01:30,000 --> 00:01:25,320

lieutenant Danny a coin or training to

39

00:01:33,960 --> 00:01:31,530

what was the first thing you thought

40

00:01:35,550 --> 00:01:33,970

when you saw that actually is like there

41

00:01:37,950 --> 00:01:35,560

is actually something there first time

42

00:01:39,450 --> 00:01:37,960

you see it on the radar could possibly

43

00:01:41,430 --> 00:01:39,460

be a false track but then when you start

44

00:01:43,440 --> 00:01:41,440

to get multiple sensors reading the

45

00:01:46,970 --> 00:01:43,450

exact same thing and then you get to see

46

00:01:48,870 --> 00:01:46,980

a display that solidifies it for me

47

00:01:50,700 --> 00:01:48,880

again and again

48

00:01:55,609 --> 00:01:50,710

the pilots were capturing bizarre shaped

49

00:02:00,560 --> 00:01:57,980

two of the videos would be released to

50

00:02:03,190 --> 00:02:00,570

the public one would come to be known as

51
00:02:07,219 --> 00:02:03,200
go fast the other was called gimbal

52
00:02:11,660 --> 00:02:07,229
really no distinct wings no distinct

53
00:02:14,750 --> 00:02:11,670
tail no distinct exhaust plume much like

54
00:02:16,130 --> 00:02:14,760
you see in the gimbal video seemed like

55
00:02:19,449 --> 00:02:16,140
they were aware of our presence because

56
00:02:21,910 --> 00:02:19,459
they would actively move around us

57
00:02:24,710 --> 00:02:21,920
unidentified inside America's UFO

58
00:02:31,309 --> 00:02:24,720
investigation Friday May 31st at 10:00

59
00:02:33,559 --> 00:02:31,319
on history active duty f-18 pilot

60
00:02:35,539 --> 00:02:33,569
lieutenant Ryan graves says a fleet of

61
00:02:38,930 --> 00:02:35,549
UFOs followed his Navy Carrier Strike

62
00:02:41,420 --> 00:02:38,940
Group four months in 2015 up and down

63
00:02:43,550 --> 00:02:41,430

the East Coast coming within 50 miles of

64

00:02:44,839 --> 00:02:43,560

the nation's capital the reason

65

00:02:47,270 --> 00:02:44,849

lieutenant Graves is speaking out is

66

00:02:49,130 --> 00:02:47,280

because he's concerned about his

67

00:02:52,430 --> 00:02:49,140

comrades and he's concerned about

68

00:02:55,220 --> 00:02:52,440

national security and he's seeing a

69

00:02:56,569 --> 00:02:55,230

system which is failing to react Chris

70

00:02:59,270 --> 00:02:56,579

melon is a former Deputy Assistant

71

00:03:01,759 --> 00:02:59,280

Secretary of Defense for intelligence if

72

00:03:05,120 --> 00:03:01,769

people in the DC area knew it within

73

00:03:07,309 --> 00:03:05,130

minutes of their location these

74

00:03:10,309 --> 00:03:07,319

unidentified vehicles are operating

75

00:03:13,550 --> 00:03:10,319

seemly and without regard to our air

76

00:03:15,410 --> 00:03:13,560

defense capabilities operating it will

77

00:03:18,050 --> 00:03:15,420

minutes from the nation's capital I

78

00:03:19,190 --> 00:03:18,060

think they would say excuse me

79

00:03:23,089 --> 00:03:19,200

isn't this something we ought to pay

80

00:03:25,089 --> 00:03:23,099

attention to the incidents had disturbed

81

00:03:27,050 --> 00:03:25,099

lieutenant graves and his fellow pilots

82

00:03:29,300 --> 00:03:27,060

but what happened in the months

83

00:03:30,929 --> 00:03:29,310

following would raise the stakes even

84

00:03:34,720 --> 00:03:30,939

higher

85

00:03:37,300 --> 00:03:34,730

in March 2015 the Theodore Roosevelt was

86

00:03:37,899 --> 00:03:37,310

deployed to the Arabian Gulf when

87

00:03:39,910 --> 00:03:37,909

suddenly

88

00:03:42,250 --> 00:03:39,920

lieutenant grave says the UFOs

89

00:03:43,660 --> 00:03:42,260

reappeared we did have issues with them

90

00:03:45,429 --> 00:03:43,670

when we actually went out to the Middle

91

00:03:50,550 --> 00:03:45,439

East not in the transit once we actually

92

00:03:54,280 --> 00:03:53,009

unidentified inside America's UFO
