

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

1967

THE YEAR
OF THE
UFO

1
00:00:04,220 --> 00:00:02,210
hey y'all Ryan Sprague here as you all

2
00:00:06,950 --> 00:00:04,230
know this summer in the skies podcast is

3
00:00:09,530 --> 00:00:06,960
always free to consume but it isn't free

4
00:00:11,390 --> 00:00:09,540
to create that's why I've started that

5
00:00:14,150 --> 00:00:11,400
somewhere in the skies patreon campaign

6
00:00:15,980 --> 00:00:14,160
you on a monthly basis you give what you

7
00:00:18,800 --> 00:00:15,990
think the show is worth you'll be

8
00:00:21,320 --> 00:00:18,810
helping the show continue grow and to be

9
00:00:23,509 --> 00:00:21,330
something truly communal and remember

10
00:00:25,640 --> 00:00:23,519
there are rewards for each level of

11
00:00:28,130 --> 00:00:25,650
contribution and the list is only

12
00:00:30,500 --> 00:00:28,140
growing so please help somewhere in the

13
00:00:32,860 --> 00:00:30,510

skies now by becoming a patron to

14

00:00:37,880 --> 00:00:32,870

contribute and to learn more visit

15

00:00:40,040 --> 00:00:37,890

wtae.com backslash somewhere skies thank

16

00:00:42,170 --> 00:00:40,050

you for your support and now on with the

17

00:00:44,840 --> 00:00:42,180

show welcome to somewhere in the skies

18

00:00:47,240 --> 00:00:44,850

I'm your host Ryan Sprague and today

19

00:00:50,060 --> 00:00:47,250

we're going back to a year in history

20

00:00:53,090 --> 00:00:50,070

when a string of UFO events across the

21

00:00:55,670 --> 00:00:53,100

world made us truly think what are these

22

00:00:59,150 --> 00:00:55,680

highly anomalous vehicles in our skies

23

00:01:14,719 --> 00:00:59,160

and who or what is in control of them

24

00:01:17,920 --> 00:01:14,729

this is 1967 the year of the UFO this is

25

00:01:26,060 --> 00:01:17,930

somewhere in the skies the brains

26

00:01:26,070 --> 00:01:39,730

[Music]

27

00:01:46,510 --> 00:01:42,010

there are certain years in UFO history

28

00:01:49,090 --> 00:01:46,520

that conjure very specific images 1947

29

00:01:51,149 --> 00:01:49,100

makes us think of Kenneth Arnold in the

30

00:01:54,310 --> 00:01:51,159

beginning of the Flying Saucer craze

31

00:01:56,620 --> 00:01:54,320

that same year presumably one of these

32

00:02:05,440 --> 00:01:56,630

saucers crashed in the vast desert

33

00:02:06,850 --> 00:02:05,450

outside Roswell New Mexico 1947 the Army

34

00:02:09,430 --> 00:02:06,860

Air Forces has announced that a flying

35

00:02:11,770 --> 00:02:09,440

disc has been found and is now in the

36

00:02:14,140 --> 00:02:11,780

possession of the army army officers say

37

00:02:16,449 --> 00:02:14,150

the missile found sometime last week has

38

00:02:18,580 --> 00:02:16,459

been infected at Roswell New Mexico and

39

00:02:22,270 --> 00:02:18,590

sent to Wright Field Ohio for further

40

00:02:25,300 --> 00:02:22,280

inspection 1952 makes us remember the

41

00:02:27,160 --> 00:02:25,310

Washington DC flap where UFOs were

42

00:02:29,560 --> 00:02:27,170

sighted over the Washington National

43

00:02:32,890 --> 00:02:29,570

Airport and even over the nation's

44

00:02:35,050 --> 00:02:32,900

capital in Washington ghost-like objects

45

00:02:36,790 --> 00:02:35,060

dart across the radar screen at the CAA

46

00:02:38,800 --> 00:02:36,800

traffic control center at National

47

00:02:40,210 --> 00:02:38,810

Airport for several hours traveling more

48

00:02:42,400 --> 00:02:40,220

than 100 miles an hour

49

00:02:44,380 --> 00:02:42,410

Air Force jet fighters spent several

50

00:02:46,920 --> 00:02:44,390

hours chasing the objects plotted on the

51
00:02:49,140 --> 00:02:46,930
radar scope

52
00:02:51,210 --> 00:02:49,150
general Samford Air Force intelligence

53
00:02:53,309 --> 00:02:51,220
director confirms of the objects are not

54
00:02:54,839 --> 00:02:53,319
secret American weapons and reiterates

55
00:02:56,580 --> 00:02:54,849
the Air Force's obligation to

56
00:02:58,559 --> 00:02:56,590
investigate 1980

57
00:03:01,229 --> 00:02:58,569
uh sure Zinn the famous Rendlesham

58
00:03:04,920 --> 00:03:01,239
forest incident where UFOs were reported

59
00:03:08,039 --> 00:03:04,930
in and around joint military bases in

60
00:03:10,020 --> 00:03:08,049
England but one year really caught my

61
00:03:12,270 --> 00:03:10,030
attention recently while I was reading

62
00:03:14,610 --> 00:03:12,280
through old case reports and I was

63
00:03:18,990 --> 00:03:14,620

astounded by the sheer amount of varying

64
00:03:21,300 --> 00:03:19,000
phenomena at play the year was 1967 and

65
00:03:24,690 --> 00:03:21,310
it proved to be one of the strangest and

66
00:03:26,399 --> 00:03:24,700
most active years in UFO history let's

67
00:03:27,960 --> 00:03:26,409
take a look back at some of the most

68
00:03:33,050 --> 00:03:27,970
pivotal cases brought to our attention

69
00:03:36,809 --> 00:03:33,060
by UFO researchers across the world

70
00:03:39,690 --> 00:03:36,819
David Morris 19 a factory worker in Kent

71
00:03:42,119 --> 00:03:39,700
Ohio was driving home to Munro Falls

72
00:03:45,690 --> 00:03:42,129
from work early in the morning of March

73
00:03:48,179 --> 00:03:45,700
28 at about 2:30 a.m. while driving west

74
00:03:50,339 --> 00:03:48,189
along Little River Road he topped a

75
00:03:53,039 --> 00:03:50,349
small hill and suddenly saw an orange

76
00:03:55,140 --> 00:03:53,049
glowing object ahead of him it was in a

77
00:03:57,150 --> 00:03:55,150
field to his left on the south side of

78
00:03:59,550 --> 00:03:57,160
the road and was apparently hovering

79
00:04:02,159 --> 00:03:59,560
several feet above the ground he

80
00:04:05,189 --> 00:04:02,169
described it later as cone shaped about

81
00:04:08,369 --> 00:04:05,199
25 feet tall and twelve feet wide with a

82
00:04:10,619 --> 00:04:08,379
smaller sphere on top as Morris slowed

83
00:04:13,830 --> 00:04:10,629
his car down for a better look he saw

84
00:04:16,379 --> 00:04:13,840
four or five small figures scurrying

85
00:04:19,529 --> 00:04:16,389
quickly back and forth across the road

86
00:04:21,360 --> 00:04:19,539
about 50 feet ahead of him they appeared

87
00:04:23,580 --> 00:04:21,370
between three and a half feet and four

88
00:04:27,060 --> 00:04:23,590

feet tall and they gave off the same

89

00:04:30,060 --> 00:04:27,070

soft orange glow similar to the object

90

00:04:33,300 --> 00:04:30,070

Morris quickly slammed on the brakes but

91

00:04:36,839 --> 00:04:33,310

unable to stop in time struck one of the

92

00:04:39,540 --> 00:04:36,849

beings as it crossed the road he heard a

93

00:04:42,330 --> 00:04:39,550

thump at the moment of impact and saw

94

00:04:45,330 --> 00:04:42,340

the beans raised hand as it was struck

95

00:04:46,589 --> 00:04:45,340

the car traveled about another ten feet

96

00:04:49,350 --> 00:04:46,599

before it stopped

97

00:04:52,020 --> 00:04:49,360

Morris turned and looked around his hand

98

00:04:53,490 --> 00:04:52,030

on the door he saw a group of little

99

00:04:55,530 --> 00:04:53,500

figures stand

100

00:04:58,890 --> 00:04:55,540

as if clustered about something lying on

101
00:05:01,860 --> 00:04:58,900
the road it's settling frightening he

102
00:05:04,050 --> 00:05:01,870
sped off he did not report the incident

103
00:05:06,360 --> 00:05:04,060
to the police because he was convinced

104
00:05:08,580 --> 00:05:06,370
that whenever he struck had not been

105
00:05:10,770 --> 00:05:08,590
human the next day

106
00:05:13,830 --> 00:05:10,780
Morris found dents in his right front

107
00:05:15,450 --> 00:05:13,840
bumper that had not been there before he

108
00:05:18,030 --> 00:05:15,460
mentioned the story to several of his

109
00:05:20,090 --> 00:05:18,040
co-workers one of whom was acquainted

110
00:05:23,400 --> 00:05:20,100
with the reporter for a local newspaper

111
00:05:25,470 --> 00:05:23,410
the reporter alerted night-cap the

112
00:05:28,260 --> 00:05:25,480
national investigations committee on

113
00:05:30,600 --> 00:05:28,270

area the phenomenon the incident was

114

00:05:33,540 --> 00:05:30,610

carefully investigated by Charles E

115

00:05:36,150 --> 00:05:33,550

toner and Roy Wiley of the Pittsburgh

116

00:05:39,510 --> 00:05:36,160

nightcap Subcommittee on several

117

00:05:42,020 --> 00:05:39,520

subsequent occasions the case remains an

118

00:05:45,780 --> 00:05:42,030

unknown

119

00:05:49,110 --> 00:05:45,790

guy Tasi and well Begay were driving

120

00:05:53,640 --> 00:05:49,120

south on highway 26 just outside driving

121

00:05:56,520 --> 00:05:53,650

on November 2nd 1967 in Idaho it was

122

00:05:59,040 --> 00:05:56,530

about 9:30 p.m. there was a sudden

123

00:06:01,260 --> 00:05:59,050

blinding flash of light in front of

124

00:06:04,320 --> 00:06:01,270

their car followed by the abrupt

125

00:06:08,100 --> 00:06:04,330

appearance of a small dome shaped UFO

126
00:06:11,879 --> 00:06:08,110
the dome was transparent and in it were

127
00:06:13,620 --> 00:06:11,889
two small strange-looking occupants the

128
00:06:16,200 --> 00:06:13,630
car was brought to a stop

129
00:06:18,930 --> 00:06:16,210
Begay driving did not have to apply the

130
00:06:20,670 --> 00:06:18,940
brakes however and the object hovered

131
00:06:23,250 --> 00:06:20,680
about five feet above the highway

132
00:06:25,890 --> 00:06:23,260
immediately ahead of them it was about

133
00:06:28,500 --> 00:06:25,900
eight feet wide and flashed green and

134
00:06:31,590 --> 00:06:28,510
orange lights around the rim the area

135
00:06:34,560 --> 00:06:31,600
was bathed in a vivid green light the

136
00:06:37,950 --> 00:06:34,570
dome opened as if hinged and one

137
00:06:40,350 --> 00:06:37,960
creature emerged apparently floating to

138
00:06:42,990 --> 00:06:40,360

the ground it was about three and a half

139

00:06:46,320 --> 00:06:43,000

feet tall and on its back was a kind of

140

00:06:49,620 --> 00:06:46,330

pack that protruded above and behind its

141

00:06:53,430 --> 00:06:49,630

head its face was oval and heavily

142

00:06:56,159 --> 00:06:53,440

pitted increased to small round eyes and

143

00:06:59,550 --> 00:06:56,169

a straight slit like month completed the

144

00:07:02,070 --> 00:06:59,560

facial features large ears stood high on

145

00:07:04,409 --> 00:07:02,080

hairless head approaching the driver's

146

00:07:07,850 --> 00:07:04,419

side of the car the alleged being opened

147

00:07:11,010 --> 00:07:07,860

the door and slid behind the wheel

148

00:07:13,409 --> 00:07:11,020

horrified the two witnesses pushed over

149

00:07:17,310 --> 00:07:13,419

to the right the car began to move

150

00:07:20,790 --> 00:07:17,320

whether driven by the being or towed by

151
00:07:23,159 --> 00:07:20,800
the UFO was uncertain it was taken well

152
00:07:26,400 --> 00:07:23,169
out into a field of stubble wheat and

153
00:07:27,670 --> 00:07:26,410
the UFO kept a fixed position a few feet

154
00:07:30,939 --> 00:07:27,680
in front of it

155
00:07:33,689 --> 00:07:30,949
as the car stopped Tasi sitting next to

156
00:07:36,340 --> 00:07:33,699
the door suddenly opened it and bolted

157
00:07:38,890 --> 00:07:36,350
running for the nearby farmhouse of

158
00:07:39,790 --> 00:07:38,900
Willard Hammond about a quarter mile

159
00:07:42,370 --> 00:07:39,800
away

160
00:07:44,740 --> 00:07:42,380
he later reported being followed by a

161
00:07:48,219 --> 00:07:44,750
bright light presumably carried by the

162
00:07:51,010 --> 00:07:48,229
second occupant meanwhile in the car

163
00:07:53,110 --> 00:07:51,020

Begay cowered in the front seat in a

164

00:07:56,080 --> 00:07:53,120

state of near shock while the first

165

00:07:59,290 --> 00:07:56,090

creature jabbered unintelligibly at him

166

00:08:02,379 --> 00:07:59,300

making sounds that were high and rapid

167

00:08:04,089 --> 00:08:02,389

like a bird he would say the second beam

168

00:08:07,659 --> 00:08:04,099

who had apparently given up chasing

169

00:08:10,450 --> 00:08:07,669

taozi returned to the car the first beam

170

00:08:14,350 --> 00:08:10,460

then got up and the two beings rose up

171

00:08:17,529 --> 00:08:14,360

and aimed to the UFO which ascended in a

172

00:08:20,499 --> 00:08:17,539

zigzag path meanwhile at the home of

173

00:08:23,140 --> 00:08:20,509

William Hammond Tasi could scarcely make

174

00:08:25,600 --> 00:08:23,150

himself understood by the astounded

175

00:08:28,360 --> 00:08:25,610

farmer and his family after having

176

00:08:31,420 --> 00:08:28,370

calmed him down they company him back to

177

00:08:33,730 --> 00:08:31,430

the field where they found the car Begay

178

00:08:36,909 --> 00:08:33,740

was sitting nearly speechless with

179

00:08:39,010 --> 00:08:36,919

fright his eyes tightly closed the

180

00:08:41,800 --> 00:08:39,020

engine was running and the lights are

181

00:08:43,480 --> 00:08:41,810

still on about fifteen minutes had

182

00:08:46,780 --> 00:08:43,490

elapsed from the moment the young men

183

00:08:48,730 --> 00:08:46,790

had seen this flash heaven listen to

184

00:08:51,570 --> 00:08:48,740

their story and then followed the

185

00:08:54,010 --> 00:08:51,580

frightened boys home in his car

186

00:08:56,590 --> 00:08:54,020

perplexed he later stopped at a local

187

00:09:00,250 --> 00:08:56,600

bar and grill to see if he could learn

188

00:09:02,710 --> 00:09:00,260

anything about this all while there a

189

00:09:05,890 --> 00:09:02,720

County deputy sheriff stopped in and

190

00:09:08,800 --> 00:09:05,900

Hammond told him to the story later both

191

00:09:10,960 --> 00:09:08,810

witnesses also came by and voluntarily

192

00:09:12,880 --> 00:09:10,970

told the deputy sheriff in their own

193

00:09:14,860 --> 00:09:12,890

words what had happened

194

00:09:17,829 --> 00:09:14,870

State Police were summoned and an

195

00:09:19,900 --> 00:09:17,839

investigation began it was discovered

196

00:09:21,519 --> 00:09:19,910

that a number of local farmers had

197

00:09:24,190 --> 00:09:21,529

reported that their cattle had bolted

198

00:09:26,530 --> 00:09:24,200

during the evening for unknown reasons

199

00:09:29,170 --> 00:09:26,540

others claimed to have seen lights in

200

00:09:33,280 --> 00:09:29,180

the area the report was investigated for

201
00:09:35,590 --> 00:09:33,290
nightcap by CRX of Idaho Falls during

202
00:09:36,940 --> 00:09:35,600
his investigation he learned of a man

203
00:09:40,150 --> 00:09:36,950
who claimed that on the

204
00:09:42,069 --> 00:09:40,160
Knight had a similar encounter Rick's

205
00:09:44,319 --> 00:09:42,079
eventually tracked this man down and

206
00:09:47,019 --> 00:09:44,329
confirmed the report although the

207
00:09:49,150 --> 00:09:47,029
witness was emphatic about not revealing

208
00:09:51,190 --> 00:09:49,160
his name and he was reluctant about

209
00:09:53,949 --> 00:09:51,200
discussing the details of his encounter

210
00:09:56,439 --> 00:09:53,959
with very little else to go on in terms

211
00:10:03,490 --> 00:09:56,449
of investigation night cap decided that

212
00:10:06,189 --> 00:10:03,500
this case was also to remain unknown in

213
00:10:10,509 --> 00:10:06,199

central Montana Thursday morning March

214

00:10:12,879 --> 00:10:10,519

16 1967 the e flight missile combat crew

215

00:10:15,639 --> 00:10:12,889

was below ground in the echo flight

216

00:10:17,889 --> 00:10:15,649

launch control center during the early

217

00:10:20,350 --> 00:10:17,899

morning hours more than one report came

218

00:10:24,610 --> 00:10:20,360

in from security patrols and maintenance

219

00:10:26,889 --> 00:10:24,620

crews that they had seen UFOs the UFO

220

00:10:30,519 --> 00:10:26,899

was reported directly above one of the e

221

00:10:32,319 --> 00:10:30,529

flight launch facilities or Cylons it

222

00:10:34,660 --> 00:10:32,329

turned out that at least one security

223

00:10:36,970 --> 00:10:34,670

policeman was so frightened by this

224

00:10:40,689 --> 00:10:36,980

encounter that he never again returned

225

00:10:42,790 --> 00:10:40,699

to security duty a short time later the

226
00:10:45,400 --> 00:10:42,800
deputy crew commander a first lieutenant

227
00:10:47,829 --> 00:10:45,410
was briefing the crew commander a

228
00:10:50,920 --> 00:10:47,839
captain on the flight status when the

229
00:10:53,439 --> 00:10:50,930
alarm horn sounded over the next half

230
00:10:57,880 --> 00:10:53,449
minute all ten of their missiles

231
00:10:59,319 --> 00:10:57,890
reported a quote no-go condition one by

232
00:11:03,189 --> 00:10:59,329
one across the board

233
00:11:06,850 --> 00:11:03,199
each missile had become inoperable from

234
00:11:09,519 --> 00:11:06,860
their own all hell broke loose the

235
00:11:12,970 --> 00:11:09,529
following is direct testimony by Robert

236
00:11:14,730 --> 00:11:12,980
Salas who was on duty that day as deputy

237
00:11:17,750 --> 00:11:14,740
missile combat crew

238
00:11:21,740 --> 00:11:17,760

good afternoon my name is Robert solace

239

00:11:23,640 --> 00:11:21,750

in 1967 I was a first lieutenant

240

00:11:27,170 --> 00:11:23,650

stationed at Malmstrom Air Force Base

241

00:11:31,890 --> 00:11:27,180

Montana I was a missile launch officer

242

00:11:33,320 --> 00:11:31,900

my commander at the time was lieutenant

243

00:11:35,700 --> 00:11:33,330

Fred Maiwald

244

00:11:38,540 --> 00:11:35,710

sometime in the evening hours on March

245

00:11:41,040 --> 00:11:38,550

24th I received a call from one of my

246

00:11:43,170 --> 00:11:41,050

topside guards he watched security

247

00:11:45,030 --> 00:11:43,180

controller stating that they had been

248

00:11:48,720 --> 00:11:45,040

observing strange lights in the sky

249

00:11:51,510 --> 00:11:48,730

making odd maneuvers and wanted to

250

00:11:53,720 --> 00:11:51,520

report it I thought it was kind of

251

00:11:55,620 --> 00:11:53,730

strange report but I took it seriously

252

00:11:57,980 --> 00:11:55,630

they have to understand we were

253

00:12:00,330 --> 00:11:57,990

protecting nuclear weapons and we

254

00:12:04,590 --> 00:12:00,340

reports we generally got were very

255

00:12:07,140 --> 00:12:04,600

professional at any rate I kind of

256

00:12:09,510 --> 00:12:07,150

dismissed the call he called back about

257

00:12:11,580 --> 00:12:09,520

five minutes later this time he was

258

00:12:16,710 --> 00:12:11,590

screaming into the phone saying they're

259

00:12:19,860 --> 00:12:16,720

looking at an object a red glowing

260

00:12:23,100 --> 00:12:19,870

object hovering just above our front

261

00:12:24,530 --> 00:12:23,110

gate this object was about thirty feet

262

00:12:27,090 --> 00:12:24,540

in diameter

263

00:12:30,600 --> 00:12:27,100

he couldn't make out to much the details

264

00:12:33,360 --> 00:12:30,610

of the object only that it was pulsating

265

00:12:36,630 --> 00:12:33,370

and he had all the guards out there he

266

00:12:39,450 --> 00:12:36,640

was very frightened wanted me to give

267

00:12:41,820 --> 00:12:39,460

him direction I think I said something

268

00:12:42,950 --> 00:12:41,830

like make sure nothing comes inside the

269

00:12:46,610 --> 00:12:42,960

perimeter fence

270

00:12:49,770 --> 00:12:46,620

he immediately hung the phone up we I

271

00:12:52,620 --> 00:12:49,780

went to wake my commander Fred Milo he

272

00:12:55,590 --> 00:12:52,630

was taking a a rest break started to

273

00:12:59,220 --> 00:12:55,600

tell him about the phone call and just

274

00:13:01,220 --> 00:12:59,230

as I told him our missiles began going

275

00:13:03,960 --> 00:13:01,230

into what's called a no-go condition or

276

00:13:06,720 --> 00:13:03,970

unlaunchable essentially they were

277

00:13:09,660 --> 00:13:06,730

disabled when this object was still

278

00:13:12,690 --> 00:13:09,670

hovering over our site our launch

279

00:13:14,910 --> 00:13:12,700

control facility at that point we went

280

00:13:18,690 --> 00:13:14,920

through our procedures he reported to

281

00:13:22,020 --> 00:13:18,700

back to the command post the incident

282

00:13:24,300 --> 00:13:22,030

we also had some security lights being

283

00:13:28,440 --> 00:13:24,310

security incursions that some of the

284

00:13:31,710 --> 00:13:28,450

launch facilities so I called the guard

285

00:13:34,680 --> 00:13:31,720

back upstairs and directed that the

286

00:13:37,530 --> 00:13:34,690

security team be sent out at this point

287

00:13:41,490 --> 00:13:37,540

the guard told me the object had left at

288

00:13:43,170 --> 00:13:41,500

high speed again silent no noise

289

00:13:45,000 --> 00:13:43,180

the security guards got out to the

290

00:13:48,240 --> 00:13:45,010

launch facility and reported back that

291

00:13:51,480 --> 00:13:48,250

they were seeing this object again they

292

00:13:54,300 --> 00:13:51,490

also lost radio contact the this

293

00:13:59,370 --> 00:13:54,310

incident terminate at that point we we

294

00:14:01,820 --> 00:13:59,380

reset the security alarms but the the

295

00:14:04,250 --> 00:14:01,830

missiles themselves were still disabled

296

00:14:07,470 --> 00:14:04,260

we had to call in for maintenance

297

00:14:10,470 --> 00:14:07,480

maintenance teams had come out and and

298

00:14:12,540 --> 00:14:10,480

bring them back up on alert the main

299

00:14:15,030 --> 00:14:12,550

indication we got from our equipment was

300

00:14:17,220 --> 00:14:15,040

this was guidance and control system

301

00:14:20,220 --> 00:14:17,230

failure I want to I want to emphasize

302

00:14:22,740 --> 00:14:20,230

that the security people upstairs had no

303

00:14:25,740 --> 00:14:22,750

control authority over they had no

304

00:14:28,530 --> 00:14:25,750

equipment up there no ability to affect

305

00:14:30,540 --> 00:14:28,540

any kind of system shut down on our

306

00:14:32,130 --> 00:14:30,550

missiles all the control systems were

307

00:14:33,810 --> 00:14:32,140

underground we were early the next

308

00:14:36,870 --> 00:14:33,820

morning I reported back to the command

309

00:14:39,510 --> 00:14:36,880

post I'm sorry the the base Mountain

310

00:14:41,190 --> 00:14:39,520

reported to our sworn commander he was

311

00:14:43,740 --> 00:14:41,200

white as a sheet didn't know how to

312

00:14:45,360 --> 00:14:43,750

explain the event he asked him

313

00:14:48,360 --> 00:14:45,370

specifically but if it could have been

314

00:14:50,730 --> 00:14:48,370

an Air Force exercise and he assured me

315

00:14:52,380 --> 00:14:50,740

that it was not an airforce exercise it

316

00:14:55,470 --> 00:14:52,390

was also a member of the Air Force

317

00:15:00,150 --> 00:14:55,480

Office of Special Investigations and in

318

00:15:02,430 --> 00:15:00,160

the room he ordered us to not ever talk

319

00:15:05,400 --> 00:15:02,440

about this I even signed a nondisclosure

320

00:15:07,920 --> 00:15:05,410

statement to that effect for many years

321

00:15:10,310 --> 00:15:07,930

the Air Force has maintained that no

322

00:15:13,040 --> 00:15:10,320

reported UFO incident is

323

00:15:15,350 --> 00:15:13,050

affected national security it's

324

00:15:17,810 --> 00:15:15,360

established fact that a large number of

325

00:15:21,110 --> 00:15:17,820

Air Force personnel reported sighting of

326

00:15:24,590 --> 00:15:21,120

UFOs at the time many of our strategic

327

00:15:27,160 --> 00:15:24,600

missiles became unlaunchable so you tell

328

00:15:30,769 --> 00:15:27,170

me that's not a national security threat

329

00:15:33,019 --> 00:15:30,779

there is clearly a great discrepancy

330

00:15:36,160 --> 00:15:33,029

between the United States Air Force's

331

00:15:38,870 --> 00:15:36,170

public position relative to UFOs and

332

00:15:47,269 --> 00:15:38,880

national security and the established

333

00:15:49,850 --> 00:15:47,279

facts of this case October 24th 1967

334

00:15:52,759 --> 00:15:49,860

this happened between Oak Hampton and

335

00:15:56,389 --> 00:15:52,769

Hollis worthy in Devon in the southwest

336

00:15:59,720 --> 00:15:56,399

of England to undo t uniformed police

337

00:16:03,230 --> 00:15:59,730

officers Clifford waked and Rodger Willi

338

00:16:06,920 --> 00:16:03,240

had spotted a pulsating flying cross

339

00:16:09,199 --> 00:16:06,930

while driving through Devon he was seen

340

00:16:12,490 --> 00:16:09,209

at low altitude moving above the

341

00:16:15,650 --> 00:16:12,500

treetops of the surrounding countryside

342

00:16:16,400 --> 00:16:15,660

intrigued they began to chase the flying

343

00:16:18,500 --> 00:16:16,410

cross

344

00:16:22,160 --> 00:16:18,510

however they were never able to

345

00:16:24,410 --> 00:16:22,170

significantly gain on it at times the

346

00:16:27,259 --> 00:16:24,420

objects slowed to about fifty miles per

347

00:16:29,170 --> 00:16:27,269

hour and at one point came to a complete

348

00:16:32,509 --> 00:16:29,180

stop in midair

349

00:16:34,730 --> 00:16:32,519

the pursuit involved speeds of up to 90

350

00:16:37,250 --> 00:16:34,740

miles per hour and covered a distance of

351

00:16:39,470 --> 00:16:37,260

about fourteen miles

352

00:16:41,990 --> 00:16:39,480

whenever they did gain a little ground

353

00:16:44,450 --> 00:16:42,000

on the object it would simply accelerate

354

00:16:46,670 --> 00:16:44,460

away from them eventually they've

355

00:16:49,940 --> 00:16:46,680

reduced their speed fearing an accident

356

00:16:52,600 --> 00:16:49,950

themselves the closest distance that

357

00:16:56,000 --> 00:16:52,610

they reached the UFO was about 400 yards

358

00:16:57,860 --> 00:16:56,010

at one point they stopped at a farm to

359

00:17:00,380 --> 00:16:57,870

wake up the owner so they could gain

360

00:17:03,170 --> 00:17:00,390

some corroboration that they were not

361

00:17:05,720 --> 00:17:03,180

mistaken than their Sunday

362

00:17:09,020 --> 00:17:05,730

at a later press conference wait God

363

00:17:10,340 --> 00:17:09,030

said quote the light wasn't piercing but

364

00:17:12,920 --> 00:17:10,350

it was very bright

365

00:17:15,500 --> 00:17:12,930

it was star-spangled just like looking

366

00:17:18,350 --> 00:17:15,510

through wet glass and although we reach

367

00:17:20,060 --> 00:17:18,360

90 miles per hour it accelerated away

368

00:17:22,250 --> 00:17:20,070

from us end quote

369

00:17:26,060 --> 00:17:22,260

before the object disappeared from view

370

00:17:29,050 --> 00:17:26,070

they saw second UFO that was also cross

371

00:17:31,790 --> 00:17:29,060

shaped very bright and made no noise

372

00:17:34,640 --> 00:17:31,800

both officers were impressed by the

373

00:17:37,430 --> 00:17:34,650

relevant speeds of these objects as they

374

00:17:40,820 --> 00:17:37,440

quickly departed especially the first

375

00:17:43,970 --> 00:17:40,830

one console Willie just said here we go

376

00:17:46,510 --> 00:17:43,980

then and we drove off after it's have

377

00:17:52,370 --> 00:17:46,520

been one of me what kind of speeds heavy

378

00:17:54,590 --> 00:17:52,380

we were traveling very fast no sign that

379

00:17:57,230 --> 00:17:54,600

I heard at all them

380

00:17:59,360 --> 00:17:57,240

no outside nor apartment or is the

381

00:18:01,090 --> 00:17:59,370

current cell next generation the

382

00:18:04,399 --> 00:18:01,100

acceleration away from this was terrific

383

00:18:06,680 --> 00:18:04,409

so really we didn't get under it to hear

384

00:18:08,269 --> 00:18:06,690

any sound but you're really close enough

385

00:18:10,610 --> 00:18:08,279

to be absolutely certain that your eyes

386

00:18:13,850 --> 00:18:10,620

were hooting oh yes it was just in front

387

00:18:15,980 --> 00:18:13,860

of us there was no question whatsoever

388

00:18:17,930 --> 00:18:15,990

that this was a figment of the

389

00:18:21,019 --> 00:18:17,940

imagination it was it was definitely

390

00:18:23,749 --> 00:18:21,029

there it was definitely either mind by

391

00:18:25,909 --> 00:18:23,759

some sort of thing or remotely

392

00:18:28,999 --> 00:18:25,919

controlled it was definitely being

393

00:18:31,779 --> 00:18:29,009

controlled to view our car inquiries at

394

00:18:33,680 --> 00:18:31,789

nearby RAF Shiva namah proved negative

395

00:18:35,840 --> 00:18:33,690

within 48 hours

396

00:18:38,930 --> 00:18:35,850

numerous other witnesses began to report

397

00:18:41,840 --> 00:18:38,940

sightings of similar objects a quote

398

00:18:44,899 --> 00:18:41,850

fiery cross was witnessed above the

399

00:18:47,330 --> 00:18:44,909

skies of Glossop Derbyshire by six

400

00:18:50,899 --> 00:18:47,340

police officers whatever these flying

401
00:18:55,220 --> 00:18:50,909
crosses were remains a mystery up until

402
00:19:01,720 --> 00:18:55,230
today in this case once again remains an

403
00:19:06,200 --> 00:19:01,730
unknown on the night of October 4th 1967

404
00:19:08,960 --> 00:19:06,210
shortly after 11:00 p.m. a UFO some 60

405
00:19:11,450 --> 00:19:08,970
feet in diameter was seemed to hover

406
00:19:14,499 --> 00:19:11,460
above the water with a tiny fishing

407
00:19:17,600 --> 00:19:14,509
village of shag harbour Nova Scotia the

408
00:19:20,389 --> 00:19:17,610
UFO which displayed four bright lights

409
00:19:23,029 --> 00:19:20,399
that flashed and sequence tilted to a

410
00:19:26,930 --> 00:19:23,039
45-degree angle and descended rapidly

411
00:19:29,060 --> 00:19:26,940
towards the water's surface upon impact

412
00:19:32,629 --> 00:19:29,070
there was a bright flash and an

413
00:19:35,110 --> 00:19:32,639

explosive roar concerned witnesses began

414

00:19:39,169 --> 00:19:35,120

calling the nearby Barrington passage

415

00:19:42,520 --> 00:19:39,179

RCMP detachment none of those witnesses

416

00:19:45,130 --> 00:19:42,530

mentioned anything about a UFO

417

00:19:47,590 --> 00:19:45,140

most believe that a large aircraft had

418

00:19:52,030 --> 00:19:47,600

ditched into the harbor and that there

419

00:19:54,430 --> 00:19:52,040

may be survivors eventually three RCMP

420

00:19:55,440 --> 00:19:54,440

officers arrived at the shore near the

421

00:19:58,960 --> 00:19:55,450

impact site

422

00:20:01,150 --> 00:19:58,970

corporal V were Becky and constable ron

423

00:20:04,120 --> 00:20:01,160

o'brien dispatched from the Barrington

424

00:20:06,060 --> 00:20:04,130

passage detachment were approaching from

425

00:20:09,310 --> 00:20:06,070

east of the site

426
00:20:11,800 --> 00:20:09,320
constable Ron pond who was on Highway

427
00:20:13,870 --> 00:20:11,810
Patrol on highway number three was

428
00:20:16,810 --> 00:20:13,880
heading towards shag Harbor from a

429
00:20:19,150 --> 00:20:16,820
position west of the impact site and his

430
00:20:22,270 --> 00:20:19,160
position allowed him to view the UFO

431
00:20:24,490 --> 00:20:22,280
while it was still in flight when all

432
00:20:27,250 --> 00:20:24,500
three officers met at the impact site

433
00:20:29,950 --> 00:20:27,260
they found that the UFO was still

434
00:20:33,550 --> 00:20:29,960
floating on the water about a half mile

435
00:20:36,400 --> 00:20:33,560
from shore it was glowing a pale yellow

436
00:20:39,910 --> 00:20:36,410
and was leaving a trail of dense yellow

437
00:20:41,770 --> 00:20:39,920
foam as it drifted in the epital neither

438
00:20:44,740 --> 00:20:41,780

the Rescue Coordination Center in

439

00:20:48,280 --> 00:20:44,750

Halifax northern nearby NORAD radar

440

00:20:51,130 --> 00:20:48,290

facility at Bacara Nova Scotia had any

441

00:20:53,670 --> 00:20:51,140

knowledge of missing aircraft by their

442

00:20:56,240 --> 00:20:53,680

civilian or military

443

00:20:59,220 --> 00:20:56,250

Pond reported that the object had quote

444

00:21:02,640 --> 00:20:59,230

changed during its descent to the water

445

00:21:06,600 --> 00:21:02,650

surface as Enid changed shape and that

446

00:21:09,030 --> 00:21:06,610

it appeared to be no known object later

447

00:21:12,720 --> 00:21:09,040

other local witnesses described much to

448

00:21:15,480 --> 00:21:12,730

the same details of those opponent also

449

00:21:18,150 --> 00:21:15,490

a Coast Guard lifeboat from nearby

450

00:21:21,510 --> 00:21:18,160

Clark's Harbor and several local fishing

451
00:21:23,760 --> 00:21:21,520
boats were summoned to investigate but

452
00:21:26,760 --> 00:21:23,770
the UFO had submerged before they

453
00:21:29,400 --> 00:21:26,770
reached the site the so Fury's smelly

454
00:21:31,890 --> 00:21:29,410
yellow phone continued to weld to the

455
00:21:35,580 --> 00:21:31,900
surface from the point where the UFO

456
00:21:39,480 --> 00:21:35,590
went down in about a 300-foot slick

457
00:21:42,180 --> 00:21:39,490
developed search efforts continued until

458
00:21:44,880 --> 00:21:42,190
about 3:00 a.m. and then resumed at

459
00:21:47,610 --> 00:21:44,890
first light the next day everybody

460
00:21:50,510 --> 00:21:47,620
involved was convinced that something

461
00:21:53,970 --> 00:21:50,520
that is something real and unidentified

462
00:21:56,730 --> 00:21:53,980
had gone into the water

463
00:21:58,860 --> 00:21:56,740

the next morning a preliminary report

464

00:22:00,600 --> 00:21:58,870

was sent to Canadian Forces headquarters

465

00:22:03,600 --> 00:22:00,610

in Ottawa

466

00:22:05,460 --> 00:22:03,610

after communicating with NORAD maritime

467

00:22:07,919 --> 00:22:05,470

command was asked to conduct an

468

00:22:11,370 --> 00:22:07,929

underwater search as soon as possible

469

00:22:14,519 --> 00:22:11,380

for the object seven Navy divers from

470

00:22:17,370 --> 00:22:14,529

the HMCS Granby searched throughout the

471

00:22:20,820 --> 00:22:17,380

daylight hours until sundown of October

472

00:22:23,129 --> 00:22:20,830

8th on Monday October 9th marathon

473

00:22:27,600 --> 00:22:23,139

command cancelled the search effort

474

00:22:31,470 --> 00:22:27,610

claiming no results outside of the local

475

00:22:34,169 --> 00:22:31,480

area media attention quickly faded the

476
00:22:37,560 --> 00:22:34,179
shag harbour crash retrieval became case

477
00:22:40,169 --> 00:22:37,570
number 34 in the infamous Condon

478
00:22:44,159 --> 00:22:40,179
committee report which would serve as

479
00:22:46,350 --> 00:22:44,169
Project Blue Books swan song the case

480
00:22:48,600 --> 00:22:46,360
was brought to doctor Condit's limited

481
00:22:50,490 --> 00:22:48,610
attention by the late Jim Lorensen of

482
00:22:54,180 --> 00:22:50,500
the aerial phenomena of research

483
00:22:56,639 --> 00:22:54,190
organization dr. Levine the investigator

484
00:22:58,980 --> 00:22:56,649
assigned to the case allocated the grand

485
00:23:02,669 --> 00:22:58,990
total of two long-distance phone calls

486
00:23:04,649 --> 00:23:02,679
to this investigation one call was to

487
00:23:07,490 --> 00:23:04,659
the watch officer at maritime command

488
00:23:11,009 --> 00:23:07,500

and the other was to an RCMP

489

00:23:14,460 --> 00:23:11,019

spokesperson dr. Levine was assured that

490

00:23:18,000 --> 00:23:14,470

there was nothing to this case in that

491

00:23:19,830 --> 00:23:18,010

further investigation was futile thus

492

00:23:22,100 --> 00:23:19,840

interest in the shag harbour case

493

00:23:25,280 --> 00:23:22,110

withered away

494

00:23:27,980 --> 00:23:25,290

yeah tell that to the locals in Nova

495

00:23:31,490 --> 00:23:27,990

Scotia who are still investigating this

496

00:23:33,860 --> 00:23:31,500

case up until today I mean a bunch of

497

00:23:35,390 --> 00:23:33,870

friends who are Samaritan and we've

498

00:23:37,160 --> 00:23:35,400

taken some of them home to woods Harbor

499

00:23:39,440 --> 00:23:37,170

and as we is coming up to Sag Harbor

500

00:23:42,380 --> 00:23:39,450

roughly where the post office is we see

501
00:23:43,970 --> 00:23:42,390
a budget lights in the sky and that was

502
00:23:47,030 --> 00:23:43,980
in over the land here or not it over the

503
00:23:48,919 --> 00:23:47,040
water and there's we get started it's an

504
00:23:52,100 --> 00:23:48,929
airplane I mean if we're driving along

505
00:23:54,380 --> 00:23:52,110
which was probably roughly 2 or 3 miles

506
00:23:55,850 --> 00:23:54,390
we could see the light the whole time

507
00:23:58,490 --> 00:23:55,860
and as we is coming up over the hill

508
00:24:00,200 --> 00:23:58,500
there yet before we get to the top of

509
00:24:03,320 --> 00:24:00,210
the hill the light went from flat to a

510
00:24:04,940 --> 00:24:03,330
45-degree angle and we lost sight of it

511
00:24:07,280 --> 00:24:04,950
and as we made the top of the hill we

512
00:24:09,680 --> 00:24:07,290
could see the blade up off of there in

513
00:24:09,980 --> 00:24:09,690

the water probably 100 to 150 yards from

514

00:24:11,720 --> 00:24:09,990

shore

515

00:24:14,090 --> 00:24:11,730

you got a member back then there was no

516

00:24:16,490 --> 00:24:14,100

streetlights and none of these buildings

517

00:24:17,900 --> 00:24:16,500

or houses was here and even back there

518

00:24:19,430 --> 00:24:17,910

on the hill while we walked up there's a

519

00:24:22,400 --> 00:24:19,440

lot of trees now that was all barren

520

00:24:23,600 --> 00:24:22,410

land but the light was up here roughly

521

00:24:26,120 --> 00:24:23,610

in the water a couple hundred yards

522

00:24:27,890 --> 00:24:26,130

offshore and investigated the whole way down

523

00:24:28,760 --> 00:24:27,900

boy here roughly two to three hundred

524

00:24:33,080 --> 00:24:28,770

yards offshore

525

00:24:36,330 --> 00:24:33,090

it's a yellowish half-globe probably 15

526

00:24:40,250 --> 00:24:38,010

[Music]

527

00:24:44,010 --> 00:24:40,260

the last case we're going to cover in

528

00:24:46,650 --> 00:24:44,020

1967 is a very important UFO close

529

00:24:50,669 --> 00:24:46,660

encounter of the second kind that comes

530

00:24:52,919 --> 00:24:50,679

to us from Canada this amazing account

531

00:24:56,730 --> 00:24:52,929

details the experience of Stephen

532

00:24:59,340 --> 00:24:56,740

Michalak of Winnipeg Michalak earned his

533

00:25:02,160 --> 00:24:59,350

living as mechanic but was an amateur

534

00:25:05,700 --> 00:25:02,170

geologist and while enjoying a few days

535

00:25:07,290 --> 00:25:05,710

off he decided to do some prospecting he

536

00:25:10,290 --> 00:25:07,300

tried his luck in the white shell

537

00:25:13,230 --> 00:25:10,300

Provincial Park this area was by no

538

00:25:15,270 --> 00:25:13,240

means new to Michalak he'd spent

539

00:25:18,180 --> 00:25:15,280

considerable time in this vicinity of

540

00:25:20,640 --> 00:25:18,190

the lake near the park michalak and

541

00:25:23,120 --> 00:25:20,650

followed reports of quartz veins being

542

00:25:26,040 --> 00:25:23,130

found in the area around Falcon Lake

543

00:25:28,590 --> 00:25:26,050

there were also reports of silver being

544

00:25:31,110 --> 00:25:28,600

found in the area and mikkelluc was on

545

00:25:35,850 --> 00:25:31,120

the trail of this valuable metal on may

546

00:25:38,760 --> 00:25:35,860

19th 1967 he traveled by bus from his

547

00:25:41,070 --> 00:25:38,770

hometown of Winnipeg to a motel on the

548

00:25:43,380 --> 00:25:41,080

trans-canada highway the night before

549

00:25:45,660 --> 00:25:43,390

McCulloch rose early that morning

550

00:25:48,360 --> 00:25:45,670

heading into the vast beauty of the

551
00:25:50,549 --> 00:25:48,370
wilderness only a couple of hours had

552
00:25:53,549 --> 00:25:50,559
transpired before he found a quartz vein

553
00:25:56,480 --> 00:25:53,559
by a small brook after braking for a

554
00:26:00,050 --> 00:25:56,490
quiet lunch he resumed his hobby

555
00:26:02,870 --> 00:26:00,060
at about 12:15 p.m. his attention was

556
00:26:05,720 --> 00:26:02,880
drawn away from his Labor's by the sound

557
00:26:08,420 --> 00:26:05,730
of geese passing overhead looking up to

558
00:26:11,540 --> 00:26:08,430
see them fly over he was shocked to see

559
00:26:15,320 --> 00:26:11,550
two red glowing elongated objects

560
00:26:18,080 --> 00:26:15,330
descending from the skies as they came

561
00:26:22,040 --> 00:26:18,090
even closer their shape was to find more

562
00:26:24,680 --> 00:26:22,050
as disc-shaped as he stood mesmerized by

563
00:26:27,980 --> 00:26:24,690

the sight one of the craft abruptly

564

00:26:30,320 --> 00:26:27,990

stopped and hovered in midair the other

565

00:26:33,440 --> 00:26:30,330

continued its downward flight until it

566

00:26:36,740 --> 00:26:33,450

landed on a big smooth rock only about a

567

00:26:39,890 --> 00:26:36,750

hundred and fifty feet away from him the

568

00:26:42,440 --> 00:26:39,900

hovering craft began to move away and as

569

00:26:46,130 --> 00:26:42,450

it went it changed colors from red to

570

00:26:49,430 --> 00:26:46,140

orange and finally gray it disappeared

571

00:26:51,830 --> 00:26:49,440

into the clouds above him the landed

572

00:26:55,700 --> 00:26:51,840

craft also began to change its color in

573

00:26:58,130 --> 00:26:55,710

the same pattern finally the gray turned

574

00:27:02,120 --> 00:26:58,140

into what appeared to be hot stainless

575

00:27:03,800 --> 00:27:02,130

steel with a gold and club Miculek had

576

00:27:06,920 --> 00:27:03,810

been wearing his protective welding

577

00:27:09,470 --> 00:27:06,930

glasses earlier and now they protected

578

00:27:11,570 --> 00:27:09,480

his eyes from the brilliant purple light

579

00:27:12,820 --> 00:27:11,580

shining through openings in the front of

580

00:27:15,730 --> 00:27:12,830

this craft

581

00:27:18,330 --> 00:27:15,740

he could now smell something like sulfur

582

00:27:22,360 --> 00:27:18,340

and here a type of hissing sound

583

00:27:23,860 --> 00:27:22,370

curiosity overcame him he knew he was

584

00:27:27,820 --> 00:27:23,870

looking at something he thought he would

585

00:27:30,880 --> 00:27:27,830

never see a craft from another world

586

00:27:33,790 --> 00:27:30,890

the only emotion more powerful than his

587

00:27:35,490 --> 00:27:33,800

curiosity was the gripping fear that

588

00:27:38,890 --> 00:27:35,500

held them in his tracks

589

00:27:42,480 --> 00:27:38,900

he did however have the presence of mind

590

00:27:45,730 --> 00:27:42,490

to sketch the object never moving a step

591

00:27:47,680 --> 00:27:45,740

after approximately 30 minutes he was

592

00:27:50,560 --> 00:27:47,690

frightened to see a door open from the

593

00:27:54,070 --> 00:27:50,570

side of this object he could now see

594

00:27:57,100 --> 00:27:54,080

inside the craft the interior was

595

00:27:59,230 --> 00:27:57,110

brilliantly lighted pulling all the

596

00:28:02,710 --> 00:27:59,240

courage together that he could he moved

597

00:28:04,570 --> 00:28:02,720

closer to the craft as he reached a

598

00:28:06,760 --> 00:28:04,580

point of about 60 feet from the

599

00:28:10,210 --> 00:28:06,770

mysterious flying object he could hear

600

00:28:13,180 --> 00:28:10,220

two voices conversing above other sounds

601
00:28:15,700 --> 00:28:13,190
coming from inside the object being a

602
00:28:18,700 --> 00:28:15,710
multi-link less Miculek tried several

603
00:28:22,660 --> 00:28:18,710
languages to communicate with whoever or

604
00:28:24,670 --> 00:28:22,670
whatever was inside first he called out

605
00:28:29,190 --> 00:28:24,680
in English no response

606
00:28:33,280 --> 00:28:29,200
then Russian German Italian French

607
00:28:35,770 --> 00:28:33,290
Ukrainian then English again all of his

608
00:28:38,980 --> 00:28:35,780
efforts failed to draw a response from

609
00:28:41,020 --> 00:28:38,990
inside we also note here that is a

610
00:28:42,720 --> 00:28:41,030
ridiculous amount of languages you know

611
00:28:46,720 --> 00:28:42,730
this dude's awesome

612
00:28:48,460 --> 00:28:46,730
undaunted Michalak moved even closer he

613
00:28:51,940 --> 00:28:48,470

reached the door and stuck his head

614

00:28:53,920 --> 00:28:51,950

inside he saw a large panel of different

615

00:28:56,770 --> 00:28:53,930

colored lights and other light beams

616

00:28:58,960 --> 00:28:56,780

crossing in different directions he

617

00:29:01,870 --> 00:28:58,970

later described the flashing lights as

618

00:29:03,940 --> 00:29:01,880

resembling lights on a computer he saw

619

00:29:07,450 --> 00:29:03,950

no one in the craft and decided not to

620

00:29:10,450 --> 00:29:07,460

push his luck any further he moved back

621

00:29:11,950 --> 00:29:10,460

away from the door and suddenly three

622

00:29:14,640 --> 00:29:11,960

panels moved together

623

00:29:17,310 --> 00:29:14,650

hiding the door completely

624

00:29:19,980 --> 00:29:17,320

his attention was now on the exterior of

625

00:29:22,830 --> 00:29:19,990

the craft he later described the surface

626
00:29:26,400 --> 00:29:22,840
as highly polished colored glass with no

627
00:29:28,290 --> 00:29:26,410
breaks or seams in the surface Miculek

628
00:29:31,940 --> 00:29:28,300
reached his hand to touch the polished

629
00:29:35,730 --> 00:29:31,950
surface and his glove was melted

630
00:29:38,820 --> 00:29:35,740
suddenly the object moved and as it did

631
00:29:42,600 --> 00:29:38,830
a vented opening was exposed like a type

632
00:29:45,440 --> 00:29:42,610
of exhaust port he estimated its size at

633
00:29:48,240 --> 00:29:45,450
about 9 inches high by 6 inches wide

634
00:29:51,240 --> 00:29:48,250
heat was vented through the opening

635
00:29:55,590 --> 00:29:51,250
setting Miculek shirt and undershirt on

636
00:29:58,020 --> 00:29:55,600
fire he was now in great pain he quickly

637
00:30:00,810 --> 00:29:58,030
tore off his top garments and turned to

638
00:30:04,020 --> 00:30:00,820

see the craft descending back into the

639

00:30:07,590 --> 00:30:04,030

skies he felt a rush of air as it made

640

00:30:10,460 --> 00:30:07,600

its final departure but he could still

641

00:30:12,630 --> 00:30:10,470

smell the craft after it disappeared

642

00:30:15,840 --> 00:30:12,640

knowing that he needed medical attention

643

00:30:18,900 --> 00:30:15,850

he quickly tried to mark the spot using

644

00:30:22,350 --> 00:30:18,910

rocks pinecones lustre anything he could

645

00:30:24,270 --> 00:30:22,360

find to make a landmark a severe

646

00:30:27,299 --> 00:30:24,280

headache now it was complicated by a

647

00:30:29,510 --> 00:30:27,309

sick stomach he broke into a cold sweat

648

00:30:32,330 --> 00:30:29,520

and began to vomit

649

00:30:35,060 --> 00:30:32,340

but his way back to the motel he had to

650

00:30:38,270 --> 00:30:35,070

stop several times to ease the stomach

651
00:30:41,030 --> 00:30:38,280
pain after being refused help by a

652
00:30:41,540 --> 00:30:41,040
passing police officer yes I'll say that

653
00:30:44,780 --> 00:30:41,550
again

654
00:30:46,669 --> 00:30:44,790
refused help but a police officer he

655
00:30:49,490 --> 00:30:46,679
finally reached the motel

656
00:30:51,049 --> 00:30:49,500
it was now 4:00 p.m. he entered the

657
00:30:53,570 --> 00:30:51,059
coffee shop and asked someone to

658
00:30:56,990 --> 00:30:53,580
recommend a doctor the nearest doctor

659
00:31:00,200 --> 00:30:57,000
was in Kenora 45 miles east of Falcon

660
00:31:02,060 --> 00:31:00,210
Lake because of the distance he decided

661
00:31:04,940 --> 00:31:02,070
to return home instead of making the

662
00:31:08,030 --> 00:31:04,950
trip to Canora the next bus would not

663
00:31:11,060 --> 00:31:08,040

arrive for about four hours so he rested

664

00:31:13,549 --> 00:31:11,070

in his room and phoned his wife he told

665

00:31:16,610 --> 00:31:13,559

her only that he was in an accident but

666

00:31:18,230 --> 00:31:16,620

that he was okay he instructed her to

667

00:31:21,770 --> 00:31:18,240

have their son meet him at the bus

668

00:31:25,490 --> 00:31:21,780

terminal in Winnipeg he arrived there at

669

00:31:29,060 --> 00:31:25,500

about 10:45 p.m. his son Stan took him

670

00:31:31,760 --> 00:31:29,070

to the hospital immediately Miculek was

671

00:31:34,700 --> 00:31:31,770

treated for his headache nausea and a

672

00:31:37,610 --> 00:31:34,710

great like burn pattern that appeared on

673

00:31:39,950 --> 00:31:37,620

his chest theorists came out of the

674

00:31:43,820 --> 00:31:39,960

woodwork suggesting that his burns were

675

00:31:47,570 --> 00:31:43,830

from a barbecue pit neglect made not a

676
00:31:50,120 --> 00:31:47,580
dime from this story he paid all of his

677
00:31:52,820 --> 00:31:50,130
own medical expenses including a trip to

678
00:31:55,580 --> 00:31:52,830
the Mayo Clinic in Minnesota for

679
00:31:57,290 --> 00:31:55,590
additional treatment to defray these

680
00:32:00,620 --> 00:31:57,300
costs he wrote a privately-funded

681
00:32:03,440 --> 00:32:00,630
booklet on his experience but again no

682
00:32:05,299 --> 00:32:03,450
money was actually made ultimately

683
00:32:08,690 --> 00:32:05,309
McCulloch was seen by more than a dozen

684
00:32:10,729 --> 00:32:08,700
doctors in the US and Canada

685
00:32:14,210 --> 00:32:10,739
the site of the experience was

686
00:32:16,960 --> 00:32:14,220
investigated by the RCMP RCAF other

687
00:32:19,729 --> 00:32:16,970
government officials and civilian groups

688
00:32:22,820 --> 00:32:19,739

America's Condon committee also joined

689

00:32:25,190 --> 00:32:22,830

the investigation nothing conclusive was

690

00:32:28,849 --> 00:32:25,200

ever offered to debunk the fantastic

691

00:32:29,810 --> 00:32:28,859

account by mecalac his story is unique

692

00:32:33,409 --> 00:32:29,820

in many ways

693

00:32:36,859 --> 00:32:33,419

and is accepted as genuine by many UFO

694

00:32:37,430 --> 00:32:36,869

groups and investigators many years

695

00:32:40,159 --> 00:32:37,440

later

696

00:32:41,930 --> 00:32:40,169

Stan McClure his son would return to the

697

00:32:45,649 --> 00:32:41,940

site where his father had this

698

00:32:48,019 --> 00:32:45,659

incredible experience in a brief

699

00:32:51,739 --> 00:32:48,029

interview with UFO investigator Chris

700

00:32:59,539 --> 00:32:51,749

Markowski this is what Stan Michalak had

701
00:33:01,820 --> 00:32:59,549
to say being here and looking around and

702
00:33:04,940 --> 00:33:01,830
seeing away on the land every

703
00:33:08,899 --> 00:33:04,950
explanation and I heard him explain it

704
00:33:11,149 --> 00:33:08,909
over and over and over every explanation

705
00:33:13,930 --> 00:33:11,159
when he talked about distances and trees

706
00:33:16,970 --> 00:33:13,940
and rocks and water and Beaver Dam and

707
00:33:19,759 --> 00:33:16,980
it's all clear it's all here it's

708
00:33:22,310 --> 00:33:19,769
exactly how he described it when you

709
00:33:24,259 --> 00:33:22,320
look at the drawing he made for the RCMP

710
00:33:27,200 --> 00:33:24,269
to come out here on their own a little

711
00:33:30,979 --> 00:33:27,210
sort of map it it follows the contours

712
00:33:33,080 --> 00:33:30,989
perfectly and directions perfectly so he

713
00:33:40,399 --> 00:33:33,090

was here

714

00:33:43,159 --> 00:33:40,409

I know that it's clear that some of the

715

00:33:47,840 --> 00:33:43,169

most popular UFO sightings occurred in

716

00:33:51,619 --> 00:33:47,850

the year 1967 the real question is was

717

00:33:54,409 --> 00:33:51,629

the solve just pure coincidence if not

718

00:33:57,619 --> 00:33:54,419

were there different intelligences

719

00:34:01,430 --> 00:33:57,629

behind each incident or even different

720

00:34:04,190 --> 00:34:01,440

phenomena at play or was it just a slew

721

00:34:06,070 --> 00:34:04,200

of strange occurrences that we'll never

722

00:34:11,149 --> 00:34:06,080

truly know the answers to

723

00:34:13,819 --> 00:34:11,159

no matter the case 1967 will remain one

724

00:34:16,639 --> 00:34:13,829

of the most enigmatic mysterious and

725

00:34:19,159 --> 00:34:16,649

down routes strangest years in UFO

726
00:34:21,109 --> 00:34:19,169
history as we continue to experience

727
00:34:27,090 --> 00:34:21,119
these incredible sightings and

728
00:34:33,330 --> 00:34:30,150
thank you as always to the e1 podcast

729
00:34:36,030 --> 00:34:33,340
network kgr a radio and to you for

730
00:34:39,020 --> 00:34:36,040
listening my special thanks goes out to

731
00:34:41,490 --> 00:34:39,030
Billy booth nycap and all the amazing

732
00:34:44,280 --> 00:34:41,500
contributors to the research done in

733
00:34:45,900 --> 00:34:44,290
this episode we'll have links in the

734
00:34:48,990 --> 00:34:45,910
show notes for all of their work in

735
00:34:50,940 --> 00:34:49,000
proper accreditation please take a

736
00:34:53,490 --> 00:34:50,950
moment to rate and review somewhere in

737
00:34:55,590 --> 00:34:53,500
the skies on Apple podcasts your Android

738
00:34:58,080 --> 00:34:55,600

apps or whenever you get the show

739

00:35:00,600 --> 00:34:58,090

it helps find new listeners and gain

740

00:35:03,210 --> 00:35:00,610

visibility we're on Twitter at summer

741

00:35:06,210 --> 00:35:03,220

skies and Instagram at summer skies pod

742

00:35:08,100 --> 00:35:06,220

all past episodes articles and contact

743

00:35:11,370 --> 00:35:08,110

info can be found at the official web

744

00:35:14,280 --> 00:35:11,380

site somewhere in the skies calm I'll

745

00:35:16,560 --> 00:35:14,290

see you here next week and remember keep

746

00:35:18,680 --> 00:35:16,570

your feet on the ground but never stop

747

00:35:58,470 --> 00:35:18,690

searching somewhere in the skies

748

00:36:00,390 --> 00:35:58,480

[Music]

749

00:36:02,640 --> 00:36:00,400

[Applause]

750

00:36:04,380 --> 00:36:02,650

somewhere in the skies is produced by

751

00:36:06,329 --> 00:36:04,390

Third Kind productions in association

752

00:36:08,130 --> 00:36:06,339

with the entertainment one podcast
