

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

GETTING LAMMY
AT MICHIGAN
UFO CON

1
00:00:13,410 --> 00:00:06,710

[Music]

2
00:00:29,620 --> 00:00:13,420

this is somewhere in the skies

3
00:00:32,980 --> 00:00:29,630

[Music]

4
00:00:34,930 --> 00:00:32,990

I have with me right now Tim Woolworths

5
00:00:37,030 --> 00:00:34,940

Tim a lot of my audience might not be

6
00:00:40,570 --> 00:00:37,040

familiar with their work man I mean yeah

7
00:00:42,880 --> 00:00:40,580

this is a UFO podcast so I was super

8
00:00:44,620 --> 00:00:42,890

excited to see your name pop up in the

9
00:00:48,070 --> 00:00:44,630

speaker's list because I wanted to see

10
00:00:51,100 --> 00:00:48,080

what a guy from the paranormal world has

11
00:00:53,130 --> 00:00:51,110

to say about UFOs so can you give our

12
00:00:56,049 --> 00:00:53,140

audience maybe a little a little

13
00:00:58,270 --> 00:00:56,059

elevator pitch as it were like what's

14

00:01:01,960 --> 00:00:58,280

your origin story when it comes to the

15

00:01:04,930 --> 00:01:01,970

paranormal the origin story it's kind of

16

00:01:07,060 --> 00:01:04,940

crazy my mother is like this Christian I

17

00:01:11,320 --> 00:01:07,070

mean uber Christian okay so growing up

18

00:01:13,899 --> 00:01:11,330

she had books on ghosts and scrying and

19

00:01:15,640 --> 00:01:13,909

demonic possession and all the stuff on

20

00:01:17,020 --> 00:01:15,650

the wall because she wanted to be a

21

00:01:20,200 --> 00:01:17,030

better Christian she wanted to know

22

00:01:21,969 --> 00:01:20,210

everything that she should protect

23

00:01:24,490 --> 00:01:21,979

herself from but Here I am this little

24

00:01:26,890 --> 00:01:24,500

impressionable kid and I'm seeing these

25

00:01:30,100 --> 00:01:26,900

pictures these woodcuts of witches and

26
00:01:32,830 --> 00:01:30,110
images of ghosts and talk of demons and

27
00:01:35,260 --> 00:01:32,840
exorcisms and I'm just devouring that

28
00:01:37,270 --> 00:01:35,270
stuff as a kid you know and that got my

29
00:01:39,190 --> 00:01:37,280
love the juices flowing for the

30
00:01:42,999 --> 00:01:39,200
paranormal throughout my entire life and

31
00:01:43,749 --> 00:01:43,009
also my stepfather as I mentioned in the

32
00:01:46,179 --> 00:01:43,759
talk earlier

33
00:01:47,980 --> 00:01:46,189
he's a conspiracy freak absolute

34
00:01:50,709 --> 00:01:47,990
conspiracy freak so I grew up watching

35
00:01:54,389 --> 00:01:50,719
the conspiracy side and videotapes okay

36
00:01:57,099 --> 00:01:54,399
as a kid of the late 70s early 80s and

37
00:02:00,819 --> 00:01:57,109
so I grew up watching like 20th

38
00:02:02,919 --> 00:02:00,829

generation VHS tapes of Bob lazarre's

39

00:02:05,380 --> 00:02:02,929

interviews because you couldn't get that

40

00:02:08,230 --> 00:02:05,390

stuff in New York and the internet

41

00:02:12,160 --> 00:02:08,240

wasn't a thing so he would he had a

42

00:02:14,470 --> 00:02:12,170

network of people and back a magazine

43

00:02:16,090 --> 00:02:14,480

stuff like that and he would get these

44

00:02:18,670 --> 00:02:16,100

tapes sent to him so I grew up watching

45

00:02:20,800 --> 00:02:18,680

this stuff as well so like the Phoenix

46

00:02:23,170 --> 00:02:20,810

lights the lights in Florida all that

47

00:02:26,170 --> 00:02:23,180

stuff I grew up with in real time and

48

00:02:29,710 --> 00:02:26,180

you follow G's always been there in my

49

00:02:32,170 --> 00:02:29,720

blood s has been the paranormal and a

50

00:02:34,590 --> 00:02:32,180

few years ago I realize there's this

51
00:02:37,600 --> 00:02:34,600
crossover between the paranormal and

52
00:02:39,100 --> 00:02:37,610
ufology right and before we go any

53
00:02:41,020 --> 00:02:39,110
further you've mentioned getting the

54
00:02:43,120 --> 00:02:41,030
juices flowing I have to admit you are

55
00:02:45,400 --> 00:02:43,130
one hell of a craft

56
00:02:47,350 --> 00:02:45,410
beer boiler my man cheers to that what

57
00:02:51,550 --> 00:02:47,360
are we drinking we are drinking a

58
00:02:53,650 --> 00:02:51,560
pumpkin ale that I named baby boo the

59
00:02:57,040 --> 00:02:53,660
baby boo is actually a pumpkin it's a

60
00:02:59,890 --> 00:02:57,050
yeah okay and this is a pumpkin Li brew

61
00:03:03,250 --> 00:02:59,900
it it came out at the end of September

62
00:03:05,230 --> 00:03:03,260
and I'm a pro brewer by trade and this

63
00:03:07,420 --> 00:03:05,240

has a bunch of caramelized pumpkin and

64

00:03:09,310 --> 00:03:07,430

spices in it and it's just super easy

65

00:03:11,950 --> 00:03:09,320

drinking yeah I mentioned to you earlier

66

00:03:14,530 --> 00:03:11,960

like pumpkin beer is my time of the year

67

00:03:16,210 --> 00:03:14,540

I go out in New York and find every

68

00:03:18,520 --> 00:03:16,220

single pumpkin beer I can possibly find

69

00:03:20,170 --> 00:03:18,530

but this I mean this takes the cake man

70

00:03:22,600 --> 00:03:20,180

thank you there's nothing like a home

71

00:03:25,360 --> 00:03:22,610

brewed beer in terms when you see like

72

00:03:28,030 --> 00:03:25,370

Sam Adams come out with a with a pumpkin

73

00:03:30,100 --> 00:03:28,040

beer I'm not gonna believe that they

74

00:03:32,470 --> 00:03:30,110

actually like you where they're mashing

75

00:03:35,530 --> 00:03:32,480

these things and getting everything just

76

00:03:37,240 --> 00:03:35,540

right it's like it's just you know it's

77

00:03:39,520 --> 00:03:37,250

a well-oiled machine when it comes to

78

00:03:41,290 --> 00:03:39,530

these big breweries so how is it

79

00:03:43,420 --> 00:03:41,300

competing with stuff like that out there

80

00:03:45,760 --> 00:03:43,430

well we're a smaller brewery

81

00:03:47,830 --> 00:03:45,770

we're considered a micro brewery because

82

00:03:49,690 --> 00:03:47,840

we do just under a thousand barrels a

83

00:03:51,460 --> 00:03:49,700

year okay but we're distributed all

84

00:03:53,590 --> 00:03:51,470

throughout southeastern Michigan and

85

00:03:55,870 --> 00:03:53,600

draft only not cans or bottles so you

86

00:03:58,870 --> 00:03:55,880

pick it up if you get at your bars okay

87

00:04:00,130 --> 00:03:58,880

and this beer last year it sold out in

88

00:04:01,930 --> 00:04:00,140

three and a half weeks I'm about two

89

00:04:03,340 --> 00:04:01,940

weeks right now and I've got probably a

90

00:04:05,080 --> 00:04:03,350

quarter of it left

91

00:04:06,700 --> 00:04:05,090

Wow yeah and I mean your fridge is

92

00:04:08,410 --> 00:04:06,710

packed I might add well I brought a

93

00:04:10,540 --> 00:04:08,420

couple go yes so we've got two days to

94

00:04:12,160 --> 00:04:10,550

finish all of this you only have to

95

00:04:14,590 --> 00:04:12,170

drink a half gallon today that's true

96

00:04:17,530 --> 00:04:14,600

that's true I guess we should get back

97

00:04:20,440 --> 00:04:17,540

to UFOs I guess this could be a whole

98

00:04:23,530 --> 00:04:20,450

beer episode but um so tell us a little

99

00:04:25,120 --> 00:04:23,540

about what you talked about today which

100

00:04:27,400 --> 00:04:25,130

is I just heard you talk for the first

101
00:04:29,920 --> 00:04:27,410
time ever hmm and as soon as you started

102
00:04:33,070 --> 00:04:29,930
I was hearing words I'd never heard

103
00:04:35,200 --> 00:04:33,080
before in any UFO talk ever I mean you

104
00:04:38,470 --> 00:04:35,210
were talking about first of all the

105
00:04:41,020 --> 00:04:38,480
spirit box something that I'm a little

106
00:04:43,080 --> 00:04:41,030
familiar with I've used it off and on in

107
00:04:45,130 --> 00:04:43,090
the past that some small paranormal

108
00:04:47,590 --> 00:04:45,140
investigations I was a part of but could

109
00:04:50,140 --> 00:04:47,600
you explain to us sort of the technology

110
00:04:51,700 --> 00:04:50,150
that you talked about today yeah so my

111
00:04:54,360 --> 00:04:51,710
focus today was on something called

112
00:04:56,620 --> 00:04:54,370
instrumental transcommunication

113
00:04:57,460 --> 00:04:56,630

ITC for short the

114

00:04:59,560 --> 00:04:57,470

basically instrumental

115

00:05:01,630 --> 00:04:59,570

transcommunication is the use of any

116

00:05:03,550 --> 00:05:01,640

instrument and independent instrument so

117

00:05:05,050 --> 00:05:03,560

let's say the microphone you have on the

118

00:05:07,150 --> 00:05:05,060

table here right now is an instrument

119

00:05:09,250 --> 00:05:07,160

it's recording this conversation so

120

00:05:10,720 --> 00:05:09,260

instrumental transcommunication is using

121

00:05:12,370 --> 00:05:10,730

these instruments to record

122

00:05:16,420 --> 00:05:12,380

communication from transdimensional

123

00:05:20,800 --> 00:05:16,430

entities and well what my main focus was

124

00:05:24,730 --> 00:05:20,810

today is these entities be it ghosts be

125

00:05:26,800 --> 00:05:24,740

it elementals be it aliens as we

126

00:05:29,490 --> 00:05:26,810

discussed today our transdimensional and

127

00:05:32,770 --> 00:05:29,500

their consciousness is being projected

128

00:05:35,440 --> 00:05:32,780

through some means we don't know and

129

00:05:37,810 --> 00:05:35,450

it's being picked up by our devices and

130

00:05:41,200 --> 00:05:37,820

we can record it and review it later on

131

00:05:43,630 --> 00:05:41,210

so today in the talk we we went over a

132

00:05:47,050 --> 00:05:43,640

few different methods of ITC that have

133

00:05:50,740 --> 00:05:47,060

given really substantial results in

134

00:05:52,900 --> 00:05:50,750

ufology by the way you're just on your

135

00:05:55,510 --> 00:05:52,910

opinion I always say ufology and a lot

136

00:05:57,790 --> 00:05:55,520

of people say UFO what's your take oh

137

00:06:00,730 --> 00:05:57,800

man I'm in no position to make that

138

00:06:02,800 --> 00:06:00,740

determination I I would say ufology I

139

00:06:05,890 --> 00:06:02,810

think it sounds a little better than UFO

140

00:06:08,650 --> 00:06:05,900

ology year yeah all the chooser ologies

141

00:06:11,980 --> 00:06:08,660

exactly yeah and the other thing is like

142

00:06:15,460 --> 00:06:11,990

there's no degree so whenever people

143

00:06:17,860 --> 00:06:15,470

call me a ufologist I just say I'm a UFO

144

00:06:20,110 --> 00:06:17,870

researcher you know go to school for

145

00:06:22,960 --> 00:06:20,120

this that you know there's no there's no

146

00:06:24,760 --> 00:06:22,970

degree in ufology but that's a really

147

00:06:27,370 --> 00:06:24,770

good question I call myself an ITC

148

00:06:30,940 --> 00:06:27,380

specialist there you go yeah yes yeah so

149

00:06:34,570 --> 00:06:30,950

meet UFO specialist so what we discussed

150

00:06:39,130 --> 00:06:34,580

today was hydro-man sea which is the use

151
00:06:42,250 --> 00:06:39,140
of scrying and light and liquid to

152
00:06:45,010 --> 00:06:42,260
obtain images from the other side and

153
00:06:47,200 --> 00:06:45,020
then write high drama see hydro-man sea

154
00:06:51,010 --> 00:06:47,210
goes back centuries like Nostradamus

155
00:06:54,940 --> 00:06:51,020
john d and all of these luminaries used

156
00:06:57,460 --> 00:06:54,950
hydro-man sea to scry and get messages

157
00:07:01,270 --> 00:06:57,470
from the other side and we're also

158
00:07:03,400 --> 00:07:01,280
getting images that are possibly et you

159
00:07:07,630 --> 00:07:03,410
saw a few of those today what did you

160
00:07:09,719 --> 00:07:07,640
think yeah I mean okay so I always

161
00:07:12,930 --> 00:07:09,729
struggle when it comes to

162
00:07:16,050 --> 00:07:12,940
to the idea of what does it called

163
00:07:17,879 --> 00:07:16,060

pareidolia yeah yeah yeah so I mean we

164

00:07:19,950 --> 00:07:17,889

can always factor that sort of thing

165

00:07:22,590 --> 00:07:19,960

into someone suggesting that we're

166

00:07:25,770 --> 00:07:22,600

seeing this in an image but the images

167

00:07:28,409 --> 00:07:25,780

you were showing you weren't telling us

168

00:07:30,600 --> 00:07:28,419

what to look for you were showing us the

169

00:07:32,610 --> 00:07:30,610

image and it was there before you even

170

00:07:34,080 --> 00:07:32,620

started talking about it so that's when

171

00:07:36,240 --> 00:07:34,090

I was like okay there's something to

172

00:07:39,840 --> 00:07:36,250

this I'm seeing it before he's even

173

00:07:42,450 --> 00:07:39,850

telling me and you know I had an idea

174

00:07:44,550 --> 00:07:42,460

that what we were seeing was gonna be

175

00:07:47,250 --> 00:07:44,560

some something to do with an

176

00:07:48,960 --> 00:07:47,260

extraterrestrial but there were some

177

00:07:52,170 --> 00:07:48,970

images he showed that we're just

178

00:07:54,719 --> 00:07:52,180

unarguable in my opinion it's a dead-on

179

00:07:56,490 --> 00:07:54,729

faces yeah grace right right and I think

180

00:07:59,700 --> 00:07:56,500

the other big thing you brought up today

181

00:08:01,980 --> 00:07:59,710

that I found really interesting was your

182

00:08:05,730 --> 00:08:01,990

comparison of what Elster Crowley

183

00:08:08,969 --> 00:08:05,740

saw thus in relating it to the Betty and

184

00:08:09,900 --> 00:08:08,979

Barney Hill case yes so for those who

185

00:08:12,120 --> 00:08:09,910

are from that were you familiar with

186

00:08:14,640 --> 00:08:12,130

that before a little bit a little bit

187

00:08:16,770 --> 00:08:14,650

I've seen the image of lamb on occasion

188

00:08:18,719 --> 00:08:16,780

I've never been a student of the occult

189

00:08:20,520 --> 00:08:18,729

or anything like that but that image

190

00:08:23,070 --> 00:08:20,530

pops up all the time and I always found

191

00:08:24,839 --> 00:08:23,080

myself being like what is that where is

192

00:08:27,659 --> 00:08:24,849

that firm I've never heard it in UFO

193

00:08:29,909 --> 00:08:27,669

literature before or seen seen it in UFO

194

00:08:31,649 --> 00:08:29,919

books so it was pretty interesting when

195

00:08:34,949 --> 00:08:31,659

he showed it to us yeah yeah so what

196

00:08:37,769 --> 00:08:34,959

he's referencing is Aleister Crowley who

197

00:08:40,740 --> 00:08:37,779

I'm sure you've heard of out there I'm

198

00:08:44,579 --> 00:08:40,750

in podcast land and Crowley did a

199

00:08:46,710 --> 00:08:44,589

working in 1917 to communicate with

200

00:08:49,590 --> 00:08:46,720

trans dimensional beings he wanted to

201
00:08:52,620 --> 00:08:49,600
open up a rift a doorway through this

202
00:08:54,329 --> 00:08:52,630
working in Manhattan to communicate with

203
00:08:56,670 --> 00:08:54,339
those with those other trans dimensional

204
00:08:58,440 --> 00:08:56,680
beings and what he did is he projected

205
00:09:01,650 --> 00:08:58,450
his consciousness into this void after

206
00:09:04,920 --> 00:09:01,660
days of work and this being came up to

207
00:09:07,740 --> 00:09:04,930
him and this being said it's name was

208
00:09:11,370 --> 00:09:07,750
lamb and he published it in a

209
00:09:13,440 --> 00:09:11,380
publication called the equinox and when

210
00:09:16,230 --> 00:09:13,450
you look at this image so if you just

211
00:09:16,920 --> 00:09:16,240
google Aleister Crowley lamb you're

212
00:09:19,110 --> 00:09:16,930
gonna see it

213
00:09:23,190 --> 00:09:19,120

you've got the classic guitar pick head

214

00:09:26,280 --> 00:09:23,200

the the eyes the two holes for her nose

215

00:09:28,200 --> 00:09:26,290

slit for a mouth and I asked the

216

00:09:30,900 --> 00:09:28,210

audience saying what do you see here and

217

00:09:32,790 --> 00:09:30,910

everybody said a gray and the thing that

218

00:09:36,180 --> 00:09:32,800

tripped everyone out was this was done

219

00:09:38,280 --> 00:09:36,190

in 1917 Betty and Barney Hill gave us

220

00:09:42,120 --> 00:09:38,290

our first modern representation of the

221

00:09:44,430 --> 00:09:42,130

grain in 1961 yeah so the cool thing

222

00:09:45,990 --> 00:09:44,440

when you actually extrapolate that out

223

00:09:49,260 --> 00:09:46,000

further which I didn't do in the talk

224

00:09:51,660 --> 00:09:49,270

today is if Aleister Crowley worked to

225

00:09:54,480 --> 00:09:51,670

open up a portal between dimensions and

226

00:09:57,090 --> 00:09:54,490

then we started to see Gray's where is

227

00:10:00,270 --> 00:09:57,100

this whole thing due to his work

228

00:10:02,730 --> 00:10:00,280

right you have to wonder like was there

229

00:10:04,590 --> 00:10:02,740

an influence subconsciously did he open

230

00:10:05,220 --> 00:10:04,600

that portal right not close did he open

231

00:10:07,890 --> 00:10:05,230

it yeah

232

00:10:09,960 --> 00:10:07,900

well in fact that's a really good point

233

00:10:12,300 --> 00:10:09,970

because we in the UFO field look at

234

00:10:14,550 --> 00:10:12,310

something like the inception of the

235

00:10:18,240 --> 00:10:14,560

modern UFO era with a kind of Kenneth

236

00:10:20,460 --> 00:10:18,250

Arnold in the flying saucers now we all

237

00:10:21,840 --> 00:10:20,470

know that he actually didn't see flying

238

00:10:25,560 --> 00:10:21,850

a flying saucer

239

00:10:27,900 --> 00:10:25,570

he saw a crescent-shaped object and the

240

00:10:30,090 --> 00:10:27,910

way it moved it looked like a saucer

241

00:10:32,130 --> 00:10:30,100

skipping on water the headline in the

242

00:10:34,410 --> 00:10:32,140

newspaper got it wrong and literally put

243

00:10:37,410 --> 00:10:34,420

flying saucer so what did everyone see

244

00:10:40,770 --> 00:10:37,420

after that saucers exactly so you gotta

245

00:10:43,110 --> 00:10:40,780

wonder when the first modern UFO era

246

00:10:46,260 --> 00:10:43,120

case wasn't even a flying saucer and

247

00:10:48,150 --> 00:10:46,270

everyone saw saucers after that what

248

00:10:50,310 --> 00:10:48,160

came first chicken or the egg you know

249

00:10:52,970 --> 00:10:50,320

well before that we had airships right

250

00:10:54,750 --> 00:10:52,980

yeah and then you know airships

251
00:10:55,910 --> 00:10:54,760
transmogrified into something else

252
00:10:59,730 --> 00:10:55,920
before airships

253
00:11:01,620 --> 00:10:59,740
who knows right and another really

254
00:11:05,520 --> 00:11:01,630
interesting thing that you brought up

255
00:11:08,220 --> 00:11:05,530
was the spirit box who created this yes

256
00:11:09,630 --> 00:11:08,230
why he created and I you know this okay

257
00:11:11,940 --> 00:11:09,640
first of all would you mind giving us a

258
00:11:14,910 --> 00:11:11,950
little history yes and not a problem

259
00:11:16,950 --> 00:11:14,920
so if you want to dig in deeper I've got

260
00:11:20,010 --> 00:11:16,960
a site called ITC voices that covers all

261
00:11:22,500 --> 00:11:20,020
of this stuff but the ghost box as I

262
00:11:26,220 --> 00:11:22,510
call them spirit box is a bastardization

263
00:11:29,160 --> 00:11:26,230

of the name that came out in 2010 for a

264

00:11:31,710 --> 00:11:29,170

commercial device ghost boxes as they

265

00:11:34,320 --> 00:11:31,720

have become known were first created in

266

00:11:35,490 --> 00:11:34,330

2002 by a man named Frank sumption now

267

00:11:37,590 --> 00:11:35,500

the the

268

00:11:41,010 --> 00:11:37,600

creation of this box is just a

269

00:11:43,710 --> 00:11:41,020

fascinating story yeah so you have to go

270

00:11:46,320 --> 00:11:43,720

kind of back into history and that the

271

00:11:49,590 --> 00:11:46,330

first major waves that were made with

272

00:11:50,760 --> 00:11:49,600

EVP electronic voice phenomena for those

273

00:11:52,710 --> 00:11:50,770

who don't know it's basically where he

274

00:11:54,780 --> 00:11:52,720

put down a recorder you ask questions

275

00:11:56,970 --> 00:11:54,790

you play it back and sometimes you'll

276

00:11:58,230 --> 00:11:56,980

get answers that from a voice that

277

00:12:00,560 --> 00:11:58,240

wasn't in the room with you it's a

278

00:12:03,090 --> 00:12:00,570

phenomena that's been around since 1957

279

00:12:04,860 --> 00:12:03,100

so there's this guy named Constantine

280

00:12:07,050 --> 00:12:04,870

rava who wrote a book called

281

00:12:09,720 --> 00:12:07,060

breakthrough that brought EVP to the

282

00:12:13,050 --> 00:12:09,730

Western world it was in English and rot

283

00:12:17,520 --> 00:12:13,060

of a kind of became the jumping off

284

00:12:21,720 --> 00:12:17,530

point for EVP so in 1995 there was this

285

00:12:23,790 --> 00:12:21,730

author named Konstantinos and it was in

286

00:12:25,650 --> 00:12:23,800

popular science magazine or Popular

287

00:12:27,960 --> 00:12:25,660

Mechanics I can't remember right off the

288

00:12:29,460 --> 00:12:27,970

top of my head but it's October 1995 it

289

00:12:32,070 --> 00:12:29,470

was all about communicating with ghosts

290

00:12:35,910 --> 00:12:32,080

and it talked about Constantine rod of

291

00:12:38,990 --> 00:12:35,920

white noise which is a very very

292

00:12:41,640 --> 00:12:39,000

necessary part of communication and

293

00:12:44,340 --> 00:12:41,650

device that rod of a use called the rod

294

00:12:46,980 --> 00:12:44,350

of a diode Frank sumption the guy who

295

00:12:50,990 --> 00:12:46,990

created ghost boxes bought that magazine

296

00:12:54,000 --> 00:12:51,000

because he was all like the the old

297

00:12:56,010 --> 00:12:54,010

boards that we all used to use the

298

00:12:59,790 --> 00:12:56,020

message boards for those kids out there

299

00:13:04,740 --> 00:12:59,800

yeah which later turned into yahoogroups

300

00:13:07,620 --> 00:13:04,750

when that was a little yes so Frank had

301

00:13:10,200 --> 00:13:07,630

this magazine and he was all into EVP

302

00:13:12,329 --> 00:13:10,210

and ghosts and alien communication he

303

00:13:14,940 --> 00:13:12,339

thought the EVP would be great for alien

304

00:13:17,550 --> 00:13:14,950

communication so he bought this magazine

305

00:13:21,360 --> 00:13:17,560

read it put it on a shelf he was a high

306

00:13:24,600 --> 00:13:21,370

school janitor and in the season between

307

00:13:27,660 --> 00:13:24,610

2001 and 2002 he's on his Christmas

308

00:13:29,820 --> 00:13:27,670

vacation he pulls down the magazine he

309

00:13:32,280 --> 00:13:29,830

was a ham radio operator in Vietnam so

310

00:13:34,440 --> 00:13:32,290

he's kind of a tinkerer Wow excuse me uh

311

00:13:35,940 --> 00:13:34,450

yeah radio operator in Vietnam he had

312

00:13:37,770 --> 00:13:35,950

his own ham station he was an

313

00:13:39,900 --> 00:13:37,780

electronics engineer he was a janitor by

314

00:13:42,690 --> 00:13:39,910

trade so he pulled down this magazine

315

00:13:44,910 --> 00:13:42,700

read it went to sleep and a fully formed

316

00:13:48,590 --> 00:13:44,920

circuit to talk to aliens popped into

317

00:13:51,020 --> 00:13:48,600

his head he woke up he wrote it down

318

00:13:53,420 --> 00:13:51,030

and set about making the box the very

319

00:13:55,040 --> 00:13:53,430

first ghost box was made in a cookie tin

320

00:13:58,730 --> 00:13:55,050

and it's still sitting in his widows

321

00:14:00,230 --> 00:13:58,740

kitchen and he didn't know what to call

322

00:14:02,420 --> 00:14:00,240

it at that point in time the name

323

00:14:05,570 --> 00:14:02,430

eventually got ascribed ghost box and

324

00:14:08,600 --> 00:14:05,580

what it is is it's a box that's kind of

325

00:14:11,420 --> 00:14:08,610

crazy you have a radio receiver in it

326

00:14:13,670 --> 00:14:11,430

and basically the you're picking up and

327

00:14:16,910 --> 00:14:13,680

it's scanning this radio receiver at a

328

00:14:18,770 --> 00:14:16,920

super fast rate and with the good boxes

329

00:14:22,640 --> 00:14:18,780

like I have on all these cases over here

330

00:14:25,220 --> 00:14:22,650

he's got quite an arsenal over here I

331

00:14:27,980 --> 00:14:25,230

can admit to that you can you can change

332

00:14:31,100 --> 00:14:27,990

the speeds manually so you can run up

333

00:14:34,490 --> 00:14:31,110

and down the bandwidth manually and as

334

00:14:36,530 --> 00:14:34,500

it goes up and down the bandwidth voices

335

00:14:38,090 --> 00:14:36,540

start to form and the void that's

336

00:14:40,790 --> 00:14:38,100

created and you get crystal clear

337

00:14:43,850 --> 00:14:40,800

communication on some boxes and that's

338

00:14:46,700 --> 00:14:43,860

what a few of the et clips that I played

339

00:14:49,610 --> 00:14:46,710

today we're all about yeah they there

340

00:14:52,520 --> 00:14:49,620

were some startling audio clips that you

341

00:14:54,560 --> 00:14:52,530

shared with us where again what what I

342

00:14:56,300 --> 00:14:54,570

enjoyed about your presentation is you

343

00:14:58,760 --> 00:14:56,310

didn't tell us what to look at you

344

00:15:01,880 --> 00:14:58,770

didn't tell us what to listen for you

345

00:15:04,460 --> 00:15:01,890

just played it and let us decide you

346

00:15:07,400 --> 00:15:04,470

know and it was there man like I I heard

347

00:15:10,030 --> 00:15:07,410

it clear as day a few times the fact

348

00:15:12,650 --> 00:15:10,040

that Pleiades came through the fact that

349

00:15:15,350 --> 00:15:12,660

Anunnaki came through at one point yeah

350

00:15:17,510 --> 00:15:15,360

I was like oh God okay gave me chills

351

00:15:19,940 --> 00:15:17,520

yeah so Frank when he made these boxes

352

00:15:22,550 --> 00:15:19,950

he made them to talk to aliens and

353

00:15:25,400 --> 00:15:22,560

aliens started to talk to him and they

354

00:15:28,010 --> 00:15:25,410

said some really messed up stuff to him

355

00:15:30,050 --> 00:15:28,020

yeah they kept calling him but purple

356

00:15:32,300 --> 00:15:30,060

princess and when I had first met Frank

357

00:15:34,880 --> 00:15:32,310

he actually had purple earrings in his

358

00:15:37,550 --> 00:15:34,890

ear he Justin completely embraced the

359

00:15:41,720 --> 00:15:37,560

role so I call them a purple princess

360

00:15:44,150 --> 00:15:41,730

that he was a diva he was from the

361

00:15:46,610 --> 00:15:44,160

Pleiades okay he was the girl from the

362

00:15:48,920 --> 00:15:46,620

stars he he was brought here by a ship

363

00:15:51,440 --> 00:15:48,930

and dropped off the Anunnaki were going

364

00:16:13,910 --> 00:15:51,450

to pick him up soon okay and when I

365

00:16:13,920 --> 00:16:19,280

who told him

366

00:16:19,290 --> 00:16:29,110

[Applause]

367

00:17:02,930 --> 00:17:00,740

Frank I heard clear is de purple first

368

00:17:06,199 --> 00:17:02,940

of all that was like the big one um what

369

00:17:07,970 --> 00:17:06,209

was the other one I heard um Oh God

370

00:17:10,819 --> 00:17:07,980

well we had stuff like we brought Deva

371

00:17:13,430 --> 00:17:10,829

to them oh my god yeah yeah yeah set by

372

00:17:15,199 --> 00:17:13,440

the shake by the ship that was that one

373

00:17:19,360 --> 00:17:15,209

really and how did that sound to you

374

00:17:21,800 --> 00:17:19,370

those words it felt very um very

375

00:17:26,180 --> 00:17:21,810

mechanical very um

376

00:17:28,910 --> 00:17:26,190

non-human exactly no emotion yeah it was

377

00:17:30,410 --> 00:17:28,920

simply a means to communicate it wasn't

378

00:17:33,040 --> 00:17:30,420

about you know it's like a thought

379

00:17:35,090 --> 00:17:33,050

transferred into words exactly and

380

00:17:38,630 --> 00:17:35,100

consciousness transferred into words

381

00:17:40,550 --> 00:17:38,640

yeah and it sounds like it came from a

382

00:17:43,300 --> 00:17:40,560

species that doesn't speak English it

383

00:17:47,140 --> 00:17:43,310

just grabbed mechanical tones right and

384

00:17:50,030 --> 00:17:47,150

these and the cool part well not cool

385

00:17:51,920 --> 00:17:50,040

but they basically said in this

386

00:17:54,170 --> 00:17:51,930

particular clip were referencing that

387

00:17:56,120 --> 00:17:54,180

Frank was going to be picked up next and

388

00:17:58,420 --> 00:17:56,130

he was to stay advised because he's

389

00:17:59,720 --> 00:17:58,430

departing and he died three months later

390

00:18:05,300 --> 00:17:59,730

yeah

391

00:18:06,860 --> 00:18:05,310

coincidences and the synchronicity use

392

00:18:10,310 --> 00:18:06,870

that seem to be happening with all that

393

00:18:12,470 --> 00:18:10,320

is really startling um the idea of

394

00:18:14,750 --> 00:18:12,480

consciousness mm-hmm this is something

395

00:18:17,240 --> 00:18:14,760

that I think the UFO community is very

396

00:18:19,190 --> 00:18:17,250

new to I mean there's there have been

397

00:18:23,840 --> 00:18:19,200

people who brought this up in the past

398

00:18:26,360 --> 00:18:23,850

but when you have some of our most

399

00:18:29,990 --> 00:18:26,370

prominent scientists and physicists and

400

00:18:31,700 --> 00:18:30,000

everyone talking about if there is life

401
00:18:34,249 --> 00:18:31,710
out there they're gonna communicate with

402
00:18:36,769 --> 00:18:34,259
us through radio signal

403
00:18:39,320 --> 00:18:36,779
and where has that gotten us

404
00:18:41,690 --> 00:18:39,330
we talked earlier the wife said no okay

405
00:18:44,479 --> 00:18:41,700
yeah that's pretty much it if you think

406
00:18:47,149 --> 00:18:44,489
about it so why do we continue to use

407
00:18:50,389 --> 00:18:47,159
this means to try to communicate with et

408
00:18:54,619 --> 00:18:50,399
because on these boxes they communicated

409
00:18:56,299 --> 00:18:54,629
via radio yeah yeah but also the idea of

410
00:18:58,519 --> 00:18:56,309
consciousness you know communicating

411
00:19:00,619 --> 00:18:58,529
through the radio with consciousness -

412
00:19:02,090 --> 00:19:00,629
right consciousness is the key yeah

413
00:19:04,279 --> 00:19:02,100

because if you're dealing with a

414

00:19:07,519 --> 00:19:04,289

sentient being you're dealing with a

415

00:19:10,099 --> 00:19:07,529

conscious being but you want to find a

416

00:19:12,109 --> 00:19:10,109

way to communicate that you're gonna

417

00:19:13,399 --> 00:19:12,119

have consciousness on both ends and

418

00:19:15,259 --> 00:19:13,409

that's where instrumental

419

00:19:16,879 --> 00:19:15,269

transcommunication comes in right

420

00:19:21,499 --> 00:19:16,889

because consciousness that leads to

421

00:19:25,220 --> 00:19:21,509

consciousness it's it's it's hard to

422

00:19:26,960 --> 00:19:25,230

explain if you've never done ITC but

423

00:19:29,840 --> 00:19:26,970

you're dealing with a sentient being

424

00:19:32,840 --> 00:19:29,850

that is communicating with you that you

425

00:19:35,539 --> 00:19:32,850

cannot see physically physically right

426
00:19:39,019 --> 00:19:35,549
you are having conversations through a

427
00:19:42,019 --> 00:19:39,029
broken radio yeah yeah and they're

428
00:19:45,619 --> 00:19:42,029
making themselves known in two-way

429
00:19:48,109 --> 00:19:45,629
conversation right so for the skeptics

430
00:19:51,830 --> 00:19:48,119
out there yeah are these these nuts and

431
00:19:54,229 --> 00:19:51,840
bolts ufologists who unless that you

432
00:19:56,149 --> 00:19:54,239
know metal craft is on the ground and

433
00:19:58,190 --> 00:19:56,159
I've got trace evidence that I can look

434
00:20:03,710 --> 00:19:58,200
at what do you say to the people out

435
00:20:05,419 --> 00:20:03,720
there who don't don't ascribe to any of

436
00:20:08,180 --> 00:20:05,429
this consciousness stuff when it comes

437
00:20:12,440 --> 00:20:08,190
to et what what would you say to them in

438
00:20:16,129 --> 00:20:12,450

terms of we haven't we haven't like oh

439

00:20:17,539 --> 00:20:16,139
in 70 years we've got some crop

440

00:20:19,789 --> 00:20:17,549
circles that may or may not be crop

441

00:20:22,070 --> 00:20:19,799
circles right that's it right we got

442

00:20:25,129 --> 00:20:22,080
some metals that you know you're all

443

00:20:27,139 --> 00:20:25,139
come back pretty prosaic in this case

444

00:20:28,789 --> 00:20:27,149
and the best part is these metals are

445

00:20:30,739 --> 00:20:28,799
passed from researcher to researcher and

446

00:20:32,599 --> 00:20:30,749
constantly get retested and it's always

447

00:20:35,509 --> 00:20:32,609
the same result right it's always the

448

00:20:38,389 --> 00:20:35,519
same result so I mean is this a whole

449

00:20:41,629 --> 00:20:38,399
avenue of you follow G that you think is

450

00:20:45,080 --> 00:20:41,639
is untapped I think it's wholly untapped

451
00:20:47,130 --> 00:20:45,090
okay if you go back into them to the

452
00:20:49,950 --> 00:20:47,140
annals of EVP history

453
00:20:51,150 --> 00:20:49,960
like Raymond Cass and Sara estep they

454
00:20:53,490 --> 00:20:51,160
were claiming that they were getting

455
00:20:54,960 --> 00:20:53,500
alien voices and I've listened to

456
00:20:56,520 --> 00:20:54,970
Cassidy there's the voice on there

457
00:20:57,750 --> 00:20:56,530
claiming to be from another planet and

458
00:20:59,820 --> 00:20:57,760
stuff like that okay

459
00:21:02,820 --> 00:20:59,830
these are simple techniques where you

460
00:21:04,710 --> 00:21:02,830
can just throw down a recorder for those

461
00:21:06,930 --> 00:21:04,720
who are out there doing like ce-5

462
00:21:10,320 --> 00:21:06,940
sessions if you're if you're meditating

463
00:21:13,980 --> 00:21:10,330

and trying to communicate with the with

464

00:21:16,140 --> 00:21:13,990

alien consciousness record it what have

465

00:21:19,710 --> 00:21:16,150

you got to lose when you're in a field

466

00:21:21,870 --> 00:21:19,720

doing an investigation just put the

467

00:21:24,150 --> 00:21:21,880

recorder down and sit there for hunt for

468

00:21:27,060 --> 00:21:24,160

half an hour and see what you get right

469

00:21:29,520 --> 00:21:27,070

I mean it's not hard to implement no

470

00:21:32,580 --> 00:21:29,530

it's not it's a simple press of a button

471

00:21:36,450 --> 00:21:32,590

yes like we're doing right now right my

472

00:21:38,070 --> 00:21:36,460

last question for a Tim is um there's

473

00:21:41,130 --> 00:21:38,080

been a lot of talk at the conference so

474

00:21:43,530 --> 00:21:41,140

far about the intersectionality of all

475

00:21:44,490 --> 00:21:43,540

these phenomena whether it's cryptids or

476

00:21:47,580 --> 00:21:44,500

in the supernatural

477

00:21:50,520 --> 00:21:47,590

or UFOs and we all seem to be stuck in

478

00:21:53,520 --> 00:21:50,530

these camps of if there's a ghost

479

00:21:56,400 --> 00:21:53,530

involved there's no alien involved what

480

00:21:58,919 --> 00:21:56,410

are your thoughts on the either non

481

00:22:00,930 --> 00:21:58,929

connections or connections between all

482

00:22:02,760 --> 00:22:00,940

these phenomena I'm completely in the

483

00:22:05,520 --> 00:22:02,770

Keele camp where everything is

484

00:22:07,500 --> 00:22:05,530

interconnected I mean I think most of

485

00:22:09,750 --> 00:22:07,510

the phenomena is completely related to

486

00:22:12,150 --> 00:22:09,760

our consciousness and what we are

487

00:22:15,120 --> 00:22:12,160

calling to the forefront you know if I'm

488

00:22:17,750 --> 00:22:15,130

going on an investigation I've I have

489

00:22:20,010 --> 00:22:17,760

evidence on my site that we are actually

490

00:22:22,860 --> 00:22:20,020

sometimes we're recording people who are

491

00:22:24,600 --> 00:22:22,870

alive and their consciousness is coming

492

00:22:27,180 --> 00:22:24,610

through our devices okay and they're not

493

00:22:29,250 --> 00:22:27,190

present in the room I mean this is

494

00:22:30,630 --> 00:22:29,260

indisputable audio I've ran it through

495

00:22:33,630 --> 00:22:30,640

spectrograms where you can compare that

496

00:22:35,039 --> 00:22:33,640

every the EQ the frequency is between the

497

00:22:38,220 --> 00:22:35,049

two and they match Wow

498

00:22:39,870 --> 00:22:38,230

it's it's absolutely insane but when you

499

00:22:43,230 --> 00:22:39,880

look at that and you're like well I'm

500

00:22:45,870 --> 00:22:43,240

out here doing a UFO investigation if I

501
00:22:49,530 --> 00:22:45,880
know consciousness from a living person

502
00:22:52,890 --> 00:22:49,540
can somehow translate itself into a

503
00:22:55,049 --> 00:22:52,900
device how do I know that when I'm out

504
00:22:57,390 --> 00:22:55,059
on a UFO investigation my consciousness

505
00:22:58,870 --> 00:22:57,400
isn't creating the results of the

506
00:23:03,370 --> 00:22:58,880
investigation here

507
00:23:06,580 --> 00:23:03,380
we don't yeah I mean we apply ourselves

508
00:23:09,450 --> 00:23:06,590
and you never know you can also throw a

509
00:23:12,520 --> 00:23:09,460
retrocausality into it where you know

510
00:23:15,760 --> 00:23:12,530
ten years from now we could be sitting

511
00:23:17,560 --> 00:23:15,770
down talking and our conversation ten

512
00:23:19,600 --> 00:23:17,570
years from now could be informing what

513
00:23:22,780 --> 00:23:19,610

we're saying right now right

514

00:23:26,110 --> 00:23:22,790

I mean retrocausality is possible in

515

00:23:28,810 --> 00:23:26,120

physics yeah it's there's so much out

516

00:23:31,510 --> 00:23:28,820

there that we don't know and to just

517

00:23:33,850 --> 00:23:31,520

simply limit yourself to nuts and bolts

518

00:23:37,120 --> 00:23:33,860

is to do yourself and the field and a

519

00:23:40,330 --> 00:23:37,130

disservice yeah I I'm so happy to hear

520

00:23:43,690 --> 00:23:40,340

you say that as as a younger UFO

521

00:23:47,230 --> 00:23:43,700

researcher coming into a field of let's

522

00:23:50,800 --> 00:23:47,240

be honest in old guard or gatekeepers as

523

00:23:53,380 --> 00:23:50,810

it were it's tough when you want to

524

00:23:55,330 --> 00:23:53,390

scream I want to talk to this guy who's

525

00:23:57,730 --> 00:23:55,340

looking at the paranormal and see what

526
00:23:59,320 --> 00:23:57,740
he has to say about it they say oh no no

527
00:24:02,040 --> 00:23:59,330
we don't talk to them we don't talk to

528
00:24:04,390 --> 00:24:02,050
them so I think bridging that gap and

529
00:24:08,200 --> 00:24:04,400
having someone like yourself bring an

530
00:24:11,410 --> 00:24:08,210
entire new set of standards to the UFO

531
00:24:14,050 --> 00:24:11,420
field is not only cool but it's

532
00:24:15,580 --> 00:24:14,060
essential so I have to thank you for

533
00:24:17,740 --> 00:24:15,590
that can you give us your website the

534
00:24:20,880 --> 00:24:17,750
more time yeah I've got two sites one

535
00:24:24,550 --> 00:24:20,890
dedicated strictly to ITC it's called

536
00:24:28,270 --> 00:24:24,560
ITC voices org and I've got one that is

537
00:24:30,700 --> 00:24:28,280
more expansive that covers every facet

538
00:24:32,970 --> 00:24:30,710

of the paranormal including ufology you

539

00:24:35,830 --> 00:24:32,980

can see I've switched it up there yeah

540

00:24:38,530 --> 00:24:35,840

and that's called a paranormal study

541

00:24:40,080 --> 00:24:38,540

comm okay awesome and do you have

542

00:24:41,920 --> 00:24:40,090

anything else coming up any

543

00:24:44,740 --> 00:24:41,930

investigations or anything you're

544

00:24:47,290 --> 00:24:44,750

working on oh I have some fun stuff

545

00:24:50,170 --> 00:24:47,300

coming up I can't release it right now

546

00:24:53,020 --> 00:24:50,180

but yeah there's some really cool stuff

547

00:24:55,570 --> 00:24:53,030

for me in the future happy to do that

548

00:24:57,160 --> 00:24:55,580

and a bunch of cons coming up so yeah

549

00:24:58,780 --> 00:24:57,170

google my name see if I'm coming to an

550

00:25:00,370 --> 00:24:58,790

area near you awesome and in the

551
00:25:03,000 --> 00:25:00,380
meantime we're just gonna keep drinking

552
00:25:05,620 --> 00:25:03,010
your amazing beer Cheers cheers brother

553
00:25:06,580 --> 00:25:05,630
damn that's good well you got to try

554
00:25:12,039 --> 00:25:06,590
this one

555
00:25:14,619 --> 00:25:12,049
I am with Eric majakowski right now and

556
00:25:16,330 --> 00:25:14,629
we met for the first time today man I

557
00:25:17,980 --> 00:25:16,340
met so many people for the very first

558
00:25:19,749 --> 00:25:17,990
time here in Michigan that have been

559
00:25:21,639 --> 00:25:19,759
waiting to meet forever and you're one

560
00:25:23,379 --> 00:25:21,649
of those people thank you yeah we've had

561
00:25:25,690 --> 00:25:23,389
some conversations on Twitter and

562
00:25:26,860 --> 00:25:25,700
Facebook and so forth and I knew you

563
00:25:28,060 --> 00:25:26,870

were gonna be here and I was gonna be

564

00:25:30,999 --> 00:25:28,070

here in our tables are right across from

565

00:25:33,100 --> 00:25:31,009

you I know isn't it crazy you you follow

566

00:25:34,869 --> 00:25:33,110

people on social networks you listen to

567

00:25:36,850 --> 00:25:34,879

all this podcast and then when you

568

00:25:38,680 --> 00:25:36,860

actually meet in person it's almost

569

00:25:40,180 --> 00:25:38,690

surreal it's like oh my god I've been

570

00:25:41,350 --> 00:25:40,190

listening to this person or watching

571

00:25:42,730 --> 00:25:41,360

them for so long right I've been

572

00:25:46,060 --> 00:25:42,740

listening to somewhere in this guy's

573

00:25:47,409 --> 00:25:46,070

podcast and I listen to your most recent

574

00:25:49,299 --> 00:25:47,419

one about the UFO Congress I know you

575

00:25:51,070 --> 00:25:49,309

couldn't be there but you had your

576

00:25:53,289 --> 00:25:51,080

soldiers out on the Abdo during the

577

00:25:54,909 --> 00:25:53,299

interviews and so forth and yeah so I'm

578

00:25:58,629 --> 00:25:54,919

very familiar with your work awesome

579

00:25:59,950 --> 00:25:58,639

No are you a Michigan yes yes I live in

580

00:26:02,009 --> 00:25:59,960

Livonia which is a suburb of Detroit

581

00:26:04,570 --> 00:26:02,019

okay and I've lived in the area

582

00:26:06,519 --> 00:26:04,580

southeast Michigan my whole life okay go

583

00:26:08,830 --> 00:26:06,529

and the reason I wanted to talk to you

584

00:26:10,720 --> 00:26:08,840

today is about your book but before we

585

00:26:12,759 --> 00:26:10,730

get to that yeah how did you get

586

00:26:15,159 --> 00:26:12,769

involved in the UFO thing do you have

587

00:26:17,799 --> 00:26:15,169

like a an origin story like a lot of us

588

00:26:19,840 --> 00:26:17,809

do um mainly my father of a grandfather

589

00:26:21,789 --> 00:26:19,850

they would they would talk about these

590

00:26:23,259 --> 00:26:21,799

things and in search of was a good big

591

00:26:26,080 --> 00:26:23,269

back in the 70s and he would watch that

592

00:26:29,859 --> 00:26:26,090

and so there's Bigfoot and UFOs and my

593

00:26:31,720 --> 00:26:29,869

interest in UFOs got started with when I

594

00:26:35,710 --> 00:26:31,730

got interested in ancient Egypt when I

595

00:26:37,119 --> 00:26:35,720

was in college and a friend of mine says

596

00:26:40,690 --> 00:26:37,129

well you know there's pyramids on Mars

597

00:26:42,820 --> 00:26:40,700

right and that started it I got Richard

598

00:26:44,350 --> 00:26:42,830

Hoagland monuments of Mars I read that

599

00:26:47,139 --> 00:26:44,360

and that leads into Chariots of the Gods

600

00:26:48,519 --> 00:26:47,149

and then to zecharia sitchin and now I'm

601
00:26:50,169 --> 00:26:48,529
interested in the ancient astronaut

602
00:26:52,269 --> 00:26:50,179
theory which today everyone only knows

603
00:26:53,680 --> 00:26:52,279
his ancient alien right of course but I

604
00:26:55,810 --> 00:26:53,690
still go with ancient astronaut theory

605
00:26:57,639 --> 00:26:55,820
okay yeah well see and that's the thing

606
00:26:59,940 --> 00:26:57,649
right this stuff has been going on long

607
00:27:04,070 --> 00:26:59,950
before the TV show right you mentioned

608
00:27:06,500 --> 00:27:04,080
Daniken and Stitch anything yep

609
00:27:08,540 --> 00:27:06,510
so what do you make of the whole ancient

610
00:27:10,430 --> 00:27:08,550
that sugar theory I got asked a lot of

611
00:27:12,500 --> 00:27:10,440
people don't don't put a lot of stock

612
00:27:14,720 --> 00:27:12,510
into it you know yeah when they're

613
00:27:17,180 --> 00:27:14,730

saying aliens but the pyramids we know

614

00:27:19,540 --> 00:27:17,190

oh well it was probably human beings or

615

00:27:23,360 --> 00:27:19,550

I did it what do you make of that oil

616

00:27:25,760 --> 00:27:23,370

complexity of did aliens build beasts

617

00:27:27,380 --> 00:27:25,770

you know the monuments of yeah no I

618

00:27:29,780 --> 00:27:27,390

don't think that they did

619

00:27:31,820 --> 00:27:29,790

okay I'm fairly there was a guy that I

620

00:27:33,830 --> 00:27:31,830

worked with and he was an anthropologist

621

00:27:34,550 --> 00:27:33,840

and he was Mesoamerican actually Mayan

622

00:27:37,810 --> 00:27:34,560

and so forth

623

00:27:40,070 --> 00:27:37,820

Aztec I think was his specialty and he

624

00:27:41,420 --> 00:27:40,080

wasn't working at the time so he worked

625

00:27:44,870 --> 00:27:41,430

in the bookstore with me in the early

626

00:27:46,580 --> 00:27:44,880

90s and he was bit irritated that I was

627

00:27:48,260 --> 00:27:46,590

really entertaining the theories because

628

00:27:49,970 --> 00:27:48,270

his specialty I was almost assaulting

629

00:27:51,800 --> 00:27:49,980

the specialty you know with this stuff

630

00:27:53,150 --> 00:27:51,810

and he said he encouraged me Eric just

631

00:27:55,520 --> 00:27:53,160

keep reading just keep reading and he

632

00:27:57,560 --> 00:27:55,530

recommended books more books to read and

633

00:27:59,240 --> 00:27:57,570

the more that I the more than I read

634

00:28:01,640 --> 00:27:59,250

about ancient history and the more I

635

00:28:04,010 --> 00:28:01,650

realized Sitchin was wrong and von

636

00:28:05,300 --> 00:28:04,020

Daniken was wrong and my actual first

637

00:28:07,310 --> 00:28:05,310

article that I ever got published

638

00:28:09,770 --> 00:28:07,320

regarding this was with Michael Shermer

639

00:28:13,130 --> 00:28:09,780

skeptic magazine where I took apart

640

00:28:15,950 --> 00:28:13,140

stitches theory and that was about 20

641

00:28:17,300 --> 00:28:15,960

years ago 1998 okay actually and ever

642

00:28:22,580 --> 00:28:17,310

since then I've had the bug to write

643

00:28:24,830 --> 00:28:22,590

about it that's awesome and I mean the

644

00:28:27,440 --> 00:28:24,840

fact that one of your first articles on

645

00:28:30,470 --> 00:28:27,450

UFAs and/or ancient alien theory isn't a

646

00:28:32,510 --> 00:28:30,480

skeptic magazine yeah yeah my last copy

647

00:28:34,070 --> 00:28:32,520

I had here and somebody really wanted us

648

00:28:36,620 --> 00:28:34,080

I guess yeah yeah I wonder who that

649

00:28:39,530 --> 00:28:36,630

person could be you'll be seeing photos

650

00:28:41,690 --> 00:28:39,540

of that suit guys autographed copy so

651

00:28:44,450 --> 00:28:41,700

tell us a little about your book we go

652

00:28:46,430 --> 00:28:44,460

from you know a simple article to book

653

00:28:48,590 --> 00:28:46,440

form and I know that feeling in yeah

654

00:28:50,150 --> 00:28:48,600

it's a big leap yeah I've been I've been

655

00:28:52,400 --> 00:28:50,160

writing story since I was in second

656

00:28:53,960 --> 00:28:52,410

grade okay yeah no and of course when

657

00:28:55,130 --> 00:28:53,970

you get the writing bug and people pat

658

00:28:57,200 --> 00:28:55,140

you on the shoulder you start upgrading

659

00:28:58,280 --> 00:28:57,210

yeah the book in question you're

660

00:29:00,890 --> 00:28:58,290

referring to is called chasing

661

00:29:04,070 --> 00:29:00,900

disclosure that's my second novel that

662

00:29:05,300 --> 00:29:04,080

one was released on December 7th of 2017

663

00:29:07,280 --> 00:29:05,310

and the reason why that is so

664

00:29:10,130 --> 00:29:07,290

fascinating to me is the week later

665

00:29:11,120 --> 00:29:10,140

December 16th of 2017 the New York Times

666

00:29:13,430 --> 00:29:11,130

story yeah

667

00:29:13,980 --> 00:29:13,440

was Leslie Kean Blumenthal's story the

668

00:29:17,820 --> 00:29:13,990

hits and

669

00:29:21,330 --> 00:29:17,830

like what free advertising friend of

670

00:29:22,470 --> 00:29:21,340

mine goes what kind of ad ever what kind

671

00:29:29,010 --> 00:29:22,480

of money you got for advertising you've

672

00:29:30,660 --> 00:29:29,020

got the Pentagon you pay your tax owner

673

00:29:32,280 --> 00:29:30,670

I'm actually at a water park with my

674

00:29:33,630 --> 00:29:32,290

kids in the hotel winding down the

675

00:29:39,180 --> 00:29:33,640

evening and I'm seeing the story I'm

676

00:29:41,880 --> 00:29:39,190

like well look at that that Street him

677

00:29:44,220 --> 00:29:41,890

at the most random moment yeah it was

678

00:29:45,990 --> 00:29:44,230

dropped into our laps none of us knew it

679

00:29:48,870 --> 00:29:46,000

was coming and that's kind of how this

680

00:29:50,310 --> 00:29:48,880

whole phenomenon seems to be yeah you

681

00:29:52,590 --> 00:29:50,320

know it comes from the least expected

682

00:29:54,660 --> 00:29:52,600

it's dropped in your life and it changes

683

00:29:57,240 --> 00:29:54,670

everything and no matter what people

684

00:29:59,850 --> 00:29:57,250

think about to the Stars Academy or the

685

00:30:02,100 --> 00:29:59,860

eight head program and what they did it

686

00:30:05,460 --> 00:30:02,110

has changed the UFO conversation moving

687

00:30:06,930 --> 00:30:05,470

forward from a new generation what do

688

00:30:08,820 --> 00:30:06,940

you make of that whole thing before we

689

00:30:10,500 --> 00:30:08,830

get to the the book you mean to the

690

00:30:13,940 --> 00:30:10,510

stars yeah what do you make of yeah all

691

00:30:17,690 --> 00:30:13,950

this stuff with them and it seems like

692

00:30:20,970 --> 00:30:17,700

with UFOs I'll just talk with just UFO

693

00:30:23,070 --> 00:30:20,980

disclosure is always coming like it's

694

00:30:25,290 --> 00:30:23,080

just wait just be patient I've been

695

00:30:28,110 --> 00:30:25,300

playing with this information since the

696

00:30:30,030 --> 00:30:28,120

90s it's sort of the x-files thing just

697

00:30:32,610 --> 00:30:30,040

wait the patient agent Mulder it's

698

00:30:34,650 --> 00:30:32,620

coming and right we just we're gonna

699

00:30:36,090 --> 00:30:34,660

release it early and it never comes it's

700

00:30:37,740 --> 00:30:36,100

almost like you keep dangling that

701
00:30:40,169 --> 00:30:37,750
carrot and people keep investing and

702
00:30:45,299 --> 00:30:40,179
keep buying your stuff does time the

703
00:30:49,380 --> 00:30:45,309
long have the goods show your name any

704
00:30:51,330 --> 00:30:49,390
other field of inquiry or any science or

705
00:30:54,450 --> 00:30:51,340
any like physics or astronomy if

706
00:30:56,850 --> 00:30:54,460
somebody said we discovered structure on

707
00:30:58,650 --> 00:30:56,860
the moon just wait we'll wait will show

708
00:31:02,400 --> 00:30:58,660
you when we're ready what that doesn't

709
00:31:04,440 --> 00:31:02,410
make any sense we've discovered a new

710
00:31:05,970 --> 00:31:04,450
field of physics or something you know

711
00:31:08,280 --> 00:31:05,980
we know how string theory absolutely

712
00:31:10,680 --> 00:31:08,290
works sort of but just wait we'll reveal

713
00:31:12,990 --> 00:31:10,690

it as it no you get you let the

714

00:31:14,620 --> 00:31:13,000

universities handle the information you

715

00:31:16,450 --> 00:31:14,630

you put the information out there

716

00:31:18,400 --> 00:31:16,460

you let you let experts in the field

717

00:31:20,710 --> 00:31:18,410

test it and look at it you don't keep

718

00:31:21,730 --> 00:31:20,720

their proprietary friend so I don't know

719

00:31:24,640 --> 00:31:21,740

what he's doing

720

00:31:26,530 --> 00:31:24,650

yeah you know I'll don't I'm just I'm

721

00:31:28,990 --> 00:31:26,540

waiting yeah I'm waiting like everybody

722

00:31:31,750 --> 00:31:29,000

else like Tom just just tell us I think

723

00:31:35,920 --> 00:31:31,760

that's a good word for it we're waiting

724

00:31:37,660 --> 00:31:35,930

and that's what an entertainer does you

725

00:31:40,300 --> 00:31:37,670

know well that they they want to build

726

00:31:42,280 --> 00:31:40,310

that into solution and that's this whole

727

00:31:44,860 --> 00:31:42,290

atomic belong to the Stars thing a lot

728

00:31:47,320 --> 00:31:44,870

of people are worried because it is an

729

00:31:49,300 --> 00:31:47,330

entertainment it's partially an

730

00:31:50,980 --> 00:31:49,310

entertainment company is releasing he's

731

00:31:53,080 --> 00:31:50,990

releasing fictional books which the

732

00:31:56,110 --> 00:31:53,090

first book I've read is really good yeah

733

00:31:58,540 --> 00:31:56,120

secret machines but then he's doing this

734

00:32:01,420 --> 00:31:58,550

supposedly realistic like nonfiction

735

00:32:02,940 --> 00:32:01,430

side but I'm like I don't know we're

736

00:32:06,610 --> 00:32:02,950

like imagine of Physics Department

737

00:32:08,620 --> 00:32:06,620

releasing cartoons and making stuff up I

738

00:32:10,720 --> 00:32:08,630

don't know just it's weird I'm like this

739

00:32:13,420 --> 00:32:10,730

time come on come on just show us all

740

00:32:15,370 --> 00:32:13,430

right well speaking of mixing fiction

741

00:32:16,930 --> 00:32:15,380

the truth yeah that brings us back to

742

00:32:17,800 --> 00:32:16,940

you yeah thanks so tell us a little

743

00:32:20,560 --> 00:32:17,810

about the book

744

00:32:22,180 --> 00:32:20,570

okay chasing disclosure is the title and

745

00:32:24,280 --> 00:32:22,190

basically what I wanted to do because

746

00:32:26,680 --> 00:32:24,290

UFOs have been an interest of mine and

747

00:32:28,390 --> 00:32:26,690

ancient aliens for that matter for

748

00:32:31,150 --> 00:32:28,400

decades is I wanted to contribute to

749

00:32:32,470 --> 00:32:31,160

this field but every time that I took

750

00:32:34,690 --> 00:32:32,480

notes and thought of things I felt that

751
00:32:36,790 --> 00:32:34,700
I was just returning old ground bringing

752
00:32:38,440 --> 00:32:36,800
up old mastery just everything every

753
00:32:40,300 --> 00:32:38,450
time you read a new UFO book I can't

754
00:32:44,020 --> 00:32:40,310
help but feel the 80% of it I've already

755
00:32:45,940 --> 00:32:44,030
read about okay what if I just take a

756
00:32:48,160 --> 00:32:45,950
fictional fictional characters create a

757
00:32:49,720 --> 00:32:48,170
fictional story but add elements into it

758
00:32:51,790 --> 00:32:49,730
sort of like what James Cameron did with

759
00:32:53,440 --> 00:32:51,800
the movie Titanic he takes some big

760
00:32:54,910 --> 00:32:53,450
characters but to tell their story and

761
00:32:56,710 --> 00:32:54,920
that's what I did so anybody that's

762
00:32:58,960 --> 00:32:56,720
interested in ufology the study of UFOs

763
00:33:00,730 --> 00:32:58,970

and so forth they're gonna recognize a

764

00:33:03,340 --> 00:33:00,740

lot in the book I know that story I know

765

00:33:04,870 --> 00:33:03,350

that started all that story and anybody

766

00:33:06,610 --> 00:33:04,880

who's not interested or doesn't know

767

00:33:09,920 --> 00:33:06,620

much about UFOs will get an education

768

00:33:12,680 --> 00:33:09,930

and some elements that we talk about

769

00:33:15,020 --> 00:33:12,690

so what I did is the gist of the story

770

00:33:18,890 --> 00:33:15,030

the summary of the story begins with the

771

00:33:20,480 --> 00:33:18,900

plane crash and the only the only one

772

00:33:22,460 --> 00:33:20,490

who is currently conscious and awake

773

00:33:23,690 --> 00:33:22,470

during the entire from the time it was

774

00:33:25,910 --> 00:33:23,700

in the sky to the time it crash is a

775

00:33:27,440 --> 00:33:25,920

seven year old girl and the plane comes

776

00:33:29,300 --> 00:33:27,450

down looking like it had been crushed in

777

00:33:32,240 --> 00:33:29,310

the sky like a pop can that had been

778

00:33:33,800 --> 00:33:32,250

squeezed and that's why the passengers

779

00:33:35,480 --> 00:33:33,810

most of them go unconscious because the

780

00:33:36,650 --> 00:33:35,490

cabin loses pressure and that happens

781

00:33:38,000 --> 00:33:36,660

when I way up there but for some reason

782

00:33:38,840 --> 00:33:38,010

this young girl the seven-year-old was

783

00:33:40,490 --> 00:33:38,850

conscious the whole time

784

00:33:42,590 --> 00:33:40,500

other than the pilots but the pilots

785

00:33:43,820 --> 00:33:42,600

aren't talking because the company's

786

00:33:45,500 --> 00:33:43,830

like we don't talk there's gonna be a

787

00:33:48,140 --> 00:33:45,510

lawsuit so the only work so there's a

788

00:33:50,420 --> 00:33:48,150

UFO researcher he's the protagonist and

789

00:33:51,500 --> 00:33:50,430

this researcher he says I got to get to

790

00:33:52,940 --> 00:33:51,510

this girl find out what happened in the

791

00:33:54,950 --> 00:33:52,950

sky did something but did something

792

00:33:56,570 --> 00:33:54,960

squeeze this plane when it was up there

793

00:33:59,600 --> 00:33:56,580

did it get attacked and let got what

794

00:34:01,460 --> 00:33:59,610

happened and so he investigates he ends

795

00:34:04,610 --> 00:34:01,470

up getting in touch with the sparrow

796

00:34:06,530 --> 00:34:04,620

interviewing this girl and parallel with

797

00:34:08,659 --> 00:34:06,540

the story is him doing an investigation

798

00:34:11,030 --> 00:34:08,669

about the UFO phenomenon and discovering

799

00:34:12,889 --> 00:34:11,040

some things he was a soldier in Iraq he

800

00:34:16,310 --> 00:34:12,899

was exposed to some things in the desert

801
00:34:18,230 --> 00:34:16,320
and so you get his history at the same

802
00:34:19,669 --> 00:34:18,240
time discussing this young girl and at

803
00:34:21,830 --> 00:34:19,679
the end I weave together this story

804
00:34:24,260 --> 00:34:21,840
about what he thinks is happening and

805
00:34:27,380 --> 00:34:24,270
it's all somehow connected and it's all

806
00:34:29,919 --> 00:34:27,390
connected yeah synchronicity is we find

807
00:34:32,240 --> 00:34:29,929
within these fields is phenomena are

808
00:34:34,280 --> 00:34:32,250
extremely telling I think of what

809
00:34:38,810 --> 00:34:34,290
whatever may lay at the source of the

810
00:34:42,260 --> 00:34:38,820
UFO right or just the information that

811
00:34:44,000 --> 00:34:42,270
people hold when it comes to you yeah

812
00:34:44,960 --> 00:34:44,010
you know there's a very trickster

813
00:34:48,169 --> 00:34:44,970

element at work

814

00:34:50,630 --> 00:34:48,179

oh yes that's what keeps me on my toes

815

00:34:52,940 --> 00:34:50,640

is knowing that we may never know the

816

00:34:55,730 --> 00:34:52,950

answers maybe your characters will maybe

817

00:34:58,270 --> 00:34:55,740

they won't in the book maybe you and I

818

00:34:59,920 --> 00:34:58,280

will never know what the hell you

819

00:35:03,160 --> 00:34:59,930

I mean just coming to events this

820

00:35:05,140 --> 00:35:03,170

meeting people talking that's that's

821

00:35:07,210 --> 00:35:05,150

reward enough like I was discussing

822

00:35:09,610 --> 00:35:07,220

earlier some people go to Star Trek

823

00:35:12,910 --> 00:35:09,620

conventions not one of them believes

824

00:35:15,280 --> 00:35:12,920

that Klingons exist that there's a

825

00:35:17,020 --> 00:35:15,290

federation and so forth but they dress

826

00:35:19,120 --> 00:35:17,030

up and they play the part and they enjoy

827

00:35:21,730 --> 00:35:19,130

themselves and they have fun so even if

828

00:35:23,440 --> 00:35:21,740

there's nothing to this I've met a lot

829

00:35:25,300 --> 00:35:23,450

of great people yeah and we can talk

830

00:35:26,500 --> 00:35:25,310

about things I can't talk about outside

831

00:35:28,180 --> 00:35:26,510

of this because nobody knows I'm talking

832

00:35:30,220 --> 00:35:28,190

about because they're not into it right

833

00:35:31,750 --> 00:35:30,230

I don't like sports very much I don't

834

00:35:33,700 --> 00:35:31,760

know much about football I can't talk

835

00:35:36,820 --> 00:35:33,710

about football yeah that's okay most of

836

00:35:39,070 --> 00:35:36,830

you can't talk about you I have been

837

00:35:40,660 --> 00:35:39,080

there man trying to have a beer know at

838

00:35:43,510 --> 00:35:40,670

the bar with my dad and he's telling me

839

00:35:44,680 --> 00:35:43,520

the stats I don't know what the hell

840

00:35:45,790 --> 00:35:44,690

he's talking about

841

00:35:48,190 --> 00:35:45,800

but I could tell him about what happened

842

00:35:49,840 --> 00:35:48,200

in Roswell next exactly and I can give

843

00:35:52,300 --> 00:35:49,850

you some dates and times and who started

844

00:35:53,710 --> 00:35:52,310

it yeah you know that's what we do right

845

00:35:55,330 --> 00:35:53,720

I actually think that when you were

846

00:35:56,860 --> 00:35:55,340

talking about getting to the bottom of

847

00:35:58,390 --> 00:35:56,870

all this is there even about them to get

848

00:36:00,580 --> 00:35:58,400

to look maybe there is no actual

849

00:36:02,200 --> 00:36:00,590

phenomenon roll maybe it's just a

850

00:36:03,730 --> 00:36:02,210

collection of things that we've stitched

851

00:36:06,160 --> 00:36:03,740

together that really doesn't belong

852

00:36:08,350 --> 00:36:06,170

together you know like like for instance

853

00:36:10,030 --> 00:36:08,360

let's say there's a triangle out there

854

00:36:11,140 --> 00:36:10,040

or the saucer out there or there's

855

00:36:12,460 --> 00:36:11,150

something in the water that takes off

856

00:36:13,870 --> 00:36:12,470

we'll go to the sky who's just saying

857

00:36:16,270 --> 00:36:13,880

that all three of those things aren't

858

00:36:18,760 --> 00:36:16,280

completely separate ones military ones

859

00:36:21,540 --> 00:36:18,770

this but ones that make a complete hoax

860

00:36:24,880 --> 00:36:21,550

you know maybe there's no fun oh yeah

861

00:36:32,230 --> 00:36:24,890

but I'm still I'm still kind of a big

862

00:36:33,580 --> 00:36:32,240

believer to Philip Glass's curse what do

863

00:36:33,790 --> 00:36:33,590

you like in it whether you like them or

864

00:36:35,560 --> 00:36:33,800

not

865

00:36:37,900 --> 00:36:35,570

Phil class basically the curse of Phil

866

00:36:39,310 --> 00:36:37,910

class was no matter how much time you

867

00:36:40,840 --> 00:36:39,320

spend on the subject you're never gonna

868

00:36:45,580 --> 00:36:40,850

know more about UFOs than you know right

869

00:36:47,680 --> 00:36:45,590

now and Wow yeah I could actually agree

870

00:36:49,720 --> 00:36:47,690

with him that's right yeah I would say

871

00:36:51,640 --> 00:36:49,730

that right and it's been decades it's

872

00:36:55,030 --> 00:36:51,650

been over 70 years since the modern UFO

873

00:36:55,950 --> 00:36:55,040

phenomenon which started in 47 and I can

874

00:36:58,080 --> 00:36:55,960

tell you that

875

00:37:00,240 --> 00:36:58,090

when I read cases in the 50s and 60s

876

00:37:02,340 --> 00:37:00,250

they don't seem much different than the

877

00:37:06,390 --> 00:37:02,350

cases that I read today and yet nobody

878

00:37:09,360 --> 00:37:06,400

seems so I'm in the game because it Wow

879

00:37:12,720 --> 00:37:09,370

why not this is my sport and this

880

00:37:14,070 --> 00:37:12,730

conference is my Super Bowl there's no

881

00:37:15,840 --> 00:37:14,080

better way to end it and I think you're

882

00:37:17,760 --> 00:37:15,850

gonna be very Victoria it's just thank

883

00:37:22,230 --> 00:37:17,770

you so much thanks for having me thank

884

00:37:27,930 --> 00:37:25,170

an old wine cabinet said to be possessed

885

00:37:32,160 --> 00:37:27,940

by a demon which invokes nightmares and

886

00:37:34,650 --> 00:37:32,170

physical harm an island full of Giant

887

00:37:38,400 --> 00:37:34,660

rabbits said to appear once every seven

888

00:37:40,980 --> 00:37:38,410

years off the coast of Ireland a rural

889

00:37:44,730 --> 00:37:40,990

family that in the dead of winter walked

890

00:37:47,820 --> 00:37:44,740

one by one into their barn but never

891

00:37:50,310 --> 00:37:47,830

walked out the world is full of

892

00:37:52,500 --> 00:37:50,320

fascinating mysteries and the blurry

893

00:37:55,950 --> 00:37:52,510

photos podcasts sheds light on the

894

00:37:58,470 --> 00:37:55,960

darkest corners of the unknown with a

895

00:38:00,750 --> 00:37:58,480

new storytelling focused format blurry

896

00:38:03,150 --> 00:38:00,760

photos brings legends to life and

897

00:38:05,940 --> 00:38:03,160

examines if there's any fact behind the

898

00:38:08,880 --> 00:38:05,950

supposed fictions join me

899

00:38:11,670 --> 00:38:08,890

David flora as I explore the unexplained

900

00:38:21,440 --> 00:38:11,680

and explain the unexplored on the blurry

901
00:38:23,100 --> 00:38:21,450
photos podcast I am with a fellow

902
00:38:25,530 --> 00:38:23,110
Syracusian here

903
00:38:27,510 --> 00:38:25,540
Cheryl Costa Cheryl how's it going Ott's

904
00:38:28,020 --> 00:38:27,520
terrific we're on a blast here we really

905
00:38:30,599 --> 00:38:28,030
are

906
00:38:32,609 --> 00:38:30,609
oh yeah and into two of us Syracuse you

907
00:38:34,230 --> 00:38:32,619
hear talk about Double Trouble I know

908
00:38:37,380 --> 00:38:34,240
they put us together at the table too

909
00:38:39,540 --> 00:38:37,390
it's trouble made in you Falacci Co

910
00:38:41,520 --> 00:38:39,550
heaven yeah and we're also gonna be

911
00:38:43,890 --> 00:38:41,530
speaking back to back is well today at

912
00:38:46,830 --> 00:38:43,900
this we are we are I would love to know

913
00:38:48,300 --> 00:38:46,840

since the book has come out since all

914

00:38:50,790 --> 00:38:48,310

the press that you've gotten the about

915

00:38:52,609 --> 00:38:50,800

and this stuff that you've done what are

916

00:38:58,260 --> 00:38:52,619

you gonna be presenting you for us today

917

00:39:01,620 --> 00:38:58,270

well okay I redid my slides for the UFO

918

00:39:03,359 --> 00:39:01,630

symposium okay back in July okay I've

919

00:39:05,160 --> 00:39:03,369

been talking someplace about every two

920

00:39:07,410 --> 00:39:05,170

weeks since the beginning of the year

921

00:39:10,920 --> 00:39:07,420

okay and the sides were getting a little

922

00:39:13,680 --> 00:39:10,930

stale so I wanted to do some up and I

923

00:39:17,400 --> 00:39:13,690

had literally had I made those slides

924

00:39:19,530 --> 00:39:17,410

for symposium and then I had the month

925

00:39:23,070 --> 00:39:19,540

of August

926
00:39:24,900 --> 00:39:23,080
and and and with that month off knowing

927
00:39:26,370 --> 00:39:24,910
I have two more presentations for the

928
00:39:29,340 --> 00:39:26,380
year this and the Greater New England

929
00:39:34,560 --> 00:39:29,350
conference I decided to go in with some

930
00:39:36,810 --> 00:39:34,570
of my more recent research and I goose I

931
00:39:39,720 --> 00:39:36,820
tighten it up boost it up with some some

932
00:39:42,600 --> 00:39:39,730
numbers and a poll came out recently

933
00:39:44,850 --> 00:39:42,610
actually about two weeks ago and a

934
00:39:47,760 --> 00:39:44,860
particular metric that was in that

935
00:39:49,740 --> 00:39:47,770
Gallup poll was what I was looking for

936
00:39:52,260 --> 00:39:49,750
to confirm another metric another

937
00:39:55,710 --> 00:39:52,270
another poll that a couple of years ago

938
00:39:57,660 --> 00:39:55,720

and I you ended up using that metric to

939

00:39:59,460 --> 00:39:57,670

generate some other numbers and I've got

940

00:40:03,690 --> 00:39:59,470

some numbers and no one has ever seen

941

00:40:06,210 --> 00:40:03,700

before and it's going to confirm how

942

00:40:09,210 --> 00:40:06,220

much stuff people are seeing in the

943

00:40:10,590 --> 00:40:09,220

United States and not the reported stuff

944

00:40:14,370 --> 00:40:10,600

but the amount of stuff that's being

945

00:40:16,530 --> 00:40:14,380

seen but not reported that's a really

946

00:40:18,390 --> 00:40:16,540

good point we always share all these all

947

00:40:21,300 --> 00:40:18,400

these things about you know hundreds of

948

00:40:25,170 --> 00:40:21,310

people have seen UFOs in a given day

949

00:40:27,840 --> 00:40:25,180

even yet maybe one of them reports and

950

00:40:30,240 --> 00:40:27,850

say how do you go with that struggle of

951
00:40:33,030 --> 00:40:30,250
knowing that your statistics stand for

952
00:40:34,560 --> 00:40:33,040
one thing but then there's hundreds of

953
00:40:36,990 --> 00:40:34,570
other people who aren't even talking

954
00:40:41,550 --> 00:40:37,000
about what they've seen well I've got

955
00:40:45,230 --> 00:40:41,560
but what I looked at was the UFO

956
00:40:48,600 --> 00:40:45,240
community wisdom had been one in ten

957
00:40:50,339 --> 00:40:48,610
well if you take the 320 million people

958
00:40:53,710 --> 00:40:50,349
in the United

959
00:40:55,210 --> 00:40:53,720
76% is adults so let's see it let's just

960
00:40:57,880 --> 00:40:55,220
some adults are the only ones making up

961
00:40:59,349 --> 00:40:57,890
reports okay and and from me crawling

962
00:41:01,059 --> 00:40:59,359
through the databases over the years

963
00:41:04,870 --> 00:41:01,069

writing my newspaper column its adult

964

00:41:06,510 --> 00:41:04,880

all right so that's 254 million people

965

00:41:09,309 --> 00:41:06,520

and change--

966

00:41:12,910 --> 00:41:09,319

so if one in ten reports what they see

967

00:41:14,740 --> 00:41:12,920

why do we have 20 5.4 million reports no

968

00:41:18,099 --> 00:41:14,750

we have a hundred and forty-seven

969

00:41:22,750 --> 00:41:18,109

thousand reports okay actually 148

970

00:41:24,130 --> 00:41:22,760

thousand and so I said okay a couple of

971

00:41:25,690 --> 00:41:24,140

people a couple of people kept nerds

972

00:41:27,700 --> 00:41:25,700

came back to me and well sure we'll look

973

00:41:31,180 --> 00:41:27,710

steal their way you know this is what is

974

00:41:35,020 --> 00:41:31,190

it said one in ten sees them and one in

975

00:41:37,599 --> 00:41:35,030

ten reports them so using that same

976
00:41:40,210 --> 00:41:37,609
extrapolation does that mean we have 2.5

977
00:41:41,530 --> 00:41:40,220
4 million reports no we have one hundred

978
00:41:44,770 --> 00:41:41,540
and forty six hundred forty seven

979
00:41:46,500 --> 00:41:44,780
thousand sightings okay so I said

980
00:41:48,880 --> 00:41:46,510
there's got to be something else

981
00:41:53,349 --> 00:41:48,890
thank you so I looked at a particular

982
00:41:57,400 --> 00:41:53,359
poll a Fox News poll Fox picture home

983
00:42:00,190 --> 00:41:57,410
entertainment in July of 2017 they were

984
00:42:02,170 --> 00:42:00,200
promoting that that movie they did about

985
00:42:05,020 --> 00:42:02,180
the abduction movie they did about the

986
00:42:09,220 --> 00:42:05,030
Phoenix lights oh yeah they did a

987
00:42:11,200 --> 00:42:09,230
national poll and during the national

988
00:42:13,900 --> 00:42:11,210

poll one of the things they came out

989

00:42:16,240 --> 00:42:13,910

with a number of they said fifty of the

990

00:42:19,270 --> 00:42:16,250

sixteen point seven four percent of

991

00:42:22,260 --> 00:42:19,280

Americans say they've seen a UFO all

992

00:42:26,049 --> 00:42:22,270

right now yeah we could go back 70 years

993

00:42:28,480 --> 00:42:26,059

but the bulk of the sightings have been

994

00:42:31,299 --> 00:42:28,490

in the past 30 years and I've measured

995

00:42:36,520 --> 00:42:31,309

apparently approximately the last twenty

996

00:42:41,319 --> 00:42:36,530

okay and I can tell you before 2001 the

997

00:42:44,890 --> 00:42:41,329

numbers going back to like 1989 probably

998

00:42:46,420 --> 00:42:44,900

total less than about 3000 or 4000 there

999

00:42:48,609 --> 00:42:46,430

were people didn't really start

1000

00:42:51,010 --> 00:42:48,619

reporting things until broadband was

1001

00:42:52,540 --> 00:42:51,020

freely available

1002

00:42:55,540 --> 00:42:52,550

that boosts the national UFO Reporting

1003

00:42:58,660 --> 00:42:55,550

Center MUFON wasn't known about by most

1004

00:43:02,860 --> 00:42:58,670

people and their numbers were tiny until

1005

00:43:05,200 --> 00:43:02,870

about 2007 a Discovery Channel thing did

1006

00:43:06,940 --> 00:43:05,210

a thing on them and suddenly now people

1007

00:43:10,510 --> 00:43:06,950

knew where to report so a function of

1008

00:43:12,340 --> 00:43:10,520

reporting UFOs one having broadband an

1009

00:43:15,340 --> 00:43:12,350

easy way to report them use much before

1010

00:43:18,370 --> 00:43:15,350

in that early 1990s everything was sent

1011

00:43:21,250 --> 00:43:18,380

to one of these collecting agencies by a

1012

00:43:23,380 --> 00:43:21,260

fax or an email or a voicemail and

1013

00:43:25,150 --> 00:43:23,390

somebody's answering machine and it

1014

00:43:27,790 --> 00:43:25,160
started to tick up a little bit in the

1015

00:43:29,920 --> 00:43:27,800
late 80s and early 90s because people

1016

00:43:31,630 --> 00:43:29,930
were certainly getting on CompuServe and

1017

00:43:34,180 --> 00:43:31,640
America Online things like that at

1018

00:43:36,550 --> 00:43:34,190
sports yeah and it started to tick up a

1019

00:43:40,210 --> 00:43:36,560
little bit but the the real junk and I

1020

00:43:42,520 --> 00:43:40,220
compared it early on with industry

1021

00:43:44,050 --> 00:43:42,530
documentation about how broadband was

1022

00:43:45,970 --> 00:43:44,060
coming up when as it was coming up

1023

00:43:48,670 --> 00:43:45,980
people getting off on dial-up and all

1024

00:43:51,820 --> 00:43:48,680
this kind of thing for the most part

1025

00:43:54,700 --> 00:43:51,830
most of it happened in the nineteen

1026
00:43:57,700 --> 00:43:54,710
ninety five to about 2000 and from about

1027
00:44:00,280 --> 00:43:57,710
2005 to about 2008 the rest of it sort

1028
00:44:02,260 --> 00:44:00,290
of the more rural area started getting

1029
00:44:04,000 --> 00:44:02,270
the cable broadband and things like this

1030
00:44:06,490 --> 00:44:04,010
but your major cities you see it in the

1031
00:44:09,010 --> 00:44:06,500
early 2000s so this is what we were

1032
00:44:10,690 --> 00:44:09,020
dealing with so a function of know you

1033
00:44:12,520 --> 00:44:10,700
got to know you got to have the ability

1034
00:44:14,500 --> 00:44:12,530
to report it and you got to know who to

1035
00:44:16,210 --> 00:44:14,510
report it to now we do have a lot of

1036
00:44:18,430 --> 00:44:16,220
people who just don't even know about

1037
00:44:20,710 --> 00:44:18,440
MUFON don't know about new Fork and they

1038
00:44:22,930 --> 00:44:20,720

report them on you and on Facebook to

1039

00:44:25,780 --> 00:44:22,940

their friends so we're missing those

1040

00:44:29,920 --> 00:44:25,790

reports but

1041

00:44:33,190 --> 00:44:29,930

it's small change okay okay so what

1042

00:44:36,970 --> 00:44:33,200

happens is this fox came back with this

1043

00:44:39,910 --> 00:44:36,980

headless number of 16 percent okay over

1044

00:44:44,530 --> 00:44:39,920

16 percent two weeks ago in the middle

1045

00:44:47,890 --> 00:44:44,540

of September in 2019 Gallup poll

1046

00:44:49,780 --> 00:44:47,900

announced that you are hopeful and when

1047

00:44:51,730 --> 00:44:49,790

they came back with the same 36 percent

1048

00:44:53,020 --> 00:44:51,740

are believers 80 percent does it doesn't

1049

00:44:54,910 --> 00:44:53,030

believe that the government is telling

1050

00:44:57,040 --> 00:44:54,920

us what it knows you know all this and

1051
00:44:59,050 --> 00:44:57,050
then they also came back and said 16

1052
00:45:03,370 --> 00:44:59,060
percent of Americans

1053
00:45:06,340 --> 00:45:03,380
I've seen a UFO so at that point I felt

1054
00:45:11,680 --> 00:45:06,350
comfortable to use that number as a

1055
00:45:16,090 --> 00:45:11,690
constant and crank my numbers and the

1056
00:45:18,280 --> 00:45:16,100
sightings I take about 30 percent I do

1057
00:45:20,350 --> 00:45:18,290
about 70 percent off the top okay

1058
00:45:22,180 --> 00:45:20,360
everybody comes with Auto Cheryl is

1059
00:45:24,610 --> 00:45:22,190
misidentified Xand there's there's

1060
00:45:27,280 --> 00:45:24,620
there's hoaxes there's this there's that

1061
00:45:29,380 --> 00:45:27,290
and a lot of our peers are grudgingly

1062
00:45:32,080 --> 00:45:29,390
willing to take five or ten percent off

1063
00:45:34,690 --> 00:45:32,090

the top of the big numbers I went for

1064

00:45:39,460 --> 00:45:34,700

them I went for the gusto because dr.

1065

00:45:40,780 --> 00:45:39,470

jacques de l'Est said 80% is noise Linda

1066

00:45:43,630 --> 00:45:40,790

and I approached it from a different

1067

00:45:46,780 --> 00:45:43,640

approach we said the exotic non

1068

00:45:49,210 --> 00:45:46,790

aerodynamic shapes are the truth and and

1069

00:45:52,540 --> 00:45:49,220

the truth was also what we found by deep

1070

00:45:55,780 --> 00:45:52,550

diving that the big data was that the

1071

00:45:59,150 --> 00:45:55,790

tiny numbers are the truth so we took

1072

00:46:03,560 --> 00:45:59,160

seventy percent right off the top okay

1073

00:46:05,860 --> 00:46:03,570

and that left us with 44,000 okay now

1074

00:46:09,440 --> 00:46:05,870

you divide that by 18 and you get about

1075

00:46:11,840 --> 00:46:09,450

2,500 a year 24 and change okay 2,400

1076

00:46:16,730 --> 00:46:11,850

and change divide it by 12 do you get

1077

00:46:18,050 --> 00:46:16,740

about 205 and then actually it's a

1078

00:46:19,700 --> 00:46:18,060

little bit bigger than that and then you

1079

00:46:22,610 --> 00:46:19,710

divide that next number I don't have off

1080

00:46:25,070 --> 00:46:22,620

the top of my head and it by 50 states

1081

00:46:27,500 --> 00:46:25,080

51 states actually do you come from

1082

00:46:35,440 --> 00:46:27,510

district and you come back with a number

1083

00:46:38,840 --> 00:46:35,450

that says every single state had for

1084

00:46:42,920 --> 00:46:38,850

exotic sightings a month for the past 18

1085

00:46:45,340 --> 00:46:42,930

years or one exotic event a week for the

1086

00:46:49,930 --> 00:46:45,350

last 18 years

1087

00:46:54,980 --> 00:46:49,940

that is that is 900 week over 900 weeks

1088

00:46:57,590 --> 00:46:54,990

okay there's the tiny numbers okay the

1089

00:47:00,560 --> 00:46:57,600

truth is in the number yeah and and what

1090

00:47:03,110 --> 00:47:00,570

we did with this new 16 percent we did a

1091

00:47:04,880 --> 00:47:03,120

completely different formula instead of

1092

00:47:07,700 --> 00:47:04,890

taking sightings and trying to bounce it

1093

00:47:13,100 --> 00:47:07,710

back against population we took a raw

1094

00:47:14,960 --> 00:47:13,110

population 42 million 700 took 70

1095

00:47:17,480 --> 00:47:14,970

percent off the top came back with about

1096

00:47:23,990 --> 00:47:17,490

12 million and then we crank the same

1097

00:47:26,870 --> 00:47:24,000

thing 18 years by 12 months by 50 states

1098

00:47:28,970 --> 00:47:26,880

and we came back with instead of one

1099

00:47:32,210 --> 00:47:28,980

site exotic sighting a week they came

1100

00:47:35,690 --> 00:47:32,220

back with one point zero eight sightings

1101

00:47:37,850 --> 00:47:35,700

per week it confirmed it and was a

1102

00:47:39,830 --> 00:47:37,860

completely different set of numbers but

1103

00:47:40,440 --> 00:47:39,840

the constants were the key to it it was

1104

00:47:45,600 --> 00:47:40,450

there

1105

00:47:47,490 --> 00:47:45,610

to those numbers earlier this week

1106

00:47:49,020 --> 00:47:47,500

amazingly enough I showed her the

1107

00:47:50,730 --> 00:47:49,030

numbers she sat down in the dining room

1108

00:47:52,200 --> 00:47:50,740

table with a calculator and set Darrin

1109

00:47:56,400 --> 00:47:52,210

crunch to the shelves and she came back

1110

00:48:01,140 --> 00:47:56,410

says my god we confirmed it and it also

1111

00:48:02,790 --> 00:48:01,150

confirmed the other constant was it

1112

00:48:04,950 --> 00:48:02,800

varies from state to state based on

1113

00:48:06,720 --> 00:48:04,960

population the actual sightings what the

1114

00:48:09,420 --> 00:48:06,730

ratio is it's as little of how many

1115

00:48:13,230 --> 00:48:09,430

people report them right okay it's as

1116

00:48:18,090 --> 00:48:13,240

low as one in the 1:1 hunt one in 152

1117

00:48:21,690 --> 00:48:18,100

one in 475 but the bulk of it is 1 and

1118

00:48:24,090 --> 00:48:21,700

somewhere in the 200s if you just take

1119

00:48:26,010 --> 00:48:24,100

the National population of the adult

1120

00:48:29,010 --> 00:48:26,020

population in the United States it

1121

00:48:32,990 --> 00:48:29,020

translates down to 1 and 290 and I

1122

00:48:38,220 --> 00:48:33,000

published that on rogue planet right ok

1123

00:48:41,010 --> 00:48:38,230

yes exclusively then but then when I saw

1124

00:48:43,620 --> 00:48:41,020

this another 16% number I went back in

1125

00:48:45,690 --> 00:48:43,630

and crank the sightings against the

1126
00:48:48,330 --> 00:48:45,700
adult population plotting from census of

1127
00:48:50,190 --> 00:48:48,340
every single state in the Union and then

1128
00:48:52,110 --> 00:48:50,200
ran the numbers back against that and I

1129
00:48:53,760 --> 00:48:52,120
came back with a ratio it I guess had a

1130
00:48:56,990 --> 00:48:53,770
vary widely from state your mileage

1131
00:49:00,860 --> 00:48:57,000
varies but then I added them all up and

1132
00:49:04,200 --> 00:49:00,870
averaged it and it came up to 1 and 277

1133
00:49:06,840 --> 00:49:04,210
reports what they see so that was the

1134
00:49:09,150 --> 00:49:06,850
other constant so we took 70 percent off

1135
00:49:11,700 --> 00:49:09,160
the top and when we went to go do the

1136
00:49:13,290 --> 00:49:11,710
the constant we put that constant in

1137
00:49:16,740 --> 00:49:13,300
there with whatever number we got just

1138
00:49:18,780 --> 00:49:16,750

before the 4 ship 4 of 4 sightings a

1139

00:49:21,510 --> 00:49:18,790

month and boom there it was that's the

1140

00:49:24,270 --> 00:49:21,520

actual what people report a for about 4

1141

00:49:26,460 --> 00:49:24,280

months and and that's what princess and

1142

00:49:29,400 --> 00:49:26,470

we both set there and we poured a drink

1143

00:49:32,580 --> 00:49:29,410

yeah yeah we both sat there looking at

1144

00:49:33,750 --> 00:49:32,590

me because my gosh we confirmed it after

1145

00:49:35,730 --> 00:49:33,760

that kind of matter

1146

00:49:37,830 --> 00:49:35,740

yeah and that kind of confirmation I

1147

00:49:39,810 --> 00:49:37,840

would need at least a triple whiskey now

1148

00:49:43,320 --> 00:49:39,820

when I published the one about that one

1149

00:49:43,870 --> 00:49:43,330

in 290 again it's it's it's very member

1150

00:49:46,329 --> 00:49:43,880

we're talking

1151

00:49:50,680 --> 00:49:46,339

slushy numbers here okay but it's pretty

1152

00:49:52,930 --> 00:49:50,690

close when you look at it now I had a

1153

00:49:54,970 --> 00:49:52,940

lot of mail from a lot of and I would

1154

00:49:57,339 --> 00:49:54,980

say experts in the UFO community come

1155

00:49:59,349 --> 00:49:57,349

back oh but we interviewed everybody who

1156

00:50:01,660 --> 00:49:59,359

came out of someone's those dentist's

1157

00:50:03,059 --> 00:50:01,670

office for a year or they came back and

1158

00:50:05,559 --> 00:50:03,069

they say oh we interviewed everybody

1159

00:50:07,539 --> 00:50:05,569

over a phone pole we did through our

1160

00:50:10,900 --> 00:50:07,549

public television station right then I

1161

00:50:13,150 --> 00:50:10,910

came out one in ten but because what

1162

00:50:17,579 --> 00:50:13,160

they're missing they probably had a few

1163

00:50:19,900 --> 00:50:17,589

hundred people to deal with okay and

1164

00:50:21,970 --> 00:50:19,910

especially if people do this kind of a

1165

00:50:24,460 --> 00:50:21,980

poll at a UFO convention you're

1166

00:50:29,200 --> 00:50:24,470

preaching to the choir yeah okay numbers

1167

00:50:33,099 --> 00:50:29,210

are gonna explain exactly so we took the

1168

00:50:35,890 --> 00:50:33,109

we took the approach event how do I want

1169

00:50:38,890 --> 00:50:35,900

to say this politely they were working

1170

00:50:41,079 --> 00:50:38,900

with small numbers and we've learned in

1171

00:50:43,480 --> 00:50:41,089

the past five years working with this

1172

00:50:46,180 --> 00:50:43,490

stuff and Google's learned this and

1173

00:50:50,529 --> 00:50:46,190

Amazon's learned this the truth is in

1174

00:50:53,109 --> 00:50:50,539

big numbers because the little numbers

1175

00:50:55,499 --> 00:50:53,119

you only get a very small sample and the

1176

00:50:59,230 --> 00:50:55,509

bigger the sample the better the result

1177

00:51:02,170 --> 00:50:59,240

okay and it crunched down so we found

1178

00:51:03,490 --> 00:51:02,180

out that well I give an example when we

1179

00:51:04,749 --> 00:51:03,500

were looking people asked me when we

1180

00:51:06,309 --> 00:51:04,759

were doing the original book they said

1181

00:51:08,620 --> 00:51:06,319

what about the when I told some people

1182

00:51:10,150 --> 00:51:08,630

that seems like Saturday night seems to

1183

00:51:12,849 --> 00:51:10,160

be the nut Monday night everybody gets

1184

00:51:14,589 --> 00:51:12,859

the UFO sightings right and they said

1185

00:51:17,200 --> 00:51:14,599

well what about John Key the late John

1186

00:51:19,539 --> 00:51:17,210

keels Wesley effects a effect all right

1187

00:51:22,150 --> 00:51:19,549

well he worked with only 800 to a

1188

00:51:24,640 --> 00:51:22,160

thousand punch cards back in the day I'm

1189

00:51:26,250 --> 00:51:24,650

bill 360 computer and punch cards was

1190

00:51:29,490 --> 00:51:26,260

the entry method at that time

1191

00:51:32,880 --> 00:51:29,500

and most of them were skewed to the

1192

00:51:35,310 --> 00:51:32,890

southern states and the Southwest well

1193

00:51:37,020 --> 00:51:35,320

if I ran a report against just the

1194

00:51:38,220 --> 00:51:37,030

southern states in the southwest I would

1195

00:51:42,240 --> 00:51:38,230

be skewed the Wednesday or Thursday

1196

00:51:45,930 --> 00:51:42,250

myself okay but when you do the entire

1197

00:51:49,230 --> 00:51:45,940

country 76 percent were on Saturday

1198

00:51:51,180 --> 00:51:49,240

night now the South Carroll now this is

1199

00:51:53,550 --> 00:51:51,190

something funny South Carolina and North

1200

00:51:56,340 --> 00:51:53,560

Carolina and Mississippi a couple these

1201
00:51:57,750 --> 00:51:56,350
places it was Wednesday and in a couple

1202
00:52:00,780 --> 00:51:57,760
other southern states it was Thursday

1203
00:52:02,790 --> 00:52:00,790
and my spouse's interns were taking a

1204
00:52:04,970 --> 00:52:02,800
look at that and they said well we're

1205
00:52:07,859 --> 00:52:04,980
from down there that's Bible study night

1206
00:52:10,290 --> 00:52:07,869
again it confirms what we knew about UFO

1207
00:52:12,750 --> 00:52:10,300
sightings population temperate weather

1208
00:52:14,430 --> 00:52:12,760
leisure time and hours of darkness so

1209
00:52:15,990 --> 00:52:14,440
what's the leisure time you go out to

1210
00:52:17,370 --> 00:52:16,000
your church meeting you're coming out

1211
00:52:19,410 --> 00:52:17,380
here in the parking lot talking to

1212
00:52:21,870 --> 00:52:19,420
people just after dark and boom you're

1213
00:52:25,800 --> 00:52:21,880

gonna see something okay very old works

1214

00:52:29,070 --> 00:52:25,810

out yeah 60 68 to 75 percent of the

1215

00:52:31,859 --> 00:52:29,080

sightings on it average day happened

1216

00:52:34,500 --> 00:52:31,869

after five o'clock with about fifty

1217

00:52:39,630 --> 00:52:34,510

percent of that amount happening between

1218

00:52:41,190 --> 00:52:39,640

8:30 and 10:30 at night okay and it's

1219

00:52:43,560 --> 00:52:41,200

consistent the only place you see some

1220

00:52:45,690 --> 00:52:43,570

goofiness is you state the state

1221

00:52:47,370 --> 00:52:45,700

sometimes that peak is a little narrower

1222

00:52:49,380 --> 00:52:47,380

than others sometimes it goes up and

1223

00:52:51,720 --> 00:52:49,390

rounds out real nice okay but they all

1224

00:52:53,460 --> 00:52:51,730

fall off around midnight and then you

1225

00:52:55,380 --> 00:52:53,470

look at the one o'clock in the morning

1226

00:52:57,359 --> 00:52:55,390

number two six o'clock in the morning

1227

00:52:59,460 --> 00:52:57,369

yes usually there's a bump about five

1228

00:53:02,130 --> 00:52:59,470

o'clock and we used to tell people who

1229

00:53:04,050 --> 00:53:02,140

sees most UFO reports most UFOs dog

1230

00:53:05,760 --> 00:53:04,060

walkers some smokers and people out for

1231

00:53:08,460 --> 00:53:05,770

that first smoke maybe walking the dog

1232

00:53:10,410 --> 00:53:08,470

right okay so we see that bump the first

1233

00:53:12,180 --> 00:53:10,420

dog first letting the dog out first

1234

00:53:12,900 --> 00:53:12,190

thing going out for that first smoke in

1235

00:53:15,210 --> 00:53:12,910

the morning yep

1236

00:53:17,640 --> 00:53:15,220

yeah okay but we saw some other bumps in

1237

00:53:19,470 --> 00:53:17,650

other states give an example Arkansas

1238

00:53:21,960 --> 00:53:19,480

sits three o'clock in the morning we

1239

00:53:24,930 --> 00:53:21,970

didn't understand that after I get the

1240

00:53:27,300 --> 00:53:24,940

presentation I had 12 men come up to me

1241

00:53:29,410 --> 00:53:27,310

and say we're all chicken farmers and we

1242

00:53:31,390 --> 00:53:29,420

grow a lot of chickens here in

1243

00:53:34,539 --> 00:53:31,400

Arkansas and that's when we're prepping

1244

00:53:36,670 --> 00:53:34,549

our birds to go to market okay okay

1245

00:53:38,230 --> 00:53:36,680

that's you can't ever house you go to

1246

00:53:40,240 --> 00:53:38,240

Las Vegas

1247

00:53:42,520 --> 00:53:40,250

yeah here's a bump at one there's a bump

1248

00:53:44,109 --> 00:53:42,530

at two and a bumping for well though the

1249

00:53:45,430 --> 00:53:44,119

Nevada investigators said well that's

1250

00:53:49,630 --> 00:53:45,440

when the club said that the clubs in the

1251
00:53:52,510 --> 00:53:49,640
shows let out this study of the hourly

1252
00:53:54,910 --> 00:53:52,520
charts were as much about human activity

1253
00:53:55,990 --> 00:53:54,920
as much as it is the aliens not so much

1254
00:53:57,700 --> 00:53:56,000
than the ailing people say well why are

1255
00:53:59,589 --> 00:53:57,710
the aliens there at that time no no it's

1256
00:54:02,500 --> 00:53:59,599
are the people there to see those

1257
00:54:04,240 --> 00:54:02,510
observing things okay I took the

1258
00:54:05,559 --> 00:54:04,250
approach also London I took the approach

1259
00:54:08,170 --> 00:54:05,569
that these things are regularly

1260
00:54:11,349 --> 00:54:08,180
scheduled place you know there is one

1261
00:54:14,349 --> 00:54:11,359
shape that it's like that the rest of

1262
00:54:18,780 --> 00:54:14,359
the tiny numbers yet yeah 2,400

1263
00:54:24,670 --> 00:54:18,790

sightings in 18 years okay an average of

1264

00:54:28,150 --> 00:54:24,680

75 to 180 I'm sorry 75 to 181 with an

1265

00:54:29,920 --> 00:54:28,160

average of 123 a year okay and so it

1266

00:54:32,140 --> 00:54:29,930

goes along as a straight line but it's

1267

00:54:35,410 --> 00:54:32,150

so tiny when you look at the graph but

1268

00:54:38,460 --> 00:54:35,420

all the sightings added up this guy is

1269

00:54:42,970 --> 00:54:38,470

barely off the bottom line of the graph

1270

00:54:46,089 --> 00:54:42,980

okay it's that tiny okay okay yeah but

1271

00:54:47,500 --> 00:54:46,099

it is almost a straight line it's a

1272

00:54:49,990 --> 00:54:47,510

regularly scheduled play I call them the

1273

00:54:53,020 --> 00:54:50,000

humble flier and the shape is called

1274

00:54:54,760 --> 00:54:53,030

it's a changing UFO that's the one

1275

00:54:56,980 --> 00:54:54,770

that's got the stealth technology when

1276

00:54:59,049 --> 00:54:56,990

dr. Valley talks about it you look at

1277

00:55:00,910 --> 00:54:59,059

the thing and it changes on you that's

1278

00:55:03,280 --> 00:55:00,920

the ultimate stealth say two things got

1279

00:55:06,789 --> 00:55:03,290

an AI technology in there that's running

1280

00:55:08,620 --> 00:55:06,799

the ship has the mechanical telepathic

1281

00:55:10,359 --> 00:55:08,630

ability whatever the heck and it knows

1282

00:55:12,400 --> 00:55:10,369

you're looking at it so it changes its

1283

00:55:14,799 --> 00:55:12,410

appearance so you you can't get a grasp

1284

00:55:18,650 --> 00:55:14,809

on what it is that's the ultimate

1285

00:55:22,670 --> 00:55:18,660

stealth technology when you think about

1286

00:55:24,849 --> 00:55:22,680

amorphous ya oven on the vehicle and one

1287

00:55:28,880 --> 00:55:24,859

of those numbers that I had to divide by

1288

00:55:33,140 --> 00:55:28,890

50 states yeah was about 2400 and that's

1289

00:55:36,769 --> 00:55:33,150

the 2400 slidin yeah funny how that

1290

00:55:40,549 --> 00:55:36,779

worked out huh so that was the mind game

1291

00:55:45,740 --> 00:55:42,859

well this is what I do on rainy after

1292

00:55:47,839 --> 00:55:45,750

you hey we all have our things but your

1293

00:55:49,609 --> 00:55:47,849

work is essential in this field and what

1294

00:55:52,220 --> 00:55:49,619

I always tell people is and this is why

1295

00:55:55,220 --> 00:55:52,230

you and I have both been approached you

1296

00:55:58,490 --> 00:55:55,230

know by production companies and stuff

1297

00:55:59,900 --> 00:55:58,500

like that is they want the numbers they

1298

00:56:00,529 --> 00:55:59,910

want to see where these things are

1299

00:56:03,710 --> 00:56:00,539

happening

1300

00:56:06,799 --> 00:56:03,720

so then investigators like myself can go

1301
00:56:08,599 --> 00:56:06,809
out and investigate them you have the

1302
00:56:11,269 --> 00:56:08,609
sight of the work you do in the apology

1303
00:56:13,789 --> 00:56:11,279
that is essential where are the patterns

1304
00:56:16,160 --> 00:56:13,799
where are the flowers what are the

1305
00:56:18,170 --> 00:56:16,170
shapes where where and when are they

1306
00:56:20,569 --> 00:56:18,180
happening so that we can then go out and

1307
00:56:22,970 --> 00:56:20,579
talk to people who are happy yes the

1308
00:56:25,069 --> 00:56:22,980
experience and I think working together

1309
00:56:27,440 --> 00:56:25,079
is where we're gonna find that kind of

1310
00:56:28,819 --> 00:56:27,450
game to figure out what's going on one

1311
00:56:31,009 --> 00:56:28,829
of the things we've discovered the last

1312
00:56:35,720 --> 00:56:31,019
past year I've been doing forensics yeah

1313
00:56:37,700 --> 00:56:35,730

okay digital forensics it's tedious work

1314

00:56:38,180 --> 00:56:37,710

but I've come up with ways of doing it

1315

00:56:40,190 --> 00:56:38,190

okay

1316

00:56:43,390 --> 00:56:40,200

some of them are simple is printing out

1317

00:56:46,180 --> 00:56:43,400

12 months

1318

00:56:48,940 --> 00:56:46,190

every day sightings that down the

1319

00:56:51,220 --> 00:56:48,950

left-hand side the page and 18 years

1320

00:56:53,170 --> 00:56:51,230

across the top of the page and every

1321

00:56:56,590 --> 00:56:53,180

each of those pages represents one month

1322

00:56:59,110 --> 00:56:56,600

for 18 years okay okay I staple them

1323

00:57:01,390 --> 00:56:59,120

together I put them on a clipboard grab

1324

00:57:04,390 --> 00:57:01,400

a bright highlighter and I go in and

1325

00:57:06,610 --> 00:57:04,400

watch my soaps and during the commercial

1326

00:57:09,720 --> 00:57:06,620

breaks I look at these monthly things

1327

00:57:13,930 --> 00:57:09,730

and when I look at the monthly things I

1328

00:57:16,510 --> 00:57:13,940

take I take the highlighter and I mark

1329

00:57:18,580 --> 00:57:16,520

the places most estates are mostly ears

1330

00:57:21,910 --> 00:57:18,590

daily average the United States is about

1331

00:57:25,780 --> 00:57:21,920

20 to 50 seconds total okay on a

1332

00:57:27,310 --> 00:57:25,790

day-by-day basis okay and then what you

1333

00:57:29,590 --> 00:57:27,320

do is you mark the ones where there's a

1334

00:57:31,480 --> 00:57:29,600

jump in that society that's something I

1335

00:57:34,900 --> 00:57:31,490

usually have for the United States I say

1336

00:57:36,370 --> 00:57:34,910

anything over seven okay and yes and in

1337

00:57:38,200 --> 00:57:36,380

a spreadsheet I can turn on two

1338

00:57:40,060 --> 00:57:38,210

conditional things to geeks I know I can

1339

00:57:42,070 --> 00:57:40,070

do that but sometimes I miss certain

1340

00:57:45,550 --> 00:57:42,080

things and the human eye can see other

1341

00:57:47,260 --> 00:57:45,560

things that's unusual okay so I tend to

1342

00:57:49,990 --> 00:57:47,270

do it with the felt that and then I also

1343

00:57:52,600 --> 00:57:50,000

do the thing with the conditional

1344

00:57:53,050 --> 00:57:52,610

settings in Excel to take another look

1345

00:57:56,920 --> 00:57:53,060

at it

1346

00:57:58,960 --> 00:57:56,930

but sometimes the Hyun Isis things makes

1347

00:58:03,310 --> 00:57:58,970

a wisdom call and something that's not

1348

00:58:05,410 --> 00:58:03,320

quite that hard cold bottom floor okay

1349

00:58:07,750 --> 00:58:05,420

so what happens is then what I do is

1350

00:58:10,480 --> 00:58:07,760

I'll I'll write down in fact I hit a

1351

00:58:13,570 --> 00:58:10,490

whole bunch of women volunteer I said if

1352

00:58:16,720 --> 00:58:13,580

I sent you the day-by-day charts for a

1353

00:58:19,360 --> 00:58:16,730

stick your home state you print it out

1354

00:58:21,820 --> 00:58:19,370

landscape and take a felt-tip to it and

1355

00:58:24,940 --> 00:58:21,830

mark it up and then send me back year

1356

00:58:26,770 --> 00:58:24,950

date month and day of all these clusters

1357

00:58:28,630 --> 00:58:26,780

don't need to know the number just tell

1358

00:58:30,190 --> 00:58:28,640

me what the day was anything above this

1359

00:58:32,170 --> 00:58:30,200

number for your state in a state like

1360

00:58:33,640 --> 00:58:32,180

Connecticut or Massachusetts I tell them

1361

00:58:35,350 --> 00:58:33,650

as low as three because they don't have

1362

00:58:37,360 --> 00:58:35,360

that many cite it he wrote on and I

1363

00:58:39,120 --> 00:58:37,370

might just say check anything over to

1364

00:58:43,420 --> 00:58:39,130

you know

1365

00:58:46,990 --> 00:58:43,430

but they do this and I had about 18

1366

00:58:48,430 --> 00:58:47,000

women sign up two men 18 women signed up

1367

00:58:49,930 --> 00:58:48,440

and says sure I can do it I have one

1368

00:58:51,460 --> 00:58:49,940

lady came back to me says I can write

1369

00:58:53,500 --> 00:58:51,470

code to crunch all this stuff you know

1370

00:58:55,030 --> 00:58:53,510

so I mean I've got I believe assemble

1371

00:58:57,730 --> 00:58:55,040

and we told him we didn't see we would

1372

00:59:00,280 --> 00:58:57,740

credit them if we write this book but

1373

00:59:02,470 --> 00:59:00,290

what we've done is we go back in look at

1374

00:59:04,870 --> 00:59:02,480

the year do a data breakout break from

1375

00:59:08,890 --> 00:59:04,880

the databases call it up in a pivot

1376

00:59:12,339 --> 00:59:08,900

table of the year the date a specific

1377

00:59:13,930 --> 00:59:12,349

day boom there's and then we do it by

1378

00:59:15,520 --> 00:59:13,940

state no okay here you go

1379

00:59:21,190 --> 00:59:15,530

I'll give you an example and there was

1380

00:59:22,990 --> 00:59:21,200

one end on April 16 2008 60 sightings in

1381

00:59:25,329 --> 00:59:23,000

one day jumped above the baseline of

1382

00:59:28,510 --> 00:59:25,339

about 20 so I broke it out and there's

1383

00:59:31,599 --> 00:59:28,520

about 15 states there new ones he

1384

00:59:33,310 --> 00:59:31,609

disease except Indiana Indiana snubber

1385

00:59:36,609 --> 00:59:33,320

15th state in the country one about

1386

00:59:41,410 --> 00:59:36,619

3,300 sightings in the last 18 years so

1387

00:59:44,050 --> 00:59:41,420

that's significant it was 25 salt we did

1388

00:59:46,630 --> 00:59:44,060

another breakout by counties in Indiana

1389

00:59:49,300 --> 00:59:46,640

and we saw one see two seas with the

1390

00:59:53,680 --> 00:59:49,310

other counties and then Kokomo Connie

1391

00:59:56,079 --> 00:59:53,690

had 12 there another breakout down to

1392

00:59:57,430 --> 00:59:56,089

the city level and there's like six

1393

01:00:00,579 --> 00:59:57,440

cities of onesie twosie

1394

01:00:03,880 --> 01:00:00,589

and then boom there is a this city our

1395

01:00:07,650 --> 01:00:03,890

Township called Howard in Kokomo County

1396

01:00:10,870 --> 01:00:07,660

Indiana Donna April 16 2008 had 12

1397

01:00:13,120 --> 01:00:10,880

sightings understand I'm looking at a

1398

01:00:16,120 --> 01:00:13,130

chart that on the average has nothing or

1399

01:00:19,240 --> 01:00:16,130

onesie twosie son right okay and when

1400

01:00:21,240 --> 01:00:19,250

you get down there yes so I mean you

1401

01:00:23,859 --> 01:00:21,250

know what discovering yeah yeah

1402

01:00:26,200 --> 01:00:23,869

imagine someplace that you know about

1403

01:00:27,579 --> 01:00:26,210

it's got a volunteer fire department

1404

01:00:30,070 --> 01:00:27,589

maybe a general store that sells

1405

01:00:32,740 --> 01:00:30,080

haagen-dazs and and a half a dozen

1406

01:00:34,079 --> 01:00:32,750

trailers out there okay not much more

1407

01:00:37,480 --> 01:00:34,089

than a cattle

1408

01:00:40,240 --> 01:00:37,490

okay that has nothing going on all the

1409

01:00:43,599 --> 01:00:40,250

time but one year ago five years ago ten

1410

01:00:46,150 --> 01:00:43,609

years ago one particular day something

1411

01:00:48,279 --> 01:00:46,160

really amazing went down beats going to

1412

01:00:49,870 --> 01:00:48,289

places like Roswell in Kecksburg again

1413

01:00:50,680 --> 01:00:49,880

doesn't it where nothing's happened

1414

01:00:53,680 --> 01:00:50,690

exactly

1415

01:00:57,789 --> 01:00:53,690

and that's why I would be hungry to go

1416

01:00:59,349 --> 01:00:57,799

out to that place that's well the next

1417

01:01:01,150 --> 01:00:59,359

one we're doing we just did the national

1418

01:01:03,760 --> 01:01:01,160

one okay we've got them marked up and

1419

01:01:05,049 --> 01:01:03,770

the girls were really fabulous women and

1420

01:01:06,220 --> 01:01:05,059

they're all gonna be credited in the

1421

01:01:07,960 --> 01:01:06,230

book cool okay

1422

01:01:10,359 --> 01:01:07,970

a lot of women research there that was

1423

01:01:11,680 --> 01:01:10,369

cool so the next one we're doing and

1424

01:01:15,099 --> 01:01:11,690

they all volunteer can we do some more

1425

01:01:19,120 --> 01:01:15,109

so I'm doing the sort on individual

1426

01:01:21,039 --> 01:01:19,130

shapes okay by day and by eighteen years

1427

01:01:24,250 --> 01:01:21,049

across the top okay and we're gonna look

1428

01:01:26,650 --> 01:01:24,260

for individual shaped clusters now we've

1429

01:01:30,220 --> 01:01:26,660

already did Spears and boy we had some

1430

01:01:31,779 --> 01:01:30,230

stuff there too just opened our eyes you

1431

01:01:35,049 --> 01:01:31,789

know one particular now in California

1432

01:01:37,059 --> 01:01:35,059

yeah you might see oh yeah they had

1433

01:01:39,519 --> 01:01:37,069

seven seer seen in California on this

1434

01:01:41,950 --> 01:01:39,529

particular day but they got more

1435

01:01:44,740 --> 01:01:41,960

sightings than anybody else yeah but but

1436

01:01:49,779 --> 01:01:44,750

that they had that's seven sightings if

1437

01:01:51,789 --> 01:01:49,789

it was in Kansas bets or even New York

1438

01:01:53,950 --> 01:01:51,799

State that would be significant right

1439

01:01:56,260 --> 01:01:53,960

okay someplace other than California

1440

01:01:59,140 --> 01:01:56,270

yeah in a sack driven by populations

1441

01:02:02,410 --> 01:01:59,150

population temperate weather leisure

1442

01:02:04,210 --> 01:02:02,420

time and hours of darkness now I had

1443

01:02:06,730 --> 01:02:04,220

some people kind of corner me in and say

1444

01:02:08,319 --> 01:02:06,740

what about water and we saw a lot about

1445

01:02:10,269 --> 01:02:08,329

water but then we had to go back and

1446

01:02:10,710 --> 01:02:10,279

look at history remember your American

1447

01:02:12,910 --> 01:02:10,720

history

1448

01:02:16,180 --> 01:02:12,920

everybody built their villages in their

1449

01:02:19,000 --> 01:02:16,190

towns around lakes and waterways because

1450

01:02:21,519 --> 01:02:19,010

it was a vehicle for transportation as

1451

01:02:24,160 --> 01:02:21,529

well and those populations stayed there

1452

01:02:27,110 --> 01:02:24,170

so just because we have a lot of UFO

1453

01:02:30,980 --> 01:02:27,120

sightings around waterways does

1454

01:02:32,240 --> 01:02:30,990

necessarily mean it's it's not bought

1455

01:02:35,480 --> 01:02:32,250

the water it might be about the

1456

01:02:37,870 --> 01:02:35,490

population in those concentrations okay

1457

01:02:40,730 --> 01:02:37,880

oh that's interesting

1458

01:02:43,250 --> 01:02:40,740

Cheryl I got a thank you we have some

1459

01:02:45,470 --> 01:02:43,260

strange conversations in my household I

1460

01:02:47,060 --> 01:02:45,480

can only imagine be a fly on the wall

1461

01:02:49,340 --> 01:02:47,070

but we've got to be a fly on the wall

1462

01:02:50,780 --> 01:02:49,350

today with you so I can't wait to see

1463

01:02:53,090 --> 01:02:50,790

your talk to thank you for having I

1464

01:02:55,850 --> 01:02:53,100

can't wait to work with you again where

1465

01:02:57,620 --> 01:02:55,860

can we find our work any all right now

1466

01:02:59,720 --> 01:02:57,630

the only thing is available right now is

1467

01:03:01,760 --> 01:02:59,730

the U of UFO sightings Desk Reference

1468

01:03:03,620 --> 01:03:01,770

okay UFO sightings Desk Reference

1469

01:03:05,900 --> 01:03:03,630

available on Amazon you just put that in

1470

01:03:08,090 --> 01:03:05,910

and I'll pop right up it's by Linda

1471

01:03:10,010 --> 01:03:08,100

Cheryl cost and Linda Miller cost though

1472

01:03:11,600 --> 01:03:10,020

she's the brains of the operation she's

1473

01:03:12,590 --> 01:03:11,610

got the Saints if he's I got the top hat

1474

01:03:15,010 --> 01:03:12,600

Nick and I got an arts and entertainment

1475

01:03:17,060 --> 01:03:15,020

degree you know but I had crunching back

1476

01:03:19,370 --> 01:03:17,070

analysis and crunching background in the

1477

01:03:21,920 --> 01:03:19,380

Navy and in 30 years of Lockheed so

1478

01:03:23,810 --> 01:03:21,930

that's where my background is we're

1479

01:03:25,400 --> 01:03:23,820

getting ready of the newspaper I wrote

1480

01:03:29,480 --> 01:03:25,410

for for seven years went out of business

1481

01:03:32,180 --> 01:03:29,490

in June we have retrieved all 236

1482

01:03:33,800 --> 01:03:32,190

articles that I wrote over those seven

1483

01:03:36,140 --> 01:03:33,810

years all those newspaper articles that

1484

01:03:38,000 --> 01:03:36,150

were very a matter-of-fact about UFOs we

1485

01:03:39,290 --> 01:03:38,010

wrote them up just like any car accident

1486

01:03:41,680 --> 01:03:39,300

or any house that burned down or

1487

01:03:44,360 --> 01:03:41,690

whatever our name lost kid you know and

1488

01:03:46,160 --> 01:03:44,370

we retrieved them at when the paper was

1489

01:03:47,720 --> 01:03:46,170

going out of business and we are going

1490

01:03:49,400 --> 01:03:47,730

to publish sometime before the first of

1491

01:03:51,980 --> 01:03:49,410

the year we're going to get published

1492

01:03:53,330 --> 01:03:51,990

all 236 of those articles on a trade

1493

01:03:55,460 --> 01:03:53,340

paperback and will probably be available

1494

01:03:58,250 --> 01:03:55,470

on Amazon again probably by the end of

1495

01:03:59,960 --> 01:03:58,260

year I said I can't wait and then we're

1496

01:04:03,170 --> 01:03:59,970

gonna do it and then work this year

1497

01:04:05,840 --> 01:04:03,180

we're hoping to do a cluster study and a

1498

01:04:07,610 --> 01:04:05,850

shapes cluster study and print a book

1499

01:04:08,820 --> 01:04:07,620

about that just all this stuff that we

1500

01:04:11,610 --> 01:04:08,830

discovered

1501

01:04:12,030 --> 01:04:11,620

I love it I love it Thank You sheriff my

1502

01:04:14,790 --> 01:04:12,040

pleasure

1503

01:04:17,640 --> 01:04:14,800

it's it's you are one of these shining

1504

01:04:18,900 --> 01:04:17,650

heroes in the field right now and the

1505

01:04:21,420 --> 01:04:18,910

fact that you've been featured in The

1506

01:04:25,350 --> 01:04:21,430

New York Times and all across the

1507

01:04:28,860 --> 01:04:25,360

country it's it's it shows that the work

1508

01:04:30,960 --> 01:04:28,870

you're doing is not only beneficial to

1509

01:04:33,420 --> 01:04:30,970

our field but it is truly essential

1510

01:04:34,830 --> 01:04:33,430

now thank to the some of your listeners

1511

01:04:36,630 --> 01:04:34,840

probably want to know when our next book

1512

01:04:38,280 --> 01:04:36,640

is the district's is coming up yes ours

1513

01:04:41,460 --> 01:04:38,290

came out 2017

1514

01:04:44,580 --> 01:04:41,470

it would have to be coming out in 2021

1515

01:04:47,610 --> 01:04:44,590

okay because we what we've decided to do

1516

01:04:49,830 --> 01:04:47,620

is take it out to 2020 we'll have a

1517

01:04:53,010 --> 01:04:49,840

clearer sample of the first 20 years of

1518

01:04:55,080 --> 01:04:53,020

the 21st century okay here's the problem

1519

01:04:56,940 --> 01:04:55,090

we were going to do it this year but if

1520

01:04:58,920 --> 01:04:56,950

we did the report with all the all the

1521

01:05:01,020 --> 01:04:58,930

resumes that we built all the deep-dive

1522

01:05:03,060 --> 01:05:01,030

leaves built if we did it the way we

1523

01:05:05,250 --> 01:05:03,070

wanted to do it literally being able to

1524

01:05:07,110 --> 01:05:05,260

drill down to the individual sea level

1525

01:05:09,900 --> 01:05:07,120

and be able to show you what shapes and

1526

01:05:12,300 --> 01:05:09,910

when they had them the book would be as

1527

01:05:14,670 --> 01:05:12,310

thick as a very large oxford dictionary

1528

01:05:17,070 --> 01:05:14,680

about eight inches deep okay we can't do

1529

01:05:17,460 --> 01:05:17,080

it forty-seven hundred pages we can't do

1530

01:05:19,860 --> 01:05:17,470

that

1531

01:05:23,910 --> 01:05:19,870

so what we're probably gonna do is hold

1532

01:05:27,170 --> 01:05:23,920

off to 2020 and imprint 50 individual

1533

01:05:29,910 --> 01:05:27,180

books for 51 51 individual states and

1534

01:05:31,890 --> 01:05:29,920

probably include DC and with Marilyn or

1535

01:05:33,540 --> 01:05:31,900

something like that but do 50 individual

1536

01:05:34,740 --> 01:05:33,550

books and then a couple of analysis

1537

01:05:37,020 --> 01:05:34,750

books and that will be the largest

1538

01:05:38,880 --> 01:05:37,030

collection of UFO data ever published

1539

01:05:42,600 --> 01:05:38,890

and Linda and I will walk off into the

1540

01:05:44,340 --> 01:05:42,610

sunset that's it for you guys well I

1541

01:05:46,330 --> 01:05:44,350

can't wait for all that it's so

1542

01:05:47,950 --> 01:05:46,340

cinematic

1543

01:06:27,700 --> 01:05:47,960

thank you

1544

01:06:29,440 --> 01:06:27,710

[Music]

1545

01:06:31,910 --> 01:06:29,450

[Applause]

1546
