

SOMEWHERE IN THE SKIES

WITH RYAN SPRAGUE

A COSMIC CONVERSATION

FEATURING

*LESLIE KEAN &
DIANA WALSH PASULKA*

1
00:00:00,080 --> 00:00:04,820

[Music]

2
00:00:04,830 --> 00:00:08,830

[Applause]

3
00:00:28,840 --> 00:00:13,430

this is somewhere in the skies Branzburg

4
00:00:32,830 --> 00:00:31,269

today is a very special day for

5
00:00:35,979 --> 00:00:32,840

somewhere in the skies because somehow

6
00:00:38,619 --> 00:00:35,989

and some way I was able to get two of my

7
00:00:41,380 --> 00:00:38,629

biggest inspirations in the UFO field in

8
00:00:43,450 --> 00:00:41,390

one digital room together for what is

9
00:00:45,820 --> 00:00:43,460

going to be an amazing conversation I

10
00:00:47,890 --> 00:00:45,830

have no doubt I have with me past guest

11
00:00:50,830 --> 00:00:47,900

professor and author Diana Walsh

12
00:00:54,340 --> 00:00:50,840

Basilica and first-time guest journalist

13
00:00:56,259 --> 00:00:54,350

and author Leslie Kane thank you so so

14

00:00:59,380 --> 00:00:56,269

much to the both of you for being here

15

00:01:02,200 --> 00:00:59,390

so before we we sort of dive in here

16

00:01:05,109 --> 00:01:02,210

today I wanted to give those in my

17

00:01:08,260 --> 00:01:05,119

audience who may be new to the whole UFO

18

00:01:11,529 --> 00:01:08,270

thing or just hopping in on this episode

19

00:01:13,840 --> 00:01:11,539

um sort of a refresher for the UFO buffs

20

00:01:15,609 --> 00:01:13,850

out there and a little crash course for

21

00:01:18,040 --> 00:01:15,619

the newbies in the work that you two are

22

00:01:20,260 --> 00:01:18,050

primarily known for in the UFO world

23

00:01:22,719 --> 00:01:20,270

so I guess Diana would you mind telling

24

00:01:24,969 --> 00:01:22,729

us a little about who you are and what

25

00:01:28,060 --> 00:01:24,979

your book American cosmic was all about

26

00:01:29,770 --> 00:01:28,070

sure so I am a professor of Religious

27

00:01:32,560 --> 00:01:29,780

Studies at the University of North

28

00:01:35,649 --> 00:01:32,570

Carolina in Wilmington and I wrote

29

00:01:40,270 --> 00:01:35,659

American cosmic religion UFOs and

30

00:01:43,920 --> 00:01:40,280

technology and it's a it's kind of a

31

00:01:46,539 --> 00:01:43,930

crazy journey through Silicon Valley's

32

00:01:50,469 --> 00:01:46,549

entrepreneurs or techno careers really

33

00:01:52,870 --> 00:01:50,479

and how they believe in UFOs and even

34

00:01:55,749 --> 00:01:52,880

have believed that they have UFO part

35

00:01:57,850 --> 00:01:55,759

and back engineer them and things like

36

00:02:00,670 --> 00:01:57,860

that but it's also about technology and

37

00:02:02,469 --> 00:02:00,680

it's an impact on us and the creation of

38

00:02:05,499 --> 00:02:02,479

religions and things like that

39

00:02:07,929 --> 00:02:05,509

and it is also a huge contributor in the

40

00:02:09,969 --> 00:02:07,939

last few years I would say to the

41

00:02:12,100 --> 00:02:09,979

overall UFO conversation and bringing it

42

00:02:13,390 --> 00:02:12,110

to the mainstream and I don't think

43

00:02:15,970 --> 00:02:13,400

anyone really knows that better than

44

00:02:18,100 --> 00:02:15,980

Lesley you've done so much amazing work

45

00:02:20,380 --> 00:02:18,110

in and out of the UFO research world but

46

00:02:22,840 --> 00:02:20,390

if you wouldn't mind could you maybe

47

00:02:24,430 --> 00:02:22,850

tell us a little about your book ufos

48

00:02:26,860 --> 00:02:24,440

generals pilots and government officials

49

00:02:28,870 --> 00:02:26,870

go on the record and also the co-written

50

00:02:31,600 --> 00:02:28,880

article you release the new york times

51
00:02:34,240 --> 00:02:31,610
which in my opinion i'm sure others

52
00:02:37,030 --> 00:02:34,250
agree along with Diana's book has moved

53
00:02:39,009 --> 00:02:37,040
ufos more into the mainstream than ever

54
00:02:41,000 --> 00:02:39,019
before so yeah can you give us a little

55
00:02:44,030 --> 00:02:41,010
bit about all that you've done leslie

56
00:02:46,280 --> 00:02:44,040
my best seller and then headed forward

57
00:02:48,410 --> 00:02:46,290
by John Podesta and it included chapters

58
00:02:50,330 --> 00:02:48,420
written by a lot of really impressive

59
00:02:52,100 --> 00:02:50,340
people who I was fortunate ISM we're

60
00:02:54,890 --> 00:02:52,110
willing to contribute to the book and it

61
00:02:56,330 --> 00:02:54,900
just presents the kind of hardcore best

62
00:02:58,399 --> 00:02:56,340
evidence for the reality of the

63
00:03:02,569 --> 00:02:58,409

phenomenon and and I think it really

64

00:03:05,479 --> 00:03:02,579

established that in a very solid way so

65

00:03:07,610 --> 00:03:05,489

case studies and interviews and analysis

66

00:03:09,380 --> 00:03:07,620

and all of that and these chapters are

67

00:03:11,360 --> 00:03:09,390

inviting people themselves which make it

68

00:03:13,699 --> 00:03:11,370

really powerful it was started the

69

00:03:15,410 --> 00:03:13,709

culmination of ten years of reporting

70

00:03:18,619 --> 00:03:15,420

that I had done on UFOs prior to that

71

00:03:21,229 --> 00:03:18,629

and so fast forward another ten years to

72

00:03:23,119 --> 00:03:21,239

the present I co-authored two stories

73

00:03:26,089 --> 00:03:23,129

for the New York Times which to me was

74

00:03:28,309 --> 00:03:26,099

like the pinnacle of my career because I

75

00:03:31,160 --> 00:03:28,319

would have never expected to be able to

76

00:03:34,369 --> 00:03:31,170

do that and I if I could have picked one

77

00:03:37,160 --> 00:03:34,379

paper that would be the one so December

78

00:03:39,140 --> 00:03:37,170

September 20 17th was the first story

79

00:03:40,640 --> 00:03:39,150

and then I hear listeners are probably

80

00:03:43,129 --> 00:03:40,650

familiar with it where we broke the news

81

00:03:46,180 --> 00:03:43,139

about the Pentagon UFO program would

82

00:03:49,400 --> 00:03:46,190

have been secret until then and then in

83

00:03:51,650 --> 00:03:49,410

2019 we did another story about Navy

84

00:03:55,970 --> 00:03:51,660

pilots who reported sightings of UFOs

85

00:03:57,970 --> 00:03:55,980

off the USS Roosevelt in 2015 and we

86

00:04:00,800 --> 00:03:57,980

also included videos with those stories

87

00:04:02,839 --> 00:04:00,810

official Pentagon videos which made them

88

00:04:05,180 --> 00:04:02,849

particularly I think back a lot of what

89

00:04:07,490 --> 00:04:05,190

the draw was for people so that's my

90

00:04:10,009 --> 00:04:07,500

work in the nutshell and I mean once

91

00:04:12,470 --> 00:04:10,019

this story hit Leslie it just it

92

00:04:14,900 --> 00:04:12,480

completely changed the way we talk about

93

00:04:17,719 --> 00:04:14,910

UFOs in and out of the mainstream and

94

00:04:19,610 --> 00:04:17,729

even for the UFO community in general so

95

00:04:22,219 --> 00:04:19,620

I'm sure some of our listeners would

96

00:04:24,350 --> 00:04:22,229

would be curious to know how did the New

97

00:04:26,180 --> 00:04:24,360

York Times article come about and what

98

00:04:28,730 --> 00:04:26,190

was it like after the article went live

99

00:04:31,070 --> 00:04:28,740

for you expecting to get this sort of

100

00:04:33,290 --> 00:04:31,080

response that you did or how did this

101
00:04:35,659 --> 00:04:33,300
all come about the origins story as it

102
00:04:37,820 --> 00:04:35,669
were well what happened was I was

103
00:04:40,460 --> 00:04:37,830
invited when when I was invited to a

104
00:04:42,980 --> 00:04:40,470
meeting with Lou Elizondo who was the

105
00:04:45,439 --> 00:04:42,990
person who was the head of this program

106
00:04:47,589 --> 00:04:45,449
our whatever your designation you want

107
00:04:52,399 --> 00:04:47,599
to call it he sort of led the program

108
00:04:54,559 --> 00:04:52,409
the whole time it from 2020 2007 until

109
00:04:56,629 --> 00:04:54,569
the time he left which

110
00:04:59,629 --> 00:04:56,639
in 2017 so it was ten years and

111
00:05:02,809 --> 00:04:59,639
literally the day that he resigned from

112
00:05:04,879 --> 00:05:02,819
that position I was called down by some

113
00:05:07,010 --> 00:05:04,889

of his associates to Washington DC to

114

00:05:08,659 --> 00:05:07,020

meet with him and so I met with him and

115

00:05:10,549 --> 00:05:08,669

three other people who were close to him

116

00:05:13,189 --> 00:05:10,559

these were two of them were people I had

117

00:05:15,260 --> 00:05:13,199

known for a long time and people who are

118

00:05:19,760 --> 00:05:15,270

associated with the program and worked

119

00:05:22,790 --> 00:05:19,770

with him and was shown the videos was

120

00:05:26,899 --> 00:05:22,800

shown a lot of information I got to talk

121

00:05:28,820 --> 00:05:26,909

to him for a long time to Elizondo and I

122

00:05:30,679 --> 00:05:28,830

think part of the reason for that was to

123

00:05:32,029 --> 00:05:30,689

see if there might be something there

124

00:05:35,209 --> 00:05:32,039

that could go to the New York Times and

125

00:05:37,519 --> 00:05:35,219

I was without doubt I recognized

126

00:05:39,439 --> 00:05:37,529

immediately the power of this story and

127

00:05:42,350 --> 00:05:39,449

I was completely blown away by having

128

00:05:44,119 --> 00:05:42,360

that opportunity and by realizing what

129

00:05:45,679 --> 00:05:44,129

this meant that you know what we were

130

00:05:48,829 --> 00:05:45,689

going to be able to expose if we could

131

00:05:51,019 --> 00:05:48,839

indeed get it into the New York Times so

132

00:05:52,850 --> 00:05:51,029

without taking any information with me

133

00:05:55,820 --> 00:05:52,860

but I was seeing stuff that has since

134

00:05:58,339 --> 00:05:55,830

been made public over over the time

135

00:06:00,350 --> 00:05:58,349

period between men and now and even more

136

00:06:02,600 --> 00:06:00,360

stuff that hasn't been made public I

137

00:06:05,989 --> 00:06:02,610

went to my colleague Ralph Blumenthal

138

00:06:08,059 --> 00:06:05,999

who I've worked with before on New York

139

00:06:09,679 --> 00:06:08,069

Times stuff and he was on the staff

140

00:06:11,689 --> 00:06:09,689

there for many years he's now a

141

00:06:14,389 --> 00:06:11,699

freelancer for the time so he he's the

142

00:06:17,600 --> 00:06:14,399

one that had the door into the times we

143

00:06:19,399 --> 00:06:17,610

took the story to a lead investor the

144

00:06:22,040 --> 00:06:19,409

editor for investigations from

145

00:06:24,739 --> 00:06:22,050

Washington DC who happened to be in New

146

00:06:27,889 --> 00:06:24,749

York sat down and had a meeting with him

147

00:06:29,839 --> 00:06:27,899

his name is Mark Mazzetti and just laid

148

00:06:33,350 --> 00:06:29,849

everything out on the table for him and

149

00:06:35,509 --> 00:06:33,360

pitched the story basically and he said

150

00:06:36,559 --> 00:06:35,519

I'm taking it to Washington I'll get

151

00:06:38,600 --> 00:06:36,569

back to you in a week

152

00:06:40,489 --> 00:06:38,610

and we got the call in a week let's go

153

00:06:42,230 --> 00:06:40,499

for it so that's how it all started and

154

00:06:44,449 --> 00:06:42,240

our editor was the head of the

155

00:06:46,279 --> 00:06:44,459

Washington bureau so she's a really

156

00:06:48,759 --> 00:06:46,289

prominent person within the paper and we

157

00:06:53,149 --> 00:06:48,769

were assigned to work with Helene Cooper

158

00:06:54,949 --> 00:06:53,159

who is the hope you know a prize-winning

159

00:06:57,529 --> 00:06:54,959

reporter for The Times who covers the

160

00:06:59,719 --> 00:06:57,539

Pentagon she is the person who knows the

161

00:07:02,929 --> 00:06:59,729

Pentagon so we couldn't ask for a better

162

00:07:04,489 --> 00:07:02,939

person to work with and so that's how it

163

00:07:06,889 --> 00:07:04,499

started and then we spent a couple of

164

00:07:07,530 --> 00:07:06,899

months doing the work you have to do to

165

00:07:10,500 --> 00:07:07,540

make

166

00:07:13,860 --> 00:07:10,510

story and lots of rounds of editing it

167

00:07:16,950 --> 00:07:13,870

was you know a difficult process but we

168

00:07:18,780 --> 00:07:16,960

just kept our goal in mind and then it

169

00:07:20,760 --> 00:07:18,790

came out and so that's sort of that's

170

00:07:23,220 --> 00:07:20,770

how the whole thing happened and the

171

00:07:25,440 --> 00:07:23,230

videos were provided by a source that

172

00:07:28,620 --> 00:07:25,450

I'm I'm not in a position to name right

173

00:07:30,690 --> 00:07:28,630

now but I think pretty soon that sources

174

00:07:33,030 --> 00:07:30,700

name is Konami he's gonna probably

175

00:07:34,800 --> 00:07:33,040

reveal who he is because everything else

176
00:07:36,720 --> 00:07:34,810
is coming out but I don't want to be the

177
00:07:39,240 --> 00:07:36,730
one to do that so that's that's a big

178
00:07:40,410 --> 00:07:39,250
part of what the two of you the

179
00:07:43,830 --> 00:07:40,420
information you're bringing forward

180
00:07:46,800 --> 00:07:43,840
isn't easy to get access to and you are

181
00:07:48,930 --> 00:07:46,810
getting this information with the you

182
00:07:51,090 --> 00:07:48,940
know the firm deal with these people

183
00:07:53,550 --> 00:07:51,100
that they will not be named and that's

184
00:07:55,470 --> 00:07:53,560
that's how these things work and I think

185
00:07:58,620 --> 00:07:55,480
that's what makes what both of you are

186
00:08:00,510 --> 00:07:58,630
doing extremely vital to to what gets

187
00:08:02,010 --> 00:08:00,520
out there and also the fact that Leslie

188
00:08:03,870 --> 00:08:02,020

I mean the article came out and it

189

00:08:06,120 --> 00:08:03,880

really caught the Pentagon by surprise

190

00:08:08,820 --> 00:08:06,130

and they didn't really know what to say

191

00:08:11,940 --> 00:08:08,830

and now we see their statements changing

192

00:08:14,280 --> 00:08:11,950

constantly when it comes to this UFO

193

00:08:17,160 --> 00:08:14,290

question and where they lay in all of

194

00:08:20,340 --> 00:08:17,170

this so whenever you look for articles

195

00:08:22,710 --> 00:08:20,350

on what's going on with a tip and the

196

00:08:25,650 --> 00:08:22,720

Pentagon and and all these different

197

00:08:27,810 --> 00:08:25,660

people involved you both your name's

198

00:08:30,390 --> 00:08:27,820

Diana and Leslie keep showing up in the

199

00:08:32,130 --> 00:08:30,400

same articles and I think for those out

200

00:08:35,490 --> 00:08:32,140

there who read all those we've noticed

201

00:08:38,280 --> 00:08:35,500

that the work you two do it intersects

202

00:08:40,469 --> 00:08:38,290

and really unique in interesting ways

203

00:08:42,390 --> 00:08:40,479

so what I kind of wanted to do today

204

00:08:45,150 --> 00:08:42,400

with the both of you is just stretch out

205

00:08:46,380 --> 00:08:45,160

have a conversation you know we're so

206

00:08:48,540 --> 00:08:46,390

used to these interviews where it's

207

00:08:51,030 --> 00:08:48,550

question answer question answer but I'd

208

00:08:55,290 --> 00:08:51,040

rather just kind of open it up to the

209

00:08:58,080 --> 00:08:55,300

both of you and see where we laid now in

210

00:08:59,940 --> 00:08:58,090

2020 when it comes to the UFO question

211

00:09:02,190 --> 00:08:59,950

so maybe Leslie would you could you

212

00:09:04,710 --> 00:09:02,200

maybe tell us a little about how you and

213

00:09:06,480 --> 00:09:04,720

Diana first got connected and maybe a

214

00:09:08,520 --> 00:09:06,490

little about why you think the work that

215

00:09:10,800 --> 00:09:08,530

you two are doing complements one

216

00:09:13,350 --> 00:09:10,810

another in the overall UFO question I

217

00:09:16,320 --> 00:09:13,360

think Diana we first Ralph and I

218

00:09:18,470 --> 00:09:16,330

actually contacted Diana because we were

219

00:09:19,670 --> 00:09:18,480

given advance copies of her book

220

00:09:22,370 --> 00:09:19,680

complete

221

00:09:24,800 --> 00:09:22,380

recognized the importance of that book

222

00:09:26,570 --> 00:09:24,810

right away we were trying to find a way

223

00:09:29,750 --> 00:09:26,580

that maybe be able to do a New York

224

00:09:31,430 --> 00:09:29,760

Times story around the book but you know

225

00:09:34,430 --> 00:09:31,440

and then I remember too as this

226

00:09:35,960 --> 00:09:34,440

journalist before I even met Diana I was

227

00:09:37,730 --> 00:09:35,970

of course trying to figure out who some

228

00:09:39,590 --> 00:09:37,740

of these anonymous characters were in

229

00:09:41,780 --> 00:09:39,600

her book because we thought to write

230

00:09:43,790 --> 00:09:41,790

about the need for the New York Times we

231

00:09:46,190 --> 00:09:43,800

would need that but then I realized

232

00:09:48,470 --> 00:09:46,200

there is no way even if I find out who

233

00:09:50,600 --> 00:09:48,480

they are that I would ever ever put

234

00:09:52,780 --> 00:09:50,610

their names out there and then gradually

235

00:09:55,070 --> 00:09:52,790

Diana and I just started having

236

00:09:58,190 --> 00:09:55,080

conversations and emails and we know

237

00:09:59,720 --> 00:09:58,200

some of the same people and we just got

238

00:10:02,780 --> 00:09:59,730

to know each other better and better

239

00:10:05,420 --> 00:10:02,790

over time and we met in New York for the

240

00:10:10,130 --> 00:10:05,430

first time I forget when it was Diana

241

00:10:12,230 --> 00:10:10,140

not too long ago so um yeah I think I

242

00:10:14,389 --> 00:10:12,240

mean one place you know one one issue

243

00:10:17,269 --> 00:10:14,399

that you raised Ryan that is very

244

00:10:19,850 --> 00:10:17,279

similar for both of us is having to deal

245

00:10:22,040 --> 00:10:19,860

with very high-level people with a lot

246

00:10:24,350 --> 00:10:22,050

of knowledge who will not be named

247

00:10:27,290 --> 00:10:24,360

and of course Diana's book was based on

248

00:10:28,430 --> 00:10:27,300

two characters like that so that might

249

00:10:29,600 --> 00:10:28,440

be in China you'd I need to subscribe

250

00:10:33,949 --> 00:10:29,610

what that was like

251
00:10:35,990 --> 00:10:33,959
it's against what I do as an academic to

252
00:10:38,600 --> 00:10:36,000
not reveal sources I mean with us what

253
00:10:40,850 --> 00:10:38,610
we do is academic because academics is

254
00:10:42,769 --> 00:10:40,860
we reveal sources so I had to get used

255
00:10:46,040 --> 00:10:42,779
to just being you know I've been doing

256
00:10:50,360 --> 00:10:46,050
this since 2012 and so I had to get used

257
00:10:53,120 --> 00:10:50,370
to not to actually being okay with not

258
00:10:55,340 --> 00:10:53,130
reviewing people's names because it

259
00:10:57,470 --> 00:10:55,350
could get them in trouble you know I

260
00:11:01,460 --> 00:10:57,480
don't want to do that but I also want to

261
00:11:04,910 --> 00:11:01,470
write about the topic I do remember the

262
00:11:07,640 --> 00:11:04,920
very day the very where I was it's one

263
00:11:10,010 --> 00:11:07,650

of those things for me when Leslie's and

264

00:11:13,220 --> 00:11:10,020

her friend at the New York Times came

265

00:11:16,550 --> 00:11:13,230

out in 2017 during Christmas you know

266

00:11:18,290 --> 00:11:16,560

the Christmas holidays and it was giant

267

00:11:19,850 --> 00:11:18,300

I mean I couldn't even believe well

268

00:11:22,699 --> 00:11:19,860

first I already knew about Leslie's book

269

00:11:24,650 --> 00:11:22,709

and I when I taught courses I have a

270

00:11:27,319 --> 00:11:24,660

section called new religious movements

271

00:11:29,960 --> 00:11:27,329

and I would use her book as text in my

272

00:11:32,180 --> 00:11:29,970

classes and the students loved it you

273

00:11:33,049 --> 00:11:32,190

know it's like it's one of the top five

274

00:11:36,199 --> 00:11:33,059

books ever

275

00:11:39,349 --> 00:11:36,209

about UFOs and it's just such a concise

276

00:11:40,699 --> 00:11:39,359

book and there's nothing there's no BS

277

00:11:42,769 --> 00:11:40,709

in the book you know it's really

278

00:11:46,369 --> 00:11:42,779

straightforward and you can't really

279

00:11:48,829 --> 00:11:46,379

argue with it and so this is the book I

280

00:11:50,719 --> 00:11:48,839

would use and so then I read this I

281

00:11:53,239 --> 00:11:50,729

remember the day I read I remember just

282

00:11:55,789 --> 00:11:53,249

reading it and and reading it again and

283

00:11:57,799 --> 00:11:55,799

then everybody of course who had

284

00:12:00,049 --> 00:11:57,809

anything to do with UFOs went crazy

285

00:12:02,269 --> 00:12:00,059

about it and the general public I got

286

00:12:06,199 --> 00:12:02,279

phone calls from people from Harvard who

287

00:12:08,929 --> 00:12:06,209

used to dismiss what I did and all of a

288

00:12:10,459 --> 00:12:08,939

sudden were asking me about my sources

289

00:12:12,559 --> 00:12:10,469

and things like that and how they could

290

00:12:15,429 --> 00:12:12,569

get involved in the research so you know

291

00:12:18,919 --> 00:12:15,439

it opened the door for legitimate

292

00:12:23,839 --> 00:12:18,929

scholarship into this area so Blumenthal

293

00:12:27,259 --> 00:12:23,849

and Leslie did this and so it was huge

294

00:12:28,789 --> 00:12:27,269

and I couldn't believe it and everything

295

00:12:30,139 --> 00:12:28,799

changed after that I mean my book I

296

00:12:33,049 --> 00:12:30,149

don't even think had come out yet it

297

00:12:35,449 --> 00:12:33,059

came out in 2019 so yeah my book wasn't

298

00:12:37,519 --> 00:12:35,459

out advance copies had gone out to

299

00:12:40,099 --> 00:12:37,529

people I didn't know that that Leslie

300

00:12:42,559 --> 00:12:40,109

and Ralph got an advance copy and we had

301

00:12:45,949 --> 00:12:42,569

a series of conversations in which we

302

00:12:48,709 --> 00:12:45,959

talked about you know the the question

303

00:12:52,609 --> 00:12:48,719

of sources and why they can't be known

304

00:12:54,859 --> 00:12:52,619

and we also knew that this is something

305

00:12:58,429 --> 00:12:54,869

that a lot of people would would

306

00:13:00,589 --> 00:12:58,439

critique us for and get angry about and

307

00:13:02,989 --> 00:13:00,599

that type of thing but we can't ignore

308

00:13:04,759 --> 00:13:02,999

the fact that this phenomena which I'm

309

00:13:06,409 --> 00:13:04,769

looking at from the religious studies

310

00:13:09,169 --> 00:13:06,419

angle and which Leslie looks out from

311

00:13:11,659 --> 00:13:09,179

the investigative journalist angle you

312

00:13:13,069 --> 00:13:11,669

know once we understand that we also

313

00:13:15,259 --> 00:13:13,079

have to understand there will be things

314

00:13:17,119 --> 00:13:15,269

that we can't know yeah I mean that's a

315

00:13:19,009 --> 00:13:17,129

really good point Diana that well we're

316

00:13:21,439 --> 00:13:19,019

you know we're getting these bread

317

00:13:23,119 --> 00:13:21,449

crumbs here and there and the people

318

00:13:25,969 --> 00:13:23,129

that the two of you are willing to talk

319

00:13:28,879 --> 00:13:25,979

to you can only give you so much it's

320

00:13:31,119 --> 00:13:28,889

it's a step in a direction that I don't

321

00:13:34,159 --> 00:13:31,129

think we've really ever seen before and

322

00:13:36,319 --> 00:13:34,169

this kind of brings me to to an

323

00:13:38,269 --> 00:13:36,329

interesting question from one of our

324

00:13:41,179 --> 00:13:38,279

listeners on Twitter that what I would

325

00:13:42,799 --> 00:13:41,189

love to interject here that has to do

326

00:13:46,430 --> 00:13:42,809

with both of you Diana after being

327

00:13:48,500 --> 00:13:46,440

immersed in you know UFO fight clubs

328

00:13:51,080 --> 00:13:48,510

you know for a while do you feel that

329

00:13:53,750 --> 00:13:51,090

Tyler and James these two people who you

330

00:13:57,140 --> 00:13:53,760

know remain anonymous to most of the

331

00:13:59,360 --> 00:13:57,150

public do you believe that that you were

332

00:14:02,270 --> 00:13:59,370

sort of when they came forward with the

333

00:14:05,420 --> 00:14:02,280

information they gave you that this was

334

00:14:09,620 --> 00:14:05,430

all sort of planned or that American

335

00:14:11,450 --> 00:14:09,630

cosmic was used to reveal certain things

336

00:14:12,800 --> 00:14:11,460

that they wanted to get out to the

337

00:14:15,590 --> 00:14:12,810

public how much do you think the people

338

00:14:17,870 --> 00:14:15,600

that were in your book how much you were

339

00:14:19,490 --> 00:14:17,880

in control in how much they were in

340

00:14:23,000 --> 00:14:19,500

control of what was going on if that

341

00:14:25,160 --> 00:14:23,010

makes any sense it makes a lot of sense

342

00:14:27,500 --> 00:14:25,170

that's I've actually talked about that

343

00:14:29,780 --> 00:14:27,510

in the book because you know James is an

344

00:14:33,200 --> 00:14:29,790

academic and I bring him to the desert

345

00:14:36,830 --> 00:14:33,210

with me you know when we go there to an

346

00:14:39,020 --> 00:14:36,840

alleged crash site of UFO and we kind of

347

00:14:41,150 --> 00:14:39,030

confer and what we don't kind of confer

348

00:14:43,610 --> 00:14:41,160

we confer and we say are we being set up

349

00:14:46,730 --> 00:14:43,620

you know is this a setup and the

350

00:14:49,940 --> 00:14:46,740

question is that the I mean the answer

351

00:14:53,540 --> 00:14:49,950

is that in a sense this is this is

352

00:14:57,020 --> 00:14:53,550

information that was that needed to get

353

00:15:00,140 --> 00:14:57,030

out and that a certain group wanted to

354

00:15:02,240 --> 00:15:00,150

get out however I am an academic with

355

00:15:04,730 --> 00:15:02,250

integrity I've never I've never done

356

00:15:07,040 --> 00:15:04,740

anything in my career so far that has

357

00:15:11,270 --> 00:15:07,050

been something against my own academic

358

00:15:13,340 --> 00:15:11,280

ethics and so I agreed like I agreed to

359

00:15:16,310 --> 00:15:13,350

say okay you could be sued on you know

360

00:15:18,860 --> 00:15:16,320

you can you can have a pseudonym and I

361

00:15:20,720 --> 00:15:18,870

won't reveal who you are and you will

362

00:15:23,150 --> 00:15:20,730

let me into your world and show me

363

00:15:26,690 --> 00:15:23,160

things and I think that they wanted the

364

00:15:29,300 --> 00:15:26,700

public to see I don't think they thought

365

00:15:31,880 --> 00:15:29,310

that this would get out as big as it got

366

00:15:33,920 --> 00:15:31,890

out honestly and go though in certain

367

00:15:35,030 --> 00:15:33,930

direction that it's gone

368

00:15:37,280 --> 00:15:35,040

you know there's that unintended

369

00:15:39,890 --> 00:15:37,290

consequences type of thing that happens

370

00:15:42,140 --> 00:15:39,900

but I do think that you know this was a

371

00:15:44,329 --> 00:15:42,150

collaboration with people and we all

372

00:15:44,870 --> 00:15:44,339

made agreements even Oxford University

373

00:15:46,850 --> 00:15:44,880

Press

374

00:15:50,329 --> 00:15:46,860

you know we made a we made agreements

375

00:15:51,680 --> 00:15:50,339

that we would keep certain things that

376

00:15:53,060 --> 00:15:51,690

they wanted us to keep and we would

377

00:15:54,110 --> 00:15:53,070

reveal certain things and the only

378

00:15:57,410 --> 00:15:54,120

reason we would keep certain things

379

00:16:00,530 --> 00:15:57,420

quiet is is to protect human beings you

380

00:16:03,740 --> 00:16:00,540

know to protect people and so I

381

00:16:07,010 --> 00:16:03,750

to be part of the whole project and this

382

00:16:08,960 --> 00:16:07,020

kind of this ties into a question I have

383

00:16:12,260 --> 00:16:08,970

for you Leslie this actually comes from

384

00:16:14,690 --> 00:16:12,270

a scientist that listens to our show the

385

00:16:17,330 --> 00:16:14,700

mad scientist podcast Chris Cogswell on

386

00:16:20,720 --> 00:16:17,340

Twitter he asks you Leslie do you have

387

00:16:22,670 --> 00:16:20,730

any further information on how Bob

388

00:16:24,980 --> 00:16:22,680

Bigelow steam was vetted by the

389

00:16:26,720 --> 00:16:24,990

government during their bidding with a

390

00:16:29,210 --> 00:16:26,730

tip and all sap and all these programs

391

00:16:32,540 --> 00:16:29,220

are learning about how much do you know

392

00:16:35,360 --> 00:16:32,550

about how Bob Bigelow was connected to

393

00:16:37,910 --> 00:16:35,370

all this and where they stand today with

394

00:16:39,520 --> 00:16:37,920

with what's going on and the information

395

00:16:43,130 --> 00:16:39,530

then that's been brought forward

396

00:16:45,860 --> 00:16:43,140

basically you know Bob Bigelow was a

397

00:16:48,170 --> 00:16:45,870

colleague and friend of Harry Reid's and

398

00:16:50,510 --> 00:16:48,180

Senator Harry Reid was instrumental in

399

00:16:53,240 --> 00:16:50,520

setting up the program but as I what I

400

00:16:55,130 --> 00:16:53,250

was told as I understand it was anyone

401
00:16:57,290 --> 00:16:55,140
could have applied so what happened was

402
00:16:59,120 --> 00:16:57,300
they had a budget to hire an independent

403
00:17:01,520 --> 00:16:59,130
contractor who was going to sort of

404
00:17:03,260 --> 00:17:01,530
oversee all the research that was going

405
00:17:06,140 --> 00:17:03,270
to be done in connection with the eight

406
00:17:07,790 --> 00:17:06,150
chip program and any number of people

407
00:17:10,430 --> 00:17:07,800
could have applied for that it was an

408
00:17:12,410 --> 00:17:10,440
open open deal there and Bob Bigelow

409
00:17:14,840 --> 00:17:12,420
applied and he ended up getting the

410
00:17:17,240 --> 00:17:14,850
contract and I actually seen the

411
00:17:19,520 --> 00:17:17,250
document in which he was granted that

412
00:17:22,640 --> 00:17:19,530
contract and you know there would be

413
00:17:24,770 --> 00:17:22,650

nothing kind of strange or weird about

414

00:17:26,480 --> 00:17:24,780

it he just went through the process that

415

00:17:29,150 --> 00:17:26,490

that anybody would go through who was

416

00:17:31,160 --> 00:17:29,160

applying for that and he was very well

417

00:17:33,130 --> 00:17:31,170

suited for it because he had a

418

00:17:35,630 --> 00:17:33,140

background in this field

419

00:17:38,990 --> 00:17:35,640

he had facilities that would have

420

00:17:42,200 --> 00:17:39,000

allowed him to do a lot of work he knew

421

00:17:44,960 --> 00:17:42,210

a lot of people and basically what he

422

00:17:48,710 --> 00:17:44,970

did once he got the contract was he sort

423

00:17:51,400 --> 00:17:48,720

of stepped aside and and hired and of an

424

00:17:53,810 --> 00:17:51,410

executive director to run everything and

425

00:17:55,430 --> 00:17:53,820

then they got these papers that

426
00:17:58,790 --> 00:17:55,440
everybody's probably heard about these

427
00:18:03,320 --> 00:17:58,800
goes 34 papers research papers that were

428
00:18:05,630 --> 00:18:03,330
done by various scientists for aspects

429
00:18:07,370 --> 00:18:05,640
of areas that they thought should be

430
00:18:10,220 --> 00:18:07,380
investigated in relationship to this

431
00:18:12,320 --> 00:18:10,230
phenomenon and so Bigelow one what's the

432
00:18:14,180 --> 00:18:12,330
contract came in he wasn't that actively

433
00:18:17,029 --> 00:18:14,190
involved with everything

434
00:18:18,619 --> 00:18:17,039
so home Kelliher who people may have

435
00:18:21,649 --> 00:18:18,629
heard of was the person that sort of

436
00:18:23,389 --> 00:18:21,659
oversaw how everything was going on so

437
00:18:25,970 --> 00:18:23,399
I'm and I think the main thing was those

438
00:18:28,340 --> 00:18:25,980

papers and what's interesting about the

439

00:18:30,379 --> 00:18:28,350

papers is that a lot of the scientists

440

00:18:32,869 --> 00:18:30,389

who were asked to do that research did

441

00:18:33,259 --> 00:18:32,879

not know why they were being asked to do

442

00:18:38,389 --> 00:18:33,269

it

443

00:18:41,180 --> 00:18:38,399

somebody who said I'm working for a

444

00:18:42,560 --> 00:18:41,190

government program but studying UFOs we

445

00:18:45,080 --> 00:18:42,570

want to know this this that or the other

446

00:18:46,970 --> 00:18:45,090

thing they would just not tell them that

447

00:18:50,029 --> 00:18:46,980

but tell them we want to know something

448

00:18:51,499 --> 00:18:50,039

about whatever this particular area was

449

00:18:53,480 --> 00:18:51,509

and it didn't have to they didn't have

450

00:18:55,820 --> 00:18:53,490

to disclose the fact that it was

451
00:18:57,409 --> 00:18:55,830
concerning with UFOs so that happened

452
00:18:59,119 --> 00:18:57,419
for a lot of the papers to which I

453
00:19:00,740 --> 00:18:59,129
thought was kind of interesting yeah and

454
00:19:02,869 --> 00:19:00,750
I think everybody knows that Bigelow as

455
00:19:04,940 --> 00:19:02,879
a history of interest in this topic and

456
00:19:07,220 --> 00:19:04,950
also they know about needs the work he

457
00:19:10,490 --> 00:19:07,230
did the National Institute of discovery

458
00:19:12,409 --> 00:19:10,500
science for many many years and the work

459
00:19:14,720 --> 00:19:12,419
he did at the ranch which is of course

460
00:19:16,820 --> 00:19:14,730
the in Utah skinwalker ranch which is

461
00:19:18,499 --> 00:19:16,830
fascinating so that's that's basically

462
00:19:20,509 --> 00:19:18,509
what I know about the history of his

463
00:19:22,759 --> 00:19:20,519

relationship to all of this there are a

464

00:19:24,019 --> 00:19:22,769

lot of connections that Leslie and I

465

00:19:25,669 --> 00:19:24,029

there are a lot of aspects that are

466

00:19:27,470 --> 00:19:25,679

similar in terms of our research because

467

00:19:29,480 --> 00:19:27,480

we're both in a sense we're outsiders

468

00:19:32,749 --> 00:19:29,490

who got let you decide for a little bit

469

00:19:35,299 --> 00:19:32,759

and not completely inside but we did get

470

00:19:37,100 --> 00:19:35,309

a view of what's going on and something

471

00:19:39,440 --> 00:19:37,110

that Leslie said is something that I

472

00:19:40,909 --> 00:19:39,450

encountered a lot only certain

473

00:19:43,129 --> 00:19:40,919

scientists knew what they were working

474

00:19:45,049 --> 00:19:43,139

on and they would have a whole bevy of

475

00:19:46,909 --> 00:19:45,059

other scientists who would not have a

476

00:19:49,490 --> 00:19:46,919

clue that they were working on things

477

00:19:50,690 --> 00:19:49,500

that had to do with the phenomena and I

478

00:19:53,119 --> 00:19:50,700

think that's really interesting because

479

00:19:55,240 --> 00:19:53,129

that goes into what I call the UFO

480

00:19:57,830 --> 00:19:55,250

fightclub phenomena right the

481

00:20:00,860 --> 00:19:57,840

compartmentalization of this information

482

00:20:02,930 --> 00:20:00,870

so that it would not get out and I think

483

00:20:04,549 --> 00:20:02,940

that that's something that I think

484

00:20:06,860 --> 00:20:04,559

ufologists would find that fascinating

485

00:20:09,320 --> 00:20:06,870

I'm not making it up you know Leslie

486

00:20:11,659 --> 00:20:09,330

just confirmed that this that again

487

00:20:13,460 --> 00:20:11,669

these people didn't know what they were

488

00:20:15,919 --> 00:20:13,470

doing a lot of times you know they were

489

00:20:17,990 --> 00:20:15,929

working on it Colm actually before my

490

00:20:19,970 --> 00:20:18,000

book came out he actually asked he

491

00:20:23,509 --> 00:20:19,980

didn't even know my book was was coming

492

00:20:26,180 --> 00:20:23,519

out about my work in with angels you

493

00:20:27,499 --> 00:20:26,190

know and like the physicality of angels

494

00:20:27,980 --> 00:20:27,509

which I have written about in the

495

00:20:30,440 --> 00:20:27,990

Catholic Church

496

00:20:32,480 --> 00:20:30,450

and I thought who is this person and why

497

00:20:35,630 --> 00:20:32,490

are they you know this is what this was

498

00:20:37,910 --> 00:20:35,640

before I was hip to what was going on

499

00:20:39,980 --> 00:20:37,920

you know and I thought why do these

500

00:20:40,549 --> 00:20:39,990

people want to know about angels of all

501
00:20:43,160 --> 00:20:40,559
people

502
00:20:45,380 --> 00:20:43,170
so is it kind of a confusing time for me

503
00:20:46,910 --> 00:20:45,390
to understand that you know what they're

504
00:20:50,930 --> 00:20:46,920
doing is they're looking at the history

505
00:20:53,120 --> 00:20:50,940
of this type of phenomena and what they

506
00:20:55,460 --> 00:20:53,130
can glean data basically from what they

507
00:20:57,190 --> 00:20:55,470
can glean from this stuff historically

508
00:20:59,360 --> 00:20:57,200
and this brings us to an interesting

509
00:21:01,700 --> 00:20:59,370
facet to all this that we've heard

510
00:21:03,590 --> 00:21:01,710
rumors about when it comes to how the

511
00:21:06,980 --> 00:21:03,600
you know there's government with a

512
00:21:09,410 --> 00:21:06,990
capital G I guess has dealt with the UFO

513
00:21:11,930 --> 00:21:09,420

topic and we've heard that there are

514

00:21:14,570 --> 00:21:11,940

those in the classified world who sort

515

00:21:16,610 --> 00:21:14,580

of worship the quote-unquote phenomenon

516

00:21:18,620 --> 00:21:16,620

this is a Twitter question that we have

517

00:21:21,560 --> 00:21:18,630

from Eric from the both of you have you

518

00:21:23,540 --> 00:21:21,570

ever come across these instances where

519

00:21:25,580 --> 00:21:23,550

people in the government have looked at

520

00:21:27,950 --> 00:21:25,590

the UFO topic from such a religious

521

00:21:32,930 --> 00:21:27,960

fashion I guess Diana let's start with

522

00:21:35,330 --> 00:21:32,940

you sure they're Redfern you know wrote

523

00:21:38,270 --> 00:21:35,340

about the Collins ooh-ee and I've

524

00:21:42,260 --> 00:21:38,280

actually I know that they they do

525

00:21:44,390 --> 00:21:42,270

actually exist and I also I I think that

526
00:21:46,070 --> 00:21:44,400
they look at this phenomena religiously

527
00:21:48,140 --> 00:21:46,080
okay that doesn't mean they worship it

528
00:21:50,390 --> 00:21:48,150
it means that they're looking at this

529
00:21:51,950 --> 00:21:50,400
from the perspective of a religious

530
00:21:53,930 --> 00:21:51,960
framework you know a lot of people have

531
00:21:56,930 --> 00:21:53,940
really spiritual experiences when they

532
00:22:00,710 --> 00:21:56,940
have when these events occur and so I

533
00:22:02,270 --> 00:22:00,720
think that within the big G government

534
00:22:04,190 --> 00:22:02,280
it's kind of like the Catholic Church

535
00:22:05,900 --> 00:22:04,200
and I'm not a spokesperson for the

536
00:22:07,370 --> 00:22:05,910
Catholic Church or the government but

537
00:22:10,610 --> 00:22:07,380
when you look at each of these

538
00:22:12,919 --> 00:22:10,620

institutions they they are coherent you

539

00:22:15,650 --> 00:22:12,929

know they there are different factions

540

00:22:17,960 --> 00:22:15,660

and aspects of each that don't agree and

541

00:22:19,430 --> 00:22:17,970

so you know you have really conservative

542

00:22:21,230 --> 00:22:19,440

Catholics you have really progressive

543

00:22:23,150 --> 00:22:21,240

Catholics they don't agree yeah exactly

544

00:22:24,710 --> 00:22:23,160

we always have to keep in mind that like

545

00:22:27,260 --> 00:22:24,720

the people within the government they

546

00:22:29,240 --> 00:22:27,270

they're they're individuals you know

547

00:22:31,040 --> 00:22:29,250

they're not all under one mindset

548

00:22:32,360 --> 00:22:31,050

everyone has their own agenda their own

549

00:22:34,610 --> 00:22:32,370

motives their own beliefs

550

00:22:36,320 --> 00:22:34,620

so Leslie I guess if you if there's

551
00:22:38,390 --> 00:22:36,330
anything you can add to that in your

552
00:22:40,540 --> 00:22:38,400
work with discovering all this with a

553
00:22:43,600 --> 00:22:40,550
tip and the

554
00:22:46,300 --> 00:22:43,610
programs with UFOs that did you ever

555
00:22:48,070 --> 00:22:46,310
find anything that had religious

556
00:22:51,790 --> 00:22:48,080
undertones to it when it came to all

557
00:22:54,220 --> 00:22:51,800
this actually yes I learned that there

558
00:22:56,830 --> 00:22:54,230
is a there are religious Christian

559
00:22:59,710 --> 00:22:56,840
fundamentalists within the Defense

560
00:23:02,110 --> 00:22:59,720
Department and within the Defense

561
00:23:04,930 --> 00:23:02,120
Intelligence Agency right way back when

562
00:23:07,390 --> 00:23:04,940
the thing started that believed that

563
00:23:09,280 --> 00:23:07,400

UFOs are connected to the devil

564

00:23:11,440 --> 00:23:09,290

literally that they should not be

565

00:23:13,150 --> 00:23:11,450

studied therefore that it's you know

566

00:23:15,100 --> 00:23:13,160

it's just something evil about them or

567

00:23:17,140 --> 00:23:15,110

dark about them and it just goes against

568

00:23:19,150 --> 00:23:17,150

their religious beliefs and these

569

00:23:22,720 --> 00:23:19,160

fundamentalists have done a lot of

570

00:23:25,420 --> 00:23:22,730

damage initially they had played a role

571

00:23:28,630 --> 00:23:25,430

in sort of forcing the original director

572

00:23:30,070 --> 00:23:28,640

out of position at the you know when he

573

00:23:34,120 --> 00:23:30,080

was involved with all of this

574

00:23:36,790 --> 00:23:34,130

since since the program became more of a

575

00:23:38,550 --> 00:23:36,800

DoD program as opposed to a dia program

576

00:23:40,900 --> 00:23:38,560

there have been people within that

577

00:23:43,300 --> 00:23:40,910

within the department who had pushed

578

00:23:44,320 --> 00:23:43,310

back a great deal on this program and

579

00:23:46,360 --> 00:23:44,330

caused a lot of trouble

580

00:23:49,720 --> 00:23:46,370

only because of their religious beliefs

581

00:23:52,990 --> 00:23:49,730

and I just found it so hard to believe

582

00:23:54,700 --> 00:23:53,000

this when I learned it maybe it's not as

583

00:23:57,550 --> 00:23:54,710

difficult for a Diana to believe this

584

00:24:00,400 --> 00:23:57,560

but for me to believe that that to

585

00:24:03,070 --> 00:24:00,410

recognize and to learn that's people in

586

00:24:06,610 --> 00:24:03,080

positions of power who think that their

587

00:24:09,340 --> 00:24:06,620

personal religious beliefs should govern

588

00:24:11,590 --> 00:24:09,350

what gets investigated and especially

589

00:24:13,840 --> 00:24:11,600

when these are physical things that are

590

00:24:16,960 --> 00:24:13,850

happening and it can potentially be a

591

00:24:19,390 --> 00:24:16,970

threat or you know an inner safety issue

592

00:24:21,280 --> 00:24:19,400

and yet they believe that their

593

00:24:23,490 --> 00:24:21,290

religious beliefs which are really just

594

00:24:26,320 --> 00:24:23,500

a belief system that they happen to have

595

00:24:27,940 --> 00:24:26,330

that they somehow have the right to feel

596

00:24:30,340 --> 00:24:27,950

that they should stop all of these

597

00:24:33,490 --> 00:24:30,350

studies because of that I found that to

598

00:24:35,530 --> 00:24:33,500

be really shocking but it's prevalent

599

00:24:37,780 --> 00:24:35,540

and it's true and it's been an issue for

600

00:24:40,450 --> 00:24:37,790

the people working on the program I have

601
00:24:42,610 --> 00:24:40,460
to echo what Lesley says here so I've

602
00:24:44,530 --> 00:24:42,620
met many people who and I even

603
00:24:48,040 --> 00:24:44,540
registered this I remember once on

604
00:24:51,280 --> 00:24:48,050
Twitter when I was on Twitter that they

605
00:24:52,940 --> 00:24:51,290
have as she said shut down some of the

606
00:24:56,060 --> 00:24:52,950
programs

607
00:24:57,890 --> 00:24:56,070
I think that part of it is motivated to

608
00:24:59,780 --> 00:24:57,900
Here I am a religious studies scholar so

609
00:25:03,110 --> 00:24:59,790
it's kind of speaking to this because

610
00:25:05,390 --> 00:25:03,120
not every experience is a pleasant one

611
00:25:07,460 --> 00:25:05,400
you know and people do get like burns

612
00:25:08,660 --> 00:25:07,470
and you know hurt through this and I

613
00:25:11,330 --> 00:25:08,670

think that they believe that this is

614

00:25:13,330 --> 00:25:11,340

evil and so they think they're dealing

615

00:25:16,100 --> 00:25:13,340

with something that they can't really

616

00:25:17,930 --> 00:25:16,110

you know they can't get their mind

617

00:25:19,850 --> 00:25:17,940

around right but they can they can

618

00:25:21,440 --> 00:25:19,860

understand it religiously so I agree

619

00:25:23,780 --> 00:25:21,450

with Leslie that was a shock for me

620

00:25:25,310 --> 00:25:23,790

after my book was finished and I you

621

00:25:28,550 --> 00:25:25,320

know it's not like the research stopped

622

00:25:31,670 --> 00:25:28,560

either research is still there and so I

623

00:25:33,530 --> 00:25:31,680

was literally shocked to know this I

624

00:25:35,210 --> 00:25:33,540

think just as Leslie was to write and I

625

00:25:38,120 --> 00:25:35,220

think one of the things we have to keep

626

00:25:40,250 --> 00:25:38,130

in mind too is this recent article that

627

00:25:43,070 --> 00:25:40,260

came out where we learned more about the

628

00:25:45,770 --> 00:25:43,080

the individual studies that were going

629

00:25:47,890 --> 00:25:45,780

on during baths and also in a tip and

630

00:25:50,360 --> 00:25:47,900

all these UFO programs is they were

631

00:25:52,910 --> 00:25:50,370

looking at the physical effects that

632

00:25:55,190 --> 00:25:52,920

UFOs were having on people and that's

633

00:25:57,980 --> 00:25:55,200

huge we're not just talking about lights

634

00:25:59,900 --> 00:25:57,990

in the sky that you know military people

635

00:26:03,200 --> 00:25:59,910

are reporting we're talking about

636

00:26:05,390 --> 00:26:03,210

straight-up physiological effects that

637

00:26:07,520 --> 00:26:05,400

these things were having on people so

638

00:26:09,980 --> 00:26:07,530

that that was a big surprise to me I

639

00:26:11,600 --> 00:26:09,990

mean what was this anything that the two

640

00:26:15,680 --> 00:26:11,610

of you were aware of that they were

641

00:26:18,020 --> 00:26:15,690

looking at I was aware of it yeah I

642

00:26:20,990 --> 00:26:18,030

actually had a section of it in my book

643

00:26:23,810 --> 00:26:21,000

where I mean I'm with Tyler and James

644

00:26:25,810 --> 00:26:23,820

and James is talking about the physical

645

00:26:29,600 --> 00:26:25,820

effects he's actually studying them and

646

00:26:31,250 --> 00:26:29,610

I at that during that time created

647

00:26:34,190 --> 00:26:31,260

scared me it kept me up that whole night

648

00:26:36,530 --> 00:26:34,200

because it was so disturbing so there

649

00:26:38,840 --> 00:26:36,540

are there a positive physical effects

650

00:26:40,910 --> 00:26:38,850

and there are also some negative they

651
00:26:42,020 --> 00:26:40,920
happen to different people and I think

652
00:26:43,280 --> 00:26:42,030
what they're trying to do is find out

653
00:26:46,520 --> 00:26:43,290
why they're happening to different

654
00:26:48,920 --> 00:26:46,530
people like why why do some populations

655
00:26:50,510 --> 00:26:48,930
have have good effects right or

656
00:26:52,670 --> 00:26:50,520
interesting effects and why do some

657
00:26:54,500 --> 00:26:52,680
populations have really negative effects

658
00:26:56,270 --> 00:26:54,510
yeah I think it really comes down to

659
00:26:58,670 --> 00:26:56,280
perspective Leslie do you have anything

660
00:27:00,170 --> 00:26:58,680
to add to that yeah I was just I've been

661
00:27:02,600 --> 00:27:00,180
aware of the studies that have been

662
00:27:05,540 --> 00:27:02,610
going on very quietly they've been going

663
00:27:06,130 --> 00:27:05,550

on for a long time and it just to me is

664

00:27:07,960 --> 00:27:06,140

one of the most

665

00:27:10,960 --> 00:27:07,970

important aspects to study because

666

00:27:13,300 --> 00:27:10,970

they're looking into what features of

667

00:27:15,970 --> 00:27:13,310

the brain fill about how features within

668

00:27:17,350 --> 00:27:15,980

the brain relate to the paranormal

669

00:27:19,930 --> 00:27:17,360

experiences that people have after

670

00:27:21,730 --> 00:27:19,940

encounters or whatever whatever you know

671

00:27:23,860 --> 00:27:21,740

whatever draws them to having those

672

00:27:26,020 --> 00:27:23,870

experiences there's a whole realm of

673

00:27:28,480 --> 00:27:26,030

research that can be done there that's

674

00:27:29,560 --> 00:27:28,490

completely fascinating and I think you

675

00:27:31,930 --> 00:27:29,570

know what's really interesting about

676

00:27:33,580 --> 00:27:31,940

Diana's work this might be something

677

00:27:36,280 --> 00:27:33,590

really interesting for you to comment on

678

00:27:39,010 --> 00:27:36,290

diana is you know we've got this the

679

00:27:41,770 --> 00:27:39,020

physicality of the phenomenon which is

680

00:27:44,200 --> 00:27:41,780

so well documented and which you are

681

00:27:45,670 --> 00:27:44,210

totally aware of obviously and yet

682

00:27:48,160 --> 00:27:45,680

you're also looking at it from this

683

00:27:52,090 --> 00:27:48,170

other perspective of its context within

684

00:27:54,520 --> 00:27:52,100

religion and mythology and culture and I

685

00:27:56,830 --> 00:27:54,530

think some people misunderstand your

686

00:27:59,770 --> 00:27:56,840

work and that they think you're saying

687

00:28:02,470 --> 00:27:59,780

that UFOs aren't physically real if they

688

00:28:03,700 --> 00:28:02,480

fit into some religious context so it

689

00:28:06,310 --> 00:28:03,710

might be really interesting for you to

690

00:28:08,500 --> 00:28:06,320

clarify that for people oh yeah so

691

00:28:11,200 --> 00:28:08,510

basically what I'm saying is that we

692

00:28:13,390 --> 00:28:11,210

have someone like Tyler who believes

693

00:28:17,520 --> 00:28:13,400

that he's in direct contact with at

694

00:28:21,610 --> 00:28:17,530

least benign ETI right and he has

695

00:28:24,460 --> 00:28:21,620

excellent benefits from it people during

696

00:28:27,460 --> 00:28:24,470

the the nimitz episode some of those

697

00:28:29,560 --> 00:28:27,470

people have had some very fascinating

698

00:28:32,710 --> 00:28:29,570

After Effects or you know they're

699

00:28:35,020 --> 00:28:32,720

basically contact event after-effects

700

00:28:37,360 --> 00:28:35,030

and somebody made a list it may have

701

00:28:40,180 --> 00:28:37,370

been high-neck of the these these

702

00:28:43,990 --> 00:28:40,190

effects and they include things like

703

00:28:46,780 --> 00:28:44,000

what appears to be precognition and you

704

00:28:49,690 --> 00:28:46,790

know knowing things and things like that

705

00:28:51,910 --> 00:28:49,700

that are that would be considered kind

706

00:28:54,100 --> 00:28:51,920

of like superhero effects right and then

707

00:28:55,930 --> 00:28:54,110

some people don't have those effects and

708

00:28:59,050 --> 00:28:55,940

have opposite effects and you know

709

00:29:01,480 --> 00:28:59,060

become ill from it so the question is is

710

00:29:03,430 --> 00:29:01,490

that and Leslie brings it up you know is

711

00:29:06,610 --> 00:29:03,440

there something physiologically

712

00:29:09,760 --> 00:29:06,620

different about these people and I think

713

00:29:11,020 --> 00:29:09,770

that that's a question that that's lots

714

00:29:14,610 --> 00:29:11,030

of people are asking right now I know

715

00:29:19,510 --> 00:29:14,620

the Navy is actually do is asking for

716

00:29:21,430 --> 00:29:19,520

proposals to study people who do have

717

00:29:23,080 --> 00:29:21,440

they consider they even call it a sixth

718

00:29:27,430 --> 00:29:23,090

sense you know and they're trying to

719

00:29:29,260 --> 00:29:27,440

kind of help develop that in and my

720

00:29:30,549 --> 00:29:29,270

question is why I mean I know why

721

00:29:32,830 --> 00:29:30,559

they're trying to do that because it

722

00:29:35,230 --> 00:29:32,840

helps soldiers right in battle and

723

00:29:39,370 --> 00:29:35,240

things like that but you know kind of

724

00:29:41,169 --> 00:29:39,380

creating a super soldier but what's been

725

00:29:44,440 --> 00:29:41,179

found out is that through some of these

726

00:29:47,080 --> 00:29:44,450

encounters this is like this part of

727

00:29:50,680 --> 00:29:47,090

somebody's brain is like supercharged

728

00:29:52,630 --> 00:29:50,690

somehow and that's fascinating and I

729

00:29:54,940 --> 00:29:52,640

didn't expect it I'm sure Leslie didn't

730

00:29:57,340 --> 00:29:54,950

expect it it's you know once you get

731

00:30:00,549 --> 00:29:57,350

into the research it's just mind-blowing

732

00:30:02,799 --> 00:30:00,559

and people just then I know after my

733

00:30:04,900 --> 00:30:02,809

book was published a lot of people

734

00:30:07,299 --> 00:30:04,910

contacted me who were part of different

735

00:30:09,760 --> 00:30:07,309

military programs and basically said

736

00:30:11,830 --> 00:30:09,770

this is what happens to me and you know

737

00:30:15,130 --> 00:30:11,840

and is it I just have so many of these

738

00:30:18,760 --> 00:30:15,140

people now so who are I corresponds with

739

00:30:21,820 --> 00:30:18,770

the whole remote viewing project comes

740

00:30:25,299 --> 00:30:21,830

to mind for me and how serious they took

741

00:30:30,100 --> 00:30:25,309

this for so long with SR I or the CIA

742

00:30:33,040 --> 00:30:30,110

like using people with these these \$0.06

743

00:30:35,910 --> 00:30:33,050

as it were to to either weaponize it or

744

00:30:38,740 --> 00:30:35,920

use it as a benefit so it is a very

745

00:30:41,049 --> 00:30:38,750

interesting way to look at all this and

746

00:30:42,810 --> 00:30:41,059

I think when we really look at a tip and

747

00:30:45,490 --> 00:30:42,820

everything at the surface these

748

00:30:48,160 --> 00:30:45,500

government-funded UFO programs yeah

749

00:30:50,620 --> 00:30:48,170

that's fine and that's interesting but

750

00:30:53,710 --> 00:30:50,630

when you really dig deep into what they

751
00:30:56,350 --> 00:30:53,720
were exploring that's when it just blows

752
00:30:58,270 --> 00:30:56,360
everything wide open and the the truth

753
00:30:59,770 --> 00:30:58,280
is far stranger than any fiction we

754
00:31:05,290 --> 00:30:59,780
probably could've thought it was gonna

755
00:31:07,060 --> 00:31:05,300
be definitely hey y'all Ryan Sprague

756
00:31:09,340 --> 00:31:07,070
here as you all know this somewhere in

757
00:31:11,740 --> 00:31:09,350
the skies podcast is always free to

758
00:31:13,900 --> 00:31:11,750
consume but it isn't free to create

759
00:31:16,180 --> 00:31:13,910
that's why I've started this somewhere

760
00:31:18,580 --> 00:31:16,190
in the skies patreon campaign you on a

761
00:31:20,590 --> 00:31:18,590
monthly basis you give what you think

762
00:31:23,200 --> 00:31:20,600
the show is worth you'll be helping the

763
00:31:25,870 --> 00:31:23,210

show continue grow and to be something

764

00:31:28,270 --> 00:31:25,880

truly communal and remember there are

765

00:31:30,880 --> 00:31:28,280

rewards for each level of contribution

766

00:31:33,340 --> 00:31:30,890

and the list is only grown so please

767

00:31:35,590 --> 00:31:33,350

help somewhere in the skies now by

768

00:31:41,230 --> 00:31:35,600

becoming a patron to contribute and to

769

00:31:43,780 --> 00:31:41,240

learn more visit WWE universe skies

770

00:31:49,210 --> 00:31:43,790

thank you for your support and now on

771

00:31:51,700 --> 00:31:49,220

with the show well we we talked about

772

00:31:53,799 --> 00:31:51,710

you know these things harming people the

773

00:31:55,930 --> 00:31:53,809

the effects on human beings when in

774

00:31:59,680 --> 00:31:55,940

relation to UFOs I act I gotta ask you

775

00:32:01,659 --> 00:31:59,690

to with a tip and with sort of the way

776

00:32:05,230 --> 00:32:01,669

the narrative is being painted today

777

00:32:07,210 --> 00:32:05,240

with those controlling what is getting

778

00:32:09,880 --> 00:32:07,220

out there to the mainstream we're seeing

779

00:32:11,860 --> 00:32:09,890

UFOs as a threat this is a threat threat

780

00:32:13,690 --> 00:32:11,870

threat threat threat we can't stop

781

00:32:15,340 --> 00:32:13,700

hearing about this so I got to ask

782

00:32:17,680 --> 00:32:15,350

between the two of you what are your

783

00:32:19,870 --> 00:32:17,690

personal thoughts on this sort of one

784

00:32:22,480 --> 00:32:19,880

angle or a narrative that seems to be

785

00:32:25,390 --> 00:32:22,490

painted by the way the military looks at

786

00:32:27,730 --> 00:32:25,400

all this I mean I I just I think it's

787

00:32:30,040 --> 00:32:27,740

important for people to understand that

788

00:32:31,750 --> 00:32:30,050

the Department of Defense the job of the

789

00:32:33,970 --> 00:32:31,760

Department of Defense is to protect the

790

00:32:36,520 --> 00:32:33,980

American people and that's what they do

791

00:32:38,860 --> 00:32:36,530

and so if there's going to be a program

792

00:32:42,280 --> 00:32:38,870

set up within that department to study

793

00:32:44,620 --> 00:32:42,290

this it has to fit that framework it has

794

00:32:47,980 --> 00:32:44,630

to have some kind of agenda at least as

795

00:32:49,780 --> 00:32:47,990

its presented officially that will fit

796

00:32:53,380 --> 00:32:49,790

into the Mandate of the Department of

797

00:32:55,510 --> 00:32:53,390

Defense so naturally this has to be

798

00:32:56,950 --> 00:32:55,520

associated with some kind of a threat

799

00:32:59,890 --> 00:32:56,960

and ordered for them to be able to

800

00:33:01,480 --> 00:32:59,900

operate a program like this and I think

801
00:33:04,180 --> 00:33:01,490
I mean I remember that was one of the

802
00:33:06,130 --> 00:33:04,190
first questions I asked Elizondo about

803
00:33:08,650 --> 00:33:06,140
during the time when he first left the

804
00:33:11,310 --> 00:33:08,660
Pentagon was this whole thing about you

805
00:33:14,530 --> 00:33:11,320
know the the name threat being in the

806
00:33:17,380 --> 00:33:14,540
title of the program and he's concerned

807
00:33:21,340 --> 00:33:17,390
about these objects could be a possible

808
00:33:23,950 --> 00:33:21,350
threat or they are a threat and we all

809
00:33:25,690 --> 00:33:23,960
know that there have not been incidences

810
00:33:28,360 --> 00:33:25,700
and there's been a couple of cases in

811
00:33:28,920 --> 00:33:28,370
which pilots will potentially you know

812
00:33:31,580 --> 00:33:28,930
and with

813
00:33:34,380 --> 00:33:31,590

two cases in my book involving pilots

814

00:33:38,070 --> 00:33:34,390

doing sort of battle type things with

815

00:33:40,500 --> 00:33:38,080

UFOs but in general UFOs have not been a

816

00:33:43,530 --> 00:33:40,510

threat they have not harmed anyone and

817

00:33:45,570 --> 00:33:43,540

so he explained to me that the word

818

00:33:48,150 --> 00:33:45,580

threat and that's in the scenario with

819

00:33:50,460 --> 00:33:48,160

an agent is only the potential threat

820

00:33:52,680 --> 00:33:50,470

that anything that we cannot explain

821

00:33:54,240 --> 00:33:52,690

that's operating in our skies that is

822

00:33:56,150 --> 00:33:54,250

completely foreign to us and that

823

00:33:58,820 --> 00:33:56,160

demonstrates extremely sophisticated

824

00:34:01,560 --> 00:33:58,830

technology that interacts with our

825

00:34:04,530 --> 00:34:01,570

aircraft and for instance that the

826

00:34:06,690 --> 00:34:04,540

Roosevelt comes very close to them has

827

00:34:08,400 --> 00:34:06,700

to be considered a potential threat but

828

00:34:10,980 --> 00:34:08,410

I think the word potential is really

829

00:34:13,230 --> 00:34:10,990

important it's only a potential threat

830

00:34:14,820 --> 00:34:13,240

because we don't know what it is and

831

00:34:16,800 --> 00:34:14,830

therefore we don't know what it might do

832

00:34:19,110 --> 00:34:16,810

sometime in the future or we don't know

833

00:34:22,050 --> 00:34:19,120

what kind of accidents might occur with

834

00:34:24,180 --> 00:34:22,060

it not intentional things could happen

835

00:34:26,760 --> 00:34:24,190

so that's why they have to frame it that

836

00:34:28,830 --> 00:34:26,770

way and I understand the concept of a

837

00:34:30,210 --> 00:34:28,840

potential threat and I'm talking not so

838

00:34:32,190 --> 00:34:30,220

much about what Diana was talking about

839

00:34:34,590 --> 00:34:32,200

a better about effects on individual

840

00:34:37,200 --> 00:34:34,600

people I'm talking about interactions in

841

00:34:39,780 --> 00:34:37,210

the sky involving interacting with the

842

00:34:42,390 --> 00:34:39,790

physical objects a whole other level of

843

00:34:44,970 --> 00:34:42,400

this is the implicit you know the impact

844

00:34:46,620 --> 00:34:44,980

on individual people but that's not what

845

00:34:49,500 --> 00:34:46,630

the agent program is dealing with it's

846

00:34:51,570 --> 00:34:49,510

more physicality of it things flying

847

00:34:53,700 --> 00:34:51,580

around the skies and they have to see

848

00:34:55,890 --> 00:34:53,710

that as a possible or potential threat

849

00:34:57,840 --> 00:34:55,900

but that doesn't mean that Elizondo or

850

00:34:59,310 --> 00:34:57,850

the people involved with the program

851
00:35:01,200 --> 00:34:59,320
that are the people even involved now

852
00:35:03,270 --> 00:35:01,210
look at this as some kind of a threat

853
00:35:06,090 --> 00:35:03,280
and are trying to paint it in that way

854
00:35:08,250 --> 00:35:06,100
because they don't that's a sh t yeah I

855
00:35:11,250 --> 00:35:08,260
think that is sort of the biggest debate

856
00:35:13,230 --> 00:35:11,260
now is why are the people involved with

857
00:35:14,880 --> 00:35:13,240
a tip and these government burglars only

858
00:35:16,620 --> 00:35:14,890
looking at it that way Leslie so I'm

859
00:35:18,240 --> 00:35:16,630
glad you could clear that up for us

860
00:35:21,420 --> 00:35:18,250
because I think you're right I think the

861
00:35:23,160 --> 00:35:21,430
potential threat is is the problem when

862
00:35:25,530 --> 00:35:23,170
you look at the nimitz event they you

863
00:35:28,230 --> 00:35:25,540

have the radar operators and pilots

864

00:35:30,300 --> 00:35:28,240

saying this could have started a war or

865

00:35:33,300 --> 00:35:30,310

you look at the case in your book lesley

866

00:35:35,610 --> 00:35:33,310

with Parviz Jafari having a dogfight

867

00:35:38,370 --> 00:35:35,620

with a UFO these are potential threats

868

00:35:41,800 --> 00:35:38,380

to the people who are up there to defend

869

00:35:44,680 --> 00:35:41,810

us and it could cause harm to them

870

00:35:47,230 --> 00:35:44,690

at their own hand so it might not be

871

00:35:49,900 --> 00:35:47,240

that these UFOs want to harm us or hurt

872

00:35:52,000 --> 00:35:49,910

us but it's our reaction to them that

873

00:35:54,220 --> 00:35:52,010

could couldn't really do that that is

874

00:35:56,140 --> 00:35:54,230

the reason that people I mean that's one

875

00:35:58,240 --> 00:35:56,150

of the main reasons why this needs to be

876
00:36:00,610 --> 00:35:58,250
made public what you just said about our

877
00:36:03,580 --> 00:36:00,620
reaction to them because for instance

878
00:36:04,900 --> 00:36:03,590
commercial pilots if they're not allowed

879
00:36:06,940 --> 00:36:04,910
first of all they're not even allowed to

880
00:36:08,860 --> 00:36:06,950
talk to them at risk but they should be

881
00:36:11,590 --> 00:36:08,870
encouraged to record these things

882
00:36:13,930 --> 00:36:11,600
because and this was a point that the

883
00:36:15,520 --> 00:36:13,940
generals and others made in this the

884
00:36:17,650 --> 00:36:15,530
French report called the commander

885
00:36:20,500 --> 00:36:17,660
report which is what got me started at

886
00:36:23,200 --> 00:36:20,510
all of this in 1990 they made the point

887
00:36:26,170 --> 00:36:23,210
that if pilots aren't educated about

888
00:36:28,330 --> 00:36:26,180

these things there's the risk of some an

889

00:36:30,580 --> 00:36:28,340

accident happening because of their

890

00:36:33,460 --> 00:36:30,590

reactions not because of anything that

891

00:36:37,000 --> 00:36:33,470

the UFO is doing but because the pilots

892

00:36:38,770 --> 00:36:37,010

could react in ways of fear or they have

893

00:36:41,230 --> 00:36:38,780

a knee-jerk reaction to do something

894

00:36:43,300 --> 00:36:41,240

dangerous and the only reason for that

895

00:36:46,090 --> 00:36:43,310

is that they're not informed they're not

896

00:36:47,680 --> 00:36:46,100

given information about the phenomenon

897

00:36:49,540 --> 00:36:47,690

and they're not even allowed to talk

898

00:36:52,930 --> 00:36:49,550

about it so I just wanted to add that

899

00:36:55,540 --> 00:36:52,940

that's a big reason why this needs to be

900

00:36:58,780 --> 00:36:55,550

made public and why the commercial

901
00:37:01,150 --> 00:36:58,790
aviation world needs to become you know

902
00:37:03,220 --> 00:37:01,160
have a better relationship to it and to

903
00:37:05,140 --> 00:37:03,230
encourage their pilots to be educated

904
00:37:07,000 --> 00:37:05,150
about it because it's gonna lead to some

905
00:37:09,280 --> 00:37:07,010
kind of accident someday if we don't do

906
00:37:09,850 --> 00:37:09,290
that okay Diana sorry for jumping in

907
00:37:13,600 --> 00:37:09,860
like that

908
00:37:15,280 --> 00:37:13,610
no no Leslie articulated it perfectly in

909
00:37:18,280 --> 00:37:15,290
the beginning of my book I think in the

910
00:37:21,820 --> 00:37:18,290
introduction I quote Eric Davis and he

911
00:37:24,550 --> 00:37:21,830
basically said you know the fact that we

912
00:37:26,380 --> 00:37:24,560
have unknown things flying around that

913
00:37:29,200 --> 00:37:26,390

you know don't look like they're foreign

914

00:37:31,630 --> 00:37:29,210

and don't look like they're ours is a

915

00:37:34,600 --> 00:37:31,640

case for the Department of Defense is a

916

00:37:37,900 --> 00:37:34,610

military situation and I think that the

917

00:37:40,390 --> 00:37:37,910

DoD is doing their job I mean I you know

918

00:37:43,390 --> 00:37:40,400

met so many military people who were

919

00:37:45,610 --> 00:37:43,400

involved and you know it's not

920

00:37:47,020 --> 00:37:45,620

conspiracy against the American people I

921

00:37:49,540 --> 00:37:47,030

think that what they're trying to do is

922

00:37:51,550 --> 00:37:49,550

actually help and defend us and they're

923

00:37:53,470 --> 00:37:51,560

doing their job but I agree with Leslie

924

00:37:55,420 --> 00:37:53,480

I think that it baton you know there are

925

00:37:56,710 --> 00:37:55,430

too many people who see them

926

00:38:00,640 --> 00:37:56,720

and there are too many people who

927

00:38:04,150 --> 00:38:00,650

encounter them for it to stay status quo

928

00:38:07,150 --> 00:38:04,160

I think it's time now to acknowledge and

929

00:38:09,370 --> 00:38:07,160

also to move on and to say that you know

930

00:38:11,109 --> 00:38:09,380

we're not in a fight here the American

931

00:38:13,089 --> 00:38:11,119

people are not in a fight with the

932

00:38:14,819 --> 00:38:13,099

military regarding this and you know if

933

00:38:17,170 --> 00:38:14,829

they're keeping something it's it's

934

00:38:19,270 --> 00:38:17,180

they're doing it for a reason you know

935

00:38:21,370 --> 00:38:19,280

we don't ask them to share information

936

00:38:23,500 --> 00:38:21,380

about people that were you know at

937

00:38:25,299 --> 00:38:23,510

suppose at war with or something like

938

00:38:27,400 --> 00:38:25,309

that because we know that they're doing

939

00:38:29,740 --> 00:38:27,410

that for a reason so we trust them in

940

00:38:31,720 --> 00:38:29,750

that respect you know so I agree with

941

00:38:34,569 --> 00:38:31,730

Lesley completely that that the people

942

00:38:36,579 --> 00:38:34,579

that I met at least they were they

943

00:38:38,470 --> 00:38:36,589

believed they were doing their job and I

944

00:38:40,750 --> 00:38:38,480

believe they were doing it too well this

945

00:38:43,930 --> 00:38:40,760

kind of brings me to something that

946

00:38:45,490 --> 00:38:43,940

really I think melds both of the worlds

947

00:38:47,559 --> 00:38:45,500

together of what you two are doing in

948

00:38:50,770 --> 00:38:47,569

terms of investigative journalism and

949

00:38:53,500 --> 00:38:50,780

research and that's the Vatican the

950

00:38:56,140 --> 00:38:53,510

Vatican has becomes much more vocal I'd

951
00:38:59,650 --> 00:38:56,150
say within the last year so about their

952
00:39:03,130 --> 00:38:59,660
stance on the whole alien question or

953
00:39:05,829 --> 00:39:03,140
even UFO cases specifically so I'd love

954
00:39:08,799 --> 00:39:05,839
to hear both of your thoughts on mixing

955
00:39:12,430 --> 00:39:08,809
the largest religious you know

956
00:39:14,109 --> 00:39:12,440
organization in the free world and you

957
00:39:16,240 --> 00:39:14,119
know governments around the world when

958
00:39:18,039 --> 00:39:16,250
it comes to these topics so I guess

959
00:39:19,420 --> 00:39:18,049
Diana yeah would you mind commenting on

960
00:39:21,520 --> 00:39:19,430
what's going on with the Vatican

961
00:39:24,099 --> 00:39:21,530
somewhere you've actually gone to you

962
00:39:26,289 --> 00:39:24,109
into the secret archives and looked at

963
00:39:28,180 --> 00:39:26,299

their stuff okay so I'm not a

964

00:39:30,400 --> 00:39:28,190

spokesperson for the Catholic Church and

965

00:39:32,260 --> 00:39:30,410

so I always have to you know qualify

966

00:39:35,140 --> 00:39:32,270

that I do work with them though on

967

00:39:37,569 --> 00:39:35,150

projects and having to do with by

968

00:39:39,579 --> 00:39:37,579

locating Saints and levitating Saints

969

00:39:42,069 --> 00:39:39,589

and things like that and I've been there

970

00:39:43,870 --> 00:39:42,079

I was there with Tyler I report about

971

00:39:45,609 --> 00:39:43,880

that in my book and I have seen they

972

00:39:48,910 --> 00:39:45,619

have a space observatory by the way

973

00:39:50,859 --> 00:39:48,920

where they house all information that

974

00:39:53,109 --> 00:39:50,869

has to do with space and space research

975

00:39:55,059 --> 00:39:53,119

and that's in Castle Gandolfo which is

976
00:39:57,480 --> 00:39:55,069
about an hour and a half outside of Rome

977
00:40:02,829 --> 00:39:57,490
and it's run by brother guy Consolmagno

978
00:40:05,770 --> 00:40:02,839
and he is I believe his Oh what does he

979
00:40:07,359 --> 00:40:05,780
do he oh he's a there they're really

980
00:40:08,730 --> 00:40:07,369
looking at meteorites a lot they have a

981
00:40:12,060 --> 00:40:08,740
huge meteorite claw

982
00:40:13,349 --> 00:40:12,070
and so they have a giant telescope there

983
00:40:15,240 --> 00:40:13,359
but they have a bigger one in Arizona

984
00:40:18,120 --> 00:40:15,250
where they actually do a lot of their

985
00:40:20,820 --> 00:40:18,130
work and so what's up with the Vatican

986
00:40:24,480 --> 00:40:20,830
and UFOs I think that there is no

987
00:40:26,490 --> 00:40:24,490
official position on UFOs with the

988
00:40:28,500 --> 00:40:26,500

Vatican I know that's the case and just

989

00:40:30,300 --> 00:40:28,510

again like the government there are

990

00:40:32,400 --> 00:40:30,310

different positions within the Vatican

991

00:40:34,440 --> 00:40:32,410

about UFOs I know some people who

992

00:40:37,290 --> 00:40:34,450

believe in them and believe that they

993

00:40:40,290 --> 00:40:37,300

are you know created by God and that

994

00:40:44,010 --> 00:40:40,300

they and that they exist but you do have

995

00:40:46,710 --> 00:40:44,020

the Space Observatory there basically

996

00:40:48,960 --> 00:40:46,720

running conferences and inviting people

997

00:40:51,690 --> 00:40:48,970

from SETI and from you know all over the

998

00:40:54,510 --> 00:40:51,700

world to talk about the potential once

999

00:40:56,670 --> 00:40:54,520

you know it's out that UFOs exist what

1000

00:40:58,500 --> 00:40:56,680

how is that going to impact religions

1001

00:41:00,240 --> 00:40:58,510

how is it going to impact beliefs and

1002

00:41:02,760 --> 00:41:00,250

things like that so they're actively

1003

00:41:06,089 --> 00:41:02,770

studying it and in terms of their

1004

00:41:09,870 --> 00:41:06,099

historical records they're fascinating

1005

00:41:12,359 --> 00:41:09,880

and and as one who has seen them they do

1006

00:41:15,210 --> 00:41:12,369

you actually have a whole what would you

1007

00:41:17,250 --> 00:41:15,220

call it a whole wall of search for

1008

00:41:19,890 --> 00:41:17,260

extraterrestrial intelligence so they do

1009

00:41:21,120 --> 00:41:19,900

have that I've seen it and I don't I

1010

00:41:23,550 --> 00:41:21,130

don't know if they're going to open that

1011

00:41:26,070 --> 00:41:23,560

up I would be surprised if they did but

1012

00:41:30,660 --> 00:41:26,080

maybe they will so a lot of people out

1013

00:41:34,740 --> 00:41:30,670

there they believe that there could be a

1014

00:41:39,180 --> 00:41:34,750

connection between the ideas of miracles

1015

00:41:42,359 --> 00:41:39,190

or otherworldly beings or angelic beings

1016

00:41:43,920 --> 00:41:42,369

this all somehow being inter connected

1017

00:41:47,130 --> 00:41:43,930

and I would love to get your thoughts

1018

00:41:49,680 --> 00:41:47,140

both of you on this since Diana you you

1019

00:41:51,660 --> 00:41:49,690

are a professor of religious studies and

1020

00:41:55,230 --> 00:41:51,670

and Leslie you wrote a book all about

1021

00:41:57,089 --> 00:41:55,240

the afterlife this and past lives as

1022

00:41:59,280 --> 00:41:57,099

well this this is a really interesting

1023

00:42:01,410 --> 00:41:59,290

thing that a lot of people haven't

1024

00:42:04,349 --> 00:42:01,420

explored in depth but this idea that

1025

00:42:06,390 --> 00:42:04,359

they could be one in the same that these

1026

00:42:10,010 --> 00:42:06,400

things we think are supernatural or

1027

00:42:14,490 --> 00:42:10,020

paranormal or spiritual are connected to

1028

00:42:16,890 --> 00:42:14,500

ET so have there been any sort of cases

1029

00:42:20,370 --> 00:42:16,900

or things that either of you have come

1030

00:42:22,650 --> 00:42:20,380

across where this could possibly be the

1031

00:42:24,960 --> 00:42:22,660

case and I can

1032

00:42:28,200 --> 00:42:24,970

first say that in my book I do explore

1033

00:42:31,200 --> 00:42:28,210

that I explore especially with I think

1034

00:42:33,960 --> 00:42:31,210

that if your audience is aware of UFOs

1035

00:42:36,810 --> 00:42:33,970

there where ray Hernandez and his

1036

00:42:38,520 --> 00:42:36,820

experience with his wife in seeing and

1037

00:42:40,890 --> 00:42:38,530

flying saucers and things like that and

1038

00:42:44,580 --> 00:42:40,900

how his wife who's Catholic interprets

1039

00:42:48,420 --> 00:42:44,590

it as angelic while he agnostic former

1040

00:42:51,000 --> 00:42:48,430

atheist interprets it as a you know more

1041

00:42:53,550 --> 00:42:51,010

of a technological UFO type of thing so

1042

00:42:56,940 --> 00:42:53,560

you've got you know two people married

1043

00:43:00,420 --> 00:42:56,950

and two interpretations they're Chris

1044

00:43:03,570 --> 00:43:00,430

Bledsoe goes and INRI examines his own

1045

00:43:05,550 --> 00:43:03,580

Christian religion and identifies that

1046

00:43:08,790 --> 00:43:05,560

it's really about kind of like the

1047

00:43:10,530 --> 00:43:08,800

history of UFO contact and so he

1048

00:43:13,170 --> 00:43:10,540

believes that these things are angelic

1049

00:43:16,770 --> 00:43:13,180

and then you have a character in my book

1050

00:43:19,470 --> 00:43:16,780

who becomes you know from believing

1051
00:43:22,350 --> 00:43:19,480
they're they're UFOs but there is a more

1052
00:43:24,930 --> 00:43:22,360
complicated question than for him as the

1053
00:43:28,440 --> 00:43:24,940
book goes on and starts to see them in a

1054
00:43:31,410 --> 00:43:28,450
different light so yeah I see that and

1055
00:43:35,250 --> 00:43:31,420
and I know that Leslie's research goes

1056
00:43:38,760 --> 00:43:35,260
on from what she had done to something

1057
00:43:40,260 --> 00:43:38,770
completely connected but but in a

1058
00:43:43,290 --> 00:43:40,270
different way you know it's interesting

1059
00:43:45,900 --> 00:43:43,300
you say connected because when I first

1060
00:43:48,330 --> 00:43:45,910
started researching the book my book

1061
00:43:50,850 --> 00:43:48,340
surviving death which came out in 2017

1062
00:43:53,730 --> 00:43:50,860
which deals with issues related to

1063
00:43:56,520 --> 00:43:53,740

consciousness and you know near-death

1064

00:43:58,140 --> 00:43:56,530

experiences and a lot of stuff exploring

1065

00:44:00,720 --> 00:43:58,150

the possibility that consciousness

1066

00:44:03,540 --> 00:44:00,730

survives death I actually didn't see

1067

00:44:06,390 --> 00:44:03,550

that to be at all connected with UFOs

1068

00:44:08,010 --> 00:44:06,400

when I started I thought it's just

1069

00:44:10,050 --> 00:44:08,020

something completely different than I'm

1070

00:44:12,480 --> 00:44:10,060

doing now and in a lot of ways it was

1071

00:44:14,160 --> 00:44:12,490

very different because my work with UFOs

1072

00:44:16,350 --> 00:44:14,170

always focus just on the physical

1073

00:44:17,940 --> 00:44:16,360

aspects of it although I knew I knew

1074

00:44:19,500 --> 00:44:17,950

about other aspects of it I didn't

1075

00:44:22,740 --> 00:44:19,510

really bring them into my professional

1076

00:44:24,900 --> 00:44:22,750

work and so as I went along with this I

1077

00:44:27,360 --> 00:44:24,910

started to sense that there was some

1078

00:44:29,880 --> 00:44:27,370

connection and then Diana's book really

1079

00:44:32,100 --> 00:44:29,890

opened me up to that reality that there

1080

00:44:34,110 --> 00:44:32,110

is a connection and I'm really

1081

00:44:34,760 --> 00:44:34,120

interested now in trying to find out

1082

00:44:36,710 --> 00:44:34,770

more about

1083

00:44:39,320 --> 00:44:36,720

that is I've been exploring the work of

1084

00:44:42,050 --> 00:44:39,330

Jeffrey from Rice University who

1085

00:44:43,870 --> 00:44:42,060

writes a lot about issues that that show

1086

00:44:46,040 --> 00:44:43,880

how they all interconnect how

1087

00:44:49,220 --> 00:44:46,050

experienced people have having UFO

1088

00:44:50,810 --> 00:44:49,230

experiences are similar to all kinds of

1089

00:44:55,100 --> 00:44:50,820

other kinds of paranormal experiences

1090

00:44:56,690 --> 00:44:55,110

that people have so I think that's sort

1091

00:44:59,210 --> 00:44:56,700

of one of the cutting-edge questions

1092

00:45:02,060 --> 00:44:59,220

right now and I think Diana's book set

1093

00:45:05,120 --> 00:45:02,070

this off really is finding the way that

1094

00:45:08,390 --> 00:45:05,130

all of these things interact that UFOs

1095

00:45:11,540 --> 00:45:08,400

relate to consciousness the UFOs in some

1096

00:45:14,600 --> 00:45:11,550

way relate to near-death experiences and

1097

00:45:15,950 --> 00:45:14,610

other aspects of consciousness existing

1098

00:45:18,250 --> 00:45:15,960

without a body and all the kinds of

1099

00:45:21,380 --> 00:45:18,260

paranormal experiences that people have

1100

00:45:23,660 --> 00:45:21,390

and I'm really new to all - looking at

1101

00:45:26,690 --> 00:45:23,670

it all that way but I'm interested in

1102

00:45:28,280 --> 00:45:26,700

exploring that connection a lot more and

1103

00:45:31,340 --> 00:45:28,290

you know one thing that does come to

1104

00:45:33,620 --> 00:45:31,350

mind is that that UFOs seem to be if

1105

00:45:35,060 --> 00:45:33,630

some kind of interdimensional thing at

1106

00:45:37,550 --> 00:45:35,070

least for a lot of the sightings that

1107

00:45:39,650 --> 00:45:37,560

are reported not just the beams but also

1108

00:45:41,510 --> 00:45:39,660

the craft themselves and the way they

1109

00:45:43,850 --> 00:45:41,520

behave that they can just disappear for

1110

00:45:45,680 --> 00:45:43,860

instance almost people describe them as

1111

00:45:47,660 --> 00:45:45,690

almost going into some kind of a portal

1112

00:45:49,670 --> 00:45:47,670

or something and Whitley Strieber has

1113

00:45:51,680 --> 00:45:49,680

written about the fact that the UFOs

1114

00:45:54,830 --> 00:45:51,690

exists in some other dimension which

1115

00:45:57,380 --> 00:45:54,840

could potentially be the same one that

1116

00:45:59,120 --> 00:45:57,390

people go to when they die or the same

1117

00:46:01,100 --> 00:45:59,130

one that people visit when they have a

1118

00:46:03,020 --> 00:46:01,110

near-death experience where they die and

1119

00:46:03,950 --> 00:46:03,030

have an experience of the afterlife and

1120

00:46:07,460 --> 00:46:03,960

then come back

1121

00:46:09,350 --> 00:46:07,470

so the interred in dimensionality of all

1122

00:46:10,130 --> 00:46:09,360

of it is sort of an interesting place to

1123

00:46:12,470 --> 00:46:10,140

start

1124

00:46:14,420 --> 00:46:12,480

I think Diana's gone way beyond that but

1125

00:46:16,340 --> 00:46:14,430

I'm just sort of beginning to learn more

1126

00:46:19,610 --> 00:46:16,350

and more about this and I I think it's

1127

00:46:22,520 --> 00:46:19,620

really really fascinating yes so I have

1128

00:46:25,070 --> 00:46:22,530

to agree when I first started to talk to

1129

00:46:27,620 --> 00:46:25,080

people who have had experiences a lot of

1130

00:46:30,830 --> 00:46:27,630

them would also have these experiences

1131

00:46:33,770 --> 00:46:30,840

at a place of a location where what if

1132

00:46:35,870 --> 00:46:33,780

their loved ones passed away or died and

1133

00:46:38,750 --> 00:46:35,880

this was an incredibly poignant to hear

1134

00:46:40,940 --> 00:46:38,760

Chris Bledsoe comes to mind he lives

1135

00:46:43,820 --> 00:46:40,950

near me and I know his experience inside

1136

00:46:45,380 --> 00:46:43,830

now he had before he was married to his

1137

00:46:47,540 --> 00:46:45,390

current wife he had a wife who passed

1138

00:46:52,960 --> 00:46:47,550

away in a car accident

1139

00:46:57,260 --> 00:46:52,970

and he had an experience of see a UFO

1140

00:46:59,260 --> 00:46:57,270

right where she passed away and this is

1141

00:47:02,510 --> 00:46:59,270

something that I've seen as a pattern in

1142

00:47:05,210 --> 00:47:02,520

UFO experiences and don't ask me if I

1143

00:47:07,520 --> 00:47:05,220

know what it means I do not but you have

1144

00:47:10,070 --> 00:47:07,530

to take it as data because it happens so

1145

00:47:11,180 --> 00:47:10,080

frequently and whitley strieber and jeff

1146

00:47:13,490 --> 00:47:11,190

Cripe well actually whitley strieber

1147

00:47:15,590 --> 00:47:13,500

actually writes about it a lot and it

1148

00:47:17,630 --> 00:47:15,600

was his wife and he basically said I

1149

00:47:20,390 --> 00:47:17,640

think that this is this phenomena has

1150

00:47:23,360 --> 00:47:20,400

something to do with death and i-i've

1151
00:47:25,250 --> 00:47:23,370
never forgotten that and their book the

1152
00:47:27,940 --> 00:47:25,260
supernatural is really interesting and

1153
00:47:31,520 --> 00:47:27,950
Whitley is a funny guy he actually is

1154
00:47:34,280 --> 00:47:31,530
he's got a sense of humor and about this

1155
00:47:36,580 --> 00:47:34,290
phenomena and he writes about you know

1156
00:47:39,530 --> 00:47:36,590
having these experiences and seeing

1157
00:47:41,660 --> 00:47:39,540
people who were passed away while he was

1158
00:47:44,390 --> 00:47:41,670
having these experiences and he said and

1159
00:47:47,180 --> 00:47:44,400
and you know list me with those who have

1160
00:47:49,760 --> 00:47:47,190
had UFO experiences and have seen the

1161
00:47:51,770 --> 00:47:49,770
dead right so I mean it's really very

1162
00:47:55,640 --> 00:47:51,780
strange and I agree with Leslie that is

1163
00:47:59,150 --> 00:47:55,650

the most a lot of the behavior of the

1164

00:48:01,340 --> 00:47:59,160

crafts look interdimensional and what

1165

00:48:02,690 --> 00:48:01,350

does that even mean you know so that's

1166

00:48:04,010 --> 00:48:02,700

where we have to talk with scientists

1167

00:48:06,260 --> 00:48:04,020

and bring them in it's an

1168

00:48:08,570 --> 00:48:06,270

interdisciplinary research project here

1169

00:48:10,910 --> 00:48:08,580

is you know what we're looking at

1170

00:48:13,430 --> 00:48:10,920

biological as well you know because it

1171

00:48:15,680 --> 00:48:13,440

the way it yes and do certain people

1172

00:48:17,930 --> 00:48:15,690

with certain brain characteristics or in

1173

00:48:20,300 --> 00:48:17,940

a the ones that have that connection to

1174

00:48:22,190 --> 00:48:20,310

all of this as opposed to somebody else

1175

00:48:24,170 --> 00:48:22,200

who doesn't have that kind of a brain so

1176

00:48:26,810 --> 00:48:24,180

that's it does it is it's like a

1177

00:48:29,510 --> 00:48:26,820

massively huge question for all these

1178

00:48:31,280 --> 00:48:29,520

disciplines to come together on and it's

1179

00:48:34,640 --> 00:48:31,290

just so unfortunate that there's this

1180

00:48:37,340 --> 00:48:34,650

taboo still exists and so that there

1181

00:48:39,260 --> 00:48:37,350

isn't money provided by the you know by

1182

00:48:41,540 --> 00:48:39,270

the standard sources at least for

1183

00:48:44,060 --> 00:48:41,550

scientific research to to allow these

1184

00:48:45,770 --> 00:48:44,070

things to happen people just have to

1185

00:48:48,470 --> 00:48:45,780

take them on on their own and they're

1186

00:48:51,620 --> 00:48:48,480

very private about it and so maybe

1187

00:48:53,420 --> 00:48:51,630

someday there will be a recognition of

1188

00:48:55,430 --> 00:48:53,430

the value of all of this and it can be

1189

00:48:58,160 --> 00:48:55,440

funded and we can really learn a lot

1190

00:48:59,840 --> 00:48:58,170

from that I think you know hearing that

1191

00:49:00,520 --> 00:48:59,850

both of you are exploring these other

1192

00:49:03,430 --> 00:49:00,530

avenues

1193

00:49:05,680 --> 00:49:03,440

along with other scientists journalists

1194

00:49:07,780 --> 00:49:05,690

and even the military this idea that

1195

00:49:11,710 --> 00:49:07,790

when we're dealing with the UFOs it's

1196

00:49:14,200 --> 00:49:11,720

not just aliens III I have grown so

1197

00:49:16,900 --> 00:49:14,210

tired of you know mainstream media

1198

00:49:18,340 --> 00:49:16,910

outlets always going back to this like

1199

00:49:21,430 --> 00:49:18,350

we're dealing with little green men

1200

00:49:24,850 --> 00:49:21,440

we're dealing with spaceships from Zeta

1201

00:49:27,690 --> 00:49:24,860

Reticuli it's one tiny tiny tiny

1202

00:49:30,610 --> 00:49:27,700

fraction of what this all could be or or

1203

00:49:32,950 --> 00:49:30,620

represent so it's fascinating to know

1204

00:49:35,380 --> 00:49:32,960

that there are still avenues we can go

1205

00:49:37,480 --> 00:49:35,390

down to try to find answers because look

1206

00:49:40,600 --> 00:49:37,490

what what has it been since the modern

1207

00:49:43,060 --> 00:49:40,610

UFO era began 70 years what not of us

1208

00:49:46,090 --> 00:49:43,070

looking at this as alien in finding

1209

00:49:49,150 --> 00:49:46,100

absolutely no solid verifiable evidence

1210

00:49:51,100 --> 00:49:49,160

that that's true so I I think it's

1211

00:49:52,390 --> 00:49:51,110

exciting to know that we can look at it

1212

00:49:55,540 --> 00:49:52,400

from different ways we have people

1213

00:49:58,660 --> 00:49:55,550

looking at it as humans from the future

1214

00:50:00,250 --> 00:49:58,670

with future technology we're looking at

1215

00:50:02,350 --> 00:50:00,260

it from a consciousness level where

1216

00:50:04,960 --> 00:50:02,360

maybe this is the only way we will

1217

00:50:07,990 --> 00:50:04,970

someday interact or communicate with the

1218

00:50:11,020 --> 00:50:08,000

phenomenon at large who knows but it's

1219

00:50:12,970 --> 00:50:11,030

it's exciting to hear that these these

1220

00:50:14,890 --> 00:50:12,980

things are being explored and we can

1221

00:50:17,860 --> 00:50:14,900

only venture a guess as to where it's

1222

00:50:20,880 --> 00:50:17,870

going to go but um sort of sort of

1223

00:50:24,400 --> 00:50:20,890

wrapping up the UFO side of all this I

1224

00:50:26,500 --> 00:50:24,410

I'd love to get some some ideas or

1225

00:50:28,420 --> 00:50:26,510

advice that you would give some of our

1226
00:50:30,790 --> 00:50:28,430
younger UFO listeners who are kind of

1227
00:50:35,080 --> 00:50:30,800
just getting in to all of this you know

1228
00:50:38,020 --> 00:50:35,090
we have this whole TTS a thing that is

1229
00:50:40,330 --> 00:50:38,030
kind of out there in the media and do

1230
00:50:42,100 --> 00:50:40,340
you think there's room for the rest of

1231
00:50:44,110 --> 00:50:42,110
the UFO world to continue their work

1232
00:50:46,690 --> 00:50:44,120
separately from what these guys are

1233
00:50:49,750 --> 00:50:46,700
doing and what advice would you give

1234
00:50:52,240 --> 00:50:49,760
those who want to study UFOs and are

1235
00:50:54,820 --> 00:50:52,250
looking for answers to these huge huge

1236
00:50:56,440 --> 00:50:54,830
questions Diana what do you what advice

1237
00:50:58,990 --> 00:50:56,450
would you give to those looking into

1238
00:51:01,630 --> 00:50:59,000

this topic I would start with field

1239

00:51:04,060 --> 00:51:01,640

research so that's what I do so I

1240

00:51:08,230 --> 00:51:04,070

started with talking to people who have

1241

00:51:12,160 --> 00:51:08,240

had experiences and then from there be

1242

00:51:14,050 --> 00:51:12,170

ready to be incredibly shocked and in

1243

00:51:14,740 --> 00:51:14,060

credit you know have your mind open to

1244

00:51:16,600 --> 00:51:14,750

things that you

1245

00:51:19,240 --> 00:51:16,610

thought were possible and to

1246

00:51:21,610 --> 00:51:19,250

synchronicities and coincidences and you

1247

00:51:23,350 --> 00:51:21,620

know and to having you know your

1248

00:51:25,390 --> 00:51:23,360

worldview changed I mean that's I think

1249

00:51:27,280 --> 00:51:25,400

what you have to be prepared to do I

1250

00:51:30,700 --> 00:51:27,290

wasn't prepared for that and it happened

1251
00:51:33,190 --> 00:51:30,710
anyway so I loved Leslie's book because

1252
00:51:35,440 --> 00:51:33,200
it was a grounder for me and you know

1253
00:51:37,900 --> 00:51:35,450
read people's books like Leslie's books

1254
00:51:39,610 --> 00:51:37,910
like Jacques valets books like your book

1255
00:51:42,880 --> 00:51:39,620
Ryan that talks about the human

1256
00:51:45,280 --> 00:51:42,890
experiences you know of this you need to

1257
00:51:47,590 --> 00:51:45,290
read those books and listen to

1258
00:51:49,480 --> 00:51:47,600
interviews in podcasts of people who are

1259
00:51:51,790 --> 00:51:49,490
doing it and you'll naturally find your

1260
00:51:54,430 --> 00:51:51,800
way Leslie how about you is there any

1261
00:51:57,310 --> 00:51:54,440
any advice you could give those who are

1262
00:52:02,470 --> 00:51:57,320
trying to find answers to all of this

1263
00:52:04,780 --> 00:52:02,480

yeah it's complete sense to me I think I

1264

00:52:07,060 --> 00:52:04,790

would advise people to be very careful

1265

00:52:10,180 --> 00:52:07,070

about exploring this on the internet

1266

00:52:12,100 --> 00:52:10,190

because there is so much stuff out there

1267

00:52:14,290 --> 00:52:12,110

that's just based on supposition or

1268

00:52:16,000 --> 00:52:14,300

conspiracy theories and people making

1269

00:52:18,880 --> 00:52:16,010

all kinds of assumptions about what they

1270

00:52:22,180 --> 00:52:18,890

are and you know you've got to be very

1271

00:52:25,390 --> 00:52:22,190

careful to be listening to the right

1272

00:52:27,430 --> 00:52:25,400

people to very reliable people I think

1273

00:52:28,660 --> 00:52:27,440

the experience our realm is different

1274

00:52:30,400 --> 00:52:28,670

because people are sharing their own

1275

00:52:34,620 --> 00:52:30,410

personal experiences but when you come

1276

00:52:37,360 --> 00:52:34,630

to it comes to sort of data about what

1277

00:52:39,130 --> 00:52:37,370

UFOs are and stuff like that you've just

1278

00:52:41,380 --> 00:52:39,140

got to be really careful I think people

1279

00:52:43,660 --> 00:52:41,390

probably know that you know it's

1280

00:52:46,480 --> 00:52:43,670

interesting too we're talking about the

1281

00:52:48,910 --> 00:52:46,490

issue of UFOs expanding well beyond just

1282

00:52:52,240 --> 00:52:48,920

the physicality of it and how I'm

1283

00:52:55,090 --> 00:52:52,250

interested in that I still have to say

1284

00:52:56,830 --> 00:52:55,100

that in terms of the work that I do and

1285

00:52:59,620 --> 00:52:56,840

what I'm going to put out there and

1286

00:53:01,780 --> 00:52:59,630

continue to put out there through places

1287

00:53:05,200 --> 00:53:01,790

like the New York Times has to be

1288

00:53:08,020 --> 00:53:05,210

focused on that level because the only

1289

00:53:10,300 --> 00:53:08,030

reason that the story in December 2017

1290

00:53:12,250 --> 00:53:10,310

has such an impact and allowed like

1291

00:53:14,560 --> 00:53:12,260

briefings to occur within congressional

1292

00:53:16,720 --> 00:53:14,570

committees and things like that was

1293

00:53:20,770 --> 00:53:16,730

because it was just so purely factual

1294

00:53:22,600 --> 00:53:20,780

and government oriented and so my job is

1295

00:53:25,450 --> 00:53:22,610

to continue to put things out there that

1296

00:53:26,620 --> 00:53:25,460

are just like that that are simple and

1297

00:53:30,599 --> 00:53:26,630

physical and

1298

00:53:33,940 --> 00:53:30,609

data-driven so that I can continue to

1299

00:53:36,039 --> 00:53:33,950

get people in the policy-making world

1300

00:53:37,630 --> 00:53:36,049

and the scientific world in the

1301
00:53:40,450 --> 00:53:37,640
governmental world I'm all of that to

1302
00:53:42,609 --> 00:53:40,460
take up the subject seriously because

1303
00:53:45,839 --> 00:53:42,619
you know the work that Diana does goes

1304
00:53:50,200 --> 00:53:45,849
way beyond just sort of a simple like

1305
00:53:52,329 --> 00:53:50,210
level UFO 101 which is hey there's

1306
00:53:54,549 --> 00:53:52,339
physical things out there that exist

1307
00:53:56,349 --> 00:53:54,559
that's basically the inventives that I

1308
00:53:58,390 --> 00:53:56,359
have to keep giving out through my work

1309
00:54:00,519 --> 00:53:58,400
and I'm gonna continue to do that so

1310
00:54:02,499 --> 00:54:00,529
that I can't bring a lot of the other

1311
00:54:04,210 --> 00:54:02,509
elements of this into the Articles that

1312
00:54:06,099 --> 00:54:04,220
I write but that doesn't mean they're

1313
00:54:08,799 --> 00:54:06,109

not extremely important and that they

1314

00:54:11,170 --> 00:54:08,809

that they're not the future of where we

1315

00:54:12,759 --> 00:54:11,180

need to go it's just that I have to be

1316

00:54:15,309 --> 00:54:12,769

careful what I say so that I can keep

1317

00:54:19,019 --> 00:54:15,319

doing the job that I'm doing which is to

1318

00:54:21,789 --> 00:54:19,029

reach important people with very basic

1319

00:54:23,859 --> 00:54:21,799

unarguable facts about the fact that the

1320

00:54:26,859 --> 00:54:23,869

thing exists in the first place right I

1321

00:54:29,710 --> 00:54:26,869

think what's really important is in our

1322

00:54:32,890 --> 00:54:29,720

world today 2020 post New York Times

1323

00:54:34,630 --> 00:54:32,900

article and mainstream really starting

1324

00:54:39,460 --> 00:54:34,640

to take this topic more seriously is

1325

00:54:41,680 --> 00:54:39,470

that we can now say UFOs exist and I

1326

00:54:44,559 --> 00:54:41,690

think that's you know can't even be

1327

00:54:46,660 --> 00:54:44,569

argued at this point now the question is

1328

00:54:49,539 --> 00:54:46,670

what are they what do they represent

1329

00:54:52,539 --> 00:54:49,549

what do they want and that's that's a

1330

00:54:54,759 --> 00:54:52,549

huge shift since you know we started

1331

00:54:58,690 --> 00:54:54,769

looking at this topic and phenomenon

1332

00:55:01,390 --> 00:54:58,700

some 170 years ago even dating way way

1333

00:55:04,329 --> 00:55:01,400

back before that but um this question of

1334

00:55:06,309 --> 00:55:04,339

you know do have do UFOs exist yes we

1335

00:55:08,230 --> 00:55:06,319

know that know there's definitive proof

1336

00:55:10,210 --> 00:55:08,240

and documentation of that by our

1337

00:55:12,880 --> 00:55:10,220

governments now where do we go after

1338

00:55:15,039 --> 00:55:12,890

that so I want to ask you both sort of

1339

00:55:17,559 --> 00:55:15,049

wrapping wrapping up the the bigger

1340

00:55:19,809 --> 00:55:17,569

questions here with all of your research

1341

00:55:22,359 --> 00:55:19,819

and your the relationships you've made

1342

00:55:25,120 --> 00:55:22,369

the stories you've heard what are each

1343

00:55:28,029 --> 00:55:25,130

of your personal best educated

1344

00:55:30,460 --> 00:55:28,039

hypotheses on the nature of these

1345

00:55:32,890 --> 00:55:30,470

phenomenon or or is there even one

1346

00:55:34,390 --> 00:55:32,900

answer to it I I would I would guess not

1347

00:55:36,460 --> 00:55:34,400

but I'd love to hear both their thoughts

1348

00:55:39,200 --> 00:55:36,470

on that you know that's a giant question

1349

00:55:48,859 --> 00:55:44,770

I want just to take a moment here and

1350

00:55:52,310 --> 00:55:48,869

credit Leslie with you know changing the

1351
00:55:54,460 --> 00:55:52,320
direction of UFO research here what

1352
00:55:58,550 --> 00:55:54,470
she's done is momentous and

1353
00:56:01,310 --> 00:55:58,560
unprecedented and I just want to you

1354
00:56:03,020 --> 00:56:01,320
know acknowledge that because you know

1355
00:56:05,960 --> 00:56:03,030
it came out it looked you know the

1356
00:56:06,890 --> 00:56:05,970
article it blew everybody's minds and I

1357
00:56:08,540 --> 00:56:06,900
was like wow

1358
00:56:10,670 --> 00:56:08,550
Leslie Kane has done something

1359
00:56:11,420 --> 00:56:10,680
incredible and I think we need to

1360
00:56:14,480 --> 00:56:11,430
acknowledge that

1361
00:56:17,180 --> 00:56:14,490
so before I answer you know what the the

1362
00:56:19,640 --> 00:56:17,190
next type of thing is I think that that

1363
00:56:22,010 --> 00:56:19,650

has to be acknowledged and you know she

1364

00:56:24,740 --> 00:56:22,020

really made the way for my book to come

1365

00:56:26,630 --> 00:56:24,750

and my book was you know published so

1366

00:56:30,050 --> 00:56:26,640

you know the timing was impeccable

1367

00:56:32,180 --> 00:56:30,060

right after she opened the gate and my

1368

00:56:34,910 --> 00:56:32,190

my next book is just gonna be focusing

1369

00:56:36,770 --> 00:56:34,920

on people that I'd met that are along

1370

00:56:39,760 --> 00:56:36,780

the same lines as Tyler and James and

1371

00:56:42,770 --> 00:56:39,770

I'm gonna be focusing more on the

1372

00:56:45,500 --> 00:56:42,780

cognition that seems to allow for a

1373

00:56:47,990 --> 00:56:45,510

contact Leslie do you have anything to

1374

00:56:50,690 --> 00:56:48,000

add to that in in terms of where you lay

1375

00:56:53,660 --> 00:56:50,700

personally you know we have your

1376

00:56:55,940 --> 00:56:53,670

investigative journalism that we we've

1377

00:56:57,589 --> 00:56:55,950

seen throughout the years but what are

1378

00:56:59,030 --> 00:56:57,599

your personal thoughts on the nature of

1379

00:57:01,370 --> 00:56:59,040

the phenomenon if that's something

1380

00:57:04,310 --> 00:57:01,380

you're comfortable sharing I basically

1381

00:57:06,500 --> 00:57:04,320

feel that it's something huge that we

1382

00:57:09,079 --> 00:57:06,510

don't understand we don't know what it

1383

00:57:10,640 --> 00:57:09,089

is and I think all the questions are

1384

00:57:12,260 --> 00:57:10,650

really compelling we've been discussing

1385

00:57:17,210 --> 00:57:12,270

what those questions are that need to be

1386

00:57:19,660 --> 00:57:17,220

studied and it's just this massive big

1387

00:57:23,690 --> 00:57:19,670

mystery that's what makes it exciting

1388

00:57:26,089 --> 00:57:23,700

but I'm just aware of how big it is and

1389

00:57:28,099 --> 00:57:26,099

how much we don't understand about it I

1390

00:57:30,800 --> 00:57:28,109

mean there's the physical element of it

1391

00:57:33,170 --> 00:57:30,810

the ativ element which is what I focus

1392

00:57:36,290 --> 00:57:33,180

on in my professional life but there's

1393

00:57:40,070 --> 00:57:36,300

also a way bigger element to it and

1394

00:57:42,260 --> 00:57:40,080

which diana has written about and people

1395

00:57:42,710 --> 00:57:42,270

like jockle am writing about it for

1396

00:57:46,329 --> 00:57:42,720

years

1397

00:57:48,890 --> 00:57:46,339

so it's just I don't know what it is and

1398

00:57:51,680 --> 00:57:48,900

I hope we can just keep learning more

1399

00:57:52,490 --> 00:57:51,690

about it the more we know the less we

1400

00:57:53,900 --> 00:57:52,500

know

1401

00:57:56,540 --> 00:57:53,910

really comes into play with this

1402

00:57:57,859 --> 00:57:56,550

phenomenon and that's exciting you know

1403

00:57:59,630 --> 00:57:57,869

I think the journey is far more

1404

00:58:02,359 --> 00:57:59,640

rewarding and trying to find answers

1405

00:58:04,900 --> 00:58:02,369

than possibly finding those answers

1406

00:58:07,540 --> 00:58:04,910

maybe I'm wrong I don't know but um I

1407

00:58:09,620 --> 00:58:07,550

want to sort of close up here and ask

1408

00:58:11,660 --> 00:58:09,630

you both aren't going to be speaking at

1409

00:58:14,420 --> 00:58:11,670

contact in the desert I'll be there as

1410

00:58:17,599 --> 00:58:14,430

well this is going to be in Indian Wells

1411

00:58:19,160 --> 00:58:17,609

California is there any anything you're

1412

00:58:20,660 --> 00:58:19,170

willing to share with us about what you

1413

00:58:24,260 --> 00:58:20,670

both will be talking about at this event

1414

00:58:26,510 --> 00:58:24,270

I'm gonna be doing a lecture about I've

1415

00:58:28,849 --> 00:58:26,520

called it UFOs journalism and the New

1416

00:58:31,130 --> 00:58:28,859

York Times just about my career covering

1417

00:58:32,990 --> 00:58:31,140

this as a journalist what I've learned

1418

00:58:34,970 --> 00:58:33,000

along the way and then I'm going to

1419

00:58:38,030 --> 00:58:34,980

discuss the whole New York Times story

1420

00:58:40,220 --> 00:58:38,040

how it happened what it meant what the

1421

00:58:42,349 --> 00:58:40,230

process was like and allow people to ask

1422

00:58:44,960 --> 00:58:42,359

a lot of questions about it and then my

1423

00:58:46,490 --> 00:58:44,970

second presentation is on surviving

1424

00:58:49,490 --> 00:58:46,500

death the book that I wrote that came

1425

00:58:52,820 --> 00:58:49,500

out in 2017 which covers a whole lot of

1426
00:58:55,250 --> 00:58:52,830
aspects of consciousness in relation to

1427
00:58:57,320 --> 00:58:55,260
the question of whether we survive death

1428
00:58:59,390 --> 00:58:57,330
a lot of evidence for that as well as my

1429
00:59:01,670 --> 00:58:59,400
own personal experiences which I'll

1430
00:59:03,079 --> 00:59:01,680
share about that yeah so that's that's

1431
00:59:05,329 --> 00:59:03,089
basically what I'm gonna do I just

1432
00:59:08,150 --> 00:59:05,339
wanted to thank Diana for her her

1433
00:59:10,820 --> 00:59:08,160
comment about my my story and the times

1434
00:59:12,710 --> 00:59:10,830
which is not my story it was a threeway

1435
00:59:14,599 --> 00:59:12,720
story three people were involved in

1436
00:59:18,710 --> 00:59:14,609
writing it but I also wanted to say you

1437
00:59:21,320 --> 00:59:18,720
know I think that her book is just I

1438
00:59:24,410 --> 00:59:21,330

think it was so important her book

1439

00:59:26,630 --> 00:59:24,420

because it opened up the door to the

1440

00:59:29,329 --> 00:59:26,640

academic community the scientific

1441

00:59:31,730 --> 00:59:29,339

community the government community the

1442

00:59:34,550 --> 00:59:31,740

door to the sort of weirder aspects of

1443

00:59:36,980 --> 00:59:34,560

this and the bigger questions about it

1444

00:59:39,800 --> 00:59:36,990

and the historical context for it and

1445

00:59:41,720 --> 00:59:39,810

all of that was presented in a way that

1446

00:59:43,790 --> 00:59:41,730

made it accessible to very very

1447

00:59:45,910 --> 00:59:43,800

high-level intelligent people and I know

1448

00:59:48,380 --> 00:59:45,920

that it's being read at those levels and

1449

00:59:50,420 --> 00:59:48,390

it was a game changer in that way

1450

00:59:52,040 --> 00:59:50,430

because we've had discussions about

1451
00:59:53,660 --> 00:59:52,050
these things off and on for a long time

1452
00:59:55,640 --> 00:59:53,670
but she pulled together and added a

1453
00:59:58,040 --> 00:59:55,650
level of insight to it that's never been

1454
01:00:00,230 --> 00:59:58,050
done before so I don't know we're kind

1455
01:00:02,960 --> 01:00:00,240
of the mutual praise Society here but I

1456
01:00:05,799 --> 01:00:02,970
just had to acknowledge that I think the

1457
01:00:08,259 --> 01:00:05,809
Diana's book is is really

1458
01:00:10,089 --> 01:00:08,269
really really significant and I hope

1459
01:00:12,699 --> 01:00:10,099
that people who haven't read it will do

1460
01:00:14,559 --> 01:00:12,709
so because it's it's a brilliant book

1461
01:00:16,479 --> 01:00:14,569
and it's a game-changer in the same way

1462
01:00:18,609 --> 01:00:16,489
the New York Times was just in a

1463
01:00:20,620 --> 01:00:18,619

different way but it's a game-changer

1464

01:00:22,809 --> 01:00:20,630

that's the seed that's amazing I mean I

1465

01:00:25,209 --> 01:00:22,819

think if more people took the time to

1466

01:00:26,349 --> 01:00:25,219

build each other up and work off of each

1467

01:00:28,630 --> 01:00:26,359

other's work

1468

01:00:30,449 --> 01:00:28,640

we get a lot further in this field and

1469

01:00:34,120 --> 01:00:30,459

this goes for any scientific field

1470

01:00:36,609 --> 01:00:34,130

academic field um you know we challenge

1471

01:00:39,130 --> 01:00:36,619

one another and we ask new questions and

1472

01:00:41,859 --> 01:00:39,140

I think that's important or we're not

1473

01:00:44,140 --> 01:00:41,869

gonna get anywhere so I have to agree

1474

01:00:46,799 --> 01:00:44,150

the the contributions you two have made

1475

01:00:51,099 --> 01:00:46,809

to this field in the past few years have

1476

01:00:52,599 --> 01:00:51,109

out shown so much that comes before it

1477

01:00:55,599 --> 01:00:52,609

and that's not to say that the work by

1478

01:00:57,819 --> 01:00:55,609

many other people isn't appreciated the

1479

01:01:00,160 --> 01:00:57,829

work of Jacques Vallee the work of

1480

01:01:01,599 --> 01:01:00,170

Whitley Strieber everyone all these

1481

01:01:03,729 --> 01:01:01,609

people that have looked at the UFO

1482

01:01:06,789 --> 01:01:03,739

phenomenon in every way possible

1483

01:01:10,449 --> 01:01:06,799

every story every hypothesis every

1484

01:01:12,969 --> 01:01:10,459

opinion I think holds some value in the

1485

01:01:15,099 --> 01:01:12,979

greater greater question to all of this

1486

01:01:16,900 --> 01:01:15,109

so I want to first and foremost thank

1487

01:01:19,299 --> 01:01:16,910

both of you for taking the time to do

1488

01:01:21,819 --> 01:01:19,309

this with me today we somehow pulled it

1489

01:01:24,489 --> 01:01:21,829

off and God got together and made this

1490

01:01:26,559 --> 01:01:24,499

happen this digital Roundtable and I

1491

01:01:29,529 --> 01:01:26,569

can't wait to see what the two of you

1492

01:01:31,089 --> 01:01:29,539

come up with next so yeah let's let's

1493

01:01:32,859 --> 01:01:31,099

sort of end here with them

1494

01:01:37,029 --> 01:01:32,869

Diana where can we find out more about

1495

01:01:39,400 --> 01:01:37,039

what your you're up to talk about it at

1496

01:01:42,309 --> 01:01:39,410

contacted in the desert actually the

1497

01:01:45,699 --> 01:01:42,319

next book is I'm writing up the proposal

1498

01:01:47,859 --> 01:01:45,709

right now and as I said I'm you know

1499

01:01:50,380 --> 01:01:47,869

I'll be redoing my website and kind of

1500

01:01:53,469 --> 01:01:50,390

talking about what I'll be doing on my

1501
01:01:56,349 --> 01:01:53,479
website and that's probably if people

1502
01:01:58,509 --> 01:01:56,359
want to look it's not up yet but that's

1503
01:02:00,189 --> 01:01:58,519
if they want to find out what neck wet

1504
01:02:01,419 --> 01:02:00,199
is next that's what it's going to be

1505
01:02:03,849 --> 01:02:01,429
this they're also going to be a kind of

1506
01:02:07,439 --> 01:02:03,859
a historical look at people who have

1507
01:02:09,880 --> 01:02:07,449
made use of this type of cognitive

1508
01:02:11,769 --> 01:02:09,890
talents I guess you could call it in the

1509
01:02:14,949 --> 01:02:11,779
past you know there have been people in

1510
01:02:18,429 --> 01:02:14,959
the scientific community in the 1600s

1511
01:02:20,030 --> 01:02:18,439
1700s 1800s on up that have actually

1512
01:02:22,130 --> 01:02:20,040
known about this thing and used

1513
01:02:24,560 --> 01:02:22,140

so that's another thing that people

1514

01:02:27,230 --> 01:02:24,570

don't realize and don't you know it's

1515

01:02:29,120 --> 01:02:27,240

like a part of history that's untold so

1516

01:02:31,040 --> 01:02:29,130

I think that's fascinating and and my

1517

01:02:34,100 --> 01:02:31,050

book looks at that and brings it up I'm

1518

01:02:37,520 --> 01:02:34,110

gonna spend some time on a soldier or a

1519

01:02:40,580 --> 01:02:37,530

marine and his his training into this

1520

01:02:42,800 --> 01:02:40,590

that's very exciting I can't wait to

1521

01:02:44,660 --> 01:02:42,810

learn more about that Leslie where can

1522

01:02:47,390 --> 01:02:44,670

we find out more of what you're up to I

1523

01:02:49,400 --> 01:02:47,400

would say my facebook page which is um

1524

01:02:51,800 --> 01:02:49,410

you know an author page they'd have to

1525

01:02:53,690 --> 01:02:51,810

be a friend you just go on and I have a

1526

01:02:57,710 --> 01:02:53,700

website which is surviving death can

1527

01:02:59,450 --> 01:02:57,720

calm my last name is Kea n but I think

1528

01:03:02,000 --> 01:02:59,460

the best place is probably my Facebook

1529

01:03:04,880 --> 01:03:02,010

page this has been a dream come true for

1530

01:03:06,530 --> 01:03:04,890

me so um thank you to both of you for

1531

01:03:08,840 --> 01:03:06,540

coming on somewhere in the skies today

1532

01:03:10,370 --> 01:03:08,850

Thank You Ryan it's been great yeah I'm

1533

01:03:14,840 --> 01:03:10,380

really good how many people do it again

1534

01:03:16,730 --> 01:03:14,850

sometimes it's great that's it for this

1535

01:03:19,280 --> 01:03:16,740

week's episode my special thanks to both

1536

01:03:21,740 --> 01:03:19,290

Leslie Cain and Diana Walsh basilica

1537

01:03:23,570 --> 01:03:21,750

for coming on the show it was truly an

1538

01:03:26,090 --> 01:03:23,580

honor talking with two of the people who

1539

01:03:27,710 --> 01:03:26,100

I personally believe have moved UFOs to

1540

01:03:30,290 --> 01:03:27,720

the forefront both in the worlds of

1541

01:03:30,800 --> 01:03:30,300

journalism and academia like never

1542

01:03:33,110 --> 01:03:30,810

before

1543

01:03:35,360 --> 01:03:33,120

be sure to join me next week where the

1544

01:03:37,790 --> 01:03:35,370

conversation continues with Leslie Cain

1545

01:03:40,790 --> 01:03:37,800

where we will be discussing in depth her

1546

01:03:42,860 --> 01:03:40,800

new book surviving death we'll be joined

1547

01:03:44,540 --> 01:03:42,870

by another special guest for what turned

1548

01:03:46,700 --> 01:03:44,550

out to be one of the most powerful and

1549

01:03:49,340 --> 01:03:46,710

compelling discussions they've ever

1550

01:03:51,440 --> 01:03:49,350

conducted on the podcast if you have a

1551

01:03:54,380 --> 01:03:51,450

few moments please subscribe rate and

1552

01:03:56,120 --> 01:03:54,390

review the show on Apple podcasts your

1553

01:03:58,370 --> 01:03:56,130

Android apps or wherever you get the

1554

01:04:00,740 --> 01:03:58,380

show it helps us gain visibility and

1555

01:04:02,900 --> 01:04:00,750

finding listeners we're on twitter at

1556

01:04:05,120 --> 01:04:02,910

summer skies and instagram at summer

1557

01:04:07,529 --> 01:04:05,130

skies pod be sure to get your tickets

1558

01:04:10,589 --> 01:04:07,539

now for contact in the dead

1559

01:04:12,960 --> 01:04:10,599

they are going super quick to learn more

1560

01:04:16,109 --> 01:04:12,970

and to get your tickets visit contact in

1561

01:04:18,269 --> 01:04:16,119

the desert calm if you have a UFO story

1562

01:04:20,519 --> 01:04:18,279

you'd like to share or to contact me

1563

01:04:24,150 --> 01:04:20,529

personally use the contact tab on the

1564

01:04:26,309 --> 01:04:24,160

website somewhere in the sponce calm my

1565

01:04:29,460 --> 01:04:26,319

special thanks to the e1 podcast network

1566

01:04:31,140 --> 01:04:29,470

rogue planet and especially to you for

1567

01:04:33,239 --> 01:04:31,150

listening I'll see you here next week

1568

01:04:35,039 --> 01:04:33,249

and remember keep your feet on the

1569

01:04:44,310 --> 01:04:35,049

ground but never stop searching

1570

01:05:17,470 --> 01:05:15,460

[Music]

1571

01:05:19,940 --> 01:05:17,480

[Applause]

1572

01:05:21,710 --> 01:05:19,950

somewhere in the skies is produced by

1573

01:05:23,630 --> 01:05:21,720

Third Kind productions in association

1574

01:05:25,430 --> 01:05:23,640

with the entertainment one podcast
