46

00:02:10,010 --> 00:02:07,710

honestly I do want to hear from you what

47

00:02:13,010 --> 00:02:10,020

your experience is like right right now

48

00:02:13,680 --> 00:02:13,020

dealing with Cova 19 in the situation

49

00:02:15,810 --> 00:02:13,690

that we are

50

00:02:18,510 --> 00:02:15,820

53  
00:02:25,380 --> 00:02:21,370

56  
00:02:35,940 --> 00:02:33,220  
so I just want to bring a couple of

57  
00:02:38,910 --> 00:02:35,950  
things to your attention for those of us

58  
00:02:40,700 --> 00:02:38,920  
in the New York area if you are curious

59  
00:02:44,010 --> 00:02:40,710  
about helping out or volunteering

60  
00:02:47,820 --> 00:02:44,020  
there's a group called invisible hands

61  
00:02:52,620 --> 00:02:47,830  
in NYC you can go to WWN visible hands

62  
00:02:55,710 --> 00:02:52,630  
deliver calm now this is a food delivery

63  
00:03:00,420 --> 00:02:55,720

service for those particularly elderly

64

00:03:02,400 --> 00:03:00,430

who can't get out and get food that said

65

00:03:04,230 --> 00:03:02,410

if you're going to do that considering

66

00:03:07,050 --> 00:03:04,240

the latest proclamations by the federal

67

00:03:08,880 --> 00:03:07,060

government make sure you have the gear

68

00:03:10,740 --> 00:03:08,890

masks gloves and whatever you need to

69

00:03:13,530 --> 00:03:10,750

wear and I would implore you before

70

00:03:15,690 --> 00:03:13,540

jumping in just contact invisible hands

71

00:03:18,300 --> 00:03:15,700

and have a conversation with them and

72

00:03:20,190 --> 00:03:18,310

make sure you're ready to go so you can

73

00:03:23,520 --> 00:03:20,200

find their email and contact right on

74

00:03:26,280 --> 00:03:23,530

that splash page on their website other

75

00:03:29,460 --> 00:03:26,290

news contact in the desert is canceled

76

00:03:33,180 --> 00:03:29,470

and will be rescheduled for June 4th to

77

00:03:35,310 --> 00:03:33,190

June seventh of the year 2021 that's a

78

00:03:38,490 --> 00:03:35,320

long time it's well over a year so that

79

00:03:39,690 --> 00:03:38,500

that's a major downer and of course

80

00:03:41,370 --> 00:03:39,700

there's so many things we could talk

81

00:03:43,740 --> 00:03:41,380

about as far as cancellations and

82

00:03:46,650 --> 00:03:43,750

tonight you know I welcome the guests

83

00:03:49,740 --> 00:03:46,660

here my friends and colleagues who I all

84

00:03:51,810 --> 00:03:49,750

appreciate very much to share their

85

00:03:54,210 --> 00:03:51,820

experiences what it's like for them

86

00:03:56,370 --> 00:03:54,220

going through Kovan 19 I know Ryan just

87

00:03:57,420 --> 00:03:56,380

did a podcast that I was fortunate to be

88

00:04:00,830 --> 00:03:57,430

a part of thanks Ryan

89

00:04:05,430 --> 00:04:00,840

where he he had a whole slew of

90

00:04:07,229 --> 00:04:05,440

podcasters share their support their

91

00:04:09,960 --> 00:04:07,239

suggestions for to get through through

92

00:04:11,670 --> 00:04:09,970

this and I think that all of us in this

93

00:04:14,340 --> 00:04:11,680

field should be doing that for each

94

00:04:16,470 --> 00:04:14,350

other and together so you go check out

95

00:04:19,909 --> 00:04:16,480

that podcast as well that's somewhere in

96

00:04:22,080 --> 00:04:19,919

the skies and tonight yeah yeah so let's

97

00:04:25,380 --> 00:04:22,090

let's just let's just tell it like it is

98

00:04:27,310 --> 00:04:25,390

so I'm gonna start with Carol Carl from

99

00:04:31,900 --> 00:04:27,320

kgr a behind the

100

00:04:33,430 --> 00:04:31,910

Curtin and Carol um what's your

101  
00:04:37,180 --> 00:04:33,440  
experience been like so far dealing with

102  
00:04:39,480 --> 00:04:37,190  
Cova 19 well it's a crazy thing you know

103  
00:04:43,030 --> 00:04:39,490  
living in earthquake country as we do

104  
00:04:44,110 --> 00:04:43,040  
there is that component of visible

105  
00:04:46,000 --> 00:04:44,120  
damage

106  
00:04:48,330 --> 00:04:46,010  
well that doesn't exist with us we're

107  
00:04:51,090 --> 00:04:48,340  
dealing with an invisible little critter

108  
00:04:53,500 --> 00:04:51,100  
as I go through the neighborhood

109  
00:04:56,500 --> 00:04:53,510  
construction work is still going on on

110  
00:04:59,500 --> 00:04:56,510  
some new homes the schools of course are

111  
00:05:01,900 --> 00:04:59,510  
shut we're about two blocks to the east

112  
00:05:05,110 --> 00:05:01,910  
of the Claremont Colleges that's five

113  
00:05:08,110 --> 00:05:05,120

combined colleges separate quarters etc

114

00:05:10,840 --> 00:05:08,120

sharing a campus and as of March 23rd

115

00:05:13,720 --> 00:05:10,850

those students are all gone and I must

116

00:05:15,970 --> 00:05:13,730

say it's something that I experienced

117

00:05:18,520 --> 00:05:15,980

when they normally go home which is and

118

00:05:20,440 --> 00:05:18,530

you know late May after graduation which

119

00:05:23,050 --> 00:05:20,450

ain't gonna happen

120

00:05:26,010 --> 00:05:23,060

there is a distinct I don't know it's a

121

00:05:28,600 --> 00:05:26,020

difference in the buzz the vibes hum

122

00:05:30,940 --> 00:05:28,610

probably some of it is you know real

123

00:05:34,360 --> 00:05:30,950

sound but it may just be a perception

124

00:05:37,660 --> 00:05:34,370

but as of March 23rd they're all gone

125

00:05:42,130 --> 00:05:37,670

home and they're not coming back I

126  
00:05:45,640 --> 00:05:42,140  
noticed something strange at pre-dawn

127  
00:05:49,060 --> 00:05:45,650  
okay the sound of traffic on the 10

128  
00:05:51,370 --> 00:05:49,070  
freeway which I think probably is about

129  
00:05:54,750 --> 00:05:51,380  
a mile and a half from us is distinctly

130  
00:05:58,150 --> 00:05:54,760  
the same which is a mind blow however

131  
00:06:00,700 --> 00:05:58,160  
we're a little more than two blocks

132  
00:06:03,760 --> 00:06:00,710  
south of route 66 Foothill Boulevard and

133  
00:06:06,430 --> 00:06:03,770  
that traffic is exactly the same the

134  
00:06:10,000 --> 00:06:06,440  
satyr night Saturday night traffic was

135  
00:06:12,490 --> 00:06:10,010  
exactly the same so that is that's kind

136  
00:06:15,250 --> 00:06:12,500  
of it's an unusual thing but again this

137  
00:06:17,230 --> 00:06:15,260  
we see no damage to the infrastructure

138  
00:06:19,720 --> 00:06:17,240

are our lights our power the grid has

139

00:06:22,930 --> 00:06:19,730

not gone down so that is profoundly

140

00:06:24,220 --> 00:06:22,940

different in terms of what you think you

141

00:06:27,490 --> 00:06:24,230

know a country in crisis would

142

00:06:29,800 --> 00:06:27,500

experience and that's it I don't have a

143

00:06:32,200 --> 00:06:29,810

you know an enormous robust social life

144

00:06:34,000 --> 00:06:32,210

my cyber friends we're all still in

145

00:06:37,450 --> 00:06:34,010

touch in fact of course as everybody's

146

00:06:40,690 --> 00:06:37,460

experiencing more than ever and bless

147

00:06:44,260 --> 00:06:40,700

the Internet so yeah and that

148

00:06:44,830 --> 00:06:44,270

does it for me where we are probably an

149

00:06:51,010 --> 00:06:44,840

hour

150

00:06:54,090 --> 00:06:51,020

of Los Angeles at but still in LA County

151  
00:06:57,310 --> 00:06:54,100  
and I know they are hard hit I know that

152  
00:07:00,160 --> 00:06:57,320  
what has yet to impact in real numbers

153  
00:07:03,250 --> 00:07:00,170  
is the significant homeless population

154  
00:07:06,670 --> 00:07:03,260  
and that is that's that's really a

155  
00:07:08,980 --> 00:07:06,680  
heartbreak when that happens if it's not

156  
00:07:11,890 --> 00:07:08,990  
already happening I didn't listen to

157  
00:07:13,960 --> 00:07:11,900  
local news today that that's going to be

158  
00:07:17,440 --> 00:07:13,970  
awful I know there is a ship that is

159  
00:07:19,870 --> 00:07:17,450  
docked now in San Pedro Harbor which I

160  
00:07:24,240 --> 00:07:19,880  
think it's called the mercy and this is

161  
00:07:28,480 --> 00:07:24,250  
an effort to take non-infected kovat 19

162  
00:07:30,790 --> 00:07:28,490  
patients it is for people who are having

163  
00:07:34,180 --> 00:07:30,800

non elective surgeries shall we say

164

00:07:37,300 --> 00:07:34,190

medical events crises so that they are

165

00:07:39,790 --> 00:07:37,310

not contaminated in a hospital and

166

00:07:43,180 --> 00:07:39,800

that's all I got you know it's a

167

00:07:44,620 --> 00:07:43,190

interesting you mentioned what

168

00:07:48,070 --> 00:07:44,630

emergencies because I remember when I

169

00:07:49,780 --> 00:07:48,080

was younger in the good old 80s we were

170

00:07:51,940 --> 00:07:49,790

the art our grid was still having

171

00:07:54,640 --> 00:07:51,950

blackouts so I remember being a kid

172

00:07:56,860 --> 00:07:54,650

loving when a blackout would happen and

173

00:08:00,100 --> 00:07:56,870

we'd have to light the candles you know

174

00:08:03,160 --> 00:08:00,110

I I love that experience I'm sure my

175

00:08:06,250 --> 00:08:03,170

parents didn't so much okay but you know

176

00:08:08,740 --> 00:08:06,260

I think for a lot of us who are just old

177

00:08:13,450 --> 00:08:08,750

enough we've been through a certain

178

00:08:16,030 --> 00:08:13,460

number of emergency situations social

179

00:08:17,970 --> 00:08:16,040

breakdowns and that sort that it kind of

180

00:08:20,440 --> 00:08:17,980

Prime's you a little bit to get prepared

181

00:08:23,320 --> 00:08:20,450

for an event like this even though this

182

00:08:25,090 --> 00:08:23,330

is unique there are elements of this

183

00:08:27,670 --> 00:08:25,100

event that we've all experienced to some

184

00:08:29,950 --> 00:08:27,680

degree before but people who are much

185

00:08:33,430 --> 00:08:29,960

younger in their teens and early

186

00:08:37,000 --> 00:08:33,440

twenties this is a brand new thing for

187

00:08:39,700 --> 00:08:37,010

them all together so I don't know Ryan

188

00:08:41,800 --> 00:08:39,710

have you spoken to to anyone in

189

00:08:44,260 --> 00:08:41,810

particular that's you know from in their

190

00:08:47,440 --> 00:08:44,270

20s a younger generation that really is

191

00:08:49,840 --> 00:08:47,450

confused doesn't know what to do or yeah

192

00:08:53,170 --> 00:08:49,850

I mean I have a younger sister who lives

193

00:08:54,130 --> 00:08:53,180

in the central New York area so a lot of

194

00:08:56,230 --> 00:08:54,140

the room

195

00:08:59,530 --> 00:08:56,240

rules and regulations and policies in

196

00:09:02,200 --> 00:08:59,540

New York City are also in central knee

197

00:09:05,440 --> 00:09:02,210

or to and yeah she comes from a

198

00:09:08,380 --> 00:09:05,450

generation that was just on the cusp of

199

00:09:10,960 --> 00:09:08,390

9/11 which i think is what a lot of New

200

00:09:12,790 --> 00:09:10,970

Yorkers are I don't want to say

201  
00:09:14,890 --> 00:09:12,800  
comparing it to that because they are

202  
00:09:18,220 --> 00:09:14,900  
two completely different things but the

203  
00:09:21,520 --> 00:09:18,230  
the city and the way that this specific

204  
00:09:24,280 --> 00:09:21,530  
city is dealing with it and kind of how

205  
00:09:27,460 --> 00:09:24,290  
things are going it's very quiet

206  
00:09:27,970 --> 00:09:27,470  
it's very people are trying to help each

207  
00:09:31,810 --> 00:09:27,980  
other

208  
00:09:34,570 --> 00:09:31,820  
but unlike 9/11 it's we can't just go

209  
00:09:36,940 --> 00:09:34,580  
out and help you know these businesses

210  
00:09:40,780 --> 00:09:36,950  
because everything's closed we we can't

211  
00:09:44,140 --> 00:09:40,790  
even hug one another because so it's a

212  
00:09:46,060 --> 00:09:44,150  
very different thing in some respects

213  
00:09:48,130 --> 00:09:46,070

but I do hear a lot of people who were

214

00:09:49,720 --> 00:09:48,140

in New York City during 9/11 sort of

215

00:09:51,250 --> 00:09:49,730

compare it to that but you know

216

00:09:53,350 --> 00:09:51,260

multiplied by a thousand this is

217

00:09:55,420 --> 00:09:53,360

affecting yeah 9/11 affected the whole

218

00:09:58,750 --> 00:09:55,430

world but in no way like a pandemic does

219

00:10:01,060 --> 00:09:58,760

so it's been interesting trying to just

220

00:10:03,580 --> 00:10:01,070

keep up with it and every time we think

221

00:10:07,210 --> 00:10:03,590

that you know we're kind of on the cusp

222

00:10:10,210 --> 00:10:07,220

of something a resolution a decrease

223

00:10:13,600 --> 00:10:10,220

it's just the questions just keep rising

224

00:10:15,610 --> 00:10:13,610

so yeah it's it's uncertain but things

225

00:10:18,250 --> 00:10:15,620

like this or what are keeping me going

226

00:10:20,470 --> 00:10:18,260

and you know like the podcast I did -

227

00:10:22,360 --> 00:10:20,480

that was more for me Tiffani complete

228

00:10:24,760 --> 00:10:22,370

therapy I wanted to hear from other

229

00:10:26,440 --> 00:10:24,770

people how do you deal with this cuz I

230

00:10:29,800 --> 00:10:26,450

don't know how either

231

00:10:32,170 --> 00:10:29,810

I'm scared one minute I'm sad the next

232

00:10:35,680 --> 00:10:32,180

I'm fine right now talking to you guys

233

00:10:37,480 --> 00:10:35,690

so it's very bipolar I guess that's so

234

00:10:39,040 --> 00:10:37,490

good no I think that's a good

235

00:10:41,410 --> 00:10:39,050

descriptive right there yeah cuz one

236

00:10:42,430 --> 00:10:41,420

second you know I'm like look it's out

237

00:10:42,910 --> 00:10:42,440

of our control there's nothing you can

238

00:10:44,860 --> 00:10:42,920

do

239

00:10:46,510 --> 00:10:44,870

and I'm like pretty Zen about it and

240

00:10:49,180 --> 00:10:46,520

then the next second like an anxiety

241

00:10:50,380 --> 00:10:49,190

hits and I'm like wait but we don't know

242

00:10:52,360 --> 00:10:50,390

what's gonna happen in three weeks you

243

00:10:54,700 --> 00:10:52,370

know exonic because they just changed

244

00:10:57,400 --> 00:10:54,710

this thing today but for me it's like

245

00:10:59,880 --> 00:10:57,410

the not knowing and just like letting go

246

00:11:03,520 --> 00:10:59,890

and just accepting that we don't know

247

00:11:05,170 --> 00:11:03,530

helps in that in that regard mark what

248

00:11:08,310 --> 00:11:05,180

about your yourself how are you handling

249

00:11:15,730 --> 00:11:12,879

well I'm I don't get out much

250

00:11:17,980 --> 00:11:15,740

and the reason for that is I own my own

251  
00:11:20,259 --> 00:11:17,990  
company right so I'm always doing work

252  
00:11:22,300 --> 00:11:20,269  
I'm doing a navy project right now I

253  
00:11:25,930 --> 00:11:22,310  
have a 10 foot submarine in my shop but

254  
00:11:28,620 --> 00:11:25,940  
I'm building for Uncle Sam now the show

255  
00:11:32,050 --> 00:11:28,630  
that it was supposed to be on or in in

256  
00:11:35,230 --> 00:11:32,060  
has been cancelled but they still want

257  
00:11:38,590 --> 00:11:35,240  
it and it's a new design of a submarine

258  
00:11:40,780 --> 00:11:38,600  
so I'm heads down on that but I can't

259  
00:11:43,389 --> 00:11:40,790  
say this hasn't touched me either I mean

260  
00:11:45,040 --> 00:11:43,399  
two of my niece's have corona you know

261  
00:11:50,410 --> 00:11:45,050  
they were just diagnosed yesterday or a

262  
00:11:52,750 --> 00:11:50,420  
day before but you know what it still

263  
00:11:54,579 --> 00:11:52,760

isn't causing the same types of deaths

264

00:11:56,650 --> 00:11:54,589

that the regular flu has I'm not saying

265

00:12:00,400 --> 00:11:56,660

it's a regular flu its virulent I

266

00:12:03,100 --> 00:12:00,410

recognize that but we're in a media age

267

00:12:05,980 --> 00:12:03,110

and Jason might know this best actually

268

00:12:10,569 --> 00:12:05,990

from his background I think we're in a

269

00:12:13,420 --> 00:12:10,579

media age where once the media latches

270

00:12:15,819 --> 00:12:13,430

onto something and calls it bad then

271

00:12:17,710 --> 00:12:15,829

they continue to push it and push it and

272

00:12:18,370 --> 00:12:17,720

push it until it just stinks to high

273

00:12:21,100 --> 00:12:18,380

heaven

274

00:12:23,079 --> 00:12:21,110

and I read an article which I passed

275

00:12:26,410 --> 00:12:23,089

around countless times my thumbs are

276

00:12:29,199 --> 00:12:26,420

tired from texting it it's an article by

277

00:12:33,509 --> 00:12:29,209

a doctor dr. Ryan itis and he's

278

00:12:38,110 --> 00:12:33,519

Stanford's chief of Medicine and he has

279

00:12:39,699 --> 00:12:38,120

he has a PhD in biomedicine okay and

280

00:12:43,240 --> 00:12:39,709

biomechanical and that's right

281

00:12:44,559 --> 00:12:43,250

biomedicine and he basically has an

282

00:12:48,460 --> 00:12:44,569

article out there that you should look

283

00:12:51,040 --> 00:12:48,470

up it's on stat you know stat news I

284

00:12:55,360 --> 00:12:51,050

think of stat news.com and the article

285

00:12:58,030 --> 00:12:55,370

is titled basically it's a fiasco in the

286

00:13:01,689 --> 00:12:58,040

making this whole virus it's a deadly

287

00:13:07,000 --> 00:13:01,699

virus yes you know but the key thing we

288

00:13:09,009 --> 00:13:07,010

that I think here and around here we see

289

00:13:11,170 --> 00:13:09,019

we hear people who have the flu and most

290

00:13:13,629 --> 00:13:11,180

people are gonna survive this there's

291

00:13:16,030 --> 00:13:13,639

people I probably have seen within the

292

00:13:18,730 --> 00:13:16,040

last 24 hours that probably you'll have

293

00:13:20,230 --> 00:13:18,740

it you know but it's gonna be probably

294

00:13:20,750 --> 00:13:20,240

mild for them and they'll never even go

295

00:13:22,820 --> 00:13:20,760

in the doctor

296

00:13:25,550 --> 00:13:22,830

never even know they had it those are

297

00:13:27,080 --> 00:13:25,560

the vast uncounted numbers which are

298

00:13:33,440 --> 00:13:27,090

going to drive down the mortality rate

299

00:13:34,910 --> 00:13:33,450

of this virus so around here the only

300

00:13:36,620 --> 00:13:34,920

thing I could say that was different

301  
00:13:39,860 --> 00:13:36,630  
is my son was coming home from Rhode

302  
00:13:42,020 --> 00:13:39,870  
Island the other night and he goes by

303  
00:13:43,610 --> 00:13:42,030  
the sub-base yeah and he goes over a

304  
00:13:46,190 --> 00:13:43,620  
bridge which goes over the River Thames

305  
00:13:48,830 --> 00:13:46,200  
which is right in Groton New London

306  
00:13:51,620 --> 00:13:48,840  
Connecticut usually that bridge is

307  
00:13:53,840 --> 00:13:51,630  
packed with cars and as he was coming

308  
00:13:56,420 --> 00:13:53,850  
home at 7 o'clock at night there wasn't

309  
00:13:57,860 --> 00:13:56,430  
a single car in sight ahead or behind

310  
00:14:00,320 --> 00:13:57,870  
him and he was the only one on the

311  
00:14:02,060 --> 00:14:00,330  
bridge actually thought the highway was

312  
00:14:05,150 --> 00:14:02,070  
closed and he thought oh am I in the

313  
00:14:08,630 --> 00:14:05,160

walking dead oh yeah it feels like that

314

00:14:10,100 --> 00:14:08,640

yeah you know but so little things

315

00:14:11,750 --> 00:14:10,110

change you know I had to go to the auto

316

00:14:13,820 --> 00:14:11,760

parts store to get some oil for my truck

317

00:14:16,460 --> 00:14:13,830

tonight and they close at 8:00 I got

318

00:14:17,870 --> 00:14:16,470

there at 7:00 they were closed so we're

319

00:14:22,820 --> 00:14:17,880

shifting their hours you know that kind

320

00:14:25,600 --> 00:14:22,830

of thing I'm I don't I don't think that

321

00:14:28,190 --> 00:14:25,610

there's any major changes other than

322

00:14:30,410 --> 00:14:28,200

ours changing I mean I've gone down the

323

00:14:32,810 --> 00:14:30,420

the main road here in Bristol

324

00:14:34,730 --> 00:14:32,820

Connecticut everyone to Bristol and you

325

00:14:37,910 --> 00:14:34,740

know a TGI Fridays has an empty parking

326

00:14:39,440 --> 00:14:37,920

lot you know take out okay Burger King

327

00:14:41,630 --> 00:14:39,450

empty parking lot but you can do takeout

328

00:14:43,870 --> 00:14:41,640

so everyone's changing the style of how

329

00:14:46,070 --> 00:14:43,880

they're doing business for the moment

330

00:14:49,490 --> 00:14:46,080

but they're all losing money you know

331

00:14:52,280 --> 00:14:49,500

and that's obviously a problem you know

332

00:14:55,880 --> 00:14:52,290

but still as far as I'm concerned

333

00:15:00,730 --> 00:14:55,890

I just haven't seen too much but then

334

00:15:03,640 --> 00:15:02,660

thanks for Mark with Jason what about

335

00:15:06,890 --> 00:15:03,650

yourself

336

00:15:08,930 --> 00:15:06,900

well like Mark I I don't really get out

337

00:15:11,360 --> 00:15:08,940

all that often and a large part of that

338

00:15:13,580 --> 00:15:11,370

is because I'm fortunate to work at home

339

00:15:15,230 --> 00:15:13,590

so I don't have a daily commute like a

340

00:15:16,250 --> 00:15:15,240

lot of people do and that's true mean a

341

00:15:18,080 --> 00:15:16,260

whole lot of people's lives are

342

00:15:20,210 --> 00:15:18,090

different right now without that daily

343

00:15:23,420 --> 00:15:20,220

commute being shut at home biggest

344

00:15:26,390 --> 00:15:23,430

difference for me is my wife is a law

345

00:15:28,760 --> 00:15:26,400

professor and her having to be home and

346

00:15:30,260 --> 00:15:28,770

shifting everything she does and you

347

00:15:32,450 --> 00:15:30,270

know create a curriculum that's online

348

00:15:33,810 --> 00:15:32,460

which you know doesn't really happen for

349

00:15:35,670 --> 00:15:33,820

Law School

350

00:15:37,380 --> 00:15:35,680

trying to figure out how all of that

351  
00:15:39,390 --> 00:15:37,390  
really works and deal with students who

352  
00:15:43,020 --> 00:15:39,400  
are juggling and trying to figure out

353  
00:15:45,330 --> 00:15:43,030  
all of this new process as well it's

354  
00:15:47,160 --> 00:15:45,340  
it's stressful and I feel her stress and

355  
00:15:48,830 --> 00:15:47,170  
I understand the student stress and it's

356  
00:15:52,380 --> 00:15:48,840  
it's just weird and it's also weird

357  
00:15:54,240 --> 00:15:52,390  
getting used to having my wife work at

358  
00:15:56,160 --> 00:15:54,250  
home with me mhm we work in different

359  
00:15:58,200 --> 00:15:56,170  
places but you know and we've got

360  
00:16:00,540 --> 00:15:58,210  
fortunate we have good internet but you

361  
00:16:02,160 --> 00:16:00,550  
know we do try to check each other's

362  
00:16:04,350 --> 00:16:02,170  
schedules and find out you know make

363  
00:16:06,120 --> 00:16:04,360

sure I'm not doing a web conference when

364

00:16:10,020 --> 00:16:06,130

she's teaching a class and things like

365

00:16:11,850 --> 00:16:10,030

that so that's been interesting you know

366

00:16:13,860 --> 00:16:11,860

that the public panic is the most

367

00:16:16,140 --> 00:16:13,870

interesting and kind of scary thing to

368

00:16:19,200 --> 00:16:16,150

watch and you know that's where I notice

369

00:16:20,790 --> 00:16:19,210

it most when I go out you know and the

370

00:16:23,490 --> 00:16:20,800

only time I do go out is to go to the

371

00:16:25,710 --> 00:16:23,500

grocery store so I order as much online

372

00:16:28,290 --> 00:16:25,720

that I can but what you can get online

373

00:16:29,700 --> 00:16:28,300

is very limited right now so I do have

374

00:16:31,110 --> 00:16:29,710

to go out to the grocery store and you

375

00:16:32,520 --> 00:16:31,120

see the grocery stores that are

376

00:16:35,010 --> 00:16:32,530

completely picked over and you see

377

00:16:36,570 --> 00:16:35,020

people every week it's getting

378

00:16:38,970 --> 00:16:36,580

progressively and progressively worse

379

00:16:40,800 --> 00:16:38,980

with with the feeders and people taking

380

00:16:42,570 --> 00:16:40,810

precautions which is good I mean you see

381

00:16:45,300 --> 00:16:42,580

people now at the supermarket with

382

00:16:49,080 --> 00:16:45,310

gloves on with masks on mm-hmm just like

383

00:16:51,600 --> 00:16:49,090

over the top and here in Phoenix we have

384

00:16:53,520 --> 00:16:51,610

one of our major grocery stores it's the

385

00:16:55,920 --> 00:16:53,530

the Kroger grocery store here called

386

00:16:57,960 --> 00:16:55,930

fries they all the Kroger chains have

387

00:16:59,940 --> 00:16:57,970

implemented like these sneeze guards

388

00:17:02,040 --> 00:16:59,950

basically these big plastic shields in

389

00:17:04,980 --> 00:17:02,050

front of the cashiers yeah so they've

390

00:17:06,840 --> 00:17:04,990

done that they put signs on the floor to

391

00:17:08,579 --> 00:17:06,850

demonstrate how far apart you should

392

00:17:12,150 --> 00:17:08,589

stand from the person in front of you in

393

00:17:13,710 --> 00:17:12,160

line at checkout yeah I bring my own my

394

00:17:15,480 --> 00:17:13,720

own bags to the grocery stores and my

395

00:17:16,199 --> 00:17:15,490

bags up there and because I brought my

396

00:17:17,970 --> 00:17:16,209

own bags

397

00:17:19,380 --> 00:17:17,980

they made me bag my own groceries

398

00:17:23,610 --> 00:17:19,390

because they didn't want to touch my

399

00:17:24,900 --> 00:17:23,620

bags that I brought from home so you

400

00:17:26,939 --> 00:17:24,910

know a lot of these little little

401  
00:17:28,980 --> 00:17:26,949  
changes that's that's where I notice it

402  
00:17:33,270 --> 00:17:28,990  
the most but you know for the most part

403  
00:17:36,560 --> 00:17:33,280  
I live at home so don't really notice it

404  
00:17:40,320 --> 00:17:36,570  
all that much in my daily life yeah it's

405  
00:17:44,160 --> 00:17:40,330  
we wear our mess let me go to the

406  
00:17:46,770 --> 00:17:44,170  
grocery store but it's interesting how

407  
00:17:47,490 --> 00:17:46,780  
each establishment is handling it

408  
00:17:51,830 --> 00:17:47,500  
differently

409  
00:17:55,380 --> 00:17:51,840  
so we went to the store recently and the

410  
00:17:56,340 --> 00:17:55,390  
there was no splash guard no for the for

411  
00:17:56,850 --> 00:17:56,350  
the cashiers I think it's a brilliant

412  
00:17:58,440 --> 00:17:56,860  
idea

413  
00:17:59,670 --> 00:17:58,450

I mean they really shouldn't do that

414

00:18:01,850 --> 00:17:59,680

because that's that's what it is it's

415

00:18:04,740 --> 00:18:01,860

you're it's like the littlest particles

416

00:18:06,390 --> 00:18:04,750

droplets that that pass between us I

417

00:18:09,660 --> 00:18:06,400

think that that's smart but if you don't

418

00:18:11,730 --> 00:18:09,670

have that get them a mask I get get your

419

00:18:13,290 --> 00:18:11,740

employees something to protect them

420

00:18:16,950 --> 00:18:13,300

there's a small grocery store nearest

421

00:18:18,510 --> 00:18:16,960

they did that weeks ago and this other

422

00:18:20,490 --> 00:18:18,520

place it's like we're we're two feet

423

00:18:22,740 --> 00:18:20,500

away from this person do you know it and

424

00:18:24,600 --> 00:18:22,750

it's really I think I think employers

425

00:18:26,160 --> 00:18:24,610

really need to do a better job not all

426

00:18:27,870 --> 00:18:26,170

but some employers really need to do a

427

00:18:29,970 --> 00:18:27,880

better job if you're gonna ask your

428

00:18:32,160 --> 00:18:29,980

employees to come into work then then

429

00:18:33,900 --> 00:18:32,170

you better do right by them yeah

430

00:18:36,750 --> 00:18:33,910

absolutely but a big challenge right now

431

00:18:37,920 --> 00:18:36,760

is you know the label I can write I mean

432

00:18:39,600 --> 00:18:37,930

they can't you don't get the stuff they

433

00:18:40,830 --> 00:18:39,610

need for their employees and I know the

434

00:18:43,380 --> 00:18:40,840

grocery stores they try to do a good job

435

00:18:44,970 --> 00:18:43,390

with you know taking extra measures to

436

00:18:46,710 --> 00:18:44,980

make sure things are clean and I know at

437

00:18:49,380 --> 00:18:46,720

the start of all of this my grocery

438

00:18:50,820 --> 00:18:49,390

store certainly had a lot of wipes as

439

00:18:52,410 --> 00:18:50,830

you walked in so you can wipe your cart

440

00:18:54,540 --> 00:18:52,420

down and whatever else you're gonna

441

00:18:57,690 --> 00:18:54,550

touch those don't exist anymore because

442

00:19:00,090 --> 00:18:57,700

they can't even get wipes so yeah Trader

443

00:19:02,190 --> 00:19:00,100

Joe's same thing I mean for because I

444

00:19:03,900 --> 00:19:02,200

would think about a week they had like

445

00:19:05,760 --> 00:19:03,910

wipes the so you can wipe down your cart

446

00:19:07,920 --> 00:19:05,770

and then they were gone and that was it

447

00:19:09,480 --> 00:19:07,930

there's nothing left to stock but I do

448

00:19:12,390 --> 00:19:09,490

know that in New York I think I was

449

00:19:14,130 --> 00:19:12,400

yesterday or this morning I heard there

450

00:19:16,020 --> 00:19:14,140

was a man who apparently had bought

451  
00:19:19,380 --> 00:19:16,030  
fifty eighty five thousand

452  
00:19:22,200 --> 00:19:19,390  
masks and he was hoarding them and the

453  
00:19:24,120 --> 00:19:22,210  
FBI FBI is investigating you know who

454  
00:19:26,370 --> 00:19:24,130  
purchased however many masks over many

455  
00:19:28,680 --> 00:19:26,380  
months or weeks ago so they busted on

456  
00:19:32,490 --> 00:19:28,690  
his doors like that you're caught buddy

457  
00:19:35,310 --> 00:19:32,500  
and that I know that's not everyone and

458  
00:19:36,900 --> 00:19:35,320  
it doesn't happen a lot but those 85,000

459  
00:19:40,140 --> 00:19:36,910  
masks can really help out a lot of

460  
00:19:42,480 --> 00:19:40,150  
people like got a mask yeah but then you

461  
00:19:44,850 --> 00:19:42,490  
have you have great stories of

462  
00:19:47,250 --> 00:19:44,860  
volunteers sewing handmade masks it's

463  
00:19:49,980 --> 00:19:47,260

better than nothing yeah so I mean I

464

00:19:52,020 --> 00:19:49,990

hope grocery stores or places that are

465

00:19:53,790 --> 00:19:52,030

essential at least come up with some

466

00:19:55,380 --> 00:19:53,800

creative ideas like a splash guard or

467

00:19:58,919 --> 00:19:55,390

something like that but I think most

468

00:20:01,020 --> 00:19:58,929

stores are they have the lines in the on

469

00:20:02,310 --> 00:20:01,030

the ground with tape six feet apart

470

00:20:04,890 --> 00:20:02,320

I think that that's that's pretty

471

00:20:06,990 --> 00:20:04,900

standard everywhere and Mark I do want

472

00:20:18,890 --> 00:20:07,000

to say you do look like you are

473

00:20:24,200 --> 00:20:18,900

broadcasting from a submarine I do have

474

00:20:31,740 --> 00:20:28,200

my my actual door to come into this

475

00:20:34,140 --> 00:20:31,750

office is actually a hatch if you can

476

00:20:36,090 --> 00:20:34,150

see that's got a wheel is so cool very

477

00:20:39,840 --> 00:20:36,100

cool if I got to work here it's gotta be

478

00:20:41,760 --> 00:20:39,850

cool right Wow well you know I do a lot

479

00:20:45,210 --> 00:20:41,770

of work for the Navy right so I figured

480

00:20:47,730 --> 00:20:45,220

you know and the heads and not to steal

481

00:20:50,100 --> 00:20:47,740

the topic here but it has backfired on

482

00:20:53,280 --> 00:20:50,110

me because what happens is I will do a

483

00:20:55,500 --> 00:20:53,290

job and then the guys down in Groton

484

00:20:57,120 --> 00:20:55,510

will fight to see who's gonna come pick

485

00:21:00,300 --> 00:20:57,130

it up sorry and the seasick but I'm in

486

00:21:01,650 --> 00:21:00,310

the middle of a storm here you see and

487

00:21:02,910 --> 00:21:01,660

they'll fight to come here to pick it up

488

00:21:05,880 --> 00:21:02,920

because I like to come into the office

489

00:21:07,560 --> 00:21:05,890

and see all this you know but um again I

490

00:21:14,640 --> 00:21:07,570

have its visual effects right I mean do

491

00:21:16,470 --> 00:21:14,650

visual effects so mmm anyway something

492

00:21:19,380 --> 00:21:16,480

about those splash guards I went to the

493

00:21:24,750 --> 00:21:19,390

IgA the local supermarket here our small

494

00:21:27,750 --> 00:21:24,760

chain I go to the cash register baked

495

00:21:32,190 --> 00:21:27,760

plexiglass shield to the left of the

496

00:21:33,330 --> 00:21:32,200

credit card machine okay so if you stand

497

00:21:35,550 --> 00:21:33,340

to the left of the credit card machine

498

00:21:37,770 --> 00:21:35,560

the person that they're you know that

499

00:21:41,880 --> 00:21:37,780

the register is fine but when you go to

500

00:21:44,250 --> 00:21:41,890

put your credit card in okay it's a

501  
00:21:45,360 --> 00:21:44,260  
clear shot you know because there's no

502  
00:21:47,220 --> 00:21:45,370  
glass there I said why didn't they just

503  
00:21:49,320 --> 00:21:47,230  
extend the glass and cut a hole for

504  
00:21:51,450 --> 00:21:49,330  
people can reach into the - plus the

505  
00:21:53,460 --> 00:21:51,460  
credit card machine and that the

506  
00:21:57,330 --> 00:21:53,470  
employees they're all set in unison I

507  
00:22:00,450 --> 00:21:57,340  
know right I was thinking the same thing

508  
00:22:03,150 --> 00:22:00,460  
my little sneeze guard it at my grocery

509  
00:22:04,950 --> 00:22:03,160  
store same thing yes only in front of

510  
00:22:06,480 --> 00:22:04,960  
the cashier when you step over to put

511  
00:22:06,840 --> 00:22:06,490  
your credit card in there's nothing

512  
00:22:08,670 --> 00:22:06,850  
there

513  
00:22:11,490 --> 00:22:08,680

hmm that's right and and the other thing

514

00:22:13,230 --> 00:22:11,500

too is what about us touching the credit

515

00:22:18,180 --> 00:22:13,240

card keys

516

00:22:20,550 --> 00:22:18,190

so I go like this you know flame-broiled

517

00:22:23,250 --> 00:22:20,560

my hand but what did they actually did

518

00:22:25,800 --> 00:22:23,260

was I actually took the advice I can't

519

00:22:27,930 --> 00:22:25,810

I'm thinking sure this this is a little

520

00:22:31,500 --> 00:22:27,940

squeeze bottle I don't want to spill it

521

00:22:34,290 --> 00:22:31,510

and this is actually homemade sanitizer

522

00:22:38,160 --> 00:22:34,300

I got from CVS I bought 100% or 99%

523

00:22:40,920 --> 00:22:38,170

isopropyl alcohol nice Oliver or gel

524

00:22:43,320 --> 00:22:40,930

which I already had and then some

525

00:22:45,540 --> 00:22:43,330

essential oils lemon drops which I had

526

00:22:48,090 --> 00:22:45,550

and I said hey I can actually make my

527

00:22:51,240 --> 00:22:48,100

own and the stuff I have is far more

528

00:22:54,240 --> 00:22:51,250

potent than the stuff I bought so now I

529

00:22:55,560 --> 00:22:54,250

can make my own for as long as I want to

530

00:22:58,170 --> 00:22:55,570

and I think I'll be doing that for some

531

00:22:59,760 --> 00:22:58,180

time to come because I know it's it

532

00:23:07,260 --> 00:22:59,770

smells nice smell like lemons

533

00:23:09,510 --> 00:23:07,270

I'm lemony fresh so it's well I'm we're

534

00:23:10,950 --> 00:23:09,520

gonna have to go to the break here guys

535

00:23:12,900 --> 00:23:10,960

so when we come back on the other side

536

00:23:14,970 --> 00:23:12,910

we can still talk about our situation

537

00:23:17,250 --> 00:23:14,980

here as it is but of course we have to

538

00:23:19,140 --> 00:23:17,260

get into ufology and the paranormal I've

539

00:23:21,060 --> 00:23:19,150

got a great crew here tonight so we have

540

00:23:23,940 --> 00:23:21,070

to touch on a multitude of subjects some

541

00:23:27,510 --> 00:23:23,950

of which we had discussed briefly before

542

00:23:29,640 --> 00:23:27,520

and before we go to break I just want to

543

00:23:31,010 --> 00:23:29,650

read this for everyone listening from

544

00:23:33,930 --> 00:23:31,020

[nbcnews.com](http://nbcnews.com)

545

00:23:35,820 --> 00:23:33,940

new information from the IRS on Monday

546

00:23:37,350 --> 00:23:35,830

shines more light on what people can do

547

00:23:39,720 --> 00:23:37,360

to get the checks from the government as

548

00:23:41,250 --> 00:23:39,730

quickly as possible while many families

549

00:23:44,190 --> 00:23:41,260

worry about paying the bills and buying

550

00:23:45,990 --> 00:23:44,200

food during the coronavirus crisis for

551  
00:23:48,270 --> 00:23:46,000  
Americans eligible for stimulus cash

552  
00:23:50,340 --> 00:23:48,280  
under the new relief law the fastest way

553  
00:23:55,050 --> 00:23:50,350  
to receive it is to make sure they've

554  
00:23:56,640 --> 00:23:55,060  
filed a tax return for 2019 or 2018 with

555  
00:24:00,150 --> 00:23:56,650  
bank information so that the government

556  
00:24:02,580 --> 00:24:00,160  
can directly deposit the money the IRS

557  
00:24:04,440 --> 00:24:02,590  
says it will use a person's 2019 return

558  
00:24:05,790 --> 00:24:04,450  
to calculate eligibility and

559  
00:24:08,130 --> 00:24:05,800  
automatically send the money to those

560  
00:24:11,430 --> 00:24:08,140  
who qualify if they haven't filed a 2019

561  
00:24:13,650 --> 00:24:11,440  
return it'll be based on the 2018 return

562  
00:24:17,250 --> 00:24:13,660  
so just keep that in mind and my

563  
00:24:20,820 --> 00:24:17,260

understanding is that the twelve hundred

564

00:24:23,640 --> 00:24:20,830

dollar check that would go to each adult

565

00:24:27,100 --> 00:24:23,650

individual is if you make individually

566

00:24:30,370 --> 00:24:27,110

75 thousand or less per

567

00:24:32,889 --> 00:24:30,380

if you're a married couple filed jointly

568

00:24:36,070 --> 00:24:32,899

in your tax statement then if you're

569

00:24:40,090 --> 00:24:36,080

under \$150,000 whether one of you makes

570

00:24:41,680 --> 00:24:40,100

more than 170 more than 75 it doesn't

571

00:24:44,740 --> 00:24:41,690

matter if your total between the two of

572

00:24:47,769 --> 00:24:44,750

you is 150 or less you will get the

573

00:24:49,450 --> 00:24:47,779

stimulus check for 1,200 each beyond

574

00:24:50,889 --> 00:24:49,460

that there's so much more to come I'm

575

00:24:52,779 --> 00:24:50,899

sure another Stimulus package is coming

576

00:24:54,399 --> 00:24:52,789

so anyway keep that in mind positive

577

00:25:05,039 --> 00:24:54,409

news to come Allenby Smith for kg are a

578

00:25:05,049 --> 00:25:42,280

you

579

00:25:46,659 --> 00:25:44,200

welcome back to paranormal now this is

580

00:25:50,560 --> 00:25:46,669

Ellen B Smith your most grateful host on

581

583

00:26:02,830 --> 00:25:59,960

to call 85kg are a live 85kg are a live

584

00:26:04,720 --> 00:26:02,840

so you can sound off ask your guests our

585

00:26:06,340 --> 00:26:04,730

gas your questions and share your

586

00:26:09,220 --> 00:26:06,350

thoughts on everything we talk about

587

00:26:13,630 --> 00:26:09,230

tonight and the Cova decks perience for

588

00:26:15,760 --> 00:26:13,640

you so there are a number of subjects

589

00:26:18,610 --> 00:26:15,770

that I think that I'd like to talk about

590

00:26:19,930 --> 00:26:18,620

tonight so I will start off with one

591

00:26:24,850 --> 00:26:19,940

that is probably the most controversial

592

00:26:28,180 --> 00:26:24,860

and that is David Wilcock video recently

593

00:26:32,020 --> 00:26:28,190

that he posted on YouTube and I can see

594

00:26:37,870 --> 00:26:32,030

mark cringing right now as we move into

595

00:26:41,950 --> 00:26:37,880

it the only one and it is a it's a

596

00:26:47,620 --> 00:26:41,960

straight-up conspiracy theory however I

597

00:26:49,720 --> 00:26:47,630

will say this that when the coronavirus

598

00:26:51,430 --> 00:26:49,730

first released or anytime I hear about

599

00:26:53,590 --> 00:26:51,440

some virus that goes wild

600

00:26:56,950 --> 00:26:53,600

I think there's absolutely nothing wrong

601  
00:26:59,560 --> 00:26:56,960  
with just wondering like hey maybe maybe

602  
00:27:02,169 --> 00:26:59,570  
that was something that should not have

603  
00:27:07,600 --> 00:27:02,179  
been let out of a lab I get that you

604  
00:27:12,190 --> 00:27:07,610  
know that's I think a fair a fair line

605  
00:27:14,530 --> 00:27:12,200  
of inquiry but you've got to really back

606  
00:27:20,110 --> 00:27:14,540  
that up if you're going to make

607  
00:27:21,789 --> 00:27:20,120  
assertions that it is fact so well you

608  
00:27:25,240 --> 00:27:21,799  
know I'll just let you go ahead mark and

609  
00:27:32,409 --> 00:27:25,250  
and share what you have to say on his

610  
00:27:35,320 --> 00:27:32,419  
idea that this is a calling virus well

611  
00:27:38,200 --> 00:27:35,330  
any virus is a culling virus by

612  
00:27:42,909 --> 00:27:38,210  
definition sure if people die they're

613  
00:27:46,240 --> 00:27:42,919

called okay so you know so he's always

614

00:27:49,900 --> 00:27:46,250

right about that you know and guys like

615

00:27:52,110 --> 00:27:49,910

this always say things such that they

616

00:27:55,419 --> 00:27:52,120

have an excuse if it doesn't come true

617

00:27:56,440 --> 00:27:55,429

you know like the Oracles of old you

618

00:27:58,600 --> 00:27:56,450

know they say

619

00:28:00,520 --> 00:27:58,610

certain language so they can be excused

620

00:28:02,800 --> 00:28:00,530

if they're not quite accurate which

621

00:28:05,110 --> 00:28:02,810

usually he's not

622

00:28:08,710 --> 00:28:05,120

he also said there'll be three days of

623

00:28:11,440 --> 00:28:08,720

darkness - did you get that which no

624

00:28:16,900 --> 00:28:11,450

phones right yeah I'm sorry we got Skype

625

00:28:22,270 --> 00:28:16,910

right now this is the internet oh and

626

00:28:27,160 --> 00:28:22,280

there's gonna be mass arrests what of

627

00:28:30,370 --> 00:28:27,170

who why no I mean any base that on the

628

00:28:32,200 --> 00:28:30,380

fact that 30,000 US troops have

629

00:28:35,230 --> 00:28:32,210

apparently been mobilized to Italy

630

00:28:37,330 --> 00:28:35,240

mm-hmm no no that can't be for yeah it

631

00:28:40,210 --> 00:28:37,340

can't possibly be for humanitarian aid

632

00:28:43,960 --> 00:28:40,220

can it gee what would make you think

633

00:28:46,780 --> 00:28:43,970

that you know I just I just have a

634

00:28:50,560 --> 00:28:46,790

problem with with Corey Goode and David

635

00:28:53,380 --> 00:28:50,570

Wilcock Perpetual fabricators in my view

636

00:28:55,870 --> 00:28:53,390

and I'm public about that I've asked him

637

00:28:58,480 --> 00:28:55,880

a million times give me proof show me

638

00:29:01,090 --> 00:28:58,490

proof and they just choose to say look

639

00:29:03,670 --> 00:29:01,100

over here you know and they they play

640

00:29:05,470 --> 00:29:03,680

the old misdirection game and you know

641

00:29:08,730 --> 00:29:05,480

and then they always like to say things

642

00:29:11,170 --> 00:29:08,740

like well prove that it's not true

643

00:29:14,740 --> 00:29:11,180

that's the proving a negative thing it's

644

00:29:17,350 --> 00:29:14,750

like no prove that it is true that the

645

00:29:19,840 --> 00:29:17,360

burdens on you and they just never seem

646

00:29:22,540 --> 00:29:19,850

to take the challenge and in this latest

647

00:29:26,020 --> 00:29:22,550

thing same thing he's just struggling to

648

00:29:29,980 --> 00:29:26,030

be relevant in my view Carol what do you

649

00:29:32,980 --> 00:29:29,990

think I totally concur it's it's this

650

00:29:35,620 --> 00:29:32,990

leap it's a it's a kind of I don't know

651  
00:29:39,160 --> 00:29:35,630  
if it's the look-at-me generation that

652  
00:29:41,710 --> 00:29:39,170  
he is they are playing - but it's sort

653  
00:29:43,090 --> 00:29:41,720  
of you know and I just the words fear

654  
00:29:45,280 --> 00:29:43,100  
porn come to me

655  
00:29:49,600 --> 00:29:45,290  
it isn't just mainstream media that's

656  
00:29:52,030 --> 00:29:49,610  
doing this generating this it's uh it's

657  
00:29:55,060 --> 00:29:52,040  
sort of like ah here's how I can segue

658  
00:29:57,910 --> 00:29:55,070  
my particular topic into what is now

659  
00:30:00,280 --> 00:29:57,920  
currently relevant but it's not relevant

660  
00:30:04,060 --> 00:30:00,290  
it's um it's manufactured it's it's

661  
00:30:06,100 --> 00:30:04,070  
manipulated like solar warden yeah there

662  
00:30:07,540 --> 00:30:06,110  
there you go the whole solar warden

663  
00:30:09,910 --> 00:30:07,550

thing I just hadn't went through a whole

664

00:30:11,200 --> 00:30:09,920

conversation about that on line two

665

00:30:13,360 --> 00:30:11,210

sorry keeping my hand in front of the

666

00:30:17,770 --> 00:30:13,370

camera but put it there instead of over

667

00:30:20,730 --> 00:30:17,780

there there we go but the so again and

668

00:30:24,070 --> 00:30:20,740

that's Cory good sounding off with his

669

00:30:26,080 --> 00:30:24,080

fantasies so but but that's it you know

670

00:30:29,080 --> 00:30:26,090

Ill I shouldn't say any more because

671

00:30:31,120 --> 00:30:29,090

then I I'll probably get really bad but

672

00:30:34,120 --> 00:30:31,130

I try to be professional about it but

673

00:30:37,540 --> 00:30:34,130

when people like that show such a lack

674

00:30:40,600 --> 00:30:37,550

of profession ality mm-hmm and they leap

675

00:30:43,390 --> 00:30:40,610

to conclusions and I don't know you know

676

00:30:46,450 --> 00:30:43,400

what you guys think okay

677

00:30:50,140 --> 00:30:46,460

you know these two guys in the corner

678

00:30:51,970 --> 00:30:50,150

down here I'm like I don't know what

679

00:30:53,770 --> 00:30:51,980

they think but I'm like to hear what

680

00:30:56,050 --> 00:30:53,780

they think about it - yeah Jason um

681

00:30:59,590 --> 00:30:56,060

what's what's your feeling on this

682

00:31:05,020 --> 00:30:59,600

particular comment area of David's and

683

00:31:11,740 --> 00:31:05,030

just the idea of you know making

684

00:31:15,370 --> 00:31:11,750

assumptions about dangerous things well

685

00:31:19,990 --> 00:31:15,380

as you stated in introducing this topic

686

00:31:22,090 --> 00:31:20,000

you know things need to be based on fact

687

00:31:23,890 --> 00:31:22,100

you need to be able to have facts to

688

00:31:25,600 --> 00:31:23,900

cite to when you're making grand claims

689

00:31:29,230 --> 00:31:25,610

when you're making any claims but

690

00:31:32,950 --> 00:31:29,240

especially grand claims and David has

691

00:31:35,500 --> 00:31:32,960

never been one to deal in facts and I

692

00:31:37,060 --> 00:31:35,510

wouldn't expect him to start now and I

693

00:31:39,430 --> 00:31:37,070

don't think he has any interest in in

694

00:31:41,200 --> 00:31:39,440

going down that road because he never

695

00:31:43,540 --> 00:31:41,210

has and doesn't need to he's got his

696

00:31:46,240 --> 00:31:43,550

audience he's catering to who he wants

697

00:31:48,010 --> 00:31:46,250

to cater to and it serves him well and

698

00:31:49,660 --> 00:31:48,020

because of that because of his track

699

00:31:52,630 --> 00:31:49,670

record I don't take anything he says

700

00:31:55,450 --> 00:31:52,640

seriously yes you know it's certainly

701  
00:31:57,970 --> 00:31:55,460  
possible that some of the crazy things

702  
00:32:01,270 --> 00:31:57,980  
he's saying might have some truth behind

703  
00:32:03,130 --> 00:32:01,280  
them but number one I don't pay

704  
00:32:04,990 --> 00:32:03,140  
attention to it because he lost all of

705  
00:32:08,740 --> 00:32:05,000  
his credibility a long time ago if he

706  
00:32:11,320 --> 00:32:08,750  
even ever had credibility I just it

707  
00:32:13,930 --> 00:32:11,330  
doesn't doesn't serve me well to to

708  
00:32:17,220 --> 00:32:13,940  
entertain anything he says if he wants

709  
00:32:20,500 --> 00:32:17,230  
to bring some proof maybe I'll consider

710  
00:32:22,570 --> 00:32:20,510  
consider a little bit to look into what

711  
00:32:23,379 --> 00:32:22,580  
he's saying but from what he's

712  
00:32:25,899 --> 00:32:23,389  
demonstrated

713  
00:32:27,789 --> 00:32:25,909

no reason for me to waste my time to to

714

00:32:28,959 --> 00:32:27,799

even entertain anything that comes out

715

00:32:31,149 --> 00:32:28,969

of his mouth he's somebody who loves

716

00:32:33,249 --> 00:32:31,159

attention people will give him attention

717

00:32:34,629 --> 00:32:33,259

and he's going to continue that I mean I

718

00:32:35,799 --> 00:32:34,639

don't know what year this was mark and I

719

00:32:39,190 --> 00:32:35,809

don't remember if you were there but

720

00:32:42,069 --> 00:32:39,200

this was probably 2009 was the first

721

00:32:43,419 --> 00:32:42,079

time I met him and saw him at a

722

00:32:46,989 --> 00:32:43,429

conference it was the International UFO

723

00:32:49,269 --> 00:32:46,999

Congress in Laughlin and half of his

724

00:32:52,389 --> 00:32:49,279

presentation was spent forcing people to

725

00:32:54,789 --> 00:32:52,399

listen to him play the flute right there

726

00:32:57,669 --> 00:32:54,799

told me how much he needed people to

727

00:32:59,709 --> 00:32:57,679

give him attention okay I can't tell you

728

00:33:03,339 --> 00:32:59,719

how many times I've been tempted to play

729

00:33:10,239 --> 00:33:03,349

my ukulele on the air but I don't need

730

00:33:11,799 --> 00:33:10,249

to do that to you guys it's ya know I

731

00:33:13,779 --> 00:33:11,809

joke around that that's that's for this

732

00:33:15,639 --> 00:33:13,789

mic my own little hobby I don't need to

733

00:33:17,680 --> 00:33:15,649

like do that for other people you know

734

00:33:22,029 --> 00:33:17,690

it's just for me I'm bad at it but I

735

00:33:23,949 --> 00:33:22,039

enjoy it you know you but I gaily Alan

736

00:33:31,329 --> 00:33:23,959

and I'll play the didgeridoo and we'll

737

00:33:34,479 --> 00:33:31,339

do a duo house when I play did reduce I

738

00:33:37,930 --> 00:33:34,489

don't know how to make them anyway this

739

00:33:41,229 --> 00:33:37,940

is me Ryan what do you think I mean and

740

00:33:44,229 --> 00:33:41,239

also what do after Ryan makes this

741

00:33:47,399 --> 00:33:44,239

comment what do we all think about just

742

00:33:54,669 --> 00:33:47,409

any sort of conspiracy theory in general

743

00:34:00,669 --> 00:33:54,679

that deal deals with life affecting side

744

00:34:04,479 --> 00:34:00,679

effects implications yeah so we all are

745

00:34:07,359 --> 00:34:04,489

in a quote-unquote filled with anonymous

746

00:34:11,379 --> 00:34:07,369

sources on substantiate claims I think

747

00:34:15,249 --> 00:34:11,389

at times but I did watch a good portion

748

00:34:17,470 --> 00:34:15,259

of the the video because I actually i

749

00:34:20,379 --> 00:34:17,480

I've never I was not that familiar with

750

00:34:23,980 --> 00:34:20,389

his work yes I know the name Corey good

751

00:34:25,690 --> 00:34:23,990

I know that they worked together with

752

00:34:29,669 --> 00:34:25,700

the blue chicken aliens and what have

753

00:34:30,879 --> 00:34:29,679

you but um sorry I have you I had I

754

00:34:32,379 --> 00:34:30,889

noticed

755

00:34:35,230 --> 00:34:32,389

I'm looking at the video right now it's

756

00:34:36,879 --> 00:34:35,240

got about 10,000 views on YouTube which

757

00:34:42,459 --> 00:34:36,889

is a lot for having just

758

00:34:45,639 --> 00:34:42,469

this morning but like Mark said there

759

00:34:46,959 --> 00:34:45,649

was a PowerPoint presentation throughout

760

00:34:48,719 --> 00:34:46,969

the whole thing it was almost three and

761

00:34:51,930 --> 00:34:48,729

a half hours long first of all yeah

762

00:34:54,699 --> 00:34:51,940

three and a half hours of saying nothing

763

00:34:58,630 --> 00:34:54,709

absolutely nothing with the last 10

764

00:35:01,299 --> 00:34:58,640

minutes been promoting his his workshops

765

00:35:05,019 --> 00:35:01,309

in his videos and his wife's workshops

766

00:35:08,229 --> 00:35:05,029

this that watching him talk for that

767

00:35:10,989 --> 00:35:08,239

long it's so clear what his motives are

768

00:35:14,079 --> 00:35:10,999

what his agenda is and people like him

769

00:35:18,670 --> 00:35:14,089

you look at the entire Q movement as

770

00:35:23,259 --> 00:35:18,680

well I know some people buy into it some

771

00:35:25,690 --> 00:35:23,269

don't personally I do not but that's

772

00:35:28,599 --> 00:35:25,700

that's me personally uh but there are

773

00:35:31,900 --> 00:35:28,609

these theories that can be when spoken

774

00:35:32,529 --> 00:35:31,910

on a platform like he has that can be

775

00:35:35,849 --> 00:35:32,539

dangerous

776

00:35:39,660 --> 00:35:35,859

I mean there are conspiracy theorist

777

00:35:43,150 --> 00:35:39,670

youtubers and podcasters who are

778

00:35:45,039 --> 00:35:43,160

demonetized or D platformed daily

779

00:35:47,829 --> 00:35:45,049

because it's dangerous what they're

780

00:35:50,289 --> 00:35:47,839

doing so when it came to this and

781

00:35:52,390 --> 00:35:50,299

telling the world that the Internet's

782

00:35:54,999 --> 00:35:52,400

gonna shut down all the phone lines are

783

00:35:57,880 --> 00:35:55,009

going down mass arrests are gonna occur

784

00:35:59,920 --> 00:35:57,890

this can send people into a panic and

785

00:36:01,660 --> 00:35:59,930

you have no idea how they're gonna react

786

00:36:05,199 --> 00:36:01,670

look at how we're reacting when the

787

00:36:07,449 --> 00:36:05,209

world thought coronavirus was gonna you

788

00:36:10,930 --> 00:36:07,459

needed a billion rolls of toilet paper

789

00:36:12,969 --> 00:36:10,940

to survive this thing well that's

790

00:36:17,709 --> 00:36:12,979

because toilet paper doesn't get corona

791

00:36:27,729 --> 00:36:17,719

don't you get it are you drinking a

792

00:36:31,120 --> 00:36:27,739

Corona but I would I won't ramble on I

793

00:36:33,779 --> 00:36:31,130

watched the entire thing I took it for a

794

00:36:37,920 --> 00:36:33,789

grayness so with a grain of salt and I

795

00:36:40,359 --> 00:36:37,930

don't believe a single word

796

00:36:42,880 --> 00:36:40,369

if the internet shut down I'd be pretty

797

00:36:43,870 --> 00:36:42,890

scary I mean what else would we do in

798

00:36:46,719 --> 00:36:43,880

the 21st century

799

00:36:49,470 --> 00:36:46,729

I guess read a book talk to that person

800

00:36:53,099 --> 00:36:49,480

who is next to us

801  
00:36:55,200 --> 00:36:53,109  
yeah so if it happens um egg on my face

802  
00:36:56,520 --> 00:36:55,210  
but I wouldn't get too worried about the

803  
00:36:59,220 --> 00:36:56,530  
internet shutting down you have to think

804  
00:37:01,829 --> 00:36:59,230  
if the entire anyway internet went black

805  
00:37:04,319 --> 00:37:01,839  
I mean hospitals use the Internet on a

806  
00:37:06,120 --> 00:37:04,329  
daily basis doctors law enforcement the

807  
00:37:08,760 --> 00:37:06,130  
military they're not gonna shut the

808  
00:37:10,740 --> 00:37:08,770  
internet off well do whatever says he's

809  
00:37:12,270 --> 00:37:10,750  
gonna do who's they

810  
00:37:16,260 --> 00:37:12,280  
they're shut the internet off keep that

811  
00:37:20,640 --> 00:37:16,270  
in mind you can't there's no switch

812  
00:37:22,680 --> 00:37:20,650  
let's show the Internet Frank very good

813  
00:37:29,099 --> 00:37:22,690

point and that's how he left it they are

814

00:37:33,839 --> 00:37:29,109

going to shut off the government runs

815

00:37:36,030 --> 00:37:33,849

the world internet might my feeling

816

00:37:37,800 --> 00:37:36,040

about him and and not to be very

817

00:37:43,010 --> 00:37:37,810

specific but he has a he has a specific

818

00:37:45,540 --> 00:37:43,020

agenda okay his agenda is something that

819

00:37:47,460 --> 00:37:45,550

for all for all those who are listening

820

00:37:50,130 --> 00:37:47,470

to radio I just want you to know that

821

00:38:02,300 --> 00:37:50,140

Mark Dantonio is floating dollar bills

822

00:38:06,809 --> 00:38:02,310

in the screen your mighty dollar okay so

823

00:38:09,599 --> 00:38:06,819

I'll say this well Carol was the one

824

00:38:11,370 --> 00:38:09,609

that linked me to this video in the

825

00:38:14,550 --> 00:38:11,380

first place so and we her and I chatted

826  
00:38:17,220 --> 00:38:14,560  
about this already and you know justjust

827  
00:38:19,800 --> 00:38:17,230  
one of the earlier things he was

828  
00:38:22,890 --> 00:38:19,810  
discussing is the the susceptibility of

829  
00:38:25,170 --> 00:38:22,900  
the male populace to this disease and

830  
00:38:28,349 --> 00:38:25,180  
then that was a red flag bla bla bla bla

831  
00:38:29,220 --> 00:38:28,359  
but Carol and I were saying well and I

832  
00:38:33,950 --> 00:38:29,230  
think Carol I think you were the one

833  
00:38:39,420 --> 00:38:33,960  
that pointed it out that men in China a

834  
00:38:43,800 --> 00:38:39,430  
large majority are heavy smokers and so

835  
00:38:45,059 --> 00:38:43,810  
they're any sort of virus when it adapts

836  
00:38:48,480 --> 00:38:45,069  
or mutates I you know I'm not a

837  
00:38:50,130 --> 00:38:48,490  
scientist but it you know it it um it

838  
00:38:53,280 --> 00:38:50,140

looks for and outlooks but you know it

839

00:38:57,270 --> 00:38:53,290

preys on weakness and so the respiratory

840

00:38:59,370 --> 00:38:57,280

system of men in China maybe that's a

841

00:39:01,140 --> 00:38:59,380

reason you know it doesn't have to be it

842

00:39:02,160 --> 00:39:01,150

doesn't have to be a conspiracy I you

843

00:39:02,609 --> 00:39:02,170

know I don't know I'm just throwing that

844

00:39:05,219 --> 00:39:02,619

out there

845

00:39:07,140 --> 00:39:05,229

but what the point is is that there

846

00:39:10,079 --> 00:39:07,150

might be just some natural explanation

847

00:39:12,809 --> 00:39:10,089

as to why the virus adapted to target or

848

00:39:14,489 --> 00:39:12,819

is more effective at men affecting men's

849

00:39:18,569 --> 00:39:14,499

respiratory system over others I don't

850

00:39:20,880 --> 00:39:18,579

know about Spain and Italy but go ahead

851

00:39:23,370 --> 00:39:20,890

Carol well I just wanted to toss in to

852

00:39:25,109 --> 00:39:23,380

Alan that you know you're not a doctor

853

00:39:27,930 --> 00:39:25,119

but you could play one on TV but the

854

00:39:31,019 --> 00:39:27,940

other thing is we are perhaps talking

855

00:39:34,529 --> 00:39:31,029

about generational nutritional

856

00:39:35,969 --> 00:39:34,539

deficiencies you know not just prenatal

857

00:39:39,479 --> 00:39:35,979

but how many generations back do you

858

00:39:41,789 --> 00:39:39,489

want to go where it's and I'm certainly

859

00:39:44,009 --> 00:39:41,799

not meaning this as anything politically

860

00:39:47,400 --> 00:39:44,019

divisive or that they're not any less

861

00:39:50,039 --> 00:39:47,410

human or deserving of a good life than

862

00:39:53,009 --> 00:39:50,049

we are but but obviously but there there

863

00:39:55,349 --> 00:39:53,019

really might be something in the fact

864

00:39:58,349 --> 00:39:55,359

that what is it what is the term we're

865

00:40:00,479 --> 00:39:58,359

hearing a lot now immunocompromised but

866

00:40:03,239 --> 00:40:00,489

even without a specific disease that

867

00:40:06,209 --> 00:40:03,249

their their immunity just is not what

868

00:40:08,819 --> 00:40:06,219

ours living in relatively you know good

869

00:40:11,849 --> 00:40:08,829

position to Western world is and there's

870

00:40:13,769 --> 00:40:11,859

a comorbidity to it yes unspoken about

871

00:40:17,219 --> 00:40:13,779

which is you know another underlying

872

00:40:19,319 --> 00:40:17,229

thing which actually exacerbates Corona

873

00:40:21,539 --> 00:40:19,329

in their bodies now in terms of the

874

00:40:24,150 --> 00:40:21,549

Italian and the Spanish populations

875

00:40:25,979 --> 00:40:24,160

being hard hit it was a no-brainer for

876

00:40:27,779 --> 00:40:25,989

me I know why they were hard yeah I said

877

00:40:29,160 --> 00:40:27,789

it right in the very beginning and it

878

00:40:31,200 --> 00:40:29,170

turns out it looks like that might be

879

00:40:32,759 --> 00:40:31,210

true but we'll wait for the study

880

00:40:34,049 --> 00:40:32,769

there'll be a sociological study that's

881

00:40:38,120 --> 00:40:34,059

going to confirm this in about three

882

00:40:43,170 --> 00:40:38,130

years I'm sure my name ends in a vowel

883

00:40:45,380 --> 00:40:43,180

okay and so my father was Italian and if

884

00:40:49,200 --> 00:40:45,390

you've ever gone to an Italian gathering

885

00:40:51,410 --> 00:40:49,210

people you don't know men you don't know

886

00:40:54,089 --> 00:40:51,420

you walk up and get mugged okay

887

00:40:56,880 --> 00:40:54,099

Italian culture is very tight-knit and

888

00:40:59,339 --> 00:40:56,890

close it's a touchy feely organ you know

889

00:41:03,329 --> 00:40:59,349

the organist you know organized family

890

00:41:05,670 --> 00:41:03,339

unit and I've gone to Italian gatherings

891

00:41:08,039 --> 00:41:05,680

where my face and shirt were covered

892

00:41:09,779 --> 00:41:08,049

with lipstick from ants you know and I

893

00:41:12,150 --> 00:41:09,789

couldn't wait to get out and wash it off

894

00:41:13,709 --> 00:41:12,160

okay and there's even men that would

895

00:41:15,059 --> 00:41:13,719

give you a kiss on the cheek you know

896

00:41:16,260 --> 00:41:15,069

your uncle give you a kiss on the cheek

897

00:41:18,750 --> 00:41:16,270

or the forehead

898

00:41:21,480 --> 00:41:18,760

especially if you're small and when

899

00:41:24,390 --> 00:41:21,490

you're older you get a hug you never

900

00:41:28,020 --> 00:41:24,400

shake hands you always hug okay there's

901  
00:41:31,170 --> 00:41:28,030  
this one and that means touch here have

902  
00:41:33,840 --> 00:41:31,180  
my virus here have my virus I didn't get

903  
00:41:37,530 --> 00:41:33,850  
your virus yet the bottom line is that

904  
00:41:41,340 --> 00:41:37,540  
there is going to be a cultural aspect

905  
00:41:43,650 --> 00:41:41,350  
to this virus and the other thing that's

906  
00:41:46,740 --> 00:41:43,660  
important is if we look at the virus

907  
00:41:50,250 --> 00:41:46,750  
it's actually related to demographics

908  
00:41:52,050 --> 00:41:50,260  
more than Geographics okay demographic

909  
00:41:54,750 --> 00:41:52,060  
is more important than where it's

910  
00:41:57,150 --> 00:41:54,760  
located if you go to Italy you're not

911  
00:41:59,370 --> 00:41:57,160  
more susceptible to it you know as an

912  
00:42:00,890 --> 00:41:59,380  
American walk going over to Italy other

913  
00:42:04,860 --> 00:42:00,900

than if you're around infected people

914

00:42:08,610 --> 00:42:04,870

then going to Norway okay but the fact

915

00:42:11,490 --> 00:42:08,620

of the matter is you will still run the

916

00:42:13,230 --> 00:42:11,500

risk of catching it but you're you're

917

00:42:15,930 --> 00:42:13,240

not as gregarious as the Italian people

918

00:42:17,910 --> 00:42:15,940

or the Spanish people then you're gonna

919

00:42:21,720 --> 00:42:17,920

be a little bit more conservative anyway

920

00:42:25,350 --> 00:42:21,730

and so there's that there's that piece

921

00:42:28,080 --> 00:42:25,360

of it and in the Italian mortality of

922

00:42:31,830 --> 00:42:28,090

this virus 12% of the people that died

923

00:42:35,460 --> 00:42:31,840

only 12% are under sixty seven years old

924

00:42:37,380 --> 00:42:35,470

all the rest are older there's an older

925

00:42:39,720 --> 00:42:37,390

Italian population I know all of them

926

00:42:43,920 --> 00:42:39,730

I don't every single one of them they're

927

00:42:45,690 --> 00:42:43,930

all grandpa and grandma okay and they're

928

00:42:47,340 --> 00:42:45,700

the kind of the people that say you're

929

00:42:49,980 --> 00:42:47,350

gonna be sick you'll get over here I

930

00:42:51,690 --> 00:42:49,990

take care of you I don't know it doesn't

931

00:42:54,360 --> 00:42:51,700

matter I don't give a no don't worry

932

00:42:56,370 --> 00:42:54,370

about me I take kill you cuz that's how

933

00:42:57,780 --> 00:42:56,380

they are yeah and you're not gonna be

934

00:43:00,200 --> 00:42:57,790

able to stop him or you'll insult them

935

00:43:03,420 --> 00:43:00,210

and if you insult them it's worse I

936

00:43:04,920 --> 00:43:03,430

might get trust me I've had been get

937

00:43:07,500 --> 00:43:04,930

that scuff aquila getting kicked in the

938

00:43:09,810 --> 00:43:07,510

back of it but so many times by you know

939

00:43:11,730 --> 00:43:09,820

ons and uncles that I got mad for just

940

00:43:13,080 --> 00:43:11,740

because I rejected their kisses and one

941

00:43:16,080 --> 00:43:13,090

of them had a wart on her face I didn't

942

00:43:18,210 --> 00:43:16,090

like that because oh it was terrible

943

00:43:19,890 --> 00:43:18,220

but I had to let her do it difficult

944

00:43:24,300 --> 00:43:19,900

those cheek kisses where it's like kind

945

00:43:25,700 --> 00:43:24,310

of drool you know no no the ones I had

946

00:43:27,630 --> 00:43:25,710

those growing up

947

00:43:29,430 --> 00:43:27,640

and the ones with the end it's the same

948

00:43:29,850 --> 00:43:29,440

person kiss you and it's like I feel the

949

00:43:33,630 --> 00:43:29,860

hairs

950

00:43:36,000 --> 00:43:33,640

love man it's it's I mean let me know

951  
00:43:38,040 --> 00:43:36,010  
what that's so beautiful though it is as

952  
00:43:39,180 --> 00:43:38,050  
a kid you know you don't want to feel

953  
00:43:41,550 --> 00:43:39,190  
that there's a kid you want to run away

954  
00:43:45,750 --> 00:43:41,560  
from it as an adult you wish for it

955  
00:43:48,570 --> 00:43:45,760  
again the Italian culture is very tight

956  
00:43:50,400 --> 00:43:48,580  
and close yeah and that's why this is

957  
00:43:52,890 --> 00:43:50,410  
happening to them the way it is I can

958  
00:43:54,930 --> 00:43:52,900  
guarantee you that this is probably that

959  
00:43:59,550 --> 00:43:54,940  
one of the biggest factors is their

960  
00:44:03,650 --> 00:43:59,560  
culture yeah before we take to the break

961  
00:44:07,920 --> 00:44:03,660  
and we'll transition hard into ufology I

962  
00:44:10,680 --> 00:44:07,930  
will say this that that years ago when I

963  
00:44:13,290 --> 00:44:10,690

first was was hearing about and

964

00:44:16,620 --> 00:44:13,300

listening to David Wilcock I found him

965

00:44:21,360 --> 00:44:16,630

utterly hypnotizing and fascinating but

966

00:44:24,840 --> 00:44:21,370

when he when he came on the scene he was

967

00:44:27,390 --> 00:44:24,850

talking about metaphysics and so we're

968

00:44:29,250 --> 00:44:27,400

metaphysics you can speculate about so

969

00:44:32,420 --> 00:44:29,260

much and it doesn't it doesn't matter

970

00:44:35,400 --> 00:44:32,430

you can pull you know history mythology

971

00:44:38,160 --> 00:44:35,410

religion bring it all together wrap it

972

00:44:39,330 --> 00:44:38,170

up you know and and talk about and

973

00:44:42,330 --> 00:44:39,340

that's fine and you can speculate all

974

00:44:44,340 --> 00:44:42,340

day as you want so I think for over four

975

00:44:46,710 --> 00:44:44,350

years he just could say whatever he

976  
00:44:48,750 --> 00:44:46,720  
wanted because there was no negative

977  
00:44:52,050 --> 00:44:48,760  
side effect you know it was all actually

978  
00:44:54,780 --> 00:44:52,060  
very positive which is I think a

979  
00:44:57,750 --> 00:44:54,790  
different change of tone as well he was

980  
00:45:00,210 --> 00:44:57,760  
had a very uplifting message and I and I

981  
00:45:01,710 --> 00:45:00,220  
really liked it you know it's like when

982  
00:45:03,360 --> 00:45:01,720  
someone is religious I may not believe

983  
00:45:04,950 --> 00:45:03,370  
in the religion but if the if the

984  
00:45:05,460 --> 00:45:04,960  
message is positive and uplifting that's

985  
00:45:08,100 --> 00:45:05,470  
awesome

986  
00:45:10,740 --> 00:45:08,110  
you know great and somewhere along the

987  
00:45:13,440 --> 00:45:10,750  
lines that tone has changed and I think

988  
00:45:15,930 --> 00:45:13,450

when I saw this video it just really hit

989

00:45:18,870 --> 00:45:15,940

me like wow you know I love the old

990

00:45:20,790 --> 00:45:18,880

David Wilcock okay because that that's

991

00:45:22,620 --> 00:45:20,800

all very important stuff yeah you know

992

00:45:24,300 --> 00:45:22,630

human the visceral human experience mean

993

00:45:26,790 --> 00:45:24,310

that's very important to understand who

994

00:45:28,350 --> 00:45:26,800

we are look inside who's looking out

995

00:45:29,910 --> 00:45:28,360

from behind these eyes inside his head I

996

00:45:31,920 --> 00:45:29,920

mean there's all kinds of things yeah

997

00:45:36,090 --> 00:45:31,930

along in that arena

998

00:45:38,450 --> 00:45:36,100

exactly oh yeah

999

00:45:42,559 --> 00:45:38,460

spirituality in general

1000

00:45:43,940 --> 00:45:42,569

but here on this program and Ryan and I

1001  
00:45:47,510 --> 00:45:43,950  
were talking about this a little bit but

1002  
00:45:49,970 --> 00:45:47,520  
recently it's it's a slippery slope

1003  
00:45:52,670 --> 00:45:49,980  
because this is an open platform and and

1004  
00:45:55,010 --> 00:45:52,680  
I do that very speculative

1005  
00:45:57,740 --> 00:45:55,020  
you know people come on here and talk

1006  
00:46:01,700 --> 00:45:57,750  
about things that might be in that sort

1007  
00:46:05,540 --> 00:46:01,710  
of outrageous range but eventually there

1008  
00:46:08,000 --> 00:46:05,550  
is a line that you have to draw and I

1009  
00:46:09,920 --> 00:46:08,010  
started paranormal now on irn years ago

1010  
00:46:13,460 --> 00:46:09,930  
about three and a half years ago

1011  
00:46:16,370 --> 00:46:13,470  
something like that Carole remembers the

1012  
00:46:20,990 --> 00:46:16,380  
good old days are better these are these

1013  
00:46:24,319 --> 00:46:21,000

are these are great days and so it's

1014

00:46:25,609 --> 00:46:24,329

since then I had never felt like

1015

00:46:28,069 --> 00:46:25,619

somebody crossed that line until

1016

00:46:30,530 --> 00:46:28,079

recently and I won't say who that that

1017

00:46:33,290 --> 00:46:30,540

guests name was but Carole probably

1018

00:46:34,880 --> 00:46:33,300

remembers it was related to will just

1019

00:46:37,430 --> 00:46:34,890

say Nazis and we'll leave it at that and

1020

00:46:40,760 --> 00:46:37,440

I was it was really disturbing to me it

1021

00:46:42,620 --> 00:46:40,770

was the first time ever I just had to

1022

00:46:45,319 --> 00:46:42,630

comment on it and then I had like a

1023

00:46:47,210 --> 00:46:45,329

whole diatribe the following week cuz it

1024

00:46:49,160 --> 00:46:47,220

was like it was just eating at me what

1025

00:46:52,130 --> 00:46:49,170

he said and I and I felt bad that I

1026

00:46:54,200 --> 00:46:52,140

didn't didn't challenge him better on

1027

00:46:57,589 --> 00:46:54,210

the air when he was when he was there so

1028

00:46:59,089 --> 00:46:57,599

on occasion you know you just have to

1029

00:47:00,559 --> 00:46:59,099

call people out you know you know even

1030

00:47:02,420 --> 00:47:00,569

if you like someone you just gotta say

1031

00:47:06,200 --> 00:47:02,430

that's not right you know across the

1032

00:47:08,990 --> 00:47:06,210

line and you you did a great course

1033

00:47:10,370 --> 00:47:09,000

correction on the next show I think you

1034

00:47:12,140 --> 00:47:10,380

know originally when he put this forth

1035

00:47:14,359 --> 00:47:12,150

you were sort of like thrown as we all

1036

00:47:16,880 --> 00:47:14,369

work but you really shallow say

1037

00:47:18,710 --> 00:47:16,890

acquitted yourself admirably so thank

1038

00:47:20,690 --> 00:47:18,720

you thank you well well I'm gonna quit

1039

00:47:22,670 --> 00:47:20,700

myself now for this break and then we

1040

00:47:25,490 --> 00:47:22,680

will come back on the other side with a

1041

00:47:27,170 --> 00:47:25,500

positive message I don't know what do

1042

00:47:28,549 --> 00:47:27,180

you guys got let's let's let's lift

1043

00:47:30,809 --> 00:47:28,559

let's lighten the spirits up a little

1044

00:47:33,569 --> 00:47:30,819

bit and inspire soon

1045

00:47:37,229 --> 00:47:33,579

it's tough man it's it's it's tough

1046

00:47:39,809 --> 00:47:37,239

being inside a box you know though we do

1047

00:47:43,859 --> 00:47:39,819

have Netflix so tribe inside a dome in

1048

00:47:46,409 --> 00:47:43,869

the winter huh yeah yeah there's a lot

1049

00:47:51,120 --> 00:47:46,419

to be grateful for so astronomy right

1050

00:47:53,789 --> 00:47:51,130

yeah oh yeah have phenomenal things are

1051  
00:47:54,120 --> 00:47:53,799  
doing - so we got a good crew got here

1052  
00:47:55,890 --> 00:47:54,130  
man

1053  
00:47:57,959 --> 00:47:55,900  
yeah thank you yeah I really appreciate

1054  
00:47:59,729 --> 00:47:57,969  
everyone joining me tonight so we'll be

1055  
00:48:01,349 --> 00:47:59,739  
back on the other side with plenty more

1056  
00:48:11,609 --> 00:48:01,359  
to talk about Allenby Smith or

1057  
00:48:13,380 --> 00:48:11,619  
paranormal now we'll be right back your

1058  
00:48:15,689 --> 00:48:13,390  
official contact for the best

1059  
00:48:19,700 --> 00:48:15,699  
alternative talk on that planet

1060  
00:48:57,130 --> 00:48:35,760  
[Music]

1061  
00:48:58,720 --> 00:48:57,140  
welcome back to paranormal now this is

1062  
00:49:01,060 --> 00:48:58,730  
Alan B Smith your host tonight

1063  
00:49:04,660 --> 00:49:01,070

and I am with Jason McClellan Ryan

1064

00:49:06,010 --> 00:49:04,670

Sprague Carol Karl and Mark Dantonio and

1065

00:49:08,470 --> 00:49:06,020

this has been a fun night so if you're

1066

00:49:10,450 --> 00:49:08,480

just joining in we've been covering

1067

00:49:11,890 --> 00:49:10,460

mostly the corona virus a little bit of

1068

00:49:14,530 --> 00:49:11,900

conspiracy theories and now we will be

1069

00:49:17,950 --> 00:49:14,540

transitioning into ufology thank God

1070

00:49:20,650 --> 00:49:17,960

okay so I brought this up to you all

1071

00:49:24,430 --> 00:49:20,660

earlier in the email and I'm really

1072

00:49:26,920 --> 00:49:24,440

curious what each of you think not just

1073

00:49:30,220 --> 00:49:26,930

about skinwalker ranch but but but

1074

00:49:31,420 --> 00:49:30,230

Bigelow Bob Bigelow himself because

1075

00:49:33,220 --> 00:49:31,430

there is a new series coming out on

1076  
00:49:35,020 --> 00:49:33,230  
history so I think this would be a good

1077  
00:49:37,540 --> 00:49:35,030  
time to kind of prime our minds for that

1078  
00:49:40,540 --> 00:49:37,550  
before we digest that show however it's

1079  
00:49:43,240 --> 00:49:40,550  
going to be so Carol what's it what's

1080  
00:49:44,830 --> 00:49:43,250  
your take on skinwalker well first of

1081  
00:49:47,350 --> 00:49:44,840  
all you know a long time back it's like

1082  
00:49:51,940 --> 00:49:47,360  
oh not the Bigelow tea guy oh the

1083  
00:49:53,470 --> 00:49:51,950  
aerospace guy and he did um he did an

1084  
00:49:54,970 --> 00:49:53,480  
interview I'm gonna get this wrong cuz I

1085  
00:49:58,750 --> 00:49:54,980  
didn't take the time to look it up I

1086  
00:50:00,490 --> 00:49:58,760  
should have with a I have want to say

1087  
00:50:03,130 --> 00:50:00,500  
yeah I'm not even gonna go for her name

1088  
00:50:04,600 --> 00:50:03,140

it was some mainstream media and this

1089

00:50:07,600 --> 00:50:04,610

goes back maybe three or four years

1090

00:50:09,070 --> 00:50:07,610

maybe one of you guys remembers where he

1091

00:50:12,340 --> 00:50:09,080

was up close and personal with this

1092

00:50:15,220 --> 00:50:12,350

anchorwoman and talked about her say

1093

00:50:17,830 --> 00:50:15,230

again was it 60 minutes yes yes there we

1094

00:50:19,450 --> 00:50:17,840

go there we go 60 minutes and I still

1095

00:50:28,690 --> 00:50:19,460

can't think of the broadcaster's name

1096

00:50:31,360 --> 00:50:28,700

but ah there we go and he's oh but it

1097

00:50:33,940 --> 00:50:31,370

wasn't 60 minutes or 60 minutes it was

1098

00:50:35,620 --> 00:50:33,950

okay but irrelevant in I hate to say

1099

00:50:40,300 --> 00:50:35,630

this who cares about the broadcaster

1100

00:50:43,150 --> 00:50:40,310

well he sort of spilled in terms of his

1101  
00:50:44,500 --> 00:50:43,160  
interest in UFOs this was sort of first

1102  
00:50:46,240 --> 00:50:44,510  
blush this was kind of the first

1103  
00:50:49,210 --> 00:50:46,250  
publicity that unless you really dug

1104  
00:50:51,610 --> 00:50:49,220  
that the general public knew about his

1105  
00:50:53,650 --> 00:50:51,620  
interest even though it was rumored this

1106  
00:50:56,500 --> 00:50:53,660  
was sort of a substantiation even

1107  
00:50:59,470 --> 00:50:56,510  
including the fact that when he was a

1108  
00:51:01,420 --> 00:50:59,480  
child again I'm weak on this his either

1109  
00:51:03,610 --> 00:51:01,430  
his his parents or his grandparents had

1110  
00:51:05,590 --> 00:51:03,620  
actually seen in the desert something

1111  
00:51:08,770 --> 00:51:05,600  
fly over their car that they could not

1112  
00:51:11,230 --> 00:51:08,780  
explain and it was sort of like oh my

1113  
00:51:12,730 --> 00:51:11,240

so here we go so we knew Bigelow those

1114

00:51:16,360 --> 00:51:12,740

of us who were into the field a little

1115

00:51:18,490 --> 00:51:16,370

bit knew him as being behind the

1116

00:51:21,510 --> 00:51:18,500

National Institute for discovery science

1117

00:51:24,490 --> 00:51:21,520

etc and then skinwalker

1118

00:51:26,680 --> 00:51:24,500

besides the aerospace stuff so I don't

1119

00:51:28,300 --> 00:51:26,690

know it all it tracks and yet is it

1120

00:51:34,000 --> 00:51:28,310

wrong to just make an assumption that

1121

00:51:36,550 --> 00:51:34,010

this is valid so I don't take it anybody

1122

00:51:38,590 --> 00:51:36,560

I'm looking at heads nodding circular

1123

00:51:41,770 --> 00:51:38,600

and I am I'm passing the torch here in

1124

00:51:43,630 --> 00:51:41,780

terms of what do we think about what he

1125

00:51:45,610 --> 00:51:43,640

now says and about of course good old

1126  
00:51:50,230 --> 00:51:45,620  
George naps involvement in all this and

1127  
00:51:52,870 --> 00:51:50,240  
Jeremy Corbyn good well I oh I'm sorry

1128  
00:51:55,900 --> 00:51:52,880  
um I'll jump in and just say yeah I mean

1129  
00:51:58,780 --> 00:51:55,910  
we we all have our own burning thoughts

1130  
00:52:00,220 --> 00:51:58,790  
on all of it but Jason and I are good

1131  
00:52:01,990 --> 00:52:00,230  
friends with Jeremy Corbyn of the

1132  
00:52:04,110 --> 00:52:02,000  
filmmaker who made the run for the

1133  
00:52:07,240 --> 00:52:04,120  
skinwalker documentary with George Knapp

1134  
00:52:11,140 --> 00:52:07,250  
so you know we might have a little bias

1135  
00:52:13,960 --> 00:52:11,150  
but um at the end of the day it's

1136  
00:52:16,450 --> 00:52:13,970  
fascinating to see the evolution of

1137  
00:52:19,060 --> 00:52:16,460  
skinwalker ranch and those who studied

1138  
00:52:21,610 --> 00:52:19,070

it and you know everything that Bob

1139

00:52:24,330 --> 00:52:21,620

Bigelow may have investigated or

1140

00:52:27,580 --> 00:52:24,340

research with his time there is

1141

00:52:30,490 --> 00:52:27,590

classified in terms of his involvement

1142

00:52:32,650 --> 00:52:30,500

in his research I know that he

1143

00:52:36,760 --> 00:52:32,660

personally spoke to the new owner of the

1144

00:52:39,070 --> 00:52:36,770

ranch and they they talked and he walked

1145

00:52:41,560 --> 00:52:39,080

him through the ranch but everything

1146

00:52:44,530 --> 00:52:41,570

every document or file or experiment

1147

00:52:46,480 --> 00:52:44,540

Bigelow did he's his and it was not

1148

00:52:47,800 --> 00:52:46,490

shared with the new owner so we are

1149

00:52:50,890 --> 00:52:47,810

literally starting from scratch with

1150

00:52:53,530 --> 00:52:50,900

this new owner this new television show

1151  
00:52:56,740 --> 00:52:53,540  
in this new era of what could be going

1152  
00:52:58,900 --> 00:52:56,750  
on at skinwalker ranch so I'm excited to

1153  
00:53:01,150 --> 00:52:58,910  
be completely honest I I think it's

1154  
00:53:04,390 --> 00:53:01,160  
interesting how Bob Bigelow has carved

1155  
00:53:07,990 --> 00:53:04,400  
his way into both the paranormal and the

1156  
00:53:11,310 --> 00:53:08,000  
UFO worlds and how passionate he is in

1157  
00:53:13,900 --> 00:53:11,320  
how his conviction is they're saying

1158  
00:53:15,730 --> 00:53:13,910  
they're already here we don't have to

1159  
00:53:17,770 --> 00:53:15,740  
look in space they're already here yeah

1160  
00:53:20,560 --> 00:53:17,780  
that's a big statement for someone of

1161  
00:53:21,920 --> 00:53:20,570  
his stature and reputation just say so

1162  
00:53:25,430 --> 00:53:21,930  
he must have

1163  
00:53:29,089 --> 00:53:25,440

thing some sort of evidence that made

1164

00:53:31,040 --> 00:53:29,099

him truly believe that they are here so

1165

00:53:32,950 --> 00:53:31,050

yeah I kind of feel like that that is

1166

00:53:36,410 --> 00:53:32,960

the message that he repeats a lot

1167

00:53:38,870 --> 00:53:36,420

confidently no on mainstream media he's

1168

00:53:40,880 --> 00:53:38,880

like we're here you know no question

1169

00:53:41,480 --> 00:53:40,890

question like okay why are we waiting to

1170

00:53:43,430 --> 00:53:41,490

talk about

1171

00:53:45,079 --> 00:53:43,440

yeah go ahead by Bigelow I love Bob

1172

00:53:48,410 --> 00:53:45,089

piccolo I've always loved Bob piccolo

1173

00:53:49,940 --> 00:53:48,420

being a space geek you know I certainly

1174

00:53:51,620 --> 00:53:49,950

have followed everything he's done with

1175

00:53:53,540 --> 00:53:51,630

Bigelow Aerospace he's a leader in the

1176  
00:53:56,510 --> 00:53:53,550  
private space industry and unfortunately

1177  
00:53:59,660 --> 00:53:56,520  
that may be going away for a while we'll

1178  
00:54:01,549 --> 00:53:59,670  
see but you know he's always been vocal

1179  
00:54:04,730 --> 00:54:01,559  
always been vocal about his interest in

1180  
00:54:06,799 --> 00:54:04,740  
the paranormal and he's you know my

1181  
00:54:09,410 --> 00:54:06,809  
favorite kind of billionaire the kind

1182  
00:54:11,809 --> 00:54:09,420  
who will instead of spending them

1183  
00:54:13,130 --> 00:54:11,819  
spending their money on big houses and

1184  
00:54:14,660 --> 00:54:13,140  
yachts he spends his money on

1185  
00:54:17,390 --> 00:54:14,670  
investigating the paranormal

1186  
00:54:19,309 --> 00:54:17,400  
yeah and he's probably you know the

1187  
00:54:21,500 --> 00:54:19,319  
private the private citizen who spent

1188  
00:54:23,930 --> 00:54:21,510

the most money investigating the

1189

00:54:26,839 --> 00:54:23,940

paranormal you know primarily

1190

00:54:29,120 --> 00:54:26,849

responsible for everything we've heard

1191

00:54:31,940 --> 00:54:29,130

recently with government involvement in

1192

00:54:35,630 --> 00:54:31,950

skinwalker ranch and in recent UFO

1193

00:54:39,020 --> 00:54:35,640

studies with the whole a tip and us app

1194

00:54:41,599 --> 00:54:39,030

all those programs you know Bigelow was

1195

00:54:44,720 --> 00:54:41,609

closely tied to and partially

1196

00:54:47,660 --> 00:54:44,730

responsible for and George Knapp is a

1197

00:54:50,510 --> 00:54:47,670

good friend and you know from the moment

1198

00:54:52,549 --> 00:54:50,520

I first read his book about skinwalker I

1199

00:54:54,289 --> 00:54:52,559

was hooked with skinwalker that was the

1200

00:54:57,079 --> 00:54:54,299

place I wanted to go and do an

1201  
00:54:59,240 --> 00:54:57,089  
investigation because it had a little

1202  
00:55:01,400 --> 00:54:59,250  
bit of everything you know all the

1203  
00:55:05,000 --> 00:55:01,410  
paranormal things just like plop there

1204  
00:55:06,710 --> 00:55:05,010  
let's go find them all so I love George

1205  
00:55:09,170 --> 00:55:06,720  
and I thought that book was was really

1206  
00:55:11,480 --> 00:55:09,180  
well done with calm Kelleher they did a

1207  
00:55:13,430 --> 00:55:11,490  
really good write-up but at the same

1208  
00:55:15,319 --> 00:55:13,440  
time what we know from that

1209  
00:55:19,030 --> 00:55:15,329  
investigation time period is very

1210  
00:55:22,190 --> 00:55:19,040  
limited so now to have this history show

1211  
00:55:23,809 --> 00:55:22,200  
secret skinwalker ranch it's exciting I

1212  
00:55:26,450 --> 00:55:23,819  
think we're gonna see more what we

1213  
00:55:29,089 --> 00:55:26,460

actually see I don't know but I'm

1214

00:55:31,339 --> 00:55:29,099

certainly excited to get probably what's

1215

00:55:32,680 --> 00:55:31,349

going to be my only inside look it's

1216

00:55:35,680 --> 00:55:32,690

going to log a ranch

1217

00:55:39,069 --> 00:55:35,690

yeah my I don't know if it's a concern

1218

00:55:43,240 --> 00:55:39,079

maybe it's fine but for those who watch

1219

00:55:47,589 --> 00:55:43,250

curse of Oak Island like we do there's a

1220

00:55:49,059 --> 00:55:47,599

lot of filler so I suspect it's going to

1221

00:55:52,089 --> 00:55:49,069

be a show like that doesn't mean it's

1222

00:55:54,940 --> 00:55:52,099

gonna be a bad show but I just I wonder

1223

00:55:56,980 --> 00:55:54,950

and I hope you know will there will

1224

00:56:00,010 --> 00:55:56,990

there actually be good investigation

1225

00:56:02,859 --> 00:56:00,020

number one and there's a really anything

1226

00:56:05,500 --> 00:56:02,869

that that you can actually show for it

1227

00:56:08,700 --> 00:56:05,510

because it's been investigated you know

1228

00:56:12,549 --> 00:56:08,710

especially with Bigelow for four decades

1229

00:56:14,440 --> 00:56:12,559

and as fascinating as it is I mean it's

1230

00:56:16,960 --> 00:56:14,450

just you can't catch anything on camera

1231

00:56:18,630 --> 00:56:16,970

it seems like that's definitive right

1232

00:56:22,660 --> 00:56:18,640

for a place that has all this activity

1233

00:56:25,539 --> 00:56:22,670

it's um it's it's an enigma and you know

1234

00:56:27,549 --> 00:56:25,549

it's one of those cases for me where I

1235

00:56:31,390 --> 00:56:27,559

wonder how much of it is fed by our

1236

00:56:33,940 --> 00:56:31,400

imagination and how much is is there a

1237

00:56:35,849 --> 00:56:33,950

legitimate phenomenon going on there and

1238

00:56:44,950 --> 00:56:35,859

let mark to have any thoughts on that

1239

00:56:47,769 --> 00:56:44,960

yep do you want to share them a comic

1240

00:56:52,930 --> 00:56:47,779

pause there but I actually respect

1241

00:56:55,779 --> 00:56:52,940

Robert Bigelow because I think the

1242

00:56:59,079 --> 00:56:55,789

Bigelow Aerospace side with the inflated

1243

00:57:03,190 --> 00:56:59,089

tats as I call them inflatable habitats

1244

00:57:09,160 --> 00:57:03,200

okay I think that is actually a

1245

00:57:11,250 --> 00:57:09,170

tremendous offering to the pudding bases

1246

00:57:13,569 --> 00:57:11,260

on the moon in a way that we can afford

1247

00:57:15,400 --> 00:57:13,579

adding on to the space station in a way

1248

00:57:18,160 --> 00:57:15,410

that we can afford going to Mars in a

1249

00:57:19,690 --> 00:57:18,170

way we can afford because your habitat

1250

00:57:21,970 --> 00:57:19,700

doesn't have to be a rocket body that

1251  
00:57:24,549 --> 00:57:21,980  
you've been hauling out there with you

1252  
00:57:26,170 --> 00:57:24,559  
it can be this little folded up thing so

1253  
00:57:29,829 --> 00:57:26,180  
I have a feeling that you know so I like

1254  
00:57:32,230 --> 00:57:29,839  
that you know I was around for when when

1255  
00:57:35,799 --> 00:57:32,240  
Bigelow had invested in the whole

1256  
00:57:37,510 --> 00:57:35,809  
tobacco would move on and you know that

1257  
00:57:43,299 --> 00:57:37,520  
wasn't a pretty time for MUFON I've been

1258  
00:57:46,150 --> 00:57:43,309  
in MUFON for nine not actually I've been

1259  
00:57:51,430 --> 00:57:46,160  
I was I started to move on in 1971 I was

1260  
00:57:52,390 --> 00:57:51,440  
eleven years old and I guess I've seen

1261  
00:57:54,460 --> 00:57:52,400  
it go up and down

1262  
00:57:59,920 --> 00:57:54,470  
I've seen it almost dissolve I've seen

1263  
00:58:01,720 --> 00:57:59,930

it rise to tremendous heights but I just

1264

00:58:03,130 --> 00:58:01,730

want to do my photo and video analysis

1265

00:58:06,970 --> 00:58:03,140

you know and I want to make sure that

1266

00:58:09,490 --> 00:58:06,980

people just get a an opinion that's

1267

00:58:11,320 --> 00:58:09,500

based on science you know I actually

1268

00:58:14,560 --> 00:58:11,330

have had experiences that I can't

1269

00:58:17,620 --> 00:58:14,570

explain in fact you know I I went to

1270

00:58:19,300 --> 00:58:17,630

Norway in August and I actually did a

1271

00:58:23,140 --> 00:58:19,310

what we call the New Scientist towards

1272

00:58:27,270 --> 00:58:23,150

something where I'm one end okay we had

1273

00:58:32,020 --> 00:58:27,280

cattle Olson who's doing her her

1274

00:58:34,150 --> 00:58:32,030

metaphysical hybrid talk and me doing an

1275

00:58:37,930 --> 00:58:34,160

astronomical talk and somehow the two

1276

00:58:41,560 --> 00:58:37,940

blend together and now she's writing a

1277

00:58:43,570 --> 00:58:41,570

book on cosmology and she can't solve an

1278

00:58:46,690 --> 00:58:43,580

equation she can't even write one but

1279

00:58:47,860 --> 00:58:46,700

the the philosophical concepts that she

1280

00:58:49,360 --> 00:58:47,870

came behind there's a I'm going

1281

00:58:52,690 --> 00:58:49,370

someplace with this trust me I still on

1282

00:58:55,270 --> 00:58:52,700

Bigelow I promise the philosophical

1283

00:58:57,220 --> 00:58:55,280

concepts that she has are things that we

1284

00:58:59,950 --> 00:58:57,230

have to pay attention to because I think

1285

00:59:02,770 --> 00:58:59,960

there's merit in the same way Robert

1286

00:59:04,240 --> 00:59:02,780

Bigelow okay for all the things that

1287

00:59:05,950 --> 00:59:04,250

people say about him like oh he just

1288

00:59:08,770 --> 00:59:05,960

wants to own all the day that's it what

1289

00:59:10,990 --> 00:59:08,780

fine if we're gonna get answers I don't

1290

00:59:14,800 --> 00:59:11,000

care who owns the data as long as we can

1291

00:59:18,670 --> 00:59:14,810

see the answers you know yeah okay be

1292

00:59:21,910 --> 00:59:18,680

nice if somebody could share the

1293

00:59:25,120 --> 00:59:21,920

data okay and and all that but and I'm

1294

00:59:26,860 --> 00:59:25,130

okay with that and like I said in in

1295

00:59:30,040 --> 00:59:26,870

Jason said oh he's like his favorite

1296

00:59:32,890 --> 00:59:30,050

billionaire I think it's kind of a cool

1297

00:59:34,510 --> 00:59:32,900

way to put it you know you know I and I

1298

00:59:38,950 --> 00:59:34,520

think that that's something that makes a

1299

00:59:43,630 --> 00:59:38,960

lot of sense to me so I'm I'm ok with

1300

00:59:45,730 --> 00:59:43,640

Robert Bigelow and the fact that he says

1301

00:59:48,040 --> 00:59:45,740

they're already here well I know they

1302

00:59:49,210 --> 00:59:48,050

are too but I'm an astronomer shouldn't

1303

00:59:51,040 --> 00:59:49,220

I not talk like that

1304

00:59:54,750 --> 00:59:51,050

won't that hurt me and my academic

1305

00:59:58,480 --> 00:59:54,760

career I mean doing well yes maybe

1306

01:00:00,050 --> 00:59:58,490

because I was also on a US nuclear

1307

01:00:02,690 --> 01:00:00,060

submarine as a guest

1308

01:00:05,360 --> 01:00:02,700

okay and I saw something I couldn't

1309

01:00:07,850 --> 01:00:05,370

understand on the sub and neither could

1310

01:00:09,560 --> 01:00:07,860

the sonar guy and it was a very

1311

01:00:12,530 --> 01:00:09,570

fast-moving object that moves several

1312

01:00:14,810 --> 01:00:12,540

hundred knots underwater it was there

1313

01:00:16,070 --> 01:00:14,820

and it was gone and the kid had no idea

1314

01:00:18,830 --> 01:00:16,080

how to classify it he had his hands up

1315

01:00:22,190 --> 01:00:18,840

what do I do with this and the XO said

1316

01:00:24,410 --> 01:00:22,200

log it and dog it which means log it and

1317

01:00:25,580 --> 01:00:24,420

then get rid of it and I had the

1318

01:00:28,130 --> 01:00:25,590

opportunity to work for the Joint Chiefs

1319

01:00:29,450 --> 01:00:28,140

four years later and I was sitting in

1320

01:00:33,140 --> 01:00:29,460

the home of one of the Chiefs

1321

01:00:36,110 --> 01:00:33,150

and in my head I was thinking oh ask him

1322

01:00:37,700 --> 01:00:36,120

the question about the fast movers okay

1323

01:00:39,650 --> 01:00:37,710

and then I started to think about asking

1324

01:00:41,330 --> 01:00:39,660

him and then I thought no no don't ask

1325

01:00:44,240 --> 01:00:41,340

him but my brain had already started the

1326

01:00:46,040 --> 01:00:44,250

words and it came I'm sitting on his

1327

01:00:48,380 --> 01:00:46,050

couch no no don't say what about the

1328

01:00:50,540 --> 01:00:48,390

fast mirror program oh did I actually

1329

01:00:52,550 --> 01:00:50,550

say that and he looked at me and he

1330

01:00:54,380 --> 01:00:52,560

could have said get out of my house or

1331

01:00:56,120 --> 01:00:54,390

he could have said I have no idea what

1332

01:00:58,130 --> 01:00:56,130

you're talking about but he said I can't

1333

01:01:03,670 --> 01:00:58,140

talk about that program mark I'm sorry

1334

01:01:06,200 --> 01:01:03,680

okay well tell you that tells you that

1335

01:01:08,750 --> 01:01:06,210

Joint Chiefs know they're here yeah

1336

01:01:10,700 --> 01:01:08,760

hey Bigelow says they're here I

1337

01:01:13,190 --> 01:01:10,710

witnessed something I can't explain

1338

01:01:14,840 --> 01:01:13,200

mm-hmm no one on that submarine at the

1339

01:01:17,680 --> 01:01:14,850

moment at that time could and this was

1340

01:01:19,850 --> 01:01:17,690

decades ago by the way decades ago oh

1341

01:01:22,490 --> 01:01:19,860

this is crazy

1342

01:01:24,680 --> 01:01:22,500

well I think we have all probably had an

1343

01:01:27,260 --> 01:01:24,690

experience similar to that and there's

1344

01:01:31,130 --> 01:01:27,270

just something about that like when

1345

01:01:35,510 --> 01:01:31,140

someone in your life or someone's in

1346

01:01:38,630 --> 01:01:35,520

your life say things like that to you or

1347

01:01:40,070 --> 01:01:38,640

nod don't answer you directly but they

1348

01:01:42,800 --> 01:01:40,080

have a little twinkle in their eye when

1349

01:01:44,840 --> 01:01:42,810

they respond and you just can feel it in

1350

01:01:48,170 --> 01:01:44,850

your gut you know like there's something

1351  
01:01:51,320 --> 01:01:48,180  
going on here yeah that makes that can

1352  
01:01:53,360 --> 01:01:51,330  
help make us believers yeah but that's

1353  
01:01:56,030 --> 01:01:53,370  
just us it doesn't help the other people

1354  
01:01:57,680 --> 01:01:56,040  
who haven't had that experience well you

1355  
01:01:59,960 --> 01:01:57,690  
know think about I don't think about how

1356  
01:02:02,120 --> 01:01:59,970  
the media treats the people who say they

1357  
01:02:04,220 --> 01:02:02,130  
have experiences right mm-hmm if I go to

1358  
01:02:05,810 --> 01:02:04,230  
the media and say I saw this thing on a

1359  
01:02:07,160 --> 01:02:05,820  
submarine right well you know what

1360  
01:02:14,560 --> 01:02:07,170  
they're gonna see here's they're gonna

1361  
01:02:19,550 --> 01:02:14,570  
see also this thing on a submarine

1362  
01:02:22,850 --> 01:02:19,560  
yeah and it was round inch at 100 miles

1363  
01:02:25,670 --> 01:02:22,860

an hour underwater so they see a

1364

01:02:27,650 --> 01:02:25,680

stereotype absurdity absolutely when

1365

01:02:29,780 --> 01:02:27,660

they're talking to you or whomever it

1366

01:02:32,990 --> 01:02:29,790

doesn't matter that's correct

1367

01:02:35,570 --> 01:02:33,000

and so with with the advent of actual

1368

01:02:37,640 --> 01:02:35,580

science hmm okay that's brought to bear

1369

01:02:39,070 --> 01:02:37,650

on the equation of whether they're here

1370

01:02:42,290 --> 01:02:39,080

and proving that they're here

1371

01:02:44,360 --> 01:02:42,300

the media cannot argue with science

1372

01:02:46,730 --> 01:02:44,370

because let's be honest they're not

1373

01:02:48,590 --> 01:02:46,740

scientists yeah okay

1374

01:02:49,910 --> 01:02:48,600

they can't argue with it so if someone

1375

01:02:51,380 --> 01:02:49,920

says the tiered wall it's based on the

1376

01:02:52,640 --> 01:02:51,390

science see the science you okay here's

1377

01:02:55,370 --> 01:02:52,650

here's the study we did in your bubble

1378

01:02:58,040 --> 01:02:55,380

up the media respects studies the media

1379

01:02:59,480 --> 01:02:58,050

respects data yeah because they can't

1380

01:03:01,090 --> 01:02:59,490

counter it because they're they feel

1381

01:03:03,020 --> 01:03:01,100

like they'd be foolish to try and

1382

01:03:06,530 --> 01:03:03,030

encounter man something they have no

1383

01:03:07,280 --> 01:03:06,540

knowledge of I was watching CNN I guess

1384

01:03:09,980 --> 01:03:07,290

almost two years now

1385

01:03:12,950 --> 01:03:09,990

ago when they were reviewing the tic-tac

1386

01:03:17,030 --> 01:03:12,960

UFO so I guess I must have been like

1387

01:03:20,690 --> 01:03:17,040

early 2018 and Neil deGrasse Tyson was

1388

01:03:23,180 --> 01:03:20,700

on there as their science guy and the

1389

01:03:25,400 --> 01:03:23,190

the hosts were like this is crazy what

1390

01:03:29,360 --> 01:03:25,410

what is this thing and and he was like

1391

01:03:32,360 --> 01:03:29,370

well he just I don't know and they're

1392

01:03:35,120 --> 01:03:32,370

like yeah but he's like it's a UFO I

1393

01:03:37,940 --> 01:03:35,130

don't know that's all it is and it just

1394

01:03:40,360 --> 01:03:37,950

frustrated me too all ends because he

1395

01:03:42,890 --> 01:03:40,370

wouldn't even take the extra

1396

01:03:46,520 --> 01:03:42,900

intellectual honest level of honesty and

1397

01:03:48,850 --> 01:03:46,530

and and say okay I don't know what it is

1398

01:03:51,980 --> 01:03:48,860

but here's what's interesting about it

1399

01:03:53,960 --> 01:03:51,990

here's some lines of Investigation we

1400

01:03:55,580 --> 01:03:53,970

can go down based on what we see it

1401

01:03:58,820 --> 01:03:55,590

wasn't even that like it he wouldn't

1402

01:04:00,020 --> 01:03:58,830

even touch it and and that that's what

1403

01:04:03,800 --> 01:04:00,030

hurt the most is that it was just

1404

01:04:05,810 --> 01:04:03,810

completely ignoring and playing down

1405

01:04:07,670 --> 01:04:05,820

this thing that I thought is whether

1406

01:04:09,650 --> 01:04:07,680

it's a UFO from exit from another planet

1407

01:04:12,680 --> 01:04:09,660

or whether it's but it doesn't matter

1408

01:04:14,420 --> 01:04:12,690

it's it's fascinating and there's plenty

1409

01:04:16,700 --> 01:04:14,430

to to be looked at and yet he just

1410

01:04:19,070 --> 01:04:16,710

wouldn't do it that's what got me upset

1411

01:04:21,440 --> 01:04:19,080

the most I sort of appreciate that

1412

01:04:23,600 --> 01:04:21,450

approach more than the typical approach

1413

01:04:25,240 --> 01:04:23,610

that somebody like you know he typically

1414

01:04:27,089 --> 01:04:25,250

does where Bill Nye the Science Guy

1415

01:04:29,849 --> 01:04:27,099

where they all

1416

01:04:32,579 --> 01:04:29,859

a definitive explanation saying that's

1417

01:04:33,719 --> 01:04:32,589

it done you know I mean they have no

1418

01:04:35,130 --> 01:04:33,729

idea what they're talking about

1419

01:04:36,930 --> 01:04:35,140

Touche you are you are correct

1420

01:04:38,640 --> 01:04:36,940

absolutely I would much run out to have

1421

01:04:42,059 --> 01:04:38,650

someone say it is UFO I don't know what

1422

01:04:44,759 --> 01:04:42,069

it is but it's like I just feel like

1423

01:04:47,309 --> 01:04:44,769

we're so close to having that really

1424

01:04:48,539 --> 01:04:47,319

constructive conversation in the media

1425

01:04:51,809 --> 01:04:48,549

and I thought this is a really good

1426

01:04:53,460 --> 01:04:51,819

opportunity for for neil degrasse tyson

1427

01:04:56,819 --> 01:04:53,470

to walk over that line a little bit

1428

01:04:57,089 --> 01:04:56,829

because Michio Kaku has no problem doing

1429

01:05:00,329 --> 01:04:57,099

that

1430

01:05:02,579 --> 01:05:00,339

he doesn't yeah you know he talks about

1431

01:05:06,269 --> 01:05:02,589

you know you know string theory is where

1432

01:05:08,039 --> 01:05:06,279

it's at man okay and and we know in the

1433

01:05:10,529 --> 01:05:08,049

science arena where that I deal with in

1434

01:05:13,259 --> 01:05:10,539

astronomy and astrophysics I know that

1435

01:05:14,759 --> 01:05:13,269

there are possibilities that are just at

1436

01:05:16,890 --> 01:05:14,769

the fringe of our intellectual

1437

01:05:19,920 --> 01:05:16,900

understanding never mind being a more

1438

01:05:21,569 --> 01:05:19,930

distant technology okay we can defeat

1439

01:05:23,759 --> 01:05:21,579

the speed limit of light in the universe

1440

01:05:27,180 --> 01:05:23,769

okay we can just do an end run around it

1441

01:05:28,920 --> 01:05:27,190

okay by warping space okay that's a

1442

01:05:30,599 --> 01:05:28,930

whole showing itself right sure you know

1443

01:05:31,950 --> 01:05:30,609

so I'll do that on my show because of

1444

01:05:33,989 --> 01:05:31,960

you know this is your show and we don't

1445

01:05:36,239 --> 01:05:33,999

wanna talk about that here you know we

1446

01:05:39,089 --> 01:05:36,249

sort of want to touch upon it but I

1447

01:05:40,979 --> 01:05:39,099

think Neil deGrasse Tyson is actually

1448

01:05:43,739 --> 01:05:40,989

coming around a little bit I mean you

1449

01:05:45,900 --> 01:05:43,749

know how I know that I know that because

1450

01:05:49,319 --> 01:05:45,910

he actually connected with me and

1451  
01:05:52,380 --> 01:05:49,329  
Linkedin and I am someone who when I

1452  
01:05:54,209 --> 01:05:52,390  
well he sent me a request and and I'm

1453  
01:05:57,059 --> 01:05:54,219  
not saying they'd look at me and nothing

1454  
01:05:58,859 --> 01:05:57,069  
at all okay because I was in the boat

1455  
01:06:04,009 --> 01:05:58,869  
saying well he'll always be one of these

1456  
01:06:07,039 --> 01:06:04,019  
evidence deniers you know so why is he

1457  
01:06:10,769 --> 01:06:07,049  
listening to what I might have to say

1458  
01:06:13,709 --> 01:06:10,779  
because maybe I'm a science guy who

1459  
01:06:15,959 --> 01:06:13,719  
looks like I'm on the edge perhaps to

1460  
01:06:20,489 --> 01:06:15,969  
him well I'm a science guy that actually

1461  
01:06:22,440 --> 01:06:20,499  
can actually convinced that we are now

1462  
01:06:25,799 --> 01:06:22,450  
and probably have been visited for

1463  
01:06:27,749 --> 01:06:25,809

perhaps billions of years I and I mean

1464

01:06:29,999 --> 01:06:27,759

that's not a wild thing to think about

1465

01:06:32,190 --> 01:06:30,009

right because we're carbon-based

1466

01:06:34,680 --> 01:06:32,200

creatures we need oxygen to make energy

1467

01:06:36,599 --> 01:06:34,690

in our bodies our planet is full of

1468

01:06:38,940 --> 01:06:36,609

oxygen in the atmosphere it's actually a

1469

01:06:40,750 --> 01:06:38,950

disequilibrium of the planet it doesn't

1470

01:06:44,710 --> 01:06:40,760

want to be this way right

1471

01:06:46,840 --> 01:06:44,720

so if we actually can put ourselves in a

1472

01:06:49,270 --> 01:06:46,850

position of an advanced race 30

1473

01:06:50,740 --> 01:06:49,280

light-years away they're gonna look if

1474

01:06:53,590 --> 01:06:50,750

they're carbon-based they're gonna look

1475

01:06:55,090 --> 01:06:53,600

for other oxygen planets you know with

1476

01:06:57,940 --> 01:06:55,100

that would that in the atmosphere we're

1477

01:06:59,170 --> 01:06:57,950

trying to do that now you know so they

1478

01:07:00,970 --> 01:06:59,180

probably did it a million years ago

1479

01:07:03,790 --> 01:07:00,980

perhaps a billion years ago if they

1480

01:07:05,080 --> 01:07:03,800

advanced to that point and our oxygens

1481

01:07:07,870 --> 01:07:05,090

been in the atmosphere for over two

1482

01:07:10,120 --> 01:07:07,880

billion years so we're 2 billion light

1483

01:07:12,130 --> 01:07:10,130

years out man Stephen Hawking said don't

1484

01:07:14,800 --> 01:07:12,140

send the signal don't let them know

1485

01:07:16,540 --> 01:07:14,810

we're here too late we did it over 2

1486

01:07:19,330 --> 01:07:16,550

billion years ago and it wasn't even our

1487

01:07:23,230 --> 01:07:19,340

doing well yeah I mean that that's it's

1488

01:07:25,390 --> 01:07:23,240

a really good point and just to refer to

1489

01:07:26,590 --> 01:07:25,400

a comment that Jason had made to made

1490

01:07:28,330 --> 01:07:26,600

earlier

1491

01:07:31,660 --> 01:07:28,340

I think Jason you were alluding to

1492

01:07:34,240 --> 01:07:31,670

Bigelow laying off the workforce right

1493

01:07:37,000 --> 01:07:34,250

and and taking a hit there what what do

1494

01:07:39,550 --> 01:07:37,010

you think what does that mean can you

1495

01:07:41,790 --> 01:07:39,560

speculate on that mmm it's to be

1496

01:07:44,800 --> 01:07:41,800

determined really I mean people who

1497

01:07:47,230 --> 01:07:44,810

worked at Bigelow Aerospace and and

1498

01:07:48,820 --> 01:07:47,240

previously worked for for Bigelow

1499

01:07:52,780 --> 01:07:48,830

Aerospace prior to it to the laying off

1500

01:07:55,000 --> 01:07:52,790

to have have asserted that it's a

1501

01:07:57,610 --> 01:07:55,010

complete liquidation of all the

1502

01:07:59,260 --> 01:07:57,620

businesses assets so if that's the case

1503

01:08:01,540 --> 01:07:59,270

that means Bigelow Aerospace isn't

1504

01:08:04,330 --> 01:08:01,550

coming back that's a really that's a

1505

01:08:06,940 --> 01:08:04,340

that's difficult to hear yeah that do

1506

01:08:08,710 --> 01:08:06,950

you think that will that affect his

1507

01:08:10,540 --> 01:08:08,720

funding or interest in the power normal

1508

01:08:13,300 --> 01:08:10,550

at all or is that completely separate

1509

01:08:17,920 --> 01:08:13,310

from I would imagine that would free up

1510

01:08:22,180 --> 01:08:17,930

this money for the paranormal yeah good

1511

01:08:24,160 --> 01:08:22,190

so what Jason said is smart if we can

1512

01:08:25,960 --> 01:08:24,170

get just a few more billionaires to not

1513

01:08:27,220 --> 01:08:25,970

buy yachts and investigating the

1514

01:08:29,470 --> 01:08:27,230

paranormal we might have something

1515

01:08:31,480 --> 01:08:29,480

that's all we need I mean we need to get

1516

01:08:33,160 --> 01:08:31,490

you on musk to shift his focus I mean

1517

01:08:35,019 --> 01:08:33,170

serious puts his money into good stuff

1518

01:08:36,579 --> 01:08:35,029

too I you know I love what he does but

1519

01:08:37,420 --> 01:08:36,589

if we can get him to put some money into

1520

01:08:39,430 --> 01:08:37,430

the paranormal

1521

01:08:43,210 --> 01:08:39,440

we'd be alright I I have been a lone

1522

01:08:46,990 --> 01:08:43,220

voice on Twitter tagging my state city

1523

01:08:49,960 --> 01:08:47,000

and go governor to get Elan musta come

1524

01:08:50,440 --> 01:08:49,970

in here and revamp our subway system to

1525

01:08:53,539 --> 01:08:50,450

no avail

1526

01:08:58,039 --> 01:08:53,549

but that would be my dream you know

1527

01:09:00,410 --> 01:08:58,049

yeah yeah we need some space tubes here

1528

01:09:02,390 --> 01:09:00,420

can I add one thing sure I think um in

1529

01:09:05,510 --> 01:09:02,400

terms of Bigelow and the liquidation and

1530

01:09:08,360 --> 01:09:05,520

him possibly going away we got to keep

1531

01:09:11,120 --> 01:09:08,370

in mind too whether you hate them or not

1532

01:09:13,820 --> 01:09:11,130

the whole Tom DeLonge thing and to the

1533

01:09:17,450 --> 01:09:13,830

Stars Academy you know now that they're

1534

01:09:20,750 --> 01:09:17,460

pumping money into researching meta

1535

01:09:22,160 --> 01:09:20,760

materials from possible down UFOs or

1536

01:09:25,039 --> 01:09:22,170

what-have-you

1537

01:09:27,710 --> 01:09:25,049

that's a big deal with the the armies

1538

01:09:29,840 --> 01:09:27,720

backing to do that or you look at these

1539

01:09:32,840 --> 01:09:29,850

members of what could be an invisible

1540

01:09:36,620 --> 01:09:32,850

college we don't know which scientists

1541

01:09:39,590 --> 01:09:36,630

are looking at this off the records or

1542

01:09:40,730 --> 01:09:39,600

in the shadows as it were so I mean I

1543

01:09:42,920 --> 01:09:40,740

have hope that there are other

1544

01:09:44,990 --> 01:09:42,930

scientists out there or entrepreneurs

1545

01:09:48,079 --> 01:09:45,000

with a lot of money like the guy who now

1546

01:09:50,510 --> 01:09:48,089

owns skinwalker ranch or DeLong and

1547

01:09:52,430 --> 01:09:50,520

they're at their thing or you look at

1548

01:09:55,700 --> 01:09:52,440

someone like Jacques Vallee who's been

1549

01:09:58,730 --> 01:09:55,710

collecting materials for years and is

1550

01:10:03,170 --> 01:09:58,740

getting really really interesting

1551

01:10:05,840 --> 01:10:03,180

results with the scientific investigate

1552

01:10:07,940 --> 01:10:05,850

experiments he's doing as well so you

1553

01:10:10,250 --> 01:10:07,950

know it's sad to think that Bigelow

1554

01:10:13,730 --> 01:10:10,260

private space exploration might be done

1555

01:10:17,030 --> 01:10:13,740

but I do agree with Jason I under if he

1556

01:10:19,180 --> 01:10:17,040

will now focus his efforts back on the

1557

01:10:22,580 --> 01:10:19,190

paranormal I guess we'll have to see

1558

01:10:24,110 --> 01:10:22,590

yeah exactly have your fingers crossing

1559

01:10:26,870 --> 01:10:24,120

our fingers here yes all right so

1560

01:10:28,610 --> 01:10:26,880

innovation what Jason when did you find

1561

01:10:31,880 --> 01:10:28,620

that information out were you doing a

1562

01:10:34,100 --> 01:10:31,890

story about him or something no no I was

1563

01:10:35,750 --> 01:10:34,110

just you know I'm friends with some

1564

01:10:37,010 --> 01:10:35,760

people who used to work with Bigelow so

1565

01:10:38,720 --> 01:10:37,020

I was just following what they were

1566

01:10:41,360 --> 01:10:38,730

posting online about it mm-hmm

1567

01:10:42,980 --> 01:10:41,370

okay yeah um and so if you have

1568

01:10:45,410 --> 01:10:42,990

questions for our guest tonight or you

1569

01:10:47,600 --> 01:10:45,420

have a story of your own to share you

1570

01:10:51,500 --> 01:10:47,610

can call in about ten minutes we'll open

1573

01:11:02,480 --> 01:10:59,100

are a live so you know i think i think

1574

01:11:05,450 --> 01:11:02,490

that you know Bigelow being around as

1575

01:11:07,229 --> 01:11:05,460

long as he has a lot of conspiracies out

1576

01:11:10,680 --> 01:11:07,239

there about him being on the wrong team

1577

01:11:15,270 --> 01:11:10,690

as it were because his name just keeps

1578

01:11:18,180 --> 01:11:15,280

popping up you know no matter what what

1579

01:11:22,740 --> 01:11:18,190

the situation is so is there a chance do

1580

01:11:24,479 --> 01:11:22,750

you think that that he's not playing for

1581

01:11:27,390 --> 01:11:24,489

both sides as it word that the

1582

01:11:32,040 --> 01:11:27,400

enthusiasts like us and the government

1583

01:11:34,350 --> 01:11:32,050

or is he just really good at and as a

1584

01:11:38,850 --> 01:11:34,360

salesman at getting himself involved in

1585

01:11:42,420 --> 01:11:38,860

projects I think money grants you access

1586

01:11:45,240 --> 01:11:42,430

to a lot of things and certainly if you

1587

01:11:48,060 --> 01:11:45,250

have money and can be involved or can

1588

01:11:50,190 --> 01:11:48,070

spearhead a lot of these projects if

1589

01:11:52,680 --> 01:11:50,200

you've got money you really have your

1590

01:11:55,290 --> 01:11:52,690

pick of the pool everybody's going to

1591

01:11:56,940 --> 01:11:55,300

want to work for you and we've seen that

1592

01:11:59,820 --> 01:11:56,950

time and time again in this field I mean

1593

01:12:01,709 --> 01:11:59,830

anytime somebody ponies up some cash and

1594

01:12:04,680 --> 01:12:01,719

says hey you want to come be involved

1595

01:12:05,880 --> 01:12:04,690

with this people in the UFO field they

1596

01:12:07,530 --> 01:12:05,890

don't really care what it is they're

1597

01:12:10,410 --> 01:12:07,540

going to flock to you and say yay

1598

01:12:12,870 --> 01:12:10,420

something that pays me money everybody

1599

01:12:14,370 --> 01:12:12,880

wants to be involved so I think that's

1600

01:12:16,140 --> 01:12:14,380

been the case with a lot of what biggle

1601  
01:12:19,260 --> 01:12:16,150  
has been involved with he's had money

1602  
01:12:21,840 --> 01:12:19,270  
and certainly with with the you know a

1603  
01:12:24,300 --> 01:12:21,850  
tip and us out programs you know he had

1604  
01:12:27,270 --> 01:12:24,310  
you know contracts from the government

1605  
01:12:29,640 --> 01:12:27,280  
he had cash to be able to to pay people

1606  
01:12:32,070 --> 01:12:29,650  
so he was able to really put out a call

1607  
01:12:33,450 --> 01:12:32,080  
and bring in all of these various people

1608  
01:12:35,459 --> 01:12:33,460  
and you I mean Bickle is not the only

1609  
01:12:38,490 --> 01:12:35,469  
one you look at a lot of other people

1610  
01:12:41,490 --> 01:12:38,500  
who have been involved in many of these

1611  
01:12:44,190 --> 01:12:41,500  
UFO projects over the years John

1612  
01:12:46,229 --> 01:12:44,200  
Alexander is another one you know good

1613  
01:12:47,880 --> 01:12:46,239

friend of Bob Bigelow and has been tied

1614

01:12:50,250 --> 01:12:47,890

in with all of these programs it's gonna

1615

01:12:52,050 --> 01:12:50,260

walk a ranch all of it so I mean there's

1616

01:12:54,510 --> 01:12:52,060

a lot of that but you get a lot of the

1617

01:12:57,180 --> 01:12:54,520

same players to you because although the

1618

01:13:00,330 --> 01:12:57,190

UFO field is somewhat big it's also

1619

01:13:07,400 --> 01:13:00,340

incredibly small that's true everybody

1620

01:13:15,240 --> 01:13:12,150

higher things Ellen can I add in terms

1621

01:13:17,310 --> 01:13:15,250

of the the financing of these programs

1622

01:13:20,640 --> 01:13:17,320

are these investigations into the

1623

01:13:22,680 --> 01:13:20,650

unknown I think it's important to to

1624

01:13:25,860 --> 01:13:22,690

look at the new owner of a skinwalker

1625

01:13:28,140 --> 01:13:25,870

ranch he specifically states you know

1626  
01:13:30,450 --> 01:13:28,150  
that I want no help from the government

1627  
01:13:32,430 --> 01:13:30,460  
whereas we know a lot of the work skin

1628  
01:13:35,610 --> 01:13:32,440  
that Bob Bigelow did of skinwalker ranch

1629  
01:13:37,710 --> 01:13:35,620  
was funded by government money so now

1630  
01:13:39,900 --> 01:13:37,720  
that we have skinwalker ranch now under

1631  
01:13:41,010 --> 01:13:39,910  
new ownership with gentleman who

1632  
01:13:43,020 --> 01:13:41,020  
respectively

1633  
01:13:45,060 --> 01:13:43,030  
does not want to work with the

1634  
01:13:49,380 --> 01:13:45,070  
government or classifying any of the

1635  
01:13:51,990 --> 01:13:49,390  
information he finds he did say that he

1636  
01:13:54,180 --> 01:13:52,000  
met in Washington and briefed them on

1637  
01:13:56,550 --> 01:13:54,190  
what he was doing so I mean that's

1638  
01:13:59,130 --> 01:13:56,560

that's a whole other story but in terms

1639

01:14:01,560 --> 01:13:59,140

of financing I think yeah we have to

1640

01:14:05,280 --> 01:14:01,570

we just got hope that more excited

1641

01:14:08,550 --> 01:14:05,290

passionate rich people will get involved

1642

01:14:11,550 --> 01:14:08,560

and to constantly look at their motives

1643

01:14:15,510 --> 01:14:11,560

and agendas as well what do you make of

1644

01:14:17,370 --> 01:14:15,520

Brandon foogoo I think he's cool I mean

1645

01:14:19,710 --> 01:14:17,380

he's been very transparent from the

1646

01:14:21,540 --> 01:14:19,720

start not not in terms of his identity

1647

01:14:23,880 --> 01:14:21,550

that's something we just learned but

1648

01:14:26,760 --> 01:14:23,890

when it comes to what he's doing and

1649

01:14:28,410 --> 01:14:26,770

what he plans on doing I think he's been

1650

01:14:30,660 --> 01:14:28,420

pretty straightforward he doesn't

1651

01:14:33,750 --> 01:14:30,670

pretend to have answers he doesn't

1652

01:14:36,660 --> 01:14:33,760

pretend that there's going or promise

1653

01:14:39,450 --> 01:14:36,670

there's going to be any bombshells

1654

01:14:42,090 --> 01:14:39,460

coming out of there but look he did this

1655

01:14:46,140 --> 01:14:42,100

for a reason it clearly it wasn't to

1656

01:14:47,550 --> 01:14:46,150

make money so who knows who knows what's

1657

01:14:49,260 --> 01:14:47,560

gonna happen I guess we'll have to wait

1658

01:14:51,540 --> 01:14:49,270

and see the TV show I know he's gonna be

1659

01:14:53,880 --> 01:14:51,550

involved with that but um yeah I think

1660

01:14:55,860 --> 01:14:53,890

he's a pretty cool dude just from him

1661

01:14:59,580 --> 01:14:55,870

now coming forward and talking about it

1662

01:15:00,990 --> 01:14:59,590

um I'm on board so far I agree it's what

1663

01:15:03,600 --> 01:15:01,000

we just were talking about you know

1664

01:15:05,250 --> 01:15:03,610

hoping for another person who wants to

1665

01:15:06,540 --> 01:15:05,260

spend their money on the paranormal here

1666

01:15:09,570 --> 01:15:06,550

we go with money

1667

01:15:12,450 --> 01:15:09,580

my skinwalker ranch and then doing a TV

1668

01:15:15,000 --> 01:15:12,460

show so we can see skinwalker ranch and

1669

01:15:17,000 --> 01:15:15,010

you know go along for the ride

1670

01:15:19,770 --> 01:15:17,010

with some of these experiments and and

1671

01:15:22,200 --> 01:15:19,780

you know see what happens and you know

1672

01:15:25,290 --> 01:15:22,210

Alan I I share some of your reservations

1673

01:15:27,000 --> 01:15:25,300

concerns about the the news show and you

1674

01:15:29,130 --> 01:15:27,010

know what will we really see what would

1675

01:15:32,010 --> 01:15:29,140

that really be any any me to this show

1676

01:15:33,570 --> 01:15:32,020

and you know I think Brandon really

1677

01:15:36,030 --> 01:15:33,580

wants to

1678

01:15:37,560 --> 01:15:36,040

he's not really focused on entertainment

1679

01:15:39,510 --> 01:15:37,570

I think he really is passionate and

1680

01:15:45,300 --> 01:15:39,520

wants to find answers to these mysteries

1681

01:15:47,310 --> 01:15:45,310

so that gives me hope but also this well

1682

01:15:50,100 --> 01:15:47,320

probably next week well I guess this

1683

01:15:51,750 --> 01:15:50,110

week on rogue planet TV we're going to

1684

01:15:53,760 --> 01:15:51,760

make an announcement we've got a show

1685

01:15:56,280 --> 01:15:53,770

we're rolling out that is directly tied

1686

01:16:00,570 --> 01:15:56,290

to the secretive skinwalker ranch and

1687

01:16:03,510 --> 01:16:00,580

it's you know in it has people involved

1688

01:16:05,100 --> 01:16:03,520

from the show right who are leading this

1689

01:16:08,940 --> 01:16:05,110

this new show that we're rolling out

1690

01:16:10,800 --> 01:16:08,950

that will give people a chance to really

1691

01:16:14,100 --> 01:16:10,810

hear the inside sort of behind the

1692

01:16:15,390 --> 01:16:14,110

scenes of making the show as well as you

1693

01:16:17,940 --> 01:16:15,400

know talking to some of the people on

1694

01:16:20,010 --> 01:16:17,950

the show and finding out about how it

1695

01:16:21,900 --> 01:16:20,020

was made and and what actually went on

1696

01:16:24,180 --> 01:16:21,910

during the investigations yeah I think

1697

01:16:25,940 --> 01:16:24,190

you I think you're right it's goes with

1698

01:16:28,320 --> 01:16:25,950

my analogy with the curse of Oak Island

1699

01:16:30,960 --> 01:16:28,330

even though there is a lot of filler

1700

01:16:33,090 --> 01:16:30,970

over like us almost seven years now

1701

01:16:36,540 --> 01:16:33,100

they actually have found artifacts and

1702

01:16:37,980 --> 01:16:36,550

in the past couple of years they've made

1703

01:16:39,840 --> 01:16:37,990

some really significant discoveries

1704

01:16:41,340 --> 01:16:39,850

which i think is great

1705

01:16:44,430 --> 01:16:41,350

I just think you can condense that into

1706

01:16:45,630 --> 01:16:44,440

five episodes no but but at the same

1707

01:16:48,480 --> 01:16:45,640

time the reason it's one of the most

1708

01:16:50,730 --> 01:16:48,490

popular shows is the same reason we do

1709

01:16:52,860 --> 01:16:50,740

this program which is right now just

1710

01:16:54,420 --> 01:16:52,870

living in the mystery like there's

1711

01:16:56,610 --> 01:16:54,430

something about going on that journey

1712

01:16:58,770 --> 01:16:56,620

and not getting the answer and just

1713

01:17:01,170 --> 01:16:58,780

getting little tidbits along the way and

1714

01:17:03,690 --> 01:17:01,180

that's that's something that keeps

1715

01:17:09,330 --> 01:17:03,700

bringing me back to ufology to the

1716

01:17:11,820 --> 01:17:09,340

paranormal shows like that okay no no

1717

01:17:14,190 --> 01:17:11,830

bad car okay the the new owner of

1718

01:17:17,310 --> 01:17:14,200

skinwalker ranch because this name is

1719

01:17:18,780 --> 01:17:17,320

new to me Brandon fuga lugol's fu G al

1720

01:17:20,640 --> 01:17:18,790

he's 46 easy

1721

01:17:23,400 --> 01:17:20,650

he reached real estate developer from

1722

01:17:25,980 --> 01:17:23,410

Utah and here's his quote this is from

1723

01:17:28,110 --> 01:17:25,990

Newsweek magazine of all places quote

1724

01:17:29,820 --> 01:17:28,120

science and discovery are what drive me

1725

01:17:32,370 --> 01:17:29,830

it's not money it's not that I'm

1726

01:17:35,010 --> 01:17:32,380

obsessed with UFOs or little green men

1727

01:17:37,710 --> 01:17:35,020

or cattle mutilations or shape-shifting

1728

01:17:40,320 --> 01:17:37,720

demonic and demonic entities I have no

1729

01:17:42,000 --> 01:17:40,330

idea if aliens exist you'd have to ask

1730

01:17:46,290 --> 01:17:42,010

them and quotes

1731

01:17:46,859 --> 01:17:46,300

that's brilliant that is really yeah

1732

01:17:49,109 --> 01:17:46,869

yeah

1733

01:17:50,609 --> 01:17:49,119

I'm not mark do you have hope that he's

1734

01:17:51,720 --> 01:17:50,619

gonna discover something I know you tend

1735

01:17:54,689 --> 01:17:51,730

to be a little more conservative on they

1736

01:17:56,430 --> 01:17:54,699

met these matters for the most part I in

1737

01:18:01,439 --> 01:17:56,440

an in general light I have to be

1738

01:18:02,580 --> 01:18:01,449

conservative because I as a science

1739

01:18:04,260 --> 01:18:02,590

person I don't want to jump to

1740

01:18:06,120 --> 01:18:04,270

conclusions right we want to maintain we

1741

01:18:09,270 --> 01:18:06,130

do the proper scientific method with the

1742

01:18:12,300 --> 01:18:09,280

science we can but we don't have science

1743

01:18:15,720 --> 01:18:12,310

we we have to make some kind of

1744

01:18:18,000 --> 01:18:15,730

speculative assumptions on the submarine

1745

01:18:20,490 --> 01:18:18,010

we you know I speculated that this thing

1746

01:18:23,760 --> 01:18:20,500

moving several hundred knots was nothing

1747

01:18:25,830 --> 01:18:23,770

human nothing that any humans made okay

1748

01:18:29,700 --> 01:18:25,840

it certainly wasn't a supersonic whale

1749

01:18:35,339 --> 01:18:29,710

fart okay let's be clear okay but on the

1750

01:18:38,490 --> 01:18:35,349

other hand I did look up to be clear the

1751

01:18:42,000 --> 01:18:38,500

Navy was granted several patents just

1752

01:18:45,270 --> 01:18:42,010

recently and Ryan and Jason you guys may

1753

01:18:49,919 --> 01:18:45,280

know about this I don't know these and

1754

01:18:53,070 --> 01:18:49,929

maybe Carol these patents that were

1755

01:18:56,399 --> 01:18:53,080

granted to the Navy were for very

1756

01:18:58,800 --> 01:18:56,409

high-speed underwater vehicles that

1757

01:19:00,359 --> 01:18:58,810

could move way faster than current

1758

01:19:01,500 --> 01:19:00,369

technology allows and we're not talking

1759

01:19:04,620 --> 01:19:01,510

about torpedoes we're talking about

1760

01:19:07,169 --> 01:19:04,630

vessels all right they were just granted

1761

01:19:09,300 --> 01:19:07,179

patents for this now I look at that and

1762

01:19:11,790 --> 01:19:09,310

say well if the patents are just granted

1763

01:19:13,830 --> 01:19:11,800

now does it mean that maybe this existed

1764

01:19:15,839 --> 01:19:13,840

decades ago and they're just patenting

1765

01:19:18,450 --> 01:19:15,849

and now I mean you can't say it's not

1766

01:19:20,640 --> 01:19:18,460

true from a science perspective which is

1767

01:19:23,520 --> 01:19:20,650

what I base things on I would have to

1768

01:19:25,859 --> 01:19:23,530

say well it could have been that it was

1769

01:19:27,450 --> 01:19:25,869

being tested way back then look how long

1770

01:19:29,490 --> 01:19:27,460

it took the stealth fighter to go into

1771

01:19:30,959 --> 01:19:29,500

production and become known I mean those

1772

01:19:32,520 --> 01:19:30,969

number of years right well I'm talking

1773

01:19:35,820 --> 01:19:32,530

decades for this but this is a huge

1774

01:19:38,660 --> 01:19:35,830

technology but they said the patents

1775

01:19:41,970 --> 01:19:38,670

that were granted allow the Navy to now

1776

01:19:44,760 --> 01:19:41,980

own technology that will allow them to

1777

01:19:47,550 --> 01:19:44,770

go really fast underwater as if the

1778

01:19:50,100 --> 01:19:47,560

water isn't really a factor and really

1779

01:19:51,720 --> 01:19:50,110

fast in the air as well doing maneuvers

1780

01:19:53,820 --> 01:19:51,730

that are unlike any known to any

1781

01:19:57,450 --> 01:19:53,830

aircraft or submarine to this to the to

1782

01:20:00,720 --> 01:19:57,460

the day of today okay that sort of

1783

01:20:02,430 --> 01:20:00,730

sounds like well every UFO that we talk

1784

01:20:04,590 --> 01:20:02,440

about now is that mean it's all one of

1785

01:20:08,790 --> 01:20:04,600

ours we can't say it's not it's and

1786

01:20:13,229 --> 01:20:08,800

phibian that an amphibian machine I mean

1787

01:20:15,060 --> 01:20:13,239

what would well the technology applied

1788

01:20:17,070 --> 01:20:15,070

to an undersea vehicle versus technology

1789

01:20:20,070 --> 01:20:17,080

applied to an aerial vehicle the same

1790

01:20:22,229 --> 01:20:20,080

technology can be applied to both with

1791

01:20:25,260 --> 01:20:22,239

differences I mean there's a medium just

1792

01:20:28,440 --> 01:20:25,270

like water okay it's just dinner than

1793

01:20:30,330 --> 01:20:28,450

water okay so the concept of how these

1794

01:20:33,930 --> 01:20:30,340

vehicles travel through a medium is sort

1795

01:20:36,330 --> 01:20:33,940

of the big thing here I don't know what

1796

01:20:38,100 --> 01:20:36,340

they've patented cuz I didn't read the

1797

01:20:41,790 --> 01:20:38,110

patent because I can't get access to the

1798

01:20:44,220 --> 01:20:41,800

pen okay because it was a it was a

1799

01:20:46,590 --> 01:20:44,230

secret patent but the patent has to be

1800

01:20:49,320 --> 01:20:46,600

logged in the US Patent Office and so I

1801

01:20:53,010 --> 01:20:49,330

saw that and it's like wow that's pretty

1802

01:20:56,760 --> 01:20:53,020

impressive so we we can't say no to that

1803

01:20:58,560 --> 01:20:56,770

so we don't know about yet and we don't

1804

01:21:02,670 --> 01:20:58,570

know the answer to that question you

1805

01:21:07,620 --> 01:21:02,680

know Carol has her finger up being at

1806

01:21:11,430 --> 01:21:07,630

the ceiling no can you substantiate that

1807

01:21:14,460 --> 01:21:11,440

meme that that you know I the validity

1808

01:21:16,260 --> 01:21:14,470

okay Apocrypha or not the fact that the

1809

01:21:20,310 --> 01:21:16,270

United States military has for a long

1810

01:21:22,680 --> 01:21:20,320

time had stuff technologies that are 50

1811

01:21:24,780 --> 01:21:22,690

years ahead of what we then come to find

1812

01:21:27,110 --> 01:21:24,790

out commercially with that 50 year thing

1813

01:21:29,640 --> 01:21:27,120

would you what what's your take on that

1814

01:21:32,940 --> 01:21:29,650

okay in my view because I do a lot of

1815

01:21:36,900 --> 01:21:32,950

work for the Navy I work on submarine

1816

01:21:40,380 --> 01:21:36,910

designs for the Navy which is again I'm

1817

01:21:42,780 --> 01:21:40,390

General Dynamics contractor for doing

1818

01:21:46,680 --> 01:21:42,790

those kinds of models right among

1819

01:21:50,790 --> 01:21:46,690

everything else I do and I worked on

1820

01:21:55,440 --> 01:21:50,800

boats and models and designs that are 30

1821

01:22:00,180 --> 01:21:55,450

years from being cut in steel okay and

1822

01:22:01,500 --> 01:22:00,190

so there is I know I wouldn't say 50

1823

01:22:04,290 --> 01:22:01,510

years I think that's just a round number

1824

01:22:06,210 --> 01:22:04,300

people are playing with but I know for a

1825

01:22:08,880 --> 01:22:06,220

fact that all the technology I dealt

1826

01:22:11,070 --> 01:22:08,890

with the stuff that I'm we're seeing now

1827

01:22:13,480 --> 01:22:11,080

in the water is stuff I built models of

1828

01:22:15,460 --> 01:22:13,490

20 years ago mmm I

1829

01:22:18,430 --> 01:22:15,470

years ago before was ever out there so

1830

01:22:20,550 --> 01:22:18,440

maybe 30 years but that's how long it

1831

01:22:23,080 --> 01:22:20,560

takes the matura technology from an idea

1832

01:22:24,700 --> 01:22:23,090

and beyond with the actual thing when

1833

01:22:26,380 --> 01:22:24,710

you put people's lives in danger when

1834

01:22:28,060 --> 01:22:26,390

you stick them inside a boat and travel

1835

01:22:30,070 --> 01:22:28,070

underwater you better have your

1836

01:22:33,670 --> 01:22:30,080

technology in line so they spend a lot

1837

01:22:35,800 --> 01:22:33,680

of time you know working that out so

1838

01:22:37,480 --> 01:22:35,810

that's that's my experience with it but

1839

01:22:39,010 --> 01:22:37,490

again I'm only in that little narrow

1840

01:22:42,250 --> 01:22:39,020

zone

1841

01:22:45,940 --> 01:22:42,260

I did I did let my clearance go two

1842

01:22:47,380 --> 01:22:45,950

years ago during my recovery I had to

1843

01:22:48,760 --> 01:22:47,390

learn how to see walk and talk again

1844

01:22:51,340 --> 01:22:48,770

that was kind of an important one

1845

01:22:53,260 --> 01:22:51,350

so I said all-consuming yeah to maintain

1846

01:22:57,070 --> 01:22:53,270

the clearance is just not gonna do it so

1847

01:22:59,140 --> 01:22:57,080

I I begged out of the program got out I

1848

01:23:00,760 --> 01:22:59,150

was right out of the program if they

1849

01:23:03,550 --> 01:23:00,770

want me back they can get me back but

1850

01:23:06,970 --> 01:23:03,560

I'm I'm not interested I have my life

1851  
01:23:10,510 --> 01:23:06,980  
back now you know I have privacy again

1852  
01:23:15,100 --> 01:23:10,520  
so I don't know I think Ellen and to

1853  
01:23:17,770 --> 01:23:15,110  
answer that question I don't know what

1854  
01:23:20,100 --> 01:23:17,780  
he's gonna see at skinwalker ranch I

1855  
01:23:24,940 --> 01:23:20,110  
don't know whether there's going to be

1856  
01:23:28,780 --> 01:23:24,950  
any revelations I'm conservative yes but

1857  
01:23:30,970 --> 01:23:28,790  
I'm also hopeful that it is something

1858  
01:24:02,320 --> 01:23:30,980  
beyond I mean I know there's things here

1859  
01:24:03,190 --> 01:24:02,330  
are we've seen him you know I do and

1860  
01:24:05,260 --> 01:24:03,200  
it's not

1861  
01:24:08,400 --> 01:24:05,270  
I don't shouldn't say this on the air

1862  
01:24:10,950 --> 01:24:08,410  
but your mic suddenly went very very low

1863  
01:24:14,410 --> 01:24:10,960

so I'm not sure what happened there I

1864

01:24:18,670 --> 01:24:14,420

heard I think most we said so the

1865

01:24:21,850 --> 01:24:18,680

emdrive in NASA oh good okay yeah what

1866

01:24:25,620 --> 01:24:21,860

what do you think that is because it's

1867

01:24:27,470 --> 01:24:25,630

like an anti grant of time warp drive

1868

01:24:30,229 --> 01:24:27,480

why would they even

1869

01:24:32,350 --> 01:24:30,239

talk about that openly if in fact we

1870

01:24:35,510 --> 01:24:32,360

have such advanced technologies already

1871

01:24:37,130 --> 01:24:35,520

well part of the problem is that most of

1872

01:24:39,710 --> 01:24:37,140

those designs are figured out in a

1873

01:24:43,220 --> 01:24:39,720

university by a mathematician or a

1874

01:24:45,650 --> 01:24:43,230

physicist or an astrophysicist

1875

01:24:46,940 --> 01:24:45,660

in 1994 Miguel Alcubierre II came up

1876

01:24:48,680 --> 01:24:46,950

with the AL khabiri drive it was a

1877

01:24:50,630 --> 01:24:48,690

tensor Jason knows what it is

1878

01:24:52,670 --> 01:24:50,640

Ryan knows what it is I think you also

1879

01:24:53,990 --> 01:24:52,680

know what it is Carol and now on those

1880

01:24:55,760 --> 01:24:54,000

artists we talked about it I think in

1881

01:24:59,150 --> 01:24:55,770

the show but he came up with that in

1882

01:25:01,390 --> 01:24:59,160

1994 an eagle works labs that's a

1883

01:25:03,920 --> 01:25:01,400

nasa-funded lab that sunny white is

1884

01:25:06,950 --> 01:25:03,930

heading up this division of interstellar

1885

01:25:11,660 --> 01:25:06,960

propulsion and he actually you know

1886

01:25:14,720 --> 01:25:11,670

getting money to look at this drive it

1887

01:25:17,240 --> 01:25:14,730

wasn't practical until they reworked the

1888

01:25:18,560 --> 01:25:17,250

geometry of a potential ship and found

1889

01:25:20,930 --> 01:25:18,570

that the energy requirements are

1890

01:25:24,470 --> 01:25:20,940

drastically reduced yeah if use a

1891

01:25:26,120 --> 01:25:24,480

different approach so you see I think

1892

01:25:27,560 --> 01:25:26,130

originally wasn't like the energy of a

1893

01:25:30,830 --> 01:25:27,570

Sun but required for the AL khabiri

1894

01:25:32,090 --> 01:25:30,840

drive something about minds like theirs

1895

01:25:34,340 --> 01:25:32,100

do you hear a lot of different things

1896

01:25:38,180 --> 01:25:34,350

and what I tell people publicly because

1897

01:25:40,310 --> 01:25:38,190

that's I think the best way to say it

1898

01:25:42,229 --> 01:25:40,320

it used to require the equivalent of

1899

01:25:43,880 --> 01:25:42,239

converting the entire planet Jupiter the

1900

01:25:46,040 --> 01:25:43,890

biggest planet in our solar system to

1901

01:25:47,510 --> 01:25:46,050

energy and using all that energy to

1902

01:25:49,610 --> 01:25:47,520

create this what's called a warp bubble

1903

01:25:51,260 --> 01:25:49,620

around the ship to help it you know warp

1904

01:25:53,840 --> 01:25:51,270

and Bend space so that we can actually

1905

01:25:57,320 --> 01:25:53,850

pull the distant things closer to us and

1906

01:25:59,420 --> 01:25:57,330

suddenly were there you know but now

1907

01:26:02,240 --> 01:25:59,430

with the reworking of the geometry of

1908

01:26:04,520 --> 01:26:02,250

the ship it's more like a size of

1909

01:26:07,160 --> 01:26:04,530

something like the Voyager spacecraft so

1910

01:26:09,260 --> 01:26:07,170

the mass difference is like 10 to 20 6

1911

01:26:12,350 --> 01:26:09,270

power difference you know sure that's a

1912

01:26:15,740 --> 01:26:12,360

huge difference in fact enough so that

1913

01:26:17,750 --> 01:26:15,750

NASA said hmm maybe we should fund a lab

1914

01:26:19,640 --> 01:26:17,760

to look at this because if we can

1915

01:26:21,520 --> 01:26:19,650

actually send a coke bottle size probe

1916

01:26:24,050 --> 01:26:21,530

to Alpha Centauri in just six days

1917

01:26:28,340 --> 01:26:24,060

that's better than the 12,000 years it

1918

01:26:31,100 --> 01:26:28,350

would take now absolutely yeah and so C

1919

01:26:34,520 --> 01:26:31,110

are you a mystic that that technology

1920

01:26:36,860 --> 01:26:34,530

that we can get there oh absolutely yeah

1921

01:26:38,120 --> 01:26:36,870

absolutely AM yeah and all we have to do

1922

01:26:40,250 --> 01:26:38,130

is look at our past history in

1923

01:26:41,240 --> 01:26:40,260

technological discovery to see that

1924

01:26:42,560 --> 01:26:41,250

remember that

1925

01:26:47,870 --> 01:26:42,570

when people said if he goes supersonic

1926

01:26:49,640 --> 01:26:47,880

you're gonna blow up right these guys no

1927

01:26:51,740 --> 01:26:49,650

no they're all saying they're all

1928

01:26:54,260 --> 01:26:51,750

nodding their head they know yeah so in

1929

01:26:55,820 --> 01:26:54,270

in again any technology that

1930

01:26:58,160 --> 01:26:55,830

sufficiently advanced looks like magic

1931

01:27:00,230 --> 01:26:58,170

we talked about that you know and

1932

01:27:02,330 --> 01:27:00,240

there's a lot of magic that we see with

1933

01:27:05,030 --> 01:27:02,340

UFOs isn't there oh absolutely

1934

01:27:07,070 --> 01:27:05,040

strange and things if you have any magic

1935

01:27:07,790 --> 01:27:07,080

to share with us tonight the phone lines

1936

01:27:10,070 --> 01:27:07,800

are open

1937

01:27:13,070 --> 01:27:10,080

so the paranormal radio app phone line

1938

01:27:16,630 --> 01:27:13,080

is eight five five four seven two five

1939

01:27:19,760 --> 01:27:16,640

four eight three that's eight 5kg are a

1940

01:27:21,890 --> 01:27:19,770

live so call in wait for your cue and

1941

01:27:23,750 --> 01:27:21,900

we'll get you on the air just sound off

1942

01:27:27,200 --> 01:27:23,760

I do want to hear especially all y'all

1943

01:27:30,620 --> 01:27:27,210

in the chatroom what what it's been like

1944

01:27:32,780 --> 01:27:30,630

for you now during this coronavirus

1945

01:27:35,900 --> 01:27:32,790

episode of ours and any comments that

1946

01:27:38,000 --> 01:27:35,910

you have for our guests tonight so I do

1947

01:27:39,650 --> 01:27:38,010

want I do want to make sure we don't get

1948

01:27:42,500 --> 01:27:39,660

to the end without hitting some positive

1949

01:27:44,170 --> 01:27:42,510

things so I'll start with this and I

1950

01:27:48,320 --> 01:27:44,180

posted this like all over social media

1951

01:27:53,240 --> 01:27:48,330

my new favorite movie is troop zero it's

1952

01:27:55,190 --> 01:27:53,250

on Amazon I literally was hearing I mean

1953

01:27:57,110 --> 01:27:55,200

I tear up when I watch a movie but I was

1954

01:28:00,650 --> 01:27:57,120

literally tearing when I was watching

1955

01:28:03,500 --> 01:28:00,660

this and laughing and it was just such a

1956

01:28:05,690 --> 01:28:03,510

heartwarming film it just filled me with

1957

01:28:07,250 --> 01:28:05,700

humanity it was so beautiful so anybody

1958

01:28:10,820 --> 01:28:07,260

out there who just needs to feel good

1959

01:28:13,250 --> 01:28:10,830

that's it's a great film to watch

1960

01:28:15,890 --> 01:28:13,260

in other news rockets are being launched

1961

01:28:18,460 --> 01:28:15,900

into space nonetheless so that's that's

1962

01:28:20,870 --> 01:28:18,470

positive we now have a space force

1963

01:28:22,660 --> 01:28:20,880

engage in that regard that's another

1964

01:28:26,420 --> 01:28:22,670

topic I don't have to go down that road

1965

01:28:28,160 --> 01:28:26,430

but for y'all what what what do you

1966

01:28:29,240 --> 01:28:28,170

have that's positive that can you can

1967

01:28:33,260 --> 01:28:29,250

share with everybody uplift their

1968

01:28:42,740 --> 01:28:33,270

spirits something that they can do Jason

1969

01:28:45,020 --> 01:28:42,750

me not mean us yeah I'll do a little

1970

01:28:47,600 --> 01:28:45,030

shameless plug for a thing Jason and I

1971

01:28:51,230 --> 01:28:47,610

recently did over a rogue planet we put

1972

01:28:53,930 --> 01:28:51,240

together a self quarantine list of UFO

1973

01:28:54,709 --> 01:28:53,940

content to consume while you're stuck in

1974

01:28:57,560 --> 01:28:54,719

your homes

1975

01:29:00,800 --> 01:28:57,570

and we're constantly updating it every

1976

01:29:02,000 --> 01:29:00,810

day so I started it but I certainly

1977

01:29:05,300 --> 01:29:02,010

don't want to end it

1978

01:29:08,840 --> 01:29:05,310

so yeah people in the chat room or

1979

01:29:11,300 --> 01:29:08,850

anyone has any any ideas of UFO content

1980

01:29:14,240 --> 01:29:11,310

you think people should use their time

1981

01:29:15,770 --> 01:29:14,250

with this would be a good opportunity so

1982

01:29:18,680 --> 01:29:15,780

yeah we had a lot of fun looking at the

1983

01:29:21,080 --> 01:29:18,690

list and talking about a lot of the UFO

1984

01:29:23,270 --> 01:29:21,090

content that's out there that we would

1985

01:29:27,080 --> 01:29:23,280

suggest and Alan I have a recommendation

1986

01:29:30,020 --> 01:29:27,090

to a show on Disney Plus called so weird

1987

01:29:34,939 --> 01:29:30,030

it's from the I want to say the mid-90s

1988

01:29:36,950 --> 01:29:34,949

maybe yes right yeah girl went out on

1989

01:29:38,930 --> 01:29:36,960

the road it's like an it's like the

1990

01:29:40,880 --> 01:29:38,940

x-files she's out on the road with her

1991

01:29:43,610 --> 01:29:40,890

mom who's a rock star of literal rock

1992

01:29:45,770 --> 01:29:43,620

star and she's investigating everything

1993

01:29:47,900 --> 01:29:45,780

from ghosts to Bigfoot to UFOs and

1994

01:29:50,300 --> 01:29:47,910

everything in between and I will tell

1995

01:29:52,220 --> 01:29:50,310

you this for a show on Disney and for a

1996

01:29:54,800 --> 01:29:52,230

character as young as this one is on the

1997

01:29:57,590 --> 01:29:54,810

show the protagonist they tackle some

1998

01:30:00,470 --> 01:29:57,600

really really interesting concepts and

1999

01:30:03,229 --> 01:30:00,480

theories in terms of quantum physics and

2000

01:30:06,830 --> 01:30:03,239

the early days of the Internet and the

2001

01:30:08,479 --> 01:30:06,840

simulation theory so yeah really really

2002

01:30:10,820 --> 01:30:08,489

really interesting for Disney but I

2003

01:30:15,439 --> 01:30:10,830

highly suggest people check it out it's

2004

01:30:17,720 --> 01:30:15,449

fun is the time yeah I like that what

2005

01:30:19,100 --> 01:30:17,730

about yeah can I do a shameless plug

2006

01:30:21,740 --> 01:30:19,110

then please do yeah

2007

01:30:23,959 --> 01:30:21,750

if people are gonna be shut in and I've

2008

01:30:26,150 --> 01:30:23,969

been noticing that my subscriber numbers

2009

01:30:34,729 --> 01:30:26,160

are actually jumping daily it's crazy

2010

01:30:37,070 --> 01:30:34,739

mm-hm they might yeah because people we

2011

01:30:39,200 --> 01:30:37,080

have we haven't an observatory that we

2012

01:30:41,390 --> 01:30:39,210

run on clear nights it's called sky tour

2013

01:30:42,920 --> 01:30:41,400

livestream and it's on YouTube and you

2014

01:30:44,570 --> 01:30:42,930

know it's public outreach in astronomy

2015

01:30:47,510 --> 01:30:44,580

it takes you into a beautiful big

2016

01:30:50,090 --> 01:30:47,520

observatory to see the deep sky in

2017

01:30:52,880 --> 01:30:50,100

seconds using special cameras that we've

2018

01:30:54,830 --> 01:30:52,890

got here and allows people to see what

2019

01:30:56,810 --> 01:30:54,840

it's like to go exploring the deep sky

2020

01:30:58,670 --> 01:30:56,820

see things they've never seen galaxies

2021

01:31:00,979 --> 01:30:58,680

star clusters things that just can't see

2022

01:31:02,510 --> 01:31:00,989

what they're I yeah and we have an

2023

01:31:04,550 --> 01:31:02,520

observatory here in Connecticut in fact

2024

01:31:06,890 --> 01:31:04,560

it's 80 feet that way on my front yard

2025

01:31:08,480 --> 01:31:06,900

but we're actually starting one in

2026

01:31:09,950 --> 01:31:08,490

Arizona we have a second

2027

01:31:12,500 --> 01:31:09,960

Observatory we're building in Arizona

2028

01:31:16,250 --> 01:31:12,510

right now Coronas kind of you know

2029

01:31:17,900 --> 01:31:16,260

slowed it down a little bit but we

2030

01:31:19,040 --> 01:31:17,910

poured the concrete pad we're adding an

2031

01:31:20,480 --> 01:31:19,050

instrument in there we're putting

2032

01:31:23,000 --> 01:31:20,490

another telescope another building out

2033

01:31:25,430 --> 01:31:23,010

there and we're gonna be looking at it

2034

01:31:28,160 --> 01:31:25,440

at the sky from the Sonoran Desert where

2035

01:31:31,370 --> 01:31:28,170

the sky is absolutely pitch black it's

2036

01:31:34,910 --> 01:31:31,380

beautiful so it represents a huge jump

2037

01:31:36,560 --> 01:31:34,920

in technology and if you're really bored

2038

01:31:38,960 --> 01:31:36,570

and you can't wait for the next clear

2039

01:31:41,110 --> 01:31:38,970

night sky tour livestream well then you

2040

01:31:44,510 --> 01:31:41,120

can always buy the populated universe

2041

01:31:46,700 --> 01:31:44,520

that's uh that's the book I wrote and

2042

01:31:50,030 --> 01:31:46,710

that it was a long time coming but it's

2043

01:31:51,650 --> 01:31:50,040

a book about you know the exoplanets and

2044

01:31:56,510 --> 01:31:51,660

the search for extraterrestrial life yes

2045

01:31:59,810 --> 01:31:56,520

here and out there really cool so at the

2046

01:32:01,640 --> 01:31:59,820

end the movie by the way it's a TV

2047

01:32:04,730 --> 01:32:01,650

series the best TV series right now that

2048

01:32:07,790 --> 01:32:04,740

I like I'm a geek yeah all of you look

2049

01:32:12,950 --> 01:32:07,800

at me know that okay

2050

01:32:16,010 --> 01:32:12,960

I like p-card you know okay real good

2051

01:32:17,690 --> 01:32:16,020

show all right so I think this is a I'm

2052

01:32:19,550 --> 01:32:17,700

gonna take this phone call and then

2053

01:32:20,420 --> 01:32:19,560

we'll come back to Picard cuz I have

2054

01:32:26,750 --> 01:32:20,430

some thoughts on the matter

2055

01:32:30,770 --> 01:32:26,760

so Ron Ron you're on the air how are you

2056

01:32:33,290 --> 01:32:30,780

brother hello and thank you Alan for a

2057

01:32:36,590 --> 01:32:33,300

live show and thank you very proud table

2058

01:32:37,640 --> 01:32:36,600

discussion I love this format thank you

2059

01:32:43,580 --> 01:32:37,650

yeah

2060

01:32:46,670 --> 01:32:43,590

square table and anyway mine is actually

2061

01:32:52,820 --> 01:32:46,680

rectangle you want to be specific but

2062

01:33:02,480 --> 01:32:52,830

anyway I have your big book the large

2063

01:33:04,820 --> 01:33:02,490

format as you call it of the populated

2064

01:33:12,050 --> 01:33:04,830

universe area go ahead wrong title in my

2065

01:33:16,190 --> 01:33:12,060

head committee sorry couldn't get it to

2066

01:33:19,010 --> 01:33:16,200

work there but anyway nothing had much

2067

01:33:22,130 --> 01:33:19,020

change here on a little postage stamp

2068

01:33:28,730 --> 01:33:22,140

where I love that what just

2069

01:33:31,010 --> 01:33:28,740

cornfield and highway I I think in town

2070

01:33:33,680 --> 01:33:31,020

things change you know some places are

2071

01:33:35,480 --> 01:33:33,690

not open you know then ordered delivery

2072

01:33:39,290 --> 01:33:35,490

only you know like coming to restaurants

2073

01:33:40,640 --> 01:33:39,300

and stuff done but uh then that grocery

2074

01:33:42,560 --> 01:33:40,650

store like I'm going and get my

2075

01:33:45,770 --> 01:33:42,570

medication and I'll get a few things and

2076

01:33:47,330 --> 01:33:45,780

it's like I'm like thinking I gotta do

2077

01:33:50,570 --> 01:33:47,340

this really fast cuz I don't want

2078

01:33:52,220 --> 01:33:50,580

anything you know getting getting on me

2079

01:33:55,400 --> 01:33:52,230

or anything like that so mentally I'm

2080

01:33:57,710 --> 01:33:55,410

thinking I usually I don't move that

2081

01:34:00,830 --> 01:33:57,720

fast you go to the grocery store I just

2082

01:34:04,220 --> 01:34:00,840

you know get eaten and go but now it's

2083

01:34:08,990 --> 01:34:04,230

like I mean I'm liking like you talking

2084

01:34:13,310 --> 01:34:09,000

about warp speed yes yeah and we're in

2085

01:34:16,130 --> 01:34:13,320

Minnesota right Ron yeah yeah yeah you

2086

01:34:19,460 --> 01:34:16,140

know we have we have almost I think

2087

01:34:23,690 --> 01:34:19,470

we're like closer to 700 positive pieces

2088

01:34:28,930 --> 01:34:23,700

or close to that now and we have like 12

2089

01:34:31,700 --> 01:34:28,940

deaths and in conjunction with the virus

2090

01:34:32,540 --> 01:34:31,710

that's not that might not sound like a

2091

01:34:34,900 --> 01:34:32,550

whole lot

2092

01:34:37,010 --> 01:34:34,910

something like New York or you know even

2093

01:34:40,670 --> 01:34:37,020

someone you know in California or

2094

01:34:42,200 --> 01:34:40,680

something like that but I mean you know

2095

01:34:44,120 --> 01:34:42,210

that's a big number

2096

01:34:45,800 --> 01:34:44,130

you know when you think about it yeah

2097

01:34:50,630 --> 01:34:45,810

that's more than Smith let's be in New

2098

01:34:53,690 --> 01:34:50,640

York Alan I was talking to someone today

2099

01:34:57,860 --> 01:34:53,700

and it remains to be substantiated of

2100

01:35:00,830 --> 01:34:57,870

course but I think that the state police

2101

01:35:03,020 --> 01:35:00,840

in Connecticut mm-hmm are stopping cars

2102

01:35:04,970 --> 01:35:03,030

coming over the border from New York and

2103

01:35:07,310 --> 01:35:04,980

not stopping them and turn him around

2104

01:35:09,980 --> 01:35:07,320

but but saying where you going

2105

01:35:11,990 --> 01:35:09,990

Hollan gonna be here let me take your

2106

01:35:13,730 --> 01:35:12,000

information we have to know where you

2107

01:35:17,450 --> 01:35:13,740

are in case you don't even know you have

2108

01:35:19,360 --> 01:35:17,460

this you know what I mean and I didn't

2109

01:35:21,140 --> 01:35:19,370

know they were taking information okay

2110

01:35:23,690 --> 01:35:21,150

what's that I didn't know they're

2111

01:35:27,470 --> 01:35:23,700

collecting information like that well

2112

01:35:28,670 --> 01:35:27,480

they're you know I mean in a pandemic I

2113

01:35:31,100 --> 01:35:28,680

mean it's kind of important to be able

2114

01:35:33,710 --> 01:35:31,110

to track people and yet you think your

2115

01:35:35,649 --> 01:35:33,720

your your rights and and right to

2116

01:35:38,770 --> 01:35:35,659

privacy and all that yeah

2117

01:35:41,799 --> 01:35:38,780

it's a slippery slope you know but what

2118

01:35:42,939 --> 01:35:41,809

do you do what were some from New York

2119

01:35:44,859 --> 01:35:42,949

and they head over to Danbury

2120

01:35:47,619 --> 01:35:44,869

Connecticut mm-hmm

2121

01:35:49,479 --> 01:35:47,629

to see a friend and they go you know out

2122

01:35:51,099 --> 01:35:49,489

for a walk in the park and they end up

2123

01:35:52,449 --> 01:35:51,109

getting someone infected now that person

2124

01:35:58,899 --> 01:35:52,459

has this infection how they get that

2125

01:36:03,250 --> 01:35:58,909

yeah you know so they can yeah thank you

2126  
01:36:04,929 --> 01:36:03,260  
so much oh go ahead run yep Allen yes

2127  
01:36:06,669 --> 01:36:04,939  
yeah I'm just gonna say this whole point

2128  
01:36:10,060 --> 01:36:06,679  
of staying at home is if you don't want

2129  
01:36:12,099 --> 01:36:10,070  
to travel tunes and transmit the virus

2130  
01:36:14,199 --> 01:36:12,109  
or whatever but anyway I know it's

2131  
01:36:16,029 --> 01:36:14,209  
difficult you want to get out after you

2132  
01:36:18,279 --> 01:36:16,039  
stayed home for six months in the

2133  
01:36:20,109 --> 01:36:18,289  
wintertime but anyway all right thank

2134  
01:36:22,239 --> 01:36:20,119  
you very much how long protocol and you

2135  
01:36:25,029 --> 01:36:22,249  
and I hope that everyone have a great

2136  
01:36:27,250 --> 01:36:25,039  
and safe week and we'll get through this

2137  
01:36:32,589 --> 01:36:27,260  
I think I believe that

2138  
01:36:35,349 --> 01:36:32,599

I believe yes thank you so much run yeah

2139

01:36:38,379 --> 01:36:35,359

I'll say that New York you know we went

2140

01:36:40,799 --> 01:36:38,389

from our typical speed is warp 10 we

2141

01:36:43,810 --> 01:36:40,809

went from warp 10 to warp zero real fast

2142

01:36:46,929 --> 01:36:43,820

so it's it's been an odd adjustment for

2143

01:36:49,270 --> 01:36:46,939

all of us here and even if you out there

2144

01:36:51,579 --> 01:36:49,280

you're in a different state and things

2145

01:36:53,979 --> 01:36:51,589

aren't the same as here in New York or

2146

01:36:57,489 --> 01:36:53,989

Washington or California wherever

2147

01:36:59,709 --> 01:36:57,499

Florida you know it's affecting you all

2148

01:37:01,750 --> 01:36:59,719

we know that do you know I know New York

2149

01:37:03,129 --> 01:37:01,760

gets that attention that the idea that

2150

01:37:05,500 --> 01:37:03,139

we're the center of attention and we

2151  
01:37:09,250 --> 01:37:05,510  
think it's all about us what sometimes

2152  
01:37:11,739 --> 01:37:09,260  
can be a little true but we get it you

2153  
01:37:15,399 --> 01:37:11,749  
know this isn't all about yeah this is

2154  
01:37:16,989 --> 01:37:15,409  
this is about the nation and Mark I

2155  
01:37:19,359 --> 01:37:16,999  
think I think there's a point to be made

2156  
01:37:21,579 --> 01:37:19,369  
there if I if I have an emergency

2157  
01:37:24,639 --> 01:37:21,589  
and I'm and I'm going to to the doctor

2158  
01:37:28,029 --> 01:37:24,649  
right they need my information to take

2159  
01:37:30,159 --> 01:37:28,039  
care of me and so there are we had it's

2160  
01:37:32,589 --> 01:37:30,169  
a slippery slope but there are times

2161  
01:37:34,359 --> 01:37:32,599  
where for the collective good we do have

2162  
01:37:37,029 --> 01:37:34,369  
to do those sort of things I think it I

2163  
01:37:38,199 --> 01:37:37,039

think it's important so we have another

2164

01:37:41,169 --> 01:37:38,209

call here I'm going to bring them on the

2165

01:37:42,729 --> 01:37:41,179

line before we run out of time so Mike

2166

01:37:49,300 --> 01:37:42,739

from Chicago you're on the air D of a

2167

01:37:53,770 --> 01:37:51,520

show thank you for everything you do as

2168

01:37:55,360 --> 01:37:53,780

well as race down at the K GRA thank you

2169

01:37:57,220 --> 01:37:55,370

my appreciation question for the whole

2170

01:38:01,270 --> 01:37:57,230

panel here thank you yeah

2171

01:38:03,400 --> 01:38:01,280

I'm just curious whether to your guys's

2172

01:38:07,120 --> 01:38:03,410

thoughts do you think this virus is a

2173

01:38:09,880 --> 01:38:07,130

natural occurring virus or potentially a

2174

01:38:15,970 --> 01:38:09,890

man-made virus all right who wants to

2175

01:38:20,290 --> 01:38:15,980

take that I can offer my unconsidered

2176

01:38:22,030 --> 01:38:20,300

opinion okay I've heard a lot of talk

2177

01:38:24,670 --> 01:38:22,040

saying that was engineered in the lab

2178

01:38:27,700 --> 01:38:24,680

all that and at first that's what was

2179

01:38:29,650 --> 01:38:27,710

released by the press because everybody

2180

01:38:31,270 --> 01:38:29,660

leaped at the fact that it had to escape

2181

01:38:33,670 --> 01:38:31,280

from a lab because it's so very lint or

2182

01:38:36,370 --> 01:38:33,680

whatever then they talked about the live

2183

01:38:41,770 --> 01:38:36,380

animal market in China where this

2184

01:38:45,310 --> 01:38:41,780

originated and so I as far as I'm

2185

01:38:47,110 --> 01:38:45,320

concerned we don't really know do we the

2186

01:38:48,520 --> 01:38:47,120

public doesn't really know I mean we

2187

01:38:49,660 --> 01:38:48,530

have to wait for all the data to come in

2188

01:38:51,250 --> 01:38:49,670

we have to wait for someone to do a

2189

01:38:54,310 --> 01:38:51,260

study and say hey how did this actually

2190

01:38:55,750 --> 01:38:54,320

get loose was it really from a lab I

2191

01:38:57,910 --> 01:38:55,760

don't know what you guys think but

2192

01:39:01,150 --> 01:38:57,920

that's mine I don't we can't tell right

2193

01:39:04,810 --> 01:39:01,160

now I think that the question would be

2194

01:39:09,010 --> 01:39:04,820

is there any evident evidence to suggest

2195

01:39:12,370 --> 01:39:09,020

that at all right now as far as I can

2196

01:39:17,230 --> 01:39:12,380

see it's one of these these you know

2197

01:39:20,700 --> 01:39:17,240

interspecies Tran species diseases that

2198

01:39:22,990 --> 01:39:20,710

actually jumped I mean we had that with

2199

01:39:25,770 --> 01:39:23,000

several other viruses in the United

2200

01:39:29,980 --> 01:39:25,780

States that actually not shut us down

2201

01:39:33,250 --> 01:39:29,990

but it caused very similar very

2202

01:39:36,160 --> 01:39:33,260

different but similar methods of

2203

01:39:38,680 --> 01:39:36,170

behavior and the people we had people

2204

01:39:41,710 --> 01:39:38,690

wearing masks we had counters that were

2205

01:39:44,530 --> 01:39:41,720

separated from you by a tape you know

2206

01:39:45,880 --> 01:39:44,540

this was 30 years ago for another one

2207

01:39:48,280 --> 01:39:45,890

that passed through you know I can't

2208

01:39:50,590 --> 01:39:48,290

remember which one it was but um I was a

2209

01:39:53,620 --> 01:39:50,600

kid you know pretty much when those were

2210

01:39:55,120 --> 01:39:53,630

happening so I wasn't really uh well had

2211

01:39:58,990 --> 01:39:55,130

to be more than 30 years sorry I'm old

2212

01:40:01,750 --> 01:39:59,000

anyway but we yeah and Mike I'll say

2213

01:40:02,899 --> 01:40:01,760

this last week we had dr. Joseph Burks

2214

01:40:04,610 --> 01:40:02,909

on the air and

2215

01:40:06,229 --> 01:40:04,620

you know I think I think he laid out a

2216

01:40:08,300 --> 01:40:06,239

pretty convincing

2217

01:40:12,320 --> 01:40:08,310

you know argument that this is just a

2218

01:40:17,320 --> 01:40:12,330

natural evolution and that when SARS was

2219

01:40:21,709 --> 01:40:17,330

first released like I think was 2003

2220

01:40:24,620 --> 01:40:21,719

Vera lists were saying that the natural

2221

01:40:26,510 --> 01:40:24,630

progression is that eventually something

2222

01:40:28,879 --> 01:40:26,520

worse is going to come from this and we

2223

01:40:31,070 --> 01:40:28,889

should prepare for that so it's it's

2224

01:40:35,379 --> 01:40:31,080

fascinating to me that the past 15 year

2225

01:40:40,340 --> 01:40:35,389

how many years we've been 17th gosh

2226

01:40:41,240 --> 01:40:40,350

we've been told by conspiracy theorists

2227

01:40:44,360 --> 01:40:41,250

that this is gonna happen

2228

01:40:45,970 --> 01:40:44,370

and that it's made in a lab and then we

2229

01:40:48,950 --> 01:40:45,980

also had just you know biology

2230

01:40:51,200 --> 01:40:48,960

virologist saying it's just natural and

2231

01:40:53,840 --> 01:40:51,210

I I think that if her ologists were out

2232

01:40:55,729 --> 01:40:53,850

there for decades saying almost saying

2233

01:40:57,590 --> 01:40:55,739

hey this is gonna this is gonna turn

2234

01:41:01,669 --> 01:40:57,600

into something real wean it better

2235

01:41:06,290 --> 01:41:01,679

prepare to me that's not a cover-up but

2236

01:41:08,300 --> 01:41:06,300

but you know it'll be right yeah there's

2237

01:41:11,360 --> 01:41:08,310

a third option - sure either way yeah

2238

01:41:13,340 --> 01:41:11,370

it's not just in a lab or naturally

2239

01:41:15,979 --> 01:41:13,350

occurring it's also something delivered

2240

01:41:18,590 --> 01:41:15,989

by a panspermia methodology via

2241

01:41:20,570 --> 01:41:18,600

something from outer space right yeah

2242

01:41:23,540 --> 01:41:20,580

look up Chandra we could almost see

2243

01:41:25,189 --> 01:41:23,550

again okay he's an astrophysicist and he

2244

01:41:27,560 --> 01:41:25,199

and Fred Hoyle had this theory about

2245

01:41:30,110 --> 01:41:27,570

organic molecules in space a long long

2246

01:41:31,490 --> 01:41:30,120

time ago decades and lately he's talked

2247

01:41:34,790 --> 01:41:31,500

about the possibility that this is an

2248

01:41:38,209 --> 01:41:34,800

interstellar virus I don't think so and

2249

01:41:40,520 --> 01:41:38,219

neither is he really but you can't say

2250

01:41:44,060 --> 01:41:40,530

it's not there in other words it's not

2251

01:41:45,860 --> 01:41:44,070

from there because we don't know correct

2252

01:41:52,100 --> 01:41:45,870

all right Mike Dave another question

2253

01:41:54,229 --> 01:41:52,110

before we go no thank you for everything

2254

01:41:56,479 --> 01:41:54,239

you do and the kay jury does I tuned in

2255

01:41:57,649 --> 01:41:56,489

every week you guys keep it up thank you

2256

01:42:00,200 --> 01:41:57,659

all right thank you brother appreciate

2257

01:42:02,390 --> 01:42:00,210

that night Mike all right so what the

2258

01:42:03,410 --> 01:42:02,400

minutes are counting down so Carol if

2259

01:42:07,430 --> 01:42:03,420

you can leave us with something

2260

01:42:12,919 --> 01:42:07,440

uplifting well I suppose this could be

2261

01:42:15,830 --> 01:42:12,929

uplifting on this date in 1848 the Fox

2262

01:42:18,470 --> 01:42:15,840

sisters finally and the Fox mother and

2263

01:42:20,419 --> 01:42:18,480

father in Hinesville New York called in

2264

01:42:22,609 --> 01:42:20,429

the neighbors to hear the wrappings that

2265

01:42:24,709 --> 01:42:22,619

had been bothering them for weeks and

2266

01:42:26,450 --> 01:42:24,719

weeks and weeks they seemed to uptick

2267

01:42:31,070 --> 01:42:26,460

whenever father was reading his Bible

2268

01:42:33,500 --> 01:42:31,080

etc and through a series of raps it was

2269

01:42:34,939 --> 01:42:33,510

deduced and it was very very halting

2270

01:42:37,640 --> 01:42:34,949

because they used the alphabet you know

2271

01:42:39,530 --> 01:42:37,650

a is one right okay they determined that

2272

01:42:41,959 --> 01:42:39,540

this was the spirit of a peddler named

2273

01:42:44,780 --> 01:42:41,969

Charles B rosna who was murdered in that

2274

01:42:46,669 --> 01:42:44,790

very place the heights Ville Cottage for

2275

01:42:49,820 --> 01:42:46,679

five hundred dollars that he had sewn

2276

01:42:53,990 --> 01:42:49,830

into the lining of his jacket

2277

01:42:55,939 --> 01:42:54,000

this started via the or what it actually

2278

01:42:57,979 --> 01:42:55,949

began was the American modern

2279

01:43:01,220 --> 01:42:57,989

spiritualist movement which started

2280

01:43:04,220 --> 01:43:01,230

tables turning and rapping as the

2281

01:43:06,770 --> 01:43:04,230

seances in everybody's parlor throughout

2282

01:43:11,209 --> 01:43:06,780

the country it died off eventually

2283

01:43:13,790 --> 01:43:11,219

in the 1880s I mean the fad in the 1880s

2284

01:43:17,540 --> 01:43:13,800

Maggie Fox who was in dire straits and

2285

01:43:21,050 --> 01:43:17,550

needed some bucks took some people up on

2286

01:43:22,760 --> 01:43:21,060

their offer to say that she was they

2287

01:43:25,550 --> 01:43:22,770

were faking the entire thing it wasn't

2288

01:43:29,120 --> 01:43:25,560

true but her redaction was subsequently

2289

01:43:31,250 --> 01:43:29,130

redacted however it was said to signal

2290

01:43:33,140 --> 01:43:31,260

the death of modern spiritualism so but

2291

01:43:35,930 --> 01:43:33,150

it was on this date the neighbors came

2292

01:43:37,609 --> 01:43:35,940

in and Charles Monroe is now wrapped for

2293

01:43:40,580 --> 01:43:37,619

them giving away a lot of secrets

2294

01:43:42,859 --> 01:43:40,590

including a woman who had never told her

2295

01:43:46,370 --> 01:43:42,869

husband her true age and there it was so

2296

01:43:48,500 --> 01:43:46,380

that produced much hilarity but how do

2297

01:43:54,620 --> 01:43:48,510

you shout out to the Fox sisters yes

2298

01:43:56,870 --> 01:43:54,630

when we say rapped musical oh okay no no

2299

01:43:58,970 --> 01:43:56,880

no this was a series of knocks perhaps

2300

01:44:00,020 --> 01:43:58,980

they were also known as the Rochester

2301

01:44:02,270 --> 01:44:00,030

rapping girls

2302

01:44:04,669 --> 01:44:02,280

I mean knocking girls but no no we're

2303

01:44:08,629 --> 01:44:04,679

not rap as we know it however hey what a
