28

00:01:18,010 --> 00:01:16,789

this is somewhere in the skies with

29

00:01:26,070 --> 00:01:18,020

Ryan's birth

30

00:01:26,080 --> 00:01:40,170

[Music]

31

00:01:44,710 --> 00:01:43,690

hey Ryan my name is Brandon and I

32

00:01:50,080 --> 00:01:44,720

thought it would take this opportunity

33

00:01:51,850 --> 00:01:50,090

to share my story about two sightings

34

00:01:55,480 --> 00:01:51,860

that I've had in my life

35

00:01:58,900 --> 00:01:55,490

I don't share these with just anybody in

36

00:02:02,080 --> 00:01:58,910

everybody typically the first event

37

00:02:05,020 --> 00:02:02,090

happened back in 2003 and I've shared

38

00:02:09,580 --> 00:02:05,030

that with maybe a dozen people since

39

00:02:14,560 --> 00:02:09,590

then people that I trust and I know

40

00:02:18,330 --> 00:02:14,570

believe me and trust what I say and so

41

00:02:22,510 --> 00:02:18,340

anyways I just got inspired listening to

42

00:02:26,290 --> 00:02:22,520

others share their encounters and I

43

00:02:28,660 --> 00:02:26,300

thought I would do the same so like I

44

00:02:31,000 --> 00:02:28,670

said the first of the two sightings that

45

00:02:34,720 --> 00:02:31,010

I've had happened back in 2003 in the

46

00:02:39,520 --> 00:02:34,730

summer I was in Northern Neck part of

47

00:02:44,020 --> 00:02:39,530

Virginia towards the coast and it's a

48

00:02:46,660 --> 00:02:44,030

very agricultural rural area a lot of

49

00:02:50,380 --> 00:02:46,670

woodland out there too

50

00:02:52,240 --> 00:02:50,390

my friend Jenn and I had been out there

51
00:02:55,600 --> 00:02:52,250
visiting a friend a mutual friend and we

52
00:02:56,949 --> 00:02:55,610
were on our way back to her parents

53
00:02:59,740 --> 00:02:56,959
house in Southern Maryland where we were

54
00:03:02,500 --> 00:02:59,750
staying for the night and we were

55
00:03:06,780 --> 00:03:02,510
driving along a two-lane roads it was a

56
00:03:12,400 --> 00:03:06,790
very dark night I emphasize that because

57
00:03:16,990 --> 00:03:12,410
it made the encounter that we had quite

58
00:03:19,150 --> 00:03:17,000
a bit more intense I believe because it

59
00:03:21,030 --> 00:03:19,160
was like a black canvas out that night

60
00:03:25,000 --> 00:03:21,040
there weren't any street lights around

61
00:03:26,650 --> 00:03:25,010
there was just thick woods on both sides

62
00:03:28,120 --> 00:03:26,660
of this two-lane road that we were

63
00:03:34,090 --> 00:03:28,130

driving along and it was kind of a

64

00:03:35,920 --> 00:03:34,100

straight narrow road and so we're riding

65

00:03:40,900 --> 00:03:35,930

along and I'm in the passenger seat I

66

00:03:44,400 --> 00:03:40,910

looked down to pick out a CD out of a CD

67

00:03:46,830 --> 00:03:44,410

book that she had this was you know pre

68

00:03:51,780 --> 00:03:46,840

digital music era

69

00:03:56,580 --> 00:03:51,790

and I'm looking at her CDs and as I'm

70

00:03:58,949 --> 00:03:56,590

doing so I see this very intense blue

71

00:04:02,309 --> 00:03:58,959

light come pouring in the windshield and

72

00:04:05,369 --> 00:04:02,319

so I immediately look up and keep in

73

00:04:10,789 --> 00:04:05,379

mind this whole thing lasted maybe five

74

00:04:13,890 --> 00:04:10,799

seconds but I remember so vividly every

75

00:04:16,289 --> 00:04:13,900

millisecond of it that when I play it

76
00:04:16,469 --> 00:04:16,299
out in my head it feels much longer than

77
00:04:20,159 --> 00:04:16,479
that

78
00:04:22,950 --> 00:04:20,169
but you know this blue light fills the

79
00:04:28,260 --> 00:04:22,960
car I look up and to the left above the

80
00:04:31,500 --> 00:04:28,270
tree line I see this bright brilliantly

81
00:04:33,060 --> 00:04:31,510
bright blue light that's kind of oblong

82
00:04:36,870 --> 00:04:33,070
shaped kind of shaped like a football

83
00:04:40,020 --> 00:04:36,880
the color was like a little bit lighter

84
00:04:44,190 --> 00:04:40,030
of a royal blue color it was all that

85
00:04:48,510 --> 00:04:44,200
same color and it was glowing intensely

86
00:04:52,710 --> 00:04:48,520
bright and so in my heads if it had just

87
00:04:55,200 --> 00:04:52,720
been me I might have questioned myself I

88
00:04:57,450 --> 00:04:55,210

will point out neither of us were

89

00:05:00,379 --> 00:04:57,460

intoxicated in any way no drugs and

90

00:05:05,010 --> 00:05:00,389

alcohol that night we were so brisk abhi

91

00:05:07,740 --> 00:05:05,020

both of us ends I might have questioned

92

00:05:09,210 --> 00:05:07,750

even though I was sober that I was my

93

00:05:12,240 --> 00:05:09,220

eyes are playing tricks on me or

94

00:05:14,040 --> 00:05:12,250

something like that but the second that

95

00:05:17,700 --> 00:05:14,050

it clicks in my head like I'm thinking

96

00:05:19,170 --> 00:05:17,710

my head what is this Jin says that exact

97

00:05:22,980 --> 00:05:19,180

thing out loud she's like what is that

98

00:05:25,920 --> 00:05:22,990

and that made the hair stand up on my

99

00:05:28,170 --> 00:05:25,930

arms because to me that added so much

100

00:05:33,510 --> 00:05:28,180

validity in that moment as she's seeing

101
00:05:36,270 --> 00:05:33,520
it to so almost immediately like a

102
00:05:38,750 --> 00:05:36,280
second or two after that after she says

103
00:05:41,370 --> 00:05:38,760
that out loud it went from this

104
00:05:43,650 --> 00:05:41,380
stationary position in the sky and I'll

105
00:05:46,170 --> 00:05:43,660
point out I had nothing to compare it to

106
00:05:51,750 --> 00:05:46,180
in the sky because the sky was so dark

107
00:05:54,330 --> 00:05:51,760
out I couldn't tell if it was close and

108
00:05:57,970 --> 00:05:54,340
smaller or if it was far away and larger

109
00:06:01,410 --> 00:05:57,980
there was no sense of scale to apply

110
00:06:05,950 --> 00:06:01,420
but it went from completely stationary

111
00:06:08,950 --> 00:06:05,960
to just basically gone in like the snap

112
00:06:11,140 --> 00:06:08,960
of a finger and I know that it didn't

113
00:06:14,070 --> 00:06:11,150

just vanish or turn its lights off or

114

00:06:17,860 --> 00:06:14,080
something that it actually quickly

115

00:06:20,830 --> 00:06:17,870
jetted away because again it was so dark

116

00:06:23,440 --> 00:06:20,840
out and this object was so bright that

117

00:06:26,740 --> 00:06:23,450
my eyes were able to pick up just a

118

00:06:31,480 --> 00:06:26,750
split second of a trail I saw this blue

119

00:06:33,880 --> 00:06:31,490
streak take off which was pretty much

120

00:06:37,390 --> 00:06:33,890
parallel with the road we were traveling

121

00:06:38,950 --> 00:06:37,400
on it just shot straight ahead of in the

122

00:06:41,500 --> 00:06:38,960
same direction we were going at

123

00:06:45,130 --> 00:06:41,510
lightning speed I can't even begin to

124

00:06:46,600 --> 00:06:45,140
fathom how fast but if I had to been for

125

00:06:48,850 --> 00:06:46,610
that trail that my eye picked up for

126

00:06:50,950 --> 00:06:48,860

just a split second to attest to that I

127

00:06:52,120 --> 00:06:50,960

would have had any clue what happened to

128

00:06:58,330 --> 00:06:52,130

it

129

00:07:01,450 --> 00:06:58,340

sound or not we did not have the windows

130

00:07:04,450 --> 00:07:01,460

down we were listening to music so I

131

00:07:08,350 --> 00:07:04,460

can't speak to that portion of it but

132

00:07:11,350 --> 00:07:08,360

what I did witness both of us we could

133

00:07:15,370 --> 00:07:11,360

not explain Jen got very shook up by it

134

00:07:17,740 --> 00:07:15,380

she was physically shaking and for our

135

00:07:19,090 --> 00:07:17,750

safety I encouraged her to pull over and

136

00:07:23,320 --> 00:07:19,100

let me drive the rest of the way home

137

00:07:24,250 --> 00:07:23,330

and so we did that we traded seats once

138

00:07:28,000 --> 00:07:24,260

we got back in the car

139

00:07:30,490 --> 00:07:28,010

Jen had the idea she said let's not talk

140

00:07:33,340 --> 00:07:30,500

about it for now let's wait till we get

141

00:07:36,190 --> 00:07:33,350

back to my parents house and I'll get

142

00:07:39,940 --> 00:07:36,200

some colored pencils and some paper and

143

00:07:42,610 --> 00:07:39,950

we'll draw out what we saw and compare

144

00:07:46,390 --> 00:07:42,620

the two and see if we think we saw the

145

00:07:48,880 --> 00:07:46,400

same thing so we did that we said maybe

146

00:07:51,010 --> 00:07:48,890

five words the rest of the ride home and

147

00:07:55,300 --> 00:07:51,020

then we got back to her parents house in

148

00:07:58,870 --> 00:07:55,310

Southern Maryland and she went first she

149

00:08:02,890 --> 00:07:58,880

said at the kitchen table and drew hers

150

00:08:05,080 --> 00:08:02,900

out i sat in the living room and tried

151
00:08:08,170 --> 00:08:05,090
to distract myself and calm myself down

152
00:08:09,940 --> 00:08:08,180
but watching a couple minutes of TV once

153
00:08:10,999 --> 00:08:09,950
she was done we trade it out and I did

154
00:08:14,570 --> 00:08:11,009
the same thing

155
00:08:16,820 --> 00:08:14,580
and then we compared the two and we drew

156
00:08:20,989 --> 00:08:16,830
the exact same thing the exact same

157
00:08:23,209 --> 00:08:20,999
shape we use the same color for it we

158
00:08:27,079 --> 00:08:23,219
drew it in the same position above the

159
00:08:30,619 --> 00:08:27,089
tree line to our left it was a mirror

160
00:08:32,750 --> 00:08:30,629
copy basically of one another and we

161
00:08:35,509 --> 00:08:32,760
felt like that added another layer of

162
00:08:38,029 --> 00:08:35,519
validity to the fact that it was

163
00:08:39,920 --> 00:08:38,039

something tangible it was something that

164

00:08:42,680 --> 00:08:39,930

was truly there in the sky in that

165

00:08:46,430 --> 00:08:42,690

moment and it looked and behaved like

166

00:08:48,800 --> 00:08:46,440

nothing we had seen before so after that

167

00:08:51,710 --> 00:08:48,810

I had always kind of since I was younger

168

00:08:53,960 --> 00:08:51,720

been a believer I I always kind of

169

00:08:57,860 --> 00:08:53,970

understood the fact that you know this

170

00:09:01,340 --> 00:08:57,870

universe is infinite and who are we to

171

00:09:05,590 --> 00:09:01,350

say there is not an abundant amount of

172

00:09:08,150 --> 00:09:05,600

life out there whether it be in our own

173

00:09:10,850 --> 00:09:08,160

reality our own universe whether it's

174

00:09:14,360 --> 00:09:10,860

coming from some sort of other dimension

175

00:09:16,370 --> 00:09:14,370

you know I I have no clue but I know

176

00:09:19,720 --> 00:09:16,380

that the possibility for it to come from

177

00:09:23,389 --> 00:09:19,730

elsewhere in this universe the fact that

178

00:09:27,400 --> 00:09:23,399

life certainly exists elsewhere in the

179

00:09:31,790 --> 00:09:27,410

universe I went into that experience

180

00:09:35,540 --> 00:09:31,800

already believing it's fairly likely but

181

00:09:40,009 --> 00:09:35,550

seeing that really added to that it it

182

00:09:42,530 --> 00:09:40,019

it really reinforced the idea that the

183

00:09:44,629 --> 00:09:42,540

things that people claim to see they're

184

00:09:46,040 --> 00:09:44,639

probably you know a lot of them are

185

00:09:48,170 --> 00:09:46,050

probably telling the truth of course a

186

00:09:50,389 --> 00:09:48,180

bunch of them are probably making it up

187

00:09:52,550 --> 00:09:50,399

and wanting attention but you know I

188

00:09:56,780 --> 00:09:52,560

experienced it too I became one of those

189

00:09:59,780 --> 00:09:56,790

people and so that was my first sighting

190

00:10:03,350 --> 00:09:59,790

the second sighting happened 16 years

191

00:10:07,340 --> 00:10:03,360

later it was actually early fall 2019

192

00:10:10,129 --> 00:10:07,350

just last year and I stopped at a gas

193

00:10:13,939 --> 00:10:10,139

station in Roanoke Virginia where I live

194

00:10:19,579 --> 00:10:13,949

and ran in the gas station real quick I

195

00:10:24,800 --> 00:10:19,589

came back out and it was a beautiful day

196

00:10:30,460 --> 00:10:24,810

blue skies no clouds it was about 5:15

197

00:10:32,900 --> 00:10:30,470

in the afternoon so it was too early for

198

00:10:36,290 --> 00:10:32,910

stars to be plentiful in the sky

199

00:10:37,670 --> 00:10:36,300

anything like that but I happened to

200

00:10:40,940 --> 00:10:37,680

look up and I was looking around at the

201
00:10:42,530 --> 00:10:40,950
beautiful blue sky and I looked to my

202
00:10:46,940 --> 00:10:42,540
right of where I was standing and I kind

203
00:10:48,920 --> 00:10:46,950
of turned and I saw this round solid

204
00:10:51,770 --> 00:10:48,930
white object in the sky

205
00:10:54,080 --> 00:10:51,780
and it was literally the only thing in

206
00:10:59,330 --> 00:10:54,090
the sky it was the only thing on this

207
00:11:00,950 --> 00:10:59,340
blue canvas of a sky that I saw and so I

208
00:11:02,690 --> 00:11:00,960
thought huh that's interesting and I'm

209
00:11:04,760 --> 00:11:02,700
thinking to myself like what could that

210
00:11:08,720 --> 00:11:04,770
be because that my first thought was

211
00:11:10,490 --> 00:11:08,730
maybe it was a plane or a drone or

212
00:11:13,160 --> 00:11:10,500
something like that but it made no noise

213
00:11:16,760 --> 00:11:13,170

and a similar circumstance to the first

214

00:11:19,940 --> 00:11:16,770

encounter there was no sense of scale to

215

00:11:24,110 --> 00:11:19,950

apply it was just a blue sky with

216

00:11:27,260 --> 00:11:24,120

nothing else around it so I thought well

217

00:11:28,940 --> 00:11:27,270

if it's a plane then I'll stand here and

218

00:11:30,980 --> 00:11:28,950

watch it from the same perspective for a

219

00:11:34,040 --> 00:11:30,990

couple of minutes and if it gets larger

220

00:11:35,540 --> 00:11:34,050

or smaller then I can assume it's a

221

00:11:37,370 --> 00:11:35,550

plane either coming my direction or

222

00:11:40,550 --> 00:11:37,380

going away but I knew it wasn't

223

00:11:42,410 --> 00:11:40,560

traveling left to right it did not sway

224

00:11:44,900 --> 00:11:42,420

in that position for a minute so I'm

225

00:11:48,290 --> 00:11:44,910

watching to see if I do see a change in

226
00:11:52,700 --> 00:11:48,300
size and then after a couple of minutes

227
00:11:55,220 --> 00:11:52,710
it starts erratically moving around the

228
00:11:59,810 --> 00:11:55,230
sky and at varying speeds it went

229
00:12:02,270 --> 00:11:59,820
left-right up-down diagonal at slower

230
00:12:05,810 --> 00:12:02,280
speeds at very quick speeds where it's

231
00:12:10,340 --> 00:12:05,820
like it just like portal jumped to a

232
00:12:12,590 --> 00:12:10,350
different part of the sky and I was by

233
00:12:14,780 --> 00:12:12,600
myself in that moment watching it and

234
00:12:16,580 --> 00:12:14,790
just flabbergasted trying to figure out

235
00:12:21,590 --> 00:12:16,590
what is that and it's not making any

236
00:12:23,510 --> 00:12:21,600
sound as quite as can be and then I

237
00:12:26,330 --> 00:12:23,520
noticed that there's about a dozen other

238
00:12:28,280 --> 00:12:26,340

people in the parking lot looking up at

239

00:12:31,280 --> 00:12:28,290

the same thing and while it's bouncing

240

00:12:33,310 --> 00:12:31,290

around the sky and you know we're all

241

00:12:36,110 --> 00:12:33,320

just standing there kind of you know

242

00:12:37,269 --> 00:12:36,120

bumfuzzled by what we're seeing and we

243

00:12:38,650 --> 00:12:37,279

all end up kind of congregate

244

00:12:40,239 --> 00:12:38,660

together in the middle of the parking

245

00:12:45,429 --> 00:12:40,249

lot and watching it together for

246

00:12:48,280 --> 00:12:45,439

probably fifteen minutes and I was

247

00:12:50,679 --> 00:12:48,290

actually the last to give up on watching

248

00:12:52,900 --> 00:12:50,689

it I was actually the only one that

249

00:12:55,900 --> 00:12:52,910

stood there and watched it until it

250

00:12:58,449 --> 00:12:55,910

vanished and I couldn't tell where it

251
00:13:00,759 --> 00:12:58,459
went it just vanished

252
00:13:02,619 --> 00:13:00,769
but everybody stood there for several

253
00:13:06,480 --> 00:13:02,629
minutes and we talked I stood there for

254
00:13:10,540 --> 00:13:06,490
at least 15 minutes watching it and

255
00:13:13,809 --> 00:13:10,550
could not explain its movements it did

256
00:13:19,090 --> 00:13:13,819
not behave like anything that I've ever

257
00:13:22,119 --> 00:13:19,100
seen in person or you know through video

258
00:13:24,610 --> 00:13:22,129
or anything like that I cannot even

259
00:13:27,129 --> 00:13:24,620
begin to explain how it was moving in

260
00:13:30,160 --> 00:13:27,139
the way that it moved like I said it was

261
00:13:33,429 --> 00:13:30,170
solid white and I don't know if it was

262
00:13:36,850 --> 00:13:33,439
glowing white of its own accord or if it

263
00:13:40,150 --> 00:13:36,860

was perhaps reflecting the Sun and that

264

00:13:44,829 --> 00:13:40,160

was giving it a white appearance but

265

00:13:47,590 --> 00:13:44,839

again very erratic aerial vehicles that

266

00:13:50,980 --> 00:13:47,600

we've designed at this point in our

267

00:13:55,420 --> 00:13:50,990

history cannot and does not move that

268

00:13:57,340 --> 00:13:55,430

way and so I did take some video of it

269

00:14:01,329 --> 00:13:57,350

but unfortunately the video is not very

270

00:14:04,179 --> 00:14:01,339

compelling because again with it being a

271

00:14:06,179 --> 00:14:04,189

solid blue sky I'm moving my phone

272

00:14:08,319 --> 00:14:06,189

around to keep up keep it in the frame

273

00:14:10,179 --> 00:14:08,329

but you're still just saying blue

274

00:14:11,799 --> 00:14:10,189

everywhere it goes so when you go back

275

00:14:13,929 --> 00:14:11,809

and watch the video without being there

276

00:14:15,759 --> 00:14:13,939

it just looks like an object that's

277

00:14:17,889 --> 00:14:15,769

staying completely still against this

278

00:14:21,819 --> 00:14:17,899

blue sky but it was actually kind of

279

00:14:24,069 --> 00:14:21,829

moving all over the place so anyways

280

00:14:28,809 --> 00:14:24,079

yeah it like I said these experiences

281

00:14:31,480 --> 00:14:28,819

just reinforced my opinion that there's

282

00:14:35,079 --> 00:14:31,490

something that out there that we can't

283

00:14:39,280 --> 00:14:35,089

explain at least the public is not aware

284

00:14:43,900 --> 00:14:39,290

of and able to explain it doesn't scare

285

00:14:46,920 --> 00:14:43,910

me it excites me it gets my mind going

286

00:14:49,170 --> 00:14:46,930

as to what it could be

287

00:14:54,990 --> 00:14:49,180

and those possibilities of course are

288

00:14:56,430 --> 00:14:55,000

endless but you know it's it's apparent

289

00:14:59,510 --> 00:14:56,440

when you experience something like that

290

00:15:02,400 --> 00:14:59,520

like so many of your listeners have that

291

00:15:06,510 --> 00:15:02,410

you can't even begin to explain it that

292

00:15:09,540 --> 00:15:06,520

you don't know how to put it into a

293

00:15:13,350 --> 00:15:09,550

perspective that fits your known reality

294

00:15:18,270 --> 00:15:13,360

it's just something you know it was just

295

00:15:20,040 --> 00:15:18,280

crazy to me as if a you know a dragon

296

00:15:22,470 --> 00:15:20,050

came flying down out of the air and flew

297

00:15:24,390 --> 00:15:22,480

overhead like it's it's just something

298

00:15:27,030 --> 00:15:24,400

that doesn't fit our reality what we

299

00:15:31,800 --> 00:15:27,040

know of existence and to me that's very

300

00:15:34,920 --> 00:15:31,810

exciting and I hope in my lifetime I'll

301
00:15:38,340 --> 00:15:34,930
get more answers we all will then we are

302
00:15:41,310 --> 00:15:38,350
now so anyways thanks Ryan

303
00:15:44,970 --> 00:15:41,320
I appreciate you fighting the good fight

304
00:15:45,540 --> 00:15:44,980
I love your podcast avid listener keep

305
00:15:48,530 --> 00:15:45,550
it up man

306
00:15:55,410 --> 00:15:52,650
hi Ryan my name is Vince Busey

307
00:16:00,750 --> 00:15:55,420
I live in Brunswick Ohio which is just

308
00:16:03,570 --> 00:16:00,760
right outside of Cleveland Ohio and we

309
00:16:07,550 --> 00:16:03,580
had just moved into a new house and our

310
00:16:10,170 --> 00:16:07,560
old house was less than a mile away and

311
00:16:14,130 --> 00:16:10,180
my routine was that I would work my

312
00:16:16,650 --> 00:16:14,140
nine-to-five job and after I'd spend

313
00:16:18,570 --> 00:16:16,660

time with the family and eat dinner I

314

00:16:22,620 --> 00:16:18,580

would get ready to go work on the old

315

00:16:25,280 --> 00:16:22,630

house to get it ready to sell one night

316

00:16:29,640 --> 00:16:25,290

I finished up I'd say about 1:00 a.m.

317

00:16:32,730 --> 00:16:29,650

and on the way home I hindered through

318

00:16:35,880 --> 00:16:32,740

my development and I was going west and

319

00:16:38,610 --> 00:16:35,890

I saw something in the sky that I know I

320

00:16:44,370 --> 00:16:38,620

had not seen at least in the last few

321

00:16:47,610 --> 00:16:44,380

days it was probably about visually 2

322

00:16:49,560 --> 00:16:47,620

inches above the tree line and it was

323

00:16:53,070 --> 00:16:49,570

strange enough that I stopped and got

324

00:16:55,170 --> 00:16:53,080

out of my car to take a look at it now

325

00:16:57,810 --> 00:16:55,180

granted I was pretty tired I looked at

326

00:17:00,210 --> 00:16:57,820

it and I was going to just shrug it off

327

00:17:03,870 --> 00:17:00,220

but I was about a thousand feet from my

328

00:17:06,300 --> 00:17:03,880

driveway so I drove that got in my

329

00:17:09,000 --> 00:17:06,310

driveway got out and took another good

330

00:17:11,790 --> 00:17:09,010

look at it and I just knew something

331

00:17:14,390 --> 00:17:11,800

wasn't right about it and I'll give you

332

00:17:18,840 --> 00:17:14,400

an idea what it looked like first of all

333

00:17:24,210 --> 00:17:18,850

in the night sky it was slightly larger

334

00:17:26,490 --> 00:17:24,220

than my thumb and I wouldn't say that it

335

00:17:29,660 --> 00:17:26,500

was giving off light I would say that it

336

00:17:33,720 --> 00:17:29,670

was illuminated it wasn't like shining

337

00:17:36,900 --> 00:17:33,730

but the way I would explain it was it

338

00:17:40,290 --> 00:17:36,910

looked like the moon would low on the

339

00:17:43,110 --> 00:17:40,300

horizon on a hazy humid dark night it

340

00:17:47,670 --> 00:17:43,120

was just an eerie like a vanilla looking

341

00:17:50,340 --> 00:17:47,680

white so anyways I stood there and I

342

00:17:52,650 --> 00:17:50,350

watched it and then I thought to myself

343

00:17:56,130 --> 00:17:52,660

you know what no one is gonna believe me

344

00:17:57,600 --> 00:17:56,140

about this so I ran into the house now

345

00:18:00,580 --> 00:17:57,610

this was a school night and it was

346

00:18:04,060 --> 00:18:00,590

probably 1:30 a.m.

347

00:18:06,129 --> 00:18:04,070

and I woke my daughter and my son up my

348

00:18:08,830 --> 00:18:06,139

daughter 16 years old at this time my

349

00:18:14,560 --> 00:18:08,840

son was 13 years old and I got them to

350

00:18:16,570 --> 00:18:14,570

come outside and my son being the

351
00:18:19,570 --> 00:18:16,580
skeptical that he is probably lasted about

352
00:18:23,200 --> 00:18:19,580
3 minutes taking a look at it and he

353
00:18:25,810 --> 00:18:23,210
said I'm going inside but I know that he

354
00:18:28,539 --> 00:18:25,820
went inside because he was scared he you

355
00:18:31,419 --> 00:18:28,549
could see the fear in his eyes so he

356
00:18:34,749 --> 00:18:31,429
went inside my daughter and I stayed out

357
00:18:36,249 --> 00:18:34,759
in the driveway watched it a couple more

358
00:18:38,230 --> 00:18:36,259
minutes and then I realized hey you know

359
00:18:40,090 --> 00:18:38,240
what I got binoculars and I knew exactly

360
00:18:42,340 --> 00:18:40,100
where they were because I did all the

361
00:18:46,619 --> 00:18:42,350
boxing when we moved out of the old

362
00:18:49,989 --> 00:18:46,629
house so I came in I got the binoculars

363
00:18:55,180 --> 00:18:49,999

and ran back outside and I took the

364

00:18:56,999 --> 00:18:55,190

first view out of the binoculars and I

365

00:19:00,999 --> 00:18:57,009

couldn't believe what I was looking at I

366

00:19:03,310 --> 00:19:01,009

was looking at something that was kind

367

00:19:05,889 --> 00:19:03,320

of egg-shaped not as dramatic as an egg

368

00:19:09,519 --> 00:19:05,899

shape that was whiter than it was tall

369

00:19:12,639 --> 00:19:09,529

and the best way I can describe it is

370

00:19:15,399 --> 00:19:12,649

the bottom of it looked like it was made

371

00:19:18,489 --> 00:19:15,409

out of old clad iron like rivets like

372

00:19:22,210 --> 00:19:18,499

you'd see on an old ship or an old

373

00:19:25,659 --> 00:19:22,220

submarine with seams but it just looked

374

00:19:28,899 --> 00:19:25,669

old and from the halfway point up it

375

00:19:31,210 --> 00:19:28,909

looked really modern and the best way I

376

00:19:34,539 --> 00:19:31,220

could describe the upper part is that as

377

00:19:37,239 --> 00:19:34,549

if you were looking from underneath up

378

00:19:40,690 --> 00:19:37,249

looking at a bridge like with girders

379

00:19:42,639 --> 00:19:40,700

and I remember vividly seeing what

380

00:19:46,060 --> 00:19:42,649

looked like lures like you'd see on an

381

00:19:49,629 --> 00:19:46,070

old z28 or an old muscle car you you see

382

00:19:51,639 --> 00:19:49,639

those lures and then also I remember and

383

00:19:55,330 --> 00:19:51,649

this is gonna sound crazy but the top of

384

00:19:56,739 --> 00:19:55,340

it was shaped like a genies lamp that's

385

00:20:01,560 --> 00:19:56,749

the best way I could describe this thing

386

00:20:05,830 --> 00:20:01,570

I gave the binoculars to my daughter and

387

00:20:07,960 --> 00:20:05,840

she also she didn't have the words that

388

00:20:10,119 --> 00:20:07,970

I had to explain it but she explained it

389

00:20:11,270 --> 00:20:10,129

pretty much the same way that I had said

390

00:20:16,760 --> 00:20:11,280

it

391

00:20:19,790 --> 00:20:16,770

about another five minutes trading off

392

00:20:22,940 --> 00:20:19,800

binoculars and this thing just was not

393

00:20:26,660 --> 00:20:22,950

moving it was just in the sky and it was

394

00:20:31,070 --> 00:20:26,670

not moving so I looked at it through the

395

00:20:31,480 --> 00:20:31,080

binoculars again and it scared me to

396

00:20:34,460 --> 00:20:31,490

death

397

00:20:37,130 --> 00:20:34,470

because something had changed to me it

398

00:20:42,220 --> 00:20:37,140

looked like it was sitting on top of

399

00:20:44,180 --> 00:20:42,230

like a pedestal like a gray white

400

00:20:48,620 --> 00:20:44,190

pedestal that's the best way I can

401
00:20:51,020 --> 00:20:48,630
explain it very rigid edges so I handed

402
00:20:51,760 --> 00:20:51,030
the binoculars to my daughter and I

403
00:20:54,260 --> 00:20:51,770
asked her

404
00:20:56,240 --> 00:20:54,270
tell me what's changed I didn't want to

405
00:20:59,090 --> 00:20:56,250
tell her what I had seen but I said tell

406
00:21:00,920 --> 00:20:59,100
me what's changed and she looked at it

407
00:21:03,110 --> 00:21:00,930
and she looked at me and she said oh my

408
00:21:07,670 --> 00:21:03,120
god dad that's a beam of light coming

409
00:21:12,290 --> 00:21:07,680
out of this thing so we both at that

410
00:21:14,630 --> 00:21:12,300
point we were freaked out and she lasted

411
00:21:16,640 --> 00:21:14,640
probably about another two or three

412
00:21:20,000 --> 00:21:16,650
minutes and she was scared to death she

413
00:21:21,950 --> 00:21:20,010

ran inside I on the other hand stood out

414

00:21:24,650 --> 00:21:21,960

probably for about another two to three

415

00:21:27,410 --> 00:21:24,660

minutes with him without the binoculars

416

00:21:30,650 --> 00:21:27,420

and I too felt the exact same thing I

417

00:21:32,990 --> 00:21:30,660

felt fear I felt dread I felt like I was

418

00:21:35,360 --> 00:21:33,000

seeing something that I was not supposed

419

00:21:38,720 --> 00:21:35,370

to see and ironically enough that's how

420

00:21:44,540 --> 00:21:38,730

my daughter sort of explained it so I

421

00:21:49,970 --> 00:21:44,550

came inside I was exhausted and I took a

422

00:21:52,700 --> 00:21:49,980

shower and then I went to bed once in

423

00:21:55,490 --> 00:21:52,710

bed I realized I could see this thing

424

00:21:59,300 --> 00:21:55,500

still it was I could see it right out my

425

00:22:02,060 --> 00:21:59,310

window and then this is when I noticed

426
00:22:04,760 --> 00:22:02,070
this thing actually is moving and it was

427
00:22:09,490 --> 00:22:04,770
moving so slow that the only way I could

428
00:22:13,160 --> 00:22:09,500
tell was by the frame of my window I

429
00:22:15,980 --> 00:22:13,170
watched it in comparison and it was

430
00:22:19,460 --> 00:22:15,990
moving so slow like you would see the

431
00:22:22,110 --> 00:22:19,470
moon move if you were sky watching it

432
00:22:27,450 --> 00:22:22,120
was moving horizontally though

433
00:22:29,550 --> 00:22:27,460
and I watched it for at least another 15

434
00:22:33,000 --> 00:22:29,560
minutes and then I don't remember

435
00:22:36,780 --> 00:22:33,010
anything and I had fallen asleep in the

436
00:22:41,430 --> 00:22:36,790
morning I decided I was going to make it

437
00:22:43,080 --> 00:22:41,440
call to MUFON and I did that and it must

438
00:22:45,540 --> 00:22:43,090

have been a pretty good story because

439

00:22:49,440 --> 00:22:45,550

within 24 to 48 hours

440

00:22:53,790 --> 00:22:49,450

I had a field rep field investigator at

441

00:22:55,980 --> 00:22:53,800

my doorstep and it was really nice to

442

00:22:59,100 --> 00:22:55,990

have someone to tell my story to and he

443

00:23:02,730 --> 00:22:59,110

did a great job of showing me with his

444

00:23:05,670 --> 00:23:02,740

program what was supposed to be in the

445

00:23:07,170 --> 00:23:05,680

night sky what was in the night sky and

446

00:23:09,750 --> 00:23:07,180

what shouldn't be in the night sky and

447

00:23:10,500 --> 00:23:09,760

what I saw that night was not supposed

448

00:23:13,740 --> 00:23:10,510

to be there

449

00:23:16,380 --> 00:23:13,750

I did get some pictures of it but it was

450

00:23:18,450 --> 00:23:16,390

with an old flip phone but it was still

451
00:23:21,780 --> 00:23:18,460
enough to see that there was something

452
00:23:23,630 --> 00:23:21,790
there so my story is on MUFON it does

453
00:23:27,690 --> 00:23:23,640
have a case number

454
00:23:32,190 --> 00:23:27,700
this experience has been both amazing

455
00:23:34,310 --> 00:23:32,200
and terrifying but I cannot wait to

456
00:23:37,530 --> 00:23:34,320
hopefully see something like this again

457
00:23:41,220 --> 00:23:37,540
thank you again Ryan for letting me tell

458
00:23:46,950 --> 00:23:41,230
my story and I love your show have a

459
00:23:48,720 --> 00:23:46,960
good night bye hey y'all Ryan Sprague

460
00:23:51,000 --> 00:23:48,730
here as you all know this somewhere in

461
00:23:52,890 --> 00:23:51,010
the skies podcast is always free to

462
00:23:55,200 --> 00:23:52,900
consume but it isn't free

463
00:23:57,090 --> 00:23:55,210

to create that's why I've started this

464

00:23:59,910 --> 00:23:57,100

somewhere in the skies patreon campaign

465

00:24:01,650 --> 00:23:59,920

you on a monthly basis you give what you

466

00:24:04,500 --> 00:24:01,660

think the show is worth you'll be

467

00:24:06,990 --> 00:24:04,510

helping the show continue grow and to be

468

00:24:09,180 --> 00:24:07,000

something truly communal and remember

469

00:24:11,730 --> 00:24:09,190

there are rewards for each level of

470

00:24:14,130 --> 00:24:11,740

contribution and the list is only grown

471

00:24:16,920 --> 00:24:14,140

so please help somewhere in the skies

472

00:24:23,480 --> 00:24:16,930

now by becoming a patron to contribute

473

00:24:23,490 --> 00:24:28,700

www.suprememastertv.com/heartline

474

00:24:37,080 --> 00:24:32,730

hey there I don't know the exact date

475

00:24:39,870 --> 00:24:37,090

but I know it was June of 1970 I was

476

00:24:42,480 --> 00:24:39,880

sitting in my bedroom listening to the

477

00:24:45,090 --> 00:24:42,490

Phillies game and then my sister comes

478

00:24:48,030 --> 00:24:45,100

running and saying ken ken there's a

479

00:24:50,940 --> 00:24:48,040

flying saucer outside swingin at the top

480

00:24:52,470 --> 00:24:50,950

of her lungs and I'm like yeah right and

481

00:24:55,980 --> 00:24:52,480

I thought she was just fooling around

482

00:24:59,960 --> 00:24:55,990

because she knew I was into reading UFO

483

00:25:04,620 --> 00:24:59,970

books and whatnot so anyway I go outside

484

00:25:05,850 --> 00:25:04,630

I'm like holy crap and there was a whole

485

00:25:07,770 --> 00:25:05,860

bunch of people in the neighborhood

486

00:25:10,050 --> 00:25:07,780

looking at this thing it must have been

487

00:25:13,890 --> 00:25:10,060

about a hundred feet high off the ground

488

00:25:15,540 --> 00:25:13,900

it was circular and it had multicolored

489

00:25:18,570 --> 00:25:15,550

lights going around the center of it and

490

00:25:20,970 --> 00:25:18,580

I do remember that one of the lights was

491

00:25:22,620 --> 00:25:20,980

black I mean maybe there wasn't a light

492

00:25:24,630 --> 00:25:22,630

there but it was blacked out the section

493

00:25:27,690 --> 00:25:24,640

where I should have been was blacked out

494

00:25:30,000 --> 00:25:27,700

and I just watched it then my father

495

00:25:31,440 --> 00:25:30,010

came home and he's like what's everyone

496

00:25:31,740 --> 00:25:31,450

looking at I like can't you see it right

497

00:25:36,120 --> 00:25:31,750

there

498

00:25:37,620 --> 00:25:36,130

and he's a holy crap too and he took out

499

00:25:39,210 --> 00:25:37,630

his binoculars and looked at it and I

500

00:25:39,780 --> 00:25:39,220

asked her what does it look like through

501
00:25:43,880 --> 00:25:39,790
binoculars

502
00:25:47,370 --> 00:25:43,890
he says the same only bigger and then

503
00:25:49,620 --> 00:25:47,380
Wow and then after math we watch this

504
00:25:52,050 --> 00:25:49,630
for about an hour the lights just went

505
00:25:54,870 --> 00:25:52,060
out on the thing and where he used to be

506
00:25:57,000 --> 00:25:54,880
was just blank space in the sky there

507
00:25:59,430 --> 00:25:57,010
and then that was it and I went inside

508
00:26:00,810 --> 00:25:59,440
and everything I'm coming up boxes every

509
00:26:04,360 --> 00:26:00,820
half hour coming up to see if it came

510
00:26:10,720 --> 00:26:04,370
back but it never did

511
00:26:12,580 --> 00:26:10,730
so I was 18 and in college at University

512
00:26:14,590 --> 00:26:12,590
of Colorado at Boulder so I was in

513
00:26:17,980 --> 00:26:14,600

Boulder Colorado and if you don't know

514

00:26:20,050 --> 00:26:17,990

Colorado near the Denver area is X or

515

00:26:22,840 --> 00:26:20,060

just Colorado in general I think they

516

00:26:24,700 --> 00:26:22,850

have a lot of UFO sightings in Colorado

517

00:26:28,390 --> 00:26:24,710

I wasn't thinking about that though at

518

00:26:32,200 --> 00:26:28,400

the time so it was a nighttime thing I

519

00:26:34,600 --> 00:26:32,210

was out bored and no friends this is my

520

00:26:36,790 --> 00:26:34,610

first semester of college and I decided

521

00:26:40,240 --> 00:26:36,800

to climb the it's ironic because I

522

00:26:42,520 --> 00:26:40,250

climbed the Astronomy building it was

523

00:26:45,370 --> 00:26:42,530

like the side of the building was like

524

00:26:47,470 --> 00:26:45,380

it was a very tall it was like slanted

525

00:26:48,580 --> 00:26:47,480

and they had like bricks going I'm kind

526

00:26:50,620 --> 00:26:48,590

of like a pyramid I don't know how to

527

00:26:52,570 --> 00:26:50,630

describe it so I climbed up the side of

528

00:26:55,180 --> 00:26:52,580

it and was sitting up there you know

529

00:26:56,950 --> 00:26:55,190

doing whatever so I'm looking up at the

530

00:27:00,060 --> 00:26:56,960

stars and I see this constellation it's

531

00:27:02,860 --> 00:27:00,070

like a square but it's like moving

532

00:27:03,940 --> 00:27:02,870

slowly very slowly like and I'm like

533

00:27:06,610 --> 00:27:03,950

that is weird

534

00:27:07,840 --> 00:27:06,620

so I'm watching it and I'm like there's

535

00:27:10,050 --> 00:27:07,850

no way those are stars

536

00:27:12,430 --> 00:27:10,060

they're not airplanes because they don't

537

00:27:14,440 --> 00:27:12,440

move they're not making noise it wasn't

538

00:27:17,740 --> 00:27:14,450

helicopters it was just silent like

539

00:27:19,060 --> 00:27:17,750

moving across the sky slowly so it's

540

00:27:24,160 --> 00:27:19,070

like that's weird I didn't really think

541

00:27:25,380 --> 00:27:24,170

anything of it and so I was like that's

542

00:27:27,400 --> 00:27:25,390

strange

543

00:27:30,550 --> 00:27:27,410

anyway I'm sitting there still right

544

00:27:32,550 --> 00:27:30,560

after that I don't remember how long it

545

00:27:37,900 --> 00:27:32,560

was going for it right after that though

546

00:27:40,000 --> 00:27:37,910

this the formation of lights looking

547

00:27:40,570 --> 00:27:40,010

like stars but much lower than the first

548

00:27:42,580 --> 00:27:40,580

one

549

00:27:45,640 --> 00:27:42,590

and when I say V formation it's like you

550

00:27:48,850 --> 00:27:45,650

know when geese are flying south for the

551
00:27:51,520 --> 00:27:48,860
winter or wherever wherever they fly and

552
00:27:54,010 --> 00:27:51,530
they fly in that V formation this is how

553
00:27:59,710 --> 00:27:54,020
those stars were aligned and they flew

554
00:28:03,340 --> 00:27:59,720
over fast like in low and no sound flew

555
00:28:06,610 --> 00:28:03,350
over quick and I was like good shook I

556
00:28:09,940 --> 00:28:06,620
was like whoa what the heck was that I

557
00:28:11,400 --> 00:28:09,950
was like really shook up about that and

558
00:28:14,460 --> 00:28:11,410
so

559
00:28:17,580 --> 00:28:14,470
I was like oh my god that was UFOs

560
00:28:19,650 --> 00:28:17,590
that's weird so I called my dad I climb

561
00:28:22,650 --> 00:28:19,660
up off the tower I call my dad

562
00:28:24,660 --> 00:28:22,660
cuz he's into conspiracies and UFOs and

563
00:28:25,980 --> 00:28:24,670

all that and I'm telling him about it

564

00:28:29,850 --> 00:28:25,990

and all of a sudden are my phone

565

00:28:32,970 --> 00:28:29,860

disconnects and I can't call out for

566

00:28:35,220 --> 00:28:32,980

like 10 minutes and eventually he was

567

00:28:37,560 --> 00:28:35,230

able to call back and he was scared

568

00:28:38,900 --> 00:28:37,570

because they was saying like the number

569

00:28:43,170 --> 00:28:38,910

you're trying to reach is like out of

570

00:28:44,760 --> 00:28:43,180

like service area I don't know it was a

571

00:28:47,910 --> 00:28:44,770

weird message we never heard before but

572

00:28:50,580 --> 00:28:47,920

I totally believe in UFOs now when I say

573

00:28:52,530 --> 00:28:50,590

I believe in UFOs Colorado has a lot of

574

00:28:55,200 --> 00:28:52,540

military installations so when I say a

575

00:28:56,940 --> 00:28:55,210

UFO it could have been it's just an

576

00:28:59,970 --> 00:28:56,950

unidentified flying object it could have

577

00:29:03,090 --> 00:28:59,980

been in government technology it could

578

00:29:04,860 --> 00:29:03,100

have been like top-secret technology or

579

00:29:06,630 --> 00:29:04,870

it could have been aliens I don't know

580

00:29:09,510 --> 00:29:06,640

I'm open to all things I have a very

581

00:29:12,360 --> 00:29:09,520

open mind I've definitely seen them when

582

00:29:15,600 --> 00:29:12,370

I moved to New Orleans I've seen UFOs as

583

00:29:20,520 --> 00:29:15,610

well we're now here when I saw UFOs when

584

00:29:23,520 --> 00:29:20,530

I saw the UFOs in Colorado they were

585

00:29:24,840 --> 00:29:23,530

like like the color of stars so white I

586

00:29:27,960 --> 00:29:24,850

guess they just literally look like

587

00:29:28,800 --> 00:29:27,970

stars that are moving fast so but when I

588

00:29:31,830 --> 00:29:28,810

moved here

589

00:29:36,530 --> 00:29:31,840

I'm I've seen UFOs like that before too

590

00:29:40,610 --> 00:29:36,540

but I've also seen they were red and

591

00:29:44,180 --> 00:29:40,620

they will at first I think they're like

592

00:29:46,230 --> 00:29:44,190

airplanes but when you watch them

593

00:29:49,350 --> 00:29:46,240

they're not moving like airplanes

594

00:29:53,430 --> 00:29:49,360

because they'll melt like stop or they

595

00:29:54,930 --> 00:29:53,440

will just zoom around or they they just

596

00:29:57,930 --> 00:29:54,940

don't move like planes you know they'll

597

00:30:00,060 --> 00:29:57,940

go up down and whatever for a moment in

598

00:30:02,010 --> 00:30:00,070

my life I was like obsessed with it like

599

00:30:04,170 --> 00:30:02,020

always looking outside always looking in

600

00:30:07,380 --> 00:30:04,180

the sky to see if there's UFOs and drove

601
00:30:07,830 --> 00:30:07,390
me a little bit crazy so then I let it

602
00:30:11,070 --> 00:30:07,840
go

603
00:30:13,770 --> 00:30:11,080
but I've definitely seen UFOs multiple

604
00:30:16,650 --> 00:30:13,780
times and you know I just I don't

605
00:30:18,180 --> 00:30:16,660
understand it or what's going on and I

606
00:30:22,560 --> 00:30:18,190
believe that they are there and they are

607
00:30:24,800 --> 00:30:22,570
there and I'm like I see you I know you

608
00:30:29,550 --> 00:30:24,810
are there but what can I do about it

609
00:30:31,410 --> 00:30:29,560
no they're real and when I've never had

610
00:30:33,450 --> 00:30:31,420
anything happen where like they land or

611
00:30:35,880 --> 00:30:33,460
I see any aliens cuz that would probably

612
00:30:38,310 --> 00:30:35,890
just shake me to my core and I don't

613
00:30:44,250 --> 00:30:38,320

know if I'd survive you know and that's

614

00:30:49,620 --> 00:30:44,260

all I got to say on that uh hello my

615

00:30:53,130 --> 00:30:49,630

name is Andy and I wanted to share a UFO

616

00:30:58,340 --> 00:30:53,140

experience I had with to my friends back

617

00:31:03,330 --> 00:30:58,350

in 2003 as in the Sierra Cascades

618

00:31:08,600 --> 00:31:03,340

Northern California is west northwest of

619

00:31:11,000 --> 00:31:08,610

Lake Philbrook which is I'd say 20 miles

620

00:31:15,480 --> 00:31:11,010

north-northeast of Starling city

621

00:31:18,600 --> 00:31:15,490

California dirt roads a lot of logging

622

00:31:22,050 --> 00:31:18,610

roads up there and I want to say it was

623

00:31:24,840 --> 00:31:22,060

July being theirs at that altitude

624

00:31:27,300 --> 00:31:24,850

throughout 7,000 feet there's usually

625

00:31:30,480 --> 00:31:27,310

snow around eight months out of the year

626

00:31:33,510 --> 00:31:30,490

and when we were out there where there

627

00:31:35,790 --> 00:31:33,520

was no snow wearing t-shirts it was warm

628

00:31:38,330 --> 00:31:35,800

weather or so it had to have been right

629

00:31:41,580 --> 00:31:38,340

right at the hot hot point of summer

630

00:31:46,620 --> 00:31:41,590

anyway I guess we'll get started

631

00:31:49,050 --> 00:31:46,630

so we like always you know we drive up

632

00:31:52,860 --> 00:31:49,060

those logging roads I had a whole 1970

633

00:31:56,460 --> 00:31:52,870

Ford pickup sport custom truck I love

634

00:32:00,030 --> 00:31:56,470

that thing went everywhere and any way

635

00:32:03,780 --> 00:32:00,040

we possibly could in the mountains up in

636

00:32:07,350 --> 00:32:03,790

this area we've found plenty of places

637

00:32:11,750 --> 00:32:07,360

to camp and one one place we were liked

638

00:32:15,450 --> 00:32:11,760

in particular it was an old old logging

639

00:32:18,180 --> 00:32:15,460

ground and it was a pretty nice spot it

640

00:32:22,590 --> 00:32:18,190

was like being in a miniature force by

641

00:32:24,890 --> 00:32:22,600

way me and my friend Jason and I drove

642

00:32:28,340 --> 00:32:24,900

up in my truck

643

00:32:31,280 --> 00:32:28,350

and I get there at that time it was

644

00:32:33,650 --> 00:32:31,290

still still daytime when we got there we

645

00:32:36,799 --> 00:32:33,660

just hung out for a while went hiking

646

00:32:40,790 --> 00:32:36,809

did what we usually do just explored the

647

00:32:45,110 --> 00:32:40,800

area talked about random stuff at the

648

00:32:48,290 --> 00:32:45,120

time IRA was really really delving into

649

00:32:50,299 --> 00:32:48,300

Christianity and and he was really

650

00:32:53,510 --> 00:32:50,309

fascinated with revelations in

651

00:32:58,730 --> 00:32:53,520

particular at that time so he brought

652

00:33:01,370 --> 00:32:58,740

his Bible and yeah kinda tortured Jason

653

00:33:03,530 --> 00:33:01,380

a little bit talking you know just

654

00:33:05,180 --> 00:33:03,540

reading reading out of Revelations and

655

00:33:08,330 --> 00:33:05,190

basically saying the world was gonna add

656

00:33:11,299 --> 00:33:08,340

today too and anyway it just got a lot

657

00:33:14,360 --> 00:33:11,309

of Davis thing and kind of fun to

658

00:33:15,350 --> 00:33:14,370

philosophize about anyway I don't know

659

00:33:18,049 --> 00:33:15,360

what time it was

660

00:33:21,530 --> 00:33:18,059

Sun had been down for an hour - at this

661

00:33:24,440 --> 00:33:21,540

point and you know he had a fire already

662

00:33:25,669 --> 00:33:24,450

and cooked her cooked our meals and we

663

00:33:29,480 --> 00:33:25,679

were to sit in the back of the truck and

664

00:33:32,570 --> 00:33:29,490

yeah I first thing I remember is hearing

665

00:33:35,030 --> 00:33:32,580

it and it's really really difficult for

666

00:33:38,030 --> 00:33:35,040

me to describe I cannot make the sound I

667

00:33:40,070 --> 00:33:38,040

can't make the sound with my own voice

668

00:33:43,100 --> 00:33:40,080

and I don't know if I could even do it

669

00:33:45,980 --> 00:33:43,110

really maybe with a computer I don't

670

00:33:49,549 --> 00:33:45,990

know but uh the best way I can describe

671

00:33:53,030 --> 00:33:49,559

it is if you can imagine a two-stroke

672

00:33:57,410 --> 00:33:53,040

motorcycle idling and then mix that with

673

00:33:59,780 --> 00:33:57,420

a dog growling and then submerge both of

674

00:34:03,340 --> 00:33:59,790

those sounds in water so that are

675

00:34:07,910 --> 00:34:03,350

they're bubbling so is like a muffled

676
00:34:10,340 --> 00:34:07,920
underwater motorcycle that's idling but

677
00:34:12,220 --> 00:34:10,350
growling at the same time that's all we

678
00:34:15,980 --> 00:34:12,230
heard we're gonna have to use your

679
00:34:19,010 --> 00:34:15,990
imagination yes alright that's the first

680
00:34:21,770 --> 00:34:19,020
thing and you know I you know I look at

681
00:34:26,090 --> 00:34:21,780
Jason I look at her and kind of like

682
00:34:31,010 --> 00:34:26,100
okay like this is a weird sound and and

683
00:34:35,690 --> 00:34:31,020
I I look up and it had to have been at

684
00:34:38,089 --> 00:34:35,700
the very least the very least a large

685
00:34:40,099 --> 00:34:38,099
craft the size of an ant

686
00:34:43,599 --> 00:34:40,109
her football stadium not just the field

687
00:34:49,609 --> 00:34:43,609
but the whole entire stadium just giant

688
00:34:54,950 --> 00:34:49,619

giant you know I would say maybe half a

689

00:34:58,460 --> 00:34:54,960

mile to a mile across almost even at the

690

00:35:03,559 --> 00:34:58,470

very least a full football stadium in

691

00:35:06,319 --> 00:35:03,569

size and it was going really slow it was

692

00:35:09,170 --> 00:35:06,329

it went directly directly our almost

693

00:35:13,489 --> 00:35:09,180

centered perfectly centered almost above

694

00:35:17,289 --> 00:35:13,499

my truck and us yeah the second thing I

695

00:35:20,779 --> 00:35:17,299

noticed when I when I finally noticed it

696

00:35:23,479 --> 00:35:20,789

was the stars were blotted out like a

697

00:35:26,989 --> 00:35:23,489

huge swath of the sky was was blotted

698

00:35:29,420 --> 00:35:26,999

out as the second thing I noticed after

699

00:35:32,390 --> 00:35:29,430

the sound third thing I noticed was the

700

00:35:35,599 --> 00:35:32,400

weird light pattern there was a crescent

701

00:35:37,670 --> 00:35:35,609

light pattern in the front and then a

702

00:35:42,259 --> 00:35:37,680

line that went directly down the middle

703

00:35:45,319 --> 00:35:42,269

and then a circular shape of Lights in

704

00:35:48,519 --> 00:35:45,329

the back they're all white I'd say the

705

00:35:51,950 --> 00:35:48,529

Crescent portion had five white lights

706

00:35:54,910 --> 00:35:51,960

then there is five or six running down

707

00:35:57,109 --> 00:35:54,920

the middle these are large large lights

708

00:36:01,489 --> 00:35:57,119

five or six running down the middle and

709

00:36:04,370 --> 00:36:01,499

then at the back it was I don't know

710

00:36:07,130 --> 00:36:04,380

five I think again lights that were in a

711

00:36:11,859 --> 00:36:07,140

circular pattern and the silhouette of

712

00:36:15,049 --> 00:36:11,869

this craft was if you were to take I

713

00:36:17,719 --> 00:36:15,059

don't know three quarters of an egg so

714

00:36:22,700 --> 00:36:17,729

cut off a quarter of an egg just the end

715

00:36:25,309 --> 00:36:22,710

of it and then put a golf ball up

716

00:36:27,380 --> 00:36:25,319

against it so you have three quarters of

717

00:36:29,420 --> 00:36:27,390

an egg running into a golf ball that was

718

00:36:34,279 --> 00:36:29,430

the shape of this thing except it's the

719

00:36:36,709 --> 00:36:34,289

size of a football stadium and it's

720

00:36:40,459 --> 00:36:36,719

making this weird sound and it's very

721

00:36:43,910 --> 00:36:40,469

very slowly cruising over directly over

722

00:36:45,170 --> 00:36:43,920

us so we you know I looked up and I

723

00:36:47,359 --> 00:36:45,180

looked down at my friends and they're

724

00:36:49,489 --> 00:36:47,369

all looking up and they're looking at it

725

00:36:51,500 --> 00:36:49,499

obviously in IRA his II just stopped

726

00:36:55,700 --> 00:36:51,510

reading his mouth is just

727

00:36:59,210 --> 00:36:55,710

dropped eyes wide open he he didn't talk

728

00:37:01,670 --> 00:36:59,220

the whole time actually and me and Jason

729

00:37:05,390 --> 00:37:01,680

ever looking Asia looking up looking at

730

00:37:08,060 --> 00:37:05,400

it like like okay what is that you know

731

00:37:10,940 --> 00:37:08,070

what the hell is that what is that sound

732

00:37:14,390 --> 00:37:10,950

just like yeah wait I didn't know what

733

00:37:17,450 --> 00:37:14,400

the hell we're looking for we could see

734

00:37:19,490 --> 00:37:17,460

it did we can hear it we all knew each

735

00:37:22,760 --> 00:37:19,500

other we're seeing and hearing it but

736

00:37:26,900 --> 00:37:22,770

none of us like so like really believed

737

00:37:29,570 --> 00:37:26,910

what we were looking at and after a

738

00:37:32,200 --> 00:37:29,580

couple minutes we just didn't talk to

739

00:37:36,770 --> 00:37:32,210

each other we just watched this thing

740

00:37:38,840 --> 00:37:36,780

slowly cruise across the skyline and we

741

00:37:41,420 --> 00:37:38,850

watched it for a good 10 minutes I'd

742

00:37:44,030 --> 00:37:41,430

have been at least 10 minutes I mean it

743

00:37:47,180 --> 00:37:44,040

was it wasn't going fast and it and zip

744

00:37:49,640 --> 00:37:47,190

off or you know disappear or anything it

745

00:37:51,830 --> 00:37:49,650

just slowly crept out of our sight

746

00:37:57,260 --> 00:37:51,840

over the treeline and so we couldn't see

747

00:37:59,090 --> 00:37:57,270

it anymore and you know I've had a few

748

00:38:00,740 --> 00:37:59,100

of these encounters and the one of the

749

00:38:04,070 --> 00:38:00,750

weird things about them is when they

750

00:38:06,440 --> 00:38:04,080

happen me and the people I'm with we

751
00:38:08,290 --> 00:38:06,450
don't talk about it the next day and we

752
00:38:11,120 --> 00:38:08,300
don't even talk about the day after that

753
00:38:13,610 --> 00:38:11,130
we don't talk about it for months we

754
00:38:15,950 --> 00:38:13,620
always end up waiting a year or two

755
00:38:17,720 --> 00:38:15,960
before we bring it up again and then

756
00:38:20,360 --> 00:38:17,730
when we do it's kind of this like

757
00:38:24,880 --> 00:38:20,370
awkward and weird

758
00:38:28,880 --> 00:38:24,890
it's the way I'd say year to later I

759
00:38:31,730 --> 00:38:28,890
tried talking to IRA about it and keep

760
00:38:35,570 --> 00:38:31,740
that he wouldn't do it he said I'm not

761
00:38:38,200 --> 00:38:35,580
gonna talk about this with you this goes

762
00:38:42,140 --> 00:38:38,210
against my belief system I can't do it

763
00:38:45,050 --> 00:38:42,150

he had at that time was very very

764

00:38:46,670 --> 00:38:45,060

full-blown I wouldn't want it don't want

765

00:38:50,330 --> 00:38:46,680

to say Christian because that's not he

766

00:38:53,750 --> 00:38:50,340

was very very adamant about his beliefs

767

00:38:56,720 --> 00:38:53,760

let's just put it that way and so anyway

768

00:38:59,120 --> 00:38:56,730

he wouldn't talk about it I hadn't have

769

00:39:01,940 --> 00:38:59,130

never been able you know to talk about

770

00:39:05,420 --> 00:39:01,950

and now I haven't spoken to him for

771

00:39:09,440 --> 00:39:05,430

years and I don't know what he's up to

772

00:39:16,579 --> 00:39:09,450

or anything but Jason the other guy was

773

00:39:20,990 --> 00:39:16,589

there that can think is 2011 so was that

774

00:39:24,140 --> 00:39:21,000

eight years after the sighting me and

775

00:39:25,370 --> 00:39:24,150

ever roommates we've roommate it with

776

00:39:29,270 --> 00:39:25,380

each other moved into a house together

777

00:39:31,730 --> 00:39:29,280

and one night you know I just kind of

778

00:39:33,230 --> 00:39:31,740

brought it up and I was you know and we

779

00:39:35,210 --> 00:39:33,240

started talking about it and talking

780

00:39:36,950 --> 00:39:35,220

about the sound and everything and then

781

00:39:39,530 --> 00:39:36,960

he starts describing what it looked like

782

00:39:42,079 --> 00:39:39,540

and I'm like way that just doesn't sound

783

00:39:45,020 --> 00:39:42,089

right cuz he started talking about red

784

00:39:47,900 --> 00:39:45,030

lights I'm thinking oh I didn't see you

785

00:39:50,599 --> 00:39:47,910

only saw white lights so I asked I was

786

00:39:53,539 --> 00:39:50,609

like okay you draw what you saw what I

787

00:39:57,609 --> 00:39:53,549

saw he described the sound being exactly

788

00:39:59,569 --> 00:39:57,619

the same like the dog growling a

789

00:40:02,480 --> 00:39:59,579

motorcycle underwater

790

00:40:05,930 --> 00:40:02,490

he described the size as being exactly

791

00:40:07,910 --> 00:40:05,940

the same just a massive football stadium

792

00:40:12,740 --> 00:40:07,920

size saying that just crept over

793

00:40:15,950 --> 00:40:12,750

it's very perplexing this is probably as

794

00:40:18,700 --> 00:40:15,960

mind-boggling if not more so

795

00:40:21,470 --> 00:40:18,710

mind-boggling than the encounter itself

796

00:40:23,240 --> 00:40:21,480

okay what I drew is what I described

797

00:40:26,450 --> 00:40:23,250

earlier the crescent-shaped lights the

798

00:40:31,819 --> 00:40:26,460

egg in the circle and you know white

799

00:40:35,440 --> 00:40:31,829

lights in a total of you know maybe 15

800

00:40:40,069 --> 00:40:35,450

to 20 lights why he describes is a

801
00:40:43,430 --> 00:40:40,079
perfect square with I'd say two or three

802
00:40:46,250 --> 00:40:43,440
dozen bright red smaller lights lining

803
00:40:49,309 --> 00:40:46,260
the edges that's why he saw go over ass

804
00:40:53,720 --> 00:40:49,319
at night a massive football stadium

805
00:40:56,740 --> 00:40:53,730
sized square with red lights I saw a

806
00:41:03,650 --> 00:40:56,750
massive football stadium oval-shaped

807
00:41:12,539 --> 00:41:09,479
that to me definitely provided way more

808
00:41:14,910 --> 00:41:12,549
questions I have about that whole all of

809
00:41:18,089 --> 00:41:14,920
it any UFO count or any paranoia any

810
00:41:19,739 --> 00:41:18,099
supernatural any of it I have more

811
00:41:23,400 --> 00:41:19,749
questions about that stuff than I do

812
00:41:25,680 --> 00:41:23,410
answers because it just I don't know it

813
00:41:28,650 --> 00:41:25,690

wasn't we just saw something fly over us

814

00:41:31,979 --> 00:41:28,660

it's we describe it in two completely

815

00:41:34,700 --> 00:41:31,989

different ways visually anyway not as

816

00:41:39,059 --> 00:41:34,710

far as sighs but as far as shape and

817

00:41:43,430 --> 00:41:39,069

color goes and it's extremely confusing

818

00:41:45,989 --> 00:41:43,440

to me I don't know I don't know if I am

819

00:41:48,209 --> 00:41:45,999

even though I'm the one thing this and

820

00:41:50,249 --> 00:41:48,219

and there are skeptics out there they're

821

00:41:51,930 --> 00:41:50,259

probably gonna listen to this and you

822

00:41:55,380 --> 00:41:51,940

know be like oh man he's full of crap

823

00:41:57,870 --> 00:41:55,390

you have to understand something I am

824

00:42:00,479 --> 00:41:57,880

the biggest skeptic in this whole thing

825

00:42:02,579 --> 00:42:00,489

because I have no idea I do not have a

826

00:42:05,039 --> 00:42:02,589

single answer of what happened that

827

00:42:08,180 --> 00:42:05,049

night I don't know if it was a figment

828

00:42:11,609 --> 00:42:08,190

of our imaginations we all shared some

829

00:42:13,559 --> 00:42:11,619

hallucination somehow some plane I don't

830

00:42:15,209 --> 00:42:13,569

know some implanted I don't know that's

831

00:42:18,299 --> 00:42:15,219

what I keep hearing people are like are

832

00:42:20,130 --> 00:42:18,309

sharing hallucinations and and then the

833

00:42:21,390 --> 00:42:20,140

people call it a day they don't provide

834

00:42:23,130 --> 00:42:21,400

any evidence that we're sharing

835

00:42:25,079 --> 00:42:23,140

hallucinations they just say you're

836

00:42:26,789 --> 00:42:25,089

you're just sharing hallucinations it's

837

00:42:29,880 --> 00:42:26,799

like well okay if that's what's

838

00:42:33,450 --> 00:42:29,890

happening how the hell are people all

839

00:42:35,519 --> 00:42:33,460

over the world sharing hallucination

840

00:42:37,940 --> 00:42:35,529

simultaneously at the exact same time in

841

00:42:40,709 --> 00:42:37,950

the middle of the damn woods especially

842

00:42:44,309 --> 00:42:40,719

how does that happen what's causing that

843

00:42:46,950 --> 00:42:44,319

oh I have a million questions I don't

844

00:42:49,140 --> 00:42:46,960

know what we saw how is even possible

845

00:42:53,549 --> 00:42:49,150

because nothing man-made that we know of

846

00:42:58,739 --> 00:42:53,559

anyway that there's nothing we can never

847

00:43:02,400 --> 00:42:58,749

as far as we know as far as we know the

848

00:43:05,849 --> 00:43:02,410

general population puts something the

849

00:43:08,309 --> 00:43:05,859

size of a football stadium in the sky

850

00:43:11,549 --> 00:43:08,319

and have it just you know kind of

851
00:43:14,729 --> 00:43:11,559
creeped by there's we just now we don't

852
00:43:15,390 --> 00:43:14,739
we don't have that technology or we do

853
00:43:19,140 --> 00:43:15,400
and

854
00:43:21,780 --> 00:43:19,150
only a few people know about it I have

855
00:43:25,410 --> 00:43:21,790
no idea what we saw that night I don't

856
00:43:31,890 --> 00:43:25,420
know if it was real if it was aliens if

857
00:43:35,820 --> 00:43:31,900
it was a hallucination if it was I don't

858
00:43:40,590 --> 00:43:35,830
know but anyway I just figured I'd share

859
00:43:44,790 --> 00:43:40,600
it maybe someone around the area around

860
00:43:47,490 --> 00:43:44,800
that time saw something similar that's

861
00:43:48,750 --> 00:43:47,500
about all I can hope for maybe somebody

862
00:43:51,090 --> 00:43:48,760
else has had a similar experience

863
00:43:53,400 --> 00:43:51,100

somewhere else in the world where them

864

00:43:56,340 --> 00:43:53,410

and their friends saw something but they

865

00:43:58,280 --> 00:43:56,350

kind of perceive it differently but

866

00:44:02,820 --> 00:43:58,290

they're all sure that they saw something

867

00:44:05,840 --> 00:44:02,830

but yeah so that's that's one of my

868

00:44:09,600 --> 00:44:05,850

experiences thank you for listening and

869

00:44:11,580 --> 00:44:09,610

yeah if you want to see this kind of

870

00:44:13,260 --> 00:44:11,590

stuff for yourself the only thing I can

871

00:44:16,200 --> 00:44:13,270

say is get out in the middle of nowhere

872

00:44:19,200 --> 00:44:16,210

as often as possible because all the

873

00:44:22,620 --> 00:44:19,210

most amazing things as far as this kind

874

00:44:24,030 --> 00:44:22,630

of thing goes I've mostly been out in

875

00:44:27,720 --> 00:44:24,040

the middle of nowhere when I saw them

876

00:44:31,710 --> 00:44:27,730

and I've had a pretty good view of the

877

00:44:34,080 --> 00:44:31,720

sky when it all happened so point being

878

00:44:36,750 --> 00:44:34,090

if you're sitting at home watching TV or

879

00:44:38,310 --> 00:44:36,760

you know sitting on your cell phone or

880

00:44:41,400 --> 00:44:38,320

even if you do go out and you're just

881

00:44:43,380 --> 00:44:41,410

you know face down into your tablet

882

00:44:45,990 --> 00:44:43,390

you're probably not gonna experience

883

00:44:48,210 --> 00:44:46,000

anything like this or maybe you will I

884

00:44:53,990 --> 00:44:48,220

don't know the outside that's all I know

885

00:44:58,580 --> 00:44:54,000

so anyway thank you

886

00:45:00,680 --> 00:44:58,590

I think we have a story that is maybe

887

00:45:02,599 --> 00:45:00,690

gonna pull us back into the UFO world a

888

00:45:06,440 --> 00:45:02,609

world that we probably both thought we

889

00:45:08,599 --> 00:45:06,450

escaped from maybe 20 years ago so what

890

00:45:11,570 --> 00:45:08,609

we'll share the story with Ryan and

891

00:45:14,870 --> 00:45:11,580

we'll see what he and his his listeners

892

00:45:17,180 --> 00:45:14,880

think I'm Jordan Bonaparte I hosts a

893

00:45:20,300 --> 00:45:17,190

show called the nighttime podcast which

894

00:45:23,359 --> 00:45:20,310

covers Canadian crime and mysteries and

895

00:45:25,370 --> 00:45:23,369

UFO stories from across Canada you are

896

00:45:25,880 --> 00:45:25,380

my brother Jay and tell us a bit about

897

00:45:29,599 --> 00:45:25,890

you

898

00:45:31,730 --> 00:45:29,609

well I live in Ottawa right now and play

899

00:45:32,839 --> 00:45:31,740

in a band called paragon cause so we

900

00:45:34,339 --> 00:45:32,849

record a bunch of music and all that

901
00:45:35,900 --> 00:45:34,349
stuff and then I actually work in the

902
00:45:39,980 --> 00:45:35,910
hospital here in Ottawa as well

903
00:45:43,940 --> 00:45:39,990
we both had a UFO experience maybe I

904
00:45:47,210 --> 00:45:43,950
guess this was probably 25 years ago in

905
00:45:49,070 --> 00:45:47,220
Sydney Nova Scotia and I believe I was

906
00:45:50,599 --> 00:45:49,080
probably about seven or eight years old

907
00:45:54,349 --> 00:45:50,609
so that would have put it probably late

908
00:45:58,520 --> 00:45:54,359
80s is that when you write I'm guessing

909
00:46:01,070 --> 00:45:58,530
I was 11 12 that age yeah and it wasn't

910
00:46:02,930 --> 00:46:01,080
just us like the way it went down is and

911
00:46:04,250 --> 00:46:02,940
this is one of those things where I'm

912
00:46:05,870 --> 00:46:04,260
sure we both have a different

913
00:46:07,849 --> 00:46:05,880

recollection of it but the way I

914

00:46:10,310 --> 00:46:07,859

remember it it was like a school night

915

00:46:12,410 --> 00:46:10,320

and we were at the top of the street in

916

00:46:14,480 --> 00:46:12,420

someone's backyard in the winter

917

00:46:16,160 --> 00:46:14,490

sledding and it was like you and I as

918

00:46:18,050 --> 00:46:16,170

well as all the neighborhood kids like I

919

00:46:20,210 --> 00:46:18,060

remember everyone being there yeah

920

00:46:22,670 --> 00:46:20,220

there's like me you and maybe 10 12

921

00:46:24,560 --> 00:46:22,680

other kids like I remember a bunch I

922

00:46:26,750 --> 00:46:24,570

remember exactly who I was standing next

923

00:46:28,579 --> 00:46:26,760

to who I was with and it was the hill

924

00:46:29,870 --> 00:46:28,589

that we always went on we were there

925

00:46:32,150 --> 00:46:29,880

every night the winter sledding in the

926
00:46:33,890 --> 00:46:32,160
backyard yeah and the way the yard went

927
00:46:35,930 --> 00:46:33,900
is like our street was kind of a

928
00:46:38,240 --> 00:46:35,940
dead-end street kind of built onto a

929
00:46:40,370 --> 00:46:38,250
hill and when you were sledding you were

930
00:46:42,200 --> 00:46:40,380
kind of going from the street down into

931
00:46:44,060 --> 00:46:42,210
like the woods that was you know

932
00:46:45,950 --> 00:46:44,070
surrounded our dead-end streets so it

933
00:46:47,870 --> 00:46:45,960
was yeah it was like a boundary where

934
00:46:49,339 --> 00:46:47,880
the tree started at the bottom of the

935
00:46:51,349 --> 00:46:49,349
hill yeah exactly

936
00:46:53,810 --> 00:46:51,359
and so again it was it was a school

937
00:46:55,550 --> 00:46:53,820
night son it couldn't have been that

938
00:46:57,290 --> 00:46:55,560

late because it was all the neighborhood

939

00:46:59,930 --> 00:46:57,300

kids that were out but the Sun was

940

00:47:02,570 --> 00:46:59,940

certainly down it was nighttime it was a

941

00:47:03,440 --> 00:47:02,580

dark sky backlights LED light was on so

942

00:47:04,430 --> 00:47:03,450

it was late enough that I remember

943

00:47:06,470 --> 00:47:04,440

there's a floodlight

944

00:47:07,920 --> 00:47:06,480

yeah illuminating the backyard yeah

945

00:47:09,420 --> 00:47:07,930

exactly so when you were

946

00:47:11,160 --> 00:47:09,430

the hill you were like down in the

947

00:47:13,440 --> 00:47:11,170

darkness then you would pull your sled

948

00:47:15,870 --> 00:47:13,450

up the hill up into the litt backyard is

949

00:47:17,730 --> 00:47:15,880

the way I recall it and exactly the way

950

00:47:20,010 --> 00:47:17,740

I remember it as I slid down the hill

951
00:47:21,960 --> 00:47:20,020
and I was among the younger kids because

952
00:47:23,430 --> 00:47:21,970
if most of the kids were like a year

953
00:47:24,960 --> 00:47:23,440
three or four years older than me most

954
00:47:27,000 --> 00:47:24,970
of them were around your age so I

955
00:47:28,920 --> 00:47:27,010
remember being down the bottom of the

956
00:47:30,540 --> 00:47:28,930
hill looking up at everyone kind of

957
00:47:32,910 --> 00:47:30,550
slowly coming down the hill and whatnot

958
00:47:37,050 --> 00:47:32,920
sledding and the way I remember it

959
00:47:39,510 --> 00:47:37,060
happening was this bizarre sound that

960
00:47:41,730 --> 00:47:39,520
almost sounded like just every bit of

961
00:47:43,170 --> 00:47:41,740
sound getting sucked out of the sky and

962
00:47:46,620 --> 00:47:43,180
out of the world like I remembered like

963
00:47:49,500 --> 00:47:46,630

a second of split silence followed by

964

00:47:52,200 --> 00:47:49,510

the brightest light that I've ever seen

965

00:47:55,050 --> 00:47:52,210

like it went from darkness to brighter

966

00:47:56,910 --> 00:47:55,060

than daylight instantly yeah so the

967

00:47:59,460 --> 00:47:56,920

weird thing is me and you I don't think

968

00:48:02,190 --> 00:47:59,470

we talked about this never never like

969

00:48:03,750 --> 00:48:02,200

the we are now no no and so like you're

970

00:48:05,760 --> 00:48:03,760

telling me that story kind of gave me

971

00:48:08,400 --> 00:48:05,770

the chills because my recollection is I

972

00:48:11,280 --> 00:48:08,410

was standing next to my friend Brian and

973

00:48:11,760 --> 00:48:11,290

I remarried because it's like clear as

974

00:48:13,470 --> 00:48:11,770

day

975

00:48:14,700 --> 00:48:13,480

I remember Ian blindly alright let's go

976

00:48:16,920 --> 00:48:14,710

down the hill and we were kids alike

977

00:48:18,870 --> 00:48:16,930

let's count to five and we'll go so we

978

00:48:21,270 --> 00:48:18,880

counted and we went down the hill and I

979

00:48:24,860 --> 00:48:21,280

remember it's kind of laughing and to me

980

00:48:27,810 --> 00:48:24,870

what I remember is again the trees the

981

00:48:29,940 --> 00:48:27,820

woods that there's just that sound of

982

00:48:32,670 --> 00:48:29,950

the outdoors and then all of a sudden it

983

00:48:34,890 --> 00:48:32,680

just stopped like nothing exists that

984

00:48:39,210 --> 00:48:34,900

there was no sound it wasn't that it was

985

00:48:41,760 --> 00:48:39,220

quiet is that sound was gone and to me

986

00:48:43,050 --> 00:48:41,770

it felt like slow motion like I felt

987

00:48:45,720 --> 00:48:43,060

like time stopped

988

00:48:49,790 --> 00:48:45,730

and I remember standing up and then

989

00:48:52,410 --> 00:48:49,800

again instantaneously within you know

990

00:48:55,410 --> 00:48:52,420

milliseconds there was this light that

991

00:48:57,840 --> 00:48:55,420

felt like it was literally just a foot

992

00:48:59,730 --> 00:48:57,850

above my head that was so bright but at

993

00:49:02,040 --> 00:48:59,740

the same time I remember thinking that

994

00:49:04,470 --> 00:49:02,050

it was incredibly bright but it wasn't

995

00:49:06,750 --> 00:49:04,480

really blinding me like I could see the

996

00:49:09,630 --> 00:49:06,760

light and it was crazy black bright and

997

00:49:11,970 --> 00:49:09,640

I remember the slow-motion feeling I

998

00:49:13,740 --> 00:49:11,980

started turning my head to look up at

999

00:49:15,780 --> 00:49:13,750

the sky because I wanted to know what it

1000

00:49:17,610 --> 00:49:15,790

was and I felt and I spoke to the day

1001
00:49:20,070 --> 00:49:17,620
remember it and it was like slow motion

1002
00:49:21,540 --> 00:49:20,080
and as I looked up what I remember is

1003
00:49:24,180 --> 00:49:21,550
just this

1004
00:49:27,840 --> 00:49:24,190
light like I couldn't see anything and

1005
00:49:31,470 --> 00:49:27,850
then I remember it just kind of sucked

1006
00:49:33,330 --> 00:49:31,480
itself into like a ball almost and then

1007
00:49:37,320 --> 00:49:33,340
just I seen it just kind of shoot off

1008
00:49:40,320 --> 00:49:37,330
into the sky but not like horizontally

1009
00:49:43,140 --> 00:49:40,330
like into the sky and then just go away

1010
00:49:44,280 --> 00:49:43,150
and but I could see it like fly off into

1011
00:49:46,740 --> 00:49:44,290
space face it

1012
00:49:49,560 --> 00:49:46,750
yeah I I have the exact same memory I

1013
00:49:51,180 --> 00:49:49,570

remember when the light came and I

1014

00:49:52,740 --> 00:49:51,190

realized like it all of a sudden it was

1015

00:49:55,440 --> 00:49:52,750

incredibly bright I remember kind of

1016

00:49:57,210 --> 00:49:55,450

shielding my eyes and I can I almost had

1017

00:49:59,100 --> 00:49:57,220

this vision burnt into my mind of like

1018

00:50:01,710 --> 00:49:59,110

looking up at the hill probably looking

1019

00:50:03,600 --> 00:50:01,720

for my older brother you and I remember

1020

00:50:05,340 --> 00:50:03,610

seeing all the kids kind of just

1021

00:50:07,110 --> 00:50:05,350

standing there you know looking at the

1022

00:50:08,970 --> 00:50:07,120

sky and down at me and I remember like

1023

00:50:11,910 --> 00:50:08,980

the really hard shadow on the ground

1024

00:50:13,590 --> 00:50:11,920

like every kid had like you know like as

1025

00:50:15,360 --> 00:50:13,600

a photographer if you have the flash on

1026

00:50:17,280 --> 00:50:15,370

you get a really nasty shadow I just

1027

00:50:20,190 --> 00:50:17,290

remember this vision of all the kids

1028

00:50:21,780 --> 00:50:20,200

with their like sleds in their hand you

1029

00:50:24,180 --> 00:50:21,790

know with a bright light shining on them

1030

00:50:26,670 --> 00:50:24,190

and at the same thing is what you said I

1031

00:50:28,890 --> 00:50:26,680

remember looking up and as I did I

1032

00:50:31,020 --> 00:50:28,900

almost describe it as like the light

1033

00:50:33,090 --> 00:50:31,030

being sucked into like the vacuum of

1034

00:50:36,030 --> 00:50:33,100

space because it just yeah exactly it

1035

00:50:39,540 --> 00:50:36,040

just yeah I just got smaller and just

1036

00:50:41,430 --> 00:50:39,550

went away and as it went away the sound

1037

00:50:43,560 --> 00:50:41,440

of the world came back kind of at the

1038

00:50:46,710 --> 00:50:43,570

same back pace and I don't know about

1039

00:50:49,350 --> 00:50:46,720

you but what I remember is silent but

1040

00:50:52,590 --> 00:50:49,360

then once it went away kids started

1041

00:50:54,570 --> 00:50:52,600

screaming and crying and everybody ran

1042

00:50:57,210 --> 00:50:54,580

home to their parents yeah into their

1043

00:50:59,250 --> 00:50:57,220

houses yeah like it was creak hey oh I

1044

00:51:02,850 --> 00:50:59,260

should ask dad about it because I do

1045

00:51:04,320 --> 00:51:02,860

remember you and I and Brian and like

1046

00:51:06,840 --> 00:51:04,330

all the kids just running down the

1047

00:51:09,300 --> 00:51:06,850

street freaking out and I don't remember

1048

00:51:11,040 --> 00:51:09,310

if we use the word UFO or like what we

1049

00:51:14,310 --> 00:51:11,050

thought had happened but I do remember

1050

00:51:16,860 --> 00:51:14,320

like running home and like running upset

1051
00:51:18,300 --> 00:51:16,870
and telling dad what had happened the

1052
00:51:19,590 --> 00:51:18,310
other thing I remember though is I

1053
00:51:22,770 --> 00:51:19,600
remember when it happened

1054
00:51:25,110 --> 00:51:22,780
I I was looking towards the woods and

1055
00:51:28,410 --> 00:51:25,120
there was actually I could see I

1056
00:51:30,590 --> 00:51:28,420
remember seeing like a line where though

1057
00:51:33,570 --> 00:51:30,600
it wasn't like a light that was

1058
00:51:35,150 --> 00:51:33,580
diffusing and it was like a like a like

1059
00:51:36,890 --> 00:51:35,160
a like a a

1060
00:51:39,080 --> 00:51:36,900
all about side I've never seen a

1061
00:51:42,020 --> 00:51:39,090
distinct line where the light stopped

1062
00:51:43,700 --> 00:51:42,030
there was darkness beyond it it was very

1063
00:51:46,250 --> 00:51:43,710

very weird like it was light that

1064

00:51:48,110 --> 00:51:46,260

whatever it was it wasn't normal light

1065

00:51:50,660 --> 00:51:48,120

like it was not normal it wasn't a

1066

00:51:52,820 --> 00:51:50,670

spotlight from a helicopter like it was

1067

00:51:55,850 --> 00:51:52,830

abnormal and I'm sure you'd agree like

1068

00:51:57,320 --> 00:51:55,860

yeah even it even felt different yeah

1069

00:52:00,290 --> 00:51:57,330

felt different

1070

00:52:03,770 --> 00:52:00,300

yeah the way I remember it is it did

1071

00:52:06,050 --> 00:52:03,780

feel like the light was kind of in an

1072

00:52:07,850 --> 00:52:06,060

area around us like there was spots like

1073

00:52:10,850 --> 00:52:07,860

beyond where we were that were still

1074

00:52:12,770 --> 00:52:10,860

dark yeah but it wasn't a spotlight like

1075

00:52:14,330 --> 00:52:12,780

you said for one where we lived there

1076
00:52:17,030 --> 00:52:14,340
would never be a helicopter above a

1077
00:52:18,830 --> 00:52:17,040
shining like oh yeah kids but never but

1078
00:52:20,840 --> 00:52:18,840
it was also a bigger area like it would

1079
00:52:25,940 --> 00:52:20,850
have lit up probably the area of like

1080
00:52:28,490 --> 00:52:25,950
one or two you know two yards that a

1081
00:52:30,590 --> 00:52:28,500
house would be sitting on yeah exactly

1082
00:52:32,120 --> 00:52:30,600
and I think the other important thing is

1083
00:52:35,060 --> 00:52:32,130
like behind this house of woods behind

1084
00:52:36,740 --> 00:52:35,070
our house is like hundreds and hundreds

1085
00:52:38,390 --> 00:52:36,750
and hundreds of kilometers there's

1086
00:52:40,130 --> 00:52:38,400
nothing else behind it it's not like

1087
00:52:42,200 --> 00:52:40,140
there's a little bit forest then another

1088
00:52:43,990 --> 00:52:42,210

Street like it is the forest until you

1089

00:52:47,060 --> 00:52:44,000

get water basically yeah the ocean

1090

00:52:48,980 --> 00:52:47,070

eventually you would get exactly but and

1091

00:52:51,170 --> 00:52:48,990

I actually brought this up with this guy

1092

00:52:52,520 --> 00:52:51,180

Brian and he won't talk about it he's

1093

00:52:53,720 --> 00:52:52,530

like I don't want to talk about I don't

1094

00:52:57,680 --> 00:52:53,730

want to talk about it you won't talk

1095

00:53:00,020 --> 00:52:57,690

about this I've no idea why it's bizarre

1096

00:53:02,060 --> 00:53:00,030

super bizarre but it's a it's a weird

1097

00:53:04,720 --> 00:53:02,070

thing because you know you experience

1098

00:53:07,880 --> 00:53:04,730

that and I think you probably agree like

1099

00:53:10,970 --> 00:53:07,890

when people ask me if UFO exists I'm

1100

00:53:13,070 --> 00:53:10,980

like yeah I seem like there's no I'm not

1101
00:53:14,990 --> 00:53:13,080
crazy I'm a normal person and it is what

1102
00:53:17,570 --> 00:53:15,000
it is it's not there's no other

1103
00:53:19,490 --> 00:53:17,580
explanation like this is it was there

1104
00:53:22,490 --> 00:53:19,500
and it kind of changes your perspective

1105
00:53:24,440 --> 00:53:22,500
on life in general because it's weird

1106
00:53:26,440 --> 00:53:24,450
when you know but no one believes you

1107
00:53:30,050 --> 00:53:26,450
but at the same time they're like I know

1108
00:53:32,090 --> 00:53:30,060
I feel the exact same way well we'll

1109
00:53:33,320 --> 00:53:32,100
give this story to Ryan and you never

1110
00:53:34,850 --> 00:53:33,330
know maybe we'll excite him and he'll

1111
00:53:37,130 --> 00:53:34,860
investigate it and we can figure out

1112
00:53:37,700 --> 00:53:37,140
what the hell happened definitely all

1113
00:53:40,040 --> 00:53:37,710

right Jamie

1114

00:53:42,200 --> 00:53:40,050

well thanks for for chatting this out

1115

00:53:44,030 --> 00:53:42,210

with me and hopefully Ryan can look into

1116

00:53:45,860 --> 00:53:44,040

it and maybe the Salib ins inspire the

1117

00:53:47,630 --> 00:53:45,870

next paragon cause song like you guys

1118

00:53:49,880 --> 00:53:47,640

should do something about this

1119

00:53:51,200 --> 00:53:49,890

it already has I think we may right we

1120

00:53:53,060 --> 00:53:51,210

just you know we're releasing a new

1121

00:53:55,790 --> 00:53:53,070

album this week on next Friday actually

1122

00:53:57,080 --> 00:53:55,800

in the 17th and you know if it wasn't

1123

00:53:58,280 --> 00:53:57,090

for that us all I wouldn't have the

1124

00:54:00,440 --> 00:53:58,290

talent to play the guitar because I'm

1125

00:54:02,600 --> 00:54:00,450

pretty sure they installed that so I owe

1126

00:54:04,100 --> 00:54:02,610

them a lot of money there you go well

1127

00:54:10,970 --> 00:54:04,110

this is perfect Jayla thanks for talking

1128

00:54:13,310 --> 00:54:10,980

about thank you somewhere in the skies

1129

00:54:15,260 --> 00:54:13,320

is produced by Third Kind productions in

1130

00:54:17,360 --> 00:54:15,270

association with the entertainment one
