delivered by a lineup of awesome humans

9
00:00:24,259 --> 00:00:20,850
who are fascinated by the strange and

10
00:00:26,120 --> 00:00:24,269
get this all the strange 2020 is a 100%

11
00:00:30,070 --> 00:00:26,130
free event so jump over to all the

12
00:00:30,080 --> 00:00:34,830
[Music]

13
00:00:34,840 --> 00:00:38,840

[Applause]

14

00:00:43,450 --> 00:00:43,440

this is somewhere in the skies

15

00:00:47,650 --> 00:00:45,060

[Music]

16

00:01:08,360 --> 00:00:47,660

[Applause]

17

00:01:16,050 --> 00:01:13,350

in 1996 I had the first of my four UFO

18

00:01:18,030 --> 00:01:16,060

sightings but this was the big one the

19

00:01:20,640 --> 00:01:18,040

first one this pretty much blew the

20

00:01:23,730 --> 00:01:20,650

doors off my reality it took place in

21

00:01:25,920 --> 00:01:23,740

Montana and the story leading up to the

22

00:01:29,100 --> 00:01:25,930

sighting is almost just as good as the

23

00:01:31,050 --> 00:01:29,110

sighting itself in 96 I was 20 years old

24

00:01:32,730 --> 00:01:31,060

and I worked very hard for a baseball

25

00:01:35,969 --> 00:01:32,740

scholarship and that was taken away from

26

00:01:38,040 --> 00:01:35,979

me and instead of wallowing in self-pity

27

00:01:40,710 --> 00:01:38,050

in my bedroom I convinced a friend of

28

00:01:42,060 --> 00:01:40,720

mine to move to Montana when I left high

29

00:01:44,520 --> 00:01:42,070

school most of the guys were going to

30

00:01:46,350 --> 00:01:44,530

either Colorado or Arizona one or the

31

00:01:48,180 --> 00:01:46,360

other and I said you know what let's

32

00:01:50,609 --> 00:01:48,190

change this up and I convinced a buddy

33

00:01:53,160 --> 00:01:50,619

of mine to go to Montana when we were

34

00:01:55,140 --> 00:01:53,170

out in Montana during our first month it

35

00:01:56,880 --> 00:01:55,150

was in the middle of winter we sat in an

36

00:01:59,850 --> 00:01:56,890

empty apartment for a month knew nobody

37

00:02:01,670 --> 00:01:59,860

and then this man just started knocking

38

00:02:05,190 --> 00:02:01,680

on her door all the time he was

39

00:02:07,140 --> 00:02:05,200

absolutely nuts we know it but we had

40

00:02:09,419 --> 00:02:07,150

nothing to do and we entertained them he

41

00:02:12,150 --> 00:02:09,429

just showed up every day sat in our

42

00:02:15,810 --> 00:02:12,160

living room and just spewed conspiracy

43

00:02:17,699 --> 00:02:15,820

theories telling us that 1999 December

44

00:02:18,479 --> 00:02:17,709

31st was the end of the world and we

45

00:02:21,360 --> 00:02:18,489

should get ready

46

00:02:23,180 --> 00:02:21,370

and that AIDS and cancer was mainlined

47

00:02:25,500 --> 00:02:23,190

into society by the American government

48

00:02:27,090 --> 00:02:25,510

you know as 20 year old kids this was

49

00:02:28,770 --> 00:02:27,100

this was entertaining to just sit there

50

00:02:30,210 --> 00:02:28,780

and listen to this guy rather than just

51
00:02:32,699 --> 00:02:30,220
stare at the walls and wait for the snow

52
00:02:34,860 --> 00:02:32,709
to melt anyway this guy just kept

53
00:02:37,170 --> 00:02:34,870
talking about this cabin he owned up in

54
00:02:38,699 --> 00:02:37,180
the north part of Montana and this is

55
00:02:41,190 --> 00:02:38,709
where he was gonna get ready for y2k

56
00:02:43,320 --> 00:02:41,200
this is where him and these people on

57
00:02:44,970 --> 00:02:43,330
his commune we're gonna prepare for the

58
00:02:47,340 --> 00:02:44,980
end of the world so we listened to this

59
00:02:49,620 --> 00:02:47,350
guy for about a month straight he'd stop

60
00:02:53,670 --> 00:02:49,630
in every day and just spew the same

61
00:02:55,890 --> 00:02:53,680
nonsense and then one day he asked us if

62
00:02:58,229 --> 00:02:55,900
we would like to take a ride if we would

63
00:03:00,420 --> 00:02:58,239

like to go to this cabin now Montana is

64

00:03:01,800 --> 00:03:00,430

a big state in the southwestern part

65

00:03:03,090 --> 00:03:01,810

where we were we were going to have to

66

00:03:05,310 --> 00:03:03,100

drive to the Canadian border

67

00:03:07,170 --> 00:03:05,320

and if you can picture a map this is

68

00:03:10,710 --> 00:03:07,180

exactly like driving from New York City

69

00:03:12,390 --> 00:03:10,720

to Cleveland Ohio it was a long way but

70

00:03:13,440 --> 00:03:12,400

we were bored and we jumped in my car

71

00:03:16,729 --> 00:03:13,450

one night

72

00:03:19,350 --> 00:03:16,739

we started driving and around midnight

73

00:03:22,710 --> 00:03:19,360

the guy actually gave us some wrong

74

00:03:25,259 --> 00:03:22,720

directions I think on purpose and we got

75

00:03:27,720 --> 00:03:25,269

stuck in the snow we were not going

76
00:03:29,490 --> 00:03:27,730
anywhere so we had to start walking and

77
00:03:32,160 --> 00:03:29,500
we started walking through the Montana

78
00:03:34,160 --> 00:03:32,170
wilderness in the middle of winter with

79
00:03:36,449 --> 00:03:34,170
somebody we knew was certifiably crazy

80
00:03:38,699 --> 00:03:36,459
it was me and my friend and we just

81
00:03:40,380 --> 00:03:38,709
followed this man as he just kept

82
00:03:42,000 --> 00:03:40,390
telling us this is the way to my cabin

83
00:03:43,589 --> 00:03:42,010
if we don't make it to my cabin we're

84
00:03:46,350 --> 00:03:43,599
pretty much gonna freeze to death so

85
00:03:48,089 --> 00:03:46,360
your car stuck you're going nowhere and

86
00:03:50,729 --> 00:03:48,099
if you don't follow me you're basically

87
00:03:53,640 --> 00:03:50,739
dead so we started following this guy

88
00:03:55,170 --> 00:03:53,650

and right off the bat he jumped off the

89

00:03:57,270 --> 00:03:55,180

road and we started walking through the

90

00:03:58,280 --> 00:03:57,280

woods and we knew we were lost and we

91

00:04:01,620 --> 00:03:58,290

were in big trouble

92

00:04:03,660 --> 00:04:01,630

he just kept the fire and off you know

93

00:04:05,400 --> 00:04:03,670

all about the conspiracy theories and

94

00:04:07,680 --> 00:04:05,410

you know where do you meet this person

95

00:04:09,420 --> 00:04:07,690

tomorrow when you know the Sun comes up

96

00:04:12,870 --> 00:04:09,430

and we hadn't even gotten to the cabin

97

00:04:15,780 --> 00:04:12,880

yet we were just afraid for our life so

98

00:04:17,759 --> 00:04:15,790

as we were walking through the woods we

99

00:04:20,340 --> 00:04:17,769

were starting to give up hope and he saw

100

00:04:22,260 --> 00:04:20,350

a clearing and we finally came out into

101
00:04:25,529 --> 00:04:22,270
this clearing where he could you know

102
00:04:28,170 --> 00:04:25,539
gain his bearings again and find out if

103
00:04:30,330 --> 00:04:28,180
we were truly lost or not at this point

104
00:04:32,700 --> 00:04:30,340
it was about 3:00 in the morning and we

105
00:04:34,980 --> 00:04:32,710
were under a pitch-black Montana sky I

106
00:04:37,560 --> 00:04:34,990
mean the Big Sky Montana if you've never

107
00:04:38,340 --> 00:04:37,570
seen it's just it's unbelievable you

108
00:04:40,080 --> 00:04:38,350
know even if you're in a

109
00:04:41,760 --> 00:04:40,090
life-threatening moment it'll make you

110
00:04:43,950 --> 00:04:41,770
forget about everything just the beauty

111
00:04:47,070 --> 00:04:43,960
of it all and underneath this huge

112
00:04:49,800 --> 00:04:47,080
crystal-clear black sky with just stars

113
00:04:52,920 --> 00:04:49,810

that you could reach out and touch there

114

00:04:53,969 --> 00:04:52,930

we were just postholing across you know

115

00:04:56,310 --> 00:04:53,979

two feet of snow

116

00:04:58,980 --> 00:04:56,320

going a couple feet at a time just you

117

00:05:00,900 --> 00:04:58,990

know making no headway and we were my

118

00:05:03,420 --> 00:05:00,910

friends and I were very angry very angry

119

00:05:06,029 --> 00:05:03,430

at this guy but what we were gonna do so

120

00:05:07,740 --> 00:05:06,039

anyway right at that moment he goes you

121

00:05:09,960 --> 00:05:07,750

guys don't believe me that aids was

122

00:05:12,000 --> 00:05:09,970

mainlined into society by the American

123

00:05:12,779 --> 00:05:12,010

government and you don't believe me that

124

00:05:17,940 --> 00:05:12,789

y2k

125

00:05:19,680 --> 00:05:17,950

31st 1999 isn't the end of the world

126

00:05:20,460 --> 00:05:19,690

he's like you don't believe in any of

127

00:05:22,470 --> 00:05:20,470

that and we

128

00:05:24,510 --> 00:05:22,480

like the guys name was Todd we were like

129

00:05:26,910 --> 00:05:24,520

Todd we're like just shut the up

130

00:05:29,160 --> 00:05:26,920

and just get us to your cabin he goes

131

00:05:30,600 --> 00:05:29,170

I'm not moving another foot we're not

132

00:05:32,700 --> 00:05:30,610

going anywhere until you tell me what

133

00:05:33,270 --> 00:05:32,710

that is and then he pointed up to the

134

00:05:35,790 --> 00:05:33,280

sky

135

00:05:40,440 --> 00:05:35,800

and reluctantly my friend and I looked

136

00:05:42,120 --> 00:05:40,450

up and there it was it was huge it was

137

00:05:44,850 --> 00:05:42,130

almost the size of the full moon and the

138

00:05:48,780 --> 00:05:44,860

moon was almost full that night and it

139

00:05:52,140 --> 00:05:48,790

was a circular object it was just this

140

00:05:54,930 --> 00:05:52,150

piercing white on top and green on the

141

00:05:57,600 --> 00:05:54,940

bottom with just this red strobe going

142

00:05:59,610 --> 00:05:57,610

across it just you know pulsating across

143

00:06:01,980 --> 00:05:59,620

and my friend and I looked up and we saw

144

00:06:04,080 --> 00:06:01,990

this thing and immediately we just fell

145

00:06:05,700 --> 00:06:04,090

back in the snow like just you know the

146

00:06:07,440 --> 00:06:05,710

snow was basically up to our waist so

147

00:06:10,170 --> 00:06:07,450

when we just fell over we were you know

148

00:06:11,820 --> 00:06:10,180

just laying there and we were looking up

149

00:06:13,380 --> 00:06:11,830

in the sky just looking at this thing it

150

00:06:15,690 --> 00:06:13,390

wasn't moving at all but it would the

151
00:06:18,060 --> 00:06:15,700
light was just you know the green and

152
00:06:20,520 --> 00:06:18,070
the white and the red strobe and we

153
00:06:22,530 --> 00:06:20,530
could tell you know from this that this

154
00:06:24,360 --> 00:06:22,540
this guy had seen as this guy Todd had

155
00:06:27,270 --> 00:06:24,370
seen as so many times it was almost a

156
00:06:28,710 --> 00:06:27,280
bore to him and we laid there for you

157
00:06:30,990 --> 00:06:28,720
know about a minute and then all of a

158
00:06:33,840 --> 00:06:31,000
sudden this thing just started dancing

159
00:06:36,030 --> 00:06:33,850
all over the place if you could picture

160
00:06:38,040 --> 00:06:36,040
the Rocky Mountains in the distance

161
00:06:41,040 --> 00:06:38,050
under the moonlight you know with just

162
00:06:42,240 --> 00:06:41,050
jagged snow-covered peaks and you know

163
00:06:44,159 --> 00:06:42,250

there's there's the moonlight just

164

00:06:46,230 --> 00:06:44,169

illuminating off from here was this

165

00:06:48,450 --> 00:06:46,240

thing went from just hanging over our

166

00:06:50,880 --> 00:06:48,460

head to within a split second it was

167

00:06:52,650 --> 00:06:50,890

just dancing up and around the rocky

168

00:06:54,480 --> 00:06:52,660

mountain peaks before coming to a quick

169

00:06:56,370 --> 00:06:54,490

rest and it would stop for a few seconds

170

00:06:58,230 --> 00:06:56,380

and then just start dancing above the

171

00:07:00,030 --> 00:06:58,240

rocky mountain peaks again and then all

172

00:07:02,820 --> 00:07:00,040

of a sudden shot back up into the sky

173

00:07:04,469 --> 00:07:02,830

and it just stood stationary my friends

174

00:07:06,450 --> 00:07:04,479

and I my friend that I literally had

175

00:07:08,310 --> 00:07:06,460

tears just streaming down the sides of

176

00:07:11,790 --> 00:07:08,320

our face you know it was like a

177

00:07:12,870 --> 00:07:11,800

combination of terror and awe and we

178

00:07:15,240 --> 00:07:12,880

didn't even know what to think

179

00:07:18,150 --> 00:07:15,250

and the guy Todd was standing right next

180

00:07:19,469 --> 00:07:18,160

to us the whole time and he goes he goes

181

00:07:20,670 --> 00:07:19,479

you think that's messed up

182

00:07:21,990 --> 00:07:20,680

you know what's called his boys he's

183

00:07:24,390 --> 00:07:22,000

like boys you think that's messed up

184

00:07:26,159 --> 00:07:24,400

he's like there's usually four or five

185

00:07:28,860 --> 00:07:26,169

of those things all flying around in

186

00:07:30,120 --> 00:07:28,870

formation because that's why my wife and

187

00:07:31,970 --> 00:07:30,130

my daughter won't come back up here

188

00:07:33,500 --> 00:07:31,980

anymore they're too scared

189

00:07:34,580 --> 00:07:33,510

you know and that's when he told us wait

190

00:07:36,170 --> 00:07:34,590

till you meet my friends tomorrow

191

00:07:38,720 --> 00:07:36,180

they'll tell you stories about these

192

00:07:40,460 --> 00:07:38,730

things that you won't believe well we

193

00:07:42,800 --> 00:07:40,470

ended up making at the Todd's cabin that

194

00:07:44,810 --> 00:07:42,810

night and you know I'm cutting through a

195

00:07:46,730 --> 00:07:44,820

pretty grand story just to get to the

196

00:07:49,100 --> 00:07:46,740

back half of this where we met somebody

197

00:07:51,800 --> 00:07:49,110

else who actually had a basically a

198

00:07:54,080 --> 00:07:51,810

run-in with one of these objects

199

00:07:58,430 --> 00:07:54,090

it wasn't essentially the object that we

200

00:08:00,380 --> 00:07:58,440

saw but it was a as this man described

201
00:08:06,080 --> 00:08:00,390
it not Todd but one of his friends

202
00:08:08,210 --> 00:08:06,090
described it was a circular craft and he

203
00:08:10,430 --> 00:08:08,220
and his other friend were hunting one

204
00:08:12,680 --> 00:08:10,440
day and they were hunting near Todd's

205
00:08:14,390 --> 00:08:12,690
cabin which is where we were getting to

206
00:08:17,030 --> 00:08:14,400
the entire time we were walking to

207
00:08:19,100 --> 00:08:17,040
Todd's cabin but this was at another

208
00:08:21,560 --> 00:08:19,110
point and these other two people were

209
00:08:25,790 --> 00:08:21,570
hunting near Todd's cabin when they saw

210
00:08:28,190 --> 00:08:25,800
this like metallic like silverish you

211
00:08:30,230 --> 00:08:28,200
know circular you know it was a

212
00:08:31,970 --> 00:08:30,240
lenticular craft it was like a flying

213
00:08:34,460 --> 00:08:31,980

saucer I just hate saying those words

214

00:08:37,280 --> 00:08:34,470

but he said it floated in over the trees

215

00:08:39,260 --> 00:08:37,290

just above treetop level and this other

216

00:08:42,230 --> 00:08:39,270

gentleman and his friend were just

217

00:08:43,700 --> 00:08:42,240

watching this thing and which wasn't a

218

00:08:46,940 --> 00:08:43,710

good decision which I'm about to say

219

00:08:49,550 --> 00:08:46,950

these guys made a bad decision when the

220

00:08:51,530 --> 00:08:49,560

other guy took a shot at this thing it

221

00:08:52,940 --> 00:08:51,540

wasn't too far away you know he said was

222

00:08:55,220 --> 00:08:52,950

you know maybe a hundred hundred and

223

00:08:58,580 --> 00:08:55,230

fifty feet off the ground and the one

224

00:08:59,900 --> 00:08:58,590

guy took a shot at it and he said you

225

00:09:01,640 --> 00:08:59,910

know he didn't know if he hit it but he

226

00:09:05,480 --> 00:09:01,650

said that the craft actually buckled

227

00:09:08,210 --> 00:09:05,490

after he shot and he saw that after he

228

00:09:10,130 --> 00:09:08,220

shot he shot at this thing that it

229

00:09:13,130 --> 00:09:10,140

started moving toward him so these guys

230

00:09:14,900 --> 00:09:13,140

who were in the same clearing that my

231

00:09:16,340 --> 00:09:14,910

friend and I and Todd were walking

232

00:09:19,130 --> 00:09:16,350

through

233

00:09:21,650 --> 00:09:19,140

the aegis ran for cover they ran for the

234

00:09:23,510 --> 00:09:21,660

treeline when they saw this thing slowly

235

00:09:25,449 --> 00:09:23,520

starting to move over the trees and

236

00:09:29,240 --> 00:09:25,459

start following them in their direction

237

00:09:31,310 --> 00:09:29,250

so while they were in the trees this

238

00:09:33,320 --> 00:09:31,320

craft was pretty much just scope and

239

00:09:35,720 --> 00:09:33,330

form just hovering over the trees like

240

00:09:37,850 --> 00:09:35,730

you know just trying to find out exactly

241

00:09:41,120 --> 00:09:37,860

where they were on the forest floor and

242

00:09:42,980 --> 00:09:41,130

he said at the very last moment the

243

00:09:44,449 --> 00:09:42,990

craft found him it was hovering right

244

00:09:46,400 --> 00:09:44,459

overhead as they were like pretty much

245

00:09:50,180 --> 00:09:46,410

hugging a tree just trying not to be

246

00:09:52,070 --> 00:09:50,190

seen or heard or anything and he said

247

00:09:56,090 --> 00:09:52,080

that the bottom of this craft opened up

248

00:09:58,610 --> 00:09:56,100

and out of the bottom of it spilled this

249

00:10:01,820 --> 00:09:58,620

liquid this very viscous gelatinous red

250

00:10:03,740 --> 00:10:01,830

liquid and it got all over them it got

251
00:10:06,380 --> 00:10:03,750
all over the one man and then got on the

252
00:10:08,870 --> 00:10:06,390
arm of the other man and when this guy

253
00:10:10,699 --> 00:10:08,880
who was telling me this story I it was

254
00:10:13,190 --> 00:10:10,709
now about a year and a half after this

255
00:10:15,590 --> 00:10:13,200
happened to him he was riddled in tumors

256
00:10:17,750 --> 00:10:15,600
I mean he is hold his whole back was

257
00:10:19,160 --> 00:10:17,760
just it was gross he showed me his

258
00:10:23,090 --> 00:10:19,170
friend who got hit in the hand and the

259
00:10:24,980 --> 00:10:23,100
arm his hand was all red you know

260
00:10:26,560 --> 00:10:24,990
whatever whatever this stuff was I mean

261
00:10:28,480 --> 00:10:26,570
if it wasn't radioactive it was

262
00:10:31,850 --> 00:10:28,490
extremely poisonous

263
00:10:33,260 --> 00:10:31,860

so between Todd the guy that took us up

264

00:10:35,690 --> 00:10:33,270

to the cabin who showed us the initial

265

00:10:37,069 --> 00:10:35,700

UFO and his friends who told us this

266

00:10:39,650 --> 00:10:37,079

story about getting hit with this

267

00:10:42,139 --> 00:10:39,660

material that came out of the bottom of

268

00:10:43,639 --> 00:10:42,149

this craft you know I asked him and my

269

00:10:47,030 --> 00:10:43,649

friend asked him what do you think this

270

00:10:49,340 --> 00:10:47,040

was you know was this is this what we

271

00:10:50,930 --> 00:10:49,350

think it is it's not from here these

272

00:10:52,760 --> 00:10:50,940

guys didn't want to hear they were

273

00:10:53,900 --> 00:10:52,770

conspiracy theorists throw him through

274

00:10:55,730 --> 00:10:53,910

they were getting ready for the end of

275

00:10:57,860 --> 00:10:55,740

the world they thought it was the

276

00:10:59,810 --> 00:10:57,870

American government you know not there

277

00:11:01,550 --> 00:10:59,820

was no other culprit in the world than

278

00:11:03,199 --> 00:11:01,560

the American government even if a

279

00:11:04,850 --> 00:11:03,209

straight-up alien just came up and

280

00:11:06,110 --> 00:11:04,860

looked at him face to face they would

281

00:11:09,230 --> 00:11:06,120

still think it was the American

282

00:11:13,069 --> 00:11:09,240

government but um we ended up leaving

283

00:11:14,990 --> 00:11:13,079

there and years later my wife and I my

284

00:11:17,389 --> 00:11:15,000

now wife ended up moving back to Montana

285

00:11:19,130 --> 00:11:17,399

and the people I was living with back

286

00:11:20,690 --> 00:11:19,140

then you know I had new friends and they

287

00:11:22,400 --> 00:11:20,700

were like Pat you tell this crazy story

288

00:11:25,040 --> 00:11:22,410

about being up north in Montana

289

00:11:27,050 --> 00:11:25,050

and all these UFOs and stuff happening

290

00:11:28,730 --> 00:11:27,060

he's like we got the weekend off let's

291

00:11:30,350 --> 00:11:28,740

go up there and I was like ah man I'm

292

00:11:32,540 --> 00:11:30,360

like like I said it's a nine-hour ride

293

00:11:35,269 --> 00:11:32,550

but we did my wife and I and some

294

00:11:37,369 --> 00:11:35,279

friends got up and got in the car and

295

00:11:39,949 --> 00:11:37,379

drove back up there and we ended up

296

00:11:41,780 --> 00:11:39,959

meeting up with some people who knew of

297

00:11:45,470 --> 00:11:41,790

Todd and knew of this other gentleman

298

00:11:47,360 --> 00:11:45,480

and the stories they told were were even

299

00:11:51,439 --> 00:11:47,370

more outrageous I won't even get into it

300

00:11:53,350 --> 00:11:51,449

because it'll you know lessen the

301

00:11:57,230 --> 00:11:53,360

validity of what I'm telling but

302

00:11:59,420 --> 00:11:57,240

basically what they were telling my now

303

00:12:01,819 --> 00:11:59,430

wife and my friends years later when we

304

00:12:03,710 --> 00:12:01,829

went back up there it scared me and it

305

00:12:05,840 --> 00:12:03,720

scared my wife and it scared my friends

306

00:12:07,309 --> 00:12:05,850

so bad that we took off we lasted up

307

00:12:08,530 --> 00:12:07,319

there maybe four hours we drove nine

308

00:12:11,840 --> 00:12:08,540

hours up there and lasted four hours

309

00:12:13,730 --> 00:12:11,850

because these people were so still

310

00:12:16,790 --> 00:12:13,740

wrapped up in government conspiracies

311

00:12:19,280 --> 00:12:16,800

and you know and this and that but all I

312

00:12:22,369 --> 00:12:19,290

will say is that they call montana big

313

00:12:25,189 --> 00:12:22,379

sky country for a reason and you know if

314

00:12:27,199 --> 00:12:25,199

you look on you know a map where cities

315

00:12:30,829 --> 00:12:27,209

are lighted up and are lit up I should

316

00:12:32,990 --> 00:12:30,839

say and you see the power usage of each

317

00:12:36,769 --> 00:12:33,000

area in the country Montana it's nothing

318

00:12:38,600 --> 00:12:36,779

it's just black and if you ask anybody

319

00:12:41,889 --> 00:12:38,610

in Montana I would say one out of five

320

00:12:44,449 --> 00:12:41,899

people will tell you a great UFO story

321

00:12:46,069 --> 00:12:44,459

you know the Great Falls missile silo

322

00:12:48,620 --> 00:12:46,079

was out there which you know carried the

323

00:12:50,629 --> 00:12:48,630

nukes in the late 60s they have missile

324

00:12:53,870 --> 00:12:50,639

silos all over Montana that nobody knows

325

00:12:56,300 --> 00:12:53,880

about you know in the Great Falls case

326
00:12:58,699 --> 00:12:56,310
of 1967 when the UFO came in and just

327
00:13:02,420 --> 00:12:58,709
shut all Ted missiles down made them

328
00:13:03,949 --> 00:13:02,430
non-operational it really is I'll tell

329
00:13:07,460 --> 00:13:03,959
you one thing if you want to go and

330
00:13:09,889 --> 00:13:07,470
possibly see a UFO in the lower 48

331
00:13:12,470 --> 00:13:09,899
states Montana is probably one of the

332
00:13:14,449 --> 00:13:12,480
top three places to go but this was the

333
00:13:17,389 --> 00:13:14,459
story that started it all after after

334
00:13:18,830 --> 00:13:17,399
seeing this you know I didn't get into

335
00:13:21,050 --> 00:13:18,840
UFOs

336
00:13:23,690 --> 00:13:21,060
Hevy right off the bat after seeing that

337
00:13:25,280 --> 00:13:23,700
I did grow into a couple years of my 20s

338
00:13:27,020 --> 00:13:25,290

and do stuff but it was in my late 20s

339

00:13:29,920 --> 00:13:27,030

and early 30s that I was like after

340

00:13:33,770 --> 00:13:29,930

seeing a couple more really bizarre

341

00:13:36,800 --> 00:13:33,780

flying unidentified flying objects as I

342

00:13:38,560 --> 00:13:36,810

should say that the doors were open with

343

00:13:41,390 --> 00:13:38,570

this but it was that first encounter

344

00:13:44,390 --> 00:13:41,400

that really like I said blew the doors

345

00:13:46,040 --> 00:13:44,400

off my reality and just to reiterate one

346

00:13:48,020 --> 00:13:46,050

more time it was this thing was the

347

00:13:49,730 --> 00:13:48,030

woman we initially saw at the first UFO

348

00:13:52,760 --> 00:13:49,740

that my friend and I felt back into the

349

00:13:54,230 --> 00:13:52,770

snow you know it was huge you looked at

350

00:13:56,840 --> 00:13:54,240

the moon you could picture a big moon

351

00:13:58,610 --> 00:13:56,850

this was almost that size white on top

352

00:14:01,790 --> 00:13:58,620

green on the bottom with a red strobe

353

00:14:03,800 --> 00:14:01,800

and just it danced all over the sky came

354

00:14:06,170 --> 00:14:03,810

to arrest and as this guy said there's

355

00:14:08,780 --> 00:14:06,180

usually like four or five of them flying

356

00:14:11,350 --> 00:14:08,790

around the formation up there so if you

357

00:14:14,090 --> 00:14:11,360

ever want to check it out go to Montana

358

00:14:15,950 --> 00:14:14,100

northwest corner you know hang out there

359

00:14:18,740 --> 00:14:15,960

for a couple nights during the summer

360

00:14:21,050 --> 00:14:18,750

during some clear clear black nights and

361

00:14:30,170 --> 00:14:21,060

you got a high probability of seeing

362

00:14:32,150 --> 00:14:30,180

something but that's that story I guess

363

00:14:34,490 --> 00:14:32,160

the best way to fully understand exactly

364

00:14:37,010 --> 00:14:34,500

what I saw and experienced late one

365

00:14:39,890 --> 00:14:37,020

night back in 2014 we have to go back

366

00:14:41,270 --> 00:14:39,900

three years prior to 2011 and what a

367

00:14:44,240 --> 00:14:41,280

very good friend of mine saw in that

368

00:14:46,940 --> 00:14:44,250

exact location this is the very

369

00:14:49,790 --> 00:14:46,950

northwest corner of New Jersey in a

370

00:14:52,460 --> 00:14:49,800

rural area on a little river called the

371

00:14:54,800 --> 00:14:52,470

moose connect on River and my friend who

372

00:14:57,080 --> 00:14:54,810

will call mark as a bunch of years older

373

00:14:59,690 --> 00:14:57,090

than me a very prominent businessman an

374

00:15:02,210 --> 00:14:59,700

upstanding member of the community so

375

00:15:04,100 --> 00:15:02,220

when he talks people tend to listen and

376

00:15:06,590 --> 00:15:04,110

when he decided to drop this story on me

377

00:15:06,950 --> 00:15:06,600

one day I was shell-shocked to say the

378

00:15:09,440 --> 00:15:06,960

least

379

00:15:11,600 --> 00:15:09,450

but mark knew of my interest in the UFO

380

00:15:13,610 --> 00:15:11,610

topic and he heard me have conversations

381

00:15:15,160 --> 00:15:13,620

about it from time to time and even

382

00:15:17,990 --> 00:15:15,170

partook in some of those conversations

383

00:15:19,520 --> 00:15:18,000

but I had no idea that for three years

384

00:15:22,390 --> 00:15:19,530

he'd been living with this bottled up

385

00:15:25,850 --> 00:15:22,400

experience that rocked him to the core

386

00:15:28,070 --> 00:15:25,860

he had never told anybody about it which

387

00:15:28,670 --> 00:15:28,080

is what he proceeded the story with Pat

388

00:15:31,010 --> 00:15:28,680

I never

389

00:15:34,400 --> 00:15:31,020

explain this to anybody I don't even

390

00:15:35,780 --> 00:15:34,410

think you're gonna believe me but ever

391

00:15:38,630 --> 00:15:35,790

since he told me the story the first

392

00:15:40,940 --> 00:15:38,640

time and many times after he has cried

393

00:15:43,190 --> 00:15:40,950

sobbed as soon as he started telling the

394

00:15:46,400 --> 00:15:43,200

story because it was apparently so

395

00:15:48,470 --> 00:15:46,410

overwhelming but as he tells it he and

396

00:15:50,780 --> 00:15:48,480

his brother were fishing one day in the

397

00:15:52,790 --> 00:15:50,790

river they both had hip waders on so

398

00:15:53,900 --> 00:15:52,800

they were standing in the water and he

399

00:15:56,840 --> 00:15:53,910

said they kept hearing this high

400

00:15:58,100 --> 00:15:56,850

whizzing sound like the zoo and he and

401
00:16:00,470 --> 00:15:58,110
his brother just kept looking at each

402
00:16:01,880 --> 00:16:00,480
other not knowing what to make of it he

403
00:16:04,250 --> 00:16:01,890
said after a few minutes he had the

404
00:16:06,710 --> 00:16:04,260
compulsion to look to his right and he

405
00:16:09,710 --> 00:16:06,720
said standing there in the water right

406
00:16:11,420 --> 00:16:09,720
next to him was this 8-foot tall half

407
00:16:14,720 --> 00:16:11,430
mantas half-man

408
00:16:16,070 --> 00:16:14,730
almost like looming over him he said he

409
00:16:17,930 --> 00:16:16,080
couldn't believe what he was looking at

410
00:16:21,800 --> 00:16:17,940
obviously but he also said in the first

411
00:16:23,210 --> 00:16:21,810
couple instances that he felt that this

412
00:16:26,570 --> 00:16:23,220
thing couldn't believe that it was

413
00:16:28,850 --> 00:16:26,580

actually being seen mark immediately

414

00:16:31,400 --> 00:16:28,860

fell back into the water out of pure

415

00:16:34,400 --> 00:16:31,410

fright he said he lost control of all

416

00:16:37,730 --> 00:16:34,410

his bodily functions and he said as he

417

00:16:40,670 --> 00:16:37,740

was looking at it it was looking back at

418

00:16:43,070 --> 00:16:40,680

him and peering deep into his soul it

419

00:16:45,620 --> 00:16:43,080

could feel all his emotions and read all

420

00:16:47,900 --> 00:16:45,630

his thoughts and this experience lasted

421

00:16:50,269 --> 00:16:47,910

no more than 15 seconds but I stopped

422

00:16:53,990 --> 00:16:50,279

him right there to to ask him you know

423

00:16:56,600 --> 00:16:54,000

what did this thing look like exactly he

424

00:16:59,470 --> 00:16:56,610

said it was way more insect-like than it

425

00:17:02,480 --> 00:16:59,480

it looked like man but it had like the

426

00:17:06,679 --> 00:17:02,490

physical maneuvers and the motor

427

00:17:09,559 --> 00:17:06,689

functions of like a human being I asked

428

00:17:11,510 --> 00:17:09,569

him what did he feel was this you know

429

00:17:13,970 --> 00:17:11,520

did he feel like it was good or bad and

430

00:17:16,460 --> 00:17:13,980

he said it was just too overwhelming he

431

00:17:18,140 --> 00:17:16,470

didn't feel any evil coming from it but

432

00:17:20,350 --> 00:17:18,150

he said what I thought to be the most

433

00:17:23,360 --> 00:17:20,360

interesting it was like looking at God

434

00:17:28,060 --> 00:17:23,370

he said there was like this body length

435

00:17:31,370 --> 00:17:28,070

halo around it like this orange light

436

00:17:35,210 --> 00:17:31,380

and he said within an instant after the

437

00:17:37,040 --> 00:17:35,220

10 or 15 seconds this lasted the entity

438

00:17:37,549 --> 00:17:37,050

just disappeared like in the snap of a

439

00:17:40,190 --> 00:17:37,559

finger

440

00:17:41,720 --> 00:17:40,200

I had him stopped again to explain

441

00:17:44,149 --> 00:17:41,730

how this happened when it was standing

442

00:17:45,830 --> 00:17:44,159

just directly in front of them and it

443

00:17:48,860 --> 00:17:45,840

came down to a theory that we kind of

444

00:17:52,490 --> 00:17:48,870

both had where life exists on different

445

00:17:54,470 --> 00:17:52,500

frequencies and human life exists on a

446

00:17:57,139 --> 00:17:54,480

frequency that we're all familiar with

447

00:17:58,940 --> 00:17:57,149

but when we go back to this thing kind

448

00:18:01,580 --> 00:17:58,950

of not being able to believe that it was

449

00:18:02,810 --> 00:18:01,590

being seen I have a feeling that it

450

00:18:04,970 --> 00:18:02,820

could have been standing right next to

451

00:18:06,500 --> 00:18:04,980

him the whole time but it was just on a

452

00:18:10,820 --> 00:18:06,510

different frequency that we don't pick

453

00:18:14,600 --> 00:18:10,830

up so I asked him you know what happened

454

00:18:16,549 --> 00:18:14,610

next and he said after it disappeared he

455

00:18:18,230 --> 00:18:16,559

looked to his brother and he could tell

456

00:18:21,139 --> 00:18:18,240

immediately that his brother saw it as

457

00:18:22,940 --> 00:18:21,149

well his brother and he were very close

458

00:18:24,830 --> 00:18:22,950

their whole life but since that moment

459

00:18:27,230 --> 00:18:24,840

when they saw this thing he and the

460

00:18:30,350 --> 00:18:27,240

brother I've never spoken again he said

461

00:18:32,120 --> 00:18:30,360

his brother took off and left mark

462

00:18:36,409 --> 00:18:32,130

they're trying to claw his way out of

463

00:18:41,000 --> 00:18:36,419

the water and Mark eventually made it

464

00:18:43,460 --> 00:18:41,010

back to his car and tried to contact his

465

00:18:45,560 --> 00:18:43,470

brother who was long gone by that and he

466

00:18:47,120 --> 00:18:45,570

said since then his brother has answered

467

00:18:50,659 --> 00:18:47,130

the phone a few times but will not

468

00:18:53,740 --> 00:18:50,669

discuss it and will not even have a

469

00:18:56,830 --> 00:18:53,750

relationship with mark anymore now I

470

00:18:59,779 --> 00:18:56,840

asked mark many questions about what

471

00:19:03,529 --> 00:18:59,789

exactly happened in his 10 and 15

472

00:19:07,009 --> 00:19:03,539

seconds and he just said that this thing

473

00:19:11,419 --> 00:19:07,019

appeared so deep into him that he was

474

00:19:14,930 --> 00:19:11,429

just paralyzed with with fright so this

475

00:19:18,590 --> 00:19:14,940

brings us to 2014 three years later when

476

00:19:20,539 --> 00:19:18,600

I had a very remarkable experience in

477

00:19:22,340 --> 00:19:20,549

that exact same area I mean we're

478

00:19:24,169 --> 00:19:22,350

talking 100 yards away from where Mark

479

00:19:27,200 --> 00:19:24,179

had this sighting of the man --this man

480

00:19:29,659 --> 00:19:27,210

and i took my dog for a walk one night

481

00:19:31,310 --> 00:19:29,669

and we went into an old abandoned

482

00:19:33,110 --> 00:19:31,320

campground that was right there and i

483

00:19:35,299 --> 00:19:33,120

decided to cut off the trail walk into

484

00:19:36,950 --> 00:19:35,309

the woods a little bit and when i

485

00:19:40,639 --> 00:19:36,960

started looking into the woods i saw

486

00:19:44,120 --> 00:19:40,649

this a very bright orange orb like light

487

00:19:45,710 --> 00:19:44,130

it was about 75 yards away and I just

488

00:19:48,060 --> 00:19:45,720

kept thinking for for a little while

489

00:19:50,580 --> 00:19:48,070

that it was a garage light you know

490

00:19:52,800 --> 00:19:50,590

but I realized I knew this area very

491

00:19:55,080 --> 00:19:52,810

well and I knew there was no houses back

492

00:19:57,690 --> 00:19:55,090

there and it definitely wasn't somebody

493

00:19:59,430 --> 00:19:57,700

with a flashlight because this orange

494

00:20:02,370 --> 00:19:59,440

light kept going from the forest floor

495

00:20:04,350 --> 00:20:02,380

up into the tree and then coming back

496

00:20:06,800 --> 00:20:04,360

down so it was it was moving up and down

497

00:20:10,740 --> 00:20:06,810

about 40 feet just over and over again

498

00:20:12,900 --> 00:20:10,750

the floor of the forest was very flat so

499

00:20:16,110 --> 00:20:12,910

I sat there and just looked at this

500

00:20:19,440 --> 00:20:16,120

thing as I was looking at it I could

501
00:20:21,720 --> 00:20:19,450
tell it was moving a little closer you

502
00:20:23,340 --> 00:20:21,730
know not each time I blinked but I could

503
00:20:26,520 --> 00:20:23,350
tell the light was getting brighter it

504
00:20:29,520 --> 00:20:26,530
was it was a very weird orange it would

505
00:20:31,560 --> 00:20:29,530
go from dark to light almost like it was

506
00:20:33,690 --> 00:20:31,570
reflect a refracting light and then

507
00:20:36,540 --> 00:20:33,700
turning it into these these different

508
00:20:38,490 --> 00:20:36,550
bright and dark orange colors but the

509
00:20:41,070 --> 00:20:38,500
other thing that I found very strange

510
00:20:42,720 --> 00:20:41,080
that the whole force with dead silent it

511
00:20:47,280 --> 00:20:42,730
I just noticed in an instant that it was

512
00:20:50,190 --> 00:20:47,290
complete silence and the most incredible

513
00:20:52,860 --> 00:20:50,200

part of this is after I'd say a minute

514

00:20:55,500 --> 00:20:52,870

or two every four-legged animal in the

515

00:20:58,110 --> 00:20:55,510

woods just goes blowing by me on both

516

00:20:59,970 --> 00:20:58,120

sides of my periphery I mean it was like

517

00:21:02,190 --> 00:20:59,980

it went from dead silence to just like

518

00:21:05,370 --> 00:21:02,200

seeing deer burst by me and hearing like

519

00:21:07,830 --> 00:21:05,380

other creatures just take off right on

520

00:21:09,360 --> 00:21:07,840

both sides of me my dog was just she

521

00:21:12,450 --> 00:21:09,370

wasn't even on her feet anymore she was

522

00:21:14,910 --> 00:21:12,460

just laying there trembling and when I

523

00:21:17,670 --> 00:21:14,920

looked back and caught focus of this

524

00:21:19,770 --> 00:21:17,680

orange light again I saw that it was

525

00:21:24,060 --> 00:21:19,780

starting to move towards me I'm more of

526

00:21:27,630 --> 00:21:24,070

a rapid pace and I was I was petrified I

527

00:21:29,790 --> 00:21:27,640

eventually got to my feet and without my

528

00:21:31,230 --> 00:21:29,800

dog even getting up I just dragged her

529

00:21:33,390 --> 00:21:31,240

out of the woods to where the road of

530

00:21:35,910 --> 00:21:33,400

the campground was again and I saw as

531

00:21:38,169 --> 00:21:35,920

the orange orb just started moving right

532

00:21:40,419 --> 00:21:38,179

to where I was sitting on the log

533

00:21:42,159 --> 00:21:40,429

and as I stood there you know with all

534

00:21:44,980 --> 00:21:42,169

the hair on my body standing up I

535

00:21:46,720 --> 00:21:44,990

watched this thing as I just slowly made

536

00:21:51,220 --> 00:21:46,730

my way out of the campground back to the

537

00:21:52,899 --> 00:21:51,230

main road and it was incredible

538

00:21:54,820 --> 00:21:52,909

this orange light went from just

539

00:21:57,609 --> 00:21:54,830

hovering in the woods there to shooting

540

00:21:59,169 --> 00:21:57,619

straight up like right out of the force

541

00:22:01,180 --> 00:21:59,179

up through the trees the canopy of the

542

00:22:04,119 --> 00:22:01,190

trees just go on straight up from just

543

00:22:06,600 --> 00:22:04,129

hovering there to a reminded me of a

544

00:22:10,119 --> 00:22:06,610

video I saw one of the best I think

545

00:22:12,249 --> 00:22:10,129

which is a UFO in Jerusalem that just

546

00:22:15,039 --> 00:22:12,259

comes down in front of a gang of people

547

00:22:16,359 --> 00:22:15,049

just surrounding it and then after you

548

00:22:20,320 --> 00:22:16,369

know maybe a minute just shoots right

549

00:22:22,029 --> 00:22:20,330

back up into the sky after this happened

550

00:22:25,509 --> 00:22:22,039

I contacted a mark and told him about

551

00:22:27,820 --> 00:22:25,519

this and we had gotten together many

552

00:22:30,070 --> 00:22:27,830

times after that to do nothing but

553

00:22:32,320 --> 00:22:30,080

discuss this we used to get together

554

00:22:33,940 --> 00:22:32,330

maybe once every two weeks and you know

555

00:22:35,889 --> 00:22:33,950

talk about all sorts of things but now

556

00:22:38,649 --> 00:22:35,899

we were getting together twice a week

557

00:22:40,899 --> 00:22:38,659

and I became like his therapist where he

558

00:22:43,690 --> 00:22:40,909

would just recount a story over and over

559

00:22:45,070 --> 00:22:43,700

again we would break it apart so I told

560

00:22:47,919 --> 00:22:45,080

him one day I'm like you know what I'm

561

00:22:49,690 --> 00:22:47,929

like let me look up if anybody else has

562

00:22:52,960 --> 00:22:49,700

seen this thing on the musket at Kona

563

00:22:55,149 --> 00:22:52,970

River and lo and behold there's a

564

00:22:57,639 --> 00:22:55,159

gentleman who wasn't far away who made

565

00:22:59,980 --> 00:22:57,649

an entire website out of the Mantis Man

566

00:23:02,710 --> 00:22:59,990

of the Muscadet Kong River apparently

567

00:23:07,090 --> 00:23:02,720

this thing has been seen multiple times

568

00:23:09,430 --> 00:23:07,100

by different people but the best part

569

00:23:11,859 --> 00:23:09,440

about this is that it was really him

570

00:23:13,509 --> 00:23:11,869

saying that it was just so lightyears

571

00:23:17,169 --> 00:23:13,519

ahead of anything that he could even

572

00:23:19,509 --> 00:23:17,179

comprehend and he said the way that it

573

00:23:22,330 --> 00:23:19,519

just looked like a God with the light

574

00:23:24,489 --> 00:23:22,340

around it right before it vanished I

575

00:23:28,570 --> 00:23:24,499

actually wrote a little article about

576

00:23:31,780 --> 00:23:28,580

this oh not too long afterwards and

577

00:23:34,030 --> 00:23:31,790

put it online in a town forum and just

578

00:23:36,850 --> 00:23:34,040

by chance some TV show from the

579

00:23:38,350 --> 00:23:36,860

Discovery Channel found it and asked me

580

00:23:41,770 --> 00:23:38,360

if I would contact mark so they could

581

00:23:45,460 --> 00:23:41,780

interview him and they did and his story

582

00:23:48,880 --> 00:23:45,470

has never wavered and we've broken it

583

00:23:52,210 --> 00:23:48,890

apart many many times but it really

584

00:23:55,140 --> 00:23:52,220

comes down to what this thing looked

585

00:23:57,400 --> 00:23:55,150

like and what it was projecting into him

586

00:24:01,480 --> 00:23:57,410

he said it was definitely a book a

587

00:24:02,980 --> 00:24:01,490

benevolent force but it was just

588

00:24:06,040 --> 00:24:02,990

something that he couldn't understand

589

00:24:07,360 --> 00:24:06,050

and he wish he never saw and then I

590

00:24:10,690 --> 00:24:07,370

asked him do you really mean that

591

00:24:14,470 --> 00:24:10,700

and he says no but I've had to live with

592

00:24:16,450 --> 00:24:14,480

this now knowing that I'm not crazy and

593

00:24:18,610 --> 00:24:16,460

knowing that I have something that I

594

00:24:21,700 --> 00:24:18,620

experienced that basically you're the

595

00:24:24,460 --> 00:24:21,710

only one I could ever tell and you know

596

00:24:26,560 --> 00:24:24,470

he went on the TV show anonymous who

597

00:24:29,050 --> 00:24:26,570

knows who saw it but he's never

598

00:24:31,120 --> 00:24:29,060

explained this story to anybody else in

599

00:24:34,090 --> 00:24:31,130

our area where we'll even talk about it

600

00:24:36,370 --> 00:24:34,100

but this all happened in the same you

601
00:24:37,990 --> 00:24:36,380
know vicinity of Lake you know 200 yards

602
00:24:40,300 --> 00:24:38,000
stretch of almost connect on River and

603
00:24:44,260 --> 00:24:40,310
then down even further other people have

604
00:24:45,760 --> 00:24:44,270
seen this this man --this man so i don't

605
00:24:55,440 --> 00:24:45,770
know what's going on around that area

606
00:25:03,490 --> 00:24:59,550
owls are somehow connected to ufos I

607
00:25:06,040 --> 00:25:03,500
don't say that lightly after over a

608
00:25:09,100 --> 00:25:06,050
decade of obsessive investigation I am

609
00:25:11,290 --> 00:25:09,110
convinced of this connection as strange

610
00:25:13,090 --> 00:25:11,300
as it may seem people are seeing owls in

611
00:25:15,280 --> 00:25:13,100
the highly-charged moments of a UFO

612
00:25:18,250 --> 00:25:15,290
sighting and within the challenging

613
00:25:21,430 --> 00:25:18,260

memories of UFO abduction this mystery

614

00:25:23,740 --> 00:25:21,440

has been the focus of my research my

615

00:25:25,660 --> 00:25:23,750

name is Mike Cleland and I have explored

616

00:25:27,120 --> 00:25:25,670

these connections in my book the

617

00:25:29,340 --> 00:25:27,130

messengers

618

00:25:31,890 --> 00:25:29,350

at its core this book is simply a

619

00:25:35,549 --> 00:25:31,900

collection of stories and each is a

620

00:25:39,240 --> 00:25:35,559

remarkable real-life experience the

621

00:25:42,500 --> 00:25:39,250

messenger's is also my own story of how

622

00:25:45,150 --> 00:25:42,510

owls played a role in my life

623

00:25:47,730 --> 00:25:45,160

the messenger's is the first in a

624

00:25:50,700 --> 00:25:47,740

trilogy of books all my books are

625

00:25:58,140 --> 00:25:50,710

available on Amazon in paperback eBook

626
00:25:59,720 --> 00:25:58,150
and very soon as audiobooks well I grew

627
00:26:03,169 --> 00:25:59,730
up next to one of the most notorious

628
00:26:06,840 --> 00:26:03,179
creepy downright scary roads in America

629
00:26:09,000 --> 00:26:06,850
simply called shades of death Road say a

630
00:26:11,730 --> 00:26:09,010
seven mile stretch winding through the

631
00:26:13,320 --> 00:26:11,740
cornfields of northern New Jersey and

632
00:26:14,610 --> 00:26:13,330
even on a clear day if you hang a right

633
00:26:17,640 --> 00:26:14,620
and head down that road it's like

634
00:26:19,649 --> 00:26:17,650
traveling into midnight the road itself

635
00:26:22,350 --> 00:26:19,659
has steeped in hundreds of years of war

636
00:26:25,799 --> 00:26:22,360
I mean the amount of spirits and

637
00:26:27,360 --> 00:26:25,809
specters and ghosts - UFOs that have

638
00:26:30,149 --> 00:26:27,370

been seen down there through the years

639

00:26:32,789 --> 00:26:30,159

by people who've reported it people that

640

00:26:36,810 --> 00:26:32,799

I know it's been thrust into the

641

00:26:38,220 --> 00:26:36,820

limelight as of late Jack Osbourne and

642

00:26:41,010 --> 00:26:38,230

his crew from whatever show there was

643

00:26:43,350 --> 00:26:41,020

travelled down there and had all sorts

644

00:26:46,500 --> 00:26:43,360

of problems equipment malfunction their

645

00:26:47,940 --> 00:26:46,510

car broke down I had a flat tire but

646

00:26:51,690 --> 00:26:47,950

they took a few pictures on the one

647

00:26:52,529 --> 00:26:51,700

picture of a shadowy figure standing

648

00:26:55,110 --> 00:26:52,539

next to it

649

00:26:56,520 --> 00:26:55,120

standing next to a tree was really one

650

00:26:57,750 --> 00:26:56,530

of the best I've seen of the unexplained

651
00:27:00,810 --> 00:26:57,760
on shades of death Road through the

652
00:27:03,090 --> 00:27:00,820
years it's it's a man who they said it

653
00:27:05,580 --> 00:27:03,100
was right in front of him but he was not

654
00:27:06,990 --> 00:27:05,590
there but to tell you about my

655
00:27:09,440 --> 00:27:07,000
experience is down on shades of death

656
00:27:11,779 --> 00:27:09,450
Road I should probably precede that with

657
00:27:14,070 --> 00:27:11,789
giving you a little history on the road

658
00:27:16,140 --> 00:27:14,080
it was originally a settlement between

659
00:27:18,050 --> 00:27:16,150
the Iroquois and the Lenape Indians who

660
00:27:20,810 --> 00:27:18,060
had fierce battles back there

661
00:27:24,920 --> 00:27:20,820
and a lot of the area just became a

662
00:27:27,470 --> 00:27:24,930
burial ground so when the white man came

663
00:27:29,570 --> 00:27:27,480

in it caused a lot of tension and

664

00:27:32,180 --> 00:27:29,580

friction and running along the road is a

665

00:27:35,000 --> 00:27:32,190

state park somewhat famous State Park

666

00:27:37,640 --> 00:27:35,010

called Jenny jump and as the legend goes

667

00:27:40,340 --> 00:27:37,650

a white settler and his daughter were up

668

00:27:42,410 --> 00:27:40,350

on the ridge there surrounded by one of

669

00:27:43,850 --> 00:27:42,420

the tribes of Indians and the white man

670

00:27:46,130 --> 00:27:43,860

not knowing what was going to happen to

671

00:27:47,660 --> 00:27:46,140

him or his daughter convinced his

672

00:27:51,830 --> 00:27:47,670

daughter to just run and jump off the

673

00:27:53,500 --> 00:27:51,840

cliff hence the name Jenny jump but the

674

00:27:57,140 --> 00:27:53,510

road itself is filled with all sorts of

675

00:27:59,570 --> 00:27:57,150

landmarks such as the fairy hole which

676

00:28:02,750 --> 00:27:59,580

is a really creepy cave that was only

677

00:28:04,430 --> 00:28:02,760

discovered in the early 1900s even

678

00:28:07,580 --> 00:28:04,440

though people were back there for for

679

00:28:09,110 --> 00:28:07,590

quite a long time it overlooks a lot of

680

00:28:12,860 --> 00:28:09,120

the burial ground and is said to have

681

00:28:16,430 --> 00:28:12,870

contained all sorts of bones and pottery

682

00:28:17,630 --> 00:28:16,440

and you know arrowheads and a lot of the

683

00:28:20,180 --> 00:28:17,640

bones that they took out of there they

684

00:28:22,540 --> 00:28:20,190

really couldn't identify but the most

685

00:28:24,470 --> 00:28:22,550

famous landmark on there is ghost Lake

686

00:28:27,710 --> 00:28:24,480

which is where I had one of my

687

00:28:30,260 --> 00:28:27,720

experiences this was a it seems to be a

688

00:28:33,350 --> 00:28:30,270

man-made pond that was flooded by two

689

00:28:35,150 --> 00:28:33,360

men back in the day but what they didn't

690

00:28:37,430 --> 00:28:35,160

know is that the low-lying area that

691

00:28:40,820 --> 00:28:37,440

they flooded was really the big portion

692

00:28:42,530 --> 00:28:40,830

of the the burial ground there's also an

693

00:28:46,520 --> 00:28:42,540

abandoned cabin back there with a piano

694

00:28:47,930 --> 00:28:46,530

built into the wall where you know a lot

695

00:28:49,940 --> 00:28:47,940

of young kids especially when I was

696

00:28:51,350 --> 00:28:49,950

young we would go back there and even

697

00:28:53,600 --> 00:28:51,360

though I never heard anything some of my

698

00:28:55,150 --> 00:28:53,610

friends claimed to have heard some

699

00:28:58,040 --> 00:28:55,160

really weird stuff coming out of there

700

00:29:01,640 --> 00:28:58,050

especially like the piano music in the

701
00:29:04,070 --> 00:29:01,650
dead of winter but some kids had a quite

702
00:29:07,040 --> 00:29:04,080
a harrowing experience in the early 80s

703
00:29:08,240 --> 00:29:07,050
back there that was written about if you

704
00:29:10,760 --> 00:29:08,250
want to look that up it's it's quite

705
00:29:14,660 --> 00:29:10,770
interesting it was a you know an

706
00:29:16,490 --> 00:29:14,670
unnerving story but like I said the the

707
00:29:18,160 --> 00:29:16,500
road itself is filled with all sorts of

708
00:29:20,480 --> 00:29:18,170
spirits you know they said you know

709
00:29:22,730 --> 00:29:20,490
drivers driving down the road would see

710
00:29:25,640 --> 00:29:22,740
like a vision of a deer just running

711
00:29:27,260 --> 00:29:25,650
alongside their car which which would

712
00:29:28,430 --> 00:29:27,270
signify that deers were about to come

713
00:29:29,060 --> 00:29:28,440

out and you were supposed to slow down

714

00:29:31,480 --> 00:29:29,070

and

715

00:29:33,799 --> 00:29:31,490

you know there's a Native American

716

00:29:36,289 --> 00:29:33,809

spirit guide that just shows up on the

717

00:29:37,879 --> 00:29:36,299

sides of the road but some of the

718

00:29:39,529 --> 00:29:37,889

scariest stuff is you know they had a

719

00:29:41,480 --> 00:29:39,539

hanging tree down there I do know that

720

00:29:43,730 --> 00:29:41,490

the people who live down there very

721

00:29:46,580 --> 00:29:43,740

early on took you know justice into

722

00:29:48,259 --> 00:29:46,590

their own hands and there's a tree that

723

00:29:51,169 --> 00:29:48,269

overhangs the road which apparently a

724

00:29:53,930 --> 00:29:51,179

lot of people were hung from and some

725

00:29:55,700 --> 00:29:53,940

people have seen you know the remnants

726

00:29:59,960 --> 00:29:55,710

of people hanging there in some kind of

727

00:30:02,810 --> 00:29:59,970

spirit form in the 30s there was a woman

728

00:30:04,519 --> 00:30:02,820

who beheaded her husband and buried his

729

00:30:08,029 --> 00:30:04,529

body on one side of the road in his head

730

00:30:09,470 --> 00:30:08,039

on the other one of the the big stores

731

00:30:11,210 --> 00:30:09,480

that I grew up with was the girl in the

732

00:30:16,159 --> 00:30:11,220

50s who was coming back from her prom

733

00:30:18,049 --> 00:30:16,169

who died in a fiery car wreck and you

734

00:30:20,060 --> 00:30:18,059

know I would hear all sorts of stories

735

00:30:22,399 --> 00:30:20,070

from people young and old who would see

736

00:30:25,519 --> 00:30:22,409

this girl you know walking the road in

737

00:30:27,860 --> 00:30:25,529

her in her burnt prom dress one of the

738

00:30:30,499 --> 00:30:27,870

really weird things was um you know in

739

00:30:33,950 --> 00:30:30,509

the 90s some hikers found hundreds

740

00:30:35,029 --> 00:30:33,960

thousands of um Polaroids scattered

741

00:30:37,519 --> 00:30:35,039

throughout the forest

742

00:30:38,960 --> 00:30:37,529

you know these Polaroids were just you

743

00:30:40,940 --> 00:30:38,970

know and it wasn't just one group of

744

00:30:43,310 --> 00:30:40,950

hikers it was a couple different groups

745

00:30:46,340 --> 00:30:43,320

of hikers at different times found these

746

00:30:48,529 --> 00:30:46,350

pictures and the pictures were of women

747

00:30:50,629 --> 00:30:48,539

in distress who are like you know bound

748

00:30:52,669 --> 00:30:50,639

up with her eyes like half open you know

749

00:30:55,789 --> 00:30:52,679

you could tell they were alive a

750

00:30:57,680 --> 00:30:55,799

television same television and different

751
00:31:01,009 --> 00:30:57,690
pictures just turned to different

752
00:31:04,789 --> 00:31:01,019
channels and men like laid out on on

753
00:31:06,680 --> 00:31:04,799
steel sheets from what the from what the

754
00:31:08,720 --> 00:31:06,690
police were able to deduce some of these

755
00:31:11,389 --> 00:31:08,730
people in this picture in these pictures

756
00:31:13,399 --> 00:31:11,399
were of missing people that they've been

757
00:31:15,980 --> 00:31:13,409
looking for for quite some time so you

758
00:31:18,950 --> 00:31:15,990
know whatever it was it was quite

759
00:31:20,869 --> 00:31:18,960
nefarious but the road should really

760
00:31:22,460 --> 00:31:20,879
have been you know paved in blood with

761
00:31:25,070 --> 00:31:22,470
all the violence that went on down there

762
00:31:27,019 --> 00:31:25,080
there were bands you know thieves and

763
00:31:28,399 --> 00:31:27,029

and highway men who you know if you

764

00:31:32,149 --> 00:31:28,409

would get off one of the main roads head

765

00:31:34,790 --> 00:31:32,159

into New York City you were robbed and

766

00:31:38,030 --> 00:31:34,800

killed along this stretch of forest

767

00:31:39,710 --> 00:31:38,040

you know in Warren County New Jersey but

768

00:31:42,980 --> 00:31:39,720

the first instance that I had down there

769

00:31:45,530 --> 00:31:42,990

was uh was that Ghost Lake and I was

770

00:31:47,270 --> 00:31:45,540

about 17 years old and you know I grew

771

00:31:49,700 --> 00:31:47,280

up hurt here in about this place and

772

00:31:53,300 --> 00:31:49,710

it's only right down the road for me so

773

00:31:55,040 --> 00:31:53,310

I convinced my girlfriend to drop me off

774

00:31:56,090 --> 00:31:55,050

there one night at like nine o'clock so

775

00:31:58,220 --> 00:31:56,100

I could go fishing

776

00:32:00,560 --> 00:31:58,230

I'm a terrible fisherman but I went down

777

00:32:02,720 --> 00:32:00,570

there with a pole and threw my line in

778

00:32:05,750 --> 00:32:02,730

the water and after like 10 or 15

779

00:32:07,280 --> 00:32:05,760

minutes this uh this other fisherman

780

00:32:09,650 --> 00:32:07,290

just appeared out of nowhere you know if

781

00:32:10,970 --> 00:32:09,660

I was standing at six o'clock right

782

00:32:13,460 --> 00:32:10,980

around the shoreline at like 10 o'clock

783

00:32:15,140 --> 00:32:13,470

was this other fisherman and the lake

784

00:32:17,510 --> 00:32:15,150

itself is is really it's a glorified

785

00:32:19,190 --> 00:32:17,520

lake it's more like a pond but you can

786

00:32:20,720 --> 00:32:19,200

see the whole shoreline you could see

787

00:32:23,330 --> 00:32:20,730

everything it was a crystal-clear night

788

00:32:24,890 --> 00:32:23,340

the stars were out but the mist was all

789

00:32:27,200 --> 00:32:24,900

over the place you know hanging over the

790

00:32:28,760 --> 00:32:27,210

lake and you know in the woods and when

791

00:32:30,740 --> 00:32:28,770

I was looking at this guy this fisherman

792

00:32:33,500 --> 00:32:30,750

you couldn't see the bottom half of his

793

00:32:35,510 --> 00:32:33,510

body I kept looking and you know it was

794

00:32:36,890 --> 00:32:35,520

really just from the waist up but the

795

00:32:38,720 --> 00:32:36,900

weird thing was I kept thinking to

796

00:32:42,140 --> 00:32:38,730

myself I probably know this guy you know

797

00:32:44,780 --> 00:32:42,150

I'm from the area he looked exactly like

798

00:32:48,110 --> 00:32:44,790

me he had a baseball cap pulled way down

799

00:32:49,820 --> 00:32:48,120

he had no equipment with him but every

800

00:32:51,200 --> 00:32:49,830

time I started walking towards him I

801
00:32:53,690 --> 00:32:51,210
would walk five feet towards him you

802
00:32:56,000 --> 00:32:53,700
know along the shoreline he would move

803
00:32:57,650 --> 00:32:56,010
away from me five feet if I would move

804
00:32:59,690 --> 00:32:57,660
ten yards towards him it was like a

805
00:33:01,490 --> 00:32:59,700
dance every time I moved he would move

806
00:33:04,760 --> 00:33:01,500
the exact same distance away from me

807
00:33:06,500 --> 00:33:04,770
until I got to the spot where he was

808
00:33:09,020 --> 00:33:06,510
originally standing and now he was

809
00:33:10,700 --> 00:33:09,030
completely across the lake and I was

810
00:33:12,590 --> 00:33:10,710
starting to get on nerve it was really

811
00:33:16,130 --> 00:33:12,600
if the guy was trying to creep me out he

812
00:33:17,990 --> 00:33:16,140
was doing a really good job but as I sat

813
00:33:19,820 --> 00:33:18,000

there looking at him I still Kat to this

814

00:33:21,260 --> 00:33:19,830

point I could I look down at my own legs

815

00:33:22,730 --> 00:33:21,270

I'm like well there are my legs how come

816

00:33:26,270 --> 00:33:22,740

I can't see this the bottom half of this

817

00:33:28,040 --> 00:33:26,280

guy and he he ducked behind this cluster

818

00:33:29,900 --> 00:33:28,050

of three trees I'll never forget it and

819

00:33:31,070 --> 00:33:29,910

I thought he was just ducking behind

820

00:33:32,600 --> 00:33:31,080

these trees to come out the other side

821

00:33:35,300 --> 00:33:32,610

so he can continue down the shoreline

822

00:33:38,690 --> 00:33:35,310

fishing but he walked behind these trees

823

00:33:40,640 --> 00:33:38,700

and never came out and backing up where

824

00:33:42,380 --> 00:33:40,650

he was was the state park there was no

825

00:33:44,750 --> 00:33:42,390

roads there it's not like he was walking

826

00:33:46,700 --> 00:33:44,760

to get out and it just really just

827

00:33:48,680 --> 00:33:46,710

backed up into like a cliff

828

00:33:52,789 --> 00:33:48,690

so unless this guy came with climbing

829

00:33:54,440 --> 00:33:52,799

equipment and you know or was living in

830

00:33:56,060 --> 00:33:54,450

the woods I have no idea where this guy

831

00:33:57,860 --> 00:33:56,070

could have went and you could you could

832

00:34:00,019 --> 00:33:57,870

see the man would he started walking

833

00:34:01,580 --> 00:34:00,029

around the tree you know it wasn't like

834

00:34:03,019 --> 00:34:01,590

you know there was foliage covering

835

00:34:04,279 --> 00:34:03,029

covering it all but I could see him

836

00:34:08,089 --> 00:34:04,289

starting to walk around the cluster of

837

00:34:09,740 --> 00:34:08,099

three trees and that was it and when he

838

00:34:11,210 --> 00:34:09,750

just when he disappeared literally right

839

00:34:12,710 --> 00:34:11,220

in front of my face because I I wasn't

840

00:34:13,970 --> 00:34:12,720

even paying attention to me fishing I

841

00:34:16,250 --> 00:34:13,980

had a line in the water just to make it

842

00:34:19,550 --> 00:34:16,260

look like I was but I just kept watching

843

00:34:21,020 --> 00:34:19,560

this guy and when he never came back out

844

00:34:22,609 --> 00:34:21,030

I ended up I don't know how I got the

845

00:34:25,520 --> 00:34:22,619

nerve but I walked all the way around

846

00:34:27,470 --> 00:34:25,530

the lake to the tree and continued all

847

00:34:30,050 --> 00:34:27,480

the way back to my point of origin and I

848

00:34:31,820 --> 00:34:30,060

couldn't find this guy anywhere you know

849

00:34:34,970 --> 00:34:31,830

there was no sign of them you know there

850

00:34:37,250 --> 00:34:34,980

wasn't like he left no bait or tackle or

851
00:34:41,060 --> 00:34:37,260
footprints in the mud or anything and I

852
00:34:43,550 --> 00:34:41,070
was looking so at that point I I was I

853
00:34:44,780 --> 00:34:43,560
was scared and I told my girlfriend to

854
00:34:46,639 --> 00:34:44,790
come back and pick me up in two hours

855
00:34:49,669 --> 00:34:46,649
this was about an hour and a half later

856
00:34:52,369 --> 00:34:49,679
and I was like I was finished I figured

857
00:34:54,200 --> 00:34:52,379
I'd just go out to the road and wait for

858
00:34:55,700 --> 00:34:54,210
her there you know even though it was

859
00:34:58,790 --> 00:34:55,710
dark and all this it was a little less

860
00:35:00,470 --> 00:34:58,800
scary than the lake two and a half hours

861
00:35:02,120 --> 00:35:00,480
came and she still wasn't there and I

862
00:35:04,210 --> 00:35:02,130
was getting I was a little perturbed so

863
00:35:06,770 --> 00:35:04,220

I walked I started walking you know the

864

00:35:08,570 --> 00:35:06,780

you know the distance a mile a couple

865

00:35:10,700 --> 00:35:08,580

miles back out to the main road which

866

00:35:14,000 --> 00:35:10,710

took a little while but I made it to a

867

00:35:15,650 --> 00:35:14,010

payphone and I called her and she was

868

00:35:17,060 --> 00:35:15,660

livid she was like literally sitting by

869

00:35:19,940 --> 00:35:17,070

the phone waiting for me to call hoping

870

00:35:21,650 --> 00:35:19,950

I would call and she got in a car came

871

00:35:24,380 --> 00:35:21,660

to get me when I got in the car she like

872

00:35:25,220 --> 00:35:24,390

reamed me out she told me you know I

873

00:35:26,870 --> 00:35:25,230

she's like

874

00:35:28,339 --> 00:35:26,880

you you I even think you were gonna last

875

00:35:30,710 --> 00:35:28,349

more than an hour there so I came back

876

00:35:33,740 --> 00:35:30,720

she came back for me

877

00:35:36,380 --> 00:35:33,750

and you know against her better judgment

878

00:35:38,599 --> 00:35:36,390

she got out of the car walked down the

879

00:35:40,849 --> 00:35:38,609

little ways to ghost Lake to come get me

880

00:35:42,770 --> 00:35:40,859

and she says I kept looking for you but

881

00:35:44,270 --> 00:35:42,780

you weren't there I called your name I

882

00:35:46,670 --> 00:35:44,280

was there for like you know a little

883

00:35:48,589 --> 00:35:46,680

less than five minutes but you were not

884

00:35:50,359 --> 00:35:48,599

there and this is like virtually

885

00:35:52,130 --> 00:35:50,369

impossible because especially if you're

886

00:35:53,450 --> 00:35:52,140

calling my name calling somebody's name

887

00:35:55,220 --> 00:35:53,460

you could see the whole shoreline

888

00:35:57,200 --> 00:35:55,230

there's not a big lake at all

889

00:35:59,579 --> 00:35:57,210

you know if anybody's there you could

890

00:36:01,680 --> 00:35:59,589

see him perfectly

891

00:36:04,019 --> 00:36:01,690

so when I told her that I'd been there

892

00:36:06,420 --> 00:36:04,029

the whole time and there's no way that

893

00:36:09,209 --> 00:36:06,430

she could have missed me she just

894

00:36:11,249 --> 00:36:09,219

thought I took off and I found this

895

00:36:14,400 --> 00:36:11,259

almost even almost as strange as the

896

00:36:16,019 --> 00:36:14,410

fisherman itself because you know how

897

00:36:18,150 --> 00:36:16,029

could she come down there and I wasn't

898

00:36:19,890 --> 00:36:18,160

there I made a point of standing right

899

00:36:21,630 --> 00:36:19,900

where the trailhead was at in the

900

00:36:23,279 --> 00:36:21,640

beginning and never really took my eyes

901
00:36:25,349 --> 00:36:23,289
off it so if somebody entered that from

902
00:36:27,180 --> 00:36:25,359
that area and especially calling my name

903
00:36:30,719 --> 00:36:27,190
there's no way that they were gonna miss

904
00:36:32,370 --> 00:36:30,729
me and after I told her the whole story

905
00:36:34,469 --> 00:36:32,380
about the fishermen and her coming down

906
00:36:35,819 --> 00:36:34,479
here and not being able to see me you

907
00:36:38,609 --> 00:36:35,829
know right there in front of her where I

908
00:36:40,049 --> 00:36:38,619
told her I was the whole time she was on

909
00:36:42,870 --> 00:36:40,059
nerve to say the least and I was a

910
00:36:46,380 --> 00:36:42,880
little I I was left scratching my head

911
00:36:48,539 --> 00:36:46,390
but the the second instance I had down

912
00:36:50,309 --> 00:36:48,549
there was about six months later and I

913
00:36:52,170 --> 00:36:50,319

told a friend of mine about the whole

914

00:36:53,519 --> 00:36:52,180

fishermen and you know what I saw and

915

00:36:55,890 --> 00:36:53,529

he's like look let's go down the Lynott

916

00:36:58,799 --> 00:36:55,900

Bay Lane now they always they claim to

917

00:37:02,069 --> 00:36:58,809

see these white orbs down there that

918

00:37:05,910 --> 00:37:02,079

eventually turned red you know if we and

919

00:37:07,799 --> 00:37:05,920

some sort of you know we're in a weird

920

00:37:09,539 --> 00:37:07,809

situation these white these white lights

921

00:37:11,779 --> 00:37:09,549

eventually turned red to signify that

922

00:37:13,680 --> 00:37:11,789

you know danger is imminent or whatnot

923

00:37:15,539 --> 00:37:13,690

when my friends and I went down there

924

00:37:18,299 --> 00:37:15,549

and you know we hung out next to the car

925

00:37:20,609 --> 00:37:18,309

we took you know a couple brief walks

926
00:37:21,930 --> 00:37:20,619
into the woods maybe like 50 yards 25

927
00:37:25,410 --> 00:37:21,940
yards and then we'll come back out to

928
00:37:27,209 --> 00:37:25,420
the come back to the car but soon we saw

929
00:37:30,059 --> 00:37:27,219
this white light in the woods it looked

930
00:37:32,219 --> 00:37:30,069
like a really bright flashlight and it

931
00:37:35,190 --> 00:37:32,229
would like flash on by like a tree and

932
00:37:37,049 --> 00:37:35,200
then flash off and then in like a near

933
00:37:39,509 --> 00:37:37,059
another tree that would flash on and

934
00:37:42,239 --> 00:37:39,519
flash off it almost looked like you know

935
00:37:43,680 --> 00:37:42,249
if it was something from the norm it

936
00:37:46,349 --> 00:37:43,690
would be a couple people back there

937
00:37:48,120 --> 00:37:46,359
choreographing you know flashlights

938
00:37:49,469 --> 00:37:48,130

going on and the flashlights would blink

939

00:37:52,410 --> 00:37:49,479

like they were trying to like signal

940

00:37:54,479 --> 00:37:52,420

like Morse code with the light but just

941

00:37:56,309 --> 00:37:54,489

like the fishermen and this is what I

942

00:37:58,079 --> 00:37:56,319

explained to my friend we got the nerve

943

00:37:59,940 --> 00:37:58,089

I don't know how we did it but we

944

00:38:01,829 --> 00:37:59,950

started walking towards the light you

945

00:38:04,319 --> 00:38:01,839

know yelling now who is that this and

946

00:38:07,420 --> 00:38:04,329

that but the light never got any closer

947

00:38:10,000 --> 00:38:07,430

and never got any farther away

948

00:38:12,280 --> 00:38:10,010

and when we noticed this we were really

949

00:38:16,750 --> 00:38:12,290

starting to you know the old proverbial

950

00:38:18,700 --> 00:38:16,760

hair was starting to stand up but soon

951

00:38:20,770 --> 00:38:18,710

the lights didn't weren't just shining

952

00:38:22,150 --> 00:38:20,780

from one behind one tree and then moving

953

00:38:24,670 --> 00:38:22,160

to another tree they started going off

954

00:38:26,319 --> 00:38:24,680

in rapid succession from like one tree

955

00:38:29,049 --> 00:38:26,329

to the other and you know this kept

956

00:38:30,099 --> 00:38:29,059

going on real quick and one my friend

957

00:38:32,380 --> 00:38:30,109

and I saw this we didn't even say

958

00:38:35,410 --> 00:38:32,390

anything to each other we I think it was

959

00:38:37,120 --> 00:38:35,420

me I just turned around and kind of kind

960

00:38:38,890 --> 00:38:37,130

of took off back towards the car you

961

00:38:42,329 --> 00:38:38,900

know we never saw the white light turned

962

00:38:44,589 --> 00:38:42,339

red I think if I would have saw that I

963

00:38:46,930 --> 00:38:44,599

don't know what the hell I would have

964

00:38:49,059 --> 00:38:46,940

done but I know I probably wouldn't have

965

00:38:50,650 --> 00:38:49,069

ever gone back there even in later years

966

00:38:52,990 --> 00:38:50,660

it took it took a while for me to go

967

00:38:56,890 --> 00:38:53,000

back there after these two these two

968

00:39:01,990 --> 00:38:56,900

instances but when I was about 15 the

969

00:39:03,370 --> 00:39:02,000

very first strange occurrence I had near

970

00:39:05,319 --> 00:39:03,380

shades of death Road was when my father

971

00:39:07,630 --> 00:39:05,329

and I went camping at the Jenny jump

972

00:39:09,819 --> 00:39:07,640

State Park and we were like kind of up

973

00:39:11,740 --> 00:39:09,829

on the ridgeline so you could look down

974

00:39:14,980 --> 00:39:11,750

and see the whole you can see that where

975

00:39:16,569 --> 00:39:14,990

the road was the patches of forest ghost

976

00:39:18,160 --> 00:39:16,579

Lake you could it was almost like a

977

00:39:20,620 --> 00:39:18,170

model you can see the whole layout of

978

00:39:24,339 --> 00:39:20,630

everything and we're sitting up on the

979

00:39:27,280 --> 00:39:24,349

ridge line and in this one huge patch of

980

00:39:29,770 --> 00:39:27,290

flat forest these bursts of white light

981

00:39:32,289 --> 00:39:29,780

were coming out like somebody with a

982

00:39:34,299 --> 00:39:32,299

with a flashlight was just running

983

00:39:35,920 --> 00:39:34,309

through no not a flash like with a

984

00:39:38,650 --> 00:39:35,930

camera just running through the forest

985

00:39:39,700 --> 00:39:38,660

just you know popping off a flash you

986

00:39:41,289 --> 00:39:39,710

know it looked like somebody just

987

00:39:43,079 --> 00:39:41,299

sprinting through the woods hitting a

988

00:39:47,230 --> 00:39:43,089

camera trigger and just you know

989

00:39:49,870 --> 00:39:47,240

erupting a flash of light and my dad

990

00:39:51,970 --> 00:39:49,880

who's a really grounded guy

991

00:39:54,580 --> 00:39:51,980

and a man of science i sat there I kept

992

00:39:56,620 --> 00:39:54,590

to ask him you know what is this and he

993

00:39:58,540 --> 00:39:56,630

was he was I don't want to say he was

994

00:40:00,970 --> 00:39:58,550

scared but he was definitely mystified

995

00:40:02,350 --> 00:40:00,980

of what was going on you know as he said

996

00:40:04,330 --> 00:40:02,360

and I remember he goes it looks like

997

00:40:06,430 --> 00:40:04,340

lightning you know it looked like a

998

00:40:08,410 --> 00:40:06,440

whole thunderstorm going off like

999

00:40:12,340 --> 00:40:08,420

underneath the canopy of the trees and

1000

00:40:13,720 --> 00:40:12,350

uh I fought back I thought back to this

1001
00:40:15,790 --> 00:40:13,730
when I saw the white light down there

1002
00:40:18,010 --> 00:40:15,800
with my buddy because it was it was like

1003
00:40:19,360 --> 00:40:18,020
a flash of light and then it would it

1004
00:40:21,010 --> 00:40:19,370
would go off or it looked like it ducked

1005
00:40:24,610 --> 00:40:21,020
behind trees and it just happened

1006
00:40:27,700 --> 00:40:24,620
eventually in rapid succession but when

1007
00:40:29,080 --> 00:40:27,710
this happened with my father we sat

1008
00:40:31,540 --> 00:40:29,090
there for quite a while watching this

1009
00:40:33,610 --> 00:40:31,550
and it did not stop and there were no

1010
00:40:36,910 --> 00:40:33,620
houses back there there were no drives

1011
00:40:40,060 --> 00:40:36,920
there was just a patch of you know of

1012
00:40:42,100 --> 00:40:40,070
empty woods and as I said it really it

1013
00:40:44,560 --> 00:40:42,110

was quite a sight it actually looked

1014

00:40:46,600 --> 00:40:44,570

cool you know just to see this dark dark

1015

00:40:48,850 --> 00:40:46,610

big patch of trees and just these bursts

1016

00:41:00,370 --> 00:40:48,860

of white just coming out like I said

1017

00:41:02,380 --> 00:41:00,380

like lightning somewhere in the skies is
