anniversary of the shag harbor ufo

22

00:00:56,709 --> 00:00:47,200

crash landing

23

00:01:10,830 --> 00:01:00,510

sprague

26

00:01:27,429 --> 00:01:25,830

it's a small fishing village in a modest

27

00:01:28,950 --> 00:01:27,439

canadian province

28

00:01:31,350 --> 00:01:28,960

it's not a place you would expect to

29

00:01:35,190 --> 00:01:31,360

host one of the most well-documented

30

00:01:39,109 --> 00:01:35,200

ufo incidents of all time yet in october

31

00:01:41,270 --> 00:01:39,119

of 1967 shag harper became the canadian

32

00:01:44,550 --> 00:01:41,280

equivalent of the historically

33

00:01:46,789 --> 00:01:44,560

omnipresent roswell incident

34

00:01:48,069 --> 00:01:46,799

on this 53rd anniversary of this

35

00:01:50,230 --> 00:01:48,079

canadian incident

36

00:01:52,230 --> 00:01:50,240

let's take a look back at just exactly

37

00:01:52,870 --> 00:01:52,240

what happened in the waters of shag

38

00:01:55,830 --> 00:01:52,880

harbour

39

00:01:56,630 --> 00:01:55,840

its relevance and eerie similarities to

40

00:01:59,830 --> 00:01:56,640

the navy

41

00:02:00,469 --> 00:01:59,840

ufo encounters in recent years and where

42

00:02:04,870 --> 00:02:00,479

this case

43

00:02:08,309 --> 00:02:04,880

lay in the annals of ufo history

44

00:02:11,589 --> 00:02:08,319

it was october 4th 1967

45

00:02:13,430 --> 00:02:11,599

at approximately 7 15 pm air canada

46

00:02:16,070 --> 00:02:13,440

flight 305 pilots

47

00:02:16,790 --> 00:02:16,080

captain pierre charbonneau and first

48

00:02:19,910 --> 00:02:16,800

officer

49

00:02:23,830 --> 00:02:19,920

robert ralph were flying above quebec

50

00:02:26,470 --> 00:02:23,840

about 180 miles west of nova scotia

51  
00:02:27,750 --> 00:02:26,480  
everything was perfectly routine until

52  
00:02:31,110 --> 00:02:27,760  
they noticed something

53  
00:02:31,949 --> 00:02:31,120  
trailing their plane they witnessed a

54  
00:02:34,710 --> 00:02:31,959  
massive

55  
00:02:35,350 --> 00:02:34,720  
rectangular-shaped object orange in

56  
00:02:38,150 --> 00:02:35,360  
color

57  
00:02:38,949 --> 00:02:38,160  
gliding through the skies trailing the

58  
00:02:42,070 --> 00:02:38,959  
rectangle

59  
00:02:46,309 --> 00:02:42,080  
were small orange orbs that seemed

60  
00:02:48,790 --> 00:02:46,319  
almost like a tail to the main object

61  
00:02:49,990 --> 00:02:48,800  
the pilots watched with growing concern

62  
00:02:52,390 --> 00:02:50,000  
for several minutes

63  
00:02:53,509 --> 00:02:52,400

when suddenly there was some sort of

64

00:02:56,949 --> 00:02:53,519

explosion

65

00:02:59,589 --> 00:02:56,959

near the rectangle a large white cloud

66

00:03:01,990 --> 00:02:59,599

was left behind sporadically changing

67

00:03:04,229 --> 00:03:02,000

colors from red to blue

68

00:03:05,030 --> 00:03:04,239

two minutes later another explosion

69

00:03:08,869 --> 00:03:05,040

occurred

70

00:03:11,750 --> 00:03:08,879

leaving behind a similar cloud of colors

71

00:03:15,110 --> 00:03:11,760

the pilots watched in amazement as the

72

00:03:17,830 --> 00:03:15,120

small orbs swarmed around the rectangle

73

00:03:19,030 --> 00:03:17,840

and along with it descended into a thick

74

00:03:22,229 --> 00:03:19,040

cloud cover

75

00:03:25,509 --> 00:03:22,239

and disappeared out of sight

76  
00:03:27,110 --> 00:03:25,519  
both pilots visibly shaken reported the

77  
00:03:30,869 --> 00:03:27,120  
incident when they finally

78  
00:03:33,350 --> 00:03:30,879  
landed meanwhile back on the ground

79  
00:03:35,430 --> 00:03:33,360  
residents of shag harbour would report

80  
00:03:38,390 --> 00:03:35,440  
seeing four orange lights

81  
00:03:40,869 --> 00:03:38,400  
in tight formation flashing in rapid

82  
00:03:43,190 --> 00:03:40,879  
sequence across the night sky

83  
00:03:44,550 --> 00:03:43,200  
a group of teens that were out fishing

84  
00:03:45,990 --> 00:03:44,560  
noticed that the lights were making a

85  
00:03:48,309 --> 00:03:46,000  
brisk descent towards

86  
00:03:50,070 --> 00:03:48,319  
the water but instead of disappearing

87  
00:03:52,789 --> 00:03:50,080  
into the murky depths

88  
00:03:53,910 --> 00:03:52,799

the lights seemed to float effortlessly

89

00:03:56,710 --> 00:03:53,920

on the surface

90

00:03:57,190 --> 00:03:56,720

before disappearing into the water one

91

00:04:00,710 --> 00:03:57,200

of those

92

00:04:02,869 --> 00:04:00,720

teens was laurie wilkins here he is

93

00:04:05,030 --> 00:04:02,879

describing what he and his friends saw

94

00:04:07,830 --> 00:04:05,040

that night many years ago

95

00:04:08,949 --> 00:04:07,840

in the nova scotia skies it was an

96

00:04:11,509 --> 00:04:08,959

evening somewhere around

97

00:04:12,789 --> 00:04:11,519

10 30 we was going up through roughly

98

00:04:15,670 --> 00:04:12,799

where we are now here in

99

00:04:16,550 --> 00:04:15,680

shag harbor when we noticed some lights

100

00:04:20,710 --> 00:04:16,560

and they would have been

101  
00:04:22,550 --> 00:04:20,720  
from here up that way across the road

102  
00:04:24,629 --> 00:04:22,560  
going along i don't know captain what we

103  
00:04:26,469 --> 00:04:24,639  
noticed at first but that

104  
00:04:28,469 --> 00:04:26,479  
they were going in sequence one would be

105  
00:04:30,710 --> 00:04:28,479  
on and two

106  
00:04:32,950 --> 00:04:30,720  
and three then four it'd all be over a

107  
00:04:34,629 --> 00:04:32,960  
second they'd all go off

108  
00:04:36,469 --> 00:04:34,639  
and if that sequence seemed to start

109  
00:04:37,990 --> 00:04:36,479  
over again

110  
00:04:39,590 --> 00:04:38,000  
and as we were driving along it seemed

111  
00:04:48,390 --> 00:04:39,600  
to be going along with us

112  
00:04:53,110 --> 00:04:50,070  
and then as we get up towards where the

113  
00:04:55,990 --> 00:04:53,120

school is now it seems to take a

114

00:04:56,390 --> 00:04:56,000

45 degree angle from going along level

115

00:04:59,749 --> 00:04:56,400

to

116

00:05:01,510 --> 00:04:59,759

tipping down and if we

117

00:05:03,110 --> 00:05:01,520

then we had to turn he got more or less

118

00:05:05,110 --> 00:05:03,120

north we were going right through on the

119

00:05:06,710 --> 00:05:05,120

highway by the school

120

00:05:08,870 --> 00:05:06,720

and we got to where there was a hell and

121

00:05:09,990 --> 00:05:08,880

was a low pace and it was coming up the

122

00:05:12,629 --> 00:05:10,000

hill as the light was going

123

00:05:13,029 --> 00:05:12,639

down just before we made the top of the

124

00:05:15,430 --> 00:05:13,039

hill

125

00:05:16,550 --> 00:05:15,440

we lost sight of it and then when we got

126

00:05:18,310 --> 00:05:16,560

the top of the hill we could see the

127

00:05:19,670 --> 00:05:18,320

lightning water

128

00:05:21,430 --> 00:05:19,680

in the meantime we thought it was a

129

00:05:24,150 --> 00:05:21,440

plane he'd cry so we went and

130

00:05:26,629 --> 00:05:24,160

saw the rcmp from a phone booth in

131

00:05:27,749 --> 00:05:26,639

mujarbar and

132

00:05:29,110 --> 00:05:27,759

more likes didn't believe us and the

133

00:05:30,310 --> 00:05:29,120

first thing he asked me is what we were

134

00:05:33,590 --> 00:05:30,320

drinking i said we had

135

00:05:35,270 --> 00:05:33,600

man so in here we did get the phone

136

00:05:36,830 --> 00:05:35,280

number from where the phone was and i

137

00:05:38,150 --> 00:05:36,840

went to get the car leading the phone

138

00:05:39,510 --> 00:05:38,160

rang

139

00:05:41,990 --> 00:05:39,520

that's when he asked me where we could

140

00:05:43,990 --> 00:05:42,000

meet where we see it out or where we

141

00:05:45,749 --> 00:05:44,000

could meet i don't

142

00:05:47,270 --> 00:05:45,759

what we call the moss plant that's where

143

00:05:59,749 --> 00:05:47,280

the

144

00:06:01,749 --> 00:05:59,759

water you know we brought our flipping

145

00:06:04,070 --> 00:06:01,759

down with the toys

146

00:06:05,350 --> 00:06:04,080

and we must have been there five seven

147

00:06:07,029 --> 00:06:05,360

minutes before the rtmp

148

00:06:09,029 --> 00:06:07,039

got there there was four people three

149

00:06:12,309 --> 00:06:09,039

other people with me

150

00:06:14,309 --> 00:06:12,319

in the car so as we watched it dressed

151  
00:06:16,230 --> 00:06:14,319  
in and when the rcb got there there was

152  
00:06:18,309 --> 00:06:16,240  
two cars

153  
00:06:19,909 --> 00:06:18,319  
one come first then the second one there

154  
00:06:21,830 --> 00:06:19,919  
was two in one and one on the other but

155  
00:06:23,830 --> 00:06:21,840  
i can't remember

156  
00:06:25,510 --> 00:06:23,840  
how far apart them cars were people

157  
00:06:27,189 --> 00:06:25,520  
getting there

158  
00:06:28,870 --> 00:06:27,199  
negative watching there's a few more

159  
00:06:30,469 --> 00:06:28,880  
people coming as we watched it breath

160  
00:06:32,309 --> 00:06:30,479  
down we had to walk to the top of the

161  
00:06:34,790 --> 00:06:32,319  
hill

162  
00:06:35,830 --> 00:06:34,800  
then we must watch it 20 minutes roughly

163  
00:06:39,110 --> 00:06:35,840

all together then it

164

00:06:40,950 --> 00:06:39,120

just disappeared and the lightning

165

00:06:43,029 --> 00:06:40,960

in the meantime they'd call the class of

166

00:06:44,629 --> 00:06:43,039

the clock driver for the coast guard to

167

00:06:46,150 --> 00:06:44,639

come in some

168

00:06:47,590 --> 00:06:46,160

local fishermen here we've seen it

169

00:06:49,110 --> 00:06:47,600

they've gone and getting their boat i

170

00:06:51,430 --> 00:06:49,120

heard about it and when it

171

00:06:52,950 --> 00:06:51,440

started looking to see if there was any

172

00:06:55,510 --> 00:06:52,960

wreckage or anything and we never seen

173

00:06:59,430 --> 00:06:59,029

and anyhow so the next day until that

174

00:07:06,150 --> 00:06:59,440

night

175

00:07:10,070 --> 00:07:08,390

me and some of the mouties we had

176  
00:07:11,350 --> 00:07:10,080  
epilepsy we could find anything we could

177  
00:07:14,629 --> 00:07:11,360  
see no wreckage of no

178  
00:07:17,830 --> 00:07:14,639  
whatsoever another witness who'd been

179  
00:07:21,350 --> 00:07:17,840  
fishing quickly phoned the rcmp

180  
00:07:23,670 --> 00:07:21,360  
to report the crash of an aircraft

181  
00:07:24,390 --> 00:07:23,680  
the police dispatcher brushed off the

182  
00:07:27,430 --> 00:07:24,400  
young man

183  
00:07:30,230 --> 00:07:27,440  
believing him to have been inebriated

184  
00:07:31,749 --> 00:07:30,240  
but soon over a dozen other calls

185  
00:07:33,749 --> 00:07:31,759  
flooded the station

186  
00:07:34,870 --> 00:07:33,759  
police immediately went out to

187  
00:07:36,950 --> 00:07:34,880  
investigate

188  
00:07:38,070 --> 00:07:36,960

unbeknownst to the royal canadian

189

00:07:40,950 --> 00:07:38,080

mounted police

190

00:07:43,270 --> 00:07:40,960

constable ron pound was patrolling an

191

00:07:45,189 --> 00:07:43,280

area near the alleged incident

192

00:07:47,670 --> 00:07:45,199

he witnessed the four orange lights

193

00:07:50,150 --> 00:07:47,680

moving at tremendous speeds

194

00:07:51,830 --> 00:07:50,160

as he himself sped up his vehicle he

195

00:07:52,629 --> 00:07:51,840

believed the four lights to all be

196

00:07:55,510 --> 00:07:52,639

connected

197

00:07:57,029 --> 00:07:55,520

to a single aircraft and estimated it to

198

00:08:00,070 --> 00:07:57,039

be about 60 feet

199

00:08:02,469 --> 00:08:00,080

in length he reached the shoreline where

200

00:08:04,869 --> 00:08:02,479

he was soon joined by fellow officers

201  
00:08:05,670 --> 00:08:04,879  
police corporal victor warbicki and

202  
00:08:08,790 --> 00:08:05,680  
constable

203  
00:08:09,670 --> 00:08:08,800  
ron o'brien along with over 30 other

204  
00:08:11,670 --> 00:08:09,680  
witnesses

205  
00:08:14,469 --> 00:08:11,680  
they all watched as the orange light

206  
00:08:17,430 --> 00:08:14,479  
slowly changed to a yellowish tint

207  
00:08:18,710 --> 00:08:17,440  
and moved eerily slow across the surface

208  
00:08:21,430 --> 00:08:18,720  
of the water

209  
00:08:22,869 --> 00:08:21,440  
leaving a similar yellowish colored foam

210  
00:08:24,869 --> 00:08:22,879  
in its wake

211  
00:08:26,309 --> 00:08:24,879  
some witnesses claimed to have seen the

212  
00:08:28,790 --> 00:08:26,319  
actual structure

213  
00:08:30,790 --> 00:08:28,800

of the object reporting it as

214

00:08:33,269 --> 00:08:30,800

dome-shaped

215

00:08:34,949 --> 00:08:33,279

due to the exhaustive dedication by

216

00:08:37,670 --> 00:08:34,959

mufon investigators

217

00:08:39,190 --> 00:08:37,680

chris styles and don ledger they were

218

00:08:42,070 --> 00:08:39,200

able to compile a list

219

00:08:44,230 --> 00:08:42,080

of first-hand witnesses and individuals

220

00:08:46,070 --> 00:08:44,240

involved with the search and recovery

221

00:08:48,550 --> 00:08:46,080

efforts

222

00:08:49,829 --> 00:08:48,560

what follows appears to be the most

223

00:08:53,110 --> 00:08:49,839

accurate timeline

224

00:08:53,990 --> 00:08:53,120

according to their research the canadian

225

00:08:56,310 --> 00:08:54,000

coast guard

226  
00:08:57,350 --> 00:08:56,320  
was called to the scene but before they

227  
00:09:00,389 --> 00:08:57,360  
could arrive

228  
00:09:02,870 --> 00:09:00,399  
two rcmp officers had already secured

229  
00:09:03,829 --> 00:09:02,880  
local fishermen's boats and headed

230  
00:09:07,350 --> 00:09:03,839  
towards the area

231  
00:09:09,829 --> 00:09:07,360  
for a possible search and rescue mission

232  
00:09:11,190 --> 00:09:09,839  
the lights were no longer visible but

233  
00:09:14,470 --> 00:09:11,200  
the yellow foam

234  
00:09:16,949 --> 00:09:14,480  
remained the officers and fishermen

235  
00:09:18,310 --> 00:09:16,959  
who assisted all said that the foam was

236  
00:09:21,430 --> 00:09:18,320  
like no seafoam

237  
00:09:23,350 --> 00:09:21,440  
they'd ever seen before much thicker

238  
00:09:24,949 --> 00:09:23,360

than anything that could be caused

239

00:09:27,030 --> 00:09:24,959

naturally

240

00:09:29,590 --> 00:09:27,040

they had to cut their way through it

241

00:09:32,710 --> 00:09:29,600

just to look for survivors of the

242

00:09:35,829 --> 00:09:32,720

supposed crash landing

243

00:09:37,590 --> 00:09:35,839

after several hours of searching nothing

244

00:09:40,550 --> 00:09:37,600

could be found

245

00:09:41,430 --> 00:09:40,560

the rcmp along with the coast guard

246

00:09:44,550 --> 00:09:41,440

contacted

247

00:09:45,910 --> 00:09:44,560

their local norad station and the rescue

248

00:09:47,670 --> 00:09:45,920

coordination center

249

00:09:49,990 --> 00:09:47,680

asking if there'd been any reports that

250

00:09:54,790 --> 00:09:50,000

evening of a missing aircraft either

251

00:09:57,670 --> 00:09:54,800

civilian or military they had nothing

252

00:09:59,829 --> 00:09:57,680

the following morning of october 5th the

253

00:10:02,150 --> 00:09:59,839

canadian forces headquarters

254

00:10:03,110 --> 00:10:02,160

sent out specially trained divers from

255

00:10:06,550 --> 00:10:03,120

the navy

256

00:10:08,470 --> 00:10:06,560

and rcmp to systematically search the

257

00:10:11,269 --> 00:10:08,480

seabed in the alleged area

258

00:10:13,110 --> 00:10:11,279

where the crash had occurred they

259

00:10:16,710 --> 00:10:13,120

searched for several days

260

00:10:19,350 --> 00:10:16,720

but found absolutely nothing

261

00:10:20,389 --> 00:10:19,360

local newspapers begin to circulate

262

00:10:22,790 --> 00:10:20,399

speculative

263

00:10:23,670 --> 00:10:22,800

theories of a russian spacecraft

264

00:10:27,030 --> 00:10:23,680

submarine

265

00:10:29,110 --> 00:10:27,040

or spy satellite being the enigmatic

266

00:10:31,269 --> 00:10:29,120

culprit

267

00:10:33,030 --> 00:10:31,279

there were also rumors that the united

268

00:10:34,069 --> 00:10:33,040

states had launched their own

269

00:10:36,870 --> 00:10:34,079

investigation

270

00:10:37,350 --> 00:10:36,880

into the incident on october 9th five

271

00:10:39,829 --> 00:10:37,360

days

272

00:10:40,550 --> 00:10:39,839

after the mysterious object sank off the

273

00:10:42,870 --> 00:10:40,560

shoreline

274

00:10:44,069 --> 00:10:42,880

and into the abyss the search for the

275

00:10:46,389 --> 00:10:44,079

craft in the water

276

00:10:47,509 --> 00:10:46,399

had been called off after extensive

277

00:10:50,710 --> 00:10:47,519

efforts turned up

278

00:10:52,949 --> 00:10:50,720

nothing of course some will argue that

279

00:10:55,430 --> 00:10:52,959

evidence could have been found and was

280

00:10:58,069 --> 00:10:55,440

concealed from the public eye

281

00:10:59,910 --> 00:10:58,079

which is somewhat plausible especially

282

00:11:00,630 --> 00:10:59,920

when one considers the fact that there

283

00:11:04,230 --> 00:11:00,640

was

284

00:11:07,590 --> 00:11:04,240

a secret u.s military base monitoring

285

00:11:10,550 --> 00:11:07,600

subterranean and underwater frequencies

286

00:11:11,110 --> 00:11:10,560

for russian submarine activity just 30

287

00:11:14,150 --> 00:11:11,120

minutes

288

00:11:15,990 --> 00:11:14,160

from the crash site the search for the

289

00:11:18,710 --> 00:11:16,000

ufo at shag harbor was

290

00:11:20,230 --> 00:11:18,720

conducted during a highly charged period

291

00:11:22,949 --> 00:11:20,240

in canada's history

292

00:11:23,910 --> 00:11:22,959

the space race was on and so was the

293

00:11:25,670 --> 00:11:23,920

cold war

294

00:11:27,590 --> 00:11:25,680

russian submarines were known to

295

00:11:29,910 --> 00:11:27,600

frequent the east coast

296

00:11:31,590 --> 00:11:29,920

and the americans were testing all

297

00:11:34,949 --> 00:11:31,600

manners of devices

298

00:11:37,670 --> 00:11:34,959

to spy on their common foes including

299

00:11:40,630 --> 00:11:37,680

crude spy satellites that ejected film

300

00:11:42,550 --> 00:11:40,640

canisters at high altitudes

301  
00:11:43,750 --> 00:11:42,560  
while the official records provide no

302  
00:11:46,630 --> 00:11:43,760  
explanation for

303  
00:11:48,710 --> 00:11:46,640  
what happened there are vague clues

304  
00:11:49,509 --> 00:11:48,720  
pointing to another incident about 50

305  
00:11:52,710 --> 00:11:49,519  
kilometers

306  
00:11:56,550 --> 00:11:52,720  
north just off the coast of shelburne

307  
00:11:58,389 --> 00:11:56,560  
in his co-author 2001 book dark object

308  
00:12:00,949 --> 00:11:58,399  
chris styles says he eventually

309  
00:12:03,509 --> 00:12:00,959  
interviewed former military insiders

310  
00:12:04,230 --> 00:12:03,519  
and members of the navy's fleet diving

311  
00:12:06,550 --> 00:12:04,240  
unit

312  
00:12:07,509 --> 00:12:06,560  
who told him the orange orb spotted in

313  
00:12:10,069 --> 00:12:07,519

shag harbor

314

00:12:10,949 --> 00:12:10,079

had submerged under its own power and

315

00:12:13,990 --> 00:12:10,959

traveled

316

00:12:16,710 --> 00:12:14,000

to a spot on the seabed off shelburne at

317

00:12:20,150 --> 00:12:16,720

the time the area was the location

318

00:12:20,629 --> 00:12:20,160

for a top-secret military base disguised

319

00:12:23,350 --> 00:12:20,639

as an

320

00:12:25,350 --> 00:12:23,360

oceanic institute what i was being told

321

00:12:27,269 --> 00:12:25,360

by the former military

322

00:12:28,550 --> 00:12:27,279

staff that were involved in search

323

00:12:31,430 --> 00:12:28,560

effort was that

324

00:12:33,350 --> 00:12:31,440

while a search was going on in the sound

325

00:12:35,750 --> 00:12:33,360

of shag harbor

326

00:12:37,990 --> 00:12:35,760

military personnel already knew that the

327

00:12:40,230 --> 00:12:38,000

object was no longer there on the seabed

328

00:12:41,990 --> 00:12:40,240

that it had moved away under the water

329

00:12:43,990 --> 00:12:42,000

rounded cape sable island had gone up

330

00:12:47,430 --> 00:12:44,000

the coast and come to rest on the seabed

331

00:12:50,550 --> 00:12:47,440

off the coast of government point

332

00:12:53,750 --> 00:12:50,560

which was the location of cfs shelburne

333

00:12:56,389 --> 00:12:53,760

canada's most secret military base

334

00:12:56,790 --> 00:12:56,399

the facility used underwater microphones

335

00:12:59,829 --> 00:12:56,800

and

336

00:13:02,389 --> 00:12:59,839

magnetic detection devices to track

337

00:13:05,190 --> 00:13:02,399

enemy submarines but its true purpose

338

00:13:07,430 --> 00:13:05,200

wasn't revealed until the 1980s

339

00:13:08,230 --> 00:13:07,440

but when it came to the shag harbor ufo

340

00:13:11,110 --> 00:13:08,240

incident

341

00:13:13,110 --> 00:13:11,120

this area known as government point

342

00:13:14,150 --> 00:13:13,120

seemed to be yet another place where the

343

00:13:18,069 --> 00:13:14,160

ufo

344

00:13:20,790 --> 00:13:18,079

made its temporary underwater home

345

00:13:22,710 --> 00:13:20,800

slowly the headlines made their way to

346

00:13:25,910 --> 00:13:22,720

the back of the newspapers

347

00:13:29,350 --> 00:13:25,920

and soon faded into obscurity as

348

00:13:30,069 --> 00:13:29,360

most ufo cases often do but this

349

00:13:33,030 --> 00:13:30,079

certainly

350

00:13:34,310 --> 00:13:33,040

wouldn't be the last we would hear of

351  
00:13:38,629 --> 00:13:34,320  
the shag harbor

352  
00:13:41,590 --> 00:13:38,639  
ufo story in 2018

353  
00:13:42,870 --> 00:13:41,600  
it was announced that celine castell and

354  
00:13:45,189 --> 00:13:42,880  
fabian castell

355  
00:13:46,790 --> 00:13:45,199  
grandchildren of jacques cousteau were

356  
00:13:49,829 --> 00:13:46,800  
heading to nova scotia

357  
00:13:51,750 --> 00:13:49,839  
to investigate the incident as part of

358  
00:13:52,710 --> 00:13:51,760  
their visit their investigative team

359  
00:13:55,269 --> 00:13:52,720  
would carry out an

360  
00:13:55,990 --> 00:13:55,279  
underwater search to try to locate the

361  
00:13:58,150 --> 00:13:56,000  
craft

362  
00:13:59,910 --> 00:13:58,160  
that could possibly still sit at the

363  
00:14:01,670 --> 00:13:59,920

bottom of the water

364

00:14:03,750 --> 00:14:01,680

while their deep sea investigation did

365

00:14:06,710 --> 00:14:03,760

not yield a craft or

366

00:14:08,470 --> 00:14:06,720

materials anomalous activity was

367

00:14:09,670 --> 00:14:08,480

recorded between their radio

368

00:14:12,150 --> 00:14:09,680

transmissions

369

00:14:13,910 --> 00:14:12,160

while underwater when in proximity to

370

00:14:15,829 --> 00:14:13,920

where the craft was said to have

371

00:14:17,829 --> 00:14:15,839

submerged

372

00:14:19,110 --> 00:14:17,839

and even though this new generation of

373

00:14:21,189 --> 00:14:19,120

casteaus couldn't

374

00:14:22,310 --> 00:14:21,199

crack the case the fact that their

375

00:14:25,350 --> 00:14:22,320

investigation

376

00:14:28,150 --> 00:14:25,360

revealed other anomalous activity is yet

377

00:14:28,550 --> 00:14:28,160

another layer of unexplained phenomena

378

00:14:31,350 --> 00:14:28,560

that

379

00:14:34,470 --> 00:14:31,360

could be attributed to whatever happened

380

00:14:37,509 --> 00:14:34,480

in 1967

381

00:14:40,230 --> 00:14:37,519

and as for anomalies it should be noted

382

00:14:41,350 --> 00:14:40,240

that other weird phenomena has occurred

383

00:14:43,189 --> 00:14:41,360

in the area

384

00:14:45,189 --> 00:14:43,199

where the object was said to have

385

00:14:48,150 --> 00:14:45,199

submerged

386

00:14:49,350 --> 00:14:48,160

diver david cevette had been surveying

387

00:14:52,870 --> 00:14:49,360

the ocean floor

388

00:14:53,829 --> 00:14:52,880

of the shag harbor for years and claimed

389

00:14:57,189 --> 00:14:53,839

he's discovered

390

00:14:59,110 --> 00:14:57,199

underwater anomalies or depressions

391

00:15:00,629 --> 00:14:59,120

in the area where the crash is said to

392

00:15:03,509 --> 00:15:00,639

have taken place

393

00:15:04,230 --> 00:15:03,519

the depressions appeared like a dinner

394

00:15:07,189 --> 00:15:04,240

plate

395

00:15:07,509 --> 00:15:07,199

with the center being about a foot deep

396

00:15:10,629 --> 00:15:07,519

and

397

00:15:12,069 --> 00:15:10,639

perfectly round the covering of this

398

00:15:15,590 --> 00:15:12,079

depression was comprised

399

00:15:16,629 --> 00:15:15,600

of pebbles two to four centimeters in

400

00:15:19,590 --> 00:15:16,639

size

401  
00:15:21,110 --> 00:15:19,600  
but there was no sizable rocks or plants

402  
00:15:24,310 --> 00:15:21,120  
in the area

403  
00:15:25,590 --> 00:15:24,320  
no sea life either it looked as though

404  
00:15:29,189 --> 00:15:25,600  
the entire area

405  
00:15:31,590 --> 00:15:29,199  
had been swept clear also

406  
00:15:32,230 --> 00:15:31,600  
in his own personal research chris

407  
00:15:34,949 --> 00:15:32,240  
styles

408  
00:15:35,910 --> 00:15:34,959  
was even able to obtain several official

409  
00:15:37,670 --> 00:15:35,920  
documents

410  
00:15:39,990 --> 00:15:37,680  
through the canadian version of the

411  
00:15:41,670 --> 00:15:40,000  
freedom of information act

412  
00:15:43,749 --> 00:15:41,680  
one of these documents came from the

413  
00:15:46,230 --> 00:15:43,759

canadian armed forces

414

00:15:47,910 --> 00:15:46,240

which stated quote the rescue

415

00:15:49,990 --> 00:15:47,920

coordination center conducted

416

00:15:52,550 --> 00:15:50,000

preliminary investigation

417

00:15:55,269 --> 00:15:52,560

and discounted the possibilities that

418

00:15:58,310 --> 00:15:55,279

the sighting was produced by an aircraft

419

00:16:01,350 --> 00:15:58,320

flare or any other known objects

420

00:16:03,990 --> 00:16:01,360

end quote this along with witness

421

00:16:06,790 --> 00:16:04,000

testimony reports through the rcmp

422

00:16:08,310 --> 00:16:06,800

and the department of national defense

423

00:16:11,430 --> 00:16:08,320

convinced stiles

424

00:16:14,180 --> 00:16:11,440

that something or some things

425

00:16:15,350 --> 00:16:14,190

were indeed recovered in the waters

426

00:16:17,829 --> 00:16:15,360

[Music]

427

00:16:19,590 --> 00:16:17,839

perhaps the most compelling development

428

00:16:22,389 --> 00:16:19,600

in the shag harbor incident

429

00:16:23,110 --> 00:16:22,399

is its striking resemblance to the now

430

00:16:26,150 --> 00:16:23,120

famous

431

00:16:28,150 --> 00:16:26,160

tic tac ufo incident

432

00:16:29,189 --> 00:16:28,160

during a routine training mission in

433

00:16:31,590 --> 00:16:29,199

2004

434

00:16:32,550 --> 00:16:31,600

off the coast of california commander

435

00:16:35,030 --> 00:16:32,560

david fravor

436

00:16:37,269 --> 00:16:35,040

a navy squadron leader was ordered to

437

00:16:40,069 --> 00:16:37,279

intercept an unidentified object

438

00:16:41,910 --> 00:16:40,079

caught on radar while trying to visually

439

00:16:44,230 --> 00:16:41,920

investigate this object

440

00:16:45,670 --> 00:16:44,240

which he described as being shaped like

441

00:16:47,829 --> 00:16:45,680

a tic tac

442

00:16:49,430 --> 00:16:47,839

he watched in amazement as the object

443

00:16:53,350 --> 00:16:49,440

performed extremely

444

00:16:55,829 --> 00:16:53,360

unconventional maneuvers reacting to

445

00:16:56,710 --> 00:16:55,839

fravor's pursuit the object descended

446

00:17:00,550 --> 00:16:56,720

from 80

447

00:17:03,269 --> 00:17:00,560

000 feet in altitude to 20 000 feet

448

00:17:04,309 --> 00:17:03,279

near the surface of the ocean and then

449

00:17:07,350 --> 00:17:04,319

shot back up to

450

00:17:10,390 --> 00:17:07,360

65 000 feet within seven

451  
00:17:11,510 --> 00:17:10,400  
seconds disappearing completely out of

452  
00:17:14,470 --> 00:17:11,520  
sight

453  
00:17:15,350 --> 00:17:14,480  
while the tic tac ufo and its incredible

454  
00:17:17,750 --> 00:17:15,360  
maneuvers

455  
00:17:19,029 --> 00:17:17,760  
were compelling enough what fraver

456  
00:17:21,909 --> 00:17:19,039  
described next

457  
00:17:23,029 --> 00:17:21,919  
was what moved this to not just a ufo

458  
00:17:26,789 --> 00:17:23,039  
but a possible

459  
00:17:28,549 --> 00:17:26,799  
unidentified submerged object as well

460  
00:17:30,230 --> 00:17:28,559  
in an exclusive interview with

461  
00:17:33,830 --> 00:17:30,240  
investigative reporter

462  
00:17:36,830 --> 00:17:33,840  
george knapp fraver explained that quote

463  
00:17:37,990 --> 00:17:36,840

it created a disturbance on the water

464

00:17:41,270 --> 00:17:38,000

uncharacteristic

465

00:17:42,630 --> 00:17:41,280

of a helicopter or plane you watched it

466

00:17:45,270 --> 00:17:42,640

for more than five minutes

467

00:17:47,430 --> 00:17:45,280

you saw it as close as anybody got and

468

00:17:50,310 --> 00:17:47,440

it was doing something really strange

469

00:17:51,669 --> 00:17:50,320

over a disturbance in the water yes was

470

00:17:53,669 --> 00:17:51,679

there something in the water

471

00:17:55,110 --> 00:17:53,679

we don't know so here's what it is i'll

472

00:17:57,350 --> 00:17:55,120

say what drew us

473

00:17:59,830 --> 00:17:57,360

to it is there was it was a perfectly

474

00:18:02,150 --> 00:17:59,840

calm blue ocean day no white cabs

475

00:18:03,909 --> 00:18:02,160

and there was white water the white

476  
00:18:05,510 --> 00:18:03,919  
water was kind of in the shape of you

477  
00:18:07,830 --> 00:18:05,520  
can call it a cross but about the size

478  
00:18:09,510 --> 00:18:07,840  
of a 737 so take the 737

479  
00:18:10,710 --> 00:18:09,520  
drop it and look at it from the top and

480  
00:18:11,990 --> 00:18:10,720  
point it to the east and we're down to

481  
00:18:13,110 --> 00:18:12,000  
the south of it

482  
00:18:15,029 --> 00:18:13,120  
that's what the white water looked like

483  
00:18:16,549 --> 00:18:15,039  
and the tic tac was moving around that

484  
00:18:18,230 --> 00:18:16,559  
white water so we didn't see if there

485  
00:18:20,070 --> 00:18:18,240  
was something below the surface

486  
00:18:21,190 --> 00:18:20,080  
because you know if it's 10 15 feet

487  
00:18:22,870 --> 00:18:21,200  
below the surface it's still going to

488  
00:18:24,630 --> 00:18:22,880

cause the waves those swells to break

489

00:18:26,710 --> 00:18:24,640

over the top of it like a sea mount

490

00:18:28,070 --> 00:18:26,720

so we didn't we didn't see anything

491

00:18:29,669 --> 00:18:28,080

below we just know there was something

492

00:18:31,190 --> 00:18:29,679

causing that water to break over the top

493

00:18:33,430 --> 00:18:31,200

of it on a perfectly

494

00:18:34,230 --> 00:18:33,440

like a pristine spectacular san diego

495

00:18:36,150 --> 00:18:34,240

day is what it was

496

00:18:38,230 --> 00:18:36,160

as if it was docking or interacting with

497

00:18:39,669 --> 00:18:38,240

it you know we first came back so what

498

00:18:41,190 --> 00:18:39,679

was it doing was it trying was it

499

00:18:42,390 --> 00:18:41,200

was it interacting because obviously we

500

00:18:43,510 --> 00:18:42,400

talked when we turned around we couldn't

501  
00:18:45,029 --> 00:18:43,520  
find the disturbance in the water

502  
00:18:47,029 --> 00:18:45,039  
anymore it was gone

503  
00:18:48,789 --> 00:18:47,039  
so you know normally if it's a real sea

504  
00:18:51,190 --> 00:18:48,799  
mount it's going to be there until

505  
00:18:51,830 --> 00:18:51,200  
you know god removes it so in this case

506  
00:18:53,190 --> 00:18:51,840  
i go

507  
00:18:54,470 --> 00:18:53,200  
we said you know it went was it

508  
00:18:56,310 --> 00:18:54,480  
communicating i don't know i really

509  
00:18:59,510 --> 00:18:56,320  
don't know but it could have been

510  
00:19:01,669 --> 00:18:59,520  
so the real question remains was there

511  
00:19:03,350 --> 00:19:01,679  
a submerged object either connected to

512  
00:19:07,110 --> 00:19:03,360  
the tic tac ufo

513  
00:19:08,470 --> 00:19:07,120

or literally controlling it we may never

514

00:19:11,350 --> 00:19:08,480

truly know the answer

515

00:19:13,750 --> 00:19:11,360

to this question but we can find

516

00:19:14,310 --> 00:19:13,760

similarities with actions taken by the

517

00:19:17,430 --> 00:19:14,320

tic tac

518

00:19:18,630 --> 00:19:17,440

ufo and the object witnessed in shaq

519

00:19:21,750 --> 00:19:18,640

harbour

520

00:19:22,230 --> 00:19:21,760

in fact the event in nova scotia meets

521

00:19:25,029 --> 00:19:22,240

at least

522

00:19:25,750 --> 00:19:25,039

one of the traits laid out by the former

523

00:19:28,630 --> 00:19:25,760

director

524

00:19:29,190 --> 00:19:28,640

of the once secret pentagon ufo program

525

00:19:32,549 --> 00:19:29,200

luis

526

00:19:35,270 --> 00:19:32,559

elizondo under the advanced

527

00:19:35,830 --> 00:19:35,280

aerospace threat identification program

528

00:19:38,950 --> 00:19:35,840

or

529

00:19:40,950 --> 00:19:38,960

atip elizondo compiled a list of

530

00:19:44,230 --> 00:19:40,960

incredible capabilities

531

00:19:46,470 --> 00:19:44,240

commonly associated with ufo sightings

532

00:19:47,830 --> 00:19:46,480

he called these traits the five

533

00:19:50,710 --> 00:19:47,840

observables

534

00:19:51,510 --> 00:19:50,720

as stated on the to the stars academy

535

00:19:53,990 --> 00:19:51,520

website

536

00:19:55,110 --> 00:19:54,000

they include one sudden and

537

00:19:58,310 --> 00:19:55,120

instantaneous

538

00:20:00,070 --> 00:19:58,320

acceleration two hypersonic velocities

539

00:20:03,750 --> 00:20:00,080

without signatures

540

00:20:07,190 --> 00:20:03,760

three low observability four

541

00:20:10,470 --> 00:20:07,200

trans-medium travel and 5.

542

00:20:11,110 --> 00:20:10,480

positive lift if we are to observe the

543

00:20:13,590 --> 00:20:11,120

actions

544

00:20:15,669 --> 00:20:13,600

of the shag harbor objects it most

545

00:20:18,870 --> 00:20:15,679

certainly hits number 4

546

00:20:20,710 --> 00:20:18,880

trans-medium travel everything we build

547

00:20:22,549 --> 00:20:20,720

is purpose-specific for its environment

548

00:20:24,710 --> 00:20:22,559

a plane looks like a plane

549

00:20:27,750 --> 00:20:24,720

has wings has engines has a rudder has a

550

00:20:31,029 --> 00:20:27,760

nose because it has to be aerodynamic

551  
00:20:34,070 --> 00:20:31,039  
yet here's an object that can operate

552  
00:20:37,510 --> 00:20:34,080  
just as easily in atmosphere in space

553  
00:20:39,990 --> 00:20:37,520  
and potentially even underwater and yet

554  
00:20:41,270 --> 00:20:40,000  
it doesn't change its design

555  
00:20:46,310 --> 00:20:41,280  
characteristics

556  
00:20:49,830 --> 00:20:48,149  
any one of these mind you would be an

557  
00:20:52,230 --> 00:20:49,840  
absolute game changer for

558  
00:20:54,230 --> 00:20:52,240  
any foreign adversary to have just one

559  
00:20:57,029 --> 00:20:54,240  
of them it would be a game changer

560  
00:20:58,789 --> 00:20:57,039  
this and several other observables make

561  
00:21:02,149 --> 00:20:58,799  
the shag harbor object

562  
00:21:03,750 --> 00:21:02,159  
most certainly an enigma and while its

563  
00:21:05,029 --> 00:21:03,760

performance may have in fact been

564

00:21:07,990 --> 00:21:05,039

compromised that day

565

00:21:08,630 --> 00:21:08,000

in the skies and eventually in the

566

00:21:11,990 --> 00:21:08,640

waters

567

00:21:15,350 --> 00:21:12,000

of nova scotia it begs for continued

568

00:21:18,630 --> 00:21:15,360

investigation both by the united states

569

00:21:21,190 --> 00:21:18,640

and its northern neighbor

570

00:21:22,870 --> 00:21:21,200

while it remains a mystery the shag

571

00:21:25,029 --> 00:21:22,880

harbor incident lives on

572

00:21:26,789 --> 00:21:25,039

permanently at the shag harbor

573

00:21:28,710 --> 00:21:26,799

interpretive center

574

00:21:29,990 --> 00:21:28,720

this welcoming center chronicles the

575

00:21:32,070 --> 00:21:30,000

sighting in great

576

00:21:33,590 --> 00:21:32,080

detail allowing visitors to view

577

00:21:36,070 --> 00:21:33,600

television documentaries

578

00:21:36,710 --> 00:21:36,080

newspaper articles and an impressive

579

00:21:39,990 --> 00:21:36,720

exhibit

580

00:21:43,270 --> 00:21:40,000

on outer space it's quite clear

581

00:21:46,070 --> 00:21:43,280

that canada is not done with this case

582

00:21:46,630 --> 00:21:46,080

and neither are the rest of us every

583

00:21:48,549 --> 00:21:46,640

year

584

00:21:49,990 --> 00:21:48,559

thousands of people from all over the

585

00:21:52,710 --> 00:21:50,000

world make a trek

586

00:21:54,710 --> 00:21:52,720

to shag harbour grab some lunch and take

587

00:21:58,310 --> 00:21:54,720

in the interpretive center

588

00:21:59,270 --> 00:21:58,320

the town also hosts an amazing annual

589

00:22:01,110 --> 00:21:59,280

conference

590

00:22:03,110 --> 00:22:01,120

inviting speakers from all over the

591

00:22:06,390 --> 00:22:03,120

world to talk about ufos

592

00:22:08,549 --> 00:22:06,400

and of course the shag harbor incident

593

00:22:11,190 --> 00:22:08,559

yours truly was supposed to speak at

594

00:22:13,190 --> 00:22:11,200

this year's shag harbor ufo expo

595

00:22:15,270 --> 00:22:13,200

but then the world kinda went on

596

00:22:17,029 --> 00:22:15,280

lockdown so i'm looking forward to

597

00:22:19,990 --> 00:22:17,039

speaking in shag harbor

598

00:22:21,350 --> 00:22:20,000

in the fall of 2021 and i hope to see

599

00:22:25,510 --> 00:22:21,360

all of you there

600

00:22:29,830 --> 00:22:28,230

so what can truly be said about the shag

601  
00:22:32,549 --> 00:22:29,840  
harper incident

602  
00:22:34,630 --> 00:22:32,559  
the extraordinary testimonies given to

603  
00:22:37,909 --> 00:22:34,640  
chris styles and don ledger

604  
00:22:40,230 --> 00:22:37,919  
were said to be highly credible

605  
00:22:41,830 --> 00:22:40,240  
however their names remain confidential

606  
00:22:44,149 --> 00:22:41,840  
to protect them from possible

607  
00:22:45,029 --> 00:22:44,159  
threat or security oaths by many of the

608  
00:22:47,830 --> 00:22:45,039  
military

609  
00:22:48,710 --> 00:22:47,840  
involvement therefore the aforementioned

610  
00:22:50,950 --> 00:22:48,720  
information

611  
00:22:51,990 --> 00:22:50,960  
just like most witness testimony by

612  
00:22:54,870 --> 00:22:52,000  
military

613  
00:22:57,430 --> 00:22:54,880

and authority figures was given off the

614

00:23:01,430 --> 00:23:00,310

no matter the case something extremely

615

00:23:05,350 --> 00:23:01,440

strange occurred

616

00:23:07,510 --> 00:23:05,360

in shack harbor on that dark cold night

617

00:23:08,630 --> 00:23:07,520

it remains one of the most compelling

618

00:23:11,350 --> 00:23:08,640

ufo cases

619

00:23:12,149 --> 00:23:11,360

of all time only bringing forth more

620

00:23:14,950 --> 00:23:12,159

questions

621

00:23:16,310 --> 00:23:14,960

than answers it's left even the most

622

00:23:19,350 --> 00:23:16,320

skeptical minds

623

00:23:21,270 --> 00:23:19,360

scratching their heads it could perhaps

624

00:23:23,909 --> 00:23:21,280

be best summarized with a quote

625

00:23:25,909 --> 00:23:23,919

from the october 14th editorial from the

626

00:23:29,270 --> 00:23:25,919

chronicle herald

627

00:23:32,789 --> 00:23:29,280

imagination or natural phenomena

628

00:23:37,669 --> 00:23:32,799

seem to be the weakest of explanations

629

00:23:39,830 --> 00:23:37,679

it has been a tough week for skeptics

630

00:23:41,269 --> 00:23:39,840

here is primary investigator chris

631

00:23:44,070 --> 00:23:41,279

styles commenting

632

00:23:45,990 --> 00:23:44,080

on the shag harper incident several

633

00:23:47,669 --> 00:23:46,000

scientists have suggested over the years

634

00:23:49,590 --> 00:23:47,679

that ufo advocates

635

00:23:51,110 --> 00:23:49,600

should call attention to a single case

636

00:23:52,789 --> 00:23:51,120

one so strong

637

00:23:54,470 --> 00:23:52,799

that it can stand up to scientific

638

00:23:58,149 --> 00:23:54,480

scrutiny and be established

639

00:23:59,830 --> 00:23:58,159

after all as a true extraordinary event

640

00:24:02,470 --> 00:23:59,840

i'm not sure that this is the best

641

00:24:04,470 --> 00:24:02,480

approach but i'm comfortable with it

642

00:24:05,990 --> 00:24:04,480

and i'm sure that science is supposed to

643

00:24:08,470 --> 00:24:06,000

conclude or do

644

00:24:10,149 --> 00:24:08,480

what it would to such a case however i

645

00:24:11,430 --> 00:24:10,159

believe that the shag harbor incident

646

00:24:13,029 --> 00:24:11,440

does fit the bill

647

00:24:14,470 --> 00:24:13,039

i don't believe that it's the only

648

00:24:16,070 --> 00:24:14,480

possible candidate

649

00:24:17,909 --> 00:24:16,080

but it's probably one of the safest

650

00:24:18,950 --> 00:24:17,919

potential ufo cases that could be

651  
00:24:22,549 --> 00:24:18,960  
nominated for such

652  
00:24:24,350 --> 00:24:22,559  
special status here's why something did

653  
00:24:25,990 --> 00:24:24,360  
happen on the night of october the 4th

654  
00:24:27,990 --> 00:24:26,000  
1967

655  
00:24:29,590 --> 00:24:28,000  
the eyewitnesses know this the three

656  
00:24:31,269 --> 00:24:29,600  
rcmp officers

657  
00:24:33,590 --> 00:24:31,279  
and the authorities who were there on

658  
00:24:34,870 --> 00:24:33,600  
scene and who saw the ufo on the water

659  
00:24:37,750 --> 00:24:34,880  
they all know this

660  
00:24:39,830 --> 00:24:37,760  
many ufo skeptics including the late

661  
00:24:41,029 --> 00:24:39,840  
debunk or philip class have quietly

662  
00:24:43,269 --> 00:24:41,039  
conceded to me

663  
00:24:45,350 --> 00:24:43,279

that something extraordinary happened on

664

00:24:47,190 --> 00:24:45,360

that fall night so many years ago

665

00:24:49,669 --> 00:24:47,200

the remaining eyewitnesses have moved on

666

00:24:51,990 --> 00:24:49,679

with their lives as best they can

667

00:24:52,870 --> 00:24:52,000

most of the active and serious ufo

668

00:24:54,789 --> 00:24:52,880

community busy

669

00:24:56,549 --> 00:24:54,799

itself with the latest point of origin

670

00:24:58,870 --> 00:24:56,559

theory or research gossip

671

00:25:00,870 --> 00:24:58,880

and yet the shag harbor incident remains

672

00:25:03,029 --> 00:25:00,880

a mystery it has steadily gained

673

00:25:05,110 --> 00:25:03,039

notoriety and consideration

674

00:25:07,430 --> 00:25:05,120

since i began my reinvestigation of the

675

00:25:09,669 --> 00:25:07,440

case back in 1992.

676  
00:25:11,029 --> 00:25:09,679  
the shag harbor incident has refused to

677  
00:25:12,870 --> 00:25:11,039  
evaporate

678  
00:25:14,950 --> 00:25:12,880  
no one has recanted their essential

679  
00:25:16,549 --> 00:25:14,960  
testimony new witnesses and

680  
00:25:17,110 --> 00:25:16,559  
interpretations have appeared over the

681  
00:25:18,789 --> 00:25:17,120  
years

682  
00:25:21,350 --> 00:25:18,799  
and they've only served to enhance our

683  
00:25:23,430 --> 00:25:21,360  
understanding of the case

684  
00:25:25,269 --> 00:25:23,440  
the incident has even secured its place

685  
00:25:27,510 --> 00:25:25,279  
as part of canadian history

686  
00:25:29,830 --> 00:25:27,520  
the national archives of canada website

687  
00:25:31,830 --> 00:25:29,840  
has an entry on the shag harbor incident

688  
00:25:33,350 --> 00:25:31,840

where visitors can also see an archived

689

00:25:36,789 --> 00:25:33,360

ufo report

690

00:25:39,269 --> 00:25:36,799

significantly the principal entry reads

691

00:25:40,710 --> 00:25:39,279

both the rcmp and locals have rushed to

692

00:25:42,630 --> 00:25:40,720

the shore of the harbor

693

00:25:44,950 --> 00:25:42,640

but what they encountered there was far

694

00:25:46,549 --> 00:25:44,960

from a conventional aircraft

695

00:25:49,110 --> 00:25:46,559

that page concludes with the further

696

00:25:49,990 --> 00:25:49,120

determination the department of national

697

00:25:53,430 --> 00:25:50,000

defense

698

00:25:55,350 --> 00:25:53,440

has identified the sighting as unsolved

699

00:25:56,870 --> 00:25:55,360

those statements are consistent several

700

00:25:58,470 --> 00:25:56,880

decades later with the initial

701  
00:25:59,510 --> 00:25:58,480  
impressions of the investigating

702  
00:26:01,029 --> 00:25:59,520  
agencies

703  
00:26:03,350 --> 00:26:01,039  
i would continue to point out that the

704  
00:26:05,510 --> 00:26:03,360  
shag harbor incident remains the world's

705  
00:26:07,190 --> 00:26:05,520  
only ufo crash scenario that is

706  
00:26:09,029 --> 00:26:07,200  
important in this interpretation by

707  
00:26:11,190 --> 00:26:09,039  
government documents that are freely

708  
00:26:12,950 --> 00:26:11,200  
available and they're entirely without

709  
00:26:14,390 --> 00:26:12,960  
controversy as to their origin or

710  
00:26:16,230 --> 00:26:14,400  
authenticity

711  
00:26:17,750 --> 00:26:16,240  
to my mind the shag harbor incident

712  
00:26:19,350 --> 00:26:17,760  
remains one of the most compelling

713  
00:26:23,110 --> 00:26:19,360

arguments in the world today

714

00:26:25,909 --> 00:26:23,120

for what i would consider ufo reality

715

00:26:26,630 --> 00:26:25,919

also is sort of an addendum to this

716

00:26:29,510 --> 00:26:26,640

episode

717

00:26:31,909 --> 00:26:29,520

i wanted to invite jordan bonaparte host

718

00:26:34,310 --> 00:26:31,919

of the nighttime podcast to come on

719

00:26:36,789 --> 00:26:34,320

and give his thoughts on the case being

720

00:26:38,390 --> 00:26:36,799

a nova scotia resident himself

721

00:26:40,070 --> 00:26:38,400

so i'm going to leave you here with one

722

00:26:42,549 --> 00:26:40,080

of the nicest

723

00:26:43,590 --> 00:26:42,559

and most talented podcast hosts out

724

00:26:47,190 --> 00:26:43,600

there today

725

00:26:49,909 --> 00:26:47,200

jordan bonaparte hello ryan

726

00:26:51,269 --> 00:26:49,919

jordan from the nighttime podcast here

727

00:26:54,630 --> 00:26:51,279

you had told me about

728

00:26:55,269 --> 00:26:54,640

your plans to do an episode celebrating

729

00:27:01,110 --> 00:26:55,279

the

730

00:27:01,990 --> 00:27:01,120

ufo incident now with myself as a

731

00:27:04,710 --> 00:27:02,000

canadian

732

00:27:05,830 --> 00:27:04,720

who lives very near shag harbor and who

733

00:27:09,110 --> 00:27:05,840

follows

734

00:27:10,710 --> 00:27:09,120

ufo stories specifically the shag harbor

735

00:27:13,269 --> 00:27:10,720

story very closely

736

00:27:14,870 --> 00:27:13,279

i thought i'd send you a voice memo to

737

00:27:16,230 --> 00:27:14,880

tell you a little bit about what i know

738

00:27:18,310 --> 00:27:16,240

about the sighting and

739

00:27:19,990 --> 00:27:18,320

my experiences looking into it for my

740

00:27:22,549 --> 00:27:20,000

show or i've covered it

741

00:27:24,710 --> 00:27:22,559

several times and was fortunate to have

742

00:27:26,389 --> 00:27:24,720

met a lot of a lot of the eyewitnesses

743

00:27:28,149 --> 00:27:26,399

and some of the main researchers

744

00:27:31,029 --> 00:27:28,159

associated with it

745

00:27:32,070 --> 00:27:31,039

so as as a canadian involved in the ufo

746

00:27:35,830 --> 00:27:32,080

phenomenon i can

747

00:27:39,430 --> 00:27:35,840

easily easily say shag harbor is

748

00:27:41,669 --> 00:27:39,440

one of the two main ufo sightings we

749

00:27:44,070 --> 00:27:41,679

have that people look to as

750

00:27:45,430 --> 00:27:44,080

you know the biggest in canada on the

751

00:27:47,909 --> 00:27:45,440

west coast of canada

752

00:27:50,070 --> 00:27:47,919

there was the falcon lake ufo incident

753

00:27:52,549 --> 00:27:50,080

on the east coast of canada where i am

754

00:27:54,070 --> 00:27:52,559

there's the shag harbor ufo incident

755

00:27:56,230 --> 00:27:54,080

both happened

756

00:27:57,590 --> 00:27:56,240

within only a short amount of time i

757

00:27:59,590 --> 00:27:57,600

believe about a year and in the

758

00:28:01,830 --> 00:27:59,600

difference between the two of them

759

00:28:03,350 --> 00:28:01,840

but the shag harbor ufo incident at

760

00:28:06,710 --> 00:28:03,360

least in my opinion

761

00:28:10,549 --> 00:28:06,720

is the the most reputable

762

00:28:14,389 --> 00:28:10,559

the most fascinating and just the most

763

00:28:14,870 --> 00:28:14,399

noteworthy ufo incident in my opinion as

764

00:28:17,669 --> 00:28:14,880

well

765

00:28:18,950 --> 00:28:17,679

not just in canada in the world and the

766

00:28:22,070 --> 00:28:18,960

reason for that

767

00:28:25,029 --> 00:28:22,080

is in this case in shag harbor

768

00:28:25,909 --> 00:28:25,039

it's it's not a group of two guys who

769

00:28:28,470 --> 00:28:25,919

saw it

770

00:28:29,269 --> 00:28:28,480

or you know two separate groups of three

771

00:28:31,909 --> 00:28:29,279

that sought

772

00:28:32,630 --> 00:28:31,919

it's it's a community that that saw this

773

00:28:35,590 --> 00:28:32,640

when

774

00:28:38,789 --> 00:28:35,600

the lights flew over shag harbor and

775

00:28:40,149 --> 00:28:38,799

seemingly crashed into the waters

776

00:28:42,389 --> 00:28:40,159

there were people all over that

777

00:28:44,389 --> 00:28:42,399

community that that noticed it

778

00:28:46,389 --> 00:28:44,399

they all you know a lot of them all went

779

00:28:49,190 --> 00:28:46,399

to the waterfront where the

780

00:28:50,230 --> 00:28:49,200

where the object was thought to have

781

00:28:53,909 --> 00:28:50,240

crashed into

782

00:28:55,830 --> 00:28:53,919

and where lights were visible

783

00:28:57,430 --> 00:28:55,840

a crowd gathered there of citizens and

784

00:28:59,669 --> 00:28:57,440

they watched the lights

785

00:29:01,669 --> 00:28:59,679

they were there as the coast as you know

786

00:29:03,830 --> 00:29:01,679

the searchers arrived and

787

00:29:05,510 --> 00:29:03,840

some of them even you know uh banded

788

00:29:07,029 --> 00:29:05,520

together and hopped on fishing boats and

789

00:29:08,389 --> 00:29:07,039

went over the over to where the lights

790

00:29:09,750 --> 00:29:08,399

were seen in the water

791

00:29:11,269 --> 00:29:09,760

thinking that they were going to be

792

00:29:13,669 --> 00:29:11,279

approaching the scene of like an

793

00:29:15,510 --> 00:29:13,679

aircraft accident or something but

794

00:29:16,789 --> 00:29:15,520

again as i'm sure you'll get into in

795

00:29:19,510 --> 00:29:16,799

your episode all they

796

00:29:21,269 --> 00:29:19,520

really found over there was some odd

797

00:29:23,350 --> 00:29:21,279

yellow foam that was said to have a

798

00:29:27,590 --> 00:29:23,360

sulfuric smell to it

799

00:29:30,870 --> 00:29:27,600

but anyway when you get into the ufo

800

00:29:33,269 --> 00:29:30,880

sightings and events so

801  
00:29:33,909 --> 00:29:33,279  
seldom is there any kind of physical

802  
00:29:35,909 --> 00:29:33,919  
evidence

803  
00:29:38,149 --> 00:29:35,919  
and because of that we're left looking

804  
00:29:41,269 --> 00:29:38,159  
to the eyewitness accounts and

805  
00:29:41,669 --> 00:29:41,279  
gauging the you know the the reputation

806  
00:29:46,230 --> 00:29:41,679  
of

807  
00:29:47,750 --> 00:29:46,240  
their story over the years to see if

808  
00:29:48,870 --> 00:29:47,760  
there's any changes in it that may

809  
00:29:53,190 --> 00:29:48,880  
indicate

810  
00:29:57,190 --> 00:29:53,200  
you know maybe um either dishonesty

811  
00:29:59,750 --> 00:29:57,200  
or exaggeration in shag harbor

812  
00:30:00,870 --> 00:29:59,760  
you don't have that the witnesses who

813  
00:30:04,230 --> 00:30:00,880

were there

814

00:30:05,990 --> 00:30:04,240

that night in 67 in a lot of cases

815

00:30:08,870 --> 00:30:06,000

they're still living in shag harbor

816

00:30:11,029 --> 00:30:08,880

they attend the annual ufo convention

817

00:30:12,230 --> 00:30:11,039

that's put on there the ufo festival in

818

00:30:14,630 --> 00:30:12,240

shag harbor

819

00:30:15,510 --> 00:30:14,640

and they've been telling the same story

820

00:30:19,430 --> 00:30:15,520

for

821

00:30:21,750 --> 00:30:19,440

years and all they really want is

822

00:30:22,870 --> 00:30:21,760

both some people to believe them and

823

00:30:24,710 --> 00:30:22,880

take it seriously

824

00:30:26,470 --> 00:30:24,720

but also they just want an explanation

825

00:30:28,950 --> 00:30:26,480

for what had happened i

826

00:30:31,350 --> 00:30:28,960

i've been fortunate where again i lived

827

00:30:32,870 --> 00:30:31,360

near there i i went to the ufo festival

828

00:30:35,190 --> 00:30:32,880

i think the last

829

00:30:37,269 --> 00:30:35,200

five or six years i was a speaker at

830

00:30:38,470 --> 00:30:37,279

last year's when

831

00:30:40,710 --> 00:30:38,480

i'm sure you're aware of this but the

832

00:30:43,830 --> 00:30:40,720

royal canadian mint issued

833

00:30:44,789 --> 00:30:43,840

a commemorative coin that was

834

00:30:48,389 --> 00:30:44,799

celebrating the

835

00:30:49,510 --> 00:30:48,399

uh the the ufo event so the last year's

836

00:30:51,190 --> 00:30:49,520

festival was

837

00:30:52,710 --> 00:30:51,200

there was a lot of publicity surrounding

838

00:30:54,389 --> 00:30:52,720

it mainly because of the release of this

839

00:30:57,590 --> 00:30:54,399

coin which is quite

840

00:30:59,590 --> 00:30:57,600

quite spectacular but um anyway at the

841

00:31:02,870 --> 00:30:59,600

ufo festivals you have

842

00:31:04,310 --> 00:31:02,880

those same witnesses uh they want belief

843

00:31:06,950 --> 00:31:04,320

they want someone to explain to them

844

00:31:09,430 --> 00:31:06,960

what what what had happened

845

00:31:12,230 --> 00:31:09,440

and their stories haven't changed

846

00:31:14,549 --> 00:31:12,240

there's very little exaggeration but

847

00:31:16,070 --> 00:31:14,559

when you meet these people it's not like

848

00:31:17,669 --> 00:31:16,080

going to

849

00:31:19,430 --> 00:31:17,679

again i'll try to paint the picture as

850

00:31:21,110 --> 00:31:19,440

someone who's been to the ufo festival

851  
00:31:24,470 --> 00:31:21,120  
in shag harbor a lot it's

852  
00:31:28,070 --> 00:31:24,480  
you drive to the middle of nowhere

853  
00:31:28,710 --> 00:31:28,080  
and it's this tiny little fishing

854  
00:31:30,070 --> 00:31:28,720  
community

855  
00:31:32,070 --> 00:31:30,080  
that you're almost like when you get

856  
00:31:34,470 --> 00:31:32,080  
there it's so far away

857  
00:31:35,909 --> 00:31:34,480  
from anything of you know that you would

858  
00:31:37,669 --> 00:31:35,919  
expect to

859  
00:31:39,990 --> 00:31:37,679  
go to if you come to nova scotia as a

860  
00:31:40,710 --> 00:31:40,000  
tourist let's say you're driving so far

861  
00:31:42,389 --> 00:31:40,720  
away from that

862  
00:31:43,909 --> 00:31:42,399  
it's almost when you get to shag harbor

863  
00:31:44,549 --> 00:31:43,919

you would almost question why people

864

00:31:47,990 --> 00:31:44,559

even live

865

00:31:50,389 --> 00:31:48,000

way out there but what you do find is

866

00:31:52,389 --> 00:31:50,399

a odd looking yellow building with like

867

00:31:53,350 --> 00:31:52,399

a sign on the front of it that says ufo

868

00:31:54,710 --> 00:31:53,360

museum

869

00:31:56,470 --> 00:31:54,720

and then there's a little spot where

870

00:31:58,389 --> 00:31:56,480

there's a on the side

871

00:32:00,149 --> 00:31:58,399

like on the shoreline where there's a

872

00:32:00,870 --> 00:32:00,159

sign show you know pointing over there

873

00:32:02,950 --> 00:32:00,880

saying that

874

00:32:04,310 --> 00:32:02,960

this is the site of the ufo sighting of

875

00:32:07,350 --> 00:32:04,320

67

876

00:32:08,710 --> 00:32:07,360

but it's it's a really cool place and

877

00:32:10,230 --> 00:32:08,720

when you go to the ufo

878

00:32:12,149 --> 00:32:10,240

conventions there it's just that like

879

00:32:13,590 --> 00:32:12,159

the kind of a community hall where you'd

880

00:32:15,430 --> 00:32:13,600

expect a bingo

881

00:32:16,630 --> 00:32:15,440

game or something but when you get in

882

00:32:18,710 --> 00:32:16,640

there it's not like

883

00:32:20,470 --> 00:32:18,720

a star trek convention or something with

884

00:32:23,590 --> 00:32:20,480

all these strange sci-fi

885

00:32:24,230 --> 00:32:23,600

kind of things happening you see and

886

00:32:25,590 --> 00:32:24,240

much like

887

00:32:27,509 --> 00:32:25,600

i guess the crowd that would be at a

888

00:32:28,230 --> 00:32:27,519

bingo game you just see all members of

889

00:32:31,110 --> 00:32:28,240

the community

890

00:32:31,509 --> 00:32:31,120

in there they all have a story about the

891

00:32:33,509 --> 00:32:31,519

night

892

00:32:34,789 --> 00:32:33,519

you know the ufo flew over and crashed

893

00:32:35,990 --> 00:32:34,799

into the water

894

00:32:37,909 --> 00:32:36,000

they're not really they're not trying to

895

00:32:40,870 --> 00:32:37,919

capitalize on it um

896

00:32:41,990 --> 00:32:40,880

financially uh they're just there to

897

00:32:44,549 --> 00:32:42,000

tell their story and it's

898

00:32:45,430 --> 00:32:44,559

almost like it's almost like going to

899

00:32:47,990 --> 00:32:45,440

like in

900

00:32:50,149 --> 00:32:48,000

like a aaa meeting except instead of

901  
00:32:52,470 --> 00:32:50,159  
them sharing the story of you know

902  
00:32:54,149 --> 00:32:52,480  
how they started drinking or something

903  
00:32:57,190 --> 00:32:54,159  
it's you know the story of

904  
00:32:59,430 --> 00:32:57,200  
you know my dad he to his dying day

905  
00:33:01,350 --> 00:32:59,440  
swore he saw it that night or

906  
00:33:04,070 --> 00:33:01,360  
you know or i was a little kid and i saw

907  
00:33:05,909 --> 00:33:04,080  
it and i've never gotten over it so it's

908  
00:33:07,669 --> 00:33:05,919  
the people who listen to your show that

909  
00:33:10,870 --> 00:33:07,679  
are that are

910  
00:33:11,669 --> 00:33:10,880  
really like the the ufo heads like they

911  
00:33:13,909 --> 00:33:11,679  
gotta

912  
00:33:15,269 --> 00:33:13,919  
make a pilgrimage to nova scotia and

913  
00:33:16,870 --> 00:33:15,279

attend this convention

914

00:33:18,549 --> 00:33:16,880

because i've been to a lot of ufo

915

00:33:21,669 --> 00:33:18,559

conventions that

916

00:33:22,070 --> 00:33:21,679

seem more interested in selling product

917

00:33:25,269 --> 00:33:22,080

and

918

00:33:28,310 --> 00:33:25,279

or or

919

00:33:29,110 --> 00:33:28,320

promoting tv shows or specific groups or

920

00:33:32,230 --> 00:33:29,120

something

921

00:33:35,430 --> 00:33:32,240

the shag harbor ufo festival is

922

00:33:39,029 --> 00:33:35,440

the most sincere and genuine where it is

923

00:33:40,870 --> 00:33:39,039

absolutely just an event where

924

00:33:42,230 --> 00:33:40,880

the eyewitnesses are there and the

925

00:33:45,669 --> 00:33:42,240

community is there

926  
00:33:47,990 --> 00:33:45,679  
and they're just celebrating slash

927  
00:33:49,430 --> 00:33:48,000  
leaning on each other with the story so

928  
00:33:52,870 --> 00:33:49,440  
it's a cool spot

929  
00:33:53,750 --> 00:33:52,880  
but yeah i guess for me what makes it so

930  
00:33:56,870 --> 00:33:53,760  
fascinating

931  
00:34:01,269 --> 00:33:56,880  
is how many people saw it

932  
00:34:04,070 --> 00:34:01,279  
how there's no explanation for it

933  
00:34:05,909 --> 00:34:04,080  
it's there's a there's a lot of theories

934  
00:34:07,750 --> 00:34:05,919  
some people think it was flares that

935  
00:34:09,909 --> 00:34:07,760  
were maybe being tested

936  
00:34:11,669 --> 00:34:09,919  
some people think it could have been a

937  
00:34:14,629 --> 00:34:11,679  
um

938  
00:34:15,750 --> 00:34:14,639

a satellite just passing through the sky

939

00:34:19,109 --> 00:34:15,760

that just kind of

940

00:34:20,790 --> 00:34:19,119

tricked them then there's the

941

00:34:22,550 --> 00:34:20,800

you probably know more about this if you

942

00:34:23,349 --> 00:34:22,560

read 2d if you read deep into shag

943

00:34:25,349 --> 00:34:23,359

harbor but i

944

00:34:28,310 --> 00:34:25,359

i think it was called the corona

945

00:34:31,109 --> 00:34:28,320

satellite which was a

946

00:34:33,109 --> 00:34:31,119

uh intelligent satellite used during the

947

00:34:36,869 --> 00:34:33,119

cold war that

948

00:34:37,829 --> 00:34:36,879

as it um as it made its way around earth

949

00:34:40,869 --> 00:34:37,839

when it went over

950

00:34:42,790 --> 00:34:40,879

like russia was taking photos and you

951  
00:34:44,550 --> 00:34:42,800  
know back in 67 the photos that it'd be

952  
00:34:46,069 --> 00:34:44,560  
taking are on film of course

953  
00:34:48,310 --> 00:34:46,079  
and then when it makes its way back

954  
00:34:49,510 --> 00:34:48,320  
around this part of the world where i am

955  
00:34:52,470 --> 00:34:49,520  
in nova scotia

956  
00:34:54,389 --> 00:34:52,480  
it would drop these these canisters of

957  
00:34:55,829 --> 00:34:54,399  
the film negatives

958  
00:34:57,430 --> 00:34:55,839  
it would land into the water and a

959  
00:34:58,630 --> 00:34:57,440  
submarine would pick it up and develop

960  
00:35:00,630 --> 00:34:58,640  
it and they would use that to get

961  
00:35:04,310 --> 00:35:00,640  
intelligence during the cold war

962  
00:35:06,870 --> 00:35:04,320  
uh there's a lot of people theorize that

963  
00:35:08,069 --> 00:35:06,880

the whole shag harbor ufo incident may

964

00:35:11,109 --> 00:35:08,079

have just been

965

00:35:13,030 --> 00:35:11,119

people watching the um the corona

966

00:35:16,069 --> 00:35:13,040

satellite drop its uh

967

00:35:17,270 --> 00:35:16,079

its film canisters or whatnot

968

00:35:19,910 --> 00:35:17,280

which i believe would have been

969

00:35:23,510 --> 00:35:19,920

accompanied by a flare to allow

970

00:35:25,990 --> 00:35:23,520

the um the submarine to collect it but

971

00:35:28,310 --> 00:35:26,000

if you ask laurie wickens who is the

972

00:35:30,390 --> 00:35:28,320

main eyewitness for shag harbor

973

00:35:32,150 --> 00:35:30,400

i say the main eyewitness because he was

974

00:35:34,470 --> 00:35:32,160

the first one to call the police and

975

00:35:36,150 --> 00:35:34,480

he's the one most often people will will

976

00:35:38,550 --> 00:35:36,160

cite when talking about this sighting

977

00:35:41,349 --> 00:35:38,560

but if you ask him or any of the other

978

00:35:43,349 --> 00:35:41,359

men or women that saw this

979

00:35:44,710 --> 00:35:43,359

i haven't met one of them who actually

980

00:35:46,950 --> 00:35:44,720

saw it who said ah

981

00:35:49,030 --> 00:35:46,960

i agree it was you know a satellite

982

00:35:51,750 --> 00:35:49,040

dropping something or it was a flare

983

00:35:53,829 --> 00:35:51,760

they all say you know whatever we saw

984

00:35:55,910 --> 00:35:53,839

was nothing

985

00:35:58,550 --> 00:35:55,920

nothing normal or typical it was

986

00:36:00,710 --> 00:35:58,560

something you know very special and

987

00:36:02,630 --> 00:36:00,720

i think i believe i think i believe them

988

00:36:04,069 --> 00:36:02,640

to be honest you you get when you go to

989

00:36:05,910 --> 00:36:04,079

shag harbor

990

00:36:07,510 --> 00:36:05,920

you get a special kind of feeling it

991

00:36:08,630 --> 00:36:07,520

just has that if you've watched like

992

00:36:11,670 --> 00:36:08,640

twin peaks

993

00:36:12,470 --> 00:36:11,680

the feeling that david lynch manages to

994

00:36:15,270 --> 00:36:12,480

capture

995

00:36:17,270 --> 00:36:15,280

in the fictitious town of twin peaks i

996

00:36:18,710 --> 00:36:17,280

get a lot of that in shag harbor and i

997

00:36:19,829 --> 00:36:18,720

think even if i didn't know about the

998

00:36:22,310 --> 00:36:19,839

ufo event

999

00:36:23,349 --> 00:36:22,320

and i ended up in shag harbor for some

1000

00:36:25,349 --> 00:36:23,359

reason

1001  
00:36:26,390 --> 00:36:25,359  
you'd be like you know this place is a

1002  
00:36:27,750 --> 00:36:26,400  
little weird

1003  
00:36:29,670 --> 00:36:27,760  
it's the kind of place where if you

1004  
00:36:32,710 --> 00:36:29,680  
walked off into the woods or something

1005  
00:36:34,710 --> 00:36:32,720  
you'd probably find some

1006  
00:36:36,470 --> 00:36:34,720  
really interesting things just i don't

1007  
00:36:38,310 --> 00:36:36,480  
know it's just it has this kind of magic

1008  
00:36:41,430 --> 00:36:38,320  
about it and i think if

1009  
00:36:42,870 --> 00:36:41,440  
if extraterrestrial life if you believe

1010  
00:36:45,109 --> 00:36:42,880  
in that sort of thing if they were going

1011  
00:36:47,030 --> 00:36:45,119  
to touch down on earth and

1012  
00:36:48,550 --> 00:36:47,040  
get up to something you know shag hard

1013  
00:36:50,230 --> 00:36:48,560

would be a pretty uh

1014

00:36:51,750 --> 00:36:50,240

pretty ideal spot to do it it's

1015

00:36:56,470 --> 00:36:51,760

beautiful there

1016

00:36:59,750 --> 00:36:56,480

the people are a real pure-hearted

1017

00:37:00,550 --> 00:36:59,760

and it's just us a special a special

1018

00:37:03,109 --> 00:37:00,560

place and

1019

00:37:04,470 --> 00:37:03,119

the shag harbor event is a special event

1020

00:37:07,270 --> 00:37:04,480

i think um

1021

00:37:08,069 --> 00:37:07,280

the only reason it's not spoken about

1022

00:37:12,230 --> 00:37:08,079

like like

1023

00:37:13,030 --> 00:37:12,240

roswell is simply because it happened in

1024

00:37:15,190 --> 00:37:13,040

canada

1025

00:37:17,030 --> 00:37:15,200

and a lot of fascinating stuff happens

1026  
00:37:18,950 --> 00:37:17,040  
in canada but for whatever reason it

1027  
00:37:20,950 --> 00:37:18,960  
just doesn't make itself

1028  
00:37:23,750 --> 00:37:20,960  
known across the border it kind of stays

1029  
00:37:25,750 --> 00:37:23,760  
here and shag harbor is kind of like

1030  
00:37:27,109 --> 00:37:25,760  
our little secret i think for the

1031  
00:37:30,069 --> 00:37:27,119  
canadian ufo

1032  
00:37:32,630 --> 00:37:30,079  
enthusiasts it's fascinating the

1033  
00:37:36,310 --> 00:37:32,640  
government was involved and investigated

1034  
00:37:38,550 --> 00:37:36,320  
there's the researchers who who

1035  
00:37:40,230 --> 00:37:38,560  
most closely follow this like chris

1036  
00:37:42,710 --> 00:37:40,240  
styles and don ledger

1037  
00:37:43,910 --> 00:37:42,720  
they did an amazing job and and they

1038  
00:37:46,790 --> 00:37:43,920

shared their work

1039

00:37:47,270 --> 00:37:46,800

in a series of books there's a book

1040

00:37:51,349 --> 00:37:47,280

called

1041

00:37:54,710 --> 00:37:51,359

dark object that i can't recommend

1042

00:37:56,190 --> 00:37:54,720

enough it's um written by chris styles

1043

00:37:57,430 --> 00:37:56,200

and don ledger who are the

1044

00:37:59,190 --> 00:37:57,440

[Music]

1045

00:38:01,349 --> 00:37:59,200

two main researchers i guess that

1046

00:38:04,310 --> 00:38:01,359

brought this story into the public eye

1047

00:38:04,710 --> 00:38:04,320

um and it was ish and it was published

1048

00:38:07,750 --> 00:38:04,720

on

1049

00:38:10,550 --> 00:38:07,760

whitley strieber's um

1050

00:38:12,390 --> 00:38:10,560

pr um book publishing company he had at

1051

00:38:14,550 --> 00:38:12,400

one point i don't know if he still does

1052

00:38:16,150 --> 00:38:14,560

but uh the book's amazing and it and it

1053

00:38:18,470 --> 00:38:16,160

tells the story in

1054

00:38:20,710 --> 00:38:18,480

way more detail than i ever could or

1055

00:38:24,150 --> 00:38:20,720

your episode likely will be able to

1056

00:38:26,150 --> 00:38:24,160

but um but yeah shag harbor is one of

1057

00:38:28,790 --> 00:38:26,160

the fascinating stories

1058

00:38:30,630 --> 00:38:28,800

that canadians share but people beyond

1059

00:38:32,710 --> 00:38:30,640

canada may not know about

1060

00:38:34,630 --> 00:38:32,720

anyway ryan i hope uh you get down to

1061

00:38:36,150 --> 00:38:34,640

the shag harbor festival in fact i think

1062

00:38:37,190 --> 00:38:36,160

you were supposed to be here this week

1063

00:38:40,230 --> 00:38:37,200

or this year

1064

00:38:43,510 --> 00:38:40,240

and the coronavirus um

1065

00:38:44,470 --> 00:38:43,520

put a stop to it so hopefully next year

1066

00:38:47,270 --> 00:38:44,480

you can make it and

1067

00:39:04,550 --> 00:38:47,280

um if you do drinks are on me buddy

1068

00:39:08,550 --> 00:39:06,470

somewhere in the skies is produced by

1069

00:39:11,230 --> 00:39:08,560

third kind productions in association
