

**UFO'S
ARE
HERE**

1
00:00:14,920 --> 00:00:42,830
cheers

2
00:00:47,910 --> 00:00:45,830
it's the film you're about to see

3
00:00:49,750 --> 00:00:47,920
has taken our investigation team six

4
00:00:51,350 --> 00:00:49,760
months to research and assembled

5
00:00:53,990 --> 00:00:51,360
and has involved them in a trip around

6
00:00:55,990 --> 00:00:54,000
the world we have met the people at the

7
00:00:58,950 --> 00:00:56,000
heart of the ufo phenomenon

8
00:01:03,270 --> 00:00:58,960
and it is their opinion that ufos are

9
00:01:06,469 --> 00:01:05,270
a major myth about ufos is that only

10
00:01:08,469 --> 00:01:06,479
cooks quacks

11
00:01:09,990 --> 00:01:08,479
nuts strange people believe in them or

12
00:01:13,750 --> 00:01:10,000
interested in them or see them

13
00:01:17,510 --> 00:01:13,760

that's absolute nonsense

14

00:01:22,310 --> 00:01:17,520

western australia is unique

15

00:01:24,870 --> 00:01:22,320

in the ufo problem because

16

00:01:26,630 --> 00:01:24,880

per capita i believe it has more

17

00:01:29,190 --> 00:01:26,640

sightings

18

00:01:32,230 --> 00:01:29,200

than any other civilized area in the

19

00:01:36,069 --> 00:01:34,390

i think the meaning of the word ufo is

20

00:01:37,590 --> 00:01:36,079

that they are unidentified

21

00:01:39,350 --> 00:01:37,600

and as long as they're unidentified we

22

00:01:41,749 --> 00:01:39,360

better try to identify them

23

00:01:43,749 --> 00:01:41,759

and that people you know waste a great

24

00:01:44,550 --> 00:01:43,759

deal of energy saying do you believe in

25

00:01:46,069 --> 00:01:44,560

them

26

00:01:49,109 --> 00:01:46,079

well the thing i believe in is they're

27

00:01:53,749 --> 00:01:51,830

actually everybody i bumped in bump into

28

00:01:55,510 --> 00:01:53,759

is either

29

00:01:58,950 --> 00:01:55,520

fascinated with the subject or willing

30

00:02:03,910 --> 00:02:02,630

people are describing a technology

31

00:02:05,910 --> 00:02:03,920

but they are really around the

32

00:02:07,830 --> 00:02:05,920

technology there are a number of

33

00:02:09,430 --> 00:02:07,840

psychological if you will even you know

34

00:02:13,910 --> 00:02:09,440

let's use the word psychic

35

00:02:19,589 --> 00:02:16,790

we did not notice teeth in fact when

36

00:02:21,670 --> 00:02:19,599

bonnie was lying on the table looking up

37

00:02:23,030 --> 00:02:21,680

one of them appeared to have sort of a

38

00:02:25,910 --> 00:02:23,040

membrane

39

00:02:26,630 --> 00:02:25,920

which flooded behind his lips it looked

40

00:02:29,990 --> 00:02:26,640

like a thin

41

00:02:31,190 --> 00:02:30,000

skin however you look at the phenomenon

42

00:02:34,070 --> 00:02:31,200

of ufos

43

00:02:36,070 --> 00:02:34,080

it is not the 99 you can explain it's

44

00:02:38,070 --> 00:02:36,080

the one percent you can't

45

00:02:41,670 --> 00:02:38,080

and in this last category we include a

46

00:02:43,350 --> 00:02:41,680

sighting close to perth in 1976.

47

00:02:45,670 --> 00:02:43,360

we talked to the western australian

48

00:02:50,760 --> 00:02:45,680

representative for dr heineck's ufo

49

00:02:53,670 --> 00:02:50,770

study center

50

00:02:57,350 --> 00:02:53,680

[Music]

51
00:02:58,149 --> 00:02:57,360
moonrise 3 25 a.m one mile north of

52
00:02:59,830 --> 00:02:58,159
wanaroo

53
00:03:01,430 --> 00:02:59,840
going towards yanchep in western

54
00:03:02,070 --> 00:03:01,440
australia jeff bell what are we doing

55
00:03:04,309 --> 00:03:02,080
here

56
00:03:06,229 --> 00:03:04,319
well on february 8th 1976 at this

57
00:03:08,309 --> 00:03:06,239
precise time and location

58
00:03:09,350 --> 00:03:08,319
two chaps were going along this road uh

59
00:03:11,910 --> 00:03:09,360
north of uh

60
00:03:13,030 --> 00:03:11,920
wanaroo road and uh they noticed

61
00:03:15,910 --> 00:03:13,040
something unusual

62
00:03:16,710 --> 00:03:15,920
and they sent us this report early on

63
00:03:19,990 --> 00:03:16,720

the morning of

64

00:03:21,270 --> 00:03:20,000
sunday february 8 1976 while on our way

65

00:03:24,470 --> 00:03:21,280
fishing at the ancient

66

00:03:26,550 --> 00:03:24,480
we saw this red light low in the sky

67

00:03:27,910 --> 00:03:26,560
approximately a mile north of burns

68

00:03:30,710 --> 00:03:27,920
beach turn off in

69

00:03:32,789 --> 00:03:30,720
one roo road we talked about this thing

70

00:03:33,270 --> 00:03:32,799
whether it was a plane or something else

71

00:03:35,509 --> 00:03:33,280
and

72

00:03:36,550 --> 00:03:35,519
on approaching i could see it wasn't

73

00:03:39,430 --> 00:03:36,560
moving we were

74

00:03:41,350 --> 00:03:39,440
catching up to it getting level uh with

75

00:03:42,550 --> 00:03:41,360
this object i couldn't see the red light

76

00:03:45,030 --> 00:03:42,560

on the back so

77

00:03:46,390 --> 00:03:45,040

i asked my mate to stop and i opened the

78

00:03:48,390 --> 00:03:46,400

passenger side door

79

00:03:50,390 --> 00:03:48,400

and watched this thing and my mate moved

80

00:03:53,750 --> 00:03:50,400

over and watched with me

81

00:03:55,190 --> 00:03:53,760

while we were looking it was about 150

82

00:03:57,910 --> 00:03:55,200

feet up and about

83

00:03:58,550 --> 00:03:57,920

90 degrees from the car and i noticed it

84

00:04:01,270 --> 00:03:58,560

had

85

00:04:02,550 --> 00:04:01,280

pink lights coming from windows uh what

86

00:04:05,190 --> 00:04:02,560

looked like the front

87

00:04:06,550 --> 00:04:05,200

and underneath it it had this big shiny

88

00:04:08,550 --> 00:04:06,560

silvery light which

89

00:04:09,589 --> 00:04:08,560

looked like it was you know spinning

90

00:04:11,350 --> 00:04:09,599

around

91

00:04:12,949 --> 00:04:11,360

while watching this thing for four

92

00:04:15,110 --> 00:04:12,959

minutes it took off

93

00:04:16,310 --> 00:04:15,120

very very slowly in a southwest

94

00:04:19,830 --> 00:04:16,320

direction about

95

00:04:22,230 --> 00:04:19,840

400 to 500 meters and stopped

96

00:04:23,110 --> 00:04:22,240

and hovered again we watched it for

97

00:04:25,189 --> 00:04:23,120

about another minute

98

00:04:26,550 --> 00:04:25,199

and then we packed them and took off do

99

00:04:27,270 --> 00:04:26,560

you think that looks like a hollywood

100

00:04:28,790 --> 00:04:27,280

movie

101
00:04:30,310 --> 00:04:28,800
or is what they are saying so

102
00:04:32,469 --> 00:04:30,320
unbelievable

103
00:04:34,230 --> 00:04:32,479
star wars the film that is likely to

104
00:04:35,110 --> 00:04:34,240
make more money than any other in

105
00:04:36,629 --> 00:04:35,120
history

106
00:04:39,030 --> 00:04:36,639
is only letting us get out of the

107
00:04:41,110 --> 00:04:39,040
observer's seat and into the pilots

108
00:04:42,360 --> 00:04:41,120
that after all is where we'd all like to

109
00:05:03,940 --> 00:04:42,370
be

110
00:05:03,950 --> 00:05:08,310
[Music]

111
00:05:12,629 --> 00:05:10,710
none of men's fantasies of evil can

112
00:05:17,590 --> 00:05:12,639
compare with the reality

113
00:05:20,790 --> 00:05:19,990

this is the extraordinary motion picture

114

00:05:24,469 --> 00:05:20,800

version

115

00:05:28,150 --> 00:05:24,479

of the best-selling novel jaws

116

00:05:30,870 --> 00:05:28,160

that's a 20-footer 25

117

00:05:41,830 --> 00:05:30,880

3 tons on them he's coming straight

118

00:05:49,270 --> 00:05:46,469

[Music]

119

00:05:52,070 --> 00:05:49,280

before star wars jaws grossed more money

120

00:05:53,749 --> 00:05:52,080

at the box office than any other film at

121

00:05:56,390 --> 00:05:53,759

an exclusive interview in hollywood

122

00:05:56,790 --> 00:05:56,400

its director steven spielberg told us

123

00:05:58,710 --> 00:05:56,800

that

124

00:05:59,990 --> 00:05:58,720

while he was up to his neck in water

125

00:06:02,150 --> 00:06:00,000

filming jaws

126
00:06:04,950 --> 00:06:02,160
he was really thinking of his next film

127
00:06:07,350 --> 00:06:04,960
close encounters of the third kind

128
00:06:08,870 --> 00:06:07,360
a film concerned with ufo just after

129
00:06:10,629 --> 00:06:08,880
jaws finished uh

130
00:06:11,990 --> 00:06:10,639
i came back and i wanted to relate to

131
00:06:13,189 --> 00:06:12,000
dry land and i also wanted to think

132
00:06:14,070 --> 00:06:13,199
about close encounters so i went out to

133
00:06:16,230 --> 00:06:14,080
pear blossom

134
00:06:17,590 --> 00:06:16,240
which is the desert near mojave there's

135
00:06:19,909 --> 00:06:17,600
nothing around for miles

136
00:06:21,270 --> 00:06:19,919
and if you want to watch the cosmos

137
00:06:22,150 --> 00:06:21,280
that's the place to stand and do it i

138
00:06:24,309 --> 00:06:22,160

mean you feel

139

00:06:25,990 --> 00:06:24,319

like a grain of salt and the stars are

140

00:06:27,350 --> 00:06:26,000

so vast i mean it's almost like looking

141

00:06:28,710 --> 00:06:27,360

down at the sky because the sky

142

00:06:30,309 --> 00:06:28,720

surrounds you it's an amazing

143

00:06:32,790 --> 00:06:30,319

planetarium show

144

00:06:34,070 --> 00:06:32,800

and i went out there and i parked my car

145

00:06:34,629 --> 00:06:34,080

turned the lights out and sat on the

146

00:06:36,629 --> 00:06:34,639

roof

147

00:06:39,270 --> 00:06:36,639

and looked up at the sky and said to

148

00:06:42,629 --> 00:06:39,280

myself if something

149

00:06:43,909 --> 00:06:42,639

comes down here right now and lands on

150

00:06:45,990 --> 00:06:43,919

the road

151
00:06:47,270 --> 00:06:46,000
and an opening appears would i get on

152
00:06:49,189 --> 00:06:47,280
take a ride

153
00:06:50,790 --> 00:06:49,199
and i thought about it and i looked up

154
00:06:53,830 --> 00:06:50,800
at the sky

155
00:06:54,629 --> 00:06:53,840
and i got very very nervous because i

156
00:06:56,309 --> 00:06:54,639
realized

157
00:06:57,430 --> 00:06:56,319
that i wouldn't get on and take a ride

158
00:06:58,150 --> 00:06:57,440
as a matter of fact i was getting so

159
00:07:01,029 --> 00:06:58,160
nervous

160
00:07:02,469 --> 00:07:01,039
by embracing and romancing that thought

161
00:07:04,950 --> 00:07:02,479
that i got back in my car i drove back

162
00:07:07,029 --> 00:07:04,960
to los angeles i was terrified

163
00:07:09,589 --> 00:07:07,039

most people think the interest in ufos

164

00:07:11,189 --> 00:07:09,599

is limited to a few cranks

165

00:07:13,110 --> 00:07:11,199

in fact there are thousands of

166

00:07:14,710 --> 00:07:13,120

intelligent people who get together at

167

00:07:17,749 --> 00:07:14,720

international conferences

168

00:07:19,749 --> 00:07:17,759

all over the world to study them we

169

00:07:21,350 --> 00:07:19,759

visited one at chicago to interview the

170

00:07:22,950 --> 00:07:21,360

man who for 20 years

171

00:07:25,350 --> 00:07:22,960

was head of the u.s air force top

172

00:07:31,770 --> 00:07:25,360

security investigation into ufo's

173

00:07:38,550 --> 00:07:31,780

dr alan heineck

174

00:07:41,430 --> 00:07:38,560

[Music]

175

00:07:41,990 --> 00:07:41,440

it's particularly heartening to me to

176
00:07:44,869 --> 00:07:42,000
see the

177
00:07:47,029 --> 00:07:44,879
rise of interest among scientists and

178
00:07:49,270 --> 00:07:47,039
particularly astronomers

179
00:07:51,749 --> 00:07:49,280
in the ufo problem so it's often been

180
00:07:53,589 --> 00:07:51,759
said that why don't astronomers see ufos

181
00:07:56,629 --> 00:07:53,599
as a matter of fact they do

182
00:07:58,869 --> 00:07:56,639
in a very recent report by professor

183
00:08:01,589 --> 00:07:58,879
sturock of stanford university

184
00:08:03,589 --> 00:08:01,599
who queried all the members of the

185
00:08:06,150 --> 00:08:03,599
american astronomical society

186
00:08:07,589 --> 00:08:06,160
found that 53 percent of those who

187
00:08:09,990 --> 00:08:07,599
responded

188
00:08:11,670 --> 00:08:10,000

said that in their opinion the ufo

189

00:08:12,070 --> 00:08:11,680

problem was was worthy of scientific

190

00:08:15,350 --> 00:08:12,080

study

191

00:08:17,830 --> 00:08:15,360

and what is more 64 of the astronomers

192

00:08:20,629 --> 00:08:17,840

who responded

193

00:08:21,430 --> 00:08:20,639

gave what would be called ufo reports

194

00:08:23,670 --> 00:08:21,440

objects

195

00:08:25,510 --> 00:08:23,680

sightings that they personally had made

196

00:08:28,550 --> 00:08:25,520

at their observatories frequently

197

00:08:29,110 --> 00:08:28,560

which to them was unexplained one of the

198

00:08:32,709 --> 00:08:29,120

most

199

00:08:34,550 --> 00:08:32,719

important findings that has been made

200

00:08:37,430 --> 00:08:34,560

about this phenomenon is that it is

201
00:08:38,389 --> 00:08:37,440
global in scope in other words it

202
00:08:40,550 --> 00:08:38,399
doesn't belong

203
00:08:41,670 --> 00:08:40,560
to the french or the americans or the

204
00:08:44,630 --> 00:08:41,680
british

205
00:08:45,829 --> 00:08:44,640
there have been waves of sightings uh

206
00:08:48,150 --> 00:08:45,839
usually lasting about

207
00:08:49,269 --> 00:08:48,160
a few weeks or a month or a month and a

208
00:08:52,230 --> 00:08:49,279
half over

209
00:08:53,509 --> 00:08:52,240
very uh in very concentrated fashions in

210
00:08:54,070 --> 00:08:53,519
certain areas of the world there have

211
00:08:56,870 --> 00:08:54,080
been such

212
00:08:59,030 --> 00:08:56,880
waves in western europe in 1954 for

213
00:09:01,110 --> 00:08:59,040

example in this country in 1947

214

00:09:03,190 --> 00:09:01,120

we know of waves in the soviet union in

215

00:09:03,990 --> 00:09:03,200

china in australia especially in western

216

00:09:06,150 --> 00:09:04,000

australia

217

00:09:07,269 --> 00:09:06,160

and what is typical about these waves is

218

00:09:08,710 --> 00:09:07,279

that the

219

00:09:10,630 --> 00:09:08,720

the people from all these different

220

00:09:11,750 --> 00:09:10,640

cultures around the world are describing

221

00:09:13,430 --> 00:09:11,760

the same thing

222

00:09:15,509 --> 00:09:13,440

in their own terms what they are

223

00:09:16,230 --> 00:09:15,519

describing is an object that seems to be

224

00:09:18,710 --> 00:09:16,240

able to

225

00:09:19,430 --> 00:09:18,720

to maneuver it seems to be a technology

226

00:09:21,190 --> 00:09:19,440

it seems to

227

00:09:23,110 --> 00:09:21,200

come to the ground and leave traces and

228

00:09:24,710 --> 00:09:23,120

there have been rings especially that

229

00:09:28,389 --> 00:09:24,720

have been found

230

00:09:31,829 --> 00:09:28,399

commonly in australia

231

00:09:33,590 --> 00:09:31,839

that are absolutely identical to

232

00:09:34,949 --> 00:09:33,600

things that have been catalogued in this

233

00:09:36,949 --> 00:09:34,959

country in france

234

00:09:38,710 --> 00:09:36,959

there is now a catalog of such traces

235

00:09:41,350 --> 00:09:38,720

that encompasses more than a thousand

236

00:09:45,110 --> 00:09:43,670

an ordinary man in an ordinary street in

237

00:09:47,750 --> 00:09:45,120

america

238

00:09:50,230 --> 00:09:47,760

but this man started the 1947 wave of

239

00:09:51,670 --> 00:09:50,240

sightings that swept the world when he

240

00:09:52,949 --> 00:09:51,680

claimed to have seen from his mountain

241

00:09:56,310 --> 00:09:52,959

rescue plane

242

00:09:57,030 --> 00:09:56,320

nine disc-like objects roughly 45 miles

243

00:09:59,670 --> 00:09:57,040

away

244

00:10:01,110 --> 00:09:59,680

flying at a speed of approximately 1500

245

00:10:04,230 --> 00:10:01,120

miles per hour

246

00:10:08,230 --> 00:10:04,240

near mount rainier oregon the date

247

00:10:09,750 --> 00:10:08,240

june 24 1947

248

00:10:11,910 --> 00:10:09,760

later when asked by a reporter to

249

00:10:13,750 --> 00:10:11,920

describe how they flew

250

00:10:16,310 --> 00:10:13,760

arnold said their motion was like

251

00:10:18,790 --> 00:10:16,320

sources skipping over water

252

00:10:20,310 --> 00:10:18,800

in the papers the next day the world

253

00:10:24,190 --> 00:10:20,320

first saw the term

254

00:10:27,750 --> 00:10:24,200

flying saucer on june 24

255

00:10:28,790 --> 00:10:27,760

1977 30 years to the day after he first

256

00:10:31,509 --> 00:10:28,800

cited them

257

00:10:33,110 --> 00:10:31,519

ken arnold consented to speak to us he

258

00:10:34,230 --> 00:10:33,120

had refused to make any public

259

00:10:37,509 --> 00:10:34,240

statements for the last

260

00:10:38,470 --> 00:10:37,519

five years it's easy to see that after

261

00:10:40,230 --> 00:10:38,480

30 years

262

00:10:41,910 --> 00:10:40,240

he's still angry at the disbelief right

263

00:10:43,590 --> 00:10:41,920

here we've seen something i've seen

264

00:10:44,550 --> 00:10:43,600

something hundreds of pilots have seen

265

00:10:48,230 --> 00:10:44,560

something

266

00:10:51,670 --> 00:10:48,240

in the skies we have dutifully reported

267

00:10:52,150 --> 00:10:51,680

these things and we have to have 15

268

00:10:54,310 --> 00:10:52,160

million

269

00:10:56,870 --> 00:10:54,320

witnesses before anybody's going to look

270

00:10:59,269 --> 00:10:56,880

into the problem seriously

271

00:11:00,230 --> 00:10:59,279

why this is utterly fantastic this is

272

00:11:02,710 --> 00:11:00,240

more fantastic

273

00:11:04,550 --> 00:11:02,720

than than flying saucers or or people

274

00:11:10,710 --> 00:11:04,560

from venus or anything as far as i'm

275

00:11:13,990 --> 00:11:13,350

arnold siting amazed many people but

276

00:11:16,389 --> 00:11:14,000

none more

277

00:11:17,590 --> 00:11:16,399

than publisher ray palmer kenneth arnold

278

00:11:19,910 --> 00:11:17,600

fits into it

279

00:11:22,550 --> 00:11:19,920

uh this is his 30th anniversary and

280

00:11:24,310 --> 00:11:22,560

strangely enough it's my 33rd because

281

00:11:26,829 --> 00:11:24,320

i knew about flying saucers three years

282

00:11:28,150 --> 00:11:26,839

before kenneth arnold made his first

283

00:11:30,150 --> 00:11:28,160

sighting

284

00:11:31,829 --> 00:11:30,160

in the middle 40s a man called william

285

00:11:34,550 --> 00:11:31,839

shaver had written to palmer about his

286

00:11:36,790 --> 00:11:34,560

alleged visit to a subterranean culture

287

00:11:39,350 --> 00:11:36,800

peopled by beings he referred to as

288

00:11:41,110 --> 00:11:39,360

deros and terrors

289

00:11:43,430 --> 00:11:41,120

what he wrote was to create another

290

00:11:46,630 --> 00:11:43,440

legend of ufo mythology

291

00:11:49,590 --> 00:11:46,640

briefly it was the story of of of a

292

00:11:50,790 --> 00:11:49,600

radioactive flare from the sun around 12

293

00:11:53,350 --> 00:11:50,800

000 years ago

294

00:11:55,110 --> 00:11:53,360

which virtually wiped out life on earth

295

00:11:56,230 --> 00:11:55,120

and the survivors fled into space in

296

00:11:58,069 --> 00:11:56,240

spaceships

297

00:12:00,949 --> 00:11:58,079

while the the the persons left behind

298

00:12:02,790 --> 00:12:00,959

whom he called abandoned arrow

299

00:12:04,310 --> 00:12:02,800

went into into the cavern world and set

300

00:12:06,470 --> 00:12:04,320

up a civilization there

301
00:12:07,910 --> 00:12:06,480
which from that time on became

302
00:12:09,350 --> 00:12:07,920
contaminated because

303
00:12:10,949 --> 00:12:09,360
the atmosphere had to be drawn from the

304
00:12:12,790 --> 00:12:10,959
surface and so on in the water

305
00:12:14,069 --> 00:12:12,800
so they gradually degenerated into what

306
00:12:16,389 --> 00:12:14,079
he called daryl's

307
00:12:17,110 --> 00:12:16,399
uh d meaning detrimental or destructive

308
00:12:19,590 --> 00:12:17,120
and role

309
00:12:20,949 --> 00:12:19,600
being a shortening of robot or robotic

310
00:12:22,550 --> 00:12:20,959
in other words he felt that these people

311
00:12:24,550 --> 00:12:22,560
were mentally controlled

312
00:12:26,550 --> 00:12:24,560
by robotic darrow influences in other

313
00:12:28,069 --> 00:12:26,560

words the radioactivity in their brain

314

00:12:31,190 --> 00:12:28,079

made them insane

315

00:12:32,550 --> 00:12:31,200

but they had at their access the

316

00:12:33,990 --> 00:12:32,560

wonderful machines left by this

317

00:12:35,590 --> 00:12:34,000

civilization which fled the earth

318

00:12:37,190 --> 00:12:35,600

which had been taken down into the caves

319

00:12:39,269 --> 00:12:37,200

and among them

320

00:12:40,230 --> 00:12:39,279

was a craft they called a roll at row

321

00:12:43,030 --> 00:12:40,240

again for

322

00:12:44,470 --> 00:12:43,040

robotically controlled uh instrumentally

323

00:12:46,069 --> 00:12:44,480

controlled and so on

324

00:12:47,910 --> 00:12:46,079

and in the caves they used these things

325

00:12:48,710 --> 00:12:47,920

which were discs about 30 feet in

326
00:12:50,550 --> 00:12:48,720
diameter

327
00:12:52,470 --> 00:12:50,560
to go through tunnels and the torturous

328
00:12:53,030 --> 00:12:52,480
caves underneath the ground for hundreds

329
00:12:55,430 --> 00:12:53,040
of miles

330
00:12:56,949 --> 00:12:55,440
even from continent to continent and

331
00:12:57,269 --> 00:12:56,959
they were controlled automatically so

332
00:12:59,350 --> 00:12:57,279
they

333
00:13:01,750 --> 00:12:59,360
did not touch the floor the ceiling or

334
00:13:03,430 --> 00:13:01,760
the walls and therefore they had this

335
00:13:05,190 --> 00:13:03,440
flipping motion and they went through

336
00:13:07,829 --> 00:13:05,200
caves where they had a right angle turn

337
00:13:08,790 --> 00:13:07,839
they traveled around 1200 miles an hour

338
00:13:10,629 --> 00:13:08,800

when

339

00:13:12,629 --> 00:13:10,639

uh shaver heard about kenneth arnold's

340

00:13:13,829 --> 00:13:12,639

sighting he wrote me very triumphantly

341

00:13:16,150 --> 00:13:13,839

and said you see

342

00:13:18,150 --> 00:13:16,160

these roulettes do come out of the caves

343

00:13:20,069 --> 00:13:18,160

perhaps the greatest surprise

344

00:13:22,150 --> 00:13:20,079

was when arnold reported his sighting to

345

00:13:23,910 --> 00:13:22,160

the nearest u.s military air base

346

00:13:25,910 --> 00:13:23,920

he found on the wall of the commander's

347

00:13:28,230 --> 00:13:25,920

office this classified

348

00:13:30,230 --> 00:13:28,240

gun site photograph which bore a

349

00:13:31,350 --> 00:13:30,240

remarkable resemblance to what arnold

350

00:13:33,590 --> 00:13:31,360

claimed he had just

351

00:13:36,150 --> 00:13:33,600

seen and shaver had discussed three

352

00:13:38,230 --> 00:13:36,160

years before

353

00:13:39,189 --> 00:13:38,240

something else ken arnold didn't know

354

00:13:41,590 --> 00:13:39,199

was that dr

355

00:13:43,030 --> 00:13:41,600

heineck was officially researching ufos

356

00:13:45,509 --> 00:13:43,040

for the us air force

357

00:13:46,470 --> 00:13:45,519

and compiling a classified report known

358

00:13:57,350 --> 00:13:46,480

as project

359

00:14:02,150 --> 00:13:59,829

well it was as an astronomer that i

360

00:14:03,430 --> 00:14:02,160

first became associated with the ufo

361

00:14:06,870 --> 00:14:03,440

problem

362

00:14:08,949 --> 00:14:06,880

in 1948 the air force asked me

363

00:14:11,189 --> 00:14:08,959

as an astronomer to assist them in

364

00:14:13,189 --> 00:14:11,199

seeing how many of the reports on flying

365

00:14:15,670 --> 00:14:13,199

saucers that were coming in at that time

366

00:14:17,269 --> 00:14:15,680

could be explained astronomically and

367

00:14:18,710 --> 00:14:17,279

one thing led to another and i became

368

00:14:22,069 --> 00:14:18,720

scientific consultant to the air force

369

00:14:25,910 --> 00:14:22,079

and remained so for some twenty years

370

00:14:27,189 --> 00:14:25,920

i started almost as a complete skeptic

371

00:14:29,670 --> 00:14:27,199

because i thought the whole thing was a

372

00:14:31,030 --> 00:14:29,680

question of post-war nerves

373

00:14:33,590 --> 00:14:31,040

but it was the persistence of the

374

00:14:34,150 --> 00:14:33,600

phenomenon it refused to dry up and blow

375

00:14:37,590 --> 00:14:34,160

away

376

00:14:40,310 --> 00:14:37,600

it finally led me to the belief that

377

00:14:41,430 --> 00:14:40,320

we had a real phenomenon to deal with in

378

00:14:43,509 --> 00:14:41,440

the years that followed

379

00:14:45,350 --> 00:14:43,519

heineck was to investigate reports from

380

00:14:47,430 --> 00:14:45,360

all over the world

381

00:14:48,710 --> 00:14:47,440

soon clips of film like this one began

382

00:14:50,629 --> 00:14:48,720

to reach him

383

00:14:52,629 --> 00:14:50,639

this unique film that we've managed to

384

00:14:53,350 --> 00:14:52,639

obtain has puzzled scientists and

385

00:14:55,750 --> 00:14:53,360

experts

386

00:14:56,790 --> 00:14:55,760

all over the world and to this day

387

00:15:00,069 --> 00:14:56,800

remains a truly

388

00:15:02,150 --> 00:15:00,079

unidentified flying object

389

00:15:03,910 --> 00:15:02,160

meanwhile the media still referred to

390

00:15:06,230 --> 00:15:03,920

them as flying sources

391

00:15:07,990 --> 00:15:06,240

when in 1955 a group of italian

392

00:15:09,750 --> 00:15:08,000

scientists and cameramen went to

393

00:15:12,310 --> 00:15:09,760

photograph an eclipse of the sun

394

00:15:13,750 --> 00:15:12,320

from three miles up they were delighted

395

00:15:15,350 --> 00:15:13,760

to find not one

396

00:15:17,750 --> 00:15:15,360

but a group of objects which they

397

00:15:19,509 --> 00:15:17,760

proceeded to photograph

398

00:15:21,910 --> 00:15:19,519

next week the world cinema screens

399

00:15:25,269 --> 00:15:21,920

carried the title three miles up

400

00:15:27,990 --> 00:15:25,279

flying sources this year

401
00:15:29,670 --> 00:15:28,000
marks the 30th anniversary of the advent

402
00:15:31,590 --> 00:15:29,680
of the flying saucer

403
00:15:32,870 --> 00:15:31,600
and that is the most unfortunate term in

404
00:15:36,550 --> 00:15:32,880
my opinion

405
00:15:37,910 --> 00:15:36,560
because it invites ridicule it opens the

406
00:15:41,430 --> 00:15:37,920
door to a great deal of

407
00:15:42,389 --> 00:15:41,440
buffoonery and lampooning it had a

408
00:15:45,189 --> 00:15:42,399
perfectly good

409
00:15:46,389 --> 00:15:45,199
history because when kenneth arnold

410
00:15:48,470 --> 00:15:46,399
described

411
00:15:49,990 --> 00:15:48,480
the motions of the discs that he had

412
00:15:53,670 --> 00:15:50,000
seen he said that

413
00:15:55,430 --> 00:15:53,680

it was like skipping a saucer over water

414

00:15:56,710 --> 00:15:55,440

but some reporter thought that was a

415

00:15:59,910 --> 00:15:56,720

very clever

416

00:16:00,550 --> 00:15:59,920

uh term and flying saucers were born but

417

00:16:05,749 --> 00:16:00,560

it

418

00:16:09,430 --> 00:16:05,759

caused a great deal of

419

00:16:11,110 --> 00:16:09,440

jokes and so forth for instance

420

00:16:12,550 --> 00:16:11,120

one common expression is if you want to

421

00:16:13,110 --> 00:16:12,560

see a flying sausage just goose a

422

00:16:15,910 --> 00:16:13,120

waitress

423

00:16:17,509 --> 00:16:15,920

what do experts believe ufos look like

424

00:16:19,590 --> 00:16:17,519

typically we're dealing with apparently

425

00:16:21,749 --> 00:16:19,600

round symmetric disc shaped objects

426

00:16:23,350 --> 00:16:21,759

definite size shape surface texture

427

00:16:26,150 --> 00:16:23,360

bigger in diameter than they are in

428

00:16:28,870 --> 00:16:26,160

thickness a protuberances that might be

429

00:16:30,629 --> 00:16:28,880

landing gears or antenna windows might

430

00:16:32,790 --> 00:16:30,639

be decorations too we don't really know

431

00:16:33,749 --> 00:16:32,800

things with definite size shape surface

432

00:16:36,629 --> 00:16:33,759

texture

433

00:16:37,829 --> 00:16:36,639

there are other reports of things with

434

00:16:40,949 --> 00:16:37,839

that are cylindrical

435

00:16:42,790 --> 00:16:40,959

long cigar-shaped objects and

436

00:16:44,310 --> 00:16:42,800

if you look at the landing cases and of

437

00:16:45,670 --> 00:16:44,320

course i'm most concerned with landing

438

00:16:46,310 --> 00:16:45,680

cases then we have something to work

439

00:16:47,910 --> 00:16:46,320

with

440

00:16:50,150 --> 00:16:47,920

these are cases landing trace cases

441

00:16:52,069 --> 00:16:50,160

where ufo is seen on or near the ground

442

00:16:54,069 --> 00:16:52,079

and after it leaves one finds physical

443

00:16:55,430 --> 00:16:54,079

changes produced in the environment

444

00:16:57,110 --> 00:16:55,440

if you look at those cases and one

445

00:16:58,470 --> 00:16:57,120

researcher has collected more than a

446

00:17:01,430 --> 00:16:58,480

thousand such cases from

447

00:17:02,629 --> 00:17:01,440

55 countries and they're similar whether

448

00:17:03,990 --> 00:17:02,639

you're dealing with sightings

449

00:17:05,669 --> 00:17:04,000

in australia and new zealand you got the

450

00:17:07,510 --> 00:17:05,679

same landing traces as in the united

451
00:17:10,230 --> 00:17:07,520
states as in south africa's in canada

452
00:17:11,990 --> 00:17:10,240
england france all over the world there

453
00:17:13,590 --> 00:17:12,000
aren't any laws of physics that stand in

454
00:17:15,350 --> 00:17:13,600
the way of flying saucers either getting

455
00:17:18,069 --> 00:17:15,360
here from other star systems or

456
00:17:19,350 --> 00:17:18,079
performing here once they're here many

457
00:17:20,549 --> 00:17:19,360
people think that you can't get here

458
00:17:21,829 --> 00:17:20,559
from there the fact of the matter is

459
00:17:23,429 --> 00:17:21,839
that there are published studies by

460
00:17:24,789 --> 00:17:23,439
reputable engineers and scientists and

461
00:17:26,789 --> 00:17:24,799
good technical journals

462
00:17:28,470 --> 00:17:26,799
showing that trips to nearby stars and i

463
00:17:30,390 --> 00:17:28,480

don't worry about the distant ones

464

00:17:32,070 --> 00:17:30,400

are feasible with reasonable round-trip

465

00:17:33,669 --> 00:17:32,080

time shorter than a person's lifetime

466

00:17:35,830 --> 00:17:33,679

without violating any of the laws of

467

00:17:37,510 --> 00:17:35,840

physics and using staged fission or

468

00:17:39,190 --> 00:17:37,520

fusion propulsion systems on both of

469

00:17:41,029 --> 00:17:39,200

which i have worked now i

470

00:17:42,230 --> 00:17:41,039

we physically tested fish and nuclear

471

00:17:43,029 --> 00:17:42,240

propulsion systems when i was at

472

00:17:46,150 --> 00:17:43,039

westinghouse

473

00:17:48,070 --> 00:17:46,160

in 1967 we tested the nrx a6

474

00:17:49,990 --> 00:17:48,080

less than three feet in diameter power

475

00:17:52,070 --> 00:17:50,000

level eleven hundred million

476
00:17:53,110 --> 00:17:52,080
watts that's roughly the same energy it

477
00:17:54,789 --> 00:17:53,120
takes to light this

478
00:17:57,510 --> 00:17:54,799
to provide the electricity for the city

479
00:18:01,990 --> 00:18:00,470
as perth the city of light was viewed by

480
00:18:04,310 --> 00:18:02,000
apollo astronauts

481
00:18:06,870 --> 00:18:04,320
other ufo sightings were being made in

482
00:18:09,430 --> 00:18:06,880
australia

483
00:18:11,190 --> 00:18:09,440
dr heineck's worldwide organization has

484
00:18:12,150 --> 00:18:11,200
a branch in sydney headed by harry

485
00:18:15,990 --> 00:18:12,160
griezberg

486
00:18:17,029 --> 00:18:16,000
and bill chalker sightings in australia

487
00:18:18,789 --> 00:18:17,039
are so numerous

488
00:18:35,910 --> 00:18:18,799

that a special computer is needed to

489

00:18:35,920 --> 00:18:40,830

[Music]

490

00:18:46,390 --> 00:18:43,830

so

491

00:18:47,350 --> 00:18:46,400

my name is andrew cole and i work with

492

00:18:49,350 --> 00:18:47,360

computers

493

00:18:50,549 --> 00:18:49,360

i got actively involved with the ufo

494

00:18:54,310 --> 00:18:50,559

investigation center

495

00:18:56,630 --> 00:18:54,320

after an experience of my own

496

00:18:58,950 --> 00:18:56,640

we started out with a very small machine

497

00:19:00,710 --> 00:18:58,960

which we were able to recover from scrap

498

00:19:03,669 --> 00:19:00,720

and make it do what we wanted to do with

499

00:19:07,430 --> 00:19:03,679

it but since then the files have grown

500

00:19:11,029 --> 00:19:07,440

and we now have several thousand files

501
00:19:13,750 --> 00:19:11,039
which we can look at and

502
00:19:20,390 --> 00:19:13,760
reference whenever we need and this

503
00:19:24,310 --> 00:19:23,029
it's hard to imagine here in the middle

504
00:19:26,470 --> 00:19:24,320
of sydney amongst all this

505
00:19:27,990 --> 00:19:26,480
modern technology how fred birmingham a

506
00:19:29,590 --> 00:19:28,000
parramatta surveyor would have reacted

507
00:19:31,510 --> 00:19:29,600
to what he saw

508
00:19:33,110 --> 00:19:31,520
he described seeing a strange aerial

509
00:19:36,230 --> 00:19:33,120
object shaped like a

510
00:19:37,990 --> 00:19:36,240
an ark moving in in a zigzag manner and

511
00:19:42,070 --> 00:19:38,000
apparently landing in nearby parramatta

512
00:19:42,870 --> 00:19:42,080
park what followed was a description of

513
00:19:45,830 --> 00:19:42,880

meeting

514

00:19:46,870 --> 00:19:45,840

a being who he called a spirit and an

515

00:19:50,150 --> 00:19:46,880

invitation

516

00:19:53,590 --> 00:19:50,160

to visit and and walk on board this

517

00:19:55,029 --> 00:19:53,600

arc paralleled uh

518

00:19:56,789 --> 00:19:55,039

many stories that are similar to it

519

00:19:59,590 --> 00:19:56,799

right around the world

520

00:20:01,430 --> 00:19:59,600

and uh you read about these stories and

521

00:20:04,230 --> 00:20:01,440

newspapers all the time

522

00:20:05,270 --> 00:20:04,240

but this story in fact is is what

523

00:20:07,830 --> 00:20:05,280

constitutes the

524

00:20:08,630 --> 00:20:07,840

first recorded place encounter in

525

00:20:13,029 --> 00:20:08,640

australia

526
00:20:15,990 --> 00:20:13,039
the date 1868. as an industrial chemist

527
00:20:17,270 --> 00:20:16,000
i specialize in the study of what we

528
00:20:19,510 --> 00:20:17,280
term

529
00:20:20,789 --> 00:20:19,520
close encounters of the third kind in

530
00:20:24,310 --> 00:20:20,799
this type of

531
00:20:25,590 --> 00:20:24,320
ufo sighting an unidentified aerial

532
00:20:26,870 --> 00:20:25,600
object

533
00:20:29,190 --> 00:20:26,880
inter-reacts with the physical

534
00:20:32,070 --> 00:20:29,200
environment thereby leaving a permanent

535
00:20:32,390 --> 00:20:32,080
physical record of its presence what is

536
00:20:35,270 --> 00:20:32,400
the

537
00:20:36,960 --> 00:20:35,280
rwaf's official view of this we visited

538
00:20:42,789 --> 00:20:36,970

them to find out

539

00:20:46,230 --> 00:20:44,149
squadronita white here with the

540

00:20:48,149 --> 00:20:46,240
department of defense here in canberra

541

00:20:49,909 --> 00:20:48,159
is your function to deal with ufo

542

00:20:52,710 --> 00:20:49,919
inquiries entirely

543

00:20:54,149 --> 00:20:52,720
uh only partly in air force office here

544

00:20:55,990 --> 00:20:54,159
i have several duties

545

00:20:58,390 --> 00:20:56,000
one of which is to deal with what we

546

00:21:01,350 --> 00:20:58,400
prefer to call in usual aerial sightings

547

00:21:02,310 --> 00:21:01,360
ah now you departed from ufo uh for any

548

00:21:03,669 --> 00:21:02,320
particular reason

549

00:21:06,230 --> 00:21:03,679
yes we think there's a fairly good

550

00:21:09,270 --> 00:21:06,240
reason um to call them ufos

551
00:21:10,789 --> 00:21:09,280
the unidentified part of that statement

552
00:21:13,350 --> 00:21:10,799
is assuming immediately that we don't

553
00:21:15,750 --> 00:21:13,360
know what it is that people are seeing

554
00:21:17,430 --> 00:21:15,760
also objects what people see are not

555
00:21:18,470 --> 00:21:17,440
necessarily objects they can be weather

556
00:21:21,590 --> 00:21:18,480
factors

557
00:21:24,070 --> 00:21:21,600
marsh gas lightning that sort of thing

558
00:21:25,669 --> 00:21:24,080
uh the main problem that we see is the

559
00:21:27,270 --> 00:21:25,679
term ufo

560
00:21:28,710 --> 00:21:27,280
immediately conjures up in people's

561
00:21:30,950 --> 00:21:28,720
minds flying sources

562
00:21:33,190 --> 00:21:30,960
little green men yeah so unusual

563
00:21:35,669 --> 00:21:33,200

sightings we prefer

564

00:21:37,029 --> 00:21:35,679

are there unusual aerial sightings that

565

00:21:39,190 --> 00:21:37,039

cannot be explained

566

00:21:41,510 --> 00:21:39,200

almost definitely yes yeah is there a

567

00:21:43,669 --> 00:21:41,520

sort of percentile there somewhere that

568

00:21:44,870 --> 00:21:43,679

i'd say about uh 90 percent we can

569

00:21:48,070 --> 00:21:44,880

explain

570

00:21:48,950 --> 00:21:48,080

uh 10 on average we can't for various

571

00:21:51,190 --> 00:21:48,960

reasons

572

00:21:52,870 --> 00:21:51,200

they may be put in too late uh

573

00:21:55,190 --> 00:21:52,880

insufficient information

574

00:21:57,590 --> 00:21:55,200

some are hoaxes but definitely some we

575

00:22:00,789 --> 00:21:57,600

cannot explain

576

00:22:01,350 --> 00:22:00,799

what's the it's a fairly uh unusual

577

00:22:03,029 --> 00:22:01,360

thing and

578

00:22:04,630 --> 00:22:03,039

we appreciate it very much that we can

579

00:22:05,750 --> 00:22:04,640

talk to you because it's i think fairly

580

00:22:08,070 --> 00:22:05,760

rare that um

581

00:22:08,789 --> 00:22:08,080

you give interviews at all correct thank

582

00:22:12,310 --> 00:22:08,799

you

583

00:22:13,909 --> 00:22:12,320

uh what's the official policy

584

00:22:16,830 --> 00:22:13,919

that i think we should establish yes i

585

00:22:18,149 --> 00:22:16,840

think so um in the early 1950s about the

586

00:22:20,710 --> 00:22:18,159

mid-1950s

587

00:22:22,390 --> 00:22:20,720

um the government of australia along

588

00:22:24,870 --> 00:22:22,400

with the governments of america

589

00:22:25,510 --> 00:22:24,880

and united kingdom i thought there might

590

00:22:27,909 --> 00:22:25,520

be some

591

00:22:29,430 --> 00:22:27,919

threat to national security with the

592

00:22:32,470 --> 00:22:29,440

sightings of all these

593

00:22:33,350 --> 00:22:32,480

peculiar happenings so they asked the

594

00:22:35,990 --> 00:22:33,360

iwf

595

00:22:37,590 --> 00:22:36,000

to investigate all the reports and come

596

00:22:40,710 --> 00:22:37,600

up with the facts

597

00:22:43,430 --> 00:22:40,720

and after about 10 or 12 years

598

00:22:44,390 --> 00:22:43,440

we could not produce any information

599

00:22:45,830 --> 00:22:44,400

that suggested

600

00:22:47,909 --> 00:22:45,840

there were any interlopers from outer

601
00:22:51,110 --> 00:22:47,919
space the 10

602
00:22:52,630 --> 00:22:51,120
are so unexplained we couldn't explain

603
00:22:54,710 --> 00:22:52,640
but on the other hand they didn't

604
00:22:56,549 --> 00:22:54,720
suggest any envelopers

605
00:22:58,230 --> 00:22:56,559
the one thing of course that the ufo

606
00:23:01,110 --> 00:22:58,240
societies

607
00:23:03,029 --> 00:23:01,120
say to me is that they believe that the

608
00:23:04,470 --> 00:23:03,039
our double af is passing information to

609
00:23:07,510 --> 00:23:04,480
the usaf

610
00:23:09,830 --> 00:23:07,520
uh and other countries is that true

611
00:23:10,630 --> 00:23:09,840
not exactly we don't have any direct

612
00:23:13,990 --> 00:23:10,640
liaison

613
00:23:15,830 --> 00:23:14,000

with the usaf or the raf but certainly

614

00:23:19,350 --> 00:23:15,840

we get inquiries from overseas

615

00:23:21,110 --> 00:23:19,360

from the ufo societies from people

616

00:23:22,630 --> 00:23:21,120

and we will answer them if they want

617

00:23:24,549 --> 00:23:22,640

information on

618

00:23:25,669 --> 00:23:24,559

our sightings and we'll send it to them

619

00:23:27,270 --> 00:23:25,679

it is possible

620

00:23:28,950 --> 00:23:27,280

some of these reports will filter their

621

00:23:32,870 --> 00:23:28,960

way back to the usaf

622

00:23:37,190 --> 00:23:34,710

that was the military air arm point of

623

00:23:38,230 --> 00:23:37,200

view what about the civilian aviation

624

00:23:40,149 --> 00:23:38,240

scene

625

00:23:41,269 --> 00:23:40,159

this confidential report from a civil

626
00:23:43,029 --> 00:23:41,279
airline captain

627
00:23:45,029 --> 00:23:43,039
was given to us reporting an incident

628
00:23:49,190 --> 00:23:45,039
that took place over western australia

629
00:23:49,909 --> 00:23:49,200
in 1976 the department of transport and

630
00:23:52,149 --> 00:23:49,919
you have no

631
00:23:54,070 --> 00:23:52,159
known traffic in the vicinity in the met

632
00:23:55,750 --> 00:23:54,080
office and you have no possible cause

633
00:23:58,070 --> 00:23:55,760
for turbulence

634
00:23:58,950 --> 00:23:58,080
if the turbulence we hit was caused by

635
00:24:01,590 --> 00:23:58,960
an object i'd

636
00:24:03,510 --> 00:24:01,600
estimate it was moving at say between

637
00:24:07,029 --> 00:24:03,520
mark 2.5 to mark three

638
00:24:09,510 --> 00:24:07,039

that's uh around 2000 miles an hour

639

00:24:11,590 --> 00:24:09,520

passengers were hurt and the stewardess

640

00:24:13,350 --> 00:24:11,600

was off for six months and

641

00:24:15,029 --> 00:24:13,360

uh with an injured back and seats were

642

00:24:17,029 --> 00:24:15,039

broken

643

00:24:18,870 --> 00:24:17,039

we also spoke to a local air traffic

644

00:24:21,269 --> 00:24:18,880

controller who wishes to remain

645

00:24:22,710 --> 00:24:21,279

anonymous

646

00:24:24,390 --> 00:24:22,720

i've been a radar controller for

647

00:24:27,269 --> 00:24:24,400

something over 10 years

648

00:24:29,909 --> 00:24:27,279

and during that time i've seen several

649

00:24:32,470 --> 00:24:29,919

returns on the radar screen

650

00:24:33,590 --> 00:24:32,480

they appear at an arrow and they they

651
00:24:35,269 --> 00:24:33,600
disappear

652
00:24:36,870 --> 00:24:35,279
and they don't appear to be able to be

653
00:24:40,149 --> 00:24:36,880
explained by

654
00:24:41,590 --> 00:24:40,159
the stock answers which we we can put to

655
00:24:48,390 --> 00:24:41,600
such

656
00:24:49,909 --> 00:24:48,400
balloons moving downwind some of these

657
00:24:51,190 --> 00:24:49,919
returns have been moving against the

658
00:24:53,350 --> 00:24:51,200
prevailing winds

659
00:24:55,750 --> 00:24:53,360
nothing as dramatic as perhaps the air

660
00:24:57,029 --> 00:24:55,760
traffic controllers in the states have

661
00:24:59,750 --> 00:24:57,039
where they've actually been able to

662
00:25:01,430 --> 00:24:59,760
investigate such sightings with aircraft

663
00:25:02,789 --> 00:25:01,440

nothing as spectacular as that

664

00:25:06,149 --> 00:25:02,799

nonetheless something that

665

00:25:09,590 --> 00:25:08,789

and from kalgoorlie airport last year a

666

00:25:13,510 --> 00:25:09,600

report from the

667

00:25:14,230 --> 00:25:13,520

duty meteorologist the ufo passed across

668

00:25:17,029 --> 00:25:14,240

the sky

669

00:25:18,230 --> 00:25:17,039

from the northeast to the south west not

670

00:25:20,390 --> 00:25:18,240

directly overhead

671

00:25:23,110 --> 00:25:20,400

but a little to the south of me the

672

00:25:24,870 --> 00:25:23,120

object looked over from my viewing angle

673

00:25:26,789 --> 00:25:24,880

it appeared in size about half that a

674

00:25:28,390 --> 00:25:26,799

five cent coin would be when held at

675

00:25:30,070 --> 00:25:28,400

arm's length

676
00:25:31,909 --> 00:25:30,080
it was white and the whiteness seemed

677
00:25:34,950 --> 00:25:31,919
brightest at the edges which

678
00:25:36,630 --> 00:25:34,960
weren't sharply defined there was no

679
00:25:37,510 --> 00:25:36,640
sound and not knowing the size of the

680
00:25:39,269 --> 00:25:37,520
object

681
00:25:40,710 --> 00:25:39,279
it was pretty impossible to estimate its

682
00:25:43,430 --> 00:25:40,720
altitude

683
00:25:45,510 --> 00:25:43,440
the ufo took about 10 seconds from when

684
00:25:46,789 --> 00:25:45,520
i first sighted it in the northeast

685
00:25:49,830 --> 00:25:46,799
to when it appeared to stop in the

686
00:25:51,430 --> 00:25:49,840
southwest at about 40 to 45 degrees

687
00:25:53,990 --> 00:25:51,440
elevation

688
00:25:55,029 --> 00:25:54,000

it seemed to stay there for about five

689

00:25:56,789 --> 00:25:55,039

seconds

690

00:25:59,110 --> 00:25:56,799

then it seemed to just vanish instantly

691

00:26:02,149 --> 00:25:59,120

without moving from the spot

692

00:26:03,990 --> 00:26:02,159

with a jumbo cargo of over 300 people

693

00:26:05,269 --> 00:26:04,000

the responsibility on the pilot is

694

00:26:07,669 --> 00:26:05,279

tremendous

695

00:26:09,029 --> 00:26:07,679

do they ever see anything unusual flying

696

00:26:12,310 --> 00:26:09,039

on eastern airlines from

697

00:26:13,510 --> 00:26:12,320

l.a to new orleans and uh

698

00:26:15,029 --> 00:26:13,520

my production designer who was on the

699

00:26:16,390 --> 00:26:15,039

airplane with me was talking to the

700

00:26:17,430 --> 00:26:16,400

stewardesses about the movie we were

701
00:26:18,710 --> 00:26:17,440
making and he mentioned one of the

702
00:26:22,470 --> 00:26:18,720
stewardesses that it was a

703
00:26:23,750 --> 00:26:22,480
film about dealing you know with ufos

704
00:26:24,950 --> 00:26:23,760
and the stories apparently went into the

705
00:26:26,230 --> 00:26:24,960
cabin and mentioned this to the pilot

706
00:26:28,310 --> 00:26:26,240
and all of a sudden this big steely

707
00:26:30,149 --> 00:26:28,320
gray-haired guy with wings on his chest

708
00:26:32,230 --> 00:26:30,159
comes out the pile of the airplane they

709
00:26:34,789 --> 00:26:32,240
point me out he sits down next to me

710
00:26:36,070 --> 00:26:34,799
and he said uh are you will this be a

711
00:26:36,789 --> 00:26:36,080
serious movie or is this just going to

712
00:26:39,430 --> 00:26:36,799
be a

713
00:26:40,310 --> 00:26:39,440

comedy or a or our sci-fi and i said no

714

00:26:41,590 --> 00:26:40,320

we were taking

715

00:26:42,950 --> 00:26:41,600

the subject very serious and then

716

00:26:44,310 --> 00:26:42,960

knowing that i wasn't about this laugh

717

00:26:45,110 --> 00:26:44,320

in his face and ridicule what he was

718

00:26:46,870 --> 00:26:45,120

about to tell me

719

00:26:48,630 --> 00:26:46,880

he sat down he told me two experiences

720

00:26:51,750 --> 00:26:48,640

he had while flying with eastern

721

00:26:53,909 --> 00:26:51,760

one was a nocturnal light

722

00:26:55,510 --> 00:26:53,919

that traveled very very quickly across

723

00:26:56,870 --> 00:26:55,520

his glide path

724

00:26:58,149 --> 00:26:56,880

it startled everybody because of its

725

00:26:59,269 --> 00:26:58,159

speed it wasn't a shooting star it

726

00:27:01,909 --> 00:26:59,279

wasn't

727

00:27:02,789 --> 00:27:01,919

up there it was eye level and moving

728

00:27:04,470 --> 00:27:02,799

very very very quickly

729

00:27:07,909 --> 00:27:04,480

something that was it was passing very

730

00:27:11,669 --> 00:27:09,430

in the shadow of some of the world's

731

00:27:13,750 --> 00:27:11,679

tallest buildings we were told of the

732

00:27:19,350 --> 00:27:13,760

most dramatic ufo experience

733

00:27:22,870 --> 00:27:22,310

so we're traveling along when suddenly

734

00:27:26,310 --> 00:27:22,880

our

735

00:27:29,110 --> 00:27:26,320

very strange looking maneuvering craft

736

00:27:32,470 --> 00:27:29,120

started following us for several miles

737

00:27:35,430 --> 00:27:32,480

in an area called indian head this craft

738

00:27:37,190 --> 00:27:35,440

left the highway came out i mean excuse

739

00:27:39,830 --> 00:27:37,200

me left the top of the mountain

740

00:27:40,870 --> 00:27:39,840

came out over the highway and stopped in

741

00:27:42,149 --> 00:27:40,880

midair

742

00:27:45,590 --> 00:27:42,159

and we could see it through the

743

00:27:48,630 --> 00:27:45,600

binoculars a curved

744

00:27:50,950 --> 00:27:48,640

windows red light on each side that

745

00:27:53,110 --> 00:27:50,960

barney decided to get out and try to

746

00:27:56,310 --> 00:27:53,120

identify this craft

747

00:27:58,310 --> 00:27:56,320

and he saw a group of human-like figures

748

00:27:59,430 --> 00:27:58,320

standing in the window looking down at

749

00:28:01,430 --> 00:27:59,440

him

750

00:28:03,750 --> 00:28:01,440

and he had the feeling that he was being

751

00:28:06,389 --> 00:28:03,760

told to keep looking

752

00:28:07,350 --> 00:28:06,399

don't be afraid no harm's going to come

753

00:28:09,430 --> 00:28:07,360

to you

754

00:28:11,110 --> 00:28:09,440

and at that point the craft started to

755

00:28:14,149 --> 00:28:11,120

descend

756

00:28:16,549 --> 00:28:14,159

bonnie was filled with fear

757

00:28:18,470 --> 00:28:16,559

thinking he was going to be captured he

758

00:28:20,149 --> 00:28:18,480

ran back to the car

759

00:28:22,149 --> 00:28:20,159

and we took off speeding down the

760

00:28:24,950 --> 00:28:22,159

highway

761

00:28:25,990 --> 00:28:24,960

we had a series of evening sounds and a

762

00:28:28,230 --> 00:28:26,000

few miles

763

00:28:30,070 --> 00:28:28,240

beyond this we heard a second series of

764

00:28:33,430 --> 00:28:30,080

beeping sounds

765

00:28:36,230 --> 00:28:33,440

now later in our investigation of this

766

00:28:36,950 --> 00:28:36,240

we begin to realize that we could not

767

00:28:39,190 --> 00:28:36,960

remember

768

00:28:40,870 --> 00:28:39,200

what had happened between the two series

769

00:28:43,029 --> 00:28:40,880

of beeping sounds

770

00:28:44,950 --> 00:28:43,039

when the story leaked out an eminent

771

00:28:46,630 --> 00:28:44,960

psychologist placed betty and barney

772

00:28:48,870 --> 00:28:46,640

into deep hypnosis

773

00:28:49,990 --> 00:28:48,880

the hypnosis proved that bonnie and i

774

00:28:53,510 --> 00:28:50,000

had been captured

775

00:28:56,230 --> 00:28:53,520

and taken on board a ufo if

776

00:28:58,630 --> 00:28:56,240

after the first series of beeping sounds

777

00:29:01,029 --> 00:28:58,640

we were speeding down the highway

778

00:29:01,750 --> 00:29:01,039

bonnie left the main highway onto a side

779

00:29:04,230 --> 00:29:01,760

road

780

00:29:06,310 --> 00:29:04,240

and then a sudden left hand turned onto

781

00:29:09,669 --> 00:29:06,320

a very narrow

782

00:29:11,750 --> 00:29:09,679

wood road the beings

783

00:29:14,389 --> 00:29:11,760

whom he had seen on board the craft were

784

00:29:16,789 --> 00:29:14,399

now standing in the middle of this road

785

00:29:18,789 --> 00:29:16,799

and the car motor stalled the body was

786

00:29:21,909 --> 00:29:18,799

trying and trying to stop the car

787

00:29:25,350 --> 00:29:21,919

it wouldn't start they separated came up

788

00:29:27,669 --> 00:29:25,360

and took us out of the car in two groups

789

00:29:30,310 --> 00:29:27,679

they took us through a path in the woods

790

00:29:33,269 --> 00:29:30,320

to where the craft was on the ground

791

00:29:34,789 --> 00:29:33,279

took us on board took us into separate

792

00:29:38,470 --> 00:29:34,799

rooms

793

00:29:40,870 --> 00:29:38,480

gave us physical examinations

794

00:29:42,549 --> 00:29:40,880

and during this examination we learned

795

00:29:45,830 --> 00:29:42,559

they had put a cup-like

796

00:29:49,350 --> 00:29:45,840

instrument on barney's abdomen now

797

00:29:52,389 --> 00:29:49,360

later when we returned home this

798

00:29:54,149 --> 00:29:52,399

bonnie developed a pattern of warts in a

799

00:29:55,750 --> 00:29:54,159

perfect circle

800

00:29:57,990 --> 00:29:55,760

and we never knew until the hypnosis

801
00:30:00,310 --> 00:29:58,000
that that was the spot

802
00:30:02,070 --> 00:30:00,320
where the this cup-like instrument was

803
00:30:03,350 --> 00:30:02,080
put onto him

804
00:30:06,149 --> 00:30:03,360
well you're one of the few people to

805
00:30:09,830 --> 00:30:06,159
have met aliens what do they look like

806
00:30:13,110 --> 00:30:09,840
they all had very very large eyes

807
00:30:16,310 --> 00:30:13,120
very small nose thin slit for mouth

808
00:30:18,549 --> 00:30:16,320
no hair no eyebrows eyelashes

809
00:30:21,669 --> 00:30:18,559
and no this part of the ear that we

810
00:30:27,430 --> 00:30:24,630
we did not notice teeth in fact when

811
00:30:29,510 --> 00:30:27,440
bonnie was lying on the table looking up

812
00:30:30,789 --> 00:30:29,520
one of them appeared to have sort of a

813
00:30:33,750 --> 00:30:30,799

membrane

814

00:30:34,830 --> 00:30:33,760

which flooded behind his lips it looked

815

00:30:44,070 --> 00:30:34,840

like a thin

816

00:30:48,070 --> 00:30:46,149

but it's not an exclusive american right

817

00:30:49,909 --> 00:30:48,080

to see ufos

818

00:30:52,310 --> 00:30:49,919

one of the most credible witnesses we

819

00:30:55,269 --> 00:30:52,320

interviewed was an australian minister

820

00:30:56,950 --> 00:30:55,279

the reverend william gill posted before

821

00:30:59,590 --> 00:30:56,960

the time of his sighting to the

822

00:31:01,110 --> 00:30:59,600

anglican mission in boine papua new

823

00:31:04,470 --> 00:31:01,120

guinea

824

00:31:05,909 --> 00:31:04,480

one night at 7 45 as he stood with 38

825

00:31:07,269 --> 00:31:05,919

other people at the edge of the mission

826

00:31:10,389 --> 00:31:07,279

playing field

827

00:31:11,590 --> 00:31:10,399

every one of them saw the same thing can

828

00:31:14,789 --> 00:31:11,600

you imagine

829

00:31:18,230 --> 00:31:14,799

what it's like to look up in the sky

830

00:31:20,789 --> 00:31:18,240

and see a totally foreign

831

00:31:21,909 --> 00:31:20,799

looking object they are stay as just

832

00:31:25,110 --> 00:31:21,919

hovering

833

00:31:26,310 --> 00:31:25,120

uh not very high up maybe two or three

834

00:31:29,430 --> 00:31:26,320

hundred feet

835

00:31:34,630 --> 00:31:29,440

up in the air and

836

00:31:37,750 --> 00:31:34,640

glowing and two

837

00:31:42,070 --> 00:31:37,760

bipods jutting out from behind it from

838

00:31:45,990 --> 00:31:42,080

underneath it and sparkling all around

839

00:31:50,230 --> 00:31:46,000

and some figures up there

840

00:31:53,990 --> 00:31:50,240

this solid looking object and

841

00:31:57,750 --> 00:31:54,000

figures walking about on top

842

00:32:01,430 --> 00:31:57,760

and not the slightest noise whatsoever

843

00:32:03,750 --> 00:32:01,440

and so we waved

844

00:32:06,789 --> 00:32:03,760

wouldn't it be wonderful if we could get

845

00:32:09,830 --> 00:32:06,799

this object down onto the playing field

846

00:32:11,830 --> 00:32:09,840

and as we waved wondering whether we'd

847

00:32:12,950 --> 00:32:11,840

get some recognition and whether perhaps

848

00:32:15,269 --> 00:32:12,960

they would

849

00:32:16,470 --> 00:32:15,279

understand what we wanted they waved

850

00:32:19,190 --> 00:32:16,480

back

851
00:32:20,070 --> 00:32:19,200
so i asked the boy to go quickly down

852
00:32:23,590 --> 00:32:20,080
bring me a torch

853
00:32:25,509 --> 00:32:23,600
bring me a pencil bring me paper and

854
00:32:27,669 --> 00:32:25,519
return as quickly as he can so that i

855
00:32:28,070 --> 00:32:27,679
can get if or any other events that

856
00:32:30,950 --> 00:32:28,080
occur

857
00:32:31,509 --> 00:32:30,960
and minute by minute movements um so

858
00:32:33,350 --> 00:32:31,519
that

859
00:32:35,029 --> 00:32:33,360
at least we'd be able to uh to talk

860
00:32:36,789 --> 00:32:35,039
about it the next day

861
00:32:38,389 --> 00:32:36,799
and this he did very very quickly he

862
00:32:41,110 --> 00:32:38,399
brought it back and he brought

863
00:32:41,669 --> 00:32:41,120

the torch and put the torch on and shone

864

00:32:45,350 --> 00:32:41,679

it

865

00:32:48,789 --> 00:32:45,360

to the the craft and

866

00:32:52,789 --> 00:32:48,799

as he did so he waved the

867

00:32:56,070 --> 00:32:52,799

or moved the torch this way

868

00:32:58,549 --> 00:32:56,080

and we were dumbfounded

869

00:32:59,590 --> 00:32:58,559

when we looked at the craft and the

870

00:33:01,669 --> 00:32:59,600

craft was

871

00:33:03,110 --> 00:33:01,679

as though it was responding to the torch

872

00:33:06,549 --> 00:33:03,120

uh it began to do this

873

00:33:09,830 --> 00:33:06,559

too you know like a uh a disc

874

00:33:10,230 --> 00:33:09,840

shaped object just uh moving the same

875

00:33:12,630 --> 00:33:10,240

way

876

00:33:13,590 --> 00:33:12,640

uh responding to the the movement of the

877

00:33:16,470 --> 00:33:13,600

torch

878

00:33:18,310 --> 00:33:16,480

next day uh just prior to the evening

879

00:33:20,870 --> 00:33:18,320

service about seven o'clock

880

00:33:21,909 --> 00:33:20,880

um the thing was there again it had

881

00:33:25,269 --> 00:33:21,919

arrived

882

00:33:28,070 --> 00:33:25,279

about an hour earlier and um we

883

00:33:29,190 --> 00:33:28,080

all decided to uh have the normal even

884

00:33:33,190 --> 00:33:29,200

song that we

885

00:33:35,430 --> 00:33:33,200

do have on on those nights

886

00:33:37,269 --> 00:33:35,440

because uh well the thing was out there

887

00:33:38,789 --> 00:33:37,279

outside the church anyway and

888

00:33:41,110 --> 00:33:38,799

we thought it wouldn't go away during

889

00:33:44,070 --> 00:33:41,120

the service and it didn't

890

00:33:45,110 --> 00:33:44,080

when we came out there it was still up

891

00:33:47,509 --> 00:33:45,120

in the sky

892

00:33:49,430 --> 00:33:47,519

and so for another hour or two we

893

00:33:52,710 --> 00:33:49,440

watched

894

00:33:56,230 --> 00:33:52,720

and then suddenly it did go

895

00:33:59,350 --> 00:33:56,240

and there was this amazingly

896

00:34:03,430 --> 00:33:59,360

incredible speed that the

897

00:34:07,110 --> 00:34:03,440

whole craft disappeared to nothing

898

00:34:10,230 --> 00:34:09,430

from new guinea to china from china to

899

00:34:12,230 --> 00:34:10,240

peru

900

00:34:14,230 --> 00:34:12,240

native customs and beliefs reflect the

901
00:34:15,750 --> 00:34:14,240
history of such visits from gods of the

902
00:34:19,669 --> 00:34:15,760
sky

903
00:34:20,950 --> 00:34:19,679
myth are these one jinnah from the

904
00:34:22,629 --> 00:34:20,960
kimberley

905
00:34:24,629 --> 00:34:22,639
how similar they are to our own

906
00:34:26,629 --> 00:34:24,639
astronauts the ufo phenomenon didn't

907
00:34:28,389 --> 00:34:26,639
really start in 1947

908
00:34:30,069 --> 00:34:28,399
we have many sightings from during the

909
00:34:32,389 --> 00:34:30,079
war before the war

910
00:34:33,669 --> 00:34:32,399
in the 19th century and going back as

911
00:34:35,669 --> 00:34:33,679
far as we have records

912
00:34:36,869 --> 00:34:35,679
and in that regard i've been especially

913
00:34:39,750 --> 00:34:36,879

fascinated by the

914

00:34:40,950 --> 00:34:39,760

possible parallel between ufo sightings

915

00:34:43,430 --> 00:34:40,960

and folklore

916

00:34:45,109 --> 00:34:43,440

if you think of the the winjina drawings

917

00:34:45,990 --> 00:34:45,119

for example in australia if you think of

918

00:34:47,990 --> 00:34:46,000

similar

919

00:34:50,069 --> 00:34:48,000

cave drawings in from china to the

920

00:34:51,589 --> 00:34:50,079

sahara if you think of the celtic

921

00:34:54,389 --> 00:34:51,599

traditions in brittany

922

00:34:55,270 --> 00:34:54,399

in the celtic in the celtic countries if

923

00:34:57,750 --> 00:34:55,280

you think of the

924

00:34:59,430 --> 00:34:57,760

american indian folklore all of those

925

00:35:01,589 --> 00:34:59,440

have certain common

926
00:35:03,430 --> 00:35:01,599
preoccupations with beings coming from

927
00:35:06,710 --> 00:35:03,440
the sky beings wearing some

928
00:35:09,510 --> 00:35:06,720
some sort of of suit uh being

929
00:35:10,310 --> 00:35:09,520
the the whole mythology of contact

930
00:35:13,349 --> 00:35:10,320
between

931
00:35:14,230 --> 00:35:13,359
men and another culture possibly coming

932
00:35:16,230 --> 00:35:14,240
from space

933
00:35:17,349 --> 00:35:16,240
one night about 10 years ago in florida

934
00:35:18,950 --> 00:35:17,359
park in perth

935
00:35:20,950 --> 00:35:18,960
paul moynik saw something he couldn't

936
00:35:23,349 --> 00:35:20,960
quite explain paul tell me about that

937
00:35:25,349 --> 00:35:23,359
um well it would have been around about

938
00:35:27,349 --> 00:35:25,359

10 or 11 years ago i think it would be

939

00:35:28,790 --> 00:35:27,359

around about 1966

940

00:35:31,109 --> 00:35:28,800

i was going to bed it would have been

941

00:35:32,390 --> 00:35:31,119

about 11 or 12 o'clock at night

942

00:35:33,670 --> 00:35:32,400

i laid in bed looked out through the

943

00:35:34,870 --> 00:35:33,680

window and i saw this thing going

944

00:35:36,630 --> 00:35:34,880

backwards and forwards

945

00:35:37,990 --> 00:35:36,640

extremely fast i couldn't work out what

946

00:35:39,990 --> 00:35:38,000

it was so i jumped out of bed

947

00:35:41,109 --> 00:35:40,000

got both my parents out of bed and a

948

00:35:42,470 --> 00:35:41,119

friend who was staying with us at the

949

00:35:44,390 --> 00:35:42,480

time so there's four of us actually

950

00:35:46,630 --> 00:35:44,400

seeing it so i wasn't by myself

951
00:35:48,310 --> 00:35:46,640
and we stood out here and watched it for

952
00:35:50,470 --> 00:35:48,320
quite some time

953
00:35:52,710 --> 00:35:50,480
and we thought what the heck is it it

954
00:35:54,310 --> 00:35:52,720
was just too fast to be a jet

955
00:35:56,710 --> 00:35:54,320
it was it was changing direction too

956
00:35:59,750 --> 00:35:56,720
fast to be anything but

957
00:36:02,310 --> 00:35:59,760
i would say ufo

958
00:36:03,670 --> 00:36:02,320
in the same year this photograph claimed

959
00:36:06,550 --> 00:36:03,680
to be a ufo

960
00:36:08,550 --> 00:36:06,560
was taken from king's park in perth four

961
00:36:09,750 --> 00:36:08,560
miles away from where paul's family live

962
00:36:11,670 --> 00:36:09,760
in flurried park

963
00:36:13,030 --> 00:36:11,680

we got a surprise because we didn't know

964

00:36:15,829 --> 00:36:13,040

actually what it was

965

00:36:17,670 --> 00:36:15,839

and we're puzzled and we couldn't tell

966

00:36:18,710 --> 00:36:17,680

the shape of it because it was going too

967

00:36:21,829 --> 00:36:18,720

fast

968

00:36:22,950 --> 00:36:21,839

and it was going it was flowing actually

969

00:36:26,390 --> 00:36:22,960

like a kite

970

00:36:28,790 --> 00:36:26,400

but much faster well actually

971

00:36:30,069 --> 00:36:28,800

when we came out here to look at it we

972

00:36:31,589 --> 00:36:30,079

noticed we couldn't work out the

973

00:36:33,829 --> 00:36:31,599

distance it was because it was

974

00:36:35,829 --> 00:36:33,839

sort of about the height of those clouds

975

00:36:36,710 --> 00:36:35,839

there and it was going between that land

976

00:36:38,870 --> 00:36:36,720

pole

977

00:36:40,550 --> 00:36:38,880

and that pine tree on the other side

978

00:36:41,990 --> 00:36:40,560

there backwards and forwards the way a

979

00:36:44,150 --> 00:36:42,000

kite would do if it was held there

980

00:36:45,589 --> 00:36:44,160

it goes backwards and forwards like that

981

00:36:46,710 --> 00:36:45,599

but it was not a kite because it

982

00:36:48,870 --> 00:36:46,720

couldn't go so far

983

00:36:50,390 --> 00:36:48,880

and it couldn't be lit up the way it was

984

00:36:51,190 --> 00:36:50,400

it was yellow and was going backwards

985

00:36:53,510 --> 00:36:51,200

and forwards

986

00:36:54,230 --> 00:36:53,520

pretty fast and it will look very

987

00:36:56,310 --> 00:36:54,240

unusual

988

00:36:57,589 --> 00:36:56,320

you know and rather interesting but uh

989

00:37:00,550 --> 00:36:57,599

of course it was fairly late

990

00:37:01,910 --> 00:37:00,560

and uh but it looked like a ufo i really

991

00:37:03,510 --> 00:37:01,920

did think that you know because i'd

992

00:37:06,310 --> 00:37:03,520

never seen anything like that before

993

00:37:06,950 --> 00:37:06,320

honestly what happened in the end paul

994

00:37:08,310 --> 00:37:06,960

well

995

00:37:09,670 --> 00:37:08,320

the fact that was going backwards and

996

00:37:11,109 --> 00:37:09,680

forward so fast it wasn't actually

997

00:37:12,069 --> 00:37:11,119

stopping at each time that it got to the

998

00:37:13,589 --> 00:37:12,079

point that i wanted to

999

00:37:14,950 --> 00:37:13,599

turn out it was just going there and

1000

00:37:15,829 --> 00:37:14,960

straight back again so it wasn't

1001
00:37:18,390 --> 00:37:15,839
stopping

1002
00:37:19,589 --> 00:37:18,400
and after that after it had been doing

1003
00:37:20,950 --> 00:37:19,599
this for quite some time it wasn't

1004
00:37:22,390 --> 00:37:20,960
lighting anything up or looking at

1005
00:37:24,470 --> 00:37:22,400
anything it didn't seem to be

1006
00:37:26,550 --> 00:37:24,480
but it just disappeared straight away

1007
00:37:28,710 --> 00:37:26,560
from us straight off into the north

1008
00:37:30,150 --> 00:37:28,720
past fast yeah it just disappeared like

1009
00:37:31,430 --> 00:37:30,160
it was going away so fast that it

1010
00:37:34,390 --> 00:37:31,440
disappeared into the

1011
00:37:35,670 --> 00:37:34,400
into the horizon sort of thing could the

1012
00:37:39,270 --> 00:37:35,680
swift disappearance

1013
00:37:41,930 --> 00:37:39,280

so typical of ufos because by pursuit

1014

00:37:48,470 --> 00:37:41,940

as in this clip from 20th century fox

1015

00:37:54,230 --> 00:37:52,230

well it was on the 6th of january 1968

1016

00:37:56,230 --> 00:37:54,240

just by the edge of the riverbank near

1017

00:37:57,670 --> 00:37:56,240

this golf course that i witnessed the

1018

00:38:01,270 --> 00:37:57,680

landing of no less than

1019

00:38:02,230 --> 00:38:01,280

two flying saucers a negative craft and

1020

00:38:04,230 --> 00:38:02,240

a and a good

1021

00:38:05,589 --> 00:38:04,240

guy's craft they're both good guys and

1022

00:38:08,550 --> 00:38:05,599

bad guys

1023

00:38:10,069 --> 00:38:08,560

and the whole thing started off when the

1024

00:38:12,710 --> 00:38:10,079

state electricity commission

1025

00:38:14,550 --> 00:38:12,720

built a 66 000 volt power station next

1026

00:38:16,390 --> 00:38:14,560

door to my home

1027

00:38:17,990 --> 00:38:16,400

and these attracted the flying sources

1028

00:38:19,750 --> 00:38:18,000

which came and had a look at it

1029

00:38:21,670 --> 00:38:19,760

while it was in its construction stages

1030

00:38:23,990 --> 00:38:21,680

and when it was switched on especially

1031

00:38:26,230 --> 00:38:24,000

they came around in droves measuring the

1032

00:38:30,150 --> 00:38:26,240

magnetic fields around it

1033

00:38:32,150 --> 00:38:30,160

in those days in 1968 we had essendon

1034

00:38:33,829 --> 00:38:32,160

airport in melbourne

1035

00:38:35,990 --> 00:38:33,839

tula marine hadn't been built and

1036

00:38:37,430 --> 00:38:36,000

aircraft took off like flocks of birds

1037

00:38:40,230 --> 00:38:37,440

all over the place

1038

00:38:42,390 --> 00:38:40,240

and this particular plane had to bank on

1039

00:38:44,630 --> 00:38:42,400

this evening the sixth of the first 68

1040

00:38:47,190 --> 00:38:44,640

in order to miss this flying saucer

1041

00:38:48,790 --> 00:38:47,200

which then after it left the paper mills

1042

00:38:51,990 --> 00:38:48,800

trundled off across the sky

1043

00:38:54,550 --> 00:38:52,000

over here to the queue boulevard so i

1044

00:38:55,270 --> 00:38:54,560

had my camera loaded up with 400 asa

1045

00:38:58,230 --> 00:38:55,280

black and white

1046

00:38:59,990 --> 00:38:58,240

eight millimeter film and i took it and

1047

00:39:02,710 --> 00:39:00,000

followed this ufo

1048

00:39:05,190 --> 00:39:02,720

down by the roadside by the river and i

1049

00:39:07,030 --> 00:39:05,200

got some spectacular film of a landing i

1050

00:39:08,870 --> 00:39:07,040

had a sudden impression to look up

1051
00:39:10,630 --> 00:39:08,880
and lo and behold this light in the sky

1052
00:39:13,670 --> 00:39:10,640
was getting bigger and bigger

1053
00:39:18,390 --> 00:39:13,680
and i realized it was going to land

1054
00:39:20,790 --> 00:39:18,400
and it did land

1055
00:39:23,190 --> 00:39:20,800
but i was so surprised because watching

1056
00:39:25,030 --> 00:39:23,200
a ufo land isn't any normal event i was

1057
00:39:26,230 --> 00:39:25,040
so surprised i didn't get a picture of

1058
00:39:27,990 --> 00:39:26,240
the first landing

1059
00:39:29,829 --> 00:39:28,000
and just as well because this was a

1060
00:39:31,589 --> 00:39:29,839
landing by the men in black

1061
00:39:34,150 --> 00:39:31,599
what we know is the negative flying

1062
00:39:35,829 --> 00:39:34,160
sources but after i'd recovered from my

1063
00:39:38,870 --> 00:39:35,839

surprise i did

1064

00:39:39,510 --> 00:39:38,880

get enough gumption to photograph the

1065

00:39:42,069 --> 00:39:39,520

second

1066

00:39:45,030 --> 00:39:42,079

ufo which came from ashtar command which

1067

00:39:47,349 --> 00:39:45,040

was in hot pursuit of this first ufo

1068

00:39:49,430 --> 00:39:47,359

and this is the one that landed uh in

1069

00:39:52,470 --> 00:39:49,440

the movie film i took

1070

00:39:55,990 --> 00:39:52,480

now ten years later this is the spot

1071

00:39:59,430 --> 00:39:56,000

where the flying saucer landed and i

1072

00:40:02,630 --> 00:39:59,440

revisited the location and this is

1073

00:40:03,750 --> 00:40:02,640

an approximate angle of what i shot on

1074

00:40:07,829 --> 00:40:03,760

my movie film

1075

00:40:11,750 --> 00:40:10,870

this picture was taken the morning after

1076

00:40:14,230 --> 00:40:11,760

the landing

1077

00:40:15,510 --> 00:40:14,240

it left a burnt circle 60 feet big in

1078

00:40:17,829 --> 00:40:15,520

the grass

1079

00:40:18,950 --> 00:40:17,839

this second picture was taken seven

1080

00:40:22,069 --> 00:40:18,960

years later

1081

00:40:27,030 --> 00:40:22,079

of the same burn circle and as you see

1082

00:40:30,069 --> 00:40:29,510

well now let's take a look at the burnt

1083

00:40:32,950 --> 00:40:30,079

circle

1084

00:40:47,829 --> 00:40:32,960

10 years later and see whether or not

1085

00:40:53,510 --> 00:40:51,190

yes well this is the burnt circle

1086

00:40:54,790 --> 00:40:53,520

a lot of flying saucer landings leave

1087

00:40:58,069 --> 00:40:54,800

burnt circles

1088

00:41:00,150 --> 00:40:58,079

and uh nothing has grown on this one

1089

00:41:01,510 --> 00:41:00,160

since the original landing on that

1090

00:41:03,270 --> 00:41:01,520

particular night

1091

00:41:05,270 --> 00:41:03,280

and over the years we've come back to

1092

00:41:09,750 --> 00:41:05,280

the boulevard and checked this area and

1093

00:41:13,589 --> 00:41:12,230

along with shaver colin cameron claims

1094

00:41:16,069 --> 00:41:13,599

to have had contact with the

1095

00:41:19,349 --> 00:41:16,079

subterranean darrows and terrors

1096

00:41:21,270 --> 00:41:19,359

here in australia this belief should not

1097

00:41:23,510 --> 00:41:21,280

be dismissed too lightly

1098

00:41:25,430 --> 00:41:23,520

ray palmer came up with some astonishing

1099

00:41:27,750 --> 00:41:25,440

details about chavers experience

1100

00:41:29,349 --> 00:41:27,760

i think mr shaver well he originally

1101

00:41:30,950 --> 00:41:29,359

claimed that he spent eight years

1102

00:41:32,470 --> 00:41:30,960

in these caves with these daryl and

1103

00:41:35,910 --> 00:41:32,480

terrell people t

1104

00:41:38,550 --> 00:41:35,920

being me being integrative and

1105

00:41:39,910 --> 00:41:38,560

i discovered later much to my

1106

00:41:41,510 --> 00:41:39,920

embarrassment

1107

00:41:43,670 --> 00:41:41,520

uh that he had spent these eight years

1108

00:41:46,150 --> 00:41:43,680

in the ipsilanti state hospital for the

1109

00:41:48,069 --> 00:41:46,160

insane in michigan

1110

00:41:49,829 --> 00:41:48,079

i contacted the doctors and they said he

1111

00:41:52,470 --> 00:41:49,839

was catatonic

1112

00:41:55,190 --> 00:41:52,480

he lived in a world even had to feed him

1113

00:41:57,990 --> 00:41:55,200

in this imaginary world of his

1114

00:41:58,630 --> 00:41:58,000

except for one thing when kenneth arnold

1115

00:42:01,109 --> 00:41:58,640

uh

1116

00:42:02,470 --> 00:42:01,119

saw the flying saucers i put together

1117

00:42:04,309 --> 00:42:02,480

two and two and i said

1118

00:42:06,390 --> 00:42:04,319

is the man catatonic or is there

1119

00:42:08,630 --> 00:42:06,400

something else going on

1120

00:42:10,230 --> 00:42:08,640

but i got 50 000 letters we ordinarily

1121

00:42:12,069 --> 00:42:10,240

get 50 or 60 a month

1122

00:42:13,270 --> 00:42:12,079

from people who said mr shaver is

1123

00:42:14,790 --> 00:42:13,280

telling the truth

1124

00:42:17,109 --> 00:42:14,800

and not only that i have been in the

1125

00:42:19,109 --> 00:42:17,119

caves too and i hear the voices

1126

00:42:21,190 --> 00:42:19,119

i've been hearing these voices now for

1127

00:42:22,950 --> 00:42:21,200

oh for about the next seven years

1128

00:42:25,829 --> 00:42:22,960

onwards every night

1129

00:42:27,270 --> 00:42:25,839

and uh until i started taking some

1130

00:42:30,470 --> 00:42:27,280

infrared film

1131

00:42:31,589 --> 00:42:30,480

which i'd read in a book by um i can't

1132

00:42:35,510 --> 00:42:31,599

think of his name now

1133

00:42:38,069 --> 00:42:35,520

but trevor james and

1134

00:42:38,950 --> 00:42:38,079

he had at the suggestion of ashtar space

1135

00:42:41,670 --> 00:42:38,960

command

1136

00:42:43,589 --> 00:42:41,680

taken infrared photography and got these

1137

00:42:45,750 --> 00:42:43,599

invisible flying sources

1138

00:42:47,829 --> 00:42:45,760

so i thought well as these entities were

1139

00:42:48,710 --> 00:42:47,839

invisible now bothering me i'd try some

1140

00:42:50,470 --> 00:42:48,720

infrared film

1141

00:42:53,910 --> 00:42:50,480

too and that's where i got these

1142

00:42:58,710 --> 00:42:57,270

and after those nights what was

1143

00:43:02,150 --> 00:42:58,720

happening to me was i was starting to

1144

00:43:03,750 --> 00:43:02,160

hear these voices just like shaver was

1145

00:43:05,190 --> 00:43:03,760

saying i was going to die saying they

1146

00:43:06,470 --> 00:43:05,200

were going to get me

1147

00:43:08,790 --> 00:43:06,480

saying they wanted to stop me

1148

00:43:10,790 --> 00:43:08,800

researching into flying sources

1149

00:43:12,230 --> 00:43:10,800

and generally trying to terrify me but i

1150

00:43:14,309 --> 00:43:12,240

was never scared throughout the whole

1151
00:43:16,710 --> 00:43:14,319
thing this is what's kept me going

1152
00:43:18,230 --> 00:43:16,720
brilliant brains including nobel prize

1153
00:43:21,430 --> 00:43:18,240
winners around the world

1154
00:43:21,990 --> 00:43:21,440
are still puzzling not are there ufos

1155
00:43:25,510 --> 00:43:22,000
but

1156
00:43:27,829 --> 00:43:25,520
what are ufos we talked to klaus nobel

1157
00:43:29,109 --> 00:43:27,839
himself

1158
00:43:32,870 --> 00:43:29,119
it's something that man cannot

1159
00:43:36,710 --> 00:43:32,880
comprehend i think it's very likely that

1160
00:43:39,990 --> 00:43:36,720
there are unexplained phenomena and

1161
00:43:41,270 --> 00:43:40,000
i certainly many times hoped that they

1162
00:43:44,470 --> 00:43:41,280
would come and visit us

1163
00:43:46,550 --> 00:43:44,480

now and tell us here on earth that

1164

00:43:47,750 --> 00:43:46,560

we are in the process of doing things

1165

00:43:49,670 --> 00:43:47,760

that are not really

1166

00:43:51,589 --> 00:43:49,680

in our best interest because right now

1167

00:43:53,430 --> 00:43:51,599

it seems like you're self-destructive

1168

00:43:59,510 --> 00:43:53,440

and i would like to have them to come

1169

00:44:03,349 --> 00:44:01,829

my personal opinion today is that the

1170

00:44:05,349 --> 00:44:03,359

flying saucers

1171

00:44:06,870 --> 00:44:05,359

exist in our atmosphere they are

1172

00:44:10,069 --> 00:44:06,880

intelligently controlled

1173

00:44:13,270 --> 00:44:10,079

that they are they do convey or carry

1174

00:44:15,190 --> 00:44:13,280

uh people just as real as you and i

1175

00:44:16,550 --> 00:44:15,200

except in a different sense personally

1176

00:44:18,470 --> 00:44:16,560

i'd say i'm an agnostic

1177

00:44:19,990 --> 00:44:18,480

if one can apply that term to the

1178

00:44:23,270 --> 00:44:20,000

subject

1179

00:44:26,309 --> 00:44:23,280

i've seen many reports some of them

1180

00:44:29,190 --> 00:44:26,319

are definitely weird

1181

00:44:30,950 --> 00:44:29,200

but until i see one i don't believe but

1182

00:44:33,829 --> 00:44:30,960

i'm not going to say they're not there

1183

00:44:34,829 --> 00:44:33,839

well now what are we to think of this

1184

00:44:38,790 --> 00:44:34,839

kind of

1185

00:44:41,990 --> 00:44:38,800

phenomenon people claiming to see

1186

00:44:44,710 --> 00:44:42,000

things such as i did there are 38 of us

1187

00:44:46,069 --> 00:44:44,720

and we all believe that we saw us but of

1188

00:44:48,069 --> 00:44:46,079

course we

1189

00:44:50,230 --> 00:44:48,079

don't expect other people to believe us

1190

00:44:52,150 --> 00:44:50,240

if we if they don't want to

1191

00:44:54,870 --> 00:44:52,160

and i have very little time with the

1192

00:44:57,510 --> 00:44:54,880

attitudes of traditional science

1193

00:44:59,670 --> 00:44:57,520

which behave much more like religious

1194

00:45:01,829 --> 00:44:59,680

dictatorships in many instances

1195

00:45:04,630 --> 00:45:01,839

than they do like open-minded scientific

1196

00:45:06,710 --> 00:45:04,640

communities we have to have 15 million

1197

00:45:09,270 --> 00:45:06,720

witnesses before anybody's going to look

1198

00:45:11,670 --> 00:45:09,280

into the problem seriously

1199

00:45:13,109 --> 00:45:11,680

but this is utterly fantastic this is

1200

00:45:15,349 --> 00:45:13,119

more fantastic than

1201

00:45:17,030 --> 00:45:15,359

than flying saucers or or people from

1202

00:45:17,990 --> 00:45:17,040

venus or anything as far as i'm

1203

00:45:20,470 --> 00:45:18,000

concerned

1204

00:45:21,910 --> 00:45:20,480

if 15 million people did collectively

1205

00:45:24,150 --> 00:45:21,920

see something like this

1206

00:45:25,910 --> 00:45:24,160

flying over a major city is here in

1207

00:45:27,910 --> 00:45:25,920

perth australia

1208

00:45:29,670 --> 00:45:27,920

experience leads us to believe that

1209

00:45:31,270 --> 00:45:29,680

there would be a complete breakdown of

1210

00:45:32,790 --> 00:45:31,280

the social order

1211

00:45:34,390 --> 00:45:32,800

like the riots in new york when the

1212

00:45:37,190 --> 00:45:34,400

lights went out

1213

00:45:46,760 --> 00:45:37,200

in the mgm film soylent green we get a

1214

00:45:50,550 --> 00:45:46,770

taste of the chaos the future may hold

1215

00:45:52,390 --> 00:45:50,560

[Music]

1216

00:45:54,390 --> 00:45:52,400

i wouldn't put it past this government

1217

00:45:57,910 --> 00:45:54,400

that a cosmic watergate has

1218

00:45:59,030 --> 00:45:57,920

been underway for the last you know 25

1219

00:46:02,630 --> 00:45:59,040

years

1220

00:46:04,550 --> 00:46:02,640

at the same time i don't think it's uh

1221

00:46:05,670 --> 00:46:04,560

i think as we're growing up or from the

1222

00:46:08,470 --> 00:46:05,680

government's point of view

1223

00:46:09,750 --> 00:46:08,480

uh i think we've you know we're we've

1224

00:46:11,109 --> 00:46:09,760

been adults uh for

1225

00:46:12,470 --> 00:46:11,119

hundreds of years but from the

1226

00:46:14,230 --> 00:46:12,480

government's point of view we're still

1227

00:46:15,510 --> 00:46:14,240

growing up and eventually they might

1228

00:46:16,150 --> 00:46:15,520

want to tell us something about what

1229

00:46:19,190 --> 00:46:16,160

they've uh

1230

00:46:20,390 --> 00:46:19,200

discovered over over the decades there

1231

00:46:22,150 --> 00:46:20,400

is a rumor

1232

00:46:23,589 --> 00:46:22,160

that was in u.s news world report a

1233

00:46:26,950 --> 00:46:23,599

number of months ago that

1234

00:46:28,950 --> 00:46:26,960

jimmy carter might make a uh

1235

00:46:31,990 --> 00:46:28,960

make some unsettling disclosures about

1236

00:46:33,910 --> 00:46:32,000

the ufo phenomena sometime in december

1237

00:46:35,510 --> 00:46:33,920

uh it's pretty timing i opened my movie

1238

00:46:37,670 --> 00:46:35,520

in december so it's perfect timing

1239

00:46:39,030 --> 00:46:37,680

there is a shyness and a reluctance on

1240

00:46:42,069 --> 00:46:39,040

the part of many witnesses and

1241

00:46:45,109 --> 00:46:42,079

understandably so against reporting

1242

00:46:46,790 --> 00:46:45,119

because too many have been ridiculed

1243

00:46:48,230 --> 00:46:46,800

and the life has been made somewhat

1244

00:46:49,670 --> 00:46:48,240

miserable for them but at the center for

1245

00:46:53,910 --> 00:46:49,680

ufo studies

1246

00:46:57,349 --> 00:46:53,920

both in the states and in australia

1247

00:46:59,430 --> 00:46:57,359

is our standard practice never to use a

1248

00:47:00,309 --> 00:46:59,440

person's name without their specific

1249

00:47:03,510 --> 00:47:00,319

permission

1250

00:47:05,670 --> 00:47:03,520

so if any of our viewers have

1251

00:47:07,829 --> 00:47:05,680

a what they feel is a valid ufo

1252

00:47:09,270 --> 00:47:07,839

experience and have not reported it

1253

00:47:12,069 --> 00:47:09,280

by all means i would say it is your

1254

00:47:14,550 --> 00:47:12,079

scientific duty to report this

1255

00:47:17,430 --> 00:47:14,560

and with the assurance that your names

1256

00:47:19,990 --> 00:47:17,440

will not be used without your permission

1257

00:47:22,069 --> 00:47:20,000

a graduate nuclear physicist in america

1258

00:47:24,790 --> 00:47:22,079

felt it his duty to report a sighting he

1259

00:47:26,790 --> 00:47:24,800

shared with 12 other people

1260

00:47:27,910 --> 00:47:26,800

perhaps he will prove in the light of

1261

00:47:30,950 --> 00:47:27,920

future events

1262

00:47:33,109 --> 00:47:30,960

to be the most credible witness of all

1263

00:47:34,710 --> 00:47:33,119

this rare official document was signed

1264

00:47:35,750 --> 00:47:34,720

by the then governor of the state of

1265

00:47:38,390 --> 00:47:35,760

georgia

1266

00:47:42,790 --> 00:47:38,400

now the president of the united states

1267

00:47:46,309 --> 00:47:44,230

as we were about to finish this

1268

00:47:48,710 --> 00:47:46,319

documentary another intriguing

1269

00:47:51,670 --> 00:47:48,720

explanation of ufos was given to us

1270

00:47:53,030 --> 00:47:51,680

by an ex-fbi informer now living in

1271

00:47:55,670 --> 00:47:53,040

perth

1272

00:47:57,990 --> 00:47:55,680

a research physicist what he has to say

1273

00:48:00,710 --> 00:47:58,000

is what he believes to be the truth

1274

00:48:01,990 --> 00:48:00,720

it is so staggering we felt we should

1275

00:48:14,710 --> 00:48:02,000

extend this program

1276

00:48:18,470 --> 00:48:16,790

this scientist believes that man holds

1277

00:48:21,589 --> 00:48:18,480

the secret of anti-gravity

1278

00:48:23,750 --> 00:48:21,599

and can produce flying sources at will

1279

00:48:27,990 --> 00:48:23,760

we interviewed him at a private house in

1280

00:48:32,549 --> 00:48:29,910

well originally i didn't start to

1281

00:48:35,589 --> 00:48:32,559

investigate ufo phenomena

1282

00:48:37,829 --> 00:48:35,599

um i suppose i started studying the

1283

00:48:41,589 --> 00:48:37,839

physics that led me to this point

1284

00:48:43,190 --> 00:48:41,599

62 to 64 at the united states air force

1285

00:48:45,670 --> 00:48:43,200

academy as a cadet

1286

00:48:46,710 --> 00:48:45,680

and a special government program as

1287

00:48:49,270 --> 00:48:46,720

you're aware the

1288

00:48:50,870 --> 00:48:49,280

air force academy is outside norad in

1289

00:48:52,710 --> 00:48:50,880

the colorado mountains it's a few miles

1290

00:48:55,109 --> 00:48:52,720

up the hill from it

1291

00:48:56,710 --> 00:48:55,119

and i was trained there with 180

1292

00:49:00,829 --> 00:48:56,720

somewhat other characters

1293

00:49:03,349 --> 00:49:00,839

to do research in areas of

1294

00:49:05,030 --> 00:49:03,359

electrogravitics later we were

1295

00:49:06,309 --> 00:49:05,040

programmed with libraries of information

1296

00:49:08,069 --> 00:49:06,319

by

1297

00:49:10,069 --> 00:49:08,079

slides flashed up on a wall at the rate

1298

00:49:11,589 --> 00:49:10,079

of 200 pages a second we couldn't even

1299

00:49:12,390 --> 00:49:11,599

read them but they were being implanted

1300

00:49:14,710 --> 00:49:12,400

in our minds

1301

00:49:16,630 --> 00:49:14,720

subliminally it was a very classified

1302

00:49:17,990 --> 00:49:16,640

project and for the

1303

00:49:19,910 --> 00:49:18,000

most part of it while we were being

1304

00:49:21,510 --> 00:49:19,920

programmed we weren't aware

1305

00:49:23,510 --> 00:49:21,520

of what was going on we had normal

1306

00:49:25,190 --> 00:49:23,520

classes in the physics and

1307

00:49:26,790 --> 00:49:25,200

calculus and the sort of things but this

1308

00:49:29,109 --> 00:49:26,800

stuff was being programmed in

1309

00:49:30,950 --> 00:49:29,119

so that we had to assimilate it or bring

1310

00:49:32,230 --> 00:49:30,960

it to our conscious mind over the months

1311

00:49:35,349 --> 00:49:32,240

and years it followed in

1312

00:49:36,790 --> 00:49:35,359

dreams and kind of

1313

00:49:39,589 --> 00:49:36,800

daydream periods during the day when

1314

00:49:42,309 --> 00:49:39,599

we're awake but um

1315

00:49:43,430 --> 00:49:42,319

i left the academy in 64. i had a top

1316

00:49:44,549 --> 00:49:43,440

secret security clearance with the

1317

00:49:46,069 --> 00:49:44,559

government and then eventually that

1318

00:49:47,670 --> 00:49:46,079

lapsed to secret

1319

00:49:49,270 --> 00:49:47,680

and i did a bit of time in the reserves

1320

00:49:50,470 --> 00:49:49,280

air force reserves with the strategic

1321

00:49:53,510 --> 00:49:50,480

air command outside of

1322

00:49:55,829 --> 00:49:53,520

fort worth and then um

1323

00:49:57,270 --> 00:49:55,839

i proceeded to do private research in

1324

00:49:59,910 --> 00:49:57,280

this electric gravity

1325

00:50:01,510 --> 00:49:59,920

thinking that i had cracked the secret

1326
00:50:03,270 --> 00:50:01,520
of anti-gravity all by myself and

1327
00:50:03,910 --> 00:50:03,280
jumping up and down my father's labs and

1328
00:50:06,870 --> 00:50:03,920
mines

1329
00:50:08,549 --> 00:50:06,880
in dallas and um one day i was

1330
00:50:11,510 --> 00:50:08,559
approached by the government

1331
00:50:14,309 --> 00:50:11,520
and a kind of a adversary from dr edward

1332
00:50:15,910 --> 00:50:14,319
teller's office uh dr james r maxfield

1333
00:50:18,069 --> 00:50:15,920
when he told me what i'd been doing in

1334
00:50:22,069 --> 00:50:18,079
my lab and the details of stuff i hadn't

1335
00:50:23,589 --> 00:50:22,079
written down or told anybody he knew and

1336
00:50:25,190 --> 00:50:23,599
he had other people like myself

1337
00:50:26,230 --> 00:50:25,200
sponsored in this kind of research

1338
00:50:27,670 --> 00:50:26,240

around the country

1339

00:50:29,829 --> 00:50:27,680

and that was the first time that i knew

1340

00:50:31,270 --> 00:50:29,839

that the us government was actively

1341

00:50:33,910 --> 00:50:31,280

involved had been and was still

1342

00:50:35,270 --> 00:50:33,920

actively involved in the control of

1343

00:50:40,309 --> 00:50:35,280

gravity with electricity

1344

00:50:41,349 --> 00:50:40,319

and who did this man represent well his

1345

00:50:45,109 --> 00:50:41,359

job

1346

00:50:46,790 --> 00:50:45,119

director of the james r maxfield

1347

00:50:48,150 --> 00:50:46,800

radiation research clinic in dallas

1348

00:50:50,630 --> 00:50:48,160

texas the

1349

00:50:51,670 --> 00:50:50,640

same max phillip invented the irradiated

1350

00:50:55,030 --> 00:50:51,680

thread

1351
00:50:57,589 --> 00:50:55,040
treatment for cancer various organs

1352
00:50:59,190 --> 00:50:57,599
and if you look at this little dossier

1353
00:51:01,190 --> 00:50:59,200
that's in the who's who

1354
00:51:02,870 --> 00:51:01,200
you find that he was on the president's

1355
00:51:05,190 --> 00:51:02,880
national security advisory board

1356
00:51:08,390 --> 00:51:05,200
which is uh really a rather important

1357
00:51:09,670 --> 00:51:08,400
log in the u.s intelligence system

1358
00:51:11,910 --> 00:51:09,680
kissinger would have been on the same

1359
00:51:13,910 --> 00:51:11,920
rank um

1360
00:51:15,750 --> 00:51:13,920
you'll find that he was closely

1361
00:51:17,670 --> 00:51:15,760
affiliated with dr edward teller who was

1362
00:51:26,470 --> 00:51:17,680
the

1363
00:51:27,670 --> 00:51:26,480

don't know where he still is

1364

00:51:29,750 --> 00:51:27,680

and that he had worked on a similar

1365

00:51:30,390 --> 00:51:29,760

project with him in fact the letter that

1366

00:51:32,549 --> 00:51:30,400

you and i

1367

00:51:34,150 --> 00:51:32,559

viewed earlier from my files from dr

1368

00:51:35,750 --> 00:51:34,160

maxfield to this government and to sir

1369

00:51:38,549 --> 00:51:35,760

john williams

1370

00:51:40,390 --> 00:51:38,559

did mention that fact if you recall so

1371

00:51:43,510 --> 00:51:40,400

what happened to you then

1372

00:51:45,030 --> 00:51:43,520

well um they suggested that i finish my

1373

00:51:48,069 --> 00:51:45,040

research in australia

1374

00:51:50,950 --> 00:51:48,079

i wasn't enthralled with the idea but dr

1375

00:51:51,589 --> 00:51:50,960

maxfield told me that i would be paid to

1376

00:51:53,510 --> 00:51:51,599

come down

1377

00:51:54,950 --> 00:51:53,520

and that i was to call the australian

1378

00:51:57,910 --> 00:51:54,960

consulate in

1379

00:51:58,549 --> 00:51:57,920

san francisco and ask for bob gray and

1380

00:52:00,470 --> 00:51:58,559

tell him that

1381

00:52:01,990 --> 00:52:00,480

in these words that i was a member of

1382

00:52:04,230 --> 00:52:02,000

maxwell's party

1383

00:52:05,910 --> 00:52:04,240

at the same time that uh i was being

1384

00:52:07,670 --> 00:52:05,920

approached by dr maxfield's party to

1385

00:52:09,750 --> 00:52:07,680

come down here and finish my research

1386

00:52:11,030 --> 00:52:09,760

i'd been approached already by the fbi

1387

00:52:12,470 --> 00:52:11,040

and was working for them as an

1388

00:52:14,549 --> 00:52:12,480

informant that doesn't mean that you're

1389

00:52:15,990 --> 00:52:14,559

a trained agent it just means that

1390

00:52:17,750 --> 00:52:16,000

you're somewhere in industry where they

1391

00:52:19,910 --> 00:52:17,760

need someone they don't have time

1392

00:52:21,589 --> 00:52:19,920

to get them in there informing on what

1393

00:52:23,270 --> 00:52:21,599

well the particular thing i was to

1394

00:52:24,870 --> 00:52:23,280

inform on was the comings and goings of

1395

00:52:27,589 --> 00:52:24,880

various people from the white house

1396

00:52:29,030 --> 00:52:27,599

to my group of companies in dallas and

1397

00:52:31,349 --> 00:52:29,040

also their connection to israel in the

1398

00:52:34,390 --> 00:52:31,359

middle east political situation

1399

00:52:35,030 --> 00:52:34,400

and and i did my job rather well just

1400

00:52:37,430 --> 00:52:35,040

reporting

1401
00:52:38,549 --> 00:52:37,440
who came and went and various amounts of

1402
00:52:39,750 --> 00:52:38,559
money and things that i didn't know that

1403
00:52:41,750 --> 00:52:39,760
transferred

1404
00:52:44,829 --> 00:52:41,760
um there were about seven or eight

1405
00:52:46,069 --> 00:52:44,839
hundred of us in the united states that

1406
00:52:47,990 --> 00:52:46,079
were

1407
00:52:49,670 --> 00:52:48,000
employed by the fbi in this manner i

1408
00:52:50,790 --> 00:52:49,680
didn't take money i took information in

1409
00:52:53,109 --> 00:52:50,800
exchange

1410
00:52:54,069 --> 00:52:53,119
but um at any rate they came and told me

1411
00:52:56,390 --> 00:52:54,079
the fbi did that

1412
00:52:58,069 --> 00:52:56,400
i had been compromised by a break-in in

1413
00:52:59,750 --> 00:52:58,079

one of their agencies in louisiana or

1414

00:53:02,150 --> 00:52:59,760

someplace like that

1415

00:53:03,670 --> 00:53:02,160

and that i was going to get shot and

1416

00:53:05,829 --> 00:53:03,680

wish they'd explained to me at the

1417

00:53:07,910 --> 00:53:05,839

beginning the the risks involved but

1418

00:53:09,750 --> 00:53:07,920

i thought they were joking until i went

1419

00:53:13,109 --> 00:53:09,760

back to the uh

1420

00:53:15,430 --> 00:53:13,119

the office the computer division there

1421

00:53:17,589 --> 00:53:15,440

in dallas and was sacked given 30

1422

00:53:20,309 --> 00:53:17,599

minutes to clean up my desk and leave

1423

00:53:20,870 --> 00:53:20,319

and uh by an old friend of mine and so

1424

00:53:24,150 --> 00:53:20,880

he

1425

00:53:26,549 --> 00:53:24,160

spy ring and all kinds of stuff

1426

00:53:28,069 --> 00:53:26,559

and so i left and in fact i didn't have

1427

00:53:29,349 --> 00:53:28,079

my last meeting with the fbi

1428

00:53:31,270 --> 00:53:29,359

and i didn't have my last meeting with

1429

00:53:33,349 --> 00:53:31,280

dr maxfield i just uh

1430

00:53:35,510 --> 00:53:33,359

bundled a few things in the family into

1431

00:53:37,990 --> 00:53:35,520

a plane and headed for australia

1432

00:53:39,270 --> 00:53:38,000

i didn't make it and i was quite glad to

1433

00:53:41,910 --> 00:53:39,280

and

1434

00:53:42,950 --> 00:53:41,920

kept a very low profile for seven months

1435

00:53:44,549 --> 00:53:42,960

but

1436

00:53:46,069 --> 00:53:44,559

i continued to do my research and i

1437

00:53:47,430 --> 00:53:46,079

wrote dr maxfield a letter and that was

1438

00:53:49,750 --> 00:53:47,440

perhaps my mistake

1439

00:53:51,030 --> 00:53:49,760

i said look i've done it i've figured

1440

00:53:53,510 --> 00:53:51,040

out the wave

1441

00:53:55,030 --> 00:53:53,520

equation that we were looking for and

1442

00:53:56,390 --> 00:53:55,040

again in my ignorance i didn't realize

1443

00:53:57,910 --> 00:53:56,400

how much work had already been done and

1444

00:53:59,750 --> 00:53:57,920

gone before me i was just

1445

00:54:01,030 --> 00:53:59,760

kind of on the periphery or the edge of

1446

00:54:03,510 --> 00:54:01,040

this whole development

1447

00:54:05,589 --> 00:54:03,520

that's a device to be able to make

1448

00:54:08,790 --> 00:54:05,599

things like flying sources fly is it

1449

00:54:12,630 --> 00:54:08,800

yes also it's a device to store um

1450

00:54:16,150 --> 00:54:12,640

energy in the form of motion like of a

1451

00:54:18,990 --> 00:54:16,160

a small star or a big atom it's called

1452

00:54:21,190 --> 00:54:19,000

this is a long word an mhd plasma

1453

00:54:23,030 --> 00:54:21,200

magnetohydrodynamic plasma

1454

00:54:24,950 --> 00:54:23,040

like ball lightning and it contains

1455

00:54:26,549 --> 00:54:24,960

itself but it's a way to turn

1456

00:54:28,150 --> 00:54:26,559

all sorts of electricity into a high

1457

00:54:29,589 --> 00:54:28,160

voltage battery

1458

00:54:31,589 --> 00:54:29,599

now this would have been an immediate

1459

00:54:35,430 --> 00:54:31,599

solution for the middle east uh

1460

00:54:37,589 --> 00:54:35,440

oil blockade at that time now um

1461

00:54:39,030 --> 00:54:37,599

i wrote the letter in good faith trying

1462

00:54:40,789 --> 00:54:39,040

to say look we can

1463

00:54:42,630 --> 00:54:40,799

stop the threat of war in the middle

1464

00:54:44,309 --> 00:54:42,640

east by using this as an alternate

1465

00:54:45,430 --> 00:54:44,319

energy source it's very portable it's

1466

00:54:47,190 --> 00:54:45,440

non-polluting

1467

00:54:49,430 --> 00:54:47,200

it had some by-product radiation

1468

00:54:52,069 --> 00:54:49,440

problems but things we could solve

1469

00:54:53,990 --> 00:54:52,079

it'll be cleaner than fishing or fusion

1470

00:54:56,230 --> 00:54:54,000

now

1471

00:54:57,510 --> 00:54:56,240

that's when um people here in this

1472

00:54:59,190 --> 00:54:57,520

country uh

1473

00:55:00,789 --> 00:54:59,200

at the aeronautical research labs and

1474

00:55:02,069 --> 00:55:00,799

politicians started to get a hold of me

1475

00:55:05,349 --> 00:55:02,079

azo contacted me

1476
00:55:07,109 --> 00:55:05,359
good grief an odd infant item a chain of

1477
00:55:08,789 --> 00:55:07,119
intelligence people including two cia

1478
00:55:10,630 --> 00:55:08,799
people from the states

1479
00:55:12,870 --> 00:55:10,640
and then the fbi eventually started

1480
00:55:14,230 --> 00:55:12,880
looking for me in this country and

1481
00:55:17,430 --> 00:55:14,240
that again was after the intelligence

1482
00:55:19,829 --> 00:55:17,440
war over there after hoover died

1483
00:55:21,510 --> 00:55:19,839
and i was unable to finish my research

1484
00:55:23,109 --> 00:55:21,520
in this country in fact i met many

1485
00:55:24,549 --> 00:55:23,119
dead ends and government departments and

1486
00:55:25,510 --> 00:55:24,559
research facilities where they told me

1487
00:55:27,990 --> 00:55:25,520
privately

1488
00:55:29,589 --> 00:55:28,000

like uh dr tom keeble in the

1489

00:55:29,990 --> 00:55:29,599

aeronautical research labs he told me

1490

00:55:31,430 --> 00:55:30,000

yes

1491

00:55:33,030 --> 00:55:31,440

we know about the flying saucers your

1492

00:55:34,069 --> 00:55:33,040

countrymen have built in england and

1493

00:55:35,750 --> 00:55:34,079

canada

1494

00:55:37,270 --> 00:55:35,760

and in fact we have film records of them

1495

00:55:39,910 --> 00:55:37,280

here in the r double af

1496

00:55:40,309 --> 00:55:39,920

files i said i want to stop you there

1497

00:55:42,549 --> 00:55:40,319

yeah

1498

00:55:43,430 --> 00:55:42,559

are you saying stan that there are such

1499

00:55:45,670 --> 00:55:43,440

things as

1500

00:55:48,230 --> 00:55:45,680

let's call them flying sources but they

1501
00:55:50,950 --> 00:55:48,240
are built on earth

1502
00:55:52,870 --> 00:55:50,960
yes that doesn't mean that i rule out

1503
00:55:54,950 --> 00:55:52,880
the possibility of other

1504
00:55:57,030 --> 00:55:54,960
flying devices or intelligent beings

1505
00:56:00,789 --> 00:55:57,040
visiting the planet either from

1506
00:56:03,270 --> 00:56:00,799
the oceanic bottoms or deeper areas or

1507
00:56:04,950 --> 00:56:03,280
from other areas in space but i am

1508
00:56:06,230 --> 00:56:04,960
positive that we have the technology i

1509
00:56:07,430 --> 00:56:06,240
can even name it the companies and

1510
00:56:10,230 --> 00:56:07,440
people involved

1511
00:56:11,990 --> 00:56:10,240
in making high-speed electric aircraft

1512
00:56:13,349 --> 00:56:12,000
that do look strange enough like a

1513
00:56:15,670 --> 00:56:13,359

saucer

1514

00:56:16,390 --> 00:56:15,680

what sort of proof can one furnish for

1515

00:56:18,630 --> 00:56:16,400

that

1516

00:56:19,829 --> 00:56:18,640

oh good greeting uh the briefcase i've

1517

00:56:22,150 --> 00:56:19,839

got down here is uh

1518

00:56:23,030 --> 00:56:22,160

full of documented evidence that is not

1519

00:56:26,390 --> 00:56:23,040

all secret

1520

00:56:29,990 --> 00:56:26,400

um if you go to uh

1521

00:56:31,670 --> 00:56:30,000

to the um the records of the new york

1522

00:56:33,510 --> 00:56:31,680

herald tribune the newspapers now

1523

00:56:37,750 --> 00:56:33,520

defunct i think it's being stored in the

1524

00:56:40,710 --> 00:56:37,760

wisconsin um state historical society

1525

00:56:42,630 --> 00:56:40,720

uh and look for november 20th 21st and

1526
00:56:44,470 --> 00:56:42,640
22nd 1955.

1527
00:56:47,109 --> 00:56:44,480
there are three articles in the series

1528
00:56:48,470 --> 00:56:47,119
on anti-gravity and the various

1529
00:56:50,230 --> 00:56:48,480
companies and people involved in the

1530
00:56:50,950 --> 00:56:50,240
research of the united states japan

1531
00:56:53,030 --> 00:56:50,960
europe

1532
00:56:55,270 --> 00:56:53,040
the list is like a who's who of nuclear

1533
00:56:56,150 --> 00:56:55,280
physics it was written by ansel e

1534
00:56:57,750 --> 00:56:56,160
talbert the

1535
00:56:59,910 --> 00:56:57,760
science and aviation editor for the new

1536
00:57:01,670 --> 00:56:59,920
york herald tribune at that time

1537
00:57:03,589 --> 00:57:01,680
you can look there you can look in the

1538
00:57:05,750 --> 00:57:03,599

electrical engineering index for that

1539

00:57:09,829 --> 00:57:05,760

period between 55 and 58

1540

00:57:12,710 --> 00:57:09,839

that's a long time ago yes 57 about

1541

00:57:14,230 --> 00:57:12,720

march the security curtain went down and

1542

00:57:16,309 --> 00:57:14,240

there were at that time over 100

1543

00:57:17,349 --> 00:57:16,319

published universities and organizations

1544

00:57:18,870 --> 00:57:17,359

including the

1545

00:57:21,510 --> 00:57:18,880

gravity research foundation which is

1546

00:57:23,109 --> 00:57:21,520

still operational in gravity village

1547

00:57:24,549 --> 00:57:23,119

in the united states there were over 100

1548

00:57:26,950 --> 00:57:24,559

of these things operating to

1549

00:57:28,630 --> 00:57:26,960

develop gravity the control of it as a

1550

00:57:32,230 --> 00:57:28,640

power source and communication

1551
00:57:33,750 --> 00:57:32,240
and locomotion etc now in 57 the blanket

1552
00:57:36,549 --> 00:57:33,760
went down to security

1553
00:57:36,870 --> 00:57:36,559
and there was no more reported news on

1554
00:57:41,349 --> 00:57:36,880
it

1555
00:57:42,309 --> 00:57:41,359
research avenue that everybody had

1556
00:57:43,990 --> 00:57:42,319
stopped working on it

1557
00:57:45,109 --> 00:57:44,000
or that it was highly successful and

1558
00:57:46,710 --> 00:57:45,119
there'd been a few breakthroughs there

1559
00:57:47,990 --> 00:57:46,720
was just nothing it went quiet

1560
00:57:49,670 --> 00:57:48,000
and if you go back in the period and

1561
00:57:50,069 --> 00:57:49,680
look you will see that for a number of

1562
00:57:52,069 --> 00:57:50,079
years

1563
00:57:53,750 --> 00:57:52,079

after 57 there was no mention of this

1564

00:57:55,190 --> 00:57:53,760

sort of research in print

1565

00:57:56,950 --> 00:57:55,200

behind the scenes there was a lot of

1566

00:57:59,910 --> 00:57:56,960

discussion and even walt disney's

1567

00:58:01,030 --> 00:57:59,920

sorry mgm studios made the movie the

1568

00:58:03,510 --> 00:58:01,040

forbidden planet

1569

00:58:05,190 --> 00:58:03,520

revealing at that time a lot as it were

1570

00:58:07,349 --> 00:58:05,200

fiction of the technology

1571

00:58:09,030 --> 00:58:07,359

and why it had to be covered up i think

1572

00:58:10,069 --> 00:58:09,040

walter pigeon started and he did a good

1573

00:58:12,069 --> 00:58:10,079

job

1574

00:58:33,990 --> 00:58:12,079

prepare your mind for a new scale of

1575

00:58:53,190 --> 00:58:51,349

7 800 levels

1576

00:58:54,950 --> 00:58:53,200

basically they decided that mankind

1577

00:58:56,789 --> 00:58:54,960

wasn't ready for yet because he

1578

00:58:59,270 --> 00:58:56,799

proceeded to misuse it like he had the

1579

00:59:02,789 --> 00:58:59,280

atom or the hydrogen bomb

1580

00:59:04,870 --> 00:59:02,799

now recent evidence is very hard to get

1581

00:59:06,230 --> 00:59:04,880

however in this country a little leak

1582

00:59:11,950 --> 00:59:06,240

occurred over here with william h

1583

00:59:18,069 --> 00:59:14,069

1973 or four i believe

1584

00:59:19,430 --> 00:59:18,079

i can't remember now and he um published

1585

00:59:22,030 --> 00:59:19,440

an article on pine gap

1586

00:59:23,670 --> 00:59:22,040

and how nixon had intended to use it in

1587

00:59:26,390 --> 00:59:23,680

1975

1588

00:59:27,910 --> 00:59:26,400

to solve the energy crisis by announcing

1589

00:59:28,870 --> 00:59:27,920

a new method of electromagnetic

1590

00:59:31,030 --> 00:59:28,880

propulsion

1591

00:59:31,990 --> 00:59:31,040

which would be based from the pine gap

1592

00:59:34,150 --> 00:59:32,000

facility

1593

00:59:35,990 --> 00:59:34,160

well now from my knowledge of the of the

1594

00:59:36,549 --> 00:59:36,000

technology what small knowledge you do

1595

00:59:39,750 --> 00:59:36,559

have from my

1596

00:59:41,349 --> 00:59:39,760

little viewpoint uh pine gap has all of

1597

00:59:43,750 --> 00:59:41,359

the inherent uh

1598

00:59:44,789 --> 00:59:43,760

descriptions necessary for a high

1599

00:59:47,510 --> 00:59:44,799

voltage

1600

00:59:49,270 --> 00:59:47,520

low frequency power broadcast station to

1601
00:59:51,270 --> 00:59:49,280
broadcast electricity

1602
00:59:52,390 --> 00:59:51,280
to various receivers like cars and

1603
00:59:54,549 --> 00:59:52,400
submarines and

1604
00:59:55,589 --> 00:59:54,559
aircraft that are tuned to that power

1605
00:59:58,230 --> 00:59:55,599
station

1606
00:59:59,670 --> 00:59:58,240
it's just a more efficient version of

1607
01:00:01,589 --> 00:59:59,680
the exmouth facility here at the

1608
01:00:04,630 --> 01:00:01,599
northwest cape

1609
01:00:04,950 --> 01:00:04,640
um so it's right here on our doorstep is

1610
01:00:07,510 --> 01:00:04,960
it

1611
01:00:08,710 --> 01:00:07,520
oh yes the big question you have to ask

1612
01:00:11,910 --> 01:00:08,720
yourself

1613
01:00:12,390 --> 01:00:11,920

guys why would such a thing be kept

1614

01:00:14,710 --> 01:00:12,400

secret

1615

01:00:15,589 --> 01:00:14,720

i mean people at the levels that are

1616

01:00:17,750 --> 01:00:15,599

covering it up

1617

01:00:18,710 --> 01:00:17,760

i i know some of them personally and

1618

01:00:21,430 --> 01:00:18,720

they aren't

1619

01:00:22,710 --> 01:00:21,440

in my opinion villains they're very uh

1620

01:00:25,910 --> 01:00:22,720

sincere humanists

1621

01:00:26,710 --> 01:00:25,920

they are trying to solve planet earth uh

1622

01:00:29,430 --> 01:00:26,720

trying to bring

1623

01:00:30,549 --> 01:00:29,440

unity their way you speak of them as

1624

01:00:32,309 --> 01:00:30,559

though they were

1625

01:00:34,150 --> 01:00:32,319

they were collective rather than

1626

01:00:37,190 --> 01:00:34,160

singular is that right yes

1627

01:00:38,549 --> 01:00:37,200

um dr kibel as i mentioned before in

1628

01:00:41,589 --> 01:00:38,559

melbourne at the aerodynamic research

1629

01:00:44,630 --> 01:00:41,599

lab tried to explain to me about

1630

01:00:48,710 --> 01:00:44,640

they he mentioned we as though it was

1631

01:00:51,510 --> 01:00:48,720

a an organization a group of scientists

1632

01:00:52,470 --> 01:00:51,520

academics industrialistic he couldn't be

1633

01:00:54,069 --> 01:00:52,480

exact now

1634

01:00:56,309 --> 01:00:54,079

he never put a name to it but i said

1635

01:01:00,150 --> 01:00:56,319

well do you mean like a club and he said

1636

01:01:01,670 --> 01:01:00,160

yes but no we are aware of these

1637

01:01:04,309 --> 01:01:01,680

problems and we're trying to solve them

1638

01:01:06,150 --> 01:01:04,319

in the best way we know how

1639

01:01:08,309 --> 01:01:06,160

granted there are things that should be

1640

01:01:10,390 --> 01:01:08,319

kept from the public eye

1641

01:01:12,150 --> 01:01:10,400

until we do have some sort of a unity in

1642

01:01:15,589 --> 01:01:12,160

the world economy

1643

01:01:18,309 --> 01:01:15,599

uh but i think the manner which has been

1644

01:01:20,870 --> 01:01:18,319

gone about is most unfortunate i would

1645

01:01:23,670 --> 01:01:20,880

not have taken the same tag myself

1646

01:01:25,270 --> 01:01:23,680

the power politics involved in keeping

1647

01:01:26,309 --> 01:01:25,280

the secrets that we now have across the

1648

01:01:29,430 --> 01:01:26,319

planet

1649

01:01:30,470 --> 01:01:29,440

have allowed well in my opinion groups

1650

01:01:32,789 --> 01:01:30,480

that aren't

1651
01:01:34,870 --> 01:01:32,799
capable of handling uh control the

1652
01:01:37,030 --> 01:01:34,880
planet to take power

1653
01:01:38,309 --> 01:01:37,040
so what basically you're saying and

1654
01:01:40,950 --> 01:01:38,319
correct me if i'm wrong

1655
01:01:41,829 --> 01:01:40,960
is that we've got a situation where you

1656
01:01:45,030 --> 01:01:41,839
maintain

1657
01:01:47,030 --> 01:01:45,040
various countries have perhaps

1658
01:01:48,549 --> 01:01:47,040
a top level intelligentsia who are in

1659
01:01:52,069 --> 01:01:48,559
possession of a common

1660
01:01:53,670 --> 01:01:52,079
set of facts which which transpose

1661
01:01:55,990 --> 01:01:53,680
country boundaries now and it's a

1662
01:01:57,990 --> 01:01:56,000
worldwide sort of yes

1663
01:01:59,750 --> 01:01:58,000

in russia uh involved in this would be

1664

01:02:00,630 --> 01:01:59,760

the russian physicist who's been in the

1665

01:02:02,230 --> 01:02:00,640

news recently

1666

01:02:03,990 --> 01:02:02,240

with the civil rights movement's dr

1667

01:02:06,950 --> 01:02:04,000

andrei sakharov

1668

01:02:09,109 --> 01:02:06,960

also in his country an ex-kgb agent some

1669

01:02:12,549 --> 01:02:09,119

25 years but a physicist

1670

01:02:15,349 --> 01:02:12,559

and a former hydrogen bomb project

1671

01:02:15,670 --> 01:02:15,359

development engineer or sorry physicist

1672

01:02:18,870 --> 01:02:15,680

is

1673

01:02:20,950 --> 01:02:18,880

dr bruno porta ponte corvo working on

1674

01:02:23,270 --> 01:02:20,960

gravity engines in siberia

1675

01:02:24,309 --> 01:02:23,280

um as i told you in the states it was uh

1676

01:02:26,549 --> 01:02:24,319

dr teller

1677

01:02:27,670 --> 01:02:26,559

and affiliates there i don't know all of

1678

01:02:29,990 --> 01:02:27,680

their names

1679

01:02:31,349 --> 01:02:30,000

but these people have all been working

1680

01:02:35,109 --> 01:02:31,359

together as

1681

01:02:36,870 --> 01:02:35,119

scientists who go above governments and

1682

01:02:38,390 --> 01:02:36,880

look they're sincere i can't blame them

1683

01:02:39,910 --> 01:02:38,400

for doing this it's just that they have

1684

01:02:40,789 --> 01:02:39,920

lost control of what they tried to set

1685

01:02:44,230 --> 01:02:40,799

up

1686

01:02:46,390 --> 01:02:44,240

has that association got a name

1687

01:02:47,670 --> 01:02:46,400

i don't think so when i worked with the

1688

01:02:49,190 --> 01:02:47,680

fbi

1689

01:02:50,950 --> 01:02:49,200

there was a political and financial

1690

01:02:53,349 --> 01:02:50,960

institution that i was

1691

01:02:54,950 --> 01:02:53,359

ordered to investigate with many other

1692

01:02:57,589 --> 01:02:54,960

agents and it was called the

1693

01:02:59,589 --> 01:02:57,599

the illuminati which is a general term

1694

01:03:02,630 --> 01:02:59,599

meaning the enlightened or the

1695

01:03:04,150 --> 01:03:02,640

wise ones um it

1696

01:03:05,829 --> 01:03:04,160

the investigation this led me to the

1697

01:03:06,710 --> 01:03:05,839

council on foreign relations and to the

1698

01:03:08,630 --> 01:03:06,720

club of rome

1699

01:03:11,270 --> 01:03:08,640

which are linked by joint directorships

1700

01:03:13,270 --> 01:03:11,280

under carroll wilson

1701

01:03:15,349 --> 01:03:13,280

this is again another tale but you put

1702

01:03:18,630 --> 01:03:15,359

yourself in the scientist position

1703

01:03:21,029 --> 01:03:18,640

in the mid 50s what you see

1704

01:03:23,430 --> 01:03:21,039

is that you've got a technology that if

1705

01:03:26,309 --> 01:03:23,440

announced to the public would cause mass

1706

01:03:27,910 --> 01:03:26,319

reactions in the economy in social moves

1707

01:03:29,430 --> 01:03:27,920

and cultural reactions that could

1708

01:03:29,990 --> 01:03:29,440

probably bring about the demise of the

1709

01:03:32,069 --> 01:03:30,000

whole human

1710

01:03:34,069 --> 01:03:32,079

civilization a simple example would be

1711

01:03:35,589 --> 01:03:34,079

this as a scientist you come out in the

1712

01:03:37,990 --> 01:03:35,599

mid 50s and you say

1713

01:03:39,029 --> 01:03:38,000

we have a process which will allow us to

1714

01:03:42,870 --> 01:03:39,039

get rid of

1715

01:03:46,230 --> 01:03:42,880

engine hence the petrol

1716

01:03:48,309 --> 01:03:46,240

hence all the dependent industries

1717

01:03:50,069 --> 01:03:48,319

it'll be available for you in 24 months

1718

01:03:52,630 --> 01:03:50,079

time it only cost you

1719

01:03:54,150 --> 01:03:52,640

three or four thousand dollars now what

1720

01:03:56,309 --> 01:03:54,160

kind he's right mind would buy a new

1721

01:03:57,910 --> 01:03:56,319

petrol engine car if he could have one

1722

01:04:00,150 --> 01:03:57,920

of those new ones in two years that

1723

01:04:00,470 --> 01:04:00,160

don't need roads and run on electricity

1724

01:04:03,349 --> 01:04:00,480

and

1725

01:04:04,950 --> 01:04:03,359

no petrol necessary they'd all stop

1726

01:04:06,230 --> 01:04:04,960

their buying trends which would then

1727

01:04:08,549 --> 01:04:06,240

collapse the economies that would be

1728

01:04:11,270 --> 01:04:08,559

building the other one in 24 months

1729

01:04:13,990 --> 01:04:11,280

if you had a central world authority

1730

01:04:15,750 --> 01:04:14,000

like dr pachay's club of rome group want

1731

01:04:16,950 --> 01:04:15,760

then if you announced when you

1732

01:04:18,789 --> 01:04:16,960

controlled all the nations and the

1733

01:04:21,349 --> 01:04:18,799

economies you announced and said

1734

01:04:22,870 --> 01:04:21,359

uh we've got a new car that does this

1735

01:04:24,470 --> 01:04:22,880

nobody panic because they know that if

1736

01:04:25,829 --> 01:04:24,480

their industry became redundant they

1737

01:04:26,470 --> 01:04:25,839

would be retrained and paid while

1738

01:04:28,870 --> 01:04:26,480

they're doing it

1739

01:04:29,510 --> 01:04:28,880

in some other support industry we don't

1740

01:04:31,190 --> 01:04:29,520

have that

1741

01:04:33,190 --> 01:04:31,200

facility on the planet at the moment

1742

01:04:34,710 --> 01:04:33,200

because we're greatly disordered

1743

01:04:36,789 --> 01:04:34,720

and many of the cultures fight against

1744

01:04:38,069 --> 01:04:36,799

each other scientists industrialist

1745

01:04:39,270 --> 01:04:38,079

engineers found this problem in the

1746

01:04:40,870 --> 01:04:39,280

mid-50s

1747

01:04:42,789 --> 01:04:40,880

now we're playing their part so we sit

1748

01:04:45,510 --> 01:04:42,799

here and we say how do we get

1749

01:04:47,190 --> 01:04:45,520

world unity the united nations the

1750

01:04:48,549 --> 01:04:47,200

league of nations had failed

1751

01:04:50,390 --> 01:04:48,559

you couldn't get any two or three of

1752

01:04:53,270 --> 01:04:50,400

them to agree to turn their sovereignty

1753

01:04:53,990 --> 01:04:53,280

over to a third party you couldn't come

1754

01:04:55,829 --> 01:04:54,000

out and

1755

01:04:57,510 --> 01:04:55,839

field an army from the united nations or

1756

01:04:59,670 --> 01:04:57,520

league of nations or any anywhere

1757

01:05:01,349 --> 01:04:59,680

even a corporate army until the people

1758

01:05:02,950 --> 01:05:01,359

of earth you're taking over

1759

01:05:04,470 --> 01:05:02,960

as some people have suggested the

1760

01:05:06,230 --> 01:05:04,480

multinationals might do

1761

01:05:07,589 --> 01:05:06,240

you can't do that because the mass

1762

01:05:09,270 --> 01:05:07,599

resistance would be

1763

01:05:11,190 --> 01:05:09,280

worse than the french resistance to

1764

01:05:12,390 --> 01:05:11,200

hitler it'd destroy the unity they were

1765

01:05:15,109 --> 01:05:12,400

trying to get

1766

01:05:15,990 --> 01:05:15,119

so by peaceful discussion over the

1767

01:05:19,190 --> 01:05:16,000

conference table

1768

01:05:20,630 --> 01:05:19,200

and by force it wasn't possible yet as

1769

01:05:21,589 --> 01:05:20,640

the scientific community looked at this

1770

01:05:23,349 --> 01:05:21,599

new technology

1771

01:05:25,029 --> 01:05:23,359

it reached into all human endeavor

1772

01:05:27,910 --> 01:05:25,039

touched many points of life

1773

01:05:29,589 --> 01:05:27,920

they said look if we develop this

1774

01:05:32,230 --> 01:05:29,599

completely develop it into a social

1775

01:05:34,150 --> 01:05:32,240

technological integrated model

1776

01:05:35,670 --> 01:05:34,160

away from the rest of people and islands

1777

01:05:38,069 --> 01:05:35,680

or in back rooms however we do it keep

1778

01:05:42,710 --> 01:05:38,079

it quite even from the politicians

1779

01:05:44,630 --> 01:05:42,720

at some point later after 1956 57 58

1780

01:05:47,029 --> 01:05:44,640

some point later we'll have it ready to

1781

01:05:49,029 --> 01:05:47,039

announce to the world as a global system

1782

01:05:51,190 --> 01:05:49,039

then all we've got to do is figure out

1783

01:05:53,510 --> 01:05:51,200

how to convince them to give it a try

1784

01:05:54,630 --> 01:05:53,520

in unity right well this this was 20

1785

01:05:56,630 --> 01:05:54,640

years ago

1786

01:05:58,069 --> 01:05:56,640

are we now saying that this is

1787

01:06:00,549 --> 01:05:58,079

approaching the time

1788

01:06:02,069 --> 01:06:00,559

i think we are and it's not like some

1789

01:06:05,109 --> 01:06:02,079

prophecy or something it's

1790

01:06:05,829 --> 01:06:05,119

just looking at events in the media for

1791

01:06:07,430 --> 01:06:05,839

the first

1792

01:06:09,349 --> 01:06:07,440

10 years of that 20-year period you're

1793

01:06:10,870 --> 01:06:09,359

talking about people that saw ufos or

1794

01:06:12,230 --> 01:06:10,880

flying saucers were nuts

1795

01:06:14,549 --> 01:06:12,240

they were played that way in the media

1796

01:06:16,549 --> 01:06:14,559

it was a bad thing to even talk about it

1797

01:06:18,390 --> 01:06:16,559

now toward the end of this 20-year

1798

01:06:19,829 --> 01:06:18,400

period if you see one

1799

01:06:21,190 --> 01:06:19,839

you're a great guy in the neighborhood

1800

01:06:22,309 --> 01:06:21,200

everybody wants to talk to everybody

1801

01:06:24,309 --> 01:06:22,319

wants to know you

1802

01:06:26,390 --> 01:06:24,319

pilots physicists all kinds of people

1803

01:06:29,829 --> 01:06:26,400

are coming forward now presidents

1804

01:06:31,829 --> 01:06:29,839

dictators yes i've seen a ufo now

1805

01:06:33,510 --> 01:06:31,839

to me the shift in the public

1806

01:06:36,470 --> 01:06:33,520

conditioning

1807

01:06:38,069 --> 01:06:36,480

medium is to get people ready for the

1808

01:06:39,589 --> 01:06:38,079

announcement of the new technology

1809

01:06:40,789 --> 01:06:39,599

now scientists aren't going to come out

1810

01:06:42,470 --> 01:06:40,799

industrious aren't going to come out and

1811

01:06:45,029 --> 01:06:42,480

say okay here it is children

1812

01:06:47,190 --> 01:06:45,039

here you go the new model for planet

1813

01:06:50,150 --> 01:06:47,200

earth using this technology

1814

01:06:51,430 --> 01:06:50,160

must be independent of any established

1815

01:06:53,990 --> 01:06:51,440

government or order

1816

01:06:55,589 --> 01:06:54,000

it can't be russian or capitalist or

1817

01:06:56,950 --> 01:06:55,599

dictatorial it's got to be independent

1818

01:06:58,870 --> 01:06:56,960

and the only way you can do it is a

1819

01:07:00,150 --> 01:06:58,880

an external culture whether it be called

1820

01:07:01,829 --> 01:07:00,160

from the ocean bottom

1821

01:07:03,270 --> 01:07:01,839

uh whether it's from the bermuda

1822

01:07:04,150 --> 01:07:03,280

triangle or whether it's from outer

1823

01:07:06,309 --> 01:07:04,160

space

1824

01:07:07,750 --> 01:07:06,319

they have got to see it in this way so

1825

01:07:09,750 --> 01:07:07,760

that for a short time

1826

01:07:11,190 --> 01:07:09,760

the masses will overlook their cultural

1827

01:07:14,789 --> 01:07:11,200

differences to unite

1828

01:07:16,150 --> 01:07:14,799

to form this one world order then

1829

01:07:17,670 --> 01:07:16,160

after seven or eight years if you can

1830

01:07:19,510 --> 01:07:17,680

hold the rules that long you explain to

1831

01:07:21,589 --> 01:07:19,520

them this is how we brought peace

1832

01:07:23,029 --> 01:07:21,599

i still maintain i don't think that

1833

01:07:26,069 --> 01:07:23,039

it'll work because at the top

1834

01:07:28,470 --> 01:07:26,079

these organizations are fighting

1835

01:07:30,309 --> 01:07:28,480

i'd like to ask you a direct question

1836

01:07:33,670 --> 01:07:30,319

you work in the field of

1837

01:07:35,750 --> 01:07:33,680

anti-gravity could you make what we call

1838

01:07:37,670 --> 01:07:35,760

a flying saucer oh yes with adequate

1839

01:07:39,670 --> 01:07:37,680

funds and time sure

1840

01:07:41,349 --> 01:07:39,680

i'd still be doing it for the research

1841

01:07:42,710 --> 01:07:41,359

organizations if i hadn't differed

1842

01:07:44,549 --> 01:07:42,720

in philosophy that's where i got in

1843

01:07:45,750 --> 01:07:44,559

trouble because i stood up and said why

1844

01:07:49,910 --> 01:07:45,760

are you doing this

1845

01:07:51,430 --> 01:07:49,920

and it wasn't for me to know ufos

1846

01:07:53,349 --> 01:07:51,440

if they don't exist or these electric

1847

01:07:54,549 --> 01:07:53,359

flying saucers

1848

01:07:56,470 --> 01:07:54,559

if they don't exist in our current

1849

01:07:58,150 --> 01:07:56,480

technology i'll give it to the world

1850

01:08:00,390 --> 01:07:58,160

i'll be a hero but i'll tell you right

1851

01:08:03,510 --> 01:08:00,400

now i don't need to do that

1852

01:08:06,630 --> 01:08:03,520

it's already done this does not mean

1853

01:08:07,190 --> 01:08:06,640

that in the past before 47 49 whenever

1854

01:08:09,750 --> 01:08:07,200

the first

1855

01:08:11,349 --> 01:08:09,760

flying saucers were supposedly cited on

1856

01:08:13,750 --> 01:08:11,359

this planet does not mean

1857

01:08:14,390 --> 01:08:13,760

that the time before that was to be

1858

01:08:17,349 --> 01:08:14,400

explained by

1859

01:08:19,430 --> 01:08:17,359

earth technology it wasn't even back in

1860

01:08:22,550 --> 01:08:19,440

the bible in

1861

01:08:23,669 --> 01:08:22,560

moses encounter with god in the flaming

1862

01:08:25,430 --> 01:08:23,679

bush and

1863

01:08:27,030 --> 01:08:25,440

don't walk on this ground with your

1864

01:08:29,110 --> 01:08:27,040

shoes on take one off it sounded like he

1865

01:08:32,470 --> 01:08:29,120

was in a field at any rate

1866

01:08:34,149 --> 01:08:32,480

ezeziel's flaming chariot you go back

1867

01:08:35,829 --> 01:08:34,159

thousands of years and you find we had

1868

01:08:37,590 --> 01:08:35,839

encounters with things that could only

1869

01:08:39,349 --> 01:08:37,600

be explained in their own words as being

1870

01:08:41,269 --> 01:08:39,359

from the heavens

1871

01:08:43,269 --> 01:08:41,279

in the last two thousand years after the

1872

01:08:46,149 --> 01:08:43,279

birth of christ we find that

1873

01:08:47,990 --> 01:08:46,159

these encounter cases were many of them

1874

01:08:49,110 --> 01:08:48,000

more bizarre where they didn't have the

1875

01:08:51,749 --> 01:08:49,120

same

1876

01:08:52,709 --> 01:08:51,759

good side to them people suffered

1877

01:08:55,349 --> 01:08:52,719

headaches

1878

01:08:56,870 --> 01:08:55,359

some cases disappearance livestock were

1879

01:08:58,229 --> 01:08:56,880

cut apart and the blood drained out of

1880

01:09:00,709 --> 01:08:58,239

them you see it quite frequently now

1881

01:09:01,990 --> 01:09:00,719

it seems as though the more recent

1882

01:09:03,269 --> 01:09:02,000

contact cases from these

1883

01:09:06,229 --> 01:09:03,279

extraterrestrial origins

1884

01:09:07,749 --> 01:09:06,239

have been malevolent or bad whereas the

1885

01:09:09,669 --> 01:09:07,759

old testament versions were

1886

01:09:11,269 --> 01:09:09,679

benevolent or good we do have the

1887

01:09:15,030 --> 01:09:11,279

technology now

1888

01:09:17,829 --> 01:09:15,040

to give ufos with electric

1889

01:09:19,110 --> 01:09:17,839

flying saucers to the world it is a when

1890

01:09:21,510 --> 01:09:19,120

i say we it's a

1891

01:09:22,550 --> 01:09:21,520

joint scientific effort from many of the

1892

01:09:26,630 --> 01:09:22,560

countries of the world

1893

01:09:28,390 --> 01:09:26,640

russia united states england canada now

1894

01:09:29,990 --> 01:09:28,400

it is just the manner in which to

1895

01:09:31,510 --> 01:09:30,000

announce it

1896

01:09:34,149 --> 01:09:31,520

what we have here is the tip of the

1897

01:09:36,309 --> 01:09:34,159

iceberg with the anti-gravity device the

1898

01:09:37,669 --> 01:09:36,319

flying saucer we've been discussing

1899

01:09:38,950 --> 01:09:37,679

there are many other things that the

1900

01:09:41,189 --> 01:09:38,960

technology offers

1901

01:09:42,149 --> 01:09:41,199

new medicine which allows limbs to be

1902

01:09:44,550 --> 01:09:42,159

regrown through

1903

01:09:45,269 --> 01:09:44,560

electric field processes and plasma

1904

01:09:48,390 --> 01:09:45,279

research

1905

01:09:51,189 --> 01:09:48,400

bioplasma the tissue

1906

01:09:53,030 --> 01:09:51,199

restructuring we have uh devices which

1907

01:09:54,790 --> 01:09:53,040

can transmit power around the entire

1908

01:09:55,590 --> 01:09:54,800

planet without wires so that you can

1909

01:09:57,030 --> 01:09:55,600

tune to

1910

01:09:58,550 --> 01:09:57,040

electricity stations like you would

1911

01:09:59,510 --> 01:09:58,560

tuned a radio station but it would run

1912

01:10:01,030 --> 01:09:59,520

your house or your

1913

01:10:02,709 --> 01:10:01,040

caravan or wherever you are in the bush

1914

01:10:05,110 --> 01:10:02,719

or the water or the air

1915

01:10:06,870 --> 01:10:05,120

we have theory now but i don't think any

1916

01:10:08,630 --> 01:10:06,880

practical devices that would allow us to

1917

01:10:10,630 --> 01:10:08,640

go faster than the speed of light

1918

01:10:13,189 --> 01:10:10,640

and traverse many light years of

1919

01:10:16,310 --> 01:10:13,199

distance in a very very short time

1920

01:10:18,070 --> 01:10:16,320

using the same technique that we used to

1921

01:10:20,709 --> 01:10:18,080

break the sound barrier where we

1922

01:10:21,669 --> 01:10:20,719

warp the shock wave perhaps this is

1923

01:10:23,510 --> 01:10:21,679

where star trek

1924

01:10:25,590 --> 01:10:23,520

developed their terminology warp factor

1925

01:10:28,790 --> 01:10:25,600

1 and warp factor 2.

1926

01:10:30,310 --> 01:10:28,800

we have devices to make weapons which is

1927

01:10:32,470 --> 01:10:30,320

an unfortunate thing can be used for

1928

01:10:34,630 --> 01:10:32,480

other applications but in transmitting

1929

01:10:36,550 --> 01:10:34,640

power in little hand or backpack units

1930

01:10:40,550 --> 01:10:36,560

or even

1931

01:10:42,630 --> 01:10:40,560

on tops of the decks of ships that shoot

1932

01:10:44,790 --> 01:10:42,640

smoke rings or charged particle rings

1933

01:10:47,110 --> 01:10:44,800

like smoke rings at targets long

1934

01:10:48,149 --> 01:10:47,120

distances away and strike them with

1935

01:10:50,550 --> 01:10:48,159

enough force to

1936

01:10:52,790 --> 01:10:50,560

electrocute or burn the target depending

1937

01:10:54,470 --> 01:10:52,800

upon what frequencies are used

1938

01:10:56,470 --> 01:10:54,480

there are numerous things there is even

1939

01:10:58,630 --> 01:10:56,480

a way to use this process to control

1940

01:10:59,350 --> 01:10:58,640

mines at a distance of 10 to 15 miles

1941

01:11:01,189 --> 01:10:59,360

from a center

1942

01:11:03,350 --> 01:11:01,199

central transmitter where people aren't

1943

01:11:06,790 --> 01:11:03,360

even aware of it during their sleep

1944

01:11:10,830 --> 01:11:06,800

some what like post hypnotic suggestion

1945

01:11:10,840 --> 01:11:24,830

tool

1946

01:12:04,470 --> 01:11:38,830

right

1947

01:12:07,669 --> 01:12:07,189

we have to have 15 million witnesses

1948

01:12:13,229 --> 01:12:07,679

before

1949

01:12:13,239 --> 01:14:09,790

seriously

1950

01:15:07,550 --> 01:14:23,930

[Music]
