

***LOOKING
BACK***

AND

***LOOKING
FORWARD***

1
00:00:08,310 --> 00:00:06,230
hey what's up everyone ryan sprague here

2
00:00:09,990 --> 00:00:08,320
and doing a little facebook and youtube

3
00:00:12,629 --> 00:00:10,000
live tonight with you

4
00:00:13,669 --> 00:00:12,639
from new york city uh testing out some

5
00:00:16,790 --> 00:00:13,679
stuff actually

6
00:00:17,830 --> 00:00:16,800
um i got a new webcam um i don't know if

7
00:00:19,990 --> 00:00:17,840
you can tell if the

8
00:00:21,510 --> 00:00:20,000
the resolution is good bad you let me

9
00:00:23,029 --> 00:00:21,520
know in the comments

10
00:00:25,189 --> 00:00:23,039
i'm really not sure how this is going to

11
00:00:26,950 --> 00:00:25,199
go testing out some new equipment

12
00:00:29,429 --> 00:00:26,960
testing out some of the share screen

13
00:00:30,070 --> 00:00:29,439

stuff in the uh streaming program i'm

14

00:00:32,310 --> 00:00:30,080

using

15

00:00:33,350 --> 00:00:32,320

so please bear with me tonight if

16

00:00:36,150 --> 00:00:33,360

there's some uh

17

00:00:38,470 --> 00:00:36,160

technical snafus and i'm kind of

18

00:00:39,830 --> 00:00:38,480

wandering aimlessly on my own screen

19

00:00:41,990 --> 00:00:39,840

with awkward silence

20

00:00:43,350 --> 00:00:42,000

i will try my best to make that not

21

00:00:45,110 --> 00:00:43,360

happen but um

22

00:00:47,110 --> 00:00:45,120

i'm really excited to be here tonight

23

00:00:50,069 --> 00:00:47,120

and share some stuff that

24

00:00:51,270 --> 00:00:50,079

uh has happened is going to happen uh

25

00:00:54,549 --> 00:00:51,280

whether it's with

26
00:00:57,110 --> 00:00:54,559
um you know the ufo world in general um

27
00:00:58,310 --> 00:00:57,120
the website that i work for the debrief

28
00:01:01,510 --> 00:00:58,320
or just

29
00:01:02,630 --> 00:01:01,520
things i'm up to in general um thank you

30
00:01:05,030 --> 00:01:02,640
for being here

31
00:01:06,710 --> 00:01:05,040
as you can probably hear that is the new

32
00:01:08,550 --> 00:01:06,720
york subway in the background

33
00:01:09,990 --> 00:01:08,560
i have my window open because it's about

34
00:01:12,550 --> 00:01:10,000
90 degrees

35
00:01:13,510 --> 00:01:12,560
in my apartment right now the heat is

36
00:01:15,350 --> 00:01:13,520
blasting

37
00:01:17,590 --> 00:01:15,360
so you're gonna hear that all night get

38
00:01:18,390 --> 00:01:17,600

used to it gives us some new york

39

00:01:20,390 --> 00:01:18,400

ambiance

40

00:01:22,550 --> 00:01:20,400

but uh welcome welcome everybody hi

41

00:01:25,590 --> 00:01:22,560

audrey hi andy

42

00:01:27,910 --> 00:01:25,600

um everyone in the chat uh

43

00:01:29,510 --> 00:01:27,920

on youtube just throw your your

44

00:01:30,390 --> 00:01:29,520

questions or your comments in the right

45

00:01:32,390 --> 00:01:30,400

hand side

46

00:01:34,149 --> 00:01:32,400

if you're on facebook it's completely

47

00:01:34,870 --> 00:01:34,159

different ball game for this so i use a

48

00:01:36,789 --> 00:01:34,880

program

49

00:01:38,390 --> 00:01:36,799

called stream yard to do this where it

50

00:01:39,109 --> 00:01:38,400

goes out to youtube and facebook at the

51

00:01:40,630 --> 00:01:39,119

same time

52

00:01:43,030 --> 00:01:40,640

and then it collects all your comments

53

00:01:45,590 --> 00:01:43,040

into one place for me in the program

54

00:01:46,389 --> 00:01:45,600

but for facebook you do have to give

55

00:01:48,950 --> 00:01:46,399

stream yard

56

00:01:50,630 --> 00:01:48,960

permission to show me your comments and

57

00:01:52,469 --> 00:01:50,640

for them to show up on the screen

58

00:01:53,990 --> 00:01:52,479

so i did put in the comments on the

59

00:01:56,149 --> 00:01:54,000

facebook live a little

60

00:01:57,510 --> 00:01:56,159

link free to click it's totally safe

61

00:01:58,630 --> 00:01:57,520

it's gonna bring you to a screen where

62

00:02:00,870 --> 00:01:58,640

you just say yes

63

00:02:02,230 --> 00:02:00,880

and then that will allow me to see your

64

00:02:05,109 --> 00:02:02,240

facebook comments

65

00:02:06,230 --> 00:02:05,119

um but yeah i'm kind of just gonna get

66

00:02:09,669 --> 00:02:06,240

started here with some

67

00:02:10,790 --> 00:02:09,679

um some i guess talking shop about stuff

68

00:02:14,070 --> 00:02:10,800

going on

69

00:02:14,470 --> 00:02:14,080

um one of the big things that we covered

70

00:02:17,510 --> 00:02:14,480

over

71

00:02:20,630 --> 00:02:17,520

at the debrief this past week um

72

00:02:22,710 --> 00:02:20,640

was a ufo sighting in hawaii uh micah

73

00:02:24,470 --> 00:02:22,720

hanks one of our writers and the creator

74

00:02:28,070 --> 00:02:24,480

of thedebrief.org

75

00:02:31,509 --> 00:02:28,080

a news website that covers technology uh

76

00:02:32,309 --> 00:02:31,519

emerging tech science uh even ufos stuff

77

00:02:35,030 --> 00:02:32,319

like that

78

00:02:36,229 --> 00:02:35,040

um i am so honored to be contributing to

79

00:02:38,550 --> 00:02:36,239

the website as well

80

00:02:39,750 --> 00:02:38,560

pumping our articles left and right one

81

00:02:40,550 --> 00:02:39,760

of what you're gonna hear about actually

82

00:02:41,990 --> 00:02:40,560

two of which

83

00:02:43,670 --> 00:02:42,000

you're gonna hear about that i recently

84

00:02:46,390 --> 00:02:43,680

wrote tonight but um

85

00:02:48,309 --> 00:02:46,400

i wanted to cover this ufo sighting in

86

00:02:51,350 --> 00:02:48,319

hawaii this one was

87

00:02:52,550 --> 00:02:51,360

really cool um i'm gonna pull up right

88

00:02:54,869 --> 00:02:52,560

now

89

00:02:56,790 --> 00:02:54,879

a little youtube video that i'm gonna

90

00:02:58,790 --> 00:02:56,800

play but um can everyone hear me still

91

00:03:01,350 --> 00:02:58,800

with that video on there i'm not sure

92

00:03:02,790 --> 00:03:01,360

how this works hi frank hi jason guys

93

00:03:04,790 --> 00:03:02,800

yeah please let me know if any

94

00:03:06,550 --> 00:03:04,800

if you can't hear me at some point i'm

95

00:03:07,110 --> 00:03:06,560

still trying to get used to the program

96

00:03:09,509 --> 00:03:07,120

here

97

00:03:10,869 --> 00:03:09,519

um but let's talk about this ufo

98

00:03:13,190 --> 00:03:10,879

sighting in hawaii

99

00:03:15,030 --> 00:03:13,200

so many people had sent this to me uh i

100

00:03:16,550 --> 00:03:15,040

was in hawaii about

101
00:03:18,309 --> 00:03:16,560
maybe a month and a half ago and there

102
00:03:20,149 --> 00:03:18,319
was a really cool

103
00:03:21,430 --> 00:03:20,159
ufo sighting while i was there that i

104
00:03:24,869 --> 00:03:21,440
got to investigate

105
00:03:25,750 --> 00:03:24,879
um i even went to the uh the department

106
00:03:28,550 --> 00:03:25,760
of defense

107
00:03:30,229 --> 00:03:28,560
down in hawaii and tried to get some

108
00:03:32,470 --> 00:03:30,239
word on what was going on and

109
00:03:33,350 --> 00:03:32,480
i did stop a couple people outside the

110
00:03:35,670 --> 00:03:33,360
building and

111
00:03:36,710 --> 00:03:35,680
they all just said um no comment no

112
00:03:38,550 --> 00:03:36,720
comment um

113
00:03:40,710 --> 00:03:38,560

i thought that was pretty cool to at

114

00:03:42,789 --> 00:03:40,720

least be able to even ask

115

00:03:44,070 --> 00:03:42,799

anyone about it even though they had

116

00:03:47,350 --> 00:03:44,080

nothing to say

117

00:03:50,390 --> 00:03:47,360

um so let's talk about this one uh on

118

00:03:52,309 --> 00:03:50,400

tuesday december 29th around 8 30 local

119

00:03:53,670 --> 00:03:52,319

time several honolulu residents reported

120

00:03:55,750 --> 00:03:53,680

observing a glowing

121

00:03:57,990 --> 00:03:55,760

blue object or aircraft in the evening

122

00:03:59,990 --> 00:03:58,000

sky videos appearing online following

123

00:04:03,110 --> 00:04:00,000

the incident showed an elongated blue

124

00:04:05,429 --> 00:04:03,120

object or aircraft moving

125

00:04:06,229 --> 00:04:05,439

above leeward oahu which appeared to

126
00:04:09,270 --> 00:04:06,239
descend in

127
00:04:11,030 --> 00:04:09,280
altitude the object which one witness

128
00:04:12,470 --> 00:04:11,040
described as being larger than a

129
00:04:16,310 --> 00:04:12,480
telephone pole

130
00:04:18,310 --> 00:04:16,320
apparently uh entered into the water

131
00:04:20,310 --> 00:04:18,320
into the water after which it was

132
00:04:21,270 --> 00:04:20,320
illuminated and it could still be seen

133
00:04:23,030 --> 00:04:21,280
for some time

134
00:04:24,870 --> 00:04:23,040
shortly after the blue object plunged

135
00:04:25,510 --> 00:04:24,880
into the ocean a smaller white light

136
00:04:27,749 --> 00:04:25,520
appeared

137
00:04:28,870 --> 00:04:27,759
following the same path the blue object

138
00:04:32,469 --> 00:04:28,880

had previously

139

00:04:34,469 --> 00:04:32,479

taken the faa was contacted by local law

140

00:04:34,950 --> 00:04:34,479

enforcement officials on december 29th

141

00:04:38,390 --> 00:04:34,960

about

142

00:04:39,110 --> 00:04:38,400

a possible plane down in the area and um

143

00:04:41,749 --> 00:04:39,120

the faa

144

00:04:42,629 --> 00:04:41,759

told this to us at the debrief they said

145

00:04:45,270 --> 00:04:42,639

um

146

00:04:46,790 --> 00:04:45,280

you know we we told the police and they

147

00:04:48,550 --> 00:04:46,800

uh

148

00:04:50,230 --> 00:04:48,560

we worked with them we couldn't figure

149

00:04:53,270 --> 00:04:50,240

out what was going on um

150

00:04:54,550 --> 00:04:53,280

we had no planes down nothing so they

151

00:04:57,909 --> 00:04:54,560

don't know what it was

152

00:04:59,749 --> 00:04:57,919

or who it was or what was going on um

153

00:05:01,430 --> 00:04:59,759

you know we reached out to the honolulu

154

00:05:01,990 --> 00:05:01,440

police department as well micah hanks

155

00:05:04,870 --> 00:05:02,000

did

156

00:05:06,469 --> 00:05:04,880

and uh they had nothing to tell us as

157

00:05:08,230 --> 00:05:06,479

well but i'm gonna play a video here of

158

00:05:09,990 --> 00:05:08,240

some of the local news in hawaii that

159

00:05:11,990 --> 00:05:10,000

covered this so you get an idea of it

160

00:05:14,150 --> 00:05:12,000

and see some of the actual video so

161

00:05:17,029 --> 00:05:14,160

let's go ahead and play that now

162

00:05:22,629 --> 00:05:17,039

and let me know if you can hear it and

163

00:05:29,270 --> 00:05:24,870

after the object appeared to drop into

164

00:05:33,749 --> 00:05:31,590

or whatever it is she described it as

165

00:05:35,909 --> 00:05:33,759

being larger than a telephone pole

166

00:05:43,350 --> 00:05:35,919

and says she never heard it make any

167

00:05:46,629 --> 00:05:45,189

officers were on scene she said they

168

00:05:48,790 --> 00:05:46,639

spotted a second light

169

00:05:50,629 --> 00:05:48,800

my husband looked out and you see the

170

00:05:53,590 --> 00:05:50,639

white one coming the white one was

171

00:05:59,270 --> 00:05:55,590

they lost sight of the object after it

172

00:06:01,590 --> 00:05:59,280

passed over a nearby mountain

173

00:06:03,590 --> 00:06:01,600

this morning we asked honolulu police if

174

00:06:04,469 --> 00:06:03,600

investigators figured out what fell in

175

00:06:06,469 --> 00:06:04,479

the water

176
00:06:07,909 --> 00:06:06,479
a spokesperson told us they didn't have

177
00:06:10,150 --> 00:06:07,919
any information

178
00:06:11,830 --> 00:06:10,160
meanwhile officials from the faa said

179
00:06:12,629 --> 00:06:11,840
they received a report from police

180
00:06:15,110 --> 00:06:12,639
tuesday night

181
00:06:15,990 --> 00:06:15,120
about a possible plane down in the area

182
00:06:18,870 --> 00:06:16,000
but had no

183
00:06:20,309 --> 00:06:18,880
aircraft disappear off radars and no

184
00:06:22,390 --> 00:06:20,319
reports of overdue

185
00:06:24,070 --> 00:06:22,400
or missing aircraft

186
00:06:25,909 --> 00:06:24,080
[Music]

187
00:06:27,909 --> 00:06:25,919
although mariah's had a couple days to

188
00:06:31,029 --> 00:06:27,919

think about it she says she's still

189

00:06:40,309 --> 00:06:31,039

baffled by what she saw i don't know

190

00:06:45,590 --> 00:06:43,350

yeah so i thought that was pretty cool

191

00:06:47,350 --> 00:06:45,600

um it's always good to hear the local

192

00:06:49,270 --> 00:06:47,360

news reports on these things because

193

00:06:51,110 --> 00:06:49,280

that's often when you'll get the most

194

00:06:53,029 --> 00:06:51,120

information about it before it

195

00:06:54,629 --> 00:06:53,039

trickles up to the mainstream and gets

196

00:06:57,270 --> 00:06:54,639

all filtered out and everything

197

00:06:58,469 --> 00:06:57,280

so rest assured i am talking to one of

198

00:07:01,110 --> 00:06:58,479

my good friends and

199

00:07:03,029 --> 00:07:01,120

paranormal researchers in hawaii lopaka

200

00:07:05,189 --> 00:07:03,039

kapanui who's on the beat

201
00:07:06,230 --> 00:07:05,199
he's out there trying to find answers to

202
00:07:07,990 --> 00:07:06,240
what this was

203
00:07:09,430 --> 00:07:08,000
he's got connections with all the

204
00:07:12,230 --> 00:07:09,440
different military bases

205
00:07:13,990 --> 00:07:12,240
around all the islands so i'm hoping we

206
00:07:15,270 --> 00:07:14,000
will have an answer for you soon about

207
00:07:18,309 --> 00:07:15,280
what was seen out there

208
00:07:21,029 --> 00:07:18,319
i've seen talk and rumors of a a um

209
00:07:21,749 --> 00:07:21,039
illuminated glider paraglider that might

210
00:07:24,070 --> 00:07:21,759
be out there

211
00:07:24,870 --> 00:07:24,080
doing this so who knows we got some

212
00:07:27,589 --> 00:07:24,880
rogue

213
00:07:29,029 --> 00:07:27,599

uh paragliders and and rocket men in

214

00:07:31,189 --> 00:07:29,039

california recently

215

00:07:33,270 --> 00:07:31,199

jet packs and everything so i don't know

216

00:07:35,830 --> 00:07:33,280

what's going on but hopefully we'll have

217

00:07:37,270 --> 00:07:35,840

an answer for you guys soon um the next

218

00:07:38,390 --> 00:07:37,280

thing i want to pull up for you guys

219

00:07:41,189 --> 00:07:38,400

here is again

220

00:07:42,070 --> 00:07:41,199

please bear with me while i try to do

221

00:07:45,589 --> 00:07:42,080

all of this

222

00:07:49,830 --> 00:07:45,599

share screen fun stuff with you um

223

00:07:51,830 --> 00:07:49,840

we are going to cover there it is

224

00:07:54,469 --> 00:07:51,840

i want to share this with you guys now

225

00:07:57,510 --> 00:07:54,479

um a article that i recently wrote

226

00:07:58,070 --> 00:07:57,520

over at the debrief and this was

227

00:08:01,029 --> 00:07:58,080

farewell

228

00:08:02,390 --> 00:08:01,039

2020 five cosmic stories we didn't cover

229

00:08:05,589 --> 00:08:02,400

but wish we had

230

00:08:07,430 --> 00:08:05,599

um this was really fun for me to do um

231

00:08:09,270 --> 00:08:07,440

with the guys over at the debrief

232

00:08:10,710 --> 00:08:09,280

uh let me pull it up one more time here

233

00:08:11,990 --> 00:08:10,720

and kind of go through a couple of these

234

00:08:13,990 --> 00:08:12,000

stories with you guys

235

00:08:15,430 --> 00:08:14,000

um the first thing i covered was

236

00:08:18,230 --> 00:08:15,440

exoplanet hunting

237

00:08:19,350 --> 00:08:18,240

mission is a go so in early december the

238

00:08:21,830 --> 00:08:19,360

esa

239

00:08:23,670 --> 00:08:21,840

the european space agency announced that

240

00:08:24,629 --> 00:08:23,680

its exoplanet mission ariel was no

241

00:08:26,710 --> 00:08:24,639

longer just an

242

00:08:28,469 --> 00:08:26,720

idea on the chalkboard they were going

243

00:08:30,390 --> 00:08:28,479

to be putting this thing

244

00:08:32,630 --> 00:08:30,400

into action and they want to study

245

00:08:35,269 --> 00:08:32,640

exoplanets by surveying approximately a

246

00:08:35,909 --> 00:08:35,279

thousand planetary atmospheres in both

247

00:08:38,870 --> 00:08:35,919

visible

248

00:08:40,709 --> 00:08:38,880

and infrared wavelengths and uh this is

249

00:08:42,310 --> 00:08:40,719

really cool um

250

00:08:44,550 --> 00:08:42,320

they're gonna be let's see here

251
00:08:46,389 --> 00:08:44,560
according to the esa press release

252
00:08:47,829 --> 00:08:46,399
they will fill a significant gap in our

253
00:08:48,310 --> 00:08:47,839
knowledge of how the planet's chemistry

254
00:08:50,150 --> 00:08:48,320
is linked

255
00:08:52,070 --> 00:08:50,160
to the environment where it formed or

256
00:08:54,470 --> 00:08:52,080
whether the type of host star

257
00:08:55,990 --> 00:08:54,480
drives the physics and chemistry of the

258
00:08:59,110 --> 00:08:56,000
planet's evolution

259
00:09:00,790 --> 00:08:59,120
so i what else is there to say this is

260
00:09:01,829 --> 00:09:00,800
such an exciting time to live in right

261
00:09:03,829 --> 00:09:01,839
now with space

262
00:09:06,710 --> 00:09:03,839
exploration and everything going on with

263
00:09:09,750 --> 00:09:06,720

private space companies and um

264

00:09:14,470 --> 00:09:09,760

you know landing the first private space

265

00:09:17,269 --> 00:09:14,480

um what was it shuttle onto the iss

266

00:09:17,829 --> 00:09:17,279

um shuttle vessel whatever you want to

267

00:09:20,310 --> 00:09:17,839

call it

268

00:09:21,350 --> 00:09:20,320

uh through spacex a private company i

269

00:09:24,870 --> 00:09:21,360

mean literally

270

00:09:26,790 --> 00:09:24,880

like um it's to the stars we're going

271

00:09:28,310 --> 00:09:26,800

um not just a government-funded nasa

272

00:09:31,190 --> 00:09:28,320

program any longer

273

00:09:33,110 --> 00:09:31,200

so that's pretty cool um saturn's moon

274

00:09:33,910 --> 00:09:33,120

could harbor life this is another one i

275

00:09:35,910 --> 00:09:33,920

covered

276

00:09:36,949 --> 00:09:35,920

so in october of 2020 astronomers and

277

00:09:39,110 --> 00:09:36,959

astrobiology

278

00:09:40,389 --> 00:09:39,120

biologists out of nasa announced that

279

00:09:44,350 --> 00:09:40,399

they had detected

280

00:09:47,110 --> 00:09:44,360

a highly rare carbon-based molecule uh

281

00:09:48,470 --> 00:09:47,120

cyclopropane lidine

282

00:09:50,230 --> 00:09:48,480

i know i didn't say that right let's

283

00:09:51,590 --> 00:09:50,240

just go with C_3H_2

284

00:09:53,350 --> 00:09:51,600

uh in the atmosphere of saturn's

285

00:09:54,870 --> 00:09:53,360

mysterious moon titan

286

00:09:56,550 --> 00:09:54,880

uh so what's really interesting about

287

00:09:59,670 --> 00:09:56,560

this is um

288

00:10:00,389 --> 00:09:59,680

this gas or this uh what they found is

289

00:10:02,949 --> 00:10:00,399

not found

290

00:10:04,150 --> 00:10:02,959

anywhere else in the solar system until

291

00:10:06,630 --> 00:10:04,160

you get deep deep

292

00:10:08,710 --> 00:10:06,640

into in your interstellar space so

293

00:10:10,949 --> 00:10:08,720

scientists are trying to figure out why

294

00:10:11,990 --> 00:10:10,959

this gas is being seen in the atmosphere

295

00:10:14,710 --> 00:10:12,000

of titan and

296

00:10:15,590 --> 00:10:14,720

uh why it's so rare and if it could

297

00:10:18,710 --> 00:10:15,600

possibly

298

00:10:21,910 --> 00:10:18,720

harbor life so uh this is really cool

299

00:10:23,910 --> 00:10:21,920

um i know they're gonna be sending

300

00:10:25,590 --> 00:10:23,920

a lot of satellites and stuff up to try

301
00:10:27,509 --> 00:10:25,600
to uh capture

302
00:10:29,829 --> 00:10:27,519
more of this and figure out what's going

303
00:10:33,030 --> 00:10:29,839
on um let's see here from the

304
00:10:34,230 --> 00:10:33,040
jpl out of nasa they said quote we're

305
00:10:35,190 --> 00:10:34,240
trying to figure out if titan is

306
00:10:36,790 --> 00:10:35,200
habitable

307
00:10:38,550 --> 00:10:36,800
so we want to know what compounds from

308
00:10:40,470 --> 00:10:38,560
the atmosphere get to the surface

309
00:10:42,790 --> 00:10:40,480
and then whether that material can get

310
00:10:43,990 --> 00:10:42,800
through the ice crust to the ocean below

311
00:10:46,150 --> 00:10:44,000
because we think

312
00:10:48,310 --> 00:10:46,160
the ocean is where the habitable

313
00:10:48,949 --> 00:10:48,320

conditions are and i couldn't agree more

314

00:10:52,470 --> 00:10:48,959

with them

315

00:10:54,630 --> 00:10:52,480

i mean water is life so um

316

00:10:56,949 --> 00:10:54,640

i'm excited about that someone in the

317

00:10:58,949 --> 00:10:56,959

chat said how many espressos have i had

318

00:11:00,710 --> 00:10:58,959

i literally just pounded a huge cup of

319

00:11:02,389 --> 00:11:00,720

coffee so that i would be nice and

320

00:11:04,550 --> 00:11:02,399

energized for you guys tonight

321

00:11:06,470 --> 00:11:04,560

um had a big dinner kind of put me in

322

00:11:09,110 --> 00:11:06,480

the uh you know post dinner

323

00:11:10,550 --> 00:11:09,120

sleep mode so wanted to pound some uh

324

00:11:12,949 --> 00:11:10,560

some coffee for you

325

00:11:14,470 --> 00:11:12,959

uh let's see asteroid dodging technology

326

00:11:17,430 --> 00:11:14,480

could one day save

327

00:11:19,509 --> 00:11:17,440

earth this is so cool we're seeing deep

328

00:11:21,509 --> 00:11:19,519

impact armageddon we're seeing these

329

00:11:22,230 --> 00:11:21,519

movies that we once thought were like

330

00:11:25,190 --> 00:11:22,240

you know

331

00:11:26,470 --> 00:11:25,200

uh science fiction kind of come to life

332

00:11:30,069 --> 00:11:26,480

scientists are now

333

00:11:31,670 --> 00:11:30,079

creating programs to put stuff out there

334

00:11:33,430 --> 00:11:31,680

that's going to be able to literally i

335

00:11:36,550 --> 00:11:33,440

think in this article i covered

336

00:11:38,630 --> 00:11:36,560

um it was edited heavily but um they're

337

00:11:41,829 --> 00:11:38,640

going to put cameras on a probe and

338

00:11:43,990 --> 00:11:41,839

smash it into an asteroid and then

339

00:11:46,949 --> 00:11:44,000

they're going to send out another probe

340

00:11:47,590 --> 00:11:46,959

a few years later or god some decades

341

00:11:50,150 --> 00:11:47,600

later

342

00:11:52,470 --> 00:11:50,160

to see you know what happened and if

343

00:11:54,949 --> 00:11:52,480

this probe was able to change

344

00:11:57,030 --> 00:11:54,959

the directory of an asteroid uh coming

345

00:11:59,670 --> 00:11:57,040

close to us so hopefully

346

00:12:01,269 --> 00:11:59,680

if we know about these asteroids enough

347

00:12:02,310 --> 00:12:01,279

ahead of time which we're going to start

348

00:12:04,389 --> 00:12:02,320

monitoring

349

00:12:05,750 --> 00:12:04,399

very closely here on earth and with

350

00:12:08,069 --> 00:12:05,760

probes out in space

351

00:12:09,430 --> 00:12:08,079

we'll be able to literally deflect them

352

00:12:11,590 --> 00:12:09,440

and move them away from

353

00:12:13,670 --> 00:12:11,600

destroying our planet if we don't

354

00:12:15,750 --> 00:12:13,680

destroy our own planet first so

355

00:12:16,949 --> 00:12:15,760

that was a really cool story um that i

356

00:12:17,990 --> 00:12:16,959

didn't really hear a lot of people

357

00:12:20,150 --> 00:12:18,000

talking about

358

00:12:22,310 --> 00:12:20,160

start your lunar engines this one's

359

00:12:23,430 --> 00:12:22,320

really cool uh this company moon mark

360

00:12:25,750 --> 00:12:23,440

nevada based

361

00:12:26,550 --> 00:12:25,760

they are planning to deploy autonomous

362

00:12:28,550 --> 00:12:26,560

rovers

363

00:12:30,150 --> 00:12:28,560

to the moon for the first ever remote

364

00:12:32,870 --> 00:12:30,160

controlled car race

365

00:12:34,550 --> 00:12:32,880

in space um this is so cool this is like

366

00:12:35,269 --> 00:12:34,560

an artist rendering of what it could

367

00:12:36,870 --> 00:12:35,279

look like

368

00:12:38,629 --> 00:12:36,880

and what they actually did is these

369

00:12:39,750 --> 00:12:38,639

companies that came together to create

370

00:12:43,110 --> 00:12:39,760

this program

371

00:12:45,750 --> 00:12:43,120

and to um do a race in space on the moon

372

00:12:48,230 --> 00:12:45,760

they reached out to high schools to get

373

00:12:49,990 --> 00:12:48,240

students to uh design these rovers

374

00:12:52,150 --> 00:12:50,000

that they're gonna put up there so you

375

00:12:54,550 --> 00:12:52,160

know they they submit their designs

376

00:12:55,829 --> 00:12:54,560

the winning design will get made over by

377

00:12:58,470 --> 00:12:55,839

um people in the

378

00:12:59,590 --> 00:12:58,480

automobile industry and aerospace to

379

00:13:01,910 --> 00:12:59,600

make it um

380

00:13:03,190 --> 00:13:01,920

safe to make it uh exactly what they

381

00:13:05,269 --> 00:13:03,200

need for the conditions

382

00:13:06,870 --> 00:13:05,279

on the moon and they are carving out a

383

00:13:09,190 --> 00:13:06,880

terrain on the moon

384

00:13:10,470 --> 00:13:09,200

to have this space race and everyone's

385

00:13:12,230 --> 00:13:10,480

going to be able to watch it

386

00:13:14,629 --> 00:13:12,240

from the comfort of their homes

387

00:13:16,790 --> 00:13:14,639

eventually and this

388

00:13:17,750 --> 00:13:16,800

from what i remember is happening very

389

00:13:21,190 --> 00:13:17,760

soon

390

00:13:22,790 --> 00:13:21,200

um let's see yeah it's going to be

391

00:13:24,389 --> 00:13:22,800

happening within the next couple years

392

00:13:26,389 --> 00:13:24,399

so that's really exciting

393

00:13:27,590 --> 00:13:26,399

the last story i'm going to cover here

394

00:13:29,829 --> 00:13:27,600

human-made barrier

395

00:13:32,310 --> 00:13:29,839

surrounds the earth um this was

396

00:13:34,230 --> 00:13:32,320

originally reported back in 2017

397

00:13:35,910 --> 00:13:34,240

but it's been making a lot more uh

398

00:13:37,670 --> 00:13:35,920

headlines as of late

399

00:13:39,110 --> 00:13:37,680

um because it's becoming more and more

400

00:13:42,310 --> 00:13:39,120

prevalent um

401
00:13:45,670 --> 00:13:42,320
there is for those of you who don't know

402
00:13:48,069 --> 00:13:45,680
there is uh the van allen

403
00:13:48,870 --> 00:13:48,079
uh belts are these two belts of

404
00:13:51,750 --> 00:13:48,880
radiation

405
00:13:52,230 --> 00:13:51,760
that have formed around the earth and

406
00:13:54,470 --> 00:13:52,240
are

407
00:13:55,990 --> 00:13:54,480
you know pretty much responsible for the

408
00:13:57,910 --> 00:13:56,000
radiation that comes from the sun

409
00:13:59,670 --> 00:13:57,920
getting to our planet vice versa

410
00:14:03,670 --> 00:13:59,680
everything going every which way

411
00:14:05,590 --> 00:14:03,680
and um because of all of the radio

412
00:14:06,949 --> 00:14:05,600
waves and everything that we've created

413
00:14:09,509 --> 00:14:06,959

here on our planet

414

00:14:10,949 --> 00:14:09,519

it's actually shooting out into space

415

00:14:13,430 --> 00:14:10,959

and moving the belts

416

00:14:16,310 --> 00:14:13,440

away from the earth and it's making it

417

00:14:18,629 --> 00:14:16,320

so the earth is not getting as radiated

418

00:14:19,509 --> 00:14:18,639

as it could uh from the sun and

419

00:14:21,750 --> 00:14:19,519

everything else

420

00:14:23,189 --> 00:14:21,760

out in space so we are literally because

421

00:14:25,750 --> 00:14:23,199

of what we're doing on this planet

422

00:14:27,750 --> 00:14:25,760

affecting space weather outside of our

423

00:14:30,790 --> 00:14:27,760

atmosphere and this is actually

424

00:14:33,110 --> 00:14:30,800

helping us many scientists say so um i

425

00:14:36,230 --> 00:14:33,120

think that was pretty cool we've created

426

00:14:38,069 --> 00:14:36,240

literal bubble or um protective

427

00:14:39,430 --> 00:14:38,079

cushion around the earth that is

428

00:14:41,030 --> 00:14:39,440

stopping radiation

429

00:14:43,110 --> 00:14:41,040

from coming in who would have thought

430

00:14:45,670 --> 00:14:43,120

the stuff we did here would be helping

431

00:14:46,870 --> 00:14:45,680

um not me i can tell you that much so

432

00:14:50,310 --> 00:14:46,880

yeah that was a

433

00:14:51,990 --> 00:14:50,320

a fun little thing that um that i came

434

00:14:54,069 --> 00:14:52,000

up with over there about stories that

435

00:14:56,069 --> 00:14:54,079

maybe a lot of people hadn't heard about

436

00:14:59,110 --> 00:14:56,079

um let's see i'm gonna check some of the

437

00:15:02,550 --> 00:14:59,120

comments here um dinner today

438

00:15:04,389 --> 00:15:02,560

what is up luis luis here from uh the

439

00:15:06,710 --> 00:15:04,399

unidentified celebrity review which i'm

440

00:15:10,150 --> 00:15:06,720

going to talk about a little bit later

441

00:15:12,389 --> 00:15:10,160

um hi jason hi ka um

442

00:15:13,750 --> 00:15:12,399

let's see jono met the fact that elon

443

00:15:15,750 --> 00:15:13,760

musk gets over 3 billion

444

00:15:17,350 --> 00:15:15,760

tax dollars a year a fair amount of that

445

00:15:19,110 --> 00:15:17,360

directly to spacex

446

00:15:20,790 --> 00:15:19,120

not to say i'm unhappy with private

447

00:15:23,189 --> 00:15:20,800

space pursuits

448

00:15:24,310 --> 00:15:23,199

i agree with you i agree with you um

449

00:15:26,629 --> 00:15:24,320

hello everyone else

450

00:15:27,590 --> 00:15:26,639

on facebook again i might not be getting

451
00:15:29,110 --> 00:15:27,600
your comments

452
00:15:30,870 --> 00:15:29,120
so you do have to give streamyard

453
00:15:32,870 --> 00:15:30,880
permission for me to view your comments

454
00:15:34,790 --> 00:15:32,880
i put a link as the first comment on

455
00:15:38,230 --> 00:15:34,800
facebook so go ahead and

456
00:15:40,230 --> 00:15:38,240
jump in there but um oh

457
00:15:41,590 --> 00:15:40,240
here's the next story i want to talk

458
00:15:45,189 --> 00:15:41,600
about with you guys

459
00:15:48,069 --> 00:15:45,199
um this has to do with robots

460
00:15:48,389 --> 00:15:48,079
terminator style let's let's find this

461
00:15:50,069 --> 00:15:48,399
one

462
00:15:51,749 --> 00:15:50,079
quick i'm going to pull it up and then

463
00:15:54,949 --> 00:15:51,759

i'll talk a little bit

464

00:15:55,350 --> 00:15:54,959
about it um where is it where is it

465

00:15:58,389 --> 00:15:55,360
where

466

00:16:01,590 --> 00:15:58,399
is it there she be

467

00:16:04,550 --> 00:16:01,600
all right so this story i titled over at

468

00:16:05,030 --> 00:16:04,560
the debrief our future robot overlords

469

00:16:07,350 --> 00:16:05,040
will have

470

00:16:08,230 --> 00:16:07,360
sick dance moves i'm gonna read this to

471

00:16:10,949 --> 00:16:08,240
you right here

472

00:16:11,910 --> 00:16:10,959
the purpose uh for this video that

473

00:16:13,749 --> 00:16:11,920
you're about to watch

474

00:16:15,350 --> 00:16:13,759
it comes from boston dynamics the

475

00:16:18,069 --> 00:16:15,360
company who creates these

476
00:16:19,670 --> 00:16:18,079
incredible humanoid-like robots you've

477
00:16:22,389 --> 00:16:19,680
probably seen the videos

478
00:16:23,269 --> 00:16:22,399
all over the internet of spot their dog

479
00:16:26,629 --> 00:16:23,279
robot

480
00:16:28,790 --> 00:16:26,639
um they got this one right here as well

481
00:16:30,949 --> 00:16:28,800
i forget what this one is called

482
00:16:33,030 --> 00:16:30,959
um i don't have it here with me but it

483
00:16:35,749 --> 00:16:33,040
literally has limbs and everything to do

484
00:16:37,350 --> 00:16:35,759
certain tasks um and what boston

485
00:16:39,110 --> 00:16:37,360
dynamics is trying to show

486
00:16:40,870 --> 00:16:39,120
with the video you're about to see and

487
00:16:44,310 --> 00:16:40,880
what they're doing with the future of

488
00:16:45,670 --> 00:16:44,320

robotics is um the more mobility that

489

00:16:49,030 --> 00:16:45,680

robots can do

490

00:16:51,749 --> 00:16:49,040

in terms of certain jobs um you know

491

00:16:52,069 --> 00:16:51,759

robots used to be on little tracks or

492

00:16:54,150 --> 00:16:52,079

and

493

00:16:55,910 --> 00:16:54,160

um almost like a conveyor belt like

494

00:16:57,829 --> 00:16:55,920

technology and they're not able to get

495

00:17:00,389 --> 00:16:57,839

over certain terrains to do

496

00:17:02,310 --> 00:17:00,399

certain things um boston dynamics wants

497

00:17:04,150 --> 00:17:02,320

to completely overhaul robotics

498

00:17:05,429 --> 00:17:04,160

and make them more human-like so that

499

00:17:07,590 --> 00:17:05,439

they can do tasks

500

00:17:09,669 --> 00:17:07,600

that a little you know rolling moped

501
00:17:11,270 --> 00:17:09,679
robot would not be able to do

502
00:17:12,710 --> 00:17:11,280
so they really wanted to show off the

503
00:17:14,710 --> 00:17:12,720
mobility of their

504
00:17:17,270 --> 00:17:14,720
their robots here they also wanted to

505
00:17:20,230 --> 00:17:17,280
show off the artificial intelligence

506
00:17:20,949 --> 00:17:20,240
about these uh robots that are able to

507
00:17:23,429 --> 00:17:20,959
learn

508
00:17:25,350 --> 00:17:23,439
as they're doing things react to certain

509
00:17:26,870 --> 00:17:25,360
things so um

510
00:17:28,309 --> 00:17:26,880
it's a little freaky i'm not gonna lie

511
00:17:29,270 --> 00:17:28,319
when i think of this kind of stuff i

512
00:17:32,310 --> 00:17:29,280
think of um

513
00:17:34,310 --> 00:17:32,320

robots taking over for humans but um

514

00:17:35,510 --> 00:17:34,320

boston dynamics had a lot of fun with

515

00:17:37,990 --> 00:17:35,520

this one to

516

00:17:38,950 --> 00:17:38,000

show um that you can have fun with this

517

00:17:41,590 --> 00:17:38,960

sort of stuff

518

00:17:42,789 --> 00:17:41,600

and to kind of start the new year off uh

519

00:17:44,950 --> 00:17:42,799

with some fun stuff

520

00:17:46,549 --> 00:17:44,960

and um and to make people happy and i

521

00:17:48,150 --> 00:17:46,559

know this video made me happy so i'm

522

00:17:49,830 --> 00:17:48,160

just going to go ahead and play that now

523

00:17:50,930 --> 00:17:49,840

for you guys to watch a little bit of

524

00:17:52,440 --> 00:17:50,940

this

525

00:17:57,430 --> 00:17:52,450

[Applause]

526

00:17:57,440 --> 00:18:01,909

all right i guess that's enough of that

527

00:18:07,190 --> 00:18:05,190

wow that was super cool um so yeah i've

528

00:18:09,909 --> 00:18:07,200

seen a lot of comments about

529

00:18:10,710 --> 00:18:09,919

yeah it's all fun and games until skynet

530

00:18:14,549 --> 00:18:10,720

takes over

531

00:18:16,710 --> 00:18:14,559

and uh us humans become the slaves so

532

00:18:19,270 --> 00:18:16,720

yeah it might be a dark future ahead of

533

00:18:21,190 --> 00:18:19,280

us in terms of robots but hopefully

534

00:18:23,909 --> 00:18:21,200

the people creating these things will

535

00:18:26,630 --> 00:18:23,919

have uh better motives in mind

536

00:18:28,549 --> 00:18:26,640

who knows who really knows um kind of

537

00:18:29,830 --> 00:18:28,559

the last story i'm going to cover with

538

00:18:32,110 --> 00:18:29,840

you guys here

539

00:18:33,430 --> 00:18:32,120

is um and please go over to

540

00:18:35,270 --> 00:18:33,440

thedebrief.org

541

00:18:36,630 --> 00:18:35,280

for all the amazing stuff we're covering

542

00:18:38,310 --> 00:18:36,640

over there right now

543

00:18:40,150 --> 00:18:38,320

we only scratch the surface of some of

544

00:18:42,150 --> 00:18:40,160

the stuff i wrote but there's

545

00:18:43,350 --> 00:18:42,160

tons of volunteer writers over there

546

00:18:46,230 --> 00:18:43,360

including um

547

00:18:48,390 --> 00:18:46,240

the three creators of the debrief mj

548

00:18:50,870 --> 00:18:48,400

binayas tim milan and micah hanks

549

00:18:51,909 --> 00:18:50,880

writing incredible stuff um got a little

550

00:18:55,110 --> 00:18:51,919

tease for you

551

00:18:57,510 --> 00:18:55,120

at the end of this broadcast as well

552

00:18:59,510 --> 00:18:57,520

but before we do that i want to talk

553

00:19:00,390 --> 00:18:59,520

about my latest episode of the summer in

554

00:19:03,270 --> 00:19:00,400

the skies

555

00:19:04,870 --> 00:19:03,280

podcast uh i had stephen greenstreet on

556

00:19:05,190 --> 00:19:04,880

the show many of you might know that

557

00:19:07,990 --> 00:19:05,200

name

558

00:19:10,230 --> 00:19:08,000

he is a reporter for the new york post

559

00:19:12,710 --> 00:19:10,240

and he has a youtube show

560

00:19:14,070 --> 00:19:12,720

a web series on the new york post called

561

00:19:17,110 --> 00:19:14,080

the basement office

562

00:19:19,590 --> 00:19:17,120

which is all about ufos uh they are

563

00:19:21,350 --> 00:19:19,600

well into their second season i think

564

00:19:23,590 --> 00:19:21,360

the whole thing already aired

565

00:19:25,029 --> 00:19:23,600

and um you know it's got some of the

566

00:19:27,669 --> 00:19:25,039

biggest views

567

00:19:29,510 --> 00:19:27,679

on the new york post youtube channel so

568

00:19:31,750 --> 00:19:29,520

definitely go check that out stephen

569

00:19:34,070 --> 00:19:31,760

green street the basement office

570

00:19:36,310 --> 00:19:34,080

new york post on youtube but i had

571

00:19:39,110 --> 00:19:36,320

stephen come on because he recently

572

00:19:40,549 --> 00:19:39,120

with another youtube uh channel called

573

00:19:43,750 --> 00:19:40,559

it's redacted

574

00:19:48,230 --> 00:19:43,760

they discovered audio official

575

00:19:50,070 --> 00:19:48,240

faa audio from the chicago o'hare 2006

576

00:19:51,590 --> 00:19:50,080

airport ufo event wow that was a

577

00:19:53,190 --> 00:19:51,600

mouthful um so

578

00:19:54,950 --> 00:19:53,200

for those of you who are not aware in

579

00:19:58,710 --> 00:19:54,960

2006 there was

580

00:19:59,669 --> 00:19:58,720

a ufo sighted over gate c17 on the

581

00:20:02,230 --> 00:19:59,679

tarmac

582

00:20:04,070 --> 00:20:02,240

of the chicago o'hare airport and this

583

00:20:05,430 --> 00:20:04,080

started getting reported to the towers

584

00:20:07,270 --> 00:20:05,440

from um

585

00:20:09,750 --> 00:20:07,280

mechanics and maintenance workers on the

586

00:20:11,270 --> 00:20:09,760

ground uh people in the airport were

587

00:20:14,470 --> 00:20:11,280

seeing it looking out the window

588

00:20:18,070 --> 00:20:14,480

and what they saw was a

589

00:20:21,669 --> 00:20:18,080

massive disc a flying

590

00:20:24,470 --> 00:20:21,679

disc metallic in color gray shiny

591

00:20:24,950 --> 00:20:24,480

floating there and nobody knew what to

592

00:20:26,950 --> 00:20:24,960

do

593

00:20:28,870 --> 00:20:26,960

and they didn't know how to react or

594

00:20:31,590 --> 00:20:28,880

anything and um

595

00:20:33,990 --> 00:20:31,600

you know luckily for uh a guy named john

596

00:20:36,390 --> 00:20:34,000

hilkovich a local reporter in chicago

597

00:20:37,190 --> 00:20:36,400

for the chicago tribune uh he heard

598

00:20:38,470 --> 00:20:37,200

about this

599

00:20:40,549 --> 00:20:38,480

and he started going there and

600

00:20:42,070 --> 00:20:40,559

interviewing a ton of people but they

601
00:20:43,669 --> 00:20:42,080
they put the lid on this case really

602
00:20:45,590 --> 00:20:43,679
quick um

603
00:20:47,270 --> 00:20:45,600
none of the employees at the airport

604
00:20:48,070 --> 00:20:47,280
none whatsoever were allowed to talk

605
00:20:50,710 --> 00:20:48,080
about this

606
00:20:51,830 --> 00:20:50,720
everything from the pilots to the people

607
00:20:54,149 --> 00:20:51,840
in the towers

608
00:20:56,470 --> 00:20:54,159
to everyone on the ground so you know so

609
00:20:58,870 --> 00:20:56,480
for months even years even

610
00:21:00,230 --> 00:20:58,880
reporters ufo researchers were all going

611
00:21:00,870 --> 00:21:00,240
out there to try to question all these

612
00:21:02,549 --> 00:21:00,880
employees

613
00:21:04,950 --> 00:21:02,559

and they said they could not talk about

614

00:21:07,750 --> 00:21:04,960

it in fear of losing their jobs

615

00:21:09,510 --> 00:21:07,760

so we don't really know what happened

616

00:21:13,510 --> 00:21:09,520

but uh for the longest time

617

00:21:15,510 --> 00:21:13,520

the faa and um and united airlines

618

00:21:16,870 --> 00:21:15,520

who were in the area of where this

619

00:21:19,029 --> 00:21:16,880

actual event took place

620

00:21:19,990 --> 00:21:19,039

it was their gate that their planes

621

00:21:23,270 --> 00:21:20,000

would leave out of

622

00:21:25,190 --> 00:21:23,280

um they said that there was no official

623

00:21:28,149 --> 00:21:25,200

investigation because there was

624

00:21:28,710 --> 00:21:28,159

no solid craft i guess they came up with

625

00:21:30,470 --> 00:21:28,720

some

626
00:21:31,750 --> 00:21:30,480
lousy explanation about weather

627
00:21:33,909 --> 00:21:31,760
phenomena a

628
00:21:35,909 --> 00:21:33,919
punch hole cloud as they call it i

629
00:21:37,750 --> 00:21:35,919
should mention with this ufo

630
00:21:39,669 --> 00:21:37,760
it was said by a lot of the witnesses

631
00:21:42,630 --> 00:21:39,679
that the object floated there

632
00:21:43,990 --> 00:21:42,640
and then it shot up directly it pierced

633
00:21:48,549 --> 00:21:44,000
a perfect hole through the

634
00:21:51,669 --> 00:21:48,559
clouds and disappeared out of sun um

635
00:21:53,190 --> 00:21:51,679
crazy crazy crazy case and we were told

636
00:21:55,830 --> 00:21:53,200
you know that there wasn't a lot of

637
00:21:59,430 --> 00:21:55,840
chatter about this that no um

638
00:22:01,990 --> 00:21:59,440

you know flight records or um audio was

639

00:22:03,990 --> 00:22:02,000

available about this and never would be

640

00:22:05,750 --> 00:22:04,000

but lo and behold stephen street of the

641

00:22:06,950 --> 00:22:05,760

new york post uh the other youtube

642

00:22:09,430 --> 00:22:06,960

channel it's redacted

643

00:22:10,070 --> 00:22:09,440

and many ufo researchers helped these

644

00:22:13,190 --> 00:22:10,080

guys

645

00:22:14,870 --> 00:22:13,200

find the actual audio in real time of

646

00:22:17,350 --> 00:22:14,880

what was going on during this event

647

00:22:19,029 --> 00:22:17,360

by people in the towers and employees of

648

00:22:20,870 --> 00:22:19,039

the airport on the ground so

649

00:22:22,390 --> 00:22:20,880

i'm gonna go ahead and play some of that

650

00:22:25,750 --> 00:22:22,400

audio for you guys

651

00:22:29,590 --> 00:22:25,760

right now let's see if i can find

652

00:22:32,630 --> 00:22:29,600

that got it here

653

00:22:52,830 --> 00:22:32,640

it's pretty freaky i'm not gonna lie

654

00:22:52,840 --> 00:23:53,430

uh

655

00:23:53,440 --> 00:23:58,470

this is where it gets interesting

656

00:23:58,480 --> 00:24:16,830

about united states

657

00:24:16,840 --> 00:24:30,830

oh

658

00:24:30,840 --> 00:24:35,830

um

659

00:24:41,029 --> 00:24:39,190

right okay so yeah that is pretty

660

00:24:41,990 --> 00:24:41,039

interesting i am so happy that they

661

00:24:43,990 --> 00:24:42,000

found that

662

00:24:46,070 --> 00:24:44,000

so stephen greenstreet and i talked for

663

00:24:48,710 --> 00:24:46,080

over an hour all about the chicago

664

00:24:49,510 --> 00:24:48,720

o'hare ufo incident the tapes that he

665

00:24:51,669 --> 00:24:49,520

found

666

00:24:53,110 --> 00:24:51,679

um and you know a lot of the people that

667

00:24:54,470 --> 00:24:53,120

worked at the airport weren't talking

668

00:24:55,990 --> 00:24:54,480

about it but there were

669

00:24:58,070 --> 00:24:56,000

independent witnesses outside the

670

00:24:59,269 --> 00:24:58,080

airport who saw this as well and i do

671

00:25:01,909 --> 00:24:59,279

feature some audio

672

00:25:02,789 --> 00:25:01,919

from one of those interviews uh that san

673

00:25:06,070 --> 00:25:02,799

maranto

674

00:25:08,950 --> 00:25:06,080

a chicago ufo researcher was able to

675

00:25:11,190 --> 00:25:08,960

interview witnesses and uh and lend us

676
00:25:11,909 --> 00:25:11,200
that audio so go check out the latest

677
00:25:15,430 --> 00:25:11,919
episode

678
00:25:16,230 --> 00:25:15,440
of somewhere in the skies the o'hare ufo

679
00:25:19,110 --> 00:25:16,240
tapes

680
00:25:20,549 --> 00:25:19,120
right now in audio or it is available to

681
00:25:23,590 --> 00:25:20,559
watch the full video

682
00:25:25,029 --> 00:25:23,600
right here on youtube as well um

683
00:25:26,470 --> 00:25:25,039
it was a lot of fun it was a lot of fun

684
00:25:27,430 --> 00:25:26,480
to revisit the case because i never

685
00:25:29,510 --> 00:25:27,440
talked about it

686
00:25:30,630 --> 00:25:29,520
on the show before so i hope everyone

687
00:25:33,269 --> 00:25:30,640
enjoys that

688
00:25:34,630 --> 00:25:33,279

um so yeah that's kind of all i have for

689

00:25:36,470 --> 00:25:34,640

news stories guys

690

00:25:38,390 --> 00:25:36,480

kind of wrapping things up let's talk a

691

00:25:40,630 --> 00:25:38,400

little shop about what's to come

692

00:25:42,470 --> 00:25:40,640

with somewhere in the skies i have some

693

00:25:45,669 --> 00:25:42,480

incredible guests coming up

694

00:25:48,149 --> 00:25:45,679

my guest uh this upcoming week

695

00:25:49,110 --> 00:25:48,159

is a gentleman named avi loeb some might

696

00:25:52,149 --> 00:25:49,120

know that name he

697

00:25:55,190 --> 00:25:52,159

is a harvard theoretical physicist

698

00:25:55,830 --> 00:25:55,200

and astronomer and he is coming out with

699

00:25:59,029 --> 00:25:55,840

a book

700

00:26:01,110 --> 00:25:59,039

about uh the omua mua object

701
00:26:02,470 --> 00:26:01,120
um i know that name sounds a little

702
00:26:04,070 --> 00:26:02,480
weird and some of you might

703
00:26:06,310 --> 00:26:04,080
know what i'm talking about this

704
00:26:07,269 --> 00:26:06,320
happened back in 2017. i'm going to pull

705
00:26:11,590 --> 00:26:07,279
up a uh

706
00:26:15,029 --> 00:26:11,600
a photo for you here um

707
00:26:15,669 --> 00:26:15,039
there she be um i know what you're

708
00:26:19,269 --> 00:26:15,679
saying

709
00:26:21,830 --> 00:26:19,279
it looks like a cosmic piece of poop

710
00:26:22,630 --> 00:26:21,840
i there's just no getting around that um

711
00:26:25,510 --> 00:26:22,640
this is just

712
00:26:26,870 --> 00:26:25,520
a rendering i might add but uh omualua

713
00:26:29,990 --> 00:26:26,880

was an object

714

00:26:31,750 --> 00:26:30,000

that came from interstellar space into

715

00:26:34,630 --> 00:26:31,760

our solar system

716

00:26:35,269 --> 00:26:34,640

hung out for a little bit and somehow

717

00:26:38,390 --> 00:26:35,279

some way

718

00:26:41,430 --> 00:26:38,400

stopped changed its directory

719

00:26:44,549 --> 00:26:41,440

and uh trajectory i should say and

720

00:26:47,350 --> 00:26:44,559

left and we were not able to get any

721

00:26:49,269 --> 00:26:47,360

really good video or uh photog

722

00:26:52,710 --> 00:26:49,279

photography of this thing

723

00:26:53,190 --> 00:26:52,720

but um it's amazing i remember when this

724

00:26:54,789 --> 00:26:53,200

thing

725

00:26:56,390 --> 00:26:54,799

hit the news waves and everyone was

726
00:26:58,789 --> 00:26:56,400
talking about it

727
00:27:00,070 --> 00:26:58,799
and uh avi loeb the harvard professor

728
00:27:02,549 --> 00:27:00,080
i'm gonna be talking to

729
00:27:03,430 --> 00:27:02,559
he believes that this could be a piece

730
00:27:06,870 --> 00:27:03,440
of alien

731
00:27:10,549 --> 00:27:06,880
space junk or possibly even some sort of

732
00:27:11,110 --> 00:27:10,559
uh disguised craft um now the word omua

733
00:27:13,909 --> 00:27:11,120
mua

734
00:27:15,430 --> 00:27:13,919
it comes from the uh from hawaii uh the

735
00:27:15,750 --> 00:27:15,440
hawaiian telescope was one of the first

736
00:27:19,110 --> 00:27:15,760
to

737
00:27:20,630 --> 00:27:19,120
cite this thing and uh roughly

738
00:27:23,269 --> 00:27:20,640

translates to

739

00:27:25,269 --> 00:27:23,279

scout so they think that this thing

740

00:27:28,549 --> 00:27:25,279

could have been a scout ship coming to

741

00:27:30,389 --> 00:27:28,559

check things out leave um and avilo

742

00:27:33,029 --> 00:27:30,399

believes that this is not the last

743

00:27:34,070 --> 00:27:33,039

object like this we're gonna see what

744

00:27:35,990 --> 00:27:34,080

that might mean

745

00:27:38,230 --> 00:27:36,000

and what it could mean about the future

746

00:27:41,110 --> 00:27:38,240

of interstellar objects coming

747

00:27:43,029 --> 00:27:41,120

to our solar system so i am super

748

00:27:46,389 --> 00:27:43,039

excited to talk to this guy

749

00:27:49,190 --> 00:27:46,399

um i'm gonna try to keep my cool and um

750

00:27:49,990 --> 00:27:49,200

and talk as much scientific lingo as i

751
00:27:53,029 --> 00:27:50,000
can to this

752
00:27:54,149 --> 00:27:53,039
literal genius um to a guy who knows

753
00:27:56,470 --> 00:27:54,159
absolutely nothing

754
00:27:58,310 --> 00:27:56,480
really about space unless i'm writing

755
00:28:00,950 --> 00:27:58,320
about it and really have to dive deep

756
00:28:01,750 --> 00:28:00,960
so i'm really excited about that um what

757
00:28:04,470 --> 00:28:01,760
else

758
00:28:06,230 --> 00:28:04,480
do we have coming um oh i'm gonna be

759
00:28:08,789 --> 00:28:06,240
talking to paul blake smith

760
00:28:10,310 --> 00:28:08,799
paul is a ufo researcher who recently

761
00:28:12,789 --> 00:28:10,320
came out with a book

762
00:28:13,990 --> 00:28:12,799
uh that i wrote the forward to actually

763
00:28:15,269 --> 00:28:14,000

the book is called president

764

00:28:17,669 --> 00:28:15,279

eisenhower's close

765

00:28:20,389 --> 00:28:17,679

encounters there's a lot of lore in the

766

00:28:22,630 --> 00:28:20,399

ufo world that eisenhower actually met

767

00:28:24,710 --> 00:28:22,640

with aliens back when he was president

768

00:28:25,269 --> 00:28:24,720

and created some sort of treaty with

769

00:28:28,389 --> 00:28:25,279

them

770

00:28:31,029 --> 00:28:28,399

um take that for what you will

771

00:28:32,549 --> 00:28:31,039

have an open mind and listen to this uh

772

00:28:34,549 --> 00:28:32,559

interview i'm gonna have with paul

773

00:28:36,870 --> 00:28:34,559

as he will talk all about it the

774

00:28:38,710 --> 00:28:36,880

evidence and stuff that he's found that

775

00:28:39,990 --> 00:28:38,720

makes him believe that there possibly

776

00:28:40,870 --> 00:28:40,000

could have been some sort of meeting

777

00:28:43,269 --> 00:28:40,880

between

778

00:28:44,549 --> 00:28:43,279

eisenhower and aliens that's gonna be

779

00:28:47,190 --> 00:28:44,559

super cool

780

00:28:48,789 --> 00:28:47,200

um we have zelia edgar coming on the

781

00:28:50,630 --> 00:28:48,799

show she is a ufo

782

00:28:51,909 --> 00:28:50,640

and paranormal investigator out of

783

00:28:53,669 --> 00:28:51,919

wisconsin

784

00:28:54,950 --> 00:28:53,679

and she just comes up with the most

785

00:28:57,269 --> 00:28:54,960

amazing stories

786

00:28:59,029 --> 00:28:57,279

to tell um you should go check her out

787

00:29:01,669 --> 00:28:59,039

on youtube zelia edgar

788

00:29:02,950 --> 00:29:01,679

tinfoil hat just type that into youtube

789

00:29:05,029 --> 00:29:02,960

her channel should

790

00:29:06,470 --> 00:29:05,039

show up and she tells incredible stories

791

00:29:07,669 --> 00:29:06,480

so we're gonna have her come on and tell

792

00:29:10,230 --> 00:29:07,679

some of those to us

793

00:29:11,430 --> 00:29:10,240

and what she's found and the last guest

794

00:29:14,870 --> 00:29:11,440

i'm gonna mention to you guys

795

00:29:17,990 --> 00:29:14,880

actually um is ralph blumenthal

796

00:29:21,590 --> 00:29:18,000

i actually got this advanced copy of his

797

00:29:21,990 --> 00:29:21,600

book true believer the believer excuse

798

00:29:32,789 --> 00:29:22,000

me

799

00:29:34,710 --> 00:29:32,799

basically changed everything in the ufo

800

00:29:36,710 --> 00:29:34,720

world um but he wrote a

801
00:29:38,830 --> 00:29:36,720
book about john mack the harvard

802
00:29:39,990 --> 00:29:38,840
psychiatrist who looked into alien

803
00:29:41,590 --> 00:29:40,000
abductions

804
00:29:43,190 --> 00:29:41,600
and i'm about a quarter of a way through

805
00:29:45,190 --> 00:29:43,200
the book and i can't put it down

806
00:29:46,870 --> 00:29:45,200
it's so good to learn about the life and

807
00:29:50,149 --> 00:29:46,880
career of john mack

808
00:29:50,789 --> 00:29:50,159
and uh what ralph came uh came away

809
00:29:53,269 --> 00:29:50,799
feeling

810
00:29:54,710 --> 00:29:53,279
and understanding about this very

811
00:29:57,269 --> 00:29:54,720
complex individual

812
00:29:59,190 --> 00:29:57,279
who found himself in the ufo world in

813
00:30:00,630 --> 00:29:59,200

terms of alien abductions so

814

00:30:02,470 --> 00:30:00,640

he's going to be on the show to talk all

815

00:30:05,269 --> 00:30:02,480

about that book soon

816

00:30:06,630 --> 00:30:05,279

um that's all i have for guests i do

817

00:30:09,350 --> 00:30:06,640

829

00:30:42,710 --> 00:30:40,720

really caught my eye was this guy

thank you strange days for sending this

835

00:30:55,350 --> 00:30:52,000

to me i love it

836

00:30:58,070 --> 00:30:55,360

um i also wanted to share this gem

837

00:30:59,110 --> 00:30:58,080

i got this from my parents uh sue and

838

00:31:00,950 --> 00:30:59,120

doug sprague

839

00:31:03,269 --> 00:31:00,960

and i got this for christmas in

840

00:31:06,230 --> 00:31:03,279

illustrated history of ufos

841

00:31:07,029 --> 00:31:06,240

um i didn't know what this was i'd never

842

00:31:10,230 --> 00:31:07,039

heard of it

843

00:31:12,789 --> 00:31:10,240

but i mean it's amazing it goes through

844

00:31:15,909 --> 00:31:12,799

the decades of ufo research

845

00:31:17,190 --> 00:31:15,919

and um with some of the really the

846

00:31:19,669 --> 00:31:17,200

coolest

847

00:31:20,389 --> 00:31:19,679

illustrations you can possibly find i

848

00:31:23,190 --> 00:31:20,399

mean

849

00:31:25,430 --> 00:31:23,200

look at that look at the quality um we

850

00:31:27,830 --> 00:31:25,440

find another one here

851

00:31:29,590 --> 00:31:27,840

pretty cool all these different beings

852

00:31:30,310 --> 00:31:29,600

that we've seen in movies throughout the

853

00:31:32,789 --> 00:31:30,320

years

854

00:31:34,230 --> 00:31:32,799

and then this was the thing that really

855

00:31:37,350 --> 00:31:34,240

caught my attention

856

00:31:40,630 --> 00:31:37,360

there is a entire two pages

857

00:31:41,750 --> 00:31:40,640

illustrated of ufo researchers there's

858

00:31:44,789 --> 00:31:41,760

lelie keane

859

00:31:46,789 --> 00:31:44,799

there's richard dolan i mean there's jl

860

00:31:49,190 --> 00:31:46,799

and heinek they're all in here

861

00:31:50,149 --> 00:31:49,200

um so i would highly suggest checking

862

00:31:52,789 --> 00:31:50,159

out this book

863

00:31:53,990 --> 00:31:52,799

if you can um ufo is an illustrated

864

00:31:57,750 --> 00:31:54,000

history

865

00:31:58,950 --> 00:31:57,760

it is by oh gosh adam adam boardman so

866

00:32:01,990 --> 00:31:58,960

check that out

867

00:32:03,990 --> 00:32:02,000

as well um the last book

868

00:32:05,430 --> 00:32:04,000

actually second to last book you should

869

00:32:08,389 --> 00:32:05,440

check out is

870

00:32:09,430 --> 00:32:08,399

surviving death the book by leslie kane

871

00:32:11,830 --> 00:32:09,440

touching on

872

00:32:13,430 --> 00:32:11,840

life after death experiences and the

873

00:32:16,549 --> 00:32:13,440

reason i'm bringing up this book

874

00:32:18,230 --> 00:32:16,559

is the netflix series premieres tomorrow

875

00:32:21,590 --> 00:32:18,240

of surviving death

876

00:32:24,630 --> 00:32:21,600

i had the amazing opportunity to

877

00:32:26,230 --> 00:32:24,640

interview leslie and one of the partners

878

00:32:27,029 --> 00:32:26,240

she's working with on the television

879

00:32:28,950 --> 00:32:27,039

project

880

00:32:30,549 --> 00:32:28,960

mike anthony i had them on the show to

881

00:32:33,190 --> 00:32:30,559

talk about life after death

882

00:32:33,750 --> 00:32:33,200

and um right in the middle of our

883

00:32:36,630 --> 00:32:33,760

interview

884

00:32:37,909 --> 00:32:36,640

they actually were also filming so it

885

00:32:38,870 --> 00:32:37,919

was really cool to see that whole

886

00:32:41,590 --> 00:32:38,880

process

887

00:32:43,909 --> 00:32:41,600

and the show drops tomorrow on netflix

888

00:32:46,310 --> 00:32:43,919

so check out surviving death if you can

889

00:32:47,029 --> 00:32:46,320

um borrow a friend's netflix account if

890

00:32:50,470 --> 00:32:47,039

you have to

891

00:32:51,750 --> 00:32:50,480

it's well worth it um always there's

892

00:32:54,630 --> 00:32:51,760

always this book

893

00:32:57,350 --> 00:32:54,640

by some hack um you should i guess check

894

00:33:00,630 --> 00:32:57,360

it out maybe

895

00:33:03,190 --> 00:33:00,640

um but that's all i got guys um

896

00:33:04,230 --> 00:33:03,200

let's see some really cool stuff i'm

897

00:33:08,230 --> 00:33:04,240

about a ufo case that

938

00:34:38,149 --> 00:34:37,359

hasn't been made public there's trace

939

00:34:40,310 --> 00:34:38,159

evidence

940

00:34:41,829 --> 00:34:40,320

and there are scientists looking at that

941

00:34:43,510 --> 00:34:41,839

evidence right now

942

00:34:45,030 --> 00:34:43,520
