or so

142

00:04:56,390 --> 00:04:54,160

143

00:04:57,510 --> 00:04:56,400

154
00:05:18,629 --> 00:05:16,639
time over there

155
00:05:19,990 --> 00:05:18,639
and um let's see zayn always look

156
00:05:23,590 --> 00:05:20,000

157
00:05:26,310 --> 00:05:23,600
a new donkey yes man um hey we got james

158
00:05:29,350 --> 00:05:26,320
fox's the phenomenon which is the

159
00:05:29,990 --> 00:05:29,360
number one documentary in the world or

160
00:05:32,070 --> 00:05:30,000
was i

161
00:05:33,590 --> 00:05:32,080
i shouldn't i shouldn't be presumptive

162
00:05:34,790 --> 00:05:33,600
and saying it still is but it was when

163
00:05:36,870 --> 00:05:34,800

it first came out

164

00:05:38,870 --> 00:05:36,880

um so if you haven't checked out the

165

00:05:40,790 --> 00:05:38,880

phenomenon check it out right now

166

00:05:42,629 --> 00:05:40,800

wherever you get you know you can stream

167

00:05:46,469 --> 00:05:42,639

docs on amazon prime

168

00:05:47,590 --> 00:05:46,479

and and vimeo and apple movies imovies

169

00:05:49,189 --> 00:05:47,600

whatever they call it

170

00:05:52,390 --> 00:05:49,199

imovie as well i haven't heard that in a

171

00:05:54,950 --> 00:05:52,400

while um kind of like itunes i guess

172

00:05:56,629 --> 00:05:54,960

um but yeah sure to check that one out

173

00:05:58,790 --> 00:05:56,639

and check out what's to come

174

00:05:59,909 --> 00:05:58,800

with the i believe in humans podcast and

175

00:06:01,670 --> 00:05:59,919

it's redacted

176

00:06:03,430 --> 00:06:01,680

youtube channels they're cooking up some

177

00:06:06,070 --> 00:06:03,440

awesome stuff um

178

00:06:07,029 --> 00:06:06,080

all right let's get to the news that has

179

00:06:09,909 --> 00:06:07,039

been covered

180

00:06:10,469 --> 00:06:09,919

over at the debrief and again for

181

00:06:12,870 --> 00:06:10,479

warning

182

00:06:13,590 --> 00:06:12,880

i'm doing some stuff that i'm doing some

183

00:06:17,029 --> 00:06:13,600

share

184

00:06:18,870 --> 00:06:17,039

screen stuff tonight so um if i'm

185

00:06:20,950 --> 00:06:18,880

clicking things awkwardly i'm just

186

00:06:23,909 --> 00:06:20,960

trying to get this stuff to work

187

00:06:26,710 --> 00:06:23,919

um so just bear with me david ufos are

188

00:06:31,189 --> 00:06:26,720

irrelevant if biden becomes potus

189

00:06:34,790 --> 00:06:31,199

okay um i guess so um according to david

190

00:06:36,870 --> 00:06:34,800

uh thanks for that uh insight i guess

191

00:06:38,870 --> 00:06:36,880

hey son what's up douglas oh i'm gonna

192

00:06:41,670 --> 00:06:38,880

give a shout out to my family right now

193

00:06:42,390 --> 00:06:41,680

before we uh we go any further this is

194

00:06:48,629 --> 00:06:42,400

my fam

195

00:06:51,909 --> 00:06:48,639

them they are my biggest supporters

196

00:06:52,870 --> 00:06:51,919

in the world and um i would not where i

197

00:06:54,950 --> 00:06:52,880

am today

198

00:06:56,790 --> 00:06:54,960

without their amazing support and love

199

00:06:59,510 --> 00:06:56,800

throughout the years my mom is like

200

00:07:00,870 --> 00:06:59,520

the biggest uh uh publicist i could

201
00:07:02,950 --> 00:07:00,880
possibly ask for

202
00:07:04,309 --> 00:07:02,960
you know put my book up on facebook

203
00:07:07,189 --> 00:07:04,319
every day and

204
00:07:08,230 --> 00:07:07,199
and everything and um they both support

205
00:07:10,870 --> 00:07:08,240
my work and my

206
00:07:12,309 --> 00:07:10,880
lovely lovely sister as well um have

207
00:07:14,710 --> 00:07:12,319
been in my corner since the very

208
00:07:17,430 --> 00:07:14,720
beginning so to the spread family

209
00:07:18,469 --> 00:07:17,440
all of you and the dogs thank you for

210
00:07:21,670 --> 00:07:18,479
everything you do

211
00:07:22,070 --> 00:07:21,680
um i i i know a lot of people maybe

212
00:07:25,270 --> 00:07:22,080
don't

213
00:07:27,270 --> 00:07:25,280

get along with their parents well or um

214

00:07:28,469 --> 00:07:27,280

you know do whatever they can to dodge

215

00:07:31,110 --> 00:07:28,479

them every now and again but

216

00:07:33,110 --> 00:07:31,120

i can honestly say that my parents are

217

00:07:33,909 --> 00:07:33,120

just the coolest people in the world and

218

00:07:35,990 --> 00:07:33,919

i am so

219

00:07:37,510 --> 00:07:36,000

thankful and fortunate for that um

220

00:07:38,629 --> 00:07:37,520

especially with them dealing with all my

221

00:07:40,390 --> 00:07:38,639

ufo stuff

222

00:07:42,950 --> 00:07:40,400

throughout the years they even came to

223

00:07:45,510 --> 00:07:42,960

see me speak at a ufo event

224

00:07:46,230 --> 00:07:45,520

uh with a bunch of alien abductees and

225

00:07:47,990 --> 00:07:46,240

whatnot and

226

00:07:49,749 --> 00:07:48,000

that was an experience to say the least

227

00:07:51,990 --> 00:07:49,759

it ended at a cracker barrel

228

00:07:54,950 --> 00:07:52,000

of all places so that that tells you a

229

00:07:58,469 --> 00:07:57,830

and of course my lovely lovely partner

230

00:08:01,589 --> 00:07:58,479

jane

231

00:08:03,830 --> 00:08:01,599

who um is uh very

232

00:08:05,830 --> 00:08:03,840

elusive she's not on social networks

233

00:08:07,830 --> 00:08:05,840

she's an amazing individual she loves to

234

00:08:10,469 --> 00:08:07,840

stay off the radar and do her thing

235

00:08:11,110 --> 00:08:10,479

um but she is the best best girlfriend i

236

00:08:14,550 --> 00:08:11,120

could ever

237

00:08:17,510 --> 00:08:14,560

ask for again anyone who puts up

238

00:08:18,230 --> 00:08:17,520

me doing this stuff uh i just feel so

239

00:08:21,749 --> 00:08:18,240

fortunate

240

00:08:24,469 --> 00:08:21,759

and she edited both editions of my book

241

00:08:25,270 --> 00:08:24,479

so the reason that that book is even

242

00:08:28,629 --> 00:08:25,280

slightly

243

00:08:29,749 --> 00:08:28,639

uh readable is because of her she did an

244

00:08:33,029 --> 00:08:29,759

incredible

245

00:08:34,949 --> 00:08:33,039

job of uh making me look good so um

246

00:08:36,389 --> 00:08:34,959

yes all my love and thanks to her as

247

00:08:40,389 --> 00:08:36,399

always um but

248

00:08:42,630 --> 00:08:40,399

let's get to the news all right um

249

00:08:45,030 --> 00:08:42,640

i'm gonna throw some stuff up here cool

250

00:08:48,070 --> 00:08:45,040

shirt audrey says

251

00:08:52,470 --> 00:08:50,310

your mom is adorable thank you thank you

252

00:08:53,509 --> 00:08:52,480

i i tend to think she's a pretty awesome

253

00:08:56,389 --> 00:08:53,519

person too

254

00:08:57,590 --> 00:08:56,399

um all right so the first story we're

255

00:08:59,670 --> 00:08:57,600

going to be covering

256

00:09:00,870 --> 00:08:59,680

here let me get this up on the share

257

00:09:04,550 --> 00:09:00,880

screen for you

258

00:09:10,310 --> 00:09:04,560

this one is super super cool um better

259

00:09:12,710 --> 00:09:10,320

to bear with me better with me all right

260

00:09:13,910 --> 00:09:12,720

there it is so this is um from

261

00:09:15,750 --> 00:09:13,920

christopher plane one of our

262

00:09:17,110 --> 00:09:15,760

contributing writers over at the debrief

263

00:09:17,990 --> 00:09:17,120

and i'm just gonna run through a short

264

00:09:19,750 --> 00:09:18,000

synopsis

265

00:09:21,350 --> 00:09:19,760

of each of these stories i highly

266

00:09:23,509 --> 00:09:21,360

recommend you go read the whole

267

00:09:25,509 --> 00:09:23,519

thing of each of these because they're

268

00:09:26,550 --> 00:09:25,519

incredible so this one was called brain

269

00:09:29,829 --> 00:09:26,560

implants allow

270

00:09:32,470 --> 00:09:29,839

crop quadra brain

271

00:09:33,190 --> 00:09:32,480

implants allow quadriplegic man to feed

272

00:09:35,910 --> 00:09:33,200

himself

273

00:09:37,670 --> 00:09:35,920

there we go um by christopher plane in a

274

00:09:40,070 --> 00:09:37,680

recently announced breakthrough

275

00:09:42,550 --> 00:09:40,080

researchers at the uh john hopkins

276

00:09:45,110 --> 00:09:42,560

applied physics laboratory johns hopkins

277

00:09:47,110 --> 00:09:45,120

excuse me have helped a quadriplegic man

278

00:09:49,030 --> 00:09:47,120

named robert buzz

279

00:09:50,470 --> 00:09:49,040

shmaluki i think that is the way to

280

00:09:52,310 --> 00:09:50,480

pronounce his name um

281

00:09:53,829 --> 00:09:52,320

let's just call him buzz help the man

282

00:09:56,389 --> 00:09:53,839

named buzz operate

283

00:09:58,150 --> 00:09:56,399

a pair of ai controlled mechanical arms

284

00:10:02,550 --> 00:09:58,160

to feed himself

285

00:10:04,310 --> 00:10:02,560

using brain implants and his thoughts

286

00:10:06,230 --> 00:10:04,320

that blew my mind when i read that um it

287

00:10:09,190 --> 00:10:06,240

is a massive step for anyone

288

00:10:10,870 --> 00:10:09,200

in buzz's condition and an undeniable

289

00:10:12,389 --> 00:10:10,880

first in the fields of robotics

290

00:10:15,910 --> 00:10:12,399

artificial intelligence

291

00:10:17,430 --> 00:10:15,920

and brain machine interface um so again

292

00:10:18,949 --> 00:10:17,440

there's a lot more to the science and

293

00:10:21,829 --> 00:10:18,959

tech behind this article

294

00:10:22,230 --> 00:10:21,839

but i'm just gonna go ahead and share um

295

00:10:25,030 --> 00:10:22,240

a

296

00:10:26,949 --> 00:10:25,040

video of how it works with buzz we've

297

00:10:27,590 --> 00:10:26,959

got that on youtube here so give me one

298

00:10:30,790 --> 00:10:27,600

sec

299

00:10:32,389 --> 00:10:30,800

i'm gonna get that up for you guys here

300

00:10:34,389 --> 00:10:32,399

thank you for bearing with me as i'm

301
00:10:35,750 --> 00:10:34,399
learning to use this program a little

302
00:10:38,949 --> 00:10:35,760
bit more

303
00:12:11,990 --> 00:10:38,959
all right here it is so let's go ahead

304
00:12:15,670 --> 00:12:14,230
oh my god so i just i thought that was

305
00:12:19,910 --> 00:12:15,680
so freaking cool

306
00:12:22,470 --> 00:12:19,920
um the technology that we are able to

307
00:12:23,750 --> 00:12:22,480
come up with today um i think is scary

308
00:12:24,629 --> 00:12:23,760
for a lot of people especially

309
00:12:26,949 --> 00:12:24,639
artificial

310
00:12:28,629 --> 00:12:26,959
intelligence and robotics and i totally

311
00:12:29,269 --> 00:12:28,639
get it but when you see something like

312
00:12:31,670 --> 00:12:29,279
that

313
00:12:32,949 --> 00:12:31,680

like being able to use brain waves and

314

00:12:35,269 --> 00:12:32,959

um thoughts

315

00:12:36,310 --> 00:12:35,279

to control something again can be

316

00:12:37,910 --> 00:12:36,320

terrifying

317

00:12:39,350 --> 00:12:37,920

but look at someone like buzz who's

318

00:12:42,230 --> 00:12:39,360

never been able to use his

319

00:12:42,870 --> 00:12:42,240

his uh his hands or his arms all his

320

00:12:45,829 --> 00:12:42,880

life

321

00:12:47,110 --> 00:12:45,839

uh quadriplegic so his legs either and

322

00:12:50,310 --> 00:12:47,120

now he's gonna be able to do

323

00:12:52,389 --> 00:12:50,320

things and have that feeling of um

324

00:12:54,389 --> 00:12:52,399

you know i guess what that that

325

00:12:54,710 --> 00:12:54,399

sensation would be like to be able to do

326

00:12:58,949 --> 00:12:54,720

that

327

00:13:01,509 --> 00:12:58,959

story my my props to christopher

328

00:13:02,790 --> 00:13:01,519

for um for coming up with that one i

329

00:13:04,230 --> 00:13:02,800

thought that was amazing

330

00:13:05,990 --> 00:13:04,240

um let's see what do you guys have to

331

00:13:08,389 --> 00:13:06,000

say rodrigo is here hello

332

00:13:09,670 --> 00:13:08,399

rodrigo thank you for joining us brother

333

00:13:13,190 --> 00:13:09,680

um

334

00:13:16,150 --> 00:13:13,200

let's see uh rolo rolla

335

00:13:18,870 --> 00:13:16,160

100 hello how you doing unidentified

336

00:13:21,269 --> 00:13:18,880

celebrity review says awesome i agree

337

00:13:24,069 --> 00:13:21,279

uh big fat creep says that's dope

338

00:13:26,230 --> 00:13:24,079

technology is amazing i agree audrey

339

00:13:27,829 --> 00:13:26,240

um let's move on to some other

340

00:13:31,030 --> 00:13:27,839

technology this is a piece

341

00:13:34,550 --> 00:13:31,040

actually that i i wrote and

342

00:13:38,310 --> 00:13:34,560

um let me see if i can get it up here

343

00:13:48,150 --> 00:13:38,320

for you guys is this it yep okay

344

00:13:51,350 --> 00:13:48,160

give me one sec

345

00:13:52,710 --> 00:13:51,360

there it is all right so this is one of

346

00:13:55,829 --> 00:13:52,720

my latest stories over

347

00:13:58,949 --> 00:13:55,839

at thedebrief.org new dark

348

00:14:00,150 --> 00:13:58,959

night vision tech will be as simple as a

349

00:14:01,590 --> 00:14:00,160

pair of glasses

350

00:14:03,590 --> 00:14:01,600

it's coming true guys we're gonna have

351

00:14:07,430 --> 00:14:03,600

night vision right

352

00:14:10,310 --> 00:14:07,440

in our whatever bifocals i guess

353

00:14:12,230 --> 00:14:10,320

um and you know of course this was

354

00:14:14,629 --> 00:14:12,240

created by darpa who

355

00:14:16,230 --> 00:14:14,639

we know mostly for creating defense and

356

00:14:18,710 --> 00:14:16,240

military technology

357

00:14:20,230 --> 00:14:18,720

so it's um pretty safe to say that this

358

00:14:23,269 --> 00:14:20,240

tech is probably going to go

359

00:14:24,870 --> 00:14:23,279

into um warfare before anything else

360

00:14:26,949 --> 00:14:24,880

i mean when you look at the um the night

361

00:14:29,910 --> 00:14:26,959

vision that a lot of soldiers use

362

00:14:30,870 --> 00:14:29,920

for you know um pitch black operations

363

00:14:34,069 --> 00:14:30,880

uh it's these

364

00:14:35,509 --> 00:14:34,079

big head gear and goggles and it's very

365

00:14:37,829 --> 00:14:35,519

restrictive so they're not able to

366

00:14:39,590 --> 00:14:37,839

really do a lot but this new tech

367

00:14:41,110 --> 00:14:39,600

is actually going to be able to uh be

368

00:14:42,790 --> 00:14:41,120

put right in lenses

369

00:14:44,629 --> 00:14:42,800

and they'll be able to do everything

370

00:14:46,790 --> 00:14:44,639

like they were just wearing a pair of

371

00:14:49,030 --> 00:14:46,800

reading glasses their sunglasses

372

00:14:50,389 --> 00:14:49,040

um so let me give a little more info

373

00:14:53,350 --> 00:14:50,399

here the uh

374

00:14:54,710 --> 00:14:53,360

the darpa agency has announced its

375

00:14:56,389 --> 00:14:54,720

newest vision

376

00:14:57,990 --> 00:14:56,399

version of night vision tech through a

377

00:15:00,949 --> 00:14:58,000

program called enhanced

378

00:15:02,550 --> 00:15:00,959

night vision or end vision program comes

379

00:15:03,509 --> 00:15:02,560

in the form of lightweight eyeglasses

380

00:15:06,629 --> 00:15:03,519

using one

381

00:15:08,389 --> 00:15:06,639

single band of the infrared spectrum

382

00:15:10,870 --> 00:15:08,399

this technology will provide thermal

383

00:15:13,030 --> 00:15:10,880

vision through obscurance such as fog

384

00:15:13,910 --> 00:15:13,040

and dirt and um all through a single

385

00:15:15,590 --> 00:15:13,920

flat lens

386

00:15:17,110 --> 00:15:15,600

the accessible nature of this tech and

387

00:15:18,870 --> 00:15:17,120

its creation by darpa

388

00:15:21,269 --> 00:15:18,880

will inevitably lead to its most

389

00:15:24,790 --> 00:15:21,279

significant consumer like i said

390

00:15:26,550 --> 00:15:24,800

the u.s military um so awesome

391

00:15:28,230 --> 00:15:26,560

i think it's pretty cool hopefully it'll

392

00:15:28,949 --> 00:15:28,240

be available to the public as well

393

00:15:30,710 --> 00:15:28,959

someday

394

00:15:32,230 --> 00:15:30,720

so you know you can go on those those

395

00:15:33,910 --> 00:15:32,240

night runs and um

396

00:15:36,069 --> 00:15:33,920

see everything a mile ahead of you

397

00:15:37,670 --> 00:15:36,079

before you get there to be safe and

398

00:15:38,790 --> 00:15:37,680

everything and um i just think it'd be

399

00:15:40,629 --> 00:15:38,800

pretty cool so

400

00:15:42,150 --> 00:15:40,639

yeah that was one of my latest stories

401
00:15:45,350 --> 00:15:42,160
over there um

402
00:15:46,870 --> 00:15:45,360
what else do we have here uh zane says

403
00:15:47,990 --> 00:15:46,880
tech use for the betterment of mankind

404
00:15:48,790 --> 00:15:48,000
should be our focus instead of

405
00:15:50,790 --> 00:15:48,800
destruction

406
00:15:52,389 --> 00:15:50,800
i could not agree more brother i could

407
00:15:55,430 --> 00:15:52,399
not agree more with you there

408
00:15:58,509 --> 00:15:55,440
cheryl welcome welcome cheryl oh is here

409
00:16:01,030 --> 00:15:58,519
um let's see rodrigo says the

410
00:16:01,910 --> 00:16:01,040
usr so i was watching season four of

411
00:16:03,590 --> 00:16:01,920
young sheldon

412
00:16:05,670 --> 00:16:03,600
and i heard a voice recently familiar to

413
00:16:08,629 --> 00:16:05,680

me kind of out of place wasn't expecting

414

00:16:10,389 --> 00:16:08,639

then i see that stash luis i didn't know

415

00:16:12,629 --> 00:16:10,399

that you were on young sheldon

416

00:16:14,310 --> 00:16:12,639

that's so cool brother um luis is again

417

00:16:15,110 --> 00:16:14,320

the host of the unidentified celebrity

418

00:16:17,110 --> 00:16:15,120

review

419

00:16:19,350 --> 00:16:17,120

he is also an actor and comedian in los

420

00:16:20,710 --> 00:16:19,360

angeles and that dude is just killing it

421

00:16:23,829 --> 00:16:20,720

whether it's with ufos

422

00:16:24,870 --> 00:16:23,839

or in hollywood so um again that's so

423

00:16:26,470 --> 00:16:24,880

cool that you caught him

424

00:16:28,069 --> 00:16:26,480

i do that every now and again um mostly

425

00:16:30,470 --> 00:16:28,079

with law and order um

426
00:16:31,590 --> 00:16:30,480
because i live in new york and a lot of

427
00:16:33,509 --> 00:16:31,600
the show is um

428
00:16:34,629 --> 00:16:33,519
oh god predominantly all of it is shot

429
00:16:36,629 --> 00:16:34,639
here in new york city

430
00:16:38,710 --> 00:16:36,639
and i remember they shut down you know

431
00:16:40,870 --> 00:16:38,720
our blocks and our parks here in

432
00:16:42,230 --> 00:16:40,880
queens a lot to film it or they did

433
00:16:44,470 --> 00:16:42,240
before the pandemic

434
00:16:45,829 --> 00:16:44,480
um and i would also see a bunch of

435
00:16:47,590 --> 00:16:45,839
co-workers and

436
00:16:49,110 --> 00:16:47,600
colleagues and people on the show

437
00:16:51,670 --> 00:16:49,120
constantly um

438
00:16:52,550 --> 00:16:51,680

because of the the theater nature of new

439

00:16:53,990 --> 00:16:52,560

york city they

440

00:16:56,150 --> 00:16:54,000

they like to hire a lot of theater

441

00:16:56,710 --> 00:16:56,160

actors and another cool thing right now

442

00:16:59,269 --> 00:16:56,720

is because

443

00:17:00,470 --> 00:16:59,279

a lot of you probably know broadway here

444

00:17:02,389 --> 00:17:00,480

in new york city

445

00:17:04,309 --> 00:17:02,399

has been shut down since the first

446

00:17:06,949 --> 00:17:04,319

lockdown so almost a year now

447

00:17:08,870 --> 00:17:06,959

um i've personally been out of work and

448

00:17:10,949 --> 00:17:08,880

hundreds of thousands of other people

449

00:17:13,189 --> 00:17:10,959

have been out of work and not just the

450

00:17:16,150 --> 00:17:13,199

actors we're talking everyone from the

451

00:17:17,510 --> 00:17:16,160

the crews the uh the customers the

452

00:17:20,309 --> 00:17:17,520

makeup people the

453

00:17:22,870 --> 00:17:20,319

the the bartenders the merchandising the

454

00:17:24,630 --> 00:17:22,880

the custodial staff the musicians

455

00:17:25,829 --> 00:17:24,640

i mean it's it's ridiculous when you

456

00:17:26,789 --> 00:17:25,839

really think about how many people are

457

00:17:30,390 --> 00:17:26,799

actually involved

458

00:17:32,630 --> 00:17:30,400

in each broadway show eight times a week

459

00:17:33,430 --> 00:17:32,640

and like 40 different theaters it's

460

00:17:36,549 --> 00:17:33,440

insane

461

00:17:38,070 --> 00:17:36,559

how many people it employs so um what uh

462

00:17:39,669 --> 00:17:38,080

law and order is doing right now is they

463

00:17:42,390 --> 00:17:39,679

said they're going to try to hire

464

00:17:43,830 --> 00:17:42,400

every single actor on broadway to be on

465

00:17:45,669 --> 00:17:43,840

their show so that's pretty cool at

466

00:17:49,750 --> 00:17:45,679

least the actors are getting work

467

00:17:53,270 --> 00:17:49,760

again um hopefully we'll be next right

468

00:17:55,830 --> 00:17:53,280

let's see what we got here um blue shift

469

00:17:57,110 --> 00:17:55,840

radio says birds can see magnetic fields

470

00:18:00,310 --> 00:17:57,120

waiting

471

00:18:02,870 --> 00:18:00,320

uh for glasses to see electromagnetic

472

00:18:03,350 --> 00:18:02,880

emissions that's so cool love gotta love

473

00:18:08,070 --> 00:18:03,360

those

474

00:18:14,070 --> 00:18:08,080

here

475

00:18:17,110 --> 00:18:14,080

i'd love to

476

00:18:19,590 --> 00:18:17,120

give you guys some props um

477

00:18:21,350 --> 00:18:19,600

show

496

00:18:59,750 --> 00:18:57,760

and um i'm going off on a diatribe let's

497

00:19:02,870 --> 00:18:59,760

get back to our debriefs

498

00:19:04,470 --> 00:19:02,880

this one is really interesting um

499

00:19:06,630 --> 00:19:04,480

what i've got for you next so give me

500

00:19:11,190 --> 00:19:06,640

one sec here

501
00:19:15,510 --> 00:19:11,200
um i'm gonna get it set up

502
00:19:18,390 --> 00:19:15,520
in just a moment no no no where is it

503
00:19:20,549 --> 00:19:18,400
uh oh here it is oh this is a

504
00:19:22,789 --> 00:19:20,559
controversial one for sure

505
00:19:24,150 --> 00:19:22,799
um this comes from tim mcmillan over at

506
00:19:26,630 --> 00:19:24,160
the debrief

507
00:19:28,150 --> 00:19:26,640
nasa scientists please guilty to lying

508
00:19:31,510 --> 00:19:28,160
about ties to china's

509
00:19:33,029 --> 00:19:31,520
thousand talents program um so this one

510
00:19:33,510 --> 00:19:33,039
is really interesting i'm just going to

511
00:19:35,909 --> 00:19:33,520
read

512
00:19:38,070 --> 00:19:35,919
the synopsis of the article on january

513
00:19:40,870 --> 00:19:38,080

13th 2021 a former senior

514

00:19:41,830 --> 00:19:40,880

nasa scientist pled guilty in manhattan

515

00:19:43,510 --> 00:19:41,840

federal court

516

00:19:45,430 --> 00:19:43,520

for making false statements about their

517

00:19:47,990 --> 00:19:45,440

involvement with china's thousand

518

00:19:48,870 --> 00:19:48,000

talents program a program u.s

519

00:19:51,750 --> 00:19:48,880

authorities say

520

00:19:53,190 --> 00:19:51,760

amounts to a spy ring seeking to steal

521

00:19:55,669 --> 00:19:53,200

intellectual property

522

00:19:57,669 --> 00:19:55,679

for the people's republic of china

523

00:20:00,789 --> 00:19:57,679

according to the department of justice

524

00:20:04,870 --> 00:20:00,799

in late october 2020 um

525

00:20:06,789 --> 00:20:04,880

maya mayapan 66 of pacifica california

526
00:20:08,549 --> 00:20:06,799
lied to federal investigators about

527
00:20:10,390 --> 00:20:08,559
several things chiefly

528
00:20:12,310 --> 00:20:10,400
that he was not a member of china's

529
00:20:15,750 --> 00:20:12,320
thousand talents program

530
00:20:17,029 --> 00:20:15,760
quote in truth and in fact mayapan was a

531
00:20:19,990 --> 00:20:17,039
member of the thousand

532
00:20:21,669 --> 00:20:20,000
talents program and held a professorship

533
00:20:24,549 --> 00:20:21,679
at a chinese university

534
00:20:25,350 --> 00:20:24,559
funded by the chinese government the dog

535
00:20:27,510 --> 00:20:25,360
says

536
00:20:28,549 --> 00:20:27,520
so this is pretty freaky i mean we're

537
00:20:30,710 --> 00:20:28,559
living in a

538
00:20:31,990 --> 00:20:30,720

crazy world right now where most of the

539

00:20:34,710 --> 00:20:32,000

warfare going on

540

00:20:36,870 --> 00:20:34,720

is cyber warfare i mean look at what

541

00:20:38,470 --> 00:20:36,880

it's done um here in america we just had

542

00:20:41,510 --> 00:20:38,480

a huge

543

00:20:43,909 --> 00:20:41,520

huge destruction pack of um

544

00:20:45,830 --> 00:20:43,919

everything in the government from what

545

00:20:48,149 --> 00:20:45,840

we presume is russia um

546

00:20:49,430 --> 00:20:48,159

uh you know there's been rumors and

547

00:20:51,110 --> 00:20:49,440

claims of um

548

00:20:52,549 --> 00:20:51,120

russian meddling and we're not gonna get

549

00:20:54,470 --> 00:20:52,559

political but um

550

00:20:55,750 --> 00:20:54,480

it's a real thing and it's happening at

551
00:20:58,470 --> 00:20:55,760
a constant rate

552
00:20:59,830 --> 00:20:58,480
and it's a little scary so um to know

553
00:21:01,669 --> 00:20:59,840
that some of our

554
00:21:03,190 --> 00:21:01,679
nasa people might have been helping

555
00:21:06,390 --> 00:21:03,200
these spies get

556
00:21:08,950 --> 00:21:06,400
information about god knows what

557
00:21:10,549 --> 00:21:08,960
uh is unsettling to say the least and i

558
00:21:11,830 --> 00:21:10,559
mean you can't unring the bell

559
00:21:14,789 --> 00:21:11,840
you know you can't put the genie back in

560
00:21:17,270 --> 00:21:14,799
the bottle um we live in a world where

561
00:21:19,029 --> 00:21:17,280
anything i'm very sensitive with a few

562
00:21:21,430 --> 00:21:19,039
keystrokes so um

563
00:21:22,630 --> 00:21:21,440

i i don't know what other what else to

564

00:21:24,950 --> 00:21:22,640

say except um

565

00:21:26,789 --> 00:21:24,960

it's it's scary i highly suggest

566

00:21:27,590 --> 00:21:26,799

checking out this entire article by tim

567

00:21:29,029 --> 00:21:27,600

mcmillan

568

00:21:31,029 --> 00:21:29,039

um to get a better idea and

569

00:21:33,990 --> 00:21:31,039

understanding of what was hacked

570

00:21:34,710 --> 00:21:34,000

what was presumably given to the chinese

571

00:21:37,029 --> 00:21:34,720

government

572

00:21:38,230 --> 00:21:37,039

and um and what that's all about so

573

00:21:41,590 --> 00:21:38,240

check it out

574

00:21:46,870 --> 00:21:44,950

who else we got here sean welcome to the

575

00:21:49,350 --> 00:21:46,880

show brother how are you doing i'm doing

576

00:21:52,789 --> 00:21:49,360

great my man thank you for joining us

577

00:21:54,310 --> 00:21:52,799

um let's see let's see let's see here

578

00:21:57,430 --> 00:21:54,320

what comes next

579

00:22:00,310 --> 00:21:57,440

here here it is guys here is our

580

00:22:01,750 --> 00:22:00,320

ufo story in the debrief this past week

581

00:22:06,390 --> 00:22:01,760

you're going to love this one

582

00:22:09,510 --> 00:22:06,400

it comes from mr mj banayas

583

00:22:11,669 --> 00:22:09,520

the um chief editor at the debrief

584

00:22:15,430 --> 00:22:11,679

i'm going to go ahead and pull up the

585

00:22:20,070 --> 00:22:18,710

sorry i don't know why i always do that

586

00:22:21,830 --> 00:22:20,080

i go into pirate mode

587

00:22:23,990 --> 00:22:21,840

when i'm trying to do the share screen

588

00:22:27,350 --> 00:22:24,000

thing some kind of weird

589

00:22:31,110 --> 00:22:27,360

consciousness crutch i guess um

590

00:22:33,350 --> 00:22:31,120

let's see here all right

591

00:22:35,750 --> 00:22:33,360

here's our latest from mj binayas in

592

00:22:36,870 --> 00:22:35,760

2008 oh let me read the title first

593

00:22:38,950 --> 00:22:36,880

before we get to the

594

00:22:40,870 --> 00:22:38,960

what it's about shocking documents show

595

00:22:44,470 --> 00:22:40,880

government paid millions to chase

596

00:22:46,470 --> 00:22:44,480

ufos and werewolves

597

00:22:48,630 --> 00:22:46,480

yes you heard that right the us

598

00:22:52,830 --> 00:22:48,640

government your tax dollars

599

00:22:55,990 --> 00:22:52,840

went to investigating ufos awesome

600

00:22:56,310 --> 00:22:56,000

werewolves i don't know what do you guys

601
00:22:57,990 --> 00:22:56,320
think

602
00:23:00,070 --> 00:22:58,000
let me know in the comments are you

603
00:23:00,950 --> 00:23:00,080
happy um those in the united states that

604
00:23:04,549 --> 00:23:00,960
your money went

605
00:23:07,190 --> 00:23:04,559
to uh investigating werewolves um

606
00:23:08,149 --> 00:23:07,200
let me know please uh but you know this

607
00:23:09,590 --> 00:23:08,159
this comes from

608
00:23:12,149 --> 00:23:09,600
you know the bigger program that

609
00:23:14,230 --> 00:23:12,159
happened at skinwalker ranch

610
00:23:15,750 --> 00:23:14,240
through robert bigelow who used to own

611
00:23:20,070 --> 00:23:15,760
skinwalker ranch

612
00:23:22,149 --> 00:23:20,080
huge big story behind all this um

613
00:23:23,750 --> 00:23:22,159

let's see so i'm to read this little

614

00:23:25,990 --> 00:23:23,760

synopsis here

615

00:23:28,549 --> 00:23:26,000

uh in 2008 the united states defense

616

00:23:30,950 --> 00:23:28,559

intelligence agency gave 22

617

00:23:32,470 --> 00:23:30,960

million dollars to the exotic science

618

00:23:34,630 --> 00:23:32,480

division in las vegas

619

00:23:35,990 --> 00:23:34,640

vegas billionaire robert bigelow's space

620

00:23:39,669 --> 00:23:36,000

startup bigelow

621

00:23:41,510 --> 00:23:39,679

aerospace um let's see here

622

00:23:43,430 --> 00:23:41,520

and uh to study breakthrough

623

00:23:45,830 --> 00:23:43,440

technologies and ufos

624

00:23:46,789 --> 00:23:45,840

a debrief investigation including new

625

00:23:49,029 --> 00:23:46,799

unredacted

626
00:23:50,630 --> 00:23:49,039
internal documents illuminates some of

627
00:23:51,269 --> 00:23:50,640
the odd history of this secretive

628
00:23:52,390 --> 00:23:51,279
program

629
00:23:54,230 --> 00:23:52,400
and reveals that some of the

630
00:23:55,750 --> 00:23:54,240
government's money was directed to even

631
00:23:58,950 --> 00:23:55,760
stranger things

632
00:24:01,430 --> 00:23:58,960
than they had in mind exclusive quotes

633
00:24:03,750 --> 00:24:01,440
from senator majority leader harry reid

634
00:24:04,549 --> 00:24:03,760
who got this whole thing set into action

635
00:24:07,029 --> 00:24:04,559
is also

636
00:24:08,710 --> 00:24:07,039
in that article so you gotta read it

637
00:24:12,230 --> 00:24:08,720
guys it is worth your time

638
00:24:15,350 --> 00:24:12,240

uh werewolves goblins ufos portals

639

00:24:17,430 --> 00:24:15,360

shadow people you name it the government

640

00:24:18,070 --> 00:24:17,440

was investigating it out at skinwalker

641

00:24:20,630 --> 00:24:18,080

ranch

642

00:24:21,590 --> 00:24:20,640

and your american tax dollars went to

643

00:24:23,990 --> 00:24:21,600

doing that

644

00:24:24,870 --> 00:24:24,000

so um if you're for that awesome if

645

00:24:27,190 --> 00:24:24,880

you're against it

646

00:24:27,990 --> 00:24:27,200

i'm sorry i don't know what to tell you

647

00:24:30,470 --> 00:24:28,000

um

648

00:24:32,070 --> 00:24:30,480

audrey says that was a great article i

649

00:24:33,029 --> 00:24:32,080

agree i thought he did a good job with

650

00:24:35,830 --> 00:24:33,039

that one

651
00:24:36,310 --> 00:24:35,840
um let's see unidentified says 22

652
00:24:39,669 --> 00:24:36,320
million

653
00:24:41,669 --> 00:24:39,679
blood boil

654
00:24:43,269 --> 00:24:41,679
good good i'm glad your threshold hasn't

655
00:24:44,149 --> 00:24:43,279
been met yet brother you let me know

656
00:24:46,950 --> 00:24:44,159
when it does

657
00:24:47,669 --> 00:24:46,960
we'll see how much the uap task force

658
00:24:49,830 --> 00:24:47,679
gets

659
00:24:51,669 --> 00:24:49,840
apparently right now they got no budget

660
00:24:53,430 --> 00:24:51,679
that we know of so um

661
00:24:55,110 --> 00:24:53,440
they might just be googling stuff like

662
00:24:57,029 --> 00:24:55,120
the rest of us

663
00:24:59,510 --> 00:24:57,039

over there at the pentagon i don't know

664

00:24:59,990 --> 00:24:59,520

um what else do we have here that's it

665

00:25:03,110 --> 00:25:00,000

for

666

00:25:04,789 --> 00:25:03,120

debrief stories guys um so

667

00:25:07,269 --> 00:25:04,799

please go check out all of those

668

00:25:09,669 --> 00:25:07,279

articles for more in-depth discussion

669

00:25:11,590 --> 00:25:09,679

we're coming out with two three four

670

00:25:15,029 --> 00:25:11,600

articles a day over there

671

00:25:18,310 --> 00:25:15,039

at the debrief.org and um

672

00:25:19,190 --> 00:25:18,320

just a lot of cool sciency tech stuff if

673

00:25:22,590 --> 00:25:19,200

you're into that

674

00:25:23,830 --> 00:25:22,600

and um ufos as well so please visit

675

00:25:27,029 --> 00:25:23,840

thedebrief.org

676

00:25:29,430 --> 00:25:27,039

last plug i promise um that's all i've

677

00:25:31,190 --> 00:25:29,440

got in terms of news from the debrief

678

00:25:33,029 --> 00:25:31,200

guys but i do want to um

679

00:25:34,310 --> 00:25:33,039

share some other stuff i've been up to

680

00:25:37,029 --> 00:25:34,320

since my last

681

00:25:37,750 --> 00:25:37,039

live stream i have had some amazing

682

00:25:40,549 --> 00:25:37,760

interviews

683

00:25:40,870 --> 00:25:40,559

for the summer in the skies podcast um

684

00:25:44,149 --> 00:25:40,880

that

685

00:25:45,269 --> 00:25:44,159

includes everything from um theoretical

686

00:25:48,390 --> 00:25:45,279

physicists

687

00:25:52,390 --> 00:25:48,400

to former secret pentagon ufo program

688

00:25:55,029 --> 00:25:52,400

directors to witnesses of the 2004

689

00:25:56,390 --> 00:25:55,039

nimitz tic tac ufo event and uh

690

00:25:59,510 --> 00:25:56,400

everything in between

691

00:26:03,190 --> 00:25:59,520

um and probably my biggest episode

692

00:26:04,070 --> 00:26:03,200

uh this year in 2021 which is still a

693

00:26:06,230 --> 00:26:04,080

fairly new

694

00:26:07,510 --> 00:26:06,240

year um but it's been the most

695

00:26:10,870 --> 00:26:07,520

downloaded so far

696

00:26:13,909 --> 00:26:10,880

has been my episode with astronomer um

697

00:26:15,430 --> 00:26:13,919

and theoretical physicist avi loeb and

698

00:26:16,549 --> 00:26:15,440

uh if you guys don't know who this dude

699

00:26:20,630 --> 00:26:16,559

is

700

00:26:22,310 --> 00:26:20,640

he came up with some interesting

701
00:26:24,310 --> 00:26:22,320
theories about the interstellar object

702
00:26:27,750 --> 00:26:24,320
that came into our solar system

703
00:26:30,789 --> 00:26:27,760
in 2017 called omua mua which

704
00:26:33,590 --> 00:26:30,799
uh in hawaiian is means scout uh

705
00:26:35,029 --> 00:26:33,600
the object was first observed through um

706
00:26:37,190 --> 00:26:35,039
a telescope in hawaii

707
00:26:38,950 --> 00:26:37,200
so they got to name it um gotta wonder

708
00:26:39,269 --> 00:26:38,960
why they named it scout was it coming in

709
00:26:41,830 --> 00:26:39,279
here

710
00:26:42,710 --> 00:26:41,840
scout things out and leave again that

711
00:26:45,430 --> 00:26:42,720
seems to be

712
00:26:45,990 --> 00:26:45,440
what it did and what happened and avi

713
00:26:48,070 --> 00:26:46,000

loeb

714

00:26:49,990 --> 00:26:48,080

uh theorizes that it possibly could be

715

00:26:53,110 --> 00:26:50,000

some sort of artificial object

716

00:26:56,070 --> 00:26:53,120

from a alien civilization

717

00:26:58,230 --> 00:26:56,080

coming to check us out and then get back

718

00:27:01,669 --> 00:26:58,240

out of there before anyone could really

719

00:27:03,990 --> 00:27:01,679

capture it on film or in photos um

720

00:27:05,990 --> 00:27:04,000

really cool interview i did with avi um

721

00:27:09,590 --> 00:27:06,000

we talked everything from omua mua to

722

00:27:10,149 --> 00:27:09,600

black holes to um what else did we talk

723

00:27:12,470 --> 00:27:10,159

about

724

00:27:13,430 --> 00:27:12,480

solar winds like radiation being able to

725

00:27:15,110 --> 00:27:13,440

push things

726

00:27:16,950 --> 00:27:15,120

out into space so maybe that's how this

727

00:27:18,070 --> 00:27:16,960

thing traveled because it did not have

728

00:27:20,549 --> 00:27:18,080

like a tail

729

00:27:22,470 --> 00:27:20,559

um of gas like a comet or a meteor would

730

00:27:24,950 --> 00:27:22,480

so this was not just a normal

731

00:27:26,149 --> 00:27:24,960

rock out there floating and um avi just

732

00:27:28,470 --> 00:27:26,159

came out with a new book

733

00:27:30,310 --> 00:27:28,480

called extraterrestrial so i highly

734

00:27:31,909 --> 00:27:30,320

suggest going and checking the book out

735

00:27:33,590 --> 00:27:31,919

it goes super in depth about what we

736

00:27:35,350 --> 00:27:33,600

just scratched the surface of

737

00:27:36,789 --> 00:27:35,360

in my interview with avi but if you

738

00:27:38,070 --> 00:27:36,799

haven't checked it out please do

739

00:27:40,789 --> 00:27:38,080

i'm going to play a little clip here

740

00:27:44,710 --> 00:27:40,799

from it um that i hope you guys will

741

00:27:47,990 --> 00:27:44,720

enjoy um just to get a feel for it so

742

00:27:52,070 --> 00:27:48,000

give me one sec and we'll pull that up

743

00:27:55,909 --> 00:27:52,080

this is my interview with mr

744

00:27:58,310 --> 00:27:55,919

avi loeb and the problem is really

745

00:27:59,590 --> 00:27:58,320

when you're not open-minded to find

746

00:28:02,470 --> 00:27:59,600

wonderful things

747

00:28:04,870 --> 00:28:02,480

things that you don't expect necessarily

748

00:28:07,990 --> 00:28:04,880

you will never discover them

749

00:28:09,830 --> 00:28:08,000

so it's a catch uh if the mainstream of

750

00:28:12,630 --> 00:28:09,840

the astronomy community

751
00:28:15,110 --> 00:28:12,640
is bullying and dismissing even a

752
00:28:17,350 --> 00:28:15,120
discussion on the possibility that um

753
00:28:18,870 --> 00:28:17,360
was artificial all that there are these

754
00:28:21,590 --> 00:28:18,880
civilizations out there

755
00:28:23,190 --> 00:28:21,600
if they say it's never aliens like the

756
00:28:25,190 --> 00:28:23,200
if you go to twitter you will find it a

757
00:28:28,230 --> 00:28:25,200
lot of times being said

758
00:28:30,389 --> 00:28:28,240
it's never don't talk about it and they

759
00:28:31,830 --> 00:28:30,399
you know a lot of people ridicule anyone

760
00:28:33,830 --> 00:28:31,840
that discusses this

761
00:28:35,430 --> 00:28:33,840
then of course young people will worry

762
00:28:35,830 --> 00:28:35,440
about their job prospects they will

763
00:28:42,230 --> 00:28:35,840

never

764

00:28:45,510 --> 00:28:42,240

fresh talent working on these subjects

765

00:28:48,470 --> 00:28:45,520

and it will never be funded so

766

00:28:49,830 --> 00:28:48,480

it's a self-fulfilling prophecy you you

767

00:28:52,149 --> 00:28:49,840

know all these

768

00:28:54,070 --> 00:28:52,159

no sayers they will look at it and say

769

00:28:55,430 --> 00:28:54,080

oh look there is nothing being found of

770

00:28:55,830 --> 00:28:55,440

course there is nothing being found if

771

00:29:00,230 --> 00:28:55,840

you don't

772

00:29:03,750 --> 00:29:00,240

young people to get into it because

773

00:29:04,630 --> 00:29:03,760

of the uh intellectual climate that

774

00:29:07,510 --> 00:29:04,640

suppresses

775

00:29:09,269 --> 00:29:07,520

it then there will never be progress

776

00:29:10,149 --> 00:29:09,279

it's just like burying your head in the

777

00:29:12,310 --> 00:29:10,159

set

778

00:29:14,470 --> 00:29:12,320

and my point is that the public is

779

00:29:17,350 --> 00:29:14,480

extremely interested in this question

780

00:29:18,870 --> 00:29:17,360

the public is funding science how dare

781

00:29:20,710 --> 00:29:18,880

the scientists say

782

00:29:22,950 --> 00:29:20,720

we have the technology to search for

783

00:29:23,830 --> 00:29:22,960

such things but we don't want to discuss

784

00:29:28,549 --> 00:29:23,840

it

785

00:29:30,230 --> 00:29:28,559

the public is interested

786

00:29:31,750 --> 00:29:30,240

and the science community can address

787

00:29:34,789 --> 00:29:31,760

this subject

788

00:29:38,549 --> 00:29:34,799

it should be mainstream and then when

789

00:29:41,990 --> 00:29:38,559

you look at the theoretical physics

790

00:29:45,430 --> 00:29:42,000

right now a huge community of very

791

00:29:48,870 --> 00:29:45,440

talented young people work on concepts

792

00:29:50,630 --> 00:29:48,880

that have no connection to reality no

793

00:29:53,669 --> 00:29:50,640

experimental verification

794

00:29:55,590 --> 00:29:53,679

they work on extra dimensions they work

795

00:29:58,470 --> 00:29:55,600

on string theory

796

00:29:59,269 --> 00:29:58,480

and you know many popularizes of science

797

00:30:01,110 --> 00:29:59,279

talk about

798

00:30:03,110 --> 00:30:01,120

you know the frontier of physics is

799

00:30:04,549 --> 00:30:03,120

extra dimensions the frontier of physics

800

00:30:06,310 --> 00:30:04,559

is string theory

801
00:30:09,269 --> 00:30:06,320
but these are concepts for which there

802
00:30:11,669 --> 00:30:09,279
is no experimental evidence

803
00:30:13,350 --> 00:30:11,679
and they have been working on these for

804
00:30:15,269 --> 00:30:13,360
several decades

805
00:30:16,710 --> 00:30:15,279
and my point is if that is the

806
00:30:18,710 --> 00:30:16,720
mainstream for which

807
00:30:20,230 --> 00:30:18,720
awards are given for which you can get a

808
00:30:21,830 --> 00:30:20,240
job

809
00:30:23,269 --> 00:30:21,840
then something is distorted in the

810
00:30:25,990 --> 00:30:23,279
cutscene in the culture

811
00:30:26,870 --> 00:30:26,000
because there is a significant component

812
00:30:28,710 --> 00:30:26,880
of

813
00:30:30,070 --> 00:30:28,720

the theoretical physics community

814

00:30:31,430 --> 00:30:30,080

working on things

815

00:30:33,669 --> 00:30:31,440

that the public doesn't really

816

00:30:37,430 --> 00:30:33,679

understand that had no connection to

817

00:30:41,190 --> 00:30:37,440

reality because they were never tested

818

00:30:43,510 --> 00:30:41,200

whereas the same mainstream community

819

00:30:44,789 --> 00:30:43,520

is dismissing a subject that is of

820

00:30:47,510 --> 00:30:44,799

interest to the public

821

00:30:49,110 --> 00:30:47,520

and on which we can get data yeah how

822

00:30:50,950 --> 00:30:49,120

can you have both things at the same

823

00:30:54,070 --> 00:30:50,960

time

824

00:30:56,070 --> 00:30:54,080

so yeah that was just a little bit of my

825

00:30:57,830 --> 00:30:56,080

conversation with avi

826

00:30:59,750 --> 00:30:57,840

i hope you go check out the entire

827

00:31:01,430 --> 00:30:59,760

interview um a lot of it blew

828

00:31:04,070 --> 00:31:01,440

my mind i'm gonna be honest it was so

829

00:31:06,389 --> 00:31:04,080

cool um so yeah if you have a chance

830

00:31:07,430 --> 00:31:06,399

you can go over to youtube and watch the

831

00:31:09,350 --> 00:31:07,440

video version

832

00:31:11,029 --> 00:31:09,360

a little bit that you see here or it's

833

00:31:12,389 --> 00:31:11,039

available in podcast

834

00:31:14,549 --> 00:31:12,399

audio form wherever you get your

835

00:31:15,590 --> 00:31:14,559

podcasts i loved it it was such a cool

836

00:31:19,029 --> 00:31:15,600

conversation

837

00:31:20,630 --> 00:31:19,039

um so let's move on to my next big

838

00:31:23,269 --> 00:31:20,640

interview that i did let's see what else

839

00:31:24,549 --> 00:31:23,279

people say here um rodrigo says i would

840

00:31:25,909 --> 00:31:24,559

have loved to know how much professor

841

00:31:29,110 --> 00:31:25,919

loeb loves baby yoda

842

00:31:29,669 --> 00:31:29,120

me too my man um i'm sure he he actually

843

00:31:31,669 --> 00:31:29,679

told

844

00:31:33,190 --> 00:31:31,679

me in the end of the interview one of

845

00:31:35,350 --> 00:31:33,200

our listeners asked um

846

00:31:36,230 --> 00:31:35,360

what's his favorite iteration or episode

847

00:31:37,990 --> 00:31:36,240

of star trek

848

00:31:40,070 --> 00:31:38,000

and he actually said i hate science

849

00:31:41,990 --> 00:31:40,080

fiction which was kind of a bummer

850

00:31:43,590 --> 00:31:42,000

um he said i love science and i love

851
00:31:43,990 --> 00:31:43,600
fiction but i don't like them together

852
00:31:45,430 --> 00:31:44,000
because

853
00:31:47,909 --> 00:31:45,440
when i watch science fiction all i'm

854
00:31:48,549 --> 00:31:47,919
doing is picking apart the science and

855
00:31:50,470 --> 00:31:48,559
it just

856
00:31:52,230 --> 00:31:50,480
i can't enjoy what i'm watching because

857
00:31:54,950 --> 00:31:52,240
a lot of it is not

858
00:31:56,710 --> 00:31:54,960
real and accurate which i understand um

859
00:31:57,909 --> 00:31:56,720
as a playwright in new york city when i

860
00:31:59,590 --> 00:31:57,919
go see a play

861
00:32:01,509 --> 00:31:59,600
it's really hard for me to enjoy it

862
00:32:02,470 --> 00:32:01,519
because i'm just you know picking apart

863
00:32:04,470 --> 00:32:02,480

every line

864

00:32:05,750 --> 00:32:04,480

in the script and the structure of it

865

00:32:07,750 --> 00:32:05,760

and the dialogue

866

00:32:09,430 --> 00:32:07,760

so i never really get to consume it like

867

00:32:11,750 --> 00:32:09,440

a normal um

868

00:32:13,430 --> 00:32:11,760

theater goer would i'm just too critical

869

00:32:14,389 --> 00:32:13,440

so um i get that

870

00:32:15,590 --> 00:32:14,399

so i don't know i don't know what you

871

00:32:16,630 --> 00:32:15,600

would think about baby yoda probably

872

00:32:20,389 --> 00:32:16,640

doesn't even know who it is

873

00:32:22,470 --> 00:32:20,399

um unless baby yoda was piloting one

874

00:32:25,750 --> 00:32:22,480

back in 2017.

875

00:32:29,110 --> 00:32:25,760

um let's see here

876

00:32:31,269 --> 00:32:29,120

um what else do we have zane says

877

00:32:32,950 --> 00:32:31,279

avi stated its structure is pretty thin

878

00:32:34,549 --> 00:32:32,960

and nothing like the illustrations

879

00:32:36,470 --> 00:32:34,559

perhaps avi can provide a more accurate

880

00:32:38,870 --> 00:32:36,480

representation on its structure

881

00:32:40,710 --> 00:32:38,880

yes i mean even in our interview zayn he

882

00:32:43,190 --> 00:32:40,720

did mention that it was more

883

00:32:44,630 --> 00:32:43,200

pancake shaped um and they were able to

884

00:32:45,509 --> 00:32:44,640

deduce this even though we didn't get

885

00:32:48,389 --> 00:32:45,519

pictures

886

00:32:50,950 --> 00:32:48,399

or um video of it they're able to deduce

887

00:32:53,990 --> 00:32:50,960

it from the way that the sun

888

00:32:56,710 --> 00:32:54,000

reflected off of this image

889

00:32:58,630 --> 00:32:56,720

or this object excuse me um you know the

890

00:33:00,230 --> 00:32:58,640

contours and they were able to

891

00:33:02,070 --> 00:33:00,240

you know use measurements to figure out

892

00:33:02,950 --> 00:33:02,080

kind of what the shape was even when

893

00:33:06,149 --> 00:33:02,960

they couldn't

894

00:33:07,669 --> 00:33:06,159

look at it directly which is amazing god

895

00:33:08,230 --> 00:33:07,679

science just blows my mind that's so

896

00:33:12,149 --> 00:33:08,240

cool

897

00:33:13,669 --> 00:33:12,159

um let's see rodrigo says lube has a

898

00:33:14,950 --> 00:33:13,679

great grasp on how important it is to be

899

00:33:17,110 --> 00:33:14,960

a kind cur

900

00:33:18,630 --> 00:33:17,120

and curious about nature in the universe

901
00:33:21,669 --> 00:33:18,640
yes i believe he

902
00:33:25,110 --> 00:33:21,679
said that uh physics

903
00:33:26,870 --> 00:33:25,120
is a dialogue with nature and

904
00:33:29,430 --> 00:33:26,880
ah god that was just such a beautiful

905
00:33:31,110 --> 00:33:29,440
quote we can't survive without nature

906
00:33:33,350 --> 00:33:31,120
we can't understand any way that the

907
00:33:36,230 --> 00:33:33,360
universe works without nature

908
00:33:37,669 --> 00:33:36,240
so we can't be the only one in the dance

909
00:33:41,110 --> 00:33:37,679
we got to work with nature

910
00:33:42,870 --> 00:33:41,120
and vice versa so um

911
00:33:45,350 --> 00:33:42,880
don't litter let's take care of the

912
00:33:47,350 --> 00:33:45,360
world so we can keep exploring it

913
00:33:48,389 --> 00:33:47,360

and uncovering its many mysteries in my

914

00:33:52,070 --> 00:33:48,399

opinion

915

00:33:55,110 --> 00:33:52,080

let's move on to my next big

916

00:33:55,909 --> 00:33:55,120

interview and um you guys know what i'm

917

00:33:58,950 --> 00:33:55,919

talking about

918

00:34:02,549 --> 00:33:58,960

this was my interview with luis

919

00:34:04,710 --> 00:34:02,559

elizondo the former director of atip the

920

00:34:05,750 --> 00:34:04,720

advanced aerospace threat identification

921

00:34:09,510 --> 00:34:05,760

program

922

00:34:13,430 --> 00:34:09,520

within the pentagon

923

00:34:16,069 --> 00:34:13,440

um luis left the program in protest

924

00:34:16,869 --> 00:34:16,079

and started looking into the ufo topic

925

00:34:20,550 --> 00:34:16,879

himself

926

00:34:22,950 --> 00:34:20,560

outside of government funding and um

927

00:34:23,829 --> 00:34:22,960

not through the purview of the pentagon

928

00:34:26,230 --> 00:34:23,839

and uh

929

00:34:27,349 --> 00:34:26,240

he's just done some incredible work um

930

00:34:30,710 --> 00:34:27,359

so i had him

931

00:34:33,430 --> 00:34:30,720

and sean cahill who was a witness to the

932

00:34:35,990 --> 00:34:33,440

2004 tic tac ufo event

933

00:34:38,069 --> 00:34:36,000

which the pentagon investigated so i was

934

00:34:39,109 --> 00:34:38,079

able to get both of these guys on for an

935

00:34:42,149 --> 00:34:39,119

hour or so

936

00:34:44,550 --> 00:34:42,159

and talk to them um i know a lot of

937

00:34:46,069 --> 00:34:44,560

listeners and viewers were really bummed

938

00:34:47,990 --> 00:34:46,079

that i didn't get to their listener

939

00:34:50,550 --> 00:34:48,000

questions or that i wasn't able

940

00:34:51,750 --> 00:34:50,560

to get to many questions to be honest or

941

00:34:55,030 --> 00:34:51,760

maybe i was a little too

942

00:34:57,430 --> 00:34:55,040

softball with the guys um and i i take

943

00:34:59,829 --> 00:34:57,440

i will take responsibility for that i am

944

00:35:01,030 --> 00:34:59,839

um a pretty forgiving interviewer if you

945

00:35:03,910 --> 00:35:01,040

haven't noticed

946

00:35:05,030 --> 00:35:03,920

um i don't like to interrupt and i don't

947

00:35:06,870 --> 00:35:05,040

like to really

948

00:35:08,870 --> 00:35:06,880

get involved i like my guests to just

949

00:35:11,190 --> 00:35:08,880

tell it the way it is in their words

950

00:35:12,870 --> 00:35:11,200

um that's not to defend you know not

951
00:35:14,790 --> 00:35:12,880
pushing them on certain things

952
00:35:16,310 --> 00:35:14,800
but as you saw in the interview i tried

953
00:35:19,030 --> 00:35:16,320
to push a couple times and

954
00:35:20,150 --> 00:35:19,040
and helazon wasn't having it and um kind

955
00:35:21,829 --> 00:35:20,160
of sidelined

956
00:35:23,270 --> 00:35:21,839
some of the questions and i understand

957
00:35:26,230 --> 00:35:23,280
that the dude still has

958
00:35:28,470 --> 00:35:26,240
a security clearance um so there are

959
00:35:30,710 --> 00:35:28,480
things he cannot talk about

960
00:35:32,230 --> 00:35:30,720
and um there's nothing we can do about

961
00:35:33,990 --> 00:35:32,240
that um but it was

962
00:35:35,589 --> 00:35:34,000
so cool to have both of them on to

963
00:35:38,069 --> 00:35:35,599

discuss what

964

00:35:40,470 --> 00:35:38,079

they did and where they're going next in

965

00:35:43,190 --> 00:35:40,480

their endeavors when it comes to ufos

966

00:35:44,710 --> 00:35:43,200

and i thought it was a cool a cool show

967

00:35:47,030 --> 00:35:44,720

i'm gonna play the teaser

968

00:35:48,470 --> 00:35:47,040

for the episode here for you guys so you

969

00:35:55,109 --> 00:35:48,480

get a little taste of it

970

00:35:55,119 --> 00:36:06,470

bear with me here we go

971

00:36:11,270 --> 00:36:09,670

this year you just had the department of

972

00:36:15,030 --> 00:36:11,280

defense

973

00:36:17,510 --> 00:36:15,040

say that uap unidentified aerial

974

00:36:18,230 --> 00:36:17,520

phenomenon not unidentified drones not

975

00:36:21,430 --> 00:36:18,240

identified

976

00:36:23,349 --> 00:36:21,440

aircraft phenomena okay are

977

00:36:25,109 --> 00:36:23,359

real and that we're viewing them to the

978

00:36:27,990 --> 00:36:25,119

point where we have established

979

00:36:28,790 --> 00:36:28,000

under the deputy secretary of defense an

980

00:36:31,910 --> 00:36:28,800

official

981

00:36:35,190 --> 00:36:31,920

and formal uap now uas

982

00:36:37,510 --> 00:36:35,200

to ap task force

983

00:36:39,109 --> 00:36:37,520

if you don't want a bigger indicator

984

00:36:42,710 --> 00:36:39,119

that the government is finally willing

985

00:36:45,829 --> 00:36:45,589

you know i don't know how to get through

986

00:37:24,310 --> 00:36:45,839

i

987

00:37:26,069 --> 00:37:24,320

so

988

00:37:27,990 --> 00:37:26,079

i had a wonderful time with them it was

989

00:37:31,430 --> 00:37:28,000

so much fun i hope you guys

990

00:37:33,030 --> 00:37:31,440

enjoyed it that episode dropped today um

on there right now

998

00:37:50,310 --> 00:37:48,720

let's see rodrigo says from the trailer

999

00:37:52,630 --> 00:37:50,320

that sentence alone makes the interview

1000

00:37:54,630 --> 00:37:52,640

worth it i enjoyed it from start to end

1001
00:37:56,069 --> 00:37:54,640
i agree man i i thought they did a good

1002
00:37:57,670 --> 00:37:56,079
job um

1003
00:37:59,990 --> 00:37:57,680
you know do i have regrets about things

1004
00:38:01,270 --> 00:38:00,000
i didn't ask yeah of course i always do

1005
00:38:02,710 --> 00:38:01,280
as an interviewer no matter

1006
00:38:04,710 --> 00:38:02,720
who i interview there's always a

1007
00:38:07,829 --> 00:38:04,720
thousand questions i didn't get to

1008
00:38:10,230 --> 00:38:07,839
so um yeah yeah if it wasn't um

1009
00:38:12,230 --> 00:38:10,240
you know everything people were hoping

1010
00:38:16,470 --> 00:38:12,240
bear with me and please

1011
00:38:19,030 --> 00:38:16,480
also subscribe to uh that ufo podcast

1012
00:38:20,069 --> 00:38:19,040
um andy is the host over there at that

1013
00:38:21,990 --> 00:38:20,079

ufo podcast

1014

00:38:23,510 --> 00:38:22,000

he's gonna have luis elizondo on his

1015

00:38:25,990 --> 00:38:23,520

show in the coming weeks

1016

00:38:27,829 --> 00:38:26,000

and we've been talking off there i gave

1017

00:38:28,790 --> 00:38:27,839

him some of my listener questions to

1018

00:38:31,270 --> 00:38:28,800

think over

1019

00:38:32,230 --> 00:38:31,280

and i know he has a list of his own from

1020

00:38:34,630 --> 00:38:32,240

his listeners

1021

00:38:36,230 --> 00:38:34,640

and andy's just a good interviewer so i

1022

00:38:37,109 --> 00:38:36,240

know he came up with a lot of questions

1023

00:38:39,750 --> 00:38:37,119

on his own

1024

00:38:40,710 --> 00:38:39,760

so be sure to subscribe to that ufo

1025

00:38:46,470 --> 00:38:40,720

podcast

1026

00:38:48,069 --> 00:38:46,480

check that out um lou's doing a lot of

1027

00:38:49,750 --> 00:38:48,079

interviews lately and we have to take

1028

00:38:52,790 --> 00:38:49,760

advantage of that so

1029

00:38:54,710 --> 00:38:52,800

yeah yeah thank you thank you luis um

1030

00:38:56,710 --> 00:38:54,720

for the shout out for the episode i

1031

00:39:00,150 --> 00:38:56,720

thought it was pretty good

1032

00:39:02,069 --> 00:39:00,160

pretty pretty good um what else do we

1033

00:39:04,950 --> 00:39:02,079

have here big fat creep says

1034

00:39:05,910 --> 00:39:04,960

gonna watch them when at gym good for

1035

00:39:09,829 --> 00:39:05,920

you man

1036

00:39:12,710 --> 00:39:09,839

those biceps going watch the episode um

1037

00:39:13,670 --> 00:39:12,720

what else do i have here oh this is um

1038

00:39:15,670 --> 00:39:13,680

kind of the last

1039

00:39:16,870 --> 00:39:15,680

thing a little tease for you guys of

1040

00:39:20,150 --> 00:39:16,880

what's to come

1041

00:39:20,870 --> 00:39:20,160

on somewhere in the skies in coming

1042

00:39:23,910 --> 00:39:20,880

weeks

1043

00:39:27,349 --> 00:39:23,920

um where is it there it is

1044

00:39:29,510 --> 00:39:27,359

um i'm gonna pull this up for you here

1045

00:39:31,910 --> 00:39:29,520

these are going to be my next three

1046

00:39:33,990 --> 00:39:31,920

episodes of the show which i'm super

1047

00:39:36,630 --> 00:39:34,000

stoked about

1048

00:39:37,829 --> 00:39:36,640

um yeah so i'm going to talk a little

1049

00:39:39,990 --> 00:39:37,839

bit about these

1050

00:39:41,910 --> 00:39:40,000

my next episode is going to be with paul

1051
00:39:42,790 --> 00:39:41,920
blake smith who is an author and ufo

1052
00:39:44,630 --> 00:39:42,800
researcher

1053
00:39:46,550 --> 00:39:44,640
and he just wrote a book called

1054
00:39:49,030 --> 00:39:46,560
president eisenhower's close

1055
00:39:49,589 --> 00:39:49,040
encounters so for those of you who don't

1056
00:39:52,670 --> 00:39:49,599
know

1057
00:39:55,990 --> 00:39:52,680
there's been this uh sort of

1058
00:39:58,710 --> 00:39:56,000
folkloric mythological story

1059
00:39:59,910 --> 00:39:58,720
in ufo lore for so long about president

1060
00:40:01,150 --> 00:39:59,920
eisenhower

1061
00:40:03,510 --> 00:40:01,160
going to a meeting with

1062
00:40:07,030 --> 00:40:03,520
extraterrestrials and negotiating

1063
00:40:08,710 --> 00:40:07,040

a treaty with them of some sort and um

1064

00:40:10,309 --> 00:40:08,720

this story just picked up steam

1065

00:40:12,150 --> 00:40:10,319

throughout the years it's become one of

1066

00:40:15,190 --> 00:40:12,160

the biggest rumored stories

1067

00:40:16,870 --> 00:40:15,200

in ufo history and a lot of people just

1068

00:40:20,309 --> 00:40:16,880

laugh it off and shrug it off and say

1069

00:40:23,589 --> 00:40:20,319

yeah sure ike met with aliens but um

1070

00:40:25,510 --> 00:40:23,599

i'll tell you this i interviewed paul um

1071

00:40:26,790 --> 00:40:25,520

i had the pleasure and honor of actually

1072

00:40:29,349 --> 00:40:26,800

writing the forward

1073

00:40:30,790 --> 00:40:29,359

to this book so maybe i'm being a little

1074

00:40:32,950 --> 00:40:30,800

biased here but uh

1075

00:40:34,150 --> 00:40:32,960

it's a good book it's a really really

1076

00:40:36,230 --> 00:40:34,160

good book and

1077

00:40:37,349 --> 00:40:36,240

the things that he uncovered it's

1078

00:40:39,750 --> 00:40:37,359

compelling

1079

00:40:41,270 --> 00:40:39,760

i don't know if i necessarily buy it yet

1080

00:40:42,150 --> 00:40:41,280

that president eisenhower met with

1081

00:40:45,510 --> 00:40:42,160

aliens

1082

00:40:46,870 --> 00:40:45,520

but paul he came close to convincing me

1083

00:40:48,790 --> 00:40:46,880

with this book so

1084

00:40:49,910 --> 00:40:48,800

please go check out his book president

1085

00:40:53,109 --> 00:40:49,920

eisenhower's

1086

00:40:54,470 --> 00:40:53,119

close encounters available now on amazon

1087

00:40:56,069 --> 00:40:54,480

in print and ebook

1088

00:40:57,750 --> 00:40:56,079

and listen to our interview next week

1089

00:40:59,270 --> 00:40:57,760

within where we dive deeper into the

1090

00:41:02,069 --> 00:40:59,280

story

1091

00:41:04,390 --> 00:41:02,079

then the following monday i have on

1092

00:41:05,510 --> 00:41:04,400

paranormal researcher and ufo

1093

00:41:08,309 --> 00:41:05,520

investigator

1094

00:41:09,670 --> 00:41:08,319

zelia edgar who runs the uh just another

1095

00:41:12,069 --> 00:41:09,680

tin foil hat

1096

00:41:13,030 --> 00:41:12,079

youtube channel which i love that name

1097

00:41:14,950 --> 00:41:13,040

and um

1098

00:41:16,790 --> 00:41:14,960

we just broke down everything that she's

1099

00:41:19,270 --> 00:41:16,800

doing over at her youtube channel

1100

00:41:20,230 --> 00:41:19,280

um she was a mufon field investigator

1101

00:41:22,550 --> 00:41:20,240

for a long time

1102

00:41:24,309 --> 00:41:22,560

so um we talked about some of the cases

1103

00:41:27,750 --> 00:41:24,319

that she investigated

1104

00:41:31,030 --> 00:41:27,760

uh what else do we have here um

1105

00:41:33,349 --> 00:41:31,040

she loves jacques valet and uh

1106

00:41:35,829 --> 00:41:33,359

john keel and the work that they've done

1107

00:41:37,270 --> 00:41:35,839

so this was a fun cool interview i've

1108

00:41:40,670 --> 00:41:37,280

never really done one like it

1109

00:41:41,910 --> 00:41:40,680

on the show we dive deep um we get

1110

00:41:44,470 --> 00:41:41,920

philosophical

1111

00:41:46,470 --> 00:41:44,480

we go through all the books by keel and

1112

00:41:49,430 --> 00:41:46,480

in valet and the sort of

1113

00:41:51,829 --> 00:41:49,440

folkloric aspects to aliens and and

1114

00:41:54,309 --> 00:41:51,839

fairies and goblins and um

1115

00:41:56,230 --> 00:41:54,319

and xelia also shares with us her top

1116

00:41:57,430 --> 00:41:56,240

three favorite ufo cases

1117

00:41:59,510 --> 00:41:57,440

of all time so it was a really

1118

00:42:00,550 --> 00:41:59,520

wide-ranging discussion i think you're

1119

00:42:02,630 --> 00:42:00,560

really going to dig it

1120

00:42:04,550 --> 00:42:02,640

again it's unlike anything we've really

1121

00:42:06,230 --> 00:42:04,560

talked about on the show before so

1122

00:42:08,150 --> 00:42:06,240

i'm really excited about that and then

1123

00:42:13,349 --> 00:42:08,160

that last one

1124

00:42:16,150 --> 00:42:13,359

american madness the phantom patriot

1125

00:42:17,750 --> 00:42:16,160

so this is actually a new book out by t

1126

00:42:20,390 --> 00:42:17,760

krulos who's a um

1127

00:42:22,230 --> 00:42:20,400

he's in the world of ufos and and

1128

00:42:24,630 --> 00:42:22,240

paranormal but he also does

1129

00:42:26,230 --> 00:42:24,640

these really cool books about very

1130

00:42:27,829 --> 00:42:26,240

esoteric topics

1131

00:42:30,870 --> 00:42:27,839

and this one involved a guy named

1132

00:42:34,470 --> 00:42:30,880

richard um aka the phantom

1133

00:42:37,190 --> 00:42:34,480

patriot who became this basically

1134

00:42:37,910 --> 00:42:37,200

superhero who was trying to stop all

1135

00:42:41,910 --> 00:42:37,920

these

1136

00:42:44,710 --> 00:42:41,920

insane conspiracy theories and i mean

1137

00:42:47,270 --> 00:42:44,720

there's no getting around it um

1138

00:42:49,430 --> 00:42:47,280

conspiracy theory has become

1139

00:42:50,710 --> 00:42:49,440

i think the most dangerous thing of the

1140

00:42:52,470 --> 00:42:50,720

21st century

1141

00:42:54,710 --> 00:42:52,480

and probably going to be the 22nd

1142

00:42:56,230 --> 00:42:54,720

century too especially here in america

1143

00:43:00,950 --> 00:42:56,240

with

1144

00:43:03,990 --> 00:43:00,960

you know the capital being attacked

1145

00:43:05,589 --> 00:43:04,000

which was incited um not only by the

1146

00:43:06,390 --> 00:43:05,599

president of the united states of

1147

00:43:09,829 --> 00:43:06,400

america

1148

00:43:13,109 --> 00:43:09,839

but also by the q anon movement

1149

00:43:15,109 --> 00:43:13,119

an absolutely ludicrous and ridiculous

1150

00:43:17,349 --> 00:43:15,119

conspiracy theory which has absolutely

1151
00:43:19,510 --> 00:43:17,359
no basis in fact whatsoever

1152
00:43:20,790 --> 00:43:19,520
um i'm saying that on the record i might

1153
00:43:22,550 --> 00:43:20,800
get some hate in there

1154
00:43:24,470 --> 00:43:22,560
from you guys i'm waiting to see what

1155
00:43:27,670 --> 00:43:24,480
comments come in on that but um

1156
00:43:28,550 --> 00:43:27,680
q anon is dangerous and look at what

1157
00:43:30,710 --> 00:43:28,560
it's done

1158
00:43:32,150 --> 00:43:30,720
and it's only going to get worse i can

1159
00:43:33,670 --> 00:43:32,160
tell you that um

1160
00:43:35,670 --> 00:43:33,680
for those who think this attack on the

1161
00:43:39,030 --> 00:43:35,680
capital was it

1162
00:43:39,990 --> 00:43:39,040
um i hate to be a pessimist but i'm also

1163
00:43:42,550 --> 00:43:40,000

a realist

1164

00:43:44,230 --> 00:43:42,560

and i don't think it's over and

1165

00:43:47,109 --> 00:43:44,240

conspiracy theory has just

1166

00:43:49,270 --> 00:43:47,119

become another alternate reality

1167

00:43:53,109 --> 00:43:49,280

especially here in america and it's sad

1168

00:43:55,109 --> 00:43:53,119

it's absolutely just depressing

1169

00:43:56,470 --> 00:43:55,119

that we've gotten this low in our

1170

00:43:59,430 --> 00:43:56,480

country um

1171

00:44:00,710 --> 00:43:59,440

and in our world and it's divided people

1172

00:44:03,910 --> 00:44:00,720

so more

1173

00:44:05,990 --> 00:44:03,920

now than ever so um yeah

1174

00:44:08,069 --> 00:44:06,000

wow that was super deflating what a way

1175

00:44:10,550 --> 00:44:08,079

to kind of wrap up the episode

1176
00:44:11,829 --> 00:44:10,560
that being said the book is amazing um

1177
00:44:14,230 --> 00:44:11,839
we dive deep into

1178
00:44:15,270 --> 00:44:14,240
conspiracy theory and the impact it's

1179
00:44:17,270 --> 00:44:15,280
had on

1180
00:44:18,710 --> 00:44:17,280
consciousness and in the world in

1181
00:44:20,470 --> 00:44:18,720
general um

1182
00:44:22,230 --> 00:44:20,480
so yeah i'm not going to go any further

1183
00:44:25,190 --> 00:44:22,240
it's going to be a very controversial

1184
00:44:27,510 --> 00:44:25,200
episode um and it might get a little

1185
00:44:28,870 --> 00:44:27,520
political so i'm forewarning you now but

1186
00:44:30,870 --> 00:44:28,880
it's going to be interesting

1187
00:44:32,550 --> 00:44:30,880
nonetheless so i can't wait to get t on

1188
00:44:35,990 --> 00:44:32,560

the show to talk about that

1189

00:44:38,710 --> 00:44:36,000

um that's really all i got guys

1190

00:44:39,750 --> 00:44:38,720

um this went pretty good pretty smooth

1191

00:44:42,150 --> 00:44:39,760

i'd like to say

1192

00:44:44,550 --> 00:44:42,160

um let's see whatever what else people

1193

00:44:47,190 --> 00:44:44,560

have to say here

1194

00:44:48,550 --> 00:44:47,200

there are three there are three going to

1195

00:44:50,390 --> 00:44:48,560

be really interesting can't

1196

00:44:52,069 --> 00:44:50,400

wait thank you cheryl i hope you really

1197

00:44:54,550 --> 00:44:52,079

enjoy him um

1198

00:44:55,349 --> 00:44:54,560

but that's gonna wrap things up guys

1199

00:44:57,990 --> 00:44:55,359
