

# SOMEWHERE IN THE SKIES

**BLUE RIBBON PANEL**

---

**OBSCURE UFO STORIES**

1  
00:00:10,070 --> 00:00:09,589

[Music]

2  
00:00:13,190 --> 00:00:10,080

this

3  
00:00:14,910 --> 00:00:13,200

is somewhere in the skies with ryan

4  
00:00:17,490 --> 00:00:14,920

[Music]

5  
00:00:32,150 --> 00:00:17,500

spread

6  
00:00:35,990 --> 00:00:32,160

[Music]

7  
00:00:38,470 --> 00:00:36,000

so welcome everyone to the blue

8  
00:00:40,069 --> 00:00:38,480

ribbon panel hopefully the national

9  
00:00:42,150 --> 00:00:40,079

enquirer will do

10  
00:00:44,150 --> 00:00:42,160

no we'll take no legal action against us

11  
00:00:46,470 --> 00:00:44,160

today but uh we're we're stealing it

12  
00:00:48,549 --> 00:00:46,480

uh i am joined today by an illustrious

13  
00:00:51,670 --> 00:00:48,559

group of podcasters and

14

00:00:54,150 --> 00:00:51,680

this evening we will be presenting you

15

00:00:55,590 --> 00:00:54,160

all with some obscure ufo stories and

16

00:00:56,549 --> 00:00:55,600

we'll be taking some of your questions

17

00:00:59,510 --> 00:00:56,559

too

18

00:01:00,310 --> 00:00:59,520

our first panelist is an author ufo

19

00:01:02,069 --> 00:01:00,320

researcher

20

00:01:04,390 --> 00:01:02,079

you've seen him on your tv screen

21

00:01:06,070 --> 00:01:04,400

recently and he is the host of the

22

00:01:09,429 --> 00:01:06,080

somewhere in the skies podcast

23

00:01:12,149 --> 00:01:09,439

ryan sprague ryan how you doing buddy

24

00:01:13,429 --> 00:01:12,159

man good it's so i'm so happy to be

25

00:01:16,149 --> 00:01:13,439

talking to you again man

26

00:01:17,910 --> 00:01:16,159

many people uh in my audience know you

27

00:01:19,830 --> 00:01:17,920

from ufo happy hour so

28

00:01:21,670 --> 00:01:19,840

this is the ultimate ufo happy hour in

29

00:01:25,190 --> 00:01:21,680

my opinion so thanks for having me

30

00:01:25,910 --> 00:01:25,200

yeah absolutely man absolutely uh next

31

00:01:28,950 --> 00:01:25,920

up he

32

00:01:31,109 --> 00:01:28,960

too is an author ufo researcher you may

33

00:01:32,230 --> 00:01:31,119

have seen him on various tv programs

34

00:01:39,190 --> 00:01:32,240

yourself including

35

00:01:43,910 --> 00:01:42,789

he is uh also the host of unknown a ufo

36

00:01:45,830 --> 00:01:43,920

podcast

37

00:01:48,230 --> 00:01:45,840

he is jason mclaughlin jason how you

38

00:01:50,469 --> 00:01:48,240

doing buddy i am fantastic sir

39

00:01:52,069 --> 00:01:50,479

i'm excited to be here and ryan is right

40

00:01:52,830 --> 00:01:52,079

i mean this is the ultimate happy hour

41

00:01:59,590 --> 00:01:52,840

so

42

00:02:01,429 --> 00:01:59,600

next up he is one of the founders of the

43

00:02:04,230 --> 00:02:01,439

fourth hand media network

44

00:02:04,870 --> 00:02:04,240

also a bon jovi super fan and one of the

45

00:02:07,990 --> 00:02:04,880

hosts

46

00:02:09,910 --> 00:02:08,000

of hysteria 51 foreign you know

47

00:02:11,670 --> 00:02:09,920

90 of that isn't true but i'm not going

48

00:02:13,110 --> 00:02:11,680

to say which part of it but rob everyone

49

00:02:15,110 --> 00:02:13,120

thank you guys for having me i feel a

50

00:02:18,150 --> 00:02:15,120

little cheated i'm drinking diet

51  
00:02:19,510 --> 00:02:18,160  
mountain dew i didn't get the memo but

52  
00:02:21,990 --> 00:02:19,520  
i'll take it so

53  
00:02:23,510 --> 00:02:22,000  
happy to be here that's fine i've got

54  
00:02:25,190 --> 00:02:23,520  
water this evening so

55  
00:02:27,510 --> 00:02:25,200  
i think the memo said drink clorox or

56  
00:02:30,150 --> 00:02:27,520  
something yeah i told you it

57  
00:02:31,750 --> 00:02:30,160  
i have a main line started you just

58  
00:02:32,140 --> 00:02:31,760  
can't see it it's right off camera

59  
00:02:35,270 --> 00:02:32,150  
so

60  
00:02:38,229 --> 00:02:35,280  
[Laughter]

61  
00:02:40,390 --> 00:02:38,239  
and uh the final panelist here he holds

62  
00:02:41,830 --> 00:02:40,400  
a phd in chemical engineering

63  
00:02:43,990 --> 00:02:41,840

he's the host of the mad scientist

64

00:02:47,430 --> 00:02:44,000

podcast and the eternal enemy

65

00:02:50,550 --> 00:02:47,440

of ufo twitter it's chris cogswell hello

66

00:02:52,390 --> 00:02:50,560

everybody yes i can say i'm not that

67

00:02:54,309 --> 00:02:52,400

kind of doctor but please don't drink

68

00:02:56,150 --> 00:02:54,319

this

69

00:02:57,670 --> 00:02:56,160

not gonna work not a cure for what ails

70

00:02:59,990 --> 00:02:57,680

you yes no

71

00:03:01,110 --> 00:03:00,000

it is not a cure for what will ail you

72

00:03:03,589 --> 00:03:01,120

but

73

00:03:04,949 --> 00:03:03,599

uh yes welcome everyone it is really

74

00:03:07,589 --> 00:03:04,959

great to have you here

75

00:03:08,790 --> 00:03:07,599

and uh to uh everyone out there that's

76

00:03:11,190 --> 00:03:08,800

tuning in

77

00:03:13,270 --> 00:03:11,200

we're gonna share some great ufo stories

78

00:03:14,390 --> 00:03:13,280

with you uh we have all picked our

79

00:03:16,710 --> 00:03:14,400

brains to find

80

00:03:17,990 --> 00:03:16,720

the best ones chris cogswell over

81

00:03:19,910 --> 00:03:18,000

thought this thing a million

82

00:03:22,790 --> 00:03:19,920

times through that's how much he really

83

00:03:25,110 --> 00:03:22,800

cares about this right now so

84

00:03:27,190 --> 00:03:25,120

uh when we're done with the stories

85

00:03:27,830 --> 00:03:27,200

we're going to take your questions but

86

00:03:29,509 --> 00:03:27,840

uh just

87

00:03:32,070 --> 00:03:29,519

hold on to those and i'll let you all

88

00:03:33,190 --> 00:03:32,080

know when to send those in but uh the

89

00:03:35,509 --> 00:03:33,200

first story ryan

90

00:03:38,070 --> 00:03:35,519

kick us off with the first story man

91

00:03:39,350 --> 00:03:38,080

yeah so uh this was an interesting one i

92

00:03:40,470 --> 00:03:39,360

don't know if it's gonna be as

93

00:03:42,229 --> 00:03:40,480

compelling as

94

00:03:43,670 --> 00:03:42,239

um a lot of the other ones but i found

95

00:03:44,869 --> 00:03:43,680

it really interesting you don't hear

96

00:03:47,509 --> 00:03:44,879

about this often

97

00:03:49,830 --> 00:03:47,519

and this was a train or i should say a

98

00:03:52,710 --> 00:03:49,840

ufo colliding with a train

99

00:03:54,550 --> 00:03:52,720

uh this happened back in 2002 and i've

100

00:03:54,949 --> 00:03:54,560

got my extensive notes here so i'm just

101  
00:03:57,429 --> 00:03:54,959  
gonna

102  
00:04:00,390 --> 00:03:57,439  
i'm a slave to a script man so if i'm

103  
00:04:03,030 --> 00:04:00,400  
reading from a script i apologize but um

104  
00:04:04,470 --> 00:04:03,040  
all right so this happened around 3 a.m

105  
00:04:07,110 --> 00:04:04,480  
on january 14

106  
00:04:08,229 --> 00:04:07,120  
2002 uh a cold train was traveling

107  
00:04:10,949 --> 00:04:08,239  
through kentucky

108  
00:04:12,070 --> 00:04:10,959  
and as the train near the um the town of

109  
00:04:14,710 --> 00:04:12,080  
paintsville

110  
00:04:15,830 --> 00:04:14,720  
um the conductor and other workers on

111  
00:04:19,270 --> 00:04:15,840  
this coal train

112  
00:04:21,590 --> 00:04:19,280  
they actually noticed um these strange

113  
00:04:22,870 --> 00:04:21,600

lights over the tracks ahead of them so

114

00:04:23,749 --> 00:04:22,880

you know the conductor thought maybe

115

00:04:25,749 --> 00:04:23,759

this was

116

00:04:26,870 --> 00:04:25,759

an oncoming train on another track going

117

00:04:28,870 --> 00:04:26,880

the opposite way

118

00:04:30,629 --> 00:04:28,880

so he's like i'm gonna dim my lights you

119

00:04:31,670 --> 00:04:30,639

know do the right thing so i don't blind

120

00:04:34,469 --> 00:04:31,680

i'm on the way

121

00:04:35,430 --> 00:04:34,479

and um he dims the lights and as soon as

122

00:04:37,350 --> 00:04:35,440

he does this

123

00:04:38,950 --> 00:04:37,360

the train is starting to go around to

124

00:04:39,749 --> 00:04:38,960

bend like there's a mountain on the

125

00:04:44,150 --> 00:04:39,759

other side

126

00:04:46,070 --> 00:04:44,160

and um he dims the lights and

127

00:04:47,670 --> 00:04:46,080

the lights start coming towards them so

128

00:04:48,950 --> 00:04:47,680

they're clearly not on a track and he

129

00:04:49,830 --> 00:04:48,960

doesn't know what to do at this point

130

00:04:51,430 --> 00:04:49,840

he's freaking out

131

00:04:54,070 --> 00:04:51,440

something's coming right at him

132

00:04:54,950 --> 00:04:54,080

meanwhile there are other uh workers on

133

00:04:56,469 --> 00:04:54,960

the train

134

00:04:58,310 --> 00:04:56,479

they're looking out and they're actually

135

00:04:59,270 --> 00:04:58,320

seeing on the i believe it was the right

136

00:05:02,150 --> 00:04:59,280

side of them

137

00:05:04,310 --> 00:05:02,160

um over a river on the other side there

138

00:05:07,670 --> 00:05:04,320

were these three

139

00:05:09,590 --> 00:05:07,680

white luminous objects over the water

140

00:05:11,189 --> 00:05:09,600

with like searchlights looking down into

141

00:05:12,390 --> 00:05:11,199

the water so

142

00:05:13,990 --> 00:05:12,400

this is pretty interesting you got

143

00:05:15,270 --> 00:05:14,000

lights over the track you've got these

144

00:05:17,430 --> 00:05:15,280

objects over the river

145

00:05:18,950 --> 00:05:17,440

and um the the guys who were looking at

146

00:05:19,670 --> 00:05:18,960

the things over the river said that they

147

00:05:28,950 --> 00:05:19,680

were

148

00:05:30,390 --> 00:05:28,960

some sort of lights looking down into

149

00:05:31,830 --> 00:05:30,400

the water so

150

00:05:33,749 --> 00:05:31,840

everyone starts freaking out they don't

151

00:05:35,990 --> 00:05:33,759

know what the hell is going on and

152

00:05:37,110 --> 00:05:36,000

um the conductor starts to slow the

153

00:05:40,230 --> 00:05:37,120

train down

154

00:05:40,710 --> 00:05:40,240

and as he does this uh the train as it

155

00:05:43,189 --> 00:05:40,720

goes

156

00:05:44,310 --> 00:05:43,199

just around the bend it just everything

157

00:05:46,070 --> 00:05:44,320

goes haywire

158

00:05:48,310 --> 00:05:46,080

um the train computer start

159

00:05:49,270 --> 00:05:48,320

malfunctioning the emergency brakes

160

00:05:51,990 --> 00:05:49,280

kicked in

161

00:05:53,590 --> 00:05:52,000

and he's like holy crap i'm about to

162

00:05:57,350 --> 00:05:53,600

crash into whatever this thing is

163

00:06:01,110 --> 00:05:57,360

and um they did the light actually

164

00:06:03,670 --> 00:06:01,120

clipped the top of the train and um

165

00:06:06,070 --> 00:06:03,680

hit a few times and then completely

166

00:06:08,230 --> 00:06:06,080

disappeared out of sight after that so

167

00:06:09,909 --> 00:06:08,240

the train goes into emergency mode and

168

00:06:11,350 --> 00:06:09,919

it takes about i think they said almost

169

00:06:15,830 --> 00:06:11,360

a mile for it to actually

170

00:06:17,830 --> 00:06:15,840

stop uh fully and when they um

171

00:06:19,189 --> 00:06:17,840

when they finally report this to their

172

00:06:21,189 --> 00:06:19,199

their dispatcher

173

00:06:22,309 --> 00:06:21,199

um this was out of jacksonville florida

174

00:06:24,790 --> 00:06:22,319

they they said

175

00:06:25,830 --> 00:06:24,800

okay get to paintsville and uh we'll

176  
00:06:27,990 --> 00:06:25,840  
examine

177  
00:06:29,189 --> 00:06:28,000  
it from there we'll we'll get in touch

178  
00:06:31,830 --> 00:06:29,199  
with the people there

179  
00:06:32,469 --> 00:06:31,840  
so they finally get to paintsville and

180  
00:06:34,150 --> 00:06:32,479  
um

181  
00:06:35,749 --> 00:06:34,160  
the conductor and all the workers get

182  
00:06:38,950 --> 00:06:35,759  
off and they see

183  
00:06:41,110 --> 00:06:38,960  
that the first two cars of the train

184  
00:06:43,029 --> 00:06:41,120  
were completely demolished there were

185  
00:06:46,710 --> 00:06:43,039  
deads and scrapes everywhere

186  
00:06:48,950 --> 00:06:46,720  
um charred and burnt marks and um

187  
00:06:49,749 --> 00:06:48,960  
another another um latched on train

188  
00:06:51,749 --> 00:06:49,759

behind

189

00:06:52,790 --> 00:06:51,759

the first two also was damaged pretty

190

00:06:55,589 --> 00:06:52,800

badly

191

00:06:56,790 --> 00:06:55,599

so once they're getting to the

192

00:06:58,710 --> 00:06:56,800

paintsville station

193

00:07:00,629 --> 00:06:58,720

uh they see a bunch of people there so

194

00:07:01,350 --> 00:07:00,639

like okay this is all the people at the

195

00:07:03,270 --> 00:07:01,360

station

196

00:07:05,029 --> 00:07:03,280

they're gonna come check it out with us

197

00:07:06,870 --> 00:07:05,039

and as they get to the station

198

00:07:08,550 --> 00:07:06,880

and get off the train they notice that

199

00:07:11,990 --> 00:07:08,560

these don't seem to be

200

00:07:14,469 --> 00:07:12,000

railroad workers um of any kind

201  
00:07:15,189 --> 00:07:14,479  
they're just a ton of people dressed in

202  
00:07:17,589 --> 00:07:15,199  
black

203  
00:07:18,230 --> 00:07:17,599  
and immediately they start going to the

204  
00:07:20,150 --> 00:07:18,240  
train

205  
00:07:22,070 --> 00:07:20,160  
and start inspecting it and looking at

206  
00:07:23,589 --> 00:07:22,080  
it and meanwhile the conductor the main

207  
00:07:26,950 --> 00:07:23,599  
witness says we'll call him

208  
00:07:29,589 --> 00:07:26,960  
he said that a gentleman only known as

209  
00:07:30,070 --> 00:07:29,599  
ferguson came up to him shook his hand

210  
00:07:32,309 --> 00:07:30,080  
introduced

211  
00:07:33,990 --> 00:07:32,319  
himself didn't say who he worked for why

212  
00:07:35,830 --> 00:07:34,000  
he was there but he said let's let's go

213  
00:07:39,430 --> 00:07:35,840

inside and talk for a little bit

214

00:07:40,309 --> 00:07:39,440

so they go inside and they question this

215

00:07:43,350 --> 00:07:40,319

main witness

216

00:07:44,710 --> 00:07:43,360

uh for he said like almost an hour just

217

00:07:46,309 --> 00:07:44,720

asking hundreds and hundreds of

218

00:07:48,550 --> 00:07:46,319

questions about what he'd seen

219

00:07:49,670 --> 00:07:48,560

uh what happened this that this that

220

00:07:51,430 --> 00:07:49,680

meanwhile all the other

221

00:07:52,710 --> 00:07:51,440

people that had worked on the train they

222

00:07:55,589 --> 00:07:52,720

were all huddled together

223

00:07:56,230 --> 00:07:55,599

and they their phones were confiscated

224

00:07:58,950 --> 00:07:56,240

while they got

225

00:08:00,629 --> 00:07:58,960

medical examinations um to make sure

226

00:08:02,390 --> 00:08:00,639

that they were all right

227

00:08:04,869 --> 00:08:02,400

giving their phones back and after the

228

00:08:07,350 --> 00:08:04,879

um sort of the inquisition was done

229

00:08:08,869 --> 00:08:07,360

uh they said all right we're gonna let

230

00:08:10,309 --> 00:08:08,879

you go back on your train and get to

231

00:08:13,589 --> 00:08:10,319

your destination

232

00:08:15,510 --> 00:08:13,599

um for national security purposes please

233

00:08:17,589 --> 00:08:15,520

don't mention any of this to anyone

234

00:08:19,110 --> 00:08:17,599

please remain silent about it and we'll

235

00:08:21,909 --> 00:08:19,120

act like this never happen

236

00:08:22,469 --> 00:08:21,919

so they get back to their train they get

237

00:08:25,589 --> 00:08:22,479

on to go

238

00:08:25,990 --> 00:08:25,599

um out of paintsville and the three

239

00:08:27,990 --> 00:08:26,000

train

240

00:08:29,350 --> 00:08:28,000

cars that have been damaged were already

241

00:08:31,350 --> 00:08:29,360

gone uh

242

00:08:32,870 --> 00:08:31,360

just vanish and the main witness said

243

00:08:34,230 --> 00:08:32,880

that there was a tent set up on the

244

00:08:36,790 --> 00:08:34,240

other side of the tracks

245

00:08:37,829 --> 00:08:36,800

um completely covered shrouded he

246

00:08:40,389 --> 00:08:37,839

assumes this is where

247

00:08:41,190 --> 00:08:40,399

the other train cars were for further

248

00:08:43,829 --> 00:08:41,200

inspection

249

00:08:44,710 --> 00:08:43,839

investigation i don't know they all get

250

00:08:46,630 --> 00:08:44,720

on the train

251  
00:08:49,350 --> 00:08:46,640  
they go about eight hours to their

252  
00:08:51,590 --> 00:08:49,360  
destination turn around to go back

253  
00:08:53,350 --> 00:08:51,600  
to um their original their original

254  
00:08:54,230 --> 00:08:53,360  
place and as they're going through

255  
00:08:56,150 --> 00:08:54,240  
paintsville

256  
00:08:57,590 --> 00:08:56,160  
everything's gone completely it's like

257  
00:09:01,030 --> 00:08:57,600  
this thing never happened

258  
00:09:04,070 --> 00:09:01,040  
um this is pretty interesting um

259  
00:09:05,509 --> 00:09:04,080  
it's just a story but what i found

260  
00:09:08,790 --> 00:09:05,519  
actually pretty interesting about it is

261  
00:09:10,389 --> 00:09:08,800  
there was a corroborating witness to

262  
00:09:13,110 --> 00:09:10,399  
possibly the same event we're not

263  
00:09:15,269 --> 00:09:13,120

exactly sure a firefighter and a

264

00:09:16,710 --> 00:09:15,279

paramedic were on their way from work

265

00:09:19,990 --> 00:09:16,720

and they said that as

266

00:09:21,509 --> 00:09:20,000

they were going down the road they saw

267

00:09:22,630 --> 00:09:21,519

towards the direction of paintsville

268

00:09:25,590 --> 00:09:22,640

they saw

269

00:09:27,350 --> 00:09:25,600

these huge luminous objects whiz past

270

00:09:29,190 --> 00:09:27,360

them at unbelievable speeds

271

00:09:30,710 --> 00:09:29,200

and while they was passed the car

272

00:09:33,750 --> 00:09:30,720

completely shut down

273

00:09:36,230 --> 00:09:33,760

you know close encounter style and um

274

00:09:37,430 --> 00:09:36,240

that was it uh that was reported to new

275

00:09:40,230 --> 00:09:37,440

fork i believe

276

00:09:41,990 --> 00:09:40,240

um and yeah so this is an interesting

277

00:09:44,550 --> 00:09:42,000

one that i wanted to bring to you guys

278

00:09:45,590 --> 00:09:44,560

i've never heard about a ufo colliding

279

00:09:49,030 --> 00:09:45,600

with a train

280

00:09:51,110 --> 00:09:49,040

it is just a story um rob you did bring

281

00:09:54,550 --> 00:09:51,120

to me a official

282

00:09:57,590 --> 00:09:54,560

report from um who was it ron

283

00:10:00,070 --> 00:09:57,600

um mark rodiger yeah

284

00:10:01,750 --> 00:10:00,080

um an official report where they they

285

00:10:02,069 --> 00:10:01,760

got in touch with this main witness and

286

00:10:04,310 --> 00:10:02,079

they

287

00:10:05,750 --> 00:10:04,320

hammered the dude to try to with you

288

00:10:07,430 --> 00:10:05,760

know see if he was legit

289

00:10:09,190 --> 00:10:07,440

they asked him all these questions about

290

00:10:11,990 --> 00:10:09,200

the train his job

291

00:10:12,949 --> 00:10:12,000

um what he's seen the distance all this

292

00:10:16,550 --> 00:10:12,959

stuff this that

293

00:10:19,750 --> 00:10:16,560

and um they s they came away thinking um

294

00:10:20,870 --> 00:10:19,760

mark in this other investigator he knows

295

00:10:23,750 --> 00:10:20,880

what he's talking about

296

00:10:25,430 --> 00:10:23,760

it seems like something happened so uh

297

00:10:27,990 --> 00:10:25,440

this one was really interesting to me

298

00:10:30,630 --> 00:10:28,000

again it's just a story um everyone

299

00:10:32,949 --> 00:10:30,640

remained anonymous that reported it

300

00:10:34,389 --> 00:10:32,959

um but i don't know we don't know what

301  
00:10:35,430 --> 00:10:34,399  
really happened there in paint spill but

302  
00:10:36,949 --> 00:10:35,440  
i thought it was a pretty

303  
00:10:39,910 --> 00:10:36,959  
exciting story to share with you guys so

304  
00:10:43,750 --> 00:10:39,920  
i'd love to get your thoughts on it

305  
00:10:46,949 --> 00:10:43,760  
it's uh i i remember first

306  
00:10:49,990 --> 00:10:46,959  
uh seeing it on a hanger one like

307  
00:10:53,030 --> 00:10:50,000  
it's it's weird how many cases that show

308  
00:10:53,590 --> 00:10:53,040  
introduced me to because it's it's quite

309  
00:10:56,550 --> 00:10:53,600  
a few

310  
00:10:56,949 --> 00:10:56,560  
like but i i remember just being like

311  
00:10:59,990 --> 00:10:56,959  
what

312  
00:11:02,949 --> 00:11:00,000  
the ufo hit a train and like like

313  
00:11:03,590 --> 00:11:02,959

really it's it's kind of this obscure

314

00:11:06,630 --> 00:11:03,600

case that

315

00:11:07,590 --> 00:11:06,640

uh i i know new fork has uh some

316

00:11:10,949 --> 00:11:07,600

information on it

317

00:11:12,310 --> 00:11:10,959

and um a couple other places but uh yeah

318

00:11:14,710 --> 00:11:12,320

it's it's one of those

319

00:11:16,230 --> 00:11:14,720

wild cases love it i feel like i should

320

00:11:20,310 --> 00:11:16,240

be offended for

321

00:11:21,990 --> 00:11:20,320

people who work on trains considering

322

00:11:23,190 --> 00:11:22,000

you're like i don't look like normal

323

00:11:25,110 --> 00:11:23,200

trained people like what did normal

324

00:11:28,069 --> 00:11:25,120

train people look like ryan

325

00:11:29,430 --> 00:11:28,079

what do you mean everyone knows fancy

326

00:11:31,430 --> 00:11:29,440

suits and chickens

327

00:11:32,470 --> 00:11:31,440

you know they wear suspenders they've

328

00:11:35,030 --> 00:11:32,480

all got that same

329

00:11:36,230 --> 00:11:35,040

hat a bundle on a stick what are you

330

00:11:38,069 --> 00:11:36,240

talking about bro

331

00:11:39,829 --> 00:11:38,079

you're talking to the new york city guy

332

00:11:41,990 --> 00:11:39,839

the city boy

333

00:11:43,750 --> 00:11:42,000

i don't i don't know what trade folk

334

00:11:45,990 --> 00:11:43,760

look like a little known fact

335

00:11:48,310 --> 00:11:46,000

trains little known fact trains were

336

00:11:49,430 --> 00:11:48,320

outlawed in new york in the late 1800s

337

00:11:52,150 --> 00:11:49,440

so this is all

338

00:11:54,150 --> 00:11:52,160

foreign to him the people on trains in

339

00:11:55,350 --> 00:11:54,160

new york like the long island expressway

340

00:11:56,629 --> 00:11:55,360

and things like that they're different

341

00:11:58,949 --> 00:11:56,639

types of trained people

342

00:12:00,470 --> 00:11:58,959

so yeah no there's yeah there's okay

343

00:12:02,550 --> 00:12:00,480

ryan you have an excuse i was gonna say

344

00:12:04,550 --> 00:12:02,560

the 1am train back to the staten island

345

00:12:07,829 --> 00:12:04,560

ferry that's a different kind of person

346

00:12:10,389 --> 00:12:07,839

different noon into midtown right that's

347

00:12:11,509 --> 00:12:10,399

a different kind of person that's a good

348

00:12:13,509 --> 00:12:11,519

point man yeah so

349

00:12:14,949 --> 00:12:13,519

interesting oh man that's such an

350

00:12:17,269 --> 00:12:14,959

interesting case

351

00:12:18,710 --> 00:12:17,279

yeah and i know jason you were on hanger

352

00:12:21,509 --> 00:12:18,720

one did you have any

353

00:12:23,190 --> 00:12:21,519

uh knowledge about this case um i know

354

00:12:23,990 --> 00:12:23,200

when i brought it to you guys early on

355

00:12:27,750 --> 00:12:24,000

you kind of

356

00:12:29,030 --> 00:12:27,760

wondering um what have you heard about

357

00:12:30,710 --> 00:12:29,040

this one man personally

358

00:12:32,389 --> 00:12:30,720

i i certainly didn't have anything to do

359

00:12:35,030 --> 00:12:32,399

with this case on hanger one um

360

00:12:36,230 --> 00:12:35,040

i'm pretty sure it was covered in uh the

361

00:12:38,389 --> 00:12:36,240

second season

362

00:12:40,230 --> 00:12:38,399

which i was not a part okay um i was

363

00:12:42,069 --> 00:12:40,240

just in the first season so

364

00:12:43,590 --> 00:12:42,079

no knowledge of it from the show but i

365

00:12:43,910 --> 00:12:43,600

will say from from the description of

366

00:12:46,949 --> 00:12:43,920

this

367

00:12:48,550 --> 00:12:46,959

case you know not not to be a debunker

368

00:12:50,629 --> 00:12:48,560

could certainly have to take in all of

369

00:12:52,470 --> 00:12:50,639

the the different elements of this case

370

00:12:55,670 --> 00:12:52,480

witness testimony things like that but

371

00:12:58,150 --> 00:12:55,680

the response you know certainly

372

00:12:59,509 --> 00:12:58,160

you could see it being the same for

373

00:13:01,509 --> 00:12:59,519

military recovering

374

00:13:03,030 --> 00:13:01,519

you know a top secret experiment gone

375

00:13:05,030 --> 00:13:03,040

wrong their response would have been the

376

00:13:07,750 --> 00:13:05,040

same they would have swooped in

377

00:13:08,470 --> 00:13:07,760

removed all evidence of said experiment

378

00:13:11,430 --> 00:13:08,480

going wrong

379

00:13:14,550 --> 00:13:11,440

and uh sent people on their way so just

380

00:13:18,150 --> 00:13:17,110

yeah uh that that's definitely a

381

00:13:21,750 --> 00:13:18,160

possibility

382

00:13:24,870 --> 00:13:21,760

so uh jace we're gonna uh

383

00:13:26,629 --> 00:13:24,880

uh move to your story now so uh uh go

384

00:13:27,190 --> 00:13:26,639

ahead and uh with your story that you

385

00:13:29,509 --> 00:13:27,200

gotta

386

00:13:30,710 --> 00:13:29,519

bring in all right well the case i'm

387

00:13:32,470 --> 00:13:30,720

discussing today

388

00:13:35,069 --> 00:13:32,480

involves a strange incident that

389

00:13:38,629 --> 00:13:35,079

occurred way back on october 27

390

00:13:41,670 --> 00:13:38,639

1954 in florence italy

391

00:13:42,949 --> 00:13:41,680

this one had 10 000 fans who were packed

392

00:13:45,670 --> 00:13:42,959

in a stadium that day

393

00:13:47,750 --> 00:13:45,680

for a football match now of course here

394

00:13:49,829 --> 00:13:47,760

we're talking about european football or

395

00:13:52,790 --> 00:13:49,839

soccer as we call it here in the states

396

00:13:53,750 --> 00:13:52,800

and just after half time the crowd fell

397

00:13:55,910 --> 00:13:53,760

silent

398

00:13:57,110 --> 00:13:55,920

as they saw this ufo appear over the

399

00:13:59,670 --> 00:13:57,120

stadium

400

00:14:00,949 --> 00:13:59,680

both fans and players stopped like they

401  
00:14:03,590 --> 00:14:00,959  
stopped the game

402  
00:14:04,550 --> 00:14:03,600  
to look up at this weird object in the

403  
00:14:07,030 --> 00:14:04,560  
sky

404  
00:14:08,949 --> 00:14:07,040  
and witnesses describe being stunned by

405  
00:14:11,269 --> 00:14:08,959  
what they were seeing

406  
00:14:12,389 --> 00:14:11,279  
one player even said that the ufo looked

407  
00:14:15,269 --> 00:14:12,399  
like an egg

408  
00:14:16,949 --> 00:14:15,279  
moving slowly through the sky and if an

409  
00:14:17,590 --> 00:14:16,959  
egg moving through the sky isn't weird

410  
00:14:20,710 --> 00:14:17,600  
enough

411  
00:14:23,269 --> 00:14:20,720  
he also said that glitter

412  
00:14:24,389 --> 00:14:23,279  
was coming down from the sky silver

413  
00:14:27,670 --> 00:14:24,399

glitter

414

00:14:28,230 --> 00:14:27,680

sounds like a party other witnesses said

415

00:14:30,629 --> 00:14:28,240

they saw

416

00:14:31,670 --> 00:14:30,639

multiple cigar-shaped ufos that were

417

00:14:33,350 --> 00:14:31,680

moving fast

418

00:14:35,110 --> 00:14:33,360

we then stopped and just hovered in

419

00:14:37,189 --> 00:14:35,120

place so

420

00:14:38,949 --> 00:14:37,199

we've got a mass ufo sighting here

421

00:14:42,230 --> 00:14:38,959

involving not just one

422

00:14:43,750 --> 00:14:42,240

but multiple ufos witnessed by thousands

423

00:14:47,350 --> 00:14:43,760

of people

424

00:14:49,829 --> 00:14:47,360

that's cool but let's get back to this

425

00:14:50,389 --> 00:14:49,839

glitter that was falling from the sky

426  
00:14:53,430 --> 00:14:50,399  
this

427  
00:14:55,670 --> 00:14:53,440  
material is a strange sticky substance

428  
00:14:56,470 --> 00:14:55,680  
that has been reported in other ufo

429  
00:14:59,750 --> 00:14:56,480  
cases

430  
00:15:01,110 --> 00:14:59,760  
and it's most often referred to as angel

431  
00:15:03,590 --> 00:15:01,120  
hair

432  
00:15:04,389 --> 00:15:03,600  
uh several media outlets ran stories on

433  
00:15:07,030 --> 00:15:04,399  
this incident

434  
00:15:07,750 --> 00:15:07,040  
but i believe it was the bbc that

435  
00:15:10,150 --> 00:15:07,760  
reported

436  
00:15:11,509 --> 00:15:10,160  
that multiple witnesses collected

437  
00:15:14,470 --> 00:15:11,519  
samples of this

438  
00:15:16,310 --> 00:15:14,480

goo this angel hair and gave it to the

439

00:15:18,710 --> 00:15:16,320

institute of chemical analysis

440

00:15:20,629 --> 00:15:18,720

at the university of florence so

441

00:15:23,110 --> 00:15:20,639

spectrographic analysis there

442

00:15:23,910 --> 00:15:23,120

revealed that this material came boron

443

00:15:26,949 --> 00:15:23,920

silicon

444

00:15:27,670 --> 00:15:26,959

calcium and magnesium so researchers

445

00:15:30,629 --> 00:15:27,680

knew

446

00:15:31,030 --> 00:15:30,639

the composition of the goo but that's

447

00:15:33,030 --> 00:15:31,040

about

448

00:15:35,189 --> 00:15:33,040

it they couldn't really determine what

449

00:15:38,550 --> 00:15:35,199

it was other than its composition

450

00:15:41,829 --> 00:15:38,560

but when it comes to ufos

451  
00:15:45,269 --> 00:15:41,839  
there's always someone who

452  
00:15:46,069 --> 00:15:45,279  
knows the answers and in this particular

453  
00:15:48,949 --> 00:15:46,079  
case

454  
00:15:50,389 --> 00:15:48,959  
one person who loudly proclaimed he had

455  
00:15:54,069 --> 00:15:50,399  
all the answers

456  
00:15:55,990 --> 00:15:54,079  
was the notorious james magaha if you're

457  
00:15:57,749 --> 00:15:56,000  
not familiar with james magaha

458  
00:16:00,629 --> 00:15:57,759  
he's an astronomer and director of the

459  
00:16:02,949 --> 00:16:00,639  
grasslands observatory in tucson arizona

460  
00:16:04,550 --> 00:16:02,959  
he's also a retired air force pilot who

461  
00:16:08,069 --> 00:16:04,560  
held a top secret clearance

462  
00:16:08,629 --> 00:16:08,079  
and even worked at area 51 but he's most

463  
00:16:12,470 --> 00:16:08,639

known

464

00:16:15,269 --> 00:16:12,480  
for being a hardcore ufo skeptic

465

00:16:16,069 --> 00:16:15,279  
his explanation for the 1954 mass ufo

466

00:16:20,470 --> 00:16:16,079  
sighting

467

00:16:22,310 --> 00:16:20,480  
well spiders

468

00:16:24,150 --> 00:16:22,320  
he didn't start with spiders uh when he

469

00:16:25,990 --> 00:16:24,160  
initially looked at the case he thought

470

00:16:27,509 --> 00:16:26,000  
that a fireball meteor breaking up in

471

00:16:28,710 --> 00:16:27,519  
the atmosphere could explain what people

472

00:16:30,790 --> 00:16:28,720  
saw

473

00:16:33,030 --> 00:16:30,800  
but then he said it became fairly

474

00:16:33,749 --> 00:16:33,040  
apparent that the sighting was actually

475

00:16:37,590 --> 00:16:33,759  
caused

476  
00:16:39,590 --> 00:16:37,600  
by young spiders spinning webs what

477  
00:16:41,670 --> 00:16:39,600  
okay so he explained that migrating

478  
00:16:43,990 --> 00:16:41,680  
spiders use webs as sails

479  
00:16:44,870 --> 00:16:44,000  
and when these link together you get a

480  
00:16:46,629 --> 00:16:44,880  
big glob

481  
00:16:49,990 --> 00:16:46,639  
that spiders right on to move between

482  
00:16:51,269 --> 00:16:50,000  
locations that's true they do that i

483  
00:16:53,430 --> 00:16:51,279  
just want to say that

484  
00:16:54,710 --> 00:16:53,440  
i love scientists and i love when

485  
00:16:57,910 --> 00:16:54,720  
scientists evaluate

486  
00:16:59,269 --> 00:16:57,920  
ufo or other paranormal events now that

487  
00:17:02,470 --> 00:16:59,279  
being said

488  
00:17:03,590 --> 00:17:02,480

magaha is a noted skeptic who relishes

489

00:17:06,630 --> 00:17:03,600

the opportunity

490

00:17:07,510 --> 00:17:06,640

to explain away any and all ufo

491

00:17:10,309 --> 00:17:07,520

sightings

492

00:17:11,029 --> 00:17:10,319

because to him the ufo phenomenon is

493

00:17:14,309 --> 00:17:11,039

nothing

494

00:17:17,829 --> 00:17:14,319

but myth magic and superstition

495

00:17:19,429 --> 00:17:17,839

he's said that from time to time and uh

496

00:17:22,069 --> 00:17:19,439

that's what he lives by

497

00:17:24,069 --> 00:17:22,079

but robert pinotti he's the president of

498

00:17:26,710 --> 00:17:24,079

italy's national ufo center

499

00:17:28,309 --> 00:17:26,720

disagreed with magaha's fighter theory

500

00:17:31,270 --> 00:17:28,319

and one of the main reasons

501  
00:17:31,990 --> 00:17:31,280  
is the analysis done on the angel hair

502  
00:17:34,150 --> 00:17:32,000  
the bbc

503  
00:17:35,270 --> 00:17:34,160  
pointed out that spider silk is a

504  
00:17:37,430 --> 00:17:35,280  
protein an

505  
00:17:38,789 --> 00:17:37,440  
organic compound containing nitrogen

506  
00:17:41,510 --> 00:17:38,799  
calcium hydrogen

507  
00:17:43,830 --> 00:17:41,520  
and oxygen not the elements reportedly

508  
00:17:46,630 --> 00:17:43,840  
found in the samples by witnesses

509  
00:17:48,470 --> 00:17:46,640  
now philip ball who's a science writer

510  
00:17:49,430 --> 00:17:48,480  
and a fellow of the royal society of

511  
00:17:51,190 --> 00:17:49,440  
chemistry

512  
00:17:52,630 --> 00:17:51,200  
agreed that the spider theory sounded

513  
00:17:55,190 --> 00:17:52,640

pretty flimsy

514

00:17:57,350 --> 00:17:55,200

he explained that magnesium and calcium

515

00:17:58,470 --> 00:17:57,360

are fairly common elements in living

516

00:18:02,070 --> 00:17:58,480

bodies

517

00:18:04,390 --> 00:18:02,080

or on its silicon not so much but

518

00:18:06,150 --> 00:18:04,400

if these were the main elements that the

519

00:18:08,390 --> 00:18:06,160

white fluff contained

520

00:18:09,510 --> 00:18:08,400

it doesn't sound like they come from

521

00:18:12,470 --> 00:18:09,520

spiders

522

00:18:14,870 --> 00:18:12,480

so that was his analysis and then there

523

00:18:17,110 --> 00:18:14,880

were the 10 000 witnesses who watched

524

00:18:20,710 --> 00:18:17,120

the ufos moving very fast and then

525

00:18:24,230 --> 00:18:20,720

stopping in the sky to hover so as with

526

00:18:26,070 --> 00:18:24,240

most decades-old ufo cases it's unlikely

527

00:18:29,270 --> 00:18:26,080

that this mass ufo sighting will

528

00:18:30,150 --> 00:18:29,280

ever be definitively solved no matter

529

00:18:32,789 --> 00:18:30,160

how hard

530

00:18:34,950 --> 00:18:32,799

people like james mcgaha insist on

531

00:18:38,470 --> 00:18:34,960

ignoring witness testimony

532

00:18:41,510 --> 00:18:38,480

and scientific analysis weird case guys

533

00:18:44,310 --> 00:18:41,520

weird case gotta love spiders and ufos

534

00:18:45,350 --> 00:18:44,320

yeah you definitely do uh i think what's

535

00:18:48,950 --> 00:18:45,360

fascinating

536

00:18:50,150 --> 00:18:48,960

is that it ties into the 54 flap that

537

00:18:52,630 --> 00:18:50,160

was going on

538

00:18:54,630 --> 00:18:52,640

in france at the time you had these a

539

00:18:57,190 --> 00:18:54,640

lot of these sightings

540

00:18:59,270 --> 00:18:57,200

all over the place of people seeing like

541

00:19:02,710 --> 00:18:59,280

classic saucer-shaped ufos

542

00:19:04,230 --> 00:19:02,720

people in uh occupants wearing like

543

00:19:07,110 --> 00:19:04,240

diving suits is what they said

544

00:19:08,830 --> 00:19:07,120

you know over and over again so uh yeah

545

00:19:11,669 --> 00:19:08,840

that was probably one of the more

546

00:19:12,470 --> 00:19:11,679

fascinating uh cases to come from that

547

00:19:16,150 --> 00:19:12,480

time

548

00:19:19,430 --> 00:19:16,160

and uh i think uh

549

00:19:22,470 --> 00:19:19,440

really the um the cool thing was

550

00:19:25,029 --> 00:19:22,480

is that amy michelle who was one of the

551

00:19:26,870 --> 00:19:25,039

original investigators of that flap was

552

00:19:29,029 --> 00:19:26,880

actually able to

553

00:19:31,029 --> 00:19:29,039

trace all of these sightings in

554

00:19:33,270 --> 00:19:31,039

basically straight lines they could

555

00:19:34,789 --> 00:19:33,280

track them so easily from place to place

556

00:19:36,950 --> 00:19:34,799

to place place which was

557

00:19:38,070 --> 00:19:36,960

you know really fascinating and uh yeah

558

00:19:41,190 --> 00:19:38,080

it's just a

559

00:19:45,750 --> 00:19:41,200

classic case love that case

560

00:19:48,230 --> 00:19:45,760

yeah i james is that his name

561

00:19:49,110 --> 00:19:48,240

yeah i hate that dude i'm sorry i'm just

562

00:19:52,310 --> 00:19:49,120

gonna say it

563

00:19:54,710 --> 00:19:52,320

you know he does he does know

564

00:19:56,630 --> 00:19:54,720

he doesn't even look into the case he's

565

00:19:58,710 --> 00:19:56,640

just got his sound bites ready to go

566

00:20:00,870 --> 00:19:58,720

whenever they have him on the news or

567

00:20:02,950 --> 00:20:00,880

you know commenting on these things

568

00:20:05,190 --> 00:20:02,960

i remember watching something recently

569

00:20:05,990 --> 00:20:05,200

where they had james fox on after one of

570

00:20:08,149 --> 00:20:06,000

his documentaries

571

00:20:10,230 --> 00:20:08,159

came out and the dude wouldn't even let

572

00:20:10,710 --> 00:20:10,240

james get a word in edgewise until james

573

00:20:12,390 --> 00:20:10,720

just

574

00:20:14,710 --> 00:20:12,400

flat out took him down right then and

575

00:20:17,270 --> 00:20:14,720

there so that was that was nice to see

576

00:20:18,870 --> 00:20:17,280

finally that someone told this guy why

577

00:20:19,990 --> 00:20:18,880

don't you actually look into the case

578

00:20:21,909 --> 00:20:20,000

that you're debunking

579

00:20:23,270 --> 00:20:21,919

immediately before you know passing

580

00:20:25,110 --> 00:20:23,280

judgment he gives

581

00:20:26,870 --> 00:20:25,120

scientists a really bad name when it

582

00:20:29,990 --> 00:20:26,880

comes to ufos because

583

00:20:31,750 --> 00:20:30,000

he turns off the science when he uh you

584

00:20:32,470 --> 00:20:31,760

know gives an opinion about a ufo

585

00:20:34,870 --> 00:20:32,480

sighting

586

00:20:35,830 --> 00:20:34,880

he disregards any sort of evidence there

587

00:20:37,830 --> 00:20:35,840

is to the case

588

00:20:39,270 --> 00:20:37,840

and just spouts off what the first thing

589

00:20:40,789 --> 00:20:39,280

that comes to his mind without even

590

00:20:42,789 --> 00:20:40,799

looking into the details of the case

591

00:20:45,669 --> 00:20:42,799

yeah pigeonholing your own your thought

592

00:20:47,990 --> 00:20:45,679

process process into something without

593

00:20:49,669 --> 00:20:48,000

regard for what's actually going on it's

594

00:20:52,230 --> 00:20:49,679

just as bad as being a yes man

595

00:20:53,350 --> 00:20:52,240

on the whole topic and you know that's

596

00:20:56,870 --> 00:20:53,360

the whole

597

00:20:59,750 --> 00:20:56,880

philip j class school of debunking there

598

00:21:03,909 --> 00:20:59,760

even though philip at least did research

599

00:21:08,310 --> 00:21:05,590

it seems like one of those cases where

600

00:21:09,430 --> 00:21:08,320

you know there's such more compelling

601  
00:21:12,950 --> 00:21:09,440  
and interesting

602  
00:21:13,430 --> 00:21:12,960  
um ulterior explanations for these

603  
00:21:15,430 --> 00:21:13,440  
things

604  
00:21:17,270 --> 00:21:15,440  
you know what i mean and even like the

605  
00:21:19,750 --> 00:21:17,280  
the fact that it's silicon and boron

606  
00:21:21,590 --> 00:21:19,760  
together in these strands

607  
00:21:24,630 --> 00:21:21,600  
that to me sounds like borosilicate

608  
00:21:27,669 --> 00:21:24,640  
glass right or borosilicate strands

609  
00:21:29,990 --> 00:21:27,679  
um i was just gonna say that yeah which

610  
00:21:31,909 --> 00:21:30,000  
which would be you know which would be

611  
00:21:33,190 --> 00:21:31,919  
these which would be interesting in that

612  
00:21:36,310 --> 00:21:33,200  
area i mean you know

613  
00:21:37,590 --> 00:21:36,320

um i mean it could be all kinds of

614

00:21:38,630 --> 00:21:37,600

different things right that are that's

615

00:21:40,950 --> 00:21:38,640

kind of going out there and hitting the

616

00:21:43,909 --> 00:21:40,960

wind and whatever and like spider webs

617

00:21:45,190 --> 00:21:43,919

are occasionally used for an explanation

618

00:21:48,470 --> 00:21:45,200

for like angel hair or

619

00:21:50,630 --> 00:21:48,480

what's called um star jelly right is

620

00:21:53,510 --> 00:21:50,640

another name for the same kind of thing

621

00:21:55,350 --> 00:21:53,520

but yeah to use that to try to explain

622

00:21:57,029 --> 00:21:55,360

away like loads of people seeing

623

00:21:58,230 --> 00:21:57,039

something and then saying no everyone in

624

00:21:59,350 --> 00:21:58,240

that crowd thought it was an alien but

625

00:22:02,230 --> 00:21:59,360

it was actually a

626  
00:22:03,190 --> 00:22:02,240  
spiders that's almost scary to me though

627  
00:22:05,350 --> 00:22:03,200  
too spiders

628  
00:22:06,310 --> 00:22:05,360  
flying around like this yeah i'm not

629  
00:22:09,590 --> 00:22:06,320  
into that

630  
00:22:12,549 --> 00:22:09,600  
know man not

631  
00:22:14,230 --> 00:22:12,559  
cool especially on that grand of a scale

632  
00:22:15,990 --> 00:22:14,240  
i mean they saw multiple like

633  
00:22:17,590 --> 00:22:16,000  
what they thought were craft in the sky

634  
00:22:19,669 --> 00:22:17,600  
i mean i have no idea what the size of

635  
00:22:20,230 --> 00:22:19,679  
these things were but yes that is horror

636  
00:22:22,549 --> 00:22:20,240  
movie

637  
00:22:23,590 --> 00:22:22,559  
terrifying seriously right like not fun

638  
00:22:26,149 --> 00:22:23,600

not into it at

639

00:22:27,830 --> 00:22:26,159

all like when you first started you said

640

00:22:30,070 --> 00:22:27,840

a a silver

641

00:22:31,830 --> 00:22:30,080

egg shaped thing came over a stadium and

642

00:22:33,350 --> 00:22:31,840

dropped glitter and it sounded like the

643

00:22:33,830 --> 00:22:33,360

goodyear blimp was there you know what i

644

00:22:36,950 --> 00:22:33,840

mean

645

00:22:39,830 --> 00:22:36,960

and it took a turn so that was a

646

00:22:40,549 --> 00:22:39,840

i had never heard that one so yeah yeah

647

00:22:42,950 --> 00:22:40,559

i think

648

00:22:43,590 --> 00:22:42,960

too to point out what chris um chris was

649

00:22:46,230 --> 00:22:43,600

saying

650

00:22:48,230 --> 00:22:46,240

a prosaic or other scientific

651  
00:22:51,110 --> 00:22:48,240  
explanation is just as fascinating

652  
00:22:51,430 --> 00:22:51,120  
as being a ufo in my opinion i mean you

653  
00:22:53,510 --> 00:22:51,440  
know

654  
00:22:54,789 --> 00:22:53,520  
take strip it of alien immediately and

655  
00:22:57,029 --> 00:22:54,799  
just say whoa

656  
00:22:58,630 --> 00:22:57,039  
we have a anomaly that we've probably

657  
00:23:01,110 --> 00:22:58,640  
never seen before happening here

658  
00:23:02,390 --> 00:23:01,120  
so i i i always go back to that like

659  
00:23:05,029 --> 00:23:02,400  
it's really interesting

660  
00:23:06,630 --> 00:23:05,039  
to find a earthly explanation that could

661  
00:23:09,830 --> 00:23:06,640  
be just as astounding as

662  
00:23:11,350 --> 00:23:09,840  
um unearthly in my opinion yeah

663  
00:23:13,029 --> 00:23:11,360

and i mean that's that's something that

664

00:23:15,110 --> 00:23:13,039

that we bring up with ufo sightings all

665

00:23:18,549 --> 00:23:15,120

the time right i mean something is

666

00:23:20,070 --> 00:23:18,559

is a ufo to somebody if they're not used

667

00:23:21,350 --> 00:23:20,080

to seeing it we're getting all the the

668

00:23:22,789 --> 00:23:21,360

starlink

669

00:23:24,630 --> 00:23:22,799

sightings right now reported because

670

00:23:26,390 --> 00:23:24,640

people aren't used to seeing this string

671

00:23:27,270 --> 00:23:26,400

of satellites in the sky that continues

672

00:23:29,430 --> 00:23:27,280

to grow

673

00:23:30,950 --> 00:23:29,440

all the time if you're not used to

674

00:23:32,230 --> 00:23:30,960

seeing something in the sky it looks

675

00:23:35,590 --> 00:23:32,240

strange to you there for

676

00:23:38,149 --> 00:23:35,600

ufo and how many of you have seen

677

00:23:39,909 --> 00:23:38,159

spiders moving through the sky

678

00:23:41,669 --> 00:23:39,919

on a ball of webs like i've never seen

679

00:23:42,549 --> 00:23:41,679

that so if i saw it it would look really

680

00:23:44,470 --> 00:23:42,559

freaky to me

681

00:23:45,750 --> 00:23:44,480

yeah one of the things that always blows

682

00:23:46,390 --> 00:23:45,760

my mind just going off of what you just

683

00:23:47,990 --> 00:23:46,400

said too

684

00:23:49,750 --> 00:23:48,000

is when people come forward with things

685

00:23:51,029 --> 00:23:49,760

like that you say well that actually is

686

00:23:52,070 --> 00:23:51,039

skylink

687

00:23:54,470 --> 00:23:52,080

uh it's one of the things i've seen

688

00:23:56,549 --> 00:23:54,480

where they go nope that's not what it is

689

00:23:58,230 --> 00:23:56,559

and they want it to be something that

690

00:23:59,110 --> 00:23:58,240

it's not and i think that's just human

691

00:24:00,230 --> 00:23:59,120

nature though

692

00:24:03,510 --> 00:24:00,240

but it is something that i've been

693

00:24:09,350 --> 00:24:07,510

yeah uh like i said uh fascinating craze

694

00:24:10,470 --> 00:24:09,360

so uh brent why don't you uh go ahead

695

00:24:14,549 --> 00:24:10,480

with yours man

696

00:24:16,549 --> 00:24:14,559

yeah so i have the august 29th of 1979

697

00:24:18,230 --> 00:24:16,559

uh truck driver incident with harry

698

00:24:20,630 --> 00:24:18,240

turner uh he was

699

00:24:22,310 --> 00:24:20,640

woke up in fredericksburg va that was

700

00:24:23,669 --> 00:24:22,320

his destination where he was headed and

701  
00:24:25,669 --> 00:24:23,679  
the problem was

702  
00:24:27,029 --> 00:24:25,679  
he had no memory of getting there and

703  
00:24:29,590 --> 00:24:27,039  
the last thing that he remembered

704  
00:24:31,350 --> 00:24:29,600  
was eating at a truck stop uh right

705  
00:24:33,830 --> 00:24:31,360  
after he left to go on to

706  
00:24:35,190 --> 00:24:33,840  
to his normal hall then boom he's at the

707  
00:24:36,149 --> 00:24:35,200  
end of his route he's parked he's good

708  
00:24:38,630 --> 00:24:36,159  
to go

709  
00:24:40,950 --> 00:24:38,640  
so he looks around his truck and he sees

710  
00:24:41,350 --> 00:24:40,960  
the odometer and it says that he's only

711  
00:24:43,990 --> 00:24:41,360  
gone

712  
00:24:45,510 --> 00:24:44,000  
17 miles though at that time he should

713  
00:24:47,830 --> 00:24:45,520

have went about 80 miles now

714

00:24:49,110 --> 00:24:47,840

this is a truck driver so they keep logs

715

00:24:49,909 --> 00:24:49,120

they should be able to see exactly where

716

00:24:51,190 --> 00:24:49,919

they're at

717

00:24:52,470 --> 00:24:51,200

uh at any time and that's something that

718

00:24:54,230 --> 00:24:52,480

they if they get polar they have to

719

00:24:57,110 --> 00:24:54,240

produce stuff like that

720

00:24:58,470 --> 00:24:57,120

he also sees that uh his gun he carries

721

00:25:02,070 --> 00:24:58,480

a gun in case there's

722

00:25:02,950 --> 00:25:02,080

trouble as you know can and it is laying

723

00:25:06,149 --> 00:25:02,960

out in the truck

724

00:25:07,669 --> 00:25:06,159

and all eight shells are are

725

00:25:09,830 --> 00:25:07,679

loose they've been expelled he shot it

726  
00:25:12,070 --> 00:25:09,840  
he's emptied the entire magazine

727  
00:25:13,430 --> 00:25:12,080  
uh so that's a little bit weird when you

728  
00:25:15,990 --> 00:25:13,440  
have no memory of that

729  
00:25:17,350 --> 00:25:16,000  
and he says after that you do that the

730  
00:25:18,149 --> 00:25:17,360  
memory starts coming back and he

731  
00:25:19,750 --> 00:25:18,159  
remembers

732  
00:25:21,269 --> 00:25:19,760  
starting his route he's driving like

733  
00:25:23,430 --> 00:25:21,279  
normal for a little while

734  
00:25:24,710 --> 00:25:23,440  
then he sees a bright light come down

735  
00:25:26,390 --> 00:25:24,720  
from the sky and he's kind of coming

736  
00:25:28,710 --> 00:25:26,400  
towards his truck

737  
00:25:29,830 --> 00:25:28,720  
and starts following them and then just

738  
00:25:31,269 --> 00:25:29,840

like i think

739

00:25:34,149 --> 00:25:31,279

we've seen in so many things he has

740

00:25:35,830 --> 00:25:34,159

electrical issues uh his cb radio and

741

00:25:37,350 --> 00:25:35,840

his regular radio start doing static and

742

00:25:40,630 --> 00:25:37,360

then boom this loud

743

00:25:41,669 --> 00:25:40,640

tone comes through and that's when the

744

00:25:44,630 --> 00:25:41,679

fun starts

745

00:25:45,350 --> 00:25:44,640

and by fun i mean filling terror i think

746

00:25:48,070 --> 00:25:45,360

um

747

00:25:50,149 --> 00:25:48,080

struck as is is stopped and everything

748

00:25:52,710 --> 00:25:50,159

there is filled with light

749

00:25:54,630 --> 00:25:52,720

so he collects himself he tries to get

750

00:25:57,430 --> 00:25:54,640

out of the truck and he says that

751  
00:25:58,789 --> 00:25:57,440  
he feels something that is invisible is

752  
00:26:01,830 --> 00:25:58,799  
pushing on him

753  
00:26:03,110 --> 00:26:01,840  
keeping him inside of his truck uh he

754  
00:26:04,789 --> 00:26:03,120  
tries to get off of it

755  
00:26:06,470 --> 00:26:04,799  
and he says that he actually quoted to

756  
00:26:08,390 --> 00:26:06,480  
say it was like it had bionic strength

757  
00:26:10,789 --> 00:26:08,400  
it was so strong he couldn't get out

758  
00:26:11,830 --> 00:26:10,799  
so he grabs his gun and he just shark

759  
00:26:14,070 --> 00:26:11,840  
starts shooting

760  
00:26:15,430 --> 00:26:14,080  
just empties the whole thing and

761  
00:26:18,789 --> 00:26:15,440  
whatever's holding him back

762  
00:26:21,110 --> 00:26:18,799  
stops pushing and so he shuts the door

763  
00:26:22,870 --> 00:26:21,120

he sits there for a little bit he says

764

00:26:25,190 --> 00:26:22,880

then he decides to get out and look

765

00:26:28,549 --> 00:26:25,200

around and that's when he says that he's

766

00:26:31,990 --> 00:26:28,559

inside of the hangar or the belly

767

00:26:33,830 --> 00:26:32,000

of a large ufo and that is all he

768

00:26:36,070 --> 00:26:33,840

remembers at that time

769

00:26:37,510 --> 00:26:36,080

uh before waking up in fredericksburg

770

00:26:40,390 --> 00:26:37,520

virginia

771

00:26:41,510 --> 00:26:40,400

but that doesn't stop there so that was

772

00:26:44,630 --> 00:26:41,520

like i said on

773

00:26:45,750 --> 00:26:44,640

august 29th on september 3rd he's laying

774

00:26:47,669 --> 00:26:45,760

in bed

775

00:26:49,510 --> 00:26:47,679

and he's looking up at the ceiling and

776

00:26:52,310 --> 00:26:49,520

all of a sudden he can see

777

00:26:53,830 --> 00:26:52,320

he says through the ceiling and you can

778

00:26:55,830 --> 00:26:53,840

see the stars and stuff

779

00:26:57,269 --> 00:26:55,840

like an x-ray or you can see through

780

00:26:59,510 --> 00:26:57,279

what's going on

781

00:27:01,830 --> 00:26:59,520

he looks turns looks over at his wife

782

00:27:05,269 --> 00:27:01,840

and he can see her skeletal

783

00:27:06,549 --> 00:27:05,279

skeletal structure like inside of her

784

00:27:09,190 --> 00:27:06,559

that's not normal i don't know if you

785

00:27:12,149 --> 00:27:09,200

guys know that or not but he takes off

786

00:27:12,470 --> 00:27:12,159

freaks him out takes off running ends up

787

00:27:14,870 --> 00:27:12,480

in

788

00:27:15,990 --> 00:27:14,880

a police chase that covers a couple

789

00:27:18,710 --> 00:27:16,000

counties

790

00:27:20,070 --> 00:27:18,720

they finally stop him and they think

791

00:27:22,549 --> 00:27:20,080

he's crazy he's

792

00:27:23,350 --> 00:27:22,559

screaming about all this stuff so they

793

00:27:25,909 --> 00:27:23,360

do

794

00:27:26,630 --> 00:27:25,919

take him into uh the hospital to have

795

00:27:29,669 --> 00:27:26,640

him

796

00:27:32,470 --> 00:27:29,679

uh checked out and they do say

797

00:27:33,110 --> 00:27:32,480

uh oh he says that he's hearing tones in

798

00:27:34,710 --> 00:27:33,120

his head

799

00:27:36,630 --> 00:27:34,720

also he tells him that so they take him

800

00:27:38,470 --> 00:27:36,640

in they do a complete mental and

801  
00:27:39,350 --> 00:27:38,480  
physical evaluation in the guy and they

802  
00:27:41,510 --> 00:27:39,360  
say that

803  
00:27:43,190 --> 00:27:41,520  
he seems to be extremely sensitive to

804  
00:27:46,149 --> 00:27:43,200  
light and sound

805  
00:27:47,110 --> 00:27:46,159  
and he lacks control on the left side of

806  
00:27:50,950 --> 00:27:47,120  
his body

807  
00:27:53,190 --> 00:27:50,960  
he was touched on in the truck

808  
00:27:54,789 --> 00:27:53,200  
um you could say maybe you know that

809  
00:27:57,110 --> 00:27:54,799  
could be because of a he had a slight

810  
00:27:59,430 --> 00:27:57,120  
stroke or something like that

811  
00:28:00,470 --> 00:27:59,440  
mufon though in this story does start an

812  
00:28:02,789 --> 00:28:00,480  
investigation

813  
00:28:04,070 --> 00:28:02,799

and they go to the trucking company to

814

00:28:05,909 --> 00:28:04,080

kind of try to clock

815

00:28:07,830 --> 00:28:05,919

you know corroborate a story to see

816

00:28:09,110 --> 00:28:07,840

what's going on because he said and the

817

00:28:11,269 --> 00:28:09,120

big thing there was like i said he said

818

00:28:13,269 --> 00:28:11,279

he only went 17 miles or the

819

00:28:15,110 --> 00:28:13,279

the the truck said that so that means he

820

00:28:17,510 --> 00:28:15,120

would had to have teleported or

821

00:28:19,909 --> 00:28:17,520

been picked up and placed at the

822

00:28:21,430 --> 00:28:19,919

destination she was going to

823

00:28:24,389 --> 00:28:21,440

truckers keep logged so this should be

824

00:28:26,789 --> 00:28:24,399

an easy thing to try to figure out

825

00:28:28,870 --> 00:28:26,799

and the paperwork is completely missing

826

00:28:31,430 --> 00:28:28,880

they have none of his paperwork

827

00:28:32,870 --> 00:28:31,440

so they look into his past as you do and

828

00:28:35,350 --> 00:28:32,880

uh he told him that he worked

829

00:28:36,470 --> 00:28:35,360

uh he was served in the navy uh he had

830

00:28:37,830 --> 00:28:36,480

picks of being in the navy

831

00:28:39,990 --> 00:28:37,840

and the sort of stuff like a veteran

832

00:28:41,350 --> 00:28:40,000

would have so they request requested his

833

00:28:44,549 --> 00:28:41,360

service records

834

00:28:45,190 --> 00:28:44,559

and they're all gone all uh like a bob

835

00:28:47,269 --> 00:28:45,200

lazar

836

00:28:50,470 --> 00:28:47,279

setup type story like his work records

837

00:28:54,789 --> 00:28:50,480

are gone his military records are gone

838

00:28:55,669 --> 00:28:54,799

uh then he seems to you know he has a

839

00:28:58,070 --> 00:28:55,679

mental break

840

00:28:59,909 --> 00:28:58,080

you know he just he went crazy all this

841

00:29:01,909 --> 00:28:59,919

stuff happens

842

00:29:02,950 --> 00:29:01,919

and it ends up i mean that's kind of the

843

00:29:03,590 --> 00:29:02,960

end of the story because they couldn't

844

00:29:05,510 --> 00:29:03,600

verify

845

00:29:07,590 --> 00:29:05,520

anything and you know a lot of people

846

00:29:07,830 --> 00:29:07,600

have tossed around ideas of this aliens

847

00:29:11,590 --> 00:29:07,840

and

848

00:29:13,190 --> 00:29:11,600

initial travel future us

849

00:29:14,789 --> 00:29:13,200

coming forward and granting him some

850

00:29:16,710 --> 00:29:14,799

sort of uh i don't know if you want to

851

00:29:18,549 --> 00:29:16,720

call it an evolutionary thing

852

00:29:19,750 --> 00:29:18,559

where they can see through stuff it's a

853

00:29:22,389 --> 00:29:19,760

weird story

854

00:29:24,230 --> 00:29:22,399

and it did have some some investigation

855

00:29:26,470 --> 00:29:24,240

uh parts to it that uh

856

00:29:28,070 --> 00:29:26,480

didn't really work out uh if we're to

857

00:29:29,990 --> 00:29:28,080

believe that those things are actually

858

00:29:31,990 --> 00:29:30,000

missing

859

00:29:33,269 --> 00:29:32,000

it's uh yeah it's an interesting story

860

00:29:34,230 --> 00:29:33,279

i've never even i've never heard that

861

00:29:37,909 --> 00:29:34,240

one before

862

00:29:40,789 --> 00:29:37,919

um i uh

863

00:29:42,870 --> 00:29:40,799

david flora in here with the uh stop too

864

00:29:43,909 --> 00:29:42,880

much sexiness in one stream i appreciate

865

00:29:47,909 --> 00:29:43,919

that david

866

00:29:49,110 --> 00:29:47,919

i do uh and uh thanks everybody for uh

867

00:29:51,029 --> 00:29:49,120

tuning in chris

868

00:29:53,110 --> 00:29:51,039

i'm i'm sorry we had to start without

869

00:29:55,110 --> 00:29:53,120

you but it is what it is dude

870

00:29:57,269 --> 00:29:55,120

gotta do what you gotta do in this case

871

00:30:00,310 --> 00:29:57,279

and uh dale uh

872

00:30:01,830 --> 00:30:00,320

thanks for uh stopping in man but uh

873

00:30:03,350 --> 00:30:01,840

yeah that's uh that's an interesting

874

00:30:06,710 --> 00:30:03,360

case i've

875

00:30:07,430 --> 00:30:06,720

i it parallels a lot of uh in in some

876

00:30:10,070 --> 00:30:07,440

ways

877

00:30:10,549 --> 00:30:10,080

a lot of uh other cases that i've had

878

00:30:12,789 --> 00:30:10,559

well

879

00:30:14,710 --> 00:30:12,799

not to not be a bandwagon jumper too but

880

00:30:16,950 --> 00:30:14,720

it was on hanger one so i had to go

881

00:30:18,789 --> 00:30:16,960

yeah that is that is true that is true

882

00:30:20,789 --> 00:30:18,799

see a running theme here

883

00:30:22,389 --> 00:30:20,799

right now you're never gonna live that

884

00:30:24,470 --> 00:30:22,399

down bud you are never gonna live that

885

00:30:27,990 --> 00:30:24,480

showdown

886

00:30:31,110 --> 00:30:29,430

this was an interesting story to me

887

00:30:33,430 --> 00:30:31,120

because i actually when i was younger i

888

00:30:35,990 --> 00:30:33,440

was 18 years old and i was in a wreck

889

00:30:37,190 --> 00:30:36,000

and i had head trauma big surprise to

890

00:30:39,590 --> 00:30:37,200

you guys i'm sure but

891

00:30:41,669 --> 00:30:39,600

uh i lost like a day of my life and as

892

00:30:45,110 --> 00:30:41,679

time has gone by i filled in

893

00:30:46,870 --> 00:30:45,120

the stuff that's happened by remembering

894

00:30:48,230 --> 00:30:46,880

little tidbits and i would ask

895

00:30:49,510 --> 00:30:48,240

you know my parents or whoever i was

896

00:30:50,389 --> 00:30:49,520

with if that really happened and they

897

00:30:52,230 --> 00:30:50,399

say yes

898

00:30:53,909 --> 00:30:52,240

but sometimes you don't know if you're

899

00:30:54,549 --> 00:30:53,919

remembering things or if you're making

900

00:30:56,389 --> 00:30:54,559

them up

901  
00:30:57,509 --> 00:30:56,399  
and i still don't i think that's an

902  
00:30:58,950 --> 00:30:57,519  
important thing to remember in

903  
00:30:59,590 --> 00:30:58,960  
situations like this and i'm not saying

904  
00:31:01,830 --> 00:30:59,600  
that that's

905  
00:31:03,350 --> 00:31:01,840  
what happened here at all or that he had

906  
00:31:04,710 --> 00:31:03,360  
any sort of trauma but things like that

907  
00:31:07,110 --> 00:31:04,720  
do happen and that's kind of

908  
00:31:08,310 --> 00:31:07,120  
an interesting reason why i was was

909  
00:31:10,789 --> 00:31:08,320  
drawn into this

910  
00:31:12,470 --> 00:31:10,799  
specific case completely understandable

911  
00:31:15,430 --> 00:31:12,480  
man completely understandable

912  
00:31:16,389 --> 00:31:15,440  
um i loved it man i loved it i

913  
00:31:19,110 --> 00:31:16,399

appreciate it brent

914

00:31:19,990 --> 00:31:19,120

thank you you're welcome i'm glad i

915

00:31:22,149 --> 00:31:20,000

could do that for you

916

00:31:24,710 --> 00:31:22,159

[Laughter]

917

00:31:26,549 --> 00:31:24,720

i like the part with the skeleton yeah

918

00:31:28,310 --> 00:31:26,559

yeah which is probably this that's so

919

00:31:31,660 --> 00:31:28,320

it's such a craze because like

920

00:31:34,230 --> 00:31:31,670

baby baby no you're right

921

00:31:36,870 --> 00:31:34,240

[Music]

922

00:31:38,950 --> 00:31:36,880

if you think about like what um if you

923

00:31:40,710 --> 00:31:38,960

think about what that means

924

00:31:42,470 --> 00:31:40,720

right in terms of what this person's

925

00:31:44,630 --> 00:31:42,480

actually seeing

926  
00:31:45,830 --> 00:31:44,640  
because like you don't see like an x-ray

927  
00:31:47,029 --> 00:31:45,840  
you're not you know i mean it's not like

928  
00:31:49,029 --> 00:31:47,039  
you actually shoot like

929  
00:31:50,870 --> 00:31:49,039  
like at home alone when he marv puts his

930  
00:31:53,029 --> 00:31:50,880  
hands on the washing machine

931  
00:31:54,310 --> 00:31:53,039  
yeah you know what i mean he's like

932  
00:31:55,909 --> 00:31:54,320  
whatever you can see a skeleton right

933  
00:31:57,269 --> 00:31:55,919  
like that doesn't happen obviously i

934  
00:32:01,350 --> 00:31:57,279  
think we all know that

935  
00:32:02,710 --> 00:32:01,360  
but like the idea that this could um

936  
00:32:04,230 --> 00:32:02,720  
just thinking even like physically what

937  
00:32:06,389 --> 00:32:04,240  
that would mean maybe the i don't know

938  
00:32:06,950 --> 00:32:06,399

the skeleton is fluorescing for some

939

00:32:10,549 --> 00:32:06,960

reason

940

00:32:12,070 --> 00:32:10,559

or the skin has become see-through

941

00:32:13,750 --> 00:32:12,080

and he also well and he also said that

942

00:32:14,870 --> 00:32:13,760

he looked up through his ceiling he

943

00:32:16,789 --> 00:32:14,880

could see through the ceiling and see

944

00:32:19,269 --> 00:32:16,799

the sky above him

945

00:32:20,710 --> 00:32:19,279

right so it's a super interesting like

946

00:32:22,470 --> 00:32:20,720

just a very strange

947

00:32:23,750 --> 00:32:22,480

part of a story to add if you're gonna

948

00:32:25,430 --> 00:32:23,760

make it up you know

949

00:32:27,269 --> 00:32:25,440

right very strange so i don't really

950

00:32:30,389 --> 00:32:27,279

understand like what the whole

951  
00:32:31,669 --> 00:32:30,399  
um yeah i don't know it's weird i guess

952  
00:32:34,470 --> 00:32:31,679  
my takeaway is if you're

953  
00:32:35,269 --> 00:32:34,480  
ever in the military your first day grab

954  
00:32:38,389 --> 00:32:35,279  
someone and say

955  
00:32:39,990 --> 00:32:38,399  
remember me because you never know he's

956  
00:32:41,430 --> 00:32:40,000  
gonna have to come to your aid in the

957  
00:32:43,909 --> 00:32:41,440  
future and be like i do remember that

958  
00:32:47,750 --> 00:32:43,919  
guy he was really weird he grabbed me

959  
00:32:50,630 --> 00:32:47,760  
you know so yeah it's a pro tip there

960  
00:32:51,190 --> 00:32:50,640  
if anything uh bob lazar story has

961  
00:32:53,190 --> 00:32:51,200  
taught us

962  
00:32:57,110 --> 00:32:53,200  
you need to have those people in your

963  
00:32:58,389 --> 00:32:57,120

life you know that you can go to

964

00:32:59,590 --> 00:32:58,399

it's not gonna work out it's just not

965

00:33:00,470 --> 00:32:59,600

gonna work out man no you're gonna get

966

00:33:04,710 --> 00:33:00,480

in trouble

967

00:33:07,350 --> 00:33:04,720

you

968

00:33:08,389 --> 00:33:07,360

no memory no memory at all and like that

969

00:33:10,470 --> 00:33:08,399

scares me because

970

00:33:11,909 --> 00:33:10,480

you know i work in a nursing home and

971

00:33:13,830 --> 00:33:11,919

like i

972

00:33:16,149 --> 00:33:13,840

it's people with dementia and i can't

973

00:33:17,269 --> 00:33:16,159

even uh imagine because we actually had

974

00:33:20,630 --> 00:33:17,279

to sit through

975

00:33:22,389 --> 00:33:20,640

a class at one point and

976

00:33:25,110 --> 00:33:22,399

they went through the process of what

977

00:33:26,630 --> 00:33:25,120

it's like to like forget things for some

978

00:33:28,870 --> 00:33:26,640

people and like

979

00:33:30,389 --> 00:33:28,880

uh they actually made us do this

980

00:33:32,070 --> 00:33:30,399

exercise where we wrote down

981

00:33:33,669 --> 00:33:32,080

you know some memories that we were fond

982

00:33:34,710 --> 00:33:33,679

of and then they just came by and

983

00:33:36,470 --> 00:33:34,720

they're like yank

984

00:33:38,549 --> 00:33:36,480

you don't remember that anymore you

985

00:33:42,789 --> 00:33:38,559

don't remember that anymore so yeah

986

00:33:45,669 --> 00:33:42,799

that is it's a terrifying aspect of

987

00:33:46,630 --> 00:33:45,679

uh being a human is just like one day

988

00:33:49,750 --> 00:33:46,640

waking up and

989

00:33:53,110 --> 00:33:49,760

you don't remember a damn thing

990

00:33:56,230 --> 00:33:53,120

no thank you

991

00:33:57,269 --> 00:33:56,240

so uh uh chris how about you grace us

992

00:34:00,630 --> 00:33:57,279

with your story man

993

00:34:04,310 --> 00:34:00,640

hey i got a great story oh man

994

00:34:05,830 --> 00:34:04,320

all right so my story um

995

00:34:07,110 --> 00:34:05,840

so my story is really interesting one

996

00:34:07,909 --> 00:34:07,120

because or at least i think it's

997

00:34:10,230 --> 00:34:07,919

interesting

998

00:34:11,190 --> 00:34:10,240

we'll be the judge of that yeah you guys

999

00:34:12,470 --> 00:34:11,200

will tell me whether or not it's

1000

00:34:14,149 --> 00:34:12,480

interesting or not right this is the

1001

00:34:17,030 --> 00:34:14,159

worst story i've ever heard

1002

00:34:17,909 --> 00:34:17,040

um you guys can write mean comments in

1003

00:34:21,109 --> 00:34:17,919

the chat

1004

00:34:24,389 --> 00:34:21,119

um so anyways um

1005

00:34:24,869 --> 00:34:24,399

so my story actually is one that's

1006

00:34:27,349 --> 00:34:24,879

pretty

1007

00:34:28,790 --> 00:34:27,359

was really popular back in the day and

1008

00:34:30,310 --> 00:34:28,800

the reason i like to highlight it and

1009

00:34:31,270 --> 00:34:30,320

it's similar to other stories similar to

1010

00:34:33,829 --> 00:34:31,280

this

1011

00:34:35,430 --> 00:34:33,839

like um so originally i was actually

1012

00:34:36,470 --> 00:34:35,440

going to do the nuremberg mass sighting

1013

00:34:38,069 --> 00:34:36,480

because that's another one of these

1014

00:34:40,710 --> 00:34:38,079

sorts of cases that

1015

00:34:41,270 --> 00:34:40,720

wasn't popular until suddenly it was

1016

00:34:43,349 --> 00:34:41,280

because

1017

00:34:45,190 --> 00:34:43,359

someone put it out there right like a

1018

00:34:47,349 --> 00:34:45,200

big name put it out there

1019

00:34:49,270 --> 00:34:47,359

so the story that i'm talking about is

1020

00:34:50,710 --> 00:34:49,280

what's known as the great kansas town

1021

00:34:53,750 --> 00:34:50,720

napping

1022

00:34:56,950 --> 00:34:53,760

um so okay here is the quote

1023

00:34:57,670 --> 00:34:56,960

here that was part of a um it kind of

1024

00:35:00,870 --> 00:34:57,680

kind of got

1025

00:35:02,150 --> 00:35:00,880

all over the place back in like the late

1026

00:35:04,390 --> 00:35:02,160

1800s like really

1027

00:35:05,349 --> 00:35:04,400

like 1890s actually so this was printed

1028

00:35:08,870 --> 00:35:05,359

initially

1029

00:35:10,150 --> 00:35:08,880

april 23 1897. so and then yeah there's

1030

00:35:12,069 --> 00:35:10,160

the sweet photo here

1031

00:35:14,069 --> 00:35:12,079

[Laughter]

1032

00:35:16,069 --> 00:35:14,079

kind of guilty yeah we're telling the

1033

00:35:19,750 --> 00:35:16,079

story amelia here it is a hoax

1034

00:35:22,150 --> 00:35:19,760

right a famous hoax in ufology okay so

1035

00:35:24,069 --> 00:35:22,160

uh this is from alexander hamilton the

1036

00:35:25,349 --> 00:35:24,079

guy's actual name not like the president

1037

00:35:27,510 --> 00:35:25,359

or not the president but

1038

00:35:29,510 --> 00:35:27,520

the uh secretary of the treasury

1039

00:35:33,750 --> 00:35:29,520

treasury whatever the hell he was yeah

1040

00:35:37,990 --> 00:35:35,190

chemical engineering though it's not in

1041

00:35:40,870 --> 00:35:38,000

american history all right so quote

1042

00:35:42,950 --> 00:35:40,880

um last monday night about 10 30 we were

1043

00:35:45,109 --> 00:35:42,960

awakened by a noise among the cattle

1044

00:35:46,550 --> 00:35:45,119

i arose thinking that perhaps my bulldog

1045

00:35:48,310 --> 00:35:46,560

was performing pranks

1046

00:35:49,829 --> 00:35:48,320

but upon going to the door saw to my

1047

00:35:51,589 --> 00:35:49,839

utter astonishment that an

1048

00:35:53,829 --> 00:35:51,599

airship was slowly descending upon my

1049

00:35:55,829 --> 00:35:53,839

cow lot about 40 rods

1050

00:35:56,950 --> 00:35:55,839

which evidently is 600 feet from the

1051  
00:35:59,270 --> 00:35:56,960  
house

1052  
00:36:01,349 --> 00:35:59,280  
calling my tenant did heslip which

1053  
00:36:04,230 --> 00:36:01,359  
awesome 1800's named did

1054  
00:36:05,670 --> 00:36:04,240  
and my son wall again amazing name his

1055  
00:36:08,310 --> 00:36:05,680  
son's name is wall

1056  
00:36:10,870 --> 00:36:08,320  
yeah his sister's name is chair we

1057  
00:36:12,950 --> 00:36:10,880  
seized some axes and ran to the coral

1058  
00:36:14,710 --> 00:36:12,960  
meanwhile the ship had been gently

1059  
00:36:15,990 --> 00:36:14,720  
descending until it was not more than 30

1060  
00:36:17,990 --> 00:36:16,000  
feet above the ground

1061  
00:36:19,670 --> 00:36:18,000  
and we came within 50 yards of it it

1062  
00:36:20,630 --> 00:36:19,680  
consisted of a great cigar shaped

1063  
00:36:22,950 --> 00:36:20,640

portion

1064

00:36:23,750 --> 00:36:22,960

possibly 300 feet long with a carriage

1065

00:36:25,430 --> 00:36:23,760

underneath

1066

00:36:27,190 --> 00:36:25,440

the carriage was made of glass or some

1067

00:36:29,109 --> 00:36:27,200

other transparent substance

1068

00:36:30,230 --> 00:36:29,119

alternating with a narrow strip of some

1069

00:36:31,829 --> 00:36:30,240

material

1070

00:36:33,270 --> 00:36:31,839

it was brightly lighted within and

1071

00:36:35,109 --> 00:36:33,280

everything was plainly visible

1072

00:36:36,630 --> 00:36:35,119

it was occupied by six of the strangest

1073

00:36:38,069 --> 00:36:36,640

beings i ever saw

1074

00:36:40,310 --> 00:36:38,079

they were jabbering together but we

1075

00:36:42,390 --> 00:36:40,320

could not understand a word they said

1076  
00:36:44,790 --> 00:36:42,400  
every part of the vessel which was not

1077  
00:36:46,790 --> 00:36:44,800  
transparent was of a dark reddish color

1078  
00:36:48,069 --> 00:36:46,800  
we stood mute with wonder and fright

1079  
00:36:49,349 --> 00:36:48,079  
then some noise attracted their

1080  
00:36:50,710 --> 00:36:49,359  
attention and they turned the light

1081  
00:36:52,550 --> 00:36:50,720  
directly upon us

1082  
00:36:54,390 --> 00:36:52,560  
immediately on catching sight of us they

1083  
00:36:56,390 --> 00:36:54,400  
turned on some unknown power

1084  
00:36:58,550 --> 00:36:56,400  
and a great turbine wheel about 30 feet

1085  
00:36:59,670 --> 00:36:58,560  
in diameter which was revolving slowly

1086  
00:37:01,430 --> 00:36:59,680  
below the craft

1087  
00:37:02,870 --> 00:37:01,440  
began to buzz and the vessel rose

1088  
00:37:04,950 --> 00:37:02,880

lightly as a bird

1089

00:37:06,710 --> 00:37:04,960

when about 300 feet above us it seemed

1090

00:37:08,470 --> 00:37:06,720

to pause and dauber directly

1091

00:37:09,750 --> 00:37:08,480

above a two-year-old heifer which was

1092

00:37:12,069 --> 00:37:09,760

bawling and jumping

1093

00:37:14,069 --> 00:37:12,079

apparently fasting the fence going to

1094

00:37:15,750 --> 00:37:14,079

her we found some material fastened in a

1095

00:37:17,030 --> 00:37:15,760

slip knot around her neck

1096

00:37:19,190 --> 00:37:17,040

and going up to the vessel from the

1097

00:37:21,270 --> 00:37:19,200

heifer tangled in the wire fence

1098

00:37:22,950 --> 00:37:21,280

we tried to get it off but could not so

1099

00:37:23,990 --> 00:37:22,960

we cut the wire loose to see the ship

1100

00:37:26,790 --> 00:37:24,000

hath their heifer

1101  
00:37:28,150 --> 00:37:26,800  
and all rise slowly disappearing in the

1102  
00:37:30,069 --> 00:37:28,160  
northwest

1103  
00:37:31,190 --> 00:37:30,079  
we went home but i was so frightened i

1104  
00:37:33,190 --> 00:37:31,200  
could not sleep

1105  
00:37:35,109 --> 00:37:33,200  
rising early tuesday i started out on my

1106  
00:37:37,270 --> 00:37:35,119  
horse hoping to find some trace of my

1107  
00:37:39,270 --> 00:37:37,280  
cow this i failed to do but coming back

1108  
00:37:41,589 --> 00:37:39,280  
in the evening found that link thomas

1109  
00:37:43,510 --> 00:37:41,599  
about three or four miles west of leroy

1110  
00:37:44,950 --> 00:37:43,520  
had found the hide legs and head in his

1111  
00:37:46,790 --> 00:37:44,960  
field that day

1112  
00:37:48,790 --> 00:37:46,800  
he thinking that someone butchered a

1113  
00:37:50,390 --> 00:37:48,800

stolen beast had brought the hive to

1114

00:37:52,390 --> 00:37:50,400

town for identification

1115

00:37:53,910 --> 00:37:52,400

but was greatly mystified in not being

1116

00:37:55,750 --> 00:37:53,920

able to find any tracks in the soft

1117

00:37:57,910 --> 00:37:55,760

ground

1118

00:37:59,829 --> 00:37:57,920

after identifying the hide in my brain i

1119

00:38:01,270 --> 00:37:59,839

went home but every time i would drop to

1120

00:38:03,349 --> 00:38:01,280

sleep i would see the cursed

1121

00:38:05,190 --> 00:38:03,359

thing with its big lights and hideous

1122

00:38:06,630 --> 00:38:05,200

people i don't know whether they are

1123

00:38:08,630 --> 00:38:06,640

devils or angels or what

1124

00:38:10,310 --> 00:38:08,640

but we all saw them and my whole family

1125

00:38:12,069 --> 00:38:10,320

saw the ship and i don't want any more

1126  
00:38:14,390 --> 00:38:12,079  
to do with them

1127  
00:38:15,349 --> 00:38:14,400  
that was then actually uh put into the

1128  
00:38:18,950 --> 00:38:15,359  
newspapers with an

1129  
00:38:20,069 --> 00:38:18,960  
affidavit that was sworn um by around 12

1130  
00:38:22,150 --> 00:38:20,079  
different people

1131  
00:38:23,430 --> 00:38:22,160  
who were like so this is the rate the

1132  
00:38:26,150 --> 00:38:23,440  
list of these people ready

1133  
00:38:26,550 --> 00:38:26,160  
evie wharton state oil inspector emmy

1134  
00:38:30,829 --> 00:38:26,560  
hunt

1135  
00:38:32,069 --> 00:38:30,839  
sheriff hh winter banker ek kellenberger

1136  
00:38:34,390 --> 00:38:32,079  
md

1137  
00:38:35,910 --> 00:38:34,400  
uh a pharmacist an attorney justice of

1138  
00:38:37,990 --> 00:38:35,920

the peace two druggists

1139

00:38:39,829 --> 00:38:38,000

the register of deeds the postmaster and

1140

00:38:43,190 --> 00:38:39,839

the deputy sheriff

1141

00:38:44,550 --> 00:38:43,200

now so this story came out it was a huge

1142

00:38:45,670 --> 00:38:44,560

deal right it was part of what's known

1143

00:38:47,349 --> 00:38:45,680

as the um

1144

00:38:50,150 --> 00:38:47,359

part of what's known as the airship flap

1145

00:38:52,310 --> 00:38:50,160

which happened in the like 1850s to like

1146

00:38:55,190 --> 00:38:52,320

the 1920s essentially

1147

00:38:56,310 --> 00:38:55,200

in the united states especially and i

1148

00:38:56,950 --> 00:38:56,320

love this story for a bunch of different

1149

00:38:58,630 --> 00:38:56,960

reasons

1150

00:39:00,950 --> 00:38:58,640

one is the fact that this guy could

1151  
00:39:02,150 --> 00:39:00,960  
imagine an airship that would like float

1152  
00:39:03,910 --> 00:39:02,160  
and have this big glass case and

1153  
00:39:05,670 --> 00:39:03,920  
everything else but he couldn't think of

1154  
00:39:08,150 --> 00:39:05,680  
a way to get a cow up into it without

1155  
00:39:10,150 --> 00:39:08,160  
just like a rope

1156  
00:39:11,430 --> 00:39:10,160  
he lacked that imagination to be like oh

1157  
00:39:12,550 --> 00:39:11,440  
then they used a rope and they got the

1158  
00:39:14,150 --> 00:39:12,560  
cow and they drug it

1159  
00:39:15,990 --> 00:39:14,160  
you know they had it floating in the air

1160  
00:39:17,030 --> 00:39:16,000  
with us like he couldn't think of that

1161  
00:39:18,310 --> 00:39:17,040  
at all

1162  
00:39:20,550 --> 00:39:18,320  
but the other reason why this is so

1163  
00:39:20,870 --> 00:39:20,560

fascinating is so it hit it really hit

1164

00:39:29,430 --> 00:39:20,880

the

1165

00:39:29,910 --> 00:39:29,440

of died down it was forgotten a little

1166

00:39:32,390 --> 00:39:29,920

bit

1167

00:39:33,910 --> 00:39:32,400

until it was brought back up by uh jack

1168

00:39:36,390 --> 00:39:33,920

belay actually

1169

00:39:37,990 --> 00:39:36,400

um who wrote about it and then it was

1170

00:39:40,630 --> 00:39:38,000

also part of a couple of

1171

00:39:43,190 --> 00:39:40,640

after he wrote about in like the 60s it

1172

00:39:46,390 --> 00:39:43,200

became a huge huge ufo story again

1173

00:39:47,030 --> 00:39:46,400

and so people started to um what's the

1174

00:39:49,829 --> 00:39:47,040

word

1175

00:39:52,150 --> 00:39:49,839

it basically was almost like the for cow

1176  
00:39:54,470 --> 00:39:52,160  
relation what roswell became

1177  
00:39:56,790 --> 00:39:54,480  
right nowhere near as big as roswell but

1178  
00:40:00,230 --> 00:39:56,800  
it was like a foundational case in ufo

1179  
00:40:03,109 --> 00:40:00,240  
history and war right until

1180  
00:40:03,670 --> 00:40:03,119  
they started looking into it here is the

1181  
00:40:06,550 --> 00:40:03,680  
quote

1182  
00:40:07,510 --> 00:40:06,560  
from the person who initially published

1183  
00:40:08,790 --> 00:40:07,520  
the article

1184  
00:40:11,030 --> 00:40:08,800  
so initially it was published in the

1185  
00:40:14,150 --> 00:40:11,040  
gate center farmers advocate

1186  
00:40:14,790 --> 00:40:14,160  
and so this is from ed f hudson who was

1187  
00:40:18,069 --> 00:40:14,800  
the editor

1188  
00:40:20,069 --> 00:40:18,079

of that story so quote i had just bought

1189

00:40:21,670 --> 00:40:20,079

and installed a little gasoline engine

1190

00:40:23,589 --> 00:40:21,680

the first i believe to come to gate

1191

00:40:25,190 --> 00:40:23,599

center using it to run my machinery

1192

00:40:27,030 --> 00:40:25,200

replacing the hand power

1193

00:40:28,710 --> 00:40:27,040

on the old country campbell press and

1194

00:40:30,710 --> 00:40:28,720

kicking the job presence

1195

00:40:32,550 --> 00:40:30,720

i invited many of my friends in the back

1196

00:40:34,230 --> 00:40:32,560

shop to see the engine work

1197

00:40:35,990 --> 00:40:34,240

hamilton the original person alexander

1198

00:40:39,190 --> 00:40:36,000

hamilton was one of them

1199

00:40:40,710 --> 00:40:39,200

he exclaimed now they can fly and there

1200

00:40:44,870 --> 00:40:40,720

the airship story

1201

00:40:49,190 --> 00:40:47,589

this guy hamilton was part of a little

1202

00:40:52,230 --> 00:40:49,200

known midwestern tradition

1203

00:40:54,309 --> 00:40:52,240

called a liars club these groups existed

1204

00:40:55,910 --> 00:40:54,319

in the united states in the 1850s all

1205

00:40:57,990 --> 00:40:55,920

the way to like the 1950s

1206

00:40:59,750 --> 00:40:58,000

and actually they still do exist today

1207

00:41:01,990 --> 00:40:59,760

um there's a famous one in wisconsin

1208

00:41:03,109 --> 00:41:02,000

still that's that's operational

1209

00:41:05,430 --> 00:41:03,119

i don't know if you've heard of another

1210

00:41:09,190 --> 00:41:05,440

one that's pretty uh chicago right

1211

00:41:11,030 --> 00:41:09,200

well facebook we call it

1212

00:41:12,710 --> 00:41:11,040

there's there's also okay there's like a

1213

00:41:14,309 --> 00:41:12,720

bar in chicago called flyers club i

1214

00:41:17,910 --> 00:41:14,319

guess

1215

00:41:19,670 --> 00:41:17,920

okay yeah all right now i look like a

1216

00:41:23,510 --> 00:41:19,680

butthole

1217

00:41:24,790 --> 00:41:23,520

was like a fool um so these liars clubs

1218

00:41:26,230 --> 00:41:24,800

though what they would do it would be a

1219

00:41:27,270 --> 00:41:26,240

bunch of rich guys that would get

1220

00:41:28,950 --> 00:41:27,280

together

1221

00:41:30,470 --> 00:41:28,960

and they would see how far they could

1222

00:41:32,069 --> 00:41:30,480

get a tall tale to travel through their

1223

00:41:34,230 --> 00:41:32,079

town

1224

00:41:35,510 --> 00:41:34,240

and this is one of those tall tales

1225

00:41:36,309 --> 00:41:35,520

right that's that seemed to travel

1226

00:41:39,349 --> 00:41:36,319

around

1227

00:41:41,030 --> 00:41:39,359

and if that wasn't enough of a um if

1228

00:41:42,870 --> 00:41:41,040

that wasn't enough of a

1229

00:41:44,069 --> 00:41:42,880

kind of proof that this was a falsified

1230

00:41:47,829 --> 00:41:44,079

hoax story

1231

00:41:50,230 --> 00:41:47,839

um one of alexander hamilton's relations

1232

00:41:51,750 --> 00:41:50,240

from back in the day like um

1233

00:41:52,550 --> 00:41:51,760

i think it was like his his secretary or

1234

00:41:53,430 --> 00:41:52,560

something that worked for him or

1235

00:41:55,750 --> 00:41:53,440

whatever

1236

00:41:57,349 --> 00:41:55,760

she remembered her mom talking all about

1237

00:41:58,230 --> 00:41:57,359

how they used to make up these crazy

1238

00:41:59,750 --> 00:41:58,240

stories

1239

00:42:01,430 --> 00:41:59,760

on how one of them even ended up in the

1240

00:42:03,030 --> 00:42:01,440

french newspapers

1241

00:42:05,750 --> 00:42:03,040

right about a cow that had been cow

1242

00:42:09,270 --> 00:42:05,760

napped out of this field in kansas

1243

00:42:09,510 --> 00:42:09,280

um or out of uh you know uh what what's

1244

00:42:14,309 --> 00:42:09,520

it

1245

00:42:16,470 --> 00:42:14,319

story

1246

00:42:19,430 --> 00:42:16,480

and it's one two that shows it that

1247

00:42:21,349 --> 00:42:19,440

story just fell off the ufo folklore

1248

00:42:22,710 --> 00:42:21,359

you know right after it was proven that

1249

00:42:24,630 --> 00:42:22,720

this was like a hoax

1250

00:42:26,950 --> 00:42:24,640

it fell off but if you still read up

1251

00:42:29,750 --> 00:42:26,960

about it like on ufo blogs and things

1252

00:42:31,349 --> 00:42:29,760

um people are still trying to like prove

1253

00:42:34,390 --> 00:42:31,359

that it's true

1254

00:42:36,630 --> 00:42:34,400

yeah which is crazy yeah like isn't that

1255

00:42:38,630 --> 00:42:36,640

the case with every ufo

1256

00:42:40,710 --> 00:42:38,640

it is but it's like it's such an

1257

00:42:43,510 --> 00:42:40,720

interesting um

1258

00:42:44,630 --> 00:42:43,520

it's such an interesting thing that you

1259

00:42:45,829 --> 00:42:44,640

know

1260

00:42:47,910 --> 00:42:45,839

it's such an interesting thing to me

1261

00:42:49,109 --> 00:42:47,920

that this these people then come out and

1262

00:42:51,430 --> 00:42:49,119

they're like yeah we made it up and even

1263

00:42:52,950 --> 00:42:51,440

hamilton evidently like at the time

1264

00:42:54,950 --> 00:42:52,960

was a really well known he'd make up

1265

00:42:57,109 --> 00:42:54,960

these tall tales constantly

1266

00:42:59,910 --> 00:42:57,119

right um but it was just because of his

1267

00:43:01,750 --> 00:42:59,920

fancy title and his advocate

1268

00:43:03,430 --> 00:43:01,760

affidavit that was sworn to you by

1269

00:43:04,309 --> 00:43:03,440

everyone else if after that for the

1270

00:43:06,550 --> 00:43:04,319

affidavit

1271

00:43:08,230 --> 00:43:06,560

yeah um it was only from this thing that

1272

00:43:09,510 --> 00:43:08,240

people were like oh man this guy's gonna

1273

00:43:13,750 --> 00:43:09,520

be telling the truth but

1274

00:43:17,510 --> 00:43:15,349

yeah just wanted to say uh william

1275

00:43:19,190 --> 00:43:17,520

poland has a great point here uh

1276  
00:43:20,550 --> 00:43:19,200  
bringing up the aurora texas crash

1277  
00:43:22,230 --> 00:43:20,560  
because that seemed to be

1278  
00:43:23,990 --> 00:43:22,240  
a case that was really strong for a

1279  
00:43:26,630 --> 00:43:24,000  
number of years until

1280  
00:43:27,430 --> 00:43:26,640  
uh i think it was what like the the new

1281  
00:43:28,870 --> 00:43:27,440  
york uh

1282  
00:43:31,109 --> 00:43:28,880  
maybe like time magazine or something

1283  
00:43:33,030 --> 00:43:31,119  
like that interviewed some of the

1284  
00:43:34,870 --> 00:43:33,040  
like family members and some of the

1285  
00:43:35,670 --> 00:43:34,880  
original witnesses and said no it was

1286  
00:43:38,390 --> 00:43:35,680  
complete

1287  
00:43:39,829 --> 00:43:38,400  
bunk you know it was uh a situation in

1288  
00:43:40,550 --> 00:43:39,839

which you know the town wasn't doing

1289

00:43:43,589 --> 00:43:40,560

good so

1290

00:43:46,630 --> 00:43:43,599

we're going to you know kind of drum up

1291

00:43:49,270 --> 00:43:46,640

some tourism here by saying that a you a

1292

00:43:51,109 --> 00:43:49,280

fake ufo crashed on judge proctor's

1293

00:43:53,270 --> 00:43:51,119

property and all that stuff it

1294

00:43:54,710 --> 00:43:53,280

same kind of thing and uh it kind of

1295

00:43:58,390 --> 00:43:54,720

goes to show like

1296

00:43:59,270 --> 00:43:58,400

considering the 1896 and 1897 it's kind

1297

00:44:02,630 --> 00:43:59,280

of like the first

1298

00:44:05,510 --> 00:44:02,640

flap there's a lot of similar

1299

00:44:07,990 --> 00:44:05,520

things that have gone forward in the

1300

00:44:10,790 --> 00:44:08,000

flaps of the modern age in which people

1301  
00:44:11,589 --> 00:44:10,800  
hoax things it's great it's fantastic i

1302  
00:44:13,589 --> 00:44:11,599  
think my

1303  
00:44:16,510 --> 00:44:13,599  
my favorite one of my favorite hoaxes is

1304  
00:44:19,990 --> 00:44:16,520  
the woodworth saucer hoax of

1305  
00:44:22,790 --> 00:44:20,000  
1947 in which these kids this was

1306  
00:44:23,829 --> 00:44:22,800  
shortly after kenneth arnold had his

1307  
00:44:27,190 --> 00:44:23,839  
sighting and

1308  
00:44:31,030 --> 00:44:27,200  
the whole ufo boom really kicked off

1309  
00:44:32,950 --> 00:44:31,040  
they ended up making like a fake ufo

1310  
00:44:34,150 --> 00:44:32,960  
out of materials and they basically put

1311  
00:44:37,510 --> 00:44:34,160  
it in this woman's

1312  
00:44:39,990 --> 00:44:37,520  
on this woman's yard and she was like

1313  
00:44:43,270 --> 00:44:40,000

the town gossip so word spread fast

1314

00:44:44,309 --> 00:44:43,280

the uh i believe the the military was

1315

00:44:47,589 --> 00:44:44,319

there within like

1316

00:44:48,550 --> 00:44:47,599

uh a few hours and like these kids got

1317

00:44:51,270 --> 00:44:48,560

in trouble for

1318

00:44:53,190 --> 00:44:51,280

for doing this so so great gotta gotta

1319

00:44:55,829 --> 00:44:53,200

love it but uh yeah man

1320

00:44:56,710 --> 00:44:55,839

with every with every flap there's bound

1321

00:44:59,030 --> 00:44:56,720

to be hoaxing

1322

00:45:00,390 --> 00:44:59,040

so you know that actually reminds me i

1323

00:45:02,230 --> 00:45:00,400

don't know why i thought this would be

1324

00:45:03,430 --> 00:45:02,240

so funny but it was really funny the

1325

00:45:05,109 --> 00:45:03,440

time i swear

1326

00:45:06,470 --> 00:45:05,119

when i was a kid me and my friend richie

1327

00:45:07,910 --> 00:45:06,480

were walking home from the train station

1328

00:45:10,870 --> 00:45:07,920

walking home from high school

1329

00:45:12,230 --> 00:45:10,880

and someone was throwing away a mailbox

1330

00:45:13,750 --> 00:45:12,240

and we thought it'd be really funny to

1331

00:45:15,190 --> 00:45:13,760

take the mailbox and just put it on some

1332

00:45:17,990 --> 00:45:15,200

random person's

1333

00:45:19,589 --> 00:45:18,000

like stoop on their you know on their

1334

00:45:21,829 --> 00:45:19,599

entryway i guess like in their house

1335

00:45:23,109 --> 00:45:21,839

and so we did that and then they they

1336

00:45:24,390 --> 00:45:23,119

found out it was us and so we were

1337

00:45:26,390 --> 00:45:24,400

sitting on my stoop

1338

00:45:27,910 --> 00:45:26,400

just like hanging out and being stupid

1339

00:45:28,710 --> 00:45:27,920

and the person came and started yelling

1340

00:45:31,750 --> 00:45:28,720

at us like

1341

00:45:32,470 --> 00:45:31,760

you put this mailbox on my soup and we

1342

00:45:34,950 --> 00:45:32,480

were just like

1343

00:45:37,030 --> 00:45:34,960

no no why would we do that that's such a

1344

00:45:42,230 --> 00:45:37,040

weird thing for you to excuse myself

1345

00:45:45,589 --> 00:45:45,030

now like it's such a weird like i don't

1346

00:45:49,109 --> 00:45:45,599

know it's

1347

00:45:51,430 --> 00:45:49,119

it's such a odd like uh mischie god

1348

00:45:53,670 --> 00:45:51,440

i remember when we recorded that uh

1349

00:45:55,510 --> 00:45:53,680

archapalooza and i heard about many of

1350

00:45:57,670 --> 00:45:55,520

the stories of you

1351  
00:45:59,030 --> 00:45:57,680  
running around with bad groups of kids

1352  
00:46:02,390 --> 00:45:59,040  
christopher my gosh

1353  
00:46:07,750 --> 00:46:05,430  
good it's like not a great thing overall

1354  
00:46:08,550 --> 00:46:07,760  
marie is like the the anchor that keeps

1355  
00:46:11,589 --> 00:46:08,560  
me

1356  
00:46:14,150 --> 00:46:11,599  
linked to reality at this point i think

1357  
00:46:18,750 --> 00:46:14,160  
for cogswell putting his d d alignment

1358  
00:46:23,109 --> 00:46:20,309  
[Music]

1359  
00:46:23,750 --> 00:46:23,119  
hey guys ryan beaming down for just a

1360  
00:46:26,470 --> 00:46:23,760  
sec

1361  
00:46:28,550 --> 00:46:26,480  
to thank our sponsor hellofresh

1362  
00:46:29,270 --> 00:46:28,560  
hellofresh cuts out stressful meal

1363  
00:46:31,910 --> 00:46:29,280

planning

1364

00:46:33,829 --> 00:46:31,920

and grocery store trips so you can enjoy

1365

00:46:34,309 --> 00:46:33,839

cooking and get dinner on the table in

1366

00:46:37,030 --> 00:46:34,319

less

1367

00:46:37,430 --> 00:46:37,040

than 30 minutes hellofresh has been

1368

00:46:40,390 --> 00:46:37,440

named

1369

00:46:41,750 --> 00:46:40,400

newsweek's most trusted meal kit company

1370

00:46:45,030 --> 00:46:41,760

of 2021

1371

00:46:46,710 --> 00:46:45,040

with over 4 million households served

1372

00:46:49,190 --> 00:46:46,720

it's cheaper than shopping at the

1373

00:46:50,069 --> 00:46:49,200

grocery store and cheaper than eating at

1374

00:46:52,230 --> 00:46:50,079

a restaurant

1375

00:46:53,270 --> 00:46:52,240

and i know just like most of you my

1376

00:46:55,109 --> 00:46:53,280

hectic schedule

1377

00:46:58,150 --> 00:46:55,119

doesn't leave much time to prepare

1378

00:47:00,150 --> 00:46:58,160

healthy meals but not with hellofresh

1379

00:47:01,349 --> 00:47:00,160

now i enjoy healthy dinners like their

1380

00:47:04,390 --> 00:47:01,359

mediterranean

1381

00:47:07,430 --> 00:47:04,400

baked vegetable dish and the cajun

1382

00:47:09,270 --> 00:47:07,440

pork sausage stuffed peppers and

1383

00:47:11,750 --> 00:47:09,280

listeners of somewhere in the skies are

1384

00:47:15,510 --> 00:47:11,760

getting an exclusive deal right now

1385

00:47:18,630 --> 00:47:15,520

go to [hellofresh.com](https://hellofresh.com) somewhere 12

1386

00:47:21,990 --> 00:47:18,640

and use the code somewhere 12 for 12

1387

00:47:25,349 --> 00:47:22,000

free meals including free shipping again

1388

00:47:28,230 --> 00:47:25,359

that's hellofresh.com summer12

1389

00:47:28,790 --> 00:47:28,240

and use the promo code somewhere12 for

1390

00:47:31,910 --> 00:47:28,800

two

1391

00:47:34,549 --> 00:47:31,920

weeks worth of amazing meals for free

1392

00:47:36,230 --> 00:47:34,559

thank you again hellofresh america's

1393

00:47:39,430 --> 00:47:36,240

number one meal kit

1394

00:47:42,630 --> 00:47:39,440

and possibly the galaxies all right

1395

00:47:47,990 --> 00:47:42,640

beam me back up guys and now back to the

1396

00:47:52,150 --> 00:47:50,309

it always it always cracks me up or

1397

00:47:54,470 --> 00:47:52,160

surprises me i think with

1398

00:47:55,829 --> 00:47:54,480

in these stories what ones fall by the

1399

00:47:58,630 --> 00:47:55,839

wayside and what ones

1400

00:47:59,030 --> 00:47:58,640

refuse to because people just latch onto

1401

00:48:01,270 --> 00:47:59,040

them

1402

00:48:03,349 --> 00:48:01,280

and it in the conspiracy world too it's

1403

00:48:06,549 --> 00:48:03,359

not just stuff like this you can look at

1404

00:48:08,150 --> 00:48:06,559

um polybius and lake city quiet pills

1405

00:48:09,589 --> 00:48:08,160

and stuff like that that you can go down

1406

00:48:10,710 --> 00:48:09,599

these roads and debunk them pretty

1407

00:48:13,109 --> 00:48:10,720

easily

1408

00:48:14,470 --> 00:48:13,119

but people just go nope i want to

1409

00:48:17,910 --> 00:48:14,480

believe this

1410

00:48:19,910 --> 00:48:17,920

does it hurt people to do that

1411

00:48:21,829 --> 00:48:19,920

no but it also doesn't do any good and

1412

00:48:23,190 --> 00:48:21,839

it sure doesn't give any credence to

1413

00:48:26,309 --> 00:48:23,200

what we're trying to do

1414

00:48:26,870 --> 00:48:26,319

yeah yeah yeah i i um i remember i was

1415

00:48:30,309 --> 00:48:26,880

at a

1416

00:48:31,990 --> 00:48:30,319

conference where um aaron gotes spoke

1417

00:48:34,630 --> 00:48:32,000

and he gave this fascinating

1418

00:48:37,750 --> 00:48:34,640

presentation about the repackaging

1419

00:48:40,230 --> 00:48:37,760

of ufology from decade to decade and

1420

00:48:41,030 --> 00:48:40,240

it was stunning to hear someone from

1421

00:48:47,030 --> 00:48:41,040

like

1422

00:48:47,750 --> 00:48:47,040

the recent sightings um he was able to

1423

00:48:50,470 --> 00:48:47,760

trace

1424

00:48:52,870 --> 00:48:50,480

the same story the same incident

1425

00:48:56,069 --> 00:48:52,880

repackaged throughout every decade

1426

00:48:58,390 --> 00:48:56,079

and it blew my mind so i mean that

1427

00:48:59,990 --> 00:48:58,400

that has every ufo researcher

1428

00:49:00,549 --> 00:49:00,000

questioning every case they've ever

1429

00:49:02,790 --> 00:49:00,559

looked at

1430

00:49:03,670 --> 00:49:02,800

and be like what earlier version of this

1431

00:49:06,870 --> 00:49:03,680

is this or

1432

00:49:08,549 --> 00:49:06,880

how was it built upon i mean i talked to

1433

00:49:10,390 --> 00:49:08,559

to micah hanks recently who's doing a

1434

00:49:12,790 --> 00:49:10,400

lot of research of ufos and

1435

00:49:15,270 --> 00:49:12,800

antiquity times and i thought i brought

1436

00:49:17,270 --> 00:49:15,280

a really fascinating case to him

1437

00:49:19,270 --> 00:49:17,280

of a floating ship in the sky that drops

1438

00:49:21,430 --> 00:49:19,280

an anchor dude comes down

1439

00:49:22,950 --> 00:49:21,440

he's floating in midair checking stuff

1440

00:49:23,990 --> 00:49:22,960

out people in the church are outside

1441

00:49:26,549 --> 00:49:24,000

looking at this

1442

00:49:27,990 --> 00:49:26,559

um the bishop's like i'll let him do his

1443

00:49:30,150 --> 00:49:28,000

thing let him do his thing if it's a

1444

00:49:34,150 --> 00:49:30,160

heavenly figure let him do his thing

1445

00:49:37,270 --> 00:49:34,160

um dude he's got an anchor he's got him

1446

00:49:40,390 --> 00:49:37,280

no one evil has an anchor

1447

00:49:41,190 --> 00:49:40,400

get this chris he uh the anchor as the

1448

00:49:43,270 --> 00:49:41,200

guy climbs back

1449

00:49:45,030 --> 00:49:43,280

up into the airship the anchor falls

1450

00:49:46,549 --> 00:49:45,040

down you know to the land

1451

00:49:48,470 --> 00:49:46,559

and this church claims that they have

1452

00:49:50,230 --> 00:49:48,480

the anchor to this day so i thought this

1453

00:49:52,549 --> 00:49:50,240

was really interesting but then as soon

1454

00:49:54,710 --> 00:49:52,559

as micah heard it i saw him grinning

1455

00:49:56,230 --> 00:49:54,720

and he told me four other stories of

1456

00:49:59,750 --> 00:49:56,240

that

1457

00:50:01,589 --> 00:49:59,760

anchor story

1458

00:50:03,349 --> 00:50:01,599

yeah this idea of repackaging is

1459

00:50:05,589 --> 00:50:03,359

fascinating i think it's

1460

00:50:07,430 --> 00:50:05,599

you know something that um we have to be

1461

00:50:09,430 --> 00:50:07,440

really careful of i think

1462

00:50:10,870 --> 00:50:09,440

creepy pasta is not a new thing it turns

1463

00:50:11,990 --> 00:50:10,880

out dude actually

1464

00:50:13,910 --> 00:50:12,000

it's actually really interesting right

1465

00:50:16,309 --> 00:50:13,920

the one of the most

1466

00:50:17,910 --> 00:50:16,319

um well-documented versions of this is

1467

00:50:21,109 --> 00:50:17,920

with witchcraft stories

1468

00:50:22,950 --> 00:50:21,119

or the shift from a purely demonic

1469

00:50:26,069 --> 00:50:22,960

worldview or

1470

00:50:27,190 --> 00:50:26,079

so in okay in like religious like the uh

1471

00:50:28,549 --> 00:50:27,200

not really theology but like in

1472

00:50:30,630 --> 00:50:28,559

philosophy of say like

1473

00:50:32,309 --> 00:50:30,640

science i guess but praise science when

1474

00:50:33,589 --> 00:50:32,319

science was still demons and angels and

1475

00:50:35,910 --> 00:50:33,599

stuff whatever

1476

00:50:37,510 --> 00:50:35,920

there was this idea of um something

1477

00:50:39,270 --> 00:50:37,520

could be supernatural but then also

1478

00:50:41,750 --> 00:50:39,280

pretty natural

1479

00:50:43,589 --> 00:50:41,760

and so oh brent's friend's dead brent

1480

00:50:44,950 --> 00:50:43,599

has disappeared where'd you go brandon i

1481

00:50:46,950 --> 00:50:44,960

don't know what happened to brent

1482

00:50:48,230 --> 00:50:46,960

you offended him i really offended him

1483

00:50:49,990 --> 00:50:48,240

he was like witches are

1484

00:50:52,390 --> 00:50:50,000

are real they're freaking not having any

1485

00:50:53,990 --> 00:50:52,400

part in a witch conversation

1486

00:50:55,829 --> 00:50:54,000

right it's like if i brought up a ouija

1487

00:50:57,589 --> 00:50:55,839

board you'd be like no

1488

00:50:58,790 --> 00:50:57,599

um i'm just gonna i'm just gonna plow

1489

00:51:00,069 --> 00:50:58,800

ahead because this is what i do when

1490

00:51:00,630 --> 00:51:00,079

people stop listening to me i just plow

1491

00:51:03,910 --> 00:51:00,640

ahead

1492

00:51:07,190 --> 00:51:03,920

yeah that's your thing as well um so

1493

00:51:10,470 --> 00:51:07,200

this um so preener natural

1494

00:51:11,270 --> 00:51:10,480

prader natural suggests that something

1495

00:51:13,030 --> 00:51:11,280

is

1496

00:51:14,470 --> 00:51:13,040

natural it fits within the bounds of

1497

00:51:16,390 --> 00:51:14,480

natural law

1498

00:51:17,670 --> 00:51:16,400

but it's just like happening in a way

1499

00:51:19,750 --> 00:51:17,680

that we don't know about before

1500

00:51:21,030 --> 00:51:19,760

right supernatural suggests that

1501  
00:51:23,030 --> 00:51:21,040  
something goes against the laws of

1502  
00:51:25,030 --> 00:51:23,040  
nature that humans have to work by

1503  
00:51:26,309 --> 00:51:25,040  
so a lot of theologians argued that like

1504  
00:51:28,309 --> 00:51:26,319  
the only thing that could be

1505  
00:51:31,670 --> 00:51:28,319  
supernatural was god

1506  
00:51:33,990 --> 00:51:31,680  
right because if it was anything else

1507  
00:51:35,670 --> 00:51:34,000  
then god wouldn't be all powerful and

1508  
00:51:36,470 --> 00:51:35,680  
therefore he wouldn't he or she wouldn't

1509  
00:51:38,150 --> 00:51:36,480  
be god

1510  
00:51:39,750 --> 00:51:38,160  
right so god has to be the only thing

1511  
00:51:42,710 --> 00:51:39,760  
you need supernatural

1512  
00:51:43,190 --> 00:51:42,720  
um on the other hand creator natural

1513  
00:51:45,510 --> 00:51:43,200

would be

1514

00:51:46,230 --> 00:51:45,520

like flash right like the flash could do

1515

00:51:47,430 --> 00:51:46,240

things

1516

00:51:49,270 --> 00:51:47,440

that we would think would be like

1517

00:51:51,430 --> 00:51:49,280

demonic or like or whatever

1518

00:51:53,190 --> 00:51:51,440

but it's just that he's super fast right

1519

00:51:54,710 --> 00:51:53,200

but his body is still like

1520

00:51:56,390 --> 00:51:54,720

he can't go through walls he can't

1521

00:51:59,190 --> 00:51:56,400

teleport he can't

1522

00:51:59,670 --> 00:51:59,200

you know be telepathic whatever right so

1523

00:52:01,430 --> 00:51:59,680

um

1524

00:52:03,750 --> 00:52:01,440

the shift was that it started off where

1525

00:52:05,109 --> 00:52:03,760

demons and witches were supernatural

1526  
00:52:06,790 --> 00:52:05,119  
and then we started saying no no that's

1527  
00:52:07,589 --> 00:52:06,800  
ridiculous they're just super strong and

1528  
00:52:10,309 --> 00:52:07,599  
fast

1529  
00:52:11,910 --> 00:52:10,319  
like really smart or whatever and so we

1530  
00:52:13,910 --> 00:52:11,920  
went from being supernatural then being

1531  
00:52:15,510 --> 00:52:13,920  
created natural to them them being

1532  
00:52:17,750 --> 00:52:15,520  
unnatural right they didn't exist in the

1533  
00:52:18,630 --> 00:52:17,760  
natural world but a lot of those ideas

1534  
00:52:20,950 --> 00:52:18,640  
that we still gave

1535  
00:52:22,470 --> 00:52:20,960  
like witches like witches sabbath being

1536  
00:52:23,510 --> 00:52:22,480  
abducted from bed at night all those

1537  
00:52:26,549 --> 00:52:23,520  
other things

1538  
00:52:28,150 --> 00:52:26,559

um continued into modern folklore and

1539

00:52:30,069 --> 00:52:28,160

you can argue one way or the other like

1540

00:52:31,670 --> 00:52:30,079

do you think that this is because

1541

00:52:33,030 --> 00:52:31,680

people were being abducted by aliens

1542

00:52:33,510 --> 00:52:33,040

instead and just called the witches and

1543

00:52:36,150 --> 00:52:33,520

they're not

1544

00:52:37,349 --> 00:52:36,160

aliens they're another larger thing or

1545

00:52:39,910 --> 00:52:37,359

whatever

1546

00:52:42,390 --> 00:52:39,920

but that story it's like one of the best

1547

00:52:45,270 --> 00:52:42,400

cases we have that example of the change

1548

00:52:46,630 --> 00:52:45,280

because so many um like say thomas

1549

00:52:47,910 --> 00:52:46,640

aquinas and others

1550

00:52:49,910 --> 00:52:47,920

really looked at it seriously and were

1551  
00:52:51,349 --> 00:52:49,920  
like this is a problem because i guess

1552  
00:52:52,549 --> 00:52:51,359  
they thought they would see a demon

1553  
00:52:54,470 --> 00:52:52,559  
someday

1554  
00:52:57,829 --> 00:52:54,480  
they were really concerned about knowing

1555  
00:53:02,309 --> 00:53:00,630  
yeah it reminds me of um the stuff that

1556  
00:53:05,030 --> 00:53:02,319  
like diana pasulka and

1557  
00:53:06,870 --> 00:53:05,040  
lelie kane were looking at with um the

1558  
00:53:09,670 --> 00:53:06,880  
pentagon program and the dia

1559  
00:53:11,190 --> 00:53:09,680  
like they had a group in there a

1560  
00:53:12,870 --> 00:53:11,200  
splinter group almost

1561  
00:53:14,870 --> 00:53:12,880  
um looking at this from a religious

1562  
00:53:16,549 --> 00:53:14,880  
angle and like that was the only way

1563  
00:53:18,549 --> 00:53:16,559

they were looking at it which

1564

00:53:20,150 --> 00:53:18,559

ultimately affects all the research

1565

00:53:21,910 --> 00:53:20,160

moving forward if you're putting this

1566

00:53:23,589 --> 00:53:21,920

demonic angle on the whole thing

1567

00:53:25,190 --> 00:53:23,599

so i thought that's fascinating that

1568

00:53:28,230 --> 00:53:25,200

chris this is even going on with the

1569

00:53:30,390 --> 00:53:28,240

freaking atip program it's crazy

1570

00:53:31,349 --> 00:53:30,400

go don't get me started on a tip bro

1571

00:53:33,349 --> 00:53:31,359

sorry

1572

00:53:34,950 --> 00:53:33,359

give me starters well i i i think you

1573

00:53:35,670 --> 00:53:34,960

know some of this really highlights

1574

00:53:38,630 --> 00:53:35,680

something that

1575

00:53:40,470 --> 00:53:38,640

i'm a firm believer in and that is

1576

00:53:43,030 --> 00:53:40,480

knowing ufo history

1577

00:53:44,710 --> 00:53:43,040

and not being afraid to revisit and

1578

00:53:47,349 --> 00:53:44,720

learn ufo history i know

1579

00:53:48,549 --> 00:53:47,359

people in in the ufo field can get a lot

1580

00:53:50,870 --> 00:53:48,559

of [h\_\_\h] for

1581

00:53:51,589 --> 00:53:50,880

you know if you ever decide to do a show

1582

00:53:55,510 --> 00:53:51,599

on

1583

00:53:58,870 --> 00:53:55,520

roswell why do we care about listening

1584

00:54:01,270 --> 00:53:58,880

about this old case from 1947 but

1585

00:54:01,910 --> 00:54:01,280

i think there are a lot of people

1586

00:54:03,589 --> 00:54:01,920

entering

1587

00:54:05,190 --> 00:54:03,599

the ufo field now and even people who

1588

00:54:05,829 --> 00:54:05,200

have been in the ufo field for a long

1589

00:54:08,069 --> 00:54:05,839

time

1590

00:54:09,190 --> 00:54:08,079

who you know haven't looked at some of

1591

00:54:12,710 --> 00:54:09,200

these cases

1592

00:54:15,270 --> 00:54:12,720

for for decades and you know it helps

1593

00:54:16,069 --> 00:54:15,280

to bring these things back up and remind

1594

00:54:19,109 --> 00:54:16,079

people

1595

00:54:19,829 --> 00:54:19,119

of the history of these cases because i

1596

00:54:21,349 --> 00:54:19,839

mean

1597

00:54:22,710 --> 00:54:21,359

there are just like some of the cases

1598

00:54:23,589 --> 00:54:22,720

we've mentioned there are so many cases

1599

00:54:26,230 --> 00:54:23,599

that come up

1600

00:54:27,510 --> 00:54:26,240

that have been thoroughly debunked and

1601  
00:54:27,829 --> 00:54:27,520  
you know the people involved in them

1602  
00:54:31,349 --> 00:54:27,839  
have

1603  
00:54:33,349 --> 00:54:31,359  
admitted perpetrating these things

1604  
00:54:34,470 --> 00:54:33,359  
yet there are so many people who come to

1605  
00:54:36,309 --> 00:54:34,480  
us now and say

1606  
00:54:38,150 --> 00:54:36,319  
oh what about this case i think this is

1607  
00:54:40,150 --> 00:54:38,160  
a compelling case

1608  
00:54:41,510 --> 00:54:40,160  
you know so there's a there's this need

1609  
00:54:43,670 --> 00:54:41,520  
i think for

1610  
00:54:45,190 --> 00:54:43,680  
some proper education and revisiting

1611  
00:54:48,230 --> 00:54:45,200  
historical cases

1612  
00:54:49,510 --> 00:54:48,240  
to help people be be better informed

1613  
00:54:51,270 --> 00:54:49,520

with a lot of these things because i

1614

00:54:53,109 --> 00:54:51,280

mean guys give me a break

1615

00:54:54,470 --> 00:54:53,119

we're still seeing stuff about alien

1616

00:54:57,349 --> 00:54:54,480

autopsy i can't

1617

00:54:58,710 --> 00:54:57,359

believe that made a resurgence yeah so i

1618

00:55:00,789 --> 00:54:58,720

mean this is a big problem

1619

00:55:02,549 --> 00:55:00,799

so i got a lot of love for history and

1620

00:55:06,069 --> 00:55:02,559

revisiting historical cases

1621

00:55:08,950 --> 00:55:06,079

frequently yeah i i agree and i think

1622

00:55:11,030 --> 00:55:08,960

like one of the uh cases that has been a

1623

00:55:13,349 --> 00:55:11,040

great example of that lately is the um

1624

00:55:14,470 --> 00:55:13,359

the aztec crash because it's come back

1625

00:55:17,430 --> 00:55:14,480

into

1626

00:55:18,870 --> 00:55:17,440

the uh kind of the forefront uh in a

1627

00:55:21,270 --> 00:55:18,880

certain way and

1628

00:55:22,230 --> 00:55:21,280

uh it was a case that was dismissed i

1629

00:55:26,069 --> 00:55:22,240

mean

1630

00:55:28,789 --> 00:55:26,079

um frank scully you know

1631

00:55:30,470 --> 00:55:28,799

god love him but uh nobody was buying

1632

00:55:31,990 --> 00:55:30,480

his stuff back in the day but you know

1633

00:55:33,109 --> 00:55:32,000

you you've got these two researchers

1634

00:55:35,589 --> 00:55:33,119

that go back in

1635

00:55:37,510 --> 00:55:35,599

and you know look at this case and say

1636

00:55:40,309 --> 00:55:37,520

well maybe there is something there so

1637

00:55:42,390 --> 00:55:40,319

yeah i agree like i think one of the

1638

00:55:45,510 --> 00:55:42,400

joys about having a

1639

00:55:48,710 --> 00:55:45,520

ufo podcast and going back and looking

1640

00:55:51,270 --> 00:55:48,720

at these cases like diving into the

1641

00:55:51,750 --> 00:55:51,280

old issues of like flying saucer reviews

1642

00:55:55,030 --> 00:55:51,760

seeing

1643

00:55:58,710 --> 00:55:55,040

how these stories evolved is is so in

1644

00:56:02,309 --> 00:55:58,720

in ieo eye opening in many ways and

1645

00:56:05,589 --> 00:56:02,319

um with with my story that's

1646

00:56:06,950 --> 00:56:05,599

uh it's kind of that way for me so i'll

1647

00:56:09,990 --> 00:56:06,960

kick into my story now

1648

00:56:12,549 --> 00:56:10,000

uh mine comes from finland

1649

00:56:13,990 --> 00:56:12,559

and uh right up front i'm just gonna

1650

00:56:16,309 --> 00:56:14,000

tell you i'm gonna butcher

1651  
00:56:17,430 --> 00:56:16,319  
these pronunciations just because i do

1652  
00:56:19,430 --> 00:56:17,440  
not speak finnish

1653  
00:56:21,750 --> 00:56:19,440  
according to ancestry for about six

1654  
00:56:23,670 --> 00:56:21,760  
months i was five percent finished but i

1655  
00:56:25,190 --> 00:56:23,680  
do not believe it for one second i am

1656  
00:56:29,589 --> 00:56:25,200  
not buying it

1657  
00:56:30,549 --> 00:56:29,599  
but uh in the late 60s and early 70s in

1658  
00:56:33,190 --> 00:56:30,559  
finland

1659  
00:56:34,789 --> 00:56:33,200  
there were a lot of there was a civilian

1660  
00:56:37,430 --> 00:56:34,799  
ufo groups that were looking

1661  
00:56:38,549 --> 00:56:37,440  
into ufo activity at that time and there

1662  
00:56:42,309 --> 00:56:38,559  
was kind of

1663  
00:56:44,470 --> 00:56:42,319

an escalation in cases and

1664

00:56:46,309 --> 00:56:44,480

this is probably one of the most

1665

00:56:49,030 --> 00:56:46,319

well-known cases but

1666

00:56:50,309 --> 00:56:49,040

it was still kind of uh a little more

1667

00:56:52,870 --> 00:56:50,319

obscure to me

1668

00:56:53,589 --> 00:56:52,880

at the time but uh this case involves

1669

00:56:57,270 --> 00:56:53,599

two men

1670

00:57:00,309 --> 00:56:57,280

arno heinonen and escovillo

1671

00:57:03,430 --> 00:57:00,319

who were cross-country skiing in the

1672

00:57:06,069 --> 00:57:03,440

village of imjarvi

1673

00:57:07,829 --> 00:57:06,079

is how you it looks like it's pronounced

1674

00:57:11,270 --> 00:57:07,839

not pronounced but spelled

1675

00:57:11,990 --> 00:57:11,280

village yeah it's um it's a very small

1676  
00:57:15,030 --> 00:57:12,000  
village

1677  
00:57:18,150 --> 00:57:15,040  
um it's uh located near the town

1678  
00:57:21,030 --> 00:57:18,160  
named heinela uh again

1679  
00:57:22,150 --> 00:57:21,040  
my pronunciations are terrible so this

1680  
00:57:24,789 --> 00:57:22,160  
story went through

1681  
00:57:26,069 --> 00:57:24,799  
a few phases in its retelling it's uh it

1682  
00:57:28,549 --> 00:57:26,079  
first appeared in the pages

1683  
00:57:29,670 --> 00:57:28,559  
of flying saucer review in their may

1684  
00:57:34,150 --> 00:57:29,680  
june issue of

1685  
00:57:34,950 --> 00:57:34,160  
1970 and uh it was approximately 4 45

1686  
00:57:38,470 --> 00:57:34,960  
p.m

1687  
00:57:39,030 --> 00:57:38,480  
on january 7th 1970 and the skies were

1688  
00:57:40,549 --> 00:57:39,040

clear

1689

00:57:43,109 --> 00:57:40,559

the the temperature was beginning to

1690

00:57:44,150 --> 00:57:43,119

drop as the stars began to come out for

1691

00:57:46,630 --> 00:57:44,160

the night

1692

00:57:48,549 --> 00:57:46,640

and despite the now frigid temperatures

1693

00:57:49,670 --> 00:57:48,559

it had really been a beautiful day for

1694

00:57:52,470 --> 00:57:49,680

skiing and

1695

00:57:53,670 --> 00:57:52,480

heinonen who was 36 years old he worked

1696

00:57:56,789 --> 00:57:53,680

in forestry

1697

00:57:57,510 --> 00:57:56,799

and vilho who was 38 he was a farmer by

1698

00:58:00,470 --> 00:57:57,520

trade

1699

00:58:01,750 --> 00:58:00,480

the pair were avid cross-country skiers

1700

00:58:04,630 --> 00:58:01,760

for years

1701  
00:58:05,910 --> 00:58:04,640  
and they had just crested this hill when

1702  
00:58:09,589 --> 00:58:05,920  
arno

1703  
00:58:11,829 --> 00:58:09,599  
first heard the strange buzzing sound

1704  
00:58:14,150 --> 00:58:11,839  
but it was esko that actually was the

1705  
00:58:17,270 --> 00:58:14,160  
first person to sight this thing

1706  
00:58:18,309 --> 00:58:17,280  
and uh in the original reports it was

1707  
00:58:21,270 --> 00:58:18,319  
described as a

1708  
00:58:22,870 --> 00:58:21,280  
thin narrow point of light and this

1709  
00:58:25,589 --> 00:58:22,880  
light was what the men

1710  
00:58:27,670 --> 00:58:25,599  
called the phenomenon at the time and it

1711  
00:58:31,349 --> 00:58:27,680  
exploded into a cloud

1712  
00:58:33,510 --> 00:58:31,359  
that was quote brighter than the moon

1713  
00:58:35,030 --> 00:58:33,520

it descended below treetop level and it

1714

00:58:38,470 --> 00:58:35,040

came

1715

00:58:41,030 --> 00:58:38,480

light

1716

00:58:43,109 --> 00:58:41,040

that fell to the snow and its outer

1717

00:58:43,750 --> 00:58:43,119

edges were black and it began to emit

1718

00:58:47,349 --> 00:58:43,760

this

1719

00:58:48,870 --> 00:58:47,359

red these red green and violet sparks on

1720

00:58:51,190 --> 00:58:48,880

the snow

1721

00:58:52,789 --> 00:58:51,200

the the ring measured approximately 50

1722

00:58:53,750 --> 00:58:52,799

centimeters or about a foot and a half

1723

00:58:57,270 --> 00:58:53,760

in diameter

1724

00:59:00,950 --> 00:58:57,280

and from this ring a small disc

1725

00:59:04,549 --> 00:59:00,960

would come from it and it would lift up

1726

00:59:08,549 --> 00:59:04,559

back up into this uh this uh

1727

00:59:10,309 --> 00:59:08,559

cloud that was uh right above it and

1728

00:59:11,589 --> 00:59:10,319

you know it was really small it was only

1729

00:59:14,470 --> 00:59:11,599

20 centimeters

1730

00:59:15,349 --> 00:59:14,480

and then this cloud lifted up and

1731

00:59:18,150 --> 00:59:15,359

disappeared

1732

00:59:18,789 --> 00:59:18,160

rapidly and what makes this case what it

1733

00:59:24,950 --> 00:59:18,799

is

1734

00:59:27,190 --> 00:59:24,960

were having after it so the

1735

00:59:28,789 --> 00:59:27,200

these negative health effects uh took

1736

00:59:32,309 --> 00:59:28,799

place almost immediately

1737

00:59:34,789 --> 00:59:32,319

uh arno's right side which

1738

00:59:37,030 --> 00:59:34,799

had been facing this uh weird-looking

1739

00:59:39,430 --> 00:59:37,040

cloud it felt like really hot

1740

00:59:40,309 --> 00:59:39,440

it became numb and it was actually

1741

00:59:44,069 --> 00:59:40,319

difficult for

1742

00:59:47,589 --> 00:59:44,079

for him to breathe for a time and his

1743

00:59:49,990 --> 00:59:47,599

like went in a certain point too

1744

00:59:51,750 --> 00:59:50,000

uh he struggled to get back to hanel

1745

00:59:54,630 --> 00:59:51,760

himself and uh

1746

00:59:55,750 --> 00:59:54,640

the doctor only prescribed him with some

1747

00:59:57,670 --> 00:59:55,760

sleeping pills

1748

01:00:00,230 --> 00:59:57,680

uh he couldn't find anything wrong with

1749

01:00:03,270 --> 01:00:00,240

him at the time and uh

1750

01:00:06,069 --> 01:00:03,280

he would make multiple trips uh over

1751

01:00:08,069 --> 01:00:06,079

like the next two weeks to the doctor uh

1752

01:00:12,230 --> 01:00:08,079

similarly uh esko

1753

01:00:13,109 --> 01:00:12,240

would have um his face got very swollen

1754

01:00:15,510 --> 01:00:13,119

and red

1755

01:00:18,069 --> 01:00:15,520

he described feeling light in the legs

1756

01:00:20,230 --> 01:00:18,079

which was throwing off his balance

1757

01:00:21,829 --> 01:00:20,240

and the doctor too prescribed him

1758

01:00:23,750 --> 01:00:21,839

sleeping pills because he couldn't

1759

01:00:25,190 --> 01:00:23,760

find anything wrong with him which is

1760

01:00:26,470 --> 01:00:25,200

wild you know you got these guys with

1761

01:00:28,069 --> 01:00:26,480

these wild symptoms

1762

01:00:30,069 --> 01:00:28,079

and they can't find anything wrong with

1763

01:00:32,470 --> 01:00:30,079

you

1764

01:00:34,309 --> 01:00:32,480

yeah just crack doctor man just crack

1765

01:00:37,589 --> 01:00:34,319

doctoring here

1766

01:00:39,750 --> 01:00:37,599

um but uh through multiple trips esko

1767

01:00:42,230 --> 01:00:39,760

complained of eye pain and headaches for

1768

01:00:43,109 --> 01:00:42,240

which he was prescribed eye drops both

1769

01:00:45,349 --> 01:00:43,119

men were

1770

01:00:46,630 --> 01:00:45,359

prescribed blood circulation medication

1771

01:00:50,230 --> 01:00:46,640

at one point

1772

01:00:51,190 --> 01:00:50,240

and still the doctors could find nothing

1773

01:00:53,349 --> 01:00:51,200

wrong with him

1774

01:00:54,230 --> 01:00:53,359

but the story continues to evolve a

1775

01:00:56,470 --> 01:00:54,240

little bit

1776

01:00:58,470 --> 01:00:56,480

and in the next issue of flying saucer

1777

01:01:01,990 --> 01:00:58,480

review um

1778

01:01:04,630 --> 01:01:02,000

the story um

1779

01:01:06,150 --> 01:01:04,640

a little more you know some more details

1780

01:01:09,190 --> 01:01:06,160

start coming out so

1781

01:01:10,630 --> 01:01:09,200

the sound that arno heard initially he

1782

01:01:12,309 --> 01:01:10,640

said it sounded like it was really

1783

01:01:13,430 --> 01:01:12,319

further away and then he heard it coming

1784

01:01:16,069 --> 01:01:13,440

closer

1785

01:01:17,510 --> 01:01:16,079

and they described how when they were

1786

01:01:19,030 --> 01:01:17,520

watching this they were kind of

1787

01:01:20,549 --> 01:01:19,040

paralyzed to the spot they weren't

1788

01:01:22,309 --> 01:01:20,559

afraid of what they were seeing but they

1789

01:01:25,750 --> 01:01:22,319

couldn't really move

1790

01:01:28,390 --> 01:01:25,760

so this explosive cloud would gain

1791

01:01:29,670 --> 01:01:28,400

structure as a classic saucer with three

1792

01:01:32,309 --> 01:01:29,680

half balls

1793

01:01:33,670 --> 01:01:32,319

of light on the bottom of it and in the

1794

01:01:35,510 --> 01:01:33,680

center of it was

1795

01:01:36,870 --> 01:01:35,520

a tube of light that was a little bit

1796

01:01:39,349 --> 01:01:36,880

larger

1797

01:01:40,630 --> 01:01:39,359

and from this strange self-luminous ring

1798

01:01:43,670 --> 01:01:40,640

of light

1799

01:01:46,710 --> 01:01:43,680

that it it would emit this this ring

1800

01:01:48,069 --> 01:01:46,720

and with these black edges on it but

1801  
01:01:51,829 --> 01:01:48,079  
like the saucer itself

1802  
01:01:52,630 --> 01:01:51,839  
um it's kind of in a way like a george

1803  
01:01:54,950 --> 01:01:52,640  
adamski

1804  
01:01:56,950 --> 01:01:54,960  
kind of description but like its

1805  
01:01:57,670 --> 01:01:56,960  
features are kind of smoother going up

1806  
01:02:00,870 --> 01:01:57,680  
and everything

1807  
01:02:03,910 --> 01:02:00,880  
they're rounded so

1808  
01:02:04,390 --> 01:02:03,920  
arno spoke of having strange dreams in

1809  
01:02:07,349 --> 01:02:04,400  
which

1810  
01:02:09,270 --> 01:02:07,359  
this object was descending toward him

1811  
01:02:11,270 --> 01:02:09,280  
and his friend esco looked very

1812  
01:02:12,630 --> 01:02:11,280  
different in these dreams he was older

1813  
01:02:15,750 --> 01:02:12,640

he was shorter

1814

01:02:18,789 --> 01:02:15,760

and whatever this image was it scared

1815

01:02:21,270 --> 01:02:18,799

this guy so much that he encouraged his

1816

01:02:24,309 --> 01:02:21,280

friend not to visit him

1817

01:02:25,990 --> 01:02:24,319

so uh this clearly you know is having

1818

01:02:26,390 --> 01:02:26,000

this great effect on these guys their

1819

01:02:29,430 --> 01:02:26,400

health

1820

01:02:32,309 --> 01:02:29,440

still hadn't improved um esko's hands

1821

01:02:34,789 --> 01:02:32,319

and face would still become red and he'd

1822

01:02:37,829 --> 01:02:34,799

just continue to suffer from headaches

1823

01:02:40,390 --> 01:02:37,839

arno described feeling like

1824

01:02:41,589 --> 01:02:40,400

there was hot water sloshing around in

1825

01:02:44,230 --> 01:02:41,599

his stomach

1826  
01:02:45,910 --> 01:02:44,240  
which would cause him to vomit like a

1827  
01:02:48,549 --> 01:02:45,920  
few times a day

1828  
01:02:49,589 --> 01:02:48,559  
and both of their memories were kind of

1829  
01:02:53,270 --> 01:02:49,599  
like

1830  
01:02:55,750 --> 01:02:53,280  
failing them but um still

1831  
01:02:56,630 --> 01:02:55,760  
doctors could not find anything wrong

1832  
01:02:58,230 --> 01:02:56,640  
with these guys

1833  
01:02:59,750 --> 01:02:58,240  
for whatever reason still crack

1834  
01:03:03,910 --> 01:02:59,760  
doctoring here great

1835  
01:03:09,910 --> 01:03:07,430  
the uh there's reports from um

1836  
01:03:11,270 --> 01:03:09,920  
falkenberg sweden concerning a craft

1837  
01:03:14,150 --> 01:03:11,280  
that people had seen

1838  
01:03:14,549 --> 01:03:14,160

that were was this of a similar shape

1839

01:03:17,190 --> 01:03:14,559

these

1840

01:03:17,589 --> 01:03:17,200

balls on on the bottom of them of light

1841

01:03:23,510 --> 01:03:17,599

and

1842

01:03:24,549 --> 01:03:23,520

it was finally in september that the

1843

01:03:28,150 --> 01:03:24,559

full story

1844

01:03:28,870 --> 01:03:28,160

would emerge um and word of the men's

1845

01:03:31,510 --> 01:03:28,880

story had

1846

01:03:33,510 --> 01:03:31,520

started to get out and journalists came

1847

01:03:36,950 --> 01:03:33,520

in knocking in fact there was one

1848

01:03:38,789 --> 01:03:36,960

that showed up at these guys doors and

1849

01:03:40,150 --> 01:03:38,799

basically said you tell us your full

1850

01:03:41,109 --> 01:03:40,160

story you're not telling us the full

1851  
01:03:44,549 --> 01:03:41,119  
story

1852  
01:03:46,470 --> 01:03:44,559  
so these two guys they blame memory loss

1853  
01:03:47,589 --> 01:03:46,480  
incurred during the incident for why

1854  
01:03:50,950 --> 01:03:47,599  
they couldn't remember

1855  
01:03:55,109 --> 01:03:50,960  
what was happening to them but uh

1856  
01:03:57,510 --> 01:03:55,119  
in the aftermath of the sighting

1857  
01:03:58,630 --> 01:03:57,520  
the these details would emerge the

1858  
01:04:00,549 --> 01:03:58,640  
object

1859  
01:04:03,029 --> 01:04:00,559  
had approached from the north these two

1860  
01:04:05,109 --> 01:04:03,039  
men had stopped briefly for a rest

1861  
01:04:07,270 --> 01:04:05,119  
in in the chill of this early evening

1862  
01:04:09,349 --> 01:04:07,280  
air a strange buzzing noise

1863  
01:04:11,750 --> 01:04:09,359

that was the first thing and it drew

1864

01:04:14,470 --> 01:04:11,760

closer and closer and

1865

01:04:14,950 --> 01:04:14,480

arno yeah he was the first to notice it

1866

01:04:17,190 --> 01:04:14,960

and then

1867

01:04:18,789 --> 01:04:17,200

esko was the first to notice the actual

1868

01:04:21,990 --> 01:04:18,799

object itself

1869

01:04:24,390 --> 01:04:22,000

um it was a powerful light that hovered

1870

01:04:25,430 --> 01:04:24,400

high above these skiers and it was

1871

01:04:28,309 --> 01:04:25,440

shrouded in this

1872

01:04:29,349 --> 01:04:28,319

really strange cloud but from the bottom

1873

01:04:32,470 --> 01:04:29,359

of it they could see

1874

01:04:36,150 --> 01:04:32,480

these tiny these balls of light on it

1875

01:04:37,670 --> 01:04:36,160

around the perimeter in this light tube

1876

01:04:39,190 --> 01:04:37,680

it was kind of separated by three

1877

01:04:42,549 --> 01:04:39,200

hemispheres

1878

01:04:45,670 --> 01:04:42,559

but as it descended this mist

1879

01:04:47,510 --> 01:04:45,680

was starting to dissipate a little bit

1880

01:04:49,990 --> 01:04:47,520

and when it came down it was hovering

1881

01:04:51,589 --> 01:04:50,000

just like 13 feet off the ground four

1882

01:04:54,230 --> 01:04:51,599

meters or so

1883

01:04:55,750 --> 01:04:54,240

and arnold claimed that it was so close

1884

01:04:56,950 --> 01:04:55,760

he could have touched it with his ski

1885

01:04:59,349 --> 01:04:56,960

pole

1886

01:05:00,150 --> 01:04:59,359

the object emitted an intense beam of

1887

01:05:02,230 --> 01:05:00,160

light

1888

01:05:04,230 --> 01:05:02,240

down at the ground which created a

1889

01:05:06,390 --> 01:05:04,240

self-luminous circle with dark edges

1890

01:05:08,630 --> 01:05:06,400

like we've like i've said before

1891

01:05:10,630 --> 01:05:08,640

and the circle started to emit red and

1892

01:05:12,870 --> 01:05:10,640

green violet sparks and arcs

1893

01:05:15,190 --> 01:05:12,880

that would shoot as far as three meters

1894

01:05:17,349 --> 01:05:15,200

or about 10 feet they talked about how

1895

01:05:18,710 --> 01:05:17,359

it's they just about landed at their

1896

01:05:21,190 --> 01:05:18,720

feet and

1897

01:05:21,990 --> 01:05:21,200

a red gray mist descended upon the

1898

01:05:25,029 --> 01:05:22,000

forest at the

1899

01:05:27,510 --> 01:05:25,039

same time and from this luminous

1900

01:05:30,309 --> 01:05:27,520

circle the the small dislike object

1901

01:05:33,829 --> 01:05:30,319

ascended back up toward the craft

1902

01:05:36,069 --> 01:05:33,839

and arno at this point felt

1903

01:05:37,670 --> 01:05:36,079

like somebody had seized him by the

1904

01:05:39,670 --> 01:05:37,680

waist and pulled him back

1905

01:05:42,549 --> 01:05:39,680

it was some unseen force he couldn't

1906

01:05:44,710 --> 01:05:42,559

really make heads or tails of it

1907

01:05:47,190 --> 01:05:44,720

but through the mist he and esco caught

1908

01:05:50,230 --> 01:05:47,200

sight of a short humanoid creature

1909

01:05:53,109 --> 01:05:50,240

about 90 centimeters tall or about

1910

01:05:53,990 --> 01:05:53,119

three feet its features were very thin

1911

01:05:56,549 --> 01:05:54,000

its nose

1912

01:05:57,349 --> 01:05:56,559

was a really odd shape it was hook

1913

01:05:59,270 --> 01:05:57,359

shaped

1914

01:06:00,549 --> 01:05:59,280

like think of like squidward if it was

1915

01:06:05,109 --> 01:06:00,559

like angled

1916

01:06:08,630 --> 01:06:05,119

instead of just like falling down but uh

1917

01:06:10,950 --> 01:06:08,640

its scale was its skin was very pale but

1918

01:06:11,750 --> 01:06:10,960

uh very little of it was exposed because

1919

01:06:14,069 --> 01:06:11,760

the creature wore

1920

01:06:15,589 --> 01:06:14,079

a covering that was green in cover and

1921

01:06:18,549 --> 01:06:15,599

its feet were covered in the

1922

01:06:20,150 --> 01:06:18,559

in a darker green fabric and uh what's

1923

01:06:21,029 --> 01:06:20,160

interesting and fun about this creature

1924

01:06:23,510 --> 01:06:21,039

is it um

1925

01:06:25,270 --> 01:06:23,520

it wore a conical hat it kind of gave it

1926

01:06:26,789 --> 01:06:25,280

a rank and bass rudolph the red-nosed

1927

01:06:29,589 --> 01:06:26,799

reindeer elf appearance

1928

01:06:31,029 --> 01:06:29,599

which is great i i love this visual and

1929

01:06:34,150 --> 01:06:31,039

i'll i'll share this

1930

01:06:35,990 --> 01:06:34,160

with you guys uh right now let me let me

1931

01:06:39,670 --> 01:06:36,000

get the uh

1932

01:06:42,069 --> 01:06:39,680

appropriate links up here but um

1933

01:06:44,150 --> 01:06:42,079

uh this is yeah this is this is great

1934

01:06:46,390 --> 01:06:44,160

right here so

1935

01:06:49,190 --> 01:06:46,400

rob what what year did you say this was

1936

01:06:51,589 --> 01:06:49,200

uh 1970. so this first image is of

1937

01:06:53,349 --> 01:06:51,599

arno and esko and they're they're

1938

01:06:56,549 --> 01:06:53,359

basically at the site

1939

01:06:59,829 --> 01:06:56,559

where this happened they're you know

1940

01:07:01,990 --> 01:06:59,839

uh our nose pointing up to how how high

1941

01:07:05,589 --> 01:07:02,000

this thing was at the time

1942

01:07:06,309 --> 01:07:05,599

but the cool thing is in this issue they

1943

01:07:09,829 --> 01:07:06,319

have

1944

01:07:11,589 --> 01:07:09,839

uh this um incident like playing out so

1945

01:07:15,510 --> 01:07:11,599

i'll bring this down so

1946

01:07:18,630 --> 01:07:15,520

at first you have this ufo

1947

01:07:21,910 --> 01:07:18,640

it comes down it drops this ring here

1948

01:07:25,589 --> 01:07:21,920

and you know from it you can see that uh

1949

01:07:29,910 --> 01:07:25,599

this disc fly starts flying back up

1950

01:07:34,309 --> 01:07:31,829

the disc goes back up into the craft and

1951

01:07:35,510 --> 01:07:34,319

there is the short tiny humanoid figure

1952

01:07:38,549 --> 01:07:35,520

right there

1953

01:07:42,150 --> 01:07:38,559

uh and and what's interesting is

1954

01:07:45,829 --> 01:07:42,160

it's holding a box a black box which is

1955

01:07:46,549 --> 01:07:45,839

a kind of a motif that is explored again

1956

01:07:49,910 --> 01:07:46,559

and again

1957

01:07:51,029 --> 01:07:49,920

through um many accounts and stuff like

1958

01:07:54,950 --> 01:07:51,039

that i know like

1959

01:07:56,870 --> 01:07:54,960

black boxes was uh something that uh

1960

01:07:59,190 --> 01:07:56,880

their box like things were talked about

1961

01:08:02,470 --> 01:07:59,200

on skinwalker ranch and stuff like that

1962

01:08:05,670 --> 01:08:02,480

but uh i'll show you guys a little

1963

01:08:05,990 --> 01:08:05,680

closer up version of the face of this

1964

01:08:09,029 --> 01:08:06,000

thing

1965

01:08:12,630 --> 01:08:09,039

because it's a it's a another fun

1966

01:08:14,789 --> 01:08:12,640

drawing here but um

1967

01:08:15,990 --> 01:08:14,799

yeah there you go there's it's hooked

1968

01:08:19,430 --> 01:08:16,000

nose

1969

01:08:22,829 --> 01:08:19,440

it's very kind of elf like which is

1970

01:08:24,950 --> 01:08:22,839

uh which is kind of funny you know um

1971

01:08:27,189 --> 01:08:24,960

but

1972

01:08:28,950 --> 01:08:27,199

it looks like the dude from doug is the

1973

01:08:30,550 --> 01:08:28,960

bad guy with an elf hat on

1974

01:08:32,390 --> 01:08:30,560

what's his name uh what's that guy's

1975

01:08:35,430 --> 01:08:32,400

name with the green skin yeah

1976

01:08:37,189 --> 01:08:35,440

um oh roger roger roger

1977

01:08:39,430 --> 01:08:37,199

here we go you know what stories like

1978

01:08:42,470 --> 01:08:39,440

this that story reminds me of the

1979

01:08:45,110 --> 01:08:42,480

utsuru yeah this

1980

01:08:46,709 --> 01:08:45,120

for people that don't know in the chat

1981

01:08:50,070 --> 01:08:46,719

or you know watching or whatever

1982

01:08:53,910 --> 01:08:50,080

it's a famous piece of japanese folklore

1983

01:08:57,430 --> 01:08:53,920

where a woman like a ship washes a shore

1984

01:08:58,950 --> 01:08:57,440

um and they get there and they see that

1985

01:08:59,990 --> 01:08:58,960

there's a woman inside who can't speak

1986

01:09:02,789 --> 01:09:00,000

japanese

1987

01:09:03,590 --> 01:09:02,799

but she's holding like a shining box

1988

01:09:06,630 --> 01:09:03,600

that

1989

01:09:09,510 --> 01:09:06,640

touch you can't see whatever

1990

01:09:11,269 --> 01:09:09,520

right um a really interesting story yeah

1991

01:09:12,870 --> 01:09:11,279

like if it is a very similar motif and a

1992

01:09:16,229 --> 01:09:12,880

very interesting one

1993

01:09:19,349 --> 01:09:16,239

yeah so um this creature

1994

01:09:20,789 --> 01:09:19,359

turned slightly and aimed the box that

1995

01:09:22,789 --> 01:09:20,799

it was holding it's holding this black

1996

01:09:23,990 --> 01:09:22,799

box it's got kind of a lens as you can

1997

01:09:27,510 --> 01:09:24,000

see there

1998

01:09:30,070 --> 01:09:27,520

it's uh he aims it at arno and

1999

01:09:31,349 --> 01:09:30,080

this pulsating light came out of it and

2000

01:09:34,390 --> 01:09:31,359

just like

2001

01:09:36,470 --> 01:09:34,400

shown directly at him um there

2002

01:09:38,550 --> 01:09:36,480

the sparks were still flying as this

2003

01:09:41,189 --> 01:09:38,560

thing is like

2004

01:09:43,349 --> 01:09:41,199

shooting this guy with the with whatever

2005

01:09:46,870 --> 01:09:43,359

weird-ass camera that he's got

2006

01:09:49,269 --> 01:09:46,880

and um yeah the

2007

01:09:50,390 --> 01:09:49,279

both of these guys ended up like in the

2008

01:09:54,470 --> 01:09:50,400

beam of this

2009

01:09:56,790 --> 01:09:54,480

in the beam of light itself and um

2010

01:09:57,830 --> 01:09:56,800

the uh red mist started to get thicker

2011

01:10:00,870 --> 01:09:57,840

at this point

2012

01:10:02,709 --> 01:10:00,880

and both of the guys

2013

01:10:03,910 --> 01:10:02,719

you know lost sight of this uh creature

2014

01:10:06,070 --> 01:10:03,920

but uh

2015

01:10:08,149 --> 01:10:06,080

both men claimed to have a good view of

2016

01:10:10,229 --> 01:10:08,159

it for approximately 15 seconds

2017

01:10:12,630 --> 01:10:10,239

and you know that's just freaky you got

2018

01:10:14,630 --> 01:10:12,640

some weird ass elf coming down here

2019

01:10:16,630 --> 01:10:14,640

like he's you know you're about to sit

2020

01:10:17,910 --> 01:10:16,640

on santa's lap he's taking pictures i'm

2021

01:10:20,950 --> 01:10:17,920

not down with that

2022

01:10:24,070 --> 01:10:20,960

you know at all but then

2023

01:10:26,630 --> 01:10:24,080

this light beam rose up from the snow

2024

01:10:28,070 --> 01:10:26,640

and it re-entered the ship and the mist

2025

01:10:29,830 --> 01:10:28,080

completely parted

2026

01:10:32,070 --> 01:10:29,840

like you know someone was throwing open

2027

01:10:33,910 --> 01:10:32,080

some curtains and

2028

01:10:35,830 --> 01:10:33,920

there was a flash in the sky and the

2029

01:10:38,550 --> 01:10:35,840

craft was gone

2030

01:10:40,630 --> 01:10:38,560

it just completely disappeared the

2031

01:10:41,830 --> 01:10:40,640

physiological effects though would just

2032

01:10:43,669 --> 01:10:41,840

remain for months

2033

01:10:45,750 --> 01:10:43,679

it was hard for both men to work in the

2034

01:10:48,870 --> 01:10:45,760

weeks following the encounter

2035

01:10:52,310 --> 01:10:48,880

yeah heinen arno he vomited

2036

01:10:55,110 --> 01:10:52,320

like regularly for months and uh

2037

01:10:57,110 --> 01:10:55,120

esko's skin was just turning red all the

2038

01:11:00,310 --> 01:10:57,120

time

2039

01:11:02,950 --> 01:11:00,320

and in fact them these guys would lead

2040

01:11:04,709 --> 01:11:02,960

a party including the journalists that

2041

01:11:06,229 --> 01:11:04,719

told them to come forward you know and

2042

01:11:09,669 --> 01:11:06,239

tell the true story

2043

01:11:10,310 --> 01:11:09,679

um he would have them you know come

2044

01:11:14,149 --> 01:11:10,320

forward

2045

01:11:16,229 --> 01:11:14,159

and bring them to the spot and

2046

01:11:17,910 --> 01:11:16,239

of the uh the guys that were there i

2047

01:11:21,030 --> 01:11:17,920

think the majority of them their skin

2048

01:11:24,830 --> 01:11:21,040

started to turn red and it was irritated

2049

01:11:28,149 --> 01:11:24,840

so uh you know there is

2050

01:11:29,430 --> 01:11:28,159

some skeptical views of this case i

2051

01:11:33,990 --> 01:11:29,440

don't really think they hold

2052

01:11:36,229 --> 01:11:34,000

water um maybe they were exposed to

2053

01:11:38,229 --> 01:11:36,239

like i don't know in this case i'm not

2054

01:11:40,390 --> 01:11:38,239

exactly sure what they would have been

2055

01:11:41,830 --> 01:11:40,400

exposed to but it's one of the well it's

2056

01:11:43,430 --> 01:11:41,840

one of those cases where

2057

01:11:45,750 --> 01:11:43,440

that is a hell of a hoax if it makes the

2058

01:11:48,790 --> 01:11:45,760

guy puke continuously for

2059

01:11:50,630 --> 01:11:48,800

yeah i mean like whoa like what did what

2060

01:11:52,550 --> 01:11:50,640

what was the oaks you gotta commit to

2061

01:11:54,470 --> 01:11:52,560

that yeah seriously that's like that's

2062

01:11:56,470 --> 01:11:54,480

no joke right i mean

2063

01:11:57,669 --> 01:11:56,480

outside of some like intense sort of

2064

01:11:59,510 --> 01:11:57,679

likings you know

2065

01:12:00,709 --> 01:11:59,520

anxiety issue that's underlying or

2066

01:12:04,070 --> 01:12:00,719

something

2067

01:12:06,709 --> 01:12:04,080

um what makes

2068

01:12:09,270 --> 01:12:06,719

i don't know how can i cover my bulimia

2069

01:12:12,709 --> 01:12:09,280

i mean serious yeah

2070

01:12:13,430 --> 01:12:12,719

it's all ufo yeah good way to bring some

2071

01:12:15,270 --> 01:12:13,440

weight

2072

01:12:18,390 --> 01:12:15,280

yeah just say you don't like i don't

2073

01:12:20,070 --> 01:12:18,400

know it's such a weird uh

2074

01:12:21,750 --> 01:12:20,080

rob i was wondering if i could bring up

2075

01:12:24,149 --> 01:12:21,760

you just did an episode about the falcon

2076

01:12:26,790 --> 01:12:24,159

lake incident and dude this is like

2077

01:12:28,550 --> 01:12:26,800

strikingly similar in terms of physic uh

2078

01:12:30,470 --> 01:12:28,560

physiological effects i mean

2079

01:12:32,630 --> 01:12:30,480

stan mickelek had like you know the

2080

01:12:34,550 --> 01:12:32,640

radiation burns he was vomiting

2081

01:12:36,149 --> 01:12:34,560

i believe for months and the same thing

2082

01:12:37,189 --> 01:12:36,159

where these doctors like didn't do

2083

01:12:39,910 --> 01:12:37,199

anything for him

2084

01:12:41,669 --> 01:12:39,920

they gave him like some pain meds and

2085

01:12:44,390 --> 01:12:41,679

were like get out of here man

2086

01:12:46,229 --> 01:12:44,400

um i find this case eerily similar to

2087

01:12:47,750 --> 01:12:46,239

that one it's really interesting

2088

01:12:49,590 --> 01:12:47,760

yeah there there are a lot of

2089

01:12:51,669 --> 01:12:49,600

similarities to it and

2090

01:12:52,870 --> 01:12:51,679

i'm not going to get into it on on this

2091

01:12:55,000 --> 01:12:52,880

live stream i might

2092

01:12:56,070 --> 01:12:55,010

do an additional episode um

2093

01:12:58,790 --> 01:12:56,080

[Music]

2094

01:13:00,790 --> 01:12:58,800

or something but these guys claim to

2095

01:13:02,229 --> 01:13:00,800

have further contact with like alien

2096

01:13:04,709 --> 01:13:02,239

beings after this so

2097

01:13:06,550 --> 01:13:04,719

the story kind of goes off the rails but

2098

01:13:09,910 --> 01:13:06,560

the interesting thing is is that

2099

01:13:13,430 --> 01:13:09,920

um there were additional sightings

2100

01:13:17,189 --> 01:13:13,440

in the area at uh adderall you know

2101  
01:13:20,229 --> 01:13:17,199  
near the the time of this incident um

2102  
01:13:21,990 --> 01:13:20,239  
but um in a village uh 15

2103  
01:13:23,590 --> 01:13:22,000  
kilometers or nine miles from the

2104  
01:13:26,470 --> 01:13:23,600  
encounter a woman

2105  
01:13:26,950 --> 01:13:26,480  
named elna satari witnessed a strange

2106  
01:13:29,830 --> 01:13:26,960  
light

2107  
01:13:30,950 --> 01:13:29,840  
on the day the two skiers uh had their

2108  
01:13:34,390 --> 01:13:30,960  
encounter

2109  
01:13:37,830 --> 01:13:34,400  
and uh in the village of paso some

2110  
01:13:40,310 --> 01:13:37,840  
is like 10 kilometers away about 6 miles

2111  
01:13:42,310 --> 01:13:40,320  
an unnamed man witnessed a strange light

2112  
01:13:44,470 --> 01:13:42,320  
in the sky around 4 45

2113  
01:13:46,470 --> 01:13:44,480

that evening at the same time the

2114

01:13:47,990 --> 01:13:46,480

encounter took place so

2115

01:13:49,750 --> 01:13:48,000

you know these these folks are

2116

01:13:52,310 --> 01:13:49,760

witnessing stuff not

2117

01:13:52,790 --> 01:13:52,320

not too far away and uh later that

2118

01:13:56,070 --> 01:13:52,800

evening

2119

01:13:56,390 --> 01:13:56,080

a 16 year old boy named maddie who was

2120

01:13:59,189 --> 01:13:56,400

from

2121

01:14:01,110 --> 01:13:59,199

imjarvi uh witnessed a strange light not

2122

01:14:01,990 --> 01:14:01,120

far from where the encounter took place

2123

01:14:03,669 --> 01:14:02,000

itself

2124

01:14:05,270 --> 01:14:03,679

he was on his way home from a friend's

2125

01:14:08,310 --> 01:14:05,280

house when the forest just lit

2126  
01:14:08,709 --> 01:14:08,320  
up all around him he witnessed a bright

2127  
01:14:11,350 --> 01:14:08,719  
light

2128  
01:14:12,390 --> 01:14:11,360  
above the trees moving about and it

2129  
01:14:14,470 --> 01:14:12,400  
disappeared

2130  
01:14:15,510 --> 01:14:14,480  
not long after he caught sight of it

2131  
01:14:18,870 --> 01:14:15,520  
heading to the south

2132  
01:14:22,630 --> 01:14:18,880  
so uh for this live stream that is

2133  
01:14:25,830 --> 01:14:22,640  
the mjrv humanoid sightings

2134  
01:14:28,709 --> 01:14:25,840  
it's um you can see a lot of parallels

2135  
01:14:30,709 --> 01:14:28,719  
in cases where people have had um

2136  
01:14:31,830 --> 01:14:30,719  
negative health effects after coming

2137  
01:14:35,030 --> 01:14:31,840  
into contact with

2138  
01:14:37,990 --> 01:14:35,040

a craft of some kind like that uh

2139

01:14:39,270 --> 01:14:38,000

i i think of the cash landrum incident

2140

01:14:42,630 --> 01:14:39,280

because there's a lot of

2141

01:14:44,870 --> 01:14:42,640

similarities there uh there's just the

2142

01:14:47,270 --> 01:14:44,880

you know smattering um here and there of

2143

01:14:50,630 --> 01:14:47,280

cases like that but

2144

01:14:53,350 --> 01:14:50,640

i just want to say if uh the alien

2145

01:14:55,430 --> 01:14:53,360

watching this we don't want your santa

2146

01:14:58,470 --> 01:14:55,440

claus photos so please do not

2147

01:15:01,910 --> 01:14:58,480

come down i don't i don't

2148

01:15:04,149 --> 01:15:01,920

i don't know i'll entertain it you know

2149

01:15:06,470 --> 01:15:04,159

don't throw me in there no

2150

01:15:07,750 --> 01:15:06,480

brent is looking for more he wants a

2151

01:15:09,270 --> 01:15:07,760

negative help

2152

01:15:11,189 --> 01:15:09,280

don't immediately put brent in that

2153

01:15:11,669 --> 01:15:11,199

category of not wanting santa photos

2154

01:15:13,669 --> 01:15:11,679

like

2155

01:15:14,709 --> 01:15:13,679

you might want you might absolutely want

2156

01:15:16,630 --> 01:15:14,719

them

2157

01:15:18,950 --> 01:15:16,640

he might actually want the photos that's

2158

01:15:19,669 --> 01:15:18,960

fine maybe you could play alien santa

2159

01:15:22,790 --> 01:15:19,679

brent that

2160

01:15:25,110 --> 01:15:22,800

maybe yeah maybe we were just talking to

2161

01:15:26,070 --> 01:15:25,120

some pilots for an upcoming episode on

2162

01:15:28,550 --> 01:15:26,080

ours and that's funny

2163

01:15:30,390 --> 01:15:28,560

that was the the term they used to use

2164

01:15:31,030 --> 01:15:30,400

that they no longer use is if you saw

2165

01:15:34,310 --> 01:15:31,040

something

2166

01:15:35,830 --> 01:15:34,320

you'd say we spotted santa claus and uh

2167

01:15:38,149 --> 01:15:35,840

now that's kind of gotten by the wayside

2168

01:15:39,590 --> 01:15:38,159

but yeah nice i got the height to be

2169

01:15:43,030 --> 01:15:39,600

your elf brent so

2170

01:15:44,870 --> 01:15:43,040

yeah right

2171

01:15:46,630 --> 01:15:44,880

apparently apparently ryan fits in

2172

01:15:48,390 --> 01:15:46,640

pockets i did i never knew this until

2173

01:15:51,830 --> 01:15:48,400

today

2174

01:15:52,229 --> 01:15:51,840

but the pocket size yeah that's amazing

2175

01:15:54,790 --> 01:15:52,239

so

2176

01:15:55,990 --> 01:15:54,800

uh i'm gonna turn this to the uh

2177

01:15:58,390 --> 01:15:56,000

listeners here the

2178

01:15:59,350 --> 01:15:58,400

people tuning in uh if you have any

2179

01:16:01,669 --> 01:15:59,360

questions uh

2180

01:16:02,870 --> 01:16:01,679

throw throw them our way right now um

2181

01:16:06,310 --> 01:16:02,880

we'll we'll answer them

2182

01:16:08,070 --> 01:16:06,320

so um if uh

2183

01:16:09,910 --> 01:16:08,080

and if any aliens want to drop off some

2184

01:16:12,070 --> 01:16:09,920

pancakes i'm down with it

2185

01:16:13,830 --> 01:16:12,080

we just want your alien pancakes we want

2186

01:16:16,470 --> 01:16:13,840

your alien pancakes

2187

01:16:17,189 --> 01:16:16,480

on people if you could add a little salt

2188

01:16:22,870 --> 01:16:17,199

you know

2189

01:16:25,510 --> 01:16:22,880

i don't i don't want valet writing about

2190

01:16:27,110 --> 01:16:25,520

my space pancakes okay

2191

01:16:29,030 --> 01:16:27,120

i like him he's a good dude but he's

2192

01:16:31,510 --> 01:16:29,040

like a good guy hey rob i was

2193

01:16:33,990 --> 01:16:31,520

i was curious what um the name of the

2194

01:16:36,709 --> 01:16:34,000

panel i think is pretty intriguing

2195

01:16:38,070 --> 01:16:36,719

um would you mind describing that for us

2196

01:16:40,229 --> 01:16:38,080

the the blue ribbon

2197

01:16:41,669 --> 01:16:40,239

yeah yeah the blue ribbon panel i had a

2198

01:16:42,310 --> 01:16:41,679

couple people asking me what that meant

2199

01:16:45,750 --> 01:16:42,320

yeah

2200

01:16:48,229 --> 01:16:45,760

so um back in the 70s the national

2201

01:16:50,630 --> 01:16:48,239

enquirer had a panel of ufo

2202

01:16:52,950 --> 01:16:50,640

experts that they assembled and they

2203

01:16:54,950 --> 01:16:52,960

would hand out a prize for someone who

2204

01:16:58,390 --> 01:16:54,960

would come forth with proof of

2205

01:17:00,709 --> 01:16:58,400

you know the ufo authentic ufo incident

2206

01:17:03,350 --> 01:17:00,719

or uh you know contact with an alien and

2207

01:17:06,790 --> 01:17:03,360

stuff like that uh famous winners

2208

01:17:08,550 --> 01:17:06,800

of the blue ribbon prize include uh

2209

01:17:09,910 --> 01:17:08,560

ronnie johnson of the delphos ring

2210

01:17:13,030 --> 01:17:09,920

incident and

2211

01:17:15,510 --> 01:17:13,040

uh travis walton he won uh

2212

01:17:17,910 --> 01:17:15,520

five thousand dollars for his story and

2213

01:17:21,270 --> 01:17:17,920

it's been used as a tool to

2214

01:17:23,270 --> 01:17:21,280

debunk a very famous ufo sighting so

2215

01:17:25,510 --> 01:17:23,280

i thought it would be appropriate if we

2216

01:17:28,550 --> 01:17:25,520

called ourselves the blue ribbon panel

2217

01:17:31,750 --> 01:17:28,560

love it i thought it was a pbr

2218

01:17:33,510 --> 01:17:31,760

uh yeah i guess

2219

01:17:35,270 --> 01:17:33,520

bust out the paps next time you'll be

2220

01:17:38,310 --> 01:17:35,280

good to go

2221

01:17:41,110 --> 01:17:38,320

so uh william william poland asks why

2222

01:17:44,149 --> 01:17:41,120

are charlatans hoaxers and frauds

2223

01:17:46,149 --> 01:17:44,159

embraced by the ufo community you know

2224

01:17:48,229 --> 01:17:46,159

honestly got a great answer for that

2225

01:17:51,669 --> 01:17:48,239

yeah wait so honestly i'm so

2226

01:17:54,470 --> 01:17:51,679

i don't know how i got part of this um

2227

01:17:56,390 --> 01:17:54,480

but i got i got added in a in the thing

2228

01:17:58,709 --> 01:17:56,400

about skinwalker ranch

2229

01:17:59,830 --> 01:17:58,719

and so i'll tell you why because i'll

2230

01:18:00,550 --> 01:17:59,840

give you let me you know you can read

2231

01:18:02,550 --> 01:18:00,560

the thread whatever

2232

01:18:04,550 --> 01:18:02,560

i'll tell you why the reason that they

2233

01:18:06,709 --> 01:18:04,560

are embracing the ufo community

2234

01:18:07,750 --> 01:18:06,719

is because a lot of the time what people

2235

01:18:11,270 --> 01:18:07,760

in the uf community

2236

01:18:13,669 --> 01:18:11,280

want is not proof they want belief

2237

01:18:15,189 --> 01:18:13,679

they want to be told just believe

2238

01:18:18,550 --> 01:18:15,199

everything i say

2239

01:18:19,430 --> 01:18:18,560

follow me share the videos listen to the

2240

01:18:22,070 --> 01:18:19,440

stuff

2241

01:18:23,189 --> 01:18:22,080

do what i tell you to do and people love

2242

01:18:25,430 --> 01:18:23,199

that stuff

2243

01:18:26,870 --> 01:18:25,440

that's true and it's like jason was

2244

01:18:30,390 --> 01:18:26,880

saying earlier

2245

01:18:31,830 --> 01:18:30,400

um we need to look at these things or

2246

01:18:33,910 --> 01:18:31,840

they're doomed to repeat themselves

2247

01:18:35,590 --> 01:18:33,920

and if you guys have been looking at the

2248

01:18:37,590 --> 01:18:35,600

things that are going on now we see the

2249

01:18:39,270 --> 01:18:37,600

same people that are known

2250

01:18:40,870 --> 01:18:39,280

disinformation agents are now poking

2251  
01:18:42,070 --> 01:18:40,880  
their heads back up and being embraced

2252  
01:18:43,910 --> 01:18:42,080  
by people again

2253  
01:18:45,350 --> 01:18:43,920  
that we should have seen do or not be

2254  
01:18:48,390 --> 01:18:45,360  
doing this 25

2255  
01:18:49,189 --> 01:18:48,400  
30 years ago and the fact that that is

2256  
01:18:50,470 --> 01:18:49,199  
being

2257  
01:18:51,750 --> 01:18:50,480  
something that we're having to go

2258  
01:18:52,390 --> 01:18:51,760  
through are going to be like why are you

2259  
01:18:55,910 --> 01:18:52,400  
doing this

2260  
01:18:57,910 --> 01:18:55,920  
and getting pushback blows my mind so

2261  
01:18:58,950 --> 01:18:57,920  
i just i think that was an incredibly

2262  
01:19:01,830 --> 01:18:58,960  
important point

2263  
01:19:03,270 --> 01:19:01,840

in a reason why we look at cases because

2264

01:19:04,790 --> 01:19:03,280

no matter what it's someone's first time

2265

01:19:07,910 --> 01:19:04,800

a lot of times when you're doing it

2266

01:19:08,390 --> 01:19:07,920

and if not uh things like that get you

2267

01:19:10,470 --> 01:19:08,400

know

2268

01:19:12,550 --> 01:19:10,480

yeah we we doomed to repeat itself as

2269

01:19:16,310 --> 01:19:12,560

you know the old saying yes

2270

01:19:18,470 --> 01:19:16,320

yeah and chris is absolutely right there

2271

01:19:20,390 --> 01:19:18,480

are always people i mean that's that's

2272

01:19:22,149 --> 01:19:20,400

really primarily what this field is it's

2273

01:19:24,470 --> 01:19:22,159

based on belief you have to make

2274

01:19:26,310 --> 01:19:24,480

determinations for yourself who you find

2275

01:19:28,870 --> 01:19:26,320

credible and who you don't

2276

01:19:30,390 --> 01:19:28,880

um and what information you're going or

2277

01:19:32,229 --> 01:19:30,400

what what evidence

2278

01:19:33,910 --> 01:19:32,239

or what what tidbits you're going to

2279

01:19:35,830 --> 01:19:33,920

consider evidence and add that to your

2280

01:19:37,350 --> 01:19:35,840

pile as you're evaluating these cases on

2281

01:19:39,990 --> 01:19:37,360

an individual basis

2282

01:19:40,709 --> 01:19:40,000

but like chris said people are looking

2283

01:19:43,669 --> 01:19:40,719

some people

2284

01:19:45,270 --> 01:19:43,679

many people are looking for answers and

2285

01:19:47,750 --> 01:19:45,280

you're going to find somebody

2286

01:19:49,590 --> 01:19:47,760

who is spouting the answers that you

2287

01:19:50,950 --> 01:19:49,600

want to hear and people will gravitate

2288

01:19:53,030 --> 01:19:50,960

toward that camp

2289

01:19:54,390 --> 01:19:53,040

and then cults spring up and that's

2290

01:19:55,990 --> 01:19:54,400

really what you have around a lot of

2291

01:19:57,350 --> 01:19:56,000

these people because people gravitate

2292

01:19:58,550 --> 01:19:57,360

toward the person saying the thing they

2293

01:20:00,229 --> 01:19:58,560

want to hear that supports their

2294

01:20:01,750 --> 01:20:00,239

pre-existing beliefs

2295

01:20:04,149 --> 01:20:01,760

and they're going to follow that person

2296

01:20:04,870 --> 01:20:04,159

no matter what everybody else and the

2297

01:20:07,189 --> 01:20:04,880

evidence

2298

01:20:08,629 --> 01:20:07,199

say about this person they're hearing

2299

01:20:10,790 --> 01:20:08,639

what they want to hear

2300

01:20:12,550 --> 01:20:10,800

now subtract the ufo out of that and put

2301

01:20:15,990 --> 01:20:12,560

in politics

2302

01:20:17,430 --> 01:20:16,000

anything any family life

2303

01:20:19,110 --> 01:20:17,440

people gravitate toward what they want

2304

01:20:20,870 --> 01:20:19,120

to hear what supports their beliefs

2305

01:20:22,709 --> 01:20:20,880

in anything absolutely and that's why i

2306

01:20:25,910 --> 01:20:22,719

think it's so important too that we like

2307

01:20:27,990 --> 01:20:25,920

we have things like this or at least we

2308

01:20:29,430 --> 01:20:28,000

have shows like what

2309

01:20:31,189 --> 01:20:29,440

you know not to to all of our own

2310

01:20:33,830 --> 01:20:31,199

collective horns right

2311

01:20:35,430 --> 01:20:33,840

but telling these stories and re

2312

01:20:37,350 --> 01:20:35,440

investigating them and seeing like

2313

01:20:38,790 --> 01:20:37,360

that's how any field of knowledge is

2314

01:20:41,189 --> 01:20:38,800

built right

2315

01:20:43,189 --> 01:20:41,199

when you start to study a science you're

2316

01:20:44,390 --> 01:20:43,199

not just given like a bunsen burner and

2317

01:20:45,669 --> 01:20:44,400

some chemicals and you're told like well

2318

01:20:47,750 --> 01:20:45,679

get it all yourself

2319

01:20:49,189 --> 01:20:47,760

right you learn what people did before

2320

01:20:49,750 --> 01:20:49,199

you and you build off of that initial

2321

01:20:52,550 --> 01:20:49,760

study

2322

01:20:53,189 --> 01:20:52,560

you build off that initial storyline and

2323

01:20:56,629 --> 01:20:53,199

so

2324

01:20:59,590 --> 01:20:56,639

by not allowing that to happen or by

2325

01:21:00,870 --> 01:20:59,600

never having like a standard set of well

2326

01:21:03,270 --> 01:21:00,880

this is probably what happened with

2327

01:21:04,629 --> 01:21:03,280

these cases that came 50 years ago

2328

01:21:06,870 --> 01:21:04,639

this is what we can learn from them this

2329

01:21:08,229 --> 01:21:06,880

is how we can you know philosophy is a

2330

01:21:10,070 --> 01:21:08,239

great example of this philosophy is

2331

01:21:11,750 --> 01:21:10,080

always reimagining old texts

2332

01:21:13,189 --> 01:21:11,760

you know the fact that people still

2333

01:21:15,270 --> 01:21:13,199

write phds on like

2334

01:21:16,310 --> 01:21:15,280

david hume you know what i mean emmanuel

2335

01:21:17,910 --> 01:21:16,320

connor or these other

2336

01:21:20,070 --> 01:21:17,920

philosophers who wrote hundreds of years

2337

01:21:21,590 --> 01:21:20,080

ago seems crazy but it's because there's

2338

01:21:23,189 --> 01:21:21,600

always reimagined there's always new

2339

01:21:25,030 --> 01:21:23,199

interpretations

2340

01:21:26,790 --> 01:21:25,040

something similar could happen in a

2341

01:21:27,270 --> 01:21:26,800

field like this if we wanted it to be

2342

01:21:30,709 --> 01:21:27,280

taken

2343

01:21:32,790 --> 01:21:30,719

seriously um and again even if you know

2344

01:21:34,950 --> 01:21:32,800

not everyone on this on this panel

2345

01:21:36,629 --> 01:21:34,960

agrees at the underlying reality with

2346

01:21:39,750 --> 01:21:36,639

the phenomena that we're describing

2347

01:21:40,629 --> 01:21:39,760

not everyone agrees even on um specific

2348

01:21:43,270 --> 01:21:40,639

cases

2349

01:21:44,070 --> 01:21:43,280

right like we tend to broadly agree i

2350

01:21:45,990 --> 01:21:44,080

would say

2351  
01:21:47,510 --> 01:21:46,000  
but generally like there's a big gap

2352  
01:21:51,270 --> 01:21:47,520  
there or a big difference here

2353  
01:21:53,030 --> 01:21:51,280  
on what we believe individually

2354  
01:21:56,229 --> 01:21:53,040  
but we're still able to at least look at

2355  
01:21:58,550 --> 01:21:56,239  
this in a semi-intelligent way

2356  
01:21:59,590 --> 01:21:58,560  
right and say like this makes sense this

2357  
01:22:01,910 --> 01:21:59,600  
doesn't make sense

2358  
01:22:03,350 --> 01:22:01,920  
this seems logical this seems illogical

2359  
01:22:06,149 --> 01:22:03,360  
um you can still pick apart

2360  
01:22:06,629 --> 01:22:06,159  
arguments that way without needing proof

2361  
01:22:08,470 --> 01:22:06,639  
right

2362  
01:22:10,470 --> 01:22:08,480  
chris and that's why i'm so pissed that

2363  
01:22:11,110 --> 01:22:10,480

the [h\_\_\h] mufon [h\_\_\h] fell through

2364

01:22:13,750 --> 01:22:11,120

because

2365

01:22:14,870 --> 01:22:13,760

we were set up to [h\_\_\h] do that man we

2366

01:22:17,669 --> 01:22:14,880

were set up to

2367

01:22:19,189 --> 01:22:17,679

[h\_\_\h] get it in the front get it in

2368

01:22:21,030 --> 01:22:19,199

the back here and [h\_\_\h]

2369

01:22:23,030 --> 01:22:21,040

like really run these goddamn cases

2370

01:22:24,149 --> 01:22:23,040

through their paces and pick out the

2371

01:22:27,270 --> 01:22:24,159

really good [h\_\_\h]

2372

01:22:27,990 --> 01:22:27,280

yeah i i think that was probably the

2373

01:22:31,110 --> 01:22:28,000

only

2374

01:22:34,550 --> 01:22:31,120

where

2375

01:22:38,310 --> 01:22:34,560

like i i think anybody has

2376

01:22:40,310 --> 01:22:38,320

come that close to to doing that which

2377

01:22:41,830 --> 01:22:40,320

again it just frustrates me endlessly

2378

01:22:43,990 --> 01:22:41,840

but you know it's it's actually i think

2379

01:22:46,310 --> 01:22:44,000

going to be one of the more

2380

01:22:47,430 --> 01:22:46,320

so you guys all know my few my views on

2381

01:22:50,550 --> 01:22:47,440

the stars academy

2382

01:22:51,669 --> 01:22:50,560

right obviously yeah um it's actually

2383

01:22:52,070 --> 01:22:51,679

one of the things that i'm probably the

2384

01:22:54,470 --> 01:22:52,080

most

2385

01:22:55,510 --> 01:22:54,480

excited about with if they do end up

2386

01:22:57,910 --> 01:22:55,520

doing this uap

2387

01:22:59,110 --> 01:22:57,920

reporting app that they're talking about

2388

01:23:00,629 --> 01:22:59,120

if there was even just

2389

01:23:02,950 --> 01:23:00,639

some kind of feature on there that was

2390

01:23:05,910 --> 01:23:02,960

essentially like you could upvote or

2391

01:23:08,310 --> 01:23:05,920

downvote a case

2392

01:23:09,030 --> 01:23:08,320

um at least maybe that would get people

2393

01:23:12,149 --> 01:23:09,040

out of their

2394

01:23:12,629 --> 01:23:12,159

like weird pigeon holes of you know what

2395

01:23:14,149 --> 01:23:12,639

i mean

2396

01:23:16,070 --> 01:23:14,159

like everyone on the same facebook group

2397

01:23:17,270 --> 01:23:16,080

shared the same stories about angels

2398

01:23:19,430 --> 01:23:17,280

yeah and they're all like oh they're

2399

01:23:21,189 --> 01:23:19,440

aliens right like

2400

01:23:23,030 --> 01:23:21,199

right everyone thinks that there's a lot

2401

01:23:23,510 --> 01:23:23,040

of conflicting evidence out there for

2402

01:23:25,910 --> 01:23:23,520

the end

2403

01:23:28,629 --> 01:23:25,920

and i think that also speaks to the the

2404

01:23:32,550 --> 01:23:28,639

field of investigators today where

2405

01:23:35,270 --> 01:23:32,560

you know it's a lot of them are

2406

01:23:35,830 --> 01:23:35,280

like buff on field investigators which

2407

01:23:39,510 --> 01:23:35,840

only goes

2408

01:23:42,390 --> 01:23:39,520

gets you so far and it a lot of it

2409

01:23:42,870 --> 01:23:42,400

um comes down to the passion that you

2410

01:23:44,950 --> 01:23:42,880

have to

2411

01:23:47,189 --> 01:23:44,960

you know for this subject and what

2412

01:23:50,229 --> 01:23:47,199

you're willing to do to investigate it

2413

01:23:52,470 --> 01:23:50,239

um but uh yeah man

2414

01:23:53,990 --> 01:23:52,480

i i hope i have you know high hopes for

2415

01:23:57,030 --> 01:23:54,000

that app um

2416

01:24:00,070 --> 01:23:57,040

but uh uh drewd in the 559

2417

01:24:02,229 --> 01:24:00,080

asks any encounters in the last year

2418

01:24:03,830 --> 01:24:02,239

you think are promising also where are

2419

01:24:04,550 --> 01:24:03,840

the girls don't worry if we do this

2420

01:24:06,790 --> 01:24:04,560

again

2421

01:24:09,430 --> 01:24:06,800

there will be girls involved i i promise

2422

01:24:11,189 --> 01:24:09,440

we i it was hastily assembled on my part

2423

01:24:12,870 --> 01:24:11,199

and i apologize for that but uh

2424

01:24:16,629 --> 01:24:12,880

any encounters in the last year that you

2425

01:24:18,790 --> 01:24:16,639

see is promising

2426

01:24:19,990 --> 01:24:18,800

there's none that really come to mind

2427

01:24:22,550 --> 01:24:20,000

like straight away

2428

01:24:23,510 --> 01:24:22,560

because like again it comes down to the

2429

01:24:26,550 --> 01:24:23,520

fact that

2430

01:24:29,430 --> 01:24:26,560

it it just seems like the

2431

01:24:30,070 --> 01:24:29,440

like the modern the the the accounts of

2432

01:24:32,310 --> 01:24:30,080

like

2433

01:24:33,189 --> 01:24:32,320

that are happening within a year they

2434

01:24:38,950 --> 01:24:33,199

don't get a lot of

2435

01:24:41,110 --> 01:24:38,960

know maybe

2436

01:24:42,229 --> 01:24:41,120

you'll find one or two on a blog or

2437

01:24:45,350 --> 01:24:42,239

something like that but

2438

01:24:46,229 --> 01:24:45,360

um a lot of the time i you know i'm not

2439

01:24:49,510 --> 01:24:46,239

really looking

2440

01:24:50,870 --> 01:24:49,520

at the the newer cases i'm more looking

2441

01:24:53,030 --> 01:24:50,880

at the older ones that's

2442

01:24:53,910 --> 01:24:53,040

you know more of what i do but uh if any

2443

01:24:56,229 --> 01:24:53,920

of you have

2444

01:24:56,950 --> 01:24:56,239

anything in mind uh feel free to share

2445

01:24:58,149 --> 01:24:56,960

but like

2446

01:25:00,149 --> 01:24:58,159

i think that's gonna be a tough one for

2447

01:25:01,510 --> 01:25:00,159

all of us i don't i mine's a little bit

2448

01:25:02,629 --> 01:25:01,520

out of that but chris actually helped me

2449

01:25:04,950 --> 01:25:02,639

on this we had something that came

2450

01:25:06,790 --> 01:25:04,960

across our desk that was interesting

2451

01:25:08,629 --> 01:25:06,800

i had a gentleman who cleans out

2452

01:25:12,390 --> 01:25:08,639

basements for a living and he found

2453

01:25:14,629 --> 01:25:12,400

a stash of old uh negatives um and well

2454

01:25:17,590 --> 01:25:14,639

they were negatives they were slides

2455

01:25:19,270 --> 01:25:17,600

and the you know the tiny like 110 up to

2456

01:25:22,149 --> 01:25:19,280

you know normal size

2457

01:25:22,470 --> 01:25:22,159

and they looked like they had some of

2458

01:25:24,790 --> 01:25:22,480

them

2459

01:25:25,990 --> 01:25:24,800

really good ufo photos on him he's like

2460

01:25:27,830 --> 01:25:26,000

he's like hold him up to the sky

2461

01:25:29,830 --> 01:25:27,840

and he he called me he's a father of a

2462

01:25:31,270 --> 01:25:29,840

guy i went to college with he's like

2463

01:25:32,629 --> 01:25:31,280

i don't know really what this is i

2464

01:25:32,950 --> 01:25:32,639

usually just would just throw this away

2465

01:25:36,470 --> 01:25:32,960

but

2466

01:25:37,189 --> 01:25:36,480

by god it looks like ufos so he sends it

2467

01:25:38,870 --> 01:25:37,199

to us and

2468

01:25:40,950 --> 01:25:38,880

i got with chris and we had him looked

2469

01:25:43,830 --> 01:25:40,960

at and i actually had them developed

2470

01:25:45,030 --> 01:25:43,840

to actually just digital off that and it

2471

01:25:48,470 --> 01:25:45,040

was someone that

2472

01:25:51,750 --> 01:25:48,480

you could see in the 50s and 60s

2473

01:25:53,830 --> 01:25:51,760

learning to fake ufo photos with

2474

01:25:55,590 --> 01:25:53,840

double exposures and manipulating

2475

01:25:57,030 --> 01:25:55,600

negatives and stuff like that

2476

01:25:59,270 --> 01:25:57,040

and that was really an interesting thing

2477

01:26:01,669 --> 01:25:59,280

that that i mean that i came across that

2478

01:26:03,270 --> 01:26:01,679

i was like oh my god this is awesome

2479

01:26:05,669 --> 01:26:03,280

and then it was fake and that was still

2480

01:26:07,270 --> 01:26:05,679

really awesome to me because you can see

2481

01:26:08,550 --> 01:26:07,280

how people i know that's not the exact

2482

01:26:09,830 --> 01:26:08,560

answer you're looking for but that was

2483

01:26:11,189 --> 01:26:09,840

the one that's within the

2484

01:26:13,270 --> 01:26:11,199

this last year that really got me

2485

01:26:16,470 --> 01:26:13,280

excited was you know

2486

01:26:17,830 --> 01:26:16,480

seeing how the yesteryear people

2487

01:26:19,430 --> 01:26:17,840

faked things because that's kind of been

2488

01:26:20,830 --> 01:26:19,440

a thing that we've talked about in this

2489

01:26:25,510 --> 01:26:20,840

episode

2490

01:26:27,669 --> 01:26:25,520

yeah was this a roswell slides part d

2491

01:26:29,510 --> 01:26:27,679

yeah it was like there was actually some

2492

01:26:30,149 --> 01:26:29,520

stuff from vegas and some stuff from

2493

01:26:31,910 --> 01:26:30,159

like

2494

01:26:33,350 --> 01:26:31,920

whoever had done it had taken photos

2495

01:26:35,350 --> 01:26:33,360

from all over the nation

2496

01:26:36,950 --> 01:26:35,360

at places where you could see like this

2497

01:26:38,790 --> 01:26:36,960

is such and such because there's a sign

2498

01:26:41,110 --> 01:26:38,800

in the background you know so like

2499

01:26:41,990 --> 01:26:41,120

made sure that they got the the

2500

01:26:43,990 --> 01:26:42,000

landmarks

2501  
01:26:45,510 --> 01:26:44,000  
in there right so you could see them and

2502  
01:26:48,629 --> 01:26:45,520  
then it was just billy meyer flying

2503  
01:26:52,390 --> 01:26:51,430  
they were legit pretty cool like i'd say

2504  
01:26:56,229 --> 01:26:52,400  
just generally like the

2505  
01:26:57,350 --> 01:26:56,239  
the um all those old stuff scott style

2506  
01:27:00,709 --> 01:26:57,360  
ufo

2507  
01:27:02,149 --> 01:27:00,719  
pics like that are so sweet that like

2508  
01:27:03,750 --> 01:27:02,159  
dude you got it brent you gotta grab

2509  
01:27:06,950 --> 01:27:03,760  
them you gotta get those man

2510  
01:27:09,669 --> 01:27:06,960  
yeah i got him i've got him you got him

2511  
01:27:11,810 --> 01:27:09,679  
you got to do something with them man in

2512  
01:27:15,910 --> 01:27:11,820  
mexico city who i'm sure

2513  
01:27:17,910 --> 01:27:15,920

[Laughter]

2514

01:27:23,669 --> 01:27:17,920

i hear he's into alien mummies but maybe

2515

01:27:29,990 --> 01:27:26,709

human remains to sell illegally

2516

01:27:30,870 --> 01:27:30,000

yeah so there's actually i think

2517

01:27:33,030 --> 01:27:30,880

probably the best

2518

01:27:34,550 --> 01:27:33,040

so actually it's really interesting the

2519

01:27:36,629 --> 01:27:34,560

story went really under the radar this

2520

01:27:38,390 --> 01:27:36,639

year but we actually found out why most

2521

01:27:39,110 --> 01:27:38,400

of mufon's new cases don't go out there

2522

01:27:42,470 --> 01:27:39,120

to the public

2523

01:27:44,629 --> 01:27:42,480

anymore this year um and it seems like

2524

01:27:45,910 --> 01:27:44,639

it's because they

2525

01:27:47,669 --> 01:27:45,920

are holding them to try to get

2526

01:27:50,470 --> 01:27:47,679

documentaries made yeah

2527

01:27:52,390 --> 01:27:50,480

yeah so that's probably why there aren't

2528

01:27:55,350 --> 01:27:52,400

so many new cases out there

2529

01:27:57,189 --> 01:27:55,360

but another reason or i know but i think

2530

01:27:58,470 --> 01:27:57,199

that's why for me at least the best new

2531

01:27:59,990 --> 01:27:58,480

cases that i've heard of have come from

2532

01:28:02,709 --> 01:28:00,000

independent researchers like

2533

01:28:03,750 --> 01:28:02,719

like nk cranda who we actually had an

2534

01:28:06,950 --> 01:28:03,760

experimenter on

2535

01:28:09,669 --> 01:28:06,960

our show um named jake who had like

2536

01:28:10,149 --> 01:28:09,679

a just has an amazing story yeah and a

2537

01:28:11,750 --> 01:28:10,159

really

2538

01:28:13,990 --> 01:28:11,760

interesting outlook too you know where

2539

01:28:18,390 --> 01:28:14,000

he's describing

2540

01:28:21,510 --> 01:28:18,400

where he

2541

01:28:23,270 --> 01:28:21,520

woke up and then

2542

01:28:24,790 --> 01:28:23,280

is outside of his house he remembers

2543

01:28:26,229 --> 01:28:24,800

like a light taking him he remembers

2544

01:28:29,270 --> 01:28:26,239

waking up in a field and

2545

01:28:30,310 --> 01:28:29,280

in trees and whatever and then he wakes

2546

01:28:32,709 --> 01:28:30,320

up as a kid

2547

01:28:34,310 --> 01:28:32,719

locked outside of his home and he has to

2548

01:28:36,310 --> 01:28:34,320

run back home and like get the door

2549

01:28:38,790 --> 01:28:36,320

unlocked for him and everything else

2550

01:28:39,590 --> 01:28:38,800

um you know normally that's the kind of

2551

01:28:42,629 --> 01:28:39,600

story that i would

2552

01:28:44,390 --> 01:28:42,639

hear and be like yeah okay right but

2553

01:28:45,910 --> 01:28:44,400

talking to this person and then kind of

2554

01:28:49,350 --> 01:28:45,920

vetting his background a little bit

2555

01:28:50,629 --> 01:28:49,360

and um i don't know man

2556

01:28:52,070 --> 01:28:50,639

maybe it's just because i had that

2557

01:28:54,070 --> 01:28:52,080

personal experience with this this

2558

01:28:56,550 --> 01:28:54,080

person and talk to them one-on-one

2559

01:28:58,390 --> 01:28:56,560

but for me that was a story that really

2560

01:29:00,229 --> 01:28:58,400

i think made a big impression on me

2561

01:29:01,910 --> 01:29:00,239

and actually another one too that made a

2562

01:29:03,350 --> 01:29:01,920

big impression on me sorry to like take

2563

01:29:06,550 --> 01:29:03,360

up all the air time here

2564

01:29:07,430 --> 01:29:06,560

um on this question but i actually had a

2565

01:29:10,870 --> 01:29:07,440

really interesting

2566

01:29:16,629 --> 01:29:10,880

when i was still with

2567

01:29:17,590 --> 01:29:16,639

a guy out of here in minnesota claimed

2568

01:29:20,310 --> 01:29:17,600

that he was being

2569

01:29:21,669 --> 01:29:20,320

followed by craft and that his family

2570

01:29:25,030 --> 01:29:21,679

was becoming

2571

01:29:26,310 --> 01:29:25,040

really afraid and um like freaking out

2572

01:29:28,070 --> 01:29:26,320

everything else

2573

01:29:29,350 --> 01:29:28,080

and so the investigators followed up and

2574

01:29:30,629 --> 01:29:29,360

they took these photos and they brought

2575

01:29:32,149 --> 01:29:30,639

him to a meeting and we all heard from

2576

01:29:33,750 --> 01:29:32,159

him and everything else

2577

01:29:35,990 --> 01:29:33,760

and then it turned out that the guy was

2578

01:29:39,110 --> 01:29:36,000

actually when they investigated

2579

01:29:40,870 --> 01:29:39,120

um they found out that

2580

01:29:42,790 --> 01:29:40,880

all of it he lived near a private

2581

01:29:44,709 --> 01:29:42,800

airport

2582

01:29:46,229 --> 01:29:44,719

and so this was a person who was going

2583

01:29:47,990 --> 01:29:46,239

through like a deep

2584

01:29:49,510 --> 01:29:48,000

traumatic experience like

2585

01:29:52,390 --> 01:29:49,520

psychologically

2586

01:29:53,910 --> 01:29:52,400

um but was seeing these craft and

2587

01:29:55,110 --> 01:29:53,920

everything else and he was seeing a real

2588

01:29:57,110 --> 01:29:55,120

thing he was seeing real things he was

2589

01:29:59,750 --> 01:29:57,120

just misconstruing them

2590

01:30:02,629 --> 01:29:59,760

but being with or talking to the

2591

01:30:05,750 --> 01:30:02,639

investigators and seeing how

2592

01:30:08,070 --> 01:30:05,760

how how well i think they handled that

2593

01:30:09,669 --> 01:30:08,080

and how compassionate they were and it

2594

01:30:11,590 --> 01:30:09,679

just again kind of like reinforced for

2595

01:30:13,830 --> 01:30:11,600

me that these are real people

2596

01:30:15,669 --> 01:30:13,840

that you need to take at least if you

2597

01:30:17,030 --> 01:30:15,679

can't take their story seriously or you

2598

01:30:19,270 --> 01:30:17,040

don't believe their story

2599

01:30:20,709 --> 01:30:19,280

you can at least treat them with respect

2600

01:30:22,870 --> 01:30:20,719

you know and empathy

2601

01:30:24,709 --> 01:30:22,880

um well that's the thing i think that nk

2602

01:30:25,430 --> 01:30:24,719

crana does really well is she humanizes

2603

01:30:27,830 --> 01:30:25,440

these things

2604

01:30:30,390 --> 01:30:27,840

yeah absolutely and that's important

2605

01:30:32,629 --> 01:30:30,400

yeah yeah one of the most uh humanizing

2606

01:30:34,709 --> 01:30:32,639

i guess or revelatory experience i had

2607

01:30:36,149 --> 01:30:34,719

was at an alien con event where chris

2608

01:30:39,350 --> 01:30:36,159

was in the audience

2609

01:30:41,830 --> 01:30:39,360

and uh jason and i had experiencers from

2610

01:30:44,149 --> 01:30:41,840

every spectrum bringing us stories of

2611

01:30:44,950 --> 01:30:44,159

abductions and close enclosure encounter

2612

01:30:47,669 --> 01:30:44,960

claims

2613

01:30:49,110 --> 01:30:47,679

and they all almost chris you you can

2614

01:30:50,470 --> 01:30:49,120

vouch for this almost every one of them

2615

01:30:52,070 --> 01:30:50,480

said well i'm working with this

2616

01:30:53,110 --> 01:30:52,080

hypnotherapist i'm working with this

2617

01:30:57,750 --> 01:30:53,120

hypnotherapist

2618

01:31:00,470 --> 01:30:57,760

chris in the audience i could see

2619

01:31:01,189 --> 01:31:00,480

him getting like enraged like are you

2620

01:31:03,830 --> 01:31:01,199

kidding me

2621

01:31:04,790 --> 01:31:03,840

and it was it was a weird moment for me

2622

01:31:07,510 --> 01:31:04,800

up there being like

2623

01:31:08,390 --> 01:31:07,520

okay i can't just tell this person like

2624

01:31:11,430 --> 01:31:08,400

you know

2625

01:31:13,750 --> 01:31:11,440

don't do that you're being damaged

2626

01:31:15,590 --> 01:31:13,760

but chris got up and he said like i'm

2627

01:31:16,310 --> 01:31:15,600

sorry i just have to say this flat out

2628

01:31:22,629 --> 01:31:16,320

like

2629

01:31:24,790 --> 01:31:22,639

was misconstruing something and was

2630

01:31:26,310 --> 01:31:24,800

having actual traumatic experiences

2631

01:31:28,390 --> 01:31:26,320

so were probably a lot of those

2632

01:31:30,709 --> 01:31:28,400

experiencers at this alien con event

2633

01:31:31,590 --> 01:31:30,719

but when you're you're in this bubble of

2634

01:31:33,990 --> 01:31:31,600

believers

2635

01:31:36,229 --> 01:31:34,000

for three days straight and you have

2636

01:31:38,950 --> 01:31:36,239

actual hypnotherapists at this event

2637

01:31:39,669 --> 01:31:38,960

doing sessions with people um that's a

2638

01:31:43,110 --> 01:31:39,679

problem

2639

01:31:46,149 --> 01:31:43,120

with every day of

2640

01:31:48,390 --> 01:31:46,159

talking to experiencers is you know

2641

01:31:49,189 --> 01:31:48,400

should they do something like that is it

2642

01:31:51,430 --> 01:31:49,199

ethical

2643

01:31:52,709 --> 01:31:51,440

um and what i think is the safest thing

2644

01:31:55,030 --> 01:31:52,719

to do and what chris

2645

01:31:56,149 --> 01:31:55,040

said to these people is go to an actual

2646

01:31:57,830 --> 01:31:56,159

therapist

2647

01:32:00,070 --> 01:31:57,840

or work through your problems with

2648

01:32:00,390 --> 01:32:00,080

someone don't go to someone who's gonna

2649

01:32:03,590 --> 01:32:00,400

say

2650

01:32:05,430 --> 01:32:03,600

you were abducted by aliens you saw um

2651  
01:32:07,189 --> 01:32:05,440  
you know a tall white alien from the

2652  
01:32:10,470 --> 01:32:07,199  
pleiades i i don't know

2653  
01:32:13,030 --> 01:32:10,480  
so that was a big moment for me um and

2654  
01:32:13,990 --> 01:32:13,040  
i have to thank chris for doing that

2655  
01:32:15,910 --> 01:32:14,000  
thank you man

2656  
01:32:19,350 --> 01:32:15,920  
well it's just you know what it is is

2657  
01:32:21,350 --> 01:32:19,360  
it's it feels like if you

2658  
01:32:22,870 --> 01:32:21,360  
like kierkegaard there's a philosopher

2659  
01:32:24,629 --> 01:32:22,880  
of of a theo

2660  
01:32:26,070 --> 01:32:24,639  
theologian philosopher or whatever soren

2661  
01:32:27,750 --> 01:32:26,080  
kierkegaard who

2662  
01:32:29,350 --> 01:32:27,760  
was a christian philosopher but also an

2663  
01:32:30,870 --> 01:32:29,360

existentialist or like

2664

01:32:32,470 --> 01:32:30,880

he wasn't really he's like considered

2665

01:32:33,990 --> 01:32:32,480

one of the earlier existentialists but

2666

01:32:35,590 --> 01:32:34,000

never gave himself that name or anything

2667

01:32:37,910 --> 01:32:35,600

but whatever

2668

01:32:39,990 --> 01:32:37,920

um but he has this like methodology of

2669

01:32:42,550 --> 01:32:40,000

analyzing his religious beliefs

2670

01:32:44,229 --> 01:32:42,560

by like dashing them against the hardest

2671

01:32:46,229 --> 01:32:44,239

rocks he can find

2672

01:32:47,910 --> 01:32:46,239

and seeing if he still believes after

2673

01:32:48,709 --> 01:32:47,920

all of that right and so he has this

2674

01:32:52,149 --> 01:32:48,719

book

2675

01:32:53,510 --> 01:32:52,159

called um it's called fear and trembling

2676

01:32:54,229 --> 01:32:53,520

i think it's a really long quote at the

2677

01:32:55,350 --> 01:32:54,239

beginning

2678

01:32:57,350 --> 01:32:55,360

but it's a really great piece of

2679

01:33:00,310 --> 01:32:57,360

philosophy and it talks about

2680

01:33:02,470 --> 01:33:00,320

the binding of isaac and how that what

2681

01:33:06,070 --> 01:33:02,480

must have that been like for

2682

01:33:07,669 --> 01:33:06,080

um for isaac and for abraham to be asked

2683

01:33:08,070 --> 01:33:07,679

by god to give up your only son and then

2684

01:33:11,189 --> 01:33:08,080

to do

2685

01:33:11,830 --> 01:33:11,199

god come down and be like well just

2686

01:33:13,510 --> 01:33:11,840

kidding

2687

01:33:15,830 --> 01:33:13,520

oh my god you were gonna do it that's

2688

01:33:17,430 --> 01:33:15,840

crazy what are you doing bro

2689

01:33:18,870 --> 01:33:17,440

i would never ask you to do that bro i'm

2690

01:33:22,310 --> 01:33:18,880

the good guy of the story

2691

01:33:25,430 --> 01:33:22,320

um but so but like sarcasm

2692

01:33:27,669 --> 01:33:25,440

right yeah slash ass slash s bro so

2693

01:33:29,910 --> 01:33:27,679

you know in my mind the same thing is is

2694

01:33:32,229 --> 01:33:29,920

true here we have these beliefs if

2695

01:33:33,030 --> 01:33:32,239

you should try all other options first

2696

01:33:36,229 --> 01:33:33,040

to be like

2697

01:33:38,470 --> 01:33:36,239

rule out all the possibilities

2698

01:33:39,510 --> 01:33:38,480

if the possible is gone all you're left

2699

01:33:42,950 --> 01:33:39,520

with is

2700

01:33:47,430 --> 01:33:42,960

saying to use the scientific method

2701  
01:33:51,350 --> 01:33:47,440  
maybe i am minds are being blown here

2702  
01:33:53,910 --> 01:33:51,360  
um uh one of the coolest things about

2703  
01:33:54,790 --> 01:33:53,920  
doing being on the internal review board

2704  
01:33:57,350 --> 01:33:54,800  
and like

2705  
01:33:57,910 --> 01:33:57,360  
going through those cases was seeing how

2706  
01:34:00,070 --> 01:33:57,920  
they were

2707  
01:34:01,189 --> 01:34:00,080  
kind of investigated in real time and

2708  
01:34:04,229 --> 01:34:01,199  
one of the uh

2709  
01:34:04,790 --> 01:34:04,239  
investigators that i really enjoyed his

2710  
01:34:06,870 --> 01:34:04,800  
work

2711  
01:34:08,310 --> 01:34:06,880  
uh there's a guy named eric hartwig he's

2712  
01:34:10,390 --> 01:34:08,320  
a mufon

2713  
01:34:11,830 --> 01:34:10,400

state director out of massachusetts he

2714

01:34:14,870 --> 01:34:11,840

did impeccable work he

2715

01:34:15,830 --> 01:34:14,880

uh he actually recorded phone calls with

2716

01:34:18,390 --> 01:34:15,840

the witnesses which

2717

01:34:19,430 --> 01:34:18,400

uh you know i listened to uh many times

2718

01:34:22,790 --> 01:34:19,440

and

2719

01:34:25,830 --> 01:34:22,800

one case that was fascinating to me uh

2720

01:34:29,030 --> 01:34:25,840

is this case in in of this graphic

2721

01:34:31,590 --> 01:34:29,040

artist who was going home and

2722

01:34:33,830 --> 01:34:31,600

he ended up seeing this black triangle

2723

01:34:35,669 --> 01:34:33,840

but what was cool on it is it had like a

2724

01:34:37,110 --> 01:34:35,679

stabilizer on it and i'll share the

2725

01:34:39,750 --> 01:34:37,120

image with you guys

2726

01:34:41,109 --> 01:34:39,760

here in a second because like i i i'm

2727

01:34:41,910 --> 01:34:41,119

like blown away by this because it's

2728

01:34:43,430 --> 01:34:41,920

like

2729

01:34:45,510 --> 01:34:43,440

i've never heard of a black triangle

2730

01:34:47,109 --> 01:34:45,520

with like a stabilizer on it so

2731

01:34:49,350 --> 01:34:47,119

i remember when you saw that you like

2732

01:34:52,629 --> 01:34:49,360

sent the the picture all giddy

2733

01:34:55,669 --> 01:34:52,639

on facebook i love this picture but

2734

01:34:58,470 --> 01:34:55,679

uh yeah there it is it's uh

2735

01:35:00,950 --> 01:34:58,480

got a tail fin on it which is uh really

2736

01:35:03,669 --> 01:35:00,960

cool and like uh i listened to the

2737

01:35:05,669 --> 01:35:03,679

audio of the interview that uh eric

2738

01:35:08,470 --> 01:35:05,679

hartwig did with the guy and he's like

2739

01:35:09,750 --> 01:35:08,480

i saw it my wife saw it a friend of mine

2740

01:35:11,910 --> 01:35:09,760

saw it and i'm sure

2741

01:35:13,510 --> 01:35:11,920

many of people that were on the highway

2742

01:35:17,109 --> 01:35:13,520

saw it that night and

2743

01:35:20,229 --> 01:35:17,119

uh i think one of the underlying

2744

01:35:20,870 --> 01:35:20,239

problems with these kind of mass

2745

01:35:25,750 --> 01:35:20,880

sightings

2746

01:35:27,669 --> 01:35:25,760

in this general time period is that

2747

01:35:29,750 --> 01:35:27,679

unless they report it you don't know who

2748

01:35:30,070 --> 01:35:29,760

witnessed it who else witnessed it which

2749

01:35:33,189 --> 01:35:30,080

is

2750

01:35:33,510 --> 01:35:33,199

you know a definite problem but uh like

2751  
01:35:37,189 --> 01:35:33,520  
this

2752  
01:35:39,910 --> 01:35:37,199  
that we did uh i really

2753  
01:35:40,950 --> 01:35:39,920  
i really loved the hell out of but uh so

2754  
01:35:43,510 --> 01:35:40,960  
um

2755  
01:35:44,790 --> 01:35:43,520  
moving on to another question my lead

2756  
01:35:47,750 --> 01:35:44,800  
researcher rory

2757  
01:35:49,750 --> 01:35:47,760  
asks excluding anyone on the panel whose

2758  
01:35:55,350 --> 01:35:49,760  
work within the ufo field do you find

2759  
01:35:55,360 --> 01:36:00,470  
hmm no one

2760  
01:36:05,990 --> 01:36:03,830  
our silence says it all i guess i

2761  
01:36:07,270 --> 01:36:06,000  
i really like i really like william

2762  
01:36:09,430 --> 01:36:07,280  
paulin

2763  
01:36:11,270 --> 01:36:09,440

yeah he's commenting in here i love

2764

01:36:12,790 --> 01:36:11,280

william paulin great guy

2765

01:36:14,390 --> 01:36:12,800

because our buddy is watching i'll say i

2766

01:36:16,870 --> 01:36:14,400

love him too there we go

2767

01:36:17,750 --> 01:36:16,880

yep see i i really like nk cranda i

2768

01:36:19,510 --> 01:36:17,760

think she's doing really good

2769

01:36:21,430 --> 01:36:19,520

i love you william i do think that she's

2770

01:36:23,590 --> 01:36:21,440

doing a great job and yeah william

2771

01:36:25,270 --> 01:36:23,600

not only am i a fan i love that you

2772

01:36:27,270 --> 01:36:25,280

quote yourself quoting yourself when you

2773

01:36:29,189 --> 01:36:27,280

repost stuff

2774

01:36:30,629 --> 01:36:29,199

and i want to be able to do that someday

2775

01:36:32,870 --> 01:36:30,639

so that i like

2776

01:36:34,629 --> 01:36:32,880

yeah i'll throw a couple names out there

2777

01:36:37,270 --> 01:36:34,639

i think uh frank kimbler

2778

01:36:39,109 --> 01:36:37,280

is uh the geoscientist doing amazing

2779

01:36:41,830 --> 01:36:39,119

work on the roswell incident

2780

01:36:43,109 --> 01:36:41,840

um still out there digging looking for

2781

01:36:46,310 --> 01:36:43,119

[h\_\_\h] which is awesome

2782

01:36:47,990 --> 01:36:46,320

and finding stuff um and look if you're

2783

01:36:49,189 --> 01:36:48,000

looking for scientific method that's all

2784

01:36:52,229 --> 01:36:49,199

this guy does

2785

01:36:53,669 --> 01:36:52,239

so um and there's other move on field

2786

01:36:56,709 --> 01:36:53,679

investigators

2787

01:36:58,470 --> 01:36:56,719

that's the other thing individual mufon

2788

01:37:01,030 --> 01:36:58,480

field investigators is one thing

2789

01:37:01,830 --> 01:37:01,040

mufon as an organization is another

2790

01:37:04,950 --> 01:37:01,840

there are some

2791

01:37:05,590 --> 01:37:04,960

incredible field investigators in every

2792

01:37:08,390 --> 01:37:05,600

state

2793

01:37:10,070 --> 01:37:08,400

um like mr shane heard in arizona i just

2794

01:37:11,910 --> 01:37:10,080

want to give a shout out to shane hurd

2795

01:37:12,790 --> 01:37:11,920

who's one of our rogue planetees over

2796

01:37:14,790 --> 01:37:12,800

at rogue planet

2797

01:37:16,870 --> 01:37:14,800

yep uh earl grey who's the assistant

2798

01:37:19,590 --> 01:37:16,880

state director of arizona by the way yep

2799

01:37:20,870 --> 01:37:19,600

yep earl's a great guy those two are the

2800

01:37:21,910 --> 01:37:20,880

only ones coming to mind right now for

2801  
01:37:23,590 --> 01:37:21,920  
me but um

2802  
01:37:26,310 --> 01:37:23,600  
you know you look at the work of erica

2803  
01:37:28,310 --> 01:37:26,320  
luke's um chase klutzke i mean these are

2804  
01:37:31,270 --> 01:37:28,320  
people who've been doing this for years

2805  
01:37:31,750 --> 01:37:31,280  
and um kind of get you know pushed down

2806  
01:37:35,030 --> 01:37:31,760  
by

2807  
01:37:37,669 --> 01:37:35,040  
um the more sensational cases

2808  
01:37:38,149 --> 01:37:37,679  
or for whatever reason get pushed down

2809  
01:37:39,669 --> 01:37:38,159  
by

2810  
01:37:41,430 --> 01:37:39,679  
people doing what they're doing you know

2811  
01:37:44,310 --> 01:37:41,440  
it's it's unfortunate

2812  
01:37:44,870 --> 01:37:44,320  
yeah absolutely absolutely so uh yeah

2813  
01:37:47,109 --> 01:37:44,880

william

2814

01:37:48,470 --> 01:37:47,119

uh he has another question why do some

2815

01:37:50,470 --> 01:37:48,480

ufo researchers

2816

01:37:52,229 --> 01:37:50,480

darryl sims comes to mind never publish

2817

01:37:55,270 --> 01:37:52,239

their investigative reports

2818

01:37:58,310 --> 01:37:55,280

including parties involved

2819

01:38:00,830 --> 01:37:58,320

that is a fantastic question uh

2820

01:38:03,270 --> 01:38:00,840

ridicule i think a desire to not be

2821

01:38:05,030 --> 01:38:03,280

ridiculed um

2822

01:38:06,790 --> 01:38:05,040

the reason that we pick apart everything

2823

01:38:08,149 --> 01:38:06,800

i think you know a lot of times they

2824

01:38:09,910 --> 01:38:08,159

want to

2825

01:38:11,350 --> 01:38:09,920

protect the people that they've been

2826

01:38:12,950 --> 01:38:11,360

through but then again

2827

01:38:15,270 --> 01:38:12,960

that is also setting everyone back

2828

01:38:15,990 --> 01:38:15,280

because if there is great research being

2829

01:38:18,229 --> 01:38:16,000

done we have no

2830

01:38:19,430 --> 01:38:18,239

way to compare to other sightings to

2831

01:38:21,590 --> 01:38:19,440

find trends to

2832

01:38:24,310 --> 01:38:21,600

to look through things like that so it's

2833

01:38:26,550 --> 01:38:24,320

a double-edged sword to me at least

2834

01:38:28,149 --> 01:38:26,560

i think rainy day fund is another phrase

2835

01:38:29,990 --> 01:38:28,159

that comes to mind too

2836

01:38:31,830 --> 01:38:30,000

i think a lot of researchers hold these

2837

01:38:33,350 --> 01:38:31,840

cases so close to the chest

2838

01:38:35,510 --> 01:38:33,360

and they're just waiting for when they

2839

01:38:36,149 --> 01:38:35,520

can you know put it out there and what

2840

01:38:40,229 --> 01:38:36,159

they can

2841

01:38:42,390 --> 01:38:40,239

kind of sad when you think about it

2842

01:38:43,590 --> 01:38:42,400

um you know if if they haven't come out

2843

01:38:47,189 --> 01:38:43,600

with something in a long time

2844

01:38:48,629 --> 01:38:47,199

oh i'll i'll bring this out right now um

2845

01:38:50,870 --> 01:38:48,639

so i think that's another struggle in

2846

01:38:53,990 --> 01:38:50,880

the field is uh transparency

2847

01:38:54,550 --> 01:38:54,000

and um and sharing information you know

2848

01:38:56,709 --> 01:38:54,560

whenever

2849

01:38:58,950 --> 01:38:56,719

i find something i always go to jason

2850

01:39:00,470 --> 01:38:58,960

and rob um first to be like have you

2851  
01:39:03,270 --> 01:39:00,480  
heard about this before

2852  
01:39:04,709 --> 01:39:03,280  
um should i steer clear or is this

2853  
01:39:07,030 --> 01:39:04,719  
something i should pursue

2854  
01:39:08,629 --> 01:39:07,040  
um so yeah i think you know things like

2855  
01:39:10,950 --> 01:39:08,639  
this doing panels

2856  
01:39:12,470 --> 01:39:10,960  
and just like sharing information i

2857  
01:39:15,270 --> 01:39:12,480  
think is really important

2858  
01:39:15,750 --> 01:39:15,280  
and i feel like a lot of the um i don't

2859  
01:39:17,189 --> 01:39:15,760  
i don't

2860  
01:39:18,550 --> 01:39:17,199  
ever want to put down the old guard

2861  
01:39:19,109 --> 01:39:18,560  
because we've learned everything from

2862  
01:39:22,149 --> 01:39:19,119  
them

2863  
01:39:26,149 --> 01:39:22,159

they're more

2864

01:39:29,189 --> 01:39:26,159

that those cases uh

2865

01:39:30,629 --> 01:39:29,199

in so um yeah yeah

2866

01:39:31,830 --> 01:39:30,639

that's kind of my two cents on it i

2867

01:39:33,189 --> 01:39:31,840

think the case is different for

2868

01:39:34,870 --> 01:39:33,199

everybody right everybody's an

2869

01:39:36,070 --> 01:39:34,880

individual they do different things for

2870

01:39:38,709 --> 01:39:36,080

different reasons

2871

01:39:40,470 --> 01:39:38,719

and i know daryl daryl's a a sweetheart

2872

01:39:43,270 --> 01:39:40,480

of a man i love the guy

2873

01:39:43,910 --> 01:39:43,280

but uh yeah i mean william makes a good

2874

01:39:46,550 --> 01:39:43,920

point

2875

01:39:48,310 --> 01:39:46,560

and his reasons for not publishing his

2876

01:39:50,070 --> 01:39:48,320

work i don't know what they are so not

2877

01:39:52,950 --> 01:39:50,080

speaking about him specifically

2878

01:39:54,629 --> 01:39:52,960

but others i can see in this field you

2879

01:39:56,149 --> 01:39:54,639

have a lot of

2880

01:39:57,669 --> 01:39:56,159

i guess i'll call them professional

2881

01:40:00,629 --> 01:39:57,679

people and then some

2882

01:40:02,229 --> 01:40:00,639

not so professional people who you know

2883

01:40:03,990 --> 01:40:02,239

have just picked up this topic

2884

01:40:06,149 --> 01:40:04,000

and they're doing it and they do what

2885

01:40:07,510 --> 01:40:06,159

they do the way they know how to do it

2886

01:40:09,109 --> 01:40:07,520

and they might not be in it for

2887

01:40:10,870 --> 01:40:09,119

publicity but even if they are they

2888

01:40:13,430 --> 01:40:10,880

might not think about

2889

01:40:14,470 --> 01:40:13,440

publishing a paper or or doing things a

2890

01:40:16,470 --> 01:40:14,480

certain way

2891

01:40:18,790 --> 01:40:16,480

they're just doing what they do with

2892

01:40:20,950 --> 01:40:18,800

their investigations in their own style

2893

01:40:21,990 --> 01:40:20,960

then going around to different

2894

01:40:23,750 --> 01:40:22,000

conventions and things

2895

01:40:25,669 --> 01:40:23,760

and showing off what they've discovered

2896

01:40:27,590 --> 01:40:25,679

and or talking on tv shows and

2897

01:40:28,950 --> 01:40:27,600

you know the various routes so people do

2898

01:40:30,310 --> 01:40:28,960

things different ways

2899

01:40:32,149 --> 01:40:30,320

i don't pretend to know the motives

2900

01:40:34,070 --> 01:40:32,159

behind those but uh

2901  
01:40:36,229 --> 01:40:34,080  
i think the obvious with some people is

2902  
01:40:37,510 --> 01:40:36,239  
that they know if they were to publish

2903  
01:40:39,590 --> 01:40:37,520  
and try to get peer review

2904  
01:40:40,709 --> 01:40:39,600  
they would get ripped to shreds yeah

2905  
01:40:42,709 --> 01:40:40,719  
yeah absolutely and

2906  
01:40:44,709 --> 01:40:42,719  
and i think like when it comes to like

2907  
01:40:46,709 --> 01:40:44,719  
the preeminent investigators

2908  
01:40:48,070 --> 01:40:46,719  
and some of the cases that they have

2909  
01:40:49,910 --> 01:40:48,080  
worked on and i think one that

2910  
01:40:53,270 --> 01:40:49,920  
immediately comes to mind is

2911  
01:40:54,149 --> 01:40:53,280  
linda napolitano's case like that case

2912  
01:40:56,390 --> 01:40:54,159  
kind of

2913  
01:40:58,790 --> 01:40:56,400

i i think ruined the credibility of bud

2914

01:41:00,709 --> 01:40:58,800

hopkins for a lot of people just because

2915

01:41:02,149 --> 01:41:00,719

of the way that he presented his

2916

01:41:05,189 --> 01:41:02,159

information and

2917

01:41:07,030 --> 01:41:05,199

the way that um you know like no

2918

01:41:08,229 --> 01:41:07,040

no there's 22 witnesses we don't know

2919

01:41:10,470 --> 01:41:08,239

who the hell they are

2920

01:41:12,149 --> 01:41:10,480

they they contacted you anonymously

2921

01:41:14,149 --> 01:41:12,159

through letter and all this stuff and

2922

01:41:16,229 --> 01:41:14,159

there's like some weird love triangle

2923

01:41:18,310 --> 01:41:16,239

that's happening here and like i've been

2924

01:41:20,229 --> 01:41:18,320

i've been blasted for my critical

2925

01:41:22,470 --> 01:41:20,239

opinions of bud hopkins i think he was

2926

01:41:23,669 --> 01:41:22,480

a a fantastic researcher don't get me

2927

01:41:25,350 --> 01:41:23,679

wrong but i think

2928

01:41:28,229 --> 01:41:25,360

he went down a line of thinking that

2929

01:41:31,990 --> 01:41:28,239

kind of like i don't know soiled it

2930

01:41:34,870 --> 01:41:32,000

in in a way but uh yeah

2931

01:41:35,910 --> 01:41:34,880

motives are uh you know everybody's got

2932

01:41:39,669 --> 01:41:35,920

a different motive

2933

01:41:41,430 --> 01:41:39,679

in this case and uh we can't uh also

2934

01:41:42,870 --> 01:41:41,440

like leave out the fact that sometimes

2935

01:41:44,550 --> 01:41:42,880

money has to do with it

2936

01:41:46,390 --> 01:41:44,560

so i'm all about the money yeah

2937

01:41:49,990 --> 01:41:46,400

absolutely absolutely like

2938

01:41:51,750 --> 01:41:50,000

uh speaking of uh the you guys are not

2939

01:41:54,790 --> 01:41:51,760

getting paid for this just so you know i

2940

01:42:01,830 --> 01:41:54,800

am uh uh i'm well i'm getting

2941

01:42:04,229 --> 01:42:01,840

interference here

2942

01:42:05,189 --> 01:42:04,239

um but uh yeah like different

2943

01:42:07,189 --> 01:42:05,199

motivations i

2944

01:42:09,510 --> 01:42:07,199

definitely think play a part in this uh

2945

01:42:10,709 --> 01:42:09,520

desdemona said put this panel on a shirt

2946

01:42:24,950 --> 01:42:10,719

and i think we should we should

2947

01:42:28,310 --> 01:42:26,470

i think this is where we're gonna we're

2948

01:42:31,830 --> 01:42:28,320

gonna wrap it for this first

2949

01:42:34,310 --> 01:42:31,840

edition of the blue ribbon panel so

2950

01:42:35,910 --> 01:42:34,320

uh thank you all for coming on this was

2951

01:42:38,950 --> 01:42:35,920

this was super fun to do

2952

01:42:42,310 --> 01:42:38,960

it was a lot of fun thanks for having us

2953

01:42:45,750 --> 01:42:42,320

thanks man it's so good absolutely um

2954

01:42:46,790 --> 01:42:45,760

yeah folks and um yeah don't forget to

2955

01:42:49,189 --> 01:42:46,800

look up

2956

01:42:50,310 --> 01:42:49,199

support your local ufologist yeah

2957

01:42:53,189 --> 01:42:50,320

support your

2958

01:42:55,030 --> 01:42:53,199

apology keep looking up you never know

2959

01:42:56,229 --> 01:42:55,040

what you'll find in our strange skies

2960

01:42:57,910 --> 01:42:56,239

and you never know what you'll find on

2961

01:43:00,470 --> 01:42:57,920

your computer screen when five guys get

2962

01:43:10,490 --> 01:43:00,480

together and just talk about ufos

2963

01:43:22,830 --> 01:43:10,500

in gray we trust

2964

01:43:25,530 --> 01:43:22,840

[Music]

2965

01:43:40,050 --> 01:43:25,540

so

2966

01:43:45,220 --> 01:43:43,530

[Music]
