1  
00:00:03,990 --> 00:00:01,189  
you know this gets to the whole point

2  
00:00:04,789 --> 00:00:04,000  
right about um putting scientific rigor

3  
00:00:06,550 --> 00:00:04,799  
on all of this

4  
00:00:07,670 --> 00:00:06,560  
let's go now out front to robert powell

5  
00:00:09,190 --> 00:00:07,680  
executive board member for the

6  
00:00:11,589 --> 00:00:09,200  
scientific coalition

7  
00:00:13,190 --> 00:00:11,599  
for unidentified aerospace phenomena

8  
00:00:15,589 --> 00:00:13,200  
studies at uaps as

9  
00:00:16,790 --> 00:00:15,599  
as the scientists call them so robert

10  
00:00:18,310 --> 00:00:16,800  
look this is a much anticipated

11  
00:00:19,590 --> 00:00:18,320  
government report and it took a lot to

12  
00:00:21,590 --> 00:00:19,600  
get them to do this

13  
00:00:23,509 --> 00:00:21,600

so they're saying there's no evidence

14

00:00:24,150 --> 00:00:23,519

that the aerial phenomena that navy

15

00:00:25,830 --> 00:00:24,160

pilots

16

00:00:27,750 --> 00:00:25,840

have talked about seeing are alien

17

00:00:30,870 --> 00:00:27,760

spacecraft but yet they admit they have

18

00:00:32,709 --> 00:00:30,880

no explanation as to what they actually

19

00:00:33,990 --> 00:00:32,719

are so then i don't know how they don't

20

00:00:35,270 --> 00:00:34,000

know what they aren't but they're saying

21

00:00:38,630 --> 00:00:35,280

they don't know what they are

22

00:00:41,110 --> 00:00:38,640

what's your reaction to that well

23

00:00:43,750 --> 00:00:41,120

you really it's very difficult to

24

00:00:45,590 --> 00:00:43,760

believe what they've said and here's why

25

00:00:47,029 --> 00:00:45,600

they said one thing and that is that

26

00:00:50,630 --> 00:00:47,039

these are not u.s

27

00:00:53,590 --> 00:00:50,640

craft so that leaves china russia

28

00:00:55,270 --> 00:00:53,600

and basically some unknown intelligence

29

00:00:58,310 --> 00:00:55,280

but the next step after that

30

00:01:00,229 --> 00:00:58,320

is is it russian or chinese and

31

00:01:01,590 --> 00:01:00,239

what was in that new york times article

32

00:01:05,109 --> 00:01:01,600

that was so interesting

33

00:01:08,149 --> 00:01:05,119

is that they said there were 120

34

00:01:08,789 --> 00:01:08,159

incidents over the last 20 years we know

35

00:01:15,910 --> 00:01:08,799

of

36

00:01:18,469 --> 00:01:15,920

and one or two in 2019 where are these

37

00:01:19,350 --> 00:01:18,479

100 plus incidents that means the

38

00:01:23,429 --> 00:01:19,360

government has

39

00:01:25,749 --> 00:01:23,439

a huge amount of data and over 20 years

40

00:01:26,630 --> 00:01:25,759

with that many incidents we haven't

41

00:01:29,190 --> 00:01:26,640

figured out

42

00:01:31,190 --> 00:01:29,200

if it was the chinese or the russians we

43

00:01:33,109 --> 00:01:31,200

have the most sophisticated radar

44

00:01:34,630 --> 00:01:33,119

we have spy satellites all over the

45

00:01:37,190 --> 00:01:34,640

planet we would know

46

00:01:38,469 --> 00:01:37,200

where these objects originated and where

47

00:01:41,270 --> 00:01:38,479

they headed to

48

00:01:42,149 --> 00:01:41,280

if they came from china or russia we by

49

00:01:44,630 --> 00:01:42,159

now

50

00:01:45,990 --> 00:01:44,640

we should be able to have figured it out

51

00:01:48,630 --> 00:01:46,000

if we haven't

52

00:01:50,069 --> 00:01:48,640

that's concerning extremely concerning

53

00:01:51,990 --> 00:01:50,079

especially given as you point out this

54

00:01:55,270 --> 00:01:52,000

is over quite a long period of time

55

00:01:57,270 --> 00:01:55,280

so um that would indicate a level of of

56

00:01:58,630 --> 00:01:57,280

technological advancement that is uh

57

00:02:00,310 --> 00:01:58,640

extremely disturbing that we wouldn't

58

00:02:01,830 --> 00:02:00,320

even know or be able to identify

59

00:02:03,749 --> 00:02:01,840

so you know we talk about these navy

60

00:02:04,630 --> 00:02:03,759

pilots robert they spoke out to 60

61

00:02:06,709 --> 00:02:04,640

minutes

62

00:02:08,630 --> 00:02:06,719

about what they call a white tic tac

63

00:02:09,510 --> 00:02:08,640

object that they saw off the coast of

64

00:02:10,790 --> 00:02:09,520

san diego

65

00:02:14,309 --> 00:02:10,800

here's how they described this

66

00:02:17,830 --> 00:02:16,150

the tic-tacs don't point north-south it

67

00:02:19,910 --> 00:02:17,840

goes

68

00:02:21,750 --> 00:02:19,920

and just turns abruptly and starts

69

00:02:23,589 --> 00:02:21,760

mirroring me so as i'm coming down

70

00:02:25,430 --> 00:02:23,599

it starts coming up so it's it's

71

00:02:26,150 --> 00:02:25,440

mimicking your moves yeah it was where

72

00:02:27,830 --> 00:02:26,160

we were there

73

00:02:30,070 --> 00:02:27,840

so i go like this and it's climbing

74

00:02:31,910 --> 00:02:30,080

still and when it gets right in front of

75

00:02:36,390 --> 00:02:31,920

me it just disappears

76

00:02:38,229 --> 00:02:36,400

disappears disappears like gone

77

00:02:40,150 --> 00:02:38,239

so robert okay what do you think these

78

00:02:43,030 --> 00:02:40,160

objects actually are

79

00:02:44,470 --> 00:02:43,040

and what do we need to do to find out i

80

00:02:46,150 --> 00:02:44,480

would hope everyone could agree that

81

00:02:47,990 --> 00:02:46,160

it's not okay to say well we don't think

82

00:02:48,470 --> 00:02:48,000

it's aliens but we have no idea what it

83

00:02:52,150 --> 00:02:48,480

is like

84

00:02:54,390 --> 00:02:52,160

that's not acceptable as a conclusion

85

00:02:56,229 --> 00:02:54,400

yes you're absolutely right aaron we

86

00:02:58,390 --> 00:02:56,239

can't say we just don't know

87

00:03:00,149 --> 00:02:58,400

and just hope that whatever this is

88

00:03:02,830 --> 00:03:00,159

resolves itself

89

00:03:04,390 --> 00:03:02,840

uh the organization i represent we did a

90

00:03:07,270 --> 00:03:04,400

270 page

91

00:03:09,030 --> 00:03:07,280

paper on that specific event that

92

00:03:11,190 --> 00:03:09,040

involved commander fravor

93

00:03:13,270 --> 00:03:11,200

and we took not only his statement but

94

00:03:14,790 --> 00:03:13,280

the statements of commander slate

95

00:03:17,589 --> 00:03:14,800

and the other two pilots that were

96

00:03:20,149 --> 00:03:17,599

involved and using their statements

97

00:03:22,790 --> 00:03:20,159

if you believe them that this object

98

00:03:25,670 --> 00:03:22,800

disappeared in one to two seconds

99

00:03:28,470 --> 00:03:25,680

then you basically have accelerations

100

00:03:31,110 --> 00:03:28,480

that are hundreds to thousands of g's

101

00:03:33,030 --> 00:03:31,120

which is at least 100 years more

102

00:03:35,110 --> 00:03:33,040

advanced than anything we've got on the

103

00:03:36,710 --> 00:03:35,120

drawing board today

104

00:03:38,710 --> 00:03:36,720

it's an incredible and thought-provoking

105

00:03:40,390 --> 00:03:38,720

way to leave this obviously so many more

106

00:03:42,710 --> 00:03:40,400

questions to answer robert i appreciate
