

SOMEWHERE IN THE SKIES

THE UAP REPORT

≡≡≡ LIVESTREAM ≡≡≡

1
00:00:33,190 --> 00:00:23,580

[Music]

2
00:00:36,350 --> 00:00:33,670

this

3
00:00:42,830 --> 00:00:36,360

is somewhere in the skies with ryan

4
00:00:44,630 --> 00:00:42,840

[Music]

5
00:00:57,110 --> 00:00:44,640

spread

6
00:01:00,470 --> 00:00:59,189

hey what's going on guys ryan sprague

7
00:01:03,910 --> 00:01:00,480

here for

8
00:01:05,189 --> 00:01:03,920

this impromptu live stream this saturday

9
00:01:07,670 --> 00:01:05,199

morning good morning

10
00:01:09,270 --> 00:01:07,680

to everyone on the east coast uh very

11
00:01:10,310 --> 00:01:09,280

early good morning to those on the west

12
00:01:13,429 --> 00:01:10,320

coast and uh

13
00:01:14,469 --> 00:01:13,439

to any of our watchers or listeners or

14

00:01:17,190 --> 00:01:14,479

what have you over

15

00:01:18,310 --> 00:01:17,200

in europe uh good afternoon thank you so

16

00:01:21,190 --> 00:01:18,320

much for coming today

17

00:01:21,670 --> 00:01:21,200

obviously we have a lot to talk about

18

00:01:25,109 --> 00:01:21,680

the

19

00:01:27,190 --> 00:01:25,119

pentagon ufo report released yesterday

20

00:01:28,789 --> 00:01:27,200

all day we were waiting like kids for

21

00:01:32,069 --> 00:01:28,799

christmas and then uh

22

00:01:33,590 --> 00:01:32,079

it finally happened and it released and

23

00:01:36,789 --> 00:01:33,600

um

24

00:01:37,910 --> 00:01:36,799

feelings are mixed i'm sure you guys are

25

00:01:39,510 --> 00:01:37,920

uh gonna

26
00:01:40,789 --> 00:01:39,520
have your own thoughts on all this so

27
00:01:43,030 --> 00:01:40,799
i'm going to go ahead and just start

28
00:01:45,590 --> 00:01:43,040
popping your comments up here

29
00:01:46,550 --> 00:01:45,600
um rather be squidding thanks for being

30
00:01:48,630 --> 00:01:46,560
here my man

31
00:01:50,069 --> 00:01:48,640
um you know how there's that thing on

32
00:01:51,990 --> 00:01:50,079
taxes where you choose to have three for

33
00:01:53,910 --> 00:01:52,000
your taxes go to general election fund

34
00:01:55,830 --> 00:01:53,920
they should do the same for uaptf

35
00:01:58,870 --> 00:01:55,840
funding that's such a good idea man

36
00:02:01,670 --> 00:01:58,880
i'm with you on that hello to you ought

37
00:02:03,990 --> 00:02:01,680
to know ufo thank you for being here

38
00:02:05,190 --> 00:02:04,000

doug sprague is here my father thank you

39

00:02:08,309 --> 00:02:05,200

so much dad

40

00:02:11,830 --> 00:02:08,319

for hopping in uh we've got

41

00:02:12,390 --> 00:02:11,840

elias here um let's see jesse hello

42

00:02:15,670 --> 00:02:12,400

jesse

43

00:02:18,710 --> 00:02:15,680

hi audrey uh

44

00:02:22,390 --> 00:02:18,720

who else andy jason

45

00:02:25,750 --> 00:02:22,400

anna scosting case for infinity stabby

46

00:02:27,350 --> 00:02:25,760

oh wow anna roa serena thank you all of

47

00:02:28,869 --> 00:02:27,360

you guys for being here

48

00:02:30,630 --> 00:02:28,879

they just keep flooding in now i'm

49

00:02:32,229 --> 00:02:30,640

nervous i didn't think anyone was gonna

50

00:02:35,110 --> 00:02:32,239

show up to this but um

51
00:02:36,470 --> 00:02:35,120
wow um well let's just kind of dive in

52
00:02:37,270 --> 00:02:36,480
and before we do that i should let you

53
00:02:40,710 --> 00:02:37,280
guys know

54
00:02:42,150 --> 00:02:40,720
um the super chat is open so if you want

55
00:02:45,430 --> 00:02:42,160
to help the show out

56
00:02:47,270 --> 00:02:45,440
just click that give as much as you want

57
00:02:51,430 --> 00:02:47,280
as little as you want doesn't matter

58
00:02:53,190 --> 00:02:51,440
any help uh is it extremely appreciated

59
00:02:55,190 --> 00:02:53,200
and uh your comments will go to the top

60
00:02:56,390 --> 00:02:55,200
be featured um i'm gonna take some

61
00:02:58,790 --> 00:02:56,400
questions too

62
00:03:01,030 --> 00:02:58,800
a little later on and we might also have

63
00:03:02,949 --> 00:03:01,040

some special guests popping in so i'll

64

00:03:04,710 --> 00:03:02,959

i'll let you know about that hello lord

65

00:03:07,750 --> 00:03:04,720

hi sean hi robert

66

00:03:10,550 --> 00:03:07,760

open mind clarity wow

67

00:03:14,390 --> 00:03:10,560

thank you guys thank you salcedo media

68

00:03:19,830 --> 00:03:18,149

watch all your comments on here awesome

69

00:03:21,910 --> 00:03:19,840

well all right guys so let's kind of

70

00:03:24,710 --> 00:03:21,920

just dive in the report

71

00:03:25,589 --> 00:03:24,720

so we were told what maybe a couple

72

00:03:28,710 --> 00:03:25,599

weeks ago that

73

00:03:31,670 --> 00:03:28,720

uh the members of congress and

74

00:03:32,309 --> 00:03:31,680

uh members of the intelligence community

75

00:03:34,229 --> 00:03:32,319

and

76
00:03:35,589 --> 00:03:34,239
senate intelligence committee were given

77
00:03:39,350 --> 00:03:35,599
a classified briefing

78
00:03:43,110 --> 00:03:39,360
on what the pentagon uap task force

79
00:03:44,149 --> 00:03:43,120
discovered investigated and we were told

80
00:03:46,789 --> 00:03:44,159
that it was around

81
00:03:48,229 --> 00:03:46,799
70 pages and then we got the public

82
00:03:51,430 --> 00:03:48,239
report yesterday

83
00:03:54,630 --> 00:03:51,440
and what did we get we got

84
00:03:54,949 --> 00:03:54,640
nine pages one of which is an appendix

85
00:03:57,110 --> 00:03:54,959
so

86
00:03:58,390 --> 00:03:57,120
i understand completely everyone's

87
00:04:00,630 --> 00:03:58,400
frustration

88
00:04:02,070 --> 00:04:00,640

and a lot of you i'm sure were let down

89

00:04:03,270 --> 00:04:02,080

but hey there are some nuggets in there

90

00:04:04,550 --> 00:04:03,280

and we're going to kind of walk through

91

00:04:06,869 --> 00:04:04,560

those today and get

92

00:04:09,030 --> 00:04:06,879

um other people's thoughts as well but

93

00:04:10,710 --> 00:04:09,040

let me go ahead and pop it up

94

00:04:13,190 --> 00:04:10,720

on the screen for you here hi young

95

00:04:13,200 --> 00:04:20,069

um all right let's get this up

96

00:04:23,189 --> 00:04:21,509

there it is can you guys still hear me

97

00:04:23,510 --> 00:04:23,199

when these things are up please let me

98

00:04:26,830 --> 00:04:23,520

know

99

00:04:28,469 --> 00:04:26,840

hello [h__h] hi grammy welcome welcome

100

00:04:31,590 --> 00:04:28,479

welcome

101
00:04:32,469 --> 00:04:31,600
the preliminary assessment unidentified

102
00:04:34,230 --> 00:04:32,479
aerial

103
00:04:36,469 --> 00:04:34,240
phenomena this comes from the office of

104
00:04:40,950 --> 00:04:36,479
the director of national intelligence

105
00:04:44,550 --> 00:04:43,189
and let's just kind of walk through this

106
00:04:45,350 --> 00:04:44,560
guys i am this is going to be a lot of

107
00:04:48,550 --> 00:04:45,360
share screen

108
00:04:49,350 --> 00:04:48,560
stuff going through this thing um here

109
00:04:56,469 --> 00:04:49,360
let's do

110
00:04:58,469 --> 00:04:56,479
honestly let's just go kind of page by

111
00:04:59,670 --> 00:04:58,479
page i'm not going to read everything

112
00:05:01,830 --> 00:04:59,680
i'm not going to put you guys back to

113
00:05:04,150 --> 00:05:01,840

sleep a lot of you just woke up so um

114

00:05:05,670 --> 00:05:04,160

i hope you have your coffee i'm on my

115

00:05:10,230 --> 00:05:05,680

second one right now i'm already

116

00:05:10,950 --> 00:05:10,240

jittery um let's see your hello welcome

117

00:05:14,950 --> 00:05:10,960

welcome

118

00:05:16,790 --> 00:05:14,960

uh so this is kind of you know

119

00:05:18,310 --> 00:05:16,800

it's like a thesis you kind of do your

120

00:05:20,390 --> 00:05:18,320

summary at the beginning and then you go

121

00:05:22,230 --> 00:05:20,400

through the points and you're kind of

122

00:05:23,430 --> 00:05:22,240

you know assessments and conclusions at

123

00:05:25,430 --> 00:05:23,440

the end

124

00:05:27,029 --> 00:05:25,440

so this report provides an overview for

125

00:05:27,990 --> 00:05:27,039

policymakers of the challenges

126
00:05:29,990 --> 00:05:28,000
associated

127
00:05:31,189 --> 00:05:30,000
with characterizing the potential threat

128
00:05:33,510 --> 00:05:31,199
posed by uap

129
00:05:34,950 --> 00:05:33,520
while also providing a means to develop

130
00:05:37,909 --> 00:05:34,960
relevant processes

131
00:05:39,590 --> 00:05:37,919
policies technologies and training for

132
00:05:42,390 --> 00:05:39,600
the us military and other us

133
00:05:43,830 --> 00:05:42,400
government personnel if and when they

134
00:05:45,270 --> 00:05:43,840
encounter uap

135
00:05:47,830 --> 00:05:45,280
so as to enhance the intelligence

136
00:05:51,029 --> 00:05:47,840
community's ability to understand

137
00:05:52,390 --> 00:05:51,039
the threat um so let's just let's see

138
00:05:54,469 --> 00:05:52,400

who contributed

139

00:05:56,309 --> 00:05:54,479

to this thing across intelligence and

140

00:05:57,590 --> 00:05:56,319

military first and foremost

141

00:05:59,590 --> 00:05:57,600

crooked banks says i'm highly

142

00:06:02,629 --> 00:05:59,600

caffeinated hello jacob

143

00:06:03,670 --> 00:06:02,639

hi crooked bangs um all right so the

144

00:06:05,749 --> 00:06:03,680

odni

145

00:06:07,830 --> 00:06:05,759

which again is the office of the

146

00:06:08,950 --> 00:06:07,840

director of national intelligence

147

00:06:10,629 --> 00:06:08,960

prepared the report for the

148

00:06:12,469 --> 00:06:10,639

congressional intelligence and armed

149

00:06:15,990 --> 00:06:12,479

services committees

150

00:06:18,390 --> 00:06:16,000

uh let's see um manager for the aviation

151
00:06:21,590 --> 00:06:18,400
drafted this report with input from

152
00:06:25,510 --> 00:06:21,600
no less than the dia fbi

153
00:06:28,390 --> 00:06:25,520
nro nga nsa air force army navy

154
00:06:29,350 --> 00:06:28,400
on i darpa which is pretty interesting

155
00:06:33,270 --> 00:06:29,360
we'll get there

156
00:06:36,390 --> 00:06:33,280
faa noaa nga odni

157
00:06:38,469 --> 00:06:36,400
am emerging in disruptive technology

158
00:06:39,590 --> 00:06:38,479
uh national counterintelligence and

159
00:06:41,749 --> 00:06:39,600
security center

160
00:06:43,430 --> 00:06:41,759
and the national intelligence council i

161
00:06:47,270 --> 00:06:43,440
don't even know what half of those are

162
00:06:47,670 --> 00:06:47,280
but um out of those let's talk about

163
00:06:52,629 --> 00:06:47,680

this

164

00:06:55,909 --> 00:06:52,639
for a second we got 144 reports

165

00:06:56,870 --> 00:06:55,919
that originated from usg sources united

166

00:06:59,749 --> 00:06:56,880
states government

167

00:07:00,710 --> 00:06:59,759
80 reports involved observation with

168

00:07:05,029 --> 00:07:00,720
multiple

169

00:07:06,710 --> 00:07:05,039
sensors so you know we were told that um

170

00:07:08,230 --> 00:07:06,720
in the classified briefing there were a

171

00:07:10,629 --> 00:07:08,240
ton of videos and

172

00:07:12,390 --> 00:07:10,639
photos and some people even you know

173

00:07:14,469 --> 00:07:12,400
commented after saying wow

174

00:07:16,150 --> 00:07:14,479
um i was pretty blown away by some of

175

00:07:17,589 --> 00:07:16,160
this stuff others left being like yeah

176

00:07:19,510 --> 00:07:17,599

uh we we knew this

177

00:07:20,469 --> 00:07:19,520

that there was stuff out there but um

178

00:07:22,469 --> 00:07:20,479

yeah i thought that was pretty

179

00:07:25,589 --> 00:07:22,479

interesting hello aaron

180

00:07:29,510 --> 00:07:25,599

and um yeah yeah so

181

00:07:30,469 --> 00:07:29,520

144 reports um that's not too bad but

182

00:07:33,510 --> 00:07:30,479

hey how many

183

00:07:35,749 --> 00:07:33,520

are we not seeing how many is uh did

184

00:07:37,110 --> 00:07:35,759

congress not see and everything in

185

00:07:38,950 --> 00:07:37,120

between that's kind of what i

186

00:07:41,110 --> 00:07:38,960

want to know and probably will never

187

00:07:43,110 --> 00:07:41,120

know um let's see

188

00:07:45,110 --> 00:07:43,120

let's see what everyone's saying here oh

189

00:07:45,990 --> 00:07:45,120

doe you ought to know i did not mention

190

00:07:48,150 --> 00:07:46,000

doe

191

00:07:49,749 --> 00:07:48,160

because they do not answer to congress

192

00:07:50,950 --> 00:07:49,759

um so i don't know if they're involved

193

00:07:55,510 --> 00:07:50,960

i'm sure they were

194

00:07:56,629 --> 00:07:55,520

in some way um let's see here

195

00:07:58,230 --> 00:07:56,639

it would be interesting to know the

196

00:08:00,550 --> 00:07:58,240

protocols are sequence of events for

197

00:08:02,230 --> 00:08:00,560

them to get the funding like from today

198

00:08:03,749 --> 00:08:02,240

when it hits the top congress or biden

199

00:08:06,070 --> 00:08:03,759

to sign stuff off yeah

200

00:08:08,070 --> 00:08:06,080

absolutely and again like this is a

201
00:08:09,830 --> 00:08:08,080
preliminary assessment i think that's

202
00:08:10,869 --> 00:08:09,840
the big thing we should uh take into

203
00:08:12,230 --> 00:08:10,879
consideration

204
00:08:14,309 --> 00:08:12,240
this doesn't mean that they're done

205
00:08:16,150 --> 00:08:14,319
looking at it it doesn't mean it's the

206
00:08:19,270 --> 00:08:16,160
end of what we're going to see

207
00:08:21,670 --> 00:08:19,280
i hope not at least but um nonetheless

208
00:08:22,950 --> 00:08:21,680
it's just a preliminary assessment so we

209
00:08:26,629 --> 00:08:22,960
got to keep that in mind

210
00:08:31,029 --> 00:08:26,639
um the next page that i um

211
00:08:31,039 --> 00:08:39,110
let me see if i can find it here

212
00:08:42,630 --> 00:08:42,070
the collection challenges so this were

213
00:08:44,470 --> 00:08:42,640

this was

214

00:08:46,070 --> 00:08:44,480

interesting um they kind of went through

215

00:08:48,790 --> 00:08:46,080

a lot of what the challenges

216

00:08:49,509 --> 00:08:48,800

are in doing this and um what they want

217

00:08:52,550 --> 00:08:49,519

to kind of

218

00:08:53,990 --> 00:08:52,560

uh do with it in terms of shedding the

219

00:08:56,710 --> 00:08:54,000

ridicule within the military to

220

00:08:57,990 --> 00:08:56,720

report these things and stuff like that

221

00:09:00,389 --> 00:08:58,000

hello erin

222

00:09:02,829 --> 00:09:00,399

and um yeah so let's go through these

223

00:09:04,870 --> 00:09:02,839

uap challenges for a minute

224

00:09:06,470 --> 00:09:04,880

socio-cultural stigmas and sensor

225

00:09:08,230 --> 00:09:06,480

limitations remain obstacles to

226

00:09:10,310 --> 00:09:08,240

collecting data on uap

227

00:09:12,150 --> 00:09:10,320

although some technical challenges such

228

00:09:13,829 --> 00:09:12,160

as how to appropriately filter out radar

229

00:09:14,630 --> 00:09:13,839

clutter to ensure safety of flight for

230

00:09:17,030 --> 00:09:14,640

military

231

00:09:18,389 --> 00:09:17,040

and civilian aircraft are long-standing

232

00:09:20,310 --> 00:09:18,399

in the aviation community

233

00:09:23,110 --> 00:09:20,320

while others are unique to the uap

234

00:09:25,030 --> 00:09:23,120

problem set um

235

00:09:26,949 --> 00:09:25,040

narratives from aviators in the

236

00:09:28,389 --> 00:09:26,959

operational community and analysts from

237

00:09:31,110 --> 00:09:28,399

the military in ic

238

00:09:32,550 --> 00:09:31,120

describe disparagement associated with

239

00:09:34,870 --> 00:09:32,560

observing uap

240

00:09:36,710 --> 00:09:34,880

reporting it or attempting to discuss it

241

00:09:38,389 --> 00:09:36,720

with colleagues although the effects of

242

00:09:39,829 --> 00:09:38,399

these stigmas have lessened as senior

243

00:09:41,670 --> 00:09:39,839

members of the scientific

244

00:09:42,949 --> 00:09:41,680

policy military and intelligence

245

00:09:45,030 --> 00:09:42,959

communities engage

246

00:09:46,470 --> 00:09:45,040

on the topic seriously in public

247

00:09:48,630 --> 00:09:46,480

reputational risk

248

00:09:50,790 --> 00:09:48,640

may keep many observers silent

249

00:09:53,190 --> 00:09:50,800

complicating scientific pursuit

250

00:09:54,230 --> 00:09:53,200

of uh the topic and this is something i

251

00:09:57,670 --> 00:09:54,240

actually talked to

252

00:09:59,990 --> 00:09:57,680

um oh my gosh what is his name he was on

253

00:10:03,350 --> 00:10:00,000

the show not too long ago

254

00:10:04,069 --> 00:10:03,360

uh his name is escaping me i'm so sorry

255

00:10:08,150 --> 00:10:04,079

but we talked

256

00:10:10,150 --> 00:10:08,160

all about um how the real danger

257

00:10:11,829 --> 00:10:10,160

in a lot of these uap and the threat

258

00:10:14,069 --> 00:10:11,839

could come from us not reporting it

259

00:10:15,430 --> 00:10:14,079

it's not getting reported we uh don't

260

00:10:17,910 --> 00:10:15,440

know about it and by

261

00:10:19,590 --> 00:10:17,920

us i mean you know national security

262

00:10:21,030 --> 00:10:19,600

intelligence the military

263

00:10:22,790 --> 00:10:21,040

so if it's not getting reported that

264

00:10:23,990 --> 00:10:22,800

could be the potential threat because it

265

00:10:25,910 --> 00:10:24,000

itself could be

266

00:10:27,430 --> 00:10:25,920

a potential threat threat threat threat

267

00:10:29,590 --> 00:10:27,440

threat threat we're gonna be hearing

268

00:10:32,310 --> 00:10:29,600

that a lot today so get used to it

269

00:10:35,269 --> 00:10:32,320

um what else do we have here let me go

270

00:10:39,030 --> 00:10:37,110

ah scott austin says calling bs they

271

00:10:41,030 --> 00:10:39,040

hope it gets dropped and it blows over

272

00:10:43,430 --> 00:10:41,040

just like the original tickets in the

273

00:10:46,630 --> 00:10:43,440

middle of a pandemic i can't argue that

274

00:10:49,430 --> 00:10:46,640

um a lot of what we read in this report

275

00:10:50,790 --> 00:10:49,440

is verbatim from the condom committee

276

00:10:53,190 --> 00:10:50,800

the robertson panel

277

00:10:54,630 --> 00:10:53,200

project blue book uh but some of it's

278

00:10:55,190 --> 00:10:54,640

not and that's kind of what i want to

279

00:10:58,550 --> 00:10:55,200

talk

280

00:10:59,990 --> 00:10:58,560

about um let's see robert asks

281

00:11:01,590 --> 00:11:00,000

ryan do you have any idea what jeremy

282

00:11:02,949 --> 00:11:01,600

corbell is talking about dropping after

283

00:11:05,990 --> 00:11:02,959

this disappointing

284

00:11:09,190 --> 00:11:06,000

report i did talk to jeremy uh

285

00:11:10,310 --> 00:11:09,200

last night and um he promises that

286

00:11:12,790 --> 00:11:10,320

something's coming

287

00:11:13,350 --> 00:11:12,800

uh tuesday at the latest i believe he

288

00:11:16,150 --> 00:11:13,360

said

289

00:11:17,910 --> 00:11:16,160

um so yeah be on the lookout for that

290

00:11:19,430 --> 00:11:17,920

and same with luis elizondo the former

291

00:11:21,829 --> 00:11:19,440

head of the pentagon program

292

00:11:23,110 --> 00:11:21,839

he said if this thing is like a total

293

00:11:24,790 --> 00:11:23,120

you know mundane

294

00:11:26,389 --> 00:11:24,800

boring thing where they don't say

295

00:11:28,790 --> 00:11:26,399

anything to you guys we have a

296

00:11:30,710 --> 00:11:28,800

contingency plan so um

297

00:11:32,069 --> 00:11:30,720

you can take that for what it's worth um

298

00:11:33,910 --> 00:11:32,079

i know a lot of people aren't with

299

00:11:37,590 --> 00:11:33,920

elizondo but uh hey i'll take whatever

300

00:11:44,470 --> 00:11:38,949

thank you for that case of infinity

301
00:11:47,910 --> 00:11:46,870
wk breehold says representative andre

302
00:11:49,910 --> 00:11:47,920
carson the chair of the house

303
00:11:52,790 --> 00:11:49,920
intelligence committee said on pbs

304
00:11:54,470 --> 00:11:52,800
that there will be a public hearing boom

305
00:11:57,750 --> 00:11:54,480
that's what i wanted to get to

306
00:11:58,710 --> 00:11:57,760
um this report is one thing hopefully

307
00:12:00,550 --> 00:11:58,720
we're gonna start to get some

308
00:12:04,710 --> 00:12:00,560
congressional hearings after that so i'm

309
00:12:10,629 --> 00:12:08,310
um what else do we have here

310
00:12:12,949 --> 00:12:10,639
grimey says interesting that the report

311
00:12:15,269 --> 00:12:12,959
suggests advanced scientific procedures

312
00:12:15,990 --> 00:12:15,279
may be needed to investigate such uap

313
00:12:18,470 --> 00:12:16,000

cases

314

00:12:21,190 --> 00:12:18,480

exactly grammy um i was talking to john

315

00:12:24,069 --> 00:12:21,200

greenwald earlier and he agreed that um

316

00:12:26,150 --> 00:12:24,079

that the scientific exploration and the

317

00:12:28,150 --> 00:12:26,160

advanced technology they want

318

00:12:30,230 --> 00:12:28,160

clearly isn't enough to really

319

00:12:32,710 --> 00:12:30,240

understand what these uap

320

00:12:34,389 --> 00:12:32,720

are i mean in the report we saw the

321

00:12:37,670 --> 00:12:34,399

public report i should say

322

00:12:40,949 --> 00:12:37,680

out of like those whatever 80 or

323

00:12:44,230 --> 00:12:40,959

whatnot cases they look 144

324

00:12:46,550 --> 00:12:44,240

they were able to explain one one case

325

00:12:47,269 --> 00:12:46,560

so i mean that's pretty telling right

326

00:12:50,629 --> 00:12:47,279

there that they

327

00:12:52,230 --> 00:12:50,639

really uh they're not up to speed on

328

00:12:52,629 --> 00:12:52,240

this and they're dropping the ball and

329

00:12:55,829 --> 00:12:52,639

this

330

00:12:58,629 --> 00:12:55,839

screaming how

331

00:12:59,430 --> 00:12:58,639

kind of inept all of our intelligence uh

332

00:13:02,150 --> 00:12:59,440

departments

333

00:13:03,910 --> 00:13:02,160

and military are with this topic and uh

334

00:13:05,670 --> 00:13:03,920

how they handle it so

335

00:13:08,629 --> 00:13:05,680

hopefully we're gonna see the tides

336

00:13:12,389 --> 00:13:08,639

change soon um

337

00:13:13,829 --> 00:13:12,399

i want to move to the characteristics

338

00:13:17,430 --> 00:13:13,839

that were mentioned in this thing

339

00:13:19,829 --> 00:13:17,440

i found that pretty interesting as well

340

00:13:22,230 --> 00:13:19,839

uh to national security and whatnot and

341

00:13:28,629 --> 00:13:22,240

you know the characteristics of them

342

00:13:31,670 --> 00:13:30,550

again guys super chat's open if you want

343

00:13:34,470 --> 00:13:31,680

to help out the show

344

00:13:36,470 --> 00:13:34,480

your comments go to the top and um you

345

00:13:37,430 --> 00:13:36,480

can ask questions there as well i'll try

346

00:13:39,430 --> 00:13:37,440

to feature them

347

00:13:40,949 --> 00:13:39,440

i'm doing this solo so i'm sorry for all

348

00:13:43,110 --> 00:13:40,959

the uh looking around

349

00:13:44,389 --> 00:13:43,120

and clicking buttons but uh hopefully

350

00:13:45,110 --> 00:13:44,399

we'll have some other people in here

351
00:13:47,430 --> 00:13:45,120
soon to

352
00:13:48,389 --> 00:13:47,440
talk about this i told them like 12 15

353
00:13:50,310 --> 00:13:48,399
ish so

354
00:13:52,069 --> 00:13:50,320
any of you guys i gave the link to to

355
00:13:53,829 --> 00:13:52,079
join me please uh

356
00:13:55,110 --> 00:13:53,839
feel free to hop in whenever but i'm

357
00:13:56,389 --> 00:13:55,120
going to go through this for a little

358
00:13:59,269 --> 00:13:56,399
bit longer with you guys

359
00:14:01,189 --> 00:13:59,279
um because i've also got some uh i'm

360
00:14:02,470 --> 00:14:01,199
doing a special episode where you call

361
00:14:03,670 --> 00:14:02,480
into somewhere in the skies

362
00:14:05,910 --> 00:14:03,680
and give your thoughts on what we're

363
00:14:07,509 --> 00:14:05,920

talking about here today and um

364

00:14:09,269 --> 00:14:07,519

so i'm getting a bunch of them just

365

00:14:10,550 --> 00:14:09,279

flooding in so i'm gonna make an episode

366

00:14:11,509 --> 00:14:10,560

out of that and release it to you guys

367

00:14:13,990 --> 00:14:11,519

hopefully by

368

00:14:15,269 --> 00:14:14,000

tonight um but i feature some of those

369

00:14:16,230 --> 00:14:15,279

i'm gonna be featuring some of those in

370

00:14:18,550 --> 00:14:16,240

this talk

371

00:14:19,990 --> 00:14:18,560

today as well and we have a very special

372

00:14:21,829 --> 00:14:20,000

message message from

373

00:14:24,069 --> 00:14:21,839

the one and only john greenwald jr of

374

00:14:25,350 --> 00:14:24,079

the black vault um that he's sharing

375

00:14:28,710 --> 00:14:25,360

with us too so

376

00:14:30,470 --> 00:14:28,720

be on the lookout for that

377

00:14:31,910 --> 00:14:30,480

hillary says she's listening while

378

00:14:33,189 --> 00:14:31,920

walking my dog

379

00:14:35,750 --> 00:14:33,199

nice what kind of dog do you have

380

00:14:37,430 --> 00:14:35,760

hillary let us know in the comments

381

00:14:39,350 --> 00:14:37,440

um so let's talk about the

382

00:14:40,790 --> 00:14:39,360

characteristics of uap threatening

383

00:14:43,430 --> 00:14:40,800

national security

384

00:14:44,470 --> 00:14:43,440

now this is obviously the reason that

385

00:14:47,910 --> 00:14:44,480

this report

386

00:14:51,590 --> 00:14:47,920

uh was drafted enacted and distributed

387

00:14:53,509 --> 00:14:51,600

um to show congress and to show

388

00:14:54,949 --> 00:14:53,519

pretty much everyone that these things

389

00:14:56,790 --> 00:14:54,959

could be a potential threat

390

00:14:58,310 --> 00:14:56,800

and we do need to do something about

391

00:15:00,069 --> 00:14:58,320

that um

392

00:15:02,150 --> 00:15:00,079

so yeah the characteristic sensor

393

00:15:04,150 --> 00:15:02,160

vantage points and the number of sensors

394

00:15:06,790 --> 00:15:04,160

currently observing an object plays

395

00:15:08,470 --> 00:15:06,800

substantial roles in distinguishing uap

396

00:15:10,230 --> 00:15:08,480

from known objects and determining

397

00:15:13,110 --> 00:15:10,240

whether a uap demonstrates

398

00:15:14,790 --> 00:15:13,120

breakthrough aerospace capabilities

399

00:15:16,790 --> 00:15:14,800

optical sensors have the benefit of

400

00:15:17,670 --> 00:15:16,800

providing some insight into relative

401

00:15:21,030 --> 00:15:17,680

size

402

00:15:23,189 --> 00:15:21,040

shape and structure um however

403

00:15:24,790 --> 00:15:23,199

some uap appear to remain stationary in

404

00:15:26,150 --> 00:15:24,800

winds aloft move against the wind

405

00:15:27,910 --> 00:15:26,160

maneuver abruptly

406

00:15:29,189 --> 00:15:27,920

or move at considerable speed without

407

00:15:31,269 --> 00:15:29,199

discernible means

408

00:15:33,189 --> 00:15:31,279

of propulsion so we're kind of going

409

00:15:34,790 --> 00:15:33,199

through the five observables that uh

410

00:15:39,350 --> 00:15:34,800

atip looked into

411

00:15:46,470 --> 00:15:42,629

not so dry in new york today

412

00:15:48,310 --> 00:15:46,480

um here's some of the more

413

00:15:50,470 --> 00:15:48,320

interesting things that they observed in

414

00:15:52,870 --> 00:15:50,480

the characteristics of these events

415

00:15:54,310 --> 00:15:52,880

um that i kind of want to talk about

416

00:15:57,350 --> 00:15:54,320

with you guys here

417

00:15:59,670 --> 00:15:57,360

um in a small number of cases

418

00:16:00,870 --> 00:15:59,680

this is in the report military aircraft

419

00:16:04,230 --> 00:16:00,880

systems processed

420

00:16:07,350 --> 00:16:04,240

radio frequency energy associated

421

00:16:07,990 --> 00:16:07,360

with the uap sightings so i really want

422

00:16:10,150 --> 00:16:08,000

to know

423

00:16:11,990 --> 00:16:10,160

what that means i'm not a scientist i

424

00:16:13,430 --> 00:16:12,000

don't know about radio waves and

425

00:16:14,790 --> 00:16:13,440

frequencies and

426

00:16:16,870 --> 00:16:14,800

all these different ways that they're

427

00:16:17,430 --> 00:16:16,880

able to capture these things on sensors

428

00:16:20,550 --> 00:16:17,440

but

429

00:16:22,870 --> 00:16:20,560

to me um the fact that

430

00:16:24,150 --> 00:16:22,880

these things are messing with radio

431

00:16:26,550 --> 00:16:24,160

frequencies and whatnot

432

00:16:28,790 --> 00:16:26,560

i do have to wonder what does that mean

433

00:16:30,470 --> 00:16:28,800

like is there some sort of

434

00:16:32,230 --> 00:16:30,480

did we try to communicate with the

435

00:16:33,110 --> 00:16:32,240

phenomena and it did not communicate

436

00:16:34,949 --> 00:16:33,120

back or

437

00:16:36,470 --> 00:16:34,959

what is that what is that so i

438

00:16:37,990 --> 00:16:36,480

definitely want to know more about that

439

00:16:41,430 --> 00:16:38,000

who knows if we will

440

00:16:42,949 --> 00:16:41,440

um let's see oh we got a super chat

441

00:16:45,509 --> 00:16:42,959

thank you robert i appreciate that

442

00:16:49,269 --> 00:16:47,350

you didn't even ask a question you just

443

00:16:50,230 --> 00:16:49,279

donated i really that's so kind of you

444

00:16:54,150 --> 00:16:50,240

my man i appreciate

445

00:16:56,069 --> 00:16:54,160

that um oh sean hello sean

446

00:16:58,150 --> 00:16:56,079

some of you may know sean from my area

447

00:16:59,590 --> 00:16:58,160

51 episode of mysteries decoded i got to

448

00:17:01,910 --> 00:16:59,600

go out to nevada

449

00:17:04,309 --> 00:17:01,920

and meet with sean and talk about his

450

00:17:07,029 --> 00:17:04,319

black triangle ufo sighting he had

451

00:17:08,870 --> 00:17:07,039

not too far from area 51. uh sean is

452

00:17:11,350 --> 00:17:08,880

featured in my book as well both

453

00:17:12,390 --> 00:17:11,360

editions so sean thanks so much man for

454

00:17:14,230 --> 00:17:12,400

hopping in here

455

00:17:16,150 --> 00:17:14,240

um nids which is the national institute

456

00:17:18,150 --> 00:17:16,160

for discovery science under bigelow

457

00:17:19,270 --> 00:17:18,160

reached the same conclusion decades ago

458

00:17:21,350 --> 00:17:19,280

in one of the reports

459

00:17:23,590 --> 00:17:21,360

in particular threats to flight safety

460

00:17:24,549 --> 00:17:23,600

by the flying black triangles i knew you

461

00:17:26,949 --> 00:17:24,559

were going to bring them up

462

00:17:27,829 --> 00:17:26,959

yeah man we're seeing a lot of mirroring

463

00:17:30,870 --> 00:17:27,839

with this thing

464

00:17:31,510 --> 00:17:30,880

and that can't be ignored uh they kind

465

00:17:33,270 --> 00:17:31,520

of

466

00:17:34,950 --> 00:17:33,280

literally copy and pasted some stuff

467

00:17:36,310 --> 00:17:34,960

from project blue book and

468

00:17:38,310 --> 00:17:36,320

and everything that came before it but

469

00:17:39,909 --> 00:17:38,320

we kind of expected that and people have

470

00:17:41,350 --> 00:17:39,919

been telling us for months

471

00:17:42,710 --> 00:17:41,360

don't get your hopes up it's going to be

472

00:17:43,830 --> 00:17:42,720

a lot of the same thing the government

473

00:17:47,190 --> 00:17:43,840

said about ufos

474

00:17:49,310 --> 00:17:47,200

we don't know what they are we um we're

475

00:17:50,630 --> 00:17:49,320

we're attempting to identify the

476

00:17:52,950 --> 00:17:50,640

unidentifiable

477

00:17:54,470 --> 00:17:52,960

uh it is not u.s technology that we're

478

00:17:57,110 --> 00:17:54,480

hiding from the public

479

00:17:58,150 --> 00:17:57,120

and uh we don't think it it raises a

480

00:18:00,789 --> 00:17:58,160

potential threat

481

00:18:02,070 --> 00:18:00,799

what's interesting is a lot of this is

482

00:18:04,070 --> 00:18:02,080

saying it does

483

00:18:05,590 --> 00:18:04,080

it is a potential threat and we have to

484

00:18:07,029 --> 00:18:05,600

wonder what the motives are behind that

485

00:18:10,470 --> 00:18:07,039

which we'll get to

486

00:18:12,390 --> 00:18:10,480

um but let's talk about this other

487

00:18:14,070 --> 00:18:12,400

interesting thing in the report it said

488

00:18:16,950 --> 00:18:14,080

that the ua ptf

489

00:18:18,870 --> 00:18:16,960

has 11 reports of documented instances

490

00:18:21,909 --> 00:18:18,880

in which pilots reported near

491

00:18:23,669 --> 00:18:21,919

misses with uap that's troubling

492

00:18:25,270 --> 00:18:23,679

near misses with these things if that's

493

00:18:26,549 --> 00:18:25,280

not a threat i don't know what is and

494

00:18:27,590 --> 00:18:26,559

i'm not big on this whole threat

495

00:18:30,549 --> 00:18:27,600

narrative thing

496

00:18:31,990 --> 00:18:30,559

but um that's threat that's dangerous i

497

00:18:33,430 --> 00:18:32,000

mean we heard from people from the tic

498

00:18:35,909 --> 00:18:33,440

tac event that this could have

499

00:18:37,590 --> 00:18:35,919

you know hit them it could it knew it

500

00:18:38,789 --> 00:18:37,600

was reacting to what they were doing it

501
00:18:40,789 --> 00:18:38,799
knew what was going on

502
00:18:42,070 --> 00:18:40,799
so it could be a potential threat since

503
00:18:43,029 --> 00:18:42,080
we don't know what it is we don't know

504
00:18:45,909 --> 00:18:43,039
what it wants

505
00:18:48,630 --> 00:18:45,919
so yeah i thought that was interesting

506
00:18:52,470 --> 00:18:50,150
remember when the air force grabbed the

507
00:18:54,310 --> 00:18:52,480
hard drives from the navy nimitz yeah

508
00:18:56,070 --> 00:18:54,320
yeah i gotta wonder why case for

509
00:19:00,070 --> 00:18:56,080
infinity why they did that

510
00:19:01,990 --> 00:19:00,080
um well i says well some of it is hidden

511
00:19:04,789 --> 00:19:02,000
tech and i have to completely

512
00:19:07,029 --> 00:19:04,799
agree i do not believe for a second that

513
00:19:10,710 --> 00:19:07,039

none of these reports they came across

514

00:19:14,230 --> 00:19:10,720

uh that not one of them was

515

00:19:15,590 --> 00:19:14,240

advanced black budget us tech i i just

516

00:19:18,710 --> 00:19:15,600

don't buy that part of it

517

00:19:20,070 --> 00:19:18,720

at all whatsoever so um we have to keep

518

00:19:25,669 --> 00:19:20,080

that in mind too

519

00:19:27,190 --> 00:19:25,679

um let's talk about um let's see here

520

00:19:29,590 --> 00:19:27,200

let's talk about kind of how they

521

00:19:32,310 --> 00:19:29,600

analyze these things and what they um

522

00:19:33,110 --> 00:19:32,320

kind of the conclusions that they came

523

00:19:36,710 --> 00:19:33,120

to

524

00:19:38,390 --> 00:19:36,720

um yeah let's do that airborne clutter

525

00:19:41,350 --> 00:19:38,400

these objects include let me pull it up

526
00:19:45,110 --> 00:19:41,360
for you guys again this is super

527
00:19:54,630 --> 00:19:52,630
forgive me

528
00:19:55,909 --> 00:19:54,640
thank you for being here guys hi robert

529
00:20:01,190 --> 00:19:55,919
thank you so much

530
00:20:04,789 --> 00:20:03,110
airborne clutter so this is what the

531
00:20:07,190 --> 00:20:04,799
report says these objects

532
00:20:08,310 --> 00:20:07,200
um this is kind of what they explained

533
00:20:10,789 --> 00:20:08,320
that the uap

534
00:20:11,430 --> 00:20:10,799
could be but they're not quite sure or

535
00:20:13,510 --> 00:20:11,440
they did

536
00:20:15,510 --> 00:20:13,520
find this explanation for some of them

537
00:20:18,549 --> 00:20:15,520
these objects include birds balloons

538
00:20:20,549 --> 00:20:18,559

recreational unmanned aerial vehicles

539

00:20:22,630 --> 00:20:20,559

um i'm assuming such as drones and

540

00:20:25,110 --> 00:20:22,640

whatnot or airborne debris like

541

00:20:27,270 --> 00:20:25,120

plastic bags that muddle a scene and

542

00:20:28,310 --> 00:20:27,280

affect an operator's ability to identify

543

00:20:31,430 --> 00:20:28,320

true targets

544

00:20:33,750 --> 00:20:31,440

such as enemy aircraft yeah so we don't

545

00:20:35,029 --> 00:20:33,760

want any plastic bags getting in the way

546

00:20:37,270 --> 00:20:35,039

of our pilots

547

00:20:38,390 --> 00:20:37,280

while they're chasing an enemy aircraft

548

00:20:41,830 --> 00:20:38,400

or possibly

549

00:20:42,390 --> 00:20:41,840

a ufo if the bag is not the ufo itself

550

00:20:44,149 --> 00:20:42,400

so

551
00:20:46,470 --> 00:20:44,159
that was pretty interesting scott thank

552
00:20:48,230 --> 00:20:46,480
you so much i appreciate that

553
00:20:49,830 --> 00:20:48,240
um keep up the great work appreciate

554
00:20:50,789 --> 00:20:49,840
everything you do for the community from

555
00:20:52,390 --> 00:20:50,799
colorado

556
00:20:53,990 --> 00:20:52,400
thank you so much my man i gotta get

557
00:20:56,310 --> 00:20:54,000
back to colorado

558
00:20:59,190 --> 00:20:56,320
get back to red rocks i love it there hi

559
00:21:02,470 --> 00:20:59,200
hi terry thank you for being here

560
00:21:03,669 --> 00:21:02,480
i appreciate it like i mentioned guys if

561
00:21:05,830 --> 00:21:03,679
you want to help out the show

562
00:21:07,750 --> 00:21:05,840
the super chat's open i'll put your

563
00:21:10,310 --> 00:21:07,760

comments and questions at the top

564

00:21:12,549 --> 00:21:10,320

and um anything's appreciated but never

565

00:21:15,029 --> 00:21:12,559

expected i'm doing this because i

566

00:21:15,990 --> 00:21:15,039

am really excited about the future of

567

00:21:18,630 --> 00:21:16,000

what this may hold

568

00:21:19,350 --> 00:21:18,640

and again i know a lot of you are not so

569

00:21:22,870 --> 00:21:19,360

yeah yeah yeah

570

00:21:26,470 --> 00:21:22,880

stabby says sure like i agree with that

571

00:21:29,990 --> 00:21:29,669

oh hello celcita media says um salcido

572

00:21:32,310 --> 00:21:30,000

excuse

573

00:21:33,669 --> 00:21:32,320

me there have been too many reports over

574

00:21:36,070 --> 00:21:33,679

the years for all of it to be

575

00:21:39,510 --> 00:21:36,080

misidentification hoaxes exaggerations

576

00:21:41,190 --> 00:21:39,520

100 100 and um

577

00:21:43,270 --> 00:21:41,200

we're going to talk about a little bit

578

00:21:45,029 --> 00:21:43,280

of what we didn't see in the report and

579

00:21:48,710 --> 00:21:45,039

i think that's important too

580

00:21:51,669 --> 00:21:48,720

not a single mention of um

581

00:21:53,270 --> 00:21:51,679

extraterrestrial which we should assume

582

00:21:55,430 --> 00:21:53,280

that they weren't going to go there

583

00:21:56,310 --> 00:21:55,440

um you know even even the new york

584

00:21:57,830 --> 00:21:56,320

headline

585

00:21:59,750 --> 00:21:57,840

when the leak came out of the classified

586

00:22:00,789 --> 00:21:59,760

report it said but they're not ruling it

587

00:22:02,390 --> 00:22:00,799

out so

588

00:22:03,990 --> 00:22:02,400

yeah you can't you can't rule anything

589

00:22:07,350 --> 00:22:04,000

out in my personal opinion

590

00:22:09,830 --> 00:22:07,360

um this isn't like a one-stop conclusion

591

00:22:10,950 --> 00:22:09,840

for all ufos when they explain away

592

00:22:13,830 --> 00:22:10,960

these things so

593

00:22:14,230 --> 00:22:13,840

we got to keep that in mind um the next

594

00:22:16,310 --> 00:22:14,240

one

595

00:22:17,350 --> 00:22:16,320

natural atmospheric phenomena is

596

00:22:19,350 --> 00:22:17,360

something they looked at

597

00:22:20,710 --> 00:22:19,360

um it includes ice crystals moisture

598

00:22:22,549 --> 00:22:20,720

thermal fluctuations

599

00:22:24,149 --> 00:22:22,559

that may register on some infrared and

600

00:22:26,950 --> 00:22:24,159

radar systems

601
00:22:28,549 --> 00:22:26,960
um this one really caught my attention i

602
00:22:30,789 --> 00:22:28,559
want to hear what you guys think

603
00:22:32,070 --> 00:22:30,799
uh united states government or industry

604
00:22:34,390 --> 00:22:32,080
development program

605
00:22:35,990 --> 00:22:34,400
some uap observations could be

606
00:22:39,750 --> 00:22:36,000
attributable to develop

607
00:22:42,390 --> 00:22:39,760
classified programs by u.s

608
00:22:44,630 --> 00:22:42,400
entities we were unable to confirm

609
00:22:48,070 --> 00:22:44,640
however that these systems accounted for

610
00:22:51,029 --> 00:22:48,080
any of the uap reports we collected

611
00:22:51,590 --> 00:22:51,039
so there's two problems with that um

612
00:22:55,430 --> 00:22:51,600
they

613
00:22:57,669 --> 00:22:55,440

said that none of this was us tech um

614

00:22:59,909 --> 00:22:57,679

and out of all of them that they looked

615

00:23:01,510 --> 00:22:59,919

at that none of them were black budget

616

00:23:04,470 --> 00:23:01,520

projects someone mentioned

617

00:23:05,350 --> 00:23:04,480

the department of energy earlier um

618

00:23:07,350 --> 00:23:05,360

these

619

00:23:08,470 --> 00:23:07,360

that department doesn't have to answer

620

00:23:11,270 --> 00:23:08,480

to anyone

621

00:23:13,190 --> 00:23:11,280

so we have to keep that door open uh

622

00:23:13,669 --> 00:23:13,200

that this could possibly be some sort of

623

00:23:16,470 --> 00:23:13,679

different

624

00:23:17,669 --> 00:23:16,480

developmental program some of these uaps

625

00:23:20,789 --> 00:23:17,679

some of them some of them

626
00:23:22,710 --> 00:23:20,799
um foreign adversary systems some uap

627
00:23:23,350 --> 00:23:22,720
may be technologies deployed by china

628
00:23:27,510 --> 00:23:23,360
russia

629
00:23:29,270 --> 00:23:27,520
non-governmental governmental entity

630
00:23:30,710 --> 00:23:29,280
while

631
00:23:33,029 --> 00:23:30,720
should have done my vocal warm-ups

632
00:23:35,350 --> 00:23:33,039
before this um

633
00:23:37,190 --> 00:23:35,360
and here's the important one that they

634
00:23:40,470 --> 00:23:37,200
left at the bottom

635
00:23:41,990 --> 00:23:40,480
other although most of the uap described

636
00:23:43,909 --> 00:23:42,000
in our data set probably remain

637
00:23:46,310 --> 00:23:43,919
unidentified due to limited data

638
00:23:47,190 --> 00:23:46,320

or challenges to collection processes or

639

00:23:49,750 --> 00:23:47,200

analysis

640

00:23:50,470 --> 00:23:49,760

we may require additional scientific

641

00:23:52,710 --> 00:23:50,480

knowledge

642

00:23:53,750 --> 00:23:52,720

to successfully collect on analyze and

643

00:23:56,149 --> 00:23:53,760

characterize

644

00:23:58,070 --> 00:23:56,159

some of them we would group such objects

645

00:23:58,950 --> 00:23:58,080

in this category pending scientific

646

00:24:00,549 --> 00:23:58,960

advances

647

00:24:02,549 --> 00:24:00,559

that allowed us to better understand

648

00:24:05,590 --> 00:24:02,559

them the uaptf

649

00:24:07,190 --> 00:24:05,600

intends to focus additional analysis on

650

00:24:09,350 --> 00:24:07,200

the small number of cases

651
00:24:10,870 --> 00:24:09,360
where a uap appeared to display unusual

652
00:24:14,310 --> 00:24:10,880
flight characteristics

653
00:24:16,390 --> 00:24:14,320
or signature management so

654
00:24:18,950 --> 00:24:16,400
that i feel is kind of their way of

655
00:24:21,430 --> 00:24:18,960
tiptoeing around uh

656
00:24:24,230 --> 00:24:21,440
literally anything but man-made

657
00:24:25,909 --> 00:24:24,240
technology or um anomalous phenomena

658
00:24:28,230 --> 00:24:25,919
which i found really interesting and

659
00:24:28,950 --> 00:24:28,240
that they want to continue collecting

660
00:24:33,029 --> 00:24:28,960
this

661
00:24:36,070 --> 00:24:33,039
and use science to try to explain them

662
00:24:38,789 --> 00:24:36,080
so that's exciting in my opinion

663
00:24:40,549 --> 00:24:38,799

um that this isn't it this isn't it i

664

00:24:44,310 --> 00:24:40,559

try to keep telling people that

665

00:24:47,350 --> 00:24:44,320

um lowlands hello

666

00:24:49,269 --> 00:24:47,360

um let's see

667

00:24:51,029 --> 00:24:49,279

brian says it's cute that they made five

668

00:24:52,789 --> 00:24:51,039

broad categories

669

00:24:55,190 --> 00:24:52,799

and then admitted that they only can

670

00:24:56,390 --> 00:24:55,200

move one of the 140 reports into any of

671

00:24:57,909 --> 00:24:56,400

them other than other

672

00:24:59,510 --> 00:24:57,919

that's a good point that's a really good

673

00:25:00,950 --> 00:24:59,520

point um the amount that they weren't

674

00:25:02,630 --> 00:25:00,960

able to explain at least in this public

675

00:25:06,230 --> 00:25:02,640

report does trouble me

676

00:25:09,669 --> 00:25:06,240

um but hey we wanted unexplained

677

00:25:13,830 --> 00:25:09,679

cases what we didn't get was any photos

678

00:25:14,470 --> 00:25:13,840

any videos any um kind of on the record

679

00:25:16,470 --> 00:25:14,480

uh

680

00:25:18,470 --> 00:25:16,480

statements from any of the congress

681

00:25:21,350 --> 00:25:18,480

people who are briefed on all this

682

00:25:22,789 --> 00:25:21,360

or anything like that yet yet uh we do

683

00:25:24,230 --> 00:25:22,799

have a couple quotes which i'm gonna

684

00:25:27,110 --> 00:25:24,240

share with you guys but um

685

00:25:28,470 --> 00:25:27,120

some very good points brought up so they

686

00:25:29,909 --> 00:25:28,480

are trying to blame

687

00:25:31,990 --> 00:25:29,919

brian says so they're trying to blame

688

00:25:34,710 --> 00:25:32,000

uap on tony stark

689

00:25:36,070 --> 00:25:34,720

exactly well let's talk about darpa like

690

00:25:38,710 --> 00:25:36,080

probably the most

691

00:25:39,669 --> 00:25:38,720

secretive um you know advanced

692

00:25:42,149 --> 00:25:39,679

technology

693

00:25:43,830 --> 00:25:42,159

apparatus that works for the military

694

00:25:47,190 --> 00:25:43,840

that works for the pentagon and

695

00:25:49,430 --> 00:25:47,200

the defense department um i was really

696

00:25:50,470 --> 00:25:49,440

surprised that they were included in

697

00:25:54,549 --> 00:25:50,480

this again

698

00:25:56,390 --> 00:25:54,559

even going to darpa apparently the uap

699

00:25:58,149 --> 00:25:56,400

pentagon task force did not

700

00:25:59,430 --> 00:25:58,159

um they said no it's not anything of

701
00:26:01,190 --> 00:25:59,440
ours so that's

702
00:26:02,950 --> 00:26:01,200
it's pretty interesting none of it was

703
00:26:08,230 --> 00:26:02,960
theirs crazy

704
00:26:11,909 --> 00:26:10,070
you want to know ufo ryan does your dad

705
00:26:12,549 --> 00:26:11,919
believe in uap i'll let him speak for

706
00:26:14,310 --> 00:26:12,559
yourself

707
00:26:16,630 --> 00:26:14,320
um comment dad if you're still watching

708
00:26:17,590 --> 00:26:16,640
this um we did have a ufo sighting

709
00:26:20,470 --> 00:26:17,600
together when

710
00:26:21,190 --> 00:26:20,480
i was a kid um up in upstate new york so

711
00:26:23,830 --> 00:26:21,200
um

712
00:26:24,390 --> 00:26:23,840
i had him share that on my last live

713
00:26:26,390 --> 00:26:24,400

stream

714

00:26:27,909 --> 00:26:26,400

a little bit about our ufo encounter and

715

00:26:30,070 --> 00:26:27,919

um his thoughts on it

716

00:26:31,430 --> 00:26:30,080

and uh yeah we'll see if he says

717

00:26:33,110 --> 00:26:31,440

anything but um

718

00:26:35,110 --> 00:26:33,120

yeah we'll see we'll see i don't want to

719

00:26:37,590 --> 00:26:35,120

speak for him just yet

720

00:26:38,789 --> 00:26:37,600

um let's see rather thank you so much

721

00:26:40,710 --> 00:26:38,799

brother i appreciate

722

00:26:41,990 --> 00:26:40,720

appreciate the super chat should we

723

00:26:44,070 --> 00:26:42,000

start calling them others

724

00:26:45,350 --> 00:26:44,080

instead of uap thanks for the morning

725

00:26:47,029 --> 00:26:45,360

show my pleasure buddy

726

00:26:49,350 --> 00:26:47,039

my pleasure thank you to all of you for

727

00:26:50,390 --> 00:26:49,360

being here 87 watching live

728

00:26:53,669 --> 00:26:50,400

i thought there's gonna be like two

729

00:26:57,029 --> 00:26:53,679

people here so thank you

730

00:26:58,549 --> 00:26:57,039

um other yeah i mean at this point man

731

00:27:00,390 --> 00:26:58,559

there's so many terms

732

00:27:02,149 --> 00:27:00,400

i mean kind of the big one now is uap

733

00:27:04,470 --> 00:27:02,159

obviously which i think is good

734

00:27:05,510 --> 00:27:04,480

it broadens the scope of the phenomena

735

00:27:07,909 --> 00:27:05,520

we're dealing with

736

00:27:09,830 --> 00:27:07,919

it does strip the baggage away from the

737

00:27:12,149 --> 00:27:09,840

uh the ufo

738

00:27:13,110 --> 00:27:12,159

terminology which was coined by the us

739

00:27:15,669 --> 00:27:13,120

air force

740

00:27:16,549 --> 00:27:15,679

to begin with so i think it's progress

741

00:27:18,630 --> 00:27:16,559

um

742

00:27:20,549 --> 00:27:18,640

there's so many different words and

743

00:27:23,669 --> 00:27:20,559

names for this stuff you know

744

00:27:25,510 --> 00:27:23,679

uav ufo uap uh

745

00:27:28,149 --> 00:27:25,520

god the lingo is crazy and that's the

746

00:27:31,350 --> 00:27:28,159

issue um that's the issue right there

747

00:27:32,870 --> 00:27:31,360

is every intelligence agency um the fbi

748

00:27:35,269 --> 00:27:32,880

the faa

749

00:27:37,350 --> 00:27:35,279

um and every military branch has

750

00:27:39,269 --> 00:27:37,360

different terms for these quote unquote

751
00:27:43,029 --> 00:27:39,279
ufos uap

752
00:27:44,950 --> 00:27:43,039
so that's confusing and that's why this

753
00:27:46,230 --> 00:27:44,960
report was drafted the way it was by

754
00:27:48,070 --> 00:27:46,240
christopher mellon and

755
00:27:49,830 --> 00:27:48,080
and many other people including members

756
00:27:52,870 --> 00:27:49,840
of the senate intelligence committee

757
00:27:55,510 --> 00:27:52,880
um that they wanted a concise

758
00:27:57,350 --> 00:27:55,520
language one language between everything

759
00:28:00,470 --> 00:27:57,360
to talk about these things

760
00:28:02,789 --> 00:28:00,480
and um not to hold information

761
00:28:03,510 --> 00:28:02,799
in the air force in the navy in uh the

762
00:28:05,990 --> 00:28:03,520
cia

763
00:28:07,909 --> 00:28:06,000

in the nsa like everyone come together

764

00:28:10,710 --> 00:28:07,919

and let's figure out this mystery

765

00:28:11,510 --> 00:28:10,720

um and this potential threat uh threat

766

00:28:14,830 --> 00:28:11,520

the threat

767

00:28:16,549 --> 00:28:14,840

so yeah we gotta keep that in mind as

768

00:28:18,789 --> 00:28:16,559

well

769

00:28:20,389 --> 00:28:18,799

cairo welcome cairo hi ryan do you think

770

00:28:21,990 --> 00:28:20,399

the report is a major departure from

771

00:28:25,350 --> 00:28:22,000

their previous stance or denial

772

00:28:27,909 --> 00:28:25,360

no it's not a major departure again um

773

00:28:29,430 --> 00:28:27,919

i i just went through the robertson

774

00:28:30,149 --> 00:28:29,440

panel conclusions and the content

775

00:28:31,990 --> 00:28:30,159

committee

776

00:28:33,190 --> 00:28:32,000

on my last live stream and we're seeing

777

00:28:35,510 --> 00:28:33,200

a lot of the same stuff

778

00:28:36,389 --> 00:28:35,520

being said almost verbatim in some

779

00:28:38,710 --> 00:28:36,399

senses so

780

00:28:40,630 --> 00:28:38,720

i mean i kind of expected that because

781

00:28:41,029 --> 00:28:40,640

we have to keep in mind this uap task

782

00:28:44,710 --> 00:28:41,039

force

783

00:28:47,990 --> 00:28:44,720

is new uh that we know of is new

784

00:28:50,310 --> 00:28:48,000

and the people that uh comprise it their

785

00:28:52,230 --> 00:28:50,320

job was not they didn't get into this to

786

00:28:54,310 --> 00:28:52,240

investigate ufos whatever department

787

00:28:56,789 --> 00:28:54,320

they work for and who's doing this

788

00:28:58,310 --> 00:28:56,799

and um they i doubt they ever imagined

789

00:29:01,590 --> 00:28:58,320

they would be doing this just like

790

00:29:03,269 --> 00:29:01,600

luis elizondo did with atip so um

791

00:29:05,430 --> 00:29:03,279

they're gonna make mistakes along the

792

00:29:06,870 --> 00:29:05,440

way uh a lot of them

793

00:29:08,710 --> 00:29:06,880

so i think we got to give them a little

794

00:29:11,190 --> 00:29:08,720

leeway this is a

795

00:29:12,310 --> 00:29:11,200

preliminary assessment which i want to

796

00:29:15,190 --> 00:29:12,320

keep stressing

797

00:29:17,190 --> 00:29:15,200

um this isn't it hopefully we're going

798

00:29:21,110 --> 00:29:17,200

to get more hopefully hopefully

799

00:29:22,389 --> 00:29:21,120

um so i guess let's cut him some slack

800

00:29:24,470 --> 00:29:22,399

again i know a lot of people

801
00:29:26,470 --> 00:29:24,480
hated this report um but i think there's

802
00:29:27,830 --> 00:29:26,480
some nuggets in there um

803
00:29:31,110 --> 00:29:27,840
one of which i want to share with you

804
00:29:31,750 --> 00:29:31,120
guys now standardize the reporting let

805
00:29:39,110 --> 00:29:31,760
me see

806
00:29:39,120 --> 00:29:44,549
i guess i already passed it um

807
00:29:49,350 --> 00:29:46,789
this i found really interesting um the

808
00:29:51,190 --> 00:29:49,360
ua ptf long-term goal is to widen the

809
00:29:52,470 --> 00:29:51,200
scope of its work to include additional

810
00:29:55,750 --> 00:29:52,480
uap events

811
00:29:57,269 --> 00:29:55,760
documented by a broader swath of united

812
00:30:00,470 --> 00:29:57,279
states government personnel

813
00:30:00,870 --> 00:30:00,480

and technical systems in its analysis um

814

00:30:03,909 --> 00:30:00,880

so

815

00:30:06,710 --> 00:30:03,919

what does that mean to me that says

816

00:30:07,669 --> 00:30:06,720

broadening their swath in additional uap

817

00:30:10,149 --> 00:30:07,679

events

818

00:30:12,310 --> 00:30:10,159

is it possible that we might get

819

00:30:15,750 --> 00:30:12,320

something like project blue book

820

00:30:18,950 --> 00:30:15,760

um or a civilian investigative

821

00:30:21,430 --> 00:30:18,960

branch of the uapf where the data

822

00:30:23,909 --> 00:30:21,440

from the thousands of people all over

823

00:30:27,350 --> 00:30:23,919

the world every day having ufo

824

00:30:29,990 --> 00:30:27,360

uh sightings and um you know

825

00:30:31,669 --> 00:30:30,000

filming them taking photos will it come

826

00:30:33,029 --> 00:30:31,679

to a point where the pentagon

827

00:30:35,110 --> 00:30:33,039

task force will actually look at

828

00:30:37,590 --> 00:30:35,120

civilian stuff i hope so

829

00:30:38,870 --> 00:30:37,600

i hope you know hopefully it won't be a

830

00:30:41,190 --> 00:30:38,880

debunking

831

00:30:42,149 --> 00:30:41,200

thing but a very skeptical and objective

832

00:30:44,630 --> 00:30:42,159

approach to it

833

00:30:46,310 --> 00:30:44,640

so that's exciting we might get uh the

834

00:30:48,230 --> 00:30:46,320

government looking at

835

00:30:49,750 --> 00:30:48,240

civilian ufo cases again i could be

836

00:30:52,070 --> 00:30:49,760

completely wrong but

837

00:30:54,950 --> 00:30:52,080

who knows who knows as the data set

838

00:30:55,909 --> 00:30:54,960

increases the ua ptf's ability to employ

839

00:30:58,549 --> 00:30:55,919

data and

840

00:30:59,029 --> 00:30:58,559

analytics to detect trends will also

841

00:31:01,350 --> 00:30:59,039

improve

842

00:31:03,350 --> 00:31:01,360

again that's what we should be doing

843

00:31:05,110 --> 00:31:03,360

finding patterns with all these things

844

00:31:06,950 --> 00:31:05,120

the initial focus will be to employ

845

00:31:09,590 --> 00:31:06,960

artificial intelligence

846

00:31:11,990 --> 00:31:09,600

machine learning algorithms to cluster

847

00:31:15,269 --> 00:31:12,000

and recognize similarities and patterns

848

00:31:17,430 --> 00:31:15,279

in features of the data points

849

00:31:18,470 --> 00:31:17,440

that is skyhub for anyone who didn't

850

00:31:20,710 --> 00:31:18,480

hear my my

851
00:31:21,669 --> 00:31:20,720
interview with christopher cogswell dr

852
00:31:24,230 --> 00:31:21,679
doctorfer

853
00:31:25,669 --> 00:31:24,240
dr christopher cogswell um who might

854
00:31:28,789 --> 00:31:25,679
actually be here i'm not sure

855
00:31:31,269 --> 00:31:28,799
um that's what skyhub was created for

856
00:31:32,549 --> 00:31:31,279
so that we could monitor uap activity

857
00:31:35,110 --> 00:31:32,559
out there every day

858
00:31:36,310 --> 00:31:35,120
and this software that they created can

859
00:31:39,669 --> 00:31:36,320
literally

860
00:31:42,630 --> 00:31:39,679
capture in in anomaly or anything

861
00:31:43,669 --> 00:31:42,640
in the sky and using algorithms and

862
00:31:46,950 --> 00:31:43,679
machine learning

863
00:31:47,669 --> 00:31:46,960

determine what it is so these skyhub

864

00:31:49,350 --> 00:31:47,679

machines

865

00:31:50,710 --> 00:31:49,360

it's capturing planes and it's going to

866

00:31:51,990 --> 00:31:50,720

tell you there's a plane

867

00:31:53,669 --> 00:31:52,000

it's capturing birds it's going to tell

868

00:31:54,710 --> 00:31:53,679

you it was a bird it was a satellite it

869

00:31:57,110 --> 00:31:54,720

was this it was that

870

00:31:58,070 --> 00:31:57,120

or it's still anomalous and

871

00:32:00,710 --> 00:31:58,080

unexplainable

872

00:32:02,310 --> 00:32:00,720

so as the machine learns what things are

873

00:32:03,350 --> 00:32:02,320

you know it narrows in on what these

874

00:32:04,950 --> 00:32:03,360

things could be

875

00:32:06,710 --> 00:32:04,960

so this is exactly what the pentagon

876

00:32:10,230 --> 00:32:06,720

task force wants to do

877

00:32:11,029 --> 00:32:10,240

so i say they should just hire skyhub to

878

00:32:12,950 --> 00:32:11,039

do this

879

00:32:14,710 --> 00:32:12,960

um they already have the software it's

880

00:32:17,750 --> 00:32:14,720

all done for you

881

00:32:19,590 --> 00:32:17,760

pentagon so um yeah if any of

882

00:32:21,110 --> 00:32:19,600

any spooks out there listening reach out

883

00:32:23,750 --> 00:32:21,120

to skyhub.org

884

00:32:25,269 --> 00:32:23,760

um they're a step ahead of you already

885

00:32:27,029 --> 00:32:25,279

and i don't think you want that

886

00:32:28,950 --> 00:32:27,039

um as the database accumulates

887

00:32:30,710 --> 00:32:28,960

information from known aerial objects

888

00:32:33,590 --> 00:32:30,720

such as weather balloons

889

00:32:35,509 --> 00:32:33,600

weather balloons god damn it high

890

00:32:36,310 --> 00:32:35,519

altitude or super pressure balloons and

891

00:32:38,630 --> 00:32:36,320

wildlife

892

00:32:40,310 --> 00:32:38,640

machine learning can add efficiency by

893

00:32:42,870 --> 00:32:40,320

pre-assessing uap reports they're

894

00:32:45,669 --> 00:32:42,880

literally saying what i just said um

895

00:32:46,950 --> 00:32:45,679

yeah so that was pretty interesting they

896

00:32:49,269 --> 00:32:46,960

also said

897

00:32:50,230 --> 00:32:49,279

the ua ptf has indicated an additional

898

00:32:52,870 --> 00:32:50,240

funding is

899

00:32:54,630 --> 00:32:52,880

is has indicated that they want to look

900

00:32:55,590 --> 00:32:54,640

for additional funding for research and

901
00:32:57,190 --> 00:32:55,600
development

902
00:32:59,509 --> 00:32:57,200
which could further the future study of

903
00:33:01,269 --> 00:32:59,519
the topic laid out in this report

904
00:33:03,509 --> 00:33:01,279
such investments should be guided by a

905
00:33:06,310 --> 00:33:03,519
uap collection strategy

906
00:33:07,110 --> 00:33:06,320
like we mentioned uap r d technical

907
00:33:10,149 --> 00:33:07,120
roadmap

908
00:33:13,350 --> 00:33:10,159
and a uap program plan

909
00:33:14,870 --> 00:33:13,360
which is really cool um so i'm gonna go

910
00:33:16,470 --> 00:33:14,880
to the comments here just for a minute

911
00:33:18,630 --> 00:33:16,480
guys before i share our next

912
00:33:20,950 --> 00:33:18,640
thing skyhub rocks christopher says i

913
00:33:22,149 --> 00:33:20,960

agree

914

00:33:23,990 --> 00:33:22,159
they need to combine all of the

915

00:33:26,310 --> 00:33:24,000
monitoring systems as

916

00:33:27,110 --> 00:33:26,320
and um at their disposal so they can

917

00:33:28,870 --> 00:33:27,120
work together

918

00:33:30,310 --> 00:33:28,880
exactly exactly and that's going to cost

919

00:33:33,350 --> 00:33:30,320
a lot of money like you say

920

00:33:36,070 --> 00:33:33,360
um again a lot of people think

921

00:33:36,789 --> 00:33:36,080
all of this was created to increase the

922

00:33:38,870 --> 00:33:36,799
budget

923

00:33:40,389 --> 00:33:38,880
of the military and the department of

924

00:33:43,669 --> 00:33:40,399
defense and this and that

925

00:33:47,590 --> 00:33:43,679
and i cannot disprove that by any means

926

00:33:51,990 --> 00:33:47,600

and some of it might be that but um

927

00:33:54,710 --> 00:33:52,000

i i don't think they need this whole uap

928

00:33:55,669 --> 00:33:54,720

topic or issue to get money all they

929

00:33:57,990 --> 00:33:55,679

have to say is

930

00:34:00,789 --> 00:33:58,000

yo russia hacked us again let's get two

931

00:34:03,590 --> 00:34:00,799

billion more dollars for security or um

932

00:34:04,389 --> 00:34:03,600

you know china's threatening us again

933

00:34:06,789 --> 00:34:04,399

let's uh let's

934

00:34:09,349 --> 00:34:06,799

let's work on that or um we've got a lot

935

00:34:11,750 --> 00:34:09,359

of you know threats lately from uh

936

00:34:13,190 --> 00:34:11,760

terrorist groups so let's uh let's make

937

00:34:16,629 --> 00:34:13,200

sure nothing happens

938

00:34:18,230 --> 00:34:16,639

you know salute um but

939

00:34:19,990 --> 00:34:18,240

i don't see why they would be using this

940

00:34:23,030 --> 00:34:20,000

whole ufo thing to increase

941

00:34:23,909 --> 00:34:23,040

budgets they don't need to do that um i

942

00:34:27,349 --> 00:34:23,919

think this is

943

00:34:29,909 --> 00:34:27,359

a genuine curiosity by the people who

944

00:34:32,470 --> 00:34:29,919

drafted this request not necessarily

945

00:34:34,149 --> 00:34:32,480

the pentagon or the military certainly

946

00:34:35,430 --> 00:34:34,159

members in both of those

947

00:34:37,750 --> 00:34:35,440

really probably want to know what these

948

00:34:40,629 --> 00:34:37,760

things are members of congress too

949

00:34:41,510 --> 00:34:40,639

um but i do think uh they were backed

950

00:34:43,270 --> 00:34:41,520

into a corner

951
00:34:45,190 --> 00:34:43,280
and they had to approach this any way

952
00:34:46,629 --> 00:34:45,200
they could so they went back

953
00:34:48,550 --> 00:34:46,639
in the history of the united states

954
00:34:50,069 --> 00:34:48,560
government involvement with ufos

955
00:34:52,069 --> 00:34:50,079
and took a lot from the earlier

956
00:34:53,990 --> 00:34:52,079
playbooks but um

957
00:34:55,909 --> 00:34:54,000
i think there's some really really cool

958
00:34:57,430 --> 00:34:55,919
stuff too um

959
00:35:00,069 --> 00:34:57,440
so yeah let's let's see what else you

960
00:35:02,069 --> 00:35:00,079
guys are saying here

961
00:35:03,670 --> 00:35:02,079
for anyone just joining us thank you for

962
00:35:04,230 --> 00:35:03,680
being here wow we're up to like 90

963
00:35:06,950 --> 00:35:04,240

people

964

00:35:08,069 --> 00:35:06,960

that's so cool um welcome rodrigo

965

00:35:10,230 --> 00:35:08,079

lowlands

966

00:35:11,589 --> 00:35:10,240

uh debbie welcome welcome to everyone if

967

00:35:13,349 --> 00:35:11,599

i didn't see you

968

00:35:16,310 --> 00:35:13,359

i apologize if i'm not saying hello

969

00:35:18,630 --> 00:35:16,320

hello ian

970

00:35:19,510 --> 00:35:18,640

let's see rather says yeah i'm a techie

971

00:35:21,750 --> 00:35:19,520

and i'm pretty damn

972

00:35:24,150 --> 00:35:21,760

intimidated by it but gotta start

973

00:35:27,829 --> 00:35:24,160

somewhere

974

00:35:30,150 --> 00:35:27,839

agreed uh internet ufo database says

975

00:35:32,630 --> 00:35:30,160

guys i think nora does the same thing

976
00:35:34,390 --> 00:35:32,640
um just need updated tech i remember

977
00:35:37,750 --> 00:35:34,400
when um

978
00:35:39,829 --> 00:35:37,760
jacques valet was on joe rogan recently

979
00:35:41,109 --> 00:35:39,839
and he talked about that he went to

980
00:35:43,430 --> 00:35:41,119
norad and

981
00:35:45,030 --> 00:35:43,440
straight up like ass like do you guys

982
00:35:47,430 --> 00:35:45,040
get like anomalous

983
00:35:48,310 --> 00:35:47,440
ufo activity do you monitor that stuff

984
00:35:50,710 --> 00:35:48,320
or capture it

985
00:35:52,470 --> 00:35:50,720
like yeah thousands thousands of them

986
00:35:53,030 --> 00:35:52,480
like what do you do with that data

987
00:35:55,510 --> 00:35:53,040
without in

988
00:35:56,470 --> 00:35:55,520

that information and they literally told

989

00:35:58,470 --> 00:35:56,480

jockville

990

00:36:00,230 --> 00:35:58,480

nothing we throw it out you know it's

991

00:36:03,349 --> 00:36:00,240

not a threat and um

992

00:36:04,470 --> 00:36:03,359

we we just move it aside moving on so

993

00:36:08,310 --> 00:36:04,480

that

994

00:36:09,829 --> 00:36:08,320

irresponsible things you could do

995

00:36:11,750 --> 00:36:09,839

um i know a lot of that comes with the

996

00:36:12,550 --> 00:36:11,760

stigma and ridicule in reporting these

997

00:36:14,950 --> 00:36:12,560

things

998

00:36:16,150 --> 00:36:14,960

uh but hey hopefully we'll see a change

999

00:36:19,589 --> 00:36:16,160

in norad too

1000

00:36:28,950 --> 00:36:26,950

one sec here guys

1001
00:36:30,470 --> 00:36:28,960
we should have some surprise guests

1002
00:36:32,470 --> 00:36:30,480
coming up soon

1003
00:36:34,950 --> 00:36:32,480
i'll give you the go guys when you can

1004
00:36:42,390 --> 00:36:38,710
all right hello lee kim 39 welcome

1005
00:36:44,150 --> 00:36:42,400
ethereal aura is here uh

1006
00:36:45,910 --> 00:36:44,160
they say i commented yesterday i do

1007
00:36:47,349 --> 00:36:45,920
believe the ufo stigma also caused

1008
00:36:48,870 --> 00:36:47,359
general incidents that are a little

1009
00:36:51,190 --> 00:36:48,880
weird not to be reported to

1010
00:36:54,710 --> 00:36:51,200
that's a major intel issue completely

1011
00:36:58,150 --> 00:36:54,720
agreed completely agreed

1012
00:37:01,750 --> 00:36:58,160
um let's move

1013
00:37:02,950 --> 00:37:01,760

to uh the cons of this thing i know a

1014

00:37:04,790 --> 00:37:02,960

lot of people

1015

00:37:06,470 --> 00:37:04,800

uh commented on my twitter and

1016

00:37:08,710 --> 00:37:06,480

everything um about

1017

00:37:09,829 --> 00:37:08,720

about like what was bad about this and

1018

00:37:12,310 --> 00:37:09,839

honestly

1019

00:37:14,230 --> 00:37:12,320

uh a lot it shows that they still have

1020

00:37:17,670 --> 00:37:14,240

absolutely no idea what's going on

1021

00:37:19,990 --> 00:37:17,680

um it shows that uh the

1022

00:37:22,390 --> 00:37:20,000

the investigations that they did do that

1023

00:37:24,470 --> 00:37:22,400

they didn't have enough resources or

1024

00:37:25,829 --> 00:37:24,480

technology to truly understand what

1025

00:37:28,870 --> 00:37:25,839

we're dealing with

1026

00:37:30,950 --> 00:37:28,880

um so that's a problem too so i really

1027

00:37:32,870 --> 00:37:30,960

feel like this is the ua ptf being like

1028

00:37:34,710 --> 00:37:32,880

we need more resources we need more

1029

00:37:37,190 --> 00:37:34,720

people involved like

1030

00:37:39,750 --> 00:37:37,200

no more two people in a basement looking

1031

00:37:42,870 --> 00:37:39,760

at this stuff we need like an actual

1032

00:37:45,030 --> 00:37:42,880

floor or department to look into this so

1033

00:37:46,470 --> 00:37:45,040

i thought that was pretty cool um i

1034

00:37:49,430 --> 00:37:46,480

mentioned earlier

1035

00:37:51,750 --> 00:37:49,440

not a single case specific case was

1036

00:37:53,750 --> 00:37:51,760

mentioned in this nine pages

1037

00:37:55,349 --> 00:37:53,760

um the only one i think they talked

1038

00:37:57,910 --> 00:37:55,359

about was the one that they

1039

00:37:58,870 --> 00:37:57,920

uh were able to determine was a balloon

1040

00:38:00,870 --> 00:37:58,880

of some sort

1041

00:38:03,349 --> 00:38:00,880

which possibly could have been the omaha

1042

00:38:04,069 --> 00:38:03,359

incident the video that jeremy corbell

1043

00:38:05,430 --> 00:38:04,079

released

1044

00:38:07,030 --> 00:38:05,440

um because a lot of people did believe

1045

00:38:07,829 --> 00:38:07,040

that was some sort of balloon so maybe

1046

00:38:09,990 --> 00:38:07,839

that was it

1047

00:38:11,349 --> 00:38:10,000

but they didn't name a single case in

1048

00:38:13,750 --> 00:38:11,359

this we got

1049

00:38:14,390 --> 00:38:13,760

absolutely no photos absolutely no

1050

00:38:16,550 --> 00:38:14,400

videos

1051

00:38:18,069 --> 00:38:16,560

which is again what the public wants

1052

00:38:21,190 --> 00:38:18,079

like give those to us

1053

00:38:23,829 --> 00:38:21,200

um and we also

1054

00:38:25,430 --> 00:38:23,839

didn't hear any mention of nuclear

1055

00:38:28,069 --> 00:38:25,440

incursions by uap

1056

00:38:29,670 --> 00:38:28,079

which is a huge hot topic and uh you

1057

00:38:30,470 --> 00:38:29,680

know maybe they were a little afraid to

1058

00:38:34,150 --> 00:38:30,480

go there

1059

00:38:35,750 --> 00:38:34,160

but um it's alarming when so many

1060

00:38:37,190 --> 00:38:35,760

incidents have happened over nuclear

1061

00:38:39,670 --> 00:38:37,200

sites and uh

1062

00:38:41,109 --> 00:38:39,680

i hope they are looking into that as

1063

00:38:42,230 --> 00:38:41,119

well i know it's highly sensitive and

1064

00:38:44,390 --> 00:38:42,240

that was probably in

1065

00:38:45,670 --> 00:38:44,400

the classified version so who really

1066

00:38:49,109 --> 00:38:45,680

knows um

1067

00:38:51,589 --> 00:38:49,119

no mention of e.t

1068

00:38:52,550 --> 00:38:51,599

no aliens guys wasn't mentioned once in

1069

00:38:54,230 --> 00:38:52,560

this report

1070

00:38:56,069 --> 00:38:54,240

i personally didn't think it was gonna i

1071

00:38:58,470 --> 00:38:56,079

don't think anyone really did

1072

00:38:59,990 --> 00:38:58,480

but they can't rule it out but yeah not

1073

00:39:02,230 --> 00:39:00,000

a single mention of aliens

1074

00:39:04,790 --> 00:39:02,240

whatsoever so sorry to you guys out

1075

00:39:09,030 --> 00:39:04,800

there christopher says mulder and skully

1076

00:39:17,670 --> 00:39:13,190

this is my my name tag over here

1077

00:39:21,030 --> 00:39:19,270

orange freak says would be great to have

1078

00:39:23,030 --> 00:39:21,040

discussions on the uap topic with not

1079

00:39:23,829 --> 00:39:23,040

just european countries too but africa

1080

00:39:26,390 --> 00:39:23,839

middle east

1081

00:39:27,990 --> 00:39:26,400

yes asia um especially india and

1082

00:39:30,470 --> 00:39:28,000

southeast asia besides japan

1083

00:39:32,310 --> 00:39:30,480

south korea and taiwan such a good point

1084

00:39:34,390 --> 00:39:32,320

and i think that's what people like luis

1085

00:39:35,990 --> 00:39:34,400

elizondo are trying to do right now

1086

00:39:37,750 --> 00:39:36,000

we're looking at this from very

1087

00:39:38,550 --> 00:39:37,760

westernized from the united states

1088

00:39:41,510 --> 00:39:38,560

government

1089

00:39:42,069 --> 00:39:41,520

and military apparatus when these uap

1090

00:39:44,310 --> 00:39:42,079

phenomena

1091

00:39:45,190 --> 00:39:44,320

are happening all over the world all the

1092

00:39:46,710 --> 00:39:45,200

time and

1093

00:39:49,030 --> 00:39:46,720

other governments are looking into it

1094

00:39:51,910 --> 00:39:49,040

and are a hell of a lot more transparent

1095

00:39:54,069 --> 00:39:51,920

with their civilians and uh you know the

1096

00:39:57,589 --> 00:39:54,079

people they essentially work for

1097

00:39:59,030 --> 00:39:57,599

with this topic so i think

1098

00:40:00,950 --> 00:39:59,040

it's really important that we keep

1099

00:40:03,030 --> 00:40:00,960

stressing that this report was brought

1100

00:40:03,750 --> 00:40:03,040

out to shed stigma and ridicule on the

1101
00:40:05,670 --> 00:40:03,760
topic

1102
00:40:07,190 --> 00:40:05,680
and get the military and get

1103
00:40:11,270 --> 00:40:07,200
intelligence officials

1104
00:40:13,190 --> 00:40:11,280
uh more ready to talk about it and to

1105
00:40:15,829 --> 00:40:13,200
approach it and to look into it

1106
00:40:16,710 --> 00:40:15,839
from the threat angle which again that's

1107
00:40:18,630 --> 00:40:16,720
why

1108
00:40:20,150 --> 00:40:18,640
of course they're gonna do that but

1109
00:40:23,270 --> 00:40:20,160
again i have faith

1110
00:40:25,990 --> 00:40:23,280
i i i have faith that we'll get more

1111
00:40:26,550 --> 00:40:26,000
something but in this one no videos no

1112
00:40:28,710 --> 00:40:26,560
photos

1113
00:40:30,550 --> 00:40:28,720

nothing oh no mention of commercial

1114

00:40:31,430 --> 00:40:30,560

pilots or civilians either we did say

1115

00:40:32,950 --> 00:40:31,440

that earlier

1116

00:40:34,470 --> 00:40:32,960

i want to know like what what what did

1117

00:40:36,550 --> 00:40:34,480

the fbi look at

1118

00:40:39,910 --> 00:40:36,560

like they were included in this too and

1119

00:40:42,790 --> 00:40:39,920

i know you know there was an event in um

1120

00:40:44,309 --> 00:40:42,800

what was it oregon arizona no i think it

1121

00:40:46,069 --> 00:40:44,319

was arizona recently

1122

00:40:47,910 --> 00:40:46,079

where we got that audio of the pilot

1123

00:40:49,109 --> 00:40:47,920

saying i can't believe i'm saying this

1124

00:40:51,589 --> 00:40:49,119

but um

1125

00:40:52,630 --> 00:40:51,599

i'm seeing a disc and it just flew right

1126

00:40:55,750 --> 00:40:52,640

past

1127

00:40:58,230 --> 00:40:55,760

my plane um don't think it was a missile

1128

00:40:59,270 --> 00:40:58,240

but uh yeah i i don't know what it was

1129

00:41:01,670 --> 00:40:59,280

do you have anything

1130

00:41:02,790 --> 00:41:01,680

and you know faa went back to him and

1131

00:41:05,589 --> 00:41:02,800

said no

1132

00:41:07,349 --> 00:41:05,599

um and then you know a day after that

1133

00:41:09,990 --> 00:41:07,359

came out the audio was leaked

1134

00:41:11,349 --> 00:41:10,000

of course everyone started um you know

1135

00:41:14,230 --> 00:41:11,359

asking the faa and they said

1136

00:41:15,829 --> 00:41:14,240

we we are not involved anymore we sent

1137

00:41:17,270 --> 00:41:15,839

it over to the fbi so

1138

00:41:19,750 --> 00:41:17,280

i think a lot of these commercial

1139

00:41:20,870 --> 00:41:19,760

aviation reports are going to the fbi

1140

00:41:23,349 --> 00:41:20,880

and i don't know why we didn't hear

1141

00:41:24,790 --> 00:41:23,359

anything about this in in the report um

1142

00:41:26,390 --> 00:41:24,800

again it's probably in the classified

1143

00:41:27,750 --> 00:41:26,400

version but i wanna i wanna hear about

1144

00:41:31,510 --> 00:41:27,760

that i wanna hear about more

1145

00:41:40,550 --> 00:41:31,520

commercial pilot sightings too um

1146

00:41:44,230 --> 00:41:42,470

uh brian says the dearth of evidence and

1147

00:41:45,990 --> 00:41:44,240

explanations was saddening i just want

1148

00:41:48,150 --> 00:41:46,000

to know how many pages

1149

00:41:49,109 --> 00:41:48,160

are in the classified report yeah i

1150

00:41:52,309 --> 00:41:49,119

don't know man

1151

00:41:54,390 --> 00:41:52,319

um how many i think they said 70

1152

00:41:56,630 --> 00:41:54,400

were what was brief to congress and

1153

00:41:59,270 --> 00:41:56,640

whatnot but who knows how many in the

1154

00:42:00,829 --> 00:41:59,280

you know the upper echelon of the report

1155

00:42:03,670 --> 00:42:00,839

uh

1156

00:42:06,950 --> 00:42:03,680

i it's

1157

00:42:10,550 --> 00:42:06,960

it's sad to think how much is in there

1158

00:42:13,589 --> 00:42:10,560

and um they gave us eight pages

1159

00:42:16,790 --> 00:42:13,599

one was an appendix like i said uh

1160

00:42:18,390 --> 00:42:16,800

so that's definitely disheartening and a

1161

00:42:20,230 --> 00:42:18,400

little um

1162

00:42:21,750 --> 00:42:20,240

disparaging that they think so little of

1163

00:42:24,950 --> 00:42:21,760

us that they can only share

1164

00:42:25,349 --> 00:42:24,960

that amount but again i think this is

1165

00:42:27,910 --> 00:42:25,359

just

1166

00:42:28,790 --> 00:42:27,920

the beginning of what will hopefully be

1167

00:42:31,510 --> 00:42:28,800

more discussion

1168

00:42:32,790 --> 00:42:31,520

and more investigation by the pentagon

1169

00:42:35,190 --> 00:42:32,800

um

1170

00:42:37,030 --> 00:42:35,200

let's talk about the statements that

1171

00:42:38,710 --> 00:42:37,040

have been made since then not many

1172

00:42:40,710 --> 00:42:38,720

again i think that's a big reason that

1173

00:42:43,190 --> 00:42:40,720

they dropped this on a friday

1174

00:42:44,950 --> 00:42:43,200

uh because they knew that a lot of news

1175

00:42:47,670 --> 00:42:44,960

stations and whatnot would pick

1176

00:42:48,230 --> 00:42:47,680

wouldn't pick it up uh over the weekend

1177

00:42:50,470 --> 00:42:48,240

a lot of people

1178

00:42:51,349 --> 00:42:50,480

aren't watching the news on the weekends

1179

00:42:52,710 --> 00:42:51,359

um but

1180

00:42:54,550 --> 00:42:52,720

there's a bunch of you watching this now

1181

00:42:57,670 --> 00:42:54,560

so i truly appreciate that

1182

00:42:59,510 --> 00:42:57,680

uh that that's why they did it um

1183

00:43:00,790 --> 00:42:59,520

you know the least amount of blowback

1184

00:43:04,870 --> 00:43:00,800

they can get so

1185

00:43:06,470 --> 00:43:04,880

um but but two interesting things i

1186

00:43:08,470 --> 00:43:06,480

think came out of this i'm first gonna

1187

00:43:11,430 --> 00:43:08,480

read the statement by um

1188

00:43:12,309 --> 00:43:11,440

the pentagon press secretary john kirby

1189

00:43:17,030 --> 00:43:12,319

and he

1190

00:43:20,790 --> 00:43:17,040

said uh let's

1191

00:43:23,750 --> 00:43:20,800

i think we looked enough at that report

1192

00:43:24,870 --> 00:43:23,760

um yeah so john kirby said in an

1193

00:43:26,870 --> 00:43:24,880

official statement

1194

00:43:29,349 --> 00:43:26,880

that the deputy secretary of defense

1195

00:43:31,349 --> 00:43:29,359

kathleen hicks today directed the office

1196

00:43:33,270 --> 00:43:31,359

of the under secretary of defense for

1197

00:43:35,349 --> 00:43:33,280

intelligence and security

1198

00:43:38,550 --> 00:43:35,359

to develop a plan to formalize the

1199

00:43:39,990 --> 00:43:38,560

mission currently performed by the uaptf

1200

00:43:41,750 --> 00:43:40,000

this plan will be developed in

1201
00:43:42,710 --> 00:43:41,760
coordination with the various dod

1202
00:43:44,870 --> 00:43:42,720
components

1203
00:43:46,309 --> 00:43:44,880
including the military departments and

1204
00:43:49,270 --> 00:43:46,319
the combatant

1205
00:43:50,950 --> 00:43:49,280
commands and with the office uh director

1206
00:43:53,030 --> 00:43:50,960
of national intelligence

1207
00:43:53,990 --> 00:43:53,040
and other interagency partners the plan

1208
00:43:56,069 --> 00:43:54,000
will be to establish

1209
00:43:57,589 --> 00:43:56,079
procedures for synchronizing collection

1210
00:44:00,230 --> 00:43:57,599
reporting and analysis

1211
00:44:01,109 --> 00:44:00,240
analysis of uap we talked about some of

1212
00:44:03,829 --> 00:44:01,119
this earlier

1213
00:44:05,990 --> 00:44:03,839

um it will provide recommendations for

1214

00:44:06,790 --> 00:44:06,000

securing military tests and training

1215

00:44:08,550 --> 00:44:06,800

ranges

1216

00:44:11,349 --> 00:44:08,560

and identify requirements for the

1217

00:44:14,790 --> 00:44:11,359

establishment and operation of a new

1218

00:44:16,790 --> 00:44:14,800

follow-on department of defense activity

1219

00:44:18,790 --> 00:44:16,800

to lead the effort including its

1220

00:44:20,829 --> 00:44:18,800

alignment resources staffing

1221

00:44:22,550 --> 00:44:20,839

authorities and a timeline for

1222

00:44:24,950 --> 00:44:22,560

implementation so

1223

00:44:26,950 --> 00:44:24,960

we might be getting something other than

1224

00:44:29,990 --> 00:44:26,960

just the pentagon task force

1225

00:44:30,950 --> 00:44:30,000

that was tasked to do this report and

1226

00:44:32,550 --> 00:44:30,960

nothing more

1227

00:44:33,990 --> 00:44:32,560

they didn't have to do anything after

1228

00:44:37,030 --> 00:44:34,000

this they literally

1229

00:44:38,150 --> 00:44:37,040

only answered what was requested of them

1230

00:44:40,790 --> 00:44:38,160

again they're not going to give us

1231

00:44:43,510 --> 00:44:40,800

everything um so they did their job

1232

00:44:44,230 --> 00:44:43,520

this task force did their job uh so the

1233

00:44:45,589 --> 00:44:44,240

dod

1234

00:44:47,270 --> 00:44:45,599

it sounds like is kind of like all right

1235

00:44:49,510 --> 00:44:47,280

we'll pick up the ball from here um

1236

00:44:52,470 --> 00:44:49,520

whether that's good or bad i don't know

1237

00:44:53,349 --> 00:44:52,480

but this was interesting staffing

1238

00:44:56,790 --> 00:44:53,359

authorities

1239

00:44:58,790 --> 00:44:56,800

and a timeline for implementation um

1240

00:44:59,910 --> 00:44:58,800

let's pull up actually i think i have

1241

00:45:04,710 --> 00:44:59,920

the

1242

00:45:12,390 --> 00:45:04,720

defense

1243

00:45:19,190 --> 00:45:15,430

this is weird i don't like this

1244

00:45:21,510 --> 00:45:19,200

anyways i am a document uh all right

1245

00:45:22,950 --> 00:45:21,520

all reports must be reported within two

1246

00:45:25,190 --> 00:45:22,960

weeks of an incident

1247

00:45:26,870 --> 00:45:25,200

in this memo from department of defense

1248

00:45:29,829 --> 00:45:26,880

i thought that was pretty interesting

1249

00:45:31,270 --> 00:45:29,839

um as rapid response as you can get we

1250

00:45:32,550 --> 00:45:31,280

know that a lot of these uap

1251
00:45:34,230 --> 00:45:32,560
come and go in the blink of an eye and

1252
00:45:35,670 --> 00:45:34,240
there's nothing to investigate there's

1253
00:45:38,790 --> 00:45:35,680
nothing to um

1254
00:45:39,990 --> 00:45:38,800
to chase after um so yeah i thought that

1255
00:45:43,190 --> 00:45:40,000
was pretty interesting

1256
00:45:43,750 --> 00:45:43,200
and also um that they want to staff this

1257
00:45:45,349 --> 00:45:43,760
thing

1258
00:45:46,870 --> 00:45:45,359
they want to get a bunch of people

1259
00:45:48,870 --> 00:45:46,880
involved so again

1260
00:45:51,190 --> 00:45:48,880
we might be seeing some sort of

1261
00:45:54,630 --> 00:45:51,200
permanent ufo program

1262
00:45:56,230 --> 00:45:54,640
again which is exciting um

1263
00:45:57,589 --> 00:45:56,240

i think it's exciting what do you guys

1264

00:45:59,750 --> 00:45:57,599

think let me go back to the comments

1265

00:46:05,510 --> 00:45:59,760

here

1266

00:46:05,520 --> 00:46:11,030

all right

1267

00:46:14,150 --> 00:46:12,630

yeah ethereum says outlining feature

1268

00:46:17,670 --> 00:46:14,160

research framework

1269

00:46:21,589 --> 00:46:19,270

you ought to know says two weeks is a

1270

00:46:21,910 --> 00:46:21,599

long time it is i i get that i get that

1271

00:46:25,030 --> 00:46:21,920

but

1272

00:46:26,550 --> 00:46:25,040

um hopefully it'll put fire under some

1273

00:46:28,150 --> 00:46:26,560

of these people to get the reports in a

1274

00:46:30,550 --> 00:46:28,160

little quicker a little

1275

00:46:32,150 --> 00:46:30,560

quicker dod is finally creating what

1276

00:46:32,870 --> 00:46:32,160

rubio actually asked for back in

1277

00:46:34,309 --> 00:46:32,880

december

1278

00:46:35,990 --> 00:46:34,319

this is what they should have done all

1279

00:46:37,589 --> 00:46:36,000

along amen aaron

1280

00:46:39,349 --> 00:46:37,599

i agree with you and i'm so glad that

1281

00:46:42,309 --> 00:46:39,359

the dod was so

1282

00:46:44,069 --> 00:46:42,319

reactionary when this report came out um

1283

00:46:47,190 --> 00:46:44,079

because i think they were like

1284

00:46:48,630 --> 00:46:47,200

come on like really we we gotta make it

1285

00:46:49,510 --> 00:46:48,640

sound a little better than this and we

1286

00:46:52,069 --> 00:46:49,520

have to um

1287

00:46:52,950 --> 00:46:52,079

show the public that we're still gonna

1288

00:46:56,390 --> 00:46:52,960

look into it i

1289

00:47:01,510 --> 00:46:56,400

i firmly believe that

1290

00:47:03,750 --> 00:47:01,520

uh blue book version two agreed agreed

1291

00:47:05,829 --> 00:47:03,760

if you're just joining us guys we are

1292

00:47:07,430 --> 00:47:05,839

talking all about the uap report and

1293

00:47:09,910 --> 00:47:07,440

what people thought about it

1294

00:47:11,109 --> 00:47:09,920

and everything and um you know what we

1295

00:47:12,309 --> 00:47:11,119

can expect next i

1296

00:47:14,470 --> 00:47:12,319

i have faith that we're gonna get

1297

00:47:15,589 --> 00:47:14,480

something a few other people do as well

1298

00:47:17,430 --> 00:47:15,599

which we'll get to

1299

00:47:19,430 --> 00:47:17,440

but let's talk about there's two quotes

1300

00:47:21,670 --> 00:47:19,440

after the report came out from

1301
00:47:23,190 --> 00:47:21,680
two members of the senate intelligence

1302
00:47:25,510 --> 00:47:23,200
committee um

1303
00:47:27,270 --> 00:47:25,520
and uh first we have marco rubio and he

1304
00:47:29,190 --> 00:47:27,280
said for years the men and women were

1305
00:47:31,270 --> 00:47:29,200
we trust to defend our country reported

1306
00:47:32,630 --> 00:47:31,280
encounters with unidentified aircraft

1307
00:47:34,470 --> 00:47:32,640
that had superior

1308
00:47:35,750 --> 00:47:34,480
capabilities and for years their

1309
00:47:38,470 --> 00:47:35,760
concerns were often

1310
00:47:39,430 --> 00:47:38,480
ignored and ridiculed this report is an

1311
00:47:41,910 --> 00:47:39,440
important first

1312
00:47:42,710 --> 00:47:41,920
step first step in cataloging these

1313
00:47:45,670 --> 00:47:42,720

incidents

1314

00:47:47,670 --> 00:47:45,680

but it is just a first step again that

1315

00:47:49,349 --> 00:47:47,680

comes from vice chairman marco rubio

1316

00:47:52,390 --> 00:47:49,359

of the senate intelligence committee and

1317

00:47:54,030 --> 00:47:52,400

also from the um the sci was mark warner

1318

00:47:56,069 --> 00:47:54,040

um and he said today's rather

1319

00:47:57,990 --> 00:47:56,079

inconclusive report

1320

00:47:59,910 --> 00:47:58,000

only marks the beginning of efforts to

1321

00:48:02,150 --> 00:47:59,920

understand and illuminate

1322

00:48:04,230 --> 00:48:02,160

what is causing these risks to aviation

1323

00:48:07,430 --> 00:48:04,240

in many areas around the country

1324

00:48:08,470 --> 00:48:07,440

and the world so yeah even our senators

1325

00:48:10,230 --> 00:48:08,480

and whatnot are like

1326

00:48:11,829 --> 00:48:10,240

i know i know it's not what you guys

1327

00:48:14,309 --> 00:48:11,839

expected and probably

1328

00:48:15,750 --> 00:48:14,319

we probably didn't do the best job um

1329

00:48:17,030 --> 00:48:15,760

you know in investigating these things

1330

00:48:19,190 --> 00:48:17,040

but we want to keep trying

1331

00:48:20,549 --> 00:48:19,200

so i hope hope hope no matter your

1332

00:48:23,109 --> 00:48:20,559

thoughts on um

1333

00:48:24,150 --> 00:48:23,119

marco rubio or uh mark warner any

1334

00:48:26,069 --> 00:48:24,160

senators

1335

00:48:27,270 --> 00:48:26,079

whatever aisle you know side of the i o

1336

00:48:30,470 --> 00:48:27,280

you're on that uh

1337

00:48:32,950 --> 00:48:30,480

this topic seems to be bringing

1338

00:48:35,589 --> 00:48:32,960

people together here in the public and

1339

00:48:36,950 --> 00:48:35,599

even um in bipartisan issues

1340

00:48:38,630 --> 00:48:36,960

so i think that's pretty cool that

1341

00:48:39,430 --> 00:48:38,640

they're all kind of working together for

1342

00:48:41,750 --> 00:48:39,440

once

1343

00:48:43,030 --> 00:48:41,760

um god i never thought i'd see that

1344

00:48:46,230 --> 00:48:43,040

again um

1345

00:48:47,829 --> 00:48:46,240

on this topic uh so yeah yeah i think

1346

00:48:48,870 --> 00:48:47,839

that's pretty interesting what they both

1347

00:48:51,430 --> 00:48:48,880

said that this

1348

00:48:53,030 --> 00:48:51,440

this is just the beginning um let's see

1349

00:48:54,710 --> 00:48:53,040

what else people are saying what's up

1350

00:48:55,589 --> 00:48:54,720

donald thank you for being here ricardo

1351

00:48:57,990 --> 00:48:55,599

hello

1352

00:49:02,150 --> 00:48:58,000

it's all about transparency yes and

1353

00:49:04,150 --> 00:49:02,160

hopefully we'll get more of that soon

1354

00:49:05,750 --> 00:49:04,160

uh christopher says for those that are

1355

00:49:07,589 --> 00:49:05,760

disappointed about the report remind

1356

00:49:08,630 --> 00:49:07,599

yourself where we were merely three

1357

00:49:10,950 --> 00:49:08,640

years ago

1358

00:49:11,670 --> 00:49:10,960

acknowledging is a huge problem is huge

1359

00:49:14,630 --> 00:49:11,680

progress

1360

00:49:15,990 --> 00:49:14,640

i couldn't agree more um yeah we'll take

1361

00:49:19,510 --> 00:49:16,000

what we can get for now and it's

1362

00:49:22,710 --> 00:49:19,520

an acknowledgement and um the

1363

00:49:24,309 --> 00:49:22,720

media and uh the the pentagon are taking

1364

00:49:29,990 --> 00:49:24,319

this seriously

1365

00:49:31,349 --> 00:49:30,000

so yeah i think that's pretty cool um

1366

00:49:32,870 --> 00:49:31,359

is an interesting question you ought to

1367

00:49:35,109 --> 00:49:32,880

know says will the search for this new

1368

00:49:37,990 --> 00:49:35,119

tech start another kind of space race

1369

00:49:39,349 --> 00:49:38,000

or a cold war good i mean china just

1370

00:49:42,150 --> 00:49:39,359

announced that they are

1371

00:49:44,069 --> 00:49:42,160

creating their own uh task force to look

1372

00:49:46,390 --> 00:49:44,079

into ufos and they're using

1373

00:49:47,670 --> 00:49:46,400

artificial intelligence just like we

1374

00:49:50,630 --> 00:49:47,680

heard in this report

1375

00:49:52,230 --> 00:49:50,640

which i think was reaction a reaction to

1376

00:49:52,790 --> 00:49:52,240

china announcing that they were doing

1377

00:49:55,910 --> 00:49:52,800

that

1378

00:49:58,069 --> 00:49:55,920

um so we might see some sort of cold war

1379

00:49:58,710 --> 00:49:58,079

going on with trying to identify these

1380

00:50:01,030 --> 00:49:58,720

uap

1381

00:50:03,430 --> 00:50:01,040

and how can we harness that technology

1382

00:50:06,230 --> 00:50:03,440

so it can either be super dangerous

1383

00:50:07,270 --> 00:50:06,240

or um super exciting um probably both i

1384

00:50:10,790 --> 00:50:07,280

don't know but

1385

00:50:13,910 --> 00:50:10,800

i think that was interesting um let me

1386

00:50:15,349 --> 00:50:13,920

move for just a moment here to uh some

1387

00:50:17,510 --> 00:50:15,359

of your guys thoughts on this

1388

00:50:19,109 --> 00:50:17,520

all of you watching this right now uh

1389

00:50:21,270 --> 00:50:19,119

like i mentioned earlier

1390

00:50:22,549 --> 00:50:21,280

i'm gonna be putting out a a bonus

1391

00:50:25,190 --> 00:50:22,559

podcast episode

1392

00:50:26,470 --> 00:50:25,200

with all of you listeners and supporters

1393

00:50:27,750 --> 00:50:26,480

of summer in the skies

1394

00:50:29,349 --> 00:50:27,760

calling in and telling me what you

1395

00:50:30,230 --> 00:50:29,359

thought about this report and where we

1396

00:50:31,670 --> 00:50:30,240

go from here

1397

00:50:34,069 --> 00:50:31,680

so i'm going to share three of those

1398

00:50:35,670 --> 00:50:34,079

with you right now um this is just a

1399

00:50:38,309 --> 00:50:35,680

small taste we've got

1400

00:50:39,270 --> 00:50:38,319

um who do we have we have dan

1401
00:50:41,430 --> 00:50:39,280
zetterstrom

1402
00:50:43,430 --> 00:50:41,440
uh from the signal on twitter and the

1403
00:50:45,670 --> 00:50:43,440
uap media group uk

1404
00:50:46,470 --> 00:50:45,680
we have uh chrissy newton from the

1405
00:50:49,910 --> 00:50:46,480
debrief

1406
00:50:52,069 --> 00:50:49,920
and we have ryan robbins ufo jesus

1407
00:50:53,349 --> 00:50:52,079
uh from youtube um and they're gonna

1408
00:50:54,069 --> 00:50:53,359
give you guys some of their thoughts

1409
00:50:59,349 --> 00:50:54,079
while i get

1410
00:51:01,510 --> 00:50:59,359
our next um stuff ready to go 144 cases

1411
00:51:02,710 --> 00:51:01,520
one solved people should look at this

1412
00:51:05,750 --> 00:51:02,720
uap task quote

1413
00:51:09,109 --> 00:51:05,760

report as monumental we've been told

1414

00:51:10,470 --> 00:51:09,119

science cannot currently explain the

1415

00:51:11,829 --> 00:51:10,480

things that people are seeing in our

1416

00:51:14,870 --> 00:51:11,839

skies and not just people

1417

00:51:17,430 --> 00:51:14,880

first-hand military aviators there were

1418

00:51:19,430 --> 00:51:17,440

80 cases with multiple sensors

1419

00:51:21,430 --> 00:51:19,440

we're not talking about optical

1420

00:51:24,870 --> 00:51:21,440

illusions anymore

1421

00:51:26,549 --> 00:51:24,880

we never really were but this puts a

1422

00:51:30,230 --> 00:51:26,559

nice full stop there

1423

00:51:33,430 --> 00:51:30,240

the letter from the secretary of defense

1424

00:51:36,790 --> 00:51:33,440

is asking to essentially formalize

1425

00:51:39,670 --> 00:51:36,800

a process which is everything

1426
00:51:42,309 --> 00:51:39,680
that we have always wanted with this

1427
00:51:44,630 --> 00:51:42,319
whether people believe that these are

1428
00:51:47,109 --> 00:51:44,640
weird enemy drones or whether they're

1429
00:51:49,589 --> 00:51:47,119
private industry or whether they're ufo

1430
00:51:51,990 --> 00:51:49,599
the point is we are now going to have

1431
00:51:53,829 --> 00:51:52,000
people looking at this all the time

1432
00:51:55,430 --> 00:51:53,839
we're going to have proper data flow for

1433
00:51:58,230 --> 00:51:55,440
this all the time

1434
00:51:59,589 --> 00:51:58,240
we might even have site setup where the

1435
00:52:01,990 --> 00:51:59,599
military aren't

1436
00:52:03,510 --> 00:52:02,000
that monitors for a baseline of uap

1437
00:52:04,790 --> 00:52:03,520
activity

1438
00:52:06,390 --> 00:52:04,800

if you've been paying attention for the

1439

00:52:08,230 --> 00:52:06,400

last three years some of these things

1440

00:52:10,309 --> 00:52:08,240

will be familiar to you

1441

00:52:13,430 --> 00:52:10,319

but for people outside of our community

1442

00:52:15,589 --> 00:52:13,440

this is nothing short of profound

1443

00:52:17,190 --> 00:52:15,599

this report may not be what some people

1444

00:52:19,510 --> 00:52:17,200

want but it is truly

1445

00:52:20,390 --> 00:52:19,520

what we need right now hey ryan it's

1446

00:52:23,670 --> 00:52:20,400

chrissy

1447

00:52:24,870 --> 00:52:23,680

uh my thoughts on the ufo report i know

1448

00:52:26,230 --> 00:52:24,880

a lot of people

1449

00:52:29,190 --> 00:52:26,240

wanted something else from the

1450

00:52:30,150 --> 00:52:29,200

government they didn't really want this

1451
00:52:33,190 --> 00:52:30,160
narrative

1452
00:52:34,549 --> 00:52:33,200
but we should be really thankful that we

1453
00:52:37,750 --> 00:52:34,559
did get something

1454
00:52:39,190 --> 00:52:37,760
because for years we were just

1455
00:52:40,870 --> 00:52:39,200
trying to get the government to

1456
00:52:43,030 --> 00:52:40,880
acknowledge ufos

1457
00:52:43,990 --> 00:52:43,040
for the longest period of time so we

1458
00:52:45,349 --> 00:52:44,000
have that now

1459
00:52:47,670 --> 00:52:45,359
and it's a step forward in the right

1460
00:52:50,069 --> 00:52:47,680
direction and it's step one

1461
00:52:52,069 --> 00:52:50,079
at multiple steps but at least we've

1462
00:52:53,990 --> 00:52:52,079
gotten this far

1463
00:52:55,430 --> 00:52:54,000

so i'm thankful for that i want to start

1464

00:52:58,470 --> 00:52:55,440

off by congratulating

1465

00:53:00,150 --> 00:52:58,480

everyone who assesses that at least some

1466

00:53:02,470 --> 00:53:00,160

ufos are beyond next generation

1467

00:53:05,510 --> 00:53:02,480

technology of unknown origin

1468

00:53:07,109 --> 00:53:05,520

if through researching and analyzing

1469

00:53:09,190 --> 00:53:07,119

all of the information available out

1470

00:53:11,349 --> 00:53:09,200

there on ufos this is the conclusion

1471

00:53:15,190 --> 00:53:11,359

that you've come to

1472

00:53:17,589 --> 00:53:15,200

then unquestionably this 180-day

1473

00:53:18,950 --> 00:53:17,599

preliminary ufo report is a step in the

1474

00:53:21,349 --> 00:53:18,960

right direction

1475

00:53:22,230 --> 00:53:21,359

to just give one quick example there is

1476
00:53:25,750 --> 00:53:22,240
a segment

1477
00:53:28,870 --> 00:53:25,760
in there that conveys that

1478
00:53:30,549 --> 00:53:28,880
some uap appear to maneuver

1479
00:53:31,910 --> 00:53:30,559
in in ways that are not easily

1480
00:53:34,390 --> 00:53:31,920
explainable

1481
00:53:35,510 --> 00:53:34,400
and without discernible means of

1482
00:53:39,109 --> 00:53:35,520
propulsion

1483
00:53:42,470 --> 00:53:39,119
that is not a trivial statement

1484
00:53:43,589 --> 00:53:42,480
and it's even more significant when you

1485
00:53:45,990 --> 00:53:43,599
consider

1486
00:53:47,030 --> 00:53:46,000
the vast array of sensor collecting

1487
00:53:49,349 --> 00:53:47,040
mechanisms

1488
00:53:50,150 --> 00:53:49,359

the most well-funded military in the

1489

00:53:52,870 --> 00:53:50,160

world has

1490

00:53:53,910 --> 00:53:52,880

at their disposal they should be able to

1491

00:53:57,270 --> 00:53:53,920

easily

1492

00:54:00,870 --> 00:53:57,280

detect the propulsion on these

1493

00:54:03,910 --> 00:54:00,880

uap from what i understand at least

1494

00:54:06,790 --> 00:54:03,920

but moving beyond that

1495

00:54:08,069 --> 00:54:06,800

to me this report really represents

1496

00:54:10,309 --> 00:54:08,079

accountability

1497

00:54:11,750 --> 00:54:10,319

for the longest time the us government

1498

00:54:16,870 --> 00:54:11,760

really wasn't forced

1499

00:54:19,109 --> 00:54:16,880

to talk about ufos report on ufos

1500

00:54:21,030 --> 00:54:19,119

and if you're silent about something and

1501

00:54:22,549 --> 00:54:21,040

you're not forced to go on the record

1502

00:54:25,030 --> 00:54:22,559

then you're not really backed into a

1503

00:54:26,630 --> 00:54:25,040

corner are you you're just silent

1504

00:54:28,470 --> 00:54:26,640

no accountability whatsoever but that

1505

00:54:30,950 --> 00:54:28,480

certainly changed

1506

00:54:32,470 --> 00:54:30,960

on december 16 2017 with the new york

1507

00:54:35,750 --> 00:54:32,480

times article revealing

1508

00:54:38,870 --> 00:54:35,760

a tip and so with the

1509

00:54:40,150 --> 00:54:38,880

release of this preliminary 180 day ufo

1510

00:54:44,630 --> 00:54:40,160

report

1511

00:54:48,069 --> 00:54:44,640

and with talk about public ufo hearings

1512

00:54:50,150 --> 00:54:48,079

which on the day i believe

1513

00:54:51,430 --> 00:54:50,160

of the release of this report

1514

00:54:55,589 --> 00:54:51,440

representative

1515

00:54:58,150 --> 00:54:55,599

andre carson stated again

1516

00:54:59,510 --> 00:54:58,160

that he wants there to be public ufo

1517

00:55:01,190 --> 00:54:59,520

hearings

1518

00:55:02,950 --> 00:55:01,200

this all seems to be moving in the

1519

00:55:04,390 --> 00:55:02,960

direction of greater and greater

1520

00:55:08,309 --> 00:55:04,400

accountability

1521

00:55:10,710 --> 00:55:08,319

something that i think is so necessary

1522

00:55:11,750 --> 00:55:10,720

because if there is a cover-up or truth

1523

00:55:14,870 --> 00:55:11,760

embargo

1524

00:55:16,710 --> 00:55:14,880

as many of us believe it's much harder

1525

00:55:18,789 --> 00:55:16,720

to get away with it

1526
00:55:20,710 --> 00:55:18,799
when there's accountability as opposed

1527
00:55:23,109 --> 00:55:20,720
to just remaining silent

1528
00:55:25,030 --> 00:55:23,119
about the very subject some of us

1529
00:55:27,750 --> 00:55:25,040
believe is being covered up

1530
00:55:29,990 --> 00:55:27,760
so in this current environment i really

1531
00:55:31,349 --> 00:55:30,000
assess that

1532
00:55:33,109 --> 00:55:31,359
if there is a cover-up and i could be

1533
00:55:34,390 --> 00:55:33,119
wrong maybe there's not maybe maybe my

1534
00:55:36,470 --> 00:55:34,400
assessment's wrong which is totally

1535
00:55:39,670 --> 00:55:36,480
possible but if there is a cover up

1536
00:55:43,430 --> 00:55:39,680
the odds that it can persist much longer

1537
00:55:45,910 --> 00:55:43,440
seems very low to me because it only

1538
00:55:46,470 --> 00:55:45,920

really could flourish in an environment

1539

00:55:50,309 --> 00:55:46,480

where

1540

00:55:52,069 --> 00:55:50,319

the stigma was at its zenith

1541

00:55:54,150 --> 00:55:52,079

and the government wasn't being forced

1542

00:55:57,589 --> 00:55:54,160

to discuss it so

1543

00:55:58,390 --> 00:55:57,599

there's clearly limitations to what you

1544

00:56:00,950 --> 00:55:58,400

can

1545

00:56:02,630 --> 00:56:00,960

keep from the public when all of a

1546

00:56:05,670 --> 00:56:02,640

sudden the public is

1547

00:56:07,589 --> 00:56:05,680

talking about it on a regular basis and

1548

00:56:08,789 --> 00:56:07,599

journalists are covering it on a regular

1549

00:56:11,829 --> 00:56:08,799

basis

1550

00:56:12,390 --> 00:56:11,839

and members of our government such as

1551
00:56:14,470 --> 00:56:12,400
our

1552
00:56:15,990 --> 00:56:14,480
members of congress are discussing it on

1553
00:56:19,430 --> 00:56:16,000
a regular basis

1554
00:56:21,190 --> 00:56:19,440
how can you continue to play stupid

1555
00:56:23,750 --> 00:56:21,200
and act as if you know don't know

1556
00:56:24,630 --> 00:56:23,760
anything in that environment i don't

1557
00:56:27,430 --> 00:56:24,640
think it's a plot

1558
00:56:28,950 --> 00:56:27,440
it's a plausible scenario so i'm very

1559
00:56:31,910 --> 00:56:28,960
optimistic

1560
00:56:33,109 --> 00:56:31,920
and this 180-day report we we received

1561
00:56:37,510 --> 00:56:33,119
today

1562
00:56:39,510 --> 00:56:37,520
is a a manifestation of accountability

1563
00:56:40,549 --> 00:56:39,520

and and that accountability is not going

1564

00:56:42,390 --> 00:56:40,559

away

1565

00:56:44,390 --> 00:56:42,400

in fact i think it's only going to

1566

00:56:46,150 --> 00:56:44,400

increase and at some point it's going to

1567

00:56:48,150 --> 00:56:46,160

force the united states government

1568

00:56:49,430 --> 00:56:48,160

to be more explicit on what they know

1569

00:56:51,270 --> 00:56:49,440

about ufos

1570

00:56:53,190 --> 00:56:51,280

and i'm looking forward to that day so

1571

00:56:55,670 --> 00:56:53,200

congratulations everybody

1572

00:56:57,270 --> 00:56:55,680

it looks like increased transparency on

1573

00:57:00,470 --> 00:56:57,280

a subject that we all find

1574

00:57:00,710 --> 00:57:00,480

very important is starting to manifest

1575

00:57:15,510 --> 00:57:00,720

in

1576
00:57:17,589 --> 00:57:15,520
jesus uh really stuck with me upward and

1577
00:57:19,589 --> 00:57:17,599
onward i think that's what we really

1578
00:57:21,270 --> 00:57:19,599
have to keep in mind i did want to go to

1579
00:57:23,910 --> 00:57:21,280
a few comments here

1580
00:57:25,589 --> 00:57:23,920
uh one from cairo saying also the fact

1581
00:57:26,150 --> 00:57:25,599
that they called it preliminary shows

1582
00:57:27,829 --> 00:57:26,160
that

1583
00:57:29,589 --> 00:57:27,839
they expect future reports if they

1584
00:57:30,789 --> 00:57:29,599
wanted to close the case they would call

1585
00:57:32,950 --> 00:57:30,799
it the final report

1586
00:57:34,549 --> 00:57:32,960
right or the pentagon would do like they

1587
00:57:37,430 --> 00:57:34,559
did i think in 94

1588
00:57:38,789 --> 00:57:37,440

it would be roswell case closed this is

1589

00:57:39,270 --> 00:57:38,799

it we're never going to approach this

1590

00:57:41,990 --> 00:57:39,280

again

1591

00:57:44,230 --> 00:57:42,000

um this is an ongoing effort so that's

1592

00:57:47,270 --> 00:57:44,240

cool i i think personally

1593

00:57:49,349 --> 00:57:47,280

um and i completely understand

1594

00:57:51,030 --> 00:57:49,359

everyone out there who doesn't trust a

1595

00:57:54,390 --> 00:57:51,040

word coming from the government

1596

00:57:55,670 --> 00:57:54,400

on this issue uh they have covered up a

1597

00:57:57,190 --> 00:57:55,680

lot of stuff in the past

1598

00:57:59,510 --> 00:57:57,200

they have been involved with some pretty

1599

00:58:00,549 --> 00:57:59,520

controversial stuff outside of the ufo

1600

00:58:03,190 --> 00:58:00,559

field as well

1601
00:58:03,910 --> 00:58:03,200
um on the their own american public and

1602
00:58:06,829 --> 00:58:03,920
abroad

1603
00:58:08,069 --> 00:58:06,839
but look um any time that i think the

1604
00:58:10,630 --> 00:58:08,079
government

1605
00:58:12,069 --> 00:58:10,640
approaches this topic we just have to

1606
00:58:14,150 --> 00:58:12,079
keep an eye on them

1607
00:58:15,750 --> 00:58:14,160
take it with a grain of salt but know

1608
00:58:18,470 --> 00:58:15,760
that they're looking into it

1609
00:58:20,309 --> 00:58:18,480
and um hopefully hopefully they'll

1610
00:58:22,710 --> 00:58:20,319
release some of the information to us

1611
00:58:23,670 --> 00:58:22,720
so yeah yeah i think that's exciting to

1612
00:58:29,910 --> 00:58:23,680
remember

1613
00:58:31,349 --> 00:58:29,920

uh ethereal says there's a clear call

1614

00:58:34,150 --> 00:58:31,359

for ongoing research and

1615

00:58:35,589 --> 00:58:34,160

funding exactly exactly again i think

1616

00:58:37,270 --> 00:58:35,599

one of the best things to come out of

1617

00:58:40,390 --> 00:58:37,280

all of this was the memo

1618

00:58:41,510 --> 00:58:40,400

from the department of defense i uh i i

1619

00:58:44,230 --> 00:58:41,520

thought it was awesome

1620

00:58:45,990 --> 00:58:44,240

it like while i was kind of let down and

1621

00:58:47,670 --> 00:58:46,000

went to bed kind of bummed last night

1622

00:58:49,990 --> 00:58:47,680

like i'm sure a lot of you did

1623

00:58:51,430 --> 00:58:50,000

that memo is actually what kept me kind

1624

00:58:52,789 --> 00:58:51,440

of excited about all of this

1625

00:58:55,589 --> 00:58:52,799

and why i decided to do this with you

1626
00:58:55,990 --> 00:58:55,599
guys today i think there's hope i really

1627
00:58:59,270 --> 00:58:56,000
do

1628
00:59:02,829 --> 00:58:59,280
um let's see

1629
00:59:04,549 --> 00:59:02,839
that's not a nothing burger ethereal

1630
00:59:09,430 --> 00:59:04,559
says

1631
00:59:10,710 --> 00:59:09,440
yeah i have to admit although i was

1632
00:59:11,990 --> 00:59:10,720
hoping for more i wasn't really

1633
00:59:13,750 --> 00:59:12,000
expecting it but i'm still excited to

1634
00:59:16,789 --> 00:59:13,760
see where things go from here

1635
00:59:17,430 --> 00:59:16,799
exactly um so where are things going

1636
00:59:19,910 --> 00:59:17,440
from here

1637
00:59:21,349 --> 00:59:19,920
uh i think we should keep in mind again

1638
00:59:24,710 --> 00:59:21,359

this is a marathon

1639

00:59:25,990 --> 00:59:24,720

um it's not a race uh those fine words

1640

00:59:28,230 --> 00:59:26,000

came from someone you're going to hear

1641

00:59:31,990 --> 00:59:28,240

in the summer in the skies bonus episode

1642

00:59:33,670 --> 00:59:32,000

very soon um and disclosure is a process

1643

00:59:35,030 --> 00:59:33,680

no matter what you think of disclosure

1644

00:59:36,470 --> 00:59:35,040

however you define that

1645

00:59:38,549 --> 00:59:36,480

um whether you think it will come from

1646

00:59:41,349 --> 00:59:38,559

the government or not it is a process

1647

00:59:42,390 --> 00:59:41,359

it's ongoing and um while we look at

1648

00:59:44,630 --> 00:59:42,400

project blue book

1649

00:59:46,309 --> 00:59:44,640

back in the 50s and 60s and we look at

1650

00:59:46,789 --> 00:59:46,319

atip and then we look at what's going on

1651
00:59:50,069 --> 00:59:46,799
now

1652
00:59:53,270 --> 00:59:50,079
um it's such a small

1653
00:59:54,390 --> 00:59:53,280
sliver in time and i think this topic

1654
00:59:56,950 --> 00:59:54,400
deserves

1655
00:59:57,910 --> 00:59:56,960
centuries of trying to understand it

1656
01:00:01,510 --> 00:59:57,920
centuries

1657
01:00:03,910 --> 01:00:01,520
of developing a relationship with it

1658
01:00:05,829 --> 01:00:03,920
uh whatever these phenomena represent

1659
01:00:07,829 --> 01:00:05,839
and uh finally embracing

1660
01:00:09,349 --> 01:00:07,839
and accepting it full force and i think

1661
01:00:11,990 --> 01:00:09,359
this is a huge step

1662
01:00:14,789 --> 01:00:12,000
i really do it's acknowledgment by the

1663
01:00:16,630 --> 01:00:14,799

us government that this is real and um

1664

01:00:18,789 --> 01:00:16,640

we couldn't ask for more than that we

1665

01:00:20,150 --> 01:00:18,799

really couldn't uh maybe we could

1666

01:00:22,150 --> 01:00:20,160

maybe we could i'm sure some of you

1667

01:00:25,030 --> 01:00:22,160

think we could but um yeah yeah

1668

01:00:26,230 --> 01:00:25,040

uh i want to share with you guys um well

1669

01:00:28,390 --> 01:00:26,240

before i do that

1670

01:00:29,430 --> 01:00:28,400

if i gave you the stream yard link to

1671

01:00:32,150 --> 01:00:29,440

hop in here

1672

01:00:34,150 --> 01:00:32,160

to um to chat with us for a little bit

1673

01:00:35,829 --> 01:00:34,160

please feel free to click on that now

1674

01:00:37,910 --> 01:00:35,839

you'll be in the waiting room and

1675

01:00:40,069 --> 01:00:37,920

i'll bring you in in just a few moments

1676

01:00:41,190 --> 01:00:40,079

uh luis i hope you're out there brother

1677

01:00:43,190 --> 01:00:41,200

from the united

1678

01:00:44,950 --> 01:00:43,200

unidentified celebrity review if you can

1679

01:00:45,670 --> 01:00:44,960

come in if not brother i completely

1680

01:00:47,430 --> 01:00:45,680

understand

1681

01:00:49,190 --> 01:00:47,440

um all of you guys watching this on a

1682

01:00:51,670 --> 01:00:49,200

weekend i truly appreciate you

1683

01:00:53,349 --> 01:00:51,680

even being here um i don't know about

1684

01:00:54,710 --> 01:00:53,359

you but it's really nice outside right

1685

01:00:56,309 --> 01:00:54,720

now here in new york so

1686

01:00:58,549 --> 01:00:56,319

i wouldn't blame you for wanting to be

1687

01:01:00,390 --> 01:00:58,559

outside and looking up in the sky

1688

01:01:01,829 --> 01:01:00,400

but uh thank you thank you to all of you

1689

01:01:05,109 --> 01:01:01,839

who have come here

1690

01:01:05,910 --> 01:01:05,119

um let's see follow says think they're

1691

01:01:09,190 --> 01:01:05,920

hiring

1692

01:01:12,870 --> 01:01:09,200

uap researchers i hope so um

1693

01:01:16,390 --> 01:01:12,880

my phone hasn't rung yet maybe it will

1694

01:01:17,990 --> 01:01:16,400

uh but yeah

1695

01:01:19,750 --> 01:01:18,000

lowland says we got the interest from

1696

01:01:20,150 --> 01:01:19,760

mainstream scientists that's a massive

1697

01:01:22,870 --> 01:01:20,160

win

1698

01:01:23,190 --> 01:01:22,880

exactly i think the next step in all of

1699

01:01:27,349 --> 01:01:23,200

this

1700

01:01:29,109 --> 01:01:27,359

is um now moving to okay

1701

01:01:30,630 --> 01:01:29,119

we're gonna keep looking into it uh

1702

01:01:33,430 --> 01:01:30,640

we're gonna give you guys resources

1703

01:01:34,230 --> 01:01:33,440

and money to do this um who should we

1704

01:01:38,309 --> 01:01:34,240

get

1705

01:01:40,309 --> 01:01:38,319

uh and i can think of like 50 scientists

1706

01:01:43,430 --> 01:01:40,319

at the scientific coalition for uap

1707

01:01:44,150 --> 01:01:43,440

studies the scu who would die to work on

1708

01:01:46,150 --> 01:01:44,160

this thing

1709

01:01:49,109 --> 01:01:46,160

and i think what contributes so much to

1710

01:01:51,510 --> 01:01:49,119

the uh the overall assessment of uap

1711

01:01:52,630 --> 01:01:51,520

and hopefully explaining away a lot of

1712

01:01:54,549 --> 01:01:52,640

these phenomena

1713

01:01:56,309 --> 01:01:54,559

that's their job to try to understand

1714

01:01:59,029 --> 01:01:56,319

what it is so um

1715

01:02:00,870 --> 01:01:59,039

yeah i hope we see a more scientific

1716

01:02:02,870 --> 01:02:00,880

approach to all of this moving forward

1717

01:02:03,910 --> 01:02:02,880

and they even said they're gonna get ai

1718

01:02:06,870 --> 01:02:03,920

involved and

1719

01:02:08,870 --> 01:02:06,880

and uh advanced technologies um to look

1720

01:02:11,750 --> 01:02:08,880

into this so i think that's pretty cool

1721

01:02:13,109 --> 01:02:11,760

um so one more time if i give you the

1722

01:02:17,430 --> 01:02:13,119

link feel free to hop

1723

01:02:19,109 --> 01:02:17,440

in uh nick is saying what link um that i

1724

01:02:21,270 --> 01:02:19,119

gave that to a couple people

1725

01:02:23,750 --> 01:02:21,280

i might throw it in here so you guys can

1726

01:02:26,950 --> 01:02:23,760

um hop in with me blind uh

1727

01:02:27,910 --> 01:02:26,960

please be nice please behave uh don't

1728

01:02:29,990 --> 01:02:27,920

troll me

1729

01:02:31,270 --> 01:02:30,000

and um we'll all get along but yeah i

1730

01:02:31,829 --> 01:02:31,280

would love to hear what you guys think

1731

01:02:34,069 --> 01:02:31,839

so

1732

01:02:35,190 --> 01:02:34,079

uh if we don't have anyone else pop in i

1733

01:02:37,270 --> 01:02:35,200

will definitely

1734

01:02:38,470 --> 01:02:37,280

send the link out to all of you guys

1735

01:02:41,910 --> 01:02:38,480

send your resume kid

1736

01:02:45,430 --> 01:02:41,920

my dad said oh

1737

01:02:47,990 --> 01:02:45,440

man oh avi loeb the scientist

1738

01:02:48,950 --> 01:02:48,000

said he would love to head the

1739

01:02:52,390 --> 01:02:48,960

scientific

1740

01:02:54,150 --> 01:02:52,400

branch or whatever of this uap thing so

1741

01:02:55,950 --> 01:02:54,160

that's awesome i think he would make a

1742

01:02:58,390 --> 01:02:55,960

really good um

1743

01:02:59,750 --> 01:02:58,400

imaginative person to really look into

1744

01:03:01,990 --> 01:02:59,760

this from uh

1745

01:03:02,950 --> 01:03:02,000

rebellious size from what we know of the

1746

01:03:04,870 --> 01:03:02,960

mainstream

1747

01:03:06,150 --> 01:03:04,880

scientific community so yeah yeah i

1748

01:03:09,589 --> 01:03:06,160

think that's pretty cool

1749

01:03:10,870 --> 01:03:09,599

um let me move to another video for you

1750

01:03:12,549 --> 01:03:10,880

guys here shortly

1751

01:03:14,150 --> 01:03:12,559

so i talked to john greenwald of the

1752

01:03:17,750 --> 01:03:14,160

black vault this morning

1753

01:03:19,750 --> 01:03:17,760

and um he allowed me to share

1754

01:03:21,270 --> 01:03:19,760

these last final moments of a stream

1755

01:03:23,270 --> 01:03:21,280

that he did last night

1756

01:03:25,029 --> 01:03:23,280

um he was sorry he couldn't make it live

1757

01:03:26,789 --> 01:03:25,039

but he said please feel free to share

1758

01:03:28,549 --> 01:03:26,799

this so i'm going to play that

1759

01:03:30,069 --> 01:03:28,559

video message for you guys right now

1760

01:03:32,789 --> 01:03:30,079

from john greenwald

1761

01:03:33,829 --> 01:03:32,799

and uh he sends his best to everyone and

1762

01:03:35,990 --> 01:03:33,839

uh

1763

01:03:37,349 --> 01:03:36,000

you know john's a skeptical guy as he

1764

01:03:38,309 --> 01:03:37,359

should be he's been looking into this

1765

01:03:40,150 --> 01:03:38,319

forever

1766

01:03:42,870 --> 01:03:40,160

and um if you're not familiar with his

1767

01:03:45,270 --> 01:03:42,880

work head on over to theblackvault.com

1768

01:03:47,430 --> 01:03:45,280

or subscribe to his youtube channel the

1769

01:03:49,829 --> 01:03:47,440

black vault please go do that right now

1770

01:03:51,349 --> 01:03:49,839

um he's doing excellent work over there

1771

01:03:52,549 --> 01:03:51,359

but uh before we do anything let me

1772

01:03:54,470 --> 01:03:52,559

share this video

1773

01:03:56,870 --> 01:03:54,480

with you guys from john about his

1774

01:03:58,630 --> 01:03:56,880

thoughts on the report and um

1775

01:04:01,109 --> 01:03:58,640

what we should think of about moving

1776

01:04:03,990 --> 01:04:01,119

forward but one thing that i will say

1777

01:04:05,109 --> 01:04:04,000

and what i uh even tweeted out today for

1778

01:04:06,549 --> 01:04:05,119

those who were

1779

01:04:09,029 --> 01:04:06,559

watching with me and we were all

1780

01:04:12,549 --> 01:04:09,039

frantically pressing refresh on the

1781

01:04:14,710 --> 01:04:12,559

dni's website and really anticipating

1782

01:04:17,589 --> 01:04:14,720

this together

1783

01:04:18,390 --> 01:04:17,599

is that this is not the end right this

1784

01:04:20,870 --> 01:04:18,400

this is not

1785

01:04:22,230 --> 01:04:20,880

regardless of this being the letdown uh

1786

01:04:24,309 --> 01:04:22,240

that it might be to you

1787

01:04:26,150 --> 01:04:24,319

or maybe it's encouraging to you maybe

1788

01:04:29,190 --> 01:04:26,160

this is more than you thought

1789

01:04:30,789 --> 01:04:29,200

it doesn't matter what you think this is

1790

01:04:33,510 --> 01:04:30,799

far from the end

1791

01:04:35,910 --> 01:04:33,520

not only for me on a personal level i've

1792

01:04:37,990 --> 01:04:35,920

been doing this for 25 years pursuing

1793

01:04:39,589 --> 01:04:38,000

ufo uap information with the government

1794

01:04:41,829 --> 01:04:39,599

so i'm not going to stop now

1795

01:04:44,470 --> 01:04:41,839

but i hope it motivates all of you as

1796

01:04:46,870 --> 01:04:44,480

well because even though this report

1797

01:04:48,870 --> 01:04:46,880

i can almost bet for all of you didn't

1798

01:04:51,589 --> 01:04:48,880

have everything that you wanted

1799

01:04:51,990 --> 01:04:51,599

in it at least this shows us that there

1800

01:04:56,150 --> 01:04:52,000

is

1801
01:04:58,390 --> 01:04:56,160
taken seriously

1802
01:05:00,470 --> 01:04:58,400
that it is being acknowledged that it is

1803
01:05:03,109 --> 01:05:00,480
being essentially

1804
01:05:05,109 --> 01:05:03,119
looked at as a potential threat and as

1805
01:05:06,549 --> 01:05:05,119
much as some of you do not like that

1806
01:05:09,270 --> 01:05:06,559
word

1807
01:05:10,470 --> 01:05:09,280
that will pave the way for them meaning

1808
01:05:13,750 --> 01:05:10,480
the senate

1809
01:05:14,870 --> 01:05:13,760
to look at this that is not exciting or

1810
01:05:17,990 --> 01:05:14,880
extraordinary by

1811
01:05:20,470 --> 01:05:18,000
itself but that is the root

1812
01:05:22,710 --> 01:05:20,480
because once additional funding albeit

1813
01:05:25,349 --> 01:05:22,720

maybe a small amount

1814

01:05:27,750 --> 01:05:25,359

that additional funding goes in and that

1815

01:05:30,630 --> 01:05:27,760

expansion of the data happens

1816

01:05:31,430 --> 01:05:30,640

and they expanded to commercial aviation

1817

01:05:33,750 --> 01:05:31,440

pilots

1818

01:05:34,549 --> 01:05:33,760

they expanded to just the joe schmoes of

1819

01:05:37,190 --> 01:05:34,559

the world

1820

01:05:38,230 --> 01:05:37,200

that are seeing ufos to essentially then

1821

01:05:40,950 --> 01:05:38,240

really

1822

01:05:42,150 --> 01:05:40,960

tackle this from a scientific standpoint

1823

01:05:45,430 --> 01:05:42,160

that

1824

01:05:46,470 --> 01:05:45,440

is what we should all praise i'm mad too

1825

01:05:49,190 --> 01:05:46,480

we didn't get what we

1826
01:05:49,910 --> 01:05:49,200
really truly wanted but if this is the

1827
01:05:52,549 --> 01:05:49,920
route

1828
01:05:53,029 --> 01:05:52,559
to potentially a bigger program that

1829
01:05:56,390 --> 01:05:53,039
will

1830
01:05:58,150 --> 01:05:56,400
then pave that way for a bigger data set

1831
01:06:01,510 --> 01:05:58,160
for them to call on

1832
01:06:02,390 --> 01:06:01,520
hopefully we the people will have access

1833
01:06:04,630 --> 01:06:02,400
to that

1834
01:06:05,990 --> 01:06:04,640
but at least those are baby steps

1835
01:06:12,789 --> 01:06:06,000
forward

1836
01:06:16,390 --> 01:06:15,270
nice so i want to thank john once again

1837
01:06:19,349 --> 01:06:16,400
for letting me

1838
01:06:20,150 --> 01:06:19,359

play that for you guys um if he's

1839

01:06:22,470 --> 01:06:20,160

excited

1840

01:06:23,910 --> 01:06:22,480

about moving forward with this uh i

1841

01:06:25,750 --> 01:06:23,920

don't know how anyone couldn't be

1842

01:06:28,549 --> 01:06:25,760

because john is the most skeptical

1843

01:06:30,309 --> 01:06:28,559

about all of this um and he's excited

1844

01:06:31,029 --> 01:06:30,319

about what comes next and i know someone

1845

01:06:33,750 --> 01:06:31,039

else

1846

01:06:34,309 --> 01:06:33,760

who's excited about what comes next he

1847

01:06:37,589 --> 01:06:34,319

is

1848

01:06:39,750 --> 01:06:37,599

the host of the unidentified celebrity

1849

01:06:41,430 --> 01:06:39,760

review and he is joining us right now so

1850

01:06:45,430 --> 01:06:41,440

i'm going to bring him in

1851

01:06:48,150 --> 01:06:45,440

yo what's up ryan how you doing buddy

1852

01:06:51,829 --> 01:06:48,160

good good this is so impromptu i wish i

1853

01:06:53,589 --> 01:06:51,839

had the production value you have my man

1854

01:06:55,349 --> 01:06:53,599

i don't know how you guys do it you got

1855

01:06:57,750 --> 01:06:55,359

things popping up on the screen you got

1856

01:06:59,029 --> 01:06:57,760

share streams going you got it's crazy i

1857

01:07:01,029 --> 01:06:59,039

can't believe the amazing work

1858

01:07:02,150 --> 01:07:01,039

it's over there it's all rather it's all

1859

01:07:04,069 --> 01:07:02,160

rather rather

1860

01:07:05,670 --> 01:07:04,079

rather pulls up all that stuff as we

1861

01:07:07,270 --> 01:07:05,680

talk yeah

1862

01:07:09,510 --> 01:07:07,280

but uh but i appreciate it man thanks

1863

01:07:10,950 --> 01:07:09,520

for having me thank you for coming

1864

01:07:13,430 --> 01:07:10,960

i really appreciate it i know it's a

1865

01:07:14,710 --> 01:07:13,440

saturday a lot of no this is great i was

1866

01:07:15,829 --> 01:07:14,720

gonna try i was thinking about doing

1867

01:07:16,950 --> 01:07:15,839

something on saturday anyway

1868

01:07:19,589 --> 01:07:16,960

just because there's so much to talk

1869

01:07:20,630 --> 01:07:19,599

about man there's no to digest here's

1870

01:07:22,710 --> 01:07:20,640

the thing that

1871

01:07:23,750 --> 01:07:22,720

it kind of just hit me today and we

1872

01:07:25,109 --> 01:07:23,760

really

1873

01:07:27,190 --> 01:07:25,119

rather actually touched on this on a

1874

01:07:30,230 --> 01:07:27,200

video that he did post star show

1875

01:07:33,510 --> 01:07:30,240

um this is a preliminary report

1876

01:07:33,990 --> 01:07:33,520

right this is a preliminary report which

1877

01:07:37,270 --> 01:07:34,000

means

1878

01:07:40,230 --> 01:07:37,280

we're going to get another report

1879

01:07:41,190 --> 01:07:40,240

that's a good thing that's a good thing

1880

01:07:47,190 --> 01:07:41,200

i

1881

01:07:49,750 --> 01:07:47,200

congress was

1882

01:07:50,549 --> 01:07:49,760

i'd like to see a preliminary report on

1883

01:07:52,309 --> 01:07:50,559

the date

1884

01:07:55,349 --> 01:07:52,319

and then give you guys an extension of

1885

01:07:57,990 --> 01:07:55,359

180 days to provide a better report

1886

01:07:59,910 --> 01:07:58,000

yeah looks like that's what we might get

1887

01:08:01,589 --> 01:07:59,920

i mean i can tell you this

1888

01:08:03,670 --> 01:08:01,599

like you just said earlier i mean i just

1889

01:08:04,230 --> 01:08:03,680

heard you say it or somebody in your

1890

01:08:06,789 --> 01:08:04,240

comments

1891

01:08:08,390 --> 01:08:06,799

like if this was a final report it would

1892

01:08:10,789 --> 01:08:08,400

say final report

1893

01:08:12,150 --> 01:08:10,799

like if they wanted to nip this issue in

1894

01:08:14,390 --> 01:08:12,160

the bud they could have

1895

01:08:16,070 --> 01:08:14,400

done it right here this was the golden

1896

01:08:18,070 --> 01:08:16,080

opportunity to do it

1897

01:08:20,070 --> 01:08:18,080

and never have anybody talk about this

1898

01:08:21,669 --> 01:08:20,080

again never have any media i mean the

1899

01:08:23,510 --> 01:08:21,679

media inquiries are still going

1900

01:08:25,910 --> 01:08:23,520

people are still talking about it yeah

1901

01:08:28,229 --> 01:08:25,920

um and it's because

1902

01:08:30,149 --> 01:08:28,239

they didn't finalize anything you know

1903

01:08:31,829 --> 01:08:30,159

they basically said that these objects

1904

01:08:33,189 --> 01:08:31,839

are real out of all of these objects

1905

01:08:35,189 --> 01:08:33,199

only one they could

1906

01:08:36,309 --> 01:08:35,199

they could actually figure out one of

1907

01:08:39,030 --> 01:08:36,319

them that's

1908

01:08:40,870 --> 01:08:39,040

crazy that's pretty wild that's a that's

1909

01:08:43,189 --> 01:08:40,880

a big admission but i mean but then he

1910

01:08:45,030 --> 01:08:43,199

had some of them were balloons

1911

01:08:47,189 --> 01:08:45,040

were probably chinese drones some of

1912

01:08:50,870 --> 01:08:47,199

them were probably antarctican drones

1913

01:08:52,709 --> 01:08:50,880

and and you know and and that's okay

1914

01:08:53,910 --> 01:08:52,719

because we already knew that we knew

1915

01:08:57,229 --> 01:08:53,920

that coming into this

1916

01:09:01,590 --> 01:08:57,239

so exactly you know if this if this

1917

01:09:03,349 --> 01:09:01,600

preliminary report disappoints you

1918

01:09:05,669 --> 01:09:03,359

you either a weren't listening to what

1919

01:09:08,950 --> 01:09:05,679

was being said for the last six

1920

01:09:11,510 --> 01:09:08,960

months because nobody on

1921

01:09:13,349 --> 01:09:11,520

coming from an intelligence standpoint

1922

01:09:14,709 --> 01:09:13,359

not louis lozano not christopher mellon

1923

01:09:17,349 --> 01:09:14,719

not sean cahill

1924

01:09:18,470 --> 01:09:17,359

nobody nobody from that end of this

1925

01:09:20,870 --> 01:09:18,480

discussion

1926

01:09:22,070 --> 01:09:20,880

was setting up the expectation of

1927

01:09:24,950 --> 01:09:22,080

metamaterials

1928

01:09:25,510 --> 01:09:24,960

no one said bodies no one said crafts no

1929

01:09:29,269 --> 01:09:25,520

one said

1930

01:09:31,269 --> 01:09:29,279

so if

1931

01:09:32,309 --> 01:09:31,279

that's what you were expecting in this

1932

01:09:35,990 --> 01:09:32,319

report

1933

01:09:37,990 --> 01:09:36,000

that's on you that's not you like i hate

1934

01:09:39,430 --> 01:09:38,000

to break it to you that's on you man

1935

01:09:42,630 --> 01:09:39,440

like we have been saying

1936

01:09:45,749 --> 01:09:42,640

for months lower your expectations

1937

01:09:47,990 --> 01:09:45,759

and so has so has the pentagon and so

1938

01:09:49,590 --> 01:09:48,000

has luis elizondo luis elizondo

1939

01:09:53,030 --> 01:09:49,600

specifically has said it

1940

01:09:55,910 --> 01:09:53,040

over and over and over he's a man he he

1941

01:09:57,189 --> 01:09:55,920

he set the expectation of expected delay

1942

01:09:59,910 --> 01:09:57,199

expect a delay

1943

01:10:01,270 --> 01:09:59,920

um like and i think this is exactly what

1944

01:10:04,390 --> 01:10:01,280

it is this is a delay

1945

01:10:05,750 --> 01:10:04,400

because we got a preliminary report um

1946

01:10:07,030 --> 01:10:05,760

but they didn't give us a promise of

1947

01:10:07,830 --> 01:10:07,040

when we're going to get the rest of the

1948

01:10:10,870 --> 01:10:07,840

report

1949

01:10:13,430 --> 01:10:10,880

um but then he also realized there's

1950

01:10:14,390 --> 01:10:13,440

70 something pages that we're not privy

1951

01:10:17,110 --> 01:10:14,400

to

1952

01:10:18,070 --> 01:10:17,120

and congress is looking at over the

1953

01:10:21,350 --> 01:10:18,080

weekend

1954

01:10:22,790 --> 01:10:21,360

i have a feeling either a some of this

1955

01:10:25,669 --> 01:10:22,800

is gonna leak

1956

01:10:26,709 --> 01:10:25,679

or be congress might start declassifying

1957

01:10:28,709 --> 01:10:26,719

some of this report

1958

01:10:30,070 --> 01:10:28,719

which would be wonderful and if that's

1959

01:10:32,390 --> 01:10:30,080

something you want

1960

01:10:33,669 --> 01:10:32,400

call your congressman and ask them to

1961

01:10:35,510 --> 01:10:33,679

declassify

1962

01:10:36,950 --> 01:10:35,520

aspects of the report that they think

1963

01:10:39,350 --> 01:10:36,960

should be declassified

1964

01:10:40,149 --> 01:10:39,360

encourage them to do so i mean right now

1965

01:10:42,790 --> 01:10:40,159

we've got a

1966

01:10:44,870 --> 01:10:42,800

sick golden opportunity to make some

1967

01:10:47,830 --> 01:10:44,880

phone calls and really

1968

01:10:49,590 --> 01:10:47,840

and really possibly do some of this work

1969

01:10:51,990 --> 01:10:49,600

ourselves to uncover some of the rest of

1970

01:10:54,550 --> 01:10:52,000

the 78 pages or however many pages are

1971

01:10:55,990 --> 01:10:54,560

left well let me ask you that do you

1972

01:10:58,310 --> 01:10:56,000

think and we know

1973

01:11:01,270 --> 01:10:58,320

um again no matter your thoughts on the

1974

01:11:04,630 --> 01:11:01,280

guy jeremy corbell is a tenacious man

1975

01:11:05,910 --> 01:11:04,640

and he said um i'm gonna drop something

1976

01:11:07,510 --> 01:11:05,920

in reaction to this

1977

01:11:09,669 --> 01:11:07,520

and luis elizondo has said the same

1978

01:11:11,750 --> 01:11:09,679

thing we have a contingency

1979

01:11:13,189 --> 01:11:11,760

if this report is as mundane as could be

1980

01:11:14,870 --> 01:11:13,199

which it kind of was

1981

01:11:16,470 --> 01:11:14,880

um there again we went through all the

1982

01:11:17,669 --> 01:11:16,480

good stuff from it but um

1983

01:11:19,910 --> 01:11:17,679

what do you think do you think we're

1984

01:11:22,790 --> 01:11:19,920

gonna see any leaks or any

1985

01:11:23,830 --> 01:11:22,800

kind of anonymous statements being made

1986

01:11:27,189 --> 01:11:23,840

moving forward

1987

01:11:29,830 --> 01:11:27,199

photos videos yes uh yes all of that

1988

01:11:31,030 --> 01:11:29,840

yes yes because the conversation's not

1989

01:11:34,310 --> 01:11:31,040

going backwards

1990

01:11:37,830 --> 01:11:34,320

forward and

1991

01:11:39,750 --> 01:11:37,840

forward means more data more info more

1992

01:11:41,590 --> 01:11:39,760

more more more more of everything more

1993

01:11:44,070 --> 01:11:41,600

transparency more discussion

1994

01:11:44,870 --> 01:11:44,080

um you know i can't wait to see what i

1995

01:11:46,950 --> 01:11:44,880

mean look i

1996

01:11:49,750 --> 01:11:46,960

i i don't think this report was as

1997

01:11:53,030 --> 01:11:49,760

mundane as people are painting it to be

1998

01:11:56,310 --> 01:11:53,040

i think again we have to keep in mind

1999

01:11:59,430 --> 01:11:56,320

99 of the population have

2000

01:12:02,470 --> 01:11:59,440

has no idea that these objects

2001

01:12:04,950 --> 01:12:02,480

are real they're tangible they're craft

2002

01:12:06,149 --> 01:12:04,960

they're solid they're intelligently

2003

01:12:08,950 --> 01:12:06,159

controlled

2004

01:12:09,510 --> 01:12:08,960

these are just i can't i don't want to

2005

01:12:12,149 --> 01:12:09,520

call them

2006

01:12:14,310 --> 01:12:12,159

stone cold hard facts but they're as

2007

01:12:18,470 --> 01:12:14,320

close to a fact as you can get

2008

01:12:19,830 --> 01:12:18,480

um and that conversation that genie is

2009

01:12:21,430 --> 01:12:19,840

not going back in the bottle

2010

01:12:23,110 --> 01:12:21,440

we're gonna get more i can't wait to see

2011

01:12:25,510 --> 01:12:23,120

what jimmy corbell comes out with

2012

01:12:26,550 --> 01:12:25,520

and i think this report validates all

2013

01:12:28,950 --> 01:12:26,560

the work

2014

01:12:29,910 --> 01:12:28,960

that corbell that george knapp that

2015

01:12:31,510 --> 01:12:29,920

richard dolan

2016

01:12:33,110 --> 01:12:31,520

all of these guys you know john

2017

01:12:35,750 --> 01:12:33,120

greenwald that have been doing

2018

01:12:36,149 --> 01:12:35,760

you know uh you your boss tim mcmillan

2019

01:12:39,189 --> 01:12:36,159

like

2020

01:12:42,470 --> 01:12:39,199

all of these guys are doing killer

2021

01:12:44,790 --> 01:12:42,480

killer investigate yourself included in

2022

01:12:46,550 --> 01:12:44,800

insanely great investigative work it's

2023

01:12:50,790 --> 01:12:46,560

not gonna stop

2024

01:12:52,390 --> 01:12:50,800

it's gonna get more more veracity to it

2025

01:12:55,110 --> 01:12:52,400

because people now know

2026

01:12:57,510 --> 01:12:55,120

they're not chasing [h__\h] anymore

2027

01:13:01,030 --> 01:12:57,520

they're chasing a legitimate

2028

01:13:04,470 --> 01:13:01,040

thing um and i i do

2029

01:13:07,669 --> 01:13:04,480

i'm excited i gotta tell you i am too

2030

01:13:10,950 --> 01:13:07,679

again that that memo actually from uh

2031

01:13:13,510 --> 01:13:10,960

defense was actually what like

2032

01:13:14,149 --> 01:13:13,520

kept me you know alive this morning i

2033

01:13:16,630 --> 01:13:14,159

was

2034

01:13:17,189 --> 01:13:16,640

like oh man oh yeah have you read that

2035

01:13:23,669 --> 01:13:17,199

that

2036

01:13:26,630 --> 01:13:23,679

it's fire man it's like they were like

2037

01:13:27,510 --> 01:13:26,640

yo pentagon screwed up like they really

2038

01:13:30,310 --> 01:13:27,520

screwed up

2039

01:13:31,830 --> 01:13:30,320

so we'll we'll take it from here which i

2040

01:13:32,149 --> 01:13:31,840

thought was pretty interesting well i

2041

01:13:35,669 --> 01:13:32,159

just

2042

01:13:38,070 --> 01:13:35,679

love this i love the they have a plan

2043

01:13:39,830 --> 01:13:38,080

there's a plan okay and the first thing

2044

01:13:41,430 --> 01:13:39,840

that the plan should include is to

2045

01:13:44,390 --> 01:13:41,440

establish procedures

2046

01:13:46,149 --> 01:13:44,400

to synchronize collection yeah that

2047

01:13:48,229 --> 01:13:46,159

sounds like an office to me

2048

01:13:49,910 --> 01:13:48,239

that sounds like a that sounds like a

2049

01:13:52,790 --> 01:13:49,920

permanent office to me

2050

01:13:53,270 --> 01:13:52,800

reporting an analysis of the uap problem

2051

01:13:55,430 --> 01:13:53,280

set

2052

01:14:00,229 --> 01:13:55,440

and to establish recommendations for

2053

01:14:03,430 --> 01:14:00,239

securing military tested training ranges

2054

01:14:07,110 --> 01:14:03,440

boom i mean that's

2055

01:14:10,550 --> 01:14:07,120

if we get a uap

2056

01:14:11,990 --> 01:14:10,560

task force office that is funded better

2057

01:14:15,270 --> 01:14:12,000

than atip

2058

01:14:17,510 --> 01:14:15,280

that provides a report every year um

2059

01:14:20,390 --> 01:14:17,520

and hopefully those unclassified pages

2060

01:14:22,950 --> 01:14:20,400

get longer and longer and longer

2061

01:14:23,830 --> 01:14:22,960

that's a wonderful progression in this

2062

01:14:26,149 --> 01:14:23,840

discussion

2063

01:14:27,110 --> 01:14:26,159

if the if the depart if the pentagon and

2064

01:14:30,390 --> 01:14:27,120

the deputy

2065

01:14:32,709 --> 01:14:30,400

deputy secretary of defense think that

2066

01:14:34,870 --> 01:14:32,719

it's a good idea to set up an office to

2067

01:14:37,110 --> 01:14:34,880

start collecting this data

2068

01:14:38,470 --> 01:14:37,120

and let's say they quadrupled the budget

2069

01:14:40,229 --> 01:14:38,480

of the a-tip program

2070

01:14:42,310 --> 01:14:40,239

that's still less than 100 million

2071

01:14:44,310 --> 01:14:42,320

dollars i mean that's something that

2072

01:14:45,350 --> 01:14:44,320

they don't even have to ask congress for

2073

01:14:47,830 --> 01:14:45,360

they could allocate

2074

01:14:49,830 --> 01:14:47,840

funds from other projects other things

2075

01:14:53,750 --> 01:14:49,840

to make that budget up

2076

01:14:56,070 --> 01:14:53,760

real quick real quick and

2077

01:14:57,430 --> 01:14:56,080

and i think i think that's what we're

2078

01:14:59,430 --> 01:14:57,440

gonna i think this is what

2079

01:15:00,790 --> 01:14:59,440

is happening personally yeah i think

2080

01:15:01,830 --> 01:15:00,800

they're gonna start setting up an office

2081

01:15:03,189 --> 01:15:01,840

they're gonna start setting up a

2082

01:15:05,270 --> 01:15:03,199

collection agency

2083

01:15:07,030 --> 01:15:05,280

and hopefully now that the thing that we

2084

01:15:07,830 --> 01:15:07,040

really need to be vigilant of is we got

2085

01:15:11,030 --> 01:15:07,840

to make sure that

2086

01:15:12,310 --> 01:15:11,040

if they do that that we really hold that

2087

01:15:14,630 --> 01:15:12,320

task force to fire

2088

01:15:16,630 --> 01:15:14,640

and that we really make sure congress

2089

01:15:18,709 --> 01:15:16,640

and our senators are putting the proper

2090

01:15:21,910 --> 01:15:18,719

amount of pressure in the right places

2091

01:15:25,189 --> 01:15:21,920

to make sure that that data gets to us

2092

01:15:25,990 --> 01:15:25,199

on some level um yeah and i think it's

2093

01:15:27,669 --> 01:15:26,000

coming man

2094

01:15:30,229 --> 01:15:27,679

i think it's coming it's gonna be i hope

2095

01:15:32,229 --> 01:15:30,239

so maybe two well

2096

01:15:33,430 --> 01:15:32,239

which i'm willing to wait for man dude

2097

01:15:35,830 --> 01:15:33,440

we've waited this long

2098

01:15:37,270 --> 01:15:35,840

what's another year what's another year

2099

01:15:41,189 --> 01:15:37,280

that's the whole thing man

2100

01:15:43,990 --> 01:15:41,199

we really once like

2101
01:15:45,030 --> 01:15:44,000
another 180 days and i get more data

2102
01:15:49,189 --> 01:15:45,040
awesome

2103
01:15:51,350 --> 01:15:49,199
this i mean

2104
01:15:53,270 --> 01:15:51,360
everyone wanted to know what it would

2105
01:15:54,310 --> 01:15:53,280
say about roswell what it would say

2106
01:15:57,030 --> 01:15:54,320
about

2107
01:15:57,669 --> 01:15:57,040
rendelsham and everything and i mean

2108
01:15:59,830 --> 01:15:57,679
again we

2109
01:16:01,350 --> 01:15:59,840
knew that this was going to be like from

2110
01:16:03,270 --> 01:16:01,360
2004

2111
01:16:04,870 --> 01:16:03,280
onwards so i don't know why people were

2112
01:16:06,630 --> 01:16:04,880
thinking that though yeah they they

2113
01:16:10,310 --> 01:16:06,640

weren't going to give us all the files

2114

01:16:11,270 --> 01:16:10,320

on anything did ever say roswell did

2115

01:16:14,149 --> 01:16:11,280

christopher mellon

2116

01:16:15,990 --> 01:16:14,159

ever say rendlesham they never said that

2117

01:16:18,070 --> 01:16:16,000

so if you thought that that information

2118

01:16:21,030 --> 01:16:18,080

was going to be in this report again

2119

01:16:21,669 --> 01:16:21,040

it's on you it's on you well here's the

2120

01:16:24,709 --> 01:16:21,679

thing too

2121

01:16:26,790 --> 01:16:24,719

that that data from those events

2122

01:16:29,030 --> 01:16:26,800

should be eventually implemented into

2123

01:16:29,590 --> 01:16:29,040

whatever this overall program ends up

2124

01:16:31,590 --> 01:16:29,600

being

2125

01:16:32,630 --> 01:16:31,600

obviously not only the data from

2126

01:16:35,270 --> 01:16:32,640

military

2127

01:16:37,189 --> 01:16:35,280

events but civilians as well and that

2128

01:16:38,709 --> 01:16:37,199

was another exciting thing i thought i

2129

01:16:40,390 --> 01:16:38,719

read in there as well maybe i read it

2130

01:16:41,910 --> 01:16:40,400

wrong but it sounded like there's a

2131

01:16:42,630 --> 01:16:41,920

possibility they could start looking

2132

01:16:45,910 --> 01:16:42,640

into

2133

01:16:48,149 --> 01:16:45,920

civilian ufo reports also um

2134

01:16:49,750 --> 01:16:48,159

maybe i'm wrong and uh maybe i'm a

2135

01:16:51,990 --> 01:16:49,760

little too hopeful but um

2136

01:16:54,070 --> 01:16:52,000

yeah that data from people outside of

2137

01:16:57,189 --> 01:16:54,080

the government outside of the military

2138

01:16:58,870 --> 01:16:57,199

needs to be used somehow if we're really

2139

01:17:00,550 --> 01:16:58,880

going to try it truly understand these

2140

01:17:01,990 --> 01:17:00,560

things so um

2141

01:17:03,830 --> 01:17:02,000

you know what i mean that's got to be

2142

01:17:05,669 --> 01:17:03,840

part of the budget it's got to be part

2143

01:17:08,709 --> 01:17:05,679

of their task force budget

2144

01:17:10,470 --> 01:17:08,719

to go out and have these conversations

2145

01:17:13,830 --> 01:17:10,480

with civilian witnesses

2146

01:17:15,910 --> 01:17:13,840

um for sure for sure uh

2147

01:17:17,590 --> 01:17:15,920

and i think there's also you know we

2148

01:17:19,750 --> 01:17:17,600

also

2149

01:17:21,510 --> 01:17:19,760

like it's okay to start asking for our

2150

01:17:23,910 --> 01:17:21,520

government

2151

01:17:24,790 --> 01:17:23,920

for grants to start looking at this

2152

01:17:26,390 --> 01:17:24,800

ourselves

2153

01:17:28,310 --> 01:17:26,400

like maybe the government doesn't want

2154

01:17:30,950 --> 01:17:28,320

to handle the the

2155

01:17:33,270 --> 01:17:30,960

um civilian aspect of it but maybe

2156

01:17:34,709 --> 01:17:33,280

harvard does or maybe mit does or maybe

2157

01:17:37,270 --> 01:17:34,719

the scu does

2158

01:17:38,470 --> 01:17:37,280

um you know these are great institutions

2159

01:17:41,030 --> 01:17:38,480

that could use the money

2160

01:17:42,310 --> 01:17:41,040

use the funds and let them use those

2161

01:17:45,030 --> 01:17:42,320

funds to really

2162

01:17:46,630 --> 01:17:45,040

put a study and put the right the right

2163

01:17:48,229 --> 01:17:46,640

tools in place to look at

2164

01:17:49,990 --> 01:17:48,239

especially the civilian side of things

2165

01:17:53,430 --> 01:17:50,000

because i think you're right i think

2166

01:17:53,910 --> 01:17:53,440

you know the you know after meeting guys

2167

01:17:55,270 --> 01:17:53,920

like you

2168

01:17:57,270 --> 01:17:55,280

and and really having a whole bunch of

2169

01:17:59,990 --> 01:17:57,280

conversations i've shifted my thought

2170

01:18:01,590 --> 01:18:00,000

process on this aspect of things like

2171

01:18:03,110 --> 01:18:01,600

eventually we're going to have to start

2172

01:18:05,990 --> 01:18:03,120

acknowledging

2173

01:18:06,709 --> 01:18:06,000

the abduction part of this the ali if

2174

01:18:08,550 --> 01:18:06,719

you want to call it

2175

01:18:11,350 --> 01:18:08,560

alien part of this whatever you want to

2176
01:18:11,990 --> 01:18:11,360
call it because there is a huge subject

2177
01:18:15,110 --> 01:18:12,000
of people

2178
01:18:17,669 --> 01:18:15,120
that have been traumatized

2179
01:18:19,430 --> 01:18:17,679
by by something and it needs to be

2180
01:18:21,510 --> 01:18:19,440
recorded it needs to be looked at it

2181
01:18:24,630 --> 01:18:21,520
needs to be taken seriously

2182
01:18:26,950 --> 01:18:24,640
um and and

2183
01:18:28,229 --> 01:18:26,960
we also need to include them in the

2184
01:18:30,149 --> 01:18:28,239
conversation

2185
01:18:31,350 --> 01:18:30,159
and i i could i could feel the

2186
01:18:33,030 --> 01:18:31,360
frustration

2187
01:18:34,630 --> 01:18:33,040
from and that's a big part of this

2188
01:18:36,709 --> 01:18:34,640

community is

2189

01:18:38,229 --> 01:18:36,719

where where's the information that tells

2190

01:18:41,590 --> 01:18:38,239

me my experiences are

2191

01:18:44,630 --> 01:18:41,600

valid and i that that's got to be

2192

01:18:47,990 --> 01:18:44,640

frustrating as hell to get not get any

2193

01:18:49,990 --> 01:18:48,000

shred of that data and i can understand

2194

01:18:52,310 --> 01:18:50,000

the frustration but i would implore you

2195

01:18:52,950 --> 01:18:52,320

to do is be patient the conversation is

2196

01:18:55,270 --> 01:18:52,960

coming

2197

01:18:56,470 --> 01:18:55,280

we just need the conversation to shift

2198

01:18:58,870 --> 01:18:56,480

in the normal

2199

01:19:00,709 --> 01:18:58,880

living room to hey mom you know these

2200

01:19:03,910 --> 01:19:00,719

ufos are real

2201

01:19:06,070 --> 01:19:03,920

yeah actually that is true son

2202

01:19:07,990 --> 01:19:06,080

you know like you know this needs this

2203

01:19:10,310 --> 01:19:08,000

conversation needs to be had

2204

01:19:12,470 --> 01:19:10,320

in a science classroom you know a

2205

01:19:13,830 --> 01:19:12,480

professor i heard about these ufos can

2206

01:19:17,430 --> 01:19:13,840

we talk about this

2207

01:19:19,590 --> 01:19:17,440

well yes actually we can now you know um

2208

01:19:20,950 --> 01:19:19,600

so once the conversation starts being

2209

01:19:23,830 --> 01:19:20,960

had i think like that

2210

01:19:25,510 --> 01:19:23,840

at the water cooler in schools between

2211

01:19:27,750 --> 01:19:25,520

families

2212

01:19:29,189 --> 01:19:27,760

and it's happening on a big level and

2213

01:19:30,310 --> 01:19:29,199

you'll know because people are gonna

2214

01:19:32,470 --> 01:19:30,320

start calling they're gonna

2215

01:19:33,590 --> 01:19:32,480

start asking for more data and more

2216

01:19:35,270 --> 01:19:33,600

transparency

2217

01:19:37,350 --> 01:19:35,280

and more information like what do i need

2218

01:19:40,550 --> 01:19:37,360

to know to keep my family safe from this

2219

01:19:43,350 --> 01:19:40,560

you know yeah things like that um and

2220

01:19:44,390 --> 01:19:43,360

the conversation is coming it's just

2221

01:19:46,070 --> 01:19:44,400

it's not time

2222

01:19:47,669 --> 01:19:46,080

i know that's not something that people

2223

01:19:50,149 --> 01:19:47,679

want to hear but it's just not

2224

01:19:51,030 --> 01:19:50,159

time yet because people are going to

2225

01:19:53,350 --> 01:19:51,040

have a really

2226

01:19:54,550 --> 01:19:53,360

really really difficult time

2227

01:19:57,270 --> 01:19:54,560

understanding

2228

01:19:58,149 --> 01:19:57,280

that aspect of it they really are

2229

01:20:01,430 --> 01:19:58,159

absolutely

2230

01:20:02,630 --> 01:20:01,440

yeah well and uh well that's so true man

2231

01:20:04,390 --> 01:20:02,640

and i brought it up earlier

2232

01:20:05,830 --> 01:20:04,400

the more we zoom out the more we can see

2233

01:20:09,110 --> 01:20:05,840

the full picture of

2234

01:20:11,669 --> 01:20:09,120

what ufos represent why we um

2235

01:20:12,629 --> 01:20:11,679

why it's happening is another one of the

2236

01:20:15,669 --> 01:20:12,639

big questions

2237

01:20:17,750 --> 01:20:15,679

so while we're living in 2021 right now

2238

01:20:19,350 --> 01:20:17,760

zoomed in on our own personal lives

2239

01:20:21,590 --> 01:20:19,360

imagine in a hundred years

2240

01:20:22,870 --> 01:20:21,600

where this topic will be and i think

2241

01:20:26,629 --> 01:20:22,880

this will be

2242

01:20:27,590 --> 01:20:26,639

one of the you know staple moments in

2243

01:20:31,030 --> 01:20:27,600

history

2244

01:20:33,990 --> 01:20:31,040

where finally the government said

2245

01:20:35,510 --> 01:20:34,000

it's real yeah we can't explain it we

2246

01:20:37,189 --> 01:20:35,520

should probably look more into it

2247

01:20:39,350 --> 01:20:37,199

and i think that's what's pretty cool so

2248

01:20:41,990 --> 01:20:39,360

i want to ask you this um

2249

01:20:43,669 --> 01:20:42,000

what was the most surprising thing for

2250

01:20:46,950 --> 01:20:43,679

you out of this report

2251
01:20:48,870 --> 01:20:46,960
and um what was i guess uh the most

2252
01:20:50,229 --> 01:20:48,880
disheartening thing let's go with the

2253
01:20:53,270 --> 01:20:50,239
bad first and then

2254
01:20:56,149 --> 01:20:53,280
what you really like from it i honestly

2255
01:20:58,870 --> 01:20:56,159
i didn't find it this hard i had my

2256
01:21:01,510 --> 01:20:58,880
expectations so low

2257
01:21:04,310 --> 01:21:01,520
that i didn't find any part of this

2258
01:21:08,229 --> 01:21:04,320
disappointing i found it actually

2259
01:21:10,149 --> 01:21:08,239
i thought we were gonna get less so

2260
01:21:11,510 --> 01:21:10,159
there was no disappointment for me at

2261
01:21:13,750 --> 01:21:11,520
all i think

2262
01:21:15,590 --> 01:21:13,760
uh from a dis disappointment standpoint

2263
01:21:15,910 --> 01:21:15,600

like i said my expectations were so low

2264

01:21:17,350 --> 01:21:15,920

that

2265

01:21:19,030 --> 01:21:17,360

anything they would have come out with i

2266

01:21:20,550 --> 01:21:19,040

would have been pretty pleased but i

2267

01:21:22,550 --> 01:21:20,560

felt like they went above and beyond the

2268

01:21:25,270 --> 01:21:22,560

thing that really surprised me that i

2269

01:21:25,990 --> 01:21:25,280

really got a kick out of was the

2270

01:21:29,030 --> 01:21:26,000

pentagon

2271

01:21:30,870 --> 01:21:29,040

saying we need a budget and

2272

01:21:33,270 --> 01:21:30,880

them saying we need a budget to me

2273

01:21:35,030 --> 01:21:33,280

wasn't oh we're trying to get more money

2274

01:21:36,629 --> 01:21:35,040

for a defense program or we're trying to

2275

01:21:38,229 --> 01:21:36,639

get more money for this

2276

01:21:39,750 --> 01:21:38,239

like the bottom line is the military

2277

01:21:41,030 --> 01:21:39,760

just had the largest increase in

2278

01:21:43,189 --> 01:21:41,040

military spending

2279

01:21:45,030 --> 01:21:43,199

ever it just got approved they didn't

2280

01:21:45,990 --> 01:21:45,040

need a ufo story to get that approval

2281

01:21:47,910 --> 01:21:46,000

they would that was

2282

01:21:49,270 --> 01:21:47,920

approved that was getting approved with

2283

01:21:51,030 --> 01:21:49,280

or without this story

2284

01:21:52,709 --> 01:21:51,040

so the idea that the pentagon is

2285

01:21:54,390 --> 01:21:52,719

literally begging

2286

01:21:56,310 --> 01:21:54,400

parts of the pentagon are literally

2287

01:21:57,189 --> 01:21:56,320

begging their bosses give us the

2288

01:22:00,390 --> 01:21:57,199

resources

2289

01:22:01,830 --> 01:22:00,400

please let us study this that's what i

2290

01:22:04,870 --> 01:22:01,840

gather from it is like

2291

01:22:07,110 --> 01:22:04,880

this is an issue this is a problem

2292

01:22:09,110 --> 01:22:07,120

um and and the problem is is that we've

2293

01:22:12,310 --> 01:22:09,120

got all of these military personnel

2294

01:22:15,350 --> 01:22:12,320

all of these pilots who who are being

2295

01:22:17,510 --> 01:22:15,360

thrown under the bus for decades

2296

01:22:19,110 --> 01:22:17,520

we need a way for them to report this

2297

01:22:21,030 --> 01:22:19,120

safely and openly

2298

01:22:22,830 --> 01:22:21,040

and honestly and we need to start

2299

01:22:25,830 --> 01:22:22,840

cataloging and

2300

01:22:27,990 --> 01:22:25,840

categorizing these objects and we need

2301
01:22:28,709 --> 01:22:28,000
to start eliminating what's terrestrial

2302
01:22:33,270 --> 01:22:28,719
versus

2303
01:22:36,470 --> 01:22:33,280
fit in those two boxes

2304
01:22:39,510 --> 01:22:36,480
and um and i think them asking

2305
01:22:43,910 --> 01:22:39,520
for more is awesome

2306
01:22:45,830 --> 01:22:43,920
because again like all you got to do

2307
01:22:47,430 --> 01:22:45,840
i'm trying to remember the cost of a

2308
01:22:50,629 --> 01:22:47,440
scud missile

2309
01:22:53,350 --> 01:22:50,639
it's somewhere in the i don't you know

2310
01:22:53,830 --> 01:22:53,360
i i i want to say almost million dollar

2311
01:22:56,870 --> 01:22:53,840
range

2312
01:22:58,550 --> 01:22:56,880
you know just take a hundred scud

2313
01:23:02,870 --> 01:22:58,560

missiles out of the budget

2314

01:23:06,229 --> 01:23:02,880

and throw that into this uapf

2315

01:23:09,750 --> 01:23:06,239

and let's really start looking at this

2316

01:23:12,229 --> 01:23:09,760

um i think i think it's gonna happen man

2317

01:23:13,030 --> 01:23:12,239

i mean you've got i mean yesterday marco

2318

01:23:16,149 --> 01:23:13,040

rubio was

2319

01:23:19,750 --> 01:23:16,159

said exactly that like we've got pilots

2320

01:23:23,110 --> 01:23:19,760

and um you know and

2321

01:23:25,830 --> 01:23:23,120

army and navy and air force personnel

2322

01:23:28,070 --> 01:23:25,840

men and women who are seeing strange

2323

01:23:31,590 --> 01:23:28,080

things and they're not reporting them

2324

01:23:35,590 --> 01:23:31,600

because of what stigma like are we

2325

01:23:36,629 --> 01:23:35,600

really going to leave ourselves open to

2326

01:23:40,790 --> 01:23:36,639

a possible

2327

01:23:43,669 --> 01:23:40,800

nuclear chemical attack by a drone swarm

2328

01:23:44,709 --> 01:23:43,679

because we didn't want to put a plan in

2329

01:23:48,310 --> 01:23:44,719

place to report

2330

01:23:51,270 --> 01:23:48,320

unidentified aerial phenomena really

2331

01:23:51,830 --> 01:23:51,280

yeah so i think that's it's the stigma

2332

01:23:55,030 --> 01:23:51,840

is

2333

01:23:58,070 --> 01:23:55,040

dying and that's a good thing it's i

2334

01:24:00,790 --> 01:23:58,080

like i could the pentagon to me

2335

01:24:02,470 --> 01:24:00,800

seems like it's got its foot on the neck

2336

01:24:04,790 --> 01:24:02,480

of stigma and it's just

2337

01:24:05,669 --> 01:24:04,800

pressing down and we need to destroy it

2338

01:24:07,750 --> 01:24:05,679

like this is

2339

01:24:09,189 --> 01:24:07,760

this is this is the beginning of it

2340

01:24:11,830 --> 01:24:09,199

think of this i always

2341

01:24:12,870 --> 01:24:11,840

compare this to the medical marijuana

2342

01:24:17,830 --> 01:24:12,880

discussion

2343

01:24:21,350 --> 01:24:17,840

in 1996 1997 california

2344

01:24:23,510 --> 01:24:21,360

legalized the record the medical use of

2345

01:24:27,910 --> 01:24:23,520

marijuana

2346

01:24:31,590 --> 01:24:27,920

think of this report as 1996

2347

01:24:34,229 --> 01:24:31,600

and by the year 2041

2348

01:24:35,430 --> 01:24:34,239

this is going to be a legalized issue in

2349

01:24:36,870 --> 01:24:35,440

every state

2350

01:24:38,870 --> 01:24:36,880

and that's where marijuana is it's

2351

01:24:40,870 --> 01:24:38,880

recreational it's medical

2352

01:24:42,870 --> 01:24:40,880

all throughout the country it's it's a

2353

01:24:43,430 --> 01:24:42,880

conversation that any senator can have

2354

01:24:46,550 --> 01:24:43,440

now

2355

01:24:48,870 --> 01:24:46,560

any congressman will touch but in 1996

2356

01:24:50,470 --> 01:24:48,880

there was nobody there was nobody

2357

01:24:52,070 --> 01:24:50,480

talking about this there was nobody

2358

01:24:53,910 --> 01:24:52,080

advocating for it except for

2359

01:24:55,430 --> 01:24:53,920

a handful of congressmen and that's

2360

01:24:58,470 --> 01:24:55,440

exactly what you see now

2361

01:25:00,070 --> 01:24:58,480

and just as medical marijuana didn't go

2362

01:25:02,070 --> 01:25:00,080

away it only got bigger

2363

01:25:03,990 --> 01:25:02,080

this conversation's not going to go away

2364

01:25:07,189 --> 01:25:04,000

it's only going to get bigger

2365

01:25:08,070 --> 01:25:07,199

um because especially from a network

2366

01:25:11,110 --> 01:25:08,080

standpoint

2367

01:25:14,790 --> 01:25:11,120

i mean look at cbs they're they're

2368

01:25:16,149 --> 01:25:14,800

the the numbers they got on that 60

2369

01:25:19,430 --> 01:25:16,159

minutes episode with

2370

01:25:20,709 --> 01:25:19,440

fravor and dietrich has more hits and

2371

01:25:23,270 --> 01:25:20,719

more attention

2372

01:25:25,270 --> 01:25:23,280

than any all of their videos on that

2373

01:25:28,550 --> 01:25:25,280

youtube channel combined

2374

01:25:31,270 --> 01:25:28,560

yeah well and that's another two days

2375

01:25:33,430 --> 01:25:31,280

right and i really want to commend um

2376

01:25:35,189 --> 01:25:33,440

alex dietrich for finally coming forward

2377

01:25:37,669 --> 01:25:35,199

i know a lot of it had to do with

2378

01:25:39,430 --> 01:25:37,679

backing up fravor like yeah they flew in

2379

01:25:42,070 --> 01:25:39,440

planes together like they

2380

01:25:43,110 --> 01:25:42,080

they are bonded for life in many ways

2381

01:25:45,110 --> 01:25:43,120

and um

2382

01:25:46,310 --> 01:25:45,120

she finally was like i got to do this i

2383

01:25:49,590 --> 01:25:46,320

got to do it for him

2384

01:25:51,830 --> 01:25:49,600

and um also because she agrees

2385

01:25:53,189 --> 01:25:51,840

that what she experienced that day in

2386

01:25:55,669 --> 01:25:53,199

2004

2387

01:25:56,870 --> 01:25:55,679

uh during the nimitz event uh was

2388

01:25:59,750 --> 01:25:56,880

extremely troubling

2389

01:26:00,310 --> 01:25:59,760

scary and dangerous and uh she thinks

2390

01:26:01,990 --> 01:26:00,320

that

2391

01:26:03,590 --> 01:26:02,000

by not reporting it because of the

2392

01:26:06,550 --> 01:26:03,600

stigma and ridicule

2393

01:26:07,350 --> 01:26:06,560

it could have been disastrous so i think

2394

01:26:09,990 --> 01:26:07,360

um

2395

01:26:11,990 --> 01:26:10,000

she and fravor would agree that we need

2396

01:26:14,550 --> 01:26:12,000

to do this we have to start

2397

01:26:16,070 --> 01:26:14,560

talking about this and look even before

2398

01:26:16,629 --> 01:26:16,080

all of this the task force and

2399

01:26:18,709 --> 01:26:16,639

everything

2400

01:26:20,950 --> 01:26:18,719

the navy was like we're gonna come up

2401

01:26:23,350 --> 01:26:20,960

with a reporting protocol for this

2402

01:26:25,430 --> 01:26:23,360

which i thought was so commendable of

2403

01:26:27,830 --> 01:26:25,440

them to do that so early on

2404

01:26:29,669 --> 01:26:27,840

um and yeah who knows where it's going

2405

01:26:31,750 --> 01:26:29,679

to go from there but um

2406

01:26:33,510 --> 01:26:31,760

yeah man um how long do you have i don't

2407

01:26:35,750 --> 01:26:33,520

want to keep you too dude i got all day

2408

01:26:37,110 --> 01:26:35,760

i just got done i just got done eating

2409

01:26:39,510 --> 01:26:37,120

my breakfast we're good

2410

01:26:41,430 --> 01:26:39,520

um what'd you have oh i we went to a

2411

01:26:43,270 --> 01:26:41,440

little cuban cafe on sunset

2412

01:26:45,430 --> 01:26:43,280

um yeah it was really good so i had like

2413

01:26:49,510 --> 01:26:45,440

a cuban sandwich for breakfast

2414

01:26:49,990 --> 01:26:49,520

um uh that was the burning question in

2415

01:26:52,709 --> 01:26:50,000

the chat

2416

01:26:53,270 --> 01:26:52,719

yeah everybody was dying to know um yeah

2417

01:26:56,390 --> 01:26:53,280

dude i

2418

01:26:59,830 --> 01:26:57,910

i kind of lost my train of thought but

2419

01:27:00,310 --> 01:26:59,840

yeah i i what were we talking about what

2420

01:27:02,870 --> 01:27:00,320

did you

2421

01:27:04,390 --> 01:27:02,880

not find no no we were talking about

2422

01:27:08,550 --> 01:27:04,400

dietrich and

2423

01:27:09,189 --> 01:27:08,560

um i think dietrich especially she hates

2424

01:27:12,950 --> 01:27:09,199

this

2425

01:27:14,470 --> 01:27:12,960

did i mean like she said it

2426

01:27:16,229 --> 01:27:14,480

in her interview with mick west she's

2427

01:27:20,470 --> 01:27:16,239

like you know

2428

01:27:24,070 --> 01:27:20,480

like um i'm i'm doing this because

2429

01:27:26,629 --> 01:27:24,080

i'm trying to help destroy the stigma

2430

01:27:27,350 --> 01:27:26,639

you know the stigma and the taboo so

2431

01:27:31,270 --> 01:27:27,360

that way

2432

01:27:34,470 --> 01:27:31,280

my fellow air force my fellow pilots

2433

01:27:37,270 --> 01:27:34,480

and uh and and brothers at arms

2434

01:27:39,590 --> 01:27:37,280

they can report these things without

2435

01:27:41,750 --> 01:27:39,600

feeling

2436

01:27:43,510 --> 01:27:41,760

scared you know she was she said if she

2437

01:27:45,270 --> 01:27:43,520

was flying out there by herself she

2438

01:27:46,870 --> 01:27:45,280

would not have reported it

2439

01:27:48,550 --> 01:27:46,880

and that's a problem like that's an

2440

01:27:50,149 --> 01:27:48,560

issue you know because she would have

2441

01:27:52,950 --> 01:27:50,159

been too scared to bring it up

2442

01:27:54,629 --> 01:27:52,960

because she knows everybody was gonna do

2443

01:27:56,310 --> 01:27:54,639

exactly what they did which was bust

2444

01:27:57,430 --> 01:27:56,320

their chops make fun of them for three

2445

01:27:59,830 --> 01:27:57,440

or four days

2446

01:28:01,110 --> 01:27:59,840

and and then it was like business as

2447

01:28:05,030 --> 01:28:01,120

usual

2448

01:28:06,550 --> 01:28:05,040

so you know i think you look also keep

2449

01:28:09,350 --> 01:28:06,560

this in mind man

2450

01:28:10,870 --> 01:28:09,360

there's still two other pilots we

2451

01:28:14,070 --> 01:28:10,880

haven't heard from

2452

01:28:16,070 --> 01:28:14,080

in that in those cockpits two so

2453

01:28:17,830 --> 01:28:16,080

they're probably still active they're

2454

01:28:21,270 --> 01:28:17,840

probably still flying

2455

01:28:23,990 --> 01:28:21,280

um we're gonna hear from them we are

2456

01:28:24,950 --> 01:28:24,000

they're gonna they're without a doubt

2457

01:28:26,550 --> 01:28:24,960

without a doubt

2458

01:28:28,470 --> 01:28:26,560

there's no doubt in my mind we're gonna

2459

01:28:31,750 --> 01:28:28,480

hear from them and it's because

2460

01:28:33,590 --> 01:28:31,760

of that brotherhood you know i i mean

2461

01:28:36,709 --> 01:28:33,600

fravor was sitting in the wind

2462

01:28:37,750 --> 01:28:36,719

flapping like a broken flag for almost

2463

01:28:39,910 --> 01:28:37,760

four years

2464

01:28:40,870 --> 01:28:39,920

and then finally dietrich was able to

2465

01:28:42,629 --> 01:28:40,880

come out because she

2466

01:28:44,629 --> 01:28:42,639

she finished her service she finished

2467

01:28:46,390 --> 01:28:44,639

her duty and now she can come out and

2468

01:28:48,629 --> 01:28:46,400

publicly back her brother

2469

01:28:49,990 --> 01:28:48,639

and so that's what she's doing and i

2470

01:28:52,629 --> 01:28:50,000

promise you

2471

01:28:53,830 --> 01:28:52,639

the other wizzo the other pilot they're

2472

01:28:56,550 --> 01:28:53,840

gonna come out

2473

01:28:56,870 --> 01:28:56,560

they're gonna they're gonna you know

2474

01:28:59,590 --> 01:28:56,880

really

2475

01:29:01,110 --> 01:28:59,600

for sure oh for sure for sure we just

2476
01:29:02,950 --> 01:29:01,120
have to be patient you know remember

2477
01:29:03,830 --> 01:29:02,960
like it took us four years to meet alec

2478
01:29:06,629 --> 01:29:03,840
dietrich

2479
01:29:07,189 --> 01:29:06,639
exactly yeah so it could take can i talk

2480
01:29:10,149 --> 01:29:07,199
to you

2481
01:29:12,629 --> 01:29:10,159
meet those other pilots exactly yep and

2482
01:29:15,590 --> 01:29:12,639
even you know the chief radar operator

2483
01:29:16,550 --> 01:29:15,600
kevin day um i had him in the last

2484
01:29:18,629 --> 01:29:16,560
chapter of my

2485
01:29:20,870 --> 01:29:18,639
my book because i thought it was such a

2486
01:29:21,750 --> 01:29:20,880
a powerful statement of someone in the

2487
01:29:23,830 --> 01:29:21,760
military

2488
01:29:25,750 --> 01:29:23,840

they're still human and these events

2489

01:29:27,110 --> 01:29:25,760

affect them greatly on many different

2490

01:29:27,830 --> 01:29:27,120

levels whether it's their personal

2491

01:29:30,149 --> 01:29:27,840

beliefs

2492

01:29:30,950 --> 01:29:30,159

or um you know the faith they have in

2493

01:29:33,750 --> 01:29:30,960

their own

2494

01:29:35,030 --> 01:29:33,760

establishment uh that being the navy and

2495

01:29:37,350 --> 01:29:35,040

uh

2496

01:29:38,070 --> 01:29:37,360

i remember distinctly him telling me

2497

01:29:40,390 --> 01:29:38,080

dude

2498

01:29:42,310 --> 01:29:40,400

i was waiting tables at a golf course

2499

01:29:44,229 --> 01:29:42,320

volunteering to help them

2500

01:29:45,910 --> 01:29:44,239

raise money one day and i was carrying a

2501

01:29:49,030 --> 01:29:45,920

plate of fish and chips

2502

01:29:51,510 --> 01:29:49,040

and i looked up on the tv and i saw

2503

01:29:53,590 --> 01:29:51,520

the tic tac ufo video right and then i

2504

01:29:55,350 --> 01:29:53,600

saw david fravor being interviewed

2505

01:29:57,270 --> 01:29:55,360

he's like i dropped the plate it

2506

01:29:58,390 --> 01:29:57,280

shattered everywhere and as i'm picking

2507

01:30:01,830 --> 01:29:58,400

up the pieces

2508

01:30:04,149 --> 01:30:01,840

i saw tears coming down into the

2509

01:30:05,750 --> 01:30:04,159

broken shattered he was so poetic about

2510

01:30:08,310 --> 01:30:05,760

it into the glass because i

2511

01:30:09,910 --> 01:30:08,320

immediately had this reaction of finally

2512

01:30:11,110 --> 01:30:09,920

this event that i was a part of that i

2513

01:30:13,189 --> 01:30:11,120

haven't talked about

2514

01:30:14,550 --> 01:30:13,199

because everyone made fun of me when i

2515

01:30:16,310 --> 01:30:14,560

first brought it forward

2516

01:30:18,390 --> 01:30:16,320

and that i didn't talk about for many

2517

01:30:18,950 --> 01:30:18,400

years it was about to be blown wide open

2518

01:30:21,510 --> 01:30:18,960

in that

2519

01:30:23,270 --> 01:30:21,520

the pilots were finally talking about it

2520

01:30:23,669 --> 01:30:23,280

so that was enough of for him to finally

2521

01:30:26,229 --> 01:30:23,679

be like

2522

01:30:27,750 --> 01:30:26,239

all right i can tell my story and he did

2523

01:30:29,669 --> 01:30:27,760

in many different um

2524

01:30:30,870 --> 01:30:29,679

mediums and everything so you're so

2525

01:30:33,990 --> 01:30:30,880

right imagine

2526

01:30:36,870 --> 01:30:34,000

what not just unidentified the tv

2527

01:30:38,070 --> 01:30:36,880

show or um the navy ufo videos or even

2528

01:30:40,390 --> 01:30:38,080

this report coming up

2529

01:30:42,070 --> 01:30:40,400

imagine what it'll do for more military

2530

01:30:45,189 --> 01:30:42,080

people out there being like

2531

01:30:47,030 --> 01:30:45,199

hey um i i saw something i kind of want

2532

01:30:50,310 --> 01:30:47,040

to talk about it so yeah i think

2533

01:30:52,470 --> 01:30:50,320

i think they're coming here well i had

2534

01:30:54,390 --> 01:30:52,480

and this was like 12 or 13 years ago it

2535

01:30:57,189 --> 01:30:54,400

was a fun little story

2536

01:30:57,669 --> 01:30:57,199

um i had my brother was getting married

2537

01:30:59,830 --> 01:30:57,679

and

2538

01:31:01,910 --> 01:30:59,840

his there was obviously but it was a

2539

01:31:02,950 --> 01:31:01,920

typical california wedding it was

2540

01:31:05,510 --> 01:31:02,960

gorgeous

2541

01:31:06,470 --> 01:31:05,520

um and in that wedding there was a

2542

01:31:09,189 --> 01:31:06,480

gentleman

2543

01:31:10,629 --> 01:31:09,199

who was related to the family i want to

2544

01:31:13,669 --> 01:31:10,639

be specific

2545

01:31:15,430 --> 01:31:13,679

but he was an f-16 fighter pilot

2546

01:31:16,790 --> 01:31:15,440

he had run bombing missions in

2547

01:31:19,110 --> 01:31:16,800

afghanistan

2548

01:31:20,629 --> 01:31:19,120

and i buttered this guy up for three

2549

01:31:22,629 --> 01:31:20,639

hours

2550

01:31:23,669 --> 01:31:22,639

uh just talking to him about everything

2551

01:31:25,270 --> 01:31:23,679

under the sun

2552

01:31:26,709 --> 01:31:25,280

and then toward the end of the night

2553

01:31:28,390 --> 01:31:26,719

when i wanted to ask the question i

2554

01:31:30,950 --> 01:31:28,400

really wanted to ask i asked him

2555

01:31:33,990 --> 01:31:30,960

and that was hey man flying missions in

2556

01:31:37,510 --> 01:31:34,000

these f-16s have you ever seen anything

2557

01:31:41,270 --> 01:31:37,520

unexplainable um you know a ufo

2558

01:31:44,310 --> 01:31:41,280

and he looked at me and he said yep

2559

01:31:45,430 --> 01:31:44,320

i sure have uh and gave me two different

2560

01:31:49,110 --> 01:31:45,440

stories

2561

01:31:50,390 --> 01:31:49,120

uh that were insane and i'll never

2562

01:31:53,030 --> 01:31:50,400

forget these because when you

2563

01:31:54,390 --> 01:31:53,040

actually have an f-16 fighter pilot

2564

01:31:56,070 --> 01:31:54,400

sitting in front of you

2565

01:31:57,910 --> 01:31:56,080

and telling you this it's a lot

2566

01:31:58,629 --> 01:31:57,920

different than watching it on tv it's a

2567

01:32:02,070 --> 01:31:58,639

lot different

2568

01:32:05,830 --> 01:32:02,080

than hearing it on a podcast this guy

2569

01:32:09,110 --> 01:32:05,840

dropped bombs in an active theater of

2570

01:32:12,149 --> 01:32:09,120

combat he's killed people

2571

01:32:14,390 --> 01:32:12,159

um you know like that's a heavy

2572

01:32:17,110 --> 01:32:14,400

heavy burden to be walking around with

2573

01:32:20,390 --> 01:32:17,120

and then on top of that you've also seen

2574

01:32:23,669 --> 01:32:20,400

ufos on two different occasions um

2575

01:32:25,110 --> 01:32:23,679

i haven't talked to this guy in 13 or 14

2576

01:32:27,750 --> 01:32:25,120

years

2577

01:32:28,149 --> 01:32:27,760

he's now a commercial pilot working for

2578

01:32:33,669 --> 01:32:28,159

a

2579

01:32:35,910 --> 01:32:33,679

this guy on my show

2580

01:32:37,910 --> 01:32:35,920

for since i started it but i never

2581

01:32:39,669 --> 01:32:37,920

called him because

2582

01:32:41,430 --> 01:32:39,679

i wanted to make sure my show was in the

2583

01:32:44,229 --> 01:32:41,440

right space before

2584

01:32:45,830 --> 01:32:44,239

i brought somebody like that on and so

2585

01:32:47,350 --> 01:32:45,840

now i felt like that's the

2586

01:32:49,110 --> 01:32:47,360

right now is the time i feel like the

2587

01:32:50,390 --> 01:32:49,120

show's in the perfect space to bring

2588

01:32:53,669 --> 01:32:50,400

somebody like that on

2589

01:32:55,990 --> 01:32:53,679

and so i called him the other day and

2590

01:32:57,030 --> 01:32:56,000

i haven't talked to this person in 13

2591

01:33:00,950 --> 01:32:57,040

years

2592

01:33:03,510 --> 01:33:00,960

wow he was in los angeles when i called

2593

01:33:08,790 --> 01:33:03,520

him he was in the exact same town

2594

01:33:12,390 --> 01:33:08,800

on a layover for 24 hours and

2595

01:33:14,709 --> 01:33:12,400

uh and i called him and it was just like

2596

01:33:16,390 --> 01:33:14,719

we we immediately almost picked up the

2597

01:33:17,669 --> 01:33:16,400

conversation right where we left it off

2598

01:33:19,110 --> 01:33:17,679

13 years ago

2599

01:33:20,870 --> 01:33:19,120

and i was telling man hey look i

2600

01:33:23,910 --> 01:33:20,880

remember this i remember this

2601

01:33:26,149 --> 01:33:23,920

um you know would you be because what i

2602

01:33:29,189 --> 01:33:26,159

really want on my show

2603

01:33:31,830 --> 01:33:29,199

is a pilot a pilot that could that

2604

01:33:33,910 --> 01:33:31,840

contributes to our discussion

2605

01:33:36,070 --> 01:33:33,920

on a regular basis because a lot of

2606

01:33:37,669 --> 01:33:36,080

times especially when it comes to

2607

01:33:39,110 --> 01:33:37,679

the trigonometry of things the

2608

01:33:42,070 --> 01:33:39,120

mathematic of things

2609

01:33:42,870 --> 01:33:42,080

the way pilots think like we're just

2610

01:33:45,510 --> 01:33:42,880

guessing

2611

01:33:47,030 --> 01:33:45,520

we're we're taking our best guess at the

2612

01:33:48,629 --> 01:33:47,040

information that we're looking at

2613

01:33:50,790 --> 01:33:48,639

and so when we have somebody on like

2614

01:33:52,070 --> 01:33:50,800

midwest or we have somebody on that's is

2615

01:33:54,709 --> 01:33:52,080

saying one thing or another

2616

01:33:55,350 --> 01:33:54,719

it'd be cool to be like hey mr pilot can

2617

01:33:57,350 --> 01:33:55,360

you come in

2618

01:33:58,950 --> 01:33:57,360

and and set something straight and maybe

2619

01:34:00,310 --> 01:33:58,960

add some perspective and nuance of

2620

01:34:02,709 --> 01:34:00,320

things

2621

01:34:04,709 --> 01:34:02,719

and uh i think it's gonna take a lot of

2622

01:34:08,550 --> 01:34:04,719

convincing for me because he's still

2623

01:34:10,470 --> 01:34:08,560

look this stigma is still so heavy

2624

01:34:12,310 --> 01:34:10,480

that he doesn't want to talk publicly

2625

01:34:15,990 --> 01:34:12,320

because he's got a job

2626

01:34:18,870 --> 01:34:16,000

he's got a job with a major airline

2627

01:34:21,669 --> 01:34:18,880

but he's intrigued he's very very

2628

01:34:25,110 --> 01:34:21,679

intrigued but one cool story he told me

2629

01:34:28,070 --> 01:34:25,120

uh was the go fast

2630

01:34:28,550 --> 01:34:28,080

the go fast video he's like i've seen

2631

01:34:33,590 --> 01:34:28,560

that

2632

01:34:36,390 --> 01:34:33,600

it wasn't above the ocean it was above

2633

01:34:37,270 --> 01:34:36,400

land and he's like i wasn't flying the

2634

01:34:40,390 --> 01:34:37,280

plane he's like

2635

01:34:42,310 --> 01:34:40,400

he just saw the cockpit video um and the

2636

01:34:44,470 --> 01:34:42,320

reason why he saw the cockpit video was

2637

01:34:47,270 --> 01:34:44,480

because they were trying to figure out

2638

01:34:49,830 --> 01:34:47,280

what it was this was again this was at

2639

01:34:50,870 --> 01:34:49,840

the tail end of the iraq the first iraq

2640

01:34:54,550 --> 01:34:50,880

war

2641

01:34:58,149 --> 01:34:54,560

and they catch this fast-moving object

2642

01:34:59,669 --> 01:34:58,159

uh i mean he said it looked exactly like

2643

01:35:01,669 --> 01:34:59,679

the go fast

2644

01:35:03,109 --> 01:35:01,679

and pentagon couldn't figure out the

2645

01:35:05,270 --> 01:35:03,119

pilots cannot figure it out

2646

01:35:07,350 --> 01:35:05,280

the all of the instruments that they had

2647

01:35:10,709 --> 01:35:07,360

on it just couldn't

2648

01:35:13,590 --> 01:35:10,719

could not put a label on it

2649

01:35:15,109 --> 01:35:13,600

so when he saw the go fast he was like

2650

01:35:17,830 --> 01:35:15,119

oh yeah

2651
01:35:19,750 --> 01:35:17,840
it rung true to him immediately and then

2652
01:35:22,950 --> 01:35:19,760
we started talking about

2653
01:35:24,950 --> 01:35:22,960
you know the um the motivations like

2654
01:35:26,310 --> 01:35:24,960
why why would these pilots put

2655
01:35:29,350 --> 01:35:26,320
themselves in front of

2656
01:35:31,189 --> 01:35:29,360
cameras and tell this story

2657
01:35:32,550 --> 01:35:31,199
if they didn't believe it he's like they

2658
01:35:36,229 --> 01:35:32,560
wouldn't he's like this

2659
01:35:38,390 --> 01:35:36,239
is he's like again this guy will not

2660
01:35:39,510 --> 01:35:38,400
come on my show because he's afraid of

2661
01:35:43,189 --> 01:35:39,520
the stigma

2662
01:35:45,750 --> 01:35:43,199
like the the amount of work

2663
01:35:47,669 --> 01:35:45,760

um that goes into getting into that

2664

01:35:50,709 --> 01:35:47,679

cockpit seat

2665

01:35:53,350 --> 01:35:50,719

is tremendous he's like you have no id

2666

01:35:54,229 --> 01:35:53,360

you really none of us have a clue how

2667

01:35:57,910 --> 01:35:54,239

much work

2668

01:36:00,629 --> 01:35:57,920

and how final line you have to walk

2669

01:36:02,070 --> 01:36:00,639

to get the permission to fly a billion

2670

01:36:05,270 --> 01:36:02,080

dollar jet

2671

01:36:08,870 --> 01:36:05,280

in a in an active combat situation

2672

01:36:11,669 --> 01:36:08,880

and these people did that and

2673

01:36:13,750 --> 01:36:11,679

you know it's i think it's why mick west

2674

01:36:14,070 --> 01:36:13,760

is starting to change his tune a little

2675

01:36:16,870 --> 01:36:14,080

bit

2676
01:36:19,189 --> 01:36:16,880
at least he did on my show yeah because

2677
01:36:23,109 --> 01:36:19,199
this alex dietrich story

2678
01:36:24,470 --> 01:36:23,119
is powerful it's powerful um and the way

2679
01:36:26,149 --> 01:36:24,480
she handled him

2680
01:36:27,830 --> 01:36:26,159
look if you want to learn how to talk to

2681
01:36:28,870 --> 01:36:27,840
mick west go watch that alec dietrich

2682
01:36:30,790 --> 01:36:28,880
interview with him

2683
01:36:32,310 --> 01:36:30,800
she she handled him perfectly she laid

2684
01:36:33,270 --> 01:36:32,320
out the playbook on how to deal with

2685
01:36:37,189 --> 01:36:33,280
mick west

2686
01:36:40,390 --> 01:36:37,199
and it's simply be quiet listen

2687
01:36:41,990 --> 01:36:40,400
and then rebut you know because a lot of

2688
01:36:43,270 --> 01:36:42,000

people bring their emotion to this

2689

01:36:44,870 --> 01:36:43,280

argument with mick west

2690

01:36:47,590 --> 01:36:44,880

you need to leave your emotion at the

2691

01:36:49,990 --> 01:36:47,600

door if you notice alex dietrich

2692

01:36:53,750 --> 01:36:50,000

very calm yeah she just said she did not

2693

01:36:58,470 --> 01:36:57,430

yeah yeah you know um and then gave a

2694

01:37:00,629 --> 01:36:58,480

beautiful

2695

01:37:02,790 --> 01:37:00,639

rebuttal without even answering his

2696

01:37:05,270 --> 01:37:02,800

question but she did she answered it in

2697

01:37:07,669 --> 01:37:05,280

a much more prosaic way

2698

01:37:08,629 --> 01:37:07,679

which is i'm not crazy i'm a

2699

01:37:11,350 --> 01:37:08,639

mathematician

2700

01:37:12,310 --> 01:37:11,360

i'm a scientist on some levels i flew

2701
01:37:15,830 --> 01:37:12,320
one of the

2702
01:37:19,510 --> 01:37:15,840
man on the planet

2703
01:37:21,109 --> 01:37:19,520
um it's not a balloon

2704
01:37:23,430 --> 01:37:21,119
it's not a balloon and i think that's

2705
01:37:25,430 --> 01:37:23,440
why he's like it's a case that

2706
01:37:27,430 --> 01:37:25,440
i haven't figured out i haven't debunked

2707
01:37:29,990 --> 01:37:27,440
it he has not debunked the fraver

2708
01:37:31,669 --> 01:37:30,000
dietrich uh story no matter how much you

2709
01:37:34,070 --> 01:37:31,679
think he says he has he hasn't

2710
01:37:35,189 --> 01:37:34,080
he's put suggestions out he's put

2711
01:37:36,950 --> 01:37:35,199
theories out

2712
01:37:38,390 --> 01:37:36,960
but he hasn't debunked it and he will

2713
01:37:39,830 --> 01:37:38,400

say that he has he did

2714

01:37:42,229 --> 01:37:39,840

on my show he said that on your show

2715

01:37:44,790 --> 01:37:42,239

that that's the one case that he's like

2716

01:37:45,669 --> 01:37:44,800

i can't explain it and look exactly what

2717

01:37:48,070 --> 01:37:45,679

we need

2718

01:37:49,750 --> 01:37:48,080

exactly and uh again for those who are

2719

01:37:52,390 --> 01:37:49,760

watching mick west is a

2720

01:37:53,990 --> 01:37:52,400

a skeptic in this community um who does

2721

01:37:56,629 --> 01:37:54,000

some really fine work

2722

01:37:58,470 --> 01:37:56,639

at times um and a lot of people agree

2723

01:37:59,189 --> 01:37:58,480

with him and don't and disagree with him

2724

01:38:01,350 --> 01:37:59,199

on many things

2725

01:38:02,629 --> 01:38:01,360

but he's very he's cheeky yeah i know

2726

01:38:03,270 --> 01:38:02,639

come on he could come off like an

2727

01:38:05,270 --> 01:38:03,280

[h__\h]

2728

01:38:06,390 --> 01:38:05,280

the british coming out in him yeah but

2729

01:38:09,830 --> 01:38:06,400

he is but uh

2730

01:38:11,669 --> 01:38:09,840

but yeah he he did a reaction video this

2731

01:38:12,229 --> 01:38:11,679

morning i think about the report coming

2732

01:38:14,390 --> 01:38:12,239

out

2733

01:38:16,229 --> 01:38:14,400

and i was surprised to hear him say like

2734

01:38:16,470 --> 01:38:16,239

i thought it was pretty good and not in

2735

01:38:20,470 --> 01:38:16,480

the

2736

01:38:21,109 --> 01:38:20,480

it's not aliens he didn't say that in

2737

01:38:23,830 --> 01:38:21,119

the video

2738

01:38:24,390 --> 01:38:23,840

but but and he's right like we don't

2739

01:38:27,510 --> 01:38:24,400

know about

2740

01:38:29,750 --> 01:38:27,520

aliens but he did what he said was um

2741

01:38:31,669 --> 01:38:29,760

more science needs to be done and i

2742

01:38:33,830 --> 01:38:31,679

could that i think that encapsulates

2743

01:38:36,310 --> 01:38:33,840

this entire conversation

2744

01:38:37,830 --> 01:38:36,320

that we can have cases we can have

2745

01:38:40,229 --> 01:38:37,840

testimony we can have

2746

01:38:41,750 --> 01:38:40,239

the uh military saying yeah it went

2747

01:38:43,990 --> 01:38:41,760

right past our plane like

2748

01:38:45,109 --> 01:38:44,000

we should probably look into that um but

2749

01:38:47,189 --> 01:38:45,119

the science

2750

01:38:48,310 --> 01:38:47,199

is where we're really gonna understand

2751

01:38:49,990 --> 01:38:48,320

this and um

2752

01:38:52,950 --> 01:38:50,000

i think that's what's most important let

2753

01:38:54,870 --> 01:38:52,960

me um shout out here for a minute buddy

2754

01:38:57,590 --> 01:38:54,880

thank you so much man i'm new to this

2755

01:38:59,910 --> 01:38:57,600

whole super chat thing so dude

2756

01:39:02,310 --> 01:38:59,920

savvy you got no you don't have to be

2757

01:39:04,310 --> 01:39:02,320

savvy dude just do your live

2758

01:39:05,910 --> 01:39:04,320

and you're gonna have your fans interact

2759

01:39:06,950 --> 01:39:05,920

with you like this aaron desario he's

2760

01:39:09,590 --> 01:39:06,960

he's about to be there

2761

01:39:10,229 --> 01:39:09,600

thank you yeah yes you know i love his

2762

01:39:12,950 --> 01:39:10,239

thoughts

2763

01:39:14,310 --> 01:39:12,960

uh and he's a cool dude but i mean look

2764

01:39:15,590 --> 01:39:14,320

this is how we're meeting new people

2765

01:39:17,510 --> 01:39:15,600

this is how we're interacting with

2766

01:39:19,350 --> 01:39:17,520

people it's through these live forums

2767

01:39:21,510 --> 01:39:19,360

because people can ask questions and we

2768

01:39:22,629 --> 01:39:21,520

can answer them right away exactly um

2769

01:39:25,189 --> 01:39:22,639

and people

2770

01:39:28,149 --> 01:39:25,199

as well thank you thank you for the uh

2771

01:39:29,750 --> 01:39:28,159

the things there guys um

2772

01:39:32,149 --> 01:39:29,760

rather said you're doing super right

2773

01:39:34,149 --> 01:39:32,159

thanks buddy again i'm great

2774

01:39:35,270 --> 01:39:34,159

i'm trying you've been doing this longer

2775

01:39:37,990 --> 01:39:35,280

than everybody man

2776

01:39:39,830 --> 01:39:38,000

like this is in your blood bro you

2777

01:39:41,030 --> 01:39:39,840

should be doing this once a week talking

2778

01:39:44,070 --> 01:39:41,040

to your yeah

2779

01:39:46,070 --> 01:39:44,080

remember like you i'm a former actor and

2780

01:39:46,709 --> 01:39:46,080

also a playwright so i'm a slave to a

2781

01:39:49,910 --> 01:39:46,719

script

2782

01:39:51,189 --> 01:39:49,920

and i suck at improv man i failed every

2783

01:39:54,310 --> 01:39:51,199

improv class i ever got

2784

01:39:55,510 --> 01:39:54,320

no no no no no no no no no so this

2785

01:39:57,910 --> 01:39:55,520

whole live thing is new

2786

01:39:59,350 --> 01:39:57,920

dude ryan you're doing great this is

2787

01:40:00,790 --> 01:39:59,360

exciting you don't have to do anything

2788

01:40:02,790 --> 01:40:00,800

all you got to do is be yourself and

2789

01:40:04,470 --> 01:40:02,800

show up this is not an improv scene

2790

01:40:06,229 --> 01:40:04,480

there's not a word that people gave us

2791

01:40:07,669 --> 01:40:06,239

like this is it's

2792

01:40:10,070 --> 01:40:07,679

you know what you're talking about dude

2793

01:40:11,669 --> 01:40:10,080

just just talk about it that's it

2794

01:40:13,350 --> 01:40:11,679

and that's all you got to do it's

2795

01:40:16,310 --> 01:40:13,360

nothing to it man it's super easy

2796

01:40:18,390 --> 01:40:16,320

um but i mean like the one thing i loved

2797

01:40:20,070 --> 01:40:18,400

about the mick west interview was

2798

01:40:22,790 --> 01:40:20,080

i was like mick what's it gonna take for

2799

01:40:25,910 --> 01:40:22,800

you to change your tune completely to

2800

01:40:27,510 --> 01:40:25,920

be like okay there's actually something

2801
01:40:29,350 --> 01:40:27,520
really mysterious here and i'm going to

2802
01:40:31,669 --> 01:40:29,360
admit it and he said

2803
01:40:32,709 --> 01:40:31,679
it was very reasonable i need if you if

2804
01:40:35,750 --> 01:40:32,719
we had say

2805
01:40:39,030 --> 01:40:35,760
that tic tac video with two angles

2806
01:40:40,229 --> 01:40:39,040
from two different planes mick wouldn't

2807
01:40:41,990 --> 01:40:40,239
be able to debunk it

2808
01:40:43,430 --> 01:40:42,000
he would he just wouldn't you know it

2809
01:40:45,350 --> 01:40:43,440
would be a lot and if

2810
01:40:47,350 --> 01:40:45,360
he said it would be a lot more difficult

2811
01:40:50,310 --> 01:40:47,360
for me to debunk something like that

2812
01:40:51,590 --> 01:40:50,320
and i think that's exactly what we're

2813
01:40:53,350 --> 01:40:51,600

eventually gonna get

2814

01:40:55,430 --> 01:40:53,360

eventually we're gonna get two angles

2815

01:40:57,109 --> 01:40:55,440

we're gonna get cockpit recordings

2816

01:40:59,750 --> 01:40:57,119

i don't know if we'll get the actual

2817

01:41:01,750 --> 01:40:59,760

radar depending on how new the video is

2818

01:41:03,430 --> 01:41:01,760

but if we can get two angles two

2819

01:41:06,950 --> 01:41:03,440

cockpits two cameras

2820

01:41:09,430 --> 01:41:06,960

on the same object game changer

2821

01:41:10,550 --> 01:41:09,440

absolutely game changer what do you

2822

01:41:12,629 --> 01:41:10,560

think

2823

01:41:13,910 --> 01:41:12,639

was in the classified report i know this

2824

01:41:16,229 --> 01:41:13,920

is completely

2825

01:41:18,310 --> 01:41:16,239

speculative but like good question some

2826

01:41:19,830 --> 01:41:18,320

of them said there were videos there

2827

01:41:22,310 --> 01:41:19,840

were photos shown

2828

01:41:23,030 --> 01:41:22,320

some of them came out visibly shaken

2829

01:41:25,510 --> 01:41:23,040

some were like

2830

01:41:26,070 --> 01:41:25,520

yeah it's kind of what i expected um

2831

01:41:27,990 --> 01:41:26,080

yeah

2832

01:41:29,669 --> 01:41:28,000

and i'm hoping again that we'll start to

2833

01:41:30,470 --> 01:41:29,679

hear more from some of these people who

2834

01:41:32,950 --> 01:41:30,480

are briefed

2835

01:41:34,470 --> 01:41:32,960

in the classified sector um without them

2836

01:41:36,629 --> 01:41:34,480

getting in trouble of course

2837

01:41:37,510 --> 01:41:36,639

but yeah do you think there was anything

2838

01:41:42,390 --> 01:41:37,520

in there that

2839

01:41:45,830 --> 01:41:42,400

like truly made them think this could be

2840

01:41:47,830 --> 01:41:45,840

e.t like this is not mandatory this is i

2841

01:41:49,910 --> 01:41:47,840

definitely think there was stuff in that

2842

01:41:50,470 --> 01:41:49,920

unclassified or the classified part of

2843

01:41:53,590 --> 01:41:50,480

it

2844

01:41:56,310 --> 01:41:53,600

um i think in that classified version

2845

01:41:58,709 --> 01:41:56,320

you're probably getting radar you're

2846

01:42:00,709 --> 01:41:58,719

probably getting multiple camera systems

2847

01:42:02,470 --> 01:42:00,719

you're probably getting a testimony or

2848

01:42:04,229 --> 01:42:02,480

at least um

2849

01:42:06,629 --> 01:42:04,239

an after like i would love to know if

2850

01:42:08,950 --> 01:42:06,639

the if the immediate after report

2851
01:42:10,390 --> 01:42:08,960
like the debrief the actual debriefing

2852
01:42:11,750 --> 01:42:10,400
that they did where they write down

2853
01:42:13,590 --> 01:42:11,760
everything that happened and then they

2854
01:42:16,629 --> 01:42:13,600
turned that in

2855
01:42:17,750 --> 01:42:16,639
i would not be shocked if that was part

2856
01:42:20,070 --> 01:42:17,760
of the report

2857
01:42:21,910 --> 01:42:20,080
uh wouldn't be shocked if maybe they got

2858
01:42:23,510 --> 01:42:21,920
multiple camera angles kind of like what

2859
01:42:25,990 --> 01:42:23,520
mick is asking for

2860
01:42:27,350 --> 01:42:26,000
i mean i think basically they got

2861
01:42:30,709 --> 01:42:27,360
everything that we

2862
01:42:32,310 --> 01:42:30,719
want they got a peek behind the

2863
01:42:34,629 --> 01:42:32,320

classified wall because they're

2864

01:42:37,830 --> 01:42:34,639

congressmen and senators and they have

2865

01:42:41,030 --> 01:42:37,840

they have the uh the

2866

01:42:42,870 --> 01:42:41,040

clearance to look at that stuff

2867

01:42:44,070 --> 01:42:42,880

and i wouldn't even be shocked if there

2868

01:42:46,470 --> 01:42:44,080

was like a

2869

01:42:47,590 --> 01:42:46,480

you know classified classified report

2870

01:42:48,950 --> 01:42:47,600

where maybe

2871

01:42:50,629 --> 01:42:48,960

you know the senate intelligence

2872

01:42:51,590 --> 01:42:50,639

committees the guys that really really

2873

01:42:53,510 --> 01:42:51,600

deal with this

2874

01:42:55,510 --> 01:42:53,520

uh with the security of the nation and

2875

01:42:58,629 --> 01:42:55,520

how things run militarily

2876

01:42:58,950 --> 01:42:58,639

like yeah i think there's videos in

2877

01:43:02,550 --> 01:42:58,960

there

2878

01:43:05,990 --> 01:43:02,560

radar

2879

01:43:10,870 --> 01:43:06,000

i think there is a lot more sensitive

2880

01:43:13,430 --> 01:43:10,880

classified collection uh processes that

2881

01:43:15,510 --> 01:43:13,440

they just don't want public to know you

2882

01:43:15,990 --> 01:43:15,520

know like i again i think a big issue

2883

01:43:18,070 --> 01:43:16,000

with this

2884

01:43:19,910 --> 01:43:18,080

is not so much the results i think

2885

01:43:21,270 --> 01:43:19,920

they're okay with everybody knowing the

2886

01:43:23,750 --> 01:43:21,280

result which is

2887

01:43:25,590 --> 01:43:23,760

they're real um and you guys can start

2888

01:43:27,270 --> 01:43:25,600

having a conversation of speculation

2889

01:43:28,550 --> 01:43:27,280

past that that's up to you guys they're

2890

01:43:30,870 --> 01:43:28,560

real though

2891

01:43:32,470 --> 01:43:30,880

what we can't tell you is how we got to

2892

01:43:34,550 --> 01:43:32,480

that conclusion

2893

01:43:35,590 --> 01:43:34,560

we can't show you we can't show you how

2894

01:43:37,350 --> 01:43:35,600

we got there

2895

01:43:39,270 --> 01:43:37,360

and so that's that's the issue they're

2896

01:43:41,590 --> 01:43:39,280

running into which is why

2897

01:43:43,990 --> 01:43:41,600

we need to advocate for public funding

2898

01:43:45,590 --> 01:43:44,000

because now it's time for universities

2899

01:43:46,470 --> 01:43:45,600

and scientists to start getting the

2900

01:43:47,910 --> 01:43:46,480

answers

2901

01:43:49,990 --> 01:43:47,920

themselves now they've got the

2902

01:43:51,830 --> 01:43:50,000

permission because they've got the

2903

01:43:52,390 --> 01:43:51,840

government telling them hey these things

2904

01:43:54,149 --> 01:43:52,400

are real

2905

01:43:55,910 --> 01:43:54,159

science we need you to look at it oh

2906

01:43:56,790 --> 01:43:55,920

here by the way here's a 100 million

2907

01:43:59,830 --> 01:43:56,800

dollar grant

2908

01:44:02,470 --> 01:43:59,840

to whoever wants to apply for it um

2909

01:44:03,910 --> 01:44:02,480

you know to study specifically this i

2910

01:44:05,030 --> 01:44:03,920

think we're going to start getting that

2911

01:44:06,790 --> 01:44:05,040

i think we're going to start getting

2912

01:44:07,189 --> 01:44:06,800

universities and academics looking at

2913

01:44:10,229 --> 01:44:07,199

this

2914

01:44:14,070 --> 01:44:10,239

yes getting the data ourselves i think

2915

01:44:17,350 --> 01:44:14,080

i think what if the government was smart

2916

01:44:19,830 --> 01:44:17,360

it would it would open up a grant

2917

01:44:20,950 --> 01:44:19,840

that any academic institution could

2918

01:44:23,030 --> 01:44:20,960

apply for

2919

01:44:23,990 --> 01:44:23,040

where they get an allotted amount of

2920

01:44:27,990 --> 01:44:24,000

funding

2921

01:44:29,990 --> 01:44:28,000

and whatever the data they collect

2922

01:44:31,750 --> 01:44:30,000

they have it's open source they could

2923

01:44:33,510 --> 01:44:31,760

share with whoever they want but they

2924

01:44:34,229 --> 01:44:33,520

also have to share that data with the

2925

01:44:37,350 --> 01:44:34,239

government

2926

01:44:39,510 --> 01:44:37,360

data sets

2927

01:44:40,390 --> 01:44:39,520

and compare it to the classified data

2928

01:44:42,790 --> 01:44:40,400

sets

2929

01:44:44,629 --> 01:44:42,800

put those things together see what cross

2930

01:44:46,790 --> 01:44:44,639

references see what does what

2931

01:44:48,950 --> 01:44:46,800

and then then they could go and say take

2932

01:44:50,950 --> 01:44:48,960

that information and say okay

2933

01:44:52,709 --> 01:44:50,960

here you go universities here's what we

2934

01:44:54,870 --> 01:44:52,719

found here are the commonalities

2935

01:44:55,910 --> 01:44:54,880

here's another grant let's try to figure

2936

01:44:57,669 --> 01:44:55,920

it out even more

2937

01:45:00,070 --> 01:44:57,679

you know it's this is going to need

2938

01:45:03,510 --> 01:45:00,080

constant funding and constant money

2939

01:45:06,070 --> 01:45:03,520

to make sure that we're we're pushing

2940

01:45:06,950 --> 01:45:06,080

the questions to the absolute limit and

2941

01:45:09,189 --> 01:45:06,960

getting as many

2942

01:45:10,550 --> 01:45:09,199

answers as we can just because it's

2943

01:45:13,030 --> 01:45:10,560

mysterious

2944

01:45:14,310 --> 01:45:13,040

just because it's unpredictable doesn't

2945

01:45:17,270 --> 01:45:14,320

mean it cannot be

2946

01:45:17,830 --> 01:45:17,280

studied yeah good point such a good

2947

01:45:19,669 --> 01:45:17,840

point

2948

01:45:21,109 --> 01:45:19,679

what do you think of this question here

2949

01:45:22,870 --> 01:45:21,119

lou what do you think about all the hate

2950

01:45:23,510 --> 01:45:22,880

elizondo and corbell are getting on

2951

01:45:25,030 --> 01:45:23,520

reddit

2952

01:45:26,790 --> 01:45:25,040

since the report released personally i

2953

01:45:27,510 --> 01:45:26,800

think it's very unfair it's what do you

2954

01:45:30,149 --> 01:45:27,520

think

2955

01:45:31,910 --> 01:45:30,159

it's [h__\h] yeah just if you're giving

2956

01:45:35,189 --> 01:45:31,920

these guys [h__\h] it's because you

2957

01:45:37,590 --> 01:45:35,199

set your expectations too high you

2958

01:45:39,030 --> 01:45:37,600

you know jeremy corbell he's a showman

2959

01:45:42,550 --> 01:45:39,040

he's a bit of a showman

2960

01:45:44,629 --> 01:45:42,560

but guess what so is cbs so is nbc

2961

01:45:46,070 --> 01:45:44,639

anytime they have a huge report or

2962

01:45:46,709 --> 01:45:46,080

something they want to talk about or

2963

01:45:51,189 --> 01:45:46,719

promote

2964

01:45:54,229 --> 01:45:51,199

gives them any flack for promoting right

2965

01:45:56,950 --> 01:45:54,239

you know their uh casey anthony you know

2966

01:45:59,030 --> 01:45:56,960

you know 20 year later special report

2967

01:46:01,109 --> 01:45:59,040

you know like nobody ever

2968

01:46:02,790 --> 01:46:01,119

busts the chops of 60 minutes to do that

2969

01:46:04,870 --> 01:46:02,800

but the second that

2970

01:46:06,070 --> 01:46:04,880

jeremy corbell puts a watermark on

2971

01:46:08,310 --> 01:46:06,080

something or

2972

01:46:09,590 --> 01:46:08,320

releases something at high noon people

2973

01:46:13,030 --> 01:46:09,600

lose their [h__h]

2974

01:46:13,750 --> 01:46:13,040

and and and look jeremy corbell has

2975

01:46:17,270 --> 01:46:13,760

theories

2976

01:46:20,550 --> 01:46:17,280

but jeremy corbell

2977

01:46:22,550 --> 01:46:20,560

also is not telling you 100

2978

01:46:24,390 --> 01:46:22,560

definitively what it is he's putting the

2979

01:46:26,470 --> 01:46:24,400

data sets out there he's trying to let

2980

01:46:28,790 --> 01:46:26,480

you guys figure it out on your own

2981

01:46:29,910 --> 01:46:28,800

um i think that's a little unfair you

2982

01:46:31,590 --> 01:46:29,920

know i would say pr

2983

01:46:33,430 --> 01:46:31,600

you know you're jeremy corbell provide

2984

01:46:34,629 --> 01:46:33,440

some experts to help people decipher

2985

01:46:36,950 --> 01:46:34,639

this information

2986

01:46:38,390 --> 01:46:36,960

i think just the more clarity you bring

2987

01:46:38,790 --> 01:46:38,400

to these videos and things that you're

2988

01:46:42,070 --> 01:46:38,800

doing

2989

01:46:44,229 --> 01:46:42,080

the better um you know so as far as

2990

01:46:45,270 --> 01:46:44,239

louis lozando i don't know why anybody

2991

01:46:47,830 --> 01:46:45,280

would be giving this guy

2992

01:46:50,070 --> 01:46:47,840

any [h__h] whatsoever he has set the

2993

01:46:52,550 --> 01:46:50,080

expectation

2994

01:46:55,109 --> 01:46:52,560

i would love somebody anybody to go back

2995

01:46:55,430 --> 01:46:55,119

for the last six months and make a super

2996

01:46:57,430 --> 01:46:55,440

cut

2997

01:46:58,709 --> 01:46:57,440

of all of the things that louis lozando

2998

01:47:01,270 --> 01:46:58,719

has said is going to either be

2999

01:47:02,790 --> 01:47:01,280

in the report uh or what's going to be

3000

01:47:05,189 --> 01:47:02,800

the report's going to be about

3001

01:47:07,430 --> 01:47:05,199

and you will never find anything

3002

01:47:10,550 --> 01:47:07,440

remotely close to

3003

01:47:12,790 --> 01:47:10,560

you again alien bodies meta materials um

3004

01:47:14,790 --> 01:47:12,800

aliens none of that stuff it's always

3005

01:47:17,910 --> 01:47:14,800

been expected delay

3006

01:47:19,910 --> 01:47:17,920

uh these these these uh departments are

3007

01:47:21,350 --> 01:47:19,920

not ready to report on this and it kind

3008

01:47:23,910 --> 01:47:21,360

of shows like this

3009

01:47:25,830 --> 01:47:23,920

even even for as disorganized as they

3010

01:47:26,629 --> 01:47:25,840

were i was shocked at how good this

3011

01:47:29,830 --> 01:47:26,639

report was

3012

01:47:31,830 --> 01:47:29,840

yeah i was expecting so much less

3013

01:47:33,590 --> 01:47:31,840

um and it seems like they actually did a

3014

01:47:36,229 --> 01:47:33,600

decent job and that's just

3015

01:47:37,590 --> 01:47:36,239

six months now give them another six

3016

01:47:39,270 --> 01:47:37,600

months or a year

3017

01:47:41,350 --> 01:47:39,280

or give them a hundred million dollar

3018

01:47:44,709 --> 01:47:41,360

budget and see what they come up with

3019

01:47:47,669 --> 01:47:44,719

you know like i'm gonna be honest i i

3020

01:47:48,550 --> 01:47:47,679

honestly in my heart of hearts thought

3021

01:47:51,590 --> 01:47:48,560

it would be

3022

01:47:54,870 --> 01:47:51,600

a one-page statement i really did

3023

01:47:55,189 --> 01:47:54,880

and anything after that i was going to

3024

01:47:57,750 --> 01:47:55,199

be

3025

01:47:59,590 --> 01:47:57,760

excited about so the fact that it was i

3026
01:48:00,070 --> 01:47:59,600
know it was only nine pages one of which

3027
01:48:02,550 --> 01:48:00,080
was

3028
01:48:04,070 --> 01:48:02,560
independent uh you know the appendix at

3029
01:48:07,510 --> 01:48:04,080
the end and everything and

3030
01:48:11,109 --> 01:48:07,520
uh cover page um right i was still

3031
01:48:13,030 --> 01:48:11,119
again my expectations were so low that i

3032
01:48:14,149 --> 01:48:13,040
really liked it and i know you talked

3033
01:48:16,390 --> 01:48:14,159
about this a lot

3034
01:48:17,669 --> 01:48:16,400
on your show if okay first of all if

3035
01:48:20,229 --> 01:48:17,679
anyone hasn't

3036
01:48:21,669 --> 01:48:20,239
go over to unidentified celebrity review

3037
01:48:23,510 --> 01:48:21,679
channel right now

3038
01:48:25,350 --> 01:48:23,520

it was over three hours i think it was

3039

01:48:27,750 --> 01:48:25,360

one of the most epic conversations

3040

01:48:29,669 --> 01:48:27,760

to happen and the report dropped as you

3041

01:48:32,229 --> 01:48:29,679

guys were going live

3042

01:48:33,189 --> 01:48:32,239

so we got like the raw reactions to it

3043

01:48:34,950 --> 01:48:33,199

and it was amazing

3044

01:48:36,629 --> 01:48:34,960

tell us a little bit yeah i had an

3045

01:48:37,590 --> 01:48:36,639

inside track on when the report was

3046

01:48:40,709 --> 01:48:37,600

coming out

3047

01:48:43,430 --> 01:48:40,719

oh somebody somebody had told me

3048

01:48:45,350 --> 01:48:43,440

uh he didn't wait when i lose you right

3049

01:48:45,990 --> 01:48:45,360

somebody told me that it was gonna come

3050

01:48:48,310 --> 01:48:46,000

out around

3051

01:48:50,229 --> 01:48:48,320

four o'clock on friday and i was like oh

3052

01:48:51,750 --> 01:48:50,239

that's perfect that's exactly when my

3053

01:48:54,709 --> 01:48:51,760

show pop comes on

3054

01:48:57,430 --> 01:48:54,719

so we got lucky from that regard but but

3055

01:48:59,030 --> 01:48:57,440

i also had known i was like you know

3056

01:49:01,669 --> 01:48:59,040

there's a possibility that it gets

3057

01:49:03,430 --> 01:49:01,679

delayed a couple hours maybe we don't uh

3058

01:49:05,270 --> 01:49:03,440

maybe we don't actually get to talk

3059

01:49:06,870 --> 01:49:05,280

about it live because it comes out maybe

3060

01:49:09,109 --> 01:49:06,880

after our show

3061

01:49:09,990 --> 01:49:09,119

we got lucky you know if you have good

3062

01:49:12,310 --> 01:49:10,000

you know i

3063

01:49:14,950 --> 01:49:12,320

luckily i had the the right information

3064

01:49:17,430 --> 01:49:14,960

and and the report came out

3065

01:49:19,109 --> 01:49:17,440

literally 40 minutes into our show we

3066

01:49:21,910 --> 01:49:19,119

had three journalists

3067

01:49:23,589 --> 01:49:21,920

all over including rather who who read

3068

01:49:25,270 --> 01:49:23,599

the report while we were doing this show

3069

01:49:27,350 --> 01:49:25,280

live and then they came and reported on

3070

01:49:29,430 --> 01:49:27,360

it and it

3071

01:49:31,189 --> 01:49:29,440

it was awesome dude it was so cool we

3072

01:49:33,830 --> 01:49:31,199

had a killer discussion

3073

01:49:36,310 --> 01:49:33,840

and and i think this is what people are

3074

01:49:39,270 --> 01:49:36,320

starving for they're starving for

3075

01:49:41,270 --> 01:49:39,280

this kind of breakdown on this kind of

3076

01:49:43,030 --> 01:49:41,280

information because it can get confusing

3077

01:49:45,750 --> 01:49:43,040

like you read this report and you don't

3078

01:49:48,950 --> 01:49:45,760

know anything about dod or navy

3079

01:49:49,910 --> 01:49:48,960

and it's it's gonna read like stereo

3080

01:49:53,030 --> 01:49:49,920

instructions

3081

01:49:53,750 --> 01:49:53,040

this report was not for us yeah this was

3082

01:49:56,470 --> 01:49:53,760

for the

3083

01:49:57,990 --> 01:49:56,480

this was for everyone um most of which

3084

01:49:59,189 --> 01:49:58,000

don't look into this topic don't know

3085

01:50:01,750 --> 01:49:59,199

about the different departments

3086

01:50:03,109 --> 01:50:01,760

don't know about the history and baggage

3087

01:50:05,109 --> 01:50:03,119

of ufos in the government

3088

01:50:06,709 --> 01:50:05,119

so it's for the normies as jazz likes to

3089

01:50:09,270 --> 01:50:06,719

say the normies

3090

01:50:11,109 --> 01:50:09,280

um well let me thank artemis right here

3091

01:50:12,229 --> 01:50:11,119

um not a question just sending love i

3092

01:50:13,589 --> 01:50:12,239

appreciate all the work you guys are

3093

01:50:15,510 --> 01:50:13,599

putting into this topic

3094

01:50:17,270 --> 01:50:15,520

for everyone this is just the beginning

3095

01:50:18,229 --> 01:50:17,280

we have to be positive thank you artemis

3096

01:50:21,830 --> 01:50:18,239

i appreciate that

3097

01:50:24,790 --> 01:50:21,840

and actually i wanted to um i wanted to

3098

01:50:26,470 --> 01:50:24,800

read a uh a message i got from luella

3099

01:50:29,350 --> 01:50:26,480

zondo that he wanted to give

3100

01:50:31,350 --> 01:50:29,360

to everyone here um and we quoted this

3101

01:50:34,310 --> 01:50:31,360

recently as well in the debrief

3102

01:50:36,229 --> 01:50:34,320

uh elizondo says to everyone the united

3103

01:50:38,229 --> 01:50:36,239

states government is only now beginning

3104

01:50:39,910 --> 01:50:38,239

to take a serious look at this

3105

01:50:42,550 --> 01:50:39,920

clearly we have more unanswered

3106

01:50:44,709 --> 01:50:42,560

questions and an overwhelming need for a

3107

01:50:47,350 --> 01:50:44,719

whole of government approach

3108

01:50:50,390 --> 01:50:47,360

so straight from the mouth of the former

3109

01:50:52,550 --> 01:50:50,400

director of the pentagon ufo program um

3110

01:50:54,070 --> 01:50:52,560

i can't wait to see what he's up to

3111

01:50:56,550 --> 01:50:54,080

because like he said

3112

01:50:58,390 --> 01:50:56,560

he's got plans if the government isn't

3113

01:51:01,350 --> 01:50:58,400

going to give you guys information

3114

01:51:03,270 --> 01:51:01,360

uh we'll make it happen somehow so i

3115

01:51:04,790 --> 01:51:03,280

mean look what's going on with the ig

3116

01:51:06,470 --> 01:51:04,800

you know he's he's putting the right

3117

01:51:09,030 --> 01:51:06,480

pressure on man he's got the ig

3118

01:51:10,149 --> 01:51:09,040

on this i mean that cover letter the ig

3119

01:51:12,550 --> 01:51:10,159

was basically like

3120

01:51:13,990 --> 01:51:12,560

look i've tried for years to get this

3121

01:51:14,390 --> 01:51:14,000

information in the hands of the right

3122

01:51:20,070 --> 01:51:14,400

people

3123

01:51:22,310 --> 01:51:20,080

yeah and now that process is under the

3124

01:51:25,109 --> 01:51:22,320

microscope of the inspector general

3125

01:51:26,070 --> 01:51:25,119

so that process i think is going to get

3126

01:51:28,629 --> 01:51:26,080

blown

3127

01:51:30,070 --> 01:51:28,639

up because there's going to be a so the

3128

01:51:32,070 --> 01:51:30,080

inspector general is going to go

3129

01:51:33,430 --> 01:51:32,080

well wait a second why did this

3130

01:51:35,430 --> 01:51:33,440

information stop

3131

01:51:37,910 --> 01:51:35,440

here when it should have gone up at

3132

01:51:39,830 --> 01:51:37,920

least two more chains of authority right

3133

01:51:41,990 --> 01:51:39,840

why is it getting bottlenecked at this

3134

01:51:43,109 --> 01:51:42,000

department who the hell are you guys why

3135

01:51:45,109 --> 01:51:43,119

are you doing this

3136

01:51:46,550 --> 01:51:45,119

who gave you the permission to do this

3137

01:51:47,109 --> 01:51:46,560

it's gonna be it's it's gonna be an

3138

01:51:49,270 --> 01:51:47,119

issue

3139

01:51:51,350 --> 01:51:49,280

like i think it's going to change how

3140

01:51:52,310 --> 01:51:51,360

the flow of information from the bottom

3141

01:51:54,550 --> 01:51:52,320

to the top

3142

01:51:55,350 --> 01:51:54,560

when it comes to uap and ufos i mean

3143

01:51:58,310 --> 01:51:55,360

look at what

3144

01:51:59,990 --> 01:51:58,320

macmillan wrote yesterday it's just just

3145

01:52:02,390 --> 01:52:00,000

a beautiful piece

3146

01:52:03,669 --> 01:52:02,400

on the the navy secretary who is a

3147

01:52:06,070 --> 01:52:03,679

civilian

3148

01:52:07,589 --> 01:52:06,080

and is looking at the totality of

3149

01:52:10,870 --> 01:52:07,599

foreign policy

3150

01:52:13,830 --> 01:52:10,880

and this uap issue so we've got

3151

01:52:14,470 --> 01:52:13,840

this uh uh this what was there her uh

3152

01:52:18,310 --> 01:52:14,480

his name

3153

01:52:21,830 --> 01:52:18,320

something mobis ray mobis who is the uh

3154

01:52:23,990 --> 01:52:21,840

secretary the navy secretary and uh

3155

01:52:26,390 --> 01:52:24,000

essentially with the way macmillan wrote

3156

01:52:29,750 --> 01:52:26,400

it he's the ceo of the navy

3157

01:52:33,430 --> 01:52:29,760

essentially and the uap

3158

01:52:34,470 --> 01:52:33,440

issue came across his desk multiple

3159

01:52:39,669 --> 01:52:34,480

times

3160

01:52:42,310 --> 01:52:39,679

exact same time that this uap

3161

01:52:43,430 --> 01:52:42,320

issues coming across the desk you've got

3162

01:52:46,950 --> 01:52:43,440

iran

3163

01:52:50,149 --> 01:52:46,960

and iraq in a in a war

3164

01:52:52,470 --> 01:52:50,159

you've got a war going on

3165

01:52:53,510 --> 01:52:52,480

on the on the horn of south africa

3166

01:52:57,189 --> 01:52:53,520

you've got

3167

01:53:00,229 --> 01:52:57,199

literal threat of nuclear

3168

01:53:02,709 --> 01:53:00,239

holocaust with north korea like all of

3169

01:53:06,550 --> 01:53:02,719

this [h__h] is going down at the same time

3170

01:53:09,109 --> 01:53:06,560

oh and by the way this uap thing

3171

01:53:11,270 --> 01:53:09,119

it's just it goes down on this

3172

01:53:14,310 --> 01:53:11,280

especially the way macmillan

3173

01:53:17,830 --> 01:53:14,320

freight you know preface this with

3174

01:53:20,709 --> 01:53:17,840

these objects are not threatening

3175

01:53:21,030 --> 01:53:20,719

they're not blowing things up they're

3176
01:53:22,950 --> 01:53:21,040
not

3177
01:53:24,070 --> 01:53:22,960
killing anything as a matter of fact in

3178
01:53:25,750 --> 01:53:24,080
some cases

3179
01:53:27,830 --> 01:53:25,760
they look like they're being playful

3180
01:53:30,470 --> 01:53:27,840
with us you know like

3181
01:53:32,390 --> 01:53:30,480
it's it's it's not a threat it's not a

3182
01:53:33,030 --> 01:53:32,400
threat in the way that north korea is a

3183
01:53:36,229 --> 01:53:33,040
threat

3184
01:53:38,950 --> 01:53:36,239
or you know civil war in in in

3185
01:53:39,669 --> 01:53:38,960
in south in you know uh south africa

3186
01:53:42,950 --> 01:53:39,679
like

3187
01:53:44,470 --> 01:53:42,960
these these pressing issues need human

3188
01:53:46,870 --> 01:53:44,480

attention and this uap

3189

01:53:47,990 --> 01:53:46,880

thing is falling to the wayside which is

3190

01:53:50,470 --> 01:53:48,000

why

3191

01:53:51,510 --> 01:53:50,480

um you know you've got uh was her name

3192

01:53:54,870 --> 01:53:51,520

samantha hicks

3193

01:53:57,430 --> 01:53:54,880

or kathleen hicks from that

3194

01:53:59,589 --> 01:53:57,440

right the dod she she this is why she

3195

01:54:02,589 --> 01:53:59,599

wrote this letter and why she wrote

3196

01:54:03,830 --> 01:54:02,599

this plan of attack and why we need a

3197

01:54:06,870 --> 01:54:03,840

uaptf

3198

01:54:10,550 --> 01:54:06,880

task force a permanent office

3199

01:54:13,189 --> 01:54:10,560

a a a position just as powerful

3200

01:54:14,870 --> 01:54:13,199

or close to it as the director of

3201
01:54:16,070 --> 01:54:14,880
national intelligence or someone who

3202
01:54:18,709 --> 01:54:16,080
reports to that

3203
01:54:20,310 --> 01:54:18,719
someone on the same level of you know a

3204
01:54:23,510 --> 01:54:20,320
navy secretary

3205
01:54:25,750 --> 01:54:23,520
where their job is to not look at

3206
01:54:27,750 --> 01:54:25,760
nuclear war with north korea not to look

3207
01:54:30,470 --> 01:54:27,760
at civil war in south africa

3208
01:54:31,589 --> 01:54:30,480
but to look at this uap issue and

3209
01:54:34,149 --> 01:54:31,599
address it

3210
01:54:34,629 --> 01:54:34,159
and and investigate it and then report

3211
01:54:38,470 --> 01:54:34,639
on it

3212
01:54:40,310 --> 01:54:38,480
i mean that will be huge that means that

3213
01:54:41,189 --> 01:54:40,320

this topic is no longer going to get

3214

01:54:43,589 --> 01:54:41,199

lost

3215

01:54:45,910 --> 01:54:43,599

in the real world issues this is now

3216

01:54:47,030 --> 01:54:45,920

this topic is now becoming one of those

3217

01:54:50,070 --> 01:54:47,040

real world issues

3218

01:54:51,910 --> 01:54:50,080

and it's and it's awesome yeah it's

3219

01:54:53,189 --> 01:54:51,920

awesome we just gotta be patient

3220

01:54:54,950 --> 01:54:53,199

we just gotta chill a little bit we

3221

01:54:57,510 --> 01:54:54,960

gotta take that chill pill and say okay

3222

01:54:58,310 --> 01:54:57,520

let these let these things go to work

3223

01:55:00,950 --> 01:54:58,320

because

3224

01:55:02,310 --> 01:55:00,960

always keep this in mind government is

3225

01:55:05,350 --> 01:55:02,320

slow

3226

01:55:08,390 --> 01:55:05,360

it's designed it's designed to

3227

01:55:11,270 --> 01:55:08,400

be slow so the response to this

3228

01:55:12,470 --> 01:55:11,280

literally could take years could take i

3229

01:55:12,870 --> 01:55:12,480

don't think it's going to take years

3230

01:55:15,189 --> 01:55:12,880

though

3231

01:55:16,149 --> 01:55:15,199

i think this is this office will be up

3232

01:55:18,229 --> 01:55:16,159

and running

3233

01:55:19,669 --> 01:55:18,239

by this time next year i really really

3234

01:55:22,550 --> 01:55:19,679

do i mean this

3235

01:55:23,830 --> 01:55:22,560

they've got a plan this is a plan it is

3236

01:55:25,589 --> 01:55:23,840

called the plan

3237

01:55:28,070 --> 01:55:25,599

you know yeah well and that's the thing

3238

01:55:30,790 --> 01:55:28,080

dude it's no longer a task force

3239

01:55:32,390 --> 01:55:30,800

the task was not completed um it was

3240

01:55:34,550 --> 01:55:32,400

completed in the sense that

3241

01:55:35,830 --> 01:55:34,560

they gave the public what was requested

3242

01:55:38,149 --> 01:55:35,840

of them but now

3243

01:55:39,030 --> 01:55:38,159

money and they ran out of money exactly

3244

01:55:40,870 --> 01:55:39,040

so now

3245

01:55:42,149 --> 01:55:40,880

the next steps i do want to bring this

3246

01:55:45,270 --> 01:55:42,159

up brian says

3247

01:55:46,229 --> 01:55:45,280

the ufo encounter and ken ross uh ufo

3248

01:55:49,270 --> 01:55:46,239

pipe or a u.s

3249

01:55:50,790 --> 01:55:49,280

pilot ufo pilot a u.s pilot disappeared

3250

01:55:53,350 --> 01:55:50,800

presumed dead with the object

3251

01:55:54,470 --> 01:55:53,360

i want to touch on this with you luis um

3252

01:55:57,830 --> 01:55:54,480

in the report

3253

01:56:00,629 --> 01:55:57,840

we were told there were 11 cases of near

3254

01:56:01,669 --> 01:56:00,639

misses with pilots which doesn't seem

3255

01:56:03,750 --> 01:56:01,679

like a lot but

3256

01:56:05,430 --> 01:56:03,760

that's what the public got i want to

3257

01:56:06,070 --> 01:56:05,440

know how many were in the classified

3258

01:56:08,790 --> 01:56:06,080

report

3259

01:56:11,189 --> 01:56:08,800

how many collisions were there we know

3260

01:56:13,189 --> 01:56:11,199

in ufo history that this has happened

3261

01:56:14,310 --> 01:56:13,199

that there have been near misses jeremy

3262

01:56:17,189 --> 01:56:14,320

corbell

3263

01:56:18,070 --> 01:56:17,199

and christopher mellon have even uh

3264

01:56:20,870 --> 01:56:18,080

teased

3265

01:56:22,790 --> 01:56:20,880

that there might be video out there from

3266

01:56:25,510 --> 01:56:22,800

cockpits of ufos coming

3267

01:56:27,030 --> 01:56:25,520

right past the actual cockpit maybe

3268

01:56:27,750 --> 01:56:27,040

we'll see it maybe we won't i don't know

3269

01:56:30,870 --> 01:56:27,760

but um

3270

01:56:32,870 --> 01:56:30,880

two things that is huge that there are

3271

01:56:33,350 --> 01:56:32,880

11 cases they were willing to share with

3272

01:56:35,350 --> 01:56:33,360

us

3273

01:56:37,350 --> 01:56:35,360

of near misses and that is a potential

3274

01:56:38,709 --> 01:56:37,360

threat no matter the motivation of the

3275

01:56:40,629 --> 01:56:38,719

uap itself

3276

01:56:41,910 --> 01:56:40,639

it could have caused a problem or we

3277

01:56:42,790 --> 01:56:41,920

could have caused a problem in our

3278

01:56:45,350 --> 01:56:42,800

reaction

3279

01:56:45,990 --> 01:56:45,360

to it the other thing um the report did

3280

01:56:49,189 --> 01:56:46,000

not mention

3281

01:56:51,030 --> 01:56:49,199

whatsoever nuclear incidents

3282

01:56:52,709 --> 01:56:51,040

um what do you think do you think that

3283

01:56:54,229 --> 01:56:52,719

was in the classified version

3284

01:56:56,310 --> 01:56:54,239

or do you think they even bothered

3285

01:56:59,189 --> 01:56:56,320

looking into that they had to they

3286

01:57:01,189 --> 01:56:59,199

had to because just because the the

3287

01:57:04,070 --> 01:57:01,199

correlation of both of those things

3288

01:57:04,790 --> 01:57:04,080

is so apparent like that seems that's

3289

01:57:07,270 --> 01:57:04,800

definitely

3290

01:57:08,950 --> 01:57:07,280

something that if you want to give lou a

3291

01:57:10,709 --> 01:57:08,960

little bit of flack for i guess you

3292

01:57:11,589 --> 01:57:10,719

could but then again lou didn't write

3293

01:57:13,109 --> 01:57:11,599

the report

3294

01:57:14,790 --> 01:57:13,119

you know lou just gave the information

3295

01:57:16,629 --> 01:57:14,800

to the guys so they could write through

3296

01:57:18,550 --> 01:57:16,639

the report but the thing that we

3297

01:57:20,229 --> 01:57:18,560

definitely got a lot was

3298

01:57:21,830 --> 01:57:20,239

there seems to be a connection between

3299

01:57:24,470 --> 01:57:21,840

our nuclear capabilities

3300

01:57:25,830 --> 01:57:24,480

and these objects and that was nowhere

3301
01:57:27,270 --> 01:57:25,840
to be seen in the report so i think

3302
01:57:29,109 --> 01:57:27,280
you're right ryan i think that went to

3303
01:57:31,589 --> 01:57:29,119
the classified level

3304
01:57:32,310 --> 01:57:31,599
um because it has to be part of this

3305
01:57:34,709 --> 01:57:32,320
story it just

3306
01:57:35,350 --> 01:57:34,719
absolutely has to be as far as the

3307
01:57:37,910 --> 01:57:35,360
threat

3308
01:57:39,350 --> 01:57:37,920
um look i understand what you're saying

3309
01:57:42,550 --> 01:57:39,360
i've never heard of the

3310
01:57:44,390 --> 01:57:42,560
the kinross uh ufo encounter uh where

3311
01:57:45,510 --> 01:57:44,400
the pilot disappeared i'd have to look

3312
01:57:49,510 --> 01:57:45,520
into that

3313
01:57:54,149 --> 01:57:49,520

um but dude there's been so many that

3314

01:57:56,310 --> 01:57:54,159

coin helicopter incident i mean how many

3315

01:57:58,070 --> 01:57:56,320

let's just let's just speculate here for

3316

01:58:01,750 --> 01:57:58,080

a moment but let's just say

3317

01:58:02,790 --> 01:58:01,760

in the last 60 years how many pilots do

3318

01:58:05,189 --> 01:58:02,800

you think have been either

3319

01:58:07,430 --> 01:58:05,199

shot down or killed by an interaction

3320

01:58:09,430 --> 01:58:07,440

with a uap

3321

01:58:10,629 --> 01:58:09,440

just speculating i mean how many let me

3322

01:58:13,189 --> 01:58:10,639

ask you this

3323

01:58:15,669 --> 01:58:13,199

how many stories have we heard of that

3324

01:58:20,390 --> 01:58:15,679

actually happening

3325

01:58:23,109 --> 01:58:20,400

where pilots were killed uh god i don't

3326

01:58:23,669 --> 01:58:23,119

know of anything yeah i don't know about

3327

01:58:25,830 --> 01:58:23,679

anything

3328

01:58:27,910 --> 01:58:25,840

i'm not definitively proven obviously

3329

01:58:30,229 --> 01:58:27,920

right obviously right but let's

3330

01:58:31,510 --> 01:58:30,239

extrapolate that math and apply it to

3331

01:58:34,950 --> 01:58:31,520

the rest of it

3332

01:58:37,109 --> 01:58:34,960

you know let's just say theoretically

3333

01:58:38,790 --> 01:58:37,119

one pilot died every 10 years because of

3334

01:58:41,189 --> 01:58:38,800

an interaction with these things

3335

01:58:43,350 --> 01:58:41,199

so in the last 60 70 years that's seven

3336

01:58:45,990 --> 01:58:43,360

pilots

3337

01:58:47,589 --> 01:58:46,000

i know that sounds like i'm throwing

3338

01:58:47,990 --> 01:58:47,599

seven lives out the window like it

3339

01:58:51,910 --> 01:58:48,000

doesn't

3340

01:58:53,189 --> 01:58:51,920

matter but seven lives i mean

3341

01:58:54,790 --> 01:58:53,199

look at what just happened in florida

3342

01:58:56,149 --> 01:58:54,800

with that collapsed building there's

3343

01:58:57,189 --> 01:58:56,159

more than seven people in there they're

3344

01:58:59,430 --> 01:58:57,199

probably dead

3345

01:59:00,470 --> 01:58:59,440

um you know how many how many people

3346

01:59:03,189 --> 01:59:00,480

does a bomb

3347

01:59:04,950 --> 01:59:03,199

dropped in the wrong area kill how many

3348

01:59:07,669 --> 01:59:04,960

terrorists does that create

3349

01:59:08,310 --> 01:59:07,679

you know so that's what i'm saying those

3350

01:59:12,629 --> 01:59:08,320

things are

3351

01:59:15,430 --> 01:59:12,639

threats those things uh and and look

3352

01:59:17,030 --> 01:59:15,440

if your definition of threat can change

3353

01:59:19,990 --> 01:59:17,040

so many different ways

3354

01:59:21,189 --> 01:59:20,000

um you know i i think the united states

3355

01:59:26,709 --> 01:59:21,199

military uses

3356

01:59:29,669 --> 01:59:26,719

existential threat really frivolously

3357

01:59:30,229 --> 01:59:29,679

um they they everything's a threat to

3358

01:59:31,750 --> 01:59:30,239

them

3359

01:59:33,910 --> 01:59:31,760

everything you know and that's how they

3360

01:59:35,830 --> 01:59:33,920

start wars all the time

3361

01:59:37,910 --> 01:59:35,840

um but there hasn't been an imminent

3362

01:59:41,350 --> 01:59:37,920

threat to the united states

3363

01:59:43,350 --> 01:59:41,360

since the british like that was the last

3364

01:59:45,510 --> 01:59:43,360

imminent threat the united states have i

3365

01:59:47,430 --> 01:59:45,520

mean maybe you could count the cold war

3366

01:59:49,830 --> 01:59:47,440

but there wasn't a fleet of russian

3367

01:59:50,709 --> 01:59:49,840

ships off of the coast of cuba ready to

3368

01:59:52,870 --> 01:59:50,719

invade

3369

01:59:54,709 --> 01:59:52,880

uh the united states you know pearl

3370

01:59:56,470 --> 01:59:54,719

harbor they did their thing and they

3371

01:59:59,750 --> 01:59:56,480

turned around and went back

3372

02:00:01,510 --> 01:59:59,760

um you know it there was

3373

02:00:04,149 --> 02:00:01,520

there's never been an imminent threat in

3374

02:00:06,950 --> 02:00:04,159

the united states in a long long time

3375

02:00:08,550 --> 02:00:06,960

um but we are an imminent threat all

3376

02:00:09,990 --> 02:00:08,560

over the place

3377

02:00:11,589 --> 02:00:10,000

so it just depends what's your

3378

02:00:16,070 --> 02:00:11,599

definition of threat

3379

02:00:19,189 --> 02:00:16,080

um it's a tough one but i don't think

3380

02:00:21,510 --> 02:00:19,199

i i just don't think like

3381

02:00:23,270 --> 02:00:21,520

you know again look at what this navy

3382

02:00:23,830 --> 02:00:23,280

secretary was dealing with when these

3383

02:00:25,830 --> 02:00:23,840

uap

3384

02:00:27,030 --> 02:00:25,840

issues were coming across as death civil

3385

02:00:29,189 --> 02:00:27,040

war nuclear

3386

02:00:30,070 --> 02:00:29,199

holocaust like all of these serious

3387

02:00:32,870 --> 02:00:30,080

serious

3388

02:00:33,510 --> 02:00:32,880

threats like direct threats to human

3389

02:00:35,910 --> 02:00:33,520

life

3390

02:00:37,669 --> 02:00:35,920

i think that's that's now if these

3391

02:00:40,229 --> 02:00:37,679

things were actually shooting down

3392

02:00:42,470 --> 02:00:40,239

f-16s if they were shooting down drones

3393

02:00:44,149 --> 02:00:42,480

if they were shutting off nuclear ships

3394

02:00:47,270 --> 02:00:44,159

in the middle of the sea

3395

02:00:49,750 --> 02:00:47,280

just leaving them there stranded i think

3396

02:00:50,470 --> 02:00:49,760

this issue would immediately go right

3397

02:00:52,229 --> 02:00:50,480

above

3398

02:00:54,310 --> 02:00:52,239

all of those other issues that just

3399

02:00:55,910 --> 02:00:54,320

called but they're not doing that

3400

02:00:58,149 --> 02:00:55,920

they're not doing that you know so

3401

02:00:59,910 --> 02:00:58,159

that's why i think it's

3402

02:01:01,669 --> 02:00:59,920

it's not that they're not interested

3403

02:01:04,070 --> 02:01:01,679

it's just that it's not

3404

02:01:05,430 --> 02:01:04,080

posing a problem to a point where they

3405

02:01:06,709 --> 02:01:05,440

have to address it

3406

02:01:08,470 --> 02:01:06,719

you know again if these things are

3407

02:01:11,750 --> 02:01:08,480

displaying themselves

3408

02:01:14,470 --> 02:01:11,760

as as in some cases playful

3409

02:01:14,870 --> 02:01:14,480

you know or if they're flying close to

3410

02:01:18,149 --> 02:01:14,880

to

3411

02:01:21,430 --> 02:01:18,159

jets but nothing happens it's just uh

3412

02:01:22,310 --> 02:01:21,440

um uh too close for comfort kind of

3413

02:01:26,070 --> 02:01:22,320

thing

3414

02:01:28,390 --> 02:01:26,080

um again that's not you know a fleet of

3415

02:01:29,750 --> 02:01:28,400

russian warships 60 miles off this coast

3416

02:01:31,589 --> 02:01:29,760

of hawaii

3417

02:01:32,790 --> 02:01:31,599

it's not the same kind of threat it's

3418

02:01:36,550 --> 02:01:32,800

just not exactly

3419

02:01:38,229 --> 02:01:36,560

um so yeah yep i i i completely agree

3420

02:01:39,189 --> 02:01:38,239

with you man it's not an immediate

3421

02:01:41,669 --> 02:01:39,199

threat as it were

3422

02:01:42,229 --> 02:01:41,679

and also that playful nature to it i

3423

02:01:46,390 --> 02:01:42,239

think

3424

02:01:48,550 --> 02:01:46,400

uh is the reason why like they're

3425

02:01:50,629 --> 02:01:48,560

the military whether it's navy or air

3426
02:01:53,830 --> 02:01:50,639
force when they encounter these things

3427
02:01:56,310 --> 02:01:53,840
you know it's it's clearly alarming but

3428
02:01:58,310 --> 02:01:56,320
i think they're also curious like huh

3429
02:02:00,390 --> 02:01:58,320
why isn't it shooting at me why is it

3430
02:02:01,030 --> 02:02:00,400
like if it's a real threat why aren't we

3431
02:02:03,430 --> 02:02:01,040
having

3432
02:02:04,709 --> 02:02:03,440
you know uh uh why aren't we in combat

3433
02:02:06,070 --> 02:02:04,719
right now with these things so

3434
02:02:08,950 --> 02:02:06,080
you do have to wonder especially with

3435
02:02:11,510 --> 02:02:08,960
all these drone swarms that have been

3436
02:02:12,310 --> 02:02:11,520
reported um what about that iranian

3437
02:02:15,109 --> 02:02:12,320
pilot right

3438
02:02:16,709 --> 02:02:15,119

who locked on to the sh to the object

3439

02:02:18,149 --> 02:02:16,719

and then as soon as he hit fire

3440

02:02:20,550 --> 02:02:18,159

everything shut down

3441

02:02:22,070 --> 02:02:20,560

and then once he lost all control

3442

02:02:23,510 --> 02:02:22,080

everything came back on

3443

02:02:25,430 --> 02:02:23,520

you know and then he was able to fly

3444

02:02:27,189 --> 02:02:25,440

away um you know

3445

02:02:29,430 --> 02:02:27,199

do you know what his biggest regret was

3446

02:02:31,990 --> 02:02:29,440

too man that he could not

3447

02:02:33,030 --> 02:02:32,000

was well that and not being able to

3448

02:02:35,270 --> 02:02:33,040

communicate with it

3449

02:02:36,790 --> 02:02:35,280

right like well i think it was like he

3450

02:02:37,750 --> 02:02:36,800

fired first instead of trying to

3451

02:02:40,149 --> 02:02:37,760

communicate first

3452

02:02:41,990 --> 02:02:40,159

exactly which is the problem her

3453

02:02:44,950 --> 02:02:42,000

reaction to these things

3454

02:02:45,270 --> 02:02:44,960

could be the actual threat um i think it

3455

02:02:46,870 --> 02:02:45,280

was

3456

02:02:48,870 --> 02:02:46,880

you know yeah he tried to fight shoot

3457

02:02:51,189 --> 02:02:48,880

first ask questions later when now

3458

02:02:52,629 --> 02:02:51,199

his biggest regret was um i wish i had

3459

02:02:55,189 --> 02:02:52,639

tried to communicate first

3460

02:02:56,149 --> 02:02:55,199

um oh that's let me let me actually

3461

02:02:58,629 --> 02:02:56,159

bring it back

3462

02:02:59,430 --> 02:02:58,639

that radio frequency thing we talked

3463

02:03:01,669 --> 02:02:59,440

about

3464

02:03:02,950 --> 02:03:01,679
earlier that was interesting in the

3465

02:03:05,189 --> 02:03:02,960
report did you

3466

02:03:06,070 --> 02:03:05,199
catch that we did we talked about that

3467

02:03:07,910 --> 02:03:06,080
aspect of it

3468

02:03:09,589 --> 02:03:07,920
and what do you think about that well if

3469

02:03:12,709 --> 02:03:09,599
my first

3470

02:03:15,750 --> 02:03:12,719
gut feeling was oh that just sounds like

3471

02:03:17,750 --> 02:03:15,760
an rf signal that either is helping

3472

02:03:18,790 --> 02:03:17,760
control the object you know like a radio

3473

02:03:22,229 --> 02:03:18,800
controlled object

3474

02:03:24,070 --> 02:03:22,239
like a drone or b that's

3475

02:03:26,709 --> 02:03:24,080
the type of signal that whatever that

3476

02:03:28,790 --> 02:03:26,719

object is sending data back

3477

02:03:31,430 --> 02:03:28,800

to wherever its original starting point

3478

02:03:32,310 --> 02:03:31,440

was so i think it's either data coming

3479

02:03:35,350 --> 02:03:32,320

in and out or

3480

02:03:40,470 --> 02:03:38,390

being collected

3481

02:03:42,310 --> 02:03:40,480

that's kind of how i took it as the rf

3482

02:03:44,390 --> 02:03:42,320

signal um but i think

3483

02:03:46,149 --> 02:03:44,400

uh i think i can't remember what rather

3484

02:03:47,669 --> 02:03:46,159

said maybe he's in the chat he said

3485

02:03:50,629 --> 02:03:47,679

something along the lines of

3486

02:03:51,589 --> 02:03:50,639

you know that could also show that these

3487

02:03:54,629 --> 02:03:51,599

objects

3488

02:03:55,350 --> 02:03:54,639

um uh i can't remember what he said but

3489

02:03:57,430 --> 02:03:55,360

something along

3490

02:03:59,350 --> 02:03:57,440

like their field like their magnetic

3491

02:04:00,390 --> 02:03:59,360

fields could be producing these rf

3492

02:04:03,750 --> 02:04:00,400

signals

3493

02:04:05,750 --> 02:04:03,760

could be produced by

3494

02:04:07,910 --> 02:04:05,760

a lot of things so i found it

3495

02:04:11,669 --> 02:04:07,920

interesting but at the end of it i

3496

02:04:13,189 --> 02:04:11,679

i didn't it didn't sway me one way and

3497

02:04:16,629 --> 02:04:13,199

the other too much i just

3498

02:04:16,950 --> 02:04:16,639

i was like ah that's interesting um but

3499

02:04:21,189 --> 02:04:16,960

that

3500

02:04:22,470 --> 02:04:21,199

different ways it was very ambiguous the

3501

02:04:25,750 --> 02:04:22,480

way it was written

3502

02:04:27,270 --> 02:04:25,760

um but as was everything else yeah

3503

02:04:29,430 --> 02:04:27,280

but but i mean here's the thing right

3504

02:04:32,470 --> 02:04:29,440

like it's um

3505

02:04:33,189 --> 02:04:32,480

you know well i can't remember i was

3506

02:04:36,310 --> 02:04:33,199

gonna say something

3507

02:04:39,350 --> 02:04:36,320

in regards to the iranian pilot but but

3508

02:04:42,470 --> 02:04:39,360

here it is here it is if

3509

02:04:43,270 --> 02:04:42,480

let's say the navy knows about these

3510

02:04:45,030 --> 02:04:43,280

things right

3511

02:04:46,470 --> 02:04:45,040

i feel like it would be pretty common

3512

02:04:49,990 --> 02:04:46,480

knowledge

3513

02:04:50,550 --> 02:04:50,000

yeah don't chase them don't fire at them

3514

02:04:52,149 --> 02:04:50,560

it's

3515

02:04:53,910 --> 02:04:52,159

you're not going to catch them and

3516

02:04:57,109 --> 02:04:53,920

you're not going to lock onto them

3517

02:04:58,790 --> 02:04:57,119

just if you see them just play cool

3518

02:05:00,550 --> 02:04:58,800

i have a fee it's like an unwritten role

3519

02:05:02,870 --> 02:05:00,560

in baseball um

3520

02:05:04,629 --> 02:05:02,880

you know i think it's like ufos are sort

3521

02:05:06,229 --> 02:05:04,639

of that thing when it comes to f-16

3522

02:05:07,510 --> 02:05:06,239

fighter pilots i think they've heard the

3523

02:05:10,470 --> 02:05:07,520

stories i think

3524

02:05:11,750 --> 02:05:10,480

they may be even briefed on them at on

3525

02:05:13,990 --> 02:05:11,760

some level

3526

02:05:15,990 --> 02:05:14,000

um you know kind of like if you see one

3527

02:05:19,430 --> 02:05:16,000

of these things

3528

02:05:21,270 --> 02:05:19,440

it's gonna happen from time to time

3529

02:05:22,709 --> 02:05:21,280

don't bother reporting it don't bother

3530

02:05:25,270 --> 02:05:22,719

chasing it don't bother

3531

02:05:27,109 --> 02:05:25,280

shooting at it i think that that has

3532

02:05:29,109 --> 02:05:27,119

probably changed too you're gonna see

3533

02:05:31,669 --> 02:05:29,119

these things from time to time

3534

02:05:33,109 --> 02:05:31,679

make sure you report it make sure you uh

3535

02:05:35,830 --> 02:05:33,119

talk about it make sure you

3536

02:05:37,189 --> 02:05:35,840

document it um but don't try to chase it

3537

02:05:38,229 --> 02:05:37,199

and don't try to shoot it because you're

3538

02:05:39,589 --> 02:05:38,239

not you

3539

02:05:41,430 --> 02:05:39,599

we just can't we don't have the

3540

02:05:44,870 --> 02:05:41,440

capability um

3541

02:05:48,149 --> 02:05:44,880

you know so i that could be a cool

3542

02:05:51,350 --> 02:05:48,159

shift in how you know pilots and

3543

02:05:52,629 --> 02:05:51,360

and um and security apparatuses deal

3544

02:05:54,390 --> 02:05:52,639

with this you know

3545

02:05:55,669 --> 02:05:54,400

yep absolutely everyone's bringing up

3546

02:05:57,589 --> 02:05:55,679

the signature

3547

02:05:58,870 --> 02:05:57,599

management too which i thought was

3548

02:06:02,229 --> 02:05:58,880

pretty interesting too

3549

02:06:04,390 --> 02:06:02,239

i can't even imagine like the sensor

3550

02:06:07,350 --> 02:06:04,400

data that the classified report had

3551

02:06:08,550 --> 02:06:07,360

also from like satellites and and

3552

02:06:10,149 --> 02:06:08,560

everything in between but what do you

3553

02:06:13,270 --> 02:06:10,159

make of the whole signature

3554

02:06:15,350 --> 02:06:13,280

management thing that it's um defying

3555

02:06:17,830 --> 02:06:15,360

a lot of the uh what we have now been

3556

02:06:20,229 --> 02:06:17,840

told are the not defying but

3557

02:06:21,910 --> 02:06:20,239

doing the five observables as tim points

3558

02:06:23,669 --> 02:06:21,920

i just i want to see it

3559

02:06:25,350 --> 02:06:23,679

you want to see it i want to see what's

3560

02:06:27,350 --> 02:06:25,360

fine observables i want to see them

3561

02:06:29,510 --> 02:06:27,360

displayed we just haven't seen it

3562

02:06:31,750 --> 02:06:29,520

like i haven't seen official video come

3563

02:06:33,109 --> 02:06:31,760

out and we've seen them online of course

3564

02:06:33,750 --> 02:06:33,119

we don't know if some of these videos

3565

02:06:36,470 --> 02:06:33,760

are real

3566

02:06:37,350 --> 02:06:36,480

i do i want to see an official dod maybe

3567

02:06:39,750 --> 02:06:37,360

video of an

3568

02:06:40,550 --> 02:06:39,760

object filmed with multiple instruments

3569

02:06:43,030 --> 02:06:40,560

turning

3570

02:06:43,750 --> 02:06:43,040

in a very high rate of speed to a point

3571

02:06:46,310 --> 02:06:43,760

was like

3572

02:06:47,109 --> 02:06:46,320

okay whoever's in that vehicle should be

3573

02:06:48,790 --> 02:06:47,119

crushed

3574

02:06:51,750 --> 02:06:48,800

you know we hear about the right angle

3575

02:06:55,109 --> 02:06:51,760

turns we hear about the low of uh

3576

02:06:57,189 --> 02:06:55,119

observability we hear about the um

3577

02:06:58,950 --> 02:06:57,199

the trans-medium aspect of these things

3578

02:07:02,229 --> 02:06:58,960

like i want to see

3579

02:07:03,030 --> 02:07:02,239

an object go from i do exactly what

3580

02:07:05,750 --> 02:07:03,040

fravor said

3581

02:07:07,350 --> 02:07:05,760

go from the ocean to 80 000 feet in the

3582

02:07:09,350 --> 02:07:07,360

sky maybe even farther

3583

02:07:11,109 --> 02:07:09,360

and then right back down into the ocean

3584

02:07:13,510 --> 02:07:11,119

or just above it like

3585

02:07:14,870 --> 02:07:13,520

we have trans medium vehicles but

3586

02:07:17,270 --> 02:07:14,880

they're missiles they're not

3587

02:07:18,950 --> 02:07:17,280

things people sit in you know they're

3588

02:07:20,870 --> 02:07:18,960

not vehicles that people are

3589

02:07:22,310 --> 02:07:20,880

you know taking for a ride they're

3590

02:07:24,870 --> 02:07:22,320

they're unmanned

3591

02:07:26,470 --> 02:07:24,880

uh drones in some cases that can be

3592

02:07:28,470 --> 02:07:26,480

launched from submarines and then

3593

02:07:29,910 --> 02:07:28,480

fly in the sky and then come back down

3594

02:07:31,589 --> 02:07:29,920

to the water and be collected by the

3595

02:07:33,189 --> 02:07:31,599

submarine those things exist

3596

02:07:35,430 --> 02:07:33,199

those are those are real plans for

3597

02:07:37,589 --> 02:07:35,440

things like that but

3598

02:07:39,030 --> 02:07:37,599

not moving at the angles and at the

3599

02:07:42,310 --> 02:07:39,040

speeds that these pilots are

3600

02:07:44,470 --> 02:07:42,320

saying and and uh and if it was top

3601
02:07:47,350 --> 02:07:44,480
secret craft like that that was

3602
02:07:49,109 --> 02:07:47,360
you know uh from our military pilots

3603
02:07:50,950 --> 02:07:49,119
wouldn't be talking about it

3604
02:07:52,709 --> 02:07:50,960
they just wouldn't they would know okay

3605
02:07:53,669 --> 02:07:52,719
that's a top secret thing and no need to

3606
02:07:56,950 --> 02:07:53,679
say anything

3607
02:08:00,390 --> 02:07:56,960
there's just no there's no purpose um uh

3608
02:08:02,229 --> 02:08:00,400
but it was it was um

3609
02:08:03,430 --> 02:08:02,239
rather had said here in in regards to

3610
02:08:04,870 --> 02:08:03,440
the rf he said

3611
02:08:07,510 --> 02:08:04,880
i was trying to draw a connection

3612
02:08:09,990 --> 02:08:07,520
between the pileup or manipulation of

3613
02:08:10,709 --> 02:08:10,000

electromagnetic magnetic waves that are

3614

02:08:13,830 --> 02:08:10,719

on

3615

02:08:15,910 --> 02:08:13,840

an alcubierre drive um so

3616

02:08:16,870 --> 02:08:15,920

you know this idea of an alcubierre

3617

02:08:19,270 --> 02:08:16,880

drive uh

3618

02:08:20,229 --> 02:08:19,280

a warp drive essentially and and what

3619

02:08:22,069 --> 02:08:20,239

sort of

3620

02:08:23,589 --> 02:08:22,079

rf signals might come off of that but he

3621

02:08:24,390 --> 02:08:23,599

also says i may have been grasping at

3622

02:08:25,830 --> 02:08:24,400

straws

3623

02:08:27,990 --> 02:08:25,840

we'd love to know more about the r

3624

02:08:29,189 --> 02:08:28,000

signals and that's exactly what he said

3625

02:08:30,790 --> 02:08:29,199

we just need more data

3626

02:08:32,709 --> 02:08:30,800

we need more data and rather that's a

3627

02:08:35,669 --> 02:08:32,719

good point like we know that the navy

3628

02:08:39,990 --> 02:08:35,679

was looking into patents on warp drive

3629

02:08:43,270 --> 02:08:40,000

on uh anti-gravity uh vehicles so i mean

3630

02:08:44,550 --> 02:08:43,280

again anything is possible um the whole

3631

02:08:47,750 --> 02:08:44,560

idea that a lot of this

3632

02:08:49,910 --> 02:08:47,760

isn't us technology i don't buy that for

3633

02:08:51,270 --> 02:08:49,920

a second i think some of it probably is

3634

02:08:52,790 --> 02:08:51,280

but they're not they're obviously not

3635

02:08:55,189 --> 02:08:52,800

going to come out and say that

3636

02:08:56,629 --> 02:08:55,199

to the public um because that's why it

3637

02:08:58,229 --> 02:08:56,639

remains in a black budget

3638

02:09:02,149 --> 02:08:58,239

or might be coming from the department

3639

02:09:04,310 --> 02:09:02,159

of energy or something like that but um

3640

02:09:05,990 --> 02:09:04,320

people are getting really hung up on oh

3641

02:09:08,550 --> 02:09:06,000

it's this oh it's that

3642

02:09:09,830 --> 02:09:08,560

it's it's russian it's chinese it's

3643

02:09:13,270 --> 02:09:09,840

unexplainable

3644

02:09:13,830 --> 02:09:13,280

it why can't it be all three why can't

3645

02:09:15,990 --> 02:09:13,840

it be

3646

02:09:17,270 --> 02:09:16,000

all three like it doesn't have to be one

3647

02:09:20,870 --> 02:09:17,280

or the other it can be

3648

02:09:23,030 --> 02:09:20,880

all of those things that's okay that's

3649

02:09:24,229 --> 02:09:23,040

such a good point man well all right i'm

3650

02:09:27,189 --> 02:09:24,239

going over a little

3651

02:09:28,470 --> 02:09:27,199

two hours here so luis it's up to you

3652

02:09:29,669 --> 02:09:28,480

buddy if you want to stick around i

3653

02:09:31,910 --> 02:09:29,679

think what i'm gonna do

3654

02:09:33,030 --> 02:09:31,920

and you tell me um if this is playing

3655

02:09:34,790 --> 02:09:33,040

russian roulette

3656

02:09:36,229 --> 02:09:34,800

i might put the screen yard link in the

3657

02:09:38,550 --> 02:09:36,239

chat do it do

3658

02:09:39,910 --> 02:09:38,560

we have people if anyone wants to hop in

3659

02:09:41,189 --> 02:09:39,920

and give your two cents we probably

3660

02:09:43,510 --> 02:09:41,199

won't go too long

3661

02:09:45,430 --> 02:09:43,520

um if you guys do come in to talk with

3662

02:09:45,990 --> 02:09:45,440

us you're gonna be on camera just so you

3663

02:09:47,669 --> 02:09:46,000

know

3664

02:09:50,149 --> 02:09:47,679

um i would love to hear from you guys

3665

02:09:51,750 --> 02:09:50,159

well you don't have to be on camera you

3666

02:09:52,229 --> 02:09:51,760

could just be audio if you're just your

3667

02:09:53,589 --> 02:09:52,239

voice

3668

02:09:55,510 --> 02:09:53,599

you can you could you could shut the

3669

02:09:57,669 --> 02:09:55,520

camera disable camera but what i always

3670

02:10:00,149 --> 02:09:57,679

tell people don't be naked

3671

02:10:02,069 --> 02:10:00,159

um and make sure you're on a wi-fi

3672

02:10:03,510 --> 02:10:02,079

signal you have to be on a wi-fi signal

3673

02:10:05,350 --> 02:10:03,520

to join this if you're not on a wi-fi

3674

02:10:06,950 --> 02:10:05,360

signal we'll probably lose you

3675

02:10:08,870 --> 02:10:06,960

this is why i have you here man i didn't

3676

02:10:10,149 --> 02:10:08,880

even know that yeah there you go those

3677

02:10:11,669 --> 02:10:10,159

are really the only things you need to

3678

02:10:12,149 --> 02:10:11,679

know i say throw it in there dude there

3679

02:10:15,350 --> 02:10:12,159

it is

3680

02:10:15,669 --> 02:10:15,360

know there's some friends yeah come on

3681

02:10:17,350 --> 02:10:15,679

in

3682

02:10:18,790 --> 02:10:17,360

if anyone would love that rather to see

3683

02:10:23,030 --> 02:10:18,800

rather oh man rather

3684

02:10:25,910 --> 02:10:23,040

uap uk is here yeah

3685

02:10:28,629 --> 02:10:25,920

and also uh if you guys want the super

3686

02:10:30,470 --> 02:10:28,639

chat is open you can also ask questions

3687

02:10:32,149 --> 02:10:30,480

that we will answer for you

3688

02:10:33,910 --> 02:10:32,159

um and highlight your comments if you

3689

02:10:36,709 --> 02:10:33,920

want to help the show out we're there

3690

02:10:38,149 --> 02:10:36,719

also please go over to uh unidentified

3691

02:10:41,189 --> 02:10:38,159

celebrity review

3692

02:10:42,709 --> 02:10:41,199

subscribe like help them out too

3693

02:10:44,310 --> 02:10:42,719

i can't believe you guys do this five

3694

02:10:46,550 --> 02:10:44,320

days a week it's insane

3695

02:10:47,589 --> 02:10:46,560

i don't know how you do it you you guys

3696

02:10:49,350 --> 02:10:47,599

are just the most

3697

02:10:50,709 --> 02:10:49,360

hard-working people out there right now

3698

02:10:52,390 --> 02:10:50,719

on this stuff oh we should we share the

3699

02:10:54,149 --> 02:10:52,400

load dude we share the load you know i

3700

02:10:56,069 --> 02:10:54,159

do my show monday wednesday friday mike

3701

02:10:58,550 --> 02:10:56,079

does his tuesdays and thursdays

3702

02:10:59,109 --> 02:10:58,560

so it's a great way to sort of like you

3703

02:11:01,109 --> 02:10:59,119

know

3704

02:11:02,629 --> 02:11:01,119

mondays i'm prepping the show and then i

3705

02:11:04,229 --> 02:11:02,639

kind of get to take a break and mike's

3706

02:11:05,830 --> 02:11:04,239

prepping the show for tuesdays

3707

02:11:07,270 --> 02:11:05,840

and so on wednesday he gets to take a

3708

02:11:09,189 --> 02:11:07,280

break a little bit you know so it's a

3709

02:11:12,149 --> 02:11:09,199

good flow we got a good thing

3710

02:11:12,790 --> 02:11:12,159

um it's going to be it's just going to

3711

02:11:14,470 --> 02:11:12,800

yeah

3712

02:11:15,990 --> 02:11:14,480

it's going to get bigger and better the

3713

02:11:19,990 --> 02:11:16,000

more we do it

3714

02:11:22,629 --> 02:11:20,000

because who do you got coming up

3715

02:11:23,270 --> 02:11:22,639

oh that's a good question because well i

3716

02:11:25,830 --> 02:11:23,280

got dan

3717

02:11:27,350 --> 02:11:25,840

warren coming up uh and if you guys

3718

02:11:31,270 --> 02:11:27,360

don't know dan warren he does an

3719

02:11:35,189 --> 02:11:31,280

awesome um uh

3720

02:11:38,870 --> 02:11:35,199

not snapchat what is it the uh

3721

02:11:40,709 --> 02:11:38,880

what's that other app that uh tick tock

3722

02:11:42,310 --> 02:11:40,719

tick tock yeah he's got i think the

3723

02:11:45,030 --> 02:11:42,320

biggest uap tick tock

3724

02:11:46,709 --> 02:11:45,040

account out there um he was on the ufo

3725

02:11:48,790 --> 02:11:46,719

garage podcast when they had louis

3726

02:11:50,310 --> 02:11:48,800

lozando on he's just a cool dude

3727

02:11:51,910 --> 02:11:50,320

um someone i've been wanting to talk to

3728

02:11:53,189 --> 02:11:51,920

i think what he's doing on tick tock is

3729

02:11:54,390 --> 02:11:53,199

amazing i also want to get some tick

3730

02:11:56,790 --> 02:11:54,400

tock advice from him

3731

02:11:58,310 --> 02:11:56,800

um on wednesday we're doing our

3732

02:11:59,990 --> 02:11:58,320

skinwalker ranch review

3733

02:12:02,229 --> 02:12:00,000

we had mcclellan you were in there as

3734

02:12:03,510 --> 02:12:02,239

well which was cool

3735

02:12:05,109 --> 02:12:03,520

that was fun so we'll be doing that

3736

02:12:06,950 --> 02:12:05,119

again on wednesday and then friday i'm

3737

02:12:10,310 --> 02:12:06,960

not sure who we have yet i

3738

02:12:12,149 --> 02:12:10,320

think we might have

3739

02:12:13,750 --> 02:12:12,159

kent bai who was on our show yesterday

3740

02:12:15,430 --> 02:12:13,760

philosopher and journalist

3741

02:12:17,109 --> 02:12:15,440

and we're gonna have him have a little

3742

02:12:21,030 --> 02:12:17,119

debate with mick west

3743

02:12:23,510 --> 02:12:21,040

um two really smart guys coming to the

3744

02:12:25,830 --> 02:12:23,520

table and having a discussion on this

3745

02:12:27,189 --> 02:12:25,840

you know could be fun um i also been

3746

02:12:28,390 --> 02:12:27,199

talking to sean cahill trying to get

3747

02:12:31,510 --> 02:12:28,400

sean on the show

3748

02:12:35,030 --> 02:12:31,520

um and then next month let's see i know

3749

02:12:38,390 --> 02:12:35,040

uh oh yeah we got

3750

02:12:39,830 --> 02:12:38,400

creepy pete from uh from i don't know if

3751
02:12:41,270 --> 02:12:39,840
you've seen this show called the creepy

3752
02:12:45,109 --> 02:12:41,280
little book

3753
02:12:46,470 --> 02:12:45,119
oh okay this guy has been doing shows

3754
02:12:49,510 --> 02:12:46,480
forever

3755
02:12:51,109 --> 02:12:49,520
but he does shows on the uh the esoteric

3756
02:12:54,229 --> 02:12:51,119
he's so he'll talk he'll do show

3757
02:12:56,870 --> 02:12:54,239
it's my guiltiest pleasure ryan

3758
02:12:57,510 --> 02:12:56,880
like he'll do shows on vampires he'll do

3759
02:13:08,229 --> 02:12:57,520
shows

3760
02:13:11,109 --> 02:13:08,239
anything esoteric anything mythological

3761
02:13:12,310 --> 02:13:11,119
this guy is all over and so yeah he's

3762
02:13:13,350 --> 02:13:12,320
going to come on the show he's going to

3763
02:13:16,069 --> 02:13:13,360

talk about his showing

3764

02:13:16,870 --> 02:13:16,079

and and and his views i just dude the

3765

02:13:20,229 --> 02:13:16,880

dude is so

3766

02:13:20,790 --> 02:13:20,239

cool um so so yeah so we got creepy pete

3767

02:13:23,030 --> 02:13:20,800

coming

3768

02:13:23,990 --> 02:13:23,040

pretty soon uh and then we'll see man i

3769

02:13:27,750 --> 02:13:24,000

mean my i

3770

02:13:28,470 --> 02:13:27,760

i don't i'm not at a point yet where i

3771

02:13:30,629 --> 02:13:28,480

can

3772

02:13:32,790 --> 02:13:30,639

plan months in advance who's coming on

3773

02:13:36,709 --> 02:13:32,800

the show it's just so busy

3774

02:13:39,109 --> 02:13:36,719

i'm literally finding guests the week

3775

02:13:40,470 --> 02:13:39,119

ju the week either before or the week of

3776

02:13:43,510 --> 02:13:40,480

the show

3777

02:13:45,910 --> 02:13:43,520

i get it man well hey hey we've got

3778

02:13:48,470 --> 02:13:45,920

three guests that can potentially come

3779

02:13:50,950 --> 02:13:48,480

on unidentified celebrity reviews so

3780

02:13:53,030 --> 02:13:50,960

i'm gonna bring you guys in right now

3781

02:13:56,149 --> 02:13:53,040

let's welcome

3782

02:13:58,629 --> 02:13:56,159

invisible night school tim what's up

3783

02:14:00,229 --> 02:13:58,639

and alan what's going on guys hey hey hi

3784

02:14:02,229 --> 02:14:00,239

nice how's it going everybody

3785

02:14:03,669 --> 02:14:02,239

cheers everyone good thank you for

3786

02:14:06,310 --> 02:14:03,679

watching and hopping in here

3787

02:14:06,790 --> 02:14:06,320

guys um also thank you to elias for the

3788

02:14:08,709 --> 02:14:06,800

uh

3789

02:14:10,310 --> 02:14:08,719

the super chat there i'm gonna ask all

3790

02:14:12,310 --> 02:14:10,320

you guys this if you don't mind

3791

02:14:13,350 --> 02:14:12,320

uh before i get your thoughts on the the

3792

02:14:15,350 --> 02:14:13,360

uap report

3793

02:14:17,350 --> 02:14:15,360

um elias wants to know since the

3794

02:14:18,709 --> 02:14:17,360

acknowledgement of ufos uap could this

3795

02:14:21,669 --> 02:14:18,719

also give some credence

3796

02:14:23,430 --> 02:14:21,679

to other unexplained paranormal events

3797

02:14:24,470 --> 02:14:23,440

ellen let's go with you first since you

3798

02:14:26,310 --> 02:14:24,480

literally host

3799

02:14:27,910 --> 02:14:26,320

the paranormal now podcast would you

3800

02:14:29,109 --> 02:14:27,920

mind uh telling us a little of your

3801

02:14:31,270 --> 02:14:29,119

thoughts on that

3802

02:14:32,470 --> 02:14:31,280

um i think there's two parts to that i

3803

02:14:34,550 --> 02:14:32,480

think that there are people out there

3804

02:14:37,109 --> 02:14:34,560

who are on the fence

3805

02:14:38,390 --> 02:14:37,119

when they see this report or as cheryl

3806

02:14:39,350 --> 02:14:38,400

costa says it's really more of an

3807

02:14:42,310 --> 02:14:39,360

assessment

3808

02:14:43,990 --> 02:14:42,320

um that i think it does give some

3809

02:14:45,030 --> 02:14:44,000

credence i think it'll take those people

3810

02:14:46,310 --> 02:14:45,040

who are kind of

3811

02:14:48,709 --> 02:14:46,320

flirting with the idea that

3812

02:14:49,669 --> 02:14:48,719

extraterrestrials exist for those people

3813

02:14:51,510 --> 02:14:49,679

i think it

3814

02:14:53,350 --> 02:14:51,520

will be a yes maybe there's even more

3815

02:14:54,470 --> 02:14:53,360

than that maybe there are actually alien

3816

02:14:57,030 --> 02:14:54,480

abductions

3817

02:14:58,629 --> 02:14:57,040

you know maybe these reports about you

3818

02:15:00,310 --> 02:14:58,639

know strange metaphysical

3819

02:15:02,149 --> 02:15:00,320

encounters while on psychedelics are

3820

02:15:03,990 --> 02:15:02,159

more than just you know

3821

02:15:06,709 --> 02:15:04,000

imaginings but visitations of

3822

02:15:09,990 --> 02:15:06,719

something so i think that'll happen

3823

02:15:10,870 --> 02:15:10,000

but um i think most people what the

3824

02:15:14,470 --> 02:15:10,880

report does

3825

02:15:18,390 --> 02:15:14,480

very well in my opinion is that it

3826

02:15:20,709 --> 02:15:18,400

it does legitimize the study

3827

02:15:22,310 --> 02:15:20,719

and so i think that's far more important

3828

02:15:23,030 --> 02:15:22,320

than cracking open the door to the

3829

02:15:26,069 --> 02:15:23,040

paranormal

3830

02:15:27,669 --> 02:15:26,079

at large um but that's that's a step in

3831

02:15:29,910 --> 02:15:27,679

the right direction because

3832

02:15:30,790 --> 02:15:29,920

once you fully legitimize the

3833

02:15:34,470 --> 02:15:30,800

entertainment

3834

02:15:36,790 --> 02:15:34,480

of the exotic um you're one step closer

3835

02:15:38,390 --> 02:15:36,800

to to having that next conversation i

3836

02:15:39,189 --> 02:15:38,400

think we're still a few years away from

3837

02:15:41,750 --> 02:15:39,199

that

3838

02:15:43,510 --> 02:15:41,760

um but yeah i mean you know the guests

3839

02:15:44,790 --> 02:15:43,520

that i have on paranormal now

3840

02:15:46,390 --> 02:15:44,800

you know i speak to a lot of

3841

02:15:47,990 --> 02:15:46,400

experiencers and abductees and

3842

02:15:50,550 --> 02:15:48,000

contactees um

3843

02:15:51,750 --> 02:15:50,560

and i i do want their story to be taken

3844

02:15:54,390 --> 02:15:51,760

more seriously

3845

02:15:55,750 --> 02:15:54,400

um so for that group i think this is a

3846

02:15:58,709 --> 02:15:55,760

little helpful

3847

02:16:00,390 --> 02:15:58,719

um but otherwise it's it's just

3848

02:16:04,310 --> 02:16:00,400

conservative

3849

02:16:07,109 --> 02:16:04,320

enough right to not to not go that far

3850

02:16:08,310 --> 02:16:07,119

you know exactly yeah baby steps again

3851

02:16:10,550 --> 02:16:08,320

like we're in

3852

02:16:12,310 --> 02:16:10,560

a paradigm right now where the us

3853

02:16:12,709 --> 02:16:12,320

government is acknowledging ufos are

3854

02:16:13,910 --> 02:16:12,719

real

3855

02:16:15,910 --> 02:16:13,920

and that we have to continue looking

3856

02:16:17,270 --> 02:16:15,920

into it i know similar things have been

3857

02:16:19,750 --> 02:16:17,280

said in the past but

3858

02:16:20,550 --> 02:16:19,760

um we're we're at a point we're at a

3859

02:16:22,390 --> 02:16:20,560

point right now

3860

02:16:24,709 --> 02:16:22,400

where we need to move forward with this

3861

02:16:27,270 --> 02:16:24,719

topic both from a government standpoint

3862

02:16:28,950 --> 02:16:27,280

and as the public um so yeah let's get

3863

02:16:30,310 --> 02:16:28,960

uh invisible night school thanks for

3864

02:16:32,230 --> 02:16:30,320

joining us my man what uh

3865

02:16:33,589 --> 02:16:32,240

what do you think about the idea of um

3866

02:16:36,070 --> 02:16:33,599

the paranormal

3867

02:16:37,750 --> 02:16:36,080

getting involved with all of this well

3868

02:16:40,790 --> 02:16:37,760

uh can you hear me

3869

02:16:42,309 --> 02:16:40,800

yes okay cool it's it's hard uh i

3870

02:16:43,589 --> 02:16:42,319

mentioned in the chat earlier that i'm

3871

02:16:45,589 --> 02:16:43,599

coming from

3872

02:16:47,270 --> 02:16:45,599

being a debunker for a really long time

3873

02:16:49,509 --> 02:16:47,280

um like actively

3874

02:16:50,709 --> 02:16:49,519

i collaborated with like ben radford and

3875

02:16:53,509 --> 02:16:50,719

uh

3876
02:16:54,230 --> 02:16:53,519
yeah whatever doesn't matter i've moved

3877
02:17:00,950 --> 02:16:54,240
on

3878
02:17:02,389 --> 02:17:00,960
kind of say that like you know yeah this

3879
02:17:04,230 --> 02:17:02,399
could be real and then

3880
02:17:06,870 --> 02:17:04,240
that gives the impression that we don't

3881
02:17:08,629 --> 02:17:06,880
maybe have the firmest grasp on reality

3882
02:17:11,750 --> 02:17:08,639
that we thought we did right

3883
02:17:12,629 --> 02:17:11,760
so who's to say we're not in the like

3884
02:17:15,669 --> 02:17:12,639
tyconian

3885
02:17:17,589 --> 02:17:15,679
solar system model of reality acceptance

3886
02:17:19,110 --> 02:17:17,599
so sure yeah that opens up the door for

3887
02:17:20,230 --> 02:17:19,120
other things and

3888
02:17:21,910 --> 02:17:20,240

you know maybe that's under that

3889

02:17:23,990 --> 02:17:21,920

category of high strangeness that we've

3890

02:17:25,349 --> 02:17:24,000

heard about before alien abductions i

3891

02:17:26,389 --> 02:17:25,359

know people have linked bigfoot with

3892

02:17:30,230 --> 02:17:26,399

ufos

3893

02:17:31,429 --> 02:17:30,240

i'm not there but just the implications

3894

02:17:33,750 --> 02:17:31,439

that like yes there are

3895

02:17:35,589 --> 02:17:33,760

objects there's nothing explicitly

3896

02:17:37,110 --> 02:17:35,599

extraterrestrial about them but

3897

02:17:39,110 --> 02:17:37,120

it's a strange occurrence happening

3898

02:17:40,950 --> 02:17:39,120

right so

3899

02:17:43,030 --> 02:17:40,960

i mean yeah that'll that does open up a

3900

02:17:44,549 --> 02:17:43,040

doorway i'm not i'm not ready to say

3901

02:17:47,990 --> 02:17:44,559

that like oh yeah i believe in ghosts

3902

02:17:51,830 --> 02:17:50,950

it tracks right it tracks a little bit

3903

02:17:53,830 --> 02:17:51,840

absolutely

3904

02:17:54,950 --> 02:17:53,840

i don't know it's it's paradigm changing

3905

02:17:55,589 --> 02:17:54,960

just the release of that report

3906

02:17:58,070 --> 02:17:55,599

yesterday

3907

02:17:58,870 --> 02:17:58,080

i was expecting condom 2.0 you know what

3908

02:18:01,589 --> 02:17:58,880

i mean

3909

02:18:03,509 --> 02:18:01,599

and i was i was you know refreshing on

3910

02:18:05,349 --> 02:18:03,519

twitter the entire time and that was the

3911

02:18:05,830 --> 02:18:05,359

reaction of like half the people on

3912

02:18:07,429 --> 02:18:05,840

there

3913

02:18:09,270 --> 02:18:07,439

like oh this was [h__h] this was

3914

02:18:11,110 --> 02:18:09,280

nothing and

3915

02:18:12,629 --> 02:18:11,120

maybe that comes from at people's

3916

02:18:15,669 --> 02:18:12,639

expectations of the report but

3917

02:18:16,950 --> 02:18:15,679

yeah i was i was shocked by it i yeah my

3918

02:18:17,750 --> 02:18:16,960

wife was sitting across from me i was

3919

02:18:26,309 --> 02:18:17,760

like

3920

02:18:28,469 --> 02:18:26,319

this is huge

3921

02:18:29,589 --> 02:18:28,479

i think we all had that moment yeah it's

3922

02:18:30,629 --> 02:18:29,599

not a question anymore

3923

02:18:32,790 --> 02:18:30,639

it's like it's like when you're

3924

02:18:34,070 --> 02:18:32,800

constantly denied something

3925

02:18:35,830 --> 02:18:34,080

when you finally get a little bit of

3926

02:18:37,270 --> 02:18:35,840

something you're excited but the person

3927

02:18:39,669 --> 02:18:37,280

who never cared in the first place

3928

02:18:40,870 --> 02:18:39,679

right like oh yeah yeah i've tried to

3929

02:18:43,270 --> 02:18:40,880

get her to care but

3930

02:18:44,950 --> 02:18:43,280

well he was he was something funny and

3931

02:18:46,549 --> 02:18:44,960

and ryan maybe we'll talk off air about

3932

02:18:47,110 --> 02:18:46,559

this but i think a mutual friend of ours

3933

02:18:50,629 --> 02:18:47,120

had

3934

02:18:54,070 --> 02:18:50,639

with him the other day and it was

3935

02:18:55,990 --> 02:18:54,080

um the other day he'd gone to a barbecue

3936

02:18:57,509 --> 02:18:56,000

and everybody at the barbecue is a

3937

02:19:00,070 --> 02:18:57,519

family barbecue everybody's like

3938

02:19:02,230 --> 02:19:00,080

what's the scoop you know tell us what's

3939

02:19:03,509 --> 02:19:02,240

going on with these ufos and he's like

3940

02:19:05,110 --> 02:19:03,519

you know what this is actually a pretty

3941

02:19:06,389 --> 02:19:05,120

good time for an experiment let me try

3942

02:19:08,230 --> 02:19:06,399

something here

3943

02:19:09,990 --> 02:19:08,240

so he starts saying oh well you know

3944

02:19:11,270 --> 02:19:10,000

i've heard there's 15 different races

3945

02:19:14,150 --> 02:19:11,280

and that they're visiting us

3946

02:19:15,830 --> 02:19:14,160

from all different planets and um and

3947

02:19:17,750 --> 02:19:15,840

that they're coming down and this is

3948

02:19:19,509 --> 02:19:17,760

what they use this is their power source

3949

02:19:22,230 --> 02:19:19,519

all sorts of crazy [h__\h]

3950

02:19:22,950 --> 02:19:22,240

and everyone every single one of them

3951

02:19:27,349 --> 02:19:22,960

was like

3952

02:19:30,469 --> 02:19:27,359

oh okay yeah that's believable right

3953

02:19:33,030 --> 02:19:30,479

and then he said and then i also heard

3954

02:19:34,070 --> 02:19:33,040

that the government is running some

3955

02:19:35,830 --> 02:19:34,080

programs

3956

02:19:37,509 --> 02:19:35,840

uh and they're doing something called

3957

02:19:39,110 --> 02:19:37,519

remote viewing where they're conscious

3958

02:19:41,030 --> 02:19:39,120

subconsciously trying to reach out and

3959

02:19:43,750 --> 02:19:41,040

communicate with these things

3960

02:19:44,790 --> 02:19:43,760

and immediately everybody's like nah

3961

02:19:48,150 --> 02:19:44,800

don't buy it

3962

02:19:48,950 --> 02:19:48,160

you know like can't nope it's like well

3963

02:19:51,429 --> 02:19:48,960

wait a second

3964

02:19:53,670 --> 02:19:51,439

yeah you just bought that there were 15

3965

02:19:56,230 --> 02:19:53,680

different races visiting our planet but

3966

02:19:58,710 --> 02:19:56,240

the second i discussed remote viewing it

3967

02:20:00,550 --> 02:19:58,720

just doesn't ring true to you

3968

02:20:02,309 --> 02:20:00,560

yeah you know and that's that's the

3969

02:20:04,389 --> 02:20:02,319

paradox we're living in right now

3970

02:20:05,750 --> 02:20:04,399

is that people don't really understand

3971

02:20:08,150 --> 02:20:05,760

that these things can be

3972

02:20:09,349 --> 02:20:08,160

one and the same and so to answer that

3973

02:20:11,590 --> 02:20:09,359

question does this

3974

02:20:14,150 --> 02:20:11,600

does this give some credence to other

3975

02:20:17,830 --> 02:20:14,160

unexplained paranormal events

3976

02:20:20,870 --> 02:20:17,840

yes yes it does it does i get it

3977

02:20:24,230 --> 02:20:20,880

it sh it tells us that there are

3978

02:20:27,429 --> 02:20:24,240

a big subset of filters that we

3979

02:20:29,270 --> 02:20:27,439

can't see in yet you know and

3980

02:20:31,510 --> 02:20:29,280

and again louis lozano talks about

3981

02:20:32,469 --> 02:20:31,520

imagine if we had these magical goggles

3982

02:20:34,710 --> 02:20:32,479

that could filter

3983

02:20:37,030 --> 02:20:34,720

everything where we could see everything

3984

02:20:39,270 --> 02:20:37,040

that is hitting and bombarding us

3985

02:20:42,389 --> 02:20:39,280

right people wouldn't be overwhelmed i

3986

02:20:46,469 --> 02:20:44,150

yeah hi ryan thanks for having me hi

3987

02:20:48,550 --> 02:20:46,479

travis travis how's it going my man

3988

02:20:49,990 --> 02:20:48,560

good how are you very good very good

3989

02:20:51,910 --> 02:20:50,000

good um so

3990

02:20:53,349 --> 02:20:51,920

one of one of your colleagues uh andy

3991

02:20:55,510 --> 02:20:53,359

from that ufo podcast

3992

02:20:56,710 --> 02:20:55,520

actually mentioned this to lou in his

3993

02:20:57,990 --> 02:20:56,720

interview with him and i know you guys

3994

02:20:59,270 --> 02:20:58,000

have probably listened to this and it's

3995

02:21:01,030 --> 02:20:59,280

one of my favorites uh

3996

02:21:02,790 --> 02:21:01,040

next to yours ryan that you did with uh

3997

02:21:05,670 --> 02:21:02,800

lou as well but um

3998

02:21:07,190 --> 02:21:05,680

andy asked lou about you know the fact

3999

02:21:09,270 --> 02:21:07,200

that this phenomenon comes with somewhat

4000

02:21:11,910 --> 02:21:09,280

of a sticky portfolio

4001
02:21:12,710 --> 02:21:11,920
and i think his answer really cleared it

4002
02:21:15,429 --> 02:21:12,720
up for me that

4003
02:21:16,870 --> 02:21:15,439
yes there is some parallel uh you know

4004
02:21:19,270 --> 02:21:16,880
there are some parallel findings

4005
02:21:20,550 --> 02:21:19,280
there is some credence to the fact that

4006
02:21:22,790 --> 02:21:20,560
this is going to open the gate

4007
02:21:24,070 --> 02:21:22,800
to the possibility of other phenomena

4008
02:21:26,870 --> 02:21:24,080
now whether or not they're

4009
02:21:28,469 --> 02:21:26,880
you know implicitly related i don't know

4010
02:21:29,349 --> 02:21:28,479
i don't think too much about that but i

4011
02:21:31,510 --> 02:21:29,359
do think that

4012
02:21:33,830 --> 02:21:31,520
um the fact that we have someone like

4013
02:21:35,190 --> 02:21:33,840

elizondo and or chris mellon talking

4014

02:21:37,830 --> 02:21:35,200

about this seriously

4015

02:21:39,110 --> 02:21:37,840

is just fascinating and you know i also

4016

02:21:40,550 --> 02:21:39,120

have to say that yesterday while i was

4017

02:21:42,950 --> 02:21:40,560

waiting for the ufo report to come out

4018

02:21:45,270 --> 02:21:42,960

or the uap task force report to come out

4019

02:21:46,469 --> 02:21:45,280

i i literally sat there with a glass of

4020

02:21:48,630 --> 02:21:46,479

whiskey and

4021

02:21:50,389 --> 02:21:48,640

my wife was like are you gonna be okay

4022

02:21:53,030 --> 02:21:50,399

is everything okay

4023

02:21:55,429 --> 02:21:53,040

and i've had that moment so often lately

4024

02:21:58,790 --> 02:21:55,439

and uh i i only get 15 minutes of ufo

4025

02:22:02,150 --> 02:21:58,800

talk now in my household every day

4026
02:22:06,150 --> 02:22:04,070
i was gonna say you just blew that a lot

4027
02:22:07,510 --> 02:22:06,160
of time today

4028
02:22:09,429 --> 02:22:07,520
you might not be able to talk about it

4029
02:22:12,230 --> 02:22:09,439
for the next three weeks yeah

4030
02:22:13,750 --> 02:22:12,240
yeah i i mean much like uh you know a

4031
02:22:15,990 --> 02:22:13,760
lot of our friends and partners and

4032
02:22:17,030 --> 02:22:16,000
and spouses she's wonderful but at the

4033
02:22:19,030 --> 02:22:17,040
same time it's uh

4034
02:22:20,230 --> 02:22:19,040
it's something that you know invisible

4035
02:22:21,510 --> 02:22:20,240
night school to your point

4036
02:22:23,190 --> 02:22:21,520
you have to be careful how much you talk

4037
02:22:23,990 --> 02:22:23,200
about it and uh who you're talking to

4038
02:22:25,990 --> 02:22:24,000

about it because it's

4039

02:22:27,750 --> 02:22:26,000

really received differently by everybody

4040

02:22:29,510 --> 02:22:27,760

sure yeah exactly

4041

02:22:31,830 --> 02:22:29,520

let me ask you this though i'm sorry i'm

4042

02:22:34,630 --> 02:22:31,840

sorry can i ask you anything

4043

02:22:35,110 --> 02:22:34,640

don't you think that is changing though

4044

02:22:38,630 --> 02:22:35,120

like

4045

02:22:40,230 --> 02:22:38,640

station the other day and there was a

4046

02:22:41,670 --> 02:22:40,240

wendy's connected to it these two guys

4047

02:22:42,950 --> 02:22:41,680

are sitting there having their frosties

4048

02:22:45,750 --> 02:22:42,960

eating their fries

4049

02:22:46,550 --> 02:22:45,760

and they're talking about ufos they're

4050

02:22:49,429 --> 02:22:46,560

talking about

4051
02:22:50,070 --> 02:22:49,439
you know like what's going on and i just

4052
02:22:51,670 --> 02:22:50,080
sat there

4053
02:22:53,190 --> 02:22:51,680
and i listened to them and the

4054
02:22:54,150 --> 02:22:53,200
conspiracy theories that started coming

4055
02:22:56,550 --> 02:22:54,160
out of this guy's mouth

4056
02:22:58,389 --> 02:22:56,560
crazy but the fact that they're talking

4057
02:23:01,429 --> 02:22:58,399
about it i was like man this is

4058
02:23:04,550 --> 02:23:01,439
this is different this is different yeah

4059
02:23:05,349 --> 02:23:04,560
it's it's it's phenomenal it is it's

4060
02:23:06,950 --> 02:23:05,359
unbelievable

4061
02:23:08,550 --> 02:23:06,960
honestly guys you know until three or

4062
02:23:10,150 --> 02:23:08,560
four years ago i never thought that i

4063
02:23:11,349 --> 02:23:10,160

would live through this kind of time

4064

02:23:13,910 --> 02:23:11,359

this is something i've been interested

4065

02:23:16,550 --> 02:23:13,920

in since i was 13 14 years old

4066

02:23:17,830 --> 02:23:16,560

and this is really not anything that i

4067

02:23:19,110 --> 02:23:17,840

thought i'd be talking about my adult

4068

02:23:21,750 --> 02:23:19,120

life let alone to my wife

4069

02:23:23,510 --> 02:23:21,760

to my kids to my friends to my family

4070

02:23:26,230 --> 02:23:23,520

openly

4071

02:23:27,830 --> 02:23:26,240

you know this backed credence this this

4072

02:23:30,070 --> 02:23:27,840

you know verifiable

4073

02:23:31,990 --> 02:23:30,080

uh you know providence that's amazing

4074

02:23:35,270 --> 02:23:32,000

it's like seriously amazing and

4075

02:23:37,670 --> 02:23:35,280

i you know i i get overwhelmed often

4076

02:23:39,349 --> 02:23:37,680

uh just by that feeling and by knowing

4077

02:23:40,870 --> 02:23:39,359

it so i i'm right there with you guys i

4078

02:23:43,110 --> 02:23:40,880

think it's really important to

4079

02:23:44,950 --> 02:23:43,120

have this conversation with everyone but

4080

02:23:46,710 --> 02:23:44,960

especially with people who are skeptical

4081

02:23:47,910 --> 02:23:46,720

and who remain skeptical and who are

4082

02:23:49,510 --> 02:23:47,920

going to be steadfast in their

4083

02:23:50,790 --> 02:23:49,520

conversation with you who can critically

4084

02:23:53,349 --> 02:23:50,800

think about this stuff

4085

02:23:54,150 --> 02:23:53,359

um and people you know evolve from all

4086

02:23:55,590 --> 02:23:54,160

walks of life

4087

02:23:58,230 --> 02:23:55,600

so i'm i'm right there with you i think

4088

02:24:00,469 --> 02:23:58,240

that's that's a really keen observation

4089

02:24:01,750 --> 02:24:00,479

well i could say this tim a year and a

4090

02:24:04,630 --> 02:24:01,760

half ago

4091

02:24:05,429 --> 02:24:04,640

i was an actor in los angeles i still am

4092

02:24:07,429 --> 02:24:05,439

but

4093

02:24:08,790 --> 02:24:07,439

like this isn't doing me any favors as

4094

02:24:10,710 --> 02:24:08,800

an actor

4095

02:24:12,950 --> 02:24:10,720

i'm not i'm not getting any more parts

4096

02:24:14,950 --> 02:24:12,960

because i started a ufo channel you know

4097

02:24:16,150 --> 02:24:14,960

i'm talking about this because it's

4098

02:24:18,870 --> 02:24:16,160

become socially

4099

02:24:20,630 --> 02:24:18,880

acceptable to talk about it and to be

4100

02:24:22,469 --> 02:24:20,640

honest with you maybe not everyone is on

4101
02:24:23,349 --> 02:24:22,479
the same page socially speaking but at

4102
02:24:26,790 --> 02:24:23,359
this point i don't

4103
02:24:28,230 --> 02:24:26,800
give a [\h__\h] i do not care oh look at

4104
02:24:30,790 --> 02:24:28,240
that kitty um

4105
02:24:31,349 --> 02:24:30,800
i just i don't i don't care i don't care

4106
02:24:33,830 --> 02:24:31,359
anymore

4107
02:24:34,550 --> 02:24:33,840
like either you're gonna here's the

4108
02:24:36,469 --> 02:24:34,560
thing

4109
02:24:41,349 --> 02:24:36,479
if you're not talking about it today you

4110
02:24:46,070 --> 02:24:44,389
you tomorrow yesterday i i woke up to uh

4111
02:24:48,469 --> 02:24:46,080
something on my newsfeed on reddit on

4112
02:24:50,230 --> 02:24:48,479
you know our ufos i was looking through

4113
02:24:51,990 --> 02:24:50,240

um just random posts and there was an

4114

02:24:53,270 --> 02:24:52,000

update from a washington post reporter

4115

02:24:55,670 --> 02:24:53,280

that had solicited

4116

02:24:56,870 --> 02:24:55,680

um for information from redditors uh

4117

02:24:58,870 --> 02:24:56,880

about 10 days ago

4118

02:24:59,990 --> 02:24:58,880

and i opened up his article and the

4119

02:25:01,990 --> 02:25:00,000

email i sent him

4120

02:25:04,150 --> 02:25:02,000

was quoted so i'm adding to the

4121

02:25:06,950 --> 02:25:04,160

conversation

4122

02:25:07,670 --> 02:25:06,960

and that made my day you know and like

4123

02:25:10,870 --> 02:25:07,680

that article

4124

02:25:12,710 --> 02:25:10,880

to everybody i know um look

4125

02:25:14,630 --> 02:25:12,720

you know i'm quoted in this and and uh

4126
02:25:15,830 --> 02:25:14,640
he took my story and he kind of took my

4127
02:25:18,710 --> 02:25:15,840
interest and

4128
02:25:19,670 --> 02:25:18,720
my uh you know feelings about uh our

4129
02:25:22,230 --> 02:25:19,680
ufos and

4130
02:25:23,429 --> 02:25:22,240
and uh put in his article and so it's

4131
02:25:23,990 --> 02:25:23,439
like you're saying it's really important

4132
02:25:25,670 --> 02:25:24,000
that we contribute

4133
02:25:26,790 --> 02:25:25,680
to this conversation in any way we can

4134
02:25:27,750 --> 02:25:26,800
you guys are doing a huge service

4135
02:25:30,230 --> 02:25:27,760
through your podcast

4136
02:25:31,190 --> 02:25:30,240
i mean look what we're doing right now

4137
02:25:33,429 --> 02:25:31,200
what's up

4138
02:25:34,309 --> 02:25:33,439

look at what we're doing right now yeah

4139

02:25:39,030 --> 02:25:34,319

yeah i've

4140

02:25:41,510 --> 02:25:39,040

never i've never met any of you guys

4141

02:25:43,429 --> 02:25:41,520

we're having a wonderful discussion on

4142

02:25:46,070 --> 02:25:43,439

this and we've never met each other

4143

02:25:46,550 --> 02:25:46,080

i know it's great what i love about this

4144

02:25:48,469 --> 02:25:46,560

topic

4145

02:25:49,990 --> 02:25:48,479

yeah travis travis how about my man what

4146

02:25:52,309 --> 02:25:50,000

are your general thoughts about all this

4147

02:25:53,190 --> 02:25:52,319

yeah okay so tim back to your previous

4148

02:25:54,309 --> 02:25:53,200

comment

4149

02:25:56,150 --> 02:25:54,319

you're always going to have the mick

4150

02:25:57,910 --> 02:25:56,160

quest you're always going to have this

4151
02:26:00,230 --> 02:25:57,920
the seth jostax

4152
02:26:03,110 --> 02:26:00,240
who said you remember he said he will

4153
02:26:05,270 --> 02:26:03,120
not believe in ufos or uaps

4154
02:26:06,309 --> 02:26:05,280
until he sees an entire wing of the

4155
02:26:08,309 --> 02:26:06,319
smithsonian

4156
02:26:09,750 --> 02:26:08,319
dedicated to it you remember that yeah

4157
02:26:11,270 --> 02:26:09,760
yeah yeah yeah i mean

4158
02:26:13,190 --> 02:26:11,280
you're always going to have those guys

4159
02:26:15,349 --> 02:26:13,200
with their ostrich head in the sand

4160
02:26:16,309 --> 02:26:15,359
and they don't want to hear it but i

4161
02:26:18,389 --> 02:26:16,319
think

4162
02:26:20,309 --> 02:26:18,399
even as lackluster as this report was

4163
02:26:21,750 --> 02:26:20,319

which was about what i expected

4164

02:26:23,990 --> 02:26:21,760

i really i mean i'd love to see the

4165

02:26:25,990 --> 02:26:24,000

congressional report honestly

4166

02:26:27,590 --> 02:26:26,000

i mean what did they get to hear yes

4167

02:26:28,150 --> 02:26:27,600

right i mean we get to hear the nine

4168

02:26:30,150 --> 02:26:28,160

page

4169

02:26:31,590 --> 02:26:30,160

piece of it i'd love to see what they

4170

02:26:33,510 --> 02:26:31,600

get they got here

4171

02:26:36,230 --> 02:26:33,520

yeah i actually kind of wonder like

4172

02:26:38,870 --> 02:26:36,240

going back to the paranormal end of this

4173

02:26:40,070 --> 02:26:38,880

what do you think about um so physics

4174

02:26:43,750 --> 02:26:40,080

does not disallow

4175

02:26:44,790 --> 02:26:43,760

both light dimensions right as in poking

4176
02:26:47,110 --> 02:26:44,800
a hole

4177
02:26:48,870 --> 02:26:47,120
in each dimension i actually wonder

4178
02:26:49,910 --> 02:26:48,880
people think okay maybe these things

4179
02:26:52,070 --> 02:26:49,920
come from

4180
02:26:54,150 --> 02:26:52,080
other star systems maybe they're just in

4181
02:26:56,469 --> 02:26:54,160
a dimension higher than us

4182
02:26:57,590 --> 02:26:56,479
yeah what if they are just poking a hole

4183
02:26:59,510 --> 02:26:57,600
and look that goes back to

4184
02:27:00,870 --> 02:26:59,520
you know what lou's saying about uh you

4185
02:27:02,150 --> 02:27:00,880
know outer space interspace and the

4186
02:27:03,990 --> 02:27:02,160
space in between

4187
02:27:05,349 --> 02:27:04,000
um this is such a fascinating comment

4188
02:27:07,110 --> 02:27:05,359

that he keeps coming out with he said it

4189

02:27:09,750 --> 02:27:07,120

on tucker carlson again last night

4190

02:27:10,710 --> 02:27:09,760

um yeah that kind of thing just gets my

4191

02:27:13,510 --> 02:27:10,720

brain spinning

4192

02:27:14,230 --> 02:27:13,520

because i i know you know i really want

4193

02:27:17,270 --> 02:27:14,240

to know

4194

02:27:18,150 --> 02:27:17,280

personal thing it's more of like it's

4195

02:27:20,630 --> 02:27:18,160

for the group but

4196

02:27:21,910 --> 02:27:20,640

that just uh you know i can think about

4197

02:27:25,830 --> 02:27:21,920

that for 12 hours straight

4198

02:27:27,590 --> 02:27:25,840

yeah i've also been on my mind a lot

4199

02:27:29,270 --> 02:27:27,600

how do you not think about that like

4200

02:27:32,230 --> 02:27:29,280

because when dave fravor says

4201
02:27:33,110 --> 02:27:32,240
it disappeared right where right so

4202
02:27:36,070 --> 02:27:33,120
where are you

4203
02:27:36,950 --> 02:27:36,080
talking about physics right there

4204
02:27:38,550 --> 02:27:36,960
exactly

4205
02:27:40,230 --> 02:27:38,560
yeah well here's also a thing you guys

4206
02:27:44,070 --> 02:27:40,240
got to keep in mind

4207
02:27:46,950 --> 02:27:44,080
congress is made up of civilians

4208
02:27:48,950 --> 02:27:46,960
you know so this report the classified

4209
02:27:52,389 --> 02:27:48,960
report

4210
02:27:53,990 --> 02:27:52,399
was also made for civilians you know but

4211
02:27:55,510 --> 02:27:54,000
just civilians with a little bit

4212
02:27:58,870 --> 02:27:55,520
different access

4213
02:28:01,990 --> 02:27:58,880

um so i think you know i think that that

4214

02:28:05,030 --> 02:28:02,000

other report is also fascinating

4215

02:28:07,030 --> 02:28:05,040

but i i would not shock me if

4216

02:28:09,670 --> 02:28:07,040

even in that report it doesn't give the

4217

02:28:12,230 --> 02:28:09,680

answers that all the people really want

4218

02:28:13,429 --> 02:28:12,240

you know like it's not everything i

4219

02:28:14,630 --> 02:28:13,439

don't think we're ever gonna get one but

4220

02:28:18,070 --> 02:28:14,640

here's the thing

4221

02:28:18,389 --> 02:28:18,080

is we can run for congress yeah you know

4222

02:28:19,910 --> 02:28:18,399

like

4223

02:28:21,510 --> 02:28:19,920

people in this field could start running

4224

02:28:22,950 --> 02:28:21,520

for congress and start looking at those

4225

02:28:26,230 --> 02:28:22,960

reports

4226

02:28:29,389 --> 02:28:26,240

yeah and and this idea

4227

02:28:30,550 --> 02:28:29,399

of taking a congressional report and

4228

02:28:32,469 --> 02:28:30,560

declassifying

4229

02:28:35,030 --> 02:28:32,479

aspects of it for the american people to

4230

02:28:37,429 --> 02:28:35,040

look at is a very real possibility

4231

02:28:38,150 --> 02:28:37,439

that could happen in the next six months

4232

02:28:39,830 --> 02:28:38,160

and hopefully

4233

02:28:41,510 --> 02:28:39,840

you know if there are public hearings or

4234

02:28:41,830 --> 02:28:41,520

senate hearings hopefully somebody like

4235

02:28:43,670 --> 02:28:41,840

lou

4236

02:28:45,510 --> 02:28:43,680

is compelled to testify and then all

4237

02:28:47,030 --> 02:28:45,520

bets are off because he can say whatever

4238

02:28:47,670 --> 02:28:47,040

he wants to say or whatever they compel

4239

02:28:49,110 --> 02:28:47,680

him to say

4240

02:28:50,630 --> 02:28:49,120

in those hearings and i think that

4241

02:28:51,830 --> 02:28:50,640

that's a huge part of the road map for

4242

02:28:53,670 --> 02:28:51,840

him and melon

4243

02:28:55,190 --> 02:28:53,680

at least just put it you know connecting

4244

02:28:57,429 --> 02:28:55,200

the dots that seems like

4245

02:28:58,790 --> 02:28:57,439

what they might be leading to um i do

4246

02:29:00,550 --> 02:28:58,800

have to go in a minute guys and i i

4247

02:29:02,710 --> 02:29:00,560

could sit here and talk to you all day

4248

02:29:03,830 --> 02:29:02,720

um but i have one thing you know ryan

4249

02:29:06,309 --> 02:29:03,840

and luis um

4250

02:29:07,830 --> 02:29:06,319

one thing that i want to add and i've

4251
02:29:09,510 --> 02:29:07,840
actually sent this to andy from that ufo

4252
02:29:11,190 --> 02:29:09,520
podcast but getting it to people like

4253
02:29:13,270 --> 02:29:11,200
you who have a real voice

4254
02:29:14,550 --> 02:29:13,280
and uh can get this you know possibly

4255
02:29:16,070 --> 02:29:14,560
worked into one of your shows with

4256
02:29:18,150 --> 02:29:16,080
somebody like lure chris

4257
02:29:19,270 --> 02:29:18,160
here's a question that i have not heard

4258
02:29:21,990 --> 02:29:19,280
anybody ask

4259
02:29:22,950 --> 02:29:22,000
um it's in i'm just going to say it once

4260
02:29:23,750 --> 02:29:22,960
and you can ask me if you have any

4261
02:29:25,990 --> 02:29:23,760
questions

4262
02:29:27,750 --> 02:29:26,000
um within the spectrum of all the

4263
02:29:28,550 --> 02:29:27,760

possibilities of what this phenomenon

4264

02:29:31,030 --> 02:29:28,560

would be

4265

02:29:33,110 --> 02:29:31,040

is there a measured degree of certainty

4266

02:29:35,190 --> 02:29:33,120

on a scale of one to ten for example

4267

02:29:36,550 --> 02:29:35,200

to which the data strongly indicates any

4268

02:29:39,030 --> 02:29:36,560

one explanation

4269

02:29:39,590 --> 02:29:39,040

so in other words what is the current

4270

02:29:41,830 --> 02:29:39,600

leading

4271

02:29:42,710 --> 02:29:41,840

hypothesis supported by the facts

4272

02:29:45,429 --> 02:29:42,720

meaning

4273

02:29:46,550 --> 02:29:45,439

extraterrestrial crypto-terrestrial high

4274

02:29:47,590 --> 02:29:46,560

dimensions like

4275

02:29:50,870 --> 02:29:47,600

all of these things that they're

4276

02:29:52,150 --> 02:29:50,880

considering um you know

4277

02:29:53,110 --> 02:29:52,160

something here on earth something under

4278

02:29:54,469 --> 02:29:53,120

the ocean all these things that have

4279

02:29:56,790 --> 02:29:54,479

been mentioned

4280

02:29:58,309 --> 02:29:56,800

is there any degree of certainty on a

4281

02:30:00,710 --> 02:29:58,319

scale of one to ten

4282

02:30:02,070 --> 02:30:00,720

that they're pursuing based on the facts

4283

02:30:03,590 --> 02:30:02,080

and you know

4284

02:30:06,389 --> 02:30:03,600

that i feel like is the type of question

4285

02:30:08,309 --> 02:30:06,399

that can be asked without him saying

4286

02:30:09,510 --> 02:30:08,319

yeah you know it's pretty much just yes

4287

02:30:11,030 --> 02:30:09,520

on a scale of

4288

02:30:12,550 --> 02:30:11,040

you know it's seven that it's

4289

02:30:16,150 --> 02:30:12,560

extraterrestrial it's

4290

02:30:17,510 --> 02:30:16,160

five like give them an out but i want to

4291

02:30:18,230 --> 02:30:17,520

see that kind of question asked more

4292

02:30:20,389 --> 02:30:18,240

often

4293

02:30:21,590 --> 02:30:20,399

where it's open-ended so somebody like

4294

02:30:23,510 --> 02:30:21,600

melon or lou

4295

02:30:25,750 --> 02:30:23,520

won't have to break an nda won't have to

4296

02:30:27,910 --> 02:30:25,760

deep dive but they can give you a nudge

4297

02:30:29,510 --> 02:30:27,920

and maybe in more breadcrumbs and say

4298

02:30:31,830 --> 02:30:29,520

here's what we're considering

4299

02:30:33,670 --> 02:30:31,840

here's what the facts lead to i can't

4300

02:30:36,950 --> 02:30:33,680

say that any uncertain terms but this is

4301

02:30:41,110 --> 02:30:36,960

where we're going what do you think

4302

02:30:44,550 --> 02:30:41,120

you had you had your hand up your hand

4303

02:30:47,510 --> 02:30:44,560

oh yeah sorry uh to that i mean

4304

02:30:48,870 --> 02:30:47,520

um we're limiting that to like the

4305

02:30:52,150 --> 02:30:48,880

possibilities that

4306

02:30:55,349 --> 02:30:52,160

our creativity allows us right so like

4307

02:30:57,270 --> 02:30:55,359

extra dimensional uh just a like

4308

02:30:58,710 --> 02:30:57,280

inner uh inner terrestrial

4309

02:31:02,150 --> 02:30:58,720

extraterrestrial all these things

4310

02:31:03,750 --> 02:31:02,160

these are all uh human creative

4311

02:31:05,349 --> 02:31:03,760

constructs right and it could be

4312

02:31:07,830 --> 02:31:05,359

somewhere outside of that too

4313

02:31:10,710 --> 02:31:07,840

but unfortunately about any of those

4314

02:31:12,710 --> 02:31:10,720

classifications we don't have any like

4315

02:31:13,750 --> 02:31:12,720

we can't assign any known properties to

4316

02:31:16,070 --> 02:31:13,760

any of them

4317

02:31:18,070 --> 02:31:16,080

and since like so these these sightings

4318

02:31:19,830 --> 02:31:18,080

at least the ones that we're aware of

4319

02:31:21,110 --> 02:31:19,840

uh there's nothing really explicit about

4320

02:31:23,510 --> 02:31:21,120

them at least the ones that they're

4321

02:31:25,590 --> 02:31:23,520

dealing with with the uaptf

4322

02:31:27,270 --> 02:31:25,600

as far as we know but yeah i do agree

4323

02:31:29,830 --> 02:31:27,280

that that should be a question posed

4324

02:31:30,630 --> 02:31:29,840

to lou well i think you're interested

4325

02:31:32,710 --> 02:31:30,640

totally right

4326

02:31:33,830 --> 02:31:32,720

as far as and what the report said is

4327

02:31:35,349 --> 02:31:33,840

maybe we don't have this

4328

02:31:36,950 --> 02:31:35,359

the scientific ability to understand

4329

02:31:39,590 --> 02:31:36,960

these things yeah so that was true

4330

02:31:41,110 --> 02:31:39,600

and that's that's 100 correct and that

4331

02:31:42,710 --> 02:31:41,120

was probably for me the most interesting

4332

02:31:44,070 --> 02:31:42,720

part of the report was that they they

4333

02:31:46,230 --> 02:31:44,080

actually came out and said

4334

02:31:47,670 --> 02:31:46,240

lack of understanding we can't even

4335

02:31:49,910 --> 02:31:47,680

imagine what this is we can't

4336

02:31:52,790 --> 02:31:49,920

contextualize it blah blah blah so

4337

02:31:53,190 --> 02:31:52,800

you're right i i you know i feel like uh

4338

02:31:54,950 --> 02:31:53,200

you know

4339

02:31:57,510 --> 02:31:54,960

lou and chris and those these figures

4340

02:32:00,309 --> 02:31:57,520

are asking us to ask harder questions

4341

02:32:01,750 --> 02:32:00,319

and to to really think about these

4342

02:32:04,150 --> 02:32:01,760

things in different ways

4343

02:32:05,590 --> 02:32:04,160

and i do feel that there is some part of

4344

02:32:07,190 --> 02:32:05,600

this that maybe we simply can't

4345

02:32:10,469 --> 02:32:07,200

understand at this moment in time

4346

02:32:11,590 --> 02:32:10,479

and that's fine but uh you know i feel

4347

02:32:13,830 --> 02:32:11,600

like the press is on now

4348

02:32:14,870 --> 02:32:13,840

like let's go you know keep pouring it

4349

02:32:17,429 --> 02:32:14,880

on yes i think

4350

02:32:18,870 --> 02:32:17,439

we have pushing it but um to your

4351

02:32:22,389 --> 02:32:18,880

question earlier ryan

4352

02:32:26,790 --> 02:32:22,399

um you know bill bigelow right

4353

02:32:29,990 --> 02:32:28,870

and so there's a history of nids then

4354

02:32:32,230 --> 02:32:30,000

you have ossap

4355

02:32:34,950 --> 02:32:32,240

i'm wondering if at some point this

4356

02:32:37,429 --> 02:32:34,960

investigation is going to connect

4357

02:32:38,150 --> 02:32:37,439

the dots there because i think once you

4358

02:32:41,830 --> 02:32:38,160

do that

4359

02:32:45,429 --> 02:32:41,840

if you associate that research with the

4360

02:32:48,710 --> 02:32:45,439

uap task force then mainstream media

4361

02:32:51,110 --> 02:32:48,720

can't wiggle around the paranormal

4362

02:32:52,469 --> 02:32:51,120

subject i think that it's kind of

4363

02:32:54,309 --> 02:32:52,479

unavoidable at that point because if our

4364

02:32:57,510 --> 02:32:54,319

government is contracting

4365

02:32:59,030 --> 02:32:57,520

um bob bigelow to look into exotic

4366

02:33:02,309 --> 02:32:59,040

materials

4367

02:33:03,030 --> 02:33:02,319

right and even though they retracted

4368

02:33:06,950 --> 02:33:03,040

that story

4369

02:33:09,670 --> 02:33:06,960

i think was it was a dod um that

4370

02:33:11,510 --> 02:33:09,680

it's it's out there and and you can't

4371

02:33:14,710 --> 02:33:11,520

you can't deny it and eventually those

4372

02:33:17,429 --> 02:33:14,720

those two things i think are going to to

4373

02:33:18,230 --> 02:33:17,439

cross paths and once people start

4374

02:33:22,389 --> 02:33:18,240

talking about

4375

02:33:24,950 --> 02:33:22,399

then they're going to talk about the

4376

02:33:26,710 --> 02:33:24,960

history of nids and other

4377

02:33:28,230 --> 02:33:26,720

alternative like you like you're saying

4378

02:33:30,230 --> 02:33:28,240

psychic investig

4379

02:33:32,070 --> 02:33:30,240

abilities right with people maybe that

4380

02:33:35,030 --> 02:33:32,080

will be the turning point

4381

02:33:35,510 --> 02:33:35,040

um because if the government is spending

4382

02:33:37,429 --> 02:33:35,520

money

4383

02:33:39,510 --> 02:33:37,439

to research into other things other than

4384

02:33:42,389 --> 02:33:39,520

oh what is that we don't know

4385

02:33:42,870 --> 02:33:42,399

but actually we may have a piece of that

4386

02:33:44,550 --> 02:33:42,880

um

4387

02:33:46,710 --> 02:33:44,560

and there might be other aspects to this

4388

02:33:49,670 --> 02:33:46,720

phenomena i think then yeah

4389

02:33:51,349 --> 02:33:49,680

yeah and and you know my my voice has

4390

02:33:53,990 --> 02:33:51,359

changed completely on this

4391

02:33:54,469 --> 02:33:54,000

um not not for me it wasn't three years

4392

02:33:57,990 --> 02:33:54,479

ago

4393

02:34:00,630 --> 02:33:58,000

i was like

4394

02:34:02,230 --> 02:34:00,640

this isn't disclosure you know this is

4395

02:34:04,070 --> 02:34:02,240

it's not gonna it's not gonna happen

4396

02:34:05,910 --> 02:34:04,080

i'm tired of being feeling burnt you

4397

02:34:08,070 --> 02:34:05,920

know yeah yeah yeah

4398

02:34:09,270 --> 02:34:08,080

no i mentioned i mentioned this in that

4399

02:34:09,830 --> 02:34:09,280

the washington post article that was

4400

02:34:12,790 --> 02:34:09,840

posted

4401
02:34:13,510 --> 02:34:12,800
on the 24th that my i literally ran

4402
02:34:15,270 --> 02:34:13,520
outside

4403
02:34:17,429 --> 02:34:15,280
and screamed at the sky when i read in

4404
02:34:19,429 --> 02:34:17,439
the new york times that

4405
02:34:21,510 --> 02:34:19,439
our government has crash retrieval

4406
02:34:22,230 --> 02:34:21,520
programs they put that in the new york

4407
02:34:24,630 --> 02:34:22,240
times

4408
02:34:25,590 --> 02:34:24,640
that changed it for me you know like and

4409
02:34:27,910 --> 02:34:25,600
and despite

4410
02:34:28,790 --> 02:34:27,920
you know december 16 2017 which was

4411
02:34:31,030 --> 02:34:28,800
incredible

4412
02:34:32,870 --> 02:34:31,040
it was that that language of off-world

4413
02:34:35,270 --> 02:34:32,880

vehicles crash retrieval

4414

02:34:35,910 --> 02:34:35,280

in the new york times that really set me

4415

02:34:37,429 --> 02:34:35,920

off

4416

02:34:38,870 --> 02:34:37,439

and uh i remember coming inside and

4417

02:34:39,750 --> 02:34:38,880

saying something to my wife like time is

4418

02:34:43,030 --> 02:34:39,760

a flat circle

4419

02:34:47,349 --> 02:34:45,270

and uh and i'm not you know deep into

4420

02:34:48,790 --> 02:34:47,359

conspiracy i i i'm really a very

4421

02:34:49,750 --> 02:34:48,800

level-headed person and that really

4422

02:34:52,710 --> 02:34:49,760

changed it for me

4423

02:34:53,590 --> 02:34:52,720

um and got me on to you know ryan your

4424

02:34:56,389 --> 02:34:53,600

podcast

4425

02:34:57,349 --> 02:34:56,399

lou your stuff uh and then you know on

4426

02:35:00,950 --> 02:34:57,359

and on and on we go

4427

02:35:02,070 --> 02:35:00,960

so i have to go i've got to go get my

4428

02:35:04,389 --> 02:35:02,080

son but uh

4429

02:35:05,670 --> 02:35:04,399

thank you buddy thank you so much for

4430

02:35:07,349 --> 02:35:05,680

hopping in but i was gonna answer

4431

02:35:09,830 --> 02:35:07,359

tim's question there like what what

4432

02:35:12,150 --> 02:35:09,840

would lou elizondo say

4433

02:35:13,270 --> 02:35:12,160

to that question i don't know if he'd

4434

02:35:14,870 --> 02:35:13,280

answer it

4435

02:35:16,630 --> 02:35:14,880

i don't think he'd give the answer that

4436

02:35:18,469 --> 02:35:16,640

tim was looking for um

4437

02:35:20,309 --> 02:35:18,479

i think it would be more prosaic his

4438

02:35:22,710 --> 02:35:20,319

answer i think he would probably maybe

4439

02:35:26,469 --> 02:35:22,720

even defer to like a hal put off

4440

02:35:28,230 --> 02:35:26,479

um uh or an eric davis uh because he

4441

02:35:30,150 --> 02:35:28,240

always defers to those guys when it

4442

02:35:33,830 --> 02:35:30,160

comes to the science of this thing

4443

02:35:37,429 --> 02:35:33,840

but the thing i think he will say

4444

02:35:40,150 --> 02:35:37,439

is and he said it many times

4445

02:35:41,349 --> 02:35:40,160

don't be shocked if these things are a

4446

02:35:44,630 --> 02:35:41,359

lot closer

4447

02:35:46,950 --> 02:35:44,640

than you think yeah a lot a lot

4448

02:35:49,750 --> 02:35:46,960

closer than you think and what i mean

4449

02:35:51,349 --> 02:35:49,760

what i think he means by that

4450

02:35:52,950 --> 02:35:51,359

because we've been having a big

4451

02:35:56,389 --> 02:35:52,960

discussion on my show

4452

02:35:58,710 --> 02:35:56,399

and behind the scenes about inspiration

4453

02:35:59,910 --> 02:35:58,720

where does it come from and when it

4454

02:36:03,270 --> 02:35:59,920

comes

4455

02:36:05,590 --> 02:36:03,280

why is it why is it such a rush

4456

02:36:07,030 --> 02:36:05,600

you know like of it feels like a

4457

02:36:09,429 --> 02:36:07,040

download it feels like someone's

4458

02:36:10,790 --> 02:36:09,439

plugging into you and downloading all

4459

02:36:15,030 --> 02:36:10,800

this information

4460

02:36:17,270 --> 02:36:15,040

and is it like for example with einstein

4461

02:36:18,790 --> 02:36:17,280

uh when he got e equals mc squared he

4462

02:36:20,230 --> 02:36:18,800

talked about how that came to him it was

4463

02:36:24,309 --> 02:36:20,240

a dream

4464

02:36:26,630 --> 02:36:24,319

um was that einstein

4465

02:36:28,790 --> 02:36:26,640

from a different time coming back to

4466

02:36:31,990 --> 02:36:28,800

einstein at that time and going

4467

02:36:35,190 --> 02:36:32,000

bloop there you go that sounds like

4468

02:36:35,590 --> 02:36:35,200

so i like that theory yeah of uh oh my

4469

02:36:39,030 --> 02:36:35,600

heck

4470

02:36:40,630 --> 02:36:39,040

uh so you're saying $e = mc^2$

4471

02:36:42,630 --> 02:36:40,640

squared came from a different time and

4472

02:36:45,030 --> 02:36:42,640

was plopped into here

4473

02:36:46,309 --> 02:36:45,040

i'm saying i'm saying $e = mc^2$

4474

02:36:48,790 --> 02:36:46,319

squared possibly

4475

02:36:49,429 --> 02:36:48,800

came from einstein on a different plane

4476

02:36:52,070 --> 02:36:49,439
of time

4477

02:36:53,190 --> 02:36:52,080
yeah again relativity came from a

4478

02:36:56,469 --> 02:36:53,200
different time

4479

02:37:00,790 --> 02:36:56,479
frame einstein so like like

4480

02:37:03,670 --> 02:37:00,800
yeah like a parallelogram

4481

02:37:04,710 --> 02:37:03,680
it's a mind twister okay but imagine

4482

02:37:06,389 --> 02:37:04,720
imagine

4483

02:37:08,070 --> 02:37:06,399
you know because again we all can agree

4484

02:37:10,469 --> 02:37:08,080
that these meat sacks

4485

02:37:12,710 --> 02:37:10,479
that we walk around in right right are

4486

02:37:15,110 --> 02:37:12,720
holding something a lot more special and

4487

02:37:18,389 --> 02:37:15,120
just this meat sack is just the

4488

02:37:20,630 --> 02:37:18,399

an 80-year time frame in which this

4489

02:37:22,630 --> 02:37:20,640

spirit lives in so when this spirit goes

4490

02:37:24,389 --> 02:37:22,640

away where does it go

4491

02:37:25,670 --> 02:37:24,399

right can i interject something yeah go

4492

02:37:28,309 --> 02:37:25,680

for it no no you're actually so

4493

02:37:30,150 --> 02:37:28,319

kind of going back to allen's comment oh

4494

02:37:32,309 --> 02:37:30,160

probably three comments ago

4495

02:37:33,830 --> 02:37:32,319

kind of about the paranormal right

4496

02:37:37,030 --> 02:37:33,840

because you get the paranormal

4497

02:37:40,550 --> 02:37:37,040

that kind of meets the i don't know uap

4498

02:37:42,230 --> 02:37:40,560

the high strangeness how come

4499

02:37:43,990 --> 02:37:42,240

so it all kind of to me it all comes

4500

02:37:45,830 --> 02:37:44,000

back to consciousness

4501
02:37:47,750 --> 02:37:45,840
so you've got the cia doing these like

4502
02:37:50,150 --> 02:37:47,760
you said remote viewing

4503
02:37:51,030 --> 02:37:50,160
they're looking into high consciousness

4504
02:37:52,710 --> 02:37:51,040
into

4505
02:37:54,550 --> 02:37:52,720
like uh rem you know what i'm saying

4506
02:37:57,910 --> 02:37:54,560
remote with you so

4507
02:38:01,590 --> 02:37:57,920
who's to say this isn't all interweb

4508
02:38:03,910 --> 02:38:01,600
right not all one fabric

4509
02:38:05,349 --> 02:38:03,920
we're just on one strand we're not on

4510
02:38:08,389 --> 02:38:05,359
the whole fabric yet

4511
02:38:11,349 --> 02:38:08,399
yeah you've got you've got between

4512
02:38:12,630 --> 02:38:11,359
our consciousness our body and what is

4513
02:38:15,590 --> 02:38:12,640

popping through here

4514

02:38:19,190 --> 02:38:15,600

used to say it's not all in one one web

4515

02:38:21,590 --> 02:38:19,200

well i asked lou about this right

4516

02:38:22,950 --> 02:38:21,600

an analogy that he loves using as a

4517

02:38:25,990 --> 02:38:22,960

cigarette analogy

4518

02:38:26,630 --> 02:38:26,000

or this um this uh not a cigarette but

4519

02:38:29,750 --> 02:38:26,640

like a

4520

02:38:30,710 --> 02:38:29,760

um a wick that's going to a stick of

4521

02:38:34,630 --> 02:38:30,720

dynamite

4522

02:38:36,389 --> 02:38:34,640

so the the the ash is the past

4523

02:38:38,070 --> 02:38:36,399

the un the unsmoked part of the

4524

02:38:39,110 --> 02:38:38,080

cigarette is everything that hasn't

4525

02:38:40,550 --> 02:38:39,120

happened yet

4526
02:38:42,950 --> 02:38:40,560
and then right in the middle you've got

4527
02:38:45,349 --> 02:38:42,960
the combustion point the cherry

4528
02:38:47,670 --> 02:38:45,359
and then when you start looking at this

4529
02:38:49,190 --> 02:38:47,680
cherry especially at a subatomic level

4530
02:38:53,110 --> 02:38:49,200
you'll notice

4531
02:38:56,950 --> 02:38:53,120
that it's not one clean burn you'll see

4532
02:38:59,510 --> 02:38:56,960
you'll see sparks happening in the ash

4533
02:39:00,630 --> 02:38:59,520
you'll see new sparks happening in parts

4534
02:39:02,309 --> 02:39:00,640
that aren't unlit

4535
02:39:04,230 --> 02:39:02,319
and then you've got this red cherry in

4536
02:39:06,070 --> 02:39:04,240
the middle but it's all metaphysical

4537
02:39:09,270 --> 02:39:06,080
it's all going in and out at the exact

4538
02:39:11,429 --> 02:39:09,280

same time it's all happening all at once

4539

02:39:12,309 --> 02:39:11,439

that's that's kind of what we're dealing

4540

02:39:16,870 --> 02:39:12,319

with here

4541

02:39:20,469 --> 02:39:18,950

time is another dimension so you got

4542

02:39:23,349 --> 02:39:20,479

height with depth then you got

4543

02:39:25,030 --> 02:39:23,359

time right okay and as far as we

4544

02:39:26,230 --> 02:39:25,040

understand as far as we understand it

4545

02:39:28,790 --> 02:39:26,240

right but this

4546

02:39:29,750 --> 02:39:28,800

idea that this cherry the now right here

4547

02:39:32,230 --> 02:39:29,760

right this second

4548

02:39:33,190 --> 02:39:32,240

sure is happening and it's also just

4549

02:39:34,790 --> 02:39:33,200

happened and so

4550

02:39:36,870 --> 02:39:34,800

where does that just happen go where

4551
02:39:39,830 --> 02:39:36,880
does that live and what about me

4552
02:39:41,750 --> 02:39:39,840
in the future like where i gotta meet my

4553
02:39:42,230 --> 02:39:41,760
words happening right now at some point

4554
02:40:14,389 --> 02:39:42,240
i

4555
02:40:17,910 --> 02:40:14,399
sales cyber mushrooms

4556
02:40:19,830 --> 02:40:17,920
i took way too much i think way too much

4557
02:40:21,590 --> 02:40:19,840
and i was on the ground and like

4558
02:40:24,469 --> 02:40:21,600
literally it felt like this just

4559
02:40:25,590 --> 02:40:24,479
intense it was so intense and i could i

4560
02:40:27,670 --> 02:40:25,600
see a solid in my

4561
02:40:29,349 --> 02:40:27,680
mind's eye like this download coming

4562
02:40:31,750 --> 02:40:29,359
into my head and it was too much

4563
02:40:33,429 --> 02:40:31,760

i started weeping yeah because it was

4564

02:40:35,429 --> 02:40:33,439

like holy i couldn't i couldn't handle

4565

02:40:38,790 --> 02:40:35,439

it alan that happened to me

4566

02:40:40,469 --> 02:40:38,800

three months ago um

4567

02:40:42,150 --> 02:40:40,479

right after the big phone home and i

4568

02:40:44,630 --> 02:40:42,160

really started visioning

4569

02:40:46,710 --> 02:40:44,640

what my show and where the future of

4570

02:40:48,309 --> 02:40:46,720

this was gonna start going

4571

02:40:50,710 --> 02:40:48,319

and that exact same thing happened to me

4572

02:40:53,830 --> 02:40:50,720

i just had a download of information

4573

02:40:54,870 --> 02:40:53,840

it was so intense you texted me i texted

4574

02:40:57,269 --> 02:40:54,880

it i texted you

4575

02:40:59,030 --> 02:40:57,279

i texted a bunch of recently he's like

4576

02:40:59,750 --> 02:40:59,040

what the hell is he saying to me right

4577

02:41:02,710 --> 02:40:59,760

now i

4578

02:41:03,349 --> 02:41:02,720

i couldn't louse i could not articulate

4579

02:41:06,630 --> 02:41:03,359

myself

4580

02:41:08,150 --> 02:41:06,640

sure i could not explain what was

4581

02:41:10,070 --> 02:41:08,160

happening in my head

4582

02:41:12,150 --> 02:41:10,080

to a point where my more my mom called

4583

02:41:14,230 --> 02:41:12,160

me i just broke down in tears because on

4584

02:41:15,030 --> 02:41:14,240

my mom i don't know how to explain to

4585

02:41:16,950 --> 02:41:15,040

you

4586

02:41:18,630 --> 02:41:16,960

what i'm feeling right now but it's like

4587

02:41:20,790 --> 02:41:18,640

i'm seeing the future

4588

02:41:22,630 --> 02:41:20,800

i've seen everything i saw everything

4589

02:41:23,590 --> 02:41:22,640

laid out i saw everything that was gonna

4590

02:41:26,950 --> 02:41:23,600

happen

4591

02:41:30,710 --> 02:41:26,960

and and it brought me a

4592

02:41:33,910 --> 02:41:30,720

immense sense of peace

4593

02:41:35,030 --> 02:41:33,920

primarily because i'm an actor as ryan

4594

02:41:38,309 --> 02:41:35,040

knows

4595

02:41:40,469 --> 02:41:38,319

you know my whole 40-year or 25-year

4596

02:41:42,550 --> 02:41:40,479

career has been working in restaurants

4597

02:41:43,190 --> 02:41:42,560

struggling to pay bills struggling to

4598

02:41:44,550 --> 02:41:43,200

know

4599

02:41:46,309 --> 02:41:44,560

where the next thing is going to come

4600

02:41:47,269 --> 02:41:46,319

from when the next gig is going to be

4601
02:41:51,429 --> 02:41:47,279
here

4602
02:41:54,630 --> 02:41:51,439
that worry that anxiety

4603
02:41:57,110 --> 02:41:54,640
i have not felt in three months i

4604
02:41:58,630 --> 02:41:57,120
probably will never feel it again that

4605
02:42:01,190 --> 02:41:58,640
part of me is gone

4606
02:42:03,349 --> 02:42:01,200
and it's gone because i've got this

4607
02:42:06,150 --> 02:42:03,359
download i've got this inspiration i

4608
02:42:08,950 --> 02:42:06,160
see the path as i was telling you ryan i

4609
02:42:11,910 --> 02:42:08,960
see the matrix like i see the code

4610
02:42:12,389 --> 02:42:11,920
um it's so simple to navigate it's like

4611
02:42:15,349 --> 02:42:12,399
neo

4612
02:42:17,269 --> 02:42:15,359
at the end of the movie it's like oh

4613
02:42:20,710 --> 02:42:17,279

this is what it is

4614

02:42:21,670 --> 02:42:20,720

and it's real inspiration is not an

4615

02:42:24,630 --> 02:42:21,680

original

4616

02:42:27,030 --> 02:42:24,640

thought you don't come up with this [h__h]

4617

02:42:29,030 --> 02:42:27,040

it's given to you

4618

02:42:30,550 --> 02:42:29,040

yeah are you familiar with uh david

4619

02:42:32,790 --> 02:42:30,560

lynch in his transcendental

4620

02:42:34,469 --> 02:42:32,800

meditation because he says things very

4621

02:42:37,510 --> 02:42:34,479

similar to what you're saying right now

4622

02:42:39,510 --> 02:42:37,520

i david lynch the director mm-hmm

4623

02:42:41,349 --> 02:42:39,520

i no i have not heard him talk about

4624

02:42:44,870 --> 02:42:41,359

this but you know what

4625

02:42:46,469 --> 02:42:44,880

you know his shows are the spitting

4626
02:42:47,910 --> 02:42:46,479
image of what i'm talking about and

4627
02:42:49,670 --> 02:42:47,920
that's what yeah like i think i need

4628
02:42:51,429 --> 02:42:49,680
i need to go back and watch his films

4629
02:42:52,550 --> 02:42:51,439
because i remember watching david lynch

4630
02:42:54,469 --> 02:42:52,560
going what the

4631
02:42:55,990 --> 02:42:54,479
what is this i highly recommend it

4632
02:42:57,190 --> 02:42:56,000
because they do make sense

4633
02:42:59,190 --> 02:42:57,200
and i could get into that and that's a

4634
02:43:00,710 --> 02:42:59,200
whole other topic but yeah going back to

4635
02:43:01,830 --> 02:43:00,720
what you're saying earlier it sounds a

4636
02:43:03,830 --> 02:43:01,840
lot like that

4637
02:43:05,750 --> 02:43:03,840
that classic argument the philosophy

4638
02:43:06,230 --> 02:43:05,760

between emmanuel kant and nietzsche

4639

02:43:07,990 --> 02:43:06,240

where

4640

02:43:09,990 --> 02:43:08,000

kant says i think therefore i am and

4641

02:43:11,510 --> 02:43:10,000

nietzsche says well that's presumptuous

4642

02:43:12,070 --> 02:43:11,520

thinking that your thoughts are coming

4643

02:43:14,950 --> 02:43:12,080

from

4644

02:43:15,750 --> 02:43:14,960

you as you perceive yourself right as

4645

02:43:17,670 --> 02:43:15,760

like

4646

02:43:19,670 --> 02:43:17,680

so again that i mean maybe this lends

4647

02:43:23,750 --> 02:43:19,680

credibility to the whole phenomenon

4648

02:43:25,590 --> 02:43:23,760

is conscious related and if so

4649

02:43:27,510 --> 02:43:25,600

then we need to take science down off

4650

02:43:28,630 --> 02:43:27,520

this pedestal that a lot of people say

4651
02:43:30,150 --> 02:43:28,640
because

4652
02:43:31,750 --> 02:43:30,160
that's that is a realm that science

4653
02:43:34,950 --> 02:43:31,760
doesn't touch unfortunately

4654
02:43:37,190 --> 02:43:34,960
so it's not it's not the end science

4655
02:43:39,590 --> 02:43:37,200
needs to start looking toward the fringe

4656
02:43:40,469 --> 02:43:39,600
sure yeah but science is uh is a

4657
02:43:43,110 --> 02:43:40,479
heuristic

4658
02:43:45,030 --> 02:43:43,120
right so yeah if if i want to go fix my

4659
02:43:47,510 --> 02:43:45,040
car i'm not going to use a hammer

4660
02:43:49,910 --> 02:43:47,520
right that's that's my thought i'm right

4661
02:43:53,429 --> 02:43:49,920
right two things two things guys

4662
02:43:55,110 --> 02:43:53,439
um first of all all of you should be

4663
02:43:56,230 --> 02:43:55,120

working for bob bigelow and his

4664

02:43:58,870 --> 02:43:56,240

consciousness

4665

02:44:00,550 --> 02:43:58,880

company um because there you go there's

4666

02:44:03,750 --> 02:44:00,560

someone who does want to

4667

02:44:04,230 --> 02:44:03,760

involve these things into it um avi loeb

4668

02:44:07,110 --> 02:44:04,240

as well

4669

02:44:09,510 --> 02:44:07,120

but my question for you guys is uh

4670

02:44:11,110 --> 02:44:09,520

elizondo was recently on an interview

4671

02:44:15,110 --> 02:44:11,120

theory of everything where

4672

02:44:16,950 --> 02:44:15,120

the they asked him what would people do

4673

02:44:18,389 --> 02:44:16,960

if they knew the things you were privy

4674

02:44:21,510 --> 02:44:18,399

to and some of these people

4675

02:44:23,910 --> 02:44:21,520

and his answer was terrifying

4676

02:44:25,750 --> 02:44:23,920

sad beautiful remember um did you guys

4677

02:44:26,070 --> 02:44:25,760

see that interview and what did you make

4678

02:44:28,309 --> 02:44:26,080

of

4679

02:44:29,830 --> 02:44:28,319

his response which was along the lines

4680

02:44:31,590 --> 02:44:29,840

of oh i don't even

4681

02:44:33,830 --> 02:44:31,600

you give me your interpretation let's go

4682

02:44:36,469 --> 02:44:33,840

with um let's go with travis first

4683

02:44:38,070 --> 02:44:36,479

did you happen to catch that man um i'm

4684

02:44:40,230 --> 02:44:38,080

trying to remember i've watched so much

4685

02:44:41,670 --> 02:44:40,240

so many interviews i know we all have i

4686

02:44:44,950 --> 02:44:41,680

know so basically

4687

02:44:45,990 --> 02:44:44,960

yes what would how would the public

4688

02:44:48,070 --> 02:44:46,000

react if they knew

4689

02:44:50,150 --> 02:44:48,080

what you found out and what some of

4690

02:44:52,710 --> 02:44:50,160

these people actually know in the higher

4691

02:44:53,990 --> 02:44:52,720

upper echelons um and he had some really

4692

02:44:56,230 --> 02:44:54,000

interesting answers

4693

02:44:57,670 --> 02:44:56,240

right you know i think people would

4694

02:44:58,950 --> 02:44:57,680

start to look at life a lot different

4695

02:45:01,830 --> 02:44:58,960

for one

4696

02:45:02,870 --> 02:45:01,840

right i mean i mean seriously everyone's

4697

02:45:06,309 --> 02:45:02,880

so stuck

4698

02:45:07,910 --> 02:45:06,319

in their own little day-to-day uh

4699

02:45:09,510 --> 02:45:07,920

you know we all have our own things

4700

02:45:11,750 --> 02:45:09,520

right yeah

4701
02:45:13,190 --> 02:45:11,760
but uh we we never really look at the

4702
02:45:15,110 --> 02:45:13,200
big picture

4703
02:45:16,790 --> 02:45:15,120
like where we're really going what's

4704
02:45:18,630 --> 02:45:16,800
really going on

4705
02:45:20,309 --> 02:45:18,640
and i think it would scare the [h__h] out

4706
02:45:22,630 --> 02:45:20,319
of people to be true

4707
02:45:24,630 --> 02:45:22,640
but totally i'll just leave it at that i

4708
02:45:26,870 --> 02:45:24,640
i don't want to expand too much

4709
02:45:28,230 --> 02:45:26,880
okay um what do you think invisible

4710
02:45:31,429 --> 02:45:28,240
night school

4711
02:45:33,590 --> 02:45:31,439
i think that half the people would just

4712
02:45:35,110 --> 02:45:33,600
deny it you know what i mean like look

4713
02:45:38,150 --> 02:45:35,120

at people's reactions to

4714

02:45:40,389 --> 02:45:38,160

coving i i i

4715

02:45:41,670 --> 02:45:40,399

yeah right so there'd be a lot of

4716

02:45:42,550 --> 02:45:41,680

cognitive dissonance there's a lot of

4717

02:45:43,349 --> 02:45:42,560

people who wouldn't do it and there's a

4718

02:45:45,750 --> 02:45:43,359

lot of people i think

4719

02:45:47,750 --> 02:45:45,760

that probably wouldn't take the effort

4720

02:45:49,910 --> 02:45:47,760

to grasp it because

4721

02:45:51,750 --> 02:45:49,920

the impression that i got from that line

4722

02:45:54,950 --> 02:45:51,760

is that

4723

02:45:58,230 --> 02:45:54,960

our concept of what reality is

4724

02:46:00,309 --> 02:45:58,240

is probably not the full picture if not

4725

02:46:02,630 --> 02:46:00,319

based incorrectly i mentioned i

4726
02:46:04,070 --> 02:46:02,640
mentioned like the uh the tyconian solar

4727
02:46:05,190 --> 02:46:04,080
system model and before that the

4728
02:46:07,590 --> 02:46:05,200
ptolemaic

4729
02:46:08,710 --> 02:46:07,600
those were systems that the sun moved

4730
02:46:10,550 --> 02:46:08,720
around the earth obviously

4731
02:46:12,469 --> 02:46:10,560
but mathematically it predicted a lot of

4732
02:46:14,230 --> 02:46:12,479
things until we reached like

4733
02:46:15,670 --> 02:46:14,240
the path of neptune it didn't correctly

4734
02:46:18,070 --> 02:46:15,680
do that but

4735
02:46:19,910 --> 02:46:18,080
to all observers like yeah this system

4736
02:46:21,590 --> 02:46:19,920
makes perfect sense right

4737
02:46:24,070 --> 02:46:21,600
it's predicting mars it's predicting the

4738
02:46:25,429 --> 02:46:24,080

sun and the moon it fits

4739

02:46:26,870 --> 02:46:25,439

but it was completely wrong and we

4740

02:46:27,429 --> 02:46:26,880

didn't realize that until kepler came

4741

02:46:28,630 --> 02:46:27,439

around

4742

02:46:30,070 --> 02:46:28,640

came along and discovered that the

4743

02:46:31,190 --> 02:46:30,080

orbits of the planets were ellipses

4744

02:46:34,550 --> 02:46:31,200

right

4745

02:46:36,309 --> 02:46:34,560

i maybe what we know now maybe the whole

4746

02:46:38,070 --> 02:46:36,319

foundation of what we know now

4747

02:46:39,429 --> 02:46:38,080

is that tyconian system and we're

4748

02:46:42,309 --> 02:46:39,439

waiting for a kepler

4749

02:46:43,830 --> 02:46:42,319

so like everything like the way we

4750

02:46:46,790 --> 02:46:43,840

experience reality right our

4751

02:46:48,710 --> 02:46:46,800

our consciences are making models in our

4752

02:46:50,230 --> 02:46:48,720

mind of what we're observing it's not

4753

02:46:52,070 --> 02:46:50,240

one-to-one

4754

02:46:54,150 --> 02:46:52,080

so like who who knows what we don't have

4755

02:46:54,950 --> 02:46:54,160

the sensory organs to observe in the

4756

02:46:56,630 --> 02:46:54,960

first place

4757

02:46:58,070 --> 02:46:56,640

right there's so much stuff that's

4758

02:47:00,630 --> 02:46:58,080

limited by our

4759

02:47:01,190 --> 02:47:00,640

current paradigms our current model of

4760

02:47:03,269 --> 02:47:01,200

learning that

4761

02:47:05,190 --> 02:47:03,279

we learn through school and stuff like

4762

02:47:07,910 --> 02:47:05,200

that and it could just be all

4763

02:47:09,590 --> 02:47:07,920

not necessarily wrong but you know

4764

02:47:10,870 --> 02:47:09,600

slightly misguided or slightly off and

4765

02:47:13,830 --> 02:47:10,880

we're missing a key piece

4766

02:47:14,790 --> 02:47:13,840

what you mean yeah it's it's it could be

4767

02:47:16,950 --> 02:47:14,800

completely huge

4768

02:47:17,830 --> 02:47:16,960

and life-shattering for a lot of people

4769

02:47:19,269 --> 02:47:17,840

but

4770

02:47:21,030 --> 02:47:19,279

i don't know i like to give people a

4771

02:47:21,670 --> 02:47:21,040

little more credit i like people could

4772

02:47:23,590 --> 02:47:21,680

handle that

4773

02:47:25,110 --> 02:47:23,600

right i think i could handle it i agree

4774

02:47:27,190 --> 02:47:25,120

i agree with you on that i think

4775

02:47:29,110 --> 02:47:27,200

there's always this notion that once

4776
02:47:30,870 --> 02:47:29,120
some big disclosure happened or we did

4777
02:47:33,030 --> 02:47:30,880
learn definitively

4778
02:47:34,389 --> 02:47:33,040
alien civilizations exist they've been

4779
02:47:36,309 --> 02:47:34,399
here that um

4780
02:47:37,750 --> 02:47:36,319
you know the whole war of the world's

4781
02:47:38,230 --> 02:47:37,760
[h__\h] that like that's not gonna

4782
02:47:41,030 --> 02:47:38,240
happen um

4783
02:47:41,429 --> 02:47:41,040
people would go mad and pandemonium and

4784
02:47:43,190 --> 02:47:41,439
look

4785
02:47:44,950 --> 02:47:43,200
we went through and we're still going

4786
02:47:52,469 --> 02:47:44,960
through the worst

4787
02:47:56,469 --> 02:47:54,950
which a lot of people take as a fact

4788
02:47:57,750 --> 02:47:56,479

there's a large group of people who

4789

02:47:59,750 --> 02:47:57,760

don't i mean

4790

02:48:01,510 --> 02:47:59,760

yep that's fine they will no people will

4791

02:48:03,429 --> 02:48:01,520

process it in all their own ways but i

4792

02:48:07,030 --> 02:48:03,439

don't think anyone's gonna like explode

4793

02:48:07,429 --> 02:48:07,040

so yeah this is more of a paradigm shift

4794

02:48:10,389 --> 02:48:07,439

for

4795

02:48:12,230 --> 02:48:10,399

science this is the this is uh the

4796

02:48:14,150 --> 02:48:12,240

galileo moment you know the moment that

4797

02:48:16,070 --> 02:48:14,160

galileo looks through the telescope

4798

02:48:18,550 --> 02:48:16,080

right and he sees round planets and a

4799

02:48:20,870 --> 02:48:18,560

sun and oh [h__h] we revolve around

4800

02:48:21,670 --> 02:48:20,880

it it doesn't revolve around us i got to

4801
02:48:24,790 --> 02:48:21,680
show people

4802
02:48:25,590 --> 02:48:24,800
so who does he call the church and what

4803
02:48:28,150 --> 02:48:25,600
happens

4804
02:48:30,469 --> 02:48:28,160
the church shows up at the telescope and

4805
02:48:32,630 --> 02:48:30,479
and they listen to his presentation

4806
02:48:34,309 --> 02:48:32,640
and then the church him well yeah no but

4807
02:48:36,309 --> 02:48:34,319
it's not even so much burn him it was

4808
02:48:37,590 --> 02:48:36,319
it was you know hey look this is what's

4809
02:48:38,630 --> 02:48:37,600
happening just look through the

4810
02:48:41,269 --> 02:48:38,640
telescope

4811
02:48:42,710 --> 02:48:41,279
and the church is like no we're not

4812
02:48:44,309 --> 02:48:42,720
looking through the telescope

4813
02:48:46,550 --> 02:48:44,319

as a matter of fact you're on house

4814

02:48:48,469 --> 02:48:46,560

arrest don't talk about this again

4815

02:48:49,830 --> 02:48:48,479

you know so like i think that's kind of

4816

02:48:50,550 --> 02:48:49,840

what's happening right now right now

4817

02:48:52,550 --> 02:48:50,560

we're

4818

02:48:53,990 --> 02:48:52,560

but the the good thing is science can't

4819

02:48:55,349 --> 02:48:54,000

put us on house arrest

4820

02:48:57,349 --> 02:48:55,359

it's they're gonna be forced we're

4821

02:48:59,590 --> 02:48:57,359

literally forcing them their face

4822

02:49:01,670 --> 02:48:59,600

to the telescope and saying just it's

4823

02:49:03,510 --> 02:49:01,680

all it's almost like that

4824

02:49:05,750 --> 02:49:03,520

that fight and they live where he's like

4825

02:49:07,830 --> 02:49:05,760

put on the goddamn glasses

4826
02:49:10,230 --> 02:49:07,840
just look through the telescope you know

4827
02:49:10,790 --> 02:49:10,240
like we're gonna have a 20-minute street

4828
02:49:12,550 --> 02:49:10,800
fight

4829
02:49:14,469 --> 02:49:12,560
just for you to put on these glasses

4830
02:49:15,429 --> 02:49:14,479
just put them on that is a beautiful

4831
02:49:19,510 --> 02:49:15,439
that's the one with uh

4832
02:49:20,469 --> 02:49:19,520
roddy i still have to see it i still

4833
02:49:23,190 --> 02:49:20,479
have to see it

4834
02:49:24,950 --> 02:49:23,200
well one thing guys um i know i know

4835
02:49:26,950 --> 02:49:24,960
watch party

4836
02:49:28,710 --> 02:49:26,960
i'm doing it today so we're going up on

4837
02:49:30,550 --> 02:49:28,720
the three hour mark and i do believe i

4838
02:49:31,670 --> 02:49:30,560

have the limited stream yard that will

4839

02:49:34,950 --> 02:49:31,680

cut off after that

4840

02:49:39,110 --> 02:49:34,960

it comes from four oh four okay well

4841

02:49:42,630 --> 02:49:41,190

that being said um alan i do want to get

4842

02:49:44,469 --> 02:49:42,640

your final thoughts on

4843

02:49:46,790 --> 02:49:44,479

that and then i'm gonna ask each of you

4844

02:49:49,670 --> 02:49:46,800

guys one more question after that

4845

02:49:51,110 --> 02:49:49,680

um so before we do that thank you guys

4846

02:49:53,349 --> 02:49:51,120

for hopping in i truly thank you

4847

02:49:55,269 --> 02:49:53,359

truly appreciate your support and for

4848

02:49:56,070 --> 02:49:55,279

coming spending some time with us so

4849

02:49:57,670 --> 02:49:56,080

ellen yeah

4850

02:49:59,349 --> 02:49:57,680

if you want to remark on that last thing

4851
02:50:01,510 --> 02:49:59,359
there with elizondo's

4852
02:50:02,389 --> 02:50:01,520
you know kind of profound answer to that

4853
02:50:03,990 --> 02:50:02,399
question

4854
02:50:05,349 --> 02:50:04,000
yeah i think the mystery for me is if

4855
02:50:06,710 --> 02:50:05,359
you're practically right down the street

4856
02:50:08,230 --> 02:50:06,720
how come you have so much more light

4857
02:50:10,710 --> 02:50:08,240
than i do

4858
02:50:12,790 --> 02:50:10,720
i know oh my god ellen people don't know

4859
02:50:13,590 --> 02:50:12,800
alan and i literally live within blocks

4860
02:50:15,670 --> 02:50:13,600
of each other

4861
02:50:17,269 --> 02:50:15,680
here in new york city so that's a

4862
02:50:18,630 --> 02:50:17,279
mystery in itself but that's a mystery

4863
02:50:20,550 --> 02:50:18,640

in itself i know man

4864

02:50:21,830 --> 02:50:20,560

so yeah okay so i want to bring this

4865

02:50:25,030 --> 02:50:21,840

back to the report

4866

02:50:26,790 --> 02:50:25,040

i think i think my

4867

02:50:29,110 --> 02:50:26,800

my takeaway that i think is the most

4868

02:50:31,349 --> 02:50:29,120

positive of the whole report

4869

02:50:32,230 --> 02:50:31,359

is not the other that people are really

4870

02:50:33,750 --> 02:50:32,240

excited about

4871

02:50:36,230 --> 02:50:33,760

to me that's that's no different than

4872

02:50:37,670 --> 02:50:36,240

stanton friedman's the gray basket

4873

02:50:38,870 --> 02:50:37,680

it's kind of like i don't have enough

4874

02:50:40,870 --> 02:50:38,880

information don't know what it is let's

4875

02:50:43,990 --> 02:50:40,880

put it over here

4876
02:50:44,469 --> 02:50:44,000
but there is a finite number of reports

4877
02:50:47,910 --> 02:50:44,479
that

4878
02:50:49,910 --> 02:50:47,920
are legitimately unexplained

4879
02:50:50,950 --> 02:50:49,920
based on the radar data that they have

4880
02:50:53,429 --> 02:50:50,960
the eyewitness

4881
02:50:54,469 --> 02:50:53,439
witness data that they have um and so

4882
02:50:57,990 --> 02:50:54,479
what they're saying

4883
02:51:01,190 --> 02:50:58,000
is we need to maybe create

4884
02:51:04,630 --> 02:51:01,200
better tools to analyze this

4885
02:51:06,150 --> 02:51:04,640
so that means they are all in now

4886
02:51:08,550 --> 02:51:06,160
i was disappointed that they didn't at

4887
02:51:10,230 --> 02:51:08,560
least give us one case study

4888
02:51:12,150 --> 02:51:10,240

in the right because it's otherwise it's

4889

02:51:13,269 --> 02:51:12,160

not really a report right it's it's just

4890

02:51:17,030 --> 02:51:13,279

like a

4891

02:51:18,150 --> 02:51:17,040

an overview yeah and so but i think it's

4892

02:51:20,070 --> 02:51:18,160

a positive thing i

4893

02:51:21,510 --> 02:51:20,080

really do and i think that that they

4894

02:51:23,190 --> 02:51:21,520

want to bring all this data from all

4895

02:51:25,110 --> 02:51:23,200

these different agencies together who

4896

02:51:27,750 --> 02:51:25,120

knows how much they have already

4897

02:51:29,910 --> 02:51:27,760

um that's important and i don't think

4898

02:51:32,870 --> 02:51:29,920

it's a limited to 2004.

4899

02:51:33,429 --> 02:51:32,880

so sure they might be struggling with

4900

02:51:37,110 --> 02:51:33,439

the

4901
02:51:38,150 --> 02:51:37,120
getting data but someone might

4902
02:51:40,469 --> 02:51:38,160
might say you know what we have this

4903
02:51:42,950 --> 02:51:40,479
report from 1985.

4904
02:51:43,670 --> 02:51:42,960
take this we had this report from 1992.

4905
02:51:47,510 --> 02:51:43,680
take a look

4906
02:51:50,309 --> 02:51:47,520
project blue book

4907
02:51:52,150 --> 02:51:50,319
the tools that we have um and just

4908
02:51:54,630 --> 02:51:52,160
overall knowledge of what's going on in

4909
02:51:56,469 --> 02:51:54,640
the skies right our pilots

4910
02:51:59,190 --> 02:51:56,479
um have a different level of training

4911
02:52:02,469 --> 02:51:59,200
than they did in the 50s or 40s and 60s

4912
02:52:04,230 --> 02:52:02,479
i think that the the the

4913
02:52:05,510 --> 02:52:04,240

material that we're studying that we're

4914

02:52:08,790 --> 02:52:05,520

working with

4915

02:52:11,750 --> 02:52:08,800

is more solid than what you would get

4916

02:52:12,710 --> 02:52:11,760

from that broad civilian slash military

4917

02:52:15,590 --> 02:52:12,720

study that was the

4918

02:52:17,510 --> 02:52:15,600

project blue book so i'm more excited

4919

02:52:19,269 --> 02:52:17,520

about this because i think that

4920

02:52:20,630 --> 02:52:19,279

we have much more solid data to work

4921

02:52:22,550 --> 02:52:20,640

with just to start

4922

02:52:24,469 --> 02:52:22,560

and now we have the open-mindedness to

4923

02:52:27,269 --> 02:52:24,479

say we've got good data

4924

02:52:28,870 --> 02:52:27,279

and we still want more and so i'm i'm

4925

02:52:30,790 --> 02:52:28,880

all in on the report so far

4926

02:52:32,150 --> 02:52:30,800

i love that man that actually bled into

4927

02:52:34,230 --> 02:52:32,160

my last question

4928

02:52:36,389 --> 02:52:34,240

for you guys so alan i'm actually gonna

4929

02:52:37,110 --> 02:52:36,399

um i'm gonna boot you out my man so that

4930

02:52:38,630 --> 02:52:37,120

we uh

4931

02:52:40,870 --> 02:52:38,640

we get everything but thank you brother

4932

02:52:42,630 --> 02:52:40,880

thank you let's grab a coffee or beer

4933

02:52:46,469 --> 02:52:42,640

maybe later this afternoon all right

4934

02:52:48,790 --> 02:52:46,479

okay take care all right thanks buddy

4935

02:52:50,710 --> 02:52:48,800

awesome so my last question guys and

4936

02:52:51,590 --> 02:52:50,720

ellen did such a beautiful job of kind

4937

02:52:53,429 --> 02:52:51,600

of um

4938

02:52:55,110 --> 02:52:53,439

summarizing what i want from uh the

4939

02:52:58,389 --> 02:52:55,120

three of you guys before we go here

4940

02:53:00,469 --> 02:52:58,399

so travis we'll start with you my man um

4941

02:53:02,070 --> 02:53:00,479

what do you what it what is the most

4942

02:53:05,110 --> 02:53:02,080

important thing you took

4943

02:53:05,750 --> 02:53:05,120

from this report coming out and what do

4944

02:53:10,230 --> 02:53:05,760

you hope

4945

02:53:12,550 --> 02:53:10,240

comes next for the ufo topic

4946

02:53:13,349 --> 02:53:12,560

well excuse me i think the most

4947

02:53:16,070 --> 02:53:13,359

important thing

4948

02:53:18,150 --> 02:53:16,080

was that it's finally being acknowledged

4949

02:53:20,469 --> 02:53:18,160

that these things are real

4950

02:53:22,389 --> 02:53:20,479

whatever it is whatever it may be

4951
02:53:24,550 --> 02:53:22,399
whether it's extraterrestrial

4952
02:53:25,830 --> 02:53:24,560
you know inter-terrestrial consciousness

4953
02:53:29,269 --> 02:53:25,840
whatever it is

4954
02:53:33,030 --> 02:53:29,279
at least now it's not on the fringe okay

4955
02:53:35,990 --> 02:53:33,040
at least now that we we can let pilots

4956
02:53:36,870 --> 02:53:36,000
um whether it's military whether it's

4957
02:53:39,990 --> 02:53:36,880
civilian

4958
02:53:40,950 --> 02:53:40,000
aircraft at least they can feel good

4959
02:53:42,790 --> 02:53:40,960
about

4960
02:53:43,990 --> 02:53:42,800
turning these things in and saying hey

4961
02:53:47,110 --> 02:53:44,000
what is this

4962
02:53:50,150 --> 02:53:47,120
what almost hit us um yeah

4963
02:53:52,790 --> 02:53:50,160

people won't be so uh

4964

02:53:54,150 --> 02:53:52,800

you know they won't feel so shy or feel

4965

02:53:54,950 --> 02:53:54,160

like they're going to be ridiculed and

4966

02:54:01,510 --> 02:53:54,960

have their

4967

02:54:02,309 --> 02:54:01,520

spoke up and and another thing i think

4968

02:54:04,790 --> 02:54:02,319

that's important

4969

02:54:05,990 --> 02:54:04,800

is that i think i think the timing on

4970

02:54:09,190 --> 02:54:06,000

this disclosure well

4971

02:54:10,710 --> 02:54:09,200

this nine page disclosure was pretty it

4972

02:54:12,790 --> 02:54:10,720

was pretty good because you think about

4973

02:54:14,710 --> 02:54:12,800

what we just went through with gold

4974

02:54:17,750 --> 02:54:14,720

the divisiveness in this country right

4975

02:54:20,870 --> 02:54:17,760

now what's going on across the world but

4976
02:54:21,750 --> 02:54:20,880
really in this country we've got blue

4977
02:54:23,670 --> 02:54:21,760
versus red

4978
02:54:25,110 --> 02:54:23,680
everyone you know these guys are right

4979
02:54:27,590 --> 02:54:25,120
these guys are wrong

4980
02:54:28,790 --> 02:54:27,600
i think that this disclosure what little

4981
02:54:31,510 --> 02:54:28,800
it may be

4982
02:54:33,349 --> 02:54:31,520
is just enough to push us back together

4983
02:54:36,150 --> 02:54:33,359
just a little bit

4984
02:54:36,550 --> 02:54:36,160
just a little and i think the timing was

4985
02:54:40,070 --> 02:54:36,560
just

4986
02:54:41,830 --> 02:54:40,080
right and it gets people's minds think

4987
02:54:45,190 --> 02:54:41,840
wait a minute there is more to this

4988
02:54:47,910 --> 02:54:45,200

than blue states red states and

4989

02:54:49,429 --> 02:54:47,920

we need to we need to really think about

4990

02:54:51,269 --> 02:54:49,439

just kind of what president reagan said

4991

02:54:55,190 --> 02:54:51,279

what if there was an alien threat

4992

02:54:57,349 --> 02:54:55,200

right we all come together and i think

4993

02:54:59,429 --> 02:54:57,359

i think that's a lot of why this came

4994

02:55:02,469 --> 02:54:59,439

out truthfully

4995

02:55:04,950 --> 02:55:02,479

i i love that this is a bipartisan issue

4996

02:55:08,389 --> 02:55:04,960

and a bipartisan curiosity

4997

02:55:10,870 --> 02:55:08,399

it defies every thing we know it defies

4998

02:55:14,070 --> 02:55:10,880

religion it defies language it defies

4999

02:55:14,870 --> 02:55:14,080

politics it defies science a lot of the

5000

02:55:17,269 --> 02:55:14,880

times as well

5001

02:55:18,870 --> 02:55:17,279

absolutely i think again that's why i

5002

02:55:20,870 --> 02:55:18,880

love this topic so much

5003

02:55:23,349 --> 02:55:20,880

and that's why i love that you guys like

5004

02:55:26,309 --> 02:55:23,359

take this journey with me every week or

5005

02:55:26,870 --> 02:55:26,319

whatever so my work i truly appreciate

5006

02:55:28,630 --> 02:55:26,880

that

5007

02:55:30,469 --> 02:55:28,640

and i love hearing from you guys about

5008

02:55:33,349 --> 02:55:30,479

this because it makes me feel

5009

02:55:35,110 --> 02:55:33,359

um i'm gonna get all emotional it makes

5010

02:55:38,469 --> 02:55:35,120

me feel like

5011

02:55:40,950 --> 02:55:38,479

these two decades of my life that i've

5012

02:55:42,469 --> 02:55:40,960

given to this topic have been worth it

5013

02:55:44,469 --> 02:55:42,479

and that there's other people out there

5014

02:55:47,190 --> 02:55:44,479

no matter your race your color your

5015

02:55:49,269 --> 02:55:47,200

sexual orientation whatever that are

5016

02:55:50,230 --> 02:55:49,279

just as interested as i am in finding

5017

02:55:52,469 --> 02:55:50,240

answers so

5018

02:55:53,670 --> 02:55:52,479

i love that man i really love it thank

5019

02:55:55,590 --> 02:55:53,680

you thank you

5020

02:55:57,510 --> 02:55:55,600

i'm gonna i'm gonna boot you out my man

5021

02:56:00,150 --> 02:55:57,520

after giving us that beautiful uh

5022

02:56:01,590 --> 02:56:00,160

observation you're out of here thank you

5023

02:56:03,510 --> 02:56:01,600

so much for coming in

5024

02:56:06,070 --> 02:56:03,520

hey thanks for all you do see you guys

5025

02:56:08,950 --> 02:56:06,080

thank you thank you

5026

02:56:11,349 --> 02:56:08,960

all right and then there were three

5027

02:56:11,910 --> 02:56:11,359

invisible night school let's go my man

5028

02:56:13,910 --> 02:56:11,920

my name's

5029

02:56:15,190 --> 02:56:13,920

nick by the way okay i wasn't sure if

5030

02:56:17,269 --> 02:56:15,200

you wanted me to reveal that

5031

02:56:18,550 --> 02:56:17,279

it doesn't matter i like it i love it

5032

02:56:20,230 --> 02:56:18,560

okay so what do you think

5033

02:56:21,590 --> 02:56:20,240

take away important takeaways from the

5034

02:56:23,750 --> 02:56:21,600

report two things

5035

02:56:24,710 --> 02:56:23,760

uh one i like that it was written in a

5036

02:56:28,070 --> 02:56:24,720

way

5037

02:56:29,349 --> 02:56:28,080

that would kind of fire up congressman

5038

02:56:31,990 --> 02:56:29,359

you know what i mean congress people

5039

02:56:32,630 --> 02:56:32,000

yeah uh by by issuing like hey this is a

5040

02:56:35,269 --> 02:56:32,640

threat

5041

02:56:35,670 --> 02:56:35,279

this uh is happening in our aerospace

5042

02:56:38,150 --> 02:56:35,680

because

5043

02:56:38,950 --> 02:56:38,160

that's going to push legislation to fund

5044

02:56:41,269 --> 02:56:38,960

this right

5045

02:56:43,269 --> 02:56:41,279

and that's what we want hypothetically

5046

02:56:44,790 --> 02:56:43,279

um and the second big one

5047

02:56:46,389 --> 02:56:44,800

and it's stuff we touched on just a

5048

02:56:48,230 --> 02:56:46,399

moment ago the kind of like out there

5049

02:56:49,910 --> 02:56:48,240

stuff the uh the language that they use

5050

02:56:51,269 --> 02:56:49,920

they said

5051
02:56:53,429 --> 02:56:51,279
our current understanding our current

5052
02:56:56,309 --> 02:56:53,439
science might not be up to the task

5053
02:56:57,590 --> 02:56:56,319
and just that that's in a report that

5054
02:57:00,630 --> 02:56:57,600
came from the us government

5055
02:57:01,429 --> 02:57:00,640
is incredible in in my opinion because

5056
02:57:03,510 --> 02:57:01,439
like

5057
02:57:05,110 --> 02:57:03,520
the stuff i was talking about yeah i'm

5058
02:57:06,469 --> 02:57:05,120
i'm getting into that i'm accepting

5059
02:57:09,510 --> 02:57:06,479
these things but it is

5060
02:57:11,349 --> 02:57:09,520
out there and i'll admit it but uh put

5061
02:57:13,910 --> 02:57:11,359
that idea out there to more people

5062
02:57:14,950 --> 02:57:13,920
because these things aren't explicitly

5063
02:57:17,510 --> 02:57:14,960

little

5064

02:57:18,790 --> 02:57:17,520

people inside vehicles necessarily

5065

02:57:20,710 --> 02:57:18,800

because that is a

5066

02:57:23,429 --> 02:57:20,720

human construct you know what i mean so

5067

02:57:25,750 --> 02:57:23,439

absolutely open open up those doors

5068

02:57:26,710 --> 02:57:25,760

make room for creativity in this field

5069

02:57:29,670 --> 02:57:26,720

because

5070

02:57:31,190 --> 02:57:29,680

honestly over the past 70 years ufology

5071

02:57:32,870 --> 02:57:31,200

we've been collecting

5072

02:57:34,710 --> 02:57:32,880

oh what was the size and shape of the

5073

02:57:36,630 --> 02:57:34,720

object how far away was it like what do

5074

02:57:38,550 --> 02:57:36,640

we do with that information

5075

02:57:39,830 --> 02:57:38,560

nothing i don't know right exactly not

5076

02:57:42,309 --> 02:57:39,840

yet at least not yet

5077

02:57:43,429 --> 02:57:42,319

sure i think we need to be taking you

5078

02:57:45,670 --> 02:57:43,439

know

5079

02:57:46,550 --> 02:57:45,680

an array of different approaches looking

5080

02:57:50,150 --> 02:57:46,560

at cases

5081

02:57:53,510 --> 02:57:50,160

current ones and historical ones um

5082

02:57:55,429 --> 02:57:53,520

yeah that's about it awesome and no i

5083

02:57:57,830 --> 02:57:55,439

i agree with everything you said i think

5084

02:58:00,469 --> 02:57:57,840

you know i believe it was um

5085

02:58:02,150 --> 02:58:00,479

hawking's before he died said something

5086

02:58:04,710 --> 02:58:02,160

to the effect of um

5087

02:58:05,910 --> 02:58:04,720

you know philosophy is dead like the way

5088

02:58:08,150 --> 02:58:05,920

to move forward is

5089

02:58:10,070 --> 02:58:08,160

through science and science blah blah

5090

02:58:10,950 --> 02:58:10,080

and look the guy's a freaking genius i'm

5091

02:58:12,550 --> 02:58:10,960

not gonna true

5092

02:58:14,150 --> 02:58:12,560

you know disparage him or argue with him

5093

02:58:18,389 --> 02:58:14,160

but i would argue

5094

02:58:22,309 --> 02:58:18,399

that philosophy is dead i think we truly

5095

02:58:23,990 --> 02:58:22,319

i yeah we we i think we need it though

5096

02:58:26,389 --> 02:58:24,000

i think there's a place for it i think

5097

02:58:27,349 --> 02:58:26,399

absolutely people who are willing to

5098

02:58:30,389 --> 02:58:27,359

challenge

5099

02:58:32,150 --> 02:58:30,399

science and say keep going see what

5100

02:58:33,590 --> 02:58:32,160

happens if you go a little bit further

5101

02:58:36,070 --> 02:58:33,600

with that instead of saying

5102

02:58:37,830 --> 02:58:36,080

it's done this is this is where science

5103

02:58:41,030 --> 02:58:37,840

is there's no moving forward

5104

02:58:43,349 --> 02:58:41,040

as as a former skeptic or debunker um

5105

02:58:44,790 --> 02:58:43,359

i really understand the perspective

5106

02:58:46,309 --> 02:58:44,800

coming from that perspective of putting

5107

02:58:47,910 --> 02:58:46,319

science up on a pedestal and saying like

5108

02:58:49,349 --> 02:58:47,920

no this is it this is how we figure it

5109

02:58:51,269 --> 02:58:49,359

out

5110

02:58:52,790 --> 02:58:51,279

and now coming to the realization that

5111

02:58:54,550 --> 02:58:52,800

even science is based on certain

5112

02:58:56,309 --> 02:58:54,560

presumptions we have to trust the

5113

02:58:59,590 --> 02:58:56,319

validity of our essential

5114

02:59:00,630 --> 02:58:59,600

sense experience right we have to trust

5115

02:59:04,630 --> 02:59:00,640

in blind faith

5116

02:59:06,309 --> 02:59:04,640

that our laws of nature are constant

5117

02:59:08,070 --> 02:59:06,319

despite evidence to the contrary think

5118

02:59:10,150 --> 02:59:08,080

about before the big bang

5119

02:59:12,469 --> 02:59:10,160

there those laws weren't there in that

5120

02:59:13,830 --> 02:59:12,479

spot we followed it back to that

5121

02:59:15,590 --> 02:59:13,840

you know what i mean like those

5122

02:59:17,510 --> 02:59:15,600

fundamental laws of physics did not

5123

02:59:19,269 --> 02:59:17,520

exist before that point so they do

5124

02:59:20,950 --> 02:59:19,279

change but we're operating under the

5125

02:59:22,630 --> 02:59:20,960

assumption that they do and i'm not

5126

02:59:24,389 --> 02:59:22,640

discrediting science in any way and i

5127

02:59:26,309 --> 02:59:24,399

think it is a really good tool and we

5128

02:59:28,309 --> 02:59:26,319

have to at least incorporate that going

5129

02:59:30,150 --> 02:59:28,319

forward but we also have to i think

5130

02:59:32,469 --> 02:59:30,160

maybe incorporate philosophy

5131

02:59:33,670 --> 02:59:32,479

and phenomenology you know what i mean

5132

02:59:36,950 --> 02:59:33,680

and and why not

5133

02:59:38,870 --> 02:59:36,960

why why disregard a tool when we don't

5134

02:59:41,510 --> 02:59:38,880

know exactly how to solve the problem

5135

02:59:44,230 --> 02:59:41,520

we're looking at try everything

5136

02:59:45,990 --> 02:59:44,240

exactly and uh maybe there's another way

5137

02:59:48,070 --> 02:59:46,000

to use that tool i love that man

5138

02:59:49,110 --> 02:59:48,080

nick thank you so much brother for

5139

02:59:51,590 --> 02:59:49,120

hopping in today

5140

02:59:53,110 --> 02:59:51,600

your thoughts were extremely insightful

5141

02:59:54,150 --> 02:59:53,120

thanks for your support and uh we'll

5142

02:59:55,510 --> 02:59:54,160

definitely talk soon

5143

02:59:58,230 --> 02:59:55,520

cool talk to you guys later thank you so

5144

03:00:01,990 --> 02:59:58,240

much take care and just to double down

5145

03:00:04,389 --> 03:00:02,000

on what nick was saying um i heard i

5146

03:00:06,870 --> 03:00:04,399

i this is not my thing but i heard this

5147

03:00:09,910 --> 03:00:06,880

uh somewhere i just can't remember where

5148

03:00:12,389 --> 03:00:09,920

but this idea like a hundred years ago

5149

03:00:16,469 --> 03:00:12,399

150 years ago

5150

03:00:18,790 --> 03:00:16,479

light was provided by candles

5151
03:00:21,510 --> 03:00:18,800
right like we were reading by candles

5152
03:00:23,830 --> 03:00:21,520
anytime it got dark he'd light a candle

5153
03:00:26,389 --> 03:00:23,840
the invention of the light bulb didn't

5154
03:00:28,790 --> 03:00:26,399
come from candle makers

5155
03:00:30,070 --> 03:00:28,800
you know what i mean it came from fringe

5156
03:00:32,389 --> 03:00:30,080
it came from people thinking

5157
03:00:34,309 --> 03:00:32,399
outside of the box of a candle how else

5158
03:00:37,269 --> 03:00:34,319
can we light a room

5159
03:00:38,630 --> 03:00:37,279
without a candle you know okay is there

5160
03:00:41,830 --> 03:00:38,640
a way where we could just get

5161
03:00:43,830 --> 03:00:41,840
light instantly without burning anything

5162
03:00:45,269 --> 03:00:43,840
hence the light bulb you know that's

5163
03:00:47,750 --> 03:00:45,279

what that's what pushed

5164

03:00:48,790 --> 03:00:47,760

that innovation you know so it's sort of

5165

03:00:51,670 --> 03:00:48,800

the same thing

5166

03:00:52,630 --> 03:00:51,680

here it's like we've got science who's

5167

03:00:55,910 --> 03:00:52,640

saying

5168

03:00:56,550 --> 03:00:55,920

oh yeah no the the candle's the way to

5169

03:00:58,630 --> 03:00:56,560

go

5170

03:01:00,070 --> 03:00:58,640

like it's the only way this is how we

5171

03:01:01,670 --> 03:01:00,080

know how to light rooms this is what

5172

03:01:02,870 --> 03:01:01,680

we've been doing since the beginning of

5173

03:01:06,070 --> 03:01:02,880

time we've been using

5174

03:01:08,389 --> 03:01:06,080

fire to see at night

5175

03:01:10,150 --> 03:01:08,399

and then someone who was not in that

5176
03:01:13,429 --> 03:01:10,160
realm of thinking came along

5177
03:01:15,990 --> 03:01:13,439
and said no i got a better way and boom

5178
03:01:17,670 --> 03:01:16,000
light bulb so i think that's that's sort

5179
03:01:18,630 --> 03:01:17,680
of the same thing that we have to look

5180
03:01:21,910 --> 03:01:18,640
at here

5181
03:01:24,389 --> 03:01:21,920
sure we we we've leaned on this candle

5182
03:01:26,469 --> 03:01:24,399
of science for a long long time but now

5183
03:01:29,990 --> 03:01:26,479
the candle is at its end

5184
03:01:31,590 --> 03:01:30,000
and there's a new there's a new way and

5185
03:01:33,670 --> 03:01:31,600
we don't know the new way yet but we

5186
03:01:34,230 --> 03:01:33,680
could see it's coming like it's coming

5187
03:01:36,309 --> 03:01:34,240
so

5188
03:01:37,670 --> 03:01:36,319

you know i thought that was a really

5189

03:01:41,990 --> 03:01:37,680

good point but i'll say

5190

03:01:48,469 --> 03:01:45,349

notice and this is uh what's

5191

03:01:51,830 --> 03:01:48,479

i can't remember one guy who was here um

5192

03:01:54,150 --> 03:01:51,840

notice that nobody's yelling

5193

03:01:54,950 --> 03:01:54,160

at each other on this no congressmen are

5194

03:01:58,550 --> 03:01:54,960

arguing

5195

03:02:00,389 --> 03:01:58,560

there's no uh there's no uh left versus

5196

03:02:03,750 --> 03:02:00,399

right when it comes to the uap

5197

03:02:05,990 --> 03:02:03,760

discussion all of them are interested

5198

03:02:07,910 --> 03:02:06,000

all of them democrat independent

5199

03:02:11,190 --> 03:02:07,920

progressive republican

5200

03:02:12,070 --> 03:02:11,200

does not matter who you are you're

5201
03:02:14,790 --> 03:02:12,080
interested

5202
03:02:15,510 --> 03:02:14,800
it is a bipartisan issue it's an issue

5203
03:02:18,790 --> 03:02:15,520
that brings

5204
03:02:19,830 --> 03:02:18,800
everyone to the table everyone can have

5205
03:02:22,070 --> 03:02:19,840
an opinion

5206
03:02:23,030 --> 03:02:22,080
everyone can contribute to this

5207
03:02:26,870 --> 03:02:23,040
discussion

5208
03:02:30,469 --> 03:02:26,880
and and and the i think

5209
03:02:32,870 --> 03:02:30,479
not conclusion but the revelations of

5210
03:02:34,790 --> 03:02:32,880
this discussion are going to come not

5211
03:02:35,750 --> 03:02:34,800
from the candle makers but from the

5212
03:02:39,110 --> 03:02:35,760
fringe

5213
03:02:41,670 --> 03:02:39,120

aspect

5214

03:02:43,429 --> 03:02:41,680

of of the paranormal the people who are

5215

03:02:44,950 --> 03:02:43,439

thinking outside of the box

5216

03:02:47,030 --> 03:02:44,960

that's where these answers are going to

5217

03:02:47,750 --> 03:02:47,040

start coming from and don't be shocked

5218

03:02:50,630 --> 03:02:47,760

that

5219

03:02:52,870 --> 03:02:50,640

it's it's going to be just some random

5220

03:02:54,389 --> 03:02:52,880

person who maybe gives us the answer on

5221

03:02:56,309 --> 03:02:54,399

how these objects move

5222

03:02:57,990 --> 03:02:56,319

because now we've given the people

5223

03:02:59,910 --> 03:02:58,000

permission to think about

5224

03:03:01,750 --> 03:02:59,920

these things we've given them the

5225

03:03:05,030 --> 03:03:01,760

permission with this report

5226

03:03:08,710 --> 03:03:05,040

to go hey you think anti-gravity or

5227

03:03:10,710 --> 03:03:08,720

levitation or or uh you know anti-matter

5228

03:03:12,309 --> 03:03:10,720

machine is possible

5229

03:03:14,309 --> 03:03:12,319

go for it see if you can come up with

5230

03:03:15,990 --> 03:03:14,319

the design for it you know like

5231

03:03:17,670 --> 03:03:16,000

and i think it's gonna that's where it's

5232

03:03:18,630 --> 03:03:17,680

gonna come from that's where the answers

5233

03:03:19,830 --> 03:03:18,640

are gonna come from they're not gonna

5234

03:03:20,950 --> 03:03:19,840

come from our government

5235

03:03:22,630 --> 03:03:20,960

they're not gonna come from louis

5236

03:03:24,150 --> 03:03:22,640

lozando they're gonna come from

5237

03:03:26,950 --> 03:03:24,160

scientists and

5238

03:03:27,990 --> 03:03:26,960

and people who were inspired by the

5239

03:03:34,950 --> 03:03:28,000

truth

5240

03:03:37,190 --> 03:03:34,960

um and and so that's why this topic is

5241

03:03:40,950 --> 03:03:37,200

so damn exciting because

5242

03:03:44,309 --> 03:03:40,960

unlike covid unlike black lives matter

5243

03:03:47,750 --> 03:03:44,319

unlike the border unlike foreign policy

5244

03:03:49,830 --> 03:03:47,760

this is not a divisive issue like nobody

5245

03:03:51,830 --> 03:03:49,840

and i've said this a lot

5246

03:03:52,870 --> 03:03:51,840

nobody lost their mother because they

5247

03:03:56,230 --> 03:03:52,880

didn't have

5248

03:03:57,910 --> 03:03:56,240

enough uap information you know like

5249

03:03:59,510 --> 03:03:57,920

nobody's lost a loved one i don't mean

5250

03:04:01,349 --> 03:03:59,520

to laugh but that's you know

5251
03:04:03,030 --> 03:04:01,359
but the government nobody's dying

5252
03:04:04,950 --> 03:04:03,040
because the government didn't give you

5253
03:04:08,230 --> 03:04:04,960
enough in the uap

5254
03:04:10,070 --> 03:04:08,240
you know tf report you know like so

5255
03:04:12,070 --> 03:04:10,080
just keep that perspective in mind when

5256
03:04:16,230 --> 03:04:12,080
we get these things handed down to us

5257
03:04:18,230 --> 03:04:16,240
how is this affecting lives taxpayers

5258
03:04:19,990 --> 03:04:18,240
right not in a huge significant way you

5259
03:04:22,309 --> 03:04:20,000
know in their everyday

5260
03:04:23,670 --> 03:04:22,319
you know day-to-day lives but eventually

5261
03:04:25,910 --> 03:04:23,680
this conversation

5262
03:04:27,190 --> 03:04:25,920
is going to be a big part of their

5263
03:04:29,429 --> 03:04:27,200

everyday life

5264

03:04:30,309 --> 03:04:29,439

because there is a paradigm shift coming

5265

03:04:34,070 --> 03:04:30,319

when this is

5266

03:04:36,630 --> 03:04:34,080

will be

5267

03:04:38,389 --> 03:04:36,640

by the you know again this is 1996 in a

5268

03:04:40,469 --> 03:04:38,399

marijuana discussion imagine where we're

5269

03:04:43,750 --> 03:04:40,479

going to be in 2021 on the uap

5270

03:04:45,349 --> 03:04:43,760

discussion on this you know timeline

5271

03:04:47,110 --> 03:04:45,359

that i'm putting out

5272

03:04:48,389 --> 03:04:47,120

it's going to be a lot further than

5273

03:04:50,070 --> 03:04:48,399

where we're at today

5274

03:04:52,070 --> 03:04:50,080

and i think these conversations that

5275

03:04:53,190 --> 03:04:52,080

everyone wants to have the videos that

5276

03:04:55,990 --> 03:04:53,200

everybody wants to see

5277

03:04:58,070 --> 03:04:56,000

the two you know the the cooperating

5278

03:05:00,950 --> 03:04:58,080

evidence that everybody wants to look at

5279

03:05:01,910 --> 03:05:00,960

is going to be there at that point and

5280

03:05:03,910 --> 03:05:01,920

now

5281

03:05:05,910 --> 03:05:03,920

we can start applying these things to

5282

03:05:07,750 --> 03:05:05,920

everyday society and so that's why it's

5283

03:05:10,550 --> 03:05:07,760

going to eventually

5284

03:05:11,830 --> 03:05:10,560

affect or come to the doorstep of that

5285

03:05:14,070 --> 03:05:11,840

soccer mom

5286

03:05:15,830 --> 03:05:14,080

who now has to pay attention to it

5287

03:05:16,630 --> 03:05:15,840

because there's something she needs to

5288

03:05:18,790 --> 03:05:16,640

know

5289

03:05:20,230 --> 03:05:18,800

to either keep her family safe or

5290

03:05:23,750 --> 03:05:20,240

informed or

5291

03:05:25,750 --> 03:05:23,760

whatever it is i love that yeah

5292

03:05:27,030 --> 03:05:25,760

so a lot of hope a lot of hope a lot of

5293

03:05:30,150 --> 03:05:27,040

hope uh

5294

03:05:32,309 --> 03:05:30,160

a lot of fun this could be a lot of fun

5295

03:05:33,670 --> 03:05:32,319

hey we're not even a day out of this

5296

03:05:35,349 --> 03:05:33,680

report and i know

5297

03:05:37,269 --> 03:05:35,359

this live stream is going to be one of

5298

03:05:39,269 --> 03:05:37,279

thousands that are going to come out

5299

03:05:41,349 --> 03:05:39,279

and everyone has an opinion as they

5300

03:05:41,990 --> 03:05:41,359

should um you deserve to have that

5301
03:05:44,469 --> 03:05:42,000
opinion

5302
03:05:46,230 --> 03:05:44,479
yeah and uh i think it's awesome and i

5303
03:05:47,670 --> 03:05:46,240
love this last comment susan said

5304
03:05:49,990 --> 03:05:47,680
there's a new world coming

5305
03:05:50,950 --> 03:05:50,000
i think she's right i think you're right

5306
03:05:53,990 --> 03:05:50,960
um we're moving

5307
03:05:55,110 --> 03:05:54,000
into a an age of acknowledgement and we

5308
03:05:58,630 --> 03:05:55,120
haven't been there

5309
03:06:00,309 --> 03:05:58,640
in so long if ever before so i'm super

5310
03:06:03,190 --> 03:06:00,319
stoked about it man but um

5311
03:06:04,870 --> 03:06:03,200
hey before you go can you please tell us

5312
03:06:05,590 --> 03:06:04,880
where we can find everything you're up

5313
03:06:08,070 --> 03:06:05,600

to

5314

03:06:09,429 --> 03:06:08,080

and uh yeah thank you so much my man

5315

03:06:10,790 --> 03:06:09,439

well dude before i do i just want to say

5316

03:06:12,469 --> 03:06:10,800

thank you

5317

03:06:14,710 --> 03:06:12,479

like right i would say this all the time

5318

03:06:17,030 --> 03:06:14,720

dude like you're an inspiration you're

5319

03:06:18,469 --> 03:06:17,040

you are the hardest worker in this game

5320

03:06:20,469 --> 03:06:18,479

um you know i i

5321

03:06:21,910 --> 03:06:20,479

none of us a lot of us not none of us

5322

03:06:23,429 --> 03:06:21,920

but a lot of us wouldn't be here if it

5323

03:06:25,349 --> 03:06:23,439

wasn't for the two decades of work

5324

03:06:27,269 --> 03:06:25,359

you've put into this man you know you

5325

03:06:28,950 --> 03:06:27,279

we're standing on your shoulders i'm

5326

03:06:31,670 --> 03:06:28,960

brand new to this thing you know i

5327

03:06:33,110 --> 03:06:31,680

i always calling you to come on my show

5328

03:06:34,150 --> 03:06:33,120

and you're so damn gracious with your

5329

03:06:37,349 --> 03:06:34,160

time and dude

5330

03:06:38,469 --> 03:06:37,359

like this discussion if you thought the

5331

03:06:41,190 --> 03:06:38,479

last two decades

5332

03:06:42,150 --> 03:06:41,200

was fun just wait dude i think i think

5333

03:06:44,630 --> 03:06:42,160

you're gonna that

5334

03:06:46,550 --> 03:06:44,640

that that emotional gratitude is gonna

5335

03:06:47,910 --> 03:06:46,560

grow even more because i think we're all

5336

03:06:51,030 --> 03:06:47,920

gonna be validated

5337

03:06:53,590 --> 03:06:51,040

we're all going to and hopefully

5338

03:06:55,910 --> 03:06:53,600

when we do get validated we'll act as if

5339

03:06:57,590 --> 03:06:55,920

we've been there before it's not

5340

03:06:58,950 --> 03:06:57,600

i told you so these are real it's like

5341

03:07:00,870 --> 03:06:58,960

see these are real hey

5342

03:07:03,590 --> 03:07:00,880

we need your voice we need your opinions

5343

03:07:05,110 --> 03:07:03,600

come join us um so just thank you dude

5344

03:07:07,269 --> 03:07:05,120

so uh with that said

5345

03:07:09,990 --> 03:07:07,279

um you can find my channel uh the

5346

03:07:11,510 --> 03:07:10,000

unidentified celebrity review on youtube

5347

03:07:13,750 --> 03:07:11,520

we do a show every monday wednesday

5348

03:07:15,750 --> 03:07:13,760

friday on uap and ufos

5349

03:07:17,190 --> 03:07:15,760

and then on tuesdays and thursdays we do

5350

03:07:20,230 --> 03:07:17,200

technology and

5351

03:07:21,830 --> 03:07:20,240

fringe talk and singularity talk on

5352

03:07:23,670 --> 03:07:21,840

the singularity lab tuesdays and

5353

03:07:25,429 --> 03:07:23,680

thursdays so um

5354

03:07:26,710 --> 03:07:25,439

come check out our channel subscribe

5355

03:07:27,910 --> 03:07:26,720

ring the bell that way you don't miss

5356

03:07:30,950 --> 03:07:27,920

any live streams we do

5357

03:07:32,710 --> 03:07:30,960

interviews with a gamut of wonderful

5358

03:07:35,269 --> 03:07:32,720

people including ryan sprague

5359

03:07:35,830 --> 03:07:35,279

louis lozando mick west we talk to

5360

03:07:37,830 --> 03:07:35,840

everybody

5361

03:07:39,030 --> 03:07:37,840

we try to get perspectives from everyone

5362

03:07:42,070 --> 03:07:39,040

we try to

5363

03:07:44,870 --> 03:07:42,080

bring a grounded realistic prosaic

5364

03:07:45,590 --> 03:07:44,880

conversation to this topic and we also

5365

03:07:48,389 --> 03:07:45,600

keep it fun

5366

03:07:50,070 --> 03:07:48,399

and lighthearted so come join us because

5367

03:07:50,710 --> 03:07:50,080

it's a killer channel we're having a ton

5368

03:07:53,750 --> 03:07:50,720

of fun

5369

03:07:56,630 --> 03:07:53,760

and uh and yeah that's it thanks

5370

03:07:58,630 --> 03:07:56,640

i love it man someone said your uh your

5371

03:08:00,070 --> 03:07:58,640

your catchphrase let's get weird let's

5372

03:08:02,309 --> 03:08:00,080

get one i love it i love it

5373

03:08:03,429 --> 03:08:02,319

it's a weird topic it's weird it's okay

5374

03:08:05,990 --> 03:08:03,439

to say it's weird

5375

03:08:07,830 --> 03:08:06,000

it's okay so just just living that

5376

03:08:09,030 --> 03:08:07,840

comfortable in that in that awkwardness

5377

03:08:11,429 --> 03:08:09,040

of weird you know i

5378

03:08:12,230 --> 03:08:11,439

i'm just swimming i love weird i love

5379

03:08:14,630 --> 03:08:12,240

awkward

5380

03:08:15,990 --> 03:08:14,640

that's where i live you know uh the more

5381

03:08:19,030 --> 03:08:16,000

awkward the better

5382

03:08:21,269 --> 03:08:19,040

i say so yeah dude um

5383

03:08:23,269 --> 03:08:21,279

i i can't dude i cannot wait to see what

5384

03:08:25,590 --> 03:08:23,279

happens this next month

5385

03:08:26,550 --> 03:08:25,600

i know it's gonna be crazy it's gonna be

5386

03:08:28,950 --> 03:08:26,560

it's oily

5387

03:08:30,630 --> 03:08:28,960

yeah i mean we still haven't gotten like

5388

03:08:32,630 --> 03:08:30,640

responses from all of

5389

03:08:33,990 --> 03:08:32,640

i mean we've got right like you know

5390

03:08:36,630 --> 03:08:34,000

text we've gotten tweets

5391

03:08:38,230 --> 03:08:36,640

we've gotten you know op-eds but we

5392

03:08:38,870 --> 03:08:38,240

haven't gotten anybody on video going

5393

03:08:41,750 --> 03:08:38,880

okay let's

5394

03:08:43,750 --> 03:08:41,760

talk about this it's coming and what it

5395

03:08:45,429 --> 03:08:43,760

means you know what's next like what's

5396

03:08:47,030 --> 03:08:45,439

the next step like what do we have to do

5397

03:08:49,030 --> 03:08:47,040

as citizens to make sure

5398

03:08:51,349 --> 03:08:49,040

this discussion doesn't stop and this is

5399

03:08:53,190 --> 03:08:51,359

part of it what we're doing right now so

5400

03:08:55,429 --> 03:08:53,200

so it's important you guys out there are

5401
03:08:58,230 --> 03:08:55,439
important uh this channel is important

5402
03:08:58,870 --> 03:08:58,240
all of these uh different outlets to get

5403
03:09:00,710 --> 03:08:58,880
information

5404
03:09:01,990 --> 03:09:00,720
are important and what i would say to

5405
03:09:03,910 --> 03:09:02,000
you ryan is keep doing

5406
03:09:05,190 --> 03:09:03,920
stuff like this dude because your fans

5407
03:09:07,429 --> 03:09:05,200
love talking to you

5408
03:09:09,429 --> 03:09:07,439
um i know it's an uncomfortable format

5409
03:09:10,070 --> 03:09:09,439
it's new to you but you're great at it

5410
03:09:12,550 --> 03:09:10,080
you're great

5411
03:09:14,710 --> 03:09:12,560
oh thanks and there's no reason why ryan

5412
03:09:16,870 --> 03:09:14,720
sprague shouldn't be doing a live show

5413
03:09:18,550 --> 03:09:16,880

once at least once a week you know i

5414

03:09:19,190 --> 03:09:18,560

know you've got a ton on your plate as

5415

03:09:20,469 --> 03:09:19,200

it is

5416

03:09:21,990 --> 03:09:20,479

but you don't have to edit this when

5417

03:09:23,110 --> 03:09:22,000

you're done you don't have to do it you

5418

03:09:24,550 --> 03:09:23,120

just shut it off and you can

5419

03:09:26,309 --> 03:09:24,560

go do your thing that's what i'm saying

5420

03:09:29,110 --> 03:09:26,319

how relieving is that

5421

03:09:30,150 --> 03:09:29,120

oh my god that's a huge guys only knew

5422

03:09:32,710 --> 03:09:30,160

that's why i show

5423

03:09:33,910 --> 03:09:32,720

every week that's why i went from doing

5424

03:09:36,150 --> 03:09:33,920

two shows a week

5425

03:09:37,269 --> 03:09:36,160

to now five because i don't have to do

5426

03:09:39,269 --> 03:09:37,279

any of that stuff

5427

03:09:40,710 --> 03:09:39,279

i just turn on the camera have some fun

5428

03:09:42,550 --> 03:09:40,720

talk to my buddies

5429

03:09:44,229 --> 03:09:42,560

you know and go for it dude that's

5430

03:09:46,630 --> 03:09:44,239

that's the code it's the code

5431

03:09:48,389 --> 03:09:46,640

that's the code and that's what we yeah

5432

03:09:48,870 --> 03:09:48,399

that's the code of the matrix i love it

5433

03:09:50,550 --> 03:09:48,880

my man

5434

03:09:52,630 --> 03:09:50,560

thank you brother i'm gonna i'm gonna

5435

03:09:55,269 --> 03:09:52,640

boot you out thank you for your time

5436

03:09:56,389 --> 03:09:55,279

and um we'll see you uh around the bend

5437

03:10:00,630 --> 03:09:56,399

i can't wait to see what comes

5438

03:10:05,830 --> 03:10:03,910

wow um that was this could not have

5439

03:10:07,670 --> 03:10:05,840

gotten any better guys thank you thank

5440

03:10:09,750 --> 03:10:07,680

you for everyone who stuck around

5441

03:10:10,870 --> 03:10:09,760

to watch this for your comments for your

5442

03:10:14,070 --> 03:10:10,880

super chats i

5443

03:10:15,910 --> 03:10:14,080

greatly greatly appreciate it um all of

5444

03:10:19,429 --> 03:10:15,920

your support and everything so

5445

03:10:21,750 --> 03:10:19,439

before we go a few things today

5446

03:10:22,630 --> 03:10:21,760

um at contact in the desert the virtual

5447

03:10:25,269 --> 03:10:22,640

online event

5448

03:10:25,990 --> 03:10:25,279

i'm hosting a panel with three former

5449

03:10:28,070 --> 03:10:26,000

navy

5450

03:10:29,670 --> 03:10:28,080

personnel who were part of the tic tac

5451

03:10:32,510 --> 03:10:29,680

gimbal and go fast

5452

03:10:33,750 --> 03:10:32,520

events so i hope you'll hop over to

5453

03:10:35,830 --> 03:10:33,760

contactingthedesert.com

5454

03:10:36,950 --> 03:10:35,840

and check out that panel weekend passes

5455

03:10:38,710 --> 03:10:36,960

are available

5456

03:10:41,190 --> 03:10:38,720

um tomorrow sunday i'm going to be

5457

03:10:42,630 --> 03:10:41,200

giving a lecture called a human approach

5458

03:10:45,510 --> 03:10:42,640

to the ufo phenomenon

5459

03:10:46,790 --> 03:10:45,520

which is sort of based on my book

5460

03:10:48,150 --> 03:10:46,800

somewhere in the sky is a human approach

5461

03:10:49,910 --> 03:10:48,160

to the ufo phenomenon

5462

03:10:52,070 --> 03:10:49,920

which you can get on amazon right now as

5463

03:10:54,150 --> 03:10:52,080

well so i hope you will check out those

5464

03:10:57,150 --> 03:10:54,160

virtual events they're doing an

5465

03:10:58,389 --> 03:10:57,160

amazing job over there uh tickets are at

5466

03:11:01,190 --> 03:10:58,399

contactingthedesert.com

5467

03:11:01,670 --> 03:11:01,200

no more shameless marketing i promise um

5468

03:11:03,590 --> 03:11:01,680

and

5469

03:11:05,349 --> 03:11:03,600

coming up on the show this monday we

5470

03:11:08,790 --> 03:11:05,359

have walter bosley

5471

03:11:11,349 --> 03:11:08,800

a former fbi in afosi agent

5472

03:11:12,950 --> 03:11:11,359

and we talked for over three hours it's

5473

03:11:14,710 --> 03:11:12,960

probably one of the most epic

5474

03:11:16,950 --> 03:11:14,720

interviews i've ever had on summer in

5475

03:11:18,150 --> 03:11:16,960

the skies so he talks about everything

5476

03:11:20,710 --> 03:11:18,160

his career

5477

03:11:21,269 --> 03:11:20,720

um this whole other thread that he went

5478

03:11:23,670 --> 03:11:21,279

down

5479

03:11:25,429 --> 03:11:23,680

while working with those agencies with

5480

03:11:27,190 --> 03:11:25,439

the paranormal and ufos

5481

03:11:28,550 --> 03:11:27,200

and his thoughts on everything we talked

5482

03:11:30,630 --> 03:11:28,560

about today the report

5483

03:11:31,990 --> 03:11:30,640

and um the government's involvement in

5484

03:11:33,750 --> 03:11:32,000

this topic so i

5485

03:11:35,910 --> 03:11:33,760

highly suggest you check that out if you

5486

03:11:37,590 --> 03:11:35,920

haven't already the early edition is now

5487

03:11:40,469 --> 03:11:37,600

available for patreon

5488

03:11:41,590 --> 03:11:40,479

subscribers so if you want to get early

5489

03:11:43,510 --> 03:11:41,600

editions of the show

5490

03:11:45,190 --> 03:11:43,520

or if you want bonus episodes if you

5491

03:11:47,110 --> 03:11:45,200

want to be my guest on the show

5492

03:11:48,389 --> 03:11:47,120

there's all different rewards over at

5493

03:11:52,469 --> 03:11:48,399

patreon.com

5494

03:11:54,309 --> 03:11:52,479

somewhereskies

5495

03:11:56,550 --> 03:11:54,319

jason thank you so much buddy for the

5496

03:11:58,309 --> 03:11:56,560

super chat do a great job i really

5497

03:12:00,229 --> 03:11:58,319

really appreciate that again i'm

5498

03:12:01,750 --> 03:12:00,239

really new to this but you guys made it

5499

03:12:03,670 --> 03:12:01,760

very easy for me

5500

03:12:04,790 --> 03:12:03,680

um everyone's been incredible so thank

5501

03:12:07,190 --> 03:12:04,800

you thank you

5502

03:12:08,630 --> 03:12:07,200

um invisible said pick up the book yes

5503

03:12:11,110 --> 03:12:08,640

please check it out my man

5504

03:12:13,269 --> 03:12:11,120

um other than that guys we are on

5505

03:12:15,990 --> 03:12:13,279

twitter at summer skies instagram

5506

03:12:17,110 --> 03:12:16,000

at summer skies pod please make sure you

5507

03:12:19,110 --> 03:12:17,120

like this video

5508

03:12:20,389 --> 03:12:19,120

and subscribe if you are not click

5509

03:12:21,510 --> 03:12:20,399

notifications as well

5510

03:12:23,750 --> 03:12:21,520

you'll be the first to know when new

5511

03:12:25,590 --> 03:12:23,760

videos come out and that's it

5512

03:12:27,990 --> 03:12:25,600

that's all i got for you we went for

5513

03:12:30,870 --> 03:12:28,000

over three hours this was amazing

5514

03:12:31,590 --> 03:12:30,880

i gotta go get some actual breakfast and

5515

03:12:33,750 --> 03:12:31,600

another

5516

03:12:35,830 --> 03:12:33,760

round of coffee but thank you to

5517

03:12:37,590 --> 03:12:35,840

everyone for coming here tonight

5518

03:12:39,750 --> 03:12:37,600

and uh i look forward to hearing from

5519

03:12:41,190 --> 03:12:39,760

all of you about what comes next in the

5520

03:12:43,110 --> 03:12:41,200

field of ufology

5521

03:12:44,309 --> 03:12:43,120

in this pentagon ufo stuff and

5522

03:12:47,429 --> 03:12:44,319

everything in between

5523

03:12:48,150 --> 03:12:47,439

so once again as always keep your feet

5524

03:12:50,229 --> 03:12:48,160

on the ground

5525

03:12:52,150 --> 03:12:50,239

but never stop searching somewhere in

5526

03:12:57,110 --> 03:12:52,160

the skies have a great night guys

5527

03:13:01,349 --> 03:12:58,950

thank you angel thank you thank you for

5528

03:13:02,710 --> 03:13:01,359

the the super chat at the end there
