2  
00:00:13,320 --> 00:00:09,990

this

3  
00:00:14,910 --> 00:00:13,330

is somewhere in the skies with ryan

4  
00:00:16,410 --> 00:00:14,920

[Music]

5  
00:00:31,189 --> 00:00:16,420

6  
00:00:35,670 --> 00:00:33,110

welcome to a very special panel

7  
00:00:36,389 --> 00:00:35,680

discussion i am so excited and deeply

8  
00:00:38,470 --> 00:00:36,399

honored

9  
00:00:40,389 --> 00:00:38,480

to be hosting this panel today which is

10  
00:00:43,350 --> 00:00:40,399

titled conversations

11  
00:00:44,069 --> 00:00:43,360

with eyewitnesses military encounters

12  
00:00:45,990 --> 00:00:44,079

and i got

13  
00:00:47,350 --> 00:00:46,000

so many of my own questions and

14

00:00:49,350 --> 00:00:47,360

questions from you

15

00:00:51,110 --> 00:00:49,360

the audience that these three gentlemen

16

00:00:53,510 --> 00:00:51,120

are gonna answer for you today

17

00:00:55,110 --> 00:00:53,520

so let's not waste any more time let's

18

00:00:57,830 --> 00:00:55,120

get to the panel discussion

19

00:00:59,110 --> 00:00:57,840

with gary voorhees jason turner and

20

00:01:03,110 --> 00:00:59,120

matthew roberts

21

00:01:05,189 --> 00:01:03,120

enjoy gentlemen first off i want to

22

00:01:06,149 --> 00:01:05,199

thank you for your service and i also

23

00:01:08,149 --> 00:01:06,159

want to thank you

24

00:01:09,670 --> 00:01:08,159

for coming to this very special panel

25

00:01:11,270 --> 00:01:09,680

discussion and

26

00:01:13,670 --> 00:01:11,280

i'm sure a lot of our audience are very

27

00:01:16,310 --> 00:01:13,680

familiar with the go fast the gimbal

28

00:01:18,149 --> 00:01:16,320

the tic tac videos but they may not be

29

00:01:19,990 --> 00:01:18,159

too familiar with each of your direct

30

00:01:22,149 --> 00:01:20,000

involvement in these events

31

00:01:23,030 --> 00:01:22,159

so today we're going to break that down

32

00:01:25,350 --> 00:01:23,040

we're going to get

33

00:01:27,030 --> 00:01:25,360

an idea of what you guys experience how

34

00:01:29,830 --> 00:01:27,040

it affected your lives

35

00:01:31,429 --> 00:01:29,840

first and foremost but before we do that

36

00:01:33,510 --> 00:01:31,439

i'd like to just get an idea of who you

37

00:01:34,310 --> 00:01:33,520

guys are um maybe tell us a little about

38

00:01:37,830 --> 00:01:34,320

yourselves

39

00:01:40,230 --> 00:01:37,840  
and um your time uh in serving

40

00:01:41,990 --> 00:01:40,240  
and maybe what your duties were so uh

41

00:01:45,030 --> 00:01:42,000  
jason yeah if you don't mind man

42

00:01:47,510 --> 00:01:45,040  
can you start yeah so yeah um i was on

43

00:01:48,630 --> 00:01:47,520  
board the uss princeton from 2001 to

44

00:01:51,910 --> 00:01:48,640  
2005.

45

00:01:54,789 --> 00:01:51,920  
i served in the supply department as a

46

00:01:55,830 --> 00:01:54,799  
logistics specialist my direct

47

00:01:59,749 --> 00:01:55,840  
involvement with this

48

00:02:02,069 --> 00:01:59,759  
was there had been a

49

00:02:02,950 --> 00:02:02,079  
computer chip that was ordered and i

50

00:02:05,190 --> 00:02:02,960  
took it up to

51  
00:02:05,990 --> 00:02:05,200  
cess which is a ship signal exploitation

52  
00:02:07,590 --> 00:02:06,000  
space

53  
00:02:09,029 --> 00:02:07,600  
and that's where i got to see the longer

54  
00:02:13,910 --> 00:02:09,039  
video of the

55  
00:02:17,270 --> 00:02:13,920  
the whole uh tic tac encounter with um

56  
00:02:20,710 --> 00:02:17,280  
was the commander chad underwood

57  
00:02:23,589 --> 00:02:20,720  
that he recorded on his uh on his

58  
00:02:26,070 --> 00:02:23,599  
gun camera right right and i mean the

59  
00:02:29,270 --> 00:02:26,080  
story goes from there and it kind of

60  
00:02:29,910 --> 00:02:29,280  
exploded into uh the mainstream ever

61  
00:02:31,589 --> 00:02:29,920  
since

62  
00:02:34,150 --> 00:02:31,599  
and uh i know we have some questions

63  
00:02:36,470 --> 00:02:34,160

about that extended video that you saw

64

00:02:37,750 --> 00:02:36,480

that we'll get to a little bit later um

65

00:02:39,589 --> 00:02:37,760

because that is a big source of

66

00:02:41,670 --> 00:02:39,599

contention you know we see this

67

00:02:43,509 --> 00:02:41,680

very limited video for the past few

68

00:02:45,589 --> 00:02:43,519

years but you and

69

00:02:47,350 --> 00:02:45,599

several others have talked about

70

00:02:50,550 --> 00:02:47,360

possibly seeing a much more clear

71

00:02:51,990 --> 00:02:50,560

and a much longer video so we will

72

00:02:54,470 --> 00:02:52,000

definitely get to that but

73

00:02:55,830 --> 00:02:54,480

next uh gary would you mind telling us a

74

00:02:57,589 --> 00:02:55,840

little about your time

75

00:02:59,830 --> 00:02:57,599

in the navy what you did what your

76  
00:03:01,030 --> 00:02:59,840  
duties were and uh yeah give that to us

77  
00:03:03,030 --> 00:03:01,040  
brother

78  
00:03:05,110 --> 00:03:03,040  
oh well i was a fire control man third

79  
00:03:06,390 --> 00:03:05,120  
class at the time uh which is an aegis

80  
00:03:08,470 --> 00:03:06,400  
computer technician

81  
00:03:10,070 --> 00:03:08,480  
uh i worked on all the weapon systems

82  
00:03:12,790 --> 00:03:10,080  
and their their main frames

83  
00:03:13,830 --> 00:03:12,800  
uh for the associated with the the aegis

84  
00:03:17,750 --> 00:03:13,840  
system

85  
00:03:20,630 --> 00:03:17,760  
um i went in in 99 went through

86  
00:03:21,430 --> 00:03:20,640  
ace or basic electronic school then a

87  
00:03:23,830 --> 00:03:21,440  
school then c

88  
00:03:25,910 --> 00:03:23,840

school and then i was on the princeton

89

00:03:28,229 --> 00:03:25,920

um all those different schools are

90

00:03:29,589 --> 00:03:28,239

first you go to a basic electronic

91

00:03:32,229 --> 00:03:29,599

school that teaches you how to

92

00:03:32,869 --> 00:03:32,239

do basic troubleshooting on electronics

93

00:03:35,270 --> 00:03:32,879

then you go

94

00:03:35,910 --> 00:03:35,280

through your a school which is a fire

95

00:03:39,350 --> 00:03:35,920

control

96

00:03:41,270 --> 00:03:39,360

which is uh your general

97

00:03:42,869 --> 00:03:41,280

like think of it as like general duties

98

00:03:44,630 --> 00:03:42,879

as a fire control man

99

00:03:46,710 --> 00:03:44,640

and then you go to a c school which is

100

00:03:48,470 --> 00:03:46,720

your specialty like so

101  
00:03:51,430 --> 00:03:48,480  
yeah you're a fire controller but this

102  
00:03:54,630 --> 00:03:51,440  
is the specific system that you work on

103  
00:03:56,630 --> 00:03:54,640  
um and so you become a system expert

104  
00:03:58,949 --> 00:03:56,640  
and that's generally how any of the

105  
00:04:00,630 --> 00:03:58,959  
advanced rates in the service go

106  
00:04:02,949 --> 00:04:00,640  
and i think it generally follows the

107  
00:04:06,949 --> 00:04:02,959  
same suit in just about every branch

108  
00:04:09,350 --> 00:04:06,959  
um and so at the time uh all those

109  
00:04:10,309 --> 00:04:09,360  
beautiful pictures under the displays

110  
00:04:12,550 --> 00:04:10,319  
those were all

111  
00:04:14,710 --> 00:04:12,560  
all my consoles that i used to have to

112  
00:04:16,870 --> 00:04:14,720  
maintain and take care of and

113  
00:04:18,469 --> 00:04:16,880

all my computer systems is what ran all

114

00:04:21,189 --> 00:04:18,479

the data recording for everything that

115

00:04:23,749 --> 00:04:21,199

happened with those systems

116

00:04:25,350 --> 00:04:23,759

along with that i was also a cec

117

00:04:27,510 --> 00:04:25,360

technician so i ran

118

00:04:29,830 --> 00:04:27,520

the cooperative engagement capability

119

00:04:30,629 --> 00:04:29,840

system which was brand new to our fleet

120

00:04:33,189 --> 00:04:30,639

at the time

121

00:04:33,830 --> 00:04:33,199

um it was probably an old thing by the

122

00:04:36,390 --> 00:04:33,840

time the

123

00:04:37,110 --> 00:04:36,400

the the gimbal event happened but we

124

00:04:40,870 --> 00:04:37,120

were the

125

00:04:45,189 --> 00:04:40,880

the first battle

126

00:04:47,270 --> 00:04:45,199

full cape cc capability

127

00:04:49,030 --> 00:04:47,280

um and what that's what that does is it

128

00:04:51,110 --> 00:04:49,040

takes the sensor data from every ship

129

00:04:52,390 --> 00:04:51,120

and combined it to make one big picture

130

00:04:53,909 --> 00:04:52,400

for every ship

131

00:04:57,990 --> 00:04:53,919

uh so it was you know pretty

132

00:05:00,790 --> 00:04:58,000

revolutionary at the time um

133

00:05:02,469 --> 00:05:00,800

and uh well the rest is pretty history

134

00:05:04,390 --> 00:05:02,479

and we'll get into it piece by piece

135

00:05:06,790 --> 00:05:04,400

yeah we will definitely get to that gary

136

00:05:08,070 --> 00:05:06,800

but next let's talk to matthew now you

137

00:05:11,029 --> 00:05:08,080

were involved with a

138

00:05:12,230 --> 00:05:11,039

separate event and uh tell us a little

139

00:05:13,749 --> 00:05:12,240

about maybe

140

00:05:15,749 --> 00:05:13,759

matthew before we talk about the event

141

00:05:16,870 --> 00:05:15,759

itself uh your time in the service

142

00:05:19,270 --> 00:05:16,880

what'd you do

143

00:05:21,430 --> 00:05:19,280

um where were you stationed yeah what's

144

00:05:25,670 --> 00:05:21,440

uh what do you got for us

145

00:05:30,150 --> 00:05:25,680

all right so i i joined the navy in 2004

146

00:05:33,590 --> 00:05:32,310

i did multiple ships multiple

147

00:05:36,710 --> 00:05:33,600

deployments

148

00:05:39,830 --> 00:05:36,720

um i was on the theater roosevelt in

149

00:05:43,029 --> 00:05:39,840

2015 that's where i was stationed

150

00:05:47,590 --> 00:05:43,039

um i was working in cess um

151

00:05:52,870 --> 00:05:50,790

yeah after that uh after my time on the

152

00:05:55,189 --> 00:05:52,880

theodore roosevelt i transferred to the

153

00:05:58,309 --> 00:05:55,199

office of naval intelligence

154

00:06:01,189 --> 00:05:58,319

and worked there for three years

155

00:06:03,909 --> 00:06:01,199

and then i ended my naval career just

156

00:06:07,029 --> 00:06:03,919

four years shy of retirement

157

00:06:09,029 --> 00:06:07,039

um and that's about it i'd love to hear

158

00:06:11,189 --> 00:06:09,039

more about that i know that your your

159

00:06:11,749 --> 00:06:11,199

book that you wrote goes into a lot of

160

00:06:13,670 --> 00:06:11,759

um

161

00:06:15,110 --> 00:06:13,680

why you left and everything that

162

00:06:17,110 --> 00:06:15,120

happened after that

163

00:06:18,950 --> 00:06:17,120

but uh let's talk about let's bring us

164

00:06:22,870 --> 00:06:18,960

to more present day guys

165

00:06:24,230 --> 00:06:22,880

um 2017 this huge story breaks in the

166

00:06:26,629 --> 00:06:24,240

new york times

167

00:06:27,430 --> 00:06:26,639

we get these videos of the go fest the

168

00:06:30,070 --> 00:06:27,440

gimbal

169

00:06:31,830 --> 00:06:30,080

the tic tac and it just exploded all

170

00:06:33,510 --> 00:06:31,840

over the world and ever since then we

171

00:06:37,350 --> 00:06:33,520

are living in this

172

00:06:39,590 --> 00:06:37,360

new age it appears of ufo disclosure

173

00:06:41,430 --> 00:06:39,600

if you want to call it that and it's uh

174

00:06:43,110 --> 00:06:41,440

it's been pretty interesting but again

175

00:06:43,909 --> 00:06:43,120

you guys were there when these events

176  
00:06:45,830 --> 00:06:43,919  
happen

177  
00:06:47,350 --> 00:06:45,840  
so my first question for each of you

178  
00:06:50,710 --> 00:06:47,360  
guys in terms of that

179  
00:06:53,749 --> 00:06:50,720  
is uh what was it like to finally

180  
00:06:56,070 --> 00:06:53,759  
go public what made you go public about

181  
00:06:58,070 --> 00:06:56,080  
being involved with these events and um

182  
00:07:00,070 --> 00:06:58,080  
yeah what did your friends your family

183  
00:07:02,790 --> 00:07:00,080  
think your other colleagues

184  
00:07:04,870 --> 00:07:02,800  
in the navy or other military branches

185  
00:07:06,550 --> 00:07:04,880  
jason let's start with you brother um

186  
00:07:08,870 --> 00:07:06,560  
what was it like that moment you finally

187  
00:07:10,629 --> 00:07:08,880  
decided i was a part of this i'm ready

188  
00:07:12,870 --> 00:07:10,639

to get my name out there

189

00:07:14,870 --> 00:07:12,880

well we've been working on it for the

190

00:07:16,550 --> 00:07:14,880

past i don't know 16 years

191

00:07:18,230 --> 00:07:16,560

uh you know we've been we've been out

192

00:07:20,710 --> 00:07:18,240

about telling people you know and it's

193

00:07:24,950 --> 00:07:20,720

kind of the um

194

00:07:29,189 --> 00:07:24,960

the stigma of the ufo the aliens the

195

00:07:31,430 --> 00:07:29,199

you know the the sea stories and um

196

00:07:32,469 --> 00:07:31,440

i don't know once uh once i saw

197

00:07:34,469 --> 00:07:32,479

commander fravor

198

00:07:36,309 --> 00:07:34,479

uh come forward and start telling the

199

00:07:39,830 --> 00:07:36,319

story it's been kind of

200

00:07:41,430 --> 00:07:39,840

a vindication because now it's not just

201  
00:07:43,909 --> 00:07:41,440  
me telling the story

202  
00:07:45,749 --> 00:07:43,919  
of what you know from my perspective now

203  
00:07:48,309 --> 00:07:45,759  
we're starting to get the story from

204  
00:07:48,790 --> 00:07:48,319  
each individual perspective throughout

205  
00:07:54,150 --> 00:07:48,800  
the

206  
00:07:56,309 --> 00:07:54,160  
that's what was like aha this is that

207  
00:08:00,309 --> 00:07:56,319  
moment where

208  
00:08:04,469 --> 00:08:00,319  
i'm not an idiot i'm not crazy i'm not

209  
00:08:07,110 --> 00:08:04,479  
you know into the whole

210  
00:08:08,230 --> 00:08:07,120  
getting labeled as something and i think

211  
00:08:10,950 --> 00:08:08,240  
that was the biggest

212  
00:08:12,550 --> 00:08:10,960  
the biggest downfall for me was getting

213  
00:08:15,990 --> 00:08:12,560

labeled as

214

00:08:19,189 --> 00:08:16,000

crazy and you know a lot of people

215

00:08:20,790 --> 00:08:19,199

they still shy away from it just because

216

00:08:22,710 --> 00:08:20,800

it's like

217

00:08:25,670 --> 00:08:22,720

oh here's another one of those stories

218

00:08:28,629 --> 00:08:25,680

so for me it's

219

00:08:29,749 --> 00:08:28,639

it's it's been really humbling yet at

220

00:08:33,190 --> 00:08:29,759

the same time

221

00:08:36,070 --> 00:08:33,200

a relief to be able to talk about

222

00:08:37,110 --> 00:08:36,080

this without fear of being ridiculed

223

00:08:39,190 --> 00:08:37,120

throughout

224

00:08:41,190 --> 00:08:39,200

you know social media now i mean

225

00:08:43,750 --> 00:08:41,200

compared now compared to then

226

00:08:44,949 --> 00:08:43,760

social media has just it's a giant now

227

00:08:47,990 --> 00:08:44,959

compared to

228

00:08:51,030 --> 00:08:48,000

myspace but you know

229

00:08:51,269 --> 00:08:51,040

being able to to talk about it today and

230

00:08:53,910 --> 00:08:51,279

be

231

00:08:55,829 --> 00:08:53,920

accepted makes all the difference in the

232

00:08:57,750 --> 00:08:55,839

world

233

00:09:00,070 --> 00:08:57,760

that's awesome man yeah and i think

234

00:09:01,269 --> 00:09:00,080

again that stigma and ridicule both in

235

00:09:03,829 --> 00:09:01,279

the military

236

00:09:04,870 --> 00:09:03,839

itself and the you know the civilian

237

00:09:07,030 --> 00:09:04,880

world too

238

00:09:08,389 --> 00:09:07,040

is shedding and that's exciting you know

239

00:09:09,350 --> 00:09:08,399

people like me have been involved with

240

00:09:11,829 --> 00:09:09,360

this topic

241

00:09:13,829 --> 00:09:11,839

since i was 12 years old and i didn't

242

00:09:15,190 --> 00:09:13,839

talk about it for a really long time i

243

00:09:17,509 --> 00:09:15,200

did my research

244

00:09:18,630 --> 00:09:17,519

you know kind of in the shadows i never

245

00:09:21,590 --> 00:09:18,640

brought it up at

246

00:09:24,150 --> 00:09:21,600

family gatherings but now you know i'm

247

00:09:25,750 --> 00:09:24,160

the ufo guy i'm loud and proud and i'm

248

00:09:26,710 --> 00:09:25,760

ready to like get out there and talk

249

00:09:29,110 --> 00:09:26,720

about this

250

00:09:29,829 --> 00:09:29,120

so that's really cool man um gary how

251  
00:09:31,990 --> 00:09:29,839  
about you

252  
00:09:33,910 --> 00:09:32,000  
what was it like going public and uh

253  
00:09:35,670 --> 00:09:33,920  
what did everyone around you think how

254  
00:09:39,910 --> 00:09:35,680  
did this affect your life

255  
00:09:43,430 --> 00:09:39,920  
well i mean at first i still remember uh

256  
00:09:46,550 --> 00:09:43,440  
when kevin the day

257  
00:09:48,949 --> 00:09:46,560  
called me he you know he says hey guy um

258  
00:09:50,230 --> 00:09:48,959  
did you see the news article then i'm

259  
00:09:53,110 --> 00:09:50,240  
like

260  
00:09:53,990 --> 00:09:53,120  
what news article um not a bit not a

261  
00:09:56,710 --> 00:09:54,000  
very big

262  
00:09:58,710 --> 00:09:56,720  
periodical person so i don't really keep

263  
00:10:01,110 --> 00:09:58,720

up with much to be honest with you

264

00:10:01,910 --> 00:10:01,120

uh and so he says they did they did an

265

00:10:03,990 --> 00:10:01,920

article about

266

00:10:05,350 --> 00:10:04,000

the thing that happened in 2004 and i

267

00:10:06,550 --> 00:10:05,360

mean he didn't even need to say anything

268

00:10:09,430 --> 00:10:06,560

more i was like

269

00:10:10,230 --> 00:10:09,440

really what'd they say yeah i want to

270

00:10:13,590 --> 00:10:10,240

know more

271

00:10:15,110 --> 00:10:13,600

you know like uh so he uh

272

00:10:17,350 --> 00:10:15,120

he linked the article and i read it and

273

00:10:19,430 --> 00:10:17,360

then uh he had asked well would you

274

00:10:20,550 --> 00:10:19,440

want to go on the record about this and

275

00:10:23,350 --> 00:10:20,560

i go well i

276

00:10:24,310 --> 00:10:23,360

signed something so i'm not even sure i

277

00:10:25,750 --> 00:10:24,320

can talk about it

278

00:10:27,590 --> 00:10:25,760

you know and he goes all right you know

279

00:10:29,670 --> 00:10:27,600

and he goes well would you mind going

280

00:10:33,670 --> 00:10:29,680

off the record and talking to

281

00:10:36,310 --> 00:10:33,680

uh some people about it and then um

282

00:10:37,030 --> 00:10:36,320

i gave dave beatty and another gentleman

283

00:10:41,110 --> 00:10:37,040

uh

284

00:10:42,870 --> 00:10:41,120

record

285

00:10:44,790 --> 00:10:42,880

because i i thought it was you know

286

00:10:47,190 --> 00:10:44,800

important at least

287

00:10:48,470 --> 00:10:47,200

you know validate some of the story from

288

00:10:52,150 --> 00:10:48,480

commander fraver and

289

00:10:55,190 --> 00:10:52,160

from kevin day um about what happened

290

00:10:56,069 --> 00:10:55,200

um and then i had contacted some of my

291

00:10:58,310 --> 00:10:56,079

old chipmates

292

00:10:59,190 --> 00:10:58,320

uh that you know i worked directly with

293

00:11:01,110 --> 00:10:59,200

and said hey

294

00:11:03,350 --> 00:11:01,120

did we ever sign a non-disclosure he

295

00:11:05,190 --> 00:11:03,360

goes no the only thing we ever signed

296

00:11:07,190 --> 00:11:05,200

was just a chain of custody for the

297

00:11:09,430 --> 00:11:07,200

tapes and i'm like i brought you that

298

00:11:10,710 --> 00:11:09,440

you know so not even knowing that that

299

00:11:14,790 --> 00:11:10,720

was actually going to end up being a

300

00:11:17,110 --> 00:11:14,800

part of the story

301  
00:11:18,150 --> 00:11:17,120  
i uh then went back and said i can talk

302  
00:11:20,710 --> 00:11:18,160  
you know um

303  
00:11:22,550 --> 00:11:20,720  
yeah let's do this and then next thing

304  
00:11:23,990 --> 00:11:22,560  
you know we're invited to laughlin for

305  
00:11:26,310 --> 00:11:24,000  
our first public

306  
00:11:27,670 --> 00:11:26,320  
you know debut which i will never do

307  
00:11:31,110 --> 00:11:27,680  
another seven day con

308  
00:11:33,269 --> 00:11:31,120  
ever again no

309  
00:11:34,710 --> 00:11:33,279  
yeah i've been there no offense to the

310  
00:11:35,190 --> 00:11:34,720  
to the venue because i mean it's it's

311  
00:11:36,870 --> 00:11:35,200  
invading

312  
00:11:39,590 --> 00:11:36,880  
no offense to contact in the desert

313  
00:11:41,990 --> 00:11:39,600

either the the venue the venue was

314

00:11:42,870 --> 00:11:42,000

was a beautiful hotel but there are

315

00:11:45,430 --> 00:11:42,880

certain things that are

316

00:11:46,389 --> 00:11:45,440

super legal there and we had a newborn

317

00:11:48,389 --> 00:11:46,399

and so we were like

318

00:11:49,990 --> 00:11:48,399

literally running around trying to get

319

00:11:52,710 --> 00:11:50,000

away from you know

320

00:11:54,069 --> 00:11:52,720

cigarette smoke and other smoke and you

321

00:11:57,670 --> 00:11:54,079

know so we uh

322

00:11:59,990 --> 00:11:57,680

we you know it was a little rough for us

323

00:12:01,110 --> 00:12:00,000

but either way i would i would it's

324

00:12:03,350 --> 00:12:01,120

still gone no matter what

325

00:12:05,430 --> 00:12:03,360

what had happened because uh ever since

326

00:12:07,190 --> 00:12:05,440

then uh

327

00:12:10,150 --> 00:12:07,200

you know there was a bond that was

328

00:12:12,389 --> 00:12:10,160

formed with you know jason and pj and

329

00:12:14,629 --> 00:12:12,399

kevin and dave and you know when i got

330

00:12:17,350 --> 00:12:14,639

back together with these guys

331

00:12:18,949 --> 00:12:17,360

it made everything better for me you

332

00:12:20,949 --> 00:12:18,959

know it kind of brought up

333

00:12:22,629 --> 00:12:20,959

like that that missing piece you know

334

00:12:24,550 --> 00:12:22,639

you're not nuts and

335

00:12:26,069 --> 00:12:24,560

you know all your real close friends

336

00:12:28,230 --> 00:12:26,079

when they hear your story that you know

337

00:12:30,069 --> 00:12:28,240

you trusted enough to even tell them

338

00:12:32,069 --> 00:12:30,079

you know they they they believe you

339

00:12:33,829 --> 00:12:32,079

believe something happened but you know

340

00:12:36,870 --> 00:12:33,839

it's a little too far-fetched for them

341

00:12:39,190 --> 00:12:36,880

to really believe that there was a ufo

342

00:12:40,629 --> 00:12:39,200

and then all of a sudden they're like um

343

00:12:42,069 --> 00:12:40,639

that's the thing you were talking about

344

00:12:45,190 --> 00:12:42,079

i'm like yup

345

00:12:48,790 --> 00:12:45,200

so it was actually real yup

346

00:12:50,790 --> 00:12:48,800

well what is it i'm like

347

00:12:52,069 --> 00:12:50,800

your guess is as good as mine i only

348

00:12:56,230 --> 00:12:52,079

know that it's real you know

349

00:12:57,829 --> 00:12:56,240

and so they uh they definitely uh

350

00:13:00,710 --> 00:12:57,839

it definitely changed it flipped the

351

00:13:02,470 --> 00:13:00,720

script and it felt good to be

352

00:13:04,550 --> 00:13:02,480

instead of you know kind of that

353

00:13:06,069 --> 00:13:04,560

ridiculous kind of weird guy that just

354

00:13:07,750 --> 00:13:06,079

kind of keeps to himself or

355

00:13:09,750 --> 00:13:07,760

gets angry about stupid things all the

356

00:13:12,550 --> 00:13:09,760

time or is unapproachable

357

00:13:13,350 --> 00:13:12,560

because apparently i uh to people that

358

00:13:16,150 --> 00:13:13,360

don't know me

359

00:13:18,230 --> 00:13:16,160

i am a bit unapproachable yeah i don't i

360

00:13:19,670 --> 00:13:18,240

don't understand that

361

00:13:21,829 --> 00:13:19,680

i don't get it either man you're one of

362

00:13:23,509 --> 00:13:21,839

the nicest guys i've ever seen come out

363

00:13:25,430 --> 00:13:23,519

of the navy for sure

364

00:13:26,710 --> 00:13:25,440

but it's uh you know i guess it's just

365

00:13:28,949 --> 00:13:26,720

because i work with these guys

366

00:13:31,110 --> 00:13:28,959

day in and day out we're not you know we

367

00:13:33,910 --> 00:13:31,120

don't have beers after work i'm i'm a

368

00:13:34,629 --> 00:13:33,920

i'm a wholehearted family guy so i'm

369

00:13:36,310 --> 00:13:34,639

literally

370

00:13:38,069 --> 00:13:36,320

it's it you know it's quarter to five

371

00:13:39,670 --> 00:13:38,079

and i'm like come on tick tock i need to

372

00:13:41,910 --> 00:13:39,680

get back to the house

373

00:13:44,069 --> 00:13:41,920

you know no overtime for this guy but

374

00:13:45,269 --> 00:13:44,079

yeah it uh it definitely changed

375

00:13:48,550 --> 00:13:45,279

everything it made things

376

00:13:49,910 --> 00:13:48,560

a lot better for me in my life awesome

377

00:13:52,550 --> 00:13:49,920

yeah and i would assume

378

00:13:54,629 --> 00:13:52,560

a sort of vindication you know i did uh

379

00:13:55,430 --> 00:13:54,639

interview kevin day the chief radar

380

00:13:57,590 --> 00:13:55,440

operator

381

00:13:59,750 --> 00:13:57,600

that was with you guys at the time and

382

00:14:03,269 --> 00:13:59,760

uh i remember him telling me the moment

383

00:14:06,230 --> 00:14:03,279

he saw the tic tac video on cnn

384

00:14:08,310 --> 00:14:06,240

go across the screen as he was working

385

00:14:09,910 --> 00:14:08,320

you know he dropped a plate of food and

386

00:14:11,509 --> 00:14:09,920

he almost started crying

387

00:14:14,629 --> 00:14:11,519

because he's like something he kept

388

00:14:16,629 --> 00:14:14,639

inside for years and years and finally

389

00:14:18,470 --> 00:14:16,639

like it's there people are talking about

390

00:14:19,670 --> 00:14:18,480

it i guess i was a little bit different

391

00:14:20,790 --> 00:14:19,680

because i didn't really need the

392

00:14:23,030 --> 00:14:20,800

vindication

393

00:14:24,230 --> 00:14:23,040

um but it was just nice to be able to

394

00:14:27,590 --> 00:14:24,240

openly talk about it

395

00:14:29,269 --> 00:14:27,600

and not have it be completely dismissed

396

00:14:32,310 --> 00:14:29,279

like as soon as you start talking about

397

00:14:35,430 --> 00:14:32,320

it that part was really nice for me

398

00:14:35,750 --> 00:14:35,440

that's awesome well matthew okay so um

399

00:14:38,389 --> 00:14:35,760

this

400

00:14:39,829 --> 00:14:38,399

is our first time hearing from you you

401  
00:14:42,230 --> 00:14:39,839  
know i've talked to these two gentlemen

402  
00:14:44,550 --> 00:14:42,240  
on separate occasions but um

403  
00:14:45,590 --> 00:14:44,560  
maybe give us an idea of uh your

404  
00:14:48,470 --> 00:14:45,600  
involvement

405  
00:14:49,590 --> 00:14:48,480  
with uh something that happened uh much

406  
00:14:51,590 --> 00:14:49,600  
more recently

407  
00:14:53,350 --> 00:14:51,600  
um and this was on the east coast if i'm

408  
00:14:55,509 --> 00:14:53,360  
correct off the uss

409  
00:14:56,870 --> 00:14:55,519  
uh roosevelt so if you don't mind could

410  
00:15:00,069 --> 00:14:56,880  
you tell us a little about

411  
00:15:01,430 --> 00:15:00,079  
um the event itself and how your

412  
00:15:03,590 --> 00:15:01,440  
involvement was with that

413  
00:15:07,030 --> 00:15:03,600

and what made you finally decide that

414

00:15:10,389 --> 00:15:07,040

you wanted to start talking about it

415

00:15:14,470 --> 00:15:10,399

um yes so i mean my involvement in this

416

00:15:16,310 --> 00:15:14,480

wasn't very extensive uh so we had

417

00:15:18,389 --> 00:15:16,320

we had finished our workups off the

418

00:15:20,790 --> 00:15:18,399

coast of florida

419

00:15:22,470 --> 00:15:20,800

and uh we were sitting back kind of

420

00:15:24,829 --> 00:15:22,480

waiting for our debrief

421

00:15:25,990 --> 00:15:24,839

um because the work-up cycle is a big

422

00:15:28,150 --> 00:15:26,000

test um

423

00:15:30,389 --> 00:15:28,160

so we were waiting to be debriefed about

424

00:15:34,389 --> 00:15:30,399

you know how we did

425

00:15:37,829 --> 00:15:34,399

um and uh we waited

426  
00:15:40,069 --> 00:15:37,839  
and waited and waited and the debrief

427  
00:15:41,670 --> 00:15:40,079  
was not happening and i i didn't

428  
00:15:46,150 --> 00:15:41,680  
understand why

429  
00:15:51,030 --> 00:15:49,030  
but uh you know the next day after the

430  
00:15:53,350 --> 00:15:51,040  
after all the drills had finished

431  
00:15:55,430 --> 00:15:53,360  
uh i was sitting there waiting once

432  
00:15:58,949 --> 00:15:55,440  
again and

433  
00:16:02,150 --> 00:15:58,959  
um a buddy of mine walked in

434  
00:16:05,269 --> 00:16:02,160  
to ces who also works in intel

435  
00:16:08,150 --> 00:16:05,279  
and he kind of said hey

436  
00:16:09,350 --> 00:16:08,160  
you know check this out let's pull it up

437  
00:16:12,470 --> 00:16:09,360  
on your computer

438  
00:16:15,910 --> 00:16:12,480

um so we pulled it up

439

00:16:17,110 --> 00:16:15,920

um and that was when i saw for the first

440

00:16:20,069 --> 00:16:17,120

time

441

00:16:21,990 --> 00:16:20,079

um what's known as the gimbal footage

442

00:16:25,269 --> 00:16:22,000

and the go fast footage uh

443

00:16:26,790 --> 00:16:25,279

both at the same time and so i thought

444

00:16:28,949 --> 00:16:26,800

it was like

445

00:16:29,910 --> 00:16:28,959

the most incredible thing i had ever

446

00:16:32,310 --> 00:16:29,920

seen

447

00:16:33,990 --> 00:16:32,320

you know but um there were a lot of

448

00:16:35,749 --> 00:16:34,000

people that i worked with that were very

449

00:16:40,389 --> 00:16:35,759

uninterested

450

00:16:44,470 --> 00:16:40,399

in what was happening and um

451  
00:16:47,590 --> 00:16:44,480  
i was just kind of mesmerized by it um

452  
00:16:48,870 --> 00:16:47,600  
i i just watched it over and over and

453  
00:16:50,550 --> 00:16:48,880  
over again

454  
00:16:52,150 --> 00:16:50,560  
trying to make sense of what i was

455  
00:16:53,749 --> 00:16:52,160  
seeing

456  
00:16:55,269 --> 00:16:53,759  
because i've seen this kind of footage

457  
00:16:58,629 --> 00:16:55,279  
before

458  
00:17:02,069 --> 00:16:58,639  
and this didn't look like anything

459  
00:17:05,429 --> 00:17:02,079  
i had ever seen before so i

460  
00:17:08,549 --> 00:17:05,439  
uh i didn't know what to make of it uh

461  
00:17:11,189 --> 00:17:08,559  
but i it was just hitting something

462  
00:17:13,350 --> 00:17:11,199  
inside me that was like this is this is

463  
00:17:16,549 --> 00:17:13,360

very much out of the ordinary

464

00:17:19,510 --> 00:17:16,559

um and so uh

465

00:17:20,470 --> 00:17:19,520

you know i i went on about my life after

466

00:17:26,309 --> 00:17:20,480

that

467

00:17:28,309 --> 00:17:26,319

footage would ever see the light of day

468

00:17:29,350 --> 00:17:28,319

um so when the new york times article

469

00:17:33,110 --> 00:17:29,360

hit i was

470

00:17:37,669 --> 00:17:35,350

and being in intel and knowing that i

471

00:17:40,549 --> 00:17:37,679

first saw this behind closed doors

472

00:17:42,070 --> 00:17:40,559

in 2015 and i was you know i was still

473

00:17:44,150 --> 00:17:42,080

working at the office in naval

474

00:17:45,669 --> 00:17:44,160

intelligence so i had family members

475

00:17:47,430 --> 00:17:45,679

calling me saying hey

476

00:17:50,950 --> 00:17:47,440

you know what do you know about this and

477

00:17:54,230 --> 00:17:50,960

it was very uncomfortable

478

00:17:56,070 --> 00:17:54,240

uh for me to talk about because

479

00:17:58,549 --> 00:17:56,080

i couldn't make sense of why this had

480

00:18:02,150 --> 00:17:58,559

been declassified why is this

481

00:18:04,310 --> 00:18:02,160

out in the public sphere now my job is

482

00:18:05,029 --> 00:18:04,320

not something i ever discussed with my

483

00:18:08,070 --> 00:18:05,039

family

484

00:18:11,190 --> 00:18:08,080

at all um in fact

485

00:18:13,750 --> 00:18:11,200

toward towards the end of my 16

486

00:18:15,430 --> 00:18:13,760

year career my father asked me what do

487

00:18:18,630 --> 00:18:15,440

you do

488

00:18:20,390 --> 00:18:18,640

because he had he had no idea because i

489

00:18:21,909 --> 00:18:20,400

never would talk about it i never even

490

00:18:24,950 --> 00:18:21,919

alluded to what

491

00:18:27,110 --> 00:18:24,960

i did behind closed doors so so this was

492

00:18:30,230 --> 00:18:27,120

a very uncomfortable subject for me

493

00:18:31,990 --> 00:18:30,240

um but of course in having read

494

00:18:34,710 --> 00:18:32,000

the new york times article and seeing

495

00:18:38,950 --> 00:18:34,720

that you know harry reid is quoted

496

00:18:41,190 --> 00:18:38,960

uh chris mellon um and these are

497

00:18:43,830 --> 00:18:41,200

you know important people and they're

498

00:18:46,310 --> 00:18:43,840

talking about it so there must be

499

00:18:47,990 --> 00:18:46,320

this must be declassified so i must be

500

00:18:49,669 --> 00:18:48,000

able to talk about it and i told my

501  
00:18:52,870 --> 00:18:49,679  
brother yeah you know

502  
00:18:54,870 --> 00:18:52,880  
this gimbal footage i was there um in

503  
00:18:57,430 --> 00:18:54,880  
2015 when i was collected

504  
00:18:58,710 --> 00:18:57,440  
and uh he was shocked he was shocked by

505  
00:19:02,870 --> 00:18:58,720  
that

506  
00:19:06,630 --> 00:19:02,880  
something else i'd love to

507  
00:19:07,190 --> 00:19:06,640  
get all of your your um your thoughts on

508  
00:19:08,710 --> 00:19:07,200  
uh

509  
00:19:10,310 --> 00:19:08,720  
let's start with you matthew what was

510  
00:19:12,630 --> 00:19:10,320  
like the atmosphere

511  
00:19:14,470 --> 00:19:12,640  
at the time on the ships i mean were

512  
00:19:15,270 --> 00:19:14,480  
people freaking out about these things

513  
00:19:18,230 --> 00:19:15,280

were they

514

00:19:19,110 --> 00:19:18,240

laughing it off uh what was kind of the

515

00:19:21,270 --> 00:19:19,120

the overall

516

00:19:23,830 --> 00:19:21,280

attitude um as these things were

517

00:19:26,789 --> 00:19:23,840

happening in real

518

00:19:27,669 --> 00:19:26,799

um you know i can only talk about what i

519

00:19:33,190 --> 00:19:27,679

saw

520

00:19:34,070 --> 00:19:33,200

um and i can't speak for the upper chain

521

00:19:37,190 --> 00:19:34,080

of command

522

00:19:38,870 --> 00:19:37,200

uh or even verify that there were any

523

00:19:40,310 --> 00:19:38,880

meetings about this or anything like

524

00:19:42,070 --> 00:19:40,320

that but

525

00:19:43,590 --> 00:19:42,080

the people directly around me were very

526

00:19:47,270 --> 00:19:43,600

uninterested in it

527

00:19:50,070 --> 00:19:47,280

uh they didn't care uh and i

528

00:19:51,110 --> 00:19:50,080

i didn't understand that at the time i

529

00:19:53,510 --> 00:19:51,120

will say that

530

00:19:55,590 --> 00:19:53,520

i was very interested in it i also heard

531

00:19:59,750 --> 00:19:55,600

pilots talking about it

532

00:20:02,390 --> 00:19:59,760

uh the pilots were very interested um

533

00:20:04,470 --> 00:20:02,400

so there were people within intel that

534

00:20:07,590 --> 00:20:04,480

were talking about it i'm not sure

535

00:20:08,950 --> 00:20:07,600

how much the rest of the ship knew uh as

536

00:20:12,310 --> 00:20:08,960

to what was going on

537

00:20:13,510 --> 00:20:12,320

but um certainly within intel we were

538

00:20:17,830 --> 00:20:13,520

aware of it

539

00:20:19,190 --> 00:20:17,840

those were the only two places i heard

540

00:20:22,789 --> 00:20:19,200

it being discussed

541

00:20:25,669 --> 00:20:22,799

um yeah that's it

542

00:20:27,350 --> 00:20:25,679

gotcha gotcha jason um how about you man

543

00:20:29,350 --> 00:20:27,360

was there talk on the ship

544

00:20:31,270 --> 00:20:29,360

uh while this was going on or like

545

00:20:33,669 --> 00:20:31,280

matthew was it kind of just like

546

00:20:35,350 --> 00:20:33,679

yo come over look at this video that we

547

00:20:37,590 --> 00:20:35,360

just got sent to our like

548

00:20:38,630 --> 00:20:37,600

you know our servers and stuff how what

549

00:20:41,110 --> 00:20:38,640

was that like

550

00:20:43,110 --> 00:20:41,120

yeah we're so compartmentalized within

551

00:20:45,510 --> 00:20:43,120

the within the on the ship itself

552

00:20:47,029 --> 00:20:45,520

that you know the the left hand doesn't

553

00:20:49,110 --> 00:20:47,039

always know what the right hand is doing

554

00:20:51,430 --> 00:20:49,120

and um so we knew that there were things

555

00:20:53,590 --> 00:20:51,440

going on we just didn't know what it was

556

00:20:55,350 --> 00:20:53,600

and so being somebody who works in

557

00:20:58,230 --> 00:20:55,360

supply who's not directly

558

00:20:59,270 --> 00:20:58,240

in contact with you know with like gary

559

00:21:02,630 --> 00:20:59,280

all the time

560

00:21:04,950 --> 00:21:02,640

or matthew who works up in obsess

561

00:21:06,549 --> 00:21:04,960

you don't necessarily know everything

562

00:21:10,149 --> 00:21:06,559

that's going on all the time

563

00:21:11,270 --> 00:21:10,159

and and rightfully so um but

564

00:21:13,350 --> 00:21:11,280

you know there were things there were

565

00:21:17,669 --> 00:21:13,360

things happening and things being said

566

00:21:18,950 --> 00:21:17,679

that um we knew something was going on

567

00:21:20,789 --> 00:21:18,960

but we didn't know what

568

00:21:23,590 --> 00:21:20,799

and that's you know just from a general

569

00:21:26,870 --> 00:21:23,600

shift crew type thing like

570

00:21:28,549 --> 00:21:26,880

yeah it's it's if you know something's

571

00:21:30,549 --> 00:21:28,559

going on it's because you were directly

572

00:21:31,990 --> 00:21:30,559

you know involved in it and if you

573

00:21:32,710 --> 00:21:32,000

weren't directly involved in it you have

574

00:21:34,630 --> 00:21:32,720

no clue

575

00:21:36,390 --> 00:21:34,640

but then like you go down on the fan

576

00:21:38,470 --> 00:21:36,400

town to the smoke deck and

577

00:21:40,390 --> 00:21:38,480

you know you're out there you're trying

578

00:21:41,750 --> 00:21:40,400

to get information from people and

579

00:21:43,430 --> 00:21:41,760

at in the moment they're not going to

580

00:21:44,230 --> 00:21:43,440

give you that information and they

581

00:21:46,630 --> 00:21:44,240

wouldn't

582

00:21:48,390 --> 00:21:46,640

and you know so a lot of people they

583

00:21:50,070 --> 00:21:48,400

talk about it and then the rumor mill

584

00:21:52,630 --> 00:21:50,080

starts and

585

00:21:53,830 --> 00:21:52,640

you know who knows what it is you know

586

00:21:55,990 --> 00:21:53,840

and and that's kind of where

587

00:21:57,990 --> 00:21:56,000

it ended up for the first two days and

588

00:22:01,270 --> 00:21:58,000

then after that it kind of

589

00:22:01,750 --> 00:22:01,280

just dwindled off you know it was back

590

00:22:06,070 --> 00:22:01,760

to work

591

00:22:07,909 --> 00:22:06,080

plenty of more important things

592

00:22:09,190 --> 00:22:07,919

to be doing at the time i completely

593

00:22:12,070 --> 00:22:09,200

understand um

594

00:22:14,070 --> 00:22:12,080

gary what was it like from your position

595

00:22:16,950 --> 00:22:14,080

man when you started seeing these things

596

00:22:18,549 --> 00:22:16,960

i remember you um you know they were

597

00:22:20,310 --> 00:22:18,559

seeing so many of these things

598

00:22:22,390 --> 00:22:20,320

on the radar that they had to shut it

599

00:22:24,310 --> 00:22:22,400

all down and boot it back up

600

00:22:27,110 --> 00:22:24,320

so um what was that whole experience

601  
00:22:29,029 --> 00:22:27,120  
like where people like freaking out or

602  
00:22:30,310 --> 00:22:29,039  
thinking this is weird or what was that

603  
00:22:31,510 --> 00:22:30,320  
freaking out because you gotta remember

604  
00:22:33,830 --> 00:22:31,520  
when first things

605  
00:22:36,710 --> 00:22:33,840  
when stuff first happens you mean you

606  
00:22:38,470 --> 00:22:36,720  
just don't assume that it's anything

607  
00:22:40,070 --> 00:22:38,480  
uh you know you try to make sure your

608  
00:22:42,710 --> 00:22:40,080  
systems are working properly

609  
00:22:44,230 --> 00:22:42,720  
you know you're it's like uh when it

610  
00:22:47,430 --> 00:22:44,240  
when the spy guys

611  
00:22:49,590 --> 00:22:47,440  
which are the guys that directly run the

612  
00:22:51,990 --> 00:22:49,600  
the spy equipment up in the up in their

613  
00:22:53,270 --> 00:22:52,000

rooms you know they say oh well you know

614

00:22:55,510 --> 00:22:53,280

probably have to do a bunch of reboots

615

00:22:58,710 --> 00:22:55,520

later it's like [h\_\_\h] really

616

00:23:01,029 --> 00:22:58,720

all right all right well we'll

617

00:23:02,710 --> 00:23:01,039

we'll get it done you know i'll stand by

618

00:23:04,149 --> 00:23:02,720

it just means no sleep for me

619

00:23:06,549 --> 00:23:04,159

that's that's that's because i was the

620

00:23:09,350 --> 00:23:06,559

only computer technician on board

621

00:23:10,870 --> 00:23:09,360

so it just you know there was a q70 guy

622

00:23:13,270 --> 00:23:10,880

which was uh

623

00:23:14,549 --> 00:23:13,280

the new style computer technician but

624

00:23:16,950 --> 00:23:14,559

there there was no

625

00:23:18,390 --> 00:23:16,960

other computer technicians at that point

626

00:23:25,990 --> 00:23:18,400

so i was just like oh well

627

00:23:29,830 --> 00:23:28,230

and of course i it was a i was a heavy

628

00:23:32,390 --> 00:23:29,840

smoker at the time and i

629

00:23:34,070 --> 00:23:32,400

i heavily didn't have them very often so

630

00:23:35,830 --> 00:23:34,080

i was bumming cigarettes on the smoke

631

00:23:38,149 --> 00:23:35,840

break

632

00:23:39,990 --> 00:23:38,159

uh but that's where the that's where all

633

00:23:42,070 --> 00:23:40,000

of the information comes from

634

00:23:43,510 --> 00:23:42,080

i mean that's like if you don't have

635

00:23:44,950 --> 00:23:43,520

like a secret clearance and you don't

636

00:23:46,390 --> 00:23:44,960

have a space

637

00:23:48,310 --> 00:23:46,400

that's where you find out everything

638

00:23:50,549 --> 00:23:48,320

that's happening you know so i mean i

639

00:23:53,750 --> 00:23:50,559

didn't even know we had unknown tracks

640

00:23:55,029 --> 00:23:53,760

and it was my systems you know until the

641

00:23:56,789 --> 00:23:55,039

until the guys that are doing the watch

642

00:23:58,310 --> 00:23:56,799

standing are like yeah yeah we got these

643

00:24:00,070 --> 00:23:58,320

unknown tracks and you know honestly it

644

00:24:02,310 --> 00:24:00,080

was it was nothing important

645

00:24:04,149 --> 00:24:02,320

at first and you know i got up there and

646

00:24:04,950 --> 00:24:04,159

i was looking over his shoulder and like

647

00:24:09,110 --> 00:24:04,960

oh yeah

648

00:24:10,789 --> 00:24:09,120

they're only doing 100

649

00:24:12,310 --> 00:24:10,799

what the hell they made a balsa wood or

650

00:24:13,909 --> 00:24:12,320

something you know i mean what the hell

651  
00:24:15,669 --> 00:24:13,919  
goes 100 knots

652  
00:24:17,669 --> 00:24:15,679  
we got a bunch of balloons floating out

653  
00:24:19,430 --> 00:24:17,679  
there or something you know

654  
00:24:20,950 --> 00:24:19,440  
100 odds isn't very fast it's faster

655  
00:24:23,430 --> 00:24:20,960  
than a balloon but you know

656  
00:24:25,190 --> 00:24:23,440  
you'd see like nothing with that with an

657  
00:24:27,190 --> 00:24:25,200  
actual radar signature like that doing

658  
00:24:30,230 --> 00:24:27,200  
100 knots that was odd

659  
00:24:31,590 --> 00:24:30,240  
so like all right you know now this is a

660  
00:24:33,909 --> 00:24:31,600  
system that can you know track a

661  
00:24:36,230 --> 00:24:33,919  
periscope

662  
00:24:37,510 --> 00:24:36,240  
across the across the ocean you know you

663  
00:24:39,510 --> 00:24:37,520

can tell the difference between the

664

00:24:41,669 --> 00:24:39,520

crests and a periscope so i mean it's a

665

00:24:43,510 --> 00:24:41,679

very sensitive piece of equipment

666

00:24:44,950 --> 00:24:43,520

um so if like any of the systems are a

667

00:24:46,789 --> 00:24:44,960

little off and the filtering is not

668

00:24:47,909 --> 00:24:46,799

right you can kind of get weird things

669

00:24:50,390 --> 00:24:47,919

but

670

00:24:52,870 --> 00:24:50,400

we just vetted this system through a

671

00:24:56,149 --> 00:24:52,880

10-month deployment where it never had

672

00:24:58,630 --> 00:24:56,159

it didn't have any malfunctions at all

673

00:24:59,909 --> 00:24:58,640

nothing at a reset would wouldn't cure

674

00:25:01,190 --> 00:24:59,919

you know it's just like when you reboot

675

00:25:02,070 --> 00:25:01,200

your computer because it's acting a

676  
00:25:04,390 --> 00:25:02,080  
little weird

677  
00:25:05,590 --> 00:25:04,400  
you know same thing with this with any

678  
00:25:07,669 --> 00:25:05,600  
system

679  
00:25:08,789 --> 00:25:07,679  
so we we did the same thing and well

680  
00:25:11,029 --> 00:25:08,799  
when it came back up

681  
00:25:13,110 --> 00:25:11,039  
it just came back up actually in a

682  
00:25:16,950 --> 00:25:13,120  
better radar resolution than it did

683  
00:25:19,590 --> 00:25:16,960  
when we when we brought it all down um

684  
00:25:19,990 --> 00:25:19,600  
so at that point i was kind of like well

685  
00:25:24,789 --> 00:25:20,000  
then

686  
00:25:26,789 --> 00:25:24,799  
bit

687  
00:25:28,230 --> 00:25:26,799  
and uh you know nobody really said

688  
00:25:29,430 --> 00:25:28,240

anything we tracked them they weren't

689

00:25:31,350 --> 00:25:29,440

coming at the ship

690

00:25:32,950 --> 00:25:31,360

so they weren't doing anything hostile

691

00:25:33,750 --> 00:25:32,960

no hostile intention or anything like

692

00:25:37,110 --> 00:25:33,760

that so

693

00:25:39,510 --> 00:25:37,120

there was no excitement about them um

694

00:25:41,110 --> 00:25:39,520

but i mean they i i figured the fact

695

00:25:42,230 --> 00:25:41,120

that they weren't squawking anything you

696

00:25:45,110 --> 00:25:42,240

know they weren't they weren't

697

00:25:47,110 --> 00:25:45,120

uh when i say squawking is uh every

698

00:25:49,430 --> 00:25:47,120

thing that flies

699

00:25:50,390 --> 00:25:49,440

shy of very very very small low altitude

700

00:25:52,549 --> 00:25:50,400

craft

701  
00:25:53,909 --> 00:25:52,559  
have to have some type of transmitter of

702  
00:25:56,789 --> 00:25:53,919  
some type to tell

703  
00:25:58,470 --> 00:25:56,799  
everybody around it what it is and so

704  
00:25:58,789 --> 00:25:58,480  
when i say it's not squawking nothing

705  
00:26:02,390 --> 00:25:58,799  
it's

706  
00:26:05,029 --> 00:26:02,400  
coming from it

707  
00:26:06,710 --> 00:26:05,039  
that we can tell any generic normal

708  
00:26:07,350 --> 00:26:06,720  
broadcast you know there might have been

709  
00:26:09,590 --> 00:26:07,360  
em

710  
00:26:10,710 --> 00:26:09,600  
or any of these uh special things that

711  
00:26:12,710 --> 00:26:10,720  
we we look at

712  
00:26:13,830 --> 00:26:12,720  
but there's been no reports of that

713  
00:26:17,190 --> 00:26:13,840

stuff because it's

714

00:26:21,029 --> 00:26:17,200

probably all classified but

715

00:26:21,590 --> 00:26:21,039

um i remember being uh you know kind of

716

00:26:22,870 --> 00:26:21,600

excited

717

00:26:25,510 --> 00:26:22,880

i'm like all right you know what it's

718

00:26:27,430 --> 00:26:25,520

here's the mystery so the plot thickens

719

00:26:29,110 --> 00:26:27,440

so then what i started to do is i

720

00:26:32,230 --> 00:26:29,120

started to go up to the

721

00:26:32,870 --> 00:26:32,240

the you know go into combat and look at

722

00:26:34,630 --> 00:26:32,880

where the

723

00:26:37,029 --> 00:26:34,640

the bearing in elevation you know where

724

00:26:38,630 --> 00:26:37,039

where it was in the sky where to go look

725

00:26:40,070 --> 00:26:38,640

i was like well [h\_\_h] shits and giggles

726

00:26:40,870 --> 00:26:40,080

i'll go look through the big guys see if

727

00:26:43,669 --> 00:26:40,880

i can see anything

728

00:26:45,269 --> 00:26:43,679

it's probably too far but on a couple of

729

00:26:46,789 --> 00:26:45,279

occasions you know probably about five

730

00:26:48,549 --> 00:26:46,799

times so at the week i was able to

731

00:26:49,750 --> 00:26:48,559

actually see something on the horizon

732

00:26:51,669 --> 00:26:49,760

you know and

733

00:26:53,350 --> 00:26:51,679

during the day i'll be honest i couldn't

734

00:26:55,430 --> 00:26:53,360

positively identify

735

00:26:56,630 --> 00:26:55,440

i was looking at one of these tracks but

736

00:26:59,269 --> 00:26:56,640

at night because

737

00:27:00,789 --> 00:26:59,279

they actually glowed and so when they

738

00:27:03,430 --> 00:27:00,799

did bug out

739

00:27:04,630 --> 00:27:03,440

you could tell exactly what it was you

740

00:27:07,830 --> 00:27:04,640

know that wasn't a

741

00:27:10,149 --> 00:27:07,840

you know it when it would haul ass

742

00:27:11,750 --> 00:27:10,159

it would be pretty obvious that that

743

00:27:14,390 --> 00:27:11,760

wasn't a a light on a

744

00:27:16,230 --> 00:27:14,400

sailboat or a light on the top of a

745

00:27:18,710 --> 00:27:16,240

fishing vessel or something like that

746

00:27:20,389 --> 00:27:18,720

you know so you know i actually got to

747

00:27:22,149 --> 00:27:20,399

see these things and then when we saw

748

00:27:25,110 --> 00:27:22,159

the footage it just it

749

00:27:27,430 --> 00:27:25,120

made my blood run cold my head went numb

750

00:27:30,149 --> 00:27:27,440

you get that like

751  
00:27:31,909 --> 00:27:30,159  
feeling like you just don't know how to

752  
00:27:32,470 --> 00:27:31,919  
this is this is surreal you know it's

753  
00:27:33,990 --> 00:27:32,480  
like

754  
00:27:36,470 --> 00:27:34,000  
the first time you look through it it's

755  
00:27:37,590 --> 00:27:36,480  
like you know am i looking at what i'm

756  
00:27:40,149 --> 00:27:37,600  
thinking i'm looking at

757  
00:27:41,909 --> 00:27:40,159  
you know is this you know why doesn't it

758  
00:27:44,310 --> 00:27:41,919  
have an engine

759  
00:27:45,669 --> 00:27:44,320  
why does it have wings what is this

760  
00:27:47,269 --> 00:27:45,679  
thing doing you know

761  
00:27:49,669 --> 00:27:47,279  
so it's like and then the second time

762  
00:27:52,549 --> 00:27:49,679  
through you start seeing more details

763  
00:27:56,149 --> 00:27:52,559

and you're like it has it's colder than

764

00:28:00,070 --> 00:27:58,230

it doesn't have propellers yeah how's

765

00:28:02,470 --> 00:28:00,080

this thing moving you know even at 100

766

00:28:04,470 --> 00:28:02,480

knots now it's super impressive

767

00:28:06,630 --> 00:28:04,480

you know and then then coming to find

768

00:28:07,990 --> 00:28:06,640

out when it goes from you know 28 000

769

00:28:09,750 --> 00:28:08,000

feet to sea level and like

770

00:28:11,590 --> 00:28:09,760

i think kevin said it was like 0.7

771

00:28:14,870 --> 00:28:11,600

seconds they figured it out

772

00:28:17,990 --> 00:28:14,880

that's crazy no sonic booms no nothing

773

00:28:19,110 --> 00:28:18,000

i mean what can do that's nothing i know

774

00:28:22,630 --> 00:28:19,120

it's insane

775

00:28:24,710 --> 00:28:22,640

definitely not a seagull no no

776

00:28:27,350 --> 00:28:24,720

there are i will i will go on a record

777

00:28:27,750 --> 00:28:27,360

of saying i honestly positively do not

778

00:28:31,269 --> 00:28:27,760

think

779

00:28:33,430 --> 00:28:31,279

it's an ultrasonic seagull

780

00:28:35,110 --> 00:28:33,440

that's uh for a very special person out

781

00:28:37,990 --> 00:28:35,120

there who we're going to talk about

782

00:28:38,549 --> 00:28:38,000

in the listener questions for ior but um

783

00:28:40,230 --> 00:28:38,559

yeah i

784

00:28:42,070 --> 00:28:40,240

also go on the record saying i love that

785

00:28:44,789 --> 00:28:42,080

dude and

786

00:28:45,590 --> 00:28:44,799

shouldn't be so hard on him i would

787

00:28:47,590 --> 00:28:45,600

agree

788

00:28:48,950 --> 00:28:47,600

especially with that british accent it

789

00:28:50,310 --> 00:28:48,960

comes off so polite

790

00:28:52,470 --> 00:28:50,320

i think everyone knows what we're

791

00:28:53,830 --> 00:28:52,480

talking about now but um gary you bring

792

00:28:55,750 --> 00:28:53,840

up a really good point and i'd like to

793

00:28:56,389 --> 00:28:55,760

get jason and matthew's thoughts on this

794

00:28:58,149 --> 00:28:56,399

um

795

00:29:00,070 --> 00:28:58,159

that moment matthew you mentioned in

796

00:29:03,029 --> 00:29:00,080

your book i mean the title of your book

797

00:29:03,510 --> 00:29:03,039

the main title is initiated and i often

798

00:29:06,789 --> 00:29:03,520

uh

799

00:29:09,029 --> 00:29:06,799

refer to people's first ufo settings

800

00:29:10,950 --> 00:29:09,039

like that as well you know this is an

801  
00:29:13,430 --> 00:29:10,960  
initiation into something

802  
00:29:14,549 --> 00:29:13,440  
a club that a lot of people never wanted

803  
00:29:17,669 --> 00:29:14,559  
to be a part of

804  
00:29:18,470 --> 00:29:17,679  
but found themselves in almost so um for

805  
00:29:20,870 --> 00:29:18,480  
you matthew

806  
00:29:22,630 --> 00:29:20,880  
what was it like seeing that gimbal

807  
00:29:25,269 --> 00:29:22,640  
video seeing this craft

808  
00:29:26,630 --> 00:29:25,279  
with like no signs of propulsion uh

809  
00:29:30,070 --> 00:29:26,640  
moving at those speeds

810  
00:29:31,750 --> 00:29:30,080  
and rotating mid-flight i mean

811  
00:29:33,590 --> 00:29:31,760  
what went through your mind did you

812  
00:29:34,310 --> 00:29:33,600  
start going down the checklist of what

813  
00:29:37,430 --> 00:29:34,320

it could be

814

00:29:39,510 --> 00:29:37,440

or were you sort of left there being

815

00:29:41,350 --> 00:29:39,520

as i would be dumbfounded what was that

816

00:29:41,909 --> 00:29:41,360

like what did you think it was i guess

817

00:29:45,110 --> 00:29:41,919

that's my

818

00:29:47,350 --> 00:29:45,120

question uh well you know i

819

00:29:49,190 --> 00:29:47,360

i definitely thought it was not

820

00:29:51,029 --> 00:29:49,200

something that we had

821

00:29:52,830 --> 00:29:51,039

and i didn't think it was something that

822

00:29:56,710 --> 00:29:52,840

an adversary had

823

00:30:00,549 --> 00:29:56,720

either um the only explanation i saw

824

00:30:03,750 --> 00:30:00,559

for it was that it was not

825

00:30:06,950 --> 00:30:03,760

uh not from here you know

826

00:30:09,430 --> 00:30:06,960

not from around here and uh

827

00:30:11,029 --> 00:30:09,440

the term is like off world that way it

828

00:30:15,350 --> 00:30:11,039

sounds more professional

829

00:30:17,590 --> 00:30:15,360

yeah yeah but i knew it wasn't anything

830

00:30:20,549 --> 00:30:17,600

that we had in our inventory or

831

00:30:22,230 --> 00:30:20,559

any other nation's inventory so i i i

832

00:30:25,269 --> 00:30:22,240

was really just

833

00:30:27,269 --> 00:30:25,279

i was shocked really i mean i i i

834

00:30:29,269 --> 00:30:27,279

i was coming to the terms with this as i

835

00:30:32,310 --> 00:30:29,279

was watching it that

836

00:30:33,190 --> 00:30:32,320

oh my gosh you know all of these stories

837

00:30:35,909 --> 00:30:33,200

are true

838

00:30:36,710 --> 00:30:35,919

that that you've been hearing of you

839

00:30:40,149 --> 00:30:36,720

know

840

00:30:42,070 --> 00:30:40,159

people seeing ufos uh

841

00:30:43,510 --> 00:30:42,080

and i that that was kind of like what

842

00:30:45,669 --> 00:30:43,520

was going through my head

843

00:30:47,990 --> 00:30:45,679

and i felt i actually felt a little bit

844

00:30:51,269 --> 00:30:48,000

guilty because i never believed it

845

00:30:54,470 --> 00:30:51,279

you know i was one of those people who

846

00:30:56,710 --> 00:30:54,480

you know if something ufo came on tv

847

00:30:58,710 --> 00:30:56,720

you know some ufo show i would kind of

848

00:30:59,590 --> 00:30:58,720

roll my eyes and you know change the

849

00:31:02,710 --> 00:30:59,600

channel

850

00:31:05,430 --> 00:31:02,720

um and here i was

851  
00:31:06,230 --> 00:31:05,440  
you know in a skiff watching this and

852  
00:31:08,710 --> 00:31:06,240  
it's like

853  
00:31:09,590 --> 00:31:08,720  
oh wow you know this is actually

854  
00:31:13,029 --> 00:31:09,600  
happening

855  
00:31:15,750 --> 00:31:13,039  
you know got real yeah yeah jason how

856  
00:31:18,310 --> 00:31:15,760  
about you man at the moment you saw that

857  
00:31:19,430 --> 00:31:18,320  
for the very first time i mean did you

858  
00:31:21,430 --> 00:31:19,440  
immediately think

859  
00:31:22,710 --> 00:31:21,440  
i'm looking at a craft from zeta

860  
00:31:24,710 --> 00:31:22,720  
reticuli or

861  
00:31:26,230 --> 00:31:24,720  
what the hell is going on here what were

862  
00:31:29,029 --> 00:31:26,240  
your initial thoughts

863  
00:31:30,149 --> 00:31:29,039

my first my first thought was well i'd

864

00:31:32,389 --> 00:31:30,159

ask him i'm like is this

865

00:31:33,350 --> 00:31:32,399

is this real world or is this exercise

866

00:31:34,710 --> 00:31:33,360

and you know he's

867

00:31:36,470 --> 00:31:34,720

he asked me this is a real world this

868

00:31:39,350 --> 00:31:36,480

you know and i'm like

869

00:31:41,509 --> 00:31:39,360

whoa you know this is unbelievable

870

00:31:43,190 --> 00:31:41,519

because

871

00:31:46,310 --> 00:31:43,200

you know seeing this thing move the way

872

00:31:48,630 --> 00:31:46,320

the way that it moves

873

00:31:49,990 --> 00:31:48,640

it kind of it explodes your brain you

874

00:31:51,110 --> 00:31:50,000

know because everything you think you

875

00:31:55,110 --> 00:31:51,120

know about

876

00:31:57,830 --> 00:31:55,120

physics and the way the world works

877

00:31:58,710 --> 00:31:57,840

it's it's it quits working that way you

878

00:32:00,789 --> 00:31:58,720

know it's like

879

00:32:03,830 --> 00:32:00,799

whoa because now you have this whole

880

00:32:06,950 --> 00:32:06,389

what am i what am i seeing here you know

881

00:32:09,029 --> 00:32:06,960

and

882

00:32:10,389 --> 00:32:09,039

so it kind of changes your perspective

883

00:32:13,430 --> 00:32:10,399

on

884

00:32:15,110 --> 00:32:13,440

everything in that moment

885

00:32:17,430 --> 00:32:15,120

and you question everything you ever

886

00:32:21,110 --> 00:32:19,509

and then you go okay now i owe some

887

00:32:24,389 --> 00:32:21,120

other people

888

00:32:27,830 --> 00:32:24,399

apologies because

889

00:32:30,389 --> 00:32:27,840

you know like uh know

890

00:32:31,830 --> 00:32:30,399

sadly i was one of the guys i who would be

891

00:32:34,310 --> 00:32:31,840

the one to ridicule you

892

00:32:37,430 --> 00:32:34,320

and now it's like wow wow so when it

893

00:32:39,669 --> 00:32:37,440

happens to you you kind of um

894

00:32:42,950 --> 00:32:39,679

you get a gut punch and and you have to

895

00:32:45,990 --> 00:32:42,960

swallow your pride and say okay you know

896

00:32:49,110 --> 00:32:46,000

now where do we go and here's you yeah

897

00:32:51,110 --> 00:32:49,120

here we are yeah unlike these two

898

00:32:53,990 --> 00:32:51,120

though i uh i thoroughly enjoyed the

899

00:32:56,149 --> 00:32:54,000

x-files and if there was a ufo show on

900

00:32:58,630 --> 00:32:56,159

i probably would have watched it but

901  
00:33:00,549 --> 00:32:58,640  
mostly out of more of a

902  
00:33:01,669 --> 00:33:00,559  
you know i would have known what a zeta

903  
00:33:04,310 --> 00:33:01,679  
reticuli

904  
00:33:06,789 --> 00:33:04,320  
or the uh you know i would have known

905  
00:33:08,870 --> 00:33:06,799  
the species names or that there is

906  
00:33:11,029 --> 00:33:08,880  
multiple species or that

907  
00:33:13,110 --> 00:33:11,039  
you know any of these you know really

908  
00:33:14,789 --> 00:33:13,120  
down the rabbit hole stuff

909  
00:33:16,310 --> 00:33:14,799  
um and honestly even being down the

910  
00:33:17,830 --> 00:33:16,320  
rabbit hole uh

911  
00:33:20,070 --> 00:33:17,840  
i'm still on the fence with a lot of

912  
00:33:21,990 --> 00:33:20,080  
stuff but now that i had

913  
00:33:24,149 --> 00:33:22,000

something to me happen that other people

914

00:33:27,509 --> 00:33:24,159

are like yeah right

915

00:33:28,630 --> 00:33:27,519

uh now i'm like uh well you know what

916

00:33:30,549 --> 00:33:28,640

i'm gonna go ahead and at least be

917

00:33:33,750 --> 00:33:30,559

polite and say i believe you

918

00:33:35,909 --> 00:33:33,760

definitely had some type of experience

919

00:33:37,509 --> 00:33:35,919

until i until i experienced it myself

920

00:33:39,669 --> 00:33:37,519

still still

921

00:33:42,149 --> 00:33:39,679

i still would maintain myself as a very

922

00:33:44,149 --> 00:33:42,159

skeptical believer of a lot of stuff

923

00:33:45,750 --> 00:33:44,159

but there's enough empirical evidence of

924

00:33:48,310 --> 00:33:45,760

even some of the weirdest stuff

925

00:33:48,789 --> 00:33:48,320

that you know it's worth at least giving

926  
00:33:50,310 --> 00:33:48,799  
a couple

927  
00:33:51,830 --> 00:33:50,320  
you know it's not going to hurt your

928  
00:33:54,310 --> 00:33:51,840  
feelings or your ti or

929  
00:33:55,750 --> 00:33:54,320  
your your brain to listen to well some

930  
00:33:56,389 --> 00:33:55,760  
of these people kind of hurt my brain

931  
00:33:59,830 --> 00:33:56,399  
but

932  
00:34:00,549 --> 00:33:59,840  
um it's not going to hurt you to be

933  
00:34:03,110 --> 00:34:00,559  
polite

934  
00:34:05,509 --> 00:34:03,120  
you know and i try to i try to maintain

935  
00:34:08,629 --> 00:34:05,519  
a balance between

936  
00:34:10,470 --> 00:34:08,639  
nuts and bolts and the whole phenomenon

937  
00:34:13,270 --> 00:34:10,480  
talk when people start getting too far

938  
00:34:14,550 --> 00:34:13,280

down like the the you know the the

939

00:34:18,389 --> 00:34:14,560

synchronicity

940

00:34:21,190 --> 00:34:18,399

trail or the the phenomenon trail or the

941

00:34:22,069 --> 00:34:21,200

you know or the ufo trail and people

942

00:34:24,550 --> 00:34:22,079

have to realize

943

00:34:26,710 --> 00:34:24,560

that there's a good possibility that the

944

00:34:27,990 --> 00:34:26,720

reality is much stranger than we ever

945

00:34:30,629 --> 00:34:28,000

even can conceive

946

00:34:33,510 --> 00:34:30,639

and then on top of that there could just

947

00:34:36,149 --> 00:34:33,520

be multiple different things going on

948

00:34:37,349 --> 00:34:36,159

you could have top secret aircraft and

949

00:34:39,030 --> 00:34:37,359

then you could also have

950

00:34:41,349 --> 00:34:39,040

off-world vehicles and then you could

951  
00:34:43,030 --> 00:34:41,359  
also have you know trans-medium vehicles

952  
00:34:44,230 --> 00:34:43,040  
coming from other dimensions and

953  
00:34:46,310 --> 00:34:44,240  
you know i mean there's nothing saying

954  
00:34:47,990 --> 00:34:46,320  
that the all of these things couldn't be

955  
00:34:51,589 --> 00:34:48,000  
happening at the same time

956  
00:34:53,349 --> 00:34:51,599  
producing different results which would

957  
00:34:55,909 --> 00:34:53,359  
account for just about everything that

958  
00:34:57,190 --> 00:34:55,919  
we can see absolutely gary and that you

959  
00:35:00,710 --> 00:34:57,200  
bring up a good point too

960  
00:35:01,990 --> 00:35:00,720  
of uh you know the plural of phenomenon

961  
00:35:04,390 --> 00:35:02,000  
that's why we're now calling

962  
00:35:05,589 --> 00:35:04,400  
them unidentified aerial phenomena we

963  
00:35:08,069 --> 00:35:05,599

have no idea

964

00:35:09,910 --> 00:35:08,079

what these are what they represent and

965

00:35:10,950 --> 00:35:09,920

matthew i know what you experienced on

966

00:35:12,950 --> 00:35:10,960

the east coast

967

00:35:14,550 --> 00:35:12,960

was probably had a different source or

968

00:35:17,829 --> 00:35:14,560

answer than what these guys

969

00:35:19,829 --> 00:35:17,839

had over on the west coast so i i want

970

00:35:21,190 --> 00:35:19,839

to go down that rabbit hole just a

971

00:35:23,670 --> 00:35:21,200

little bit with you guys

972

00:35:25,670 --> 00:35:23,680

let's just dig the first layer out um

973

00:35:29,030 --> 00:35:25,680

because i know for you matthew

974

00:35:29,589 --> 00:35:29,040

um you had a lot of experiences after

975

00:35:33,030 --> 00:35:29,599

this

976  
00:35:35,750 --> 00:35:33,040  
once you're kind of in

977  
00:35:37,829 --> 00:35:35,760  
once you've seen something like either

978  
00:35:40,230 --> 00:35:37,839  
the doors fling wide open

979  
00:35:41,190 --> 00:35:40,240  
or you start to kind of peek in a little

980  
00:35:44,310 --> 00:35:41,200  
bit more

981  
00:35:47,109 --> 00:35:44,320  
and see more light so um yeah

982  
00:35:48,470 --> 00:35:47,119  
what what did you guys walk away from

983  
00:35:50,710 --> 00:35:48,480  
these experiences with

984  
00:35:53,109 --> 00:35:50,720  
matthew we'll start with you um could

985  
00:35:55,349 --> 00:35:53,119  
you sort of walk us through

986  
00:35:57,349 --> 00:35:55,359  
what happened you know to your belief

987  
00:36:00,790 --> 00:35:57,359  
system what happened to kind of

988  
00:36:01,190 --> 00:36:00,800

your perception of reality after all of

989

00:36:04,390 --> 00:36:01,200

this

990

00:36:05,349 --> 00:36:04,400

and um where did you go from there well

991

00:36:08,310 --> 00:36:05,359

i can say that

992

00:36:09,109 --> 00:36:08,320

uh for the most part it didn't change

993

00:36:11,510 --> 00:36:09,119

anything

994

00:36:12,390 --> 00:36:11,520

right i i didn't i didn't bother to look

995

00:36:15,430 --> 00:36:12,400

into this

996

00:36:18,550 --> 00:36:15,440

or give it a second look until the new

997

00:36:20,710 --> 00:36:18,560

york times article came out

998

00:36:23,349 --> 00:36:20,720

because at the time in 2015 i thought

999

00:36:26,310 --> 00:36:23,359

well you know if this is

1000

00:36:28,069 --> 00:36:26,320

a part of some program i'm not read into

1001

00:36:29,589 --> 00:36:28,079

it and i'll never know anyway

1002

00:36:32,150 --> 00:36:29,599

and this footage is never going to see

1003

00:36:35,670 --> 00:36:32,160

the light of day so this is the last

1004

00:36:38,470 --> 00:36:35,680

i'll ever see of it but what really

1005

00:36:40,390 --> 00:36:38,480

kind of started things to go in a

1006

00:36:42,150 --> 00:36:40,400

different direction for me was

1007

00:36:44,150 --> 00:36:42,160

you know the new york times article and

1008

00:36:47,270 --> 00:36:44,160

to the stars academy

1009

00:36:49,990 --> 00:36:47,280

um those people to me

1010

00:36:51,270 --> 00:36:50,000

uh carried with them a certain amount of

1011

00:36:54,710 --> 00:36:51,280

credibility

1012

00:36:58,069 --> 00:36:54,720

um and so i being the analyst

1013

00:36:59,589 --> 00:36:58,079

the intel analyst that i am i decided to

1014

00:37:02,790 --> 00:36:59,599

look into that organization

1015

00:37:04,790 --> 00:37:02,800

and drill down a little bit uh so i

1016

00:37:06,310 --> 00:37:04,800

i thought well who in this organization

1017

00:37:08,950 --> 00:37:06,320

has written any books

1018

00:37:09,910 --> 00:37:08,960

you know and let's check those out and

1019

00:37:13,349 --> 00:37:09,920

that was when i

1020

00:37:14,790 --> 00:37:13,359

read uh hunt for the skinwalker by colin

1021

00:37:17,990 --> 00:37:14,800

kelleher

1022

00:37:20,310 --> 00:37:18,000

and that really that was probably the

1023

00:37:22,069 --> 00:37:20,320

the single biggest book that really just

1024

00:37:26,150 --> 00:37:22,079

shifted my whole

1025

00:37:28,230 --> 00:37:26,160

world view um because to know that

1026

00:37:30,230 --> 00:37:28,240

this guy who wrote this book is also

1027

00:37:33,270 --> 00:37:30,240

involved with

1028

00:37:34,150 --> 00:37:33,280

um these guys from to the stars chris

1029

00:37:36,710 --> 00:37:34,160

mellon

1030

00:37:38,150 --> 00:37:36,720

luella zondo all these heavy hitters

1031

00:37:39,589 --> 00:37:38,160

from the pentagon

1032

00:37:41,829 --> 00:37:39,599

i thought well there's got to be

1033

00:37:45,510 --> 00:37:41,839

something there in this book

1034

00:37:48,150 --> 00:37:45,520

uh this can't just be nonsense

1035

00:37:49,829 --> 00:37:48,160

you know yeah and and so then that's

1036

00:37:50,470 --> 00:37:49,839

when i started to think well you know

1037

00:37:54,069 --> 00:37:50,480

this whole

1038

00:37:57,190 --> 00:37:54,079

everything we called paranormal is also

1039

00:37:58,150 --> 00:37:57,200

linked to this somehow obviously uh and

1040

00:38:01,750 --> 00:37:58,160

so that

1041

00:38:02,230 --> 00:38:01,760

that really just shifted my entire world

1042

00:38:03,990 --> 00:38:02,240

view

1043

00:38:06,230 --> 00:38:04,000

right there that was that was it that

1044

00:38:08,069 --> 00:38:06,240

was the beginning

1045

00:38:09,349 --> 00:38:08,079

yeah and i think you bring up a good

1046

00:38:12,069 --> 00:38:09,359

point too that

1047

00:38:12,870 --> 00:38:12,079

these members of the pentagon this atip

1048

00:38:15,750 --> 00:38:12,880

program

1049

00:38:17,990 --> 00:38:15,760

that looked at your events looked at

1050

00:38:20,069 --> 00:38:18,000

what happened with you guys

1051  
00:38:21,510 --> 00:38:20,079  
a lot of that money for the program went

1052  
00:38:22,870 --> 00:38:21,520  
into investigating something like

1053  
00:38:24,630 --> 00:38:22,880  
skinwalker ranch

1054  
00:38:27,589 --> 00:38:24,640  
so i would have to agree that there's

1055  
00:38:28,550 --> 00:38:27,599  
much stranger things going on here than

1056  
00:38:30,950 --> 00:38:28,560  
just

1057  
00:38:31,990 --> 00:38:30,960  
whatever little green men and flying

1058  
00:38:34,630 --> 00:38:32,000  
saucers

1059  
00:38:36,470 --> 00:38:34,640  
um that could be one of a million

1060  
00:38:37,670 --> 00:38:36,480  
answers to what these things were you

1061  
00:38:39,430 --> 00:38:37,680  
guys experienced

1062  
00:38:41,430 --> 00:38:39,440  
jason we'll start with the first man

1063  
00:38:43,030 --> 00:38:41,440

once you saw that once you experience

1064

00:38:46,470 --> 00:38:43,040

that and like you said like

1065

00:38:47,430 --> 00:38:46,480

it became real um you start looking into

1066

00:38:50,390 --> 00:38:47,440

other stuff like

1067

00:38:52,390 --> 00:38:50,400

are ufos something you google now every

1068

00:38:55,589 --> 00:38:52,400

morning when you drink your coffee or

1069

00:38:55,829 --> 00:38:55,599

how did the event um impact you in terms

1070

00:38:58,870 --> 00:38:55,839

of

1071

00:39:02,630 --> 00:38:58,880

what might be out there yeah

1072

00:39:04,630 --> 00:39:02,640

not really um you know once once it all

1073

00:39:05,670 --> 00:39:04,640

transpired and then everything just kind

1074

00:39:08,790 --> 00:39:05,680

of dwindled down

1075

00:39:10,069 --> 00:39:08,800

after the event that happened i pretty

1076

00:39:11,670 --> 00:39:10,079

much just

1077

00:39:13,109 --> 00:39:11,680

you know put it on the back burner and

1078

00:39:15,109 --> 00:39:13,119

and until

1079

00:39:16,710 --> 00:39:15,119

what a couple years ago when when the

1080

00:39:19,430 --> 00:39:16,720

new york times article come out

1081

00:39:21,109 --> 00:39:19,440

and that was when it was like okay so

1082

00:39:24,870 --> 00:39:21,119

there is something to this

1083

00:39:27,750 --> 00:39:24,880

um you know and i think for me it

1084

00:39:28,230 --> 00:39:27,760

it it hasn't really changed like who i

1085

00:39:31,270 --> 00:39:28,240

am

1086

00:39:36,790 --> 00:39:31,280

as far as like my interest

1087

00:39:40,950 --> 00:39:40,470

my specific incident alone um i try not

1088

00:39:43,510 --> 00:39:40,960

to

1089

00:39:44,710 --> 00:39:43,520

think outside of this one particular

1090

00:39:46,950 --> 00:39:44,720

incident because

1091

00:39:47,990 --> 00:39:46,960

i can really get overwhelmed with it and

1092

00:39:50,150 --> 00:39:48,000

and i don't like

1093

00:39:52,870 --> 00:39:50,160

chasing the rabbits down that hole and

1094

00:39:55,589 --> 00:39:52,880

because when i do it's like

1095

00:39:56,390 --> 00:39:55,599

you know you start going beyond where

1096

00:39:58,870 --> 00:39:56,400

you need to go

1097

00:39:59,910 --> 00:39:58,880

and and right now i think i just want

1098

00:40:02,310 --> 00:39:59,920

answers to

1099

00:40:03,750 --> 00:40:02,320

to what happened with us and that's kind

1100

00:40:05,670 --> 00:40:03,760

of where i

1101

00:40:07,829 --> 00:40:05,680

put all my energy is figuring out what

1102

00:40:09,349 --> 00:40:07,839

it was that happened directly to us

1103

00:40:10,710 --> 00:40:09,359

and then they you know other other

1104

00:40:11,910 --> 00:40:10,720

events and other things like what

1105

00:40:14,069 --> 00:40:11,920

happened with matthew

1106

00:40:15,670 --> 00:40:14,079

um they'll all fall in into place when

1107

00:40:18,069 --> 00:40:15,680

they you know in time

1108

00:40:19,270 --> 00:40:18,079

so i've just kind of taken a back seat

1109

00:40:20,870 --> 00:40:19,280

and and kind of just

1110

00:40:22,470 --> 00:40:20,880

listened you know and i've learned a lot

1111

00:40:24,150 --> 00:40:22,480

from the people within the community on

1112

00:40:24,390 --> 00:40:24,160

twitter just listening to what they say

1113

00:40:25,589 --> 00:40:24,400

and

1114

00:40:27,030 --> 00:40:25,599

you know talking to people in private

1115

00:40:27,430 --> 00:40:27,040

messages i think that's something that

1116

00:40:30,790 --> 00:40:27,440

has

1117

00:40:32,390 --> 00:40:30,800

benefited everybody um is is our

1118

00:40:34,790 --> 00:40:32,400

availability to them

1119

00:40:35,750 --> 00:40:34,800

and their availability to us you know

1120

00:40:39,430 --> 00:40:35,760

not just

1121

00:40:41,349 --> 00:40:39,440

um you know where we come out we say

1122

00:40:45,030 --> 00:40:41,359

this and then we just disappear

1123

00:40:46,230 --> 00:40:45,040

and we're not reachable i think that's

1124

00:40:49,750 --> 00:40:46,240

what's revolutionized

1125

00:40:51,990 --> 00:40:49,760

this whole game over the past 10 years

1126

00:40:52,950 --> 00:40:52,000

is technology and the ability to

1127

00:40:55,589 --> 00:40:52,960

communicate

1128

00:40:56,550 --> 00:40:55,599

and make yourself available almost at

1129

00:40:58,870 --> 00:40:56,560

any time

1130

00:41:00,710 --> 00:40:58,880

to anybody you know and there have been

1131

00:41:03,589 --> 00:41:00,720

some pretty nasty people

1132

00:41:04,069 --> 00:41:03,599

um but they're there's for the majority

1133

00:41:07,270 --> 00:41:04,079

of

1134

00:41:09,030 --> 00:41:07,280

you know

1135

00:41:10,870 --> 00:41:09,040

politically we may disagree but at the

1136

00:41:12,390 --> 00:41:10,880

end of the day we can all sit down and

1137

00:41:15,349 --> 00:41:12,400

have a conversation

1138

00:41:16,230 --> 00:41:15,359

you know and absolutely i think that is

1139

00:41:18,870 --> 00:41:16,240

maintaining

1140

00:41:20,550 --> 00:41:18,880

that uh that level of okay i'm not on

1141

00:41:22,470 --> 00:41:20,560

the same level with you

1142

00:41:23,990 --> 00:41:22,480

you know because you may be so deep into

1143

00:41:25,670 --> 00:41:24,000

this that

1144

00:41:27,829 --> 00:41:25,680

you're starting to talk to talk to me

1145

00:41:29,109 --> 00:41:27,839

about things that

1146

00:41:31,109 --> 00:41:29,119

you're really kind of pushing people

1147

00:41:33,910 --> 00:41:31,119

away you know and it's like well

1148

00:41:34,150 --> 00:41:33,920

you don't need to but i'm like i i get

1149

00:41:37,510 --> 00:41:34,160

it

1150

00:41:39,670 --> 00:41:37,520

you know

1151

00:41:40,950 --> 00:41:39,680

you're in an eight i'm at a four and i

1152

00:41:43,109 --> 00:41:40,960

think that's what people just

1153

00:41:44,230 --> 00:41:43,119

just bear with us you know because it's

1154

00:41:46,950 --> 00:41:44,240

still all new to

1155

00:41:47,990 --> 00:41:46,960

us you know to people like me it's still

1156

00:41:49,670 --> 00:41:48,000

new to me

1157

00:41:52,390 --> 00:41:49,680

you know so i don't understand some of

1158

00:41:54,230 --> 00:41:52,400

the things that people are talking about

1159

00:41:55,589 --> 00:41:54,240

yeah that is such a good point man i

1160

00:41:57,510 --> 00:41:55,599

mean you guys kind of

1161

00:42:00,150 --> 00:41:57,520

you literally had these things fall into

1162

00:42:01,910 --> 00:42:00,160

your lap and it's been a crash course

1163

00:42:04,230 --> 00:42:01,920

ever since as i'm sure it is for these

1164

00:42:06,390 --> 00:42:04,240

people working in the pentagon right now

1165

00:42:07,430 --> 00:42:06,400

with this ufo task force you know they

1166

00:42:09,670 --> 00:42:07,440

didn't they

1167

00:42:11,750 --> 00:42:09,680

they didn't go to school to work in a

1168

00:42:12,630 --> 00:42:11,760

pentagon ufo program they weren't

1169

00:42:15,109 --> 00:42:12,640

trained

1170

00:42:16,550 --> 00:42:15,119

in in those sorts of things so i think

1171

00:42:18,630 --> 00:42:16,560

you're right i think people

1172

00:42:20,309 --> 00:42:18,640

um have to have patience you guys are

1173

00:42:22,710 --> 00:42:20,319

trying to unravel this thing

1174

00:42:23,349 --> 00:42:22,720

just as much as we are in the civilian

1175

00:42:26,069 --> 00:42:23,359

world

1176  
00:42:26,870 --> 00:42:26,079  
as well um and the other big thing you

1177  
00:42:30,710 --> 00:42:26,880  
bring up too

1178  
00:42:32,309 --> 00:42:30,720  
is um learning i think that's the most

1179  
00:42:33,670 --> 00:42:32,319  
important thing with all this you guys

1180  
00:42:35,910 --> 00:42:33,680  
are so accessible

1181  
00:42:37,109 --> 00:42:35,920  
again you could have just come out and

1182  
00:42:39,270 --> 00:42:37,119  
like told your story

1183  
00:42:41,910 --> 00:42:39,280  
and moved on with your lives but you've

1184  
00:42:44,710 --> 00:42:41,920  
been so transparent and open to

1185  
00:42:46,150 --> 00:42:44,720  
the ufo community and uh the public

1186  
00:42:48,230 --> 00:42:46,160  
overall that i

1187  
00:42:49,589 --> 00:42:48,240  
truly have to thank you guys for that

1188  
00:42:52,630 --> 00:42:49,599

before we go any further

1189

00:42:55,990 --> 00:42:52,640

um but yeah gary how about you man

1190

00:42:57,990 --> 00:42:56,000

um how how big or small is the shovel

1191

00:42:59,270 --> 00:42:58,000

you're willing to dig into that rabbit

1192

00:43:01,109 --> 00:42:59,280

hole and uh

1193

00:43:02,870 --> 00:43:01,119

what are you thinking man what what's

1194

00:43:03,990 --> 00:43:02,880

going on in your mind with this whole

1195

00:43:06,550 --> 00:43:04,000

ufo thing

1196

00:43:07,829 --> 00:43:06,560

after being involved with this well the

1197

00:43:09,030 --> 00:43:07,839

one thing that me and matthew have in

1198

00:43:12,230 --> 00:43:09,040

common is that

1199

00:43:14,550 --> 00:43:12,240

it didn't really change me uh it

1200

00:43:16,069 --> 00:43:14,560

definitely changed my you know the way i

1201

00:43:17,990 --> 00:43:16,079

thought was or the things that were

1202

00:43:21,270 --> 00:43:18,000

possible

1203

00:43:24,950 --> 00:43:21,280

so immediately after the event

1204

00:43:27,990 --> 00:43:24,960

i started downloading the mit syllabus

1205

00:43:31,589 --> 00:43:28,000

syllabuses for uh their physics courses

1206

00:43:32,950 --> 00:43:31,599

and uh looking at uh

1207

00:43:34,870 --> 00:43:32,960

all the different all the ivy league

1208

00:43:36,309 --> 00:43:34,880

schools syllabuses for their physics

1209

00:43:38,950 --> 00:43:36,319

courses and learning everything that i

1210

00:43:40,230 --> 00:43:38,960

could about physics and engineering

1211

00:43:42,309 --> 00:43:40,240

i didn't think i'd ever really be able

1212

00:43:45,750 --> 00:43:42,319

to afford to go back to college so

1213

00:43:49,109 --> 00:43:45,760

i just started learning it all myself

1214

00:43:51,109 --> 00:43:49,119

um i spent pretty much

1215

00:43:52,309 --> 00:43:51,119

a lot of my free time just trying to

1216

00:43:54,470 --> 00:43:52,319

figure out

1217

00:43:56,390 --> 00:43:54,480

how any of this could even be possible

1218

00:43:56,790 --> 00:43:56,400

just to keep running into wall after

1219

00:44:00,950 --> 00:43:56,800

wall

1220

00:44:06,150 --> 00:44:03,990

my education level it was so

1221

00:44:07,750 --> 00:44:06,160

minimal to begin with you know i mean

1222

00:44:11,910 --> 00:44:07,760

the only thing i had was

1223

00:44:14,550 --> 00:44:11,920

i know it's possible now how

1224

00:44:16,230 --> 00:44:14,560

so i i was literally starting from you

1225

00:44:19,430 --> 00:44:16,240

know

1226

00:44:22,309 --> 00:44:19,440

high school physics to

1227

00:44:24,069 --> 00:44:22,319

learn all of these different theorems

1228

00:44:24,950 --> 00:44:24,079

these different possibilities these

1229

00:44:26,870 --> 00:44:24,960

different things

1230

00:44:29,430 --> 00:44:26,880

that you know people have already gone

1231

00:44:31,349 --> 00:44:29,440

through 10 years of college and knew

1232

00:44:33,589 --> 00:44:31,359

um so it was like a crash course that i

1233

00:44:37,750 --> 00:44:33,599

was pushing myself through

1234

00:44:39,829 --> 00:44:37,760

and then uh then that would

1235

00:44:41,349 --> 00:44:39,839

make me fall down other rabbit holes

1236

00:44:43,349 --> 00:44:41,359

like i'd see an article about

1237

00:44:45,349 --> 00:44:43,359

crispr and then i'd just be obsessed

1238

00:44:47,750 --> 00:44:45,359

with the crisper technology read

1239

00:44:49,190 --> 00:44:47,760

everything that humans know about crispr

1240

00:44:51,670 --> 00:44:49,200

uh you know try to understand

1241

00:44:53,990 --> 00:44:51,680

exactly how it edits genome how you know

1242

00:44:56,870 --> 00:44:54,000

how how could they possibly introduce

1243

00:44:58,230 --> 00:44:56,880

uh gene editing into a live specimen and

1244

00:45:00,390 --> 00:44:58,240

then they're like oh you just

1245

00:45:01,829 --> 00:45:00,400

stick it in a virus and boom we can

1246

00:45:03,829 --> 00:45:01,839

rewrite your dna

1247

00:45:06,230 --> 00:45:03,839

and then you know that goes into then

1248

00:45:08,069 --> 00:45:06,240

that goes went into epigenetics and then

1249

00:45:08,870 --> 00:45:08,079

i got stuck on epigenetics for like a

1250

00:45:10,390 --> 00:45:08,880

year and

1251  
00:45:12,470 --> 00:45:10,400  
you know just learned everything i could

1252  
00:45:14,630 --> 00:45:12,480  
about epigenetics and that's now blowing

1253  
00:45:17,510 --> 00:45:14,640  
up too you know so

1254  
00:45:18,710 --> 00:45:17,520  
it's it's been one learning rabbit hole

1255  
00:45:23,190 --> 00:45:18,720  
after another

1256  
00:45:25,510 --> 00:45:23,200  
and uh then finally the 2017

1257  
00:45:28,470 --> 00:45:25,520  
report came out and then i get a phone

1258  
00:45:31,910 --> 00:45:28,480  
call in 2018

1259  
00:45:35,030 --> 00:45:31,920  
and then i start having to do a crash

1260  
00:45:37,910 --> 00:45:35,040  
course in ufo history now i mean i knew

1261  
00:45:39,829 --> 00:45:37,920  
generally the the big ones you know

1262  
00:45:41,750 --> 00:45:39,839  
project blue book i knew

1263  
00:45:43,829 --> 00:45:41,760

uh that they were you know roswell

1264

00:45:45,430 --> 00:45:43,839

there's two crashes there's you know

1265

00:45:46,069 --> 00:45:45,440

there's two crash sites that you know i

1266

00:45:47,990 --> 00:45:46,079

know

1267

00:45:50,230 --> 00:45:48,000

some of the details and some a little

1268

00:45:52,870 --> 00:45:50,240

bit i'd say if uh you know

1269

00:45:54,790 --> 00:45:52,880

ryan you're a level 10 and jason's a

1270

00:45:56,390 --> 00:45:54,800

level four i'm probably like a five or a

1271

00:45:58,150 --> 00:45:56,400

six

1272

00:45:59,829 --> 00:45:58,160

but i'm not gonna remember the details

1273

00:46:03,190 --> 00:45:59,839

i'm not gonna remember you know it was

1274

00:46:04,870 --> 00:46:03,200

you know 14.76 yards away from the

1275

00:46:06,150 --> 00:46:04,880

uh you know site you know i'm never

1276

00:46:07,109 --> 00:46:06,160

going to remember details that i can

1277

00:46:09,349 --> 00:46:07,119

look up

1278

00:46:10,790 --> 00:46:09,359

uh it's been a i had a professor tell me

1279

00:46:13,670 --> 00:46:10,800

one time he said

1280

00:46:14,230 --> 00:46:13,680

you know i really enjoyed your thesis

1281

00:46:17,030 --> 00:46:14,240

but

1282

00:46:18,550 --> 00:46:17,040

it is uh you need to leave out anything

1283

00:46:20,309 --> 00:46:18,560

that somebody can look up

1284

00:46:21,589 --> 00:46:20,319

if somebody can look up a number there's

1285

00:46:24,470 --> 00:46:21,599

no point in

1286

00:46:25,670 --> 00:46:24,480

spending five paragraphs describing it

1287

00:46:29,829 --> 00:46:25,680

yeah

1288

00:46:31,990 --> 00:46:29,839

so he said keep it simple stupid so i've

1289

00:46:36,069 --> 00:46:32,000

kept it that you know so no no more 60

1290

00:46:40,470 --> 00:46:38,630

i used that i used to be a little too

1291

00:46:42,710 --> 00:46:40,480

overzealous with it with my work

1292

00:46:44,230 --> 00:46:42,720

and it was this is like just like with

1293

00:46:45,910 --> 00:46:44,240

my work i'd start

1294

00:46:47,990 --> 00:46:45,920

writing about it and then like oh well i

1295

00:46:48,390 --> 00:46:48,000

better explain that i better explain

1296

00:46:51,589 --> 00:46:48,400

that

1297

00:46:53,750 --> 00:46:51,599

even though they were incredibly

1298

00:46:54,710 --> 00:46:53,760

detailed they were basically a big bore

1299

00:46:59,109 --> 00:46:54,720

fest

1300

00:47:00,950 --> 00:46:59,119

and uh but it taught me you know and

1301

00:47:02,710 --> 00:47:00,960

and i've and i've been wrong so many

1302

00:47:05,750 --> 00:47:02,720

times you know i think my favorite thing

1303

00:47:08,309 --> 00:47:05,760

is being completely wrong on air

1304

00:47:09,589 --> 00:47:08,319

because you're about to learn because

1305

00:47:12,390 --> 00:47:09,599

you're about to learn

1306

00:47:13,990 --> 00:47:12,400

everything there has to know that's

1307

00:47:14,870 --> 00:47:14,000

actually right about what you're just

1308

00:47:18,230 --> 00:47:14,880

talking about

1309

00:47:21,270 --> 00:47:18,240

you know so and uh you know uh

1310

00:47:23,829 --> 00:47:21,280

one little tidbit of my story that i

1311

00:47:24,790 --> 00:47:23,839

actually just got a confirmation about

1312

00:47:28,630 --> 00:47:24,800

and

1313

00:47:30,069 --> 00:47:28,640

has been a little bit uh

1314

00:47:32,549 --> 00:47:30,079

you know it's been on the board because

1315

00:47:34,150 --> 00:47:32,559

when i was on the boat

1316

00:47:38,309 --> 00:47:34,160

i could have swore somebody told me that

1317

00:47:42,069 --> 00:47:38,319

we had an active underwater contact

1318

00:47:45,430 --> 00:47:42,079

well i was right and i was wrong

1319

00:47:46,150 --> 00:47:45,440

um i did talk to one of my former

1320

00:47:48,710 --> 00:47:46,160

shipmates

1321

00:47:49,750 --> 00:47:48,720

and he's and he's basically informed me

1322

00:47:52,470 --> 00:47:49,760

that

1323

00:47:53,990 --> 00:47:52,480

it wasn't an active track they actually

1324

00:47:56,870 --> 00:47:54,000

got

1325

00:47:57,349 --> 00:47:56,880

a signature where the you know the sonar

1326

00:47:59,910 --> 00:47:57,359

guys

1327

00:48:01,670 --> 00:47:59,920

when they track objects passively

1328

00:48:03,030 --> 00:48:01,680

everything has its signature

1329

00:48:06,390 --> 00:48:03,040

you know they can tell the difference

1330

00:48:08,870 --> 00:48:06,400

between a trident submarine and a

1331

00:48:09,750 --> 00:48:08,880

uh a a russian diesel or a chinese

1332

00:48:11,910 --> 00:48:09,760

diesel

1333

00:48:13,990 --> 00:48:11,920

you know they they can tell they can

1334

00:48:16,309 --> 00:48:14,000

even track things in the sky

1335

00:48:17,190 --> 00:48:16,319

you know the the actual vibrations and

1336

00:48:19,190 --> 00:48:17,200

the engines

1337

00:48:20,790 --> 00:48:19,200

noise from the sky actually comes

1338

00:48:21,589 --> 00:48:20,800

underwater and they can track that and

1339

00:48:25,109 --> 00:48:21,599

they know

1340

00:48:28,150 --> 00:48:25,119

where generally everything is well it

1341

00:48:31,349 --> 00:48:28,160

they got it on the hydrophone

1342

00:48:33,190 --> 00:48:31,359

you know they heard it and uh they all

1343

00:48:35,750 --> 00:48:33,200

had to sign non-disclosure agreements

1344

00:48:37,750 --> 00:48:35,760

and they were basically debriefed and

1345

00:48:40,230 --> 00:48:37,760

told they were not allowed to talk about

1346

00:48:43,670 --> 00:48:41,990

and that's something that i interested

1347

00:48:45,589 --> 00:48:43,680

in yeah yeah so that's

1348

00:48:47,589 --> 00:48:45,599

you know so that's what this gentleman

1349

00:48:47,990 --> 00:48:47,599

was talking to me about but because i

1350

00:48:50,710 --> 00:48:48,000

didn't

1351  
00:48:52,630 --> 00:48:50,720  
have the explanation that went with it i

1352  
00:48:54,230 --> 00:48:52,640  
just assumed it was an active

1353  
00:48:56,309 --> 00:48:54,240  
thing you know because i just said sonar

1354  
00:48:57,829 --> 00:48:56,319  
you ping and they get something back

1355  
00:48:59,990 --> 00:48:57,839  
well i never thought about the fact that

1356  
00:49:01,990 --> 00:49:00,000  
they can just listen too

1357  
00:49:03,270 --> 00:49:02,000  
you know so they weren't allowed to go

1358  
00:49:06,390 --> 00:49:03,280  
active at the time

1359  
00:49:08,390 --> 00:49:06,400  
um and right after they got that that's

1360  
00:49:10,150 --> 00:49:08,400  
uh if jason remembers we went to general

1361  
00:49:14,630 --> 00:49:10,160  
quarters during that time

1362  
00:49:17,109 --> 00:49:14,640  
that's why because they were tracking it

1363  
00:49:18,790 --> 00:49:17,119

on the hydrophone that's something that

1364

00:49:20,549 --> 00:49:18,800

i think gets missed is

1365

00:49:22,150 --> 00:49:20,559

when we did go to general quarters and i

1366

00:49:24,870 --> 00:49:22,160

think that's something that um

1367

00:49:25,750 --> 00:49:24,880

that needs to be talked about um you

1368

00:49:28,950 --> 00:49:25,760

know i mean

1369

00:49:31,270 --> 00:49:28,960

even at a later date um

1370

00:49:32,549 --> 00:49:31,280

you know that that's something that has

1371

00:49:34,150 --> 00:49:32,559

been lost

1372

00:49:35,750 --> 00:49:34,160

within this whole thing is that our ship

1373

00:49:38,630 --> 00:49:35,760

did go to general quarters

1374

00:49:39,510 --> 00:49:38,640

um and everybody did go to their battle

1375

00:49:41,670 --> 00:49:39,520

stations

1376

00:49:43,030 --> 00:49:41,680

um in preparation for something we don't

1377

00:49:46,630 --> 00:49:43,040

know what it was

1378

00:49:47,670 --> 00:49:46,640

and um so yeah i i i'd spoke on that

1379

00:49:50,870 --> 00:49:47,680

once before like when

1380

00:49:52,309 --> 00:49:50,880

when i first come out and uh for some

1381

00:49:53,910 --> 00:49:52,319

reason i haven't even

1382

00:49:55,670 --> 00:49:53,920

spoke about it since so i'm glad you

1383

00:49:57,910 --> 00:49:55,680

brought it up gary that's uh

1384

00:49:59,349 --> 00:49:57,920

that's something my active my active

1385

00:50:00,870 --> 00:49:59,359

theory about why we actually went to

1386

00:50:03,750 --> 00:50:00,880

general quarters is i bet you

1387

00:50:05,030 --> 00:50:03,760

that it was to limit the actually the

1388

00:50:07,829 --> 00:50:05,040

eyesight of

1389

00:50:09,990 --> 00:50:07,839

i bet you one of these things got close

1390

00:50:11,829 --> 00:50:10,000

and you know

1391

00:50:13,109 --> 00:50:11,839

if we go to general quarters everybody's

1392

00:50:15,750 --> 00:50:13,119

on the inside of the skin of the ship

1393

00:50:17,910 --> 00:50:15,760

except for people on the bridge

1394

00:50:19,589 --> 00:50:17,920

you know so the only people that would

1395

00:50:20,309 --> 00:50:19,599

have an active site of it would be

1396

00:50:22,630 --> 00:50:20,319

anybody that

1397

00:50:23,670 --> 00:50:22,640

has a camera system that points outside

1398

00:50:26,790 --> 00:50:23,680

like maybe c

1399

00:50:28,630 --> 00:50:26,800

whiz or

1400

00:50:30,390 --> 00:50:28,640

the bridge crew you know because you

1401  
00:50:31,510 --> 00:50:30,400  
won't have a watch crew on the outside

1402  
00:50:33,750 --> 00:50:31,520  
unless they send the

1403  
00:50:35,670 --> 00:50:33,760  
snoopy team out which has been a thing

1404  
00:50:35,990 --> 00:50:35,680  
that's gone all over ufo twitter lately

1405  
00:50:38,549 --> 00:50:36,000  
because

1406  
00:50:39,829 --> 00:50:38,559  
nobody knew the difference between the

1407  
00:50:41,349 --> 00:50:39,839  
different teams that we have our

1408  
00:50:44,230 --> 00:50:41,359  
reconnaissance teams

1409  
00:50:45,589 --> 00:50:44,240  
uh yeah that was news to me yeah because

1410  
00:50:47,030 --> 00:50:45,599  
we got a snoopy team and you know

1411  
00:50:48,230 --> 00:50:47,040  
anything that needs to be investigated

1412  
00:50:49,750 --> 00:50:48,240  
filmed

1413  
00:50:51,589 --> 00:50:49,760

take a picture of outside the skin of

1414

00:50:53,510 --> 00:50:51,599

the ship and then you've got your viper

1415

00:50:53,990 --> 00:50:53,520

teams and those are generally not even

1416

00:50:57,190 --> 00:50:54,000

on your

1417

00:51:01,750 --> 00:50:57,200

ship they're just their crew of people

1418

00:51:06,950 --> 00:51:05,109

it it it was unfortunately can't be

1419

00:51:08,390 --> 00:51:06,960

confirmed because of the non-disclosure

1420

00:51:10,470 --> 00:51:08,400

agreements that they signed

1421

00:51:12,549 --> 00:51:10,480

but at least i was at least able to

1422

00:51:14,230 --> 00:51:12,559

figure out exactly what this kid

1423

00:51:15,750 --> 00:51:14,240

that was talking to me actually meant i

1424

00:51:16,790 --> 00:51:15,760

say kid because i mean we were all kids

1425

00:51:19,349 --> 00:51:16,800

at the time

1426  
00:51:21,670 --> 00:51:19,359  
you know i mean all in our early 20s and

1427  
00:51:24,870 --> 00:51:21,680  
he was you know younger than that but

1428  
00:51:26,790 --> 00:51:24,880  
you know and apparently he almost got

1429  
00:51:28,069 --> 00:51:26,800  
court-martialed he almost got into some

1430  
00:51:30,390 --> 00:51:28,079  
serious trouble for

1431  
00:51:31,190 --> 00:51:30,400  
talking about it outside their their you

1432  
00:51:33,109 --> 00:51:31,200  
know they were they

1433  
00:51:35,270 --> 00:51:33,119  
seriously were about to bring him up on

1434  
00:51:36,150 --> 00:51:35,280  
charges for for talking about it outside

1435  
00:51:38,549 --> 00:51:36,160  
of their

1436  
00:51:41,270 --> 00:51:38,559  
their area and that's actually what

1437  
00:51:43,589 --> 00:51:41,280  
ended up spooking him from talking to me

1438  
00:51:45,030 --> 00:51:43,599

presently you know that's why none of

1439

00:51:49,030 --> 00:51:45,040

these guys they won't talk

1440

00:51:54,470 --> 00:51:52,069

yeah that's understandable

1441

00:51:55,270 --> 00:51:54,480

yeah yeah well i mean that's another

1442

00:51:57,990 --> 00:51:55,280

good point too

1443

00:51:59,750 --> 00:51:58,000

um i want to get your guys thoughts on

1444

00:52:01,589 --> 00:51:59,760

this i've got just a few more personal

1445

00:52:02,870 --> 00:52:01,599

questions and then we'll fire off these

1446

00:52:04,630 --> 00:52:02,880

audience questions

1447

00:52:05,910 --> 00:52:04,640

for you guys you're being very generous

1448

00:52:08,470 --> 00:52:05,920

with your time um

1449

00:52:09,109 --> 00:52:08,480

the idea of reporting these things now

1450

00:52:11,589 --> 00:52:09,119

we know

1451

00:52:13,510 --> 00:52:11,599

once um you know the videos were out the

1452

00:52:15,990 --> 00:52:13,520

department of defense officially

1453

00:52:18,069 --> 00:52:16,000

released them uh kind of the navy

1454

00:52:18,950 --> 00:52:18,079

followed suit and saying yeah these

1455

00:52:21,750 --> 00:52:18,960

things are real

1456

00:52:23,670 --> 00:52:21,760

like we tracked them we we recorded them

1457

00:52:26,230 --> 00:52:23,680

um and we're now gonna

1458

00:52:27,670 --> 00:52:26,240

tell our all of our service members to

1459

00:52:29,349 --> 00:52:27,680

start reporting these things when that

1460

00:52:32,069 --> 00:52:29,359

wasn't really the case

1461

00:52:33,030 --> 00:52:32,079

before that so again we've made such

1462

00:52:34,950 --> 00:52:33,040

strides

1463

00:52:36,630 --> 00:52:34,960

in terms of our reporting these things i

1464

00:52:38,630 --> 00:52:36,640

think in the last year or so

1465

00:52:40,150 --> 00:52:38,640

um that god knows what's going to be out

1466

00:52:42,390 --> 00:52:40,160

there in the coming years

1467

00:52:43,270 --> 00:52:42,400

um you know we're already getting other

1468

00:52:46,309 --> 00:52:43,280

videos

1469

00:52:48,150 --> 00:52:46,319

that the navy has recorded um how we're

1470

00:52:49,910 --> 00:52:48,160

getting those we're not quite sure

1471

00:52:51,829 --> 00:52:49,920

yet maybe we'll learn that soon we're

1472

00:52:52,549 --> 00:52:51,839

gonna get this report soon as well but

1473

00:52:55,910 --> 00:52:52,559

um

1474

00:53:00,309 --> 00:52:55,920

i'm going off on a tangent with you guys

1475

00:53:03,589 --> 00:53:00,319

um are you now the ufo

1476  
00:53:06,549 --> 00:53:03,599  
person to go to with former shipmates

1477  
00:53:07,430 --> 00:53:06,559  
um other members of the navy or the

1478  
00:53:09,190 --> 00:53:07,440  
military

1479  
00:53:11,270 --> 00:53:09,200  
are they like coming to you guys now

1480  
00:53:11,670 --> 00:53:11,280  
with anything personal experiences you

1481  
00:53:13,750 --> 00:53:11,680  
know

1482  
00:53:15,190 --> 00:53:13,760  
feeling comfortable enough to do that

1483  
00:53:17,030 --> 00:53:15,200  
now have any of you guys had an

1484  
00:53:19,750 --> 00:53:17,040  
experience in that realm of

1485  
00:53:21,270 --> 00:53:19,760  
someone possibly even still serving

1486  
00:53:23,270 --> 00:53:21,280  
being like yo

1487  
00:53:24,950 --> 00:53:23,280  
this happened over in afghanistan or

1488  
00:53:27,750 --> 00:53:24,960

this happened over in

1489

00:53:29,670 --> 00:53:27,760

in south america like what what am i

1490

00:53:31,430 --> 00:53:29,680

dealing with here any of you guys

1491

00:53:32,950 --> 00:53:31,440

you know i've had plenty of people that

1492

00:53:37,030 --> 00:53:32,960

have contacted me

1493

00:53:39,990 --> 00:53:37,040

um that are prior military that

1494

00:53:43,109 --> 00:53:40,000

you know had experiences and then they

1495

00:53:45,670 --> 00:53:43,119

ended up reading my book um

1496

00:53:46,950 --> 00:53:45,680

and then they you know they tell me

1497

00:53:48,549 --> 00:53:46,960

everything that's happened to them and

1498

00:53:50,790 --> 00:53:48,559

they never talked about they never talk

1499

00:53:52,630 --> 00:53:50,800

to anybody they know about it

1500

00:53:55,510 --> 00:53:52,640

uh they don't talk to their chain of

1501  
00:53:58,630 --> 00:53:55,520  
command about it because

1502  
00:54:01,910 --> 00:53:58,640  
you know it's just it seems so out there

1503  
00:54:03,670 --> 00:54:01,920  
um but i can say too that while i was

1504  
00:54:07,510 --> 00:54:03,680  
working at oni

1505  
00:54:10,950 --> 00:54:07,520  
uh there were people who did approach me

1506  
00:54:12,150 --> 00:54:10,960  
and say you know i had this experience

1507  
00:54:15,109 --> 00:54:12,160  
or i had this happen

1508  
00:54:16,069 --> 00:54:15,119  
to me and that was something that they

1509  
00:54:18,230 --> 00:54:16,079  
don't

1510  
00:54:20,630 --> 00:54:18,240  
share publicly or at work but they knew

1511  
00:54:22,549 --> 00:54:20,640  
that since i

1512  
00:54:25,670 --> 00:54:22,559  
i kept no secret about what was

1513  
00:54:27,990 --> 00:54:25,680

happening to me um

1514

00:54:29,349 --> 00:54:28,000

since they they knew that they would i i

1515

00:54:32,069 --> 00:54:29,359

would often get approached

1516

00:54:32,870 --> 00:54:32,079

by just random people that would tell me

1517

00:54:35,030 --> 00:54:32,880

hey i

1518

00:54:36,549 --> 00:54:35,040

i had something happen you know let me

1519

00:54:39,030 --> 00:54:36,559

tell you about it

1520

00:54:41,109 --> 00:54:39,040

um that happens all the time it

1521

00:54:45,510 --> 00:54:41,119

continues to happen

1522

00:54:48,630 --> 00:54:45,520

um and i think uh as long as

1523

00:54:51,109 --> 00:54:48,640

as long as this is kept kind of a secret

1524

00:54:51,990 --> 00:54:51,119

um i think that's gonna continue to

1525

00:54:53,829 --> 00:54:52,000

happen because people

1526  
00:54:55,910 --> 00:54:53,839  
won't be comfortable talking about it to

1527  
00:54:57,670 --> 00:54:55,920  
just anyone

1528  
00:54:59,829 --> 00:54:57,680  
absolutely that's a good point man i

1529  
00:55:01,910 --> 00:54:59,839  
think uh what you guys have done and

1530  
00:55:04,390 --> 00:55:01,920  
what is what we're seeing now

1531  
00:55:05,109 --> 00:55:04,400  
former service members are feeling more

1532  
00:55:07,349 --> 00:55:05,119  
empowered

1533  
00:55:09,349 --> 00:55:07,359  
to like come forward and like talk about

1534  
00:55:11,349 --> 00:55:09,359  
this stuff because it could be

1535  
00:55:13,349 --> 00:55:11,359  
a potential threat all three of these

1536  
00:55:14,710 --> 00:55:13,359  
events that you guys experienced we

1537  
00:55:15,990 --> 00:55:14,720  
don't know what it was we don't know

1538  
00:55:18,549 --> 00:55:16,000

what its agenda

1539

00:55:19,030 --> 00:55:18,559

was where it came from why it was there

1540

00:55:21,109 --> 00:55:19,040

and we

1541

00:55:22,230 --> 00:55:21,119

might not ever know but it could be a

1542

00:55:25,030 --> 00:55:22,240

potential threat

1543

00:55:25,750 --> 00:55:25,040

so yeah jason gary have i either have

1544

00:55:28,069 --> 00:55:25,760

you guys

1545

00:55:29,510 --> 00:55:28,079

um been told any interesting or

1546

00:55:32,789 --> 00:55:29,520

compelling stories of people

1547

00:55:36,069 --> 00:55:32,799

maybe still in the military or or former

1548

00:55:37,430 --> 00:55:36,079

well i get um i get commercial pilots

1549

00:55:40,150 --> 00:55:37,440

sending me emails about

1550

00:55:41,829 --> 00:55:40,160

uh events that they have uh making sure

1551

00:55:42,870 --> 00:55:41,839

that i understand that everything's off

1552

00:55:46,390 --> 00:55:42,880

the record

1553

00:55:47,670 --> 00:55:46,400

um then i get a former military i've had

1554

00:55:50,069 --> 00:55:47,680

a couple of guys from

1555

00:55:52,150 --> 00:55:50,079

iraq come out and tell me about things

1556

00:55:55,030 --> 00:55:52,160

that they saw out in the desert

1557

00:55:56,390 --> 00:55:55,040

um all off the record but you know still

1558

00:55:58,789 --> 00:55:56,400

you know they feel like they can

1559

00:55:59,910 --> 00:55:58,799

confide in me oh this this did happen

1560

00:56:03,109 --> 00:55:59,920

you know

1561

00:56:05,670 --> 00:56:03,119

they were just happy just to

1562

00:56:06,630 --> 00:56:05,680

tell somebody that they you know what

1563

00:56:09,030 --> 00:56:06,640

happened

1564

00:56:10,549 --> 00:56:09,040

and then i get the former shipmates that

1565

00:56:13,829 --> 00:56:10,559

were there at the event

1566

00:56:15,109 --> 00:56:13,839

that basically they either through

1567

00:56:16,789 --> 00:56:15,119

the fact that they still worked for the

1568

00:56:17,109 --> 00:56:16,799

park department of defense or they're

1569

00:56:19,270 --> 00:56:17,119

still

1570

00:56:20,390 --> 00:56:19,280

in the service or they just don't want

1571

00:56:21,990 --> 00:56:20,400

you know or they have their own

1572

00:56:22,950 --> 00:56:22,000

businesses and don't want their names

1573

00:56:25,829 --> 00:56:22,960

attached to

1574

00:56:27,750 --> 00:56:25,839

this um you know they kind of live

1575

00:56:30,230 --> 00:56:27,760

vicariously through us

1576  
00:56:31,190 --> 00:56:30,240  
you know they they keep track and god

1577  
00:56:33,109 --> 00:56:31,200  
forbid if i say

1578  
00:56:34,710 --> 00:56:33,119  
anything wrong about any system or

1579  
00:56:35,990 --> 00:56:34,720  
anything that happened i mean they're

1580  
00:56:37,510 --> 00:56:36,000  
just like hey man um

1581  
00:56:39,349 --> 00:56:37,520  
just to let you know this is actually

1582  
00:56:41,109 --> 00:56:39,359  
how it happened you know and then

1583  
00:56:42,870 --> 00:56:41,119  
then i'll get you know the best way to

1584  
00:56:44,150 --> 00:56:42,880  
get get get things out of them is tell

1585  
00:56:44,390 --> 00:56:44,160  
them they're wrong and then they'll tell

1586  
00:56:45,910 --> 00:56:44,400  
you

1587  
00:56:48,370 --> 00:56:45,920  
or say something wrong and then they'll

1588  
00:56:50,230 --> 00:56:48,380

tell you all about where you messed up

1589

00:56:51,910 --> 00:56:50,240

[Music]

1590

00:56:53,030 --> 00:56:51,920

which is why you know which is a you

1591

00:56:54,150 --> 00:56:53,040

know a lot of reason why i got the

1592

00:56:57,030 --> 00:56:54,160

information about the

1593

00:56:58,789 --> 00:56:57,040

you know the passive track um that's

1594

00:57:00,230 --> 00:56:58,799

going to be you know

1595

00:57:02,309 --> 00:57:00,240

i guarantee that's going to blow up on

1596

00:57:02,710 --> 00:57:02,319

twitter once that once once they hear

1597

00:57:04,950 --> 00:57:02,720

that

1598

00:57:05,750 --> 00:57:04,960

you know and it's it's been a point of

1599

00:57:08,470 --> 00:57:05,760

contention

1600

00:57:10,230 --> 00:57:08,480

you know and you know i have up until

1601  
00:57:11,270 --> 00:57:10,240  
just the other day i've never been able

1602  
00:57:12,870 --> 00:57:11,280  
to verify

1603  
00:57:14,630 --> 00:57:12,880  
the story that i was given about the

1604  
00:57:16,549 --> 00:57:14,640  
underwater tracks

1605  
00:57:19,030 --> 00:57:16,559  
and so now i at least know what the kid

1606  
00:57:20,789 --> 00:57:19,040  
was talking about you know so

1607  
00:57:22,390 --> 00:57:20,799  
that made me feel a lot better because i

1608  
00:57:24,069 --> 00:57:22,400  
kind of felt like oh man i

1609  
00:57:25,910 --> 00:57:24,079  
you know i hate to mislead people but

1610  
00:57:27,349 --> 00:57:25,920  
you know that's what i was told you know

1611  
00:57:29,030 --> 00:57:27,359  
at least that's what i remembered what i

1612  
00:57:31,430 --> 00:57:29,040  
was told because you remember this is

1613  
00:57:33,190 --> 00:57:31,440

ages ago for us right right you know and

1614

00:57:33,670 --> 00:57:33,200

honestly i only focused on the fact that

1615

00:57:36,789 --> 00:57:33,680

we were

1616

00:57:43,430 --> 00:57:36,799

tracking a ufo

1617

00:57:47,750 --> 00:57:46,150

you know that's huge and i think at

1618

00:57:51,349 --> 00:57:47,760

least with your event

1619

00:57:54,150 --> 00:57:51,359

uh a lot of people tend to forget that

1620

00:57:54,630 --> 00:57:54,160

even commander david fravor uh witnessed

1621

00:57:56,630 --> 00:57:54,640

something

1622

00:57:57,750 --> 00:57:56,640

under the water and that's a piece of

1623

00:57:59,670 --> 00:57:57,760

this puzzle

1624

00:58:01,829 --> 00:57:59,680

that i think could solve a lot of the

1625

00:58:04,309 --> 00:58:01,839

answers that we might never

1626  
00:58:05,829 --> 00:58:04,319  
get so it's again these stories are

1627  
00:58:06,549 --> 00:58:05,839  
still developing and i think that's

1628  
00:58:08,870 --> 00:58:06,559  
what's

1629  
00:58:10,470 --> 00:58:08,880  
most important um i'm sorry to interrupt

1630  
00:58:12,710 --> 00:58:10,480  
you there with your last thought but

1631  
00:58:14,710 --> 00:58:12,720  
yeah please go ahead oh no worries and

1632  
00:58:16,950 --> 00:58:14,720  
you know i'm glad that matthew

1633  
00:58:18,870 --> 00:58:16,960  
came out because he's actually the first

1634  
00:58:19,589 --> 00:58:18,880  
person i've been in contact with about

1635  
00:58:22,950 --> 00:58:19,599  
the 15

1636  
00:58:25,430 --> 00:58:22,960  
the 2015 event and not for

1637  
00:58:26,549 --> 00:58:25,440  
uh you know i haven't actively reached

1638  
00:58:27,990 --> 00:58:26,559

out to any of them yet

1639

00:58:29,910 --> 00:58:28,000

but you know there's uh you know dave

1640

00:58:30,309 --> 00:58:29,920

beatty has and he's talked to a couple

1641

00:58:34,470 --> 00:58:30,319

of

1642

00:58:36,309 --> 00:58:34,480

find it fascinating yeah because

1643

00:58:38,789 --> 00:58:36,319

uh the what i've read about it

1644

00:58:40,789 --> 00:58:38,799

especially the the cube and the spheres

1645

00:58:41,990 --> 00:58:40,799

and and then seeing the actual gimbal

1646

00:58:44,470 --> 00:58:42,000

footage and i mean

1647

00:58:45,510 --> 00:58:44,480

it's so different than what we saw it's

1648

00:58:47,430 --> 00:58:45,520

just like

1649

00:58:49,510 --> 00:58:47,440

it it's like a whole nother mystery that

1650

00:58:51,030 --> 00:58:49,520

i want to unravel so

1651

00:58:56,150 --> 00:58:51,040

thank you very much for coming out

1652

00:58:59,910 --> 00:58:58,069

1667

00:59:38,789 --> 00:59:36,390

jason any how about you man anyone come

1668

00:59:41,109 --> 00:59:38,799

to you with stories are you now the uh

1669

00:59:42,230 --> 00:59:41,119

the messenger there have been a few

1670

00:59:45,109 --> 00:59:42,240

people um

1671

00:59:46,309 --> 00:59:45,119

and also and let me put this on the

1672

00:59:49,430 --> 00:59:46,319

record

1673

00:59:52,630 --> 00:59:49,440

there was a guy um from our ship that

1674

00:59:54,950 --> 00:59:52,640

he uh he wanted to he even

1675

00:59:57,030 --> 00:59:54,960

he even wanted to vet my story of

1676

00:59:58,950 --> 00:59:57,040

everything that was going on so he

1677

01:00:00,950 --> 00:59:58,960

he contacts me and he's like hey look

1678

01:00:03,990 --> 01:00:00,960

you know you said you were here

1679

01:00:06,789 --> 01:00:04,000

um you know tell me you were there

1680

01:00:08,470 --> 01:00:06,799

you know show me how you know prove to

1681

01:00:11,190 --> 01:00:08,480

me you were there so i did you know

1682

01:00:12,230 --> 01:00:11,200

and and of course that conversation went

1683

01:00:14,230 --> 01:00:12,240

really quickly and

1684

01:00:17,750 --> 01:00:14,240

you know and that's something i think

1685

01:00:21,510 --> 01:00:20,630

all of us have kept to our version of

1686

01:00:23,190 --> 01:00:21,520

events

1687

01:00:25,510 --> 01:00:23,200

and when we stick to our version of

1688

01:00:26,470 --> 01:00:25,520

events and we don't try to speak for

1689

01:00:29,670 --> 01:00:26,480

someone else

1690

01:00:30,710 --> 01:00:29,680

it keeps the story um right where it

1691

01:00:32,390 --> 01:00:30,720

needs to be

1692

01:00:34,150 --> 01:00:32,400

uh that you know that that's something

1693

01:00:36,549 --> 01:00:34,160

that

1694

01:00:37,750 --> 01:00:36,559

none of us are going to embellish this

1695

01:00:40,230 --> 01:00:37,760

this whole thing

1696

01:00:42,309 --> 01:00:40,240

um because it's so easy to get called

1697

01:00:44,710 --> 01:00:42,319

out by former uh

1698

01:00:45,829 --> 01:00:44,720

your former shipmates on the ship and

1699

01:00:47,510 --> 01:00:45,839

it's like

1700

01:00:49,030 --> 01:00:47,520

you know you you mentioned one thing

1701

01:00:51,109 --> 01:00:49,040

that's wrong that you say that

1702

01:00:53,670 --> 01:00:51,119

happened and and you know there's 10

1703

01:00:57,990 --> 01:00:53,680

other eyes that were on this thing

1704

01:01:00,950 --> 01:00:58,000

in that moment so anyway back to

1705

01:01:01,990 --> 01:01:00,960

you know people contacting you you do

1706

01:01:05,109 --> 01:01:02,000

have those people who

1707

01:01:05,589 --> 01:01:05,119

are i wouldn't say afraid to come out

1708

01:01:07,990 --> 01:01:05,599

it's just

1709

01:01:08,950 --> 01:01:08,000

that they may have an active role in a

1710

01:01:11,750 --> 01:01:08,960

company

1711

01:01:12,390 --> 01:01:11,760

where they they still hold uh clearances

1712

01:01:14,150 --> 01:01:12,400

or they

1713

01:01:15,990 --> 01:01:14,160

they all they hold an active government

1714

01:01:16,870 --> 01:01:16,000

job and they're they're afraid to lose

1715

01:01:18,390 --> 01:01:16,880

their jobs so

1716

01:01:20,390 --> 01:01:18,400

you know they do kind of talk to us they

1717

01:01:22,470 --> 01:01:20,400

don't talk real deep to us about

1718

01:01:23,990 --> 01:01:22,480

you know some things but sometimes they

1719

01:01:26,470 --> 01:01:24,000

do and we're not ever going

1720

01:01:27,270 --> 01:01:26,480

to spill the beans on people you know so

1721

01:01:29,190 --> 01:01:27,280

that

1722

01:01:30,789 --> 01:01:29,200

there's a trust there's a trust factor

1723

01:01:34,230 --> 01:01:30,799

there i think where

1724

01:01:35,589 --> 01:01:34,240

we are not going to

1725

01:01:37,109 --> 01:01:35,599

you know somebody comes to us and says

1726

01:01:38,309 --> 01:01:37,119

hey you know this is what i did this is

1727

01:01:40,710 --> 01:01:38,319

what i saw

1728

01:01:41,589 --> 01:01:40,720

you know to trust but verify and and i

1729

01:01:43,589 --> 01:01:41,599

think that's

1730

01:01:45,510 --> 01:01:43,599

the first thing we do is kind of we vet

1731

01:01:48,630 --> 01:01:45,520

this person out like who is this

1732

01:01:50,789 --> 01:01:48,640

you know what did this person do um and

1733

01:01:53,589 --> 01:01:50,799

then we get in contact with other people

1734

01:01:56,230 --> 01:01:53,599

and it's just because there there are

1735

01:01:58,630 --> 01:01:56,240

going to be people who

1736

01:01:59,750 --> 01:01:58,640

embellish their story and um you know

1737

01:02:01,510 --> 01:01:59,760

that's something that i think

1738

01:02:02,870 --> 01:02:01,520

we've worked hard to do is to prevent

1739

01:02:04,710 --> 01:02:02,880

that from happening

1740

01:02:06,549 --> 01:02:04,720

because once you start doing that once

1741

01:02:09,190 --> 01:02:06,559

you start embellishing once you start

1742

01:02:09,910 --> 01:02:09,200

lying about things it's hard to come

1743

01:02:12,950 --> 01:02:09,920

back from that

1744

01:02:15,589 --> 01:02:12,960

you know and your story can change at

1745

01:02:17,029 --> 01:02:15,599

on an instant you know and it's like

1746

01:02:18,630 --> 01:02:17,039

don't even go there

1747

01:02:20,549 --> 01:02:18,640

you know yeah i mean you know we've

1748

01:02:22,710 --> 01:02:20,559

we've had that happen once before and

1749

01:02:23,910 --> 01:02:22,720

and before this person could even come

1750

01:02:26,390 --> 01:02:23,920

out

1751

01:02:27,829 --> 01:02:26,400

you know and we we followed up we found

1752

01:02:29,510 --> 01:02:27,839

their chain of command and first thing

1753

01:02:32,630 --> 01:02:29,520

you know and it's like

1754

01:02:34,309 --> 01:02:32,640

no don't do it you know so

1755

01:02:35,750 --> 01:02:34,319

there are things that we do behind the

1756

01:02:37,670 --> 01:02:35,760

scenes to kind of hold ourselves

1757

01:02:39,829 --> 01:02:37,680

accountable to each other

1758

01:02:40,870 --> 01:02:39,839

that the general public doesn't know

1759

01:02:42,789 --> 01:02:40,880

about

1760

01:02:44,950 --> 01:02:42,799

and yeah most uh most of the people we

1761

01:02:47,349 --> 01:02:44,960

talk to um we either know

1762

01:02:48,710 --> 01:02:47,359

personally know know exactly what they

1763

01:02:52,069 --> 01:02:48,720

did on the ship

1764

01:02:55,109 --> 01:02:52,079

or we heavily vetted um because luckily

1765

01:02:57,270 --> 01:02:55,119

you know i'm a i'm we're most of us are

1766

01:03:01,190 --> 01:02:57,280

disabled vets so we still have access

1767

01:03:03,430 --> 01:03:01,200

to check on people you know and honestly

1768

01:03:04,789 --> 01:03:03,440

anybody can check to see your service

1769

01:03:06,950 --> 01:03:04,799

you know anybody can see

1770

01:03:09,510 --> 01:03:06,960

go check and see who you are and if you

1771

01:03:10,630 --> 01:03:09,520

did or you served at that command

1772

01:03:13,029 --> 01:03:10,640

you know they'll be able to tell you

1773

01:03:16,069 --> 01:03:13,039

whether you served at that command

1774

01:03:19,750 --> 01:03:16,079

what you did and your time of service

1775

01:03:22,950 --> 01:03:19,760

you know so i mean those those things

1776

01:03:25,910 --> 01:03:22,960

can't be faked so

1777

01:03:28,309 --> 01:03:25,920

we definitely and if it's even on the

1778

01:03:29,589 --> 01:03:28,319

fence like we can't really verify it you

1779

01:03:32,789 --> 01:03:29,599

know we generally don't

1780

01:03:33,990 --> 01:03:32,799

don't roll with it um like when i told

1781

01:03:36,150 --> 01:03:34,000

my original story

1782

01:03:37,589 --> 01:03:36,160

and then you know i included the fact

1783

01:03:39,029 --> 01:03:37,599

that this kid had told me we had an

1784

01:03:41,029 --> 01:03:39,039

underwater track only because that's

1785

01:03:43,190 --> 01:03:41,039

exactly what was told to me

1786

01:03:44,630 --> 01:03:43,200

and then i had one of the other sonar

1787

01:03:46,470 --> 01:03:44,640

technicians say well we

1788

01:03:48,150 --> 01:03:46,480

could not have had an active track

1789

01:03:50,950 --> 01:03:48,160

because we couldn't we weren't allowed

1790

01:03:53,029 --> 01:03:50,960

to go active during that entire event

1791

01:03:55,109 --> 01:03:53,039

now what he neglected to say is that

1792

01:03:57,029 --> 01:03:55,119

they had a passive track but he was also

1793

01:03:58,150 --> 01:03:57,039

under non-disclosure not to talk about

1794

01:04:00,390 --> 01:03:58,160

it so

1795

01:04:01,270 --> 01:04:00,400

i was all like oh man did i just hear

1796

01:04:04,470 --> 01:04:01,280

the guy wrong

1797

01:04:04,789 --> 01:04:04,480

you know what the hell you know so now i

1798

01:04:05,990 --> 01:04:04,799

uh

1799

01:04:08,870 --> 01:04:06,000

i'll be honest with you that

1800

01:04:11,029 --> 01:04:08,880

single-handedly made me feel really good

1801

01:04:12,390 --> 01:04:11,039

yeah well i was gonna say i'm so happy

1802

01:04:14,309 --> 01:04:12,400

you brought that up um

1803

01:04:15,829 --> 01:04:14,319

you know that you guys are holding each

1804

01:04:17,270 --> 01:04:15,839

other accountable

1805

01:04:19,990 --> 01:04:17,280

and you know of course even in the

1806

01:04:23,029 --> 01:04:20,000

civilian world someone like me

1807

01:04:25,510 --> 01:04:23,039

you're you you can bet your ass that me

1808

01:04:29,109 --> 01:04:25,520

and a lot of other ufo researchers

1809

01:04:31,109 --> 01:04:29,119

um did you know vet you guys before you

1810

01:04:31,430 --> 01:04:31,119

came forward with all three of you i did

1811

01:04:33,829 --> 01:04:31,440

that

1812

01:04:36,390 --> 01:04:33,839

and like i said there's a reason i have

1813

01:04:38,390 --> 01:04:36,400

you three here today is because i know

1814

01:04:39,430 --> 01:04:38,400

that you experience what you said you

1815

01:04:41,670 --> 01:04:39,440

experienced

1816

01:04:43,589 --> 01:04:41,680

and that you are who you say you are and

1817

01:04:44,549 --> 01:04:43,599

you know that's hard in the ufo field

1818

01:04:48,870 --> 01:04:44,559

where we

1819

01:04:51,589 --> 01:04:48,880

see every shape and form of

1820

01:04:52,789 --> 01:04:51,599

fraud of hoaxing of liars of

1821

01:04:55,990 --> 01:04:52,799

embellishments

1822

01:04:59,029 --> 01:04:56,000

and um exactly you know

1823

01:05:00,870 --> 01:04:59,039

fantasy-prone mental illness it all sort

1824

01:05:03,670 --> 01:05:00,880

of blends into this weird

1825

01:05:04,230 --> 01:05:03,680

ufo soup that we find ourselves in but

1826

01:05:05,990 --> 01:05:04,240

um

1827

01:05:07,270 --> 01:05:06,000

i'm glad you said that jason holding

1828

01:05:08,309 --> 01:05:07,280

yourself accountable you look at

1829

01:05:10,870 --> 01:05:08,319

something like the

1830

01:05:13,510 --> 01:05:10,880

the rendelsham forest incident where you

1831

01:05:16,710 --> 01:05:13,520

know 60 military personnel witnessed

1832

01:05:19,589 --> 01:05:16,720

a supposed craft landing in england

1833

01:05:22,069 --> 01:05:19,599

and now you can't tell up from down left

1834

01:05:25,190 --> 01:05:22,079

from right of the stories because

1835

01:05:28,630 --> 01:05:25,200

so many of them have been caught in um

1836

01:05:30,789 --> 01:05:28,640

embellishments in um you know

1837

01:05:32,069 --> 01:05:30,799

adding on to the story as the years go

1838

01:05:34,390 --> 01:05:32,079

on and look

1839

01:05:35,750 --> 01:05:34,400

that happens like you might have a

1840

01:05:37,349 --> 01:05:35,760

trigger memory of something that

1841

01:05:39,029 --> 01:05:37,359

occurred and be like oh my god like

1842

01:05:41,589 --> 01:05:39,039

there's another piece of the puzzle

1843

01:05:43,349 --> 01:05:41,599

that's fine but you know memory is

1844

01:05:45,990 --> 01:05:43,359

faulty we're all human

1845

01:05:47,349 --> 01:05:46,000

i know all three of you can't remember

1846

01:05:51,430 --> 01:05:47,359

you know

1847

01:05:53,190 --> 01:05:51,440

your shoelaces

1848

01:05:54,630 --> 01:05:53,200

the day uh you saw these things you

1849

01:05:56,789 --> 01:05:54,640

might you might actually

1850

01:05:58,710 --> 01:05:56,799

it's yeah that i was that was probably a

1851  
01:05:59,990 --> 01:05:58,720  
bad example you're in the navy you know

1852  
01:06:02,150 --> 01:06:00,000  
exactly what you were wearing

1853  
01:06:03,990 --> 01:06:02,160  
but you know what i mean like jc you

1854  
01:06:05,829 --> 01:06:04,000  
were not wearing that atlanta braves hat

1855  
01:06:07,109 --> 01:06:05,839  
brother when um you know you were on the

1856  
01:06:09,670 --> 01:06:07,119  
ship stuff like that

1857  
01:06:11,510 --> 01:06:09,680  
so i'm glad you guys said that we need

1858  
01:06:12,069 --> 01:06:11,520  
that we need that desperately in this

1859  
01:06:14,309 --> 01:06:12,079  
field

1860  
01:06:15,589 --> 01:06:14,319  
of people holding each other accountable

1861  
01:06:18,230 --> 01:06:15,599  
and i think that's what

1862  
01:06:19,910 --> 01:06:18,240  
really shines through with all you guys

1863  
01:06:21,589 --> 01:06:19,920

coming forward i think um

1864

01:06:23,109 --> 01:06:21,599

you're doing an incredible job with that

1865

01:06:24,549 --> 01:06:23,119

well the good thing that

1866

01:06:26,630 --> 01:06:24,559

even even with the people that have

1867

01:06:28,710 --> 01:06:26,640

disagreed with us you know it's

1868

01:06:29,910 --> 01:06:28,720

not that they haven't disagreed with us

1869

01:06:31,829 --> 01:06:29,920

they just

1870

01:06:32,950 --> 01:06:31,839

don't believe certain events happen the

1871

01:06:34,870 --> 01:06:32,960

way they did

1872

01:06:36,230 --> 01:06:34,880

it's not about whether the event

1873

01:06:38,069 --> 01:06:36,240

happened or

1874

01:06:39,990 --> 01:06:38,079

you know it's like i think like with my

1875

01:06:41,510 --> 01:06:40,000

story i think a big point of contention

1876  
01:06:43,029 --> 01:06:41,520  
is whether or not my tapes were taken

1877  
01:06:44,950 --> 01:06:43,039  
and i'm like

1878  
01:06:47,510 --> 01:06:44,960  
why is that a big deal i mean it

1879  
01:06:49,670 --> 01:06:47,520  
happened and

1880  
01:06:51,510 --> 01:06:49,680  
did you not expect somebody to come and

1881  
01:06:54,390 --> 01:06:51,520  
get them

1882  
01:06:55,829 --> 01:06:54,400  
you know it's it's we you know unlike pj

1883  
01:06:58,309 --> 01:06:55,839  
where they literally just said

1884  
01:07:00,230 --> 01:06:58,319  
give us these then there was no chain of

1885  
01:07:01,109 --> 01:07:00,240  
evidence or you know they didn't sign

1886  
01:07:03,829 --> 01:07:01,119  
them out

1887  
01:07:05,430 --> 01:07:03,839  
you know i actually signed arse out to

1888  
01:07:07,029 --> 01:07:05,440

somebody they don't

1889

01:07:08,470 --> 01:07:07,039

didn't tell me who they were the hell

1890

01:07:10,470 --> 01:07:08,480

the guys

1891

01:07:11,670 --> 01:07:10,480

didn't even make eye contact with me i

1892

01:07:13,190 --> 01:07:11,680

mean they basically just

1893

01:07:14,710 --> 01:07:13,200

stood off to the side and waited for me

1894

01:07:16,309 --> 01:07:14,720

to sign everything and then they take

1895

01:07:16,710 --> 01:07:16,319

tapes they turned around and walked off

1896

01:07:18,309 --> 01:07:16,720

and

1897

01:07:20,150 --> 01:07:18,319

i can only assume they're the same guys

1898

01:07:23,430 --> 01:07:20,160

that came on and you know

1899

01:07:28,630 --> 01:07:23,440

debriefed the uh all the sonar guys

1900

01:07:31,670 --> 01:07:28,640

uh so it uh it had a real

1901

01:07:33,349 --> 01:07:31,680

just cold vibe to it um and this was the

1902

01:07:34,710 --> 01:07:33,359

second time i've ever had my data

1903

01:07:36,549 --> 01:07:34,720

recording taken

1904

01:07:39,829 --> 01:07:36,559

the first time was when we actually had

1905

01:07:43,270 --> 01:07:39,839

a crash during a a vehicle crash uh a

1906

01:07:44,150 --> 01:07:43,280

airplane air aircraft came down and they

1907

01:07:46,789 --> 01:07:44,160

came

1908

01:07:47,190 --> 01:07:46,799

and took the debt recordings and now i

1909

01:07:49,029 --> 01:07:47,200

was

1910

01:07:50,950 --> 01:07:49,039

there when we installed most of these

1911

01:07:51,990 --> 01:07:50,960

systems that we put in so i knew a lot

1912

01:07:54,870 --> 01:07:52,000

of the tech reps

1913

01:07:56,549 --> 01:07:54,880

um then i knew these guys that came on

1914

01:07:57,190 --> 01:07:56,559

board they came on they're like yeah you

1915

01:07:59,270 --> 01:07:57,200

know we're

1916

01:08:00,390 --> 01:07:59,280

we're looking for the crash data and you

1917

01:08:01,270 --> 01:08:00,400

know they told you know we had a

1918

01:08:04,630 --> 01:08:01,280

conversation

1919

01:08:05,109 --> 01:08:04,640

it was very a lot a lot more pleasant

1920

01:08:06,950 --> 01:08:05,119

and

1921

01:08:08,870 --> 01:08:06,960

you know they signed it over to him as

1922

01:08:09,750 --> 01:08:08,880

you know as authorized and you know and

1923

01:08:11,349 --> 01:08:09,760

then

1924

01:08:13,510 --> 01:08:11,359

they they took the tapes they went on

1925

01:08:16,950 --> 01:08:13,520

their merry way this was just

1926

01:08:20,070 --> 01:08:16,960

super clinical no eye contact just

1927

01:08:22,070 --> 01:08:20,080

you know snatch the tapes walk away is

1928

01:08:23,829 --> 01:08:22,080

that when the prowler went down

1929

01:08:25,749 --> 01:08:23,839

yeah yeah that's that's when the pr the

1930

01:08:26,229 --> 01:08:25,759

prowler gone down we we were searching

1931

01:08:32,550 --> 01:08:26,239

for

1932

01:08:33,590 --> 01:08:32,560

vbss team out there pulling trash out of

1933

01:08:35,510 --> 01:08:33,600

the ocean

1934

01:08:36,829 --> 01:08:35,520

everybody i think all hands on deck for

1935

01:08:39,349 --> 01:08:36,839

that one

1936

01:08:40,870 --> 01:08:39,359

um we're scooping stuff out of the ocean

1937

01:08:44,470 --> 01:08:40,880

for a while for that one

1938

01:08:46,070 --> 01:08:44,480

but uh it was uh you know a whole

1939

01:08:48,550 --> 01:08:46,080

different experience when they came and

1940

01:08:52,470 --> 01:08:48,560

took the data recording after this event

1941

01:08:54,070 --> 01:08:52,480

so that's that's telling

1942

01:08:55,990 --> 01:08:54,080

yeah it was a big big bigger point of

1943

01:08:57,430 --> 01:08:56,000

contention that's that's honestly the

1944

01:08:59,030 --> 01:08:57,440

only reason i remember it

1945

01:09:01,430 --> 01:08:59,040

and the fact that it was the only thing

1946

01:09:03,829 --> 01:09:01,440

i ended up signing so

1947

01:09:04,550 --> 01:09:03,839

interesting thanks for sharing that gary

1948

01:09:06,630 --> 01:09:04,560

um

1949

01:09:08,870 --> 01:09:06,640

well my last personal question for you

1950

01:09:11,990 --> 01:09:08,880

guys and then i will fire through these

1951

01:09:13,030 --> 01:09:12,000

these audience questions for you um the

1952

01:09:15,910 --> 01:09:13,040

pentagon

1953

01:09:17,110 --> 01:09:15,920

uap task force i never thought i would

1954

01:09:20,149 --> 01:09:17,120

be saying that

1955

01:09:23,030 --> 01:09:20,159

that the pentagon is now

1956

01:09:23,910 --> 01:09:23,040

kind of publicly investigating ufos we

1957

01:09:26,149 --> 01:09:23,920

had a tip

1958

01:09:27,269 --> 01:09:26,159

we had project blue book i'm sure there

1959

01:09:29,189 --> 01:09:27,279

are a lot of other

1960

01:09:30,950 --> 01:09:29,199

programs that were going on at some

1961

01:09:32,470 --> 01:09:30,960

point um

1962

01:09:35,430 --> 01:09:32,480

i want to get all of your thoughts on

1963

01:09:38,709 --> 01:09:35,440

this we just saw in the new york times

1964

01:09:40,870 --> 01:09:38,719

that um you know the classified report

1965

01:09:42,229 --> 01:09:40,880

is ready to go to congress um they're

1966

01:09:45,430 --> 01:09:42,239

working on the

1967

01:09:46,149 --> 01:09:45,440

possibly declassified section of it for

1968

01:09:48,390 --> 01:09:46,159

the public

1969

01:09:50,309 --> 01:09:48,400

um but that's up for debate if we're

1970

01:09:50,950 --> 01:09:50,319

gonna see anything so what do you guys

1971

01:09:52,630 --> 01:09:50,960

think

1972

01:09:54,470 --> 01:09:52,640

uh matthew let's start with you man what

1973

01:09:57,669 --> 01:09:54,480

do you make of this

1974

01:09:59,189 --> 01:09:57,679

2021 pentagon task force and this report

1975

01:09:59,750 --> 01:09:59,199

that we're supposed to get now bear in

1976

01:10:02,870 --> 01:09:59,760

mind

1977

01:10:05,270 --> 01:10:02,880

uh we're recording this early i believe

1978

01:10:07,110 --> 01:10:05,280

this is going to air at contact in the

1979

01:10:08,229 --> 01:10:07,120

desert the day of the report's going to

1980

01:10:09,030 --> 01:10:08,239

come out so this is going to be

1981

01:10:11,750 --> 01:10:09,040

interesting

1982

01:10:13,430 --> 01:10:11,760

so i guess predictions should we expect

1983

01:10:14,870 --> 01:10:13,440

anything from this uh with your

1984

01:10:17,189 --> 01:10:14,880

experience matthew

1985

01:10:19,830 --> 01:10:17,199

um and your insights into this with the

1986

01:10:23,270 --> 01:10:19,840

uap task force in the report

1987

01:10:25,430 --> 01:10:23,280

you know when i was at oni i worked for

1988

01:10:27,270 --> 01:10:25,440

the command within o and i where the

1989

01:10:30,709 --> 01:10:27,280

task force

1990

01:10:36,070 --> 01:10:30,719

uh was so i

1991

01:10:41,270 --> 01:10:39,430

and they are great people

1992

01:10:43,110 --> 01:10:41,280

and i know what i would love to see in

1993

01:10:44,870 --> 01:10:43,120

that report

1994

01:10:47,750 --> 01:10:44,880

i'm not sure that that's gonna be in

1995

01:10:51,350 --> 01:10:47,760

there though uh

1996

01:10:53,590 --> 01:10:51,360

we'll really have to see i mean

1997

01:10:54,950 --> 01:10:53,600

i kind of feel like the public is ready

1998

01:10:58,470 --> 01:10:54,960

for anything

1999

01:11:00,310 --> 01:10:58,480

and i think that none of this should be

2000

01:11:03,750 --> 01:11:00,320

behind closed doors

2001

01:11:06,790 --> 01:11:03,760

um i i've always said that

2002

01:11:09,270 --> 01:11:06,800

um i've always believed that

2003

01:11:11,750 --> 01:11:09,280

um i think it's up to people to make up

2004

01:11:14,630 --> 01:11:11,760

their own minds as to what they

2005

01:11:15,750 --> 01:11:14,640

want to believe um when the whole truth

2006

01:11:19,669 --> 01:11:15,760

does come out

2007

01:11:22,630 --> 01:11:19,679

um i would like to see

2008

01:11:23,669 --> 01:11:22,640

i i would like to see full transparency

2009

01:11:25,430 --> 01:11:23,679

that's what i want

2010

01:11:27,110 --> 01:11:25,440

ultimately i don't know that that's what

2011

01:11:29,510 --> 01:11:27,120

we're gonna get

2012

01:11:32,070 --> 01:11:29,520

with this report we'll have to see

2013

01:11:33,990 --> 01:11:32,080

there's national security that's one

2014

01:11:36,630 --> 01:11:34,000

reason that things have to remain

2015

01:11:39,270 --> 01:11:36,640

classified so i understand that but um

2016

01:11:40,870 --> 01:11:39,280

yeah i'm i'm looking forward to anything

2017

01:11:42,310 --> 01:11:40,880

coming out of this report and it's

2018

01:11:43,189 --> 01:11:42,320

really interesting matthew you mentioned

2019

01:11:44,630 --> 01:11:43,199

you know

2020

01:11:46,550 --> 01:11:44,640

uh some of the people that might

2021

01:11:47,430 --> 01:11:46,560

possibly be working in this task force

2022

01:11:50,470 --> 01:11:47,440

we know

2023

01:11:52,950 --> 01:11:50,480

uh luis elizondo the former atip

2024

01:11:54,550 --> 01:11:52,960

uh program director uh knows these

2025

01:11:55,830 --> 01:11:54,560

people and all of you can attest that

2026

01:11:57,830 --> 01:11:55,840

these are good people

2027

01:11:59,430 --> 01:11:57,840

and they're they're doing they're doing

2028

01:12:02,870 --> 01:11:59,440

the job they were

2029

01:12:04,550 --> 01:12:02,880

tasked to do so um thank you for that if

2030

01:12:07,030 --> 01:12:04,560

any of them happen to be watching

2031

01:12:08,870 --> 01:12:07,040

listening or come across this uh thank

2032

01:12:10,630 --> 01:12:08,880

you i know it can't be easy

2033

01:12:11,910 --> 01:12:10,640

you know they again they didn't go into

2034

01:12:14,310 --> 01:12:11,920

the pentagon thinking they'd ever be

2035

01:12:15,750 --> 01:12:14,320

working a ufo program so i'm

2036

01:12:17,510 --> 01:12:15,760

sure they're getting a crash course

2037

01:12:19,430 --> 01:12:17,520

right now but uh yeah

2038

01:12:21,110 --> 01:12:19,440

um gary let's go with you next brother

2039

01:12:24,229 --> 01:12:21,120

um what do you think's gonna happen

2040

01:12:27,350 --> 01:12:24,239

with a uap report well

2041

01:12:29,430 --> 01:12:27,360

yeah we got a saying everywhere that's

2042

01:12:33,030 --> 01:12:29,440

uh you know blue collar you know

2043

01:12:35,430 --> 01:12:33,040

crap in one hand and hoping the other um

2044

01:12:37,110 --> 01:12:35,440

i i hope for everything i hope full

2045

01:12:39,510 --> 01:12:37,120

transparency disclosure

2046

01:12:40,470 --> 01:12:39,520

and when i say disclosure what i mean is

2047

01:12:42,390 --> 01:12:40,480

uh

2048

01:12:43,669 --> 01:12:42,400

you know the cat's out of the bag so why

2049

01:12:45,830 --> 01:12:43,679

don't we go ahead and just

2050

01:12:47,030 --> 01:12:45,840

pull the cat all the way out not to show

2051

01:12:50,550 --> 01:12:47,040

you its head and say yep

2052

01:12:52,709 --> 01:12:50,560

cat and stick it back in the bag um but

2053

01:12:54,550 --> 01:12:52,719

i got a feeling that we're going to get

2054

01:12:57,030 --> 01:12:54,560

as far as

2055

01:12:58,709 --> 01:12:57,040

them admitting that unknown aerial

2056

01:13:00,310 --> 01:12:58,719

phenomenon exists i think they're just

2057

01:13:01,910 --> 01:13:00,320

going to keep with that

2058

01:13:04,070 --> 01:13:01,920

it's going to be another level of

2059

01:13:07,510 --> 01:13:04,080

control another level

2060

01:13:09,270 --> 01:13:07,520

of insulation um because honestly

2061

01:13:11,910 --> 01:13:09,280

if they came out and said that they knew

2062

01:13:14,790 --> 01:13:11,920

about all of this stuff since the 50s

2063

01:13:17,030 --> 01:13:14,800

you would end up having a lot a

2064

01:13:18,390 --> 01:13:17,040

liability

2065

01:13:20,149 --> 01:13:18,400

just nightmare i mean there's so many

2066

01:13:21,110 --> 01:13:20,159

people that lives have been ruined over

2067

01:13:23,270 --> 01:13:21,120

this whole thing

2068

01:13:24,950 --> 01:13:23,280

uh people have been murdered people have

2069

01:13:27,270 --> 01:13:24,960

taken their own lives

2070

01:13:28,470 --> 01:13:27,280

you know careers were ruined i mean

2071

01:13:30,870 --> 01:13:28,480

they'd be on the hook

2072

01:13:32,070 --> 01:13:30,880

for a lot of that stuff i mean granted

2073

01:13:34,149 --> 01:13:32,080

they'd they'd be granted

2074

01:13:35,910 --> 01:13:34,159

some you know a lot of protections

2075

01:13:39,189 --> 01:13:35,920

against being sued and stuff

2076

01:13:41,669 --> 01:13:39,199

but there would be people yelling for

2077

01:13:43,430 --> 01:13:41,679

accountability they'd be yelling very

2078

01:13:44,390 --> 01:13:43,440

loud for accountability

2079

01:13:45,750 --> 01:13:44,400

and i don't think they're going to do

2080

01:13:47,430 --> 01:13:45,760

that i think what they're going to do is

2081

01:13:51,030 --> 01:13:47,440

they say okay well

2082

01:13:53,830 --> 01:13:51,040

from 2004 on we'll admit yeah oh yeah

2083

01:13:54,470 --> 01:13:53,840

crazy stuff happening we don't know what

2084

01:13:57,669 --> 01:13:54,480

it is

2085

01:13:59,430 --> 01:13:57,679

don't ask us and then that's it yeah i

2086

01:14:01,189 --> 01:13:59,440

think that's all we're going to get

2087

01:14:02,630 --> 01:14:01,199

i think that's you know that's going to

2088

01:14:06,470 --> 01:14:02,640

be the end of the story

2089

01:14:10,229 --> 01:14:06,480

and then they might give you like maybe

2090

01:14:13,669 --> 01:14:10,239

a handful more a grainy [h\_\_h] footage

2091

01:14:15,270 --> 01:14:13,679

you know yeah yeah and then every once

2092

01:14:16,709 --> 01:14:15,280

in a while maybe a couple times a year

2093

01:14:19,350 --> 01:14:16,719

just say oh yeah we got a

2094

01:14:21,750 --> 01:14:19,360

new gimbal video or uh we got a another

2095

01:14:23,510 --> 01:14:21,760

go fast or we got a you know another

2096

01:14:25,590 --> 01:14:23,520

uh you know just to just to keep keep

2097

01:14:26,470 --> 01:14:25,600

you interested and happy but not so much

2098

01:14:29,270 --> 01:14:26,480

that you're gonna start

2099

01:14:31,430 --> 01:14:29,280

you know pushing congress again and the

2100

01:14:31,750 --> 01:14:31,440

unclassified report i think is going to

2101

01:14:34,790 --> 01:14:31,760

be

2102

01:14:36,229 --> 01:14:34,800

relatively uh or the classified report i

2103

01:14:37,590 --> 01:14:36,239

think is going to be just as benign

2104

01:14:38,950 --> 01:14:37,600

except it'll have like

2105

01:14:40,830 --> 01:14:38,960

a little bit of meat and potatoes in

2106

01:14:43,510 --> 01:14:40,840

there just to keep keep the senators

2107

01:14:46,630 --> 01:14:43,520

happy um you know something like

2108

01:14:47,270 --> 01:14:46,640

you know we've got all the radar data

2109

01:14:49,110 --> 01:14:47,280

we've got

2110

01:14:50,870 --> 01:14:49,120

all these footages and we've have

2111

01:14:53,110 --> 01:14:50,880

thousands of hours of video

2112

01:14:54,870 --> 01:14:53,120

you know we've got we've got tons of

2113

01:14:56,149 --> 01:14:54,880

stuff that we're still sifting through

2114

01:14:56,950 --> 01:14:56,159

you know that's what they're going to be

2115

01:14:59,189 --> 01:14:56,960

told

2116

01:15:00,709 --> 01:14:59,199

and then then they'll show them some

2117

01:15:03,189 --> 01:15:00,719

super clear

2118

01:15:05,510 --> 01:15:03,199

super crisp version of a video that got

2119

01:15:07,350 --> 01:15:05,520

out and then they'd be like

2120

01:15:08,870 --> 01:15:07,360

okay we can't talk about this okay these

2121

01:15:09,990 --> 01:15:08,880

are demons we're not going to talk about

2122

01:15:14,070 --> 01:15:10,000

this

2123

01:15:15,910 --> 01:15:14,080

they can't handle it

2124

01:15:19,350 --> 01:15:15,920

and then it's going to you know pretty

2125

01:15:21,590 --> 01:15:19,360

much be another 60 years of [h\_\_\h]

2126

01:15:23,270 --> 01:15:21,600

interesting i love the cynical nature of

2127

01:15:24,070 --> 01:15:23,280

that man and i don't mean that in a bad

2128

01:15:27,110 --> 01:15:24,080

way i really

2129

01:15:28,470 --> 01:15:27,120

don't um and yes one man's demon is

2130

01:15:32,149 --> 01:15:28,480

another man's alien

2131

01:15:33,910 --> 01:15:32,159

if uh you know jacques valet or young or

2132

01:15:35,510 --> 01:15:33,920

any of those guys have told us like

2133

01:15:38,470 --> 01:15:35,520

we're dealing with in

2134

01:15:40,550 --> 01:15:38,480

evolution in the cultural perception of

2135

01:15:43,189 --> 01:15:40,560

these phenomena and i think that's

2136

01:15:44,630 --> 01:15:43,199

so cool and um i i could just talk about

2137

01:15:46,149 --> 01:15:44,640

that with you guys but um

2138

01:15:48,310 --> 01:15:46,159

let's get to these listener questions

2139

01:15:49,350 --> 01:15:48,320

but before that jason how about you man

2140

01:15:51,189 --> 01:15:49,360

what do you think what's going to come

2141

01:15:53,510 --> 01:15:51,199

on this uap task force are you with

2142

01:15:55,189 --> 01:15:53,520

gary i think i think what a lot of

2143

01:15:57,750 --> 01:15:55,199

people um

2144

01:15:59,990 --> 01:15:57,760

have been i've been noticing on you know

2145

01:16:01,669 --> 01:16:00,000

social media is why now

2146

01:16:03,270 --> 01:16:01,679

why are we you know why are they all of

2147

01:16:06,950 --> 01:16:03,280

a sudden why is it

2148

01:16:10,229 --> 01:16:06,960

now okay to talk about this um and and

2149

01:16:13,669 --> 01:16:10,239

for me i i think on a more logical um

2150

01:16:14,470 --> 01:16:13,679

plane here is that um we we have this

2151

01:16:17,990 --> 01:16:14,480

brand new

2152

01:16:19,830 --> 01:16:18,000

um space force that needs funding

2153

01:16:23,030 --> 01:16:19,840

and what better way to drive home the

2154

01:16:26,470 --> 01:16:23,040

idea that they need money

2155

01:16:28,229 --> 01:16:26,480

than to to declassify some things and um

2156

01:16:30,550 --> 01:16:28,239

you know to protect them protect the

2157

01:16:34,390 --> 01:16:30,560

best way to do it make a threat

2158

01:16:38,229 --> 01:16:34,400

yeah so and that's where i'm at you know

2159

01:16:39,590 --> 01:16:38,239

i i put i toyed around with the idea for

2160

01:16:42,310 --> 01:16:39,600

a while of why now

2161

01:16:43,430 --> 01:16:42,320

why is it why is it now the big the big

2162

01:16:45,350 --> 01:16:43,440

topic

2163

01:16:46,550 --> 01:16:45,360

and um i think there's a lot of damage

2164

01:16:48,470 --> 01:16:46,560

control going on

2165

01:16:49,590 --> 01:16:48,480

but i also feel like you know there's

2166

01:16:50,630 --> 01:16:49,600

there's a lot of people that need to be

2167

01:16:55,030 --> 01:16:50,640

funded

2168

01:16:56,709 --> 01:16:55,040

and you know politics has its way

2169

01:16:58,390 --> 01:16:56,719

oh yeah the best best way to fund

2170

01:17:02,070 --> 01:16:58,400

anything is make people scared of it

2171

01:17:03,350 --> 01:17:02,080

um you're absolutely right jason ed the

2172

01:17:05,510 --> 01:17:03,360

other thought i just had when you were

2173

01:17:07,350 --> 01:17:05,520

saying that is that why now

2174

01:17:08,950 --> 01:17:07,360

um well we're not the only players

2175

01:17:11,430 --> 01:17:08,960

anymore we're not the big dogs

2176

01:17:11,990 --> 01:17:11,440

i mean we're still the one the big dog

2177

01:17:15,189 --> 01:17:12,000

but

2178

01:17:16,630 --> 01:17:15,199

china's huge japan's huge

2179

01:17:18,630 --> 01:17:16,640

you know we still have all these first

2180

01:17:20,550 --> 01:17:18,640

world countries but now all of a sudden

2181

01:17:22,310 --> 01:17:20,560

for the first time technology is

2182

01:17:24,550 --> 01:17:22,320

starting to catch up in some of these

2183

01:17:26,310 --> 01:17:24,560

second and third world countries you

2184

01:17:28,550 --> 01:17:26,320

know we're seeing

2185

01:17:30,870 --> 01:17:28,560

crazy stuff out of south america we're

2186

01:17:32,630 --> 01:17:30,880

seeing crazy stuff out of africa

2187

01:17:35,510 --> 01:17:32,640

you know we're staying i mean these

2188

01:17:36,950 --> 01:17:35,520

places where there is no regulation

2189

01:17:39,030 --> 01:17:36,960

i mean basically as long as you could

2190

01:17:41,030 --> 01:17:39,040

smuggle it out

2191

01:17:43,430 --> 01:17:41,040

you're getting this information and some

2192

01:17:46,070 --> 01:17:43,440

in some situations like in south america

2193

01:17:46,870 --> 01:17:46,080

they have no qualms saying hey hey i

2194

01:17:47,189 --> 01:17:46,880

don't know what you guys are talking

2195

01:17:49,430 --> 01:17:47,199

about

2196

01:17:50,950 --> 01:17:49,440

we're seeing all kinds of crazy [h\_\_\h] you

2197

01:17:54,950 --> 01:17:50,960

know

2198

01:17:56,550 --> 01:17:54,960

players starting to come out and

2199

01:17:58,229 --> 01:17:56,560

basically just saying your

2200

01:17:59,750 --> 01:17:58,239

your country's nuts for not talking

2201  
01:18:01,510 --> 01:17:59,760  
about this you know they start to lose

2202  
01:18:03,430 --> 01:18:01,520  
face themselves too

2203  
01:18:04,950 --> 01:18:03,440  
you know we i've said it before we've

2204  
01:18:07,189 --> 01:18:04,960  
got over 40 different

2205  
01:18:08,709 --> 01:18:07,199  
countries doing now space programs now

2206  
01:18:12,550 --> 01:18:08,719  
whether that's just

2207  
01:18:15,910 --> 01:18:12,560  
a space program to develop something or

2208  
01:18:17,189 --> 01:18:15,920  
actually putting satellites up you know

2209  
01:18:19,830 --> 01:18:17,199  
this is you know we're starting to

2210  
01:18:21,750 --> 01:18:19,840  
becoming a world of players rather than

2211  
01:18:25,270 --> 01:18:21,760  
just a world where you have four

2212  
01:18:27,910 --> 01:18:25,280  
big countries running everything

2213  
01:18:29,270 --> 01:18:27,920

i think we need some serious uh

2214

01:18:32,310 --> 01:18:29,280

investigative work

2215

01:18:35,030 --> 01:18:32,320

you know to be done by independent

2216

01:18:36,790 --> 01:18:35,040

sources and and i don't and what i mean

2217

01:18:37,669 --> 01:18:36,800

by that is like we can't have the

2218

01:18:41,430 --> 01:18:37,679

government

2219

01:18:41,990 --> 01:18:41,440

involved in anything it always screws it

2220

01:18:46,709 --> 01:18:42,000

up

2221

01:18:49,590 --> 01:18:46,719

period and you know

2222

01:18:50,149 --> 01:18:49,600

you need to have people just regular

2223

01:18:53,350 --> 01:18:50,159

people

2224

01:18:55,350 --> 01:18:53,360

out here investigating these things

2225

01:18:56,790 --> 01:18:55,360

because you know we're going to come

2226

01:18:59,270 --> 01:18:56,800

back and tell you the truth

2227

01:19:02,630 --> 01:18:59,280

maybe like a group of uh scientists and

2228

01:19:06,950 --> 01:19:04,470

we're getting there i know where that's

2229

01:19:10,310 --> 01:19:06,960

heading yeah for sorry i had to

2230

01:19:13,030 --> 01:19:10,320

you led me right into it jason

2231

01:19:13,990 --> 01:19:13,040

yeah no very good points guys and um

2232

01:19:16,310 --> 01:19:14,000

you're right you know

2233

01:19:18,229 --> 01:19:16,320

and again the government's made up of

2234

01:19:19,990 --> 01:19:18,239

thousands and thousands of people with

2235

01:19:22,229 --> 01:19:20,000

their own belief systems

2236

01:19:24,630 --> 01:19:22,239

their own approaches to these topics you

2237

01:19:27,510 --> 01:19:24,640

know you mentioned that a portion of

2238

01:19:28,950 --> 01:19:27,520

uh the pentagon or excuse me possibly

2239

01:19:31,110 --> 01:19:28,960

the department of defense

2240

01:19:32,630 --> 01:19:31,120

when you know they first got funding for

2241

01:19:34,550 --> 01:19:32,640

this a-tip program

2242

01:19:36,550 --> 01:19:34,560

a lot of them were scared because they

2243

01:19:38,630 --> 01:19:36,560

were ultra religious

2244

01:19:39,910 --> 01:19:38,640

and they thought that these phenomena

2245

01:19:41,910 --> 01:19:39,920

could possibly be

2246

01:19:43,990 --> 01:19:41,920

demonic in nature and some people might

2247

01:19:44,550 --> 01:19:44,000

laugh at something like that a theory

2248

01:19:46,790 --> 01:19:44,560

like that

2249

01:19:47,750 --> 01:19:46,800

but these guys and women were very

2250

01:19:49,350 --> 01:19:47,760

serious

2251

01:19:51,830 --> 01:19:49,360

that they thought some of this could be

2252

01:19:54,070 --> 01:19:51,840

evil you know so remember a lot of the

2253

01:19:56,149 --> 01:19:54,080

you know a lot of the people that end up

2254

01:19:56,630 --> 01:19:56,159

in politics are very devout christians

2255

01:19:59,350 --> 01:19:56,640

they're very

2256

01:20:01,030 --> 01:19:59,360

devout catholics protestants uh and

2257

01:20:02,630 --> 01:20:01,040

myself i'm a saved christian

2258

01:20:04,630 --> 01:20:02,640

and you know i've said that all the way

2259

01:20:06,229 --> 01:20:04,640

through and it's you know surprises a

2260

01:20:09,189 --> 01:20:06,239

lot of people but

2261

01:20:11,030 --> 01:20:09,199

you know just because god made aliens or

2262

01:20:12,950 --> 01:20:11,040

god made off world beings or

2263

01:20:15,669 --> 01:20:12,960

transdimensional beings or that he

2264

01:20:17,110 --> 01:20:15,679

created a universe with multiples of

2265

01:20:19,510 --> 01:20:17,120

life

2266

01:20:21,510 --> 01:20:19,520

he still made us in his image so i'm

2267

01:20:23,750 --> 01:20:21,520

still cool with that

2268

01:20:26,229 --> 01:20:23,760

i'm cool with that too man i remember i

2269

01:20:26,790 --> 01:20:26,239

uh asked my catholic priest when i was a

2270

01:20:28,950 --> 01:20:26,800

kid

2271

01:20:30,870 --> 01:20:28,960

is it okay for me to be looking into

2272

01:20:32,550 --> 01:20:30,880

this ufo stuff like

2273

01:20:34,470 --> 01:20:32,560

is it all right to believe that there's

2274

01:20:36,229 --> 01:20:34,480

other life out there and just like you

2275

01:20:38,070 --> 01:20:36,239

said he told me of course

2276

01:20:40,070 --> 01:20:38,080

like it just means the creator is more

2277

01:20:42,310 --> 01:20:40,080

powerful than we could ever imagine

2278

01:20:43,510 --> 01:20:42,320

so you know in terms of what might be in

2279

01:20:46,229 --> 01:20:43,520

this report

2280

01:20:47,350 --> 01:20:46,239

there was an article that came out that

2281

01:20:51,030 --> 01:20:47,360

said that

2282

01:20:54,550 --> 01:20:51,040

you know um could be other countries

2283

01:20:57,990 --> 01:20:54,560

could be aliens they can't rule that out

2284

01:21:00,470 --> 01:20:58,000

i think that uh the idea of

2285

01:21:02,070 --> 01:21:00,480

proving that it's aliens and i don't

2286

01:21:04,470 --> 01:21:02,080

think a lot of people think about this

2287

01:21:05,669 --> 01:21:04,480

but that is a much higher threshold to

2288

01:21:09,430 --> 01:21:05,679

prove that

2289

01:21:11,590 --> 01:21:09,440

um so if you're gonna say it's aliens

2290

01:21:13,270 --> 01:21:11,600

and it's not from this planet

2291

01:21:15,189 --> 01:21:13,280

that would mean that you've got some

2292

01:21:16,870 --> 01:21:15,199

evidence that

2293

01:21:18,470 --> 01:21:16,880

they came from some other planet and how

2294

01:21:19,990 --> 01:21:18,480

would you have that unless

2295

01:21:22,470 --> 01:21:20,000

unless you went to that planet and you

2296

01:21:23,910 --> 01:21:22,480

saw oh these beings are crawling all

2297

01:21:24,950 --> 01:21:23,920

over that planet so this is where

2298

01:21:27,590 --> 01:21:24,960

they're from

2299

01:21:28,229 --> 01:21:27,600

we we won't have that evidence we won't

2300

01:21:31,830 --> 01:21:28,239

have that

2301

01:21:32,470 --> 01:21:31,840

so i think you know it might be a better

2302

01:21:35,510 --> 01:21:32,480

question

2303

01:21:36,870 --> 01:21:35,520

instead of using aliens as the term we

2304

01:21:38,709 --> 01:21:36,880

used to describe this is

2305

01:21:40,070 --> 01:21:38,719

uh maybe we should ask the question is

2306

01:21:42,950 --> 01:21:40,080

it non-human

2307

01:21:45,189 --> 01:21:42,960

um i think that would be something with

2308

01:21:48,390 --> 01:21:45,199

a more accurate answer

2309

01:21:49,030 --> 01:21:48,400

um matthew you're absolutely right

2310

01:21:51,669 --> 01:21:49,040

because

2311

01:21:52,229 --> 01:21:51,679

yeah it doesn't have to be off world i

2312

01:21:54,790 --> 01:21:52,239

mean

2313

01:21:56,550 --> 01:21:54,800

yeah there could have been a very

2314

01:21:57,590 --> 01:21:56,560

advanced civilization living right next

2315

01:21:59,750 --> 01:21:57,600

to us and until

2316

01:22:01,030 --> 01:21:59,760

just now we wouldn't have had even the

2317

01:22:02,629 --> 01:22:01,040

technology didn't even know that they're

2318

01:22:05,430 --> 01:22:02,639

here and if they're really

2319

01:22:07,750 --> 01:22:05,440

thousands of years ahead of us in tech

2320

01:22:12,550 --> 01:22:10,390

why would you even think that you would

2321

01:22:14,550 --> 01:22:12,560

know that they're here

2322

01:22:16,070 --> 01:22:14,560

yeah and they could be the original

2323

01:22:20,550 --> 01:22:16,080

inhabitants of this planet and we just

2324

01:22:24,149 --> 01:22:22,470

well i think such a good thing yeah

2325

01:22:26,470 --> 01:22:24,159

there needs to be some uh

2326

01:22:27,270 --> 01:22:26,480

some you know to be able to to disprove

2327

01:22:28,870 --> 01:22:27,280

certain things

2328

01:22:30,790 --> 01:22:28,880

because like we're just learning about

2329

01:22:33,270 --> 01:22:30,800

sprites i don't know if you

2330

01:22:34,149 --> 01:22:33,280

if you even know what a sprite is but

2331

01:22:37,590 --> 01:22:34,159

like um

2332

01:22:39,270 --> 01:22:37,600

you know besides a soft drink yeah sorry

2333

01:22:40,950 --> 01:22:39,280

over the past 10 years i mean they

2334

01:22:41,590 --> 01:22:40,960

they've they've just now caught these

2335

01:22:44,950 --> 01:22:41,600

things

2336

01:22:46,629 --> 01:22:44,960

on camera and it's it's electro

2337

01:22:49,430 --> 01:22:46,639

electrons that are coming from the

2338

01:22:50,950 --> 01:22:49,440

the stratosphere and shooting downward

2339

01:22:51,990 --> 01:22:50,960

so like they're still like

2340

01:22:53,430 --> 01:22:52,000

you know there's still weather

2341

01:22:54,709 --> 01:22:53,440

phenomenons that we don't even

2342

01:22:56,950 --> 01:22:54,719

understand

2343

01:22:58,470 --> 01:22:56,960

and i'm not i'm not you know throwing

2344

01:22:59,830 --> 01:22:58,480

this off as just a weather phenomenon

2345

01:23:02,070 --> 01:22:59,840

what i'm saying is is there

2346

01:23:03,510 --> 01:23:02,080

there needs to be actual research into

2347

01:23:04,830 --> 01:23:03,520

these things what is it

2348

01:23:07,350 --> 01:23:04,840

where does it come from where does it

2349

01:23:09,750 --> 01:23:07,360

originate you know and if we can then

2350

01:23:12,070 --> 01:23:09,760

you know prove or disprove through uh

2351

01:23:12,550 --> 01:23:12,080

you know different types of um you know

2352

01:23:15,189 --> 01:23:12,560

like

2353

01:23:17,270 --> 01:23:15,199

through dark matter or whatnot then hey

2354

01:23:19,510 --> 01:23:17,280

let's do that let's let's

2355

01:23:21,590 --> 01:23:19,520

let's take out you know look at every

2356

01:23:23,510 --> 01:23:21,600

variable and then

2357

01:23:24,790 --> 01:23:23,520

work our way through that you know and

2358

01:23:26,629 --> 01:23:24,800

go through the observables

2359

01:23:28,070 --> 01:23:26,639

and find out exactly what we're looking

2360

01:23:29,990 --> 01:23:28,080

at because if

2361

01:23:32,149 --> 01:23:30,000

you know with full transparency that's

2362

01:23:35,270 --> 01:23:32,159

gonna that's gonna allow us to

2363

01:23:36,390 --> 01:23:35,280

to then put our money in there

2364

01:23:38,870 --> 01:23:36,400

you know like and i'm not talking about

2365

01:23:40,709 --> 01:23:38,880

our physical money but our equipment

2366

01:23:42,149 --> 01:23:40,719

and to be able to understand what it is

2367

01:23:44,149 --> 01:23:42,159

that we're dealing with

2368

01:23:45,430 --> 01:23:44,159

because it just being able to understand

2369

01:23:47,510 --> 01:23:45,440

it now you're

2370

01:23:48,709 --> 01:23:47,520

you know you can you can put a name to

2371

01:23:49,990 --> 01:23:48,719

it and i think that's what a lot of

2372

01:23:52,709 --> 01:23:50,000

people really want it's just

2373

01:23:53,990 --> 01:23:52,719

what is it put a name on it i'm so happy

2374

01:23:56,310 --> 01:23:54,000

you brought up the five

2375

01:23:58,709 --> 01:23:56,320

observables and and everything like that

2376

01:24:01,990 --> 01:23:58,719

jason because this ufo topic

2377

01:24:03,910 --> 01:24:02,000

has always mirrored our aspirations

2378

01:24:05,030 --> 01:24:03,920

as human beings when it comes to science

2379

01:24:08,310 --> 01:24:05,040

when it comes to

2380

01:24:11,189 --> 01:24:08,320

metaphysics

2381

01:24:11,990 --> 01:24:11,199

what have you um it's often always

2382

01:24:14,149 --> 01:24:12,000

mirrored

2383

01:24:16,149 --> 01:24:14,159

what we could be what we want to be next

2384

01:24:19,189 --> 01:24:16,159

where our technology is going

2385

01:24:21,350 --> 01:24:19,199

being displayed in these trans-medium

2386

01:24:22,950 --> 01:24:21,360

craft as it were like i remember

2387

01:24:24,629 --> 01:24:22,960

commander fravor saying

2388

01:24:26,629 --> 01:24:24,639

i don't know what it was but i sure as

2389

01:24:27,350 --> 01:24:26,639

hell want to fly it and i think that's

2390

01:24:29,590 --> 01:24:27,360

such

2391

01:24:30,709 --> 01:24:29,600

a good point we see these things and

2392

01:24:33,030 --> 01:24:30,719

we're like wow

2393

01:24:34,550 --> 01:24:33,040

that could be us someday and hopefully

2394

01:24:37,189 --> 01:24:34,560

it will so

2395

01:24:38,950 --> 01:24:37,199

yeah i don't know i've always maintained

2396

01:24:39,590 --> 01:24:38,960

that if if it's not our technology it

2397

01:24:42,709 --> 01:24:39,600

needs to be

2398

01:24:45,590 --> 01:24:42,719

because it really opens up a whole new

2399

01:24:47,350 --> 01:24:45,600

area for us of clean energy and modes of

2400

01:24:50,149 --> 01:24:47,360

transportation

2401

01:24:51,110 --> 01:24:50,159

you know and so again if it's if it's

2402

01:24:54,149 --> 01:24:51,120

not ours

2403

01:24:55,750 --> 01:24:54,159

why is it not you know why are we

2404

01:24:57,270 --> 01:24:55,760

trying to figure out what this is so

2405

01:24:59,750 --> 01:24:57,280

that we can then

2406

01:25:01,910 --> 01:24:59,760

says they're not trying i mean you gotta

2407

01:25:04,070 --> 01:25:01,920

remember i mean that's

2408

01:25:05,750 --> 01:25:04,080

i mean we're all military guys dude i

2409

01:25:08,950 --> 01:25:05,760

mean when it comes down to it

2410

01:25:10,629 --> 01:25:08,960

if you see something you you

2411

01:25:12,390 --> 01:25:10,639

they're they're if they know that it

2412

01:25:13,430 --> 01:25:12,400

exists they are trying to make it you

2413

01:25:15,270 --> 01:25:13,440

can guarantee that

2414

01:25:16,790 --> 01:25:15,280

i mean it's just it just they have

2415

01:25:19,750 --> 01:25:16,800

people that are

2416

01:25:20,950 --> 01:25:19,760

so ridiculously smart and i mean i've

2417

01:25:23,669 --> 01:25:20,960

i've read reports

2418

01:25:25,030 --> 01:25:23,679

and and accounts of like scientists that

2419

01:25:27,030 --> 01:25:25,040

literally like

2420

01:25:29,350 --> 01:25:27,040

worked until they were burnt out

2421

01:25:31,270 --> 01:25:29,360

mentally so badly that

2422

01:25:32,709 --> 01:25:31,280

they were basically just a shell of a

2423

01:25:34,390 --> 01:25:32,719

person and

2424

01:25:36,149 --> 01:25:34,400

the only reason even story that got out

2425

01:25:39,270 --> 01:25:36,159

is because they just barely have

2426

01:25:41,430 --> 01:25:39,280

consciousness enough left to uh you know

2427

01:25:42,390 --> 01:25:41,440

talk about it after they were done but

2428

01:25:44,149 --> 01:25:42,400

then

2429

01:25:46,149 --> 01:25:44,159

you know i always say point to the

2430

01:25:48,390 --> 01:25:46,159

discredited genius and uh that's

2431

01:25:51,270 --> 01:25:48,400

probably the guy to talk to

2432

01:25:52,629 --> 01:25:51,280

yeah um all right guys let's let's move

2433

01:25:55,350 --> 01:25:52,639

to these listener

2434

01:25:56,470 --> 01:25:55,360

questions um i'll fire through as brief

2435

01:25:59,590 --> 01:25:56,480

or as detailed

2436

01:26:00,310 --> 01:25:59,600

as you'd like um i've got my first one

2437

01:26:02,950 --> 01:26:00,320

here for

2438

01:26:03,430 --> 01:26:02,960

jason um we talked a little bit about

2439

01:26:09,430 --> 01:26:03,440

this

2440

01:26:10,310 --> 01:26:09,440

that you um you have seen and tim wants

2441

01:26:13,830 --> 01:26:10,320

to know

2442

01:26:17,270 --> 01:26:13,840

uh can you tell us anything about

2443

01:26:19,189 --> 01:26:17,280

what is in that unedited version and um

2444

01:26:20,550 --> 01:26:19,199

do you think we'll ever see more of the

2445

01:26:22,790 --> 01:26:20,560

tic tac video

2446

01:26:23,750 --> 01:26:22,800

well the the unedited version is just it

2447

01:26:30,470 --> 01:26:23,760

there's a lot of

2448

01:26:31,830 --> 01:26:30,480

but then there are uh there there are

2449

01:26:34,310 --> 01:26:31,840

images from where this thing

2450

01:26:35,990 --> 01:26:34,320

it it's like it it created a mind of its

2451

01:26:38,310 --> 01:26:36,000

own like it wanted to go from point a to

2452

01:26:39,590 --> 01:26:38,320

point b at one certain speed and it it

2453

01:26:42,790 --> 01:26:39,600

just went there

2454

01:26:45,189 --> 01:26:42,800

um there are certain areas i'm sorry

2455

01:26:46,470 --> 01:26:45,199

there are certain areas within the video

2456

01:26:49,189 --> 01:26:46,480

where you can see

2457

01:26:50,390 --> 01:26:49,199

the um he's at a distance from this

2458

01:26:52,310 --> 01:26:50,400

thing um

2459

01:26:53,669 --> 01:26:52,320

i don't know how far it was i'd have to

2460

01:26:54,870 --> 01:26:53,679

go back and read

2461

01:26:56,950 --> 01:26:54,880

where he had said that he was at a

2462

01:26:59,110 --> 01:26:56,960

certain distance um but

2463

01:27:01,189 --> 01:26:59,120

just trying to keep up and maneuver with

2464

01:27:02,390 --> 01:27:01,199

this thing he was not able to keep up

2465

01:27:05,750 --> 01:27:02,400

with it so

2466

01:27:08,950 --> 01:27:05,760

there's a lot of um

2467

01:27:11,189 --> 01:27:08,960

out maneuvering of our own uh technology

2468

01:27:12,070 --> 01:27:11,199

which i you know i don't want to get too

2469

01:27:14,950 --> 01:27:12,080

deep into because

2470

01:27:16,229 --> 01:27:14,960

for me i you know i i would be speaking

2471

01:27:19,270 --> 01:27:16,239

outside of

2472

01:27:22,629 --> 01:27:19,280

our capabilities um my knowledge

2473

01:27:25,830 --> 01:27:22,639

of our capabilities so but to see it on

2474

01:27:29,189 --> 01:27:25,840

the actual video itself um

2475

01:27:32,310 --> 01:27:29,199

this thing would just outmaneuver

2476

01:27:34,950 --> 01:27:32,320

our jets you know in an instant so

2477

01:27:36,629 --> 01:27:34,960

yeah that i don't think we'll ever get

2478

01:27:39,669 --> 01:27:36,639

the full unedited version

2479

01:27:41,990 --> 01:27:39,679

that but what it does is it it allows

2480

01:27:44,070 --> 01:27:42,000

you to see the the tic tac a lot clearer

2481

01:27:46,149 --> 01:27:44,080

um than what what you see in the the

2482

01:27:47,910 --> 01:27:46,159

current video that we have um

2483

01:27:49,669 --> 01:27:47,920

and you do see some appendages sticking

2484

01:27:51,350 --> 01:27:49,679

out the bottom of it uh commander favor

2485

01:27:53,590 --> 01:27:51,360

had mentioned that they look like a like

2486

01:27:55,430 --> 01:27:53,600

a hockey stick or an I shape

2487

01:27:57,189 --> 01:27:55,440

in the video that i saw you could not

2488

01:27:58,550 --> 01:27:57,199

actually see the actual I shape you can

2489

01:27:59,030 --> 01:27:58,560

just see the appendages sticking out

2490

01:28:00,950 --> 01:27:59,040

which is

2491

01:28:02,709 --> 01:28:00,960

going to be typical of you know when

2492

01:28:03,750 --> 01:28:02,719

you're in a distance that far you're not

2493

01:28:06,229 --> 01:28:03,760

going to be able to see

2494

01:28:07,430 --> 01:28:06,239

a lot of detail on these things but the

2495

01:28:10,629 --> 01:28:07,440

one thing that you don't see

2496

01:28:11,030 --> 01:28:10,639

you don't see um propulsion you don't

2497

01:28:14,470 --> 01:28:11,040

see

2498

01:28:17,510 --> 01:28:14,480

any means of like wings or

2499

01:28:18,229 --> 01:28:17,520

windows or doors or anything on this

2500

01:28:21,270 --> 01:28:18,239

thing

2501

01:28:23,270 --> 01:28:21,280

um so you know

2502

01:28:24,550 --> 01:28:23,280

would it revolutionize you know the way

2503

01:28:28,310 --> 01:28:24,560

that we think about this

2504

01:28:29,430 --> 01:28:28,320

probably not because you know

2505

01:28:31,590 --> 01:28:29,440

people are people are going to be

2506

01:28:32,790 --> 01:28:31,600

naysayers no matter what what you find

2507

01:28:35,750 --> 01:28:32,800

no matter what you see

2508

01:28:36,390 --> 01:28:35,760

um you know there are going to be people

2509

01:28:39,270 --> 01:28:36,400

out there who

2510

01:28:40,070 --> 01:28:39,280

say well it could be a seagull you know

2511

01:28:42,550 --> 01:28:40,080

can you

2512

01:28:43,910 --> 01:28:42,560

throw it off you know but at the end of

2513

01:28:46,070 --> 01:28:43,920

the day

2514

01:28:47,590 --> 01:28:46,080

i had nothing to gain from it and if

2515

01:28:48,229 --> 01:28:47,600

this whole story would have just never

2516

01:28:50,070 --> 01:28:48,239

happened

2517

01:28:51,270 --> 01:28:50,080

i'd still be the same person i am today

2518

01:28:54,470 --> 01:28:51,280

because of it

2519

01:28:56,629 --> 01:28:54,480

you know so i think for me

2520

01:28:59,750 --> 01:28:56,639

i want to know what it was i was looking

2521

01:29:01,110 --> 01:28:59,760

at on that video just as much as you do

2522

01:29:02,709 --> 01:29:01,120

yeah the only other thing that i can

2523

01:29:03,750 --> 01:29:02,719

really add about the video that he

2524

01:29:05,830 --> 01:29:03,760

didn't already cover

2525

01:29:07,270 --> 01:29:05,840

is the fact that at certain points you

2526

01:29:10,149 --> 01:29:07,280

can actually you can see

2527

01:29:10,790 --> 01:29:10,159

the different profiles of it right so

2528

01:29:13,110 --> 01:29:10,800

really

2529

01:29:14,470 --> 01:29:13,120

you guys it almost it looks like it

2530

01:29:15,830 --> 01:29:14,480

changes shape but really what you're

2531

01:29:16,550 --> 01:29:15,840

doing is you're seeing it either at

2532

01:29:19,830 --> 01:29:16,560

length

2533

01:29:21,350 --> 01:29:19,840

or at the width of it so

2534

01:29:24,870 --> 01:29:21,360

you're you know it's just either a

2535

01:29:26,550 --> 01:29:24,880

circle or a weird oblong shape

2536

01:29:27,910 --> 01:29:26,560

and then you know and then there's a lot

2537

01:29:30,070 --> 01:29:27,920

of uh

2538

01:29:31,270 --> 01:29:30,080

reacquiring of it as it disappears from

2539

01:29:33,750 --> 01:29:31,280

this from you know going

2540

01:29:35,910 --> 01:29:33,760

to boom and then reacquire you know and

2541

01:29:36,629 --> 01:29:35,920

then gone and then reacquire but i mean

2542

01:29:38,470 --> 01:29:36,639

it's like

2543

01:29:40,390 --> 01:29:38,480

the meat and potatoes really are what

2544

01:29:42,870 --> 01:29:40,400

everybody saw

2545

01:29:43,910 --> 01:29:42,880

and uh you know and the most specific

2546

01:29:45,910 --> 01:29:43,920

things is just

2547

01:29:47,430 --> 01:29:45,920

knowing you know its heat signatures and

2548

01:29:49,030 --> 01:29:47,440

things like that those are the most

2549

01:29:50,950 --> 01:29:49,040

important things on that video because i

2550

01:29:53,430 --> 01:29:50,960

mean it doesn't really show its

2551  
01:29:55,590 --> 01:29:53,440  
true capabilities for speed or agility

2552  
01:29:57,669 --> 01:29:55,600  
or anything like that it just

2553  
01:29:58,950 --> 01:29:57,679  
shows an impossible thing happening i

2554  
01:30:01,830 --> 01:29:58,960  
mean

2555  
01:30:02,470 --> 01:30:01,840  
i know that's not good enough but hey

2556  
01:30:04,149 --> 01:30:02,480  
well

2557  
01:30:05,910 --> 01:30:04,159  
that's fair enough gary because i think

2558  
01:30:07,830 --> 01:30:05,920  
a lot of people

2559  
01:30:10,229 --> 01:30:07,840  
don't pay attention to those numbers

2560  
01:30:12,070 --> 01:30:10,239  
they're seeing on the videos like

2561  
01:30:13,910 --> 01:30:12,080  
those are very telling and they they

2562  
01:30:16,310 --> 01:30:13,920  
could actually say more than what

2563  
01:30:17,669 --> 01:30:16,320

the actual object is doing in kind of

2564

01:30:19,830 --> 01:30:17,679

the 2d

2565

01:30:21,189 --> 01:30:19,840

version that we're looking at there so i

2566

01:30:22,629 --> 01:30:21,199

think that's good

2567

01:30:23,750 --> 01:30:22,639

you've got to think about the altitude

2568

01:30:25,110 --> 01:30:23,760

of which they were flying they were at

2569

01:30:26,790 --> 01:30:25,120

20 000 feet

2570

01:30:28,629 --> 01:30:26,800

you know yeah so once you get up higher

2571

01:30:30,950 --> 01:30:28,639

your your

2572

01:30:31,750 --> 01:30:30,960

the density and the speeds of what you

2573

01:30:34,950 --> 01:30:31,760

have to maintain

2574

01:30:35,750 --> 01:30:34,960

to to you know to be able to to stay

2575

01:30:37,910 --> 01:30:35,760

aloft

2576

01:30:39,430 --> 01:30:37,920

are going to change the higher you get

2577

01:30:41,910 --> 01:30:39,440

and we've got these things up at

2578

01:30:42,470 --> 01:30:41,920

80 000 feet right gary something like

2579

01:30:44,149 --> 01:30:42,480

that yeah

2580

01:30:45,750 --> 01:30:44,159

i think that the highest that was

2581

01:30:46,470 --> 01:30:45,760

tracked was like 80 something thousand

2582

01:30:49,030 --> 01:30:46,480

feet

2583

01:30:49,830 --> 01:30:49,040

yeah and i mean at 100 and something

2584

01:30:51,910 --> 01:30:49,840

knots

2585

01:30:53,510 --> 01:30:51,920

you're that's that's almost impossible

2586

01:30:56,629 --> 01:30:53,520

unless you're a weather balloon

2587

01:31:00,480 --> 01:30:56,639

um and lord here we go i'm going to

2588

01:31:00,490 --> 01:31:11,669

[Music]

2589

01:31:14,790 --> 01:31:13,270

and the fact that it doesn't make any

2590

01:31:18,870 --> 01:31:14,800

sound it doesn't make

2591

01:31:21,270 --> 01:31:18,880

a sonic boom how is this happening

2592

01:31:23,430 --> 01:31:21,280

you know and and where's the sound to

2593

01:31:24,790 --> 01:31:23,440

our video

2594

01:31:26,629 --> 01:31:24,800

where's the where's the rest of the gun

2595

01:31:28,390 --> 01:31:26,639

cameras i mean every single one of those

2596

01:31:29,830 --> 01:31:28,400

planes had a gun camera

2597

01:31:31,270 --> 01:31:29,840

and i mean you can't tell me all of them

2598

01:31:31,830 --> 01:31:31,280

had it off when they were going up

2599

01:31:34,470 --> 01:31:31,840

against an

2600

01:31:36,790 --> 01:31:34,480

unknown object i mean that's i mean i

2601

01:31:37,750 --> 01:31:36,800

mean if i'm a pilot i'm a pretty smart

2602

01:31:39,430 --> 01:31:37,760

guy

2603

01:31:43,350 --> 01:31:39,440

to begin with and i'm going to be like

2604

01:31:45,430 --> 01:31:43,360

oh crap let me flip that on

2605

01:31:46,550 --> 01:31:45,440

that's a good point yeah you know that's

2606

01:31:48,070 --> 01:31:46,560

like asking a uh

2607

01:31:49,830 --> 01:31:48,080

civilian why did you have your cell

2608

01:31:51,830 --> 01:31:49,840

phone out when you saw that yeah

2609

01:31:53,669 --> 01:31:51,840

yeah right right or somewhere i was

2610

01:31:54,629 --> 01:31:53,679

going to make a joke but i don't know

2611

01:31:57,350 --> 01:31:54,639

what you dare

2612

01:31:58,709 --> 01:31:57,360

you you've had it enough i know um well

2613

01:31:59,189 --> 01:31:58,719

kind of piggybacking off of that

2614

01:32:03,030 --> 01:31:59,199

question

2615

01:32:06,229 --> 01:32:03,040

matthew um in the gimbal video

2616

01:32:07,990 --> 01:32:06,239

uh tim asks we you can hear

2617

01:32:09,830 --> 01:32:08,000

and you know like we said there was no

2618

01:32:10,709 --> 01:32:09,840

audio for the tic tac but gimbal we're

2619

01:32:14,229 --> 01:32:10,719

hearing

2620

01:32:16,229 --> 01:32:14,239

what these guys are seeing in real time

2621

01:32:17,510 --> 01:32:16,239

you know the and the thing that always

2622

01:32:20,470 --> 01:32:17,520

astounds me is that

2623

01:32:21,110 --> 01:32:20,480

it's rotating i just can't get over that

2624

01:32:23,270 --> 01:32:21,120

um

2625

01:32:25,430 --> 01:32:23,280

again just the idea that these things

2626

01:32:27,590 --> 01:32:25,440  
seemingly with no propulsion or

2627

01:32:28,790 --> 01:32:27,600  
rotating mid-flight edge i i don't get

2628

01:32:31,990 --> 01:32:28,800  
it i don't get it but

2629

01:32:34,629 --> 01:32:32,000  
um in the audio you can hear

2630

01:32:37,110 --> 01:32:34,639  
uh there's a whole fleet of these things

2631

01:32:38,709 --> 01:32:37,120  
and you know even elizondo has admitted

2632

01:32:41,030 --> 01:32:38,719  
recently that right off

2633

01:32:42,870 --> 01:32:41,040  
screen there was a fleet of ufos that

2634

01:32:45,510 --> 01:32:42,880  
were coming towards the gimbal craft so

2635

01:32:46,629 --> 01:32:45,520  
um yeah is this something you can

2636

01:32:49,189 --> 01:32:46,639  
confirm

2637

01:32:50,870 --> 01:32:49,199  
or deny with what you saw or what the

2638

01:32:51,669 --> 01:32:50,880

people around you who showed you the

2639

01:32:54,870 --> 01:32:51,679

video saw

2640

01:32:57,430 --> 01:32:54,880

um yeah yeah anything to add with that

2641

01:32:58,629 --> 01:32:57,440

um yeah i mean there were there was more

2642

01:33:01,750 --> 01:32:58,639

than one

2643

01:33:02,550 --> 01:33:01,760

i mean i mean uh there were there were

2644

01:33:06,310 --> 01:33:02,560

several

2645

01:33:08,390 --> 01:33:06,320

and you know a lot of

2646

01:33:10,470 --> 01:33:08,400

people aren't talking about this it has

2647

01:33:13,590 --> 01:33:10,480

been said a few times but this was

2648

01:33:15,510 --> 01:33:13,600

uh this was not just one incident

2649

01:33:18,070 --> 01:33:15,520

um on the theodore roosevelt so this

2650

01:33:21,270 --> 01:33:18,080

this went on for four days

2651  
01:33:25,350 --> 01:33:21,280  
uh and and they came back every night

2652  
01:33:28,790 --> 01:33:25,360  
for four days uh so

2653  
01:33:31,350 --> 01:33:28,800  
you know i mean i i

2654  
01:33:32,070 --> 01:33:31,360  
i can confirm yes there there was more

2655  
01:33:37,350 --> 01:33:32,080  
than one

2656  
01:33:40,629 --> 01:33:37,360  
i mean there were there were several um

2657  
01:33:40,950 --> 01:33:40,639  
yeah that's it yeah that's fair enough

2658  
01:33:44,390 --> 01:33:40,960  
man

2659  
01:33:44,870 --> 01:33:44,400  
um well okay let's talk about this for a

2660  
01:33:47,910 --> 01:33:44,880  
moment

2661  
01:33:50,310 --> 01:33:47,920  
um the skeptics

2662  
01:33:51,830 --> 01:33:50,320  
we've hinted we've we've tiptoed around

2663  
01:33:53,510 --> 01:33:51,840

his name but he's all over the

2664

01:33:56,470 --> 01:33:53,520

mainstream news right now

2665

01:33:58,310 --> 01:33:56,480

uh mick west and um you know he is

2666

01:33:59,189 --> 01:33:58,320

trying like hell to debunk all the

2667

01:34:01,350 --> 01:33:59,199

videos

2668

01:34:02,629 --> 01:34:01,360

that you guys uh were seemingly a part

2669

01:34:04,870 --> 01:34:02,639

of with these events

2670

01:34:05,669 --> 01:34:04,880

and has come up frankly with some very

2671

01:34:08,470 --> 01:34:05,679

ridiculous

2672

01:34:09,110 --> 01:34:08,480

explanations and for some reason he does

2673

01:34:12,870 --> 01:34:09,120

not

2674

01:34:15,270 --> 01:34:12,880

trust the um the testimony that

2675

01:34:17,669 --> 01:34:15,280

a lot of military observers have brought

2676

01:34:20,709 --> 01:34:17,679

forward you guys don't matter to him

2677

01:34:22,390 --> 01:34:20,719

in the grand scheme of things uh when

2678

01:34:24,310 --> 01:34:22,400

i think you know without witness

2679

01:34:24,870 --> 01:34:24,320

testimony we wouldn't have be having

2680

01:34:27,750 --> 01:34:24,880

this

2681

01:34:28,470 --> 01:34:27,760

discussion right now so uh what do you

2682

01:34:32,550 --> 01:34:28,480

got yeah

2683

01:34:36,149 --> 01:34:32,560

gary please well with mick west uh don't

2684

01:34:38,229 --> 01:34:36,159

he's he's smarter than he's letting on

2685

01:34:39,830 --> 01:34:38,239

i have a feeling i you know it's like

2686

01:34:41,590 --> 01:34:39,840

when i did my interview with him you

2687

01:34:43,590 --> 01:34:41,600

know i agreed to an interview with him

2688

01:34:44,870 --> 01:34:43,600

and i did an interview with him and

2689

01:34:46,870 --> 01:34:44,880

you know honestly i felt like he was

2690

01:34:49,189 --> 01:34:46,880

coming he came away with it uh

2691

01:34:51,189 --> 01:34:49,199

you know not being able to prove

2692

01:34:54,470 --> 01:34:51,199

anything one way or the other

2693

01:34:55,590 --> 01:34:54,480

it which is the best you can hope for

2694

01:34:58,070 --> 01:34:55,600

with mick west

2695

01:34:59,990 --> 01:34:58,080

um and i try i try i try to be very

2696

01:35:02,950 --> 01:35:00,000

courteous to the gentleman because he's

2697

01:35:04,470 --> 01:35:02,960

he is smarter than you think um i have a

2698

01:35:06,629 --> 01:35:04,480

feeling he kind of throws these wild

2699

01:35:08,950 --> 01:35:06,639

theories out to frustrate people

2700

01:35:11,270 --> 01:35:08,960

you know because like he is a very

2701

01:35:12,950 --> 01:35:11,280

detailed orientated person

2702

01:35:14,629 --> 01:35:12,960

and he is a lot more intelligent than

2703

01:35:15,830 --> 01:35:14,639

you think he is and i have a feeling

2704

01:35:17,270 --> 01:35:15,840

he's waiting for you to give him the

2705

01:35:19,830 --> 01:35:17,280

real numbers

2706

01:35:20,550 --> 01:35:19,840

so that he he can crunch them so he can

2707

01:35:23,270 --> 01:35:20,560

figure out

2708

01:35:24,149 --> 01:35:23,280

you know and i think he does that that

2709

01:35:26,070 --> 01:35:24,159

kind of

2710

01:35:28,229 --> 01:35:26,080

well here's a ridiculous story prove me

2711

01:35:28,870 --> 01:35:28,239

wrong you know and then okay well i'll

2712

01:35:32,550 --> 01:35:28,880

tell you that

2713

01:35:35,189 --> 01:35:32,560

you know it can it has a resolution

2714

01:35:36,950 --> 01:35:35,199

it can go it can see this far and i know

2715

01:35:37,669 --> 01:35:36,960

for a fact that it could because of this

2716

01:35:39,189 --> 01:35:37,679

this and this

2717

01:35:41,830 --> 01:35:39,199

and then you just develop classified

2718

01:35:44,950 --> 01:35:41,840

information and he gets his

2719

01:35:46,310 --> 01:35:44,960

you know there we go i i think the guy's

2720

01:35:47,030 --> 01:35:46,320

a lot smarter than people give him

2721

01:35:49,350 --> 01:35:47,040

credit for

2722

01:35:50,550 --> 01:35:49,360

i really enjoyed my interview with him

2723

01:35:52,310 --> 01:35:50,560

and uh

2724

01:35:54,149 --> 01:35:52,320

i'll give i'll bust his chops for that

2725

01:35:54,550 --> 01:35:54,159

seagull [h\_\_h] for the rest of his

2726

01:35:56,709 --> 01:35:54,560

life

2727

01:35:59,270 --> 01:35:56,719

but i'm going to give the man i'm going

2728

01:36:01,109 --> 01:35:59,280

to give the man a little bit of uh

2729

01:36:02,709 --> 01:36:01,119

a little bit of solstice with me at

2730

01:36:04,229 --> 01:36:02,719

least with my answer with him if he's

2731

01:36:05,510 --> 01:36:04,239

got a question i'll be able to

2732

01:36:07,430 --> 01:36:05,520

i'll answer it to the best of my

2733

01:36:08,950 --> 01:36:07,440

abilities any day of the week until he

2734

01:36:12,790 --> 01:36:08,960

starts going into the endless

2735

01:36:15,350 --> 01:36:12,800

loop yeah offering the uh

2736

01:36:15,990 --> 01:36:15,360

yeah the peace offering from gary i love

2737

01:36:18,229 --> 01:36:16,000

it my man

2738

01:36:19,350 --> 01:36:18,239

and i agree with you yeah i think um

2739

01:36:22,310 --> 01:36:19,360

he's just waiting

2740

01:36:23,430 --> 01:36:22,320

and he's got a he's got a grand plan um

2741

01:36:25,990 --> 01:36:23,440

we'll see what happens

2742

01:36:27,910 --> 01:36:26,000

uh well let's talk about that in general

2743

01:36:30,310 --> 01:36:27,920

skeptics now you have someone like

2744

01:36:31,030 --> 01:36:30,320

neil degrasse tyson recently commenting

2745

01:36:33,030 --> 01:36:31,040

on

2746

01:36:34,310 --> 01:36:33,040

these videos and everything that's

2747

01:36:37,510 --> 01:36:34,320

coming forward

2748

01:36:40,709 --> 01:36:37,520

and look these guys don't even know the

2749

01:36:41,669 --> 01:36:40,719

year that your event happened they don't

2750

01:36:44,229 --> 01:36:41,679

know how many

2751  
01:36:46,550 --> 01:36:44,239  
people witness this they don't know the

2752  
01:36:48,229 --> 01:36:46,560  
altitude that the craft went up then

2753  
01:36:50,390 --> 01:36:48,239  
down to the surface of the ocean

2754  
01:36:51,590 --> 01:36:50,400  
then to the cat point they don't know

2755  
01:36:52,870 --> 01:36:51,600  
any of this stuff

2756  
01:36:54,790 --> 01:36:52,880  
they come up with these blanket

2757  
01:36:56,390 --> 01:36:54,800  
explanations for something that they

2758  
01:36:58,629 --> 01:36:56,400  
haven't even looked into

2759  
01:37:00,070 --> 01:36:58,639  
that's my diatribe on a lot of what the

2760  
01:37:02,870 --> 01:37:00,080  
debunkers do

2761  
01:37:04,870 --> 01:37:02,880  
but i think skeptics are very important

2762  
01:37:05,510 --> 01:37:04,880  
and i'd like to get your guys opinion on

2763  
01:37:07,590 --> 01:37:05,520

that

2764

01:37:09,350 --> 01:37:07,600

what role do the skeptics play in all

2765

01:37:09,830 --> 01:37:09,360

this and what would you like to tell

2766

01:37:12,629 --> 01:37:09,840

them

2767

01:37:13,270 --> 01:37:12,639

um jason let's start with you i think i

2768

01:37:16,149 --> 01:37:13,280

think with

2769

01:37:17,510 --> 01:37:16,159

you know people the skeptics is you know

2770

01:37:20,550 --> 01:37:17,520

if you expect

2771

01:37:21,910 --> 01:37:20,560

us to to hear what you've got to say and

2772

01:37:22,550 --> 01:37:21,920

respect what you've got to say you've

2773

01:37:26,550 --> 01:37:22,560

got to

2774

01:37:30,149 --> 01:37:26,560

understand that

2775

01:37:32,629 --> 01:37:30,159

um just because maybe sometimes your

2776

01:37:34,790 --> 01:37:32,639

your thoughts don't line up to to the

2777

01:37:36,790 --> 01:37:34,800

reality of what we experience

2778

01:37:38,790 --> 01:37:36,800

uh doesn't necessarily mean that you get

2779

01:37:40,149 --> 01:37:38,800

to you know write somebody off or

2780

01:37:42,229 --> 01:37:40,159

say well i couldn't have done this

2781

01:37:44,470 --> 01:37:42,239

because you know xyz

2782

01:37:45,350 --> 01:37:44,480

um but i do think again with the

2783

01:37:48,870 --> 01:37:45,360

observables

2784

01:37:52,709 --> 01:37:48,880

having skeptics there they do play

2785

01:37:54,950 --> 01:37:52,719

an important role in this whole process

2786

01:37:57,109 --> 01:37:54,960

because you know now they're asking the

2787

01:37:57,669 --> 01:37:57,119

questions that we're not looking into if

2788

01:37:59,189 --> 01:37:57,679

we're looking

2789

01:38:00,950 --> 01:37:59,199

directly to find evidence they're

2790

01:38:02,470 --> 01:38:00,960

looking to find evidence that says well

2791

01:38:03,109 --> 01:38:02,480

this could be something else that you're

2792

01:38:05,350 --> 01:38:03,119

saying that

2793

01:38:07,109 --> 01:38:05,360

you know if you're saying this this i'm

2794

01:38:09,590 --> 01:38:07,119

going to show you that it could be this

2795

01:38:11,350 --> 01:38:09,600

so and you know i i like it that you

2796

01:38:14,550 --> 01:38:11,360

know sometimes they can get frustrating

2797

01:38:16,070 --> 01:38:14,560

because you know it kind of goes right

2798

01:38:18,470 --> 01:38:16,080

into the heart of the matter

2799

01:38:19,830 --> 01:38:18,480

of and and sometimes my pride can get in

2800

01:38:21,669 --> 01:38:19,840

the way and i'm like but then you know

2801

01:38:23,189 --> 01:38:21,679

you have to put it away put your pride

2802

01:38:24,709 --> 01:38:23,199

away you know and

2803

01:38:26,629 --> 01:38:24,719

sit down and just have a conversation

2804

01:38:27,830 --> 01:38:26,639

well you know you saw this thing moving

2805

01:38:29,510 --> 01:38:27,840

at this fast but

2806

01:38:31,270 --> 01:38:29,520

you know could it be this or could it be

2807

01:38:33,270 --> 01:38:31,280

that you know but then

2808

01:38:34,310 --> 01:38:33,280

you have to be willing to accept when

2809

01:38:36,310 --> 01:38:34,320

you're wrong

2810

01:38:38,149 --> 01:38:36,320

and i think that's something that we we

2811

01:38:39,189 --> 01:38:38,159

all tend to forget is that it's okay to

2812

01:38:42,070 --> 01:38:39,199

be wrong

2813

01:38:42,950 --> 01:38:42,080

um you know we've been wrong before and

2814

01:38:46,149 --> 01:38:42,960

publicly we

2815

01:38:48,149 --> 01:38:46,159

we will correct ourselves um just be

2816

01:38:50,550 --> 01:38:48,159

okay with being wrong

2817

01:38:52,629 --> 01:38:50,560

you know get used to it in the ufo field

2818

01:38:54,870 --> 01:38:52,639

for sure it is a constantly

2819

01:38:56,310 --> 01:38:54,880

evolving field of study and uh yeah if

2820

01:38:57,990 --> 01:38:56,320

you can admit you're wrong

2821

01:38:59,430 --> 01:38:58,000

this is not the field for you to be in

2822

01:39:01,350 --> 01:38:59,440

we don't need you we don't want you

2823

01:39:02,950 --> 01:39:01,360

so yeah for those who say they have all

2824

01:39:05,830 --> 01:39:02,960

the answers

2825

01:39:08,070 --> 01:39:05,840

run away as fast as you can um gary what

2826

01:39:11,109 --> 01:39:08,080

do you think man

2827

01:39:12,790 --> 01:39:11,119

skeptics besides well

2828

01:39:14,390 --> 01:39:12,800

neil degrasse tyson we'll we'll start

2829

01:39:17,189 --> 01:39:14,400

with him um

2830

01:39:18,310 --> 01:39:17,199

honestly he's one of my heroes i love

2831

01:39:20,149 --> 01:39:18,320

the guy yeah

2832

01:39:21,669 --> 01:39:20,159

i've always loved the guy he's but he's

2833

01:39:26,070 --> 01:39:21,679

a scientist

2834

01:39:27,750 --> 01:39:26,080

outside of his realm of knowledge

2835

01:39:29,590 --> 01:39:27,760

how do you how do you expect a scientist

2836

01:39:32,550 --> 01:39:29,600

not to use

2837

01:39:33,109 --> 01:39:32,560

regular science that we are currently

2838

01:39:36,470 --> 01:39:33,119

using

2839

01:39:38,629 --> 01:39:36,480

to explain what's going on

2840

01:39:40,070 --> 01:39:38,639

that's what he's trained to do that's

2841

01:39:41,510 --> 01:39:40,080

what he knows

2842

01:39:43,910 --> 01:39:41,520

you know he's not gonna he's not gonna

2843

01:39:45,910 --> 01:39:43,920

say you know oh yeah by the way you know

2844

01:39:48,149 --> 01:39:45,920

this one guy had a theory

2845

01:39:50,470 --> 01:39:48,159

you know and you know it's a you know

2846

01:39:52,310 --> 01:39:50,480

this only this one guy has this theory

2847

01:39:54,390 --> 01:39:52,320

and it could possibly be that

2848

01:39:56,390 --> 01:39:54,400

you know i don't expect him to use any

2849

01:39:58,310 --> 01:39:56,400

anything that that can't be

2850

01:39:59,590 --> 01:39:58,320

used in a linear thought pattern you

2851

01:40:01,430 --> 01:39:59,600

know i mean and

2852

01:40:03,510 --> 01:40:01,440

he he's even had interviews with himself

2853

01:40:05,910 --> 01:40:03,520

where you know he's like well yeah there

2854

01:40:07,910 --> 01:40:05,920

could be some things going on but

2855

01:40:09,030 --> 01:40:07,920

i don't have an explanation for him and

2856

01:40:11,430 --> 01:40:09,040

you know he's

2857

01:40:13,270 --> 01:40:11,440

he's gone on a record as basically just

2858

01:40:15,669 --> 01:40:13,280

not believing a lot of this stuff but

2859

01:40:17,030 --> 01:40:15,679

why would he what have we given him to

2860

01:40:19,030 --> 01:40:17,040

make him believe

2861

01:40:20,790 --> 01:40:19,040

i mean we only have empirical evidence

2862

01:40:22,470 --> 01:40:20,800

so if we only have empirical evidence

2863

01:40:23,030 --> 01:40:22,480

then a scientist is going to scoff at

2864

01:40:24,070 --> 01:40:23,040

you

2865

01:40:25,990 --> 01:40:24,080

i mean there's going to be scientists

2866

01:40:27,669 --> 01:40:26,000

that are interested in trying to find

2867

01:40:28,629 --> 01:40:27,679

the compelling data to make the rest of

2868

01:40:33,030 --> 01:40:28,639

the scientists

2869

01:40:34,629 --> 01:40:33,040

happy but with just empirical evidence

2870

01:40:36,070 --> 01:40:34,639

then there's not a scientist on this

2871

01:40:38,310 --> 01:40:36,080

planet that you can expect

2872

01:40:39,750 --> 01:40:38,320

not to just say okay well that's a cool

2873

01:40:42,629 --> 01:40:39,760

theory

2874

01:40:43,910 --> 01:40:42,639

but it doesn't explain what you saw you

2875

01:40:45,590 --> 01:40:43,920

know i mean if somebody came out

2876

01:40:48,629 --> 01:40:45,600

tomorrow and said

2877

01:40:49,350 --> 01:40:48,639

definitely 100 project bluebeam well

2878

01:40:51,590 --> 01:40:49,360

that's just

2879

01:40:53,270 --> 01:40:51,600

that's a that's a mythical thing you

2880

01:40:55,669 --> 01:40:53,280

know it's hard for me to even

2881

01:40:57,510 --> 01:40:55,679

respond to that because there's zero

2882

01:40:58,550 --> 01:40:57,520

proof that it exists

2883

01:41:00,070 --> 01:40:58,560

you know so i'm gonna be like neil

2884

01:41:02,070 --> 01:41:00,080

degrasse tyson when somebody comes at me

2885

01:41:03,910 --> 01:41:02,080

with bluebeam i'm like okay well

2886

01:41:05,189 --> 01:41:03,920

show me the company that's developing it

2887

01:41:06,709 --> 01:41:05,199

show me the the

2888

01:41:09,350 --> 01:41:06,719

show me the platform at which it's

2889

01:41:12,470 --> 01:41:09,360

working show me it's you know not just a

2890

01:41:13,910 --> 01:41:12,480

cgi generated [h\_\_h] on youtube you

2891

01:41:17,430 --> 01:41:13,920

know

2892

01:41:20,149 --> 01:41:17,440

um when we could show them the proof

2893

01:41:21,030 --> 01:41:20,159

i'll be more critical of scientists but

2894

01:41:23,510 --> 01:41:21,040

until then

2895

01:41:24,229 --> 01:41:23,520

you know bring the skeptics on bring

2896

01:41:26,870 --> 01:41:24,239

them

2897

01:41:27,910 --> 01:41:26,880

come and come ask us questions come

2898

01:41:30,709 --> 01:41:27,920

study with us

2899

01:41:32,149 --> 01:41:30,719

come try to find the answers with us and

2900

01:41:33,910 --> 01:41:32,159

you know

2901

01:41:35,510 --> 01:41:33,920

leave the attitude at the door and i

2902

01:41:37,510 --> 01:41:35,520

just want to say i was uh

2903

01:41:38,950 --> 01:41:37,520

featured in a french magazine at one

2904

01:41:42,149 --> 01:41:38,960

point and

2905

01:41:43,990 --> 01:41:42,159

uh my three-page article was before his

2906

01:41:47,990 --> 01:41:44,000

two-page article that's neil degrasse

2907

01:41:52,550 --> 01:41:50,470

i love it i love that that's awesome man

2908

01:41:54,550 --> 01:41:52,560

and you bring up another good point like

2909

01:41:56,470 --> 01:41:54,560

for scientists they are all about data

2910

01:41:59,270 --> 01:41:56,480

and all about repeatability

2911

01:42:00,390 --> 01:41:59,280

which is the last thing we have in the

2912

01:42:02,470 --> 01:42:00,400

ufo world

2913

01:42:04,790 --> 01:42:02,480

usually these things zip in and out and

2914

01:42:05,910 --> 01:42:04,800

it's gone so like what is there left to

2915

01:42:07,669 --> 01:42:05,920

really study

2916

01:42:09,430 --> 01:42:07,679

so i completely understand that they're

2917

01:42:11,350 --> 01:42:09,440

working with very limited

2918

01:42:13,030 --> 01:42:11,360

evidence and data so of course they're

2919

01:42:15,270 --> 01:42:13,040

not going to fully be able to

2920

01:42:16,070 --> 01:42:15,280

explain something away or explain

2921

01:42:18,390 --> 01:42:16,080

something

2922

01:42:20,070 --> 01:42:18,400

um matthew what do you think man my big

2923

01:42:21,830 --> 01:42:20,080

problem with skeptics

2924

01:42:23,350 --> 01:42:21,840

uh and a lot of these people that call

2925

01:42:25,750 --> 01:42:23,360

themselves scientists

2926

01:42:28,709 --> 01:42:25,760

is that uh there are too many of them

2927

01:42:31,910 --> 01:42:28,719

that are practicing religion

2928

01:42:34,310 --> 01:42:31,920

they will look at this and they will say

2929

01:42:36,390 --> 01:42:34,320

that doesn't fit my world view i'm not

2930

01:42:38,950 --> 01:42:36,400

going to touch it

2931

01:42:40,870 --> 01:42:38,960

and that is more often than not that's

2932

01:42:42,629 --> 01:42:40,880

the case

2933

01:42:44,709 --> 01:42:42,639

because if you really look at all of the

2934

01:42:47,590 --> 01:42:44,719

evidence that's out there

2935

01:42:48,550 --> 01:42:47,600

um i mean we've convicted people of

2936

01:42:51,430 --> 01:42:48,560

murder

2937

01:42:52,470 --> 01:42:51,440

uh on less evidence than currently

2938

01:42:56,310 --> 01:42:52,480

exists today

2939

01:42:57,270 --> 01:42:56,320

so um i don't understand what science is

2940

01:42:59,590 --> 01:42:57,280

waiting for

2941

01:43:01,910 --> 01:42:59,600

and and for people that that think the

2942

01:43:05,910 --> 01:43:01,920

scientific community

2943

01:43:06,950 --> 01:43:05,920

once uh this you know report comes out

2944

01:43:08,950 --> 01:43:06,960

whatever it says

2945

01:43:10,229 --> 01:43:08,960

is gonna come along and say oh wow you

2946

01:43:13,350 --> 01:43:10,239

know we are

2947

01:43:14,470 --> 01:43:13,360

we are all in now i i think the people

2948

01:43:18,149 --> 01:43:14,480

that think that

2949

01:43:21,510 --> 01:43:18,159

are um somewhat delusional

2950

01:43:22,629 --> 01:43:21,520

um because because that is exactly what

2951

01:43:26,149 --> 01:43:22,639

science is

2952

01:43:29,430 --> 01:43:26,159

a worldview

2953

01:43:31,430 --> 01:43:29,440

um and and what they don't understand

2954

01:43:34,229 --> 01:43:31,440

is that you know they'll point to

2955

01:43:37,109 --> 01:43:34,239

somebody like galileo and say

2956

01:43:39,030 --> 01:43:37,119

oh you know he he was a real scientist

2957

01:43:41,109 --> 01:43:39,040

he was trying to get people on board he

2958

01:43:43,669 --> 01:43:41,119

invited these people to come and

2959

01:43:44,790 --> 01:43:43,679

take a look through his telescope and

2960

01:43:45,830 --> 01:43:44,800

and they said oh i don't want to have

2961

01:43:49,830 --> 01:43:45,840

anything to do with that

2962

01:43:52,149 --> 01:43:49,840

that that's that's witchcraft you know

2963

01:43:53,270 --> 01:43:52,159

and and that's that's what's happening

2964

01:43:56,790 --> 01:43:53,280

here today

2965

01:43:59,910 --> 01:43:56,800

right now um they are being invited to

2966

01:44:02,070 --> 01:43:59,920

take a look through galileo's telescope

2967

01:44:03,750 --> 01:44:02,080

and they don't want anything to do with

2968

01:44:06,149 --> 01:44:03,760

that witchcraft

2969

01:44:06,790 --> 01:44:06,159

um and and that's that's the reality of

2970

01:44:10,070 --> 01:44:06,800

what's

2971

01:44:13,430 --> 01:44:10,080

happening and it's very unfortunate

2972

01:44:15,189 --> 01:44:13,440

uh i i think even even if

2973

01:44:16,470 --> 01:44:15,199

you know the government comes out and

2974

01:44:19,669 --> 01:44:16,480

says you know

2975

01:44:21,750 --> 01:44:19,679

non-humans aliens whatever uh

2976

01:44:24,550 --> 01:44:21,760

the scientific community is going to lag

2977

01:44:26,390 --> 01:44:24,560

behind on that a good 30 or 40 years

2978

01:44:27,669 --> 01:44:26,400

uh and i think that that's what we

2979

01:44:29,830 --> 01:44:27,679

should expect

2980

01:44:31,590 --> 01:44:29,840

before we go i know you guys you know

2981

01:44:34,709 --> 01:44:31,600

this isn't just one event

2982

01:44:35,430 --> 01:44:34,719

and then game over like you've solved

2983

01:44:37,430 --> 01:44:35,440

everything

2984

01:44:39,109 --> 01:44:37,440

we're clearly not there yet who knows if

2985

01:44:41,830 --> 01:44:39,119

we will be but um

2986

01:44:43,510 --> 01:44:41,840

let's talk a little about the future um

2987

01:44:44,070 --> 01:44:43,520

matt tell us a little bit about your

2988

01:44:46,629 --> 01:44:44,080

book

2989

01:44:48,070 --> 01:44:46,639

and um where people can find it and if

2990

01:44:49,990 --> 01:44:48,080

they want to reach out to you would you

2991

01:44:53,109 --> 01:44:50,000

mind sharing that with us

2992

01:44:54,070 --> 01:44:53,119

um yeah so i've got my email posted on

2993

01:44:57,430 --> 01:44:54,080

facebook

2994

01:45:01,350 --> 01:44:57,440

um anybody can contact me uh and i

2995

01:45:04,470 --> 01:45:01,360

return all emails eventually um

2996

01:45:05,350 --> 01:45:04,480

so uh my book is just about what

2997

01:45:08,310 --> 01:45:05,360

happened to me

2998

01:45:09,430 --> 01:45:08,320

after i left uh the theodore roosevelt

2999

01:45:11,189 --> 01:45:09,440

and just after i

3000

01:45:13,109 --> 01:45:11,199

started working at the office of naval

3001

01:45:15,109 --> 01:45:13,119

intelligence um

3002

01:45:17,669 --> 01:45:15,119

and something that i will say about it

3003

01:45:19,350 --> 01:45:17,679

is that um

3004

01:45:21,990 --> 01:45:19,360

obviously you've heard me in this

3005

01:45:25,189 --> 01:45:22,000

conversation i'm not crazy

3006

01:45:28,709 --> 01:45:25,199

you know i'm not a lunatic uh

3007

01:45:32,229 --> 01:45:28,719

i'm i'm very level-headed

3008

01:45:35,430 --> 01:45:32,239

and throughout my experiences

3009

01:45:39,430 --> 01:45:35,440

uh i kept that same level-headedness

3010

01:45:41,910 --> 01:45:39,440

um i used my training as an analyst

3011

01:45:43,510 --> 01:45:41,920

um just like i talked about how with

3012

01:45:45,270 --> 01:45:43,520

skinwalker ranch

3013

01:45:48,709 --> 01:45:45,280

and and the hunt for the skinwalker and

3014

01:45:51,830 --> 01:45:48,719

colin kelleher i kind of drilled down

3015

01:45:54,070 --> 01:45:51,840

on what i knew you know and then

3016

01:45:55,910 --> 01:45:54,080

so but but within my experiences i kept

3017

01:45:58,950 --> 01:45:55,920

having these things that would happen

3018

01:45:59,430 --> 01:45:58,960

and i would drill down on those and and

3019

01:46:03,669 --> 01:45:59,440

it got

3020

01:46:09,109 --> 01:46:03,679

very very strange uh very strange

3021

01:46:11,510 --> 01:46:09,119

um and i i arrived at some kind of truth

3022

01:46:13,270 --> 01:46:11,520

uh as a result of my experiences and

3023

01:46:15,189 --> 01:46:13,280

that's what my book is about

3024

01:46:16,790 --> 01:46:15,199

it's available on amazon it's only

3025

01:46:17,910 --> 01:46:16,800

available on amazon because i had to

3026

01:46:20,390 --> 01:46:17,920

self-publish

3027

01:46:21,669 --> 01:46:20,400

because nobody knows or cares who i am

3028

01:46:24,390 --> 01:46:21,679

so

3029

01:46:26,390 --> 01:46:24,400

that was the only way i could do it yeah

3030

01:46:27,990 --> 01:46:26,400

that's not true brother and i will say

3031

01:46:30,709 --> 01:46:28,000

for an independently uh

3032

01:46:32,870 --> 01:46:30,719

published book it looks gorgeous and i

3033

01:46:34,790 --> 01:46:32,880

myself still have to read it so

3034

01:46:36,070 --> 01:46:34,800

i'm really looking forward to that man

3035

01:46:39,830 --> 01:46:36,080

but jason gary

3036

01:46:42,629 --> 01:46:39,840

tell us all about uap expedition

3037

01:46:43,430 --> 01:46:42,639

what you guys plan on doing and um yeah

3038

01:46:47,189 --> 01:46:43,440

what's the next

3039

01:46:50,149 --> 01:46:47,199

chapter in your search for the truth

3040

01:46:52,070 --> 01:46:50,159

all right um so we can't talk about

3041

01:46:56,470 --> 01:46:52,080

anything

3042

01:46:57,350 --> 01:46:56,480

no comments spoken like a true military

3043

01:46:59,990 --> 01:46:57,360

guy

3044

01:47:01,030 --> 01:47:00,000

uh so uh we decided to start a company

3045

01:47:03,510 --> 01:47:01,040

called uap

3046

01:47:05,030 --> 01:47:03,520

expeditions because we really wanted to

3047

01:47:08,629 --> 01:47:05,040

go back out

3048

01:47:10,390 --> 01:47:08,639

and uh try to replicate the data that we

3049

01:47:14,310 --> 01:47:10,400

lost to the government

3050

01:47:16,310 --> 01:47:14,320

and i say that exactly the way i mean it

3051  
01:47:18,550 --> 01:47:16,320  
the government has all of this metadata

3052  
01:47:20,790 --> 01:47:18,560  
even if they don't know what they are

3053  
01:47:22,070 --> 01:47:20,800  
they have videos they have thermal

3054  
01:47:25,430 --> 01:47:22,080  
videos they've got

3055  
01:47:28,550 --> 01:47:25,440  
radar data they've got um you know just

3056  
01:47:30,709 --> 01:47:28,560  
high resolution visual data and i mean

3057  
01:47:32,310 --> 01:47:30,719  
you can't tell me that all of these jets

3058  
01:47:34,149 --> 01:47:32,320  
that are incurring these things

3059  
01:47:35,510 --> 01:47:34,159  
aren't carrying cameras they're not

3060  
01:47:37,270 --> 01:47:35,520  
carrying information

3061  
01:47:38,550 --> 01:47:37,280  
they're not carrying sensors we don't we

3062  
01:47:40,149 --> 01:47:38,560  
don't have hot guys

3063  
01:47:41,669 --> 01:47:40,159

picking this stuff up all the time and

3064

01:47:44,550 --> 01:47:41,679

getting em data

3065

01:47:46,390 --> 01:47:44,560

you know so we're taking it on ourselves

3066

01:47:48,950 --> 01:47:46,400

to go find that information out

3067

01:47:50,709 --> 01:47:48,960

ourselves the literally the only thing

3068

01:47:53,109 --> 01:47:50,719

we won't be able to catch ourselves

3069

01:47:54,229 --> 01:47:53,119

is you know we won't have a phaseraid

3070

01:47:57,750 --> 01:47:54,239

antenna

3071

01:48:02,310 --> 01:47:57,760

or a phaseraid radar to actually use

3072

01:48:04,870 --> 01:48:02,320

but i'm even working on that so

3073

01:48:06,629 --> 01:48:04,880

someday we will have even a phaser rate

3074

01:48:09,189 --> 01:48:06,639

antenna to

3075

01:48:10,149 --> 01:48:09,199

check out radar returns with because

3076

01:48:13,669 --> 01:48:10,159

luckily for us

3077

01:48:16,310 --> 01:48:13,679

the technology actually is aging so

3078

01:48:17,189 --> 01:48:16,320

um and if you go to uh the uh the

3079

01:48:20,149 --> 01:48:17,199

raytheon

3080

01:48:21,109 --> 01:48:20,159

site uh they actually talk about our

3081

01:48:23,990 --> 01:48:21,119

encounter and how

3082

01:48:25,030 --> 01:48:24,000

they tracked ufos so you know they're

3083

01:48:26,629 --> 01:48:25,040

they're they're pretty

3084

01:48:28,229 --> 01:48:26,639

you know they're pretty psyched about

3085

01:48:32,470 --> 01:48:28,239

you know using that as promotion

3086

01:48:35,430 --> 01:48:32,480

so um we've got a great team of

3087

01:48:38,830 --> 01:48:35,440

scientists and expats uh we've got uh

3088

01:48:42,790 --> 01:48:38,840

uh if you go to our website uh uap

3089

01:48:45,430 --> 01:48:42,800

expeditions.org um i'm sure ryan will be

3090

01:48:45,990 --> 01:48:45,440

a sweetheart and link that when in the

3091

01:48:50,790 --> 01:48:46,000

description

3092

01:48:54,550 --> 01:48:53,830

but we we have a lot of things going on

3093

01:48:57,030 --> 01:48:54,560

that we can

3094

01:48:57,590 --> 01:48:57,040

we can't discuss yet um like with all

3095

01:49:01,030 --> 01:48:57,600

plans

3096

01:49:02,470 --> 01:49:01,040

you can't really you know give anybody

3097

01:49:03,910 --> 01:49:02,480

the meat and potatoes until you

3098

01:49:05,510 --> 01:49:03,920

actually have meat and potatoes to give

3099

01:49:07,669 --> 01:49:05,520

them um

3100

01:49:09,350 --> 01:49:07,679

so we can't feed you yet but we're

3101

01:49:11,990 --> 01:49:09,360

preparing the meal

3102

01:49:12,629 --> 01:49:12,000

so stand by to stand by as we say in the

3103

01:49:16,470 --> 01:49:12,639

service

3104

01:49:18,790 --> 01:49:16,480

and uh yep yeah

3105

01:49:20,550 --> 01:49:18,800

and i hope that uh i hope everybody is

3106

01:49:22,470 --> 01:49:20,560

eventually happy with the company

3107

01:49:24,709 --> 01:49:22,480

that we are developing because

3108

01:49:25,030 --> 01:49:24,719

eventually i want to have a company that

3109

01:49:28,709 --> 01:49:25,040

is

3110

01:49:30,950 --> 01:49:28,719

basically

3111

01:49:32,790 --> 01:49:30,960

other people you know say well well what

3112

01:49:34,790 --> 01:49:32,800

did uapx say about that

3113

01:49:36,149 --> 01:49:34,800

you know and that's that's that's that's

3114

01:49:37,669 --> 01:49:36,159

the statement

3115

01:49:39,030 --> 01:49:37,679

that i want people to have you know

3116

01:49:39,830 --> 01:49:39,040

that's why i have people like kevin

3117

01:49:41,669 --> 01:49:39,840

knits

3118

01:49:43,030 --> 01:49:41,679

who can you th on our staff you know

3119

01:49:46,070 --> 01:49:43,040

this guy's a brilliant

3120

01:49:46,870 --> 01:49:46,080

phd a brilliant scientist does a lot of

3121

01:49:49,350 --> 01:49:46,880

side work

3122

01:49:50,149 --> 01:49:49,360

a lot of he does a lot of lectures on uh

3123

01:49:53,270 --> 01:49:50,159

you know

3124

01:49:56,149 --> 01:49:53,280

how interstellar travel works how

3125

01:49:57,669 --> 01:49:56,159

you know the possibilities of life and

3126

01:49:59,589 --> 01:49:57,679

you know things like that and

3127

01:50:01,350 --> 01:49:59,599

you know i've been had the privilege of

3128

01:50:04,310 --> 01:50:01,360

having him

3129

01:50:05,910 --> 01:50:04,320

people like chris altman uh david mason

3130

01:50:07,669 --> 01:50:05,920

tell you what every every time i get

3131

01:50:09,830 --> 01:50:07,679

into a meeting with these guys

3132

01:50:11,270 --> 01:50:09,840

and you know i'm telling him the things

3133

01:50:13,510 --> 01:50:11,280

that we're going to be doing

3134

01:50:15,189 --> 01:50:13,520

and they're giving me feedback and we're

3135

01:50:16,310 --> 01:50:15,199

trying to make these plans and stuff

3136

01:50:18,229 --> 01:50:16,320

like that

3137

01:50:21,589 --> 01:50:18,239

it's like after the meetings i always

3138

01:50:21,599 --> 01:50:25,990

listen to me

3139

01:50:30,149 --> 01:50:27,990

i mean these guys it's just so amazing

3140

01:50:34,310 --> 01:50:30,159

to have a team like this so it's uh

3141

01:50:35,990 --> 01:50:34,320

you know i i really

3142

01:50:38,470 --> 01:50:36,000

well the one thing i can guarantee

3143

01:50:40,149 --> 01:50:38,480

everybody right now is no matter what my

3144

01:50:43,510 --> 01:50:40,159

team is no matter what

3145

01:50:44,790 --> 01:50:43,520

the group ends up this company's never

3146

01:50:46,790 --> 01:50:44,800

going to go away

3147

01:50:48,709 --> 01:50:46,800

i don't care if we end up just a cracker

3148

01:50:49,589 --> 01:50:48,719

jack company just you know walking out

3149

01:50:51,430 --> 01:50:49,599

with a camera

3150

01:50:52,709 --> 01:50:51,440

every every weekend trying to figure out

3151

01:50:54,229 --> 01:50:52,719

exactly what's going on

3152

01:50:56,550 --> 01:50:54,239

we're going to continue i'm going to

3153

01:50:58,470 --> 01:50:56,560

keep you know for every person i lose i

3154

01:51:01,830 --> 01:50:58,480

will recruit another person

3155

01:51:07,270 --> 01:51:01,840

and my team is very valuable to me

3156

01:51:10,950 --> 01:51:07,280

i consider everybody on my team to be

3157

01:51:13,109 --> 01:51:10,960

not quite family yet but

3158

01:51:14,470 --> 01:51:13,119

you know i'm responsible for these

3159

01:51:18,390 --> 01:51:14,480

people and

3160

01:51:20,470 --> 01:51:18,400

i want to grow a community

3161

01:51:22,070 --> 01:51:20,480

now i'm going to reach out to other

3162

01:51:24,550 --> 01:51:22,080

organizations

3163

01:51:26,390 --> 01:51:24,560

um i don't see any competitors in this

3164

01:51:28,149 --> 01:51:26,400

field i only see other people that are

3165

01:51:31,270 --> 01:51:28,159

helping with the research

3166

01:51:33,750 --> 01:51:31,280

um kind of like i saw a uh

3167

01:51:35,510 --> 01:51:33,760

a facebook meme that you know you can't

3168

01:51:39,189 --> 01:51:35,520

beat me because i hope you win

3169

01:51:41,109 --> 01:51:39,199

you know and you know i i i thought it

3170

01:51:41,750 --> 01:51:41,119

was very profound and i really enjoyed

3171

01:51:45,189 --> 01:51:41,760

it so

3172

01:51:47,189 --> 01:51:45,199

you know i invite formerly anybody

3173

01:51:49,990 --> 01:51:47,199

that has an organization that is a

3174

01:51:53,109 --> 01:51:50,000

scientist that has any interest in this

3175

01:51:55,669 --> 01:51:53,119

you know even if you can't be a direct

3176  
01:51:57,350 --> 01:51:55,679  
part of our company uh you know we're

3177  
01:51:59,430 --> 01:51:57,360  
gonna need people to

3178  
01:52:02,310 --> 01:51:59,440  
proof our work we're gonna need people

3179  
01:52:04,310 --> 01:52:02,320  
to you know uh

3180  
01:52:06,310 --> 01:52:04,320  
when when when our scientists actually

3181  
01:52:08,310 --> 01:52:06,320  
write papers on our on

3182  
01:52:09,990 --> 01:52:08,320  
on whatever data we find you know we're

3183  
01:52:10,470 --> 01:52:10,000  
going to need people to replicate that

3184  
01:52:13,589 --> 01:52:10,480  
data

3185  
01:52:16,310 --> 01:52:13,599  
so you know i invite the entire world

3186  
01:52:18,709 --> 01:52:16,320  
and the community to

3187  
01:52:21,030 --> 01:52:18,719  
utilize us you know because once we're

3188  
01:52:22,470 --> 01:52:21,040

done with everything that we do

3189

01:52:24,310 --> 01:52:22,480

everything is going to be public we're

3190

01:52:25,510 --> 01:52:24,320

going to give out all of the information

3191

01:52:29,030 --> 01:52:25,520

we're not going to hold back

3192

01:52:30,310 --> 01:52:29,040

anything and

3193

01:52:32,070 --> 01:52:30,320

there may be a period of time that

3194

01:52:33,510 --> 01:52:32,080

you're going to have to wait for it

3195

01:52:35,270 --> 01:52:33,520

but once you get it there isn't going to

3196

01:52:37,109 --> 01:52:35,280

be this at noon

3197

01:52:38,470 --> 01:52:37,119

i'm going to drop something that's going

3198

01:52:40,149 --> 01:52:38,480

to blow your mind

3199

01:52:41,750 --> 01:52:40,159

no it's going to be like i'm sorry guys

3200

01:52:42,390 --> 01:52:41,760

it took us so long to go through this

3201  
01:52:45,270 --> 01:52:42,400  
billion

3202  
01:52:46,550 --> 01:52:45,280  
hours of data but this is the good stuff

3203  
01:52:50,950 --> 01:52:46,560  
now here's the bad

3204  
01:52:54,629 --> 01:52:53,030  
yeah we're going to be that boring and i

3205  
01:52:56,310 --> 01:52:54,639  
i hope that people can at least find

3206  
01:52:57,430 --> 01:52:56,320  
that refreshing that the only thing

3207  
01:52:57,990 --> 01:52:57,440  
they're going to have to wait for is at

3208  
01:53:01,109 --> 01:52:58,000  
least us

3209  
01:53:03,910 --> 01:53:01,119  
to go through the data something

3210  
01:53:05,510 --> 01:53:03,920  
something i'd like to add to that um on

3211  
01:53:08,229 --> 01:53:05,520  
the personal side of this

3212  
01:53:09,669 --> 01:53:08,239  
the whole you know that there are other

3213  
01:53:11,350 --> 01:53:09,679

organizations out there that are

3214

01:53:14,070 --> 01:53:11,360

collecting data currently

3215

01:53:14,709 --> 01:53:14,080

and i think um again we need to we need

3216

01:53:18,310 --> 01:53:14,719

to set our

3217

01:53:20,229 --> 01:53:18,320

our our pride aside and we've all got to

3218

01:53:21,430 --> 01:53:20,239

you know because it you could be

3219

01:53:23,030 --> 01:53:21,440

collecting one thing i could be

3220

01:53:25,030 --> 01:53:23,040

collecting another

3221

01:53:26,550 --> 01:53:25,040

but we're not sharing that information

3222

01:53:28,390 --> 01:53:26,560

you know yeah that's what

3223

01:53:29,990 --> 01:53:28,400

that's where things really need to start

3224

01:53:32,470 --> 01:53:30,000

changing within the community

3225

01:53:33,750 --> 01:53:32,480

is you know you've got people hoarding

3226

01:53:36,870 --> 01:53:33,760

information

3227

01:53:39,510 --> 01:53:36,880

for themselves um and i

3228

01:53:40,390 --> 01:53:39,520

i get it i get it you know some people

3229

01:53:42,790 --> 01:53:40,400

are money driven

3230

01:53:43,750 --> 01:53:42,800

and things are gonna at the end of the

3231

01:53:47,589 --> 01:53:43,760

day

3232

01:53:50,790 --> 01:53:47,599

we've got to work together because

3233

01:53:52,229 --> 01:53:50,800

we're not gonna get that help from

3234

01:53:55,589 --> 01:53:52,239

outside sources

3235

01:53:58,709 --> 01:53:55,599

to really have a true and meaningful

3236

01:54:00,790 --> 01:53:58,719

um opportunity

3237

01:54:03,189 --> 01:54:00,800

if we don't do it together you know and

3238

01:54:06,950 --> 01:54:03,199

that's i think that's something that

3239

01:54:07,990 --> 01:54:06,960

you know again it goes back to pride you

3240

01:54:10,310 --> 01:54:08,000

know you've got to set your

3241

01:54:11,990 --> 01:54:10,320

pride aside at times and say look okay

3242

01:54:13,430 --> 01:54:12,000

here's the information i have

3243

01:54:15,030 --> 01:54:13,440

i think it's going to go good with the

3244

01:54:16,629 --> 01:54:15,040

data that you currently have and we've

3245

01:54:18,870 --> 01:54:16,639

got to be able to

3246

01:54:20,310 --> 01:54:18,880

combine these things together you know

3247

01:54:22,470 --> 01:54:20,320

because we're

3248

01:54:24,950 --> 01:54:22,480

at the end of the day we're all trying

3249

01:54:26,629 --> 01:54:24,960

to reach the same goal

3250

01:54:28,149 --> 01:54:26,639

it's just maybe some of us are taking

3251

01:54:29,109 --> 01:54:28,159

different routes to get there and that's

3252

01:54:31,750 --> 01:54:29,119

okay

3253

01:54:32,470 --> 01:54:31,760

you know and your route may be the

3254

01:54:34,709 --> 01:54:32,480

better route

3255

01:54:36,149 --> 01:54:34,719

and that to me that's okay good you know

3256

01:54:38,709 --> 01:54:36,159

if that's working

3257

01:54:40,149 --> 01:54:38,719

continue making it work and for us we're

3258

01:54:41,589 --> 01:54:40,159

going to continue doing what we do and

3259

01:54:43,830 --> 01:54:41,599

improve ourselves

3260

01:54:44,870 --> 01:54:43,840

so that when you have some information

3261

01:54:47,109 --> 01:54:44,880

that drops

3262

01:54:48,830 --> 01:54:47,119

we've got core you know collaborative

3263

01:54:51,430 --> 01:54:48,840

data that can say hey

3264

01:54:52,390 --> 01:54:51,440

i wholeheartedly agree with what they're

3265

01:54:55,109 --> 01:54:52,400

saying right now

3266

01:54:56,709 --> 01:54:55,119

because here's what i have you know and

3267

01:54:58,790 --> 01:54:56,719

if we can't work together like this

3268

01:55:01,990 --> 01:54:58,800

we're never going to see

3269

01:55:04,229 --> 01:55:02,000

true and meaningful um disclosure

3270

01:55:06,310 --> 01:55:04,239

we're never going to see true meaningful

3271

01:55:11,030 --> 01:55:06,320

information that comes across

3272

01:55:14,310 --> 01:55:11,040

to to to to paint this big broad picture

3273

01:55:16,229 --> 01:55:14,320

so at the end of the day

3274

01:55:17,750 --> 01:55:16,239

you know i'm happy that there are people

3275

01:55:18,470 --> 01:55:17,760

out there that are that are collecting

3276

01:55:21,830 --> 01:55:18,480

data

3277

01:55:22,229 --> 01:55:21,840

currently um but there's gonna come a

3278

01:55:24,229 --> 01:55:22,239

time

3279

01:55:25,589 --> 01:55:24,239

where we've got to share our information

3280

01:55:28,390 --> 01:55:25,599

with each other

3281

01:55:30,709 --> 01:55:28,400

uh you know so i'm gonna put that on the

3282

01:55:33,910 --> 01:55:30,719

table i'm gonna challenge the other

3283

01:55:36,149 --> 01:55:33,920

organizations out there do it

3284

01:55:38,070 --> 01:55:36,159

now with saying that though you know we

3285

01:55:40,149 --> 01:55:38,080

don't expect anybody to share

3286

01:55:41,430 --> 01:55:40,159

anything with us until we have something

3287

01:55:42,950 --> 01:55:41,440

to share with them correct

3288

01:55:45,350 --> 01:55:42,960

you know we we don't want to come at you

3289

01:55:48,390 --> 01:55:45,360

like hey man uh give us what you got

3290

01:55:49,990 --> 01:55:48,400

yes yeah we don't you got anything good

3291

01:55:51,350 --> 01:55:50,000

you know no we're not going to run into

3292

01:55:52,229 --> 01:55:51,360

it and run out there with like

3293

01:55:56,390 --> 01:55:52,239

crackheads

3294

01:55:58,870 --> 01:55:56,400

but uh but

3295

01:56:00,470 --> 01:55:58,880

we will say that you know when we do

3296

01:56:03,990 --> 01:56:00,480

have stuff on the table

3297

01:56:05,109 --> 01:56:04,000

and we do are bringing some bacon in for

3298

01:56:07,750 --> 01:56:05,119

you to eat

3299

01:56:09,990 --> 01:56:07,760

you know please join our table and just

3300

01:56:11,750 --> 01:56:10,000

remember to

3301  
01:56:14,070 --> 01:56:11,760  
you know is it that you know everybody

3302  
01:56:16,709 --> 01:56:14,080  
had to bring a dish

3303  
01:56:17,350 --> 01:56:16,719  
bring the coffee i love it yeah no

3304  
01:56:19,669 --> 01:56:17,360  
that's

3305  
01:56:21,189 --> 01:56:19,679  
yeah sorry gary oh uh and then i just

3306  
01:56:23,030 --> 01:56:21,199  
want to make a special mention

3307  
01:56:24,390 --> 01:56:23,040  
jason show that that symbol on your

3308  
01:56:26,830 --> 01:56:24,400  
shirt there real quick

3309  
01:56:28,310 --> 01:56:26,840  
all right so this is our our uh our new

3310  
01:56:30,229 --> 01:56:28,320  
trademark and

3311  
01:56:31,830 --> 01:56:30,239  
i want to thank mary kennedy for for

3312  
01:56:34,149 --> 01:56:31,840  
coming up with that because

3313  
01:56:35,589 --> 01:56:34,159

this poor lady has had to deal with me

3314

01:56:36,149 --> 01:56:35,599

and i'm like look i need something

3315

01:56:37,750 --> 01:56:36,159

simple

3316

01:56:39,589 --> 01:56:37,760

i need something that people can just

3317

01:56:42,229 --> 01:56:39,599

see and understand who it is

3318

01:56:43,830 --> 01:56:42,239

and i need it yesterday and she did it

3319

01:56:47,030 --> 01:56:43,840

completely free of charge

3320

01:56:48,790 --> 01:56:47,040

on her own free time and you know didn't

3321

01:56:50,629 --> 01:56:48,800

didn't charge us a dime for it

3322

01:56:53,189 --> 01:56:50,639

um if you ever want to see any type of

3323

01:56:55,669 --> 01:56:53,199

graphic design or anything like that

3324

01:56:56,229 --> 01:56:55,679

there's a link on our webpage for her um

3325

01:56:58,149 --> 01:56:56,239

but

3326

01:56:59,910 --> 01:56:58,159

yeah i thought the thing looks sharp and

3327

01:57:01,669 --> 01:56:59,920

i love our new design

3328

01:57:03,189 --> 01:57:01,679

so it's it's a i had to say something

3329

01:57:06,550 --> 01:57:03,199

about it

3330

01:57:09,030 --> 01:57:06,560

it looks good yeah go ahead

3331

01:57:11,350 --> 01:57:09,040

oh i was gonna say right after this i'm

3332

01:57:13,510 --> 01:57:11,360

getting matt's [\h\_\_\h] and i'm getting that

3333

01:57:14,950 --> 01:57:13,520

that polo right there that jason's

3334

01:57:17,030 --> 01:57:14,960

rocking for sure

3335

01:57:18,950 --> 01:57:17,040

oh good luck that's limited edition we

3336

01:57:23,510 --> 01:57:18,960

don't have swag yet

3337

01:57:27,109 --> 01:57:24,870

i think i think we might be arraigned

3338

01:57:30,310 --> 01:57:27,119

3339

01:57:33,350 --> 01:57:30,320

instagram

3351

01:58:02,629 --> 01:58:00,719

uh on facebook though my first page is

3352

01:58:07,430 --> 01:58:02,639

private to only people that i know

3353

01:58:10,470 --> 01:58:07,440

personally um you're welcome ryan

3354

01:58:11,430 --> 01:58:10,480

but uh but you can you can contact me

3355

01:58:13,750 --> 01:58:11,440

via messenger

3356

01:58:16,229 --> 01:58:13,760

you can contact me via twitter i stay

3357

01:58:18,070 --> 01:58:16,239

pretty active on twitter i might go

3358

01:58:19,589 --> 01:58:18,080

dark for a couple of days at a time

3359

01:58:22,470 --> 01:58:19,599

maybe a couple weeks but

3360

01:58:23,910 --> 01:58:22,480

i'll always be back um and then of

3361

01:58:27,430 --> 01:58:23,920

course you got instagram

3362

01:58:30,390 --> 01:58:27,440

and you know uh mewi i'm on mewi also

3363

01:58:31,109 --> 01:58:30,400

and pretty much any format you could

3364

01:58:32,870 --> 01:58:31,119

think of

3365

01:58:34,390 --> 01:58:32,880

i probably have some type of profile

3366

01:58:37,109 --> 01:58:34,400

that i check at least once a week

3367

01:58:39,109 --> 01:58:37,119

um like jason said you know it's very

3368

01:58:42,310 --> 01:58:39,119

important for us to keep

3369

01:58:43,109 --> 01:58:42,320

present and you know be able to engage

3370

01:58:44,950 --> 01:58:43,119

with people

3371

01:58:46,310 --> 01:58:44,960

so that they can actually understand

3372

01:58:48,709 --> 01:58:46,320

what at least

3373

01:58:49,510 --> 01:58:48,719

from you know what little we know you

3374

01:58:50,870 --> 01:58:49,520

know

3375

01:58:52,950 --> 01:58:50,880

so the only thing we really bring to the

3376

01:58:55,109 --> 01:58:52,960

table right now is just our experience

3377

01:58:56,790 --> 01:58:55,119

so we're happy to share that and

3378

01:58:57,910 --> 01:58:56,800

whatever technical knowledge we can

3379

01:58:59,910 --> 01:58:57,920

provide that doesn't

3380

01:59:01,270 --> 01:58:59,920

you know divulge any military secrets

3381

01:59:03,589 --> 01:59:01,280

you know so

3382

01:59:05,030 --> 01:59:03,599

i won't tell you how you can build a

3383

01:59:07,589 --> 01:59:05,040

spyware bravo radar

3384

01:59:09,270 --> 01:59:07,599

but i'll tell you it can do some cool

3385

01:59:11,990 --> 01:59:09,280

stuff

3386

01:59:13,830 --> 01:59:12,000

so fair enough brother thank you and

3387

01:59:15,990 --> 01:59:13,840

jason where can we find you man

3388

01:59:17,830 --> 01:59:16,000

uh you can catch me on twitter i'm i've

3389

01:59:19,830 --> 01:59:17,840

become a little more active on there

3390

01:59:22,629 --> 01:59:19,840

over the past couple of weeks that uh

3391

01:59:24,390 --> 01:59:22,639

it's at jason turner two the number two

3392

01:59:26,070 --> 01:59:24,400

or uh you can give me if you need to

3393

01:59:28,390 --> 01:59:26,080

email me or anything you have questions

3394

01:59:33,589 --> 01:59:28,400

i want to ask direct questions is jason

3395

01:59:36,310 --> 01:59:33,599

or turner at uap expedition.org

3396

01:59:37,270 --> 01:59:36,320

awesome well i'm gonna leave it at that

3397

01:59:40,070 --> 01:59:37,280

guys um

3398

01:59:40,870 --> 01:59:40,080

i can be found at somewhere skies on

3399

01:59:44,390 --> 01:59:40,880

twitter

3400

01:59:46,470 --> 01:59:44,400

somewhere in the skies.com uh but

3401

01:59:48,870 --> 01:59:46,480

first and foremost thank you for your

3402

01:59:50,550 --> 01:59:48,880

service thank you for having the courage

3403

01:59:52,229 --> 01:59:50,560

to come forward i know it couldn't have

3404

01:59:54,550 --> 01:59:52,239

been easy for any of you guys

3405

01:59:55,430 --> 01:59:54,560

it's not easy for us civilians even but

3406

01:59:58,310 --> 01:59:55,440

let alone

3407

02:00:00,149 --> 01:59:58,320

uh former navy servicemen i have to

3408

02:00:01,830 --> 02:00:00,159

thank you for everything you've done

3409

02:00:03,990 --> 02:00:01,840

on what you will continue to do and

3410

02:00:06,149 --> 02:00:04,000

trying to find answers to all of this

3411

02:00:07,750 --> 02:00:06,159

and you know i always say we may take

3412

02:00:10,950 --> 02:00:07,760

different paths but we're all

3413

02:00:13,830 --> 02:00:10,960

trying to find the same destination so

3414

02:00:15,030 --> 02:00:13,840

i think you guys are on different but

3415

02:00:16,709 --> 02:00:15,040

the right path

3416

02:00:19,189 --> 02:00:16,719

and that's what's most exciting about

3417

02:00:21,390 --> 02:00:19,199

this and uh thank you so

3418

02:00:24,830 --> 02:00:21,400

so much for joining me at this special

3419

02:01:04,020 --> 02:00:24,840
