

# SOMEWHERE IN THE SKIES

## SIX DEGREES OF GENERAL MCCASLAND

1  
00:00:07,749 --> 00:00:05,269  
tom delong

2  
00:00:08,870 --> 00:00:07,759  
co-founded one of the most popular bands

3  
00:00:12,390 --> 00:00:08,880  
of all time

4  
00:00:12,709 --> 00:00:12,400  
blink 182 along with his side projects

5  
00:00:15,669 --> 00:00:12,719  
of

6  
00:00:16,710 --> 00:00:15,679  
angels and airwaves and boxcar racer he

7  
00:00:19,029 --> 00:00:16,720  
was at the height

8  
00:00:20,150 --> 00:00:19,039  
of his musical career and then he

9  
00:00:23,269 --> 00:00:20,160  
decided to

10  
00:00:24,710 --> 00:00:23,279  
walk away from all of it in pursuit of

11  
00:00:27,670 --> 00:00:24,720  
something completely

12  
00:00:29,109 --> 00:00:27,680  
different here's tom delong during an

13  
00:00:31,029 --> 00:00:29,119

exclusive interview

14

00:00:32,630 --> 00:00:31,039

with jason mcclellan and maureen

15

00:00:35,590 --> 00:00:32,640

ellsberry on their hit

16

00:00:37,270 --> 00:00:35,600

web series spacing out one of my first

17

00:00:38,709 --> 00:00:37,280

memories is being in seventh grade where

18

00:00:40,549 --> 00:00:38,719

i was walking

19

00:00:41,910 --> 00:00:40,559

like an hour in junior high it's like

20

00:00:43,750 --> 00:00:41,920

the first you know

21

00:00:45,430 --> 00:00:43,760

school kind of system engineer high

22

00:00:47,029 --> 00:00:45,440

level where you get to walk between

23

00:00:49,270 --> 00:00:47,039

classes so you have a few minutes

24

00:00:50,950 --> 00:00:49,280

i for some reason had more than a few

25

00:00:52,069 --> 00:00:50,960

minutes so i had to go to the library

26

00:00:53,510 --> 00:00:52,079

and i was walking through this library

27

00:00:54,709 --> 00:00:53,520

and i didn't read books at all then you

28

00:00:55,750 --> 00:00:54,719

know in school i was like books who

29

00:00:57,510 --> 00:00:55,760

wants three books you know i'm

30

00:00:59,029 --> 00:00:57,520

skateboarding and stuff so i'm like well

31

00:01:00,709 --> 00:00:59,039

if i have to read a book right now

32

00:01:02,150 --> 00:01:00,719

uh i wonder if there's like any weird

33

00:01:04,149 --> 00:01:02,160

like ufo books

34

00:01:05,590 --> 00:01:04,159

and i don't even know why that came to

35

00:01:06,230 --> 00:01:05,600

my attention it was so odd because

36

00:01:07,670 --> 00:01:06,240

that's

37

00:01:09,429 --> 00:01:07,680

and all i found was a book that had

38

00:01:11,190 --> 00:01:09,439

something about one ufo and the loch

39

00:01:13,990 --> 00:01:11,200

ness monster but either way it was cool

40

00:01:15,670 --> 00:01:14,000

and it was in my school library

41

00:01:16,870 --> 00:01:15,680

and from that moment forward it really

42

00:01:18,870 --> 00:01:16,880

sparked my interest but it kind of

43

00:01:20,469 --> 00:01:18,880

there's a gap there

44

00:01:23,109 --> 00:01:20,479

until i was able to actually afford to

45

00:01:24,469 --> 00:01:23,119

buy a computer so computers were really

46

00:01:27,990 --> 00:01:24,479

happening

47

00:01:29,590 --> 00:01:28,000

um when i was 20 21 that's like the

48

00:01:31,270 --> 00:01:29,600

beginning of the 90s like

49

00:01:33,510 --> 00:01:31,280

bam things are happening with computers

50

00:01:35,109 --> 00:01:33,520

so i signed a record contract

51  
00:01:36,550 --> 00:01:35,119  
and got my first paycheck and the very

52  
00:01:37,270 --> 00:01:36,560  
first thing i did was i went out and

53  
00:01:38,950 --> 00:01:37,280  
bought this

54  
00:01:40,469 --> 00:01:38,960  
shitty like compact computer or

55  
00:01:43,830 --> 00:01:40,479  
something and uh

56  
00:01:45,190 --> 00:01:43,840  
i brought it home signed on and i think

57  
00:01:47,910 --> 00:01:45,200  
i just typed in like

58  
00:01:48,389 --> 00:01:47,920  
ufos or something or area 51 i don't

59  
00:01:51,670 --> 00:01:48,399  
even know

60  
00:01:53,830 --> 00:01:51,680  
there's the common term and at that time

61  
00:01:55,270 --> 00:01:53,840  
it popped up the desert rat papers do

62  
00:01:56,389 --> 00:01:55,280  
you remember the desert rat oh yeah yeah

63  
00:01:58,069 --> 00:01:56,399

i forgot his name

64

00:01:59,590 --> 00:01:58,079

uh gore i want to say gordon or

65

00:02:00,950 --> 00:01:59,600

something or i don't remember

66

00:02:03,030 --> 00:02:00,960

but it was it was the guy that lived in

67

00:02:05,350 --> 00:02:03,040

rachel nevada that just all he did

68

00:02:06,630 --> 00:02:05,360

was just blog and write about his

69

00:02:08,630 --> 00:02:06,640

ongoings at

70

00:02:10,469 --> 00:02:08,640

monitoring area 51 because at that point

71

00:02:12,070 --> 00:02:10,479

part of you know uh

72

00:02:14,229 --> 00:02:12,080

the one of the peaks looking in were

73

00:02:15,670 --> 00:02:14,239

free so the navy didn't really wrap up

74

00:02:18,229 --> 00:02:15,680

the entire mountain range

75

00:02:19,589 --> 00:02:18,239

one part of it was open so he was able

76

00:02:20,790 --> 00:02:19,599

to go in there and do some do some

77

00:02:22,229 --> 00:02:20,800

quality stuff and so

78

00:02:24,150 --> 00:02:22,239

i was instantly hooked i'm all this is

79

00:02:26,390 --> 00:02:24,160

like fiction but it's non-fiction

80

00:02:27,589 --> 00:02:26,400

it's even better de long would continue

81

00:02:30,869 --> 00:02:27,599

his pursuit

82

00:02:32,710 --> 00:02:30,879

digging deeper and deeper into ufos

83

00:02:34,470 --> 00:02:32,720

which would eventually lead to a series

84

00:02:38,309 --> 00:02:34,480

of secret meetings

85

00:02:39,990 --> 00:02:38,319

with high level government insiders

86

00:02:42,790 --> 00:02:40,000

first time i met with a government

87

00:02:46,150 --> 00:02:42,800

official it would have been in the back

88

00:02:49,670 --> 00:02:46,160

booth of a restaurant

89

00:02:53,030 --> 00:02:49,680

at an airport where i meet this

90

00:02:54,710 --> 00:02:53,040

this person he's a general and he walks

91

00:02:56,630 --> 00:02:54,720

me into this

92

00:02:58,390 --> 00:02:56,640

vacant area of an airport restaurant

93

00:03:00,550 --> 00:02:58,400

puts his briefcase down

94

00:03:02,390 --> 00:03:00,560

waiter comes over to take a drink and he

95

00:03:03,430 --> 00:03:02,400

puts his hand up and says we we're just

96

00:03:04,869 --> 00:03:03,440

having a conversation we don't need

97

00:03:06,949 --> 00:03:04,879

anything and the guy's all like

98

00:03:08,949 --> 00:03:06,959

okay fine then you know whatever he said

99

00:03:10,470 --> 00:03:08,959

walked away and then he looked me in the

100

00:03:12,790 --> 00:03:10,480

eyes and said

101

00:03:15,030 --> 00:03:12,800

it was the cold war and everything we

102

00:03:16,790 --> 00:03:15,040

did at the time was because nuclear

103

00:03:18,949 --> 00:03:16,800

war could break out any given day it was

104

00:03:21,750 --> 00:03:18,959

a very real palpable threat

105

00:03:23,270 --> 00:03:21,760

and somewhere in there we stumbled upon

106

00:03:26,149 --> 00:03:23,280

the ufo phenomenon

107

00:03:28,070 --> 00:03:26,159

and i remember right when he said that

108

00:03:30,149 --> 00:03:28,080

my heart just started beating like crazy

109

00:03:32,710 --> 00:03:30,159

in my chest i got all the chills

110

00:03:33,509 --> 00:03:32,720

and the next conversation that happened

111

00:03:35,910 --> 00:03:33,519

for an hour

112

00:03:37,350 --> 00:03:35,920

at that booth was extraordinary

113

00:03:39,509 --> 00:03:37,360

life-changing

114

00:03:40,789 --> 00:03:39,519  
and scary those meetings would

115

00:03:42,949 --> 00:03:40,799  
ultimately lead to an

116

00:03:44,550 --> 00:03:42,959  
advisory board that would eventually

117

00:03:47,430 --> 00:03:44,560  
make up to the stars

118

00:03:48,309 --> 00:03:47,440  
academy of arts and science the

119

00:03:50,309 --> 00:03:48,319  
organization

120

00:03:52,470 --> 00:03:50,319  
included an elite team of former

121

00:03:54,949 --> 00:03:52,480  
government and defense contractor

122

00:03:55,589 --> 00:03:54,959  
insiders who would work behind the

123

00:03:58,710 --> 00:03:55,599  
scenes

124

00:04:00,869 --> 00:03:58,720  
to socialize the topic of ufos and

125

00:04:02,710 --> 00:04:00,879  
persuade the government to reveal what

126  
00:04:05,509 --> 00:04:02,720  
it knows about them

127  
00:04:06,390 --> 00:04:05,519  
that team originally consisted of jim

128  
00:04:09,429 --> 00:04:06,400  
cemeven

129  
00:04:10,229 --> 00:04:09,439  
dr hal put off steve justice chris

130  
00:04:13,270 --> 00:04:10,239  
mellon

131  
00:04:14,949 --> 00:04:13,280  
and luis elizondo from there

132  
00:04:16,789 --> 00:04:14,959  
we would eventually learn of the one

133  
00:04:20,150 --> 00:04:16,799  
secret pentagon ufo

134  
00:04:20,710 --> 00:04:20,160  
program known as atip we'd see the now

135  
00:04:23,430 --> 00:04:20,720  
famous

136  
00:04:24,550 --> 00:04:23,440  
navy ufo videos shot off the west and

137  
00:04:26,629 --> 00:04:24,560  
east coasts

138  
00:04:29,110 --> 00:04:26,639

and officially acknowledged and released

139

00:04:31,430 --> 00:04:29,120

by the department of defense

140

00:04:33,189 --> 00:04:31,440

and then we'd see by request by the

141

00:04:35,990 --> 00:04:33,199

senate intelligence committee

142

00:04:37,030 --> 00:04:36,000

a preliminary assessment of the ufo

143

00:04:38,870 --> 00:04:37,040

phenomenon

144

00:04:40,950 --> 00:04:38,880

by the office of the director of

145

00:04:44,070 --> 00:04:40,960

national intelligence

146

00:04:44,710 --> 00:04:44,080

all of this in its weird and convoluted

147

00:04:47,749 --> 00:04:44,720

way

148

00:04:48,870 --> 00:04:47,759

traced back to tom delong but it also

149

00:04:51,990 --> 00:04:48,880

traced back

150

00:04:54,390 --> 00:04:52,000

to the meeting with whom tom would call

151  
00:04:56,629 --> 00:04:54,400  
the general who would allegedly set up

152  
00:04:59,189 --> 00:04:56,639  
de long's team of advisors

153  
00:04:59,990 --> 00:04:59,199  
and would lead de long down a path that

154  
00:05:04,310 --> 00:05:00,000  
is yet

155  
00:05:06,950 --> 00:05:04,320  
to be truly known in november of 2016

156  
00:05:08,390 --> 00:05:06,960  
wikileaks released a trove of emails

157  
00:05:10,629 --> 00:05:08,400  
from john podesta

158  
00:05:11,430 --> 00:05:10,639  
chair of hillary clinton's presidential

159  
00:05:14,710 --> 00:05:11,440  
campaign

160  
00:05:16,629 --> 00:05:14,720  
and by all accounts a huge advocate for

161  
00:05:18,950 --> 00:05:16,639  
ufo disclosure

162  
00:05:21,430 --> 00:05:18,960  
within those hacked emails or

163  
00:05:24,390 --> 00:05:21,440

correspondence between john podesta

164

00:05:25,029 --> 00:05:24,400

and none other than tom delong in the

165

00:05:26,950 --> 00:05:25,039

emails

166

00:05:28,150 --> 00:05:26,960

de long would explain his meetings with

167

00:05:30,870 --> 00:05:28,160

the general

168

00:05:32,710 --> 00:05:30,880

geelong would go so far as to name this

169

00:05:35,990 --> 00:05:32,720

general in the emails

170

00:05:39,350 --> 00:05:36,000

as one major general william neil

171

00:05:41,270 --> 00:05:39,360

mccaslin mccaslin's career

172

00:05:42,390 --> 00:05:41,280

is definitely one that many ufo

173

00:05:45,270 --> 00:05:42,400

researchers have

174

00:05:47,350 --> 00:05:45,280

looked into with a curious eye he

175

00:05:48,390 --> 00:05:47,360

retired from the u.s air force as a

176  
00:05:51,990 --> 00:05:48,400  
major general

177  
00:05:54,390 --> 00:05:52,000  
after a 34-year career he culminated

178  
00:05:56,550 --> 00:05:54,400  
his air force career as commander at the

179  
00:05:59,749 --> 00:05:56,560  
air force research laboratory

180  
00:06:03,350 --> 00:05:59,759  
at wright-patterson air force base

181  
00:06:06,710 --> 00:06:03,360  
where he led the usaf's 4 billion dollar

182  
00:06:07,110 --> 00:06:06,720  
science and technology program mccaslin

183  
00:06:10,150 --> 00:06:07,120  
is

184  
00:06:12,790 --> 00:06:10,160  
management

185  
00:06:14,469 --> 00:06:12,800  
and intelligence programs ranging from

186  
00:06:15,110 --> 00:06:14,479  
science and technology investment

187  
00:06:18,710 --> 00:06:15,120  
planning

188  
00:06:21,670 --> 00:06:18,720

to on-orbit space operations

189

00:06:22,469 --> 00:06:21,680

mccaslin holds a degree in aeronautical

190

00:06:25,590 --> 00:06:22,479

engineering

191

00:06:27,909 --> 00:06:25,600

from the u.s air force academy it would

192

00:06:28,870 --> 00:06:27,919

make logical sense for this to be not

193

00:06:31,350 --> 00:06:28,880

only the general

194

00:06:32,469 --> 00:06:31,360

in question but a chronological string

195

00:06:35,189 --> 00:06:32,479

of experience

196

00:06:36,710 --> 00:06:35,199

that would make mccasland a very

197

00:06:39,590 --> 00:06:36,720

powerful force

198

00:06:40,390 --> 00:06:39,600

in both the united states military and

199

00:06:42,790 --> 00:06:40,400

in possession

200

00:06:43,670 --> 00:06:42,800

of the highest security levels of

201  
00:06:47,029 --> 00:06:43,680  
information

202  
00:06:49,189 --> 00:06:47,039  
pertaining to ufos today

203  
00:06:50,150 --> 00:06:49,199  
we're joined by three guests who have

204  
00:06:53,110 --> 00:06:50,160  
looked heavily

205  
00:06:53,830 --> 00:06:53,120  
into what could be the impetus for

206  
00:06:56,390 --> 00:06:53,840  
everything

207  
00:06:58,469 --> 00:06:56,400  
tom delong has done dating back to those

208  
00:07:00,830 --> 00:06:58,479  
very first meetings he had

209  
00:07:02,070 --> 00:07:00,840  
with elite members of the government and

210  
00:07:05,029 --> 00:07:02,080  
military

211  
00:07:06,790 --> 00:07:05,039  
we will discuss the six degrees of

212  
00:07:09,670 --> 00:07:06,800  
general mccaslin

213  
00:07:11,189 --> 00:07:09,680

and the subsequent chain of events that

214

00:07:14,230 --> 00:07:11,199

has led to where we are

215

00:07:17,510 --> 00:07:14,240

today and where we may be going

216

00:07:19,880 --> 00:07:17,520

in the ever-evolving story of ufos

217

00:07:29,430 --> 00:07:19,890

in 2021

218

00:07:33,170 --> 00:07:29,440

[Music]

219

00:07:42,830 --> 00:07:33,180

this is somewhere in the skies with ryan

220

00:07:45,430 --> 00:07:42,840

[Music]

221

00:07:51,990 --> 00:07:45,440

sprague

222

00:07:54,230 --> 00:07:52,000

[Music]

223

00:07:55,670 --> 00:07:54,240

welcome to this very special panel

224

00:07:58,790 --> 00:07:55,680

discussion today

225

00:08:01,189 --> 00:07:58,800

i am calling this six degrees of general

226  
00:08:01,909 --> 00:08:01,199  
mccaslin and we have an awesome panel

227  
00:08:04,790 --> 00:08:01,919  
with us

228  
00:08:05,749 --> 00:08:04,800  
today we have first and foremost from

229  
00:08:07,589 --> 00:08:05,759  
the debrief

230  
00:08:09,110 --> 00:08:07,599  
tim mcmillan not first and foremost

231  
00:08:10,070 --> 00:08:09,120  
that's not a slight against our other

232  
00:08:12,869 --> 00:08:10,080  
two panelists

233  
00:08:13,189 --> 00:08:12,879  
tim is here with us we've got zak saichi

234  
00:08:16,469 --> 00:08:13,199  
who

235  
00:08:18,710 --> 00:08:16,479  
is i must quote the only person on ufo

236  
00:08:22,150 --> 00:08:18,720  
twitter who gets along with mick west

237  
00:08:24,830 --> 00:08:22,160  
jeremy corbell keith floor steve bastet

238  
00:08:25,909 --> 00:08:24,840

but is somehow still blocked by

239

00:08:29,270 --> 00:08:25,919

georgetown oh

240

00:08:29,749 --> 00:08:29,280

that's all true from project human is

241

00:08:32,949 --> 00:08:29,759

with us

242

00:08:35,990 --> 00:08:32,959

and last but not least the newest member

243

00:08:38,310 --> 00:08:36,000

of the ufo twitter family and community

244

00:08:40,230 --> 00:08:38,320

we have at inference on twitter but

245

00:08:41,829 --> 00:08:40,240

she's allowing us to use her name

246

00:08:43,509 --> 00:08:41,839

for the first time ever on somewhere in

247

00:08:45,590 --> 00:08:43,519

the skies brit welcome

248

00:08:46,870 --> 00:08:45,600

to this very special panel discussion

249

00:08:49,750 --> 00:08:46,880

thanks for having me

250

00:08:51,030 --> 00:08:49,760

yeah this is gonna be fun guys so um

251  
00:08:52,710 --> 00:08:51,040  
let's kind of

252  
00:08:55,030 --> 00:08:52,720  
let's set the stage for what we're doing

253  
00:08:57,750 --> 00:08:55,040  
here today this is general

254  
00:08:59,670 --> 00:08:57,760  
neil mccaslin who uh some people might

255  
00:09:01,990 --> 00:08:59,680  
not even know who this dude is

256  
00:09:03,670 --> 00:09:02,000  
um or why he may be important to the

257  
00:09:06,470 --> 00:09:03,680  
discussion we're gonna have today

258  
00:09:07,990 --> 00:09:06,480  
and um you guys are kind of the ones who

259  
00:09:09,829 --> 00:09:08,000  
have brought this name up and been

260  
00:09:11,269 --> 00:09:09,839  
like we might want to look a little

261  
00:09:13,750 --> 00:09:11,279  
further into this person

262  
00:09:15,509 --> 00:09:13,760  
um because mainstream media doesn't seem

263  
00:09:18,949 --> 00:09:15,519

to want to do it and um

264

00:09:20,949 --> 00:09:18,959

he might might being the key word uh be

265

00:09:22,310 --> 00:09:20,959

the connector to a lot of what's going

266

00:09:24,949 --> 00:09:22,320

on today maybe

267

00:09:26,310 --> 00:09:24,959

but um let's start before we even get to

268

00:09:28,230 --> 00:09:26,320

general mccaslin

269

00:09:29,430 --> 00:09:28,240

i want to get your guys initial thoughts

270

00:09:31,990 --> 00:09:29,440

of when

271

00:09:33,269 --> 00:09:32,000

to the stars academy which uh i should

272

00:09:36,310 --> 00:09:33,279

mention i've got a

273

00:09:38,870 --> 00:09:36,320

little uh

274

00:09:39,829 --> 00:09:38,880

uh before to the stars really started

275

00:09:43,269 --> 00:09:39,839

secret machines

276

00:09:44,790 --> 00:09:43,279

uh your initial thoughts when tom delong

277

00:09:47,190 --> 00:09:44,800

first came forward and

278

00:09:48,389 --> 00:09:47,200

said that he was starting this academy

279

00:09:51,430 --> 00:09:48,399

and all these um

280

00:09:52,389 --> 00:09:51,440

advisors he was working with uh i i'm

281

00:09:53,590 --> 00:09:52,399

not gonna lie when i

282

00:09:55,509 --> 00:09:53,600

when i first heard about it i'm like

283

00:09:58,949 --> 00:09:55,519

holy [h\_\_\h] is this it like

284

00:10:01,750 --> 00:09:58,959

are we doing this is this disclosure

285

00:10:03,670 --> 00:10:01,760

um that we've always dreamed of so what

286

00:10:05,350 --> 00:10:03,680

were your initial impressions when tom

287

00:10:07,350 --> 00:10:05,360

delonge first started talking about this

288

00:10:09,190 --> 00:10:07,360

stuff zach let's start with you

289

00:10:10,710 --> 00:10:09,200

sure man thank you for having me on by

290

00:10:11,750 --> 00:10:10,720

the way it's uh it's an honor to be on

291

00:10:15,110 --> 00:10:11,760

the show

292

00:10:17,910 --> 00:10:15,120

uh i thought of dan aykroyd

293

00:10:18,710 --> 00:10:17,920

really yeah you know do you remember uh

294

00:10:21,910 --> 00:10:18,720

do you remember dan

295

00:10:23,590 --> 00:10:21,920

aykroyd came out a long time ago um as

296

00:10:25,990 --> 00:10:23,600

you know super into this stuff in fact

297

00:10:29,030 --> 00:10:26,000

like that's the reason why he

298

00:10:30,389 --> 00:10:29,040

uh you know wrote ghostbusters you know

299

00:10:33,030 --> 00:10:30,399

he was really into

300

00:10:34,630 --> 00:10:33,040

paranormal weird stuff and to me it was

301  
00:10:35,350 --> 00:10:34,640  
like okay here's another celebrity

302  
00:10:38,310 --> 00:10:35,360  
coming out

303  
00:10:39,190 --> 00:10:38,320  
who is super into weird stuff and

304  
00:10:41,509 --> 00:10:39,200  
honestly

305  
00:10:42,470 --> 00:10:41,519  
on a surface level i didn't think a lot

306  
00:10:44,230 --> 00:10:42,480  
more of it

307  
00:10:46,470 --> 00:10:44,240  
when it when it first started to come

308  
00:10:48,630 --> 00:10:46,480  
fruit to come to fruition because even

309  
00:10:50,150 --> 00:10:48,640  
prior to to the stars you know tom was

310  
00:10:52,150 --> 00:10:50,160  
doing interviews

311  
00:10:53,829 --> 00:10:52,160  
talking about the ufo issue talking

312  
00:10:55,910 --> 00:10:53,839  
about why it's important

313  
00:10:57,590 --> 00:10:55,920

you know and he i think he even did a

314

00:11:00,470 --> 00:10:57,600

couple debates with skeptics

315

00:11:01,030 --> 00:11:00,480

and things like that um you know but

316

00:11:03,670 --> 00:11:01,040

then

317

00:11:04,630 --> 00:11:03,680

obviously everything that happened uh

318

00:11:07,110 --> 00:11:04,640

with

319

00:11:09,030 --> 00:11:07,120

the new york times article um and all

320

00:11:10,470 --> 00:11:09,040

the people that were involved into the

321

00:11:14,389 --> 00:11:10,480

stars academy obviously

322

00:11:17,670 --> 00:11:14,399

it um raised my eyebrows for sure

323

00:11:18,389 --> 00:11:17,680

i didn't really know what to make of it

324

00:11:19,829 --> 00:11:18,399

but

325

00:11:21,430 --> 00:11:19,839

you know as we're going to be kind of

326

00:11:23,030 --> 00:11:21,440

talking about on the show one of the

327

00:11:24,230 --> 00:11:23,040

things that lended some amount of

328

00:11:26,550 --> 00:11:24,240

credibility

329

00:11:28,069 --> 00:11:26,560

to the efforts that he was making early

330

00:11:31,829 --> 00:11:28,079

on were actually those

331

00:11:32,790 --> 00:11:31,839

those john podesta 2016 wikileaks emails

332

00:11:35,190 --> 00:11:32,800

where it turned out

333

00:11:37,350 --> 00:11:35,200

oh my god he really was talking to john

334

00:11:38,069 --> 00:11:37,360

podesta he really was in communication

335

00:11:40,630 --> 00:11:38,079

with

336

00:11:41,269 --> 00:11:40,640

you know high level officials and people

337

00:11:43,430 --> 00:11:41,279

that

338

00:11:45,750 --> 00:11:43,440

should have some kind of no you know

339

00:11:47,829 --> 00:11:45,760

they should know about this stuff

340

00:11:49,829 --> 00:11:47,839

and so i started paying a little more

341

00:11:52,389 --> 00:11:49,839

attention that's sort of the

342

00:11:54,230 --> 00:11:52,399

short version i guess nice okay awesome

343

00:11:57,190 --> 00:11:54,240

no i love it man because again like

344

00:11:58,389 --> 00:11:57,200

this was a kind of a key moment because

345

00:12:00,310 --> 00:11:58,399

we now are learning

346

00:12:02,230 --> 00:12:00,320

of um all these people tom was working

347

00:12:04,069 --> 00:12:02,240

with we all thought he was full of [h\_\_\h]

348

00:12:06,069 --> 00:12:04,079

to be completely honest until the

349

00:12:07,670 --> 00:12:06,079

podesta emails came out um which i'm

350

00:12:08,150 --> 00:12:07,680

gonna read the email in a little bit

351  
00:12:10,550 --> 00:12:08,160  
here

352  
00:12:11,750 --> 00:12:10,560  
but um right let's go with you what were

353  
00:12:13,990 --> 00:12:11,760  
your initial

354  
00:12:15,910 --> 00:12:14,000  
impressions when you first heard about

355  
00:12:17,829 --> 00:12:15,920  
you know this former blink 182

356  
00:12:20,470 --> 00:12:17,839  
dude saying that like he was gonna

357  
00:12:22,470 --> 00:12:20,480  
disclose the truth on ufos or

358  
00:12:23,590 --> 00:12:22,480  
or whatever his grand plans were what

359  
00:12:26,790 --> 00:12:23,600  
did you think

360  
00:12:27,509 --> 00:12:26,800  
well um i have to say you know first and

361  
00:12:30,389 --> 00:12:27,519  
foremost like

362  
00:12:32,629 --> 00:12:30,399  
i just recently got into this topic yeah

363  
00:12:34,310 --> 00:12:32,639

the 60 minutes episode on uap's is

364

00:12:37,750 --> 00:12:34,320

actually what brought me over here

365

00:12:38,230 --> 00:12:37,760

wow okay and so um i'll never forget

366

00:12:40,550 --> 00:12:38,240

like

367

00:12:42,150 --> 00:12:40,560

the day that that aired i was hanging

368

00:12:44,870 --> 00:12:42,160

out with a couple of my friends right

369

00:12:45,829 --> 00:12:44,880

from high school and uh one of my

370

00:12:47,750 --> 00:12:45,839

buddies

371

00:12:48,949 --> 00:12:47,760

super into blink 182 and he was just

372

00:12:51,190 --> 00:12:48,959

like yo tom delong

373

00:12:52,230 --> 00:12:51,200

yeah he's really into that stuff i was

374

00:12:54,949 --> 00:12:52,240

like oh really

375

00:12:57,670 --> 00:12:54,959

but besides that i had no idea first

376

00:13:01,910 --> 00:12:57,680

time i ever heard of lou elizondo was

377

00:13:06,230 --> 00:13:01,920

through that right and so um

378

00:13:07,590 --> 00:13:06,240

honestly i i

379

00:13:10,870 --> 00:13:07,600

what should i say here like i don't

380

00:13:12,550 --> 00:13:10,880

really have like any sort of uh

381

00:13:14,710 --> 00:13:12,560

feeling or anything except for like

382

00:13:17,750 --> 00:13:14,720

that's sick you know curiosity

383

00:13:18,870 --> 00:13:17,760

yeah very curious you know so of course

384

00:13:20,389 --> 00:13:18,880

like when i was going through the

385

00:13:22,790 --> 00:13:20,399

wikileaks emails

386

00:13:23,750 --> 00:13:22,800

when they first released i'm pretty sure

387

00:13:25,910 --> 00:13:23,760

any curious

388

00:13:27,910 --> 00:13:25,920

mind the first thing that they typed in

389

00:13:30,710 --> 00:13:27,920

on wikileaks was ufos

390

00:13:32,230 --> 00:13:30,720

oh yeah for sure absolutely and it's so

391

00:13:34,389 --> 00:13:32,240

crazy because like i never really

392

00:13:35,350 --> 00:13:34,399

listened to blink 182 like i'm a weird

393

00:13:37,910 --> 00:13:35,360

2000s kid

394

00:13:39,590 --> 00:13:37,920

right like very weird uh i wasn't really

395

00:13:40,790 --> 00:13:39,600

into that scene right so

396

00:13:42,389 --> 00:13:40,800

when i was going through the whole

397

00:13:44,389 --> 00:13:42,399

entire thing i don't think it even

398

00:13:45,509 --> 00:13:44,399

clicked with me at the time that it was

399

00:13:48,310 --> 00:13:45,519

tom delong

400

00:13:49,910 --> 00:13:48,320

or who tom delon was link 182 didn't

401  
00:13:53,110 --> 00:13:49,920  
even click but i'll tell you one thing

402  
00:13:56,870 --> 00:13:53,120  
i saw ufos and i saw

403  
00:14:00,829 --> 00:13:56,880  
a roswell uh crash and i did also see

404  
00:14:03,189 --> 00:14:00,839  
a name general mccaslin so

405  
00:14:03,910 --> 00:14:03,199  
um what do i think about it right now

406  
00:14:06,470 --> 00:14:03,920  
well

407  
00:14:08,870 --> 00:14:06,480  
it's crazy all of it's crazy it is crazy

408  
00:14:10,790 --> 00:14:08,880  
that tom delong was able to get a hold

409  
00:14:13,829 --> 00:14:10,800  
and get all these people together

410  
00:14:16,310 --> 00:14:13,839  
all these credible figures together it's

411  
00:14:18,310 --> 00:14:16,320  
absolutely amazing yeah but at the same

412  
00:14:19,990 --> 00:14:18,320  
time

413  
00:14:21,670 --> 00:14:20,000

there's a couple things that don't

414

00:14:24,710 --> 00:14:21,680

necessarily add up

415

00:14:27,430 --> 00:14:24,720

and i'm sure right that a lot of us

416

00:14:27,750 --> 00:14:27,440

who have dug into the wikileaks emails

417

00:14:30,230 --> 00:14:27,760

and

418

00:14:32,389 --> 00:14:30,240

really dug into uh to the stars academy

419

00:14:34,310 --> 00:14:32,399

in general all think the same thing

420

00:14:36,310 --> 00:14:34,320

right just something's a little off

421

00:14:38,310 --> 00:14:36,320

there something's off and we'll

422

00:14:39,910 --> 00:14:38,320

we'll we will get there because i think

423

00:14:41,189 --> 00:14:39,920

you know that's that's kind of where

424

00:14:43,670 --> 00:14:41,199

we're at like

425

00:14:45,350 --> 00:14:43,680

to the stars kind of came and then went

426  
00:14:48,150 --> 00:14:45,360  
and now we're kind of left like

427  
00:14:49,110 --> 00:14:48,160  
wondering right what do we do now and i

428  
00:14:50,230 --> 00:14:49,120  
think you know

429  
00:14:52,230 --> 00:14:50,240  
the fact that we're having this

430  
00:14:54,310 --> 00:14:52,240  
discussion today about a general

431  
00:14:57,030 --> 00:14:54,320  
who may not have even have been involved

432  
00:14:57,509 --> 00:14:57,040  
in this except for rumor and speculation

433  
00:15:00,870 --> 00:14:57,519  
and

434  
00:15:03,990 --> 00:15:00,880  
actual dude that

435  
00:15:05,430 --> 00:15:04,000  
tom talked to he says it but we'll get

436  
00:15:07,750 --> 00:15:05,440  
to that but um

437  
00:15:08,550 --> 00:15:07,760  
tim how about you my man when tom

438  
00:15:10,870 --> 00:15:08,560

delonge first

439

00:15:13,189 --> 00:15:10,880

came forward and all this happened and

440

00:15:14,310 --> 00:15:13,199

then boom new york times article

441

00:15:16,629 --> 00:15:14,320

what what do you got what were your

442

00:15:19,750 --> 00:15:16,639

initial impressions well

443

00:15:22,150 --> 00:15:19,760

yeah i was kind of late to the party uh

444

00:15:24,389 --> 00:15:22,160

not his latest brit there but you know i

445

00:15:26,310 --> 00:15:24,399

didn't pay any attention

446

00:15:27,750 --> 00:15:26,320

i wasn't a part of the ufo community or

447

00:15:28,550 --> 00:15:27,760

really paying attention to the topic in

448

00:15:31,910 --> 00:15:28,560

general

449

00:15:33,430 --> 00:15:31,920

uh until you know late december 2017

450

00:15:34,949 --> 00:15:33,440

when the new york times came out these

451  
00:15:36,790 --> 00:15:34,959  
videos started coming out

452  
00:15:38,389 --> 00:15:36,800  
and so i kind of had to backtrack and

453  
00:15:40,470 --> 00:15:38,399  
listen i think uh

454  
00:15:42,150 --> 00:15:40,480  
the first thing i thought when i watched

455  
00:15:43,910 --> 00:15:42,160  
that initial press conference that was

456  
00:15:46,949 --> 00:15:43,920  
held back in october

457  
00:15:48,470 --> 00:15:46,959  
um was that it was so freaking weird

458  
00:15:49,509 --> 00:15:48,480  
that they were clearly in an empty

459  
00:15:51,189 --> 00:15:49,519  
auditorium

460  
00:15:52,550 --> 00:15:51,199  
uh yeah i couldn't figure out why the

461  
00:15:55,749 --> 00:15:52,560  
hell they would do that you know it was

462  
00:15:57,829 --> 00:15:55,759  
so strange especially for what they were

463  
00:15:59,030 --> 00:15:57,839

saying they were going to do but i think

464

00:16:01,749 --> 00:15:59,040

like anybody else

465

00:16:02,550 --> 00:16:01,759

i guess for me not not coming from a ufo

466

00:16:05,749 --> 00:16:02,560

background

467

00:16:07,189 --> 00:16:05,759

per se uh it was strange

468

00:16:09,269 --> 00:16:07,199

to see people you know some of the

469

00:16:11,910 --> 00:16:09,279

people up there on the stage that i was

470

00:16:13,430 --> 00:16:11,920

at least vaguely familiar with uh people

471

00:16:15,110 --> 00:16:13,440

that that do have credentialed

472

00:16:16,470 --> 00:16:15,120

backgrounds you know like christopher

473

00:16:18,150 --> 00:16:16,480

mellon steve justice

474

00:16:19,590 --> 00:16:18,160

you know working at skunk works at

475

00:16:23,350 --> 00:16:19,600

lockheed martin

476

00:16:26,389 --> 00:16:23,360

jim semivan and so it was just odd

477

00:16:29,189 --> 00:16:26,399

you know it's an odd mix be there

478

00:16:30,069 --> 00:16:29,199

and i guess i didn't uh i guess because

479

00:16:31,670 --> 00:16:30,079

i didn't get to hear

480

00:16:34,069 --> 00:16:31,680

the news when it first came out in

481

00:16:35,430 --> 00:16:34,079

october i probably didn't

482

00:16:37,590 --> 00:16:35,440

have the same response as a lot of

483

00:16:39,110 --> 00:16:37,600

people who it maybe wasn't as odd

484

00:16:42,470 --> 00:16:39,120

because i at least had the benefit

485

00:16:44,230 --> 00:16:42,480

of seeing them actually do something

486

00:16:46,389 --> 00:16:44,240

in terms of releasing information and

487

00:16:47,110 --> 00:16:46,399

and and being the ones to kind of break

488

00:16:50,550 --> 00:16:47,120

the news on

489

00:16:52,949 --> 00:16:50,560

a tip and asap and all of that so uh

490

00:16:54,629 --> 00:16:52,959

you know like brit said i guess in

491

00:16:56,470 --> 00:16:54,639

retrospect it's weird

492

00:16:58,150 --> 00:16:56,480

and it's still weird but it's an

493

00:17:01,670 --> 00:16:58,160

interesting topic maybe it's

494

00:17:04,710 --> 00:17:01,680

weird because it's a mix of weird

495

00:17:07,829 --> 00:17:04,720

but people that aren't weird

496

00:17:08,630 --> 00:17:07,839

really weird confluence uh yeah it's

497

00:17:12,230 --> 00:17:08,640

it's

498

00:17:15,110 --> 00:17:12,240

the cafeteria

499

00:17:16,870 --> 00:17:15,120

it is the ultimate uh breakfast clumpton

500

00:17:19,909 --> 00:17:16,880

i think for sure

501  
00:17:21,990 --> 00:17:19,919  
i um i remember so i i don't remember i

502  
00:17:24,390 --> 00:17:22,000  
think it was 2012.

503  
00:17:25,350 --> 00:17:24,400  
i was at the international ufo congress

504  
00:17:28,069 --> 00:17:25,360  
in um

505  
00:17:30,549 --> 00:17:28,079  
arizona and i'm sitting at a banquet

506  
00:17:34,390 --> 00:17:30,559  
table we're having like this this dinner

507  
00:17:36,950 --> 00:17:34,400  
and um i look up and in the corner

508  
00:17:37,510 --> 00:17:36,960  
is this tall lanky dude just standing

509  
00:17:39,909 --> 00:17:37,520  
there

510  
00:17:40,870 --> 00:17:39,919  
like scoping out the room and listening

511  
00:17:43,350 --> 00:17:40,880  
to what was going on

512  
00:17:44,150 --> 00:17:43,360  
and lo and behold it was tom de long so

513  
00:17:46,630 --> 00:17:44,160

i mean

514

00:17:48,870 --> 00:17:46,640

there you go man this guy he was he's no

515

00:17:51,590 --> 00:17:48,880

slouch he didn't just get into this

516

00:17:52,070 --> 00:17:51,600

um he's had a fascination and interest

517

00:17:54,470 --> 00:17:52,080

for

518

00:17:56,950 --> 00:17:54,480

god years now ever since he was on the

519

00:17:59,990 --> 00:17:56,960

tour buses and stuff with uh blink

520

00:18:03,590 --> 00:18:00,000

but um he somehow wiggled

521

00:18:05,110 --> 00:18:03,600

his way into whatever it is that he came

522

00:18:07,029 --> 00:18:05,120

up with with to the stars

523

00:18:08,630 --> 00:18:07,039

and again i think a lot of us thought oh

524

00:18:10,630 --> 00:18:08,640

man like this is all

525

00:18:11,909 --> 00:18:10,640

bs like this is going to blow up in his

526

00:18:13,990 --> 00:18:11,919

face and then

527

00:18:15,750 --> 00:18:14,000

like brett mentioned the the podesta

528

00:18:16,549 --> 00:18:15,760

emails were leaked and i'm just gonna

529

00:18:18,549 --> 00:18:16,559

read

530

00:18:19,990 --> 00:18:18,559

right here the um the email that really

531

00:18:22,630 --> 00:18:20,000

caught all of our attention

532

00:18:25,590 --> 00:18:22,640

this was from tom delong to uh john

533

00:18:27,669 --> 00:18:25,600

podesta the subject was general mccaslin

534

00:18:29,110 --> 00:18:27,679

there you go the subject was literally

535

00:18:30,870 --> 00:18:29,120

general mccaslin

536

00:18:33,110 --> 00:18:30,880

and tom is saying to podesta he

537

00:18:34,549 --> 00:18:33,120

mentioned he's a skeptic he's not

538

00:18:36,310 --> 00:18:34,559

i've been working with him for four

539

00:18:37,669 --> 00:18:36,320

months i just got done giving him a four

540

00:18:39,830 --> 00:18:37,679

hour presentation

541

00:18:41,190 --> 00:18:39,840

on the entire project a few weeks ago

542

00:18:44,310 --> 00:18:41,200

trust me the advice

543

00:18:46,390 --> 00:18:44,320

is already been um hazard

544

00:18:48,789 --> 00:18:46,400

has already been happening on how to do

545

00:18:50,870 --> 00:18:48,799

all of this he just has to say that out

546

00:18:53,029 --> 00:18:50,880

loud but he is very very aware

547

00:18:53,990 --> 00:18:53,039

and he was in charge of all of this

548

00:18:56,710 --> 00:18:54,000

stuff when

549

00:18:58,630 --> 00:18:56,720

roswell crashed it's an interesting way

550

00:19:00,390 --> 00:18:58,640

of working it when roswell crashed

551  
00:19:02,230 --> 00:19:00,400  
they shipped it to the laboratory at

552  
00:19:05,270 --> 00:19:02,240  
wright-patterson air force base

553  
00:19:07,430 --> 00:19:05,280  
which we will get to um general mccaslin

554  
00:19:09,750 --> 00:19:07,440  
was in charge of that exact

555  
00:19:11,190 --> 00:19:09,760  
laboratory up to a couple years ago he

556  
00:19:11,830 --> 00:19:11,200  
not only knows what i'm trying to

557  
00:19:15,029 --> 00:19:11,840  
achieve

558  
00:19:15,909 --> 00:19:15,039  
he helped assemble my advisory team he's

559  
00:19:20,310 --> 00:19:15,919  
a very

560  
00:19:23,430 --> 00:19:20,320  
important man so

561  
00:19:23,750 --> 00:19:23,440  
i i i mean i i don't know what else to

562  
00:19:26,230 --> 00:19:23,760  
say

563  
00:19:27,190 --> 00:19:26,240

other than general mccaslin must be this

564

00:19:29,590 --> 00:19:27,200

individual

565

00:19:30,390 --> 00:19:29,600

what what do you guys think right i

566

00:19:32,150 --> 00:19:30,400

think um

567

00:19:33,669 --> 00:19:32,160

we should provide a little bit of

568

00:19:36,870 --> 00:19:33,679

background though

569

00:19:37,990 --> 00:19:36,880

as to why why we think that that that

570

00:19:40,549 --> 00:19:38,000

general is

571

00:19:41,270 --> 00:19:40,559

okay so first of all tom delong was

572

00:19:44,470 --> 00:19:41,280

going around

573

00:19:44,870 --> 00:19:44,480

in 2016 giving various interviews and he

574

00:19:47,669 --> 00:19:44,880

was

575

00:19:48,390 --> 00:19:47,679

talking about and recalling this story

576

00:19:51,590 --> 00:19:48,400

uh

577

00:19:54,390 --> 00:19:51,600

of this guy that he called the general

578

00:19:56,070 --> 00:19:54,400

okay there's a lot to this but i'm gonna

579

00:19:57,909 --> 00:19:56,080

be as brief as possible because there's

580

00:19:59,590 --> 00:19:57,919

just too much to get into

581

00:20:01,430 --> 00:19:59,600

basically he had this you know you

582

00:20:02,149 --> 00:20:01,440

recall this story he had this airport

583

00:20:03,909 --> 00:20:02,159

meeting

584

00:20:05,510 --> 00:20:03,919

you know he had climbed the hierarchy of

585

00:20:05,990 --> 00:20:05,520

secrecy or whatever and he has this

586

00:20:09,029 --> 00:20:06,000

airport

587

00:20:09,990 --> 00:20:09,039

meeting with this general uh just the

588

00:20:14,230 --> 00:20:10,000

general

589

00:20:14,870 --> 00:20:14,240

found a life form and it was the cold

590

00:20:17,190 --> 00:20:14,880

war

591

00:20:20,630 --> 00:20:17,200

and basically gives him you know he

592

00:20:23,430 --> 00:20:20,640

feeds tom this whole story um

593

00:20:24,390 --> 00:20:23,440

you know like a a new kind of core story

594

00:20:27,350 --> 00:20:24,400

of

595

00:20:29,270 --> 00:20:27,360

ufo mythology i guess right and it kind

596

00:20:31,270 --> 00:20:29,280

of sounds a lot like

597

00:20:32,870 --> 00:20:31,280

other core mythologies that we've heard

598

00:20:36,070 --> 00:20:32,880

in the past for for

599

00:20:39,590 --> 00:20:36,080

you know this topic and

600

00:20:42,630 --> 00:20:39,600

you know the reason why we why i think

601  
00:20:43,430 --> 00:20:42,640  
that when uh you know tom is referencing

602  
00:20:45,430 --> 00:20:43,440  
uh

603  
00:20:47,029 --> 00:20:45,440  
you know mccaslin in that email why i

604  
00:20:48,149 --> 00:20:47,039  
think the general that he was talking

605  
00:20:50,310 --> 00:20:48,159  
about publicly

606  
00:20:52,070 --> 00:20:50,320  
and this the general mccaslin that he's

607  
00:20:53,750 --> 00:20:52,080  
talking about privately why i think they

608  
00:20:55,590 --> 00:20:53,760  
almost have to be the same guy is

609  
00:20:56,549 --> 00:20:55,600  
because he's talking about the exact

610  
00:20:59,350 --> 00:20:56,559  
same

611  
00:20:59,909 --> 00:20:59,360  
things like oh this guy who ran research

612  
00:21:04,070 --> 00:20:59,919  
at

613  
00:21:06,230 --> 00:21:04,080

base where you know they shipped the the

614

00:21:07,909 --> 00:21:06,240

roswell crash or whatever

615

00:21:09,990 --> 00:21:07,919

it has to be the same guy because the

616

00:21:11,350 --> 00:21:10,000

language is just too similar between his

617

00:21:12,950 --> 00:21:11,360

public interviews

618

00:21:14,630 --> 00:21:12,960

and what he's privately saying to john

619

00:21:16,710 --> 00:21:14,640

podesta

620

00:21:18,230 --> 00:21:16,720

so that's that's that's my impression of

621

00:21:21,270 --> 00:21:18,240

it right

622

00:21:23,350 --> 00:21:21,280

right and i mean again like i think when

623

00:21:25,270 --> 00:21:23,360

looking at the background of mccasland

624

00:21:25,830 --> 00:21:25,280

is when it really starts to fall into

625

00:21:27,190 --> 00:21:25,840

place

626

00:21:29,830 --> 00:21:27,200

i mean like you said he worked at wright

627

00:21:32,390 --> 00:21:29,840

patterson um he worked at los angeles

628

00:21:35,270 --> 00:21:32,400

air force base early on in his career

629

00:21:36,149 --> 00:21:35,280

um i actually i talked to don schmidt

630

00:21:37,750 --> 00:21:36,159

this morning

631

00:21:39,110 --> 00:21:37,760

um for any of our listeners who don't

632

00:21:40,230 --> 00:21:39,120

know he was one of the he's one of the

633

00:21:42,390 --> 00:21:40,240

most prominent

634

00:21:43,990 --> 00:21:42,400

roswell investigators out there he's

635

00:21:45,430 --> 00:21:44,000

been looking at the case for a while

636

00:21:47,190 --> 00:21:45,440

and i just like out of the blue i

637

00:21:49,430 --> 00:21:47,200

messed him i'm like hey man

638

00:21:50,230 --> 00:21:49,440

like in all of your research into wright

639

00:21:53,270 --> 00:21:50,240

patterson

640

00:21:54,470 --> 00:21:53,280

and roswell like has general mccaslin

641

00:21:56,789 --> 00:21:54,480

ever come up

642

00:21:58,070 --> 00:21:56,799

and um he messaged me back immediately

643

00:22:00,549 --> 00:21:58,080

he was like yeah funny you should

644

00:22:01,669 --> 00:22:00,559

mention that i um here's exactly what he

645

00:22:03,990 --> 00:22:01,679

said um i

646

00:22:06,310 --> 00:22:04,000

met mccaslin at a luncheon at the

647

00:22:07,909 --> 00:22:06,320

petroleum club in new mexico

648

00:22:09,590 --> 00:22:07,919

but didn't know his connections to

649

00:22:11,669 --> 00:22:09,600

wright patterson at the time

650

00:22:13,590 --> 00:22:11,679

uh once i got to really know more about

651  
00:22:15,510 --> 00:22:13,600  
him and what he was involved in

652  
00:22:17,750 --> 00:22:15,520  
um i reached out to him personally to

653  
00:22:20,470 --> 00:22:17,760  
talk about the roswell crash

654  
00:22:21,190 --> 00:22:20,480  
and possible wreckage and he refused to

655  
00:22:24,630 --> 00:22:21,200  
comment

656  
00:22:26,789 --> 00:22:24,640  
on anything to me so um

657  
00:22:28,070 --> 00:22:26,799  
interesting um it doesn't really add to

658  
00:22:30,310 --> 00:22:28,080  
the story other than

659  
00:22:31,190 --> 00:22:30,320  
the primary you know person looking at

660  
00:22:33,510 --> 00:22:31,200  
roswell

661  
00:22:35,909 --> 00:22:33,520  
was kind of brushed off on the castle

662  
00:22:38,470 --> 00:22:35,919  
and and i will say i did reach out to

663  
00:22:39,430 --> 00:22:38,480

general mccaslin um in a very public

664

00:22:42,549 --> 00:22:39,440

sort of way

665

00:22:43,590 --> 00:22:42,559

uh recently no like backdoor meetings or

666

00:22:45,830 --> 00:22:43,600

communication

667

00:22:46,789 --> 00:22:45,840

but he did read my message i know that

668

00:22:48,870 --> 00:22:46,799

for a fact

669

00:22:50,710 --> 00:22:48,880

so you know as of the recording of this

670

00:22:53,830 --> 00:22:50,720

he has not answered me back

671

00:22:54,950 --> 00:22:53,840

but we will see we will see but um i

672

00:22:58,470 --> 00:22:54,960

guess

673

00:22:59,110 --> 00:22:58,480

um brit now mccaslin is something you've

674

00:23:01,510 --> 00:22:59,120

been looking

675

00:23:04,149 --> 00:23:01,520

a lot into lately and you've been

676  
00:23:06,549 --> 00:23:04,159  
digging and making some connections so

677  
00:23:07,990 --> 00:23:06,559  
what do you think is most important

678  
00:23:09,830 --> 00:23:08,000  
about this guy and why we should

679  
00:23:12,549 --> 00:23:09,840  
continue looking at him as uh

680  
00:23:14,710 --> 00:23:12,559  
possibly the person who set all of this

681  
00:23:16,789 --> 00:23:14,720  
into motion with tom the

682  
00:23:17,830 --> 00:23:16,799  
people he's working with yeah what do

683  
00:23:19,430 --> 00:23:17,840  
you think

684  
00:23:20,870 --> 00:23:19,440  
but yeah it's just his background in

685  
00:23:24,310 --> 00:23:20,880  
aerospace technology

686  
00:23:25,350 --> 00:23:24,320  
right um he's got a very prestigious

687  
00:23:27,909 --> 00:23:25,360  
background

688  
00:23:29,190 --> 00:23:27,919

it's very impressive and you know you

689

00:23:31,350 --> 00:23:29,200

can hear rumors

690

00:23:32,549 --> 00:23:31,360

uh just people in general just like to

691

00:23:34,950 --> 00:23:32,559

pass around the rumor about

692

00:23:37,029 --> 00:23:34,960

wright patterson being like the base

693

00:23:40,390 --> 00:23:37,039

where they have like all the cool stuff

694

00:23:42,950 --> 00:23:40,400

oh yeah i like et and ufos

695

00:23:44,549 --> 00:23:42,960

um but and you know another interesting

696

00:23:47,430 --> 00:23:44,559

thing about him is that he

697

00:23:48,310 --> 00:23:47,440

worked in the kirtland uh research

698

00:23:50,630 --> 00:23:48,320

facility

699

00:23:51,510 --> 00:23:50,640

right and you know like it's just he has

700

00:23:54,149 --> 00:23:51,520

a lot of like

701  
00:23:55,110 --> 00:23:54,159  
interesting like connections in general

702  
00:23:56,870 --> 00:23:55,120  
to

703  
00:24:00,390 --> 00:23:56,880  
things that are like kind of like

704  
00:24:02,230 --> 00:24:00,400  
rumored to be associated with this

705  
00:24:05,909 --> 00:24:02,240  
just like this whole entire phenomenon

706  
00:24:09,830 --> 00:24:07,909  
sorry brad i just want to ask are you

707  
00:24:11,909 --> 00:24:09,840  
familiar with the kirtland

708  
00:24:13,510 --> 00:24:11,919  
mythology when it comes to ufos is that

709  
00:24:16,549 --> 00:24:13,520  
something you've looked into yet or no

710  
00:24:16,870 --> 00:24:16,559  
i am currently looking into it okay i

711  
00:24:22,149 --> 00:24:16,880  
know

712  
00:24:23,510 --> 00:24:22,159  
basically all like missile related

713  
00:24:27,269 --> 00:24:23,520

research um

714

00:24:29,590 --> 00:24:27,279

and space vehicles uh propulsion

715

00:24:31,190 --> 00:24:29,600

stuff like that but the mythology behind

716

00:24:32,470 --> 00:24:31,200

it i know it exists i mean i've heard

717

00:24:35,029 --> 00:24:32,480

you talk about it

718

00:24:36,470 --> 00:24:35,039

but i haven't personally looked into it

719

00:24:38,470 --> 00:24:36,480

just yet because you know there's just

720

00:24:39,909 --> 00:24:38,480

like an endless array of rabbit holes to

721

00:24:42,950 --> 00:24:39,919

fall into

722

00:24:46,630 --> 00:24:42,960

well researching this uh phenomenon

723

00:24:48,149 --> 00:24:46,640

and i i can honestly say genuinely say i

724

00:24:50,310 --> 00:24:48,159

have not covered all of it just yet

725

00:24:51,669 --> 00:24:50,320

i'm only just at the tip of the iceberg

726

00:24:53,590 --> 00:24:51,679

right now but the castle

727

00:24:55,590 --> 00:24:53,600

in general was just the most interesting

728

00:24:59,190 --> 00:24:55,600

to me right so i'm just

729

00:25:01,430 --> 00:24:59,200

sadly digging sadly digging gotcha

730

00:25:03,190 --> 00:25:01,440

tim what do you um what do you make of

731

00:25:05,110 --> 00:25:03,200

this guy now i know you

732

00:25:06,630 --> 00:25:05,120

you've spoken to a lot of people

733

00:25:08,630 --> 00:25:06,640

including in your uh

734

00:25:09,909 --> 00:25:08,640

your three-part series recently over at

735

00:25:12,390 --> 00:25:09,919

the debrief like

736

00:25:14,390 --> 00:25:12,400

you know how these people react when it

737

00:25:16,149 --> 00:25:14,400

comes to ufos and

738

00:25:18,390 --> 00:25:16,159

you know it's not something they ever

739

00:25:20,710 --> 00:25:18,400

want to touch and it seems like

740

00:25:22,149 --> 00:25:20,720

you know this guy was willing to really

741

00:25:24,710 --> 00:25:22,159

cooperate with tom

742

00:25:25,750 --> 00:25:24,720

um even when ufos came up so like what

743

00:25:28,070 --> 00:25:25,760

do you think man

744

00:25:29,669 --> 00:25:28,080

is this something that they saw an

745

00:25:32,710 --> 00:25:29,679

opportunity to work with this guy

746

00:25:34,310 --> 00:25:32,720

and just play him or uh yeah what what

747

00:25:35,990 --> 00:25:34,320

do you make of the whole mccaslin thing

748

00:25:39,669 --> 00:25:36,000

if you even think this is the dude that

749

00:25:41,990 --> 00:25:39,679

set this stuff all up well

750

00:25:43,269 --> 00:25:42,000

i mean we're down to the core we're

751  
00:25:44,310 --> 00:25:43,279  
getting right to the heart of the real

752  
00:25:46,470 --> 00:25:44,320  
deal here

753  
00:25:47,990 --> 00:25:46,480  
we just dig right into it we're going

754  
00:25:51,190 --> 00:25:48,000  
right to the end of the movie yep

755  
00:25:53,510 --> 00:25:51,200  
all right man cool uh i think um

756  
00:25:55,029 --> 00:25:53,520  
you know i think it's an interesting you

757  
00:25:56,870 --> 00:25:55,039  
know the whole kind of it

758  
00:25:58,870 --> 00:25:56,880  
adds like like zach said it adds some

759  
00:26:02,149 --> 00:25:58,880  
really interesting mythology to it

760  
00:26:03,909 --> 00:26:02,159  
now uh one problem that i have with the

761  
00:26:04,630 --> 00:26:03,919  
whole mccaslin story has nothing to do

762  
00:26:06,390 --> 00:26:04,640  
with

763  
00:26:08,070 --> 00:26:06,400

what we just discussed and publicly out

764

00:26:08,630 --> 00:26:08,080

there but it's just based on the simple

765

00:26:10,390 --> 00:26:08,640

fact that

766

00:26:12,230 --> 00:26:10,400

everything that we know and all

767

00:26:15,430 --> 00:26:12,240

inferences that we have to kind of make

768

00:26:18,310 --> 00:26:15,440

are based solely on just a single source

769

00:26:19,190 --> 00:26:18,320

in this case uh tom delong and i'm sure

770

00:26:20,950 --> 00:26:19,200

we'll

771

00:26:23,029 --> 00:26:20,960

get into it in a little bit but there's

772

00:26:24,950 --> 00:26:23,039

you know been some comments by tom

773

00:26:27,029 --> 00:26:24,960

in different interviews at various

774

00:26:29,110 --> 00:26:27,039

points where it is called to question

775

00:26:31,990 --> 00:26:29,120

the veracity of some of what he's saying

776

00:26:33,350 --> 00:26:32,000

um you know down to the pac down to the

777

00:26:34,310 --> 00:26:33,360

fact that one could even question

778

00:26:36,950 --> 00:26:34,320

whether or not

779

00:26:38,470 --> 00:26:36,960

what explicitly tom was saying in those

780

00:26:41,669 --> 00:26:38,480

emails uh

781

00:26:42,870 --> 00:26:41,679

to podesta was was accurate you know so

782

00:26:44,789 --> 00:26:42,880

that's what makes it really difficult

783

00:26:45,590 --> 00:26:44,799

for me you know and i don't think i

784

00:26:48,630 --> 00:26:45,600

dispute

785

00:26:49,990 --> 00:26:48,640

uh i think that it's um

786

00:26:52,870 --> 00:26:50,000

i would say with a high degree of

787

00:26:53,830 --> 00:26:52,880

certainty that mccaslin is probably the

788

00:26:56,149 --> 00:26:53,840

quote general

789

00:26:57,750 --> 00:26:56,159

that uh de long has referenced in

790

00:27:00,390 --> 00:26:57,760

numerous occasions

791

00:27:02,310 --> 00:27:00,400

now beyond that in terms of you know it

792

00:27:03,909 --> 00:27:02,320

was the cold war we found a life form i

793

00:27:04,390 --> 00:27:03,919

mean that sounds like a great book for a

794

00:27:07,510 --> 00:27:04,400

book

795

00:27:09,430 --> 00:27:07,520

or a movie um or

796

00:27:10,950 --> 00:27:09,440

even the you know the information where

797

00:27:13,029 --> 00:27:10,960

he's saying he's been helping me build

798

00:27:14,630 --> 00:27:13,039

my team out this type of stuff

799

00:27:16,549 --> 00:27:14,640

uh you know like you like you mentioned

800

00:27:18,710 --> 00:27:16,559

i've have had an opportunity i've been

801  
00:27:21,110 --> 00:27:18,720  
fortunate to speak to a lot of people

802  
00:27:22,950 --> 00:27:21,120  
uh who have either worked on these kind

803  
00:27:25,830 --> 00:27:22,960  
of ufo programs

804  
00:27:26,310 --> 00:27:25,840  
in more contemporaneous uh you know more

805  
00:27:29,110 --> 00:27:26,320  
current

806  
00:27:32,310 --> 00:27:29,120  
i should say uh time frames or even in

807  
00:27:35,430 --> 00:27:32,320  
the recent past going back to osap

808  
00:27:36,870 --> 00:27:35,440  
they do not they no one has shared that

809  
00:27:39,430 --> 00:27:36,880  
same sentiment

810  
00:27:42,389 --> 00:27:39,440  
with me that uh cousin is like the

811  
00:27:45,510 --> 00:27:42,399  
smoking man from x-files behind us

812  
00:27:48,149 --> 00:27:45,520  
um all of that said i think that

813  
00:27:49,430 --> 00:27:48,159

it's totally understandable why mccaslin

814

00:27:53,110 --> 00:27:49,440

would come up

815

00:27:54,789 --> 00:27:53,120

i think that uh you know in turn i mean

816

00:27:57,110 --> 00:27:54,799

if you were going to write a script for

817

00:28:00,230 --> 00:27:57,120

it in the mythology

818

00:28:02,070 --> 00:28:00,240

mccaslin's a great character to cast uh

819

00:28:04,230 --> 00:28:02,080

you know down i think brit touched on it

820

00:28:06,470 --> 00:28:04,240

his assignments you know not just

821

00:28:08,070 --> 00:28:06,480

his career specifically what he's done

822

00:28:09,590 --> 00:28:08,080

during his air force career

823

00:28:11,750 --> 00:28:09,600

is he had a number of posts and

824

00:28:13,669 --> 00:28:11,760

assignments where

825

00:28:15,110 --> 00:28:13,679

you know if there is more ufo

826

00:28:16,870 --> 00:28:15,120

involvement in the u.s government than

827

00:28:18,310 --> 00:28:16,880

they let on he certainly would be in a

828

00:28:20,149 --> 00:28:18,320

position to kind of know that

829

00:28:21,990 --> 00:28:20,159

you know going down to his initial

830

00:28:23,669 --> 00:28:22,000

assignments right out of uh

831

00:28:25,269 --> 00:28:23,679

you know right out of college when he

832

00:28:27,350 --> 00:28:25,279

was first commissioned in the air force

833

00:28:28,870 --> 00:28:27,360

down at los angeles air force base

834

00:28:30,950 --> 00:28:28,880

you know in the early 80s he would have

835

00:28:33,510 --> 00:28:30,960

been working on

836

00:28:34,470 --> 00:28:33,520

uh the star wars program so a lot of

837

00:28:37,430 --> 00:28:34,480

satellite

838

00:28:39,430 --> 00:28:37,440

a lot of missile defense stuff a lot of

839

00:28:39,909 --> 00:28:39,440

monitoring is very very tense time frame

840

00:28:42,149 --> 00:28:39,919

there

841

00:28:44,230 --> 00:28:42,159

and so you know i think we mentioned

842

00:28:46,310 --> 00:28:44,240

this off the mic uh

843

00:28:47,990 --> 00:28:46,320

when we were chatting about it but one

844

00:28:49,510 --> 00:28:48,000

intriguing thing and this just kind of

845

00:28:51,590 --> 00:28:49,520

comes from me

846

00:28:53,510 --> 00:28:51,600

my background in law enforcement one of

847

00:28:56,149 --> 00:28:53,520

those roles was as a profiler and so you

848

00:28:58,389 --> 00:28:56,159

start looking to see does behavior match

849

00:29:00,549 --> 00:28:58,399

what's being said and it's interesting

850

00:29:01,430 --> 00:29:00,559

to me that the the quote about it was a

851  
00:29:03,510 --> 00:29:01,440  
cold war

852  
00:29:05,190 --> 00:29:03,520  
you know the threat of nuclear war was

853  
00:29:07,990 --> 00:29:05,200  
every day around us

854  
00:29:08,630 --> 00:29:08,000  
um that's actually you know consistent

855  
00:29:11,510 --> 00:29:08,640  
with what

856  
00:29:13,190 --> 00:29:11,520  
somebody in mccaslin's position during

857  
00:29:15,110 --> 00:29:13,200  
the early 1980s would say

858  
00:29:16,230 --> 00:29:15,120  
frankly because it was a very tense time

859  
00:29:17,990 --> 00:29:16,240  
it was you know

860  
00:29:20,230 --> 00:29:18,000  
arguably one of the most tense times

861  
00:29:22,789 --> 00:29:20,240  
next to the cuban missile crisis

862  
00:29:23,990 --> 00:29:22,799  
and so i think that him being assigned

863  
00:29:26,230 --> 00:29:24,000

there initially

864

00:29:27,909 --> 00:29:26,240

you know if you're there's enough

865

00:29:30,549 --> 00:29:27,919

reconnaissance and surveillance

866

00:29:33,110 --> 00:29:30,559

and intelligence assets that are in

867

00:29:35,430 --> 00:29:33,120

satellite space and in atmospheric space

868

00:29:36,230 --> 00:29:35,440

if you've got stuff coming through and

869

00:29:37,110 --> 00:29:36,240

you're picking it up

870

00:29:39,430 --> 00:29:37,120

obviously there's going to be a

871

00:29:39,990 --> 00:29:39,440

conversation that you know later in his

872

00:29:41,590 --> 00:29:40,000

career he

873

00:29:43,830 --> 00:29:41,600

he worked a lot of acquisitions and

874

00:29:45,190 --> 00:29:43,840

materials command related stuff both at

875

00:29:46,950 --> 00:29:45,200

the pentagon and then

876

00:29:48,470 --> 00:29:46,960

there at air force research labs that's

877

00:29:49,909 --> 00:29:48,480

that's specifically where he worked at

878

00:29:52,630 --> 00:29:49,919

wright patterson

879

00:29:54,389 --> 00:29:52,640

uh in the materials division and so sure

880

00:29:57,110 --> 00:29:54,399

you know right pat has

881

00:29:59,350 --> 00:29:57,120

considerable history in the the roswell

882

00:30:02,630 --> 00:29:59,360

myths and the ufo myths

883

00:30:04,630 --> 00:30:02,640

and his specific command position

884

00:30:06,310 --> 00:30:04,640

would have been inside the materials

885

00:30:09,510 --> 00:30:06,320

doctor and so

886

00:30:09,990 --> 00:30:09,520

um he's definitely kind of in all these

887

00:30:13,350 --> 00:30:10,000

right

888

00:30:14,230 --> 00:30:13,360

positions but uh is what he said

889

00:30:16,310 --> 00:30:14,240

accurate

890

00:30:17,830 --> 00:30:16,320

you know i don't know and that's what

891

00:30:19,750 --> 00:30:17,840

makes it difficult is because we only

892

00:30:21,430 --> 00:30:19,760

have one side of the story

893

00:30:24,950 --> 00:30:21,440

and more than that we don't even have a

894

00:30:26,549 --> 00:30:24,960

direct side of the story so we have tom

895

00:30:28,549 --> 00:30:26,559

who's made either general inferences

896

00:30:30,149 --> 00:30:28,559

about quote the general or we have we're

897

00:30:32,230 --> 00:30:30,159

reading an email that let's

898

00:30:34,070 --> 00:30:32,240

us i'll be honest was not meant for

899

00:30:34,549 --> 00:30:34,080

public consumption anyway it was sent to

900

00:30:37,830 --> 00:30:34,559

the

901  
00:30:40,710 --> 00:30:37,840  
recipient and so yeah

902  
00:30:42,230 --> 00:30:40,720  
it's like if anybody combed through our

903  
00:30:43,830 --> 00:30:42,240  
emails i bet you they could get all

904  
00:30:44,870 --> 00:30:43,840  
sorts of impressions that probably

905  
00:30:47,110 --> 00:30:44,880  
aren't accurate

906  
00:30:48,310 --> 00:30:47,120  
you know you if you comb through

907  
00:30:50,149 --> 00:30:48,320  
somebody's text messages

908  
00:30:51,590 --> 00:30:50,159  
uh because conversations going on the

909  
00:30:52,950 --> 00:30:51,600  
phone they're going in person so we

910  
00:30:54,549 --> 00:30:52,960  
don't know

911  
00:30:56,149 --> 00:30:54,559  
there's a lot of unknowns there and so

912  
00:30:58,789 --> 00:30:56,159  
it's difficult for me

913  
00:31:00,870 --> 00:30:58,799

right zach well that brings up something

914

00:31:04,149 --> 00:31:00,880

that zach has brought up in his

915

00:31:08,149 --> 00:31:04,159

uh looking into all of this is um

916

00:31:11,190 --> 00:31:08,159

tom delong and his admit admitting that

917

00:31:14,470 --> 00:31:11,200

he might have made some stuff up to get

918

00:31:16,470 --> 00:31:14,480

higher and higher up the food chain

919

00:31:18,149 --> 00:31:16,480

somehow you were able to not not only

920

00:31:20,149 --> 00:31:18,159

get people on the phone but get people

921

00:31:20,549 --> 00:31:20,159

on the record and start really getting

922

00:31:22,070 --> 00:31:20,559

stuff

923

00:31:23,909 --> 00:31:22,080

out to the public that had never been

924

00:31:25,590 --> 00:31:23,919

available before and that's a is that

925

00:31:26,470 --> 00:31:25,600

just due to your sheer tenacity it

926  
00:31:29,029 --> 00:31:26,480  
really kind of

927  
00:31:31,269 --> 00:31:29,039  
was uh i basically the very beginning of

928  
00:31:31,990 --> 00:31:31,279  
it i was playing a lot of very important

929  
00:31:33,350 --> 00:31:32,000  
people off each

930  
00:31:34,549 --> 00:31:33,360  
other it was really kind of funny i was

931  
00:31:35,990 --> 00:31:34,559  
just making things up i was like hey i'm

932  
00:31:37,430 --> 00:31:36,000  
talking to so-and-so and i go to that

933  
00:31:38,870 --> 00:31:37,440  
guy well hey i'm talking to so-and-so

934  
00:31:40,230 --> 00:31:38,880  
and you weren't talking to anybody oh i

935  
00:31:41,830 --> 00:31:40,240  
kind of was but it was more like

936  
00:31:44,870 --> 00:31:41,840  
handshakes and hellos

937  
00:31:46,549 --> 00:31:44,880  
you know zach do you want to comment on

938  
00:31:47,830 --> 00:31:46,559

that and kind of how it plays into what

939

00:31:49,750 --> 00:31:47,840

tim's saying there that like

940

00:31:51,669 --> 00:31:49,760

we've got this one dude to trust when it

941

00:31:54,389 --> 00:31:51,679

comes to all this and um

942

00:31:56,070 --> 00:31:54,399

okay he's the lead singer of blink182 so

943

00:31:59,430 --> 00:31:56,080

take that for what it is

944

00:32:02,389 --> 00:31:59,440

yeah uh there's so much here

945

00:32:03,669 --> 00:32:02,399

to sort of it's a puzzle right and it's

946

00:32:05,350 --> 00:32:03,679

like you're just trying to

947

00:32:06,870 --> 00:32:05,360

try to wrap your head around all these

948

00:32:08,310 --> 00:32:06,880

various pieces and we don't have the

949

00:32:10,630 --> 00:32:08,320

full context

950

00:32:12,870 --> 00:32:10,640

so you've got to kind of infer certain

951  
00:32:14,870 --> 00:32:12,880  
things um

952  
00:32:16,389 --> 00:32:14,880  
right and i actually i don't like to

953  
00:32:19,750 --> 00:32:16,399  
infer things i like to look at

954  
00:32:22,789 --> 00:32:19,760  
like what can we prove here so

955  
00:32:24,950 --> 00:32:22,799  
what i can prove is tom delong went on

956  
00:32:27,990 --> 00:32:24,960  
the radio on kroq radio

957  
00:32:29,750 --> 00:32:28,000  
um you know and said that he was

958  
00:32:32,310 --> 00:32:29,760  
essentially playing people off each

959  
00:32:33,909 --> 00:32:32,320  
other early on like these are his words

960  
00:32:36,310 --> 00:32:33,919  
he said i was playing people

961  
00:32:38,470 --> 00:32:36,320  
off each other in some cases you know he

962  
00:32:39,909 --> 00:32:38,480  
only it was like handshakes and hellos

963  
00:32:41,830 --> 00:32:39,919

is the way he described it

964

00:32:43,669 --> 00:32:41,840

you know so like he took these

965

00:32:45,669 --> 00:32:43,679

handshakes and hellos and then went to

966

00:32:48,310 --> 00:32:45,679

other people and said

967

00:32:49,190 --> 00:32:48,320

who knows right and we have to guess

968

00:32:52,070 --> 00:32:49,200

based on

969

00:32:53,750 --> 00:32:52,080

you know that like was he doing the same

970

00:32:56,950 --> 00:32:53,760

thing here with podesta and

971

00:32:58,870 --> 00:32:56,960

mccaslin right we don't know what tom

972

00:33:01,110 --> 00:32:58,880

was saying directly to mccasland

973

00:33:02,630 --> 00:33:01,120

we only know what tom was saying about

974

00:33:05,509 --> 00:33:02,640

mccasland

975

00:33:06,070 --> 00:33:05,519

to podesta you know which is why it

976

00:33:08,870 --> 00:33:06,080

would be

977

00:33:10,070 --> 00:33:08,880

really great uh for for mccaslin to come

978

00:33:11,990 --> 00:33:10,080

out and kind of clear this up

979

00:33:14,310 --> 00:33:12,000

and you know the argument that i've been

980

00:33:15,990 --> 00:33:14,320

i've been railing on and making for a

981

00:33:17,590 --> 00:33:16,000

long time is

982

00:33:19,269 --> 00:33:17,600

this is something that really adds

983

00:33:21,909 --> 00:33:19,279

credit credibility

984

00:33:23,029 --> 00:33:21,919

to tom's story for people that are just

985

00:33:24,950 --> 00:33:23,039

looking at this

986

00:33:26,789 --> 00:33:24,960

and just kind of skimming the surface of

987

00:33:29,430 --> 00:33:26,799

things it's like well look at this

988

00:33:31,669 --> 00:33:29,440

tom talked to general mccaslin look he

989

00:33:33,190 --> 00:33:31,679

had a google hangouts meeting with him

990

00:33:35,509 --> 00:33:33,200

like he had a google hangouts meeting

991

00:33:38,870 --> 00:33:35,519

with fricken

992

00:33:41,509 --> 00:33:38,880

mccaslin robert weiss from skunk works

993

00:33:43,430 --> 00:33:41,519

works right yeah someone from um the

994

00:33:44,310 --> 00:33:43,440

hillary clinton campaign who i won't

995

00:33:47,350 --> 00:33:44,320

name here because

996

00:33:49,669 --> 00:33:47,360

didn't you know any doesn't matter but

997

00:33:51,350 --> 00:33:49,679

what a group of people were part of this

998

00:33:53,990 --> 00:33:51,360

google hangouts meeting

999

00:33:54,789 --> 00:33:54,000

and like what the hell were they doing

1000

00:33:57,830 --> 00:33:54,799

there

1001  
00:34:00,070 --> 00:33:57,840  
and you know tom follows up that google

1002  
00:34:01,750 --> 00:34:00,080  
hangouts meeting writing another email

1003  
00:34:04,549 --> 00:34:01,760  
to podesta saying like

1004  
00:34:05,990 --> 00:34:04,559  
you know this general general mccaslin

1005  
00:34:09,030 --> 00:34:06,000  
he says he's a skeptic

1006  
00:34:10,470 --> 00:34:09,040  
trust me he's not you know and again

1007  
00:34:13,190 --> 00:34:10,480  
that sounds a lot

1008  
00:34:15,829 --> 00:34:13,200  
very consistent with what tom said on

1009  
00:34:17,270 --> 00:34:15,839  
kroq about like playing people off each

1010  
00:34:20,550 --> 00:34:17,280  
other

1011  
00:34:22,790 --> 00:34:20,560  
or like it it's hard to establish a

1012  
00:34:24,230 --> 00:34:22,800  
timeline it's like tom was this

1013  
00:34:26,550 --> 00:34:24,240

was this an instance of you playing

1014

00:34:28,869 --> 00:34:26,560

people off each other or

1015

00:34:31,190 --> 00:34:28,879

were you actually in communication with

1016

00:34:33,669 --> 00:34:31,200

this general who fed you this story like

1017

00:34:35,190 --> 00:34:33,679

it's very difficult to get a handle on

1018

00:34:37,669 --> 00:34:35,200

all this but

1019

00:34:38,629 --> 00:34:37,679

the reason why i think it's important is

1020

00:34:41,750 --> 00:34:38,639

i look at like

1021

00:34:43,109 --> 00:34:41,760

basic questions that you ask going into

1022

00:34:44,710 --> 00:34:43,119

anything

1023

00:34:46,950 --> 00:34:44,720

and you look at important details it's

1024

00:34:48,230 --> 00:34:46,960

like okay tom was certainly

1025

00:34:50,470 --> 00:34:48,240

you know in communication with these

1026

00:34:53,829 --> 00:34:50,480

people um let's go

1027

00:34:57,349 --> 00:34:53,839

find out let's go talk to mccaslin

1028

00:35:00,230 --> 00:34:57,359

right and look i've tried i've

1029

00:35:01,190 --> 00:35:00,240

i have done everything within my power

1030

00:35:04,710 --> 00:35:01,200

as a

1031

00:35:05,030 --> 00:35:04,720

uh not journalist uh and not huge you

1032

00:35:07,430 --> 00:35:05,040

know

1033

00:35:08,310 --> 00:35:07,440

person uh i've done everything i can to

1034

00:35:10,950 --> 00:35:08,320

try to get

1035

00:35:11,910 --> 00:35:10,960

something out of mccaslin because my

1036

00:35:14,829 --> 00:35:11,920

view is

1037

00:35:17,030 --> 00:35:14,839

it's like either either tom's story is

1038

00:35:18,470 --> 00:35:17,040

true uh

1039

00:35:20,230 --> 00:35:18,480

you know and that would be interesting

1040

00:35:22,550 --> 00:35:20,240

maybe we get like a no comment

1041

00:35:23,510 --> 00:35:22,560

on adam mccasland you know he just says

1042

00:35:26,630 --> 00:35:23,520

nothing

1043

00:35:27,030 --> 00:35:26,640

or alternatively everything here that

1044

00:35:30,150 --> 00:35:27,040

tom

1045

00:35:32,390 --> 00:35:30,160

said in these emails is horseshit um and

1046

00:35:32,710 --> 00:35:32,400

mccaslin is hiding from the whole thing

1047

00:35:34,630 --> 00:35:32,720

and

1048

00:35:36,230 --> 00:35:34,640

not wanting to say anything because

1049

00:35:38,630 --> 00:35:36,240

honestly he doesn't want his name any

1050

00:35:41,829 --> 00:35:38,640

any more tarnished than it already is by

1051

00:35:44,870 --> 00:35:41,839

this his attachment to this entire story

1052

00:35:48,150 --> 00:35:44,880

either way this is an important uh

1053

00:35:49,990 --> 00:35:48,160

piece of the puzzle to like we need to

1054

00:35:51,910 --> 00:35:50,000

know one way or the other and

1055

00:35:54,790 --> 00:35:51,920

my argument's mccaslin if he's out there

1056

00:35:56,390 --> 00:35:54,800

somewhere listening it's like dude

1057

00:35:57,750 --> 00:35:56,400

i'm not the only one who's gonna ask

1058

00:35:59,430 --> 00:35:57,760

this question i'm not the only person

1059

00:36:02,870 --> 00:35:59,440

who's going to who's going to

1060

00:36:06,310 --> 00:36:02,880

send you messages on facebook right

1061

00:36:08,310 --> 00:36:06,320

um and in fact i would argue even after

1062

00:36:10,950 --> 00:36:08,320

he you know passes away people are going

1063

00:36:11,430 --> 00:36:10,960

to keep like this is how ufo mythology

1064

00:36:14,790 --> 00:36:11,440

works

1065

00:36:17,030 --> 00:36:14,800

this stuff sticks forever it's like if

1066

00:36:18,950 --> 00:36:17,040

you have something to say about this

1067

00:36:20,150 --> 00:36:18,960

it would be really good for you to come

1068

00:36:20,550 --> 00:36:20,160

out and say something about it because

1069

00:36:25,670 --> 00:36:20,560

it

1070

00:36:27,750 --> 00:36:25,680

right that is just kind of hanging out

1071

00:36:30,470 --> 00:36:27,760

there and it will just become part

1072

00:36:31,589 --> 00:36:30,480

and incorporated with the larger ufo

1073

00:36:35,030 --> 00:36:31,599

mythology

1074

00:36:36,710 --> 00:36:35,040

unless it does get cleared up so um

1075

00:36:38,310 --> 00:36:36,720

i would hope that journalists will you

1076

00:36:41,430 --> 00:36:38,320

know reach out to mccasland

1077

00:36:43,990 --> 00:36:41,440

and and i would hope that mccasland

1078

00:36:44,950 --> 00:36:44,000

understands why it's important for him

1079

00:36:47,190 --> 00:36:44,960

to

1080

00:36:48,150 --> 00:36:47,200

say something one way or the other about

1081

00:36:49,990 --> 00:36:48,160

this

1082

00:36:52,390 --> 00:36:50,000

you bring up so many good points zack

1083

00:36:55,030 --> 00:36:52,400

especially the fact that like um

1084

00:36:55,910 --> 00:36:55,040

in you're right in ufology you will

1085

00:36:58,069 --> 00:36:55,920

become

1086

00:36:59,510 --> 00:36:58,079

like a myth when it comes to this so

1087

00:37:01,430 --> 00:36:59,520

it's like if you really want to be known

1088

00:37:03,750 --> 00:37:01,440

as the general who possibly

1089

00:37:04,550 --> 00:37:03,760

you know was feeding tummed along a

1090

00:37:08,230 --> 00:37:04,560

bunch of

1091

00:37:11,190 --> 00:37:08,240

either [h\_\_h] or truth um so be it

1092

00:37:12,790 --> 00:37:11,200

if that wasn't true i wouldn't i i would

1093

00:37:14,630 --> 00:37:12,800

want to disentangle that for people

1094

00:37:16,710 --> 00:37:14,640

especially so and i really wanna

1095

00:37:19,109 --> 00:37:16,720

not to interrupt but like i really wanna

1096

00:37:22,150 --> 00:37:19,119

explain why i think it's important

1097

00:37:23,109 --> 00:37:22,160

if i'm mccaslin and i see the last four

1098

00:37:26,069 --> 00:37:23,119

years play out

1099

00:37:27,349 --> 00:37:26,079

starting with to the stars academy to

1100

00:37:30,550 --> 00:37:27,359

the

1101

00:37:32,470 --> 00:37:30,560

uap

1102

00:37:36,790 --> 00:37:32,480

briefings to now the pentagon has

1103

00:37:39,990 --> 00:37:36,800

literally released a report on ufos

1104

00:37:41,910 --> 00:37:40,000

this is important because it all started

1105

00:37:43,829 --> 00:37:41,920

effectively with tom delong and the

1106

00:37:45,589 --> 00:37:43,839

formation of to the stars academy and

1107

00:37:47,670 --> 00:37:45,599

that core group of people

1108

00:37:49,190 --> 00:37:47,680

that were part of to the stars academy

1109

00:37:51,270 --> 00:37:49,200

right we've still got melon

1110

00:37:52,470 --> 00:37:51,280

and elizondo and all these other people

1111

00:37:55,670 --> 00:37:52,480

kind of in play

1112

00:37:57,270 --> 00:37:55,680

continuing to talk about this so

1113

00:37:59,030 --> 00:37:57,280

when i when i look at journalists kind

1114

00:38:02,390 --> 00:37:59,040

of looking into this stuff

1115

00:38:04,710 --> 00:38:02,400

i i am a bit critical because it's like

1116

00:38:07,109 --> 00:38:04,720

no one is circling back and like going

1117

00:38:11,270 --> 00:38:07,119

okay where did this start

1118

00:38:13,990 --> 00:38:11,280

and can we trust any of this

1119

00:38:16,150 --> 00:38:14,000

because i see a scenario that could it

1120

00:38:19,430 --> 00:38:16,160

could be multiple things

1121

00:38:21,270 --> 00:38:19,440

one of the hypotheses i have you know

1122

00:38:22,630 --> 00:38:21,280

among many i personally think there's

1123

00:38:26,310 --> 00:38:22,640

something to this

1124

00:38:27,910 --> 00:38:26,320

but another hypothesis might be

1125

00:38:30,550 --> 00:38:27,920

these are all people kind of chasing

1126

00:38:33,270 --> 00:38:30,560

their own shadows you know

1127

00:38:33,910 --> 00:38:33,280

um like you hear something from one

1128

00:38:36,230 --> 00:38:33,920

person

1129

00:38:36,950 --> 00:38:36,240

and you think it's good enough to follow

1130

00:38:39,829 --> 00:38:36,960

up with

1131

00:38:40,950 --> 00:38:39,839

action say you know there's there's a

1132

00:38:43,670 --> 00:38:40,960

lot of stuff

1133

00:38:44,550 --> 00:38:43,680

here and none of it's verifiable like

1134

00:38:46,390 --> 00:38:44,560

none of it

1135

00:38:47,910 --> 00:38:46,400

and i go i just i'm just like can we

1136

00:38:51,270 --> 00:38:47,920

verify something

1137

00:38:53,109 --> 00:38:51,280

just and and the mccaslin thing is like

1138

00:38:54,470 --> 00:38:53,119

okay well here's the origin of to the

1139

00:38:56,550 --> 00:38:54,480

stars academy tom

1140

00:38:58,069 --> 00:38:56,560

said that this guy helped him assemble

1141

00:39:00,470 --> 00:38:58,079

his advisory team

1142

00:39:01,349 --> 00:39:00,480

is that true it's like question one on

1143

00:39:03,270 --> 00:39:01,359

the list

1144

00:39:04,870 --> 00:39:03,280

right i've got a long list of questions

1145

00:39:06,150 --> 00:39:04,880

but like this is the first one and

1146

00:39:09,589 --> 00:39:06,160

somehow it's gone

1147

00:39:13,349 --> 00:39:09,599

unaddressed for four freaking years

1148

00:39:15,030 --> 00:39:13,359

anyway yeah that's why i care

1149

00:39:16,470 --> 00:39:15,040

would you say brit yeah it's technically

1150

00:39:17,510 --> 00:39:16,480

longer is that because i think there's

1151

00:39:19,829 --> 00:39:17,520

emails like

1152

00:39:22,150 --> 00:39:19,839

november yeah yeah five years october

1153

00:39:22,950 --> 00:39:22,160

november uh 2016 says like yeah five

1154

00:39:24,470 --> 00:39:22,960

years

1155

00:39:26,710 --> 00:39:24,480

that brings up something really

1156

00:39:27,030 --> 00:39:26,720

interesting too like we have to go back

1157

00:39:29,750 --> 00:39:27,040

to

1158

00:39:30,790 --> 00:39:29,760

um and i'm so glad you used chasing

1159

00:39:33,030 --> 00:39:30,800

shadows zach

1160

00:39:35,349 --> 00:39:33,040

um obviously being the first book in

1161

00:39:37,349 --> 00:39:35,359

this this series that tom

1162

00:39:38,710 --> 00:39:37,359

sort of pitched to all these people

1163

00:39:39,990 --> 00:39:38,720

dropped there yeah yeah

1164

00:39:42,390 --> 00:39:40,000

good job my man you know what you're

1165

00:39:44,710 --> 00:39:42,400

doing um but

1166

00:39:46,550 --> 00:39:44,720

we don't even know because we know tom

1167

00:39:49,270 --> 00:39:46,560

originally kind of compiled this

1168

00:39:50,069 --> 00:39:49,280

advisory board with this possible

1169

00:39:53,589 --> 00:39:50,079

general

1170

00:39:55,109 --> 00:39:53,599

and um then the emails leaked and a lot

1171

00:39:56,390 --> 00:39:55,119

of them got cold feet and were like i

1172

00:39:58,470 --> 00:39:56,400

don't want to be a part of this anymore

1173

00:40:00,470 --> 00:39:58,480

i'm out like my name i'm done

1174

00:40:01,589 --> 00:40:00,480

so like that's another big question too

1175

00:40:04,870 --> 00:40:01,599

so is melon

1176  
00:40:06,630 --> 00:40:04,880  
is elizondo are these people that he did

1177  
00:40:07,910 --> 00:40:06,640  
eventually work with into the stars the

1178  
00:40:10,790 --> 00:40:07,920  
actual people

1179  
00:40:12,710 --> 00:40:10,800  
that the original general assembled we

1180  
00:40:14,550 --> 00:40:12,720  
we don't even know that at this point

1181  
00:40:16,390 --> 00:40:14,560  
unless i'm completely off base with that

1182  
00:40:18,550 --> 00:40:16,400  
i don't know but it it seems like a lot

1183  
00:40:20,470 --> 00:40:18,560  
of this really started with um

1184  
00:40:21,829 --> 00:40:20,480  
secret machines which i think kind of

1185  
00:40:23,670 --> 00:40:21,839  
took the back seat

1186  
00:40:24,870 --> 00:40:23,680  
when all of this other stuff started

1187  
00:40:27,589 --> 00:40:24,880  
happening with the navy

1188  
00:40:29,349 --> 00:40:27,599

ufo videos and everything it's kind of

1189

00:40:31,349 --> 00:40:29,359

like his original pitch

1190

00:40:32,710 --> 00:40:31,359

kind of went to the you know the back

1191

00:40:34,710 --> 00:40:32,720

burner for a little bit

1192

00:40:35,750 --> 00:40:34,720

and now look at where we are less than

1193

00:40:39,030 --> 00:40:35,760

two years

1194

00:40:41,990 --> 00:40:39,040

after to the start started it's already

1195

00:40:43,510 --> 00:40:42,000

basically gone so um yeah i don't know

1196

00:40:44,470 --> 00:40:43,520

is that something anyone else wants to

1197

00:40:45,510 --> 00:40:44,480

comment on

1198

00:40:47,589 --> 00:40:45,520

we don't even know if this is the

1199

00:40:50,870 --> 00:40:47,599

original people that tom was talking to

1200

00:40:53,349 --> 00:40:50,880

that eventually ended up in the academy

1201

00:40:54,470 --> 00:40:53,359

no you're right there's a ton of

1202

00:40:57,349 --> 00:40:54,480

unknowns there

1203

00:40:58,870 --> 00:40:57,359

and you know i'll share because i have

1204

00:41:00,790 --> 00:40:58,880

followed up some on and i think zach

1205

00:41:01,589 --> 00:41:00,800

brings up a very extremely significant

1206

00:41:04,470 --> 00:41:01,599

point

1207

00:41:06,390 --> 00:41:04,480

is understanding the origin of it yeah

1208

00:41:10,069 --> 00:41:06,400

because it becomes problematic

1209

00:41:12,390 --> 00:41:10,079

you know if you you don't look into that

1210

00:41:13,829 --> 00:41:12,400

and you it requires you to just take the

1211

00:41:16,790 --> 00:41:13,839

word of time along that that

1212

00:41:18,550 --> 00:41:16,800

also requires you to begin digging into

1213

00:41:21,670 --> 00:41:18,560

other things that he said and

1214

00:41:23,750 --> 00:41:21,680

frankly tom said a lot of crazy [h\_\_h]

1215

00:41:25,430 --> 00:41:23,760

uh you know if anybody's watched the joe

1216

00:41:26,950 --> 00:41:25,440

rogan interview anything like that

1217

00:41:28,550 --> 00:41:26,960

and so you have to start saying well is

1218

00:41:31,349 --> 00:41:28,560

that true is this true

1219

00:41:32,390 --> 00:41:31,359

so you know trying to to shift through

1220

00:41:35,510 --> 00:41:32,400

all of that

1221

00:41:37,510 --> 00:41:35,520

is a difficult venture uh

1222

00:41:39,430 --> 00:41:37,520

and especially when you've got this

1223

00:41:40,550 --> 00:41:39,440

other real thing that uh you know the

1224

00:41:42,069 --> 00:41:40,560

government's talking about they're

1225

00:41:43,030 --> 00:41:42,079

releasing reports about but then you've

1226

00:41:45,910 --> 00:41:43,040

got all this other

1227

00:41:47,430 --> 00:41:45,920

other stuff mixed in but uh you know i

1228

00:41:50,470 --> 00:41:47,440

did dig into it some

1229

00:41:52,870 --> 00:41:50,480

and i will say that only in background

1230

00:41:56,069 --> 00:41:52,880

conversations nobody wanted to

1231

00:41:57,990 --> 00:41:56,079

speak on the record um for various

1232

00:42:00,390 --> 00:41:58,000

reasons and you know one of them

1233

00:42:01,829 --> 00:42:00,400

oftentimes being because if anybody

1234

00:42:02,870 --> 00:42:01,839

who's actively employed by the

1235

00:42:04,950 --> 00:42:02,880

department of defense

1236

00:42:06,870 --> 00:42:04,960

uh whether they're active duty military

1237

00:42:08,390 --> 00:42:06,880

or civilian they they can't

1238

00:42:09,910 --> 00:42:08,400

you know they're not supposed to talk to

1239

00:42:12,790 --> 00:42:09,920

reporters

1240

00:42:13,510 --> 00:42:12,800

they get a lot of trouble but uh no one

1241

00:42:16,309 --> 00:42:13,520

shared

1242

00:42:17,190 --> 00:42:16,319

you know no one has ever corroborated

1243

00:42:20,630 --> 00:42:17,200

tom's story

1244

00:42:21,430 --> 00:42:20,640

to me no one has ever you know made it

1245

00:42:25,030 --> 00:42:21,440

sound

1246

00:42:28,069 --> 00:42:25,040

has been

1247

00:42:28,470 --> 00:42:28,079

told to me that tom uh you know is very

1248

00:42:32,710 --> 00:42:28,480

much

1249

00:42:35,750 --> 00:42:34,309

there's no secret sauce to how i get a

1250

00:42:36,069 --> 00:42:35,760

hold of people it's just like what tom

1251

00:42:38,069 --> 00:42:36,079

did

1252

00:42:40,550 --> 00:42:38,079

which is reaching out to people you know

1253

00:42:42,230 --> 00:42:40,560

if you ask enough people somebody says

1254

00:42:43,270 --> 00:42:42,240

yes and you just kind of work your way

1255

00:42:46,470 --> 00:42:43,280

there and i think

1256

00:42:49,829 --> 00:42:46,480

that uh to some extent i'll say you know

1257

00:42:51,190 --> 00:42:49,839

just now complain devil's advocate here

1258

00:42:52,870 --> 00:42:51,200

and speaking on his

1259

00:42:54,470 --> 00:42:52,880

speaking on his benefit that it wasn't

1260

00:42:55,589 --> 00:42:54,480

as nefarious as it might have sounded in

1261

00:42:57,270 --> 00:42:55,599

the interview where he said he was

1262

00:42:59,670 --> 00:42:57,280

playing people off of each other

1263

00:43:00,550 --> 00:42:59,680

you know that's what journalists do is

1264

00:43:03,109 --> 00:43:00,560

if you can get

1265

00:43:04,390 --> 00:43:03,119

you know i if you you can email somebody

1266

00:43:06,150 --> 00:43:04,400

and say hey i've been chatting with john

1267

00:43:07,109 --> 00:43:06,160

podesta and so i was wondering if i can

1268

00:43:08,950 --> 00:43:07,119

chat with you

1269

00:43:10,630 --> 00:43:08,960

this type of thing because it's uh

1270

00:43:11,990 --> 00:43:10,640

nobody wants to be the first person to

1271

00:43:13,990 --> 00:43:12,000

talk to the press

1272

00:43:16,069 --> 00:43:14,000

but they don't mind if others have and

1273

00:43:19,589 --> 00:43:16,079

so that it could be just simply that

1274

00:43:22,230 --> 00:43:19,599

um just about all journalists do that um

1275

00:43:23,190 --> 00:43:22,240

but everybody has kind of shared it that

1276

00:43:25,030 --> 00:43:23,200

uh

1277

00:43:26,870 --> 00:43:25,040

tom was just really good at reaching out

1278

00:43:29,829 --> 00:43:26,880

to lots of people you know he

1279

00:43:31,829 --> 00:43:29,839

he is you know you know even though brit

1280

00:43:32,309 --> 00:43:31,839

what do you say a child of the 2000s i

1281

00:43:34,390 --> 00:43:32,319

feel

1282

00:43:37,270 --> 00:43:34,400

very old right now because i grew up

1283

00:43:40,470 --> 00:43:37,280

with uh well

1284

00:43:41,030 --> 00:43:40,480

but you know she's right on the cusp

1285

00:43:44,150 --> 00:43:41,040

yeah i

1286

00:43:46,069 --> 00:43:44,160

i feel you right yeah all right well i

1287

00:43:47,190 --> 00:43:46,079

can still remember being in high school

1288

00:43:50,309 --> 00:43:47,200

jamming out the blank

1289

00:43:52,309 --> 00:43:50,319

and you know me too i'm with you tom

1290

00:43:53,670 --> 00:43:52,319

tom's got a name out there so it's not

1291

00:43:55,750 --> 00:43:53,680

just a random person

1292

00:43:57,109 --> 00:43:55,760

and and so he reaches out you know it

1293

00:43:59,990 --> 00:43:57,119

was shared to me that

1294

00:44:01,589 --> 00:44:00,000

at least initially a lot of people hey

1295

00:44:02,390 --> 00:44:01,599

you know hey it's time long i know this

1296

00:44:05,190 --> 00:44:02,400

dude you know

1297

00:44:05,829 --> 00:44:05,200

and uh that this was a project very much

1298

00:44:07,349 --> 00:44:05,839

like you said

1299

00:44:09,349 --> 00:44:07,359

the impetus behind it was the secret

1300

00:44:10,630 --> 00:44:09,359

machines it was this intermixing of

1301  
00:44:14,550 --> 00:44:10,640  
fiction

1302  
00:44:17,589 --> 00:44:14,560  
story what's supposed to be the truth

1303  
00:44:19,589 --> 00:44:17,599  
through fiction format and so

1304  
00:44:21,270 --> 00:44:19,599  
a lot of these people who initially

1305  
00:44:23,270 --> 00:44:21,280  
spoke to tom were under this impression

1306  
00:44:26,710 --> 00:44:23,280  
that they were just giving advice for

1307  
00:44:30,470 --> 00:44:26,720  
a fictional movie or book

1308  
00:44:35,109 --> 00:44:30,480  
right which afforded them the ability to

1309  
00:44:38,309 --> 00:44:35,119  
use fictional stuff and and

1310  
00:44:40,470 --> 00:44:38,319  
that's not to say there that tom

1311  
00:44:41,670 --> 00:44:40,480  
you know is overtly lying to anybody

1312  
00:44:43,349 --> 00:44:41,680  
that's what you know i i

1313  
00:44:45,349 --> 00:44:43,359

i end up saying this a lot to people is

1314

00:44:48,230 --> 00:44:45,359

that the truth tends to be very mundane

1315

00:44:49,349 --> 00:44:48,240

and it's not nearly as sophisticated and

1316

00:44:51,990 --> 00:44:49,359

there's not this grand

1317

00:44:52,470 --> 00:44:52,000

scheme that often people think is that

1318

00:44:54,550 --> 00:44:52,480

uh

1319

00:44:56,870 --> 00:44:54,560

you know tom very well could have gone

1320

00:44:58,390 --> 00:44:56,880

into some of these meetings saying hey

1321

00:45:00,309 --> 00:44:58,400

i want to write this book and make it

1322

00:45:01,109 --> 00:45:00,319

really realistic it's about ufos and

1323

00:45:03,270 --> 00:45:01,119

everything and

1324

00:45:05,430 --> 00:45:03,280

and uh you know can you give me some

1325

00:45:07,270 --> 00:45:05,440

advice and pointers wink wink

1326

00:45:09,670 --> 00:45:07,280

and he's thinking what they're telling

1327

00:45:11,190 --> 00:45:09,680

me they're saying it's for the book

1328

00:45:12,950 --> 00:45:11,200

but they're just saying that because

1329

00:45:14,790 --> 00:45:12,960

they can't really you know break

1330

00:45:15,910 --> 00:45:14,800

security of wink wink

1331

00:45:18,950 --> 00:45:15,920

meanwhile they're on the other side

1332

00:45:22,390 --> 00:45:18,960

going oh why is this dude keep winking

1333

00:45:27,349 --> 00:45:25,510

it was a punk rocker you know yeah lived

1334

00:45:30,390 --> 00:45:27,359

a rocker lifestyle

1335

00:45:31,270 --> 00:45:30,400

um and so yeah i mean that's kind of the

1336

00:45:33,750 --> 00:45:31,280

way

1337

00:45:34,309 --> 00:45:33,760

that everybody that i've spoken to about

1338

00:45:36,870 --> 00:45:34,319

it

1339

00:45:38,150 --> 00:45:36,880

has has said but like zack says until

1340

00:45:39,670 --> 00:45:38,160

somebody's willing to go on the record

1341

00:45:41,349 --> 00:45:39,680

for this is just me telling you what

1342

00:45:43,510 --> 00:45:41,359

somebody's told me whether anybody wants

1343

00:45:44,550 --> 00:45:43,520

that or not yeah fine i don't expect

1344

00:45:46,390 --> 00:45:44,560

anybody to

1345

00:45:47,670 --> 00:45:46,400

and i agree that kind of some clarity

1346

00:45:49,750 --> 00:45:47,680

here would be good

1347

00:45:51,670 --> 00:45:49,760

i understand at least initially some of

1348

00:45:53,910 --> 00:45:51,680

the people i spoke to this was when

1349

00:45:55,030 --> 00:45:53,920

ttsa was more together and you had

1350

00:45:58,150 --> 00:45:55,040

mellon and

1351  
00:45:59,349 --> 00:45:58,160  
uh steve justice and and elizondo there

1352  
00:46:02,470 --> 00:45:59,359  
so maybe they didn't want to

1353  
00:46:04,710 --> 00:46:02,480  
[h\_\_h] on those people's new employer but

1354  
00:46:06,950 --> 00:46:04,720  
that's kind of dissolved and so i think

1355  
00:46:08,550 --> 00:46:06,960  
either just getting some truth there and

1356  
00:46:11,349 --> 00:46:08,560  
and i think because that's what becomes

1357  
00:46:14,390 --> 00:46:11,359  
very frustrating with all of this

1358  
00:46:17,510 --> 00:46:14,400  
is that you have something that i think

1359  
00:46:18,150 --> 00:46:17,520  
is legitimately interesting here when

1360  
00:46:20,470 --> 00:46:18,160  
the government's

1361  
00:46:21,750 --> 00:46:20,480  
releasing reports saying that you know

1362  
00:46:23,990 --> 00:46:21,760  
144

1363  
00:46:26,230 --> 00:46:24,000

incidences i don't really give a [\h\_\_\h] if

1364

00:46:28,390 --> 00:46:26,240

it's only one of those instances

1365

00:46:29,829 --> 00:46:28,400

that's got something really exotic like

1366

00:46:31,510 --> 00:46:29,839

that's enough for me i know people want

1367

00:46:33,670 --> 00:46:31,520

to argue on twitter about

1368

00:46:35,589 --> 00:46:33,680

you know whether the 2019 events were

1369

00:46:37,270 --> 00:46:35,599

drones or ufos i'm like i don't give a

1370

00:46:38,550 --> 00:46:37,280

[\h\_\_\h] i only need one

1371

00:46:40,390 --> 00:46:38,560

one of them is interesting it's

1372

00:46:43,589 --> 00:46:40,400

worthwhile of scrutiny

1373

00:46:45,349 --> 00:46:43,599

and so when you've got 144 of them and

1374

00:46:48,870 --> 00:46:45,359

then they're mentioning you know a

1375

00:46:51,270 --> 00:46:48,880

handful that have very interesting

1376

00:46:52,309 --> 00:46:51,280

characteristics i'm like that's really

1377

00:46:55,190 --> 00:46:52,319

fascinating

1378

00:46:57,510 --> 00:46:55,200

but it's hard to dig into just that and

1379

00:46:58,790 --> 00:46:57,520

get everybody to kind of focus on that

1380

00:47:01,190 --> 00:46:58,800

because there's all these other little

1381

00:47:04,309 --> 00:47:01,200

pig trails that go down there and so

1382

00:47:05,430 --> 00:47:04,319

yeah very nice to get clarity whether

1383

00:47:07,589 --> 00:47:05,440

it's mccaslin

1384

00:47:09,349 --> 00:47:07,599

whether it's ggasa whether it's geelong

1385

00:47:10,230 --> 00:47:09,359

so we can just sweep that to the side no

1386

00:47:12,309 --> 00:47:10,240

hard feelings

1387

00:47:14,470 --> 00:47:12,319

you know like i'm not mad if it's all a

1388

00:47:16,390 --> 00:47:14,480

big misunderstanding but let's

1389

00:47:18,790 --> 00:47:16,400

kind of get through that because if not

1390

00:47:22,230 --> 00:47:18,800

even if it's just that one interesting

1391

00:47:28,950 --> 00:47:22,240

something it gets lost in the past

1392

00:47:32,470 --> 00:47:30,790

so mccaslin would say it's like a

1393

00:47:33,109 --> 00:47:32,480

fiction book right that he was working

1394

00:47:34,630 --> 00:47:33,119

with but

1395

00:47:36,870 --> 00:47:34,640

you know there's some conflixtions there

1396

00:47:38,870 --> 00:47:36,880

right um just uh

1397

00:47:40,470 --> 00:47:38,880

assuming that he is talking about the

1398

00:47:41,589 --> 00:47:40,480

password in this particular email to

1399

00:47:44,549 --> 00:47:41,599

podesta

1400

00:47:46,230 --> 00:47:44,559

um and it said the title of the email is

1401

00:47:48,549 --> 00:47:46,240

podesta and ufos right

1402

00:47:50,470 --> 00:47:48,559

now part of this uh email he says

1403

00:47:52,710 --> 00:47:50,480

because of his maturity on the topic

1404

00:47:54,710 --> 00:47:52,720

he is consistently given important

1405

00:47:57,270 --> 00:47:54,720

information to help communicate

1406

00:47:58,990 --> 00:47:57,280

he helped me create my thesis three

1407

00:48:01,270 --> 00:47:59,000

secret machines

1408

00:48:02,150 --> 00:48:01,280

non-fiction books coming out after the

1409

00:48:04,390 --> 00:48:02,160

novel

1410

00:48:06,470 --> 00:48:04,400

and that the thesis is what gained my

1411

00:48:09,270 --> 00:48:06,480

friendship with the very important

1412

00:48:09,750 --> 00:48:09,280

general from wright patterson that was

1413

00:48:13,349 --> 00:48:09,760

on

1414

00:48:15,109 --> 00:48:13,359

our call so i you know i can't help but

1415

00:48:15,510 --> 00:48:15,119

to assume like zach said earlier i mean

1416

00:48:17,910 --> 00:48:15,520

there's just

1417

00:48:19,990 --> 00:48:17,920

the the language there right it causes

1418

00:48:23,030 --> 00:48:20,000

you to just assume that he is talking

1419

00:48:25,430 --> 00:48:23,040

about mccaslin right so

1420

00:48:26,790 --> 00:48:25,440

you know that part right there right

1421

00:48:30,069 --> 00:48:26,800

that that's what we really

1422

00:48:31,750 --> 00:48:30,079

need like transparency and clarification

1423

00:48:33,190 --> 00:48:31,760

like i understand like

1424

00:48:34,950 --> 00:48:33,200

it kind of sucks to get your name out

1425

00:48:36,549 --> 00:48:34,960

there to the public because some russian

1426

00:48:37,670 --> 00:48:36,559

hacker group decided to hack john

1427

00:48:39,829 --> 00:48:37,680

podesta and this

1428

00:48:41,910 --> 00:48:39,839

famous rock star just kept naming up in

1429

00:48:43,430 --> 00:48:41,920

your just like put you in there like i

1430

00:48:43,910 --> 00:48:43,440

did it right like i would do the same

1431

00:48:45,190 --> 00:48:43,920

because

1432

00:48:47,349 --> 00:48:45,200

you're like i don't want to go out i had

1433

00:48:50,870 --> 00:48:47,359

nothing to do with this but

1434

00:48:53,750 --> 00:48:50,880

thank you assange you know like

1435

00:48:54,230 --> 00:48:53,760

especially with this topic going on the

1436

00:48:56,150 --> 00:48:54,240

news

1437

00:48:59,190 --> 00:48:56,160

becoming a thing congress is talking

1438

00:49:00,790 --> 00:48:59,200

about it no obviously it's a big deal so

1439

00:49:02,390 --> 00:49:00,800

i mean you're going to have people

1440

00:49:03,430 --> 00:49:02,400

especially people like us who like to

1441

00:49:07,670 --> 00:49:03,440

dig

1442

00:49:11,109 --> 00:49:07,680

really deep just be like what is this

1443

00:49:13,190 --> 00:49:11,119

and like yeah i really just come out

1444

00:49:14,870 --> 00:49:13,200

clearly i know a little bit i think

1445

00:49:17,030 --> 00:49:14,880

we're all on the same page that like

1446

00:49:18,230 --> 00:49:17,040

just one comment from mccaslin would be

1447

00:49:21,190 --> 00:49:18,240

enough to kind of

1448

00:49:22,230 --> 00:49:21,200

put a lot of this um i guess speculation

1449

00:49:24,150 --> 00:49:22,240

to rest but

1450

00:49:25,750 --> 00:49:24,160

the big frustrating thing for me and

1451

00:49:27,990 --> 00:49:25,760

this is since the beginning

1452

00:49:29,190 --> 00:49:28,000

of when he did all this was the whole

1453

00:49:32,630 --> 00:49:29,200

approach of

1454

00:49:33,990 --> 00:49:32,640

half fiction half truth because god damn

1455

00:49:37,109 --> 00:49:34,000

welcome to you followed you

1456

00:49:38,549 --> 00:49:37,119

we that's what we deal with is two lies

1457

00:49:41,829 --> 00:49:38,559

between the truth

1458

00:49:43,670 --> 00:49:41,839

and the minute he said that i was like

1459

00:49:45,190 --> 00:49:43,680

we're never gonna know what's true

1460

00:49:47,990 --> 00:49:45,200

that's not and tom was like

1461

00:49:48,390 --> 00:49:48,000

ufo people read between the lines i know

1462

00:49:50,470 --> 00:49:48,400

you guys

1463

00:49:52,230 --> 00:49:50,480

read between the lines my whole plan

1464

00:49:54,870 --> 00:49:52,240

here

1465

00:49:55,829 --> 00:49:54,880

like professionally exactly what has

1466

00:49:59,829 --> 00:49:55,839

already been done

1467

00:50:01,829 --> 00:49:59,839

for 70 years by everybody right

1468

00:50:03,349 --> 00:50:01,839

which is not but and i think you know

1469

00:50:03,990 --> 00:50:03,359

the other big the important thing and i

1470

00:50:07,030 --> 00:50:04,000

think tim

1471

00:50:08,230 --> 00:50:07,040

stresses most is that tom is not he's a

1472

00:50:10,790 --> 00:50:08,240

smart person

1473

00:50:12,390 --> 00:50:10,800

and you're right i think the way that he

1474

00:50:14,790 --> 00:50:12,400

worked these people

1475

00:50:15,910 --> 00:50:14,800

isn't so much deceptive but it's what

1476

00:50:18,390 --> 00:50:15,920

someone would do

1477

00:50:19,510 --> 00:50:18,400

and it's what they do for a living a lot

1478

00:50:21,589 --> 00:50:19,520

of these people i mean

1479

00:50:23,190 --> 00:50:21,599

elizondo is a nice guy but you can't

1480

00:50:25,430 --> 00:50:23,200

tell me that he has not

1481

00:50:26,390 --> 00:50:25,440

spun things he has not manipulated

1482

00:50:29,510 --> 00:50:26,400

things uh

1483

00:50:31,190 --> 00:50:29,520

that was his job um so i i think it's

1484

00:50:33,510 --> 00:50:31,200

really interesting tom like

1485

00:50:34,950 --> 00:50:33,520

he he went into the lion's den and he

1486

00:50:37,109 --> 00:50:34,960

played their game and

1487

00:50:38,790 --> 00:50:37,119

like whether you like it or not um and i

1488

00:50:41,190 --> 00:50:38,800

want to get your guys thoughts on this

1489

00:50:42,710 --> 00:50:41,200

uh where where we stand with everything

1490

00:50:43,430 --> 00:50:42,720

today but zach what were you gonna say

1491

00:50:47,430 --> 00:50:43,440

man

1492

00:50:49,910 --> 00:50:47,440

um well the cajones on tom so like i

1493

00:50:50,630 --> 00:50:49,920

full credit to tom regardless whether

1494

00:50:54,470 --> 00:50:50,640

this is

1495

00:50:56,309 --> 00:50:54,480

true or [h\_\_\h] or whatever um

1496

00:50:57,990 --> 00:50:56,319

the fact that he went in and did the

1497

00:50:59,109 --> 00:50:58,000

things that he did let's say for the

1498

00:51:00,870 --> 00:50:59,119

sake of argument

1499

00:51:03,190 --> 00:51:00,880

that it's true like he was just playing

1500

00:51:06,630 --> 00:51:03,200

people off each other

1501  
00:51:11,190 --> 00:51:09,589  
from the story for me um it actually

1502  
00:51:13,190 --> 00:51:11,200  
makes it

1503  
00:51:15,349 --> 00:51:13,200  
even more more funny or interesting or

1504  
00:51:17,670 --> 00:51:15,359  
whatever because here's the thing

1505  
00:51:20,549 --> 00:51:17,680  
here's the thing regardless whether or

1506  
00:51:22,790 --> 00:51:20,559  
not this this general mccaslin actually

1507  
00:51:24,390 --> 00:51:22,800  
like sincerely believe the things that

1508  
00:51:26,230 --> 00:51:24,400  
he supposedly told tom

1509  
00:51:27,670 --> 00:51:26,240  
or if that was bs like it doesn't really

1510  
00:51:30,549 --> 00:51:27,680  
matter

1511  
00:51:31,910 --> 00:51:30,559  
here we are several years later and the

1512  
00:51:35,190 --> 00:51:31,920  
government has now

1513  
00:51:36,710 --> 00:51:35,200

issued a report on uap and anybody who's

1514

00:51:39,270 --> 00:51:36,720

been following this for the last you

1515

00:51:41,510 --> 00:51:39,280

know four or five years it's like

1516

00:51:43,510 --> 00:51:41,520

you you can draw a straight line between

1517

00:51:44,950 --> 00:51:43,520

ttsa and all the stuff that tom delong

1518

00:51:47,829 --> 00:51:44,960

was doing early on

1519

00:51:49,750 --> 00:51:47,839

to now the people who are involved and

1520

00:51:50,630 --> 00:51:49,760

literally lobbying the government are

1521

00:51:53,990 --> 00:51:50,640

all the same

1522

00:51:57,349 --> 00:51:54,000

people kudos to you tom

1523

00:52:00,549 --> 00:51:57,359

like my thing is

1524

00:52:03,430 --> 00:52:00,559

i i just want to disentangle the

1525

00:52:03,990 --> 00:52:03,440

the complete crap from what's really

1526  
00:52:07,190 --> 00:52:04,000  
interesting

1527  
00:52:10,549 --> 00:52:07,200  
here because it's important

1528  
00:52:11,910 --> 00:52:10,559  
if if the government found a life form

1529  
00:52:14,630 --> 00:52:11,920  
during the cold war

1530  
00:52:15,349 --> 00:52:14,640  
or not right and the only person who can

1531  
00:52:18,549 --> 00:52:15,359  
clarify

1532  
00:52:20,710 --> 00:52:18,559  
this at this point and you know

1533  
00:52:23,030 --> 00:52:20,720  
if look and if tom made that up or

1534  
00:52:25,109 --> 00:52:23,040  
whatever like i feel for you mccaslin

1535  
00:52:26,710 --> 00:52:25,119  
i wouldn't want to come forward either

1536  
00:52:28,710 --> 00:52:26,720  
but man like

1537  
00:52:30,390 --> 00:52:28,720  
with the given the severity of the issue

1538  
00:52:32,790 --> 00:52:30,400

and the gravity of what's currently

1539

00:52:35,030 --> 00:52:32,800

playing out in the media

1540

00:52:36,150 --> 00:52:35,040

now would be a good time is kind of the

1541

00:52:38,150 --> 00:52:36,160

argument that i would make

1542

00:52:39,910 --> 00:52:38,160

and and again it's like you don't want

1543

00:52:48,470 --> 00:52:39,920

to comment on this you don't want to

1544

00:52:52,790 --> 00:52:51,030

there's no downside to him coming out at

1545

00:52:56,390 --> 00:52:52,800

this point other than like

1546

00:52:58,390 --> 00:52:56,400

it's embarrassing tom like okay

1547

00:53:00,630 --> 00:52:58,400

yeah maybe they are besties now we don't

1548

00:53:02,309 --> 00:53:00,640

really know but like right

1549

00:53:03,829 --> 00:53:02,319

zach you're so right and like great you

1550

00:53:06,630 --> 00:53:03,839

came around when

1551  
00:53:07,349 --> 00:53:06,640  
like with the 60 minutes stuff and like

1552  
00:53:09,190 --> 00:53:07,359  
even the

1553  
00:53:10,950 --> 00:53:09,200  
the report just coming out and the

1554  
00:53:13,670 --> 00:53:10,960  
primary focus being

1555  
00:53:15,270 --> 00:53:13,680  
to shed the stigma and ridicule of

1556  
00:53:18,470 --> 00:53:15,280  
military personnel

1557  
00:53:21,589 --> 00:53:18,480  
reporting uap events and like that's a

1558  
00:53:23,190 --> 00:53:21,599  
huge admission and a huge switch from

1559  
00:53:25,589 --> 00:53:23,200  
what they have done in the past

1560  
00:53:27,589 --> 00:53:25,599  
so like that's awesome and you would

1561  
00:53:29,270 --> 00:53:27,599  
hope that something like that would make

1562  
00:53:31,750 --> 00:53:29,280  
people like mccaslin be like

1563  
00:53:32,870 --> 00:53:31,760

oh maybe yeah maybe it's okay that i

1564

00:53:36,150 --> 00:53:32,880

like say that i

1565

00:53:38,069 --> 00:53:36,160

put tom in touch with people and hey tom

1566

00:53:40,230 --> 00:53:38,079

everything tom said would it could be

1567

00:53:42,390 --> 00:53:40,240

true yeah these are emails that like

1568

00:53:45,430 --> 00:53:42,400

nobody wanted coming out right

1569

00:53:46,069 --> 00:53:45,440

yeah i i don't know i have to infer i

1570

00:53:48,870 --> 00:53:46,079

have to make

1571

00:53:51,109 --> 00:53:48,880

guesses here this is the thing and why i

1572

00:53:53,510 --> 00:53:51,119

would like mccaslin to talk it's like

1573

00:53:55,910 --> 00:53:53,520

i don't want to guess if there's you

1574

00:53:57,750 --> 00:53:55,920

know either come out with a no comment

1575

00:54:01,109 --> 00:53:57,760

if there's some truth to it

1576

00:54:03,510 --> 00:54:01,119

or come out with a comment saying hey uh

1577

00:54:04,309 --> 00:54:03,520

tom reached out for a fictional ufo book

1578

00:54:07,349 --> 00:54:04,319

and

1579

00:54:08,630 --> 00:54:07,359

he's tom fricken's along of course i

1580

00:54:11,990 --> 00:54:08,640

talked to him

1581

00:54:14,630 --> 00:54:12,000

like you know like

1582

00:54:16,309 --> 00:54:14,640

yeah either one of those is cool with me

1583

00:54:19,270 --> 00:54:16,319

my point is like

1584

00:54:20,710 --> 00:54:19,280

again i like to i like to go into the

1585

00:54:23,190 --> 00:54:20,720

origins of things and

1586

00:54:24,870 --> 00:54:23,200

and understand things as best as i can

1587

00:54:27,030 --> 00:54:24,880

and when something sticks out like a

1588

00:54:29,430 --> 00:54:27,040

sore thumb like this mccaslin thing

1589

00:54:30,069 --> 00:54:29,440

again that adds all this credibility for

1590

00:54:32,549 --> 00:54:30,079

people

1591

00:54:35,349 --> 00:54:32,559

to the whole story it's like we really

1592

00:54:38,069 --> 00:54:35,359

got to work this out because

1593

00:54:39,589 --> 00:54:38,079

regardless whether it's bs or not we

1594

00:54:41,990 --> 00:54:39,599

still have elizondo

1595

00:54:43,990 --> 00:54:42,000

we still have melon we still have these

1596

00:54:46,390 --> 00:54:44,000

people coming going around in the media

1597

00:54:49,270 --> 00:54:46,400

we sell them lobbying government and

1598

00:54:49,910 --> 00:54:49,280

an actual at least two that i'm aware of

1599

00:54:52,470 --> 00:54:49,920

you it

1600

00:54:53,670 --> 00:54:52,480

classified uap briefings that were given

1601  
00:54:56,069 --> 00:54:53,680  
to senators

1602  
00:54:57,910 --> 00:54:56,079  
on top and then in the top of that it's

1603  
00:55:00,549 --> 00:54:57,920  
like we got this report

1604  
00:55:02,309 --> 00:55:00,559  
90 pages of which are classified this

1605  
00:55:06,549 --> 00:55:02,319  
actually all has happened because

1606  
00:55:07,750 --> 00:55:06,559  
of these people so but it's important to

1607  
00:55:09,589 --> 00:55:07,760  
establish these

1608  
00:55:10,870 --> 00:55:09,599  
these these these facts about what

1609  
00:55:13,270 --> 00:55:10,880  
happened early on

1610  
00:55:15,349 --> 00:55:13,280  
i think in order to be able to

1611  
00:55:17,430 --> 00:55:15,359  
disentangle the rest of the story

1612  
00:55:18,870 --> 00:55:17,440  
if that makes any sense absolutely man

1613  
00:55:20,710 --> 00:55:18,880

well and i think um

1614

00:55:22,710 --> 00:55:20,720

that brings us to current day which is

1615

00:55:24,549 --> 00:55:22,720

two follow-up questions i want to ask

1616

00:55:27,510 --> 00:55:24,559

you guys is um

1617

00:55:29,349 --> 00:55:27,520

you know tom has been kind of quiet

1618

00:55:29,990 --> 00:55:29,359

about everything going on right now with

1619

00:55:32,150 --> 00:55:30,000

the uap

1620

00:55:33,270 --> 00:55:32,160

report and this and that and you would

1621

00:55:35,349 --> 00:55:33,280

think he would be like

1622

00:55:37,510 --> 00:55:35,359

kind of taking credit for like i got i

1623

00:55:39,670 --> 00:55:37,520

know he's put some tweets out like

1624

00:55:41,510 --> 00:55:39,680

this was because of the stars this that

1625

00:55:42,789 --> 00:55:41,520

um but he seems to have been unusually

1626  
00:55:44,549 --> 00:55:42,799  
quiet with that maybe it's because he's

1627  
00:55:46,470 --> 00:55:44,559  
focusing on the entertainment

1628  
00:55:48,150 --> 00:55:46,480  
side of things with his band and his

1629  
00:55:51,750 --> 00:55:48,160  
movies um but

1630  
00:55:53,750 --> 00:55:51,760  
my question for you is uh do you guys

1631  
00:55:55,109 --> 00:55:53,760  
think and i maybe this is going out on a

1632  
00:55:58,069 --> 00:55:55,119  
limb do you think

1633  
00:55:58,390 --> 00:55:58,079  
the plan all along was like to get tom

1634  
00:56:01,670 --> 00:55:58,400  
to

1635  
00:56:04,710 --> 00:56:01,680  
dissolve

1636  
00:56:07,030 --> 00:56:04,720  
like you see you got steve justice went

1637  
00:56:09,190 --> 00:56:07,040  
and is now working for virgin galactic

1638  
00:56:09,670 --> 00:56:09,200

you got elizondo starting a startup

1639

00:56:11,910 --> 00:56:09,680

company

1640

00:56:13,589 --> 00:56:11,920

like they all kind of came in did their

1641

00:56:16,309 --> 00:56:13,599

thing and now they're all leaving

1642

00:56:17,030 --> 00:56:16,319

and kind of leaving tom in the dust

1643

00:56:18,950 --> 00:56:17,040

alone

1644

00:56:20,630 --> 00:56:18,960

with all this so like do you think this

1645

00:56:21,349 --> 00:56:20,640

was some sort of concerted effort to

1646

00:56:22,950 --> 00:56:21,359

like

1647

00:56:25,109 --> 00:56:22,960

dissolve this company that he had these

1648

00:56:27,270 --> 00:56:25,119

big grand plans for all along or

1649

00:56:29,190 --> 00:56:27,280

am i going really out on a conspiracy

1650

00:56:32,470 --> 00:56:29,200

with that

1651

00:56:33,109 --> 00:56:32,480

i don't think be honest be honest well i

1652

00:56:36,230 --> 00:56:33,119

i think

1653

00:56:37,990 --> 00:56:36,240

that considering you know yeah

1654

00:56:39,750 --> 00:56:38,000

you got to consider it so i don't think

1655

00:56:40,069 --> 00:56:39,760

it just seems odd to me that they would

1656

00:56:43,030 --> 00:56:40,079

all

1657

00:56:44,789 --> 00:56:43,040

just leave this company that like they

1658

00:56:45,670 --> 00:56:44,799

seem to be so dedicated to at the

1659

00:56:47,430 --> 00:56:45,680

beginning

1660

00:56:49,030 --> 00:56:47,440

i don't know what do you think tim yeah

1661

00:56:50,789 --> 00:56:49,040

yeah i mean i don't think it's

1662

00:56:52,390 --> 00:56:50,799

weird but it doesn't have to be as

1663

00:56:54,950 --> 00:56:52,400

conspiratorial or kind of

1664

00:56:55,430 --> 00:56:54,960

again nefarious as it sounds i think

1665

00:56:57,750 --> 00:56:55,440

that

1666

00:56:58,710 --> 00:56:57,760

if uh you know let's say you're you're

1667

00:57:01,190 --> 00:56:58,720

luila zondo

1668

00:57:02,710 --> 00:57:01,200

you're uh chris mellon you're steve

1669

00:57:05,430 --> 00:57:02,720

justice and the rest of them

1670

00:57:06,630 --> 00:57:05,440

and you legitimately believe that there

1671

00:57:08,789 --> 00:57:06,640

are

1672

00:57:10,309 --> 00:57:08,799

to this ufo subject you you recognize

1673

00:57:11,430 --> 00:57:10,319

that there's evidence that maybe hasn't

1674

00:57:12,630 --> 00:57:11,440

been presented

1675

00:57:14,870 --> 00:57:12,640

you feel like it needs to be taken

1676

00:57:17,510 --> 00:57:14,880

seriously uh i think

1677

00:57:18,789 --> 00:57:17,520

you know and and zach's right in terms

1678

00:57:19,109 --> 00:57:18,799

of and i don't want anybody to think

1679

00:57:21,510 --> 00:57:19,119

that

1680

00:57:23,190 --> 00:57:21,520

uh i'm bashing to long by any means when

1681

00:57:25,349 --> 00:57:23,200

i said that he said some crazy [\h\_\_\h]

1682

00:57:26,390 --> 00:57:25,359

you know hopefully he'd agree with me uh

1683

00:57:28,549 --> 00:57:26,400

but

1684

00:57:30,549 --> 00:57:28,559

he is very successful businessman and

1685

00:57:31,990 --> 00:57:30,559

he's very successful and i think that

1686

00:57:33,510 --> 00:57:32,000

when it comes down to how he was

1687

00:57:34,789 --> 00:57:33,520

successful and kind of getting to meet

1688

00:57:37,750 --> 00:57:34,799

these people it shows

1689

00:57:39,430 --> 00:57:37,760

his savvy in business and it shows that

1690

00:57:41,190 --> 00:57:39,440

he's been successful not just in the

1691

00:57:42,470 --> 00:57:41,200

band that he helped form with blink with

1692

00:57:44,309 --> 00:57:42,480

82 but his

1693

00:57:46,150 --> 00:57:44,319

after that his career his other ventures

1694

00:57:48,390 --> 00:57:46,160

he's successful

1695

00:57:50,069 --> 00:57:48,400

and and but one thing he is is he's loud

1696

00:57:53,270 --> 00:57:50,079

and he draws a lot of attention

1697

00:57:55,829 --> 00:57:53,280

and there's something to be said about

1698

00:57:57,750 --> 00:57:55,839

the crazy [h\_\_h] he says you know uh you

1699

00:58:01,349 --> 00:57:57,760

know what other interviews did

1700

00:58:04,230 --> 00:58:01,359

did joe rogan do in november of 2017

1701

00:58:05,510 --> 00:58:04,240

i don't know i know he interviewed tom

1702

00:58:07,990 --> 00:58:05,520

delonge

1703

00:58:08,630 --> 00:58:08,000

because of what he said and so it

1704

00:58:10,309 --> 00:58:08,640

generates

1705

00:58:12,789 --> 00:58:10,319

a significant amount of attention

1706

00:58:14,710 --> 00:58:12,799

however once you get that attention

1707

00:58:17,349 --> 00:58:14,720

uh if you're going to bring it into the

1708

00:58:19,829 --> 00:58:17,359

realm of legitimacy and you're having

1709

00:58:20,630 --> 00:58:19,839

actual briefings with uh elected

1710

00:58:22,390 --> 00:58:20,640

lawmakers

1711

00:58:23,750 --> 00:58:22,400

and here you're seeing it from the joint

1712

00:58:24,870 --> 00:58:23,760

chiefs and the secretary of defense and

1713

00:58:27,910 --> 00:58:24,880

these people

1714

00:58:28,870 --> 00:58:27,920

uh suddenly you know the guy who's the

1715

00:58:31,829 --> 00:58:28,880

leader of the company

1716

00:58:33,670 --> 00:58:31,839

tweeting about alien antarctic bases and

1717

00:58:36,789 --> 00:58:33,680

nazi conspiracies that's not

1718

00:58:38,470 --> 00:58:36,799

really conducive and that's not gonna no

1719

00:58:39,190 --> 00:58:38,480

longer is it good you've gotten that

1720

00:58:41,910 --> 00:58:39,200

attention

1721

00:58:42,630 --> 00:58:41,920

so uh i don't think it has to be kind of

1722

00:58:44,390 --> 00:58:42,640

a grand

1723

00:58:46,470 --> 00:58:44,400

crazy conspiracy i know a lot of people

1724

00:58:48,630 --> 00:58:46,480

think that this is and some of those

1725

00:58:51,910 --> 00:58:48,640

theories quite frankly have been

1726

00:58:54,630 --> 00:58:51,920

uh you know helped fostered by by

1727

00:58:55,349 --> 00:58:54,640

delong himself that there's more of a

1728

00:58:57,750 --> 00:58:55,359

you know

1729

00:58:58,950 --> 00:58:57,760

government organized kind of involvement

1730

00:59:00,950 --> 00:58:58,960

in this and

1731

00:59:02,150 --> 00:59:00,960

bringing about a disclosure with a

1732

00:59:04,710 --> 00:59:02,160

capital d

1733

00:59:05,430 --> 00:59:04,720

uh but i don't think it has to be that

1734

00:59:07,510 --> 00:59:05,440

per se

1735

00:59:09,109 --> 00:59:07,520

in in an organized government fashion i

1736

00:59:11,430 --> 00:59:09,119

think if you're you're

1737

00:59:12,950 --> 00:59:11,440

savvy and you know how to strategize

1738

00:59:14,470 --> 00:59:12,960

things well which uh

1739

00:59:17,190 --> 00:59:14,480

i think is i don't think anybody would

1740

00:59:20,549 --> 00:59:17,200

argue that uh somebody like chris mellon

1741

00:59:22,630 --> 00:59:20,559

is very good at and so i don't think tom

1742

00:59:24,230 --> 00:59:22,640

you know for a long time i was like a

1743

00:59:26,309 --> 00:59:24,240

lot of people like what the hell are

1744

00:59:29,910 --> 00:59:26,319

these people doing with tom delong

1745

00:59:32,630 --> 00:59:29,920

but it generated a ton of attention

1746

00:59:34,069 --> 00:59:32,640

uh and i'm not so sure that that same

1747

00:59:34,870 --> 00:59:34,079

type of attention could have been

1748

00:59:37,589 --> 00:59:34,880

achieved by

1749

00:59:38,710 --> 00:59:37,599

any one of those individuals uh without

1750

00:59:41,510 --> 00:59:38,720

time

1751

00:59:42,230 --> 00:59:41,520

oh that's such a such a good point tim

1752

00:59:44,630 --> 00:59:42,240

um

1753

00:59:47,030 --> 00:59:44,640

the fact that we are where we are today

1754

00:59:49,030 --> 00:59:47,040

like we got an official pentagon report

1755

00:59:50,390 --> 00:59:49,040

maybe it wasn't what we all wanted or

1756

00:59:52,470 --> 00:59:50,400

expected but like

1757

00:59:54,870 --> 00:59:52,480

this all built up to something that i

1758

00:59:56,789 --> 00:59:54,880

don't think even tom de long

1759

00:59:58,309 --> 00:59:56,799

saw happening he probably thought that a

1760

00:59:59,270 --> 00:59:58,319

lot of this was gonna happen with his

1761

01:00:00,549 --> 00:59:59,280

company

1762

01:00:03,030 --> 01:00:00,559

and like he was going to build a

1763

01:00:05,750 --> 01:00:03,040

spaceship an anti-gravity spaceship

1764

01:00:07,829 --> 01:00:05,760

and uh fly off to mars like mission

1765

01:00:09,030 --> 01:00:07,839

accomplished man that's freaking awesome

1766

01:00:11,349 --> 01:00:09,040

but like

1767

01:00:13,589 --> 01:00:11,359

look at where we are today and like i i

1768

01:00:15,430 --> 01:00:13,599

do and i've wanted to say this for a

1769

01:00:18,150 --> 01:00:15,440

really long time and i haven't just

1770

01:00:19,109 --> 01:00:18,160

come out and said it but like thank you

1771

01:00:21,910 --> 01:00:19,119

tom dewon

1772

01:00:22,549 --> 01:00:21,920

like literally just thank you for what

1773

01:00:25,670 --> 01:00:22,559

you did

1774

01:00:26,309 --> 01:00:25,680

and like kind of putting putting it all

1775

01:00:29,030 --> 01:00:26,319

out there

1776

01:00:30,950 --> 01:00:29,040

and um he had a lot to lose with this

1777

01:00:32,549 --> 01:00:30,960

with his reputation and whatnot

1778

01:00:34,390 --> 01:00:32,559

and say what you want about where he is

1779

01:00:36,870 --> 01:00:34,400

now and everything but like

1780

01:00:37,589 --> 01:00:36,880

he really got a lot of this into motion

1781

01:00:40,150 --> 01:00:37,599

and

1782

01:00:40,630 --> 01:00:40,160

you know maybe mccaslin as well but i

1783

01:00:45,750 --> 01:00:40,640

don't know

1784

01:00:49,670 --> 01:00:45,760

how much have you had to drink ryan man

1785

01:00:53,109 --> 01:00:52,789

welcome to tom the long fanboy i don't

1786

01:00:56,230 --> 01:00:53,119

know

1787

01:00:58,390 --> 01:00:56,240

dude i like it if i was mccaslin

1788

01:00:59,829 --> 01:00:58,400

and if you're listening out there

1789

01:01:03,030 --> 01:00:59,839

general

1790

01:01:06,309 --> 01:01:03,040

i just respond to zach

1791

01:01:09,510 --> 01:01:06,319

all you have to do yes is please say

1792

01:01:10,870 --> 01:01:09,520

yeah one line it was the cold war and we

1793

01:01:14,069 --> 01:01:10,880

found a life form

1794

01:01:15,430 --> 01:01:14,079

period sin and that like never answer

1795

01:01:15,829 --> 01:01:15,440

another one like how awesome would that

1796

01:01:18,549 --> 01:01:15,839

be

1797

01:01:20,390 --> 01:01:18,559

oh my god if anyone could get it out of

1798

01:01:23,910 --> 01:01:20,400

him i think it would be zach for sure

1799

01:01:25,109 --> 01:01:23,920

dude i said to a very long heartfelt uh

1800

01:01:27,109 --> 01:01:25,119

message on facebook

1801  
01:01:28,630 --> 01:01:27,119  
you know just letting him know like look

1802  
01:01:30,230 --> 01:01:28,640  
this stuff's really important to me

1803  
01:01:33,430 --> 01:01:30,240  
here's why

1804  
01:01:34,870 --> 01:01:33,440  
and uh you know for him i don't think

1805  
01:01:36,710 --> 01:01:34,880  
it's i don't think it is that big of a

1806  
01:01:40,150 --> 01:01:36,720  
deal to be honest i think

1807  
01:01:41,589 --> 01:01:40,160  
i agree yeah i think that probably for

1808  
01:01:44,230 --> 01:01:41,599  
him he's probably like i don't

1809  
01:01:46,309 --> 01:01:44,240  
i don't think a lot about this and like

1810  
01:01:49,349 --> 01:01:46,319  
i'd rather just get away from it

1811  
01:01:52,710 --> 01:01:49,359  
um this is a total guess on my part but

1812  
01:01:55,430 --> 01:01:52,720  
i that you know i um

1813  
01:01:56,470 --> 01:01:55,440

i still think it's important because

1814

01:01:58,710 --> 01:01:56,480

again this is

1815

01:01:59,589 --> 01:01:58,720

this is my wannabe journalist coming out

1816

01:02:02,309 --> 01:01:59,599

i guess

1817

01:02:02,789 --> 01:02:02,319

just establish the the basic facts here

1818

01:02:06,069 --> 01:02:02,799

and

1819

01:02:08,230 --> 01:02:06,079

of other

1820

01:02:09,670 --> 01:02:08,240

really interesting things about those

1821

01:02:10,630 --> 01:02:09,680

emails that we haven't really even

1822

01:02:14,470 --> 01:02:10,640

gotten into

1823

01:02:15,510 --> 01:02:14,480

um oh yeah do you mind yeah well give us

1824

01:02:18,950 --> 01:02:15,520

a couple of key points

1825

01:02:21,990 --> 01:02:18,960

uh look hillary clinton is the one who

1826

01:02:23,430 --> 01:02:22,000

introduced us to the term uap now

1827

01:02:25,270 --> 01:02:23,440

that's not the first time the term was

1828

01:02:27,109 --> 01:02:25,280

used but it was certainly the first time

1829

01:02:28,630 --> 01:02:27,119

that the american public it was it was

1830

01:02:30,950 --> 01:02:28,640

put in the zeitgeist

1831

01:02:32,710 --> 01:02:30,960

of the american public was she said it

1832

01:02:35,510 --> 01:02:32,720

on jimmy kimmel's show

1833

01:02:37,670 --> 01:02:35,520

well who was the advisor to hillary

1834

01:02:38,390 --> 01:02:37,680

clinton it was john podesta who was tom

1835

01:02:41,430 --> 01:02:38,400

talking to

1836

01:02:41,829 --> 01:02:41,440

john podesta there's a lot of stuff here

1837

01:02:43,829 --> 01:02:41,839

right

1838

01:02:44,870 --> 01:02:43,839

and and hillary by the way was talking

1839

01:02:47,670 --> 01:02:44,880

about this issue

1840

01:02:48,309 --> 01:02:47,680

not just like once but like five or six

1841

01:02:51,670 --> 01:02:48,319

times

1842

01:02:54,150 --> 01:02:51,680

where she brought up ufos in the uap

1843

01:02:55,270 --> 01:02:54,160

issue and talking about yeah we're gonna

1844

01:02:57,029 --> 01:02:55,280

get the files

1845

01:02:59,029 --> 01:02:57,039

she said the same thing that her husband

1846

01:03:01,430 --> 01:02:59,039

said right and

1847

01:03:02,390 --> 01:03:01,440

was she doing that to give votes doesn't

1848

01:03:05,029 --> 01:03:02,400

seem like a great

1849

01:03:06,630 --> 01:03:05,039

uh you know i don't know i don't know

1850

01:03:10,789 --> 01:03:06,640

what the calculus is on that

1851

01:03:14,150 --> 01:03:10,799

um is the ufo vote huge i doubt it

1852

01:03:16,470 --> 01:03:14,160

i bet it's like actually the other way

1853

01:03:18,309 --> 01:03:16,480

right right and and so it's interesting

1854

01:03:19,109 --> 01:03:18,319

to me just looking at the people who

1855

01:03:21,829 --> 01:03:19,119

were involved

1856

01:03:23,190 --> 01:03:21,839

john podesta um there were a couple

1857

01:03:25,109 --> 01:03:23,200

other people involved with the hillary

1858

01:03:25,829 --> 01:03:25,119

clinton campaign that tom was emailing

1859

01:03:28,950 --> 01:03:25,839

with

1860

01:03:31,109 --> 01:03:28,960

and you know the insinuation has been

1861

01:03:32,870 --> 01:03:31,119

from that whole group of people that

1862

01:03:34,630 --> 01:03:32,880

like hillary was going to be the

1863

01:03:36,789 --> 01:03:34,640

disclosure president

1864

01:03:39,029 --> 01:03:36,799

she was going to be the one to like to

1865

01:03:41,990 --> 01:03:39,039

do this and nobody thought

1866

01:03:42,789 --> 01:03:42,000

that that it was even remotely possible

1867

01:03:44,789 --> 01:03:42,799

that

1868

01:03:46,870 --> 01:03:44,799

trump could win right you know we're not

1869

01:03:48,710 --> 01:03:46,880

going to get political but like

1870

01:03:49,910 --> 01:03:48,720

nobody thought it was pop these people

1871

01:03:51,510 --> 01:03:49,920

did not think it was possible they

1872

01:03:54,309 --> 01:03:51,520

thought hillary was going to be the one

1873

01:03:55,029 --> 01:03:54,319

and the a bunch of people surrounding

1874

01:03:58,309 --> 01:03:55,039

her

1875

01:03:59,109 --> 01:03:58,319

were ufo believers okay these are

1876  
01:04:01,670 --> 01:03:59,119  
high-level

1877  
01:04:02,549 --> 01:04:01,680  
people in government right it's

1878  
01:04:04,549 --> 01:04:02,559  
interesting

1879  
01:04:06,150 --> 01:04:04,559  
well zed i have to make note of it

1880  
01:04:07,990 --> 01:04:06,160  
that's such a good point and i think tim

1881  
01:04:10,710 --> 01:04:08,000  
i think it might have actually been you

1882  
01:04:13,829 --> 01:04:10,720  
that i heard maybe on micah hanks show

1883  
01:04:16,309 --> 01:04:13,839  
um or some something similar saying

1884  
01:04:16,950 --> 01:04:16,319  
where we would be in all where we we

1885  
01:04:20,150 --> 01:04:16,960  
would be

1886  
01:04:23,109 --> 01:04:20,160  
in all of this had hillary become

1887  
01:04:23,589 --> 01:04:23,119  
president and not trump and i tim was it

1888  
01:04:25,670 --> 01:04:23,599

you

1889

01:04:26,870 --> 01:04:25,680

that said like we would probably be a

1890

01:04:29,750 --> 01:04:26,880

lot further

1891

01:04:30,150 --> 01:04:29,760

had hillary won then i don't know was am

1892

01:04:32,630 --> 01:04:30,160

i wrong

1893

01:04:33,910 --> 01:04:32,640

was it yeah it wasn't me and okay i

1894

01:04:38,230 --> 01:04:33,920

don't know i don't i don't know

1895

01:04:41,910 --> 01:04:40,309

thank you thanks for confusing me i know

1896

01:04:43,750 --> 01:04:41,920

i'm so sorry man

1897

01:04:44,950 --> 01:04:43,760

i'm leaving now no i'm just just kidding

1898

01:04:47,990 --> 01:04:44,960

see you if you're listening

1899

01:04:50,230 --> 01:04:48,000

uh ryan's getting oh yeah i'll bring a

1900

01:04:51,109 --> 01:04:50,240

new wrinkle up into all of that you know

1901

01:04:52,309 --> 01:04:51,119

because i don't think it's been

1902

01:04:54,150 --> 01:04:52,319

discussed by anybody

1903

01:04:56,580 --> 01:04:54,160

but i think it's it goes into what

1904

01:05:00,789 --> 01:04:56,590

zack's saying here

1905

01:05:04,549 --> 01:05:03,029

hey guys ryan spreck here when i'm not

1906

01:05:07,349 --> 01:05:04,559

making podcasts i

1907

01:05:08,309 --> 01:05:07,359

am listening to them seriously i'm

1908

01:05:10,870 --> 01:05:08,319

obsessed

1909

01:05:11,589 --> 01:05:10,880

and if there's one person and one show i

1910

01:05:14,150 --> 01:05:11,599

turn to

1911

01:05:14,870 --> 01:05:14,160

every week to hear stories of the

1912

01:05:17,910 --> 01:05:14,880

strange

1913

01:05:18,470 --> 01:05:17,920

the weird and the unexplained it's of

1914

01:05:21,750 --> 01:05:18,480

course

1915

01:05:23,349 --> 01:05:21,760

gotta be jim harold's campfire with over

1916

01:05:26,150 --> 01:05:23,359

500 episodes

1917

01:05:26,710 --> 01:05:26,160

den of geek called jim herald's campfire

1918

01:05:29,670 --> 01:05:26,720

the

1919

01:05:31,829 --> 01:05:29,680

best tool we have currently in existence

1920

01:05:34,870 --> 01:05:31,839

to hear real-life scary stories

1921

01:05:38,069 --> 01:05:34,880

from other human beings since the actual

1922

01:05:40,230 --> 01:05:38,079

campfire was invented the concept

1923

01:05:42,630 --> 01:05:40,240

is pretty simple jim talks to other

1924

01:05:43,750 --> 01:05:42,640

regular folks and strange stuff that's

1925

01:05:47,430 --> 01:05:43,760

happened to them

1926

01:05:50,549 --> 01:05:47,440

and yes that includes ufos and uaps

1927

01:05:52,870 --> 01:05:50,559

along with cryptids ghosts and true

1928

01:05:54,950 --> 01:05:52,880

head scratching mysteries one of my

1929

01:05:57,510 --> 01:05:54,960

all-time favorite stories is one where a

1930

01:06:00,390 --> 01:05:57,520

woman almost ended up being absorbed

1931

01:06:01,510 --> 01:06:00,400

by a painting in a mysterious bar that

1932

01:06:04,150 --> 01:06:01,520

seemed like something

1933

01:06:05,910 --> 01:06:04,160

straight out of the twilight zone or

1934

01:06:06,870 --> 01:06:05,920

there's the story of a young man who

1935

01:06:10,309 --> 01:06:06,880

encountered a

1936

01:06:12,309 --> 01:06:10,319

spider-like creature with baby hands

1937

01:06:14,549 --> 01:06:12,319

then there's the story of a woman in

1938

01:06:17,349 --> 01:06:14,559

england who encountered what she thought

1939

01:06:18,230 --> 01:06:17,359

was a banshee only to suffer a horrible

1940

01:06:21,589 --> 01:06:18,240

tragedy

1941

01:06:24,150 --> 01:06:21,599

only moments later no not all

1942

01:06:25,349 --> 01:06:24,160

of the stories in jim harold's campfire

1943

01:06:27,670 --> 01:06:25,359

are horrifying

1944

01:06:30,069 --> 01:06:27,680

some are actually pretty heartwarming

1945

01:06:33,430 --> 01:06:30,079

like a visit from a past loved one

1946

01:06:35,670 --> 01:06:33,440

or a peaceful near-death experience

1947

01:06:37,589 --> 01:06:35,680

regardless there are true and

1948

01:06:39,990 --> 01:06:37,599

fascinating stories told

1949

01:06:41,190 --> 01:06:40,000

by ordinary people who've had

1950

01:06:45,029 --> 01:06:41,200

extraordinary

1951

01:06:47,990 --> 01:06:45,039

experiences so pull up a virtual log

1952

01:06:49,109 --> 01:06:48,000

get cozy and tune in to jim harold's

1953

01:06:52,390 --> 01:06:49,119

campfire

1954

01:06:54,630 --> 01:06:52,400

available on apple podcasts spotify

1955

01:07:01,349 --> 01:06:54,640

or wherever you listen to somewhere in

1956

01:07:02,470 --> 01:07:01,359

the skies

1957

01:07:05,109 --> 01:07:02,480

first and foremost where did those

1958

01:07:08,309 --> 01:07:05,119

liquid weeks leaky

1959

01:07:09,190 --> 01:07:08,319

okay where did those wiki leaks emails

1960

01:07:11,430 --> 01:07:09,200

come from

1961

01:07:12,549 --> 01:07:11,440

we know that they came from fancy bear

1962

01:07:14,950 --> 01:07:12,559

which is uh

1963

01:07:16,390 --> 01:07:14,960

gru and the russia's you know hacker

1964

01:07:19,390 --> 01:07:16,400

group okay

1965

01:07:20,710 --> 01:07:19,400

um so they hacked those emails in early

1966

01:07:22,470 --> 01:07:20,720

2016.

1967

01:07:24,549 --> 01:07:22,480

they didn't publish them on wikileaks

1968

01:07:28,549 --> 01:07:24,559

until what was it the fall

1969

01:07:29,589 --> 01:07:28,559

of uh 16 yeah right before the election

1970

01:07:32,470 --> 01:07:29,599

yeah right okay

1971

01:07:33,029 --> 01:07:32,480

so like days or not even hours i think

1972

01:07:37,589 --> 01:07:33,039

yeah

1973

01:07:39,109 --> 01:07:37,599

information warfare strategy but they

1974

01:07:42,630 --> 01:07:39,119

had those early on

1975

01:07:45,029 --> 01:07:42,640

and if you go back and look at early on

1976

01:07:46,630 --> 01:07:45,039

shortly after they obtained those emails

1977

01:07:48,710 --> 01:07:46,640

look into russians

1978

01:07:50,470 --> 01:07:48,720

russia's english language news outlets

1979

01:07:54,309 --> 01:07:50,480

so rt and sputnik

1980

01:07:57,430 --> 01:07:54,319

they started pumping pumping

1981

01:07:59,750 --> 01:07:57,440

ufo tabloid news into english

1982

01:08:00,950 --> 01:07:59,760

reading markets they were dumping it

1983

01:08:03,750 --> 01:08:00,960

hardcore

1984

01:08:04,789 --> 01:08:03,760

in fact you can even find uh one foreign

1985

01:08:08,309 --> 01:08:04,799

policy

1986

01:08:09,349 --> 01:08:08,319

uh journalist commenting early summer

1987

01:08:11,349 --> 01:08:09,359

2016

1988

01:08:12,710 --> 01:08:11,359

saying what the hell is going on with

1989

01:08:14,230 --> 01:08:12,720

russia and ufos

1990

01:08:15,750 --> 01:08:14,240

they've become obsessed and they're

1991

01:08:17,749 --> 01:08:15,760

dumping it on the american public so

1992

01:08:19,829 --> 01:08:17,759

they knew it was going to be something

1993

01:08:21,430 --> 01:08:19,839

which is very intriguing to all of it

1994

01:08:22,229 --> 01:08:21,440

and i think the other side of all of

1995

01:08:26,070 --> 01:08:22,239

that as well

1996

01:08:27,430 --> 01:08:26,080

is and what comes into not just mccaslin

1997

01:08:31,189 --> 01:08:27,440

clarifying some things

1998

01:08:33,349 --> 01:08:31,199

but also podesta uh tom delong

1999

01:08:35,510 --> 01:08:33,359

and a lot of other people is that one

2000

01:08:38,309 --> 01:08:35,520

thing that plays through my mind

2001

01:08:40,870 --> 01:08:38,319

is that uh you know part of how russia's

2002

01:08:44,630 --> 01:08:40,880

information warfare campaigns go through

2003

01:08:47,990 --> 01:08:44,640

is their masters at adding things in

2004

01:08:49,669 --> 01:08:48,000

uh they did it when the um the snowden

2005

01:08:51,510 --> 01:08:49,679

leaks when you see the snowden leaks

2006

01:08:52,789 --> 01:08:51,520

everything in the entire snowden leaks

2007

01:08:55,269 --> 01:08:52,799

was was

2008

01:08:57,430 --> 01:08:55,279

uh capabilities you know what the nsa

2009

01:09:01,110 --> 01:08:57,440

can do all these hacking capabilities

2010

01:09:04,070 --> 01:09:01,120

only one single file

2011

01:09:06,870 --> 01:09:04,080

showed operations and that was them uh

2012

01:09:09,349 --> 01:09:06,880

listening in and spying on uh

2013

01:09:11,189 --> 01:09:09,359

german chancellor angela markle there

2014

01:09:15,189 --> 01:09:11,199

was only operational file in there

2015

01:09:16,950 --> 01:09:15,199

and so that uh you know it's never been

2016

01:09:18,550 --> 01:09:16,960

confirmed but that's been reported that

2017

01:09:20,070 --> 01:09:18,560

russia just added that in

2018

01:09:21,990 --> 01:09:20,080

now that was probably a legitimate

2019

01:09:24,550 --> 01:09:22,000

intelligence intercept on their part

2020

01:09:25,189 --> 01:09:24,560

but they're notorious for adding things

2021

01:09:30,870 --> 01:09:25,199

in

2022

01:09:32,229 --> 01:09:30,880

yeah they did it you know the kgb was

2023

01:09:33,430 --> 01:09:32,239

masters at this where they would

2024

01:09:36,470 --> 01:09:33,440

actually get

2025

01:09:37,990 --> 01:09:36,480

legitimate classified information cables

2026

01:09:39,829 --> 01:09:38,000

and different things from

2027

01:09:41,030 --> 01:09:39,839

the u.s and then they would just add

2028

01:09:43,030 --> 01:09:41,040

little things in

2029

01:09:45,349 --> 01:09:43,040

amongst actual classified information

2030

01:09:48,149 --> 01:09:45,359

that they did it in

2031

01:09:48,789 --> 01:09:48,159

the mid to late 80s with information

2032

01:09:50,470 --> 01:09:48,799

saying that

2033

01:09:51,990 --> 01:09:50,480

the united states had nukes hidden in

2034

01:09:53,510 --> 01:09:52,000

different cities across the world and

2035

01:09:54,790 --> 01:09:53,520

all this kind of stuff total [h\_\_\h]

2036

01:09:57,110 --> 01:09:54,800

but everything around it

2037

01:09:58,390 --> 01:09:57,120

was legitimate secrets well the

2038

01:10:00,630 --> 01:09:58,400

government because they know

2039

01:10:01,750 --> 01:10:00,640

i mean it's a great info warfare play

2040

01:10:02,870 --> 01:10:01,760

because the government's not going to

2041

01:10:04,310 --> 01:10:02,880

comment on anything

2042

01:10:05,990 --> 01:10:04,320

they don't they've never commented on

2043

01:10:07,350 --> 01:10:06,000

the the snowden leaks they don't comment

2044

01:10:10,149 --> 01:10:07,360

on anything like that

2045

01:10:11,750 --> 01:10:10,159

so they're not going to say without bs

2046

01:10:13,110 --> 01:10:11,760

because that'll say everything else is

2047

01:10:15,910 --> 01:10:13,120

legitimate right so they can

2048

01:10:16,390 --> 01:10:15,920

deny talking about everything uh and so

2049

01:10:19,110 --> 01:10:16,400

that's

2050

01:10:20,630 --> 01:10:19,120

yeah that adds to the kind of mystique

2051

01:10:22,149 --> 01:10:20,640

and intrigue here and that

2052

01:10:23,990 --> 01:10:22,159

what i mentioned with that single source

2053

01:10:26,149 --> 01:10:24,000

that we just have tom talking on behalf

2054

01:10:29,110 --> 01:10:26,159

of conversations that we have with it

2055

01:10:30,870 --> 01:10:29,120

is i think like zach said for me it's

2056

01:10:32,630 --> 01:10:30,880

not just establishing what were those

2057

01:10:34,790 --> 01:10:32,640

communications but are all of these

2058

01:10:37,590 --> 01:10:34,800

communications legitimate

2059

01:10:38,950 --> 01:10:37,600

because that is we we have to understand

2060

01:10:41,350 --> 01:10:38,960

where that information

2061

01:10:43,750 --> 01:10:41,360

came from and it did absolutely come

2062

01:10:45,430 --> 01:10:43,760

from russian hackers it

2063

01:10:47,830 --> 01:10:45,440

came from an information warfare

2064

01:10:48,470 --> 01:10:47,840

campaign i'm so happy you brought that

2065

01:10:50,870 --> 01:10:48,480

up man

2066

01:10:51,990 --> 01:10:50,880

like look at what just the debrief just

2067

01:10:55,189 --> 01:10:52,000

released too

2068

01:10:57,590 --> 01:10:55,199

it was all these like kind of satirical

2069

01:10:59,510 --> 01:10:57,600

things about the us being like calm down

2070

01:11:02,470 --> 01:10:59,520

about the ufos guys

2071

01:11:04,550 --> 01:11:02,480

um oh that's so telling then it's like

2072

01:11:05,669 --> 01:11:04,560

this is all a counterintelligence sort

2073

01:11:07,590 --> 01:11:05,679

of game i think

2074

01:11:10,149 --> 01:11:07,600

china's playing right now russia and

2075

01:11:12,550 --> 01:11:10,159

like who's really at the top of all this

2076

01:11:14,229 --> 01:11:12,560

stuff going on in the us i don't know

2077

01:11:16,149 --> 01:11:14,239

well no you're absolutely right and

2078

01:11:18,709 --> 01:11:16,159

that's something that uh

2079

01:11:20,229 --> 01:11:18,719

you know i'm actually working on my the

2080

01:11:22,070 --> 01:11:20,239

next big piece

2081

01:11:24,229 --> 01:11:22,080

uh guys let's hope the kremlin isn't

2082

01:11:26,950 --> 01:11:24,239

listening but it has to do with that

2083

01:11:27,830 --> 01:11:26,960

and um it has to do with russia's

2084

01:11:29,910 --> 01:11:27,840

involvement

2085

01:11:31,110 --> 01:11:29,920

in the ufo subject that they don't want

2086

01:11:35,350 --> 01:11:31,120

to talk about

2087

01:11:36,470 --> 01:11:35,360

know i'm not trying to like zach said

2088

01:11:37,669 --> 01:11:36,480

we're not going to get political here so

2089

01:11:39,430 --> 01:11:37,679

i don't want everybody to go oh it's the

2090

01:11:41,270 --> 01:11:39,440

goddamn russian hoax again

2091

01:11:42,550 --> 01:11:41,280

uh so i'm not blaming the russians for

2092

01:11:44,470 --> 01:11:42,560

everything here

2093

01:11:46,310 --> 01:11:44,480

uh and more importantly i'm blaming the

2094

01:11:47,110 --> 01:11:46,320

criminal not the russian people they're

2095

01:11:50,390 --> 01:11:47,120

great people

2096

01:11:52,310 --> 01:11:50,400

it's their government it's mean uh but

2097

01:11:54,390 --> 01:11:52,320

i would say that there's significant

2098

01:11:57,189 --> 01:11:54,400

evidence that russia has been involved

2099

01:11:59,110 --> 01:11:57,199

in some of the ufo mythology that we

2100

01:12:00,229 --> 01:11:59,120

take as self-evident fact going back to

2101

01:12:03,110 --> 01:12:00,239

the 1980s

2102

01:12:04,550 --> 01:12:03,120

and so there goes not to add a new

2103

01:12:06,229 --> 01:12:04,560

wrinkle into everything that you've got

2104

01:12:09,350 --> 01:12:06,239

to parse through to figure out what is

2105

01:12:10,870 --> 01:12:09,360

true and what isn't but how many ufo

2106

01:12:13,189 --> 01:12:10,880

myths that we

2107

01:12:14,310 --> 01:12:13,199

have accepted as fact now or we've

2108

01:12:17,030 --> 01:12:14,320

played off as

2109

01:12:19,110 --> 01:12:17,040

being illegitimate but they're hoaxes

2110

01:12:21,750 --> 01:12:19,120

perpetrated by people we assume

2111

01:12:23,750 --> 01:12:21,760

or were they just legitimate information

2112

01:12:26,550 --> 01:12:23,760

operations done by a foreign government

2113

01:12:27,430 --> 01:12:26,560

and i think that's a very significant

2114

01:12:30,310 --> 01:12:27,440

point because

2115

01:12:31,350 --> 01:12:30,320

yeah again it's uh you know give the

2116

01:12:33,030 --> 01:12:31,360

devil the due

2117

01:12:35,030 --> 01:12:33,040

uh you know it's gonna suffer smart

2118

01:12:36,229 --> 01:12:35,040

credit if i make you believe that

2119

01:12:39,189 --> 01:12:36,239

there's crash

2120

01:12:41,590 --> 01:12:39,199

ufos at air material command at army air

2121

01:12:43,590 --> 01:12:41,600

force research labs at wright patterson

2122

01:12:45,030 --> 01:12:43,600

and you track down all of these people

2123

01:12:47,110 --> 01:12:45,040

and you keep talking about it and you

2124

01:12:48,310 --> 01:12:47,120

keep putting it out by ufos

2125

01:12:50,709 --> 01:12:48,320

i may not even believe you're gonna get

2126

01:12:52,709 --> 01:12:50,719

ufos but damn if you can get some good

2127

01:12:54,149 --> 01:12:52,719

actual secrets you know somebody i'm not

2128

01:12:54,790 --> 01:12:54,159

working on ufos i'm working on directed

2129

01:12:59,430 --> 01:12:54,800

energy

2130

01:13:02,870 --> 01:12:59,440

oh senator jay you hear that you know

2131

01:13:11,830 --> 01:13:02,880

it's good work on their part yeah yeah

2132

01:13:14,310 --> 01:13:13,270

dude that's a great accent yeah i'm

2133

01:13:26,550 --> 01:13:14,320

probably going to get surprised i'm

2134

01:13:26,560 --> 01:13:31,510

you work with many russian people in the

2135

01:13:34,709 --> 01:13:33,430

dude past an excellent one it's an

2136

01:13:36,310 --> 01:13:34,719

excellent one

2137

01:13:37,750 --> 01:13:36,320

and i want to make sure that everybody

2138

01:13:38,950 --> 01:13:37,760

knows i'm not trying to make russia the

2139

01:13:42,229 --> 01:13:38,960

boogeyman here

2140

01:13:43,510 --> 01:13:42,239

but i do think there are i mean down to

2141

01:13:45,430 --> 01:13:43,520

the fact that uh

2142

01:13:47,510 --> 01:13:45,440

you know one of our t's darlings is

2143

01:13:49,830 --> 01:13:47,520

stephen greer because why the hell not

2144

01:13:50,709 --> 01:13:49,840

i mean he's like a propaganda gift from

2145

01:13:54,149 --> 01:13:50,719

god

2146

01:13:57,910 --> 01:13:54,159

you know he's so happy he went there man

2147

01:14:01,189 --> 01:13:57,920

i wanted to i wanted to touch on that um

2148

01:14:03,110 --> 01:14:01,199

yeah no yeah i mean it's

2149

01:14:04,630 --> 01:14:03,120

you know what is it it's the you i mean

2150

01:14:05,350 --> 01:14:04,640

it's it's the u.s government is the

2151

01:14:08,470 --> 01:14:05,360

boogeyman

2152

01:14:09,510 --> 01:14:08,480

and everything and uh you know but it's

2153

01:14:13,669 --> 01:14:09,520

never

2154

01:14:15,350 --> 01:14:13,679

like the us is the one who's gonna do

2155

01:14:16,550 --> 01:14:15,360

the alien false flag i'm like what the

2156

01:14:20,149 --> 01:14:16,560

hell somebody else gonna do

2157

01:14:23,030 --> 01:14:20,159

sit around and hang out you know like so

2158

01:14:23,590 --> 01:14:23,040

you know again but you know you've you

2159

01:14:26,149 --> 01:14:23,600

know

2160

01:14:27,750 --> 01:14:26,159

uh grier has done interviews on rt which

2161

01:14:29,030 --> 01:14:27,760

like i said you can't pay for them that

2162

01:14:30,229 --> 01:14:29,040

[h\_\_h] maybe they do pay for it i don't

2163

01:14:31,910 --> 01:14:30,239

know but

2164

01:14:33,669 --> 01:14:31,920

they you can't pay for that kind of gold

2165

01:14:36,149 --> 01:14:33,679

where they're talking about you know

2166

01:14:37,750 --> 01:14:36,159

i've had cia's killed members of my team

2167

01:14:41,270 --> 01:14:37,760

you know i have to be careful i mean

2168

01:14:42,709 --> 01:14:41,280

they're like we

2169

01:14:44,310 --> 01:14:42,719

have to call oliver stone for that kind

2170

01:14:46,070 --> 01:14:44,320

of good stuff right man

2171

01:14:47,669 --> 01:14:46,080

get him on the script well let me ask

2172

01:14:50,550 --> 01:14:47,679

you guys this kind of in

2173

01:14:51,270 --> 01:14:50,560

wrapping things up here um where we are

2174

01:14:53,590 --> 01:14:51,280

today

2175

01:14:54,950 --> 01:14:53,600

we have the pentagon here in the united

2176

01:14:57,990 --> 01:14:54,960

states

2177

01:15:00,149 --> 01:14:58,000

flat out saying it's not

2178

01:15:01,910 --> 01:15:00,159

ruptured that we know of it's not china

2179

01:15:04,149 --> 01:15:01,920

that we know of they're nowhere near

2180

01:15:07,350 --> 01:15:04,159

where we are with advanced technology

2181

01:15:08,229 --> 01:15:07,360

and it's not u.s technology so where

2182

01:15:11,590 --> 01:15:08,239

does that leave

2183

01:15:12,550 --> 01:15:11,600

us i mean a lot of the very pro-ufo

2184

01:15:13,830 --> 01:15:12,560

people are like

2185

01:15:16,390 --> 01:15:13,840

they're that's their way of saying it's

2186

01:15:17,990 --> 01:15:16,400

alien well guys

2187

01:15:20,550 --> 01:15:18,000

calm the [h\_\_\h] down like let's be

2188

01:15:22,550 --> 01:15:20,560

completely honest here but um

2189

01:15:24,310 --> 01:15:22,560

where does that leave us what is the

2190

01:15:26,550 --> 01:15:24,320

pentagon trying to tell us

2191

01:15:27,990 --> 01:15:26,560

or what are they trying to tell other

2192

01:15:30,070 --> 01:15:28,000

you know adversaries

2193

01:15:31,590 --> 01:15:30,080

in that statement that it's not them

2194

01:15:33,669 --> 01:15:31,600

it's not us

2195

01:15:35,590 --> 01:15:33,679

what could it be i mean where is the

2196

01:15:37,510 --> 01:15:35,600

boogeyman involved that and why is this

2197

01:15:40,229 --> 01:15:37,520

still a potential threat in their eyes

2198

01:15:42,070 --> 01:15:40,239

who wants to comment on that i mean it

2199

01:15:44,229 --> 01:15:42,080

really could be a burden

2200

01:15:46,149 --> 01:15:44,239

and i need to explain myself by saying

2201

01:15:49,830 --> 01:15:46,159

that

2202

01:15:53,030 --> 01:15:49,840

at like let's say flight logs

2203

01:15:55,669 --> 01:15:53,040

uh to see if that was our technology

2204

01:15:57,189 --> 01:15:55,679

and so if it doesn't match up well

2205

01:16:00,470 --> 01:15:57,199

obviously it's not

2206

01:16:02,709 --> 01:16:00,480

um if it's not russian or uh

2207

01:16:04,830 --> 01:16:02,719

chinese technology well this is an

2208

01:16:14,000 --> 01:16:04,840

unidentified

2209

01:16:29,750 --> 01:16:18,550

[Laughter]

2210

01:16:34,070 --> 01:16:32,310

she makes a point though she makes she

2211

01:16:35,669 --> 01:16:34,080

makes a point and i want to clarify

2212

01:16:37,750 --> 01:16:35,679

because i see it on twitter when my name

2213

01:16:39,910 --> 01:16:37,760

gets tagged every now and then

2214

01:16:41,350 --> 01:16:39,920

um first and foremost because it was to

2215

01:16:43,110 --> 01:16:41,360

zach so

2216

01:16:45,110 --> 01:16:43,120

uh zach i'd like to say that me and me

2217

01:16:47,990 --> 01:16:45,120

and tom rogan were correct

2218

01:16:49,110 --> 01:16:48,000

when we said it was we had 99 certainty

2219

01:16:51,669 --> 01:16:49,120

that it was not u.s

2220

01:16:52,310 --> 01:16:51,679

technology or a foreign state actor good

2221

01:16:54,550 --> 01:16:52,320

cause

2222

01:16:56,070 --> 01:16:54,560

see what you did there yes that is what

2223

01:16:56,470 --> 01:16:56,080

we said but it was interesting because

2224

01:17:00,550 --> 01:16:56,480

people

2225

01:17:03,430 --> 01:17:00,560

macmillan and rogan said it's alien

2226

01:17:04,070 --> 01:17:03,440

and i'm like no no no i said i was 99

2227

01:17:06,870 --> 01:17:04,080

certain

2228

01:17:08,149 --> 01:17:06,880

it wasn't us or not or a state actor not

2229

01:17:11,110 --> 01:17:08,159

man-made

2230

01:17:13,030 --> 01:17:11,120

right that doesn't rule out uh you know

2231

01:17:15,430 --> 01:17:13,040

atmospheric phenomena it doesn't rule

2232

01:17:17,030 --> 01:17:15,440

out birds it doesn't rule out

2233

01:17:19,350 --> 01:17:17,040

in fairness it doesn't rule out aliens

2234

01:17:20,790 --> 01:17:19,360

it's just saying like exactly based on

2235

01:17:23,189 --> 01:17:20,800

the totality of

2236

01:17:24,550 --> 01:17:23,199

what we have at hand we can say we're

2237

01:17:28,070 --> 01:17:24,560

pretty good certainty there

2238

01:17:29,990 --> 01:17:28,080

and um to answer your question right

2239

01:17:31,910 --> 01:17:30,000

what does that mean i don't know you

2240

01:17:34,870 --> 01:17:31,920

know that's what's intriguing there

2241

01:17:35,590 --> 01:17:34,880

and i think for me uh maybe it's not as

2242

01:17:37,189 --> 01:17:35,600

uh

2243

01:17:38,870 --> 01:17:37,199

my expectation isn't as broad that

2244

01:17:41,750 --> 01:17:38,880

people are like all 144

2245

01:17:43,030 --> 01:17:41,760

have to be alien quite frankly i'm not

2246

01:17:45,270 --> 01:17:43,040

even certain that in the balance of

2247

01:17:47,669 --> 01:17:45,280

probabilities that alien is the best

2248

01:17:49,270 --> 01:17:47,679

scenario of all the exotics frankly you

2249

01:17:53,030 --> 01:17:49,280

know there's a lot of other

2250

01:17:54,790 --> 01:17:53,040

exotic things and in fact uh you know

2251

01:17:56,550 --> 01:17:54,800

ancient aliens have been running for 18

2252

01:17:58,950 --> 01:17:56,560

seasons if you listen to that

2253

01:18:00,630 --> 01:17:58,960

they've been here for you know how many

2254

01:18:02,070 --> 01:18:00,640

thousands tens of thousands of years of

2255

01:18:04,550 --> 01:18:02,080

[h\_\_h] at what point are they native

2256

01:18:05,590 --> 01:18:04,560

you know they're not alien anymore

2257

01:18:08,310 --> 01:18:05,600

aliens yeah

2258

01:18:10,390 --> 01:18:08,320

for sure right yeah so uh they're

2259

01:18:12,709 --> 01:18:10,400

limited

2260

01:18:14,470 --> 01:18:12,719

well you that you touch on something we

2261

01:18:16,229 --> 01:18:14,480

that seems to be the narrative that's

2262

01:18:16,950 --> 01:18:16,239

being pushed by a lot of people right

2263

01:18:19,910 --> 01:18:16,960

now

2264

01:18:20,790 --> 01:18:19,920

is it's not human but we don't mean it's

2265

01:18:22,630 --> 01:18:20,800

alien

2266

01:18:23,830 --> 01:18:22,640

so like what does that mean we're

2267

01:18:26,390 --> 01:18:23,840

hearing people say

2268

01:18:27,510 --> 01:18:26,400

it's like interdimensional it's time

2269

01:18:30,070 --> 01:18:27,520

travelers it's this

2270

01:18:31,990 --> 01:18:30,080

it's that like it seems to be across the

2271

01:18:33,189 --> 01:18:32,000

board people like elizondo people like

2272

01:18:36,470 --> 01:18:33,199

george knapp

2273

01:18:38,390 --> 01:18:36,480

um jim simovin they're all saying eric

2274

01:18:40,470 --> 01:18:38,400

davis that this is

2275

01:18:42,149 --> 01:18:40,480

it's like a neighbor next to us that we

2276

01:18:43,270 --> 01:18:42,159

never knew was there like what do you

2277

01:18:46,630 --> 01:18:43,280

guys think about that

2278

01:18:48,229 --> 01:18:46,640

shadow biome i

2279

01:18:49,830 --> 01:18:48,239

listen i've always said that if i had to

2280

01:18:53,030 --> 01:18:49,840

pick all of them just because i

2281

01:18:55,590 --> 01:18:53,040

you know i like tragic irony is that

2282

01:18:57,350 --> 01:18:55,600

uh you know it turns out that it's uh

2283

01:18:59,110 --> 01:18:57,360

you know we all live in a big simulation

2284

01:19:00,790 --> 01:18:59,120

we're all in some ai and it's just the

2285

01:19:01,110 --> 01:19:00,800

engineers in the system and then you

2286

01:19:02,950 --> 01:19:01,120

know

2287

01:19:05,030 --> 01:19:02,960

we find that out we're like oh my god

2288

01:19:05,990 --> 01:19:05,040

this is horrible it's anything we don't

2289

01:19:07,669 --> 01:19:06,000

want to know like

2290

01:19:09,030 --> 01:19:07,679

doesn't matter you can be deleted at any

2291

01:19:12,550 --> 01:19:09,040

moment yeah

2292

01:19:16,229 --> 01:19:12,560

and so yeah i don't know you know that's

2293

01:19:17,990 --> 01:19:16,239

it there's maybe that's part of the fun

2294

01:19:19,830 --> 01:19:18,000

is parsing through all the different you

2295

01:19:22,870 --> 01:19:19,840

know what ifs you know what it is

2296

01:19:24,709 --> 01:19:22,880

sure it's fun if it's alien it's funny

2297

01:19:26,229 --> 01:19:24,719

i don't you know maybe it's fun if

2298

01:19:27,830 --> 01:19:26,239

they're people that live in the middle

2299

01:19:30,950 --> 01:19:27,840

of the earth or it's you know

2300

01:19:32,149 --> 01:19:30,960

the man i think uh tom since he's been

2301

01:19:33,990 --> 01:19:32,159

the subject of our

2302

01:19:36,390 --> 01:19:34,000

conversation significantly i think it's

2303

01:19:40,950 --> 01:19:36,400

atlanteans right isn't it atlantis

2304

01:19:43,750 --> 01:19:40,960

is in hello man aquifer

2305

01:19:44,870 --> 01:19:43,760

yeah i think this all happened off of

2306

01:19:48,870 --> 01:19:44,880

catalina island

2307

01:19:53,990 --> 01:19:48,880

like come on come on they're wine fans

2308

01:19:59,030 --> 01:19:57,350

brothers um well i kind of all right one

2309

01:20:00,709 --> 01:19:59,040

more question for you guys before we

2310

01:20:01,430 --> 01:20:00,719

wrap things up here i've taken enough of

2311

01:20:05,350 --> 01:20:01,440

your time

2312

01:20:08,629 --> 01:20:05,360

um where do we go from here

2313

01:20:10,229 --> 01:20:08,639

like we had we had everything tom built

2314

01:20:12,149 --> 01:20:10,239

up and kind of brought out

2315

01:20:13,910 --> 01:20:12,159

we now have a report that came out from

2316

01:20:15,030 --> 01:20:13,920

the pentagon we've got the department of

2317

01:20:16,310 --> 01:20:15,040

defense saying

2318

01:20:18,229 --> 01:20:16,320

we're going to keep looking into it

2319

01:20:18,950 --> 01:20:18,239

we're going to put a full-time staff on

2320

01:20:21,430 --> 01:20:18,960

this

2321

01:20:23,270 --> 01:20:21,440

and uh yeah we're ready to like really

2322

01:20:24,390 --> 01:20:23,280

tackle this subject with the american

2323

01:20:26,950 --> 01:20:24,400

public like

2324

01:20:28,149 --> 01:20:26,960

where do you guys think we're going next

2325

01:20:28,950 --> 01:20:28,159

with this when it comes to the

2326

01:20:31,669 --> 01:20:28,960

government

2327

01:20:32,950 --> 01:20:31,679

and where do you want us to go with this

2328

01:20:35,110 --> 01:20:32,960

if they're even different

2329

01:20:36,470 --> 01:20:35,120

so zach let's start with you man what

2330

01:20:38,790 --> 01:20:36,480

comes next for uh

2331

01:20:40,390 --> 01:20:38,800

the whole ufo question for you i don't

2332

01:20:44,470 --> 01:20:40,400

think you know what you're asking here

2333

01:20:48,070 --> 01:20:44,480

uh here we go for another half hour no

2334

01:20:51,350 --> 01:20:50,229

i'm gonna quote my friend bradley who i

2335

01:20:53,430 --> 01:20:51,360

have i have

2336

01:20:54,629 --> 01:20:53,440

conversations with all the time about

2337

01:20:58,390 --> 01:20:54,639

the subject with

2338

01:21:00,229 --> 01:20:58,400

um you asked where do we go from here

2339

01:21:02,070 --> 01:21:00,239

and my only response to that is a

2340

01:21:05,510 --> 01:21:02,080

statement

2341

01:21:08,550 --> 01:21:05,520

this is this sucks

2342

01:21:11,910 --> 01:21:08,560

it sucks this

2343

01:21:15,590 --> 01:21:11,920

really sucks and the reason i mean i'm

2344

01:21:20,149 --> 01:21:15,600

just being 100 blunt right i love it

2345

01:21:26,149 --> 01:21:21,910

growing up i always felt that there

2346

01:21:29,590 --> 01:21:28,870

and officials and representatives and

2347

01:21:32,709 --> 01:21:29,600

people that

2348

01:21:35,750 --> 01:21:32,719

care about other people um that

2349

01:21:37,350 --> 01:21:35,760

represent me or something like that and

2350

01:21:40,149 --> 01:21:37,360

i think the idea that

2351  
01:21:40,709 --> 01:21:40,159  
that this entire story has managed to

2352  
01:21:44,629 --> 01:21:40,719  
get

2353  
01:21:47,830 --> 01:21:44,639  
as far as it has for as long as it has

2354  
01:21:49,270 --> 01:21:47,840  
now culminating in what we now see

2355  
01:21:52,310 --> 01:21:49,280  
playing out where

2356  
01:21:53,030 --> 01:21:52,320  
we are saying it's not it's not this

2357  
01:21:55,030 --> 01:21:53,040  
it's not

2358  
01:21:57,030 --> 01:21:55,040  
that and we're kind of playing games

2359  
01:21:57,510 --> 01:21:57,040  
like well maybe it actually could be a

2360  
01:22:00,550 --> 01:21:57,520  
bird

2361  
01:22:01,750 --> 01:22:00,560  
because we didn't say we just said not

2362  
01:22:03,590 --> 01:22:01,760  
man-made

2363  
01:22:04,950 --> 01:22:03,600

we didn't say it couldn't be a bird but

2364

01:22:06,629 --> 01:22:04,960

this is the i want to be

2365

01:22:08,830 --> 01:22:06,639

like just to be serious for a second

2366

01:22:13,189 --> 01:22:08,840

it's it's it's very

2367

01:22:13,750 --> 01:22:13,199

serious um i don't like the idea of

2368

01:22:15,510 --> 01:22:13,760

what's

2369

01:22:17,830 --> 01:22:15,520

of the game that we're being forced to

2370

01:22:20,629 --> 01:22:17,840

play to kind of put it in kind of eric

2371

01:22:22,950 --> 01:22:20,639

weinsteiny in terms

2372

01:22:23,990 --> 01:22:22,960

i feel like we're being forced to play a

2373

01:22:26,629 --> 01:22:24,000

game where we

2374

01:22:27,669 --> 01:22:26,639

don't have any information where all the

2375

01:22:30,550 --> 01:22:27,679

information

2376

01:22:32,550 --> 01:22:30,560

is behind classified walls where all the

2377

01:22:35,510 --> 01:22:32,560

people that could elucidate

2378

01:22:36,149 --> 01:22:35,520

and uh you know help us understand this

2379

01:22:38,070 --> 01:22:36,159

topic

2380

01:22:39,750 --> 01:22:38,080

and understand what's going on they

2381

01:22:42,550 --> 01:22:39,760

won't talk

2382

01:22:43,750 --> 01:22:42,560

um we're even you know even the people

2383

01:22:46,629 --> 01:22:43,760

that have been

2384

01:22:47,510 --> 01:22:46,639

on the periphery as players like tom

2385

01:22:49,830 --> 01:22:47,520

delong

2386

01:22:51,270 --> 01:22:49,840

won't talk not coming on my show not

2387

01:22:54,790 --> 01:22:51,280

coming on this show

2388

01:22:55,750 --> 01:22:54,800

this sucks and i'm willing to say that

2389

01:22:58,790 --> 01:22:55,760

it sucks

2390

01:23:01,510 --> 01:22:58,800

and it it i have

2391

01:23:02,950 --> 01:23:01,520

hope on the basis of of like like what

2392

01:23:04,870 --> 01:23:02,960

we're seeing play out that

2393

01:23:06,470 --> 01:23:04,880

that maybe we'll get to something like

2394

01:23:08,310 --> 01:23:06,480

an answer

2395

01:23:10,550 --> 01:23:08,320

but at the same time i can't help but

2396

01:23:13,030 --> 01:23:10,560

feel like maybe we're also just all

2397

01:23:14,870 --> 01:23:13,040

being played you know there's there's

2398

01:23:17,270 --> 01:23:14,880

sort of like no version of this that

2399

01:23:18,070 --> 01:23:17,280

isn't one of the biggest stories ever

2400

01:23:21,669 --> 01:23:18,080

and

2401

01:23:24,629 --> 01:23:21,679

there's no version of this that isn't

2402

01:23:25,990 --> 01:23:24,639

really kind of crappy because like we're

2403

01:23:28,070 --> 01:23:26,000

being deceived

2404

01:23:30,149 --> 01:23:28,080

and it doesn't matter by who at this

2405

01:23:32,629 --> 01:23:30,159

point it just

2406

01:23:34,629 --> 01:23:32,639

for me for someone who this topic

2407

01:23:36,070 --> 01:23:34,639

affects personally and it goes back a

2408

01:23:39,510 --> 01:23:36,080

long time

2409

01:23:41,669 --> 01:23:39,520

um i have a lot of frustration

2410

01:23:43,510 --> 01:23:41,679

built up over all this stuff and like

2411

01:23:46,149 --> 01:23:43,520

there's a reason why i

2412

01:23:47,430 --> 01:23:46,159

i'm like we mccaslin come on man like

2413

01:23:49,590 --> 01:23:47,440

just just

2414

01:23:51,110 --> 01:23:49,600

clear this up we need to start getting

2415

01:23:55,030 --> 01:23:51,120

some facts in order

2416

01:23:56,470 --> 01:23:55,040

is how i feel and uh you know it starts

2417

01:23:58,550 --> 01:23:56,480

with people

2418

01:23:59,990 --> 01:23:58,560

coming forward and talking i don't know

2419

01:24:02,709 --> 01:24:00,000

any other way

2420

01:24:04,870 --> 01:24:02,719

because the the government is so so

2421

01:24:06,629 --> 01:24:04,880

complex and so compartmentalized that

2422

01:24:08,070 --> 01:24:06,639

the information that we need

2423

01:24:09,910 --> 01:24:08,080

i don't know if it's ever going to come

2424

01:24:11,590 --> 01:24:09,920

out so

2425

01:24:12,950 --> 01:24:11,600

anyway that's my really long answer to

2426

01:24:14,390 --> 01:24:12,960

that no man i

2427

01:24:16,310 --> 01:24:14,400

i appreciate that because i know you

2428

01:24:19,030 --> 01:24:16,320

have a lot of personal stake

2429

01:24:19,669 --> 01:24:19,040

in this topic um as many of us do that's

2430

01:24:21,910 --> 01:24:19,679

why

2431

01:24:23,110 --> 01:24:21,920

we got involved with it we're all into

2432

01:24:25,910 --> 01:24:23,120

this topic

2433

01:24:26,629 --> 01:24:25,920

of ufos for our own personal reasons and

2434

01:24:28,629 --> 01:24:26,639

um

2435

01:24:30,070 --> 01:24:28,639

i think that's completely understandable

2436

01:24:32,229 --> 01:24:30,080

that you're frustrated

2437

01:24:33,990 --> 01:24:32,239

and that it sucks because you're right

2438

01:24:34,870 --> 01:24:34,000

no matter where we turn no matter who's

2439

01:24:36,950 --> 01:24:34,880

saying what

2440

01:24:38,229 --> 01:24:36,960

it's all just a game and we have to try

2441

01:24:40,629 --> 01:24:38,239

to decipher

2442

01:24:41,669 --> 01:24:40,639

every goddamn word they're saying to get

2443

01:24:43,030 --> 01:24:41,679

to any truth

2444

01:24:44,870 --> 01:24:43,040

and i think that's kind of why i wanted

2445

01:24:45,430 --> 01:24:44,880

to bring you guys together not to like

2446

01:24:47,350 --> 01:24:45,440

figure out

2447

01:24:49,350 --> 01:24:47,360

was mccasl and the guy that tom talked

2448

01:24:49,990 --> 01:24:49,360

to because inevitably that doesn't mean

2449

01:24:51,669 --> 01:24:50,000

[h\_\_\h]

2450

01:24:53,830 --> 01:24:51,679

um at the end of the day but it's a

2451

01:24:56,790 --> 01:24:53,840

matter of trying to figure out

2452

01:24:58,870 --> 01:24:56,800

where the core truth started with all of

2453

01:25:01,270 --> 01:24:58,880

this that has happened in the past

2454

01:25:03,430 --> 01:25:01,280

three years that everyone says is like

2455

01:25:05,990 --> 01:25:03,440

the beginning of you [h\_\_h] the real

2456

01:25:07,270 --> 01:25:06,000

ufology you know with all these new

2457

01:25:07,910 --> 01:25:07,280

people who've been interested in the

2458

01:25:09,830 --> 01:25:07,920

topic

2459

01:25:11,110 --> 01:25:09,840

brit included and i'm not saying that

2460

01:25:12,870 --> 01:25:11,120

like you know

2461

01:25:16,310 --> 01:25:12,880

in terms of like in ignorance to the

2462

01:25:18,870 --> 01:25:16,320

topic like you have a lot to

2463

01:25:20,390 --> 01:25:18,880

process and comprehend and go back and

2464

01:25:20,870 --> 01:25:20,400

look at what has happened before all

2465

01:25:22,229 --> 01:25:20,880

this

2466

01:25:23,830 --> 01:25:22,239

because you look at a lot of the people

2467

01:25:24,629 --> 01:25:23,840

who've been involved with ufos for a

2468

01:25:25,910 --> 01:25:24,639

long time

2469

01:25:27,590 --> 01:25:25,920

and they've been saying from the very

2470

01:25:27,990 --> 01:25:27,600

start with all this time to long stuff

2471

01:25:30,070 --> 01:25:28,000

like

2472

01:25:32,070 --> 01:25:30,080

you're gonna get burned you're gonna get

2473

01:25:32,629 --> 01:25:32,080

pissed and you're not gonna get any

2474

01:25:34,709 --> 01:25:32,639

answers

2475

01:25:36,390 --> 01:25:34,719

and look at the conversation we're

2476

01:25:38,310 --> 01:25:36,400

having right now

2477

01:25:39,669 --> 01:25:38,320

so no matter how much i love tom delonge

2478

01:25:42,550 --> 01:25:39,679

and his music and like

2479

01:25:43,590 --> 01:25:42,560

i i bought the [\h\_\_\h] t-shirt i bought

2480

01:25:46,550 --> 01:25:43,600

the books

2481

01:25:47,750 --> 01:25:46,560

like i was sitting here myself being

2482

01:25:51,189 --> 01:25:47,760

like goddamn

2483

01:25:52,229 --> 01:25:51,199

like just tell us something of substance

2484

01:25:55,830 --> 01:25:52,239

that we can work on

2485

01:25:57,990 --> 01:25:55,840

right so that that's my reckons brit

2486

01:25:59,189 --> 01:25:58,000

where do you stand on all of this what

2487

01:26:01,750 --> 01:25:59,199

do you want

2488

01:26:02,390 --> 01:26:01,760

to happen next with all of this and uh

2489

01:26:03,750 --> 01:26:02,400

yeah

2490

01:26:07,669 --> 01:26:03,760

what what what do you what do you have

2491

01:26:11,030 --> 01:26:07,679

hopes for i have conflicting motions

2492

01:26:12,870 --> 01:26:11,040

good i i want to hear let's do it

2493

01:26:14,629 --> 01:26:12,880

yeah well it's very conflicting because

2494

01:26:17,669 --> 01:26:14,639

i understand the importance of

2495

01:26:22,470 --> 01:26:17,679

our national security

2496

01:26:24,790 --> 01:26:22,480

and so you know

2497

01:26:26,629 --> 01:26:24,800

i think the question is is transparency

2498

01:26:30,790 --> 01:26:26,639

or disclosure on this topic

2499

01:26:34,830 --> 01:26:30,800

going to put us in more danger yeah

2500

01:26:36,149 --> 01:26:34,840

if it does quite honestly i don't want

2501  
01:26:39,430 --> 01:26:36,159  
disclosure

2502  
01:26:40,709 --> 01:26:39,440  
because i would prioritize the safety of

2503  
01:26:44,070 --> 01:26:40,719  
the people

2504  
01:26:47,350 --> 01:26:44,080  
before disclosure

2505  
01:26:50,390 --> 01:26:47,360  
on the flip side though there is a way

2506  
01:26:51,270 --> 01:26:50,400  
to be transparent and you know like he

2507  
01:26:54,390 --> 01:26:51,280  
said give us

2508  
01:26:55,350 --> 01:26:54,400  
substance none of this he say she say

2509  
01:26:59,030 --> 01:26:55,360  
none of this like

2510  
01:27:02,390 --> 01:26:59,040  
oh i've got an nba i gotta be behind

2511  
01:27:02,709 --> 01:27:02,400  
give us substance that is the main thing

2512  
01:27:09,350 --> 01:27:02,719  
that

2513  
01:27:11,030 --> 01:27:09,360

and the reason why i dig so hard

2514

01:27:12,390 --> 01:27:11,040

especially considering that i've only

2515

01:27:15,910 --> 01:27:12,400

been in this quite what

2516

01:27:17,830 --> 01:27:15,920

a month and a half now and

2517

01:27:18,950 --> 01:27:17,840

she literally looked at her calendar i

2518

01:27:22,070 --> 01:27:18,960

love that yeah

2519

01:27:25,189 --> 01:27:22,080

look the amount of information that i

2520

01:27:27,910 --> 01:27:25,199

pulled up i have a stack of paper like

2521

01:27:28,790 --> 01:27:27,920

this thick already a pdf files that i've

2522

01:27:31,750 --> 01:27:28,800

printed out

2523

01:27:34,310 --> 01:27:31,760

like these scientific reports that i've

2524

01:27:37,590 --> 01:27:34,320

read through you know like

2525

01:27:40,149 --> 01:27:37,600

just all kinds of stuff right and

2526

01:27:40,629 --> 01:27:40,159

at the end of the day you know i'd like

2527

01:27:44,310 --> 01:27:40,639

to have

2528

01:27:47,030 --> 01:27:44,320

fact-based evidence and i like to

2529

01:27:49,189 --> 01:27:47,040

make like a belief or something behind

2530

01:27:51,270 --> 01:27:49,199

that based on the facts

2531

01:27:53,590 --> 01:27:51,280

like infer the situation based on the

2532

01:27:56,070 --> 01:27:53,600

facts but at the end of the day

2533

01:27:57,110 --> 01:27:56,080

there's still hardly any substance just

2534

01:27:59,750 --> 01:27:57,120

explain it

2535

01:28:00,550 --> 01:27:59,760

to me like i'm a five-year-old you know

2536

01:28:03,189 --> 01:28:00,560

seriously

2537

01:28:05,350 --> 01:28:03,199

yeah and so like if there's a way that

2538

01:28:07,270 --> 01:28:05,360

you can explain it to not only me

2539

01:28:09,830 --> 01:28:07,280

but the public in general like we're

2540

01:28:13,110 --> 01:28:09,840

five years old what is actually going on

2541

01:28:16,149 --> 01:28:13,120

without putting us in danger

2542

01:28:18,140 --> 01:28:16,159

i'm all for it explain it to me like i'm

2543

01:28:20,790 --> 01:28:18,150

tom's along at an airport restaurant

2544

01:28:22,950 --> 01:28:20,800

[Laughter]

2545

01:28:24,390 --> 01:28:22,960

exactly no i love that brit and like the

2546

01:28:26,950 --> 01:28:24,400

struggle i think for a lot of

2547

01:28:28,149 --> 01:28:26,960

ufo people is we agree with you like we

2548

01:28:32,070 --> 01:28:28,159

don't want to risk

2549

01:28:35,110 --> 01:28:32,080

national security um we don't want to

2550

01:28:37,910 --> 01:28:35,120

you know hinder anyone's classification

2551  
01:28:39,510 --> 01:28:37,920  
or security clearances but we also want

2552  
01:28:40,629 --> 01:28:39,520  
the information that we know hides

2553  
01:28:43,910 --> 01:28:40,639  
behind things

2554  
01:28:46,390 --> 01:28:43,920  
but so it's hard it's such a catch-22 um

2555  
01:28:48,149 --> 01:28:46,400  
that's why that's why we drink that's

2556  
01:28:49,430 --> 01:28:48,159  
why we've been doing this for 70 plus

2557  
01:28:50,870 --> 01:28:49,440  
years

2558  
01:28:52,629 --> 01:28:50,880  
another thing that we have to consider

2559  
01:28:55,189 --> 01:28:52,639  
too is that you know

2560  
01:28:56,629 --> 01:28:55,199  
i live in the south right i live in the

2561  
01:28:58,870 --> 01:28:56,639  
bible belt

2562  
01:29:00,470 --> 01:28:58,880  
i've already talked to like my family

2563  
01:29:01,750 --> 01:29:00,480

and friends about this because you know

2564

01:29:04,149 --> 01:29:01,760

like this is

2565

01:29:05,430 --> 01:29:04,159

where my nose is at right now right you

2566

01:29:08,950 --> 01:29:05,440

know the majority of them

2567

01:29:11,030 --> 01:29:08,960

have told me it's demons

2568

01:29:13,270 --> 01:29:11,040

yeah a lot of people believe that being

2569

01:29:14,950 --> 01:29:13,280

transparent and having disclosure about

2570

01:29:16,229 --> 01:29:14,960

this is not going to really affect

2571

01:29:19,669 --> 01:29:16,239

people in that way but that is

2572

01:29:20,709 --> 01:29:19,679

not true i can say that from personal

2573

01:29:22,950 --> 01:29:20,719

experience

2574

01:29:24,950 --> 01:29:22,960

i've had i might have made like one

2575

01:29:26,629 --> 01:29:24,960

status about it on facebook i hardly

2576

01:29:27,990 --> 01:29:26,639

ever go on facebook right but i did make

2577

01:29:29,990 --> 01:29:28,000

one status about it

2578

01:29:31,030 --> 01:29:30,000

and one of my friends just went on there

2579

01:29:32,629 --> 01:29:31,040

and said you need to stop

2580

01:29:34,070 --> 01:29:32,639

researching this because that's the

2581

01:29:36,790 --> 01:29:34,080

devil pulling you in

2582

01:29:38,550 --> 01:29:36,800

i've been told that as well yep i i've

2583

01:29:39,030 --> 01:29:38,560

been told as well that what i do is a

2584

01:29:42,629 --> 01:29:39,040

sin

2585

01:29:43,189 --> 01:29:42,639

yeah right and so like that's another

2586

01:29:46,470 --> 01:29:43,199

thing

2587

01:29:49,590 --> 01:29:46,480

there's just so many problems that could

2588

01:29:51,030 --> 01:29:49,600

occur from being honest about the

2589

01:29:52,790 --> 01:29:51,040

situation

2590

01:29:54,310 --> 01:29:52,800

but at the same time it's just really

2591

01:29:57,669 --> 01:29:54,320

like what is more important

2592

01:29:58,070 --> 01:29:57,679

being honest if et is actually out there

2593

01:29:59,590 --> 01:29:58,080

or

2594

01:30:02,070 --> 01:29:59,600

parallel universes if we're in a

2595

01:30:03,189 --> 01:30:02,080

simulation we understand this and know

2596

01:30:05,510 --> 01:30:03,199

this we have

2597

01:30:07,110 --> 01:30:05,520

factual based evidence to prove this

2598

01:30:10,629 --> 01:30:07,120

what is more important

2599

01:30:11,189 --> 01:30:10,639

to keep the harmony i don't know that

2600

01:30:12,550 --> 01:30:11,199

answer

2601  
01:30:15,510 --> 01:30:12,560  
and that is something i still think

2602  
01:30:18,310 --> 01:30:15,520  
about to this day like

2603  
01:30:19,990 --> 01:30:18,320  
i don't know the answer but it's a good

2604  
01:30:22,470 --> 01:30:20,000  
question to ask and i think again

2605  
01:30:23,030 --> 01:30:22,480  
that's why we're at where we're at now

2606  
01:30:25,750 --> 01:30:23,040  
so

2607  
01:30:26,149 --> 01:30:25,760  
tim bring it home for us man what do you

2608  
01:30:28,149 --> 01:30:26,159  
want

2609  
01:30:29,669 --> 01:30:28,159  
next what do you hope for like do you

2610  
01:30:30,629 --> 01:30:29,679  
have any faith that we're ever going to

2611  
01:30:33,750 --> 01:30:30,639  
get answers

2612  
01:30:35,270 --> 01:30:33,760  
i know that's a lot but i i i was just

2613  
01:30:36,709 --> 01:30:35,280

thinking about what a [h\_\_h] burger would

2614

01:30:40,950 --> 01:30:36,719

be if what if it really is

2615

01:30:43,590 --> 01:30:40,960

demons you know well hey

2616

01:30:44,470 --> 01:30:43,600

like let's be up front we know that

2617

01:30:47,030 --> 01:30:44,480

members of

2618

01:30:47,990 --> 01:30:47,040

the department of defense and whatever a

2619

01:30:50,390 --> 01:30:48,000

tip like

2620

01:30:52,310 --> 01:30:50,400

a lot of them thought that they were

2621

01:30:53,990 --> 01:30:52,320

uber religious people who thought that

2622

01:30:55,750 --> 01:30:54,000

this was demonic and they said

2623

01:30:57,510 --> 01:30:55,760

stop going to skinwalker rich you're

2624

01:31:00,229 --> 01:30:57,520

gonna [h\_\_h] bring a demon out

2625

01:31:02,550 --> 01:31:00,239

like this this is real these things

2626  
01:31:04,709 --> 01:31:02,560  
these people's religious beliefs affect

2627  
01:31:06,470 --> 01:31:04,719  
the information we're getting and the uh

2628  
01:31:07,990 --> 01:31:06,480  
the furtherance of science looking at

2629  
01:31:09,669 --> 01:31:08,000  
this stuff

2630  
01:31:11,510 --> 01:31:09,679  
well and strangely enough as long as it

2631  
01:31:12,470 --> 01:31:11,520  
remains unknown i mean can we write

2632  
01:31:15,750 --> 01:31:12,480  
anything off

2633  
01:31:18,470 --> 01:31:15,760  
yeah but no i i totally actually

2634  
01:31:18,950 --> 01:31:18,480  
what zach said really resonates with me

2635  
01:31:25,030 --> 01:31:18,960  
and

2636  
01:31:25,669 --> 01:31:25,040  
i think that uh the idea that it sucks

2637  
01:31:28,709 --> 01:31:25,679  
right now

2638  
01:31:29,910 --> 01:31:28,719

is a good way of uh kind of summing

2639

01:31:31,990 --> 01:31:29,920

things up and and i will

2640

01:31:33,510 --> 01:31:32,000

will say that uh without naming any

2641

01:31:35,510 --> 01:31:33,520

names that i think there's a lot of

2642

01:31:37,430 --> 01:31:35,520

uh you know mainstream journalists

2643

01:31:39,110 --> 01:31:37,440

who've been covering this in the last

2644

01:31:41,590 --> 01:31:39,120

year you know last few months all this

2645

01:31:44,790 --> 01:31:41,600

kind of stuff who who feel the same way

2646

01:31:46,149 --> 01:31:44,800

um primarily because okay we got to this

2647

01:31:49,669 --> 01:31:46,159

point

2648

01:31:51,270 --> 01:31:49,679

and uh i think that for me and my part

2649

01:31:53,430 --> 01:31:51,280

of looking into this for the past couple

2650

01:31:55,750 --> 01:31:53,440

of years was was trying to determine if

2651  
01:31:57,750 --> 01:31:55,760  
what was initially being said by people

2652  
01:32:01,189 --> 01:31:57,760  
like lozando chris mellon

2653  
01:32:03,430 --> 01:32:01,199  
others tom uh you know that there were

2654  
01:32:05,030 --> 01:32:03,440  
objects of unknown origin that were

2655  
01:32:05,830 --> 01:32:05,040  
unidentified that were actually being

2656  
01:32:08,310 --> 01:32:05,840  
encountered

2657  
01:32:09,350 --> 01:32:08,320  
you know within military airspace and uh

2658  
01:32:11,990 --> 01:32:09,360  
you know on

2659  
01:32:13,030 --> 01:32:12,000  
highly sensitive surveillance systems

2660  
01:32:16,070 --> 01:32:13,040  
highly

2661  
01:32:19,110 --> 01:32:16,080  
sophisticated uh integrated systems

2662  
01:32:19,510 --> 01:32:19,120  
uh we should be able to kind of uh weed

2663  
01:32:21,270 --> 01:32:19,520

out

2664

01:32:23,030 --> 01:32:21,280

a lot of the other misidentifications

2665

01:32:23,590 --> 01:32:23,040

that you know the normal person on the

2666

01:32:25,750 --> 01:32:23,600

ground

2667

01:32:27,189 --> 01:32:25,760

might not be able to and i think with

2668

01:32:30,470 --> 01:32:27,199

the report came out

2669

01:32:32,950 --> 01:32:30,480

that was substantiated you know that

2670

01:32:33,830 --> 01:32:32,960

that was validated and so where we're at

2671

01:32:39,669 --> 01:32:33,840

now

2672

01:32:40,790 --> 01:32:39,679

that are encountered or captured on

2673

01:32:42,870 --> 01:32:40,800

systems

2674

01:32:44,629 --> 01:32:42,880

that at least enough has been validated

2675

01:32:45,830 --> 01:32:44,639

so now from that point forward in terms

2676

01:32:47,430 --> 01:32:45,840

of what is it

2677

01:32:49,030 --> 01:32:47,440

i think the burden of proof is on the

2678

01:32:50,229 --> 01:32:49,040

ones making the claims

2679

01:32:51,910 --> 01:32:50,239

and that's where i think the most

2680

01:32:53,669 --> 01:32:51,920

frustrating thing and that's where it

2681

01:32:55,110 --> 01:32:53,679

sucks like zach said

2682

01:32:57,189 --> 01:32:55,120

and like brit said is where's the

2683

01:33:00,550 --> 01:32:57,199

evidence base behind that is that

2684

01:33:01,590 --> 01:33:00,560

uh you cannot ask and you shouldn't ask

2685

01:33:04,390 --> 01:33:01,600

or expect

2686

01:33:05,669 --> 01:33:04,400

anyone uh especially if you're talking

2687

01:33:07,750 --> 01:33:05,679

about something that

2688

01:33:09,590 --> 01:33:07,760

i wanna you know make sure that we we

2689

01:33:11,830 --> 01:33:09,600

really

2690

01:33:14,709 --> 01:33:11,840

put this into perspective as to what it

2691

01:33:17,110 --> 01:33:14,719

is if you're saying it's quote aliens

2692

01:33:17,990 --> 01:33:17,120

uh this would be the most significant

2693

01:33:19,510 --> 01:33:18,000

discovery

2694

01:33:22,149 --> 01:33:19,520

you know in human history since the

2695

01:33:22,870 --> 01:33:22,159

advent of language that's a huge [h\_\_h]

2696

01:33:25,430 --> 01:33:22,880

deal

2697

01:33:26,229 --> 01:33:25,440

and so you cannot and should not be

2698

01:33:27,910 --> 01:33:26,239

willing

2699

01:33:29,430 --> 01:33:27,920

to ask anyone it doesn't matter if

2700

01:33:31,430 --> 01:33:29,440

you're a member of congress or you're

2701  
01:33:34,390 --> 01:33:31,440  
a random person on twitter you shouldn't

2702  
01:33:36,870 --> 01:33:34,400  
get mad or expect anyone to accept

2703  
01:33:38,550 --> 01:33:36,880  
that is being the absolute truth or

2704  
01:33:42,070 --> 01:33:38,560  
except that is as being

2705  
01:33:43,750 --> 01:33:42,080  
what the conclusion is uh without more

2706  
01:33:46,149 --> 01:33:43,760  
than we have right now

2707  
01:33:47,830 --> 01:33:46,159  
you know the burden of proof lies on

2708  
01:33:50,629 --> 01:33:47,840  
those ones making the claims

2709  
01:33:51,910 --> 01:33:50,639  
and so what quote it is and what is

2710  
01:33:54,550 --> 01:33:51,920  
behind that

2711  
01:33:55,750 --> 01:33:54,560  
uh i think uh you know it's going to

2712  
01:33:56,709 --> 01:33:55,760  
have to come out somebody's going to

2713  
01:33:59,910 --> 01:33:56,719

have to prove that

2714

01:34:01,669 --> 01:33:59,920

point and i understand that for

2715

01:34:03,430 --> 01:34:01,679

a lot of people it's like well you know

2716

01:34:05,750 --> 01:34:03,440

release some pictures and videos

2717

01:34:07,189 --> 01:34:05,760

but uh you know it's going to have to be

2718

01:34:08,629 --> 01:34:07,199

even more than that

2719

01:34:10,229 --> 01:34:08,639

when we're talking about something as

2720

01:34:13,030 --> 01:34:10,239

significant as

2721

01:34:14,709 --> 01:34:13,040

is what some people claim that this is

2722

01:34:15,030 --> 01:34:14,719

and like you mentioned earlier ryan this

2723

01:34:18,070 --> 01:34:15,040

is

2724

01:34:20,149 --> 01:34:18,080

we'll just we'll

2725

01:34:21,430 --> 01:34:20,159

throw it on the umbrella of non-human

2726

01:34:24,709 --> 01:34:21,440

something uh

2727

01:34:27,669 --> 01:34:24,719

technological uh origin um

2728

01:34:29,669 --> 01:34:27,679

yeah you know even you know especially

2729

01:34:30,790 --> 01:34:29,679

in today's day and age where pictures

2730

01:34:33,510 --> 01:34:30,800

and videos

2731

01:34:34,870 --> 01:34:33,520

you know can be altered photoshop like

2732

01:34:37,669 --> 01:34:34,880

you're not going to convince

2733

01:34:39,110 --> 01:34:37,679

the world and people that that's true

2734

01:34:42,229 --> 01:34:39,120

with just a picture of video

2735

01:34:43,109 --> 01:34:42,239

and so i i think the burden of proof is

2736

01:34:46,149 --> 01:34:43,119

there and so i

2737

01:34:48,149 --> 01:34:46,159

i i'd say it sucks because i

2738

01:34:50,149 --> 01:34:48,159

uh i don't know where to predict where

2739

01:34:53,430 --> 01:34:50,159

it'll go from here

2740

01:34:55,830 --> 01:34:53,440

uh primarily because if it is a truly

2741

01:34:56,790 --> 01:34:55,840

unknown you know let's take what the

2742

01:35:00,310 --> 01:34:56,800

government is saying

2743

01:35:02,310 --> 01:35:00,320

at face value it is truly unknown and

2744

01:35:04,310 --> 01:35:02,320

you know there is no crash roswell

2745

01:35:05,910 --> 01:35:04,320

bodies or if there is they've lost them

2746

01:35:09,270 --> 01:35:05,920

it's it's turned into raiders the

2747

01:35:11,030 --> 01:35:09,280

lost ark um you know

2748

01:35:12,870 --> 01:35:11,040

just knowing how the government handles

2749

01:35:16,550 --> 01:35:12,880

that and brit really touched on that

2750

01:35:19,030 --> 01:35:16,560

is you're not you don't talk about that

2751

01:35:20,950 --> 01:35:19,040

until it's known you're not going to

2752

01:35:23,430 --> 01:35:20,960

talk about it and so i think

2753

01:35:24,550 --> 01:35:23,440

that uh if there is going to be any

2754

01:35:25,990 --> 01:35:24,560

resolution here

2755

01:35:27,430 --> 01:35:26,000

it's going to have to expand beyond the

2756

01:35:28,629 --> 01:35:27,440

conversation that's just being had by

2757

01:35:30,390 --> 01:35:28,639

the department of defense

2758

01:35:31,990 --> 01:35:30,400

because you know and i shared this when

2759

01:35:35,109 --> 01:35:32,000

i did my kind of analysis

2760

01:35:38,229 --> 01:35:35,119

of that report and tried to a number

2761

01:35:39,910 --> 01:35:38,239

mj our our editor god bless him love mj

2762

01:35:41,189 --> 01:35:39,920

you know he's like jesus christ you

2763

01:35:43,430 --> 01:35:41,199

like the history of intelligence here

2764

01:35:46,870 --> 01:35:43,440

and i'm like no i think it's important

2765

01:35:47,669 --> 01:35:46,880

that people understand how intelligence

2766

01:35:49,990 --> 01:35:47,679

is done

2767

01:35:52,390 --> 01:35:50,000

how the defense you know intelligence

2768

01:35:53,830 --> 01:35:52,400

works and how that differs from science

2769

01:35:55,510 --> 01:35:53,840

because people are like where are the

2770

01:35:57,350 --> 01:35:55,520

pictures and videos that's science

2771

01:35:57,910 --> 01:35:57,360

ladies and gentlemen you know science is

2772

01:35:59,669 --> 01:35:57,920

up front

2773

01:36:01,669 --> 01:35:59,679

it provides you all the data all the

2774

01:36:04,070 --> 01:36:01,679

information so that you can verify

2775

01:36:05,109 --> 01:36:04,080

and replicate the results that is not

2776

01:36:07,910 --> 01:36:05,119

intelligent

2777

01:36:08,629 --> 01:36:07,920

and so you know that's it's important

2778

01:36:11,350 --> 01:36:08,639

there and

2779

01:36:11,750 --> 01:36:11,360

and we're not going to get what people

2780

01:36:13,590 --> 01:36:11,760

want

2781

01:36:15,430 --> 01:36:13,600

from the department of defense i know

2782

01:36:16,390 --> 01:36:15,440

that's a that's a real kick in the balls

2783

01:36:18,950 --> 01:36:16,400

for some people

2784

01:36:19,910 --> 01:36:18,960

that's not how it works and so i think

2785

01:36:21,510 --> 01:36:19,920

that uh

2786

01:36:23,350 --> 01:36:21,520

you know short of unless they're going

2787

01:36:26,629 --> 01:36:23,360

to come out and say all right you know

2788

01:36:27,990 --> 01:36:26,639

here it is something it is x it's aliens

2789

01:36:29,350 --> 01:36:28,000

it's whatever

2790

01:36:31,510 --> 01:36:29,360

then they would have to provide that

2791

01:36:33,189 --> 01:36:31,520

data but i think that uh

2792

01:36:34,550 --> 01:36:33,199

it's going to be it's kind of now

2793

01:36:36,629 --> 01:36:34,560

parsing in the world where it is a

2794

01:36:38,229 --> 01:36:36,639

legitimate scientific problem

2795

01:36:40,390 --> 01:36:38,239

and which means it's going to take

2796

01:36:43,030 --> 01:36:40,400

actual

2797

01:36:45,270 --> 01:36:43,040

research from scientists using

2798

01:36:47,109 --> 01:36:45,280

sophisticated technologies

2799

01:36:48,390 --> 01:36:47,119

to detect this stuff and not just you

2800

01:36:49,590 --> 01:36:48,400

know not just

2801

01:36:52,070 --> 01:36:49,600

us being forced to go out there with

2802

01:36:55,189 --> 01:36:52,080

some binoculars and take a video

2803

01:36:58,629 --> 01:36:55,199

and post it on youtube or whatever so

2804

01:37:01,910 --> 01:36:58,639

i you know i hate to sound uh

2805

01:37:02,709 --> 01:37:01,920

pessimistic but i hope it i hope there's

2806

01:37:04,629 --> 01:37:02,719

something different

2807

01:37:05,990 --> 01:37:04,639

and i think this is now for me where the

2808

01:37:07,510 --> 01:37:06,000

point that uh

2809

01:37:08,709 --> 01:37:07,520

like you mentioned ryan that people have

2810

01:37:10,550 --> 01:37:08,719

been saying this well you know we've

2811

01:37:11,270 --> 01:37:10,560

been down this road before ladies and

2812

01:37:14,149 --> 01:37:11,280

gentlemen

2813

01:37:14,550 --> 01:37:14,159

well they're not wrong and so the

2814

01:37:16,470 --> 01:37:14,560

question

2815

01:37:17,990 --> 01:37:16,480

is what's going to be different here and

2816

01:37:19,109 --> 01:37:18,000

so i think some of the biggest thought

2817

01:37:22,310 --> 01:37:19,119

leaders here

2818

01:37:25,030 --> 01:37:22,320

i think it's on them yeah

2819

01:37:26,310 --> 01:37:25,040

people like lou or chris or whoever or

2820

01:37:27,990 --> 01:37:26,320

we're sitting here i'd say it's on you

2821

01:37:31,750 --> 01:37:28,000

guys now if these claims

2822

01:37:37,910 --> 01:37:35,910

let's figure out a way to disclose that

2823

01:37:38,950 --> 01:37:37,920

so that we can kind of come to that same

2824

01:37:41,189 --> 01:37:38,960

conclusion

2825

01:37:42,709 --> 01:37:41,199

right and tim i think you hit the nail

2826

01:37:44,950 --> 01:37:42,719

on the head to kind of drive this

2827

01:37:46,629 --> 01:37:44,960

all home uh the burden of proof lies

2828

01:37:49,669 --> 01:37:46,639

with those who have the claims

2829

01:37:52,070 --> 01:37:49,679

so those who have the claims show us

2830

01:37:53,910 --> 01:37:52,080

show us what that is but also i think

2831

01:37:56,950 --> 01:37:53,920

the thing you stress mostly

2832

01:37:58,870 --> 01:37:56,960

uh and most importantly is like

2833

01:38:00,790 --> 01:37:58,880

don't look to the department of defense

2834

01:38:01,590 --> 01:38:00,800

for answers to this don't look to the

2835

01:38:04,149 --> 01:38:01,600

pentagon

2836

01:38:05,830 --> 01:38:04,159

it truly lies with our scientists like

2837

01:38:06,790 --> 01:38:05,840

that's what we've all been saying this

2838

01:38:09,510 --> 01:38:06,800

whole time

2839

01:38:11,350 --> 01:38:09,520

is like we want the scientific proof to

2840

01:38:12,950 --> 01:38:11,360

understand these phenomena

2841

01:38:14,390 --> 01:38:12,960

like we don't everyone has their own

2842

01:38:15,430 --> 01:38:14,400

stakes in this whether it's alien

2843

01:38:18,550 --> 01:38:15,440

interdimensional

2844

01:38:19,189 --> 01:38:18,560

time travelers demons angels i don't

2845

01:38:22,149 --> 01:38:19,199

care

2846

01:38:22,709 --> 01:38:22,159

like it lies in what we know here on our

2847

01:38:24,709 --> 01:38:22,719

planet

2848

01:38:26,070 --> 01:38:24,719

with the most brilliant people uh that

2849

01:38:27,910 --> 01:38:26,080

we consider our most

2850

01:38:29,350 --> 01:38:27,920

important scientists so like i don't

2851

01:38:32,070 --> 01:38:29,360

think it's pessimistic

2852

01:38:32,629 --> 01:38:32,080

i i think it's hopeful that like science

2853

01:38:35,830 --> 01:38:32,639

can now

2854

01:38:37,830 --> 01:38:35,840

have an important place in this because

2855

01:38:39,750 --> 01:38:37,840

they have denied it for so long

2856

01:38:42,229 --> 01:38:39,760

first and foremost it was like taboo to

2857

01:38:44,149 --> 01:38:42,239

talk about this to look into it still is

2858

01:38:46,550 --> 01:38:44,159

in some respects but look at how many

2859

01:38:48,470 --> 01:38:46,560

independent scientists are willing

2860

01:38:49,990 --> 01:38:48,480

to dive into this and work with the

2861

01:38:52,310 --> 01:38:50,000

government so i think you're right

2862

01:38:53,189 --> 01:38:52,320

like let's stop looking at the pentagon

2863

01:38:55,430 --> 01:38:53,199

for answers

2864

01:38:57,109 --> 01:38:55,440

and let's start looking at our

2865

01:38:59,910 --> 01:38:57,119

scientists who are out there

2866

01:39:01,910 --> 01:38:59,920

and crave things like this you know like

2867

01:39:03,030 --> 01:39:01,920

that burning curiosity of what comes

2868

01:39:04,790 --> 01:39:03,040

next

2869

01:39:06,870 --> 01:39:04,800

let's present a scientific argument oh

2870

01:39:08,550 --> 01:39:06,880

sorry to cut you off no no no no yeah

2871

01:39:10,070 --> 01:39:08,560

sorry just i was gonna say and just keep

2872

01:39:13,910 --> 01:39:10,080

having these conversations

2873

01:39:15,990 --> 01:39:13,920

and and um like

2874

01:39:17,510 --> 01:39:16,000

we we need to keep talking and we need

2875

01:39:19,030 --> 01:39:17,520

to

2876  
01:39:21,030 --> 01:39:19,040  
you know the number one thing that i've

2877  
01:39:23,189 --> 01:39:21,040  
learned in the time that i've been a

2878  
01:39:24,950 --> 01:39:23,199  
part of this community is just like have

2879  
01:39:28,229 --> 01:39:24,960  
empathy for each other

2880  
01:39:30,390 --> 01:39:28,239  
like everybody is everybody's probably

2881  
01:39:32,950 --> 01:39:30,400  
wrong

2882  
01:39:34,310 --> 01:39:32,960  
yeah okay that's very true i'm not you

2883  
01:39:39,830 --> 01:39:34,320  
know

2884  
01:39:42,950 --> 01:39:39,840  
secrets or whatever like

2885  
01:39:44,550 --> 01:39:42,960  
we're all probably uh pretty off the

2886  
01:39:47,750 --> 01:39:44,560  
mark or we have part of the truth or

2887  
01:39:49,189 --> 01:39:47,760  
whatever but you know what like

2888  
01:39:51,030 --> 01:39:49,199

the thing that matters that we have each

2889

01:39:51,990 --> 01:39:51,040

other's back and that we we have empathy

2890

01:39:55,510 --> 01:39:52,000

for one another

2891

01:39:59,430 --> 01:39:55,520

and and look this is a topic that like

2892

01:40:01,590 --> 01:39:59,440

it uh it affects people in ways that i

2893

01:40:04,149 --> 01:40:01,600

don't think is appreciated often enough

2894

01:40:05,189 --> 01:40:04,159

like we're people are very vulnerable

2895

01:40:07,830 --> 01:40:05,199

and and like

2896

01:40:08,790 --> 01:40:07,840

when the government releases a vague ufo

2897

01:40:12,070 --> 01:40:08,800

report

2898

01:40:15,270 --> 01:40:12,080

you're not again i mentioned this on on

2899

01:40:18,550 --> 01:40:15,280

um on ucr but like

2900

01:40:21,430 --> 01:40:18,560

you're not just gaslighting us

2901  
01:40:23,669 --> 01:40:21,440  
the uap people or whatever like it's the

2902  
01:40:25,510 --> 01:40:23,679  
whole spectrum of people that like

2903  
01:40:26,870 --> 01:40:25,520  
they need something they're all looking

2904  
01:40:28,390 --> 01:40:26,880  
for something

2905  
01:40:30,470 --> 01:40:28,400  
and it could be the people that believe

2906  
01:40:32,149 --> 01:40:30,480  
dave wilcock

2907  
01:40:34,790 --> 01:40:32,159  
could be us who are a little more

2908  
01:40:36,550 --> 01:40:34,800  
rational right or it could be

2909  
01:40:38,229 --> 01:40:36,560  
people that think it's all demons and

2910  
01:40:40,550 --> 01:40:38,239  
you're in and by being

2911  
01:40:41,510 --> 01:40:40,560  
vague you know i've talked to tim about

2912  
01:40:43,830 --> 01:40:41,520  
this it's like

2913  
01:40:47,350 --> 01:40:43,840

this is almost like to the point where

2914

01:40:50,070 --> 01:40:47,360

it's a bigger national security threat

2915

01:40:51,510 --> 01:40:50,080

to continue to be vague exceptional then

2916

01:40:54,709 --> 01:40:51,520

whatever the truth

2917

01:40:55,990 --> 01:40:54,719

is okay and that's kind of where i've

2918

01:40:56,709 --> 01:40:56,000

landed with this but anyway i didn't

2919

01:41:00,950 --> 01:40:56,719

mean to

2920

01:41:03,830 --> 01:41:00,960

you're spot on zach

2921

01:41:05,109 --> 01:41:03,840

and i think it the in fact it rolls

2922

01:41:06,310 --> 01:41:05,119

right into exactly what i was going to

2923

01:41:07,669 --> 01:41:06,320

say which was

2924

01:41:09,430 --> 01:41:07,679

there needs to be some scientific

2925

01:41:11,590 --> 01:41:09,440

arguments presented here

2926

01:41:12,550 --> 01:41:11,600

instead of emotional arguments that is

2927

01:41:14,950 --> 01:41:12,560

on both

2928

01:41:17,189 --> 01:41:14,960

sides and i mean that and that's what's

2929

01:41:19,990 --> 01:41:17,199

been very frustrating for me

2930

01:41:21,590 --> 01:41:20,000

is because i have seen that same thing

2931

01:41:22,070 --> 01:41:21,600

uh you know hats off to mick west even

2932

01:41:24,310 --> 01:41:22,080

though i've

2933

01:41:25,910 --> 01:41:24,320

i've battled with him and you know even

2934

01:41:27,350 --> 01:41:25,920

though i was wrong recently in

2935

01:41:28,550 --> 01:41:27,360

one of my battles and was glad to say i

2936

01:41:29,510 --> 01:41:28,560

was wrong to him i had no problem with

2937

01:41:31,590 --> 01:41:29,520

that

2938

01:41:33,350 --> 01:41:31,600

but at least he shows some type of

2939

01:41:34,550 --> 01:41:33,360

experiments he's trying to show

2940

01:41:38,950 --> 01:41:34,560

something and

2941

01:41:40,790 --> 01:41:38,960

frustrating to me even when i've seen

2942

01:41:42,950 --> 01:41:40,800

uh because i feel like we're i feel like

2943

01:41:44,149 --> 01:41:42,960

i keep hitting on the quote believers

2944

01:41:45,830 --> 01:41:44,159

but i want to say the critics and

2945

01:41:46,390 --> 01:41:45,840

skeptics have been very frustrated

2946

01:41:48,790 --> 01:41:46,400

because it's

2947

01:41:50,790 --> 01:41:48,800

it's you know i just read an article not

2948

01:41:54,070 --> 01:41:50,800

long ago about how the the the threat of

2949

01:41:55,590 --> 01:41:54,080

conspiracy culture and ufo culture

2950

01:41:57,510 --> 01:41:55,600

coming from a psychology background i'm

2951  
01:41:58,870 --> 01:41:57,520  
like that's an easy social technology

2952  
01:42:01,590 --> 01:41:58,880  
experiment

2953  
01:42:03,430 --> 01:42:01,600  
make that a scientific argument not an

2954  
01:42:04,950 --> 01:42:03,440  
emotional argument or you're just

2955  
01:42:07,109 --> 01:42:04,960  
as bad as the people who are sitting

2956  
01:42:08,629 --> 01:42:07,119  
there you know saying it's aliens

2957  
01:42:11,030 --> 01:42:08,639  
and so that's what frustrating is

2958  
01:42:13,350 --> 01:42:11,040  
there's a there's a more palatable

2959  
01:42:15,350 --> 01:42:13,360  
disagreement it's like well this is this

2960  
01:42:16,629 --> 01:42:15,360  
is this is much more acceptable for me

2961  
01:42:17,430 --> 01:42:16,639  
to say but it's not a scientific

2962  
01:42:20,149 --> 01:42:17,440  
argument

2963  
01:42:21,510 --> 01:42:20,159

you know prove that there's a link

2964

01:42:23,669 --> 01:42:21,520

between conspiracy culture

2965

01:42:25,109 --> 01:42:23,679

and ufos there may very well be but

2966

01:42:26,790 --> 01:42:25,119

that's a scientific argument and so

2967

01:42:29,109 --> 01:42:26,800

that's what's frustrating

2968

01:42:30,950 --> 01:42:29,119

is that on both sides if you're going to

2969

01:42:31,990 --> 01:42:30,960

dismiss it at this point or you're going

2970

01:42:34,149 --> 01:42:32,000

to prove it

2971

01:42:35,910 --> 01:42:34,159

make that argument legitimately and

2972

01:42:36,709 --> 01:42:35,920

let's not have an emotional argument

2973

01:42:38,870 --> 01:42:36,719

because like

2974

01:42:40,070 --> 01:42:38,880

that just said as long as you keep it an

2975

01:42:42,149 --> 01:42:40,080

emotional argument

2976

01:42:43,550 --> 01:42:42,159

then you're going to keep it into a

2977

01:42:45,030 --> 01:42:43,560

realm of belief where it will be

2978

01:42:46,870 --> 01:42:45,040

quasi-religious

2979

01:42:48,470 --> 01:42:46,880

and it's going to be you you'll have

2980

01:42:49,669 --> 01:42:48,480

zealots you're going to have a lot of

2981

01:42:52,629 --> 01:42:49,679

emotion

2982

01:42:54,390 --> 01:42:52,639

involved on both sides and so we should

2983

01:42:56,070 --> 01:42:54,400

all kind of be better than this and like

2984

01:42:56,629 --> 01:42:56,080

zach said and we should be willing to

2985

01:42:58,390 --> 01:42:56,639

accept

2986

01:43:00,470 --> 01:42:58,400

results no matter what they are whether

2987

01:43:02,070 --> 01:43:00,480

they prove it's not a bird

2988

01:43:03,350 --> 01:43:02,080

or whether they prove it is a bird we

2989

01:43:04,390 --> 01:43:03,360

should be able to accept that because at

2990

01:43:06,870 --> 01:43:04,400

the end of the day i

2991

01:43:08,070 --> 01:43:06,880

i don't i'd like the real aliens not the

2992

01:43:10,950 --> 01:43:08,080

fake ones yeah then

2993

01:43:11,910 --> 01:43:10,960

they make it could be dolphins or

2994

01:43:14,950 --> 01:43:11,920

dolphins

2995

01:43:16,709 --> 01:43:14,960

oh guys yeah please sprint please yeah

2996

01:43:18,550 --> 01:43:16,719

oh yeah i'm sorry another thing that we

2997

01:43:21,270 --> 01:43:18,560

have to remember is that it is

2998

01:43:21,750 --> 01:43:21,280

so healthy for a community to have

2999

01:43:25,030 --> 01:43:21,760

people

3000

01:43:28,390 --> 01:43:25,040

on opposing ends of the discussion

3001  
01:43:31,270 --> 01:43:28,400  
because just like tim just said you know

3002  
01:43:32,550 --> 01:43:31,280  
you don't have somebody challenging a

3003  
01:43:35,750 --> 01:43:32,560  
hypothesis

3004  
01:43:39,350 --> 01:43:35,760  
eventually it will purely be emotional

3005  
01:43:41,669 --> 01:43:39,360  
and that tends to lead into cult-like

3006  
01:43:44,629 --> 01:43:41,679  
mindsets

3007  
01:43:46,790 --> 01:43:44,639  
and like it just it i really don't

3008  
01:43:50,149 --> 01:43:46,800  
understand why people do get so

3009  
01:43:52,870 --> 01:43:50,159  
emotional over someone discussing the

3010  
01:43:56,470 --> 01:43:52,880  
other side of the argument if

3011  
01:43:59,590 --> 01:43:56,480  
our goal here is to get to the truth

3012  
01:44:02,790 --> 01:43:59,600  
we need both people it's simple

3013  
01:44:05,270 --> 01:44:02,800

absolutely exactly

3014

01:44:06,709 --> 01:44:05,280

and i think you know we look at whether

3015

01:44:07,510 --> 01:44:06,719

you're looking at a believer or a

3016

01:44:09,669 --> 01:44:07,520

skeptic

3017

01:44:11,430 --> 01:44:09,679

um it's not so much like the enemy is

3018

01:44:13,510 --> 01:44:11,440

one another like we all

3019

01:44:15,350 --> 01:44:13,520

are looking for the same thing the truth

3020

01:44:17,590 --> 01:44:15,360

the enemy is the vagueness

3021

01:44:19,750 --> 01:44:17,600

and the people who actually have the

3022

01:44:20,310 --> 01:44:19,760

answers but aren't willing to bring them

3023

01:44:21,990 --> 01:44:20,320

forward

3024

01:44:23,830 --> 01:44:22,000

or maybe they don't know the answers

3025

01:44:26,870 --> 01:44:23,840

like that's a completely

3026

01:44:29,750 --> 01:44:26,880

understandable uh thing too like

3027

01:44:30,870 --> 01:44:29,760

who maybe nobody has the answers and

3028

01:44:34,390 --> 01:44:30,880

we're all just

3029

01:44:36,950 --> 01:44:34,400

using this malleable phenomena to like

3030

01:44:37,510 --> 01:44:36,960

appease our own beliefs and whatnot but

3031

01:44:39,030 --> 01:44:37,520

uh

3032

01:44:41,270 --> 01:44:39,040

you know that's a conversation for a

3033

01:44:42,709 --> 01:44:41,280

whole other time i think you guys

3034

01:44:44,390 --> 01:44:42,719

you hit the nail on the head like this

3035

01:44:46,790 --> 01:44:44,400

started as a conversation about

3036

01:44:47,669 --> 01:44:46,800

like a possible general telling tom

3037

01:44:49,910 --> 01:44:47,679

delong something

3038

01:44:51,590 --> 01:44:49,920

but i think we we ended with like what's

3039

01:44:55,109 --> 01:44:51,600

most important about this

3040

01:44:57,750 --> 01:44:55,119

is like we just want a base truth

3041

01:44:59,510 --> 01:44:57,760

like zach said and we don't have that

3042

01:45:00,629 --> 01:44:59,520

because we're just getting claims from

3043

01:45:02,229 --> 01:45:00,639

the very start

3044

01:45:03,750 --> 01:45:02,239

of all the stuff that's come forward in

3045

01:45:06,310 --> 01:45:03,760

the past few years so

3046

01:45:07,750 --> 01:45:06,320

i'm glad we like went back and looked at

3047

01:45:10,229 --> 01:45:07,760

this some people might not

3048

01:45:11,109 --> 01:45:10,239

find it beneficial to their own research

3049

01:45:13,590 --> 01:45:11,119

or interest

3050

01:45:15,910 --> 01:45:13,600

but i think it's important to like point

3051

01:45:17,669 --> 01:45:15,920

out the fact that like this all started

3052

01:45:20,870 --> 01:45:17,679

with this possible one man

3053

01:45:23,669 --> 01:45:20,880

mccaslin and nobody questioned it

3054

01:45:25,270 --> 01:45:23,679

and nobody pushed it and nobody's

3055

01:45:26,709 --> 01:45:25,280

challenging tom delong

3056

01:45:28,950 --> 01:45:26,719

and maybe that's because no one can get

3057

01:45:31,830 --> 01:45:28,960

a hold of him that's a whole other thing

3058

01:45:32,229 --> 01:45:31,840

but at the end of the day like yeah just

3059

01:45:35,189 --> 01:45:32,239

tell

3060

01:45:35,830 --> 01:45:35,199

like if you're gonna make these claims

3061

01:45:38,070 --> 01:45:35,840

back it up

3062

01:45:39,510 --> 01:45:38,080

that that's the most simplest way to say

3063

01:45:41,430 --> 01:45:39,520

it um

3064

01:45:42,550 --> 01:45:41,440

so i guess that's kind of where i want

3065

01:45:45,030 --> 01:45:42,560

to leave it guys

3066

01:45:45,590 --> 01:45:45,040

um you've given me way over the time

3067

01:45:48,629 --> 01:45:45,600

that i

3068

01:45:50,470 --> 01:45:48,639

expected of you so before we go

3069

01:45:52,229 --> 01:45:50,480

um i want to know where we can find

3070

01:45:54,470 --> 01:45:52,239

everything you guys are up to

3071

01:45:55,669 --> 01:45:54,480

so let's just go down the line zach tell

3072

01:45:56,629 --> 01:45:55,679

us where we can find everything you're

3073

01:45:59,109 --> 01:45:56,639

up to man

3074

01:46:02,550 --> 01:45:59,119

yeah man i'm uh still doing my podcast

3075

01:46:04,709 --> 01:46:02,560

uh it's just [www.projecthuman.fm](http://www.projecthuman.fm)

3076

01:46:06,669 --> 01:46:04,719

and you can find me on twitter at

3077

01:46:09,189 --> 01:46:06,679

zsaichi or

3078

01:46:11,270 --> 01:46:09,199

z-c-i-c-h-y and

3079

01:46:13,030 --> 01:46:11,280

yeah i'm just going to keep on doing my

3080

01:46:15,189 --> 01:46:13,040

thing awesome

3081

01:46:17,270 --> 01:46:15,199

brit um i know you have a new youtube

3082

01:46:19,270 --> 01:46:17,280

channel that's gonna be premiering soon

3083

01:46:21,109 --> 01:46:19,280

you got a couple teasers up so tell us a

3084

01:46:23,510 --> 01:46:21,119

little about inference if you don't mind

3085

01:46:24,550 --> 01:46:23,520

hi so imprints is just taking a whole

3086

01:46:27,109 --> 01:46:24,560

like just a

3087

01:46:28,070 --> 01:46:27,119

large amount of facts uh putting it on a

3088

01:46:30,470 --> 01:46:28,080

timeline

3089

01:46:31,270 --> 01:46:30,480  
and then just presenting it to the

3090

01:46:33,910 --> 01:46:31,280  
audience then

3091

01:46:34,950 --> 01:46:33,920  
they can infer what's going on based on

3092

01:46:37,270 --> 01:46:34,960  
this evidence

3093

01:46:39,590 --> 01:46:37,280  
it will be covering the et possibility

3094

01:46:41,350 --> 01:46:39,600  
the psyops possibility you know just

3095

01:46:43,189 --> 01:46:41,360  
all kinds of possibilities and theories

3096

01:46:45,750 --> 01:46:43,199  
and viewpoints that have

3097

01:46:46,870 --> 01:46:45,760  
uh just being at the forefront of like

3098

01:46:49,430 --> 01:46:46,880  
this discussion

3099

01:46:50,629 --> 01:46:49,440  
uh we'll be taking a good look at every

3100

01:46:53,030 --> 01:46:50,639  
single one of those

3101  
01:46:54,070 --> 01:46:53,040  
uh viewpoints well in this documentary

3102  
01:46:57,109 --> 01:46:54,080  
that i'll be releasing

3103  
01:47:00,709 --> 01:46:57,119  
soon um in fact since i have

3104  
01:47:01,270 --> 01:47:00,719  
uh gotten to speak to all of you i i did

3105  
01:47:03,590 --> 01:47:01,280  
have to

3106  
01:47:06,229 --> 01:47:03,600  
i well i made the executive decision to

3107  
01:47:09,430 --> 01:47:06,239  
push back the documents

3108  
01:47:11,430 --> 01:47:09,440  
you know sorry brett

3109  
01:47:13,189 --> 01:47:11,440  
more than what i originally knew and i

3110  
01:47:15,109 --> 01:47:13,199  
thought that's what happened

3111  
01:47:17,590 --> 01:47:15,119  
i thought i was queen of research but

3112  
01:47:20,709 --> 01:47:17,600  
turns out might not be true

3113  
01:47:28,070 --> 01:47:20,719

um but you can find me at inference the

3114

01:47:32,229 --> 01:47:30,629

and yeah and just be looking out for

3115

01:47:33,669 --> 01:47:32,239

that documentary it should be coming out

3116

01:47:36,870 --> 01:47:33,679

in august

3117

01:47:38,550 --> 01:47:36,880

and it sounds good to me awesome awesome

3118

01:47:40,149 --> 01:47:38,560

tim hey that's my man where can we find

3119

01:47:42,470 --> 01:47:40,159

everything you're up to and uh

3120

01:47:43,910 --> 01:47:42,480

when's the next big uh triangle photo

3121

01:47:44,950 --> 01:47:43,920

coming out of the ocean gonna drop

3122

01:47:49,510 --> 01:47:44,960

brother

3123

01:47:51,350 --> 01:47:49,520

no where's that i'm sorry i'm sorry

3124

01:47:53,030 --> 01:47:51,360

no i don't they dude it's a running joke

3125

01:47:54,310 --> 01:47:53,040

on the inside bro like every article i

3126

01:47:55,109 --> 01:47:54,320

put out everybody's like but where's the

3127

01:47:58,390 --> 01:47:55,119

triangle

3128

01:48:01,510 --> 01:47:58,400

oh yeah you can find me at only fans

3129

01:48:02,830 --> 01:48:01,520

no i'm just kidding um

3130

01:48:04,790 --> 01:48:02,840

maybe that's where we could find

3131

01:48:08,790 --> 01:48:04,800

mccaslin

3132

01:48:10,550 --> 01:48:08,800

right 50 bucks

3133

01:48:12,390 --> 01:48:10,560

give him 50 bucks he'll give you a bike

3134

01:48:15,030 --> 01:48:12,400

and some answers yeah

3135

01:48:15,830 --> 01:48:15,040

he could do a a quirk so book and make a

3136

01:48:18,709 --> 01:48:15,840

bunch

3137

01:48:20,629 --> 01:48:18,719

um yeah no you can uh you can find all

3138

01:48:24,149 --> 01:48:20,639

our stuff at vdebrief.org

3139

01:48:26,310 --> 01:48:24,159

and so you know putting out science tech

3140

01:48:29,030 --> 01:48:26,320

innovative news stories and obviously

3141

01:48:30,790 --> 01:48:29,040

stuff that relates to ufos or uap

3142

01:48:32,709 --> 01:48:30,800

when it's newsworthy and so when we can

3143

01:48:33,510 --> 01:48:32,719

kind of verify it and and we try to stay

3144

01:48:35,910 --> 01:48:33,520

away from the

3145

01:48:37,030 --> 01:48:35,920

sensationalized stuff so if it's uh if

3146

01:48:38,870 --> 01:48:37,040

it's something

3147

01:48:40,149 --> 01:48:38,880

we've got good going on then we'll put

3148

01:48:42,149 --> 01:48:40,159

it out um

3149

01:48:43,189 --> 01:48:42,159

so you can find me there you know or you

3150

01:48:48,070 --> 01:48:43,199

can find me on twitter

3151

01:48:51,109 --> 01:48:48,080

at lt tim mcmillan m-c-m-i-l-8 yeah

3152

01:48:53,750 --> 01:48:51,119

yeah there we go um and yeah

3153

01:48:55,750 --> 01:48:53,760

no i i do have a couple of things in the

3154

01:48:58,550 --> 01:48:55,760

works and and so we'll

3155

01:48:59,990 --> 01:48:58,560

see but you know uh i don't tend to move

3156

01:49:01,990 --> 01:49:00,000

as fast as

3157

01:49:03,109 --> 01:49:02,000

ufo twitter or some people like but i

3158

01:49:05,109 --> 01:49:03,119

hope

3159

01:49:07,189 --> 01:49:05,119

i try to make sure it's thorough and you

3160

01:49:09,910 --> 01:49:07,199

know it's all good

3161

01:49:10,629 --> 01:49:09,920

with good reason i appreciate that

3162

01:49:12,950 --> 01:49:10,639

awesome

3163

01:49:14,070 --> 01:49:12,960

all right guys well that's all the time

3164

01:49:15,589 --> 01:49:14,080

we had for today

3165

01:49:17,189 --> 01:49:15,599

on somewhere in the skies i have to

3166

01:49:17,589 --> 01:49:17,199

thank zach i have to thank great i have

3167

01:49:22,790 --> 01:49:17,599

to

3168

01:49:24,629 --> 01:49:22,800

we illuminated some of the mystery

3169

01:49:26,070 --> 01:49:24,639

behind this whole mccaslin thing but i

3170

01:49:27,589 --> 01:49:26,080

think more importantly

3171

01:49:30,229 --> 01:49:27,599

oh we brought up a lot of the other

3172

01:49:33,510 --> 01:49:30,239

things that uh we should look forward to

3173

01:49:35,109 --> 01:49:33,520

in terms of this topic and like you know

3174

01:49:36,550 --> 01:49:35,119

just keep having these conversations

3175

01:49:38,629 --> 01:49:36,560

like zach and brit said

3176

01:49:39,830 --> 01:49:38,639

um i think that's very important i think

3177

01:49:41,510 --> 01:49:39,840

it's awesome that

3178

01:49:42,870 --> 01:49:41,520

science is going to become a bigger part

3179

01:49:44,390 --> 01:49:42,880

of all this and

3180

01:49:46,709 --> 01:49:44,400

there's a lot to look forward to no

3181

01:49:47,030 --> 01:49:46,719

matter what uh what the naysayers might

3182

01:49:50,550 --> 01:49:47,040

say

3183

01:49:52,070 --> 01:49:50,560

good night and i'm going to thank you

3184

01:49:54,149 --> 01:49:52,080

once again for coming on somewhere in

3185

01:50:01,160 --> 01:49:54,159

the skies
