

SOMEWHERE IN THE SKIES

INVESTIGATING UNEXPLAINED PHENOMENA
WITH FORMER FIGHTER PILOT
CHRIS LEHTO

1
00:00:12,470 --> 00:00:09,589

[Music]

2
00:00:14,610 --> 00:00:12,480

this is somewhere in the skies with ryan

3
00:00:31,269 --> 00:00:14,620

spread

4
00:00:35,270 --> 00:00:33,110

chris thank you so much for joining me

5
00:00:37,030 --> 00:00:35,280

today on somewhere in the skies

6
00:00:38,229 --> 00:00:37,040

excellent yeah thanks ryan happy to be

7
00:00:40,790 --> 00:00:38,239

here definitely

8
00:00:43,030 --> 00:00:40,800

yeah i'm excited man i mean i know

9
00:00:46,549 --> 00:00:43,040

you're sort of new to the whole

10
00:00:49,670 --> 00:00:46,559

ufo uh discourse and conversation and

11
00:00:52,310 --> 00:00:49,680

you just dove right in man i know your

12
00:00:56,470 --> 00:00:52,320

first videos that came out about the now

13
00:00:59,349 --> 00:00:56,480

famous navy ufo uh videos and incidents

14

00:01:02,069 --> 00:00:59,359

just really took off i mean it was crazy

15

00:01:04,070 --> 00:01:02,079

how viral those went and i think uh i

16

00:01:05,030 --> 00:01:04,080

think people were excited to finally see

17

00:01:07,350 --> 00:01:05,040

another

18

00:01:09,109 --> 00:01:07,360

fighter pilot coming forward to

19

00:01:11,429 --> 00:01:09,119

to sort of back these other people up

20

00:01:13,830 --> 00:01:11,439

and say look these were not conventional

21

00:01:15,749 --> 00:01:13,840

things we saw out there there's probably

22

00:01:18,149 --> 00:01:15,759

a hundred different explanations to what

23

00:01:20,870 --> 00:01:18,159

it could be but we'll we'll we'll kind

24

00:01:22,630 --> 00:01:20,880

of get into that in a little bit um but

25

00:01:24,789 --> 00:01:22,640

i do have to ask you know

26

00:01:27,670 --> 00:01:24,799

that for my listeners viewers who may

27

00:01:29,670 --> 00:01:27,680

not be too familiar with who you are and

28

00:01:33,749 --> 00:01:29,680

um how you sort of came on the scene

29

00:01:35,830 --> 00:01:33,759

here in our little ufo community um

30

00:01:36,870 --> 00:01:35,840

what what first got you interested in

31

00:01:39,590 --> 00:01:36,880

becoming

32

00:01:42,230 --> 00:01:39,600

a fighter pilot how did that hole um i

33

00:01:44,550 --> 00:01:42,240

guess string of events turn out yeah i

34

00:01:46,710 --> 00:01:44,560

did it was interesting i um

35

00:01:48,789 --> 00:01:46,720

most fighter pilots actually

36

00:01:49,910 --> 00:01:48,799

they it was kind of their dream you know

37

00:01:51,670 --> 00:01:49,920

growing up

38

00:01:53,030 --> 00:01:51,680

uh and my roommate the air force academy

39

00:01:54,310 --> 00:01:53,040

it was his dream actually to go to pilot

40

00:01:55,910 --> 00:01:54,320

training to be a fighter pilot and then

41

00:01:56,630 --> 00:01:55,920

his eyes you know he couldn't because of

42

00:02:00,709 --> 00:01:56,640

his

43

00:02:03,270 --> 00:02:00,719

up changing the last minute actually so

44

00:02:04,389 --> 00:02:03,280

if they really need pilots they will

45

00:02:06,789 --> 00:02:04,399

you know

46

00:02:07,749 --> 00:02:06,799

the requirements actually can get bigger

47

00:02:09,430 --> 00:02:07,759

um

48

00:02:11,190 --> 00:02:09,440

but actually uh i went to the air force

49

00:02:13,990 --> 00:02:11,200

academy uh

50

00:02:16,309 --> 00:02:14,000

you know i i wasn't really uh that

51

00:02:18,630 --> 00:02:16,319

interested in the military but

52

00:02:19,990 --> 00:02:18,640

i really just wanted discipline actually

53

00:02:21,830 --> 00:02:20,000

you know i

54

00:02:23,430 --> 00:02:21,840

i wanted more discipline i wanted an

55

00:02:24,949 --> 00:02:23,440

exciting life i didn't just want the

56

00:02:26,790 --> 00:02:24,959

suburb

57

00:02:29,430 --> 00:02:26,800

kind of lifestyle that i grew up in you

58

00:02:31,670 --> 00:02:29,440

know i i just did not want that uh and

59

00:02:33,190 --> 00:02:31,680

it seemed like an exciting uh exciting

60

00:02:35,030 --> 00:02:33,200

opportunity you know i applied i didn't

61

00:02:36,790 --> 00:02:35,040

really think i would get in actually um

62

00:02:39,110 --> 00:02:36,800

it's very difficult to get in

63

00:02:41,110 --> 00:02:39,120

and i was surprised they let me in so

64

00:02:43,110 --> 00:02:41,120

it's this amazing opportunity you can't

65

00:02:44,309 --> 00:02:43,120

pass up and i went

66

00:02:46,390 --> 00:02:44,319

uh and so i

67

00:02:47,509 --> 00:02:46,400

when i was there

68

00:02:48,470 --> 00:02:47,519

they tell you the whole time they're

69

00:02:50,229 --> 00:02:48,480

like

70

00:02:51,990 --> 00:02:50,239

just quit man just quit you can quit any

71

00:02:52,710 --> 00:02:52,000

time you know just go ahead quit you

72

00:02:55,509 --> 00:02:52,720

know

73

00:02:57,110 --> 00:02:55,519

it's and apparently that's exactly what

74

00:02:58,949 --> 00:02:57,120

if you tell me that i do exactly the

75

00:03:00,869 --> 00:02:58,959

opposite you know i don't know

76

00:03:02,470 --> 00:03:00,879

uh it's just i have that kind of

77

00:03:04,470 --> 00:03:02,480

i've always had that personality just to

78

00:03:05,589 --> 00:03:04,480

like i don't know if you hit me here i'm

79

00:03:06,869 --> 00:03:05,599

going to stab you in the stomach you

80

00:03:09,110 --> 00:03:06,879

know i don't know

81

00:03:09,990 --> 00:03:09,120

it's like a reflex i can't even

82

00:03:12,149 --> 00:03:10,000

uh

83

00:03:14,070 --> 00:03:12,159

i can't stop it so anyway so i i made it

84

00:03:15,910 --> 00:03:14,080

through i did really enjoy it but it was

85

00:03:17,750 --> 00:03:15,920

extremely difficult you know every day i

86

00:03:18,949 --> 00:03:17,760

remember i woke up

87

00:03:20,390 --> 00:03:18,959

at the air force academy every day i

88

00:03:21,830 --> 00:03:20,400

would wake up

89

00:03:23,270 --> 00:03:21,840

and the first word in my brain you know

90

00:03:25,509 --> 00:03:23,280

i'd look around and see where i am and

91

00:03:27,030 --> 00:03:25,519

then i would say [h__h] you know like

92

00:03:28,390 --> 00:03:27,040

literally this was like four years of

93

00:03:29,910 --> 00:03:28,400

this man so it was

94

00:03:31,430 --> 00:03:29,920

it was tough you know but it does it

95

00:03:32,949 --> 00:03:31,440

molds you you know it really like

96

00:03:33,750 --> 00:03:32,959

pressure cooking

97

00:03:35,830 --> 00:03:33,760

uh

98

00:03:37,670 --> 00:03:35,840

so i went to the air force academy and

99

00:03:39,190 --> 00:03:37,680

and from the air force academy

100

00:03:40,949 --> 00:03:39,200

uh you have a pilot slot so that's the

101
00:03:43,030 --> 00:03:40,959
benefit of going to the to the academy

102
00:03:44,710 --> 00:03:43,040
instead of going to rotc

103
00:03:46,869 --> 00:03:44,720
or i had some friends who just went to a

104
00:03:48,630 --> 00:03:46,879
normal college and then after they did

105
00:03:50,710 --> 00:03:48,640
their normal college experience they

106
00:03:51,589 --> 00:03:50,720
applied it's called ots officer training

107
00:03:53,030 --> 00:03:51,599
school

108
00:03:54,309 --> 00:03:53,040
and then they could just get in you know

109
00:03:55,830 --> 00:03:54,319
so i had

110
00:03:57,910 --> 00:03:55,840
friends in the in the squadrons next to

111
00:03:59,830 --> 00:03:57,920
me you know that just went to new york

112
00:04:02,390 --> 00:03:59,840
actually i have a good a good friend

113
00:04:04,070 --> 00:04:02,400

noonan uh he actually was a

114

00:04:07,350 --> 00:04:04,080

he was a photography major man i should

115

00:04:08,789 --> 00:04:07,360

talk to him about this optic stuff

116

00:04:10,550 --> 00:04:08,799

i need to talk to ryan get him i'm gonna

117

00:04:12,630 --> 00:04:10,560

get him on the show

118

00:04:15,190 --> 00:04:12,640

he's super smart amazingly smart uh but

119

00:04:17,270 --> 00:04:15,200

he was a yeah he had a photography

120

00:04:19,030 --> 00:04:17,280

degree and he went into the recruiters

121

00:04:20,390 --> 00:04:19,040

and he said hey i want to be a you know

122

00:04:21,990 --> 00:04:20,400

fighter pilot they're like i'm sorry you

123

00:04:23,749 --> 00:04:22,000

can't do that he's like no no that's

124

00:04:25,189 --> 00:04:23,759

that's what i want to do you know and

125

00:04:25,909 --> 00:04:25,199

the guy's like no i'm sorry you can't do

126

00:04:28,469 --> 00:04:25,919

that

127

00:04:31,030 --> 00:04:28,479

so he did he'd made it happen and so

128

00:04:32,310 --> 00:04:31,040

uh yeah so if you want to do it you know

129

00:04:34,710 --> 00:04:32,320

most of the people really tried really

130

00:04:35,350 --> 00:04:34,720

hard uh to get there and i i don't know

131

00:04:51,990 --> 00:04:35,360

i

132

00:04:53,749 --> 00:04:52,000

so

133

00:04:55,830 --> 00:04:53,759

in that environment i grew up playing

134

00:04:57,830 --> 00:04:55,840

video games and also it wasn't really my

135

00:04:59,270 --> 00:04:57,840

dream to to be there you know it wasn't

136

00:05:00,390 --> 00:04:59,280

my dream and i think that gave me an

137

00:05:02,310 --> 00:05:00,400

advantage because when you're really

138

00:05:04,310 --> 00:05:02,320

under a lot of pressure

139

00:05:05,670 --> 00:05:04,320

i think that helps it just helps

140

00:05:07,510 --> 00:05:05,680

you know if you don't if you don't care

141

00:05:09,189 --> 00:05:07,520

as much it really makes it a lot easier

142

00:05:12,310 --> 00:05:09,199

just to be smooth

143

00:05:14,230 --> 00:05:12,320

take your time uh do things correctly

144

00:05:15,590 --> 00:05:14,240

yeah so i i think a fighter squadron is

145

00:05:17,590 --> 00:05:15,600

really like a

146

00:05:19,189 --> 00:05:17,600

professional sports team you know it's a

147

00:05:21,350 --> 00:05:19,199

there's just a lot of camaraderie it's a

148

00:05:23,110 --> 00:05:21,360

lot of pressure and you know you have to

149

00:05:24,629 --> 00:05:23,120

perform really perform under a lot of

150

00:05:27,189 --> 00:05:24,639

people watching

151

00:05:28,710 --> 00:05:27,199

um and so at that level it all a lot of

152

00:05:30,150 --> 00:05:28,720

it just comes down to your training your

153

00:05:32,150 --> 00:05:30,160

preparation and then how you can

154

00:05:34,230 --> 00:05:32,160

actually perform under pressure uh and

155

00:05:37,350 --> 00:05:34,240

so i think that just helped me get into

156

00:05:39,430 --> 00:05:37,360

uh fighters okay so you i excelled i did

157

00:05:42,390 --> 00:05:39,440

better and there was lucky enough there

158

00:05:44,150 --> 00:05:42,400

was fighter available went into f-16s

159

00:05:45,430 --> 00:05:44,160

uh and that's basically how i how he

160

00:05:46,469 --> 00:05:45,440

became a fighter pop

161

00:05:48,870 --> 00:05:46,479

wow

162

00:05:51,110 --> 00:05:48,880

and i can't even imagine that stress and

163

00:05:53,430 --> 00:05:51,120

pressure um you know in the moment

164

00:05:56,309 --> 00:05:53,440

especially and i know training is a big

165

00:05:58,710 --> 00:05:56,319

part of it but um i gotta ask um on a

166

00:06:00,230 --> 00:05:58,720

personal level do you remember your

167

00:06:01,670 --> 00:06:00,240

first like

168

00:06:05,029 --> 00:06:01,680

real world

169

00:06:07,909 --> 00:06:05,039

flight and um anything you can share

170

00:06:09,830 --> 00:06:07,919

about that or like how you performed or

171

00:06:11,270 --> 00:06:09,840

what was that experience like because

172

00:06:14,150 --> 00:06:11,280

correct me if i'm wrong chris you don't

173

00:06:16,150 --> 00:06:14,160

have someone else in the f-16 with you

174

00:06:17,830 --> 00:06:16,160

is that right like a lot of the other

175

00:06:19,670 --> 00:06:17,840

fighter jets do in the navy and stuff

176

00:06:21,749 --> 00:06:19,680

you're you're alone right

177

00:06:23,029 --> 00:06:21,759

yeah and that's it it's single-seat

178

00:06:24,950 --> 00:06:23,039

multi-role

179

00:06:26,629 --> 00:06:24,960

single uh single-engine fighter you know

180

00:06:29,350 --> 00:06:26,639

single-seat single-engine

181

00:06:31,270 --> 00:06:29,360

okay um yeah so that's that's the f-16

182

00:06:32,550 --> 00:06:31,280

it's like the infantry of the fighters

183

00:06:34,790 --> 00:06:32,560

you know it's like

184

00:06:37,430 --> 00:06:34,800

we were expendable you know there's

185

00:06:38,790 --> 00:06:37,440

they're we're the most numerous okay and

186

00:06:41,510 --> 00:06:38,800

you know we're like the grunts of the

187

00:06:43,510 --> 00:06:41,520

fighter world uh and we're kind of it's

188

00:06:45,029 --> 00:06:43,520

like a swiss army knife you know master

189

00:06:46,390 --> 00:06:45,039

you know jack of all trades master of

190

00:06:50,070 --> 00:06:46,400

none that's like the

191

00:06:51,510 --> 00:06:50,080

uh the the f-16s main main um i guess

192

00:06:53,350 --> 00:06:51,520

multi-role

193

00:06:54,629 --> 00:06:53,360

fighting falcon kind of

194

00:06:56,629 --> 00:06:54,639

image how it was designed for

195

00:06:58,150 --> 00:06:56,639

single-seat single engine

196

00:07:00,390 --> 00:06:58,160

disposable fighter

197

00:07:02,629 --> 00:07:00,400

that's really gotcha yeah but that's

198

00:07:04,710 --> 00:07:02,639

humble i

199

00:07:07,110 --> 00:07:04,720

yeah but it's true everything does come

200

00:07:08,469 --> 00:07:07,120

down to you um

201
00:07:10,469 --> 00:07:08,479
and it is

202
00:07:12,790 --> 00:07:10,479
you are a single point of failure

203
00:07:14,469 --> 00:07:12,800
so you know there are there are

204
00:07:16,629 --> 00:07:14,479
things to catch errors you know if a

205
00:07:18,230 --> 00:07:16,639
maintainer makes a mistake it can be

206
00:07:20,629 --> 00:07:18,240
very bad you know can it can cause a

207
00:07:22,469 --> 00:07:20,639
crash obviously but there's many layers

208
00:07:24,150 --> 00:07:22,479
to catch these errors you know there's

209
00:07:25,589 --> 00:07:24,160
systems built in

210
00:07:28,150 --> 00:07:25,599
but if the pilot you know if he doesn't

211
00:07:29,430 --> 00:07:28,160
put down the landing gear

212
00:07:30,710 --> 00:07:29,440
you know that actually there is people

213
00:07:31,830 --> 00:07:30,720

watching that he puts down a landing

214

00:07:32,550 --> 00:07:31,840

gear

215

00:07:34,150 --> 00:07:32,560

so

216

00:07:36,070 --> 00:07:34,160

uh but there is you know if the pilot

217

00:07:38,230 --> 00:07:36,080

makes a serious mistake then

218

00:07:39,909 --> 00:07:38,240

that's it you know it's over so

219

00:07:41,510 --> 00:07:39,919

it's it's important that

220

00:07:43,270 --> 00:07:41,520

yeah you got to make sure these guys

221

00:07:44,390 --> 00:07:43,280

aren't going to crack under the pressure

222

00:07:46,070 --> 00:07:44,400

or

223

00:07:47,510 --> 00:07:46,080

so yeah so the training training is very

224

00:07:49,749 --> 00:07:47,520

intense

225

00:07:51,749 --> 00:07:49,759

um what what's that first

226

00:07:52,869 --> 00:07:51,759

real world flight like for you do you

227

00:07:54,309 --> 00:07:52,879

remember

228

00:07:57,270 --> 00:07:54,319

i don't even know that you want to

229

00:07:59,189 --> 00:07:57,280

forget it had to be in korea

230

00:08:01,270 --> 00:07:59,199

well real world like in combat is that

231

00:08:03,749 --> 00:08:01,280

what you're talking about yeah yeah

232

00:08:05,990 --> 00:08:03,759

okay my actual real world sorting combat

233

00:08:07,110 --> 00:08:06,000

was insane yeah it was crazy i went to

234

00:08:09,909 --> 00:08:07,120

um

235

00:08:12,869 --> 00:08:09,919

balad it was in iraq so we deployed to

236

00:08:15,110 --> 00:08:12,879

iraq from aviano

237

00:08:17,749 --> 00:08:15,120

and that was let's see that was in 2000

238

00:08:20,469 --> 00:08:17,759

end of 2005. so i've been flying about

239

00:08:22,550 --> 00:08:20,479

two and a half years with the viper

240

00:08:24,550 --> 00:08:22,560

and we show up in balad you know we're

241

00:08:26,309 --> 00:08:24,560

we're replacing the previous squadron

242

00:08:29,430 --> 00:08:26,319

ballast the main air base a giant air

243

00:08:30,869 --> 00:08:29,440

base right north of um baghdad it's like

244

00:08:33,909 --> 00:08:30,879

i don't know

245

00:08:35,909 --> 00:08:33,919

15 20 miles northeast of baghdad

246

00:08:37,350 --> 00:08:35,919

uh a giant base so we flew in with our

247

00:08:39,269 --> 00:08:37,360

squadron we're replacing our sister

248

00:08:41,509 --> 00:08:39,279

squadron so you do like five-month tours

249

00:08:42,870 --> 00:08:41,519

your whole squadron goes there um you

250

00:08:44,230 --> 00:08:42,880

know so you're all working together as a

251
00:08:45,990 --> 00:08:44,240
team

252
00:08:46,949 --> 00:08:46,000
and so we landed and

253
00:08:49,110 --> 00:08:46,959
you know

254
00:08:50,710 --> 00:08:49,120
mo getting there is uh kind of like a

255
00:08:51,829 --> 00:08:50,720
mission in its own you know packing

256
00:08:53,430 --> 00:08:51,839
everything

257
00:08:54,870 --> 00:08:53,440
uh making sure all your equipment's

258
00:08:56,310 --> 00:08:54,880
correct you know all the crazy

259
00:08:58,389 --> 00:08:56,320
bureaucracy i mean we had to bring so

260
00:09:00,310 --> 00:08:58,399
much crap there like bags of warm

261
00:09:01,990 --> 00:09:00,320
weather gear i remember like i had to

262
00:09:03,990 --> 00:09:02,000
have like four pairs of these super

263
00:09:05,509 --> 00:09:04,000

thick wool socks you know just stuff you

264

00:09:06,630 --> 00:09:05,519

would never use i mean it's just

265

00:09:08,310 --> 00:09:06,640

ridiculous

266

00:09:09,910 --> 00:09:08,320

uh so anyway we get there and i thought

267

00:09:11,990 --> 00:09:09,920

i would have two days to study you know

268

00:09:14,070 --> 00:09:12,000

we were supposed to have ground time

269

00:09:16,550 --> 00:09:14,080

uh two days just to uh kind of learn the

270

00:09:19,030 --> 00:09:16,560

ops you know i read it before but uh did

271

00:09:20,389 --> 00:09:19,040

i study enough probably not um so i was

272

00:09:21,509 --> 00:09:20,399

like i'll have time when i get there you

273

00:09:22,790 --> 00:09:21,519

know

274

00:09:24,710 --> 00:09:22,800

so we land

275

00:09:26,949 --> 00:09:24,720

uh i get like a quick nap in we land at

276

00:09:28,230 --> 00:09:26,959

like midnight or whatever and i i'm just

277

00:09:29,910 --> 00:09:28,240

at the chow hall you know learning hey

278

00:09:32,470 --> 00:09:29,920

where do we go here's the food and i and

279

00:09:33,829 --> 00:09:32,480

i see my buddy uh bonsai i was actually

280

00:09:35,269 --> 00:09:33,839

in pilot training with him bonsai

281

00:09:36,949 --> 00:09:35,279

watkins

282

00:09:39,990 --> 00:09:36,959

and he's like hey otis my call sign was

283

00:09:42,389 --> 00:09:40,000

otis actually uh as a fighter pilot

284

00:09:44,470 --> 00:09:42,399

he's like hey otis um can you can you

285

00:09:46,550 --> 00:09:44,480

sit alert with me you know tonight and i

286

00:09:48,310 --> 00:09:46,560

was like tonight wow

287

00:09:50,070 --> 00:09:48,320

he's like yeah you know if if you can

288

00:09:50,870 --> 00:09:50,080

sit because you're new then that gives

289

00:09:52,710 --> 00:09:50,880

uh

290

00:09:54,150 --> 00:09:52,720

the guy we were we had scheduled now he

291

00:09:55,590 --> 00:09:54,160

can fly a jet out tomorrow or something

292

00:09:57,990 --> 00:09:55,600

to help them

293

00:09:59,670 --> 00:09:58,000

uh get their jets back to italy you know

294

00:10:00,790 --> 00:09:59,680

it's also difficult to move all that

295

00:10:03,509 --> 00:10:00,800

stuff you know it's just moving that

296

00:10:05,030 --> 00:10:03,519

much equipment jets always break

297

00:10:06,069 --> 00:10:05,040

so i was like wow banzai you know i

298

00:10:07,590 --> 00:10:06,079

don't you know i don't really know the

299

00:10:08,790 --> 00:10:07,600

opposite well he's an amazing pilot by

300

00:10:10,550 --> 00:10:08,800

the way excellent right now he's the

301
00:10:12,630 --> 00:10:10,560
commander of um

302
00:10:13,590 --> 00:10:12,640
in luke air force base he should be a

303
00:10:14,949 --> 00:10:13,600
general

304
00:10:16,790 --> 00:10:14,959
um yeah

305
00:10:19,110 --> 00:10:16,800
hopefully he's a four-star

306
00:10:21,110 --> 00:10:19,120
um great dude um he's so i'm like yeah

307
00:10:22,550 --> 00:10:21,120
you know i can fly with you because he's

308
00:10:23,990 --> 00:10:22,560
like dude i know it i know everything

309
00:10:25,350 --> 00:10:24,000
you know i can just tell you alert you

310
00:10:26,790 --> 00:10:25,360
just sit there right most of the time

311
00:10:27,750 --> 00:10:26,800
you don't launch on alert you know he

312
00:10:29,269 --> 00:10:27,760
even told me that he's like dude

313
00:10:30,710 --> 00:10:29,279

nobody's launched an alert in the last

314

00:10:32,790 --> 00:10:30,720

two months you know it's been super

315

00:10:34,150 --> 00:10:32,800

quiet like okay that sounds good you can

316

00:10:35,829 --> 00:10:34,160

just tell me everything you know and

317

00:10:37,110 --> 00:10:35,839

plus if they already asked me it means

318

00:10:39,190 --> 00:10:37,120

everything was already kind of approved

319

00:10:41,190 --> 00:10:39,200

through the higher ups anyway so

320

00:10:42,710 --> 00:10:41,200

it's basically an order uh so i was like

321

00:10:44,870 --> 00:10:42,720

sure sounds good you know

322

00:10:45,670 --> 00:10:44,880

so i go back try to rest it up a bit and

323

00:10:48,389 --> 00:10:45,680

then

324

00:10:49,670 --> 00:10:48,399

we get there and we get there early

325

00:10:50,870 --> 00:10:49,680

we get into the squadron early it's a

326

00:10:52,550 --> 00:10:50,880

night sortie

327

00:10:55,829 --> 00:10:52,560

so we're sitting you start at midnight

328

00:10:57,910 --> 00:10:55,839

right and then you sit for 12 hours so

329

00:10:59,110 --> 00:10:57,920

you sit until lunch and most of the time

330

00:11:01,350 --> 00:10:59,120

you're just sitting there all in your

331

00:11:03,750 --> 00:11:01,360

gear you know in this ready room and

332

00:11:06,150 --> 00:11:03,760

you're just watching tv or studying

333

00:11:07,509 --> 00:11:06,160

um there's a bed in there and then they

334

00:11:09,110 --> 00:11:07,519

you know you get a call and it'll be

335

00:11:10,630 --> 00:11:09,120

like you know it's either go go go and

336

00:11:12,310 --> 00:11:10,640

you run out the jets are all ready you

337

00:11:13,110 --> 00:11:12,320

jump in flip on the switch and go you

338

00:11:14,550 --> 00:11:13,120

know

339

00:11:16,550 --> 00:11:14,560

i never even launched like that before

340

00:11:18,630 --> 00:11:16,560

actually on a full up alert

341

00:11:19,670 --> 00:11:18,640

so we we go in we show up early he's

342

00:11:21,990 --> 00:11:19,680

like we'll show up early and i'll show

343

00:11:24,150 --> 00:11:22,000

you how to do it and we're like

344

00:11:25,430 --> 00:11:24,160

focusing our mvgs you know focusing on

345

00:11:26,470 --> 00:11:25,440

energies he's like here's you know

346

00:11:27,910 --> 00:11:26,480

here's how you get a gun you know i

347

00:11:29,990 --> 00:11:27,920

never gotten a gun before i was like oh

348

00:11:31,509 --> 00:11:30,000

this is you know cool i clear it in the

349

00:11:33,590 --> 00:11:31,519

in the thing i put it on and then the

350

00:11:35,990 --> 00:11:33,600

squatter commander runs in he's like go

351

00:11:37,910 --> 00:11:36,000

go go and i was like what you know i

352

00:11:39,509 --> 00:11:37,920

look over bonsai like no we're he's not

353

00:11:41,670 --> 00:11:39,519

talking to us you know

354

00:11:43,190 --> 00:11:41,680

so we like run out there we run out to

355

00:11:44,630 --> 00:11:43,200

the jets you know he's i'm like where

356

00:11:47,269 --> 00:11:44,640

are the jets you know he's like go over

357

00:11:51,269 --> 00:11:49,269

i jump in yeah

358

00:11:53,590 --> 00:11:51,279

is this too long i'm sorry man not at

359

00:11:56,389 --> 00:11:53,600

all dude no that's so this is this is

360

00:11:58,230 --> 00:11:56,399

like because when i uh all i know and i

361

00:12:00,870 --> 00:11:58,240

think a lot of us in the civilian world

362

00:12:03,269 --> 00:12:00,880

know is what we've seen in like jerry

363

00:12:05,269 --> 00:12:03,279

brookheimer films or like top gun or

364

00:12:07,509 --> 00:12:05,279

whatever and like that's how it is like

365

00:12:09,670 --> 00:12:07,519

yeah go go go you're up there you

366

00:12:11,910 --> 00:12:09,680

never see the training aspects it's just

367

00:12:13,509 --> 00:12:11,920

like these guys were born to fly and

368

00:12:16,069 --> 00:12:13,519

fight and that was it but there's so

369

00:12:18,069 --> 00:12:16,079

much to it so i love hearing like it's

370

00:12:20,790 --> 00:12:18,079

not perfect not everything goes the way

371

00:12:22,629 --> 00:12:20,800

you think it's gonna go so no please i

372

00:12:24,150 --> 00:12:22,639

love hearing this story

373

00:12:25,750 --> 00:12:24,160

yeah it's usually the opposite actually

374

00:12:27,030 --> 00:12:25,760

things go differently uh and that's

375

00:12:28,550 --> 00:12:27,040

what's very good about having people

376

00:12:29,750 --> 00:12:28,560

there right we're super adaptable you

377

00:12:31,829 --> 00:12:29,760

know you can talk about autonomous

378

00:12:32,710 --> 00:12:31,839

machines but you know people we can

379

00:12:34,389 --> 00:12:32,720

adapt

380

00:12:35,990 --> 00:12:34,399

super trainable yeah so anyway we get

381

00:12:37,110 --> 00:12:36,000

out to the flight line it's dark you

382

00:12:40,230 --> 00:12:37,120

know

383

00:12:41,670 --> 00:12:40,240

i run out there it's a real world uh uh

384

00:12:43,750 --> 00:12:41,680

mission

385

00:12:45,030 --> 00:12:43,760

so i've run and jump in the jet

386

00:12:46,790 --> 00:12:45,040

you know i'm starting to get my stuff

387

00:12:49,430 --> 00:12:46,800

together just try to make sure your

388

00:12:50,870 --> 00:12:49,440

calm's all connected my helmet's on um

389

00:12:52,389 --> 00:12:50,880

and then i see his jet i haven't even

390

00:12:54,230 --> 00:12:52,399

turned on my jet you know and he's like

391

00:12:56,069 --> 00:12:54,240

i see his jet taxi you know i'm like

392

00:12:57,269 --> 00:12:56,079

holy [h__h]

393

00:12:58,870 --> 00:12:57,279

oh my god

394

00:13:00,310 --> 00:12:58,880

hurry up man so that's where you just

395

00:13:01,990 --> 00:13:00,320

like talk to yourself you try and get

396

00:13:03,750 --> 00:13:02,000

yourself on task like what do i need to

397

00:13:05,350 --> 00:13:03,760

do like focus you get back into your

398

00:13:06,870 --> 00:13:05,360

training mindset and then just try and

399

00:13:08,069 --> 00:13:06,880

go as fast as you can without screwing

400

00:13:09,590 --> 00:13:08,079

screwing things up make sure your

401
00:13:10,470 --> 00:13:09,600
switches the important switches are

402
00:13:12,389 --> 00:13:10,480
really

403
00:13:13,829 --> 00:13:12,399
uh getting but but then i see him

404
00:13:15,110 --> 00:13:13,839
launching right and i had no idea where

405
00:13:17,110 --> 00:13:15,120
to go and i really wanted to be on the

406
00:13:18,629 --> 00:13:17,120
mission you know i want my first mission

407
00:13:20,949 --> 00:13:18,639
in combat just be this failure you know

408
00:13:23,430 --> 00:13:20,959
i'm left on the tarmac

409
00:13:26,150 --> 00:13:23,440
so i end up just launching right i i

410
00:13:28,310 --> 00:13:26,160
push it forward i'm like chief i'm out

411
00:13:30,470 --> 00:13:28,320
uh line up on the runway i see him he's

412
00:13:32,310 --> 00:13:30,480
like after burner you know little tiny

413
00:13:34,069 --> 00:13:32,320

afterburner spot just like

414

00:13:36,150 --> 00:13:34,079

leaving i was like [h__h] you know so

415

00:13:37,910 --> 00:13:36,160

afterburner halfway down the runway i

416

00:13:39,670 --> 00:13:37,920

realized like i'm not even strapped in

417

00:13:40,790 --> 00:13:39,680

like i didn't strap into anything like

418

00:13:41,990 --> 00:13:40,800

uh

419

00:13:44,629 --> 00:13:42,000

yeah it was

420

00:13:46,230 --> 00:13:44,639

that was pretty bad actually um

421

00:13:48,389 --> 00:13:46,240

yeah so i'm not shifting to anything

422

00:13:49,350 --> 00:13:48,399

notice uh i'm like just sitting on this

423

00:13:50,389 --> 00:13:49,360

fighter

424

00:13:52,949 --> 00:13:50,399

uh

425

00:13:55,189 --> 00:13:52,959

and he's playing playing yeah

426

00:13:58,389 --> 00:13:55,199

i mean you're just so much in the

427

00:13:59,590 --> 00:13:58,399

uh in the moment yeah i get it it would

428

00:14:01,189 --> 00:13:59,600

be like jumping in your race car and

429

00:14:02,710 --> 00:14:01,199

just slamming it you know like just

430

00:14:04,790 --> 00:14:02,720

going and then you're strapping on while

431

00:14:05,829 --> 00:14:04,800

you're while you're going or whatever

432

00:14:07,350 --> 00:14:05,839

uh so

433

00:14:10,230 --> 00:14:07,360

so i basically

434

00:14:12,069 --> 00:14:10,240

it's a um combat departure as well yeah

435

00:14:14,069 --> 00:14:12,079

there's so many things combat departures

436

00:14:15,269 --> 00:14:14,079

so what you do is there's there could be

437

00:14:16,870 --> 00:14:15,279

people around with heat heat-seeking

438

00:14:19,110 --> 00:14:16,880

missiles right just waiting off the end

439

00:14:21,269 --> 00:14:19,120

or just rifles okay long rifles would be

440

00:14:23,189 --> 00:14:21,279

very very effective actually um so

441

00:14:25,110 --> 00:14:23,199

basically you just um you get going

442

00:14:26,230 --> 00:14:25,120

really fast like 450 knots by the end of

443

00:14:28,230 --> 00:14:26,240

the runway and then you just push

444

00:14:31,430 --> 00:14:28,240

straight up right and then you

445

00:14:33,110 --> 00:14:31,440

you fly above them um it's called a

446

00:14:34,710 --> 00:14:33,120

combat departure

447

00:14:36,310 --> 00:14:34,720

so he did that right so then i have to

448

00:14:37,990 --> 00:14:36,320

go it's like night it's a little bit

449

00:14:39,990 --> 00:14:38,000

less because it's at night but basically

450

00:14:41,350 --> 00:14:40,000

i do i do uh end up

451
00:14:43,189 --> 00:14:41,360
catching them and as long as you're

452
00:14:44,550 --> 00:14:43,199
under 1g right if you if you fly the

453
00:14:46,150 --> 00:14:44,560
plane right actually you don't need a

454
00:14:48,870 --> 00:14:46,160
seat belt you won't fall in uh out of

455
00:14:50,629 --> 00:14:48,880
your out of your seat or anything um so

456
00:14:51,670 --> 00:14:50,639
i basically get strapped in you know we

457
00:14:54,230 --> 00:14:51,680
finally

458
00:14:55,910 --> 00:14:54,240
uh he finds the house in baghdad you

459
00:14:57,269 --> 00:14:55,920
know we finally get our stuff together

460
00:14:58,629 --> 00:14:57,279
and then um

461
00:14:59,910 --> 00:14:58,639
he's like do you see this house you know

462
00:15:01,030 --> 00:14:59,920
down there and i'm like yeah yeah i see

463
00:15:03,030 --> 00:15:01,040

it you know and they're like okay that

464

00:15:04,949 --> 00:15:03,040

that's it and then we pick up a convoy

465

00:15:07,350 --> 00:15:04,959

uh they're in humvees you know and we

466

00:15:09,030 --> 00:15:07,360

find those guys and so he's tracking the

467

00:15:10,470 --> 00:15:09,040

uh the convoy in and coordinate with

468

00:15:13,030 --> 00:15:10,480

them checking in with them letting them

469

00:15:14,470 --> 00:15:13,040

know all of our all of our information

470

00:15:16,550 --> 00:15:14,480

and i'm just like searching around the

471

00:15:17,829 --> 00:15:16,560

house you know and

472

00:15:19,750 --> 00:15:17,839

it seems there's always like a mosque

473

00:15:22,790 --> 00:15:19,760

nearby so i have to have to watch the

474

00:15:23,990 --> 00:15:22,800

mosque uh and look for

475

00:15:26,629 --> 00:15:24,000

any activity or something there was

476

00:15:28,629 --> 00:15:26,639

nothing there was no activity um

477

00:15:29,509 --> 00:15:28,639

and then uh you know humvees drive up

478

00:15:31,749 --> 00:15:29,519

there

479

00:15:33,189 --> 00:15:31,759

i'm looking around somewhere else and

480

00:15:36,470 --> 00:15:33,199

everybody just starts shooting at each

481

00:15:38,310 --> 00:15:36,480

other i guess i didn't even see it um

482

00:15:40,550 --> 00:15:38,320

and so i'm just flying around they jump

483

00:15:42,150 --> 00:15:40,560

in they you know go up to the top

484

00:15:43,749 --> 00:15:42,160

they secure the building

485

00:15:45,910 --> 00:15:43,759

and then they just book it out of there

486

00:15:48,069 --> 00:15:45,920

you know as fast as they can go so

487

00:15:50,389 --> 00:15:48,079

i actually lose them as as were as we're

488

00:15:52,069 --> 00:15:50,399

following them out along the city

489

00:15:53,590 --> 00:15:52,079

uh i kind of felt bad because i had

490

00:15:55,030 --> 00:15:53,600

actually lost them

491

00:15:56,629 --> 00:15:55,040

you know it's just hadn't done that

492

00:15:59,749 --> 00:15:56,639

practice before i hadn't tried

493

00:16:02,069 --> 00:15:59,759

to track uh you know a car or a humvee

494

00:16:03,749 --> 00:16:02,079

in a city going like as fast as they can

495

00:16:05,749 --> 00:16:03,759

go you know i have just haven't

496

00:16:07,110 --> 00:16:05,759

haven't done that before so

497

00:16:09,030 --> 00:16:07,120

yeah it was full up man it was awesome

498

00:16:10,870 --> 00:16:09,040

it's great that's the first story in my

499

00:16:12,310 --> 00:16:10,880

book actually that i haven't released i

500

00:16:14,389 --> 00:16:12,320

keep mentioning it probably just to make

501
00:16:17,110 --> 00:16:14,399
myself release the book

502
00:16:18,870 --> 00:16:17,120
uh yeah but yeah so that's it wow well

503
00:16:21,749 --> 00:16:18,880
thank you for sharing that again

504
00:16:23,670 --> 00:16:21,759
sorry i i never i would i never expect

505
00:16:25,670 --> 00:16:23,680
anyone to you know

506
00:16:27,590 --> 00:16:25,680
share the grisly details of a lot of the

507
00:16:30,389 --> 00:16:27,600
things that you guys experience and

508
00:16:32,310 --> 00:16:30,399
stuff but um it's i i like to get in the

509
00:16:34,069 --> 00:16:32,320
head of you know

510
00:16:35,670 --> 00:16:34,079
what goes on during one of these things

511
00:16:36,870 --> 00:16:35,680
to sort of frame

512
00:16:39,269 --> 00:16:36,880
in why

513
00:16:41,829 --> 00:16:39,279

it would be so out of the ordinary for

514

00:16:43,430 --> 00:16:41,839

what we're going to talk about uh in

515

00:16:45,590 --> 00:16:43,440

real world

516

00:16:47,110 --> 00:16:45,600

experiences when one of these uaps show

517

00:16:49,030 --> 00:16:47,120

up and you're like wow there's a whole

518

00:16:51,990 --> 00:16:49,040

other level to this mission that i was

519

00:16:53,829 --> 00:16:52,000

not expecting um so i guess kind of

520

00:16:56,629 --> 00:16:53,839

moving on from there chris and i know

521

00:16:57,910 --> 00:16:56,639

you you had 18 years of flying is that

522

00:17:00,310 --> 00:16:57,920

correct

523

00:17:02,470 --> 00:17:00,320

yeah so the first two years were uh

524

00:17:03,829 --> 00:17:02,480

training waiting to fly and you know

525

00:17:06,789 --> 00:17:03,839

waiting for the pilot slot and then

526

00:17:10,150 --> 00:17:06,799

flying yeah wow that's incredible um

527

00:17:12,390 --> 00:17:10,160

well okay i gotta ask as a ufo guy i

528

00:17:15,029 --> 00:17:12,400

know um you've sort of spoken on other

529

00:17:17,110 --> 00:17:15,039

shows about this um have did you ever

530

00:17:19,429 --> 00:17:17,120

see anything while you were up there or

531

00:17:20,230 --> 00:17:19,439

anyone on your missions nothing like

532

00:17:21,110 --> 00:17:20,240

that

533

00:17:23,270 --> 00:17:21,120

nothing

534

00:17:26,309 --> 00:17:23,280

i mean never hurt never

535

00:17:28,789 --> 00:17:26,319

i i mean i would look more now for sure

536

00:17:30,630 --> 00:17:28,799

um yeah there was probably like you know

537

00:17:32,310 --> 00:17:30,640

ufos just following me around you know

538

00:17:33,909 --> 00:17:32,320

who knows

539

00:17:35,750 --> 00:17:33,919

right you are looking around a lot

540

00:17:37,350 --> 00:17:35,760

though you know you are looking outside

541

00:17:39,669 --> 00:17:37,360

but you know a lot of the systems are

542

00:17:40,950 --> 00:17:39,679

inside so you are looking inside a lot

543

00:17:42,630 --> 00:17:40,960

too

544

00:17:45,350 --> 00:17:42,640

yeah i just never was looking for it

545

00:17:46,870 --> 00:17:45,360

never heard about it nothing until

546

00:17:48,230 --> 00:17:46,880

until this year

547

00:17:49,909 --> 00:17:48,240

yeah because we we always hear these

548

00:17:52,630 --> 00:17:49,919

rumors of like

549

00:17:54,470 --> 00:17:52,640

there was there's a training manual in

550

00:17:57,029 --> 00:17:54,480

the air force where what do you do when

551
00:17:59,430 --> 00:17:57,039
you you spot a ufo how do you you know

552
00:18:01,590 --> 00:17:59,440
how do you go about that and i think i

553
00:18:03,590 --> 00:18:01,600
remember you saying no that we never

554
00:18:06,310 --> 00:18:03,600
came across anything like that and yeah

555
00:18:08,150 --> 00:18:06,320
that's the cold hard reality about it

556
00:18:10,549 --> 00:18:08,160
never heard of it yeah nothing i mean

557
00:18:12,310 --> 00:18:10,559
there was no mention of ufos or anything

558
00:18:14,390 --> 00:18:12,320
the only thing in my whole career that

559
00:18:15,350 --> 00:18:14,400
ever happened that i thought oh that's

560
00:18:17,270 --> 00:18:15,360
kind of weird

561
00:18:18,150 --> 00:18:17,280
is when i was at the air force academy i

562
00:18:21,830 --> 00:18:18,160
had an

563
00:18:23,190 --> 00:18:21,840

amazing instructor uh in chemistry

564

00:18:24,710 --> 00:18:23,200

and i don't know he was a lieutenant

565

00:18:27,110 --> 00:18:24,720

girl at the time

566

00:18:28,470 --> 00:18:27,120

so he said this was in 1998 we were

567

00:18:30,789 --> 00:18:28,480

talking about roswell or something and

568

00:18:32,470 --> 00:18:30,799

he's like he said uh uh it was just

569

00:18:33,990 --> 00:18:32,480

humans it was humans

570

00:18:36,710 --> 00:18:34,000

i don't know interesting yeah that was

571

00:18:38,390 --> 00:18:36,720

the only thing i was like what no i knew

572

00:18:40,830 --> 00:18:38,400

nothing about robin or anything but i

573

00:18:43,190 --> 00:18:40,840

remember him saying that for some reason

574

00:18:44,150 --> 00:18:43,200

um but how would he know you know it was

575

00:18:45,110 --> 00:18:44,160

still like

576

00:18:50,710 --> 00:18:45,120

yeah

577

00:18:52,870 --> 00:18:50,720

totally no i totally get it i mean again

578

00:18:57,029 --> 00:18:52,880

you guys you're not there to look for

579

00:19:00,070 --> 00:18:57,039

ufos that's not your job no exactly

580

00:19:02,150 --> 00:19:00,080

muscled their way in somehow um well

581

00:19:04,310 --> 00:19:02,160

let's talk about how you started the

582

00:19:07,350 --> 00:19:04,320

youtube channel i mean i know it didn't

583

00:19:09,750 --> 00:19:07,360

it wasn't just ufos but um

584

00:19:13,190 --> 00:19:09,760

all of a sudden boom you put out that

585

00:19:15,990 --> 00:19:13,200

first ufo video and it went pretty viral

586

00:19:19,190 --> 00:19:16,000

um in terms of youtube so what got you

587

00:19:22,150 --> 00:19:19,200

to start talking about ufos

588

00:19:23,990 --> 00:19:22,160

so i'm i basically uh so when i retired

589

00:19:26,150 --> 00:19:24,000

i was looking for something interesting

590

00:19:27,510 --> 00:19:26,160

to do you know something meaningful and

591

00:19:29,750 --> 00:19:27,520

i want to i can't just sit at home all

592

00:19:31,590 --> 00:19:29,760

day playing video games and make my kids

593

00:19:33,190 --> 00:19:31,600

go to school you know it just feels

594

00:19:35,029 --> 00:19:33,200

like a dirt bag

595

00:19:36,470 --> 00:19:35,039

i really wanted to still do something um

596

00:19:37,669 --> 00:19:36,480

but i also want to spend time with my

597

00:19:40,070 --> 00:19:37,679

kids so i didn't want to go and like

598

00:19:41,430 --> 00:19:40,080

start some company right away and be

599

00:19:42,789 --> 00:19:41,440

gone all the time so this seemed like

600

00:19:44,310 --> 00:19:42,799

just a great

601
00:19:46,390 --> 00:19:44,320
opportunity i wrote you know i wrote the

602
00:19:47,990 --> 00:19:46,400
book i did the first first uh draft of

603
00:19:49,669 --> 00:19:48,000
the book um

604
00:19:51,190 --> 00:19:49,679
and then in november i made the youtube

605
00:19:52,390 --> 00:19:51,200
channel and it was really i've told it

606
00:19:53,750 --> 00:19:52,400
sort of before but

607
00:19:55,909 --> 00:19:53,760
my kids you know

608
00:19:57,590 --> 00:19:55,919
i have three kids and they all watch

609
00:19:59,430 --> 00:19:57,600
youtube obviously all the time and you

610
00:20:00,549 --> 00:19:59,440
know i watch with i love youtube you

611
00:20:03,990 --> 00:20:00,559
know

612
00:20:05,909 --> 00:20:04,000
i have amazing role models i think based

613
00:20:07,830 --> 00:20:05,919

on youtube changed my life

614

00:20:09,029 --> 00:20:07,840

and so when i talk to my kids they're

615

00:20:10,549 --> 00:20:09,039

like yeah i want to be i want to be

616

00:20:12,549 --> 00:20:10,559

youtuber when i grow up you know i was

617

00:20:14,230 --> 00:20:12,559

like youtuber really i mean it's

618

00:20:15,430 --> 00:20:14,240

i mean that's that's cool and all but

619

00:20:17,430 --> 00:20:15,440

you could do that right now you know

620

00:20:18,870 --> 00:20:17,440

just go and start making videos you know

621

00:20:21,350 --> 00:20:18,880

i'll help you make videos

622

00:20:22,710 --> 00:20:21,360

uh and and then they're like

623

00:20:24,710 --> 00:20:22,720

why don't you do it then dad i was like

624

00:20:26,630 --> 00:20:24,720

fine you know um actually i wasn't fine

625

00:20:28,310 --> 00:20:26,640

they talk so much trash like

626

00:20:30,470 --> 00:20:28,320

my you know i have a girl she's she's

627

00:20:31,510 --> 00:20:30,480

nine and gosh she's just a trash talker

628

00:20:33,430 --> 00:20:31,520

you know

629

00:20:36,230 --> 00:20:33,440

so uh and they know how to poke me too

630

00:20:38,549 --> 00:20:36,240

you know so yeah

631

00:20:39,990 --> 00:20:38,559

yeah they're like

632

00:20:42,470 --> 00:20:40,000

charlie i'm like fine you know i'll do

633

00:20:46,070 --> 00:20:42,480

it uh and i'd already i'd already

634

00:20:48,310 --> 00:20:46,080

written books in 2015 i wrote a fitness

635

00:20:51,110 --> 00:20:48,320

book called stay on target and then i in

636

00:20:52,789 --> 00:20:51,120

2017 i wrote a uh finance book for

637

00:20:54,149 --> 00:20:52,799

military

638

00:20:57,430 --> 00:20:54,159

so i'd already kind of gotten over the

639

00:20:59,190 --> 00:20:57,440

initial terrifying publication

640

00:21:00,870 --> 00:20:59,200

issue you know it and it is terrifying

641

00:21:02,230 --> 00:21:00,880

like everybody talks trash about these

642

00:21:04,149 --> 00:21:02,240

people writing books you know they're

643

00:21:05,830 --> 00:21:04,159

always like oh they should uh they just

644

00:21:09,029 --> 00:21:05,840

want they just want to you know sell

645

00:21:10,630 --> 00:21:09,039

their book or whatever um and

646

00:21:12,149 --> 00:21:10,640

it's just so funny like no one who's

647

00:21:13,909 --> 00:21:12,159

ever actually written a book and tried

648

00:21:16,390 --> 00:21:13,919

to sell one says that i promise you you

649

00:21:19,350 --> 00:21:16,400

know it is so hard i've i've written two

650

00:21:20,230 --> 00:21:19,360

books and i can't tell you like the

651
00:21:23,430 --> 00:21:20,240
the

652
00:21:25,270 --> 00:21:23,440
profit margin is not what he said

653
00:21:26,549 --> 00:21:25,280
it's zero man

654
00:21:28,070 --> 00:21:26,559
there's like five people out there

655
00:21:29,990 --> 00:21:28,080
making millions of dollars off books you

656
00:21:31,510 --> 00:21:30,000
know and and that's it yeah so there's

657
00:21:36,789 --> 00:21:31,520
no

658
00:21:38,789 --> 00:21:36,799
book to make money or or if you are i

659
00:21:40,470 --> 00:21:38,799
think you're you're in the wrong field

660
00:21:42,310 --> 00:21:40,480
um or you're going about it the wrong

661
00:21:44,470 --> 00:21:42,320
way

662
00:21:46,630 --> 00:21:44,480
yeah so yeah so i'd already got note but

663
00:21:47,830 --> 00:21:46,640

it's it's terrifying so you know right

664

00:21:49,909 --> 00:21:47,840

what kind of books did you write i'm

665

00:21:52,630 --> 00:21:49,919

just curious yeah of course of course um

666

00:21:55,270 --> 00:21:52,640

naturally i wrote two books about ufos

667

00:21:57,190 --> 00:21:55,280

um just i traveled the country met with

668

00:22:00,070 --> 00:21:57,200

people you know former military

669

00:22:01,669 --> 00:22:00,080

civilians and their experiences and it

670

00:22:03,590 --> 00:22:01,679

was my first time really putting my

671

00:22:05,990 --> 00:22:03,600

voice out there as a

672

00:22:07,750 --> 00:22:06,000

um you know a what would you even call

673

00:22:10,710 --> 00:22:07,760

it a voice of

674

00:22:13,909 --> 00:22:10,720

the ufo topic and i was terrified i yeah

675

00:22:15,590 --> 00:22:13,919

i hadn't i'd been into the topic i'd

676

00:22:16,870 --> 00:22:15,600

talked about it i've written articles

677

00:22:19,190 --> 00:22:16,880

but that was the first time i really

678

00:22:21,430 --> 00:22:19,200

said okay i'm putting my name out there

679

00:22:22,789 --> 00:22:21,440

i'm i'm these people have trusted me

680

00:22:24,789 --> 00:22:22,799

with their stories

681

00:22:26,789 --> 00:22:24,799

let's do this and like you said it's it

682

00:22:29,350 --> 00:22:26,799

is it's scary it's like putting yourself

683

00:22:31,350 --> 00:22:29,360

out to the world unlike ever before so

684

00:22:33,270 --> 00:22:31,360

yeah i can relate for sure

685

00:22:35,110 --> 00:22:33,280

yeah and it doesn't matter

686

00:22:36,149 --> 00:22:35,120

you know the more successful you are the

687

00:22:39,270 --> 00:22:36,159

more

688

00:22:41,350 --> 00:22:39,280

get you know so

689

00:22:43,190 --> 00:22:41,360

but you just have to get used to it um

690

00:22:44,710 --> 00:22:43,200

it's still tough you know every youtuber

691

00:22:46,310 --> 00:22:44,720

you see has some video where they're

692

00:22:47,430 --> 00:22:46,320

just complaining about the trolls and

693

00:22:48,310 --> 00:22:47,440

the haters

694

00:22:50,789 --> 00:22:48,320

uh

695

00:22:52,870 --> 00:22:50,799

but whatever it's part of the game and

696

00:22:55,270 --> 00:22:52,880

for me actually it helps me keep me

697

00:22:57,270 --> 00:22:55,280

keeps me down to earth you know because

698

00:22:58,789 --> 00:22:57,280

i you know i did really well after in

699

00:23:00,789 --> 00:22:58,799

pilot training i was like number one of

700

00:23:02,710 --> 00:23:00,799

the i was distinguished graduate uh i

701
00:23:05,029 --> 00:23:02,720
was very good i'm very good at uh my you

702
00:23:07,110 --> 00:23:05,039
know my hands uh

703
00:23:09,110 --> 00:23:07,120
learning something new i'm very good at

704
00:23:11,350 --> 00:23:09,120
it but then you have the guys that are

705
00:23:13,990 --> 00:23:11,360
just so dedicated so motivated and they

706
00:23:15,510 --> 00:23:14,000
just every day man they just work work

707
00:23:17,510 --> 00:23:15,520
work you know they're in there on sat on

708
00:23:19,510 --> 00:23:17,520
sundays saturdays

709
00:23:20,870 --> 00:23:19,520
they just live for it and

710
00:23:22,950 --> 00:23:20,880
you're just not gonna you're not gonna

711
00:23:24,149 --> 00:23:22,960
beat those guys you know if they just

712
00:23:26,789 --> 00:23:24,159
have to have a base if they can have

713
00:23:29,190 --> 00:23:26,799

some basic level uh of talent which they

714

00:23:31,270 --> 00:23:29,200

obviously did um then they were they

715

00:23:33,190 --> 00:23:31,280

could pass me and they did you know so i

716

00:23:34,789 --> 00:23:33,200

didn't just buckle down and maybe that's

717

00:23:35,590 --> 00:23:34,799

because it wasn't my life dream you know

718

00:23:39,590 --> 00:23:35,600

maybe

719

00:23:42,390 --> 00:23:39,600

but um so

720

00:23:44,870 --> 00:23:42,400

when did the idea for the first ufo

721

00:23:46,710 --> 00:23:44,880

video come about that you put yeah i

722

00:23:48,710 --> 00:23:46,720

would imagine you like a lot of us who

723

00:23:50,630 --> 00:23:48,720

saw those videos you were like

724

00:23:53,110 --> 00:23:50,640

whoa and we were all amazed but then

725

00:23:55,750 --> 00:23:53,120

here you are a pilot um who's actually

726

00:23:57,909 --> 00:23:55,760

been in these people's kind of shoes in

727

00:24:00,149 --> 00:23:57,919

some ways um yeah what what made you do

728

00:24:01,430 --> 00:24:00,159

the first ufo video

729

00:24:04,230 --> 00:24:01,440

yeah actually it didn't happen right

730

00:24:06,149 --> 00:24:04,240

away because they i saw him first uh at

731

00:24:07,909 --> 00:24:06,159

the end of

732

00:24:11,029 --> 00:24:07,919

uh 2020

733

00:24:12,470 --> 00:24:11,039

so in in november i saw i saw i saw the

734

00:24:15,029 --> 00:24:12,480

videos

735

00:24:17,750 --> 00:24:15,039

and i and it blew my mind actually you

736

00:24:19,990 --> 00:24:17,760

know i i listened to lex friedman and

737

00:24:21,269 --> 00:24:20,000

fravor i listened to that podcast i

738

00:24:22,230 --> 00:24:21,279

stayed up till like 2 30 in the morning

739

00:24:24,710 --> 00:24:22,240

you know i just listened to it straight

740

00:24:26,149 --> 00:24:24,720

through i was like holy [\h__\h] you know

741

00:24:28,710 --> 00:24:26,159

i told my parents i'm like hey there's

742

00:24:30,230 --> 00:24:28,720

aliens you know and they're all like uh

743

00:24:32,710 --> 00:24:30,240

they're like excuse me

744

00:24:34,310 --> 00:24:32,720

um you know my wife's like yeah i knew

745

00:24:35,190 --> 00:24:34,320

you know it's like what

746

00:24:37,909 --> 00:24:35,200

uh

747

00:24:39,750 --> 00:24:37,919

yeah [\h__\h] it hurts yeah

748

00:24:41,350 --> 00:24:39,760

but i didn't do anything right it's kind

749

00:24:43,830 --> 00:24:41,360

of one of those things i and so i

750

00:24:45,990 --> 00:24:43,840

totally can see that well why people can

751

00:24:47,269 --> 00:24:46,000

just kind of avoid this is you just

752

00:24:49,029 --> 00:24:47,279

don't want to you just don't want to

753

00:24:50,470 --> 00:24:49,039

believe it you know

754

00:24:52,549 --> 00:24:50,480

your normal day doesn't change your

755

00:24:54,630 --> 00:24:52,559

normal life doesn't change it

756

00:24:56,149 --> 00:24:54,640

a weeks go by months go by everything's

757

00:24:58,230 --> 00:24:56,159

the same you know you look up a little

758

00:25:00,789 --> 00:24:58,240

bit more i'm like no you know don't see

759

00:25:02,310 --> 00:25:00,799

any crazy balls or ufos flying around so

760

00:25:04,950 --> 00:25:02,320

then you just kind of you know maybe

761

00:25:06,710 --> 00:25:04,960

maybe it's not real or something

762

00:25:07,590 --> 00:25:06,720

maybe i didn't just see those videos

763

00:25:10,870 --> 00:25:07,600

that i

764

00:25:12,230 --> 00:25:10,880

were blatantly obviously clear to me um

765

00:25:14,549 --> 00:25:12,240

like

766

00:25:16,710 --> 00:25:14,559

uh yeah and then it came out the 60

767

00:25:18,789 --> 00:25:16,720

minutes just pushed over the top

768

00:25:20,230 --> 00:25:18,799

okay so that was it for you yeah and

769

00:25:22,149 --> 00:25:20,240

then i was like

770

00:25:23,669 --> 00:25:22,159

you know i can't just keep

771

00:25:24,870 --> 00:25:23,679

i don't know imagine this isn't real or

772

00:25:26,549 --> 00:25:24,880

something

773

00:25:29,190 --> 00:25:26,559

it was just in my face and and i so i

774

00:25:30,630 --> 00:25:29,200

made a video uh of those three and that

775

00:25:32,470 --> 00:25:30,640

actually that didn't go viral so my

776

00:25:33,430 --> 00:25:32,480

first video of ufos didn't really go

777

00:25:34,870 --> 00:25:33,440

viral

778

00:25:36,549 --> 00:25:34,880

but somebody picked it up i think chris

779

00:25:39,190 --> 00:25:36,559

mellon uh

780

00:25:41,510 --> 00:25:39,200

or corbell if somebody and shared it

781

00:25:43,350 --> 00:25:41,520

uh because i i was on mcquest so really

782

00:25:45,909 --> 00:25:43,360

i i had a buddy here he's he's a he's a

783

00:25:47,590 --> 00:25:45,919

british guy super smart amazing surfer

784

00:25:49,110 --> 00:25:47,600

and and i was talking about the ufo

785

00:25:50,789 --> 00:25:49,120

stuff and he's like oh man that i heard

786

00:25:52,710 --> 00:25:50,799

that was all debunked i was like what

787

00:25:54,710 --> 00:25:52,720

you know like d monk i just saw it last

788

00:25:56,230 --> 00:25:54,720

night man no it's not it's pretty legit

789

00:25:58,149 --> 00:25:56,240

and he's like no this guy mick west on

790

00:25:59,990 --> 00:25:58,159

there you know he's got all these videos

791

00:26:01,669 --> 00:26:00,000

and yeah he says it's debunked he had a

792

00:26:03,990 --> 00:26:01,679

pretty pretty convincing argument i was

793

00:26:05,909 --> 00:26:04,000

like really convincing like okay i'm

794

00:26:08,149 --> 00:26:05,919

curious what he said you know yeah so i

795

00:26:09,830 --> 00:26:08,159

went home i searched uh mick west and i

796

00:26:11,669 --> 00:26:09,840

was just like just got madder and madder

797

00:26:13,350 --> 00:26:11,679

and i was like angry and angry

798

00:26:15,350 --> 00:26:13,360

as i see all these just video after

799

00:26:18,310 --> 00:26:15,360

video um

800

00:26:19,750 --> 00:26:18,320

because it's just so obvious to me or

801
00:26:21,510 --> 00:26:19,760
probably any pilots that seen it

802
00:26:22,630 --> 00:26:21,520
especially like um

803
00:26:25,190 --> 00:26:22,640
the gimbal

804
00:26:26,870 --> 00:26:25,200
that one just looks so

805
00:26:28,710 --> 00:26:26,880
and especially when it's turning you

806
00:26:30,390 --> 00:26:28,720
know because i

807
00:26:31,750 --> 00:26:30,400
that really made a difference the reason

808
00:26:33,269 --> 00:26:31,760
i made that whole argument about it

809
00:26:34,789 --> 00:26:33,279
turning is because i

810
00:26:36,390 --> 00:26:34,799
if you just imagine you're sitting there

811
00:26:38,789 --> 00:26:36,400
right like imagine you have a shotgun or

812
00:26:40,549 --> 00:26:38,799
something and you're you're gonna shoot

813
00:26:41,909 --> 00:26:40,559

um you know they do the pull thing you

814

00:26:44,149 --> 00:26:41,919

know they're like pull you know and then

815

00:26:45,830 --> 00:26:44,159

you track along and you shoot right

816

00:26:47,990 --> 00:26:45,840

um that's what's going on essentially

817

00:26:50,310 --> 00:26:48,000

with the gimbal right so essentially

818

00:26:52,630 --> 00:26:50,320

you're tracking it right as it's moving

819

00:26:54,710 --> 00:26:52,640

does it make sense yeah yeah

820

00:26:56,549 --> 00:26:54,720

so if i'm tracking these this gimbal

821

00:26:57,750 --> 00:26:56,559

object which even maybe looks like one

822

00:27:00,390 --> 00:26:57,760

of those targets right one of the

823

00:27:02,149 --> 00:27:00,400

shotgun targets uh if i'm tracking it

824

00:27:03,669 --> 00:27:02,159

right and it's turning like this and i

825

00:27:05,350 --> 00:27:03,679

have to do this this amount it's called

826

00:27:06,630 --> 00:27:05,360

line of sight we call line of sight in

827

00:27:08,070 --> 00:27:06,640

the fighter world right how much you're

828

00:27:09,590 --> 00:27:08,080

actually moving

829

00:27:11,669 --> 00:27:09,600

or the plane is moving across your

830

00:27:13,590 --> 00:27:11,679

canopy is called line of sight

831

00:27:15,110 --> 00:27:13,600

so that's a rapid line of sight okay so

832

00:27:16,950 --> 00:27:15,120

rapid line of sight means i have to i

833

00:27:18,789 --> 00:27:16,960

have to aim like this all right i have

834

00:27:19,590 --> 00:27:18,799

to aim well out in front of it

835

00:27:21,510 --> 00:27:19,600

um

836

00:27:23,590 --> 00:27:21,520

so if it's like 50 miles away man that

837

00:27:26,549 --> 00:27:23,600

thing's going you know how fast could it

838

00:27:27,909 --> 00:27:26,559

be going like mach 10 20. yeah it just

839

00:27:29,669 --> 00:27:27,919

doesn't make sense you know if you're

840

00:27:32,070 --> 00:27:29,679

just just think about if you're

841

00:27:33,430 --> 00:27:32,080

a shotgun shell so go out two miles now

842

00:27:35,669 --> 00:27:33,440

if you're tracking something the same

843

00:27:37,269 --> 00:27:35,679

speed two miles right

844

00:27:39,110 --> 00:27:37,279

i mean it

845

00:27:40,950 --> 00:27:39,120

so when i saw that initially it was just

846

00:27:42,789 --> 00:27:40,960

so blatantly obvious to me that

847

00:27:44,230 --> 00:27:42,799

uh and the the go fast one is equally

848

00:27:45,990 --> 00:27:44,240

blatantly obvious right they keep saying

849

00:27:48,310 --> 00:27:46,000

it's this trash bag or something flying

850

00:27:49,750 --> 00:27:48,320

around at mid-altitude but for all of

851
00:27:51,510 --> 00:27:49,760
that to happen right that thing would

852
00:27:53,269 --> 00:27:51,520
literally have to be exactly at the

853
00:27:55,110 --> 00:27:53,279
parallax in between

854
00:27:56,470 --> 00:27:55,120
in between the planet

855
00:27:57,750 --> 00:27:56,480
i don't know i get so much negative

856
00:28:00,870 --> 00:27:57,760
comments i'm gonna have to go and

857
00:28:02,389 --> 00:28:00,880
finally just redo the go fast

858
00:28:03,909 --> 00:28:02,399
but that one's equally obvious so

859
00:28:05,590 --> 00:28:03,919
basically it's just like

860
00:28:07,590 --> 00:28:05,600
if you walked out of your house right

861
00:28:09,830 --> 00:28:07,600
and you saw a literal like the gimbal

862
00:28:11,510 --> 00:28:09,840
object just flying along the street i'm

863
00:28:13,750 --> 00:28:11,520

sorry if you saw the gimbal object just

864

00:28:15,190 --> 00:28:13,760

flying along the street and rotating and

865

00:28:16,789 --> 00:28:15,200

going down the street

866

00:28:18,389 --> 00:28:16,799

right and videoed it with your with your

867

00:28:20,310 --> 00:28:18,399

iphone okay

868

00:28:21,669 --> 00:28:20,320

um that's and then somebody and then

869

00:28:23,669 --> 00:28:21,679

mick west comes along he's like that's a

870

00:28:25,669 --> 00:28:23,679

duck you know that's that's basically

871

00:28:27,029 --> 00:28:25,679

what what he's telling me um because

872

00:28:29,190 --> 00:28:27,039

i've just stared at those things for so

873

00:28:31,909 --> 00:28:29,200

many years um

874

00:28:33,990 --> 00:28:31,919

right it's just uh yeah it's clear it's

875

00:28:36,630 --> 00:28:34,000

it looks clear to me

876

00:28:39,029 --> 00:28:36,640

yeah i do want to ask you the omaha

877

00:28:40,789 --> 00:28:39,039

video i know you did uh a youtube video

878

00:28:43,350 --> 00:28:40,799

about that one and that one

879

00:28:44,549 --> 00:28:43,360

that jeremy corbell and um george knapp

880

00:28:47,029 --> 00:28:44,559

released was

881

00:28:49,430 --> 00:28:47,039

pretty interesting and i know

882

00:28:50,389 --> 00:28:49,440

you know mick west had a pretty

883

00:28:52,389 --> 00:28:50,399

um

884

00:28:54,549 --> 00:28:52,399

quick answer it's clearly some sort of

885

00:28:56,710 --> 00:28:54,559

balloon or or something like that a lot

886

00:28:59,110 --> 00:28:56,720

of the skeptics said that but um what

887

00:29:00,870 --> 00:28:59,120

did you think of the omaha video what

888

00:29:02,870 --> 00:29:00,880

sort of did you walk away thinking about

889

00:29:06,950 --> 00:29:02,880

that one this object that

890

00:29:09,909 --> 00:29:06,960

uh presumably went from air to water and

891

00:29:12,230 --> 00:29:09,919

um is what we are now considering

892

00:29:14,470 --> 00:29:12,240

trans-medium travel i mean yeah what do

893

00:29:15,750 --> 00:29:14,480

you make of the whole omaha video

894

00:29:17,430 --> 00:29:15,760

yeah

895

00:29:19,830 --> 00:29:17,440

that one was also equally mind-blowing

896

00:29:21,750 --> 00:29:19,840

you know um

897

00:29:23,750 --> 00:29:21,760

yeah his art i haven't even listened to

898

00:29:25,029 --> 00:29:23,760

his arguments on that uh there is one

899

00:29:26,870 --> 00:29:25,039

there's like a flashlight he says

900

00:29:28,549 --> 00:29:26,880

there's like if you put a light

901
00:29:30,630 --> 00:29:28,559
you know behind a flashlight and then

902
00:29:33,190 --> 00:29:30,640
put it down it goes it goes away but you

903
00:29:36,070 --> 00:29:33,200
can clearly see there's water

904
00:29:38,149 --> 00:29:36,080
above the object um

905
00:29:39,590 --> 00:29:38,159
so i think it was amazing especially at

906
00:29:40,710 --> 00:29:39,600
the beginning right that the beginning

907
00:29:42,789 --> 00:29:40,720
part

908
00:29:44,070 --> 00:29:42,799
where it's it's tracking

909
00:29:46,549 --> 00:29:44,080
you know it just looks like that little

910
00:29:48,389 --> 00:29:46,559
ball like from work and mindy yeah and

911
00:29:50,789 --> 00:29:48,399
then it's just it's tracking across the

912
00:29:53,990 --> 00:29:50,799
it's moving across the the ocean right

913
00:29:55,750 --> 00:29:54,000

above it's it's flying like that

914

00:29:58,710 --> 00:29:55,760

just nothing moves like that you know we

915

00:30:00,549 --> 00:29:58,720

have nothing that can do that um

916

00:30:02,310 --> 00:30:00,559

i don't know it's just so it's so weird

917

00:30:03,350 --> 00:30:02,320

the speed of it what's even interesting

918

00:30:05,909 --> 00:30:03,360

too like

919

00:30:07,430 --> 00:30:05,919

kevin day like he mentioned that what

920

00:30:10,470 --> 00:30:07,440

really kind of cued him off on the tic

921

00:30:13,190 --> 00:30:10,480

tacs was they're up at 28 000 feet right

922

00:30:14,789 --> 00:30:13,200

but they're going 100 knots

923

00:30:17,269 --> 00:30:14,799

and and that's very interesting because

924

00:30:19,830 --> 00:30:17,279

at 100 000 sorry 28 000 feet you have

925

00:30:23,190 --> 00:30:19,840

much much less air okay so an f-16 i

926
00:30:25,029 --> 00:30:23,200
couldn't go 100 knots at uh 20 000 feet

927
00:30:26,789 --> 00:30:25,039
you know i'd fall out of the sky because

928
00:30:28,310 --> 00:30:26,799
i just can't produce enough lift over

929
00:30:30,070 --> 00:30:28,320
the wings there's just not enough air we

930
00:30:32,710 --> 00:30:30,080
have we have tiny wings right maybe the

931
00:30:35,669 --> 00:30:32,720
maybe like an f-15 or an f-18 can maybe

932
00:30:37,510 --> 00:30:35,679
go 100 knots at 28 000 feet but they'd

933
00:30:38,389 --> 00:30:37,520
be in like afterburner like this you

934
00:30:40,549 --> 00:30:38,399
know

935
00:30:42,549 --> 00:30:40,559
um because there's just not enough air

936
00:30:43,830 --> 00:30:42,559
going over the wings

937
00:30:46,630 --> 00:30:43,840
so the fact that they were just even

938
00:30:50,070 --> 00:30:46,640

going at 20 100 knots at 28 000 feet is

939

00:30:51,510 --> 00:30:50,080

just so weird you know it's just uh

940

00:30:53,830 --> 00:30:51,520

stuff doesn't move like that so that

941

00:30:55,190 --> 00:30:53,840

that initial omaha when it's moving

942

00:30:57,029 --> 00:30:55,200

across and you can see it's moving

943

00:30:58,070 --> 00:30:57,039

because it's tracking you can check the

944

00:31:00,470 --> 00:30:58,080

tracking

945

00:31:01,750 --> 00:31:00,480

um basically off the angles uh that the

946

00:31:02,830 --> 00:31:01,760

camera's moving right so we know the

947

00:31:05,110 --> 00:31:02,840

camera's

948

00:31:07,269 --> 00:31:05,120

moving um so

949

00:31:08,950 --> 00:31:07,279

so i i noticed nick west didn't make any

950

00:31:10,630 --> 00:31:08,960

he didn't make any videos about that

951
00:31:12,310 --> 00:31:10,640
first part of the video right he didn't

952
00:31:13,269 --> 00:31:12,320
make any video and this is kind of what

953
00:31:22,149 --> 00:31:13,279
he

954
00:31:24,149 --> 00:31:22,159
right because his argument on this thing

955
00:31:25,430 --> 00:31:24,159
just going down and being a light uh

956
00:31:27,110 --> 00:31:25,440
that doesn't work for the first part of

957
00:31:28,149 --> 00:31:27,120
the video right so the first part of the

958
00:31:29,669 --> 00:31:28,159
video

959
00:31:32,470 --> 00:31:29,679
so how do you describe this light that

960
00:31:34,389 --> 00:31:32,480
just that tracks across uh

961
00:31:36,470 --> 00:31:34,399
that tracks across like that

962
00:31:37,909 --> 00:31:36,480
is that how fast is it going right

963
00:31:39,269 --> 00:31:37,919

because now you get into this the same

964

00:31:41,509 --> 00:31:39,279

issue i brought up with the gimbal right

965

00:31:43,190 --> 00:31:41,519

because now if i'm tracking something

966

00:31:45,110 --> 00:31:43,200

right and it and it goes

967

00:31:47,029 --> 00:31:45,120

you know if you go if it goes an inch

968

00:31:48,789 --> 00:31:47,039

right but it's it's a hundred miles away

969

00:31:50,310 --> 00:31:48,799

that that it's going really fast right

970

00:31:51,909 --> 00:31:50,320

but it's very gross

971

00:31:53,830 --> 00:31:51,919

so he gets into issues where he gets in

972

00:31:55,509 --> 00:31:53,840

these tracking issues so

973

00:31:57,590 --> 00:31:55,519

that's why i released this this last

974

00:32:01,190 --> 00:31:57,600

video uh or two video how to get a

975

00:32:03,110 --> 00:32:01,200

better uap ufo video yeah yeah would you

976
00:32:05,430 --> 00:32:03,120
mind maybe diving into that a little bit

977
00:32:07,350 --> 00:32:05,440
i love that like it's a 101 on how to

978
00:32:09,350 --> 00:32:07,360
because i can't tell you man how many

979
00:32:12,149 --> 00:32:09,360
videos i get sent on

980
00:32:14,389 --> 00:32:12,159
weekly basis or photos and i'm like i

981
00:32:15,990 --> 00:32:14,399
wish you'd like zoomed out so we had

982
00:32:17,669 --> 00:32:16,000
some scale of

983
00:32:19,830 --> 00:32:17,679
you know how high up it was how big it

984
00:32:22,389 --> 00:32:19,840
might have been and look i get it i've

985
00:32:24,870 --> 00:32:22,399
i've i've been studying ufos my whole

986
00:32:27,110 --> 00:32:24,880
life basically since i was 13 and i've

987
00:32:28,389 --> 00:32:27,120
taken some videos and they're horrible

988
00:32:30,230 --> 00:32:28,399

so even i

989

00:32:32,149 --> 00:32:30,240

am like in the moment being like i gotta

990

00:32:34,630 --> 00:32:32,159

zoom in as much as i can try to get the

991

00:32:37,190 --> 00:32:34,640

detail of this thing but yeah what what

992

00:32:40,070 --> 00:32:37,200

what was the video what would you

993

00:32:42,549 --> 00:32:40,080

suggest people do to take like a proper

994

00:32:44,230 --> 00:32:42,559

ufo video yeah i mean

995

00:32:46,389 --> 00:32:44,240

one of the things is just get make it

996

00:32:48,149 --> 00:32:46,399

longer you know make as long as more

997

00:32:50,149 --> 00:32:48,159

context

998

00:32:51,750 --> 00:32:50,159

don't edit you know don't break it you

999

00:32:53,990 --> 00:32:51,760

know if you can put your face in there

1000

00:32:55,669 --> 00:32:54,000

too great you know because

1001

00:32:57,430 --> 00:32:55,679

i look at these videos online you know

1002

00:33:00,070 --> 00:32:57,440

i'm on strange activities he has awesome

1003

00:33:01,909 --> 00:33:00,080

videos or whoever it is uh great youtube

1004

00:33:04,070 --> 00:33:01,919

channel and

1005

00:33:06,389 --> 00:33:04,080

awesome ufo videos but they're like a

1006

00:33:08,630 --> 00:33:06,399

minute or two long there's no context

1007

00:33:11,430 --> 00:33:08,640

there's no location um

1008

00:33:13,430 --> 00:33:11,440

or maybe sometimes there's location um

1009

00:33:15,190 --> 00:33:13,440

so i yeah i released that nigel nigel

1010

00:33:17,269 --> 00:33:15,200

benton he was a subscriber he wrote me

1011

00:33:19,190 --> 00:33:17,279

it was like hey chris i have this uh you

1012

00:33:21,029 --> 00:33:19,200

know i have a video actually from 2006

1013

00:33:23,190 --> 00:33:21,039

what should i do with it uh and i was

1014

00:33:24,950 --> 00:33:23,200

like post it to youtube

1015

00:33:26,389 --> 00:33:24,960

um i think that's the best way to do it

1016

00:33:27,830 --> 00:33:26,399

because there's no storage issues right

1017

00:33:30,149 --> 00:33:27,840

i think maybe maybe they're short

1018

00:33:31,830 --> 00:33:30,159

because two minutes is video files are

1019

00:33:33,909 --> 00:33:31,840

really big or something so maybe maybe

1020

00:33:35,509 --> 00:33:33,919

they don't want to get it's hard to move

1021

00:33:37,269 --> 00:33:35,519

those around but you can just upload it

1022

00:33:39,430 --> 00:33:37,279

right to youtube

1023

00:33:41,029 --> 00:33:39,440

um i think this is

1024

00:33:42,630 --> 00:33:41,039

i think people are really missing the

1025

00:33:44,149 --> 00:33:42,640

missing the boat on this i think this is

1026

00:33:46,149 --> 00:33:44,159

really important actually i don't think

1027

00:33:48,070 --> 00:33:46,159

they realize how much how much data you

1028

00:33:50,149 --> 00:33:48,080

we could break this thing wide open

1029

00:33:53,590 --> 00:33:50,159

really wide open all we need is just one

1030

00:33:55,590 --> 00:33:53,600

event just one we get like 30 different

1031

00:33:56,630 --> 00:33:55,600

camera angles and boom it's over you

1032

00:33:57,669 --> 00:33:56,640

know i mean what are they going to say

1033

00:33:59,110 --> 00:33:57,679

like

1034

00:34:00,789 --> 00:33:59,120

okay yeah that video is fake what about

1035

00:34:04,149 --> 00:34:00,799

that one and that one and that one and

1036

00:34:05,909 --> 00:34:04,159

everybody's selfie in themselves yay you

1037

00:34:07,750 --> 00:34:05,919

know like i'm here we'll go talk to him

1038

00:34:10,149 --> 00:34:07,760

you know and

1039

00:34:12,149 --> 00:34:10,159

uh so but really i think um

1040

00:34:15,030 --> 00:34:12,159

longer more context and then you kind of

1041

00:34:17,589 --> 00:34:15,040

mentioned it uh a time stamp okay so

1042

00:34:19,669 --> 00:34:17,599

some way to time stamp it and

1043

00:34:21,109 --> 00:34:19,679

from like you know whatever pow training

1044

00:34:23,030 --> 00:34:21,119

or whatever anything you can get into

1045

00:34:25,430 --> 00:34:23,040

the

1046

00:34:26,470 --> 00:34:25,440

like if i film this right 1641 you know

1047

00:34:28,710 --> 00:34:26,480

right then

1048

00:34:31,669 --> 00:34:28,720

right that is yeah i'm stamped with the

1049

00:34:33,669 --> 00:34:31,679

date uh and that's hard to see gi right

1050

00:34:34,950 --> 00:34:33,679

or film a newspaper you know like the

1051

00:34:37,349 --> 00:34:34,960

yeah

1052

00:34:38,869 --> 00:34:37,359

so getting context into the video i

1053

00:34:40,389 --> 00:34:38,879

think is important the length is

1054

00:34:42,310 --> 00:34:40,399

important and then if we can get the

1055

00:34:44,710 --> 00:34:42,320

time and the general location

1056

00:34:45,990 --> 00:34:44,720

uh and you mentioned it like getting uh

1057

00:34:47,030 --> 00:34:46,000

landmarks

1058

00:34:49,270 --> 00:34:47,040

you know so if you can get like a

1059

00:34:50,389 --> 00:34:49,280

landmark in there um

1060

00:34:52,149 --> 00:34:50,399

that that

1061

00:34:54,230 --> 00:34:52,159

uh

1062

00:34:55,909 --> 00:34:54,240

anchors it to the ground there we go

1063

00:34:58,310 --> 00:34:55,919

out of the flying world so if you get a

1064

00:35:00,470 --> 00:34:58,320

landmark in the video and a time stamp

1065

00:35:02,230 --> 00:35:00,480

and make it long with context

1066

00:35:03,349 --> 00:35:02,240

man we get we get 30 of those from the

1067

00:35:05,589 --> 00:35:03,359

same event

1068

00:35:07,430 --> 00:35:05,599

and this i i guarantee we will bust this

1069

00:35:09,190 --> 00:35:07,440

wide open like seriously like no i don't

1070

00:35:10,790 --> 00:35:09,200

think people understand this and it was

1071

00:35:12,710 --> 00:35:10,800

my lowest performing videos i was very

1072

00:35:15,270 --> 00:35:12,720

surprised like wow because people don't

1073

00:35:17,990 --> 00:35:15,280

get it but yeah yeah well and i think

1074

00:35:19,349 --> 00:35:18,000

you know i think what's frustrating

1075

00:35:21,270 --> 00:35:19,359

chris is uh

1076

00:35:23,589 --> 00:35:21,280

with these videos that we've been

1077

00:35:26,310 --> 00:35:23,599

debating for the past few years now tic

1078

00:35:29,270 --> 00:35:26,320

tac go fast gimbal is because they are

1079

00:35:31,270 --> 00:35:29,280

so short and because uh some of the navy

1080

00:35:33,990 --> 00:35:31,280

personnel have even said

1081

00:35:37,030 --> 00:35:34,000

why i saw a much clearer much longer

1082

00:35:38,950 --> 00:35:37,040

version of that video um and that's i

1083

00:35:41,589 --> 00:35:38,960

think where

1084

00:35:43,589 --> 00:35:41,599

the issue lies with someone like mick

1085

00:35:45,030 --> 00:35:43,599

west and and you having different

1086

00:35:47,670 --> 00:35:45,040

thoughts on this

1087

00:35:50,870 --> 00:35:47,680

of course you both have very viable

1088

00:35:52,550 --> 00:35:50,880

um you know observations about it but we

1089

00:35:55,030 --> 00:35:52,560

don't have the full picture we don't

1090

00:35:57,750 --> 00:35:55,040

have the full data and we don't even

1091

00:36:00,870 --> 00:35:57,760

know if if the navy did if how many

1092

00:36:02,630 --> 00:36:00,880

sensors picked up these i mean i

1093

00:36:05,270 --> 00:36:02,640

gary voorhees one of the gentlemen that

1094

00:36:06,310 --> 00:36:05,280

was on i believe the princeton uh has

1095

00:36:08,150 --> 00:36:06,320

said

1096

00:36:10,310 --> 00:36:08,160

it's so frustrating we're seeing this

1097

00:36:12,710 --> 00:36:10,320

one video shot by chad underwood of the

1098

00:36:15,190 --> 00:36:12,720

tic tac he's like i know there were

1099

00:36:18,069 --> 00:36:15,200

other there had to be other eyes on that

1100

00:36:19,430 --> 00:36:18,079

other videos this that this that um so i

1101

00:36:21,750 --> 00:36:19,440

think that's where the the true

1102

00:36:24,069 --> 00:36:21,760

frustration lies is we don't have the

1103

00:36:25,510 --> 00:36:24,079

full context we can't really truly

1104

00:36:27,910 --> 00:36:25,520

understand what we're looking at or

1105

00:36:29,829 --> 00:36:27,920

dealing with because we don't know we

1106

00:36:30,550 --> 00:36:29,839

don't have the full video we don't see

1107

00:36:33,270 --> 00:36:30,560

it

1108

00:36:35,430 --> 00:36:33,280

taking off or you know the most we get

1109

00:36:37,510 --> 00:36:35,440

it with the gimbal is it rotating and

1110

00:36:39,750 --> 00:36:37,520

then the video cuts short or the tic tac

1111

00:36:41,270 --> 00:36:39,760

shoots off video cut shirt like yeah but

1112

00:36:42,870 --> 00:36:41,280

what happened after that that's what's

1113

00:36:44,230 --> 00:36:42,880

most frustrating

1114

00:36:46,310 --> 00:36:44,240

and this and the and the other big

1115

00:36:48,150 --> 00:36:46,320

problem is the single source

1116

00:36:49,750 --> 00:36:48,160

yeah you know single source i was

1117

00:36:52,069 --> 00:36:49,760

thinking of like a good analogy you know

1118

00:36:54,630 --> 00:36:52,079

and i was thinking of gallagher remember

1119

00:36:56,310 --> 00:36:54,640

gallagher the giant oh my gosh yeah yeah

1120

00:36:59,670 --> 00:36:56,320

and and i even make it funny or make it

1121

00:37:01,430 --> 00:36:59,680

like mc west you know he's like giant

1122

00:37:04,550 --> 00:37:01,440

so imagine that like

1123

00:37:06,310 --> 00:37:04,560

one rope over his leg you know nick west

1124

00:37:08,870 --> 00:37:06,320

gallagher is like laying down one rope

1125

00:37:11,829 --> 00:37:08,880

over his like arm you know that's like

1126

00:37:13,990 --> 00:37:11,839

one video right yeah um

1127

00:37:15,750 --> 00:37:14,000

that's just not enough it's not enough

1128

00:37:17,030 --> 00:37:15,760

you know because one video can be faked

1129

00:37:21,670 --> 00:37:17,040

it can be

1130

00:37:24,950 --> 00:37:21,680

whatever they're talking about so i

1131

00:37:27,510 --> 00:37:24,960

imagine like 30 ropes going over you

1132

00:37:29,589 --> 00:37:27,520

know this is an imaginary nick west just

1133

00:37:31,270 --> 00:37:29,599

the argument right so yeah he can he can

1134

00:37:32,950 --> 00:37:31,280

you know make up something to be like

1135

00:37:35,190 --> 00:37:32,960

think you know that was easy you know

1136

00:37:36,230 --> 00:37:35,200

it's a glare right even though you show

1137

00:37:37,910 --> 00:37:36,240

a million different ways it can't be

1138

00:37:39,670 --> 00:37:37,920

clear he's like yeah

1139

00:37:41,589 --> 00:37:39,680

but now you get 30 ropes over a man you

1140

00:37:44,150 --> 00:37:41,599

can't move um yeah

1141

00:37:45,430 --> 00:37:44,160

and and that is maybe from science maybe

1142

00:37:47,109 --> 00:37:45,440

anyone with a scientific background

1143

00:37:48,630 --> 00:37:47,119

knows it's about evidence it you need

1144

00:37:50,470 --> 00:37:48,640

data and

1145

00:37:52,550 --> 00:37:50,480

data is in

1146

00:37:54,470 --> 00:37:52,560

mass we need we need more data and we

1147

00:37:56,310 --> 00:37:54,480

need it accurate and and that's really

1148

00:37:57,750 --> 00:37:56,320

what we don't have right now in length

1149

00:37:58,790 --> 00:37:57,760

of time so length of video gives you

1150

00:38:00,790 --> 00:37:58,800

more data

1151
00:38:02,870 --> 00:38:00,800
you know more videos more people gives

1152
00:38:04,630 --> 00:38:02,880
you more data any when you get context

1153
00:38:06,390 --> 00:38:04,640
in the video where you are

1154
00:38:08,470 --> 00:38:06,400
what day it is what time

1155
00:38:10,630 --> 00:38:08,480
if you can move around okay like so

1156
00:38:13,109 --> 00:38:10,640
there's a cia handbook or martin

1157
00:38:15,190 --> 00:38:13,119
holtmann he found it um

1158
00:38:17,910 --> 00:38:15,200
step one of the cia book to take a

1159
00:38:20,790 --> 00:38:17,920
picture of ufos it's just pictures uh

1160
00:38:21,670 --> 00:38:20,800
they said to uh focus to infinity

1161
00:38:23,910 --> 00:38:21,680
um

1162
00:38:25,510 --> 00:38:23,920
so yeah to focus to infinity and we did

1163
00:38:27,349 --> 00:38:25,520

that with our night vision goggles we

1164

00:38:29,510 --> 00:38:27,359

would focus to infinity so you can just

1165

00:38:32,150 --> 00:38:29,520

focus on a star actually

1166

00:38:34,230 --> 00:38:32,160

and that would get you to infinity is

1167

00:38:35,589 --> 00:38:34,240

what when we cheated right if i forgot

1168

00:38:37,670 --> 00:38:35,599

or something got knocked around or my

1169

00:38:41,030 --> 00:38:37,680

focus was slightly out uh i would just

1170

00:38:42,470 --> 00:38:41,040

tune it on onto a star okay um so that's

1171

00:38:44,230 --> 00:38:42,480

infinity so i guess

1172

00:38:46,950 --> 00:38:44,240

everything else being equal just tune to

1173

00:38:49,750 --> 00:38:46,960

a star if you can and then

1174

00:38:51,589 --> 00:38:49,760

lock your uh focus and then point it at

1175

00:38:53,190 --> 00:38:51,599

the ufo you know

1176

00:38:55,510 --> 00:38:53,200

that all that stuff would take training

1177

00:38:57,109 --> 00:38:55,520

uh and then the final thing it says was

1178

00:38:59,349 --> 00:38:57,119

if it's close to you

1179

00:39:01,910 --> 00:38:59,359

uh then you you should move to take

1180

00:39:04,310 --> 00:39:01,920

different angles so greater it says 40

1181

00:39:06,069 --> 00:39:04,320

to 60 feet is enough

1182

00:39:08,069 --> 00:39:06,079

but it's if it's further away like a

1183

00:39:09,670 --> 00:39:08,079

mile or more they said then it doesn't

1184

00:39:11,829 --> 00:39:09,680

really help you to move those little

1185

00:39:14,310 --> 00:39:11,839

short distances the best thing is to get

1186

00:39:15,190 --> 00:39:14,320

in your car and drive half mile or more

1187

00:39:17,670 --> 00:39:15,200

and then

1188

00:39:18,950 --> 00:39:17,680

start filming or photographing again

1189

00:39:20,870 --> 00:39:18,960

yeah and then upload it straight to

1190

00:39:23,349 --> 00:39:20,880

youtube man upload it straight you know

1191

00:39:25,030 --> 00:39:23,359

there's no there's nothing in between me

1192

00:39:26,630 --> 00:39:25,040

or this maybe there is an algorithm

1193

00:39:28,870 --> 00:39:26,640

right um

1194

00:39:31,510 --> 00:39:28,880

but if everybody uploads

1195

00:39:32,790 --> 00:39:31,520

at the same time now

1196

00:39:34,630 --> 00:39:32,800

what are you going to do it's tough to

1197

00:39:36,550 --> 00:39:34,640

keep that information right now all of

1198

00:39:37,829 --> 00:39:36,560

it's it's open source

1199

00:39:39,109 --> 00:39:37,839

so i think this really would bust it

1200

00:39:40,950 --> 00:39:39,119

open and you look at these events where

1201

00:39:42,230 --> 00:39:40,960

these ufos are just sitting there right

1202

00:39:43,430 --> 00:39:42,240

for like they'll be like it was there

1203

00:39:45,349 --> 00:39:43,440

five ten minutes i'm like five ten

1204

00:39:46,630 --> 00:39:45,359

minutes you know like

1205

00:39:48,470 --> 00:39:46,640

i don't know where's the video of that

1206

00:39:49,990 --> 00:39:48,480

yeah i'm ready i think you just you need

1207

00:39:51,349 --> 00:39:50,000

to be ready it's just like anything else

1208

00:39:52,790 --> 00:39:51,359

um

1209

00:39:54,310 --> 00:39:52,800

yeah you know you gotta be ready for the

1210

00:39:55,589 --> 00:39:54,320

heimlich right you always gotta be ready

1211

00:39:56,950 --> 00:39:55,599

to hide like somebody i think that's

1212

00:39:58,550 --> 00:39:56,960

just a natural

1213

00:40:00,390 --> 00:39:58,560

natural thing and you got to be ready to

1214

00:40:03,109 --> 00:40:00,400

take a ufo picture

1215

00:40:05,589 --> 00:40:03,119

or video i love that comparison always

1216

00:40:06,630 --> 00:40:05,599

be prepared if the boy scouts taught me

1217

00:40:09,270 --> 00:40:06,640

anything

1218

00:40:11,750 --> 00:40:09,280

well i guess going back a little bit um

1219

00:40:14,550 --> 00:40:11,760

with the tic tac i'd love to ask you two

1220

00:40:16,550 --> 00:40:14,560

specific questions um we heard

1221

00:40:19,349 --> 00:40:16,560

with chad underwood the pilot who filmed

1222

00:40:23,109 --> 00:40:19,359

the tic tac that there was possible

1223

00:40:25,670 --> 00:40:23,119

jamming of radar during that event um

1224

00:40:27,109 --> 00:40:25,680

so as in air force pilot i love to get

1225

00:40:29,510 --> 00:40:27,119

your perspective

1226

00:40:31,589 --> 00:40:29,520

on that idea of

1227

00:40:33,109 --> 00:40:31,599

what would it take for something to be

1228

00:40:36,230 --> 00:40:33,119

able to jam

1229

00:40:38,550 --> 00:40:36,240

your radar on the on your aircraft i

1230

00:40:40,710 --> 00:40:38,560

mean if that's true that's extremely

1231

00:40:42,710 --> 00:40:40,720

troubling that it's able to do that or

1232

00:40:45,349 --> 00:40:42,720

is that more common than i

1233

00:40:47,430 --> 00:40:45,359

naively think that something else would

1234

00:40:49,910 --> 00:40:47,440

be able to jam your your instruments on

1235

00:40:51,990 --> 00:40:49,920

your own aircraft yeah how much power

1236

00:40:54,230 --> 00:40:52,000

did the tic tac have to

1237

00:40:56,950 --> 00:40:54,240

power my question yeah

1238

00:41:00,790 --> 00:40:56,960

yeah how much technology

1239

00:41:02,870 --> 00:41:00,800

i i mean so at that time well 2007 i

1240

00:41:04,710 --> 00:41:02,880

became uh an aggressor

1241

00:41:05,510 --> 00:41:04,720

so it actually was my specialty actually

1242

00:41:06,390 --> 00:41:05,520

was

1243

00:41:08,950 --> 00:41:06,400

um

1244

00:41:10,870 --> 00:41:08,960

analyzing foreign adversary electronic

1245

00:41:14,710 --> 00:41:10,880

attack systems

1246

00:41:16,870 --> 00:41:14,720

uh so that was in 2007 it was a the best

1247

00:41:18,470 --> 00:41:16,880

my almost i maybe i shouldn't say my

1248

00:41:20,069 --> 00:41:18,480

favorite job in the air force but i i

1249

00:41:22,550 --> 00:41:20,079

guess the one i identify with the most

1250

00:41:24,069 --> 00:41:22,560

you know if they were going to say what

1251

00:41:26,150 --> 00:41:24,079

what do you think you are i'd say i'm an

1252

00:41:28,630 --> 00:41:26,160

aggressor you know i trained our

1253

00:41:31,430 --> 00:41:28,640

uh i analyzed the enemy i analyzed their

1254

00:41:34,069 --> 00:41:31,440

systems and then we replicated the enemy

1255

00:41:34,790 --> 00:41:34,079

uh to train our blue forces right so

1256

00:41:36,790 --> 00:41:34,800

that

1257

00:41:38,309 --> 00:41:36,800

the better your your enemy is in

1258

00:41:40,150 --> 00:41:38,319

training the better you're going to be

1259

00:41:42,790 --> 00:41:40,160

in in real combat

1260

00:41:44,710 --> 00:41:42,800

so yeah i i really enjoyed it and i and

1261

00:41:46,630 --> 00:41:44,720

i threw myself into it

1262

00:41:48,790 --> 00:41:46,640

i loved all the beeps and squeaks i love

1263

00:41:49,990 --> 00:41:48,800

all the nerdiness of it i went into

1264

00:41:50,870 --> 00:41:50,000

nasik

1265

00:41:52,150 --> 00:41:50,880

it was

1266

00:41:53,910 --> 00:41:52,160

you know the biggest building i've ever

1267

00:41:56,470 --> 00:41:53,920

seen with no windows

1268

00:41:58,870 --> 00:41:56,480

went to cia traveled all around went to

1269

00:42:00,950 --> 00:41:58,880

this cool air show in dubai so

1270

00:42:02,309 --> 00:42:00,960

did a lot of amazing stuff and at that

1271

00:42:04,870 --> 00:42:02,319

time there was nothing that can jam out

1272

00:42:08,150 --> 00:42:04,880

the side um

1273

00:42:10,390 --> 00:42:08,160

in 2007 wow yeah okay yeah that i knew

1274

00:42:12,230 --> 00:42:10,400

about right um

1275

00:42:14,309 --> 00:42:12,240

yeah because just the technology you had

1276
00:42:17,030 --> 00:42:14,319
is uh the little radome technology you

1277
00:42:19,349 --> 00:42:17,040
know so we didn't have aces

1278
00:42:20,950 --> 00:42:19,359
at that point at least not on our enemy

1279
00:42:21,260 --> 00:42:20,960
jammers that i knew about

1280
00:42:22,470 --> 00:42:21,270
um

1281
00:42:24,150 --> 00:42:22,480
[Music]

1282
00:42:25,430 --> 00:42:24,160
and so normally you have to you would

1283
00:42:27,030 --> 00:42:25,440
point it where the fighter is going to

1284
00:42:29,109 --> 00:42:27,040
go right fighters

1285
00:42:30,790 --> 00:42:29,119
at least up until

1286
00:42:32,630 --> 00:42:30,800
that i've known about it is we fight

1287
00:42:35,030 --> 00:42:32,640
with our noses right you always want to

1288
00:42:36,230 --> 00:42:35,040

fight your enemy this way uh that's

1289

00:42:37,750 --> 00:42:36,240

where all your weapons are pointing all

1290

00:42:39,190 --> 00:42:37,760

your systems all your sensors right and

1291

00:42:40,870 --> 00:42:39,200

then if you're not actively fighting you

1292

00:42:42,470 --> 00:42:40,880

better be pointing the other way right

1293

00:42:43,829 --> 00:42:42,480

so you're preserving your range between

1294

00:42:45,589 --> 00:42:43,839

you and them

1295

00:42:46,470 --> 00:42:45,599

so you want to fight with your nose and

1296

00:42:48,150 --> 00:42:46,480

you want to fight when you're running

1297

00:42:50,150 --> 00:42:48,160

away too right so

1298

00:42:52,550 --> 00:42:50,160

uh so your jammers always go forward and

1299

00:42:55,030 --> 00:42:52,560

aft is really from your fighter

1300

00:42:56,309 --> 00:42:55,040

all of our jammers go forward and aft

1301

00:42:57,589 --> 00:42:56,319

you know we don't have any outside

1302

00:42:59,109 --> 00:42:57,599

jammers

1303

00:43:01,109 --> 00:42:59,119

i could be mistaken on that point you

1304

00:43:02,630 --> 00:43:01,119

know maybe maybe we had maybe france had

1305

00:43:05,190 --> 00:43:02,640

some or something

1306

00:43:06,470 --> 00:43:05,200

um so i would say it's

1307

00:43:08,790 --> 00:43:06,480

it's weird

1308

00:43:10,390 --> 00:43:08,800

could it be done

1309

00:43:13,109 --> 00:43:10,400

i mean that aspect of it could have been

1310

00:43:15,190 --> 00:43:13,119

done right i i know enough about

1311

00:43:16,550 --> 00:43:15,200

electronic attack uh you know you just

1312

00:43:18,870 --> 00:43:16,560

look online and there's certain

1313

00:43:22,309 --> 00:43:18,880

frequencies that they're in right

1314

00:43:23,750 --> 00:43:22,319

uh so you can just get a noise jammer

1315

00:43:25,349 --> 00:43:23,760

you know at radio shack i don't know if

1316

00:43:27,589 --> 00:43:25,359

you can buy it at a raider shack but

1317

00:43:29,190 --> 00:43:27,599

actually you just get a very loud jammer

1318

00:43:30,950 --> 00:43:29,200

uh in that and you just dial it to that

1319

00:43:31,670 --> 00:43:30,960

frequency you can buy them off the shelf

1320

00:43:34,150 --> 00:43:31,680

i

1321

00:43:35,750 --> 00:43:34,160

thousand dollars

1322

00:43:37,430 --> 00:43:35,760

and then slap it onto an aircraft

1323

00:43:38,790 --> 00:43:37,440

somehow provide cooling and now you

1324

00:43:41,510 --> 00:43:38,800

could you could have a jammer and that

1325

00:43:43,190 --> 00:43:41,520

would provide noise jamming

1326
00:43:44,870 --> 00:43:43,200
but that's dumb jamming right so what

1327
00:43:45,670 --> 00:43:44,880
they saw what he said they saw was they

1328
00:43:47,990 --> 00:43:45,680
saw

1329
00:43:50,230 --> 00:43:48,000
uh deception jamming you know or i don't

1330
00:43:52,230 --> 00:43:50,240
really know how their how their radar

1331
00:43:54,069 --> 00:43:52,240
exactly works okay but noise jamming is

1332
00:43:55,750 --> 00:43:54,079
just like dumb jamming right if i just

1333
00:43:57,750 --> 00:43:55,760
like

1334
00:43:59,750 --> 00:43:57,760
you know while we're talking

1335
00:44:01,990 --> 00:43:59,760
uh it's gonna jam that right right it

1336
00:44:03,190 --> 00:44:02,000
will interfere right it just raises the

1337
00:44:04,710 --> 00:44:03,200
threshold

1338
00:44:06,710 --> 00:44:04,720

so you can't hear what's actually going

1339

00:44:09,270 --> 00:44:06,720

on the radar is the same but deception

1340

00:44:11,750 --> 00:44:09,280

jamming now is like it comes in and puts

1341

00:44:14,470 --> 00:44:11,760

words in that i'm not saying

1342

00:44:16,069 --> 00:44:14,480

like i'm talking you know so that's

1343

00:44:18,470 --> 00:44:16,079

that's like deception jamming you know

1344

00:44:20,230 --> 00:44:18,480

um it cancels out stuff it moves stuff

1345

00:44:23,109 --> 00:44:20,240

in front of other things it says this is

1346

00:44:24,150 --> 00:44:23,119

going faster than it is

1347

00:44:25,910 --> 00:44:24,160

so yeah there's there's different

1348

00:44:27,510 --> 00:44:25,920

techniques so it does depend on what

1349

00:44:29,109 --> 00:44:27,520

they were seeing

1350

00:44:31,270 --> 00:44:29,119

um

1351

00:44:33,349 --> 00:44:31,280

i don't know my own assessment is it

1352

00:44:35,750 --> 00:44:33,359

doesn't look like they were jamming

1353

00:44:37,750 --> 00:44:35,760

but it seems like but definitely the the

1354

00:44:38,950 --> 00:44:37,760

radar energy what i know for sure what i

1355

00:44:40,390 --> 00:44:38,960

believe

1356

00:44:42,150 --> 00:44:40,400

i can show for sure

1357

00:44:44,069 --> 00:44:42,160

is that it is showing that it's it's

1358

00:44:45,910 --> 00:44:44,079

bouncing the energy back

1359

00:44:47,430 --> 00:44:45,920

so there is something there right and

1360

00:44:49,349 --> 00:44:47,440

that and that's why maybe mick west

1361

00:44:51,510 --> 00:44:49,359

hasn't been able to say it's just a

1362

00:44:53,670 --> 00:44:51,520

glare on the on the targeting pod

1363

00:44:56,069 --> 00:44:53,680

because if the energy's going out

1364

00:44:58,550 --> 00:44:56,079

uh and coming back now we know it's it's

1365

00:45:00,870 --> 00:44:58,560

bouncing off something right something

1366

00:45:01,670 --> 00:45:00,880

solid yeah yeah so that's how you know

1367

00:45:03,510 --> 00:45:01,680

so

1368

00:45:05,030 --> 00:45:03,520

basically just it counts right

1369

00:45:06,710 --> 00:45:05,040

the radar nose is traveling at the speed

1370

00:45:08,390 --> 00:45:06,720

of light so it just counts okay that's

1371

00:45:09,589 --> 00:45:08,400

how far away it is right

1372

00:45:11,270 --> 00:45:09,599

um

1373

00:45:13,270 --> 00:45:11,280

so there's techniques right where you

1374

00:45:15,990 --> 00:45:13,280

you it gets there and

1375

00:45:18,390 --> 00:45:16,000

the jammer catches it and delays it and

1376
00:45:20,550 --> 00:45:18,400
then sends it back louder or something

1377
00:45:22,150 --> 00:45:20,560
you know and so or

1378
00:45:23,829 --> 00:45:22,160
yeah there's more complicated where it

1379
00:45:25,589 --> 00:45:23,839
can foresee right it guesses when the

1380
00:45:27,190 --> 00:45:25,599
next pulse is going to come

1381
00:45:29,349 --> 00:45:27,200
from the target radar and the jammer

1382
00:45:31,109 --> 00:45:29,359
puts a track in front of it so it makes

1383
00:45:33,030 --> 00:45:31,119
it look like it's it's closer so there's

1384
00:45:34,790 --> 00:45:33,040
there's these ways and it's always going

1385
00:45:36,309 --> 00:45:34,800
right now there's people

1386
00:45:37,589 --> 00:45:36,319
all over the world figuring out how to

1387
00:45:39,109 --> 00:45:37,599
do better jamming how to do better

1388
00:45:40,710 --> 00:45:39,119

counter counter jamming counter counter

1389

00:45:43,109 --> 00:45:40,720

counter counter jamming

1390

00:45:45,190 --> 00:45:43,119

uh so it's so it's ridiculous but at

1391

00:45:46,870 --> 00:45:45,200

that point i i know i would be

1392

00:45:48,710 --> 00:45:46,880

comfortable saying that for sure

1393

00:45:50,630 --> 00:45:48,720

something's bouncing back so it's

1394

00:45:53,030 --> 00:45:50,640

reflecting radar energy

1395

00:45:55,750 --> 00:45:53,040

but i believe the radar pulse has been

1396

00:45:58,230 --> 00:45:55,760

changed so somehow it's been affected

1397

00:46:00,710 --> 00:45:58,240

right because the the radars the target

1398

00:46:02,390 --> 00:46:00,720

radars they they put a little code when

1399

00:46:03,750 --> 00:46:02,400

they send out their radar right so they

1400

00:46:05,510 --> 00:46:03,760

put out a pulse

1401

00:46:07,349 --> 00:46:05,520

uh and it's coded

1402

00:46:09,589 --> 00:46:07,359

so when that comes back they they read

1403

00:46:10,950 --> 00:46:09,599

the code and so they know right because

1404

00:46:12,309 --> 00:46:10,960

then they can try and get around all

1405

00:46:14,550 --> 00:46:12,319

these all these other tactics right it's

1406

00:46:16,230 --> 00:46:14,560

a counter counter measure um so it's

1407

00:46:17,750 --> 00:46:16,240

coded and when it came back to me it

1408

00:46:19,190 --> 00:46:17,760

tells me that

1409

00:46:21,030 --> 00:46:19,200

uh they couldn't get a range on it right

1410

00:46:22,670 --> 00:46:21,040

you notice it says uh there was no range

1411

00:46:25,750 --> 00:46:22,680

degraded it was like

1412

00:46:27,349 --> 00:46:25,760

99.9 means range is denied

1413

00:46:29,349 --> 00:46:27,359

um so basically that that pulse is

1414

00:46:31,430 --> 00:46:29,359

coming back but it's been changed

1415

00:46:34,550 --> 00:46:31,440

so that code is not the same

1416

00:46:37,349 --> 00:46:34,560

uh and and so that is tripping the

1417

00:46:39,349 --> 00:46:37,359

anti-jam or the whatever processing is

1418

00:46:40,950 --> 00:46:39,359

in the radar to say hey this is not what

1419

00:46:42,630 --> 00:46:40,960

i sent out i don't trust this

1420

00:46:43,349 --> 00:46:42,640

information so i'm not going to display

1421

00:46:46,390 --> 00:46:43,359

it

1422

00:46:48,230 --> 00:46:46,400

man well and then that that's even more

1423

00:46:50,550 --> 00:46:48,240

troubling to think that

1424

00:46:53,589 --> 00:46:50,560

whatever it was was able to get to their

1425

00:46:55,670 --> 00:46:53,599

cap point and know where that was

1426

00:46:58,630 --> 00:46:55,680

again it's just so troubling to think

1427

00:47:01,349 --> 00:46:58,640

that whatever it was that it was

1428

00:47:04,069 --> 00:47:01,359

uh seemingly playing a game

1429

00:47:05,829 --> 00:47:04,079

with the pilots uh

1430

00:47:07,829 --> 00:47:05,839

you know it wasn't shooting at them it

1431

00:47:09,510 --> 00:47:07,839

wasn't doing anything like that but my

1432

00:47:11,510 --> 00:47:09,520

god the fact that it's messing with them

1433

00:47:12,470 --> 00:47:11,520

this much it knows where the cap point

1434

00:47:13,510 --> 00:47:12,480

is i mean

1435

00:47:14,550 --> 00:47:13,520

that

1436

00:47:17,829 --> 00:47:14,560

how does

1437

00:47:20,390 --> 00:47:17,839

something do that if it's not

1438

00:47:22,549 --> 00:47:20,400

doing it instead able to change

1439

00:47:25,190 --> 00:47:22,559

certain things of the radar or know

1440

00:47:27,910 --> 00:47:25,200

where the cap point is like how

1441

00:47:31,030 --> 00:47:27,920

how much knowledge does this object have

1442

00:47:32,790 --> 00:47:31,040

of what these pilots are doing it's

1443

00:47:38,069 --> 00:47:32,800

i don't know it's too much for me to

1444

00:47:42,950 --> 00:47:40,230

what's up guys ryan dropping in to wish

1445

00:47:44,950 --> 00:47:42,960

you all a very happy halloween season

1446

00:47:48,309 --> 00:47:44,960

and what better way to celebrate than

1447

00:47:51,109 --> 00:47:48,319

with jim harold's campfire podcast with

1448

00:47:53,750 --> 00:47:51,119

over 500 episodes of campfire you'll

1449

00:47:56,390 --> 00:47:53,760

hear stories that will bend your reality

1450

00:47:58,710 --> 00:47:56,400

and leave you truly spooked

1451

00:48:01,589 --> 00:47:58,720

the concept is pretty simple

1452

00:48:04,470 --> 00:48:01,599

jim talks to regular folks about strange

1453

00:48:07,510 --> 00:48:04,480

stuff that happens to them and yes that

1454

00:48:10,790 --> 00:48:07,520

includes ufos and uaps along with

1455

00:48:13,670 --> 00:48:10,800

cryptids and of course ghosts

1456

00:48:16,390 --> 00:48:13,680

now not all the stories are horrifying

1457

00:48:19,030 --> 00:48:16,400

some are pretty heartwarming like a

1458

00:48:21,430 --> 00:48:19,040

visit from a past loved one or a

1459

00:48:24,710 --> 00:48:21,440

peaceful near-death experience

1460

00:48:27,349 --> 00:48:24,720

regardless they are true and fascinating

1461

00:48:30,549 --> 00:48:27,359

stories as told by ordinary people

1462

00:48:33,589 --> 00:48:30,559

who've had extraordinary experiences

1463

00:48:36,710 --> 00:48:33,599

so pull up a log and tune in to jim

1464

00:48:39,430 --> 00:48:36,720

herald's campfire on apple podcasts

1465

00:48:41,030 --> 00:48:39,440

spotify or wherever you listen to

1466

00:48:42,309 --> 00:48:41,040

somewhere in the skies

1467

00:48:48,150 --> 00:48:42,319

and remember

1468

00:48:54,390 --> 00:48:51,910

uh i guess so the the radar so

1469

00:48:56,630 --> 00:48:54,400

i mean my own this is total speculation

1470

00:48:59,190 --> 00:48:56,640

is whatever propulsion system they're

1471

00:49:03,589 --> 00:48:59,200

using or whatever these things are using

1472

00:49:06,069 --> 00:49:03,599

uh it is a it reflects radar but it also

1473

00:49:08,069 --> 00:49:06,079

affects the beams of it so somehow it's

1474

00:49:10,309 --> 00:49:08,079

not bouncing off like a wall you know

1475

00:49:12,710 --> 00:49:10,319

okay um but it's not like stealth either

1476

00:49:14,549 --> 00:49:12,720

right stealth absorbs it or it doesn't

1477

00:49:16,390 --> 00:49:14,559

reflect it ultimately you know that's

1478

00:49:18,870 --> 00:49:16,400

what you're doing with stealth is

1479

00:49:20,710 --> 00:49:18,880

not being reflected right your venus

1480

00:49:22,549 --> 00:49:20,720

you're invisible to

1481

00:49:24,390 --> 00:49:22,559

radar because it doesn't reflect the

1482

00:49:25,829 --> 00:49:24,400

radar energy back so ultimately the

1483

00:49:27,510 --> 00:49:25,839

radar never gets that pulse right it

1484

00:49:29,910 --> 00:49:27,520

just sends out a pulse it's like

1485

00:49:31,430 --> 00:49:29,920

nothing you know uh so because it's not

1486

00:49:33,270 --> 00:49:31,440

bouncing back so what it tells me is

1487

00:49:34,790 --> 00:49:33,280

these things are not stealth

1488

00:49:36,950 --> 00:49:34,800

which is interesting

1489

00:49:38,790 --> 00:49:36,960

um because if they were stealth then our

1490

00:49:40,870 --> 00:49:38,800

radar would just go around it

1491

00:49:44,230 --> 00:49:40,880

right now like uh like our radar

1492

00:49:45,910 --> 00:49:44,240

technology or stealth or um so in that

1493

00:49:48,630 --> 00:49:45,920

way it's not stealth it's reflecting

1494

00:49:50,309 --> 00:49:48,640

energy reflecting radar energy but it's

1495

00:49:52,470 --> 00:49:50,319

i believe it's it

1496

00:49:54,230 --> 00:49:52,480

by its nature it's changing it it

1497

00:49:55,510 --> 00:49:54,240

doesn't mean it's doing on

1498

00:49:57,349 --> 00:49:55,520

i can't i'm not comfortable saying it's

1499

00:49:58,950 --> 00:49:57,359

doing on a purpose i guess is that what

1500

00:50:00,309 --> 00:49:58,960

i'm saying yeah

1501
00:50:02,309 --> 00:50:00,319
and the same thing i guess for the cap

1502
00:50:04,150 --> 00:50:02,319
point as well because

1503
00:50:05,349 --> 00:50:04,160
i think they it would have to have prior

1504
00:50:07,190 --> 00:50:05,359
knowledge but it would have prior

1505
00:50:08,710 --> 00:50:07,200
knowledge of where the fighters were in

1506
00:50:11,030 --> 00:50:08,720
the previous days

1507
00:50:12,710 --> 00:50:11,040
because i looked at the cap point

1508
00:50:14,390 --> 00:50:12,720
uh cap points you pick because they're

1509
00:50:15,910 --> 00:50:14,400
easy

1510
00:50:17,270 --> 00:50:15,920
especially if it's just a basic training

1511
00:50:19,430 --> 00:50:17,280
mission you know you're not out there

1512
00:50:21,670 --> 00:50:19,440
missionizing this to say like okay we're

1513
00:50:22,710 --> 00:50:21,680

going to plan this detailed mission

1514

00:50:24,470 --> 00:50:22,720

i don't know if that's what happening

1515

00:50:27,109 --> 00:50:24,480

but my impression is it was just them

1516

00:50:29,270 --> 00:50:27,119

going out there 1v1 you know practicing

1517

00:50:30,870 --> 00:50:29,280

basic intercepts

1518

00:50:32,390 --> 00:50:30,880

was my it was my

1519

00:50:34,069 --> 00:50:32,400

my impression um

1520

00:50:35,349 --> 00:50:34,079

so i think they're just picking what's

1521

00:50:37,030 --> 00:50:35,359

out of the book you know you just look

1522

00:50:39,430 --> 00:50:37,040

in the book because that cap point it's

1523

00:50:40,390 --> 00:50:39,440

just like it's like north 30

1524

00:50:42,230 --> 00:50:40,400

and west

1525

00:50:43,750 --> 00:50:42,240

120 or something i i don't remember the

1526

00:50:45,430 --> 00:50:43,760

exact number but it's whole numbers

1527

00:50:46,870 --> 00:50:45,440

right and you know

1528

00:50:48,870 --> 00:50:46,880

it's only a whole number because it's

1529

00:50:50,549 --> 00:50:48,880

easy for us to just pick and put it into

1530

00:50:51,670 --> 00:50:50,559

a book and say it is

1531

00:50:53,990 --> 00:50:51,680

so

1532

00:50:55,109 --> 00:50:54,000

chances are they were using this every

1533

00:50:56,630 --> 00:50:55,119

day

1534

00:50:58,470 --> 00:50:56,640

you know they probably use it for they

1535

00:51:00,150 --> 00:50:58,480

may be using it for years um because

1536

00:51:01,589 --> 00:51:00,160

that's those are standard air spaces you

1537

00:51:04,390 --> 00:51:01,599

know if they were out flying around or

1538

00:51:05,910 --> 00:51:04,400

not fine i guess uh sailing around

1539

00:51:07,589 --> 00:51:05,920

out in the blue ocean now and they

1540

00:51:10,309 --> 00:51:07,599

picked a cap point out there randomly

1541

00:51:11,510 --> 00:51:10,319

you know attached um to their carrier

1542

00:51:13,270 --> 00:51:11,520

which it's always secret where the

1543

00:51:15,109 --> 00:51:13,280

carrier is right so then i would be like

1544

00:51:17,190 --> 00:51:15,119

man that's weird right that is weird

1545

00:51:20,390 --> 00:51:17,200

because blue ocean

1546

00:51:22,790 --> 00:51:20,400

uh they picked this random cap point um

1547

00:51:24,710 --> 00:51:22,800

and it still went there so is it is it

1548

00:51:26,710 --> 00:51:24,720

does it have precognition or something

1549

00:51:28,069 --> 00:51:26,720

right yeah but but in this case these

1550

00:51:29,589 --> 00:51:28,079

are standard training areas these are

1551
00:51:31,190 --> 00:51:29,599
your whiskey training areas your

1552
00:51:32,950 --> 00:51:31,200
standard training areas and that cap

1553
00:51:34,309 --> 00:51:32,960
point i bet everybody uses that cat

1554
00:51:37,349 --> 00:51:34,319
point

1555
00:51:40,390 --> 00:51:37,359
i'm happy you you clarified that because

1556
00:51:42,309 --> 00:51:40,400
and again i know a lot of this is um

1557
00:51:45,109 --> 00:51:42,319
speculation and um

1558
00:51:46,790 --> 00:51:45,119
educated opinion but um that that's good

1559
00:51:48,549 --> 00:51:46,800
to know because a lot of people are like

1560
00:51:50,309 --> 00:51:48,559
oh it's us from the future and they knew

1561
00:51:51,910 --> 00:51:50,319
where the cap point was and they're

1562
00:51:53,910 --> 00:51:51,920
they're gonna go mess with these pilots

1563
00:51:56,230 --> 00:51:53,920

and you start getting these

1564

00:51:59,190 --> 00:51:56,240

huge grandiose theories that we get in

1565

00:52:02,470 --> 00:51:59,200

the ufo world of um the intentions of

1566

00:52:03,270 --> 00:52:02,480

these uap when in reality like you said

1567

00:52:04,470 --> 00:52:03,280

like

1568

00:52:06,069 --> 00:52:04,480

it's

1569

00:52:09,430 --> 00:52:06,079

when you're able to ground it a little

1570

00:52:12,230 --> 00:52:09,440

more it almost makes the experience more

1571

00:52:14,150 --> 00:52:12,240

fantastic because it still is defying a

1572

00:52:15,910 --> 00:52:14,160

lot of it so yeah i mean that's my

1573

00:52:17,190 --> 00:52:15,920

personal opinion well it's still very

1574

00:52:18,710 --> 00:52:17,200

strange i mean i've always said it's

1575

00:52:19,589 --> 00:52:18,720

weird um

1576

00:52:21,829 --> 00:52:19,599

but it

1577

00:52:23,670 --> 00:52:21,839

it to me it kind of means that they were

1578

00:52:25,829 --> 00:52:23,680

they were seeing other aircraft go to

1579

00:52:27,510 --> 00:52:25,839

that point and like orbit around you

1580

00:52:29,670 --> 00:52:27,520

know because at cap point you're waiting

1581

00:52:31,030 --> 00:52:29,680

uh you're doing your fuel checks uh

1582

00:52:32,549 --> 00:52:31,040

you're waiting for the fight to start

1583

00:52:34,870 --> 00:52:32,559

you know you're waiting for the the the

1584

00:52:36,230 --> 00:52:34,880

red air to fly over there

1585

00:52:39,109 --> 00:52:36,240

you know it's like a whole it's just a

1586

00:52:41,910 --> 00:52:39,119

holding point um well a cap point uh cap

1587

00:52:44,069 --> 00:52:41,920

point denotes like combat um but we call

1588

00:52:45,829 --> 00:52:44,079

it cap point kind of the hold

1589

00:52:48,069 --> 00:52:45,839

uh anyway so yeah it's just a it's a

1590

00:52:49,349 --> 00:52:48,079

normal holding so you're going to see

1591

00:52:50,950 --> 00:52:49,359

planes

1592

00:52:53,670 --> 00:52:50,960

squat you know i could look at this air

1593

00:52:55,750 --> 00:52:53,680

space look at the basic um

1594

00:52:57,030 --> 00:52:55,760

uh the shape of it and be like yeah i

1595

00:52:58,470 --> 00:52:57,040

would set up a cap point here and i'd

1596

00:52:59,510 --> 00:52:58,480

set up a cap right here right i mean

1597

00:53:01,190 --> 00:52:59,520

it's got it

1598

00:53:03,910 --> 00:53:01,200

but they did have to know that

1599

00:53:07,589 --> 00:53:03,920

it's still weird it is weird well yeah

1600

00:53:09,670 --> 00:53:07,599

all right now here's here's one that um

1601
00:53:11,190 --> 00:53:09,680
a lot of people have thrown out there

1602
00:53:14,549 --> 00:53:11,200
and i'd love to get your thoughts on

1603
00:53:17,349 --> 00:53:14,559
this in terms of the tic tac event

1604
00:53:19,510 --> 00:53:17,359
people have said that um you know

1605
00:53:22,390 --> 00:53:19,520
unmarked clothing people came on the

1606
00:53:24,470 --> 00:53:22,400
carriers took the radar bricks and were

1607
00:53:27,190 --> 00:53:24,480
out of there some claimed they could

1608
00:53:30,069 --> 00:53:27,200
have been air force and then even more

1609
00:53:31,750 --> 00:53:30,079
incredible some claim that this was all

1610
00:53:33,990 --> 00:53:31,760
some sort of

1611
00:53:36,069 --> 00:53:34,000
training that the air force was actually

1612
00:53:38,790 --> 00:53:36,079
doing on the navy so i got to get your

1613
00:53:41,109 --> 00:53:38,800

opinion chris would that ever happen in

1614

00:53:43,589 --> 00:53:41,119

a training exercise um

1615

00:53:46,390 --> 00:53:43,599

would the air force ever

1616

00:53:49,589 --> 00:53:46,400

do something like this um with navy

1617

00:53:52,309 --> 00:53:49,599

pilots and risking lives and all of that

1618

00:53:55,670 --> 00:53:52,319

i have to get your opinion on that

1619

00:53:56,390 --> 00:53:55,680

i i mean definitely not definitely not

1620

00:53:57,510 --> 00:53:56,400

okay

1621

00:53:58,309 --> 00:53:57,520

i mean

1622

00:54:01,270 --> 00:53:58,319

no

1623

00:54:03,990 --> 00:54:01,280

it just sounds ridiculous to me uh

1624

00:54:06,150 --> 00:54:04,000

yeah i i mean i guess even if you say

1625

00:54:07,750 --> 00:54:06,160

why is why for so many days

1626

00:54:09,670 --> 00:54:07,760

yeah you know

1627

00:54:11,510 --> 00:54:09,680

like why do you need that much that much

1628

00:54:13,349 --> 00:54:11,520

data like if you're really setting up

1629

00:54:15,190 --> 00:54:13,359

this secret

1630

00:54:17,270 --> 00:54:15,200

you know i don't know what test to try

1631

00:54:19,109 --> 00:54:17,280

and test our systems against our systems

1632

00:54:20,950 --> 00:54:19,119

somehow um

1633

00:54:22,390 --> 00:54:20,960

why not just test it for like 10 minutes

1634

00:54:24,069 --> 00:54:22,400

and be like okay they saw it and then

1635

00:54:27,190 --> 00:54:24,079

that's it you know why is it why is it

1636

00:54:28,790 --> 00:54:27,200

over this period of days

1637

00:54:31,030 --> 00:54:28,800

you know that that doesn't make sense to

1638

00:54:32,069 --> 00:54:31,040

me in any way

1639

00:54:34,790 --> 00:54:32,079

well

1640

00:54:36,390 --> 00:54:34,800

would it ever occur where air force

1641

00:54:38,789 --> 00:54:36,400

pilots would do training with navy

1642

00:54:40,390 --> 00:54:38,799

pilots or is that kind of yeah all the

1643

00:54:43,109 --> 00:54:40,400

time yeah i mean we train with the navy

1644

00:54:44,710 --> 00:54:43,119

um as much as possible you know i the

1645

00:54:45,829 --> 00:54:44,720

whole point is to go joint that's a

1646

00:54:47,270 --> 00:54:45,839

whole

1647

00:54:49,430 --> 00:54:47,280

when i was leaving the air force it was

1648

00:54:50,870 --> 00:54:49,440

that was the huge push it was just

1649

00:54:53,190 --> 00:54:50,880

you know

1650

00:54:55,270 --> 00:54:53,200

joint combat ops

1651
00:54:56,870 --> 00:54:55,280
working together it's always the same

1652
00:54:58,870 --> 00:54:56,880
thing you know but it's it's very

1653
00:55:00,390 --> 00:54:58,880
difficult because

1654
00:55:01,589 --> 00:55:00,400
they still we still don't call each

1655
00:55:03,990 --> 00:55:01,599
other you know we don't even call each

1656
00:55:05,910 --> 00:55:04,000
other across uh fighter squadrons you

1657
00:55:07,589 --> 00:55:05,920
know everybody still trying like each

1658
00:55:09,589 --> 00:55:07,599
fighter squad like i mentioned is like a

1659
00:55:11,030 --> 00:55:09,599
is like a sports team you know right you

1660
00:55:12,309 --> 00:55:11,040
kind of hate all the other sports teams

1661
00:55:14,950 --> 00:55:12,319
you know so

1662
00:55:16,870 --> 00:55:14,960
it's just how it works uh yeah

1663
00:55:18,950 --> 00:55:16,880

we do we work together

1664

00:55:20,230 --> 00:55:18,960

um but the navy is usually out doing

1665

00:55:21,270 --> 00:55:20,240

their thing and we're all doing our

1666

00:55:23,109 --> 00:55:21,280

thing and that and the training

1667

00:55:24,309 --> 00:55:23,119

requirements are very difficult you know

1668

00:55:25,910 --> 00:55:24,319

just just to be able to get to that

1669

00:55:27,750 --> 00:55:25,920

combat you know i guess my first mission

1670

00:55:30,069 --> 00:55:27,760

in combat it sounds like it was very

1671

00:55:31,109 --> 00:55:30,079

flippant and and it was that was

1672

00:55:33,589 --> 00:55:31,119

surprising to me actually very

1673

00:55:34,789 --> 00:55:33,599

surprising um

1674

00:55:37,750 --> 00:55:34,799

but

1675

00:55:41,109 --> 00:55:37,760

you're missing the two three plus years

1676
00:55:42,549 --> 00:55:41,119
of 70 hour weeks in a row you know just

1677
00:55:45,750 --> 00:55:42,559
training super hard

1678
00:55:47,190 --> 00:55:45,760
and and normally it's it's very um

1679
00:55:48,630 --> 00:55:47,200
you know very well planned out

1680
00:55:50,069 --> 00:55:48,640
especially in training you you just

1681
00:55:51,349 --> 00:55:50,079
can't have access you if you have an

1682
00:55:53,270 --> 00:55:51,359
accident man your

1683
00:55:55,990 --> 00:55:53,280
your program shut down

1684
00:55:58,150 --> 00:55:56,000
you know yeah a lot is on the line i get

1685
00:56:00,710 --> 00:55:58,160
i totally get it yeah if you have an

1686
00:56:02,390 --> 00:56:00,720
accident in training i mean it's

1687
00:56:03,910 --> 00:56:02,400
and it was like something non-standard

1688
00:56:08,789 --> 00:56:03,920

like that man i i mean i could see

1689

00:56:13,349 --> 00:56:10,630

yeah i

1690

00:56:14,789 --> 00:56:13,359

it just it doesn't seem at all like our

1691

00:56:16,549 --> 00:56:14,799

systems

1692

00:56:18,950 --> 00:56:16,559

okay at least how we would employ them

1693

00:56:21,109 --> 00:56:18,960

you know how the how if i or i wasn't

1694

00:56:22,950 --> 00:56:21,119

the air force you know if i was actually

1695

00:56:24,309 --> 00:56:22,960

trying to test a system but i don't want

1696

00:56:25,670 --> 00:56:24,319

everyone to know about it i wouldn't

1697

00:56:27,349 --> 00:56:25,680

have these things flying around in front

1698

00:56:28,829 --> 00:56:27,359

of thousands of people it just doesn't

1699

00:56:31,910 --> 00:56:28,839

right it's just

1700

00:56:34,549 --> 00:56:31,920

ridiculous a ton of unwitting uh

1701

00:56:35,589 --> 00:56:34,559

witnesses now to it i get it i get it

1702

00:56:37,750 --> 00:56:35,599

yeah um

1703

00:56:38,390 --> 00:56:37,760

it defies any sort of logic i can think

1704

00:56:39,270 --> 00:56:38,400

of

1705

00:56:41,190 --> 00:56:39,280

um

1706

00:56:44,710 --> 00:56:41,200

awesome well i've got i got a bunch of

1707

00:56:50,870 --> 00:56:47,910

um but one last personal question this

1708

00:56:54,549 --> 00:56:50,880

um defense authorization act

1709

00:56:57,510 --> 00:56:54,559

2022 we're getting a permanent office to

1710

00:56:59,589 --> 00:56:57,520

look at ufos i know you did a video like

1711

00:57:01,910 --> 00:56:59,599

right when this thing kind of broke the

1712

00:57:04,870 --> 00:57:01,920

story broke and uh you were just as

1713

00:57:07,270 --> 00:57:04,880

excited as we were about this so what do

1714

00:57:09,589 --> 00:57:07,280

you make of this do you think this is um

1715

00:57:12,150 --> 00:57:09,599

are we heading in a good direction uh

1716

00:57:14,390 --> 00:57:12,160

what did you find most uh compelling

1717

00:57:17,190 --> 00:57:14,400

about this this new permanent office

1718

00:57:18,630 --> 00:57:17,200

we're gonna get looking at ufos

1719

00:57:21,510 --> 00:57:18,640

i i mean i think it's a huge step

1720

00:57:24,309 --> 00:57:21,520

forward you know just how excited lou is

1721

00:57:26,150 --> 00:57:24,319

uh i was excited for him um

1722

00:57:28,309 --> 00:57:26,160

and again i'm so new i don't really know

1723

00:57:29,829 --> 00:57:28,319

you know how big a deal this is but it

1724

00:57:31,910 --> 00:57:29,839

seems like they're going to take it

1725

00:57:33,430 --> 00:57:31,920

seriously and they're going to

1726

00:57:35,190 --> 00:57:33,440

dedicate money i was reading it again i

1727

00:57:38,309 --> 00:57:35,200

think it has 23 million dollars is what

1728

00:57:40,069 --> 00:57:38,319

i could tell is what they're

1729

00:57:41,670 --> 00:57:40,079

it i don't understand actually how they

1730

00:57:43,990 --> 00:57:41,680

how they denote the

1731

00:57:45,510 --> 00:57:44,000

uh the money but 23 million dollars for

1732

00:57:46,710 --> 00:57:45,520

a program it's not a huge amount you

1733

00:57:48,710 --> 00:57:46,720

know i think it's

1734

00:57:50,470 --> 00:57:48,720

it's actually a pretty small amount but

1735

00:57:51,510 --> 00:57:50,480

that's that's you know what's funny

1736

00:57:54,390 --> 00:57:51,520

about that

1737

00:57:57,270 --> 00:57:54,400

23 million that's one million more than

1738

00:57:59,030 --> 00:57:57,280

atip the pentagon program that's yeah

1739

00:58:00,870 --> 00:57:59,040

they gave him they gave him a little bit

1740

00:58:02,470 --> 00:58:00,880

of a blast though it's love i mean you

1741

00:58:04,470 --> 00:58:02,480

look at inflation right it's it's quite

1742

00:58:06,230 --> 00:58:04,480

a bit less good point yeah so i don't

1743

00:58:08,470 --> 00:58:06,240

know i i hope it's more i hope they get

1744

00:58:10,630 --> 00:58:08,480

more than that um but i thought it was

1745

00:58:12,710 --> 00:58:10,640

awesome man i thought it was awesome it

1746

00:58:13,589 --> 00:58:12,720

yeah thank you

1747

00:58:15,430 --> 00:58:13,599

yeah

1748

00:58:17,190 --> 00:58:15,440

right right that's a good point you know

1749

00:58:19,750 --> 00:58:17,200

this isn't for certain yet i'm trying to

1750

00:58:22,230 --> 00:58:19,760

keep that in mind before we all get the

1751
00:58:23,750 --> 00:58:22,240
uh the card ahead of the horse but um

1752
00:58:25,829 --> 00:58:23,760
the one thing that stood out to me i'd

1753
00:58:27,430 --> 00:58:25,839
love to get your thoughts on this um

1754
00:58:29,670 --> 00:58:27,440
let's see annual report would be

1755
00:58:31,430 --> 00:58:29,680
required to provide an update on any

1756
00:58:34,230 --> 00:58:31,440
efforts underway on the ability to

1757
00:58:36,630 --> 00:58:34,240
capture or exploit discovered aerial

1758
00:58:39,349 --> 00:58:36,640
phenomena um but also this part

1759
00:58:41,589 --> 00:58:39,359
assessment of any health related effects

1760
00:58:43,670 --> 00:58:41,599
for individuals that have encountered

1761
00:58:44,710 --> 00:58:43,680
uap i mean that's something we don't

1762
00:58:47,349 --> 00:58:44,720
talk about

1763
00:58:49,750 --> 00:58:47,359

that often of um the physiological

1764

00:58:51,349 --> 00:58:49,760

effects of some of these incidents too

1765

00:58:54,150 --> 00:58:51,359

so the fact that they're even willing to

1766

00:58:57,430 --> 00:58:54,160

look at that uh i think is pretty

1767

00:59:00,069 --> 00:58:57,440

uh stunning to be completely honest

1768

00:59:01,670 --> 00:59:00,079

yeah i agree completely

1769

00:59:03,510 --> 00:59:01,680

and i think it is

1770

00:59:05,270 --> 00:59:03,520

it shows that they're

1771

00:59:06,630 --> 00:59:05,280

serious about it you know they must have

1772

00:59:11,109 --> 00:59:06,640

gotten

1773

00:59:12,789 --> 00:59:11,119

coming out and talking this congressman

1774

00:59:14,470 --> 00:59:12,799

and telling them look man i'm messed up

1775

00:59:16,470 --> 00:59:14,480

or whatever whatever it is you know

1776

00:59:18,630 --> 00:59:16,480

there are health effects

1777

00:59:20,230 --> 00:59:18,640

you get enough people saying that i mean

1778

00:59:21,829 --> 00:59:20,240

like that's what governments are

1779

00:59:23,910 --> 00:59:21,839

supposed to do right they're supposed to

1780

00:59:26,390 --> 00:59:23,920

take care of the people i think i think

1781

00:59:28,309 --> 00:59:26,400

that's what they were they're originally

1782

00:59:30,470 --> 00:59:28,319

they tell us that's why they're there uh

1783

00:59:32,789 --> 00:59:30,480

let's take care of the people so

1784

00:59:34,710 --> 00:59:32,799

i appreciate that yeah for sure and i

1785

00:59:37,190 --> 00:59:34,720

think that should be the the focus right

1786

00:59:38,309 --> 00:59:37,200

i mean that should be the focus is

1787

00:59:39,829 --> 00:59:38,319

i mean

1788

00:59:42,630 --> 00:59:39,839

we've let all these people think they're

1789

00:59:44,230 --> 00:59:42,640

crazy for so many years you know i mean

1790

00:59:46,309 --> 00:59:44,240

there's enough evidence maybe maybe we

1791

00:59:48,710 --> 00:59:46,319

could listen to these people and start

1792

00:59:50,069 --> 00:59:48,720

helping them you know instead like they

1793

00:59:51,670 --> 00:59:50,079

have this traumatic i consider it a

1794

00:59:53,030 --> 00:59:51,680

traumatic event you know and then as

1795

00:59:55,270 --> 00:59:53,040

soon as they tell anybody you know we

1796

00:59:57,430 --> 00:59:55,280

just like beat them down you know like

1797

00:59:59,750 --> 00:59:57,440

take that crazy person

1798

01:00:01,670 --> 00:59:59,760

so you look at uh kevin day the chief

1799

01:00:03,430 --> 01:00:01,680

radar operator and he said this stuff

1800

01:00:05,670 --> 01:00:03,440

ruined his life like he didn't want to

1801
01:00:08,549 --> 01:00:05,680
be a part of this he didn't want to like

1802
01:00:10,390 --> 01:00:08,559
be known as the tic tac uf like he he

1803
01:00:12,390 --> 01:00:10,400
basically ushered in the whole event he

1804
01:00:14,069 --> 01:00:12,400
was the first to track him on radar and

1805
01:00:16,789 --> 01:00:14,079
say i think we should send a jet up

1806
01:00:18,309 --> 01:00:16,799
there a couple jets and um his life has

1807
01:00:20,630 --> 01:00:18,319
never been the same so no you're right

1808
01:00:22,470 --> 01:00:20,640
man like not just in the civilian world

1809
01:00:24,230 --> 01:00:22,480
there's been cases where people have

1810
01:00:26,309 --> 01:00:24,240
said like they've gotten radiation

1811
01:00:30,069 --> 01:00:26,319
sickness from being in contact with

1812
01:00:32,710 --> 01:00:30,079
whatever the ufo was um but also our

1813
01:00:35,349 --> 01:00:32,720

pilots and our commercial pilots like

1814

01:00:38,710 --> 01:00:35,359

it's gonna take one of these ufo events

1815

01:00:41,030 --> 01:00:38,720

for like a pilot to make a snap decision

1816

01:00:43,510 --> 01:00:41,040

that might not go favorably and

1817

01:00:45,829 --> 01:00:43,520

hundreds of people might die from it so

1818

01:00:47,589 --> 01:00:45,839

i i think you're right it's it's good to

1819

01:00:48,549 --> 01:00:47,599

see that they're taking it more serious

1820

01:00:50,710 --> 01:00:48,559

there's always going to be that

1821

01:00:52,069 --> 01:00:50,720

potential threat aspect as you would

1822

01:00:53,990 --> 01:00:52,079

expect from the military and the

1823

01:00:55,510 --> 01:00:54,000

government because like you said it is

1824

01:00:56,390 --> 01:00:55,520

their job to hopefully protect their

1825

01:00:57,510 --> 01:00:56,400

nation

1826
01:00:59,270 --> 01:00:57,520
and um

1827
01:01:00,870 --> 01:00:59,280
and these things seem to be

1828
01:01:02,789 --> 01:01:00,880
potential threats because we don't know

1829
01:01:04,950 --> 01:01:02,799
what they are and neither do you guys up

1830
01:01:06,150 --> 01:01:04,960
there as trained observers

1831
01:01:09,349 --> 01:01:06,160
yeah

1832
01:01:10,390 --> 01:01:09,359
and i'm sure that's what they're doing

1833
01:01:11,670 --> 01:01:10,400
you know ev

1834
01:01:13,270 --> 01:01:11,680
everyone does take the job very

1835
01:01:14,390 --> 01:01:13,280
seriously that i knew in the air force

1836
01:01:15,750 --> 01:01:14,400
it it was

1837
01:01:17,589 --> 01:01:15,760
it was nice people they're very

1838
01:01:19,270 --> 01:01:17,599

dedicated um

1839

01:01:22,470 --> 01:01:19,280

they believe in the mission

1840

01:01:23,829 --> 01:01:22,480

uh so i think they are trying hard but

1841

01:01:25,990 --> 01:01:23,839

they only have their one perspective

1842

01:01:28,230 --> 01:01:26,000

right their one viewpoint yeah and your

1843

01:01:31,670 --> 01:01:28,240

military is not known for being this

1844

01:01:32,549 --> 01:01:31,680

open-minded kind of community right so

1845

01:01:35,030 --> 01:01:32,559

uh

1846

01:01:36,870 --> 01:01:35,040

yeah i think they're trying their best

1847

01:01:39,910 --> 01:01:36,880

maybe to change their minds trying to

1848

01:01:40,870 --> 01:01:39,920

listen to listen to all the evidence

1849

01:01:42,069 --> 01:01:40,880

um

1850

01:01:43,589 --> 01:01:42,079

but

1851

01:01:45,109 --> 01:01:43,599

you know it has been 70 years and we

1852

01:01:46,390 --> 01:01:45,119

have had a program before like we had

1853

01:01:47,190 --> 01:01:46,400

blue book

1854

01:01:48,789 --> 01:01:47,200

and

1855

01:01:50,309 --> 01:01:48,799

nothing happened right we were ended up

1856

01:01:52,789 --> 01:01:50,319

with the same thing you know we had the

1857

01:01:55,029 --> 01:01:52,799

same evidence we had in 1952 you know we

1858

01:01:57,270 --> 01:01:55,039

had we had radar evidence of them going

1859

01:01:59,349 --> 01:01:57,280

hypersonic speeds you know we had

1860

01:02:00,230 --> 01:01:59,359

basically we had eyewitness accounts we

1861

01:02:02,150 --> 01:02:00,240

had

1862

01:02:03,670 --> 01:02:02,160

photos you know so

1863

01:02:04,710 --> 01:02:03,680

our amount of

1864

01:02:05,430 --> 01:02:04,720

evidence

1865

01:02:10,230 --> 01:02:05,440

or

1866

01:02:11,990 --> 01:02:10,240

really changed since 1950 and and ever

1867

01:02:14,150 --> 01:02:12,000

there were quite a few government

1868

01:02:15,430 --> 01:02:14,160

programs on the way so i

1869

01:02:16,710 --> 01:02:15,440

i don't think we should be relying on

1870

01:02:18,309 --> 01:02:16,720

the government to like come in and

1871

01:02:21,510 --> 01:02:18,319

actually tell us what they know

1872

01:02:23,029 --> 01:02:22,230

yeah

1873

01:02:24,230 --> 01:02:23,039

i mean

1874

01:02:25,589 --> 01:02:24,240

what is it what do they say in stocks

1875

01:02:27,829 --> 01:02:25,599

you know like past performance not

1876

01:02:28,950 --> 01:02:27,839

indicative of of future results and i'm

1877

01:02:30,710 --> 01:02:28,960

like well what else are you going to

1878

01:02:32,230 --> 01:02:30,720

look at you know i would say that's

1879

01:02:33,910 --> 01:02:32,240

always the funniest thing to me like

1880

01:02:36,069 --> 01:02:33,920

yeah i don't buy the stock you know like

1881

01:02:37,829 --> 01:02:36,079

don't buy a coca-cola you know past

1882

01:02:39,670 --> 01:02:37,839

performance not an indicator of uh

1883

01:02:41,589 --> 01:02:39,680

future results and i'm like really like

1884

01:02:42,950 --> 01:02:41,599

they say this man these people are so

1885

01:02:43,910 --> 01:02:42,960

full of [h__h] you know

1886

01:02:45,349 --> 01:02:43,920

uh

1887

01:02:46,950 --> 01:02:45,359

and people are a lot man they don't

1888

01:02:48,549 --> 01:02:46,960

realize it but a lot most of the time i

1889

01:02:51,270 --> 01:02:48,559

think they just they don't really think

1890

01:02:52,870 --> 01:02:51,280

about what they're saying uh or thinking

1891

01:02:53,589 --> 01:02:52,880

so i don't know man

1892

01:02:55,349 --> 01:02:53,599

yeah

1893

01:02:57,990 --> 01:02:55,359

welcome to the social media world we

1894

01:03:00,870 --> 01:02:58,000

live right yeah so many tweets passion

1895

01:03:02,390 --> 01:03:00,880

tweets i've regretted and uh videos i've

1896

01:03:03,910 --> 01:03:02,400

put out but um

1897

01:03:06,069 --> 01:03:03,920

all right chris let me fire through this

1898

01:03:07,910 --> 01:03:06,079

for you man i know we have limited time

1899

01:03:11,029 --> 01:03:07,920

and i don't wanna i don't wanna keep you

1900

01:03:12,549 --> 01:03:11,039

too long um luis from the unidentified

1901

01:03:15,430 --> 01:03:12,559

celebrity review will show you

1902

01:03:17,190 --> 01:03:15,440

frequented lately which is awesome um he

1903

01:03:19,750 --> 01:03:17,200

wants to know do you ever wish you'd

1904

01:03:22,549 --> 01:03:19,760

seen a uap and would you have reported

1905

01:03:25,190 --> 01:03:22,559

it like fraver and underwood did

1906

01:03:27,190 --> 01:03:25,200

uh i'm now yeah for sure i wish i saw it

1907

01:03:28,829 --> 01:03:27,200

you know i never thought i'd had an

1908

01:03:30,710 --> 01:03:28,839

opportunity

1909

01:03:33,589 --> 01:03:30,720

before um

1910

01:03:35,190 --> 01:03:33,599

if do would i have reported it i don't

1911

01:03:37,510 --> 01:03:35,200

know you know i think it depends on the

1912

01:03:39,430 --> 01:03:37,520

circumstances

1913

01:03:41,190 --> 01:03:39,440

yeah that's a good point yep i don't

1914

01:03:44,390 --> 01:03:41,200

know and a lot has changed like you said

1915

01:03:45,990 --> 01:03:44,400

now they have to at least the navy i'm

1916

01:03:48,230 --> 01:03:46,000

not sure what the protocol is in the air

1917

01:03:49,670 --> 01:03:48,240

force now i know they're oh that's

1918

01:03:51,829 --> 01:03:49,680

another thing they're kind of it seems

1919

01:03:54,309 --> 01:03:51,839

like they're kind of a few steps behind

1920

01:03:56,549 --> 01:03:54,319

the navy when it's coming to all this um

1921

01:03:59,190 --> 01:03:56,559

their willingness to come forward with

1922

01:04:02,230 --> 01:03:59,200

their data and how they're going to use

1923

01:04:04,230 --> 01:04:02,240

protocol to report these things

1924

01:04:06,230 --> 01:04:04,240

it is interesting because we all think

1925

01:04:08,470 --> 01:04:06,240

the cover-up truly started with the air

1926

01:04:10,870 --> 01:04:08,480

force back when roswell happened when

1927

01:04:12,549 --> 01:04:10,880

the air force first became a thing and

1928

01:04:14,710 --> 01:04:12,559

now they're kind of the ones who were

1929

01:04:17,589 --> 01:04:14,720

super quiet about all this in the past

1930

01:04:19,510 --> 01:04:17,599

few years doesn't make you wonder

1931

01:04:21,029 --> 01:04:19,520

it does yeah

1932

01:04:22,230 --> 01:04:21,039

it does you know because you don't hear

1933

01:04:23,589 --> 01:04:22,240

anything from the air force they were

1934

01:04:25,589 --> 01:04:23,599

the last ones

1935

01:04:26,950 --> 01:04:25,599

uh to sign you know they they basically

1936

01:04:30,230 --> 01:04:26,960

started their

1937

01:04:33,029 --> 01:04:30,240

uh investigation the last possible day

1938

01:04:35,670 --> 01:04:33,039

you know for the the task force

1939

01:04:37,910 --> 01:04:35,680

uh they haven't come very clean man i i

1940

01:04:41,109 --> 01:04:37,920

don't know i'm not very

1941

01:04:42,870 --> 01:04:41,119

i'm not very confident yeah in the air

1942

01:04:45,589 --> 01:04:42,880

force right now sorry

1943

01:04:47,190 --> 01:04:45,599

yep hey put their feet to the fire chris

1944

01:04:50,309 --> 01:04:47,200

we need you yeah we need to fight in

1945

01:04:52,150 --> 01:04:50,319

that fight um all right blend underscore

1946

01:04:54,870 --> 01:04:52,160

meatballs on twitter wow that's quite a

1947

01:04:57,190 --> 01:04:54,880

handle um not a question about ufos but

1948

01:04:58,950 --> 01:04:57,200

what is your most memorable flight in

1949

01:05:01,109 --> 01:04:58,960

the f-16 anything you're willing to

1950

01:05:02,549 --> 01:05:01,119

share in terms of that

1951

01:05:04,309 --> 01:05:02,559

oh

1952

01:05:05,190 --> 01:05:04,319

i guess the yeah the first sortie in

1953

01:05:06,950 --> 01:05:05,200

combat

1954

01:05:09,190 --> 01:05:06,960

i won't forget that one

1955

01:05:11,750 --> 01:05:09,200

uh yeah all the missions and the

1956

01:05:13,670 --> 01:05:11,760

missions in iraq i just had some

1957

01:05:15,990 --> 01:05:13,680

just ridiculous missions

1958

01:05:18,150 --> 01:05:16,000

yeah anyway you don't have to do it yeah

1959

01:05:19,430 --> 01:05:18,160

no one uh didn't kill anybody i didn't

1960

01:05:21,349 --> 01:05:19,440

have anyone

1961

01:05:23,430 --> 01:05:21,359

die you know i've actually had a very

1962

01:05:25,589 --> 01:05:23,440

uh i guess lucky kind of career you know

1963

01:05:27,190 --> 01:05:25,599

i've had friends die for sure

1964

01:05:28,069 --> 01:05:27,200

but i wasn't there

1965

01:05:30,069 --> 01:05:28,079

so

1966

01:05:33,190 --> 01:05:30,079

yeah you know i haven't seen firsthand

1967

01:05:34,710 --> 01:05:33,200

any traumatic events i you know i wasn't

1968

01:05:36,950 --> 01:05:34,720

kind of one of the few fighter pilots

1969

01:05:38,390 --> 01:05:36,960

these days it hasn't killed anyone um i

1970

01:05:40,309 --> 01:05:38,400

was there you know

1971

01:05:41,910 --> 01:05:40,319

yeah it was just kind of luck and then i

1972

01:05:44,069 --> 01:05:41,920

didn't i didn't volunteer to go back i

1973

01:05:46,150 --> 01:05:44,079

didn't make an effort to go back uh and

1974

01:05:49,109 --> 01:05:46,160

fight in those wars that i i just didn't

1975

01:05:51,510 --> 01:05:49,119

think there was a reason so yeah

1976

01:05:53,670 --> 01:05:51,520

that's that that's very commendable for

1977

01:05:54,789 --> 01:05:53,680

sure yeah i guess i'll just mention i'll

1978

01:05:56,710 --> 01:05:54,799

mention it quickly because because he

1979

01:05:59,190 --> 01:05:56,720

did ask a question

1980

01:06:00,309 --> 01:05:59,200

you you uh pee in these piddle packs you

1981

01:06:01,109 --> 01:06:00,319

know have you ever heard of a piddle

1982

01:06:03,829 --> 01:06:01,119

pack

1983

01:06:05,510 --> 01:06:03,839

i have not please no

1984

01:06:06,870 --> 01:06:05,520

in combat especially when you cross the

1985

01:06:08,230 --> 01:06:06,880

oceans normally our missions are just

1986

01:06:11,029 --> 01:06:08,240

like an hour and a half but when you fly

1987

01:06:12,230 --> 01:06:11,039

long missions across the ocean in combat

1988

01:06:13,349 --> 01:06:12,240

you know your missions are like five or

1989

01:06:15,109 --> 01:06:13,359

six hours

1990

01:06:16,950 --> 01:06:15,119

and you you want to stay hydrated right

1991

01:06:18,069 --> 01:06:16,960

because as soon as you're less than

1992

01:06:19,750 --> 01:06:18,079

three percent if you're three percent

1993

01:06:21,670 --> 01:06:19,760

dehydrated it lowers your performance

1994

01:06:23,430 --> 01:06:21,680

and lowers your g tolerance

1995

01:06:25,270 --> 01:06:23,440

you know you don't need g tolerance in

1996

01:06:27,190 --> 01:06:25,280

in iraq anyway

1997

01:06:28,230 --> 01:06:27,200

um but you wanna you wanna stay hydrated

1998

01:06:31,190 --> 01:06:28,240

right which means you're gonna have to

1999

01:06:33,109 --> 01:06:31,200

pee essentially right and up until that

2000

01:06:35,589 --> 01:06:33,119

point my technique was just don't pee

2001

01:06:37,029 --> 01:06:35,599

right so i just don't be it is very it's

2002

01:06:39,270 --> 01:06:37,039

difficult man you got like this plastic

2003

01:06:41,349 --> 01:06:39,280

bag it's called a piddle pack

2004

01:06:43,270 --> 01:06:41,359

you unroll it and uh

2005

01:06:44,710 --> 01:06:43,280

there's like the sand in there you know

2006

01:06:46,630 --> 01:06:44,720

and then you gotta undo all this

2007

01:06:48,630 --> 01:06:46,640

equipment all these straps

2008

01:06:50,789 --> 01:06:48,640

it's actually dangerous i i'm when i was

2009

01:06:51,990 --> 01:06:50,799

in turkey a pilot died uh pissing

2010

01:06:53,510 --> 01:06:52,000

actually

2011

01:06:54,870 --> 01:06:53,520

because you have to move the seat and if

2012

01:06:56,870 --> 01:06:54,880

you unbuckle

2013

01:06:58,710 --> 01:06:56,880

from the ejection seat now

2014

01:07:00,470 --> 01:06:58,720

uh basically he was moving the seat

2015

01:07:02,950 --> 01:07:00,480

which you're not supposed to do

2016

01:07:04,230 --> 01:07:02,960

uh and it it like jammed the stick and

2017

01:07:05,589 --> 01:07:04,240

he ended up dying right because you

2018

01:07:06,630 --> 01:07:05,599

can't eject then because you're you're

2019

01:07:09,589 --> 01:07:06,640

unstrapped

2020

01:07:11,829 --> 01:07:09,599

right um an a-10 pilot did that as well

2021

01:07:14,710 --> 01:07:11,839

so this it's actually even dangerous uh

2022

01:07:16,069 --> 01:07:14,720

but you have to do it and and a lot and

2023

01:07:17,270 --> 01:07:16,079

actually the pilots we don't really talk

2024

01:07:19,589 --> 01:07:17,280

about it much you know like you don't

2025

01:07:21,829 --> 01:07:19,599

talk about how you how you pee back with

2026

01:07:24,470 --> 01:07:21,839

your friends normally right and we don't

2027

01:07:26,230 --> 01:07:24,480

think of those things as a civilian yeah

2028

01:07:28,549 --> 01:07:26,240

that's crazy yeah that never would have

2029

01:07:30,309 --> 01:07:28,559

dawned on me but yeah yeah yeah it's

2030

01:07:32,150 --> 01:07:30,319

it's difficult um

2031

01:07:33,829 --> 01:07:32,160

so

2032

01:07:35,270 --> 01:07:33,839

this day my buddy stevo i'm trying to

2033

01:07:37,109 --> 01:07:35,280

get him to i think he'll work with me on

2034

01:07:38,950 --> 01:07:37,119

this uh the satellite project

2035

01:07:40,069 --> 01:07:38,960

uh but steve oh he's telling me in the

2036

01:07:41,990 --> 01:07:40,079

morning we were working out you know i

2037

01:07:43,670 --> 01:07:42,000

had a night mission and he's like man

2038

01:07:45,029 --> 01:07:43,680

you know i've been drinking water uh i'm

2039

01:07:46,710 --> 01:07:45,039

drinking like three liters a day i just

2040

01:07:48,549 --> 01:07:46,720

feel fantastic you know and you're in

2041

01:07:49,750 --> 01:07:48,559

when you're in iraq you can't drink you

2042

01:07:51,430 --> 01:07:49,760

know there's no money so everybody's

2043

01:07:52,950 --> 01:07:51,440

just working out all the time i read i

2044

01:07:54,630 --> 01:07:52,960

read a bunch of books and

2045

01:07:57,510 --> 01:07:54,640

uh in your free time there's not much to

2046

01:07:59,029 --> 01:07:57,520

do really um so i was like sounds great

2047

01:08:00,710 --> 01:07:59,039

man i just read in a fitness magazine

2048

01:08:01,990 --> 01:08:00,720

like you should drink tons of water and

2049

01:08:03,589 --> 01:08:02,000

i was like okay today you know i'm

2050

01:08:05,829 --> 01:08:03,599

drinking water so

2051

01:08:07,589 --> 01:08:05,839

i drank like a it was like two liters

2052

01:08:10,470 --> 01:08:07,599

before i even got into the squadron you

2053

01:08:11,829 --> 01:08:10,480

know and i showed up at the squadron and

2054

01:08:13,430 --> 01:08:11,839

up on the wall

2055

01:08:15,589 --> 01:08:13,440

there was uh

2056

01:08:17,349 --> 01:08:15,599

in a plastic bag was the the seat

2057

01:08:19,110 --> 01:08:17,359

cushion right there was a seat cushion

2058

01:08:23,030 --> 01:08:19,120

it was yellowed in the middle you know

2059

01:08:29,030 --> 01:08:26,470

the next pilot to pee on uh on the seat

2060

01:08:30,709 --> 01:08:29,040

uh is grounded

2061

01:08:32,550 --> 01:08:30,719

and i was like holy sh i immediately had

2062

01:08:34,149 --> 01:08:32,560

to pee you know i was like no you know

2063

01:08:38,630 --> 01:08:34,159

so

2064

01:08:40,950 --> 01:08:38,640

much as i can you know but i drink a lot

2065

01:08:42,709 --> 01:08:40,960

of water a lot of water um

2066

01:08:44,550 --> 01:08:42,719

so i tried to i peed again before we

2067

01:08:45,749 --> 01:08:44,560

went out there i peed on the ground okay

2068

01:08:46,950 --> 01:08:45,759

because it's a lot easier to pee when

2069

01:08:49,269 --> 01:08:46,960

you're waiting on the ground than it is

2070

01:08:51,110 --> 01:08:49,279

while you're flying uh-huh uh so i got

2071

01:08:52,870 --> 01:08:51,120

in the air it didn't help right so we go

2072

01:08:54,309 --> 01:08:52,880

we're the mission of special forces

2073

01:08:56,149 --> 01:08:54,319

they're they're uh raiding a house

2074

01:08:58,149 --> 01:08:56,159

they're looking for some high value uh

2075

01:09:00,149 --> 01:08:58,159

target some guy in there

2076

01:09:01,990 --> 01:09:00,159

uh so we show up and

2077

01:09:03,510 --> 01:09:02,000

i check in with the guys you know i'm

2078

01:09:04,870 --> 01:09:03,520

leading the mission and

2079

01:09:07,110 --> 01:09:04,880

they're like

2080

01:09:08,470 --> 01:09:07,120

miles away you know and i was like okay

2081

01:09:09,990 --> 01:09:08,480

uh they're like starting the mission you

2082

01:09:10,950 --> 01:09:10,000

know and then they just start

2083

01:09:13,829 --> 01:09:10,960

walking

2084

01:09:15,189 --> 01:09:13,839

like super slow i don't know like air

2085

01:09:16,390 --> 01:09:15,199

fighting's just so much faster than

2086

01:09:18,149 --> 01:09:16,400

ground fighting you know you just get

2087

01:09:20,709 --> 01:09:18,159

that they're like wait you're you're

2088

01:09:22,309 --> 01:09:20,719

walking there you're gonna walk there uh

2089

01:09:23,669 --> 01:09:22,319

so anyway i had time so i was like okay

2090

01:09:25,269 --> 01:09:23,679

i'll refuel

2091

01:09:26,709 --> 01:09:25,279

uh so when they get to the house i'll

2092

01:09:28,149 --> 01:09:26,719

have all my fuel i won't have to worry

2093

01:09:30,390 --> 01:09:28,159

about refueling you know because you can

2094

01:09:31,749 --> 01:09:30,400

only fly for about 45 minutes uh before

2095

01:09:33,030 --> 01:09:31,759

you you need to go refuel and i'm like

2096

01:09:35,030 --> 01:09:33,040

man these guys are it's going to take

2097

01:09:36,870 --> 01:09:35,040

them 45 minutes just to get there

2098

01:09:38,309 --> 01:09:36,880

so i'm going to i'm going to tanker and

2099

01:09:39,910 --> 01:09:38,319

i'm like okay i have plenty of time now

2100

01:09:41,510 --> 01:09:39,920

i can i can piss you know i can take

2101

01:09:44,550 --> 01:09:41,520

care of everything get it done

2102

01:09:46,309 --> 01:09:44,560

uh and it's dark pitch black i set up

2103

01:09:48,309 --> 01:09:46,319

the autopilot and i have to turn on the

2104

01:09:49,829 --> 01:09:48,319

lights right so i can't see outside it's

2105

01:09:51,590 --> 01:09:49,839

totally dark

2106

01:09:52,630 --> 01:09:51,600

i get the piddle pack already unstrap

2107

01:09:54,790 --> 01:09:52,640

everything i get everything ready you

2108

01:09:56,310 --> 01:09:54,800

know and i'm so i'm i'm peeing you know

2109

01:09:58,790 --> 01:09:56,320

it's okay everything's going fine it's

2110

01:10:01,110 --> 01:09:58,800

working okay everything's going fine

2111

01:10:03,110 --> 01:10:01,120

uh but then i drink i drink so much

2112

01:10:05,350 --> 01:10:03,120

water right that it just starts like

2113

01:10:08,229 --> 01:10:05,360

getting to the top of the piddle pack

2114

01:10:10,630 --> 01:10:08,239

you know and i'm just like oh no

2115

01:10:12,709 --> 01:10:10,640

you know like this image of this seat

2116

01:10:15,270 --> 01:10:12,719

cushion you know bolted to the wall i

2117

01:10:16,950 --> 01:10:15,280

was just like no

2118

01:10:18,229 --> 01:10:16,960

so i'm just really concentrating you

2119

01:10:19,350 --> 01:10:18,239

know and i'm like you know what what do

2120

01:10:21,030 --> 01:10:19,360

you do like

2121

01:10:23,110 --> 01:10:21,040

i don't even know what to do because

2122

01:10:23,910 --> 01:10:23,120

i just they must have some limit you

2123

01:10:25,510 --> 01:10:23,920

know

2124

01:10:28,390 --> 01:10:25,520

yeah i found out later i think it's like

2125

01:10:29,990 --> 01:10:28,400

500 milliliters um

2126
01:10:31,669 --> 01:10:30,000
they must they must know like that the

2127
01:10:33,510 --> 01:10:31,679
normal bladder size you know but it was

2128
01:10:35,350 --> 01:10:33,520
still just getting closer and closer

2129
01:10:37,350 --> 01:10:35,360
um but what i hadn't realized was i'm

2130
01:10:39,750 --> 01:10:37,360
just concentrating so hard is the the

2131
01:10:41,830 --> 01:10:39,760
aircraft the f-16 does not have

2132
01:10:43,270 --> 01:10:41,840
automatic throttles right the f-18 i

2133
01:10:45,189 --> 01:10:43,280
learned that they have auto throttles

2134
01:10:46,790 --> 01:10:45,199
which which would be awesome

2135
01:10:48,630 --> 01:10:46,800
so it doesn't control your thrust it

2136
01:10:50,470 --> 01:10:48,640
controls your altitude

2137
01:10:51,910 --> 01:10:50,480
so while i had been slowing right i

2138
01:10:53,910 --> 01:10:51,920

didn't realize my throttle was slightly

2139

01:10:55,910 --> 01:10:53,920

low while i was peeing

2140

01:10:57,669 --> 01:10:55,920

and i didn't notice it but like the

2141

01:10:59,910 --> 01:10:57,679

plane was just getting slower and slower

2142

01:11:01,910 --> 01:10:59,920

and slower okay uh but i can't tell it's

2143

01:11:03,270 --> 01:11:01,920

totally dark outside

2144

01:11:06,229 --> 01:11:03,280

so what happens when a plane gets too

2145

01:11:07,030 --> 01:11:06,239

slow it stalls right so this right

2146

01:11:07,830 --> 01:11:07,040

yeah

2147

01:11:11,030 --> 01:11:07,840

and

2148

01:11:12,950 --> 01:11:11,040

like all the emergency lights come on

2149

01:11:14,550 --> 01:11:12,960

you know it's like warning warning you

2150

01:11:16,390 --> 01:11:14,560

know like everything goes like the jets

2151

01:11:19,030 --> 01:11:16,400

about to explode or something

2152

01:11:20,870 --> 01:11:19,040

it's and so what did i do you know i do

2153

01:11:23,270 --> 01:11:20,880

we're slow i need to go faster i just

2154

01:11:24,470 --> 01:11:23,280

slam the throttle to military power you

2155

01:11:26,630 --> 01:11:24,480

know

2156

01:11:28,550 --> 01:11:26,640

and i i'm just holding this giant bag of

2157

01:11:30,310 --> 01:11:28,560

piss on my you know right in front of me

2158

01:11:32,149 --> 01:11:30,320

and so if you can imagine what happens

2159

01:11:33,830 --> 01:11:32,159

when you throw the throttle in a fire

2160

01:11:35,669 --> 01:11:33,840

right it just like

2161

01:11:37,750 --> 01:11:35,679

i just pulled it out

2162

01:11:39,510 --> 01:11:37,760

so i basically filled up a whole bag of

2163

01:11:40,950 --> 01:11:39,520

piss and then just like poured it on

2164

01:11:42,390 --> 01:11:40,960

myself

2165

01:11:44,390 --> 01:11:42,400

wow

2166

01:11:46,229 --> 01:11:44,400

that was amazing

2167

01:11:48,390 --> 01:11:46,239

you know you guys are trained to make

2168

01:11:51,430 --> 01:11:48,400

split decisions and you did what you had

2169

01:11:54,149 --> 01:11:51,440

to do man that's crazy that is a hell of

2170

01:11:56,310 --> 01:11:54,159

a memorable experience and i'm sure that

2171

01:11:58,390 --> 01:11:56,320

uh that listener was not expecting that

2172

01:12:00,390 --> 01:11:58,400

story yeah there you go but we finished

2173

01:12:01,590 --> 01:12:00,400

the mission i was able to i dried off

2174

01:12:03,350 --> 01:12:01,600

that you get these crazy thoughts too

2175

01:12:04,790 --> 01:12:03,360

like i can dry it off you know like

2176

01:12:06,550 --> 01:12:04,800

nobody ever noticed

2177

01:12:08,390 --> 01:12:06,560

like maybe it was all water it was all

2178

01:12:10,470 --> 01:12:08,400

water right so

2179

01:12:12,550 --> 01:12:10,480

it'll be dry and everything will be fine

2180

01:12:14,790 --> 01:12:12,560

you know so i like set up this map

2181

01:12:16,550 --> 01:12:14,800

this you know i'd like superheated

2182

01:12:18,630 --> 01:12:16,560

engine all uh super

2183

01:12:21,110 --> 01:12:18,640

or heated air off the engine

2184

01:12:23,350 --> 01:12:21,120

direct and i i was diverting it with

2185

01:12:24,870 --> 01:12:23,360

this map i had made up and it was going

2186

01:12:26,310 --> 01:12:24,880

to dry it you know but

2187

01:12:28,790 --> 01:12:26,320

whatever

2188

01:12:30,390 --> 01:12:28,800

preservation special forces guys are

2189

01:12:32,229 --> 01:12:30,400

down there you know i can just imagine

2190

01:12:34,310 --> 01:12:32,239

what they're thinking

2191

01:12:35,910 --> 01:12:34,320

didn't tell anything

2192

01:12:38,149 --> 01:12:35,920

they did the mission they got him a

2193

01:12:40,070 --> 01:12:38,159

helicopter flew in um he captured the

2194

01:12:41,350 --> 01:12:40,080

guy um

2195

01:12:43,030 --> 01:12:41,360

no no

2196

01:12:44,950 --> 01:12:43,040

yeah i know it was hurting awesome man

2197

01:12:46,550 --> 01:12:44,960

yeah came back and landed i just told

2198

01:12:48,310 --> 01:12:46,560

the crew i was like dude it's pete on

2199

01:12:50,709 --> 01:12:48,320

the seas like okay that's fine i was

2200

01:12:52,790 --> 01:12:50,719

like i'm taking it with me you know

2201

01:12:55,510 --> 01:12:52,800

yep that's that is definitely a

2202

01:12:57,270 --> 01:12:55,520

permanent souvenir in memory

2203

01:13:00,229 --> 01:12:57,280

i love it

2204

01:13:02,229 --> 01:13:00,239

i guess yeah oh it's okay good

2205

01:13:05,430 --> 01:13:02,239

good we're gonna get more details just

2206

01:13:06,709 --> 01:13:05,440

what i want more to the the piddle story

2207

01:13:07,669 --> 01:13:06,719

um

2208

01:13:09,430 --> 01:13:07,679

so

2209

01:13:12,229 --> 01:13:09,440

you came out with a video recently and

2210

01:13:15,510 --> 01:13:12,239

rick h on facebook wants to know um

2211

01:13:16,390 --> 01:13:15,520

chris's crazy ass theory on uaps

2212

01:13:18,070 --> 01:13:16,400

um

2213

01:13:20,550 --> 01:13:18,080

let's see what he says here he wants to

2214

01:13:23,189 --> 01:13:20,560

know if you've ever seen the documentary

2215

01:13:25,350 --> 01:13:23,199

inner world's outer worlds a lot of your

2216

01:13:28,470 --> 01:13:25,360

theory is in there and i think he'd be

2217

01:13:30,149 --> 01:13:28,480

shocked at how on the money he is so

2218

01:13:32,870 --> 01:13:30,159

that might be something you want what is

2219

01:13:35,030 --> 01:13:32,880

the inner world inner world's outer

2220

01:13:36,709 --> 01:13:35,040

world cool

2221

01:13:38,470 --> 01:13:36,719

what was that video about i haven't had

2222

01:13:40,470 --> 01:13:38,480

a chance to really look at that that was

2223

01:13:41,910 --> 01:13:40,480

was that your dark matter one or was

2224

01:13:43,830 --> 01:13:41,920

that a separate video yeah i changed the

2225

01:13:45,270 --> 01:13:43,840

name actually uh

2226

01:13:46,950 --> 01:13:45,280

yeah i don't know i just want to make it

2227

01:13:48,630 --> 01:13:46,960

more uh simple

2228

01:13:50,709 --> 01:13:48,640

it's easy to change the name of of

2229

01:13:51,430 --> 01:13:50,719

youtube videos as you know i'm sure oh

2230

01:13:53,270 --> 01:13:51,440

yeah

2231

01:13:55,430 --> 01:13:53,280

so i changed it to dark matter is life

2232

01:13:56,550 --> 01:13:55,440

just to like say what the the overall

2233

01:13:59,430 --> 01:13:56,560

argument is

2234

01:14:01,510 --> 01:13:59,440

so people don't get uh confused

2235

01:14:03,590 --> 01:14:01,520

but yeah it's it's basically i think why

2236

01:14:05,350 --> 01:14:03,600

i actually started writing books

2237

01:14:08,229 --> 01:14:05,360

back in 2015. you know i watch these

2238

01:14:09,830 --> 01:14:08,239

youtubers uh brandon carter he's this

2239

01:14:11,189 --> 01:14:09,840

workout guy i haven't watched him in

2240

01:14:12,630 --> 01:14:11,199

several years you know so i don't know

2241

01:14:14,870 --> 01:14:12,640

what he's posting but

2242

01:14:16,310 --> 01:14:14,880

just motivated me so much just to do

2243

01:14:17,750 --> 01:14:16,320

what you need to do you know to do it

2244

01:14:19,189 --> 01:14:17,760

you know that i think that's the main

2245

01:14:21,350 --> 01:14:19,199

thing in life

2246

01:14:22,870 --> 01:14:21,360

is you just go and do it you know yeah

2247

01:14:24,149 --> 01:14:22,880

like it's easy right

2248

01:14:25,669 --> 01:14:24,159

yeah like you went and you started

2249

01:14:27,030 --> 01:14:25,679

making video or you know you went and

2250

01:14:28,470 --> 01:14:27,040

you wrote that book and you just went

2251

01:14:30,790 --> 01:14:28,480

around and started asking people

2252

01:14:33,750 --> 01:14:30,800

questions man you do it like

2253

01:14:35,270 --> 01:14:33,760

it's crazy the actions the actions uh

2254

01:14:36,790 --> 01:14:35,280

they bring momentum with them you know

2255

01:14:38,310 --> 01:14:36,800

once you get it's like

2256

01:14:39,669 --> 01:14:38,320

once you can get momentum it's like you

2257

01:14:41,350 --> 01:14:39,679

have inertia

2258

01:14:43,430 --> 01:14:41,360

but if you never if you never just go

2259

01:14:44,470 --> 01:14:43,440

and do it like nothing ever happens you

2260

01:14:48,470 --> 01:14:44,480

know

2261

01:14:51,270 --> 01:14:48,480

my girlfriend always brings this up

2262

01:14:53,990 --> 01:14:51,280

there's a meme out there of like

2263

01:14:56,630 --> 01:14:54,000

um a girl telling her friends like oh

2264

01:14:58,950 --> 01:14:56,640

yeah my boyfriend has a podcast and it's

2265

01:15:01,590 --> 01:14:58,960

like yeah because every girlfriend's

2266

01:15:03,910 --> 01:15:01,600

boyfriend has a podcast these days and

2267

01:15:06,149 --> 01:15:03,920

um when i first said like i'm gonna

2268

01:15:08,470 --> 01:15:06,159

start a podcast you know she was kind of

2269

01:15:10,390 --> 01:15:08,480

like oh cool yeah like

2270

01:15:12,310 --> 01:15:10,400

do it i'm sure you'll get bored of it

2271

01:15:14,470 --> 01:15:12,320

after 10 episodes

2272

01:15:18,950 --> 01:15:14,480

and lo and behold i think this is going

2273

01:15:20,950 --> 01:15:18,960

to be episode 240 something chris and um

2274

01:15:23,350 --> 01:15:20,960

like you said when you put your mind to

2275

01:15:25,669 --> 01:15:23,360

it and put it into action these things

2276

01:15:27,669 --> 01:15:25,679

actually can become something and you

2277

01:15:29,590 --> 01:15:27,679

can actually make a difference to the

2278

01:15:32,070 --> 01:15:29,600

the conversations being had and now

2279

01:15:34,550 --> 01:15:32,080

she's like my biggest supporter she's my

2280

01:15:37,189 --> 01:15:34,560

main researcher she's helping me edit

2281

01:15:39,590 --> 01:15:37,199

episodes and i think yeah one if you're

2282

01:15:41,750 --> 01:15:39,600

passionate about it like you can make it

2283

01:15:43,990 --> 01:15:41,760

happen and i'm so happy that you've

2284

01:15:45,270 --> 01:15:44,000

decided to take on this very

2285

01:15:47,350 --> 01:15:45,280

controversial

2286

01:15:49,430 --> 01:15:47,360

topic because it's not easy man i can't

2287

01:15:52,950 --> 01:15:49,440

imagine what some of your flight buddies

2288

01:15:53,830 --> 01:15:52,960

must think or you know

2289

01:15:55,110 --> 01:15:53,840

yeah

2290

01:15:56,950 --> 01:15:55,120

what do they think

2291

01:15:58,870 --> 01:15:56,960

do they think you're the crazy ufo guy

2292

01:16:00,310 --> 01:15:58,880

now i gotta ask i don't know i haven't

2293

01:16:01,750 --> 01:16:00,320

asked any of my pilot friends

2294

01:16:03,270 --> 01:16:01,760

[Music]

2295

01:16:04,790 --> 01:16:03,280

the ones i've talked to they seem uh

2296

01:16:05,669 --> 01:16:04,800

supportive you know i asked one guy for

2297

01:16:07,750 --> 01:16:05,679

uh

2298

01:16:09,430 --> 01:16:07,760

mvg he gave me a picture of the mvgs

2299

01:16:10,790 --> 01:16:09,440

that we use you know there's no triangle

2300

01:16:13,189 --> 01:16:10,800

aperture by the way it's there's no

2301

01:16:16,229 --> 01:16:13,199

aperture in our mvgs it's just uh

2302

01:16:17,990 --> 01:16:16,239

it doesn't work that way so yeah so

2303

01:16:20,310 --> 01:16:18,000

that uh that was one of the omaha videos

2304

01:16:22,390 --> 01:16:20,320

i did actually you know the triangle uh

2305

01:16:25,110 --> 01:16:22,400

the triangle one uh the pyramid video

2306

01:16:27,590 --> 01:16:25,120

with jeremy corbin yep um so yeah i've

2307

01:16:29,270 --> 01:16:27,600

done a few on the on the omaha uh but i

2308

01:16:31,189 --> 01:16:29,280

asked him hey uh can you help me with

2309

01:16:32,550 --> 01:16:31,199

this and he was happy to help so i think

2310

01:16:34,090 --> 01:16:32,560

now it's getting in the news getting

2311

01:16:35,270 --> 01:16:34,100

more mainstream i think um

2312

01:16:35,990 --> 01:16:35,280

[Music]

2313

01:16:37,430 --> 01:16:36,000

yeah

2314

01:16:38,790 --> 01:16:37,440

i do need to ask them i keep getting

2315

01:16:40,149 --> 01:16:38,800

comments like hey if you asked in your

2316

01:16:42,470 --> 01:16:40,159

pilot buddies but i can't get on

2317

01:16:43,510 --> 01:16:42,480

facebook for some reason i don't know

2318

01:16:44,950 --> 01:16:43,520

whatever

2319

01:16:47,110 --> 01:16:44,960

yeah okay

2320

01:16:49,030 --> 01:16:47,120

they'll come to you if they have a story

2321

01:16:50,790 --> 01:16:49,040

to share i'm sure um

2322

01:16:52,709 --> 01:16:50,800

but everyone's been supportive i i want

2323

01:16:54,709 --> 01:16:52,719

to say uh oh yeah yeah i didn't i didn't

2324

01:16:57,110 --> 01:16:54,719

want to you know i didn't go out to join

2325

01:16:57,910 --> 01:16:57,120

the ufo community or any uap community

2326

01:16:59,590 --> 01:16:57,920

uh

2327

01:17:01,350 --> 01:16:59,600

but everyone's been very supportive and

2328

01:17:02,950 --> 01:17:01,360

and helpful you know so

2329

01:17:05,030 --> 01:17:02,960

good yeah appreciate it it's a fun bunch

2330

01:17:07,669 --> 01:17:05,040

yeah yeah i'm glad they let me you know

2331

01:17:09,910 --> 01:17:07,679

they accept me i guess you know

2332

01:17:12,149 --> 01:17:09,920

we let you into the uh the freak show

2333

01:17:13,110 --> 01:17:12,159

yeah yeah no it's a i love it right in i

2334

01:17:15,669 --> 01:17:13,120

mean yeah

2335

01:17:18,550 --> 01:17:15,679

i think so man it's fun and like you

2336

01:17:20,870 --> 01:17:18,560

know there's days i wish i wasn't in it

2337

01:17:23,510 --> 01:17:20,880

uh but it always pulls me back and again

2338

01:17:25,990 --> 01:17:23,520

i think it's that burning curiosity to

2339

01:17:28,630 --> 01:17:26,000

know what more is out there that keeps a

2340

01:17:30,550 --> 01:17:28,640

lot of us going and it's becoming more

2341

01:17:33,590 --> 01:17:30,560

real than it's ever been before so i

2342

01:17:36,310 --> 01:17:33,600

think that's exciting um oh here's one

2343

01:17:37,430 --> 01:17:36,320

andre on facebook asks what is your take

2344

01:17:42,149 --> 01:17:37,440

on the

2345

01:17:44,870 --> 01:17:42,159

hard debunkers now that the government

2346

01:17:47,189 --> 01:17:44,880

and mainstream scientists are

2347

01:17:48,790 --> 01:17:47,199

taking it serious um it seems like

2348

01:17:50,790 --> 01:17:48,800

they're kind of

2349

01:17:52,630 --> 01:17:50,800

stepping over their own words and kind

2350

01:17:54,550 --> 01:17:52,640

of losing their minds over this now you

2351

01:17:56,470 --> 01:17:54,560

have you have people like avi loeb

2352

01:17:58,630 --> 01:17:56,480

starting the galileo project which is

2353

01:18:00,550 --> 01:17:58,640

awesome um or you have neil degrasse

2354

01:18:03,030 --> 01:18:00,560

tyson who's actually

2355

01:18:03,990 --> 01:18:03,040

super skeptical of a lot of this and now

2356

01:18:06,709 --> 01:18:04,000

kind of

2357

01:18:09,110 --> 01:18:06,719

opening up a little bit a little bit

2358

01:18:11,350 --> 01:18:09,120

he's getting there um we'll get him yet

2359

01:18:13,750 --> 01:18:11,360

but uh also i think it's very important

2360

01:18:16,310 --> 01:18:13,760

uh the skeptics are essential to this

2361

01:18:17,990 --> 01:18:16,320

topic to this discourse um but yeah what

2362

01:18:20,229 --> 01:18:18,000

do you think um

2363

01:18:21,830 --> 01:18:20,239

with the debunkers out there what what

2364

01:18:23,189 --> 01:18:21,840

agenda do you think they have in all

2365

01:18:24,870 --> 01:18:23,199

this

2366

01:18:26,630 --> 01:18:24,880

i mean um

2367

01:18:28,149 --> 01:18:26,640

i'm sure it's personal i i kind of

2368

01:18:30,310 --> 01:18:28,159

changed after abby loeb you know so

2369

01:18:32,070 --> 01:18:30,320

basically i made uh

2370

01:18:33,669 --> 01:18:32,080

or thunderfoot so thunderfoot he has a

2371

01:18:35,510 --> 01:18:33,679

million subscribers i called him out in

2372

01:18:37,510 --> 01:18:35,520

my first like most popular video you

2373

01:18:39,350 --> 01:18:37,520

know when i was fired up and yes i you

2374

01:18:41,830 --> 01:18:39,360

know i actually took out a lot of stuff

2375

01:18:43,590 --> 01:18:41,840

from that video but i left in some stuff

2376

01:18:44,870 --> 01:18:43,600

uh negative comments about these guys

2377

01:18:46,550 --> 01:18:44,880

which i still agree with you know i

2378

01:18:47,830 --> 01:18:46,560

still think that um

2379

01:18:49,350 --> 01:18:47,840

they're just wrong they have no idea

2380

01:18:51,110 --> 01:18:49,360

what they're talking about um they are

2381

01:18:53,030 --> 01:18:51,120

correct on certain points you know yeah

2382

01:18:54,390 --> 01:18:53,040

i was wrong i said i said focal length i

2383

01:18:55,750 --> 01:18:54,400

went back and looked like what actually

2384

01:18:58,470 --> 01:18:55,760

is focal length you know and the way

2385

01:18:59,669 --> 01:18:58,480

they they define focal length okay so

2386

01:19:01,189 --> 01:18:59,679

i'm not talking about focal length i'm

2387

01:19:03,189 --> 01:19:01,199

talking about focal distance but i say

2388

01:19:04,709 --> 01:19:03,199

focal length in that um

2389

01:19:06,470 --> 01:19:04,719

you know because i'm not an optical

2390

01:19:07,990 --> 01:19:06,480

expert but i've used these pods for long

2391

01:19:10,149 --> 01:19:08,000

enough i know that you can't just focus

2392

01:19:12,950 --> 01:19:10,159

it there and then focus it you know you

2393

01:19:14,070 --> 01:19:12,960

don't have it in focus to infinity

2394

01:19:15,510 --> 01:19:14,080

um

2395

01:19:17,189 --> 01:19:15,520

yeah so i mean if something's further

2396

01:19:18,709 --> 01:19:17,199

away it it changes focus and then when

2397

01:19:20,310 --> 01:19:18,719

something's closer it changes focus to

2398

01:19:22,950 --> 01:19:20,320

move to move the depth of field you know

2399

01:19:25,189 --> 01:19:22,960

your depth of field changes et cetera so

2400

01:19:26,310 --> 01:19:25,199

uh i guess me trying to explain the

2401

01:19:28,870 --> 01:19:26,320

optics

2402

01:19:31,189 --> 01:19:28,880

uh from from just using it

2403

01:19:32,870 --> 01:19:31,199

uh anyway kind of backfired

2404

01:19:34,790 --> 01:19:32,880

uh but

2405

01:19:36,390 --> 01:19:34,800

after that so i was i was fired up you

2406

01:19:37,430 --> 01:19:36,400

know and i was like man you know now i

2407

01:19:40,070 --> 01:19:37,440

have to get in this other debate with

2408

01:19:41,830 --> 01:19:40,080

this other dude um

2409

01:19:43,030 --> 01:19:41,840

any but he has a million subscribers i

2410

01:19:45,350 --> 01:19:43,040

don't know maybe i can change some of

2411

01:19:47,030 --> 01:19:45,360

their minds yeah but then i met with avi

2412

01:19:49,590 --> 01:19:47,040

loeb and i did my interview with abby

2413

01:19:51,750 --> 01:19:49,600

loeb and he just kind of re-caged me and

2414

01:19:53,990 --> 01:19:51,760

basically he his point was

2415

01:19:55,990 --> 01:19:54,000

you know i don't care i'm not doing this

2416

01:19:57,590 --> 01:19:56,000

to see to get more likes you know i

2417

01:20:00,790 --> 01:19:57,600

don't care how many more likes i got and

2418

01:20:02,630 --> 01:20:00,800

he he he shot a a pretty square shotgun

2419

01:20:04,149 --> 01:20:02,640

shot right at uh neil degrasse tyson

2420

01:20:06,070 --> 01:20:04,159

right because i i mentioned hey neil

2421

01:20:08,550 --> 01:20:06,080

degrasse tyson hasn't really you know

2422

01:20:10,149 --> 01:20:08,560

come around to this and and abby loeb

2423

01:20:12,550 --> 01:20:10,159

said directly hey that guy cares about

2424

01:20:14,950 --> 01:20:12,560

likes more than he does about the truth

2425

01:20:17,990 --> 01:20:14,960

like wow that was kind of a shock

2426

01:20:18,950 --> 01:20:18,000

i mean he's a media personality

2427

01:20:20,870 --> 01:20:18,960

it's

2428

01:20:23,430 --> 01:20:20,880

for anyone who takes what neil degrasse

2429

01:20:26,310 --> 01:20:23,440

tyson says as religion i'm like he's a

2430

01:20:28,870 --> 01:20:26,320

tv guy like he's a personality he

2431

01:20:31,430 --> 01:20:28,880

doesn't he's not out there raising money

2432

01:20:33,750 --> 01:20:31,440

to try to look for techno signatures on

2433

01:20:36,470 --> 01:20:33,760

other planets like someone like yeah is

2434

01:20:37,189 --> 01:20:36,480

doing so yeah yeah i i'm glad to hear

2435

01:20:40,550 --> 01:20:37,199

him

2436

01:20:42,310 --> 01:20:40,560

comes to that and and i i always liked

2437

01:20:43,990 --> 01:20:42,320

neil degrasse tyson you know i watched

2438

01:20:45,669 --> 01:20:44,000

for you know several years i listened to

2439

01:20:46,950 --> 01:20:45,679

his podcast you know before he was

2440

01:20:48,870 --> 01:20:46,960

before he's famous you know i was

2441

01:20:49,830 --> 01:20:48,880

listening to him but i i don't know

2442

01:20:51,830 --> 01:20:49,840

uh

2443

01:20:53,590 --> 01:20:51,840

so i mean i i hope he comes around i

2444

01:20:55,669 --> 01:20:53,600

really do i hope he comes around

2445

01:20:56,709 --> 01:20:55,679

yeah and coming around i mean that's

2446

01:20:58,550 --> 01:20:56,719

such a

2447

01:21:00,870 --> 01:20:58,560

you know what does that even mean i i

2448

01:21:02,709 --> 01:21:00,880

kind of always go back to that because

2449

01:21:05,270 --> 01:21:02,719

it's not like we're trying to prove to

2450

01:21:07,430 --> 01:21:05,280

anyone in the ufo as a ufo researcher

2451

01:21:10,950 --> 01:21:07,440

i'm not here to prove

2452

01:21:12,790 --> 01:21:10,960

aliens are piloting these ufos or

2453

01:21:15,510 --> 01:21:12,800

that that's not my job i'm trying to

2454

01:21:17,669 --> 01:21:15,520

find every conventional explanation as a

2455

01:21:20,790 --> 01:21:17,679

skeptic would before we're left with

2456

01:21:22,550 --> 01:21:20,800

that truly unknown and maybe

2457

01:21:25,030 --> 01:21:22,560

it could be aliens so i think it's

2458

01:21:27,430 --> 01:21:25,040

important to keep that in mind when um

2459

01:21:29,669 --> 01:21:27,440

going down this rabbit hole of what is

2460

01:21:32,790 --> 01:21:29,679

what do i really want out of this and

2461

01:21:34,229 --> 01:21:32,800

what does it mean to me and uh

2462

01:21:36,390 --> 01:21:34,239

and how do you

2463

01:21:38,629 --> 01:21:36,400

present that to the public you know we

2464

01:21:40,550 --> 01:21:38,639

don't want to be known as the crazy

2465

01:21:41,990 --> 01:21:40,560

tinfoil hat wearing

2466

01:21:44,870 --> 01:21:42,000

you know people who believe in little

2467

01:21:47,030 --> 01:21:44,880

green men that's i mean at least not me

2468

01:21:49,510 --> 01:21:47,040

personally so when people like you come

2469

01:21:52,550 --> 01:21:49,520

around we're like yes finally more

2470

01:21:53,830 --> 01:21:52,560

legitimacy from an actual pilot who can

2471

01:21:55,510 --> 01:21:53,840

tell us

2472

01:21:57,270 --> 01:21:55,520

this isn't what this is this could be

2473

01:21:59,110 --> 01:21:57,280

this this could be this so

2474

01:22:00,470 --> 01:21:59,120

yeah that's kind of my little soapbox

2475

01:22:01,830 --> 01:22:00,480

moment chris i don't know

2476

01:22:03,669 --> 01:22:01,840

it's awesome i i

2477

01:22:05,990 --> 01:22:03,679

again i i appreciate it i was very

2478

01:22:07,430 --> 01:22:06,000

surprised by all the attention you know

2479

01:22:08,310 --> 01:22:07,440

because i'd been making youtube videos

2480

01:22:09,110 --> 01:22:08,320

for

2481

01:22:11,350 --> 01:22:09,120

uh

2482

01:22:13,189 --> 01:22:11,360

six seven months before that you know

2483

01:22:14,629 --> 01:22:13,199

every i just vowed every week i'm gonna

2484

01:22:16,229 --> 01:22:14,639

make a video whatever whatever i was

2485

01:22:18,390 --> 01:22:16,239

interested in that week

2486

01:22:19,430 --> 01:22:18,400

uh i would make a video about it

2487

01:22:22,390 --> 01:22:19,440

um

2488

01:22:24,629 --> 01:22:22,400

so yeah i'm very appreciative but i was

2489

01:22:26,070 --> 01:22:24,639

surprised at how many how much attention

2490

01:22:27,990 --> 01:22:26,080

i got like uh

2491

01:22:29,990 --> 01:22:28,000

right away you know but i guess i want

2492

01:22:31,910 --> 01:22:30,000

to finish that is um

2493

01:22:33,830 --> 01:22:31,920

i just don't have time to care what mick

2494

01:22:36,149 --> 01:22:33,840

west thinks like honestly you know like

2495

01:22:37,590 --> 01:22:36,159

i'm not gonna go watch him say stuff uh

2496

01:22:40,390 --> 01:22:37,600

i mean i

2497

01:22:42,709 --> 01:22:40,400

i do care of his arguments his arguments

2498

01:22:44,709 --> 01:22:42,719

are good um if he makes valid arguments

2499

01:22:46,310 --> 01:22:44,719

then i you know i will listen to the

2500

01:22:47,830 --> 01:22:46,320

arguments but i don't go watch

2501

01:22:49,830 --> 01:22:47,840

everything i don't think i watch

2502

01:22:51,430 --> 01:22:49,840

anything he's requests

2503

01:22:53,510 --> 01:22:51,440

the quest shows you know and after avi

2504

01:22:54,790 --> 01:22:53,520

love said that to me and it was like i

2505

01:22:57,189 --> 01:22:54,800

was all

2506

01:22:58,470 --> 01:22:57,199

worried about or angry at

2507

01:22:59,990 --> 01:22:58,480

thunder foot you know like i was going

2508

01:23:02,149 --> 01:23:00,000

to do all this thing but now i'm just

2509

01:23:05,189 --> 01:23:02,159

proving something that's i i already i'm

2510

01:23:07,590 --> 01:23:05,199

pretty sure i proved it um so why would

2511

01:23:09,750 --> 01:23:07,600

i be wasting my time with these guys

2512

01:23:12,709 --> 01:23:09,760

yeah no no i don't care i don't care

2513

01:23:13,910 --> 01:23:12,719

what this dude thinks

2514

01:23:16,310 --> 01:23:13,920

i really don't

2515

01:23:17,830 --> 01:23:16,320

i don't care i i honestly i've just put

2516

01:23:20,229 --> 01:23:17,840

myself in a position where i don't have

2517

01:23:21,590 --> 01:23:20,239

to to care what anyone actually thinks

2518

01:23:23,189 --> 01:23:21,600

um

2519

01:23:24,709 --> 01:23:23,199

yeah and i'm so happy for that i just

2520

01:23:26,550 --> 01:23:24,719

appreciate it so much and and that's

2521

01:23:27,830 --> 01:23:26,560

what i'm just gonna say

2522

01:23:30,070 --> 01:23:27,840

i'm just gonna say what i think you know

2523

01:23:31,750 --> 01:23:30,080

i'm tired for for 18 years i grew up you

2524

01:23:33,830 --> 01:23:31,760

know in a religious country you know

2525

01:23:36,550 --> 01:23:33,840

texas and then for 24 years i was in the

2526

01:23:38,229 --> 01:23:36,560

military you know and

2527

01:23:40,790 --> 01:23:38,239

so finally i'm just in a position

2528

01:23:42,629 --> 01:23:40,800

financially mentally socially right i

2529

01:23:43,430 --> 01:23:42,639

live in portugal

2530

01:23:45,350 --> 01:23:43,440

so

2531

01:23:47,430 --> 01:23:45,360

i just don't have to care what other

2532

01:23:49,110 --> 01:23:47,440

people think and so i'm just going to do

2533

01:23:50,149 --> 01:23:49,120

what i want to do and and so i think

2534

01:23:52,790 --> 01:23:50,159

that

2535

01:23:54,629 --> 01:23:52,800

i really want to find out if there are

2536

01:23:56,790 --> 01:23:54,639

you a ap you know you made that

2537

01:23:59,669 --> 01:23:56,800

statement like i'm not here to to to

2538

01:24:01,910 --> 01:23:59,679

prove that the alien is at the spaceship

2539

01:24:03,110 --> 01:24:01,920

but i would say just go for it man

2540

01:24:04,950 --> 01:24:03,120

that's what i would want to prove you

2541

01:24:07,669 --> 01:24:04,960

know i want to prove there's a spaceship

2542

01:24:10,070 --> 01:24:07,679

there and there's alien in it or not

2543

01:24:12,470 --> 01:24:10,080

uh or it's something else or some weird

2544

01:24:13,350 --> 01:24:12,480

anomalies or something but

2545

01:24:15,189 --> 01:24:13,360

uh

2546

01:24:17,030 --> 01:24:15,199

yeah it's just so interesting so

2547

01:24:19,189 --> 01:24:17,040

interesting to me it's so

2548

01:24:21,110 --> 01:24:19,199

i mean what is there a bigger story what

2549

01:24:23,510 --> 01:24:21,120

else you can talk about you know oh man

2550

01:24:26,790 --> 01:24:23,520

i always tell people two big questions

2551

01:24:29,990 --> 01:24:26,800

in life you know where do we go after

2552

01:24:32,229 --> 01:24:30,000

we die what happens and is there other

2553

01:24:34,310 --> 01:24:32,239

life out there and i think we can

2554

01:24:36,470 --> 01:24:34,320

viably answer at least one of those

2555

01:24:39,110 --> 01:24:36,480

hopefully within our lifetime maybe not

2556

01:24:40,950 --> 01:24:39,120

um or the answers might be completely

2557

01:24:43,350 --> 01:24:40,960

different than what we ever

2558

01:24:46,629 --> 01:24:43,360

expected but hey we're making strides

2559

01:24:50,390 --> 01:24:46,639

and it takes rebellious scientists and

2560

01:24:52,709 --> 01:24:50,400

and um you know philosophers to really

2561

01:24:55,189 --> 01:24:52,719

go on that land mine as avi loeb would

2562

01:24:57,110 --> 01:24:55,199

say before we can you know it's it's

2563

01:24:59,189 --> 01:24:57,120

paranormal until it's normal that's what

2564

01:25:00,950 --> 01:24:59,199

i sort of go with with people or it's

2565

01:25:03,270 --> 01:25:00,960

science fiction until it's you know

2566

01:25:05,110 --> 01:25:03,280

science fact so yeah i think we're on

2567

01:25:07,430 --> 01:25:05,120

the cusp of finding out some really

2568

01:25:09,910 --> 01:25:07,440

interesting stuff when it comes to

2569

01:25:12,390 --> 01:25:09,920

where we're heading quantum physics wise

2570

01:25:15,030 --> 01:25:12,400

and in a lot of that sort of stuff so

2571

01:25:16,950 --> 01:25:15,040

now i i can hear the hunger and the uh

2572

01:25:18,629 --> 01:25:16,960

the curiosity in your voice to find

2573

01:25:20,310 --> 01:25:18,639

those answers and that's yeah those are

2574

01:25:21,350 --> 01:25:20,320

the kind of people we gravitate towards

2575

01:25:23,590 --> 01:25:21,360

because we can

2576

01:25:25,990 --> 01:25:23,600

we can see the passion and it just can't

2577

01:25:28,709 --> 01:25:26,000

it just came back so coincidentally to

2578

01:25:29,590 --> 01:25:28,719

my my original kind of crazy theory you

2579

01:25:31,510 --> 01:25:29,600

know

2580

01:25:33,430 --> 01:25:31,520

um i grew up thinking the theory not

2581

01:25:35,590 --> 01:25:33,440

fully um

2582

01:25:37,669 --> 01:25:35,600

but basically i did feel like we were in

2583

01:25:39,270 --> 01:25:37,679

a organized uh

2584

01:25:40,470 --> 01:25:39,280

organism you know i thought that for

2585

01:25:42,390 --> 01:25:40,480

decades

2586

01:25:43,110 --> 01:25:42,400

uh i just would i didn't know how to how

2587

01:25:45,430 --> 01:25:43,120

to

2588

01:25:47,110 --> 01:25:45,440

communicate it or i didn't and it wasn't

2589

01:25:48,310 --> 01:25:47,120

even full until i watched the avilobe

2590

01:25:49,750 --> 01:25:48,320

interview

2591

01:25:51,510 --> 01:25:49,760

with lex friedman again i should just

2592

01:25:53,430 --> 01:25:51,520

watch lex friedman uh all of his

2593

01:25:55,430 --> 01:25:53,440

interviews uh with people but i watched

2594

01:25:57,110 --> 01:25:55,440

an interview with him and abby loeb and

2595

01:25:59,350 --> 01:25:57,120

that really put all the pieces together

2596

01:26:01,750 --> 01:25:59,360

for my um whatever chris's crazy ass

2597

01:26:02,709 --> 01:26:01,760

theory uh but basically it just means

2598

01:26:04,229 --> 01:26:02,719

that um

2599

01:26:05,990 --> 01:26:04,239

you know humans are not this we're not

2600

01:26:07,990 --> 01:26:06,000

the top of the life chain you know if

2601
01:26:09,590 --> 01:26:08,000
you go down into our bodies there's you

2602
01:26:12,390 --> 01:26:09,600
know

2603
01:26:14,629 --> 01:26:12,400
maybe an infinity amount of levels below

2604
01:26:16,229 --> 01:26:14,639
you know in your cells and

2605
01:26:18,390 --> 01:26:16,239
and i think they're all just

2606
01:26:21,590 --> 01:26:18,400
living in their dimension

2607
01:26:23,910 --> 01:26:21,600
just like we are at our size dimension

2608
01:26:26,470 --> 01:26:23,920
and then if you look above us so i think

2609
01:26:29,030 --> 01:26:26,480
we're just in larger organisms which

2610
01:26:31,990 --> 01:26:29,040
could if you keep you know

2611
01:26:34,390 --> 01:26:32,000
go out to infinity up

2612
01:26:35,910 --> 01:26:34,400
then it does it could possibly match for

2613
01:26:38,229 --> 01:26:35,920

like this dark matter what we're seeing

2614

01:26:40,470 --> 01:26:38,239

basically the argument is uh

2615

01:26:42,629 --> 01:26:40,480

it's more order so life life creates

2616

01:26:44,709 --> 01:26:42,639

order is kind of what i believe

2617

01:26:46,790 --> 01:26:44,719

you know out of dead inanimate matter it

2618

01:26:48,950 --> 01:26:46,800

organizes it so into the future right it

2619

01:26:51,830 --> 01:26:48,960

replicates you know

2620

01:26:53,590 --> 01:26:51,840

dirt and turns it into a plant right so

2621

01:26:54,870 --> 01:26:53,600

it organizes it and then the plant will

2622

01:26:57,750 --> 01:26:54,880

continue into the

2623

01:26:59,750 --> 01:26:57,760

uh in to the future so i think what life

2624

01:27:01,830 --> 01:26:59,760

actually does it organizes stuff it

2625

01:27:03,590 --> 01:27:01,840

creates order and and when we look up

2626

01:27:05,590 --> 01:27:03,600

that's what we're seeing is this this

2627

01:27:07,189 --> 01:27:05,600

dark matter right it's not really matter

2628

01:27:09,750 --> 01:27:07,199

it's it's a

2629

01:27:12,070 --> 01:27:09,760

a term that scientists use to denote a

2630

01:27:15,350 --> 01:27:12,080

misunderstanding like our models are not

2631

01:27:17,510 --> 01:27:15,360

matching and they're and they're 95 off

2632

01:27:18,470 --> 01:27:17,520

i don't know i see numbers from 85 to 95

2633

01:27:19,910 --> 01:27:18,480

off

2634

01:27:21,590 --> 01:27:19,920

which means you're not up okay you're

2635

01:27:23,910 --> 01:27:21,600

not even off man you're you're not even

2636

01:27:26,390 --> 01:27:23,920

in the same zip code you know

2637

01:27:27,910 --> 01:27:26,400

um and but really what we're seeing when

2638

01:27:29,750 --> 01:27:27,920

we look up is there's more order than

2639

01:27:30,870 --> 01:27:29,760

we're expecting right the galaxies are

2640

01:27:32,870 --> 01:27:30,880

staying together when they when they

2641

01:27:34,390 --> 01:27:32,880

should be blowing apart right but

2642

01:27:36,550 --> 01:27:34,400

they're being held together

2643

01:27:38,950 --> 01:27:36,560

by dark matter which is

2644

01:27:41,350 --> 01:27:38,960

the the argument up until now

2645

01:27:43,030 --> 01:27:41,360

uh was it's this invisible substance

2646

01:27:45,110 --> 01:27:43,040

that creates more mass and we'll never

2647

01:27:46,470 --> 01:27:45,120

be able to see it right

2648

01:27:48,310 --> 01:27:46,480

which just sounds like the invisible

2649

01:27:50,149 --> 01:27:48,320

teacup orbiting the earth have you ever

2650

01:27:52,390 --> 01:27:50,159

heard that argument yeah yeah yeah

2651
01:27:54,390 --> 01:27:52,400
you've heard it yeah so prove to me uh

2652
01:27:56,149 --> 01:27:54,400
there's there's not an invisible teacup

2653
01:27:57,350 --> 01:27:56,159
orbiting the earth right now right you

2654
01:27:59,189 --> 01:27:57,360
can't you can't prove something that

2655
01:28:02,070 --> 01:27:59,199
doesn't exist yeah

2656
01:28:04,550 --> 01:28:02,080
so that's the basic argument is that

2657
01:28:06,629 --> 01:28:04,560
life is actually uh ordering

2658
01:28:08,950 --> 01:28:06,639
uh and so what what these uaps would

2659
01:28:10,310 --> 01:28:08,960
actually be is control some type of

2660
01:28:12,470 --> 01:28:10,320
control mechanisms they you know

2661
01:28:14,390 --> 01:28:12,480
whatever they provide nutrients for our

2662
01:28:16,470 --> 01:28:14,400
cell which would be the earth uh and

2663
01:28:19,430 --> 01:28:16,480

then they if things get out of control

2664

01:28:21,030 --> 01:28:19,440

maybe they kind of help a little bit or

2665

01:28:22,470 --> 01:28:21,040

hurt a little bit um

2666

01:28:24,950 --> 01:28:22,480

just like your body will control any of

2667

01:28:27,830 --> 01:28:24,960

its cells right right oh that's so

2668

01:28:29,830 --> 01:28:27,840

fascinating yeah they're they're kind of

2669

01:28:31,990 --> 01:28:29,840

nudging us every now and again and being

2670

01:28:34,310 --> 01:28:32,000

like all right let's get this this chaos

2671

01:28:36,709 --> 01:28:34,320

back a little bit back into control i

2672

01:28:39,270 --> 01:28:36,719

love that like when we're glimpsing

2673

01:28:41,110 --> 01:28:39,280

these phenomena we may actually be

2674

01:28:43,270 --> 01:28:41,120

glimpsing the invisible control

2675

01:28:44,790 --> 01:28:43,280

mechanism that's always been there and i

2676
01:28:46,790 --> 01:28:44,800
mean people like jacques valet have been

2677
01:28:49,030 --> 01:28:46,800
saying that for decades now if you've

2678
01:28:51,590 --> 01:28:49,040
ever looked into the work of uh jacques

2679
01:28:54,070 --> 01:28:51,600
valet he thinks that's what these ufos

2680
01:28:55,750 --> 01:28:54,080
are they're a control mechanism of some

2681
01:28:59,110 --> 01:28:55,760
sort to keep things

2682
01:29:01,270 --> 01:28:59,120
in order but because of our human nature

2683
01:29:02,070 --> 01:29:01,280
we see them as the opposite they're

2684
01:29:08,870 --> 01:29:02,080
they're

2685
01:29:10,470 --> 01:29:08,880
everything we know so

2686
01:29:11,990 --> 01:29:10,480
it's it's interesting god that

2687
01:29:13,350 --> 01:29:12,000
conversation could go in a million

2688
01:29:15,430 --> 01:29:13,360

different ways

2689

01:29:17,270 --> 01:29:15,440

yeah i mean i

2690

01:29:19,110 --> 01:29:17,280

yeah i think it i mean it's obviously

2691

01:29:20,550 --> 01:29:19,120

just one hypothesis who knows you know

2692

01:29:22,790 --> 01:29:20,560

that's the thing with the you start

2693

01:29:26,550 --> 01:29:22,800

thinking about uaps and all of a sudden

2694

01:29:28,070 --> 01:29:26,560

it's like there's so many options i mean

2695

01:29:29,750 --> 01:29:28,080

you know like

2696

01:29:31,270 --> 01:29:29,760

which is awesome i mean it's just i

2697

01:29:33,110 --> 01:29:31,280

think it just shows us that there's so

2698

01:29:35,270 --> 01:29:33,120

much more we don't know you know we and

2699

01:29:37,350 --> 01:29:35,280

and that's just so obvious you know we

2700

01:29:39,430 --> 01:29:37,360

we always think we're at the moment you

2701

01:29:41,030 --> 01:29:39,440

know like we're like living in star trek

2702

01:29:42,550 --> 01:29:41,040

you know we are in the future we're in

2703

01:29:44,470 --> 01:29:42,560

the future you know like we're on the

2704

01:29:45,430 --> 01:29:44,480

bleeding edge yeah leading edge of

2705

01:29:47,750 --> 01:29:45,440

science

2706

01:29:49,590 --> 01:29:47,760

and just see like you're always on

2707

01:29:51,510 --> 01:29:49,600

leading edge of science just so you know

2708

01:29:52,870 --> 01:29:51,520

right that's just how time works right

2709

01:29:53,669 --> 01:29:52,880

you're always on the bleeding edge of

2710

01:29:54,870 --> 01:29:53,679

science

2711

01:29:56,790 --> 01:29:54,880

you know the romans they were on the

2712

01:29:57,830 --> 01:29:56,800

bleeding edge of science you know yeah

2713

01:30:00,870 --> 01:29:57,840

and if you look we haven't really

2714

01:30:03,189 --> 01:30:00,880
changed that much you know um

2715

01:30:04,310 --> 01:30:03,199
yeah sorry the final thought on that was

2716

01:30:06,629 --> 01:30:04,320
um

2717

01:30:08,550 --> 01:30:06,639
as an example so like if the police come

2718

01:30:10,390 --> 01:30:08,560
to your house right and they come to uh

2719

01:30:11,590 --> 01:30:10,400
arrest you and say they're like state

2720

01:30:13,910 --> 01:30:11,600
troopers

2721

01:30:16,470 --> 01:30:13,920
right um so that would be from the

2722

01:30:17,189 --> 01:30:16,480
dimensional state level right so they

2723

01:30:19,669 --> 01:30:17,199
are

2724

01:30:22,229 --> 01:30:19,679
in effect controlling you in that sense

2725

01:30:24,070 --> 01:30:22,239
uh but they appear as people

2726

01:30:25,350 --> 01:30:24,080

right but they're not just random people

2727

01:30:27,270 --> 01:30:25,360

right they're people in a uniform

2728

01:30:28,229 --> 01:30:27,280

they're in a role they've filled that

2729

01:30:29,910 --> 01:30:28,239

role

2730

01:30:31,590 --> 01:30:29,920

um but they're executing it from the

2731

01:30:33,430 --> 01:30:31,600

state you know it's really the state is

2732

01:30:36,550 --> 01:30:33,440

making you go to jail right it's like

2733

01:30:39,590 --> 01:30:36,560

state versus you know ryan right

2734

01:30:41,430 --> 01:30:39,600

uh so it's not like you're so that that

2735

01:30:43,750 --> 01:30:41,440

would be an example of a control

2736

01:30:45,189 --> 01:30:43,760

mechanism from a higher dimension in

2737

01:30:47,430 --> 01:30:45,199

this case it would be the state you know

2738

01:30:49,110 --> 01:30:47,440

new york state is going after ryan for

2739

01:30:51,669 --> 01:30:49,120

whatever reasons okay it appears as

2740

01:30:52,390 --> 01:30:51,679

people dressed in police clothes right

2741

01:30:53,750 --> 01:30:52,400

but

2742

01:30:56,149 --> 01:30:53,760

you know that's

2743

01:30:58,310 --> 01:30:56,159

that would be the analogy

2744

01:31:00,070 --> 01:30:58,320

yeah again hypothesis

2745

01:31:02,470 --> 01:31:00,080

uh but if it opens people's mind and

2746

01:31:04,390 --> 01:31:02,480

start looking for other um you know

2747

01:31:07,110 --> 01:31:04,400

other clues or other ways to gather the

2748

01:31:08,310 --> 01:31:07,120

evidence then i i think it's

2749

01:31:09,430 --> 01:31:08,320

it's time right they've been they've

2750

01:31:10,870 --> 01:31:09,440

been beating their heads against

2751
01:31:14,709 --> 01:31:10,880
neutrino

2752
01:31:16,950 --> 01:31:14,719
for dark matter yeah i think they can

2753
01:31:18,709 --> 01:31:16,960
open their scope yep

2754
01:31:21,189 --> 01:31:18,719
it's time man i'm with you yeah

2755
01:31:22,070 --> 01:31:21,199
hopefully 50 100 years down the line

2756
01:31:23,830 --> 01:31:22,080
will

2757
01:31:26,070 --> 01:31:23,840
are you know

2758
01:31:27,590 --> 01:31:26,080
people will look back and be like

2759
01:31:29,750 --> 01:31:27,600
why didn't they

2760
01:31:30,390 --> 01:31:29,760
like believe in these ufo why did they

2761
01:31:31,990 --> 01:31:30,400
like

2762
01:31:33,750 --> 01:31:32,000
make fun of each other for so long

2763
01:31:37,030 --> 01:31:33,760

that's my hope at least that we'll get

2764

01:31:38,870 --> 01:31:37,040

to that day where it is it becomes

2765

01:31:40,950 --> 01:31:38,880

normal and then you go to the next level

2766

01:31:43,110 --> 01:31:40,960

on the next level it's it's awesome well

2767

01:31:45,510 --> 01:31:43,120

i gotta ask chris wrapping things up man

2768

01:31:46,390 --> 01:31:45,520

i've kept you way longer than i told you

2769

01:31:47,910 --> 01:31:46,400

um

2770

01:31:52,070 --> 01:31:47,920

what do you what are you looking forward

2771

01:31:55,189 --> 01:31:52,080

to most in the latter half of 2021

2772

01:31:56,709 --> 01:31:55,199

going into 2022 when it comes to ufos

2773

01:31:59,350 --> 01:31:56,719

are you going to keep looking into this

2774

01:32:01,430 --> 01:31:59,360

stuff yeah yeah oh yeah yeah i got some

2775

01:32:03,750 --> 01:32:01,440

plans man yeah i the most i'll just say

2776

01:32:04,950 --> 01:32:03,760

it now because i already said it on on

2777

01:32:07,910 --> 01:32:04,960

andy show

2778

01:32:09,910 --> 01:32:07,920

um was yeah i want to put a satellite up

2779

01:32:11,430 --> 01:32:09,920

i want to get a uap hunting satellite

2780

01:32:13,510 --> 01:32:11,440

and fund it by

2781

01:32:15,750 --> 01:32:13,520

uh crypto so if you look at my older

2782

01:32:17,910 --> 01:32:15,760

videos i did a lot of nft

2783

01:32:20,470 --> 01:32:17,920

um so i just see a clear

2784

01:32:22,629 --> 01:32:20,480

i just see a clear path to

2785

01:32:24,950 --> 01:32:22,639

funding a satellite

2786

01:32:26,950 --> 01:32:24,960

uh with flare on it right so we we add

2787

01:32:29,750 --> 01:32:26,960

flir optical systems

2788

01:32:32,070 --> 01:32:29,760

uh funded crowdfunded right so no

2789

01:32:33,270 --> 01:32:32,080

government money none of that stuff uh

2790

01:32:34,629 --> 01:32:33,280

and then

2791

01:32:35,750 --> 01:32:34,639

send this thing up there i think it'd be

2792

01:32:37,510 --> 01:32:35,760

super fun

2793

01:32:38,550 --> 01:32:37,520

um it'll probably just blow up or

2794

01:32:40,470 --> 01:32:38,560

something but even then that'd be

2795

01:32:41,590 --> 01:32:40,480

awesome you know i'd be like blew up you

2796

01:32:42,310 --> 01:32:41,600

know

2797

01:32:50,470 --> 01:32:42,320

i

2798

01:32:53,990 --> 01:32:50,480

just

2799

01:32:55,270 --> 01:32:54,000

you know i'm tired of people like

2800

01:32:57,350 --> 01:32:55,280

closing all the information you know you

2801

01:32:59,350 --> 01:32:57,360

can't release that you know it's

2802

01:33:00,870 --> 01:32:59,360

yeah it's not an nda you know they can't

2803

01:33:02,950 --> 01:33:00,880

talk about this and i want it just going

2804

01:33:05,110 --> 01:33:02,960

direct to the internet like direct

2805

01:33:06,629 --> 01:33:05,120

um like no one can stop it i want to

2806

01:33:08,870 --> 01:33:06,639

hardwire it you know i mean i don't

2807

01:33:10,310 --> 01:33:08,880

think you can hardwire it from space um

2808

01:33:11,990 --> 01:33:10,320

and so i think it is i think it's

2809

01:33:13,590 --> 01:33:12,000

actually going to happen um

2810

01:33:15,830 --> 01:33:13,600

i have my cousin israel he randomly

2811

01:33:18,310 --> 01:33:15,840

built the mars orbiter so he's pretty

2812

01:33:19,910 --> 01:33:18,320

talented and uh yep and so i think we

2813

01:33:22,149 --> 01:33:19,920

can do it you just need i think we can

2814

01:33:24,070 --> 01:33:22,159

do it for under a million dollars so

2815

01:33:26,070 --> 01:33:24,080

crowdfunding if we can get enough people

2816

01:33:28,470 --> 01:33:26,080

to buy these nfts i think the nfts could

2817

01:33:29,750 --> 01:33:28,480

actually even go up in value

2818

01:33:31,430 --> 01:33:29,760

so

2819

01:33:33,990 --> 01:33:31,440

yeah i'm super excited about that right

2820

01:33:36,390 --> 01:33:34,000

and i want to do it as fast as possible

2821

01:33:38,709 --> 01:33:36,400

yeah yeah yep exactly

2822

01:33:41,110 --> 01:33:38,719

do it now before that's the thing yeah

2823

01:33:43,669 --> 01:33:41,120

yeah this permanent dod office starts

2824

01:33:45,750 --> 01:33:43,679

controlling all the satellites

2825

01:33:47,590 --> 01:33:45,760

yeah exactly

2826

01:33:49,990 --> 01:33:47,600

yeah because you know everyone's it's

2827

01:33:52,550 --> 01:33:50,000

same thing right like uh actors you know

2828

01:33:53,750 --> 01:33:52,560

if you met someone and they

2829

01:33:55,510 --> 01:33:53,760

if you're just at a party or something

2830

01:33:57,189 --> 01:33:55,520

and they and they start acting uh it's

2831

01:33:58,870 --> 01:33:57,199

kind of weird right it's like weird or

2832

01:34:01,669 --> 01:33:58,880

if you're maybe just a few people and

2833

01:34:04,229 --> 01:34:01,679

someone acts it's weird right but then

2834

01:34:05,910 --> 01:34:04,239

if someone's on tv and and then it's

2835

01:34:08,229 --> 01:34:05,920

like you're enthralled right i'm drawn

2836

01:34:10,229 --> 01:34:08,239

into this character you know like you

2837

01:34:11,750 --> 01:34:10,239

said my friends i'm about to start a

2838

01:34:14,149 --> 01:34:11,760

podcast right no one gives a [\h__\h] no one

2839

01:34:16,629 --> 01:34:14,159

cares you know i'm i'm writing a book no

2840

01:34:18,629 --> 01:34:16,639

one gives a [\h__\h] man no one cares right

2841

01:34:19,590 --> 01:34:18,639

but you have a best-seller book all of a

2842

01:34:21,350 --> 01:34:19,600

sudden they're like wow he's got a

2843

01:34:22,709 --> 01:34:21,360

bestseller you know put it on foot on

2844

01:34:23,510 --> 01:34:22,719

the thing you know so

2845

01:34:25,350 --> 01:34:23,520

yeah

2846

01:34:27,110 --> 01:34:25,360

just doing stuff i think is the way to

2847

01:34:28,870 --> 01:34:27,120

do it just go and do it like you want

2848

01:34:30,229 --> 01:34:28,880

more evidence about uaps man like in

2849

01:34:32,709 --> 01:34:30,239

your in your

2850

01:34:34,310 --> 01:34:32,719

city put together a uap

2851
01:34:36,709 --> 01:34:34,320
you know all like i showed you how just

2852
01:34:39,510 --> 01:34:36,719
all we need is like one event with 30

2853
01:34:41,109 --> 01:34:39,520
people filming or or less even you know

2854
01:34:43,990 --> 01:34:41,119
it doesn't have to be 30 30 just like

2855
01:34:45,510 --> 01:34:44,000
your magical statistical number yeah

2856
01:34:48,229 --> 01:34:45,520
yeah but that'll roll off your butts and

2857
01:34:49,830 --> 01:34:48,239
do something i'm so like

2858
01:34:52,070 --> 01:34:49,840
yeah we're sitting here it works it

2859
01:34:54,790 --> 01:34:52,080
works that's one thing but for those who

2860
01:34:57,350 --> 01:34:54,800
criticize those trying to proactively

2861
01:34:59,750 --> 01:34:57,360
yeah investigate and

2862
01:35:01,590 --> 01:34:59,760
actively research these phenomena like

2863
01:35:02,390 --> 01:35:01,600

support them what what what harm can

2864

01:35:05,109 --> 01:35:02,400

come

2865

01:35:06,390 --> 01:35:05,119

from avi loeb doing the galileo project

2866

01:35:07,910 --> 01:35:06,400

i mean

2867

01:35:09,030 --> 01:35:07,920

if it's their own mind everyone gets

2868

01:35:09,910 --> 01:35:09,040

longer

2869

01:35:12,470 --> 01:35:09,920

yeah

2870

01:35:14,950 --> 01:35:12,480

exactly man i love that well i'm looking

2871

01:35:17,750 --> 01:35:14,960

forward to hearing more about that and

2872

01:35:20,070 --> 01:35:17,760

of course last question for you where

2873

01:35:22,870 --> 01:35:20,080

can we find everything you're up to and

2874

01:35:23,990 --> 01:35:22,880

uh yeah what chris leaders got coming up

2875

01:35:26,870 --> 01:35:24,000

with

2876

01:35:29,510 --> 01:35:26,880

uh youtube's is my main you know where i

2877

01:35:32,470 --> 01:35:29,520

mainly live so just chris lato

2878

01:35:34,629 --> 01:35:32,480

uh and then i have a patreon um um so if

2879

01:35:37,270 --> 01:35:34,639

they're interested support me on patreon

2880

01:35:39,350 --> 01:35:37,280

i i'm pretty active on that i and again

2881

01:35:42,470 --> 01:35:39,360

i want to build a

2882

01:35:43,750 --> 01:35:42,480

like a real team you know or

2883

01:35:45,270 --> 01:35:43,760

i don't know so

2884

01:35:46,629 --> 01:35:45,280

whatever ridiculously you want to build

2885

01:35:48,310 --> 01:35:46,639

a movement or something not a movement i

2886

01:35:49,590 --> 01:35:48,320

just want to get get stuff done i want

2887

01:35:51,030 --> 01:35:49,600

to get [h__h] done and i want to put a

2888

01:35:52,550 --> 01:35:51,040

satellite into space that's looking for

2889

01:35:54,709 --> 01:35:52,560

uaps and i want to put

2890

01:35:57,830 --> 01:35:54,719

satellites not maybe not satellites but

2891

01:35:59,990 --> 01:35:57,840

skyhub systems in hotspot areas put them

2892

01:36:00,280 --> 01:36:00,000

in locations of cities

2893

01:36:01,510 --> 01:36:00,290

um

2894

01:36:03,189 --> 01:36:01,520

[Music]

2895

01:36:05,189 --> 01:36:03,199

yeah i mean just get our own evidence we

2896

01:36:06,950 --> 01:36:05,199

don't we can just we can keep being mad

2897

01:36:09,030 --> 01:36:06,960

at the government for lying to us for 70

2898

01:36:11,189 --> 01:36:09,040

years oh this time they'll come around

2899

01:36:14,470 --> 01:36:11,199

you know like right past performance is

2900

01:36:16,149 --> 01:36:14,480

no indication of future results uh

2901

01:36:18,070 --> 01:36:16,159

yeah i just i want to get

2902

01:36:19,669 --> 01:36:18,080

my own i think it'd be super fun i've

2903

01:36:21,510 --> 01:36:19,679

always wanted to you know send something

2904

01:36:24,550 --> 01:36:21,520

into space like why not get the whole

2905

01:36:25,990 --> 01:36:24,560

uap community focused on it and you know

2906

01:36:27,430 --> 01:36:26,000

someone else do it i show them how to do

2907

01:36:28,629 --> 01:36:27,440

it and then other people do it i don't

2908

01:36:31,109 --> 01:36:28,639

care like

2909

01:36:32,149 --> 01:36:31,119

yep but it's the ripple effect man i

2910

01:36:34,550 --> 01:36:32,159

love that

2911

01:36:36,550 --> 01:36:34,560

awesome chris well hey man again

2912

01:36:39,270 --> 01:36:36,560

we've been very gracious with your time

2913

01:36:41,270 --> 01:36:39,280

we covered so much i know there's more

2914

01:36:43,590 --> 01:36:41,280

listener questions and stuff we didn't

2915

01:36:44,870 --> 01:36:43,600

get to so i'd love to have you on again

2916

01:36:46,870 --> 01:36:44,880

but um

2917

01:36:49,590 --> 01:36:46,880

i gotta thank you for all you're doing

2918

01:36:51,830 --> 01:36:49,600

again just upping the legitimacy of this

2919

01:36:53,350 --> 01:36:51,840

topic where it needs to be i think and

2920

01:36:55,350 --> 01:36:53,360

uh i gotta thank you for coming on

2921

01:36:57,270 --> 01:36:55,360

somewhere in the skies today awesome no

2922

01:36:59,590 --> 01:36:57,280

thanks ryan great to meet you man and uh

2923

01:37:01,430 --> 01:36:59,600

yeah i'll come on again just uh just

2924

01:37:07,460 --> 01:37:01,440

when i have the time so no worries
