

# SOMEWHERE IN THE SKIES

**SOVIET UFOS**

---

**BEHIND THE IRON CURTAIN**

1  
00:00:09,270 --> 00:00:05,990  
the following is a first-hand account by

2  
00:00:11,589 --> 00:00:09,280  
lieutenant colonel lev vyatkin a former

3  
00:00:12,950 --> 00:00:11,599  
fighter pilot from the former soviet

4  
00:00:15,910 --> 00:00:12,960  
union

5  
00:00:19,029 --> 00:00:15,920  
it was originally published in volume 39

6  
00:00:22,390 --> 00:00:19,039  
of the flying saucer review

7  
00:00:25,109 --> 00:00:22,400  
on august 13 1967 i took off in my

8  
00:00:27,589 --> 00:00:25,119  
interceptor for a training flight

9  
00:00:28,630 --> 00:00:27,599  
the time was several minutes past 23

10  
00:00:30,230 --> 00:00:28,640  
hours

11  
00:00:32,389 --> 00:00:30,240  
i turned on the after burning in order

12  
00:00:34,549 --> 00:00:32,399  
to climb to ten thousand meter i

13  
00:00:36,310 --> 00:00:34,559

maneuvered the plane to face the beam

14

00:00:38,310 --> 00:00:36,320

determined my location

15

00:00:41,110 --> 00:00:38,320

reported to the flight commander and

16

00:00:44,310 --> 00:00:41,120

smoothly banked the plane to the left

17

00:00:46,869 --> 00:00:44,320

it was a calm moonless night the bright

18

00:00:49,190 --> 00:00:46,879

constellations added to its charm

19

00:00:51,110 --> 00:00:49,200

the plane had performed half of the turn

20

00:00:53,910 --> 00:00:51,120

and was facing the sea

21

00:00:54,869 --> 00:00:53,920

the lights of yalta a black sea resort

22

00:00:56,229 --> 00:00:54,879

town

23

00:00:58,549 --> 00:00:56,239

glimmer below

24

00:01:00,229 --> 00:00:58,559

along the half moon of the beach

25

00:01:01,349 --> 00:01:00,239

i made a routine check of the flight

26  
00:01:03,189 --> 00:01:01,359  
instrument

27  
00:01:04,070 --> 00:01:03,199  
the engine murmured behind my armored

28  
00:01:05,910 --> 00:01:04,080  
chair

29  
00:01:07,830 --> 00:01:05,920  
everything was okay

30  
00:01:08,950 --> 00:01:07,840  
the flight conformed all standard

31  
00:01:11,190 --> 00:01:08,960  
procedure

32  
00:01:13,030 --> 00:01:11,200  
at that moment i caught sight of the

33  
00:01:15,429 --> 00:01:13,040  
thing that later kept returning to my

34  
00:01:17,749 --> 00:01:15,439  
memory and troubling me making me recall

35  
00:01:20,230 --> 00:01:17,759  
the details of my night flight time and

36  
00:01:21,990 --> 00:01:20,240  
time again searching for an explanation

37  
00:01:24,149 --> 00:01:22,000  
for what happened then

38  
00:01:25,670 --> 00:01:24,159

i saw the object when i looked up from

39

00:01:28,149 --> 00:01:25,680

the instruments

40

00:01:30,550 --> 00:01:28,159

it was a very large oval shaped object

41

00:01:31,590 --> 00:01:30,560

which somehow fixed to the port of my

42

00:01:35,590 --> 00:01:31,600

plane

43

00:01:37,830 --> 00:01:35,600

could not help but worry me

44

00:01:40,550 --> 00:01:37,840

so i request the flight commander major

45

00:01:42,230 --> 00:01:40,560

muzotov at once

46

00:01:44,149 --> 00:01:42,240

who is in the zone

47

00:01:45,670 --> 00:01:44,159

he consulted his instruments and

48

00:01:47,190 --> 00:01:45,680

answered my surprise that there was

49

00:01:50,870 --> 00:01:47,200

nobody in the zone

50

00:01:52,950 --> 00:01:50,880

as all other planes had already landed

51  
00:01:54,789 --> 00:01:52,960  
i banked the plane to the right

52  
00:01:57,270 --> 00:01:54,799  
trying not to lose sight of the strange

53  
00:01:59,670 --> 00:01:57,280  
object which worried me a lot

54  
00:02:01,830 --> 00:01:59,680  
however several seconds later its lights

55  
00:02:04,630 --> 00:02:01,840  
went gradually down as if a railstat

56  
00:02:06,469 --> 00:02:04,640  
switch had been turned off inside

57  
00:02:08,630 --> 00:02:06,479  
meanwhile the plane made a complete

58  
00:02:09,830 --> 00:02:08,640  
right turn and came back to the starting

59  
00:02:11,510 --> 00:02:09,840  
point

60  
00:02:13,350 --> 00:02:11,520  
i considered my next move and then

61  
00:02:16,630 --> 00:02:13,360  
decided to make the left turn i had

62  
00:02:18,550 --> 00:02:16,640  
planned trying to be careful as possible

63  
00:02:21,030 --> 00:02:18,560

hardly i'd have banked the plane to the

64

00:02:23,190 --> 00:02:21,040

left and adjusted the speed and thrust

65

00:02:26,150 --> 00:02:23,200

when i saw a flash of bright light from

66

00:02:27,670 --> 00:02:26,160

above straight on the course of my plane

67

00:02:30,630 --> 00:02:27,680

then a slanting

68

00:02:31,589 --> 00:02:30,640

milky white fray appeared in front of my

69

00:02:33,990 --> 00:02:31,599

plane

70

00:02:36,550 --> 00:02:34,000

the ray was closing in on me

71

00:02:38,710 --> 00:02:36,560

had i not leveled out the ray would have

72

00:02:42,150 --> 00:02:38,720

hit my fuselage or

73

00:02:43,910 --> 00:02:42,160

to be more exact my cockpit

74

00:02:45,670 --> 00:02:43,920

all the same i hit the ray with left

75

00:02:47,670 --> 00:02:45,680

wing

76  
00:02:48,710 --> 00:02:47,680  
i was approaching the ray at a very high

77  
00:02:51,509 --> 00:02:48,720  
speed

78  
00:02:53,509 --> 00:02:51,519  
not taking my eyes off it so i had time

79  
00:02:55,190 --> 00:02:53,519  
to notice and feel something very

80  
00:02:57,750 --> 00:02:55,200  
strange

81  
00:02:59,990 --> 00:02:57,760  
no sooner had the wing touch the ray

82  
00:03:02,550 --> 00:03:00,000  
then the ladder broke into a myriad of

83  
00:03:04,630 --> 00:03:02,560  
tiny sparkles like those you see in a

84  
00:03:06,229 --> 00:03:04,640  
spent firework

85  
00:03:08,550 --> 00:03:06,239  
the plane shook violently and the

86  
00:03:11,190 --> 00:03:08,560  
instruments read off the scale

87  
00:03:13,030 --> 00:03:11,200  
is the ray solid i thought instinctively

88  
00:03:14,790 --> 00:03:13,040

with my eyes still on the strange

89

00:03:16,149 --> 00:03:14,800

sparkling pillar which stretched

90

00:03:18,070 --> 00:03:16,159

downwards

91

00:03:19,750 --> 00:03:18,080

soon the light above and the ray below

92

00:03:22,790 --> 00:03:19,760

disappeared

93

00:03:25,270 --> 00:03:22,800

i kept searching the starry skies above

94

00:03:26,229 --> 00:03:25,280

for more surprises but everything was

95

00:03:28,550 --> 00:03:26,239

quiet

96

00:03:30,789 --> 00:03:28,560

my night flight ended safely

97

00:03:32,710 --> 00:03:30,799

for many day afterward the surface of

98

00:03:34,710 --> 00:03:32,720

the wing which had come into contact

99

00:03:38,070 --> 00:03:34,720

with the strange ray shone at night as

100

00:03:40,550 --> 00:03:38,080

if to remind me of the phenomenon

101

00:03:43,350 --> 00:03:40,560

the account you just heard is one of

102

00:03:46,630 --> 00:03:43,360

many ufo incidents alleged to have

103

00:03:49,830 --> 00:03:46,640

occurred in the former soviet union

104

00:03:52,229 --> 00:03:49,840

while many unearthed documents and files

105

00:03:55,110 --> 00:03:52,239

have been obtained throughout the years

106

00:03:57,830 --> 00:03:55,120

it's important to consider the veracity

107

00:04:00,149 --> 00:03:57,840

of such reports during the cold war

108

00:04:02,390 --> 00:04:00,159

could this all be some sort of strange

109

00:04:05,750 --> 00:04:02,400

intelligence game

110

00:04:08,470 --> 00:04:05,760

however as we'll see if even one of

111

00:04:10,309 --> 00:04:08,480

these accounts is true they only add to

112

00:04:12,789 --> 00:04:10,319

the immeasurable amount of ufo

113

00:04:15,110 --> 00:04:12,799

encounters not just in russia but

114

00:04:19,189 --> 00:04:15,120

throughout the entire world

115

00:04:23,590 --> 00:04:19,199

this is a case history of soviet ufos

116

00:04:34,260 --> 00:04:23,600

pursuits crashes and encounters behind

117

00:04:40,310 --> 00:04:35,990

[Music]

118

00:04:43,110 --> 00:04:40,320

on august 28 1991 an unknown object was

119

00:04:45,670 --> 00:04:43,120

spotted over the caspian sea

120

00:04:48,390 --> 00:04:45,680

it was tracked by radar operators at the

121

00:04:50,150 --> 00:04:48,400

tracking station on the mangeshlock

122

00:04:52,710 --> 00:04:50,160

peninsula

123

00:04:55,749 --> 00:04:52,720

with estimates that were around 2 000

124

00:04:59,590 --> 00:04:55,759

feet long and around 300 feet wide and

125

00:05:02,629 --> 00:04:59,600

was at an altitude of 21 000 feet

126  
00:05:04,950 --> 00:05:02,639  
the object's speed was clocked at over 6

127  
00:05:07,830 --> 00:05:04,960  
000 miles per hour

128  
00:05:10,390 --> 00:05:07,840  
after issuing the standard friend or foe

129  
00:05:13,110 --> 00:05:10,400  
request and receiving no reply the

130  
00:05:16,230 --> 00:05:13,120  
tracking station notified the cosmodrome

131  
00:05:19,670 --> 00:05:16,240  
at kapustan yar a russian rocket launch

132  
00:05:22,830 --> 00:05:19,680  
and development site in ostracon oblast

133  
00:05:25,909 --> 00:05:22,840  
about a hundred kilometers east of

134  
00:05:28,469 --> 00:05:25,919  
volgograd they would confirm that they

135  
00:05:30,550 --> 00:05:28,479  
too had the object on their radars and

136  
00:05:33,510 --> 00:05:30,560  
that no other aircraft from their

137  
00:05:35,749 --> 00:05:33,520  
facility was in the region

138  
00:05:38,070 --> 00:05:35,759

it was at this point that a military

139

00:05:41,350 --> 00:05:38,080

alert was sounded

140

00:05:43,510 --> 00:05:41,360

moments later two mig-29 fighter jets

141

00:05:45,749 --> 00:05:43,520

that were already airborne on a routine

142

00:05:48,469 --> 00:05:45,759

mission were sent toward the region in

143

00:05:50,150 --> 00:05:48,479

an attempt to intercept the invading

144

00:05:52,550 --> 00:05:50,160

object

145

00:05:55,430 --> 00:05:52,560

at the same time two further migs were

146

00:05:57,590 --> 00:05:55,440

scrambled from the ground to join them

147

00:06:00,710 --> 00:05:57,600

their orders were simple

148

00:06:03,990 --> 00:06:00,720

have the unknown craft land and if they

149

00:06:06,870 --> 00:06:04,000

refused shoot it down

150

00:06:09,990 --> 00:06:06,880

a short time later all four of the jets

151  
00:06:13,189 --> 00:06:10,000  
were over the arel sea and soon had

152  
00:06:15,749 --> 00:06:13,199  
radar followed by visual confirmation

153  
00:06:19,590 --> 00:06:15,759  
they would describe the unknown object

154  
00:06:21,909 --> 00:06:19,600  
as being metallic gray and elongated

155  
00:06:24,629 --> 00:06:21,919  
at this point the leader of the migs

156  
00:06:27,670 --> 00:06:24,639  
issued another friend or foe request

157  
00:06:30,230 --> 00:06:27,680  
before ordering it to fall in behind so

158  
00:06:33,590 --> 00:06:30,240  
they could guide it to the ground

159  
00:06:36,390 --> 00:06:33,600  
once again they received no response

160  
00:06:39,510 --> 00:06:36,400  
the migs flying around 2500 feet from

161  
00:06:41,670 --> 00:06:39,520  
the object began to close in

162  
00:06:44,070 --> 00:06:41,680  
the closer the mig fighters got to the

163  
00:06:46,710 --> 00:06:44,080

object the more detail they could make

164

00:06:49,909 --> 00:06:46,720

out there appeared to be some writing or

165

00:06:52,469 --> 00:06:49,919

symbols on the exterior in a green color

166

00:06:54,469 --> 00:06:52,479

but the pilots claimed these were an

167

00:06:56,390 --> 00:06:54,479

unknown language

168

00:06:59,110 --> 00:06:56,400

they also noticed what happened to be

169

00:07:01,189 --> 00:06:59,120

two port holes at what they assumed was

170

00:07:03,510 --> 00:07:01,199

the front of the object

171

00:07:06,230 --> 00:07:03,520

with the object or at least their

172

00:07:08,710 --> 00:07:06,240

occupants seeming little concerned about

173

00:07:10,950 --> 00:07:08,720

the mig fighters at all the flight

174

00:07:12,629 --> 00:07:10,960

leader radioed to ground control for

175

00:07:15,270 --> 00:07:12,639

further instruction

176

00:07:18,150 --> 00:07:15,280

rather than open fire at this stage they

177

00:07:19,670 --> 00:07:18,160

were ordered to close in on the craft a

178

00:07:21,830 --> 00:07:19,680

little tighter

179

00:07:24,390 --> 00:07:21,840

once they were parallel to the vehicle

180

00:07:26,230 --> 00:07:24,400

they were ordered to fire warning shots

181

00:07:28,550 --> 00:07:26,240

in front of it

182

00:07:32,230 --> 00:07:28,560

the migs reduced their distance from the

183

00:07:35,110 --> 00:07:32,240

object from 2500 feet to around 1500

184

00:07:37,350 --> 00:07:35,120

feet two on each side however when they

185

00:07:40,070 --> 00:07:37,360

went to fire the warning shots there was

186

00:07:43,510 --> 00:07:40,080

no response in fact all of the

187

00:07:46,390 --> 00:07:43,520

electrical systems suddenly went down

188

00:07:48,550 --> 00:07:46,400

even worse the engines to the planes

189

00:07:50,870 --> 00:07:48,560

started to fail

190

00:07:53,830 --> 00:07:50,880

forced to head back to base as best they

191

00:07:55,350 --> 00:07:53,840

could the object soon took off into the

192

00:07:57,589 --> 00:07:55,360

distance

193

00:08:01,110 --> 00:07:57,599

incidentally all four of the planes

194

00:08:04,230 --> 00:08:01,120

controls and engines recovered once the

195

00:08:06,390 --> 00:08:04,240

object had moved away from the fighters

196

00:08:08,309 --> 00:08:06,400

in the meantime radar operators

197

00:08:10,629 --> 00:08:08,319

continued to follow the object's

198

00:08:13,430 --> 00:08:10,639

progress noting that it appeared to be

199

00:08:16,629 --> 00:08:13,440

heading back to the rlc

200

00:08:21,350 --> 00:08:16,639

the operators calculated its speed at an

201  
00:08:23,990 --> 00:08:21,360  
unbelievable 42 000 miles per hour

202  
00:08:26,390 --> 00:08:24,000  
they warned other military and civilian

203  
00:08:29,189 --> 00:08:26,400  
airfields in the approximate flight path

204  
00:08:31,670 --> 00:08:29,199  
of the object of its presence now

205  
00:08:35,269 --> 00:08:31,680  
worried that a collision with another

206  
00:08:38,230 --> 00:08:35,279  
aircraft was a distinct possibility

207  
00:08:39,350 --> 00:08:38,240  
they watched the object for over 45

208  
00:08:43,269 --> 00:08:39,360  
minutes

209  
00:08:45,590 --> 00:08:43,279  
then without warning it simply vanished

210  
00:08:48,310 --> 00:08:45,600  
from the radar screens

211  
00:08:51,590 --> 00:08:48,320  
it wasn't however the end of the

212  
00:08:53,990 --> 00:08:51,600  
incident in fact it was only just

213  
00:08:56,310 --> 00:08:54,000

beginning

214

00:08:58,790 --> 00:08:56,320

over the following weeks there was much

215

00:09:01,110 --> 00:08:58,800

discussion and military briefings

216

00:09:04,230 --> 00:09:01,120

regarding the incident as well as

217

00:09:06,150 --> 00:09:04,240

preliminary investigations it would soon

218

00:09:08,710 --> 00:09:06,160

come to light that according to local

219

00:09:11,190 --> 00:09:08,720

rumors on the day of the incident

220

00:09:14,630 --> 00:09:11,200

several members of the local population

221

00:09:17,750 --> 00:09:14,640

witnessed a huge object crash into the

222

00:09:21,110 --> 00:09:17,760

shaitan mazar mountain region

223

00:09:22,550 --> 00:09:21,120

chaitin mazar is russian for grave of

224

00:09:24,949 --> 00:09:22,560

the devil

225

00:09:27,430 --> 00:09:24,959

by the end of september an expedition

226

00:09:28,630 --> 00:09:27,440

team was formed to locate the downed

227

00:09:30,949 --> 00:09:28,640

craft

228

00:09:33,829 --> 00:09:30,959

this unit was made up of a combination

229

00:09:37,430 --> 00:09:33,839

of ufo researchers from the ufo

230

00:09:39,990 --> 00:09:37,440

organization sakufan led by anton

231

00:09:42,389 --> 00:09:40,000

bogatov several locals who knew the area

232

00:09:44,150 --> 00:09:42,399

well and several experienced mountain

233

00:09:46,550 --> 00:09:44,160

climbers

234

00:09:49,430 --> 00:09:46,560

the environment of the mountain range

235

00:09:50,790 --> 00:09:49,440

they were about to enter was far from

236

00:09:53,670 --> 00:09:50,800

forgiving

237

00:09:55,750 --> 00:09:53,680

the search was two weeks old but no sign

238

00:09:56,710 --> 00:09:55,760

of the crash site or the wreckage was

239

00:09:59,110 --> 00:09:56,720

found

240

00:10:01,910 --> 00:09:59,120

however rumors reached the team through

241

00:10:04,790 --> 00:10:01,920

local messengers that several residents

242

00:10:06,949 --> 00:10:04,800

had indeed found the site

243

00:10:09,509 --> 00:10:06,959

of concern was that they appeared to

244

00:10:11,910 --> 00:10:09,519

have suffered burns shortly after

245

00:10:14,790 --> 00:10:11,920

venturing there and bizarrely their

246

00:10:16,710 --> 00:10:14,800

watches all ceased working

247

00:10:19,509 --> 00:10:16,720

the group eventually headed to the

248

00:10:22,870 --> 00:10:19,519

surrey jaws river valley determined to

249

00:10:25,750 --> 00:10:22,880

visit the location of the apparent crash

250

00:10:28,389 --> 00:10:25,760

however after a further two weeks into

251  
00:10:30,150 --> 00:10:28,399  
the harsh snowy environment and with

252  
00:10:32,470 --> 00:10:30,160  
several members of the search team

253  
00:10:36,310 --> 00:10:32,480  
suffering from frostbite they made the

254  
00:10:38,949 --> 00:10:36,320  
decision to head back to their base camp

255  
00:10:40,790 --> 00:10:38,959  
ultimately the search mission was

256  
00:10:43,269 --> 00:10:40,800  
unsuccessful

257  
00:10:47,350 --> 00:10:43,279  
the rumors and local gossip of the

258  
00:10:50,389 --> 00:10:47,360  
crashed ufo though continued and so did

259  
00:10:53,110 --> 00:10:50,399  
talk of the event among high-ranking

260  
00:10:55,350 --> 00:10:53,120  
russian officials

261  
00:10:57,590 --> 00:10:55,360  
despite the fact that the first team had

262  
00:10:59,670 --> 00:10:57,600  
failed to locate the crash site even

263  
00:11:01,750 --> 00:10:59,680

after a month of searching russian

264

00:11:03,829 --> 00:11:01,760

authorities were looking to launch a

265

00:11:05,670 --> 00:11:03,839

second attempt

266

00:11:07,670 --> 00:11:05,680

when the russian air force claimed to

267

00:11:10,790 --> 00:11:07,680

have located the wreckage in november of

268

00:11:11,910 --> 00:11:10,800

1991 it appeared their fortunes had

269

00:11:14,230 --> 00:11:11,920

turned

270

00:11:16,150 --> 00:11:14,240

however as the unit attempted to hoist a

271

00:11:19,670 --> 00:11:16,160

piece of the wreckage it caused the

272

00:11:22,710 --> 00:11:19,680

helicopter they were using to crash

273

00:11:25,750 --> 00:11:22,720

all of those on board were killed

274

00:11:27,829 --> 00:11:25,760

sakufan was informed of the incident as

275

00:11:30,230 --> 00:11:27,839

well as the fact that a new search team

276

00:11:32,550 --> 00:11:30,240

was to be arranged for the late spring

277

00:11:34,949 --> 00:11:32,560

of 1992

278

00:11:37,590 --> 00:11:34,959

this time though the unit would be much

279

00:11:40,150 --> 00:11:37,600

larger and under the overall leadership

280

00:11:42,870 --> 00:11:40,160

of a retired russian major

281

00:11:45,590 --> 00:11:42,880

one german svekov

282

00:11:47,750 --> 00:11:45,600

what's more rather than just set out for

283

00:11:50,150 --> 00:11:47,760

the crash site all of those involved had

284

00:11:53,030 --> 00:11:50,160

to undergo training and pass multiple

285

00:11:54,790 --> 00:11:53,040

examinations and tests

286

00:11:58,389 --> 00:11:54,800

ultimately when the second search

287

00:12:01,269 --> 00:11:58,399

mission set out in june of 1992 they did

288

00:12:03,190 --> 00:12:01,279

so in three units each covering a

289

00:12:05,430 --> 00:12:03,200

different area around the location of

290

00:12:07,590 --> 00:12:05,440

the discovery of the helicopter crew the

291

00:12:09,990 --> 00:12:07,600

previous november

292

00:12:11,670 --> 00:12:10,000

within several weeks after combing much

293

00:12:14,310 --> 00:12:11,680

of the area they discovered what

294

00:12:16,069 --> 00:12:14,320

appeared to be the site where the ufo

295

00:12:19,350 --> 00:12:16,079

had come down

296

00:12:21,990 --> 00:12:19,360

the huge object had broken in two and

297

00:12:25,110 --> 00:12:22,000

sat on a plateau in the grave of the

298

00:12:27,590 --> 00:12:25,120

devil region many of the crew would

299

00:12:30,310 --> 00:12:27,600

recall how they appeared to be an energy

300

00:12:32,470 --> 00:12:30,320

force coming from the object

301  
00:12:33,750 --> 00:12:32,480  
an energy of such that was almost

302  
00:12:36,790 --> 00:12:33,760  
palpable

303  
00:12:38,790 --> 00:12:36,800  
even when at a distance of around 5000

304  
00:12:41,590 --> 00:12:38,800  
feet from the object

305  
00:12:44,550 --> 00:12:41,600  
as they moved closer their excitement

306  
00:12:47,910 --> 00:12:44,560  
began to turn to sudden and unexplained

307  
00:12:50,310 --> 00:12:47,920  
feelings of anxiousness and fear

308  
00:12:52,870 --> 00:12:50,320  
and the closer they got the stronger

309  
00:12:55,590 --> 00:12:52,880  
these feelings became

310  
00:12:57,350 --> 00:12:55,600  
various electronic devices and equipment

311  
00:13:00,150 --> 00:12:57,360  
began to malfunction

312  
00:13:03,110 --> 00:13:00,160  
at the same time there was an electrical

313  
00:13:04,389 --> 00:13:03,120

feel to the air which now appeared very

314

00:13:06,310 --> 00:13:04,399

humid

315

00:13:09,269 --> 00:13:06,320

even stranger when they checked their

316

00:13:12,470 --> 00:13:09,279

compasses all the needles were pointed

317

00:13:14,069 --> 00:13:12,480

directly to the craft

318

00:13:16,710 --> 00:13:14,079

due to many of their devices

319

00:13:19,110 --> 00:13:16,720

malfunctioning most of the planned tests

320

00:13:21,430 --> 00:13:19,120

had been abandoned

321

00:13:23,910 --> 00:13:21,440

despite not being able to get any closer

322

00:13:26,470 --> 00:13:23,920

than around 2500 feet to the crippled

323

00:13:28,870 --> 00:13:26,480

craft they could take in plenty of

324

00:13:30,790 --> 00:13:28,880

details visually

325

00:13:33,030 --> 00:13:30,800

as the unit looked around the scene they

326

00:13:35,750 --> 00:13:33,040

were able to work out a likely scenario

327

00:13:37,110 --> 00:13:35,760

as to what had happened to this strange

328

00:13:39,430 --> 00:13:37,120

vehicle

329

00:13:41,350 --> 00:13:39,440

above where they stood was a large

330

00:13:43,350 --> 00:13:41,360

overhanging cliff

331

00:13:45,990 --> 00:13:43,360

it appeared to those present that the

332

00:13:48,550 --> 00:13:46,000

object had crashed into this overhang

333

00:13:51,590 --> 00:13:48,560

which had caused it to break into two

334

00:13:55,030 --> 00:13:51,600

and come crashing to the ground skidding

335

00:13:57,990 --> 00:13:55,040

around 5000 feet before stopping

336

00:13:59,910 --> 00:13:58,000

it was also clear that an explosion

337

00:14:02,069 --> 00:13:59,920

likely to have happened as a result of

338

00:14:04,470 --> 00:14:02,079

the impact with the overhang was the

339

00:14:05,829 --> 00:14:04,480

cause of the craft having broken into

340

00:14:11,269 --> 00:14:05,839

two

341

00:14:14,069 --> 00:14:11,279

sides of the object allowed the search

342

00:14:16,389 --> 00:14:14,079

unit to see inside

343

00:14:19,430 --> 00:14:16,399

although they could see no sign of a

344

00:14:23,110 --> 00:14:19,440

crew of any kind they could see strange

345

00:14:25,350 --> 00:14:23,120

beams and the flooring of the craft

346

00:14:27,269 --> 00:14:25,360

there was also considerable damage to

347

00:14:29,750 --> 00:14:27,279

the front of the vehicle where it had

348

00:14:32,389 --> 00:14:29,760

seemingly hit the ground

349

00:14:35,350 --> 00:14:32,399

the symbols reported by the make pilots

350

00:14:38,230 --> 00:14:35,360

on the day the object appeared were also

351

00:14:40,550 --> 00:14:38,240

clearly visible on this craft

352

00:14:42,629 --> 00:14:40,560

copies were quickly drawn and all of

353

00:14:44,790 --> 00:14:42,639

those who studied them attested that

354

00:14:46,550 --> 00:14:44,800

they had never seen anything like these

355

00:14:50,069 --> 00:14:46,560

symbols before

356

00:14:52,550 --> 00:14:50,079

and that they match no known language

357

00:14:54,710 --> 00:14:52,560

incidentally the search unit managed to

358

00:14:57,269 --> 00:14:54,720

capture multiple photographs of the

359

00:15:00,870 --> 00:14:57,279

downed craft however it would appear

360

00:15:04,150 --> 00:15:00,880

that the energy field ruined the film as

361

00:15:05,910 --> 00:15:04,160

all of the photos appeared very darkened

362

00:15:08,069 --> 00:15:05,920

and blurred

363

00:15:10,629 --> 00:15:08,079

this was much the same for the attempts

364

00:15:13,030 --> 00:15:10,639

to video the craft as well

365

00:15:14,230 --> 00:15:13,040

with the video cameras not working at

366

00:15:16,629 --> 00:15:14,240

all

367

00:15:19,670 --> 00:15:16,639

the unit also discovered the remains of

368

00:15:22,710 --> 00:15:19,680

the wrecked helicopter now theorizing

369

00:15:24,150 --> 00:15:22,720

that the intense electromagnetic fields

370

00:15:26,470 --> 00:15:24,160

could very well have caused the

371

00:15:29,110 --> 00:15:26,480

helicopter's equipment to malfunction

372

00:15:31,189 --> 00:15:29,120

and ultimately send it crashing to the

373

00:15:34,150 --> 00:15:31,199

terrain below

374

00:15:37,350 --> 00:15:34,160

they did find it a little perplexing and

375

00:15:38,829 --> 00:15:37,360

perhaps unnerving that there was no sign

376

00:15:41,829 --> 00:15:38,839

of any

377

00:15:44,069 --> 00:15:41,839

bodies although a third mission to the

378

00:15:46,150 --> 00:15:44,079

site was in the planning almost

379

00:15:48,790 --> 00:15:46,160

immediately after the discovery of the

380

00:15:54,389 --> 00:15:48,800

crashed craft it would not go ahead

381

00:15:57,509 --> 00:15:54,399

until six years later in august of 1998.

382

00:15:58,790 --> 00:15:57,519

and even then it was a severely depleted

383

00:16:01,509 --> 00:15:58,800

effort

384

00:16:04,629 --> 00:16:01,519

they failed to secure the services and

385

00:16:07,350 --> 00:16:04,639

funding of german svekkov who had led

386

00:16:10,550 --> 00:16:07,360

the successful second mission as the

387

00:16:12,550 --> 00:16:10,560

russian economy was in a severe downturn

388

00:16:15,030 --> 00:16:12,560

he declined to become involved with the

389

00:16:18,550 --> 00:16:15,040

third attempt so he could concentrate on

390

00:16:20,710 --> 00:16:18,560

his already struggling businesses

391

00:16:22,870 --> 00:16:20,720

during this third mission however they

392

00:16:24,790 --> 00:16:22,880

would find the site but all that

393

00:16:27,269 --> 00:16:24,800

remained were the markers they

394

00:16:28,870 --> 00:16:27,279

themselves had left to mark where the

395

00:16:31,590 --> 00:16:28,880

craft had been

396

00:16:33,430 --> 00:16:31,600

the wreckage itself was nowhere to be

397

00:16:36,069 --> 00:16:33,440

found

398

00:16:38,230 --> 00:16:36,079

it was suspected that the military had

399

00:16:41,509 --> 00:16:38,240

discreetly returned following the

400

00:16:43,749 --> 00:16:41,519

discovery of the craft and retrieved it

401  
00:16:46,710 --> 00:16:43,759  
perhaps the fact that the ground had

402  
00:16:49,030 --> 00:16:46,720  
seemingly been planed and smoothed out

403  
00:16:51,189 --> 00:16:49,040  
so as to take away any evidence that an

404  
00:16:53,030 --> 00:16:51,199  
impact had happened

405  
00:16:55,269 --> 00:16:53,040  
there is perhaps much more to

406  
00:16:57,350 --> 00:16:55,279  
contemplate from this apparent case of a

407  
00:17:00,629 --> 00:16:57,360  
crashed ufo

408  
00:17:03,509 --> 00:17:00,639  
it is certainly an intriguing account

409  
00:17:06,870 --> 00:17:03,519  
and one that has details that arise in

410  
00:17:09,189 --> 00:17:06,880  
other such cases of downed ufos

411  
00:17:11,990 --> 00:17:09,199  
however while the credibility of the

412  
00:17:14,309 --> 00:17:12,000  
sources here is not in question per se

413  
00:17:16,870 --> 00:17:14,319

there are several sticking points that

414

00:17:19,510 --> 00:17:16,880

are perhaps worth examining

415

00:17:22,069 --> 00:17:19,520

the fact that no photographs or video

416

00:17:24,949 --> 00:17:22,079

footage was captured for example perhaps

417

00:17:26,470 --> 00:17:24,959

falls very nicely into the hands of

418

00:17:28,710 --> 00:17:26,480

skeptics

419

00:17:31,590 --> 00:17:28,720

after all if we assume that the

420

00:17:34,390 --> 00:17:31,600

electromagnetic energy did ruin the

421

00:17:36,470 --> 00:17:34,400

photos and films we might assume that

422

00:17:38,870 --> 00:17:36,480

the authorities would have dispatched a

423

00:17:41,029 --> 00:17:38,880

plane on a photographic mission or even

424

00:17:43,990 --> 00:17:41,039

sent another unit to the area and have

425

00:17:46,630 --> 00:17:44,000

them photograph it from further away

426  
00:17:48,630 --> 00:17:46,640  
and what about the third mission did the

427  
00:17:51,909 --> 00:17:48,640  
military remove the wreckage of the

428  
00:17:54,870 --> 00:17:51,919  
craft in the time it took to organize it

429  
00:17:57,590 --> 00:17:54,880  
and might his concerns of his business

430  
00:18:00,070 --> 00:17:57,600  
not be the only reason that chekhov

431  
00:18:01,190 --> 00:18:00,080  
declined to set out to the site a third

432  
00:18:03,110 --> 00:18:01,200  
time

433  
00:18:06,070 --> 00:18:03,120  
might it be given his military

434  
00:18:09,029 --> 00:18:06,080  
background that he was fully aware that

435  
00:18:11,350 --> 00:18:09,039  
the craft was no longer there

436  
00:18:14,070 --> 00:18:11,360  
ultimately this incident remains of

437  
00:18:15,190 --> 00:18:14,080  
interest to ufo researchers up until

438  
00:18:17,669 --> 00:18:15,200

today

439

00:18:20,950 --> 00:18:17,679

but as mentioned this wasn't the only

440

00:18:25,029 --> 00:18:20,960

supposed ufo crash to take place in the

441

00:18:30,390 --> 00:18:27,430

according to an account written by ufo

442

00:18:33,510 --> 00:18:30,400

researcher b.j booth which was relayed

443

00:18:37,190 --> 00:18:33,520

to him by researchers anton anfalov

444

00:18:40,549 --> 00:18:37,200

lenora aziz nova and alexander macelov

445

00:18:42,789 --> 00:18:40,559

an alleged ufo crashed on august 10th

446

00:18:45,029 --> 00:18:42,799

1989.

447

00:18:47,669 --> 00:18:45,039

at around 11 a.m on the morning in

448

00:18:50,789 --> 00:18:47,679

question an anomalous object was spotted

449

00:18:53,669 --> 00:18:50,799

by soviet military radar operators near

450

00:18:55,750 --> 00:18:53,679

the city of prolatny with all attempts

451  
00:18:57,510 --> 00:18:55,760  
to communicate with it receiving no

452  
00:18:59,590 --> 00:18:57,520  
response

453  
00:19:01,750 --> 00:18:59,600  
several mig fighters were scrambled into

454  
00:19:04,390 --> 00:19:01,760  
the air to intercept the object while

455  
00:19:06,070 --> 00:19:04,400  
surface-to-air missiles were put on

456  
00:19:07,990 --> 00:19:06,080  
standby

457  
00:19:10,310 --> 00:19:08,000  
with the object heading north one of

458  
00:19:13,029 --> 00:19:10,320  
these missiles was launched and

459  
00:19:15,270 --> 00:19:13,039  
seemingly hit the object causing it to

460  
00:19:16,870 --> 00:19:15,280  
crash somewhere in the caucasian

461  
00:19:19,909 --> 00:19:16,880  
mountains

462  
00:19:22,310 --> 00:19:19,919  
an m18 helicopter immediately carried a

463  
00:19:24,789 --> 00:19:22,320

retrieval team to the location where the

464

00:19:26,630 --> 00:19:24,799

craft was shot down they would soon

465

00:19:30,710 --> 00:19:26,640

locate the remains of what appeared to

466

00:19:32,789 --> 00:19:30,720

be a disc shaped craft just outside of

467

00:19:35,669 --> 00:19:32,799

nichi jacom

468

00:19:38,230 --> 00:19:35,679

they landed nearby and quickly secured

469

00:19:40,070 --> 00:19:38,240

the area putting it off limits to all

470

00:19:41,750 --> 00:19:40,080

but those with official military

471

00:19:43,350 --> 00:19:41,760

clearance

472

00:19:46,070 --> 00:19:43,360

they would estimate the object was

473

00:19:48,710 --> 00:19:46,080

around 20 feet wide and around 10 feet

474

00:19:51,029 --> 00:19:48,720

high and had seemingly dragged along the

475

00:19:53,350 --> 00:19:51,039

ground for a considerable distance

476  
00:19:54,630 --> 00:19:53,360  
before coming to a stop near some large

477  
00:19:56,950 --> 00:19:54,640  
rocks

478  
00:19:59,350 --> 00:19:56,960  
as the team studied the object they

479  
00:20:01,350 --> 00:19:59,360  
could clearly see the damage inflicted

480  
00:20:03,909 --> 00:20:01,360  
by the missile strike

481  
00:20:06,549 --> 00:20:03,919  
after an initial assessment of the scene

482  
00:20:08,390 --> 00:20:06,559  
a team dressed in protective equipment

483  
00:20:09,350 --> 00:20:08,400  
moved toward the craft to investigate

484  
00:20:12,310 --> 00:20:09,360  
further

485  
00:20:15,190 --> 00:20:12,320  
as they did extremely high levels of

486  
00:20:18,870 --> 00:20:15,200  
radiation were detected which some of

487  
00:20:21,510 --> 00:20:18,880  
the unit had undoubtedly been exposed to

488  
00:20:24,549 --> 00:20:21,520

the object was successfully transported

489

00:20:26,710 --> 00:20:24,559

from the crash site to mozdok air base

490

00:20:29,190 --> 00:20:26,720

where a team was assembled to study the

491

00:20:30,630 --> 00:20:29,200

apparent otherworldly craft in more

492

00:20:32,789 --> 00:20:30,640

detail

493

00:20:35,510 --> 00:20:32,799

wearing fully protective clothing the

494

00:20:38,549 --> 00:20:35,520

research team entered the craft through

495

00:20:40,950 --> 00:20:38,559

a door that was partially open likely

496

00:20:42,870 --> 00:20:40,960

from the missile strike

497

00:20:50,470 --> 00:20:42,880

once inside they would make some

498

00:20:54,149 --> 00:20:52,310

what's up guys ryan sprague here and i'm

499

00:20:56,710 --> 00:20:54,159

just dropping in to remind you about our

500

00:20:58,789 --> 00:20:56,720

patreon campaign somewhere in the skies

501  
00:21:00,549 --> 00:20:58,799  
is always free to consume but it's not

502  
00:21:02,390 --> 00:21:00,559  
free to create so if you want to help

503  
00:21:04,630 --> 00:21:02,400  
the show on a monthly basis

504  
00:21:06,870 --> 00:21:04,640  
we have tons of rewards for you in

505  
00:21:10,070 --> 00:21:06,880  
return including shout outs on the show

506  
00:21:13,110 --> 00:21:10,080  
and website bonus content and episodes

507  
00:21:15,190 --> 00:21:13,120  
and free merch want to be my guest or

508  
00:21:17,350 --> 00:21:15,200  
pick a topic for the show you can do

509  
00:21:19,549 --> 00:21:17,360  
that too so if you'd like to learn more

510  
00:21:21,110 --> 00:21:19,559  
and to help support the show visit

511  
00:21:23,909 --> 00:21:21,120  
patreon.com

512  
00:21:24,370 --> 00:21:23,919  
summerskies thank you and keep looking

513  
00:21:29,750 --> 00:21:24,380

up

514

00:21:35,669 --> 00:21:33,430

not only did they find two dead entities

515

00:21:38,070 --> 00:21:35,679

seemingly killed by falling equipment

516

00:21:40,549 --> 00:21:38,080

during the crash but they discovered a

517

00:21:43,029 --> 00:21:40,559

third wounded entity

518

00:21:46,549 --> 00:21:43,039

they would attempt to keep it alive but

519

00:21:49,830 --> 00:21:46,559

ultimately it died a short time after

520

00:21:51,510 --> 00:21:49,840

these strange beings themselves were

521

00:21:54,630 --> 00:21:51,520

described as being around three feet

522

00:21:57,190 --> 00:21:54,640

tall with whitish gray skin although it

523

00:22:01,110 --> 00:21:57,200

appeared the skin was actually an outer

524

00:22:03,350 --> 00:22:01,120

cover such as some futuristic clothing

525

00:22:06,230 --> 00:22:03,360

when they examined underneath this outer

526  
00:22:08,950 --> 00:22:06,240  
cover they discovered skin that was of a

527  
00:22:11,510 --> 00:22:08,960  
blue green cover that appeared to have a

528  
00:22:14,070 --> 00:22:11,520  
reptilian texture to it

529  
00:22:17,190 --> 00:22:14,080  
they would further describe these beings

530  
00:22:20,149 --> 00:22:17,200  
as having extremely large black round

531  
00:22:24,070 --> 00:22:20,159  
eyes and particularly large hairless

532  
00:22:26,870 --> 00:22:24,080  
heads as well as three webbed fingers

533  
00:22:29,830 --> 00:22:26,880  
these details are strikingly similar to

534  
00:22:32,470 --> 00:22:29,840  
what we call the grays

535  
00:22:35,669 --> 00:22:32,480  
the interior of the craft itself was

536  
00:22:38,149 --> 00:22:35,679  
adorned with multiple control panels and

537  
00:22:40,470 --> 00:22:38,159  
buttons with numerous other pieces of

538  
00:22:41,990 --> 00:22:40,480

equipment strewn around the wrecked

539

00:22:44,310 --> 00:22:42,000

cockpit

540

00:22:46,789 --> 00:22:44,320

while these investigations were taking

541

00:22:50,149 --> 00:22:46,799

place according to the account a

542

00:22:53,029 --> 00:22:50,159

cover-up was put into action by the kgb

543

00:22:55,350 --> 00:22:53,039

and all involved remained silent for

544

00:22:57,430 --> 00:22:55,360

many years to come

545

00:23:00,390 --> 00:22:57,440

according to an account in the book

546

00:23:02,549 --> 00:23:00,400

alien liaison by timothy good another

547

00:23:05,750 --> 00:23:02,559

crashed ufo incident occurred several

548

00:23:09,110 --> 00:23:05,760

months earlier in the spring of 1989

549

00:23:12,070 --> 00:23:09,120

just outside vladivostok

550

00:23:15,110 --> 00:23:12,080

the case was investigated by valerie du

551  
00:23:16,870 --> 00:23:15,120  
zielny and further documented by anton

552  
00:23:19,029 --> 00:23:16,880  
and follow

553  
00:23:22,070 --> 00:23:19,039  
the report states that on the day in

554  
00:23:24,630 --> 00:23:22,080  
question soviet navy personnel witnessed

555  
00:23:28,310 --> 00:23:24,640  
a glowing object enter the waters off

556  
00:23:30,149 --> 00:23:28,320  
the coast of the delney vostok region

557  
00:23:32,549 --> 00:23:30,159  
it wasn't certain whether this was a

558  
00:23:35,110 --> 00:23:32,559  
planned dive or whether the object had

559  
00:23:37,990 --> 00:23:35,120  
crashed into the sea but a retrieval

560  
00:23:40,310 --> 00:23:38,000  
mission was put into action

561  
00:23:42,390 --> 00:23:40,320  
the unit was almost immediately

562  
00:23:44,789 --> 00:23:42,400  
successful in their mission quickly

563  
00:23:47,510 --> 00:23:44,799

locating an egg-shaped object

564

00:23:48,950 --> 00:23:47,520

approximately 20 feet long resting on

565

00:23:50,390 --> 00:23:48,960

the seabed

566

00:23:52,950 --> 00:23:50,400

they would bring the object to the

567

00:23:55,270 --> 00:23:52,960

surface and back to shore

568

00:23:58,549 --> 00:23:55,280

this object was described as being a

569

00:23:59,590 --> 00:23:58,559

dull matte gray with a gradual dome on

570

00:24:01,909 --> 00:23:59,600

the top

571

00:24:03,909 --> 00:24:01,919

it also had what appeared to be six oval

572

00:24:05,430 --> 00:24:03,919

portholes around the lower part of the

573

00:24:07,590 --> 00:24:05,440

object

574

00:24:10,230 --> 00:24:07,600

there appeared to be slight damage to

575

00:24:12,390 --> 00:24:10,240

the underside of the craft with a crack

576  
00:24:14,789 --> 00:24:12,400  
being clearly visible

577  
00:24:17,990 --> 00:24:14,799  
a team was then put together to examine

578  
00:24:19,669 --> 00:24:18,000  
the object and if possible gain entry

579  
00:24:22,549 --> 00:24:19,679  
into it

580  
00:24:24,549 --> 00:24:22,559  
this proved unsuccessful

581  
00:24:27,510 --> 00:24:24,559  
the object was eventually secretly

582  
00:24:30,390 --> 00:24:27,520  
transported to moscow by train to the

583  
00:24:32,950 --> 00:24:30,400  
central material research institute

584  
00:24:34,710 --> 00:24:32,960  
where further more intense study of it

585  
00:24:37,510 --> 00:24:34,720  
would get underway

586  
00:24:40,630 --> 00:24:37,520  
the team assembled struggled to break

587  
00:24:43,510 --> 00:24:40,640  
into the device despite using a range of

588  
00:24:45,990 --> 00:24:43,520

methods and cutting devices

589

00:24:48,070 --> 00:24:46,000

they did though have success with the

590

00:24:51,110 --> 00:24:48,080

large crack on the underside of the

591

00:24:53,909 --> 00:24:51,120

object managing to expand it slightly

592

00:24:56,149 --> 00:24:53,919

using laser technology

593

00:24:58,390 --> 00:24:56,159

they would find that the outer exterior

594

00:25:00,950 --> 00:24:58,400

itself appeared to be made of four

595

00:25:03,430 --> 00:25:00,960

separate layers although it would take

596

00:25:05,750 --> 00:25:03,440

almost three weeks they eventually

597

00:25:09,510 --> 00:25:05,760

succeeded in creating a gap that would

598

00:25:11,430 --> 00:25:09,520

allow scientists to enter the craft

599

00:25:15,510 --> 00:25:11,440

wearing specially designed protective

600

00:25:17,430 --> 00:25:15,520

equipment a small team did just that

601  
00:25:20,310 --> 00:25:17,440  
they would find this vehicle was

602  
00:25:22,390 --> 00:25:20,320  
separated into three separate levels the

603  
00:25:24,789 --> 00:25:22,400  
engine on the bottom level the main

604  
00:25:27,590 --> 00:25:24,799  
control room on the second level and the

605  
00:25:28,789 --> 00:25:27,600  
top level acting as some kind of docking

606  
00:25:30,789 --> 00:25:28,799  
room

607  
00:25:33,669 --> 00:25:30,799  
the main power reactor in the engine

608  
00:25:36,950 --> 00:25:33,679  
room appeared to have exploded and was

609  
00:25:39,029 --> 00:25:36,960  
the possible cause of the crash

610  
00:25:41,590 --> 00:25:39,039  
in the control room there were multiple

611  
00:25:43,430 --> 00:25:41,600  
screens panels and many different

612  
00:25:46,549 --> 00:25:43,440  
colored buttons

613  
00:25:50,230 --> 00:25:46,559

allegedly there were also several alien

614

00:25:53,029 --> 00:25:50,240

bodies discovered in the control room

615

00:25:54,230 --> 00:25:53,039

two of the deceased crew remained sat in

616

00:25:56,470 --> 00:25:54,240

their chairs

617

00:25:58,549 --> 00:25:56,480

while another lay on the floor

618

00:26:01,750 --> 00:25:58,559

they were approximately four feet tall

619

00:26:04,310 --> 00:26:01,760

with large hairless heads upon which set

620

00:26:06,789 --> 00:26:04,320

a helmet in large round eyes that

621

00:26:07,990 --> 00:26:06,799

appeared to be covered by large black

622

00:26:10,630 --> 00:26:08,000

lenses

623

00:26:13,590 --> 00:26:10,640

their skin was a gray brown color and

624

00:26:16,149 --> 00:26:13,600

they each had six fingers on each hand

625

00:26:19,190 --> 00:26:16,159

each was also dressed in a tight-fitting

626  
00:26:23,029 --> 00:26:19,200  
metallic silver suit with belts around

627  
00:26:25,110 --> 00:26:23,039  
their waists and silver green boots

628  
00:26:27,269 --> 00:26:25,120  
ultimately the alien bodies were

629  
00:26:30,149 --> 00:26:27,279  
transported to a secret underground

630  
00:26:31,990 --> 00:26:30,159  
facility just outside of silnich

631  
00:26:35,029 --> 00:26:32,000  
nuggorts

632  
00:26:36,789 --> 00:26:35,039  
so secret that only four officers even

633  
00:26:38,870 --> 00:26:36,799  
knew about it

634  
00:26:42,470 --> 00:26:38,880  
the object itself was taken to a

635  
00:26:45,430 --> 00:26:42,480  
mountain base a novaya zimla island

636  
00:26:48,310 --> 00:26:45,440  
beyond the polar circle

637  
00:26:50,470 --> 00:26:48,320  
while ufo landings and crashes are

638  
00:26:52,470 --> 00:26:50,480

extraordinary on their own there have

639

00:26:55,110 --> 00:26:52,480

been several incidents that allegedly

640

00:26:59,909 --> 00:26:55,120

occurred in russia as well where actual

641

00:27:02,630 --> 00:26:59,919

entities were encountered alive

642

00:27:05,269 --> 00:27:02,640

located in southeastern siberia towards

643

00:27:08,310 --> 00:27:05,279

mongolia's border sits the planet's

644

00:27:10,470 --> 00:27:08,320

oldest and deepest lake nearly one

645

00:27:11,830 --> 00:27:10,480

quarter of earth's fresh water is

646

00:27:15,430 --> 00:27:11,840

contained here

647

00:27:18,310 --> 00:27:15,440

astonishing depths of over 5 000 feet

648

00:27:20,870 --> 00:27:18,320

have been measured in certain areas

649

00:27:23,750 --> 00:27:20,880

a myriad of unique plant and animal

650

00:27:26,310 --> 00:27:23,760

species inhabit the frigid territory

651  
00:27:27,830 --> 00:27:26,320  
many of which exist nowhere else in the

652  
00:27:30,789 --> 00:27:27,840  
world

653  
00:27:33,590 --> 00:27:30,799  
scientists estimate this massive basin

654  
00:27:36,549 --> 00:27:33,600  
formed as an ancient rift valley more

655  
00:27:39,510 --> 00:27:36,559  
than 25 million years ago

656  
00:27:42,710 --> 00:27:39,520  
for centuries lake bacall has been home

657  
00:27:45,669 --> 00:27:42,720  
to a plethora of unexplained phenomena

658  
00:27:48,390 --> 00:27:45,679  
locals claim countless peculiar ufo

659  
00:27:51,110 --> 00:27:48,400  
encounters frequently occur within this

660  
00:27:53,909 --> 00:27:51,120  
remote region of russia

661  
00:27:55,830 --> 00:27:53,919  
some theorize an extraterrestrial base

662  
00:27:58,230 --> 00:27:55,840  
is a lurking beneath the picturesque

663  
00:28:00,870 --> 00:27:58,240

exterior

664

00:28:04,389 --> 00:28:00,880

one of the most bizarre reports occurred

665

00:28:06,149 --> 00:28:04,399

in 1982 during a routine soviet military

666

00:28:08,310 --> 00:28:06,159

training dive

667

00:28:11,190 --> 00:28:08,320

while navigating the foreboding aquatic

668

00:28:14,149 --> 00:28:11,200

realm navy personnel noticed anomalous

669

00:28:17,110 --> 00:28:14,159

figures swimming nearby

670

00:28:19,830 --> 00:28:17,120

perplexed they watched in bewilderment

671

00:28:21,350 --> 00:28:19,840

as several curious creatures approached

672

00:28:23,510 --> 00:28:21,360

them

673

00:28:24,350 --> 00:28:23,520

despite being stationed at a depth of

674

00:28:28,630 --> 00:28:24,360

over

675

00:28:29,750 --> 00:28:28,640

164 feet these humanoids were no modern

676  
00:28:32,630 --> 00:28:29,760  
equipment

677  
00:28:34,950 --> 00:28:32,640  
each donned tight-fitting metallic suits

678  
00:28:37,750 --> 00:28:34,960  
complete with a helmet-like apparatus

679  
00:28:40,310 --> 00:28:37,760  
completely covering their heads

680  
00:28:44,389 --> 00:28:40,320  
upon closer inspection troopers noticed

681  
00:28:47,669 --> 00:28:44,399  
the aliens were nearly 10 feet tall

682  
00:28:51,350 --> 00:28:47,679  
however the colossal lock dwellers soon

683  
00:28:54,070 --> 00:28:51,360  
disappeared back into the murky abyss

684  
00:28:56,310 --> 00:28:54,080  
following this eerie run-in the intrigue

685  
00:28:59,990 --> 00:28:56,320  
commander ordered his recruits to

686  
00:29:02,470 --> 00:29:00,000  
capture one of these humanoids

687  
00:29:05,830 --> 00:29:02,480  
seven scuba divers entered the glacial

688  
00:29:08,149 --> 00:29:05,840

lake and began their harrowing descent

689

00:29:11,110 --> 00:29:08,159

soon after navigating an elevator of

690

00:29:12,950 --> 00:29:11,120

declining temperatures multiple entities

691

00:29:15,029 --> 00:29:12,960

emerged

692

00:29:18,149 --> 00:29:15,039

one of the divers attempted to catch the

693

00:29:21,750 --> 00:29:18,159

unearthly specimen in a large net but at

694

00:29:24,149 --> 00:29:21,760

that moment all hell broke loose

695

00:29:26,710 --> 00:29:24,159

suddenly the entity fought back by

696

00:29:28,950 --> 00:29:26,720

shooting intense sonar waves from a

697

00:29:31,510 --> 00:29:28,960

strange device

698

00:29:34,630 --> 00:29:31,520

a powerful force rendered every crew

699

00:29:36,950 --> 00:29:34,640

member unconscious and rapidly propelled

700

00:29:39,430 --> 00:29:36,960

them to the surface

701  
00:29:42,470 --> 00:29:39,440  
catapulting upwards from extreme depths

702  
00:29:45,190 --> 00:29:42,480  
can have devastating effects on the body

703  
00:29:46,630 --> 00:29:45,200  
resulting in a condition often called

704  
00:29:48,789 --> 00:29:46,640  
the benz

705  
00:29:50,789 --> 00:29:48,799  
three of the squadron were seriously

706  
00:29:53,350 --> 00:29:50,799  
injured but did not succumb to this

707  
00:29:55,830 --> 00:29:53,360  
affliction the remaining divers needed

708  
00:29:56,789 --> 00:29:55,840  
immediate transfer to a decompression

709  
00:30:01,269 --> 00:29:56,799  
chamber

710  
00:30:03,750 --> 00:30:01,279  
in the region and it was designed for

711  
00:30:06,310 --> 00:30:03,760  
merely two people at a time

712  
00:30:09,029 --> 00:30:06,320  
out of sheer desperation four men

713  
00:30:10,950 --> 00:30:09,039

entered simultaneously in an attempt to

714

00:30:13,990 --> 00:30:10,960

save their lives

715

00:30:16,870 --> 00:30:14,000

tragically this last ditch effort did

716

00:30:19,510 --> 00:30:16,880

not go as planned three individuals

717

00:30:21,830 --> 00:30:19,520

perished as a result of their superior's

718

00:30:24,310 --> 00:30:21,840

hasty decision

719

00:30:26,630 --> 00:30:24,320

those who survived the terrifying ordeal

720

00:30:29,750 --> 00:30:26,640

would be left with life-altering

721

00:30:35,909 --> 00:30:33,190

on the evening of february 13 1989 near

722

00:30:38,470 --> 00:30:35,919

the kapensky lake in the leading grad

723

00:30:40,389 --> 00:30:38,480

region an encounter with a humanoid

724

00:30:42,630 --> 00:30:40,399

entity unfolded

725

00:30:45,430 --> 00:30:42,640

the encounter is documented in the

726

00:30:49,669 --> 00:30:45,440

independent ufological newsletter of

727

00:30:53,510 --> 00:30:49,679

january 1991 in an article by k wolf

728

00:30:55,909 --> 00:30:53,520

titled contact at kopensky lake

729

00:30:59,909 --> 00:30:55,919

according to the article three men from

730

00:31:03,590 --> 00:30:59,919

the leningrad auto park yuri vasilevich

731

00:31:06,470 --> 00:31:03,600

sergey jorovich and alexander victorvich

732

00:31:10,149 --> 00:31:06,480

had decided to embark on a fishing trip

733

00:31:13,029 --> 00:31:10,159

on kopensky lake around 25 miles outside

734

00:31:15,590 --> 00:31:13,039

of the town of sosnivky

735

00:31:18,070 --> 00:31:15,600

as night fell victorvich noticed a

736

00:31:20,710 --> 00:31:18,080

strange object overhead at least three

737

00:31:23,190 --> 00:31:20,720

to four times larger than the stars that

738

00:31:25,590 --> 00:31:23,200

were already visible in the sky

739

00:31:26,710 --> 00:31:25,600

he alerted his two companions who also

740

00:31:28,549 --> 00:31:26,720

saw it

741

00:31:30,549 --> 00:31:28,559

at first it appeared the object was

742

00:31:33,029 --> 00:31:30,559

headed in their direction

743

00:31:35,110 --> 00:31:33,039

however it then made a sudden turn and

744

00:31:37,590 --> 00:31:35,120

continued on its way

745

00:31:39,909 --> 00:31:37,600

the men watched it for 15 minutes before

746

00:31:41,350 --> 00:31:39,919

they eventually settled down in the camp

747

00:31:43,990 --> 00:31:41,360

to make dinner

748

00:31:46,389 --> 00:31:44,000

after they'd eaten the silovich went

749

00:31:47,909 --> 00:31:46,399

into the nearby trees in search of wood

750

00:31:49,750 --> 00:31:47,919

for a fire

751  
00:31:51,590 --> 00:31:49,760  
he walked around 30 feet into the

752  
00:31:53,909 --> 00:31:51,600  
woodland along the shore when he

753  
00:31:55,430 --> 00:31:53,919  
witnessed something that stopped him in

754  
00:31:57,990 --> 00:31:55,440  
his tracks

755  
00:32:01,029 --> 00:31:58,000  
there around 100 feet in front of him

756  
00:32:03,669 --> 00:32:01,039  
was a flat disc shaped object that was

757  
00:32:06,310 --> 00:32:03,679  
made from some kind of dark material it

758  
00:32:08,630 --> 00:32:06,320  
was beautifully round with windows

759  
00:32:11,669 --> 00:32:08,640  
around its middle out of which emanated

760  
00:32:14,149 --> 00:32:11,679  
a soft matte light

761  
00:32:16,470 --> 00:32:14,159  
he approached the object only slightly

762  
00:32:18,070 --> 00:32:16,480  
in order to get a better look

763  
00:32:21,430 --> 00:32:18,080

he noticed how it appeared to be

764

00:32:24,789 --> 00:32:21,440

completely smooth with no seams joints

765

00:32:26,549 --> 00:32:24,799

hatches or doors anywhere to be seen

766

00:32:29,110 --> 00:32:26,559

he remained where he was studying the

767

00:32:31,990 --> 00:32:29,120

object for around 20 seconds when he

768

00:32:34,310 --> 00:32:32,000

noticed a figure of some kind moving to

769

00:32:36,549 --> 00:32:34,320

the left of the object

770

00:32:38,950 --> 00:32:36,559

a moment later he noticed a second

771

00:32:40,149 --> 00:32:38,960

figure on the other side and then a

772

00:32:42,389 --> 00:32:40,159

third

773

00:32:45,190 --> 00:32:42,399

for the first time during the incident

774

00:32:47,590 --> 00:32:45,200

he began to feel unnerved and backed off

775

00:32:49,909 --> 00:32:47,600

slightly into the trees

776  
00:32:52,149 --> 00:32:49,919  
he watched these figures move noticing

777  
00:32:54,950 --> 00:32:52,159  
how they made no sound

778  
00:32:57,269 --> 00:32:54,960  
he himself remained silent until there

779  
00:32:59,590 --> 00:32:57,279  
were about 30 feet away from him at

780  
00:33:01,830 --> 00:32:59,600  
which point he spoke aloud and made

781  
00:33:04,230 --> 00:33:01,840  
gestures with his arms hoping to

782  
00:33:06,710 --> 00:33:04,240  
indicate that he was friendly

783  
00:33:09,190 --> 00:33:06,720  
the figures remained silent but began to

784  
00:33:11,269 --> 00:33:09,200  
approach him he would later describe

785  
00:33:13,590 --> 00:33:11,279  
them as looking similar to humans but

786  
00:33:16,470 --> 00:33:13,600  
with no hair on their heads and a

787  
00:33:18,070 --> 00:33:16,480  
tightly closed mouth with no lips he

788  
00:33:21,430 --> 00:33:18,080

noticed how they had a look on their

789

00:33:25,509 --> 00:33:21,440

faces of severe concentration

790

00:33:28,470 --> 00:33:25,519

each also wore a tight-fitting gray suit

791

00:33:31,110 --> 00:33:28,480

suddenly a flash like from a camera

792

00:33:33,110 --> 00:33:31,120

appeared and vasilevich felt a sudden

793

00:33:36,070 --> 00:33:33,120

pressure in his head

794

00:33:38,149 --> 00:33:36,080

at the same time a metallic voice

795

00:33:40,950 --> 00:33:38,159

sounded out only it appeared to be

796

00:33:43,509 --> 00:33:40,960

coming from inside of his head

797

00:33:45,750 --> 00:33:43,519

it asked him what are you doing here to

798

00:33:48,070 --> 00:33:45,760

which he answered as best he could that

799

00:33:51,029 --> 00:33:48,080

he was on a fishing trip

800

00:33:53,669 --> 00:33:51,039

the voice then spoke again asking him if

801  
00:33:56,630 --> 00:33:53,679  
he wished to go with them before he

802  
00:33:59,509 --> 00:33:56,640  
could answer the voice spoke saying you

803  
00:34:01,909 --> 00:33:59,519  
will not return we need to know what

804  
00:34:04,870 --> 00:34:01,919  
your inner structure is

805  
00:34:06,950 --> 00:34:04,880  
he declined the offer to go with them

806  
00:34:09,669 --> 00:34:06,960  
and begin to back away

807  
00:34:12,790 --> 00:34:09,679  
the voice returned inside his head this

808  
00:34:15,030 --> 00:34:12,800  
time much more threatening in its tone

809  
00:34:16,550 --> 00:34:15,040  
telling him that if humans started a

810  
00:34:17,270 --> 00:34:16,560  
nuclear war

811  
00:34:19,510 --> 00:34:17,280  
we

812  
00:34:22,550 --> 00:34:19,520  
will destroy you

813  
00:34:24,950 --> 00:34:22,560

then vecilevich heard a loud buzzing

814

00:34:27,909 --> 00:34:24,960

sound that he would later liken to a

815

00:34:31,190 --> 00:34:27,919

high voltage wire then he saw another

816

00:34:33,430 --> 00:34:31,200

figure appear again humanoid but with

817

00:34:35,589 --> 00:34:33,440

shaggy hair on its body

818

00:34:37,990 --> 00:34:35,599

and a head that appeared similar to an

819

00:34:40,550 --> 00:34:38,000

ape he would estimate that it was at

820

00:34:43,109 --> 00:34:40,560

least 10 feet tall

821

00:34:45,990 --> 00:34:43,119

as this hairy hominid stood in the

822

00:34:47,349 --> 00:34:46,000

clearing the three aliens scuttered back

823

00:34:49,430 --> 00:34:47,359

to the ship

824

00:34:52,629 --> 00:34:49,440

the craft then began to rise into the

825

00:34:55,109 --> 00:34:52,639

air before a blinding flash was emitted

826

00:34:58,230 --> 00:34:55,119

the next thing facilitates realized the

827

00:35:00,630 --> 00:34:58,240

craft and the bigfoot like creature had

828

00:35:03,270 --> 00:35:00,640

vanished

829

00:35:05,829 --> 00:35:03,280

another alleged ufo incident in russia

830

00:35:08,870 --> 00:35:05,839

around this time comes from the files of

831

00:35:10,710 --> 00:35:08,880

researcher michael hesseman

832

00:35:15,270 --> 00:35:10,720

at around midnight on the evening of

833

00:35:18,710 --> 00:35:15,280

july 28 1989 at a military base near

834

00:35:21,589 --> 00:35:18,720

kapustiniar two russian soldiers noticed

835

00:35:24,870 --> 00:35:21,599

a strange object hovering overhead

836

00:35:27,349 --> 00:35:24,880

communications officer v volishin who

837

00:35:29,589 --> 00:35:27,359

was on duty on the night in question

838

00:35:32,069 --> 00:35:29,599

would state in his report that he had

839

00:35:34,550 --> 00:35:32,079

climbed up to the watchtower after first

840

00:35:37,750 --> 00:35:34,560

spotting the object and watched it from

841

00:35:39,829 --> 00:35:37,760

around 18 feet above the ground

842

00:35:43,270 --> 00:35:39,839

he would recall that he could clearly

843

00:35:45,990 --> 00:35:43,280

see a glaring blinking signal which was

844

00:35:48,390 --> 00:35:46,000

as bright as a camera flash

845

00:35:51,589 --> 00:35:48,400

he further noted that the object headed

846

00:35:54,470 --> 00:35:51,599

out toward the missile units

847

00:35:56,710 --> 00:35:54,480

at one point flying at an altitude as

848

00:35:59,589 --> 00:35:56,720

low as 60 feet

849

00:36:02,630 --> 00:35:59,599

at this low height volishing could see

850

00:36:06,150 --> 00:36:02,640

that it glowed a phosphorescent green

851  
00:36:08,870 --> 00:36:06,160  
and was approximately 15 feet across

852  
00:36:10,829 --> 00:36:08,880  
furthermore there was a semi-spherical

853  
00:36:13,670 --> 00:36:10,839  
dome on the top of the

854  
00:36:15,910 --> 00:36:13,680  
object as it hovered over the weapons

855  
00:36:18,550 --> 00:36:15,920  
depot a bright light appeared on the

856  
00:36:21,109 --> 00:36:18,560  
underside and performed several circular

857  
00:36:23,670 --> 00:36:21,119  
movements almost as if scanning the

858  
00:36:26,230 --> 00:36:23,680  
buildings below

859  
00:36:28,470 --> 00:36:26,240  
after this it headed out toward the rail

860  
00:36:30,390 --> 00:36:28,480  
track where it remained for a short time

861  
00:36:32,550 --> 00:36:30,400  
before heading back in the direction of

862  
00:36:34,390 --> 00:36:32,560  
the missile units

863  
00:36:36,710 --> 00:36:34,400

but this time it was at a height of

864

00:36:39,190 --> 00:36:36,720

around 200 feet

865

00:36:41,510 --> 00:36:39,200

he watched the object for around two

866

00:36:43,990 --> 00:36:41,520

hours before it moved off into the

867

00:36:46,310 --> 00:36:44,000

distance heading toward the town of

868

00:36:49,670 --> 00:36:46,320

octupinsk

869

00:36:52,950 --> 00:36:49,680

another officer named in the report as g

870

00:36:55,349 --> 00:36:52,960

kulik noted that he witnessed a fireball

871

00:36:58,630 --> 00:36:55,359

which arose from the earth and it headed

872

00:37:00,870 --> 00:36:58,640

in the direction of this strange craft

873

00:37:02,790 --> 00:37:00,880

he further added that as the strange

874

00:37:05,670 --> 00:37:02,800

vehicle approached him he could

875

00:37:08,230 --> 00:37:05,680

physically feel its approach

876

00:37:10,550 --> 00:37:08,240

it suddenly shot into the sky leaving

877

00:37:13,030 --> 00:37:10,560

kulik to watch from the ground

878

00:37:15,190 --> 00:37:13,040

he recalled that he saw an airplane that

879

00:37:17,670 --> 00:37:15,200

appeared to be attempting to close in on

880

00:37:21,510 --> 00:37:17,680

the otherworldly vehicle but it simply

881

00:37:23,589 --> 00:37:21,520

accelerated off and disappeared

882

00:37:26,390 --> 00:37:23,599

the witnesses would write in-depth

883

00:37:29,829 --> 00:37:26,400

reports following this incident right

884

00:37:32,790 --> 00:37:29,839

after an intense interrogation by kgb

885

00:37:37,750 --> 00:37:34,870

the last soviet case we're going to look

886

00:37:40,310 --> 00:37:37,760

at has been called the sky battle over

887

00:37:42,069 --> 00:37:40,320

zastrovka

888

00:37:45,109 --> 00:37:42,079

according to an account by russian

889

00:37:48,470 --> 00:37:45,119

investigator nikolay sabootin on the

890

00:37:51,589 --> 00:37:48,480

evening of september 16 1989 with

891

00:37:54,550 --> 00:37:51,599

multiple witnesses on the ground a large

892

00:37:57,190 --> 00:37:54,560

golden saucer appeared in the sky

893

00:37:59,670 --> 00:37:57,200

followed shortly by six smaller silver

894

00:38:02,630 --> 00:37:59,680

disc shaped craft which appeared to

895

00:38:04,630 --> 00:38:02,640

attack the golden saucer with a strange

896

00:38:06,630 --> 00:38:04,640

beam of light

897

00:38:09,430 --> 00:38:06,640

all of the objects would move through

898

00:38:11,910 --> 00:38:09,440

the sky during this apparent battle with

899

00:38:14,470 --> 00:38:11,920

some of them coming down as low as 5 000

900

00:38:16,950 --> 00:38:14,480

feet and performed maneuvers that were

901  
00:38:19,670 --> 00:38:16,960  
completely beyond the capability of any

902  
00:38:22,069 --> 00:38:19,680  
known aircraft at the time

903  
00:38:24,390 --> 00:38:22,079  
a report of the incident appeared in a

904  
00:38:26,790 --> 00:38:24,400  
local newspaper and claimed that during

905  
00:38:29,990 --> 00:38:26,800  
the incident a local power grid went

906  
00:38:31,829 --> 00:38:30,000  
down blacking out the entire city

907  
00:38:34,150 --> 00:38:31,839  
witness statements in the newspaper

908  
00:38:36,630 --> 00:38:34,160  
article claimed that the golden disk was

909  
00:38:38,870 --> 00:38:36,640  
eventually overpowered by the six

910  
00:38:40,950 --> 00:38:38,880  
smaller craft and appeared to make an

911  
00:38:43,990 --> 00:38:40,960  
attempt to land

912  
00:38:46,950 --> 00:38:44,000  
however in doing so it disappeared from

913  
00:38:49,109 --> 00:38:46,960

view behind a large house appearing to

914

00:38:51,750 --> 00:38:49,119

crash into the ground

915

00:38:54,150 --> 00:38:51,760

shortly after the objective of the

916

00:38:56,710 --> 00:38:54,160

smaller craft seemed to have been

917

00:38:58,310 --> 00:38:56,720

achieved and they soon disappeared into

918

00:39:00,950 --> 00:38:58,320

the distance

919

00:39:03,910 --> 00:39:00,960

according to sabatine's research the

920

00:39:06,950 --> 00:39:03,920

craft had crashed on land that was used

921

00:39:09,349 --> 00:39:06,960

by the military as a test range

922

00:39:11,190 --> 00:39:09,359

consequently the area was not open to

923

00:39:13,349 --> 00:39:11,200

the general public

924

00:39:15,750 --> 00:39:13,359

it appeared that a retrieval mission was

925

00:39:18,230 --> 00:39:15,760

launched by the military and the craft

926

00:39:20,390 --> 00:39:18,240

was ultimately recovered

927

00:39:23,910 --> 00:39:20,400

according to the research of another

928

00:39:26,630 --> 00:39:23,920

russian ufo investigator emil vacherin

929

00:39:28,710 --> 00:39:26,640

military medical records suggested that

930

00:39:31,349 --> 00:39:28,720

several of the personnel involved in the

931

00:39:33,589 --> 00:39:31,359

recovery suffered various injuries

932

00:39:35,349 --> 00:39:33,599

during the recovery mission

933

00:39:37,430 --> 00:39:35,359

incidentally by the time that the

934

00:39:40,310 --> 00:39:37,440

investigators were allowed access to the

935

00:39:41,829 --> 00:39:40,320

area all signs of any crash had been

936

00:39:44,150 --> 00:39:41,839

covered

937

00:39:46,550 --> 00:39:44,160

also of interest is the report of an

938

00:39:49,270 --> 00:39:46,560

airplane that attempted to fly over the

939

00:39:51,750 --> 00:39:49,280

region in an attempt to capture pictures

940

00:39:54,310 --> 00:39:51,760

from the air of the site

941

00:39:56,870 --> 00:39:54,320

however as it approached the area all of

942

00:39:59,910 --> 00:39:56,880

its navigational equipment malfunctioned

943

00:40:02,790 --> 00:39:59,920

causing it to abandon the mission

944

00:40:06,069 --> 00:40:02,800

the test range was eventually at least

945

00:40:10,150 --> 00:40:06,079

officially shut down but remained under

946

00:40:13,270 --> 00:40:10,160

strict military guard

947

00:40:17,990 --> 00:40:13,280

with the cold war fortunately behind us

948

00:40:20,310 --> 00:40:18,000

the ufo presence does remain over russia

949

00:40:23,349 --> 00:40:20,320

much like it does over the united states

950

00:40:25,990 --> 00:40:23,359

and other countries around the world

951  
00:40:29,990 --> 00:40:26,000  
and if even one of these accounts of a

952  
00:40:33,190 --> 00:40:30,000  
downed ufo or close encounter is true

953  
00:40:35,510 --> 00:40:33,200  
where might these vehicles be now

954  
00:40:39,589 --> 00:40:35,520  
are they still being studied by russian

955  
00:40:43,030 --> 00:40:39,599  
scientists today in some secret location

956  
00:40:45,829 --> 00:40:43,040  
those answers remain not only classified

957  
00:40:58,309 --> 00:40:45,839  
but quite possibly somewhere in the

958  
00:41:04,550 --> 00:41:00,950  
this episode was researched and written

959  
00:41:07,589 --> 00:41:04,560  
in article form by marcus loth of ufo

960  
00:41:10,630 --> 00:41:07,599  
insight under the title the grave of the

961  
00:41:12,790 --> 00:41:10,640  
devil case ufo crash and retrieval in

962  
00:41:15,990 --> 00:41:12,800  
russia to learn more visit

963  
00:41:22,069 --> 00:41:19,190

special thanks to connor j nolan for his

964

00:41:24,230 --> 00:41:22,079

voiceover work in this episode

965

00:41:27,510 --> 00:41:24,240

to contact connor for voice-over

966

00:41:31,430 --> 00:41:27,520

opportunities follow him on instagram

967

00:41:36,309 --> 00:41:31,440

connor j nolan or email connor directly

968

00:41:39,270 --> 00:41:36,319

at connor nolan finkel gmail.com

969

00:41:42,230 --> 00:41:39,280

special thanks also to john greenwald jr

970

00:41:45,190 --> 00:41:42,240

of the black vault and george knapp of

971

00:41:47,670 --> 00:41:45,200

mystery wire for additional information

972

00:41:49,430 --> 00:41:47,680

and documentation included in this

973

00:41:52,390 --> 00:41:49,440

episode

974

00:41:54,710 --> 00:41:52,400

for more russian ufo cases check out a

975

00:41:57,349 --> 00:41:54,720

special bonus episode of summer in the

976

00:42:00,550 --> 00:41:57,359

skies available right now for our

977

00:42:14,829 --> 00:42:00,560

patreon subscribers to learn more and to

978

00:42:19,190 --> 00:42:17,109

summerskies somewhere in the skies is

979

00:42:21,190 --> 00:42:19,200

produced by third kind productions in
