

SOMEWHERE IN THE SKIES

UFOS 2021 : PART 5

**WITH JOHN GREENEWALD JR,
LUIS JIMENEZ AND JAZZ SHAW**

1
00:00:00,080 --> 00:00:06,710

[Music]

2
00:00:11,390 --> 00:00:09,669

this is somewhere in the skies with ryan

3
00:00:30,150 --> 00:00:11,400

sprague

4
00:00:32,229 --> 00:00:30,160

[Music]

5
00:00:33,990 --> 00:00:32,239

what's up guys ryan sprague here from

6
00:00:36,389 --> 00:00:34,000

somewhere in the skies and welcome to

7
00:00:38,150 --> 00:00:36,399

this very special uh early morning

8
00:00:40,869 --> 00:00:38,160

edition for our

9
00:00:42,950 --> 00:00:40,879

uh pst folks over on the west coast

10
00:00:46,869 --> 00:00:42,960

including one of our guests two of our

11
00:00:48,470 --> 00:00:46,879

guests possibly today um welcome

12
00:00:50,470 --> 00:00:48,480

live stream i haven't done one of these

13
00:00:52,950 --> 00:00:50,480

in a while so i thought what the heck i

14

00:00:55,350 --> 00:00:52,960

mean i've been covering historical ufo

15

00:00:56,830 --> 00:00:55,360

cases from around the world this past

16

00:01:00,389 --> 00:00:56,840

month everything from

17

00:01:02,869 --> 00:01:00,399

africa uh russia a few other countries

18

00:01:05,109 --> 00:01:02,879

regions and um haven't been really

19

00:01:07,270 --> 00:01:05,119

talking about the recent stuff going on

20

00:01:09,350 --> 00:01:07,280

in the ufo world lately so i thought who

21

00:01:12,070 --> 00:01:09,360

better than our friends over at the

22

00:01:14,950 --> 00:01:12,080

unidentified celebrity review we're

23

00:01:16,710 --> 00:01:14,960

gonna have luis simenes and jasha on the

24

00:01:20,390 --> 00:01:16,720

show to talk all about all the latest

25

00:01:23,670 --> 00:01:20,400

uap stuff with gila brand amendments and

26

00:01:26,310 --> 00:01:23,680

uh national cathedral event and some

27

00:01:28,070 --> 00:01:26,320

really interesting breaking news from

28

00:01:29,990 --> 00:01:28,080

john greenwald over at the black vault

29

00:01:33,590 --> 00:01:30,000

he might be joining us we're not

30

00:01:35,429 --> 00:01:33,600

positive yet um he he has kids he's got

31

00:01:37,510 --> 00:01:35,439

a lot to do before school starts so

32

00:01:38,310 --> 00:01:37,520

we'll see we'll see if he makes it um if

33

00:01:39,990 --> 00:01:38,320

not

34

00:01:42,310 --> 00:01:40,000

i have these two lovely gentlemen with

35

00:01:44,310 --> 00:01:42,320

me today to uh chat about some of the

36

00:01:46,710 --> 00:01:44,320

stuff john has been putting out over at

37

00:01:49,590 --> 00:01:46,720

the black vault as well but without

38

00:01:51,190 --> 00:01:49,600

further ado i'm going to bring in my two

39

00:01:53,990 --> 00:01:51,200

guests for today

40

00:01:56,310 --> 00:01:54,000

luis simenes and jasha what is up

41

00:01:57,830 --> 00:01:56,320

gentlemen

42

00:01:59,910 --> 00:01:57,840

ryan

43

00:02:01,910 --> 00:01:59,920

mr craig

44

00:02:03,830 --> 00:02:01,920

you both did the same exact salute i

45

00:02:06,469 --> 00:02:03,840

love you i only because i knew he was

46

00:02:08,550 --> 00:02:06,479

gonna do that so hey

47

00:02:10,710 --> 00:02:08,560

i stole

48

00:02:13,350 --> 00:02:10,720

you can't take the navy out of the boy

49

00:02:15,750 --> 00:02:13,360

apparently jack

50

00:02:17,830 --> 00:02:15,760

lou your mic might be off i'm not sure

51
00:02:19,270 --> 00:02:17,840
or you're doing a really cool hello

52
00:02:21,030 --> 00:02:19,280
how's that oh there you are i'm better

53
00:02:23,430 --> 00:02:21,040
okay sorry yeah it's just a little far

54
00:02:25,990 --> 00:02:23,440
away thank you i feel like that's

55
00:02:27,750 --> 00:02:26,000
that's your um your sort of thing now

56
00:02:30,229 --> 00:02:27,760
right because everyone is always like oh

57
00:02:33,030 --> 00:02:30,239
your mic's off you're myself yeah yeah

58
00:02:34,949 --> 00:02:33,040
it's it's it's usually a muting problem

59
00:02:36,710 --> 00:02:34,959
with with uh with the shows where they

60
00:02:38,630 --> 00:02:36,720
accidentally uh

61
00:02:42,309 --> 00:02:38,640
oh yeah everyone's two people start with

62
00:02:45,270 --> 00:02:42,319
a muted mic yeah yep yep the old uh

63
00:02:47,110 --> 00:02:45,280

zetterstrom as they call it no for sure

64

00:02:50,630 --> 00:02:47,120

i almost fell off my chair guys welcome

65

00:02:52,790 --> 00:02:50,640

to lie to the live stream um man well

66

00:02:55,589 --> 00:02:52,800

too early to be drinking spring

67

00:02:57,830 --> 00:02:55,599

uh right right yeah especially for you i

68

00:02:59,110 --> 00:02:57,840

gotta thank you man i know it's uh

69

00:03:01,030 --> 00:02:59,120

that's only 10.

70

00:03:03,110 --> 00:03:01,040

i've been up for four hours

71

00:03:05,509 --> 00:03:03,120

oh fair enough i wasn't sure if you were

72

00:03:07,110 --> 00:03:05,519

an early riser or not but uh usually

73

00:03:08,949 --> 00:03:07,120

pretty early yeah

74

00:03:11,110 --> 00:03:08,959

okay that's fair that's fair well let's

75

00:03:13,589 --> 00:03:11,120

say hello to some of our friends here in

76
00:03:16,309 --> 00:03:13,599
the chat before we really get going guys

77
00:03:20,070 --> 00:03:16,319
um i don't want to keep you all day and

78
00:03:24,470 --> 00:03:20,080
night um we got cj awaiting aliens dope

79
00:03:27,350 --> 00:03:24,480
knows matthew riot as always benji jc

80
00:03:29,670 --> 00:03:27,360
um welcome welcome everyone uh i'm

81
00:03:32,070 --> 00:03:29,680
excited because like i mentioned earlier

82
00:03:34,070 --> 00:03:32,080
um you guys have been killing it over

83
00:03:35,110 --> 00:03:34,080
there covering everything that's been

84
00:03:39,589 --> 00:03:35,120
going on

85
00:03:42,309 --> 00:03:39,599
um in the ufo world as of late and

86
00:03:44,830 --> 00:03:42,319
of course i mean a fi you guys are live

87
00:03:47,830 --> 00:03:44,840
five days a week between you and

88
00:03:49,190 --> 00:03:47,840

singularity and um and daniel's show as

89

00:03:51,190 --> 00:03:49,200

well so um

90

00:03:53,990 --> 00:03:51,200

tell me before we really get into the

91

00:03:57,429 --> 00:03:54,000

meat of everything uh what have you guys

92

00:03:59,750 --> 00:03:57,439

been covering over at ucr and um yeah

93

00:04:01,990 --> 00:03:59,760

give us a little uh a little tease i

94

00:04:03,830 --> 00:04:02,000

guess of what has happened this past

95

00:04:04,789 --> 00:04:03,840

week with you guys and maybe what's to

96

00:04:06,949 --> 00:04:04,799

come

97

00:04:08,630 --> 00:04:06,959

i mean we've been really focused and and

98

00:04:10,789 --> 00:04:08,640

thanks to jazz and the work that he's

99

00:04:12,630 --> 00:04:10,799

doing and brian bender and

100

00:04:14,470 --> 00:04:12,640

and all of these wonderful political

101

00:04:16,469 --> 00:04:14,480

analysts that really know the ins and

102

00:04:18,789 --> 00:04:16,479

outs of how an amendment works and where

103

00:04:22,390 --> 00:04:18,799

it goes and who has to pass it who votes

104

00:04:25,990 --> 00:04:22,400

on it and all the the nuances of

105

00:04:27,590 --> 00:04:26,000

how washington works um you know so jazz

106

00:04:29,510 --> 00:04:27,600

is really the people like we've been

107

00:04:30,790 --> 00:04:29,520

leaning on him a lot but that's what

108

00:04:32,870 --> 00:04:30,800

we've been talking about we've been

109

00:04:34,950 --> 00:04:32,880

talking about the gentleman amendment

110

00:04:37,990 --> 00:04:34,960

pretty much since it it's been on the

111

00:04:40,629 --> 00:04:38,000

radar um and you know of course that

112

00:04:42,230 --> 00:04:40,639

we've had uh

113

00:04:43,909 --> 00:04:42,240

you know john greenwald of course is

114

00:04:45,350 --> 00:04:43,919

always putting out cool stuff um

115

00:04:46,870 --> 00:04:45,360

honestly we haven't even had a chance to

116

00:04:48,629 --> 00:04:46,880

cover it so i'm glad we're here to talk

117

00:04:50,629 --> 00:04:48,639

about it today because i'd like to get

118

00:04:52,070 --> 00:04:50,639

your guys view on it uh because i'm

119

00:04:53,670 --> 00:04:52,080

still catching up uh just because

120

00:04:55,909 --> 00:04:53,680

there's been so much we've been so

121

00:04:57,189 --> 00:04:55,919

focused on this on this amendment and

122

00:04:59,430 --> 00:04:57,199

making sure that

123

00:05:01,110 --> 00:04:59,440

uh people are

124

00:05:02,710 --> 00:05:01,120

getting off their tails and going and

125

00:05:04,390 --> 00:05:02,720

making some phone calls and tweeting

126

00:05:06,390 --> 00:05:04,400

their senators and congressmen or

127

00:05:07,270 --> 00:05:06,400

writing an email or letter

128

00:05:09,270 --> 00:05:07,280

um

129

00:05:10,390 --> 00:05:09,280

you know so that's that's been the focus

130

00:05:12,310 --> 00:05:10,400

of the show

131

00:05:14,230 --> 00:05:12,320

um and then in between that you know we

132

00:05:17,270 --> 00:05:14,240

just we have our guests

133

00:05:18,550 --> 00:05:17,280

um that that you know

134

00:05:20,790 --> 00:05:18,560

bring in

135

00:05:22,790 --> 00:05:20,800

the topics that they're familiar with

136

00:05:24,970 --> 00:05:22,800

and they want to talk about and

137

00:05:28,629 --> 00:05:26,070

[Music]

138

00:05:30,790 --> 00:05:28,639

a lot of dino beavers is the last month

139

00:05:33,350 --> 00:05:30,800

um you know we've

140

00:05:35,670 --> 00:05:33,360

we've been uh doing the kgra show now so

141

00:05:37,270 --> 00:05:35,680

that's been a lot of fun and and lining

142

00:05:38,710 --> 00:05:37,280

those shows up and talking to some

143

00:05:41,350 --> 00:05:38,720

people i mean you sent me with peter

144

00:05:43,029 --> 00:05:41,360

robbins holy cow what a beautiful man uh

145

00:05:44,710 --> 00:05:43,039

he's going to be on the show this week

146

00:05:46,790 --> 00:05:44,720

with with avi lopes it's going to be him

147

00:05:48,710 --> 00:05:46,800

and avi love on friday

148

00:05:50,950 --> 00:05:48,720

and the discussion i had with peter for

149

00:05:52,710 --> 00:05:50,960

two hours was just so

150

00:05:55,029 --> 00:05:52,720

awesome man i cannot thank you enough

151
00:05:56,950 --> 00:05:55,039
for contacting me with him uh we got to

152
00:05:59,430 --> 00:05:56,960
talk to you know lee spiegel which has

153
00:06:01,670 --> 00:05:59,440
been a big big hero of mine and and jazz

154
00:06:05,110 --> 00:06:01,680
had a little man crush on lee uh while

155
00:06:07,270 --> 00:06:05,120
we did the show which was fun um

156
00:06:10,870 --> 00:06:07,280
who doesn't i mean he's so cool

157
00:06:11,749 --> 00:06:10,880
um and yeah you know just just

158
00:06:14,550 --> 00:06:11,759
just

159
00:06:16,230 --> 00:06:14,560
having fun man having the conversations

160
00:06:17,990 --> 00:06:16,240
uh you know i think this is something

161
00:06:20,469 --> 00:06:18,000
that can be talked about every day and

162
00:06:24,150 --> 00:06:20,479
and i think it's it's becoming easier

163
00:06:26,710 --> 00:06:24,160

and easier as the time goes by so

164

00:06:28,870 --> 00:06:26,720

yeah man it's it's been a lot of fun

165

00:06:31,430 --> 00:06:28,880

awesome yeah and we've got prime time

166

00:06:34,070 --> 00:06:31,440

here matthew riot as always andrew hello

167

00:06:35,909 --> 00:06:34,080

guys um yeah i caught the uh the lee

168

00:06:38,390 --> 00:06:35,919

spiegel episode man

169

00:06:40,230 --> 00:06:38,400

you guys covered so much in such

170

00:06:43,189 --> 00:06:40,240

a short amount of time i don't know i

171

00:06:46,309 --> 00:06:43,199

could have parked hours just on one

172

00:06:55,749 --> 00:06:46,319

aspect just the just the un trip and all

173

00:07:00,469 --> 00:06:58,309

i was listening to it on my way to work

174

00:07:02,309 --> 00:07:00,479

so you know here in new york that's what

175

00:07:03,029 --> 00:07:02,319

podcasts are for our commutes as i'm

176

00:07:05,830 --> 00:07:03,039

sure

177

00:07:08,790 --> 00:07:05,840

lou for you on the freeways in l.a like

178

00:07:12,469 --> 00:07:08,800

you need something to do jazz too um on

179

00:07:14,390 --> 00:07:12,479

these commutes or or whatnot and um i

180

00:07:18,150 --> 00:07:14,400

was on my way to work i was working on

181

00:07:21,189 --> 00:07:18,160

45th street in manhattan and i was so

182

00:07:23,589 --> 00:07:21,199

like enthralled in the conversation i

183

00:07:26,230 --> 00:07:23,599

ended up on like 50th street five blocks

184

00:07:27,749 --> 00:07:26,240

away from my job i was 20 minutes late

185

00:07:29,830 --> 00:07:27,759

it was because i was listening to your

186

00:07:30,460 --> 00:07:29,840

damn show so you almost got me fired

187

00:07:31,749 --> 00:07:30,470

guys

188

00:07:34,629 --> 00:07:31,759

[Laughter]

189

00:07:36,790 --> 00:07:34,639

well that's that's shout out to artemis

190

00:07:38,790 --> 00:07:36,800

you guys are in the chat um when we get

191

00:07:41,029 --> 00:07:38,800

done with this today about two hours

192

00:07:43,110 --> 00:07:41,039

from now stop by artemis's show i'm

193

00:07:45,430 --> 00:07:43,120

apparently going to be on there too i

194

00:07:46,309 --> 00:07:45,440

agree to way too much stuff i really you

195

00:07:47,909 --> 00:07:46,319

are

196

00:07:49,670 --> 00:07:47,919

you're a celebrity man that's what

197

00:07:52,790 --> 00:07:49,680

happens that's what

198

00:07:55,430 --> 00:07:52,800

lou makes you lou makes people oh stop

199

00:07:57,350 --> 00:07:55,440

it right i don't make anybody

200

00:07:59,430 --> 00:07:57,360

i don't know anybody jazz has been doing

201
00:08:01,029 --> 00:07:59,440
this a lot longer than all of us it's

202
00:08:02,070 --> 00:08:01,039
been in the game a while you know

203
00:08:05,270 --> 00:08:02,080
absolutely

204
00:08:06,950 --> 00:08:05,280
not to call him old but he's uh he's our

205
00:08:08,869 --> 00:08:06,960
resident he's our resident curmudgeon

206
00:08:11,270 --> 00:08:08,879
and we love him

207
00:08:12,950 --> 00:08:11,280
he's amazing jazz well i mean let's

208
00:08:15,029 --> 00:08:12,960
let's start there man we're gonna wait a

209
00:08:17,029 --> 00:08:15,039
little bit because uh john might be

210
00:08:19,029 --> 00:08:17,039
hopping in we'll wait and see if not we

211
00:08:21,110 --> 00:08:19,039
will cover all his latest but let's

212
00:08:23,510 --> 00:08:21,120
start with um jess what you've been up

213
00:08:26,950 --> 00:08:23,520

to lately man you put out this

214

00:08:28,710 --> 00:08:26,960

huge piece recently all about um you

215

00:08:30,869 --> 00:08:28,720

know mostly what we'll be talking about

216

00:08:34,230 --> 00:08:30,879

today hr 4350

217

00:08:35,909 --> 00:08:34,240

um this amendment by gillibrand and uh

218

00:08:39,509 --> 00:08:35,919

man if this

219

00:08:41,670 --> 00:08:39,519

isn't like explosive news right now i i

220

00:08:44,149 --> 00:08:41,680

don't know what is we're living like

221

00:08:45,990 --> 00:08:44,159

literally right now it's literally

222

00:08:48,790 --> 00:08:46,000

the biggest news since louis lozando

223

00:08:50,790 --> 00:08:48,800

came out of the closet you know i mean

224

00:08:52,949 --> 00:08:50,800

it i really can't think of a bigger

225

00:08:54,389 --> 00:08:52,959

story beyond like the new york times

226

00:08:55,910 --> 00:08:54,399

thing and the videos dropping and

227

00:08:57,670 --> 00:08:55,920

revealing a tip

228

00:08:59,990 --> 00:08:57,680

that was certainly gigantic but since

229

00:09:01,430 --> 00:09:00,000

then there's been a lot of stuff but

230

00:09:03,750 --> 00:09:01,440

this is the biggest development for

231

00:09:05,670 --> 00:09:03,760

anybody who who's really interested

232

00:09:07,590 --> 00:09:05,680

in my opinion in

233

00:09:09,110 --> 00:09:07,600

ending uap secrecy and government

234

00:09:11,430 --> 00:09:09,120

transparency

235

00:09:12,470 --> 00:09:11,440

and and things like that and uh

236

00:09:14,389 --> 00:09:12,480

yeah the

237

00:09:17,190 --> 00:09:14,399

the one that came out of the house uh

238

00:09:18,470 --> 00:09:17,200

from congressman uh goleos

239

00:09:21,190 --> 00:09:18,480

was okay

240

00:09:23,110 --> 00:09:21,200

i was a little disappointed in it and

241

00:09:25,269 --> 00:09:23,120

there was nothing in the original senate

242

00:09:25,990 --> 00:09:25,279

bill and then all of a sudden gillibrand

243

00:09:28,150 --> 00:09:26,000

just

244

00:09:29,910 --> 00:09:28,160

drops this atomic bomb in the room and

245

00:09:31,910 --> 00:09:29,920

by the time i got done reading it i

246

00:09:33,910 --> 00:09:31,920

was like

247

00:09:36,630 --> 00:09:33,920

am i awake you know

248

00:09:39,030 --> 00:09:36,640

because because that's amazing so

249

00:09:41,509 --> 00:09:39,040

yeah it uh the the bill passed uh

250

00:09:43,269 --> 00:09:41,519

cloture last night around eight o'clock

251

00:09:44,630 --> 00:09:43,279

uh which means that it's cleared to move

252

00:09:46,550 --> 00:09:44,640

forward

253

00:09:48,470 --> 00:09:46,560

um the senate version of the bill which

254

00:09:49,910 --> 00:09:48,480

is the one that i'm going to speak for

255

00:09:52,230 --> 00:09:49,920

everybody although i shouldn't it's the

256

00:09:54,630 --> 00:09:52,240

one we like a lot

257

00:09:56,949 --> 00:09:54,640

uh that's one of hundreds of amendments

258

00:09:59,829 --> 00:09:56,959

that are currently on the table

259

00:10:01,910 --> 00:09:59,839

um in the next steps in the process and

260

00:10:03,350 --> 00:10:01,920

uh dean johnson had really good threat

261

00:10:05,190 --> 00:10:03,360

on twitter this morning if you missed it

262

00:10:07,110 --> 00:10:05,200

going through and explaining a lot of

263

00:10:08,310 --> 00:10:07,120

the details but um

264

00:10:09,350 --> 00:10:08,320

there's a number of those amendments

265

00:10:10,389 --> 00:10:09,360

that are never going to see the light of

266

00:10:11,670 --> 00:10:10,399

day they're just going to stay on the

267

00:10:13,670 --> 00:10:11,680

table and

268

00:10:15,750 --> 00:10:13,680

the bill will move on without them

269

00:10:18,870 --> 00:10:15,760

uh there's going to be some number of

270

00:10:20,550 --> 00:10:18,880

them that there's a joint consensus on

271

00:10:22,470 --> 00:10:20,560

that they'll put together one or more

272

00:10:23,590 --> 00:10:22,480

blocks of amendments because they all

273

00:10:25,190 --> 00:10:23,600

have a number assigned as soon as

274

00:10:26,230 --> 00:10:25,200

they're entered and they'll read down

275

00:10:28,470 --> 00:10:26,240

the list of the numbers of the

276

00:10:29,750 --> 00:10:28,480

amendments and there'll be a voice vote

277

00:10:31,190 --> 00:10:29,760

and those the ones they already know

278

00:10:33,110 --> 00:10:31,200

they're going to pass

279

00:10:34,710 --> 00:10:33,120

i am crossing my fingers and toes i

280

00:10:35,750 --> 00:10:34,720

really hope the gilbran amendment is one

281

00:10:37,430 --> 00:10:35,760

of those

282

00:10:38,949 --> 00:10:37,440

there may be one or two contentious

283

00:10:41,269 --> 00:10:38,959

amendments that will have to have their

284

00:10:43,430 --> 00:10:41,279

own separate debate and vote

285

00:10:44,870 --> 00:10:43,440

and but even if that happens

286

00:10:48,069 --> 00:10:44,880

if that's where gillibrand's amendment

287

00:10:49,990 --> 00:10:48,079

goes i think it would still pass

288

00:10:52,870 --> 00:10:50,000

all that could be done by

289

00:10:54,069 --> 00:10:52,880

the beginning of next week

290

00:10:57,269 --> 00:10:54,079

and then

291

00:10:59,670 --> 00:10:57,279

it's going to go to reconciliation

292

00:11:01,509 --> 00:10:59,680

because there's a house bill that exists

293

00:11:03,670 --> 00:11:01,519

and the two bills have to match exactly

294

00:11:05,509 --> 00:11:03,680

before they can actually be passed and

295

00:11:07,670 --> 00:11:05,519

sent to the president's desk

296

00:11:09,030 --> 00:11:07,680

so they're not going to match exactly

297

00:11:11,670 --> 00:11:09,040

anything with a lot of spending in it

298

00:11:13,269 --> 00:11:11,680

and these this bill does have massive

299

00:11:16,310 --> 00:11:13,279

there's billions of line items of

300

00:11:18,150 --> 00:11:16,320

spending uh you know for the military

301
00:11:20,230 --> 00:11:18,160
for the intelligence agencies there's a

302
00:11:22,630 --> 00:11:20,240
huge black box at the bottom that nobody

303
00:11:25,350 --> 00:11:22,640
gets to look into and it just says

304
00:11:28,230 --> 00:11:25,360
450 billion dollars go suck it you don't

305
00:11:30,310 --> 00:11:28,240
know that okay let's literally say that

306
00:11:32,550 --> 00:11:30,320
but uh yeah so the senate version and

307
00:11:34,710 --> 00:11:32,560
the house version they're gonna both

308
00:11:36,949 --> 00:11:34,720
both chambers will send a committee

309
00:11:39,269 --> 00:11:36,959
uh that will sit down together and

310
00:11:41,829 --> 00:11:39,279
everything that matches between the two

311
00:11:43,430 --> 00:11:41,839
um will just automatically go through

312
00:11:45,110 --> 00:11:43,440
and then they'll go through line by line

313
00:11:46,870 --> 00:11:45,120

with all the stuff that doesn't match

314

00:11:49,030 --> 00:11:46,880

and they'll do horse trading

315

00:11:51,030 --> 00:11:49,040

and if they can't come to any agreement

316

00:11:52,230 --> 00:11:51,040

some of those things may get tossed

317

00:11:53,509 --> 00:11:52,240

but so long as they can come to an

318

00:11:54,629 --> 00:11:53,519

agreement

319

00:11:56,470 --> 00:11:54,639

you know some

320

00:11:59,030 --> 00:11:56,480

if they do they're going to have to talk

321

00:12:00,150 --> 00:11:59,040

about the uap bill at that point the

322

00:12:02,470 --> 00:12:00,160

amendment

323

00:12:04,550 --> 00:12:02,480

uh and match that up against uh the

324

00:12:06,389 --> 00:12:04,560

golejo's version and if they can't come

325

00:12:07,590 --> 00:12:06,399

to an agreement worst case scenario then

326

00:12:09,990 --> 00:12:07,600

it wouldn't then it'd be gone it

327

00:12:10,949 --> 00:12:10,000

wouldn't happen more likely they're

328

00:12:12,790 --> 00:12:10,959

going to have to have an initial

329

00:12:14,310 --> 00:12:12,800

discussion of the funding and one side's

330

00:12:15,990 --> 00:12:14,320

going to say

331

00:12:18,470 --> 00:12:16,000

750 million the other side is going to

332

00:12:21,110 --> 00:12:18,480

say 900 million and then somebody will

333

00:12:23,269 --> 00:12:21,120

go come on guys 825 you know and

334

00:12:25,190 --> 00:12:23,279

hopefully it just moves on

335

00:12:26,389 --> 00:12:25,200

and if that happens it goes to joe

336

00:12:29,269 --> 00:12:26,399

biden's desk and it's going to get

337

00:12:31,030 --> 00:12:29,279

signed and i have i told luis earlier

338

00:12:32,389 --> 00:12:31,040

this week

339

00:12:34,470 --> 00:12:32,399

i don't want to jinx us but my

340

00:12:35,910 --> 00:12:34,480

confidence is extremely high i think

341

00:12:37,750 --> 00:12:35,920

there isn't going to be a fight i think

342

00:12:38,629 --> 00:12:37,760

the house is going to give way

343

00:12:41,430 --> 00:12:38,639

to

344

00:12:43,430 --> 00:12:41,440

almost all of what gillibrand has

345

00:12:44,790 --> 00:12:43,440

and i think it's going to become law and

346

00:12:46,069 --> 00:12:44,800

then the clock starts and we're going to

347

00:12:47,670 --> 00:12:46,079

have a new office and we're going to

348

00:12:48,550 --> 00:12:47,680

have new reports

349

00:12:50,870 --> 00:12:48,560

and

350

00:12:53,670 --> 00:12:50,880

some big things are coming

351

00:12:56,230 --> 00:12:53,680

i have no doubt um well i want to

352

00:12:58,550 --> 00:12:56,240

backtrack just a little jazz now um

353

00:13:00,710 --> 00:12:58,560

you've gone in depth into exactly what's

354

00:13:03,509 --> 00:13:00,720

in this amendment um some of the you

355

00:13:06,389 --> 00:13:03,519

know key bullet points that a lot of ufo

356

00:13:07,990 --> 00:13:06,399

people have pointed out um what

357

00:13:10,470 --> 00:13:08,000

and i'd like your thoughts on this too

358

00:13:11,910 --> 00:13:10,480

elise um what are you most excited about

359

00:13:13,509 --> 00:13:11,920

that you've seen in the gila brand

360

00:13:15,910 --> 00:13:13,519

amendment that is

361

00:13:16,870 --> 00:13:15,920

you know light years ahead of the this

362

00:13:18,389 --> 00:13:16,880

other

363

00:13:20,710 --> 00:13:18,399

sort of um

364

00:13:23,670 --> 00:13:20,720

you know build that we saw a few months

365

00:13:25,829 --> 00:13:23,680

ago uh what what stood out to you is

366

00:13:28,629 --> 00:13:25,839

like wow they're not messing around

367

00:13:31,910 --> 00:13:28,639

anymore like this isn't just you know

368

00:13:34,310 --> 00:13:31,920

what what we saw in the uap report like

369

00:13:36,470 --> 00:13:34,320

they're going after some big guns now i

370

00:13:39,269 --> 00:13:36,480

mean department of energy she's

371

00:13:41,509 --> 00:13:39,279

challenging as well um yeah what really

372

00:13:43,590 --> 00:13:41,519

stuck out to you within the amendments i

373

00:13:45,350 --> 00:13:43,600

guess yeah what's big to me because of

374

00:13:47,990 --> 00:13:45,360

the world that i live and work in is

375

00:13:48,790 --> 00:13:48,000

probably not the same as what's biggest

376

00:13:51,189 --> 00:13:48,800

to

377

00:13:52,470 --> 00:13:51,199

a lot of people in the ufology community

378

00:13:54,629 --> 00:13:52,480

i mean there's some really exciting

379

00:13:56,790 --> 00:13:54,639

stuff they want information about

380

00:13:59,030 --> 00:13:56,800

uh physiological effects on human beings

381

00:14:00,389 --> 00:13:59,040

that have come you know in contact with

382

00:14:02,790 --> 00:14:00,399

uap

383

00:14:05,430 --> 00:14:02,800

uh they're talking about you know

384

00:14:07,269 --> 00:14:05,440

gathering reports and information not

385

00:14:09,350 --> 00:14:07,279

just from pilots and flight crews but

386

00:14:11,990 --> 00:14:09,360

from the entire military from the entire

387

00:14:14,629 --> 00:14:12,000

intelligence community from civilians

388

00:14:16,150 --> 00:14:14,639

you know uh all that stuff

389

00:14:17,110 --> 00:14:16,160

but what excited me the most was the

390

00:14:20,629 --> 00:14:17,120

muscle

391

00:14:22,949 --> 00:14:20,639

going to be a funded office and the

392

00:14:26,550 --> 00:14:22,959

wording that the senate is using if it

393

00:14:30,389 --> 00:14:27,750

excuse me

394

00:14:31,590 --> 00:14:30,399

nothing is voluntary it says you will

395

00:14:32,550 --> 00:14:31,600

supply

396

00:14:34,629 --> 00:14:32,560

and

397

00:14:36,710 --> 00:14:34,639

when congress tells them you will do

398

00:14:38,389 --> 00:14:36,720

this you will do that then they will do

399

00:14:39,509 --> 00:14:38,399

it or congress will come back and cut

400

00:14:40,629 --> 00:14:39,519

their funding

401
00:14:41,670 --> 00:14:40,639
right you know

402
00:14:44,870 --> 00:14:41,680
and so

403
00:14:46,870 --> 00:14:44,880
uh this new office asro is you know when

404
00:14:48,710 --> 00:14:46,880
a report pops up they're gonna have

405
00:14:50,310 --> 00:14:48,720
people and the authority in the funding

406
00:14:52,629 --> 00:14:50,320
to immediately go out start asking

407
00:14:55,110 --> 00:14:52,639
questions look for matching information

408
00:14:57,509 --> 00:14:55,120
elsewhere and when they go anywhere

409
00:14:59,990 --> 00:14:57,519
except down

410
00:15:02,550 --> 00:15:00,000
the black chimneys which i i think we're

411
00:15:04,150 --> 00:15:02,560
still not going to get any access to um

412
00:15:06,069 --> 00:15:04,160
in the military industrial complex but

413
00:15:07,430 --> 00:15:06,079

everywhere else including the air force

414

00:15:08,870 --> 00:15:07,440

that never wants to talk about it

415

00:15:10,710 --> 00:15:08,880

including the department of energy who

416

00:15:11,990 --> 00:15:10,720

never wants to talk about it

417

00:15:13,189 --> 00:15:12,000

they're going to get to go and say hey

418

00:15:14,949 --> 00:15:13,199

we need what you have on this and

419

00:15:16,790 --> 00:15:14,959

they're going to have to give it up or

420

00:15:19,189 --> 00:15:16,800

face consequences so that was the most

421

00:15:21,350 --> 00:15:19,199

exciting part for me um i really like

422

00:15:23,590 --> 00:15:21,360

the heavy muscle and teeth in this but

423

00:15:24,310 --> 00:15:23,600

louise probably feels something else

424

00:15:26,629 --> 00:15:24,320

no

425

00:15:27,509 --> 00:15:26,639

that's that's exactly what i was going

426
00:15:28,949 --> 00:15:27,519
to say

427
00:15:31,430 --> 00:15:28,959
um

428
00:15:33,590 --> 00:15:31,440
and also also well i was going to add to

429
00:15:35,829 --> 00:15:33,600
that is i love that it has a public

430
00:15:38,069 --> 00:15:35,839
option here is that

431
00:15:41,030 --> 00:15:38,079
the the everyday average joe is also

432
00:15:43,030 --> 00:15:41,040
going to get a report uh possibly more

433
00:15:45,189 --> 00:15:43,040
than once a year which is really

434
00:15:46,310 --> 00:15:45,199
exciting um i think with all of this

435
00:15:48,949 --> 00:15:46,320
also

436
00:15:51,189 --> 00:15:48,959
and i know john greenwald's here uh and

437
00:15:53,269 --> 00:15:51,199
i know john greenwald hates leaks i

438
00:15:55,269 --> 00:15:53,279

personally kind of like leaks i think

439

00:15:57,350 --> 00:15:55,279

leaks are great i think leaks happen all

440

00:15:58,949 --> 00:15:57,360

the time in all sorts of different parts

441

00:16:01,670 --> 00:15:58,959

of government that lead to things

442

00:16:03,350 --> 00:16:01,680

changing and so um i wouldn't be

443

00:16:05,350 --> 00:16:03,360

surprised if a couple leaks also happen

444

00:16:07,990 --> 00:16:05,360

but i think the teeth of the bill the

445

00:16:09,749 --> 00:16:08,000

the fact that if this office this new

446

00:16:11,990 --> 00:16:09,759

asro office which is the anomaly

447

00:16:14,069 --> 00:16:12,000

surveillance and resolution office goes

448

00:16:15,670 --> 00:16:14,079

to a part of the intelligence community

449

00:16:17,910 --> 00:16:15,680

and says hey we want all of your files

450

00:16:20,069 --> 00:16:17,920

on this uap stuff and they come back and

451

00:16:23,430 --> 00:16:20,079

start giving them static they can say

452

00:16:24,870 --> 00:16:23,440

okay no problem we'll talk again when we

453

00:16:26,790 --> 00:16:24,880

have another

454

00:16:29,189 --> 00:16:26,800

national defense authorization act and

455

00:16:31,749 --> 00:16:29,199

your budget shrinks by half

456

00:16:33,590 --> 00:16:31,759

so you sure you want to keep that

457

00:16:34,870 --> 00:16:33,600

information from us because if you do

458

00:16:36,629 --> 00:16:34,880

you're going to have a much smaller

459

00:16:37,670 --> 00:16:36,639

budget next year and they're going to do

460

00:16:39,670 --> 00:16:37,680

one of two things they're either going

461

00:16:41,829 --> 00:16:39,680

to stick their heels in the ground and

462

00:16:43,269 --> 00:16:41,839

stick to their guns and not give up any

463

00:16:44,870 --> 00:16:43,279

info or they're going to have their

464

00:16:47,189 --> 00:16:44,880

budget slashed

465

00:16:49,509 --> 00:16:47,199

that's real power

466

00:16:52,150 --> 00:16:49,519

that's real that's an office with just

467

00:16:54,790 --> 00:16:52,160

like jazz said some actual muscle it's

468

00:16:57,350 --> 00:16:54,800

not a task force with two people this

469

00:17:00,550 --> 00:16:57,360

this this office is going to have

470

00:17:01,509 --> 00:17:00,560

a legitimate budget we we sort of were

471

00:17:03,990 --> 00:17:01,519

were

472

00:17:05,990 --> 00:17:04,000

speculating on what this budget could be

473

00:17:09,029 --> 00:17:06,000

jazz says he wouldn't be surprised if

474

00:17:10,870 --> 00:17:09,039

it's in the one two billion dollar range

475

00:17:12,309 --> 00:17:10,880

spread out over a couple of years spread

476
00:17:15,350 --> 00:17:12,319
out over a couple years not every year

477
00:17:16,870 --> 00:17:15,360
but but that's an actual budget that is

478
00:17:18,949 --> 00:17:16,880
a real budget

479
00:17:20,630 --> 00:17:18,959
they could hire people they can they can

480
00:17:22,390 --> 00:17:20,640
they can really organize this

481
00:17:23,110 --> 00:17:22,400
information and i think that's sort of

482
00:17:27,510 --> 00:17:23,120
the

483
00:17:30,470 --> 00:17:27,520
to be able to

484
00:17:33,270 --> 00:17:30,480
take those different um

485
00:17:35,990 --> 00:17:33,280
uh buckets that was laid out in the

486
00:17:38,630 --> 00:17:36,000
first uh uh unclassified report that we

487
00:17:42,150 --> 00:17:38,640
got in june and they're gonna really be

488
00:17:43,270 --> 00:17:42,160

able to establish drone balloon and

489

00:17:44,950 --> 00:17:43,280

other

490

00:17:46,950 --> 00:17:44,960

and then hopefully get to a

491

00:17:49,190 --> 00:17:46,960

determination or a resolution because

492

00:17:51,430 --> 00:17:49,200

it's in the name of the office they're

493

00:17:54,390 --> 00:17:51,440

trying to get to a resolution of what

494

00:17:55,510 --> 00:17:54,400

other is is we got to talk about that

495

00:17:56,630 --> 00:17:55,520

later but i'm going to shut up because i

496

00:17:58,950 --> 00:17:56,640

know we got to get john in here and he's

497

00:18:02,070 --> 00:17:58,960

a bit yeah no absolutely but those those

498

00:18:04,630 --> 00:18:02,080

are the things i'm super excited about

499

00:18:06,230 --> 00:18:04,640

thanks man i love that well yeah let's

500

00:18:09,110 --> 00:18:06,240

we've talked about them enough let's

501
00:18:11,669 --> 00:18:09,120
bring them in our surprise guest for

502
00:18:13,270 --> 00:18:11,679
this morning this afternoon mr john

503
00:18:16,230 --> 00:18:13,280
greenwald welcome to somewhere in the

504
00:18:18,549 --> 00:18:16,240
skies again my man what's up guys i am

505
00:18:20,390 --> 00:18:18,559
uh super excited to be here i always

506
00:18:22,150 --> 00:18:20,400
love uh being on with you guys on

507
00:18:23,909 --> 00:18:22,160
different shows and you guys are

508
00:18:25,990 --> 00:18:23,919
everywhere

509
00:18:26,710 --> 00:18:26,000
well thanks man i know you had a busy

510
00:18:29,360 --> 00:18:26,720
song

511
00:18:29,370 --> 00:18:33,990
[Music]

512
00:18:38,150 --> 00:18:36,150
lou i don't need more broadway this

513
00:18:41,510 --> 00:18:38,160

morning man i get enough of it

514

00:18:43,510 --> 00:18:41,520

but um well john um before we get to why

515

00:18:44,950 --> 00:18:43,520

um why i really have you here some

516

00:18:47,029 --> 00:18:44,960

breaking news that you just released

517

00:18:48,549 --> 00:18:47,039

over at the black vault um what are your

518

00:18:50,470 --> 00:18:48,559

thoughts about where we lay right now

519

00:18:53,110 --> 00:18:50,480

with the gila brand amendment everything

520

00:18:55,110 --> 00:18:53,120

going on in the senate and um yeah man

521

00:18:57,510 --> 00:18:55,120

this stuff is making waves again in the

522

00:18:59,270 --> 00:18:57,520

mainstream like never before um we're

523

00:19:01,590 --> 00:18:59,280

seeing some sensational headlines here

524

00:19:03,270 --> 00:19:01,600

and there um but yeah what do you think

525

00:19:05,350 --> 00:19:03,280

what do you make of where we stand right

526

00:19:07,669 --> 00:19:05,360

now with all of this you know it's for

527

00:19:09,750 --> 00:19:07,679

me it's exciting to see unfold you know

528

00:19:11,830 --> 00:19:09,760

i mean politicians coming out with new

529

00:19:13,430 --> 00:19:11,840

bills new language new verbiage they're

530

00:19:16,710 --> 00:19:13,440

they're they're trying to submit and get

531

00:19:17,669 --> 00:19:16,720

passed so i split in my my p little

532

00:19:21,350 --> 00:19:17,679

brain

533

00:19:23,590 --> 00:19:21,360

i split it in how i view it uh the me

534

00:19:25,430 --> 00:19:23,600

how i'm excited about it i want to see

535

00:19:27,750 --> 00:19:25,440

how it unfolds but the other part is the

536

00:19:30,230 --> 00:19:27,760

researcher in me which is

537

00:19:32,549 --> 00:19:30,240

i have to work in the now you know and

538

00:19:35,270 --> 00:19:32,559

right now there's a big

539

00:19:37,590 --> 00:19:35,280

push back on people like me attempting

540

00:19:38,390 --> 00:19:37,600

to get information they're locking it

541

00:19:40,470 --> 00:19:38,400

down

542

00:19:42,230 --> 00:19:40,480

so even though the language is exciting

543

00:19:43,909 --> 00:19:42,240

and and again that half of me is you

544

00:19:46,710 --> 00:19:43,919

know really gung-ho about seeing how it

545

00:19:48,710 --> 00:19:46,720

turns out uh i'm worried as well you

546

00:19:50,630 --> 00:19:48,720

know there's part of me that sees the

547

00:19:52,710 --> 00:19:50,640

writing on the wall that a lot of

548

00:19:54,789 --> 00:19:52,720

information pertaining to uaps is

549

00:19:57,029 --> 00:19:54,799

classified uh they're shooting things

550

00:19:59,350 --> 00:19:57,039

down and that's what makes me fear that

551

00:20:01,270 --> 00:19:59,360

this office albeit would be a huge

552

00:20:03,830 --> 00:20:01,280

revelation in itself so i'm not taking

553

00:20:06,549 --> 00:20:03,840

away from that at all nor am i trying to

554

00:20:08,549 --> 00:20:06,559

be a negative nancy uh but rather just

555

00:20:10,630 --> 00:20:08,559

more of a realist on this is what

556

00:20:13,190 --> 00:20:10,640

they're doing in trying to

557

00:20:15,830 --> 00:20:13,200

lock things down and even though there's

558

00:20:18,470 --> 00:20:15,840

a push for public hearings slash reports

559

00:20:20,789 --> 00:20:18,480

or whatever uh the the final language

560

00:20:24,149 --> 00:20:20,799

may ultimately be let's say we do get

561

00:20:27,110 --> 00:20:24,159

more reports i fear the watered-down

562

00:20:28,950 --> 00:20:27,120

uh june version uh is what we'll get

563

00:20:30,149 --> 00:20:28,960

we'll get these you know very broad

564

00:20:32,149 --> 00:20:30,159

overview

565

00:20:33,830 --> 00:20:32,159

oh there's something but we're not

566

00:20:35,990 --> 00:20:33,840

telling you what it is but sure there's

567

00:20:37,270 --> 00:20:36,000

a small percentage of what we don't have

568

00:20:39,430 --> 00:20:37,280

so at the end of the day we're still

569

00:20:41,110 --> 00:20:39,440

kind of left in the dark so i view it

570

00:20:43,350 --> 00:20:41,120

two different ways you know and i don't

571

00:20:45,590 --> 00:20:43,360

want to take away from it it's it's very

572

00:20:47,029 --> 00:20:45,600

exciting and it's really worth it but in

573

00:20:49,110 --> 00:20:47,039

the same respect the writing's on the

574

00:20:50,630 --> 00:20:49,120

wall that the government and military

575

00:20:53,029 --> 00:20:50,640

want to continue what they've done for

576

00:20:54,710 --> 00:20:53,039

decades and push back and say no even

577

00:20:56,630 --> 00:20:54,720

though we're looking into this now we'll

578

00:20:58,470 --> 00:20:56,640

tell you that we are you're not getting

579

00:21:00,549 --> 00:20:58,480

any of it uh and that's what worries me

580

00:21:02,870 --> 00:21:00,559

about here get out of here yeah i know

581

00:21:03,990 --> 00:21:02,880

sign up yeah thanks for your time no

582

00:21:07,190 --> 00:21:04,000

i think you're right i think you're

583

00:21:08,710 --> 00:21:07,200

right that's a huge reality yeah

584

00:21:10,470 --> 00:21:08,720

jazz is like throwing things at his

585

00:21:13,029 --> 00:21:10,480

monitor well

586

00:21:15,190 --> 00:21:13,039

no no no let me disagree with that i i

587

00:21:16,789 --> 00:21:15,200

think i think you're absolutely right i

588

00:21:19,110 --> 00:21:16,799

i can still be excited about the fact

589

00:21:20,310 --> 00:21:19,120

that there's going to be a congressional

590

00:21:23,029 --> 00:21:20,320

group

591

00:21:25,430 --> 00:21:23,039

and someone on the civilian side

592

00:21:26,870 --> 00:21:25,440

gathering this information and i'll sit

593

00:21:28,390 --> 00:21:26,880

there like a dog hoping that something

594

00:21:29,669 --> 00:21:28,400

falls off the table onto the floor and

595

00:21:32,149 --> 00:21:29,679

maybe there'll be some things they can

596

00:21:33,190 --> 00:21:32,159

release and we can keep pushing for that

597

00:21:35,029 --> 00:21:33,200

but yeah they're probably going to

598

00:21:36,950 --> 00:21:35,039

collect a lot of stuff

599

00:21:38,549 --> 00:21:36,960

that we're not going to get to see

600

00:21:39,830 --> 00:21:38,559

because we have massive over

601
00:21:41,669 --> 00:21:39,840
classification problems the government

602
00:21:43,430 --> 00:21:41,679
everybody knows this

603
00:21:44,710 --> 00:21:43,440
and uh but that doesn't mean that it's

604
00:21:47,430 --> 00:21:44,720
not useful and that they aren't

605
00:21:48,789 --> 00:21:47,440
gathering information and a body of work

606
00:21:51,270 --> 00:21:48,799
that sometimes later might be

607
00:21:53,270 --> 00:21:51,280
declassified you know and even if it's

608
00:21:54,870 --> 00:21:53,280
not they're working on

609
00:21:56,310 --> 00:21:54,880
real issues involving this subject

610
00:21:58,390 --> 00:21:56,320
instead of pretending

611
00:21:59,909 --> 00:21:58,400
it doesn't exist or it's not happening

612
00:22:02,310 --> 00:21:59,919
and i'll make one prediction about john

613
00:22:05,029 --> 00:22:02,320

greenwald our very famous guest that we

614

00:22:07,510 --> 00:22:05,039

all know and love is that he's already

615

00:22:09,190 --> 00:22:07,520

sitting there and going over every

616

00:22:11,510 --> 00:22:09,200

government document that's been put out

617

00:22:13,350 --> 00:22:11,520

about this bill as it goes through and

618

00:22:14,630 --> 00:22:13,360

we're all excited about the language in

619

00:22:16,870 --> 00:22:14,640

the bill and the interviews that are

620

00:22:19,029 --> 00:22:16,880

being done john's over there with pencil

621

00:22:21,350 --> 00:22:19,039

and he's scribbling down every name he

622

00:22:23,430 --> 00:22:21,360

sees and there's probably already been a

623

00:22:25,430 --> 00:22:23,440

hundred foia requests written i would

624

00:22:27,909 --> 00:22:25,440

like all correspondence between this

625

00:22:29,990 --> 00:22:27,919

individual and anyone else who that has

626

00:22:31,830 --> 00:22:30,000

this language in it and by the time they

627

00:22:33,110 --> 00:22:31,840

even get done with the bill john's gonna

628

00:22:35,510 --> 00:22:33,120

have already just drowned them in

629

00:22:36,950 --> 00:22:35,520

requests

630

00:22:39,190 --> 00:22:36,960

here's you know what i really got

631

00:22:41,750 --> 00:22:39,200

excited about uh yesterday during that

632

00:22:45,110 --> 00:22:41,760

political article um and gillibrand's

633

00:22:48,070 --> 00:22:45,120

first statements on this bill

634

00:22:49,750 --> 00:22:48,080

i know this sounds kind of dumb

635

00:22:52,070 --> 00:22:49,760

because it's sounding dumb as i'm

636

00:22:53,110 --> 00:22:52,080

thinking about it but this idea that her

637

00:22:55,190 --> 00:22:53,120

kids

638

00:22:57,590 --> 00:22:55,200

her children were like mom we want to

639

00:22:59,590 --> 00:22:57,600

know about the ufos you know like tell

640

00:23:02,870 --> 00:22:59,600

us about the aliens and she's like i'm

641

00:23:05,110 --> 00:23:02,880

trying to like i i think there's um

642

00:23:07,590 --> 00:23:05,120

like i don't think and i think this was

643

00:23:09,350 --> 00:23:07,600

a huge fear and the thing that i love

644

00:23:11,190 --> 00:23:09,360

about this is that

645

00:23:13,909 --> 00:23:11,200

the announcement of this amendment not

646

00:23:16,149 --> 00:23:13,919

only with the co-sponsors that hopped on

647

00:23:18,310 --> 00:23:16,159

conveniently after it was announced

648

00:23:20,789 --> 00:23:18,320

because i think they saw politically

649

00:23:23,590 --> 00:23:20,799

speaking this is popular this is

650

00:23:24,390 --> 00:23:23,600

something people want to know about and

651
00:23:29,110 --> 00:23:24,400
so

652
00:23:30,710 --> 00:23:29,120
i think that wall of secrecy is i agree

653
00:23:32,310 --> 00:23:30,720
we're not going to get the bodies we're

654
00:23:34,230 --> 00:23:32,320
not going to get the craft we're not

655
00:23:36,870 --> 00:23:34,240
going to get the um yeah

656
00:23:38,710 --> 00:23:36,880
but yet yet and i think that's many

657
00:23:41,669 --> 00:23:38,720
years down the road but

658
00:23:44,310 --> 00:23:41,679
i think that other category starts to

659
00:23:47,110 --> 00:23:44,320
become a little bit more defined

660
00:23:49,909 --> 00:23:47,120
as to what it could be what they think

661
00:23:52,230 --> 00:23:49,919
it is the possibilities of it and just

662
00:23:54,390 --> 00:23:52,240
the fact that you have avril haynes

663
00:23:56,630 --> 00:23:54,400

saying extraterrestrially

664

00:23:58,710 --> 00:23:56,640

these things could be it could be one of

665

00:24:01,669 --> 00:23:58,720

these things uh and then you had

666

00:24:04,630 --> 00:24:01,679

yesterday in this very same article um

667

00:24:06,950 --> 00:24:04,640

uh gillibrand say alien you know and

668

00:24:09,510 --> 00:24:06,960

jazz said that was going to happen this

669

00:24:11,750 --> 00:24:09,520

week don't be shocked if the senators

670

00:24:13,510 --> 00:24:11,760

that word pops out of their mouth i

671

00:24:16,070 --> 00:24:13,520

wasn't in an experience

672

00:24:18,230 --> 00:24:16,080

she said other entities once yeah and

673

00:24:20,230 --> 00:24:18,240

she said the unknown twice in a very

674

00:24:21,990 --> 00:24:20,240

clear reference right and that's and

675

00:24:24,390 --> 00:24:22,000

that's and that's to me that's the thing

676

00:24:26,710 --> 00:24:24,400

that i'm getting excited about is that i

677

00:24:28,789 --> 00:24:26,720

think politicians see it and go

678

00:24:30,549 --> 00:24:28,799

oh this is a chance to maybe get some

679

00:24:32,789 --> 00:24:30,559

votes this is a chance to get a little

680

00:24:35,269 --> 00:24:32,799

bit of popularity or maybe pass a bill

681

00:24:37,830 --> 00:24:35,279

that i want passed because the people

682

00:24:39,430 --> 00:24:37,840

want transparency on this and and this

683

00:24:41,269 --> 00:24:39,440

is what i've

684

00:24:43,190 --> 00:24:41,279

and i know this is sort of a naive way

685

00:24:46,630 --> 00:24:43,200

to think about it but i think

686

00:24:49,750 --> 00:24:46,640

if politicians can bring truth

687

00:24:52,070 --> 00:24:49,760

and trust through this topic

688

00:24:54,149 --> 00:24:52,080

where else does that bleed into what

689

00:24:56,710 --> 00:24:54,159

other policies and things in america

690

00:24:59,590 --> 00:24:56,720

does that that that start bleeding into

691

00:25:01,669 --> 00:24:59,600

because i think it's apparent that the

692

00:25:04,470 --> 00:25:01,679

more honest and transparent you are no

693

00:25:07,190 --> 00:25:04,480

matter what the topic it's going to win

694

00:25:08,950 --> 00:25:07,200

you political favor and i and i think

695

00:25:10,549 --> 00:25:08,960

that's encouraging

696

00:25:11,909 --> 00:25:10,559

for especially for the senators and

697

00:25:14,950 --> 00:25:11,919

congressmen that maybe have been there

698

00:25:16,950 --> 00:25:14,960

for two decades and they see oh

699

00:25:19,350 --> 00:25:16,960

people just want honesty

700

00:25:22,149 --> 00:25:19,360

okay yeah let me do a little bit more of

701
00:25:24,630 --> 00:25:22,159
that you know what a concept what a

702
00:25:25,430 --> 00:25:24,640
concept right so i think that to me is

703
00:25:27,909 --> 00:25:25,440
where

704
00:25:29,669 --> 00:25:27,919
it gets exciting and and but i agree

705
00:25:31,830 --> 00:25:29,679
with john i think we've got a long way

706
00:25:33,909 --> 00:25:31,840
to go i think there is going to be it's

707
00:25:35,430 --> 00:25:33,919
going to be pulling teeth still it's not

708
00:25:37,110 --> 00:25:35,440
going to be something that just they

709
00:25:38,710 --> 00:25:37,120
barf out of their mouth and all of a

710
00:25:39,909 --> 00:25:38,720
sudden everybody here in this community

711
00:25:42,630 --> 00:25:39,919
is happy i don't think that's the way

712
00:25:43,830 --> 00:25:42,640
it's going to go down but it's fun

713
00:25:45,510 --> 00:25:43,840

to see

714

00:25:48,390 --> 00:25:45,520

that we're living literally in a moment

715

00:25:50,310 --> 00:25:48,400

in history and we get to see it change

716

00:25:52,789 --> 00:25:50,320

right in front of our face it's

717

00:25:53,510 --> 00:25:52,799

happening in real time and that's just

718

00:25:58,710 --> 00:25:53,520

that

719

00:26:01,029 --> 00:25:58,720

messy like no one ever said disclosure

720

00:26:02,870 --> 00:26:01,039

if you even consider this disclosure i

721

00:26:04,789 --> 00:26:02,880

know a lot of people do a lot of people

722

00:26:08,310 --> 00:26:04,799

don't but um no one ever said it was

723

00:26:11,269 --> 00:26:08,320

gonna be easy or you know clean it's a

724

00:26:13,990 --> 00:26:11,279

messy muddy thing um politically

725

00:26:17,590 --> 00:26:14,000

militarily everything um even

726

00:26:18,470 --> 00:26:17,600

theologically um but yeah i never saw

727

00:26:22,630 --> 00:26:18,480

this

728

00:26:24,870 --> 00:26:22,640

conversation in 2021 it's we've come a

729

00:26:27,190 --> 00:26:24,880

long way since kucinich you know even

730

00:26:29,590 --> 00:26:27,200

mentioned he had a ufo sighting let's

731

00:26:32,510 --> 00:26:29,600

look at that um and now look at where we

732

00:26:34,470 --> 00:26:32,520

are with the words e.t and alien and

733

00:26:36,950 --> 00:26:34,480

extraterrestrially which i didn't even

734

00:26:39,190 --> 00:26:36,960

know is a word of being used by national

735

00:26:41,430 --> 00:26:39,200

intelligence directors oh well then

736

00:26:42,870 --> 00:26:41,440

there we go

737

00:26:45,029 --> 00:26:42,880

right there um

738

00:26:46,789 --> 00:26:45,039

we got to move on to john stuff but one

739

00:26:48,870 --> 00:26:46,799

of the points the thing that yeah i

740

00:26:49,990 --> 00:26:48,880

think it goes down another level even

741

00:26:50,950 --> 00:26:50,000

deeper

742

00:26:52,390 --> 00:26:50,960

getting

743

00:26:53,350 --> 00:26:52,400

members of congress

744

00:26:56,710 --> 00:26:53,360

getting

745

00:26:59,510 --> 00:26:56,720

the civilian side of the pentagon that

746

00:27:01,110 --> 00:26:59,520

are public facing getting them to come

747

00:27:02,950 --> 00:27:01,120

out of the closet to go along and say

748

00:27:04,310 --> 00:27:02,960

things that's a big move

749

00:27:05,909 --> 00:27:04,320

but as i'm sure

750

00:27:07,190 --> 00:27:05,919

i'm not trying to put words in john's

751
00:27:08,789 --> 00:27:07,200
mouth

752
00:27:10,070 --> 00:27:08,799
in the background on the other side of

753
00:27:11,669 --> 00:27:10,080
that wall

754
00:27:13,269 --> 00:27:11,679
there's a whole bunch of those people

755
00:27:14,549 --> 00:27:13,279
that get all that money i was talking

756
00:27:16,230 --> 00:27:14,559
about at the top of the show the money

757
00:27:18,710 --> 00:27:16,240
that's in that black box at the bottom

758
00:27:20,470 --> 00:27:18,720
of the ndaa that you don't get to see

759
00:27:21,990 --> 00:27:20,480
the people that have never wanted to

760
00:27:23,590 --> 00:27:22,000
talk to anybody

761
00:27:25,350 --> 00:27:23,600
they don't care about politics they

762
00:27:27,350 --> 00:27:25,360
don't care how popular it is there's

763
00:27:29,590 --> 00:27:27,360

going to be a lot of them who have their

764

00:27:31,350 --> 00:27:29,600

heels pushed into the sand and it's

765

00:27:34,070 --> 00:27:31,360

going to take dynamite to move them if

766

00:27:36,149 --> 00:27:34,080

they ever move at all just my opinion

767

00:27:38,230 --> 00:27:36,159

not trying to depress anybody but if you

768

00:27:40,310 --> 00:27:38,240

honestly believe there are some special

769

00:27:41,990 --> 00:27:40,320

access programs out there that are

770

00:27:43,830 --> 00:27:42,000

working on you know we always hear all

771

00:27:45,430 --> 00:27:43,840

the typical things has anybody been

772

00:27:47,590 --> 00:27:45,440

doing crash retrieval do they have any

773

00:27:49,269 --> 00:27:47,600

bodies you know all these other things

774

00:27:50,549 --> 00:27:49,279

even if that exists

775

00:27:52,310 --> 00:27:50,559

they're not going to turn around and go

776

00:27:53,269 --> 00:27:52,320

oh we didn't know this was popular here

777

00:27:54,950 --> 00:27:53,279

you go

778

00:27:56,230 --> 00:27:54,960

no they're going to be fighting tooth

779

00:27:57,750 --> 00:27:56,240

and claw and they will hide all the

780

00:27:59,669 --> 00:27:57,760

money and they will hide anything that

781

00:28:01,029 --> 00:27:59,679

john greenwald would ever be able to

782

00:28:02,470 --> 00:28:01,039

chase they're not going to let their

783

00:28:04,230 --> 00:28:02,480

documents get out their names aren't

784

00:28:06,389 --> 00:28:04,240

going to get out and there's going to be

785

00:28:07,350 --> 00:28:06,399

a wall that if it ever gets broken down

786

00:28:09,110 --> 00:28:07,360

it's probably not going to be in my

787

00:28:10,950 --> 00:28:09,120

lifetime

788

00:28:12,310 --> 00:28:10,960

challenge accepted jazz challenge

789

00:28:13,269 --> 00:28:12,320

exactly

790

00:28:17,990 --> 00:28:13,279

i'll be curious

791

00:28:21,590 --> 00:28:18,000

if if john i want john what do you think

792

00:28:23,590 --> 00:28:21,600

do you think that maybe this this grip

793

00:28:25,190 --> 00:28:23,600

that you see especially through your

794

00:28:27,350 --> 00:28:25,200

foia process

795

00:28:30,470 --> 00:28:27,360

loosens a little bit

796

00:28:32,870 --> 00:28:30,480

in conjunction with nasa in this james

797

00:28:34,549 --> 00:28:32,880

webb telescope like if we in this new

798

00:28:36,630 --> 00:28:34,559

year in the first three to four months

799

00:28:39,909 --> 00:28:36,640

get confirmation of techno signatures

800

00:28:42,149 --> 00:28:39,919

and other star systems um do you think

801
00:28:44,470 --> 00:28:42,159
maybe that will help your job a little

802
00:28:45,750 --> 00:28:44,480
bit as far as getting some of this

803
00:28:49,190 --> 00:28:45,760
information

804
00:28:50,549 --> 00:28:49,200
that you're having a hard time pulling

805
00:28:52,710 --> 00:28:50,559
um

806
00:28:54,950 --> 00:28:52,720
it it all kind of depends on the time

807
00:28:57,269 --> 00:28:54,960
frame i look at to answer that question

808
00:28:59,510 --> 00:28:57,279
meaning you know if i go back 10 years

809
00:29:01,590 --> 00:28:59,520
it seems like it's easier 20 years it

810
00:29:03,830 --> 00:29:01,600
seems like it's it's getting easier with

811
00:29:05,750 --> 00:29:03,840
all of these developments however if i

812
00:29:06,950 --> 00:29:05,760
look at a time frame of just the last

813
00:29:08,950 --> 00:29:06,960

three years

814

00:29:11,029 --> 00:29:08,960

uh i would respectfully argue it's

815

00:29:12,789 --> 00:29:11,039

getting harder so again just because

816

00:29:14,549 --> 00:29:12,799

i've you know i'm getting old and i've

817

00:29:16,389 --> 00:29:14,559

been around the block long you know in

818

00:29:18,870 --> 00:29:16,399

this general field

819

00:29:20,710 --> 00:29:18,880

to to gauge whether or not it's getting

820

00:29:22,870 --> 00:29:20,720

easier depends on the time frame that

821

00:29:24,389 --> 00:29:22,880

i'm looking at uh and the reason why i

822

00:29:26,230 --> 00:29:24,399

say when you look at a short time frame

823

00:29:28,470 --> 00:29:26,240

it's getting harder is you look at the

824

00:29:31,029 --> 00:29:28,480

public affairs side you're down to one

825

00:29:31,990 --> 00:29:31,039

person that speaks for at least four

826
00:29:33,110 --> 00:29:32,000
major

827
00:29:34,870 --> 00:29:33,120
um

828
00:29:37,669 --> 00:29:34,880
entities within the federal government

829
00:29:39,669 --> 00:29:37,679
and military structure

830
00:29:41,430 --> 00:29:39,679
i'm sorry

831
00:29:45,110 --> 00:29:41,440
all right john's fine jess i think it

832
00:29:47,110 --> 00:29:45,120
was you buddy oh sorry about that um so

833
00:29:49,190 --> 00:29:47,120
you know you're down to again the public

834
00:29:50,870 --> 00:29:49,200
affairs side you're down to one person

835
00:29:53,510 --> 00:29:50,880
that's fielding all those questions that

836
00:29:56,230 --> 00:29:53,520
in itself makes things very very hard in

837
00:29:57,750 --> 00:29:56,240
september of 2019 that wasn't the case i

838
00:30:00,149 --> 00:29:57,760

was able to get the navy to go on the

839

00:30:01,990 --> 00:30:00,159

record and i extracted information that

840

00:30:04,070 --> 00:30:02,000

said that the gimbal flare and go fast

841

00:30:07,510 --> 00:30:04,080

were unidentified this was before they

842

00:30:09,510 --> 00:30:07,520

ever officially released those videos uh

843

00:30:12,070 --> 00:30:09,520

that next year

844

00:30:14,630 --> 00:30:12,080

my point being again you go back two

845

00:30:17,909 --> 00:30:14,640

years extracting information was easier

846

00:30:21,110 --> 00:30:17,919

now it's much much harder with the foia

847

00:30:22,470 --> 00:30:21,120

also running into roadblocks where

848

00:30:24,310 --> 00:30:22,480

yeah we're taught we're having the

849

00:30:26,310 --> 00:30:24,320

conversation and that's really good we

850

00:30:28,389 --> 00:30:26,320

need to have it we need people like avi

851
00:30:29,510 --> 00:30:28,399
loeb out there people in the scientific

852
00:30:32,230 --> 00:30:29,520
community

853
00:30:33,990 --> 00:30:32,240
willing to take the the challenge uh the

854
00:30:37,430 --> 00:30:34,000
politicians that are willing to take the

855
00:30:40,310 --> 00:30:37,440
challenge all of that is is great but

856
00:30:42,389 --> 00:30:40,320
when it comes to extracting through foia

857
00:30:44,789 --> 00:30:42,399
uh i've had a lot of pushback one thing

858
00:30:47,750 --> 00:30:44,799
i wrote about a week ago was how

859
00:30:51,029 --> 00:30:47,760
everything that was sent to the uap task

860
00:30:53,830 --> 00:30:51,039
force case wise uh was considered

861
00:30:56,149 --> 00:30:53,840
classified 100 percent across the board

862
00:30:58,149 --> 00:30:56,159
now i have appealed that and i have

863
00:31:00,630 --> 00:30:58,159

tried to fight it and that case is

864

00:31:02,789 --> 00:31:00,640

ongoing that's uh only about a week old

865

00:31:04,950 --> 00:31:02,799

uh my appeal case that is

866

00:31:06,789 --> 00:31:04,960

but again my overall point is that it's

867

00:31:09,350 --> 00:31:06,799

it's very difficult because they shut

868

00:31:11,509 --> 00:31:09,360

all that down i still do have hope on

869

00:31:14,230 --> 00:31:11,519

the classified version of the uap report

870

00:31:16,149 --> 00:31:14,240

from june uh i have had a case open for

871

00:31:18,070 --> 00:31:16,159

those who aren't aware uh not through

872

00:31:20,630 --> 00:31:18,080

foia but this is part of the code of

873

00:31:22,149 --> 00:31:20,640

federal regulations that mandates a

874

00:31:24,389 --> 00:31:22,159

government agency has to review

875

00:31:26,470 --> 00:31:24,399

classified information for release

876

00:31:28,149 --> 00:31:26,480

contrary to some what big names out

877

00:31:30,549 --> 00:31:28,159

there have said

878

00:31:33,350 --> 00:31:30,559

the information does not have to be 25

879

00:31:35,590 --> 00:31:33,360

years old that is a huge misconception

880

00:31:39,669 --> 00:31:35,600

it can be an hour old it could be three

881

00:31:41,350 --> 00:31:39,679

minutes old and you can file under a

882

00:31:43,029 --> 00:31:41,360

code of federal regulations depends on

883

00:31:45,190 --> 00:31:43,039

the agency but you can mandate that they

884

00:31:47,509 --> 00:31:45,200

review that information for release and

885

00:31:50,630 --> 00:31:47,519

i still do have high hopes that at least

886

00:31:53,029 --> 00:31:50,640

a portion of that classified report will

887

00:31:55,110 --> 00:31:53,039

come out so um it's back to your

888

00:31:56,070 --> 00:31:55,120

question

889

00:31:59,750 --> 00:31:56,080

when

890

00:32:02,310 --> 00:31:59,760

loosening of the lip so to speak and

891

00:32:04,950 --> 00:32:02,320

more people are talking uh that sounds

892

00:32:06,230 --> 00:32:04,960

great and it and it is but also the

893

00:32:08,470 --> 00:32:06,240

other part of me goes why are they

894

00:32:10,389 --> 00:32:08,480

talking you know why

895

00:32:12,470 --> 00:32:10,399

nasa i think i have a

896

00:32:15,350 --> 00:32:12,480

personal opinion this isn't

897

00:32:17,350 --> 00:32:15,360

meant to be the the the fact uh that i'm

898

00:32:19,830 --> 00:32:17,360

laying down here again please do share

899

00:32:21,830 --> 00:32:19,840

the facts john speculation only on the

900

00:32:24,310 --> 00:32:21,840

nasa side but i but that doesn't

901
00:32:25,909 --> 00:32:24,320
surprise me that uh a nasa head like

902
00:32:28,230 --> 00:32:25,919
that would come out and start talking

903
00:32:31,430 --> 00:32:28,240
about aliens because if somebody who

904
00:32:32,950 --> 00:32:31,440
heads nasa doesn't believe in that uh

905
00:32:34,710 --> 00:32:32,960
why would you give them funding you know

906
00:32:37,110 --> 00:32:34,720
like why would they lead nasa that's

907
00:32:39,269 --> 00:32:37,120
kind of a default position that that i

908
00:32:40,710 --> 00:32:39,279
would hope that they would take uh and

909
00:32:42,789 --> 00:32:40,720
if he comes out and says i believe

910
00:32:44,470 --> 00:32:42,799
aliens are out there great that's why

911
00:32:46,549 --> 00:32:44,480
we're giving him money because he's he's

912
00:32:48,470 --> 00:32:46,559
got that mindset to to traverse the

913
00:32:50,230 --> 00:32:48,480

cosmos if on the other end you got a

914

00:32:51,990 --> 00:32:50,240

nasa director going yeah we're probably

915

00:32:54,630 --> 00:32:52,000

the only ones but maybe we'll find algae

916

00:32:57,029 --> 00:32:54,640

somewhere it's like okay well that's

917

00:32:58,070 --> 00:32:57,039

really dumb um you know that's not fair

918

00:32:59,990 --> 00:32:58,080

though i mean

919

00:33:02,389 --> 00:33:00,000

i could can you remember any other nasa

920

00:33:03,350 --> 00:33:02,399

administrator kind of speaking as openly

921

00:33:07,669 --> 00:33:03,360

and

922

00:33:09,990 --> 00:33:07,679

nelson i can't i can't

923

00:33:12,310 --> 00:33:10,000

you know you're absolutely right but um

924

00:33:14,549 --> 00:33:12,320

he's connecting it to the verbiage of

925

00:33:16,710 --> 00:33:14,559

the time which is the uap and potential

926

00:33:18,870 --> 00:33:16,720

extra terrestrially

927

00:33:21,669 --> 00:33:18,880

that's for you jazz extraterrestrially

928

00:33:23,269 --> 00:33:21,679

connected phenomena and so i think uh

929

00:33:25,269 --> 00:33:23,279

very much i think luis you were saying

930

00:33:28,389 --> 00:33:25,279

it about how these buzzwords are

931

00:33:30,070 --> 00:33:28,399

creating popularity so they just use the

932

00:33:31,990 --> 00:33:30,080

buzzwords and all of a sudden they're on

933

00:33:33,590 --> 00:33:32,000

the spotlight of every major news

934

00:33:36,389 --> 00:33:33,600

organization for having commented on

935

00:33:38,630 --> 00:33:36,399

ufos uh in the same respect he may be

936

00:33:41,269 --> 00:33:38,640

doing that as well life in the universe

937

00:33:42,950 --> 00:33:41,279

has long been talked about uh by nasa i

938

00:33:45,269 --> 00:33:42,960

mean that's why they do stuff like the

939

00:33:46,549 --> 00:33:45,279

hubble like all of these sky searches

940

00:33:48,710 --> 00:33:46,559

you know through different space based

941

00:33:49,669 --> 00:33:48,720

systems and stuff like that uh sending

942

00:33:52,389 --> 00:33:49,679

probes

943

00:33:55,110 --> 00:33:52,399

again looking for life in my opinion

944

00:33:57,350 --> 00:33:55,120

scientifically that's the same thing uh

945

00:33:59,990 --> 00:33:57,360

but bill nelson is simply attributing it

946

00:34:03,269 --> 00:34:00,000

to the buzzword of today which is

947

00:34:05,590 --> 00:34:03,279

the the uap topic and he segued from

948

00:34:06,710 --> 00:34:05,600

that to life in the universe and then

949

00:34:08,710 --> 00:34:06,720

that one

950

00:34:10,069 --> 00:34:08,720

panel that he did like six months back

951
00:34:13,109 --> 00:34:10,079
or whatever it was he threw it to one of

952
00:34:14,790 --> 00:34:13,119
his scientists question was about uaps

953
00:34:17,030 --> 00:34:14,800
but then the scientists went all about

954
00:34:19,990 --> 00:34:17,040
pretty much the astrobiological side of

955
00:34:21,589 --> 00:34:20,000
this and looking for life so that that's

956
00:34:23,030 --> 00:34:21,599
not me taking away from what they're

957
00:34:26,790 --> 00:34:23,040
saying don't get me wrong what they're

958
00:34:28,710 --> 00:34:26,800
saying is is amazing uh but in fairness

959
00:34:31,030 --> 00:34:28,720
i think that they're connecting it to

960
00:34:32,790 --> 00:34:31,040
the buzzwords of today but nasa has long

961
00:34:34,069 --> 00:34:32,800
talked about life in the universe and

962
00:34:35,829 --> 00:34:34,079
that's what they do i mean they're

963
00:34:38,950 --> 00:34:35,839

they're i think john's right but i would

964

00:34:41,349 --> 00:34:38,960

also hate to underscore the evolution of

965

00:34:42,149 --> 00:34:41,359

bill nelson keep in mind bill nelson has

966

00:34:43,589 --> 00:34:42,159

been

967

00:34:45,270 --> 00:34:43,599

in the military

968

00:34:47,349 --> 00:34:45,280

in the government at

969

00:34:49,589 --> 00:34:47,359

various levels uh

970

00:34:50,470 --> 00:34:49,599

an astronaut he's been in public life

971

00:34:52,149 --> 00:34:50,480

for

972

00:34:54,550 --> 00:34:52,159

way over 40 years

973

00:34:55,349 --> 00:34:54,560

and never a peep nothing about any of

974

00:34:57,109 --> 00:34:55,359

this

975

00:34:58,870 --> 00:34:57,119

and then it was like somebody threw a

976
00:35:00,790 --> 00:34:58,880
switch at the beginning of the year and

977
00:35:03,109 --> 00:35:00,800
now you can't get the guy to shut up

978
00:35:05,030 --> 00:35:03,119
about aliens you know he's down there at

979
00:35:06,150 --> 00:35:05,040
the national cathedral he was answering

980
00:35:07,510 --> 00:35:06,160
a totally different question and they

981
00:35:09,990 --> 00:35:07,520
were getting ready to move on without

982
00:35:11,430 --> 00:35:10,000
being asked he jumped in and said wait

983
00:35:14,150 --> 00:35:11,440
wait i haven't even talked about

984
00:35:16,150 --> 00:35:14,160
extraterrestrial life yet you know and

985
00:35:18,310 --> 00:35:16,160
everybody stops and in my mind i could

986
00:35:20,550 --> 00:35:18,320
see someone in the pentagon perhaps

987
00:35:21,670 --> 00:35:20,560
susan goff sitting there face palming

988
00:35:25,109 --> 00:35:21,680

and going

989

00:35:26,950 --> 00:35:25,119

get this guy off the freaking train

990

00:35:30,230 --> 00:35:26,960

you know she got out of her ice cream

991

00:35:32,310 --> 00:35:30,240

truck and just started

992

00:35:34,390 --> 00:35:32,320

hey john i'm wondering that that 10 to

993

00:35:35,990 --> 00:35:34,400

20 you said if it's 20 years back in

994

00:35:37,750 --> 00:35:36,000

time it's been a little bit easier to

995

00:35:38,550 --> 00:35:37,760

grab that information versus three years

996

00:35:40,550 --> 00:35:38,560

ago

997

00:35:42,150 --> 00:35:40,560

is that a

998

00:35:43,430 --> 00:35:42,160

is that

999

00:35:45,589 --> 00:35:43,440

because

1000

00:35:47,190 --> 00:35:45,599

the systems are a little more sensitive

1001
00:35:50,950 --> 00:35:47,200
and classified from three years ago

1002
00:35:52,950 --> 00:35:50,960
versus 20 years ago or or are you not

1003
00:35:55,829 --> 00:35:52,960
asking for things that are revealing

1004
00:35:58,950 --> 00:35:55,839
these classified operating systems

1005
00:36:00,630 --> 00:35:58,960
no i think that uh in 25 years a lot

1006
00:36:02,790 --> 00:36:00,640
changes um

1007
00:36:04,550 --> 00:36:02,800
and and first and foremost after 25

1008
00:36:06,069 --> 00:36:04,560
years of doing this i still learn things

1009
00:36:07,589 --> 00:36:06,079
about the foia all the time i don't

1010
00:36:09,270 --> 00:36:07,599
think there's such a thing as a foia

1011
00:36:11,670 --> 00:36:09,280
expert because there's so many different

1012
00:36:13,910 --> 00:36:11,680
facets to it but with that being said i

1013
00:36:16,790 --> 00:36:13,920

think that after 25 years you learn how

1014

00:36:18,790 --> 00:36:16,800

to look for information different um and

1015

00:36:21,109 --> 00:36:18,800

so that's why again a little bit easier

1016

00:36:23,670 --> 00:36:21,119

just because you've learned to navigate

1017

00:36:25,910 --> 00:36:23,680

the waters so to speak to to get the

1018

00:36:27,670 --> 00:36:25,920

information on top of that too on their

1019

00:36:29,589 --> 00:36:27,680

side technology changes to where they

1020

00:36:32,630 --> 00:36:29,599

can search for information better you

1021

00:36:35,030 --> 00:36:32,640

know when i'm filing in 1996 as a 15

1022

00:36:37,270 --> 00:36:35,040

year old kid you know and i'm i'm asking

1023

00:36:39,910 --> 00:36:37,280

for things uh their search engines their

1024

00:36:42,310 --> 00:36:39,920

databases their organization a lot of

1025

00:36:45,270 --> 00:36:42,320

that has been transformed in the last 25

1026
00:36:48,069 --> 00:36:45,280
years so them searching in 1996 is a lot

1027
00:36:50,710 --> 00:36:48,079
different than them searching in 2021 so

1028
00:36:53,030 --> 00:36:50,720
that also kind of kind of adds to it

1029
00:36:55,510 --> 00:36:53,040
when it comes to classified systems and

1030
00:36:58,950 --> 00:36:55,520
asking to for that to be searched i have

1031
00:37:02,230 --> 00:36:58,960
not uh kind of uh faltered from asking

1032
00:37:04,470 --> 00:37:02,240
for classified information um so so if i

1033
00:37:06,310 --> 00:37:04,480
understood what you meant correctly uh

1034
00:37:07,589 --> 00:37:06,320
that hasn't changed with me i've always

1035
00:37:09,829 --> 00:37:07,599
gone after

1036
00:37:12,630 --> 00:37:09,839
both unclassified level information and

1037
00:37:15,349 --> 00:37:12,640
classified information uh in in these

1038
00:37:17,349 --> 00:37:15,359

foia searches uh i i can't think of an

1039

00:37:19,430 --> 00:37:17,359

instance where i said you can omit

1040

00:37:21,510 --> 00:37:19,440

classified information from the scope of

1041

00:37:23,270 --> 00:37:21,520

the search which you can do by the way

1042

00:37:25,270 --> 00:37:23,280

to help expedite it because then there's

1043

00:37:28,630 --> 00:37:25,280

really kind of very little review

1044

00:37:31,349 --> 00:37:28,640

process for unclassified only material

1045

00:37:33,349 --> 00:37:31,359

and in fact i do take that back i i did

1046

00:37:35,030 --> 00:37:33,359

file a request for unclassified only

1047

00:37:37,349 --> 00:37:35,040

information when i found out that the

1048

00:37:40,870 --> 00:37:37,359

gimbal flare and go fast were considered

1049

00:37:42,950 --> 00:37:40,880

unclassified from their inception so uh

1050

00:37:45,589 --> 00:37:42,960

i had done a request attempting to find

1051
00:37:48,230 --> 00:37:45,599
any other unclassified level again just

1052
00:37:50,230 --> 00:37:48,240
to expedite that that

1053
00:37:51,990 --> 00:37:50,240
angle of trying to search for things

1054
00:37:54,230 --> 00:37:52,000
came up negative but

1055
00:37:56,230 --> 00:37:54,240
um you know that that would probably

1056
00:37:57,829 --> 00:37:56,240
that's a super rare instance i've ever

1057
00:37:59,750 --> 00:37:57,839
done that

1058
00:38:01,510 --> 00:37:59,760
seven well i we do have a super chat

1059
00:38:02,790 --> 00:38:01,520
here i'll get to it quick yeah i didn't

1060
00:38:04,630 --> 00:38:02,800
even mention guys if you want to help

1061
00:38:06,710 --> 00:38:04,640
out the show super chat's open you can

1062
00:38:09,589 --> 00:38:06,720
ask questions of our guests get your

1063
00:38:11,510 --> 00:38:09,599

comments highlighted um but john um yeah

1064

00:38:13,990 --> 00:38:11,520

before we move on if you wouldn't mind

1065

00:38:16,710 --> 00:38:14,000

answering what cj asked there um do you

1066

00:38:18,710 --> 00:38:16,720

have a lawyer or an attorney that helps

1067

00:38:21,190 --> 00:38:18,720

you with this sort of stuff if it gets

1068

00:38:23,349 --> 00:38:21,200

sticky or muddy or um yeah how does that

1069

00:38:25,829 --> 00:38:23,359

work in your world yeah sure no it's a

1070

00:38:28,390 --> 00:38:25,839

great question uh i've none on retainer

1071

00:38:30,230 --> 00:38:28,400

for foia related matters uh over the

1072

00:38:32,069 --> 00:38:30,240

years though i have had the honor and

1073

00:38:33,670 --> 00:38:32,079

privilege of being associated with quite

1074

00:38:35,430 --> 00:38:33,680

a few very well-known

1075

00:38:37,190 --> 00:38:35,440

uh attorneys that deal with these

1076

00:38:38,390 --> 00:38:37,200

matters uh i don't like to name drop or

1077

00:38:40,230 --> 00:38:38,400

anything so i don't want to point them

1078

00:38:42,230 --> 00:38:40,240

out but they're very well known in the

1079

00:38:43,750 --> 00:38:42,240

arena where we have all kind of come to

1080

00:38:46,870 --> 00:38:43,760

know each other and i don't take

1081

00:38:49,030 --> 00:38:46,880

advantage of the friendship and and um

1082

00:38:50,470 --> 00:38:49,040

being colleagues so to speak i'm not an

1083

00:38:52,150 --> 00:38:50,480

attorney but just just kind of working

1084

00:38:53,430 --> 00:38:52,160

in the same arena try not to take

1085

00:38:55,030 --> 00:38:53,440

advantage of it but sometimes when i

1086

00:38:57,109 --> 00:38:55,040

have a legal question i'll reach out to

1087

00:38:58,710 --> 00:38:57,119

them most of what i do on a legal sense

1088

00:38:59,910 --> 00:38:58,720

i've kind of just taught myself over the

1089

00:39:01,910 --> 00:38:59,920

years

1090

00:39:03,030 --> 00:39:01,920

i think i was a lawyer in a past life

1091

00:39:05,190 --> 00:39:03,040

somewhere

1092

00:39:06,950 --> 00:39:05,200

i worked with a lot of legal issues in

1093

00:39:09,430 --> 00:39:06,960

television production rights and

1094

00:39:10,950 --> 00:39:09,440

clearances issues and stuff like that

1095

00:39:13,829 --> 00:39:10,960

and although that sounds completely

1096

00:39:15,910 --> 00:39:13,839

unrelated very much legalese is is very

1097

00:39:17,990 --> 00:39:15,920

you know very much related depending

1098

00:39:19,589 --> 00:39:18,000

upon the topic it it you can kind of

1099

00:39:21,750 --> 00:39:19,599

attribute the skill set you learn from

1100

00:39:24,069 --> 00:39:21,760

here and and just kind of change the

1101

00:39:26,230 --> 00:39:24,079

wording and and associate it over here

1102

00:39:28,230 --> 00:39:26,240

and it kind of still fits so when i do

1103

00:39:31,670 --> 00:39:28,240

appeals and stuff from a legal

1104

00:39:35,190 --> 00:39:31,680

standpoint uh i don't at this point have

1105

00:39:37,750 --> 00:39:35,200

really a need uh for the attorney

1106

00:39:39,190 --> 00:39:37,760

when you get into litigation uh that's

1107

00:39:41,510 --> 00:39:39,200

that's when you essentially bring

1108

00:39:43,510 --> 00:39:41,520

somebody in that's much smarter than me

1109

00:39:44,790 --> 00:39:43,520

to fight it in the court systems i just

1110

00:39:47,510 --> 00:39:44,800

haven't had a

1111

00:39:49,589 --> 00:39:47,520

a real reason to do it um because those

1112

00:39:51,589 --> 00:39:49,599

are those are tough cases and that's why

1113

00:39:53,750 --> 00:39:51,599

those when you hear about freedom of

1114

00:39:55,349 --> 00:39:53,760

information act cases they're done by

1115

00:39:57,510 --> 00:39:55,359

these gigantic

1116

00:40:00,390 --> 00:39:57,520

you know either non-profit organizations

1117

00:40:01,829 --> 00:40:00,400

or major media outlets i will say jason

1118

00:40:04,550 --> 00:40:01,839

leopold who's an investigative

1119

00:40:06,390 --> 00:40:04,560

journalist right now he's uh at buzzfeed

1120

00:40:07,829 --> 00:40:06,400

he was a vice news prior

1121

00:40:08,870 --> 00:40:07,839

he's written about some of my stuff over

1122

00:40:10,630 --> 00:40:08,880

the years

1123

00:40:12,390 --> 00:40:10,640

i pinpoint him because when you look at

1124

00:40:14,390 --> 00:40:12,400

what he's done

1125

00:40:16,950 --> 00:40:14,400

and he's got more lawsuits i think in

1126

00:40:20,230 --> 00:40:16,960

the foia arena than anybody he's backed

1127

00:40:22,230 --> 00:40:20,240

by major media outlets to help him you

1128

00:40:24,470 --> 00:40:22,240

know not probably not only finance it

1129

00:40:27,190 --> 00:40:24,480

but also the name behind it helps in

1130

00:40:29,750 --> 00:40:27,200

those types of lawsuits so whole point

1131

00:40:32,630 --> 00:40:29,760

being it's very very difficult when you

1132

00:40:34,390 --> 00:40:32,640

get into judicial review to do that when

1133

00:40:35,990 --> 00:40:34,400

you're one person when you're a media

1134

00:40:37,270 --> 00:40:36,000

outlet or a major non-profit it's a

1135

00:40:38,790 --> 00:40:37,280

little bit easier

1136

00:40:39,670 --> 00:40:38,800

i just dm'd you a question by the way

1137

00:40:40,950 --> 00:40:39,680

because i don't want to take up the

1138

00:40:42,710 --> 00:40:40,960

whole show maybe it's something you can

1139

00:40:44,069 --> 00:40:42,720

address on one of your shows later on or

1140

00:40:45,910 --> 00:40:44,079

something

1141

00:40:48,790 --> 00:40:45,920

okay thanks chez thank you for answering

1142

00:40:51,670 --> 00:40:48,800

that john um well let's uh let's move on

1143

00:40:54,870 --> 00:40:51,680

to um your latest

1144

00:40:57,349 --> 00:40:54,880

a success um and that was some breaking

1145

00:41:00,950 --> 00:40:57,359

news that you brought today a new

1146

00:41:03,109 --> 00:41:00,960

navy uap case that to your knowledge my

1147

00:41:05,829 --> 00:41:03,119

knowledge a lot of us out there has not

1148

00:41:08,390 --> 00:41:05,839

been made public yet so um see if this

1149

00:41:10,150 --> 00:41:08,400

works yep there it is um there's your

1150

00:41:12,390 --> 00:41:10,160

latest so john yeah if you don't mind

1151

00:41:15,030 --> 00:41:12,400

man running us through a little bit of

1152

00:41:17,109 --> 00:41:15,040

what this is what you found whatever you

1153

00:41:18,870 --> 00:41:17,119

want to share with us absolutely yeah

1154

00:41:21,030 --> 00:41:18,880

this was this was fun he explains that

1155

00:41:22,790 --> 00:41:21,040

let me just jump backstage

1156

00:41:24,790 --> 00:41:22,800

and i was going to say john says there's

1157

00:41:28,150 --> 00:41:24,800

no such thing as a foia expert but there

1158

00:41:34,470 --> 00:41:31,589

i've been called worse bend the knee

1159

00:41:36,470 --> 00:41:34,480

but i appreciate that um

1160

00:41:37,750 --> 00:41:36,480

so yeah so this this was a pretty cool

1161

00:41:38,950 --> 00:41:37,760

find uh

1162

00:41:40,630 --> 00:41:38,960

and again i'm not sure how much your

1163

00:41:42,150 --> 00:41:40,640

audience likes foia stuff so i'll go

1164

00:41:44,230 --> 00:41:42,160

over this very briefly i did a much

1165

00:41:45,190 --> 00:41:44,240

longer video which i integrated into the

1166

00:41:47,510 --> 00:41:45,200

article

1167

00:41:49,670 --> 00:41:47,520

that kind of shows the paper trail but

1168

00:41:51,750 --> 00:41:49,680

very quickly

1169

00:41:53,589 --> 00:41:51,760

those who do navigate foia what i always

1170

00:41:55,430 --> 00:41:53,599

recommend is you look at every single

1171

00:41:57,510 --> 00:41:55,440

character and word on a document because

1172

00:41:59,750 --> 00:41:57,520

there are leads in everything

1173

00:42:02,069 --> 00:41:59,760

for example that that

1174

00:42:05,190 --> 00:42:02,079

unclassified version of the uap report

1175

00:42:08,069 --> 00:42:05,200

in june uh only nine pages i filed more

1176

00:42:09,829 --> 00:42:08,079

than 50 cases out of that

1177

00:42:11,430 --> 00:42:09,839

when i first read it i was really let

1178

00:42:12,950 --> 00:42:11,440

down but then when i

1179

00:42:14,710 --> 00:42:12,960

you know took a deep breath and said

1180

00:42:17,750 --> 00:42:14,720

okay there's something here and then

1181

00:42:19,510 --> 00:42:17,760

read it again 50 different cases stemmed

1182

00:42:22,390 --> 00:42:19,520

out of that so you look for everything

1183

00:42:24,390 --> 00:42:22,400

and these were documents i got in 2019

1184

00:42:26,630 --> 00:42:24,400

and there was their internal

1185

00:42:28,069 --> 00:42:26,640

communications from the u.s navy

1186

00:42:31,030 --> 00:42:28,079

all about

1187

00:42:33,670 --> 00:42:31,040

uaps and i targeted certain individuals

1188

00:42:35,829 --> 00:42:33,680

jazz was was not joking when he says i

1189

00:42:37,510 --> 00:42:35,839

look at names and and try and pick up

1190

00:42:39,670 --> 00:42:37,520

who to go after because that's exactly

1191

00:42:41,510 --> 00:42:39,680

what i did with this where you look for

1192

00:42:43,270 --> 00:42:41,520

those names and then go after material

1193

00:42:45,589 --> 00:42:43,280

look for program names go after material

1194

00:42:47,910 --> 00:42:45,599

look for dates go after material so this

1195

00:42:50,309 --> 00:42:47,920

particular one was in a stack of you

1196

00:42:52,870 --> 00:42:50,319

know hundreds of different pages and

1197

00:42:55,270 --> 00:42:52,880

they mentioned this ola weekly about a

1198

00:42:57,670 --> 00:42:55,280

briefing to some staffers assuming at

1199

00:42:59,910 --> 00:42:57,680

the time they were senate staffers

1200

00:43:02,470 --> 00:42:59,920

about a uap program office now that

1201
00:43:05,030 --> 00:43:02,480
wasn't 100 accurate but i knew that this

1202
00:43:07,349 --> 00:43:05,040
ola weekly would be something to go

1203
00:43:09,190 --> 00:43:07,359
after now ola is office of legislative

1204
00:43:10,470 --> 00:43:09,200
affairs and within the u.s navy what

1205
00:43:12,550 --> 00:43:10,480
they essentially do is work with

1206
00:43:15,990 --> 00:43:12,560
congress the senate on legislative

1207
00:43:18,390 --> 00:43:16,000
issues communications uh senators and

1208
00:43:21,030 --> 00:43:18,400
congressmen will get involved in va type

1209
00:43:23,190 --> 00:43:21,040
issues uh and so so again they've got a

1210
00:43:23,910 --> 00:43:23,200
multitude of of things that they deal

1211
00:43:26,150 --> 00:43:23,920
with

1212
00:43:28,150 --> 00:43:26,160
and every week they have this ola weekly

1213
00:43:29,910 --> 00:43:28,160

that talks about all of the

1214

00:43:31,589 --> 00:43:29,920

various issues and it is very

1215

00:43:33,589 --> 00:43:31,599

wide-ranging i publish the entire

1216

00:43:35,270 --> 00:43:33,599

document you can get it so i started

1217

00:43:38,309 --> 00:43:35,280

chasing this and it took more than two

1218

00:43:40,069 --> 00:43:38,319

years to get this ola weekly it could be

1219

00:43:41,430 --> 00:43:40,079

nothing like when you file for your

1220

00:43:42,630 --> 00:43:41,440

request no idea what you're going to get

1221

00:43:44,470 --> 00:43:42,640

could be gold

1222

00:43:45,910 --> 00:43:44,480

it could be a complete waste of time

1223

00:43:47,510 --> 00:43:45,920

thankfully this one

1224

00:43:55,349 --> 00:43:47,520

was

1225

00:43:57,270 --> 00:43:55,359

got the ola weekly and

1226
00:43:59,430 --> 00:43:57,280
what they were referring to internally

1227
00:44:02,069 --> 00:43:59,440
at the navy was partially accurate it

1228
00:44:04,230 --> 00:44:02,079
was about uaps or in this particular

1229
00:44:06,550 --> 00:44:04,240
instance they talked about anomalous

1230
00:44:08,309 --> 00:44:06,560
area aerial vehicle

1231
00:44:10,630 --> 00:44:08,319
encounters that were briefed to the

1232
00:44:12,710 --> 00:44:10,640
senate armed services committee psms are

1233
00:44:14,950 --> 00:44:12,720
professional staff members

1234
00:44:17,670 --> 00:44:14,960
and then it shows you the date 16

1235
00:44:22,470 --> 00:44:17,680
january the document was 2019 so this is

1236
00:44:24,550 --> 00:44:22,480
2019. an fa-18 pilot from vfa 103 met

1237
00:44:26,390 --> 00:44:24,560
with the senate armed services committee

1238
00:44:27,589 --> 00:44:26,400

they named the people here they blacked

1239

00:44:29,030 --> 00:44:27,599

those out

1240

00:44:30,470 --> 00:44:29,040

the armed services committee staff

1241

00:44:32,710 --> 00:44:30,480

members have continuing interest in

1242

00:44:33,829 --> 00:44:32,720

unidentified aerial vehicle intercepts

1243

00:44:36,470 --> 00:44:33,839

that have occurred in the working

1244

00:44:38,309 --> 00:44:36,480

airspace off the u.s east coast and this

1245

00:44:41,190 --> 00:44:38,319

is the designator for the pilot which is

1246

00:44:43,109 --> 00:44:41,200

redacted gave a detailed brief on his

1247

00:44:45,430 --> 00:44:43,119

personal encounter

1248

00:44:46,870 --> 00:44:45,440

short and sweet but you start dissecting

1249

00:44:50,550 --> 00:44:46,880

that that we know that there was a

1250

00:44:52,230 --> 00:44:50,560

briefing on 16 january 2019 uh brian

1251
00:44:54,870 --> 00:44:52,240
bender was about three to four months

1252
00:44:57,109 --> 00:44:54,880
out from breaking his story on the navy

1253
00:44:59,190 --> 00:44:57,119
guidelines that went out so the time

1254
00:45:00,630 --> 00:44:59,200
frame of these are very fascinating to

1255
00:45:03,030 --> 00:45:00,640
kind of hone in on

1256
00:45:04,870 --> 00:45:03,040
based on alex dietrich's twitter posts

1257
00:45:06,950 --> 00:45:04,880
for those who pay attention she had

1258
00:45:08,230 --> 00:45:06,960
posted with a time stamp when her and

1259
00:45:10,390 --> 00:45:08,240
david fravor were in front of the

1260
00:45:11,990 --> 00:45:10,400
capitol building pay attention closely

1261
00:45:14,390 --> 00:45:12,000
to that photo you'll see the date at the

1262
00:45:17,349 --> 00:45:14,400
top which was 2018. that's one of the

1263
00:45:19,430 --> 00:45:17,359

earlier briefings that i'm aware of that

1264

00:45:21,510 --> 00:45:19,440

you kind of pick up and go make a mental

1265

00:45:22,870 --> 00:45:21,520

note and go okay 2018 they were doing

1266

00:45:25,190 --> 00:45:22,880

these briefings at least with dietrich

1267

00:45:27,190 --> 00:45:25,200

and fravor what else was there this was

1268

00:45:29,190 --> 00:45:27,200

january of 2019

1269

00:45:31,589 --> 00:45:29,200

his personal encounter where we can rule

1270

00:45:35,910 --> 00:45:31,599

out fravor uh simply because he was not

1271

00:45:39,270 --> 00:45:35,920

vfa 103. we can rule out um

1272

00:45:41,990 --> 00:45:39,280

ryan graves uh danny i i've never known

1273

00:45:44,150 --> 00:45:42,000

the pronunciation of la alcoin uh

1274

00:45:46,069 --> 00:45:44,160

forgive me if i've botched that uh they

1275

00:45:49,430 --> 00:45:46,079

were profiled by the new york times uh

1276

00:45:52,630 --> 00:45:49,440

the roosevelt encounters they were at um

1277

00:45:54,550 --> 00:45:52,640

uh with the uss roosevelt uh off the

1278

00:45:57,910 --> 00:45:54,560

southern coast of the east coast

1279

00:46:00,150 --> 00:45:57,920

uh vfa 103 is stationed at nas oceana

1280

00:46:01,589 --> 00:46:00,160

which is in virginia beach virginia so

1281

00:46:03,589 --> 00:46:01,599

you start dissecting this and you

1282

00:46:05,990 --> 00:46:03,599

realize absolutely nothing that we know

1283

00:46:08,550 --> 00:46:06,000

of that i can recall and i invite

1284

00:46:09,430 --> 00:46:08,560

anybody to please please correct me

1285

00:46:11,190 --> 00:46:09,440

uh

1286

00:46:13,030 --> 00:46:11,200

this sighting is brand new

1287

00:46:15,829 --> 00:46:13,040

so we know it would happen either

1288

00:46:17,670 --> 00:46:15,839

january of 2019 or prior

1289

00:46:20,870 --> 00:46:17,680

they're part of vfa

1290

00:46:23,750 --> 00:46:20,880

103 and vfa 103 is known as the jolly

1291

00:46:25,990 --> 00:46:23,760

rogers again stationed at nas oceana in

1292

00:46:29,430 --> 00:46:26,000

virginia so

1293

00:46:32,630 --> 00:46:29,440

all evidence shows that this particular

1294

00:46:34,950 --> 00:46:32,640

sighting within this squadron uh was

1295

00:46:36,309 --> 00:46:34,960

brand new and so that came out from this

1296

00:46:37,990 --> 00:46:36,319

ola weekly

1297

00:46:39,430 --> 00:46:38,000

what's new today i published this

1298

00:46:41,990 --> 00:46:39,440

yesterday i did reach out to the

1299

00:46:45,270 --> 00:46:42,000

pentagon had nothing by the time i wrote

1300

00:46:46,790 --> 00:46:45,280

the article i have updated it today

1301

00:46:48,550 --> 00:46:46,800

and the pentagon said that the entire

1302

00:46:51,109 --> 00:46:48,560

briefing was classified and they will

1303

00:46:53,190 --> 00:46:51,119

not be commenting on it so i could not

1304

00:46:55,670 --> 00:46:53,200

get confirmation on

1305

00:46:57,430 --> 00:46:55,680

you know is this a publicly available

1306

00:47:00,390 --> 00:46:57,440

like a [h__\h] like you know was this the

1307

00:47:03,190 --> 00:47:00,400

pilot that became part of vfa 103

1308

00:47:05,589 --> 00:47:03,200

he shot the the gimbal video and so he's

1309

00:47:08,069 --> 00:47:05,599

there testifying you know can you say

1310

00:47:11,190 --> 00:47:08,079

anything uh no it was completely closed

1311

00:47:13,510 --> 00:47:11,200

off because it was classified so um

1312

00:47:14,710 --> 00:47:13,520

cool little gem in my opinion because it

1313

00:47:16,710 --> 00:47:14,720

adds even though we know that there are

1314

00:47:19,910 --> 00:47:16,720

more cases we haven't heard about

1315

00:47:22,309 --> 00:47:19,920

this locks it in in an official release

1316

00:47:23,270 --> 00:47:22,319

and for those who are either just more

1317

00:47:25,030 --> 00:47:23,280

of the

1318

00:47:26,870 --> 00:47:25,040

spectators and want to know more

1319

00:47:29,510 --> 00:47:26,880

information it's a small piece of the

1320

00:47:31,190 --> 00:47:29,520

puzzle but a piece nonetheless for the

1321

00:47:32,950 --> 00:47:31,200

researchers out there like myself you

1322

00:47:35,270 --> 00:47:32,960

look at that and now that branches off

1323

00:47:37,349 --> 00:47:35,280

into trying to figure out okay now we

1324

00:47:38,390 --> 00:47:37,359

have documented proof a briefing took

1325

00:47:40,630 --> 00:47:38,400

place

1326

00:47:42,309 --> 00:47:40,640

what that means is i was able to file a

1327

00:47:44,710 --> 00:47:42,319

case right before i published the

1328

00:47:47,030 --> 00:47:44,720

article filed a case with the us navy

1329

00:47:48,150 --> 00:47:47,040

for everything that was relating to the

1330

00:47:50,870 --> 00:47:48,160

briefing

1331

00:47:54,150 --> 00:47:50,880

because i would imagine but can't prove

1332

00:47:55,589 --> 00:47:54,160

yet but this case will bore this out uh

1333

00:47:57,670 --> 00:47:55,599

that they would have to approve the

1334

00:48:00,790 --> 00:47:57,680

information that was going to be

1335

00:48:03,349 --> 00:48:00,800

presented to the senate staffers uh or

1336

00:48:05,510 --> 00:48:03,359

took part in creating the materials or

1337

00:48:06,470 --> 00:48:05,520

submitted videos of the uap encounter

1338

00:48:09,109 --> 00:48:06,480

who knows

1339

00:48:11,589 --> 00:48:09,119

but my guess is something was there so

1340

00:48:13,349 --> 00:48:11,599

this establishes a foundation and then

1341

00:48:14,309 --> 00:48:13,359

the cases go from there and we see what

1342

00:48:17,030 --> 00:48:14,319

happens

1343

00:48:18,230 --> 00:48:17,040

and you said you found 50 of them john

1344

00:48:20,549 --> 00:48:18,240

uh

1345

00:48:24,870 --> 00:48:23,349

from the uap report in june just to i

1346

00:48:26,710 --> 00:48:24,880

was using that as an example that you

1347

00:48:28,470 --> 00:48:26,720

always look for little gems this

1348

00:48:29,589 --> 00:48:28,480

particular one spawned maybe two or

1349

00:48:32,390 --> 00:48:29,599

three

1350

00:48:34,790 --> 00:48:32,400

wow hey that's all we can ask for

1351

00:48:37,829 --> 00:48:34,800

that's amazing john i mean um

1352

00:48:40,710 --> 00:48:37,839

yeah i don't jazz are muted oh jazz is

1353

00:48:42,870 --> 00:48:40,720

muted um before we move on i do have

1354

00:48:44,710 --> 00:48:42,880

another super chat here the end game for

1355

00:48:46,549 --> 00:48:44,720

elizondo melon is not only disclosure

1356

00:48:47,990 --> 00:48:46,559

but also to get dedicated new government

1357

00:48:50,230 --> 00:48:48,000

branch with hundreds of billions of

1358

00:48:52,790 --> 00:48:50,240

dollars per year funding for human

1359

00:48:55,910 --> 00:48:52,800

non-human relations um so john is kind

1360

00:48:58,390 --> 00:48:55,920

of entering into exopolitic territory

1361

00:49:00,950 --> 00:48:58,400

with that um i don't know do you guys

1362

00:49:04,069 --> 00:49:00,960

think with everything that's happening

1363

00:49:06,150 --> 00:49:04,079

right now are we moving towards sort of

1364

00:49:08,390 --> 00:49:06,160

an exopolitical uh

1365

00:49:10,150 --> 00:49:08,400

landscape with all of this or is it much

1366

00:49:12,470 --> 00:49:10,160

too early to even

1367

00:49:21,109 --> 00:49:12,480

make a educated guess on something like

1368

00:49:24,150 --> 00:49:22,549

do you have a button that you can hit on

1369

00:49:27,829 --> 00:49:24,160

your nope it

1370

00:49:31,430 --> 00:49:27,839

unmute guess it was all me he's right

1371

00:49:34,150 --> 00:49:31,440

on me oh i'm trying

1372

00:49:36,069 --> 00:49:34,160

our first snafu of the day jazz i'm

1373

00:49:38,470 --> 00:49:36,079

gonna um take you out and bring you back

1374

00:49:40,950 --> 00:49:38,480

in is that cool brother

1375

00:49:42,829 --> 00:49:40,960

yeah cool um yeah just click on the link

1376

00:49:45,589 --> 00:49:42,839

again if you don't mind jazz over on

1377

00:49:47,430 --> 00:49:45,599

twitter thanks man

1378

00:49:49,750 --> 00:49:47,440

all right all right now that he's i knew

1379

00:49:51,829 --> 00:49:49,760

this yeah yeah right

1380

00:49:53,750 --> 00:49:51,839

jazz we love you i knew something would

1381

00:49:54,870 --> 00:49:53,760

go wrong and it was definitely on my end

1382

00:49:56,470 --> 00:49:54,880

um

1383

00:49:58,069 --> 00:49:56,480

yeah what do you guys think do you do

1384

00:49:59,829 --> 00:49:58,079

you have anything for me it's pro i mean

1385

00:50:01,829 --> 00:49:59,839

i don't want to blab too much i just did

1386

00:50:03,750 --> 00:50:01,839

but uh for me it's too preliminary i

1387

00:50:05,910 --> 00:50:03,760

think it's a government military

1388

00:50:08,150 --> 00:50:05,920

absolutely works in a step process

1389

00:50:10,309 --> 00:50:08,160

i think their first step is taking uap

1390

00:50:12,069 --> 00:50:10,319

seriously which it seems like they have

1391

00:50:14,470 --> 00:50:12,079

establishing a research base but i think

1392

00:50:17,430 --> 00:50:14,480

that they're far off from doing a

1393

00:50:20,069 --> 00:50:17,440

non-human contact

1394

00:50:21,190 --> 00:50:20,079

uh research angle

1395

00:50:23,589 --> 00:50:21,200

um

1396

00:50:25,349 --> 00:50:23,599

so yeah for me it's a little bit too

1397

00:50:26,630 --> 00:50:25,359

preliminary and there's a lot of private

1398

00:50:28,950 --> 00:50:26,640

organizations that have worked on

1399

00:50:31,589 --> 00:50:28,960

communications like not only seti

1400

00:50:33,349 --> 00:50:31,599

uh but i believe the other one is uh

1401

00:50:35,109 --> 00:50:33,359

medi m-e-t-i

1402

00:50:37,589 --> 00:50:35,119

uh i may have that acronym wrong but

1403

00:50:40,710 --> 00:50:37,599

that's by dr doug veykoch who i

1404

00:50:43,030 --> 00:50:40,720

interviewed oh yeah years ago uh for a

1405

00:50:44,390 --> 00:50:43,040

discovery channel show that i'd produce

1406

00:50:46,790 --> 00:50:44,400

and it's amazing when you get into

1407

00:50:47,750 --> 00:50:46,800

extraterrestrial communications and you

1408

00:50:49,589 --> 00:50:47,760

know who

1409

00:50:51,510 --> 00:50:49,599

who speaks for humanity and what was

1410

00:50:53,109 --> 00:50:51,520

amazing in that and this is a whole show

1411

00:50:54,390 --> 00:50:53,119

in itself i won't go off on a tangent

1412

00:50:56,390 --> 00:50:54,400

but

1413

00:50:57,750 --> 00:50:56,400

essentially like

1414

00:50:59,829 --> 00:50:57,760

in my opinion

1415

00:51:01,910 --> 00:50:59,839

the scientific community on a worldwide

1416

00:51:04,630 --> 00:51:01,920

scale is kind of clueless on who will

1417

00:51:07,430 --> 00:51:04,640

actually speak for humanity some groups

1418

00:51:09,990 --> 00:51:07,440

have an angle and some groups want to be

1419

00:51:13,109 --> 00:51:10,000

the ones that may speak for humanity but

1420

00:51:15,670 --> 00:51:13,119

there's like no worldwide global

1421

00:51:17,750 --> 00:51:15,680

initiative to say if aliens show up who

1422

00:51:20,790 --> 00:51:17,760

leads the charge is it the u.n is it

1423

00:51:22,870 --> 00:51:20,800

america is it you know who is it um is

1424

00:51:23,910 --> 00:51:22,880

it the dolphins maybe uh you know you

1425

00:51:25,829 --> 00:51:23,920

never know

1426

00:51:29,430 --> 00:51:25,839

who definitely not the miami dolphins

1427

00:51:30,230 --> 00:51:29,440

they're there yeah hot garbage

1428

00:51:35,670 --> 00:51:30,240

so

1429

00:51:38,150 --> 00:51:35,680

get the the government in on that

1430

00:51:40,390 --> 00:51:38,160

and fund research on it uh i don't i i

1431

00:51:42,790 --> 00:51:40,400

don't see we're close to that

1432

00:51:45,109 --> 00:51:42,800

okay yes as far as a non-human

1433

00:51:47,270 --> 00:51:45,119

exopolitical landscape i kind of agree

1434

00:51:48,790 --> 00:51:47,280

with john but from a human exopolitical

1435

00:51:50,870 --> 00:51:48,800

landscape i think we're getting pretty

1436

00:51:53,190 --> 00:51:50,880

close and we've established the space

1437

00:51:55,990 --> 00:51:53,200

force uh just the other day you know

1438

00:51:57,750 --> 00:51:56,000

russia blew up a satellite and and we

1439

00:52:00,309 --> 00:51:57,760

forced the international space station

1440

00:52:03,190 --> 00:52:00,319

to go into essentially a space bunker

1441

00:52:04,950 --> 00:52:03,200

um you know so i think from there is

1442

00:52:08,230 --> 00:52:04,960

exopolitics is where i think we're

1443

00:52:09,109 --> 00:52:08,240

getting closer and closer to that one

1444

00:52:12,950 --> 00:52:09,119

how

1445

00:52:14,470 --> 00:52:12,960

element or conversation into the

1446

00:52:15,750 --> 00:52:14,480

exopolitics

1447

00:52:17,670 --> 00:52:15,760

arena

1448

00:52:19,750 --> 00:52:17,680

i'd say we're a few years out from that

1449

00:52:22,390 --> 00:52:19,760

we still have a long way to go just we

1450

00:52:25,349 --> 00:52:22,400

just need to as a government as a nation

1451

00:52:27,589 --> 00:52:25,359

understand there is a there there they

1452

00:52:29,829 --> 00:52:27,599

are there there is something in the sky

1453

00:52:32,549 --> 00:52:29,839

that our government cannot decipher or

1454

00:52:33,910 --> 00:52:32,559

understand and it's an issue because

1455

00:52:36,150 --> 00:52:33,920

we don't know what it is we don't know

1456

00:52:37,670 --> 00:52:36,160

what the intentions are and that's what

1457

00:52:39,270 --> 00:52:37,680

this bill

1458

00:52:40,230 --> 00:52:39,280

is looking to

1459

00:52:42,790 --> 00:52:40,240

uh

1460

00:52:44,470 --> 00:52:42,800

give resolution to so

1461

00:52:46,630 --> 00:52:44,480

when i wrote that article about will

1462

00:52:48,630 --> 00:52:46,640

anybody be saying the word aliens that

1463

00:52:50,630 --> 00:52:48,640

was one of the things i kind of touched

1464

00:52:51,510 --> 00:52:50,640

on i'm just curious what you guys think

1465

00:52:53,030 --> 00:52:51,520

uh

1466

00:52:55,510 --> 00:52:53,040

you know particularly ryan what do you

1467

00:52:58,230 --> 00:52:55,520

think if we have asrow

1468

00:53:00,390 --> 00:52:58,240

working you know hand in hand with

1469

00:53:02,309 --> 00:53:00,400

members of congress

1470

00:53:04,069 --> 00:53:02,319

if they come out and actually say the

1471

00:53:06,230 --> 00:53:04,079

words as they've started to like we

1472

00:53:08,150 --> 00:53:06,240

don't know yet but maybe this

1473

00:53:10,630 --> 00:53:08,160

could be extraterrestrials i i think

1474

00:53:12,150 --> 00:53:10,640

john brings up an excellent point

1475

00:53:14,790 --> 00:53:12,160

has anyone in the united states

1476
00:53:17,349 --> 00:53:14,800
government ever spent any time saying

1477
00:53:20,549 --> 00:53:17,359
well what if it is what do we do then do

1478
00:53:22,470 --> 00:53:20,559
we have a plan do we have a like

1479
00:53:24,309 --> 00:53:22,480
would we try to make contact if that's

1480
00:53:25,510 --> 00:53:24,319
even possible if they decide to get

1481
00:53:27,430 --> 00:53:25,520
hostile

1482
00:53:29,109 --> 00:53:27,440
could we even defend ourselves i mean is

1483
00:53:31,349 --> 00:53:29,119
that something do you guys see that

1484
00:53:32,150 --> 00:53:31,359
office tackling like because it seems to

1485
00:53:34,790 --> 00:53:32,160
me

1486
00:53:37,030 --> 00:53:34,800
like whether or not it turns out

1487
00:53:40,390 --> 00:53:37,040
to be because we don't know yet but if

1488
00:53:42,549 --> 00:53:40,400

it does turn out to be the a word

1489

00:53:45,030 --> 00:53:42,559

shouldn't we have some sort of plan in

1490

00:53:47,670 --> 00:53:45,040

place like what happens next well yeah

1491

00:53:50,230 --> 00:53:47,680

jazz um and you know i we've got one

1492

00:53:51,990 --> 00:53:50,240

more story for john um that he's gonna

1493

00:53:54,790 --> 00:53:52,000

share with us but to answer your

1494

00:53:56,630 --> 00:53:54,800

question i would turn to your guy's

1495

00:53:58,230 --> 00:53:56,640

interview with lee spiegel you know

1496

00:53:59,829 --> 00:53:58,240

there have been these rumors of these

1497

00:54:02,390 --> 00:53:59,839

manuals throughout the years whether it

1498

00:54:04,390 --> 00:54:02,400

was the air force or um other branches

1499

00:54:06,950 --> 00:54:04,400

of the military on how to deal with

1500

00:54:08,630 --> 00:54:06,960

these things if they were to happen um

1501
00:54:10,470 --> 00:54:08,640
so i mean

1502
00:54:12,630 --> 00:54:10,480
lou what do you think after hearing lee

1503
00:54:14,710 --> 00:54:12,640
talk about that manual that he uncovered

1504
00:54:17,349 --> 00:54:14,720
through the work of i mean i read the

1505
00:54:19,430 --> 00:54:17,359
title right yeah yeah i read the manual

1506
00:54:20,630 --> 00:54:19,440
it's absolutely mind-blowing but some

1507
00:54:22,470 --> 00:54:20,640
people in the discord we had a

1508
00:54:25,750 --> 00:54:22,480
discussion about it after the show and

1509
00:54:27,190 --> 00:54:25,760
the discord i'm curious to know the uh

1510
00:54:29,750 --> 00:54:27,200
the editors

1511
00:54:31,990 --> 00:54:29,760
uh and uh military personnel who wrote

1512
00:54:33,109 --> 00:54:32,000
the manual i want to also see what else

1513
00:54:35,190 --> 00:54:33,119

they wrote

1514

00:54:37,670 --> 00:54:35,200

and and do a little background on on

1515

00:54:39,910 --> 00:54:37,680

them uh before you know we could call it

1516

00:54:41,349 --> 00:54:39,920

a smoky gun but it was really cool and i

1517

00:54:43,190 --> 00:54:41,359

know john's got to leave here in a few

1518

00:54:45,270 --> 00:54:43,200

minutes so if we could get to his second

1519

00:54:46,150 --> 00:54:45,280

story that would be awesome yeah

1520

00:54:48,069 --> 00:54:46,160

absolutely

1521

00:54:49,589 --> 00:54:48,079

i'm so so sorry normally i would want to

1522

00:54:51,910 --> 00:54:49,599

stay longer i just got to bounce out of

1523

00:54:53,109 --> 00:54:51,920

here at 11. absolutely let's do it no

1524

00:54:55,510 --> 00:54:53,119

yeah what's this

1525

00:54:59,109 --> 00:54:55,520

thing yeah what's cool is this may

1526

00:55:00,789 --> 00:54:59,119

actually be a kind of a fun segue to to

1527

00:55:02,789 --> 00:55:00,799

go back to what jaz said really really

1528

00:55:05,030 --> 00:55:02,799

quickly about the question of who speaks

1529

00:55:07,030 --> 00:55:05,040

for humanity can we fight them off

1530

00:55:08,390 --> 00:55:07,040

um i did that show for discovery where

1531

00:55:09,829 --> 00:55:08,400

we talked about extraterrestrial

1532

00:55:12,069 --> 00:55:09,839

communication and even though that was

1533

00:55:13,990 --> 00:55:12,079

quite a few years ago now what my

1534

00:55:17,030 --> 00:55:14,000

biggest takeaway was that we really just

1535

00:55:19,109 --> 00:55:17,040

don't have a plan for the communication

1536

00:55:22,230 --> 00:55:19,119

i was later hired to do a show for

1537

00:55:23,910 --> 00:55:22,240

history channel about if aliens attack

1538

00:55:26,309 --> 00:55:23,920

how why would they do it and how would

1539

00:55:27,829 --> 00:55:26,319

they do it and could humanity survive

1540

00:55:30,390 --> 00:55:27,839

and it was all about all these different

1541

00:55:32,549 --> 00:55:30,400

scenarios the the series was all these

1542

00:55:34,630 --> 00:55:32,559

scenarios that you know could

1543

00:55:36,710 --> 00:55:34,640

potentially end the human race or see

1544

00:55:39,430 --> 00:55:36,720

where we might end up

1545

00:55:42,630 --> 00:55:39,440

i got the alien episode of course uh and

1546

00:55:45,510 --> 00:55:42,640

essentially you can see that we would be

1547

00:55:47,109 --> 00:55:45,520

left in the dust and and that is such a

1548

00:55:48,789 --> 00:55:47,119

fascinating topic i could bore you to

1549

00:55:50,390 --> 00:55:48,799

death for hours on but

1550

00:55:52,950 --> 00:55:50,400

doing those shows though it really made

1551
00:55:55,990 --> 00:55:52,960
me realize that humanity is not ready as

1552
00:55:58,150 --> 00:55:56,000
a collective whole to communicate or god

1553
00:55:59,670 --> 00:55:58,160
forbid fight off what's interesting

1554
00:56:01,109 --> 00:55:59,680
though is and that's kind of the lead

1555
00:56:02,950 --> 00:56:01,119
into this

1556
00:56:06,349 --> 00:56:02,960
when it comes to fighting them off is

1557
00:56:09,109 --> 00:56:06,359
extraterrestrial warfare uh that is this

1558
00:56:11,030 --> 00:56:09,119
1965 document now really quickly it

1559
00:56:13,829 --> 00:56:11,040
showed up on ebay for those that saw

1560
00:56:15,510 --> 00:56:13,839
this on um twitter i think it kind of

1561
00:56:18,470 --> 00:56:15,520
gained a little bit of traction this

1562
00:56:21,030 --> 00:56:18,480
isn't how much did you pay for it john

1563
00:56:24,710 --> 00:56:21,040

well you can you can see nothing by the

1564

00:56:29,510 --> 00:56:27,109

you can see here a million dollars right

1565

00:56:31,430 --> 00:56:29,520

that so and this is an active

1566

00:56:33,510 --> 00:56:31,440

uh active listing right now so this is a

1567

00:56:35,349 --> 00:56:33,520

live view of of ebay they still have

1568

00:56:37,589 --> 00:56:35,359

it's a million bucks and there really

1569

00:56:40,069 --> 00:56:37,599

wasn't anything i mean it's a legit copy

1570

00:56:43,270 --> 00:56:40,079

it did look legit to me uh simply

1571

00:56:44,630 --> 00:56:43,280

because of uh the way that the

1572

00:56:46,549 --> 00:56:44,640

stamps were

1573

00:56:48,470 --> 00:56:46,559

the different downgrade to unclassify

1574

00:56:51,670 --> 00:56:48,480

all that actually looked really legit so

1575

00:56:53,589 --> 00:56:51,680

i assumed that it was a real document

1576

00:56:55,670 --> 00:56:53,599

and it was made by the combat operations

1577

00:56:57,589 --> 00:56:55,680

research group or korg

1578

00:56:59,750 --> 00:56:57,599

this is through the us army at the time

1579

00:57:01,589 --> 00:56:59,760

in the in the mid 1960s they did these

1580

00:57:03,430 --> 00:57:01,599

types of research papers

1581

00:57:05,430 --> 00:57:03,440

and so this

1582

00:57:06,950 --> 00:57:05,440

cool guy wanted a million bucks he

1583

00:57:09,190 --> 00:57:06,960

wanted a smooth mill

1584

00:57:11,829 --> 00:57:09,200

for this thing uh and really didn't give

1585

00:57:14,230 --> 00:57:11,839

anything away of what the document was

1586

00:57:16,069 --> 00:57:14,240

about you know a little abstract here so

1587

00:57:18,630 --> 00:57:16,079

i chased it through foia and quite a few

1588

00:57:28,410 --> 00:57:18,640

months later uh ended up getting it and

1589

00:57:34,069 --> 00:57:31,349

[Music]

1590

00:57:37,270 --> 00:57:34,079

you know i because uh what i'm i have a

1591

00:57:38,870 --> 00:57:37,280

ebay uh account and i was gonna text the

1592

00:57:41,270 --> 00:57:38,880

the link to the guy

1593

00:57:42,230 --> 00:57:41,280

with no with no message just texting the

1594

00:57:44,150 --> 00:57:42,240

link

1595

00:57:45,190 --> 00:57:44,160

just say hey look

1596

00:57:49,270 --> 00:57:45,200

so

1597

00:57:50,710 --> 00:57:49,280

it's about essentially fighting uh in

1598

00:57:52,789 --> 00:57:50,720

the space domain

1599

00:57:56,710 --> 00:57:52,799

and and uh you know they use the word

1600

00:57:57,510 --> 00:57:56,720

extraterrestrial warfare um and you see

1601
00:58:02,309 --> 00:57:57,520
how

1602
00:58:03,910 --> 00:58:02,319
fight in a space environment this was

1603
00:58:06,470 --> 00:58:03,920
1965.

1604
00:58:08,630 --> 00:58:06,480
and even though these types of papers do

1605
00:58:10,870 --> 00:58:08,640
not and you they even say it in the

1606
00:58:14,230 --> 00:58:10,880
front they don't necessarily refer

1607
00:58:16,150 --> 00:58:14,240
reflect the views uh of the either

1608
00:58:18,789 --> 00:58:16,160
author or the

1609
00:58:20,710 --> 00:58:18,799
uh united states army so it's uh that's

1610
00:58:22,950 --> 00:58:20,720
their disclaimer that this isn't an

1611
00:58:24,950 --> 00:58:22,960
official view it's still interesting

1612
00:58:26,950 --> 00:58:24,960
because they they write these papers and

1613
00:58:29,430 --> 00:58:26,960

they sanction these papers in some cases

1614

00:58:31,829 --> 00:58:29,440

they fund these types of research papers

1615

00:58:34,390 --> 00:58:31,839

to look into stuff like this

1616

00:58:36,870 --> 00:58:34,400

and and this was again 1965 they were

1617

00:58:38,870 --> 00:58:36,880

talking about warfare in space

1618

00:58:40,470 --> 00:58:38,880

and how we would fight it in different

1619

00:58:42,710 --> 00:58:40,480

environments and stuff like that if we

1620

00:58:45,430 --> 00:58:42,720

were to establish let's say a lunar

1621

00:58:47,109 --> 00:58:45,440

outpost and got attacked you know how

1622

00:58:48,950 --> 00:58:47,119

somebody has to go to ebay and go into

1623

00:58:51,030 --> 00:58:48,960

the comments and go or you could get it

1624

00:58:53,510 --> 00:58:51,040

for free from john

1625

00:58:55,030 --> 00:58:53,520

put a link in there yeah like oh dude

1626
00:58:57,670 --> 00:58:55,040
sorry to ruin your retirement i was just

1627
00:58:59,109 --> 00:58:57,680
gonna say guys our super chat's open if

1628
00:59:01,190 --> 00:58:59,119
you guys want to donate and get to a

1629
00:59:02,470 --> 00:59:01,200
million dollars today yeah we'll get

1630
00:59:06,870 --> 00:59:02,480
there

1631
00:59:08,950 --> 00:59:06,880
thank you yeah

1632
00:59:10,630 --> 00:59:08,960
this is so cool when you brought this to

1633
00:59:12,230 --> 00:59:10,640
me last minute i'm like yeah we have to

1634
00:59:13,990 --> 00:59:12,240
cover this please yeah and that's why i

1635
00:59:15,190 --> 00:59:14,000
was like kind of a couple minutes past i

1636
00:59:17,910 --> 00:59:15,200
was really trying to get back into my

1637
00:59:20,390 --> 00:59:17,920
office and then this literally popped in

1638
00:59:21,270 --> 00:59:20,400

uh to my email i'm bringing it up really

1639

00:59:23,670 --> 00:59:21,280

quick

1640

00:59:26,069 --> 00:59:23,680

so yeah it was about 45 minutes to an

1641

00:59:27,589 --> 00:59:26,079

hour before you asked me to come on and

1642

00:59:29,349 --> 00:59:27,599

i was like all right i can get that done

1643

00:59:30,789 --> 00:59:29,359

and now so i was kind of finishing up a

1644

00:59:32,309 --> 00:59:30,799

couple things unrelated to the black

1645

00:59:34,230 --> 00:59:32,319

vault and then trying to get that on i

1646

00:59:36,230 --> 00:59:34,240

was like if you give me until 10 15.

1647

00:59:38,390 --> 00:59:36,240

wait you guys will love this is there

1648

00:59:40,069 --> 00:59:38,400

anything quickly anything that you read

1649

00:59:41,910 --> 00:59:40,079

in here that you found interesting that

1650

00:59:43,670 --> 00:59:41,920

maybe could lead you on another foia

1651
00:59:45,270 --> 00:59:43,680
rabbit hole uh

1652
00:59:48,470 --> 00:59:45,280
i'll be honest with you since i

1653
00:59:50,470 --> 00:59:48,480
literally have not just gotten it

1654
00:59:52,390 --> 00:59:50,480
no usually a lot of times what you do is

1655
00:59:54,470 --> 00:59:52,400
you jump to the references

1656
00:59:55,910 --> 00:59:54,480
i mean obviously the meat of the the the

1657
00:59:57,030 --> 00:59:55,920
paper here that i'm kind of thumbing

1658
00:59:58,870 --> 00:59:57,040
through

1659
01:00:00,630 --> 00:59:58,880
you're going to get a lot of information

1660
01:00:03,670 --> 01:00:00,640
but it's usually the references and

1661
01:00:06,230 --> 01:00:03,680
sadly this document has none uh but

1662
01:00:08,710 --> 01:00:06,240
references in the back give you

1663
01:00:10,230 --> 01:00:08,720

literally sometimes hundreds of leads

1664

01:00:12,230 --> 01:00:10,240

and what the references are are where

1665

01:00:14,630 --> 01:00:12,240

they like the footnotes stuff like that

1666

01:00:16,870 --> 01:00:14,640

so if they get a fact from somewhere

1667

01:00:19,510 --> 01:00:16,880

they talk about a program name they'll

1668

01:00:21,670 --> 01:00:19,520

have like a number two or three or four

1669

01:00:23,589 --> 01:00:21,680

and then you go to the footnote uh kind

1670

01:00:25,030 --> 01:00:23,599

of like what wikipedia does right so you

1671

01:00:26,870 --> 01:00:25,040

read the whole article and then at the

1672

01:00:28,789 --> 01:00:26,880

bottom they have all of those those

1673

01:00:30,390 --> 01:00:28,799

references and footnotes same with

1674

01:00:33,270 --> 01:00:30,400

government documents so you always look

1675

01:00:35,910 --> 01:00:33,280

for that this sadly didn't have anything

1676

01:00:37,109 --> 01:00:35,920

but it does kind of go into a detail

1677

01:00:39,270 --> 01:00:37,119

about

1678

01:00:42,069 --> 01:00:39,280

you know the struggles of warfare

1679

01:00:44,390 --> 01:00:42,079

i didn't notice any program names but i

1680

01:00:47,030 --> 01:00:44,400

i did note

1681

01:00:48,710 --> 01:00:47,040

that the uh cover is secret uh that it

1682

01:00:51,270 --> 01:00:48,720

was stamped secret so one time this was

1683

01:00:53,190 --> 01:00:51,280

a secret at a on a secret level uh

1684

01:00:54,230 --> 01:00:53,200

usually in papers like this the reason

1685

01:00:56,470 --> 01:00:54,240

why

1686

01:00:58,870 --> 01:00:56,480

the reason was that in 1965 something

1687

01:01:02,230 --> 01:00:58,880

they talked about in here uh gave it a

1688

01:01:04,150 --> 01:01:02,240

secret uh designator uh later it went

1689

01:01:06,309 --> 01:01:04,160

down to confidential which is the lowest

1690

01:01:08,549 --> 01:01:06,319

level and then it was uh unclassified

1691

01:01:10,950 --> 01:01:08,559

here and

1692

01:01:13,670 --> 01:01:10,960

let me see it doesn't have the date

1693

01:01:16,950 --> 01:01:13,680

hey akashi chris we have our first ebay

1694

01:01:19,109 --> 01:01:16,960

fund for it so thanks chris sorry john

1695

01:01:21,910 --> 01:01:19,119

no no that's okay uh you're almost at

1696

01:01:24,470 --> 01:01:21,920

the mill 1965 you said

1697

01:01:26,870 --> 01:01:24,480

yeah 65 it was written 74 fully

1698

01:01:30,870 --> 01:01:26,880

declassified to an unclassified level

1699

01:01:32,309 --> 01:01:30,880

but this is a prime example though of um

1700

01:01:34,710 --> 01:01:32,319

even though documents are at an

1701

01:01:36,630 --> 01:01:34,720

unclassified level doesn't mean they're

1702

01:01:39,510 --> 01:01:36,640

really readily available to the general

1703

01:01:41,990 --> 01:01:39,520

public and and not to give you a cheesy

1704

01:01:44,150 --> 01:01:42,000

end here but that's why i do what i do

1705

01:01:46,390 --> 01:01:44,160

you know is that now we don't have to

1706

01:01:48,710 --> 01:01:46,400

pay a million dollars to see some guy's

1707

01:01:50,710 --> 01:01:48,720

copy of this we don't have to go to some

1708

01:01:52,630 --> 01:01:50,720

obscure library that has a collecting

1709

01:01:54,630 --> 01:01:52,640

dust you know in a corner somewhere

1710

01:01:55,990 --> 01:01:54,640

because i did find a few references to

1711

01:01:57,910 --> 01:01:56,000

it in

1712

01:01:59,670 --> 01:01:57,920

uh not public libraries but like

1713

01:02:01,430 --> 01:01:59,680

military uh

1714

01:02:04,710 --> 01:02:01,440

you know military libraries that they

1715

01:02:06,230 --> 01:02:04,720

were archiving a copy of it um and

1716

01:02:08,470 --> 01:02:06,240

that's all problematic because you have

1717

01:02:10,230 --> 01:02:08,480

very few places to get it when i got

1718

01:02:12,390 --> 01:02:10,240

this through foia you can see what i did

1719

01:02:15,349 --> 01:02:12,400

put it online now anybody can download

1720

01:02:18,150 --> 01:02:15,359

it for free and and and get it so that

1721

01:02:20,069 --> 01:02:18,160

really has always been kind of a

1722

01:02:22,390 --> 01:02:20,079

main focal point of the black vault even

1723

01:02:24,630 --> 01:02:22,400

though i love ufo secrets and jfk

1724

01:02:26,230 --> 01:02:24,640

assassination material stuff like that

1725

01:02:27,670 --> 01:02:26,240

it's just the collective whole of being

1726

01:02:30,309 --> 01:02:27,680

able to share this information with

1727

01:02:31,910 --> 01:02:30,319

other people doesn't cost you anything

1728

01:02:33,430 --> 01:02:31,920

you go on there can download it and

1729

01:02:35,910 --> 01:02:33,440

there you go so

1730

01:02:37,990 --> 01:02:35,920

um so yeah that's uh that's where we're

1731

01:02:40,870 --> 01:02:38,000

at john this ties into the question i

1732

01:02:42,390 --> 01:02:40,880

dm'd you but if you don't mind just real

1733

01:02:44,390 --> 01:02:42,400

quick before you have to go no problem

1734

01:02:46,069 --> 01:02:44,400

when you received this document because

1735

01:02:47,990 --> 01:02:46,079

i can't tell just by looking at it i

1736

01:02:51,670 --> 01:02:48,000

haven't been to your site yet obviously

1737

01:02:53,750 --> 01:02:51,680

and i will go be digesting this later um

1738

01:02:57,029 --> 01:02:53,760

is this digitized like is it searchable

1739

01:02:59,029 --> 01:02:57,039

or is it just a series of scans

1740

01:03:01,349 --> 01:02:59,039

uh so it was not searchable when i got

1741

01:03:03,750 --> 01:03:01,359

it it was a series of scans that the

1742

01:03:05,349 --> 01:03:03,760

army sent me through a digital copy

1743

01:03:06,630 --> 01:03:05,359

through email

1744

01:03:08,230 --> 01:03:06,640

a lot of times when they make these

1745

01:03:09,829 --> 01:03:08,240

they're either not knowledgeable enough

1746

01:03:12,630 --> 01:03:09,839

or they don't know how or they don't

1747

01:03:14,710 --> 01:03:12,640

care to make it a searchable document so

1748

01:03:16,230 --> 01:03:14,720

before i posted it you can see here i

1749

01:03:18,309 --> 01:03:16,240

made it searchable that's how why you

1750

01:03:20,549 --> 01:03:18,319

can highlight the text so everything

1751
01:03:23,029 --> 01:03:20,559
that's readable by the ocr software that

1752
01:03:25,270 --> 01:03:23,039
i use uh is then

1753
01:03:27,190 --> 01:03:25,280
made into searchable text once it gets

1754
01:03:28,950 --> 01:03:27,200
into search engines and stuff people

1755
01:03:30,470 --> 01:03:28,960
will be able to find it

1756
01:03:33,349 --> 01:03:30,480
and then they can find it you know on

1757
01:03:36,069 --> 01:03:33,359
the uh actual page that i created that

1758
01:03:37,990 --> 01:03:36,079
precedes it which is this one here that

1759
01:03:40,069 --> 01:03:38,000
is so awesome man and for people who

1760
01:03:41,430 --> 01:03:40,079
don't know um i wrote an article about

1761
01:03:45,190 --> 01:03:41,440
this recently

1762
01:03:47,349 --> 01:03:45,200
john has like all every imaginable jfk

1763
01:03:50,150 --> 01:03:47,359

assassination document and none of them

1764

01:03:52,390 --> 01:03:50,160

were searchable until he got them he has

1765

01:03:54,309 --> 01:03:52,400

an entire library i correct me if i'm

1766

01:03:57,190 --> 01:03:54,319

wrong i think the total number of pages

1767

01:03:59,430 --> 01:03:57,200

document it goes into the millions and

1768

01:04:01,990 --> 01:03:59,440

john created this like 3 000 page long

1769

01:04:03,190 --> 01:04:02,000

index and you can search everything if

1770

01:04:04,950 --> 01:04:03,200

you want to find out something about

1771

01:04:06,470 --> 01:04:04,960

that so that's awesome because the

1772

01:04:08,309 --> 01:04:06,480

government doesn't do the work but

1773

01:04:10,630 --> 01:04:08,319

john's doing that work

1774

01:04:12,950 --> 01:04:10,640

yeah jfk ass i thought that's what you

1775

01:04:14,069 --> 01:04:12,960

were searching for you know it's just a

1776

01:04:15,589 --> 01:04:14,079

trick you don't have to spell the whole

1777

01:04:17,670 --> 01:04:15,599

word and it'll pop up

1778

01:04:20,470 --> 01:04:17,680

um no this is i didn't i didn't quite

1779

01:04:21,990 --> 01:04:20,480

realize i did i blasted ass on your show

1780

01:04:24,549 --> 01:04:22,000

right now

1781

01:04:26,309 --> 01:04:24,559

that's sweet jfk ass that's what you get

1782

01:04:28,069 --> 01:04:26,319

here on somewhere in the skies yeah i

1783

01:04:30,710 --> 01:04:28,079

mean john if you want a point of that

1784

01:04:31,430 --> 01:04:30,720

i'd be the first to read it sir that's

1785

01:04:32,789 --> 01:04:31,440

uh

1786

01:04:34,870 --> 01:04:32,799

that's it that's a different that's a

1787

01:04:36,230 --> 01:04:34,880

different black different yeah

1788

01:04:38,390 --> 01:04:36,240

different show

1789

01:04:39,589 --> 01:04:38,400

yeah so this is this is what jazz is

1790

01:04:41,589 --> 01:04:39,599

talking about so it's it's a full

1791

01:04:43,109 --> 01:04:41,599

database and and jazz is absolutely

1792

01:04:44,789 --> 01:04:43,119

right i thought about this in the back

1793

01:04:46,549 --> 01:04:44,799

of my head while he was talking

1794

01:04:48,549 --> 01:04:46,559

that when when nara the national

1795

01:04:50,789 --> 01:04:48,559

archives released uh through the trump

1796

01:04:54,710 --> 01:04:50,799

administration those documents they did

1797

01:04:56,390 --> 01:04:54,720

so in the worst way possible and

1798

01:04:58,789 --> 01:04:56,400

they did so you couldn't search them you

1799

01:05:00,230 --> 01:04:58,799

had to download these gigantic zip files

1800

01:05:01,910 --> 01:05:00,240

none of which worked for the first

1801
01:05:04,470 --> 01:05:01,920
couple of days or it was very hard to

1802
01:05:05,829 --> 01:05:04,480
get in so once i got all the data i just

1803
01:05:08,230 --> 01:05:05,839
literally started a process and

1804
01:05:10,069 --> 01:05:08,240
converted everything so you can see here

1805
01:05:11,750 --> 01:05:10,079
all the different releases download them

1806
01:05:14,630 --> 01:05:11,760
39 gigs

1807
01:05:16,710 --> 01:05:14,640
of of information of pdfs that you can

1808
01:05:20,230 --> 01:05:16,720
download but all searchable and like

1809
01:05:22,630 --> 01:05:20,240
jazz says there's a 3032 page index to

1810
01:05:23,750 --> 01:05:22,640
break it all down yeah um but but that's

1811
01:05:26,470 --> 01:05:23,760
incredible

1812
01:05:27,349 --> 01:05:26,480
it was uh yeah it was a big challenge uh

1813
01:05:31,349 --> 01:05:27,359

for

1814

01:05:33,190 --> 01:05:31,359

everything but uh case in point though

1815

01:05:35,750 --> 01:05:33,200

the government even though you you have

1816

01:05:39,029 --> 01:05:35,760

freedom of information and the freedom

1817

01:05:41,670 --> 01:05:39,039

to information uh essentially

1818

01:05:44,470 --> 01:05:41,680

you've gotta sometimes work to make it

1819

01:05:47,670 --> 01:05:44,480

work for you and creating these types of

1820

01:05:50,390 --> 01:05:47,680

databases and and searchable uh

1821

01:05:51,910 --> 01:05:50,400

pdf documents and stuff is not always

1822

01:05:53,190 --> 01:05:51,920

easy to do but

1823

01:05:54,789 --> 01:05:53,200

that's what i've tried to do here is

1824

01:05:55,750 --> 01:05:54,799

just make it uh make it easy for

1825

01:05:58,309 --> 01:05:55,760

everybody

1826

01:06:00,230 --> 01:05:58,319

thank you john does all this for free by

1827

01:06:02,870 --> 01:06:00,240

the way are you looking for a good place

1828

01:06:05,029 --> 01:06:02,880

to go support john has his own youtube

1829

01:06:06,870 --> 01:06:05,039

channel there's a number of ways he

1830

01:06:08,309 --> 01:06:06,880

doesn't charge anybody for any of this

1831

01:06:10,470 --> 01:06:08,319

anybody can go to the black vault if you

1832

01:06:12,150 --> 01:06:10,480

want to go research jfk assassination

1833

01:06:14,230 --> 01:06:12,160

you're not going to pay a goddamn dime

1834

01:06:17,190 --> 01:06:14,240

and you can sir text search all that

1835

01:06:19,349 --> 01:06:17,200

stuff i'm still in awe i'm amazed by the

1836

01:06:21,430 --> 01:06:19,359

work you do sir i appreciate that jazz

1837

01:06:23,670 --> 01:06:21,440

you're hired as my personal pr

1838

01:06:26,789 --> 01:06:23,680

well john i i'll end with saying you

1839

01:06:30,309 --> 01:06:26,799

were the reason i ever got my first ever

1840

01:06:32,470 --> 01:06:30,319

foia response um had you not showed me

1841

01:06:34,870 --> 01:06:32,480

how to do it properly because i did do

1842

01:06:35,829 --> 01:06:34,880

exactly what you said i went to

1843

01:06:38,710 --> 01:06:35,839

some

1844

01:06:42,390 --> 01:06:38,720

department and said give me file ufo

1845

01:06:44,230 --> 01:06:42,400

tehran just give it to me and of course

1846

01:06:47,029 --> 01:06:44,240

i came to you and said is this how i

1847

01:06:49,510 --> 01:06:47,039

should do it and walk me through

1848

01:06:51,990 --> 01:06:49,520

like how which department to go to which

1849

01:06:53,829 --> 01:06:52,000

might have something keywords to use and

1850

01:06:55,829 --> 01:06:53,839

without you doing that um i would not

1851
01:06:58,309 --> 01:06:55,839
have it framed here in my apartment my

1852
01:07:00,309 --> 01:06:58,319
first ever response so i do have to

1853
01:07:02,390 --> 01:07:00,319
thank you for that in everything you do

1854
01:07:04,950 --> 01:07:02,400
man um i don't think a lot of people

1855
01:07:07,430 --> 01:07:04,960
realize how hard you work on this um to

1856
01:07:09,109 --> 01:07:07,440
get this stuff out to the public so um

1857
01:07:10,789 --> 01:07:09,119
i gotta i just push some buttons and

1858
01:07:14,710 --> 01:07:10,799
hope for the best but thanks no you

1859
01:07:16,069 --> 01:07:14,720
don't we all know we know there's a lot

1860
01:07:17,750 --> 01:07:16,079
just to just

1861
01:07:19,190 --> 01:07:17,760
just to butter up john's buns before he

1862
01:07:21,910 --> 01:07:19,200
gets out of here the people that you

1863
01:07:23,270 --> 01:07:21,920

inspire that that are sort of caring

1864

01:07:25,270 --> 01:07:23,280

starting to pick up the torch on the

1865

01:07:28,950 --> 01:07:25,280

stuff that you do for example britain

1866

01:07:31,270 --> 01:07:28,960

wonderland or even um uh

1867

01:07:33,589 --> 01:07:31,280

sean rash over at witness citizen like

1868

01:07:34,870 --> 01:07:33,599

they they're they're they're following

1869

01:07:37,270 --> 01:07:34,880

your lead and they're getting some

1870

01:07:39,190 --> 01:07:37,280

really cool documents and and you know

1871

01:07:40,950 --> 01:07:39,200

not getting any answers of course like

1872

01:07:42,789 --> 01:07:40,960

all of us but

1873

01:07:44,309 --> 01:07:42,799

they're finding some cool stuff and it's

1874

01:07:46,470 --> 01:07:44,319

and it's fun to read and it's fun to

1875

01:07:48,150 --> 01:07:46,480

talk about it's fun to to to look at so

1876

01:07:49,589 --> 01:07:48,160

that's all thanks to you man you know

1877

01:07:52,230 --> 01:07:49,599

you that's awesome you've got the

1878

01:07:53,910 --> 01:07:52,240

machete you're cutting the the the path

1879

01:07:56,470 --> 01:07:53,920

for all of us and we just get the follow

1880

01:07:58,390 --> 01:07:56,480

so it's cool thanks man no it's it's my

1881

01:08:00,470 --> 01:07:58,400

pleasure i love hearing that too i've

1882

01:08:02,549 --> 01:08:00,480

always been a big advocate for

1883

01:08:04,230 --> 01:08:02,559

for teaching people how to do that you

1884

01:08:05,750 --> 01:08:04,240

know and setting them up i call it a

1885

01:08:08,710 --> 01:08:05,760

journey you know we're all on our own

1886

01:08:11,270 --> 01:08:08,720

journey and we may not always agree as

1887

01:08:14,150 --> 01:08:11,280

we travel our our respective paths but

1888

01:08:16,390 --> 01:08:14,160

man it's such an awesome feeling to

1889

01:08:18,950 --> 01:08:16,400

hear stories like that so thank you guys

1890

01:08:20,550 --> 01:08:18,960

for for saying that all around thank you

1891

01:08:22,229 --> 01:08:20,560

totally sincere

1892

01:08:24,070 --> 01:08:22,239

absolutely man well before you go

1893

01:08:25,430 --> 01:08:24,080

obviously please let us know where we

1894

01:08:28,070 --> 01:08:25,440

can find everything you're up to the

1895

01:08:30,149 --> 01:08:28,080

podcast um and your website everything

1896

01:08:32,709 --> 01:08:30,159

give it to us i appreciate that yeah the

1897

01:08:34,630 --> 01:08:32,719

the easiest way is theblackvault.com

1898

01:08:36,149 --> 01:08:34,640

that gives you the social media roadmap

1899

01:08:38,470 --> 01:08:36,159

i'm pretty active on twitter and

1900

01:08:41,349 --> 01:08:38,480

facebook mostly when it comes to social

1901
01:08:42,950 --> 01:08:41,359
media youtube i have two channels one

1902
01:08:45,430 --> 01:08:42,960
which is the original content called the

1903
01:08:47,030 --> 01:08:45,440
black vault originals and then the other

1904
01:08:49,669 --> 01:08:47,040
is more of the archive the government

1905
01:08:51,269 --> 01:08:49,679
videos and stuff like that uh always

1906
01:08:54,070 --> 01:08:51,279
wish there were more hours in the day

1907
01:08:55,749 --> 01:08:54,080
but uh but i do post when i can so yeah

1908
01:08:57,990 --> 01:08:55,759
i appreciate the opportunity coming on

1909
01:09:00,550 --> 01:08:58,000
and chatting with you guys and hopefully

1910
01:09:03,030 --> 01:09:00,560
uh we'll all get to hang out again soon

1911
01:09:05,430 --> 01:09:03,040
absolutely man well thank you for coming

1912
01:09:07,430 --> 01:09:05,440
um have a great afternoon my man and i

1913
01:09:09,430 --> 01:09:07,440

know this is only the beginning of the

1914

01:09:11,590 --> 01:09:09,440

journey so have a great afternoon thank

1915

01:09:13,110 --> 01:09:11,600

you guys have fun

1916

01:09:15,510 --> 01:09:13,120

later my man

1917

01:09:17,510 --> 01:09:15,520

ah buttering up john's buns another

1918

01:09:19,669 --> 01:09:17,520

thing we didn't think we would have

1919

01:09:22,070 --> 01:09:19,679

it was funny man is it my brain i was

1920

01:09:24,950 --> 01:09:22,080

like damn it i wish i was in vegas right

1921

01:09:26,550 --> 01:09:24,960

now because i would put the over under

1922

01:09:28,709 --> 01:09:26,560

where would you guys put the over under

1923

01:09:31,269 --> 01:09:28,719

at eight minutes before 11

1924

01:09:32,950 --> 01:09:31,279

if john was gonna finish at 11 and he

1925

01:09:35,189 --> 01:09:32,960

always goes over even though he said i

1926

01:09:37,269 --> 01:09:35,199

gotta leave at 11.

1927

01:09:38,950 --> 01:09:37,279

there's no way there's there's no way

1928

01:09:41,030 --> 01:09:38,960

you're gonna be here for at least five

1929

01:09:42,950 --> 01:09:41,040

more minutes over this yeah because yeah

1930

01:09:45,349 --> 01:09:42,960

well i mean i was thinking that through

1931

01:09:49,829 --> 01:09:45,359

the whole thing it's like i i got i'm

1932

01:09:52,309 --> 01:09:49,839

gonna be doing artemis prime uh in

1933

01:09:53,669 --> 01:09:52,319

50 minutes and i i came into this

1934

01:09:55,830 --> 01:09:53,679

knowing if you get the four of us

1935

01:09:58,149 --> 01:09:55,840

together and start talking

1936

01:09:59,750 --> 01:09:58,159

i it just it flew we didn't get to half

1937

01:10:01,430 --> 01:09:59,760

the stuff i know

1938

01:10:03,990 --> 01:10:01,440

it can stay a little longer if you guys

1939

01:10:06,709 --> 01:10:04,000

want to do it but cool i i was just like

1940

01:10:08,790 --> 01:10:06,719

i know how every show i've done i've had

1941

01:10:10,550 --> 01:10:08,800

i've interviewed ryan for our network

1942

01:10:12,870 --> 01:10:10,560

i've been on with john before and of

1943

01:10:14,630 --> 01:10:12,880

course all the stuff on ucr you always

1944

01:10:16,470 --> 01:10:14,640

think it's like okay i got this schedule

1945

01:10:17,750 --> 01:10:16,480

we're going to talk about a b and c and

1946

01:10:19,990 --> 01:10:17,760

this is going to be great people are

1947

01:10:22,070 --> 01:10:20,000

going to like it and three minutes into

1948

01:10:24,310 --> 01:10:22,080

it it's like holy [\h__\h] did i tell you

1949

01:10:27,510 --> 01:10:24,320

what happened this one time you know and

1950

01:10:29,830 --> 01:10:27,520

everybody's got stuff and it's always so

1951

01:10:31,990 --> 01:10:29,840

enjoyable you know and it's you just get

1952

01:10:34,149 --> 01:10:32,000

lost and the time just evaporates it

1953

01:10:35,669 --> 01:10:34,159

flies man and yeah i mean i don't want

1954

01:10:37,830 --> 01:10:35,679

to take up all your time before the next

1955

01:10:39,350 --> 01:10:37,840

show jazz so we'll move on to sort of

1956

01:10:41,350 --> 01:10:39,360

the last thing i wanted to talk to you

1957

01:10:43,510 --> 01:10:41,360

about um you let me know when you gotta

1958

01:10:45,110 --> 01:10:43,520

go brother you gotta warm up before the

1959

01:10:46,550 --> 01:10:45,120

next show take a little break whatever

1960

01:10:47,990 --> 01:10:46,560

you need let me know now what i really

1961

01:10:49,669 --> 01:10:48,000

need to do is get rid of the water and

1962

01:10:50,470 --> 01:10:49,679

soda and get a martini before the next

1963

01:10:52,070 --> 01:10:50,480

show

1964

01:10:54,550 --> 01:10:52,080

talk to some witches

1965

01:10:56,630 --> 01:10:54,560

that is the dirtiest water and soda i've

1966

01:10:59,270 --> 01:10:56,640

ever seen

1967

01:11:01,189 --> 01:10:59,280

no it's just it's coke the ice melted oh

1968

01:11:03,189 --> 01:11:01,199

okay okay okay all right i was like wait

1969

01:11:05,590 --> 01:11:03,199

what's going on i'm thinking i'm just

1970

01:11:08,390 --> 01:11:05,600

thinking about it new york water man

1971

01:11:09,590 --> 01:11:08,400

trust me i know that's the best water he

1972

01:11:12,870 --> 01:11:09,600

he's right

1973

01:11:14,550 --> 01:11:12,880

really

1974

01:11:17,110 --> 01:11:14,560

what was it ryan go ahead see here we go

1975

01:11:19,270 --> 01:11:17,120

again i know something fun together and

1976

01:11:22,870 --> 01:11:19,280

it's like that's what i do feel the

1977

01:11:25,350 --> 01:11:22,880

audience going get on to the ufo

1978

01:11:26,470 --> 01:11:25,360

money play get on with it we're going to

1979

01:11:29,350 --> 01:11:26,480

talk about

1980

01:11:32,870 --> 01:11:29,360

our future in space event at the

1981

01:11:34,149 --> 01:11:32,880

ethanol national cathedral november 10th

1982

01:11:37,030 --> 01:11:34,159

um i'm just going to run through the

1983

01:11:38,630 --> 01:11:37,040

summary really quick guys um space is

1984

01:11:40,630 --> 01:11:38,640

the new frontier of humanity please

1985

01:11:42,149 --> 01:11:40,640

excuse the siren in the background nasa

1986

01:11:44,310 --> 01:11:42,159

is planning a new generation of

1987

01:11:47,990 --> 01:11:44,320

exploration scientists are debating the

1988

01:11:50,630 --> 01:11:48,000

possibility of e t life um what does the

1989

01:11:53,590 --> 01:11:50,640

space rush mean at a moment when private

1990

01:11:55,669 --> 01:11:53,600

citizens are launching spaceships and uh

1991

01:11:58,870 --> 01:11:55,679

the national director of intelligence

1992

01:12:01,030 --> 01:11:58,880

has released a report assessing uap

1993

01:12:02,790 --> 01:12:01,040

which we're all familiar with now um as

1994

01:12:05,030 --> 01:12:02,800

we look toward the heavens what does the

1995

01:12:09,350 --> 01:12:05,040

possibility of life out there mean for

1996

01:12:11,510 --> 01:12:09,360

our religious life um crazy i know on

1997

01:12:13,510 --> 01:12:11,520

ucr you guys did like a three hour

1998

01:12:17,030 --> 01:12:13,520

review of this thing right after it

1999

01:12:19,510 --> 01:12:17,040

ended which was awesome um so yeah let's

2000

01:12:21,910 --> 01:12:19,520

get your perspectives maybe a week or so

2001

01:12:25,990 --> 01:12:21,920

out from this thing uh speakers were

2002

01:12:28,630 --> 01:12:26,000

avril haynes uh avi loeb bill nelson and

2003

01:12:30,790 --> 01:12:28,640

even freaking jeff bezos showed up at

2004

01:12:34,229 --> 01:12:30,800

this thing um so

2005

01:12:36,310 --> 01:12:34,239

my god i again the world is just

2006

01:12:38,310 --> 01:12:36,320

bizarro right now when it comes to this

2007

01:12:40,870 --> 01:12:38,320

topic i can't believe we're having these

2008

01:12:42,630 --> 01:12:40,880

conversations but is this a new show or

2009

01:12:44,790 --> 01:12:42,640

a movie when you're watching that's all

2010

01:12:46,310 --> 01:12:44,800

i'm thinking go ahead louise yeah

2011

01:12:48,229 --> 01:12:46,320

nude yeah what do you think of this

2012

01:12:49,830 --> 01:12:48,239

whole thing yeah

2013

01:12:51,430 --> 01:12:49,840

and i'm gonna play a clip too but yeah

2014

01:12:53,189 --> 01:12:51,440

give us your name i thought it was

2015

01:12:56,470 --> 01:12:53,199

awesome i thought it was fun to watch it

2016

01:12:58,870 --> 01:12:56,480

was a really cool setting uh in a church

2017

01:13:00,390 --> 01:12:58,880

um it was i loved the organ at the

2018

01:13:03,189 --> 01:13:00,400

beginning of it you know it almost felt

2019

01:13:06,870 --> 01:13:03,199

like a star wars award like a medal

2020

01:13:12,790 --> 01:13:09,910

he's supposed to have avi loeb

2021

01:13:15,030 --> 01:13:12,800

and i believe uh bill nelson and then it

2022

01:13:17,590 --> 01:13:15,040

sort of ballooned into avril haynes and

2023

01:13:18,950 --> 01:13:17,600

jeff bezos uh in the theologian that we

2024

01:13:22,709 --> 01:13:18,960

saw at the end i'm forgetting his name

2025

01:13:23,510 --> 01:13:22,719

right now um you know it wasn't

2026

01:13:26,550 --> 01:13:23,520

it

2027

01:13:55,110 --> 01:13:26,560

a

2028

01:13:57,350 --> 01:13:55,120

sitting in the room being like hey you

2029

01:13:59,110 --> 01:13:57,360

know we knew we need more funding we

2030

01:14:01,350 --> 01:13:59,120

need more funding we need more people

2031

01:14:02,950 --> 01:14:01,360

who are interested in this uh you know

2032

01:14:04,310 --> 01:14:02,960

we need a hundred million dollars to

2033

01:14:05,910 --> 01:14:04,320

really look at this and he's right he

2034

01:14:08,550 --> 01:14:05,920

needs that hundred million dollar range

2035

01:14:10,310 --> 01:14:08,560

to sort of really tackle this

2036

01:14:11,990 --> 01:14:10,320

i am curious we're going to have avi on

2037

01:14:14,470 --> 01:14:12,000

the show friday

2038

01:14:16,070 --> 01:14:14,480

i'm curious to know how

2039

01:14:18,070 --> 01:14:16,080

because the first time we spoke with him

2040

01:14:19,270 --> 01:14:18,080

it was he didn't want government help he

2041

01:14:20,550 --> 01:14:19,280

didn't want

2042

01:14:22,709 --> 01:14:20,560

anything to do with the government

2043

01:14:25,270 --> 01:14:22,719

because he doesn't want his data to be

2044

01:14:27,830 --> 01:14:25,280

classified or restricted in any way he

2045

01:14:29,990 --> 01:14:27,840

wants it to be open and and available to

2046

01:14:31,430 --> 01:14:30,000

everyone as soon as it's available so

2047

01:14:33,830 --> 01:14:31,440

i'm curious to know

2048

01:14:35,270 --> 01:14:33,840

how does the galileo project and this

2049

01:14:37,990 --> 01:14:35,280

bill

2050

01:14:40,550 --> 01:14:38,000

a government amendment how

2051

01:14:41,830 --> 01:14:40,560

they're going to coexist that's really

2052

01:14:44,149 --> 01:14:41,840

what i'm curious about and how that

2053

01:14:46,630 --> 01:14:44,159

connection was made i'm assuming it's a

2054

01:14:48,470 --> 01:14:46,640

christopher mellon luellazando thing uh

2055

01:14:50,870 --> 01:14:48,480

but you know well i guess we'll get some

2056

01:14:54,390 --> 01:14:50,880

a little bit clearer answers to that um

2057

01:14:56,550 --> 01:14:54,400

but yeah i mean dude it's

2058

01:14:59,350 --> 01:14:56,560

anytime you can get

2059

01:15:01,910 --> 01:14:59,360

religious uh leaders

2060

01:15:04,229 --> 01:15:01,920

um a director of national intelligence a

2061

01:15:05,790 --> 01:15:04,239

harvard scientist

2062

01:15:07,590 --> 01:15:05,800

and and um

2063

01:15:10,070 --> 01:15:07,600

[Music]

2064

01:15:13,750 --> 01:15:10,080

and just great thinkers overall in a

2065

01:15:16,149 --> 01:15:13,760

place where they can talk about this

2066

01:15:18,310 --> 01:15:16,159

and nobody sounded crazy

2067

01:15:21,430 --> 01:15:18,320

nobody sound nobody got made fun of

2068

01:15:24,550 --> 01:15:21,440

there was no post like oh look at these

2069

01:15:27,030 --> 01:15:24,560

you know tin foil hat people like it was

2070

01:15:29,270 --> 01:15:27,040

it's a conversation that is now

2071

01:15:31,510 --> 01:15:29,280

starting to be picked up by politico it

2072

01:15:33,910 --> 01:15:31,520

started being picked up uh i just saw

2073

01:15:35,270 --> 01:15:33,920

the new york magazine just put out an

2074

01:15:36,870 --> 01:15:35,280

article oh yeah

2075

01:15:39,990 --> 01:15:36,880

what's happening with this gillibrand

2076

01:15:44,390 --> 01:15:40,000

amendment it's intelligencer too yeah

2077

01:15:47,990 --> 01:15:46,390

it's not coming we're in the middle of

2078

01:15:49,990 --> 01:15:48,000

it right now we're in the middle of it

2079

01:15:51,350 --> 01:15:50,000

yeah well um jess before we get your

2080

01:15:53,110 --> 01:15:51,360

thoughts brother if you guys don't mind

2081

01:15:54,470 --> 01:15:53,120

i'm gonna play the small clip that was

2082

01:15:57,270 --> 01:15:54,480

kind of the highlight that the

2083

01:15:59,030 --> 01:15:57,280

mainstream picked up on with um again

2084

01:16:01,430 --> 01:15:59,040

avril haynes the director of national

2085

01:16:02,550 --> 01:16:01,440

intelligence so um bear with me while i

2086

01:16:04,790 --> 01:16:02,560

get this

2087

01:16:06,709 --> 01:16:04,800

set up here and um then we'll just

2088

01:16:08,149 --> 01:16:06,719

comment on this and then jazz you go get

2089

01:16:09,830 --> 01:16:08,159

ready my man

2090

01:16:13,430 --> 01:16:09,840

so uh

2091

01:16:14,550 --> 01:16:13,440

dna hands on this topic of of life out

2092

01:16:17,350 --> 01:16:14,560

there

2093

01:16:21,270 --> 01:16:17,360

you issued an extraordinary preliminary

2094

01:16:24,070 --> 01:16:21,280

assessment in june on unidentified

2095

01:16:27,270 --> 01:16:24,080

aerial phenomena this is the new term of

2096

01:16:30,950 --> 01:16:27,280

art to summarize that report you studied

2097

01:16:33,910 --> 01:16:30,960

144 reports from u.s government sources

2098

01:16:36,149 --> 01:16:33,920

80 had multiple sensors that have made

2099

01:16:37,990 --> 01:16:36,159

the identifications in 18 of these

2100

01:16:40,550 --> 01:16:38,000

instances

2101
01:16:43,350 --> 01:16:40,560
observers i'm quoting reported on usual

2102
01:16:45,350 --> 01:16:43,360
uap flight characteristics

2103
01:16:46,470 --> 01:16:45,360
you sorted these into five different

2104
01:16:49,189 --> 01:16:46,480
bins

2105
01:16:51,590 --> 01:16:49,199
the last call just other

2106
01:16:54,070 --> 01:16:51,600
i want to ask you to share with the

2107
01:16:57,510 --> 01:16:54,080
audience your takeaway after the

2108
01:17:00,470 --> 01:16:57,520
completion of that report and what your

2109
01:17:02,229 --> 01:17:00,480
own view is as you look at the evidence

2110
01:17:03,750 --> 01:17:02,239
yeah i mean i think the bottom line is

2111
01:17:05,590 --> 01:17:03,760
that we don't understand everything that

2112
01:17:08,070 --> 01:17:05,600
we're seeing and that's probably not

2113
01:17:11,030 --> 01:17:08,080

surprising to anybody in many respects

2114

01:17:12,709 --> 01:17:11,040

but it is it was a report that really

2115

01:17:15,430 --> 01:17:12,719

congress asked us to

2116

01:17:17,350 --> 01:17:15,440

produce a report that assessed what we

2117

01:17:19,510 --> 01:17:17,360

saw as the threat essentially from

2118

01:17:20,470 --> 01:17:19,520

unidentified aerial phenomena

2119

01:17:24,070 --> 01:17:20,480

and

2120

01:17:26,149 --> 01:17:24,080

of the different reports that we had

2121

01:17:29,510 --> 01:17:26,159

identified and it stretched over from i

2122

01:17:31,189 --> 01:17:29,520

think 2004 through to 2021

2123

01:17:33,750 --> 01:17:31,199

the different reports that you identify

2124

01:17:36,390 --> 01:17:33,760

that you indicated 144 of them and we

2125

01:17:38,310 --> 01:17:36,400

had different categories as you said so

2126
01:17:39,750 --> 01:17:38,320
one of them was airborne clutter another

2127
01:17:42,070 --> 01:17:39,760
was natural

2128
01:17:46,709 --> 01:17:42,080
uh you know phenomenon

2129
01:17:49,910 --> 01:17:46,719
uh another was um foreign adversaries a

2130
01:17:52,390 --> 01:17:49,920
fourth one was uh related to sort of u.s

2131
01:17:54,709 --> 01:17:52,400
government or industry developmental

2132
01:17:55,590 --> 01:17:54,719
programs and then the fifth one was

2133
01:17:58,390 --> 01:17:55,600
other

2134
01:17:59,990 --> 01:17:58,400
and that basically indicated that we

2135
01:18:01,990 --> 01:18:00,000
were pretty sure we weren't going to be

2136
01:18:04,630 --> 01:18:02,000
able to characterize every single one of

2137
01:18:06,790 --> 01:18:04,640
these reports in the various categories

2138
01:18:08,950 --> 01:18:06,800

that we'd identified because frankly we

2139

01:18:10,310 --> 01:18:08,960

were not able to understand everything

2140

01:18:12,390 --> 01:18:10,320

about it and

2141

01:18:14,229 --> 01:18:12,400

a large portion of that is based on the

2142

01:18:16,310 --> 01:18:14,239

fact that we don't have a consistent way

2143

01:18:18,550 --> 01:18:16,320

of reporting this information we need to

2144

01:18:20,310 --> 01:18:18,560

integrate frankly a lot of data that we

2145

01:18:22,149 --> 01:18:20,320

get we need to get better at collecting

2146

01:18:23,990 --> 01:18:22,159

information that's useful to us from

2147

01:18:25,990 --> 01:18:24,000

different sensors

2148

01:18:27,990 --> 01:18:26,000

that are available to us and we have to

2149

01:18:30,630 --> 01:18:28,000

deepen our analysis in these areas and

2150

01:18:32,390 --> 01:18:30,640

that's something that you know frankly

2151

01:18:33,990 --> 01:18:32,400

probably also doesn't surprise you in

2152

01:18:36,550 --> 01:18:34,000

the sense that that's how we typically

2153

01:18:38,950 --> 01:18:36,560

approach our intelligence work and the

2154

01:18:40,630 --> 01:18:38,960

main issues that congress and others

2155

01:18:42,149 --> 01:18:40,640

have been concerned about are basically

2156

01:18:43,990 --> 01:18:42,159

safety of flight concerns and

2157

01:18:46,149 --> 01:18:44,000

counterintelligence issues but of course

2158

01:18:47,830 --> 01:18:46,159

there's always the question of

2159

01:18:49,590 --> 01:18:47,840

is there something else that we simply

2160

01:18:54,790 --> 01:18:49,600

do not understand that might come

2161

01:19:00,870 --> 01:18:56,229

wow okay

2162

01:19:03,669 --> 01:19:00,880

um let me get rid of this that was great

2163

01:19:06,070 --> 01:19:03,679

damn extra terrestrially

2164

01:19:08,470 --> 01:19:06,080

um while it may not be a real coordinate

2165

01:19:10,149 --> 01:19:08,480

here it's official

2166

01:19:10,870 --> 01:19:10,159

because

2167

01:19:12,550 --> 01:19:10,880

so

2168

01:19:13,830 --> 01:19:12,560

it's a word now

2169

01:19:15,990 --> 01:19:13,840

i mean what do you guys think according

2170

01:19:17,830 --> 01:19:16,000

to her title she's honorable associate

2171

01:19:21,510 --> 01:19:17,840

it's got to be a word right for anybody

2172

01:19:23,189 --> 01:19:21,520

who who cares um i i know because i i

2173

01:19:24,790 --> 01:19:23,199

get poisoned because i deal with so many

2174

01:19:27,350 --> 01:19:24,800

people in political twitter as compared

2175

01:19:30,070 --> 01:19:27,360

to ufo twitter all the time

2176
01:19:31,590 --> 01:19:30,080
anybody who thinks that avril haynes is

2177
01:19:33,270 --> 01:19:31,600
you know if you think well well she

2178
01:19:35,910 --> 01:19:33,280
works for this administration and not

2179
01:19:38,310 --> 01:19:35,920
that one and maybe i shouldn't trust her

2180
01:19:40,550 --> 01:19:38,320
she's not a political person she's never

2181
01:19:42,550 --> 01:19:40,560
been she came out of the same stable as

2182
01:19:45,430 --> 01:19:42,560
luella zondo she came up through the

2183
01:19:46,790 --> 01:19:45,440
intelligence ranks and if you think wow

2184
01:19:49,110 --> 01:19:46,800
women don't do that well then you can

2185
01:19:50,390 --> 01:19:49,120
kiss my ass but she's been doing this

2186
01:19:52,709 --> 01:19:50,400
forever

2187
01:19:55,430 --> 01:19:52,719
you know and she knows how the system

2188
01:19:56,390 --> 01:19:55,440

works and i thought it was very brave of

2189

01:20:00,709 --> 01:19:56,400

her

2190

01:20:02,149 --> 01:20:00,719

that very frank fashion

2191

01:20:03,910 --> 01:20:02,159

and i

2192

01:20:04,870 --> 01:20:03,920

i won't even go into the details i'll

2193

01:20:07,830 --> 01:20:04,880

just say

2194

01:20:09,189 --> 01:20:07,840

i'm impressed she's bold enough because

2195

01:20:10,870 --> 01:20:09,199

the government is often fearful of

2196

01:20:12,390 --> 01:20:10,880

saying we don't know because they don't

2197

01:20:13,990 --> 01:20:12,400

want the populist to be panicked it's

2198

01:20:15,350 --> 01:20:14,000

like you don't know you're the ones

2199

01:20:17,189 --> 01:20:15,360

running everything

2200

01:20:19,510 --> 01:20:17,199

and you know she's

2201

01:20:21,110 --> 01:20:19,520

she's bold enough to come out and say

2202

01:20:23,430 --> 01:20:21,120

yeah we're trying to find answers for

2203

01:20:25,350 --> 01:20:23,440

you because this is important but no the

2204

01:20:26,310 --> 01:20:25,360

fact is we don't know yet

2205

01:20:27,990 --> 01:20:26,320

and

2206

01:20:29,990 --> 01:20:28,000

we we're looking at possibilities we're

2207

01:20:31,669 --> 01:20:30,000

using the best tools and methods we have

2208

01:20:35,189 --> 01:20:31,679

we need to improve those

2209

01:20:35,910 --> 01:20:35,199

but i i really i loved what she did and

2210

01:20:52,390 --> 01:20:35,920

i

2211

01:20:55,350 --> 01:20:52,400

there's not much she can say because

2212

01:20:57,750 --> 01:20:55,360

they don't know yet um that's again yeah

2213

01:20:59,030 --> 01:20:57,760

what do you want to say oh it's aliens

2214

01:21:00,790 --> 01:20:59,040

right you know well she doesn't have an

2215

01:21:02,629 --> 01:21:00,800

alien to show us

2216

01:21:04,950 --> 01:21:02,639

or the other i mean if you're

2217

01:21:07,110 --> 01:21:04,960

conspiratorial minded and i i've had

2218

01:21:08,629 --> 01:21:07,120

moments like that myself if you think

2219

01:21:10,390 --> 01:21:08,639

they have those things

2220

01:21:12,950 --> 01:21:10,400

but they've decided it's national

2221

01:21:15,510 --> 01:21:12,960

security and they can't show us

2222

01:21:16,870 --> 01:21:15,520

well she can't just show up on tv and

2223

01:21:18,790 --> 01:21:16,880

talk about something that hasn't been

2224

01:21:21,189 --> 01:21:18,800

declassified that's what john was

2225

01:21:23,669 --> 01:21:21,199

talking about she has limits on her too

2226

01:21:25,830 --> 01:21:23,679

but she was at least willing to say

2227

01:21:27,030 --> 01:21:25,840

you know there's stuff that we see we

2228

01:21:29,590 --> 01:21:27,040

need to know about this this is

2229

01:21:31,910 --> 01:21:29,600

important and at least as far as she's

2230

01:21:33,510 --> 01:21:31,920

able to tell us it's like

2231

01:21:35,270 --> 01:21:33,520

we don't know what it is but we're open

2232

01:21:37,189 --> 01:21:35,280

to possibilities and we're going to put

2233

01:21:38,070 --> 01:21:37,199

new tools in place and we're going to do

2234

01:21:39,270 --> 01:21:38,080

better

2235

01:21:40,709 --> 01:21:39,280

and

2236

01:21:43,590 --> 01:21:40,719

i don't know how much more you want out

2237

01:21:45,669 --> 01:21:43,600

of her really yeah well i i

2238

01:21:48,070 --> 01:21:45,679

appreciate it i always say i just

2239

01:21:51,910 --> 01:21:48,080

appreciate how

2240

01:21:53,910 --> 01:21:51,920

the question was framed really well like

2241

01:21:58,070 --> 01:21:53,920

and it was right you know like out of

2242

01:22:00,629 --> 01:21:58,080

144 cases this is what was you know

2243

01:22:03,270 --> 01:22:00,639

classified as really weird these with

2244

01:22:04,950 --> 01:22:03,280

multiple instruments like they laid out

2245

01:22:07,110 --> 01:22:04,960

the the report

2246

01:22:10,390 --> 01:22:07,120

perfectly and what it was trying to do

2247

01:22:11,910 --> 01:22:10,400

in these within these 144 cases so i'm

2248

01:22:13,030 --> 01:22:11,920

happy to see that

2249

01:22:15,830 --> 01:22:13,040

and i don't know if you want to call

2250

01:22:17,669 --> 01:22:15,840

this part of mainstream media but that a

2251
01:22:19,669 --> 01:22:17,679
media outlet like this even though it's

2252
01:22:24,390 --> 01:22:19,679
a church event

2253
01:22:25,350 --> 01:22:24,400
political city in the country washington

2254
01:22:27,750 --> 01:22:25,360
dc

2255
01:22:29,189 --> 01:22:27,760
and um it's it's a it's a church with

2256
01:22:33,189 --> 01:22:29,199
some

2257
01:22:35,189 --> 01:22:33,199
significance within the political system

2258
01:22:37,990 --> 01:22:35,199
uh because it attracts

2259
01:22:41,830 --> 01:22:38,000
political uh uh people like an avril

2260
01:22:43,830 --> 01:22:41,840
haynes um so i i i think it's

2261
01:22:46,149 --> 01:22:43,840
refreshing to that they got the

2262
01:22:46,870 --> 01:22:46,159
information right and that she answered

2263
01:22:49,510 --> 01:22:46,880

it

2264

01:22:51,510 --> 01:22:49,520

um and i think the only way she could

2265

01:22:53,110 --> 01:22:51,520

have because again anything past that

2266

01:22:55,430 --> 01:22:53,120

she gets in trouble she might lose her

2267

01:22:57,189 --> 01:22:55,440

job her security clearance her pension

2268

01:22:59,669 --> 01:22:57,199

like those things matter to people i i

2269

01:23:01,750 --> 01:22:59,679

hate to break it to everybody and uh and

2270

01:23:03,830 --> 01:23:01,760

like jazz said even if you think it's

2271

01:23:04,830 --> 01:23:03,840

conspiratorial

2272

01:23:06,790 --> 01:23:04,840

you know

2273

01:23:07,990 --> 01:23:06,800

they're i

2274

01:23:10,870 --> 01:23:08,000

i know a lot of people probably don't

2275

01:23:13,350 --> 01:23:10,880

like to hear this but i think there are

2276

01:23:15,750 --> 01:23:13,360

very good reasons why they don't just

2277

01:23:18,790 --> 01:23:15,760

spill the beans on all of this stuff and

2278

01:23:21,110 --> 01:23:18,800

i think those reasons are very simple as

2279

01:23:23,750 --> 01:23:21,120

they don't have answers to the questions

2280

01:23:25,270 --> 01:23:23,760

people are going to really be asking and

2281

01:23:27,590 --> 01:23:25,280

they don't want to

2282

01:23:30,550 --> 01:23:27,600

appear foolish they also don't want to

2283

01:23:32,629 --> 01:23:30,560

lose funding you know so you they want

2284

01:23:34,550 --> 01:23:32,639

to keep this military apparatus alive

2285

01:23:37,830 --> 01:23:34,560

and well because it protects our skies

2286

01:23:40,470 --> 01:23:37,840

it protects our oceans it it's a beacon

2287

01:23:44,390 --> 01:23:40,480

in other parts of the world that uh are

2288

01:23:46,470 --> 01:23:44,400

are rife with disaster and war um

2289

01:23:49,430 --> 01:23:46,480

and to threaten that

2290

01:23:52,310 --> 01:23:49,440

just to answer yeah we got the bodies we

2291

01:23:54,310 --> 01:23:52,320

got we got daily craft i just

2292

01:23:56,390 --> 01:23:54,320

it's you're not putting yourself in the

2293

01:23:58,390 --> 01:23:56,400

shoes of somebody who

2294

01:23:59,270 --> 01:23:58,400

works in that

2295

01:24:00,470 --> 01:23:59,280

um

2296

01:24:02,229 --> 01:24:00,480

in that world

2297

01:24:03,430 --> 01:24:02,239

and i don't and i even with that said i

2298

01:24:04,870 --> 01:24:03,440

think it's very difficult to put

2299

01:24:06,229 --> 01:24:04,880

yourself in the shoes of somebody who

2300

01:24:08,070 --> 01:24:06,239

works in that world because you've never

2301

01:24:08,709 --> 01:24:08,080

been in that world for the most part i

2302

01:24:10,390 --> 01:24:08,719

know

2303

01:24:12,550 --> 01:24:10,400

the other part of that forum by the way

2304

01:24:14,470 --> 01:24:12,560

and i i'm sorry to interrupt but

2305

01:24:16,070 --> 01:24:14,480

it was at the church you know it was at

2306

01:24:17,590 --> 01:24:16,080

the cathedral right and one of the

2307

01:24:19,350 --> 01:24:17,600

questions that we haven't really touched

2308

01:24:21,110 --> 01:24:19,360

on they were asking you know like what

2309

01:24:23,750 --> 01:24:21,120

if this is a reality what if there's

2310

01:24:25,510 --> 01:24:23,760

something else and what does that say to

2311

01:24:27,030 --> 01:24:25,520

our religious beliefs collectively

2312

01:24:28,470 --> 01:24:27,040

across the planet with the many

2313

01:24:30,390 --> 01:24:28,480

religions we have

2314

01:24:33,030 --> 01:24:30,400

uh before we get done i'll if you don't

2315

01:24:35,350 --> 01:24:33,040

mind i'll just very briefly share i had

2316

01:24:36,950 --> 01:24:35,360

this conversation once with a friend and

2317

01:24:38,709 --> 01:24:36,960

colleague of mine that i work with at

2318

01:24:39,750 --> 01:24:38,719

saalem at morrissey who is himself a

2319

01:24:42,870 --> 01:24:39,760

deacon

2320

01:24:44,470 --> 01:24:42,880

and i i asked him that question i said

2321

01:24:45,910 --> 01:24:44,480

what would it mean

2322

01:24:47,350 --> 01:24:45,920

to the world's really because we always

2323

01:24:48,470 --> 01:24:47,360

hear the thing like the government

2324

01:24:50,790 --> 01:24:48,480

doesn't want to tell us because there'd

2325

01:24:53,270 --> 01:24:50,800

be a mass panic if there were aliens

2326

01:24:56,070 --> 01:24:53,280

right and one aspect of that although

2327

01:24:57,750 --> 01:24:56,080

there are many is that the religious

2328

01:24:59,750 --> 01:24:57,760

people would be

2329

01:25:01,510 --> 01:24:59,760

just totally freaked out

2330

01:25:02,790 --> 01:25:01,520

and and i asked him i was like what

2331

01:25:05,189 --> 01:25:02,800

would it mean if there was a second

2332

01:25:07,750 --> 01:25:05,199

genesis what if we had proof

2333

01:25:09,270 --> 01:25:07,760

that life evolved elsewhere because at

2334

01:25:10,310 --> 01:25:09,280

least the christian religion in many

2335

01:25:12,950 --> 01:25:10,320

religions

2336

01:25:13,990 --> 01:25:12,960

all have this very earth-centric you

2337

01:25:16,310 --> 01:25:14,000

know thing

2338

01:25:17,910 --> 01:25:16,320

and he said you know i i don't claim to

2339

01:25:20,149 --> 01:25:17,920

have all the answers

2340

01:25:22,229 --> 01:25:20,159

but i was at a forum with a priest at

2341

01:25:23,590 --> 01:25:22,239

one point where that question came up

2342

01:25:24,470 --> 01:25:23,600

and he said something that really stuck

2343

01:25:25,590 --> 01:25:24,480

with me

2344

01:25:28,470 --> 01:25:25,600

and he said

2345

01:25:31,189 --> 01:25:28,480

i and he's a catholic by the way um

2346

01:25:32,390 --> 01:25:31,199

and the priest told him he goes

2347

01:25:34,070 --> 01:25:32,400

if

2348

01:25:35,110 --> 01:25:34,080

we need to think about it in that

2349

01:25:36,870 --> 01:25:35,120

fashion

2350

01:25:39,270 --> 01:25:36,880

i would just say to people

2351

01:25:41,750 --> 01:25:39,280

that when god gave us the message when

2352

01:25:42,870 --> 01:25:41,760

the bible was written when jesus came

2353

01:25:45,590 --> 01:25:42,880

down

2354

01:25:47,350 --> 01:25:45,600

god told us what we needed to know to

2355

01:25:49,510 --> 01:25:47,360

get by

2356

01:25:50,790 --> 01:25:49,520

if there's new information that shows up

2357

01:25:53,430 --> 01:25:50,800

later

2358

01:25:55,510 --> 01:25:53,440

then god will make that apparent

2359

01:25:57,189 --> 01:25:55,520

and his whole take was

2360

01:25:59,510 --> 01:25:57,199

finding a second genesis doesn't make

2361

01:26:02,070 --> 01:25:59,520

the first genesis irrelevant

2362

01:26:04,470 --> 01:26:02,080

you know so that was the mess that's not

2363

01:26:06,470 --> 01:26:04,480

my message ed shared that with me and i

2364

01:26:08,790 --> 01:26:06,480

wanted to share that with everybody

2365

01:26:10,950 --> 01:26:08,800

because you know maybe that's how the

2366

01:26:13,110 --> 01:26:10,960

church would adapt to it it's just like

2367

01:26:14,229 --> 01:26:13,120

god gave us what we needed to get

2368

01:26:15,990 --> 01:26:14,239

started

2369

01:26:18,229 --> 01:26:16,000

now we've blossomed out into this whole

2370

01:26:20,470 --> 01:26:18,239

new thing maybe there's new information

2371

01:26:22,070 --> 01:26:20,480

and it will be made apparent to us i'm

2372

01:26:24,070 --> 01:26:22,080

not trying to preach i'm not saying i'm

2373

01:26:25,910 --> 01:26:24,080

the most religious i i think that sort

2374

01:26:27,590 --> 01:26:25,920

of underlines the sentiments that the

2375

01:26:28,950 --> 01:26:27,600

theologian at the end of the discussion

2376

01:26:31,990 --> 01:26:28,960

with avi lopez

2377

01:26:34,229 --> 01:26:32,000

david wilkinson david wilkinson uh he

2378

01:26:36,310 --> 01:26:34,239

was basically said the exact same thing

2379

01:26:39,030 --> 01:26:36,320

you know like the proof of alien life

2380

01:26:41,750 --> 01:26:39,040

doesn't ex just

2381

01:26:44,149 --> 01:26:41,760

avoid religion yeah

2382

01:26:47,350 --> 01:26:44,159

it strengthens it it proves the

2383

01:26:50,629 --> 01:26:47,360

existence of god and how great god is

2384

01:26:52,870 --> 01:26:50,639

uh and and that he is a creator it it

2385

01:26:54,070 --> 01:26:52,880

that's what god does

2386

01:26:56,870 --> 01:26:54,080

he or she

2387

01:27:00,070 --> 01:26:56,880

it it creates things and so you think it

2388

01:27:01,910 --> 01:27:00,080

just began and stopped with earth if if

2389

01:27:04,629 --> 01:27:01,920

genesis is correct and all of this was

2390

01:27:06,310 --> 01:27:04,639

made in a week you know then that means

2391

01:27:08,070 --> 01:27:06,320

all right my job's done here let me go

2392

01:27:10,629 --> 01:27:08,080

to another little blue dot and see what

2393

01:27:12,709 --> 01:27:10,639

i can do over there like how many weeks

2394

01:27:14,390 --> 01:27:12,719

did god have before he did us and how

2395

01:27:16,870 --> 01:27:14,400

many weeks afterwards right right you

2396

01:27:22,470 --> 01:27:16,880

know right how much vacation time did he

2397

01:27:26,070 --> 01:27:24,149

we'll move on from the religion aspect

2398

01:27:28,470 --> 01:27:26,080

but not before talking about pasulka i

2399

01:27:30,790 --> 01:27:28,480

mean this is what she was trying to

2400

01:27:33,270 --> 01:27:30,800

convey in her book cosmic

2401
01:27:34,950 --> 01:27:33,280
american cosmic is this idea of religion

2402
01:27:38,070 --> 01:27:34,960
moving into another

2403
01:27:40,629 --> 01:27:38,080
uh landscape of what these ufos what

2404
01:27:43,189 --> 01:27:40,639
these aliens might mean and is this a

2405
01:27:45,910 --> 01:27:43,199
new form of religion and could

2406
01:27:48,229 --> 01:27:45,920
the major religions around the world

2407
01:27:49,750 --> 01:27:48,239
embrace this topic and infuse it into

2408
01:27:51,430 --> 01:27:49,760
their um

2409
01:27:53,669 --> 01:27:51,440
into their beliefs i mean if you look at

2410
01:27:56,470 --> 01:27:53,679
a lot of the major religions they all

2411
01:27:59,990 --> 01:27:56,480
kind of have the same core messages and

2412
01:28:02,470 --> 01:28:00,000
how would this topic uh eventually be

2413
01:28:04,470 --> 01:28:02,480

embraced or rejected from that has

2414

01:28:05,990 --> 01:28:04,480

always been a big interest of mine i've

2415

01:28:08,149 --> 01:28:06,000

told the story on the show a few times

2416

01:28:11,110 --> 01:28:08,159

but i asked my catholic priest during a

2417

01:28:13,669 --> 01:28:11,120

confession mind you um is it okay for me

2418

01:28:16,390 --> 01:28:13,679

to believe in aliens and to uh you know

2419

01:28:18,310 --> 01:28:16,400

to pursue this topic because from other

2420

01:28:20,390 --> 01:28:18,320

more um

2421

01:28:22,870 --> 01:28:20,400

uh i guess dogmatic of those in my

2422

01:28:24,390 --> 01:28:22,880

catholic church told me what i was doing

2423

01:28:26,870 --> 01:28:24,400

was a sin and i shouldn't be looking at

2424

01:28:29,669 --> 01:28:26,880

this god created man in his image that's

2425

01:28:32,709 --> 01:28:29,679

it um but i was relieved when my priest

2426

01:28:36,229 --> 01:28:32,719

told me yeah man like it just gives god

2427

01:28:38,470 --> 01:28:36,239

more power and um opens up his you know

2428

01:28:39,669 --> 01:28:38,480

what he was able to create so i think

2429

01:28:42,070 --> 01:28:39,679

that's a lot of what we were kind of

2430

01:28:43,830 --> 01:28:42,080

hearing in this cathedral event which i

2431

01:28:46,790 --> 01:28:43,840

thought was very fascinating that it

2432

01:28:48,790 --> 01:28:46,800

took place in a cathedral and um yeah

2433

01:28:51,270 --> 01:28:48,800

jazz i agree i think um

2434

01:28:54,550 --> 01:28:51,280

yeah we're moving into a new

2435

01:28:56,390 --> 01:28:54,560

uh form of religion and i think the

2436

01:28:59,110 --> 01:28:56,400

churches realize that

2437

01:29:01,510 --> 01:28:59,120

they've probably seen numbers dwindling

2438

01:29:03,510 --> 01:29:01,520

throughout the decades and maybe this is

2439

01:29:04,790 --> 01:29:03,520

something that could bring people back

2440

01:29:06,790 --> 01:29:04,800

to the church

2441

01:29:08,310 --> 01:29:06,800

whatever they know or don't know again

2442

01:29:11,590 --> 01:29:08,320

we have to wonder what does the vatican

2443

01:29:14,149 --> 01:29:11,600

know about all this they did a e.t event

2444

01:29:16,310 --> 01:29:14,159

um almost a year ago and tackled some of

2445

01:29:17,910 --> 01:29:16,320

these issues as well so i know i'm kind

2446

01:29:18,790 --> 01:29:17,920

of meandering with what i'm saying but i

2447

01:29:20,629 --> 01:29:18,800

think

2448

01:29:22,550 --> 01:29:20,639

there's a lot to this it's funny that

2449

01:29:27,430 --> 01:29:22,560

this topic is bringing more people to

2450

01:29:31,030 --> 01:29:29,110

and that's a good thing

2451

01:29:33,430 --> 01:29:31,040

because the more people interact with

2452

01:29:35,590 --> 01:29:33,440

yeah absolutely i mean

2453

01:29:38,629 --> 01:29:35,600

the reason why our government is a mess

2454

01:29:39,830 --> 01:29:38,639

is because we don't interact with it

2455

01:29:41,990 --> 01:29:39,840

good point

2456

01:29:44,470 --> 01:29:42,000

people don't know about it and how it

2457

01:29:46,709 --> 01:29:44,480

works i can't tell you how many people

2458

01:29:48,790 --> 01:29:46,719

some very publicly and others privately

2459

01:29:50,229 --> 01:29:48,800

out on social media luis and i were both

2460

01:29:53,110 --> 01:29:50,239

dealing with

2461

01:29:54,709 --> 01:29:53,120

just in the past two days

2462

01:29:56,870 --> 01:29:54,719

trying to get

2463

01:29:59,270 --> 01:29:56,880

luis still continuing the big phone home

2464

01:30:01,990 --> 01:29:59,280

2.5 you know and we tried to get

2465

01:30:04,229 --> 01:30:02,000

information out call your senators the

2466

01:30:06,470 --> 01:30:04,239

number of people who came back and had

2467

01:30:08,470 --> 01:30:06,480

no idea how to do that

2468

01:30:09,830 --> 01:30:08,480

or who the people were

2469

01:30:12,629 --> 01:30:09,840

but they were like yeah we want to do

2470

01:30:15,189 --> 01:30:12,639

that we we'll go ahead and help sure and

2471

01:30:17,110 --> 01:30:15,199

getting feedback like i i tried calling

2472

01:30:19,270 --> 01:30:17,120

and i was hooked up with dunkin donuts

2473

01:30:20,550 --> 01:30:19,280

or something you know and it's like

2474

01:30:23,189 --> 01:30:20,560

because they don't even know who

2475

01:30:25,350 --> 01:30:23,199

represents them so yeah i think this is

2476

01:30:26,790 --> 01:30:25,360

attracting a lot more people and they're

2477

01:30:28,310 --> 01:30:26,800

going to get more educated about how

2478

01:30:30,550 --> 01:30:28,320

their government works and whether you

2479

01:30:32,470 --> 01:30:30,560

care about ufos or not i think that's a

2480

01:30:34,629 --> 01:30:32,480

good thing right because we live in a

2481

01:30:36,470 --> 01:30:34,639

country all three of us that has a very

2482

01:30:38,149 --> 01:30:36,480

participatory government

2483

01:30:39,110 --> 01:30:38,159

and the more you know about it the

2484

01:30:40,550 --> 01:30:39,120

better

2485

01:30:42,470 --> 01:30:40,560

armed you are

2486

01:30:43,750 --> 01:30:42,480

to to be able to go out and interact

2487

01:30:44,629 --> 01:30:43,760

with the government make your voice

2488

01:30:46,070 --> 01:30:44,639

heard

2489

01:30:48,550 --> 01:30:46,080

find other people you know and have

2490

01:30:49,750 --> 01:30:48,560

debates and see how the sausage is made

2491

01:30:51,590 --> 01:30:49,760

all that stuff

2492

01:30:54,070 --> 01:30:51,600

and yeah i think this is

2493

01:30:55,830 --> 01:30:54,080

you can remove ufos entirely this is

2494

01:30:57,110 --> 01:30:55,840

still a net positive experience in my

2495

01:30:58,709 --> 01:30:57,120

opinion

2496

01:31:00,870 --> 01:30:58,719

i love that yeah and someone asked in

2497

01:31:03,350 --> 01:31:00,880

the chat actually um if my priesthood

2498

01:31:06,310 --> 01:31:03,360

told me it was a sin would i have left

2499

01:31:08,229 --> 01:31:06,320

the church and not pursued ufos and i

2500

01:31:10,550 --> 01:31:08,239

can't really honestly answer that

2501

01:31:12,470 --> 01:31:10,560

because i i don't know what i would have

2502

01:31:15,430 --> 01:31:12,480

done i was a lot more

2503

01:31:18,149 --> 01:31:15,440

um religious back then than i am now i'm

2504

01:31:19,830 --> 01:31:18,159

spiritual i can admit that but uh in

2505

01:31:23,270 --> 01:31:19,840

terms of being a

2506

01:31:25,990 --> 01:31:23,280

practicing catholic i can say um

2507

01:31:27,990 --> 01:31:26,000

i i think i would still be doing exactly

2508

01:31:30,550 --> 01:31:28,000

what i'm doing today and i would find a

2509

01:31:32,870 --> 01:31:30,560

way to embrace it in my life um with my

2510

01:31:35,430 --> 01:31:32,880

religion so yeah that's to answer that

2511

01:31:38,390 --> 01:31:35,440

question personally but um be i guess

2512

01:31:39,990 --> 01:31:38,400

kind of wrapping up this event guys what

2513

01:31:42,550 --> 01:31:40,000

other highlights did you have we had

2514

01:31:44,550 --> 01:31:42,560

bezos saying i would know if aliens were

2515

01:31:46,070 --> 01:31:44,560

out there musk has said the same thing

2516

01:31:48,390 --> 01:31:46,080

and that always cracks me up that they

2517

01:31:49,830 --> 01:31:48,400

think just because they're into

2518

01:31:51,990 --> 01:31:49,840

that sort of stuff that they would know

2519

01:31:53,270 --> 01:31:52,000

the answers jazz i know you gotta is is

2520

01:31:55,510 --> 01:31:53,280

anybody gonna be offended because i

2521

01:31:57,189 --> 01:31:55,520

gotta i gotta i gotta ring that bell

2522

01:31:59,110 --> 01:31:57,199

brother i got two things i gotta do

2523

01:32:00,950 --> 01:31:59,120

before the next show

2524

01:32:02,870 --> 01:32:00,960

no any last word you want to give us

2525

01:32:04,390 --> 01:32:02,880

before you go um

2526

01:32:06,870 --> 01:32:04,400

but please have a good day thank you

2527

01:32:09,590 --> 01:32:06,880

thank you very much for having me i will

2528

01:32:11,030 --> 01:32:09,600

confess i've never said this before

2529

01:32:13,030 --> 01:32:11,040

i've never been invited to be on

2530

01:32:15,350 --> 01:32:13,040

somewhere in the skies i was actually a

2531

01:32:17,030 --> 01:32:15,360

little bit nervous when you asked oh my

2532

01:32:19,590 --> 01:32:17,040

god because ryan has become such a

2533

01:32:21,590 --> 01:32:19,600

superstar and i'm on like eight radio

2534

01:32:23,590 --> 01:32:21,600

shows a week around the country and a

2535

01:32:25,189 --> 01:32:23,600

bunch of shows and i was like i wanna do

2536

01:32:26,870 --> 01:32:25,199

somewhere in the disguise i was actually

2537

01:32:29,189 --> 01:32:26,880

a little bit nervous so thank you for

2538

01:32:32,470 --> 01:32:29,199

having me really enjoyed it

2539

01:32:34,310 --> 01:32:32,480

and uh you know guys support everything

2540

01:32:35,430 --> 01:32:34,320

you see here they're going to tell you

2541

01:32:37,750 --> 01:32:35,440

how to do it

2542

01:32:39,830 --> 01:32:37,760

but if i could say anything else tied

2543

01:32:41,030 --> 01:32:39,840

into the last thing we just talked about

2544

01:32:42,709 --> 01:32:41,040

if you're watching this you're

2545

01:32:44,070 --> 01:32:42,719

interested in this topic

2546

01:32:45,350 --> 01:32:44,080

get active

2547

01:32:48,229 --> 01:32:45,360

sure support

2548

01:32:49,350 --> 01:32:48,239

shows support uh journalists that do

2549

01:32:51,910 --> 01:32:49,360

this work

2550

01:32:53,910 --> 01:32:51,920

but get active yourself luis had a tweet

2551

01:32:56,070 --> 01:32:53,920

earlier today and it basically on a

2552

01:32:58,149 --> 01:32:56,080

paraphrase said you could either sit on

2553

01:32:59,750 --> 01:32:58,159

the sideline drink in your juice box or

2554

01:33:01,990 --> 01:32:59,760

you could get out there and do something

2555

01:33:04,229 --> 01:33:02,000

and there are things you can do and

2556

01:33:06,149 --> 01:33:04,239

every one of you individually can do

2557

01:33:07,430 --> 01:33:06,159

something that will help end government

2558

01:33:11,350 --> 01:33:07,440

secrecy

2559

01:33:12,390 --> 01:33:11,360

transparency

2560

01:33:14,229 --> 01:33:12,400

so

2561

01:33:17,270 --> 01:33:14,239

you know pick up the torch

2562

01:33:19,030 --> 01:33:17,280

guys and gals you can do this

2563

01:33:21,510 --> 01:33:19,040

so that's what i got thank you man i'm

2564

01:33:22,390 --> 01:33:21,520

honored that you came on um we will have

2565

01:33:23,910 --> 01:33:22,400

you on

2566

01:33:27,189 --> 01:33:23,920

many more times in the future i

2567

01:33:29,030 --> 01:33:27,199

guarantee that brother i i honor i value

2568

01:33:31,669 --> 01:33:29,040

and treasure everything you have to say

2569

01:33:33,510 --> 01:33:31,679

on this topic so um thank you thank you

2570

01:33:34,390 --> 01:33:33,520

for taking the time to do this today my

2571

01:33:36,870 --> 01:33:34,400

pleasure

2572

01:33:38,870 --> 01:33:36,880

have fun over on prime time all right

2573

01:33:41,000 --> 01:33:38,880

yep and louise i'll i'm sure i'll see

2574

01:33:43,350 --> 01:33:41,010

you sometime next week so yeah probably

2575

01:33:45,910 --> 01:33:43,360

[Laughter]

2576

01:33:48,390 --> 01:33:45,920

all right brother to the dolphin king we

2577

01:33:51,590 --> 01:33:48,400

bid you a dew have a great afternoon

2578

01:33:53,990 --> 01:33:51,600

later jazz yep

2579

01:33:56,470 --> 01:33:54,000

and then there were two as always the

2580

01:33:59,669 --> 01:33:56,480

man who's always willing to stick around

2581

01:34:02,790 --> 01:33:59,679

with me man um i we won't go much longer

2582

01:34:05,189 --> 01:34:02,800

you've got a an afternoon and i gotta go

2583

01:34:06,870 --> 01:34:05,199

to work soon to be completely honest pay

2584

01:34:09,030 --> 01:34:06,880

them bills um if you want to help me pay

2585

01:34:11,590 --> 01:34:09,040

the bill super chat is still open i'm

2586

01:34:15,030 --> 01:34:11,600

not as good as at those plugs man as you

2587

01:34:18,790 --> 01:34:15,040

are but um yeah dude yeah man look man

2588

01:34:20,950 --> 01:34:18,800

you you you're a waiter ryan you know to

2589

01:34:21,750 --> 01:34:20,960

an extent i'm a bartender

2590

01:34:23,590 --> 01:34:21,760

well

2591

01:34:25,590 --> 01:34:23,600

do you try to make that

2592

01:34:27,990 --> 01:34:25,600

if you put a beer or a drink that you

2593

01:34:29,990 --> 01:34:28,000

just made on the on the counter for a

2594

01:34:32,310 --> 01:34:30,000

customer

2595

01:34:35,350 --> 01:34:32,320

you're a respected tip and you're

2596

01:34:38,229 --> 01:34:35,360

expected and it's not and it's not uh

2597

01:34:39,990 --> 01:34:38,239

uncustomary for you to say hey you know

2598

01:34:41,109 --> 01:34:40,000

all of this content that i just provided

2599

01:34:42,229 --> 01:34:41,119

you for free

2600

01:34:43,830 --> 01:34:42,239

of course if you can't support

2601

01:34:46,310 --> 01:34:43,840

financially like share subscribe but if

2602

01:34:48,229 --> 01:34:46,320

you can man join the patreon but i just

2603

01:34:51,030 --> 01:34:48,239

bought a sweater and a t-shirt from you

2604

01:34:52,870 --> 01:34:51,040

what during this oh my god thank you

2605

01:34:55,510 --> 01:34:52,880

so i you know like and i've been meaning

2606

01:34:57,189 --> 01:34:55,520

to buy this shirt for uh a while but now

2607

01:34:57,990 --> 01:34:57,199

now i got it um

2608

01:35:00,629 --> 01:34:58,000

and

2609

01:35:03,270 --> 01:35:00,639

yeah man like it's

2610

01:35:04,310 --> 01:35:03,280

there's no shame in asking

2611

01:35:08,070 --> 01:35:04,320

for

2612

01:35:10,310 --> 01:35:08,080

shouldn't be ashamed

2613

01:35:12,550 --> 01:35:10,320

getting it like it's well thanks this is

2614

01:35:14,550 --> 01:35:12,560

america man it's a capitalistic world

2615

01:35:15,910 --> 01:35:14,560

and that's how things work

2616

01:35:19,590 --> 01:35:15,920

unfortunately

2617

01:35:21,510 --> 01:35:19,600

i've got bills to pay um and uh

2618

01:35:23,669 --> 01:35:21,520

and you know the dream

2619

01:35:24,709 --> 01:35:23,679

and if people want to see more of this

2620

01:35:26,870 --> 01:35:24,719

stuff

2621

01:35:29,189 --> 01:35:26,880

the more they support the more

2622

01:35:31,590 --> 01:35:29,199

opportunity it allows you to do this

2623

01:35:33,189 --> 01:35:31,600

stuff it's it's very simple math you

2624

01:35:35,830 --> 01:35:33,199

know um it is

2625

01:35:38,390 --> 01:35:35,840

we are street performers right or subway

2626
01:35:41,270 --> 01:35:38,400
performers right yep you know absolutely

2627
01:35:43,430 --> 01:35:41,280
like if if i'm

2628
01:35:44,950 --> 01:35:43,440
like i said this a couple days ago like

2629
01:35:46,629 --> 01:35:44,960
if you're walking down the street or if

2630
01:35:48,390 --> 01:35:46,639
you're in a subway

2631
01:35:50,149 --> 01:35:48,400
and you hear the street performer and

2632
01:35:51,669 --> 01:35:50,159
you stop and you listen to the whole

2633
01:35:53,990 --> 01:35:51,679
performance to a point where they whip

2634
01:35:56,870 --> 01:35:54,000
out the bucket or they whip out the hat

2635
01:35:58,229 --> 01:35:56,880
and they and they ask for patronage

2636
01:36:00,550 --> 01:35:58,239
if i sat there and watched the show i'm

2637
01:36:02,709 --> 01:36:00,560
going to patronize i'm go i'm going to

2638
01:36:05,350 --> 01:36:02,719

give my money for the the show i just

2639

01:36:07,750 --> 01:36:05,360

got basically for free and it was fun

2640

01:36:09,030 --> 01:36:07,760

obviously i stopped right and i listened

2641

01:36:11,430 --> 01:36:09,040

it's the same thing here we're street

2642

01:36:14,390 --> 01:36:11,440

performers we are street performers in

2643

01:36:16,390 --> 01:36:14,400

the simplest terms so you know don't be

2644

01:36:19,910 --> 01:36:16,400

ashamed of that stuff

2645

01:36:20,629 --> 01:36:19,920

no i appreciate a lot of my friends like

2646

01:36:23,910 --> 01:36:20,639

get

2647

01:36:25,910 --> 01:36:23,920

rid of that of that mindset it does you

2648

01:36:27,910 --> 01:36:25,920

nothing it does you nothing and you're

2649

01:36:30,070 --> 01:36:27,920

not gonna lose anybody

2650

01:36:31,189 --> 01:36:30,080

by staying at the top at the end of your

2651

01:36:32,950 --> 01:36:31,199

show hey there are ways to support

2652

01:36:33,669 --> 01:36:32,960

here's how you can do it please consider

2653

01:36:36,149 --> 01:36:33,679

it

2654

01:36:38,470 --> 01:36:36,159

there's there's no shame in that dude

2655

01:36:40,229 --> 01:36:38,480

and uh and anybody who makes you feel

2656

01:36:42,550 --> 01:36:40,239

any different kick get some go kick

2657

01:36:44,070 --> 01:36:42,560

rocks like they're just

2658

01:36:45,990 --> 01:36:44,080

they're they're useless in your life and

2659

01:36:47,270 --> 01:36:46,000

they don't and and the reason why they

2660

01:36:49,510 --> 01:36:47,280

they want to shame you is because they

2661

01:36:50,310 --> 01:36:49,520

don't know how to do it themselves

2662

01:36:53,910 --> 01:36:50,320

yep

2663

01:36:57,669 --> 01:36:56,149

you're not selling a documentary about

2664

01:36:59,109 --> 01:36:57,679

antarctica

2665

01:37:01,910 --> 01:36:59,119

and never having stepped foot in

2666

01:37:04,390 --> 01:37:01,920

antarctica okay like you're not selling

2667

01:37:07,109 --> 01:37:04,400

information put behind a paywall

2668

01:37:09,270 --> 01:37:07,119

that is top secret information that only

2669

01:37:11,030 --> 01:37:09,280

you could get if you paid through the

2670

01:37:12,709 --> 01:37:11,040

paywall like you're not doing any of

2671

01:37:14,470 --> 01:37:12,719

these nefarious shady things you're

2672

01:37:18,149 --> 01:37:14,480

doing it the right way you're pretty

2673

01:37:19,590 --> 01:37:18,159

you're creating content in a in a new

2674

01:37:20,870 --> 01:37:19,600

world

2675

01:37:22,870 --> 01:37:20,880

where

2676

01:37:25,030 --> 01:37:22,880

content creation

2677

01:37:25,830 --> 01:37:25,040

has also met with

2678

01:37:28,070 --> 01:37:25,840

with

2679

01:37:31,109 --> 01:37:28,080

your audience supporting you you know

2680

01:37:33,590 --> 01:37:31,119

like this is this is a pay-to-play world

2681

01:37:36,390 --> 01:37:33,600

now and you don't have to pay but of

2682

01:37:39,590 --> 01:37:36,400

course we appreciate when you do it it

2683

01:37:42,709 --> 01:37:39,600

it it helps us be here for you and if

2684

01:37:45,270 --> 01:37:42,719

you want more of us show us

2685

01:37:47,830 --> 01:37:45,280

there's no shame in that no shame and

2686

01:37:49,510 --> 01:37:47,840

you got you know michael and christian

2687

01:37:51,350 --> 01:37:49,520

thank you guys that's awesome again i

2688

01:37:53,510 --> 01:37:51,360

don't want to i don't want to talk about

2689

01:37:55,590 --> 01:37:53,520

this too much we're here for oh it's you

2690

01:37:57,990 --> 01:37:55,600

don't have to make it your your whole

2691

01:38:00,070 --> 01:37:58,000

show but make it part of it because

2692

01:38:02,390 --> 01:38:00,080

you've earned it you you put in the work

2693

01:38:03,990 --> 01:38:02,400

and there's no shame in it dude uh and

2694

01:38:05,990 --> 01:38:04,000

you shouldn't feel bad about people

2695

01:38:07,830 --> 01:38:06,000

giving you money they want to they're

2696

01:38:10,470 --> 01:38:07,840

nobody's putting a gun in anybody's head

2697

01:38:12,870 --> 01:38:10,480

this is not forced uh patronage this is

2698

01:38:14,870 --> 01:38:12,880

this is voluntarily and and and thank

2699

01:38:17,590 --> 01:38:14,880

you guys for showing ryan that it's okay

2700

01:38:19,750 --> 01:38:17,600

to do this um you know like it's hard

2701

01:38:21,910 --> 01:38:19,760

for me yeah

2702

01:38:25,270 --> 01:38:21,920

get rid of that get rid of that sean

2703

01:38:26,790 --> 01:38:25,280

like it's well it's useless it's useless

2704

01:38:28,550 --> 01:38:26,800

i know man it's you know you don't have

2705

01:38:30,390 --> 01:38:28,560

to say it 1400 times a show i don't say

2706

01:38:32,709 --> 01:38:30,400

it 1400 times that's not what it's about

2707

01:38:35,430 --> 01:38:32,719

our show's not about making money but

2708

01:38:37,750 --> 01:38:35,440

it's definitely part of it you know like

2709

01:38:39,750 --> 01:38:37,760

it's okay and it's okay to say that like

2710

01:38:41,669 --> 01:38:39,760

i'm trying to make a living i'm trying

2711

01:38:42,830 --> 01:38:41,679

if i'm putting 60 hours in a week to

2712

01:38:45,910 --> 01:38:42,840

give you free

2713

01:38:48,229 --> 01:38:45,920

stuff i'm gonna ask for some some some

2714

01:38:50,149 --> 01:38:48,239

some greenbacks baby well it's the same

2715

01:38:52,229 --> 01:38:50,159

with you know john over at the black

2716

01:38:55,590 --> 01:38:52,239

folk like we do these things because we

2717

01:38:57,830 --> 01:38:55,600

love it um and we do spend 40 50 hours a

2718

01:39:00,310 --> 01:38:57,840

week uh researching it i just released

2719

01:39:02,629 --> 01:39:00,320

an episode about russia russian ufo

2720

01:39:05,189 --> 01:39:02,639

cases and people gotta have you on the

2721

01:39:07,109 --> 01:39:05,199

show and talk about yes we will um but

2722

01:39:09,590 --> 01:39:07,119

you know that took me a month to

2723

01:39:12,229 --> 01:39:09,600

research to uh to

2724

01:39:14,950 --> 01:39:12,239

make i do everything myself from the

2725

01:39:17,030 --> 01:39:14,960

recording to the editing to everything

2726

01:39:20,149 --> 01:39:17,040

and um i have other researchers who help

2727

01:39:21,990 --> 01:39:20,159

me um but i pay them because they do

2728

01:39:24,390 --> 01:39:22,000

deserve to be paid for the time and

2729

01:39:26,709 --> 01:39:24,400

effort and research they put into things

2730

01:39:29,270 --> 01:39:26,719

as do content creators so i'll leave it

2731

01:39:31,750 --> 01:39:29,280

at that lisa thank you so much for for

2732

01:39:34,310 --> 01:39:31,760

the super chat um patreon up folks i do

2733

01:39:36,229 --> 01:39:34,320

have a patreon as well guys patreon.com

2734

01:39:38,470 --> 01:39:36,239

somewhere skies where i did release a

2735

01:39:41,910 --> 01:39:38,480

bonus episode about a russian ufo case

2736

01:39:44,390 --> 01:39:41,920

where a ufo dragged a train in soviet

2737

01:39:46,629 --> 01:39:44,400

russia for over an hour so please go

2738

01:39:48,550 --> 01:39:46,639

check that out on the patreon

2739

01:39:50,709 --> 01:39:48,560

yeah it's it's a good one man can't wait

2740

01:39:53,669 --> 01:39:50,719

to talk about the russian ufo files with

2741

01:39:56,870 --> 01:39:53,679

you it's amazing but let's let's return

2742

01:39:59,030 --> 01:39:56,880

um louise before we go brother um to

2743

01:40:01,270 --> 01:39:59,040

this event what was the highlight for

2744

01:40:03,189 --> 01:40:01,280

you i know avi loeb said a lot of really

2745

01:40:04,709 --> 01:40:03,199

cool stuff but what did you take from

2746

01:40:06,790 --> 01:40:04,719

the cathedral event did you think it

2747

01:40:09,590 --> 01:40:06,800

helped further the conversation

2748

01:40:13,270 --> 01:40:11,669

the highlight is that it's it's a

2749

01:40:15,109 --> 01:40:13,280

cathedral event that happens all the

2750

01:40:16,870 --> 01:40:15,119

time where where

2751

01:40:18,470 --> 01:40:16,880

we're high

2752

01:40:21,590 --> 01:40:18,480

level officials whether they be

2753

01:40:23,510 --> 01:40:21,600

government whether they be um social

2754

01:40:26,950 --> 01:40:23,520

you know um

2755

01:40:29,350 --> 01:40:26,960

um outspoken activists things like that

2756

01:40:31,350 --> 01:40:29,360

come to a cathedral and have a very

2757

01:40:34,070 --> 01:40:31,360

level-headed calm

2758

01:40:36,310 --> 01:40:34,080

conversation almost like mass masses

2759

01:40:38,629 --> 01:40:36,320

coming to a point and it was done in the

2760

01:40:40,229 --> 01:40:38,639

most powerful town in the country

2761

01:40:44,149 --> 01:40:40,239

washington dc

2762

01:40:45,910 --> 01:40:44,159

so it's adding a level of uh legitimacy

2763

01:40:47,830 --> 01:40:45,920

to this discussion and that's what i

2764

01:40:49,910 --> 01:40:47,840

took away i wouldn't say one i mean

2765

01:40:51,350 --> 01:40:49,920

avril haynes was probably my favorite

2766

01:40:54,070 --> 01:40:51,360

part

2767

01:40:57,030 --> 01:40:54,080

i was hoping i think if we had bill

2768

01:40:59,990 --> 01:40:57,040

nelson actually sitting there

2769

01:41:02,149 --> 01:41:00,000

at the live event we would have gotten a

2770

01:41:04,390 --> 01:41:02,159

couple more nuggets but because it was

2771

01:41:07,109 --> 01:41:04,400

pre-recorded maybe he

2772

01:41:07,540 --> 01:41:07,119

he was just a little less

2773

01:41:09,030 --> 01:41:07,550

um

2774

01:41:11,350 --> 01:41:09,040

[Music]

2775

01:41:12,709 --> 01:41:11,360

um what's the word i'm looking for sort

2776

01:41:18,790 --> 01:41:12,719

of um

2777

01:41:23,590 --> 01:41:21,030

what's the word uh

2778

01:41:25,830 --> 01:41:23,600

uh gosh where you a little more guts you

2779

01:41:27,350 --> 01:41:25,840

know i think in front of like

2780

01:41:30,390 --> 01:41:27,360

you you understand the difference

2781

01:41:32,870 --> 01:41:30,400

between doing a rehearsal versus doing

2782

01:41:34,709 --> 01:41:32,880

the actual play and when you do the

2783

01:41:36,229 --> 01:41:34,719

actual play there's more adrenaline

2784

01:41:38,709 --> 01:41:36,239

there's people in the stand you want to

2785

01:41:40,790 --> 01:41:38,719

get the applied body you know absolutely

2786

01:41:42,229 --> 01:41:40,800

and and so i think i think if bill

2787

01:41:43,270 --> 01:41:42,239

nelson was actually there that would

2788

01:41:46,229 --> 01:41:43,280

have been

2789

01:41:48,310 --> 01:41:46,239

to interact with avril they would have

2790

01:41:50,149 --> 01:41:48,320

maybe had a back and forth on on sort of

2791

01:41:52,149 --> 01:41:50,159

what nasa's seeing versus what the dna

2792

01:41:52,950 --> 01:41:52,159

is seeing so that would have been really

2793

01:41:56,470 --> 01:41:52,960

cool

2794

01:41:59,350 --> 01:41:56,480

but again it's it's like the new yorker

2795

01:42:02,070 --> 01:41:59,360

it's like uh the washington post it's

2796

01:42:03,990 --> 01:42:02,080

like the new york times this is in that

2797

01:42:05,910 --> 01:42:04,000

vein it's it's bringing this

2798

01:42:09,590 --> 01:42:05,920

conversation

2799

01:42:11,910 --> 01:42:09,600

to a city that holds very powerful

2800

01:42:13,590 --> 01:42:11,920

lawmakers and it's giving them

2801
01:42:17,270 --> 01:42:13,600
permission

2802
01:42:18,310 --> 01:42:17,280
in a intellectual higher

2803
01:42:20,790 --> 01:42:18,320
um

2804
01:42:23,830 --> 01:42:20,800
level sort of discussion where where

2805
01:42:28,070 --> 01:42:23,840
they're used to hanging around you know

2806
01:42:30,470 --> 01:42:28,080
like um you know the the dni inspector

2807
01:42:31,910 --> 01:42:30,480
probably doesn't listen to unidentified

2808
01:42:34,070 --> 01:42:31,920
celebrity review or somewhere in the

2809
01:42:36,390 --> 01:42:34,080
skies but i could bet your ass she

2810
01:42:38,790 --> 01:42:36,400
probably reads the new yorker she

2811
01:42:40,629 --> 01:42:38,800
probably reads the new york times and

2812
01:42:43,030 --> 01:42:40,639
the washington post that she probably

2813
01:42:45,030 --> 01:42:43,040

pays attention to conversations that

2814

01:42:47,030 --> 01:42:45,040

have to do with the intelligence

2815

01:42:48,390 --> 01:42:47,040

apparatus when they happen at this

2816

01:42:50,709 --> 01:42:48,400

cathedral

2817

01:42:52,709 --> 01:42:50,719

so i think that's my biggest takeaway is

2818

01:42:55,270 --> 01:42:52,719

that it's normalizing

2819

01:42:57,990 --> 01:42:55,280

the conversation and that

2820

01:42:59,590 --> 01:42:58,000

is a good thing that's a good thing so

2821

01:43:01,510 --> 01:42:59,600

that's that's sort of my biggest

2822

01:43:03,910 --> 01:43:01,520

takeaway from the event

2823

01:43:05,270 --> 01:43:03,920

i couldn't agree more again when i first

2824

01:43:08,310 --> 01:43:05,280

heard about it online it was kind of

2825

01:43:10,149 --> 01:43:08,320

weird but okay like what

2826

01:43:13,830 --> 01:43:10,159

what else could be i'm going to hurry

2827

01:43:15,910 --> 01:43:13,840

mirror in 2021 yeah so exactly a lot

2828

01:43:19,030 --> 01:43:15,920

weirder [h__h] has happened in 2021 than

2829

01:43:21,510 --> 01:43:19,040

this yeah um well speaking of weird my

2830

01:43:23,189 --> 01:43:21,520

man before i let you go here what do you

2831

01:43:24,950 --> 01:43:23,199

have coming up on the unidentified

2832

01:43:26,229 --> 01:43:24,960

celebrity review tell us a little bit

2833

01:43:28,870 --> 01:43:26,239

more about what you'll be talking about

2834

01:43:30,950 --> 01:43:28,880

with avi loeb on uh friday yeah tomorrow

2835

01:43:32,950 --> 01:43:30,960

um yeah i mean

2836

01:43:35,109 --> 01:43:32,960

uh so well today we're gonna be talking

2837

01:43:37,669 --> 01:43:35,119

to frank milburn on the senior

2838

01:43:39,590 --> 01:43:37,679

singularity lab which will be

2839

01:43:42,790 --> 01:43:39,600

um and then yeah abby's coming in on

2840

01:43:45,270 --> 01:43:42,800

friday i mean i i really want to just

2841

01:43:47,510 --> 01:43:45,280

i i first i booked peter robbins and

2842

01:43:48,390 --> 01:43:47,520

then this avi loeb

2843

01:43:51,669 --> 01:43:48,400

uh

2844

01:43:53,270 --> 01:43:51,679

galileo project and lou lozando and

2845

01:43:55,669 --> 01:43:53,280

christopher mellon and i asked michael

2846

01:43:57,430 --> 01:43:55,679

i'm like we gotta get avi and so abby's

2847

01:43:59,270 --> 01:43:57,440

only available date was friday so i was

2848

01:44:00,709 --> 01:43:59,280

like hey peter

2849

01:44:01,830 --> 01:44:00,719

how would you also like to help us

2850

01:44:03,910 --> 01:44:01,840

interview

2851

01:44:05,590 --> 01:44:03,920

excuse me bobby loeb and he was of

2852

01:44:09,910 --> 01:44:05,600

course down

2853

01:44:11,910 --> 01:44:09,920

yeah um and so you know i think

2854

01:44:13,750 --> 01:44:11,920

you know exploring the the relationship

2855

01:44:16,229 --> 01:44:13,760

between galileo

2856

01:44:18,830 --> 01:44:16,239

and now this amendment is going to be

2857

01:44:21,669 --> 01:44:18,840

fun to talk about but also

2858

01:44:24,709 --> 01:44:21,679

bringing peter's

2859

01:44:28,390 --> 01:44:24,719

i i don't want to say woo because peter

2860

01:44:30,310 --> 01:44:28,400

is very level-headed but but peter's

2861

01:44:32,070 --> 01:44:30,320

way of thinking with abby's way of

2862

01:44:34,229 --> 01:44:32,080

thinking and see what happens when those

2863

01:44:36,550 --> 01:44:34,239

two they're very different they're

2864

01:44:37,910 --> 01:44:36,560

different but they're very intellectual

2865

01:44:41,510 --> 01:44:37,920

to both of them

2866

01:44:43,990 --> 01:44:41,520

um and uh i and i think it's gonna be a

2867

01:44:45,510 --> 01:44:44,000

really really cool conversation so i

2868

01:44:47,830 --> 01:44:45,520

mean you know that's

2869

01:44:49,109 --> 01:44:47,840

i wouldn't say specifically you know

2870

01:44:50,629 --> 01:44:49,119

what exactly we're going to talk about

2871

01:44:52,149 --> 01:44:50,639

because we don't know until it happens

2872

01:44:53,750 --> 01:44:52,159

but those are the things i'd like to

2873

01:44:55,669 --> 01:44:53,760

sort of focus on and see where the

2874

01:44:56,550 --> 01:44:55,679

conversation goes

2875

01:44:58,950 --> 01:44:56,560

um

2876

01:45:02,310 --> 01:44:58,960

and you know past that

2877

01:45:03,669 --> 01:45:02,320

i i can't i don't have my uh so i do

2878

01:45:05,750 --> 01:45:03,679

have my schedule in front of me but i'm

2879

01:45:07,510 --> 01:45:05,760

still booking up december so you know

2880

01:45:09,750 --> 01:45:07,520

it's it's holidays so it's a little more

2881

01:45:11,669 --> 01:45:09,760

difficult to get guests i'm trying to

2882

01:45:15,109 --> 01:45:11,679

get you on the show but you keep dodging

2883

01:45:19,350 --> 01:45:17,590

i'm just kidding um kidding um but you

2884

01:45:21,669 --> 01:45:19,360

know yeah man we're just i think the

2885

01:45:23,189 --> 01:45:21,679

next month is going to be all about this

2886

01:45:25,669 --> 01:45:23,199

amendment

2887

01:45:29,030 --> 01:45:25,679

and what gets signed into law

2888

01:45:30,470 --> 01:45:29,040

versus what's on in writing right now

2889

01:45:33,510 --> 01:45:30,480

and you know

2890

01:45:35,430 --> 01:45:33,520

like jazz said i mean look if jazz is

2891

01:45:37,590 --> 01:45:35,440

confident

2892

01:45:39,669 --> 01:45:37,600

jazz and he's very pragmatic about these

2893

01:45:41,990 --> 01:45:39,679

things you know if he's confident and

2894

01:45:43,910 --> 01:45:42,000

excited about the verbiage

2895

01:45:45,750 --> 01:45:43,920

and that it's not going to change and

2896

01:45:47,189 --> 01:45:45,760

it's probably going to get signed into

2897

01:45:49,189 --> 01:45:47,199

law as is

2898

01:45:50,790 --> 01:45:49,199

you know i think i think that's going to

2899

01:45:54,550 --> 01:45:50,800

be very exciting

2900

01:45:58,149 --> 01:45:54,560

that says a lot 2022 is going to be

2901

01:46:00,149 --> 01:45:58,159

june june 24th 2022 is going because

2902

01:46:02,950 --> 01:46:00,159

that's when this asro office is supposed

2903

01:46:04,790 --> 01:46:02,960

to be 180 days after the bill signed

2904

01:46:07,270 --> 01:46:04,800

into law so it's going to be the same

2905

01:46:10,070 --> 01:46:07,280

date that we got the report on and and

2906

01:46:13,430 --> 01:46:10,080

we're going to have a brand new office

2907

01:46:15,750 --> 01:46:13,440

not a task force not some 22 million

2908

01:46:19,189 --> 01:46:15,760

dollar crappily funded thing

2909

01:46:21,109 --> 01:46:19,199

an actual budget with an actual office

2910

01:46:24,149 --> 01:46:21,119

permanent office

2911

01:46:26,310 --> 01:46:24,159

um but but

2912

01:46:28,310 --> 01:46:26,320

once that office is established we have

2913

01:46:29,990 --> 01:46:28,320

to give time to that office to then

2914

01:46:31,669 --> 01:46:30,000

start working

2915

01:46:33,750 --> 01:46:31,679

you know we got to give them no i want

2916

01:46:35,669 --> 01:46:33,760

it now yeah i know they want it now but

2917

01:46:37,430 --> 01:46:35,679

so which means and this is sort of what

2918

01:46:40,470 --> 01:46:37,440

i've been saying is that

2919

01:46:43,109 --> 01:46:40,480

2023 is going to be really fun

2920

01:46:45,910 --> 01:46:43,119

a really fun year because the power of

2921

01:46:48,629 --> 01:46:45,920

that office will have been fell and tell

2922

01:46:51,669 --> 01:46:48,639

me and whatever information is that

2923

01:46:53,990 --> 01:46:51,679

disseminated to that office will get

2924

01:46:56,229 --> 01:46:54,000

into a classified report and then

2925

01:47:00,870 --> 01:46:56,239

eventually get trickled down into a

2926

01:47:03,030 --> 01:47:00,880

public report and and i'm sure i'm sure

2927

01:47:05,430 --> 01:47:03,040

we're gonna get some really fun things

2928

01:47:06,790 --> 01:47:05,440

to talk about maybe some videos maybe

2929

01:47:08,390 --> 01:47:06,800

some pictures

2930

01:47:11,830 --> 01:47:08,400

i i

2931

01:47:13,830 --> 01:47:11,840

i think 2023 is shaping up to be

2932

01:47:15,910 --> 01:47:13,840

the year that this conversation

2933

01:47:18,149 --> 01:47:15,920

officially goes into fifth or sixth gear

2934

01:47:21,590 --> 01:47:18,159

whichever gear we're in by then but i

2935

01:47:24,390 --> 01:47:21,600

mean when the asro office is created

2936

01:47:26,629 --> 01:47:24,400

i believe around that time also a

2937

01:47:29,350 --> 01:47:26,639

book by one lou elizondo will also be

2938

01:47:31,430 --> 01:47:29,360

coming out so 2022 is going to be fun

2939

01:47:34,229 --> 01:47:31,440

but 2023 is going to be

2940

01:47:37,109 --> 01:47:34,239

the fruits of the labor of everything

2941

01:47:38,470 --> 01:47:37,119

that's been set into motion 2023 is

2942

01:47:41,030 --> 01:47:38,480

going to be the year we actually get

2943

01:47:43,189 --> 01:47:41,040

this i think see some results

2944

01:47:45,109 --> 01:47:43,199

and then that'll continue into 2024 and

2945

01:47:47,830 --> 01:47:45,119

hopefully be on and and and then i'm

2946

01:47:49,830 --> 01:47:47,840

hoping that this asro office

2947

01:47:51,189 --> 01:47:49,840

is established enough is doing enough

2948

01:47:52,070 --> 01:47:51,199

good work

2949

01:47:53,910 --> 01:47:52,080

where

2950

01:47:55,430 --> 01:47:53,920

not only the american people but really

2951
01:47:58,950 --> 01:47:55,440
the people in the senate armed services

2952
01:47:59,750 --> 01:47:58,960
committee and the uh um

2953
01:48:02,790 --> 01:47:59,760
uh

2954
01:48:03,669 --> 01:48:02,800
the committee on intelligence

2955
01:48:11,990 --> 01:48:03,679
that

2956
01:48:14,390 --> 01:48:12,000
the budget goes up or or

2957
01:48:16,950 --> 01:48:14,400
hopefully not down or stays the same you

2958
01:48:19,109 --> 01:48:16,960
know and that this office does in fact

2959
01:48:21,669 --> 01:48:19,119
stay permanent

2960
01:48:24,070 --> 01:48:21,679
so and influence the rest of the world

2961
01:48:27,350 --> 01:48:24,080
we have to think about the impact our

2962
01:48:29,430 --> 01:48:27,360
uap report had on other countries this

2963
01:48:32,870 --> 01:48:29,440

gillibrand the rival countries this

2964

01:48:33,910 --> 01:48:32,880

gillibrand amendment had already uh a a

2965

01:48:36,229 --> 01:48:33,920

big

2966

01:48:37,669 --> 01:48:36,239

influence on a senator in australia from

2967

01:48:40,149 --> 01:48:37,679

tasmania

2968

01:48:42,629 --> 01:48:40,159

you know uh you we've got they get all

2969

01:48:44,709 --> 01:48:42,639

the boys that you uap media uk have

2970

01:48:47,030 --> 01:48:44,719

written their templates for their house

2971

01:48:48,550 --> 01:48:47,040

of parliament and people are sending it

2972

01:48:50,709 --> 01:48:48,560

in this morning i just got a picture

2973

01:48:53,590 --> 01:48:50,719

from somebody in france who had a stack

2974

01:48:55,910 --> 01:48:53,600

of letters this thick to his french

2975

01:48:57,030 --> 01:48:55,920

representatives asking them about this

2976

01:48:58,790 --> 01:48:57,040

topic so

2977

01:49:04,870 --> 01:48:58,800

it's working

2978

01:49:07,430 --> 01:49:04,880

other day uh ryan robbins ufo jesus

2979

01:49:09,189 --> 01:49:07,440

you uh yeah last night put out a video

2980

01:49:11,350 --> 01:49:09,199

on how to get in contact with your

2981

01:49:13,350 --> 01:49:11,360

representatives with a phone number and

2982

01:49:16,310 --> 01:49:13,360

a template of what to say

2983

01:49:18,870 --> 01:49:16,320

so it's fun to see that people are sort

2984

01:49:20,870 --> 01:49:18,880

of taking the formula they see the value

2985

01:49:24,629 --> 01:49:20,880

in it and then making it their own which

2986

01:49:25,589 --> 01:49:24,639

is exactly what we wanted to happen is

2987

01:49:27,109 --> 01:49:25,599

again

2988

01:49:28,950 --> 01:49:27,119

you know you could either sit on the

2989

01:49:30,629 --> 01:49:28,960

sideline and drink your little juice box

2990

01:49:32,629 --> 01:49:30,639

or you can get in the [h__h] game and

2991

01:49:35,109 --> 01:49:32,639

help us change some stuff and it's not

2992

01:49:36,070 --> 01:49:35,119

very difficult it's literally two phone

2993

01:49:39,030 --> 01:49:36,080

calls

2994

01:49:41,109 --> 01:49:39,040

big phone home website if you don't know

2995

01:49:42,629 --> 01:49:41,119

how to find your local state rep you can

2996

01:49:44,950 --> 01:49:42,639

find them there i would start with your

2997

01:49:46,390 --> 01:49:44,960

senators the two senators in your state

2998

01:49:48,070 --> 01:49:46,400

and then if you want to go to your

2999

01:49:51,589 --> 01:49:48,080

congressman go for it

3000

01:49:55,030 --> 01:49:51,599

but but let them know that you want this

3001

01:49:57,270 --> 01:49:55,040

this amendment to pass as written

3002

01:49:59,270 --> 01:49:57,280

be part of the game get in the game this

3003

01:50:02,229 --> 01:49:59,280

is look in the mirror time again and

3004

01:50:04,629 --> 01:50:02,239

it's not hard man like this is so easy

3005

01:50:07,589 --> 01:50:04,639

and and trust me when i tell you you're

3006

01:50:09,750 --> 01:50:07,599

gonna feel really good when you hang up

3007

01:50:11,430 --> 01:50:09,760

that phone you're gonna feel like oh my

3008

01:50:13,350 --> 01:50:11,440

god i accomplished something i'm gonna

3009

01:50:14,709 --> 01:50:13,360

go celebrate i'm gonna have a beer i'm

3010

01:50:15,750 --> 01:50:14,719

gonna smoke a joint i'm gonna go hang

3011

01:50:17,030 --> 01:50:15,760

out with my buddies i'm gonna watch a

3012

01:50:19,270 --> 01:50:17,040

movie i'm gonna play some video games

3013

01:50:21,030 --> 01:50:19,280

whatever it is that you do to celebrate

3014

01:50:23,430 --> 01:50:21,040

you're gonna feel good as soon as you're

3015

01:50:25,430 --> 01:50:23,440

done making that phone call so you know

3016

01:50:28,629 --> 01:50:25,440

i encourage everybody to pick up the

3017

01:50:30,390 --> 01:50:28,639

phone and do that because it's it's it's

3018

01:50:32,390 --> 01:50:30,400

coming with or without your help it's

3019

01:50:34,629 --> 01:50:32,400

going to happen but we'd rather have

3020

01:50:36,790 --> 01:50:34,639

your help because the more we have the

3021

01:50:40,229 --> 01:50:36,800

better it is you have been a big part of

3022

01:50:42,390 --> 01:50:40,239

that and i i will say this publicly i do

3023

01:50:44,149 --> 01:50:42,400

think that what you have accomplished

3024

01:50:46,950 --> 01:50:44,159

with ucr and the big phone home in

3025

01:50:51,109 --> 01:50:46,960

general had a lot to do with what we're

3026

01:50:53,189 --> 01:50:51,119

seeing now um you know how how much

3027

01:50:55,109 --> 01:50:53,199

has yet to be seen but i mean i can tell

3028

01:50:57,189 --> 01:50:55,119

you man you activated me to reach out to

3029

01:50:59,109 --> 01:50:57,199

gillibrand one of my representatives and

3030

01:51:00,790 --> 01:50:59,119

look what happened i'm not saying you

3031

01:51:02,870 --> 01:51:00,800

know by any stretch of the imagination

3032

01:51:05,350 --> 01:51:02,880

she read my email or anything like that

3033

01:51:07,189 --> 01:51:05,360

but i reached out to my local reps too

3034

01:51:09,350 --> 01:51:07,199

and got some responses and like you said

3035

01:51:11,350 --> 01:51:09,360

like the minute they responded and said

3036

01:51:12,950 --> 01:51:11,360

thank you for bringing this issue to my

3037

01:51:15,430 --> 01:51:12,960

attention i don't know how much help i

3038

01:51:17,830 --> 01:51:15,440

can be but this is interesting like that

3039

01:51:21,990 --> 01:51:17,840

got my adrenaline going they actually

3040

01:51:24,149 --> 01:51:22,000

took the time to respond and to um

3041

01:51:25,750 --> 01:51:24,159

take the topic seriously you know they

3042

01:51:27,830 --> 01:51:25,760

easily could have just put that email in

3043

01:51:30,070 --> 01:51:27,840

the trash but they responded because

3044

01:51:32,629 --> 01:51:30,080

they thought huh i i didn't even know

3045

01:51:34,790 --> 01:51:32,639

this was happening at higher levels wow

3046

01:51:36,950 --> 01:51:34,800

um i'm going to pay attention so you

3047

01:51:38,390 --> 01:51:36,960

guys over there have done a lot man

3048

01:51:40,709 --> 01:51:38,400

you've done a lot and you should be very

3049

01:51:43,750 --> 01:51:40,719

i want to give i want to give credit to

3050

01:51:45,589 --> 01:51:43,760

christopher mellon and lou elizondo um i

3051

01:51:48,229 --> 01:51:45,599

think that especially chris i mean just

3052

01:51:49,669 --> 01:51:48,239

look at the verbiage of this amendment

3053

01:51:50,950 --> 01:51:49,679

this has got christopher mellen's name

3054

01:51:52,390 --> 01:51:50,960

written all over

3055

01:51:54,870 --> 01:51:52,400

this is a chris this should be called

3056

01:51:56,470 --> 01:51:54,880

the melon amendment um but he's not a

3057

01:51:58,149 --> 01:51:56,480

congressman so he's not gonna and i'm

3058

01:51:59,990 --> 01:51:58,159

sure he doesn't even want the accolades

3059

01:52:02,470 --> 01:52:00,000

for it but

3060

01:52:04,550 --> 01:52:02,480

you know i think uh those are the guys

3061

01:52:06,709 --> 01:52:04,560

that have really been

3062

01:52:08,070 --> 01:52:06,719

and and that that that document that

3063

01:52:09,910 --> 01:52:08,080

john greenwald showed us today where

3064

01:52:11,669 --> 01:52:09,920

this is going back to 2018 where they're

3065

01:52:13,830 --> 01:52:11,679

going to congress and they're giving

3066

01:52:16,870 --> 01:52:13,840

private briefings to these senators and

3067

01:52:18,390 --> 01:52:16,880

congressmen um behind the scenes and

3068

01:52:21,589 --> 01:52:18,400

those are the things that really got the

3069

01:52:23,350 --> 01:52:21,599

ball rolling into this amendment but i

3070

01:52:25,030 --> 01:52:23,360

could tell you

3071

01:52:26,470 --> 01:52:25,040

senator gillibrand

3072

01:52:29,189 --> 01:52:26,480

get and i know

3073

01:52:31,350 --> 01:52:29,199

i tweeted at her and we retweeted during

3074

01:52:33,350 --> 01:52:31,360

the big phone home two at her at least

3075

01:52:34,709 --> 01:52:33,360

three to four hundred times

3076

01:52:36,870 --> 01:52:34,719

somebody saw that

3077

01:52:38,629 --> 01:52:36,880

somebody said somebody did um i just got

3078

01:52:40,229 --> 01:52:38,639

a voicemail yesterday from my

3079

01:52:42,149 --> 01:52:40,239

congressman

3080

01:52:44,310 --> 01:52:42,159

yeah and thank you yeah i got a

3081

01:52:46,229 --> 01:52:44,320

voicemail yesterday from my congressman

3082

01:52:47,990 --> 01:52:46,239

that today there's going to be a town

3083

01:52:50,470 --> 01:52:48,000

hall that they want me to come and ask

3084

01:52:52,470 --> 01:52:50,480

my question that i wrote him about

3085

01:52:55,109 --> 01:52:52,480

during the big quote so i'm going to be

3086

01:52:57,990 --> 01:52:55,119

doing that today so it's it's working

3087

01:53:00,470 --> 01:52:58,000

it's working you know we we i see all

3088

01:53:02,629 --> 01:53:00,480

the time people getting responses and

3089

01:53:05,189 --> 01:53:02,639

and you know yeah you could write oh

3090

01:53:07,030 --> 01:53:05,199

it's just a boilerplate response maybe

3091

01:53:09,510 --> 01:53:07,040

but they had to do it they actually had

3092

01:53:12,470 --> 01:53:09,520

to physically give you that response

3093

01:53:14,790 --> 01:53:12,480

send it to you um and and read what you

3094

01:53:17,350 --> 01:53:14,800

wrote them so it's

3095

01:53:20,310 --> 01:53:17,360

it's working but i'm not here to take

3096

01:53:23,189 --> 01:53:20,320

any credit whatsoever this belongs to me

3097

01:53:25,430 --> 01:53:23,199

just as much as it belongs to all of you

3098

01:53:27,430 --> 01:53:25,440

because all of you i ca i can't

3099

01:53:29,030 --> 01:53:27,440

one phone call to my state and local

3100

01:53:30,790 --> 01:53:29,040

reps is not going to move the ball on

3101
01:53:34,229 --> 01:53:30,800
this a couple hundred

3102
01:53:35,990 --> 01:53:34,239
might a few thousand will a few million

3103
01:53:37,990 --> 01:53:36,000
will absolutely

3104
01:53:39,669 --> 01:53:38,000
get what we want and that's what we're

3105
01:53:42,070 --> 01:53:39,679
trying to do we still got a long way to

3106
01:53:44,870 --> 01:53:42,080
go this is just the first step you guys

3107
01:53:47,189 --> 01:53:44,880
like this is not a touchdown

3108
01:53:48,070 --> 01:53:47,199
it's not a home run this is like you

3109
01:53:52,709 --> 01:53:48,080
know

3110
01:53:54,709 --> 01:53:52,719
you just hit a double into center and

3111
01:53:56,470 --> 01:53:54,719
and and you're rounding first and but

3112
01:53:58,310 --> 01:53:56,480
you got to stop at second because

3113
01:54:00,149 --> 01:53:58,320

there's still more work to be done and

3114

01:54:01,589 --> 01:54:00,159

and and there's still people to lean on

3115

01:54:03,510 --> 01:54:01,599

there's still people that can activate

3116

01:54:07,109 --> 01:54:03,520

themselves there's still people that can

3117

01:54:09,589 --> 01:54:07,119

can really help move this discussion in

3118

01:54:11,510 --> 01:54:09,599

the way we all want to see it moved but

3119

01:54:13,109 --> 01:54:11,520

if you're going to sit on the sideline

3120

01:54:14,950 --> 01:54:13,119

and drink your juice box it's not going

3121

01:54:15,669 --> 01:54:14,960

to happen as quickly as maybe you want

3122

01:54:19,669 --> 01:54:15,679

so

3123

01:54:22,070 --> 01:54:19,679

go let's get in it love it man yeah once

3124

01:54:24,229 --> 01:54:22,080

you're on third base guys steal home

3125

01:54:26,870 --> 01:54:24,239

plate and that's what's gonna happen

3126
01:54:29,830 --> 01:54:26,880
exactly i love it my man well hey before

3127
01:54:31,510 --> 01:54:29,840
we go good luck at the town hall and

3128
01:54:33,669 --> 01:54:31,520
please let us know where we can find

3129
01:54:36,149 --> 01:54:33,679
everything you're up to i will yeah

3130
01:54:38,870 --> 01:54:36,159
absolutely uh so you could check us out

3131
01:54:40,790 --> 01:54:38,880
every monday tuesday wednesday and

3132
01:54:43,750 --> 01:54:40,800
friday on the unidentified celebrity

3133
01:54:46,070 --> 01:54:43,760
review uh four o'clock pacific standard

3134
01:54:47,030 --> 01:54:46,080
one o'clock on fridays on kgra we go

3135
01:54:49,430 --> 01:54:47,040
live

3136
01:54:51,030 --> 01:54:49,440
we start at 1 pm pacific and then on

3137
01:54:53,910 --> 01:54:51,040
thursdays we're on the singularity lab

3138
01:54:56,149 --> 01:54:53,920

with michael mataloni and

3139

01:54:57,830 --> 01:54:56,159

and that's it every thursday of four so

3140

01:54:58,870 --> 01:54:57,840

we've got a show five days a week for

3141

01:55:01,109 --> 01:54:58,880

you guys

3142

01:55:03,270 --> 01:55:01,119

you can check out

3143

01:55:05,669 --> 01:55:03,280

just google the unidentified celebrity

3144

01:55:07,350 --> 01:55:05,679

review i know that's a long name uh but

3145

01:55:09,750 --> 01:55:07,360

once you google it you find it you

3146

01:55:11,270 --> 01:55:09,760

subscribe you know it's pretty easy from

3147

01:55:13,350 --> 01:55:11,280

there

3148

01:55:15,270 --> 01:55:13,360

love it thank you brother thank you for

3149

01:55:17,669 --> 01:55:15,280

your time today for reflecting on all

3150

01:55:19,189 --> 01:55:17,679

this again i haven't i haven't done

3151

01:55:21,910 --> 01:55:19,199

current events in a while so i couldn't

3152

01:55:23,750 --> 01:55:21,920

think of better people to come on so uh

3153

01:55:25,270 --> 01:55:23,760

that's all i got my man thank you so

3154

01:55:27,270 --> 01:55:25,280

much for joining me and we will do it

3155

01:55:28,950 --> 01:55:27,280

again soon all right anytime ryan

3156

01:55:29,990 --> 01:55:28,960

sprague any

3157

01:55:31,669 --> 01:55:30,000

time

3158

01:55:33,830 --> 01:55:31,679

and i'm coming on i'm coming on your

3159

01:55:39,510 --> 01:55:33,840

show you are i'm now sweating it dude

3160

01:55:44,950 --> 01:55:42,229

and then there was one guys i couldn't

3161

01:55:47,350 --> 01:55:44,960

have imagined this going better despite

3162

01:55:49,510 --> 01:55:47,360

a few technical snafus on my part um

3163

01:55:51,669 --> 01:55:49,520

thank you to john green greenwald for

3164

01:55:53,430 --> 01:55:51,679

hopping in and joining us to bring us

3165

01:55:55,430 --> 01:55:53,440

some of his latest breaking news thank

3166

01:55:58,229 --> 01:55:55,440

you to all of you in the chat who

3167

01:56:00,709 --> 01:55:58,239

contributed today um both financially

3168

01:56:03,109 --> 01:56:00,719

and just with your amazing comments we

3169

01:56:04,629 --> 01:56:03,119

had a wonderful discussion it felt so

3170

01:56:07,589 --> 01:56:04,639

good to talk about what's going on in

3171

01:56:10,310 --> 01:56:07,599

the world today of ufos um but i i will

3172

01:56:12,950 --> 01:56:10,320

be returning to historical ufos over on

3173

01:56:15,589 --> 01:56:12,960

the podcast soon i've got an awesome

3174

01:56:17,830 --> 01:56:15,599

episode coming out with ufo cases you

3175

01:56:20,390 --> 01:56:17,840

probably haven't heard of before some of

3176
01:56:22,310 --> 01:56:20,400
you might if you're really old school um

3177
01:56:24,310 --> 01:56:22,320
but other than that i want to thank

3178
01:56:27,430 --> 01:56:24,320
everyone for the super chats for

3179
01:56:30,229 --> 01:56:27,440
listening for watching today um

3180
01:56:32,229 --> 01:56:30,239
the show is every monday wherever you

3181
01:56:35,030 --> 01:56:32,239
get your podcast or right here on

3182
01:56:37,030 --> 01:56:35,040
youtube where you're watching and um we

3183
01:56:39,189 --> 01:56:37,040
got a lot of good stuff coming up guys

3184
01:56:41,270 --> 01:56:39,199
um a lot of new projects in the works

3185
01:56:43,510 --> 01:56:41,280
over at summer in the skies uh that i

3186
01:56:45,830 --> 01:56:43,520
can't quite talk about yet but they are

3187
01:56:48,310 --> 01:56:45,840
really i think going to uh

3188
01:56:51,109 --> 01:56:48,320

to make some waves in the ufo world and

3189

01:56:53,510 --> 01:56:51,119

beyond so i'm excited to hopefully

3190

01:56:57,550 --> 01:56:53,520

share news of that soon with our fellow

3191

01:56:59,830 --> 01:56:57,560

friends over at the debrief so check out

3192

01:57:03,030 --> 01:56:59,840

thedebrief.org where you can find all

3193

01:57:05,109 --> 01:57:03,040

the latest in tech space defense uap and

3194

01:57:07,669 --> 01:57:05,119

everything in between but other than

3195

01:57:10,470 --> 01:57:07,679

that that's all i got guys so as usual i

3196

01:57:13,189 --> 01:57:10,480

will leave you with our mantra here and

3197

01:57:15,430 --> 01:57:13,199

that is to keep your feet on the ground

3198

01:57:17,350 --> 01:57:15,440

but never stop searching somewhere in

3199

01:57:20,070 --> 01:57:17,360

the skies have a wonderful morning

3200

01:57:22,070 --> 01:57:20,080

afternoon evening keep looking up and i

3201

01:57:24,470 --> 01:57:22,080

will talk to all of you soon thank you
